Explanation

(Use Additional Sheets of Attachments, if required)

If enacted, the proposed legislation would provide reimbursement to teachers for certain out-of-pocket expenses. The Department has reviewed the bill and determined that the Department would administer these funds via subawards to school districts and charter schools. However, without a funding amount identified, NDE is not able to determine the fiscal impact. Once a funding amount is identified, NDE can estimate the number of staff needed to support the number of recipients based on the funding available.
