AN ACT relating to taxation; authorizing certain employers to receive a credit against the payroll taxes imposed on the employer if the employer pays all or part of the cost for an employee to receive academic or vocational instruction; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law imposes a tax, commonly known as the modified business tax, on financial institutions and other businesses based on the amount of wages paid to employees each calendar quarter. (NRS 363A.130, 363B.110)

Section 1-4 of this bill authorize an employer to receive a credit against the modified business tax if the employer pays money to a qualified provider of a course of academic or vocational instruction on behalf of an employee of the employer. To qualify for this credit, the employer must: (1) maintain its principal place of business in this State; (2) employ not more than 30 full-time or full-time equivalent employees; and (3) have average annual gross receipts of not more than $3.5 million for the 3 years immediately preceding the last day of the month following the calendar quarter for which the credit is claimed. Under sections 1 and 3 of this bill, the amount of the credit is equal to 50 percent of the amount paid by the employer to a qualified provider or $500 per participating employee per year, whichever is less. To claim the credit, sections 1 and 3 require the employer to notify the qualified provider of the employer’s intent to pay for the course and claim the credit. A provider who receives such notice must apply to the Department of Taxation for approval of the credit. If the Department approves the credit, the employee is required to commence the course within 30 days after the notice of the approval is received by the employer and the employer is required to make the payment for the course not later than 30 days after the provider requires payment for the course. Sections 1 and 3 also provide that the total combined amount of credit which may be awarded to taxpayers under those sections is not more than $2.5 million per fiscal year.
THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 363A of NRS is hereby amended by
adding thereto a new section to read as follows:

1. Except as otherwise provided in subsection 3, a qualified
employer who is required to pay a tax pursuant to NRS 363A.130
may receive a credit against the tax otherwise due if the employer
pays for an employee of the employer who is a Nevada resident to
participate in a course of academic or vocational instruction
provided by a qualified provider in the manner provided by this
section.

2. A credit described in subsection 1 must be in an amount
equal to the lesser of:

(a) Fifty percent of the total amount paid by the qualified
employer to the qualified provider pursuant to subsection 1 during
the year; or

(b) Five hundred dollars per year per employee of the qualified
employer who participates in a course of academic or vocational
instruction which is paid for as described by subsection 1.

3. A qualified employer is not eligible for the credit described
in subsection 1 if the employer requires the employee to reimburse
the employer or otherwise pay for any costs or expenses charged
by the qualified provider in connection with the course of
academic or vocational instruction.

4. To receive the credit authorized by subsection 1, a qualified
employer who intends to pay for an employee to participate in a
course of academic or vocational instruction must, before making
such a payment, notify the qualified provider of the course of the
employer’s intent to make the payment and to seek the credit
authorized by subsection 1. The provider shall, before accepting
any such payment, apply to the Department of Taxation for
approval of the credit authorized by subsection 1 for the payment.
The Department shall, within 20 days after receiving the
application, approve or deny the application and provide to the
provider notice of the decision and, if the application is approved,
the amount of the credit authorized. Upon receipt of notice that
the application has been approved, the provider shall provide
notice of the approval to the employer.

5. Not later than 30 days after the qualified employer
receives the notice pursuant to subsection 4, the employee must
commence the course of academic or vocational instruction.
If the employee does not commence the course of academic or
vocational instruction within that time, the qualified provider of
the course shall provide notice of the failure to the Department
and the employer forfeits any claim to the credit authorized by subsection 1.

6. Not later than the date on which the provider of the course of academic or vocational instruction requires payment for the course, the qualified employer must make the payment of money to the qualified provider. If the employer does not make the payment of money to the provider within that time, the provider shall provide notice of the failure to the Department and the employer forfeits any claim to the credit authorized by subsection 1. An employer may not claim the credit pursuant to subsection 1 until he or she has made the payment pursuant to this subsection.

7. The Department shall approve or deny applications for the credit authorized by subsection 1 in the order in which the applications are received.

8. The Department may, for each fiscal year, approve applications for the credit authorized by subsection 1 until the total amount of the credits authorized by subsection 1 and subsection 1 of section 3 of this act and approved by the Department is $2,500,000. The amount of any credit which is forfeited pursuant to subsection 5 or 6 must not be considered in calculating the amount of credits authorized for any fiscal year.

9. A credit described in subsection 1 may not be applied retroactively. If the amount of the tax described in subsection 1 and otherwise due from a qualified employer is less than the credit to which the employer is entitled pursuant to this section, the employer may, after applying the credit to the extent of the tax otherwise due, carry the balance of the credit forward for not more than 5 years after the end of the calendar year in which the payment is made or until the balance of the credit is applied, whichever is earlier.
