6 Program to repay the student education loans of qualified providers of health care who work
7 in certain underserved communities. **Section 6** requires the State Treasurer to ensure that at
8 least 15 percent of the money available for the Program in any year is used to repay the

11 Counties). With regard to other money available for the Program, **section 6** requires the State
12 Treasurer to prioritize certain providers of health care when awarding repayment of student
13 education loans under the Program. **Section 8** of this bill requires the State Treasurer to adopt

15 sections 35, 38 and 41 of chapter 478, Statutes of Nevada 2011 and section 2 of
16 chapter 391, Statutes of Nevada 2013 and unless otherwise declared by law to be
17 confidential, all public books and public records of a governmental entity must be
18 open at all times during office hours to inspection by any person, and may be fully
19 copied or an abstract or memorandum may be prepared from those public books
20 and public records. Any such copies, abstracts or memoranda may be used to
21 supply the general public with copies, abstracts or memoranda of the records or
22 may be used in any other way to the advantage of the governmental entity or of the
23 general public. This section does not supersede or in any manner affect the federal
24 laws governing copyrights or enlarge, diminish or affect in any other manner the
25 rights of a person in any written book or record which is copyrighted pursuant to
26 federal law.

27 2. A governmental entity may not reject a book or record which is
28 copyrighted solely because it is copyrighted.

29 3. A governmental entity that has legal custody or control of a public book or
30 record shall not deny a request made pursuant to subsection 1 to inspect or copy or
31 receive a copy of a public book or record on the basis that the requested public
32 book or record contains information that is confidential if the governmental entity
33 can redact, delete, conceal or separate, including, without limitation, electronically,
34 the confidential information from the information included in the public book or
35 record that is not otherwise confidential.

36 4. If requested, a governmental entity shall provide a copy of a public record
37 in an electronic format by means of an electronic medium. Nothing in this
38 subsection requires a governmental entity to provide a copy of a public record in an
39 electronic format or by means of an electronic medium if:

40 (a) The public record:

41 (1) Was not created or prepared in an electronic format; and

42 (2) Is not available in an electronic format; or

43 (b) Providing the public record in an electronic format or by means of an
44 electronic medium would:

45 (1) Give access to proprietary software; or

46 (2) Require the production of information that is confidential and that
47 cannot be redacted, deleted, concealed or separated from information that is not
48 otherwise confidential.

49 5. An officer, employee or agent of a governmental entity who has legal
50 custody or control of a public record:

51 (a) Shall not refuse to provide a copy of that public record in the medium that
52 is requested because the officer, employee or agent has already prepared or would
53 prefer to provide the copy in a different medium.

1 (b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare
2 the copy of the public record and shall not require the person who has requested the
3 copy to prepare the copy himself or herself.

4 **Sec. 14.** 1. This section becomes effective upon passage and approval.

5 2. Sections 1 to 13, inclusive, of this act become effective:

6 (a) Upon passage and approval for the purpose of adopting any regulations and
7 performing any other preparatory administrative tasks that are necessary to carry
8 out the provisions of this act; and

9 (b) On January 1, 2024, for all other purposes.
