

Assembly Bill No. 476—Assemblymen
Benitez-Thompson, Kramer and Peters

CHAPTER.....

AN ACT relating to affordable housing; creating the Advisory Committee on Housing; prescribing the membership, powers and duties of the Advisory Committee; authorizing the Advisory Committee to request the drafting of not more than 1 legislative measure for each regular session of the Legislature; creating the Private Activity Bond Council; prescribing the membership, powers and duties of the Council; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Under the law as it existed between 1987 and 2017, there existed in the Housing Division of the Department of Business and Industry an Advisory Committee on Housing with the power and duty to review and provide to the Director of the Department and the Administrator of the Division advice, recommendations and other commentary regarding certain matters relating to housing. (former NRS 319.173) The Advisory Committee was abolished in 2017. **Section 1** of this bill recreates the Advisory Committee and revises its membership, powers and duties. Among other duties, **section 1** requires the Advisory Committee to annually prepare and submit to the Private Activity Bond Council created by **section 3** of this bill a report concerning housing that addresses, without limitation, community needs for housing in the State, housing trends and housing goals for this State.

Existing law prescribes the number of legislative measures which may be requested by various departments, agencies and other entities of this State for each regular session of the Legislature. (NRS 218D.100-218D.220) **Section 1.5** of this bill authorizes the Advisory Committee on Housing to request for each regular session of the Legislature the drafting of not more than one legislative measure which relates to matters within the scope of the Committee.

Under the Internal Revenue Code, states and local governments are allowed to finance certain projects that primarily benefit or are used by a private entity, but have some public benefit, through the issuance of bonds known as private activity bonds. If the bonds are issued for certain private activities specified in federal law, known as qualified private activities, the bondholders are not required to pay federal income taxes on the interest that the bondholders earn on the bonds. (26 U.S.C. §§ 103, 141) Examples of qualified private activities include multifamily rental projects, airports and student loans. (26 U.S.C. §§ 142-145, 1394) For some of those qualified private activities, federal law places an annual limit on the total dollar amount of tax-exempt private activity bonds that can be issued in each state, which is known as the “state ceiling.” In 2018, for example, Nevada’s state ceiling was roughly \$315 million. Each state is authorized to allocate its state ceiling among state and local governmental agencies and other authorized issuers. An allocation of the state ceiling to an issuer is known as the issuer’s “volume cap.” (26 U.S.C. § 146) Under existing law, the volume cap for State Government is 50 percent of the state ceiling for each calendar year, while the remaining 50 percent of the state ceiling is allocated to local governments in proportion to the percentage that the population of the local government bears to the entire population of

Nevada. Existing law also provides that an entity's volume cap for any calendar year may be augmented or diminished in accordance with regulations adopted by the Director of the Department of Business and Industry. (NRS 348A.020)

Under existing law, the Director of the Department of Business and Industry is responsible for regulating private activity bonds in this State. (NRS 348A.040) Existing regulations establish a committee to serve in an advisory capacity to the Director with respect to private activity bonds. (NAC 348A.280) **Section 3** creates in statute the Private Activity Bond Council and prescribes its membership. **Section 4** of this bill requires the Council to advise the Governor, the State Board of Finance or the Director on the allocation of the state ceiling for the issuance of private activity bonds during any calendar year and on any other matter concerning private activity bonds, if requested. Finally, **section 4** requires the Council to receive and consider the annual report concerning housing submitted by the Advisory Committee on Housing, created by **section 1**.
