Approved by: David Jensen, Superintendent

Comment: The BDR as presented would require the district to examine current curriculum and make modifications as deemed necessary. In addition, a minimum of one of our schools, Winnemucca Junior High, whose mascot is the Warriors, would be required to rebrand and would incur significant expense to redo the basketball floor as well as replace existing murals that honor our Native American ties in Humboldt County. We are also unable to calculate how extensive the fiscal impact would be as the definitions provided are arbitrary and would be left to individual interpretation.

Comment: AB 88 contains provision with respect to certain culturally sensitive issues that would require policy adoption and professional development. Professional development would be designed to train and educate staff with respect to proper conduct, language and cultural sensitivity, or awareness, in general. Policy development would not generate additional costs but training and education would.
