40 478, Statutes of Nevada 2011 and section 2 of chapter 391, Statutes
41 of Nevada 2013 and unless otherwise declared by law to be
42 confidential, all public books and public records of a governmental
43 entity must be open at all times during office hours to inspection by
44 any person, and may be fully copied or an abstract or memorandum
45 may be prepared from those public books and public records. Any

1 such copies, abstracts or memoranda may be used to supply the
2 general public with copies, abstracts or memoranda of the records or
3 may be used in any other way to the advantage of the governmental
4 entity or of the general public. This section does not supersede or in
5 any manner affect the federal laws governing copyrights or enlarge,
6 diminish or affect in any other manner the rights of a person in any
7 written book or record which is copyrighted pursuant to federal law.

8 2. A governmental entity may not reject a book or record
9 which is copyrighted solely because it is copyrighted.

10 3. A governmental entity that has legal custody or control of a
11 public book or record shall not deny a request made pursuant to
12 subsection 1 to inspect or copy or receive a copy of a public book or
13 record on the basis that the requested public book or record contains
14 information that is confidential if the governmental entity can
15 redact, delete, conceal or separate, including, without limitation,
16 electronically, the confidential information from the information
17 included in the public book or record that is not otherwise
18 confidential.

19 4. If requested, a governmental entity shall provide a copy of a
20 public record in an electronic format by means of an electronic
21 medium. Nothing in this subsection requires a governmental entity
22 to provide a copy of a public record in an electronic format or by
23 means of an electronic medium if:

24 (a) The public record:

25 (1) Was not created or prepared in an electronic format; and

26 (2) Is not available in an electronic format; or

27 (b) Providing the public record in an electronic format or by
28 means of an electronic medium would:

29 (1) Give access to proprietary software; or

30 (2) Require the production of information that is confidential
31 and that cannot be redacted, deleted, concealed or separated from
32 information that is not otherwise confidential.

33 5. An officer, employee or agent of a governmental entity who
34 has legal custody or control of a public record:

35 (a) Shall not refuse to provide a copy of that public record in the
36 medium that is requested because the officer, employee or agent has
37 already prepared or would prefer to provide the copy in a different
38 medium.

39 (b) Except as otherwise provided in NRS 239.030, shall, upon
40 request, prepare the copy of the public record and shall not require
41 the person who has requested the copy to prepare the copy himself
42 or herself.

43 **Sec. 14.** 1. This section becomes effective upon passage and
44 approval.

45 2. Sections 1 to 13, inclusive, of this act become effective:

- 1 (a) Upon passage and approval for the purpose of adopting any
- 2 regulations and performing any other preparatory administrative
- 3 tasks that are necessary to carry out the provisions of this act; and
- 4 (b) On January 1, 2024, for all other purposes.
