By Mr. Crawford:

Assembly Resolution No. 1—Expressing the opinion of the Assembly of the State of Nevada that the federal excise taxes now existing on the transportation of persons and property should be repealed.

WHEREAS, For the purpose of meeting wartime emergency necessity, the Congress of the United States enacted as excise taxes a levy upon the transportation of persons and property; and

WHEREAS, One of the principal purposes of levying such tax upon the transportation of persons was to discourage unnecessary wartime travel; and

WHEREAS, Today, 11 years after the cessation of hostilities, there continues a 10 percent levy on the transportation of persons and a 3 percent levy on the transportation of property; and

WHEREAS, It is the opinion of the Assembly of the State of Nevada that excise taxes should not impose an unfair burden on the long distance shipper and the long distance traveler as does the present tax on the transportation of property and persons; and

WHEREAS, It should be a principle of federal taxation to levy taxes in such a manner as to prevent them from falling as an unequal burden on citizens residing in different areas of the country; and

WHEREAS, The distances to, from and within the West impose an unfair burden on the western traveler and shipper; and

WHEREAS, The State of Nevada is particularly interested in protecting and developing its vacation and tourist travel on an equal basis with other vacation travel areas; and

WHEREAS, The transportation of both persons and property plays such a vital role in the economic life of this country to the extent that the costs of transportation should always be kept at the lowest possible level; and

WHEREAS, Transportation is in no sense a luxury but is a vital necessity and there is, therefore, sound reason for distinguishing between the transportation taxes and other excise taxes that are imposed upon luxury items; and

WHEREAS, It is the opinion of the Assembly of the State of Nevada that the best interest of the country and particularly the western states, who are now discriminated against by the present transportation taxes, would be served by a repeal of those taxes; and

WHEREAS, There is presently pending before the Congress of the United States legislation which would repeal the tax on transportation of property and which would repeal the tax on transportation of persons; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That it shall be the manifest expression of this body that the discriminatory and burdensome federal excise taxes upon the transportation of persons and property should be repealed.

Mr. Crawford moved the adoption of the resolution.

The Sergeant-at-Arms announced that His Excellency, Charles H. Russell, Governor of the State of Nevada, was at the bar of the Assembly.

Senator Lemaire and Assemblyman Leavitt escorted the Governor to the rostrum.

The Governor delivered his message as follows:

To the Honorable, the Senate and Assembly of the State of Nevada:

It is an honor and a privilege for me to meet with the members of the Forty-eighth Session of the Nevada State Legislature, and in doing so I congratulate you individually as having been elected to represent the people of Nevada and the people of your own counties.

You and I have a duty to perform in this legislative session, an obligation to meet the responsibility of progressive legislation which when enacted into law will not only provide the financial program for the next biennium, but will be the directives which will govern the administration of State Government.

Two years ago in my message to the Forty-seventh Session of the Nevada State Legislature, I pointed out that Nevada was the fastest growing state in population percent increase.

In 1950 the population of the State was 160,000. Today our population is estimated at 247,000 and the U. S. Bureau of Census forecasts that by 1965 the population figure will reach 325,000. This means that Nevada very likely will be the only state doubling its population in the fifteen-year period since 1950.

This rapid growth brings with it the need of additional services on the state level, as well as increased demands upon the State for those services. This is, of course, a condition that also confronts the counties and cities within the State.

The great and continuing population growth trend we are in, coupled with attempting to arrive at a comprehensive state budget on a biennial basis when a year from now we can only anticipate cost figures, shows ever more clearly a need for a yearly budget session of the Nevada State Legislature.

FINANCES

Assessed valuations, which provide ad valorem taxes as well as other state revenues, have increased during the past two years. These, with sales tax

receipts, have provided the greatest revenue in the history of the State, as will be shown in the budget report.

However, two years ago it became necessary that the Legislature completely revamp the state aid to elementary and high schools with the result that state aid, including administration, vocational and other services in that field, increased from \$11,396,817 for the 1953-1955 biennium, to \$17,244,947 for the 1955-1957 biennium, and the budget will call for \$25,606,292 for the 1957-1959 biennium.

The sales tax will bring approximately \$19,250,000 into the General Fund during the next two years, or \$6,356,000 less than the school requirements, not including the University of Nevada.

Schools, including the University of Nevada, will account for 67.9 percent of budget needs; health and welfare, 7.7 percent; and the two together, 75.6 percent.

The State, under present revenue, can, in my opinion, meet the necessary requests made to the Legislature without any new type of revenue or any increase in the existing tax structure for the next two years.

The requests for funds and my recommendations will be set forth in the budget report to your honorable bodies.

SCHOOLS

The Forty-seventh Session of the Nevada Legislature, in adopting recommendations of the statewide school committee report resulting from the George Peabody College Survey, met the emergency needs of elementary and high schools of the State. Basically, a firm foundation was laid and while some minor changes in the School Code will be recommended, Nevada has demonstrated her ability of providing an adequate, planned program for the schools.

The statewide committee of men and women which was formed to survey the school problem in Nevada gave invaluable service to the State.

As a result of the work of this committee and of the Nevada White House Conference, there has been formed a Nevada State Council on Education composed of thirty lay citizens from all parts of the State. The purpose of this Council is to sustain, promote and improve education throughout the State as well as to survey needs and to make recommendations.

To carry on the work of the Council I am asking an appropriation of \$30,000. In making this request I recognize the valuable work accomplished by the lay committee and the necessity of a continued evaluation of school problems by a committee composed of members who are connected neither with the schools nor the administration.

Since adoption of the State Constitution the Superintendent of Public Instruction has been an elective officer by constitutional provision. In the November election the voters ratified an amendment to the Constitution abolishing that office as a constitutional office.

I recommend to you that a law be enacted that the Superintendent of Public Instruction be appointed by the State Board of Education, with qualifications set by the Legislature.

UNIVERSITY OF NEVADA

The University of Nevada must meet the demand of higher education, and we have the responsibility of providing a university education for our young men and women. More than ever before, a university education is a basic requirement for specialized training.

The Legislature will receive a report of a survey instituted by and made to your own legislative committee.

I ask that you study and take positive action on that report and meet with the Regents and the President of the University of Nevada, urging that a more harmonious course be chartered for the University to the end that the criticism which has plagued the University both in-state and nationally be brought to an end.

I, personally, feel that capital investments at the University with general funds should be made only after a master plan be developed and a survey made as to present space utilization.

Expansion of present departments and creation of new departments should be carefully studied as to the ability to support now, and in the future.

I recommend, as I did two years ago, that the offices of Regents should be appointive instead of elective, which will necessitate an amendment to the Constitution of Nevada.

CAPITAL IMPROVEMENTS

The impact of Nevada's rapidly growing population is also being felt by every institution, office, and agency of State Government. Requests for urgent building construction projects required to meet increased demands has now exceeded \$20,000,000, a figure far in excess of any realistic estimate of fiscal resources.

There is, therefore, an urgent state requirement for a long range capital improvement program calculated to insure, with funds available, the timely, economical and orderly development of the state physical plant.

In my opinion, the State Planning Board has, in its recommended planning and building construction program for the 1957-1959 biennium, met this need planned on a sound and equitable basis for the allocation of limited funds among competing demands.

I am, therefore, asking your approval of that program.

I further recommend that you, acting in the best interests of over-all state development, follow the priority of planning and construction recommended by the State Planning Board and that all planning for building construction be placed under this Board.

INSTITUTIONS

Nevada's institutions are operating on a sound basis. Conditions as to personnel and care have been improved.

Each year the total of unfortunates in the institutions increases. Here, again, planning is necessary and is underway to meet future requirements.

I have recommended in my budget, funds for maximum security cells and a central heating plant at the Nevada State Prison. Both are of vital importance.

On the basis of Planning Board recommendations, my budget will contain requests for funds for master and advance planning as well as structural surveys of the institutions and buildings to insure orderly development.

HIGHWAYS

To meet the constant need for better roads in the State, to handle the upsurge in traffic measured every year, and to utilize Federal funds now available for the greatest road building program in history, we have only one alternative, to grow.

As indicated in my last biennial report, we anticipated a considerable expansion in 1955 because of the then-pending 1954 Federal-aid Bill which upped Nevada's share of construction funds by almost 50 percent over any previous Congressional grant. Results of this larger federal-aid program are reflected clearly in the construction of 151 miles of new highways and 305 miles of reconstructed roads.

During this same period, the day-to-day maintenance operations reached the greatest volume in our history, exceeding \$5 million in the last two years. Mileage on roads being maintained by this department rose to 4,027.

For Nevada, \$12 million has been allotted in Federal funds for expenditure during the first year of the program, with \$37 million to be available during the coming two-year period. As it affects us, the Interstate system embraces 544 miles of highway through Nevada on U. S. 40 and U. S. 91, these routes to be remodeled into modern, limited-access freeways.

In getting into this program, Nevada finds itself in much the same position as many other states; that is, our Highway Department is lacking in the manpower needed to complete the initial phases of the new program. Unable to obtain the necessary technicians, we have had to hire outside consultants to help us get started. Consulting engineering firms have completed aerial surveys of the Reno and Las Vegas areas to determine route locations and it is probable that other of the survey and design operations will be carried out by these or similar well-qualified companies.

Nevada should modernize its Highway Code if we are to take full advantage of Federal participation in our own program. I propose, accordingly, to submit to this Legislature a revised draft of our Highway Statutes for consideration.

Along with modernized and workable highway legislation, I recommend that this Legislature authorize the establishment of a legal division within the Highway Department.

HIGHWAY PATROL

Death toll on Nevada's highways was reduced to 139 in 1956, as compared to 174 in 1955, and 145 in 1954.

However, accidents increased last year over the previous years and, frankly, we were fortunate that fatalities were reduced.

As a further safety step I am recommending that the Uniform Vehicle Code, Chapter 11, Rules of the Road, as recommended by the National Highway Users Conference, be incorporated in its entirety in the Highway Traffic Code of Nevada.

NATIONAL GUARD

The National Guard has kept pace with the growth and progress of the State.

When I last reported to you, the Nevada National Guard had a strength of 861 members and was supported by \$4,721,439 in Federal funds. Today, the National Guard has a strength of 1,233 members or an increase of some 60 percent. Additionally, the Federal Government has supported us with over \$2,000,000 for salaries, and approximately \$12,000,000 for other expenditures and equipment.

Since the last session of the Legislature, construction of armories at Reno and Las Vegas has been started with funds provided for by that session.

I hope that with matching Federal funds available, the armory construction program will be continued until an armory has been constructed in those localities where National Guard units are active.

State support for the National Guard assures continued Federal expenditures and results in well-trained air and ground units to serve our Nation in time of war and the State in time of an emergency.

CIVIL DEFENSE AGENCY

During the past two years progress has been made in the organization of effective Civil Defense programs in the various counties. Yet there still is much to be done which necessitates augmenting the present department.

The greater part of the director's time has been consumed as a result of natural disasters. Since August of 1954, a total of \$681,000 in Federal aid has been set aside for those emergencies. This includes \$194,000 for repairs to the irrigation system and school buildings as a result of the Fallon earthquake; \$102,000 to Clark County for the repair of streets and sewer systems in Las Vegas, North Las Vegas and Bunkerville; \$385,000 to Douglas, Lyon, Mineral, Ormsby, Washoe and Storey Counties for repairs to diversion dams, roads, bridges and public facilities damaged by floods.

I am recommending an assistant to the director to operate in the southern and eastern areas of the State and legislation to include Civil Defense to receive surplus property from the Federal Government. I also ask that the Ground Observer Corps be recognized as a component part of Civil Defense. Consideration should also be given to the protection of volunteers in case of injury.

NEVADA INDUSTRIAL COMMISSION

The Nevada Industrial Commission is going through a period of reorganization pointed toward making the Commission an efficiently operating insurance company in order to give the best possible service to claimants at a competitive rate for employers of the State and still maintain an operating fund that is sound.

A comprehensive study has been made of the Commission with many people, both within and without the Commission, taking part. As a result, some administrative changes will be recommended to you. These are designed to simplify administration and to clarify certain provisions of the law which have caused administrative problems in the past.

I ask your approval of the recommendations which will be made by the Commission to you, as these will result, if adopted, in aiding the Commission

to do a faster and more economical job for people concerned—the employers who contribute to the fund and workmen who receive the benefits.

As a result of the reorganization of the Commission during the past year, previous difficulties have been eliminated and workability between the Commission on one hand and contributors and claimants on the other is now a reality.

COLUMBIA INTERSTATE COMPACT COMMISSION

During the 1955 Legislature, Nevada ratified the Columbia Interstate Compact. The States of Idaho and Utah also have ratified the Compact. The States of Washington, Oregon, Montana and Wyoming failed to act on the proposed Compact. Certain provisions of the proposed Compact met disapproval by some of the states and also by the Department of Justice. During the past two years, commissioners of the several states made certain changes and a new proposed compact was signed December 3, 1956 by representatives of all seven states. The proposed compact, as now signed, meets with the approval of the Department of Justice.

I suggest that Chapter 67, Nevada Statutes 1955, ratifying the Compact be repealed, and if it appears that the States of Washington, Oregon, Idaho and Montana will ratify the Compact as now agreed upon during their 1957 legislative sessions, Nevada should take similar action.

CALIFORNIA-NEVADA INTERSTATE COMPACT PROCEEDINGS

The California-Nevada Interstate Compact Commission of Nevada, authorized by the 1955 Legislature, was set up and for the past year and a half has been meeting with a similar commission of the State of California for the purpose of working out an interstate compact relative to the distribution and use of the waters of Lake Tahoe and the Truckee, Carson and Walker Rivers. Excellent progress has been made and I feel that a satisfactory compact will be arrived at within the next two years. As you know, for the compact to become effective, action will have to be taken by the Legislatures of the two states and the Congress of the United States.

ELDORADO VALLEY

As a result of engineering studies being conducted by Nevada relative to Arizona-California litigation on the waters of the Colorado River, it has been determined that Eldorado Valley, along with Las Vegas Valley, present great possibilities for the development of a large industrial area and attendant suburban developments. Such a program could only be made effective if the State could obtain title to the land, in cooperation with the people of Clark County.

To effectuate such a plan, it will be necessary for Congress to pass necessary legislation for state acquisition of lands. Such a bill was introduced in the 84th Congress and has been reintroduced in this Congress.

In cooperation with representative groups in Clark County, I have had a bill prepared which will authorize the State to purchase such lands over a period of years. The bill will provide an appropriation which is to be used for planning and engineering studies and to purchase some of the lands. Under the bill, an Advisory group will be set up to work with the State in planning for the development of the area, and provision is made for the State to be reimbursed for all moneys advanced.

I recommend your serious consideration to this matter.

CONSERVATION AND NATURAL RESOURCES

I have long felt the necessity of a Department of Conservation and Natural Resources within our framework of government. Under such a department, the various existing state departments and agencies concerned with water, land, forests, oil and gas, and perhaps others, could operate under one general department. This would lead to better coordination, operation and over-all workable State Government.

A bill setting up such a department will be presented to you for your consideration.

STATE LANDS

I again urge that the Legislature abolish the office of Surveyor General as an elective office and that the functions of the office be transferred to the

proposed Department of Conservation and Natural Resources, establishment of which I recommended elsewhere in my message.

When acquisition is sought of any state land, it should be publicly advertised and sold to the highest bidder.

DEPARTMENT OF ECONOMIC DEVELOPMENT

The Department of Economic Development, created by the 1955 Session, has put into effect programs aimed at exploiting and developing Nevada's profitable tourist business and its industrial potential.

The Department diligently has promoted Nevada's great tourist industry by means of Nevada Information Centers, tourist schools, participation in nationally known travel and vacation shows, television films, feature articles in magazines and newspapers and through the publication and distribution, by the end of the present fiscal year, of more than one million pieces of its own literature, all designed to encourage more travel to, and longer stays in Nevada.

The Department also has laid the foundation for a sound program of attracting industry to Nevada by contacting nearly 1,000 executives in major United States industries, and in that connection has lead the way in compiling statistics and information needed by industrialists who might want to expand their facilities by coming to this State.

This new agency of State Government also has succeeded, and is to be commended for, getting Nevada declared a "dispersed area" by the Federal Government. This means that the State is officially cleared as a safe site for defense installations or plants of any and all types.

The Department of Economic Development has worked closely with individual Chambers of Commerce, with local governmental boards and with various organizations with the sole purpose of enriching Nevada's economy. Such state-local cooperation can bring only benefits to Nevada.

I feel that the Department of Economic Development and its 17-member advisory board is performing a valuable service, and I strongly recommend favorable action on the expanded promotional program as outlined in the Department's budget request.

STATE PARKS

Increased funds provided for the State Park Commission two years ago have resulted in the start of a program to preserve historical and natural sites as part of the state park system. This program should be advanced progressively to the final result of preserving these parks and developing them not only as historical monuments, but also as attractions to people of the State and Nation.

An increased appropriation will be asked in the budget for this work. However, development of the work of this Commission must proceed on a progressive basis governed by the State's ability to finance such development.

PURCHASING DEPARTMENT

Since enactment of the Act establishing a central Purchasing Department, that department has negotiated transactions totaling \$6,137,321.04 as of December 31, 1956, at a saving of approximately \$800,000 to the State, over and above administrative costs.

Of the total dollar value transactions negotiated, \$2,169,410.62 were in the fiscal year 1955 and 1956.

The volume of business is increasing rapidly each year and the savings prove the need and worth of the Department. More counties, municipalities and school districts now are using the Department to effect savings.

HEALTH AND WELFARE

Public demands continue to increase for Health and Welfare services. Here again, great population gains result in the need for continued and expanding services which must be met, and I again refer you to the budget.

New services, if any are considered, must be surveyed as to critical need and the ability to pay for the same.

A study should be made during the coming biennium of the problem of the aged within this State, aimed at developing a beneficial program of aid and rehabilitation.

NEVADA STATE LIBRARY

Nevadans are making constantly increased demands upon the State Library. The growth in service is reflected in a 735 percent increase in books loaned by mail and a 175 percent increase in local circulation in the past five years. In all phases of its work the library is giving modern library service to an extent unforeseen in 1950.

A growing population, increased interest in self-education, and cultural development on the part of rural and urban citizens are factors in this growth. To meet these services an increased technical staff is needed.

Under the Federal Library Services Act which passed Congress in June of last year, Nevada will receive \$46,438 for each of the next four years if my recommended Library budget is approved by you.

FISH AND GAME

Every person in Nevada, from the sportsman to the businessman, benefits from our wildlife resources.

Crossley, S. D. Survey, Incorporated, in conducting an economic survey at the request of the Nevada Fish and Game Commission, revealed that 46,200 residents hunted and fished in 1955 and in doing so added \$7,300,000 to the State's economy. This does not include expenditures made by nonresidents.

While sportsmen support, through license sales, the program in the State, yet all benefit through a sound and wisely managed wildlife program.

Wildlife resources belong to all the people of Nevada, and should be managed for the greatest good for all, both for today and in years to come.

I urge that you devote careful study to any proposed legislation affecting our wildlife agency with the realization in mind that the best interests of all the people must be served.

GAMBLING

Nevada is the only state with statewide legalized gambling other than on-track parimutuel betting. Gambling contributes directly to the State's economy from taxes derived and has become an important segment of industry in Nevada.

It is, therefore, imperative that gambling be kept clean and on a sound level of operation.

Two years ago the Legislature created the State Gaming Control Board, composed of three members. It is essential that this Board be continued, and that budgeted funds be increased to provide for a larger investigative and auditing staff.

Gambling has continued to increase during the past two years, and only through a careful investigation of those applying for license, and a continuous surveillance of those licensed can the public and industry itself be protected.

MINING

Last year saw the greatest upswing of mining in the history of the State and when final returns are made on the net proceeds of mines the figure will be close to \$50,000,000.

A sound mining condition is predicated largely upon encouragement of that industry by the State, and I am opposed to any restrictive legislation that would curb our mining growth.

AGRICULTURE

Our agriculture and livestock industry is on a better foundation than two years ago. However, a drought condition in central and southern Nevada is causing undue hardship at this time. Nevada should continue to aid in this emergency and any other similar emergencies which might arise in the State in cooperation with disaster funds made available through the Federal Government.

CONCLUSION

I fully realize that in this message I have covered only a part of our State Government. Perhaps some of the recommendations are of a controversial nature, yet I present them to you for determination.

At all times I am willing to meet with you and discuss any problems, and the services of my staff are available to you.

State Government is a continuing, growing function, and by working together we are providing a better State.

MESSAGES FROM THE GOVERNOR

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, January 28, 1957.

To the Honorable the Assembly:

I submit to your honorable body my budget recommendations for the 1957-1959 biennium.

This budget was prepared with the assistance and advice of the Budget Director, heads of state departments and agencies.

The budget is conservative both as to estimated sources of income and recommended expenses, keeping in view our expanding economy.

Of the total budget, 76 percent represents requests from four departments alone, namely, Education, University of Nevada, Health and Welfare. It must be realized that elementary and secondary school aid on the state level, including administration and other school services, account for 56.2 percent of the budget. My recommendations for the University of Nevada account for another 12 percent and 7.7 percent for Health and Welfare. This budget, then, allots only 24 percent for state administration and institutions.

Our income is greater and the demands for funds are greater.

I do not, however, feel that there is any demonstrated need for increases in the present tax structure or for any new taxes.

If the budget as presented to you is adhered to, and I fully realize your body and the Senate have the sole authority to make all appropriations, then I recommend that a part of the ad valorem tax be returned to the counties.

Based on this recommendation, pages "E" and "F" are submitted for your consideration and to assist you in your deliberations.

Salaries contained in the budget are based on the statutes that control them and all others on the salary scale are set by the Personnel Department. I fully realize there exist inequalities in the unclassified salaries and I recommend that these be studied for adjustment.

Accompanying the budget, and prepared for your convenience, is a draft of a proposed general appropriations bill covering those items contained in the budget.

The budget as submitted is in conformity with the provisions of Chapter 299, Statutes of Nevada, 1949, and in my opinion, presents a sincere, true and specific analysis of state needs and financing.

The cooperation of my office is offered to you and I shall be pleased to work with you at all times.

CHARLES H. RUSSELL, *Governor of Nevada*.

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, March 29, 1955.

HONORABLE JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: There is herewith deposited in your office for filing, within the constitutional time limit, and without my approval, Assembly Bill 371, introduced on the 28th day of February 1955 by Assemblyman Byrne, and entitled, "An Act to amend an act entitled 'An Act to prevent the manufacture, sale,

transportation, and false advertising of adulterated, misbranded, or mislabeled, or poisonous or deleterious foods, drugs, devices, and cosmetics; regulating the manufacture and traffic therein; providing for the enforcement of this act; providing penalties for the violation thereof and other matters relating thereto,' approved March 25, 1939."

This bill is vetoed and deposited in your office without my approval for the following reasons:

The bill would require the Commissioner or his duly authorized agents to notify the owner or operator of a business that a sample is being secured for the Food and Drug Department. It also provides that the Commissioner or his agents split food samples with the owner or operator at the time the sample is taken.

Both of these conditions are contrary to the intent of regulatory procedures. At present, samples are acquired in the same manner as a regular customer would acquire the same, and this enables the Food and Drug Department to determine the honesty of the person weighing or counting the articles of purchase and also as to any illegal sale of a prescriptive drug item. The department pays the market price for all samples procured for analysis and were it necessary to purchase amounts to make two representative samples, the cost in many instances would be prohibited. At present the policy is to relinquish part of a sample upon written request of the owner of the store or his attorney.

A further objection is that the provisions of the proposed act are contrary to the concepts of inspection procedure as practiced and defined by the Federal Food and Drug Administration.

I have been advised by the Food and Drug Department of the University of Nevada that the proposed act in its present form is not workable. For the reasons herein set out, Assembly Bill 371 is deposited without my approval.

Respectfully yours,

CHARLES H. RUSSELL,
Governor.

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

NAYS—Bailey, Barnum, Berrum, Bleak, Buckingham, Byrne, Carlson, Caruthers, Christensen (Clark), Christensen (Washoe), Collins, Crawford, David, DeSpain, Duncan, Evans, Franklin, Frazier, Fullerton, Giomi, Godbey, Hendel, Herr, Hill, Hose, Humphrey, Isbell, Kean, Leavitt, McKissick, McMullen, Nevin, Olaeta, Palludan, Parks, Pasquale, Pozzi, Revert, Ryan, Sanford, Schank, Valentine, Vaughan, Von Tobel, Waters, Young and Mr. Speaker—47.

Vetoed Assembly Bill No. 441 of the Forty-seventh Session.

Bill read.

Governor's message stating his objections read.

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, March 29, 1955.

HONORABLE JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: There is herewith deposited in your office for filing, within the constitutional time limit, and without my approval, Assembly Bill 441, introduced on the 9th day of March 1955 by the Assembly Committee on Judiciary, and entitled, "An Act prohibiting the obtention of telecommunication or radio communication, as defined in this act, by tampering with wires or other communication media; providing exceptions under which the provisions of this shall not apply; providing a penalty for violation of the provisions of this act and for violation of specific provisions of this act; authorizing detection and interception of communications by order of district courts under certain

circumstances; excluding evidence obtained in violation of this act; and other matters properly related thereto."

This bill is vetoed and deposited in your office without my approval for the following reason:

Section 4 of the proposed act is in conflict with the Federal Communications Commission regulations, and although I am sympathetic with the intent of the proposed act, I also feel that the act should be drawn as to coincide with the Federal laws.

Respectfully yours,

CHARLES H. RUSSELL,
Governor.

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, MARCH 28, 1955.

This bill is vetoed and deposited in your office without my approval for the following reason:

Assembly Bill 496 introduced by the Elko County Delegation, and which has passed both the Senate and Assembly, is a modification of Assembly Bill 470 and to all intents and purposes contains the necessary provisions of Assembly Bill 496 to cover the needs of Elko County.

GENERAL FILE AND THIRD READING

Assembly Bill No. 50.

Remarks by Messrs. Vaughan and Christensen (Washoe).

Amendment lost.

Mr. Hose requested that his remarks be recorded in the Journal:

I am sympathetic with the intent of Mr. Ryan's proposal. However, I wonder if we are not setting a precedent for all state employees to receive the

same allowance. Certainly a favorable action here today would justify a request from all other state employees.

I am not in a position, because of lack of information, to determine if the amounts requested by all other departments would be appropriate and justifiable.

I believe a reasonable salary increase effective January 1, 1957 would be acceptable and in order.

Mr. Pozzi requested that his remarks be recorded in the Journal:

This bill does not affect either of the Ormsby County delegation in reference to mileage, which is nil, and to per diem, which likewise is nil. I am not expressing Mr. Waters' thoughts, but as for me, I want all of the voters in Ormsby County to know that the bill does not affect me. I get the regular wage as prescribed by law, and that alone.

Remarks by Messrs. Kean, Byrne, Ryan, Von Tobel, Crawford and Barnum.

MAX C. FLEISCHMANN FOUNDATION OF NEVADA
405 FIRST NATIONAL BANK BUILDING

RENO, NEVADA, February 8, 1957.

HONORABLE DON CRAWFORD, *Assembly Chamber, Nevada State Legislature, Carson City, Nevada.*

DEAR MR. CRAWFORD: I have yours of February 7, and note with interest your comments on Assembly Bill No. 43 which you have introduced to provide for the construction of a state tuberculosis sanatorium.

I am enclosing you herewith a leaflet which will give you considerable information concerning this Foundation. At the outset, I might state that we would be unable to commit ourselves to any grant for such a sanatorium until your bill had been passed and became a law.

Under our charter and the federal law covering Foundations, foundations, are prohibited from doing anything which might be construed as "influencing legislation." Consequently, to make any commitment at this time would be subject to such construction and prohibited by law.

However, if and when such a sanatorium is provided for by law, a formal application could be made for a grant and it would be given due consideration at that time.

I might say, however, that any grant of \$1,000,000 would be entirely beyond our means.

Everyone who is connected with an institution of the kind you are sponsoring becomes dedicated to that institution and is apt to overlook the many hundreds of other worthy demands that are made for help and assistance.

If the Foundation made any grant at all, it would only be after a very substantial part of the cost of the institutions had been provided for, as it is our policy on matters of this kind to only participate to a reasonable degree and not to carry any major share of the load.

With personal regards,

Cordially,

LESTER D. SUMMERFIELD, *Chairman.*

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS
HOUSE OF REPRESENTATIVES

February 15, 1957.

THE HONORABLE SPEAKER, *House of Representatives, State Capitol, Carson City, Nevada.*

In re: Dennis J. Roberts v. Board of Elections
John H. McGann v. Board of Elections

DEAR SIR: Enclosed herewith is a copy of the Journal of the House, appended to which is the opinion of the Supreme Court of Rhode Island in each of the above-entitled election cases.

Much misleading publicity has heretofore been given to these cases throughout the country. This unfortunate fact has prompted the hope that, in the interest of truth and justice, equally extensive circulation of the true opinions will be made to readers everywhere.

The opinions themselves of course are the best evidence to show what issues were involved and what constitutional and legal principles were applied by the Court in reaching their conclusions. Accordingly the full text is forwarded for your information.

Respectfully,

HARRY F. CURVIN, *Speaker*

Resolution ordered transmitted to the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

NEVADA STATE DEPARTMENT OF HEALTH

CARSON CITY, NEVADA, February 20, 1957.

HONORABLE DON CRAWFORD, *Assemblyman, Washoe County, Assembly Chamber, Carson City, Nevada.*

DEAR MR. CRAWFORD: This letter is in response to your verbal request that I write you stating my opinion of A. B. 7. This bill, introduced by you, would require an annual physical examination of all food handlers and the issuance of a health card.

At first glance, it would appear that this would be very commendable legislation. The experience both here in Nevada and also in other states indicates, however, that the requirement of an annual physical examination of food handlers is expensive and extremely difficult of enforcement. The 1935 Session of the Nevada Legislature adopted a similar bill and it was theoretically in force for two years, but the 1937 Session promptly repealed it.

For the experience of another state, I will quote from an article in the New Jersey Health News, October, 1953, "Evaluation of Physical Examination of Food Handlers," Aaron H. Haskins, M.D., Health Officer.

"In 1921, the City of Newark passed an ordinance requiring the physical examination of food handlers, the theory being that a sick food handler would transmit disease through food. While the theory is commendable, the actual practice cannot be considered so. The physical examination consisted of chest, blood serology and a mouth smear. The examination also included a very cursory screening for superficial skin infections. Now we realize that the diseases most apt to spread through food are of the Salmonella, Typhoid and Dysentery group and the staphylococcus and streptococcus organisms, you can readily see that the type of examination carried out is not directed at these organisms but the program has degenerated to a case-finding program for tuberculosis and venereal disease.

"To carry out a true physical examination to detect the alimentary diseases would be economically unsound and physically impossible. It was then only

natural that the program merely looked for tuberculosis and venereal disease. The fallacy of the physical examination for the prevention of the spread of disease through food becomes more obvious when we realize that even if we were able to carry out the proper type of examination, it would only show that at the time of examination the food handler was well, but that the next day he could easily be infected with any of these important diseases, and be a source of infection and still have, in his possession, a health card from the Health Department testifying that he is well and that it is safe for him to handle food.

"False Sense of Security—In my opinion, this gives the public and the food handler a false sense of security, because unless that food handler is acquainted with the disease that he may have, and unless he knows how to properly conduct himself so that he may not infect the food, the public is not safe. I believe that no physical examination of the food handler is the answer to this problem and certainly the public should not be lulled into this false sense of security."

I trust the above information is sufficient for your purpose. I will be very glad to discuss this matter further with you or other members of your committee.

Sincerely,

DANIEL J. HURLEY, M.D.,
Acting State Health Officer.

REMARKS FROM THE FLOOR

Mr. Franklin asked for the personal privilege of reading a telegram written and sent by Governor Charles H. Russell to the Federal Communications Commission, also the letter written by himself in reply to the telegram, and requested that the telegram and letter be recorded in the Journal.

Mr. Franklin was granted the privilege of the floor, and prefaced the reading of the telegram and letter with the following remarks: "Had the telegram been written and sent as an individual rather than Governor, I would not have taken exception to the telegram, but I feel that this is a personal attack upon myself and my integrity."

COPY OF TELEGRAM

CARSON CITY, NEVADA, February 9, 1957.

There is now pending before your commission an application for consent to a transfer of stock in KLAS TV of Las Vegas Television, Inc., Las Vegas, Nevada, which would vest majority stock ownership in H. M. Greenspun of Las Vegas.

I have known Mr. Greenspun for the past eight years and based on his personal honesty, integrity and concern for the public welfare, feel I can recommend without any qualification, approval of application. His newspaper consistently supports right and decency in government and community welfare. The television station of which he is an officer and stockholder has always operated in the best interest of the public and is a valuable asset to this State.

I am aware of legal proceedings in Nevada in which Mr. Greenspun is involved, and to the best of my knowledge they are attributable to an intense political and competitive situation in the newspaper field in southern Nevada. My unqualified recommendation is made with complete awareness of this situation. Mr. Greenspun's career in Nevada has resulted in his election as President of the Nevada Press Association, a position he now holds. The approval of the application now before you would definitely be in the public interest and in the best tradition of our dedicated way of life.

CHARLES H. RUSSELL,
Governor of Nevada.

COPY OF LETTER

March 2, 1957.

THE HONORABLE CHARLES H. RUSSELL, *Governor of Nevada, Carson City, Nevada.*

DEAR SIR: I have just received a copy of your telegram of February 9, 1957, to the Federal Communication Commission in which you heap high praise and "recommend without any qualification" an ex-convict who has thrice been indicted by United States Grand Juries and once by the Clark County Grand Jury.

I would much prefer to write this letter to you as an individual rather than as the Governor of our State, but your wire of praise was sent as "Governor of Nevada" and not as a private citizen.

It is my intention to take your exact words from your telegram and express

precisely and concisely the errors therein contained. It is a written record you have made, and no man should hesitate to stand on his own record.

You say, "I have known Mr. Greenspun for the past eight years and, based on his personal honesty, integrity and concern for the public welfare, feel I can recommend without any qualification approval of application."

By this statement you admit you have known Greenspun long before he bought the Las Vegas Sun, and even before he was convicted by the United States Government. It is also an admission that you know that during the eight years you have known Greenspun he has been twice indicted by at least twelve members of Grand Juries, and yet you recommend his "personal honesty, integrity and concern for the public welfare."

These things you admit you know through acquaintanceship, but perhaps in all honesty you didn't know that he was a long-term law clerk for Vito Marcantonio, America's foremost fellow-traveler; that he was tried under the 104th Article of War for being A.W.O.L. during time of war; that he came to Nevada with Joe Smoot, the Las Vegas Race Track promoter, and that prior to going into arms smuggling he worked as a publicity man for Bugsy Siegel's Flamingo.

You further state, "His newspaper consistently supports right and decency in government and community welfare." If you consider "bugging," "recording," "entrapment" to be decency in government, then you are right about the man. If you think mad-dog rantings about our late Senator McCarran (I think you knew him even more than eight years) and about our Federal, State and Municipal Judges are right and decent, then again you stand shoulder-to-shoulder with Greenspun. If you think the perversion of all the principles of Freedom of the Press, or constant attacks on President Eisenhower, or ravings against our American way of life "constitute decency in government and community welfare * * * approval of the application now before you would definitely be in the public interest and in the best tradition of our dedicated way of life," then you are not only shoulder-to-shoulder but eye-to-eye with this man Greenspun.

You further state, "I am aware of legal proceedings in Nevada in which Mr. Greenspun is involved and to the best of my knowledge they are attributable to an intense political and competitive situation in the newspaper field in southern Nevada. My unqualified recommendation is made with complete awareness of this situation."

If you had not uttered this last sentence, I could have refrained from writing this letter, but your "complete awareness" of these "legal proceedings" joins you unalterably to this man whose despicable tactics contributed so mightily toward your re-election.

The "legal proceedings in Nevada" you speak of as being attributable to a newspaper battle consist mainly of five libel actions filed by myself. Only one of those cases has been tried, and after two weeks of exhaustive, painstaking trial, the jury, by a twelve to nothing vote, awarded to your writer the largest libel judgment ever given. The other four are yet to come.

For your information, my suits have absolutely nothing to do with any newspaper battle, but are strictly the battle between an individual who refused to bow to smear and muck-raking on one side and an agomaniac on the other side who has amassed a fortune from yellow-sheet journalism. I realize my description of Greenspun does not jibe with your praise of him, but my description was concurred in by twelve jurors and you can't find twelve people in all Nevada to agree with you.

You mention Greenspun being elected president of the Nevada Press Association which is not correct as every working member of the press would affirm, but for your information his election to the *Publisher's Association* was solely a sop to keep his smear-sheet off the back of a political candidate desired by other publishers.

Inasmuch as your telegram is a public record I am sending copies of this letter to the F.C.C. and to the legitimate press of Nevada. Needless to say, being an attorney, every statement of fact in this letter is true.

Finally, I would like to say that this letter is written more through disappointment than anger—I never thought a native Nevadan would ever espouse a stranger from the concrete jungles who has viciously attacked the character and reputation of scores of Nevadans, many of whom were your life-long friends.

Very truly yours,

GEORGE E. FRANKLIN, JR.

MOTIONS, RESOLUTIONS, AND NOTICES

SIERRA ORDNANCE DEPOT
HERLONG, CALIFORNIA

February 19, 1957.

MR. F. W. LOOSLEY, *Chairman, Isaac Roop Low-Pass Highway Association, Box No. 338, Susanville, California.*

DEAR MR. LOOSLEY: In response to your telephone request, I hasten to give you current comments regarding the position of this Command concerning the Isaac Roop Low-Pass All Weather Highway.

I refer you to the letter from Major Reid dated July 10, 1956 on the same subject. Our position is substantially the same as stated in referenced letter, namely:

a. This Depot is interested in any highway development which would provide better service to and from the Depot by adding to the present highway complex serving the Depot.

b. Naturally, if savings can be accomplished by decreasing the mileage to be traveled to and from the East, with resulting reductions in truck rates, this Depot certainly is interested in reduction of operational costs and potential savings to the taxpayers therefrom.

c. This Depot cannot become involved in any controversy regarding the political aspects of the location of the proposed highway and its relationship to any state, county, city or town.

d. The official viewpoint of the Department of the Army regarding the operational or strategical necessity for the proposed highway must come from higher headquarters in Washington, D. C.

In connection with our official action in this matter, on December 8, 1956 I forwarded copies of your Preliminary Report and the official map of the proposed route prepared by Mr. William G. Pratt, together with my personal evaluation of the proposed highway from the standpoint of this Depot, to the Commanding General, Sixth Army, Presidio of San Francisco, California. I have been notified that his office has forwarded the material to the Chief of Transportation, Department of the Army, Washington, D. C. by Indorsement dated December 13, 1956.

I trust that this will bring you up to date as to our position and action taken in this matter.

Sincerely yours,

ARTHUR E. KEHKE,
Colonel, Ordnance Corps, Commanding.

STATE OF NEVADA
OFFICE OF THE GOVERNOR
CIVIL DEFENSE AGENCY

CARSON CITY, NEVADA, March 8, 1957.

Committee on Roads and Transportation:

The following comments are made by Floyd H. Crabtree, Civil Defense Director, on the importance of the proposed highway:

Assembly Resolution No. 13, which proposes construction of a Federal and State Highway from Winnemucca, Nevada, to Viewland, California, would be very valuable for Civil Defense purposes alone.

One of the major problems with which Civil Defense officials would be faced in case of a bombing on the coast would be the handling of traffic on the highways; and, with the carrying capacity of our present routes limited to a small percentage of that necessary to handle the volume of traffic we would have in emergency, any added facilities would be extremely advantageous.

We are told that there are in central California alone approximately one million visitors, mostly traveling in cars, at all times of the year, with a

majority of them living east of the Rockies, who would want to return home immediately in case of national emergency. It is estimated that 150,000 cars would be in that group alone, and, with the demand that would be placed on our present highways by military needs and others, we would be severely handicapped.

With the advantage the proposed road would have not only in the saving of miles but in the elimination of high passes, a very valuable addition would be added to our existing highway facilities.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 135, 149, 177, 181, 187, 247; Senate Bills Nos. 15, 23, 25, 50, 85, 100, 20, 38, 103.

WHEREAS, Police records reveal that juveniles are responsible for a large number of cases of automobile theft, burglary, assault and rape; and

WHEREAS, Delinquent juveniles are dealt with in a variety of ways by juvenile courts, police, detention homes, and social agencies; and

WHEREAS, Facilities for the detention of juveniles are inadequate and juveniles are for the most part detained in jails and police lockups that are not even adequate for adults; and

WHEREAS, Numerous treaties between the United States Government and Indian tribes, many statutes and agreements specifically reserve to the Congress of the United States the jurisdiction over Indians; and

WHEREAS, The changes in residence from reservations to cities for many of

Nevada's Indians have given rise to conflicts in the administration of needed services; and

WHEREAS, In an age of automation the Indian is found far behind the general population in job preparedness, education, general health and level of income; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That it is the manifest expression of the Assembly of the Forty-eighth Session of the Nevada Legislature that the Congress of the United States should make a thorough study of the following:

(2) The educational development of the relocated Indian child;

Section 3. The State may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of [one] *two* per cent of the assessed valuation of the State, as shown by the reports of the County Assessors to the State Controller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semiannually, and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, provide for the public defense.

The State, notwithstanding the foregoing limitations, may, pursuant to authority of the Legislature, make and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property or natural resources, or for the purposes of obtaining the benefits

thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise. The Legislature may from time to time make such appropriations as may be necessary to carry out the obligations of the State under such contracts, and shall levy such tax as may be necessary to pay the same or carry them into effect.

Mr. Vaughan requested a division of the house.

Motion lost.

Mr. Vaughan requested that his remarks be recorded in the Journal:

I apologize to the members personally that this matter has held us here to such an hour, and that my actions have been considered an attempt to stall passage of Senate Bill No. 92. I have not done so in an "harrassing" manner. The motions have been made in good faith; it is my belief that I have considered their action seriously. It is my sincere belief that if this bill becomes law it will bring death to the gambling industry. This is the reason I have attempted to project a mandate here before revocation may be made, whereby even though these hearings have always been held as a matter of course, the Board had the authority to go in here or there, when the situation warranted the closing of places. These two hearings apply to the case of cheating, as the operator was caught red-handed. If the closing of a gambling house were to be delayed six months, I feel that the interest of the public could be greatly jeopardized. This could lead to more cheating cases, and even then it would take approximately six months before you could have a court order and the operators could continue until final court revocation. This has two inherent dangers: first, the danger to the public; second, the one to the gambling public. They will lose faith in the honesty of our gambling operations. There are people who come here to gamble knowing the odds are against them, but with the faith that they are getting those odds. Secondly, the people of the State of Nevada might lose faith in the industry and would use their power to legislate the same from our statutes. It would also be easy for the government to eliminate the legality, and the State would not collect its \$11,000,000 per biennium. Legislation would not necessarily stop gambling in the State of Nevada. I think the people of Nevada are the finest people in the United States because they have made the gambling industry carry between 25 percent and 30 percent of the exorbitant cost of control and gambling is kept cleaner

here than anywhere it exists in other states without the benefit of legality. I have abundant faith in the judiciary of the State of Nevada. I have practiced before almost every court of the State and I can say that I have never been treated unfairly by any judge. The judiciary are fine and respectable because they have been elected by the people of our State strictly on their merit as judges. I fear that if this act becomes law there are large sums of gambling money that may go into the election campaign of judges, even to the judges on the district level. You can see the magnitude of the problems when you realize what has happened today. One man or a few men in the State took control of the entire Legislature and is assuring passage of this law in the interest of a few gamblers with special problems and not in the interest of the gambling industry as a whole. You can see what effect this might have on the judiciary where you have one judge at a salary of \$15,000 per year with the discretion of closing or leaving open a gambling establishment. You can see why the gambling industry could well afford to spend tremendous amounts to elect judges, unlike our present judges, who could exert influence in favor of the industry with the assurance of their election to the bench. Were we not legislating cases in court there would be no other reason for leaving the preamble in Senate Bill No. 92. We try to say here that this was the intent of the 1955 Legislature and it is my considered opinion that it was not.

Remarks by Messrs. Sanford, Vaughan, Hill and Byrne.

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Legislative Functions:

Assembly Resolution No. 16—Commemorating St. Patrick.

WHEREAS, Although the holy and learned St. Patrick has now inhabited the heavenly realm for very nearly 1,600 years, and the dust of time has settled down on his life and noble acts, he is still remembered and respected as a saintly example for the lives of men; and

WHEREAS, Although often mentioned in connection with myth and legend, we find considerable historical revelation of the true character of St. Patrick; and

WHEREAS, Examination of the life of the saint discloses his piety, zeal, self-sacrifice and courage in face of every danger and every trial; and

WHEREAS, St. Patrick is the patron saint of Ireland and a symbol of the Irish people; and

WHEREAS, The Irish people who early came to this soil, pioneers before whom the forests fell, builders by whose magic touch have sprung into existence flourishing towns and cities, where once no sounds were heard save those of nature, orators who roused the colonists into activity and showed them the way to achieve their independence, schoolmasters who imparted to the American youth their first lesson in intellectuality and patriotism, these people have shown the same fortitude and selflessness of purpose for which their patron is so well noted; and

WHEREAS, The Assembly of the State of Nevada wishes to join with all Americans of Irish descent in this resolution commemorating and expressing our respect and devotion to the memory of the beloved St. Patrick; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That we pay tribute on this day to St. Patrick, whose exemplary life and whose renown are most certainly worthy of such small perpetuation as we can, by this resolution, give.

Mr. Von Tobel moved the adoption of the resolution.

Resolution adopted.

As required by law, the report and the recommendations of the expert assistance engaged by the legislative commission have been transmitted to the 48th session of the legislature. The legislature specifically finds and declares, as a result of such investigation into the administration and academic operation of the University of Nevada, that the emergency of the situation respecting the University of Nevada is a special occasion calling for extraordinary action on the part of the legislature and that an emergency exists now whereby it is necessary that the number of the board of regents of the University of Nevada be increased and that such increased number should be inducted into office prior to their election by the people.

"2. The five members of the board of regents elected by the people and holding office on the effective date of this act shall continue in office for the terms for which they were elected. "4. For the purpose of electing members of the board of regents at the general election to be held in November 1958 and at general elections thereafter the state is divided into three districts as follows:

"(c) From district No. 3, one member of the board of regents shall be elected for a term of 2 years, and two members of the board of regents shall be elected for terms of 4 years.

"Thereafter, the successors to the holdover members of the board of regents representing districts Nos. 1 and 2 and not elected at the general election in 1958, and the successors to the members of the board of regents elected at the general election in 1958, shall be elected by the people for terms of 4 years each.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Evans requested that his remarks be recorded in the Journal:

I voted "yea" primarily that the bill is aimed at labor, and the "Right-to-Work" bill. Elko County voted three to one against this "Right-to-Work" bill in November, and our delegation today voted three to one. We have thus sustained the vote of the people whom we represent and, in addition, I have always opposed the "Right-to-Work" bill because it is improper legislation. I would refer you to the Constitution of the State of Nevada, and I refer you to Article I, Section 1, and quote: "All men are, by nature, free and equal, and have certain inalienable rights, among which are those of enjoying and defending life and liberty; acquiring, possessing and protecting property, and pursuing and obtaining safety and happiness."

By the Committee on Legislative Functions:

WHEREAS, Sixty of the present standing rules of the Assembly are almost identical with rules adopted by the Assembly of the first session of the Territorial Legislature in 1861 and readopted by the first session of the State Legislature in 1864; and

WHEREAS, Many rules should be eliminated entirely because they are duplicated in the Constitution, in the Statutes, or in Mason's Manual; and

WHEREAS, Some rules are obsolete, have no value and are not used at this time; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the following standing rules be adopted by the Assembly of the Forty-eighth Session of the Nevada Legislature:

1

PRECEDENCE OF PARLIAMENTARY AUTHORITY

The precedence of parliamentary authority in the Assembly shall be as follows:

1. The Constitution of the State of Nevada.
2. The Statutes of the State of Nevada.

3. The Standing Rules of the Assembly and the Joint Standing Rules of the Senate and Assembly.

4. Mason's Manual of Legislative Procedure.

2

MASON'S MANUAL

The rules of parliamentary practice contained in Mason's Manual of Legislative Procedure shall govern the Assembly in all cases in which they are applicable and in which they are not inconsistent with the Standing Rules and orders of the Assembly, and the Joint Rules of the Senate and Assembly.

3

RULES OFFERED TO SUCCEEDING ASSEMBLIES

These rules shall be the Rules of the Assembly of the present and succeeding sessions of the Legislature of the State of Nevada, unless otherwise ordered.

4

PETITIONS AND MEMORIALS

Petitions, memorials and other papers addressed to the Assembly, shall be presented by the Speaker, or by a member in his place. A brief statement of the contents thereof shall be made verbally by the introducer. They shall not be debated on the day of their being presented, but shall be on the table, or be referred, as the Assembly shall determine.

5

DIVISION OF QUESTION

Any member may call for a division of the question, which shall be divided, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Assembly. A motion to strike out being lost shall preclude neither amendment nor a motion to strike out and insert. A motion to strike out and insert shall be deemed indivisible.

6

SPEAKING ON QUESTION

No member shall speak more than twice during the consideration of any one question, on the same day, at the same stage of proceedings, without leave. Members who have once spoken shall not again be entitled to the floor (except for explanation) to the exclusion of others who have not spoken.

7

CLOSING DEBATE

The author of a bill, resolution or a main question shall have the privilege of closing the debate, unless the previous question has been sustained.

8

MOTIONS

No motion shall be debated until the same be distinctly announced by the Speaker; and it shall be reduced to writing, if desired by the Speaker or any member, and be read by the Chief Clerk before the same shall be debated. A motion may be withdrawn by the maker at any time before amendment or before the motion is put to vote.

Privileged questions shall have precedence of all others in the following order:

1. Motions to fix the time to which the Assembly shall adjourn.

2. Motions to adjourn.
3. Questions relating to the rights and privileges of the Assembly or any of its members.
4. A call of the house.
5. Motions for special orders.

10

POINTS OF ORDER

If any member, in speaking or otherwise, transgress the rules of the Assembly, the Speaker shall, or any member may, call to order, in which case the member so called to order shall immediately sit down, unless permitted to explain; and if called to order by a member, such member shall immediately state the point of order. If the point of order be sustained by the Speaker, the member shall not be allowed to proceed; but if it be not sustained, then he shall be permitted to go on. Every such decision from the Speaker shall be subject to an appeal to the house; but no discussion of the question of order shall be allowed unless an appeal be taken from the decision of the Speaker.

11

RESCINDING, AMENDING OR SUSPENDING RULES

No standing rule or order of the Assembly shall be rescinded or changed without a vote of two-thirds of the members elected, and one day's notice being given of the motion therefor; but a rule or order may be suspended temporarily by a vote of two-thirds of the members present.

12

PREVIOUS QUESTION

The previous question shall be put only when demanded by three members. The previous question shall not be moved by the member last speaking on the question.

13

INDEFINITE POSTPONEMENT

When a question is postponed indefinitely, the same shall not be considered again during the session and the question shall not be subject to a motion for reconsideration.

14

RECONSIDERATION

On the first legislative day that the Assembly is in session succeeding that on which a final vote on any bill or resolution has been taken, a vote may be reconsidered on the motion of any member. Notice of intention to move such reconsideration shall be given on the day on which such final vote was taken by a member voting with the prevailing party. It shall not be in order for any member to move a reconsideration on the day on which such final vote was taken, except by unanimous consent. But there shall be no reconsideration of a vote on a motion to indefinitely postpone. Motions to reconsider a vote upon amendments to any pending question may be made at once.

15

PRECEDENCE OF MOTION TO RECONSIDER

A motion to reconsider shall have precedence over every other motion, except a motion to adjourn, or to fix the time to which to adjourn; and when the Assembly adjourns, while a motion to reconsider is pending, or before passing the order of Motions and Resolutions, the right to move a reconsideration shall continue to the next day of sitting. No notice of reconsideration of any final vote shall be in order on the day preceding the last day of the session.

16

ANNOUNCEMENT OF THE VOTE

The announcement of the result of any vote shall not be postponed.

17

MANNER OF VOTING

The ayes and noes shall be taken when called for by three members present, and every member within the bar of the Assembly, when his name is called, shall (unless for special reasons he be excused) declare, openly and without debate, his vote. In taking the ayes and noes, and upon call of the house, the names of members shall be taken alphabetically, and the Chief Clerk shall enter on the journal the names of those demanding the ayes and noes.

34

PROCEDURE ON READING OF BILLS

The Speaker shall announce at each reading of a bill whether it be the first, second or third reading. The first reading of a bill shall be for information. If there is objection, the question shall be, "Shall the bill be rejected?" If the question to reject fails to receive a majority vote by the members present, or if there is no objection, the bill shall take the proper course. No bill shall be referred to a committee until after the first reading, nor amended until after the second reading.

35

SECOND READING AND AMENDMENT OF BILLS

All bills shall be read the second time in the order in which they are reported by committees, unless different order is designated by motion. Upon second reading, Assembly bills reported without amendments shall be engrossed and placed on the General File, and Senate bills reported without amendments shall be placed on the General File. Committee amendments reported with bills shall be considered upon their second reading, and such amendments may be adopted by a majority vote of the members present. Assembly bills so amended shall be reprinted, engrossed, and placed on the General File, and Senate bills so amended shall be reprinted, re-engrossed, and placed on the General File.

Any member may move to amend a bill during its second or third reading, and such motion to amend may be adopted by a majority vote of the members present. The reprinting of amended bills may be dispensed with only in accordance with the provisions of law.

No bill shall be considered by the Assembly until the regular order of business shall have been gone through. Then bills shall be taken from the General File and acted upon in the order in which they were reported, unless otherwise specially ordered by the Assembly. But engrossed bills shall be placed at the head of the file, in the order in which they are received. The Chief Clerk shall post, in a conspicuous place in the Chamber, a daily statement of the bills on the General File, setting forth the order in which they are filed, and specifying the alterations arising from the disposal of business each day. He shall likewise post notices of special orders as made.

39

Bills which have passed both houses of the Legislature and are transmitted to the Assembly accompanied by message or statement of the Governor's disapproval or veto of the same, shall be taken up and considered immediately upon the coming in of the message transmitting the same, or shall become the subject of a special order, and when the message is received, or (if made a special order) when the special order is called, the said message or statement shall be read together with the bill or bills so disapproved or vetoed; and the message and bill shall be read by the Chief Clerk without interruption, consecutively, one following the other, and not upon separate occasions; and no such bill or message shall be referred to any committee, or otherwise acted upon save as provided by law and custom; that is to say, that immediately following such reading the only question (except as hereinafter stated) which shall be put by the Speaker is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such vetoed bill without the same shall first have been read, from the first word of its title to and including the last word of its final section; and no motion shall be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or statement containing the objections of the Governor to the bill shall be entered upon the Journal of the Assembly. Mr. Parks requested that the following remarks be recorded in the Journal:

Mr. Speaker and Ladies and Gentlemen of the Assembly:

I have been going through a slow burn for the past several days, due to a misunderstanding that now exists in my small community of Hawthorne, and I want this opportunity of setting the record straight.

For the past few years I have always had my own little particular cheering section in my home, consisting of my wife, Louise, and my small daughters, Lynn and Joan. They think that I am a pretty nice guy. Also, the people of my community, by the trust they have imposed upon me, have considered me to be reliable and a rather substantial citizen.

I had occasion to return home last night, and the reaction that I received upon my visit shocked and astounded me. My wife said: "For goodness sake, Bruce, what are you doing up there?" My girls looked at me with a jaundiced eye and went to bed. The friends that I met uptown that evening seemed to be noncommittal regarding any good legislation that I had helped accomplish for the people of Mineral County and seemed to regard me now as somewhat of a soft touch.

Why is it that I am now such a bum to my own people? I will tell you. I want the record to be straight in this matter. Certain newspapers from the northern part of our State, which are widely read in Mineral County, have presented only one side of this story. They have said that myself, my Judiciary Committee and the Assembly as a whole, has capitulated, surrendered to and been raped by one rich man in the Senate. They have treated our work in regard to the gambling laws as being the original proposal made by the Senate in Senate Bill 92 as originally submitted.

To prove this point, I read from a Reno paper of March 20, 1957: "Governor Charles Russell today vetoed the controversial Senate Bill 92, declaring it would bring 'chaos and confusion' to a gambling industry now 'properly policed and orderly conducted.' The bill is the one which whizzed through the Senate in 48 hours and was approved by the Assembly in an extraordinary 2 a. m. session."

No one told my people in Mineral County that S. B. 92, as approved by the Assembly, was an entirely and completely different law than had originally been proposed in the bill.

No one told my people that the constant aim of the Judiciary Committee was to propose and have enacted a good law—a law that was not only fair

to the people of the State of Nevada but also one which would be workable from the point of view of the Gaming Control Board and the Nevada Tax Commission.

No one ever told my people that the thing that the Judiciary Committee had to do, in proposing a new law, was to get politics out of gambling.

Governor Russell, in his veto message, stated in part that the bill "provides for procedures which would completely prevent the policing or supervision of the gaming industry." He went on to say, in effect, that the present law was a fine piece of legislation, equitable to all and completely satisfactory. I have been an attorney since 1938, and I say to you, ladies and gentlemen, that I have never in all of my practice seen a more vicious piece of legislation on any statute book. Do you realize that the State Gaming Control Board and the Nevada Tax Commission has the absolute power of life or death over a multi-million-dollar industry in the State of Nevada that brings to us more than 25 percent of our State's gross revenue? Do you further realize that, without a hearing of any sort, with practically no investigation, your Gaming Control Board and the Tax Commission can revoke or suspend a gambling license within a matter of hours? I submit to you that whenever an executive-appointed board has this type of life or death control over a licensee that the mere wish or whim of such board would of necessity become a command to that licensee. I say that where this sort of a situation exists there is politics in the woodpile.

I want the record to show, and I want you to know, that the responsibility of allowing politics to remain in our gambling industry rests not on your Judiciary Committee, not on yourselves in this Assembly, but squarely on the shoulders of our Chief Executive by his action in vetoing our bill.

I further want you to know that your Judiciary Committee at one time, after extensive hearings and study, did have a bill that was equitable and apparently agreeable to all involved. We had provided that a licensee should have recourse to our Supreme Court in the event that he thought that his license had been suspended or revoked without justification. We found, however, that the Supreme Court could not take original jurisdiction from an administrative board, that is, from the Nevada Tax Commission, and we then substituted our District Courts in our bill for the Supreme Court. This substitution was apparently the straw that broke the camel's back, because the board and your Chief Executive apparently do not trust our District Courts.

Again I want to stress that politics will still remain in gambling under our present law and the decision for this is squarely upon our Chief Executive.

Mr. Vaughan requested that the following remarks be recorded in the Journal:

Let us not cloud the issue of who made this a partisan matter.

It is just that some of us feel that the support given to the smaller counties is justified, and that a smaller carryover in the General Fund will not be unsafe. At this time I would like to move that this Assembly do give Mr. Christensen a rising vote of confidence.

Mr. Humphrey moved that the Assembly adopt the supplementary report of the Committee on Conference concerning Assembly Bill No. 438.

Motion carried.

Mr. Evans moved that Senate Bill No. 135 be withdrawn from the Committee on Ways and Means and placed on the General File.

Remarks by Messrs. Christensen (Clark), Christensen (Washoe), Waters, McMullen, Hendel, Franklin, Crawford, Von Tobel, Vaughan and Hose.

Mr. Evans withdrew his motion.

Mr. Hose requested that the following remarks be recorded in the Journal:

We are now about to remove from the Ways and Means Committee another appropriation measure. This will cost something over \$100,000 per year for the next biennium. This bill, along with all other bills pulled from committee on this floor, plus the ultimatum delivered by the Senate this morning, will completely destroy the work of your Ways and Means Committee. I would like to remind you again of the remarks made by the Chairman of your Ways and Means Committee yesterday on the floor of this house:

"For the past several days the people in this Assembly have been legislating the budget on the floor of this house, spending over one and one-half million dollars.

"I would like to call attention to the fact that your Ways and Means Committee is composed of legislators with a minimum of three sessions, up to as many as seven sessions behind them. They have some IDEA of state finances. I want to remind you that this Committee has spent over 2,000 man hours on this budget, attempting to keep our State in a balanced fiscal situation for the coming years. It is a source of amazement and disappointment to me that those people, who campaigned on and promised their constituents they would seek tax relief for them, by sales tax exemption or other means, can now sit here and pass out their tax dollars with little or no justification. How those same people can, in good conscience, face their people knowing they have by their actions on this floor the past several days, contrary to their promise, hastened the day when the State will be compelled to levy additional taxes on the same people they have promised to help. It is true we have allocated some benefits to the people we want to help, in increase in unemployment compensation, minimum wage, aid to dependent children, old age benefits, etc. However, I want to warn you, by your own actions here, these small benefits will soon be cancelled by causing necessary additional tax levys."

Mr. Vaughan moved that Senate Bill No. 135 be indefinitely postponed.

Messrs. Christensen (Washoe), Crawford and Valentine requested a roll call on Mr. Vaughan's motion.

Remarks by Mr. Kean.

I have no idea as to how and when we will be able to get this complete transcript but it is not my intention to let this go by without some action.

STATEMENT

During this sixty-odd-days Session of this Legislature, we've had the opportunity—I think—of learning a lot more about a certain transaction which made scare headlines in the public press during the past year.

I'm sure there must have been many of us in this Hall, and many of the public, as well, who must have been thoroughly confused by the stories of a certain land transaction as these stories appeared in certain of the public press. Through the diligent efforts of one of the members of this Assembly, Mr. Gene Evans, the opportunity of bringing out the proof of this matter was afforded by certain committee hearings conducted by the Committee on Public Lands, and, as always, truth prevailed.

I feel that this Session of the Legislature would not be complete if, in view of these facts, this Assembly—and the Senate as well—were not made cognizant of a few of the pertinent facts of this transaction which, in my opinion, are so complimentary to one of our members that it reflects an integrity upon all of us public officers.

Therefore, just for the record in our final moments, I want to take the privilege of letting it be known that our fellow Assemblyman Bill Byrne—some news stories to the contrary—did one of the most commendable things I've ever heard of in the handling of this land transaction—a thing we all would like to feel that we, too, would have done.

The hearings before the Public Lands Committee—and I shall make this very brief—brought out conclusively and, in my opinion, without a shadow of a doubt that almost immediately upon knowledge that the land purchased by Bill Byrne and his wife, Julie, was land being used by the Industrial School at Elko—although being used illegally and without any right—Bill and his wife, Julie, offered to deed to the school every crying inch of the land the school had been using. Now, in my opinion, the commendation of Bill and his wife, Julie, in this transaction is worthy of this little comment of mine this day because IT WAS NOT DONE UNDER THE STRESS OF POSSIBLE ADVERSE PUBLIC OPINION OR BECAUSE OF POSSIBLE POLITICAL ENDEAVOR ON THE PART OF OUR FELLOW-MEMBER HERE because it was made several days before one single word of the transaction ever appeared in the public press. Therefore, as far as Bill Byrne was concerned, no so-called political expediency, as far as he was concerned, ever entered into his very generous offer.

Unfortunately, however, political expediency DID enter into the picture as far as others were concerned, to the end that an attempt was made to make what was truly an action for which Bill and his wife might well have been publicly complimented, into something unpleasant.

As I stated previously, however, TRUTH will always prevail, and as one member of the committee very adequately expressed it, our fellow-member here in this hall came out of the hearing "smelling like a big red rose." I, and I think every other public officer who would have this same interest in public affairs and our public institutions may well share in that compliment, through the actions of Bill Byrne.

In conclusion—and I feel confident many, many people do not know this because certainly Bill has not made any effort to acquaint the press with the knowledge of it—the deeds for the transfer of every inch of land used by the Industrial School and the State Highway, adjacent to the property, as well, have been in the hands of our Governor since last December, after months of effort on the part of Bill and Julie Byrne to consummate the transaction, and in spite of treatment to which they were subjected that might well have justified their saying "Go to Hell."

The voters of his home community re-elected him over 4,000 votes more than the next lower candidate.

DON CRAWFORD.

Mr. Hendel requested that he be granted the personal privilege of reading an article to be inserted in the Journal.

Mr. Speaker granted the personal privilege to Mr. Hendel.

NOTICE TO MY FELLOW LEGISLATORS!

I am firmly convinced of the unconstitutionality of the Nevada State Veterans' Tax Exemption Act. I find myself with no alternative in this closing hour of the 48th Session of the Nevada State Legislature but to charge the members of this Assembly and the Senate with dereliction in duty if a resolution is not adopted providing for a full and complete interim period study of the Veterans' Tax Exemption Act's validity, and I want this written into the record of this last legislative day.

The opinion rendered by the Attorney General, copy appended hereto, does not satisfactorily answer the questions I put to him, leaving the constitutionality of the Veterans' Tax Exemption Act as questionable as it was before, and in view of the estimated one million dollars per annum veterans' tax exemptions questionably allowed Nevada state and out-of-state veterans, and the doubt of the validity of this Act having been expressed by at least one third of the members of this Assembly and the Senate—I find but one course to pursue, and that is, that now, having this question placed squarely before you, there is only one course FOR YOU TO PURSUE. That is, that before we reach *sine die* in this session that this Assembly and the Senate go on record as adopting the accompanying resolution as an interim period for study of the constitutionality of the Veterans' Tax Exemption Act, with report of findings and recommendations to the next session of the Legislature and the Attorney General take whatever steps that need to be taken to enjoin the Assessors of each of the 17 counties in Nevada forbidding Veterans' Tax Exemption allowances until the validity of the Veterans' Tax Exemption Act is fully determined, by the courts, by a "fest" case, if necessary, in which I will willingly serve as the "guinea pig," "injunctor" or whatever you may call it.

Having placed this matter squarely before you, the burden is yours. If you do not take the necessary steps to halt this, which I firmly believe is an unlawful and unconstitutional veterans' gratuity, you will violate your oath of office by which you have pledged your full support to defend the Constitution of the State of Nevada, and since the solvency of the State depends upon a sound treasury, continuing this questionable Act in force without taking the necessary steps to investigate its validity is, in my opinion, a dereliction on our part and I urge you to give this matter your deepest study and consideration before we adjourn this session.

The attached draft of a resolution is submitted herewith for your consideration.

CHARLES A. HENDEL,
Mineral County Assemblyman.

MR. CHARLES A. HENDEL, *Assemblyman, Mineral County, Assembly Chambers,*
Carson City, Nevada

MY DEAR MR. HENDEL: In your letter to me under date of March 4, 1957, you have requested this office to pass on the constitutionality of NRS 361.090. It would seem to me that it would be presumptuous on our part to determine the constitutionality of NRS 361.090, which provides for tax exemption for veterans, in view of the fact that this is already the existing law and has been a part of our laws since 1923, with amendments.

This office has always taken the position that the only proper determination as to the constitutionality of a law which has been in effect for a number of years should be made by a court of competent jurisdiction upon a valid challenge. For my office to make such a determination would have no force and effect insofar as the existing law is concerned.

With regard to your proposed bill A. B. 68, I can only say that a cursory examination would lead me to believe that strong doubts would arise as to its

constitutionality. However, because of matters that have been submitted by the Legislature and various government departments prior to the submission of your request on March 4, 1957, my office has not had time to research the matter and in view of the limited time which remains before the Legislature adjourns, and because of the importance of this question, it seems improbable at the present time that the matter can be determined during the present session of the Legislature.

With kindest personal regards, I am

Sincerely,

HARVEY DICKERSON,
Attorney General.

PROPOSED BY MR. HENDEL

Summary—Recommends the payment of a "Bonus" to all veterans of World War I, World War II, and the Korean Campaign who, at the time of their entry into service, were bona fide residents of Nevada; and further, that the Nevada State Legislative Commission make a thorough study of what the obligations of the State of Nevada to such bona fide resident veterans are, and prepare the necessary legislation for presentation to the next following Session of the Nevada State Legislature, including therein what, in their opinion, would be a reasonable "Bonus" (payment) for such meritorious service to their country.

ASSEMBLY JOINT RESOLUTION

WHEREAS, Since the heavy burden upon the Nevada State taxpayers, in granting tax exemptions to the Veterans of War—including the growing thousands of out-of-state veterans who, in ever increasing numbers, are settling in the State—has reached the point that there is great concern as to the solvency of the State Government, it is hereby

Resolved, That, in lieu of granting further tax exemptions to veterans as presently provided by statute, an outright "Bonus" be paid to all such veterans who were bona fide residents of the State of Nevada at the time of their entry into such service, regardless of where such entry into the military service took place; and it is further

Resolved, That the Nevada State Legislative Commission immediately take steps to make a full study of the obligation of the State of Nevada to its own bona fide veterans of War, and provide the necessary legislation to be presented to the next following session of the State Legislature, together with what amount of such "Bonus," in their opinion, is reasonable and within the limits of what the General Fund of the State can bear or, as an alternate, a bond issue for this purpose be provided. It is further

Resolved, That the Nevada State Legislative Commission immediately take steps to provide ways and means whereby a "Test Case" can be made of all existing statutes which provide Veterans' Tax Exemptions, which by many are considered unconstitutional; and that their findings be prepared and furnished the legislators at the next following session of the Nevada State Legislature, and that funds for this purpose be provided.

Copies of Assembly Bill Number 68, together with letter to the Attorney General, his rendered opinion, and history of A. B. 68 are appended hereto for the information of the Legislative Commission.

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.
