Legislative Counsel’s Digest:

Existing law requires the Superintendent of Public Instruction to establish various state seals to be awarded to pupils who graduate high school with a high level of proficiency in certain subjects. (NRS 388.591, 388.594, 388.596, 388.597)

Section 2 of this bill similarly establishes a State Seal of Civics Program. Section 3 of this bill sets forth the criteria for earning a State Seal of Civics. Section 4 of this bill requires the Superintendent of Public Instruction to enter into a cooperative agreement with one or more community colleges, state colleges and universities to grant credit for courses in a subject at the community college, state college or university for which a pupil is awarded a State Seal.

Section 5 of this bill requires the Superintendent of Public Instruction to adopt regulations that establish criteria for the Superintendent to designate a school, pupil or teacher or other school employee as a School of Civic Excellence, Student Civic Leader or Educator Civic Leader, respectively. Section 7 of this bill requires the Superintendent of Public Instruction to establish the Pupil Civic Advisory Panel.

Under existing law, a public high school must administer an examination with questions identical to the questions contained in the civics portion of the
naturalization test adopted by the United States Citizenship and Immigration Services of the Department of Homeland Security and report the aggregate results of the examination to the board of trustees of the school district in which the high school is located. (NRS 389.009) Section 8 of this bill requires the board of trustees of each school district to report the results of the examination to the Department of Education.

Existing law designates various core academic subjects, including, without limitation, social studies, which includes only the subjects of history, geography, economics and government. (NRS 389.018) Section 9 of this bill adds civics to the list of subjects included within social studies. Beginning with the graduating class of 2027, section 9 requires instruction in social studies to require a pupil to complete a service learning project during high school. Sections 6 and 10 of this bill make conforming changes related to the addition of civics to social studies.

Under existing law, the Council to Establish Academic Standards for Public Schools is required to establish standards of content and performance for ethnic and diversity studies for certain pupils. The standards must, without limitation, examine the culture, history and contributions of certain American communities. (NRS 389.525) Section 11 of this bill includes additional communities in the list of communities whose culture, history and contributions must be examined.
