

THE ONE HUNDRED-SIXTH DAY

CARSON CITY (Monday), May 17, 2021

Senate called to order at 12:28 p.m.

President Marshall presiding.

Roll called.

All present.

Prayer by the Chaplain, Reverend JJ Tuttle.

Merciful God, be gracious to these, our lawmakers. Shower Your mercy on them as they continue to take on the challenges of their office. Schedules press on them, and obligations pursue them all day long. No one more than You knows the pace they keep, the long days and restless nights, the unrelenting schedule they juggle. In You, may they find their rest. Keep their feet from falling, that they may walk before You in the light May Your light shine on their lives. In You, may they place their trust. Keep their consciences clear and their motives pure as You guide their decisions. In You, may they be assured that their worries and concerns are known. Keep them in Your care, that nothing can snatch them from Your hand. To You, may they turn, confident of Your deliverance and sure in the stamina You provide. To You, may they offer their praise, and to Your Word may they turn.

In Your saving Name, we pray.

AMEN.

Pledge of Allegiance to the Flag.

By previous order of the Senate, the reading of the Journal is dispensed with, and the President and Secretary are authorized to make the necessary corrections and additions.

Resolution read.

Senator Cannizzaro moved the adoption of the resolution.

Remarks by Senator Cannizzaro.

Senate Resolution No. 4 provides compensation for the Senator clergy for the 2021 Legislative Session. I extend a vote of thanks for the extraordinary service provided by our clergy coordinator, Nick Emery, and for all of our daily chaplains who have been patient with us as we move through these longer agendas and longer waiting periods. Our clergy and others are always giving us words of encouragement to keep us going through these 120 days, and we are extremely grateful for them.

Resolution adopted.

Senator Cannizzaro moved that, for the remainder of the 81st Legislative Session, all necessary rules be suspended, and that all bills and resolutions reported out of Committee be immediately placed on the appropriate reading files.

Motion carried.

Senator Cannizzaro moved that, for the remainder of the 81st Legislative Session, all necessary rules be suspended, and that the reprinting of all bills and resolutions, amended on the General File or the Resolution File, be dispensed with, that the Secretary be authorized to insert all amendments adopted by the Senate, and that the bill or resolution be placed back on the appropriate reading file and considered next.

Remarks by Senator Cannizzaro.

This suspension eliminates having to wait for a reprint from the Legal Division before the Senate can vote on the passage of a bill or joint resolution or the adoption of a concurrent or House resolution.

Motion carried.

Senator Cannizzaro moved that, for the remainder of the 81st Legislative Session, Senate Standing Rule No. 92 be suspended which pertains to Committee meetings' notice of bills and resolutions, topics and public hearings.

Remarks by Senator Cannizzaro.

This suspension allows greater flexibility for Committees to schedule hearings, as needed, to consider exempt Assembly measures that may still need hearings in Senate Policy Committees and to consider Senate bills and resolutions that have been amended by the Assembly.

Motion carried.

Senator Cannizzaro moved that, for the remainder of the 81st Legislative Session, all necessary rules be suspended, and that all Senate bills and resolutions that have been passed or adopted by the Senate be immediately transmitted to the Assembly, time permitting.

Remarks by Senator Cannizzaro.

Immediately transmitting all Senate measures provides the Assembly an opportunity to begin processing these measures the same day they are acted upon by the Senate. The President will announce the transmittal of Senate bills and resolutions each time which provides members the opportunity to reconsider or rescind the Senate's action. Once Senate measures have been transmitted to the Assembly, the Senate has no jurisdiction as to further options for legislative action at that time.

The President will announce the transmittal of these Assembly bills and resolutions each time which will provide members with the opportunity to reconsider or rescind the Senate's action. Once these Assembly measures have been transmitted to the Assembly, the Senate has no jurisdiction as to further options for legislative action unless these measures should later return to the Senate under Unfinished Business.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 522.

SUMMARY—Revises provisions relating to prescriptions. (BDR 54-61)

AN ACT relating to pharmacy; requiring certain pharmacies to provide certain information regarding a prescription in a language other than English under certain circumstances; requiring such pharmacies to post notice of the rights of a patient to request information in language other than English; providing immunity from civil liability to a pharmacy or employee for injuries resulting from the translation of such information by a third party under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to regulate the practice of pharmacy and the sale and dispensing of poisons, drugs, chemicals and medicines. (NRS 639.070) Existing law prescribes requirements for labeling containers for prescription drugs. (NRS 639.2801) This bill requires each pharmacy, except for an institutional pharmacy, to provide the ~~information~~

specific directions for use required to be included on the label of a prescription drug in English and, upon request of a prescribing practitioner, patient or an authorized representative of a patient, any language prescribed by regulations adopted by the Board. This bill provides that if a pharmacy enters into a contract with a third party for the translation of the information required to be provided by the pharmacy, the pharmacy and any employee of the pharmacy are not liable in any civil action for any injury resulting from the translation by the third party which is not the result of negligence, recklessness or deliberate misconduct of the pharmacy or employee. Finally, this bill requires a pharmacy subject to this requirement to post in a conspicuous place: (1) notice of the rights of a patient to request information in a language other than English; and (2) a list of every language in which such information may be made available.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 639 of NRS is hereby amended by adding thereto a new section to read as follows:

1. *Each pharmacy, except for an institutional pharmacy, shall, upon the request of a prescribing practitioner, a patient or an authorized representative of a patient, provide the information required by subsection 6 of NRS 639.2801 in English and any language in which the information is required to be provided pursuant to subsection 3.*

2. *Each pharmacy subject to the requirements of subsection 1 shall post in a conspicuous place:*

(a) Notice of the rights of a patient to request information in a language other than English pursuant to subsection 1; and

(b) A list of every language in which such information is available.

3. *The Board shall adopt regulations prescribing every language in which a pharmacy is required to provide information required by NRS 639.2801. The languages in which a pharmacy is required to provide such information must be specified by the regulations adopted by the Board pursuant to this section based on demographic trends and projections.*

4. *The Board may adopt such other regulations as are necessary to carry out the provisions of this section.*

5. If a pharmacy enters into a contract with a third party for the translation of the information that the pharmacy is required to provide pursuant to this section, the pharmacy and any employee of the pharmacy are not liable in any civil action for any injury resulting from the translation by the third party which is not the result of negligence, recklessness or deliberate misconduct of the pharmacy or employee.

Sec. 2. 1. This section becomes effective upon passage and approval.

2. Section 1 of this act becomes effective:

(a) Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

(b) On ~~(January)~~ July 1, 2022, for all other purposes.

Senator Ratti moved the adoption of the amendment.

Remarks by Senator Ratti.

Amendment No. 522 to Assembly Bill No. 177 revises the information that must be provided in languages prescribed by the State Board of Pharmacy. It provides that if a pharmacy enters into a contract with a third party for the translation of the required information, neither the pharmacy nor its employees are liable in any civil action for any injury resulting from the translation as long as it is not the result of negligence, recklessness or deliberate misconduct.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 520.

SUMMARY—Revises provisions relating to mental health. (BDR 40-522)

AN ACT relating to mental health; providing for the reporting of certain information by certain providers of health care relating to attempted suicide; requiring certain insurers and other organizations providing health coverage to adhere to certain provisions of federal law; requiring certain insurers and other organizations providing health coverage to submit information demonstrating mental health parity and addiction equity compliance; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a provider of health care who knows of, or provides services to, a person who has suffered or is suspected of having suffered a drug overdose to report that fact and certain additional information to the Chief Medical Officer pursuant to procedures adopted by regulation by the State Board of Health. (NRS 441A.120, 441A.150) Existing law: (1) makes it a misdemeanor for a provider of health care to willfully fail to make such a report; and (2) additionally subjects a provider of health care who willfully fails to make such a report to an administrative fine. (NRS 441A.920) Sections 6.2 and 6.4 of this bill additionally require ~~the provider~~ certain providers of health care designated by the State Board of Health who ~~knows~~ know of, or ~~provides~~ provide services to, a person who ~~has died by suicide,~~ has attempted suicide or is suspected of having attempted suicide to report that fact to the Chief Medical Officer pursuant to procedures adopted by regulation by the State Board of Health. If such a provider of health care provides services in a medical facility, section 6.4 authorizes the medical facility to submit the report on behalf of the provider. Section 6.6 of this bill provides for the confidentiality of personal information concerning ~~a suicide or~~ an attempted suicide reported to the Chief Medical Officer. Section 6.8 of this bill subjects

a provider of health care who willfully fails to make such a report to the same misdemeanor penalty and administrative fine as a provider of health care who willfully fails to report a drug overdose. Section 6.4 requires the Chief Medical Officer to annually compile and submit to the Patient Protection Commission a report summarizing the information he or she receives from providers of health care concerning attempted suicide.

The federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 prohibits group health plans and health insurance issuers that provide benefits for mental health or substance use disorders from imposing less favorable benefit limitations on those benefits than on medical and surgical benefits. (Pub. L. No. 100-343, 122 Stat. 3765) Existing state law requires certain insurers or other organizations providing health coverage to comply with the Act. (NRS 687B.404) Section 9 of this bill additionally requires health insurers regulated under state law, other than state and local governmental entities that provide health coverage for their employees, to comply with the Act. Section 9 requires the Commissioner to annually prescribe and provide to insurers a data request that solicits information necessary to evaluate the compliance of the insurer with those federal requirements. Section 8.3 of this bill exempts the adoption and amendment of the data request from requirements concerning the procedures set forth in existing law for adopting regulations. Section 9 requires an insurer to either complete the data request or submit to the Commissioner a copy of a report submitted to the Federal Government demonstrating compliance with those federal requirements. Sections 8.6 and 9 of this bill provide that such information reported by insurers is confidential. Section 9 requires the Commissioner to annually submit a report summarizing the information that he or she receives from insurers to the Patient Protection Commission, the Governor and the Legislature.

The following amendment was proposed by the Committee on Education:

Amendment No. 513.

SUMMARY—Revises provisions governing charter schools.
(BDR 34-751)

AN ACT relating to education; establishing various provisions relating to the sponsorship and governance of charter schools; requiring the disclosure of certain information relating to the management of charter schools; setting forth certain requirements for charter schools that have received certain low ratings of performance on the statewide system of accountability for public schools; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Public Charter School Authority is required to sponsor charter schools whose applications have been approved by the State Public Charter School Authority. The Department of Education is authorized to approve an application by the board of trustees of a school district or a college or university within the Nevada System of Higher Education to sponsor charter schools. (NRS 388A.220) Section 3 of this bill requires the sponsor of a charter school to establish standards for the governance of each charter school which it sponsors. Under section 3, the sponsor of a charter school is required to: (1) provide training to the governing body of each charter school it sponsors on the governance of charter schools ~~for~~ ; or (2) identify an organization approved by the sponsor to provide training on the governance of charter schools. Section 3 also requires each member of the governing body of a charter school to complete training on the governance of charter schools at certain times. Section 4 of this bill requires each member of the State Public Charter School Authority to complete training on the responsibilities of the member and the governance of charter schools.

Section 5 of this bill requires the governing body of a charter school to disclose certain information regarding a charter management organization or educational management organization with which the charter school has

entered into a contract to provide services to the charter school. Section 6 of this bill requires the governing body of a charter school that receives services from an educational management organization to disclose certain information regarding the educational management organization and certain contracts held by members of the governing body of the charter school on the Internet website of the charter school and to the sponsor of the charter school. Section 6 also authorizes the sponsor of a charter school to request certain information and conduct investigations.

Existing law establishes a statewide system of accountability for public schools. (NRS 385A.600-385A.840) Under existing law, the governing body of a charter school is authorized to request a change in the sponsorship of the charter school. (NRS 388A.231) Existing law also authorizes the sponsor of a charter school to reconstitute the governing body of a charter school or terminate a charter contract in certain circumstances. (NRS 388A.330) Section 7 of this bill requires the sponsor of a charter school that has received one of the two lowest ratings of performance pursuant to the statewide system of accountability for public schools in each of the last 3 consecutive years and has not requested a change in sponsorship to submit a report to the Legislative Committee on Education of information relating to actions the sponsor of the charter school has taken to reconstitute the governing body of the charter school or terminate the charter contract.

Existing law sets forth various requirements for a proposed sponsor of a charter school to review an application to form a charter school. (NRS 388A.249) Existing law authorizes the governing body of a charter school to request to amend its charter contract. (NRS 388A.276) Section 9 of this bill requires the proposed sponsor to consider the academic, financial and organizational performance of charter schools that currently hold a contract with the proposed operators of a proposed charter school. Section 11.3 of this bill imposes similar requirements on the sponsor of a charter school that requests to amend its charter contract.

Amendment No. 546.

SUMMARY—Revises provisions relating to workforce development.
(BDR 18-289)

AN ACT relating to workforce development; revising requirements governing the approval of a program of workforce development by the Office of Economic Development; revising provisions governing the distribution and use of money provided by the Office to defray the cost of certain programs of workforce development; revising provisions governing the ~~administration of the~~ Workforce Innovations for a New Nevada Account; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Office of Economic Development to develop and implement one or more programs to provide customized workforce development services to persons that create and expand businesses in Nevada and relocate businesses to Nevada. (NRS 231.055)

Existing law authorizes a person who wishes to provide a program of workforce recruitment, assessment and training to apply to the Office for approval of the program. (NRS 231.1467) Section 1 of this bill revises the information which must be included in an application for approval to provide a program of workforce recruitment, assessment and training. Section 1 also: (1) requires a program of workforce recruitment, assessment and training approved by the Office to result in certain credentials or an identifiable occupational skill; (2) requires the Office to ensure that any business for which the program will be provided meets certain requirements; (3) revises the criteria which the Office must consider in giving priority to approved providers

of programs of workforce recruitment, assessment and training for receipt of allocations, grants or loans of money from the Office to defray the cost of the program; and (4) revises provisions governing the use of money distributed to defray the cost of a program of workforce recruitment, assessment and training.

Existing law authorizes a person who operates a business, or who will operate a business, in this State to apply to the Office for approval of a program of workforce training. (NRS 231.147) Section 3 of this bill specifies that such a program must be a program for the training of incumbent employees of the business that will result in certain credentials or identifiable occupational skills being obtained by the incumbent employees. Section 3 also revises the information which must be included in an application for approval of such a program.

Existing law creates the Workforce Innovations for a New Nevada Account and provides that ~~[any income and interest earned on]~~ money in the Account must be ~~[credited to the Account.]~~ used to carry out certain programs of workforce development. The balance remaining in the Account that has not been committed for expenditure at the end of an odd-numbered fiscal year reverts to the State General Fund. (NRS 231.151) Section 4 of this bill provides that any ~~[income and interest earned on]~~ money remaining in the Account ~~[must be credited to the Account only after deducting any applicable charges.]~~ at the end of a fiscal year does not revert to the State General Fund and must be carried forward to the next fiscal year.

Amendment No. 546 to Senate Bill No. 24 authorizes money in the Workforce Innovations for a New Nevada (WINN) Account at the end of a fiscal year to be retained in the Account and balanced forward to the next fiscal year rather than revert to the State General Fund. The amendment also removes a provision in the original bill that would have allowed State General Fund appropriations in the WINN Account to collect interest.

Remarks by Senator Kieckhefer.

Senate Bill No. 24 revises the eligibility criteria for workforce development programs administered by the Governor's Office of Economic Development (GOED) and changes the administration of the WINN Account. Specifically, the bill requires any program of workforce development that may be approved by GOED to result in a postsecondary or industry-recognized credential or an identifiable occupational skill that meets the applicable industry standard. It requires GOED to coordinate with relevant State agencies and review federal Worker Adjustment and Retraining Notification Act notices to ensure that businesses participating in a program of workforce development meet certain criteria. It establishes additional criteria for the purposes of providing a priority to certain programs of workforce development and requires the Board of Economic Development to define the construct for the priority given to programs providing high-skill and high-wage jobs. It clarifies the type of expenses that may be incurred by an authorized provider of a workforce development program. Finally, the bill requires any money in the WINN Account at the end of a fiscal year is to remain in the Account and be carried forward to the next fiscal year.

Senate Bill No. 34 renames existing personnel of the State Department of Agriculture charged with enforcing certain laws as agricultural police officers and authorizes the Director of the

Department to appoint such officers. The bill increases the minimum requirement of certification to qualify for these positions from a category 2 to a category 1 peace officer. This change makes applicable to agricultural police officers industrial insurance coverage for police officers; exemption from service as grand or trial jurors; the compensation for police officers with temporary disabilities, and eligibility for certain programs of group insurance or other medical or hospital service for the surviving spouse or any child of police officers and firefighters.

They are already serving as category 2 peace officers, and this brings them up to category 1. I urge your support.

Senate Bill No. 55 transfers the duties of regulating employee leasing companies from the Administrator of the Division of Industrial Relations (DIR) of the Department of Business and Industry to the Nevada Labor Commissioner. The bill also replaces the defined term "employee leasing company" with the term "professional employer organization" and authorizes the Labor Commissioner to adopt regulations governing professional employer organizations, as well as impose an administrative fine to a licensee for a violation of any statutory provisions. Finally, the bill revises the definition of "client company" and "professional employer organization" to allow professional employer organizations to manage the labor compliance services of the client company without hiring and leasing back the client company's employees.

Senate Bill No. 154 requires DHHS to apply for a waiver from the federal government to receive federal funding to include Medicaid coverage in the State Plan for substance-use disorder treatment for individuals institutionalized for mental diseases. The bill authorizes DHHS to apply for a similar waiver to treat adults with serious mental illness or children with severe emotional disturbance in an institution for mental disease. What this bill does is we are applying to the federal government for a waiver to a rule that says you cannot use Medicaid dollars for any facility over 16 beds. If we are successful, it will mean significant increase in services for substance-use disorder and serious mental illness and emotional disturbance. I urge your support.

Assembly Bill No. 28 imposes an inverse preference on any bidder for a State purchasing contract with a principal place of business in another state if, for a similar contract, the other state grants a preference to a person with a principal place of business in that state. It denies that preference to a person with a principal place of business in the State of Nevada. The inverse preference imposed on a bid or proposal for a State purchasing contract is equal to the amount of the preference that is denied by the other state to a person with a principal place of business in the State of Nevada. The bill also clarifies that the inverse preference must be imposed regardless of whether the preference of 5 percent was awarded to a Nevada-based business or the preference of 5 percent was awarded to a local business owned and operated by a veteran with a service-connected disability.

There are approximately 34 states with some form of this in place. It is a common practice and gives us reciprocity across state lines. If they are hurting our business, we get to pay them back. I urge your support.

A person who is required to file notification regarding any transaction involving assets of a group practice of health carrier in Nevada under the federal Hart-Scott-Rodino Antitrust Improvements Act of 1976 must simultaneously submit a copy of the filing to the Attorney General. All information must be kept confidential and is authorized to be disclosed only under certain circumstances. A civil penalty of up to \$1,000 per day may be imposed for a willful violation of the notification requirements.

The measure also revises provisions relating to proceedings under the Nevada Unfair Trade Practice Act, including requiring public officers and employees to provide information to the Attorney General relating to such proceedings under certain circumstances.

SENATOR HARDY:

I oppose Assembly Bill No. 47. I am concerned about Health Professional Shortage Areas where we are trying to get people to go in to and have an enterprise of a doctor's office. This affects a group practice of two or more physicians who do an additional service. The service could be an x-ray machine, an EKG, ultrasound techniques and have the opportunity to grow. This has a stifling and chilling effect on the places we want to have growth. I oppose this bill.

SENATOR PICKARD:

I share my colleague from District 12's concerns. Section 22.5 eliminates noncompetition agreements. In the day we are trying to develop an innovative landscape of businesses, this bill will discourage those innovative businesses from coming because they cannot protect their intellectual property. This is important for growing industries where innovation is required because it allows them to protect intellectual property by preventing people from coming in and learning what it is and then taking it to their competitor. I oppose Assembly Bill No. 47 as it is written. We do not need to pass section 22.5 to make this bill work for its intended purposes. That is an unnecessary addition, and I will not support it.

SENATOR OHRENSCHALL:

Assembly Bill No. 59 prohibits the selling, distributing or offering to sell cigarettes, any product containing, made or derived from tobacco, vapor product, alternative nicotine product or product containing, made or derived from nicotine to a person under 21 years of age, as opposed to the previous age of 18 years old. This bill eliminates the authorization for a person who sells certain tobacco products through an electronic network to require a customer to create an online account, thereby requiring such sellers to use an independent, third-party age-verification system to establish the age of a customer for each sale. To the extent possible, the Attorney General must arrange for an inspection of each location that sells tobacco products to be conducted at least once every three years.

This bill also repeals the statutory provision creating criminal penalties for certain violations relating to the sale of certain tobacco products and, instead, provides that a violation may result in a civil penalty, the suspension or revocation of the person's business license. Such a violation also constitutes a deceptive trade practice. Finally, the bill revises certain definitions relating to the regulation and taxation of tobacco products and makes various other conforming changes.

SENATOR HANSEN:

I oppose Assembly Bill No. 59. It is ridiculous that 18, 19 or 20 year olds who can get married, vote or join the military cannot decide whether they want to chew tobacco or smoke cigarettes. I am opposed to tobacco use, but we need to be consistent. There are federal laws that govern this as well, but it seems ridiculous that we treat people who are those ages like they are children who cannot make their own decisions. We still have the right in America to behave stupidly in some cases. We are acting like big brother with this bill. If we allow them the chance to do the things I listed and others, they should have the right to determine whether they want to use tobacco products. I am voting "no" symbolically.

SENATOR SETTELMEYER:

I oppose this bill on a different point. I am okay with the Tobacco-21 concept but object to section 6, which creates a \$1,000 civil penalty per violation. In Committee, it was discussed that a store clerk, who may be disgruntled and on his last day on the job, could decide to sell to underage kids. If he sold to 20 people, it was unclear if it would be a single violation or 20 violations. A small mom-and-pop store could all of a sudden have \$20,000 in violations because of the criminal actions of one individual in a case like this. Therefore, I oppose Assembly Bill No. 59 based on this section.

SENATOR SPEARMAN:

This is difficult regarding service members, especially those going overseas. The CDC states: "If you are a service member or military veteran, you are more likely to use tobacco products than civilians. Cigarette smoking is more common among service members who have been deployed overseas." As a former company commander, I know many times someone may start using tobacco when they enter the military. When they are getting ready to go overseas and are nervous about being killed, many will take up either cigarettes or other tobacco products. At the federal level, we may be able to require military ID in order to purchase tobacco if someone is between the ages of 18 and 21. Otherwise, many people who return from Afghanistan or Iraq will be breaking the law. There should be something in federal law that exempts stores and other commercial outlets on military bases from this. I am not sure which way I will vote on Assembly Bill No. 59, but, at 18, if you can be ordered to go into war and be killed, you ought to be able to make up your own mind about using tobacco.

SENATOR DONATE:

I support Assembly Bill No. 59. Public-health research documents the detrimental effects of cigarette smoking and its contribution to negative health-care outcomes throughout an individual's life. We need mechanisms to limit the usage of tobacco. This means good public-health policy to reduce the disparities we observe, particularly in regards to lung and other types of cancers. I wish this bill went further in regards to enforcement. There is plenty of work ahead to reduce the burden of cancer in our communities. This policy, led by the Trump administration, does a good job of reducing the negative effects of cigarette smoking.

SENATOR OHRENSCHALL:

The penalties in Assembly Bill No. 59 would affect someone who offers to sell to that age group and not on the individuals who are purchasing the tobacco.

SENATOR BROOKS:

I agree with my colleagues from Senate District 1 and from Sparks. It is ridiculous that one can go to prison or war, buy a house, enter into binding contracts and many other things an adult can do but cannot decide whether to take up the horrible habit of using tobacco. The former President and former U.S. Senate have saddled us with this nonsense, and we now have to pass Assembly Bill No. 59 to be able to conform to that. While I have to support this bill so we are in compliance with federal laws, the arguments made by my colleagues hold merit. We are completely inconsistent on how we treat humans as adults in this Country.

SENATOR SCHEIBLE:

My colleague from District 3 said it better than I could. To clarify, this brings us into compliance with federal law and makes our law match federal statute. This has implications for our law enforcement officers, health inspectors and in relationship to other regulations within the State. That is important to consider and why I support Assembly Bill No. 59; although, I share some of the views regarding different ages for different rules we implement.

SENATOR DONATE:

Assembly Bill No. 171 declares that it is the policy of the State of Nevada to protect the Spring Valley population of Rocky Mountain junipers, known as swamp cedars, that occur within the Bahsahwahbee Traditional Cultural Property in White Pine County. The bill makes it unlawful for any swamp cedar within that property to willfully or negligently be cut, destroyed, mutilated or

removed without first obtaining a special permit from the State Forester Firewarden. The bill also revises the existing exemption for Indians native to Nevada who gather flora for certain reasons to remove the requirement that such Indians be native to Nevada.

This lies within the recognition of the trauma shared by the tribal members who reside in these areas. We cannot deny the massacres that have occurred on these lands, and it is important for us to stand in solidarity with the voices that have been left behind or forgotten. We can take that first step by protecting the swamp cedars. I urge everyone's support.

SENATOR GOICOCHEA:

I oppose Assembly Bill No. 171. There has been no formal process for withdrawing these lands. These are multiple-use lands administered by the Department of Interior and the Forest Service. What we are doing is telling the State Forester Firewarden to impose restrictions on these lands. There has been no need for action, no land action whatsoever. I support the federal withdrawal and recognize the significance of the cedar in the custom and culture of our indigenous people and the tribes in this State, but this is illegal. You cannot withdraw; there is no formal withdrawal for these 14,000 acres. We cannot put restrictions on it through statute. We have to go through the entire process, like it or not. It has not been withdrawn; it is multiple-use land. We need to reject this measure.

SENATOR LANGE:

Assembly Bill No. 227 provides that a contractor may personally perform work that requires a contractor's license or may perform the work by or through employees of the contractor or of another contractor. Additionally, those persons, or a person employed by a private employment agency licensed by the Labor Commissioner, may perform work for a contractor who does not require a contractor's license.

The measure revises the list of acts that constitute cause for disciplinary action against a licensee by the State Contractors' Board to include entering into an agreement with a natural person who is not an employee of the licensed contractor and not licensed as a contractor to perform for the licensed contractor any work that requires a contractor's license. In addition to any disciplinary action or other action taken against the licensed contractor, such an agreement is void and unenforceable.

SENATOR PICKARD:

I oppose Assembly Bill No. 227. This bill is a frontal attack on small construction businesses and will put more than 4,000 temporary construction laborers out of work. These are mostly minority and veteran laborers. This bill unnecessarily ends a practice of private employment agencies providing skilled and semiskilled workers to small contractors who do not have the size or quantity of work to hire on these workers fulltime for themselves.

Some have suggested that private employment agencies recruit the laborers and then turn them over to the contractors. Those are people who clearly have no idea how the business works. Even labor unions force their workers to pay high union dues to cover the cost of finding them work, but the private employment agencies cannot do that. What business would spend the time and money to recruit workers only to give them away.

This bill will unnecessarily destroy an industry that has been in place for half a century. It will destroy what has been a standard practice in the highly regulated construction marketplace for more than 30 years. One recent case, *Legacy Specialties v. The Nevada State Contractors Board* is the first and only case in which proponents of this bill rely. In reality, the *Legacy* case did not deal with licensed private-employment agencies. It dealt with an outfit out of Texas that provided laborers who were not paid but whom *Legacy Specialties* made whole when they found out the workers were shorted. They did all they should have except for making sure they were working with a licensed private-employment agency, although that is not currently required of any contractor in Nevada.

The Nevada State Contractors Board supported this bill claiming there is a widespread problem that needed to be corrected. They claimed to have had several cases where they had to go after a licensed private-employment agency for some kind of problem but did not specify if those were related to payments or for the quality of construction, which falls solely to the contractor for whom that temporary laborer worked. We asked for a list of cases to support that testimony. It turned out the representations by the Contractors Board were false. They provided us with a list of six cases, only one of which dealt with a licensed private-employment agency. The single case they cited, American Fire and Electric, contradicted the Board's present position. In that case, the administrative law judge, paid by the Board but acting independently, found there was no industry problem. The judge noted that the wage-earning employees, leased from properly registered leasing companies by licensed contractors, are, in fact, the regular, fulltime employees of the licensed contractor. The employees are under the supervision and control of the licensed contractor. The judge did not see how the employee-leasing model presented in the case conflicted with the mandate of the Legislature that provisions of NRS chapter 624 are intended, to promote public confidence and trust in the competence and integrity of licensees and protect the health, safety and welfare of the public.

The Contractors Board mislead this Body deliberately and went after an industry that has served small contractors well for more than 30 years. It alarms me that, once again, we are hurting the very people we have worked so hard in this Body to protect. Minority and veteran communities make up the majority of this labor pool. For various reasons, ranging from home situations to problems with PTSD, these minority and veteran, skilled and semiskilled workers cannot hold ordinary 7 a.m. to 4 p.m. jobs. They need this type of an employment arrangement. We have numerous small, minority- or women-owned contractors who are not large enough to keep these workers on their payroll beyond the immediate need for the service of these workers. We had one representative of this community, a black veteran, who testified in person that passage of this bill would put his family in jeopardy. If we had one who was determined enough to come to the building to testify, you can be sure there are thousands more who would have had they been able to.

This Body has a bad habit of harming the communities we seek to help because we do not understand the realities of the industries and rely on bad information from the outside. Are we going to do it yet again? Are we going to vote to pass this measure now that we know the Contractors Board was not giving us good information? I hope not. I urge my colleagues to vote this measure down and keep our workers and small contractors working.

SENATOR LANGE:

Assembly Bill No. 257 requires the board of trustees of a school district and the governing body of a charter school to assess the status of, make improvements and report on the ventilation and air-filtration systems of a school and ensure that the systems are performing adequately and efficiently. The bill sets forth requirements for certain personnel to assess and perform updates to systems, rate and monitors in schools for filtration, ventilation, heating, air conditioning and carbon dioxide.

The board of trustees of a school district or governing body of a charter school must prepare a report on work performed and make it available to the Office of Energy within the Office of the Governor and the public upon request. Further, a local education agency must prepare an addendum to a plan for the safe return to in-person instruction describing how the entity will ensure the school is equipped with functional ventilation systems.

SENATOR HAMMOND:

The intent of the bill is worthy. We all want to have clean air in our schools; however, this bill is over-prescriptive. The bill asks things be repaired in a certain way using a certain method. I would rather put the concern on the school districts' shoulders. They have said they would like to be able to fix these HVAC units but want to be able to do it in a way where they can put more money back into the classroom. For that reason, I oppose Assembly Bill No. 257.

SENATOR SETTELMEYER:

I agree with my colleague from District 18 who spoke in opposition to Assembly Bill No. 257. The maintenance people at the Douglas County School District told me it is always a simple situation of how often the HVAC currently fails, its age or its efficiency puts it into a line for replacement. It is improper to micromanage them. We should allow them to do what they are currently doing and make those decisions based on individual HVAC systems in schools rather than forcing them to prepare a countywide plan.

SENATOR PICKARD:

This bill is unnecessary. School districts have an existing duty to ensure schools are clean. This forces school districts to put dollars for infrastructure and things they are already doing ahead of using it in classrooms. We have our priorities backwards. We ought to put kids first.

SENATOR LANGE:

This bill is important because it is talking about peoples' health. If you are in a building with bad ventilation and it is not fixed, that is a problem. In Committee, we heard from a teacher who told us how the ceiling fell in her portable when it rained. The school district came to fix it by cleaning up the mess and taping a heavy, black plastic bag to her ceiling. They told her, "Don't

worry, it won't rain again." We need to have some sort of oversight to make sure things happen. Some school districts told me there were no problems in their district, yet teachers in the district told me there were. This oversight is important. The lives of kids, support staff and teachers should be taken seriously.

In addition, the bill clarifies that the court may, upon the initiative of the court or a special master, find that a person has a special interest in a child and must be involved in and notified of certain plans and proceedings relating to the placement of the child. It clarifies that such a finding may be reviewed or modified at any time by the court or special master. It revises provisions relating to the notice that must be provided to a parent or other person responsible for a child's welfare before certain hearings related to the child's placement in protective custody. The bill clarifies that certain determinations by a court relating to the placement of a child must be made based on a preponderance of the evidence, and it allows the Attorney General to sign a petition alleging that a child is in need of protection. Amendment No. 553.

SUMMARY—Revises provisions governing insurance. (BDR 57-984)

AN ACT relating to insurance; ~~requiring the amount paid by an insurance company for the coverage of certain medical expenses resulting from the crash of a passenger car to be based on the actual charges incurred; providing that an insured person may request that certain payments made to the insured person be deposited to the trust account maintained by the attorney of the insured person;~~ revising provisions relating to the exchange of medical and insurance information by certain persons involved in a claim for personal injury asserted under a policy of motor vehicle insurance; ~~covering certain motor vehicles and motorcycles;~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~Existing law requires insurance companies transacting motor vehicle insurance in this State to offer to insured persons the option of purchasing coverage in an amount of at least \$1,000 for the payment of reasonable and necessary medical expense resulting from a crash. Under existing law, this option only applies to policies that cover passenger cars. (NRS 687B.145) If an insured person purchases this option, section 1 of this bill requires that the amount paid by the insurance company to cover medical expenses resulting from the crash of a passenger car be based on the actual charges incurred. Section 1 defines "actual charges incurred" to mean the charges that a provider of health care would bill an uninsured patient in the locality where the medical expenses were incurred. Finally, section 1 provides that any such payment made to an insured person by the insurance company may be deposited to the trust account maintained by the attorney of the insured person under certain circumstances. Section 1 provides that such a deposit to a trust account can~~

~~only occur if the insured person requests in writing that payment be deposited to the trust account~~

~~— Section 2 of this bill requires the insurer of a party against whom a claim is asserted for personal injury under a policy of motor vehicle insurance covering a passenger car or a motorcycle to immediately disclose to the claimant all pertinent facts or provisions of the policy relating to any coverage at issue, including policy limits. Section 2 requires an insurer to disclose policy limits by certain means. Section 2 requires the claimant or the claimant's attorney to provide to the party or the party's attorney and the insurer, not more than once every 90 days, all medical reports, records and bills concerning the claim.~~ Section 2 ~~provides that in lieu of the claimant or the claimant's attorney providing such reports, records and bills, the~~ of this bill authorizes a claimant or the claimant's attorney ~~(may)~~ to provide a written authorization to allow the party against whom a claim is asserted for personal injury under a policy of motor vehicle insurance or the party's attorney and the insurer of the party to receive ~~(the)~~ all reports, records, films and bills from the claimant's provider of health care. If [the reports, records and bills are provided pursuant to] such a written authorization, [] is provided, section 2 : (1) requires the insurer of the party to, within 5 business days after receiving the written authorization, disclose to the claimant or the claimant's attorney a copy of the declarations page of the policy, with certain redactions to the declaration page being authorized; and (2) authorizes the claimant or the claimant's attorney to request copies of all such reports, records, films and bills from the party, the party's attorney or the insurer [] of the party.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~NRS 687B.145 is hereby amended to read as follows:~~

~~687B.145 1. Any policy of insurance or endorsement providing coverage under the provisions of NRS 690B.020 or other policy of casualty insurance may provide that if the insured has coverage available to the insured under more than one policy or provision of coverage, any recovery or benefits may equal but not exceed the higher of the applicable limits of the respective coverages, and the recovery or benefits must be prorated between the applicable coverages in the proportion that their respective limits bear to the aggregate of their limits. Any provision which limits benefits pursuant to this section must be in clear language and be prominently displayed in the policy, binder or endorsement. Any limiting provision is void if the named insured has purchased separate coverage on the same risk and has paid a premium calculated for full reimbursement under that coverage.~~

~~2. Except as otherwise provided in subsection 5, insurance companies transacting motor vehicle insurance in this State must offer, on a form approved by the Commissioner, uninsured and underinsured vehicle coverage in an amount equal to the limits of coverage for bodily injury sold to an insured under a policy of insurance covering the use of a passenger car. The insurer is not required to reoffer the coverage to the insured in any replacement,~~

~~reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage. Uninsured and underinsured vehicle coverage must include a provision which enables the insured to recover up to the limits of the insured's own coverage any amount of damages for bodily injury from the insured's insurer which the insured is legally entitled to recover from the owner or operator of the other vehicle to the extent that those damages exceed the limits of the coverage for bodily injury carried by that owner or operator. If an insured suffers actual damages subject to the limitation of liability provided pursuant to NRS 41.035, underinsured vehicle coverage must include a provision which enables the insured to recover up to the limits of the insured's own coverage any amount of damages for bodily injury from the insured's insurer for the actual damages suffered by the insured that exceed that limitation of liability.~~

~~—3.— An insurance company transacting motor vehicle insurance in this State must offer an insured under a policy covering the use of a passenger car, the option of purchasing coverage in an amount of at least \$1,000 for the payment of reasonable and necessary medical expenses resulting from a crash. The offer must be made on a form approved by the Commissioner. The insurer is not required to reoffer the coverage to the insured in any replacement, reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage. *If an insured purchases coverage in an amount of at least \$1,000 for the payment of reasonable and necessary medical expenses resulting from a crash and an applicable claimant seeks the payment of reasonable and necessary medical expenses resulting from a crash, the amount paid by the insurance company must be based on the actual charges incurred. If the claimant is represented by an attorney, any payment made to the claimant pursuant to this section may be deposited to the trust account maintained by the attorney of the claimant if the claimant requests in writing that the payment be deposited to the trust account.*~~

~~—4.— An insurer who makes a payment to an injured person on account of underinsured vehicle coverage as described in subsection 2 is not entitled to subrogation against the underinsured motorist who is liable for damages to the injured payee. This subsection does not affect the right or remedy of an insurer under subsection 5 of NRS 690B.020 with respect to uninsured vehicle coverage. As used in this subsection, "damages" means the amount for which the underinsured motorist is alleged to be liable to the claimant in excess of the limits of bodily injury coverage set by the underinsured motorist's policy of casualty insurance.~~

~~—5.— An insurer need not offer, provide or make available uninsured or underinsured vehicle coverage in connection with a general commercial liability policy, an excess policy, an umbrella policy or other policy that does not provide primary motor vehicle insurance for liabilities arising out of the~~

~~ownership, maintenance, operation or use of a specifically insured motor vehicle.~~

~~6. As used in this section:~~

~~(a) "Actual charges incurred" means the charges that an applicable provider of health care would bill an uninsured patient for the applicable health care services. The term does not include charges which the provider of health care would bill based upon any discounts or reduced rates resulting from any:~~

~~(1) Policy of health insurance; or~~

~~(2) Payment rates or schedules for Medicare, Medicaid or any other similar public welfare program.~~

~~(b) "Excess policy" means a policy that protects a person against loss in excess of a stated amount or in excess of coverage provided pursuant to another insurance contract.~~

~~(f) "Umbrella policy" means a policy that protects a person against losses in excess of the underlying amount required to be covered by other policies.] (Deleted by amendment.)~~

Sec. 2. NRS 690B.024 is hereby amended to read as follows:

~~2. Except as otherwise provided in this subsection, the claimant or any attorney representing the claimant to shall provide to the party or any attorney of the party and to the insurer of the party, not more than once every 90 days, all medical reports, records and bills concerning the claim. Remarks by Senator Spearman.

Amendment No. 553 makes three changes to Assembly Bill No. 277. The amendment deletes section 1 of the bill, which requires the amount paid by an insurance company for the optional coverage for the payment of reasonable and necessary medical expenses resulting from a crash be based on the actual charges for the locality where the medical expenses were incurred. It deletes provisions in section 2 relating to the exchange of medical and insurance information by certain persons involved in a personal injury claim under a motor-vehicle insurance policy. It provides that an insurer must disclose, within five business days, a copy of the declarations page of an insurance policy covering passenger car or motorcycle to certain persons involved in a personal injury claim under the policy.

Senator Ratti moved the adoption of the amendment.

Remarks by Senator Ratti.

Amendment No. 584 to Assembly Bill No. 345 provides that it is not unlawful to provide, administer or use a testing product to assist a person in determining whether a controlled substance contains chemicals, toxic substances or hazardous compounds. It exempts a person or entity who acts in good faith and with reasonable care in making such a determination from professional discipline and civil liability. It expands the exclusion from the definition of "drug paraphernalia" from Fentanyl test strips to testing products generally. It makes the bill effective upon passage and approval and adds Senator Donate as a sponsor.

The following amendment was proposed by the Committee on Growth and Infrastructure:

Amendment No. 560.

SUMMARY—Revises provisions governing access to broadband services. (BDR ~~{58-790}~~ 18-790)

AN ACT relating to telecommunication service; requiring the ~~{Public Utilities Commission of Nevada}~~ State Treasurer to establish a program to enable voluntary contributions for infrastructure grants for broadband deployment; ~~{establishing certain requirements for the program;}~~ requiring the Office of Science, Innovation and Technology in the Office of the Governor to establish a program to make infrastructure grants for broadband deployment; requiring the Office of Science, Innovation and Technology to establish a program to encourage deployment of broadband infrastructure in certain communities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~—Existing law requires the Public Utilities Commission of Nevada to regulate public utilities that provide telecommunication service to the public. (Chapter 704 of NRS.)~~

~~—Section 2 of this bill provides a definition of "broadband service." Sections 4 and 6 of this bill make conforming changes. Section 4 indicates the proper placement of section 2 within the Nevada Revised Statutes and section 6 deletes an existing definition which is being replaced by section 2.~~

Section ~~{3}~~ 7.92 of this bill requires the ~~{Commission}~~ State Treasurer to establish, by regulation, a program that enables a provider of broadband or commercial mobile radio service to participate in a voluntary contribution program for broadband infrastructure that enables a customer to opt in and make voluntary monetary contributions as part of the customer's monthly bill ~~for distribution to the Office of Science, Innovation and Technology in the Office of the Governor to administer a program of infrastructure grants for broadband deployment. Section 3.5 of this bill creates an account within what is commonly called the Nevada Universal Service Fund to facilitate the financial relations between the two programs. Section 4.5 of this bill revises the statutory name of that fund as a result of its expanded purpose. Existing law imposes certain limits on the jurisdiction of the Commission over broadband services. (NRS 704.684) Section 6 of this bill provides that those limits do not prevent the Commission from carrying out its duties concerning the voluntary contribution program for broadband infrastructure created by section 3.~~ Existing law defines various activities involving businesses and occupations that constitute deceptive trade practices. (NRS 598.0915-598.0925) If a person engages in a deceptive trade practice, the person may be subject to restraint by injunction and the imposition of civil and criminal penalties. (NRS 598.0979, 598.0985, 598.0999) Section 7.92 makes a willful violation of any regulation adopted by the State Treasurer concerning the voluntary contribution program a deceptive trade practice.

Existing law establishes the Office of Science, Innovation and Technology in the Office of the Governor and prescribes its powers and duties and those of its Director. (NRS 223.600-223.650) Section 7.8 of this bill requires the Director of the Office of Science, Innovation and Technology to establish and

administer a program of infrastructure grants for the development or improvement of broadband services for persons with low income and persons in rural areas of this State. Section 7.5 of this bill creates the Account for the Grant Program for Broadband Infrastructure for the deposit of money collected by the State Treasurer from participating providers in the voluntary contribution program established pursuant to section 7.92. Section 7.5 requires that money deposited in the Account be used to: (1) provide infrastructure grants pursuant to the program established pursuant to section 7.8; and (2) defray the costs of establishing and administering the programs established pursuant to sections 7.8 and 7.92.

~~{Existing law establishes the Office of Science, Innovation and Technology in the Office of the Governor and prescribes its powers and duties and those of its Director. (NRS 223.600-223.650) Sections 7.2-7.9 of this bill expand those powers and duties. In particular, section 7.2 requires the Director of the Office of Science, Innovation and Technology to {at least} biennially: (1) {collect and map broadband speed data in each county in this State; (2)} prepare a report concerning the availability of broadband service in this State; and {(3)} (2) submit the report to the Governor and Legislature. {Section} Sections 7.7 and 7.93 of this bill {requires} require the Office, on or before October 1, 2021, to establish and administer a Broadband Ready Communities Certification program {in order to encourage} for the purpose of encouraging the deployment of broadband infrastructure in underserved communities. {and prescribes certain required elements of the program. Section 7.8 of this bill requires the Director of the Office to establish and administer a program of infrastructure grants for the development or improvement of broadband services for persons with low income and persons in rural areas of this State. The program is funded using money distributed to the Office by the voluntary contribution program for broadband infrastructure created by section 3.}~~

Remarks by Senator Harris.

Amendment No. 560 makes seven changes to Assembly Bill No. 388. It deletes new definition of "broadband." It moves responsibility for establishment and administration of the contribution program from the PUCN to the State Treasurer. It makes violation of program regulations a deceptive trade practice. The bill eliminates an account and ensures contributions do not revert to the General Fund. It deletes the Office of Science, Innovation and Technology mapping requirement; and requires collaboration in creating a certification program; and removes the requirement for local government ordinances as part of certification program.

SUMMARY—Revises provisions governing motor vehicles. (BDR 43-1050)

AN ACT relating to motor vehicles; revising provisions governing fully autonomous vehicles; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a low-speed vehicle is defined as a motor vehicle that: (1) is 4-wheeled; (2) the speed of which that is attainable in 1 mile is more than 20 miles per hour and not more than 25 miles per hour on a paved level surface; (3) weighs less than 3,000 pounds; and (4) complies with certain safety standards. (NRS 484B.637) Section 3 of this bill creates an exception to the requirement of compliance with the safety standards for low speed vehicles for a vehicle that has been granted an exemption from one or more of those standards by the National Highway Traffic Safety Administration. Section 3 also defines "neighborhood occupantless vehicle" as a low-speed vehicle that is not designed, intended or marketed for human occupancy. ~~Section 3 provides that an operator of such a vehicle who operates the~~

Existing law authorizes the operation of a registered low-speed vehicle upon a highway where the posted speed limit is 35 miles per hour or less. (NRS 484B.637) In addition to such authority, section 3 authorizes the operation of the type of low-speed vehicle defined as a neighborhood occupantless vehicle, if registered, on a roadway with a highway where the posted speed limit ~~is~~ is greater than 35 miles per hour but not more than 45 miles per hour. ~~[is operating the vehicle in compliance with state law if the operator complies with certain restrictions on speed and equipment requirements for motor vehicles.]~~

Existing law provides for certain restrictions on speed on the driver of a motor vehicle. (NRS 484B.627, 484B.630) Sections 1 and 2 of this bill make conforming changes by revising such provisions to apply to an operator of a motor vehicle.

Existing law defines a fully autonomous vehicle as a motor vehicle that is equipped with an automated driving system which is designed to function at a certain level of driving automation. (NRS 482A.036) Section 4 of this bill

makes certain provisions concerning required equipment for a motor vehicle inapplicable to certain fully autonomous vehicles that are exclusively operated by an automated driving system. Section 4 exempts a fully autonomous vehicle that is exclusively operated by an automated driving system from the requirement that it be equipped with: (1) a mirror so located as to reflect to the driver a view of the highway; (2) windshield wipers; and (3) equipment to light the road with multiple beams. Section 4 also exempts a fully autonomous vehicle that is operated exclusively by an automated driving system from the requirement that it be equipped with a muffler unless the vehicle contains an internal combustion engine.

(NRS 706A.160) Section 5 of this bill authorizes a transportation network company to enter into a contract with certain limousine motor carriers who hold a certificate of public convenience and necessity to operate a limousine to allow drivers employed by the limousine motor carrier to receive connections to potential passengers from the transportation network company in exchange for the payment of a fee by the limousine motor carrier. Section 5 ~~authorizes a transportation network company to charge a fare on behalf of a limousine motor carrier for limousine services provided pursuant to such a contract and requires the method of calculating the fare and, if a passenger elects to receive it, an estimate of the fare to be disclosed by the transportation network company before the passenger enters the limousine of the limousine driver.~~ requires a limousine motor carrier that has entered into such a contract to notify the transportation network company of any change in the status of the certificate of public convenience and necessity of the limousine motor carrier. Section 5 applies certain excise taxes imposed on ~~common motor carriers of passengers~~ transportation network companies to limousine services provided pursuant to a contract with a transportation network company. Sections 2-4 of this bill define terms relating to limousines.

Section 11.5 of this bill authorizes a transportation network company to charge a fare on behalf of a limousine motor carrier for limousine services provided pursuant to a contract with the company and requires the method of calculating the fare and, if a passenger elects to receive it, an estimate of the fare to be disclosed by the transportation network company before the passenger enters the limousine of the limousine driver. Section 11.5 also prohibits a limousine driver when providing limousine services from soliciting or accepting cash as payment of the fare.

Section 12 of this bill requires a transportation network company to transmit to a passenger a photo of the limousine driver who will be providing limousine services and the license plate of the limousine before the passenger enters the limousine.

Section 13 of this bill requires a transportation network company to transmit an electronic receipt to a passenger who receives limousine services through the transportation network company.

Section 14 of this bill authorizes a transportation network company to transmit the name and telephone number of a passenger to a limousine driver for the purposes of correctly identifying and communicating with the passenger.

Section 14.5 of this bill prohibits a local governmental entity, with certain exceptions, from imposing any tax or fee on a limousine motor carrier that has entered into a contract with a transportation network company or imposing certain other requirements on a limousine driver when providing limousine services.

Senate Bill No. 420.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 519.

SUMMARY—Revises provisions relating to health insurance. (BDR 57-251)

AN ACT relating to insurance; providing for the establishment of a public health benefit plan; prescribing certain goals and requirements relating to the plan; requiring certain health carriers to participate in a competitive bidding process to administer the plan; requiring certain providers of health care to participate in the plan; exempting rules and policies governing the plan from certain requirements; requiring the Executive Director of the Silver State Health Insurance Exchange to apply for a federal waiver to allow certain policies to be offered on the Exchange; requiring certain persons to report the abuse and neglect of older persons, vulnerable persons and children; requiring the State Plan for Medicaid to include certain coverage relating to pregnant women; requiring the establishment of a statewide Medicaid managed care program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Health and Human Services to administer the Medicaid program, which is a joint program of the state and federal governments to provide health coverage to indigent persons. (NRS 422.270, 439B.120) Existing law also creates the Silver State Health Insurance Exchange to assist natural persons and small businesses in purchasing health coverage. (Chapter 695I of NRS) Section 10 of this bill requires the Director of the Department, in consultation with the Executive Director of the Exchange and the Commissioner of Insurance, to design, establish and operate a public health benefit plan known as the Public Option. Section 2 of this bill sets forth the purposes of the Public Option, and sections ~~3-9~~ 3.5-9 of this bill define terms relevant to the Public Option. Section 10 requires the Public Option to be available to all natural persons who reside in this State through the Exchange and for direct purchase and authorizes the Director to make the Public Option available to small employers in this State or their employees. Section 10 requires the Public Option to meet the requirements established by federal and state law for individual health insurance or health insurance for small employers where applicable. Section 10 also establishes requirements governing the levels of coverage provided by the Public Option and the premiums for the Public Option. Sections 38 and 41 of this bill remove the requirements relating to premiums on January 1, 2030. Section 11 of this bill requires the Director, the Commissioner and the Executive Director of the Exchange to apply for certain waivers to obtain federal financial support for the Public Option. Section 12 of this bill requires the Director to use a statewide competitive bidding process to solicit and enter into contracts with health carriers and other qualified persons to administer the Public Option. Section 12 requires a health carrier that provides health care services to recipients of Medicaid through managed care to participate in the competitive bidding process. Section 12 additionally authorizes the Director to directly administer the Public Option if necessary. Sections 13, 21 and 29 of this bill require providers of health care, including

health care facilities, who participate in Medicaid or the Public Employees' Benefits Program or provide care to injured employees under the State's workers' compensation program to enroll in the Public Option as a participating provider of health care. Section 14 of this bill prescribes requirements governing the establishment of networks and the reimbursement of providers under the Public Option. Section 15 of this bill establishes the Public Option Trust Fund to hold certain funds for the purpose of implementing the Public Option. Section 20 of this bill exempts rules and policies governing the Public Option from provisions governing notice-and-comment rulemaking. Sections 16, 19, 22, 32 and 34-37 of this bill make various changes so that the Public Option is treated similarly to comparable forms of public health insurance.

Section 16.5 of this bill requires the Executive Director of the Exchange to apply to the federal government for a waiver to authorize certain labor, agricultural and horticultural organizations to offer on the Exchange a policy of insurance to meet the unique needs of tradespersons that can serve as an alternative to the continuation of certain group health benefits. Section 16.5 requires such a policy to be annually certified by the Executive Director in order to be offered on the Exchange. Sections 16.3 and 16.8 of this bill make conforming changes to reflect the fact that a policy of insurance offered pursuant to section 16.5 may not meet all requirements: (1) for individual health insurance prescribed by state law; or (2) to be considered a qualified health plan under federal law. Section 39.5 of this bill requires the Executive Director to apply for the waiver and submit certain recommendations concerning such policies to the Legislature on or before January 1, 2025.

Sections 24-28 of this bill expand coverage under Medicaid in various manners. Specifically, section 24 of this bill requires the Director of the Department to expand coverage under the State Plan for Medicaid for pregnant women by: (1) providing coverage for pregnant women whose household income is between 165 percent and 200 percent of the federally designated level signifying poverty; (2) providing that pregnant women who are determined by certain entities to qualify for Medicaid are presumptively eligible for Medicaid for a prescribed period of time, without submitting an application for enrollment in Medicaid which includes additional proof of eligibility; and (3) prohibiting the imposition of a requirement that a pregnant woman who is otherwise eligible for Medicaid must reside in the United States for a prescribed period of time before enrolling in Medicaid. Section 25 of this bill requires Medicaid to cover the services of a community health worker who provides services under the supervision of a physician, physician assistant or advanced practice registered nurse. Section 26 of this bill requires Medicaid to cover certain costs for doula services provided to Medicaid recipients by a doula who has enrolled with the Division of Health Care Financing and Policy of the Department. Sections 17 and 33 of this bill require a registered doula to report the suspected abuse, neglect, exploitation, isolation or abandonment of older or vulnerable persons or the suspected abuse or neglect of a child.

Section 27 of this bill requires Medicaid to reimburse services provided to recipients of Medicaid who do not receive services through managed care by an advanced practice registered nurse to the same extent as if those services were provided by a physician. Section 28 of this bill requires Medicaid to cover breastfeeding supplies, certain prenatal screenings and tests and lactation consultation and support. Section 18 of this bill makes a conforming change to indicate the proper placement of sections 24-28 in the Nevada Revised Statutes.

Existing law establishes certain requirements that apply if a Medicaid managed care program is established in this State. (NRS 422.273) Section 30 of this bill requires the Department to: (1) establish such a program to provide health care services to recipients of Medicaid in all geographic areas of this State; and (2) conduct a statewide procurement process to select health maintenance organizations to provide such services. Section 30 requires the Medicaid managed care program to include a state-directed payment arrangement to require Medicaid managed care organizations to reimburse critical access hospitals and any affiliated federally-qualified health centers or rural health clinics for covered services at a rate that is equal to or greater than the rate those facilities receive for services provided to recipients of Medicaid on a fee-for-service basis. Section 31 of this bill makes a conforming change to reflect that the Department is required by section 30 to establish a Medicaid managed care program.

Remarks by Senator Ratti.

Amendment No. 519 makes various changes to Senate Bill No. 420. It clarifies that average premiums for the Public Option, not all health insurance in Nevada, must decrease by at least 15 percent over the first 4 years in which the Public Option is in operation. It requires the Director of DHHS, when selecting a health carrier or other qualified entity to administer the Public Option, to prioritize applicants whose proposals meet certain criteria. It clarifies that health-care providers who participate in the Public Employees' Benefits Program, Medicaid, or the State's Workers' Compensation program must enroll as a participating provider in at least one network of providers established for the Public Option. It provides reimbursement rates for certified community behavioral-health clinics under the Public Option must be comparable to or better than Medicaid reimbursement rates for such clinics. It requires the Executive Director of the Silver State Health Insurance Exchange, in collaboration with the Director of DHHS, to apply to the federal government for a waiver to authorize certain labor, agricultural and horticultural organizations to offer on the Exchange a policy of insurance that can serve as an alternative to the continuation of certain group-health benefits to meet the unique needs of tradespeople.
