A.B. No. 289—Revises provisions relating to the subject area of reading.

(BDR 34-93)
AN ACT relating to education; revising provisions relating to the retention of certain pupils enrolled in grade 3 to require the provision of certain services and instruction; revising provisions relating to plans to improve the literacy of pupils; revising provisions relating to teachers who teach in a public elementary school; revising provisions relating to reports concerning pupil performance in the subject area of reading; revising provisions relating to notices concerning pupils who exhibit a deficiency in the subject area of reading; requiring certain interventions and services for pupils who exhibit a deficiency in the subject area of reading and for the parent or legal guardian of such a pupil; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law to become effective on July 1, 2019, provides that, unless a pupil receives a good-cause exemption, a pupil enrolled in grade 3 must be retained in grade 3 rather than promoted to grade 4 if the pupil does not obtain the score prescribed by the State Board of Education on the criterion-referenced examination in reading. (NRS 388A.487, 392.760) Section 7 of this bill removes this requirement and instead provides that a pupil must be provided intervention services and intensive instruction if the pupil does not obtain the score prescribed by the State Board on the criterion-referenced examination in reading, if his or her parent or legal guardian provides informed written consent, in consultation with the teacher of the pupil and the principal of the school. Sections 4, 5 and 8 of this bill make conforming changes. Section 5 also revises requirements concerning the notice that must be provided to the parent or legal guardian of a pupil who exhibits a deficiency in the subject area of reading.

Existing law requires the board of trustees of each school district or the governing body of a charter school to prepare a plan to improve the literacy of pupils enrolled in kindergarten.
and grades 1, 2 and 3. (NRS 388.157) **Section 1** of this bill instead requires this plan to address pupils enrolled in all grades of an elementary school.

Existing law requires that a plan to improve the literacy of pupils include a program to provide intensive instruction to pupils who have been identified as deficient in the subject area of reading to ensure that those pupils achieve adequate proficiency in that subject area. (NRS 388.157) **Section 1** provides that in order to achieve adequate proficiency in reading, a pupil must perform at a level determined by a statewide assessment to be within the level established by the State Board for a pupil enrolled in the same grade in which the pupil is enrolled.

Under existing law, the principal of a public elementary school, including, without limitation, a charter school, is required to designate a licensed teacher employed by the school who has demonstrated leadership abilities to serve as a learning strategist to train and assist teachers in providing intensive instruction to pupils who have been identified as deficient in the subject area of reading. (NRS 388.159) **Section 2** of this bill instead requires the principal to designate a licensed teacher to serve as a literacy specialist and prescribes the qualifications and duties of the literacy specialist. Existing law authorizes a school district or charter school to provide additional compensation to: (1) a licensed teacher designated as a learning strategist or to a teacher who teaches kindergarten; or (2) a licensed teacher who teaches grade 1, 2, 3 or 4 whose overall performance is determined to be highly effective. (NRS 388.159) **Section 2** revises the list of licensed teachers who are eligible for additional compensation to include any teacher who teaches in an elementary school who provides instruction in reading.

Existing law, which becomes effective on July 1, 2019, requires the board of trustees of each school district and the governing body of a charter school to prepare a report concerning the number and percentage of pupils who are retained in grade 3 for deficiency in reading. (NRS 388A.487, 392.775) **Sections 3, 4 and 10** of this bill additionally require the board of trustees of each school district and the governing body of a charter school to include in a report certain information concerning pupils who received educational programs or services in the subject area of reading.

**Section 6** of this bill requires that the plan to assess the proficiency of a pupil who is deficient in the subject area of reading be established by a licensed teacher. **Section 6** also removes the requirement that a school assess the proficiency of a pupil who is receiving services to correct a deficiency in the subject area of reading at the beginning of the school year and instead requires the school regularly assess the growth of the pupil in any areas of deficiency in the subject area of reading.

Existing law requires the principal of a school to offer the parent or legal guardian of a pupil who is retained in grade 3 certain additional instructional options. (NRS 392.770) **Section 9** of this bill instead requires the principal of a school to offer these options to the parent or legal guardian of a pupil who exhibits a deficiency in the subject area of reading.

Existing law requires the Department of Education to distribute money that is appropriated to the Other State Education Programs Account through a competitive grants program. (Section 15 of chapter 334, Statutes of Nevada 2015, p. 1867) **Section 11** of this bill revises the program to: (1) distribute the money through a noncompetitive grants program using a weighted formula; and (2) authorize schools that receive a grant of money to use the money for literacy programs, additional staff or both, to support school-based efforts to ensure that all pupils are proficient in reading by the end of elementary school. **Section 11** also prohibits schools that receive a grant of money from using the money to supplant other budgets of the school.

in consultation with the principal of the school, whether to place the pupil in a
transitional instructional setting which is designed to produce learning gains
sufficient for the pupil to meet the performance standards required for grade 4
while continuing to receive remediation in the subject area of reading.]
As used in this section, “individualized education program” has the meaning ascribed to it in 20 U.S.C. § 1414(d)(1)(A).
