AN ACT relating to health care; eliminating certain restrictions on the provision of voluntary health care service; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law generally authorizes a provider of health care who is licensed or
2 certified in this State or another state or territory of the United States to provide
3 voluntary health care service in this State in association with a sponsoring
4 organization. Existing law prohibits a provider of health care who has not actively
5 practiced his or her profession continuously for the immediately preceding 3 years
6 from providing voluntary health care service. (NRS 629.450) This bill removes this
7 restriction, thereby authorizing a provider of health care who has not actively
8 practiced his or her profession continuously for the immediately preceding 3 years
9 to provide voluntary health care service in this State in association with a
10 sponsoring organization.
