The Governor delivered his message as follows:

MESSAGE OF THE GOVERNOR TO THE 51st LEGISLATURE OF NEVADA

CARSON CITY, January 17, 1961.

Mr. President, Mr. Speaker, Distinguished Members of the Legislature and Guests:

It is nice to see our old friends back in Carson City again and to welcome those of you who are here for the first time. Last year the Legislature had the distinction of meeting in the first annual session. It now appears that it was also the last annual session. You are now meeting in the first biennial session since the last annual session. This should confuse historians but, it seems to me, should entitle you to some special niche in Nevada history.

We come from different occupations, different geographical areas, different backgrounds—yes, even different political parties. But our achievements, our concern for the future and our dedication to this state's noble aspirations unite us in a common cause. We are here to go about the business of conducting the government of our State. We serve not as political, sectional or personal agents but as agents of all of the people. We are here in this room as neighbors and friends with a common desire to serve our State; to bring to it our highest potential of competence. I am confident that this spirit will prevail during this session. In many ways, it seems to me, the responsibilities and challenges this year are greater than ever before.

When the legislative clock is uncovered and you, Miss Frazier and gentlemen, have returned to your homes, and the rest of us have returned to the biennial administration of your programs, you will be judged by how adequately your programs provide for the needs of changing times; we will be judged by how effectively we can follow the course which you have charted.

Article V, Section 10 of the Constitution provides that the Governor "shall communicate by message to the Legislature at every regular session the condition of the State, and recommend such measures as he may deem expedient." It is my job, then, to state for the record where we have been and, with you, to determine where we are going, and to find reasonable, realistic answers to our problems.

As I prepared this message, I had before me recent headlines from two of the leading newspapers of our State. "Las Vegas Real Estate Activity Outstrips the Rest of Nation," says one. "Reno's $20 Million Building Boom of '60 is Record," says another. Indeed, the imaginative, aggressive, hard work of the people of our State has created a history of steady, almost sensational progress in most fields. In the face of a nationwide recession which has lingered since 1958, Nevada has registered these gains among others:

Personal income showed the greatest year-to-year increase of any state in the nation—13.4 percent.

Total employment in 1960 reached an all-time high of nearly 103,000—a 17 percent increase over 1958.

Property tax rolls indicated a 16 percent increase over 1958.

Revenues from the state sales tax increased more than $2.5 million over 1958—a 26 percent increase.

State revenues in the last 2-year period from gaming increased $5 million over the preceding 2-year period—an increase of 26 percent. Gross receipts to the industry for the same period have increased over $100 million.

Business income from tourism increased $95 million over 1958—an increase of 22 percent.

Utilities are growing at twice the national average rate.

Forty thousand job placements have been made by the State during the past year—an increase in job opportunity of 18 percent over 1958.

We know that Nevada has the second fastest population growth rate in the nation. Much of this increased activity and revenue, therefore, is traceable to a fast-growing population. The business activity and revenues are, however, considerably higher than the normal rate of growth would indicate and, in my view, are a credit to a progressive people, sound legislation and, I would hope, effective administration.

In other areas of government, the statistics would indicate the following picture:

Payments to temporary totally disabled workmen are sixth highest in the nation. A branch office of the NIC was recently established in Las Vegas.

Average weekly benefit payments to unemployed workers rank fifth in the nation. A new million-dollar Employment Security Building will soon be constructed in Carson City with federal funds.

The tuberculosis care and control program authorized by you in 1960 is proceeding satisfactorily with an in-patient program in effect and well-staffed out-patient clinics planned.

Fifteen of the seventeen counties have taken advantage of the state benefits granted by you at the last session for foster care. The number of children being cared for has doubled.

Capital improvements and remodeling at the Nevada State Hospital and Children's Home are progressing satisfactorily.

The State Purchasing Department completed its most successful year in 1960, resulting in a saving to the taxpayers of $400,000.

The Personnel Department has completed the first comprehensive wage and classification study in history.

All juveniles sent to the Nevada School of Industry and 95 percent of the adults sent to the Nevada State Prison will one day be returned to society. This administration, therefore, has been guided by a concept of rehabilitation rather than punishment—to the end that they leave custody better equipped to become productive citizens. Work programs in and out of the prison have been beneficial to the community and State while providing therapy to nearly 70 percent of the prison population. In the last year the School of Industry has shown a 71 percent rehabilitation record—one of the highest in the nation. Plans are proceeding for the capital construction authorized at the School and suggestions for prison minimum security facilities are in the budget. For the first time adequate dental, medical and mental health care have been available to inmates of the two institutions.

The Department of Highways has just completed $13,500,000 worth of secondary, primary and interstate highway construction for 1960—a 50 percent increase over 1959.

Nevada has been designated a West Coast civil evacuation site in case of nuclear attack. Twenty mobile emergency hospitals in warehouses have been placed in the State, and 150 radiological monitoring stations are being placed within our borders—the only ones west of the Mississippi. Modern civil defense radio equipment costing $100,000 has been provided by the Federal Government and installed in highway patrol, sheriff and police vehicles.

Automation of registrations, licensing and testing in the Department of Motor Vehicles is effecting savings in time and money.

Two new National Guard armories have been constructed at Winnemucca and Ely. Others at Elko and Hawthorne will soon be under construction.

The alcoholism program authorized by you last year is under way, with the principal emphasis at this time on research and education.

A comprehensive program will be presented to you by the Park Commission. I heartily endorse it and have provided for it in the budget.

Approximately one-third of our aged recipients are receiving additional grants on the basis of your appropriation last year.

The accelerated capital improvement program for the University of Nevada is progressing rapidly. One new building a year has been completed and is programmed for the future at Nevada Southern in addition to the major construction now under way at the Reno campus. A U. S. Public Health Radiation Laboratory, to serve all of the Western States, will soon be located on the Las Vegas campus. If the suggested budget is followed for the next two years, the State will have provided the University with $12 million over a four-year period for capital improvements. This is substantially more than has been provided in the past and is more than one-half the total capital improvements for the entire State for that period. We can expect that the needs in this area will increase rather than decrease in the future.

The cost of general government administration continues to be one of the lowest, if not the lowest, in the United States.

This, then, is the record. Now for the challenges ahead.

EXECUTIVE BUDGET

The Executive Budget is designed for positive progress in services for the people of Nevada and provides for an expenditure of $85,829,822 in 1961–62 and $89,950,348 in 1962–63 from all budgeted funds. The general fund *expenditure* is $38,241,754 during fiscal 1961–62 and $41,932,590 during the 1962–63 fiscal year. Over $5 million of the general fund budget both years is for capital improvement.

The general fund *operating* budget recommended to you is $33,109,034 the first year and $36,229,190 the second year.

A balanced budget is one in which operating expenditures do not exceed current revenues. In the budget as presented, as in the other two budget documents I have submitted to you in previous years, such is the case.

Moreover, we are one of the few states that has financed the greater portion of our capital improvement program on a "pay as you go" basis for the last two years and still maintained a safe general fund balance. The general fund balance as of July, 1959, when this administration took over, was $9,509,511. As of July, 1961, it will be about $10,300,000. The present financial condition of the Nevada State Government is excellent and will remain so, so long as we do not spend more money than we have. There is nothing sacred about the Executive Budget. You, in your wisdom over the years, have used it as a guide and have done a most commendable job in reasonably meeting the needs of our State and at the same time keeping it in a sound and healthy condition.

I would suggest to you that there is some current indication that the national recession is beginning to affect Nevada. Although our employment is at an all-time high, in recent months our unemployment has increased substantially. If the recession continues throughout the country for any prolonged length of time, our revenues may not be as high as anticipated. We must be careful, therefore, and maintain a reasonable general fund balance.

EDUCATION

For the past two years I have requested an increase in the school aid formula. Both years you have seen fit to provide the extra money requested but have, instead of increasing the basic formula, provided an "emergency" fund. I again ask you to increase the basic formula for aid to school districts and have provided the money in the budget.

So many statistics are quoted by so many persons to prove so many things that I hesitate to quote figures to you concerning public school education. We cannot afford, however, to let this problem assume second place in our deliberations. We are doing a good job in public education. Over 65 percent of our total general fund budget is for education; 45 percent is for public school aid alone. Last year our expenditure per student in average daily attendance was eighth in the nation, our average teacher's salary was tenth, and we were thirteenth in state support of our schools. Despite this high standing, we would like to be first in all areas of this most vital of our responsibilities. You will be asked to give consideration to the so-called Wyoming formula to replace the Peabody formula for school aid. The adoption of the Wyoming formula would cost an additional $4 million in the first year and larger amounts in succeeding years. Convincing arguments for such increased aid have been made to me and will be made to you. I know that you will wish to give every consideration to this problem. Should you decide to enact legislation providing for such increased school aid, I will be happy to sign it into law; examination of the budget will show, however, that such an increase in school aid will impose the accompanying duty of providing an increase in revenues.

I later suggest a method by which some relief will be given school districts as well as county and city governments. None of us can anticipate at this time what relief, if any, will be forthcoming from the Federal Government. It appears that we may reasonably expect that Congress will enact legislation granting substantial federal aid to education for construction or salaries or both. We cannot know at this time whether such aid will be in the form of outright grants or will require state matching funds. In either event, should such legislation be enacted in any form, it will solve the school problem to some extent. I would suggest that in order to avoid a special session for the purpose of taking advantage of such help when and if it materializes, you enact the necessary enabling legislation.

RELIEF TO CITIES, COUNTIES, SCHOOLS AND POLITICAL SUBDIVISIONS

The general fund operating budget I have presented is balanced with current revenues at current rates, and no increase in taxes is necessary to meet the State Government's needs. I believe, however, that fiscal responsibility demands more of us. The local governments are still in need of additional money to meet the needs of expanding populations and have exhausted most remedies except those available at the state level. I strongly recommend that we give relief to our counties, cities, school districts and other political subdivisions.

In order to provide such relief and maintain a balanced budget, I recommend the reduction of the state's property tax rate to at least 14 cents per $100 assessed valuation from the present 28-cent rate, and would approve even further reduction. Should you adopt this course, then I recommend that the alcoholic beverage tax be doubled and the cigarette tax be increased by 2 cents per package. If these changes are made, we can adequately meet the state's needs for the next two years. The general fund balance as of July, 1963, will give us sufficient protection so that at that time our financial situation can again be calmly reappraised. I suggest these two taxes because Nevada's present rate is less than the national average. The proposed increases will not raise us above the average. Since a substantial part of these two taxes is borne by tourists, increases will have a minimal effect on Nevada residents.

I realize that your deliberations may lead you to conclude that it is possible to get by without an increase in revenue this year. Such would be the case if you determined that the State should retain its present 28 cents of the property tax. If, however, all or a portion of this tax is given up by the State as suggested, necessary revenue must be provided to replace this loss. The suggested cigarette and liquor revenues would do so.

HIGHWAY FATALITIES

We are plagued, as is the nation, by continuing highway fatalities. No state has solved the problem. In Nevada we are making progress. Traffic arrests by the Highway Patrol have risen from 615 in 1958 to 3,066 in 1960, an increase of 500 percent. In the areas over which the Highway Patrol has primary jurisdiction, the rural areas, the death rate decreased 25 percent in the last year. However, the rate jumped 100 percent in urban areas. Over all, there were 15 fewer deaths in 1960 than in 1959—a 14 percent reduction—even though miles traveled in our State increased by 10 percent. Only two states reduced the death rate by a greater percentage in 1960 than did Nevada.

In spite of this evidence of progress this problem remains most critical. Concrete and positive action is required. I respectfully call your attention to the legislative program jointly sponsored by the Governor's Committee on Traffic Safety, the Nevada Safety Council and others.

HUMAN RIGHTS

"This nation was created to give expression, validity and purpose to our spiritual heritage—the supreme worth of the individual. In such a nation—a nation dedicated to the proposition that all men are created equal—racial discrimination has no place. It can hardly be reconciled with a Constitution that guarantees equal protection under law to all persons. In a deeper sense, too, it is immoral and unjust.

"Equality under law promises more than the equal right to vote and transcends mere relief from discrimination by government. It becomes a reality only when all persons have equal opportunity, without distinction of race, religion, color or national origin, to acquire the essentials of life—housing, education and employment . . ."

"The Constitution of the United States rejects the notion that the Rights of Man means the rights of some men only. We reject it too."

The first portion of the above was from the 1960 National Republican Party Platform, the latter portion from the 1960 National Democratic Platform. Each of the platforms makes specific pledges with respect to voting, public schools, employment, housing, public facilities and legislative procedures. The matter of human rights is not a political issue. Both major parties have

officially and articulately recognized the deep significance and the world-wide implications of this great social problem. The honest, cold, hard fact is this: the nations of the free world are entertaining serious doubts as to our ability to lead them in a freedom which we do not practice. I would hope that our State would recognize its responsibility as a unit in a free society. To do this we must be progressive, dynamic and enlightened in this field. President Eisenhower's Nevada Commission on Civil Rights will make its report during this session. A public forum on the subject was held just the other day. From these two groups and others, factual information and legislative suggestions will come to you. I earnestly solicit your deepest consideration of these proposals and positive action in this field.

NATURAL RESOURCES

One of the most critical and basic problems facing our State is the proper utilization of our natural resources—particularly water. It can be fairly stated that our entire future as a State may depend upon the availability of water. We can dream of the day, and it will surely come, when with cheap energy we will pump processed water from the ocean into Nevada. Our present difficulties cannot await that day. In our more populated areas, notably in southern Nevada, we are in danger of depleting our underground water supplies. The present facilities for pumping and transporting our allotted water from Lake Mead are inadequate. Our ranchers and livestock men are barely surviving a drought that has lasted for several years. Numerous studies have been undertaken in the last few years in order that we may proceed knowledgeably. Many of them are now completed. Water and the preservation and development of our natural resources are problems of such magnitude that government and the people at all levels must unite in a joint effort to find and effect solutions. We can expect vigorous action on the part of the Federal Government; the State must now assume a more active role in this most significant field. I would hope that you would pay particular attention to legislation designed to accomplish this.

INDUSTRIAL EXPANSION

As you know, for the last two years considerable emphasis has been placed on economic growth and development in our State. It is the view of this administration that it is in the best interest of the State to develop and direct economic and industrial expansion in order to broaden our tax base. Our principal industries, tourism and gaming, have indeed served Nevada well and will continue to do so in the future. A generally depressed economy, war or other national emergencies, however, tend to reduce revenues in these two fields more quickly and drastically than in general industry. It is necessary, therefore, to move in the direction of a counter-balanced economy.

The search for the type of industry which will integrate with and expand our economic resources has not been easy. Even though we have persuasive tax and other advantages, I need not elaborate on our limitations.

Our industrial expansion program has many facets. A unique feature has been the telling of the Nevada story in metropolitan areas throughout the United States. Some 30 Nevadans, including our Congressional delegation, have, on a nonpartisan basis, participated in five such presentations. Contrary to some reports, this activity has been at our own time and expense and the cost to the State has been negligible. We believe that this program is producing rather dramatic results. Hundreds of personal contacts have been made. Many of the leading industrialists in the country have come to our State to look us over. Four significant industries have located in Nevada as a direct result of this program. Four more have acquired land, buildings or made other investments which would indicate location soon. It is probable that others of the 1,600 new business ventures in 1960 were attracted in this manner.

As you know, under our Constitution, we cannot provide special tax, land or other advantages to new industries as is done in other states. Our Free Port Law is now in the Constitution. This will help. Another suggestion has been made which I pass on to you for your consideration. In the event you determine that the cigarette and liquor taxes should be raised as suggested, and in the further event you decide to give up no more than 14 cents of the 28-cent ad

valorem, it might be possible in the next fiscal year to pay off our present bonded indebtedness. Nevada would then be the only debt-free state in the nation. Many people feel that such a showing of financial responsibility would be a considerable attraction to industries attempting to escape impossible tax burdens in other states.

GAMING

In the 1959 Gaming Control Act you said: "It is hereby declared to be the policy of this State that all establishments where gambling games are conducted or operated or where gambling devices are operated in the State of Nevada shall be licensed and controlled so as to better protect the public health, safety, morals, good order and general welfare of the inhabitants of the State of Nevada." You then gave broad authority to the gambling enforcement bodies.

We have observed the operation of the present act for a year and a half. By and large it has proved strong and effective. It does not appear that basic changes are necessary. However, legislation will be introduced which will effect improvements in administrative procedure. I would suggest one further amendment which would authorize the Gaming Commission to enact rules and regulations under which large privately owned and nationally recognized corporations could be licensed in Nevada. Under the present law requiring licensing of all persons holding an interest, it is impossible for large corporations with hundreds or thousands of stockholders to qualify.

For the past several years it has been legislative policy that the gaming control function was not subjected to budget control. Instead, the Legislature provided, in NRS 463.330, that the costs of administration would be paid from the general fund and that the total amount could not exceed 10 percent of the total gaming tax and license collections. This dedication of revenue has been regarded as prior authorization to expend, and neither appropriation nor authorized expenditure has been considered necessary, although this year and last, the Gaming Commission and Gaming Control Board budget has been included in the Executive Budget document. I believe that the time has come for some additional budget control by both the Legislature and the Governor. I propose that the budget of the Gaming Commission and Gaming Control Board be carefully reviewed by the appropriation committees and included in the authorized expenditure act. This will still provide necessary and desirable flexibility during the year if additional moneys are needed by these agencies.

It is my very firm conviction that the preservation of legalized gambling in this State can only be achieved with strong and effective control. The people of this State will not tolerate a weak, ineffectual paper control of gambling; nor will they condone a Russian-roulette administration of our Gaming Control Act.

Control should be in strong, firm hands and should be fairly and honestly administered. It has been.

A strong law, fairly administered, will present no obstacles to a viable, prospering industry which in turn will provide a good base for existing and future taxes as well as for an expanding over-all economy in Nevada.

GENERAL

In the general field of legislation, I would request your approval of the following matters:

1. Creation of a Nevada 1964 Centennial Commission of at least 12 persons. Professional services will be required and the job will have to be near completion by your next session. I would suggest an appropriation of $50,000.
2. Ratification of the proposed amendment to the Constitution of the United States granting the citizens of the District of Columbia the right to vote for President and Vice President of the United States.
3. Study of the law setting up the Planning Board with a view to eliminating plan-checking of school buildings that already have been checked on the local level.
4. Regulation and control of the sale of securities within the State.
5. Investigation of the possible need for an Office of Coordination of Atomic Energy, Bureau of Labor Statistics, Consumers' Counsel, a separate Department of Mental Health, and a two-year School of Medicine at the University.

I would respectfully call your attention to the legislative programs proposed by the State AFL-CIO, the National Congress of Parents and Teachers, and the Nevada State Employees' Association. The Attorney General has made some suggestions which I am sure you will want to study.

Along with the suggestions here, you will have before you reapportionment, the Zubrow Report, recommendations from your Legislative Counsel and Commission, and many other matters. This will indeed be a full and busy session. You are welcome in all offices of the State Government. We are most anxious to be of service. May I wish you a highly productive and peaceful session.

Thank you.

YEAS—45.

NAYS—None.

Absent—Revert, Valentine—2.

Senate Bill No. 9 having received a constitutional majority, Mr. Speaker declared it passed.

Bill ordered transmitted to the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Tyson requested that the following remarks be placed in the Journal:

I assume that you, Mr. Speaker, and the members of the Assembly have had occasion to read the local papers' editorial columns in the last couple of days. One is apparently a reprint from one of the Clark County papers. It seems to imply that the people of Clark County are interested in moving our State Capital to Las Vegas. I can assure you that the editorial does not reflect the thinking of the Clark County Delegation and, I am sure, of the majority of the people of Clark County. I rather feel that this is an attempt to inject sectionalism into our deliberations here, and we people of the Clark County Delegation are not very happy about it. I can assure you that we, as legislators, and I hope we reflect the thinking of the majority of the people of Clark County, want to remain a part of this great State of Nevada. We will do our level best for the entire State, and not just one segment of the State. While it is true we represent Clark County, we plan to do the best possible job we can for the people that we represent. I would like to point out that we are Nevadans first, and we represent Clark County second.

Mr. Crawford requested that the following remarks be placed in the Journal:

As you all know, I am from Washoe County and support the Gentleman from Clark County, and state that I unequivocally oppose that type of an editorial and I think it was very ill-advised, especially at this session of the Legislature when we had hoped to get on harmoniously and hold the type of legislation that is apt to be rather controversial about the matter of reapportionment of Assemblymen. I deeply resent it and regret it. I am sorry. I would like to back you up 100 percent.

Mr. Gibson gave notice that on the following day he would offer a resolution amending Assembly Standing Rule No. 20.

Mr. Crawford moved that Mr. Frank McCulloch of the Los Angeles Times and Mr. Robert Bennyhoff be accepted as accredited press representatives and that they be assigned space at the press table.

Motion carried.

Mr. Speaker announced that the cocktail party at the Senator Club will be held at 6:30 p. m. on Monday, January 23, instead of January 24, as previously announced.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

On request of Mr. Speaker, the privilege of the floor of the Assembly Chamber for this day was extended to Mrs. Jessie Flynn and Patrick Flynn.

The Chief Clerk read the following communication:

January 16, 1961.

Nevada State Assembly, Assembly Chamber, Carson City, Nevada.

LADIES AND GENTLEMEN: On your desk today you will find a copy of the proceedings of the Senator Pat McCarran statue presentation which took place in Washington, D. C., last March 23.

The McCarran Statue Committee, created by your honorable body and the Nevada State Senate in 1955, completed its work and is proud to say that the statue of our distinguished Nevadan now occupies a place in Statuary Hall in the U. S. Capitol.

The Legislature, as you will recall, appropriated $500 at the outset and an additional $10,000 at the 1959 session to be matched by contributions to pay for the preparation and placing of the McCarran statue. The State's appropriation was matched dollar for dollar and the $20,000 was paid to Mrs. Yolande Jacobson Sheppard for preparing the statue. Arranging for the presentation, including printing and reception, cost approximately $1,000. No money was spent for salaries or for traveling expenses for any members of the committee, five of whom were present for the presentation ceremonies. Arrangements for the presentation were made by Senator Alan Bible and his Washington staff.

All members of the committee, whose names are listed in the proceedings, join with me in thanking the members of the Legislature for your fine cooperation in this very worthwhile undertaking.

Very truly yours,

JOSEPH F. MCDONALD, *Chairman,*
McCarran Statue Committee.

Vetoed Assembly Bill No. 179 of the 50th Session.

Bill read.

Governor's message stating his objections read.

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, March 18, 1960.

HONORABLE JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR MR. KOONTZ: I have today vetoed Assembly Bill 179. This bill provides in brief that recipients of Old-Age Assistance pledge their real property to the state as security for assistance received. I have vetoed the bill for the following reasons:

1. It appears to me that effective control in the area of Old Age Assistance must be principally exercised in the initial determination of eligibility. Any person who holds real or personal property to the extent that his assets can reasonably be liquidated or used for his support should not be certified for

assistance. I am advised that the Welfare Department, under the provisions of NRS 427.090, has the authority to adopt specific regulations in the area of eligibility. The Department should adopt clear and understandable regulations which set specific limits on real and personal property which may be held by an applicant for Old-Age Assistance, or require conditions upon which such assistance should be granted, one of which conditions could be the pledging of real property. It appears that the Board may by rule and regulation accomplish the purpose of the bill, but still leave enough flexibility so that each case could be determined on its own merits. I am advised that the Welfare Department is now in the process of enacting such regulations. Previous statutes which have provided that reimbursement may be made by claims upon the estate have proved unrealistic and ineffective. A similar statute to the one now proposed was repealed in 1957. The "weeding out" process, if done on the initial determination of eligibility, will be more effective and less expensive.

2. The entire burden of Old-Age Assistance has now been assumed by the state. This bill requires that all real property shall be pledged to the state. The district attorney is obliged to file the claim in the estate of the deceased recipient for "the total amount of all assistance given under this chapter." The law provides for reimbursement to the federal, state and county governments "in the same proportion as each shared in the original payments." The counties do not now share in the original or any payments, thus would have no interest or claim to reimbursement. The counties will, however, expend considerable sums for many recipients in the way of supplementary funds for nursing home care, hospitalization and burial. Any law providing for reimbursement, therefore, should protect the county interest as well as the state and federal governments.

Cordially,

GRANT SAWYER, *Governor.*

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

The Chief Clerk read the following communication:

OFFICE OF THE BUDGET DIRECTOR
STATE OF NEVADA

CARSON CITY, December 19, 1960.

To the Secretary of the Senate and the Chief Clerk of the Assembly, Nevada Legislature, Carson City, Nevada.

GENTLEMEN: As Clerk of the Board of Examiners, it is my duty to advise you as follows:

1. *Regarding a claim for street assessments adjacent to the National Guard Armory in Las Vegas.*

On the 3rd day of November, 1960, pursuant to NRS 353.085 describing the procedure for the payment of claims against the State when no legislative appropriation has been made, Mrs. Norene Kolb, Deputy Adjutant General, filed a petition with the Board of Examiners requesting payment of $3,449 to the City of Las Vegas, Nevada, for the paving of Stewart Avenue adjacent to the National Guard Armory per Assessment District No. B–10. The original copy of Deputy Adjutant General Kolb's communication and the Assessment District invoice is attached.

It is the opinion of the Board of Examiners that this claim should be paid and the petition is hereby transmitted to the Legislature.

2. *Regarding a claim for payment for equipment delivered to the Nevada School of Industry in 1954 by the Surplus Property Division, Nevada State Purchasing Department.*

On the 13th day of December, 1960, pursuant to NRS 353.085, describing the procedure for the payment of claims against the State when no legislative appropriation has been made, Mr. Francis E. Brooks, Director, Nevada State Purchasing Department, filed a petition with the Board of Examiners requesting payment of $232.64 to the Surplus Property Division, Nevada State Purchasing Department, for equipment delivered to the Nevada School of Industry in 1954. On January 18, 1954, a 1950 Oldsmobile was delivered to the School (Warehouse Issue No. 766) at the price of $450. Partial payment in the amount of $217.36 was received, leaving an unpaid balance of $232.64. The original copy of Mr. Brook's letter, a letter from Mr. O. D. Forsterer, Superintendent, Nevada School of Industry, and the invoice are attached.

The petition is hereby transmitted to the Legislature by the Board of Examiners without specific recommendation due to the applicability of the statute of limitations, NRS 353.095. The Board wishes to note, however, the desirability of payment of this claim. This money is, in effect, owed to the Federal Government and the School of Industry's ability to secure surplus property could be endangered by continued nonpayment.

3. *Regarding a claim for payment for electric power and water supplied to the Nevada Highway Patrol by Pop's Oasis Motel, Jean, Nevada.*

On the 17th day of October, 1960, pursuant to NRS 353.085 describing the procedure for the payment of claims against the State when no appropriation has been made, Mr. Louis P. Spitz, Director, Motor Vehicle Department, filed a petition with the Board of Examiners requesting payment of $2,244.60 to

Mr. P. A. Simon, owner of Pop's Oasis Motel, Jean, Nevada, for electric power and water supplied to the Nevada Highway Patrol Division, Motor Vehicle Department, for the period October 1, 1955 to January 19, 1960.

The Board of Examiners has determined that electricity and water were used at the previously occupied Highway Patrol checking station at Jean. For reasons not clear to the Board of Examiners no separate meters were placed between the motel and the checking station. The exact amount of electricity and water used cannot, therefore, be determined. The Highway Patrol was a division of the Public Service Commission at the time this agreement was entered into. Mr. Noel A. Clark, Commissioner, was requested by the Board of Examiners to explain the basis of the charge. A copy of Mr. Clark's letter of June 15, 1960, to Mr. P. A. Simon explaining the claim and all other pertinent correspondence is attached.

It is the opinion of the Board of Examiners that this claim should not be paid and the petition is hereby transmitted to the Legislature. The Board of Examiners were unable to judge the merits of this claim due to insufficient evidence. There was no contract and the amount of power used cannot be accurately determined.

4. *Regarding payment of a District Judge's pension to the Honorable Harry M. Watson, former Judge in the Seventh Judicial District.*

On the 9th day of December, 1960, pursuant to NRS 353.085 describing the procedure for the payment of claims against the State when no appropriation has been made, Mr. Harry M. Watson, former District Judge in the Seventh Judicial District, filed a petition with the Board of Examiners requesting payment of a judicial pension for the period January 6, 1959 to June 30, 1960.

The Board of Examiners has determined that Judge Watson has been receiving the District Judge's pension since July 1, 1960, in the amount of $416.66 per month and that he would have been eligible to receive the pension from January 6, 1959, had he applied for payment. His petition states that he had not applied for the pension until a decision was made by a District Court concerning a contested election in the Seventh Judicial District between the petitioner and the Honorable Jon Collins. The Board of Examiners has further determined that had Judge Watson received the pension from January 6, 1959 through June 30, 1960, he would have received $7,448.02 and that, therefore, this is the amount sought by the petitioner.

The petition is hereby transmitted to the Legislature by the Board of Examiners without specific recommendation due to the assumed applicability of the statute of limitations, NRS 353.095. The Board wishes to stress, however, that Judge Watson would have been eligible to receive the pension had he applied.

Very truly yours,

NEIL D. HUMPHREY,
Budget Director and ex officio Clerk of the Board of Examiners.

Mr. McElroy moved that Mr. Humphrey's letter be referred to the Committee on Ways and Means.

Motion carried.

There being no objections, the Speaker and Chief Clerk signed Assembly Resolution No. 5.

Mr. Speaker read the following announcements:

Carson City Elks Club meetings are held on the 2nd and 4th Wednesdays at 8 p. m. at the Eagles Hall. All legislators who are members are welcome.

Legislative members and guests are invited to a cocktail party at the Carson Hot Springs Casino from 5:30 to 7:30 p. m. on January 25, 1961.

The legislators and their guests are invited to a cocktail and dinner party starting at 6:30 p. m. Tuesday, January 31, at the Minden Inn, Minden, Nevada.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 26, 1961.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 43.

LEOLA H. ARMSTRONG,
Secretary of the Senate.

INTRODUCTION, FIRST READING, AND REFERENCE

By Messrs. Jones, Buckingham, McKissick, Knisley, Gibson, Humphrey, Giomi, Dyer, Christensen and Von Tobel:

Assembly Bill No. 74—An Act to amend chapter 198 of NRS, relating to crimes against the legislative power, by adding a new section prohibiting bets and betting pools concerning legislation or the Legislature; providing penalties; and providing other matters properly relating thereto.

MESSAGES FROM THE GOVERNOR

January 27, 1961.

SPECIAL MESSAGE TO THE SENATE AND THE ASSEMBLY

With reference to that portion of the General Message dealing with natural resources and water, it appears to me that the water laws of the State of Nevada need up-dating and revision in order to properly meet the special problems of metropolitan areas. The urgency of such action has been dramatized in recent weeks in southern Nevada with respect to the equitable and beneficial use of both underground and Lake Mead waters.

I propose that a bill be introduced which would authorize the engagement of an outstanding consultant in the field of water utilization who is experienced in problems similar to those now facing Las Vegas Valley. The nature of such study and report would be to recommend remedial measures that should be taken in order that underground waters and the waters of the Colorado River available to southern Nevada can be utilized more fully at an early date; that, as well as to suggest necessary changes in the law.

I have in mind a report that would suggest methods whereby the use of Lake Mead water and the underground water can be properly integrated; to make recommendations as to the proper mechanics that should be developed in order to bring about the utilization of Lake Mead and the underground waters with equitable distribution of costs. It is most important that proper, orderly development must be allowed to go ahead if the potential of southern Nevada is to be realized.

The bill should provide an adequate appropriation for such study, and due to the urgency of this matter I would recommend that it be considered an emergency measure.

Due to the nature and seriousness of the matter, I feel it a proper function of the State to assist.

GRANT SAWYER, *Governor.*

MOTIONS, RESOLUTIONS, AND NOTICES

By the Committee on Legislative Functions:

Assembly Resolution No. 6—Memorializing the late Guy W. Walts.

WHEREAS, On November 27, 1960, the people of the State of Nevada were deeply saddened by the loss of one of their most respected fellow citizens, Guy W. Walts; and

WHEREAS, Guy W. Walts, a member of one of the pioneer families of this area, throughout his life unselfishly and industriously devoted his time and effort to projects and activities beneficial to the welfare of his community and State; and

WHEREAS, Guy W. Walts served with distinction the people of the State of Nevada as a member of the Nevada Legislature for two terms, as Supervisor in the Social Service Program for 10 years, and as Municipal Judge of Reno from 1942 to 1956; and

WHEREAS, Guy W. Walts, by his unselfish devotion to the welfare of the people of this State, has endeared himself to all who knew him; now, therefore, be it

Resolved by the Assembly of the State of Nevada, That the members of the 51st Session of the Legislature of the State of Nevada hereby express their profound sorrow and tender their deepest sympathy to the widow and surviving family of Guy W. Walts; and be it further

Resolved, That this resolution be spread upon the Journal of the Assembly, and that when this body adjourns today it do so in memory of the late Guy W. Walts; and be it further

PAGES FROM THE PAST (NEVADA APPEAL)

Compiled by Bill Dolan

50 Years Ago

Every session some of the members of the legislature take a rap at old Carson and try to pass a resolution moving the capitol. This session Assemblyman Robins of Humboldt county attempted to move it to Winnemucca. It lost in a tie vote, 20–20. Virginia City nearly grabbed the persimmon one time, losing by one vote.

After a lengthy session this afternoon the Senate passed the bill allowing the removal of the county seat of Lyon from Dayton to Yerington.

Mr. Jones requested that the following be entered in the Journal:

"Are you working on a solution or are you a part of the problem?"

Miss Frazier announced that there would be an open hearing on the Wyoming Plan at 7:30 p. m. on Monday, February 13, 1961, in the Assembly Chamber.

There being no objections, the Speaker and Chief Clerk signed Assembly Resolutions Nos. 6, 7.

SENATE CHAMBER, Carson City, February 6, 1961.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bill No. 20.

Also, I have the honor to inform your honorable body that the Senate on this day passed Senate Bills Nos. 53, 55.

Also, I have the honor to inform your honorable body that the Senate on this day passed Assembly Joint Resolution No. 9.

Also, I have the honor to inform your honorable body that the Senate on this day adopted Assembly Concurrent Resolution No. 1.

LEONA MUNK,
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Gibson moved that Senate Bill No. 38 be taken from the Chief Clerk's desk and re-referred to the Committee on Ways and Means.
Remarks by Messrs. Gibson and Bissett.
Motion carried.

By Mr. Bybee:

Assembly Concurrent Resolution No. 2—Memorializing the Kennecott Copper Corporation to reconsider its recent discharge of employees and recall such employees for an additional 90 days' work.

Mr. Bybee moved the adoption of the resolution.

Remarks by Messrs. Bybee and Rowntree.

Mr. Bybee requested that the following remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

I hope that everything I say today will not be considered derogatory or disrespectful in any way toward this great corporation, because I have nothing but admiration and appreciation for everything they have done for the economics of Nevada. But I do feel there is a moral obligation involved here. I have written most of what I have to say because I am very careful through my selection of words that it won't be considered disrespectful.

I have been told that I am wrong in presenting this resolution. If a desire and an effort to help 200 families in trouble is wrong, then I am wrong. In a democracy there is a code of ethics between property rights and human rights that has never been written into our statutes and for freedom's sake God forbid that it ever be written into our statutes. But I believe that we should never be afraid to speak or to use influential persuasion in order to prove that that code of ethics does exist. For it is that code of ethics only that raises civilized man above the savage barbarian, and democracy will never live without it. In this great country of ours mammoth corporations have become the nucleus of great economic structure of human life and industry. Communities of thousands of people are being solely dependent on the corporations that created them. And like God the Creator, they have the power of life and death over these communities.

Automation is becoming our way of life, and we must recognize this in order for our country to grow and our industry to progress. But automation can only come as fast as the human element can adjust to it, or it becomes a curse instead of a blessing. It becomes the cause of hardship and suffering to those who are forced to make the adjustment without warning.

When 200 men are laid off in the dead of winter with high fuel bills, high light bills, grocery bills, car payments, furniture payments and home payments, and possibly the home was sold to them by the company—under this condition unemployment insurance is a pittance.

With unemployment high over the rest of the country, with children in school, these people are unable to move. And the fact that this came suddenly in the middle of the night, this is disaster to these people, in a sense that it is similar to a flood, a cyclone or an earthquake. They are not prepared. They were not expecting to lose their jobs. Many of them had worked for the company for years and these people knew real job security until the lightning struck a few days ago.

I believe Kennecott Copper Company has a just responsibility to these people. I believe that more discretion should be used in their adjustment to automation. And I believe it is our responsibility to speak for these people in trouble, for I believe we must search beyond the realm of civil contract for the true meaning of human responsibility.

So, members of the Assembly, I humbly beg your support to this resolution for the people of White Pine County.

Mr. Rowntree moved that Mr. Bybee's motion be amended, and that Assembly Concurrent Resolution No. 2 be referred to the Committee on Labor.

Remarks by Mr. Rowntree.

Mr. Rowntree's motion carried.

Mr. Bybee's motion carried, as amended.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Select Committee of the Mineral County Delegation, to which was referred Senate Bill No. 53, has had the same under consideration, and begs leave to report the same back with the recommendation: Do pass.

G. JOE VIANI, *Chairman.*

IN COMMITTEE OF THE WHOLE

Mr. Speaker presiding.

The Committee of the Whole was addressed by Mrs. Ayesha Ameen, Mrs. Daw Hla Kyi-Gee, Mr. Saly Chittavoravong, Mr. George Espitalier-Noel and Mr. R. H. Manning.

Mr. Speaker requested that the remarks of Mrs. Ayesha Ameen, Mrs. Daw Hla Kyi-Gee, Mr. Saly Chittavoravong, Mr. George Espitalier-Noel and Mr. R. H. Manning be placed in the Journal.

Mrs. Ayesha Ameen of Pakistan remarked as follows:

Thank you everybody. I am grateful to you to have this opportunity to express my feelings about the Nevada State before you. I spent 3 weeks in Lyon County and 3 weeks in Washoe County. In Lyon County schools I visited the High Schools and Elementary Schools. During my stay there I used to visit several classes and talk to the principals. And the same in Washoe County schools I used to visit classes and talk to the principals. My impression was that the schools in Nevada State are well equipped and the classes were well disciplined. The principals of the schools always have very keen eyes about a disciplinary program and the students are very interested in knowing about the other countries and were always eager to know about my country and they were very well disciplined students. Not only that, but during my stay in the State I had the opportunity to live with a family and I think that it was a great opportunity for me to know the American people more closely. I spent about 5 weeks with the American family and I will ever remember the memories of the people I lived with and other people who have extended their wholehearted sympathetic help and cooperation to me. Thank you.

Mrs. Daw Hla Kyi-Gee of Burma remarked as follows:

Mr. President and Members of the Assembly:

I thank you all for giving me this opportunity to speak to you all and my impression of the Nevada schools. I am quite different from the other 3 people who came on the same program because I went to four places within 5 weeks, and I had only a week to stay in every place. So I can only give you a general idea of how I feel about the schools here. I cannot give you in detail because

I went from one place to another and kept moving and hopping. But I tried to see as much as I could during the 4 places where I visited. First of all I went to Hawthorne, a week there, and then I went to Fallon and was there another week, and then I went to Virginia City and then to Carson City. Every week I kept hopping so I didn't have much time to see all the schools but I tried to see as much schools as I can even down to the grade schools. My impression is that the schools in Nevada are very formal and traditional and friendly. The principals and teachers all participate in the program of the school for the good of the school as well as for the good of the community. The principals I have met all the way along are wonderful men. They try to do for the school as well as for the students as well as for the teachers. And the teachers, the friendliness of the teachers to the students and they try to help as much as they can to the students and the social activities they had in the school which promote them for the future to become a citizen of the country.

So on the whole my impression was I am impressed with the Nevada program. Besides these schools I visited the Stewart Indian Reserve and the Children's Home. I was very much impressed with the Children's Home, and out of the 50 States in the United States I believe this is the 13th state to support the Children's Home, and I want to let you know that please do for the children who have not had the opportunity to be with a family, because I feel it because I am also a social worker in my own country and I do it in the community where it is a charity thing with children of those mothers who work in the field and day nursery, but here it is residence, and I won't feel it but the children who are down who don't get this kind of opportunity to be with their parents. So, please help the people whose children do not have the opportunity to be with their parents and I am very much impressed with what is being done for them. I only hope this kind of program goes on forever and helps the people in order to bring up your own people because I feel it so much for them. And I want to extend my thanks to all of you all and the children of the school I noticed are happy and gay, and they enjoyed being there. I asked these children not in the school because I met them in the High School. They came up and told me that they are from school and I told them how fortunate they had been in this home and they said they enjoyed it and I am very happy to hear it. I noticed they really looked happy and gay and the principal and superintendent devoted full time and I really give them my credit and due regards to this man who has done so much for this community. You may not realize it but I want you to know that you are doing something good for these children. Thank you all.

Mr. Saly Chittavoravong of Laos remarked as follows:

Mr. Speaker and Mr. President and All of the Members:

First, I would like to beg your pardon if I use the wrong sentences or wrong words because I just started to speak English when I came to this country, and after that I would like to express myself why I am in this country. I have known that the people in this State are very nice people. Even in Tonopah, a small city or an isolated city like that but the people in that town are very good people to me. I have received the very good hospitality from them. After I left there I went to Humboldt County in Winnemucca. I learned many things from there in speaking to school or community that I have attended, PTA meetings, Lions' Club and everything we haven't had in our country yet. Maybe the future if I am going to tell them about this thing, they would like to organize like we have in this country. More than that I don't have too many things to say. I would just like to thank everyone for this opportunity and again for the hospitality of the Nevada people and this country. Thank you.

Mr. George Espitalier-Noel of Mauritius remarked as follows:

Mr. Speaker, Ladies and Gentlemen.

Before we came to Nevada we spent 3 months in New York State where we visited schools about 2 weeks, and I wondered when I came here if there was anything new I could learn. I soon realized that what I had learned about education in America in New York State was purely theoretical. I was grateful for being here because I had the opportunity of becoming a member of the faculty of the Ely High School and then of the Elko High School. And what

was most refreshing was that I was accepted as one of them straight away. There was no suspicion about the foreigner. I was almost an American except that I said class instead of class. There are many things that impressed me in those schools. When I went to Ely 200 miles away from any other place of importance I thought that it was probably a very provincial little school that didn't do much good, and yet after Syracuse University in New York where the 100 men and a girl marching band had a popularity which was out of proportion with the poor attendance of classical concerts on Sunday, the first thing I heard played by the band of the Ely School was a piece by Johann Sebastian Bach. That was most refreshing. Then in English school they have an accelerated group in English that does very good things, does a lot of public speaking. They have read lots of books from other countries and everywhere there was a tremendous interest in what I had to say in my little story from the Indian Ocean and in what I thought about world affairs and in what way America was involved in them. And that drew my attention to the very good work that is being done in social studies. In Ely they are going to try to boost up the program in world affairs and I think it is right. It cannot be the attitude that as Americans we should try and learn the languages of foreign people instead of telling them "speak English as we do." It is a new attitude but I think it is the right one. And I was really flabbergasted at the tremendous interest they had in everything I had to say that applied to faculty members, students, community groups, Lions, Rotarians and so on. Then another thing that impressed me considerably was the very good work done at Elko and Ely in matters of training for responsibility. I come from a country which is 39 miles by 29 where 600,000 people of 6 different races live together, and which is going to become independent within the British Commonwealth within the next 5 years. And we do very little training for leadership. That is why when I saw in Elko the student government president addressing the whole school and every single student listening to him in religious silence it was something that I never even thought of. In this way, being at the school for a longer period of time than I had ever been in any New York school, I acquired valuable ideas which I will take back with me. I don't think I agree with everything in American education and I don't think I should. But still in those areas at least, and there are many other areas where I have new ideas, I acquired a store of information which will be of great value not only to myself but to my colleagues and my students back in the Indian Ocean. And what is most wonderful, I think, was the hospitality—you have heard a lot about that but I insist on mentioning it—the hospitality of the people from Nevada. The Easterners have been wrong about Nevada. They told me it was only a country of slot machines, Stetson hats and divorces. But that is wrong. The human element in Nevada was something that was most refreshing. We have the feeling of belonging straight away and at once we were invited to families and entertained all the time. In fact, we are just about exhausted. In any case, the memories I will take back with me I shall always cherish, and I thank you very much indeed for giving me this opportunity of being here which again is an illustration of your interest in what we do overseas. Thank you very much indeed.

Mr. R. H. Manning remarked as follows:

I think they have done very well, Mr. Speaker. I should say that it has been a pleasure to work with these fine folks. I am very sure that they will be able—that they have seen many things in America which will change their attitude in relationship to some of the things that they have heard before they came to the United States of America. And even about Nevada, they have changed their ideas concerning what they heard about Nevada before they came out here.

On motion of Mr. McElroy, the committee did rise, and report back to the Assembly.

Assembly Bill No. 46.

Bill read second time, ordered engrossed and to third reading.

Senate Bill No. 44.

Bill read second time, and ordered to third reading.

Assembly Bill No. 78.

Bill read second time.

The following amendments were proposed by the Committee on Education:

Amendment No. 32.

Amend sec. 2, page 1, by striking out section 2 in its entirety and inserting in lieu thereof the following:

"Sec. 2. NRS 116.070 is hereby amended to read as follows:

116.070 Whenever any land dedicated to the use of the public school system, as provided in NRS 116.020, becomes unsuitable, undesirable or impractical for any school uses or purposes, the board of trustees of the county school district or joint school district in which the land is located shall : [sell]

1. Sell or lease the land in the manner provided in *NRS 277.050 or* NRS 393.220 to 393.320, inclusive [.] *; or*

2. Exchange the land in the manner provided in NRS 277.050 or in sections 4 to 10, inclusive, of this act."

Amendment No. 33.

Amend the bill as a whole by adding thereto nine new sections which shall immediately follow section 2, shall be designated as sections 3 to 11, inclusive, and which shall read as follows:

"Sec. 3. Chapter 393 of NRS is hereby amended by adding thereto the provisions set forth as sections 4 to 10, inclusive, of this act.

Sec. 4. 1. When the board of trustees of a school district determines that the exchange of real property belonging to the school district for real property belonging to an individual, partnership or corporation (other than a public agency as defined in NRS 277.050) is necessary or for the best interests of the school district, the board shall have the power to exchange such real property, whether acquired by purchase, dedication or otherwise.

2. The provisions of subsection 1 shall not be construed to permit the exchange of any real property in contravention of any condition in a gift or devise of real property to the school district.

Sec. 5. Every exchange with an individual, partnership or corporation shall be made in the manner provided in sections 4 to 10, inclusive, of this act. Exchanges with public agencies shall be made in the manner provided in NRS 277.050.

Sec. 6. 1. When the board of trustees proposes to exchange real property, the board shall appoint one appraiser. The owner of the other real property proposed to be exchanged shall appoint one appraiser. A third appraiser shall be appointed by the state department of education.

2. The appraisers shall make a report to the board of trustees of their findings and determinations of the cash market value of the real properties proposed to be exchanged.

3. The exchange of real property shall be made only at the values fixed by the appraisers. If the real properties sought to be exchanged are not of equal value, the owner of the parcel of real property of lesser value shall pay in money to the owner of the parcel of real property of greater value the difference.

4. The compensation of the appraisers shall be fixed by the board of trustees, and shall be a legal charge against the school district.

Sec. 7. 1. After receiving the report of the appraisers and before ordering the exchange of any real property, the board of trustees shall, in open meeting by a majority vote of the members, adopt a resolution declaring the board's intention to exchange the real property.

2. The resolution shall:

(a) Describe the real properties proposed to be exchanged in such a manner as to identify them.

(b) Specify the cash market value of the real properties proposed to be exchanged as determined by the appraisers.

(c) Fix a time, not less than 3 weeks thereafter, for a public meeting of the board of trustees to be held at its regular place of meeting, at which meeting objections to the proposed exchange may be made by interested persons.

Sec. 8. Notice of the adoption of the resolution and of the time and place of the meeting shall be given by:

1. Posting copies of the resolution in three public places in the school district not less than 15 days before the date of the meeting; and

2. Publishing the resolution not less than once a week for 2 successive weeks before the meeting in a newspaper of general circulation published in the school district, if any such newspaper is published therein.

Sec. 9. After the public meeting, if the board determines that the exchange of such real properties is necessary or for the best interests of the school district, the board shall order that the exchange be made, and shall direct the president of the board of trustees to execute all necessary conveyances therefor.

Sec. 10. All moneys received by a school district from exchanges of real property as provided in subsection 3 of section 6 of this act shall be deposited forthwith with the county treasurer to be credited to the school district fund.

Sec. 11. This act shall become effective upon passage and approval."

Amendment No. 34.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act to amend NRS sections 116.070 and 393.140, relating to the procedure for the sale and lease of unsuitable, dedicated public school lands and the acquisition of public school sites, by authorizing the board of trustees of a school district to acquire real property for school purposes by means of exchange; to amend chapter 393 of NRS, relating to public school property, by adding new sections which provide the procedure for exchanges of real property by school districts; and providing other matters properly relating thereto."

Miss Frazier moved the adoption of the amendments.

REMARKS FROM THE FLOOR

Mr. Bissett requested that the following remarks be placed in the Journal:

I think it is a great deal of pleasure when any of us here in Nevada see any of our local people accorded recognition. We feel a certain amount of pride, and I think that we should share that pride whether it has anything to do with party or some other pattern of recognition. And I think I felt that pride when I got my January 1961 edition of the Georgetown University Alumni magazine. Georgetown University is in Washington, D. C. It has pictures inside. There are six U. S. Senators—five actually—of Georgetown representation in the Senate. Alumni of Georgetown. One of these is the Honorable Alan H. Bible, class of '34, United States Senator from Nevada. Then we get a doubleheader if you turn the page. We find there are two Governors who are Georgetown alumni—one, the Honorable Grant Sawyer, class of '48, Governor of Nevada. I think—well, I am enjoying bringing this to your attention and I felt a certain amount of pride when I saw this. Thank you.

There being no objections, the Speaker and Chief Clerk signed Assembly Resolutions Nos. 11, 12.

LOS ANGELES TIMES

February 6, 1961.

THE HON. DON CRAWFORD, *Nevada State Assembly, Capitol Building, Carson City, Nevada.*

DEAR DON: I haven't had anything please, or flatter, me so much in years as to learn that I am accredited to the 1961 Nevada Legislature. Lord, it's hard to believe that an entire decade has elapsed since I last actually covered a session. I'd certainly like to be able to visit all of you again this time, but what with the demands of a new job and all, I guess that's unlikely.

Thanks for thinking of me, Don—a sentiment in which I'm sure my old buddy BB would join.

Oh, yeah—and as a "voice" in California now, you realize, of course, that I must condemn your claim-jumping activities.

Best regards,

FRANK MCCULLOCH,

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, February 22, 1961.

THE HONORABLE CHESTER S. CHRISTENSEN, *Speaker of the Assembly, Assembly Chamber, State Capitol, Carson City, Nevada.*

DEAR CHET: Enclosed, for your information, is copy of a letter I have just received from the Secretary of the Interior, Stewart L. Udall, in which he writes that at present it appears unlikely that he will be able to accept the invitation to appear before a joint session of the Legislature.

Sincerely,

GRANT SAWYER, *Governor.*

THE SECRETARY OF THE INTERIOR

WASHINGTON, February 15, 1961.

DEAR GRANT:

I am both flattered and highly honored that your Legislature would invite me to appear before a joint session.

At present my plans only include a mid-March trip to Arizona, and it is unlikely that I will be in a position to accept this kind invitation. However, I want you and all the members of the Legislature to know that I hope to appear in Nevada and study some of its problems in the not far distant future.

Best personal regards.

Sincerely,

STEWART L. UDALL,
Secretary of the Interior.

Quorum present.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker ordered the Chief Clerk to read the following news item concerning one of the Assembly pages:

KEITH LEE IS NAMED WINNER
OF HIGH SCHOOL'S SCIENCE AWARD

Keith Lee, son of State Controller and Mrs. Keith Lee, has been named the winner at Carson High School of the coveted Bausch and Lomb honorary science award.

Throughout the nation, educators recognize the award as evidence of superior scientific aptitude. Lee is active in high school affairs.

In announcing Lee as the 1961 winner, Science Teacher Phil Collins of Carson High said, "These awards are especially significant. Today everyone realizes the importance of the study of science in our secondary schools. The Bausch and Lomb Honorary Science Award provides appropriate recognition to senior students with the highest scholastic standing in science subjects."

The science award—a handsome bronze medal—is presented at graduation in more than 7,000 schools. Since its introduction in 1933, there have been 140,000 winners. Surveys have revealed that more than 30 percent of the winners have been encouraged by the award to follow scientific careers.

Winners of the honorary science award are eligible to compete for science scholarships, sponsored by Bausch and Lomb, Inc., at the University of Rochester. Three or more scholarships are provided annually. Stipends are based on need and have a total combined value of $21,600.00.

Mr. Waters announced that Richard M. Stoddard, Assembly Page, had been appointed to the West Point Military Academy by United States Senator Alan Bible.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 67, 69, 70, 130; Assembly Joint Resolution No. 1; Assembly Resolution No. 20.

Motion carried.

By Messrs. Knisley, Bastian, Berrum and Bailey:

Assembly Joint Resolution No. 17—Proposing to amend sections 3 and 4 of article 4 of the Constitution of the State of Nevada to provide for 6-year staggered terms for Senators and 4-year staggered terms for Assemblymen.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That sections 3 and 4 of article 4 of the Constitution of the State of Nevada be amended to read as follows:

Sec: 3. The members of the Assembly shall be chosen [biennialy] *biennially* by the qualified electors of their respective districts, on the Tuesday next after the first Monday in November and, *until the general election in 1964, their term of office shall be two years from the day next after their election.*

If a majority of the electors voting at the general election in 1964 approves election of one-half of the members of the Assembly every second year for a term of four years, members of the Assembly shall be elected as provided in this paragraph. Of the members of the Assembly elected at the general election in 1964, one-half, or, if the number of Assemblymen is uneven, one-half of the members plus one, shall serve for a term of four years, and the remaining members for a term of two years. Thereafter, all members of the Assembly shall be elected for a term of four years from the day next after their election in the order in which the terms of office expire. The members of the Assembly elected at the general election in 1964 shall, as soon as practicable after the Assembly is organized in 1965, draw lots to determine which members shall serve for a term of two years and which for a term of four years, but the drawing of lots shall be so arranged that terms of Assemblymen from counties having two or more Assemblymen shall be divided as nearly as possible between two- and four-year terms. Upon any reapportionment of the members of the Assembly, the legislature shall provide by law for the terms of Assemblymen in such manner that, as nearly as possible, one-half of the members shall be elected every second year for a term of four years.

Sec: 4. Senators shall be chosen at the same time and places as members of the Assembly by the qualified electors of their respective districts, and, *until the general election in 1964,* their term of Office shall be four Years from the day next after their election.

If a majority of the electors voting at the general election in 1964 approves election of one-third of the members of the Senate every second year for a term of six years, members of the Senate shall be elected as provided in this paragraph. Of the seven members of the Senate elected at the general election

in 1964, six shall serve for a term of six years and one for a term of four years. Of the ten members of the Senate elected at the general election in 1966, six shall serve for a term of six years and four for a term of two years. Thereafter, all members of the Senate shall be elected for a term of six years from the day next after their election in the order in which the terms of office expire. The members of the Senate elected at the general election in 1964 shall, as soon as practicable after the Senate is organized in 1965, draw lots to determine which members shall serve for a term of six years and which member for a term of four years. The members of the Senate elected at the general election in 1966 shall, as soon as practicable after the Senate is organized in 1967, draw lots to determine which members shall serve for a term of six years and which for a term of two years. Should the number of Senators at any time be more or less than seventeen, the legislature shall provide by law for the terms of Senators in such a manner that, as nearly as possible, one-third shall be elected every second year for a term of six years.

Mr. Knisley moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Senate Concurrent Resolution No. 10.

Mr. McElroy moved the adoption of the resolution.

Remarks by Messrs. McElroy and Crawford.

Mr. Crawford requested that the following remarks be entered in the Journal:

Mr. Speaker, this is indeed an auspicious occasion when 100 years ago today Congress created the Territory of Nevada, March 2, 1861. Speaking in favor of Senate Concurrent Resolution No. 10, perhaps it may be pertinent to read a few words from this volume, Act of Congress, page 1. Amongst other things I will read a few lines to give you somewhat of an idea of what we are talking about with regards to our claim to get back our lost territory which the State of California grabbed nearly 100 years ago. Most of you have not read these words, I think. I did not know that it existed in the law library across the street for many years. To give you an idea that it was the intent of Congress that we should have that area up to the summit of the Sierras, I will read just a few lines here. It says:

"ACT OF CONGRESS ORGANIZING THE TERRITORY OF NEVADA

AN ACT to Organize the Territory of Nevada

(Approved March 2, 1861)

Be it Enacted, by the Senate and House of Representatives of the United States of America in Congress Assembled, That all that part of the territory of the United States, included within the following limits, to wit: Beginning at the point of intersection of the forty-second degree of north latitude with the thirty-ninth degree of longitude west from Washington; thence, running south on the line of said thirty-ninth degree of west longitude, until it intersects the northern boundary line of the territory of New Mexico; thence due west, to the dividing ridge separating the waters of Carson Valley from those that flow into the Pacific; . . . "

Those are clearly the words of Congress.

If I may bore you for a few more minutes (and like the gentleman from Churchill County, this will never be considered the *Gettysburg Address*) in order that you may know some of the pertinent facts regarding our claim to the territory up to the summit where the water divides and runs into the Pacific Ocean, I would like to read the following:

"Summary—Authorizes and directs Attorney General to conduct studies relative to recovering for the State of Nevada certain lands wrongfully held by the State of California and to institute action to secure for Nevada a western boundary line with California as defined in the Federal State Enabling Act approved March 21, 1864, and reaffirmed in Article 14, Section 1 of the present Constitution of the State of Nevada, or as specified in the Territorial Act (BDR S–821)"

We have a preamble which has all of the facts that could be assembled with regard to this matter, and as you return to your constituents, and for your edification, I would like you to know the facts regardless of whether or not there will be a bill in this session of the Legislature, and at this time I do not know.

"WHEREAS, the present and existing Constitutions of the States of California and Nevada are in direct conflict relative to defining their common longitudinal boundary line; and

WHEREAS, The present Constitution of the State of Nevada defines her western boundary line as 43° west from Washington D. C. and the present Constitution of the State of California defines this same boundary line, her eastern frontier as 120° west of Greenwich, England; and

WHEREAS, These longitude lines are not the same and result in a disputed area several miles in width and about 200 miles in length at this latitude, encompassing areas adjacent to Lake Tahoe north to the Oregon line and a slender portion southeast to the Colorado River; and

WHEREAS, The discrepancy in longitudinal definitions currently results in loss of territory by Nevada and wrongfully held by California as exhibited by the present wording of Section 1 of Article 14 of the Constitution of the State of Nevada; and

WHEREAS, This is a matter entirely separate from the highly publicized dividing ridge of the Sierra defined in Nevada's Territorial Act but represents a portion of that territory which has been claimed by Nevada; and

WHEREAS, A conflict between constitutions of the states becomes the original jurisdiction of the Supreme Court of the United States and such described portion of that area held by California under territorial definition may be secured to Nevada under her present State Constitution by decision of the Supreme Court of the United States; and

WHEREAS, In numerous similar disputes between other states with common boundary lines the Supreme Court of the United States had assumed jurisdiction and rendered a decision forever settling the dispute and established the common boundary in accordance with federal acts; and

WHEREAS, The intent of the Congress of the United States in enabling the State of Nevada to attain statehood was to establish such state's western boundary at the dividing ridge separating the waters of Carson Valley from those that flow into the Pacific, and Congress later specified in Nevada's present Constitution a limit of 43° west of Washington, a line we do not now have secured to us; and

WHEREAS, The State of California has, for nearly 100 years, arbitrarily refused to recognize this congressional intent or the presently defined Nevada 43° longitude line; and

WHEREAS, The land area which the State of California wrongfully withholds exceeds 18,000 square miles, by territorial definition, and a lesser amount by present state constitutional definition; and

WHEREAS, The Nevada Legislature in 1865 accepted an incomplete and abortive survey of the California-Nevada boundary line based on 120° west of Greenwich by which act she disregarded the line of 43° west of Washington specified in her own current constitution, . . ."

I would also like to bring to your attention a proclamation issued by Governor Grant Sawyer:

STATE OF NEVADA

EXECUTIVE CHAMBER

A PROCLAMATION BY THE GOVERNOR:

WHEREAS, By action of Congress on March 2, 1861 the Territory of Nevada was created from Carson and Humboldt Counties of the Territory of Utah; and

WHEREAS, The Territory of Nevada was enlarged in 1862, by congressional action, with further areas from the Territory of Utah; and

WHEREAS, The Territory of Nevada became the thirty-sixth member of the United States of America by proclamation of President Abraham Lincoln on October 31, 1864; and

WHEREAS, In 1866, after Nevada had become a state, Congress extended its eastern boundary to what is now the western boundary of the State of Utah and in 1867 the Nevada Legislature accepted from the Territory of Arizona 12,225 square miles encompassing what is now Clark County and the southern portions of Nye and Lincoln Counties; and

WHEREAS, We owe a deep debt of gratitude to the pioneer men and women who settled this section of the Far West and provided for its establishment as one of the United States of America;

NOW, THEREFORE, I, GRANT SAWYER, *Governor of the State of Nevada*, by virtue of the power vested in me, do hereby proclaim

MARCH 2, 1961

AS

TERRITORY OF NEVADA CENTENNIAL DAY

and urge all people in the State of Nevada to familiarize themselves with the early history of our State and to pay homage to the pioneer men and women who settled here and who laid the foundation for our present form of government. I also urge all schools in Nevada to hold appropriate exercises on that day in commemoration of the creation of the Territory of Nevada.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City this 22nd day of February in the year of our Lord one thousand nine hundred and sixty one.

GRANT SAWYER, *Governor*.

By the Governor:
JOHN KOONTZ,

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker read the following communication:

CARSON CITY NUGGET'S SECOND ANNUAL LEGISLATORS' TOURNAMENT

The Carson City Nugget invites all legislators, attachés, and members of the press to participate in the Second Annual Nugget Legislator's Golf Tournament to be held on Saturday, March 11, 1961, at the Carson City Golf Course. The Carson City Nugget is sponsoring the tournament which will include green fees, prizes, cocktail hour and banquet. The cocktail hour will be at 6 p. m. on Saturday, March 11, for all participants and their ladies, to be followed by a banquet and presentation of the prizes. There will be several prizes for low gross and low net.

The tournament will be conducted under the Calloway system of handicapping (no established handicap needed), so that all participants will have an equal chance of winning one of the many prizes regardless of their experience as golfers. All legislators, attachés and members of the press staff are urged to register for the tournament not later than 4 p. m., Thursday, March 9, 1961.

Registration will be at the Lieutenant Governor's office for the Senate and the Speaker's office for the Assembly, or contact Senator Slattery.

Starting times will be listed in the Nevada Appeal and the Reno newspapers on Friday, March 10, or can be learned by calling the Carson City Golf Course, GR 2-3311.

All entrants will receive a prize.

The following amendments were proposed by the Committee on Ways and Means:

Amendment No. 95.

Amend section 1, page 1, by striking out lines 13 to 15, inclusive, in their entirety and inserting in lieu thereof the following:

"Section 1. There is hereby appropriated from the general fund in the state treasury to the state department of buildings and grounds the sum of $41,000 for the purchase by the superintendent of the state department of buildings and grounds of one fire truck containing a 65-foot snorkel-aerial apparatus."

Amendment No. 96.

Amend sec. 2, page 1, by striking out line 18 in its entirety and inserting in lieu thereof the following:

"Sec. 2. Upon delivery to him of such fire truck, the superintendent of the state department of buildings and grounds may contract with the city council of the city of Carson City, Nevada, and the officers of Warren Engine Company No. 1 of Carson City, Nevada, for the maintenance and housing of such fire truck by the city of Carson City and the Warren Engine Company No. 1. In consideration for such maintenance and housing, the superintendent of the state department of buildings and grounds may agree that the city and the engine company may use such fire truck for the suppression and prevention of fire in and about properties other than properties belonging to the State of Nevada."

Amendment No. 97.

Amend the bill as a whole by adding thereto two new sections, which sections shall be designated sections 3 and 4, shall immediately follow section 2, and shall read as follows:

"Sec. 3. Any moneys appropriated by the provisions of section 1 remaining unexpended on July 1, 1962, shall revert to the general fund in the state treasury.

Sec. 4. This act shall become effective upon passage and approval."

Amendment No. 98.

Amend the preamble to the bill by striking out lines 1 to 8, inclusive, on page 1, in their entirety and inserting in lieu thereof the following:

"Whereas, Pursuant to the provisions of subsection 3 of NRS 331.100, the superintendent of the state department of buildings and grounds is invested with specific powers and duties allowing and requiring him to take fire prevention and suppression measures, necessary and feasible, to reduce fire hazards in all buildings in Carson City, Nevada, under his control; and

Whereas, Pursuant to the provisions of subsection 9 of NRS 331.100, the superintendent of the state department of buildings and grounds is invested with specific powers and duties allowing and requiring him to purchase equipment as is necessary for the preservation of the buildings and grounds under his supervision and control; and

Whereas, The city of Carson City and Warren Engine Company No. 1, a volunteer fire department, have for many years provided fire protection to state buildings in Carson City, Nevada; and

Whereas, Because of added state buildings and planned additions to the capitol complex it is essential that the State of Nevada provide additional fire protection for its buildings and structures at the seat of the government; now, therefore,".

Amendment No. 99.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following:

"An Act appropriating $41,000 from the general fund in the state treasury to the state department of buildings and grounds for the purchase of a fire truck for the purpose of providing additional fire protection for state buildings at the seat of the government; granting certain powers to and imposing certain duties upon the superintendent of the state department of buildings and grounds; and providing other matters properly relating thereto."

SECOND READING AND AMENDMENT

Assembly Bill No. 37.

Bill read second time.

The following amendments were proposed by the Committee on Taxation:

Amendment No. 475.

Amend section 1, page 1, by striking out lines 2 to 16, inclusive, in their entirety and inserting in lieu thereof the following: "thereto the provisions set forth as sections 2 and 3 of this act.

Sec. 2. *1. Any owner of land which is used exclusively for agricultural purposes, but has a full cash value for other purposes greater than its full cash value for agricultural purposes, may contract with the county assessor for the assessment of and payment of taxes on such land as provided in sections 2 and 3 of this act.*

2. The contract may be entered into prior to November 1 of any year, and shall provide:

(a) That the land shall be assessed at its full cash value for agricultural purposes only, and, at the same time, the assessor shall make and enter as a notation on the assessment roll a potential assessment based upon the full cash value of the land for purposes other than agricultural purposes.

(b) That the owner shall pay taxes only on the basis of the assessment of the land for agricultural purposes, unless he sells the land or changes its use.

(c) That when the land is sold or its use changed, the owner will pay in additional taxes the difference between the taxes paid or payable on the basis of the assessment for agricultural purposes during the 5 years immediately preceding the year in which the sale or change of use occurs and the taxes which would have been paid or payable during such period on the basis of the potential assessment for purposes other than agricultural purposes.

(d) That if the land is sold or its use changed within 5 years of the date of the contract, the additional taxes due for any year prior to the first year of the contract shall be in the same amount as the additional taxes due for the first year of the contract.

(e) That the additional taxes due on the basis of the potential assessment shall become a lien upon the land on the date the land is sold or its use changed.

3. No contract entered into pursuant to the provisions of this section shall be valid until recorded in the office of the county recorder of the county or counties in which all or any part of the land is located.

Sec. 3. *1. The owner of any land subject to a contract entered into pursuant to the provisions of section 2 of this act shall be entitled to equalization of both the assessment and potential assessment in the year in which made, and the determination in such year of the assessment and potential assessment shall be final.*

2. The county auditor, in extending the assessment roll, shall indicate in relation to any such lands the tax due for the current year, the potential tax due for the current year, and the potential tax due for the 5 years immediately preceding the current year. The ex officio tax receiver shall include such information on the tax statements to the owners of such lands.

3. All additional taxes collected on the basis of potential assessments shall be deposited in a suspense fund in the county treasury and distributed on the same ratio as other property taxes are distributed for the year in which such additional taxes are collected."

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 15, 1961.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 198.

Also, I have the honor to inform your honorable body that the Senate on this day passed, as amended, Senate Bills Nos. 148, 126, 124.

Also, I have the honor to inform your honorable body that the Senate on this day passed Assembly Bills Nos. 239, 290, 296, 333, 386.

Also, I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 15.

LEONA MUNK,
Assistant Secretary of the Senate.

MESSAGES FROM THE GOVERNOR

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, March 15, 1961.

Honorable Chester S. Christensen, Speaker of the Assembly, and Honorable Members of the Assembly:

As a result of your earlier appropriation of $15,000 for a special study of the water problems in Clark County, a professional firm has been retained. At the direction of the Director of the Department of Conservation and Natural Resources this firm was asked first to propose legislation which it felt might obviate the necessity for a Special Session in order to effect the conclusions and recommendations made by it upon completion of the study.

Amendments to NRS 534.030 have been suggested. Upon recommendation of the professional firm, the amendments to NRS 534.030 are being requested by me and will be introduced by a member or members of the Clark County delegation within the next day or two.

In effect, the amendments provide that a Ground Water Board shall be established consisting of 7 members appointed by the Governor from a list of

persons recommended by the governing bodies of the several incorporated cities within the County, the County Commissioners and any Water Districts within the County.

The present law is then changed to provide that the State Engineer who now has absolute authority respecting ground water shall not approve any application nor issue any permit to drill wells, to appropriate ground water, to change the place of use, to change the point of diversion, or to change the manner of use until he has conferred with the Water Board created and obtained its formal advice and recommendations with respect thereto.

In the event that the Water Engineer should make a decision contrary to the advice and recommendations of the Water Board, he shall not be permitted to make such decision effective without the prior written approval of the Director of the Department of Conservation and Natural Resources.

The proposed amendments also express the intention of the Legislature to the effect that the State Engineer and the Water Board shall be in agreement whenever possible.

It is my view that the State Water Engineer should not be in a position to determine the direction of growth of any metropolitan area. The provisions, as suggested in the amendments, are similar to those found in other metropolitan areas in other states and in effect place the control and direction and extent of growth to an appreciable degree in the hands of those local citizens who most understand the problems of the community.

I urge you most sincerely to effect this legislation. I cannot guarantee that it will eliminate the necessity of a Special Session, but I am most hopeful that it might.

In closing, I wish to point out to you that the present amendments, as proposed, will not apply to any county other than Clark County.

Sincerely,

GRANT SAWYER, *Governor.*

The following amendments were proposed by Mr. Schouweiler:

Amendment No. 704.

Amend sec. 3, page 2, by striking out lines 23 to 49, inclusive, in their entirety and inserting in lieu thereof the following:

"Sec. 3. 1. The purpose of a life insurance agent's license is to authorize and enable the licensee actively and in good faith to engage in the insurance business as such an agent with respect to the general public, and to facilitate the public supervision of such activities in the public interest, and not for the purpose of enabling the licensee to receive a rebate of premium in the form of commission or other compensation as an agent, or to enable the licensee to receive commissions or other compensation based upon insurance solicited or procured by or through him upon his own interests or upon those of other persons with whom he is closely associated in capacities other than as an insurance agent.

2. The commissioner shall not grant, renew, continue or permit to exist any such license as to any applicant therefor or licensee thereunder if he finds that the license has been or is being or will probably be used by the applicant or licensee principally for the purpose of writing controlled business, that is, insurance or annuity contracts covering himself or members of his family or the officers, directors, stockholders, partners or employees of a partnership, association or corporation of which he or a member of his family is an officer, director, stockholder, partner or employee.

3. Such a license may be deemed to have been, or intended to be, used principally for the purpose of writing controlled business if the commissioner finds that during any 12-month period the aggregate commissions or other compensation accruing or to accrue from such controlled business have exceeded or will exceed the aggregate commissions or other compensation accruing or to accrue on other business written or probably to be written by such applicant or licensee during the same period."

Mr. Crawford requested that the Chief Clerk read the following communication, and that it be entered in the Journal:

Mr. Speaker:

As most of the veterans of the Assembly know, I have been in this group for a period of 18 years. I have seen some good legislators come and I have seen bad ones go. At this time, however, I wish to pay tribute to a group of legislators who, I believe, have contributed much to whatever success we might have had here this year.

I am speaking now of the group from Clark County. At the outset of this session, one of the members rose to his feet and announced that Clark County did not desire to become a hog in any field, especially in moving the Capital to Las Vegas, as was suggested in an editorial in a southern Nevada newspaper.

I believe that this delegation from Clark County is the best group ever sent to Carson City to represent that area in the Assembly. Collectively and individually they have contributed a great deal to this session and some of the freshmen have blossomed out into real pillars of strength.

I would be remiss in my duty as one of the older legislators in the lower house if I did not pay tribute and offer thanks to the Clark County Delegation for its cooperation, integrity and devotion to duty as lawmakers for the State of Nevada.

Sincerely,

DON CRAWFORD.

Mr. Briare requested that the following remarks be entered in the Journal:

Mr. Speaker, the Chairman of the Clark County Delegation has asked me to express our thanks to Mr. Crawford.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 179, 182, 212, 217, 233, 245, 247, 263, 264, 266, 291, 295, 297, 322, 326, 363, 370; Senate Bills Nos. 48, 134, 136, 151, 157, 171, 176; Assembly Joint Resolution No. 11; Assembly Concurrent Resolutions Nos. 11, 12; Senate Concurrent Resolution No. 16.

Mr. Von Tobel requested that the following remarks be entered in the Journal:

I would like the Journal to show for this day that my absence from the Assembly Chamber this morning when the vote on Assembly Bill No. 432 was taken was purely accidental. Sometime prior to the vote on this bill this morning, I was advised by the Governor's office that the time bill which I offered—which we passed yesterday and sent down to the Governor—was of questionable intent due to a mistake in the wording. Considering the lateness of the session I absented myself to see what we could do about it, and it involves getting the bill back. I wish the record to show on Assembly Bill No. 432 that it had my support and had I been here I would have voted for it.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 35, 75, 137, 180, 199, 340, 396, 397; Senate Bills Nos. 56, 97, 120, 175, 221; Assembly Joint Resolution No. 6 of the 50th Session; Assembly Concurrent Resolution No. 13.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 309.

The following Senate amendment was read:

Amendment No. 722.

Amend section 1, page 2, by striking out line 17 in its entirety and inserting in lieu thereof the following: "the maker or drawer raises a rebuttable presumption of intent to defraud. Refusal of pay-".

Mr. Briare moved that the Assembly concur in the Senate amendment to Assembly Bill No. 309.

Remarks by Mr. Bissett.

Motion carried.

Bill ordered enrolled.

On request of Mr. Speaker the Chief Clerk read the following communication:

SPARKS, NEVADA, March 21, 1961.

NATE HURST, *Chief Clerk of the Assembly, Carson City, Nevada.*

DEAR NATE: As a taxpayer and resident of Sparks, inactive in any form of politics, I have been asked by several resident voters of the city of Sparks, to write a letter to our Legislative Body in Carson City, expressing our appreciation of the efforts of our Assemblymen from Sparks, Mr. Chester Christensen and Mr. Artie D. Valentine, for their outstanding action in the Assembly.

It is a great consolation to us to know that there are still red-blooded Americans like Chester Christensen and Artie D. Valentine, who still believe in the old adage, "Ask not what your Country can do for you, but what can you do for your Country," which was so ably quoted by our President, John F. Kennedy, in his inaugural address in Washington, D. C., this year.

We feel that the citizens of Washoe County, and especially the city of Sparks, are mighty fortunate to have chosen as their representatives to the Assembly these two outstanding Assemblymen, as they still believe in our American Constitution, and feel that their duty as our representatives is still under a democracy and that ours is a government "Of the people, by the people, and for the people," and not for the few who would like to tell us all what to do.

Sincerely yours,

MAT H. GIBBONS.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 9, 51, 95, 227, 238, 286, 407; Senate Bill No. 184; Senate Joint Resolution No. 8; Assembly Concurrent Resolution No. 15.

SECOND READING AND AMENDMENT

Assembly Bill No. 104.

Bill read second time.

The following amendments were proposed by Messrs. Bailey, Glaser, Pozzi and Miss Frazier:

Amendment No. 869.

Amend section 1, page 2, by striking out lines 4 to 16, inclusive, in their entirety and inserting in lieu thereof the following: "following manner. In calculating the average daily attendance of pupils, the board of trustees of a school district shall use the number in average daily attendance in each attendance area, including handicapped pupils and one-half the number of kindergarten pupils. The board of trustees of a school district shall use the standards set forth in the following table for determining elementary school classroom units:

Average Daily Attendance Group	Divisor	Classroom Unit Range
One-teacher schools		
5 – 15		One classroom unit per school
Two- or more-teacher schools		
16 – 39	14	1.2 – 2.79
40 – 59	17	2.79 – 3.47
60 – 89	19	3.47 – 4.68
90 – 139	21	4.68 – 6.62
140 – 189	23	6.62 – 8.22
190 – 249	24	8.22 – 10.38
250 or more	25	10.38

The board of trustees of a school district shall use the standards set forth in the following table for determining high school and junior high school classroom units:

Average Daily Attendance Group	Divisor	Classroom Unit Range
12 - 39	9	3 - 4.33
40 - 69	3	4.33 - 5.31
70 - 109	15	5.31 - 7.27
110 - 169	17	7.27 - 9.94
170 - 249	19	9.94 - 13.11
250 - 349	21	13.11 - 16.62
350 or more	22	16.62

When the number of classroom units has been determined for each attendance area, they shall be added for both elementary and high schools and the total number divided by eight in order to determine the number of classroom units for administration, supervision and special services needed in the entire county school district. A further weighting for difference in salaries paid administrative and supervisory personnel, and special services certified personnel, shall be provided by weighting elementary classroom units as one, high school classroom units as one and one-tenth, administrative, supervisory and special service classroom units as one and four-tenths. The number of weighted classroom units so deter-".

Miss Frazier moved the adoption of the amendment.

Remarks by Miss Frazier, Messrs. Swackhamer, Bastian and Bailey.

Sec. 14. NRS 426.115 is hereby amended to read as follows:

426.115 1. The aid to the blind medical and remedial care fund is hereby created in the state treasury. There shall be deposited in the fund:

(a) Moneys allocated by the state welfare [board] *director* for the purpose of providing medical care or any type of remedial care to recipients from moneys made available to the state by the Federal Government for aid to the blind; and

(b) Moneys made available by the state for the purpose of providing medical care or any type of remedial care to recipients.

2. Except as otherwise provided in subsection 3, any moneys so made available by the state, by appropriation or otherwise, shall remain in the fund and shall not revert to the general fund.

3. If the fund is dissolved, the Federal Government shall be reimbursed for its proportionate share of contributions into the fund, and any moneys remaining thereafter shall revert to the general fund.

4. The [board] *state welfare director* may designate that the fund may cover any one, several or all items of the medical care or any type of remedial care costs as deemed most advantageous for the best interests of the state.

5. The department may purchase necessary medical care or any other type of remedial care by contract or 'fee for service.' Each vendor or group who has a contract with the department and is rendering medical care or any type of remedial care to recipients shall submit such charges for payment to the department, and payment shall be made as other claims against the state are paid.

Sec. 15. NRS 426.450 is hereby amended to read as follows:

426.450 1. If any applicant for or recipient of aid to the blind is dissatisfied with any action taken by or failure to act on the part of

the state welfare department in respect to his case, he shall have the right of appeal to the state welfare [department] *board* and the right to be represented in such appeal by his counsel or agent.

2. The [department] *board* shall provide an opportunity for a fair hearing of such individual's appeal and shall review his case in all matters in respect to which he is dissatisfied.

3. If such individual feels himself aggrieved by the decision of the [department] *board* in respect to his case he shall have the right, at any time within 90 days after the mailing to him of written notice of the decision, to petition the district court of the judicial district in which he resides to review such decision and the district court shall have jurisdiction to review the decision on the record of the case before the [department,] *board,* a copy of which shall be certified as correct by the [director] *chairman* of the state welfare [department] *board* and filed by the [department] *board* with the clerk of the court as part of its answer to any such petition for review. The district court shall either affirm the decision of the [department,] *board* or, if it concludes that the findings of the [department] *board* are not supported by evidence or that the [department's] *board's* decision is arbitrary, capricious or otherwise contrary to law, reverse the decision and remand the case to the [department] *board* for further proceedings in conformity with the decision of the court.

Sec. 16. NRS 426.610 is hereby amended to read as follows:

426.610 1. If any applicant for or recipient of services to the blind is dissatisfied with any action taken by, or failure to act on the part of, the bureau or the department in respect to his case, he shall have the right of appeal to the [department] *state welfare board* and the right to be represented in such appeal by his counsel or agent.

2. The [department] *board* shall provide an opportunity for a fair hearing of such individual's appeal and shall review his case in all matters in respect to which he is dissatisfied.

3. If such individual feels himself aggrieved by the decision of the [department] *board* in respect to his case he shall have the right, at any time within 90 days after the mailing to him of written notice of the decision, to petition the district court of the judicial district in which he resides to review such decision and the district court shall have jurisdiction to review the decision on the record of the case before the [department,] *board,* a copy of which shall be certified as correct by the [director] *chairman* of the [department] *state welfare board* and filed by the [department] *board* with the clerk of the court as part of its answer to any such petition for review. The district court shall either affirm the decision of the [department,] *board* or, if it concludes that the findings of the [department] *board* are not supported by evidence or that the [department's] *board's* decision is arbitrary, capricious or otherwise contrary to law reverse the decision and remand the case to the [department] *board* for further proceedings in conformity with the decision of the court.

Sec. 17. NRS 427.050 is hereby amended to read as follows:

427.050 1. Compliance with the mandatory provisions of this chapter may be enforced by writ of mandamus or other appropriate

action or suit in any court of competent jurisdiction of this state upon proper proceeding therefor by or on behalf of the [state board] *director* or any aggrieved applicant or recipient.

2. Nothing in this chapter shall preclude any such applicant or recipient from recourse to the courts of this state to enforce his rights under any of the provisions of this chapter.

Sec. 18. NRS 427.110 is hereby amended to read as follows:

427.110 1. The amount of the old-age assistance which any person shall receive under the provisions of this chapter shall be determined with due regard to the resources and necessary expenditures of the individual and the conditions existing in each case, and shall, in any event, be sufficient, when added to all other income and support of the recipient, to provide such person with a reasonable subsistence, compatible with decency and his needs and health.

2. The amount of income reasonably necessary to support each needy aged person requiring assistance, pursuant to the provisions of this chapter, including all income from every source, is hereby determined and designated as not less than $40 per month and, in determining the amount of assistance for each such person, the state [board] *department* shall fix the amount of such assistance at such a sum as, when added to all income from every source, shall equal the sum of not less than $40 per month.

Sec. 19. NRS 427.155 is hereby amended to read as follows:

427.155 1. The old-age assistance medical and remedial care fund is hereby created in the state treasury. There shall be deposited in the fund:

(a) Moneys allocated by the [state board] *director* for the purpose of providing medical care or any type of remedial care to recipients from moneys made available to the state by the Federal Government for assistance to recipients; and

(b) Moneys made available by the state for the purpose of providing medical care or any type of remedial care to recipients.

2. Except as otherwise provided in subsection 3, any moneys so made available by the state, by appropriation or otherwise, shall remain in the fund and shall not revert to the general fund.

3. If the fund is dissolved, the Federal Government shall be reimbursed for its proportionate share of contributions into the fund, and any moneys remaining thereafter shall revert to the general fund.

4. The [state board] *director* may designate that the fund may cover any one, several or all items of the medical care or any type of remedial care costs as deemed most advantageous for the best interests of the state.

5. The state department may purchase necessary medical care or any other type of remedial care by contract or 'fee for service.' Each vendor or group who has a contract with the state department and is rendering medical care or any type of remedial care to recipients shall submit such charges for payment to the state department, and payment shall be made as other claims against the state are paid.

SEC. 20. NRS 427.190 is hereby amended to read as follows:

427.190 If in the future the Congress of the United States shall pass any law or laws that have the effect of liberalizing the participation of the Federal Government in the Nevada Old-Age Assistance Act, either as to the reduction of the age of eligibility for assistance or otherwise, the [state board] *director, in the name of the state, by 'The State Welfare Department,'* is authorized and empowered to accept the increased benefits of such congressional legislation, insofar as such acceptance may be legally delegated by the legislature to [such board.] *the director.*

Sec. 21. NRS 427.240 is hereby amended to read as follows:

427.240 Every person claiming or receiving assistance who is aggrieved because of the state department's action or failure to act shall be afforded reasonable notice and an opportunity for a fair hearing by the state [department.] *board.*"

MESSAGES FROM THE GOVERNOR

STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, March 28, 1961.

THE HONORABLE CHESTER S. CHRISTENSEN, *Speaker of the Assembly:*

Senate Bill No. 77 which has been approved by the Legislature amends the present law to provide, in effect, that the Washoe County Fair and Recreation Board shall have the absolute power of eminent domain or condemnation in acquiring real property for the acquisition of recreational facilities. The law now requires the "concurrence of the board" of County Commissioners in the acquisition of real property through the power of eminent domain. S. B. 77 then gives the complete power of eminent domain in such cases to the Fair and Recreation Board of Washoe County. The bill amends the law only for Washoe County. It does not apply to Clark County, which now has a Fair and Recreation Board, Elko County, or other counties which may in the future create Fair and Recreation Boards.

I will not attempt to recount the emotionalism, the charges and countercharges and the pressures that have surrounded the history of this bill in the

Legislature. This matter has been by far the most controversial and time-consuming of any before the Legislature this session.

Although only two counties, Clark and Washoe, up to the present time have Fair and Recreation Boards under the present statute, other counties have felt the need for such agencies. A bill has been passed by both houses providing that the Elko County Commissioners could create such a board under the same law. Other counties will in the near future desire the same type of legislation.

The principal and only argument advanced in either house by proponents of the bill has been to the effect that the present law is ambiguous and requires clarification. Although I do not find ambiguity in the present law, apparently a majority of both houses do. I have observed that some legislators of both Clark and Elko Counties supported the legislation. Some legislators from other counties which will need such boards in the near future supported the bill. I assume, therefore, that these legislators would want the same clarification for their own counties that they have provided for Washoe. If the present law is unclear, any clarification should be of statewide application and apply equally to all counties which have or may under the statute create Fair and Recreation Boards. It is quite necessary that the law regarding such boards be kept uniform and apply equally throughout the State.

In order, then, to provide the legislators from counties other than Washoe with the opportunity to apply this legislation to their own counties as well as to keep our laws uniform and consistent statewide, I am suggesting that I would be happy to sign a bill applying the provisions of S. B. 77 to all counties which now have or in the future shall create Fair and Recreation Boards. Such legislation could be quickly drafted and available for introduction by tomorrow.

It is not the business of this Legislature or of the Governor to attempt to settle local problems by providing legislation unless such legislation is in itself good legislation. This is particularly true when one county by amendment is lifted out of a law of general application. If the proposal of S. B. 77 is good legislation, it is equally as good for Clark and the other counties as it is for Washoe and will pass on its merits.

I am assuming that a uniform law will have at least as much support as did S. B. 77 and, therefore, is assured of speedy passage. I send this message now even before the bill has reached my desk in order to give the Legislature ample time to consider this suggestion during this session.

I join with those who feel that an auditorium and convention center is needed in Washoe County at the earliest possible time and that all responsible county and city officials should devote their time and efforts to this end. I am not at all convinced that either S. B. 77 or the uniform legislation proposed here will accomplish this purpose.

Sincerely,

GRANT SAWYER, *Governor.*

Amend the bill as a whole by adding thereto two new sections, which shall immediately follow section 1, shall be designated sections 2 and 3 and shall read as follows:

"Sec. 2. Chapter 387 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. Whenever the state board of education finds that any school district, actually employing 45 or less certified employees and for which there has been levied the maximum local tax of $1.50 for operating costs as authorized by law (and not including any special tax authorized by the provisions of NRS 387.290), cannot meet its budget requirements, the state board of education is authorized to make special quarterly apportionments, not to exceed a sum equal to $250 multiplied by the number of certified employees actually employed by the school district, from the emergency state distributive school fund, payable at the same time as regular apportionments are paid from the state distributive school fund. The state board of education is authorized to make regulations necessary to carry out the provisions of this subsection.

2. There is hereby created in the state treasury the emergency state distributive school fund. Moneys for the emergency state distributive school fund shall be provided by legislative appropriation from the general fund.

Sec. 3. There is hereby appropriated from the general fund in the state treasury to the emergency state distributive school fund the sum of $100,000."

Amendment No. 996.

Amend the title of the bill by striking out the last line of the title in its entirety and inserting in lieu thereof the following: "distributive school fund; to amend chapter 387 of NRS, relating to financial support of the public school system, by adding a new section providing for special apportionments to certain school districts; creating the emergency state distributive school fund and making an appropriation therefor; and providing other matters properly relating thereto."

GENERAL FILE AND THIRD READING

Assembly Bill No. 317.

Bill read third time.

The following amendments were proposed by the Committee on Ways and Means:

Amendment No. 1023.

Amend the bill as a whole by adding thereto a new section which shall be designated section 21, shall immediately follow section 20 and shall read as follows:

"Sec. 21. (a) For the fiscal year beginning July 1, 1961, and ending June 30, 1962, there is hereby appropriated from the general fund in the state treasury for the support of the office of atomic energy development and radiation protection the sum of $15,000. On July 1, 1962, any unexpended balance of the appropriation made in this paragraph shall revert to the general fund in the state treasury.

(b) For the fiscal year beginning July 1, 1962, and ending June 30, 1963, there is hereby appropriated from the general fund in the state treasury for the support of the office of atomic energy development and radiation protection the sum of $15,000. On July 1, 1963, any unexpended balance of the appropriation made in this paragraph shall revert to the general fund in the state treasury."

Amendment No. 1024.

Amend the title of the bill by striking out the last line of the title in its entirety and inserting in lieu thereof the following: "making an appropriation from the general fund in the state treasury for the support of the office of atomic energy development and radiation protection for the fiscal years 1961–1963; and providing other matters properly relating thereto."

Mr. Gibson moved the adoption of the amendments.

Remarks by Messrs. Gibson, McKissick, Tyson, Revert and Kean.

Amendments adopted.

Bill ordered reprinted, re-engrossed and to third reading.

Mr. Bleak requested that the following remarks be entered in the Journal:

I hate to interrupt at this time, but I would like to explain my vote on Senate Bill No. 19. I would like to get this entered in the record. I voted "yes" because this bill does some good, but I do not want our volunteer ambulance service discouraged at home because I voted "yes". We live the farthest in the State, other than Henderson, Boulder City and Mesquite, from Reno. We have a volunteer service of 17 members, people that all have the advance training.

Within that group there are 5 instructors who have taken additional training to become instructors. They have bought an ambulance within money allotted to them. They are all very busy men. They run service stations, drug stores and grocery stores and cashier in the bank. It is nothing to hear someone holler, "Lock up my store, I am going with the ambulance." I don't think any of them want anything for it. They have spent their time preparing themselves for this service. I hope that those of you who objected to the advance training for ambulance drivers will reconsider, and that in another session it will be put back in the bill.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 99, 143, 294, 307, 351, 387, 400, 444; Senate Bills Nos. 187, 229, 232, 235; Assembly Concurrent Resolution No. 14; Senate Concurrent Resolution No. 22.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

Amendment No. 811.

Amend section 1, page 1, by striking out lines 3 to 9, inclusive, in their entirety and inserting in lieu thereof the following:

"1. The commission may, if such leases or sales do not interfere with the use of such real property for wildlife management or for hunting or fishing thereon:

(a) Lease, for a term not exceeding 5 years, grazing or pasturage rights in and to real property which it owns, holds by reason of leases or controls by reason of any other legal agreement.

(b) Sell the timber and all other crops or agricultural products of whatever kind produced on such real property.

2. Except as provided in subsection 3, whenever the commission intends to lease grazing or pasturage rights or to sell or offer for sale timber or any agricultural products as provided in subsection 1, the

commission shall do so only by advertising for bids, reserving in such advertising the right to reject any or all bids.

3. Notwithstanding any other provisions of this section, the commission may enter into a lease with or make a sale to a state agency without advertising for bids if the rent agreed to be paid for such lease or the sale price agreed to be paid for any timber or agricultural commodities to be sold is, in the opinion of the commission, equal to the amount that would be obtained by advertising for bids.

4. If the commission finds that the highest or best bid is less than the amount that should be paid, the commission may reject all bids and negotiate with interested persons for such lease or sale, but in no event shall any negotiated price be accepted if less in amount than the highest bid therefor tendered for the same lease or sale.

5. If the commission has purchased real property and the deed therefor contains a covenant or provision giving to the grantor an option to meet the highest bid for any lease by the commission of grazing or pasturage rights to such real property or the sale of timber or agricultural products from such real property, the commission shall comply with the terms of such covenant or provision in the deed.

6. Subject to the provisions of subsection 8, the commission may enter into a lease or leases with the highest responsible bidder for the extraction of minerals, oil, gas and other hydrocarbons for a term of 20 years, and for so long thereafter as the lessees continue mining, drilling or continue to produce oil in commercial quantities. The compensation to be paid for such leases may be either:

(a) An agreed amount; or

(b) Based upon a royalty basis; or

(c) An agreed amount plus a royalty payment based upon units of production.

7. Subject to the provisions of subsection 8, the commission shall have the same authority to lease or sell thermal power as is provided in this section, but the commission may, in its discretion, enter into leases for the production of thermal power for terms not exceeding 99 years.

8. Any lease or leases executed pursuant to the provisions of subsection 6 or 7 shall, before coming effective, be approved by the governor."

Amendment No. 812.

Amend the bill as a whole by adding thereto a new section which shall be designated as section 2, shall immediately follow section 1 and shall read as follows:

"Sec. 2. This act shall become effective upon passage and approval."

Amendment No. 813.

Amend the title of the bill by striking out the last five lines thereof in their entirety and inserting in lieu thereof the following: "ing the state board of fish and game commissioners to lease grazing and pasturage rights in real property owned or controlled by the board and to sell timber, crops and agricultural products produced on such real property; imposing certain duties and conditions on the state board of fish and game commissioners relative to such leases and sales;

authorizing leases for the extraction of minerals, oil, gas and other hydrocarbons and for thermal power; and providing other matters properly relating thereto."

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Ways and Means, to which was referred Senate Bill No. 110, has had the same under consideration, and begs leave to report the same back with the recommendation: Do pass.

JAMES I. GIBSON, *Chairman.*

Mr. Speaker:

On February 21, 1961, pursuant to Assembly Resolution No. 20, the Speaker of the Assembly appointed a special committee, consisting of five members, to make an immediate and thorough study of the management, administration and related problems of the Department of Highways of the State of Nevada and report the same to the Assembly upon the completion of such study.

WHEREAS, there are presently unemployed in the State of Nevada some 10,000 workmen drawing unemployment insurance, which represents a higher than normal figure, and

WHEREAS, there does presently exist about $27,000,000 of Federal funds available for interstate highway construction, and

WHEREAS, there is some danger that approximately $5,000,000 may lapse

and not again be available for use by the Nevada Highway Department, this committee was appointed to study whether reasons for such delays in progress could be pointed out to the Highway Department by the Legislature or whether other difficulties existed than within the Highway Department which could be solved by legislative action or otherwise.

In an attempt to delve into these problems, the committee conducted numerous meetings and studies, during which eighteen persons were interviewed by the committee or by its members. As a result the following observations and recommendations are respectfully submitted to the Assembly.

Basically, the committee found that we have a very fine Highway Department with many dedicated and competent employees working for the State of Nevada. This report is not to be misconstrued as a criticism of the Highway Engineer or any of the personnel in the Department, but only to point out some of the weaknesses that we feel warrant attention.

It is evident that most of the delays in getting highway construction projects of various kinds underway, especially on the interstate system, are due to two principal factors:

Excessive delays in acquiring right of way necessary before construction can proceed, and delays of other types caused by almost complete control of interstate planning by the Bureau of Public Roads.

Delays in right of way acquisition are due to several causes—some curable, some not.

As a result of this committee's studies we have made the following findings:

(1) Since the Bureau of Public Roads is charged with administration of Federal funds, their job is to see that the States observe certain standards agreed upon in advance. The Bureau's policy on railroad access and location of right of way is inflexible. The Bureau is so exacting and demanding in carrying out its policy or ground rules set by the Federal Government that it has completely fettered the Highway Department in its operations.

Overall dependence of the Department on Bureau decisions has become one of almost complete subservience.

The attitude of nearly all personnel in administrative positions is one of fear of being overruled in decisions by the Bureau. There is a decided hesitancy of these people to make any decisions without first securing the Bureau's approval. Fear of buying excess right of way is almost an obsession with the Department. Its insistence that one hundred percent of all acquisitions be approved by the Bureau has resulted in lengthy delays of land purchases causing added costs due to accelerating land values. This delay in the Las Vegas and Reno areas could involve additional hundreds of thousands of dollars.

(2) There is an obvious lack of cooperation and coordination between the design section and the right of way section in the Highway Department.

The Design Department holds back information for land acquisition from the Right of Way Department until they have completed the alignment and limits of construction suitable to the Bureau's complete satisfaction.

(3) There is noted a decided reluctance to acquire any advance right of way until the exact and final limits of the entire construction project are complete and final, even though in many instances the general limits are closely enough established to include entire property takes.

Also, advance title searches, market data for appraisals and estimates obviously to be needed at a later date have been put off until the entire project has had final approval.

(4) Improper utilization of existing right of way personnel is apparent.

Reasons for a recent reorganization within this section are questionable to this committee. Investigation discloses that the wishes and suggestions of the Chief Right of Way Engineer were ignored by the appointment of two assistant right of way engineers who head separate departments. Under this reorganization the right of way engineer has not been able to properly administer his staff and section as efficiently as might be possible. Also the suggestions of the Chief as to personnel to fill these two new posts were not solicited.

As a further result of our investigation this committee has concluded the Right of Way Department has exhibited a lack of aggressiveness in property acquisition evidenced by prolonged negotiations with property owners. They are too tolerant in their negotiations. This results ultimately in higher land

costs and unnecessary delays in the institution of any eminent domain proceedings.

(5) Congressional intervention in route selections has retarded development of the interstate system, especially in the Reno area, and also has hampered the Highway Department with an excessive communication load on its design and clerical personnel.

(6) The convenience of the State Highway Engineer to the three elected Board members in Carson City is unquestioned. However, lack of time available to members of the Board makes it impracticable to study facts involved in many instances.

(7) There exists in the State of Nevada on the proposed interstate highway system 15 miles wherein the proposed right of way is contiguous to the existing Southern Pacific Railroad right of way, comprising only a few locations. The railroad is willing to authorize immediate right of entry and let the problem of locked gates and maintenance roads be settled at a later date, but apparently the Bureau of Public Roads is unwilling to okay construction until the problem is settled. As near as can be determined, extended delays involving up to a year or two have been caused by this deadlock.

(8) Sparsity of graduate engineers is noted throughout the entire Department. It was pointed out that the Nevada State Highway Department has been a training ground or stepping stone for professional engineers moving through the Department and on into private enterprises, or into some other highway department, because of the low salary schedule.

(9) The Legislature has exhibited a lack of interest in the Highway Department budget. Unnecessary expenditures of State Highway funds for maintenance, salaries and building construction could at some future time result in the loss of Federal matching funds many times over the actual expenditures.

(10) Consideration should be given to subcontracting of certain highway jobs. This could ease the strain on the design sections. Consulting engineers could be used on the secondary road building jobs.

RECOMMENDATIONS:

(1) The relationship between the State Highway Department and the Bureau of Public Roads should be clearly defined. The Bureau should only get involved to the point of checking Federal specifications and standards. Since office space is also a critical factor, consideration should be given to moving the Bureau of Public Roads from the State Highway Building. This move will also eliminate undue influence on the part of the Bureau.

(2) A responsible superior should more closely coordinate the work between design and right of way. The two groups should cooperate fully and correlate their efforts in order to expedite the work of right of way acquisition.

(3) The State Highway Department should assume a more aggressive policy on right of way acquisition. The reluctance of the Department to acquire right of way until the entire project is completely designed should be discouraged.

(4) The reticence of the Department to gain immediate right of entry by legal processes is both time-consuming and costly. A positive attitude and program should be developed on right of way acquisition.

(5) In fairness to the taxpayers of Nevada positions within the Department should be open only to the most qualified available personnel *based on merit.*

(6) Participation of right of way personnel in early location stages is advised. An experienced right of way man is in a position to give good advice on the ultimate cost of land acquisition for any proposed location. This knowledge may enable the Department to avoid a situation under which heavy severance or compensable damages might be incurred.

(7) It is recognized that right of way acquisition from the utilities is a major factor in the delay of some projects. Here again a positive approach of fair appraisal and condemnation could expedite matters.

(8) A new salary schedule and recruitment program should be evolved in order to entice outstanding engineering graduates into the State Highway Department on a career basis. Consideration should be given to an initial period of field work and department rotation as part of an in-plant training course. A dynamic new approach is needed to make this work challenging to prospective engineers.

(9) It is recognized that this committee has not had the time or opportunity to study problems of the Highway Department in depth.

It is recommended to the ensuing Legislature that this study be continued, partly in the field of budgetary control of the Highway Department. It is further recommended that a study be made as to the possibility or reorganizing the Highway Board in the form of a commission.

L. E. TYSON, *Chairman.*

Mr. Von Tobel moved that the report of the Special Committee to Study the Department of Highways be adopted.

Remarks by Mr. McKissick.

Motion carried.

REMARKS FROM THE FLOOR

Mr. Tyson made the following remarks:

Today being Mr. Edward Kruse's birthday, I would like to wish him a happy birthday and commend him for the fine job he has done during this session.

Mr. Speaker expressed his appreciation of the very efficient manner in which Mr. Kruse and his staff have performed their duties during the 1961 Session of the Nevada Legislature.

Mr. Von Tobel requested that the following remarks on Senate Bill No. 246 be entered in the Journal:

Mr. Speaker, I did it again. I missed my second chance to vote for the civil rights bill. I was quite shocked to find out this happened while I was down in the Senate on the second Conference Committee on the liquor bill, and I ask that my remarks and explanations be recorded again. Had I been here I would have been happy to vote for the bill. Thank you.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 119, 200, 240, 288, 306, 318, 352, 423, 429, 451, 76, 220, 265, 362, 365, 405, 428, 446, 449, 447, 454, 457; Senate Bills Nos. 19, 64, 126, 139, 158, 159, 181, 188, 208, 217, 236, 239, 241, 242, 243; Assembly Resolution No. 26.

Motion carried.

GENERAL FILE AND THIRD READING

Assembly Bill No. 456.

Bill read third time.

Remarks by Messrs. Gibson, Buckingham, Crawford, Von Tobel, Pozzi and Bailey.

Mr. Bailey requested that the following remarks be entered in the Journal:

Yesterday, I advocated support of Senate Bill No. 159 with the understanding that 40 acres of this land were to be used by the Highway Department to relocate their garage and maintenance buildings from the triangle south of town and also as a site for a new highway building.

Line 11 on page 4 of Assembly Bill No. 456 is an authorization of $754,000 to purchase the present highway building. Under the arrangement contemplated, the Highway Department will use this sum and a like amount of highway funds to construct a new building for themselves.

The above arrangement grew out of a recommendation by the State Planning Board that $750,000 of Highway funds be used, along with a similar amount from the general fund, to construct a new state office building to house the Motor Vehicle Department and a number of general fund agencies. However, based on a plan to use the 40 acres to be acquired from the Nevada State Children's Home, where adequate room permitted construction of Class 2 buildings at greatly reduced building costs, the State Highway Engineer agreed to sell the present building and construct a new highway building to house both the Department of Highways and the Motor Vehicle Department.

Comments made yesterday when Senate Bill No. 159 was under consideration indicated there may be some plan afoot now to construct the new Highway Department building somewhere near the present location, and I want to make it a matter of record now that I, for one, and I believe other members of the Roads and Transportation Committee as well, supported Senate Bill No. 159 on the grounds the land acquired would be used for the new Highway building. So far as the State Highway Engineer knows, this is still the plan, as I have talked to him about this matter this morning.

The present plan is actually a raid on the Highway fund. In effect, it will require the expenditure of at least three-quarters of a million dollars to give the department less than 15,000 square feet of space. The Highway Engineer says he can build a new laboratory on his present parking lot for $300,000 and acquire more than 10,000 square feet of space in the present building—enough to meet his own needs for the foreseeable future. So the Highway fund is being raided to the extent of $450,000 to make this trade. Any attempt to build the new building on other than the land provided in Senate Bill No. 159 will be a breach of faith with those of us who have supported the plan to make the building trade.

I intend to ask that these remarks be entered verbatim in the Journal and if there are others who have supported Senate Bill No. 159 under the same understanding as mine, I suggest that they also make their views a matter of record.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 1, 1961.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Assembly Bill No. 456.

LEONA MUNK,
Assistant Secretary of the Senate.

REMARKS FROM THE FLOOR

Mr. Kean requested that the following remarks be entered in the Journal:

Mr. Speaker, I would like to make a few remarks at this time to be entered in the record. I feel that we made two major mistakes during this session. They consist of more than doubling the cigarette tax. We have a 3-cent tax. Doubling that would have been 6 and we went to 7. We doubled the tax on the wine industry. In these two fields, during this session, we made two major mistakes, in that we did tax two industries out of a competitive position. Regardless of whether they are luxury industries or something some people will class as nonessential, it is an industry. We do recognize it. They do pay taxes. And I think in these two fields we have gone too high without proper study before doubling the tax. I caution against that in the future. It is something to watch in the future—the net result of doubling the tax. I predict a disastrous result.

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 287, 327, 433, 453, 458, 398, 48, 456, 334, 438, 441, 455, 385, 450; Senate Bills Nos. 25, 110, 246, 247, 248, 249, 250, 251, 252, 223, 201, 237; Assembly Joint Resolution No. 21; Assembly Concurrent Resolution No. 17; Senate Concurrent Resolution No. 17; Assembly Resolutions Nos. 27, 28, 24.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker appointed Messrs. McElroy, Johnson and Murphy as a committee to wait upon His Excellency, Grant Sawyer, Governor of the State of Nevada, and to inform him that the Assembly was now ready to adjourn *sine die*.

Mr. Speaker appointed Messrs. Bunker, Bybee and McKissick as a committee to wait upon the Senate and to inform that honorable body that the Assembly was now ready to adjourn *sine die*.
