SUMMARY—Revises provisions governing appraisers and appraisal management companies. (BDR 54□224)

AN ACT relating to appraisers; incorporating various requirements provided in section 1473 of the Dodd-Frank Wall Street Reform and Consumer Protection Act that govern appraisers who are certified or licensed in this State and appraisal management companies that are registered in this State; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

In 2010, the United States Congress enacted the Dodd-Frank Wall Street Reform and Consumer Protection Act. (Pub. L. No. 111-203) Section 1473 of the Dodd-Frank Act amended various sections of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, 12 U.S.C. §§ 3331 to 3356, as it relates to the Appraisal Subcommittee of the Federal Financial Institutions Examination Council and created additional requirements for appraisal management companies. This bill incorporates the new requirements that were created by the Dodd-Frank Act into Nevada Revised Statutes.

Section 1473 of the Dodd-Frank Act created a new definition for "appraisal management company." (12 U.S.C. § 3350(11)) Section 13 of this bill incorporates this new definition by amending the definition for "appraisal management company." Sections 2-4 of this bill additionally incorporate federal law by creating new definitions that are copied from 12 U.S.C. § 3350. Section 12 of this bill makes conforming changes.

Section 1473 of the Dodd-Frank Act requires each state with an appraiser certifying and licensing agency to transmit reports on the issuance of any sanctions, disciplinary actions, license and certification revocations and license and certification suspensions on a timely basis to the national registry of the Appraisal Subcommittee. (12 U.S.C. § 3338(a)(2)) The Dodd-Frank Act further requires the Appraisal Subcommittee to monitor each state appraiser certifying and licensing agency to determine whether such an agency reports complaints and disciplinary actions on a timely basis to the national registry on appraisers maintained by the Appraisal Subcommittee. (12 U.S.C. § 3347(a)(5)) Section 5

of this bill incorporates these requirements by requiring the Real Estate Division of the Department of Business and Industry to report to the national registry of the Appraisal Subcommittee any: (1) sanction, final disciplinary action or revocation, suspension or denial to renew a certificate, license or registration card taken against an appraiser or intern; and (2) violation by an appraiser or intern of existing law. The Dodd-Frank Act requires each state to transmit similar reports concerning appraisal management companies. (12 U.S.C. §§ 3338(a)(3), 3347(a)(5)); 12 C.F.R. §§ 34.213(a)(7), 225.193(a)(7), 323.11(a)(7), 1026.42(h), 1222.23(a)(7)) Section 11 of this bill incorporates these requirements by requiring the Division to report to the national registry of the Appraisal Subcommittee any: (1) supervisory activity, investigation, final disciplinary action or revocation, suspension or denial to renew a registration taken against an appraisal management company; and (2) violation by an appraisal management company of existing law.

Section 1473 of the Dodd-Frank Act requires the Appraisal Subcommittee to monitor each state appraiser certifying and licensing agency to determine if such an agency: (1) processes complaints and completes investigations in a reasonable time period; and (2) appropriately disciplines sanctioned appraisers and appraisal management companies. (12 U.S.C. § 3347(a)(2)&(3); 12 C.F.R. §§ 34.213(a)(5)&(6), 225.193(a)(5)&(6), 323.11(a)(5)&(6), 1026.42(h), 1222.23(a)(5)&(6)) Existing law sets forth such requirements for appraisers. (NRS 645C.460-645C.540) Sections 6-11 of this bill create similar provisions that govern appraisal management companies to comply with section 1473 of the Dodd-Frank Act.

Section 1473 of the Dodd-Frank Act requires each state with an appraiser certifying and licensing agency to: (1) collect annual registry fees from appraisers and appraisal management companies; and (2) remit these annual registry fees to the Federal Financial Institutions Examination Council or the Appraisal Subcommittee on an annual basis. (12 U.S.C. § 3338(a)(4)) Sections 14, 15, 18, 21 and 26 of this bill incorporate this requirement for the State to collect and remit the annual registry fee.

Section 1473 of the Dodd-Frank Act authorizes a state-licensed appraiser to perform a 1-to-4 unit, single family residential appraisal unless the size and complexity requires a state-certified appraiser. The size and complexity requires a state-certified appraiser when the appraisal is an appraisal for which the property to be appraised, the form of ownership, the property characteristics or the market conditions are atypical. (12 U.S.C. § 3342(2)) Section 15 of this bill adds language to clarify the type of appraisals a licensed appraiser in Nevada may perform.

Appraisal management companies must require that appraisals are conducted independently and free from inappropriate influence and coercion pursuant to the appraisal independence standards established under 15 U.S.C. § 1639e. (12 U.S.C. § 3353(a)(4)) Sections 20 and 22 of this bill comply with federal law

by requiring appraisal independence ~~[by complying]~~ through compliance with the appraisal independence requirements in 15 U.S.C. §1639e.

Section 1473 of the Dodd-Frank Act provides that an appraisal management company that is a subsidiary owned and controlled by a financial institution regulated by a federal financial institution regulatory agency shall not be required to register with a state. (12 U.S.C. § 3353(c)) Section 21 complies with federal law by providing that such appraisal management companies do not have to register with this State.

Section 1473 of the Dodd-Frank Act requires appraisal management companies to verify that only licensed or certified appraisers are used for federally related transactions. (12 U.S.C. § 3353(a)(2)) Federal regulations adopted pursuant to section 1473 of the Dodd-Frank Act require a state certifying and licensing agency that is registering an appraisal management company to verify that the appraisers on the appraisal management company's appraiser panel hold valid state certifications or licenses. (12 C.F.R. §§ 34.213(a)(4), 225.193(a)(4), 323.11(a)(4), 1026.42(h), 1222.23(a)(4)) Section 22 incorporates these requirements.

Federal regulations adopted pursuant to section 1473 of the Dodd-Frank Act require a state certifying and licensing agency that is registering an appraisal management company to review and approve or deny an appraisal management company's application for the initial registration and the renewal registration. (12 C.F.R. §§ 34.213(a)(1)&(2), 225.193(a)(1)&(2), 323.11(a)(1)&(2), 1026.42(h), 1222.23(a)(1)&(2)) Sections 22 and 24 incorporate this requirement by requiring the Division to deny such applications in certain situations. Section 22 additionally provides a procedure for an applicant who is denied registration to reapply for such registration in certain situations.

Section 1473 of the Dodd-Frank Act provides that an appraisal management company shall not be registered by a state if such company is owned by any person who has had an appraiser license or certificate refused, denied, cancelled, surrendered in lieu of revocation or revoked in any state. (12 U.S.C. § 3353(d); 12 C.F.R. §§ 34.214, 225.194, 323.12, 1026.42(h), 1222.24) Section 27 of this bill incorporates this federal requirement by requiring the Commission of Appraisers of Real Estate to revoke the registration of an appraisal management company if the appraiser license or certificate of one of its owners is refused, denied, cancelled, surrendered or revoked in any state.

SUMMARY—Revises provisions relating to natural resources. (BDR 47-359)

AN ACT relating to natural resources; revising provisions related to the protection of flora; revising certain definitions related to the protection of trees and flora and to forest practice and reforestation; revising provisions relating to a written plan for a prescribed fire; revising the information required to be included in an application for a logging permit; revising provisions regarding logging operations; authorizing the suspension or revocation of a logging permit for operating ground-based equipment on saturated soil; revising the requirements for the performance bond which must accompany an application for a timberland conversion certificate; eliminating the requirement that the State Forester Firewarden cause a decennial report to be created regarding

certain renewable natural resources in the State; eliminating the authority of the State Forester Firewarden to reduce the required amount for certain performance bonds; making various other changes relating to forestry; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, it is unlawful to cut, destroy, mutilate, pick or remove any flora on any: (1) private lands without a written permit from the owner, occupant or authorized agent of the owner or occupant; or (2) state lands under the jurisdiction of the Division of State Parks of the State Department of Conservation and Natural Resources except in accordance with regulations of the Division. (NRS 527.050) Further, no flora on the list of fully protected species may be removed or destroyed from any land except pursuant to a special permit issued by the State Forester Firewarden. (NRS 527.270) Section 1 of this bill clarifies that, in addition to obtaining written permission from the owner or complying with regulations of the Division, as applicable, a special permit must be obtained from the State Forester Firewarden in order to remove from private lands or state lands any flora that has been placed on the list of fully protected species.

Under existing law, the term "controlled fire" is used to describe the controlled application of fire to natural vegetation under specified conditions after precautionary actions have been taken to ensure that the fire is confined to a predetermined area. (NRS 527.122, 527.126, 527.128) Sections 2-4 of this bill change the term "controlled fire" to "prescribed fire."

Section 6 of this bill defines "ground-based equipment" to refer to certain mobile logging equipment including tractors.

Section 29 of this bill eliminates the definition of "tractor." Sections 19-24 of this bill make conforming changes.

Existing law defines the term "adequately stocked" as having sound thrifty trees well distributed over the growing area and meeting certain criteria for tree growth and size. (NRS 528.013) Sections 7, 12 and 29 of this bill replace "adequately stocked" with the term "minimally stocked" and revise the criteria to be considered minimally stocked.

Under existing law, "slash" means split product material, branches, limbs or stems of any species left in the harvest area as a result of current timber harvesting. (NRS 528.024) Section 9 of this bill eliminates split product material from the definition and expands the scope of the term to include forest management activities.

Under existing law, "stream" means a natural watercourse designated by certain symbols in the most recent United States Geological Survey. (NRS 528.0255) Section 10 of this bill revises the definition to mean a perennial or intermittent natural watercourse that supports riparian vegetation.

Under existing law, "thrifty trees" means trees with usually long, full, pointed tops and lower limbs frequently dead, but containing very few dead limbs in the upper green portion of the crown. (NRS 528.026) Section 11 of this bill defines

“thrifty trees” as trees with healthy foliage, at least 40-percent live crown ratio and a generally healthy appearance.

Existing law provides that a timber owner or operator must submit an application and secure a logging permit from the State Forester Firewarden prior to any logging or cutting operation. (NRS 528.042, 528.043) Section 14 of this bill requires a timber owner or operator to submit a statement of the objectives of the harvest and the conditions of the stand as part of the logging permit application and makes other changes to the application requirements.

Under existing law, a logging permit may be suspended or revoked under certain circumstances. (NRS 528.047) Section 15 of this bill provides that a logging permit may also be suspended or revoked for operating ground-based equipment on saturated soil.

Under existing law, no person may engage in tractor logging on a slope whose gradient is 30 percent or more without first obtaining a variance from the State Forester Firewarden. (NRS 528.048) Section 16 of this bill changes the restriction so that use of ground-based equipment on a slope greater than 30 percent is prohibited.

Existing law restricts the cutting practices of every timber owner or operator conducting logging operations within this State. (NRS 528.050) Section 17 of this bill makes various changes to those restrictions, including adding a requirement that the logging harvest area be minimally stocked not later than 5 years after completion of the logging operations.

Under existing law, felling of trees, skidding, rigging and construction of tractor or truck roads or landings, and the operation of such vehicles during a logging operation, is prohibited within 200 feet of the high-water mark of certain bodies of water, with limited exceptions. (NRS 528.053) Section 18 of this bill reduces the prohibited area to 50 feet but also authorizes a committee composed of the State Forester Firewarden, the Director of the Department of Wildlife and the State Engineer to prohibit such activities in an area greater than 50 feet when site conditions warrant.

Under existing law, upon completion of a logging or cutting operation, the timber owner or operator is required to sow suitable grass seed in the spring when moisture conditions are favorable on skid trails, skid roads, unmaintained tractor and truck roads and landings. (NRS 528.057) Section 23 of this bill provides that the seed may be sowed when moisture conditions are favorable regardless of the season.

Under existing law, a timber owner or operator conducting logging operations in the State is required to undertake certain fire prevention and suppression measures. (NRS 528.070) Section 25 of this bill removes the requirement that timber owners or operators fell certain dead trees and standing dead tree sections as part of those fire prevention and suppression practices.

Under existing law, a timberland conversion certificate from the State Forester Firewarden is required to convert timber lands for other use and a performance bond is required as part of the application for a conversion

certificate. (NRS 528.082, 528.083) Section 26 of this bill amends the list of types of acceptable performance bonds.

Under existing law, the State Forester Firewarden shall, in coordination and cooperation with the Tahoe Regional Planning Agency and the fire chiefs within the Lake Tahoe Basin, submit a report concerning fire prevention and forest health in the Nevada portion of the Lake Tahoe Basin to certain governmental agencies. (NRS 528.150) Section 27 of this bill revises the required contents of this report.

Under existing law, the State Forester Firewarden must cause a report on certain renewable natural resources in the State to be created at least every 10 years. (NRS 527.310) Further, the State Forester Firewarden may enter into cooperative agreements with certain entities to collect and publish data related to the report. (NRS 527.320) Section 29 of this bill eliminates the reporting requirement and the authority of the State Forester Firewarden to enter into cooperative agreements related to the report.

Section 29 also eliminates the authority of the State Forester Firewarden to reduce a performance bond required to secure a timberland conversion certificate or logging permit.

Existing law defines various terms related to forest practice and reforestation (NRS 528.013-528.027) Section 29 removes the definitions for “old-growth,” “prior-cut,” “seed tree,” “snag” and “young-growth.”

2. The committee may grant a variance authorizing any of the activities prohibited by subsection 1 within a ~~[200-foot]~~ 50-foot buffer area if the committee determines that the goals of conserving forest resources and achieving forest regeneration, preserving watersheds, reaching or maintaining water quality standards adopted by federal and state law, continuing water flows, preserving and providing for the propagation of fish life and stream habitat and preventing significant soil erosion will not be compromised.

3. In acting on a request for such variances, the committee shall consider the following factors:

(a) The extent to which such requested activity is consistent with good forestry management for the harvesting of timber;

(b) The extent to which such requested activity significantly impedes or interrupts the natural volume and flow of water;

(c) The extent to which such requested activity significantly affects a continuation of the natural quality of the water pursuant to state and federal water quality standards;

(d) The extent to which such requested activity is consistent with the prevention of significant soil erosion;

(e) The extent to which such requested activity may significantly obstruct fish passage, cause sedimentation in fish spawning areas, infringe on feeding and nursing areas and cause variations of water temperatures; and

(f) The filtration of sediment-laden water as a consequence of timber harvesting on adjacent slopes.

4. *The committee may prohibit a logging operation from felling trees, skidding, rigging or constructing roads or landings, or operating vehicles, in an area greater than 50 feet, measured on the slope, from the high-water mark of any lake, reservoir, stream or other body of water if the committee determines that the site conditions of the logging operation warrant such prohibition.*

Sec. 19. NRS 528.055 is hereby amended to read as follows:

528.055 1. ~~Tractor-skid~~ Skid trails, landings, logging ~~truck~~ roads and firebreaks shall be so located, constructed, used and left after timber harvesting that erosion caused by water flow therefrom and water flow in natural watercourses shall be limited to a reasonable minimum that will not impair the productivity of the soil or appreciably diminish the quality of the water.

2. Roadside berms shall be constructed where necessary to guide surface water flow to the point of planned diversion required by NRS 528.0551 and 528.0552, and to prevent unnecessary erosion of fills and side cast material.

Sec. 20. NRS 528.0551 is hereby amended to read as follows:

528.0551 1. Except as provided in NRS 528.0552, 528.0553 and 528.0554, water breaks or culverts, or both, shall be constructed for all logging ~~truck~~ roads, ~~tractor~~ skid trails and firebreaks no later than November 15 of each year. Water breaks or culverts, or both, shall:

- (a) Be located in minimal fill areas;
- (b) Be effective in diverting surface water from logging ~~truck~~ roads, ~~tractor~~ skid trails and firebreaks;
- (c) Provide unrestricted discharge into an area having sufficient filter capacity to effectively remove water-borne sediment to prevent a serious risk of causing significant degradation of water quality; and
- (d) Be installed at such intervals as are necessary to reasonably prevent surface water on or from such logging ~~truck~~ roads, ~~tractor~~ skid trails and firebreaks from accumulating in sufficient volume or accelerating to sufficient velocity to cause excessive erosion. The following guidelines shall be considered in determining reasonable water break or culvert intervals:
 - (1) On grades of 10 percent or less, intervals of 100 to 200 feet;
 - (2) On grades of 11 to 25 percent, intervals of 75 to 150 feet;
 - (3) On grades of 26 to 49 percent, intervals of 50 to 100 feet; and
 - (4) On grades of 50 percent or more, intervals of 30 to 75 feet.

2. Advance flagging of water break or culvert locations shall be provided wherever necessary to insure that the location and spacing of the water breaks or culverts, or both, is adequate to prevent water flow from creating a serious risk of causing significant degradation of water quality.

3. On permanent ~~{truck}~~ roads, water breaks or culverts, or both, shall be cut a minimum of 12 inches into the firm road surface and shall be constructed so that they will not be rendered ineffective by the passage of motorized vehicles.

Sec. 21. NRS 528.0553 is hereby amended to read as follows:

528.0553 If weather or soil conditions, or both, prevent installation of water breaks, culverts or outsloped drainage structures, or any combination thereof, prior to November 15 of each year as required by NRS 528.0551 and 528.0552, the drainage of ~~{truck}~~ roads, ~~{tractor}~~ skid trails and firebreaks shall be maintained by hand to prevent excessive erosion until permanent facilities can be installed.

Sec. 22. NRS 528.0554 is hereby amended to read as follows:

528.0554 Wherever terrain or any other factor precludes proper diversion of water flow from ~~{tractor}~~ skid trails as required by NRS 528.0551 and 528.0552, slash shall be scattered on such ~~{tractor}~~ skid trails in sufficient quantity to retard water flow thereon and hold erosion to a minimum.

Sec. 23. NRS 528.057 is hereby amended to read as follows:

528.057 1. Every timber owner or operator, upon completion of his or her logging or cutting operation, shall sow suitable grass seed on skid trails, skid roads, unmaintained ~~{tractor and truck}~~ roads and landings to help maintain the productive condition of the cut-over timberlands. Drill seedings shall be done where feasible.

2. The seed shall:

- (a) Be approved by the State Forester Firewarden;
- (b) Not be sown during windy weather or when the ground is frozen or under any other unsuitable conditions; and
- (c) Be spread evenly at not less than 12 pounds per acre ~~{in the spring}~~ when moisture conditions are favorable.

Sec. 24. NRS 528.060 is hereby amended to read as follows:

528.060 For the purpose of protecting from damage those trees required to be left for reserve and to leave cut-over timberland in a productive condition and to regulate timberland conversion, the State Forester Firewarden:

1. Shall make reasonable rules in relation to stump heights, felling of trees, skid trails and skid roads, ~~{tractor and truck}~~ other roads, landings and rigging as the State Forester Firewarden deems wise and necessary.

2. May adopt such regulations as are necessary to carry out the provisions of NRS 528.010 to 528.090, inclusive.

Sec. 25. NRS 528.070 is hereby amended to read as follows:

528.070 The fire prevention and suppression practices of every timber owner or operator conducting logging operations in this State ~~{shall conform to the following:~~

~~1. All such timber owners or operators shall fell all snags over 20 feet in height which are 16 inches d.b.h. or larger concurrently with the felling of live merchantable timber on forest lands in this State. However, in salvaging~~

~~fire killed or insect killed timber where the average number of snags, after logging, will be greater than four per acre, the timber owner or operator shall dispose of only an average of four snags per acre.~~

~~2. All~~ *must include, without limitation, lopping and scattering* limbs from unutilized portions of trees and reproduction, felled or knocked down by logging or construction, within 100 feet of the traveled surface of any public road and main logging roads. ~~shall be lopped and scattered~~ *Such lopping and scattering must be performed* currently in the course of operations. In areas where a timber owner or operator chooses to pile and burn lopped slash, the slash ~~shall~~ *must* be piled and burned where the burning will not damage residual trees or reproduction. The piled slash ~~shall~~ *must* be burned at a safe time as determined by the State Forester Firewarden. Piles that fail to burn clean ~~shall~~ *must* be repiled and burned. All reasonable precautions ~~shall~~ *must* be taken to confine such burning to the piled slash.

Sec. 26. NRS 528.083 is hereby amended to read as follows:

528.083 An application for a timberland conversion certificate shall be accompanied by the following:

1. A conversion plan on a form prescribed by the State Forester Firewarden, which shall set forth in detail information pertaining to:

- (a) The present and future use of such land;

3. A performance bond of not less than an amount equal to \$75 for each acre of the land to be converted, which shall be conditioned on compliance with the provisions of the timberland conversion certificate, and shall insure the cost of any needed stabilization, revegetation or rehabilitation work. Such performance bond shall be in one of the following forms:

- (a) A surety bond with a surety qualified to do business in this state ~~[-]~~ ; *or*

Amendment No. 86.

SUMMARY—Enacts provisions governing the interstate practice of physical therapy. (BDR 54-514)

AN ACT relating to physical therapy; enacting and entering into the Physical Therapy Licensure Compact; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

The Physical Therapy Licensure Compact is an interstate compact that allows a person who is licensed as a physical therapist or physical therapist assistant in a state that is a member of the Compact to practice as a physical therapist or physical therapist assistant in other states that are members of the Compact. The Compact only authorizes a physical therapist or physical therapist assistant to provide services in person in a state in which he or she is not licensed. Before

practicing as a physical therapist or physical therapist assistant under the Compact, the Compact requires a physical therapist or physical therapist assistant to: (1) hold a license in his or her home state; (2) have no encumbrances on his or her license; (3) be eligible to practice under the Compact; (4) have had no adverse actions taken against any license or authority to practice under the Compact within the previous 2 years; (5) notify the Physical Therapy Compact Commission that he or she is seeking to practice under the Compact within the other state; (6) pay any applicable fees; (7) meet any requirements in the state in which he or she seeks to practice under the Compact; and (8) report any adverse action taken against him or her within 30 days from the date the adverse action is taken. The Compact requires that the states who are members of the Compact create and establish a joint public agency called the Physical Therapy Compact Commission. The Commission is authorized to: (1) establish bylaws; (2) make rules that facilitate and coordinate implementation and administration of the Compact; (3) hold meetings, including closed meetings; (4) levy on and collect an annual assessment from each state that is a member of the Compact; (5) develop, maintain and utilize a coordinated database and reporting system; and (6) resolve disputes related to the Compact among states that are members of the Compact. Section 2 of this bill enacts the Physical Therapy Licensure Compact. Sections 3-5 of this bill set forth various provisions that incorporate the Compact into existing law.

The Compact requires a participating state to comply with various rules. To ensure this State's compliance with these rules, section 3 of this bill requires the Nevada Physical Therapy Board to ~~administer~~ carry out the State's compliance with the Compact in this State.

The Compact authorizes a state that is a member of the Compact to charge a fee for granting a compact privilege. Existing law requires all fees that relate to physical therapists, physical therapist assistants and physical therapist technicians which are collected to be deposited by the Board in banks, credit unions, savings and loan associations or savings banks in this State. (NRS 640.070) Section 4 of this bill authorizes the Board to adopt regulations to ~~implement~~ carry out the State's compliance with the Compact ~~in~~ in this State, including regulations that establish such fees. If the Board establishes such fees by regulation, section 4 requires the Board to deposit the money collected from such fees in ~~the State General Fund~~ banks, credit unions, savings and loan associations or savings banks in this State and authorizes the Board to present claims to the State Board of Examiners for recommendation to the Interim Finance Committee to spend money if the money is needed to meet the financial obligations imposed on this State as a result of participating in the Compact.

The Compact authorizes the Commission, the Executive Board of the Commission or other committees of the Commission to convene a closed, nonpublic meeting to discuss certain topics or disclose certain information. Section 5 of this bill provides that if such a closed meeting occurs, any record

created as a result of such a meeting shall not be considered a public record. Section 30 of this bill makes a conforming change.

Sections 6-29 and 31-38 of this bill make conforming changes by clarifying that a physical therapist or physical therapist assistant can be: (1) licensed to practice or to assist in the practice of physical therapy in this State; or (2) authorized to practice or to assist in the practice of physical therapy in this State under the Compact. Additionally, section 25 of this bill defines the term “licensed physical therapist” for the entirety of the Nevada Revised Statutes to mean a physical therapist who is: (1) licensed under existing law; or (2) authorized to practice physical therapy in this State under the Compact.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 640 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 5, inclusive, of this act.

(c) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature and each of the member states.

Sec. 28. NRS 42.021 is hereby amended to read as follows:

42.021 1. In an action for injury or death against a provider of health care based upon professional negligence, if the defendant so elects, the defendant may introduce evidence of any amount payable as a benefit to the plaintiff as a result of the injury or death pursuant to the United States Social Security Act, any state or federal income disability or worker’s compensation act, any health, sickness or income-disability insurance, accident insurance that provides health benefits or income-disability coverage, and any contract or agreement of any group, organization, partnership or corporation to provide, pay for or reimburse the cost of medical, hospital, dental or other health care services. If the defendant elects to introduce such evidence, the plaintiff may introduce evidence of any amount that the plaintiff has paid or contributed to secure the plaintiff’s right to any insurance benefits concerning which the defendant has introduced evidence.

2. A source of collateral benefits introduced pursuant to subsection 1 may not:

- (a) Recover any amount against the plaintiff; or
- (b) Be subrogated to the rights of the plaintiff against a defendant.

3. In an action for injury or death against a provider of health care based upon professional negligence, a district court shall, at the request of either party, enter a judgment ordering that money damages or its equivalent for future damages of the judgment creditor be paid in whole or in part by periodic payments rather than by a lump-sum payment if the award equals or exceeds \$50,000 in future damages.

4. In entering a judgment ordering the payment of future damages by periodic payments pursuant to subsection 3, the court shall make a specific finding as to the dollar amount of periodic payments that will compensate the judgment creditor for such future damages. As a condition to authorizing periodic payments of future damages, the court shall require a judgment debtor

who is not adequately insured to post security adequate to assure full payment of such damages awarded by the judgment. Upon termination of periodic payments of future damages, the court shall order the return of this security, or so much as remains, to the judgment debtor.

5. A judgment ordering the payment of future damages by periodic payments entered pursuant to subsection 3 must specify the recipient or recipients of the payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments will be made. Such payments must only be subject to modification in the event of the death of the judgment creditor. Money damages awarded for loss of future earnings must not be reduced or payments terminated by reason of the death of the judgment creditor, but must be paid to persons to whom the judgment creditor owed a duty of support, as provided by law, immediately before the judgment creditor's death. In such cases, the court that rendered the original judgment may, upon petition of any party in interest, modify the judgment to award and apportion the unpaid future damages in accordance with this subsection.

6. If the court finds that the judgment debtor has exhibited a continuing pattern of failing to make the periodic payments as specified pursuant to subsection 5, the court shall find the judgment debtor in contempt of court and, in addition to the required periodic payments, shall order the judgment debtor to pay the judgment creditor all damages caused by the failure to make such periodic payments, including, but not limited to, court costs and attorney's fees.

7. Following the occurrence or expiration of all obligations specified in the periodic payment judgment, any obligation of the judgment debtor to make further payments ceases and any security given pursuant to subsection 4 reverts to the judgment debtor.

8. As used in this section:

(a) "Future damages" includes damages for future medical treatment, care or custody, loss of future earnings, loss of bodily function, or future pain and suffering of the judgment creditor.

(b) "Periodic payments" means the payment of money or delivery of other property to the judgment creditor at regular intervals.

(c) "Professional negligence" means a negligent act or omission to act by a provider of health care in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death. The term does not include services that are outside the scope of services for which the provider of health care is licensed or services for which any restriction has been imposed by the applicable regulatory board or health care facility.

(d) "Provider of health care" means a physician licensed under chapter 630 or 633 of NRS, dentist, licensed nurse, dispensing optician, optometrist, ~~registered~~ licensed physical therapist, podiatric physician, licensed psychologist, chiropractor, doctor of Oriental medicine, medical laboratory director or technician, licensed dietitian or a licensed hospital and its employees.

Senator Spearman moved the adoption of the amendment.

Remarks by Senator Spearman.

Amendment No. 90 makes three changes to Senate Bill No. 234. It deletes all sections of the bill but retains Section 26, which requires the commissioner to develop a form letter that a health carrier must use to notify a provider of health care of the denial of his or her application to be included in the network of providers of the health carrier. It amends the bill to require a health carrier that uses the form letter developed by the commissioner to send a copy of the letter to the commissioner at the same time. Finally, it amends the bill to require the Division of Insurance of the Department of Business and Industry to compile an annual report on trends including, without limitation, information such as the number of and reasons for application denials. The report must be provided to the Legislature, the Governor, and posted publicly on the Division's website.

Amendment adopted.

Amendment No. 62.

SUMMARY—Revises provisions relating to health insurance coverage. (BDR 57-734)

AN ACT relating to insurance; requiring insurers to offer and issue a health benefit plan regardless of the health status of a person; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits an insurer from denying, limiting or excluding a benefit provided by a health care plan in certain limited circumstances, including, without limitation, when a person has contracted for a blanket policy of accident or health insurance or in certain cases relating to adoption.

(NRS 689B.0265, 689B.500, 689C.190, 695A.159, 695B.193, 695C.173, 695F.480) The federal Patient Protection and Affordable Care Act (Pub. L. No. 111-148, as amended) prohibits an insurer from establishing rules that limit eligibility for a health care plan based on certain health status factors, including, without limitation, preexisting conditions, claims history or genetic information of the insured and also prohibits an insurer from charging a higher premium, deductible or copay based on those health status factors. (42 U.S.C. § 300gg-4) Sections 1, 6, 9, 13, 14, 18, 19 ~~and 23-26~~ 23-25 and 26 of this bill: (1) align Nevada law with federal law and require all insurers to offer ~~health insurance coverage~~ a health benefit plan regardless of the health status of a person ~~or group, as applicable~~; and (2) prohibit an insurer from denying, limiting or excluding a covered benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the insured. Sections 3, 4, 7, 10-12, 15, 17, 20, 21 and 29 of this bill remove partially duplicative provisions from existing law.

Federal regulations authorize a group health benefit plan to include a wellness program that offers discounts based on health status under certain conditions. (45 C.F.R. § 146.121) Sections 6, 9, 14, 18, 23 and 24 of this bill authorize group health benefit plans issued in this State to include such wellness programs under the same conditions as prescribed by federal regulations.

Existing law authorizes certain public officers and employees or the surviving spouse of such a retired officer or employee who is deceased to reinstate health insurance provided by the employer. If such an insurance plan is considered a grandfathered plan under the Patient Protection and Affordable Care Act, existing law authorizes such reinstatement to exclude claims for expenses for certain preexisting conditions. (NRS 287.0205) The Patient Protection and Affordable Care Act prohibits a grandfathered group plan from imposing such an exclusion. (42 U.S.C. §§ 300gg-3, 18011(a)(4)(B)) Section 27 of this bill removes authorization for certain government insurance plans to exclude claims for preexisting conditions for reinstated coverage in conformance with federal law and sections 6 and 25 of this bill. Section 25.5 of this bill authorizes such an insurance plan for only retired officers and employees to exclude claims for preexisting conditions under the same conditions as previously authorized for grandfathered plans. Sections 5, 8, 16 and 29 of this bill remove other provisions of existing law that reference exclusions based on a preexisting condition. Sections 2 and 22 of this bill make other conforming changes.

Remarks by Senator Ratti.

Amendment No. 62 revises Senate Bill No. 235 to replace various terms for a contract of health insurance with the term “a health benefit plan”; revises various sections of the bill to clarify that insurers shall not “deny, limit or exclude a covered benefit based on the health status of an insured”; authorizes group health benefit plans issued in this State to include wellness programs that offer discounts based on health status under the same conditions as prescribed by federal regulations; and authorizes certain government insurance plans for only retired officers and employees to exclude claims for preexisting conditions under the same conditions as previously authorized for grandfathered plans. This aligns Senate Bill No. 235 more tightly with the Affordable Care Act.

GENERAL FILE AND THIRD READING

Senate Bill No. 32.

Bill read third time.

Remarks by Senator Dondero Loop.

Senate Bill No. 32, in its first reprint, defines the terms "applicant," "disciplinary action" and "licensee" and provides that the records and files of the Department of Taxation concerning the imposition of a disciplinary action or the processing of applications for the operation of a marijuana establishment are confidential and privileged, except under certain conditions.

The bill establishes that the records and files concerning marijuana establishment applications and disciplinary actions against the holder of a license, registration, permit or certificate are confidential and privileged to the same extent as the records and files of the Department concerning the administration and collections of taxes and fees.

The bill authorizes certain records and files of the Department to be disclosed to grand juries, to state and local law enforcement agencies and to local regulatory agencies under certain circumstances.

Finally, the bill provides that the records and files of the Department concerning the imposition of a disciplinary action or the processing of applications for the operation of a marijuana establishment submitted on or after May 1, 2017, are not confidential and privileged, except in certain instances as required to protect specified legal, safety-related, personal or proprietary information.

Senate Bill No. 218.

Remarks by Senator Cannizzaro.

I rise in support of Senate Bill No. 218 which relates to protective orders in cases of domestic violence and also makes various changes to domestic violence. This is a topic we have all heard a lot about. One reason, is because domestic violence situations are not only the most dangerous for our first responders, law enforcement officers and other responders, but also for the individuals who are living in these situations. Senate Bill No. 218 makes important changes to protective orders which are the one thing we generally give to victims to say they are going to be safe from their attacker.

Under current statute, violations of a temporary protective order against domestic violence or an extended protective order for domestic violence are misdemeanor offences and lack the ability to provide true protection to victims who have asked that their abusers stay away from their home and place of business. Senate Bill No. 218 is a reasonable approach that increases the violation of a temporary protective order from a misdemeanor to a gross misdemeanor and for violating an extended protective order from a misdemeanor to a category C felony. Additionally, this bill provides that when judges are deciding whether or not to issue an extended order for protection, they may consider only the factors that are indicated in statute, which have been delineated and authorized not only by this Legislature, but also in the jurisprudence that currently exists and that truly focus on the safety of the victim and the presence of that domestic violence situation.

Additionally, Senate Bill No. 218 provides that a person who commits battery constituting domestic violence with the use of a deadly weapon is guilty of a category B felony if the person has previously been convicted of felony battery constituting domestic violence, battery constituting domestic violence including strangulation or a crime in another jurisdiction that would constitute felony domestic violence in Nevada. I urge my colleagues' support.

Senate Bill No. 279 requires the board of trustees of a general improvement district (GID) to follow certain procedures before selling real property owned by the GID. The board of trustees must obtain two independent appraisals, with limited exceptions, and must not sell the property for less than the highest appraised value of the appraisals obtained. The board must adopt procedures for creating and maintaining a list of qualified appraisers as specified and provides other criteria to follow. This bill ultimately makes GIDs follow the same rules currently in statute for cities and counties when they dispose of real property. It will engage the public more thoroughly in the process and ensure there are no surprises.

This bill only applies to telecommunications-based counties that have their own services. There is only one in the United States, and that is Churchill County.

Senate Bill No. 350.

Remarks by Senator Denis.

Senate Bill No. 350 transfers the authority governing the awarding of Nevada Promise Scholarships from each Nevada community college to the Board of Regents and requires that entity to administer the Program. The measure removes several statutory provisions and deadlines to receive the scholarship and instead requires the Board of Regents to adopt related regulations. A student who meets certain requirements may remain eligible for the scholarship each year and not be required to renew the scholarship each year.

The bill revises several existing scholarship requirements. It first decreases the number of required community service hours prior to receiving the scholarship from 20 hours to 8 hours. One of the challenges we found was that there were 12,000 students apply for this scholarship and having that many need to do 20 hours of community service was appropriate for high school but not for college. Some kids missed out on the scholarship because they could not complete this requirement. This bill also decreases the number of community service hours needed to retain the scholarship

while in college. It also decreases the number of training meetings a student must attend from 2 to 1. It changes requirements for the student to attend the meeting prior to enrolling in a community college. The challenge there was students had to meet with a mentor. We had 1,100 mentors who signed up, but one-one mentoring is not allowed to occur with high school students unless the mentor has been fingerprinted, so students are met with in a group setting. This required adjusting this requirement so students did not miss out on the scholarship because they could not fulfill this part of the requirement. The bill also requires a student obtain a high school diploma or equivalent by 20 years of age.

Finally, Senate Bill No. 350 provides that a student may be granted a leave of absence from the Program and remains eligible for the scholarship. This allows students who enter the military or go on a mission to still maintain their scholarship. This has been a successful program, it just requires a few changes. This year, we had 14,000 applicants for the scholarship. We were leaving \$82 million on the table because they were not applying for Free Application for Federal Student Aid. Now, millions of dollars have come in, and kids who did not think they could go to college are now going to college. I urge your support.

Remarks by Senator Goicoechea.

Senate Bill No. 460 authorizes the board of county commissioners in a county whose population is less than 100,000 (currently all counties other than Clark and Washoe Counties) to abolish, by ordinance, the office of public administrator. If such a county abolishes the office of public administrator, the person who was elected, appointed or serves as ex officio public administrator may serve out the remainder of his or her term of office. The board of county commissioners in that county must employ or contract with a person to perform the duties and functions of a public administrator within the county. Such a board of county commissioners may amend or repeal an ordinance adopted to resume the election of a public administrator or the person who is ex officio public administrator serving as public administrator in the county.

The best part of this bill is it requires all proceeds from an estate sale to go through the county general fund before they are dispersed. We had problems in Elko and Lyon County in the past. Lyon County had to reimburse an estate by \$2.1 million because their elected public administrator failed to act properly. There are two counties in the State, Elko and Lyon, who are functioning under a contracted public administrator. This bill allows a county to appoint one if no one runs for the office and to establish this by ordinance. If this does not work out, the county can always go back to the election process. This is a good bill, and it will solve some problems in the rural counties. I urge your support.

Senate Bill No. 473 revises certain definitions relating to affordable housing to establish 3 tiers of affordable housing and define “affordable housing” as housing that falls within any of the 3 tiers. These revised definitions are applied throughout various statutes. Housing at all 3 tiers is required to cost a household with an income at the maximum amount for the tier not more than 30 percent of the total monthly gross household income of the household.

The bill replaces certain references to housing for “low-income households” with references to the revised definition of affordable housing. Finally, the bill specifies that cities and counties may use certain revenue from the real property transfer tax to develop tier 1 and tier 2 affordable housing. This was available already. This is a revising of the definitions to make it very clear where it can be used.

SENATOR SEEVERS GANSERT:

Assembly Bill No. 182 designates the chemical element known as "Neon" as the official State element of the State of Nevada. We would be the first state in the Nation to have its own official element under this bill. The Carson City Montessori School brought this legislation forward to us. I urge your support.

SENATOR DENIS:

I stand in support of Assembly Bill No. 182. Neon is an iconic part of our history, and I am reminded daily as I drive by the Neon Museum of the history we have in our State. This is an amazing opportunity for us to be able to celebrate this. I urge your support.

SENATOR KIECKHEFER:

I had serious questions about the bill in front of us when I first heard about it. I thought, “Why not silver; we are the Silver State.” A group of students from my district explained to me that we already recognize silver by calling ourselves the Silver State in our own motto. They were very persuasive in their efforts to convince me to support this bill and eventually won me over because they were very good at what they were doing. They were well-researched, well-spoken and knew exactly what they were proposing. They knew why they were doing it and had answers to all of my questions. I would like to thank those students for being so engaged in this process and congratulate them on the success they will hopefully witness shortly.
