AN ACT relating to telecommunication service; providing for the regulation of certain suppliers that provide an inmate calling service by the Public Utilities Commission of Nevada; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Public Utilities Commission of Nevada to regulate certain utilities. (Chapter 704 of NRS) Under existing law, all telecommunication providers, with the exception of certain small-scale providers of last resort, are classified as competitive suppliers and subject to reduced regulation by the Commission. (NRS 704.68861-704.68887) Existing federal regulations adopted by the Federal Communications Commission establish rate caps and certain other limitations on charges that may be imposed by a provider of an inmate calling service for interstate or international calls. (47 C.F.R. §§ 64.6000 et seq.)

Section 3 of this bill defines “inmate calling service” to mean a calling service that allows a person confined in a correctional facility to make intrastate calls to persons outside the correctional facility in which the person is being confined. **Section 2** of this bill defines “correctional facility” to include a public or private correctional facility.

Section 5 of this bill requires the Commission to adopt by regulation procedures to: (1) establish rate caps and certain limitations on charges for an inmate calling service; and (2) approve a schedule or tariff that exceeds such a rate cap or fails to comply with a limitation prescribed by the Commission. **Section 5** also requires the Commission to review annually, and, if necessary, revise such a rate cap or limitation established or imposed by the Commission.

Section 4 of this bill requires a competitive supplier to file with the Commission, and obtain approval for, a schedule or tariff that specifies the rates, terms and conditions applicable to an inmate calling service before providing the service. **Section 4** requires the Commission to approve any schedule or tariff that specifies rates, terms and conditions that do not exceed a rate cap prescribed by the Commission and that comply with any limitation prescribed by the Commission. **Section 4** authorizes the Commission to approve a schedule or tariff that exceeds a rate cap or fails to comply with a limitation prescribed by the Commission pursuant to the procedure adopted pursuant to **section 5**. **Section 4** also requires a competitive

26 supplier to submit a revised schedule or tariff if the Commission revises a rate cap or
27 limitation and the schedule or tariff on file with the Commission exceeds the revised rate cap
28 or fails to comply with the revised limitation. **Section 12** of this bill authorizes a competitive
29 supplier who provides an inmate calling service before October 1, 2021, to continue to
30 provide such service if the competitive supplier files with the Commission the tariff or
31 schedule required by **section 4** by a certain date. **Sections 10 and 11** of this bill make
32 conforming changes to remove certain exemptions from regulation by the Commission for
33 competitive suppliers that provide an inmate calling service. **Section 11** of this bill requires a
34 competitive supplier that provides an inmate calling service to publish the rates, terms and
35 conditions of the inmate calling service. **Sections 6-9** of this bill make conforming changes to
36 indicate the proper placement of **sections 2-5** in the Nevada Revised Statutes.
