Explanation

(Use Additional Sheets of Attachments, if required)

Fiscal impact to Nevada POST is unable to be determined at this time as the Bill is not specific to the number of Category II Peace Officers that may be employed and any specific additional training requirements of those personnel if passed. The creation of an additional Law Enforcement agency and personnel will result in additional regulating, training, and auditing (workload) responsibilities for Nevada POST. These impacts cannot accurately be determined without further details and clarification.
