EXPLANATION – Matter in bolded italics is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to taxation; authorizing boards of county commissioners in certain smaller counties to impose an additional tax on diesel fuel; authorizing persons who use diesel fuel in motor vehicles operated or intended to operate interstate to request and obtain reimbursement for the tax paid on diesel fuel consumed outside this State under certain circumstances; enacting provisions governing the distribution of the portion of the proceeds of the tax on diesel fuel reserved by the Department of Motor Vehicles to pay reimbursement for the tax; revising provisions governing the projects for which certain smaller counties may use the proceeds of an additional tax on diesel fuel; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes counties to impose taxes on motor vehicle fuel. (Chapter 373 of NRS) Under existing law, the board of county commissioners of a county whose population is 100,000 or more (currently Clark and Washoe Counties) is authorized, under certain circumstances, to impose county taxes on motor vehicle fuel and various special fuels used in motor vehicles. (NRS 373.030, 373.066, 373.0663) However, the board of county commissioners of a county whose population is less than 100,000 (currently all counties other than Clark and Washoe Counties) is authorized to impose county taxes on motor vehicle fuel and is not authorized to impose county taxes on special fuel. (NRS 373.030, 373.065) Section 3 of this bill authorizes the board of county commissioners of a county whose population is less than 100,000 to impose a tax on special fuel that consists of diesel fuel sold in the county in an amount not to exceed 5 cents per gallon. Under section 3, an ordinance imposing such a tax must be adopted by a two-thirds majority of the board of county commissioners or by a majority of the registered voters in the county who vote on a question concerning the imposition of the tax which is submitted to the voters at a general election. In addition, under section 3, if the tax is imposed in a county, certain sales or uses of diesel fuel which are exempt from the taxes imposed on diesel fuel under existing law, including, without
limitation, sales or uses of diesel fuel to which dye has been added in accordance with existing federal and state law, are exempt from the tax imposed pursuant to section 3. Sections 9-14 of this bill provide a tax imposed pursuant to section 3 would be administered, allocated, disbursed and used in the same manner as the existing county tax imposed on motor vehicle fuel.

Section 5 of this bill includes highway truck parking, as defined in section 2 of this bill, as a project for which a county whose population is less than 100,000 is authorized to use the proceeds of the county taxes on motor vehicle fuel and diesel fuel. Section 4 of this bill makes a conforming change related to the definition of “highway truck parking” established by section 2 of this bill.

The Department of Motor Vehicles is a party to the International Fuel Tax Agreement, a multistate agreement which facilitates the calculation and collection of certain fuel taxes from interstate trucking companies and others who use special fuel (primarily diesel fuel) in vehicles operated or intended to operate interstate. (NRS 366.175) Existing law: (1) authorizes certain special fuel users to file with the Department a request for reimbursement of amounts owed to the special fuel user as a result of the Department’s entering into the International Fuel Tax Agreement and the imposition of a tax on special fuels consumed outside this State; and (2) requires the Department to adopt regulations establishing a system to provide for the reimbursement of a person who files such a request. (NRS 373.083) Section 7 of this bill authorizes a person who pays a tax imposed pursuant to section 3 in a county in which the total number of gallons of diesel fuel sold in the county in the immediately preceding fiscal year is 10,000,000 gallons or more to file such a request and obtain from the Department a reimbursement of the tax on diesel fuel which is consumed outside this State. Section 8 of this bill makes a conforming change related to such reimbursements.

Under existing regulations, for the purpose of paying reimbursements to special fuel users who file requests for reimbursement with the Department, the Department establishes a trust account for a county in which reimbursements are paid and deposits 20 percent of the amount of taxes collected for the county in that trust account. Money in the trust account of a county must be used to pay requests for reimbursement of the tax imposed in the county which are approved by the Department, and any money remaining in the trust account after the payment of such reimbursements, including all accrued interest, must be distributed to the county for which the trust account was created. (NAC 373.160) Section 7 requires the Department to [establish a trust account for a county which imposes the tax on diesel fuel authorized by section 3 and] use this system to reimburse a person who pays a tax imposed pursuant to section 3 in a county in which the total number of gallons of diesel fuel sold in the county in the immediately preceding fiscal year is 10,000,000 gallons or more. Section 7 also provides that under certain circumstances, a portion of the money in the trust account for such a county may be distributed to the Department of Transportation for use to construct, maintain or repair, or any combination thereof, highway truck parking, as defined in section 2, in the county. Section 6 of this bill makes a conforming change to [to enable the money in the trust account to be distributed to the Department of Transportation.]

Existing law requires the regional transportation commission in a county whose population is less than 100,000 to submit an annual report to the Department of Motor Vehicles showing for the fiscal year the amount of receipts from county motor vehicle fuel taxes and the nature of the expenditures for each project. (NRS 277A.360) Section 15 of this bill requires this annual report to show the amount of receipts from any tax imposed pursuant to section 3.

Section 16 of this bill provides that the authority to impose any tax pursuant to section 3 and the other provisions of this bill [become] becomes effective on July 1, 2019. However under section 3, an ordinance imposing the tax authorized by that section may not become effective earlier than January 1, 2020.

this section to impose the tax authorized by this section may not become effective

(c) Which may be secured as to principal and interest by a pledge authorized by this chapter of the receipts from the fuel taxes designated in this chapter, except such portion of the receipts as may be required for the direct distributions authorized by NRS 373.150.

3. A county or a commission as provided in subsection 2 is authorized to issue bonds or other securities without the necessity of their being authorized at any election in such manner and with such terms as provided in this chapter.

4. Subject to the provisions of this chapter and chapter 277A of NRS, for any project authorized therein, the board of any county may, on the behalf and in the name of the county, or, in a county whose population is 100,000 or more, a commission may, on behalf and in the name of the commission, borrow money, otherwise become obligated, and evidence obligations by the issuance of bonds and other county or commission securities, and in connection with the undertaking or project, the board or the commission, as the case may be, may otherwise proceed as provided in the Local Government Securities Law.
5. All such securities constitute special obligations payable from the net receipts of the fuel taxes designated in this chapter except as otherwise provided in NRS 373.150, and the pledge of revenues to secure the payment of the securities must be limited to those net receipts.

6. Except for:
(a) Any notes or warrants which are funded with the proceeds of interim debentures or bonds;
(b) Any interim debentures which are funded with the proceeds of bonds;
(c) Any temporary bonds which are exchanged for definitive bonds;
(d) Any bonds which are reissued or which are refunded; and
(e) The use of any profit from any investment and reinvestment for the payment of any bonds or other securities issued pursuant to the provisions of this chapter,
all bonds and other securities issued pursuant to the provisions of this chapter must be payable solely from the proceeds of fuel taxes collected by or remitted to the county pursuant to chapter 365 of NRS, as supplemented by this chapter. Receipts of the taxes levied in NRS 365.180 and 365.190 and pursuant to the provisions of paragraphs (a) and (b) of subsection 1 of NRS 373.065, paragraphs (a) and (b) of subsection 1 of NRS 373.066 and paragraphs (a) and (b) of subsection 1 of NRS 373.0663 may be used by the county for the payment of securities issued pursuant to the provisions of this chapter and may be pledged therefor. Such taxes may also be used by a commission in a county whose population is 100,000 or more for the payment of bonds or other securities issued pursuant to the provisions of this chapter and may be pledged therefor if the board of the county consents to such use. If during any period any securities payable from these tax proceeds are outstanding, the tax receipts must not be used directly for the construction, maintenance and repair of any streets, roads or other highways nor for any purchase of equipment therefor, and the receipts of the tax levied in NRS 365.190 must not be apportioned pursuant to subsection 2 of NRS 365.560 unless, at any time the tax receipts are so apportioned, provision has been made in a timely manner for the payment of such outstanding securities as to the principal of, any prior redemption premiums due in connection with, and the interest on the securities as they become due, as provided in the securities, the ordinance, in the case of securities issued by a county, or the resolution, in the case of securities issued by a commission, authorizing their issuance and any other instrument appertaining to the securities.

7. The ordinance, in the case of securities issued by a county, or the resolution, in the case of securities issued by a commission, authorizing the issuance of any bond or other revenue security under this section must describe the purpose for which it is issued at least in general terms and may describe the purpose in detail. This section does not require the purpose so stated to be set forth in the detail in which the project approved by the commission pursuant to subsection 2 of NRS 373.140 is stated, or prevent the modification by the board or commission, as the case may be, of details as to the purpose stated in the ordinance authorizing the issuance of any bond or other security after its issuance, subject to approval by the commission of the project as so modified, if such bond or other security is issued by the county and not the commission.

8. Notwithstanding any other provision of this chapter, no commission has authority to issue bonds or other securities pursuant to this chapter unless the commission has executed an interlocal agreement with the county relating to the issuance of bonds or other securities by the commission. Any such interlocal agreement must include an acknowledgment of the authority of the commission to issue bonds and other securities and contain provisions relating to the pledge of
revenues for the repayment of the bonds or other securities, the lien priority of the pledge of revenues securing the bonds or other securities, and related matters.

Sec. 13. NRS 373.140 is hereby amended to read as follows:

373.140 1. After the enactment of ordinances as authorized in NRS 277A.170 and 373.030 and section 3 of this act, all street and highway construction, surfacing or resurfacing projects in the county which are proposed to be financed from any county fuel tax imposed pursuant to the provisions of NRS 373.030, paragraph (d) of subsection 1 of NRS 373.065, paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.066 or paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.0663 or section 3 of this act must first be submitted to the commission.

2. If the project is within the area covered by a regional plan for transportation established pursuant to NRS 277A.210, the commission shall evaluate it in terms of:
   (a) The priorities established by the plan;
   (b) The relation of the proposed work to other projects already constructed or authorized;
   (c) The relative need for the project in comparison with others proposed; and
   (d) The money available.

If the commission approves the project, the board may authorize the project, using all or any part of the proceeds of any county fuel tax authorized pursuant to the provisions of NRS 373.030, paragraph (d) of subsection 1 of NRS 373.065, paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.066 or paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.0663 or section 3 of this act, except as otherwise provided in NRS 373.0675, otherwise required by subsection 6 or to the extent any such use is prevented by the provisions for direct distribution required by NRS 373.150 or is prevented by any pledge to secure the payment of outstanding bonds, other securities or other obligations incurred under this chapter, and other contractual limitations appertaining to such obligations as authorized by NRS 373.160, and the proceeds of revenue bonds or other securities issued or to be issued as provided in NRS 373.131. Except as otherwise provided in subsection 3, if the board authorizes the project, the responsibilities for letting construction and other necessary contracts, contract administration, supervision and inspection of work and the performance of other duties related to the acquisition of the project must be specified in written agreements executed by the board and the governing bodies of the cities and towns within the area covered by a regional plan for transportation established pursuant to NRS 277A.210.

3. In a county in which two or more governmental entities are represented on the commission, the governing bodies of those governmental entities may enter into a written master agreement that allows a written agreement described in subsection 2 to be executed by only the commission and the governmental entity that receives funding for the approved project. The provisions of a written master agreement must not be used until the governing body of each governmental entity represented on the commission ratifies the written master agreement.

4. If the project is outside the area covered by a plan, the commission shall evaluate it in terms of:
   (a) Its relation to the regional plan for transportation established pursuant to NRS 277A.210, if any;
   (b) The relation of the proposed work to other projects constructed or authorized;
   (c) The relative need for the proposed work in relation to others proposed by the same city or town; and
   (d) The availability of money.
If the commission approves the project, the board shall direct the county treasurer to distribute the sum approved to the city or town requesting the project, in accordance with NRS 373.150.

5. In counties whose population is less than 100,000, the commission shall certify the adoption of the plan in compliance with subsections 2 and 4.

6. The proceeds of a tax imposed pursuant to any of the provisions of paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.066 or paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.0663 must be expended in accordance with priorities for projects established in coordination and cooperation with the Department of Transportation.

Sec. 14. NRS 373.160 is hereby amended to read as follows:

If the board or, in the case of bonds or other securities issued by a commission, the commission, determines in any ordinance or resolution authorizing the issuance of any bonds or other securities under this chapter that the proceeds of the taxes levied and collected pursuant to the provisions of NRS 373.030, paragraph (d) of subsection 1 of NRS 373.065, paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.066 and paragraphs (d) to (m), inclusive, of subsection 1 of NRS 373.0663 or section 3 of this act are sufficient to pay all bonds and securities, including the proposed issue, from the proceeds thereof, the board or, in the case of bonds or other securities issued by a commission, the commission with the consent of the board as provided in subsection 6 of NRS 373.131, may additionally secure the payment of any bonds or other securities issued pursuant to the ordinance or resolution under this chapter by a pledge of and the creation of a lien upon not only the proceeds of any fuel tax authorized at the time of the issuance of such securities to be used for such payment in subsection 6 of NRS 373.131, but also the proceeds of any such tax thereafter authorized to be used or pledged, or used and pledged, for the payment of such securities, whether such tax be levied or collected by the county, the State of Nevada, or otherwise, or be levied in at least an equivalent value in lieu of any such tax existing at the time of the issuance of such securities or be levied in supplementation thereof.

3. The pledges and liens authorized by subsections 1 and 2 extend to the proceeds of any tax collected for use by the county on any fuel so long as any bonds or other securities issued under this chapter remain outstanding and are not limited to any type or types of fuel in use when the bonds or other securities are issued.
