**Legislative Counsel's Digest:**

1 Existing law creates the Department of Sentencing Policy (hereinafter  
2 "Department") and requires the Governor to appoint the Executive Director of the  
3 Department from a list of three persons recommended by the Nevada Sentencing  
4 Commission (hereinafter "Commission"). Existing law also requires the Executive  
5 Director to be an attorney who is licensed to practice law in this State. (NRS  
6 176.01323) **Section 1.7** of this bill: (1) specifies that the three persons  
7 recommended by the Commission must be qualified persons; and (2) removes the  
8 requirement that the Executive Director must be an attorney who is licensed to  
9 practice law in this State.

10 **Section 1** of this bill provides that any information collected or stored by the  
11 Department for the purpose of analyzing and understanding the criminal justice  
12 system is confidential and not a public record. **Section 8.3** of this bill makes a  
13 conforming change to indicate that such information is exempt from the  
14 requirement that public books and public records of a governmental entity must be  
15 open to inspection. **Section 1.3** of this bill makes a conforming change to indicate  
16 the proper placement of **section 1** in the Nevada Revised Statutes.

17 Existing law establishes requirements concerning the membership of the  
18 Commission, including that: (1) one member must be a representative of the  
19 Division of Parole and Probation of the Department of Public Safety (hereinafter  
20 "Division") who is appointed by the Governor; and (2) one member must be the  
21 Director of the Department of Employment, Training and Rehabilitation. (NRS  
22 176.0133) **Section 2** of this bill provides that: (1) the Chief Parole and Probation  
23 Officer may alternatively be a member of the Commission; (2) if a representative of  
24 the Division is a member of the Commission, he or she is appointed by the Chief  
25 instead of the Governor; and (3) a representative of the Department of  
26 Employment, Training and Rehabilitation who is appointed by the Director of the  
27 Department of Employment, Training and Rehabilitation may alternatively be a  
28 member of the Commission.

29 Existing law imposes certain duties on the Commission, including the tracking  
30 and assessment of data from the Department of Corrections concerning prison  
31 admissions, parole and release from prison. (NRS 176.01343) **Section 2.3** of this  
32 bill requires such data to include the housing status of persons admitted to and  
33 released from prison.

34 Existing law creates the Nevada Local Justice Reinvestment Coordinating  
35 Council, which: (1) advises the Commission on matters related to certain  
36 legislation, regulations, rules, budgetary changes and other actions concerning local  
37 governments; (2) identifies county-level programming and treatment needs for  
38 persons involved in the criminal justice system for the purpose of reducing  
39 recidivism; (3) makes recommendations to the Commission regarding certain  
40 grants; (4) oversees the implementation of and creates performance measures to  
41 assess the effectiveness of certain grants; and (5) identifies opportunities for  
42 collaboration with the Department of Health and Human Services for treatment  
43 services and funding. (NRS 176.014) **Section 2.7** of this bill authorizes the Council  
44 to accept any gift, donation, bequest, grant or other source of money for the purpose  
45 of carrying out its duties.

46 Existing law requires the Division to administer a risk and needs assessment to  
47 certain probationers and parolees under the supervision of the Division and, on a  
48 schedule determined by the Nevada Risk Assessment System or more often if  
49 necessary, administer a subsequent risk and needs assessment to such probationers  
50 and parolees. (NRS 176A.435, 213.1078) **Sections 3 and 6** of this bill provide that  
51 a subsequent risk and needs assessment will be administered on a schedule  
52 determined by the appropriate risk and needs assessment tool instead of by the  
53 Nevada Risk Assessment System. Existing law provides that if a condition of  
54 parole or the level of parole supervision set is found not to align with the results of

55 a risk and needs assessment, the supervising officer is required to submit a request  
56 to the State Board of Parole Commissioners (hereinafter "Board") to modify the  
57 condition or level of supervision. (NRS 213.1078) **Section 6** removes such  
58 provisions.

59 Existing law requires the Division to adopt a written system of graduated  
60 sanctions for use by parole and probation officers when responding to a technical  
61 violation of the conditions of probation or parole. (NRS 176A.510, 213.15101)  
62 **Sections 4 and 7** of this bill, respectively, provide that as part of the system of  
63 graduated sanctions, the Division is authorized, in response to a technical violation  
64 of parole or probation, to: (1) impose confinement in a jail or detention facility for a  
65 period of not more than 10 days, not to exceed 30 days in the aggregate; or (2)  
66 place the person under a system of active electronic monitoring for a period of not  
67 more than 60 days using an electronic device approved by the Division. **Sections 4**  
68 **and 7** also require a system of graduated sanctions to include guidance on the use  
69 of such confinement in a jail or detention facility and electronic monitoring.  
70 **Sections 4 and 7** additionally revise the definition of "technical violation" to  
71 exclude, as applicable: (1) certain violations of probation or suspension of sentence  
72 by a sex offender or a person convicted of stalking with the use of electronic  
73 means, an offense involving pornography with a minor or luring a child or person  
74 with a mental illness through the use of electronic means; (2) certain violations of  
75 parole by a prisoner convicted of a sexual offense, a prisoner who is a Tier 3  
76 offender convicted of a sexual offense against a child under 14 years of age or a  
77 prisoner convicted of stalking with the use of electronic means, an offense  
78 involving pornography with a minor or luring a child or person with a mental  
79 illness through the use of electronic means; and (3) termination from certain  
80 treatment programs.

81 Existing law provides that if a probationer or parolee commits one or more  
82 technical violations of the conditions of probation or parole, a court or the Board, as  
83 applicable, may take certain actions, including: (1) temporarily revoking the  
84 probation, suspension of sentence or parole supervision and imposing a term of  
85 imprisonment of not more than 30 days for the first temporary revocation, 90 days  
86 for the second temporary revocation or 180 days for the third temporary revocation;  
87 or (2) fully revoking the probation, suspension of sentence or parole supervision  
88 and imposing imprisonment for the remainder of the sentence for a fourth or  
89 subsequent revocation. (NRS 176A.630, 213.1519) **Sections 5 and 8** of this bill  
90 also authorize a court or the Board, as applicable, to revoke the probation,  
91 suspension of sentence or parole supervision at the request of a probationer or  
92 parolee. **Sections 5 and 8** additionally require that before a court or the Board, as  
93 applicable, may take such actions, the Division must determine that the graduated  
94 sanctions adopted by the Division for technical violations of the conditions of  
95 probation or parole have been exhausted. **Sections 5 and 8** further require that: (1)  
96 a probationer who is arrested and detained, or a parolee whose parole is revoked,  
97 for committing a technical violation of the conditions of probation or parole, as  
98 applicable, receives credit for any time served while the probationer or parolee is  
99 waiting for a hearing to determine if a technical violation has occurred, which must  
100 be applied to any term of imprisonment imposed for the technical violation; and (2)  
101 any time served by the probationer or parolee while waiting for such a hearing or in  
102 accordance with any term of imprisonment imposed for the technical violation must  
103 be applied toward the original sentence of the probationer or parolee.

104 **Section 8** additionally: (1) increases the terms of imprisonment for a temporary  
105 revocation of parole supervision from 30 days to 90 days for the first temporary  
106 revocation and from 90 days to 180 days for the second temporary revocation; and  
107 (2) authorizes a full revocation of parole supervision for a third or subsequent  
108 revocation.

109 **Section 8.7** of this bill requires the Department to: (1) collect and analyze  
110 certain data relating to the length of the term of imprisonment served and  
111 recidivism rates for persons whose probation, suspension or sentence or parole  
112 supervision is revoked due to a technical violation of the conditions of probation or  
113 parole; and (2) submit a report regarding such data to the Director of the Legislative  
114 Counsel Bureau on or before January 1, 2025.

36 176A.435 1. Except as otherwise provided in subsection 3,

40 each probationer and to develop individualized case plans pursuant  
41 to subsection 4. The risk and needs assessment must be administered  
42 and scored by a person trained in the administration of the tool.

43 2. Except as otherwise provided in subsection 3, on a schedule  
44 determined by the ~~[Nevada Risk Assessment System, or its~~  
45 ~~successor]~~ *appropriate risk and needs* assessment tool, or more

1 often if necessary, the Division shall administer a subsequent risk  
2 and needs assessment to each probationer. The results of the risk  
3 and needs assessment conducted in accordance with this section  
4 must be used to determine whether a change in the level of  
5 supervision is necessary. The Division shall document the reasons  
6 for maintaining or changing the level of supervision. If the Division  
7 changes the level of supervision, the Division shall notify the  
8 probationer of the change.

9 3. The provisions of subsections 1 and 2 are not applicable if:

10 (a) The level of supervision for the probationer is set by the

19 will need to be considered and addressed for each probationer.

20 5. Upon a finding that a term or condition of probation ordered  
21 pursuant to subsection 1 of NRS 176A.400 or the level of  
22 supervision set pursuant to this section does not align with the  
23 results of a risk and needs assessment administered pursuant to  
24 subsection 1 or 2:

25 (a) The supervising officer shall notify the court of the finding;  
26 and

27 (b) The court may modify the terms and conditions of probation

32 Division shall establish quality assurance procedures to ensure  
33 proper and consistent scoring of the risk and needs assessment.

34 7. As used in this section, "risk and needs assessment" means a  
35 validated, standardized actuarial tool that identifies risk factors that  
36 increase the likelihood of a person reoffending and factors that,  
37 when properly addressed, can reduce the likelihood of a person

38 *↪ must not be used.*

39 4. Notwithstanding any rule or law to the contrary, a parole and  
40 probation officer shall use graduated sanctions established pursuant  
41 to this section when responding to a technical violation.

42 ~~[4.]~~ 5. A parole and probation officer intending to impose a  
43 graduated sanction shall provide the supervised person with notice  
44 of the intended sanction. The notice must inform the person of any

1 alleged violation and the date thereof and the graduated sanction to

41 478, Statutes of Nevada 2011 and section 2 of chapter 391, Statutes  
42 of Nevada 2013 and unless otherwise declared by law to be  
43 confidential, all public books and public records of a governmental  
44 entity must be open at all times during office hours to inspection by  
45 any person, and may be fully copied or an abstract or memorandum

1 may be prepared from those public books and public records. Any  
2 such copies, abstracts or memoranda may be used to supply the  
3 general public with copies, abstracts or memoranda of the records or  
4 may be used in any other way to the advantage of the governmental  
5 entity or of the general public. This section does not supersede or in  
6 any manner affect the federal laws governing copyrights or enlarge,  
7 diminish or affect in any other manner the rights of a person in any  
8 written book or record which is copyrighted pursuant to federal law.

9 2. A governmental entity may not reject a book or record  
10 which is copyrighted solely because it is copyrighted.

11 3. A governmental entity that has legal custody or control of a  
12 public book or record shall not deny a request made pursuant to  
13 subsection 1 to inspect or copy or receive a copy of a public book or  
14 record on the basis that the requested public book or record contains  
15 information that is confidential if the governmental entity can  
16 redact, delete, conceal or separate, including, without limitation,  
17 electronically, the confidential information from the information  
18 included in the public book or record that is not otherwise  
19 confidential.

20 4. If requested, a governmental entity shall provide a copy of a  
21 public record in an electronic format by means of an electronic  
22 medium. Nothing in this subsection requires a governmental entity  
23 to provide a copy of a public record in an electronic format or by  
24 means of an electronic medium if:

25 (a) The public record:

26 (1) Was not created or prepared in an electronic format; and

27 (2) Is not available in an electronic format; or

28 (b) Providing the public record in an electronic format or by  
29 means of an electronic medium would:

30 (1) Give access to proprietary software; or

31 (2) Require the production of information that is confidential  
32 and that cannot be redacted, deleted, concealed or separated from  
33 information that is not otherwise confidential.

34 5. An officer, employee or agent of a governmental entity who  
35 has legal custody or control of a public record:

36 (a) Shall not refuse to provide a copy of that public record in the  
37 medium that is requested because the officer, employee or agent has  
38 already prepared or would prefer to provide the copy in a different  
39 medium.

40 (b) Except as otherwise provided in NRS 239.030, shall, upon  
41 request, prepare the copy of the public record and shall not require  
42 the person who has requested the copy to prepare the copy himself  
43 or herself.

44 **Sec. 8.7.** The Department of Sentencing Policy shall:

5 temporarily revoked due to a technical violation of the conditions of  
6 probation or parole, as applicable; and

7 (b) Recidivism rate for persons who serve a term of  
8 imprisonment because their probation, suspension of sentence or  
9 parole supervision is revoked due to a technical violation of the  
10 conditions of probation or parole, as applicable.

11 2. On or before January 1, 2025, submit a report to the Director  
12 of the Legislative Counsel Bureau for transmittal to the Legislature  
13 regarding the collection and analysis of data pursuant to  
14 subsection 1.

15 **Sec. 8.8.** The provisions of subsection 1 of NRS 218D.380 do  
16 not apply to any provision of this act which adds or revises a  
17 requirement to submit a report to the Legislature.

18 **Sec. 9.** 1. The amendatory provisions of sections 4, 5, 7 and

24 applicable.
