Legislative Counsel's Digest:

1 Existing law sets forth the duties and responsibilities of a county coroner.
2 (Chapter 259 of NRS) Existing law provides that certain persons, including the
3 county coroner, may petition a court for an order requiring the testing of a person or
4 decedent for exposure to a communicable disease if the decedent may have exposed
5 the person or the person's employees to a communicable disease. (NRS 441A.195)
6 **Section 3** of this bill authorizes a coroner to test a decedent under his or her
7 jurisdiction for communicable diseases without obtaining such a court order if: (1)
8 the coroner or any employees of the coroner came in contact with the blood or
9 bodily fluids of the decedent; (2) a law enforcement officer, emergency medical
10 attendant or firefighter came in contact with the blood or bodily fluids of the
11 decedent before the decedent came under the jurisdiction of the coroner; or (3) any
12 other person came in contact with the blood or bodily fluids of the decedent while

13 rendering care or assistance in an emergency before the decedent came under the
14 jurisdiction of the coroner.

15 Existing law authorizes a county coroner to use the money in the account
16 created for the support of the office of the county coroner to pay expenses relating
17 to: (1) certain training; (2) the purchase of certain specialized equipment; and
18 (3) youth programs involving the office of the county coroner. (NRS 259.025)
19 **Section 4** of this bill authorizes a county coroner to create: (1) a program to
20 promote the mental health of the employees of the county coroner and any person
21 impacted as a result of providing services in his or her professional capacity in
22 response to an incident involving mass casualties within the county; and (2) a
23 program that provides bereavement services to members of the public. **Section 5** of
24 this bill authorizes the county coroner to pay expenses relating to those programs
25 with money from the account.

26 Existing law requires a coroner to conduct an investigation when the coroner or
27 a coroner's deputy is informed that a person has been killed, has committed suicide
28 or has suddenly died under such circumstances as to afford reasonable ground to
29 suspect that the death has been occasioned by unnatural means. (NRS 259.050)

30 **Section 6** of this bill authorizes a coroner conducting such an investigation to
31 subpoena the production of any documents, records or materials directly related or
32 believed to contain evidence related to an investigation of the coroner. **Section 6**
33 also provides that where it is apparent or can be reasonably inferred that a death
34 may have been caused by drug use or poisoning, the coroner shall cause a
35 postmortem examination to be performed by a forensic pathologist, unless the death
36 occurred following a hospitalization stay of 24 hours or more.

37 **Section 2** of this bill provides that when a forensic pathologist performs a
38 postmortem examination at the direction of a coroner, the forensic pathologist shall
39 determine the cause of death and the certifier of death shall record the cause of
40 death as determined by the forensic pathologist on the certificate of death.

41 Existing law requires the State Registrar to charge and collect a fee for a
42 certified copy of a certificate of death and provides that the fee must include \$1 for
43 credit to the account for the support of the office of the county coroner of the
44 county in which the certificate originates. (NRS 440.700) **Section 7** of this bill
45 increases the fee from \$1 to \$4.

Sec. 8. NRS 441A.195 is hereby amended to read as follows:

441A.195 1. ~~[A]~~ *Except as otherwise provided in section 3 of this act,* a law enforcement officer, correctional officer, emergency medical attendant, firefighter, county coroner or medical examiner or any of their employees or volunteers, any other person who is employed by or is a volunteer for an agency of criminal justice or any other public employee or volunteer for a public agency who, in the course of his or her official duties, comes into contact with human blood or bodily fluids, or the employer of such a person or the public agency for which the person volunteers, may petition a court for an order requiring the testing of a person or decedent for exposure to a communicable disease if the person or decedent may have exposed the officer, emergency medical attendant, firefighter, county coroner or medical examiner or their employee or volunteer, other person employed by or volunteering for an agency of criminal justice or other public employee or volunteer for a public agency to a communicable disease.

2. When possible, before filing a petition pursuant to subsection 1, the person, employer or public agency for which the person volunteers, and who is petitioning shall submit information concerning the possible exposure to a communicable disease to the designated health care officer for the employer or public agency or, if there is no designated health care officer, the person designated by the employer or public agency to document and verify possible exposure to communicable diseases, for verification that there was substantial exposure. Each designated health care officer or person designated by an employer or public agency to document and verify possible exposure to communicable diseases shall establish guidelines based on current scientific information to determine substantial exposure.

1 3. A court shall promptly hear a petition filed pursuant to
2 subsection 1 and determine whether there is probable cause to
3 believe that a possible transfer of blood or other bodily fluids
4 occurred between the person who filed the petition or on whose
5 behalf the petition was filed and the person or decedent who
6 possibly exposed him or her to a communicable disease. If the court
7 determines that probable cause exists to believe that a possible
8 transfer of blood or other bodily fluids occurred and, that a positive
9 result from the test for the presence of a communicable disease
10 would require the petitioner to seek medical intervention, the court
11 shall:

12 (a) Order the person who possibly exposed the petitioner, or the
13 person on whose behalf the petition was filed, to a communicable
14 disease to submit two appropriate specimens to a local hospital or
15 medical laboratory for testing for exposure to a communicable
16 disease; or

17 (b) Order that two appropriate specimens be taken from the
18 decedent who possibly exposed the petitioner, or the person on
19 whose behalf the petition was filed, to a communicable disease and
20 be submitted to a local hospital or medical laboratory for testing for
21 exposure to the communicable disease.

22 ↪ The local hospital or medical laboratory shall perform the test in
23 accordance with generally accepted medical practices and shall
24 disclose the results of the test in the manner set forth in
25 NRS 629.069.

26 4. If a judge or a justice of the peace enters an order pursuant to
27 this section, the judge or justice of the peace may authorize the
28 designated health care officer or the person designated by the
29 employer or public agency to document and verify possible
30 exposure to a communicable disease to sign the name of the judge
31 or justice of the peace on a duplicate order. Such a duplicate order
32 shall be deemed to be an order of the court. As soon as practicable
33 after the duplicate order is signed, the duplicate order must be
34 returned to the judge or justice of the peace who authorized the
35 signing of it and must indicate on its face the judge or justice of the
36 peace to whom it is to be returned. The judge or justice of the peace,
37 upon receiving the returned order, shall endorse the order with his or
38 her name and enter the date on which the order was returned. Any
39 failure of the judge or justice of the peace to make such an
40 endorsement and entry does not in and of itself invalidate the order.

41 5. Except as otherwise provided in NRS 629.069, all records
42 submitted to the court in connection with a petition filed pursuant to
43 this section and any proceedings concerning the petition are
44 confidential and the judge or justice of the peace shall order the
45 records and any record of the proceedings to be sealed and to be

1 opened for inspection only upon an order of the court for good cause
2 shown.

3 6. A court may establish rules to allow a judge or justice of the
4 peace to conduct a hearing or issue an order pursuant to this section
5 by electronic or telephonic means.

6 7. The employer of a person or the public agency for which the
7 person volunteers, who files a petition or on whose behalf a petition
8 is filed pursuant to this section or the insurer of the employer or
9 public agency, shall pay the cost of performing the test pursuant to
10 subsection 3.

11 8. As used in this section:

12 (a) "Agency of criminal justice" has the meaning ascribed to it
13 in NRS 179A.030.

14 (b) "Emergency medical attendant" means a person licensed as
15 an attendant or certified as an emergency medical technician,
16 advanced emergency medical technician or paramedic pursuant to
17 chapter 450B of NRS.

18 **Sec. 9.** This act becomes effective on July 1, 2019.
