AN ACT relating to governmental administration; revising provisions regarding the payment of certain fees for services provided by the Division of Enterprise Information Technology Services of the Department of Administration; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

- 1 Existing law creates the Division of Enterprise Information Technology
- 2 Services within the Department of Administration and requires the Division to
- 3 provide certain information services to state agencies and elected state officers.
- 4 (NRS 242.080, 242.131) Existing law also creates the Fund for Information
- 5 Services as an internal service fund and requires that each agency that uses the
- 6 services of the Division pay a fee to the Fund in an amount sufficient to reimburse
- 7 the Division for the entire cost of providing those services, including overhead.
- 8 (NRS 242.211) **Section 1** of this bill instead requires each agency that uses the
- 9 services of the Division to pay a fee set by the Administrator for those services.
- 10 Existing law requires the Administrator of the Division to pay annually from
- 11 the Fund certain construction costs for the computer facility in Carson City and any
- 12 subsequent capital additions to the computer facility. (NRS 242.241) **Section 2** of
- 13 this bill eliminates the requirements for the Administrator to pay annually from the
- 14 Fund such subsequent additions to the computer facility.
