Mr. Anderson moved that the petition be placed on the Chief Clerk's desk pending the appointment of standing committees.

Motion carried.

Mr. Folsom read the following greeting from Governor Charles H. Russell:

"Please extend my welcome to the Assembly, and my sincere wishes for a successful session. My office is open at all times to the Assemblymen and Assemblywomen. I will deliver my message at a Joint Session of the Assembly and Senate at 2 p. m., Tuesday, January 16, 1951."

Mr. Cross requested that anything in regard to the appointment of attachés be referred to him.

Mr. Speaker announced that a distinguished visitor was in the Assembly Chambers, Senator George W. Malone.

Mr. Speaker instructed the Sergeant-at-Arms to escort Senator Malone to the rostrum.

Remarks from Senator Malone:

I am very honored to be able to say a few words to this Assembly.

I hope that you are aware of the grave situation facing this country in the present conflict which we are engaged in.

I am willing and happy, at all times, to give my assistance to any and all of you.

Mr. Anderson moved that the Assembly recess until 2 p. m.

Motion carried.

SPECIAL ORDERS OF THE DAY

VETO MESSAGES OF THE GOVERNOR

Vetoed Assembly Bill No. 170 of the Forty-fourth Session.
Bill read.
Governor's message stating his objections read.

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, March 29, 1949.

HONORABLE JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: There is herewith deposited in your office for filing, within the constitutional time limit and without my approval Assembly Bill No. 170, introduced by Mr. Johnson on February 18, 1949, and entitled: "An Act to amend an act entitled 'An act to define, regulate, and license real estate brokers and real estate salesmen: to create a state real estate board, and to provide a penalty for violation of the provisions thereof, and to repeal all acts and parts of acts in conflict therewith', approved March 27, 1947."

This bill prohibits the issuing of a real estate broker's license to any county recorder or county assessor in the state, and provides that such license of any person who now is or may become either a county recorder or county assessor, shall be revoked. A study of the bill shows its effects to be far reaching and capable of producing irreparable damage in its operation. Investigation reveals that the county assessor of White Pine County is the only person among either county recorders or county assessors in the state, holding a real estate broker's license at the present time. In my opinion the measure would result in inequitable and unjust consequences and I hereby veto it for the specific reasons hereinafter set forth.

1. The measure attempts to prescribe qualifications for certain county officers in the State but its application is in actuality restricted to only one person at the present time.

2. Adoption of the provisions of the Act would require those coming within its purview to lose a valuable vested right, viz, revocation of a broker's license, which right the person was not required to surrender at the time he was elected to the office. It does not seem in keeping with fairness and justice

that this added qualification for either of the offices here concerned be imposed upon one during the term for which he is elected.

3. The vested right which the measure provides shall be revoked, is a valuable property right and has for many years been a means of support of the county assessor of White Pine County, who is alone effected by the Act. To deprive him of his realtor's license would destroy a valuable business investment built up through years of effort. He should be entitled to resume his former profession upon leaving public office without the necessity of applying for another realtor's license under new conditions or additional requirements which may be impossible for him to meet.

4. In providing for the revocation of a license to sell real estate while the holder of such license completes the remainder of his term of office, deprives him of his right to pursue a vocation or profession during nonoffice hours. So long as the practice of dealing in real estate does not conflict with the hours of his office as provided by law or interfere with his official duties, no good reason appears that any public official licensed to engage in this business, should be prohibited by legislative act from continuing to do so.

For the reasons herein set out this Act is deposited without my approval.

Respectfully submitted,
VAIL PITTMAN, *Governor.*

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

NAYS—43.

Vetoed Assembly Bill No. 181 of the Forty-fourth Session.

Bill read.

Governor's message stating his objections read.

HONORABLE JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: There is herewith deposited in your office for filing, within the constitutional time limit and without my approval Assembly Bill No. 181, introduced by Mr. Pruett on February 21, 1949, and entitled: "An Act to repeal section 1 of an act entitled 'An act of the legislature of the State of Nevada consenting to the acquisition by the United States of certain described lands within the State for national forest purposes; reserving the right of taxation, and retaining civil and criminal jurisdiction over persons thereon except in certain cases; and other matters properly relating thereto,' approved March 29, 1937."

This bill repeals Section 1 of Chapter 208, Statutes of Nevada 1937. Under this section the State through the legislature consented to the acquisition of certain lands by the United States for use as forest reserve areas, said lands lying wholly within the boundaries of Washoe, Ormsby, and Douglas Counties.

Assembly Bill No. 181, if approved would revoke the consent of the legislature to transfer any of the lands herein mentioned to the United States. The Counties concerned, being divided on the question as to what lands, if any, should be excluded or withdrawn from the legislative consent previously given have, in conjunction with the U. S. Forest Service, entered into a compromise agreement that any repeal measure excludes federal lands located in Ormsby and Douglas Counties. Consequently Assembly Bill No. 380, which has received my approval, was passed by the legislature as a substitute measure.

These two bills, Assembly Bills No. 181 and No. 380, being inconsistent with each other in their provisions, and the legislature having passed the latter bill for the express purpose of nullifying the provisions of the former one, I hereby veto Assembly Bill No. 181 for the reasons hereinabove stated.

Respectfully submitted,
VAIL PITTMAN, *Governor.*

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

The Governor delivered his message as follows:

MESSAGE OF THE GOVERNOR TO THE FORTY-FIFTH LEGISLATURE OF NEVADA

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, January 16, 1951.

To the Honorable, the Senate and Assembly:

It is indeed a high honor and a real privilege to be with you today; and to deliver my message to the Forty-fifth Session of the Nevada State Legislature.

I see many in this chamber who served as legislators with me during my service in both branches of this Legislature. To these old friends and to the other distinguished members of the Senate and Assembly, I extend my sincere congratulations. Your individual electorates have imposed upon each of you—just as the people of the State of Nevada have imposed upon me—a public trust that we are sworn equally to preserve.

While I have been entrusted with the duties of Chief Executive by the people of Nevada, you, as the representatives of the same people, have been delegated the authority of enacting the laws under which our State is governed. With you rests the opinion of the people and with you is placed the responsibility and confidence of your counties to seek a goal of better government.

Necessarily, there must be a two-party system to preserve our time-honored formula of checks and balances. Yet, the men and women elected either to the legislative or to the administrative branches of government must be guided by the foremost principle of working for the progress and benefit of our State.

It is my intention to work in close cooperation with this State Legislature. I shall welcome the opportunity of meeting with you at any time to discuss mutual problems. I ask that you feel free to use the services that my staff can offer to you.

Today—as this Legislature begins its work—the shadow of war falls across this earth. Again, Americans everywhere are being called upon to make necessary sacrifices to combat a world menace—a Communistic menace whose goal is the complete destruction of the democratic way of life.

There can be no compromise between the basic philosophies of Americanism and the Godless ideology of Communism. One champions individual rights and liberties. The other subjugates personal freedoms under the yoke of fear and suppression.

To meet the existing National emergency, we will be called upon in the months and years ahead to forego the ordinary pleasures of life. The heavy cost of war preparation will reflect directly back upon the people of this State by a heavier Federal tax load and increasingly stringent economic controls. In a relatively short time, we will again experience the unavailability of materials and manpower except in industries essential to preparedness.

Our Nation, with this sovereign State as a component part, today finds itself in a position unique in history. On the one hand, we are fighting an undeclared, localized war and preparing ourselves and the free world for a total war, which, we pray to God, will not come. Of necessity, we are building a wartime economy and we must accept its growing impact.

Conversely, as peace-loving Americans, we are reticent to leave our "life as usual" routine and face the necessary unpleasantries. However, we must view the situation as it exists and not as we would like to have it. We cannot accept an "ostrich-like head-in-the-sand" attitude. If total war comes, our economy will be more nearly ready to stand the strain by preparing in advance. If total war is avoided, our economy will not have sustained a great loss although some improvements have been temporarily foregone. Instead, we will stand on a firm foundation prepared to build towards greater peacetime benefits.

Keeping in mind this thought of uncertainty in the future, as your Governor, I recommend to you a program of economy for the next biennium. All contemplated construction of buildings by the State should be deferred for the next two years. Exceptions should be made only where an emergency exists. Construction should be restricted to necessary repairs in order not to allow undue deterioration of State property.

Inflationary conditions have increased greatly during the past year and will reflect upon State expenditures. Although this may be responsible for some increased State revenues, further economies within the State Government must be brought about to offset the decreased purchasing power of the dollar.

Economies cannot be accomplished within a few weeks or months. However, it is in my program as Chief Executive to curb unnecessary expenditures in those departments over which I have administrative authority. To you members of the Senate and Assembly, I recommend careful consideration of all appropriations with a view towards curtailment of those we hold of lesser importance without seriously impairing governmental efficiency.

STATE FINANCES

Work on the State budget for the next biennium has not progressed far enough at this time to provide to you today a comprehensive analysis of the State's financial position. However, when my budget is submitted to you on the tenth legislative day, as provided by existing law, I will endeavor to provide as complete a financial picture as possible in my special budget message.

Enough facts are available now, however, to indicate that while the State will have an approximate $1,000,000 surplus available, demands for increased allotments are very heavy from many State agencies. Some of these increases, notably in the field of education and public welfare, are attributable to normal growth and must be provided for.

Others will have to be materially reduced if we are to live within the income provided by our present revenue system, as I am firmly convinced that we should. I intend to scrutinize appropriation requests very carefully and practice rigid economy wherever possible.

I do not believe any additional tax revenues are necessary if the State Legislature will hold to my announced program of economy by adhering to two premises:

First: By not extending the present level of State Government.

Second: By adopting measures that will perfect sound economies in operation of our State Government.

In my message today, I will set forth recommendations that I believe will bring about these economies.

TAX POLICY ON OIL AND GAS PRODUCTION

Every sign seems to point to the apparent development, in the not too distant future, of oil and gas producing properties within the State of Nevada. This Legislature should recognize this probability as a source of State revenue, bearing in mind that such a taxing policy should be an equitable one which would not impede proper development of a new and welcome industry.

The three methods of taxing in general use for gas and oil production are: first, the ad valorem base; second, the severence tax; and third, a combination of both. Each has its relative advantages and disadvantages. The ad valorem basis is used in property taxes in all States today. As you know, the

value is computed annually and the tax is collected similar to other property taxes.

The severence tax is based either on the amount of oil or gas produced, or on the value of the aggregate production. Such amounts or valuations are generally reported monthly and the tax collected monthly. This procedure is similar to the net proceeds of mines tax, except that land, improvements and personal property may or may not be assessed in addition by the County Assessor. This tax would apply to "All persons engaging in the business of producing or severing oil, gas or other hydro-carbons from the soils or waters of the State."

Under the ad valorem base, the counties would derive a direct benefit as would the State. Under severance taxation the State as a whole, instead of the oil-producing counties, would benefit from the revenues, unless a county apportionment is written into the basic law.

I recommend a serious study by the legislative branch under its prerogative of determining policy. One of the above-mentioned forms of taxation, or a combination thereof, should be adopted at this session.

EDUCATION

PUBLIC SCHOOLS

At present, there has been achieved a satisfactory adjustment in supplying properly accredited teachers for the State. However, in the event of war, there is little doubt that Nevada's administrators will find a shortage facing them.

Although salaries have been raised in most cities and counties, educators assert the difference in living costs has had a tendency to nullify most of the gains achieved.

The Legislature will be called upon to consider measures which would allow a minimum of $10,000,000 for a building program in the next eight to ten years. This program should be carefully weighed; first, as to responsibility for schools, whether it is a school district or a State finance problem or a joint problem. We all know increased enrollment in a growing State calls for additional classrooms.

The State's participation in a school building program is largely one of policy which must be determined by the Legislature.

I recommend to the Legislature that it seriously consider legislation which would remove the State Superintendent of Public Instruction from the rank of an elective official of the State. The State Superintendent of Public Instruction should be appointed by the State Board of Education, based upon clear-cut professional qualifications.

UNIVERSITY OF NEVADA

Conditions at the University of Nevada have materially improved during the past year. I feel that steps now being taken under the University Board of Regents by the University administration will do much to bring about coordination and specific planning.

The University of Nevada was founded to provide an educational program which would correlate the needs of the State. The fundamental principle cannot be overemphasized, that, first of all, the program should be for Nevada's welfare in the future by training young men and women to assume the role of leadership in the fields of activity within the State.

To overextend the University beyond the needs of basic educational requirements, I feel, would be a mistake. It is far better to have a compact unit, and it is better to develop in education well-rounded curriculums that meet our required needs, than it is to extend loosely knitted educational programs.

Congress has authorized the building of a U. S. Bureau of Mines building at the University. This will be a welcome addition when funds for the building are made available.

Enrollment at the University has dropped with the 1950 registration and now is approximately 1,500, compared to 1,770 in the previous year and 1,817 in 1946. This can be accounted for largely by the drop in veterans enrollment.

What effect the possible induction of 18-year-old youths into the service will have cannot be forecast at this time. However, the University must plan

ahead for the next two-year period, basing its needs on the present level of enrollment. Retrenchments can be accomplished as necessary.

Additional funds will be asked for, largely as a result of the drop in Federal funds for veteran enrollment. The decrease in student fees, mainly from Federal funds for veterans, has been from $606,214 for the past two years, to an estimated $330,000 for the next two years.

While the State Planning Board has proposed an extensive program of future construction, I recommend that Senate and Assembly committees meet with the Board of Regents and the administration of the University to determine the most practical approach in meeting present requirements. I believe these can largely be accomplished through renovation of the present heating systems and remodeling of present facilities.

The University today, as in the two previous wars, stands ready to assist our armed forces in cooperating with any war training programs.

NATIONAL SECURITY

NEVADA NATIONAL GUARD

From its birth as the "Battle Born State" when our forebears played a key role in preserving the Union, Nevada has always taken its rightful place in contributing to our national security. Our major contribution today is the Nevada National Guard, a well-trained and well-organized reserve component of the U. S. armed forces which can be called upon for the relief and assistance of the people of Nevada and for the protection of their lives and property.

The first unit of the postwar Nevada National Guard was organized in November 1947. Active units are now organized in Carson City, Las Vegas, Ely, Elko, Winnemucca, and Reno. Today, Nevada has eleven units representing both air and ground services with a membership approximating 800 men.

During the last biennium the Federal Government expended $7,855,756 on National Guard activities within our State. Buildings have been erected to the value of $206,122, and these are now State property. Federal property shipped into the State for use in the air and ground Guard totals $6,315,871 with all of this property being available to the State of Nevada for use in the event of any emergency.

The Nevada National Guard pay roll is one of the largest in the State. Instructors, caretakers and maintenance employees have been paid $654,214 during the past biennium. Members of the Guard in the various communities have received drill pay totaling $151,914 in the last two years. Approximately $178,000 have been expended for repairs and alterations to the former Reno Army Air Base, now utilized by the Air National Guard.

Not only should the State of Nevada retain this large source of income but in the interests of national defense, the National Guard program must be continued. Two years ago the Legislature made available to the Adjutant General's office, for that office and the Nevada National Guard, the sum of $30,000. This sum has not been sufficient to carry on its operation, and it was necessary to secure funds from private sources to assure continuance of this important program.

Therefore, I recommend to this Legislature that an increase in funds be voted as the State's share of this military standby facility. My recommendations will be detailed in my forthcoming budget message.

The present war emergency makes it a necessity that the State of Nevada give proper attention to the support of the National Guard. This will assure Nevada's proper contribution to national security and the continuance of generous Federal expenditures important to the economic welfare of our State.

CIVIL DEFENSE

In 1943 the Legislature passed an Act creating a State Council of Defense, providing for a director and not less than fifteen or more than twenty-five members. Under this Act the Council was given the authority to organize county and community councils of defense and prescribe their powers and duties. Provision is also made to cooperate with any and all Federal departments and agencies and to carry out, generally, precautionary measures necessary in a war emergency.

A State Council of Defense has been organized and plans are under way presently to meet emergencies if and when they arise.

I recommend to the Legislature that an appropriation be made to carry out the provisions of the Act in providing for a paid director to coordinate and direct the State's Civil Defense plan.

VETERANS

Events both in Asia and Europe have again focused our attention on Nevada's men and women who, down through the years, have offered their services in the defense of their country. Today another generation and many who served only recently, are being called to the colors to supply manpower needs as a bulwark against aggressor nations. Already some of our young men have paid the highest of prices on the Korean battlefields.

After each war in the last half-century, Nevadans have come home to take their places in building a better society. Leaders of the various veterans' organizations have expressed satisfaction in the majority of our existing State laws relating to ex-servicemen and women. All of us must realize the important part they have played in saving the freedoms we hold dear.

We must offer sympathetic understanding to those young men and women about to be called upon to fight for democracy and try, to the best of our ability, to make their tasks ahead a little less arduous in years to come.

NEVADA STATE HOSPITAL

The law governing the Nevada State Hospital for Mental Diseases was changed in 1947 and further amended in 1949. The 1949 Legislature made it mandatory for the governing board to name either the resident physician, the assistant resident physician or the business manager as the superintendent of the Hospital. While this has been carried out, I personally feel there has resulted a dual-control at the Hospital because the duties of the superintendent as to responsibility and administration are not clearly and definitely set forth in the law.

While the board is an acting and responsible board, with delegated powers of complete authority, I nevertheless recommend that the law governing the Hospital be amended to place over-all responsibility in the superintendent. This would bring an end to the existing condition of divided authority in Hospital personnel.

The construction of the new, male ward building has been an important and valuable addition.

As a member of the board, I am greatly interested in the Hospital and I intend to study conditions fully.

No other State institution should deserve more consideration, since the Hospital cares for those unfortunate people, who, through no fault of their own, require confinement.

This board should be nonpolitical, and therfore I recommend the Governor be removed as a member of the board.

NEVADA STATE PRISON

The construction of the new cell block at the State Prison has been completed and alterations made to the old structure which relieves the former crowded conditions. While the new gas chamber is still uncompleted, it will be finished this year since funds were made available by the 1949 Legislature for the work.

It is estimated that 250 acres of land could be irrigated and brought under cultivation at the Prison Farm with additional water storage facilities. This should be looked into by the Committees on State Institutions, as direct savings in purchases through greater productivity of meat at the farm, would result.

A tighter policy of control and discipline at the State Prison is the object of the new State Board, believing that greater restrictions will result in lowering the number of inmates.

PUBLIC WELFARE

The State Welfare Department, created in 1937, was reorganized in 1949 to achieve a more efficient, economical and integrated operation. Duplication in administrative organizations, formerly maintained by each program, was eliminated and field services were combined.

Purchasing for the district offices of the department has been centralized in the State office and substantial savings have been effected through quantity lot buying.

The largest program of the department is Old-Age Assistance, which has reached an all-time peak of almost 2,800 cases. One out of every four persons in Nevada, 65 years of age or over, is currently receiving assistance. Of this group, one-fourth recently benefitted through the increase in social security insurance payments. The remaining three-fourths are dependent solely on the maximum payment of $55 per month. If a Relative Responsibility Law, as outlined later in this message, is enacted, I feel savings will be made which should provide for some increase in these payments.

The Orphans' Home is under the administration of the State Welfare Department and its children have increased in number during the past two years from 84 to almost 100. To alleviate the fire hazard the board requested construction, under the State Emergency Fund, of a separate building to house the furnace and laundry facilities. This building is now nearing completion. Costs of operation have increased in the natural trend with inflation. Future planning for the Home should include the cottage system, but the cost factor is too great at this time.

Inasmuch as only 10 to 15 percent of the children at the home are full orphans, I believe costs could be reduced by a more careful screening prior to admittance. Parents should realize their responsibility, and should be required to pay actual expenses, or in proportion to their ability to pay.

RELATIVE RESPONSIBILITY LAW

Nevada and Texas are the only two States which, by law, preclude a welfare agency from making demands on a relative for support of an aged person.

The trend has been reached of largely doing away with family responsibility in this State, not only as to the aged and infirm but to children as well. A balance should be reached whereby family responsibility is required when such assistance can reasonably be given.

I recommend that the Legislature consider a Relative Responsibility Law and put teeth into existing laws in that respect to cover those persons getting benefits under the old-age assistance program, those persons admitted to the State Mental Hospital and those youngsters admitted to the State Orphans' Home.

PUBLIC HEALTH

Nevada's attention to the health of its citizenry became an official State function in 1893 when the Legislature created the State Board of Health. Over the 58-year span, public health programs have been broadened to meet the growing needs. Today, the policies of the State Board of Health are carried out by full-time public health workers who are well-fitted and well-trained in their specialties.

A healthy populace is a necessary asset to the progress and advancement of any society. The Legislature's support for the protection of public health has been commendable down through the years. Today, we have a well-rounded program whose services might be extended to a greater number of men, women and children if our economic future could be reasonably forecast in light of world conditions.

I agree that progress in no field is more desirable than in the protection of public health. It cannot be refuted that many times it is more desirable to check temporarily the weight placed on a single link rather than test the link and lose the chain. I cite this as an illustration of my firm conviction that an appreciable increase in public health expenditures can be foregone until international conditions improve.

A public health program has a place in Civil Defense. It is my belief that the present rate of expenditures can be integrated satisfactorily to meet defense needs, short of a real emergency.

This Legislature, under normal economic conditions, might study the strengthening of laboratory, sanitation and epidemiological services. Likewise, the segregation of all active cases of pulmonary tuberculosis could be considered. This disease, in the last five years, has taken an annual toll of 56

persons. Infectious tuberculosis should be included among the quarantinable diseases and treated in strict accordance with the governing rules.

I recommend legislation for future enactment requiring that records of marriage and divorce be made reportable to the State Division of Vital Statistics, thus bringing Nevada into conformity with a nation-wide procedure beneficial to our people and the Health Department programs.

When economic conditions become more stable, consideration should be given to the desirability and feasibility of improved services of public health dentistry, the programs for crippled children and rheumatic fever sufferers, and the mental health and public health nursing services.

International and national uncertainties today, in my opinion, make it mandatory that this Legislature choose against placing a greater tax burden on our State economy at this time for health purposes, since I am convinced that the benefits of our health program can be greatly increased by wise and considered use of moneys currently budgeted for that purpose.

EMPLOYMENT SECURITY DEPARTMENT

Further liberalization of the Nevada Unemployment Compensation Law is definitely not feasible at this time because of the increase of international tension and the uncertainties of the present national situation. Any further benefits might seriously jeopardize the trust fund under current conditions.

Prevailing rates of employer contributions and the amount of benefit payments to unemployed workers should remain at their present level in view of the uncertain economic trends.

Savings of contributions for employers have approximated $2,000,000 during the past biennium. It is estimated that a continuation of this rate of saving will mean approximately $1,000,000 a year to Nevada employers.

Benefit payment provisions of the Nevada law place this agency well up at the top among other States. This agency has continuously been a leader in the development of liberal provisions in the statutes. It has likewise led in the consideration of provisions for dependents and disability.

The responsibility for the government program of manpower mobilization under the present national emergency has been delegated by the Director of the Federal Bureau of Employment Security to the State Employment Security Agency. At this time, I urge all State departments to give every cooperation in meeting growing demands of defense industries in the Western States.

NEVADA INDUSTRIAL COMMISSION

The preferential or merit rating survey, which has been conducted by the Nevada Industrial Commission will be completed by April, I am informed, and a new schedule of rates will be issued that month based on the past two years experience.

The preferential rating will result to the benefit, in lowered premiums to those maintaining a low accident rate and, conversely, will result in higher costs to those who fail to hold accidents down.

Surpluses in the funds of the department have increased during the past ten-year period. A total of the State Insurance (compensation), Accident (medical) and Occupational Diseases Fund now shows $7,123,724 as compared to $953,669 in 1940, an increase of 647 percent in a ten-year period.

Cash and bonds on hand, less current claims and unsettled claims, now amount to $11,669,691.47, as compared to a total of $2,956,702.30 in 1940.

I fully realize that much criticism of the Nevada Industrial Commission, either rightfully or wrongfully, is due to the fact that it is an organization within an organization. I recommend that the commission be brought into and be made a part of the family of commissions and boards that administer the State Government, and be subject to the same degree of examination or scrutiny as other departments of State Government, and ask you for such enabling legislation. The commission deals with the people's money and the people should become thoroughly aware of all phases of the commission's operations.

LABOR

The dignity of labor has made for the greatness and stability of our Nation, in the same manner as the fruits of labor have made for national prosperity.

Nevada has been particularly fortunate in that organized labor has never sought to advance its interests at the expense of the industries and welfare of the State of Nevada.

I am firmly convinced that in our State the policies of organized labor are generally in good hands and are being wisely administered. I am also convinced that any and all problems affecting labor, stemming either from the employer-employee relation, or from public welfare generally, will be met and solved. These problems will be solved in the future, as in the past, through wise consideration as each arises, rather than through any attempt on our part to lay down a blue print for present or future years, based upon contingencies we can not now anticipate.

HIGHWAYS

A review of the accomplishments of the State Highway Department during the last biennium reveals that our highways have been constructed and maintained at a very high standard.

Obsolete portions of the primary system are being brought to the standard required by the increase in travel as rapidly as possible. It is evident that the tourist industry is "big business" in Nevada. Not only does the tourist patronize shops in communities he visits, but his gasoline purchases help materially in financing our State highway program. It should not be overlooked that the tourist is becoming more critical of the condition of the highway over which he travels.

Therefore, we should to the best of our ability continue to keep our roads in an attractive and inviting condition, but remain alert to the uncertainties of the future, nationally and internationally.

As funds permit, the secondary road system is being expanded to bring an adequate road network to the mining and agricultural communities of the State. This expansion is averaging about 125 miles of secondary road each year.

I recommend that a survey be made by the Legislature to review the financial program of the Highway Department in view of higher costs of materials. Needs for division shops, offices, maintenance buildings and equipment should be determined. Here again, in keeping with my stated policy, I feel that building construction should be delayed because of present economic conditions unless such construction is proven to be of an emergency nature.

ATTORNEY GENERAL

I specifically call your attention to the recommendations of the Attorney General as contained in his biennial report. His suggestions cover a wide field whereby statutory revisions can be made, looking to improved government. I commend this report to you.

I urge this Legislature, as a foresighted move for consideration by the next Legislature, to survey the desirability and feasibility of consolidating the State law enforcement agencies as a step toward economy and efficiency.

STATE ENGINEER

Administration of the public water resources of this State falls upon the State Engineer. The welfare of the people of Nevada is dependent upon its very limited water supplies.

The work load of the State Engineer has increased many fold in the last biennium. Nine hundred and twelve applications were filed to appropriate water in the past two years, compared to approximately one-fourth that number only fourteen years ago. This trend is reflected by fee receipts of $39,002 in the 1948–1950 period, compared to $27,541 in the 1946–1948 biennium and $8,759 from 1934 to 1946.

There is no more important business than the wise administration of water laws. In view of the great increase in official work since 1935, the State Engineer's office should be commended for carrying on with little or no increase in personnel.

The State Engineer, by existing law, is required to be a member of the Public Service Commission. Proper service to that Commission should be a

full-time job. Since revenues of the Public Service Commission are adequate to support three commissioners, the State Engineer should not be required to serve as a member of that board.

By law, the State Engineer is a member of the State Planning Board, whose duties mainly concern designing and planning public buildings. By necessity, this duty should be taken from him.

Since the creation of the Colorado River Commission, the State Engineer, at the request of the Governor, has been required to serve as a member. He has also served as its active secretary, bookkeeper and accountant. Engineering training and experience qualify him for such work but it is now a full-time job which the Colorado River Commission has adequate finances to fill from some other source.

I recommend that the State laws be amended to relieve the State Engineer from mandatory service as a member of the Public Service Commission, and of the State Planning Board; and that his service on other boards and commissions be limited to those that do not interfere with his full service under the law creating his office.

I further recommend continuance of the groundwater program conducted for years cooperatively with the United States Geological Survey. Development of Nevada's ground-water resources is extremely important for they represent our major unappropriated water supply. Immeasurable benefits have resulted and the program should be continued.

Recent disastrous floods have focused attention upon the necessity of maintaining proper measuring devices on our rivers. Future planning of power and irrigation development and flood control is dependent upon an adequate network of stream gauging stations. Therefore, I recommend that the Cooperative Stream Measurement program be continued. Continuance of the Cooperative Snow Survey program should be approved because of its value in soil conservation practices.

Sound and constructive programs of the State Engineer's office should be given encouragement by the adoption of suggestions I have set forth.

SURVEYOR GENERAL

The office of Surveyor General of Nevada was first created by the Territorial Constitution of 1861. Its history has been long and, down through the years, it has sold thousands upon thousands of acres of State-owned land to private interests.

Today the major job of the Surveyor General—that of administering and disposing of State-owned lands—is practically at an end. Only 8,000 acres of land are now available for purchase from the State of Nevada.

Therefore, in the interests of economy and efficiency in State Government, I recommend that the Constitutional office of Surveyor General be abolished. I further recommend that the duties remaining be placed under the jurisdiction of the State Engineer.

I make this recommendation after thoughtful study. The records will show that in 1938 the State of Nevada had approximately 400,000 acres of land to administer and dispose of in accordance with the law. Today, approximately 8,000 acres remain. There remains today some 33,000 acres of State-owned lands of which approximately 25,000 acres are involved in exchanges and are thus not subject to purchase by private interests from the State under terms of the Taylor Act.

It seems altogether logical that the duties of the Surveyor General, including his ex officio titles as State Forester and State Fire Warden, could be transferred to the office of the State Engineer.

If all State-owned lands are disposed of, there will remain no real need for the retention of the office of Surveyor General except insofar as the office could serve as a clearing house for collecting funds for past land purchase contracts. Generally, State lands are purchased on a 50-year contract basis. Several hundred thousand acres are embraced in pending State contracts. The average contract will expire between fifteen and twenty years from now. Other contracts have been signed more recently.

Legislation should be adopted transferring collection responsibilities, under terms of the land purchase contracts, from the Surveyor General to the State Engineer.

It is my firm conviction that this consolidation is altogether sound and squares with sound business practice and economy in Government.

COLORADO RIVER COMMISSION

I wish at this time to call your attention particularly to the work, the achievements and the problems of the Colorado River Commission and the Basic Magnesium Project.

As you know, the Colorado River Commission of the State of Nevada, among its other powers, is charged with the duty of protecting, safeguarding and holding in trust for the State the water rights or benefits from the waters of the Colorado River and the power generated thereon.

BASIC MAGNESIUM PROJECT

In addition, in 1947 the Legislature constituted the Colorado River Commission of the State of Nevada the governing board to acquire the Basic Magnesium Project from the Federal Government. Under this Act, the Basic Magnesium Project was taken over from the War Assets Administration on April 1, 1948, for a purchase price of $24,000,000, under an agreement, some of the principal terms of which provide that:

1. The State will pay for the project out of profits earned, and can take twenty years to complete payments.

2. The Colorado River Commission may turn the project back to the War Assets Administration upon three months' notice if it finds that profits are insufficient to meet required payments.

3. An arbitration committee shall be appointed for the purpose of settling any controversial questions of fact that may arise in carrying out the provisions of the agreement. Any time within five years from the date of execution of the agreement, the arbitration committee may meet at the discretion of the War Assets Administration and determine on an equitable basis the total minimum payment to be made by the purchaser under the terms of this agreement, which shall in no event exceed $24,000,000.

4. In the event the revenue produced from the property, as fixed by the arbitration committee, is not adequate to provide sufficient funds for payment to WAA for a period of three years, the War Assets Administration shall have the right to take the plant back upon three months' written notice to the Colorado River Commission.

The electric system, the water supply system, and the sewage disposal system, worth several millions of dollars, are under lease to Nevada for an indefinite period at $1 per year and are not subject to being taken back by the War Assets Administration.

To date the Basic Magnesium Project has paid the United States Government, through credits and cash, a sum in excess of $6,000,000. The project has its own operating fund, has set up reserves in accordance with the take-over agreement, has repaid all amounts due to the State of Nevada, and is at the present time operating as a self-sustaining project.

To date the Colorado River Commission of Nevada has entered into long-term leases, with options to purchase, with the Stauffer Chemical Company of Nevada, the Western Electrochemical Company of Nevada, the United States Lime Products Corporation, National Lead Company, and the Combined Metals Reduction Company. These are the major basic plan lessees, and, in addition, there are various small companies operating at the Basic Magnesium Project.

The basic reason for the State taking over the property was to retain it in the State, rather than have it sold piecemeal or dismantled. I strongly recommend that this property be sold by the State as soon as possible, and the property be placed on the tax rolls.

Problems at Basic Magnesium Plant and the town of Henderson will continue to arise as long as the project remains tax free and under State supervision. I believe that the district there should become a part of the State, rather than a ward of the State.

ELECTRIC POWER

Under the Hoover Dam power contracts, the State of Nevada was allotted 17.62 percent of the firm energy generated at Hoover Dam. In addition, the State of Nevada has been allotted 45,000 kilowatts of capacity, generating approximately 236,000,000 kilowatt-hours.

The Colorado River Commission allotted 622,000,000 kilowatt-hours to the Basic Magnesium Project, and has just completed contracts for the sale and use of this entire block of energy. These contracts provide for the sale of 139,000,000 kilowatt-hours to the Stauffer Chemical Company of Nevada; 232,000,000 kilowatt-hours to the Western Electrochemical Company of Nevada; 4,000,000 kilowatt-hours to the United States Lime Products Company; 151,000,000 kilowatt-hours to the National Lead Company; and 75,000,000 kilowatt-hours to the Combined Metals Reduction Company, which contract includes a withdrawal of 17,500,000 kilowatt-hours to be generated from capacity available to and chargeable to the account of the Lincoln County Power District.

Additional contracts representing the total energy now available from Davis and Hoover Dams have been drawn with the Southern Nevada Power Company, Lincoln County Power District, and the Overton Power District.

Additional allocations for the Henderson townsite plant and town water pumping and miscellaneous small users represent a complete use, as soon as withdrawals are effective, of all of the power now available to the State of Nevada.

Future power should become available to Nevada upon the completion of the Bridge and Glenn Canyon Projects and from the proposed future construction of the Kanab and Marble Canyon Projects.

The State of Nevada on behalf of the present Nevada contractors, Southern Nevada Power Company, Lincoln County Power District, and Overton Power District, has requested the installation of a 45,000 kilowatt generator known as A-9. The Commission is, in addition, negotiating for the take over of Unit N-7, a full capacity generator located on the Nevada side which was installed for the use of the Metropolitan Water District of Los Angeles, but is held subject to withdrawals for the account of the General Services Administration. Completion of the take over of N-7 will insure Nevada adequate generating capacity from Hoover Dam until 1966, subject to the right of the Metropolitan Water District to recall the generator upon two years' notice. At present negotiations are going forward to extend the length of call-back to four years.

At the present time there is but one available generator position left in the Hoover Power plant—that is N-8—and I strongly urge the Legislature to consider the necessity of amending present legislation to enable the State of Nevada to acquire this generating position when and if it is necessary for the complete and full generation of all energy allocated to the State of Nevada from Hoover Dam.

I strongly urge that the Legislature of the State of Nevada appoint whatever committees it might see fit—preferably a joint committee—to meet with the Commission in order to better acquaint themselves with the full operation and problems now confronting such Commission, as other legislative amendments may be deemed desirable after such joint discussion.

AGRICULTURE AND LIVESTOCK

Nevada's farmers and stockmen make up an industry whose economic welfare is directly reflected in the progress of our State. Farming and livestock raising have brought good prices, although the inroads of sharply rising costs of operation and narrowing profit margins are being felt.

Sheep and cattle prices are at such levels that the industry's gross earnings have greatly increased. However, stockmen are cognizant that the true and basic economic picture generally may be an unsettled one. Stockmen and farmers generally are prepared to resume normal operations and see an end to the inflation spiral with their goal a formula for bringing about a transition without endangering the industry's foundation.

If total war should come, greater demands will be made for sheep, cattle,

wool and farm produce to clothe and feed masses of men and women. Farmers and stockmen are ready to share in helping meet a crisis in order that normalcy can again become the order of the day.

Livestock and mining form the two basic industries upon which the State was founded. Now, as in the past, they provide our two greatest sources of wealth.

MINING

As this country's defense machinery picks up speed, Nevada's mines are again being looked upon to provide their minerals and metals to help replenish depleted national stockpiles. Our memories easily recall the demands placed upon the mining industry a few short years ago when this State contributed more than its share to our domestic metal supply, playing a role second-to-none in winning victory.

Demands have already been made for Nevada's critical metals — copper, lead, and zinc — and the strategic metals — manganese, tungsten, antimony, and quicksilver, which this State can supply in varying quantities. For the miner, the task of supplying this demand is not an easy one. The last ten years have brought a retrenchment of western mining activity generally. Operating underground metal mines in Nevada have been reduced by 66⅔ percent.

Our Congressional delegation is aware of Federal trade and tax policies which have greatly hampered domestic mining.

The Nevada mining industry is hopeful that the Federal Government's exploration and development program, authorized by the Defense Production Act, will bring tangible results to the end that our mines and the country's defense effort will benefit.

FISH AND GAME

I recommend for your attention the advisability of investigating the merits of appropriating sufficient moneys to effectuate fully the purposes of the Federal Pittman-Robertson Act and the Dingell-Johnson Act so that the State will benefit from each of these two meritorious laws. However, I would be opposed to any appropriation which would necessitate any increased tax rate or jeopardize the essentials of good government.

STATE AUTOMOBILE POOL

With reference to any proposed legislation for a State automobile pool, I recommend that a careful study be authorized to determine the feasibility and desirability of such a system. Since establishment of a pool for the use of elected and appointed officials and employees of the State would involve probable building construction, I recommend that a survey be made prior to the next Legislature, rather than the enactment of such a law at this time. As I have indicated before, construction of any type seems inadvisable at present.

In line with improved controls over the use of State-owned automobiles, I have issued a directive to all departments that State cars be used for State business only. In this directive, I have called particular attention to State statutes governing maximum purchase costs for new State cars.

I recommend that a State law, with a penalty clause, be enacted prohibiting private use of State automobiles.

STATE PROPERTY WATER SUPPLY

A matter of grave concern to Nevada's capital city is its water supply. This supply has been steadily diminishing, although increased by the fall storms, and at times the outlook has been alarming.

The reason for the diminishing supply has been twofold, namely, the early spring runoff due to watershed conditions, and greatly increased demands resulting from extensive building operations in recent years.

The State owns its own reservoir with pipe lines to the several buildings, but these have suffered from neglect and fall far short of adequately serving the State's needs. It has been necessary to purchase water from sources already strained in serving the general public.

This cannot rightly be said to be a problem exclusively for Carson City

and Ormsby County, as the State has millions of dollars invested here in tax-exempt property and should therefore share the responsibility.

From the information at hand I feel impelled to recommend as an economic necessity that the State Engineer be directed to make a survey of the situation and make a report for the guidance of the next session of the Legislature.

PUBLICATION OF BILLS

Since early Statehood the law has required the publication of bills allowed by the State. The reasons are obvious and are sound, and the taxpayers are entitled to information as to how their money is spent.

I recommend that every department of State Government be required to publish in one or more newspapers of general circulation in the State, at least once or twice a year, a list of all employees together with their monthly salaries. I believe that the public is entitled to know the salaries of all appointive officers and employees as well as elective officers. I find this is not the case at the present time.

CENTRALIZED PURCHASING

Purchasing for the many State agencies, boards, bureaus, divisions, departments and institutions has been diversified for many years. Two surveys made show clearly the savings that could be made through a State Central Purchasing Department, the creation of which I firmly believe would be an economy measure.

The survey made by the Nevada Taxpayers Association, and which does not include the Highway Department or the University of Nevada, estimates a biennial saving of at least $150,000. Such a saving is also borne out in the report of the Nevada Legislative Counsel Bureau Bulletin No. 13.

In recent years the State Highway Department instituted the bid system on gasoline and Diesel oil, and savings of $19,000 during the past year were had on these two items alone at the present discount prices.

In view of the possibility of short supplies creating a seller market, I question the advisability of initiating a general over-all program at this time.

There are many legislators who have had many years of experience in the buying and selling of supplies and equipment. The office of the Governor feels, in view of the approaching and inevitable war time regulations, that these legislators, by reason of their experience, are in a position to determine whether this over-all plan of centralized purchasing should be invoked at this time. Contract purchasing of gasoline and oil by the State Highway Department has resulted in large savings. If an over-all purchase program is found not adaptable at this time, I recommend bulk purchasing by contract of those materials in common use by the State departments and agencies to effect savings.

ADMISTRATION REORGANIZATION

A bill providing for an over-all State Merit System will be presented to the Legislature and I ask you to weigh carefully the advantages it will provide for those in State employment.

A merit system should be applied to State departments, agencies and institutions, for there is no doubt of the need for uniform job and salary classifications, where people doing approximately the same work should receive the same pay.

The proposed general system would not duplicate the present limited merit system covering only three departments, but would consolidate the two.

Agency and department heads, along with administration or board appointees should remain unclassified under the proposed merit system. This would remove the danger of the system eventually controlling the State Government.

I recommend the enactment of a merit system by the Legislature, in the belief that it will make for better and more efficient government, as well as job security for those individuals who have chosen public service as a career.

There are many boards in State Government which I feel can be abolished without loss to the State. These are the Board of Printing Control, Board of Irrigation, Board of Publicity, State Range Commission, Reclamation and Settlement Board and State Immigration Bureau. These have become inactive and are wholly unnecessary.

I further recommend continued consideration of the Gorvine Report. This exhaustive study of State Governmental problems provides a source of analytical material for your work.

CONCLUSION

In presenting my message to you, I have endeavored not to veer from a guiding principle of forthrightness in purpose and directness in presentation. It is my policy to meet issues squarely and propose recommendations I believe will go far in solving the perplexing questions in conformity with the authority delegated to me by the Constitution and the basic doctrines of good government.

These subjects and problems I have presented for your considered judgment and deliberation are diversified in nature and scope. I believe I have been sufficiently comprehensive, so that you, as members of the Nevada State Legislature, can view the broad picture of the State's financial status on one side and the many obligations and economic uncertainties of the future on the other.

I thank you for your earnest attention and you have my very best wishes for a pleasant and successful session. I again welcome the opportunity to confer with you on any legislative matter and I will respect the Constitutional privileges accorded to you as legislators. In conclusion, may I reiterate my sincere desire to work harmoniously in every respect with you. I solicit your confidence.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Englestead:

Assembly Resolution No. 6—In Memoriam of Roland N. Gibson.

WHEREAS, The members of this body have learned with deep sorrow of the death, on January 18, 1951, at Carson City, Nevada, of Roland N. Gibson; and

WHEREAS, For many, many years Mr. Gibson has well served the State of Nevada by his service as State Senator from White Pine County from 1936 to 1940; and

WHEREAS, He was appointed State Labor Commissioner in 1939, reappointed in 1943, and was serving his third term in that capacity at the time of his death; and

WHEREAS, During all of his years of public service he was untiring in his efforts to perform the burdensome duties assigned to him and as Labor Commissioner earned not only the commendation of the labor men whom he represented, but the employers as well, due to his great ability to compose and compromise the many differences of opinion arising through labor relations; and

WHEREAS, During his entire life he was devoted to his country, his State, to his family and to his God; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the condolences of the members of the Forty-fifth Session of the Legislature of the State of Nevada are hereby expressed in sorrow over the passing of an outstanding figure, and our heartfelt sympathies are extended to his widow, Mrs. Eunice Mary Gibson, to his surviving children, and his surviving relatives, and that in the expression of our sympathies we say to the bereaved family that our friend and brother, having lived a good life, has wrapped the mantle of his good deeds around him and has lain down to pleasant rest; and be it further

Resolved, That this resolution be spread upon the Journal of the Assembly. That copies thereof be delivered to the bereaved widow of the deceased and to members of the family, and that when the respective bodies adjourn today, they do so in memory of a most distinguished servant of the people of the State of Nevada.

Mr. Englestead moved the adoption of the resolution.

Remarks by Mr. Boak.

All Assemblymen were asked to leave their black bill books on top of their desks in order that the floor clerks could pick them up each night and fill them.

REMARKS FROM THE FLOOR

Mr. Boak made the following remarks:

I visited an old friend of mine who is connected with the State Prison and he brought up the same subject which has come up for the last fifteen years, namely, the great amount of time that inmates of the prison have on their hands with nothing to do but play cards, and that it would be very nice if they were given something to do to occupy their time.

Mr. Boak recommended that members of the Assembly take this grave condition under consideration.

Mr. Cross announced that if anyone knowing of the demise of any member of the Assembly since the last session of the Legislature would

tell him and give him some of the history of same that he would put it in the form of a resolution. He mentioned the deaths of two former members, Messrs. White and Terrell.

MESSAGES FROM THE GOVERNOR

Mr. Speaker instructed the Chief Clerk to read the following communication:

THE STATE OF NEVADA
EXECUTIVE CHAMBER
CARSON CITY, January 24, 1951.

To the Honorable the Assembly:

Pursuant to provisions of chapter 299, Statues of Nevada of 1949, I herewith respectfully submit The Executive Budget for the fiscal years 1952 and 1953, together with recommendations for expenditures and classified estimates of receipts from all sources.

This budget, separated into three parts, sets forth, first, a general statement of State bond assets and liabilities. Second, it contains financial statements for all departments of State Government, showing actual expenditures for the fiscal year ending June 30, 1950, and estimated expenditures for the year ending June 30, 1951. The computation of the tax levy and the budget summary show the balanced relations between the total proposed expenditures and the total anticipated revenues, together with the means of financing the budget for each year of the ensuing biennium commencing July 1, 1951, and ending June 30, 1953.

Part three of this budget includes the proposed general appropriation bill, authorizing all expenditures of the State Government for each fiscal year of the ensuing biennium. Because this requirement is set forth in the budget document, I am not submitting a general appropriation bill to be introduced into both houses simultaneously, as has been customary in the past. Presentation of the proposed general appropriation bill herewith will enable your committees to utilize the drafts of this bill, as shown in the budget document, as working copies if they choose, and to introduce the bill when an agreement has been reached on its final form.

The instability of the international and national scenes, brought on by the Korean war and the inflationary cycle, has made it extremely difficult to make definite recommendations for future application. These uncertainties make it mandatory that no greater State tax burden be imposed and that rigid economy be practiced wherever possible without impairing governmental efficiency.

The matter of a salary policy for State officials and employees is one that I have attempted to clarify here. You will note that I have included all statutory salaries of State employees at the present pay scale although the Act establishing this scale expires at the end of the current biennium. This was necessitated because the expiring Act repeals all pre-existent statutory salaries, with the exception of ex officio salaries of elective State officials.

To retain consistency, I have left elective State officers' salaries at their existing rate also. In both categories, there will be no necessity for an additional appropriation by the Legislature to retain salaries at their present rate other than the budget recommendations. However, I wish to emphasize these salary bills must be re-enacted by your Honorable Body to provide authorization for salary payments to State employees after June 30, 1951, consistent with your best judgment in light of existing conditions.

In my considered opinion, I feel that in the interest of wise and effective administration at the University of Nevada, a lump sum appropriation should be approved. Therefore, I am requesting a single money appropriation covering all requirements, rather than separate appropriations for the individual University divisions. Since the Board of Regents, responsible as elective officials to their electorates, knows intimately the problems at the University, a single money appropriation will allow flexibility in handling funds to meet changing conditions in the best interests of the State.

While I have cut back the University request, you will note that it is still considerably higher than the amount allotted for the last biennium. This increase is made necessary because of the decline in student enrollment fees paid by the Federal Government for veterans, thus reducing the revenue available to the University.

I recommend that $528,610 of the reduction effected be appropriated from the Postwar Fund to cover repairs, renovation and remodeling, for University

buildings, as shown in the University's request. Much of this work has been deferred for so many years that it is no longer a current item but is better reflected as a capital expenditure, qualifying it as a Postwar Fund obligation.

My budget, as submitted, presents for the first time in many years a completely financed plan for operation of the State Government for the next biennium. Heretofore, it has been necessary for the Legislature to appropriate large amounts to finance obligations not included in the Executive Budget as presented. Thus, the financial picture in previous years as to obligations and revenues to meet those obligations was a wholly unrealistic one.

I have purposely deferred in my budget message any recommendations for appropriations for the following items:

Dental Hygiene Program.
Crippled Children and Rheumatic Fever Program.
Tuberculosis Control Program.
Carson City Schools.

However, let me make it clear that sufficient moneys have been left in the estimated balance of the General Fund to meet these requests in the same aggregate as the 1949 Legislature appropriated for these specific items. It is highly possible that rapidly changing economic conditions during your 60-day session may bring some additional revenues, which can be apportioned to these obligations or to other unforeseen requirements that may arise. Thus, I have allowed a flexibility which the Legislature can utilize to the best advantage, without increasing the proposed tax rate.

I have endeavored to follow a conservative policy in anticipating revenues to finance our requirements. I recommend that a substantial balance be retained in the Postwar Fund to provide for contingencies that would normally not be anticipated. This will serve to strengthen our financial position in facing future eventualities.

Let me point out again, as I did previously in my legislative message, that inflationary conditions have increased greatly during the past year. There seems no reason to doubt that they will continue. As such, they are reflected directly back in present greater State expenditures, which I have allowed for in this budget. Although increased revenues appear imminent from this economic trend, further economies within the State Government must be accomplished to offset increased costs and the lower purchasing power of the dollar.

I wish to call particularly to your attention this unescapable fact. According to the statutory formula provided, the State is called upon to provide apportionments which amount to $741,290 more for the next two years than was appropriated for the last biennium for the schools of the State. Also, the greater case load under Old-Age Assistance calls for an additional expenditure of $433,830. These two items, together with an increase of $564,000 for the University of Nevada, account for over 91 percent of the total increases allowed in my budget above the 1949 appropriations. Thus, less than 9 percent of the increase is spread over approximately 50 budgetary items which must bear increased costs resulting from the inflationary spiral.

I have scrutinized and studied appropriation requests very carefully, reducing many to a level I feel will lend itself to the first requirement of government—that it be sound. I wish to set forth again the two premises I feel will satisfy the need for economy in government, without seeking additional tax revenues:

First: By not extending the present level of State Government.

Second: By adopting measures that will perfect sound economies in operation of State Government.

Therefore, I have concluded that the State tax rate can be reduced three cents to 69 cents for the next two years compared to the present 72 cent rate. Such a reduction will afford some relief to taxpayers already hard hit by inflation and heavy Federal demands.

As your distinguished Body considers my recommendations, please feel free to call upon me at any time for any information that I may provide. It is my desire to offer every co-operation wherever and whenever I can.

Respectfully submitted,

CHARLES H. RUSSELL
Governor

By Messrs. Boak and Englestead:

Assembly Concurrent Resolution No. 1—Proposing uniform holidays.

WHEREAS, Under the present system of declaring holidays each individual state without plan or agreement among the states have adopted their own system of holidays; and

WHEREAS, The resultant uncoordinated system has created a great amount of confusion and chaos; and

WHEREAS, Both labor and industry are desirous of adopting some organized proposal whereby all legal holidays will fall on Mondays, thus creating a holiday system avoiding disruptions in the middle of a week as at present; and

WHEREAS, None of our present holidays are truly representative of the dates

of the occurrence of the historic event they seek to commemorate, and by virtue of the adoption of the Gregorian Calendar; and

WHEREAS, By shifting twelve of these holidays to the Monday nearest the date on which they presently fall the people of our country could enjoy twelve long weekends and more fittingly commemorate the observances designated for such holidays; and

WHEREAS, This movement has presently begun and has been labelled the "Universal, stabilized, dozen long weekend Monday holiday plan"; and

WHEREAS, If the "World's Calendar" now before the United Nations is adopted part of the salutory aims of this resolution will be realized in that Christmas will always fall on Monday; and

WHEREAS, Labor and industry have adopted the aims of this proposal which would result in increased productivity and reduced absenteeism; now, therefore, be it

Resolved by the Assembly of the State of Nevada, the Senate concurring, That the Forty-fifth session of the Nevada Legislature does hereby request the Governor to support a study of a plan for uniform holidays at the next and succeeding Governor's Conference.

Mr. Boak moved that the resolution be referred to the Committee on Labor.

Motion carried.

By Mr. Hawes:

Assembly Concurrent Resolution No. 2—Making application to the Congress of the United States for the calling of a convention to propose an amendment to the Constitution of the United States.

WHEREAS, Article V of the Constitution of the United States reads in part as follows: "The Congress * * * on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which, in either case, shall be valid to all intents and purposes, as part of this constitution, when ratified by the legislatures of three-fourths of the several states—"; and

WHEREAS, The legislature of the state of Nevada, in view of the increasing tax problems of the state, caused in large part by the invasion of tax sources by the federal government, believes that its problems as well as the problems of other states similarly situated, can be solved only by some restraint upon present unrestrained exercise of the taxing power by the federal government; and

WHEREAS, The federal government is using and has been using for a number of years the taxing power to produce revenue beyond a legitimate necessity of a federal government, other than defense needs, and has been using the funds so raised to invade the province of legislation of the states and to appropriate in many fields that which amounts to a dole to the states of the money raised therefrom to accomplish many purposes, most of them worthy, but by the described process making the money available only under conditions which result in a control by the federal government from centralized agencies in Washington, in many cases unfit, and in other cases unable to administer the laws according to the local needs because of varying conditions in the country as a whole; resulting in inequities in the administration of the very benefits purported to be granted; and

WHEREAS, State and local needs are disadvantaged because the people are already taxed far beyond the real need for any purpose other than forcing the centralization of all government in Washington; and

WHEREAS, The framers of the Constitution of the United States clearly foresaw the possibility of a condition similar to that herein described, and made provision in the Constitution for safeguarding the states against any oppression or invasion of rights by the federal government; therefore be it

Resolved, by the Assembly of the State of Nevada, the Senate concurring, That pursuant to Article V of the Constitution of the United States, application is hereby made to the Congress of the United States to call a convention

for the proposing of the following amendment to the Constitution of the United States:

ARTICLE ....

SECTION 1. The power to levy taxes and appropriate the revenues therefrom heretofore granted to the Congress by the states in the several articles of this constitution is hereby limited.

SEC. 2. This article shall be in effect except during a state of war, hereafter declared, when it shall be suspended. The suspension thereof shall end upon the termination of the war but not later than three months after the cessation of hostilities, whichever shall be earlier. The cessation of hostilities may be declared by proclamation of the President or by concurrent resolution of the Congress or by concurrent action of the legislatures of 32 states.

SEC. 3. Notwithstanding the provisions of Article V, this article may be suspended for a time certain or amended at any time by concurrent action of the legislatures of three-fourths of the states.

SEC. 4. There shall be set aside in the treasury of the United States a separate fund into which shall be paid 25 percent of all taxes collected by authority derived from the sixteenth amendment to this constitution, except as provided in section 5, and 25 percent of all sums collected by the United States from any other tax levied for revenue.

SEC. 5. There shall be set aside in the treasury of the United States a separate fund into which shall be paid all sums received from taxes levied on personal incomes in excess of 50 percent thereof and from taxes levied on income or profits of corporations in excess of 38 percent thereof.

SEC. 6. Before paying any sums into the funds created by sections 4 and 5 hereof, the treasurer of the United States shall deduct therefrom 20 percent which shall be used in payment of the principal of the national debt of the United States.

SEC. 7. No tax shall hereafter be imposed on that portion of the incomes of individuals which does not exceed, in the case of unmarried persons the sum of $600.00 per annum, and in the case of married persons the sum of $1,200.00 per annum jointly. A minimum deduction of $600.00 per annum shall be allowed for each dependent.

SEC. 8. The treasurer of the United States shall once in each year, from the separate fund created by section 4 hereof, pay to each of the several states ¼ of 1 percent of said fund and from the remainder of said fund shall pay to each state a portion of such remainder determined by the population of each state in ratio to the entire population of the several states according to the last federal decennial census or any subsequent general census authorized by law.

SEC. 9. The treasurer of the United States shall, from the separate fund created by section 5 hereof, pay to each state, once in each year, a sum equal to the amount of money in such fund which was collected from persons or corporations within such state.

SEC. 10. Any sums paid hereunder to the several states shall be available for appropriation only by the legislatures thereof. The legislatures may appropriate therefrom for any purpose not forbidden by the constitutions of the respective states and may appropriate therefrom for expenditures within the states for any purpose for which appropriations have heretofore been made by the Congress except such purposes as are specifically reserved by this constitution for the exclusive power of the Congress. The people of each state may limit the expenditures of funds herein made available to the legislature, but shall not direct the appropriation thereof.

SEC. 11. Each legislature shall have power by rule or resolution to provide for the assembly thereof in special sessions for the purpose of considering amendments to, the suspension of or the ratification of amendments proposed to this article.

SEC. 12. Each legislature shall have power to elect one or more persons to represent such legislature in any council or convention of states created by concurrent action of the legislatures of 32 states for the purpose of obtaining uniform action by the legislatures of the several states in any matters connected with the amendment of this article.

SEC. 13. The Congress shall not create, admit or form new states from the

territory of the several states as constituted on the first day of January, 1949, and shall not create, form or admit more than three states from the territories and insular possessions under the jurisdiction of the United States on the first day of January, 1949, or from territory thereafter acquired without the express consent of the legislatures of three-fourths of the several states.

SEC. 14. On and after January 1, 1949, the dollar shall be the unit of the currency. The gold content of the dollar as fixed on January 1, 1949, shall not be decreased.

SEC. 15. Concurrent action of the legislatures of the several states as used herein shall mean the adoption of the same resolution by the required number of legislatures. A limit of time may be fixed by such resolution within which such concurrent action shall be taken. No legislature shall revoke the affirmative action of a preceding legislature taken therein.

SEC. 16. During any period when this article is in effect the Congress may, by concurrent resolution adopted by two-thirds of both houses wherein declaration is made that additional funds are necessary for the defense of the nation, limit the amount of money required by this article to be returned to the several states. Such limitation shall continue until terminated by the Congress or by concurrent action of a majority of the legislatures of the several states. Upon termination of any such limitation the Congress may not thereafter impose a limitation without the express consent by concurrent action of a majority of the legislatures of the several states.

SEC. 17. This article is declared to be self-executing; and be it further

Resolved, That attested copies of this concurrent resolution be sent to the presiding officers of each House of the Congress and to each member of the Nevada delegation in Congress; and be it further

Resolved, That this application hereby made by the legislature of the state of Nevada shall constitute a continuing application in accordance with Article V, of the Constitution of the United States until at least two-thirds of the legislatures of the several states shall have made similar applications pursuant to said Article V; and be it further

Resolved, That since this is an exercise by a state of the United States of a power granted to it under the Constitution, the request is hereby made that the official Journals and Record of both Houses of Congress, shall include the resolution or a notice of its receipt by the Congress, together with similar applications from other states, so that the Congress and the various states shall be apprised of the time when the necessary number of states shall have so exercised their power under Article V of the Constitution; and be it further

Resolved, That since this method of proposing amendments to the Constitution has never been completed to the point of calling a convention and no interpretation of the power of the states in the exercise of this right has ever been made by any court or any qualified tribunal, if there be such, and since the exercise of the power is a matter of basic sovereign rights and the interpretation thereof is primarily in the sovereign government making such exercise and since the power to use such right in full also carries the power to use such right in part the legislature of the state of Nevada interprets Article V to mean that if two-thirds of the states make application for a convention to propose an identical amendment to the Constitution for ratification with a limitation that such amendment be the only matter before it, that such convention would have power only to propose the specified amendment and would be limited to such proposal and would not have power to vary the text thereof nor would it have power to propose other amendments on the same or different propositions; and be it further

Resolved, That the legislature of the state of Nevada does not, by this exercise of its power under Article V, authorize the Congress to call a convention for any purpose other than the proposing of the specific amendment which is a part hereof; nor does it authorize any representative of the state of Nevada who may participate in such convention to consider or to agree to the proposing of any amendment other than the one made a part hereof; and be it further

Resolved, That by its actions in these premises, the legislature of the state of Nevada does not in any way limit in any other proceeding its right to exercise its power to the full extent; and be it further

Resolved, That the Congress, in exercising its power of decision as to the method of ratification of the proposed article by the legislatures or by conventions, is hereby requested to require that the ratification be by the legislatures.

Mr. Hawes moved that the resolution be referred to the Committee on Federal Relations, Military, and Indian Affairs.

Motion carried.

REMARKS FROM THE FLOOR

Mr. Anderson made the following remarks:

A member of the Assembly from Nye County has accepted a position with the Round Mountain Mining Co. and this will be his last day to attend the Assembly as a member.

With the Speaker's permission, I would like to ask that Mr. Perkins give us a few remarks before leaving.

Mr. Perkins made the following remarks:

I have looked forward, for some time, to serving the people of my county in the Legislature and it is with a feeling of regret that I must leave my office.

Certain chain of events in my home town which are for my best interest and for the best interests of my home town, make it necessary to return home at once.

I wish to express my appreciation, at this time, for all of the kindness and consideration afforded me by the other members of this Assembly.

Mr. Hawes made the following remarks:

Mr. Speaker, are the attachés of the Legislature chosen by the members in power?

I refer to the caricature on the blackboard which was drawn by one of our attachés, namely, Mrs. Priest, showing the Democratic donkey nosing the Republican elephant out of the picture.

I assure you that I intend to run again, in 1953, and that we will have a picture depicting the Republican elephant nosing out the Democratic donkey with his trunk.

Mr. Hendel made the following remarks:

May I refer to an article in the morning paper which stated that this country must face the fact that it is in for a twenty-five year struggle with Communism and the very serious possibility that it can lose that struggle.

I call your attention to this article for consideration.

Mr. Anderson moved that the Assembly recess until 1:30 p. m.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Cross:

Assembly Resolution No. 11—Observing a ceremony in commemoration of three former Assemblymen, now deceased.

WHEREAS, During the interval between the 44th and 45th sessions of the Assembly, three former assemblymen have passed to the Great Beyond, and therefore it behooves the members of the present Assembly to give expression of regret and to condole with the relatives and friends of these former Assemblymen; and

WHEREAS, We wish these words spread upon the Assembly Journal; and

WHEREAS, It is proper that these memorial exercises take the following form:

The Chief Clerk shall call the roll of the departed legislators and read the material that each had prepared for the Legislative Hand Book, thus in a sense, writing their own epitaphs, and little knowing that so soon they would be summoned to dwell in the House of the Lord.

The Chief Clerk reads:

Miller, Geo. J., Humboldt County, residence, Paradise Valley, Nevada. Engaged in ranching. Member of the 1945 and 1947 sessions.

Terrell, Clyde R., Nye County, residence, Tonopah, Nevada. Newspaper publisher, member of the 1947 and 1949 sessions.

Whyte, Thomas P., born in Scotland, learned the baking business and became a seaman at an early age; arrived in the United States at San Francisco in 1901 and went to Honolulu; came to Nevada in 1905 and received citizenship papers in 1911; served three terms as Justice of the Peace and Notary Public in Silver Peak, Esmeralda County. Member of the 1949 session.

These were their own modest estimates of their material attainments furnished to the State Printer.

Ah! But their colleagues know more good about them!

They had seen them stand, in full stature with bowed heads in prayer, day after day, at the morning invocation, meditating for the good of the people of the State.

They had seen them walk the aisles and had heard their voices echo in the halls of the Nevada Legislature.

They had seen them translate and preserve liberty into laws. They had seen them serving, to the best of their ability, their beloved Nevada.

These were our colleagues, they do not answer "Present," but their memories will live with us in all of our endeavors.

May God keep them, and keep us steadfast!

Resolved by the Assembly of the State of Nevada, duly assembled in session at its Forty-fifth Session, That we deeply deplore the death of our former associates and friends, for loss that we have incurred, personally, and for the loss of three good citizens of the State of Nevada; and be it further

Resolved, That we deeply sympathize with the beloved ones who are deprived of one who can never be replaced; and be it further

Resolved, That this resolution be spread upon the Journal of the Assembly, and that the Speaker of the Assembly and Chief Clerk thereof be required to transmit to the parents and to the families of deceased, duly certified copies of this resolution; and be it further

Resolved, That the Clerk exercise the ceremony prescribed above.

Mr. Cross moved the adoption of the resolution.

Resolution adopted.

Mr. Crawford moved that Mr. Speaker be authorized to order the State Printer to print fifty extra copies of Assembly Resolution No. 11.

Motion carried.

Mr. Cross asked to be given permission to have his colleague, Mr. Christensen, sing "The Lord's Prayer."

There being no objections, the Speaker and Chief Clerk signed Assembly Bill No. 53.

Mr. Anderson moved that the Assembly adjourn in memory of the late Assemblymen George J. Miller, Clyde R. Terrell, and Thomas P. Whyte, until Wednesday, January 31, 1951, at 10 a. m.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 30, 1951.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 3.

G. W. FISHER
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Slattery and Crawford:

Assembly Concurrent Resolution No. 3—Memoralizing the County Commissioners of Storey County and the State Highway Department to meet together for the purpose of having State Highway 45 declared a secondary road and improving it as such.

WHEREAS, Chapter 104 of the 1949 Statutes of Nevada, beginning at page 131, which is also Section 5327, 1929 N. C. L. 1949 Supp., designates certain routes of our state as highways; and

WHEREAS, One of the routes designated by that Act is Route 45, designated as follows: "Route 45. Beginning at a point on route 17 approximately two miles north of Virginia City, and thence in a northerly direction to a connection with route 1 approximately six miles east of Sparks."; and

WHEREAS, The improvement of the above described route would materially assist the residents of Storey County together with residents of surrounding areas; and

WHEREAS, There is a procedure under the statutes of our State whereby the county commissioners of the county and the State Highway Department may act together for the purpose of setting forth plans and procedure and securing Federal aid with the consent of the Federal Government; and

WHEREAS, By virtue of the above listed reasons and other good and proper reasons it is desirous that the County Commissioners of Storey County and the State Highway Department shall join together to secure the improvement of the above-designated route 45; now, therefore, be it

Resolved by the Assembly of the State of Nevada, the Senate concurring, That the County Commissioners of Storey County and the State Highway Department of the State of Nevada be memorialized to study the problems of improving route number 45 of our State Highway system together with securing Federal assistance for the improvement and maintenance of said highway.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Boak, Buol, Fairchild, Francovich, Hawes, Hendel, and Perkins:

Assembly Joint Resolution No. 6—Ratifying a proposed amendment to the Constitution of the United States, relating to the terms of office of the president.

WHEREAS, Both houses of the eightieth Congress of the United States of America, by a constitutional majority of two-thirds thereof, made the following proposition to amend the Constitution of the United States of America, in the following words, to wit:

JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES RELATING TO THE TERMS OF OFFICE OF THE PRESIDENT.

Resolved by the senate and house of representatives of the United States of America in Congress assembled (two-thirds of each house concurring therein), That the following article is hereby proposed as an amendment to the constitution of the United States, which shall be valid to all intents and purposes as part of the constitution when ratified by the legislatures of three-fourths of the several states:

ARTICLE .....

Section 1. No person shall be elected to the office of the president more than twice, and no person who has held the office of president, or acted as president, for more than two years of a term to which some other person was elected president shall be elected to the office of the president more than once. But this article shall not apply to any person holding the office of president when this article was proposed by the Congress, and shall not prevent any person who may be holding the office of president, or acting as president, during the term within which this article becomes operative from holding the office of president or acting as president during the remainder of such term.

Section 2. This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of three-fourth of the several states within seven years from the date of its submission to the states by the Congress. Therefore, be it

Resolved by the Assembly and the Senate of the State of Nevada, That the said proposed amendment to the constitution of the United States of America be, and the same is hereby, ratified by the legislature of the State of Nevada; and that certified copies of this preamble and joint resolution be forwarded by the governor of this state to the president of the United States of America, to the presiding officer of the United States Senate, and to the speaker of the House of Representatives of the United States, and to the secretary of state of the United States.

NEVADA STATE ORPHANS HOME

CARSON CITY, February 5, 1951.

THE HONORABLE MR. SPEAKER AND HONORABLE MEMBERS OF THE ASSEMBLY,
Assembly Hall, State Capitol Building, Carson City, Nevada.

Dear Members of the Assembly: On Tuesday afternoon, February sixth, Open House will be held at the Nevada State Orphans' Home, honoring Mrs. Lillie Stock on her seventy-seventh birthday. Mrs. Stock has served on the staff at the Home for nearly twenty-three years, and it is our thought that many people throughout the State will wish to recognize her devotion and skill in caring for deprived children through the years.

Tuesday's Open House is also in observance of the eightieth anniversary of the founding of the Home. It is an important occasion for those of us who live at the Home, and we extend a cordial invitation to each of you to come in any time between 2:30 and 5:30 p. m., to pay your respects to Mrs. Stock, and to visit the Home and the children.

Respectfully yours,

R. VAN DER SMISSEN, *Superintendent.*

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, February 5, 1951.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bill No. 17, and Senate Bills Nos. 2 and 17.

G. W. FISHER,
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Hendel and Slattery:

Assembly Resolution No. 12—Memorializing the Fish and Game Committee to study the problem of road side shooting by individuals aiming at highway signs, power lines, insulators, and other valuable items of property; providing penalties therefor in addition to those already prescribed by law and other matters connected herewith.

WHEREAS, The Highway Department of the State of Nevada is compelled to

replace many highway and road side signs that have been damaged beyond repair by frequent promiscuous, unwarranted, and unlawful shooting; and

WHEREAS, This unwarranted damage has resulted in much additional expense to the people of the State of Nevada; and

WHEREAS, In many instances power lines have been severed and insulators damaged by a feature of this unlawful conduct; and

WHEREAS, Particularly in the area of Hawthorne, Nevada, we have a military installation which is dependent upon the uninterrupted flow of power; and

WHEREAS, In times of great emergency, such as these of today, it behooves us to provide additional precautions against the dangers described above; therefore, be it

Resolved by the Assembly of the State of Nevada, that the Fish and Game Committee of this Assembly be memorialized to consider legislation making more drastic penalties for the above-described conduct; and be it further

Resolved, that the said Fish and Game Committee consider further the problem of providing additional penalties in the event that hunters are guilty of the above-described unlawful conduct; and be it further

Resolved, that the said Fish and Game Committee consider further the advisability of revoking hunting licenses in addition to other penalties prescribed by law, printing pertinent sections of the act on the hunting licenses and otherwise bringing to the attention of all persons concerned the new provisions of any statutes passed by this Forty-fifth Session of the Legislature.

Mr. Hendel moved the adoption of the resolution.

Mr. Speaker instructed the Sergeant-at-Arms to escort Senator McCarran to the rostrum.

Senator McCarran made the following remarks:

It is a great honor to be here and to see General Wedemeyer.

It is good to be able to shake hands with old friends.

It is a privilege, for a change, to get away from the capitol of the world.

From all over the earth we hear of nothing but trial and turmoil and I do not need, at this time, to tell you that the international situation affects every man and woman here. We have to fight the unseen enemy at home as well as struggle with the enemy abroad.

I know that you, members of the Assembly, are in tune with the times and are alert to the problems that are facing all of us today.

There is no such thing as failure for the American people—there is no such thing as failure because we cannot allow failure to come to this nation, whatever the trials may be, whatever the responsibilities may be, we will carry them to success. We will win for God and civilization.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Cross:

Assembly Resolution No. 13—Commending the custom of having the Boy Scouts of America take over the offices of the State of Nevada; requesting that it be continued, and expressing an Assembly endorsement therefor.

WHEREAS, The future legislators of the State of Nevada, represented by the Boy Scouts of America, are present in the Assembly of the State of Nevada on this legislative day of February 8, 1951 of the Forty-fifth Session of the Legislature; and

WHEREAS, The youth of the State and the training received by them through the Boy Scouts contribute to the greatness of our State; and

WHEREAS, State officers and members of the Assembly and Senate gladly welcome members of the Boy Scouts once a year as their counterparts in performing official duties; and

WHEREAS, The feature of having Boy Scouts take over state offices and Assembly places once a year should be an established custom; therefore, be it

Resolved by the Assembly of the State of Nevada, That the custom of having the Boy Scouts of America take over the offices of the State of Nevada and attend sessions of the Senate and Assembly of the State of Nevada at each session of the Legislature be continued; and be it further

Resolved, That the Boy Scouts taking part in this day's activity, and the officers and members of the Assembly, make this day most enjoyable, so that it may redound to the credit of our beloved State and Nation.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Byers moved that Assembly Bill No. 102 be taken from the General File and re-referred to the Committee on Aviation.

Motion carried.

By Miss Frazier:

Assembly Resolution No. 14—Memorializing the Legislative Counsel

Bureau to study the election laws of the State of Nevada and the problems incidental thereto.

WHEREAS, Discrepancies in the election laws of the State of Nevada have become apparent from time to time; and

WHEREAS, Some of the discrepancies may pave the way for election frauds and irregularities; and

WHEREAS, Other discrepancies create confusion, cause loss of time and money, and directly or indirectly contribute to defeat the will of the people; and

WHEREAS, A careful study of the election laws of the State of Nevada might indicate methods of reducing cost, preventing fraud, making voting easier for the average voter, increase the speed of vote counting, and generally modernize and improve said election laws; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the Legislative Counsel Bureau be memorialized to study the election laws of the State of Nevada and the problems incidental thereto; and be it further

Resolved, That a report relative thereto be presented to the 1953 session of the Nevada Legislature for study and consideration.

Miss Frazier moved the adoption of the resolution.

Resolution adopted.

By Mr. Byers:

Assembly Joint Resolution No. 10—Proposing an amendment to Section 14 of Article V of the Constitution of the State of Nevada.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 14 of Article V of the Constitution of the State of Nevada, be amended to read as follows:

Section 14. The Governor, [Justices of the Supreme Court and Attorney-General, or a major part of them, of whom the Governor shall be one] *the Chief Justice of the Supreme Court, one District Court Judge, to be selected by the Governor, and two laymen who are not attorneys, also to be selected by the Governor, shall constitute the Board of Pardons and Paroles, and,* may upon such conditions and with such limitations and restrictions as they may think proper, remit fines and forfeitures, commute punishments, and grant pardons, after convictions, in all cases, except treason and impeachments, subject to such regulations as may be provided by law relative to the manner of applying for pardons. *In the event that the District Court Judge has presided over the trial of a particular action in the trial court, he shall be disqualified from sitting on such case as a member of the Board of Pardons and Paroles.*

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Crawford:

Assembly Concurrent Resolution No. 4—Memorializing the Congress of the United States of America to extend the time in which Indian tribes may file claims before the Indian Claims Commission.

WHEREAS, The Congress passed HR 4497, an act creating the Indian Claims Commission, under the terms of which all Indian tribes were given five years from August 13, 1946, the date the President signed the bill, in which to file their claims against the government; and

WHEREAS, Said time will expire on August 13, 1951; and

WHEREAS, Many Indian tribes will not be able to file their claims within that time due to their lack of understanding of the terms of the bill and due to the fact that the Indian Department has been slow in approving contracts between Indian tribes and their attorneys, and if said time is not extended, many tribes who might have meritorious claims against the Government will be deprived of their day in court; and

WHEREAS, Nevada is vitally interested in the Indian people and believes it would be to the best interest not only to its Indian citizens of Nevada, but throughout the nation, that said time be extended; and

WHEREAS, The third meeting of the Governors' Interstate Council on Indian Affairs composed of representatives from sixteen states having Indian population passed a resolution on the 7th day of December, 1950, pointing out that due to the inability of many tribes to employ counsel and the failure of the Indian Bureau to approve contracts between tribes and their attorneys promptly, that approximately one-half the tribes of the United States have been thus far unable to complete the preliminary work preparatory to filing their lawsuits, and that it will be physically impossible for many tribes to complete their arrangements before the deadline, August 13, 1951, now, therefore, be it

Resolved, by the Assembly of the State of Nevada, the Senate concurring, That the Congress of the United States be and it is hereby memorialized to speedily enact legislation to extend the time within which to file claims before the Claims Commission for a period of at least two (2) years from August 13, 1951; and be it further

Resolved, That a copy of this resolution be furnished each member of the Nevada delegation in Congress, the chairman of the appropriate committee dealing with Indian Affairs of the House of Representatives of the United States and the Senate of the United States, the Commissioner of Indian Affairs and the Secretary of the Interior.

Mr. Crawford moved the adoption of the resolution.

Motion carried unanimously.

Remarks by Messrs. Hawes, Carville, Byers, Boak, and Crawford.

Mr. Boak requested that the Chief Clerk read his remarks and that it be spread upon the Journal as follows:

HISTORY OF U. S. 6 ROOSEVELT HIGHWAY—By C. C. BOAK

In the beginning of the good roads movement in the United States, a group of very wealthy men representing automobile and tire manufacturers and others, pioneered the movement by organizing the Lincoln Highway, so named in commemoration of our beloved martyred President, and was in time, promoted clear across the United States. In Nevada it is identified as U. S. 50. In some other states, as U. S. 30 and so on.

The next notable transcontinental highway to be promoted was U. S. 6 Roosevelt Highway, named in commemoration of Theodore Roosevelt. It had its beginning in the far east, at Provincetown, Massachusetts, out on the easternmost tip of Cape Cod, and the organization was fostered by a group of very wealthy men, who, up to the present time, have put not less than half a million dollars of their private funds into its promotion clear across the United States, to Long Beach, its western terminal. But unlike any other transcontinental highway, they succeeded in securing Federal designation for it as U. S. 6, for every mile of its routing from Provincetown, Mass., to Long Beach, California.

Its routing west, was definitely designated as far as Delta, Utah, where they were dead-locked on how to proceed to the coast. At that time, about 26 years ago, C. F. Boak, of Tonopah, Nevada, was President of the Western Good Roads Association, was offered Directorship in the U. S. 6 Roosevelt Association, to represent them in the far west. A position I hold to the present time, only with Geo. W. Dow, of California as active co-director for California. At that time I was President of the Great-Western Highway, Delta, Utah, to Ely, Nevada, where it connected with the old Midland Trail, to Los Angeles. Through my efforts these two were merged into the U. S. 6 system. The only change in the National Midland Trail routing, being that the routing over Montgomery Pass, thence to Bishop, California was chosen instead of the more hazardous routing via Lida, Gilbert and Westgaard Passes, over the White Mountains. That more favorable routing was also sponsored by Mr. Boak, who had to wage a long drawn out fight to secure its adoption. Thus U. S. 6 was projected, built and paved clear to Long Beach. Only one gap, in western Utah, remained to be built; to complete which, a special appropriation was secured last year by congressional action. One part of that last gap is now under construction, and I am pleased to report that the last mile in that gap will be placed under contract this coming week.

CHANGE IN NAME: About ten years ago, a western organization, Sons of the Grand Army of The Republic, in casting about for a transcontinental

highway to which they could attach a commemoration, picked out U. S. 6, but through the regrettable, unprincipled practices of a certain young attorney in Long Beach, California, the U. S. 6 Roosevelt Highway Association was not approached for their cooperation, or consent to the change. But instead, the first thing any of the U. S. 6 national organization knew of their activities, was when bills had been quietly and secretly slipped into the legislatures of practically every State crossed by the U. S. 6 highway, and legislation railroaded through in several states, changing the name to U. S. Grand Army of the Republic Highway. (Not Grand Army of the Republic and U. S. 6 Highway, as requested in the present bill, which is a later designation.) At that time, the national directors of U. S. 6 were considering changing the name themselves, to U. S. 6 Veterans Memorial Highway, inasmuch as several more Roosevelts had come into prominence. But this Grand Army of the Republic movement had acquired such headway, that it seemed impossible to stop it without an unjustifiable fight.

It is regrettable, that such underhanded, unscrupulous methods were resorted to by the attorney representing this branch of the Grand Army of the Republic. As it was, the movement, and he, were bitterly fought later on by a few states, such as Iowa, Nevada and Indiana. I, as a western Director was never consulted until about two years ago; likewise the former Secretary, in Des Moines, Iowa, was not approached by the said attorney, until a year or so earlier. The movement has now gone so far that nothing can be gained by opposing it further. In short what was attempted and done, was for an organization, an entirely independent organization, who had not expended a dime in the promotion of the highway clear across the United States, waiting until it was completed, and then force their name on to it. All this I demand to become a part of the Legislative Record of Nevada.

REMARKS FROM THE FLOOR

Mr. Cross made the following remarks:

During the past hour that I have been in the Assembly I have cast my vote as "Not Voting" on all measures.

Due to the fact that I tendered my resignation from the Assembly, to the Governor, and it was accepted, about an hour ago, I deemed it improper and unconstitutional for me to vote.

I want to say that I have a great deal of consideration for the members of this body. The thoughts in my mind, at this time, are not easy to express.

I have enjoyed the work here very much. I shall never forget the fine friendship that I feel for every one of you.

It is hard to break away so close to the end of the session, but because of another position in Washoe County, I have found it necessary to resign.

Mr. Speaker announced that Mr. Nathan T. Hurst, Chief Clerk of the Forty-fourth Session, was outside the bar and presented him on the floor so that the members might see him.

Mr. Anderson moved that the Assembly recess until 1:30 p. m.
Motion carried.

MESSAGES FROM THE GOVERNOR

THE STATE OF NEVADA

EXECUTIVE CHAMBER

Carson City, February 21, 1951.

HONORABLE J. M. HIGGINS, *Speaker of the Assembly, State Capitol Building, Carson City, Nevada.*

HONORABLE SIR:

This is to notify you that I have on this date received a letter of resignation from one of your valuable members, Mr. Archie L. Cross of the Second District of Washoe County, State of Nevada. Assemblyman Cross is submitting his resignation as he has been appointed to the office of the Justice of the Peace for the Sparks Township.

I am notifying the chairman of the Washoe County Board of Commissioners of Mr. Cross' resignation and asking that the appointment of a successor be made as soon as possible.

Sincerely yours,

CHARLES H. RUSSELL,
Governor.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, February 21, 1951.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bills Nos. 51, 58, 65, 76, 81, and 82.

Also, I have the honor to inform your honorable body that the Senate on this day passed Assembly Bills Nos. 8, 23, 25, 46, and 88.

MESSAGES FROM THE GOVERNOR

THE STATE OF NEVADA

EXECUTIVE CHAMBER

Carson City, February 21, 1951.

HONORABLE J. M. HIGGINS, *Speaker of the Assembly, State Capitol Building, Carson City, Nevada.*

HONORABLE SIR:

I am hereby submitting to your Honorable Body a memorial resolution passed and adopted by the Arizona State Legislature authorizing the Fish and Game Commission of the states contiguous to the Colorado River to issue a non-resident fishing license in the form of a stamp to cover the waters of the Colorado.

Governor Howard Pyle and the Twentieth Arizona State Legislature have requested similar cooperation from the State of Nevada.

Sincerely yours,

CHARLES H. RUSSELL,
Governor.

THE STATE OF NEVADA
EXECUTIVE CHAMBER

Carson City, February 21, 1951.

HONORABLE J. M. HIGGINS, *Speaker of the Assembly, State Capitol Building, Carson City, Nevada.*

HONORABLE SIR:

I herewith submit to your Honorable Body a House Joint Memorial No. 1 of the Twentieth Legislature of the State of Arizona, which is a memorial requesting the Nevada State Legislature to enact legislation permitting non-profit organizations to transport electric power over territory of the State of Nevada into the State of Arizona without payment of fees.

I transmit this memorial to you at the request of Governor Howard Pyle of Arizona and the Twentieth Arizona State Legislature.

Sincerely yours,
CHARLES H. RUSSELL,
Governor.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Carville gave notice that on the next Legislative Day he would move to reconsider the vote whereby Assembly Joint Resolution No. 7 was this day refused passage.

By Mr. Melody:

Assembly Resolution No. 15—Memorializing the County Commissioners of Washoe and Humboldt counties, the Nevada State Highway Department, and the United States Public Roads Administration to take proper steps to complete the Winnemucca-to-the-Sea highway.

WHEREAS, In the interests of defense to facilitate better highway communication with the Pacific coast, a new highway to be known as the Winnemucca-to-the-Sea highway should be completed in northern Washoe County and Humboldt County; and

WHEREAS, There is grave danger of the blocking of Donner Pass by bombing, thereby partially isolating Nevada from the coast; and

WHEREAS, This route is over the historical, almost-forgotten Applegate Cut used by the 49'ers; and

WHEREAS, Cedar Pass is the lowest pass through the Sierras, being about one thousand feet lower than Donner Pass; and

WHEREAS, Relatively few miles of pavement are needed to complete this new highway across the Sierras to the sea; and

WHEREAS, The completion of this route would give Nevada another connecting link with the Pacific Northwest whereby additional tourist traffic would have easier access to Nevada; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the County Commissioners of Washoe and Humboldt Counties, the Nevada State Highway Department, and the United States Public Roads administration be memorialized to take proper steps to complete this missing link in this Winnemucca-to-the-Sea highway; and, be it further

Resolved, That copies of this resolution be sent to the County Commissioners of Washoe and Humboldt Counties, the Nevada State Highway Department, and the United States Public Roads Administration.

Mr. Melody moved that the resolution be referred to the Committee on Roads and Transportation.

Motion carried.

By Messrs. Slattery, Crawford, Hendel, and Byers:

Assembly Joint Resolution No. 18—Proposing an amendment to section 7, Article II, of the Constitution of the State of Nevada.

Resolved by the Assembly and Senate of the State of Nevada, Jointly, That

section 7, article II, of the Constitution of the State of Nevada, be amended to read as follows:

Section 7. The legislature shall provide by law for the payment of an annual poll tax, of not less than two nor exceeding [four] *twelve* dollars, from each [male] person [resident] in the state between the ages of twenty-one and sixty years [(uncivilized American Indians excepted), to be expended for the maintenance and betterment of the public roads.] *to be expended for the public schools.*

REMARKS FROM THE FLOOR

Mr. Carville made the following remarks:

I was not here to vote on Senate Bill No. 79 due to the fact that I was detained down the hall.

I did not gain anything by not being here to vote.

I have made my position very clear to Labor.

I have gone out of my way to do things that are for the best interests of all of the people of the State of Nevada.

Certain things have transpired in the last few years that are not good for Labor nor are they any good for the business man.

I intend to vote "yes" on the bill in committee and I also intend to vote "yes" when it comes on the floor.

Mr. Anderson moved that the Assembly recess until 2 p. m.

Motion carried.

Resolution adopted, and transmitted to the Senate.

By Mr. Jepson:

Assembly Resolution No. 16—In Memoriam of W. J. Neeley and Wenlock W. Free.

WHEREAS, The recent death of former Assemblyman W. J. Neeley of Washoe County, who had such an ornate membership in the Nevada Legislature, member of the 32nd Session in 1925; 5th Special Session in 1926; 33rd Session in 1927; 6th Special Session in 1928 and 34th Session in 1929; totaling three full sessions and two special sessions, causes the members of this Assembly to pause in their deliberations, for the second time during this Session, to wonder at the mystery of life; and

WHEREAS, Wenlock W. Free of Lincoln County, member of the Assembly, 42nd Session in 1945 and 43rd Session in 1947, had passed to the Great Beyond and we had been remiss in that we had not, in the stress of our labors, noted his passing; and

WHEREAS, We desire to condole with the relatives and friends of Wenlock W. Free and to express our admiration of him and to deplore our loss because of his death; and

WHEREAS, These two former Assemblymen left us singly and at different times, we honor them together today; therefore, be it

Resolved by the Assembly of the State of Nevada, Duly assembled in Session of its Forty-fifth Session, that we deeply regret the death of our former associates and friends; and be it further

Resolved, That this resolution be spread upon the Journal of the Assembly, and that the Speaker of the Assembly and Chief Clerk thereof be required to transmit to the families of the deceased, duly certified copies of this resolution.

REMARKS FROM THE FLOOR

Mr. Crawford made the following remarks:

I have, in my possession, a book of poems written by a member of this Assembly.

He has introduced quite a number of bills as well as being quite prolific in writing poems.

I would like, at this time, to ask Charles Hendel to read the poem entitled "Reminiscence."

Mr. Hendel read the following poem:

Oh, for the days, when it was etiquette—
To belong to the Barber Shop quartette!
I'm thinking of Guy, and old smiling Bill,
What deep longing in their hearts—it would fill—
To have the boys back, a singing their songs,
And the whole world back—to where it belongs.
Yes, take us back to that good "Old Barber Shop" day—
The days when Fraternalism held sway;
When men were less hurried, and more concerned—
With the way men lived, and not the gas they burned!
Many a gem came from the old barber's lips,
And not all that we heard, were old jokes and quips.
For some things which, in a barber shop, we hear—
As oft reaches the mind as well as the ear,
And many a little town's "Old Barber Shop"—
Gave some one a start on his way to the top.
To prove that this is true, just look up there—
We've a barber a sittin in our Speakers Chair!

Mr. Crawford moved that the Chief Clerk obtain a copy of Mr. Hendel's poem and that it be spread upon the Journal of the Assembly.

Motion carried.

Mr. Crawford made the following remarks:

We have been invited to have lunch at the Stewart Indian School on a day convenient to this body, during the next week.

There has been over two million ($2,000,000) dollars expended for Indian service.

Indian children from all over the Western United States are eligible for free education at the Stewart Indian School.

They hold classes in the morning and shop in the afternoon. Indians are taught all kinds of trades, and the standard of the school is very high.

I urge all members of the Assembly to make a visit there one day next week as I think it will be well worth your time.

There being no objections, the Speaker and Chief Clerk signed Assembly Bill No. 33, and Senate Bills Nos. 41 and 13.

Mr. Anderson moved that the Assembly adjourn until Wednesday, February 28, 1951, at 10 a. m., and that we do so in accordance with Assembly Resolution No. 16 in memory of Messrs. W. J. Neeley and Wenlock W .Free.

Motion carried.

Assembly adjourned at 2:20 p. m.

Approved: J. M. HIGGINS,
Speaker of the Assembly.

Attest: FRANK ROSASCHI,
Chief Clerk of the Assembly.

THE FORTY-FIFTH DAY

REMARKS FROM THE FLOOR

Mr. Anderson made the following remarks:

I wish to bring to the attention of the members that we have been in error in making amendments from the floor orally during General File and Third Reading. Such amendments should be written.

Mr. Houssels made the following remarks:

It has occurred to me that we are making too many amendments and asking that the reprinting of the bills and amendments be dispensed with.

I don't think that we should do this unless it is a simple amendment of one word or one line.

Mr. Ogee made the following remarks:

May I present two pioneer residents of this State, Mr. and Mrs. Roy Baine, formerly of Golconda and now of Reno, Nevada.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 82 and 60, and Senate Bills Nos. 58, 40, and 52, and Assembly Joint Resolution No. 6.

The following amendment as an Assembly Substitute for Senate Bill No. 15 was proposed by the Committee on Judiciary:

An Act to amend the title of an Act and an Act entitled, "An Act for the determination of the termination of the interests of a deceased person in real property," approved February 23, 1939, as amended.

The People of the State of Nevada, Represented in Senate and Assembly do enact as follows:

Section 1. The title of the above-entitled Act, being found on page 14 of Statutes of Nevada 1939, is hereby amended to read as follows:

"An Act for the determination of the termination of the interests of a deceased person in real *and personal* property."

SEC. 2. Section 1 of the above-entitled Act, being section 9895, N. C. L. 1931–1941 Supp., is hereby amended to read as follows:

Section 1. Whenever title or an interest in real *or personal* property is affected by the death of any person, any other person who claims any interest in such real *or personal* property, which interest is affected by the death of such person, may file in the district court of any county in which any part of such real *or personal* property is situated, a verified petition setting forth those facts and particularly describing the real *or personal* property, the interest of the petitioner, and the interest of the deceased therein.

The clerk shall set the petition for hearing by the court, shall give notice thereof by causing a notice of the time and place of the hearing to be posted at the courthouse in the county where the court is held, at least ten days before the hearing; provided, the court may order such further notice to be given as in his judgment may seem proper.

The court shall take evidence for or against the petition, and may render judgment thereon establishing the fact of such death and the termination of the interest of the deceased in the real *or personal* property described in the petition.

A certified copy of the decree may be recorded in the office of the recorder of each county in which any part of the [land] *real or personal property* is situated.

SEC. 3. The above-entitled Act is further amended by adding a new section to be designated as Section 1(a), which shall read as follows:

Section 1(a). Any petition, such as described in section 1 hereof, may be filed as a part of any probate proceeding.

SEC. 4. This Act shall become effective upon its passage and approval.

THE FIFTY-FOURTH DAY

CARSON CITY (Friday), March 9, 1951.

Assembly called to order at 10 a. m.

Mr. Speaker in the Chair.

Roll called.

All present except Messrs. Bastian, Carville, Englestead, and Jepson, who were excused.

The following prayer was offered by Reverend A. S. Kean:

O Eternal God, the Father of all mankind; grant unto us as citizens of this State, of this Nation, and of the world today such a clear vision of the sin and futility of war, that our consciences may be quickened, and our wills inspired to earnestly seek that cooperation between Nations which alone can make war impossible.

As man by his inventions has made the whole world into one neighborhood, grant that we may help, by our cooperations, to make the whole world into one brotherhood.

Grant us wisdom, that we may discern the causes of conflict, the things which make for international hate and jealousy. Help us to break down all race prejudice; give us courage and faith to lift our voices against all private greed, social injustice, the aggression of the strong against the weak, and whatsoever else works enmity between man and man, class and class, Nation and Nation. Help us to stay the greed of those who profit by war, and the ambitions of those who seek imperialistic conquest. Guide all statesmen in all Nations to seek a just basis for international action in the interest of an enduring and righteous peace; and especially guide and bless the present United Nations organization in all their efforts to this end.

Create within us a passion for the reign of righteousness, the spread of brotherhood and goodwill among the Nations; and help us as thy servants to commend to all peoples the ideals thou hast given us: the sacredness of life, the liberty of conscience and opportunity, and the pursuit of true happiness for all men. Arouse in the whole body of thy people everywhere an adventurous willingness that, as we have sacrificed greatly for war, so for international goodwill and peace, we may dare bravely, think wisely, decide resolutely, and achieve triumphantly, as we follow in the way of thy Son, the Prince of Peace, Jesus Christ Our Lord. Amen.

Mr. Crawford moved that the prayer be spread upon the Assembly Journal.

Motion carried.

Mr. Capurro moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Crawford:

Assembly Resolution No. 23—Memorializes the County Commissioners of Washoe and Humboldt Counties, the Nevada State Highway Department, and the United States Public Roads Administration to take proper steps to complete the Winnemucca-to-the-Sea Highway.

WHEREAS, In the interest of defense to facilitate better highway communication with the Pacific Coast, a new highway to be known as the Winnemucca-to-the-Sea Highway should be completed via Gerlach in northern Washoe County

and through Pershing and Humboldt Counties, that being the route by which an almost water-level highway at such low altitude that it would be an all-year highway could be maintained; and

WHEREAS, There is grave danger of the blocking of Donner Pass by bombing, thereby partially isolating Nevada from the coast; and

WHEREAS, This route is over the historical, almost-forgotten Applegate Cut used by the 49'ers; and

WHEREAS, Cedar Pass is the lowest pass through the Sierras, being about one thousand feet lower than Donner Pass; and

WHEREAS, Relatively few miles of pavement are needed to complete this new highway across the Sierras to the sea; and

WHEREAS, The completion of this route would give Nevada another connecting link with the Pacific Northwest whereby additional tourist traffic would have easier access to Nevada; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the County Commissioners of Washoe and Humboldt Counties, the Nevada State Highway Department, and the United States Public Roads Administration be memorialized to take proper steps to complete this missing link in this Winnemucca-to-the-Sea highway; and, be it further

Resolved, That copies of this resolution be sent to the County Commissioners of Washoe and Humboldt Counties, the Nevada State Highway Department, and the United States Public Roads Administration.

Mr. Crawford moved the adoption of the resolution.

Remarks by Messrs. Anderson and Crawford.

Resolution adopted.

Mr. Crawford moved that the printer be instructed to print five hundred (500) extra copies of Assembly Resolution No. 23.

Motion carried.

By Mr. Hendel:

Assembly Resolution No. 24—Defining certain violations against the State of Nevada and the Federal Statutes as treason and provides punishment therefor.

Resolved by the Assembly of the State of Nevada, That the misuse of public funds in any manner and form other than for their lawfully prescribed purposes by Nevada State or United States Federal laws during a national state of emergency period, a war-time or postwar-time period wherein such funds, or a part of them, have been provided by the Nevada State Treasury or the United States Treasury for civil and national defense purposes is hereby declared an act of treason against the State of Nevada and the United States of America and shall be punishable to the fullest extent of Nevada State and Federal laws; and be it further

Resolved, That any halting or interference with the forwarding of United States mails, foodstuffs necessary for civilian or armed forces use, or any other type of materials or equipment, including arms, ammunition, civilian or military personnel, and anything else whatsoever required for the successful prosecution of war or wars, or recovery therefrom in which the United States of America may be or may become involved is also hereby termed an act of treason against the State of Nevada and the United States of America, and such act shall be dealt with in the same full manner and form as an act of treason is dealt with during a period of war, and shall be punishable to the fullest extent of Nevada State and Federal laws.

Provided further, That any public administrator or public employee in the State of Nevada who violates the principles of his oath of office, in time of national emergency or state of war, shall be declared guilty of an act of treason against the State of Nevada and the government of the United States, and shall be punishable as the military laws of the State of Nevada and the United States afford.

Motion carried.

By Messrs. Christensen and Jepson:

Assembly Resolution No. 25—Memorializing the Legislative Counsel Bureau to study the effects of heavy vehicle traffic upon Nevada highways, and the adequacy of taxes and fees levied upon such vehicles.

WHEREAS, It appears that the effect of heavy vehicle traffic upon the Nevada highways has not yet been adequately determined by studies which have been made; and

WHEREAS, It has not yet been determined whether heavy vehicles operating upon the Nevada highways are paying their proportionate share for upkeep, maintenance, repair, and construction of said highways; and

WHEREAS, It is the opinion of the Assembly that such a study should be made before the convening of the 1953 Session of the Nevada Legislature; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the Legislative Counsel Bureau be memorialized to study the effects of heavy vehicle traffic upon Nevada highways, for the purpose of determining whether or not the amount of fuel taxes, vehicle registration fees, and other taxes or fees imposed upon such vehicles are just and equitable; and be it further

Resolved, That a report relative thereto be presented to the 1953 Session of the Nevada Legislature for study and consideration.

SEC. 3. Section 19 of the above-entitled Act, being section 8254.19, 1929 N. C. L. 1949 Supp., is hereby amended to read as follows:

Section 19. This Act shall in itself constitute complete authority for the doing of the things herein authorized to be done. The provisions of no other law, either general or local, except as provided in this Act, shall apply to doing of the things herein authorized to be done, and no board, agency, bureau or official, other than the governing body of the district [and the Public Service Commission of the State of Nevada,] shall have any authority or jurisdiction over the doing of any of the acts herein authorized to be done nor shall any proceedings, nor publication, notice of election be required for the doing of such acts except as herein specifically required. There is hereby granted to said district the right to own and operate its water distribution system within the boundaries of any municipal corporation lying wholly or partly within the boundaries of the district, and no franchise tax shall be payable for such privilege, but it shall be the duty of the district to install and operate its properties and facilities within the boundaries of such municipal corporation in such manner as to cause a minimum of inconvenience, and it shall further be the duty of the district, where such facilities are installed in the public streets and alleys of any such municipal corporation, to restore the surface of such streets and alleys to as good condition as they were in prior to such installation. Since the water district, for the creation of which provision is herein made, is created for the purpose of supplying its inhabitants with water as a public and municipal function, all property of the district shall be exempt from taxes by the State of Nevada and the political subdivision thereof, and the bonds issued by the district and the income therefrom shall also be exempt from taxation in this State.

Said district and the Colorado River Commission are hereby authorized to enter into such leases and agreements with each other for short or long terms as may be considered mutually desirable in order to carry out the purposes of this Act, and any such agreement or agreements may specifically, but without limitation, grant to said district the right to take from the Colorado River all water not heretofore otherwise appropriated to which the State of Nevada may be entitled and to purchase from the Colorado River Commission all or any part of the water of the Colorado River which is under the jurisdiction of said commission and which has not heretofore been allocated to or appropriated by other users.

VETO MESSAGES OF THE GOVERNOR

Vetoed Assembly Bill No. 136.

Bill read.

Governor's message stating his objections read as follows:

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, March 15, 1951.

HONORABLE J. E. HIGGINS, *Speaker of the Assembly, Carson City, Nevada.*

DEAR MR. SPEAKER:

WHEREAS, Assembly Bill No. 136, being a bill to amend the charter of the city of Reno, and particularly section 1 thereof relating to permitting candidates to run on filing of declaration and paying filing fee, having received a constitutional majority in both the Senate and Assembly, and being presented here for my approval and/or veto; and

WHEREAS, It appears that the Washoe County Delegation in the Senate and Assembly are of unanimous opinion that it would be unwise to enact such proposed charter change into law at this time, and having so advised this office, and said delegation having introduced and sponsored the passage of said Assembly Bill No. 136, and it being special and local in its nature, and no other persons or cities being concerned other than the inhabitants of the city of Reno, and the city of Reno itself;

Now, therefore, and good cause appearing, and upon the unanimous request of the entire Washoe County Legislative Delegation, it is felt that said Assembly Bill No. 136 should be, and it is, hereby vetoed.

Dated this 15th day of March, 1951.

CHARLES H. RUSSELL, *Governor.*

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

NAYS—Anderson, Barr, Bastian, Blum, Boak, Buol, Byers, Capurro, Carville, Chapman, Christensen, Coulthard, Crawford, Englestead, Fairchild, Folsom, Francovich, Frazier, Hawes, Hawkins, Hendel, Houssels, Humphrey, Jepson, Keough, Leavitt, Melody, McCuistion, McElroy, Ogee, Olson, Primeaux, Ramsey, Rowntree, Seevers, Slattery, Smith, Swackhamer, Turner, Walters, Warner, Whitacre, and Mr. Speaker—43.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker appointed Messrs. Ramsey, Melody, and Miss Smith as a second conference committee to meet with a like committee of the Senate for the further consideration of Assembly Bill No. 183.

Mr. Crawford moved that Assembly Bill No. 202 be placed on top of the General File.

Motion carried.

By Messrs. Chapman, Rowntree, Byers, Turner, and Boak:

Assembly Concurrent Resolution No. 9—Expressing thanks.

WHEREAS, On the twelfth day of March, 1951, certain thoughtful persons dedicated themselves to the courteous reminder that certain members of the Senate and the Assembly of the Forty-Fifth Session of the Legislature had birthday anniversaries to commemorate; and

WHEREAS, During the busy and important consideration of the Legislature many of the birthdays were forgotten or not observed; and

WHEREAS, The refreshing respite of a few moments relaxation partaking of refreshments, furnished by the above-mentioned thoughtful persons was indeed enjoyable; and

WHEREAS, Certain hereinafter named Assemblymen and Senators were remembered and desire to express their thanks for having been remembered,

to wit: Senator Forrest B. Lovelock, Senator Fred Strosnider, Mr. Don Chapman, Mr. Herbert Rowntree, Mr. Henry Byers, Mr. Dave Turner, and Mr. C. C. Boak; and

WHEREAS, It is also the expression of the Assembly and the Senate that all of the thoughtful persons cannot be completely recalled but it is desired to forget no one; now, therefore, be it

Resolved, by the Assembly of the State of Nevada, the Senate concurring, That the Forty-Fifth Session of the Nevada Legislature does hereby express its heart-felt gratitude to Katherine Kastris, Mrs. Ken Johnson, Mrs. J. F. McElroy and all other persons who contributed both materially and by their assistance in the success of the joint observance of the birthdays of the Assemblymen and Senators listed above.

Mr. Chapman moved the adoption of the resolution.

Resolution adopted.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Anderson moved that the Journal of March 15, 1951, be approved and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Mr. Speaker appointed Mr. McElroy, Miss Smith, and Mr. Francovich to wait upon His Excellency, the Governor, and to inform him that the Assembly was now ready to adjourn *sine die*.

Mr. Speaker appointed Mr. Barr, Miss Frazier, and Mr. Walters as a committee to wait upon the Senate, and to inform that honorable body that the Assembly was now ready to adjourn *sine die*.

The committee appointed to wait upon His Excellency, the Governor, appeared before the bar of the Assembly, and reported that they had communicated with the Governor, and that he had no further communication to make to the Assembly.

The committee appointed to wait upon the Senate appeared before the bar of the Assembly, and reported that they had carried out the instructions of the Assembly.

A committee from the Senate consisting of Senators Tallman, Munk, and Wilson appeared before the bar of the Assembly, and announced that the Senate was now ready to adjourn *sine die*.

Mr. Boak announced that this would probably be his last session, and that he was turning over his position to the younger generation.

Mr. Boak moved that the Forty-Fifth Session of the Assembly of the Legislature of the State of Nevada adjourn *sine die*.

Motion carried unanimously.

Mr. Speaker declared the Assembly adjourned *sine die*.

Approved: **J. M. HIGGINS,**
Speaker of the Assembly.

Attest: FRANK ROSASCHI,
Chief Clerk of the Assembly.
