THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 483.330 is hereby amended to read as follows:

483.330 1. The Department may require every applicant for a
driver’s license, including a commercial driver’s license issued
pursuant to NRS 483.900 to 483.940, inclusive, to submit to an
examination. The examination may include:

(a) A test of the applicant’s ability to understand official devices
used to control traffic;

(b) A test of the applicant’s knowledge of practices for safe
driving and the traffic laws of this State;

(c) Except as otherwise provided in subsection 2, a test of the
applicant’s eyesight; and

(d) Except as otherwise provided in subsection 3, an actual
demonstration of the applicant’s ability to exercise ordinary and
reasonable control in the operation of a motor vehicle of the type or
class of vehicle for which he or she is to be licensed.

The examination may also include such further physical and
mental examination as the Department finds necessary to
determine the applicant’s fitness to drive a motor vehicle safely upon the
highways. If the Department requires an applicant to submit to a test
specified in paragraph (b), the Department shall ensure that the test
includes at least one question testing the applicant’s knowledge of
the provisions of NRS 484B.165.

2. The Department may provide by regulation for the
acceptance of a report from an ophthalmologist, optician, [or]
optometrist, physician or advanced practice registered nurse in
lieu of an eye test by a driver’s license examiner.

3. If the Department establishes a type or classification of
driver’s license to operate a motor vehicle of a type which is not
normally available to examine an applicant’s ability to exercise
ordinary and reasonable control of such a vehicle, the Department
may, by regulation, provide for the acceptance of an affidavit from

(a) Past, present or prospective employer of the applicant; or

(b) Local joint apprenticeship committee which had jurisdiction
over the training or testing, or both, of the applicant,
in lieu of an actual demonstration.

4. The Department may waive an examination pursuant to
subsection 1 for a person applying for a Nevada driver’s license who
possesses a valid driver’s license of the same type or class issued by
another jurisdiction unless that person:
(a) Has not attained 21 years of age, except that the Department may, based on the driving record of the applicant, waive the examination to demonstrate the applicant’s ability to exercise ordinary and reasonable control in the operation of a motor vehicle of the same type or class of vehicle for which he or she is to be licensed;

(b) Has had his or her license or privilege to drive a motor vehicle suspended, revoked or cancelled or has been otherwise disqualified from driving during the immediately preceding 4 years;

(c) Has been convicted of a violation of NRS 484C.130 or, during the immediately preceding 7 years, of a violation of NRS 484C.110, 484C.120 or 484C.430 or a law of any other jurisdiction that prohibits the same or similar conduct;

(d) Has restrictions to his or her driver’s license which the Department must reevaluate to ensure the safe driving of a motor vehicle by that person;

(e) Has had three or more convictions of moving traffic violations on his or her driving record during the immediately preceding 4 years; or

(f) Has been convicted of any of the offenses related to the use or operation of a motor vehicle which must be reported pursuant to the provisions of \[\textit{Parts}\] Part 1327 [\textit{et seq.}] of Title 23 of the Code of Federal Regulations relating to the National Driver Register Problem Driver Pointer System during the immediately preceding 4 years.

\textbf{Sec. 2.}\ NRS 483.348 is hereby amended to read as follows:

483.348 1. Except as otherwise provided in subsection 2, the Department shall issue a driver’s license with a specially colored background to any person who qualifies for a driver’s license pursuant to the provisions of this chapter and delivers to the Department a signed statement from a physician or an advanced practice registered nurse that the person is an insulin dependent diabetic or an epileptic. The Department shall designate one color to be used only for a driver’s license held by a diabetic and another color to be used only for a driver’s license held by an epileptic.

2. In lieu of issuing a driver’s license pursuant to subsection 1, the Department may issue to a person specified in that subsection a driver’s license with a specially colored border around the photograph on the license.

3. The Department of Public Safety shall provide for the education of peace officers on the:

(a) Effects and treatment of a person suffering from a diabetic condition or an epileptic seizure and the similarity in appearance of
a person suffering from a diabetic condition or an epileptic seizure; and

(b) Procedures for identifying and handling situations involving a person suffering from a diabetic condition or an epileptic seizure.

Sec. 3. NRS 483.349 is hereby amended to read as follows:

483.349 1. Upon the application of a person with a disability which limits or impairs the ability to walk, the Department shall place on any driver’s license issued to the person pursuant to the provisions of this chapter a designation that the person is a person with a disability. The application must include a statement from a licensed physician or an advanced practice registered nurse certifying that the applicant is a person with a disability which limits or impairs the ability to walk.

2. For the purposes of this section, “person with a disability which limits or impairs the ability to walk” has the meaning ascribed to it in NRS 482.3835.

Sec. 4. NRS 483.363 is hereby amended to read as follows:

483.363 1. A person who is 18 years of age or older may file with the Department a report requesting that the Department examine a licensee who:

(a) Is related to the person filing the report within the third degree of consanguinity or who is the spouse of the person filing the report; and

(b) The person filing the report reasonably and in good faith believes cannot safely operate a motor vehicle.

2. The report described in subsection 1 must:

(a) Include the name, relationship, address, telephone number and signature of the person filing the report.

(b) State the person’s basis for believing that the licensee cannot safely operate a motor vehicle, which basis must be:

(1) Personal observation or physical evidence of a physical or medical condition that has the potential to impair the ability of the licensee to operate a motor vehicle, corroborated by an affidavit from a physician or an advanced practice registered nurse in which the physician or advanced practice registered nurse concurs that the licensee should be examined to determine the licensee’s ability to safely operate a motor vehicle;

(2) Personal knowledge that the driving record of the licensee indicates the unsafe operation of a motor vehicle, corroborated by an affidavit from a physician or an advanced practice registered nurse in which the physician or advanced practice registered nurse concurs that the licensee should be
examined to determine the licensee’s ability to safely operate a motor vehicle; or

(3) An investigation by a law enforcement officer.

(c) Be kept confidential, except as otherwise provided in NRS 239.0115 and except that the report must be released upon request of the licensee or an order of a court of competent jurisdiction.

No person may file more than one report concerning the same licensee within a 12-month period.

3. The Administrator shall prescribe:
   (a) A standard form to be used for the filing of a report pursuant to this section; and
   (b) The procedure to be used for the filing of a report pursuant to this section.

Sec. 5. NRS 483.384 is hereby amended to read as follows:

483.384 1. The Department may require an applicant for a renewal license to appear before an examiner for a driver’s license and successfully pass an eye test.

2. The Department may accept, in lieu of an eye test, a report from an ophthalmologist, optometrist, physician, advanced practice registered nurse or agency of another state which has duties comparable to those of the Department if the reported test was performed within 90 days before the application for renewal and:
   (a) The applicant is qualified to renew his or her driver’s license by mail in accordance with the procedure established pursuant to NRS 483.383; or
   (b) The Department determines, upon good cause shown, that the applicant is unable to appear in person.

3. The Department shall adopt regulations which prescribe:
   (a) The criteria to determine which applicant for a renewal license must appear and successfully pass an eye test.
   (b) The circumstances under which the Department will accept a report from an ophthalmologist, optometrist, physician, advanced practice registered nurse or agency of another state which is authorized to conduct eye tests, in lieu of an eye test for the renewal of an applicant’s driver’s license.

4. If the Administrator or his or her authorized agent has reason to believe that the licensee is no longer qualified to receive a license because of the licensee’s physical condition, the Department may require that the applicant submit to an examination pursuant to the provisions of NRS 483.330. The age of a licensee, by itself, does not constitute grounds for requiring an examination of driving qualifications.
Sec. 6.  NRS 483.575 is hereby amended to read as follows:

483.575  1. A person with epilepsy shall not operate a motor vehicle if that person has been informed by a physician or an advanced practice registered nurse pursuant to NRS 629.047 that his or her condition would severely impair his or her ability to safely operate a motor vehicle.

2. If a physician or an advanced practice registered nurse is aware that a person has violated subsection 1 after the physician or advanced practice registered nurse has informed the person pursuant to NRS 629.047 that the person’s condition would severely impair his or her ability to safely operate a motor vehicle, the physician or advanced practice registered nurse may, without the consent of the person, submit a written report to the Department that includes the name, address and age of the person. A report received by the Department pursuant to this subsection:

(a) Is confidential, except that the contents of the report may be disclosed to the person about whom the report is made; and

(b) May be used by the Department solely to determine the eligibility of the person to operate a vehicle on the streets and highways of this State.

3. The submission by a physician or an advanced practice registered nurse of a report pursuant to subsection 2 is solely within his or her discretion. No cause of action may be brought against a physician or an advanced practice registered nurse based on the fact that he or she did not submit such a report.

4. No cause of action may be brought against a physician or an advanced practice registered nurse based on the fact that he or she submitted a report pursuant to subsection 2 unless the physician or advanced practice registered nurse acted with malice, intentional misconduct, gross negligence or intentional or knowing violation of the law.

Sec. 7.  NRS 483.865 is hereby amended to read as follows:

483.865  1. Upon the application of a person with a disability which limits or impairs the ability to walk, the Department shall place on any identification card issued to the person pursuant to NRS 483.810 to 483.890, inclusive, a designation that the person is a person with a disability. The application must include a statement from a licensed physician or an advanced practice registered nurse certifying that the applicant is a person with a disability which limits or impairs the ability to walk.

2. For the purposes of this section, “person with a disability which limits or impairs the ability to walk” has the meaning ascribed to it in NRS 482.3835.
Sec. 8. NRS 484B.157 is hereby amended to read as follows:

484B.157 1. Except as otherwise provided in subsection 7, any person who is transporting a child who is less than 6 years of age and who weighs 60 pounds or less in a motor vehicle operated in this State which is equipped to carry passengers shall secure the child in a child restraint system which:
   (a) Has been approved by the United States Department of Transportation in accordance with the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. Part 571;
   (b) Is appropriate for the size and weight of the child; and
   (c) Is installed within and attached safely and securely to the motor vehicle:
      (1) In accordance with the instructions for installation and attachment provided by the manufacturer of the child restraint system; or
      (2) In another manner that is approved by the National Highway Traffic Safety Administration.

2. If a defendant pleads or is found guilty of violating the provisions of subsection 1, the court shall:
   (a) For a first offense, order the defendant to pay a fine of not less than $100 or more than $500 or order the defendant to perform not less than 10 hours or more than 50 hours of community service;
   (b) For a second offense, order the defendant to pay a fine of not less than $500 or more than $1,000 or order the defendant to perform not less than 50 hours or more than 100 hours of community service; and
   (c) For a third or subsequent offense, suspend the driver’s license of the defendant for not less than 30 days or more than 180 days.

3. At the time of sentencing, the court shall provide the defendant with a list of persons and agencies approved by the Department of Public Safety to conduct programs of training and perform inspections of child restraint systems. The list must include, without limitation, an indication of the fee, if any, established by the person or agency pursuant to subsection 4. If, within 60 days after sentencing, a defendant provides the court with proof of satisfactory completion of a program of training provided for in this subsection, the court shall:
   (a) If the defendant was sentenced pursuant to paragraph (a) of subsection 2, waive the fine or community service previously imposed; or
(b) If the defendant was sentenced pursuant to paragraph (b) of subsection 2, reduce by one-half the fine or community service previously imposed.

A defendant is only eligible for a reduction of a fine or community service pursuant to paragraph (b) if the defendant has not had a fine or community service waived pursuant to paragraph (a).

4. A person or agency approved by the Department of Public Safety to conduct programs of training and perform inspections of child restraint systems may, in cooperation with the Department, establish a fee to be paid by defendants who are ordered to complete a program of training. The amount of the fee, if any:
   (a) Must be reasonable; and
   (b) May, if a defendant desires to acquire a child restraint system from such a person or agency, include the cost of a child restraint system provided by the person or agency to the defendant.

A program of training may not be operated for profit.

5. For the purposes of NRS 483.473, a violation of this section is not a moving traffic violation.

6. A violation of this section may not be considered:
   (a) Negligence in any civil action; or
   (b) Negligence or reckless driving for the purposes of NRS 484B.653.

7. This section does not apply:
   (a) To a person who is transporting a child in a means of public transportation, including a taxi, school bus or emergency vehicle.
   (b) When a physician or an advanced practice registered nurse determines that the use of such a child restraint system for the particular child would be impractical or dangerous because of such factors as the child’s weight, physical unfitness or medical condition. In this case, the person transporting the child shall carry in the vehicle the signed statement of the physician or advanced practice registered nurse to that effect.

8. As used in this section, “child restraint system” means any device that is designed for use in a motor vehicle to restrain, seat or position children. The term includes, without limitation:
   (a) Booster seats and belt-positioning seats that are designed to elevate or otherwise position a child so as to allow the child to be secured with a safety belt;
   (b) Integrated child seats; and
   (c) Safety belts that are designed specifically to be adjusted to accommodate children.
Sec. 9. NRS 484C.160 is hereby amended to read as follows:

484C.160 1. (a) Driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or a controlled substance or with a prohibited substance in his or her blood or urine; or

2. A police officer who requests that a person submit to a test pursuant to subsection 1 shall inform the person that his or her license, permit or privilege to drive will be revoked if he or she fails to submit to the test.

3. If the person to be tested pursuant to subsection 1 is dead or unconscious, the officer shall direct that samples of blood from the person to be tested.

4. Any person who is afflicted with hemophilia or with a heart condition requiring the use of an anticoagulant as determined by a physician or an advanced practice registered nurse is exempt from any blood test which may be required pursuant to this section but must, when appropriate pursuant to the provisions of this section, be required to submit to a breath or urine test.

5. If the concentration of alcohol in the blood or breath of the person to be tested is in issue:

(a) Except as otherwise provided in this section, the person may refuse to submit to a blood test if means are reasonably available to perform a breath test.

(b) The person may request a blood test, but if means are reasonably available to perform a breath test when the blood test is requested, and the person is subsequently convicted, the person must pay for the cost of the blood test, including the fees and expenses of witnesses whose testimony in court or an administrative hearing is necessary because of the use of the blood test. The expenses of such a witness may be assessed at an hourly rate of not less than:

(1) Fifty dollars for travel to and from the place of the proceeding; and
One hundred dollars for giving or waiting to give testimony.

(c) Except as otherwise provided in NRS 484C.200, not more than three samples of the person’s blood or breath may be taken during the 5-hour period immediately following the time of the initial arrest.

6. Except as otherwise provided in subsection 7, if the presence of a controlled substance, chemical, poison, organic solvent or another prohibited substance in the blood or urine of the person is in issue, the officer may request that the person submit to a blood or urine test, or both.

7. If the presence of marijuana in the blood of the person is in issue, the officer may request that the person submit to a blood test.

8. Except as otherwise provided in subsections 4 and 6, a police officer shall not request that a person submit to a urine test.

9. If a person to be tested fails to submit to a required test as requested by a police officer pursuant to this section and the officer has reasonable grounds to believe that the person to be tested was:

(a) Driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or a controlled substance or with a prohibited substance in his or her blood or urine; or

(b) Engaging in any other conduct prohibited by NRS 484C.110, 484C.120, 484C.130 or 484C.430, the officer may apply for a warrant or court order directing that reasonable force be used to the extent necessary to obtain samples of blood from the person to be tested.

10. If a person who is less than 18 years of age is requested to submit to an evidentiary test pursuant to this section, the officer shall, before testing the person, make a reasonable attempt to notify the parent, guardian or custodian of the person, if known.

Sec. 10. NRS 484C.300 is hereby amended to read as follows:

484C.300 1. (b) A violation of:

(1) NRS 484C.110 that is punishable pursuant to paragraph (a) or (b) of subsection 1 of NRS 484C.400, if the person is found to
have had a concentration of alcohol of 0.18 or more in his or her blood or breath;

(2) NRS 484C.110 or 484C.120 that is punishable as a felony pursuant to NRS 484C.400 or 484C.410; or

2. A court may, in the interests of justice, provide for an exception to the provisions of subsection 1 for a person who is convicted of a violation of NRS 484C.110 that is punishable pursuant to paragraph (a) of subsection 1 of NRS 484C.400, to avoid undue hardship to the person if the court determines that:

(a) Requiring the person to install a device in a motor vehicle which the person owns or operates would cause the person to experience an economic hardship;

(b) The person requires the use of the motor vehicle to:

(1) Travel to and from work or in the course and scope of his or her employment; or

(2) Obtain medicine, food or other necessities or to obtain health care services for the person or another member of the person’s immediate family;

Any inspection, calibration, monitoring or maintenance required pursuant to this subsection must be conducted in accordance with regulations adopted pursuant to NRS 484C.480. The manufacturer or its agent shall submit a report to the Director indicating whether the device is operating properly, whether any of the incidents listed in subsection 1 of NRS 484C.470 have occurred and whether the device has been tampered with. If the device has been tampered with, the Director shall notify the court that ordered the installation of the device. Upon receipt of such notification and before the court imposes a penalty pursuant to subsection 3 of NRS 484C.470, the court shall afford any interested party an opportunity for a hearing after reasonable notice.

5. If a person is required to operate a motor vehicle in the course and scope of his or her employment and the motor vehicle is owned by the person’s employer, the person may operate that vehicle without the installation of a device, if:
   (a) The employee notifies his or her employer that the employee’s driving privilege has been so restricted; and
   (b) The employee has proof of that notification in his or her possession or the notice, or a facsimile copy thereof, is with the motor vehicle.
   ➔ This exemption does not apply to a motor vehicle owned by a business which is all or partly owned or controlled by the person otherwise subject to this section.

6. The running of the period during which a person is required to have a device installed pursuant to this section commences when the Department issues a restricted license to the person or reinstates the driving privilege of the person and is tolled whenever and for as long as the person is, with regard to a violation of NRS 484C.110, 484C.120, 484C.130 or 484C.430, imprisoned, serving a term of residential confinement, placed under the supervision of a treatment provider, on parole or on probation.

162A.865 1. The form of a power of attorney for health care for an adult with an intellectual disability may be substantially in the following form, and must be witnessed or executed in the same manner as the following form:

DURABLE POWER OF ATTORNEY
FOR HEALTH CARE DECISIONS

My name is.................... (insert your name) and my address is.................... (insert your address). I would like to designate.............. (insert the name of the person you wish to designate as your agent for health care decisions for you) as my agent for health care decisions for me if I am sick or hurt and need to see a doctor or an advanced practice registered nurse or go to the hospital. I understand what this means.

If I am sick or hurt, my agent should take me to the doctor or an advanced practice registered nurse. If my agent is not with me when I become sick or hurt, please contact my agent and ask him or her to come to the doctor’s
practice registered nurse’s office. I would like the doctor or advanced practice registered nurse to speak with my agent and me about my sickness or injury and whether I need any medicine or other treatment. After we speak with the doctor or advanced practice registered nurse, I would like my agent to speak with me about the care or treatment. When we have made decisions about the care or treatment, my agent will tell the doctor or advanced practice registered nurse about our decisions and sign any necessary papers.

If I am very sick or hurt, I may need to go to the hospital. I would like my agent to help me decide if I need to go to the hospital. If I go to the hospital, I would like the people who work at the hospital to try very hard to care for me. If I am able to communicate, I would like the doctor or advanced practice registered nurse at the hospital to speak with me and my agent about what care or treatment I should receive, even if I am unable to understand what is being said about me. After we speak with the doctor or advanced practice registered nurse, I would like my agent to help me decide what care or treatment I should receive. Once we decide, my agent will sign any necessary paperwork. If I am unable to communicate because of my illness or injury, I would like my agent to make decisions about my care or treatment based on what he or she thinks I would do and what is best for me.

I would like my agent to help me decide if I need to see a dentist and help me make decisions about what care or treatment I should receive from the dentist. Once we decide, my agent will sign any necessary paperwork.

I would also like my agent to be able to see and have copies of all my medical records. If my agent requests to see or have copies of my medical records, please allow him or her to see or have copies of the records.

I understand that my agent cannot make me receive any care or treatment that I do not want. I also understand that I can take away this power from my agent at any time, either by telling my agent that he or she is no longer my agent or by putting it in writing.

If my agent is unable to make health care decisions for me, then I designate........................
