AN ACT relating to pharmacy; requiring certain meetings of the State Board of Pharmacy to be open and public; authorizing the Board to enter into certain agreements; authorizing the Board to require certain persons to undergo a criminal background check; requiring an applicant for registration as a pharmacist or pharmaceutical technician to undergo a criminal background check; increasing certain fees; revising provisions relating to administrative proceedings before the Board; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law creates the State Board of Pharmacy and sets forth the general and regulatory powers of the Board. (NRS 639.020, 639.070) **Section 3** of this bill authorizes the Board to: (1) enter into written agreements for improving the enforcement of and compliance with the provisions of law governing the practice of pharmacy, controlled substances and dangerous drugs; (2) contract with a private entity for the administration of the database of the computerized program that tracks each prescription for certain controlled substances; and (3) require the holder of a certificate, license or permit issued by the Board or a person with significant influence over the holder of a certificate, license or permit to undergo a criminal background check. **Sections 5 and 6** of this bill require an applicant for registration as a pharmacist or a pharmaceutical technician to undergo a criminal background check. **Section 11** of this bill requires the Board to implement and maintain reasonable security measures to protect information obtained for the purpose of conducting such a background check.

Existing law requires, in general, the meetings of a public body to be open and public. (NRS 241.016) However, existing law provides that meetings of the Board which are held to deliberate on a decision in an administrative action are closed to the public. (NRS 639.050) **Section 2** of this bill removes this provision, thereby requiring, in general, a meeting of the Board for that purpose to be open and public. The Board would still be authorized to close a meeting for certain purposes, including, consideration of the character, alleged misconduct, professional competence or physical or mental health of a person, unless the person waives such closure. (NRS 241.030)

Section 13 of this bill repeals a requirement that the Board furnish to applicants and registrants free copies of law and regulations governing the practice of pharmacy, controlled substances, dangerous drugs and foods, drugs and cosmetics. (NRS 639.095)

Section 4 of this bill revises the credentials that authorize a person to manufacture, engage in wholesale distribution, compound, sell or dispense any drug, poison, medicine or chemical. **Section 7** of this bill increases the fees for the investigation or issuance or renewal of a license as a manufacturer or wholesaler.

Existing law authorizes the Board to take disciplinary action against a holder of any certificate, license or permit issued by the Board for certain violations. (NRS 639.255) **Section 8** of this bill increases the amount of time for a person to request a hearing before the Board to answer to violations alleged by the Board and submit evidence.

Existing law makes it a misdemeanor to: (1) secure or attempt to secure registration as a pharmacist, pharmacy technician or a practitioner through false representation; or (2) fraudulently represent oneself to be a registered pharmacist or practitioner. Existing law provides for the automatic cancellation of any certificate issued by the Board based on false or fraudulent information. (NRS 639.281) **Section 10** of this bill expands these provisions to apply to any certificate, license or permit issued by the Board.
