Legislative Counsel's Digest:

1 Existing law requires the Nevada Sentencing Commission (hereinafter "Commission") to
 2 develop a formula to calculate the amount of costs avoided by the State each fiscal year as a
 3 result of the enactment of Assembly Bill No. 236 of the 2019 Legislative Session, which made
 4 various changes to criminal law and criminal procedure. Existing law requires the
 5 Commission to: (1) use the formula each fiscal year to calculate the costs avoided by the State
 6 during the immediately preceding fiscal year; and (2) prepare a biennial report containing the
 7 projected amount of costs avoided for the next biennium and recommendations for the
 8 reinvestment of the amount of those costs. (NRS 176.01347) **Section 1** of this bill requires the
 9 Executive Director of the Department of Sentencing Policy to assist the Commission in
 10 carrying out such requirements relating to the use of the formula and the preparation of a
 11 biennial report. **Section 5** of this bill makes a conforming change to require the Commission

12 to carry out such duties with the assistance of the Department of Sentencing Policy
13 (hereinafter “Department”).

14 Existing law imposes various duties on the Commission, including a requirement that the
15 Commission, with the assistance of the Department, prepare a biennial report that includes the
16 Commission’s recommended changes pertaining to sentencing, its findings and any
17 recommendations for proposed legislation and submit the report to the Governor and the
18 Legislature. (NRS 176.0134) Existing law also requires the Commission to prepare and
19 submit a biennial report to the Governor, the Legislature and the Chief Justice of the Nevada
20 Supreme Court that includes recommendations for improvements, changes and budgetary
21 adjustments. The Commission is also authorized to include in the report additional
22 recommendations for future legislation and policy options to enhance public safety and
23 control corrections costs. (NRS 176.01343) **Section 2** of this bill combines such requirements
24 so the Commission is required to prepare one biennial report that is submitted to the
25 Governor, the Legislature and the Chief Justice of the Nevada Supreme Court. **Section 2**
26 establishes the information to be included in such a report, and **section 4** of this bill makes a
27 conforming change to remove the language referencing the additional report.

28 Existing law establishes the Nevada Local Justice Reinvestment Coordinating Council
29 (hereinafter “Council”), consisting of members appointed by the governing bodies of counties.
30 (NRS 176.014) **Section 6** of this bill authorizes the Commission to adopt any qualifications
31 that a person must meet before being appointed as a member of the Council and requires each
32 member of the Council to meet any such qualifications.

33 Existing law provides that a defendant convicted of a sexual offense and sentenced to
34 lifetime supervision may petition the sentencing court or the State Board of Parole
35 Commissioners for release from lifetime supervision if, among other criteria, the offender has
36 been determined to be not likely to pose a threat to the safety of others. (NRS 176.0931)
37 Existing law requires such a determination to be made by a person professionally qualified to
38 conduct psychosexual evaluations who meets certain statutory requirements, including being
39 licensed in this State. (NRS 176.0931, 176.133) **Section 6.5** of this bill allows such a
40 determination to be made by any licensed, clinical professional who has received training in
41 the treatment of sexual offenders.

42 Existing law requires that reports of presentence investigations include certain specific
43 information and any other information the court requires. (NRS 176.145) **Section 7** of this bill
44 removes the provision concerning other information the court requires to provide uniformity
45 in the information contained in reports of presentence investigations.

46 Existing law requires the Chief Parole and Probation Officer of the Division of Parole and
47 Probation of the Department of Public Safety (hereinafter “Chief”) to adopt standards to assist
48 in formulating a recommendation concerning the granting of probation to an eligible
49 convicted person or the revocation of parole or probation of a convicted person. (NRS
50 213.10988) Existing law also requires a court to consider such standards and the
51 recommendation of the Chief in determining whether to grant probation to an eligible
52 convicted person. (NRS 176A.100) **Section 35** of this bill repeals the provision requiring the
53 Chief to adopt such standards, and **sections 9 and 15** of this bill accordingly remove the
54 requirement that a court consider such standards when determining whether to grant probation
55 to an eligible convicted person.

56 Existing law requires an inquiry to determine probable cause to be conducted before a
57 probationer who is in custody for a violation of a condition of probation is returned to court
58 for the violation and establishes provisions relating to such an inquiry. (NRS 176A.580-
59 176A.610) Existing law authorizes the Chief to order such a probationer to be placed in
60 residential confinement instead of detention in a county jail pending such an inquiry. (NRS
61 176A.530) **Section 35** repeals such provisions, and **sections 13, 14 and 20** of this bill make
62 conforming changes to remove references to such an inquiry.

63 Existing law requires the Division of Parole and Probation of the Department of Public
64 Safety (hereinafter “Division”) to adopt a written system of graduated sanctions for parole and
65 probation officers to use when a parolee or probationer commits a technical violation of parole
66 or probation, as applicable. (NRS 176A.510) **Section 12** of this bill removes references to
67 parole and parolees from such provisions to make the provisions applicable only to probation
68 and probationers, and **section 21** of this bill establishes a new section that applies only to
69 parole and parolees. **Sections 22 and 27** of this bill make conforming changes to indicate the
70 placement of **section 21** within the Nevada Revised Statutes. Existing law also generally

71 requires the Division to administer a risk and needs assessment to each parolee and
 72 probationer under the supervision of the Division for the purpose of establishing a level of
 73 supervision and develop an individualized case plan for each parolee and probationer. (NRS
 74 213.1078) **Section 23** of this bill removes references to probation and probationers from such
 75 provisions to make the provisions applicable only to parole and parolees, and **section 8** of this
 76 bill establishes a new section that applies only to probation and probationers.

77 **Sections 3, 10, 11, 13, 16-18, 24-26 and 28-31** of this bill remove the use of the obsolete
 78 terms “intensive supervision” and “strict supervision” in the Nevada Revised Statutes with
 79 regard to the supervision of probationers and parolees and replace such terms with the term
 80 “enhanced supervision.”

81 Existing law provides that there is a reasonable inference that a person has embezzled a
 82 vehicle if the person leased or rented the vehicle and willfully and intentionally failed to
 83 return the vehicle to its owner within 72 hours after the lease or rental agreement expired.
 84 (NRS 205.312) Existing law provides that a person who is guilty of embezzlement is punished
 85 in the manner prescribed by law for the stealing or larceny of property of the kind and name of
 86 the money, goods, property or effects taken, converted, stolen used or appropriated. (NRS
 87 205.300) Existing law also provides that a person who commits an offense involving a stolen
 88 vehicle is guilty of a category C felony and is additionally required to pay restitution. (NRS
 89 205.273) **Section 19** of this bill specifies that a person who is convicted of embezzling a
 90 vehicle is also guilty of a category C felony and is additionally required to pay restitution.

91 Existing law generally provides that a person who is convicted of the possession of 1
 92 ounce or less of marijuana is guilty of a misdemeanor for the first or second offense, a gross
 93 misdemeanor for the third offense and a category E felony for the fourth or subsequent
 94 offense, and a person who knowingly or intentionally sells, manufactures, delivers or brings
 95 into this State, or who is knowingly or intentionally in actual or constructive possession of, 50
 96 pounds or more, but less than 1,000 pounds, of marijuana or 1 pound or more, but less than 20
 97 pounds, of concentrated cannabis is guilty of a category C felony. (NRS 453.336, 453.339)
 98 Existing law exempts a person who is 21 years of age or older from state prosecution for the
 99 possession, delivery or production of 1 ounce or less of usable cannabis or one-eighth of an
 100 ounce of concentrated cannabis. (NRS 678D.200) **Section 32** of this bill generally provides
 101 that a person who is convicted of the possession of more than 1 ounce, but less than 50
 102 pounds, of marijuana or more than one-eighth of an ounce, but less than one pound, of
 103 concentrated cannabis, is guilty of a category E felony.

104 Existing law authorizes the Attorney General to investigate and prosecute any criminal
 105 offense committed by a county officer or employee in the course of his or her duties or arising
 106 out of circumstances related to his or her position in certain circumstances when the district
 107 attorney of the county does not act in the matter. (NRS 228.177) **Section 31.5** of this bill
 108 authorizes the Attorney General to investigate and prosecute any criminal offense committed
 109 by a county officer or employee or a city officer or employee in the course of his or her duties
 110 or arising out of circumstances related to his or her position in certain circumstances when the
 111 district attorney of the county or the city attorney, as applicable, does not act in the matter.

112 **Section 33** of this bill provides that the amendatory provisions of **sections 19 and 32**
 113 apply to an offense committed: (1) on or after July 1, 2021; and (2) before July 1, 2021, if the
 114 person is sentenced on or after July 1, 2021. **Section 33** also provides that the amendatory
 115 provisions of **section 31.5** apply to an offense committed: (1) on or after the effective date of
 116 **section 31.5**; and (2) before the effective date of **section 31.5** if the applicable statute of
 117 limitations has not expired on the effective date of **section 31.5**.

118 **Section 32.5** of this bill makes an appropriation to the Department of Sentencing Policy
 119 for personnel costs related to data management.

24 of sentencing, it is established that the person had previously been two times
25 convicted, whether in this State or elsewhere, of a crime that under the laws of the
26 situs of the crime or of this State would amount to a felony. If the person denies the
27 existence of a previous conviction, the court shall determine the issue of the
28 previous conviction after hearing all relevant evidence presented on the issue by the
29 prosecution and the person. At such a hearing, the person may not challenge the
30 validity of a previous conviction. For the purposes of this paragraph, a certified
31 copy of a felony conviction is prima facie evidence of conviction of a prior felony.

32 (c) Another felony, a gross misdemeanor or a misdemeanor, the court may
33 suspend the execution of the sentence imposed and grant probation as the court
34 deems advisable.

35 2. In determining whether to grant probation to a person, the court shall not

39 ~~3. [The court shall consider the standards adopted pursuant to NRS 213.10988~~
40 ~~and the recommendation of the Chief Parole and Probation Officer, if any, in~~
41 ~~determining whether to grant probation to a person.~~

42 ~~—4.]~~ If the court determines that a person is otherwise eligible for probation but
43 requires more supervision than would normally be provided to a person granted
44 probation, the court may, in lieu of sentencing the person to a term of
45 imprisonment, grant probation pursuant to the Program of ~~[Intensive]~~ *Enhanced*
46 Supervision established pursuant to NRS 176A.440.

47 ~~[5.]~~ 4. Except as otherwise provided in this subsection, if a person is
48 convicted of a felony and the Division is required to make a presentence
49 investigation and report to the court pursuant to NRS 176.135, the court shall not
50 grant probation to the person until the court receives the report of the presentence
51 investigation from the Chief Parole and Probation Officer. The Chief Parole and
52 Probation Officer shall submit the report of the presentence investigation to the
53 court not later than 45 days after receiving a request for a presentence investigation

1 from the county clerk. If the report of the presentence investigation is not submitted
2 by the Chief Parole and Probation Officer within 45 days, the court may grant
3 probation without the report.

4 ~~6.~~ 5. If the court determines that a person is otherwise eligible for
5 probation, the court shall, when determining the conditions of that probation,
6 consider the imposition of such conditions as would facilitate timely payments by
7 the person of an obligation, if any, for the support of a child and the payment of any
8 such obligation which is in arrears.

9 **Sec. 10.** NRS 176A.310 is hereby amended to read as follows:

49 **Sec. 24.** NRS 213.1215 is hereby amended to read as follows:

50 213.1215 1. Except as otherwise provided in this section and in cases where
51 a consecutive sentence is still to be served, if a prisoner sentenced to imprisonment
52 for a term of 3 years or more:

53 (a) Has not been released on parole previously for that sentence; and

1 (b) Is not otherwise ineligible for parole,
2 ➤ the prisoner must be released on parole 12 months before the end of his or her
3 maximum term or maximum aggregate term, as applicable, as reduced by any
4 credits the prisoner has earned to reduce his or her sentence pursuant to chapter 209
5 of NRS.

6 2. Except as otherwise provided in this section, a prisoner who was sentenced
7 to life imprisonment with the possibility of parole and who was less than 16 years
8 of age at the time that the prisoner committed the offense for which the prisoner
9 was imprisoned must, if the prisoner still has a consecutive sentence to be served,
10 be granted parole from his or her current term of imprisonment to his or her
11 subsequent term of imprisonment or must, if the prisoner does not still have a
12 consecutive sentence to be served, be released on parole, if:

13 (a) The prisoner has served the minimum term or the minimum aggregate term
14 of imprisonment imposed by the court, as applicable;

15 (b) The prisoner has completed a program of general education or an industrial
16 or vocational training program;

17 (c) The prisoner has not been identified as a member of a group that poses a
18 security threat pursuant to the procedures for identifying security threats established
19 by the Department of Corrections; and

20 (d) The prisoner has not, within the immediately preceding 24 months:

21 (1) Committed a major violation of the regulations of the Department of
22 Corrections; or

23 (2) Been housed in disciplinary segregation.

24 3. If a prisoner who meets the criteria set forth in subsection 2 is determined
25 to be a high risk to reoffend in a sexual manner pursuant to NRS 213.1214, the
26 Board is not required to release the prisoner on parole pursuant to this section. If the
27 prisoner is not granted parole, a rehearing date must be scheduled pursuant to NRS
28 213.142.

29 4. The Board shall prescribe any conditions necessary for the orderly conduct
30 of the parolee upon his or her release.

31 5. Each parolee so released must be supervised closely by the Division, in
32 accordance with the plan for *enhanced* supervision developed by the Chief
33 pursuant to NRS 213.122.

34 6. If a prisoner meets the criteria set forth in subsection 1 and there are no
35 current requests for notification of hearings made in accordance with subsection 4
36 of NRS 213.131 or, if the Board is not required to provide notification of hearings
37 pursuant to NRS 213.10915, the Board has not been notified by the automated
38 victim notification system that a victim of the prisoner has registered with the
39 system to receive notification of hearings, the Board may grant parole to the
40 prisoner without a meeting. If the Board finds that there is a reasonable probability
41 that a prisoner considered for release on parole pursuant to subsection 1 will be a
42 danger to public safety while on parole, the Board may require the prisoner to serve
43 the balance of his or her sentence and not grant the parole. If, pursuant to this
44 subsection, the Board does not grant the parole provided for in subsection 1, the
45 Board shall provide to the prisoner a written statement of its reasons for denying
46 parole.

47 7. If the Board finds that there is a reasonable probability that a prisoner
48 considered for release on parole pursuant to subsection 2 will be a danger to public
49 safety while on parole, the Board is not required to grant the parole and shall
50 schedule a rehearing pursuant to NRS 213.142. Except as otherwise provided in
51 subsection 3 of NRS 213.1519, if a prisoner is not granted parole pursuant to this
52 subsection, the criteria set forth in subsection 2 must be applied at each subsequent
53 hearing until the prisoner is granted parole or expires his or her sentence. If,

1 pursuant to this subsection, the Board does not grant the parole provided for in
2 subsection 2, the Board shall provide to the prisoner a written statement of its
3 reasons for denying parole, along with specific recommendations of the Board, if
4 any, to improve the possibility of granting parole the next time the prisoner may be
5 considered for parole.

6 8. If the prisoner is the subject of a lawful request from another law
7 enforcement agency that the prisoner be held or detained for release to that agency,
8 the prisoner must not be released on parole, but released to that agency.

9 9. If the Division has not completed its establishment of a program for the
10 prisoner's activities during his or her parole pursuant to this section, the prisoner
11 must be released on parole as soon as practicable after the prisoner's program is
12 established.

13 10. For the purposes of this section, the determination of the 12-month period
14 before the end of a prisoner's term must be calculated without consideration of any
15 credits the prisoner may have earned to reduce his or her sentence had the prisoner
16 not been paroled.

17 **Sec. 25.** NRS 213.122 is hereby amended to read as follows:

18 213.122 The Chief shall develop a statewide plan for the ~~strict~~ *enhanced*
19 supervision of parolees released pursuant to NRS 213.1215. In addition to such
20 other provisions as the Chief deems appropriate, the plan must provide for the
21 supervision of such parolees by assistant parole and probation officers whose
22 caseload allows for enhanced supervision of the parolees under their charge unless,
23 because of the remoteness of the community to which the parolee is released,
24 enhanced supervision is impractical.

25 **Sec. 26.** NRS 213.124 is hereby amended to read as follows:

26 213.124 1. Upon the granting of parole to a prisoner, the Board may require
27 the parolee to submit to a program of ~~intensive~~ *enhanced* supervision as a
