Event: Nevada Wildfire Awareness Day at the Legislature

Time: 08:00 AM - 11:00 AM

Function: Special Day at Legislature

Invitees: General Public

Location: Legislature

Instructions: As part of Nevada Wildfire Awareness Week (NVAW held May 4 - 11), we want to increase awareness of the wildfire issues facing our state by holding this special day during the legislative session. Inviting the general public and a small group of invited guests/representatives of our planning group to attend, we hope to be recognized on the floor of each house in order for your members to be more familiar with NVAW and the associated awareness campaign.
