EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 31, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 65, entitled "An Act to protect the wages of labor, and providing penalties for violation of the same." My objections to this bill are that its provisions are fully and properly covered by sections 1939 and 1940, Revised Laws of Nevada.

Respectfully submitted,

TASKER L. ODDIE, *Governor.*

The question being, "Shall the bill pass, notwithstanding the objections of the Governor?" veto of foregoing bill sustained by the following vote:

YEAS—Messrs. Fitzgerald and Gilbert—2.

NAYS—Messrs. Babcock, Baber, Baird, Baldy, Baring, Beason, Blundell, Craze, Dewar, Dickenson, Drappo, Evans, Fairchild, Ferguson, Gallagher, Geraghty, Goodman, Heidtmann, Kane, Kind, Leary, Mackay, Murdock, MacFarland, McFarlane, McNamara, Pate, Pitt, Reid, Rives, Schmidt, Scott, Sherman, Springmeyer, Steele, Voight, Walsh, White, Whitesides, Winslow, Winter, and Young—42.

Absent—Messrs. Beard, Friedhoff, Pohl, Preston, Smith, Taylor, and Walts—7.

Not voting—Mr. Speaker.

EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 31, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 170,

entitled "An Act to provide for the compilation, printing, binding, publishing, and distribution of a legislative manual and state green book, or roster."

In my message to the Legislature I recommended economy and retrenchment in state expenditures wherever the same could be accomplished without impairment of the public service. In view of the necessity, in every way possible, of keeping expenditures within the income of the State during the present fiscal year and 1914, I am compelled to withhold my approval from this bill, which carries an appropriation of $2,500 for the preparation, printing, binding, and distribution of 3,000 copies of a state green book.

Respectfully submitted, TASKER L. ODDIE, *Governor.*

The question being, "Shall the bill pass, notwithstanding the objections of the Governor?" veto of foregoing bill sustained by the following vote:

YEAS—None.

NAYS—Messrs. Babcock, Baber, Baird, Baldy, Baring, Beason, Blundell, Craze, Dewar, Dickenson, Drappo, Evans, Fairchild, Ferguson, Fitzgerald, Gallagher, Geraghty, Gilbert, Goodman, Heidtmann, Kane, Kind, Leary, Mackay, Murdock, MacFarland, McFarlane, McNamara, Pate, Pitt, Reid, Rives, Schmidt, Scott, Sherman, Springmeyer, Steele, Voight, Walsh, White, Whitesides, Winslow, Winter, and Young—44.

Absent—Messrs. Beard, Friedhoff, Pohl, Preston, Smith, Taylor, and Walts—7.

Not voting—Mr. Speaker.

EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 28, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 177, entitled "An Act to provide for inflicting the death penalty, prescribing the manner thereof, and to repeal all Acts and parts of Acts in conflict with this Act."

I have received an opinion from the Attorney-General that this bill is clearly unconstitutional, being in violation of section 17 of article 4 of the Constitution of Nevada, inasmuch as the subject of the Act is not expressed in the title. The Act expressly states that it amends section 431 of an Act entitled "An Act to regulate proceedings in criminal cases in this State, and to repeal all other Acts in relation thereto," approved March 17, 1911, hence the title is conclusively defective.

I believe it to be a matter of public policy to withhold my approval from any bill, irrespective of its purpose or merits, where its unconstitutionality is declared by the Attorney-General to be of such nature as to render the bill inoperative.

Respectfully submitted,

TASKER L. ODDIE, *Governor.*

The question being, "Shall the bill pass, notwithstanding the objections of the Governor?" veto of foregoing bill sustained by the following vote:

YEAS—None.

NAYS—Messrs. Babcock, Baber, Baird, Baldy, Baring, Beason, Blundell, Craze, Dewar, Dickenson, Drappo, Evans, Fairchild, Ferguson, Fitzgerald, Gallagher, Geraghty, Gilbert, Goodman, Heidtmann, Kane, Kind, Leary, Mackay, Murdock, MacFarland, McFarlane, McNamara, Pate, Pitt, Reid, Rives, Schmidt, Scott, Springmeyer, Steele, Voight, Walsh, White, Whitesides, Winslow, Winter, and Young—43.

Absent—Messrs. Beard, Fitzgerald, Pohl, Preston, Sherman, Smith, Taylor, and Walts—8.

Not voting—Mr. Speaker.

EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 24, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 229, entitled "An Act to repeal an Act entitled 'An Act creating and establishing a Nevada Bureau of Industry, Agriculture and Irrigation, providing for a Commission in charge thereof; creating the office of Commissioner of Industry, Agri-

culture and Irrigation, and fixing his compensation; defining the object and purposes of said Bureau; describing the powers and duties of said Commission; appropriating funds for its support and maintenance and to carry out its objects and purposes, and other matters relating thereto,' approved March 17, 1911; also, to provide for the disposition of property acquired under said Act, and to provide for the performance of certain duties heretofore performed under said Act."

My objection to this bill, apart from the reasons for the continuation of the Commission, unqualifiedly stated in my message to the Legislature, relates to the effect of the foregoing bill, if it became a law, upon the conduct of Carey Act enterprises in this State. In connection with Senate Bill No. 160, which I have this day likewise deposited without my approval, it substitutes the Surveyor-General, alone, for the Commission now charged with the government of Carey Act reclamation enterprises in Nevada, consisting of the Governor, Attorney-General, Surveyor-General, State Engineer, and Commissioner of Industry, Agriculture and Irrigation. I have heard no good reason advanced for this change. But, on the contrary, in view of the fact that very large sums, probably amounting to more than a million dollars within the next two years, will be involved in such reclamation enterprises in this State, and with the history of Carey Act enterprises in other States as a criterion and warning, I am unalterably opposed to deposing a Commission, which has shown its ability and purpose to control the administration of the Carey Act within strictly legitimate lines, for what must necessarily be a more lax administration thereof. Within the next two years I am firmly convinced that the majority of the people in this State will come to see the wisdom of this veto on this line alone.

One other reason I will here specifically mention for my disapproval of this bill. The Legislature has appropriated the sum of $140,000 for exhibits of Nevada's agricultural, mineral, and industrial resources at the Panama-Pacific International Exposition, at San Francisco, and the Panama-California Exposition, at San Diego, in 1915. It becomes highly important that, during the two years intervening, the State make every preparation to get results from such expenditures which will compensate the State for such great outlay. To abolish this Commission at this time, in view of the urgency of such preparation, seems to me to be entirely indefensible.

As a measure of salary retrenchment, after deducting the increased salary allowed the Surveyor-General for the additional duties conferred upon him, it amounts to but $1,800 per year net salary retrenchment in public expenditures, which can hardly be considered as of sufficient weight to offset the reasons presented in opposition to the bill.

I therefore deposit the bill with the honorable Secretary of State without my approval.

Respectfully submitted, TASKER L. ODDIE, *Governor.*

CARSON CITY, NEVADA, March 28, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 329, entitled "An Act to fix the salary of the First Associate Commissioner of the Railroad Commission of Nevada."

I have received an opinion from the Attorney-General that this bill is unconstitutional, being in violation of section 17 of article 4 of the Constitution of Nevada, inasmuch as it is in effect an amendment of section 4549, Revised Laws of Nevada, in which the salaries of said Commissioners are differentiated for reasons expressed in said section, and may not be amended without an Act in subject-matter and title expressly amending said section and republishing the section as amended.

I believe it to be a matter of public policy to withhold my approval from any bill, irrespective of its purposes or merits, where its unconstitutionality is declared by the Attorney-General to be of such nature as to render the bill inoperative.

Respectfully submitted,

TASKER L. ODDIE, *Governor.*

EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 31, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Substitute for Assembly Bill No. 67, entitled "An Act to provide for the construction of a public highway, and making an appropriation therefor."

In submitting my objections to this bill I shall include, also, Senate Bill No. 157, entitled "An Act providing for a public highway, and making an appropriation therefor," and Assembly Bill No. 284, entitled "An Act to provide for the construction of Nevada State Highway in the counties of Esmeralda, Eureka, Lander, Churchill, White Pine, and Nye, and other matters relating thereto, and making an appropriation therefor"; each of which makes an appropriation from the State Treasury to construct public roads in certain counties, and each of which I have, for reasons hereinafter stated, this day deposited with you without my approval.

Assembly Bill No. 67, herewith deposited, carries an appropriation of $25,000;

Senate Bill No. 157, referred to, carries an appropriation of $10,000; and Assembly Bill No. 284 an appropriation of $25,000; aggregating $60,000 from the State Treasury for highway construction.

The Legislature made no specific increase in the state tax rate to meet this proposed outlay; nor are the finances of the State in such favorable condition as to be able to meet this unusual disbursement without creating an embarrassing deficit. While this is presented as a more or less decisive reason for disapproving these bills, there are certain other objections which appear to me as worthy of special discussion.

It is obvious that whatever money is expended by the State in road construction must be contributed by the taxpayers of the several counties. If the State expends $60,000 in road construction, unless it is divided in the approximate ratio of each county's taxable property, any county which gets less than its pro rata, or no part thereof, is contributing to road construction in other counties from which it derives no direct benefit. On the other hand, any county which gets more than its pro rata thereof would be the beneficiary at the expense of the taxpayers of the other counties. Under the provisions of the three bills mentioned, appropriations are made for road work in certain counties, leaving other counties receiving no appropriations and the taxpayers of which would indirectly contribute for road work to be performed in the former.

In my message to the Legislature, in discussing the proposed transcontinental automobile highway from the Atlantic to the Pacific, and the likelihood of its passing through Nevada, if our people awakened to the necessity of extensive highway construction, I stated: "It is obvious that the counties through which such a road may be built will be the chief beneficiaries of its construction, and for which reason I recommend the passage of a general Act enabling any county to bond itself for its pro rata of such cost and otherwise meet the terms and conditions likely to be imposed by the Government and contributing associations."

In compliance with the foregoing recommendation, Assembly Bill No. 302 passed both houses of the Legislature, and was approved by me on March 26. Under its provisions any county in the State can undertake as much or little road work as its taxpayers are willing to perform, either by a direct tax or by issuing county bonds. In respect to the issuance of county bonds for road improvement, the State Investment Board (of the state school funds), under the provisions of Assembly Bill No. 249, approved by me March 22, is authorized to dispose of any of the bonds now owned by the State School Fund and convert the proceeds into county bonds under certain restrictions. Thus counties desiring to issue bonds for road improvement would likely find the State ready and willing to take them; the interest practically being returned to the counties in support of the public schools. Thus, under the provisions of these two Acts last mentioned, a complete *modus operandi* for counties to undertake the improvement of their roads and highways is at hand.

While, under the provisions of the three bills under discussion, the $60,000 aggregate appropriations would mean a serious drain on the State Treasury, this amount, when divided among the several beneficiary counties, would not make a sensible impression upon the good-roads problem in any one of such counties. An average state aid of $5,000 to each county, it will readily appear to those familiar with the cost of good roads, is utterly insufficient, and, without being supplemented by county appropriations from five to ten times greater, would, in effect, be wasted.

In conclusion, one additional reason seems to me to weigh against state aid for public roads in this State as against the matter being handled exclusively by the several counties. Once such precedent is established, state appropriations for road work in the counties would become, not unlikely, very similar to the public buildings and river and harbor appropriations of Congress, a "pork barrel," in which the zeal of members to secure a large share of the appropriation for their counties would have an important, and detrimental, effect on all other measures of good legislation pending.

EXECUTIVE DEPARTMENT,
CARSON CITY, NEVADA, March 31, 1913.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Substitute for Assembly Bill No. 110, entitled "An Act to prohibit the blacklisting by any employer or agent of such employer, and of any person or persons, and to regulate their discharge, dismissal, removal, or suspension; and the giving to employees a statement by the employer or by its officers or agents or by his or their agents, specifying the name and employment of the employee so discharged, dismissed, removed, or suspended, with the statement of all grounds for such discharge, dismissal, removal, or suspension, and to provide redress for the violation of this Act, and penalties therefor."

Sections 6779–6782, inclusive, Revised Laws of Nevada, make the blacklisting of any employee an offense against the State, punishable as a misdemeanor. Said Assembly Bill No. 110 in effect extends the scope of the term blacklisting to cover every form and character of written, printed, or oral statement with reference to an employee who is discharged or who voluntarily quits his employment, which is not of the nature of a recommendation. On demand of the employee, who so quits or is discharged, the employer must give the employee a statement, and retain a duplicate for his files, "giving the name of such employee, his position, place of employment, and a full statement of all grounds upon which such employer discharged, dismissed, removed, or suspended such person, or the reasons, so far as the same shall be known to such employer, why such person resigned or left the service of such employer." If the employee loses his statement, he has the right to demand a duplicate on a statement that the one previously delivered has been lost, mislaid, or stolen, and refusal so to do by the employer would be a misdemeanor.

The fourth section of the bill opens up the whole domain of controversy, made fruitful by the proposed bill, to the gleanings of shyster lawyers, who, rather than the wage-earners, would be the chief beneficiaries of its provisions. I believe that the existing law is sufficient to cover all real cases of blacklisting, but if the same is in any respect inefficient, the terms of this bill go beyond the limits of sound and rational legislation, and provide a remedy which in itself is likely to become a serious evil.

Respectfully submitted, TASKER L. ODDIE, *Governor.*

To the Honorable the Secretary of State:

I hereby deposit with you, without my approval, Assembly Bill No. 135, entitled "An Act providing for original proceedings in the Supreme Court of the State of Nevada to secure rulings from that court upon the constitutionality or interpretation of Acts of the Legislature of said State and the effect of such rulings."

I have received an opinion from the Attorney-General that this bill is clearly

unconstitutional, being in conflict with section 4 of article 6 of the Constitution of the State of Nevada, which defines the appellate and original jurisdiction of the Supreme Court.

I believe it to be a matter of public policy to withhold my approval from any bill, irrespective of its purposes or merits, where its unconstitutionality is declared by the Attorney-General to be of such nature as to render the bill inoperative.

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 158, entitled "An Act requiring water or gas or electric-light or electric-power or telephone companies, or either thereof, on written application therefor, to connect any building or premises with its mains or pipes or lines or wires, and to supply the owner or occupant of such building or premises with water or gas or electric-light or electric-power or telephone service upon certain conditions, and providing remedies and penalties for failure to so connect and supply such service."

This bill makes it obligatory on public-service corporations to connect their mains, pipes, or wires with any building or premises distant not more than five hundred feet from any such main, pipes, or wires, on the application of the owner thereof. Such connections are to be made at the expense of the company, which is prohibited from making any special charge therefor, and a severe penalty is provided in case of noncompliance.

Matters of this character, in my opinion, may be more equitably regulated by the Public Service Commission of Nevada, after an impartial hearing of the issues involved, than by direct Act of the Legislature. In the former case an adjudication can be made in each instance on the basis of the conditions existing, while in the latter statutory method of solution, there is no flexibility in the Act to exclude cases where it would be an injustice upon the company to enforce the law.

Respectfully submitted, TASKER L. ODDIE, *Governor.*

entitled "An Act to amend section 121 of an Act entitled 'An Act to provide revenue for the support of the government of the State of Nevada, and to repeal certain Acts relating thereto,' approved March 23, 1891."

I have already approved Assembly Bill No. 63, the effect of which is to increase the total state and county licenses paid by saloons from $170 (the former rate) to $220 per annum; and the license paid by mercantile establishments selling liquors as merchandise, without bars, from $50 (the former rate) to $100 per annum. Assembly Bill No. 205 affects only mercantile establishments selling liquors as merchandise, without bars, and would increase their licenses to $220 per annum, the same as saloons. I believe that there should be a differential between the two classes of licenses, operating in favor of the establishment without the bar. Again, the effect of this bill would be to cause many mercantile establishments to discontinue their licenses, and so deprive the State of a considerable revenue.

Respectfully submitted,

To the Honorable the Secretary of State:

I herewith deposit with you, without my approval, Assembly Bill No. 259, entitled "An Act prescribing duties of public-service water companies in the matter of furnishing water and regulating the rates thereof."

This is a bill which, by its terms, would only apply to Virginia City and the water company supplying said city with water. While there is a serious question whether the constitutionality of this bill would stand the test of the courts in respect to the limited range of population prescribed, and by which its application is limited to one town only in the State, and, again, whether the Legislature has power arbitrarily to fix by statute the maximum charge of a public-service corporation for any service, without a determination of the reasonableness of the charge, should such rate be confiscatory, or deprive such company of reasonable profits on its investment, there are other and substantial reasons why this bill should not be approved. The Public Service Commission of Nevada is now, and has been for some time, engaged in a determination of the reasonableness of water rate and service in Virginia City; the cost of the plant, the physical value of the property and the operating expenses are being determined, and on such findings the Commission will be prepared, under the powers conferred upon it, to issue an order affecting such rates and service and so afford redress to the extent the same may be shown to be reasonable and equitable.

INTRODUCTION AND FIRST READING

Messrs. Geraghty, Winter, Dickenson, and White granted leave to introduce bills without previous notice.

By Mr. White:

Assembly Joint and Concurrent Resolution No. 5:

WHEREAS, For many years past there has been established and maintained on the banks of the Truckee River by the Floriston Pulp and Paper Company, a corporation, at a point called Floriston, in the State of California, a mill for the manufacture of paper-pulp and paper by what is known as the sulphite process. The said mill has, ever since its establishment, been in active operation and has during this entire period discharged, and is still discharging, in such a manner that the same reaches the Truckee River directly and by seepage, a certain waste liquor which renders the waters of the stream below the said mill unfit for domestic purposes and deleterious to fish culture; and

WHEREAS, A series of tests and analyses made by competent authorities has proven beyond question of doubt that the said waste liquor in the Truckee River has added greatly to the amount of the dissolved organic matter and has seriously affected the quality of its waters, making the same deleterious to fish culture and giving it an unpleasant and unpalatable taste, as well as supplying coloring matter which detracts from its appearance; and

WHEREAS, During the entire period of time that the said mill has been in operation and so polluted the waters of the said stream an earnest and sustained effort has been made by the people of this State by litigation, by negotiations with the owner of said mill, and by conferences with the competent authorities of the State of California to abate the nuisance caused by the aforesaid contamination of said river, all of which efforts on the part of this State have come to naught by reason of the refusal of the owner of the said mill to take proper steps to remedy the objectionable conditions complained of, indifference on the part of the authorities of California, and the failure of proposed litigation for jurisdictional reasons; and

WHEREAS, By reason of the contamination of said river as aforesaid and the consequent rendering of its waters deleterious to fish culture and destructive of

fish life, the State of Nevada has been compelled to establish its fish hatcheries on inaccessible streams; and

WHEREAS, Said Truckee River is an interstate stream with its source in the State of California whence it runs into the State of Nevada and the source of the nuisance complained of, namely, Floriston, is in the State of California, just across the Nevada line, and, therefore, without the jurisdiction of this State; and

WHEREAS, By reason of the premises, it appears that the conditions herein complained of are proper subjects for regulation and control by the government of the United States: now, therefore, be it

Resolved by the Assembly of the State of Nevada, the Senate concurring, That our Senators and Representative in Congress be, and they are hereby, specially urged and memorialized to use every effort within their power to secure relief in this behalf for the people of this State by the presentation of the facts relating to the matters herein complained of to their respective branches of Congress for legislation on the subject, if legislation be required to remedy the evils above set out, and by presentation of said facts to all other authority of the government of the United States competent to act thereon for such relief, to the end that by proper legislation or departmental action all nuisances of this character be abated and forever hereafter prohibited on this interstate stream.

Resolved, That Professor S. C. Dinsmore, of the University of Nevada, who for some years past has on behalf of this State been investigating the conditions in the preamble of this resolution complained of, and who is, therefore, thoroughly familiar with the conditions surrounding these evils and in possession of all pertinent facts, details, and data applying thereto, be, and he is hereby, appointed and delegated a Special Commissioner for the State of Nevada to personally present to the authorities of the government of the United States the information in his possession for their consideration, and to urge their action thereon, and to in all possible ways assist our said Senators and Representative in Congress in their efforts to secure relief for the people of this State in this behalf.

Resolved, That engrossed copies of this resolution, attested by the officers of the Senate and Assembly, be at once forwarded by the Governor to our Senators and Representative in Congress, to Honorable Franklin K. Lane, Secretary of the Interior, and to the President of the United States.

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, February 18, 1915.

To the Honorable the Assembly:

I return to you herewith, without my approval, Assembly Bill No. 48 entitled "An Act concerning the payment of salaries of state officers or commissioners."

I cannot concur in the action of your honorable body on this measure, for the reason that many of the laws on the statutes provide for the payment of certain state officers from the General Fund, while making no specific appropriation for such payments. The Supreme Court of the State has held that such salaries are payable in the absence of direct legislative action making definite appropriation for such purpose at each succeeding legislative session.

The General Appropriation Act, which in the past has been rushed through in the closing hours of the session, may by inadvertence or design omit appropriations to take care of such salaries and thus nullify the laws creating these departments with no adequate opportunity for the consideration of each case on its merits. It is the duty of the Legislature to abolish such offices as it deems unnecessary by direct action during the session, after a proper consideration of the facts, and not by the mere withholding of an appropriation at a time when such proper consideration may not be given.

Respectfully submitted, EMMET D. BOYLE, *Governor.*

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, February 18, 1915.

To the Honorable the Assembly:

I return to you herewith, without my approval, Assembly Bill No. 48, entitled "An Act concerning the payment of salaries of state officers or commissioners."

I cannot concur in the action of your honorable body on this measure for the reason that many of the laws now in the statutes provide for the payment of certain state officers from the General Fund while making no specific appropriation for such payments. The Supreme Court of the State has held that such salaries are payable in the absence of direct legislative action making definite appropriation for such purpose at each succeeding legislative session.

The General Appropriation Act, which in the past has been rushed through in the closing hours of the session, may by inadvertence or design omit appropriations to take care of such salaries and thus nullify the laws creating these departments with no adequate opportunity for the consideration of each case on its merits. It is the duty of the Legislature to abolish such offices as it deems unnecessary by direct action during the session, after a proper consideration of the facts, and not by the mere withholding of an appropriation at a time when such proper consideration may not be given.

Respectfully submitted, EMMET D. BOYLE, *Governor.*

The question being, "Shall the bill pass, notwithstanding the objections of the Governor?" the veto of the foregoing bill was sustained by the following vote:

YEAS—Messrs. Fairchild, Ferguson, Fulton, Geraghty, Gilbert, Heidtmann, MacFarland, McFarlane, Pitt, Reid, Smith, Springmeyer, Walts, and White—14.

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, March 8, 1915.

To the Honorable the Assembly:

I take the liberty of urging your favorable consideration of Senate Bill No. 59 entitled "An Act to provide for the appointment of a State Auditor, etc.," the measure being, in my judgment, one which will result in economy to the counties both from the standpoint of direct expenditures and from the standpoint of better management.

At the present time the State is paying $1,200 per annum for expert services in the audit of its accounts, and this figure is paying only for a check of the books of the various departments and a more detailed analysis of expenditures than appears in the Controller's records. Every state department keeps its own books in its own way. There is no standardization of account systems, and many departments keep their records in such a shape that neither the Executive nor the Legislature in estimating the financial requirements of these departments has the detail which is necessary to a proper consideration of the subject.

The State Auditor would supervise the manner in which these records are kept, and would check the records at a cost to the State not exceeding the present cost of the check alone.

The sixteen counties of the State are at an annual expense of approximately $5,100, paying for the audit of their records under existing statutory provisions, which are, in many instances, disregarded flagrantly. Each county has its own system of accounts, and a great majority of the counties are employing systems which are obsolete and inadequate. State and county books should show not only the amount of receipts and disbursements; they should show, as well, the detail of all financial transactions, since every Board of County Commissioners should have this detail if they are to manage the county affairs intelligently. A competent State Auditor will initiate a uniform system which will show this detail.

As stated in the foregoing, the State will receive fuller service for the same money now spent if the office of State Auditor is created, and the counties will receive greatly increased service for approximately $1,700 less per year than they are now spending. There is, as far as I can see, little ground for just argument against the measure.

Respectfully submitted, EMMET D. BOYLE, *Governor.*

Mr. Pate moved, duly seconded, that special order, Senate Bill No. 59, be taken up.

It shall, in conjunction with the State Veterinary Control Service Department of the University of Nevada, adopt on behalf of the State rules and regulations relating to the control and suppression of disease in said stock, and said State Veterinary Control Service Department of the University of Nevada shall cooperate with said board in the enforcement of such rules and regulations. The board is authorized to give the State Quarantine Officer, or his representatives or his agents, duly approved by the board, full authority and power for the inspection, quarantine, and condemnation of cattle, horses, and hogs affected with any infectious or contagious disease, and is authorized and empowered to enter upon any ground or premises of this State for the purpose of enforcing the inspection, quarantine, and condemnation laws of this State. The board shall maintain an office at some point within this State, to be determined by the board. The maintenance of such office shall be paid from the State Treasury, in the same manner as the salaries and expenses of state officers. The board shall fix the rate of tax to be levied, as provided for in section 4 of this Act, and shall send notice of the same to the County Commissioners of the several counties of the State on or before the first day of August

of each year. The board shall audit all bills of salaries and expenses incurred in the enforcement of this Act that may be payable from the Stock Inspection Fund, and, if found correct, shall certify the same to the State Controller, who shall draw a warrant on the State Treasurer in favor of the parties entitled thereto. The board shall make an annual report in writing to the Governor on or before the thirtieth day of November in each year, giving a statement of the transactions of the board, and facts relating to the condition of the stock industry in this State. The board shall have power to order the State Quarantine Officer to have inspected or quarantined any stock in the State, compel treatment at such times and as often as he deems necessary to insure the suppression of disease, and the board shall divide the State into such districts as may be necessary for the enforcement of this Act. The State Quarantine Officer shall, upon direction of the board, quarantine and compel the cleaning and disinfection of any corrals or place where stock is handled, and when owners or persons in charge of such corrals fail or refuse to clean and disinfect such places or corrals, the board shall have power to clean and disinfect them, the expense of which shall be paid by the owner or person in charge, and shall be a lien on such place or corral until the expense is paid. All orders, rules, or regulations made as herein provided must be published at least twice in some newspaper having general circulation in each county in the State, which shall constitute a legal notice of the order made upon all stockmen owning or having in charge cattle, horses, or hogs.

Amend section 6 to read as follows:

SEC. 6. The board shall have charge of the enforcement of the provisions of this Act, and of the rules and regulations made as herein provided. The board shall appoint such inspectors as may be necessary, and said inspectors, before entering upon the duties of their office, shall file a bond in the sum of one thousand dollars ($1,000), payable to the State, for the faithful performance of their duties, with and to be approved by the board. Such inspectors shall be paid from the Stock Inspection Fund. The board and each inspector must keep a book, to be known as the inspection record, in which they must enter their official acts. Such record must show the name of the owner of all horses, cattle, and hogs inspected, and the time when and place where the same were inspected. Inspectors shall have the right at all times to enter any premises, farms, fields, pens, slaughter-houses, buildings, or cars, where any of said stock are quartered, for the purpose of examining them, in order to determine whether they are affected with any infectious or contagious disease. All inspectors and their deputies shall have the same powers and authority of peace officers. The board shall have the power to order an inspector to quarantine any corral, pens, slaughter-houses, buildings, and cars where stock may have been handled, and compel the cleaning and disinfecting of the same when deemed necessary for the purposes of this Act. Where owners or persons in charge of such places refuse to clean and disinfect them, the inspector shall have the right to take charge of such places, and cause the same to be cleaned and disinfected, the expense of which must be paid by the owner or person in charge, and shall be a lien upon such premises, corrals, pens, slaughter-houses, buildings, cars, etc., until such expense is paid.

Amend section 9 to read as follows:

SEC. 9. Whenever any stock shall become infected with any infectious or contagious disease, the owner or agent in charge, the inspector appointed as herein provided, or any practicing veterinary, must immediately notify the board and the State Quarantine Officer.

Amend section 10 to read as follows:

SEC. 10. When stock is found diseased, regulation for their quarantine must be made at once by the State Quarantine Officer, upon notification by the inspector of the district where such stock is found, who must define the place and limits within which such stock may be grazed, herded, or driven, and such stock must be held in quarantine until pronounced cured from disease by the State Quarantine Officer. The expense of treating, feeding, and taking care of all stock quarantined under the provisions of this Act must be paid for by the owner or agent in charge of such stock; and such expense shall be a lien upon such stock until paid.

Amend section 12 to read as follows:

SEC. 12. When any owner or person in charge of stock shall bring such stock into this State, before entering from an adjoining State or Territory, for the purpose of grazing or feeding, they shall notify the board and State Quarantine Officer, in writing, of such fact immediately before entering the State, stating the time when and the place where such stock shall enter; *provided, however*, that stock in transit on the cars shall not be required to give notice unless they shall remain in the State, or are unloading to feed and rest for a longer period than forty-eight hours.

Amend section 13 to read as follows:

SEC. 13. In no case shall any stock suffering from contagious or infectious diseases be removed from one point to another within any district, or from one district to another, without a written permit from the board and state quarantine officer.

Amend the bill as a whole by adding thereto another section, to be known as section 18, to read as follows:

SEC. 18. The State Board of Stock Commissioners shall act in conjunction with the State Veterinary Control Service of the University of Nevada in the general enforcement of rules and regulations looking to the diagnosis, control, eradication, and prevention of infectious, contagious, or communicable diseases of domesticated animals, as included in this Act. In so far as the duty imposed by the Board of Stock Commissioners requires a regulation of interstate and intrastate movement of domesticated animals infected with, or which have been exposed to, infectious, contagious, or communicable diseases, the board shall act in conjunction with the State Veterinary Control Service Department of the University of Nevada; and the laboratory of the said State Veterinary Control Service Department of the University of Nevada shall be at the service of the said State Board of Stock Commissioners, to render such scientific assistance as it can, in order to accomplish the purposes contemplated in this Act. Whenever any of the employees in the department of the State Veterinary Control Service of the University of Nevada are employed upon duty required of them by the said State Board of Stock

Commissioners, they shall be paid, from the Stock Inspection Fund, for their services, pro rata as to the time which has been spent in this service, and at a rate which shall compensate them on the same basis of salary or wages paid to them regularly by the Board of Regents of the University of Nevada.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Ways and Means has had Senate Bill No. 147 under consideration, and begs leave to report favorably on the same, with the recommendation that it do pass. We find that this deficiency was permitted by the consent of the Board of Examiners, and we feel that the State is obliged to pay it, but we believe that this is a bad precedent to establish except in a case of extreme emergency.

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, March 12, 1915.

To the Honorable the Assembly:

Your attention is respectfully called to Senate Bill No. 215—An Act authorizing the State of Nevada to transfer to the different funds of the University of Nevada certain bonds and moneys, etc.

The preamble of the bill sets forth its purposes, and for your information I will say that the Federal Auditor has given notice that the National Government will require the State to make good the entire principal sums obtained from the sales of lands under the so-called 90,000-Acre and 72-Section Grants. Your attention was called to this matter in my inaugural message, and there is no question that the State must proceed to ascertain the amount of money actually obtained from the disposal of lands under these grants if it is to avoid a suit with the Federal Government.

Senate Bill No. 215 provides for this, but section 4 of this Act is superfluous if not actually liable to make a very injurious draft on the State Treasury to take care of back interest. I am assured by the University authorities that it is not their desire to have this section remain in the Act, and it is respectfully suggested that the bill be amended by striking out the said section 4 in its entirety.

The bill, without section 4, should pass, as it will probably avert a demand on the part of the Federal Government for not only the restoration of the full principal sums, but in addition a very substantial sum for back interest, which, from an equitable standpoint, the State should not be called upon to pay.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, March 12, 1915.

To the Honorable the Assembly:

Senate Bill No. 136, now before you, contemplates the creation of a Board of Control to exercise a certain authority in the employment of clerical help in the Capitol Building and to supervise the purchase of state supplies.

For your information I am showing in detail the amounts now paid annually for clerical help in the various state departments housed in Carson City:

Stenographer for the Attorney-General	$1,200.00
Stenographer for the State Controller	1,200.00
Stenographer of the Governor	1,200.00
Stenographer of the Treasurer	1,200.00
Typists for Secretary of State	2,400.00
Clerk for Secretary of State	2,000.00
Stenographer for Secretary of State	900.00
Typist for Secretary of State	1,200.00
Bookkeeper and Typist for Superintendent of State Printing	1,200.00
Clerk for Superintendent of Public Instruction	1,200.00
Deputy, State Land Office	2,000.00
Draughtsman, State Land Office	2,000.00
Typist for State Land Office	1,200.00
Total	$18,900.00

The foregoing offices are directly repealed by Senate Bill No. 136.

The departments and commissions, other than elective officers, include in their estimate for clerical and expert assistants the following amounts for each of the years comprising the current biennial:

Railroad Commission	$4,650.00
State Engineer	3,000.00
Clerk of the Supreme Court	600.00
Clerk of the State Land Office	2,000.00
Clerk of the Mining Inspector	1,200.00
Clerical help, Public Service Commission	1,650.00
	$13,100.00

The grand total for all clerical and expert help is, therefore, $32,000 for each year or $64,000 for the biennial. Senate Bill No. 136 carries an appropriation of $50,000 to perform this service, and on its face effects a clear saving to the State of $14,000 for each two-year period, since the Ways and Means Committees of your honorable body and that of the Senate has the power to reduce the appropriations of the various departments by the amounts listed above for clerical assistants.

The State Purchasing Agent will unquestionably effect some saving to the State in a more systematic control of purchases.

For your information I will say that on one contract alone—that of oil for state institutions—the employment of reasonable business methods has resulted in new arrangements for future oil purchases which will save the State about $142 per car, or a total of approximately $2,000 per year. This is illustrative of the savings which may be effected in other items.

I am confident that those members of your honorable body who are intent on bringing about real economy in the business management of the state government will embrace this opportunity to support this measure clearly calculated to reduce expenses.

Very respectfully, EMMET D. BOYLE, *Governor.*

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Judiciary has had Assembly Bill No. 263 under consideration, and begs leave to report favorably on the same, with the recommendation that it do pass.

C. E. WHITESIDES,
W. E. BALDY,
JOHN MCFARLANE,
LUTE F. WHITE.

Mr. Speaker:

Your Committee on Judiciary has had Assembly Bill No. 263 under consideration, and begs leave to report unfavorably on the same, with the recommendation that it do not pass, for the following reasons:

First—The bill has not been properly brought before the committee.

Second—It is our contention that no Conference Committee except a Free Conference Committee has the power to introduce any new bill.

Further, the bill has not been read a second time by title, as every member of this body knows.

Further, it has been the rule of the Judiciary Committee, throughout the entire session, to consider no bills unless they were before each member of the committee in printed form.

Further, that the Chairman of the Judiciary Committee announced this morning that it would be a standing rule that meetings of the Judiciary Committee would be held in the mornings before convening, and that no meeting should be held during the noon recess.

Further, that for the foregoing reasons we are of the confirmed conviction that this is a dastardly and underhanded attempt to railroad through legislation, which it has feared to attempt openly.

Further, that the Assembly has already passed a bill in the same identical language, covering the same identical subject with a slight change in the title, all of which is contrary to the provisions of the Constitution.

Further, the Conference Committee has not met a like committee from the Senate, consequently has not reported upon a subject-matter under conference; and cannot, therefore, introduce a bill on the same subject-matter, which is a power they at no time possess.

C. W. DICKENSON,
HENRY C. SCHMIDT,
A. L. SCOTT.

Mr. White protested against the minority report of the Judiciary Committee in so far as it related to him as Chairman of the Judiciary Committee, announcing that there would be no meeting of the Judiciary Committee during the noon recess.

MESSAGES FROM THE GOVERNOR

EXECUTIVE CHAMBER,
CARSON CITY, NEVADA, March 16, 1915.

To the Honorable the Assembly:

I am returning herewith, without my approval, Assembly Bill No. 170, entitled "An Act relating to special elections for certain county, city, and school district purposes, and repealing Acts in conflict therewith."

Briefly stated, the Act provides that at special elections called for the purpose of submitting to popular vote bond issues or other proposed means for raising revenue for counties, cities, or school districts within the State of Nevada, none other than qualified electors who are taxpayers within said county, city, or school district shall be eligible or qualified to vote at such election.

Section 1 of article 2 of the Constitution provides: "All citizens of the United States * * * shall be entitled to vote for all officers that now or hereafter may be elected by the people, and upon all questions submitted to the electors."

Said article of the Constitution provides the qualification of electors, and the Act in question seeks to impose, in addition to the qualifications specified in the Constitution, a property qualification on electors at the special elections contemplated in said Act.

In the case of *State, ex rel. Whitney*, v. *Findlay*, 20 Nev. 198, the Supreme Court had before it an Act somewhat similar to the one in question, and, in holding such Act unconstitutional, used the following language: "Any citizen possessing the qualifications of an elector as defined in section 1, article 2, of the Constitution is entitled to the right of suffrage. It is not within the power of the Legislature to deny, abridge, extend, or change the qualification of an elector as prescribed in the Constitution."

While personally approving the principle sought to be obtained by this bill, I am constrained to return it without my approval, for the reason that it attempts to impose a qualification not warranted under our Constitution, and it therefore is unconstitutional and void.

Respectfully submitted, EMMET D. BOYLE, *Governor*.

The question being "Shall the bill pass, notwithstanding the objections of the Governor?" veto of the Governor was sustained by the following vote:
