## MOTIONS, RESOLUTIONS AND NOTICES

Assemblyman Myrna Williams moved that Assembly Concurrent Resolution No. 56 be taken from the Chief Clerk's desk.

Motion carried.

Resolution read.

Assemblyman Myrna Williams moved the adoption of the resolution.

Remarks by Assemblymen Myrna Williams, McGinness, Petrak, Mr. Speaker, Kerns, Marvel, Carpenter, Spriggs, Humke and Callister.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I think all of us that are assembled in this chamber applaud Brett McGinness and we hope that our children and our grandchildren can strive to emulate this performance. I don't think many of them can, obviously, and that is why we are honoring him today. I ask for support of this resolution.

ASSEMBLYMAN MCGINNESS:

Thank you, Mr. Speaker. I think I should probably rise in support of this resolution. He's a fine young man, and even if he wasn't my son, I would be proud to have him at my desk today.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues here, I rise in support of that particular resolution for a lot of reasons. I'm so proud of a young man that can do all this. As a young kid at that same age, way back when, I was crazy about spelling bees. I never won a state championship, but I always liked them so much. I have ten grandchildren to speak about, and I'm interested in them coming up with the same performance as that young man, so I stand here in support of that and congratulations, Brett. Thank you, Mr. Speaker.

MR. SPEAKER:

I, too, want to congratulate Brett. It is a high honor for us to go back to that competition. We like to see our young people encouraged to get into these competitions and do these things.

ASSEMBLYMAN KERNS:

Thank you, Mr. Speaker. I, too, want to congratulate that young gentleman. He has a quality about him that really stands out for me; he's a baseball card collector. We have a tremendous time trading baseball cards back and forth. I've gotten to know him pretty well. This honor he's received is really great. I want to congratulate him, and I hope he has a great time and comes back the national winner. Thank you.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I, too, rise in support of A.C.R. 56, and I certainly want to congratulate Brett. It just shows that our kids in the country are just as smart as the kids in the urban areas.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I, too, want to rise in support of the resolution. I think that we should also congratulate the parents of this fine young man because we know that it all starts at home, so we want to not forget the parents.

ASSEMBLYMAN SPRIGGS:

Thank you, Mr. Speaker. I think we need a Mom to stand up and say congratulations and congratulations to the Mom also.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I support the resolution, as well, and ditto the remarks of the previous speakers which suggest the young man is a winner already. Thank you.

ASSEMBLYMAN CALLISTER:

Thank you, Mr. Speaker. I didn't have the chance to add my congratulations a moment ago, but, also, I would just like to note for the record, of course, I have two, this comment is really directed at Brett. I have two really attractive young daughters. We are always kind of keeping our eye out for someone who we think is going to make a pot of money later on in life. So, give them a call in about ten years.

Resolution adopted unanimously.

Assemblyman Myrna Williams moved that all rules be suspended and that Assembly Concurrent Resolution No. 56 be immediately transmitted to the Senate.

Motion carried unanimously.

## MOTIONS, RESOLUTIONS AND NOTICES

Assemblyman Wendell Williams moved that Rule No. 14 of the Joint Rules of the Senate and Assembly be suspended and that a resolution (BDR R-2085), requested by the Committee on Education, be introduced by individual assemblymen.

Remarks by Assemblyman Wendell Williams.

Motion carried unanimously.

By the Committee on Government Affairs:

Assembly Joint Resolution No. 24—Proposing to amend section 3 of article 9 of the constitution of the State of Nevada, relating to public debts, to authorize the state to finance the purchase of certain securities and to enter into certain agreements notwithstanding the limitations on state indebtedness.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That section 3 of article 9 of the constitution of the State of Nevada be amended to read as follows:

Sec. 3. *1.* The state may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of two per cent of the assessed valuation of the state, as shown by the reports of the county assessors to the state controller, except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semiannually, and the principal within twenty years from the passage of such law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the state, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the state in time of war, or, if hostilities be threatened, provide for the public defense.

2. The state, notwithstanding the foregoing limitations, may, pursuant to authority of the legislature [, make] *:*

*(a) Make* and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property or natural resources, or for the purposes of obtaining the benefits thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise [.] ;

*(b) Incur obligations to finance the purchase of bonds lawfully issued by school districts in this state; and*

*(c) Enter into installment or lease purchase agreements if the state's obligations under those agreements are extinguished by the failure of the legislature to appropriate money for the ensuing biennium for payment of the amounts then coming due.*

The legislature may from time to time make such appropriations as may be necessary to carry out the obligations of the state under such contracts [,] *or agreements*, and shall levy such tax as may be necessary to pay the same or carry them into effect.

Assemblyman Garner moved that the resolution be referred to the Committee on Government Affairs.

Motion carried.

By Assemblymen Anderson, Evans, Sader, Bergevin, Spriggs, Giunchigliani, Gregory, Pettyjohn, Wong, Johnson, Goetting, Callister, Gibbons, Bennett, Petrak, Bache, Scherer, Norton, Humke, Bayley, McGinness, Haller, Wendell Williams, Garner, Marvel, Stout, Freeman, Lambert, Arberry, Carpenter, Little, Porter, McGaughey, Elliott, Hardy, Price, Kerns, Krenzer, Heller and Dini:

Assembly Concurrent Resolution No. 59—Declaring the annual Sparks Hometowne Christmas Parade as the official Christmas parade of the State of Nevada.

WHEREAS, The Sparks Hometowne Christmas Parade is the largest Christmas celebration in the State of Nevada; and

WHEREAS, Each year since its origination in 1987, the Sparks Hometowne Christmas Parade has increased in the number of parade entries from only 29 entries in 1987 to 85 advanced entries for 1991; and

WHEREAS, Last year, included along the parade's route were four parade stands with live entertainment by well-known celebrities; and

WHEREAS, Last year this beautiful parade was televised by a local affiliate of a national broadcasting company and it was so successful that it will be televised in the future; and

WHEREAS, The entire celebration is actually a full day of activities designed to bring feelings of love, warmth and happiness to its participants; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That members of the 66th session of the Nevada Legislature hereby commend the initiative, dedication and hard work demonstrated by the organizers of the Sparks Hometowne Christmas Parade; and be it further

RESOLVED, That the Nevada Legislature hereby declares that the Sparks Hometowne Christmas Parade is the official Christmas parade of the State of Nevada; and be it further

RESOLVED, That a copy of this resolution be transmitted forthwith by the Chief Clerk of the Assembly to the Sparks Redevelopment Agency and the City Manager of the City of Sparks.

Assemblyman Anderson moved the adoption of the resolution.

Remarks by Assemblymen Anderson, Evans, Goetting and Haller.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I ask for the adoption of A.C.R. 59. Sometimes we fail to recognize when a new event comes into a community, even though it has long-standing tradition. That is, indeed, what has happened in the City of Sparks. This resolution in no way diminishes or takes away or detracts from Christmas parades that are going to be held anywhere else in the State of Nevada. In fact, the City of Sparks wishes to invite other communities to participate in this long, one-day event. Sitting with me today is Mr. Tom Burrous and June Palmer, both of whom have had a great role in developing this parade in the City of Sparks, and this coming year will be the fifth annual. The hometown Christmas

parade has been held since 1987. Mr. Burrous began with the City of Sparks in 1987, and he, indeed, brought this particular event to our city. I ask for your consideration. Of course, I am sure you note the cookies at everybody's desk today which were brought to you by a prominent downtown city merchant in the City of Sparks. The snow that is falling outside, however, is not a purported part of this resolution. However, you couldn't ask for better weather. Again, I ask for adoption of A.C.R. 59.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, would like to rise in support of A.C.R. 59. I think it is one of the more wonderful things about Sparks, and that is why those of us who live there are so fond of our hometown because it has a lot of wonderful traditions, because it is still of the size where you feel like it is your hometown, where you know your neighbors, your neighbors know you. There is a lot of warmth and closeness. If you have not participated in any way in this parade, it's wonderful. If you haven't seen the revamping of downtown Sparks, Victorian Square is something worth sharing and worth visiting, and come Christmas time, we hope you'll all be there.

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. I rise in support also of this resolution. I just have one comment to make to the chief sponsor. I think his Ebenezer Scrooge costume—well, I'll take that back—I think he looks more like Ebenezer Scrooge than he does like Kris Kringle. But anyway, I do support this resolution.

ASSEMBLYMAN HALLER:

I rise in support of this resolution. It may come as a surprise to some people here that I taught for a lot of years in Sparks. I probably know more mothers than Bernie does. I do get them to vote for him, however. Actually, I have to correct my colleague from Sparks. This celebration has been going on since about 1959 because my birthday happens to be December 25th.

Resolution adopted.

Assemblyman Anderson moved that all rules be suspended and that Assembly Concurrent Resolution No. 59 be immediately transmitted to the Senate.

Motion carried unanimously.

By Assemblymen Goetting, Stout, Carpenter, Elliott, Little, Garner, Myrna Williams, Giunchigliani, Spriggs, Scherer, Norton, Heller, Hardy, Haller, McGinness, Spitler, McGaughey, Porter, Evans, Wendell Williams, Kerns, Krenzer, Bennett, Petrak, Marvel, Gibbons, Wong, Johnson, Arberry, Sader, Gregory, Bergevin, Freeman, Lambert, Bache, Anderson, Pettyjohn, Bayley, Humke, Price and Dini:

Assembly Concurrent Resolution No. 60—Commending Michael Landon for his courage in his battle against cancer.

WHEREAS, Thirty-one years ago the television series Bonanza premiered, bringing instant national attention to Nevada; and

WHEREAS, The pilot episode was filmed in 1959 near Incline Village, and every year thereafter the film crews would return to include the Tahoe Basin, Virginia City and Truckee Meadows as backdrops for the series; and

WHEREAS, The Ponderosa Ranch has been recreated at Incline Village and every year nearly 250,000 visitors drop in for a visit into the past with the Cartwright family; and

WHEREAS, Bonanza ran for 14 years and the world came to know and love the Cartwright family, and especially the youngest son "Little Joe" played by actor Michael Landon; and

WHEREAS, The recent news that Michael Landon is fighting pancreatic cancer has stunned all of the country, but especially those persons living in Nevada who came to look upon Michael Landon as a friend; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That members of the 66th session of the Nevada Legislature commend Michael Landon for his strength of character and his positive attitude as he fights his battle with cancer; and be it further

RESOLVED, That the State of Nevada will always consider Michael Landon a native son who helped bring a part of the history of Nevada and its beauty to millions of Americans every week for 14 years; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Mr. Michael Landon.

Assemblyman Goetting moved the adoption of the resolution.

Remarks by Assemblyman Goetting.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. Michael Landon represents the character and spirit of Nevada. His old fashioned values with emphasis on family and work ethics are the qualities which need to be reinforced in everyone.

The positive image that the television series "Bonanza" created for Nevada is highlighted by the 250,000 annual visitors to the Ponderosa Ranch.

After doing research on Michael Landon, one quality of his that I admire is his firehouse sense of humor. On the set, Landon was known for his great sense of humor. On the set of "Little House on the Prairie," one co-worker described his sense of humor as "deranged." When people visited the set, especially women who had a crush on him, he'd conceal a small lizard or frog in his cheek. He'd close his mouth and come up with a winning smile. He'd say, "Hi," and the lizard or frog would leap out. He did this dozens of times. They finally had to stop him because the children were starting to emulate him. Another co-worker recalls that he has a great laugh, and a respect for family and for decency that transcends the dollar.

Michael has also been known to be a great practical joker. One day he saw his stunt double eating his third ice cream cone. "You're getting fat, Bubba," said Michael. Then he secretly asked the wardrobe man to take in the stuntman's costume a half inch each week for about six weeks sending the alarmed stuntman into a full-fledged diet.

Many of his co-workers describe him as a "regular guy" who did not have a star's dressing room and many times shared his dressing room with others on the show.

Brandon Tartikoff describes Michael Landon as being very much like the character Jonathan Smith, who he played on "Highway to Heaven" in the relationship Michael has had with a lot of people. He has come into ordinary people's lives and had a very special effect on them.

This resolution is a good-will gesture designed to commend "Little Joe" for his strength of character and positive attitude as he fights his battle with cancer, to let him know that all Nevadans are behind him and wishing him well and that all Nevadans thank him.

Resolution adopted unanimously.

(b) After the date the child will be eligible to apply for a driver's license, if the child is not eligible to apply for such a license on the date of the order. The court shall, within 5 days after issuing the order, forward to the department a copy of the order.

3. If a child is found to have committed a subsequent unlawful act as set forth in subsection 1 and is already the subject of a court order suspending or delaying the issuance of his driver's license, the court shall order an additional suspension or delay, as appropriate, to apply consecutively with the previous order.

4. The department shall not:

(a) Treat such an unlawful act in the manner statutorily required for moving traffic violations.

(b) Report a suspension pursuant to this section to an insurance company or its agent inquiring about the child's driving record.

(c) Require the child to submit to the examination provided in NRS 483.330 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this section unless the suspension also resulted from his poor performance as a driver.

Sec. 3. NRS 481.280 is hereby amended to read as follows:

481.280 The commission shall:

1. Develop and coordinate a state master plan which must include:

(a) All existing and future plans and reports developed by state and local agencies, task forces, councils, committees and community programs for substance abuse education, prevention, enforcement and treatment;

(b) A summary of the current activities of the commission;

(c) The goals and objectives of the commission;

(d) The order of priority concerning the efforts required to achieve the goals and objectives of the commission; and

(e) A statement of the roles of state and local governmental agencies and the private sector in the achievement of the goals and objectives of the commission.

2. Prepare and deliver to the governor on or before September 1 of each year a report which summarizes the status of the state master plan and of the commission's efforts to achieve its goals and objectives.

3. Hold and coordinate public hearings throughout the state as necessary to receive information from the public relating to education concerning the abuse of drugs and alcohol, prevention and treatment of the abuse of drugs and alcohol and the enforcement of laws relating to drugs and alcohol.

4. Encourage the creation of state and local task forces, councils and committees relating to education concerning the abuse of drugs and alcohol, prevention and treatment of the abuse of drugs and alcohol and enforcement of laws relating to drugs and alcohol and develop procedures to receive information and recommendations from the task forces, councils and committees on a regular basis.

5. Recommend to the governor in its annual report any proposed legislation relating to education concerning the abuse of drugs and alcohol, prevention and treatment of the abuse of drugs and alcohol and enforcement of laws relating to drugs and alcohol.

*9. Disseminate information concerning the provisions of NRS 62.226 with the assistance of the department of human resources, the department of motor vehicles and public safety and the superintendent of public instruction.*

Sec. 4. NRS 483.480 is hereby amended to read as follows:

483.480 1. The department, having good cause to believe that a licensed driver is incompetent or otherwise not qualified to be licensed, may upon written notice of at least 5 days to the licensee require him to submit to an examination. Upon the conclusion of the examination the department shall take action as may be appropriate and may suspend or revoke the license of the person or permit him to retain the license, or may issue a license subject to restrictions as permitted under NRS 483.360 or restrictions as to the type or class of vehicles that may be driven. Refusal or neglect of the licensee to submit to the examination is grounds for suspension or revocation of his license.

2. Except as otherwise provided in *NRS 62.226 or* subsection 3 or 4, the department shall require that a licensee submit to the examination provided in NRS 483.330 as a condition of reinstatement or reissuance, after any suspension or revocation of his license.

3. The department may waive the portion of the examination required by subsection 2 which consists of an actual demonstration of ability to exercise control in the operation of a motor vehicle if the suspension or revocation was for other than the poor performance of the driver.

4. Except for the suspension of a driver's license pursuant to subsection 3 of NRS 483.465, the department shall not charge an additional fee or require an additional examination for the reinstatement of a revoked or suspended license if the additional fee or examination arises out of the same offense for which the license was previously revoked or suspended and the driver has previously reinstated his license after that offense.

Sec. 5. NRS 483.490 is hereby amended to read as follows:

483.490 1. Unless otherwise provided by specific statute, the department may not suspend a license for a period of more than 1 year.

2. [After] *Except as otherwise provided in subsection 3, after* a driver's license has been suspended or revoked for an offense other than a second violation within 7 years of NRS 484.379 and half the period during which the driver is not eligible for a license has expired, the department may, unless the statute authorizing the suspension prohibits the issuance of a restricted license, issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:

(a) To and from work or in the course of his work, or both; or

(b) To acquire supplies of medicine or food or receive regularly scheduled medical care for himself or a member of his immediate family.

Before a restricted license may be issued, the applicant must submit sufficient documentary evidence to satisfy the department that a severe hardship exists because the applicant has no alternative means of transportation and that the severe hardship outweighs the risk to the public if he is issued a restricted license.

*3. After a driver's license has been suspended pursuant to NRS 62.226, the department may issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:*

*(a) If applicable, to and from work or in the course of his work, or both; and*

*(b) If applicable, to and from school.*

*4.* A driver who violates a condition of a restricted license issued under subsection 2 or by another jurisdiction is guilty of a misdemeanor, and if his license was suspended or revoked for a violation of NRS 484.379, 484.3795, 484.384 or homicide resulting from driving a vehicle while under the influence of intoxicating liquor or a controlled substance, or the violation of a law of any other jurisdiction which prohibits the same conduct, he shall be punished in the manner provided by subsection 2 of NRS 483.560.

[4.] *5.* The periods of suspensions and revocations under this chapter and under NRS 484.384 must run consecutively, except as provided in NRS 483.465 and 483.475, when the suspensions must run concurrently.

[5.] *6.* Whenever the department suspends or revokes a license, the period of suspension, or of ineligibility for a license after the revocation, begins upon the effective date of the revocation or suspension as contained in the notice thereof.".

Amend sec. 2, page 2, lines 6 and 7, by deleting: "*section 1 of this act.*" and inserting "*NRS 62.226.*".

Amend the bill as a whole by adding a new section designated sec. 7, following sec. 2, to read as follows:

"Sec. 7. 1. This section and sections 1 and 3 to 6, inclusive, of this act become effective on October 1, 1991.

"Section 1. NRS 617.340 is hereby amended to read as follows:

617.340 In all cases under this chapter, the date of disablement is such date as the insurer determines on hearing of the employee's claim . [in accordance with the findings of one of the medical boards as provided in NRS 616.190.]

"TEXT OF REPEALED SECTIONS

616.190 Medical panels; medical review boards.

1. The administrator shall annually request the Nevada State Medical Association and the Nevada State Chiropractic Association, respectively, to select and establish two panels. The members of each panel must include two orthopedic surgeons, two neurosurgeons, two surgeons whose practice is not limited to any specialty, two psychiatrists, an internist, a family practitioner, another physician and two chiropractors who are in good professional standing and who have displayed an active interest in the advancement of their profession. If the Nevada State Medical Association or the Nevada State Chiropractic Association is dissolved, the administrator shall appoint the members from that profession after consulting the state health officer. When an injured employee is referred to the panel, the insurer, after reviewing all pertinent medical records, shall select two members of the panel whose specialties are related most directly to the problem presented, and a third member from the remaining members of the panel. The three members selected are the medical review board for that case. This board may seek further consultation and advice from any physician or chiropractor of its choice. A board must be selected from the members of the panel for each claimant referred. Members of a panel may be reappointed from year to year, with the respective approval of the Nevada State Medical Association and the Nevada State Chiropractic Association so long as each respective organization exists.

2. The state is hereby divided into two medical board districts, as follows:

(a) Carson City and the counties of Churchill, Douglas, Elko, Eureka, Humboldt, Lander, Lyon, Mineral, Pershing, Storey and Washoe constitute the first medical board district.

(b) The counties of Clark, Esmeralda, Lincoln, Nye and White Pine constitute the second medical board district.

3. One of the lists referred to in subsection 1 must be composed of licensed physicians and chiropractors practicing in the first medical board district and the other list must be composed of physicians and chiropractors practicing in the second medical board district.

4. The jurisdiction of the medical boards is concurrent and limited solely to the consideration and determination of medical questions and the extent of disability of injured employees referred by the insurer. Such a board shall not consider or determine legal questions such as whether the injury arose

out of and in the course of employment. The findings of the medical boards or a majority of the members of each board are final and binding on the insurer.

5. Each member of the medical boards is entitled to receive his usual medical fee for each referred case, which represents compensation for the initial review of medical records, the examination and the preparation of the report. Each report must be signed by all members of the medical review board appointed for that case.

6. Each member of the medical boards is entitled to reasonable and necessary traveling expenses incurred while actually engaged in the performance of his duties.

616.540 Reference of claims to medical board.

1. If on a claim for compensation by an injured employee any medical question or the extent of disability of an injured employee is in controversy, an appeals officer or the insurer may refer the case to the medical board which serves the appropriate district.

2. The medical board shall, upon such reference, notify the injured employee of the time and place set for examination and investigation into the medical question or determination of the extent of disability. At the time set, the medical board shall make a thorough examination of the injured employee, who may have a physician or chiropractor of his own choosing in attendance. In a joint report, if all of the medical board members are in agreement, the members shall submit their findings, conclusions and recommendations, concerning medical questions only, to the person who referred the case.

3. Should the medical board not be in agreement as to the findings, conclusions and recommendations, the members of the medical board shall submit separate reports, concerning medical questions only, to the person who referred the case.

617.375 Disputed claim referred to medical review board. If, on a claim for compensation, any medical question is in controversy, the claim may be referred to the medical review board created pursuant to NRS 616.190 for determination in the same manner as provided in NRS 616.540.".

Amend the title of the bill to read as follows:

"An Act relating to industrial insurance; abolishing the practice of referring matters to a medical review board; and providing other matters properly relating thereto.".

## GENERAL FILE AND THIRD READING

Assembly Bill No. 76.

Bill read third time.

Remarks by Assemblymen Carpenter, Scherer and Freeman.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. A.B. 76 is a major bill dealing with watercraft. I brought along today a large bottle of champagne, the budget cutting variety, and the first lady of the Natural Resources Committee is going to do the honors of breaking this bottle of champagne across the bow of the mighty vessel. The SS A.B. 76 of the Nevada Assembly was carefully crafted by the sailors in the Department of Wildlife. They sent it over to the Natural Resources Committee, and it was immediately put in dry dock. After that, fireman Kerns tried to throw a lot of cold water on it and the graduates of the naval academy, ultra conservatives Assemblymen Little and Spriggs, talked about sabotage and there was talk of torpedoing our mighty vessel, but it survived. Commander Sader of the SS Judiciary didn't want this vessel floating around in his fishing lanes, so he had to take care of it. The three Seabees, Norton, Johnson and Carpenter, floated down to Las Vegas via the Humboldt River. The coast guard boarded this vessel and took many trips around Lake Mead to try and decide what they would do with it. It was subject to a great many wakes. Then Seaman First Class, Scott Scherer, borrowed it to teach his son how to water ski and be a proper flagman for water skiers. Ensign Scott took it to Laughlin where they took a lot of trips across the Colorado River to check out the emergency gear on it. Mr. Speaker, the favorite harbor of this famous bill is the chief clerk's desk. It had shore duty five times. Assemblyman Marvel thought it was a submarine; it was never going to come up for air. Today, I would like to launch this famous vessel over to the Senate. I am sure the admirals of the Senate will board for a pleasure cruise on our love boat, and hopefully they will have clear sailing to the desk of the Commander in Chief for final signature.

Mr. Speaker, I need to go back to what this bill is really about. A.B. 76 changes the statute relating to watercraft. A peace officer that observes a watercraft operated in unsafe condition can take steps to either correct the condition or take it to a safe moorage. There are various restrictions on personal watercraft. The most significant is a personal watercraft operator must be at least 12 years of age. It describes when a diver's flag must be displayed, and it is unlawful to display a flashing blue light on a boat unless it's a police boat. It defines a flat wake. If you want an answer you have to ask my Seabee friend, Mr. Norton. It has emergency language to take care of the people in Laughlin. It describes where you can not moor your boat. I've had a lot of education and fun with this bill, but I hope that I don't see it again. My friend, Scott, from the Las Vegas area, will explain the various age limits for boat operation and water skiing.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I was asked to briefly explain one section of the bill which relates to the towing of skiers or others and sets minimum age requirements. Those age requirements now would be 14 years old to operate the vessel or 12 if accompanied by an adult, 12 to be an observer or 10 if accompanied by an adult. Since that time, other objections have been raised and maybe this needs to go back to the chief clerk's desk.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I just wanted to tell my colleague, Mr. Carpenter, I'm looking forward to crashing the bottle of champagne on the bow of this particular vessel. I am ready to tell it, "Hail and farewell and happy journey," and I beg you to vote for this bill.

Amendment No. 514.
Amend the bill as a whole by deleting sections 1 through 34 and the text of the repealed section and adding new sections designated sections 1 through 5, following the enacting clause, to read as follows:
"Section 1. Chapter 118B of NRS is hereby amended by adding thereto a new section to read as follows:
*1. In addition to the fee established pursuant to NRS 118B.185, the owner of a mobile home park shall pay to the division an annual fee of $12 for each lot within that park, plus an amount calculated monthly which is equal to $0.50 per month per lot within that park occupied during the month. The owner shall collect the monthly charge per occupied lot from the*

*tenants of the respective lots. The owner shall not impose a fee or surcharge to recover from his tenants the costs resulting from the annual fee per lot paid pursuant to this subsection, or any related penalty.*

*2. Except as otherwise provided in this subsection, the administrator shall notify the owner of each mobile home park in the state on or before July 1 of each year of the fee imposed pursuant to this section. If on May 15 of that year the balance in the trust fund for low-income housing which is attributable to deposits pursuant to this section exceeds $2,000,000, the administrator shall not charge or collect a fee pursuant to this section. He shall resume the collection in any year when the balance on May 15 is less than $1,000,000. The administrator shall request the state treasurer to inform him of the applicable balance of the fund on May 15 of each year.*

*3. If an owner fails to pay the fee within 30 days after receiving written notice from the administrator to do so, a penalty of 50 percent of the amount of the fee must be added.*

*4. All fees and penalties collected by the division pursuant to this section must be deposited in the state treasury for credit to the trust fund for low-income housing created pursuant to NRS 319.500.*

Sec. 2. NRS 319.500 is hereby amended to read as follows:

319.500 1. There is hereby created in the state treasury the trust fund for low-income housing, to be administered by the division. All money that is collected for the use of the fund from any source, including pursuant to a specific statute, tax, legislative appropriation, gift or grant, or from interest earned on specified public or private accounts, must be deposited in the fund. *The money deposited in the fund pursuant to section 1 of this act and any interest and income earned on that money must be accounted for separately.*

2. The money in the fund must be invested as provided in chapters 355 and 356 of NRS. The interest and income earned on the money in the fund, after deducting any applicable charges, must be credited to the fund. All claims against the fund must be paid as other claims against the state are paid.

Sec. 3. NRS 319.510 is hereby amended to read as follows:

319.510 1. [Money] *Except as otherwise provided in subsection 4, money* deposited in the trust fund for low-income housing must be used:

(a) For the acquisition, construction or rehabilitation of housing for eligible families by public or private nonprofit charitable organizations, housing authorities or local governments through loans, grants or subsidies;

(b) To provide technical and financial assistance to public or private nonprofit charitable organizations, housing authorities and local governments for the acquisition, construction or rehabilitation of housing for eligible families;

(c) To provide funding for projects of public or private nonprofit charitable organizations, housing authorities or local governments that provide assistance to or guarantee the payment of rent or deposits as security for rent for eligible families, including homeless persons;

(d) To reimburse the division for the costs of administering the fund; and

(e) In any other manner consistent with this section to assist eligible families in obtaining or keeping housing.

2. The division shall not use more than $40,000 per year of the amount annually allocated from the fund as reimbursement for the cost of administering the fund. Of the remaining money allocated from the fund [:] *from sources other than section 1 of this act:*

(a) Except as otherwise provided in subsection 3, 15 percent must be distributed to the welfare division of the department of human resources for use in its program developed pursuant to 45 C.F.R. § 233.120 to provide emergency assistance to needy families with children, subject to the following:

(1) The welfare division shall adopt regulations governing the use of the money that are consistent with the provisions of this section.

(2) The money must be used solely for activities relating to low-income housing that are consistent with the provisions of this section.

(3) The money must be made available to families that have children and whose income is at or below the federally designated level signifying poverty.

(4) All money provided by the Federal Government to match the money distributed to the welfare division pursuant to this section must be expended for activities consistent with the provisions of this section.

(b) Eighty-five percent must be distributed to public or private nonprofit charitable organizations, housing authorities and local governments for the acquisition, construction and rehabilitation of housing for eligible families, subject to the following:

(1) Priority must be given to those projects that qualify for the federal tax credit relating to low-income housing.

(2) Priority must be given to those projects that anticipate receiving federal money to match the state money distributed to them.

(3) Priority must be given to those projects that have the commitment of a local government to provide assistance to them.

(4) All money must be used to benefit families whose income does not exceed 60 percent of the median income for families residing in the same county, as defined by the United States Department of Housing and Urban Development.

(5) Not less than 15 percent of the units acquired, constructed or rehabilitated must be affordable to persons whose income is at or below the federally designated level signifying poverty. For the purposes of this subparagraph, a unit is affordable if a family does not have to pay more than 30 percent of its gross income for housing costs, including both utility and mortgage or rental costs.

(6) To be eligible to receive money pursuant to this paragraph, a project must be sponsored by a local government.

3. The division may, pursuant to contract and in lieu of distributing money to the welfare division pursuant to paragraph (a) of subsection 2, distribute any amount of that money to private or public nonprofit entities for use consistent with the provisions of this section.

*4. The money deposited in the fund pursuant to section 1 of this act, must be used only to pay necessary administrative costs pursuant to subsection 2, to assist eligible persons in relocating their mobile homes, if necessary, and to supplement their monthly rent for the mobile home lot on which their mobile home is located. To be eligible for assistance from the fund pursuant to this subsection a person must:*

*(a) Reside in a mobile home lot in this state in a mobile home he owns; and*

*(b) Have a monthly income of less than $750.*

*5. The division shall administer the provisions of subsection 4. The division may adopt regulations necessary to carry out the provisions of this subsection and subsection 4, and may request the assistance of the welfare division of the department of human resources in distributing the money to eligible persons. The maximum amount which may be distributed to a person to supplement his monthly rent pursuant to subsection 4 is an amount equal to the difference between $150 and the amount of rent charged for the lot, but in no case may the supplement exceed the average monthly rent charged per mobile home lot in the county in which the mobile home is located.*

Sec. 4. NRS 319.520 is hereby amended to read as follows:

319.520 *Except as otherwise provided in NRS 319.500 and 319.510 for the distribution of money deposited in the trust fund for low-income housing pursuant to section 1 of this act:*

1. The administrator shall consult with representatives of housing authorities, organizations of persons with low income, providers of housing, financial institutions and other persons interested in the provision of low-income housing, and adopt regulations establishing:

(a) Criteria for the distribution and use of money from the trust fund for low-income housing; and

(b) Procedures for the division and the local governments that receive money pursuant to NRS 319.510 to monitor the use of money from the fund and to enforce the provisions of this section and NRS 319.500 and 319.510. The regulations must be designed to maximize the efficient use of money in the fund, and to promote the participation and assistance of local governments.

2. A recipient of money from the fund shall comply with the regulations of the administrator and provide such reports to the division and the local governments that receive money pursuant to NRS 319.510 upon the use of the money as the administrator requires.

Sec. 5. This act becomes effective upon passage and approval.".

Amend the title of the bill to read as follows:

"An Act relating to mobile home parks; imposing certain fees on the tenants and owners; providing for the use of the proceeds to assist eligible persons in relocating their mobile homes and to subsidize the rent paid for a mobile home lot by certain eligible persons; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

"Summary—Provides financial assistance to certain eligible persons living in mobile home parks. (BDR 10-1464)".

Assemblyman Scherer moved the adoption of the amendment.

Remarks by Assemblymen Scherer, Petrak, Haller, Porter, Kerns, Myrna Williams, Pettyjohn and Arberry.

Assemblyman Evans requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. To you and through you to my colleagues in this honorable body, if you look down at your copy of Assembly Bill 460, you will see that I originally signed on for this bill, and I did so because I sympathized with those that my distinguished colleague from District 18 is trying to help. But, after hearing testimony and studying the bill, I am convinced that this bill will do more harm than good. A.B. 460 is a rent control bill. The proponents of the bill like to call it a rent-justification bill, but, in fact, it gives a governmental agency the authority to control rents, and that is the essence of a rent control bill. Rent control has failed miserably everywhere it has been tried. It leads to deterioration of facilities because there is no incentive to maintain the facilities and put money into repairs of the facilities; it leads to financing for new facilities drying up because there is no ability to have a stable investment; and in a growing community, and this state is clearly a growing state, it leads to a scarcity of rental units and actually harms those people that this bill is intended to help. What's worse, in the vast majority of cases, this bill will not even result in a reduction in rents.

MR. SPEAKER:

Mr. Scherer, will you speak to the amendment, please. We are not discussing the bill, we are discussing the amendment.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I do not feel I can adequately discuss the amendment without discussing the reasons. This amendment replaces the entire bill. It would create a fund which I think will help the people that it is designed to help. It will create a fund that is primarily paid for by mobile home park owners. It will be placed in the low-income housing trust fund in a separate account and administered through that fund. It will assist those people who need assistance paying their rent, who are on a fixed income or low-income people. It will provide subsidies for them. It will also assist those people who cannot move, and much of the testimony in committee was that one of the main differences with mobile home parks was the inability to move from a park because of the high cost of moving a mobile home. This will assist those people who need help moving their mobile home. I think this fund will generate nearly $500,000 a year for these purposes, and this amendment will actually help these people that the bill is designed to help, more so than the current text of the bill will. Thank you, Mr. Speaker.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in opposition to the amendment, I would like to say that my own feeling about this as representing the people in my district in southern Nevada, this amendment is an insult to the intelligence and the pride of every mobile home owner. It is asking the mobile home owner to beg for help. The mobile home owner is not a charity case. The mobile home owner is a man or woman with pride. They seek a good mode of living because of the advantages of living in a mobile home, such as the upkeep of the interior home. It is good for the young people to live in mobile home parks because they can raise their children in a right way. Without question, this is a real insult to the intelligence of any mobile home owner in our great State of Nevada. I certainly encourage you—don't do that to us. I ask my colleagues to vote against this amendment.

ASSEMBLYMAN HALLER:

Mr. Speaker, I rise in opposition to the amendment on only one basis. It is kind of shameful because it calls for those with a monthly income of less than $750—that is a lot lower than anything we have ever considered. These people are eating dog food if they're down there.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 514. I speak to echo some of the comments of my distinguished colleague, Mr. Petrak. I don't think the amendment is so much of an insult, but it is somewhat sexy. It's a sexy amendment because it's the same old song. It creates the same old problem. What this amendment does is add a second layer to an already burdened welfare system. It will require applications, paperwork, monthly renewals, continual monitoring on a monthly, semi-annual and annual basis for the individuals who will seek to dip into this fund. Mr. Speaker, the amendment also balances the fund on the backs of the individuals that it is intended to help. The bill assesses a $6 per year, per lot fee on the residents to subsidize the other residents who cannot meet their obligations for one reason or another. Mr. Speaker, this amendment is the result of an offer made to your Commerce Committee by the mobile home park owners. During testimony, that offer was $1 per space. This amendment has now been cut to $0.50. I ask the question, how much more will it be cut if this amendment is adopted and sent to the Senate. I urge my colleagues to defeat it. Thank you.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. Just in response to my distinguished colleague's remark that this is an insult to these people to ask them to come and ask for assistance. It is by no means intended as an insult. We had a large number of people turn out in Las Vegas who came to ask for our help. This amendment is designed to offer them that help. Thank you.

ASSEMBLYMAN KERNS:

Thank you, Mr. Speaker. I rise in support of this amendment, and I would like to have Order of Business 15, please.

We have a lot of freshmen in this chamber this year. I've been here—this is my fifth term—served on Government Affairs for four terms, and I have dealt with this problem for four terms. We have had some type of a thing at one time or another called rent control. This is probably the goofiest thing I have ever seen to be called rent control. It's nothing but a guaranteed rent increase bill. If you've read the bill, there is no other way you can read it. This bill is going to guarantee a rent increase every year. And on top of the CPI increase, if they've done any improvement to the park, the commission can very possibly increase it more than CPI. My colleague from the south said that this is going to form a bureaucracy, a lot of money would be used in this. I don't know if you read the bill very closely to see what that commission is going to form or not, but it is going to make the bureaucracy that the amendment would form look like peanuts. Most of the testimony we had in the last five terms has been because of these poor people that only make $400 a month or $500 a month or $600 a month. Their rent's increased and they can't move out of that park. This amendment will be directed to the people that for years we've been told need help. The so-called rent control bill will do nothing for those people except raise their rent. We're going to have parks that haven't raised their rent in years raising their rent every year. And if you are voting against this amendment and for this bill to help with the next election, heaven help you because those people are going to get two rent increases that they wouldn't have gotten otherwise. They're going to blame the legislators because that's who did it, that's who set that bill up for them to raise that rent every year equal to the CPI.

I don't have a park, but I've got some rentals. I've had them for about ten years. I've raised the rent once, but I can guarantee you if there had been a law pertaining to my apartments like there is pertaining to this law for mobile homes, I'd be raising the rent every year because I'd have somebody to blame it on.

So I'd like to have you take a good look at the bill, take a good look at the amendment. Most times when we pass things here to help people, we help the whole class. We end up

helping a lot of people that definitely don't need help. I probably could be considered a senior citizen, and there is probably nothing more disgusting than to see some organization, a store or something that wants to help senior citizens that need help, but so many times when you go down there to see where this is taking place, and if you know the people standing in line to get their 10 percent discount, the ones in the front of the line are probably the ones that need it the least. I think we have a chance here to pass some legislation that is going to help those people that need help and not help the greedy and the people these types of things were never intended to help.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I rise in opposition to the amendment. To my colleague from the north, I need to tell you that I certainly won't get any votes; I don't have mobile home owners—or almost none—in my district. However, I have, as you have, listened for eight years, eight years. This amendment is an eleventh-hour offering. I think if it was serious, if it was something that would work, it would have come into the interim study. I think it is important for us to move ahead, to give some relief to these people, and I, too, have sat on Commerce for eight years and listened for eight years and heard all kinds of promises and possibilities. I have to agree with my colleague from southern Nevada who got up and talked about insult, and I am sure no intentional insult was intended. However, to take people on fixed incomes and tell them that they must go in every month, every year, produce all their papers, prove that they're not making it—they're starving, that they have to rely on the largesse of somebody else, and that somebody else will be their next-door neighbors, I think is an unfair thing to ask. So, I urge you to vote against this amendment.

ASSEMBLYMAN PETTYJOHN:

Thank you, Mr. Speaker. I rise in support of this amendment, and I would just like to make the observation that we've heard some of the descriptions of insults and also the whole concept of people being required to certify their needs. I would like to call the attention of this body to the fact that we have a tremendous welfare system in this state and this country today that does just that and has done it for years and years and years. People stand in line to receive money, to receive help, to receive aid in many categories, and I believe that this particular amendment is, in fact, a genuine solution to help solve the problem that this category of people have in this state today. The fact that it came in late may, in fact, be a factor in support of the amendment in itself, that it was an effort to try and fix the flaws in the inequities of the existing bill. I don't think we could characterize this as being something that is demeaning or degrading to those people. It, in fact, is the opposite. It is an effort to help those people. It's a recognition of the kinds of actions that need to be taken to alleviate some of the problems we have not only in living and paying the rent, but those who have to move and can't move, this is an effort to help them move. I think the amendment will satisfy those requirements. Thank you.

ASSEMBLYMAN KERNS:

Thank you, Mr. Speaker. I would like to direct this to the amendment and to my colleague from the south that said this was the eleventh-hour amendment. I might point out to her that this probably wasn't brought up in the interim committee meeting, during the interim, because of the guarantee that if they could have A.B. 550, A.B. 551, A.B. 553, they wouldn't ask for a rent control bill this time. So just what is the eleventh hour? Do you go ahead and allow this without fighting it? I don't think so. I don't think this is the eleventh hour, I think it is merely a reaction to a broken promise. Thank you.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. I rise in opposition to this amendment. One of my basic reasons is that two years ago I chaired the subcommittee dealing with low-income housing and out of that subcommittee came the trust fund for low-income housing. Now I see here that two years ago, we could not even get any money for low-income housing. We tried, all the parties involved met on a regular basis trying to get money, money for low-income housing or an avenue for low-income housing. Now all of a sudden a group of people's feet are to the fire. I feel right now, all of a sudden, there is money available to be placed into low-income housing when there wasn't an avenue before. So, at this point in time, Mr. Speaker, I rise in opposition and I feel that this amendment is not warranted at all.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues again, just a note here that I have in my hand that reads like this from Gladyce Pointed, who lives in a mobile home in southern Nevada. She says to me, and we all read it in the newspaper and saw on the front page of our papers, it says, "Enclosing an article in our paper showing just what is happening to older people in mobile homes who are just trying to live out their last years and we have no control. It is getting worse. I, myself, would have never thought I would be speaking to legislators to try to get help for all of us, but I did, and I am not sorry. I didn't do this for any association except for the renters and the old people like myself." Then she says, and you should remember what she is saying here, "This is like begging which I've never done but we really do need some help in living out our last years." Then she says, "I wrote to Mr. Norton also and sent him the article. Would you please be kind enough to read it to the legislature." She says, "Thank you." What are we thinking about? What are we doing? For the second time I ask you to vote no on this amendment. Thank you.

ASSEMBLYMAN PETTYJOHN:

Thank you, Mr. Speaker. I would address the last remark by saying this to my good friend there. This amendment does just what this dear lady is begging for. In the future, when the mobile home owners and the park owners raise those rents as they will be allowed to do by the provisions of the bill, and she gets two rents and maybe one rent increase in one year, then she is going to be coming back to you and say, "You didn't help me. I thought you were going to help me but you didn't help me. What you did is you set me up for two more raises per year." Thank you.

Assemblymen Arberry, Giunchigliani and Myrna Williams moved the previous question.

Motion carried.

The question being on the motion to adopt Amendment No. 514 to Assembly Bill No. 460.

Amendment lost on a division of the house.

Remarks by Assemblymen Petrak, Spriggs, Hardy, Stout, Sader, Scherer, Wendell Williams, Humke, Anderson, Bayley and Porter.

Assemblyman Evans requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PETRAK:

I rise in support of A.B. 460, Mr. Speaker. To my colleagues in the Assembly, A.B. 460 creates a commission of mobile home parks consisting of seven members appointed by the Governor. The commission is authorized to enforce the provisions on mobile home parks, landlord/tenant law, provides an annual licensing of mobile home parks, and reviews forms for rental agreements. Employees of the Division of Manufactured Housing are to serve as staff for the commission. The bill also provides for the formation of an elected committee of three to five residents of each mobile home park. Order of Business 15, Mr. Speaker.

To my colleagues, once again. I'd like to say to you that I, in dealing with this particular situation, would like to make a couple of initial comments. In these hallowed halls here in Carson City, since January I've met many fine people. I owe an apology to all of you here. The apology is for the last three, four, five weeks you have been harassed. You've been badgered. You've been written to. You've been called on the telephone. You've been taken into the corner and arm-twisted to a point where it hurts. I apologize for what has happened to you and to me in the last four or five weeks. That's my apology to you. I think that some place in this big good book that we look at over here against the wall it says to all of us as we think about coming to Carson City, and in these hallowed halls of ours, it says, "Give an account of thy stewardship for thou canst be sure no longer." That means to me what are we doing for the people who we represent and who we promised in the last year and one half that we would try to help. The reason I am here is because I promised some people throughout southern Nevada whom I dealt with as I

walked door to door something would be done to help them. They have a voice crying out of the wilderness and we should help them; I say to you people in my district, down home, businessmen, professional people. A lot of the mobile home owners said to me, "When you go up there, it'll be just like it has always been. You'll be a changed person. They'll change you up there, so that you won't exactly know what in the world is going on and who you're taking care of. We're sending you up there to take care of us," and I say to you this is exactly what we're trying to do with this mobile home bill. Also, I gave each of you a copy of this particular newspaper item and it shows, if you didn't read it, there's two mobile home parks, just for openers, in southern Nevada, in Las Vegas, five minutes from where I live and two minutes from where Mr. Bayley lives, that in the first year they operated in 1987, it reported in these two mobile home parks with 791 lot vacancies, they generated a net profit, after the costs of operation, of $1.3 million. They also gouged the poor mobile home owner to the extent of $139 a month per space each month. Getting back to the feeling that something has to be done, the profit in these two particular parks owned by an out-of-state corporation generated 64 percent profit on the amount of money they took in that particular year, and that is a sin. I would like to read to you another copy of the letter that I handed out to you from a Mrs. Lindburg, and this is exactly what's happening. She said, "I feel that we have something truly to complain about concerning mobile home parks. We purchased a triple-wide mobile home on Mohave Road," it gives the address, "with rent of $234 with free RV parking. In 1987, the rent went to $240 with free RV parking. On January 8, 1988, the rent went to $264, a $24 raise. On April 1, 1988, the rent went to $280 plus $15 for the RV parking. This is two raises in four months. On March 1, 1989, we got a $31 raise which brought the rent to $320 plus the $15 for RV parking which brings an $80 raise in one year. March 1, 1990, the rent was raised to $332.46 plus $15 for RV parking. On March 1, 1991, the rent was raised to $350 plus $15 for RV parking, if we signed a ten year lease, otherwise it would have been $362 plus RV parking." She said, "Please try to do something about the problem. Our social security and cost of living hasn't raised that much. A person can't sell the property because no one wants to buy it and pay that kind of rent. Our motor home has been broken into three times, so we have no security. Yours truly," and that's from Mrs. Lindburg in the Heritage Mobile Home park. I would like to say to you that you can read, you can understand, and we've got to remember the feelings of the people that you and I were sent up here to represent, and we should do something about it. What I'm doing to you, I am asking you to vote for A.B. 460 to help those tens of thousands of people in our state.

Getting back, Mr. Speaker, to the bill. It says landlords must apply to the commission to change the rules of a mobile home park. The commission must submit the proposed changes to the residents' committee for the park for their consideration and must review the proposed rules to determine if they conform with the provisions of the landlord/tenant law. In the final paragraph it says proponents of this bill contend that it is needed to curb excessive rent increases in mobile home parks and to ensure compliance with the provisions of the landlord/tenant law. I ask my colleagues here to please support A.B. 460. Thank you, Mr. Speaker.

ASSEMBLYMAN SPRIGGS:

Thank you, Mr. Speaker. I rise in opposition to the bill as it is written. We had testimony in Commerce, I was there for all of it, and what I heard was that we might have one or two parks in this state that have a problem. All the other parks were under the CPI so their rents are less than they would have been if this bill had been in effect. The main problem I have with the bill as it's before us today, if you'll look at page 6, line 27, "A tenant of a mobile home park which is located in a county whose population is 100,000 or more may refuse to pay excessive rent." That means that those of us who live in a county of under 100,000 can't use it. It only applies to two counties in this state. If you look further in the bill you find that every county in the state is going to pay for the commission. I don't believe the parks in rural Nevada, and we have a lot of them, need to pay for this commission that only applies to Clark and Washoe counties. Now if that isn't the way the bill was intended to be, I'd say that we need to amend it. I don't believe that we need to pass flawed legislation. Thank you, Mr. Speaker.

ASSEMBLYMAN HARDY:

Thank you, Mr. Speaker. In my brief legislative career I've had a lot of interesting questions, and I've had a lot of difficult questions, but none more difficult than this one for me both personally and philosophically. I think there's a question we haven't addressed yet. As legislators we're faced with the difficult task. We must in every action we take preserve the delicate balance between the rights of the individual and the rights of society as a whole. We must be certain that any law we pass doesn't benefit any individual or segment of society to the exclusion of another. And above all, we must be sure that our actions are minimally intrusive on society's right to life, liberty, and the pursuit of happiness. The issue before us today is a particularly difficult one. On the one hand we have a property owner, one who owns a plot of land with all the rights and privileges associated with that ownership. On the other hand we have another property owner, one who owns a home with all the rights and privileges of that ownership. As a legislature, how do we protect the rights of one of those interests without infringing on the rights of another. I would suggest that we must strike a balance between the interests of the two. The best we can hope for is to provide equity in the law so that one party does not benefit at the expense of another. While A.B. 460 is not a perfect piece of legislation, it at least offers some vestige of equity as we at the legislature strive to protect the fundamental democratic right of all individuals to own property and to have the property protected by the law. I intend to support A.B. 460. Thank you.

ASSEMBLYMAN STOUT:

Thank you, Mr. Speaker. I rise in opposition to this bill. There's so many reasons why I'm opposed to it, but in the interest of time I'll just mention, I think it's interesting that the makers of this bill refuse to call it a rent control bill, but it is exactly that. It's a right of property bill. I see in this pamphlet that was put out by the maker of the bill that he has a problem with someone making a profit or even an excessive profit. That's what America is all about. If we want to start controlling property, I'll bet there's a lot of people who live in the mobile home parks who own property that would really be put out if someone was to control how much money they could make on the property they own. Well this is what's going to happen to them. Now there's been a lot of discussion already on what's going to happen to the mobile home owner. I believe as has been said, he's going to end up paying a heck of a lot more money than he probably ever would without this bill. I don't think it does anything of what it is intended to do, and I would like to see everyone vote against this bill.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I rise in support of A.B. 460. Opponents of this bill say that it is rent control, and I would agree with them that it is a form of rent control. For years I've been asked why I support rent justification for mobile home parks and never supported rent control in any other context and I never intend to support rent control in any other context. I have several reasons for doing so. The first is, over 60 percent of the people in my district live in mobile homes. Over the years, I've had the opportunity to speak with them on the issues that concern them. Far and away life in a mobile home is a major concern. The majority of them feel that they have lost control of their living situation because of the inordinate amount of money that it costs to move from a mobile home park and the artificial government restrictions that exist on placing new mobile home parks in the community. Now, opponents of this legislation continually argue in a free enterprise system we should not have these sort of government regulations on the ability of a park owner to make a profit. Under normal situations in business enterprises I would agree with that, but in this situation, government regulation has already severely impaired the free enterprise system. We have now a situation in all urban areas where there's a tremendous restriction upon placement of mobile home parks and available land for mobile home parks because many people consider mobile home parks to be inappropriate uses in the vicinity of stick-built homes. The restriction on supply already skews the free enterprise system into one that is artificially encumbered by government regulation. Under those circumstances, I think that it's appropriate to consider further government regulation in an already artificial situation to control rents.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise in opposition to the bill. Most of my remarks have already been made by one speaker or another. I do sympathize with the people in the parks, and if I believed this bill would help them I would support it, but I don't. For that reason I can't support it. Thank you.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. I rise in support of A.B. 460. It's immoral to suggest to humans, especially senior citizens, that the only way that they can receive fair and just services is that someone keep a financial choke hold on their neck, not knowing if they're going to survive financially from one moment to the next. This body was established to be the voice of the people and the conscience of morality. For those of my colleagues who have a tough decision to decide if they should go with human rights or property rights, I would suggest whenever there is a conflict between human rights and property rights, human rights must always prevail. I stand and urge my colleagues to vote on behalf of the people who placed us here and who gave us their confidence to act, behave and vote on behalf of their livelihoods. I would urge my colleagues to vote in favor of this bill.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I'd like to make a couple of points that I'm not sure have been made so far. First is to attempt to rebut my able colleague from District 32. I think the appropriate forum in the county that we represent, Washoe County, is the County Commission, where the Commission has been hesitant to approve new mobile home spaces or to approve spaces that are not controlled by a seller of new mobile homes. I think there is plenty of blame to be assessed to that body and that they could change their ways and remedy this situation.

Secondly, this argument was touched upon when we did discuss the amendment, but I would like to reiterate because I think it bears repeating, that under this bill the base of the rent that a landlord charges will be increased annually, up to the CPI. A landlord would be a fool not to increase that base for those times when he or she absolutely needs to have a rent increase. This bill will have the opposite effect of the intended effect for, what I believe is to be, the vast majority of mobile home dwellers in Washoe and Clark County.

Finally, I oppose this bill because I think there are viable alternatives. If there were no viable alternatives, I would consider voting for it but it is a clear-cut case of looking at the free enterprise system and saying you're going to turn your back on that system. Again, there are other viable alternatives that would work and that should be tried before a measure such as this is tried. Thank you.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of this piece of legislation. It was my intention to sit here quietly, although it's against my better nature as you probably know. First of all, to my esteemed colleague from District 18, no apology is necessary to bring us to the responsibility of this chamber. All of us entered here knowing that we would have to face the heat on several issues and this is only one of them. I'm reminded by a quote from Dante who said that the hottest places in Hades were reserved for those who in times of crisis, shrunk from responsibility. This is indeed, a piece of legislation that has been long awaited—six years we have waited, and longer, for the free enterprise system so touted, to carry out its responsibility. It has shrunk from that responsibility. It has not carried out its responsibility and thus, we must shoulder this responsibility. It is why the people sent us here and therefore, I support this.

ASSEMBLYMAN BAYLEY:

Thank you, Mr. Speaker. I didn't intend to speak but I want to speak in opposition to the bill. I have a lot of mobile homes in my district and I do care about those people and I'm glad that there are people here that are motivated and concerned. I am too. But then after we're motivated with our hearts, we have to look at the laws with our heads. If we were looking at something new that no one had tried, maybe there would be a chance, and I'd look at it and say, well, maybe this will work. But we are looking at something that has

failed everywhere it has ever been tried, repeatedly, for years and years. Rent control doesn't work. It has never worked and I don't know why now we think it will be different if we do the same thing. Thank you.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I obviously rise in support of A.B. 460 and I've waited to make this speech for six years. Mr. Speaker, let me start by saying everyone clamors about the rent control and previous ordinances haven't worked. This is not a freeze. This is not a freeze; this is not an abatement. This is a built-in CPI increase to allow for an inflationary rate of return. That, in and of itself, is constitutional as we argued in S.B. 220 before the Ninth Circuit last session.

Mr. Speaker, this bill has been characterized as an attack on American capitalism, that somehow, within this American democracy, we have created a Draconian remedy to a so-called sacred property right. Indeed, Mr. Speaker, in the literature that adorns every desk in these chambers, we are accused of rushing toward European socialism, and somehow clamoring to take a giant step backwards. At the core of this American capitalistic system is a concept of choice. University of California-San Diego Professor Herbert Marcuse in his 1963 book *One Dimensional Man,* said that for millions of Americans, the American Dream had become the greatest means of social control ever devised because for those Americans, they did not possess choice but rather the illusion of choice. They had the option to choose between a Ford and a Chevrolet, or a green one or a blue one, but the decision whether or not to buy a vehicle or take mass transit was made for them. I can think of no better analogy than what the residents and senior citizens of my district face in these mobile home parks. When they get a rent increase, it presupposes they have a choice. The fundamental choice is either pay it or move. When you're on a fixed income and Social Security and it costs you $1,500 to move, it might as well be $15,000. The choice is illusory. Because of that, this bill seeks to find some mechanism to bring equality to the people who have their entire investments on a small piece of land. Mr. Speaker, this bill balances the illusion of choice and attempts to put these people on an equal footing. I would recommend strongly a do pass. Thank you.

## GENERAL FILE AND THIRD READING

Assembly Joint Resolution No. 18.

Resolution read third time.

Remarks by Assemblymen Heller, Anderson, Pettyjohn, Elliott, Price, Gibbons and Petrak.

Assemblyman Spitler requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HELLER:

Thank you, Mr. Speaker. It is definitely an honor for me to be able to stand up in support of A.J.R. 18 and also in support of our Vietnam veterans here in Nevada. HR 1147 is better known in Washington, D.C., as the truth bill. It is purely an accountability bill. The purpose for the bill, of course, is accountability. We sit in these chambers and we talk about the accountability of the Governor's budget, we talk about the accountability of campaign reform, but this is the accountability of human lives. The purpose of the truth bill is to lay to rest the doubts, the confusion and the mistruths regarding the status of our POW's.

Since 1975, there have been nearly 11,700 reports collected by the Defense Intelligence Agency and the Department of Defense relating to POW's/MIA's, including 1,400 first hand live-sighting reports. These reports have been classified "Top Secret" and are unavailable, not only to the American public, but to the families of the missing.

If A.J.R. 18 passes the Nevada Legislature, Nevada will be the first to urge Congress to do something about releasing information on all those Americans who are still listed as missing in action. Whether a war is popular or not, whether the outcome is favorable to us or not, one thing should always be done and that is to acknowledge those men and women who represent our nation. For those of us whose duty it is to always remember, let us also try to help those families whose suffering has been compounded by a frustrating lack of information.

I would like this gentleman sitting to my left to stand up. Bruce Bertram is a contractor and also president of the Vietnam Veterans Association, Chapter 388 of Carson City. Bruce was very influential in getting the Vietnam Memorial Wall brought to Nevada. Just so that this Chamber knows, we had over 2,000 signatures coming from that Wall in support of this resolution. Bruce does want us to know that this resolution doesn't cost us a dime. I would like to welcome Bruce here today.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of A.J.R. 18. The opportunity and the need of this particular piece of legislation, I think, is clearly shown. It is most shown in my classes in American History. When trying to explain the Vietnam War to students who have little or no knowledge of it, a frequent statement that comes forward is, "I had an uncle, I had a dad, I had a relative and I believe he is still there." I think this will go a long way to healing the wounds of Vietnam. I think it is a very, very necessary resolution.

ASSEMBLYMAN PETTYJOHN:

Thank you, Mr. Speaker. I obviously rise in support of A.J.R. 18. I am never quite sure how much effect or impact resolutions might have on our Congress. I think sometimes Congress is a little bit like the description of a fighter pilot. You can always tell a fighter pilot but you can never tell him very much. Even though we may not be too successful in telling Congress to do something, I think it is worth the effort because every little bit helps.

I would like to tell you a story to illustrate what I think supports that notion. Those of you who followed the war in Vietnam, many of you may not have been old enough to, many of you are, but you know that we had a great deal of losses in that war. We had a great many killed, a lot were taken prisoner, and we still have questions in our mind about the status of those people. In November of 1970, I had the pleasure and the great fortune of being able to fly a mission which was to go to a prisoner of war camp right outside the outskirts of Hanoi to try to liberate our prisoners in the Son Tay Prison Camp. I had the greater good fortune of being able to survive that mission and come back. To make this story short, because we are short on time, I would like to tell you that we did land a helicopter inside the compound of that prisoner of war camp, the Army Special Forces Troops. Unfortunately, we found the camp empty. They had moved the prisoners to what was called "Hanoi Hilton," in downtown Hanoi. We didn't get those prisoners back. The point of the story is to tell you that a little effort had a great impact on the way the North Vietnamese treated our prisoners of war after that. I have talked to many prisoners who were released and came back after repatriation that said the result of that mission, that little effort, was that their lives were made a great deal easier. This resolution is to try to relieve the lives of some of the survivors and the spouses of some of these people who are still missing. They need to be able to have as much information as they can so that they can, in fact, continue their lives. It is a good resolution. I think we all should support it. Thank You.

I would like to introduce my three guests here today. On my far right is Helaine Jesse. She has been a very moving force in getting this resolution prepared and passed. She is a moving force within the community of Carson City. In fact, she was, I think, "Citizen of the Year." On my immediate right is Commander Charles Cannady. He is the Commander of the ROTC Unit at the high school and on my left is Chief Warrant Officer, George Stidham, also in the Naval ROTC. The Navy had to come in and surround me today, Mr. Speaker, to keep me in line.

ASSEMBLYMAN ELLIOTT:

Thank you, Mr. Speaker. I, too, rise in support of A.J.R. 18. I don't believe that anything could be more devastating than a family living with the unknown fate of friends or relatives. I think in passing this maybe we can convince some people to move forward and let's put Vietnam behind once and for all. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I, too, rise in support of A.J.R. 18. Just on the little street that I live on in North Las Vegas, we still have two pilots that have never been accounted for and who still have families and loved ones that will be affected, I suppose, their whole life until something is known. I have never understood the lack of cooperation with past Congress and administrations in trying to bring this tragedy to an end. I think it is very appropriate that we are supporting this resolution today and I hope that we are able to be a part of starting some movement to resolve this.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. As a veteran, I know that I speak for a lot of people here today that there is one truth that we all hold that is somewhat self-evident, and that is, that war is the ultimate of human tragedy. I know that since mankind's early beginning, nations have taken up arms against one nation or another for various reasons; some for righteous causes, others for less than honorable reasons. But in the end, the ultimate sacrifice is that of giving up your life for your country. I think that it is only fitting that I rise in support of this resolution, knowing that there are those out there who have made this ultimate sacrifice and perhaps by it, we will resolve the hardships that the families have felt.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues, as you know my number one and two sons were veterans of the Vietnam War. My number one son was a combat helicopter pilot and I know about the headaches and heartaches parents and families go through that had people in combat. I rise in support of this resolution wholeheartedly. Thank you.

Roll call on Assembly Joint Resolution No. 18:

YEAS—41.

NAYS—None.

Absent—Callister.

Assembly Joint Resolution No. 18 having received a constitutional majority, Mr. Speaker declared it passed.

Resolution ordered transmitted to the Senate.

### REMARKS FROM THE FLOOR

Mr. Speaker requested that the following remarks be entered in the Journal.

MR. JOSEPH ANDRY, *National Commander,* Disabled American Veterans:

Mr. Speaker, thank you for that kind introduction. You know, if my mother was here, she'd say, "Boy, that is great." She'd be crying and have the hanky out and rubbing her eyes, and then my father would say, "Who the hell is that?"

Lieutenant Governor Wagner, President pro Tem Neal, Mr. Speaker, members of the Nevada State Legislature, distinguished guests, ladies and gentlemen. I am deeply honored to appear before this distinguished body of Nevada leaders today, and it is my privilege to bring the greetings of the more than 1.1 million members of the Disabled American Veterans.

If it is possible to imbue a state with human qualities—and I truly think it is—then I think the State of Nevada and America's wartime disabled veterans have a lot in common. Nowadays, Nevada's got the market cornered on boom towns. I'll bet you all wish you had a nickel for each time you heard the phrase "fastest growing this," or "fastest growing that."

But I know it's been a struggle for the state to hold its head up high. You do the best you can with what you've got. People who didn't cut it as Nevadans only saw a bunch of desert. Everyone in this chamber—and the folks you represent—saw opportunity and challenge. That's why Nevada—still challenged as all states are these days—must be considered to offer one of the nation's most exciting opportunities for personal growth and quality of life.

When I lost a leg and an eye in Vietnam, it was pretty easy for me to see only the desert. But I was blessed by the camaraderie, the spirit and resolve of my fellow disabled veterans, men and women who would only let me see the opportunities that lay within my reach. Through the long struggle of recuperation and rehabilitation, I often found myself mentally wandering back to the desert, but I was constantly reminded that a good future lay ahead for me, if only I was committed to building that future. I made that commitment, and I'm proud of the future I and disabled veterans like me have been able to build for ourselves and our children. But I don't have to tell you that either, because the evidence is all around us of Nevada's shared commitment to an equally bright and rewarding future for her citizens.

There's another reason why, as a disabled veteran, I identify so strongly with this state. I think its roots lie in those early settlers who pushed back the frontiers of America to

settle the state. They brought to the area a rock-solid faith in God and each other. They lived secure in the knowledge they couldn't survive without each other, and they died knowing they'd done their best for the common good. To my mind, that fosters a black and white sense of what's truly right and what's absolutely wrong, and it brings out a clear sense of what's important in this great land of ours.

Today you see that in the unwavering patriotism that marks each Nevada man and woman. I know of no state in my travels that has been so uniformly and powerfully supportive of her men and women in uniform, and the veterans who have served so well in past conflicts. You have made the military welcome here and you've made people like me feel truly at home, among friends who believe as you do that America is the greatest land of all.

Yes, Nevada truly can serve as a model of support for and service to her veterans and their families. But that cannot be said of many other states, and it grows less and less apparent that the Federal Government is treating the needs of her most seriously disabled veterans with any kind of priority. Over the past decade, the Department of Veterans Affairs has suffered continuing budget cuts, even as the largest segment of the veteran population—the World War II era veteran—has grown older and sicker. In the last few months we've seen repeated instances of patients who died—by the VA's own admission—as a result of poor quality VA health care, of others who were turned away from care they needed so badly, or of still others who saw their therapies eliminated, their medications cancelled or their means of transportation stopped.

These include Nevada veterans, of course, who are being denied care they've already bought and paid for. Care a grateful nation promised 20, 30 and 40 years ago on the beaches of Normandy and in the jungles of Khe Sanh. Today there are more than 2.2 million disabled veterans in America. More than 30 million veterans of our wars live today in this nation. Most importantly for us is that 147,000 of those veterans live right here in Nevada.

We know that a society is judged by how it treats those who are least able to care for themselves: the elderly and ill, the very young and the disabled. History will judge harshly any society that does all to support a war, but does little to support the warrior. America draws understandable pride from the conduct of her forces and their armament in the recently concluded Operation Desert Storm. The largest land operation in the history of warfare was successfully conducted with only a minimum loss of life. That speaks highly of America's military might. But America—when it comes to her citizens—speaks from the heart. Since the landing of the pilgrims this nation has always promised to care for her warriors and provide for the warriors' survivors. Today, America is close to reneging on that promise. Some in Washington say the price of that commitment has grown too dear. Or Capitol Hill pundits maintain that states should pick up more of the costs for that care, but states don't declare war, they only send off their finest sons and daughters when war looms.

Today, as leaders of a state committed to doing all for her citizens you can, I ask for your advocacy. Caring for him who shall have borne the battle is not a question of politics or price. The Congress and the Administration need to be reminded of this simple notion. They need to be reminded by you and people like you who have a clear vision of what this nation owes its defenders, and what we must do to support our citizen-soldiers.

Next summer, the DAV will bring its national convention to Reno. It will be the largest gathering of wartime disabled veterans in the nation. I'd like to take this opportunity to invite you all to visit with us then. Your support has been great and your hospitality superb. We'd appreciate the opportunity to return just a bit of it. Most importantly, you've given so many of us disabled veterans the ability to see that opportunities truly do exist in the desert.

Thank you and God Bless America.

Where there is a previous disability, as the loss of one eye, one hand, one foot or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

3. In cases of permanent total disability, if the character of the injury is such as to render the workman so physically helpless as to require the service of a constant attendant, an additional allowance may be made so long as such requirements continue, but the allowance may not be made while the workman is receiving benefits for care in a hospital or facility for intermediate care pursuant to the provisions of NRS 616.410 and 616.415.

Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

## REMARKS FROM THE FLOOR

Assemblyman Spitler requested that Assemblyman Heller's remarks be entered in the Journal.

Thank you, Mr. Speaker. If most of you didn't notice, today on your desk was a pen and ink drawing. I would like to talk about that picture that you have sitting on your desk and introduce the woman who is sitting here at my right. If she would stand up.

Thelma Calhoun is one of Carson City's best-known artists. A resident of Nevada since 1940, Thelma has witnessed a lot of its history. Much of this history she has captured in her art—especially in her well-known pen and ink drawings of significant, historical structures. She has 540 major works to her credit, seven of which are currently displayed in the Nevada Senate's Leadership Lounge.

For 13 years, Thelma served on the State Council for the Arts, having been appointed to that position four times. That honor is, undoubtedly, not only due to her talent and commitment to the arts but, also, because of her vibrant personality and considerable charm.

Always one to recognize and applaud others, Thelma would like everyone to know that Tony Hartmann of Sierra Nevada Printing generously donated the 100 prints of the pen and ink drawing she did to commemorate the Nevada State Museum for you. I would like to show our appreciation today.

Sec. 27. 1. Upon written request to the board and payment of the fee required pursuant to section 22 of this act, a person who is licensed to practice massage therapy in this state may have his name and license transferred to an inactive list for a period not to exceed 4 consecutive years. The person shall not practice massage therapy during the time his license is inactive. If the person wishes to resume the practice of massage therapy, the board shall reactivate the license upon the:

(a) Completion of an application for reactivation of the license;

(b) Payment of the fee for the renewal of the license; and

Sec. 28. A person licensed pursuant to this chapter may practice massage therapy on a person of any age or gender at any time.

6. Obtains or attempts to obtain a license by fraud or material misrepresentation.

7. Is declared insane by a court of competent jurisdiction and has not thereafter been lawfully declared sane.

8. Employs an unlicensed massage therapist or massage practitioner or a massage therapist or massage practitioner whose license has been suspended.

Sec. 30. 1. The board or any of its members who become aware of any ground for initiating disciplinary action against a person who is licensed pursuant to this chapter shall, and any other person who is so aware may, file a written complaint with the board.

2. The complaint must specifically:

(a) Set forth the relevant facts; and

(b) Charge one or more grounds for initiating disciplinary action.

3. As soon as practicable after the filing of the complaint, the board shall fix a date for a hearing on the matter. The date must not be later than 30 days after the complaint is filed, except that the date may be extended upon agreement of the person against whom the complaint is filed and the board.

4. The board shall:

(a) Notify the person that a complaint against him has been filed;

(b) Inform him of the date, time and place set for the hearing; and

(c) Include a copy of the complaint with the notice.

5. The notice and complaint may be served on the person by delivery to him personally or by registered or certified mail to him at his last known address.

Sec. 31. 1. The person against whom the complaint is filed:

(a) May appear in person or through the representation of legal counsel;

(b) Must be given adequate opportunity to confront any witness against him;

(c) May testify and introduce the testimony of witnesses in his behalf; and

(d) May submit arguments and briefs in person or through his counsel.

2. The board shall issue its decision within 30 days after the hearing.

3. The failure of the person charged to attend his hearing or defend himself must not delay and does not void the proceedings. The board may, for good cause shown, continue any hearing from time to time.

Sec. 32. 1. The board or any member thereof may issue subpenas for the attendance of witnesses and the production of books and papers.

2. The district court, in and for the county in which any hearing is held, may compel the attendance of witnesses, the giving of testimony and the production of books and papers as required by any subpena issued pursuant to subsection 1.

3. If any witness refuses to attend or testify or produce any books or papers required by a subpena, the board may file a petition ex parte with the district court, setting forth that:

(a) Notice has been given of the time and place for the attendance of the witness or the production of the books or papers;

(b) The witness has been subpenaed in the manner prescribed by this chapter;

(c) The witness has failed or refused to attend or produce the books or papers required by the subpena before the board in the cause or proceeding named in the subpena, or has refused to answer questions propounded to him in the course of the hearing; and

(d) The board therefore requests an order of the court compelling the witness to attend and testify or produce the books or papers before the board.

4. The court, upon such a petition, shall enter an order directing the witness to appear before the court at a time and place fixed by the court in the order, and then and there to show cause why he has not attended or testified or produced the books or papers before the board. The time may not be more than 10 days after the date of the order. A certified copy of the order must be served upon the witness.

5. If the court determines that the subpena was regularly issued by the board, the court shall thereupon enter an order that the witness appear

before the board at the time and place fixed in the order, and testify or produce the required books or papers. Failure to obey the order is a contempt of the court which issued it.

Sec. 33. Each witness who appears by order of the board is entitled to receive for his attendance the same fees and mileage allowed by law to a witness in a civil case. The amount must be paid by the party who requested the subpena. If any witness, who has not been required to attend at the request of any party, is subpenaed by the board, his fees and mileage must be paid from the money of the board.

Sec. 34. 1. The board may, in any hearing before it, cause the depositions of witnesses to be taken in the manner prescribed for depositions in civil actions in this state.

2. The district court in and for the county in which any hearing is held by the board shall, upon the application of the board, issue a commission to another state for the taking of evidence in that state for use in any proceeding before the board.

2. The order of the board may contain such other terms, provisions or conditions as the board deems proper.

Sec. 36. 1. Any records or information obtained during the course of an investigation by the board and any record of the investigation are confidential until the investigation is completed. Upon completion of the investigation the information and records are public records, only if:

(a) Disciplinary action is imposed by the board as a result of the investigation; or

(b) The person regarding whom the investigation was made submits a written request to the board asking that the information and records be made public records.

2. This section does not prohibit the board from providing any such records or information to another licensing board or any agency, including a law enforcement agency, which is investigating a person licensed pursuant to this chapter.

Sec. 37. If the board revokes or suspends a license for a specified period, the holder of the license may apply for a rehearing within 10 days after the revocation or suspension occurs.

Sec. 38. A person whose license is revoked may not apply for reinstatement of his license before 1 year after the date his license is revoked. The board may accept or reject the application and require successful completion of an examination as a condition of reinstatement.

Sec. 39. A person who is not licensed pursuant to this chapter to practice massage therapy or whose license has been suspended or revoked by the board or has expired and who uses in connection with his name the words or letters "L.M.T.," "licensed massage therapist," "licensed massage practitioner," "L.M.P.," "massage practitioner," "massage therapist" or any other letters, words or insignia indicating or implying that he is a licensed massage therapist, or who in any other way, orally, or in writing, or in print, by sign, directly or by implication, uses the word "massage" or represents himself as a licensed massage therapist, is guilty of a misdemeanor.

Sec. 40. 1. A violation of this chapter by a person unlawfully representing himself as a massage therapist may be enjoined by a district court upon petition by the board. In any such proceeding it is not necessary to show that any person is individually injured.

2. If the person is found guilty of misrepresenting himself as a massage therapist or massage practitioner, the court shall enjoin him from making such representations unless and until he has been licensed. The procedure in such a proceeding must be the same as for any other application for an injunction.

3. The remedy of an injunction is in addition to any applicable criminal prosecution and punishment.

Sec. 41. A person who makes a willfully false oath or affirmation in any case in which an oath or affirmation is required by this chapter or who obtains or attempts to obtain a license by any fraudulent representation, is guilty of a misdemeanor.

Sec. 42. 1. The board shall investigate every alleged violation of this chapter coming to its notice and shall report to the proper district attorney all cases that in the judgment of the board warrant prosecution.

2. If any person has engaged or is about to engage in any acts or practices which constitute or will constitute a violation of any provision of this chapter, the district court of any county, on application of the board, may issue an injunction or any other order restraining such conduct. Proceedings pursuant to this subsection must be governed by Rule 65 of the Nevada Rules of Civil Procedure, except that no bond or undertaking may be required in any action commenced by the board.

### MOTIONS, RESOLUTIONS AND NOTICES

By the Committee on Government Affairs:

Assembly Joint Resolution No. 25—Urging the Congress of the United States to expedite ratification of the amendments to the Tahoe Regional Planning Compact made by the State of California and adopted by the Nevada Legislature in 1987.

Assemblyman Garner moved that the resolution be referred to the Committee on Government Affairs.

Motion carried.

By Assemblymen Gibbons, Sader, Wendell Williams, Bayley, Porter, Elliott, Johnson, Gregory, Hardy, Petrak, Scherer, Anderson, Carpenter, Norton, Spriggs, Heller, Garner, Little, Giunchigliani, Myrna Williams, Marvel, Bennett, Krenzer, Kerns, Arberry, Callister, Evans, McGaughey, Bergevin, Freeman, Humke, Spitler, Goetting, Pettyjohn, Bache, Haller, McGinness, Lambert, Price, Wong, Dini and Stout:

Assembly Concurrent Resolution No. 65—Designating May 7, 1991, as "Hasty Team Day" and commending the volunteer work of the Washoe County Sheriff's Hasty Team.

WHEREAS, The Washoe County Sheriff's Hasty Team was organized in 1971 by a group of 12 persons already involved in Search and Rescue who thought there was a need to improve emergency care for victims of trauma caused by accidents; and

WHEREAS, The original 12 persons began an auto extrication team and now, 20 years later, the team has become proficient in swift-water rescue, SCUBA rescue, mine rescue and it will handle any rescue that requires specialized equipment and techniques; and

WHEREAS, Members of the Washoe County Sheriff's Hasty Team are all volunteers and, with the full support of their employers, have assisted with many traumatic rescues including the tragedy at Convict Lake in Mono County, California, in February of 1990; and

WHEREAS, Since beginning in auto extrication in 1971, the "Hasty Team" has averaged 175 calls a year, for a total of 3,325 calls over the past 20 years; and

WHEREAS, Although the "Hasty Team" receives support from the Sheriff's office for the repair and maintenance of its vehicles and equipment, the majority of financial support has come from private donations and from the generosity of service clubs; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the Sixty-sixth Session of the Nevada Legislature pays special tribute to members of the Washoe County Sheriff's Hasty Team and hereby designates May 7, 1991, as "Hasty Team Day" in Nevada; and be it further

RESOLVED, That this legislative body commends all volunteers of the Washoe County Sheriff's Hasty Team for their dedication, compassion and service to the State of Nevada; and be it further

RESOLVED, That a copy of this resolution be prepared and transmitted forthwith by the Chief Clerk of the Assembly to the Washoe County Sheriff's Hasty Team.

Assemblyman Gibbons moved the adoption of the resolution.

Remarks by Assemblyman Gibbons.

Assemblyman Bache requested that Assemblyman Gibbons' remarks be entered in the Journal.

Thank you, Mr. Speaker. To you and through you to this honorable body, I would like to take this opportunity to say that the Washoe County Hasty Team which is being honored here today was started, as you've already heard, in 1971 and this year, they are celebrating their 20th anniversary. There were originally 12 members who started this simply because they became genuinely interested in improving certain rescue type activities. They surveyed the community during the period of time when the TV show, "Emergency," was so very popular. To their surprise, there was no similar type of team effort and their interests were heightened by their desire to improve emergency care for victims of trauma caused by accidents either by automobiles or aircraft accidents.

None of the fire departments in the area did this type of response. They didn't want to. The group of 12 men decided to start their own auto extrication. They incorporated as the Washoe County Sheriff's Hasty Team and requested that Sheriff Bob Galli sponsor them.

The group remains today a totally volunteer force. They now number 36 members and two of the original members are here with us today. They are Chief Deputy Glen Vogler and Captain Ernie Jesch. Eight of the members are Deputy Sheriffs who also volunteer their time to this agency, and they commit approximately 4,000 volunteer hours each year just to training alone.

The groups response is activated by a pager system through the Sheriff's Office Dispatch Center. At first, all of the funds for this team came from private donations like the Kiwanis, the Sertomas, Lions and numerous other service clubs. Eventually, the Sheriff's Office started funding for purchase of three rescue trucks. Their contribution amounts to about $40,000 a year.

Since 1971, the team has also, as you have heard, become proficient in other specialized areas of rescue. Those include: swift-water rescue, scuba rescue and, of course, here in Nevada with the great number of mines that we have in the area, mine rescue. Also, they have a cold-water rescue and a dive rescue procedure. They have recently begun training in new areas of urban rescue since the San Francisco earthquake; high-rise rescue, building collapses and floods. They are also trained in survival skills, wilderness search-and-rescue and they are active in back country rescue efforts.

The team is known throughout the west and has been described as the best-equipped team on the West Coast. The team has responded to incidents outside of Washoe County and the State of Nevada. They played a significant role in the recovery operation resulting from the tragedy, not long ago, at Convict Lake down in Mono County, California. They operate throughout the state and they have participated in rescues in Nye County, Lyon County and even Visalia, California. Individuals within the team alternate duty on the rescue trucks. They rotate once a week to take their vehicles home from work and then back to work. The rescue trucks are available to respond 24 hours a day, seven days a week.

The most valuable benefactor the team enjoys is the support of the members and their employers. I think we have to say something about those employers who allow these members to be called to this program from their work. Without that support, of course, we would not have the availability of these members.

So, Mr. Speaker, under Order of Business 15, I would like now to introduce the members of the Washoe County Sheriff's Hasty Team. With me today are Scott Davis, to my left, and Deputy Terry Wilcox to my right. The members in the back include: Chief Deputy Glen Vogler, Captain Ernie Jesch, Lieutenant Jim Ganyon, Richard Dwyer and Mark Bell.

Resolution adopted unanimously.

Assemblyman Gibbons moved that all rules be suspended and that Assembly Concurrent Resolution No. 65 be immediately transmitted to the Senate.

Motion carried unanimously.

By Assemblymen Wendell Williams, Dini, Haller, Bache, Johnson, Krenzer, Spitler, Carpenter, Gibbons, Gregory, Hardy, Lambert, Evans, Price, Arberry, Porter, Kerns, Garner, Marvel, Stout, Elliott, Petrak, Bennett, Wong, Callister, McGaughey, Humke, Sader, Bergevin, Freeman, Spriggs, Heller, Norton, Scherer, Bayley, Anderson, Pettyjohn, McGinness, Goetting, Giunchigliani, Myrna Williams and Little:

Assembly Concurrent Resolution No. 66—Designating Tuesday, May 7, 1991, as Nevada Teachers' Day.

WHEREAS, Teachers personify America's belief that universal public education is a key to meeting the challenges of our changing world; and

WHEREAS, Teachers strive to make every classroom an exciting, productive place to learn and grow; and

WHEREAS, Teachers reach out to foster the well-being of each pupil, regardless of ability, social or economic background, race, ethnic origin or religion; and

WHEREAS, Teachers motivate individual pupils to find new directions in life and to reach high levels of achievement; and

WHEREAS, Teachers influence our lives long after our school days are only memories; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 66th session of the Nevada Legislature hereby designate Tuesday, May 7, 1991, as Nevada Teachers' Day and urge the residents of Nevada to observe this day by taking time to remember and salute the teachers who shape the future of our children and our communities across the United States; and be it further

RESOLVED, That a copy of this resolution be prepared and transmitted forthwith by the Chief Clerk of the Assembly to the Nevada State Education Association.

Assemblyman Wendell Williams moved the adoption of the resolution.

Remarks by Assemblymen Wendell Williams, Anderson, Freeman, Gibbons, Krenzer, Elliott, Price and Petrak.

Assemblyman Bache requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. I would like to take just a second to remind the members of this body that regardless of what your profession is in your real life, whether you are a rancher from Elko, an engineer from North Las Vegas, or a hot-shot attorney from Las Vegas, or the Speaker from Yerington, you are are here because sometime in your life you were affected by some teacher in a positive way. Nevada's teachers, just as America's teachers, have always stood up to the plate and stood up for the children.

We, as legislators, debate whether we are going to fund class-size or talk about segregation, what we are going to do for education from a number of ways. In the midst of all this confusion, decisions and controversy, teachers are still facing children every day. As we talk about statistics and some of the situations with children, teachers see firsthand what is going on with those children. We talk in committees about how children are sometimes abused, teachers see firsthand that every 47 seconds of a day a child is abused. We talk about poverty, teachers see firsthand that every 53 minutes a child becomes sick because he does not have enough to eat. As we deal with the homeless crises in our state, teachers see firsthand that every day 100,000 children are homeless. As we in the Education Committee talk about and try to address the dropout rate, teachers know that every eight seconds of a school day, a child actually drops out. As we deal with the violence that is now becoming more visible on our campuses, teachers know firsthand that every day 135 children bring guns to school.

So, I think it is very appropriate that we take this day to salute the people who are still standing tall even though we don't have all the answers in dealing with our children. I would urge my colleagues to adopt this resolution. Sometimes teachers have to be committed to doing some things with children that even their own families are not able to do for the children themselves. Mr. Speaker, I would encourage everybody to not take this resolution lightly but really give tribute and honor to the ones who really make a difference to the future of Nevada's children.

I would like to say that two sessions ago, when I got elected as the only teacher in this legislature, it was somewhat encouraging for education but now I am extremely proud to have four of my other colleagues here serving in these chambers who also work and understand the directions of education. I would like to really thank them for taking the challenge and coming forward also for the benefit of our children.

ASSEMBLYMAN ANDERSON:

Mr. Speaker, I rise in support of the resolution. I would be remiss not to stand and speak on my own profession. Classroom teachers, I was reminded the other evening, do the most important job. My wife, who teaches second grade, reminds me every day of the difficulties of her task when we talk on the telephone and I get to be down here and she is there grading papers. I know the difficulty of which she speaks. I know the time that she works for the children.

Mr. Williams' remarks remind us once again that although we are public servants, teachers work for children. It is children that they answer to. Every day and in every way, children come first for them. That is where their focus is. They may work for the public and be paid by the public but they work for the kids and that is the final line. Whether it is in the classroom or whether it is on the bus on the way to school, or whether it is the person in the secretarial office out front, the educational profession covers all gamuts of the school and each of them makes a child's life better.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. It gives me great pleasure to speak in favor of this resolution. If there is any group of people who are on the front lines of what is going on today, with the enormous growth that we are experiencing in our state and across the nation, and the attendant social problems as a result of the recession, and all the other things that are going on in our country, it is the teachers. I take my hat off to them.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I would like to rise in support of this resolution. You know, I can remember the time I was in school from the second grade when Mrs. Dougherty slapped the back of my wrist with a ruler for talking. Through high school and several instances there were teachers who made sure I was toeing the line. In fact, teachers are our role models and I think we owe a great deal—those of us who are parents—to say, "thank you," for teachers who take over that chore when we have been remiss and failed as parents to guide our children in the right direction.

You know, actually, the most memorable people in my life are teachers. I think other than my parents, of course, have given me the greatest direction from which I have gone. In fact, I can now blame them for everything that I am. I am an attorney, of course, and I am a politician and look what they have given me. Such a life. We do owe these teachers a great deal for what we become and we owe them even a greater deal for what they are going to give to our children and I would just like to say "thank you."

ASSEMBLYMAN KRENZER:

Thank you, Mr. Speaker. I, too, want to rise in support of this resolution and I also want to say thank you. Having raised four children in Nevada, I am truly grateful for the time and effort that the teachers in Nevada schools have given to my children. Names like Mrs. Bundren, Mrs. Christianson and Mrs. Wipple are part of our family. When the kids come home and talk about their teachers and talk about the effects on their lives, these people are truly loved by our family and I stand to say "thank you."

ASSEMBLYMAN ELLIOTT:

Thank you, Mr. Speaker. I would just like to say that throughout the United States today, education is in a state of transition and a great deal of turmoil. I think that without the teachers, the whole system would be in a great deal of trouble. People out there in the trenches are the ones that are holding it together and it will be up to us to work very hard in trying to make things work in a much more improved manner. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I, too, rise in support of A.C.R. 66. It's kind of amazing to me the bonds, relationships and memories, as the resolution indicates, that we have for those teachers in our past. My father was in construction. We traveled around the country and I tested the patience of teachers in six states and eleven schools including the District of Columbia while I was growing up and going through school. In many of those schools, I still have fond memories. As a matter of fact, one of the teachers, a music teacher in Cheyenne, Wyoming, where I graduated, also taught some of the young people that we had the opportunity to see here a few weeks ago from Cheyenne who put on that show for us. Each time I am around where I went to school, last time I was in Cheyenne, I looked up that teacher and another one. When I was in Pennsylvania last year, I looked up three teachers from school there. One thing my mother mentioned after I had gotten into politics, and when she was still with us, I do not remember the teacher but I do remember the incident. My mother was called to school because apparently, I had not been paying enough attention to my studies, etc., and she commented that the teacher said that young

Bobby, as I was called then, pays attention to everybody's business but his own. I guess I am still doing that. It may have been prophetic but I certainly have fond memories. All of my children came up through our school system in the Clark County area and are very successful and I am very happy for us to be honoring the teachers today.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. I rise in support of this resolution. For a guy that went through first grade, I don't know how many years ago, 60 some or something, and is a notch baby, I would like to say this. My teacher in the first grade, her name was Bessie I. Collins and to remember that for someone who is losing his memory is something. When you think about it, 180 days every year that our youngsters, my grandchildren and great grandchildren, will be attending school each year and they are in attendance with that teacher, how very important to the lives of those youngsters this teacher is. How important to the future of the State of Nevada the teachers are because they disseminate information, the education that is necessary to make real good people. I think very strongly about this and I think the love that parents have for the teachers is very important. I certainly support this amendment and thank you.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. Oftentimes, and I will make this very brief, when talking with students, we talk a lot about role models and we try to convince young people they need role models and adults need to be role models. We, as adults, must also view each other as role models and it is an honor for me today to present this Assembly Concurrent Resolution to one of my colleagues, the one who I can also say has worked and served as a role model not only to children but also to adults. She served as the president of the Clark County Classroom Teachers Association. She has been involved with the Governor's Commission on Educational Excellence, PTA and most recently, president of the Nevada State Education Association. If I can, I would ask my colleagues to join me in presenting this resolution to a person who is well-deserving and has done a lot for education and for children for many years, my colleague from Assembly District 9, Ms. Chris Giunchigliani.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I am very rarely at a loss for words, but thank you, very much. This resolution is not for me and as Wendell said, on behalf of the 13,000 members of the Nevada State Education Association which includes not just teachers but our support personnel, counselors, nurses, psychologists and so forth. Take a look around the room today and recognize that the person sitting next to you is not an enemy. They are here to advocate for our members and for the children. We appreciate you saying thank you to us as every state, I hope, is doing nationally, for it is National Teachers Day, but remember that as soon as there is adjournment, they will be talking with you about salaries, class-size reduction and every other factor that affects a school day. Please understand that it is an issue in advocacy and that we want to be liked as teachers as well. Thank you very, very much on behalf of the 13,000 members of the NSEA.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I think the resolution talks about how teachers may be only memories but I have one of my teachers who is not a memory because he is here every day and I am speaking about one of my favorite teachers, George Hawes. Some day I am going to ask him to grade me on how I am doing down here. Whether he has had a positive influence or not, you will have to decide that because I am the only member of this legislature who has one of his former teachers here. Today, I think it would be nice if we would recognize George with a little special applause. Thank you.

Resolution adopted unanimously.

Assemblyman Porter moved that all rules be suspended and that Assembly Concurrent Resolution No. 66 be immediately transmitted to the Senate.

Motion carried unanimously.

By the Committee on Government Affairs:

Assembly Concurrent Resolution No. 67—Demanding that the Tahoe Regional Planning Agency restrict its activities concerning casino projects.

Assemblyman Evans moved the adoption of the resolution.

Remarks by Assemblymen Evans, Anderson and Callister.

Assemblyman Haller requested that the following remarks be entered in the Journal.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. Assembly colleagues, it is is an exciting day for all of us to be surrounded by so many distinguished educators. I was one of the people who came too late to learn about the Milken Family awards. I don't think our press, our media has been doing a very good job in giving a much deserved pat on the back to these folks because the Milken awards are really quite unique. They are very different. They don't just get a certificate or a plaque or a little statue of some kind, well yes they do get a statue, but, in addition to that, the Milken awards have been called the Nobel prize of education and for a very real reason.

Not only is there a rigorous selection process but there is a cash award, not a $5 check, but a $25,000 prize, and I can't think of people in our community more deserving than our educators. When we were passing the resolution around for signatures, and I thank you all for signing, a number of people asked the question, Milken, does that have anything to do with Michael Milken, the junk bond king? Kind of a familiar name. I would like to clarify that the Milken Family Foundation was established and operating well before one member of the family, indeed, became rather famous for his stock maneuvering. So, it is indeed a great pleasure for me today to bring to you and to have all of you welcome at your desk this distinguished group of educators.

We are three years in arrears because over the last three years, each of those years, Nevada has had not one, but six recipients each year. As the resolution states, over the last eight years, the foundation has awarded over $112 million to education.

I honor not only our teachers but I thank the Milken Foundation for doing something that is long overdue to putting this wonderful profession right at the top of the list where it belongs, because in the hands or our teachers, our educators, are our children. Mr. Speaker, I hope you and others will join with me today as we pay tribute to these fine people. In the future we will try not to get three years behind so we have a shorter list. To all of the award winners, your state is indeed proud of you. Keep up the good work.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. The people represented by the Milken scholarship or awards are good friends of mine. Many of them I have had the great privilege and honor of teaching with, John Genasci, Francey Dennis and with me today, at my desk, is Fred Horlacher.

If I can under Order of Business 15, I would like to talk about Fred because I think he is indicative of the kind of things that all these award recipients do for our students. If I may, Mr. Speaker.

Fred Horlacher, first of all, has been teaching in Washoe County for 32 years. He organized the group called the Ghost Towners' Club which brings high school students, and before that middle school students, junior high school students, out to Nevada to see what real life is like. These students become involved in every day activities. In the summer time, Fred gives up his time to teach teachers about Nevada's history, often leading four or five, even six expeditions, week-long expeditions, into Nevada's hinterland so that they can see on a firsthand basis. For 24 years, he has given up his summers to do this for Nevada's teachers so that they can bring back to their classrooms what real Nevada life is about.

Fred, indeed, like many of these other recipients is an inspiration. One of the things that plagues our profession is teacher burn-out. A week with Fred Horlacher burns out burn-out.

These people, these other Milken recipients, are an inspiration to our profession. They make us reach for where they are. They are the kind of teachers we all want to be. They are the inspiration of tomorrow. Fred, like John Genasci and Francey Dennis, set the golden example for all of us to follow. Thank you, Mr. Speaker.

ASSEMBLYMAN CALLISTER:

Thank you, Mr. Speaker. I would like to rise in support of A.C.R. 68. It is my pleasure to have with me today one of the winners of the awards, Cynthia Montoya. I have been

chatting with her a little bit about it. She is from Southern Nevada and was able to develop a creative program at Ruby Thomas Elementary School, an elementary school with a significant Hispanic population, that basically allowed computerization of the library there. She is actually a librarian and I should note, the only librarian in the nation to win the Milken award. I am impressed with her and her background. Her efforts both in terms of bilingual education as well as education for the deaf at that institution.

I am particularly impressed that a librarian would win an award. If I could start my life over again, I think that is the job I would most covet, hang out with books, not people. I am impressed that we have this caliber of folks teaching in Nevada. I am impressed that we are able to win an award and I am impressed that the award is a sizeable cash award recognizing the creativity and hard work of our teachers. Additionally, she has promised to loan me 30 bucks till next Friday out of the $25,000, the real reason I am making these remarks.

Resolution adopted unanimously.

Assemblyman Evans moved that all rules be suspended and that Assembly Concurrent Resolution No. 68 be immediately transmitted to the Senate.

Motion carried unanimously.

Mr. Speaker announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Assembly in recess at 11:40 a.m.

SECOND READING AND AMENDMENT

Assembly Bill No. 320.

Bill read second time.

The following amendment was proposed by the Committee on Natural Resources, Agriculture and Mining:

Amendment No. 420.

Amend the bill as a whole by deleting sections 1 through 39 and adding new sections designated sections 1 through 24, following the enacting clause, to read as follows:

"Section 1. Title 40 of NRS is hereby amended by adding thereto a new chapter to consist of the provisions set forth as sections 2 to 9, inclusive, of this act.

Sec. 2. 1. A person who sells at retail a new tire for a vehicle shall collect from the purchaser at the time he collects the applicable sales and use taxes for the sale a fee:

(a) Of $1 per tire, if the diameter of the tire's rim is 16 inches or less.

(b) Of $2 per tire, if the diameter of the tire's rim is more than 16 inches but less than 22.1 inches.

(c) Of $5 per tire, if the diameter of the tire's rim is 22.1 inches or more.

2. The seller shall hold in trust and account for separately all money received as a deposit pursuant to subsection 1. Monthly, in accordance with the applicable regulations, the seller shall transmit 95 percent of the money held in trust to the state department of conservation and natural resources for deposit with the state treasurer for credit to the account for recycling. The remaining 5 percent and all interest and income which accrued on the money while in trust with the seller become the property of the seller on the day the balance for the month is transmitted to the department and may be retained by the seller to cover his related administrative costs.

3. The state environmental commission shall, by regulation, establish acceptable methods for:

(a) Accounting for money collected pursuant to subsection 1; and

(b) Disposing of used or waste tires.

4. A person who offers a tire for a vehicle for sale at retail shall post at the point of purchase a written notice which is at least 8 1/2 inches by 11 inches in size and contains the following information:

NOTICE

State law requires us to accept used tires for recycling when new tires are purchased from us.

5. It is unlawful for a person who offers a tire for a vehicle for retail sale to refuse to accept used or waste tires in exchange on the purchase of a new tire pursuant to subsection 1. This section does not require the purchaser of a tire to provide a used or waste tire as a condition of his purchase of a new tire. The seller shall comply with the regulations of the state environmental commission regarding the proper disposal of the used or waste tires so collected. In addition to any other applicable penalty, any person who violates the provisions of this subsection is guilty of a misdemeanor and shall be fined not less than $100 for each day of violation.

6. As used in this section, "tire for a vehicle" includes all tires for a motorized vehicle regardless of size, but does not include a recapped tire or used tire which is sold again.

Sec. 3. 1. The director of the department shall use the money in the account for recycling to:

(a) Administer the provisions of sections 3 to 9, inclusive, of this act;

(b) Provide grants to local governments to carry out the provisions of sections 6, 7 and 8 of this act, including the costs of any related capital improvement;

(c) Pay the costs incurred by the office of community services within the governor's office pursuant to section 22 of this act; and

(d) Assist in necessary programs for the management of solid waste.

2. On July 1 of each year the state treasurer shall transfer from the account for recycling the money in the account, if any, which exceeds $900,000 and deposit the excess in the state highway fund for use by the director of the department of transportation to carry out the provisions of section 20 of this act. The state treasurer shall account separately for the money so transferred.

Sec. 4. As used in sections 4 to 9, inclusive, of this act, unless the context otherwise requires:

1. "Department" means the state department of conservation and natural resources.

2. "Municipality" means a county, city, town, general improvement district or other political subdivision of this state which has jurisdiction over the management of solid waste.

Sec. 5. The director of the department shall deliver to the director of the legislative counsel bureau a biennial report on or before January 31 of each odd-numbered year for submission to the legislature on the status of current and proposed programs for recycling and reuse of materials and on any other matter relating to recycling and reuse which he deems appropriate.

Sec. 6. 1. Except as otherwise provided in this subsection, the board of county commissioners of each county whose population is 38,000 or more shall, after consultation with the governing body of each municipality within the county, prepare and adopt on or before July 1, 1992, a plan for the reduction and recycling of waste. The plan may include provisions for interlocal or regional cooperation. If a health district has been created pursuant to NRS 439.370 and the resulting district board of health has jurisdiction over the management of solid waste within the health district,

the district board of health shall, as they relate to the health district, perform the duties assigned to the board of county commissioners pursuant to this section.

2. Each plan adopted pursuant to subsection 1 must include:

(a) Provisions for the appointment of a county recycling coordinator who is responsible for coordinating all recycling activities in the county.

(b) A component which addresses the characterization of the waste and other materials which comprise the solid waste generated or disposed of within the area covered by the plan.

(c) A component which describes the types of materials which will be reduced and recycled under the plan, including appropriate measures for the recycling of materials, including glass, metal and plastic containers. The component must describe the facilities which will be necessary to carry out this component of the plan. The component must also evaluate and identify rate structures and incentives that will encourage recycling and the reduction of nonrecyclable materials. The goals for reduction must include:

(1) The reduction of at least 10 percent per capita of the total solid waste generated or disposed of within the area covered by the plan before the end of the first full year following the approval by the department of the plan; and

(2) The reduction of at least 20 percent per capita of the total solid waste generated or disposed of within the area covered by the plan before the end of the second full year following the approval by the department of the plan.

(d) A component which addresses the manner in which the municipality will require and encourage recycling as a method of reducing the amount of waste generated in the area covered by the plan. The component must describe the preferences which may be given by the municipality for the procurement of recycled products.

(e) A component which addresses the manner in which the municipality will encourage composting as a method of reducing the amount of waste generated in the area covered by the plan.

(f) A component which addresses the manner in which the municipality will provide for the proper disposal of hazardous waste which is commonly produced from domestic use in households, infectious waste, hazardous waste not regulated by NRS 459.485 and liquid waste not regulated by NRS 445.131 to 445.354, inclusive, pursuant to the plan adopted in accordance with subsection 2 of NRS 459.485.

(g) A component which addresses the manner in which the municipality will increase public awareness of and participation in programs for recycling, reusing, composting and reducing the sources of waste, in cooperation with the activities of the office of community services within the governor's office to section 22 of this act.

(h) A component which addresses the manner in which the municipality will pay for the projected costs of carrying out the plan.

(i) A component which requires the accurate projection of the amount of capacity remaining in the existing disposal sites operated for the area covered by the plan and the capacity which will be needed to accommodate

the solid waste generated within the area during the next 15 years. The component must also include an accurate projection of the effect on the capacity of those sites if the other components of the plan are carried out in a prudent manner.

3. Such a plan becomes effective upon approval by the division of environmental protection of the department.

4. Each county plan must be reviewed annually and may be modified after adoption pursuant to any procedure for modification set forth in the adopted plan as approved by the department. The plan must be reconsidered in its entirety at least once every 5 years.

Sec. 7. 1. The board of county commissioners or district board of health shall, within 6 months after the adoption and approval by the department of the plan adopted pursuant to section 6 of this act:

(a) Solicit proposals from;

(b) Review the qualifications of; and

(c) Require municipalities to enter into contracts or agreement with or enter into contracts or agreements on behalf of municipalities with,

persons providing recycling services or operating recycling centers for the collection, storage, processing and disposition of designated recyclable materials, unless these services are otherwise provided by the county or health district, an interlocal agreement, a joint operating or service contract, a private business or public recycling program. If these services are otherwise provided, the county or health district shall make use of the existing services and encourage the development of additional private sources for these services.

2. If a county or health district cannot achieve the designated recycling goals set forth in the plan, the county or district board of health may petition the department for a temporary exemption from the provisions of subsection 1 to allow the county or board to review and modify its plan in a manner which will allow it to achieve the stated goals.

3. Any exemption granted by the department must not exceed 1 year in duration.

Sec. 8. Each county or health district which adopts a plan pursuant to section 6 of this act shall establish and put into effect a recycling program in accordance with the following requirements:

1. Within 6 months after the approval by the department of the plan, each county or health district shall provide for a collection system for the recyclable materials designated in the plan as may be necessary to achieve the designated goals for reduction set forth in the plan.

2. The county, health district or municipality shall within its jurisdiction adopt an ordinance or regulation:

(a) Requiring the person holding the franchise for the collection of solid waste within the area to provide a comprehensive program for the curbside collection of recyclable materials from its customers, if those materials have been separated by the customer from his other solid waste; and

(b) Governing the placement of the recyclable materials for collection.

3. The county, health district or municipality shall, at least once every 36 months, conduct a review and make necessary revisions to the ordinance or regulation. The revisions must reflect any changes in the state and county policies and objectives concerning the reduction of waste and the collection, disposition and recycling of designated recyclable materials.

4. The county or health district shall, on or before July 1 of each year, submit a report to the department of the number of tons of material disposed of in the area covered by the plan. The report must comply with regulations adopted by the commission.

5. The county or health district, within 6 months after the effective date of the ordinance or regulation, and at least once every 6 months thereafter, shall notify all persons occupying residential, commercial and institutional premises within the area covered by the plan of the local recycling opportunities and the need to reduce the amount of waste generated.

Sec. 9. 1. The state environmental commission shall adopt regulations necessary to enforce the provisions of sections 4 to 9, inclusive, of this act.

2. The state environmental commission may adopt any other regulations necessary to carry out the provisions of sections 4 to 9, inclusive, of this act.

Sec. 10. Chapter 444 of NRS is hereby amended by adding thereto a new section to read as follows:

*1. It is unlawful willfully to:*

*(a) Dispose of, abandon or dump a motor vehicle battery, motor vehicle tire or motor oil at any site which has not been issued a permit for that purpose by the state department of conservation and natural resources;*

*(b) Dispose of, abandon or dump a motor vehicle battery, motor vehicle tire or motor oil at a sanitary landfill or other disposal site established by a municipality which has not been issued a permit for that purpose by the state department of conservation and natural resources; or*

*(c) Incinerate a motor vehicle battery or motor vehicle tire as a means of ultimate disposal, unless the incineration is approved by the department for the recovery of energy or other appropriate use.*

*2. A person who violates the provisions of subsection 1 is guilty of a misdemeanor and shall be punished by a fine of not less than $100 per violation.*

*3. The department shall establish a plan for the appropriate disposal of used or waste motor vehicle batteries, motor vehicle tires and motor oil. The plan must include the issuance of permits to approved sites or facilities for the disposal of those items by the public. The plan may include coordination with the office of community service within the governor's office for the education of the public regarding the necessity of disposing of these items properly and recycling them.*

*4. The department shall encourage the voluntary establishment of authorized sites which are open to the public for the deposit of used or waste motor vehicle batteries, motor vehicle tires and motor oil.*

Sec. 11. NRS 444.450 is hereby amended to read as follows:

444.450 As used in NRS 444.440 to 444.620, inclusive, *and section 10 of this act,* unless the context otherwise requires, the words and terms defined in NRS 444.460 to 444.500, inclusive, have the meanings ascribed to them in those sections.

Sec. 12. NRS 444.520 is hereby amended to read as follows:

444.520 *1.* The governing body of any municipality *which has an approved plan for the management of solid waste* may, by ordinance, provide for the levy and collection of *other or additional* fees and charges and require such licenses as may be appropriate and necessary to meet the requirements of NRS 444.460 to 444.610, inclusive.

*2. In addition to all other fees required or allowed, the governing body of any municipality may impose a fee on its residents and businesses for the services the municipality provides with regard to the collection, processing or disposal of solid waste. The revenue from any fee imposed pursuant to this subsection must be used in accordance with the plans and programs adopted pursuant to section 6 or 8 of this act.*

*3. The fees authorized by this section are not subject to the limit on the maximum allowable revenue from fees established pursuant to NRS 354.5989.*

Sec. 13. NRS 444.630 is hereby amended to read as follows:

444.630 1. As used in this section, "garbage" includes swill, refuse, cans, bottles, paper, vegetable matter, carcass of any dead animal, offal from any slaughter pen or butcher shop, trash or rubbish.

2. Every person who *willfully* places, deposits or dumps, or who causes to be placed, deposited or dumped, or who causes or allows to overflow, any sewage, sludge, cesspool or septic tank effluent, or accumulation of human excreta, or any garbage, in or upon any street, alley, public highway or road in common use, or upon any public park or other public property other than property designated or set aside for such a purpose by the governing body having charge thereof, or upon any private property into or upon which the public is admitted by easement, license or otherwise, is guilty of a misdemeanor [.] *and, if the convicted person agrees, he shall be sentenced to perform 10 hours of work for the benefit of the community under the conditions prescribed in NRS 176.087.*

3. Ownership of garbage does not transfer from the person who originally possessed it until it is received for transport by a person authorized to dispose of solid waste pursuant to this chapter or until it is disposed of at a municipal disposal site. Identification of the owner of any garbage which is disposed of in violation of subsection 2 creates a reasonable inference that the owner is the person who disposed of the garbage. The fact that the disposal of the garbage was not witnessed does not, in and of itself, preclude the identification of its owner.

4. All health officers, game wardens, police officers of cities and towns, sheriffs and their deputies, and other peace officers of the State of Nevada shall, within their respective jurisdictions, enforce the provisions of this section.

5. A district health officer or his deputy may issue a citation for any violation of this section which occurs within his jurisdiction.

6. To effectuate the purposes of this section, the persons charged with enforcing this section may request information from any:

(a) Agency of the state or its political subdivisions.

(b) Employer, public or private.

(c) Employee organization or trust of any kind.

(d) Financial institution or other entity which is in the business of providing credit reports.

(e) Public utility.

Each of these persons and entities, their officers and employees, shall cooperate by providing any information in their possession which may aid in the location and identification of a person believed to be in violation of subsection 2. A disclosure made in good faith pursuant to this subsection does not give rise to any action for damages for the disclosure.

Sec. 14. NRS 444.635 is hereby amended to read as follows:

444.635 1. Any person convicted of violating NRS 444.555 and, in addition to the penalty imposed in NRS 444.630 [,] *or section 10 of this act,* any person convicted of violating NRS 444.630 *or section 10 of this act* is liable for a civil penalty, upon each such conviction.

2. Every court, before whom a defendant is convicted of a violation of NRS 444.555 or 444.630 [,] *or section 10 of this act,* shall order the defendant to pay a civil penalty which is at least $250 but not more than $2,000. If so provided by the court, the penalty may be paid in installments.

3. The health authority or division of environmental protection of the state department of conservation and natural resources may attempt to collect all such penalties and installments which are in default in any manner provided by law for the enforcement of a judgment.

4. Each court which receives money under the provisions of this section shall forthwith remit the money to the division of environmental protection or, if the health authority initiated the action, the district health department which shall deposit the money with the state treasurer for credit in a separate account in the state general fund or with the county treasurer for deposit in an account for the district health department, as the case may be. Money so deposited must be used only to pay rewards pursuant to NRS 444.640 or for the management of solid waste and paid as other claims against the state or local governments are paid.

Sec. 15. NRS 332.065 is hereby amended to read as follows:

332.065 *1.* When a governing body or its authorized representative has advertised for or requested bids in letting a contract, the award [shall] *must, except as otherwise provided in subsection 2,* be made to the lowest responsive and responsible bidder. The lowest responsive and responsible bidder will be judged on the basis of price, conformance to specifications, bidders' qualifications including such bidders' past performance in such matters, quality and utility of services, supplies, materials or equipment offered and their adaptability to the required purpose and in the best interest of the public, each of such factors being considered.

*2. The governing body may give preference to recycled products if the product costs no more than 5 percent more than a comparable nonrecycled product.*

Sec. 16. Chapter 333 of NRS is hereby amended by adding thereto the provisions set forth as sections 17, 18 and 19 of this act.

Sec. 17. *As used in sections 17, 18 and 19 of this act, unless the context otherwise requires:*

*1. "Post-consumer waste" means a finished material which would normally be disposed of as a solid waste having completed its life cycle as a consumer item.*

*2. "Recycled paper product" means all paper and wood-pulp products containing in some combination at least 50 percent of its total weight:*

*(a) Post-consumer waste; and*

*(b) Secondary waste,*

*but does not include fibrous waste generated during the manufacturing process such as fibers recovered from waste water or trimmings of paper machine rolls, wood slabs, chips, sawdust or other wood residue from a manufacturing process.*

*3. "Secondary waste" means fragments of products or finished products of a manufacturing process, which has converted a virgin resource into a commodity of real economic value.*

Sec. 18. *1. The chief shall require each contractor to certify in writing, under penalty of perjury, whether the goods or products he offers contain recycled materials and specify the minimum, if not exact, percentage of post-consumer waste and of secondary waste contained therein.*

*2. The chief shall review and revise the specifications for procuring goods and products for the using agencies to eliminate discrimination against the procurement or purchase of recycled products whenever the quality of a recycled product is reasonably equal to the same product manufactured with virgin resources. Except for specifications which have been established to preserve the public health and safety, all specifications for procurement must be established in a manner which results in the maximum procurement and purchase of recycled products.*

*3. When purchasing goods and products for the using agencies, the chief shall give preference to recycled products if:*

*(a) The product meets the applicable standards;*

*(b) The product can be substituted for a comparable nonrecycled product; and*

*(c) The product costs no more than a comparable nonrecycled product.*

*4. When purchasing goods and products for the using agencies, the chief may give preference to recycled products if:*

*(a) The product meets the applicable standards;*

*(b) The product can be substituted for a comparable nonrecycled product; and*

*(c) The product costs no more than 5 percent more than a comparable nonrecycled product.*

*5. To encourage the use of post-consumer waste, the chief shall award contracts for recycled products to the bidder whose product contains the greatest percentage of post-consumer waste if the fitness, quality and price meet the applicable requirements.*

Sec. 19. *1. After consultation with the state department of conservation and natural resources, the chief shall adopt regulations governing the bidding procedure and specifications for paper and paper products purchased by the purchasing division that encourage the maximum purchase of recycled paper products. The specifications must give preference to recycled paper products manufactured with the highest percentage of recycled material.*

*2. When purchasing any paper or paper products for use by a using agency, the chief shall purchase recycled paper products if the specific recycled paper product is:*

*(a) Available at a price not more than that of paper products made from virgin material;*

*(b) Of adequate quality; and*

*(c) Available to the purchaser within a reasonable period.*

*3. When purchasing any paper or paper products for use by a using agency, the chief may purchase recycled paper products if the specific recycled paper product is:*

*(a) Available at a price not more than 10 percent higher than that of paper products made from virgin material;*

*(b) Of adequate quality; and*

*(c) Available to the purchaser within a reasonable period.*

Sec. 20. Chapter 408 of NRS is hereby amended by adding thereto a new section to read as follows:

*1. The department shall submit for approval to the board of directors, as a part of the annual work program, designated projects for the use of recycled products. The designated projects must:*

*(a) Be comprised of projects for highway construction, reconstruction, surface overlay or surface sealing for which competitive bids have been submitted; and*

*(b) Use in the surfacing mixture at least 15 percent by weight recycled asphalt or other recycled products, such as crumb rubber from tires, ash, plastics, glass or glassy aggregates.*

*2. The costs of qualifying projects so designated may be paid from the portion of the state highway fund transferred pursuant to section 3 of this act.*

Sec. 21. NRS 487.260 is hereby amended to read as follows:

WHEREAS, Approximately 70 years ago, 11 decoys of canvasback ducks, each approximately 2,000 years old, were excavated from a cave near Lovelock, Nevada; and

WHEREAS, These decoys are now in the possession of the Museum of the American Indian in New York City, New York; and

WHEREAS, The addition of one or more of these decoys to the Nevada State Museum would provide an excellent opportunity for the residents of Nevada to enjoy and appreciate the history of this region; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the Nevada Legislature urge the Museum of the American Indian to return at least one of these decoys to the State of Nevada for permanent display in the Nevada State Museum; and be it further

RESOLVED, That a copy of this resolution be prepared and transmitted forthwith by the Chief Clerk of the Assembly to the Director of the Museum of the American Indian.

Assemblyman Freeman moved the adoption of the resolution.

Remarks by Assemblymen Freeman, Spriggs, Kerns and McGinness.

Assemblyman Anderson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. As it says in the resolution, this urges the Museum of the American Indian in New York City to return to this state for permanent display one of the duck decoys that has been back there since about 70 years ago. These ducks were discovered in a cave in Lovelock, Nevada, and they are all about 2,000 years old and we would like to have at least one of them returned to the state.

I would like to tell you that up in the gallery we have about 125 students who are from Billinghurst Middle School, in northwest Reno. In March, I saw an article in the paper that a group of students had this as a project so I wrote them a letter of congratulation and they wrote me a note back asking me to make this a project for the legislature also. So, I introduced this resolution. You will find on your desk a description of what has happened. It is really a very fascinating story and I would ask you to read it. Do you want me to continue Mr. Speaker?

With me, I would like to introduce Jenney Chumrau and Erika Zunini, who are students at the school, and who go around to the various schools and give speeches on this subject. It has become a very exciting project for the school. I would ask you to approve this resolution.

ASSEMBLYMAN SPRIGGS:

Thank you, Mr. Speaker. I rise in support of the resolution. My husband and I did a lot of research on the Indian Museum in New York City and found out that two-thirds of their artifacts are not on display, they are all in storage. Recently the Smithsonian Institute bought out that Museum and they are going to make it part of the Smithsonian. I think it would be a great time right now to at least get one of the ducks back before that occurs. Thank you.

ASSEMBLYMAN KERNS:

Thank you, Mr. Chairman. I have a couple of these students here at my desk with me. On my right, I have Kimberly Welch, and on my left, I have John Sande, who is a small version of the one you see racing up and down the halls all the time. Anyway, when this first came out in the paper—as most of you might guess—it caught my eye. I got involved in this and John managed to hassle me into a little financial help on it. Of course, I am sure if anybody here felt the urge, you could probably catch one of these kids and help get one of these decoys back to the State of Nevada. It is going to be a very expensive proposition, I can guarantee you. They have all been working really hard on this and I think it's probably something that will help all of these kids in the future to find out what this real world is all about out there and how things like this can help the state and everybody.

This is a poster that I have of a bunch of these decoys. They are really beautiful decoys. They are made out of reeds and partially out of regular duck feathers. It is amazing that what the people did back in those days was so little different from what we do today. They used duck decoys to catch ducks back in those days and we still do the same thing. I just think this is a fantastic resolution and I wholeheartedly support it, and any help any of you can give these kids in getting this project on, I would really appreciate it and so would they. Thank you.

ASSEMBLYMAN MCGINNESS:

Thank you, Mr. Speaker. In the last session of the legislature, I sponsored a bill that helped keep Indian artifacts from being taken from graves. There were some very unscrupulous people that were actually robbing graves of Indian artifacts and keeping them for their personal use. I don't think what the Museum in New York has done is very far from that. I think they have taken something that has great Nevada heritage and taken it off to New York. I think returning at least one of these decoys to Nevada is the least they can do and I urge everyone's support.

Resolution adopted unanimously.

Assemblyman Freeman moved that all rules be suspended and that Assembly Concurrent Resolution No. 70 be immediately transmitted to the Senate.

Motion carried unanimously.

## MOTIONS, RESOLUTIONS AND NOTICES

By the Committee on Natural Resources, Agriculture and Mining:

Assembly Joint Resolution No. 30—Urging Congress to give Indian tribes jurisdiction over Indians who are not on the official tribal rolls.

Assemblyman Freeman moved that the resolution be referred to the Committee on Natural Resources, Agriculture and Mining.

Motion carried.

By Assemblymen Evans, Myrna Williams, Freeman, Giunchigliani, Krenzer, Lambert, Little and Spriggs:

Assembly Concurrent Resolution No. 71—Designating Monday, May 13, 1991, as "Nevada Women in Politics Day."

WHEREAS, The first two definitions provided by Webster's New World Dictionary of "politics" are "the science of government" and "political affairs"; and

WHEREAS, People do not necessarily need to be elected to a public office to be politically active; and

WHEREAS, Women have resided in Nevada and participated in building its communities since the territorial days; and

WHEREAS, Many women were politically active before they were granted the right to vote, such as Hannah K. Clapp who, in 1861, successfully persuaded the Territorial Legislature to allow her to establish the state's first private, coeducational school, and who, in 1875, was awarded the contract to construct the fence that still surrounds the State Capitol and who, in 1895, helped found the Nevada Equal Franchise Association; and

WHEREAS, Reintroduction of legislation in the Nevada Legislature and persistent lobbying by many women from 1869 to 1899 led to legislative approval in 1911 and 1913, and public approval in 1914, of an amendment to the Constitution of the State of Nevada allowing women to vote; and

WHEREAS, Women joined the Legislature almost immediately with the election of Sadie D. Hurst to the 1919 session of the Nevada Legislature, and at least one woman has served in every session of the Legislature, except three, since that time; and

WHEREAS, Women began winning statewide offices in 1916 with the election of Edna Baker to the University of Nevada Board of Regents; and

WHEREAS, Women began seeking Nevada Congressional offices in 1918 with Anne Martin's campaign for United States Senator and began winning federal offices with the election of Barbara F. Vucanovich who has represented Nevada's Congressional District No. 2 in the House of Representatives since 1983; and

WHEREAS, Numerous women have been politically active in Nevada's local governments by serving on school boards, city councils, county commissions and as local officials, such as Clara Dunham Crowell who was appointed Sheriff of Lander County in 1919; and

WHEREAS, Currently, over 170 women serve in elected state, county and local offices throughout Nevada; and

WHEREAS, Many of the women formerly and currently holding office in Nevada have gathered today in Carson City; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 66th session of the Nevada Legislature hereby designate Monday, May 13, 1991, as Nevada Women in Politics Day in recognition of the past and present women in politics in Nevada; and be it further

RESOLVED, That the residents of Nevada are hereby urged to recognize the many contributions made by women currently and historically to this state and its political subdivisions; and be it further

RESOLVED, That women in Nevada be applauded for their participation in the political life of the State of Nevada and be commended for their contributions as elected officials of this state.

Assemblyman Evans moved the adoption of the resolution.

Remarks by Assemblymen Evans, Lambert, Norton, Krenzer, Anderson, Freeman and Dini.

Assemblyman Krenzer requested that the following remarks be entered in the Journal.

ASSEMBLYMAN EVANS:

Thank you, Madam Speaker pro Tempore. Today marks a new beginning, if you will, of a tradition that started back in the early 1980's and continued through the mid 80's and then sort of went on a hiatus, a practice that was founded by then Senator Jean Ford and Senator Sue Wagner, now our Lieutenant Governor. The idea of establishing a network for elected women in Nevada was to encourage communication, friendship, sharing of knowledge and information, and of course, in those days, there weren't very many elected women.

Our numbers have grown steadily over time and as the resolution pointed out, we now have in excess of 170 women in elected offices. We also have, of course, with us today, the tribal officials who are also part of the elected network. The purpose of getting together, as I said, is primarily one of sharing of information. We hope that there will be better understanding that can be engendered between state and local officials. I hope that we will all be the better for that. I will make an announcement later regarding other activities today. Thank you, Madam Speaker.

ASSEMBLYMAN LAMBERT:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution. I think it is very appropriate that we have a "Nevada Women in Politics Day," today, and I welcome all the women that are here attending. The women got a later start in this business than most people. We have only had the vote for less than 80 years. Since there are a whole lot of women out there in Nevada that need representation in government, I think we should be very grateful that there are many of us here serving and we should thank all the ladies that came today to visit us.

ASSEMBLYMAN NORTON:

Thank you, Madam Speaker pro Tempore. I rise in support of A.C.R. 71. I think it is very timely and I welcome the women here.

ASSEMBLYMAN KRENZER:

Thank you, Madam Speaker pro Tempore. To you, and through you to Mr. Norton, men have been having a caucus in Nevada for 80 years before we even got here and got the right to vote. I rise in support of this resolution.

In my district, walking door to door, one gentleman asked me why I wasn't home, "barefoot and pregnant." I told him, "Obviously the sun was going down, it was late in the evening." Another gentleman told me, "I don't vote for Democrats and I don't vote for women." So it is interesting the comments we get walking door-to-door as a female in this arena.

I rise in support because I am grateful to those who did take the challenge early on when there weren't even eight of us in the Assembly. I am grateful to them and their pioneering efforts on our behalf. I also want to comment that we are roughly 50 percent female in Nevada and we are represented by less than 20 percent female in this body. I do support them and thank them all for their service and support of this resolution.

ASSEMBLYMAN ANDERSON:

Thank you, Madam Speaker pro Tempore. I rise in support, Madam Speaker, of A.C.R. 71. I note, quite simply, that although the real leaders of our Assembly, who are women are here on the floor, the people who are behind the blue ropes are, indeed, the people who have the greatest effect on what we do every day. The number of lobbyists and the causes they represent are those that are nearest and dearest to me, education and welfare. Those are the things that make this system really work. Now those are real systems and they are real women doing the real hard job of politics. I salute them and I think A.C.R. 71 doesn't go far enough to recognize them.

ASSEMBLYMAN FREEMAN:

Thank you, Madam Speaker pro Tempore. I, also, rise in support of this resolution. Several of the previous speakers have mentioned women just getting to vote in 1921. I remember that when I was a girl growing up, eons ago, in Idaho, my mother served on the school board and that was considered pretty radical at that time for a woman who would be presumptuous enough to think that she could actually do that job. I remember that she probably was the only elected woman official in the county and I know that the women who we see sitting up in the gallery represent city councils, school boards, and water districts. Women are in all areas of government now. I salute you.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I rise in support of the resolution. Contrary to public opinion, I was not here when women were granted suffrage. If I had been here, I would have voted for it. I want to commend my supporting team that I have in this body, the ladies that serve with me and the responsible positions that they have assumed. I have three women chairmen, my pro Tempore is a female, and we have Mrs. Evans, the Assistant Majority Leader. I think this is part of a good team and I am especially proud of all those ladies who serve so well in this house. I congratulate each and every one of you.

ASSEMBLYMAN EVANS:

Thank you, Madam Speaker pro Tempore. Order of Business 15. Yes, one of the things I neglected to emphasize since women are very inclusive in the work that they do, it is not only a matter of the women who are present office holders but we would like to draw upon the strength, knowledge and experience of previous office holders. So they are included in this group. We have much to learn from them.

Resolution adopted unanimously.

Assemblyman Evans moved that all rules be suspended and that Assembly Concurrent Resolution No. 71 be immediately transmitted to the Senate.

Motion carried unanimously.

Madam Speaker pro Tempore announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Assembly in recess at 11:29 a.m.

1. In cases of total disability adjudged to be permanent, compensation per month of 66⅔ percent of the average monthly wage. *The compensation is subject to an annual adjustment for increases in the cost of living. The adjustment in compensation for the fiscal year in which the compensation is payable is the initial annual rate of compensation multiplied by the percentage change in the Consumer Price Index. The annual rate of change applied as an adjustment must not exceed 5 percent. The adjustment must be applied to the compensation, as adjusted, paid during the previous calendar year. The rate of change in the Consumer Price Index must be determined by the director and reported to the insurer on or before June 30 for the preceding calendar year. On or before July 31 of each year, the director shall publish the amount of the cost of living adjustment that becomes effective January 1 of the following year. If an injured employee who receives compensation pursuant to this section also receives benefits from federal social security disability insurance, the adjusted annual compensation must be reduced to the extent necessary to avoid a diminution of the federal social security disability benefits. When federal social security disability insurance benefits do not impose a diminution in the payment of the adjustment in compensation, payments must be made to the full extent permitted by this subsection.*

2. Where there is a previous disability, as the loss of one eye, one hand, one foot or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

3. In cases of permanent total disability, if the character of the injury is such as to render the workman so physically helpless as to require the service of a constant attendant, an additional allowance may be made so long as such requirements continue, but the allowance may not be made while the workman is receiving benefits for care in a hospital or facility for intermediate care pursuant to the provisions of NRS 616.410 and 616.415.".

Assembly called to order at 10:48 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, The Reverend Al Tilstra.

Our Father, as we seek Your blessing, remind us that we cannot deceive ourselves. We dare not devise our own plans and draft our own schemes and then have the nerve to ask You to bless them, for we know that there are some things that You cannot and will not bless. And unless Your blessing accompanies what we do here, we waste our time. So guide us in what we propose so that You can bless us in what we produce. Through Your mighty name we pray. AMEN.

Pledge of allegiance to the Flag.

### REMARKS FROM THE FLOOR

Assemblyman Porter requested that the following remarks be entered in the Journal.

MR. ROBERT S. TURNER, *National Commander of the American Legion:*

Thank you, very much, Lieutenant Governor Wagner; Speaker of the Assembly, Joe Dini; President pro Tempore, Joseph Neal and distinguished members of the Nevada Legislature and ladies and gentlemen. I am certainly honored by your invitation to talk to you today. I am well aware of your busy schedule as you go about doing the business of the great State of Nevada. So, I am grateful for this opportunity to share some thoughts with you this morning.

As I travel across this wonderful land of ours visiting American Legion Posts in cities and towns everywhere, I am tremendously struck by the great surge of patriotism and pride in America that is so evident these days. Everywhere I go, I see American flags, red, white and blue banners and yellow ribbons flying from lamp posts and store fronts and homes on every street.

Americans have been waiting a long time for a chance to, once again, show their patriotism and pride in our nation. Finally, it took the magnificent job of some brave men and women who served so gallantly and so well in Operation Desert Storm and the Persian Gulf to do it. We are all very proud of our country and we are also very proud of our leaders—the President, Secretary of Defense Cheney, Generals Powell and Schwarzkopf, and all those who acted so strongly and decisively to stop aggression, to restore freedom in a defenseless country and once again show the world that America and the American flag, stands for what is right. We are also proud of one of your own, State Assemblyman and Lieutenant Colonel Jim Gibbons, who took part in Operation Desert Storm. Jim, we thank you for the contribution that you made to the war effort and we welcome you home again.

I believe that we can safely say that no one, except a few misguided ones, would dare burn an American flag today, especially in front of the brave men and women who served in Desert Storm. Here I want to congratulate you and to thank you, the members of the Nevada State Legislature for your swift and forthright action in becoming the first state in this country, in 1991, to pass that "Memorializing Resolution" asking the United States Congress to pass a bill for a constitutional amendment to protect the American flag from physical desecration. On behalf of the National American Legion Organization, I thank you.

I am told that soon after you convened in January, such a resolution was introduced and passed unanimously by both houses in short order. Your current session was barely two weeks old when the Governor signed the bill in a ceremony here on the Capitol grounds, complete with a military flyover and an enthusiastic crowd of Legionnaires and good Americans.

Please permit me to recognize some of the members of the American Legion and your own body who worked so hard to achieve this goal. The Nevada American Legion, "Save Our Flag," project was organized and guided by Department Commander Dale Salmen, and a committee made up of the National Executive Committeemen: Archie Pozzi, a former colleague of yours here in the Chamber; Eureka County District Attorney William

Schaeffer; Clark County State Senator Bob Coffin; Geraldine Connolly from North Las Vegas; and also the Secretary Treasurer of the Nevada American Legion Auxiliary. They did a tremendous job in organizing and informing Legion Posts and auxiliary units all over the state, collecting over 5,000 signatures on petitions, getting excellent publicity, working with "KICK Radio" in Reno on that project to wrap a 25-mile-long yellow ribbon around the town, and especially meeting and contacting all of you legislators to let you know how Nevadans and certainly how all Americans feel about our flag.

As I told our State Commander Salmen in a recent letter that I wrote to him, the Nevada Department of the American Legion has done an outstanding job in setting the example for our organization in its nationwide campaign to protect the United States flag. So far, I understand that there are ten states that have passed the resolution this year. Combined with those which carry over from the last couple of years, that makes 15 states which have now cleared the resolution. Eleven others have moved a resolution through at least one chamber. Remember, of course, that we need 38 states to memorialize Congress to pass an amendment proposal and 38 states to ratify.

Once again, I congratulate the Nevada Legislature for being first in the nation to lead the way in telling Congress to do the right thing and to permit the people themselves to ratify an amendment as the Constitution, itself, prescribes. On behalf of the American Legion of the State of Nevada, I am pleased this morning to present a plaque to this Assembly to show our appreciation and I want to read it. It says, "In appreciation to the Nevada Legislature. Number one among the 50 states in passing a resolution (Senate Joint Resolution 5) protecting 'Old Glory' from desecration. Congratulations and heartfelt thanks from The American Legion," and signed by myself and "Presented to the Nevada Legislature in Joint Session in Carson City, Nevada, May 14, 1991."

A few moments ago, I talked about that wave of patriotism and pride that is sweeping our country and how it is due to the actions of the brave men and women who served in the Persian Gulf. We are all so prayerfully thankful that the hostilities were brought to such a swift conclusion and with such relatively few casualties. Two hundred and sixty-three Americans died in Operation Desert Storm—145 of them in combat. Included were brave women as well as men. No one, especially those who have fought, wants war or the tragic loss of life that war brings. As General Schwarzkopf said, "Even one soldier's life is one too many." But now the entire country is anxious to welcome the troops home and let them know that a proud and grateful nation appreciates what they have done. There are many of those "Welcome Home" ceremonies and celebrations already taking place. As I travel about the country, I continue to encourage Legion Posts to be in the forefront of those local celebrations in their own cities and towns across America during the 21-day "Honor America" period which falls between Flag Day and Independence Day on July 4th.

The American Legion is proud to have a leadership role in conceiving, planning and organizing the official national victory celebration to show our pride in the outstanding service given to this country and to the cause of freedom by the young men and women who served in Operation Desert Storm. But while we welcome these troops home, we veterans know only too well the problems they face as they return to civilian life and the readjustment and rehabilitation that is necessary.

As the largest organization of wartime veterans, almost 3.1 million strong, the American Legion is ready to face the job that we were created to do—to make sure that this newest generation of wartime veterans receives the care and benefits that they so truly deserve, just as their fathers and grandfathers who fought for this country before them.

Two weeks ago, I announced that the American Legion National Executive Committee had approved a resolution calling for a new G.I. bill for Desert Storm veterans. The proposed legislation would more than double the amount of benefits that veterans now receive for education and training after they leave the military.

Our proposal calls for a monthly education payment to veterans of $777. This amount is about 90 percent of the average educational costs at state-supported colleges. Under the

current Montgomery G.I. bill, payments are $350 a month. That's only about 42 percent of the average cost of an education at a state university according to the Congressional Research Service. That's just about what the veterans received 20 years ago, after Vietnam. But there is another major difference. Today's veterans must contribute up to $1,200 in order to participate in the program. We think the requirement for a contribution is certainly immoral. Three generations of wartime veterans received upwards of 100 percent of their education paid for. They didn't have to contribute one dime to that. What they contributed was their loyal service to a grateful nation.

To make this new generation of veterans pay for less than one-half of what their fathers and grandfathers got, certainly cannot be defended. If the nation is willing to pay more than $1 billion per day to fight a war, the least it can do is provide less than a week's worth of that amount to educate and train the veterans who risked everything for the cause.

Some of you in this Chamber may have gone to college or received training under the original G.I. bill, but did you know that the American Legion was the prime author and mover of the G.I. Bill of Rights back in 1944? Oh, yes, the legislation was controversial. We had a fight on our hands to get it through. It took us more than just one session, but the merits of the argument won as they subsequently did in the Korean and Vietnam eras. As a result, many deserving Americans were afforded an education not otherwise available to them and the proof was clear. The cost of educating the veterans of those conflicts has been more than repaid through increased income taxes paid by these successful citizens. Congress and the Department of Veterans' Affairs estimate that the investment has been returned twenty-fold.

As wartime veterans, these returning Desert Storm troops will soon be eligible to belong to the American Legion, the world's largest and fastest growing veterans' organization. As you may know, that is the only requirement for membership in the American Legion—that one served honorably on active duty during a period of wartime.

I ask that you would please help us to let all those new veterans know that there is already a resolution in process to ask Congress to permit the Legion to enroll anyone who served on active duty during the Desert Storm period beginning on August 2, 1990. The government will determine the closing date of that period. I feel certain that Congress will amend our Charter and give the American Legion that opportunity. Just last year, the Legion opened its membership to those who served during the conflicts in Lebanon, Grenada and Panama. Some who served then most probably served in Desert Storm. We appreciate these new veterans and the American Organization is a growing organization. Now with over three million members, we are at a 42-year high in membership and we'll be happy to start signing up the newest eligibles real soon.

Of course, some troops will have to remain overseas for some time and will need the support of their families here at home and that does not mean simply that the war is over. Last fall, as the military build-up and deployment for Desert Storm began, thousands of National Guardsmen and Reservists were called to active duty. They and regular military units were deployed to the Persian Gulf or to bases elsewhere, all over the world. That meant separation from home and families and that meant problems that would be hard to cope with. Who knows better than veterans what this is all about.

Last October, we made it possible for any military family member to dial a nationwide toll-free telephone number, 1-800-786-0901, and within 48 hours a member of the American Legion or the American Legion Auxiliary who lived in the vicinity or nearby to this family would call and give a neighborly helping hand. This would entitle the families to the support network of the American Legion, the only nationwide system to assist families of military personnel deployed due to Operation Desert Storm. Since it began on October 11 of last year, our family support "Help Line" has received over 30,000 telephone calls. As I said, there is still a need for the family support family network and it will remain in operation even after the troops come back and start getting readjusted.

Beginning with the day that America drew the line in the sand, the American Legion has stood by our Armed Forces and supported their efforts in the Gulf. While they were there for us, we were here for their families and we will be here when all of them come home.

The new influx of veterans as well as the growing population of aging veterans, is going to be a big impact on the VA medical system. As a matter of fact, it already is. Nevada's VA facilities cannot afford any further cutbacks in staff or equipment for veterans' health care, and neither can any other state in the nation. That's why the American Legion has and will continue to be in the forefront of the battle for adequate funding for the Department of Veterans' Affairs. Allow me to pose a question to you. What if Nevada did not have the two VA facilities? Where would the 147,000 veterans in this state go to get their health care and who would pay for it?

In fiscal year 1990, just a single year, a total of over $146 million came into Nevada for veterans' health care, facilities and compensation and pension payments. Those are federal tax dollars, a portion of which you people in Nevada pay. But look at the payback on those tax dollars in terms of money that is put into the state's economy due to veterans' benefits. We believe that it is a smart investment.

Earlier, I spoke to you about the great surge of patriotism that is enveloping the country, the reawakening of the American spirit and pride in the nation and its institutions. The evidence is abundantly clear, the universal display of the American Flag on every lamp post, home, office, school and factory all across this land. I can assure you that when our troops carefully waded through the mine fields in Kuwait, when they dodged the artillery shells in northern Saudi Arabia, and when they charged curtains of bullets in Iraq, they weren't led by the desire to see their national flag turned into a smoldering pile of ashes. Two hundred and sixty-three Americans did not travel 10,000 miles, far from their homes and loved ones, so that others would have the political right to burn the flag that draped their coffins when they returned home.

When I visited Saudi Arabia last year on the eve of the war, I saw the flag waving over many desert outposts. I talked to troops who proudly wore the flag patches on their uniforms. There was no lack of clarity in how they felt about the red, white and blue. They loved that flag and all that it meant to them. Like Americans who served before them, it was the flag that represented all that they had pledged to fight for and to defend.

The best way I can think of to welcome home our troops and to show them how proud we are is to win this fight to protect the flag that they fought for. You, in the Nevada Legislature, have led the way in that. Let's show them that it is no longer unpopular to be patriotic. Let's demonstrate that our willingness to support them and all veterans is not stifled by some guilt from an unpopular war two decades ago. It is as if a great burden has been removed from our consciences. The spirit and patriotism were always there.

Thanks to the gallant young men and women of Desert Storm, who stood tall for their country, we can hold our heads up high once again. When we sing the "Star Spangled Banner" and "God Bless America," it's okay now to get a lump in our throat. Once again, we can fly our American flag high and proud for we are, indeed, proud to be Americans. I thank you all so very much for your time and what you have done for this great country of ours. Thank you.

Assemblyman Spitler requested that Assemblyman Goetting's remarks be entered in the Journal.

Thank you, Mr. Speaker. I have as my guest today Mr. William Petracek, almost Petrak but not quite, and Mr. Rob Richardson. Both are paramedics with Mercy Ambulance in Las Vegas and appear today as a reminder that the week, May 12-18, is Emergency Medical Services (EMS) Week.

Emergency Medical Services Week is a week set aside to honor the men and women of emergency medicine who forsake their comfort and safety to aid the life of a stranger. This includes EMT's, paramedics, Emergency Room nurses and physicians.

The national EMS week observance is sponsored by the American College of Emergency Physicians to promote health, safety and the advances of emergency medicine. Emergency medicine was recognized as the 23rd medical specialty in 1979, and is the practice of evaluating, stabilizing and treating life and limb-threatening illnesses and injuries.

## MOTIONS, RESOLUTIONS AND NOTICES

Assemblyman Porter moved that Assembly Bill No. 410 be taken from its position on the General File and placed at the bottom of the General File.

Remarks by Assemblyman Porter.

Motion carried.

GENERAL FILE AND THIRD READING

Assembly Bill No. 245.

Bill read third time.

Remarks by Assemblymen Wendell Williams and Petrak.

Assemblyman Arberry requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. Assembly Bill 245 requires each agency which employs a peace officer and which authorizes choke holds, to adopt regulations that address the use of the hold, the maintenance of training and certification records and the consequences of unauthorized or uncertified use. The Peace Officers Standards Training Committee is required to adopt regulations on minimum training and testing requirements and on the agency compliance procedures. The committee is directed to require annual training and recertification for authorized users of the choke hold. Mr. Speaker, Order of Business Number 15.

Thank you, Mr. Speaker. I would like to first thank the chairman of the Judiciary Committee, as well as the members of that committee for their understanding as well as their understanding of the sensitivity of this issue. This bill was introduced back in January and we debated this issue back and forth and the committee has been very understanding on this particular issue. I appreciate the total indulgence of their attention in addressing this matter which has come to be a very complex issue. Clearly, I understand that law enforcement officers are sometimes confronted with situations where they require the use of control to carry out an arrest. However, the definition of the word "hold" means to grasp and to restrain, and the definition of "choke" is to deprive the power of breathing by stopping the passage of one's breath to his lungs or to his brain. I would submit that there is a distinct difference between holding a person and choking a person. It is my belief that you can't do both. Either you are going to restrain a person or you are going to choke them to death and cut off their air supply. When a peace officer applies a choke hold, the question comes, "What is he really attempting to do?" Are they trying to actually choke him or are they trying to hold him? Unfortunately, we've found that in too many cases we've ended up with a peace officer actually holding a dead person. The question is, "Is not a man's life worth the same whether he is in a uniform or whether he is not in a uniform?" With all the revenue and tax dollars that we've given to law enforcement, have we not advanced as a society to where we do not have to choke a person and remove the life out of his body just to restrain him?

As you see in the amendment, in Section 2, Subsection 3, we are actually supposed to be holding a person and restraining a person and not killing people. Most police departments recognize a ladder of escalating force that usually runs from six basic steps. They start off with verbal commands and run down to deadly force. If the choke hold is used to restrain a person, why is it not listed under restraints, which is usually number 3 on that ladder of force? Why is it under injurious weapons? I would submit that the choke hold is actually deadly force. In fact, most police departments instruct their officers that the use of the choke hold should be the last means prior to the application of deadly force.

In this country, today, we find that there are so many problems with police and community relations that the United States Attorney General has now ordered a nationwide review of police misconduct cases reported to the Justice Department in the number of 15,000 cases which would make one wonder with a tactic like the choke hold, which is not authorized by most police departments, why law enforcement would be fighting and defending their right to use it. I would submit also that when someone wraps his arm around your neck and threatens your air supply that goes to your brain or to your lungs, there is absolutely no difference than someone wrapping their arm around your neck and placing a gun to your head.

My original intent was to ban its use because there are a number of problems that have not been proved and a number of problems which have not even been identified and resolved by the top medical professionals throughout this country. The reasons very briefly, I would list. Some individuals suffer from pre-existing respiratory problems that

can result in serious medical problems with being choked. There is no way an officer can know that these people have those problems before he chokes them. Some individuals suffer from pre-existing heart conditions that can result in heart failure upon being choked. Choke holds, if applied improperly, have caused death and paralysis. They have caused permanent, abnormal brain waves for many people who have been choked and even lived. Due to the dynamics of aggressive struggle, there is no way that an officer can correctly hold a person's neck and really monitor how much pressure is actually being placed on it. As a matter of fact, the Supreme Court recently ruled that any arrestee, any person who has been arrested, has a right to give some resistance. It is difficult for an officer to monitor and at the same time control the amount of pressure on the neck.

In several instances, unexplained deaths have followed, supposedly, the proper use of a choke hold. This phenomenon, known as death syndrome is not fully understood by research. In Reno, in 1987, a person died while being choked by a police officer. As we saw last week, the mother of that person was awarded $150,000 in the settlement. An interesting point about that situation is that particular person's body was sent to Idaho for an autopsy and when the body came back, the throat was missing, and to this day no one knows where that throat is.

In Las Vegas, the Metropolitan Police Department reported to the Judiciary Committee that they stopped the authorization of the choke hold over 15 years ago. They also reported that very few of their officers even know how to properly use the choke hold. Still they use it and still people have died from it. The most interesting factor is none of these people were taught how to use it in the Academy.

Mr. Speaker, based on the information available, it is obvious with issues like this, which are normally addressed within jurisdictions and local entities, that we must at least address this issue that is hanging out there, that nobody wants to teach, nobody wants to train, nobody wants to back up the use but are still instructing their officers to use it. It is un-American for a police officer to squeeze his arm around someone's neck, thus becoming at that moment, the judge, the jury, the prosecutor, and in too many cases, the executioner. To arrest a person is to charge a person, to find out if he is guilty or innocent, not for an individual officer to decide to be a judge and be a jury and in many cases be the executioner. Quite simply, Mr. Speaker, what was a rope, I guess in 1891, has translated into the choke hold in 1991.

We, as legislators, are commissioned to represent the will and interests of the people, not the will of special interests. We cannot, in the best interest of the people of the state, continue to grant a nonrestricted license to kill. It is not in our best interest. I would submit, in the spirit, I guess, they call compromise, that we pass this bill and at least attempt to begin to address this atrocity. Until we find out from medical professionals how detrimental this is to people—because everyone's body and systems are different—and what effect this really has on people, we really should ban it. But, we need to pass this bill because we cannot allow what has happened during the past 15 to 25 years to continue to happen where law enforcement agencies have not authorized the use, do not teach it to their officers, but allow them to use it and then come back and defend them after they have killed someone or harmed someone. Mr. Speaker, all things that are political may not be right, but I would suggest that all things that are right will someday be political, and that day will come. This is simply the first step until we get to that day. Thank you.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in the Assembly, I rise in support of A.B. 245, as amended. As you see in the amendment, it's going to take effect July 1 of this year. For the benefit of the Assembly, in the past 16 years, there hasn't been any regulation, training or information of any kind for new recruits coming into the Clark County police department. I think that information as to the danger of this procedure, the use of it, should be made available to these folks who are wearing the badge and protecting us and would add to their professional position. I am certainly in support of this legislation. Thank you.

If the offender does not have the financial resources to pay all of those charges, the court shall ensure that the offender obtains his treatment from a treatment facility that receives a sufficient amount of federal or state money to offset the remainder of the charges.*

*3. A treatment facility is not liable for any damages to person or property caused by a person who drives while under the influence of intoxicating liquor or a controlled substance after the treatment facility has certified to his successful completion of a program of treatment ordered pursuant to paragraph (b) of subsection 1 of NRS 484.3792.*

Sec. 5. NRS 484.3792 is hereby amended to read as follows:

484.3792 1. Any person who violates the provisions of NRS 484.379:

(a) For the first offense within 7 years, is guilty of a misdemeanor. Unless he is allowed to undergo treatment as provided in NRS 484.3794, the court shall:

(1) Except as otherwise provided in subsection 6, order him to pay tuition for an educational course on the abuse of alcohol and controlled substances approved by the department and complete the course within the time specified in the order, and the court shall notify the department if he fails to complete the course within the specified time;

(2) Unless the sentence is reduced pursuant to NRS 484.3794, sentence him to imprisonment for not less than 2 days nor more than 6 months in jail, or to perform 48 hours of work for the community while dressed in distinctive garb which identifies him as having violated the provisions of NRS 484.379; and

(3) Fine him not less than $200 nor more than $1,000.

[The teacher of the educational course shall evaluate the offender and, if he finds the offender is an abuser of alcohol or controlled substances, he shall promptly report his findings to the court for its use.]

(b) For a second offense within 7 years, is guilty of a misdemeanor. [Unless the sentence is reduced pursuant to NRS 484.3794, the court shall sentence him to imprisonment] *The court shall:*

*(1) Sentence him to:*

*(I) Imprisonment* for not less than 10 days nor more than 6 months in jail *;*

*(II) Residential confinement for not less than 10 days nor more than 6 months, in the manner provided in NRS 4.376 to 4.3768, inclusive, or 5.0755 to 5.079, inclusive; or*

*(III) A program of treatment for the abuse of alcohol or drugs pursuant to the provisions of section 4 of this act;* and [fine]

*(2) Fine* him not less than $500 nor more than $1,000.

*A person who willfully fails or refuses to complete successfully a term of residential confinement or a program of treatment ordered pursuant to this paragraph is guilty of a misdemeanor.*

(c) For a third or subsequent offense within 7 years, shall be punished by imprisonment in the state prison for not less than 1 year nor more than 6 years and must be further punished by a fine of not less than $2,000 nor more than $5,000. An offender so imprisoned must, insofar as practicable, be segregated from offenders whose crimes were violent and, insofar as practicable, be assigned to an institution or facility of minimum security.

2. Any offense which occurred within 7 years immediately preceding the date of the principal offense or after the principal offense constitutes a prior offense for the purposes of this section when evidenced by a conviction, without regard to the sequence of the offenses and convictions. The facts concerning a prior offense must be alleged in the complaint, indictment or information, must not be read to the jury or proved at trial but must be

proved at the time of sentencing and, if the principal offense is alleged to be a felony, must also be shown at the preliminary examination or presented to the grand jury.

3. No person convicted of violating the provisions of NRS 484.379 may be released on probation, and no sentence imposed for violating those provisions may be suspended except, as provided in NRS 4.373, 5.055 and 484.3794, that portion of the sentence imposed that exceeds the mandatory minimum. No prosecuting attorney may dismiss a charge of violating the provisions of NRS 484.379 in exchange for a plea of guilty or nolo contendere to a lesser charge or for any other reason unless he knows or it is obvious that the charge is not supported by probable cause or cannot be proved at the time of trial.

4. Any term of [confinement] *imprisonment* imposed under the provisions of this section may be served intermittently at the discretion of the judge or justice of the peace, except that a person who is convicted of a second or subsequent offense within 7 years must be confined for at least one segment of not less than 48 consecutive hours. This discretion must be exercised after considering all the circumstances surrounding the offense, and the family and employment of the offender, but any sentence of 30 days or less must be served within 6 months after the date of conviction or, if the offender was sentenced pursuant to NRS 484.3794 and the suspension of his sentence was revoked, within 6 months after the date of revocation. Any time for which the offender is confined must consist of not less than 24 consecutive hours.

5. Jail sentences simultaneously imposed under this section and NRS 483.560 or 485.330 must run consecutively.

6. If the person who violated the provisions of NRS 484.379 possesses a driver's license issued by a state other than Nevada and does not reside in Nevada, in carrying out the provisions of subparagraph (1) of paragraph (a) of subsection 1, the court shall:

(a) Order the person to pay tuition for and submit evidence of completion of an educational course on the abuse of alcohol and controlled substances approved by a governmental agency of the state of his residence within the time specified in the order; or

(b) Order him to complete an educational course by correspondence on the abuse of alcohol and controlled substances approved by the department within the time specified in the order,

and the court shall notify the department if the person fails to complete the assigned course within the specified time.

7. As used in this section, unless the context otherwise requires, "offense" means a violation of NRS 484.379 or 484.3795 or homicide resulting from the driving of a vehicle while under the influence of intoxicating liquor or a controlled substance, or the violation of a law of any other jurisdiction which prohibits the same or similar conduct.

Sec. 6. NRS 484.3794 is hereby amended to read as follows:

484.3794 1. A person who is found guilty of a first [or second] violation of NRS 484.379 within 7 years may, at that time or any time until he is sentenced, apply to the court to undergo a program of treatment for alcoholism or drug abuse for at least 1 year if:

(a) He is classified as an alcoholic or abuser of drugs by a:

(1) Counselor certified to make that classification by the bureau of alcohol and drug abuse of the rehabilitation division of the department of human resources; or

(2) Physician certified to make that classification by the board of medical examiners;

(b) He agrees to pay the costs of the treatment; and

(c) He has served or will serve a term of imprisonment in jail of [:

(1) One] *one* day, or has performed or will perform 24 hours of work for the community . [, if it is his first offense within 7 years; or

(2) Five days if it is his second offense within 7 years.]

2. A prosecuting attorney may, within 10 days after receiving notice of an application for treatment pursuant to this section, request a hearing on the matter. The court shall order a hearing on the application if the prosecuting attorney requests it or may order a hearing on its own motion.

3. At the hearing on the application for treatment the prosecuting attorney may present the court with any relevant evidence on the matter. If a hearing is not held, the court shall decide the matter upon affidavits and other information before it.

4. In granting an application for treatment the court shall:

(a) Immediately sentence the offender and enter judgment accordingly.

(b) Suspend the sentence for not more than 3 years upon the condition that the offender be accepted for treatment by a *treatment* facility , [approved by the state,] that he complete the treatment satisfactorily and that he comply with any other condition ordered by the court.

(c) Advise the offender that:

(1) If he is accepted for treatment by such a facility, he may be placed under the supervision of the facility for a period not to exceed 3 years and during treatment he may be confined in an institution or, at the discretion of the facility, released for treatment or supervised aftercare in the community.

(2) If he is not accepted for treatment by such a facility or fails to complete the treatment satisfactorily, he shall serve the sentence imposed by the court. Any sentence of imprisonment must be reduced by a time equal to that which he served before beginning treatment.

(3) If he completes the treatment satisfactorily, his sentence will be reduced to a term of imprisonment which is no longer than that provided for the offense in paragraph (c) of subsection 1 and a fine of not more than the minimum provided for the offense in NRS 484.3792, but the conviction remains on his record of criminal history.

5. The court shall administer the program of treatment pursuant to the procedures provided in NRS 458.320 and 458.330, except that the court:

(a) Shall not defer the sentence, set aside the conviction or impose conditions upon the election of treatment not provided in this section.

(b) May immediately revoke the suspension of sentence for a violation of any condition of the suspension.

6. The court shall notify the department, on a form approved by the department, upon granting the offender's application for treatment and his failure to be accepted for or complete treatment.

Sec. 7. NRS 484.3943 is hereby amended to read as follows:

484.3943 1. Except as otherwise provided in subsection 5, a court may require any person convicted of driving under the influence of intoxicating liquor in violation of NRS 484.379 or 484.3795, who has served the term of [imprisonment] *confinement* imposed upon him or has had his sentence suspended pursuant to NRS 4.373 and 5.055 after serving the mandatory minimum sentence, to install at his own expense a device in any motor vehicle which he owns or operates:

(a) As a condition of reinstatement of his driving privilege;

(b) As a condition of the suspension of his sentence; or

(c) As a condition of the suspension of his sentence and reinstatement of his driving privilege.

2. Upon imposing such a requirement, the court shall immediately prepare and transmit a copy of its order to the director. The order must include a statement that a device is required and the specific period for which it is required. The director shall cause this information to be incorporated into the records of the department and noted as a restriction on the person's driver's license.

3. If the court requires the use of a device, the person who is required to install the device shall provide proof of compliance to the department before the reinstatement of his driving privilege. Each model of a device installed pursuant to this section must have been certified by the committee on testing for intoxication.

4. The person whose driving privilege is restricted pursuant to this section shall have the device inspected by the manufacturer of the device or his agent every 90 days to determine whether the device is operating properly. The manufacturer or its agent shall submit a report to the director indicating whether the device is operating properly and whether it has been tampered with. If the device has been tampered with, the director shall notify the court that ordered the installation of the device.

5. If a person is required to operate a motor vehicle in the course and scope of his employment and the motor vehicle is owned by his employer, the person may operate that vehicle without the installation of a device, if:

(a) The employee notifies his employer that the employee's driving privilege has been so restricted; and

(b) The employee has proof of that notification in his possession or the notice, or a facsimile copy thereof, is with the motor vehicle.

This exemption does not apply to a motor vehicle owned by a business which is all or partly owned or controlled by the person otherwise subject to this section.

Sec. 8. 1. The provisions of section 3 of this act do not apply to:

(a) A district court or justice's court in a county; or

(b) A municipal court in a city,

that does not have the personnel necessary to conduct the evaluations required by that section.

2. On or before July 1, 1993, each county and city shall provide any personnel necessary to conduct the evaluations required by section 3 of this act.

463.335 1. The legislature finds that, to protect and promote the health, safety, morals, good order and general welfare of the inhabitants of the State of Nevada and to carry out the policy declared in NRS 463.0129, it is necessary that the board:

(a) Ascertain and keep itself informed of the identity, prior activities and present location of all gaming employees *and junket representatives* in the State of Nevada; and

(b) Maintain confidential records of such information.

2. No person may be employed as a gaming employee *or serve as a junket representative* unless he is the holder of:

(a) A valid work permit issued in accordance with the applicable ordinances or regulations of the county or city in which his duties are performed and the provisions of this chapter; or

(b) A work permit issued by the board, if a work permit is not required by either the county or the city.

3. A work permit issued to a gaming employee *or junket representative* must have clearly imprinted thereon a statement that it is valid for gaming purposes only.

4. Whenever any person applies for the issuance or renewal of a work permit, the county or city officer or employee to whom the application is made shall within 24 hours mail or deliver a copy thereof to the board, and may at the discretion of the county or city licensing authority issue a temporary work permit. If within 90 days after receipt by the board of the copy of the application, the board has not notified the county or city licensing authority of any objection, the authority may issue, renew or deny a work permit to the applicant. [Any holder of a work permit must obtain renewal of the permit from the issuing agency within 10 days following any change of his place of employment.]

5. If the board, within the 90-day period, notifies:

(a) The county or city licensing authority; and

(b) The applicant,

that the board objects to the granting of a work permit to the applicant, the authority shall deny the work permit and shall immediately revoke and repossess any temporary work permit which it may have issued. The notice of objection by the board which is sent to the applicant must include a statement of the facts upon which the board relied in making its objection.

6. Application for a work permit, valid wherever a work permit is not required by any county or city licensing authority, may be made to the board, and may be granted or denied for any cause deemed reasonable by the board. Whenever the board denies such an application, it shall include in its notice of the denial a statement of the facts upon which it relied in denying the application.

7. Any person whose application for a work permit has been denied because of an objection by the board or whose application has been denied by the board may, not later than 60 days after receiving notice of the denial or objection, apply to the board for a hearing. A failure of a person whose application has been denied to apply for a hearing within 60 days or his failure to appear at a hearing of the board conducted pursuant to this section shall be deemed to be an admission that the denial or objection is well founded and precludes administrative or judicial review. At the hearing, the board or any designated member of the board or an examiner appointed by the board shall take any testimony deemed necessary. After the hearing the board shall review the testimony taken and any other evidence, and shall within 30 days after the date of the hearing announce its decision sustaining or reversing the denial of the work permit or the objection to the issuance of a work permit. The board may object to the issuance of a work permit or may refuse to issue a work permit for any cause deemed reasonable by the board. The board may object or refuse if the applicant has:

(a) Failed to disclose, misstated or otherwise attempted to mislead the board with respect to any material fact contained in the application for the issuance or renewal of a work permit;

(b) Knowingly failed to comply with the provisions of this chapter or chapter 463B, 464 or 465 of NRS or the regulations of the commission at a place of previous employment;

(c) Committed, attempted or conspired to commit any crime of moral turpitude, embezzlement or larceny or any violation of any law pertaining to gaming, or any crime which is inimical to the declared policy of this state concerning gaming;

(d) Committed, attempted or conspired to commit a crime which is a felony or gross misdemeanor in this state or an offense in another state or jurisdiction which would be a felony or gross misdemeanor if committed in this state;

(e) Been identified in the published reports of any federal or state legislative or executive body as being a member or associate of organized crime, or as being of notorious and unsavory reputation;

(f) Been placed and remains in the constructive custody of any federal, state or municipal law enforcement authority; or

(g) Had a work permit revoked or committed any act which is a ground for the revocation of a work permit or would have been a ground for revoking his work permit if he had then held a work permit.

8. Any applicant aggrieved by the decision of the board may, within 15 days after the announcement of the decision, apply in writing to the commission for review of the decision. Review is limited to the record of the proceedings before the board. The commission may sustain or reverse the board's decision. The decision of the commission is subject to judicial review pursuant to NRS 463.315 to 463.318, inclusive.

9. All records acquired or compiled by the board or commission relating to any application made pursuant to this section and all lists of persons to whom work permits have been issued or denied and all records of the names or identity of persons engaged in the gaming industry in this state are confidential and must not be disclosed except in the proper administration of this chapter or to an authorized law enforcement agency. Any record of the board or commission which shows that the applicant has been convicted of a crime in another state must show whether the crime was a misdemeanor, gross misdemeanor, felony or other class of crime as classified by the state in which the crime was committed. In a disclosure of the conviction, reference to the classification of the crime must be based on the classification in the state where it was committed.

10. A work permit *issued to a gaming employee* expires unless renewed within 10 days after [a change of place of employment or if the holder thereof] *the gaming employee changes his place of employment or if the gaming employee* is not employed as a gaming employee within the jurisdiction of the issuing authority for more than 90 days. *A work permit issued to a junket representative expires if the junket representative ceases to serve as a junket representative within the jurisdiction of the issuing authority for more than 90 days.*

11. Notice of any objection to or denial of a work permit by the board as provided pursuant to this section is sufficient if it is mailed to the applicant's last known address as indicated on the application for a work permit. The date of mailing may be proven by a certificate signed by an officer or employee of the board which specifies the time the notice was mailed. The notice is presumed to have been received by the applicant 5 days after it is deposited with the United States Postal Service with the postage thereon prepaid.

Sec. 8. NRS 463.337 is hereby amended to read as follows:

463.337 1. If any gaming employee *or junket representative* is convicted of any violation of this chapter or chapter 463B, 464 or 465 of NRS, or if in investigating an alleged violation of this chapter by any licensee the commission finds that a gaming employee employed by *or junket representative contracting with* the licensee has been guilty of cheating, the commission shall after a hearing as provided in NRS 463.310 and 463.312 to 463.3145, inclusive:

(a) If the gaming employee *or junket representative* holds a work permit issued by the board, revoke it.

(b) If the gaming employee *or junket representative* holds a work permit issued by a county or city licensing authority, notify [such] *the* authority to revoke it, and the county or city licensing authority shall revoke it.

2. The commission may revoke a work permit issued by the board or, if issued by a county or city licensing authority, notify the authority to revoke it, if the commission finds after a hearing as provided in NRS 463.310 and 463.312 to 463.3145, inclusive, that the gaming employee *or junket representative* has failed to disclose, misstated or otherwise misled the board in respect to any fact contained within any application for a work permit or, subsequent to being issued a work permit:

(a) Committed, attempted or conspired to do any of the acts prohibited by this chapter or chapter 463B, 464 or 465 of NRS;

(b) Knowingly possessed or permitted to remain in or upon any licensed premises any cards, dice, mechanical device or any other cheating device whatever, the use of which is prohibited by statute or ordinance;

(c) Concealed or refused to disclose any material fact in any investigation by the board;

(d) Committed, attempted or conspired to commit larceny or embezzlement against a gaming licensee or upon the premises of a licensed gaming establishment;

(e) Been convicted in any jurisdiction other than Nevada of any offense involving or relating to gambling;

(f) Accepted employment without prior commission approval in a position for which he could be required to be licensed under this chapter after having been denied a license for a reason involving personal unsuitability or after failing to apply for licensing when requested to do so by the commission;

(g) Been refused the issuance of any license, permit or approval to engage in or be involved with gaming or pari-mutuel wagering in any jurisdiction other than Nevada, or had any such license, permit or approval revoked or suspended;

(h) Been prohibited under color of governmental authority from being present upon the premises of any gaming establishment or any establishment where pari-mutuel wagering is conducted for any reason relating to improper gambling activities or any illegal act;

(i) Contumaciously defied any legislative investigative committee or other officially constituted bodies acting on behalf of the United States or any state, county or municipality which seeks to investigate crimes relating to gaming, corruption of public officials, or any organized criminal activities; or

(j) Been convicted of any felony or gross misdemeanor, other than one constituting a violation of this chapter or chapter 463B, 464 or 465 of NRS.

3. A work permit must not be issued by any authority in this state to a person whose work permit has previously been revoked pursuant to this section, or to whom the issuance or renewal of a work permit has been denied, except with the unanimous approval of the commission members.

4. A gaming employee *or junket representative* whose work card has been revoked pursuant to this section is entitled to judicial review of the commission's action in the manner prescribed by NRS 463.315 to 463.318, inclusive.

5. Nothing in this section limits or prohibits the enforcement of NRS 463.165, 463.560, 463.595, 463.637 or 463.645.

Sec. 9. NRS 463.3403 is hereby amended to read as follows:

463.3403 Any information obtained by the board from any licensee, his employer or agent relating to the termination of *the employment of* a gaming employee *or junket representative* is confidential and must not be disclosed except:

## GENERAL FILE AND THIRD READING

Assembly Bill No. 410.

Bill read third time.

The following amendment was proposed by Assemblyman Wong:

Amendment No. 720.

Amend the bill as a whole by adding a new section designated sec. 38.5, following sec. 38, to read as follows:

"Sec. 38.5. NRS 616.605 is hereby amended to read as follows:

616.605 1. Every employee, in the employ of an employer within the provisions of this chapter, who is injured by an accident arising out of and in the course of employment is entitled to receive the compensation provided for permanent partial disability. As used in this section "disability" and "impairment of the whole man" are equivalent terms.

2. The system shall refer an injured employee who is entitled to compensation for a permanent partial disability to the department for a rating by a physician . [or chiropractor.] The administrator shall designate a list of physicians [and chiropractors] qualified to determine the percentage of

disability in accordance with the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted and supplemented by the department. The department shall adopt regulations incorporating the American Medical Association's Guides to the Evaluation of Permanent Impairment by reference and may amend such regulations from time to time as it deems necessary. In adopting the Guides to the Evaluation of Permanent Impairment, the department shall consider the edition most recently published by the American Medical Association.

3. No factors other than the degree of physical impairment of the whole man may be considered in calculating the entitlement to compensation for a permanent partial disability.

4. Each 1 percent of impairment of the whole man must be compensated by a monthly payment of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981, and 0.6 percent for injuries sustained on or after July 1, 1981. Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

5. Compensation benefits may be paid annually to claimants who will be receiving less than $100 a month.

6. Where there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

7. The department may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

8. The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

9. This section does not entitle any person to double payments for the death of a workman and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

10. Physicians [and chiropractors] must be selected in rotation from the list of qualified physicians [and chiropractors] designated by the administrator pursuant to subsection 2, according to the order in which their names appear on the list.".

Amend the bill as a whole by renumbering sections 44 and 45 as sections 45 and 46 and adding a new section designated sec. 44, following sec. 43, to read as follows:

"Sec. 44. Section 15 of Assembly Bill No. 410 of this session is hereby amended to read as follows:

2. A rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee.

3. A self-insured employer shall refer an injured employee who is entitled to compensation for a permanent partial disability to the department for a rating by a physician [or chiropractor] selected in rotation from the list of qualified physicians [or chiropractors] designated by the administrator pursuant to subsection 2 of NRS 616.605, according to the order in which their names appear on the list.".

### SIGNING OF BILLS AND RESOLUTIONS

There being no objections, the Speaker and Chief Clerk signed Assembly Bill No. 164; Assembly Concurrent Resolution No. 73; Senate Joint Resolution No. 12 of the 65th Session.

## REMARKS FROM THE FLOOR

Mr. Speaker requested that Assemblyman Giunchigliani's remarks be entered in the Journal.

Thank you, Mr. Speaker. Mr. Speaker, no doubt many of us have read a report regarding statements allegedly ascribed to me regarding Senator Horn this morning.

Those of you who know me know that I do not mince words when I advocate for providing for our children and adults the best education possible, or when fighting to provide our seniors with dignity and safety they deserve. I am often blunt and plain-spoken when fighting for what I believe in.

Mr. Speaker, in our zeal to fight for what we believe, to stand up for what we feel our constituents want, each of us is vulnerable to uttering a hasty word we can't recall. Sometimes we are misheard or misunderstood. Sometimes people who are not our friends fabricate statements for their own gain. That's unfortunate, but that's also human nature.

However, Mr. Speaker, I want this body to know and understand that I did not make such a remark regarding Senator Horn. I want this body to know that I have long regarded Senator Horn as a friend and as a stand-up advocate for the causes he believes in.

Because of my regard for Senator Horn, I've supported his campaign and walked door-to-door with him personally, on his behalf. Over the years, I have had the opportunity to work closely with him and I believe I've earned the right to call him my friend.

I met with Senator Horn early this morning to express my dismay that such unfortunate and untrue rumors were even repeated. Senator Horn gave me a warm hug and told me that rumors and innuendo would not interfere with our friendship.

Mr. Speaker, I am sorry if these rumors have caused pain to Senator Horn, his friends and his supporters. I rise to put these rumors to rest and to reaffirm my friendship with a stand-up guy. Thank you.

## THE ONE HUNDRED AND EIGHTEENTH DAY

CARSON CITY (Saturday), May 18, 1991

Assembly called to order at 8:09 a.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblyman Wendell Williams, who was excused.

Prayer by the Chaplain, The Reverend Al Tilstra.

In the early hours of this day we must come to You for wisdom and strength. We have asked for Your guidance in difficult decisions, yet it has not always come when we thought it should. Many of the situations and relationships for which we have asked Your intervention have remained the same. Forgive us for thinking, therefore, that You are unwilling to help us in our dilemmas or that there is nothing You can do. Remind us, that when we plug in an electric iron and it fails to work, we do not conclude that electricity has lost its power nor do we plead with the iron. We look at once to the wiring to find what has broken or blocked the connection with the source of power. May we do the same with ourselves, that You may continue to work through us to do Your will. This we ask in Your name. AMEN.

Pledge of allegiance to the Flag.

Assemblyman Porter moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Bill read third time.

Remarks by Assemblymen Anderson, Carpenter, Bayley, Scherer, Gibbons, Pettyjohn, Porter, Stout and Sader.

Assemblyman Humke requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. To you and to this honorable body, Assembly Bill 564 allows the court to defer action on a plea agreement between a defendant and the district attorney that recommends a punishment, until the court has reviewed the presenter's report. If the court accepts the parties' recommendations, it must impose a specific punishment or a lesser punishment. If the court rejects the recommendation, the defendant may withdraw the plea. In addition, in Sections 2 and 3 of this bill, within seven days after the jury returns the verdict of guilty, the court may set aside the verdict and enter a judgment of acquittal. If the evidence is insufficient to sustain a conviction, procedures regarding a new trial and appeal of such judgment of acquittal are prescribed.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in opposition to A.B. 564. A.B. 564 provides that the court may, after juries return the guilty verdict, set aside this verdict. I really think this is wrong. I realize the acquittal must be on the basis of insufficient evidence but I think this should have been taken care of during the trial when we have the defense lawyers and the prosecution there. I think this is what the trial is about, whether there is sufficient evidence or not. Also, during the trial, the judge can tell the jury that he doesn't think there is sufficient evidence and the jury can either disregard what he says or not. I really think that when we give this power to one district judge, that it's going too far. Right now, you can take that to the Supreme Court where you have five judges to make that decision. One judge to do it, I don't think is right. I think the jury system is really what this country is built upon. Our peers either say we are guilty or not guilty and to dilute their power, I really have a problem with that. Another situation is that the Supreme Court can't review the District Judge's verdict. I think that is even going further than it should, but I am really against taking the power away from the juries. Thank you, Mr. Speaker.

ASSEMBLYMAN BAYLEY:

Thank you, Mr. Speaker. To you and through you to this body, I, too, rise in opposition to this bill. Our constituents tend to view our judicial system as sometimes being at a disadvantage to the technicalities in the law, and sometimes justice and truth suffers. They view this because it actually works out that way a lot of the time. During testimony of one of the proponents of this bill, one thing was said that stuck in my mind that I will never forget. He said, as you all know, talking to us in Judiciary, "A trial is not about truth or justice," and he used these words. He said, "The prosecution is there to convict, the defense is there to defend, and the judge is there to judge the law, and there is no one there for truth or justice." Right away, in my mind, I thought there is someone there for truth and justice and that's the jury. That's what they're concerned about and they are the ones who aren't there, whose rights are being taken away, and they are the ones that we represent. I understand that there is a difference between judging the law and judging the facts in a case. I believe in the law. I believe in the technicalities in the law and that there is a properness in their place in the law and that they are valid and that we need them. But at the same time I believe the jury is the balance to that. The jury is the balance to the whole system. I don't think it is right that after a jury gives their time, their wisest thoughts, their concentration, everything they are capable of giving, that we come back to them and say, "I am sorry, your verdict was not wise enough. You did not reach the right decision," and overturn it. I don't think it is the right thing to do to the people we represent. Thank you.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. To you and through you, we have had considerable discussion in the last few minutes over whether or not the judge's decision in entering a judgment of acquittal could be appealed to the Supreme Court and whether the Supreme Court could review that decision. We have decided in some discussions that, in fact, the bill does provide for the judge's decision to be appealed to the Supreme Court, for the Supreme Court to review that decision and, therefore, I do support this bill. I think it contains some

very positive things for our system. I believe it is important to have a check. Currently, already, the judge can grant a new trial. If there has been any problem in the trial and the jury's decision can already be thrown out either by the judge by granting a new trial or by the Supreme Court in finding there is insufficient evidence. This is merely a change in the procedure and not really a change in the law.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I rise in support of this bill and, of course, this bill deals with an area of law which is traditionally, in the past and will continue to be, the domain of the judges, and that is one of appeal based on the issue of law, not the weight of the evidence which is the question of fact for the tryer of fact in that case which would be the jury. There are two different concepts—a question of law versus a question of fact—and this deals with the sufficiency of the evidence, not the weight of it and we must keep that in mind. It permits a first level of appeal at the trial court level where the information, the witnesses and everything else is at its freshest state and has not lost any of its impact. As we have already said under Federal Rule 29C, we do have an appellate process. This merely parrots back the appeal process provided for in federal law and we are simply giving a first level of appeal to the trial court level.

ASSEMBLYMAN PETTYJOHN:

Thank you, Mr. Speaker. I rise in opposition to this bill on the basis that I think it undermines the very fundamental concept of our court system. The federal constitution and the state constitutions have judged that the accused will be judged by a jury of his peers and I think that word "judged" is very applicable and operative in this case that they say they will render the judgment. I think this undermines the entire concept of the judicial system of having the court system run by the courts and the judges but have a jury to make the decision about the sufficiency and the applicability of the evidence and then render a decision. Thank you, very much.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in strong support of Assembly Bill 564. It's apparent from some of the comments on the floor this morning, this bill is greatly misunderstood. This is not invading the constitutionally-guaranteed right to jury trial. This is simply saving one step in an appellate process which is overly costly and time consuming and perhaps where an innocent man may end up spending time in prison until an appellate court has ruled.

Mr. Speaker, as my distinguished colleague from District 23 has already told the body, this is language from the Federal Rule of Criminal Procedure 29C. The courts of the Unites States of America have this; the courts of the State of Nevada, do not.

Mr. Speaker, in order to explain exactly what is taking place here, it will be necessary for me to outline a little civics lesson on what happens in a court room. Mr. Speaker, when an individual is accused of a crime and tried, the first thing that happens in a trial, is you end up selecting a jury. Both sides get several challenges to those jurors and after that is exercised, a jury is then impanelled to sit in judgment of the guilt or innocence of the accused. Opening statements are made, witnesses testify. The jury listens to those witnesses, gleans from those witnesses the facts of the case. Now at the close of that evidence, the judge will instruct the jury in the law. Counsel will go back into the court's chambers and they will sit down and they will argue over which jury instructions should or should not be given to this jury for this particular crime. Let me explain what this bill does, and let's take a simple crime like common law burglary. In order to commit common law burglary, it requires the breaking and entering of the dwelling house of another in the nighttime with the intent to steal or commit a felony therein. Let's also assume that the state proved every element of the crime except the fact that it occurred at 12 noon instead of at nighttime. If the judge instructed the jury as to the elements of common law burglary, and one of those elements required a nighttime break-in, then if the jury returned a conviction based upon the facts that it occurred in the day time, this man could not, by definition, have been guilty of that crime. Under those facts, if the jury returned the verdict of guilty, an appellate court would have no choice but to overturn that conviction. That's the scenario that this bill addresses. If a jury convicted under that

situation, the court under Rule 29C would be allowed to say there was no evidence produced at this trial to show that this particular break-in occurred in the nighttime and the court would direct a judgment of acquittal.

My distinguished colleague from District 2 has already addressed the appellate procedures. It will not be necessary to go through those again. Mr. Speaker, this is not an invasion on the province of the jury. This merely allows the court, when the elements of an offense have not been proven, to set aside a misuse by the jury of any appropriate jury instruction in the law and I urge its passage.

ASSEMBLYMAN STOUT:

Thank you, Mr. Speaker. Through you and to the rest of the members of this body, I would like to rise in opposition to this and just say one thing. We are talking about one judge making the decision versus five judges. I think it should be left the same way and we should join the 21 states who don't have it at this time. Thank you.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I just have one quick comment on the thought of the previous speaker and that line of reasoning. While it is true that five judges in the Supreme Court would ultimately make the decision, in the meantime, that person is in jail and sitting there and waiting for the appeal to take place in about 90 percent of these proceedings.

A copy of the affidavit must be served upon the sheriff and the judgment creditor within 8 days after the notice of execution is mailed. The property must be returned to you within 5 days after you file the affidavit unless the judgment creditor files a motion for a hearing to determine the issue of exemption. If this happens, a hearing will be held to determine whether the property or money is exempt. The hearing must be held within 10 days after the motion for a hearing is filed.

IF YOU DO NOT FILE THE AFFIDAVIT WITHIN THE TIME SPECIFIED, YOUR PROPERTY MAY BE SOLD AND THE MONEY GIVEN TO THE JUDGMENT CREDITOR, EVEN IF THE PROPERTY OR MONEY IS EXEMPT.

You may also file a motion with the court for a discharge of the writ of attachment. You may make that motion any time before trial. A hearing will be held on that motion.

GENERAL FILE AND THIRD READING

Senate Bill No. 230.

Bill read third time.

Remarks by Assemblymen Sader, Wendell Williams, Scherer, Evans and Anderson.

Assemblyman Arberry requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SADER:

Mr. Speaker, Senate Bill No. 230 is the much-celebrated criminal gang bill. It enhances the penalty for persons who commit felonies knowing that such crimes are for the benefit of, at the direction of, or in affiliation with a criminal gang. The penalty is enhanced by doubling the sentence of the underlying felony, and the enhancement is mandatory.

Senate Bill No. 230 was requested by the Las Vegas Metropolitan Police Department and was supported by the district attorney's office—this is the Governor's gang bill. The major issues with the bill discussed in committee deal with first amendment problems. The first amendment allows free association and affiliation with groups; therefore, the issue of satisfying first amendment muster in a bill like this which attempts to criminalize conduct because of association, is difficult. The Judiciary Committee in the Assembly struggled with this issue at some length and commends to you the bill as it now is stated. You will find on page 2 the definition of a criminal gang. That definition is derived partially from the RICO statutes and partially from the case law on the subject analyzing the components necessary to be able to show the type of street gang that is intended to be proscribed in the bill. That exists on lines 29 through 37 of the bill.

The bill, of course, is meant to squarely confront the issue of gang problems, particularly in southern Nevada, an issue of growing public concern, and to do so directly by actually making it criminal, or enhanced criminal conduct for affiliation with such a gang. Thank you.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. I rise in opposition to this bill, not in opposition of the intent of law enforcement to address the gang problem. But as long as we continue to ignore the causes and only address the symptoms, we'll continue to pass incriminating and discriminating laws that will only escalate the problem, and this is one. This bill will actually do nothing in the war against gangs as long as we continue to have a low-income housing fund with no funds in it. It will do nothing as long as we continue to expect a family of five to live on $450 a month. It will do nothing as long as we expect our children to come to school hungry from the night before. This bill will do nothing as long as we disallow men to live with their families based on the stipulation that women would not receive services for their children, including prenatal care. This bill will do nothing unless we begin to address one of the highest unemployment rates among teenagers in the nation. This bill will do nothing as long as we have services by law enforcement in some communities and only enforcement in others. This bill will do nothing as long as we ignore the need, and I must say the vast need, for affordable child care as well as child support enforcement. In passing this bill, this body better be ready to tell taxpayers to spend a lot more money to build more juvenile facilities, not to house gang members, but to house all those kids who are caught in a gigantic net that is designed to catch elephants trying to catch a few snakes. It's a shotgun approach, it's the wrong approach. It's a reaction, feel-good bill that should be based on proaction activities. It's a bad bill, I'll be voting against it.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise in support of S.B. No. 230. Your committee on Judiciary worked long and hard to tailor this bill very carefully, very narrowly to meet the constitutional concerns and to make sure the net was not too wide. We had comments from our friend from Elko who pointed out the original overbreadth of the bill, from my colleague to my left who pointed out other concerns with the bill in terms of its breadth, and we've tailored it very narrowly and it is now an excellent bill.

In Clark County these days and in Washoe County to a certain extent, we have a very serious and growing gang problem. We have got to address that situation at both ends. I commend my colleague from Clark County for his concerns about the other end and how we are going to stop people from getting involved in this kind of activity in the first place, but we also have to address those people who have already gotten involved in it. We've got to deal with them seriously before the problem gets out of hand. Thank you.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I rise in support of the bill but with a great deal of consternation and some reluctance echoing the thoughts of my colleague from Clark County who is the Chairman of Education, because this is exactly what we have done in the Legislature consistently. We put the money at the tail end instead of into those front end programs that would forestall gang activity. I think until we come back here and we get serious about those front end programs, this is going to continue. It amazes me, utterly amazes me, how quickly this bill shot through the Legislature, one session, and yet time after time, we come back here on all of those solid programs that were just enumerated that need attention, that need funding and need support, and we deny them. But yet, this kind of back-end approach to a problem seems to get through very quickly. I think this whole thing is upside down.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I also rise in support of the bill. I think Mr. Williams, my colleague from Clark Assembly District 6, makes the most telling of all points and that is, because of neglect for a long, long time period of our responsibility for the youth of our state and our country, we have now brought ourselves to this terrible position. But we would be ignoring our responsibility, our ultimate responsibility to protect all of society without recognizing the growth, not just in Clark County, but also in Washoe County, of gangs and how they are detrimental to our society as a whole and to the youth that we are trying to reach. It is, indeed, amazing that in one fell swoop we can move through such a bill. However, it is a necessary piece of legislation and one that we must do. We need not turn our back, however, on those other elements that Mr. Williams has so eloquently outlined for all of us to keep in mind, but I do rise in support of this piece of legislation.

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to former Assemblyman Paul W. May, Jr.

Assemblyman Price moved the adoption of the resolution.

Remarks by Assemblymen Price, Evans, Bergevin, Myrna Williams and Mr. Speaker.

Assemblyman Price requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. Please do not be alarmed, someone just raised the question, had Paul passed on and that is not the case. As some of you may or may not know, Paul had a very serious operation earlier this week whereby he had two-thirds of his stomach removed because of the problem with cancer but, apparently, the operation went extremely well and he was back home yesterday. A few of us talked with him and I have to say, he sounded in extremely, extremely good condition and good spirits.

Let me go on to say, at one point in time, Paul May was my assemblyman in North Las Vegas, where I live. I have known Paul, I don't even know how many years now. He truly is what we normally think of as a Virginia gentleman. His humor and his steadiness in action, his ability to perform his duties in this body were unexcelled by any that I know.

I can only remember once, over the many years that we served together, of Paul losing his temper. There was a bill, I don't remember what it was, in the Taxation Committee, and a lobbyist, who normally was a very competent lobbyist, had gotten carried away and

decided that he was going to try and get enough votes on the floor of this house to pull the bill out over the Chairman's objection. I can assure you that didn't happen, but it certainly raised the temperature of our Chairman to degrees that I am sure he didn't reach even in the hospital.

Paul was also very crafty. I can remember back in the days, the year that he was Speaker, which I believe was 1979, and we were working for several weeks past midnight every night. We finally got down to the last day of the session and when we came to the midnight hour, Paul had the clock up on the wall draped so we would not receive another day's per diem. So in that particular year, in 1979, we worked on until the next day but the clock did in fact stop at 12:00 o'clock.

Paul is a fine father. He has a wonderful family. I've known the children since they were small and, of course, they are all adults with children of their own. They all have been the type of family you could be proud of and I think this is a very appropriate resolution. It says almost everything. Paul has many friends across this state and I am sorry truly that there are members among us here that did not have the opportunity to serve with Paul because he certainly set an example that we could all follow and be proud of.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I also rise in support of A.C.R. No. 81. My first encounter with Paul May was in the 1983 session. I was here as an advocate on something that had to do with the estate tax. It was a resolution that would have allowed Nevada to reclaim its portion of the estate tax. When I went to see Paul, he looked at me and said, "Young lady," of course I knew I was going to like him right away, at my age when somebody calls you young lady, you are very pleased. He said, "Young lady, don't you realize that just two months ago, the people of this state went to the polls and overwhelmingly defeated that very idea?" I said, "Well, I know, Mr. May, but we have a new wrinkle. This time we would like to dedicate the funds from the estate taxes that we can reclaim divided between K through 12 and higher education." Well time went on and on, and the resolution never came up for a hearing. I kept going back, and going back, and he just didn't schedule it for hearing. He was Chairman of Taxation. So finally I confronted him once again and he said, "Well, I have to tell you, I just don't like that idea." I said, "Well, I understand that but it is important and we'd like to try it one more time." So he said, "Okay, I don't think it is going to go anywhere but I will schedule it for a hearing and let my committee decide," which, I guess shows what a stand-up and even-handed person he was. So now, of course, the rest is history. The Committee heard the bill. It passed. It passed in the '83 session, '85 session, went on to be approved by voters and is currently state law. So whenever I hear the word "estate tax," and, of course, many benefits have accrued to the state, I will think of Paul May and joining with everyone else, I certainly wish Paul a speedy recovery because he is a fine person.

ASSEMBLYMAN BERGEVIN:

Thank you, Mr. Speaker. I would be remiss not to say something about my good friend, Paul. I served with him for the first time in the 1979 session, when I was first elected, and I have been on Taxation ever since then. I knew Mr. May long before that as I was a member of the Tax Commission.

Paul was a real stickler for protocol. I will recall—I have never forgotten it—he always started his meetings, "The specific time and the place having been duly noticed, having arrived, I hereby call this Taxation Committee Meeting to order." That was ritual every time that he called a meeting to order. I, like Mr. Price, never really saw Mr. May lose his cool, but I did in a hearing on mining taxes one time. He got rather upset about one particular person of a particularly large mining company in the State of Nevada and he appointed a committee solely of Clark County people which got me very upset. We finally came to good conclusion on that bill. Paul May is a gentleman, a southern gentleman of the highest order and I count him as one of my very best friends.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I, too, rise in support of A.C.R. No. 81. Like many of you, I have known Paul for many, many years, long before these halls. For those of us who came

on Taxation at the same time, as specified in the resolution, party was never on his mind. All that was ever on his mind was to do the right thing. I have to laugh when listening to my colleague from Douglas County talk about the one time Paul got mad and I think everybody knows, he appointed me to chair the subcommittee so he really was mad. He is a perfect gentleman. He is a generous person and he is a gentleman in the true sense of the word. We wish him well.

MR. SPEAKER:

I guess I probably served with Paul the longest. We started in 1967 in the old building where the Capitol is now. We became close friends then. At that time, North Las Vegas and Henderson were considered kind of the outcasts of Clark County and they became members of the rural delegation. At that time, we welcomed them into our delegation and we spent a lot of time together socially as well as working together for projects to help the State of Nevada. Paul was an outstanding legislator. We worked on a lot of good things that are history today and that are in our laws and that he was very dedicated to. I wish him well. He and his wife are both real fine people. We miss him up here and hope he comes up to visit us when he gets to feeling better.

Resolution adopted unanimously.

## MESSAGES FROM THE SENATE

*To the Honorable the Assembly:*

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 50.

MARY JO MONGELLI
*Assistant Secretary of the Senate*

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 50.

Assemblyman Sader moved the adoption of the resolution.

Remarks by Assemblymen Sader, Humke, Kerns, Freeman, Myrna Williams, Gibbons and Price.

Assemblyman Evans requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. Mr. Speaker, it is with sadness and pleasure, both, I think, that we commemorate Sidney Stern. I knew Sidney for over a decade. Unfortunately, very few of us here in these halls now remember when Sidney was a fixture himself around the legislature.

The Sterns came to Nevada at mid-life and were immediately involved in financial institutions in northern Nevada. Sid Stern was the prime lobbyist for the thrift laws that we passed in the 70's. Those who were here at that time remember a very honest, forthright and intense lobbyist who would not take "no" for an answer and is truly the father of the thrift laws in this state.

More than anything that stands out about Sid Stern and Vera Stern were their immense generosity. Their involvement in the educational system in this state, politics in the community, their church, and with their family, there just wasn't any area of Nevada life that wasn't touched by the Sterns and their generosity. In that respect, I think they have made a true impact to the whole state and it's appropriate that this legislature commemorate Sid and Sid's passing because Nevada is a better place because of Sidney Stern.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I echo the remarks of the previous speaker. I, too, was deeply saddened by the passing of Mr. Stern. He has done so much for this state. His generosity is legend.

I would like to illustrate just how much he cared for his community and for his state. I was talking to him on one occasion and we were talking about a certain individual who will remain nameless. I mentioned that the person was a pretty good legislator and that he was a Republican and Sidney said, "Well, that doesn't matter. I don't care what party he is, that person is good for the State of Nevada and that's why I support that person." I think that typifies the attitude that Mr. Stern had. I support this resolution very strongly. Thank you.

ASSEMBLYMAN KERNS:

Thank you, Mr. Speaker. I would also like to rise in support of S.C.R. No. 50. I met Sidney back in about 1980 when I was going door-to-door knocking on doors, the first time I ran for this Assembly. I knocked on a door and a guy answered the door and there was quite a commotion going on inside. I told him what I wanted and he said, "Well, come on in, I'm having a little party and you can meet a lot of people in here." So I went in and Sidney and Vera were there. First time I had ever met Sidney. We discussed what my philosophies were about a few things. I went on about my way and I didn't hear anything more from Sidney until I lost the election. I got a little note from Sidney with a little check and this has always told me a lot about Sidney. Not too many people in this world that are really successful support losers. Sidney supported everybody and I don't think there is anybody's life in this state, hardly, indirectly or directly, that hasn't been touched by Sidney's generosity or his help in their businesses and many, many other ways. I just want to say this about Sidney and thank you, Vera. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I also rise in support of this resolution. I first met the Sterns probably in about 1978 when they were involved in one of the issues in which I was involved. I found him to be a person of enormous sense of compassion and concern for the

underdog. Sidney was always there, no matter what kind of an organization or party that you would go to, they were always there helping and doing what they could. I appreciated his wonderful sense of friendliness and sense of humor. It is a great loss.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I, too, rise in support of the resolution. I met Mr. Stern prior to my coming here. We shared the same religious background, worked for many of the same causes and when I first met Mr. Stern, that was how we met. I have to say that Mr. Stern was not only nonpartisan in his evaluation of people, he was also ecumenical in his choice of causes, of worthy things to support whether it would be the arts, or people, children or seniors. It was certainly an honor to have known him, to have been his friend, to know Vera. We miss him greatly.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I also rise in support of this resolution. As a constituent, I have known both Sid and Vera for some time. I would like to say that Sidney represents the quintessential citizen of this state. Not only was he a humorous person, and he did contribute greatly to all charities, he was a person who never spoke about anybody in a derogatory fashion. I never heard the man speak a word in anger and I think that if we could all pattern our lives after Sidney, we would be far better off, the State of Nevada would be far better off. I would like to extend my sympathy to Vera, who is here today. As someone who represents many people in this district, we all express our sorrow in Sid's passing.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I rise in support of S.C.R. No. 50. I had the pleasure, and I would consider it an honor, of first meeting Sid about 17 years ago. What I remember, outstanding in my mind, with Sid, Vera and his family, is that they are and Sid was, such people-people.

Sid, I presume, was pretty well off financially, yet he related to everyone, from the poorest person on the street to the well-to-do. They were kind and generous. Many years ago, and from time to time, when one of the other legislators who was also a good friend and now in the other house, and myself came into town, we even borrowed their old car, Sid's old car, to run around and do errands which was amazing to me in those days.

Besides his financial institutions that he started, I enjoyed his restaurant on Vassar and Wells, the Spaghetti House, even though it didn't last long enough; I thought it was beautiful and for those who don't know, Sid's headquarters, I guess. He had bought the old Catholic rectory and the church at the corner of Vassar and Wells and he took the rectory and turned it into the headquarters, and it's been a long time since I've been in there, but it was just like it was in the old days, with beautiful furniture and antiques and he took the church and turned it into a Spaghetti House which I thought was great and well-done. The church is still there, I don't know what they are doing now.

Sid was a person of his word. Back in the days when we were first working, before we had the thrift laws that allowed a thrift company to become established in Nevada, one of the things that he promised was that if the bill was approved, and this was only on word, it was nothing in the bill, that he would provide the services to every small town in Nevada. Eventually, he did exactly that. You could go to Tonopah, North Las Vegas or Elko or wherever and there was Nevada First Thrift. He was certainly good for his word.

One other little thing I remember is that their home is the only home that I have ever been in that was geothermally heated. Not that Sid caused that to come about, but it was rather unique. He was a wonderful warm person and as a transplant from California, became a wonderful Nevadan and we are saddened by his passing as I know his family is but he will be remembered with great love and compassion. Thank you.

Resolution adopted unanimously.

Assemblyman Porter moved that Assembly Bills Nos. 350, 483, 584, 628, 637, 655, 669; Senate Bills Nos. 85, 382 and 442 be placed on the Second Reading File.

1. If an employee who has a permanent physical impairment from any cause or origin incurs a subsequent disability by injury arising out of and in the course of his employment which entitles him to compensation for disability that is substantially greater by reason of the combined effects of the preexisting impairment and the subsequent injury than that which would have resulted from the subsequent injury alone, the compensation due must be charged to the subsequent injury fund in accordance with regulations adopted by the administrator.

2. If the subsequent injury of such an employee results in his death and it is determined that the death would not have occurred except for the preexisting permanent physical impairment, the compensation due must be charged to the subsequent injury fund in accordance with regulations adopted by the administrator.

3. As used in this section, "permanent physical impairment" means any permanent condition, whether congenital or caused by injury or disease, of such seriousness as to constitute a hindrance or obstacle to obtaining employment or to obtaining reemployment if the employee is unemployed. 4. In order to qualify under this section for reimbursement from the subsequent injury fund, the insurer must establish by written records that the employer had knowledge of the "permanent physical impairment" at the time that the employee was hired or that the employee was retained in employment after the employer acquired such knowledge.

5. An insurer shall notify the administrator of any possible claim against the subsequent injury fund as soon as practicable, but not later than 100 weeks after the injury or death.

6. The director shall by regulation establish a procedure by which claims against the subsequent injury fund may be submitted and decisions made. *The administrator shall notify the insurer of his decision on such a claim within 90 days after the claim is received.*

7. An appeal of any decision made concerning a claim against the subsequent injury fund must be submitted directly to the appeals officer. *The appeals officer shall hear such an appeal within 45 days after the appeal is submitted to him.*".

SENATE CHAMBER, Carson City, May 23, 1991

*To the Honorable the Assembly:*

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 51.

MARY JO MONGELLI
*Assistant Secretary of the Senate*

## MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 4.

Resolution read.

The following amendment was proposed by the Committee on Education:

Amendment No. 829.

Amend the resolution, page 1, line 11, by deleting "and enforce".

Assemblyman Wendell Williams moved the adoption of the amendment.

Remarks by Assemblyman Wendell Williams.

Amendment adopted.

Resolution ordered reprinted and engrossed.

Senate Concurrent Resolution No. 51.

Assemblyman Porter moved the adoption of the resolution.

Remarks by Assemblymen Dini, Sader, Kerns and Anderson.

Assemblyman Gibbons requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution. I had a long experience with Mr. Parsons. We were friends for a good number of years, even before I came to the legislature. He became known as an outstanding architect and registered engineer in our state. He did so many projects for the state and so many projects in northern Nevada, this area especially, and he is renowned in our area for the quality of his work and his contribution to our state.

If you read the resolution, you will see his great interest was in historic preservation which led him to be appointed by one of the governors to the Comstock Historic District which is something that is dear to my heart. The members of Ways and Means know what

that means. His contribution was getting the people started toward preserving the history of our state, especially on the Comstock. It has led to an improvement in the conditions up there and instead of further deterioration, it has sustained the historic aspects of that community. I think he should be recognized for his outstanding contribution to that.

I also wish to give my condolences to the family and to welcome them here. I will introduce them in just a moment.

ASSEMBLYMAN SADER:

Madam Speaker pro Tempore, I would like to speak in support of the resolution. I only met Mr. Parsons once or twice. I remember the first time I met him. As some of you know, I own an office building in Reno and it's a small building in the historic Newlands District. One day I came outside my office walking down the steps and this elderly gentleman was standing in front just staring at my building. He was just standing there looking at it, and I said, "Can I help you?" He told me his name was Ed Parsons, and then he proceeded to tell me the entire history of my building starting in 1903; who owned it, what additions were made, how this part and that part of the architecture was very interesting. I learned in the conversation, of course, that he was not only an eminent architect, but also a very knowledgeable historian on the buildings and times in historic areas. I think he has made a real contribution to the state and to the information available to us on our heritage.

ASSEMBLYMAN KERNS:

Thank you, Madam Speaker pro Tempore. I would also like to rise in support of S.C.R. No. 51. I didn't know Ed Parsons, Sr., that well. I met him many, many times in business meetings and functions in Reno, but his son Ed Parsons, Jr., and his wife Sharon were good friends of mine. I know it is going to be a big void in their life, but I am very envious of them for the simple fact, that as they drive down the streets in Carson or Reno or practically any place in this state, Ed will be able to see the results of what his father has done for the State of Nevada. I am sure the passing is tough to take, but I want you to be sure that your father's memory will live on with all of us, forever. There is no way it cannot with the mark he has left on the state. Thank you.

ASSEMBLYMAN ANDERSON:

Thank you, Madam Speaker pro Tempore. I also wish to rise in support. Mr. Parsons clearly showed his great generosity in his time and his effort. I rise, not because I have ever had the opportunity to speak with him directly, but because of the kindness he showed my oldest daughter.

Several years ago she had a high school assignment called an "I search" paper—many students may be aware of that—in which she had to go out and explore the architectural field. She made arrangements to talk to him about her chosen professional life she wanted to move into. He generously gave of his time to explain to my daughter what it was like to be an architect and the obligations of it. His generosity, his forethought in how historical buildings in our area should be maintained and the dedication to his lifestyle is appreciated by everyone who ever came in contact with him. He was always generous. I think this resolution clearly speaks of that.

Amend section 1, page 1, by deleting lines 3 through 16 and inserting:

"*1. The owner or operator of a facility for the management of hazardous waste shall, in addition to any other applicable fees, pay to the department a fee of $60 per ton of the volume received for the disposal of hazardous waste by the facility, of which:*

*(a) An amount equal to $4.50 per ton of the volume so received must be accounted for separately and used to offset partially the cost incurred by the state fire marshal for training emergency personnel who respond to the scene of accidents involving hazardous materials.*

*(b) An amount equal to $1.50 per ton of the volume so received must be accounted for separately and used to offset partially the cost incurred by the public service commission of Nevada for inspecting and otherwise ensuring the safety of any shipment of hazardous materials transported by rail car through or within this state.*

*2. The operator of such a facility shall pay the fee provided in this*".

Assemblyman Myrna Williams moved the adoption of the amendment.

Remarks by Assemblymen Myrna Williams, Spriggs, Goetting, Giunchigliani, Bayley, Krenzer and McGaughey.

Assemblyman Giunchigliani requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. In essence, my only problem with this bill and the only thing the amendment addresses is the total cost per ton. Too long has Nevada been advertised nationally, as Senator Bryan said, "location, location, location." We have become in real estate terms and legal terms an attractive nuisance in the United States. We allow everybody's garbage, everybody's junk, everybody's hazardous waste, everybody's toxic waste in here at a price so low that what we're saying to them is, "Come here, come here, come here." I think the time has come for us to stop speaking from both sides of our mouths. If we don't want it, we should charge at least the same amount of money as the other states charge. If we do want it, let's be honest about it. I will stand on this amendment which puts us in line with the other western states who have raised their price

to a point that they know it won't stay in their state. They know it's good for them to send it to Nevada. So, I will stand on this amendment and support this amendment. Without this amendment, I cannot support this bill.

ASSEMBLYMAN SPRIGGS:

Thank you, Mr. Speaker. I rise in opposition to the amendment. A fee of $60 will put the disposal site at Beatty out of business. It's the only site we have in the State of Nevada to receive Nevada's hazardous waste. I don't think it's right that we put that one site out of business. The fee of $60 per ton will put them out of business, and we can't do that directly through legislation because we have an interstate compact that has to be honored. I don't believe this is the way we should do business in the State of Nevada.

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. I rise in opposition to the amendment. Nevada generators of hazardous waste are currently charged $10 per ton to deposit their waste. The Beatty dump site is run by U.S. Ecology. If the fees were increased to $60 per ton it would represent a six-fold increase to our state's generators which, by the way, account for 12 percent of the waste that is dumped there.

Hazardous waste is defined as anything that is hazardous to one's health or the environment. It's a fact of life that many of the by-products generated by industry are recognized as hazardous waste. Nevada should not be viewed as the dumping ground of any state's hazardous waste while at the same time we need to be responsible to our industry's needs. If fees were raised to $60 per ton, U.S. Ecology would have to close its doors leaving Nevada's generators looking to other states to dump this waste. In the end as always, the consumer ends up paying for the extremely high increase in fees. The $60 fee would also jeopardize the funding of not only the training of emergency personnel who respond to emergencies involving hazardous materials, but the funding for training volunteer firefighters throughout our state. The fee increase in A.B. No. 271 would offset the fact that the federal government discontinued the federal grants which provided training for volunteer fire departments. Nevada will continue to have emergencies involving hazardous materials whether U.S. Ecology operates a facility in Beatty or not. However, Nevada will not have the funding to provide for training if this amendment passes. I strongly urge my colleagues to defeat this amendment.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I rise in support of Amendment No. 879 to A.B. No. 271. First of all, I would like to point out the amendment still allows for the earmarking of training for firefighters. This amendment simply changes the fee. Eighty-eight percent of the waste that comes into this state is from out of state. Only 12 percent is generated from in-state. I see this amendment as a disincentive rather than setting up an incentive, and I don't believe California would stop sending its waste in here because of a $60 per ton fee charge. I would urge your adoption and support of Amendment No. 879.

ASSEMBLYMAN BAYLEY:

Thank you, Mr. Speaker. To you and through you to this honorable body, I rise to speak against the amendment. I'm on the committee that heard this for months. I believe this amendment would have the effect of destroying the company. If it did that, all the hazardous waste we have will travel even more miles on its way to Utah or Arizona. We won't have the dollars to take care of that or address any emergencies because we will be closing the company. It doesn't matter that the amendment leaves the $4.50 in, if there's no company—there are no dollars to address the matter. So now we have hazardous waste travelling even more miles and we don't have the money to address it. We'll be stuck with the costly maintenance of the project which U.S. Ecology has a fund for that will in turn come over to us—that is a big budget item which will cost a lot of money. Then, we take away a livelihood from our rural communities. Clark County will have to further subsidize because of something we've done to a rural community—take away their livelihood. The real problem of hazardous waste will increase which is illegal dumping as the fees increase, as we make it harder for small business. They're the ones that trespass.

It's not right. It's wrong. It's horrible, but if we make it harder and more burdensome for them to get rid of hazardous waste, that's when it ends up in our deserts. That's when it ends up in the toilets. That's when it ends up outside, and that's exactly what will happen.

Also, this is an improper way for a state to deal with industry. I don't think it's right for Nevada to get the reputation for dealing this way with its industry. Also, U.S. Ecology takes care of the waste. They do a good job. It doesn't harm our environment. They are very good at what they do. I think we should act honorably in this matter. Thank you.

ASSEMBLYMAN KRENZER:

Thank you, Mr. Speaker. I rise in support of the amendment. I, too, am on the committee. Our committee heard no evidence from U.S. Ecology that it would present any financial hardship. They have presented no documentation, and I suggest that it's hearsay from the company. I don't doubt that this may impact their profits, but I would urge us to state a policy for the State of Nevada which discourages attracting or encouraging a business that makes a profit from having hazardous waste come into this state. I suggest that the health and welfare of the people of Nevada is more important than perhaps a temporary setback in the escalating profits and the escalating income generated to this company. Also, it may be only a temporary condition because our sister states, no doubt, will raise their fees which will also make our fee competitive. I urge you to support the amendment to A.B. No. 271 and not be swayed by what, at this point, is just gossip about the financial stability of a company.

ASSEMBLYMAN MCGAUGHEY:

Thank you, Mr. Speaker. I rise in opposition to the amendment. I think the Natural Resources, Agriculture and Mining Committee, ably chaired by Mrs. Freeman, did a very thorough job on this subject. There was a variety of bills in committee that were dealt with. At the end, this bill was deemed to be the best bill on the table. The administration supported this bill as it came out of committee. If there was a problem with those fees, why weren't those fees put into an amendment in committee for the entire committee to consider?

At this point in time, this bill will provide for funding for volunteer fire training and for railroad inspectors in this state that we need in hazardous waste. Sometimes if you raise fees too high, you will price that business and that area right out of business. Then, we won't have a dump, and if it's not convenient you'll find drums of toxic waste all over this state because they'll probably not want to take the time or the cost to ship them to Arizona, California or someplace else. I don't think that it's unfair or unreasonable for Nevada to maintain a low-level dump in this state for the benefit of Nevada businesses. I think this is a valuable area for that purpose even though most of it comes from other states. We don't have enough to generate for ourselves—we couldn't afford to pay for it alone. The import of other material helps to maintain the dump. If the dump is closed, then who is going to pay to keep that dump going. I think the State of Nevada would, with no income. We have a tremendous budget shortage and we're going to raise revenues. For something like that, the maintenance of those kinds of dumps or programs is very expensive. I wouldn't want to see Nevada's citizens pay more for something that is working pretty well the way it is, and these fees should be left the way the bill is. If not, go back to hearings and redo it, but I think the bill came out of committee in good shape. We should support the bill and defeat the amendment. Thank you.

Assemblymen Porter, Arberry and Evans moved the previous question.

Motion carried.

The question being on the motion to adopt Amendment No. 879 to Assembly Bill No. 271.

Assemblymen Freeman, Lambert and Giunchigliani requested a roll call on Assemblyman Myrna Williams' motion.

Roll call on Assemblyman Myrna Williams' motion:

YEAS—16.

NAYS—Anderson, Bayley, Bergevin, Carpenter, Elliott, Gibbons, Goetting, Gregory, Hardy, Heller, Humke, Johnson, Kerns, Lambert, Little, McGaughey, McGinness, Marvel, Petrak, Pettyjohn, Scherer, Spriggs, Stout, Wong, Mr. Speaker—25.

Not voting—Garner.

The amendment having failed to receive a majority, Mr. Speaker declared it lost.

Remarks by Assemblymen Goetting, Price, Myrna Williams, Anderson, Sader, Johnson, Pettyjohn and Freeman.

Assemblyman Giunchigliani requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. Assembly Bill No. 271 establishes fees to be paid by the operators or owners of hazardous waste management facilities in Nevada. It imposes a fee of $4.50 per ton on hazardous waste received by a Nevada facility, and $1.50 per ton for any hazardous materials transported by rail also to a waste processing or disposal facility in Nevada. The hazardous waste money collected along with supplement funds will be utilized for the State Fire Marshal to operate a training center for emergency response personnel who respond to hazardous waste-related accidents or incidents. The hazardous materials fee would also provide funds to be utilized by the Public Service Commission of Nevada to inspect train shipments of hazardous materials bound for disposal and treatment facilities in Nevada. The measure also provides for grants or other financial incentives for Nevada hazardous waste generators to encourage waste reduction through reuse and recycling programs. In addition, it authorizes the State Environmental Commission to waive all or part of the fees collected if the waste is generated by a state agency or is the result of a mandatory cleanup of a spill.

This legislation is requested to bolster Nevada's overall hazardous waste and hazardous materials management program. It does so by ensuring a steady source of funding for the training of hazardous emergency response personnel. It would assist local jurisdictions in Nevada in keeping pace with an ever-increasing demand for emergency response service. The Assembly Committee on Natural Resources, Agriculture and Mining recommends do pass on Assembly Bill No. 271.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to whoever—I'm not sure who would be answering the questions. I have several questions in my mind. One is, I was under the impression that we were in a bi-state compact whereby that site, at some point in time, would in fact be closed. I'd like to learn about that. I am also curious, I was under the impression—and it could be wrong—that the fees in our neighboring states, and California comes to mind where I presume most of the waste does in fact come from, was something like $200 a ton or some very high figure compared to here. That's number two question. Should I have these answered one at a time? I have about four questions. My third question is, and it raises something that was mentioned during the debate on the amendment, isn't there an amount of money from these fees that actually goes to a fund that is to provide for the care of the site, if and when it is closed? I remember, and I think I'm correct, that during the period of years when this was opened, years ago, there had been at least some controversy in the southern part of the state where the operator of our site, operating under another company name, had abandoned a site down south or something, as I recall. It left either the local people or the Feds or somebody with quite a problem to clean up. Now do we have money going into a fund to clean up?

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. To you and through you to my colleague from North Las Vegas, the bi-state agreement, to answer the first question, is on the low-level radioactive dump site, and that was with California. That doesn't affect the hazardous waste dump site.

Now the third question, are there fees that go to maintain the facility after it's closed? Yes, there are. I can't tell you exactly what percentage, but there is, I believe, $1.3 million in a fund that will maintain that facility as well as the super fund that will help clean up any spills throughout the state.

As far as California, I think that was your second question, what do they charge? They charge currently $105 per ton, but they also charge a $47.50 export fee on any waste that they ship out to any other state, including Nevada. Does that help clear it up? I believe all the other states around Nevada are the same, $20, which is what we currently charge, other than California.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. Obviously I rise in opposition to this bill. One of the questions asked by my esteemed colleague from North Las Vegas was not answered, and that is on the closure of the low-level dump. I would say at this time that our concentration seems to be on money, not on the safety and welfare of the people. I would also say that for anyone to think that by raising the fees, people would stop sending their waste here is naive at best. Nobody wants it, that's why we've got it. It saddens me to think that I have to vote no on something that would have provided some funding for our fire marshal for training and for the Public Service Commission to deal with spills, but until we stop these open invitations which, in my mind, are again less than honest, then I have to vote no.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of A.B. No. 271 quite simply because it seems to me the committee spent a good deal of time listening to testimony on this as we heard when we were discussing the amendment. Every aspect of this has been worked out. Unfortunately, maybe not to everyone's liking, but to meet the vast majority of needs that we need right now to meet our own needs here in the State of Nevada.

It is unfortunate, indeed, that we may become the dumping site for other places. This bill is necessary, this bill has to come into place quite simply because the training aspects for the firemen and the railroads has to be there. Whether we like it or not, Nevada is on the main corridor and we're going to see this. We need to have this kind of training. Thank you.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I voted in favor of the amendment to this bill, the unsuccessful amendment, but I will also be voting in favor of the bill because the bill at least raises the fees to some extent, and I think that is movement in the right direction. To defeat the bill would be to leave the fees at their current lower level, and I don't think that's a movement in the right direction.

ASSEMBLYMAN JOHNSON:

Thank you, Mr. Speaker. I rise in support of this bill. While in committee, I voted for A.B. No. 75 which called for the higher fees. This bill is a good bill. The question of safety and the concern expressed by the citizens of this state is addressed in this bill by making available the training, the grants for remediation, and also in the area of being able to have funds for cleanup. Simply raising the fee to a much larger level and the presumption that the dump site would then be closed are, I think, the negative aspects of what was stated. We really would still continue to have dumping. So therefore, all we are doing is raising additional money and doing what we really wish to do, and that's having the safe transport, the protected transport, the monitoring, the regulations for oversight in both transportation and disposal. The concern that we have in the disposal and the transport is exposure to human contact. This bill will supply funds, it will be a net benefit. I do see need for expanding the fee structure at some future date, but this bill is a good bill.

ASSEMBLYMAN PETTYJOHN:

Thank you, Mr. Speaker. I rise in support of Assembly Bill No. 271, and I will just address one aspect of the bill and it concerns the question of the incentives and the disincentives, and it has to do with the overall nature of our ecology at the present time. You know, for many years now, people have been very lax in how they control the waste

materials and it's been spread throughout the deserts and the communities. If we raise the price of disposition of these materials too high, it will be a clear disincentive for people to go back and clean up the mess which has existed for maybe thirty or forty years. As a matter of fact, the state right now is in a lawsuit with a land development company in the Henderson area because of asbestos disposal in the area of the extension of the southern freeway. The people who have the responsibility for going back and cleaning up these several years of illegal disposal of this material will face a very serious disincentive to do this if the cost becomes too high. So I think we ought to do the kinds of things that will help the people go back and clean up the mess of the past thirty years.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I voted for A.B. No. 75 which would raise the fees, and I also voted for this bill. We have to do something about the importation of hazardous waste into our state. I tend to feel the state that generates it should take care of it. I don't like it coming into our borders any more than anybody else, but I do see this as a step in the right direction, as some of the others of you have pointed out so ably, for the training for firefighters who are fighting hazardous waste fires.

We heard in one of the other committees the need for railroad inspectors, and I think particularly in terms of hazardous waste moving across our state, we have to make sure that the rails are safe, the cars are safe, and that none of us suffer as as result of this. I will be supporting this bill because I think it is a step in the right direction.

Remarks by Assemblymen Petrak, Humke and Freeman.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in the Assembly, I rise in support of Senate Bill No. 442. I am sure that the reading of the bill by Mrs. Landing supplied you with much information about this important legislation. Mr. Speaker, could I go to Order of Business 15?

Thank you, Mr. Speaker. Through you to my colleagues in the Assembly, the Good Book right up here in front of us says that "There is a time to be born and there is a time to die."

Today is Memorial Day. If we were back home in the area of Cleveland, Ohio, of course, Phyllis and I would go out to Riverside Cemetery and visit a lot of our family who are resting there. Also in the same cemetery is the mom and dad of our colleague, Larry Spitler, so we would probably visit that cemetery resting place also.

When Assemblyman Hardy, who is 27 and the youngest colleague here in our Assembly, reaches my age at 72—and that is the reverse of 27—and it's Memorial Day in the year 2036, chances are that Warren will say, "I remember back in 1991 when I was a legislator, I voted for the important right-to-die bill." At the same time that he says that, he'll probably go out to Boulder where the Veterans Cemetery is and he will visit the grave of Bill Petrak and his wife, Phyllis.

Some place in the newspaper, it said last week, that "Senate Bill No. 442 is merciful legislation that will allow hopelessly ill patients to die with dignity instead of lingering for months or years strapped to machines to sustain the semblance but not the substance of life. It will allow families of the living dead to let nature take its course." Back to General File, Mr. Speaker.

This bill is intended to make uniform the law with respect to the right to die among the states who have adopted it. Testimony indicated that although Nevada has been in the forefront in this issue, recent changes in the law require an update. In particular, Nevada's

Living Will provisions would be mandatory by this bill. The right of a competent person to make decisions regarding life sustaining treatment is clarified and the problems that were expressed in the Nevada Supreme Court in the Bergstedt case would be corrected.

Finally, a mechanism would be put into place to allow life sustaining treatment be withdrawn in the absence of a written declaration. I encourage all of my colleagues to support this legislation. Thank you.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of this bill. This is not a fun bill to vote for but it is an important one. May we go to Item of Business 15?

Mr. Speaker, many of the members may have seen Jeffrey Reichman, the proponent of this bill. I don't believe he is here today. He has an interesting style of lobbying for this bill. You may or may not have realized or maybe you saw newspaper accounts; he lost both his mother and sister to cancer within approximately 30 days of each other a couple of years ago. This is a family that I was close to. I knew all family members and have been in their house a number of times. I went to school with Kathleen, who has now passed away. I would say to the previous speaker, I don't care so much what the newspaper said about this bill, I care about what Kathy, I think, would have said and what her mother would have said. I think that they would have wanted this bill as Jeffrey has said to many of us. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I also knew Jeffrey's mother and his sister and watched the months of anguish that this family went through. I agree with Mr. Humke that Mr. Reichman's style of lobbying was very interesting but this has become his mission. It has been his answer to problems that they went through with the issue when his mother and sister were dying.

This is an issue that has been very important to me for years. I think that most of you in the body know that I was in nursing for many years and I've watched what has happened, particularly in the last 15, 20 years when so many people are so concerned about lawsuits that people are very often kept alive when there is no need for it. When the family has told them good-bye, they have let them go, but the doctors very often are afraid because of malpractice suits and very often people have just been kept alive for reasons that no one really understands. I think this is landmark legislation. I think it is extremely important to the people of our state and I would ask you to support it.

Roll call on Senate Bill No. 442:

YEAS—41.

NAYS—Price.

Senate Bill No. 442 having received a constitutional majority, Mr. Speaker declared it passed, as amended.

Bill ordered transmitted to the Senate.

The following amendment was proposed by the Committee on Legislative Functions and Elections:

Amendment No. 890.

Amend sec. 3, pages 1 and 2, by deleting lines 11 through 15 on page 1 and lines 1 through 21 on page 2 and inserting:

Assembly Bill No. 320.

Bill read third time.

Remarks by Assemblymen Freeman and Little.

Assemblyman Stout requested that Assemblyman Little's remarks be entered in the Journal.

Thank you, Mr. Speaker. To you and through you to this honorable body, I want everyone here to know that in Clark County we added a $1.25 on our recycling. We were told in Clark County that would be the last of any increases for the recycling program. We thought the county would be taking over this recycling program. Now I find out it has moved to the state level. Well, I have a problem with charging a dollar on tires for a fund that would increase bureaucracy up here at the state level by hiring four more government employees. I feel our county is doing a good job right now. I would like to leave it at the county level for two more years and find out how and if we need any more additional guidelines. If not, I think we should leave it with private industry who has been doing a very good job so far. Thank you, and I would vote no.

## GENERAL FILE AND THIRD READING

Assembly Bill No. 278.

Bill read third time.

Remarks by Assemblyman Myrna Williams.

Assemblyman Spriggs requested that Assemblymen Myrna Williams' remarks be entered in the Journal.

Thank you, Mr. Speaker. Assembly Bill No. 278 increases the number of district judges in the second and eighth judicial districts to add one and seven respectively to service family court judges. It establishes the family court as the division of the district court in the judicial district of Clark and Washoe counties. The measure also provides for the original exclusive jurisdiction of the family court in certain proceedings.

It further requires all district judges who act as judges in family or juvenile courts after November 3, 1992, to attend a course designed for the training of new judges of such courts at the National College of Juvenile and Family Law in Reno. The bill clarifies the definition of Juvenile Court and Juvenile Division to conform to the Family Court structure. It also clarifies the appointment provisions and responsibilities of the directors of juvenile services as they relate to the family courts.

It further requires the district court of each judicial district in which a family court is not created to report to the 67th session of the legislature concerning whether the court desires to have such a court and under what conditions in such districts. This measure requires the National Council of Juvenile and Family Court judges in cooperation with the staff of the Legislative Counsel Bureau to conduct a study to determine the appropriate workload levels for family courts. The results of this study are to be reported to the next legislative session. An operational study of the family courts by the Council from 1992 through 1994 also is required to be reported to the 1995 legislature.

This bill was requested by myself and many others to implement the Constitutional amendment approved in November, 1990, which authorizes the establishment of family courts.

## REMARKS FROM THE FLOOR

Mr. Speaker requested that the following remarks be entered in the Journal.

ASSEMBLYMAN CALLISTER:

Thank you, Mr. Speaker. I seldom express or vent my ire publicly but I am a little bit troubled by some comments in today's southern Nevada press. Apparently there was an interview with one of the senators and they are attributing, after discussion of cost of session, they attribute that one reason for the impasse, for the loggerhead in trying to bring this session to closure, the senator that they are interviewing who is unnamed, makes this statement, "One reason for the impasse may be that the seven-member Finance Committee is composed of lawmakers with many years of experience," he said. "The 15-member Ways and Means Committee, however, which has six freshmen is still developing a working relationship with the Senate counterparts."

I guess the implication that troubles me is that somehow the freshmen, or any member of my committee is somehow less capable than any senators on the other side. I wanted to publicly express my dismay at such a notion. I would challenge any member of Senate Finance to go heads up with Commander Coy or party-down Phil any time they feel so

inclined. I think our committee is superb. I think the decisions we've made are good decisions and I want the freshmen in particular on my committee to know that I am offended by any other implication. I'm proud of them and I think they deserve our congratulations for their hard work.

MR. SPEAKER:

Thank you, Mr. Callister. I think those words are very timely. I think if the press would look at the record you will see that the Ways and Means Committee finished its budget a week ago. We can't go any further until the Senate concludes its budget work. We are ready to meet any time, any place, at any hour to work on the budget and finally conclude this session and that challenge is there.

Assemblyman Price moved the adoption of the resolution.

Remarks by Assemblymen Price, Evans, Humke, Callister and Mr. Speaker.

Assemblyman Price requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I move the adoption of A.C.R. No. 92. Mr. Speaker, to you and through you to this honorable body and the friends and colleagues of Mary who are gathered behind us this morning, it is with a mixture of sorrow and a degree of pleasure because of showing our love for the loss of our friend, employee and colleague here in the building for so many years that I rise in support of this.

For those of us who are returning, we remember Mary as a bright, cheerful, beautiful inside-and-out person who was in our library. I have to say I used to start almost every day by coming into the building and going into the library and saying good morning to Mary for that cheerful smile that she was so famous for, and, of course, I depended on her hundreds, if not thousands, of times for instant research into matters that the library handled. She was certainly a bright spot and a cheerful spot in our hard-working days, for so many years, and we regret her not being with us now.

I think, for those of us who were at the funeral a few months ago, the love of those who talked and memorialized her, and all of her friends and colleagues, it certainly showed that she was a person that we all admired. I am happy today that we are memorializing Mary, and I'm so pleased that her family—I guess it was last session that Roger, her son, over with Mr. Callister, was one of our Sergeant at Arms and worked ably and, like his mother, was a pleasant, hard-working person. So we had both of the family here at that point in time. I am very pleased to be able to do our small part in memorializing Mary Nichols for all of the service that she gave to the state, not only at the University, but in the Legislature.

We called her "Silver City Mary." She was really a character because she could mix with everyone from some of those wild characters from Silver City up to the black tie affairs that we have to attend and people that we deal with. She handled it all wonderfully. She is sorely missed and will be remembered for a long time by those who worked with her.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in support of A.C.R. No. 92. As the people over in the library will tell you, I'm sort of a pest. Not just during the legislative session, but in an ongoing way. I'm always calling and asking for this, that or the other, and it was always such a delight when I got Mary on the line. Sometimes I would have to request her because she somehow had a way of knowing what I needed better than I could express. That's what I really need is somebody who can read my mind. Mary had a way of going right to the source, getting exactly what I needed in a very quick way, always with helpfulness, good humor, and I am one of those people who miss her greatly.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of the resolution. I, too, would like to lend some words to Mary's memory. She was sunshiny—that's a trite expression—but she was always a ray of sunshine. I think back to phone conversations—the sunshine came through the phone—when you were calling to request something. Another expression that is sometimes considered trite is that she was sweet; she wrote the book on sweetness. For the new members who didn't have the benefit of knowing her, there are three additional terms that come to mind. If you take all the staff that you have met during the session, the new people, and you find the person that is kindest, the most gracious and the most competent, if those staff members will please forgive me, if you would take that ideal person times two or times three, that would be what Mary Nichols was like.

ASSEMBLYMAN CALLISTER:

Thank you, Mr. Speaker. I just wanted to briefly rise in support of the resolution and echo the sentiments of my associates here. You know, so frequently I think we who sit here in the limelight, in front of the cameras, talking to the reporters, most of the time if we have anything meritorious or worthwhile to say at all, that if we're lucky enough to, it's because some staff person, typified by Mary, put those words in our mouth. Too frequently we forget those who stand in the shadows who make us sound like we know what we're talking about and I think she and all our staff typify that.

Also, I would like to express my condolences to the family and acknowledge that perhaps my closest association in the last six years that I've been here has been with Roger who is joining me here today—mostly because we listen to the same kind of music.

MR. SPEAKER:

I, too, would like to lend my support to the resolution, if I might speak from here. I have known Mary for many years as she was one of my constituents at one time as her son is now. It is a fine family and we sorely miss her here at this session.

Resolution adopted unanimously.

Assemblyman Price moved that all rules be suspended and that Assembly Concurrent Resolution No. 92 be immediately transmitted to the Senate.

Motion carried unanimously.

Resolution read third time.

Remarks by Assemblymen Myrna Williams, Pettyjohn and Freeman.

Assemblyman Humke requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. Senate Joint Resolution No. 15 expresses support for the Baltic States of Lithuania, Latvia and Estonia in their efforts to restore independent sovereignty. The resolution highlights progress towards democracy in the Soviet Union, but it condemns the recent brutal attacks by the Soviet Union against the people of the Baltic States.

The resolution urges President Bush and the United States Congress to review all economic benefits provided by the United States to the Soviet Union and take whatever action deemed necessary to ensure that all further use of force by the Soviet Union to impose its will upon the people of the Baltic States will cease immediately. It further urges the President and Congress to pursue the strengthening of diplomatic ties with the Baltic States to demonstrate this country's support for the restoration of the sovereignty of those states.

May I say to the members, Mr. Speaker, as with any resolution, this is the voice of the people of Nevada going to the President, suggesting to him what our feelings are. This is not mandatory; this is an informational tool. That's what resolutions are and that's how our government finds out how the people in this country feel about things.

ASSEMBLYMAN PETTYJOHN:

Thank you, very much, Mr. Speaker. I don't rise to urge anyone to vote for or against this resolution. I simply rise to state or explain my position for my "no" vote. No one can deny that the basic sentiment of this resolution is correct. Also, no one can suggest or infer from my remarks or my vote that I am in opposition to that sentiment.

Most of you are aware that I spent 30 years of my life in a profession dedicated to the notion that communism or any other totalitarian form of government, and, in particularly, as in the case of this resolution, the Soviet Union, is inherently evil and is wrong.

I spent six years of my military career living in Western Europe as a part of the NATO military forces in direct opposition to the Soviet Union and its Warsaw Pact allies. I spent another seven years in the Pentagon where I dealt directly with the problem of developing policies and acquiring forces to deal with the problem or the task of containing the spread of Communism throughout the world. I sat directly across the table from the Soviet members as we negotiated the strategic arms limitation talks in Geneva, Switzerland. My life has been a testimony of my personal opposition to and my feeling of repugnance for everything for which they stand. Most importantly, I hold most repugnant the Soviet Union's propensity to spread its influence and control by force and by tyranny.

My objection is in the content and the form of this resolution. I simply believe it is not appropriate for this state, even in the form of a resolution, to dictate or to suggest to the President of the United States that he has not done those things which this resolution urges him to do. Those actions have already taken place. I think that we dilute the effect of our resolutions if we want to send a strong message in the future. Any time we send some which are, I will perhaps use too strong a term now, say frivolous, and this is not frivolous; certainly those people who crafted this are sincere about it. But if we want the effect of our resolutions to have an import then we ought to send them rather sparingly. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I rise in support of this resolution. As a matter of fact I introduced the same resolution. It's A.J.R. No. 16. Because of a mix up during the day that I testified, it's the Senate resolution that did pass. I would like to echo the comments of my colleague from Las Vegas and I do support this resolution.

Assembly Bill No. 577.

Bill read third time.

Remarks by Assemblymen Arberry, Wong, Freeman and Bergevin.

Assemblyman Scherer requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. A.B. No. 577 freezes the bill charges of major Nevada hospitals for the period beginning July 1, 1991 through June 30, 1992. In addition, the amount by which bill charges may be increased on each of the three sequential fiscal years is limited to the percentage of the medical component of the Consumer Price Index of the preceding fiscal year. Such increases may be made after the hospitals have been notified by the Director of Nevada Department of Human Resources of the following percentage. Also a major hospital is defined as one having 200 or more licensed beds or one within a group of affiliated hospitals which have a combined total of 200 licensed beds in the county which is not operated by a governmental agency. The limitations are per charges based upon a charge master submitted to the DHR on July 1, 1991. Certain other increases are allowed with approval of the DHR Director including increases to offset any new taxes or in cases by which a major hospital would consider the financial condition so weakened that the quality of care provided was seriously jeopardized by the provisions of A.B. No. 577. Penalties are provided for the major hospitals which willfully and intentionally violate the provisions concerning price increases.

A.B. No. 577 requires a major hospital to reduce the total bill charge by at least 30 percent to patients who do not have private or public health insurance and who make reasonable arrangements within 30 days after discharge to pay their hospital bills.

The bill also requires major hospitals to establish a foundation to promote and encourage the practice of nursing in the hospitals. In addition, the bill requires a hospital-created program which will provide technical assistance in rural hospitals in cooperation with the University's Medical School, the Governor's office and rural hospital organizations and also promote willingness and physical fitness in prevention of disease and accidents. This measure also creates a bureau of service for health care patients within the Nevada insurance division. The bureau is authorized to arbitrate billing disputes between patients and hospitals. Out of the program and provisions of A.B. No. 577 include the cost of monitoring and compliance with the requirements concerning charge increases are supported by assessment of the major hospitals. In addition, hospitals other than federal or state hospitals with 49 or more licensed beds are required to help fund the bureau of service for health care patients. Additionally, the bill requires Nevada division for the review of health resources and costs included in its quarterly publication of Nevada hospital charges and information regarding each hospital's contract which provide discounts on bill charges or certain categories of pairs. This information is also included in certain reports filed by DHR.

Finally, A.B. No. 577 authorizes the Governor to establish a task force to study the issues of public health policy. The major hospitals are required to fund the task force which will report its findings and recommendations to the Governor and the Legislature by September 1, 1992.

ASSEMBLYMAN WONG:

Thank you, Mr. Speaker. To you and through you to this honorable body. I rise in opposition to A.B. No. 577, not for what it does but for what it fails to do. When I came to this body my constituents clearly advised me of their priorities—the major issue was hospital cost containment. This bill, A.B. No. 577, will only perpetuate Nevada's top position in hospital costs. A similar effort in 1987 led to the current plight we are in today. A recent UNLV poll, which I have right here, shows that more than nine out of 10 people in the State of Nevada supported a rate-setting commission. A.B. No. 577 is a cruel ruse to the voters of Nevada, and I can assure that the 67th session of this body will once again deal with hospital costs.

A top hospital executive recently told me Nevada will experience a 300 percent increase by the year 2000. Given that position, we must strictly regulate hospital costs. A rate-setting commission like Maryland is the only viable solution. I will not break faith with my constituents and will be voting no on A.B. No. 577 and encourage my fellow legislators to consider a like response.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker, for the second time. All due respect to my colleague from southern Nevada. I feel that A.B. No. 577 was basically the birth child from A.B. No. 289. A.B. No. 577 is a step in the right direction. A vote no against this is basically sending a message to the people of this state that you are really not concerned about health care. Even though this might not be a perfect piece of legislation, it is a piece of legislation that most of us can live with and feel that it is letting the public know that we are concerned about the high cost of health care, not only in this state, but in the country. I feel that if we get it to the Senate in the late efforts of this session, coming to a wind down, that we need to let the public know that we care. We need to send a straight message that A.B. No. 577 is that good and perfect message.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I rise in support of A.B. No. 577. This was a sincere effort by the executive branch and by the hospital industry to come to a resolution of the problem of high health care costs in this state. We all know how high it is. I have sat on the statutory committee on health care for some five years, along with my colleague from Las Vegas, Mr. Arberry. We are certainly aware of the many problems. This bill does have some real strengths. One, it directs its attention to outpatient costs which were not considered in A.B. No. 289 which was one of the major problems when we passed that bill out four years ago. We have seen some major problems as a result of that. It rolls back the cost of health care for people who cannot afford their own. It provides funding for nursing education which has been a major topic of conversation during the past five years. I would also like to point out to my colleague from Las Vegas, Mr. Wong, that we did have the director of the commission of Maryland come to speak to us one evening at a joint meeting of the Senate and Assembly health care committees and describe to us how the system worked. In discussing it with various people who are very learned in this area, it would be very difficult for Nevada to have a rate setting commission similar to Maryland's and there is a very good reason for that—you must have a Medicare waiver. In order to have that waiver, the state is required to fund Medicare at a certain level. Because most states are having funding problems and are unable to come up to that level some states have even lost the Medicare waiver and it sometimes takes six to seven years to get it. So it's certainly something to discuss in the future but at this time it is not really feasible for the State of Nevada. I would ask you to support this. There is a task force planned so that we'll review this. I know that we're all sick of hearing of studies and reviews and so on, but I think this is an honest effort. I am personally meeting with some of the people in the industry and am willing to work with them in study groups or whatever we need to do to benefit the people of Nevada.

ASSEMBLYMAN BERGEVIN:

Thank you, Mr. Speaker. I would just like to ask a question of my colleague from Las Vegas. There's a $237,000 fiscal note for the fiscal year 1991-1992 with an ongoing fiscal year cost of $168,000. I want to know if this is in the executive budget.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. To you and through you to my colleague. Yes, the fiscal note on this is the amount of money that is going to be placed by the hospitals. It isn't any money coming from the general fund or from the budget at all.

ASSEMBLYMAN BERGEVIN:

Then I would have to ask another question. If the hospitals have to reduce their costs by 30 percent, to those that can't afford it, and pay an additional quarter of a million dollars into the state coffers to administer this program, you are, in effect, creating a situation

where you're cutting deeply into their profit line. Somebody's going to have to pay for that, and I presume it's going to be the patients that pay—not those that can't afford to pay the higher costs for hospital care. Can you answer that question please?

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. To you and through you to my colleague. Yes, with this bill, it might look like I'm not for profit. I think any business should have the responsibility to make a profit. When we have a problem with high health care costs in this state, this basically isn't really taking away from their profits. This is just showing the hospitals that they need to be a little bit more responsible. That is the scenario here.

Assemblymen Porter, Myrna Williams and Garner moved the previous question.

Motion carried.

Prayer by the Chaplain, Assemblyman Val Garner.

Father in Heaven, we humbly bow our heads this morning at the beginning of our legislative day and we wish to thank Thee for the many blessings that Thou has poured down upon us. We are grateful for the moisture that we have received in the last several weeks and pray that Thou will continue to bless the western part of the United States with this much needed moisture.

We pray, Father in Heaven, that Thou will bless all the leaders of government from the federal level, state, and especially here at the local level. We pray that during these closing days of the session that we will be more considerate, more patient and more anxious to resolve differences as we work towards closing this session down. We are grateful, Father in Heaven, for all the blessings that Thou has given us and we pray that we will keep Thee ever in mind as we work to bring the session to a close, that we will have the patience and understanding to work one with another and that we can walk away from here when it is all over with good feelings and with the sense of accomplishment that we have come here to achieve. We ask this prayer humbly, asking that Thou be with us and our families while we are away from them, to watch over them and protect them, and keep them from all harm. *2. If approval to operate a gaming device in a restricted area of a public transportation facility is sought for a gaming device located in an area of a public transportation facility that may become a restricted area, the application for approval must be filed with the board at least 15 days before the anticipated restriction of the area or such shorter time as the board may allow.*

Bill read third time.

Remarks by Assemblymen Gibbons, Carpenter, Petrak, Giunchigliani, Scherer, Price, Sader, Myrna Williams, Elliott, McGaughey and Humke.

Assemblyman Petrak requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. S.B. No. 120 makes it unlawful to have an open container of alcoholic beverage in the passenger area of a motor vehicle while the vehicle is on a highway. This measure was supported by representatives of the Mothers Against Drunk Driving, the Nevada Commission on Substance Abuse Education Prevention and Treatment, and the Nevada Highway Patrol Division of the Department of Motor Vehicles and Public Safety, among others. The bill is intended to send a clear message that alcohol and driving do not mix, including the use of alcohol by a passenger or even the transportation of an open container in the passenger area. No significant testimony was presented in opposition to the measure although certain exemptions were requested. Mr. Speaker may we go to Order of Business No. 15.

Mr. Speaker, in Nevada, in 1990, there were 343 people killed, 21,000 injured in traffic accidents. Approximately one-half of these accidents were alcohol-related. I think the benefits of this measure first of all go to reducing the number of drinking drivers and the number of alcohol-impaired drivers. I think you're going to find that anyone who raises the argument, and there will be those arguments, that this bill infringes upon the rights of others, must remember that our right to do as we please must not relieve us of our responsibility to resolve social problems or to avoid harming others. There are also those who would argue that the bill can't be enforced or that it would encourage more litter. I would suggest that perhaps that is true, but it will discourage drinking and driving. I think on balance, when you weigh the two, that this bill makes more sense. I think our goal that we all share, of course, Mr. Speaker, is that driving under the influence is an unacceptable problem in our society. I hope that you support this bill.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in opposition to S.B. No. 120. Those that drink and drive must be punished and punished severely. I think that we're doing that. However, I cannot support legislation that I think would make lawbreakers out of the people that are not doing any wrong. To assume that anyone that drinks a can of beer in a car, the person that's not driving, is a lawbreaker—I don't think that's right. S.B. No. 120 makes it unlawful to have an open container in the passenger area. I think it defeats the purpose of

the designated driver. If you try to get your friend who is drunk into the car and try not to take the container with you, I don't think that's going to work. It doesn't work in the true world. They say, call a taxi, or something like that, but try to call a taxi in Jarbidge or Gerlach or Red Rock Canyon, some place like that.

The open container law has been in effect in Reno for over 20 years. I just haven't seen any statistics that would purport that this is going to do anything to stop the drunken drivers. I think that the real problem is, how are we going to educate our children to drink in moderation when the beer companies spend millions? They say that the only way you can have fun is have a beer. The guy with the beer gets the girl with the bikini or something to that effect. I just don't think that we're going to be able to get an education program as long as they throw millions into this. As I say, I see no statistics that say that this is going to work, and I really have a hard time for somebody that's just drinking a casual beer to become a lawbreaker. So, I am against S.B. No. 120. Thank you, Mr. Speaker.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in the Assembly, I rise in support of S.B. No. 120. Order of Business No. 15, Mr. Speaker.

To my colleagues, about six weeks ago I stood here and told you about the times in a person's life and how you'll have some good times and you'll have some bad times. I want to relate to you a little bit about a bad time. Twenty-five years ago this September 14, back in Ohio on the street where we lived, it was a sunny afternoon—there weren't any cars parked on the street. It was a dead-end street and there was a cul-de-sac at the end of the street. There were eleven houses on each side of the street. About 3:30 in the afternoon, my three children were coming home from school and Loretta was walking along the sidewalk. Bob was riding his bike alongside and Jimmy was on the cul-de-sac, this street where there weren't any cars parked. It was a nice sunny day, and Jim was riding a little bit ahead of the other two, and it just so happened that there was a van that turned the curve and came down our street. In this Econoline van, the man didn't put on the brakes. He didn't honk the horn. He ran down my son on the bicycle. The only thing that stopped the van was the fact that one of the wheels on the bicycle acted as a sprag up around the front wheel. It came to a halt on the curb. Jimmy's body was dragged under this van for 96 feet. He had a double skull fracture. He had a punctured lung. His body was completely abraded. The police department when they got there had to bring a truck to lift this vehicle up off Jim's body before they could take him to the hospital. We weren't sure whether Jim was going to live for about 22 days. He stayed in the hospital for 40 some days and he had six sessions of plastic surgery. The man that ran him down had an open six pack in the van. A couple of bottles were open. He was arrested for drunk driving and within 72 hours he was out on bail.

When I think about things like this, I think about the grandchildren of a lot of our people here. I think about how it could happen to them, and I think about the old people on the street, how it could happen to them, also. Just because some guy decided it was good to take a can of beer or a six pack of beer and get into a vehicle, or allow someone in the vehicle, to do something which shouldn't be done and allow them to do that just for the sake of having a good time. I think that is kind of a sin. I think it's time when we should get with some situations that happen to all of us. Assemblyman Gibbons told about the number of deaths last year because of this particular whim in our society. I think you ought to think about it. You ought to look at your family tonight, and think about your grandchildren back home, if you're old enough to have grandchildren. Think about the fact that it could happen to them, then what would you do. We've got to do something. This is just one way, not the way, it's one way, with which we can help this situation. So I plead to you, please vote for S.B. No. 120. It's important to us and to our society, and to our State of Nevada. Thank you kindly. I encourage all of you to support S.B. No. 120.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. To you and through you to my colleague in Assembly District 23. How does this affect motor homes?

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. To you and through you to my colleague from southern Nevada. There is an exemption in the law itself, page 1, line 11, which includes an exemption for house coaches and house trailers.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise in support of S.B. No. 120. I think this does send a clear message. I think it's an important bill that we need. I would like to point out two things. One, this is a misdemeanor citation we're talking about. Unlike a bill we heard in Judiciary not long ago, this does not impact on the prison population. I think it has been crafted properly, and I think it will have the desired impact and not be enforced in an overboard manner. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. Actually I have a couple of questions. I don't know if they were discussed. I have opposed this in the past, and I've tried to keep my mind open. I must honestly say that the description of what happened years ago from my distinguished colleague, to some degree, lends argument to me in opposition of this bill. We tend to, understandably, be very emotional, and should be, about deaths and about drunk driving and about irresponsibility of people that we know who become involved in that. Somehow this bill goes beyond that because there are several situations, I believe that can happen. We're not talking about drunk drivers. We're talking about passengers who may have opened a bottle or a can of beer or something. Do I understand from reading the bill, which is very simple, that, for example, you've loaned your car to someone and they've returned it. If you didn't bother to look under the seat and there happened to be an open beer can or even some type of a bottle that had the seal broken on it, you then would be eligible for a fine if you got stopped for some other reason if the policeman looked in your car and under the seat was an open can that you didn't even know about—would that be a possibility?

Beyond that, if that is the fact, I have a problem transferring the actions of the passenger to the driver. As my colleague from Elko indicated, that's why they came up with the idea for a designated driver, and so forth. I don't think we should mix the emotion of what happens when someone has an accident who is a drunk driver, etc., from the reality of, to some degree, taking away privileges. They're not rights under the Constitution or the law that people talk about, but they are privileges that we have control over here. I would like to know, can that sort of thing happen?

ASSEMBLYMAN SADER:

To you and through you, Mr. Speaker, to the Assemblyman from District 17. The answer to that question is yes, that sort of thing could happen. It would seem to me an extremely remote example of the way the law could be misapplied. It would also, of course, require the law enforcement officer to exercise exceedingly bad judgment in citing in that sort of situation. But I would also point out that all types of illegal things could also be in the same kind of example; cocaine could be left under the car seat and you could certainly be picked up for that if you loaned the car to somebody; a sawed-off shotgun—we just voted on that—and drunk drivers kill a lot more people in this country every year than cocaine and sawed-off shotguns.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I have a question for the Chairman of Judiciary. I belong to many organizations who do many kinds of fundraisers, and oftentimes it is a wine and cheese party or whatever. If they have any of the wine or alcohol, or whatever it may be, left, and they want to transport it after the event, what happens under the open-container law under this bill?

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. To you and through you to the Speaker pro Tem, that's really an excellent question, an excellent example, because it worries a lot of people. The answer to the question is the bill prohibits an open container in the passenger section of the car, that is that part of the car that is designed for passengers. So if you put it in the

back seat or the front seat, you could theoretically be cited. The real answer to the question is you need to put it in the trunk or you need to put it, if you have a hatchback, in the area that is not designed for passenger seating because that takes care of the problem. So people might have to be a little careful, more careful than they otherwise would have, if they are used to putting bags in the back seat. But the other part of that, I think, which is really more important, is that, again, it takes some real bad discretion on the part of law enforcement individuals to cite in that sort of situation, assuming the driver is not intoxicated or otherwise. This law has been in effect in the City of Reno and in Clark County—the City of Reno for many, many years and Clark County since the last session—and there just aren't any examples of law enforcement citing in these kinds of situations; it just isn't happening. To some extent, when you talk about the application of any law, you can find farfetched examples of very inappropriate situations for citation, and you have to rely to some extent on law enforcement discretion.

ASSEMBLYMAN ELLIOTT:

Thank you, Mr. Speaker. I rise in support of this bill although I am personally opposed to it because of all the different reasons that have been stated here. I guess the reason that I support it and am voting for it is because in discussions with some of the people in law enforcement, one of the problems that is not easily addressed is the fact that when you have somebody who is driving and drinking, unless the officer makes the stop, they hand the beer off to the person next to them, and they can get away with it unless the officer specifically sees that happening. So it is kind of an operative tool; unfortunately, it's kind of like one of those Rube Goldberg things where you go all over the place to finally get it to work.

But I guess I would also say that in testimony during the hearings, Colonel Yukish brought some very graphic photographs, as well as video tapes, and certainly there was no correlation exactly between open containers and that sort of thing causing the wreck, but definitely the people involved, whomever they were, had open containers and had been drinking in the car, and it was not very pleasant to watch. So my feelings are, if it will save one person's life, because one person happened to say, "Look, I don't want to get a citation, so I'm not going to carry my open container into the car," that's better than everybody getting to feeling good and drinking while they're going down the highway. If that happens in one incident, then I think it is probably—then I know that it is worth it.

Secondly, in discussions with some of the law enforcement people, they assured me that they would try to work out some very graphic educational programs with the schools, and high schools in particular because those are the most impressionable people, and in that program bring those video tapes. One of the suggestions that has come out of that, too, as many of these kids are on community service, is to bring them to some of these wrecks to help clean them up. I think those kinds of things would stick in people's minds, and that educational process needs to take place because that's where it all begins is in your formative years and not after the fact. Thank you.

ASSEMBLYMAN MCGAUGHEY:

Thank you, Mr. Speaker. I have two questions for the Chairman of Judiciary. One would be, doesn't the law today prohibit a driver from having an open container in his possession or drinking while he is driving?

ASSEMBLYMAN SADER:

Yes.

ASSEMBLYMAN MCGAUGHEY:

Second question. Motor homes that are caravanning to a sporting event or some other social event—and we have done them here in this house—why would the driver of that motor home be exempt from the same conditions that we are requiring of a car? If that motor home is full of partying revelers and it is okay to have liquor there, a motor home could do great damage to any car because they are a 30,000 to 40,000 pound vehicle. Why is that person exempted when there is probably more of an opportunity for that kind of a thing to happen or at least as much as a car?

ASSEMBLYMAN SADER:

Mr. Speaker, to you and through you to the minority leader. You raise an excellent question of where you draw the line in these types of laws. Having been here for the last two sessions, the minority leader is well-aware of all the arguments that were made about exempting taxicabs and public conveyance, exempting mobile homes because people live in them and can drink safely in the back. So you see, when you create exceptions, you can have problems. It's always a problem with where to draw the line. Certainly somebody in a mobile home could be driving and drinking when they otherwise wouldn't if this law applied to them, but on the other hand, the mobile home is a situation in which people live and recreate and enjoy alcoholic beverages as you would in your own home. We felt it appropriate to draw the line in that spot.

ASSEMBLYMAN MCGAUGHEY:

I have a difficult time reconciling where, if we are trying to do something about the person who is drinking on the highway behind the wheel, I don't think that living in a motor home or traveling in it is an excuse. It seems that is sort of hypocritical to prevent a car driver from drinking and driving but say it's okay for a driver of a motor home to be drinking and driving. I think that is totally inconsistent. For that reason, I think the bill should be further amended to include all drivers, no distinction at all. Thank you.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of S.B. No. 120. I've been here a few times and have heard essentially the same bill a few times, and frankly I would say I have not today, heard any new arguments or questions. I simply think this is an issue whose time has come. Thank you.

It is a unique way for districts to be able to deal with the issue of safety in the schools but we want it because it is something that is brand new. We did want to take into account the reporting facts, the base line and the form of a possible sunset in 1995 for the situation. I would urge my colleagues to support A.B. No. 86. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. S.B. No. 313 revises the restrictions on the smoking of tobacco in certain public places; requires the county board of health to enforce the smoking restrictions, and prohibits the local government from imposing more stringent restrictions. It prohibits smoking in any maintenance facility or office associated with the bus system operated by a regional transportation commission or a school bus. It clarifies that persons in control of public buildings in certain school districts may designate an area which may be used for smoking but need not designate a room for smoking. The operator of a restaurant with a seating capacity of 50 or more must maintain a flexible non-smoking area within the restaurant and offer each patron the opportunity to be seated in a smoking or a non-smoking area. A business which derives more than 50 percent of its gross receipts from the sale of alcoholic beverages or gaming operations may be designated as a smoking area in its entirety. This bill exempts licensed gaming establishments from the smoking prohibition, but allows them to designate separate smoking or non-smoking rooms or areas within the establishment. The definition of public buildings is revised to mean any building or office space owned or occupied by the state or local government. If only part of a building is owned or occupied, the term only applies to that portion of the building that is so owned or occupied. Nevadans for Non-smokers Rights requested this legislation. It's been supported by various health coalitions in the state. This is a compromise bill of all of the interested parties, and the committee recommends do pass.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. To you and through you to my colleague from Washoe County. I'm curious as to the rationale on why a local government could not impose a more stringent restriction.

ASSEMBLYMAN FREEMAN:

I have to be honest with you, Mrs. Evans, I don't remember the answer to that. I would defer to the chair of Health and Welfare.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. To you and through you to my colleague from the north. Yes, the health district did come in and speak to me on this issue. They probably would have a problem enforcing this, but they were glad to see something like this take place. They felt that this was a step in the right direction.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I would rise in support of the bill. At least it's a first step. I think a report came out this last week. I heard on the radio that, I believe, the number was 50,000 citizens died from side smoke. More than that, if we get this thing passed my daughter will quit calling me and bugging me about it.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. To you and through you to my colleague from Assembly District 7. By removing the term of "room" and inserting "facility and area" was there discussion regarding how close in proximity that area had to be to where that person worked?

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. To you and through you to my colleague. Yes, there was. There were some concerns with the school district and also with the teachers having to leave the campus grounds. The clarification in this piece of legislation was to make sure that they didn't have to go down the block, down the street, or around the corner to smoke. So the clarification is that they have to provide something on campus.

ASSEMBLYMAN NORTON:

Thank you, Mr. Speaker. I would like to rise in support of this bill. I think it's a very good piece of legislation whose time has come.

Assemblyman Wendell Williams requested that the following remarks be entered in the Journal.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. S.B. No. 464 provides for binding arbitration and collective bargaining between school districts and employee organizations representing teachers and educational support personnel. The procedures are similar to those applying to firefighters and police officers. The process incorporates a method known as "Last Best Offer" with the arbitrator directed to choose one of the final offers in its entirety. In other words, the arbitrator is precluded from combining elements from each proposal into a package which he or she decides. The bill is supported by the Nevada State Education Association.

Also, for the record, I am a teacher, but I will be voting on this issue. It doesn't affect me any differently than it does every other teacher or educational support person.

ASSEMBLYMAN MCGINNESS:

Thank you, Mr. Speaker. If I could have a qualification please, on line 7, "at least four sessions of negotiation." I served on the school board in Churchill County. I was on the negotiating team that met many, many more times than four sessions with that. At the end of four sessions, could either side just arbitrarily decide that it was the end? Could somebody answer that question, please.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. In the current law with regard to firefighters and policemen, there is no minimum number of sessions at all. This was proposed to give at least a minimum number.

ASSEMBLYMAN BERGEVIN:

Thank you, Mr. Speaker. I rise in support of A.B. No. 464. I've been one of the, perhaps, objectionists to expanding the bargaining powers of Chapter 288, and I would submit to you that this is the only bill that has gotten out of Government Affairs that has to do with Chapter 288. When I was chairman of Government Affairs in 1985, we passed a similar bill for the Police Protective Association. In my talking with both management and labor representatives of that association it has worked well. The "Last Best Offer" is a situation where everything, if they come to an impasse, the whole package has to be put into a last best offer. I feel secure that this will bring out the best from both sides of negotiations and will probably represent a better type of negotiation than presently exists with the school teachers.

ASSEMBLYMAN JOHNSON:

Thank you, Mr. Speaker. I have a question. The difference between this bill and the firefighters is the firefighters' bill is April 10, I believe, and this has four negotiating sessions. After the four sessions, do you take the last best offer, the fourth one proposed or is there a chance to come back and make a last best offer?

ASSEMBLYMAN GARNER:

Thank you, Mr. Speaker. I think I can respond to that. In Section 1 of the bill, subsection 2, it says that these parties will conduct at least four sessions and then either one, it's my understanding, can ask for binding arbitration, and they'll go to that kind of negotiations. I also want to say that I stand in support of S.B. No. 464. The testimony we had in committee would indicate that the collective bargaining agreements and binding arbitration has worked well for police and firemen. There hasn't been any problem with that, and I support strongly S.B. No. 464.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I just wanted to relate to the body, not that they don't already realize this, that I am a school teacher and that I will be voting on this particular bill because I will not be affected any differently than any other members of the unit to which I belong.

ASSEMBLYMAN MCGAUGHEY:

Thank you, Mr. Speaker. I rise in support of S.B. No. 464. The history with the police and the firefighters shows that the system works very well. It doesn't require anyone to go to binding arbitration after the fourth meeting. It just provides that they can if they want. The rural areas, I believe, can resolve their contracts a lot faster than maybe some of the urban areas and that's why the flexibility is there. I believe it will streamline the system. You will end up with a faster resolution to the differences between management and the employees, so I urge support.

ASSEMBLYMAN STOUT:

Thank you, Mr. Speaker. I rise in opposition to this bill for one very good reason. We elect a school board; we elect public people to watch our taxpayers dollars, and it seems more and more we're passing legislation that takes the control of those dollars out of the elected officials' hands. I think it should be kept with the elected officials, even the firemen and police probably should be continued with the elected officials. Therefore, I would hope that we would maintain the taxpayers status and keep it with the elected officials and not with arbitration. Thank you.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I rise in support of S.B. No. 464. What this bill finally does is, it allows teachers to be able to resolve impasse in a partnership sort of way with the school board when they're in the process of bargaining. This body decided back in 1971 to prohibit the right to strike. In absence of that right, there was never any ability for us to resolve impasse when we were at the negotiations table. What this legislation finally does is it allows the closure to be brought to the process and again eliminates the right to strike. Also, an arbitrator will solely rule on the ability to pay which benefits the school district and prohibits any type of bankruptcy. Compared to what happened in Washoe County this past month, they went to arbitration, but it was for an entire year. There was no means to put "Last Best Offer" on the table. What this simply does, is brings us, as teachers, into the same types of laws as policemen and firemen and treats us as equals. I will note for the record I am a school teacher, but I am not benefitting any differently than anyone else for this.

ASSEMBLYMAN HALLER:

Thank you, Mr. Speaker. I rise in support of S.B. No. 464. I've had many years of experience with NRS 288 and its workings. I do take exception to the issue the elected people are not in this act. In fact, the school boards are very much in the act because they have to make the final decision as to whether or not things happen. I would suggest too, that the school board represents not only the teachers, but represents the public, represents the administrators, represents the voters, in fact, represents everyone. So, there's kind of a suggestion here that school boards are anti-teacher. That certainly hasn't been the case in over thirty years that I've been associated with them. I would have to say, however, that frequently the employed people, who are employed as administrators in the school district, frequently take a united attitude and do get into confrontational activity against teachers. Generally speaking, administrators, school boards, and teachers have worked as a team and this is an improvement of the team effort.

### CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 566.

The following Senate amendment was read:

Amendment No. 946.

Amend the bill as a whole by renumbering sections 1 through 3 as sections 3 through 5 and adding new sections designated sections 1 and 2, following the enacting clause, to read as follows:

"Section 1. Chapter 218 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

Sec. 2. *1. Except as otherwise provided in subsection 2, when the legislature is in adjournment for more than 4 days during a regular or special session, each senator and assemblyman is entitled to receive the compensation provided for a majority of the members of the legislature during the first 60 days of the regular session or the first 20 days of the special session for each day that he attends a meeting of a standing committee of which he is a member.*

*2. This section does not apply to any senator or assemblyman who is otherwise entitled to receive a salary for legislative service.*".

Amend section 1, page 1, by deleting lines 1 through 3 and inserting:

"Sec. 3. *1. In addition to any other adjournment taken during a legislative session,*".

Amend the title of the bill, first line, after: "relating to the legislature;" by inserting: "authorizing the payment of a salary from the legislative fund for work on committees during an adjournment of the legislature under certain circumstances;".

Assemblyman Myrna Williams moved that the Assembly do not concur in the Senate amendment to Assembly Bill No. 566.

Remarks by Assemblymen Myrna Williams, Kerns, Marvel, Johnson, Porter, Goetting, Elliott and Callister.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. Yes, the committee voted on this. We do not agree with the Senate. It was never envisioned at the time of the adjournments that those would be paid. The Constitution is clear. Whether it's fair or not is not the question. It's clear.

ASSEMBLYMAN KERNS:

Thank you, Mr. Speaker. I don't quite understand what my colleague is talking about being constitutionally right or not. The Senate put this amendment on and it was given considerable thought by the Counsel Bureau. This amendment just happens to be the same amendment that I had on this side and we went over it very thoroughly with the Counsel Bureau and they said, "that it's defensible." For whatever that means, it's defensible in the Constitution.

So far we have done nothing for the legislature in this session except put road blocks in every direction to making this a desirable job. We had a very distinguished committee, a Blue Ribbon Committee, that spent the whole last 18 months, Order of Business 15, Mr. Speaker, that spent 18 months determining what was needed for the legislators. Our Legislative Functions on both sides apparently, one side, both sides, somewhere, has seen fit to ignore all the recommendations that this committee worked so hard to do. We even

had recommendations, in fact, this amendment was the recommendation of Leola Armstrong from Common Cause, who was one of our biggest opponents of anything last session for the legislators. I even read an editorial by Mike O'Callaghan, who was another one of our big opponents, recommending that some of these things that the Blue Ribbon Committee recommended for us to be done and needed in the worst way, but apparently we have seen fit to do nothing for the legislators and in a very, very small way is an attempt to do something not just for the legislators but to make this adjournment work. As it sits now, the money committees meet, and it's good, and it probably really would benefit this legislature to have those money committees meet, but because they are not being paid, we are forced to have all committees meet because it dosen't work too good to have half the membership meet and work for nothing and let the other half go home. With this amendment, we would be able to have the money committees meet and we'd be able to send the rest of them home if they weren't needed because only the committees that meet will get paid.

I don't really think there is any possible way anybody can justify that a few people sitting on a commission like they did last year, this year, can volunteer two weeks of your time without you even asking whether you liked it or not. You just went down there, whether you were needed or not, and I think it was very well pointed out, some of these committees were needed, some of them weren't. It was a total waste of everybody's time for some of these committees to have met. We did nothing, literally nothing. We met for an hour. I enjoyed Las Vegas. I got a lot of golf in down there. Didn't get much pay for it, but it was a lot of fun. We could have probably spent three days and accomplished exactly what we did in two weeks down there. With this amendment, that committee could have gone home when they finished their work but as it sits now, they have no choice but to stay for the whole time because you can't ask half the people to work for free and send the other half home.

I urge your voting against the not concurring on this bill because I think the Senate looked at it far more clearly than we did. We are more interested in what the press thinks than what real facts are. So I urge your no vote on this non-concurrence.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I must respond to my colleague from Washoe. I think it is important for people to understand that the two-week adjournment and the committees going down to Las Vegas, was not designed because people were working on Ways and Means. It was designed to bring the legislator and the legislative process to two-thirds of the population in this state that have never had an opportunity to understand what goes on. It did provide that opportunity and it was greatly appreciated by two-thirds of the population. That was the purpose of meeting in Las Vegas. As to the Commission, they have never submitted a bill, requested a bill nor have they done anything other than make a report for joint committee of both houses, joint committee. No bills have come through on that, no requests were made and I think that should take care of that subject. I would urge everyone to vote to support the committee's recommendation. It is the recommendation of the committee that we not concur.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I served on the interim committee and this amendment somewhat addresses one of the recommendations that was made. I don't think any of us envisioned that we would have so many committee meetings in Las Vegas. It was primarily designed so that the money committees could go ahead and have all-day hearings on the budget committees hoping to expedite the legislative process. I think it expanded a little bit further out than what any of us had envisioned and somewhat beyond our recommendation. I do support the fact that the persons that are going to be working should be paid the same as those that are working on interim basis between the sessions.

ASSEMBLYMAN JOHNSON:

Thank you, Mr. Speaker. There are two issues here. I certainly support going to Las Vegas and the principle of the adjournment; however, I would encourage a no vote on this. Certainly, bringing up the constitutional question is spurious. If you wish to hold to that standard then I would insist that you not receive pay in the interim committees.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. Just to clarify, I rise in support of the motion not to concur in Senate Amendment No. 946 to Assembly Bill No. 566 made by the Chairman of Legislative Functions and Elections.

Mr. Speaker, this amendment is, as my distinguished colleague from Washoe County said, the exact amendment which he had proposed earlier in this house. The amendment amounts to a two-week pay increase. It is nothing short of that. The Constitution says you get paid for 60 days. When you are adjourned, you do not get paid. This will enable you to be paid for 60 days and an additional two weeks on top of that. If you want to go on record as doing that, then I suggest you vote against the Chairman of Legislative Function's motion; if you want to go on record being the other direction, then I suggest that you support the Chairman's motion.

Concerning the remarks of my colleague from Washoe County that we did nothing in Las Vegas. I invite him to come and sit with our Judiciary Committee, chaired by another one of my distinguished colleagues from Washoe County. When we were there, most all afternoon, on many bills, involving many comments of the public, we worked very hard in our Assembly Judiciary Committee. I was proud of the job that the Chairman did. I think the citizens of Las Vegas benefited greatly by that. To suggest that my other colleague from Washoe County played a lot of golf, God bless him, I don't happen to play golf, I was working in the Assembly Judiciary Committee during my two week adjournment in Las Vegas. I urge you to support the Chairman of Legislative Functions' motion.

ASSEMBLYMAN GOETTING:

Thank you, Mr. Speaker. I would like to go on record as saying I think two weeks more, when we are on adjournment, I think we should be paid. I'll go on record for that. I don't care if I take any heat or not. I don't think we are paid enough here in this body and I don't mind getting two weeks more pay.

ASSEMBLYMAN ELLIOTT:

Thank you, Mr. Speaker. I had a question, I think it's been answered by the majority leader. In answering my question, he created another question in my mind so I guess I had better bring it out. If, in fact, we are adjourned then we don't get paid. That was the premise here but on the other hand, we're not really adjourned because some of us are going down and we are working so we can't be adjourned and working at the same time. So my question is, how do we resolve that problem?

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. To you and through you, to my colleague from southern Washoe County, let me make a clarification. We are technically not in session. The Constitution speaks of being in session. We cannot meet in session anywhere other than Carson City. So in order for us to conduct committee hearings in Las Vegas, we have to technically adjourn; its an adjournment in the sense that we are not in session. Since we are not in session, we are not paid. What this amendment will allow you to do is to be paid for that two-week adjournment in addition to the 60 days that you are paid while you are technically in session.

ASSEMBLYMAN CALLISTER:

Thank you, Mr. Speaker. I appreciate the dialogue that has been held today. I think all of us feel that it's appropriate to compensate whomever in this state, whether it's a state employee who is taking care of the grounds or a state employee, i.e., a legislator who is doing his work. I don't think that's the issue. We all understand the need to adequately compensate the time spent. The concern is very simply the Constitution. The Constitution says we get paid while we are in session. If we want to modify that procedure, I support the modification of that procedure. I think that as many of my colleagues from around the state have commented earlier in regards to Supreme Court Justices' salaries and other issues, if we want to clarify the issue, then let's clarify it constitutionally, open, aboveboard and seek to deal with it in that fashion. I think that is the issue and we are kind of dancing around it.

Obviously, the state has grown much more rapidly than we would like. It has grown in a disproportionate sense, not because of anybody's intent or anyone's control. I think we just have to recognize that change and in order to continue the process and to maintain some sense of integrity then we ought to seek the appropriate constitutional amendment. If that is so desired, I'd be the first to support it, but until that is done, I have to support the non-concurral recommendation made by the Chairman of Legislative Functions.

Assemblymen Evans, Porter and Arberry moved the previous question.

Motion carried.

The question being on the motion to not concur in Senate Amendment No. 946 to Assembly Bill No. 566.

## REMARKS FROM THE FLOOR

Assemblyman Humke requested that his remarks be entered in the Journal.

Thank you, Mr. Speaker. With regard to A.B. No. 566 and the amendment thereto, I request to be allowed to say a few words. I realize the debate was cut off. I think there are a couple of additional points that could be made. I think the majority leader made the point that through a hyper-technical legal sense this does not violate the Constitution but the perception is among the voters, there is a capability for the voters to perceive that we would be giving ourselves a pay increase. The Constitution clearly states 60 days and when we contrive, and by contrive I do not mean to say that its a contrivance to go to Las Vegas; I understand that the Las Vegas representatives feel very strongly about the positive aspects of going to Las Vegas; but when the public would perceive the adjournment as a contrivance to grant ourselves additional pay, and that is the problem that I have with this amendment. Now the distinguished representative from District 1 suggested a constitutional amendment to effect the 60-day limit. I would suggest yet a different possibility and that is a straight-up pay increase bill for legislators. I would be more than happy to vote for a reasonable amount of pay this session if a bill can be generated. I think that it is probably justified. The last pay increase took effect for the 1987 session, and as the members may know, these bills usually have an intervening election once they are voted upon. No senator or assemblyman may receive the pay increase except for an intervening election and I think that is the method to use in this instance for members who are concerned about compensation. Thank you, very much.

Except as otherwise provided by a specific statute, a court shall not, absent good cause, enter an order or judgment which has the effect of limiting public access to any records filed with the court in any civil action related to an alleged public hazard, including any agreement in settlement of the action. Before entering such an order or judgment, the court shall cause the representatives of the local news media to be notified in writing of the court's intention to consider limiting public access to the court records.

(a) The information relates to a public hazard; and

(b) No good cause exists for its concealment.

Such a finding by the court of good cause for concealment must be based upon a showing that a specific and substantial interest outweighs any likely adverse effect on public health and safety.

3. Such a finding by the court of good cause to limit access to the information must be based upon a showing that a specific and substantial interest outweighs any likely adverse effect on public health and safety.

Sec. 10. The provisions of this act apply to:

1. Any order or judgment entered by a court on or after July 1, 1991.

2. Any contract entered into on or after July 1, 1991.

3. Taxes assessed upon a mobile home may be paid in four equal installments if the taxes assessed exceed $100.

4. If a person elects to pay in quarterly installments, the first installment is due on the [first] *third* Monday of August, the second installment on the first Monday of October, the third installment on the first Monday of January, and the fourth installment on the first Monday of March.

5. If any person charged with taxes which are a lien on real property fails to pay:

(a) Any one quarter of the taxes on or within 10 days following the day the taxes become due, there must be added thereto a penalty of 4 percent.

(b) Any two quarters of the taxes, together with accumulated penalties, on or within 10 days following the day the later quarter of taxes becomes due, there must be added thereto a penalty of 5 percent of the two quarters due.

(c) Any three quarters of the taxes, together with accumulated penalties, on or within 10 days following the day the latest quarter of taxes becomes due, there must be added thereto a penalty of 6 percent of the three quarters due.

(d) The full amount of the taxes, together with accumulated penalties, on or within 10 days following the first Monday of March, there must be added thereto a penalty of 7 percent of the full amount of the taxes.

6. Any person charged with taxes which are a lien on a mobile home who fails to pay the taxes within 10 days after the quarterly payment is due is subject to the following provisions:

(a) The entire amount of the taxes are due;

(b) A penalty of 10 percent of the taxes due;

(c) An additional penalty of $3 per month or any portion thereof, until the taxes are paid; and

(d) The county assessor may proceed under NRS 361.535.

Sec. 6.5. NRS 377.055 is hereby amended to read as follows:

377.055 1. The department, shall monthly determine for each county an amount of money equal to the sum of:

(a) Any fees and any taxes, interest and penalties which derive from the basic city-county relief tax collected in that county pursuant to this chapter during the preceding month, less the amount transferred to the state general fund pursuant to subsection 3 of NRS 377.050 *;* [and the sum of any amounts distributed pursuant to NRS 377.053;] and

(b) That proportion of the total amount of taxes which derive from that portion of the tax levied at the rate of one-half of 1 percent collected pursuant to this chapter during the preceding month from out-of-state businesses not maintaining a fixed place of business within this state which the population of that county bears to the total population of all counties which have in effect a city-county relief tax ordinance.

2. The department shall apportion and the state controller shall remit the amount determined for each county in the following manner:

(a) If there is one incorporated city in the county, apportion the money between the city and the county general fund in proportion to the respective populations of the city and the unincorporated area of the county.

(b) If there are two or more cities in the county, apportion all such money among the cities in proportion to their respective populations.

(c) If there are no incorporated cities in the county, remit the entire amount to the county treasurer for deposit in the county general fund.

3. The provisions of subsection 2 do not apply to Carson City, where the treasurer shall deposit the entire amount determined for the city and received from the state controller in the general fund.

4. For the purpose of the distribution required by this section, the occasional sale of a vehicle shall be deemed to take place in the county to which the privilege tax payable by the buyer upon that vehicle is distributed.

Sec. 7. NRS 377.057 is hereby amended to read as follows:

377.057 1. The state controller, acting upon the relevant information furnished by the department, shall monthly from the fees, taxes, interest and penalties which derive from the supplemental city-county relief tax collected in all counties and from out-of-state businesses during the preceding month [, after making any distributions required by NRS 377.053:

(a) Distribute the amount specified in this paragraph among the following local governments in the following percentages:

| Political Subdivision | Percentage |
|---|---|
| Churchill County | 3.23 |
| City of North Las Vegas | 46.52 |
| City of Carlin | 2.72 |
| Esmeralda County | .20 |
| Eureka County | .71 |
| City of Winnemucca | 5.56 |
| City of Caliente | .46 |
| City of Yerington | 4.77 |
| Mineral County | 9.96 |
| City of Gabbs | 4.31 |
| Pershing County | 2.52 |

City of Lovelock..... 5.77
White Pine County..... 5.37
City of Ely..... 7.90

For the fiscal year beginning July 1, 1981, the monthly amount is $71,110. For each succeeding fiscal year, this amount must be reduced by $7,111 from the preceding year.

(b) For the fiscal years beginning on and after July 1, 1990, deposit in the emergency fund of the supplemental city-county relief tax the monthly amount required to replenish that fund as determined by the executive director. On or before July 10 of each year the executive director shall determine the balance that existed in the emergency fund of the supplemental city-county relief tax as of June 30 of the preceding fiscal year and subtract that amount from $2,500,000 to determine the annual amount necessary to replenish the emergency fund. Upon determining the amount necessary to replenish the fund, the executive director shall divide that amount by 12 to determine the monthly amount required to replenish the fund and report that amount to the state controller.

(c) Distribute to each local government that is eligible to receive a portion of the tax, the amount calculated for it by the department of taxation pursuant to subsection 2.

2. The amount remaining each month after any distributions required pursuant to NRS 377.053 and paragraphs (a) and (b) of subsection 1 must be distributed to the counties in the same proportion that the sum of the supplemental city-county relief tax distribution factors of the county and all local governments in the county that are eligible to receive the tax bears to the sum of the supplemental city-county relief tax distribution factors of all local governments in the state that are eligible to receive the tax, except that, only the portion of the supplemental city-county relief tax distribution factor of a city incorporated after July 1, 1988, which is attributable to any town that the city replaced may be included in the total of the supplemental city-county relief tax distribution factors of the local governments in the county and the state.] *, except as otherwise provided in subsection 2:*

*(a) For Douglas, Esmeralda, Eureka, Lincoln, Lyon, Mineral, Nye, Pershing, Storey and White Pine counties, distribute to each county an amount equal to one-twelfth of the amount distributed in the 1991-1992 fiscal year multiplied by one plus:*

*(1) The percentage change in the total receipts from the supplemental city-county relief tax for all counties from the fiscal year preceding the immediately preceding fiscal year to the immediately preceding fiscal year; or*

*(2) The percentage change in the population of the county added to the percentage change in the Consumer Price Index for the year ending on December 31 next preceding the year of distribution,*

*whichever is less, except that, if the calculations required by subparagraphs (1) and (2) both produce negative numbers, the amount distributed to the county must be one-twelfth of the amount distributed to the county in the 1991-1992 fiscal year.*

*(b) For all other counties, distribute the amount remaining after making the distributions required by paragraph (a) to each county in the proportion that the amount of supplemental city-county relief tax collected in the county for the month bears to the total amount of supplemental city-county relief tax collected for that month in the counties whose distribution will be determined pursuant to this paragraph.*

*2. If the amount of supplemental city-county relief tax collected in a county listed in paragraph (a) of subsection 1 for any fiscal year exceeds by more than 10 percent the amount distributed pursuant to paragraph (a) to that county for the same fiscal year, the state controller shall distribute that county's portion of the proceeds from the supplemental city-county relief tax pursuant to paragraph (b) in all subsequent fiscal years.*

*3.* The amount apportioned to each county must then be apportioned among the several local governments therein, including the county and excluding the school district, any district to provide a telephone number for emergencies, any district created under chapter 318 of NRS to furnish emergency medical services, any redevelopment agency, any tax increment area and any other local government excluded by specific statute, in the proportion which each local government's basic ad valorem revenue bears to the total basic ad valorem revenue of all these local governments.

[3.] *4.* As used in this section, the "basic ad valorem revenue":

(a) Of each local government, except as otherwise provided in subsection 5 of NRS 354.5987, is its assessed valuation, including assessed valuation attributable to a redevelopment agency or tax increment area but excluding the portion attributable to the net proceeds of minerals and assessed valuation of state property included in the calculation of the supplemental city-county relief tax factor, for the year of distribution, multiplied by the rate levied on its behalf for the fiscal year ending June 30, 1981, for purposes other than paying the interest on and principal of its general obligations. For the purposes of this paragraph:

(1) A county whose actual tax rate, for purposes other than debt service, for the fiscal year ending on June 30, 1981, was less than 50 cents per $100 of assessed valuation is entitled to the use of a rate not greater than 80 cents per $100 of assessed valuation.

(2) A fire district in such a county whose tax rate was more than 50 cents per $100 of assessed valuation is entitled to the use of a rate not greater than $1.10 per $100 of assessed valuation.

(b) Of the county for the distribution under subsection 1 is the sum of its individual basic ad valorem revenue and those of the other local governments within it, excluding the school district and any district created under chapter 318 of NRS to furnish emergency medical services.

[4.] *5.* For the purposes of this section, a fire protection district organized pursuant to chapter 473 of NRS is a local government.

[5.] *6.* For the purposes of determining basic ad valorem revenue, the assessed valuation of a fire protection district includes property which was transferred from private ownership to public ownership after July 1, 1986, pursuant to:

(a) The Santini-Burton Act, Public Law 96-586; or

(b) Chapter 585, Statutes of Nevada 1985, at page 1866, approved by the voters on November 4, 1986.

[6. For each fiscal year beginning on or after July 1, 1989, the supplemental city-county relief tax distribution factor of each local government that is eligible to receive a portion of the revenue from the supplemental city-county relief tax must be calculated as follows:

(a) The assessed valuation of the local government for the preceding fiscal year including the assessed valuation of property on the central assessment roll allocated to a local government and the assessed valuation attributable to a redevelopment area or tax increment area, but excluding any assessed valuation attributable to the net proceeds of minerals, must be added to an amount equal to the product of that assessed valuation multiplied by the proportionate increase in the Consumer Price Index for the preceding calendar year. To this sum must be added the assessed valuation of new real property, possessory interests and mobile homes added to the assessment rolls in the past year and allocable to the local government.

(b) The percentage increase that the total calculated pursuant to paragraph (a) represents over the assessed valuation including the assessed valuation of property on the central assessment roll allocable to the local government but excluding any assessed valuation attributable to the net proceeds of minerals, is the percentage by which the supplemental city-county relief tax distribution factor may increase over the amount for the previous year.

7. For the fiscal years beginning on and after July 1, 1990, if the assessed valuation of all real property, possessory interests and mobile homes owned by the state within the boundaries of a local government, except a fire protection district to which the provisions of subsection 8 apply, exceeds 5 percent of the total assessed valuation of the local government, an amount equal to any increase over the preceding fiscal year in the assessed valuation of all real property, possessory interests and mobile homes that are owned by the state, exempt from taxation and within the boundaries of the local government must be added to the sum determined pursuant to paragraph (a) of subsection 6 and used in the calculation required by that subsection in the same manner as the assessed value of new real property.

8. The county assessor shall continue to assess real property which is transferred from private ownership to public ownership for the purpose of conservation as if it remained taxable property and the assessed valuation of that property must continue to be included in calculating the supplemental city-county relief tax distribution factor of any fire protection district in which such property is located.

9. If a local government that is eligible to receive a portion of the revenue from the supplemental city-county relief tax levies a tax ad valorem for debt service for an obligation which has previously been repaid from another source, the supplemental city-county relief tax distribution factor of that local government calculated pursuant to this section must be reduced by the amount of that debt levy.

10. If a board of county commissioners which during the fiscal year ending on June 30, 1981, distributed all or part of the state gaming license fees received pursuant to paragraph (b) of subsection 2 of NRS 463.320 to other local governments thereafter reduces or discontinues that distribution, the supplemental city-county relief tax distribution factor for the county calculated pursuant to this section must be reduced by an equal amount.

11.] *7.* On or before February 15 of each year, the executive director shall provide to each local government a preliminary estimate of the revenue it will receive from the supplemental city-county relief tax in the next fiscal year.

[12.] *8.* On or before March 15 of each year, the executive director shall:

(a) Make an estimate of the receipts from the supplemental city-county relief tax on an accrual basis for the next fiscal year in accordance with generally accepted accounting principles; and

(b) Provide to each local government an estimate of the tax that local government would receive based upon the estimate made pursuant to paragraph (a) and calculated pursuant to the provisions of this section.

[13.] *9.* A local government may use the estimate provided by the executive director pursuant to subsection [12] *8* in the preparation of its budget.

Sec. 7.5. NRS 244A.755 is hereby amended to read as follows:

244A.755 1. If a project is for the generation and transmission of electricity, payments must be made as provided in this section:

(a) In lieu of ad valorem taxes on property owned by the county, and distributed in the same manner as those taxes would be distributed pursuant to NRS 361.320; and

(b) In lieu of the sales and use tax, local school support tax and city-county relief tax on tangible personal property purchased or used, and distributed [either pursuant to NRS 377.053 or] in the same manner as the tax would be distributed pursuant to NRS 372.780 , [or] 374.785, *377.055 or 377.057,* whichever applies.

2. The payments in lieu of taxes specified in paragraph (b) of subsection 1 must be paid on any incident of sale, use, storage or other consumption of property which, pursuant to the Sales and Use Tax Act, Local School Support Tax Law or an ordinance or ordinances adopted pursuant to the City-County Relief Tax Law, would be taxable if the exemptions for counties contained, respectively, in NRS 372.325 and 374.330 were not applicable. No such payment applies to any incident previously subjected to a sales or use tax. Except as otherwise provided in this section and except to the extent that they would be inconsistent with the provisions of this section, the provisions of the Sales and Use Tax Act, Local School Support Tax Law, the City-County Relief Tax Law, any ordinance or ordinances adopted pursuant thereto, and other laws of the state dealing with taxes on the sale or use of tangible personal property govern the collection, payment, method of protest, exemptions and other matters relating to the payments required in lieu of these taxes.

3. The payments in lieu of ad valorem taxes must equal the ad valorem taxes that would have been payable were the project subject to ad valorem taxation and to assessment pursuant to NRS 361.320. This section does not preclude the legislature from changing the method of assessment or allocation of payments in lieu of ad valorem taxes. The due date of payments in lieu of ad valorem taxes to a particular taxing entity and the tax rate with respect to the portion of the valuation of a project allocated to that entity must be determined in the same manner as for property which is subject to ad valorem taxation by that taxing entity.

4. The county shall, in the agreement with each purchaser of capacity require that the purchaser, or all of them collectively, make timely payments, whether or not the capacity is taken or available, sufficient in time and amount, to the extent that such payments are not otherwise provided for from bond proceeds or other funds specifically made available therefor, to provide for the payments in lieu of taxes required by this section. The agreements must provide the method of determining the amount of such payments to be made by each such purchaser.

5. The payments in lieu of taxes required by this section during the construction of the project are the responsibility of the participant who, pursuant to subsection 2 of NRS 244A.741, is constructing the project and the payments in lieu of taxes during the period of operation of the project are the responsibility of the participant who, pursuant to that subsection, is operating the project. The responsibility of making such payments is limited to the extent that there is legally available to the responsible participant, from the payments, proceeds or other funds mentioned in subsection 4, money to make such payments and the obligation of such participant or participants to make such payments in lieu of taxes is not a general obligation or liability of the responsible participant. That participant shall take appropriate action to enforce the obligation, provided for in subsection 4, of the participants in the project. A payment in lieu of taxes must not be made to the extent that the making of the payment would cause a deficiency in the money available to the county to make required payments of principal of, premium, if any, or interest on any bonds issued by the county to finance the project or to make required payments to any funds established under the proceedings under which such bonds were issued and secured. No lien attaches upon any property or money of the county or any property or money of the participant or participants mentioned in the first sentence of this subsection by virtue of any failure to pay all or any part of any in lieu of taxes. The participant or participants constructing or operating the project or any other participant in the project may contest the validity of any payment in lieu of a tax to the same extent as if such payment were a payment of the tax itself. The payments in lieu of taxes must be reduced if and to the extent that such contest is successful.

6. So long as a purchaser of capacity of the project is required to make payments pursuant to subsection 4, that purchaser is not required to make any payment of tax pursuant to NRS 361.157 or 361.159 in respect of its interest or rights in that project.

7. The obligations to make payments in lieu of taxes required by this section do not constitute a debt or indebtedness of the county and do not constitute or give rise to a pecuniary liability of the county or a charge against its general credit or taxing powers.

Sec. 8. Chapter 354 of NRS is hereby amended by adding a new section to read as follows:

*"Basic ad valorem revenue" has the meaning ascribed to it in NRS 377.057.*

Sec. 9. NRS 354.476 is hereby amended to read as follows:

354.476 As used in NRS 354.470 to 354.626, inclusive, *and section 8 of this act,* unless the context otherwise requires, the words and terms defined in NRS 354.478 to 354.580, inclusive, *and section 8 of this act,* have the meanings ascribed to them in those sections.

Sec. 10. NRS 354.59813 is hereby amended to read as follows:

354.59813 1. In addition to the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811, when the estimate of the revenue available from the supplemental city-county relief tax as determined by the executive director of the department of taxation pursuant to the provisions of NRS 377.057 is less than [52 percent of the sum of the supplemental city-county relief tax distribution factors of all local governments that are eligible to receive a distribution of the revenue from the supplemental city-county relief tax,] *the amount of money that would be generated by applying a tax rate of $1.15 per $100 of assessed valuation to the assessed valuation of the state,* the governing body of each local government may levy an additional tax ad valorem for operating purposes. The total tax levied pursuant to this section must not exceed a rate calculated to produce revenue equal to the difference between the amount of revenue from supplemental city-county relief tax estimated to be received by that local government and the tax that it would have been estimated to receive if the estimate for the total revenue available from the tax was equal to [52 percent of the sum of the supplemental city-county relief tax distribution factors of all local governments that are eligible to receive a distribution of the revenue from the supplemental city-county relief tax.] *the amount of money that would be generated by applying a tax rate of $1.15 per $100 of assessed valuation to the assessed valuation of the state.*

2. Any additional taxes ad valorem levied as a result of the application of this section must not be included in the base from which the allowed revenue from taxes ad valorem for the next subsequent year is computed.

Sec. 11. NRS 354.59815 is hereby amended to read as follows:

354.59815 1. In addition to the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811, the board of county commissioners may levy a tax ad valorem on all taxable property in the county at a rate not to exceed 5 cents per $100 of the assessed valuation of the county.

2. The board of county commissioners shall direct the county treasurer to distribute quarterly the proceeds of any tax levied pursuant to the provisions of subsection 1 among the county and the cities and towns within that county in the proportion that the supplemental city-county relief tax distribu-

tion factor of each of those local governments *for the 1990-1991 fiscal year* bears to the sum of the supplemental city-county relief tax distribution factors of all of the local governments in the county [that are eligible to receive a portion of the proceeds of this tax.] *for the 1990-1991 fiscal year.*

3. The board of county commissioners shall not reduce the rate of any tax levied pursuant to the provisions of subsection 1 without the approval of each of the local governments that receives a portion of the tax, except that, if a local government declines to receive its portion of the tax in a particular year the levy may be reduced by the amount that local government would have received.

Sec. 12. NRS 354.5982 is hereby amended to read as follows:

354.5982 1. The local government may exceed the limit imposed by NRS 354.59811 upon the calculated receipts from taxes ad valorem only if its governing body proposes to its registered voters an additional levy ad valorem, specifying the amount of money to be derived, the purpose for which it is to be expended, and the duration of the levy, and the proposal is approved by a majority of the voters voting on the question at a general election or a special election called for that purpose. The governing body may discontinue the levy before it expires and may not thereafter reimpose it in whole or in part without following the procedure required for its original imposition.

2. To the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811 for a local government, the executive director of the department of taxation shall add any amount approved by the legislature for the cost to that local government of any substantial program or expense required by legislative enactment.

3. Except as otherwise provided in this subsection, if one or more local governments take over the functions previously performed by a local government which no longer exists, the Nevada tax commission shall add to the allowed revenue from taxes ad valorem [, the supplemental city-county relief tax distribution factor] and the basic ad valorem revenue, respectively, otherwise allowable to the local government or local governments pursuant to NRS 354.59811 and 377.057, an amount equal to the allowed revenue from taxes ad valorem [, the supplemental city-county relief tax distribution factor] and the basic ad valorem revenue, respectively, for the last fiscal year of existence of the local government whose functions were assumed. If more than one local government assumes the functions, the additional revenue must be divided among the local governments on the basis of the proportionate costs of the functions assumed. The Nevada tax commission shall not allow any increase in the allowed revenue from taxes ad valorem [, supplemental city-county relief tax distribution factor] or basic ad valorem revenue if the increase would result in a decrease in revenue of any local government in the county which does not assume those functions.

Sec. 13. NRS 354.5987 is hereby amended to read as follows:

354.5987 1. For the purposes of NRS 354.59811 and 377.057, the allowed revenue from taxes ad valorem and the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue* of any local government:

(a) Which comes into being on or after July 1, 1989, whether newly created, consolidated, or both; or

(b) Which was in existence before July 1, 1989, but did not receive revenue from taxes ad valorem, except any levied for debt service, for the fiscal year ending June 30, 1989,

must be initially established by the Nevada tax commission.

2. Except as otherwise provided in subsections 3 and 6, if the local government for which the allowed revenue from taxes ad valorem and the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue* are to be established performs a function previously performed by another local government, the total revenue allowed to all local governments for performance of substantially the same function in substantially the same geographical area must not be increased. To achieve this result, the Nevada tax commission shall request the local governmental advisory committee to prepare a statement of the prior cost of performing the function for each predecessor local government. Within 60 days after receipt of such a request, the local governmental advisory committee shall prepare a statement pursuant to the request and transmit it to the Nevada tax commission. The Nevada tax commission may accept, reject or amend the statement of the local governmental advisory committee. The decision of the Nevada tax commission is final. Upon making a final determination of the prior cost of performing the function for each predecessor local government, the Nevada tax commission shall:

(a) Determine the percentage that the prior cost of performing the function for each predecessor local government is of the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue and of the allowed revenue from taxes ad valorem* of that local government; *and*

(b) Apply the [percentage] *percentages* determined pursuant to paragraph (a) to the basic ad valorem revenue and to the allowed revenue from taxes ad valorem , *respectively,* and subtract those amounts respectively from the basic ad valorem revenue and from the allowed revenue from taxes ad valorem of the predecessor local government . [; and

(c) Then subtract from the supplemental city-county relief tax distribution factor of each predecessor local government, the prior cost of performing the function.]

The basic ad valorem revenue [,] *and* allowed revenue from taxes ad valorem , [and supplemental city-county relief tax distribution factor,] respectively, attributable to the new local government for the cost of performing the function must equal the total of the amounts subtracted for the prior cost of performing the function from the basic ad valorem revenue [,] *and* allowed revenue from taxes ad valorem , [and supplemental city-county relief tax distribution factor,] respectively, of all of the predecessor local governments.

3. If the local government for which the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue* is to be established pursuant to subsection 1 is a city, the Nevada tax commission shall:

(a) Using the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue* of the town replaced by the city, if any, as a basis, set the [supplemental city-county relief tax distribution factor] *basic ad valorem revenue* of the city at an amount sufficient to allow the city, with other available revenue, to provide the basic services for which it was created;

(b) [Set the basic ad valorem revenue of the city at an amount which bears the same ratio to the supplemental city-county relief tax distribution factor of the city as the sum of the basic ad valorem revenue of the county, and any town which the city is replacing, bears to the sum of the maximum supplemental city-county relief tax distribution factors of the county and the city;

(c)] Reduce the basic ad valorem revenue of the county by the amount set for the city pursuant to paragraph [(b);

(d)] *(a);*

*(c)* Add to the basic ad valorem revenue of the county the basic ad valorem revenue of any town which the city has replaced; and

[(e)] *(d)* Add to the allowed revenue from taxes ad valorem of the county the allowed revenue from taxes ad valorem for any town which the city replaced . [, except that the addition to the county must be limited so that the county does not receive from the supplemental city-county relief tax and taxes ad valorem an amount greater than its supplemental city-county relief tax distribution factor.]

4. In any other case, except as otherwise provided in subsection 6, the allowed revenue from taxes ad valorem [and the supplemental city-county relief tax distribution factor] of all local governments in the county, determined pursuant to NRS 354.59811 , [and 377.057,] must not be increased, but the total basic ad valorem revenue and allowed revenue from taxes ad valorem must be reallocated among the local governments consistent with subsection 2 to accommodate the amount established for the new local government pursuant to subsection 1.

5. Any amount of basic ad valorem revenue allowable which is established or changed pursuant to this section must be used to determine a new tax rate for the fiscal year ending June 30, 1981, for each affected local government. This new tax rate must be used to make the distributions among the local governments in the county required by NRS 377.057 for each year following the year in which the amount was established or changed.

6. In establishing the allowed revenue from taxes ad valorem [and the supplemental city-county relief tax distribution factor] of a county, city or town pursuant to this section, the Nevada tax commission shall allow a tax rate for operating expenses of at least 15 cents per $100 of assessed valuation in addition to the tax rate allowed for any identified and restricted purposes and for debt service.

7. As used in this section:

(a) "Predecessor local government" means a local government which previously performed all or part of a function to be performed by the local government for which the allowed revenue from taxes ad valorem and the [supplemental city-county relief tax distribution factors] *basic ad valorem revenue* are being established pursuant to subsection 1.

(b) "Prior cost of performing the function" means the amount expended by a local government to perform a function which is now to be performed by another local government. The amount must be determined on the basis of the most recent fiscal year for which reliable information is available.

Sec. 14. NRS 354.59871 is hereby amended to read as follows:

354.59871 1. The Nevada tax commission shall, upon request by the board of county commissioners, establish a rate for the levy of taxes ad valorem to provide aid and relief for indigent persons in a county in which there was no levy adopted for that purpose in the fiscal year ending June 30, 1971. The revenue collected from the taxes so levied must not exceed $54,000.

2. The revenue received from the rate established by the Nevada tax commission pursuant to subsection 1 must be added to the [:

(a) Allowed] *allowed* revenue from taxes ad valorem determined pursuant to NRS 354.59811 . [; and

(b) Supplemental city-county relief tax distribution factor,

for that county.]

Sec. 15. NRS 354.59872 is hereby amended to read as follows:

354.59872 1. A local government may apply to the local governmental advisory committee for a determination of the amount of revenue from population-based taxes the local government lost as a result of the incorporation of a new city on or after July 1, 1989.

2. Within 60 days after the receipt of a request made pursuant to subsection 1, the local governmental advisory committee shall make a determination of the amount of revenue from population-based taxes the local government lost as a result of the incorporation of a new city on or after July 1, 1989, and transmit it to the department of taxation and the local government which made the request.

3. Upon receipt of the determination of the local governmental advisory committee, the local government may petition the Nevada tax commission for approval of the determination. As soon as practicable after receipt of such a request, the Nevada tax commission shall review the determination and may accept, reject or amend the determination. The decision of the Nevada tax commission is final.

4. Upon receipt of a final determination from the Nevada tax commission pursuant to this section, the executive director of the department of taxation shall add the amount approved by the Nevada tax commission to the allowed revenue from taxes ad valorem *and the basic ad valorem revenue* of the local government.

Sec. 16. NRS 354.59874 is hereby amended to read as follows:

354.59874 [1.] Except as otherwise provided in subsection 3 of NRS 354.5982 and subsection 2 of NRS 354.5987, if one local government takes

over a function or provides a service previously performed by another local government pursuant to an agreement between the local governments, upon petition by the participating local governments, the executive director of the department of taxation shall:

[(a)] *1.* Reduce the allowed revenue from taxes ad valorem calculated pursuant to NRS 354.59811 of the local government which previously performed the function or provided the service, for the first year the service is provided or the function is performed by an amount equal to the cost of performing the function or providing the service; and

[(b)] *2.* Increase the allowed revenue from taxes ad valorem calculated pursuant to NRS 354.59811 of the local government which assumed the performance of the function or the provision of the service, for the first year the service is provided or the function is performed by an amount equal to the amount by which the reduction was made pursuant to [paragraph (a).

2. The changes required by subsection 1 do not apply to the calculations required by NRS 377.057. In addition to the changes required by subsection 1, the executive director of the department of taxation shall make any other adjustments necessary to ensure that there is no fiscal impact upon either local government in the calculations required by NRS 377.057 as a result of the changes required by] subsection 1.

Sec. 17. NRS 354.5989 is hereby amended to read as follows:

354.5989 1. A local government shall not increase any fee for a business license or adopt a fee for a business license issued for revenue or regulation, or both, except as permitted by this section. This prohibition does not apply to fees:

(a) Imposed by hospitals, county airports, airport authorities, convention authorities, the Las Vegas Valley Water District or the Clark County Sanitation District;

(b) Imposed on public utilities for the privilege of doing business pursuant to a franchise; or

(c) For business licenses which are calculated as a fraction or percentage of the gross revenue of the business.

2. The amount of revenue the local government derives or is allowed to derive, whichever is greater, from all fees for business licenses except those excluded by subsection 1, for the fiscal year ended on June 30, [1989,] *1991,* is the base from which the maximum allowable revenue from such fees must be calculated for the next subsequent year. To the base must be added the sum of the amounts respectively equal to the product of the base multiplied by the percentage increase in the [supplemental city-county relief tax distribution factor of the local government for the current year over that factor for the preceding year.] *population of the local government added to the percentage increase in the Consumer Price Index for the year ending on December 31 next preceding the year for which the limit is being calculated.* The amount so determined becomes the base for computing the allowed increase for each subsequent year.

3. A local government may not increase any fee for a business license which is calculated as a fraction or percentage of the gross revenue of the

business if its total revenues from such fees have increased during the preceding fiscal year by more than the increase in the Consumer Price Index during that preceding calendar year.

4. A local government may submit an application to increase its revenue from fees for business licenses beyond the amount allowable under this section to the Nevada tax commission, which may grant the application only if it finds that:

(a) [Under the circumstances a special distribution could be made from the emergency fund of the supplemental city-county relief tax and only to the extent that these circumstances are not relieved by such a distribution;] *Emergency conditions exist which impair the ability of the local government to perform the basic functions for which it was created;* or

(b) The rate of a business license of the local government is substantially below that of other local governments in the state.

5. The provisions of this section apply to any business license regardless of the fund to which the revenue from it is assigned. An ordinance or resolution enacted by a local government in violation of the provisions of this section is void.

6. As used in this section, "fee for a business license" does not include a tax imposed on the revenues from the rental of transient lodging.

Sec. 18. NRS 354.59891 is hereby amended to read as follows:

354.59891 1. As used in this section:

(a) "Building permit basis" means the combination of the rate and the valuation method used to calculate the total building permit fee.

(b) "Building permit" means the official document or certificate issued by the building officer of a local government which authorizes the construction of a structure.

(c) "Building permit fee" means the total fees that must be paid before the issuance of a building permit, including without limitation, all permit fees and inspection fees. The term does not include, without limitation, fees relating to water, sewer or other utilities, residential construction tax, tax for the improvement of transportation imposed pursuant to section 14 of chapter 19, Statutes of Nevada 1991, any fee imposed pursuant to section 1 of [this act] *chapter 152, Statutes of Nevada 1991,* or any amount expended to change the zoning of the property.

2. Except as otherwise provided in subsections 3 and 4, a local government shall not increase its building permit basis by more than an amount equal to the building permit basis on June 30, 1989, multiplied by a percentage equal to the percentage increase in the consumer price index from January 1, 1988, to the January 1 next preceding the fiscal year for which the calculation is made.

3. A local government may submit an application to increase its building permit basis by an amount greater than otherwise allowable pursuant to subsection 2 to the Nevada tax commission. The Nevada tax commission may allow the increase only if it finds that:

(a) [Under the circumstances a special distribution could be made from the emergency fund of the supplemental city-county relief tax and only to the

extent that the circumstances are not relieved by such a distribution;] *Emergency conditions exist which impair the ability of the local government to perform the basic functions for which it was created;* or

(b) The building permit basis of the local government is substantially below that of other local governments in the state and the cost of providing the services associated with the issuance of building permits in the previous fiscal year exceeded the total revenue received from building permit fees, excluding any amount of residential construction tax collected, for that fiscal year.

4. Upon application by a local government, the Nevada tax commission shall exempt the local government from the limitation on the increase of its building permit basis if:

(a) The local government creates an enterprise fund exclusively for fees for building permits;

(b) Any interest or other income earned on the money in the enterprise fund is credited to the fund; and

(c) The local government does not use any of the money in the enterprise fund for any purpose other than the actual direct and indirect costs of the program for the issuance of building permits, including without limitation, the cost of checking plans, issuing permits, inspecting buildings and administering the program. The executive director of the department of taxation shall adopt regulations governing the permissible expenditures from an enterprise fund pursuant to this paragraph.

354.5988 Emergency fund of the supplemental city-county relief tax: Creation; conditions for special distribution by state controller; report by recipient of money to interim finance committee; distribution to newly created city.

1. The emergency fund of the supplemental city-county relief tax is hereby created in the state treasury. The interim finance committee may direct the state controller to make a special distribution from the fund if it determines that unforeseen or uncontrollable conditions, existing or imminent, substantially impair the financial capacity of a local government to provide the basic services for which it was created. No single special distribution may be made from the fund in an amount that exceeds $400,000.

2. The recipient of any special distribution from the fund made pursuant to subsection 1 shall report to the interim finance committee upon the expenditure of the money at such times and in such detail as is required by the interim finance committee. Any money distributed pursuant to subsection 1 that is not expended for the purpose for which it was distributed reverts to the fund at such time as is specified by the interim finance committee.

3. The interim finance committee may direct the state controller to make a special distribution from the fund to a newly created city after the incorporation has been approved by the voters and officers have been elected, and before the effective date of the incorporation, if it determines that the money is needed for expenses incurred by the city that must be paid before the effective date of the incorporation of the city, including salaries and expenses of the officers and other administrative costs. The money must be distributed in the form of a loan and must be repaid to the fund by the city from revenue received after the effective date of the incorporation upon terms set by the interim finance committee.

361.370 Clerk to enter changes made by county board of equalization; delivery of corrected roll to county auditor. During the session or within 5 days after the adjournment of the county board of equalization, its clerk shall enter upon the assessment roll all the changes and corrections made by the county board of equalization and immediately shall deliver the corrected roll, with his certificate attached, to the county auditor.

377.053 Distribution of collections and payments relating to construction of electrical facilities.

1. The department shall account separately for all taxes and any fees, interest and penalties collected under the City-County Relief Tax Law, and all payments made in lieu of taxes under that law, which relate to the construction of a project for the generation, transmission or distribution of electricity, or to any other electrical facilities.

2. Except as otherwise provided in this subsection, those collections and payments which relate to the construction of such a project must be paid over to the county in which the project is located and to each city in that county, in proportion to the respective populations of each city and the unincorporated area of the county. If it determines that more than one county

will undergo a substantial increase in the need for public services as the result of the construction, the department of taxation shall, subject to the approval of the Nevada tax commission, first apportion the collections and payments among those counties according to the respective increases in need for public services as so determined, and then distribute them within each county as provided in the preceding sentence.

3. The legislature finds and declares that the distribution of the city-county relief tax required by subsection 2 takes fairly into account the additional burden put upon public services during the construction of such a project.

Section 31 of chapter 228, Statutes of Nevada 1991:

Sec. 31. NRS 377.057 is hereby amended to read as follows:

377.057 1. The state controller, acting upon the relevant information furnished by the department, shall monthly from the fees, taxes, interest and penalties which derive from the supplemental city-county relief tax collected in all counties and from out-of-state businesses during the preceding month, after making any distributions required by NRS 377.053:

(a) [Distribute the amount specified in this paragraph among the following local governments in the following percentages:

| Political Subdivision | Percentage |
|---|---|
| Churchill County | 3.23 |
| City of North Las Vegas | 46.52 |
| City of Carlin | 2.72 |
| Esmeralda County | .20 |
| Eureka County | .71 |
| City of Winnemucca | 5.56 |
| City of Caliente | .46 |
| City of Yerington | 4.77 |
| Mineral County | 9.96 |
| City of Gabbs | 4.31 |
| Pershing County | 2.52 |
| City of Lovelock | 5.77 |
| White Pine County | 5.37 |
| City of Ely | 7.90 |

For the fiscal year beginning July 1, 1981, the monthly amount is $71,110. For each succeeding fiscal year, this amount must be reduced by $7,111 from the preceding year.

(b)] For the fiscal years beginning on and after July 1, 1990, deposit in the emergency fund of the supplemental city-county relief tax the monthly amount required to replenish that fund as determined by the executive director. On or before July 10 of each year the executive director shall determine the balance that existed in the emergency fund of the supplemental city-county relief tax as of June 30 of the preceding fiscal year and subtract that amount from $2,500,000 to determine the annual amount necessary to replenish the emergency fund. Upon determining the amount

necessary to replenish the fund, the executive director shall divide that amount by 12 to determine the monthly amount required to replenish the fund and report that amount to the state controller.

[(c)] *(b)* Distribute to each local government that is eligible to receive a portion of the tax, the amount calculated for it by the department of taxation pursuant to subsection 2.

2. The amount remaining each month after any distributions required pursuant to NRS 377.053 and [paragraphs (a) and (b)] *paragraph (a)* of subsection 1 must be distributed to the counties in the same proportion that the sum of the supplemental city-county relief tax distribution factors of the county and all local governments in the county that are eligible to receive the tax bears to the sum of the supplemental city-county relief tax distribution factors of all local governments in the state that are eligible to receive the tax, except that, only the portion of the supplemental city-county relief tax distribution factor of a city incorporated after July 1, 1988, which is attributable to any town that the city replaced may be included in the total of the supplemental city-county relief tax distribution factors of the local governments in the county and the state. The amount apportioned to each county must then be apportioned among the several local governments therein, including the county and excluding the school district, any district to provide a telephone number for emergencies, any district created under chapter 318 of NRS to furnish emergency medical services, any redevelopment agency, any tax increment area and any other local government excluded by specific statute, in the proportion which each local government's basic ad valorem revenue bears to the total basic ad valorem revenue of all these local governments.

3. As used in this section, the "basic ad valorem revenue":

(a) Of each local government, except as otherwise provided in subsection 5 of NRS 354.5987, is its assessed valuation, including assessed valuation attributable to a redevelopment agency or tax increment area but excluding the portion attributable to the net proceeds of minerals and assessed valuation of state property included in the calculation of the supplemental city-county relief tax factor, for the year of distribution, multiplied by the rate levied on its behalf for the fiscal year ending June 30, 1981, for purposes other than paying the interest on and principal of its general obligations. For the purposes of this paragraph:

(1) A county whose actual tax rate, for purposes other than debt service, for the fiscal year ending on June 30, 1981, was less than 50 cents per $100 of assessed valuation is entitled to the use of a rate not greater than 80 cents per $100 of assessed valuation.

(2) A fire district in such a county whose tax rate was more than 50 cents per $100 of assessed valuation is entitled to the use of a rate not greater than $1.10 per $100 of assessed valuation.

(b) Of the county for the distribution under subsection 1 is the sum of its individual basic ad valorem revenue and those of the other local governments within it, excluding the school district and any district created under chapter 318 of NRS to furnish emergency medical services.

(c) Of a local government listed in subsection 1 of NRS 354.59873 does not include any increase in the basic ad valorem revenue pursuant to that section.

4. For the purposes of this section, a fire protection district organized pursuant to chapter 473 of NRS is a local government.

5. For the purposes of determining basic ad valorem revenue, the assessed valuation of a fire protection district includes property which was transferred from private ownership to public ownership after July 1, 1986, pursuant to:

(a) The Santini-Burton Act, Public Law 96-586; or

(b) Chapter 585, Statutes of Nevada 1985, at page 1866, approved by the voters on November 4, 1986.

6. For each fiscal year beginning on or after July 1, 1989, the supplemental city-county relief tax distribution factor of each local government that is eligible to receive a portion of the revenue from the supplemental city-county relief tax must be calculated as follows:

(a) The assessed valuation of the local government for the preceding fiscal year including the assessed valuation of property on the central assessment roll allocated to a local government and the assessed valuation attributable to a redevelopment area or tax increment area, but excluding any assessed valuation attributable to the net proceeds of minerals, must be added to an amount equal to the product of that assessed valuation multiplied by the proportionate increase in the Consumer Price Index for the preceding calendar year. To this sum must be added the assessed valuation of new real property, possessory interests and mobile homes added to the assessment rolls in the past year and allocable to the local government.

(b) The percentage increase that the total calculated pursuant to paragraph (a) represents over the assessed valuation including the assessed valuation of property on the central assessment roll allocable to the local government but excluding any assessed valuation attributable to the net proceeds of minerals, is the percentage by which the supplemental city-county relief tax distribution factor may increase over the amount for the previous year.

7. For the fiscal years beginning on and after July 1, 1990, if the assessed valuation of all real property, possessory interests and mobile homes owned by the state within the boundaries of a local government, except a fire protection district to which the provisions of subsection 8 apply, exceeds 5 percent of the total assessed valuation of the local government, an amount equal to any increase over the preceding fiscal year in the assessed valuation of all real property, possessory interests and mobile homes that are owned by the state, exempt from taxation and within the boundaries of the local government must be added to the sum determined pursuant to paragraph (a) of subsection 6 and used in the calculation required by that subsection in the same manner as the assessed value of new real property.

8. The county assessor shall continue to assess real property which is transferred from private ownership to public ownership for the purpose of conservation as if it remained taxable property and the assessed valuation of

that property must continue to be included in calculating the supplemental city-county relief tax distribution factor of any fire protection district in which such property is located.

9. If a local government that is eligible to receive a portion of the revenue from the supplemental city-county relief tax levies a tax ad valorem for debt service for an obligation which has previously been repaid from another source, the supplemental city-county relief tax distribution factor of that local government calculated pursuant to this section must be reduced by the amount of that debt levy.

10. If a board of county commissioners which during the fiscal year ending on June 30, 1981, distributed all or part of the state gaming license fees received pursuant to paragraph (b) of subsection 2 of NRS 463.320 to other local governments thereafter reduces or discontinues that distribution, the supplemental city-county relief tax distribution factor for the county calculated pursuant to this section must be reduced by an equal amount.

11. On or before February 15 of each year, the executive director shall provide to each local government a preliminary estimate of the revenue it will receive from the supplemental city-county relief tax in the next fiscal year.

12. On or before March 15 of each year, the executive director shall:

(a) Make an estimate of the receipts from the supplemental city-county relief tax on an accrual basis for the next fiscal year in accordance with generally accepted accounting principles; and

(b) Provide to each local government an estimate of the tax that local government would receive based upon the estimate made pursuant to paragraph (a) and calculated pursuant to the provisions of this section.

13. A local government may use the estimate provided by the executive director pursuant to subsection 12 in the preparation of its budget.

Section 1 of Assembly Bill No. 337 of this session.

Section 1. NRS 360.215 is hereby amended to read as follows:

360.215 The department [may:

1. Assist] *:*

*1. May assist* the county assessors in appraising property within their respective counties which the ratio study shows to be [assessed at more or less than 35 percent of its taxable value.

2. Consult] *in need of reappraisal.*

*2. Shall consult* with and assist county assessors to develop and maintain standard assessment procedures to be applied and used in all of the counties of the state, to [the end] *ensure* that assessments of property by county assessors are made equal in each of the several counties of this state.

3. [Visit] *Shall visit* a selective cross section of assessable properties within the various counties in cooperation with the county assessor and examine these properties and compare them with the tax roll and assist the various county assessors in correcting any inequalities found to exist with factors of equal value and actual assessed value considered, and place upon the rolls any property found to be omitted from the tax roll.

4. [Carry] *Shall carry* on a continuing study, the object of which is the equalization of property values between counties.

5. [Carry] *Shall carry* on a program of in-service training for county assessors of the several counties of the state, and each year hold classes of instruction in assessing procedure for the purpose of bringing each county assessor and his authorized personnel the newest methods, procedures and practices in assessing property. Expenses of attending such classes are a proper and allowable charge by the board of county commissioners in each county.

6. [Continually] *Shall continually* supervise assessment procedures which are carried on in the several counties of the state and advise county assessors in the application of such procedures. The department shall make a complete written report to each session of the legislature, which must include all reports of its activities and findings and all recommendations which it has made to the several county assessors, and the extent to which [such] *the* recommendations have been followed.

7. [Carry] *Shall carry* on a continuing program to maintain and study the assessment of public utilities and all other property assessed by the department to the end that [such] *the* assessment is equalized with the property assessable by county assessors.

8. [Conduct] *May conduct* appraisals at the request of and in conjunction with any county assessor when [such] *the* assessor considers such assistance necessary. One-half of the cost of [such] *the* appraisal must be paid by the county. In lieu of a cash payment, the county may provide labor, material or services having a value equal to one-half of the appraisal cost.

*9. Shall establish and maintain a manual of assessment policies and procedures.*".

Amend the bill as a whole by adding a preamble, preceding the enacting clause, to read as follows:

"WHEREAS, In 1981, the Nevada Legislature substantially revised the laws governing the financial structure of the local governments of this state; and

WHEREAS, As part of that revision the supplemental city-county relief tax was imposed at the rate of 1.75 percent of taxable sales and a formula was enacted which allocated the revenue from that tax among the local governments; and

WHEREAS, The amount of property taxes that each local government was allowed to receive was reduced by an amount equal to the amount of revenue from the supplemental city-county relief tax that was allocated to that local government; and

WHEREAS, Various other controls were also instituted that limited the amount of revenue which could be received by a local government; and

WHEREAS, The formula for the distribution of the supplemental city-county relief tax was based upon the replacement of equal amounts of property tax revenue and did not attempt to return a particular portion of the proceeds of the sales and use tax to the area in which they were collected; and

WHEREAS, This legislature hereby finds and determines that it is more equitable to distribute the revenue from the supplemental city-county relief tax to the counties in which it was collected and to counties in which the persons who pay the tax may reside; and

WHEREAS, The changes in the formula to accomplish the new goals necessitate changes that are different for each county and will cause a severe shortfall of revenue in Washoe County which must be made up with new tax revenue; and

WHEREAS, It is in the best interests of this state to continue to limit the total revenues received by local governments and therefore it is necessary to authorize new taxes only for Washoe County to retain the balance and ensure equity and fairness in taxation throughout the state; and

WHEREAS, The legislature finds and declares that a general law cannot be made applicable to the situation because of the economic diversity of the local governments of this state, the unusual growth patterns in certain of those local governments and the special conditions experienced in certain counties related to the need to provide basic services; now, therefore,".

Amend the title of the bill to read as follows:

"An Act relating to taxation; requiring the department of taxation to establish uniform standards and required training concerning the assessment of property by county assessors; revising the provisions governing the assessment roll of county assessors; revising the formula for the distribution of the proceeds of the supplemental city-county relief tax; authorizing Washoe County to impose certain additional taxes to replace revenue lost as a result of the revision of the formula; making an appropriation; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

"Summary—Makes various changes relating to taxation. (BDR 32-138)".

Assemblyman Price moved the adoption of the amendment.

Remarks by Assemblymen Price, Haller, Anderson, Lambert, Myrna Williams, Spriggs, Bergevin, Evans and Johnson.

Assemblyman Myrna Williams requested that her remarks be entered in the Journal.

Thank you, Mr. Speaker. I rise in support of this amendment. We worked very long and hard on this. It came out of the subcommittee and it came out of the full committee. I would not suggest to you that that vote was unanimous; however, I do want to make sure that I clear the record here. At no time, at no time were aspersions cast on any county, nor was there ever any discussion of malicious intent or intent to fool anyone. There was a recognition that there had been a sincere try, an attempt in 1981 to change things. It hadn't worked. It had worked to the disadvantage of 16 counties and the advantage of one. That was a result of the working of the formula, but never at any time, was anybody ever, ever accused of doing anything that could conceivably be construed as behind someone's back or not in accordance with the law. At this time I would like to just lend my support to this amendment.

Amendment adopted.

Assemblyman Price moved that Assembly Bill No. 104 be re-referred to the Committee on Taxation.

Motion carried.

Bill ordered reprinted, engrossed and to the Committee on Taxation.

*3. If a governing body creates a toll road or toll bridge, it shall create a special reserve fund for the tolls collected. Any interest and income earned on the money in the fund must remain in the fund for use as all other money in the fund is used. The money in the fund may only be used to pay the cost of the project for which the tolls are collected and the administrative costs directly related to the project, including the cost of collecting the tolls. The appropriate officer of the municipality shall transfer monthly the amount of money necessary to pay any payments of interest or principal that will be due in the next preceding month for debt related to the toll road or toll bridge from the fund to a debt service fund created for that purpose.*

*3. The toll road or toll bridge may be an entirely new road or bridge or an existing road or bridge to which major improvements will be added, or any combination thereof.*

Sec. 9. *The toll charged for use of the road or bridge must be calculated by the director to produce, within a reasonable period, an amount of money equal to the cost of the project or the portion of the cost of the project to be financed by the tolls. After the cost of the project is recovered, the toll must not be collected unless:*

*1. A plan for necessary maintenance or future improvements has been adopted by the director;*

*2. The plan is approved by the board; and*

*3. The amount of the toll is recalculated to produce the amount of money required by the plan.*

Sec. 10. *Money collected as tolls from a toll road or toll bridge authorized pursuant to sections 7 to 11, inclusive, of this act must be accounted for separately in the state highway fund and may only be used to pay the costs of the project for which the tolls are collected and the administrative costs directly related to the project, including the cost of collecting the tolls.*

Sec. 11. *1. The director may, with the approval of the board, request that the board of examiners issue general obligation bonds, revenue bonds or any other evidence of indebtedness, or any combination thereof, to finance the construction of a toll road or toll bridge.*
