EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to emergency management; requiring a state of
emergency or declaration of disaster proclaimed by the
Governor to terminate after 15 days unless the Legislature
expressly approves a continuance of the emergency or
disaster; prohibiting the Governor from proclaiming the
existence of a state of emergency or declaration of
disaster due to the same occurrence or threatened
occurrence as that of an emergency or disaster which has
terminated unless the Legislature expressly approves the
proclamation; prohibiting the exercise of certain powers
by the Governor without the express approval of the
Legislative Commission or the Legislature; and providing
other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law provides the Governor with certain emergency powers during the
2 existence of a state of emergency or declaration of disaster. Under existing law, the
3 Governor and the Legislature are authorized to proclaim the existence of a state of
4 emergency or declaration of disaster if the Governor or the Legislature finds that:
5 (1) an attack upon the United States has occurred or is about to occur, or a natural,
6 technological or man-made emergency or disaster has actually occurred within this
7 State; and (2) the safety and welfare of the inhabitants of this State require an
8 invocation of the provisions of existing law providing the Governor with certain
9 emergency powers. Under existing law, a state of emergency or declaration of

10 disaster proclaimed by the Governor or the Legislature terminates when the
11 Governor issues a proclamation terminating the emergency or disaster or the
12 Legislature passes a resolution terminating the emergency or disaster.
13 (NRS 414.070)

14 **Section 2** of this bill provides that a state of emergency or declaration of
15 disaster proclaimed by the Governor terminates automatically 15 days after it is
16 proclaimed by the Governor. However, **section 2** provides that a state of emergency
17 or declaration of disaster may continue beyond that 15-day period if the
18 Legislature, by resolution, expressly approves the continuance. Additionally, if a
19 state of emergency or declaration of disaster proclaimed by the Governor
20 terminates, **section 2** prohibits the Governor from subsequently proclaiming the
21 existence of a state of emergency or declaration of disaster due to the same
22 occurrence or threatened occurrence as that of the terminated emergency or disaster
23 unless the Legislature, by resolution, expressly approves the proclamation. Finally,
24 if the exercise of any emergency power by the Governor would impose a
25 requirement on or otherwise restrict the operation of a business in this State,
26 **sections 1 and 2** of this bill prohibit the Governor from exercising such a power
27 without the express approval of the Legislative Commission or Legislature.

28 **Section 3** of this bill applies the provisions of **section 2** to states of emergency
29 or declarations of disaster proclaimed by the Governor that are in effect on the
30 effective date of this bill. However, under **section 3**, a state of emergency or
31 declaration of disaster proclaimed by the Governor that is in effect on the effective
32 date of this bill terminates 10 days after the effective date of this bill, rather than 15
33 days after the date upon which the emergency or disaster was proclaimed.
