The Governor delivered his message as follows:

MESSAGE OF THE GOVERNOR TO THE LEGISLATURE OF NEVADA FIFTY-FOURTH SESSION, 1967

CARSON CITY, January 18, 1967

Mr. President, Mr. Speaker, Distinguished Members of the Legislature and Guests:

It is with a great deal of pleasure I welcome you to Carson City and these Legislative Halls.

Some of you have spent many sessions here. Others of you are here for the first time.

I have spent several sessions with the veterans. I know something of the problems you will face during your stay here.

I have a great deal in common with your newcomers, too.

Like you, I have held my job for only a short time and view my new position with much awe and some apprehension.

The veterans among you will know what I mean when I say that I am now "that guy" downstairs.

However, I assure you that although our positions are now separated by the Constitution and a stairway, my door will be open at all times to you. I sincerely hope we can keep the lines of communication open both ways during this session.

It is my pleasure now to render the Governor's Report of 1967.

CONDITION OF THE STATE AND DIRECTION FOR THE FUTURE

I renew my pledge that one of the first roles of my administration will be to review and study the programs of our State.

In meeting the challenges of the future, we must first determine where we are going; what our real aspirations are; what the actual needs of our citizens will be.

Where new services are requested, we must ask ourselves the question: Are they necessary?

If the answer is "yes," we must then decide if they can be best provided at the state or local level, remembering that the government closest to the people is the government most responsive to the people.

While those determinations are being made—while we are evaluating the actual condition of the State—I ask your help in maintaining a "hold the line" policy.

I do not, however, ask you to stand still. I do ask you to proceed with caution, remembering that in the past we have too frequently acted in haste, providing temporary answers where a solid framework of solutions were demanded.

We must take stock of our problems boldly. It is time for a reappraisal.

There is no limit to the areas in which we can spend money.

There is a limit to our fiscal resources.

We can expect no miracles.

In considering the demands which will be made on you at this session, I ask that you question closely whether they represent needs—or merely desires.

Next, I ask that you consider carefully and honestly, whether the programs that you are asked to fund are ones which properly are the function of the State, or if they might be carried out more efficiently by local government, or through private means.

Working together to find the answers to the many difficult problems we will encounter in the weeks ahead, I believe we can give the citizens of Nevada a more efficient and economical government—and one which will meet their needs responsibly.

STRENGTHENING THE LEGISLATURE

Notwithstanding specific constitutional provisions that the three branches of our state government are separate and distinct, the very growth of government itself during past years has enhanced the power of the Executive Branch at the expense of the Legislative Branch.

To meet today's problems a legislator must have the tools with which to work.

Your Legislative Counsel Russell McDonald has several times in the past proposed the methods by which the Legislature can streamline and modernize, and assume its rightful role.

I urge you to seriously weigh these recommendations.

The Legislature must regain its initiative. I suggest that during this session you take a hard look at your accustomed methods and procedures with the goal of adopting modern techniques to again make the Nevada Legislature a vital and necessarily competitive branch of our three-branch governmental framework.

I recognize the long hours and devoted attention to duty displayed by the staff of the Legislative Counsel Bureau. However, to meet your greatly increased responsibilities, you need the assistance of additional highly competent technical and research staffs.

Only by this method can you obtain the facts which you need to formulate programs and enact sound legislation demanded by the people.

An examination of our constitutional provisions limiting the independence of the Legislature should be made with the aim of placing once again in legislative hands a primary responsibility for leadership.

You can fulfill this role only when your own procedures have been modernized to maximum efficiency.

GOVERNMENT SPENDING AND GROWTH

During the past decade, appropriations by the Legislature have nearly quadrupled.

In the years between 1959 and 1966 alone, the State has appropriated nearly three million dollars more than its income.

We are told we face the possibility that this session of the Legislature will overspend state income by nine million dollars.

This cannot be allowed to happen.

Our state population and economy has grown rapidly during the last decade. So has state government.

We must reassess what has happened.

I strongly suspect that the services of state government have not matched the increase in state personnel; that we have been building for quantity rather than quality.

We should strive for a more efficient work force and a position which will permit us to pay higher salaries for quality employees.

There is no room in state government for employees who do not take pride in their work and who do not put forth their best efforts.

The administration will do its utmost to carry out the intent of the Legislature that merit raises are earned, not granted automatically.

Additionally, I propose that there be instituted a system of recognition and merit pay allowances for employees who provide extraordinary service to the State, or whose suggestions for improvement prove beneficial to the State.

ECONOMIC DEVELOPMENT

It has been evident over the years that the Legislature has lost confidence in the Department of Economic Development.

It is the intention of my administration to restore that confidence through performance.

The department will not, under any circumstances, be used for political purposes.

With the help of the Legislature, I hope to find the correct path for the department to follow; to determine exactly what it should do and should not do.

I am already investigating a proposal that, with the help of computer techniques, might help it embark on a new program of attracting specific industries by matching their needs with the specific advantages Nevada has to fulfill them.

It is an exciting prospect, and one which I may develop in a further message.

CIVIL RIGHTS

In the field of human rights, I am convinced that we must transcend mere law and regulation.

This Legislature in 1961 and again in 1965, declared a policy that there shall be no discrimination in Nevada.

Unless we gather the strength of public opinion, laws will be ignored. We must continue to work to assure a future free of discrimination.

I have instructed the new Equal Rights Commission to be a problem-solving group, addressing itself primarily to the problems of securing jobs and financing for homes so that all of our citizens will have an equal opportunity to work meaningfully and provide housing for themselves free of discriminatory practices.

GOVERNMENT TASK FORCE

In helping to find some of the answers to the problems that confront us, my administration will give priority to the creation of a task force of men and women who will help guide us toward productive, efficient and economical government.

They will come from business, industry and professional and educational groups. They will be loaned to the State without cost to the taxpayers to conduct the studies that are needed.

I am confident this task force will be a vital factor in providing the direction for state government in the years to come.

In addition to this type of study being undertaken on the executive level, there are several studies which I would hope the Legislature would initiate and carry out.

RECOMMENDED LEGISLATIVE STUDIES

1. *Juvenile Court Act*

There is a growing concern over the methods of handling juvenile offenders and the growing rate of crime among the young people of our nation.

I strongly urge you to make a complete and careful reevaluation of our juvenile court system and take the action you deem necessary to make it conform to the modern needs of our society.

2. *Court System Study*

The Board of Governors of the State Bar Association of Nevada has endorsed a plan for a legislative study and survey of the court structure of Nevada with the aim of modernizing the courts which were established 102 years ago.

I recommend this for your consideration and urge action upon it.

3. *Labor Study*

Serious consideration and attention should be given to the labor problems that have plagued this State, particularly Clark County, during the past year to determine how state government can be used to prevent recurrences.

It is my hope that appropriate committees of the Senate and Assembly will, early in the session, initiate hearings that would develop the viewpoints of both management and labor.

It is essential to Nevada's economy that a method be devised for satisfactorily avoiding the disruptive disputes of the past.

The laboring men and women of Nevada are highly dependent upon the Nevada Industrial Commission and the Employment Security Department in the event of accident or misfortune.

I urge you to carefully examine all applicable laws in order to determine if adequate protection now exists.

SPECIFIC LEGISLATION

In the following areas, I am making specific recommendations for action at this session:

1. *Repeal of the 1965 Parole Act*

I urge you to repeal the provisions of the so-called Early Parole Act passed by the 1965 Legislature.

This act has received the overwhelming disapproval of most all Nevadans.

2. *Criminal Code*

One of our greatest unresolved problems has been an antiquated, unwieldly century-old criminal code.

Thanks in great part to the splendid job done by your Legislative Commission Subcommittee, headed by Speaker Mel Close, you will have presented to you an entire new code.

I urge you to give careful consideration to the recommendations of the Commission.

Changes in the proposals may be desirable and some will be called to your attention.

But, I'm sure you will be able to work out differences of opinion and adopt a new criminal code which we have needed so badly for so long.

3. *Law Enforcement Assistance*

There is an increasing need for a state criminal identification agency to aid local law enforcement officers in combating the high crime rate.

This is strongly urged by law enforcement personnel throughout the State.

I join with them in asking that you give careful consideration to their proposal to help in the fight against the increasing, disgraceful crime rate.

4. *State Supreme Court*

The number of cases before the State Supreme Court has been growing rapidly, casting an increasingly heavy workload upon the three justices.

Nevada's Constitution provides for an increase from three to five justices by legislative action.

The court has recommended that this be done.

I concur in this recommendation.

5. *Conservation, Parks, Recreation*

Conservation of our natural resources is one of our greatest challenges.

It is a challenge that must be met now, for tomorrow may be too late.

We are moving forward in the effort to make the creation of a park at Lake Tahoe a reality.

We also plan continuing efforts to insure that Lake Tahoe remains free from pollution, so that future generations of Nevadans can enjoy the lake and land around it.

I urge that a portion of the money in the Parks budget for capital improvements be used for the first step of development of the Red Rock Recreation Area near Las Vegas.

Development of the Red Rock area as a park will be a cooperative effort between the State and the Bureau of Land Management, which will spend approximately $150,000 for campsite improvements in the near future.

6. *Water*

Very quickly, we must take the necessary steps for a statewide water inventory and analysis, moving toward the adoption of a plan which will guarantee the water needs of future generations.

In view of the present uncertainty surrounding the fate of the Southern Nevada Water Project at the federal level, I would suggest the Legislature take some initiative of its own in this matter.

It has been suggested by some that the project be financed by private industry.

It might be well to consider this possibility instead of waiting and hoping that Congress will some day get around to appropriating the funds.

7. *Mining*

Mining has a bright future in Nevada in the years to come, but only if our outdated mining laws are brought into step with our present situation.

Amendments should be made to the present code to encourage and facilitate mining exploration, and make such ventures attractive to those who would invest in the State's mineral wealth.

With new scientific techniques, Nevada could be on the verge of a new Comstock Era—but only if an updated mining code assures that their use would be economically sound.

8. *Highway Safety*

I think you should be aware of the Federal Highway Safety Act of 1966, which sets the national criteria for improvement of highway safety, including mandatory vehicle inspection, mandatory driver training in our public schools and uniformity in state, county and city traffic laws.

Standards for state performance are in preparation by a proper federal authority. We must be prepared as a state to comply with the act when these standards are established.

Necessary legislation should be considered and passed this session.

9. *National Guard*

This administration is preparing legislation for your consideration proposing a complete revision of the military statutes of this State.

This has not been done, except on a piecemeal basis, since 1929.

To illustrate the antiquity of our present military code, there exists a provision that a Nevada trooper can draw a $2 a day hay allowance for his horse.

I urge your serious consideration and passage of this important legislation.

10. *Firemen*

The Federated Fire Fighters of Nevada, the Nevada State Fire Advisory Board, the Nevada State Fire Chiefs' Association, the Nevada State Firemen's Association and the State Fire Marshal have prepared a series of legislative recommendations for your consideration.

Among these recommendations is a comprehensive study of state fire laws and extensive recodifying and proposed additions to Nevada's fire laws prepared by the State Fire Marshal.

I urge you to give special attention to this proposal.

11. *Central Records Bureau*

I am recommending legislation be enacted creating a central records system for recording marriages, divorces and marriage annulments in Nevada similar to the method used to keep statistics of births and deaths.

The change would bring Nevada into line with 43 states which maintain central recording systems of this type.

The program will be self-maintaining through fees charged for certificates.

12. *State Purchasing*

The present law governing state purchases makes no distinction between Nevada bidders and those from out-of-state.

California and Arizona, among other states, provide a 5 percent differential favoring local bidders whose businesses add to the local economy.

That procedure makes good sense.

I recommend that you consider making a similar provision in Nevada's purchasing law.

13. *Savings and Loan*

There has been an area of concern surrounding the full effectiveness of the State's control over savings and loan associations.

Legislation to strengthen the State's position in regulating these institutions will be brought before you.

I urge you give it serious, fair consideration.

GAMBLING

During the last several years, Nevada's image, and that of its legalized gambling industry has deteriorated.

Gambling has come under increasingly frequent and bitter attack from outside the State.

If the condition continues and worsens, the industry and our economy as we know it today will be in serious trouble. It may not survive.

We do not intend to let that happen.

We must convince people outside the State, including federal officials, that the tail is not wagging the dog; we control gambling—it does not control us.

I have already taken steps which I believed necessary to insure strong control

and enforcement of present laws and regulations. I believe they will greatly improve the picture we present to people outside the State.

More must be done.

I ask you, now, to consider revision of our gaming laws to give the State more authority—more muscle—in controlling its most important industry.

One valuable addition to the arsenal of gaming enforcement would be the ability to *fine* an offending licensee.

Counsel for the Gaming Board has indicated this would be of valuable assistance in situations where a severe penalty such as revocation or suspension might not be in order.

I am also submitting for your consideration a proposal to allow gaming authorities the power, upon Court order, to place casinos into receivership where violations are charged, during the pendency of the hearings upon the charge.

This will permit their continued operations while disciplinary proceedings are pending. It will eliminate the problem of throwing hundreds of people out of work and seriously disrupting a local economy by closing a club.

In the past, the drastic effects of emergency closure have been a deterrent to effective action.

THE UNIVERSITY

You are all aware that by constitutional provision, we have only one institution of higher learning in the State of Nevada.

The growth of our State has resulted in the establishment of Nevada Southern University in Las Vegas as a branch of that institution.

All Nevadans are proud of the remarkable growth of the Nevada Southern campus. My administration pledges itself to make it a full partner in our university system.

I believe the time has come to end intersectional rivalries for the tax dollars needed to expand the two campuses.

If the University is to grow, the two campuses must grow together.

In many areas, competition between the two schools is good and desirable, but the quality of education should not suffer because of blind rivalry.

I urge you to forget that you are from the North or South and work together as Nevadans, judging projects on their merits, not their locations. Both campuses must grow within the limits of financial responsibility and capability to benefit the entire State.

With the growing complexity and scope of higher education, the need for impartial evaluation of university aims, programs and budgets become more apparent each year.

Recognizing the need for such an evaluation as a service to both the Executive and Legislative branches of government, a number of states have created commissions of higher education.

Membership on these commissions has been drawn from the professional and business fields, and from the ranks of faculty experts within the universities themselves.

We propose to investigate the desirability of creating such a commission in Nevada, with services available to both the Governor and Legislature.

PUBLIC SCHOOL EDUCATION

As your Governor, I consider the development of a quality educational system in Nevada to be the most vital and the most serious challenge we face.

In my view, education is the real answer to our most pressing social problems.

I also believe strongly in local control of our public schools. I mean the school trustees and the people on the local level are in the best position to know and reflect their desires concerning schools in that area.

In regard to school financial support—it is our constitutional responsibility, yours and mine, to provide adequate funds to continue to educate properly our young people. The Peabody Formula was originally based on providing good educational opportunities for all of our boys and girls in the State, wherever they may live.

A great deal of effort has been devoted to the establishment of a new formula, one possibly better suited to our changed situation. Serious consideration should be given this matter. However, let us be very cautious and deliberate before we

abandon the known quantity of Peabody as opposed to the unknown quantity of a new formula.

You will, during this session, I'm certain, be requested by school people to provide additional funds for public school education.

In the few short days we've been in office we have been unable to evaluate fully the merit of such a request.

I will not in this situation, or any other, make proposals or recommendations to you unless we have sufficient time to factually support and justify the same.

This should not, however, preclude you from making your own determination. If after due deliberation, you find that we are not meeting our responsibility to public education it will become your duty to make adequate provisions to correct the situation, even if additional revenue is needed.

I have mentioned earlier that it is my intent to have a number of task forces studying our major agencies in the State. I hereby charge the State Department of Education, the public schools and interested private citizens with this responsibility in the field of education. Providing leadership in the development of a comprehensive study of the needs of our public school system must be the State Department of Education's responsibility. I would want this agency to begin to assume the leadership role that is theirs.

HEALTH AND WELFARE

The State has an essential and proper role in the field of health and welfare.

We must assess the needs of our people today, and project them for tomorrow.

One of our most important responsibilities is assuring that all people in this State receive proper medical care. We must find adequate means for paying for the cost of that care.

The federal government has been made a major participant in the joint financing of medical services, not only for those over 65, but for children on public support, the blind, the disabled and those judged medically indigent.

The provisions of the federal law require that all states develop a joint program for most of those persons under Title 19 of the act. This must be done by 1969.

I propose we revise present state and county medical care programs to meet Title 19 standards and reduce the total cost to the State and counties.

The State cannot assume the full cost now paid by the counties for this care without new tax revenues.

Consequently, I will ask for a limited Title 19 program with a state-county formula for sharing matching costs. The specific proposal will be presented to you later in the session.

It will involve some revision of the proposed budget.

AIR POLLUTION

Problems of air pollution are becoming significant in Nevada, and must be met aggressively.

I will propose legislation calling for the State Board of Health to serve as a state air pollution control body to establish minimum standards, and to work cooperatively with the two district air pollution boards already in existence.

My administration will move ahead with programs to analyze the health and welfare programs of the State. It is also in the process of reviewing the effectiveness of the State Mental Hospital, the Youth Training Center for Boys at Elko, the Girls' School at Caliente and the Children's Home in Carson City.

Establishment of a new mental health center in Las Vegas will be recommended in the budget.

CONSTITUTIONAL AMENDMENTS

I am requesting that you consider three proposals for amending the Nevada Constitution.

I ask that you set the machinery in motion to initiate amendments lowering the voting age for citizens from 21 to 18; limiting the Governor to two consecutive 4-year terms; establishing annual sessions of the Legislature, with the even-year session devoted to budgetary matters and extraordinary items brought to the attention of the Legislature by the Governor.

There are valid and urgent reasons for each request.

Lowering the Voting Age

You have been asked before to consider an amendment permitting young adults of 18 to vote. It is now time to take action.

As we have seen in the last election, and in the campaigns before it, young men and women are among the most active—and knowledgeable—political workers.

Their willingness to accept civic responsibility should be rewarded with the privilege of voting.

So should their willingness to accept the sacrifices our country has called on them to make on its battlefields since our founding days.

I believe, firmly, that young Americans are ready, at 18, to assume the role of voting citizens. I ask you to initiate action to amend Section 1 of Article 2 of the Constitution and appropriate sections of the Nevada Revised Statutes to lower the voting age of citizens from 21 to 18 years.

Limit Governor to Two Terms

I think it is essential in the executive branch of government that there be changes so new ideas and approaches through new people can enter into the political mainstream of any state.

On the federal level, we have seen fit to limit the President of the United States to two consecutive terms in office. This is wise.

I think the need for it is even stronger in the state where personalities and ease in establishing power centers can combine to create political machines.

This very often results in an executive, despite his own wishes and inclinations in the matter, seeking a third term when his own interests and the interests of the public would dictate otherwise.

I think that tradition in Nevada has safeguarded the concept of limiting Governors to not more than two terms in office, but as we grow, that tradition should be fortified by constitutional safeguard.

I therefore ask you to initiate action to amend Section 2 of Article 5 of the Nevada Constitution to limit the Governor to two successive elective terms in office.

Annual Sessions

Effectively, Nevada has had annual sessions of the Legislature for the past 14 years.

During this period, the Legislature has met in each year except 1962.

It is almost impossible in these rapidly changing times to predict the spending and other needs of the State accurately for 2 years in advance.

It is particularly difficult to estimate spending and revenue patterns.

Under the present system, state agencies must prepare their budgets for a 2-year period 8 months before they become effective—32 months before the spending period is to be completed.

The Legislature must act on the budget 3 months before the spending period begins and 27 months before it will end.

This has caused unrealistic budgeting and other practices.

I believe that if you and I are to follow a course of sound fiscal planning and management, annual sessions are required.

I am therefore urging you to initiate action to amend Section 2 of Article 4 of the Nevada Constitution to provide for budget sessions in even-number years for a period of not to exceed 30 days. Consideration should also be given to establish procedures whereby other legislation of a critical or emergency nature might also be allowed on the agenda.

Budget matters ordinarily involve only the finance and taxation committees leaving the remaining Legislators with little, if anything to do. They could and should occupy themselves with this type of legislation.

CLOSE

The Nevada Constitution provides that the Governor "shall communicate by message to the Legislature at every regular session the condition of the state and recommend such measures as he may deem expedient."

In making this report to you, I have made every effort to keep closely in mind the separation of powers between the Legislature and Executive Branch of government and the different functions, duties and responsibilities that each has.

At the same time, I impress on you that our aims are identical and that they can best be realized through a free flow of communication and exchange of ideas.

We have the same goal—the best possible government at the lowest possible cost for the citizens of Nevada.

Working together as a team, we will reach this objective.

From time to time throughout the session, as I become better acquainted with the needs in all areas, I will transmit to you other matters that I feel need your attention.

Nevada law requires that I submit my budget and budget message to you within 10 days after you convene. In this report I have avoided reference to specific budget matters.

Because of the short space of time between my inauguration and the opening of the session, I ask your permission to appear before you next week to present the budget.

You have my heartfelt wish for a productive session. I solicit your cooperation and pledge you mine.

Thank you.

Senator Dodge moved that the Senate and the Assembly in Joint Session extend a vote of thanks to the Governor for his competent, able, and constructive message.

Seconded by Assemblyman Jacobsen.

Motion carried unanimously.

Assembly Joint Resolution No. 4 of the 53d Session—Proposing amendments to Sections 1 and 9 of Article 6 of the Constitution of the State of Nevada, relating to the enumerated courts where judicial power is vested, allowing new courts to be created and their jurisdiction fixed by law.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Sections 1 and 9 of Article 6 of the Constitution of the State of Nevada be amended to read as follows:

Section [.] 1. The Judicial power of this State shall be vested in a Supreme Court, District Courts, [and in] Justices of the Peace [.] *, and such other courts as may from time to time be created by law.* The Legislature may also establish Courts for municipal purposes only in incorporated cities and towns.

[Sec:] *Sec.* 9. Provision shall be made by law prescribing the powers, duties and responsibilities of any [Municipal Court] *municipal or other court* that may be established *by the legislature* in pursuance of Section [One,] *1* of this Article; and also fixing by law the jurisdiction of [said Court so as not to conflict with that of the several courts of Record.] *such courts. The jurisdiction of municipal courts shall not conflict with that of the several courts of record.*

Mr. Swackhamer moved that the resolution be referred to the Committee on Judiciary.

By the Committee on Ways and Means:

Assembly Joint Resolution No. 10 of the 53d Session—Proposing to amend Section 15 of Article 6 of the Constitution of the State of Nevada, relating to compensation of judges, by repealing provisions for quarterly payment and for payment of district judges from county treasuries and by providing that judges be paid in the manner provided by law.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 15 of Article 6 of the Constitution of the State of Nevada be amended to read as follows:

[Sec:] *Section* 15. The Justices of the Supreme Court and District Judges shall each receive [quarterly] for their services [,] a compensation to be fixed by law and *paid in the manner provided by law,* which shall not be increased or diminished during the term for which they shall have been elected, unless [in case] a Vacancy occurs, in which case the successor of the former incumbent shall receive only such salary as may be provided by law at the time of his election or appointment; and provision shall be made by law for setting apart from each [years] *year's* revenue a sufficient amount of Money, to pay such compensation. [; Provided, that District Judges shall be paid out of the County Treasuries of the Counties composing their respective Districts.]

Mr. Swackhamer moved that the resolution be referred to the Committee on Ways and Means.

Motion carried.

By Messrs. Gibson, Bunker, Bailey, and Gray:

Assembly Joint Resolution No. 21 of the 53d Session—Proposing to amend Section 3 of Article 9 of the Constitution of the State of Nevada, relating to state indebtedness, by increasing the maximum allowance for the state public debt to 3 percent of the State's assessed valuation, by providing a flexible method of determining such valuation, and by restricting the contracts permissible outside the debt limit.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 3 of Article 9 of the Constitution of the State of Nevada be amended to read as follows:

Sec. 3. The state may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of [one] *three* percent of the assessed valuation of the state, as [shown by the reports of the county assessors to the state controller,] *determined by the state controller in the manner provided by law,* except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semi-annually, and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the state, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the state in time of war, or, if hostilities be threatened, provide for the public defense.

The state, notwithstanding the foregoing limitations, may, pursuant to authority of the legislature, make and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property, [or natural resources,] or for the purposes of obtaining the benefits thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise. The legislature may from time to time make such appropriations as may be necessary to

carry out the obligations of the state under such contracts, and shall levy such tax as may be necessary to pay the same or carry them into effect. *All contracts made under former provisions of this section shall remain valid and enforcible.*

Mr. Swackhamer moved that the resolution be referred to the Committee on Taxation.

Motion carried.

By Mr. Pozzi:

Assembly Joint Resolution No. 28 of the 53d Session—Proposing an amendment to Article 4 of the Constitution of the State of Nevada, relating to the Legislative Department, by adding a new section allowing the Legislature to consolidate the city designated as the seat of government and the county containing it.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Article 4 of the Constitution of the State of Nevada be amended by adding thereto a new section to be designated Section 37, which shall immediately follow Section 36, and shall read as follows:

Sec. 37. Notwithstanding the general provisions of sections 20, 25, 26, and 36 of this article, the legislature may by law consolidate into one municipal government, with one set of officers, the city designated as the seat of government of this state and the county in which such city is situated. Such consolidated municipality shall be considered as a county for the purpose of representation in the legislature, shall have all the powers conferred upon counties by this constitution or by general law, and shall have such other powers as may be conferred by its charter. Notwithstanding the general provisions of section 1 of article 10, the legislature may create two or more separate taxing districts within such consolidated municipality.

Mr. Swackhamer moved that the resolution be referred to the Committee on State, County, and City Affairs.

Motion carried.

Mr. Wooster moved that Assembly Bill No. 1 be taken from the Second Reading File, considered engrossed, declared an emergency measure under the Constitution, and placed on third reading and final passage.

Remarks by Messrs. Wooster and McKissick.

Motion carried.

SPECIAL ORDERS OF THE DAY

The hour of 10:30 a.m. having arrived, vetoed Assembly Bills Nos. 4, 347, 536, and 617 of the 53d Session were considered.

Vetoed Assembly Bill No. 4 of the 53d Session.

Bill read.

Governor's message stating his objections read.

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, April 14, 1965

THE SPEAKER, *Nevada State Assembly*, Assembly Chambers, Carson City, Nevada

DEAR MR. SPEAKER: I am returning without my approval A.B. 4 which relates to the disclosure of information by, and the assignment of wage claims to the Labor Commissioner.

Section 1 of this bill is an unnecessary encroachment by the fiscal analyst into the administration and operation of the office of the Labor Commissioner. I disapprove of singling out this office and no other for such purposes.

The provision of Section 2 of this bill which requires that moneys collected for wage claims shall escheat and be paid into the General Fund after 7 years is also unrealistic. This money is collected by the Labor Commissioner on behalf of the wage claimant and should never be used by the State unless it is established that the claimant is deceased and there are no heirs. Furthermore, all cases may not be settled within 7 years. There is presently a case which has been pending for 5 years. It is now in Federal Bankruptcy Court and because of its complicated nature may not be settled within 2 more years.

I am therefore vetoing A.B. 4.

Respectfully,
GRANT SAWYER, *Governor*

Remarks by Mr. Kean and Mrs. Tyson.

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, April 14, 1965

THE SPEAKER, *Nevada State Assembly,* Assembly Chambers, Carson City, Nevada

DEAR MR. SPEAKER: I am returning without my approval A.B. 347 which authorizes boards of county commissioners to contract with any hospital for the care of indigent persons within the county.

After a review of this bill I am convinced that it could, if utilized to its fullest extent, adversely affect the staffing, operation and administration of county hospitals throughout the State, and thereby possibly lower the level of medical care for the indigent patient.

I am therefore vetoing A.B. 347 because I do not feel that it is good practice to write solutions to administrative problems into the statutes.

Respectfully,

GRANT SAWYER, *Governor*

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, April 14, 1965

THE SPEAKER, *Nevada State Assembly,* Assembly Chambers, Carson City, Nevada

DEAR MR. SPEAKER: S.B. 244 is good legislation, more clearly defining and increasing the penalties for gross lewdness and indecent or obscene exposure. I have signed S.B. 244.

A.B. 536 is a bill which makes it a gross misdemeanor to use foul, offensive, or indecent language in the presence of a child under 14. A person convicted could not be released except upon the certification of a psychiatrist.

It is essential that we do all within reason to protect our children and the public from morals offenders. In the process we must be exceedingly careful not to enact legislation so broad that innocent persons could be unjustly accused and their reputations irreparably damaged. The use of offensive language is not an uncommon practice. Just which words might arouse, appeal to, or gratify the lust, passions, or sexual desires of the user or others is a matter that would depend entirely upon the views of the persons involved and the particular circumstances of the case.

The language in the bill is so broad that reasonable family relationships could be restricted.

We want to protect against evil, but the greatest danger of all to the democratic system, in my view, is hasty and ill considered action based upon fear and hysteria. Measures spawned by panic can so unreasonably restrain the free flow of communication and action between Americans that the most precious heritage of all, freedom, will ultimately be the victim. When our freedom is unreasonably destroyed, all else is academic.

For these reasons, I therefore veto A.B. 536.

Respectfully,

GRANT SAWYER, *Governor*

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, April 14, 1965

THE SPEAKER, *Nevada State Assembly,* Assembly Chambers, Carson City, Nevada

DEAR MR. SPEAKER: I am returning without my approval A.B. 617 which grants complete administrative authority over juvenile facilities to the director of juvenile court services in counties having a population of 120,000 or more.

The authority given to the director of juvenile court services by this legislation is far too broad and in many instances comes into direct conflict with the authority and supervisory functions presently exercised by divisions within the State Department of Health and Welfare. The bill apparently places jurisdiction in juvenile authorities over such homes as The Good Shepherd Home, Divine Providence Day Nursery, and other parochial or religious institutions.

This legislation interposes another layer of administrative authority which I deem undesirable and I therefore veto A.B. 617.

Respectfully,
GRANT SAWYER, *Governor*

The President of the Senate welcomed the Governor and invited him to deliver his message.

The Governor delivered his message as follows:

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, January 25, 1967

Mr. President, Members of the Senate and the Assembly:

You have my thanks for permitting me to appear before you for the second time in this session.

I have been told that I may be breaking with tradition by coming up from the first floor to talk with you again—this time on the budget—but I do not look on it in this light.

For my subject today is a logical extension of the report on the condition of the State which I gave you last week.

To a great extent, the budget I hand you today is a reflection of the condition of the State as we found it.

Since financing will be the greatest problem facing this body, I thought it would be advantageous for me to come before you once more to hand you the Executive Budget, to explain my budget philosophy and proposals for the coming biennium.

The general conception of the American taxpayer is of a poor little fellow staggering under his burden of governmental expenditures.

In this chart, in which we have portrayed the tax burden for the Nevada taxpayer, that is how we picture him. (Chart I)

As you can see, the total tax burden in Nevada in 1950 was $359 per capita. In 1965, it was $1,011, or an increase of close to 200 percent.

While the biggest increase has come in the federal tax burden, there have also been sizeable increases in the state and local tax load.

The state tax burden, you will note, increased from $70 per capita in 1950 to $175 in 1965, or an increase of 150 percent. It is precisely this kind of increase that I feel this Legislature must weigh very carefully in considering further overall tax increases.

The voters, I think, expressed themselves very clearly on this point in the November elections. Governments at all levels must not increase this tax burden unnecessarily; they must not load on new taxes to provide for new programs that are advocated by small vocal groups, but do not have the support of the general public.

We can turn from our burdened taxpayer here and observe this chart which depicts the total state revenues for the next biennium. It becomes clear that the General Fund, to which we give a great deal of attention, represents only 44 percent of the total. (Chart II)

The surprising aspect of this chart is the amount of money we receive from the federal government. During the next 2 years, $110,121,000 will be received from Washington for expenditure by Nevada state agencies.

This is an area of particular concern to me. The acceptance of these federal dollars, their expenditure by the State, tends more and more to erode the State's right to self determination. In some areas, acceptance of this money and the mandatory provisions of the legislation in Washington seriously threatens your control of Nevada government fiscal matters.

In addition, the acceptance of these federal funds places on the Legislature and on the Executive Branch the responsibility of assuring this money is spent as efficiently and economically as possible.

We must not forget that federal dollars are also tax dollars which have taken a circuitous route from Nevada and back to provide services.

This administration is committed to working to secure the return to Nevada of federal revenues with no strings attached. We will work for the return of this money to be spent at the determination of the State rather than under rules and regulations laid down in Washington.

General fund revenues come from various sources as this chart depicts. (Chart III)

It is apparent that the largest amount, $51 million over the next biennium, will come from the sales and use tax. This represents about 38 percent of the total revenues.

I have stated my opposition to the entertainment or cabaret tax. I restate this now. This tax was imposed directly on the casinos. It was shifted to the consumer to the detriment of segments of the entertainment industry, the music profession, and segments of the casino industry.

We have no assurance that Congress, pressed for revenues for Vietnam and domestic programs, will not move back into this taxing field and pre-empt it. If this happens, we will be faced again with special sessions to cope with money problems. The tax is sizeable but unstable. We must have assured revenue sources.

With this in mind, the chart shows the sizeable increase in the gaming taxes for the coming biennium. I am proposing that the gaming tax be increased to offset the amount of revenues lost to the General Fund if you, in your wisdom, see fit to repeal the casino entertainment tax, as I propose.

If the casino entertainment tax is repealed, the General Fund revenues will be reduced by about $8.4 million over the biennium. To offset this I propose an increase in the gaming percentage tax to bring in about $8.5 million for the biennium. My request, you will note, conforms with the middle range increase recommended in the Zubrow Report. (Chart IV)

I am recommending this approach to the tax increase rather than the 25 percent surtax proposed by the Lybrand Report in order to keep the rate as low as possible for the smaller, marginal operators.

I am proposing some other smaller state fees which are explained in the Executive Budget and will come before you in the course of the session.

This brings us to an examination of this chart which shows where the General Fund dollars go, and it indicates the major problems which faced us in compiling this budget and will face you in your final allocations of taxpayer money. (Chart V)

The chart indicates that 70 percent of the state dollar will go to finance the State's share of the costs of education, leaving 30 percent for all other state operations.

We were concerned during our preparation of the budget that we might not be able to retain the additions to the Peabody Formula granted by the 1966 Special Session. This amounted, as you will recall, to $1,500,000.

We finally were able to retain this sum in this budget which in effect raises the Peabody Formula from $5,100 per certified employee to $5,301 and from $100 to $104, per pupil.

We were also able to recommend continuation of the special aid to Lincoln, White Pine, and Lander counties.

I have studied, at considerable length, the legislative proposals from the Nevada State Education Association, the Nevada Parents and Teachers Association, the School Trustees Association, along with proposals from several county school systems. I find to a large degree that all of these groups are in accord as far as their requests are concerned, and as far as their identification of the problems of education of the State are concerned.

They maintain, and I agree, that state support (in relationship to school costs) has declined since the adoption of the Peabody Formula in 1956. It is also true that 11 of the 17 counties are at the maximum tax limit for local support for schools.

However, as I stated in my message last Wednesday, we have been unable, in the short time since assuming office to accurately evaluate these requests for even more additional funds. I know you will give this matter your full consideration so that appropriate steps can be taken, if necessary, to meet our responsibilities to education.

If, after weighing this problem, you think added funds are necessary for education, then additional tax sources would appear mandatory.

Also included in the budget proposal is $20.9 million for the biennium for the

University. This is the greatest dollar increase ever proposed and represents a 37 percent increase over the present biennium.

You should note that the recommendation for the University includes an 8.9 percent increase for faculty over and above the step merit increase.

We propose the faculty salary increase on the basis that quality higher education is dependent on good faculty and good faculty can only be obtained by adequate and competitive salaries. The 8.9 percent increase for faculty is essential. We solicit the Legislature's support of it.

In the ultimate, the University Board of Regents has the authority to exercise its will to allocate the funds you appropriate to higher salaries.

Now we still have that 30 percent remainder of the tax dollar after education absorbs its 70 percent share. This chart demonstrates what becomes of that 30 percent. You will note the percentage distribution among the remaining state agencies. (Chart VI)

During the Budget hearings with the Budget Director and state agency heads in the days before I assumed office, it became clear to me that various spending proposals well exceeded the State's financial ability to satisfy them.

I, therefore, instructed the Budget Director and the agencies to develop a "hold the line" budget. I indicated then that we would recommend very few new positions and very, very few new program starts.

During this next year it is my purpose, as I told the agency heads, to concentrate on a complete analysis of all state agencies' programs.

In line with my thinking, you will find in this budget that the new positions requested have been cut from 1,225 to 209.

At the same time, we must direct our attention to developing a more competent and capable staff of state workers. We feel that we must take industry's approach to achieve this goal. We must provide suitable increases in salaries as well as other incentive programs to insure the retention and attraction of top quality personnel.

Even in the development of a minimum "hold the line" budget, however, I felt there were some services the State should be providing and included these in the budget. I am recommending the formation of a small criminal identification and narcotics agency to cooperate with local law enforcement in the correction of a major national and Nevada problem, so that we might exercise our responsibility in the war on crime.

For too long state institutions have been remote from the population centers which they primarily serve. To remedy this, I have recommended the establishment of a comprehensive Mental Health Center in Clark County. This will include cottages devoted to the care of mentally retarded children.

I am also proposing, to be located in Clark County, two additional cottages of the State Children's Home to care for the needy and neglected children of that area.

The net result of many hours of deliberation with the agencies and the Budget Director is the Executive Budget which will shortly be placed on your desks.

You will find that this is a balanced operating budget as this last chart indicates. (Chart VII)

We feel that this budget will provide adequate operating funds, and adequate capital improvements. It will leave us with a cash surplus balance of just over $6 million and will assure the fiscal integrity of the State.

To achieve balance in the budget, agency General Fund biennial requests were reduced from $191 million to $135.7 million. In the future, I will ask that agency requests not be so remote from fiscal factuality.

While we present you a balanced budget, this does not free the Executive Branch of the responsibility of making certain that the moneys you allocate are spent in a manner to provide the maximum in services to the people of this State.

Through a continual analysis of state agency spending we will attempt to provide the taxpayer with a full measure of service for each tax dollar.

I wish to stress to you that there is nothing sacred about this budget. It represents our thinking and our opinion of how we could best provide essential services within the framework of the availability of money. You, the legislators, in your wisdom, may well exercise your discretion and make adjustments as you see fit, or where you feel necessary.

The Executive Branch will provide you with any additional information you may require.

Thank you.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Hilbrecht:

Assembly Joint Resolution No. 5—Proposing to amend Article 6 of the Constitution of the State of Nevada, relating to the Judicial Department, by adding a new section providing for the establishment of a commission on the judiciary, an alternate method for the removal of judicial officers, and review of the calendars of the District Courts and the salaries of Judges and Supreme Court Justices.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Article 6 of the Constitution of the State of Nevada be amended by adding thereto a new section to be designated Section 19, which shall immediately follow Section 18 of Article 6, and shall read as follows:

Sec. 19. 1. A justice of the supreme court, a judge of a district court or a judge of a municipal court may, in addition to the provision of article 7 for impeachment, be removed or retired upon recommendation by a commission on the judiciary. Such commission shall be composed of the chief justice of the supreme court, two district judges chosen by the concurrence of a majority of the district judges of the state, two members of the State Bar of Nevada, a public corporation created by statute, who have practiced law at least 10 years in this state, appointed by the board of governors of the State Bar of Nevada, and two electors of the State of Nevada, who shall not be in government service or members of the State Bar of Nevada, or residents of the same county, to be appointed by the governor. In case of the absence, inability or disqualification of the chief justice, the senior associate justice shall act in his stead.

2. A statement of the charges alleged for his removal or the grounds for his retirement shall be served upon the judicial officer whose removal or retirement is proposed. No judicial officer may by virtue of this section be:

(a) Removed except for willful misconduct or willful or persistent failure to perform the duties of his office, or for habitual intemperance which interferes with the performance of his duties; or

(b) Retired except for mental or physical disability which prevents the proper performance of his judicial duties and which is likely to be permanent in nature.

3. The commission shall, after such investigation as it deems necessary, order a hearing to be held before it. If, after hearing, the commission by an affirmative vote of at least five of its members finds good cause therefor, it shall recommend to the supreme court the removal or retirement of such judicial officer. The supreme court shall review the record of the proceedings on the law and facts and shall order

removal or retirement, as it finds just and proper, or wholly reject the recommendation. A justice or judge who is a member of the commission or supreme court shall not participate in any proceeding involving his own removal or retirement. The commission in its discretion may suspend a judicial officer from the exercise of his office pending the determination of the proceedings before the commission. The action of the commission shall not extend further than to recommend removal from office or retirement for disability; but any judicial officer whose removal is sought shall be liable to indictment and punishment according to law. A judicial officer retired for disability in accordance with this section shall thereafter receive such compensation as the legislature may provide.

4. The chief justice of the supreme court may convene the commission on the judiciary upon his own motion, and shall convene the commission upon written request by the governor, by concurrent resolution of the legislature or by written request of a majority of the district judges or a majority of the board of governors of the State Bar of Nevada. The appointment of members to serve on the commission must be made within 10 days after the call to convene and members shall serve no longer than 1 year. If more than one call is made within 1 year, the same members may serve to the end of their 1-year term. The chief justice of the supreme court shall act as the presiding officer of the commission but in the absence, inability or disqualification of the chief justice, the associate justice of the supreme court sitting on the commission shall act as the presiding officer.

5. The commission shall have power:

(a) To designate in each case involving a judicial officer an attorney or attorneys at law to act as counsel to conduct the proceeding;

(b) To summon witnesses to appear and testify under oath and to compel the production of books, papers, documents and records before such counsel in advance of the trial and before the court upon the trial;

(c) To make its own rules and regulations concerning the procedure to be adopted for the investigation and trial of a judicial officer; and

(d) To grant immunity from prosecution or punishment when the commission deems it necessary and proper in order to compel the giving of testimony under oath and the production of books, papers, documents and records.

The commission shall have such further powers as the legislature may from time to time confer upon it.

6. The commission shall receive and examine, annually, a report of the calendar of each district court, which shall be submitted to the commission by the clerk of each district court on or before January 15 of each year. The report of the calendar shall be in writing, certified by the clerk, and shall state:

(a) The number of criminal, noncriminal, juvenile and divorce complaints filed with the clerk during the preceding year.

(b) The number of criminal or noncriminal trials and jury or nonjury trials.

(c) The total number of cases noted for trial, showing the number of such cases noted within 1 year, 2 years and more than 2 years.

(d) The total number of trials conducted by each judge sitting within the district.

(e) The total number of matters under submission to each judge sitting within the district, showing the number under submission to each judge for more than 1 month.

After studying the reports of the calendars, the commission shall make recommendations to the supreme court and the judges of the district courts concerning the government of the court, the calendar and rules of practice. The failure of any of the judges of the several district courts to implement such recommendations and alleviate the congestion in the calendar of any court are matters which are proper for consideration by the commission in connection with the removal or retirement of a judge.

7. The commission shall review the budgets, salaries, expense accounts and other matters involving the compensation of justices of the supreme court and judges of the district court in relation to the workload of each judge or justice and the average income of attorneys in private practice within each district, and shall make a written report to the legislature or legislative commission, on or before February 15 of each year, of such findings and any recommendations it may have pertaining to such salaries.

8. The judges and justices while exercising the powers of a commission on the judiciary shall serve without additional compensation, and the appointed attorneys and other members shall serve without compensation, but the legislature shall provide moneys by appropriation to meet the expenses of the commission.

Mr. Hilbrecht moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

Mr. Speaker instructed the Chief Clerk to read the following communications:

Remarks by Messrs. Wilson, Frank Young, Bishop, and Mrs. Brookman.

Mr. Frank Young requested that his remarks be entered in the Journal.

Mr. Speaker and Members of the 54th Assembly of the State of Nevada:

I rise to express some remarks on the concurrent resolution proposed by Mr. Wilson supporting the Governor's declaration of Negro History Week. At this point I only wish I had the golden tongue of Bud Garfinkle. Not only do I support the resolution and encourage all members of this Assembly to do so, but as one member of this Assembly, I should like to express the following:

Mr. Wilson has left at least one important name off his list—that of Mr. Wilson himself. For he has indeed made history, and is making history in this 54th Session of the Nevada Legislature. May I express to you, Mr. Woodrow Wilson, my own pleasure and I am sure the pleasure of this entire body, in serving with you and of being a part of this historic Assembly—historic in the sense that it is the first one in the State of Nevada with an Assemblyman of your race. May all persons who are, or feel that they are, a part of a minority group take new courage from your success.

Resolution adopted.

GENERAL FILE AND THIRD READING

Assembly Joint Resolution No. 28 of the 53d Session.

Resolution read third time.

Remarks by Messrs. Homer, Jacobsen, and Hilbrecht.

Mr. Hilbrecht requested that his remarks be entered in the Journal:

I believe that some remarks are in order in respect to this measure, that is, Assembly Joint Resolution No. 28 of the 53d Session. This matter has been under consideration by your Committee on State, County, and City Affairs since the opening days of the session and has been the subject of considerable discussions and lengthy deliberations. It would be a disservice to the Committee and their careful deliberations not to report the concerns of the Committee upon not only the Carson-Ormsby merger, which is the subject of this resolution, but upon the whole area of mergers and consolidations between and among governmental subdivisions within this State.

First—Your Committee recognizes that mergers and consolidations of governmental services will, in many instances, result in services and economies to the taxpayers of those subdivisions without the deterioration of the quality of those services. In many instances we feel the services could actually be improved.

Second—Your Committee does, however, feel that this problem created by the limited taxing ability of the various governmental subdivisions is a problem of general scope affecting not only Reno and Sparks or Carson City and Ormsby County, but rather the entire State to an increasing degree as time goes on. It is, therefore, your Committee's recommendation that general measures be adopted to facilitate mergers and consolidations by cities, counties, and all governmental subdivisions of the State, in appropriate cases, after an expression of the will of the people immediately concerned. We regret that Assembly Joint Resolution 28 of the 53d Session is not such a general measure, but only directed at one specific problem in the State, since that problem may now exist elsewhere and may require similar and identical legislation in the coming sessions of this Legislature. Your Committee will introduce appropriate measures for a study of these problems so that a planned, systematic, and democratic method may be established by appropriate constitutional amendment or legislation.

Third—Your Committee lauds the Ormsby and Carson City people for their sincere and earnest efforts in the direction of economy, although we are sorry that the rest of the State may not benefit from their work. We feel that their problems are of such an emergency and immediate nature that this resolution should be reported out by your Committee with a "do pass" recommendation. Your Committee therefore urges passage of this resolution.

Roll call on Assembly Joint Resolution No. 28 of the 53d Session:

YEAS—38.

NAYS—None.

Not voting—Hilbrecht, Webb—2.

Assembly Joint Resolution No. 28 of the 53d Session having received a constitutional majority, Mr. Speaker declared it passed.

Resolution ordered transmitted to the Senate.

Mr. Swackhamer moved that the Assembly recess until 1:30 p.m.
Motion carried.

Assembly in recess at 12:05 p.m.

ASSEMBLY IN SESSION

UNFINISHED BUSINESS

There being no objections, the Speaker and Chief Clerk signed Assembly Concurrent Resolution No. 6.

REMARKS FROM THE FLOOR

Mr. Wood requested that his remarks be entered in the Journal.

There are among us several certificated pilots of aircraft, one of whom is our Chief Clerk, with the title of Major Nathan T. Hurst.

Those of us who know the pleasure of flying in the "great blue yonder," so to speak, also know there are times when our weaknesses appear more prevalent than our alertness. In the military, when things go real bad and you bail out or "hit the silk" you automatically become a member of the Caterpillar Club. Others who have had the unfortunate experience of being all "shot up" and yet return safely to some beautiful airstrip become members of the Ruptured Duck Club. And

then there are others who have returned safely home only to find themselves on a "wheels-up" basis, and such was the experience of our Chief Clerk last Saturday morning.

For his unmarked experience on that occasion he has received a worthy citation from his son, Clayton, which reads in part:

"I felt that an occurrence so momentous, spectacular, and hopefully singular, should not go unnoticed and so on behalf of all of the gooney birds who have ever landed down wind, retracted while running through a pre-flight, or safely settled on a bare fuselage, I present you with a suitable decoration. It is to be worn directly over the heart, or other appropriate organ."

For his courage, bravery, and safe conduct we brother pilots extend and present to him this miniature flying aircraft, for the purpose of making practice landings during the recesses and lunch periods of our legislative days.

The citation is as follows:

THE ORDER OF THE BLACK TALON
AWARDED TO MAJOR NATHAN T. HURST
FOR CONSPICUOUS OMISSION

In that he did on 11 February 1967, alone and unassisted without benefit of variable position undercarriage, safely bring to earth that noblest of man's creations, the free flying aircraft.

Major Hurst is admonished to verbalize his landing sequence while on final and to practice it at other times wherever and whenever possible. "I have three green lights" is to be his watchword to assure a long and lovely roll out.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

The Committee on Escort in company with Senator Cannon appeared before the bar of the Assembly.

The Committee on Escort escorted the Senator to the rostrum.

The President of the Senate welcomed the Senator and invited him to deliver his message.

The Senator delivered his message as follows:

Mr. President, Mr. Speaker, Distinguished Members of the Assembly and the Nevada State Senate, Ladies and Gentlemen:

It is indeed a great honor for me to have been invited to address the 1967 Legislature on problems confronting our State at the national level. Certainly our problems as representatives of a constituency which is growing faster than any other state in the Union demands that we maintain effective liaison in jointly striving to meet the needs of our State.

I would be remiss at this point if I did not express my appreciation of this special week in state and national affairs when we honor the birthday of Abraham Lincoln whose life was so meaningful to the history of this State and this Nation.

Our State was essential, in 1864, in increasing the strength and vitality of the Union and it is needed today for the contributions it is making and will continue to make in preserving national freedoms.

The commitment that this Nation has made to the war in Vietnam today casts its shadow over our entire national life. We are paying the price in human sacrifice and treasure which demands of us the greatest possible economies in government. I am sure we all agree that we must honor the commitments we have made to the troubled people of South Vietnam and Southeast Asia assisting them in their efforts to resist Communism. We are today making every reasonable effort to bring the fighting to a conclusion—if it is a conclusion which will not betray the people of South Vietnam and our own fighting men who continue to pay a terrible price.

I am certain that when the fighting finally does cease, we will make no agreement which will leave the people of South Vietnam open to reprisals or continued violence.

It is within the confines of these commitments we have made to our own national security that this country must also seek to fulfill its domestic needs. Fortunately, our economy possesses the vitality which for the first time in history has

enabled a great nation to wage a major conflict while, at the same time, undertaking to improve the quality of our civilian society through domestic programs designed to meet future needs.

It is because we must plan ahead—beyond the war in Southeast Asia and beyond the current debate over a 6 percent surtax—that many of us in Congress have begun to give consideration and study to a tax sharing proposal between the federal government and the states. Such a plan, when it is practicable, will do much to correct an imbalance which many now believe exists between the federal and local governments. It has become plain to an increasing number of our citizens that one cannot have increased individual responsibility, which is the basis of Democracy, at a time when the central government continues to multiply not only in the areas of responsibility, but in its access to tax dollars produced by individuals and corporations.

Many proposals have been advanced with varying formulas to accomplish this goal. It will be argued that no tax sharing formula can present an efficient way to conduct government. But I say, can we afford not to reverse this trend? Can we afford to deprive our own citizens of the opportunity to manage their own affairs in accordance with their own needs and circumstances?

In the past I have proposed, and will continue to sponsor, special legislation which lies in the direction of redressing this state-federal tax imbalance. I have proposed that 80 percent of excise tax collections in the field of wagering be returned in the form of a tax credit. Recently legislation was offered in the Assembly which anticipates the return of part of the federal collections on wagering devices to a state such as Nevada which legalizes such devices.

I do not know whether this legislation will succeed this year, but I know that before long it must succeed because it is a tax which is designed not to create revenue for the federal government but to provide regulation. In requesting consideration on this amendment, we are encouraged that the State of New Hampshire was, not very long ago, provided with an exemption from the payment of federal taxes on an activity wholly within its own borders.

Much of what we in Nevada can expect from this session of Congress was contained in the budget which President Johnson last month submitted. Few budgets in recent years have been as favorable to the interests and needs of Nevada. It is proposed that in the fiscal year beginning July 1, that the Atomic Energy Commission and the Federal Space Agency will spend more than $205 million for Nevada operations. Your congressional delegation noted very happily that $6.9 million was proposed to complete advance planning and initiate construction of the first phase of the Southern Nevada water supply project.

Defense Department activities throughout our State involved approximately 8,000 men in uniform and many thousands of civilians, and its spending will exceed $73 million, including $5 million earmarked for new construction.

The Interior Department envisions the expenditure of $54 million in Nevada during the next fiscal year and the Department of Health, Education, and Welfare has programmed an estimated $52 million.

Federal efforts in the field of education are expected to substantially aid our own allocations in the State. Of significance to this Legislature, which, like its predecessors, will wrestle with the ever-present problems of stretching the school aid dollar, is the fact that the federal administration has abandoned its efforts of a year ago to reduce drastically the Impacted Areas Education Program. Nevada has received more than $3 million annually for school operation and maintenance, construction, and teachers' salaries. Last year the administration made a serious effort to cut this program which is especially meaningful to 13 of our 17 school districts overburdened by the children of federal employees. I am pleased to report that these efforts to cut this program by nearly two-thirds has ceased, and Nevada's share this year will rise to $3.6 million. This is a significant part of the some $8.3 million earmarked for Nevada educational programs at every level—elementary, secondary, college, and vocational education.

The cooperative efforts of state, local, and federal agencies to move our school systems forward has been one of the most successful undertakings in recent history. In the past 5 years, more significant education legislation has been passed and more money spent to improve the quantity and quality of our public instructional facilities than in all previous history of our country. This assistance has averaged $70 per student per year for the 56 million students at all levels.

The federal budget for the coming fiscal year calls for the expenditure of approximately $445 million in our State.

Much misunderstanding exists over the issue of federal aid and its impact upon our State. In order that the ratios are understood, let me state that Nevada's total payment of federal taxes in fiscal year 1966 was $238 million. It is a matter of simple arithmetic therefore to compute that our State receives more than $1.50 for vital, non-encroaching federal programs and activities here for every dollar we pay in taxes.

This does not mean that there is any excuse for the burdensome and bureaucratic red tape which is too often found in our grant-in-aid programs. Far from it. We must press for rewriting regulations in a manner which will increase utilization of these funds and we must continue our efforts to establish equitable tax sharing programs which I mentioned a few moments ago. I would emphasize, however, that every tax sharing proposal should be carefully analyzed to insure that Nevada's interests are protected. Some tax sharing plans would reapportion moneys on a population basis; other formulas are too heavily weighted toward the big cities. It is a most challenging area for our concern and I know I speak for the entire Congressional Delegation in soliciting your advice and guidance on these problems.

Many other unmet needs of our State and Nation enlist our attention. Two of these will receive top priority this year, in my judgment. Both are national problems, but their impact on our State is no less apparent than elsewhere in the country.

Some of these challenges may be easily traced to our highly technical and scientific society. The first of these is the discharge of poisonous waste products into our air and water. On the eastern seaboard it is calculated that two pounds of pollution finds its way into the air for every man, woman, and child residing in the general region bounded by Washington and New York City. Similar conditions exist in Los Angeles and San Francisco. On altogether too many mornings, a thick brown smog can be detected hovering over our own cities of Las Vegas, Reno, Sparks, and Henderson. It may be too late for some states to act in the areas of clean air and clean water, but it is not too late for us. We have the opportunity today to envision a time in the near future when Nevada's clean air and water may be its most precious natural resource. I know that appropriate committees of the Legislature are making progress in this area, just as Congressional Committees are seeking to cope with this dangerous situation on a national basis. One prays that the damage already done will not be permanent, but certainly we have had a warning as clear as any given our society.

The technological complexity of our time has had its impact on our morals and our psychological well-being as well as on our physical beings.

We are confronted by a rate of crime higher than that tolerated by any generation of earlier Americans and we face a system of invasion of privacy unknown to our parents. We have witnessed an era in which science has contrived methods of snooping into our personal lives through electronic and other means in a manner which makes individuals as subject to manipulation as machines.

Nevada has, in the past, too often been a testing ground for these violations of privacy. Fortunately, these are today subjects of concern for the entire country, and I believe that the Congress will act affirmatively to abate this menace before the year is out. If we do not act, we will be only a few years away from a future period in our history when children give witness to the conduct of their parents, and psychological tests determine one's loyalty and position in the social and economic world.

I was one of the first to endorse new legislation now pending to end wiretapping and eavesdropping except in the cases of national security. I also endorsed wholeheartedly a program of aiding local law enforcement in combatting the growing menace of white collar and violent crime—with the proviso that any federal assistance in this area be very sharply circumscribed. The last thing we want to do is to establish a national police force which would supersede local efforts in this field.

We have welcomed the obvious benefits to our State of the space and atomic ages, but on the darkening side of these advents lie the dangers which technology has inflicted on the individual. Perhaps the greatest danger is that threatening the individual who simply cannot or will not understand his own responsibility because he feels too insignificant and too powerless to act. Let us remind him

that lessening of his participation in his government makes him and his neighbor less free and his country that much weaker.

Let the individual whose rights and opportunities we prize so highly in a state like ours, with its heritage of freedom, recognize that government has a duty to protect our environment whether in the air, on water, or on land, and regardless of whether that threat is visible, or comes to us through scientific means on an impulse of electricity.

In my judgment, our biggest challenge lies in our need to act for that individual American who perhaps is too busy or too confused to see that our whole free society means nothing if it cannot place human rights and freedoms above the pursuit of science and technology which are meant primarily to serve him and not to master him.

Senator Gibson moved that the Senate and the Assembly in Joint Session extend a vote of thanks to the Senator for his competent, able, and constructive message.

Seconded by Assemblyman Dini.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 287.

Amend section 1, page 1, by deleting lines 4 through 23 and inserting: "trailer park or parking area for 30 days [and the ownership of the vehicle is unknown to the keeper thereof, or if such keeper knows or can ascertain the ownership but has reason to believe that such vehicle is stolen, abandoned or secreted, the keeper shall thereupon report the presence of such vehicle by registered mail, return receipt requested, to the department of motor vehicles, sheriff of the county where the vehicle is garaged or parked, and chief of police if within an incorporated city.

2. The department of motor vehicles, upon receipt of such notice, shall immediately notify the legal owner of record of the status of such vehicle.] *or if the keeper of the garage, trailer park or parking area knows or can ascertain the ownership but has reason to believe that such vehicle is stolen, abandoned or secreted he shall immediately report the presence and license plate number of such vehicle by registered or certified mail, return receipt requested, to:*

(a) The sheriff of the county in which such vehicle is garaged or parked; or

(b) If such vehicle is garaged or parked in an incorporated city, the chief of police of the city.

2. If after investigation the sheriff or chief of police determines that such vehicle is stolen, abandoned or secreted, he shall report such fact to the department of motor vehicles which shall immediately:

(a) If the vehicle is registered in this state, notify the legal owner and any holder of a security interest who appears of record.

(b) If the vehicle is registered in another state, request from the appropriate agency of that state the name and address of the legal owner and holder of a security interest. If such names and address are obtained, the department of motor vehicles shall notify each of such persons. The department of motor vehicles may utilize local law enforcement agencies of the State of Nevada to obtain the necessary information.

3. Failure to comply with the provisions of subsection 1 renders any lien for storage in excess of 30 days void."

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, February 28, 1967

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted the report of the first Committee on Conference concerning Assembly Bill No. 32.

Also, I have the honor to inform your honorable body that the Senate on this day concurred in the Assembly amendment to Senate Bill No. 186.

LEOLA H. ARMSTRONG
Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Miss Dungan moved that Senate Bill No. 141 be taken from the General File and placed on the General File for the next legislative day.

Remarks by Miss Dungan.

Motion carried.

By Messrs. Espinoza and Close:

Assembly Joint Resolution No. 15—Proposing to repeal Section 24 of Article 4 of the Constitution of the State of Nevada, relating to lotteries.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 24 of Article 4 of the Constitution of the State of Nevada be repealed.

Mr. Espinoza moved that the resolution be referred to the Committee on Public Health and Public Morals.

Motion carried.

By Mr. Smith:

Assembly Joint Resolution No. 16—Proposing an amendment to Section 1 of Article 10 of the Constitution of the State of Nevada, relating to taxation, by requiring the Legislature to exempt inventories of merchants and household property from the ad valorem property tax.

Resolved by the Assembly and the Senate of the State of Nevada, jointly, That Section 1 of Article 10 of the Constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in

the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. *The legislature shall exempt inventory of merchants and household goods from the provisions of the tax required by this section.* No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

Mr. Smith moved that the resolution be referred to the Committee on Taxation.

ASSEMBLY IN SESSION

At 10:24 a.m.

Mr. Speaker presiding.

Quorum present.

Remarks by Messrs. Hilbrecht, Torvinen, Homer, and Wood.

Mr. Wood requested that his remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

On behalf of and for the benefit of Assemblyman Zell Lowman, who is not here today, and who has very strong feeling regarding this particular amendment, I would like the records to show that in his absence, Mr. Lowman vigorously opposed Amendment No. 397. Furthermore, Assemblyman Lowman is an individual who spends considerable time with the youth of his area, particularly Clark County as well as the State of Nevada, a man who has given great time and study to the effects of drugs, and their effect upon the youth of our State.

Certainly we regret that Mr. Lowman's absence today leaves us without his remarks, which would surely be very educational.

Mr. Wood moved that Amendment No. 397 to Assembly Bill No. 71 be tabled.

Motion carried.

Amendment No. 398.

Amend sec. 470, page 141, by deleting line 36 and inserting: "3. Upon a subsequent conviction *within 10 years* for an offense under the provisions".

Amendment No. 399.

Amend sec. 700, page 215, line 31, by deleting "205.280,".

SECOND READING AND AMENDMENT

Assembly Bill No. 85.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 486.

Amend section 1, page 1, by deleting line 3 and inserting: "*A certificate of deposit or investment certificate issued by a bank, savings bank or savings and*".

Amend sec. 2, pages 1 and 2, by deleting line 24 on page 1 and lines 1 and 2 on page 2 and inserting: "ter; but the total amount of the bond or bonds of any dealer shall never be less than $1,000 nor more than $10,000. *When cash or a certificate of deposit or investment certificate is used, the amount required shall be rounded off to the next larger integral multiple of $100, within the same upper limit.*"

Amend the bill as a whole by adding a new section to be designated section 3, to follow section 2 and to read as follows:

"Sec. 3. NRS 366.300 is hereby amended to read as follows:

366.300 The department shall require a bond duly executed by an applicant for a special fuel dealer's license. The total amount of the bond shall be fixed by the department at twice the estimated amount of the monthly tax, determined in such manner as the department shall deem proper, and may be increased or reduced *accordingly* by the department at any time subject to the limitations prescribed in NRS 366.550. *The amount so fixed shall be rounded off to the next larger integral multiple of $100.*"

Amend sec. 3, page 2, line 12, by deleting "Sec. 3." and inserting "Sec. 4."

Amend sec. 3, page 2, by deleting lines 27 through 29 and inserting: "in this chapter, but the total amount of the bond shall not exceed $10,000. *When cash or a certificate of deposit or investment certificate is used, the amount required shall be rounded off to the next larger integral multiple of $100, within the same limit.*"

Amend sec. 4, page 2, line 40, by deleting "Sec. 4." and inserting "Sec. 5."

Amend sec. 4, page 2, by deleting lines 47 through 49 and inserting: "ditions deemed comparable by the tax commission. In no case shall a bond be for an amount less than $1,000. *When cash or a certificate of deposit or investment certificate is used, the amount required shall be rounded off to the next larger integral multiple of $100.*"

Amend the bill as a whole by adding new sections to be designated sections 6, 7 and 8, to be inserted between lines 13 and 14 on page 3, and to read as follows:

"Sec. 6. NRS 370.155 is hereby amended to read as follows:

370.155 1. Except as otherwise provided in this section, each licensed wholesale cigarette dealer shall furnish a bond to the State of Nevada conditioned for the payment of all excise taxes due or to become due from him under the provisions of this chapter. Each bond shall be in a principal sum equal to the greatest excise tax paid by the wholesale cigarette dealer in any quarter of the preceding year, or if such standard is not available, then a sum required from a licensee operating under conditions deemed comparable by the tax commission. In no case shall a bond be for an amount less than $1,000. *When cash or a certificate of deposit or investment certificate is used, the amount so fixed shall be rounded off to the next larger integral multiple of $100.*

2. The bond or undertaking shall be acceptable to and approved by the tax commission, and a deposit of cash or negotiable United States Government bonds may be accepted in lieu of an undertaking. The tax commission shall deposit all such United States Government bonds and cash deposits with the state treasurer as custodian thereof.

3. Notwithstanding any other provision of this section:

(a) Upon application and a satisfactory showing therefor, the tax commission may, from time to time, increase or decrease the amount of the required bond, having consideration for the amount of excise tax paid by the wholesale cigarette dealer.

(b) The tax commission may waive the requirement of a bond pursuant to this section whenever a licensed wholesale cigarette dealer has maintained a satisfactory record of payment of excise taxes for a period of not less than 5 consecutive years. The provisions of this paragraph shall apply to all licensees whether or not they were licensed prior to or after July 1, 1961.

Sec. 7. NRS 390.170 is hereby amended to read as follows:

390.170 1. Each publisher contracting to furnish textbooks adopted by the state textbook commission shall give a bond in an amount equal to one-half of the value of the books to be furnished during 1 school year, as estimated by the state textbook commission. *The amount so fixed shall be rounded off to the next larger integral multiple of $100.* The bond shall be forfeited to the state distributive school fund if the publisher fails to comply with the terms of the contract in any county of the state.

2. The bond shall not be forfeited through the unauthorized action of textbook dealers in this state if the publisher, after notice given by the superintendent of public instruction, corrects promptly any violation of contract prices on the part of any local dealer.

3. Upon information furnished by the state textbook commission, the attorney general shall bring an action for the recovery of the amount of any such bond of any publisher who shall have failed to comply with the terms of any contract, and the full amount named in the bond shall be deemed to be fixed and liquidated damages for the breach of such contract.

Sec. 8. NRS 612.675 is hereby amended to read as follows:

612.675 1. Whenever the executive director finds that the collection of any contribution computed under the provisions of law will be jeopardized by delay, he may immediately assess such contribution together with all forfeit and interest which may have accrued, whether or not the final date otherwise prescribed for making such contribution has arrived. Such contribution shall thereupon become immediately due, and such contributions together with all forfeit and interest which may have accrued shall thereupon become immediately payable, and notice of demand for payment shall be made upon the employer for the payment thereof. Upon failure or refusal to pay such assessed contribution, forfeit and interest, collection thereof may be enforced according to the provisions of law applicable to the collection of unpaid contributions.

2. When a jeopardy assessment has been made as provided in subsection 1, the employer may stay its collection until such time as the contributions for the period in question would normally become due, by filing a bond with the executive director in an amount equal to the amount of assessment. Such bond shall be conditioned on the payment of the contribution at the proper time and be executed by sureties satisfactory to the executive director, or a cash deposit may be accepted in lieu of such bond. *The amount of deposit so required shall be rounded off to the next larger integral multiple of $100.*"

Amend sec. 5, page 3, line 14, by deleting "Sec. 5." and inserting "Sec. 9."

Amend the bill as a whole by adding a new section designated section 10, to be inserted on page 3 between lines 46 and 47 and to read as follows:

"Sec. 10. NRS 706.550 is hereby amended to read as follows:

706.550 1. In lieu of the license fees set forth in NRS 706.530 and 706.540, the department may, at its discretion, where it is shown that adequate records are being maintained, permit any person engaged in the operation of a vehicle, combinations of vehicles, or fleets of vehicles or combinations for the carriage of persons or property, who operates in interstate commerce, both within and without the state, to pay a mileage fee upon all power unit mileage traveled within the State of Nevada in the statutory licensing period at the following per-mile rates for total miles traveled in that period:

For the first 75,000 power unit miles of travel, per mile	2.5 cents
For the next 175,000 power unit miles of travel, per mile	2.0 cents
For the next 750,000 power unit miles of travel, per mile	1.5 cents
For the next 1,000,000 power unit miles of travel, per mile	1.25 cents
For all power unit miles in excess of 2,000,000, per mile	1.0 cents

2. In order to qualify under this plan, each such person shall:

(a) Annually file a sworn application with the department declaring the total mileage operated by such vehicle or combinations of vehicles or fleets of vehicles or combinations in all states and in this state during the

preceding statutory licensing period and describing and identifying each such vehicle or combination of vehicles to be operated in this state during the ensuing license year; and

(b) Make an advance deposit not less than an amount obtained by applying the proportion of in-state power unit miles to total power unit miles as reported in the statement to the fees which would otherwise be required for licensing all such power units or fleets of power units together with one each of the trailing vehicles ordinarily towed by such power units. This amount shall be entered to the credit of each person so qualifying under this plan and shall be applied against amounts which may become due under the schedule of rates set forth in subsection 1. The advance deposit shall be considered the minimum amount due under this plan and shall not be subject to refund nor credited to the deposit required for any subsequent license period.

3. Mileage proportions for vehicles, combinations of vehicles, or fleets of vehicles or combinations not licensed in this state during the preceding year will be determined by the department upon the sworn application of the applicant on forms to be supplied which will show the operations of the vehicles or combinations of vehicles during the preceding year in such detail as the department may require and the estimated operation in all states and in this state in the current year; or if no operations were conducted during the preceding year, a full statement shall be made of the proposed method of operation.

4. In addition to the fees per mile set forth in subsection 1, there shall be assessed an annual fee of $5 for each power unit qualified to operate in Nevada under this plan, for which fee there shall be issued proper vehicle identification, and such fee shall be considered as a nonrefundable administrative charge which shall not be credited to the account of the licensee.

5. Each power unit licensed under this section being operated in a combination with trailing vehicles shall bear a license plate or some other emblem identifying such combination, and when bearing such a plate or emblem such combination shall be deemed to be properly licensed and it shall be unnecessary for any license plate or emblem to be affixed to the trailing vehicle therein.

6. The department is authorized to adopt and promulgate such rules and regulations and to take such safeguards to insure payment as in its judgment are necessary to the proper enforcement of the provisions of this section, and in the event of a dispute or controversy over any of the provisions of this section, the department's decision with respect thereto shall be final. *If the department requires a bond to insure payment, a certificate of deposit or investment certificate may be substituted for any cash payment or surety bond in an amount fixed by the department. The amount so fixed shall be rounded off to the next larger integral multiple of $100.*"

Amend sec. 6, page 3, line 47, by deleting "Sec. 6." and inserting "Sec. 11."

Amend the title of the bill by deleting the title and inserting:

"An Act relating to security requirements; to authorize the use of a certificate of deposit or investment certificate in lieu of a cash payment or surety bond required to protect the State of Nevada; to provide for

fixing the amount of required cash payments and certificates of deposit or investment certificates; and providing other matters properly relating thereto."

GENERAL FILE AND THIRD READING

Assembly Bill No. 87.

Bill read third time.

The following amendment was proposed by the Committee on Elections:

Amendment No. 567.

Amend the bill as a whole by adding a new section following the enacting clause on page 1, to be designated section 1 and to read as follows:

"Section 1. NRS 293.137 is hereby amended to read as follows:

293.137 1. [At] *Promptly at* the time and place appointed therefor, such mass meeting shall be convened and organized in each precinct. *If access to the premises appointed for any such meeting is for any reason not available, the meeting may be convened at an accessible place immediately adjacent thereto. All such meetings shall be conducted openly and*

publicly and in such a manner that they are freely accessible to any registered voter of the party calling the meeting who resides in the precinct and is desirous of attending the meeting, until the meeting is adjourned. At the meeting the delegates to which the members of the party residing in the precinct are entitled in the party's county convention shall be elected by ballot. The result of the election shall be certified to the county convention of the party by the chairman and the secretary of the meeting [.] *upon the forms specified in subsection 3.*

2. If any precinct fails to elect delegates to any party's county convention, the county central committee then in office may fill the vacancies from qualified members of the party in such precinct, and the secretary of the county central committee shall certify the same to the county convention.

3. The county central committee shall prepare and number serially a number of certificate forms equal to the total number of delegates to be elected throughout the county, and deliver the appropriate number to each precinct meeting. Each certificate shall be in duplicate. The original shall be given to the elected delegate, and the duplicate transmitted to the county central committee.

4. All such duplicates shall be delivered to the chairman of the preliminary credentials committee of the county convention. Every delegate who presents a certificate matching one of the duplicates shall be seated without dispute."

"Sec. 24. Chapter 293 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. Any registered voter unable to go to the polls because of illness or disability incurred after the closing date for absent ballot applications resulting in his confinement in a hospital, sanatorium or nursing home may request in a written statement, signed by him, that the county clerk send him an absent ballot. The county clerk shall deliver the ballot, at the office of the clerk, to any authorized representative of the voter possessing a written statement from the voter's physician or practitioner or a written statement signed by an official of the hospital, sanatorium or nursing home stating that the voter is a patient in a hospital, sanatorium or nursing home, giving the date of admittance thereto, and stating that the voter will be confined therein on election day.

2. After marking his ballot the voter shall place it in the identification envelope. He shall then affix his signature on the back of the envelope and return it to the office of the county clerk.

3. A request for a ballot under this section shall be made, and the ballot delivered to the voter and returned to the county clerk, not later than the day preceding the day of the election, unless the voter enters the hospital, sanatorium or nursing home on the day preceding the day of election or on election day, in which case he may apply for, obtain and return his ballot up to the time the polls close on election day.

4. The procedure authorized by this section shall be subject to all other provisions of this code relating to absent ballot voting insofar as those provisions are not inconsistent with the provisions of this section."

"Sec. 8. The charter of the City of Gabbs, being chapter 381, Statutes of Nevada 1955, at page 662, is hereby amended by adding thereto a new section designated section 33.5, which shall immediately follow section 33 and shall read as follows:

Section 33.5. Ordinances Adopting Specialized, Uniform Codes; Publication by Title of Such Ordinances and Ordinances Relating to Issuance of Municipal Securities.

1. An ordinance adopting any specialized or uniform building, plumbing or electrical code or codes, printed in book or pamphlet form, or any other specialized or uniform code or codes of any nature whatsoever so printed, may adopt such code, or any portion thereof, with such changes as may be necessary to make the same applicable to conditions in the city, and with such other changes as may be desirable, by reference thereto, without the necessity of reading the same at length as provided in section 33. Such code, upon adoption, need not be published if an adequate number of copies of such code, either typewritten or printed, with such changes, if any, has been filed for use and examination by the public in the office of the city clerk at least 1 week prior to the passage of the ordinance adopting the code, or any amendment thereto. Notice of such filing shall be given by one publication in a newspaper in the city, if any there be, otherwise in some newspaper published in the county and having a general circulation in the city, at least 1 week prior to the passage of the ordinance adopting the code.

2. Notwithstanding the provisions of section 33, ordinances relating to the issuance of municipal securities (as that term is defined in the Local Government Securities Law) and ordinances adopting any specialized or uniform codes pursuant to subsection 1 may be published once by title only, together with the names of the councilmen voting for or against their passage, in a newspaper in the city, if any there be, otherwise in some newspaper published in the county and having a general circulation in the city. Thirty days after such publication the ordinance shall go into effect, except emergency ordinances, which shall be effective immediately. All such ordinances shall be subject to the referendum provisions of section 33."

"Sec. 20. The charter of the City of Yerington, being chapter 72, Statutes of Nevada 1907, at page 150, is hereby amended by adding thereto a new section designated section 16.5, which shall immediately follow section 16 and shall read as follows:

Section 16.5 1. An ordinance adopting a uniform building, plumbing, electrical, health, traffic or fire code, or any other uniform code or

codes, printed in book or pamphlet form, may adopt such code, or codes, or any portion thereof, with such changes as may be necessary to make the same applicable to conditions in the city, and with such other changes as may be desirable, by reference thereto, if copies of such code, or codes, either typewritten or printed, with such changes, if any, have been filed for use and examination by the public in the office of the city clerk at least 1 week prior to the passage of the ordinance adopting such code or codes.

2. Notwithstanding the provisions of section 16, ordinances relating to the issuance of municipal securities (as that term is defined in the Local Government Securities Law) and ordinances adopting any uniform codes pursuant to subsection 1 may be published once by title only, together with the names of the councilmen voting for or against their passage, in a newspaper published in the city, if any there be, otherwise in some newspaper published in the county and having a general circulation in the city before the same shall become effective, except emergency ordinances, which shall be effective immediately.

Sec. 21. Section 39 of a 1967 statute (being Senate Bill No. 205 of the 54th session of the legislature) entitled "An Act incorporating the City of Wells, in Elko County, Nevada, and defining the boundaries thereof, under a new charter; providing that such charter shall become effective only if the original charter is repealed; and providing other matters properly relating thereto," is hereby amended to read as follows:

Section 39. Ordinances: Procedure; emergency measures; notices.

1. Ordinances when first proposed shall be read aloud in full to the board of councilmen and final action thereon shall be deferred until the next regular meeting of the board, of which action notice shall be given by publication in a newspaper at least once and at least 1 week prior to the meeting at which such final action is to be taken. The notice shall state briefly, by reference to the title of the proposed ordinance or by reference to the purpose or content thereof, the nature of such proposed ordinance. However, in cases of emergency, by unanimous consent of the whole board, special action may be taken immediately or at a special meeting called for that purpose. No ordinance shall be passed as an emergency measure unless reasons for passing it as such are expressed in its preamble.

2. No ordinance passed by the board, unless it is an emergency measure, shall go into effect until 30 days [,] after its passage. If at any time during the 30 days a petition signed by qualified electors numbering not less than 20 percent of those who voted at the last preceding general municipal election, requesting the repeal of the ordinance or its submission to a referendum, is presented to the board, such ordinance shall thereupon be suspended from going into operation, and it shall be the duty of the board to reconsider such ordinance. If upon reconsideration such ordinance is not repealed, the board shall, after the sufficiency of the referendum petition has been certified to by the city clerk, submit the ordinance to a vote of the electors of the municipality at a special election, unless a regular municipal election is to be held within 90 days, in which event it shall be submitted at such regular municipal election. No ordinance submitted to a vote of the electors shall become operative unless approved by a majority of those voting thereon.

Emergency measures shall be subject to referendum like other ordinances passed by the board, except that they shall go into effect at the time indicated in them. If, when submitted to a vote of the electors, an emergency measure is not approved by a majority of those voting thereon, it shall be considered repealed as regards any further action thereunder.

3. Any proposed ordinance may be submitted to the board by petition signed by qualified electors numbering not less than 20 percent of those who voted at the last preceding general city election. The form, sufficiency and regularity of such petitions shall be determined in the manner herein provided. The petition presenting the proposed ordinance shall contain a statement in not more than 200 words giving the petitioners' reason why such ordinance should be adopted; and if such petition contains a request that the ordinance be submitted to a vote of the people, the board shall either (a) pass such ordinance without alteration at its next regular meeting, after the sufficiency of the petition has been determined and certified to by the clerk, or (b) immediately after its refusal to pass such ordinance at such meeting, and after certification by the clerk as to the sufficiency of the petition, call a special election, unless a general city election is to be held within 90 days thereafter, and at such special or general election submit such proposed ordinance without alteration to a vote of the electors of the city. The ballot used when voting upon any such ordinance shall contain a brief statement of the nature of the ordinance, and the two propositions in the order here set forth:

For the ordinance
Against the ordinance

and shall be printed as provided herein or in the general election laws. Immediately to the right of each of the propositions shall be placed a square in which the elector, by making a cross (X) mark, may vote for or against the adoption of the ordinance. If a majority of the qualified electors voting on the proposed ordinance vote, in favor thereof, it shall thereupon become a valid and binding ordinance of the municipality. Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section, but there shall not be more than one special election for such purpose in any period of 6 months. Ordinances adopted under the provisions of this section shall not be repealed or amended except by direct vote of the people as herein provided.

4. All ordinances shall be signed by the mayor and attested by the city clerk and shall, *except as provided in section 40,* be published in full, together with the names of the councilmen voting for or against their passage, in a newspaper published in the city, if any there be, and otherwise, in some newspaper published in the county and having a general circulation in the city, for a period of at least 1 week before the same goes into effect, except that whenever a revision is made and the revised ordinances are published in book or pamphlet forms by the authority of the board, no further publication is necessary. The city clerk shall record all ordinances in a book kept for that purpose, together with the affidavits of publication by the publisher, and such book or certified copy thereof of the ordinances therein contained, in the name of the city, shall be received as prima facie evidence in all courts and places without further

proof, or if published in book or pamphlet forms by the authority of the board of councilmen, they shall be so received.

Sec. 22. Section 40 of a 1967 statute (being Senate Bill No. 205 of the 54th session of the legislature) entitled "An Act incorporating the City of Wells, in Elko County, Nevada, and defining the boundaries thereof, under a new charter; providing that such charter shall become effective only if the original charter is repealed; and providing other matters properly relating thereto," is hereby amended to read as follows:

Section 40. Specialized [codes.] *codes; ordinances relating to issuance of municipal securities.*

1. An ordinance adopting any specialized or uniform building, plumbing or electrical code or codes, printed in book or pamphlet form, or any other specialized or uniform code or codes of any nature whatsoever so printed, may adopt such code, or any portion thereof, with such changes as may be necessary to make the same applicable to conditions in the city, and with such other changes as may be desirable, by reference thereto, without the necessity of reading the same at length as provided in section 39. Such code, upon adoption, need not be published [as required by section 39] if an adequate number of copies of such code, either typewritten or printed, with such changes, if any, has been filed for use and examination by the public in the office of the city clerk at least 1 week prior to the passage of the ordinance adopting the code, or any amendment thereto. Notice of such filing shall be given by one publication in a newspaper in the city, if any there be, and otherwise in some newspaper published in the county and having a general circulation in the city, at least 1 week prior to the passage of the ordinance adopting the code.

2. Notwithstanding the provisions of section 39, ordinances relating to the issuance of municipal securities (as that term is defined in the Local Government Securities Law) and ordinances adopting any specialized or uniform codes pursuant to subsection 1 may be published once by title only, together with the names of the councilmen voting for or against their passage, in a newspaper published in the city, if any there be, and otherwise, in some newspaper published in the county and having a general circulation in the city. Thirty days after such publication the ordinance shall go into effect, except emergency ordinances, which shall be effective immediately. All such ordinances shall be subject to the referendum provisions of section 39.

Sec. 23. Sections 1 to 20, inclusive, of this act shall become effective upon passage and approval of this act. Sections 21 and 22 of this act shall only become effective if the original charter of the City of Wells, being chapter 104, Statutes of Nevada 1927, as amended, is repealed pursuant to an act enacted by the 54th session of the legislature of the State of Nevada, and in that event shall become effective 1 day after the date of proclamation of such repeal."

Amend the title by deleting the last three lines and inserting: "that ordinances adopting specialized and uniform codes and relating to the issuance of municipal securities may be published by title only; amending the several special charters of the incorporated cities of this state to conform to such provisions; and providing other matters properly relating thereto."

"*2. Therapeutic abortion may be performed only in a licensed hospital by a licensed physician for a patient who seeks it after a hearing in and the entry of an order therefor by a district court. The patient shall file with the clerk of a district court her petition for an order approving the performance of a therapeutic abortion, which petition shall be supported by:*
(a) The affidavits of at least three licensed physicians, one of whom must be an obstetrician or gynecologist, and one of whom must be a member of the staff of such licensed hospital, stating that there is substantial risk that:
(1) Continuance of the pregnancy would gravely impair the physical health of the mother; or
(2) The child would be born with grave physical or mental defect; or
(b) If the pregnancy resulted from forcible rape or incest, a written statement from a district attorney or other public officer authorized to prosecute such offenses, stating that there is probable cause to believe

that such offense was committed upon the petitioner. Such statement shall not be received in evidence in any other proceeding.

3. At the hearing the district court may require other evidence in addition to the affidavits or statement accompanying the petition. All hearings shall be confidential and shall be held in closed court, without the admittance of any person other than the petitioner, her witnesses, and attorneys, except by order of the court. The files and records of the court shall not be open to inspection of any person except upon an order of the court expressly so permitting pursuant to a petition setting forth the reasons therefor.

4. No county officer shall charge any fee for the filing of a petition, for the recording of any order, or for any services rendered in the proceeding."

Mr. Hilbrecht requested that his remarks be entered in the Journal.

Mr. Speaker and Members of the Assembly:

S.B. 305 working in concert with the New State Securities Act will enable the Colorado River Commission to acquire and operate certain water, water pumping facilities, and treatment facilities in Southern Nevada. This project is no stranger to Nevadans and is commonly known as the Southern Nevada Water Supply Project.

As you know the concept of the project calls for the construction of pumping facilities capable of utilizing two-thirds of Clark County's allocation of Colorado River waters for metropolitan water supply. It also provides for the building of a water treatment facility capable of making the water potable.

The pumping facility is to be constructed with funds appropriated by the Federal Government on a 30-year loan basis. The loan is to be repaid at an interest rate of 3.5 percent out of revenues to be derived from supplying the water to metropolitan water distributors under contracts already negotiated. The repayment is not due until completion of the project.

The water treatment facility will be constructed at the approximate cost of $10,000,000 to be raised from the sale of state bonds secured by the revenues derived from sale of the water.

Provisions have been made for state funding in the event of failure upon the part of the Federal Government to complete their portion of the project.

I cannot over emphasize the importance of this measure to the Las Vegas Valley and the entire Southern Nevada area. I will not belabor you with statistical data, however, a wealth is available. Let it suffice to say the Las Vegas Valley now receives over 90 percent of its water from a ground-water reservoir which is being depleted by a pumping at a rate about four times the recharge rate.

Without the Southern Nevada Water Supply Project, the present population of the Las Vegas Valley cannot be supplied beyond the end of the decade. So in a very real sense we are talking about the very survival of this area of Nevada.

Needless to say, the project, which will be paid for exclusively by the Southern Nevadans served thereby, will bring opportunities for new industry, urbanization, and recreation. All such benefits will be shared by the State as a whole through increased revenues and a more sound tax base.

On behalf of the Clark County Delegation and your Standing Committee on State, County, and City Affairs, I earnestly urge your support of this measure.

NORMAN TY HILBRECHT, *Chairman*

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Hilbrecht:

Assembly Joint Resolution No. 24—Proposing to amend Section 1 of Article 10 of the Constitution of the State of Nevada, relating to taxation, by authorizing the Legislature to provide for a reduced tax on certain improvements to real property.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 1 of Article 10 of the Constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except when one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged. The legislature may exempt motor vehicles from the provisions of the tax

required by this section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation. No inheritance or estate tax shall ever be levied, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes. *The legislature may provide that improvements made to real property be assessed and taxed at a rate less than the uniform and equal rate otherwise prescribed by law. Any such reduction shall be limited to the first 2 years of the useful life of such improvement.*

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Wood requested that Rabbi Frankel's invocation be entered in the Journal:

Universal Father of us all,

As we gather to perform the sacred tasks of government, we ask for Thy blessing and implore Thy Divine Guidance. Into these hands has fallen the mighty responsibility of the welfare of thousands of fellow human beings, fashioned, even as we, in Thine image. May it be given to these assemblymen to discharge these responsibilities with honor and courage. Grant unto them those qualities which will enable them to legislate for the *entire* community with partiality toward no group. Guide them and give them the wisdom to recognize truth and justice and the courage to be guided by them in *all* their deliberations.

May we have the wisdom to perfect the law where it needs improvement and to subject our personal and private aims to its benevolent authority.

Amen.

Amendment No. 887.

Amend sec. 4, page 2, by deleting line 19 and inserting:

"Sec. 4. Section 48 of the above-entitled act, being Senate Bill No. 133 of the 54th session of the Nevada legislature, is hereby amended to read as follows:

Section 48. 1. There shall be levied annually in due season a special tax on all property, both real and personal, subject to taxation within the boundaries of the [State of Nevada,] *municipality,* including the net proceeds of mines, fully sufficient, without regard to any statutory or charter tax limitations now or hereafter existing, to pay the interest on the general obligation municipal securities and to pay and retire the same as provided in this act and in any act supplemental hereto; and the amount of money to be raised by such tax shall be included in the annual estimate or budget for each county within the state for each year for which such tax is hereby required to be levied. Such tax shall be levied and collected in the same manner and at the same time as other taxes are levied and collected.

2. The proceeds thereof levied to pay interest on such securities shall be kept by the treasurer in a special fund, separate and apart from all other funds, and the proceeds of the tax levied to pay the principal of such securities shall be kept by the treasurer in a special fund, separate and apart from all other funds, which two special funds shall be used for no other purpose than the payment of the interest on the securities and the principal thereof, respectively, as the same falls due; but, except as prevented by any contractual limitations from time to time imposed upon the municipality by proceedings appertaining to its outstanding securities, the municipality may provide for a consolidated debt service fund to pay principal of and interest on outstanding securities, as the same falls due.

Sec. 5. This act shall become effective upon passage and approval."

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker read the following communications:

March 28, 1967

GOVERNOR PAUL LAXALT, *Governor of the State of Nevada,* Carson City:

Last Thursday, March 23, in the *Las Vegas Review Journal,* there appeared large headlines covering five columns as follows: MEDICAL SCHOOL TO DIE?

The *Las Vegas Sun,* on the same day, headlined: SENATE ACTION COULD BE KISS OF DEATH FOR MEDICAL SCHOOL.

In the *Review Journal* this morning, Monday, March 27, there was given the sum of money required each year to make possible this medical school—between two hundred thousand dollars and three hundred thousand dollars.

If it meets with the approval of those responsible for this project, I would like to instruct my attorneys to prepare a document, in language and form satisfactory to the State's attorneys, which will be legally binding and enforceable upon me and upon my estate after my death.

This document will consist of a written agreement to make a gift to the University of the sum mentioned above, each year for twenty years, commencing whenever the University requires the money.

I attach no strings or conditions to this proposal. The medical school need not be located in Southern Nevada. The State is free to locate the school wherever it may desire.

(Signed)
HOWARD HUGHES

March 16, 1967

THE HONORABLE MELVIN CLOSE, JR., *Speaker of the Assembly,* Nevada State Legislature, Carson City.

MY DEAR MR. SPEAKER: Assembly Concurrent Resolution No. 1, approved by the 1965 Nevada State Legislature, a copy of which is attached, directed the Board of Regents of the University of Nevada to undertake and complete within a reasonable time after the final acquisition of lands totaling approximately 100 acres in Elko County, a master plan for the establishment of a campus for a junior college or technical school in Elko County, Nevada, and to report their findings and recommendations concerning such master plan, junior college, or technical school to the 54th Session of the Legislature of the State of Nevada.

Appropriate members of the staff of the University of Nevada have given very careful study to this matter since adoption of the resolution and at a meeting of the Board of Regents of the University, held on March 11, 1967, a report of such planning was received and approved by the Board for transmittal to the 1967 Legislature.

The report is as follows:

1. In 1950 the population of Elko County was 11,654 or 7.2 percent of the total population of the State. By 1960 the population of the county had risen to 12,011, but its proportion of the total state population had fallen to 4.2 percent. The Bureau of Business and Economic Research of the University of Nevada forecasts an increase in the population in Elko County by 1970 to 16,000 persons or 2.8 percent of the expected statewide population.

2. Dean Robert Weems of the College of Business Administration has made some projections of school-age population in Elko County for the Boy Scouts of the State. His study showed that in 1966 there were 186 boys in grades nine

and ten in Elko County. His projection showed that by 1970 there will be 229 boys in grades nine and ten. His studies further show that the population of the sexes is about equal so that by 1970 there should be something slightly less than 500 boys and girls in grades nine and ten.

3. Superintendent Rober Zander of Elko County informs us that the usual graduating classes in Elko County number 225 to 230. He further indicates that approximately 50 percent of the graduating classes do enter some kind of post high school training, ranging from 2-year vocational-technical schools to junior colleges to 4-year colleges and universities. Presently, then, there is an available pool of 100 to 125 students in Elko County for post high school work.

4. Numerous studies across the country indicate that the minimum base for establishment of a junior college is a potential of 500 students within easy commuting distance of the college. From the population figures which we have obtained from Elko County, it would appear that 1975 or 1980 would be the earliest reasonable dates for attaining the population necessary to support an adequate junior college or technical institute.

5. Seventy acres of the proposed 100 acres for the campus site have already been given to the University.

6. It would appear that active planning about the nature of a college in Elko County and the kind of program and courses which might be offered there, together with the necessary physical plant, should be postponed for a period of approximately 8 or 10 years. It would be wise, however, for those of us in the University concerned with the planning for this new campus to keep in close touch with the growth and development of Elko County so that we can be prepared to accelerate this time schedule if necessary.

7. A study of a future junior college system would be an appropriate matter to be referred to the proposed Advisory Committee on Higher Education Planning, and to become a part of the University's long-range educational planning.

8. Consideration should be given to the possible provision of state-supported scholarships in the interim to offset the expense entailed by students who live beyond commuting distance and thus must reside on campuses located in Clark and Washoe counties.

We are pleased to submit this report for consideration by the 1967 Legislature.

Respectfully submitted,

CHARLES J. ARMSTRONG
President

Mr. Swackhamer moved that the Assembly resolve itself into a Committee of the Whole for the purpose of considering Senate Bills Nos. 305 and 419, and Assembly Bill No. 222, with Mr. Speaker as Chairman of the Committee of the Whole.

Amendment No. 485.

Amend section 1, page 1, by deleting lines 1 through 12 and inserting:

"Section 1. NRS 48.010 is hereby amended to read as follows:

48.010 1. All persons, without exception, otherwise than as specified in this chapter, who, having organs of sense, can perceive, and perceiving can make known their perceptions to others, may be witnesses in any action or proceeding in any court of the state. Facts which, by the common law, would cause the exclusion of witnesses, may still be shown for the purpose of affecting their credibility. No person shall be allowed to testify:

(a) When the other party to the transaction is dead.

(b) When the opposite party to the action, or the person for whose immediate benefit the action or proceeding is prosecuted or defended, is the representative of a deceased person, when the facts to be proven transpired before the death of such deceased person; provided, that when such deceased person was represented in the transaction in question by an agent who is living, and who testifies as a witness in favor of the representative of such deceased person, or, when persons other than the parties to the transaction, claiming to have been present when the transaction took place, testify as witnesses in favor of the representative of such deceased person, in such case the other party may also testify in relation to such transaction.

2. Nothing contained in subsection 1 shall affect the laws in relation to the attestation of any instrument required to be attested.

3. The provisions of paragraphs (a) and (b) of subsection 1 do not apply to any action for the recovery of damages for personal injury, wrongful death or damage to property.

Sec. 2. NRS 48.030 is hereby amended to read as follows:

48.030 The following persons cannot be witnesses:

1. Those who are of unsound mind at the time of their production for examination.

2. Children under 10 years of age who appear incapable of receiving just impressions of the facts respecting which they are examined, or of relating them truly.

3. Parties or assignors of parties to an action or proceeding, or persons in whose behalf an action or proceeding is prosecuted, against an executor or administrator upon a claim or demand against the estate of a deceased person, as to any matter of fact occurring before the death of such deceased person. *This subsection does not apply to any action for the recovery of damages for personal injury, wrongful death or damage to property.*"

Amend the title by deleting the title and inserting:

The Committee on Escort escorted the Senator to the rostrum.

The President of the Senate welcomed the Senator and invited him to deliver his message.

The Senator delivered his message as follows:

Mr. President, Mr. Speaker, Members of the Nevada Legislature and guests:

Again, as in years past, I am honored by the invitation to appear before this distinguished body of lawmakers. Indeed, I have looked forward to this occasion with no small measure of anticipation, and I am grateful for your generosity in granting me a few minutes of your valuable time.

The honor is doubly significant because I know I am among friends who recognize and understand the problems inherent in the legislative process. You know, there really is not a great deal of difference between Carson City and Washington when it comes to the business of enacting laws. The procedure is much the same, and whatever disparity exists is one of degree more than method. Even some of

the debates I have heard on the floor of Congress are very similar to discussions which have taken place here in Nevada's Capitol.

This morning, as time permits, I hope to touch upon a number of issues of interest to this Legislature. I can by no means cover all the important topics—there simply are not that many minutes available. So if I fail to mention one or more subjects of importance, please understand that the omission is dictated by practicality.

There is one major difference between the methods employed by the Congress and the Nevada Legislature as they approach their respective responsibilities. In Washington, we don't even pretend we can hope to get the job done in 60 days. I am completely sympathetic to your position, wherein you are directed by the Constitution to conclude all your business within the short time allotted. The remarkable growth of Nevada in the last decade has created complex problems that require careful study by the State's lawmakers. Careful study requires time, and it is hard for me to believe the best interests of the State are served by a race against the calendar. The important thing is to get the job done.

Moreover, the volume of legislation proposed before the Senate and Assembly has increased dramatically in recent years. We have the same problem in Washington. For example, during the 7-week period beginning January 10 and ending March 2, the 90th Congress was deluged by more than 8,100 measures. There is no end in sight. Every day, in fact, scores of new bills and resolutions are introduced.

It is not surprising that the Congress has acted upon only a fraction of the measures submitted thus far. I do not think we are dragging our feet, as some critics have charged. It is simply a matter of priorities. Quite understandably, much of our time has been devoted to study of the Vietnam issue. There are other critical areas, such as crime prevention and control, which also have been assigned priorities by me and by other members of the Congress.

Vietnam, of course, remains the principal issue before the Congress and the people of this nation. I have said many times before there are no quick or easy solutions. None will be forthcoming. It is a grim war, a dirty war, but it is a war we cannot abandon until a just and honorable peace has been achieved.

I continue to believe that the great majority of the American public supports the President's policies in Vietnam. He is following a difficult course—one which is fraught with military and political hazards. I believe it is a course which ultimately will secure peace and guarantee the sovereignty of the people of Vietnam and the other nations of Southeast Asia.

I think it is important to remember that no one—Republican or Democrat, hawk or dove, soldier or politician—has yet advanced a workable solution to the Vietnam problem. There have been suggestions that the United States withdraw its commitment, just as there have been suggestions that nuclear warfare is the answer. These are not solutions at all. They would not be supported by the American people.

Until someone comes up with a better plan—if indeed such a plan exists—I shall continue to support the President on the Vietnam question, and particularly his decision to exert greater pressure on Community military units. Until peace is achieved, the United States must continue to pursue a course of courage and resolve.

On the subject of crime prevention and control, I am happy to report that the 90th Congress in all probability will effect legislation aimed at strengthening criminal laws in a number of important areas. Such action, I feel, is long overdue and of utmost urgency. The nation's crime rate has accelerated at an alarming rate in the past few years, and the situation today can only be described as critical.

It seems we have become obsessed with uncovering new rights and safeguards for the criminals to such a degree that we have unbalanced the scales of justice. We find ourselves in the unenviable position of losing control of the crime and violence that are running rampant in our cities.

I am not suggesting that the Constitutional guarantees of criminal suspects be compromised. But I strongly feel that recent court decisions have created an imbalance wherein the rights of the accused frequently jeopardize public safety and the rights of the victims of crime. The Congress has a clear mandate to rebalance these scales of justice.

Some positive steps already have been accomplished. A Senate subcommittee is

presently conducting hearings on a series of bills to toughen criminal legislation, and I was a willing participant in these hearings. The National Conference on Crime Control met in Washington yesterday and today to discuss means by which the recommendations of the President's Crime Commission may be implemented.

These are encouraging developments, but much remains to be done. We must halt the steady growth of crime and make the streets of our cities safe. We must provide legislation necessary to guarantee that no individual and no group can act with impunity beyond the reach of law.

Control of crime is only one of many, many areas where there is a genuine need for increased cooperation between federal agencies and state and local governments. Of equal concern is the relationship between Washington and the statehouses of the nation.

During the 1930's and 1940's, state governments were sleeping giants. Washington began pre-empting their responsibilities. In recent years, however, the giants have awakened. Most state governments, Nevada included, have demonstrated tremendous vitality during the past decade. In this 10-year period, expenditures for state programs have increased at a rate almost double the domestic spending of the federal government.

States have begun to display a capacity for making institutional reforms in their structures, a willingness to increase activity in their traditional functions, and a similar eagerness to take on a vast area of new responsibilities. Education, transportation, conservation, and recreation, to name only a few, are areas which have directly benefited from this new interest on the part of the states.

Our nation is expanding at the swiftest rate in history, both economically and from a population standpoint. In the 1-week period beginning last Wednesday and ending yesterday, it is estimated that the population of the United States grew by 32,000, or an increase of some 260 persons per hour. The predictions for the coming generation and for the next century are prodigious, almost beyond our vision, and certainly beyond our practical calculation.

To have efficient government under such conditions demands that all three levels of government— local, state, and national—work well and efficiently, without waste and duplication or overlapping. This is why federalism is so important today, not just because it is an American tradition.

The responsibilities of the states were enunciated early in our nation's history. In 1837, for example, the United States Senate approved a resolution which included the following language:

"* * * in delegating a portion of their powers to be exercised by the federal government, the states retain the exclusive and sole right over their own domestic institutions and are alone responsible for them."

Yet, until the last 10 years or so, many states were all too eager to abrogate their responsibilities in favor of federal domination. Then, as now, the federal government was not hesitant to move into areas where inertia by the states created a vacuum and threatened the public welfare.

Happily, the states have reawakened to their responsibilities. But in the process they have encountered other problems—most notably, lack of sufficient revenues—that frequently hamstring their efforts to provide much-needed services.

Costs of operating state and local governments continue to spiral upward, as everyone here this morning is well aware. Within 5 years, it is quite likely that state and local expenditures will surpass the total budget of the federal government. Employment at the state and local level is already three times the size of federal employment and is being pushed steadily upward.

The inevitable result has been a tight money squeeze for the states, particularly since there has been a slow but unmistakable shift in tax collection leadership away from state and local governments. Shortly after the turn of the century, local authorities collected and distributed more than 51 percent of all tax revenues paid by the American public. By 1940, this percentage had dwindled to little more than 31 percent, and by 1964, it was a mere 15 percent. Federal revenues, meanwhile, rose from 37 percent in 1902 to 67 percent in 1964—almost doubling.

And, as you well know, state revenues haven't done much better than those of local government. Not since 1932 have state tax receipts even equaled federal collections. And in 1964, federal tax receipts were more than twice the combined state and local total.

The fact is that of each tax dollar collected in the United States, almost 70 cents goes to Washington. The states, counties, and cities must divide the remainder and try to make do.

There have been a number of solutions suggested to provide state and local governments with additional revenues. Some state legislatures have joined Nevada in urging a federal income tax rebate. And, specifically in Nevada, there is the proposal by this Legislature to earmark 80 percent of the $250 federal slot machine tax for use by the State.

I cannot honestly foretell the outcome of these proposals. With respect to the slot machine tax rebate, I will tell you quite frankly that we have a tough fight on our hands, but I am nonetheless cautiously optimistic about our chances for success. We have a just case and a good cause. I am not going to project a timetable on this proposal. It represents a difficult challenge but not an impossible one.

No discussion of the myriad problems confronting state and local governments would be complete without reference to public lands. Here is an area of genuine interest to us all, because the benefits to be derived from "land reform" will have perhaps greater impact on Nevada than any other state.

We are familiar with the frequently-quoted statistic that tells the story of federal land domination in Nevada—the 86 percent ownership by the national government. Indeed, only 9.2 million acres of Nevada's 70.2 million acres is in private hands.

This federal control in Nevada and other western states has, over the years, created problems too numerous to document here. But the compelling need for reform is readily apparent to anyone who has examined the plight of local governments.

It is immediately clear that local governments are rapidly nearing what may be called "the point of no returns." The states and the federal government have pre-empted most revenue sources beyond the property tax. Local governments justifiably contend that vast, tax-exempt federal property seriously impedes their capacity to provide increased public services which are demanded by fast-growing communities.

The situation is particularly critical in Nevada, because we are growing faster—on a per capita basis—than any other state.

It is clear that public lands can and should play an important role in overcoming this growing strain on local governments. And I have high hopes that this goal may ultimately be achieved as the result of a detailed study presently being conducted by the Public Land Law Review Commission.

The Commission, of which I am a member, is conducing a top-to-bottom review of our myriad, complex and often conflicting federal land laws. The immediate goal is a set of recommendations which we hope will result in an overhaul of these laws by Congress.

The ultimate, long-range goal is to provide a much more reasonable and useful operation of the vast federal domain for the benefit of the public as a whole. This will envisage a more adapable multiple-use concept and a truly workable system of converting these lands to private and local ownership when desirable.

I am not advocating a wholesale transfer of federal lands to the states or their political subdivisions. Even if the states wanted all this vast acreage, a title transfer of this magnitude would not be feasible. But neither is it feasible, nor reasonable, for the federal government to tenaciously hold and manage many millions of acres in the West that could be put to more practical and beneficial use.

It is too early to speculate on the benefits that Nevada may expect from land reform. However, you can be sure the Commission will consider the critical need for federal land transfer in Nevada as well as the mechanisms most suitable to accomplish this objective.

Your time is precious so I will bring my presentation to a close. However, I should like to offer one final observation, and one with which I know you will agree. It is simply this: With all our problems, and they are not inconsiderable, the future of Nevada is brighter than at any other time in our history.

Our population continues to grow at a pace that astonishes even our rapidly-growing neighbors in the West.

Our economy is once again beginning to show the symptoms of excellent health that triggered our dramatic forward push in the early 1960's.

Future growth is indicated in virtually every sector of our economy and in

almost every area of the State. Federal projects approved by Congress will provide much of the impetus, but a great many private corporations and companies also are expanding their horizons.

Several of our small counties, particularly, are beginning to profit from the resurgence in mining, an industry that was once the cornerstone of our economy and is now resuming a position of importance. The federal Bureau of Mines, and private corporations as well, have ambitious plans for the years ahead.

In Southern Nevada, the construction and real estate industries are beginning to move forward with renewed vigor, and a number of substantial federal programs will provide an added boost. These include the Southern Nevada Water Project, the Southern California Edison Steam Plant at Fort Mohave, the Pacific Northwest-Pacific Southwest Power Intertie at Boulder City, and the acceleration of the nuclear rocket development program at the Nevada Test Site.

The Washoe Reclamation Project will stimulate the economy at this end of the State, and prospects are excellent for a new, improved Wild Horse Dam and Reservoir in Elko County, with the possibility that construction may get underway by August if a $2 million appropriation is approved.

These and many other projects, coupled with the release of highway construction funds by the Johnson Administration, point to a robust economy in the years just ahead. More than ever before, it's going to be great to be a citizen of Nevada.

Again, I thank you, and you have my best wishes for success in your endeavors.

GENERAL FILE AND THIRD READING

Senate Bill No. 158.

Bill read third time.

The following amendment was proposed by Messrs. McKissick, Wooster, Mello, Kean, and Schouweiler:

Amendment No. 893.

Amend the bill as a whole by deleting sections 1 through 27 and inserting:

"Section 1. 1. The legislature finds that urban problems today more than ever before challenge imagination and require courage to attain the goal of efficient, economical and progressive government.

2. It is the purpose of this act to provide a method whereby the residents of the cities of Reno and Sparks, in Washoe County, may propose local solutions to common problems in order that proper growth and development of the Reno-Sparks area may be assured and the health and welfare of the people residing therein secured.

Sec. 2. 1. At the municipal general election to be held in June 1967, the question whether the cities of Reno and Sparks should be merged and a Reno-Sparks Merger Commission be established to accomplish such merger shall be submitted to the registered voters of the City of Reno and the City of Sparks in the same manner as other questions are submitted to the voters at municipal elections.

2. The ballot or ballot label proposition shall be substantially in the following form:

Shall the cities of Reno and Sparks be merged and the Reno-Sparks Merger Commission be established to accomplish such purpose?

Sec. 3. The board of county commissioners of Washoe County shall make and prepare an abstract of the votes cast in each city, showing the number of votes cast in each city, the number of votes cast in each city for the merger of the cities of Reno and Sparks and the establishment of the merger commission and the number of votes cast in each city against the merger of the cities of Reno and Sparks and the establishment of the merger commission.

Sec. 4. 1. If a majority of the votes cast in either city is against the merger of the cities of Reno and Sparks and the establishment of the merger commission, the board of county commissioners of Washoe County shall declare the result, and the cities shall not be merged and the merger commission shall not be established.

2. If a majority of the votes cast in each city is in favor of the merger of the cities and the establishment of the merger commission, the commission shall be deemed to be established, and the board of county commissioners of Washoe County shall declare the result and cause its clerk to prepare and deliver a certified copy of the abstract of the result in each city to the clerk of each city within 3 days after the completion of the canvass. The clerk of each city shall present the copy of the abstract to the city council of that city at its next regular meeting after his receipt of such copy. The abstract shall be recorded in the journal of each city council.

Sec. 5. 1. If the Reno-Sparks Merger Commission is established pursuant to the provisions of this act, the commission shall consist of six members to be appointed as follows:

(a) Three members to be appointed by the city council of the City of Reno.

(b) Three members to be appointed by the city council of the City of Sparks.

2. Each member shall reside at the time of his appointment in the city by which appointed.

3. A member may be an officer or employee of the city by which appointed.

Sec. 6. 1. The members of the merger commission shall be appointed on or before July 6, 1967.

2. The members of the merger commission shall meet at 1 p.m. on Monday, July 10, 1967, in the city council chambers in the city hall in Reno, Nevada, and organize. As its first official act the commission shall elect a chairman and a vice chairman from among its members.

3. Further meetings of the commission shall be held upon call of the chairman, the vice chairman in the absence or inability of the chairman, or a majority of the members of the commission.

Sec. 7. 1. In case of a vacancy for any cause, a new member shall be appointed in the same manner as the member he replaced.

2. Members of the commission shall receive no compensation.

3. All meetings of the commission shall be open to the public.

4. A majority of the members of the commission shall constitute a quorum for the transaction of business.

5. Each member shall have one vote.

Sec. 8. 1. The commission shall prepare necessary amendments to the charter of the City of Reno solely to accomplish merger, using as guidelines, where applicable, the contents of Senate Bill No. 158 (Third Reprint), Senate Bill No. 159 (First Reprint) and Senate Bill No. 160 (First Reprint), all of the 54th session of the Nevada legislature. It is not the intention of the legislature that the commission, in the exercise of its powers and the performance of its duties, shall propose amendments which would have the effect of changing the form of government of the City of Reno in effect on the effective date of this act.

2. In the preparation of the necessary amendments to the charter of the City of Reno the commission shall study and take into consideration, among other things:

(a) The financial aspects of merger, including but not restricted to the resulting debt as compared to the debt limit of the continuing city, the legality and effect of imposing different tax rates in different areas of the continuing city, and the operating revenue available to the continuing city after providing for debt service under the $5 constitutional limitation of the tax rate.

(b) The rights and privileges of employees in the service of the City of Sparks.

(c) Existing contracts, franchises and outstanding indebtedness of both cities.

(d) Equitable representation of the people of the City of Sparks on the city council.

(e) Statutory limitations and limitations imposed by existing ordinances concerning the opening and extension of streets.

(f) The effects of merger on the city's representation on the regional planning commission, the county fair and recreation board and the county board of equalization.

(g) The effects of merger on existing townships and township officers, representation on the board of county commissioners and on legislative districts.

(h) The effects of merger on land use classifications, zoning and subdivision of land.

3. Any charter amendments proposed by the commission shall not have the effect, if enacted, of annulling, canceling or revoking any gambling license issued by the City of Sparks.

Sec. 9. The commission shall have the following additional powers and duties:

1. To cooperate with such other agencies as it considers necessary for the rendition and affording of such studies and reports to the commission as will best assist it to carry out the purposes for which the commission was established. Upon request of the chairman of the commission:

(a) All state agencies and the officers and employees thereof shall furnish the commission such information as may be necessary for carrying out its functions and as may be available to or procurable by such agencies.

(b) The legislative counsel shall assist the commission in drafting proposed charter amendments and in the preparation of any proposed legislative bill or bills.

2. Within the limits of available money, to consult and retain experts and employ such clerical and other staff as, in the commission's judgment, may be necessary.

3. To do any and all other things as are consistent with and reasonably required to perform its functions under this act.

Sec. 10. 1. The cities of Reno and Sparks may appropriate funds for the necessary expenses of the commission. The commission may accept and expend moneys from any public source, including the Federal Government.

2. All moneys received by the commission shall be deposited with the county treasurer of Washoe County, who is authorized to disburse funds of the commission on its order.

Sec. 11. In the preparation of the required charter amendments the commission shall hold public hearings. Notice of hearings shall be published once each week for at least 2 weeks preceding a hearing, in at least one newspaper of general circulation in the cities of Reno and Sparks. The notice of hearing shall state the time and place for the hearing.

Sec. 12. 1. On or before December 31, 1967, the commission shall file with the legislative counsel three copies of a report and draft bills proposing amendment of the Reno city charter to effect merger. The commission is dissolved on December 31, 1967.

2. Upon receipt of the report and bills as provided in subsection 1 the legislative counsel shall transmit one copy of each to the governor with the written request that the governor include such bills for consideration by the legislature at any special session of the legislature convened by him after December 31, 1967, and before the convention of the next regular session of the legislature on the 3rd Monday in January 1969.

3. If the commission fails to file the required report and draft bills

with the legislative counsel on or before December 31, 1967, the legislative counsel shall advise the governor in writing of such fact and request the governor that the subject of the merger of the cities of Reno and Sparks be included for legislative consideration at any special session of the legislature convened after December 31, 1967, and before the 3rd Monday in January 1969. If the governor will allow the subject of merger of the cities to be a matter of legislative consideration at such a special session the legislative counsel shall, as required by law, draft the necessary legislation to effect merger.

Sec. 13. This act shall become effective upon passage and approval."

Amend the title by deleting the title and inserting:

"An Act relating to the merger of the cities of Reno and Sparks; to require that the question whether the cities of Reno and Sparks be merged and the Reno-Sparks Merger Commission be established be submitted to the registered voters of the cities of Reno and Sparks at the municipal general election of 1967; providing for the appointment, powers and duties of the members of such merger commission if the same is established; providing certain duties of the legislative counsel; and providing other matters properly relating thereto."

THE SEVENTY-EIGHTH DAY

CARSON CITY (Monday), April 3, 1967

Assembly called to order at 10:31 a.m.
Mr. Speaker presiding.
Roll called.
All present except Mr. Roy Young, who was excused.
Prayer by the Chaplain, Rev. John H. Emerson.
Pledge of allegiance to the Flag.

Mr. Swackhamer moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.
Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Webb requested that Rev. Emerson's invocation be entered in the Journal:

O God, maker of natural and moral laws of the Universe, inspirer of man-made laws to foster order and justice, the giver of grace that makes possible law-abiding citizens, bless these who serve in the Assembly of our great State.

We offer thanks for the high sense of dedication to public office reflected in our elected officials here. We offer gratitude for the art of compromise which makes legislation practicable.

Help our citizens to understand the many pressures and conflicts under which these legislators work: the pressure of wanting the approval and acceptance of the public and of their colleagues, the pressure of desiring to remain in office another term, the pressure of special interest groups, the pressure of individual conscience—pressures which often create agonizing conflicts between ideals, party loyalty, constituents, and practical, workable solutions to legislative problems. O Lord of Life, give these Assemblymen the resourcefulness necessary to be equal to the political pressures and conflicts with which they must live. May the satisfaction of serving others and of molding a worthy destiny for Nevada more than compensate for the rigors and obstacles of their office. Guide, uphold, and inspire these, your servants, this day. In the name of our Lord we pray.

Amen

STATEMENT BY GOVERNOR PAUL LAXALT, FOR IMMEDIATE RELEASE, April 3, 1967

I have never advocated or even suggested a unicameral Legislature for the State of Nevada.

I have, on several occasions, pointed out the virtues of a two-house Legislature.

I feel the current session of the Legislature is working very hard with the best interests of the State at heart. The performance of the current session most certainly would support a two-house system—not present arguments against it.

The following amendment was proposed by Messrs. White, May, Bryan Hafen, and Swackhamer:

Amendment No. 908.

Amend sec. 3, page 1, by deleting lines 23 and 24 and inserting:

"*1. As used in this section:*

(a) "Candy" includes candies, cakes, cookies, glacéed fruits, prepared cereals and similar products.

(b) "Chocolate ice cream" means ice cream flavored with chocolate or cocoa.

(c) "Fruit ice cream" means ice cream containing not less than 3 percent by weight of clean, mature, sound fruit or its equivalent in other forms.

(d) "Nut or candy ice cream" means ice cream containing not less than 1 percent by weight of sound, nonrancid nut meats or candy.

2. No frozen dessert may be labeled or sold in this state as ice cream unless it:

(a) Weighs at least 4.5 pounds per gallon;

(b) Contains at least 6 percent of milk solids not fat; and

(c) Except as provided in subsection 3, contains at least 10 percent of milk fat and 20 percent of total milk solids.

3. Chocolate ice cream, fruit ice cream and nut or candy ice cream shall contain at least 8 percent of milk fat and 16 percent of total milk solids.

4. Frozen desserts may be produced and sold which contain less than the amounts of milk fat required by subsections 2 and 3 for their respective categories of ice cream, but shall be labeled:

(a) "Ice milk" if they contain at least 2 percent of milk fat and 11 percent of milk solids; or

(b) By a name which does not imply a dairy dessert, if they contain less than such amounts."

REMARKS FROM THE FLOOR

Mrs. Tyson requested that her remarks be entered in the Journal.

Mr. Speaker:

Your Committee on Legislative Functions recommends the adoption by the Assembly of the following policy statement:

1. The Assembly recognizes the rights of individual citizens and representatives of citizens' groups to express their views and to supply and seek information on legislative matters, and that these rights and functions cannot be carried on effectively without conferences with individual Assemblymen.

2. In exercising their rights and performing their functions, individuals and group representatives should, recognizing the heavy schedules of Assemblymen, conduct themselves in such manner as not to interfere with the business of the Assembly, allowing Assemblymen the privacy of their desks as much as possible.

3. Unless it is a matter of immediate urgency, legislative advocates should limit their contacts with Assemblymen to those periods when the house is in an extended recess or adjourned.

4. Persons interested in discussing legislative matters with individual Assemblymen should seek permission to do so, and when practical, definite appointments should be made.

5. The floor of the Assembly should be open to legislative advocates during recesses and adjournment for the purposes of conferring at the press table, seeking information from the Chief Clerk, arranging appointments, and for conferences with Assemblymen after permission is obtained.

6. Assemblymen should refrain from extending invitations to known legislative advocates to sit upon the floor of the house when in session, and known legislative advocates should refrain from accepting invitations from well-meaning Assemblymen to sit upon the floor when the house is in session.

GERALDINE B. TYSON, *Chairman*

UNFINISHED BUSINESS

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 110, 112, 140, 145, 302, 305, 338, 371, 373, 399, 405, 424, 482; Senate Bills Nos. 192, 201, 216, 240, 248, 267, 313, 417, 423, 431; Assembly Joint Resolutions Nos. 19, 20; Assembly Concurrent Resolutions Nos. 18, 19.

Remarks by Mr. Wooster.

Motion carried.

Mr. Hilbrecht moved that Senate Bill No. 296 be re-referred to the Committee on Agriculture, Irrigation, and Livestock.

Motion carried.

Mr. Lowman requested that the following address delivered by Mr. Leslie M. Fry, Commander of the Veterans of Foreign Wars, be entered in the Journal.

I deeply appreciated the opportunity of appearing before this distinguished body that guides the destiny of a State rich in the tradition of the America we all love. If I may, I would like to preface my remarks with a few thoughts about the so-called "American Way of Life." That phrase has been used so much by so many for such different reasons that its meaning has become clouded. Scoundrels use the phrase to hide their real motives. Salesmen use it to sell their products. Patriots use it to express their deeply felt and highly admirable emotions.

The "American Way of Life" to me is a way of helping other people. In spite of all the cynics at home and abroad, the deep stream of consciousness that runs through American life makes us reach out a helping hand to those in need, and, at our best, to put aside personal desires and work for the public good.

That way of life began in Jamestown and Plymouth when people got together at logrollings and helped each other put up their first crude homes, barns, and churches. It is what led us, as servicemen, into bloody wars that we hoped would make the world safe for Democracy and crush the cruel ambitions of ruthless men who wanted to enslave others.

The American Way of Life led us to rebuild Europe after World War II, Korea after that conflict, and now decrees that we must spill more of our blood to protect the rights of still another people in Vietnam.

I could hand you a fifty-page list of the good works done by V.F.W. Posts here in Nevada. It would include the donation of wheel chairs and sickroom equipment to the bedridden, packages to servicemen in Vietnam, presenting U.S. Flags to organizations and individuals.

And the state V.F.W., in common with the national organization, is growing rapidly. Last year was the best in its history. The figures indicate the Nevada V.F.W. under the inspired leadership of its present commander, Charles Elkie of Henderson, will surpass that in 1967.

Yes, you can be very proud of your state organization. But we must be realists so let us admit, here and now, that unselfish and humanitarian activities like those undertaken by V.F.W. Posts here in Nevada, and in other parts of the nation, sometime seem like a small light surrounded by a great sea of darkness.

We are in a period of moral crisis not only on a broad international scale, but on a national level as well.

I don't think it is necessary to outline in detail the grim story of how the people of this nation have been led down the garden path to a point where too many of us regard national cheating as a way of life. Despite the fact that church attendance has reached an all-time high in this country, we have reached an all-time low in the appreciation of, and adherence to, the principles and the tenents of morality which our churches teach.

We have been lulled into an acceptance of fuzzy morality which is inducing in us a tendency to stampede away from responsibility.

A French observer of the American scene—over a century ago—said this: "America is great because she is good and, if America ever ceases to be good she will cease to be great."

This is true and it is wise. Democracy gives to those who live under it, benefits unrivaled by any other form of government. But, it also imposes upon those who live under it responsibilities unequaled in any other form of government. Democracy, if it works, must have from the people better-than-average honesty; better-than-average industry.

Are we better than average today? I am not talking about the average among other peoples. I am talking about our own average. That's the only average that counts.

The majority of Americans are still good, but we have shown a growing tendency toward self-indulgence which could eventually be disastrous.

No nation can long survive an overdose of self-indulgence. We have the lessons of history before us: the great empires of Biblical times—the great empires of Greece and Rome—a dozen or more empires which thrived in medieval Europe. They all fell prey to the temptation of national self-indulgence. This caused the inner decay which made them vulnerable to outer attack.

Lord Macauley, more than a hundred years ago, said this about the United States: "Your republic will be fearfully plundered and laid waste by barbarians in the twentieth century as the Roman Empire was in the fifth, with this difference: that the Huns and Vandals who ravaged the Roman Empire came from without and that *your* Huns and Vandals will have been engendered within your own country by your own institutions."

We carry with us no divine exemption from the lessons of history. The moral crisis which could lead eventually to internal decay is growing every day. And—hear this! It is my deep sincere belief that we, the veterans' organization of the United States, and you as legislators, must assume the leadership which will stem the tide of self-indulgence and irresponsibility which is threatening to submerge us.

There is no denying that too often we fail to meet our obligation to God and Country, but today as a veterans' organization we represent men who in the main discharged those duties and, could they speak from the serenity of their graves, would ask us to carry on where they left off—they would ask us to preserve this country as the great hope for all freedom-loving people round the world.

As we consider today ways to make a stronger America and means to preserve that which generations of Americans have fought for since the Revolution, my thoughts turn to the youth of the United States—our most priceless possession.

The young people of this generation will probably bear a heavy financial burden, much of it for the cost of armaments; and they will be required to make personal sacrifices for the defense of the ramparts of freedom.

And today I want you to know how proud I am of our young people—proud that they have not been contaminated by the poison springs of communist thought—the Marx, Lenin, Stalin bill of goods that did not sell. But even though their loyalty is unquestioned I would not be completely honest with you if I did not confess that, like many others, I am disturbed by the signs of weakened patriotism of significant numbers of our fellow citizens.

Too many Americans don't bother to vote. Too many Americans are willing to trade in our hard-won freedom and independence—our sovereignty—for a world government or Atlantic union. Too many are somewhat ashamed of proclaiming their love for their country because they may be referred to as "flag-wavers." Too many are fearful of protesting against communist mass murder and enslavement abroad and its treason here at home, lest they be referred to as "red-baiters" or perhaps "facists."

I ask you, what is wrong with waving our country's flag—a thing which great and honorable men have done all through history? Why should we be ashamed or afraid to speak up against the gross degeneracy of Communism which would destroy everything that all decent people in every corner of the world believe in?

Can you and I really believe in freedom if we remain silent when freedom is destroyed? Can we believe in the inalienable, God-given rights if we go along with regimes that wipe them out? And can we maintain our own freedom if we don't believe in freedom enough to protest—and even fight—rather than let its light be dimmed in one nation after another until the whole globe is enveloped in the darkness of inhuman brutality?

We, of the Veterans of Foreign Wars, call on all Americans to rededicate themselves to the principles of freedom on which this nation is founded. To learning and teaching others the glorious history and traditions of this country. Could there be a more potent weapon against Communism?

It is up to us to carry on the noble heritage that is ours.

I strongly advocate that Americanism should be taught as it once was: A way of life charted according to the humanitarian ideals and democratic principles which our forefathers wrote into the Declaration of Independence and the Constitution. What better patriotic inspiration is there than that contained in the exciting story of the creation of the American nation? And today, as we negotiate on an international scale, if we expect to win the hearts and minds of men—and that is the struggle—at a time when governments are failing on distant fronts, we must

show a unity of social faith and unquestionable proof of our devotion to the ideals that have made us great. There is nothing dry or dull in this social faith as expressed by Washington, Franklin, Jefferson, Madison, Lincoln, Theodore Roosevelt, Wilson, Franklin D. Roosevelt, Eisenhower, and Kennedy. In fact, when we review our history since our founding, we can safely say that no three centuries were ever crowded with so many moments of drama and adventure, of tragedy and glory, than found in the colorful history that shaped our destiny in the new world.

Senate Concurrent Resolution No. 11.

Mr. Swackhamer moved that the resolution be referred to the Committee on Legislative Functions.

Motion carried.

Senate Committee on Conference	*Assembly Committee on Conference*

Amendment No. 1039.

Amend the bill as a whole by deleting sections 1 to 12 and inserting:

"Section 1. NRS 474.460 is hereby amended to read as follows:

474.460 *1.* All territory in each county not included in any other fire protection district, except incorporated areas, may be organized *by ordinance* by the board of county commissioners of the county in which such territory lies into as many fire protection districts as necessary to provide for the prevention and extinguishment of fires in the county, until such time as such territory may be included in another fire protection district formed in accordance with the provisions of chapter 473 of NRS, or NRS 474.010 to 474.450, inclusive.

2. Each such district shall:

(a) Be a body corporate and politic;

(b) Be a political subdivision of the state; and

(c) Have perpetual existence unless dissolved as provided in this chapter.

3. Each such district may:

(a) Have and use a corporate seal;

(b) Sue and be sued, and be a party to suits, actions and proceedings; and

(c) Arbitrate claims.

4. The board of county commissioners of the county organizing each such district shall ex officio be the governing body of each such district.

5. The chairman of the board of county commissioners shall ex officio be chairman of each such district.

6. The county clerk shall ex officio be clerk of each such district.

7. The county treasurer shall ex officio be treasurer of each such district.

Sec. 2. NRS 474.510 is hereby amended to read as follows:

474.510 1. The board of county commissioners shall prepare a budget *for each district organized in accordance with NRS 474.460,* estimating the amount of money which will be needed to defray the expenses of the [districts organized in accordance with NRS 474.460,] *district,* and to meet unforeseen fire emergencies and determine the amount of a fire protection tax sufficient to raise such sums.

2. At the time of making the levy of county taxes for the year, the board of county commissioners shall levy the tax provided by subsection 1, upon all [the real property, together with improvements thereon, and all telephone lines, powerlines and other public utility lines, which are defined as personal property within the provisions of NRS 361.030, in the districts.] *property, both real and personal, subject to taxation within the boundaries of the district, including the net proceeds of mines.* Any tax levied on interstate or intercounty telephone lines, powerlines and other public utility lines as authorized in this section shall be based upon valuations established by the Nevada tax commission pursuant to the provisions of NRS 361.315 to 361.330, inclusive.

3. The amount of tax to be collected for the purposes of this section shall not exceed, in any 1 year, 1 percent of the value of the property described in subsection 2.

4. If levied, the tax shall be entered upon the assessment roll and collected in the same manner as state and county taxes.

5. For the purposes of NRS 474.460 to 474.540, inclusive, the county treasurer shall keep two separate funds [,] *for each such district,* one to be known as the [county] *district* fire protection operating fund and one to be know as the [county] *district* fire emergency fund. The sums collected to defray the expenses of [the districts] *any district* organized pursuant to NRS 474.460 shall be deposited in the [county] *district* fire protection operating fund, and the sums collected to meet unforseen emergencies shall be deposited in the [county] *district* fire emergency fund. The [county] *district* fire emergency fund shall be used solely for emergencies and shall not be used for regular operating expenses and shall not exceed the sum of $50,000.

Sec. 3. NRS 474.540 is hereby amended to read as follows:

474.540 *1.* The *county* activities set forth under NRS 474.460 to 474.540, inclusive, shall be separate and apart from other county functions except for equipment maintenance and repair.

2. The activities of each district organized in accordance with NRS 474.460 shall be separate and apart from county activities and any other political subdivision in this state.

Sec. 4. Chapter 474 of NRS is hereby amended by adding thereto the provisions set forth as sections 5 to 10, inclusive, of this act.

Sec. 5. *The board of county commissioners of any county in which is located a fire protection district organized pursuant to NRS 474.460, in the name and on behalf of the county by ordinance, and in the name and on behalf of any such district by resolution, may authorize contracts between the county and any such district or among the county and such districts for the prevention and control of fires and concerning the exercise of powers by the respective parties to such contract for that purpose, including without limitation the exercise of the powers provided in NRS 474.470.*

Sec. 6. *Any district organized pursuant to NRS 474.460, acting by and through the board of county commissioners, by resolution may at any time or from time to time acquire:*

1. A system of waterworks, hydrants and supplies of water.

2. Telegraphic fire signals, telephone, telegraph, radio and television service.

3. Fire engines and other vehicles.

4. Hooks, ladders, chutes, buckets, gauges, meters, hoses, pumps, fire extinguishers, fans and artificial lights.

5. Respirators, rescue equipment, other fire protection and fire-fighting apparatus and other appurtenances.

6. Fixtures, structures, stations, other buildings and sites therefor.

7. Land, interests in land, and improvements thereon for firebreaks and other fire protection.

8. Appurtenances and incidentals necessary, useful or desirable for any such facilities, including without limitation all types of property therefor.

9. Any combination of the properties provided in this section.

Sec. 7. *For the purpose of defraying the cost of the acquisition of any properties authorized by section 6 of this act, the board of county commissioners, on the behalf and in the name of any district organized pursuant to NRS 474.460, may, by resolution, at any time or from time to time, borrow money, otherwise become obligated, and evidence or reevidence such obligations by the issuance of bonds and other municipal securities payable from general (ad valorem) taxes and constituting general obligations of the district, as provided in the Local Government Securities Law, as from time to time amended, subject to the limitations therein and in sections 8 and 9 of this act.*

Sec. 8. *No general obligation bonds of a district shall be issued unless there is a compliance with the provisions of NRS 350.001 to 350.-006, inclusive, and 350.010 to 350.070, inclusive.*

Sec. 9. *No indebtedness, as defined in section 45 of the Local Government Securities Law, including outstanding indebtedness, shall be incurred by any district organized pursuant to NRS 474.460 in an aggregate principal amount exceeding 5 percent of the total last-assessed valuation of taxable property (excluding motor vehicles) situated within the district.*

Sec. 10. *1. An annual general (ad valorem) tax shall be levied and collected by the district sufficient to pay the interest on and the principal of the general obligation securities of the district as the same become due.*

2. The proceeds of such taxes are specially appropriated to the payment of such principal and interest.

3. Such appropriation shall not be repealed nor the taxes postponed or diminished until such principal and interest has been wholly paid.

4. The payment of such securities, the levy of such taxes, and the appropriation of the proceeds thereof shall be in the manner delineated in sections 48 to 53, inclusive, of the Local Government Securities Law, and other provisions therein supplemental thereto.

Sec. 11. This act shall become effective upon passage and approval."

Amend the title by deleting the title and inserting:

"An Act to amend chapter 474 of NRS, relating to county fire protection districts created by boards of county commissioners, by amending existing sections and adding new sections; relating to the formation of such districts, their purposes, the facilities and services furnished thereby, their properties, contracts with other political subdivisions, the borrowing of money, the other incurrence of obligations, and the issuance of bonds and other securities, the levy and collection of general (ad valorem) property taxes; otherwise providing powers, duties, rights, privileges, liabilities and limitations and other details in connection therewith; and providing other matters properly relating thereto."

Amendment No. 974.

Amend the bill as a whole by adding following line 22 on page 2:

"Sec. 3. NRS 286.610 is hereby amended to read as follows:

286.610 1. A member with [25] *20* or more years of service but

who is not yet eligible for retirement by reason of age may elect to protect a beneficiary under the terms and conditions of one of the Options 2 to 5, inclusive, as described in NRS 286.590.

2. The protection to the beneficiary shall be calculated upon the member's conditions of service and average salary obtaining on the 1st day of the month in which the application for such protection, upon a form prescribed by the board, shall be received in the office of the board.

3. Should the member die after the election has become effective, the designated beneficiary, if surviving, shall become eligible for receipt of an allowance under the elected plan at such time as the deceased member would have reached retirement age or, if either Option 4 or Option 5 has been elected, under the terms and conditions of such option, whichever is later. If the beneficiary does not survive to the date upon which the deceased member would have reached retirement age, or to such date as the beneficiary would be otherwise eligible for an allowance, the refund of the contributions of the deceased member shall be paid in equal shares directly and without probate or administration to the surviving children of the deceased member or, if there be no such surviving children, to the estate of the deceased beneficiary. The anticipated retirement age shall be that age upon which the member could have retired in consideration of service credited at the time of death.

4. Should the member die after the effective date of protection, the allowance payable to the designated beneficiary under the elected option shall be recalculated under the conditions of service and average salary obtaining as of the date of such death.

5. If the beneficiary should die during the continued employment of the member, the member may designate a beneficiary under NRS 286.-660 to receive his total retirement contributions in case of death prior to actual entry into retirement.

6. Protection under optional plans may be extended to only one person prior to actual entry into retirement status, but if the originally named beneficiary should die prior to the entry of the member into actual retirement a new beneficiary may be named under an optional plan. A charge shall be made for the protection previously extended to the deceased beneficiary which shall be the actuarial equivalent of the protection previously received and the optional payments for the new beneficiary shall be calculated under regular procedures.

7. Should the member enter into actual retirement status within 12 months of the effective date of protection to a beneficiary, he shall receive his allowance under the terms and conditions of the option previously selected, but the allowance payable under the option shall be recalculated upon the conditions of service and average salary obtaining as of the date of retirement, and the recalculated allowance shall be reduced by the actuarial equivalent of the protection previously received, based upon ages when the member is first eligible to retire.

8. Should the member enter into actual retirement status at a date in excess of 12 months after the effective date of protection, he may retire under the terms and conditions of the plan previously selected or he may be permitted to reselect a retirement plan, with a change of beneficiary if desired, and calculations in every case shall be made upon the

conditions of service and average salary obtaining upon the date of retirement. The recalculated allowance shall be reduced in every case by the actuarial equivalent of the protection previously received, based upon ages when the member is first eligible to retire. If the member does not change selection of retirement option or beneficiary, the period of protection chargeable to him ceases on the date he is first eligible to retire. If the member changes either the selection of retirement allowance or beneficiary, the period of protection chargeable to him ceases on the date of the actual retirement.

Sec. 4. NRS 286.676 is hereby amended to read as follows:

286.676 If, at the time of his death, a member had 15 or more years of service, his widow, upon attaining the age of 60 years, may receive the sum of $100 per month or 50 percent of the average salary received by the deceased member for the 3 consecutive highest salaried years of his last 10 years of service, whichever is less. If, at the time of his death, a member had [25] *20* or more years of service and did not elect an optional retirement plan as offered in this chapter, his widow, upon attaining the age of 60 years, may receive $125 per month or 50 percent of the average salary received by such member for the 3 consecutive highest salaried years of his last 10 years of service, whichever is less. Payments, or the right to receive payments, shall cease upon the death or remarriage of the widow. Benefits under this section shall not be renewable following termination."

Amend sec. 5, page 3, by deleting line 31 and inserting:

"Sec. 5. Chapter 244 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. All public printing required by counties having a population of less than 12,000, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce, shall be placed with some bona fide newspaper or bona fide commercial printing establishment within the county requiring the same; but if there is no bona fide newspaper or bona fide commercial printing establishment within the county adequately equipped to do such printing, then the printing so required shall be placed through the local bona fide newspaper or bona fide commercial printing establishment.

2. Nothing in this section shall be construed as requiring counties to pay to the local bona fide newspaper or bona fide commercial printing establishment any commission on such printing, but the commission must be paid by the printing establishment doing the same.

3. Except as otherwise authorized in subsection 5, printing required by counties shall be done within the state.

4. The provisions of this section are contingent upon satisfactory

services being rendered by all such printing establishments and reasonable charges therefor. Reasonable charges shall mean a charge not in excess of the amount necessary to be paid for similar work in other printing establishments.

5. Nothing in this section shall be construed as prohibiting the printing of county bonds and other evidences of indebtedness outside the state.

Sec. 6. Chapter 268 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. All public printing required by the various cities of this state located in counties having a population of less than 12,000, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce, shall be placed with some bona fide newspaper or bona fide commercial printing establishment within the county in which the city is located. If there is no bona fide newspaper or bona fide commercial printing establishment within the county adequately equipped to do such printing, then the printing so required shall be placed through the local bona fide newspaper or bona fide commercial printing establishment.

2. Nothing in this section shall be construed as requiring such cities to pay to the local bona fide newspaper or bona fide commercial printing establishment any commission on such printing, but the commission must be paid by the printing establishment doing the same.

3. Except as otherwise authorized in subsection 5, printing required by cities of this state shall be done within the state.

4. The provisions of this section are contingent upon satisfactory services being rendered by all such printing establishments and reasonable charges therefor. Reasonable charges shall mean a charge not in excess of the amount necessary to be paid for similar work in other printing establishments.

5. Nothing in this section shall be construed as prohibiting the printing of city bonds and other evidences of indebtedness outside the state.

Sec. 7. Chapter 269 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. All public printing required by the various towns of this state located in counties having a population of less than 12,000, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce, shall be placed with some bona fide newspaper or bona fide commercial printing establishment within the county in which the town is located; but if there is no bona fide newspaper or bona fide commercial printing establishment within the county adequately equipped to do such printing, then the printing so required shall be placed through the local bona fide newspaper or bona fide commercial printing establishment.

2. Nothing in this section shall be construed as requiring such towns to pay to the local bona fide newspaper or bona fide commercial printing establishment any commission on such printing, but the commission must be paid by the printing establishment doing the same.

3. Except as otherwise authorized in subsection 5, printing required by towns of this state shall be done within the state.

4. The provisions of this section are contingent upon satisfactory services being rendered by all such printing establishments and reasonable charges therefor. Reasonable charges shall mean a charge not in excess of the amount necessary to be paid for similar work in other printing establishments.

5. Nothing in this section shall be construed as prohibiting the printing of town bonds and other evidences of indebtedness outside the state.

Sec. 8. Chapter 393 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. All public printing required by the various school districts of this state whose boundaries are conterminous with the boundaries of counties having a population of less than 12,000, as determined by the last preceding national census of the Bureau of the Census of the United States Department of Commerce, shall be placed with some bona fide newspaper or bona fide commercial printing establishment within the school district requiring the same; but if there is no bona fide newspaper or bona fide commercial printing establishment within the school district adequately equipped to do such printing, then the printing so required shall be placed through the local bona fide newspaper or bona fide commercial printing establishment.

2. Nothing in this section shall be construed as requiring school districts to pay to the local bona fide newspaper or bona fide commercial printing establishment any commission on such printing, but the commission must be paid by the printing establishment doing the printing.

3. Except as otherwise authorized in subsection 5, printing required by school districts shall be done within the state.

4. The provisions of this section are contingent upon satisfactory services being rendered by all such printing establishments and reasonable charges therefor. Reasonable charges shall mean a charge not in excess of the amount necessary to be paid for similar work in other printing establishments.

5. Nothing in this section shall be construed as prohibiting the printing of school district bonds and other evidences of indebtedness outside the state.

Sec. 9. This act shall become effective upon passage and approval."

Amend the title by deleting the first line and inserting:

"An Act relating to public printing; to authorize certain counties, cities, towns and school".

Bill read second time, ordered engrossed, and to third reading.

Assembly Joint Resolution No. 24.

Resolution read second time, ordered engrossed, and to third reading.

Senate Bill No. 53.

Bill read second time.

The following amendment was proposed by Messrs. Close and Hilbrecht:

Amendment No. 1083.

Amend sec. 2, page 1, by deleting lines 20 and 21 and inserting:

"Sec. 2. NRS 485.3091 is hereby amended to read as follows:

485.3091 1. A "motor vehicle liability policy" as the term is used in this chapter shall mean an owner's or an operator's policy of liability insurance [, certified as provided in NRS 485.308 or 485.309 as proof of financial responsibility, and] issued, except as otherwise provided in NRS 485.309, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

2. Such owner's policy of liability insurance shall:

(a) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

(b) Insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability

imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: $10,000 because of bodily injury to or death of one person in any one accident, and, subject to such limit for one person, $20,000 because of bodily injury to or death of two or more persons in any one accident, and $5,000 because of injury to or destruction of property of others in any one accident.

3. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workmen's compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any such motor vehicle, nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by such motor vehicle liability policy occurs; the policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of the policy shall defeat or void the policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph (b) of subsection 2 of this section.

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and such

excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers, which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

Sec. 3. NRS 485.3092 is hereby amended to read as follows:

485.3092 When an insurance carrier has [certified] *issued* a motor vehicle liability policy, [under NRS 485.308 or a policy under NRS 485.309,] the insurance so [certified] *issued* shall not be canceled or terminated until at least 10 days after a notice of cancellation or termination of the insurance [so certified shall be] *has been received by the insured and, if the insurance carrier has certified such policy under NRS 485.308 or 485.309, a notice has also been* filed in the office of the division. [, except that such a] *A* policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

Sec. 4. This act shall become effective 120 days after passage and approval."

Amend the title by deleting the first line and inserting:

"An Act relating to motor vehicle liability insurance;".

Amend the title by deleting the last line and inserting: "tection in new policies; to enlarge the requirement for notice of cancellation; and providing other matters properly relating thereto".

Mr. Hilbrecht moved the adoption of the amendment.

(2) One representative of the other incorporated cities and towns jointly; and

(3) One representative of the public at large.

(b) In each county which contains but one incorporated city or town:

(1) One representative of the incorporated city or town; and

(2) Two representatives of the public at large.

(c) In each county which contains no incorporated city or town, one representative of the public at large.

Each representative of a single local government shall be chosen by its governing body. Each representative of two or more local governments shall be chosen by their governing bodies jointly, each governing body having one vote. Each representative of the public at large shall be chosen by the other members of the commission from residents of the county who have a knowledge of its financial structure. A tie vote shall be resolved by lot.

2. The [first] members of the commission shall be chosen [within 30 days following July 1, 1965, and shall serve until December 31, 1966. Their respective successors shall be chosen] in January of each odd-numbered year beginning in 1967, and shall hold office for a term of 2 years beginning January 1.

3. Any vacancy shall be filled in the same manner as the original choice made for the remainder of the unexpired term.

Sec. 59. NRS 350.004 is hereby amended to read as follows:

350.004 Before any proposal to issue general obligation, *special assessment or revenue* bonds may be submitted to the electors of a county, incorporated city or town, unincorporated city or town, school district, or other district or political subdivision (excluding the state) pursuant to this chapter or chapter 387 of NRS or any other law, *before any ordinance may be enacted or resolution adopted by the governing body of any such political subdivision for the issuance of special assessment or revenue bonds,* or before any other formal action may be taken preliminary to the issuance of any [general obligation] bonds, their proposed issuance must

receive the favorable vote of a majority of the members of the [general obligation] bond commission of the county in which it is situated. In the case of a joint school district or other district embracing all or part of two or more counties, the proposal must receive such favorable vote in the county or counties in which a majority of its assessed valuation is situated.

Sec. 60. NRS 350.005 is hereby amended to read as follows:

350.005 1. The governing body of the political subdivision (excluding the state) proposing to issue general obligation, *special assessment or revenue* bonds shall notify the secretary of each appropriate commission, and shall submit a statement of its proposal in sufficient number of copies for each member of the commission. The secretary, with the approval of the chairman, shall thereupon, within 10 days, give notice of a meeting to be held not less than 10 nor more than 20 days thereafter. He shall provide a copy of the proposal to each member with the notice of the meeting.

2. The commission may adjourn a meeting called to consider a particular proposal no more than once, for no more than 10 days. Notification of the approval or disapproval of its proposal shall be sent to the governing body within 3 days after the meeting.

3. A proposal which has been disapproved may not be resubmitted until after the expiration of 90 days from the date of the meeting.

Sec. 61. NRS 350.006 is hereby amended to read as follows:

350.006 NRS 350.001 to 350.005, inclusive, do not apply to:

1. Any general obligation bonds approved at an election held prior to July 1, 1965, whether or not such bonds are issued prior to that date;

2. Any general obligation bonds authorized to be issued by a special act adopted and approved prior to July 1, 1965; [and]

3. *Any special assessment or revenue bonds whose issuance was authorized by ordinance or resolution passed, or which were approved at an election held, prior to the effective date of this mandatory act, whether or not such bonds are issued prior to that date;*

4. Any special assessment or revenue bonds authorized to be issued by a special act adopted and approved prior to the effective date of this amendatory act; and

5. Any bonds issued for the purpose of refunding outstanding general obligation, *special assessment or revenue* bonds.

Sec. 62. This act redesignates the general obligation bond commission created in each county by chapter 508, Statutes of Nevada 1965, to accord with its enlarged function. Each member of the general obligation bond commission in each county shall, for the remainder of the term for which he was chosen, be a member of the bond commission for the purposes of this act.

Sec. 63. This act shall become effective upon passage and approval."

Amend the title by deleting the title and inserting:

"An Act relating to public securities and obligations; authorizing counties and cities to issue revenue bonds to finance industrial development projects and to lease such projects; prescribing details in connection therewith; requiring that all revenue and special assessment bonds be approved by a county bond commission; and providing other matters properly relating thereto."

SPECIAL ORDERS OF THE DAY

The hour of 10:30 a.m. having arrived, Vetoed Assembly Bill No. 371 was considered.

Vetoed Assembly Bill No. 371 of the 54th Session.

Bill read.

Governor's message stating his objections read.

THE STATE OF NEVADA
EXECUTIVE CHAMBER

Carson City, Nevada, April 6, 1967

THE SPEAKER, *Nevada State Assembly,* Assembly Chambers, Carson City, Nevada

DEAR MR. SPEAKER: I am returning without my approval A.B. 371 which relates to blind persons, by adding a new section authorizing employees of the Services to the Blind Division of the Department of Health and Welfare to serve in a private capacity without conflict of interest.

While the motives behind this legislation may be commendable, serious policy objections are present. It is essential to the administration of good government that conflicts of interest be minimal. No man can properly serve two masters, particularly in governmental service.

This legislation flies in the face of a strong administration policy that there be no conflicts of interest. If approved, employees of the State, if acting in a fiduciary capacity as a trustee or a director, could easily and quickly find themselves in a position of having to elect between a policy of the State and one established by the fiduciary.

This is the type of situation which must be avoided at all costs. In vetoing this legislation we will achieve impartial, independent assistance to the blind while at the same time the integrity of our state employees will be protected.

Respectfully,

PAUL LAXALT
Governor of Nevada

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Mrs. Frazzini.

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

NAYS—Ashworth, Bishop, Bowler, Brookman, Dini, Dungan, Espinoza, Foote, Frazzini, Garfinkle, Getto, Glaser, Bryan Hafen, Tim Hafen, Hilbrecht, Homer, Howard, Jacobsen, Kean, Lowman, McKissick, Manning, May, Mello, Prince, Schouweiler, Smith, Swackhamer, Torvinen, Tyson, Viani, Webb, White, Wilson, Wood, Wooster, Frank Young, Roy Young, Mr. Speaker—39.

JOSEPH E. DINI, JR., *Chairman*

Mr. Speaker: April 11, 1967

Your Committee on Legislative Functions reports:

1. That pursuant to the direction contained in Senate Concurrent Resolution 8, the government classes in all the high schools, both public and private, throughout the State, were invited to submit designs for a special legislative flag.

2. That several excellent designs were submitted and your committee has selected, on the basis of originality, applicability, use of symbolic representations, neatness and general aesthetic appeal, the design created by the senior government class of the Tonopah High School, Tonopah, Nye County, Nevada.

3. That the winning design is on display in Committee Room No. 58 for inspection and approval by Members of the Legislature.

Your committee recommends:

1. That a bill be introduced and passed designating a special legislative flag containing substantially the design of the senior government class of the Tonopah High School.

2. That the Director of the Legislative Counsel Bureau be authorized and directed to expend from the Legislative Fund moneys to acquire:

(a) Four large flags of such design. Two of the flags shall be delivered to the Chief of the Buildings and Grounds Division of the Department of Administration for display over the Capitol during legislative sessions, and one flag shall be on permanent display in each legislative house; and

(b) A sufficient number of miniature flags for display on legislators' desks and for delivery to each member of the senior government class of the Tonopah High School.

3. That the Director of the Legislative Counsel Bureau be directed to write letters to each student who submitted a design thanking him for his interest in his State and Legislature.

GERALDINE B. TYSON, *Chairman*

Amend sec. 8, page 3, by deleting lines 44 through 47 and inserting: "*(b) Change any of the corporate officers; or*

(c) Change any of the members of its board of directors,".

Amend sec. 8, page 4, line 2, by deleting "*(d),*" and inserting "*(c),*".

Amend the bill as a whole by deleting sections 11 through 15 and inserting:

"Sec. 11. *If the Nevada corporation applying for a license is owned or controlled in whole or in part by a corporation which is chartered in any jurisdiction other than Nevada (such out-of-state corporation being hereinafter in sections 11 to 18, inclusive, of this act referred to as the "foreign corporation"), the foreign corporation must:*

1. Qualify to do business in the State of Nevada pursuant to the laws of Nevada.

2. Appoint the secretary of state of Nevada and his successor in office its true and lawful attorney in and for the State of Nevada upon whom all lawful processes in any action or proceeding against it may be served in like manner and with the same effect as if served on the foreign corporation within the State of Nevada.

3. Have the conduct of gaming among the purposes stated in its articles of incorporation.

4. Execute an agreement with the commission, on behalf of the State of Nevada, waiving and releasing any and all rights it may have to a vested interest in a Nevada gaming license for itself or its subsidiary Nevada corporation and agreeing to be bound by any decision of the commission, which is in accordance with the laws of the State of Nevada and the regulations of the commission at the time the decision is made, to revoke, limit, condition or suspend the license of its subsidiary corporation or to fine either the subsidiary corporation or the foreign corporation.

5. Maintain an office on the licensed premises in Nevada.

6. Comply with all of the requirements of the laws of the State of Nevada pertaining to corporations.

7. Maintain a ledger in its principal office in Nevada, which shall:

(a) At all times reflect the ownership of every class of security issued by the foreign corporation; and

(b) Be available for inspection by the board, commission and their authorized agents at all reasonable times without notice.

8. Avoid any public offering of any of its securities unless such public offering has been approved by the commission.

9. Register as a corporation with the board, and provide the following information to the board:

(a) The organization, financial structure and nature of the business of the foreign corporation, including the names, personal history and fingerprints of all officers, directors and key employees, and the names, addresses and number of shares held by all stockholders.

(b) The rights and privileges accorded the holders of different classes of authorized securities of the foreign corporation, including debentures.

(c) The terms on which its securities are to be, and during the preceding 3 years have been, offered to the public or otherwise.

(d) The terms and conditions of all its outstanding loans, mortgages, trust deeds, pledges or any other indebtedness or security device.

(e) The extent of the equity security holdings in the foreign corporation of all officers, directors and underwriters, and their remuneration as compensation for services, in the form of salaries, wages, fees or otherwise.

(f) Remuneration to persons other than directors and officers exceeding $20,000 per annum.

(g) Bonus and profit-sharing arrangements.

(h) Management and service contracts.

(i) Options existing or to be created in respect of its securities.

(j) Balance sheets for at least the 3 preceding fiscal years, or, if the foreign corporation has not been incorporated for a period of 3 years, balance sheets from the time of its incorporation. All balance sheets shall be certified by independent public accountants certified or registered in the State of Nevada.

(k) Profit and loss statements for at least the 3 preceding fiscal years, or, if the foreign corporation has not been incorporated for a period of 3 years, profit and loss statements from the time of its incorporation. All profit and loss statements shall be certified by independent public accountants certified or registered in the State of Nevada.

(l) Any further financial data which the board may deem necessary or appropriate for the protection of the State of Nevada, or licensed gambling, or both. The board or commission may in its discretion make such investigation of the foreign corporation or any persons associated therewith as it deems necessary.

Sec. 12. *All officers and directors of the foreign corporation must be licensed individually, according to the provisions of this chapter, and if, in the judgment of the commission, the public interest will be served by requiring any or all of such foreign corporation, individual stockholders, lenders, holders of evidence of indebtedness, underwriters, key executives, agents or employees to be licensed, such foreign corporation shall require such persons to apply for a license in accordance with the laws and requirements in effect at the time the commission requires such licensing.*

Sec. 13. *1. After licensing, but before the foreign corporation may do any of the following:*

(a) Transfer any security (other than a security issued by it) to any person;

(b) Change any of its corporate officers; or

(c) Change any of the members of its board of directors,

it shall file a report of its proposed action with the board and commission, which report shall request the approval of the commission. The commission shall have 60 days within which to approve or deny the request.

2. If the commission denies the request, the foreign corporation shall not perform any of the acts set forth in paragraphs (a) to (c), inclusive, of subsection 1.

Sec. 14. *After licensing, the foreign corporation shall:*

1. Report to the board and commission in writing any change in corporate personnel who have been designated by the board or commission as key executives.

2. Furnish the board an annual profit and loss statement, annual balance sheet, and a copy of its federal income tax return within 30 days after such return is filed with the Federal Government.

Sec. 15. *1. If the commission finds any key executive of the foreign corporation unsuitable to hold a gaming license in the State of Nevada, the foreign corporation shall, within 30 days of notification by registered or certified United States mail of such finding, terminate the appointment or employment of any such unsuitable person.*

2. If the foreign corporation names a person to replace the person found unsuitable, it shall promptly notify the commission of such action and shall cause such person to apply for a gaming license in the event his predecessor had such a license.

Sec. 16. *1. The sale, assignment, transfer, pledge or other disposition of any security issued by the foreign corporation is ineffective unless approved in advance by the commission.*

2. If at any time the commission finds that an individual owner of any such security is unsuitable to continue as a gaming licensee in this state, such owner shall immediately offer such security to the issuing corporation for purchase. If the issuing corporation does not purchase any such security, the owner may offer it to other purchasers, subject to prior approval by the commission as provided in subsection 1.

3. Beginning upon the date when the commission serves notice of a determination of unsuitability pursuant to subsection 2 upon the foreign corporation, it is unlawful for the unsuitable owner to:

(a) Receive any dividend or interest upon any such security;

(b) Exercise, directly or through any trustee or nominee, any voting right conferred by such security; or

(c) Receive any remuneration in any form from the foreign corporation, for services rendered or otherwise.

4. Every security issued by the foreign corporation shall bear a statement, on both sides of the certificate evidencing such security, of the restrictions imposed by this section.

Sec. 17. *If any corporation, including but not limited to the foreign corporation, does not comply with all of the provisions of this chapter and the regulations of the commission, the commission may revoke, limit, condition or suspend the license of the Nevada corporation or fine either the Nevada corporation or the foreign corporation in accordance with the laws of the State of Nevada and the regulations of the commission.*

Sec. 18. *Sections 11 to 17, inclusive, of this act are not applicable to existing public corporations:*

1. Having:

(a) A net worth (determined in accordance with generally accepted accounting principles consistently applied) of not less than $50,000,000; and

(b) Not less than 10,000 stockholders; and

2. That, as of January 1, 1967, would have been obligated to comply with sections 11 to 17, inclusive, of this act had such sections been in effect on such date.

Sec. 19. NRS 463.160 is hereby amended to read as follows:

463.160 1. It is unlawful for any person, either as owner, lessee or employee, whether for hire or not, either solely or in conjunction with others:

(a) To deal, operate, carry on, conduct, maintain or expose for play in the State of Nevada any game or slot machine as defined in this chapter, or to operate, carry on, conduct or maintain any horse-race book or sports pool; or

(b) To provide or maintain any information service the primary purpose of which is to aid the placing or making of wagers on events of any kind; or

(c) To receive, directly or indirectly, any compensation or reward or any percentage or share of the money or property played, for keeping, running, carrying on or permitting the same to be carried on,

without having first procured, and thereafter maintaining in full force and effect, all federal, state, county and municipal gaming licenses as required by statute or ordinance or by the governing board of any unincorporated city or town.

2. It is unlawful for any person to lend, let, lease or otherwise deliver or furnish any equipment of any gambling game, including any slot machine, for any interest or any percentage or share of the money or property played, under guise of any agreement whatever, without having first procured a state gaming license for the same.

3. It is unlawful for any person to lend, let, lease or otherwise deliver or furnish, except by a bona fide sale, any slot machine under guise of any agreement whatever whereby any consideration whatever is paid or is payable for the right to possess or use such slot machine, whether such consideration is measured by a percentage of the revenue derived from such machine or by a fixed fee or otherwise, without having first procured a state gaming license for the same.

4. *It is unlawful for any person to furnish services or property, real or personal, on a contract, lease or license basis, pursuant to which such person receives payments based on earnings or profits or otherwise from any gambling game, including any slot machine, without having first procured a state gaming license; but the provisions of this subsection do not include any such person:*

(a) Whose payments are a fixed sum determined in advance on a bona fide basis; and

(b) Receiving such payments on January 1, 1967.

5. Any person who shall knowingly permit any gambling game, slot machine or device to be conducted, operated, dealt or carried on in any

house or building or other premises owned by him, in whole or in part, except by a person who is licensed hereunder, or his employee, shall be guilty of a gross misdemeanor.

[5.] *6.* Any licensee who puts additional games or slot machines into play without authority of the commission to do so or any licensee who fails to remit when due any license fee provided for by this chapter shall be liable for the penalty provided for in NRS 463.400 in addition to the penalty provided for in this section."

REMARKS FROM THE FLOOR

Mr. Wood requested the following message from the Governor be entered in the Journal:

EXECUTIVE CHAMBER
Carson City, Nevada

1:15 p.m. Friday

JIM: I understand that consideration of S.J.R. 11 has reached the point that it is now a battle of personalities, and that the merits of the resolution have been shunted into the background.

Rather than jeopardize what has been a most harmonious session, may I respectfully suggest to the supporters of the resolution in both parties that no further effort be made to free the resolution from Miss Dungan's committee.

Please assure all concerned that we will continue our efforts at the next regular session.

PAUL LAXALT

Mr. White requested that the following report be entered in the Journal:

ASSEMBLY
NEVADA LEGISLATURE

COMMITTEE ON STATE INSTITUTIONS AND LIBRARIES

REPORT ON STATE INSTITUTIONS

Part I

Youth Training Center—Elko
School for Girls—Caliente
Spring Mountain Youth Camp

The Committee respectfully submits these reports to the Speaker of the House to be placed in the Legislative Record with the hope they will be of some value to the Legislature in making decisions in funding and directing these Institutions, and with the hope these reports will be of value to future sessions of the Legislature and committees assigned to recommend legislation affecting these Institutions.

1. Youth Training Center—Elko

Upon making an inspection visit at the Youth Training Center in Elko, the Committee was generally impressed with the physical plant at the school, and felt the new dormitory and living quarters were well kept and in good order. We were impressed with the attitude of the administration and the healthy, vigorous attitude of the boys at the school.

The educational program seemed to be of a high caliber, with the boys being divided into classroom situations according to their mental capability. The educational instructors seemed to have complete control of the situation. The Committee was also impressed with the vocational training facilities, and hereby recommend to the Ways and Means Committee, for their consideration, that in reviewing the proposed budget, they include three additional vocational training instructors.

In reviewing the budget of this institution and comparing it with budgets of other institutions of this nature, we found that money was being used wisely, and the per capita cost was within the average of other institutions of this nature.

We were particularly impressed with the superintendent of the Training Center, and his "reality responsibility" approach to the problems of discipline and rehabilitation. This philosophy seems to work well, in that each boy is taught responsibility for his actions, regardless of his background or why he is at the school. This seems to give the boys the feeling that they can not blame other people for the misdeeds they may do, and a feeling of credit for the things they accomplish. We think that the boys themselves show that this type of approach gives them respect for themselves and the desire to improve their situation.

The Committee would also like to recommend that new academic classrooms be built as soon as possible to create a better learning situation at the school, because, at the present time, school rooms are located in the old dormitory section of the school and are certainly not well lighted or conducive to good learning.

2. School for Girls at Caliente

Upon touring this instittuion, the Committee immediately became aware of several problems of significant importance at the school. Of primary concern was the seemingly lackadaisical and unproductive attitude that prevailed with both the staff and the superintendent. Upon careful review of the budget and by checking with people in the administration, we arrived at the following conclusions:

1. The superintendent presently at the school is not a good administrator and has no background in rehabilitation and training. This Committee, along with the Senate Committee on State Institutions recommended the immediate dismissal of the superintendent, to be replaced by a qualified person. These suggestions were made to Dr. Otto Ravenholt, Director of the State Health and Welfare Department, and within a week, the superintendent resigned and the State is presently appointing a new superintendent.

2. A review of the budget revealed that an excess amount of money was being spent for drugs and medication. Investigation detected that most of the girls were receiving some type of tranquilizing drugs. Further investigations revealed that these drugs were being administered, not as medicine, but as a way to sedate the girls to keep them from being hard to handle, and under control. This situation (lack of control of the girls) was in our opinion due to lack of a good academic and physical fitness program. The use of drugs is a poor substitute for this type of a program. Upon bringing this situation to the attention of the Administration, we were assured by Dr. Otto Ravenholt that a full scale investigation will be made into the use of drugs.

3. A further study of the budget revealed that the cost of keeping girls in the school, on a per capita basis, was out of line with other institutions of this nature. We found that many girls were being sent to the Home of the Good Shepherd, which is subsidized by the State, instead of being sent to Caliente. After discussing this situation with the committing judges, the Committee learned that it was their feeling that the training program at the school was inadequate and that they hesitated to send girls to Caliente for that reason. The Committee feels that if the school were being used at full capacity, rather than having girls sent to other institutions, the cost per capita, to the State, would be reduced. The judges assured us that if the training program at the school were improved, they would commit all problem girls to the school.

4. The academic program at the school did not seem to be functioning properly,

and as a result of a study into what could be done in that area, it was decided by the Committee to recommend to the State that the Lincoln County School District be asked to assume the responsibility for the academic program at the school. To date, we have been advised that the School District is willing to assume this responsibility, and the necessary arrangements are being made with the Lincoln County school system.

5. After interviewing several of the girls, and after a careful inspection of the kitchen and menus being used, it was felt by the Committee that the girls were not being fed an adequate diet, as the meals contained too much starch and not enough protein and non-fat foods. It was also noted that the personal appearance and cleanliness of the girls was bad. We recommend that more emphasis be placed on personal hygiene, and on teaching the girls to present a better appearance.

6. Upon investigation and discussions with the townspeople, the Committee determined a definite lack of communication and cooperation between the administration of the school and the townspeople. After meeting with several of the leading citizens of the community, it was our feeling that the townspeople are willing to help in any way possible to make a better school for the girls. They stated that they were most willing to have the girls attend the local churches and to invite the girls to their homes for Thanksgiving and Christmas dinner. Under the present administration this practice has been discontinued, and the people of the town feel that they are being ignored in their efforts to help in creating a better atmosphere at the school. This Committee recommends a Joint Advisory Board be established by the Governor to advise and make recommendations at both the Caliente and Elko Training Centers. It is felt that numerous ideas could result that would benefit both schools. This type of a board would certainly create better rapport between the institutions and the townspeople. It is also recommended that a Joint Board be asked to study and explore the possibilities of making both schools coeducational, and report their findings to the Governor.

3. Spring Mountain Youth Camp

This is not a state institution at the present time, but it has been partly supported by state funds, therefore, the Committee visited the Camp to determine if additional state funds should and could be spent on this institution. Upon visiting the Camp, it was determined that the Camp is being exceptionally well run. The director and staff are doing an outstanding job with the boys and filling a great need in Clark County.

The Committee felt that the State should continue to support this Camp. There are serious doubts of the legality of such support in view of the fact that the Camp is located on privately owned land. It is questionable whether state funds can be used for capital improvements and support. We, therefore, recommend that the State or Clark County should purchase the property to avoid any possible conflict.

Respectfully submitted,

Mr. Garfinkle requested that the Very Reverend Hugh P. Smith's invocation be entered in the Journal.

Almighty God, Our Father, we humbly acknowledge Thy supreme power and dominion over us and all Thy Creation. As we are gathered here, we reverently call upon Thee to be present with this body of our state government to constantly aid them in their deliberations by Thy gracious assistance, that every word and deed of theirs may always begin with Thee and by Thy approval be happily ended. Endow this gathering, O Lord, we beseech Thee, with something of Thy understanding and wisdom, that justice may prevail in our land. As Thou, Lord, art the Father of all and each, may these representatives in government so act in the execution of their great trust, that both Thy will may be done, and Thy people's spiritual

and temporal good may be accomplished. May they have the discernment to sift true from false values; and may they have the vigor of moral courage to pursue a course of general welfare that is limited by the demands of justice but tempered by Thy precepts of compassion. As Thou has taught us to pray to Thee for "Our Daily Bread," we reverently ask Thy blessing on the enterprises lawfully set up in our State; and as we see the tree of our State's economic and social and political life develop, we pray for our Assmblymen, that Thy grace may enable them to enact laws for the pruning of any outcroppings that may be infected with the germs of immorality. Grateful as we must be, here in the State of Nevada, for great natural resources which have Thee and only Thee as their Cause, we ask that our Assemblymen may recognize their stewardship under Thee, in their enacting of legislation, that man may not "mark the earth with ruin," as Thou hadst said, but that our citizens who invest in these beautiful lands, or merely live in them, may turn all to the beauty and peace, which is for Thy eternal glory.

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Assembly in recess at 2:48 p.m.

Bill ordered transmitted to the Senate.

Senate Bill No. 512.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means.

Amendment No. 1192.

Amend sec. 1, page 1, by deleting line 3 and inserting: "*Until June 30, 1967, in any school district in the State of Nevada where state employment*".

Amend sec. 1, page 1, line 11, by deleting "*10*" and inserting "*20*".

Amend sec. 1, page 1, line 15, by deleting "*10*" and inserting "*20*".

Amend sec. 2, page 2, by deleting lines 18 and 19 and inserting:

"Sec. 2. Section 5 of chapter 322, Statutes of Nevada 1967, is hereby amended to read as follows:"

Amend sec. 2, page 3, by inserting between lines 28 and 29:

"*4. This section shall expire by limitation on June 30, 1969.*"

Amend sec. 3, page 3, by deleting lines 29 and 30 and inserting:

"Sec. 3. Chapter 387 of NRS is hereby amended by adding thereto a new section which shall read as follows:

From and after July 1, 1969:

1. On or before August 1, November 1, February 1 and May 1 of each year, the state controller shall render to the superintendent of public instruction a statement of the moneys in the state treasury subject to distribution to the several school districts of the state as provided in this section.

2. Immediately after the state controller has made his quarterly report, the state board of education shall apportion the state distributive school fund among the several county school districts and joint school districts in the following manner:

(a) Basic support of each school district shall be computed by multiplying the average daily attendance by the basic support guarantee per pupil established in section 3 of this act, except that in any year when the average daily attendance of a school district is less than the average daily attendance during the prior year, and such lesser average daily

attendance was not anticipated at the time estimates were made by the superintendent of the county or joint school district in June of the preceding school year, the superintendent of public instruction may authorize additional apportionments in an amount such that the total apportionment for the year does not exceed the total apportionment for the prior year. As a condition precedent to such authorization, the superintendent of the county or joint school district shall deliver to the superintendent of public instruction a request setting forth the reasons why the additional apportionment is necessary to the financial support of the school district, and the superintendent of public instruction shall review such request.

(b) The availability of local funds shall be determined, which local funds shall be the sum of:

(1) The proceeds of the 70-cent local tax computed as provided in NRS 387.195 or 387.250;

(2) Twenty-five percent of all moneys received by the school district under the provisions of Public Law 874, 81st Congress, approved September 30, 1950, as amended, during the previous year; and

(3) The proceeds of the local school support tax imposed by sections 16 to 171, inclusive, of this act. The Nevada tax commission shall furnish an estimate of such proceeds, based upon actual collections during the preceding fiscal year, to the state board of education on or before July 15 for the fiscal year then begun, and the state board of education shall adjust the August apportionment of the succeeding fiscal year to reflect any difference between such estimate and actual receipts.

(c) Apportionment computed on a yearly basis shall consist of the difference between the basic support as computed in paragraph (a) of this subsection and the local funds available as computed in paragraph (b) of this subsection.

(d) Apportionments shall be paid quarterly at the times provided in subsection 1, each quarterly payment to consist of approximately one-fourth of the yearly apportionment as computed in paragraph (c) of this subsection. The first quarterly apportionment based on an estimated number of pupils in average daily attendance and succeeding quarterly apportionments shall be subject to adjustment from time to time as the need therefor may appear. A final adjustment shall be made in the August apportionment of the succeeding year by adding or subtracting the difference between the amount paid in the previous year and the amount computed on the actual average daily attendance of the highest 6 months of the previous year, so that for any school year the adjustment amount paid shall be equal to, but shall not exceed, the sum computed for the highest 6 months of average daily attendance.

3. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees shall be credited with attendance during that period.

Sec. 4. Section 175 of chapter 322, Statutes of Nevada 1967, is hereby amended to read as follows:

Section 175. 1. Section 13, 14 [and] , 158.5 and 175 of this act shall become effective upon passage and approval.

2. Sections 1 to 7, inclusive, 9, 11, 12, 15 to *158, inclusive, 159 to* 172, inclusive, and 174 of this act shall become effective on July 1, 1967.

3. Sections 8, 10 and 173 of this act shall become effective at 12.01 a.m. on July 1, 1967.

4. Nothing in this act shall be construed to prevent the state board of education from making a final adjustment in August 1967 of the apportionments for the fiscal year ending June 30, 1967, pursuant to the provisions of NRS 387.125 and 387.127 as those sections read prior to their repeal by this act.

Sec. 5. Sections 4 and 5 of this act shall become effective upon passage and approval. Sections 1 to 3, inclusive, of this act shall become effective at 12:01 a.m. on July 1, 1967."

Amend section 1, page 1, by deleting lines 1 through 18 and inserting:

"Section 1. Chapter 201 of NRS is hereby amended by adding thereto a new section which shall read as follows:

1. The legislature finds that the experience of centuries has demonstrated the necessity of periodical cessation from secular labor. This rule of conduct with respect to secular pursuits is recognized by the entire civilized world as essential to the physical and moral welfare of society.

2. On and after July 1, 1967, it is unlawful for any person, firm or corporation to engage in retail business on Sunday.

3. The provisions of subsection 2 do not apply to works of necessity and charity."

Amend sec. 2, page 1, by deleting line 19.

Amend the title by deleting the title and inserting:

"An Act prohibiting persons, firms and corporations from engaging in retail business on Sunday; providing penalties, exceptions and other matters properly relating thereto."

Mr. Lowman moved the adoption of the amendment.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communications:

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
MANNED SPACECRAFT CENTER

HOUSTON, TEXAS, March 20, 1967

MR. RUSSELL W. MCDONALD, *Legislative Counsel,* State of Nevada, Carson City, Nevada

DEAR MR. MCDONALD: Please convey our sincere thanks to the Assembly of Nevada for Concurrent Resolution No. 2 commemorating Roger's death in the Apollo accident at Cape Kennedy. The many tributes to his memory have been a comfort to us.

Sheryl, Stephen, and I are deeply grateful for the thoughts and prayers of the Assembly and the citizens of Nevada during this time of personal loss.

Sincerely,

MARTHA CHAFFEE

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
MANNED SPACECRAFT CENTER

HOUSTON, TEXAS, March 20, 1967

MR. RUSSELL W. MCDONALD, *Legislative Counsel,* State of Nevada, Carson City, Nevada

DEAR MR. MCDONALD: Eddie, Bonnie, and I wish to thank the members of the Nevada Assembly for Concurrent Resolution No. 2 honoring Ed's participation in our nation's space program and his death in the Apollo accident at Cape Kennedy.

Please know that we deeply appreciate the tributes to his memory, and are grateful for the thoughts and prayers offered in his behalf by the people of Nevada.

Sincerely,

PAT WHITE

Mr. Speaker appointed Mr. Bowler, Mrs. Frazzini, and Mr. Smith as a second Committee on Conference to meet with a like committee of the Senate for the further consideration of Senate Bill No. 232.

INTRODUCTION, FIRST READING, AND REFERENCE

Senate Bill No. 410.

Mr. Swackhamer moved that the bill be referred to the Committee on Judiciary.

Motion carried.

Senate Bill No. 511.

Mr. Swackhamer moved that the bill be referred to the Committee on Ways and Means.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Bowler moved that Senate Bill No. 122 be re-referred to the Committee on Banking, Insurance, and Corporations, and requested that his remarks be entered in the Journal.

Mr. Speaker:

My reason for re-referring Senate Bill No. 122 to the Committee on Banking, Insurance, and Corporations, is because of the action taken by this body last night. There were conflicting amendments adopted, and to resolve the conflict would require rescinding the action, having new amendments drawn, adopted, the bill reprinted and placed on General File for final passage. I have been informed that it would incur a minimum expense of $6,000.

Motion carried.

Mr. Garfinkle requested that his remarks be entered in the Journal.

My stand has always been against this bill. It was hard for me for I have many close, personal friends in the car business who I feel were very sincere in their requests.

They had a problem they felt they couldn't solve themselves so they came to us for help. Of course I didn't agree. I felt they could solve their own problems and government does not belong in free enterprise.

I think last night a point was made by humor, and possibly some humor was needed last night to relieve the tensions of this bill. The point was made to kill S.B. 122.

I want to thank Mr. Bowler for his motion to refer the bill back to Committee, because I think this bill should die a quiet, dignified death in respect for the many sincere car dealers, and I hope the action last night will be viewed as humor and not ridicule for these people and their problems.

GENERAL FILE AND THIRD READING

Senate Bill No. 251.

Bill read third time.

Remarks by Messrs. Bowler, Mello, White, Howard, Jacobsen, McKissick, Miss Dungan, and Mr. Ashworth.

Mr. Jacobsen requested that all remarks concerning Senate Bill No. 251 be entered in the Journal.

Mr. Bowler—"Mr. Speaker and Members of the Assembly, Senate Bill 251 is the appropriations bill of Spring Mountain Youth Camp in Clark County. Although this is not a state agency, the Legislature has recognized a certain financial responsibility in appropriating funds for the support of this agency due to the fact that it does act as a detention home for what we call in Ways and Means the good bad boys. It has the support of the Senate and of the Ways and Means Committee and we urge your support."

Mr. Mello—"Mr. Speaker and Members of the Assembly, I hate to stand in opposition to this; I'm going to—not because I'm opposed to programs for youth—I'm in favor of them. I also believe that this program was started by the county and there's no reason why the State should participate, particularly without a budget. It is said that if the State doesn't sink money into this program, it will go down the drain. I doubt that very much. This is not even a state agency. There's nobody familiar with where our money is going. I've been there, incidentally, and $50,000 could buy the place and still there would be money left over. This happens every session at this time—the last few days of the session we're asked to give money to Spring Mountain Boys Camp. I'd like to show you the appropriations that were given in the past. In 1961 we gave $20,000; in 1963, $50,000; 1965, $36,325; 1967—the bill before you gives them $96,000. We don't know what happens to this money. We've never been given the budget. I don't know if we will ever know what happens to the money without a budget. I urge the defeat of this bill."

Mr. White—"Mr. Speaker and Members of the Assembly, may I state to Mr. Mello that this money is being spent to take care of boys that would have to be sent to Elko at probably a higher per capita cost than spent by the State for its support of Spring Mountain Youth Camp. It is true that it is a county program, started by the county because there was a need for such a program. We think that it is important that the State participate in it. May I also just point out to you that

we have the same situation in Clark Couny where girls are sent to the Home of Good Shepherds and money is appropriated out of the budget of the Caliente Girls School to support those girls at the Home of Good Shepherds. For example, the Governor recommends that $120,000 be allocated for that purpose. I, therefore, see nothing wrong in the State making the appropriation to support a county operation to take care of the 57 boys at Spring Mountain Youth Camp rather than send them 450 miles from Las Vegas to Elko with additional cost to the State. We think it's a good program, that it has proven successful, and that it is a big help for the boys of Clark County. May I also just state while I'm talking about spending money, that I was reading a bill that we passed last night—S.B. 521—there is an appropriation in there on page 3 for $10,596 for 1968. May I just suggest to Mr. Mello the Ways and Means Committee reviewed this particular bill. This is not a state agency or even county. This is a privately owned institution. We have in our budget $10,000 to support such an institution over which the State has no control and in which it has no interest. I would suggest that my remarks be recorded in the Journal that the Legislative Commission has considered the possibility of either bringing this museum into the control of the State by making it a state museum, a state agency, or we do not spend state funds for the maintenance for that museum. I sincerely feel that the Spring Mountain Youth Camp is doing a good job. Our Committee on State Institutions and Libraries visited the camp. There was a good attitude there and the job of rehabilitation of these boys is important while it's being done there. We think that the law is not being circumvented and that these funds can be properly appropriated for the maintenance and care of these boys at that camp. I urge your support of this bill."

Mr. Howard—"Mr. Speaker, if we are going to support this institution at this point, then I think we should have a budget showing where this money is going to be spent in the operation of that camp."

Mr. Bowler—"Mr. Speaker and Members of the Assembly, I feel that if Clark County is willing to pick up the excess of $48,000, the State should be very happy about it. We have 57 boys there and we're only asking $48,000 of state money and that's less than $1,000 per boy—the same cost at Elko per boy is somewhere in the neighborhood of $6,000. So I submit that as a taxpayer, I feel that this is a good program and I urge your support."

Mr. Jacobsen—"Mr. Speaker and Members of the Assembly, I also would like to comment, and I sound like I'm repeating myself from 2 years ago. I served on the State Institutions Committee two regular sessions and a couple of special sessions, and I think I was responsible for helping them get some help needed down there for capital improvements. I have visited the Spring Mountain Youth Camp almost as much as anyone on the Clark County Delegation. I feel that some of us along with the Clark County Delegation have been instrumental in getting the appropriation. After the appropriation is made we tend to forget it. Between every session, you see a big issue made in the paper where the administration has been faulty. I feel that we are losing sight of our reasons for Spring Mountain. The appropriation of $50,000 was made 4 years ago for an administrative building. After 8 months of occupancy, the building looked like it was 10 years old. I certainly don't think this is proper. If we are going to continually put money into the Spring Mountain Youth Camp, it has to have some definite supervision. We need a budget to see where we are going. I certainly would admonish all members of the Clark County Delegation to show more interest in this facility."

Mr. McKissick—"As a member of the State Institutions Committee, I was privileged to visit both the Spring Mountain Youth Camp and Elko. Now I am not talking about money because I am not an expert, but I think the words are well stated that Clark County Delegation better take a close look at this. But I want to forget the money for a minute and talk about the kids. There are 130 in Elko with a new building—they are going to get about 160. The superintendent there says that is about maximum. They can't do a good job with any more children, so if you're going to need someplace to put them in the future, put them someplace else, because it gets too institutionalized when you get up to three or four hundred kids; then nobody is getting any individual care or rehabilitation. So I believe Elko has or nearly has a maximum. I'll probably vote for this bill,

but I think the words are well stated that we better find out where this money is going and start looking for a second place to start putting these kids in the future."

Miss Dungan—"Mr. Speaker, I too was there in the 1963 Session when $50,000 was appropriated to help build a much needed addition at Spring Mountain. If those of you from the Institutions Committee visited there this year, you saw the result of a devastating flood. There is a budget established by Clark County; there is supervision from the Juvenile Court and the Juvenile Department. Additional funds are needed. Certainly for the sake of saving money, $700 a year for boys who are at Spring Mountain is cheaper than $6,000 a year. We do send boys to Elko from Clark County; when we send them there we find that Spring Mountain doesn't wait for them. Spring Mountain Youth Camp has a different approach. We don't want to send the boys to Elko if we don't have to—we would rather put them in an environment closer to home and with a better chance to rehabilitate them. The money is sorely needed to continue this project. We from Clark County and those of you from the rest of the State should be interested in seeing to it that a program of this type is continued. I certainly urge your support."

Mr. Ashworth—"Mr. Speaker, and Members of the Assembly, I agree with Mr. Mello and Mr. Jacobsen that as long as the State is contributing money to a project, we should have a budget, and as I recall we discussed this at length in the Ways and Means Committee. I also would like to point out that the Ways and Means Committee nearly adopted a budget that would go into effect in 1968 of somewhere over a million dollars for a Title 5 program where there was no budget. Now I don't think all of the fault lies with Clark County nor the county commissioners. I think probably the fault lies with the Legislature in not directing Clark County to send a budget in to the fiscal agents and to the Legislature. I would like to read a copy of the letter our chairman of the Ways and Means drafted to send to the chairman of the Clark County Commissioners. It is addressed to James Ryan, Chairman, Clark County Commissioners, Court House, Las Vegas. 'Dear Mr. Ryan: The Ways and Means Committee of the Nevada Legislature directed me to bring to your attention the necessity for detailed budget relative to the Spring Mountain Youth Camp at any subsequent Sessions of the Legislature.

" 'In particular, they will want to know, before any state funds are committed to this program, the total number participating in the program, the average cost per boy, number of employees and staffing patterns, programs and any other related information. Very truly yours, Norman D. Glaser.' With a carbon copy to Howard Barrett and Norman Terrell. To my knowledge this is the first time the Legislature has directed Clark County to send a budget. I think that any time the State extends any money to any agency, we should have access to their budget. And I am sure that Clark County would not refuse to submit a budget so that the Legislature and particularly the Ways and Means Committee could see how much is being spent at the Youth Camp by the county as well as by other charitable organizations that do contribute as well as friends of the boys themselves. There is more money than the $96,000 for 2 years being spent on the Youth Camp. The average cost per boy in Elko is somewhere in the neighborhood of $6,000 per year. At the Spring Mountain Youth Camp, the State's portion is in the neighborhood of $1,000, so I earnestly solicit your support. On this I pledge that if I can be of any assistance in getting the budget up here I will. I concur that we should have a budget."

Mr. Mello—"The original bill called for $288,000. Evidently they need some money or they wouldn't ask for that much money. I would think that asking for $288,000, if they were really interested, they would submit a budget. They think that the State of Nevada should appropriate that much money without a budget and have to give no idea where the expenses were incurred."

Messrs. Harris, Kean, and Viani moved the previous question.

MESSAGES FROM THE GOVERNOR

THE STATE OF NEVADA
EXECUTIVE CHAMBER

CARSON CITY, NEVADA, April 14, 1967

To: *The Members of the 54th Session of the Nevada Legislature*

We in the Governor's office wish to congratulate the members of this session for a job well done.

During the past several weeks you have addressed yourselves to some of the most serious problems ever faced by any Nevada Legislature.

To your credit they were considered thoroughly and met squarely.

We had planned to have you join us in Chambers upon adjournment, thinking that would come this afternoon.

Since it now appears this may be delayed until this evening, in the interest of fresh cake, if nothing else, will you please join us at 3:30 this afternoon instead.

Sincerely,

PAUL LAXALT, *Governor of Nevada*

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

ALFRED J. ALLEMAN	W. D. SWACKHAMER
CARL F. DODGE	MELVIN B. HOWARD
Senate Committee on Conference	*Assembly Committee on Conference*

Amendment No. 1262.

Amend the bill as a whole by adding a new section designated section 9.7, following section 9.5, to read as follows:

"Sec. 9.7. *After holding a public hearing or hearings, as provided in section 9.5 of this act, the board of county commissioners shall proceed no further unless or until it:*

1. Determines the total amount of money necessary to be provided by the county for the acquisition, improvement and equipment of the project;

2. Determines that the contemplated lessee or purchaser has sufficient financial resources to place the project in operation and to continue its operation, meeting the obligations of the lease or purchase contract meanwhile, until the point of profitable operation is reached;

3. Determines that the revenue which can reasonably be expected to be derived from normal operation of the facility under normal economic

conditions is sufficient with a suitable margin of safety to meet the obligations of a lease or purchase contract which in turn will meet in full the debt service requirements of a bond issue to provide the amount of money determined pursuant to subsection 1; and

4. If any part of the project or improvements is to be constructed by a lessee or a lessee's designee, provides sufficient safeguards to assure that all money provided by the county will be expended solely for the purposes of the project. Such provision shall include the requirement that any plans not prepared by or under the immediate direction of an appropriate officer of the county be submitted to the board of county commissioners for approval before a commitment is made to finance the project. The board shall consider in reviewing such plans whether the completed project will meet the economic requirements of subsections 2 and 3."

Amend the bill as a whole by adding a new section designated section 37.7, following section 37.5, to read as follows:

"Sec. 37.7. *After holding a public hearing or hearings, as provided in section 37.5 of this act, the governing body shall proceed no further unless or until it:*

1. Determines the total amount of money necessary to be provided by the city for the acquisition, improvement and equipment of the project;

2. Determines that the contemplated lessee or purchaser has sufficient financial resources to place the project in operation and to continue its operation, meeting the obligations of the lease or purchase contract meanwhile, until the point of profitable operation is reached;

3. Determines that the revenue which can reasonably be expected to be derived from normal operation of the facility under normal economic conditions is sufficient with a suitable margin of safety to meet the obligation of a lease or purchase contract which in turn will meet in full the debt service requirements of a bond issue to provide the amount of money determined pursuant to subsection 1; and

4. If any part of the project or improvements is to be constructed by a lessee or a lessee's designee, provides sufficient safeguards to assure that all money provided by the city will be expended solely for the purposes of the project. Such provision shall include the requirement that any plans not prepared by or under the immediate direction of an appropriate officer of the city be submitted to the governing body for approval before a commitment is made to finance the project. The governing body shall consider in reviewing such plans whether the completed project will meet the economic requirements of subsections 2 and 3."

Amend the bill as a whole by deleting sections 57 through 62.

Amend sec. 63, page 17, by deleting line 12 and inserting:

"Sec. 57. This act shall become effective upon passage and approval."

Amend the title by deleting the last three lines and inserting: "lease such projects; prescribing details in connection therewith; and providing other matters properly relating thereto."
