Thank you, Mr. Speaker. I know we are all anxious to get out of here, but some of my close friends will be gone tomorrow. I had planned on doing this tomorrow. I do not often have guests at my desk. I will not have one tomorrow, but I wish I could.

Tomorrow is my father, William Torme's, birthday. He will be 95 years old. I would like everyone to know that last year Los Angeles renewed his driver's license for another four years. He is still driving on the roads and freeways in Los Angeles. No matter what anyone says, if he is not a good driver, it is because he was never a good driver. So, I would like everyone to have a good thought for my Dad.

(f) Whether the change is effective on filing the certificate or, if not, the date and time at which the change will be effective, which must not be more than 90 days after the certificate is filed.

The provisions in the articles of incorporation of the corporation regarding the authorized number and par value, if any, of the changed class and series, if any, of shares shall be deemed amended as provided in the certificate at the effective date and time of the change.

CARSON CITY (Thursday), May 20, 1993

Assembly called to order at 11:11 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, The Reverend Ruth Hanusa.

Dear God, You are the creator of all things; the earth and its seas, the heavens and their stars, humans and critters, chickens and turkeys. Create in us the courage to care for the part of Your creation for which we are accountable, that we neither needlessly gobble up the earth's resources, foul up the air, nor chicken out on our responsibilities. In Your goodness, lift us up on eagles' wings and continue to grace us with humor when the gift of the turkey is our lot. AMEN.

Pledge of allegiance to the Flag.

Assemblyman Porter moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, May 20, 1993

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 38.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 38.

Assemblyman Myrna Williams moved the adoption of the resolution.

Remarks by Assemblymen Myrna Williams, Spitler, Porter, Price, Schneider, Wendell Williams and Segerblom.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. Hank Greenspun was a man of principle. He had the courage of his convictions. Often times, those convictions led him down dangerous paths with seemingly impossible odds, yet Hank persevered.

His door at the *Las Vegas Sun* was always open to any citizen who wanted to voice an opinion. He said what he meant, and he meant what he said. He battled for his country, for the Constitution, for children, for seniors, the environment, for fairness, for families, for the people of Nevada and, above all, for the truth.

When my family moved to Las Vegas in 1960, one of the biggest surprises we had was the fact that Hank Greenspun, publisher of the *Las Vegas Sun*, was there. We had followed him very carefully through his battles with the infamous Senator Joseph McCarthy. That is when we decided that there was no better place to live. If it was good enough for Hank Greenspun, it was certainly good enough for us.

ASSEMBLYMAN SPITLER:

Thank you, Mr. Speaker. I also rise in support of Senate Concurrent Resolution No. 38. I came to Nevada after Mr. Greenspun had already created a Nevada legacy. I must tell you his contributions to the things around us in southern Nevada were well known. His newspaper columns brought historic and current issues to the forefront in a very colorful manner. I often wondered how he knew so much about the world around us, being a newcomer to Nevada. Then, my good friend Muriel Stevens gave me a copy of his book, "Where I Stand," and suddenly, I knew why. Mr. Greenspun wrote and lived with passion. I respect that. While today we have his memories, we are blessed with his family, each of whom is quite independent and continues the community spirit that Hank Greenspun began.

Mr. Speaker, I must tell you and this body that one of my fondest memories is one that took place at a charity event. I saw Mr. and Mrs. Greenspun dancing. I had heard they were superb dancers, but you could not believe your eyes. They danced as though they were on air. Such a beautiful couple.

It certainly is my pleasure to join with my colleagues in saluting Mr. Greenspun's memory and honoring his family. His beautiful wife, Barbara; his daughters Susan and Janie; his sons Brian and Danny; and all of the members of their respective families, Jeff, Myra and Robin. Thank you, Mr. Speaker.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution No. 38. Believe it or not, Mr. Speaker, I once worked for Mr. Greenspun. At the age of 12, I was the *Las Vegas Sun* paper boy and made about $60 a month. When I was growing up in Clark County, the *Las Vegas Sun* really was the community newspaper. I still have a bunch of clippings, somewhere in a box, of different sporting events that I was involved with in high school. The *Las Vegas Sun* was always the newspaper that focused more upon the community of Clark County and seemed to have more heart for Clark County than did its closest competitor.

When focusing on the life of Hank Greenspun, he did a lot of things that I always got a kick out of. I remember the gubernatorial race between Ed Fike and Mike O'Callaghan in 1970. I see Barbara shaking her head on that. There were some stories and headlines that passed back and forth on that race. I remember, as a young lawyer right out of law school, when federal judge Harry Claiborne was being tried here in Reno. Mr. Greenspun attended every one of those court proceedings and placed his newspaper rack right outside the Federal Court House. He was instructed by the federal judge to remove it. He took on the federal judiciary in the middle of the case, sticking up for a man whom he considered to be his friend. That was the kind of man Hank Greenspun was. If we could instill some of those values in some of our membership in this legislature, Nevada would be a better place because of his efforts. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution No. 38. Like my colleague, the Speaker pro Tempore, I was aware of Hank Greenspun prior to coming to Nevada, although he was not the reason that I moved here. My family was already here. My last year of high school in Cheyenne, Wyoming, my family had already moved to Las Vegas. I worked for the newspaper as a copy boy in Cheyenne. I was also a member of the debate team my senior year in high school. When we went to Denver for competition, my assignment was defending the senator from Wisconsin's actions and so I became aware of Hank Greenspun. He was also the subject of discussion at the newspaper in Cheyenne. He was one Nevadan I knew, other than my family, when I got here. I enjoyed the various contacts over the years.

Of course, I was always happy because he had the very good sense to endorse me over the years. Although, they never hesitated to put me on the front page showing the fuzz buster in my car. He certainly was a wonderful institution for Nevada. I am so pleased we are doing this resolution today.

ASSEMBLYMAN SCHNEIDER:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. Like Mr. Porter, I am a former employee of the *Las Vegas Sun*. However, I started out past the paper boy status. One day, shortly after I moved to town, the *Las Vegas Sun* called Gorman High School. They were looking for someone to be a copy boy in the sports department. I gladly went and accepted the position. I worked my way up from a copy boy to a sports editor.

I worked in the summer with Brian Greenspun, who came home from college. I worked with Robin. I used to go over and chat with her in the art department. Through that experience I was able to apply for a scholarship and received a full ride scholarship to college from the press club. That would not have been an opportunity available to me without the experience and the consideration from the Greenspun family. Thank you, very much, Mr. Speaker.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution No. 38. Unlike some of my colleagues, I did not have the opportunity to know Mr. Greenspun or his family. I have been taught that men should not seek to fill the shoes of great men, but to seek the things that they sought. This resolution talks about the courage and conviction of Mr. Greenspun. I have had the opportunity to learn and read about some of the convictions of Mr. Greenspun's courage in reference to human rights.

This morning, in one of the committees, there was a hearing on a particular piece of legislation that dealt with situations and historical aspects of Clark County and Las Vegas. There was talk about some of the changes that had happened in Clark County during the trying times of the 1950s and 1960s with moves to integrate public accommodations in downtown Las Vegas and the Las Vegas strip. In 1960, in Las Vegas, a very important and significant meeting took place that changed the landscape of Nevada politics. It changed the shape and landscape of our ideas and principles in reference to human rights. That particular meeting took place between a number of key officials in our state including Governor Sawyer and members of the NAACP. It resulted in a very positive change in Clark County. Ironically, but not surprisingly, that meeting was mediated by none other than Hank Greenspun. The legacy of this particular Nevadan serves as a life for many people who will travel after us in the years to come and will serve as an example for all true Nevadans. I wholeheartedly urge my colleagues to support this resolution.

ASSEMBLYMAN SEGERBLOM:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution No. 38. Being a family friend of the Greenspuns for many years, and looking forward to "Where I Stand" every day so I would know where I stood, I want to support this resolution. I also want to remind you that the Greenspuns came to Nevada by way of Boulder City.

Resolution adopted unanimously.

Assemblyman Anderson moved the adoption of the resolution.

Remarks by Assemblymen Anderson, Haller, Evans, Marvel and Dini.

Assemblyman Bache requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Madam Speaker pro Tempore. The sum total of a person can hardly be expressed in such a resolution. The influence of Luis Mendive upon the community of Sparks can hardly be transmitted in a few simple words.

Luis Mendive was a basketball coach in Sparks for many years. He was a fierce competitor and a fierce player of the game. Early on in my youth, I had the opportunity to be coached by Luis in a church league. One of the great lessons that he taught me was that it is okay to cry. Now, sometimes that lesson is missed on the male population, or so it is said. He taught me this lesson in a very simple way. We were going to a basketball game. The local town bully, the toughest guy in town, was a member of his varsity basketball team. They had lost a basketball game to Las Vegas. The younger kids in the community had heard that this notorious tough guy had cried. While driving to a basketball game, we asked Luis if this tough guy had cried. Luis did not respond for awhile. Then he said, "You know, he did cry because he recognized it was going to be the last time that he was going to get to play the game. He was not going to get to play basketball any more because he was going to graduate." I suddenly realized how important it was to always be willing to play the game. Indeed, that is what Luis was about. He gave his life to the kids. Everything he did revolved around the kids.

About a month ago, at church, one of my former students, who was going to be my substitute, was talking to me relative to the new assignments they had to complete. On the following week, I asked a kid how she was doing in class. Luis overheard me and reminded me that students at church or anywhere outside of school have a special sanctuary. Teachers are not to pick on students. We do not hold students responsible. It is always important to show the human side of any authority figure. Luis Mendive clearly showed that human side in all of his actions.

One of the more prominent lobbyists in our halls, Mr. Harvey Whittemore, reminded me before I came into the chambers today that if anyone is responsible for many of his outlooks and views, it was Luis Mendive. Please do not hold that against the passage of this resolution. Luis Mendive had a great caring attitude. His impact upon our community and the community's varsity team will be long remembered. This resolution, as presented, is fitting for this chamber to adopt.

ASSEMBLYMAN HALLER:

Thank you, Madam Speaker pro Tempore. I first met Luis in the late 1950s. I became a teacher at his school. It was interesting because the women would stop talking when I would enter the room where we relaxed. I went to Luis and said, "Luis, what is the matter here. The women do not like us men." He said, "They are telling dirty jokes." I liked and loved Luis so much. When he changed schools, I went with him. For 20 years we worked together. He was a great guy.

ASSEMBLYMAN EVANS:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of Assembly Concurrent Resolution No. 60. In every generation in every community, there are a few exceptional individuals who distinguish themselves for giving unselfishly of their time and talent for others. Such was the case with Luis Mendive. As an exemplary educator and civic leader, he will be fondly remembered by the people of Sparks. As we say goodby to Luis, we also say thank you for giving so much to so many.

ASSEMBLYMAN MARVEL:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of Assembly Concurrent Resolution No. 60. I knew Luis in a little different era, as Luis and I were more or less raised together in Battle Mountain. We went through grammar and high school together. We played on football and basketball teams together and were state champions two or three times.

Unfortunately, during the war we were separated. He went his way and I went mine. Fortunately, we came back to the University of Nevada where we continued our relationship. We were ATO fraternity brothers. Unfortunately, you do lose contact with some of your colleagues, but the nice thing about the State of Nevada is you can still follow the records of a lot of our people. What you heard about Luis from my colleagues who taught with him, will go down in history as a legend in the teaching and coaching professions. My very best wishes to his family.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I rise in support of the resolution. I did not know Luis before John Marvel because John is my senior. I became acquainted with Luis in 1946. We were in the same graduating class in 1950 at the University of Nevada, Reno. We got acquainted through athletics and other things on campus. I never did hold against Luis the fact that he was an ATO member. That was another subject matter.

Luis was a person who we knew early in life that he was going to be a person who would develop character among the young people. He chose the right profession. He was the right man at the right time when we had to develop good kids. His record shows that he was able to influence hundreds and hundreds of kids in the Reno and Sparks area.

I remember Jake Lawlor, the immortal coach at University of Nevada, Reno, who said that if he had five Luis Mendives, they would become national champions. That is the way he was. He was a hard driver. He worked hard at everything he did.

He really touched my heart when I met him. We did not talk very often in our careers in the last 40 years, but we knew where each one was. I think this loss is a tremendous loss to the people of our state. His contribution was one where he really did his part in life by helping to make the State of Nevada a better state. He touched so many young people's lives and made them better people. I would like to send my condolences to the family. I know Luis is looking over us saying, "Do not give me too much of this rigmarole here at the Assembly." He certainly was a friend to all of us.

Resolution adopted unanimously.

Assemblyman Anderson moved that all rules be suspended and that Assembly Concurrent Resolution No. 60 be immediately transmitted to the Senate.

Motion carried unanimously.

Madam Speaker pro Tempore announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Thank you, Mr. Speaker. I, also, rise in support of this legislation. I might give you an example of having 2,000 employees throughout the United States and you have maybe six of those employees within the State of Nevada. You are interfering with private enterprise to create a separate payroll system for just a couple of employees out of the whole United States. This is very simple and clean legislation. It is appropriate, especially for those people who are encouraging jobs in the economy to come to the State of Nevada. Thank you.

Assemblyman Anderson moved the adoption of the resolution.

Remarks by Assemblymen Anderson, Gibbons and Mr. Speaker.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. Edwin "Tip" Whitehead is one of those legends of Nevada that happened to reside in Sparks. Sparks was lucky to have him. He was the type of educator who cared most about children and what they did. He expressed that throughout his life.

Growing up in a small community like Sparks meant that you had to work together to accomplish anything. "Tip" Whitehead clearly demonstrated that in his coaching ability and as an educator, continuing as an educator, the importance and the inter-relationship between what happens on the playing field and what happens in the classroom.

"Tip" gained his name from the World War I song, "It's a Long Way to Tipperary," which he would constantly whistle. He was the star at the University of Nevada in the

1920s as the quarterback, often playing without a helmet. It did not seem to diminish his educational capacity. He recognized the importance of participating in the game. He continued to emphasize excellence in his major field of education and with all the people he dealt with in our community.

For me, as a young man growing up in Sparks, he represented one of the three pillars of education. He clearly showed that you could accomplish anything through education. I ask for the adoption of this resolution.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I, too, rise in support of this resolution. I knew "Tip" both as a coach and as a student in Sparks High School. I can remember a great deal about "Tip" including the time he threw the chalk eraser at me in school for talking during a lecture.

"Tip" epitomized, as my colleague from Sparks has said, the greatest in all teachers and educators. He was a compassionate man. He was a father to all of us as students who attended his class or were his students in the sports arena. I can see his face today. I hope that 30 years from now I will always remember "Tip" the way I do today, with fond and loving memories. Thank you.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

With the permission of the house, I would like to say a couple of words. In my era of high school, "Tip" Whitehead was the Sparks High School Coach. During World War II, Yerington had a magnificent high school population of 100 students during my senior year. Sparks probably had 200 or 300 students. There was ferocious competition between all the schools. There wasn't a AA or AAA. It was all one division. You stood up to the bigger high schools.

"Tip" brought to us a great sense of competition. He was a strong competitor. Of course, he had a lot of Italian kids attending high school in Sparks at that time. That is why he was so successful at coaching, because he had those boys playing for him. During the university years, I became acquainted with him. He made a life-long impression on me. We are going to miss him.

Resolution adopted unanimously.

Assemblyman Anderson moved that all rules be suspended and that Assembly Concurrent Resolution No. 61 be immediately transmitted to the Senate.

Motion carried unanimously.

REMARKS FROM THE FLOOR

Assemblyman Freeman requested that her remarks be entered in the Journal.

Thank you, Mr. Speaker. I have here a proclamation that will be issued by the Governor today. It regards the issue of missing children in the United States. In Washoe County, a coalition of various public agencies have gotten together and formed a team to address the issues of missing children and their families. The proclamation is rather long. I have asked the Chief Clerk to please read it and enter it into the record this legislative day.

STATE OF NEVADA

A PROCLAMATION BY THE GOVERNOR

Whereas, every 40 seconds a child becomes missing or abducted in the United States, representing over one million children who disappear each year, and the plight of these children is of vital concern to our community; and

Whereas, every missing child is an endangered child, vulnerable to physical, psychological and emotional abuse and exploitation, and the successful prevention, location, recovery and reunification of missing children and their families relies on public awareness and community involvement; and

Whereas, the Washoe County Missing and Exploited Children Comprehensive Action Program (WCM/CAP) team was established on May 22, 1992, to serve as a community-based multi-disciplinary, interagency, case and services management system to address the needs of Washoe County's missing children and their families; and

Whereas, the agencies participating on the Washoe County M/CAP team include Children's Cabinet, Child Assault Prevention, Court Appointed Special Advocates, Reno Police Department, Mental Health Professionals, Sparks Police Department, Washoe County Child Sexual Abuse Investigation Team, Washoe County District Attorney's Office, Washoe County District Court-Juvenile and Family Courts, Washoe County Juvenile Probation, Washoe County School District, Washoe County Social Services/ Child Protection Services and Washoe County Sheriff's Offices; and

Whereas, the Washoe County M/CAP team has established an annual Child Identification Event to provide all children and all families of our community with a comprehensive identification packet to assist and inform if a child is missing in Washoe County; and

Whereas, the Washoe County M/CAP team has initiated a Nevada Missing Children's Day to coincide with National Missing Children's Day on May 25 of each year to generate public awareness, support and active community involvement in reducing the number of missing children in our community;

NOW, THEREFORE, I, BOB MILLER, GOVERNOR OF THE STATE OF NEVADA, do hereby proclaim May 25, 1993, as

MISSING CHILDREN'S DAY

in Nevada, and I encourage everyone to participate in this day and all year long by supporting the Washoe County M/CAP team in its efforts to keep Washoe County—and Nevada—children safe and secure.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 24th day of May in the year of Our Lord one thousand nine hundred and ninety three.

Sec. 2. *1. Except as otherwise provided in this section, the welfare division may, to the extent it is not prohibited by federal law and when circumstances allow:*

(a) Recover benefits correctly paid for assistance to the medically indigent from:

(1) The estate of the person who received those benefits; and

"Sec. 6.5. *1. In this section:*

(a) "Check" means a cashier's check, teller's check or certified check.

(b) "Claimant" means a person who claims the right to receive the amount of a cashier's check, teller's check or certified check that was lost, destroyed or stolen.

(c) "Declaration of loss" means a written statement, made under penalty of perjury, to the effect that:

(1) The declarer lost possession of a check;

(2) The declarer is the drawer or payee of the check, in the case of a certified check, or the remitter or payee of the check, in the case of a cashier's check or teller's check;

(3) The loss of possession was not the result of a transfer by the declarer or a lawful seizure; and

(4) The declarer cannot reasonably obtain possession of the check because the check was destroyed, its whereabouts cannot be determined, or it is in the wrongful possession of an unknown person or a person that cannot be found or is not amenable to service of process.

(d) "Obligated bank" means the issuer of a cashier's check or teller's check or the acceptor of a certified check.

2. A claimant may assert a claim to the amount of a check by a communication to the obligated bank describing the check with reasonable certainty and requesting payment of the amount of the check, if:

(a) The claimant is the drawer or payee of a certified check or the remitter or payee of a cashier's check or teller's check;

(b) The communication contains or is accompanied by a declaration of loss of the claimant with respect to the check;

(1) The time the claim is asserted; or

(2) The 90th day following the date of the check, in the case of a cashier's check or teller's check, or the 90th day following the date of the acceptance, in the case of a certified check.

(b) Until the claim becomes enforceable, it has no legal effect and the obligated bank may pay the check or, in the case of a teller's check, may permit the drawee to pay the check. Payment to a person entitled to enforce the check discharges all liability of the obligated bank with respect to the check.

(c) If the claim becomes enforceable before the check is presented for payment, the obligated bank is not obliged to pay the check.

(d) When the claim becomes enforceable, the obligated bank becomes obliged to pay the amount of the check to the claimant if payment of the

check has not been made to a person entitled to enforce the check. Subject to paragraph (a) of subsection 1 of NRS 104.4302, payment to the claimant discharges all liability of the obligated bank with respect to the check.

4. 5. If a claimant has the right to assert a claim under subsection 2 and is also a person entitled to enforce a cashier's check, teller's check or certified check which is lost, destroyed or stolen, the claimant may assert rights with respect to the check either under this section or section 3 of this act.".

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 475.

Amend the bill as a whole by deleting sections 1 and 2 and adding new sections designated sections 1 through 7, following the enacting clause, to read as follows:

"Section 1. Chapter 200 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 6, inclusive, of this act.

Sec. 2. *The legislature finds and declares that:*

1. This state has a compelling interest in assuring that the victim of a sexual assault:

(a) Reports the assault to the appropriate authorities;

(b) Cooperates in the investigation and prosecution of the assault; and

(c) Testifies at the criminal trial of the person charged with committing the assault.

2. The fear of public identification and invasion of privacy are fundamental concerns for the victims of sexual assault. If these concerns are not addressed and the victims are left unprotected, the victims may refrain from reporting and prosecuting sexual assaults.

3. A victim of a sexual assault may be harassed, intimidated and psychologically harmed by a public report that identifies the victim. A sexual assault is, in many ways, a unique, distinctive and intrusive personal trauma. The consequences of identification are often additional psychological trauma and the public disclosure of private personal experiences.

4. Recent public criminal trials have focused attention on these issues and have dramatized the need for basic protections for the victims of sexual assault.

5. The public has no overriding need to know the individual identity of the victim of a sexual assault.

6. The purpose of sections 3 to 6, inclusive, of this act is to protect the victims of sexual assault from harassment, intimidation, psychological trauma and the unwarranted invasion of their privacy by prohibiting the disclosure of their identities to the public.

Sec. 3. *1. Except as otherwise provided in this section, all:*

(a) Court records, including testimony from witnesses;

(b) Intelligence or investigative information, reports of crime or incidents of criminal activity or other information;

(c) Records of criminal history, as that term is defined in NRS 179A.070; and

(d) Records in the central repository for Nevada records of criminal history,

concerning a sexual assault, which include the photograph, likeness, name, address, telephone number or other fact or information that reveals the identity of the victim of the sexual assault are confidential.

2. A defendant charged with a sexual assault and his attorney are entitled to all identifying information concerning the victim in order to prepare the defense of the defendant. The defendant and his attorney shall not disclose this information except, as necessary, to those persons directly involved in the preparation of the defense.

3. A court of competent jurisdiction may authorize the release of the identifying information, upon application, if the court determines that:

(a) The person making the application has demonstrated to the satisfaction of the court that good cause exists for the disclosure;

(b) The disclosure will not place the victim at risk of personal harm; and

(c) Reasonable notice of the application and an opportunity to be heard have been given to the victim.

4. Nothing in this section prohibits:

(a) Any publication or broadcast by the media concerning a sexual assault.

(b) The disclosure of identifying information to any nonprofit organization or public agency whose purpose is to provide counseling, services for the management of crises or other assistance to the victims of crimes if:

(1) The organization or agency needs identifying information of victims to offer such services; and

(2) The court or a law enforcement agency approves the organization or agency for the receipt of the identifying information.

5. The willful violation of any provision of this section or the willful neglect or refusal to obey any court order made pursuant thereto is punishable as criminal contempt.

Sec. 4. *1. A victim of a sexual assault may choose a pseudonym to be used instead of the victim's name on all files, records and documents pertaining to the sexual assault, including, without limitation, criminal intelligence and investigative reports, court records and media releases.*

2. A victim who chooses to use a pseudonym shall file a form to choose a pseudonym with the law enforcement agency investigating the offense. The form must be provided by the law enforcement agency.

3. If the victim files a form to use a pseudonym, as soon as practicable the law enforcement agency shall:

(a) Substitute the pseudonym for the name of the victim on all reports, files and records in the agency's possession; and

(b) Notify the prosecuting attorney of the pseudonym.

The law enforcement agency shall maintain the form in a manner that protects the confidentiality of the information contained therein.

4. Upon notification that a victim has elected to be designated by a pseudonym, the court shall ensure that the victim is designated by the pseudonym in all legal proceedings concerning the sexual assault.

5. The information contained on the form to choose a pseudonym concerning the actual identity of the victim is confidential and must not be disclosed to any person other than the defendant or his attorney unless a court of competent jurisdiction orders the disclosure of the information. The disclosure of information to a defendant or his attorney is subject to the conditions and restrictions specified in subsection 2 of section 3 of this act. A person who violates this subsection is guilty of a misdemeanor.

6. A court of competent jurisdiction may order the disclosure of the information contained on the form only if it finds that the information is essential in the trial of the defendant accused of the sexual assault or the identity of the victim is at issue.

Sec. 5. *1. A public officer or employee who has access to any records, files or other documents which include the photograph, likeness, name, address, telephone number or other fact or information that reveals the identity of a victim of a sexual assault shall not intentionally or knowingly disclose the identifying information to any person other than:*

(a) The defendant or his attorney;

(b) A person who is directly involved in the investigation, prosecution or defense of the case;

(c) A person specifically named in a court order issued pursuant to section 3 of this act; or

(d) A nonprofit organization or public agency approved to receive the information pursuant to section 3 of this act.

2. A person who violates the provisions of subsection 1 is guilty of a misdemeanor.

Sec. 6. *The provisions of sections 3, 4 and 5 of this act do not apply if the victim of the sexual assault voluntarily waives, in writing, the confidentiality of the information concerning the victim's identity.*

Sec. 7. Chapter 41 of NRS is hereby amended by adding thereto a new section to read as follows:

A person who has suffered injury as the proximate result of a violation of the provisions of sections 3 to 6, inclusive, of this act may bring an action for the recovery of his actual damages and any punitive damages which the facts may warrant.".

Amend the title of the bill to read as follows:

"An Act relating to victims of crimes; providing that identifying information concerning the victim of a sexual assault is confidential; prohibiting the disclosure of such information; providing exceptions; authorizing a civil action against persons who unlawfully disclose such information; providing a penalty; and providing other matters properly relating thereto.".

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, June 1, 1993

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 40.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 40.

Assemblyman Heller moved the adoption of the resolution.

Remarks by Assemblymen Heller, Evans and Price.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HELLER:

Thank you, Mr. Speaker. To many members of this chamber, Pat Bates distinguished herself as a true humanitarian and leader in this state. To that extent, she was a recipient of numerous awards. Such awards, as mentioned in the resolution, were Woman of the Year and Woman of Power. In 1990, she was recognized by Governor Bob Miller for 25 years devoted toward the treatment of persons and families affected by substance abuse. Today, we may anguish over Pat's death, but tomorrow we will remember Pat for her strength and power in serving others and what a testimony she was to us in these chambers as to what true leadership is all about.

Mr. Speaker, in preparing some of these remarks, I ran into a friend of Pat's, Patt Quinn-Davis. She was a columnist at the local *Nevada Appeal.* Patt wanted to enter some remarks. In the interest of time, I would like to read a paragraph of what Patt had to say. Patt Quinn-Davis is now the editor of the *Daily Democrat* in Woodland, California. Patt says, "Often, my friend, my mentor, Pat Bates, told me that if I did not like how something was, then change it. That simple statement was a thread that wove itself through Pat's personal life, her professional life and public life. Pat worked tirelessly

from her belief in change to bring relief, perhaps peace, always some hope to those who entered the doors of her clinic. It wasn't that Pat treated her patients gently. She was tough, requiring the strict regimen of individual and group therapy at the nightly AA meetings. Wrapped in Pat's toughness was an ironclad devotion to those she counseled. They knew she would never let them go and she would never give up on them." Thank you, Mr. Speaker.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in support of Senate Concurrent Resolution No. 40. I first met Pat Bates during the 1981 session. We were both doing advocacy work. It was my first session. Pat became my friend and very much a teacher about the process and the people in this building. As we look at the Nevada Revised Statutes, we see Pat's imprint everywhere when it comes to drug and alcohol abuse prevention and treatment programs. No one was a greater advocate for these programs. We all deeply regret that her illness has taken her from us prematurely. We miss her.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to this honorable body, I rise in support of Senate Concurrent Resolution No. 40. I had the pleasure of meeting Pat in 1975. I was involved in various programs that she worked on. She was truly a wonderful, wonderful lady. Pat had such a heart. Over the years, we kept in contact. I was very saddened by her passing. I do not think enough could be said about her. She was certainly one of the fine Nevadans who served her community and state with all her heart and body. I think it is very appropriate today that we should be honoring her memory.

Resolution adopted unanimously.

By the Committee on Ways and Means:

Assembly Joint Resolution No. 35—Proposing to amend the Nevada constitution to allow the investment of state money to stimulate economic development.

WHEREAS, Emerging competition in other states and federally regulated territories threaten the State of Nevada's long-term growth in its vital gaming industry; and

WHEREAS, Finance programs necessary to assure business expansion and high quality job growth do not currently provide Nevada's business sector with adequate access to those types of money and capital essential to support the growth of a diversified economic base; and

WHEREAS, The Nevada constitution currently contains restrictions, based on conditions existing in the 19th century, that have prevented the Legislature from considering legislation similar to laws enacted in several other states, which would permit prudently managed investments in public-private partnerships and corporations designed to provide needed sources of capital for high quality, job-creating businesses within Nevada that cannot feasibly obtain such financing from existing private financial markets in an easily accessible and efficient manner; and

WHEREAS, The State of Nevada must remain competitive with other states in providing the necessary financial tools to attract the types of businesses and industries that would diversify Nevada's economic base and improve the standard of living for Nevada's citizens; and

WHEREAS, The benefits to be derived from a strong economic development effort throughout the state may be jeopardized if current restrictions in the Nevada constitution are not replaced with more flexible and contemporary standards that both protect public investments in economic development projects and provide access to the type of financing needed to stimulate the growth of businesses and industries throughout the state which will provide the high quality jobs, increased property values, and enhanced standard of living desired by Nevadans; now, therefore, be it

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That section 9 of article 8 of the constitution of the State of Nevada is hereby amended to read as follows:

[Sec: 9. The]

Except as otherwise provided in subsections 2 and 3, the State shall not donate or loan money [,] or its credit [,] *to, or* subscribe to or be [,] interested in the Stock of any company, association, or corporation . [, except] *2. The legislature may by law, approved by a vote of two-thirds of the members elected to each house, authorize the investment of state money in a company, association or corporation subject to the following conditions:*

(a) Before any investment is authorized, a determination must be made, by a person or entity designated in the authorizing legislation, that:

(1) The investment is for the economic development of this state or the creation of new employment opportunities in this state;

(2) The state can reasonably expect to achieve a reasonable rate of return on the investment, adjusted for the relative degree of risk; and

(b) Each investment by the state must be made through a cooperative venture with private investors of reasonable sophistication who participate in the venture on terms that are the same as or less favorable than the terms on which the state is participating.

Revenue received from investments pursuant to this subsection may be reinvested subject to the same conditions.

3. The provisions of this section do not apply to corporations formed for educational or charitable purposes.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, June 3, 1993

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 41.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 41.

Assemblyman Porter moved the adoption of the resolution.

Remarks by Assemblymen Porter and Chowning.

Assemblyman Chowning requested that her remarks be entered in the Journal.

Thank you, Mr. Speaker. I have had the pleasure of knowing "Corky" Poole. Although I was not the one who was supposed to speak on this resolution, I rise in support of Senate Concurrent Resolution No. 41.

Years ago, I was a student at NSU, Nevada Southern University, during the time when "Corky" was trying to keep herd and keep track and keep all of the original Rebel basketball players fed and housed. He and his wife have been great humanitarians and educators through all the years. One thing people probably do not remember is while they were sweethearts in college, "Corky" sent Bobbie a letter that had a three cent stamp on it. The letter was delivered some 20 years later. It had gotten stuck in the wall at the Post Office. When the Post Office moved, they found the letter. The Post Office did deliver the letter. It was a great educational lesson for their children.

"Corky" is a wonderful person. It is too bad he is not here today. This is one of the nice things we do as legislators, to honor worthy persons.

Resolution adopted unanimously.

GENERAL FILE AND THIRD READING

Assembly Bill No. 244.

Bill read third time.

Remarks by Assemblyman Giunchigliani.

Assemblyman Bache requested that Assemblyman Giunchigliani's remarks be entered in the Journal.

Thank you, Mr. Speaker. Assembly Bill No. 244 provides that certain court, investigative, and other related records which identify a victim of sexual assault are confidential. Identifying information concerning the victim may be disclosed only to: (1) the defendant and his attorney; (2) a person directly involved in the investigation, prosecution, or defense of the case; (3) an entity which provides counseling or other services to victims; or (4) a person specifically named in a court order who has demonstrated good cause for such disclosure.

A public officer or employee with access to identifying information who intentionally releases the information to anyone other than those authorized will be guilty of a misdemeanor.

The bill further authorizes a victim to request a pseudonym be used on all files, records, and documents pertaining to the sexual assault. Alternatively, a victim may waive, in writing, the confidentiality of the identifying information.

Assembly Bill No. 244 is a victim's rights bill. As a sponsor of this bill, I do want everyone to understand that I continue to believe in fostering openness and public availability of the discussions, documents and proceedings of public agencies. Each of us believes that the First Amendment is a valuable tool for democracy, and a tool which must be guarded.

It is necessary, therefore, that I clearly frame the issue of Assembly Bill No. 244, as amended. Some will argue that passage of this bill will be the proverbial "foot in the door" toward a weakening of the First Amendment rights. That is clearly not the case. I believe that reasonable people, deliberating an issue such as this will understand that under these very limited circumstances, protection of an idea will still allow for protection of a victim.

Sexual assault is a chilling crime which counts men as well as women as its victims, boys as well as girls. However, it is a crime in which the victim is often perceived differently than any other victim of any other crime. Police reports demonstrate that victims of robbery, burglary or physical assault may not have been as careful to avoid the subject of a crime as they should have been. Yet, society regards them, as it should, as victims.

The victim of a sexual assault, on the other hand, often faces an underlying thought in our society that he or she may somehow have asked for it. Somehow sexual assault victims, no matter how innocent, are stigmatized by being a part of the crime committed against them.

Other witnesses will tell you how being a victim of these crimes makes you different than any other victim. They will tell of spouses and loved ones who regard the victim differently after a sexual assault. They will tell you that the victims are, indeed, treated differently, and that treatment is often as traumatic as the crime itself.

They will tell you that the publication of the victim's name, for neighbors, classmates or co-workers to know, compounds the difficulty for the victim and permanently changes

their relationship with others. The idea of their name being released prevents victims from coming forward. This bill will simply say that the press can cover the story, but there is no need to know the victim's name. I urge your support. Thank you.

"Section 1. Chapter 268 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 15, inclusive, of this act.

Sec. 2. *The legislature hereby finds and declares that:*

1. Increases in the population and usage of motor vehicles in the areas of densest population in this state have created conditions of traffic congestion in business districts that:

(a) Constitute a hazard to the safety of pedestrians and impede the movement of police and fire equipment, ambulances and other emergency vehicles;

(b) Indicate a need to widen streets that currently have both sidewalks to accommodate pedestrians and lanes for motor vehicles extending from the buildings on one side of the street to the buildings on the other side of the street leaving no space available for expansion of the area for pedestrians or motor vehicles; and

(c) Warrant the closure of certain streets and other thoroughfares to private vehicles.

2. There has been a progressive decline in the economic growth and vitality of businesses located in the business districts in the areas of densest population in this state that:

(a) Is attributable to the decrease in tourists and other visitors to these business districts;

(b) Necessitates special efforts to promote economic growth and revitalization of these economically depressed business districts to create new jobs and maintain existing employment opportunities, attract new businesses, tourists and visitors to these districts and to prevent further decline by restoring the economic growth and vitality of these business districts; and

(c) Makes it of particular local benefit to allow municipalities experiencing such economic decline to create pedestrian malls and, if necessary, to raise money for the annual costs of operating, managing, maintaining or improving them through the levy of assessments upon the property or the imposition of fees on the businesses which benefit from the return of tourists and other visitors to the area resulting from the pedestrian mall.

3. It is in the best interests of the state to encourage municipalities to create pedestrian malls to enhance and improve their local business climates and that selecting and contracting with a private entity for the acquisition, construction, improvement, operation, management or maintenance of pedestrian malls, or any combination thereof, may also be in the best interests of the public.

4. It is the public policy of the State of Nevada to permit the governing body of any densely populated municipality to protect the public welfare and health and the interests of the public in the safe and effective movement of persons and to preserve and enhance the function and appearance of the business districts of municipalities and to promote the economic growth and revitalization thereof by the adoption of the ordinances authorized by this act.

The term includes all improvements and appurtenances thereto that are designed to be used primarily for the movement, safety, convenience, enjoyment, entertainment, recreation or relaxation of pedestrians.

4. "Redevelopment agency" means a governmental entity created pursuant to NRS 279.382 to 279.680, inclusive, or a legislative body which has elected to exercise the powers granted to an agency under NRS 279.382 to 279.680, inclusive.

Sec. 4. *1. The governing body of an incorporated city whose population is 200,000 or more may by ordinance create a pedestrian mall.*

3. The ordinance must establish the boundaries of the pedestrian mall and the governing body may change the boundaries by ordinance. The area included within a pedestrian mall may be contiguous or noncontiguous.

4. In addition to other requirements for the consideration and adoption of an ordinance, at least 10 days before the date fixed for a public hearing on the adoption of the ordinance creating a pedestrian mall, a notice of the date, time and place of the hearing and a copy of the proposed ordinance, or notification that a copy is available in the office of the city clerk, must be mailed to the owners of record of the property included within the proposed boundaries of the pedestrian mall. The names and addresses of the owners of such property may be obtained from the records of the county assessor or from such other source or sources as the governing body deems reliable. Any such list of names and addresses appertaining to any pedestrian mall may be revised from time to time, but such a list need not be revised more frequently than at 12-month intervals.

5. Provisions for the use of the pedestrian mall for advertising purposes and the charging of a fee in connection therewith.

Sec. 6. *1. Upon the adoption of an ordinance creating a pedestrian mall, the governing body shall:*

(a) Appoint an advisory board for the pedestrian mall consisting of at least seven persons, a majority of whom are owners or occupants of property abutting the pedestrian mall, to advise the governing body in connection with the acquisition, construction, improvement, operation, management or maintenance of the pedestrian mall, or any combination thereof;

2. The governing body may include in the ordinance creating the pedestrian mall a provision for any combination of the options set forth in subsection 1.

3. A redevelopment agency or part of city government to which responsibilities are assigned pursuant to paragraph (b) of subsection 1 is a public operating entity for the purposes of sections 2 to 15, inclusive, of this act, unless the context otherwise requires.

5. Notwithstanding any other provision of NRS, a private operating entity is not a political subdivision, local government, public body, governmental agency or entity, establishment of the government, public corporation or quasi public corporation for any purpose.

2. The governing body may include in an ordinance creating a pedestrian mall or otherwise adopt design or architectural standards, safety standards and other provisions for the regulation of the area included in a pedestrian mall that are different than those adopted for other areas of the city.

Sec. 10. *In addition to any other powers, the operating entity may:*

1. Unless otherwise limited by ordinance or by an agreement with the governing body:

(a) Adopt rules for the management of its affairs and the performance of its functions and duties;

(b) Employ such persons as may be required to carry out its duties and fix and pay their compensation from the money available to pay the expenses of the entity;

(c) Apply for or otherwise solicit, accept, administer and comply with any requirements of any appropriations of money or any gifts, grants or donations of property or money;

(d) Make and execute agreements which may be necessary or convenient to the exercise of the powers and functions of the operating entity, including contracts with any person, firm, corporation, governmental agency or other entity, except that before any such agreement may bind the city in any way, the governing body must specifically approve the agreement;

(e) Administer and manage its own money and pay its own obligations;

(f) Enforce the conditions of any loan, grant, sale or lease made by the entity;

(g) Publicize the pedestrian mall and the businesses that are located within the pedestrian mall; and

(h) Recruit new businesses to fill vacancies and balance the combination of types of businesses in and around the pedestrian mall.

2. If specifically approved by the governing body:

(a) Fund or assist in the funding of the costs of improving the exterior appearance of property that abuts the pedestrian mall through grants or loans made to the owner or occupant of the property;

(b) Fund the rehabilitation of property that abuts the pedestrian mall;

(c) Accept, purchase, rehabilitate, sell, lease or manage any property that abuts the pedestrian mall, with the consent of the owner;

(d) Provide security, sanitation and other services for the property that abuts the pedestrian mall that are in addition to the services ordinarily provided by the city; and

(e) Acquire, construct or otherwise provide improvements that are designed to increase the safety or attractiveness of the pedestrian mall to businesses which may wish to locate there or to visitors to the mall, including, without limitation, cleanup and control of litter, landscaping, parking areas and facilities, recreational and rest areas and facilities pursuant to any applicable regulations of the governing body.

Sec. 11. *1. Notwithstanding any rule, regulation, common law doctrine or principle of law to the contrary, the movable furniture, structures, facilities and appurtenances or activities in conjunction with or located or permitted in the pedestrian mall may not be found to be a trespass or nuisance or an unlawful obstruction or condition.*

2. The city, the governing body, an operating entity and any person acting pursuant to a permit issued by the city or the operating entity in conjunction with the acquisition, construction, improvement, operation, management or maintenance of the pedestrian mall are not liable for any

injury to a person or to property arising out of the location or use of any such movable furniture, structures, facilities and appurtenances or activities located or permitted in the pedestrian mall, in the absence of gross negligence in the placement, maintenance or operation of any such furniture, structure, facility or appurtenance or activity.

Sec. 12. *If the governing body determines that it is necessary to raise money for the annual cost of operating, managing, maintaining or improving the pedestrian mall:*

1. The governing body shall adopt an ordinance creating a district. In addition to other requirements for the consideration and adoption of such an ordinance, at least 10 days before the date fixed for a public hearing on the adoption of the ordinance creating the district, a notice of the date, time and place of the hearing and a copy of the proposed ordinance, or notification that a copy is available in the office of the city clerk, must be mailed to the owners of record of the property included within the proposed boundaries of the district. The names and addresses of the owners may be obtained from the records of the county assessor or from such other source or sources as the governing body deems reliable. Any such list of names and addresses appertaining to the district may be revised from time to time, but such a list need not be revised more frequently than at 12-month intervals. If the governing body intends to impose fees pursuant to section 13 of this act, it shall also deliver a copy of the notice required by this subsection to each holder of a business license, as shown in the records of the city, for a business located within the boundaries of the proposed district. If such notice is not delivered, the governing body shall not impose a fee pursuant to section 13 of this act. The ordinance must establish the boundaries of the district and the governing body may change the boundaries by ordinance. The area included within a district may be:

(a) Coterminous or noncoterminous with the boundaries of the pedestrian mall established pursuant to subsection 3 of section 4 of this act; and

(b) Contiguous or noncontiguous,

but must not include any area which is located more than 4 blocks from the boundaries of the pedestrian mall.

2. The operating entity shall report to the governing body an estimate of the cost of operating, managing and maintaining and annually improving the pedestrian mall for the ensuing fiscal year and an estimate of changes in the amounts of such costs recommended to or under consideration by the operating entity. The estimates must be reasonably itemized and must include a summary of the categories of cost properly chargeable to:

(a) The general fund of the city, if any; and

(b) The property in the district.

3. Except as otherwise provided in section 13 of this act, each year when the governing body has received and approved or amended the estimate of the costs for the ensuing fiscal year, the governing body shall prepare an assessment roll setting forth separately the amounts to be specifically assessed against the property in the district in proportion to the benefit received by the property from the pedestrian mall. The governing body shall

distribute the costs to be assessed in proportion to the benefit received by each property on the basis of the frontage or area of, amount of traffic generated by, the number of rooms contained on the property or any other equitable basis or combination of bases as determined by the governing body. An offset may be allowed for any portion of the annual cost of operating, managing, maintaining or improving the pedestrian mall which an owner of such property has paid directly or through contributions to a private operating entity. A description of the property and the name of the current owner of the property must be included for each property to be assessed. The names and addresses of the owners of such property may be obtained from the records of the county assessor or from such other source or sources as the governing body deems reliable. Any such list of names and addresses appertaining to the district may be revised from time to time, but such a list need not be revised more frequently than at 12-month intervals. Upon completion, the assessment roll must be maintained on file in the office of the city clerk and be available for public inspection.

4. The governing body shall meet annually to consider any objections to the amount of the assessments at least 20 days after a notice of hearing has been published once in a newspaper of general circulation in the city and mailed by certified mail to the owners of all assessed property in the district. The notice must set forth the time and place of the meeting and any matters to be discussed and may refer the person to the assessment roll for details. The hearing must be conducted in the manner specified in NRS 271.385, 271.390 and 271.395.

5. After the hearing, the governing body may adopt or change the proposed assessment, but any such changes must not result in an increased assessment for any property from the amount specified or referred to in the notice. When the governing body adopts an assessment roll, the city clerk shall certify a copy and deliver it to the city treasurer for collection in the same manner as provided for the collection of special assessments in chapter 271 of NRS. The assessment, together with any interest, penalties and costs of collection, are a lien against the property that is equal in priority to a lien for general taxes.

6. Money that is apportioned to or collected on behalf of a district must be credited to a special account and may only be used for the purpose for which it was apportioned or collected. Any balance remaining in the account at the end of the fiscal year must be conserved and applied towards the financial requirements of the next ensuing fiscal year.

Sec. 13. *1. Except as otherwise provided in section 12 of this act, in lieu of funding by special assessments as provided in section 12 of this act, the governing body may, by ordinance, require special licenses for businesses that operate in the district created pursuant to section 12 of this act and establish fees for those licenses in such a manner as to distribute equitably the budgeted costs of operating, managing, maintaining and improving the pedestrian mall for the ensuing fiscal year among those businesses. The ordinance may establish reasonable categories of businesses subject to licensing and reasonable exemptions therefrom or abatements of*

the fees therefor. The amount of the fee for each license must be determined by floor area of licensed business space, sales volume or another reasonable basis or combination of bases as determined by the governing body. An offset may be allowed for any portion of the cost of operating, managing, maintaining or improving the pedestrian mall which a business has paid directly or through contributions to a private operating entity.

2. All fees imposed pursuant to subsection 1 must be:

(a) Collected in the same manner as other business license fees are collected pursuant to this chapter; and

(b) Deposited in a separate account for the district.

3. The balance in the account for the district at the end of the fiscal year must be conserved and applied towards the financial requirements of the next ensuing fiscal year.

4. The ordinance requiring the special business license must provide a reasonable appeal procedure for any administrative determination made pursuant to the provisions of this section.

Sec. 14. *1. If the operating entity is a public operating entity created by the governing body for the purposes of paragraph (b) of subsection 1 of section 6 of this act, its budget must be prepared and approved in accordance with chapter 354 of NRS and must be submitted to the governing body for approval.*

2. If the operating entity is a private operating entity with which the governing body entered into a contract, all money which will be paid or otherwise transferred to the operating entity by the governing body or a redevelopment agency must be included in the budget of the governing body or redevelopment agency transferring the money which is prepared and approved in accordance with the provisions of chapter 354 of NRS. The governing body may conduct such review of the budget of the private operating entity as the governing body deems appropriate in connection with such a transfer.

Sec. 15. *Sections 2 to 15, inclusive, of this act do not prohibit a governing body from including a pedestrian mall within the boundaries of any area, district or zone established pursuant to law which has as one of its purposes the encouragement of the construction of improvements or the rehabilitation of property located within its boundaries or the inducement of private enterprise to locate within those boundaries, whether by the provision of tax credits, exemptions or abatements or by the provision of special public financing arrangements.*

Sec. 16. NRS 354.5989 is hereby amended to read as follows:

354.5989 1. A local government shall not increase any fee for a business license or adopt a fee for a business license issued for revenue or regulation, or both, except as permitted by this section. This prohibition does not apply to fees:

(a) Imposed by hospitals, county airports, airport authorities, convention authorities, the Las Vegas Valley Water District or the Clark County Sanitation District;

(b) Imposed on public utilities for the privilege of doing business pursuant to a franchise; [or]

(c) For business licenses which are calculated as a fraction or percentage of the gross revenue of the business [.] *; or*

(d) Imposed pursuant to section 13 of this act.

2. The amount of revenue the local government derives or is allowed to derive, whichever is greater, from all fees for business licenses except those excluded by subsection 1, for the fiscal year ended on June 30, 1991, is the base from which the maximum allowable revenue from such fees must be calculated for the next subsequent year. To the base must be added the sum of the amounts respectively equal to the product of the base multiplied by the percentage increase in the population of the local government added to the percentage increase in the Consumer Price Index for the year ending on December 31 next preceding the year for which the limit is being calculated. The amount so determined becomes the base for computing the allowed increase for each subsequent year.

3. A local government may not increase any fee for a business license which is calculated as a fraction or percentage of the gross revenue of the business if its total revenues from such fees have increased during the preceding fiscal year by more than the increase in the Consumer Price Index during that preceding calendar year. *The provisions of this subsection do not apply to a fee imposed pursuant to section 13 of this act.*

4. A local government may submit an application to increase its revenue from fees for business licenses beyond the amount allowable under this section to the Nevada tax commission, which may grant the application only if it finds that:

(a) Emergency conditions exist which impair the ability of the local government to perform the basic functions for which it was created; or

(b) The rate of a business license of the local government is substantially below that of other local governments in the state.

5. The provisions of this section apply to any business license regardless of the fund to which the revenue from it is assigned. An ordinance or resolution enacted by a local government in violation of the provisions of this section is void.

6. As used in this section, "fee for a business license" does not include a tax imposed on the revenues from the rental of transient lodging.

Sec. 17. This act becomes effective upon passage and approval.".

Assembly Concurrent Resolution No. 65—Commending Senator Harry Reid for his efforts to promote an alternative use for the Nevada Test Site.

WHEREAS, In 1992, Congress passed and President Bush signed a 9-month nuclear testing moratorium, and when that moratorium has ended, testing may resume at a rate of no more than five tests per year, eventually eliminating all testing in 1996; and

WHEREAS, On March 15, 1993, Senator Harry Reid spoke before a joint session of the Nevada Legislature and in his message he discussed at length the future of the Nevada Test Site; and

WHEREAS, Senator Reid has been working diligently to find alternative uses for the Nevada Test Site including:

1. Creating an alternative/renewable energy demonstration center with individual projects such as solar and hydrogen energy research;

2. Having the Nevada Test Site considered as a part of the nuclear weapons complex reconfiguration, including a weapons assembly/disassembly plant and other peace initiatives;

3. Bringing the National Ignition Facility to the Nevada Test Site for simulated nuclear testing;

4. Bringing the Laser Microfusion Facility to the Nevada Test Site;

5. Upgrading the Liquefied Gaseous Fuels Spill Test Facility to create an environmental technologies research and testing center; and

6. Creating a large solid rocket motor disposal facility;

now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the 67th session of the Nevada Legislature hereby commends Senator Harry Reid for his foresight and determination not to allow the Nevada Test Site and the jobs it represents disappear; and be it further

RESOLVED, That this legislative body wholeheartedly supports Senator Harry Reid in his efforts to provide an alternative use for the Nevada Test Site; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Senator Harry Reid.

Assemblyman Bonaventura moved the adoption of the resolution.

Remarks by Assemblymen Bonaventura, Collins and Price.

Assemblyman Chowning requested that the following remarks be entered in the Journal.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 65. Senator Harry Reid has been working diligently for Nevada in many areas. Specifically, I wanted to commend him on his efforts to find alternative uses for the test site. It is unfortunate that he cannot be here today, as we all know that he is working just as hard as we are in Washington.

Senator Harry Reid has always worked for Nevada's interests. I think we all need to commend him for working to create an alternative/renewable energy demonstration center for individual projects such as solar and hydrogen energy research. I think he needs to be commended for having the Nevada Test Site considered part of the nuclear weapons complex reconfiguration, and for bringing the National Ignition Facility and Laser Microfusion Facility to the Nevada Test Site, and all the other things stated in Assembly Concurrent Resolution No. 65.

Senator Harry Reid's efforts to diversify the Nevada Test Site will have a direct, positive impact on the tax base of our entire state. I think he deserves this resolution. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. I also rise in support of Assembly Concurrent Resolution No. 65. I have known Senator Harry Reid for a long time. In fact, we got acquainted when he and I pushed the efforts to get a little baseball league program started.

I want to commend him on this resolution because District 1, who are the people I represent, many of whom work at the test site and are affected daily by the actions of the Federal Government in regard to the Nevada Test Site. It is as important as any other issue as far as jobs. It is important as to economic development throughout the state. It creates a lot of revenue for the state. I commend him for his efforts to promote alternate uses there. I support this resolution. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution No. 65. The Speaker may remember this is not the first time that this legislative body has encouraged Congress to look for alternate uses for the Nevada Test Site. I am certainly happy that Senator Reid has been working so hard on this.

I spent many years of my life working at the Nevada Test Site. As has been mentioned, it is a big part of southern Nevada's economy and I would certainly hate to see the work

force reduced out there. However, I would warn all of my colleagues that you have to be careful and take all considerations on voting on these types of controversial bills. One of our colleagues in the other house, who at that time was State Senator Richard Bryan, voted for the resolution in 1975, only to have his opponent in this last election use it against him to the extent that Congress was trying to find other uses for the Nevada Test Site, for example, storing nuclear waste. Senator Reid voted that he wanted those uses, so why should he be opposing them now. This is a true story. This is an excellent resolution and we certainly commend Senator Reid for his efforts.

Resolution adopted unanimously.

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 42.

Assemblyman Garner moved the adoption of the resolution.

Remarks by Assemblymen Garner, Spitler, Marvel, Arberry, Humke, Price, Porter and Myrna Williams.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GARNER:

Thank you, Madam Speaker pro Tempore. It is difficult, in a few minutes, to pay sufficient tribute to a former colleague and one of my best friends. The resolution speaks to his accomplishments as a legislator. Certainly, his family can be proud of the legacy that he leaves.

Nick was an outstanding advocate on wildlife issues, education, conservation and cultural activities. He was vitally interested in the well-being of all citizens of this state. As significant as his accomplishments were in the area of public service and his love for the legislature, those things could not come close to equaling his love and concern for Nancy, Stacy and Nicholas.

I want to remember my friend for his great sense of humor, his love for the outdoors and as a fierce competitor. I remind this body that Senator Horn and I roomed together for three sessions. I know how concerned he was for the legislature, friends and family. I believe that it is appropriate that this body recognize and honor those individuals from all walks of life who go beyond normal duty including parents, teachers, citizens and public servants, who help make life better for all of us. My friend, Nick Horn, should be one of those so recognized and remembered. Thank you, very much.

ASSEMBLYMAN SPITLER:

Thank you, Madam Speaker pro Tempore. It is with a great deal of honor that I, too, rise in support of Senate Concurrent Resolution No. 42. Until the last reapportionment, I was in Senator Horn's district. He was one of the first people I went to when I decided to run. Senator Horn was very encouraging throughout the campaign. We both campaigned a great deal. There would be times when I would go home and not really want to do too much more. I would talk with him on the phone. He was always uplifting and encouraging. He helped me throughout the campaign. We walked together on numerous occasions.

I am not a hunter. It was really interesting because during 1991, I ended up on a hunting side of the issues. I had a lot of my friends come and say, "How on earth can you be on

that side of the issue?" Well, I had talked with Senator Horn a couple of times and I asked for his leadership and guidance. He gave me some very good advice. He told me, "Just listen to the issues. What is being done here is the right thing. It will come to you." I did listen. I ended up helping in some ways by Senator Horn's advice in terms of just listening to the issues.

I would call him a lot, particularly when he was very ill. When I would hang up, I would think, "I am the one who is uplifted from this conversation." He was a joy as a friend. He was certainly an honorable person in terms of his service to the State of Nevada.

Today, I am really surprised. I did not know it was going to happen, but I have Lila Macey here with me. Lila was Nick's campaign coordinator every campaign he ever embarked upon in the State of Nevada. I am so proud to have Lila here with me today. I know she shares this support. It is with a great deal of honor that I rise in support of this resolution, Madam Speaker pro Tempore.

ASSEMBLYMAN MARVEL:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of Senate Concurrent Resolution No. 42. I think I am one of the few in the Assembly who had the pleasure of serving with Nick when he was in the Assembly. We were on the Ways and Means Committee together for a couple of sessions.

Over the years, you do forget the partisanship. Willie and I have always regarded Nick, Nancy and the children as part of our family. One of the things I noticed that is absent from the resolution is the fact that Nick probably did more to establish a decent prison industry program, more or less single handed. He was responsible for bringing the present director of prison industries to the State of Nevada from the State of Illinois. Nick is going to be missed as a friend. It was a pleasure knowing Nick for the time we did.

ASSEMBLYMAN ARBERRY:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution. I knew Nick for a very short period of time as a legislator. Out of that short time we had together, we came to know one another more so on the racketball court. When session would start, Nick would come in and say, "Well Moose, are you ready to relieve your stress?" I would say, "Yes, I am, sir." Nick would say, "Well, let's go to the racketball court." On the court, we would discuss legislation and issues pertinent to both houses.

I really cherish one moment when Nick and I got closer. We went on a conference trip together. I kept telling Nick about my great ribs. I kept telling him I was going to come over and cook ribs for him and Nancy. One night, we ventured out in a car and figured we would go get some ribs. I would cook them on the trip. We got the ribs. We got on the freeway and then we could not get off the freeway. We drove around for almost two hours trying to figure how to get off. Our wives were saying it was not them, because they knew the way to get off. It was us. I will really cherish that time spent together. I will miss Nick because he kept me in line. He showed me the way in dealing with finances. We love him. Thank you.

ASSEMBLYMAN HUMKE:

Thank you, Madam Speaker pro Tempore. I believe I served with Nick in this house for one term. He was very kind to freshmen legislators. He often had a gruff exterior because he knew the process very well. He knew the parliamentary process and Mason's Manual. He knew all of the rules and how to work them. He seldom lost. I recall it was just heck being on the opposite of an issue with him. When you were on the same side of the issue, it was a great ride and a lot of fun.

I remember during one biennial legislative softball game in a play-off at the plate, Nick broke his thumb. I was the catcher at the time. I also have to say it was his own fault because we had a "no slide rule." As he went past, he slapped at the catcher's mitt to knock the ball out. He broke his thumb that way. He was a fierce competitor.

I have a friend who taught a class at the university every session. She would have Nick come over to give a speech on the legislative process. He started out giving his eleven ways to kill a bill. He was an expert on that process. I think he was loved by everyone who served with him. He will be sincerely missed.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. I had the pleasure and education of having served with Nick from the time he started in 1977. I think there are few, if any of us, that have been as talented and as steady as he was in doing his job over the years. Nick seldom got excited, or showed it. He was an extremely competent legislator. He represented our state and his district very well. He was a good friend and a pleasure to work with.

I was trying to recall a famous speech that he made in California where he was talking about legislation. He made some remark that got a lot of press attention. I remember talking to him about that later on. He indicated that he wished he had left part of the remark out. He was a wonderful legislator. He loved his family. We are so proud Nick's family is here today and that we are able to share our memories with them.

ASSEMBLYMAN PORTER:

Thank you, Madam Speaker pro Tempore. I rise in support of Senate Concurrent Resolution No. 42 and to pay tribute to Nick Horn. If the tables were reversed, he would do the same for me. Madam Speaker pro Tempore, I had the honor to know Senator Horn real well last session. I want to tell you a brief story. The resolution speaks of Nick's sense of humor.

Last session, as you know, was very contentious and very partisan. I remember a situation toward the end of session when we were trying to do reapportionment. Of course, this house was locked, 21 up. The democrats did have a one vote majority in the Senate. In our brilliant strategy, we decided to try to run it from the reverse end down. The Senate had passed a very partisan version of reapportionment. At that point, Senator Hickey had become ill and had to leave, leaving the Senate in a 10-10 tie. That was something that we, in this house, were quite used to because we had spent the whole session in a tie. I remember going down to the Senate with Mr. Sader that day, probably about 2 p.m. We walked into Senator Vergiel's office and there were the ten democrats with very forlorn looks on their faces because they were now in a 10-10 situation with the tie-breaking vote now being the Lieutenant Governor, who as you know, is a Republican. It was a situation Bob and I were quite used to. We walked in and saw their faces. Bob looked around and said, "Smile, the cavalry is here." Nick jumped up and said, "Hi, I am pleased to meet you. I am General Custer!" I will never forget that. It kind of typifies Nick's sense of humor and ability to laugh at a very tense, pressure situation. That remark calmed all of us down. We sat down and got to work. We figured out a strategy and ultimately got out of here. With that, Madam Speaker pro Tempore, I wish the family well. Thank you.

Madam Speaker pro Tempore requested the privilege of the Chair for the purpose of making the following remarks:

I will not repeat all the good things about Nick. We all know those. We could sure use his sense of humor. We sorely miss him.

Resolution adopted unanimously.

Assembly Bill No. 113 having received a constitutional majority, Mr. Speaker declared it passed, as amended.

Bill ordered transmitted to the Senate.

Assembly Bill No. 187.

Bill read third time.

Remarks by Assemblymen Petrak, Regan, Scherer, Schneider, Porter, Sader and Heller.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in the Assembly, I rise in support of Assembly Bill No. 187 and ask my colleagues to do the same. Assembly Bill No. 187 provides for the regulation of rent increases in mobile home parks in counties with more than 35,000 inhabitants. The bill provides that, except to recover the cost of major improvements or repair, a landlord may not increase the rent by more than an amount greater than the cost of living increase granted to recipients of Social Security. The

maximum rate of increase in 1993 is set at three percent. A landlord wishing to recover the cost of major improvements or repair must file an application with the administrator of the Division of Financial Institutions and pay the filing fee of $750 plus $1 for each lot in the mobile home park. After the application is received, the administrator must schedule a public hearing and inform the tenants of the proposed increase. Following the hearing, the administrator must approve or disapprove the increase. The bill provides an administrative penalty of $1,000 a month for landlords who violate these provisions. The measure will become effective upon passage and approval and expires by limitation on July 1, 1997.

Mr. Speaker and my colleagues, I would like to say that when I was 24 years old, I was in the United States Army during World War II for 54 months as an enlisted man and as an officer. Then, for 28 years, I was in private business, almost the age of Scott Scherer. In 1972, I was instrumental in starting the Ohio lottery. I joined the state lottery in the executive and marketing departments for 13 years. The reason I give you this background is, in all of my life I have never seen a person or groups of persons such as young families with children and our retired seniors who live in mobile homes, who are exposed to the shabby and rent gouging tactics of many mobile home park owners. Assembly Bill No. 187 will correct this injustice. Frequent rent gouging increases must stop.

And, Mr. Speaker, it is kind of sinful when you think about people that live in mobile home parks and those of us that are kind of up in years. Here is a letter from a lady that says in 1990—and this is along the subject of costs of living—her hospital insurance was $42 a month. In 1991 it was $57 a month; in 1992, it was $68.50 a month; and in 1993 it is $94 a month. How in the world can folks like this get along? Just last month I was notified by the provider of the people that furnish medications and prescriptions to me in retirement, and I paid for my prescriptions at $2 a prescription. I got a notice from them that the prescription that I was being given for $2 is no longer. It is an over-the-counter prescription, so the cost for the prescription for 25 days is $26 a prescription. That amounts to $365 out of my pocket for an over-the-counter prescription that I have to buy and am not reimbursed for in any manner. That is another additional cost that I have, from $28 out of my pocket to $365. We have dozens of illustrations just like this on the way that seniors are booted around, kicked around, and then we get into the rent justification, or the "Fair Rent Act." Here is another case of an annual increase of $312. Here is another one, ten percent increase per year in the park. I have a park that says, "Hey, sign the lease for four years, and we will charge you seven percent increase each year. If you don't sign it, you will pay a nine percent increase each year." I have landlords who have said, "Hey, sign this lease for ten years or else we're going to increase—we're not going to tell you what we're going to increase your rent to if you don't sign it." We have parks in that manner. I have another park that says, "Sign this lease for 15 years starting at four percent and ending at nine percent, plus amenities."

Here is a Vietnam war veteran. His average annual increase is $540. I have a letter here from a lady, "Our many seniors need a break. We had a $65 a month rent increase the first of last year and $45 in January. We are attempting to keep up our property." Here's another one from a mobile home park in Carson, incidentally, and it says, "Annual increase $240 plus $120 if you have over two people living in your space." In other words, if you have two of your children or something like that, it is an additional $120 for each additional one. I have with me, and you have seen in the newspaper, Mr. Brian Greenspan, I'll read what he said in an article. It says, "In another time, I might have opposed this seeming incursion into the capitalistic marketplace, but not this time. People who have worked and saved their whole lives need some relief and were sent virtually begging from the commission chambers, and they were talking about that. They deserve more and we could have done more. Perhaps we'll get another chance to make it right. I guess I'm getting soft. Try it, you might like it."

We have a priest who writes a weekly column in the Las Vegas newspapers, and he says, "Thousands of reputable citizens live in mobile home parks in Clark County. They're proud of their single, double or triple wide homes which are tastefully furnished and well-maintained inside and out." Then he says, "County commissioners, the Las

Vegas City Council and the state legislators, when are you going to consider the often obscene rent raises now occurring annually in most parks? Say enough is enough and regulate these unregulated park owners or face homeowners' wrath come election time."

I could go on for the next ten minutes, but time is fleeting so I will ask kindly if you will consider voting for this legislation. It's so important to the 28,000 mobile home owners in the three counties that we're talking about. And thank you, Mr. Speaker, for giving me this time.

ASSEMBLYMAN REGAN:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Bill No. 187. And if I may, Mr. Speaker, this problem has been going on in Clark County for about 15 years. About 14 years ago, we wrote the first rent justification bill which has been fought both in this area and in Clark County. But, what I would like to do today, Mr. Speaker, if I might, is read a letter that Bill sent to most of us this morning. He said, "I encourage your support for A.B. No. 187. The bill was introduced to provide fair equity, a commodity which apparently seems to elude price gouging landlords, and yet would provide senior and younger citizens with affordable housing venues and alternatives to higher home ownership and apartment dwellings that are out of reach to those on fixed incomes or with lower paying jobs.

"Fair park rental, in this instance, would enhance the living conditions of those that can ill afford extraordinary added expenses, in light of our current exorbitant costs for medical, auto and home insurance, and everyday living costs which must be borne by all who are on limited incomes and are not yet a drain on our dwindling state assistance resources.

"In conclusion, A.B. No. 187 is not a housing rent control, that is it is not involved with apartments and/or home rentals, and will not deprive the landlords or landowners of the right to impose fair and equitable rent increases." I would suggest that my colleagues support this bill. Thank you, Mr. Speaker.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise in opposition to Assembly Bill No. 187. I do so basically for two reasons. First of all, rent control does not work. It has not worked anywhere it has been tried. I do not see any reason why we would expect that things would be different here in Nevada. I have tremendous empathy for the seniors living on fixed incomes. I have a number of them in my district. I do feel for them. The seniors in my district live on fixed incomes for the most part and live in homes. These are the people who will bear the brunt of this bill should it pass.

Assembly Bill No. 187 will not allow rent increases above the cost of living without the approval of the administrator. In order to get approval from the administrator, you have to have made a substantial repair or capital improvement. Even if you have done that, you are still at the whim of the administrator. In order to apply for approval, you must pay a fee of $750 plus one dollar for each and every space in the mobile home park. If that is not enough, for the administrator to complete his or her investigation and approve your rent increase, you must pay the additional cost. There is no cap on how much a landlord can be required to pay under this bill just to apply for a rent increase in the case of capital improvements.

The result, there will be no more investment in mobile home parks. There will be no capital improvements. With age, those mobile home parks will depreciate rapidly in value. The property surrounding those mobile home parks will depreciate in value. The tax base of the counties will be eroded. Someone is going to have to bear the brunt of that through increased tax rates. I submit that those will be the seniors living in my district on fixed incomes who will be facing property tax increases to pay for the erosion of the tax base that Assembly Bill No. 187 will create.

ASSEMBLYMAN SCHNEIDER:

Thank you, Mr. Speaker. I, too, rise in opposition to this bill. Regardless of a person's stand on rent control, and I can say that rent control has been tried all over the world. If

you lower the gates and let people move in the world wherever they want, Mr. Speaker, it seems like everyone wants to come to the United States. We encourage no control while other countries have. That is my talk on rent control.

This bill digs deeper. It actually will cause, from some of the language that has been inserted here, landlords not to make improvements to their properties. Like my colleague from Clark County has said, landlords will actually be inhibited because of financial risks on their part for making investments in their parks. I am a landlord and have been a landlord for 20 years. I do know for me to maintain a property and to increase the value of that property is in my best interest and my tenants best interest. If this type of control were put on single family and multi-family residences, as it is proposed for mobile home parks, I would have to divest myself of that property immediately. It would ruin my investment and cause much hardship to me and my tenants. For that reason, Mr. Speaker, I oppose this.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in support of Assembly Bill No. 187. It is interesting that my colleague from Clark County would talk about 15 years ago in this body. That is true, Mr. Speaker, there is a reason why this bill keeps coming back, and back, and back. That is because today we have not found a solution for the problem. We have had a lot of discussion about helping the senior citizens. Every year, we seem to come here and debate this issue over and over again. We hear the same old arguments about capitalism and free enterprise, how landlords will not improve their property, how zoning laws do not allow for free competition. Now we have a tax base erosion argument. We have the traditional rent control failure. We have the lack of investment in mobile home parks generically.

Mr. Speaker, the only mobile home park that I know of that is under construction, the only one for a long time in my political career, I believe, happens to be in my district. There is only one. There are not a lot of people rushing to build mobile home parks in Clark County to give these people an option, assuming that they could even afford to move to the new parks. So do not tell me about competition and all these people clamoring to come in here to build mobile home parks. It just is not happening. As far as everyone wanting to improve their parks, the parks in my district have not been improved except for a coat of paint on Tropicana Village out on West Tropicana. The landlord paints the fence once a year and raises the rent $20. The fence is purple this year. It was blue last year. It will probably be green the year after that. That is what is going on in Clark County, Mr. Speaker. That is the issue with these people.

If this bill does not pass here or gets killed in the Senate, it will be back next session. I guarantee it. It was in front of the Clark County Commission last year. It will be back in front of them if we do not do something. This issue is not going to go away. Two years ago, Mr. Speaker, my colleague from District No. 6, if I may quote him, said that, "When human rights conflict with property rights, human rights must always prevail." This is a classic situation, for those words never rang truer. I would urge my colleagues to think about the senior citizens that they represent. Think about those people on fixed incomes. Think about Mr. Petrak's constituents and your own. Try and do something to help these people for a change. Thank you.

ASSEMBLYMAN REGAN:

Thank you, Mr. Speaker. To you and through you to the majority leader, I would like to remind him that the park being built in his district is a park being built by the Jaycees in Clark County by the Housing Authority on BLM land. It took 12 years to get through all the bureaucracy of the federal government, and it is not private industry building that park.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. Our esteemed majority leader brought up one point that I would like to speak to, and that is, why don't we do something for these people? Last session, we did set up a fund to help those low-income people who cannot afford their rent increases, who cannot afford to continue living in those parks. That fund has been collected. It is just now going into operation. It has not had time to see whether, in fact,

this is the solution to the problem. I think it is the best solution that we have found so far. I am not sure it is the only solution, but I know that rent control is not. Thank you, Mr. Speaker.

ASSEMBLYMAN SCHNEIDER:

Thank you, Mr. Speaker. I would like to address the comments by our distinguished majority leader, and I respect what he has to say. There are some problems, but I can tell you, Mr. Speaker, that I have had an opportunity in the last 15 years to invest in mobile home parks and because of this issue continually coming before our county commission and the state legislature, and not knowing where I stand with this investment, I have opted not to invest. And I feel that that is what has happened here. That is what is causing part of the problem. We, who set public policy, keep looking at this issue, and we scare off investors who will step out and take the chance. I know in my heart that is what is happening here, and I think to address my colleague from Clark County, the senior problem, this does not correct it. This is a Band-Aid on the problem. It will create more problems. I think the senior issue can be addressed in another way. And by leaving rent control alone, I think we can get investors to come back into our community and really take a hard look and generate the ground spaces we need for fair competition. Thank you.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I rise in support of this bill. All of the speakers so far have been from southern Nevada. I think someone from northern Nevada ought to stand up and state clearly that this is a statewide issue, and we need to have our fair share of representation on the question. The question of rent control and the availability of mobile home spaces in areas of the free enterprise system, these arguments on doctrine on people's beliefs largely lose their import and are out of context in this particular debate. The whole reason that we have so few mobile home parks and have such real problems, at least the majority of the reasons, are zoning laws. And the fact that those of us who live in stick houses generally do not support the expansion of land uses for those who do not. We protest vigorously any kind of mobile home park in an area near a stick-built house. As a result of that, you have less and less space available, and more and more people unable to move. The free marketplace does not work in this area. This is a situation which government has created, and behind government, behind the elected officials, are the beliefs of most of us who do not want to see mobile home parks near stick-built houses.

I live in a district which is over 60 percent mobile homes. In my district, if you go up over a rise, you come down into a valley which is out of sight from everyone else, but 20,000 people in mobile homes live there. If you ask those people, they will tell you that they consider themselves second-class citizens, at least in terms of their lifestyle because other people look down on them. That is the reason this bill is necessary, and it will always be necessary, as the majority leader said, until such time as we can get something else.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker and my colleagues, again. The investment factor is a good factor; private industry is a good way to go. But when you gain in your business from those that cannot fight back, that do not have representation, then you are picking on a real nucleus of, "Boy, we can get these people." And that is exactly what is happening to the young families with children that live in mobile home parks. That is what is happening to the seniors that live in mobile home parks. A gal in one of the districts said, "We don't have money for lobbyists, so we have to spend for ourselves and try to get some fair treatment for the rent problem. We have lived in this park 11 years and we have had a rent increase every year. We started at $179 and now we're up to $333. My lease is up March 1, but we were asked to sign a ten year lease." And then it goes on asking for our help because, "I don't know what the owners of Heritage Park can charge me with no lease, or what we will have to come up with because there are no laws to stop them from doing what they want to do." They are begging for help, and it is not a hearts and flowers situation here. It is a case of literally tens of thousands of people. I appreciate my colleague, Mr. Scherer, who is from a very wealthy district where there are no mobile homes, and I appreciate his thinking on this. But, I also appreciate the fact that I think this is a "fair

rent act." It does not have a, I could use a swear word, but I will not, it does not have a darn thing to do with rent control in apartments. It has very little to do, in my thoughts, with the development people, with the apartment people, with the real estate people, and with the Chamber of Commerce. And that is exactly what is on the other side of the fence in all of this. I feel real bad about the terrible problems that exist among these people. If anybody that is in opposition to this would like to go with me, I would spend a week, three days, or a weekend, and take them through literally hundreds and hundreds of cases where these people are being gouged, be it a young family with children or be it a senior that is living on a fixed income. Most of these owners that are violating all of this are from out of state. Merrill Lynch in New York has an investment. They say, "Hey, you sign this lease or we're going to sock you with a nine or ten percent increase in your rent." What are we doing with that profit they make? We are taking it and we are sending it tax-free out of the state. There is an outfit in Michigan where they literally send millions of dollars in tax-free rent gouging proceeds out of the state. They are not taxed in any manner, and that is what we are dealing with. And so, I certainly urge you to reconsider, or to consider rather, supporting the people in our state that have a need in these three counties: Carson, Clark and Washoe. We need your support, and they need your help, badly. I appeal for your help. Thank you.

ASSEMBLYMAN HELLER:

Thank you, Mr. Speaker. I rise in support of Assembly Bill No. 187. We have heard from Clark County, we have heard from Washoe, maybe it is time to hear a little bit from the rurals. I have some constituents sitting in the gallery today who are mobile home park owners. It would be my desire that all mobile home park owners are as dedicated, conscientious, responsible and caring as Jim and Mae Thorpe. Other mobile home park owners in my district are also as caring, including the Van Pattens and the Allens. The fact of the matter is, I spend time on weekends knocking on doors, going to mobile home parks. Not everybody is all that fortunate to have those kind of mobile home park owners, so I would urge my colleagues to support this bill.

Assembly Bill No. 692.

Bill read third time.

Remarks by Assemblymen Garner, Collins, Bennett, Neighbors and Smith.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GARNER:

Thank you, Mr.Speaker. Assembly Bill No. 692 increases the total number from five to seven members on the Colorado River Commission (CRC). The measure decreases the number from five to four members appointed by the Governor from among those who provide water in southern Nevada. The bill also provides that the remaining three members be appointed by the board of directors of the Southern Nevada Water Authority from among the board's membership. All of the CRC members may receive per diem allowances and travel expenses, but only the Governor's appointees are entitled to receive compensation while engaged in official commission business.

This bill is supported by many of the local governments including Clark County, Las Vegas, Henderson, Boulder City and other entities in the southern part of the state. Finally, Assembly Bill No. 692 is effective on July 1, 1993. On that date, the terms of the current members of the CRC expire. The Governor and the Southern Nevada Water Authority are directed to appoint the new members as soon as practicable after that date.

I want it to be made part of the record that an amendment is being drafted on the Senate side to address concerns relating to power contracts and present proportional allocations concerning the small power companies like White Pine and Lincoln counties, Overton Power and the BMI Complex. I believe this reconfiguration represents the best interests of the state in addressing our water needs. I also believe it represents the best interests of the state when it comes to eliminating "water grab" in the rural part of the state.

This bill went out of the Government Affairs Committee on a vote of 12 to 2. I urge a Do Pass.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. I rise in opposition to this legislation. Back in 1968, I worked for the water district for a few months. My grandpa and dad worked there. I have been in southern Nevada for a long time. I live in North Las Vegas now. My water bill went up about 33 percent last October. A year before that, it went up about 33 percent. I think the Southern Nevada Water Authority is just an extra layer of bureaucracy that we do not need in southern Nevada, between the water district and the Colorado River Commission. Furthermore, some of our local elected officials, I do not think know much about water, and I do not think they need to have a hand in what goes on in the State of Nevada as far as the Colorado River Commission. I urge you to vote against this legislation.

ASSEMBLYMAN BENNETT:

Thank you, Mr. Speaker. I rise in support of Assembly Bill No. 692. I think one of the keys to this bill is the fact that in the past there has been an obvious lack of communication and coordination of efforts between the Colorado River Commission and the local water purveyors. Specifically, earlier this year, the Colorado River Commission was negotiating for possible water rights in Colorado and the local purveyors, who would have had to pay for that water in an estimated amount of nearly $200 million, were unaware that the negotiations were taking place. It is important for both southern Nevada and the rest of the state that those efforts be coordinated. Thank you.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. Originally, this bill gave me a lot of heartburn. Three of the four counties that I represent are very involved in the power, and three of them in what is sometimes referred to as the "water grab." In committee, I voted for the bill. I will today with the understanding and hopes that the small power companies would be represented. It would appear that the amendment will be added on the Senate side. The other recommendation I made was, hopefully, that the Governor will appoint someone from a rural county. I certainly hope that comes about. Finally, I do believe that this bill will open up options for the authority to look for other ways of finding water. For that reason, I will be voting for this bill today. Thank you.

ASSEMBLYMAN SMITH:

Thank you, Mr. Speaker. I rise in opposition to Assembly Bill No. 692. I recognize that there are problems right now with water. However, I feel that if the current board needs major overhauling, it can be done without a coup d'etat. When we have problems with our government, we do not haul out the military and say we are taking over because we do not feel you are doing your job correctly. I feel that there exists right now the opportunity with the Governor, if he has a problem with the board, he has complete authority to make those changes and to make it work. This is the wrong approach and for this reason, I rise in opposition.

SECOND READING AND AMENDMENT

Assembly Bill No. 444.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 738.

Amend the bill as a whole by deleting section 1 and adding new sections designated sections 1 through 3, following the enacting clause, to read as follows:

"Section 1. NRS 449.243 is hereby amended to read as follows:

449.243 Every hospital licensed pursuant to the provisions of NRS 449.001 to 449.240, inclusive:

1. May, except as *otherwise* provided in subsection 2, utilize the Uniform Billing and Claims Forms established by the American Hospital Association.

2. Shall, *except as otherwise provided in this subsection,* on its billings to patients, itemize, on a daily basis, all charges for services, equipment, supplies and medicines and describe those charges with specificity and in language that is understandable to an ordinary lay person. This itemized billing must be timely provided after the patient is discharged at no additional cost. *If the patient is charged a rate, pursuant to a contract or other agreement, that is different than the billed charges, the bill may instead specify the agreed rate for the services, equipment, supplies and medicines.* The hospital shall answer any questions regarding the bill.

3. Shall prepare a summary of charges for common services for patients admitted to the hospital and make it available to the public.

Sec. 2. Section 21 of chapter 706, Statutes of Nevada 1991, at page 2338, is hereby amended to read as follows:

Sec. 21. 1. As used in this section:

(a) "Charge master" means the uniform list of billed charges described in NRS 439B.400, except that the term includes the uniform list of billed charges for units of service or goods provided on an outpatient basis.

(b) "Department" means the department of human resources.

(c) "Director" means the director of the department.

(d) "Hospital" has the meaning ascribed to it in NRS 439B.110.

(e) "Major hospital" means a hospital which has 200 or more licensed or approved beds, or any hospital in a group of affiliated hospitals in a county which have a combined total of 200 or more licensed or approved beds, that is not operated by a federal, state or local governmental agency.

(f) "New major hospital" means a hospital that becomes a major hospital, as defined in paragraph (e), on or after July 1, 1991.

(g) "Revenue neutral" means a change in price made by a hospital that neither increases nor decreases the gross revenue of the hospital.

2. On or before July 1, 1991, each major hospital shall submit to the department a complete charge master for the hospital that will be effective on July 1, 1991. The charge master must be submitted on a computer medium in a form acceptable to the director.

3. Except as otherwise provided in subsections 4 to [8,] *9,* inclusive, during the period from July 1, 1991, through June 30, 1995, no major hospital may:

(a) Raise the unit price of any item in its charge master.

(b) Modify the unit to which a price applies unless the change is revenue neutral.

(c) Replace an existing item in the charge master with a different item or add a new item to its charge master unless the price for the different or new item is approved by the director.

4. The director shall by regulation establish a procedure and standards for approving charges for items that:

(a) Are not stated in the charge master;

(b) Represent special equipment, supplies or medication ordered by a physician; and

(c) Are not standard items that the hospital regularly provides,

and for such other unique or unusual items as the director prescribes by regulation. The director shall allow a hospital to use the rate formula that the hospital has in effect on July 1, 1991, for determining charges for such items.

5. A major hospital shall notify the department in writing of any modification pursuant to paragraph (b) of subsection 3 or the replacement or addition of an item pursuant to paragraph (c) of subsection 3 not less than 10 days, excluding Saturdays, Sundays and legal holidays, after the modification, replacement or addition. The hospital shall submit with the notice documentation that:

(a) The modification is revenue neutral; or

(b) The different or additional item is priced at a level that reflects the same rate of return on the item as the hospital receives on comparable items or received on an item being replaced.

6. If the director determines that a modification pursuant to paragraph (b) of subsection 3 is not revenue neutral or that a replacement or addition pursuant to paragraph (c) of subsection 3 exceeds the level allowed pursuant to paragraph (b) of subsection 5, he shall disapprove the proposed charge and notify the hospital of the charge he will allow for the items disapproved. The hospital shall charge the amount approved by the director and shall

credit the bill of any patient charged the amount disapproved the difference between the approved charge and the actual charge within 20 days, excluding Saturdays, Sundays and legal holidays, after receiving notice of the disapproval. If the director does not give notice of disapproval pursuant to this subsection within 20 days, excluding Saturdays, Sundays and legal holidays, after receiving notice of the modification, replacement or addition, the modification, replacement or addition shall be deemed approved.

7. If any new state or federal taxes are imposed on hospitals between July 1, 1991, and June 30, 1992, except the tax imposed on hospitals pursuant to section 13 of this act and the tax imposed pursuant to section 16 of this act, a major hospital may increase the prices in its charge master by an amount that will generate net revenue sufficient to recover the amount of the added expense. Prices may be increased pursuant to this subsection only to compensate for new taxes. Prices must not be increased to correspond with increases in existing taxes, or a modification, reconfiguration or replacement of existing taxes which results in an increased tax burden on a hospital. The director shall by regulation establish the mechanism for carrying out the increase allowed by this subsection.

8. At any time during the fiscal years 1992-93, 1993-94 and 1994-95, a major hospital may increase the price of any item on its charge master by a percentage up to the percentage increase, if any, in the Consumer Price Index (Medical Care Component for All Urban Consumers) as published by the Bureau of Labor Statistics of the United States Department of Labor for the most recent 12-month period for which information is available at the time the notice of the allowable increase is given pursuant to subsection [9.] *10.* A hospital shall notify the director in writing within 10 days, excluding Saturdays, Sundays and legal holidays, after making an increase allowed by this subsection. In addition to the increases authorized by this subsection, a hospital may modify the unit to which a price applies, replace an existing item in the charge master with a different item or add a new item to its charge master during the fiscal years 1992-93, 1993-94 and 1994-95 in the manner provided in subsections 5 and 6.

9. *In addition to the increase allowed pursuant to subsection 8, at any time during the fiscal year 1993-94 or 1994-95, a major hospital in a county whose population is 400,000 or more may increase the price of any item on its charge master by up to 4 percent if the hospital, as of June 1, 1993, does not maintain an obstetrical or pediatric unit. A hospital shall notify the director in writing within 10 days, excluding Saturdays, Sundays and legal holidays, after making an increase allowed by this subsection.*

10. On or before May 1, 1992, May 1, 1993, and May 1, 1994, the director shall notify each major hospital of the permissible percentage increase in each item in its charge master for the succeeding fiscal year.

[10.] *11.* A major hospital shall submit to the department upon request by the director a detailed listing of charges by the identification code used in the hospital's charge master for any inpatient admission or outpatient visit on a computer medium in a form acceptable to the director.

[11.] *12.* A new major hospital shall submit to the director a complete charge master for the hospital at least 60 days before becoming a major hospital. The charge master must be submitted on a computer medium in a form acceptable to the director. The director shall review, revise as appropriate, and approve the prices in the charge master based upon the prevailing charges in the area in which the new major hospital is located. After approval of the charge master, the hospital is subject to the provisions of this section to the same extent as other major hospitals. The director shall adopt regulations governing the approval of a charge master pursuant to this subsection.

[12.] *13.* A major hospital which considers its financial condition so weakened that the quality of care provided by the hospital is seriously jeopardized by any provision of this act may request approval to increase the prices in its charge master by submitting a written request for the increase and supporting documentation to the director. The director shall consider the potential impact on the quality of care provided by the hospital and the probability that failure to grant relief would cause financial instability. The director may approve the request, or revise and approve the request, if he determines that such approval is necessary to ensure the ability of the hospital to provide adequate care to its patients.

[13.] *14.* A hospital that submits its charge master for approval pursuant to subsection [11] *12* or requests an increase in its prices pursuant to subsection [12] *13* shall pay the department a fee for its review of the charge master or the request. The director shall by regulation establish rates or fees for the department's review of the charge master or the request.

[14.] *15.* A hospital shall not:

(a) Raise a unit price in its charge master unless authorized pursuant to this section;

(b) Charge a patient a higher price for any item than the price stated in the charge master or otherwise authorized pursuant to this section; or

(c) Except as authorized pursuant to subsection 4, charge a patient for any item not included in its charge master without seeking the approval of the director as required by subsections 5 and 6.

[15.] *16.* The director may compare a major hospital's actual charges with the charges authorized pursuant to this section to determine whether the hospital's charges are in compliance with the provisions of this section. If the director determines that a hospital has engaged in a pattern of violations or committed an egregious violation of any provision of this section, he may impose an administrative penalty on the hospital of not more than:

(a) Two times the difference between the price charged in violation of this section and the allowable price, for each instance in which that item is billed; or

(b) One thousand dollars,

whichever is greater.

[16.] *17.* The director may adopt such regulations as he considers necessary to carry out the provisions of this section.

Sec. 3. This act becomes effective on July 1, 1993.".

Amend the title of the bill to read as follows:

"An Act relating to hospitals; authorizing a hospital to bill a patient at the contracted rate if that rate is different than the itemized charges; authorizing certain major hospitals to increase the price of items on their charge masters during the ensuing biennium; and providing other matters properly relating thereto.".

Assemblyman Humke moved the adoption of the resolution.

Remarks by Assemblymen Humke and Anderson.

Assemblyman Chowning requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 66. Today, in this age of gangs, youth violence and all of the troubles that we see in our state, country and world, I think it is nice to stop and have a resolution of this type honoring the life's work of a very young man who has accomplished a great deal in his life.

I am very proud to say that four years ago, I stood on this floor, not too far from this very spot, and introduced this young man as the valedictorian of Reed High School. Brian went on and achieved a similar record at the University of Nevada attaining a 4.0 record as the resolution states. Brian is now focusing on Stanford University. Brian says he will probably go there.

Brian has given testimony to this legislature. Brian is a well-rounded citizen. He does his civic duty. Mr. Speaker, I think you perhaps know as well as anyone, that Brian designed the blueprint for what is now the computer big game drawing system that the State of Nevada now uses. For many years, many famous experts in data processing in this state said it couldn't be done. Brian said, "Yes, it can." They said, "It can't be done." Brian said, "Yes, it can." Mr. Speaker, about one week ago it was done. This young man, who said all along that it could be done, showed the experts that it could and came up with the blueprint.

The resolution also speaks to the fact that while in high school, Brian started his own business. He is now successful in that business. I could say he has taken his God given talent and has devoted it to computer games, but that would be a bit trite. It is a going business and Brian is making a success of it. One of the things that he is doing right now is taking off into a new business direction. He is currently working on software development for attorneys so that they can do electronic forms filing for the Immigration, Naturalization Service. Now, that is important.

I cannot say enough about Brian. If I were standing in his shoes, I just wish I had half the God given talents that he has. I believe that an instructor from Reed High School may want to say a few words about Brian. Thank you, Mr. Speaker.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of this resolution. Mr. Brian Lent is a most deserving young man, who has only just started, I believe, showing the great potential that he truly has. I concur with my colleague from Washoe County in that Brian is a unique individual who has demonstrated his God given talent. The world is filled with people with talent. It is the use that that talent is put to. Brian Lent is the kind of individual who clearly showed, even in high school, that he was going to make a mark upon the world. He worked hard at Reed and clearly led his class throughout, not just as an academic scholar, but as a person who cares. Mr. Lent has shown a strong sense of humor. I know from personal experience. He belonged to a group called the Ghost Towners. His activities in the wilderness area of this state clearly shows that he is not just a one-dimensional person. This is a man who is going to make all of us proud, and does make us all proud. I think Assembly Concurrent Resolution No. 66 clearly shows that.

Resolution adopted unanimously.

Assemblyman Humke moved that all rules be suspended and that Assembly Concurrent Resolution No. 66 be immediately transmitted to the Senate.

Motion carried unanimously.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. During the interim period between the last legislative session and this one, I, along with my colleagues from District No. 25 and District No. 30 respectively, had the honor of studying, for the first time since 1911, the Nevada Public Records Law. As a result of that interim study, we submitted some recommendations to the legislature, the heart and soul of which is Assembly Bill No. 364.

During the hearings in the Assembly Government Affairs Committee, there were some differences of opinion from the interim study recommendation as to section 3 of Assembly Bill No. 364. Mr. Speaker, this amendment would change section 3 to restore the initial language as recommended by the interim study committee. To understand the context of the bill, with your permission Mr. Speaker, I may have to deviate a little from the amendment.

From a historical perspective, since 1911 when the first Nevada Public Records Law was adopted, the legislature, over the years, has crafted some 300 exceptions to that rule. We did not have the budget, Mr. Speaker, nor the time to examine those 300 exemptions in and of themselves during the last interim study. As a result, one of the recommendations of your interim study committee was to have a follow-up study to examine those 300 exemptions to see which should be retained and which ones should be abolished. Our compromise in the interim study was to create a balancing test.

If you will notice the language in Amendment No. 787, the language adopted by the interim study committee says a record listed in subsection 2 of NRS 239.010 that deals with the definition of public record, and what is and is not confidential, must be disclosed with respect to the particular record. The general policy in favor of open records outweighs the expectation of privacy or justification for nondisclosure based on public policy.

It was the interim study's recommendation, Mr. Speaker, that since we did not have the opportunity to examine the 300 exceptions, some of them may be antiquated. As a result, this balancing text allows an individual to petition a court, who will be the final arbitrator of this decision, and argue to the court that even though the legislature has expressed a preference that a record should remain confidential, there is justification for opening that record if a policy in favor of openness is what the legislature has tried to adopt outweighs the individual expectation of privacy. It is a balancing first amendment argument. What we tried to do was to say it is fine to express a public policy that certain records should be closed, but there may arise a situation down the road where there is a compelling reason why this particular record, which is closed, should under these circumstances become open. That is the issue that this amendment addresses.

Mr. Speaker, if this amendment is adopted, courts in Nevada will be the final determiners of what is and is not open only with respect to the 300 exemptions already crafted in the statute. The general policy expressed in Assembly Bill No. 364 is for open records and open disclosure to whoever wants to look at them. You have to take the 300 exceptions in context with the general policy in favor of openness. This allows the balancing test by a court of law to deal with those 300 separate exemptions.

The interim study committee of Assembly Concurrent Resolution No. 90 wholeheartedly recommends that you change this language back to our initial recommendation and that you adopt Amendment No. 787. Thank you.

ASSEMBLYMAN BENNETT:

Thank you, Mr. Speaker, I rise in opposition to Amendment No. 787. As Mr. Porter has indicated, either Assembly Bill No. 364 as currently amended, or in the amendment that Mr. Porter is proposing, the wording regarding balancing test is the same. It states general policy in favor of open records that outweighs an expectation of privacy, justification or nondisclosure based on public policy. We are not arguing that.

The issue here is when that balancing test is going to be applied. I think people who provide information to a governmental entity, or businesses that provide information do so with the expectation that that information based on certain statutes is going to be held

confidential. I suggest that if that were not the case, they might not provide the information in the first place, but just as the public has a right to know information, the people who provide that information have a right to confidentiality if, in fact, they are doing so in good faith based on certain statutes.

I also support the continuation of the interim study to go back and look at those 300 statutes and other exceptions to open records to determine whether or not they should remain as they are or be repealed or revised in some way. I believe that the legislature, in originally establishing those statutes, has already done a balancing test and determined that the right to privacy outweighs the public's right to know. And, so again, I feel that it is strictly a matter of when it should be applied. The bill, as presently amended, indicates that in the absence of legislative intent, this balancing test will be applied just the same as the Supreme Court in Donrey versus Bradshaw. The only reason they utilized the balancing test was because there was the absence of legislative intent. Where that intent is clear, those records should remain confidential.

I cannot speak as eloquently on the issue as Mr. Porter can, although there has been a lot of debate on it. Even though the interim study's consensus on this was very clear, and testimony during the Government Affairs Committee hearing that the advisory group who worked on this was split, the subcommittee which I chaired supported the amended bill as it is currently on the board, four to one. The Government Affairs Committee voted on this section separately from other amendments and supported it eight to four. I understand Mr. Porter's position, but I think this bill, as currently on the board, is a more reasonable position to take. I would wholeheartedly support that in the next interim period we look at the individual statutes to determine whether they should be revised, repealed or kept as they currently exist. Thank you.

MR. SPEAKER:

Thank you, Mr. Bennett. I would like to remind the members not to use member's names in debate.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I rise in support of this amendment. As my colleague from District No. 8 has stated, the importance and significance of the balancing test cannot be overstated. Whenever there is a question whether a document or a record is a public record and thus open for inspection, there must be, if it is not already identified by statute, a balancing test accomplished on that. The balancing test is done on a case-by-case basis. An evaluation is conducted on the sufficiency of the justification offered for non-disclosure. The balancing test takes the public interest, in the right to know what the public servants of this state or in any government agency are doing, and weighs that with the efficiency and expectation of an uninterrupted governmental process. I believe that repeating policy consideration of the fundamental right of public access to open records is far greater than it is to have the incidental rights of government, and an agency free from an expectation of interruption. For this, I think the performance of the balancing test should be in favor of public access. Right now, under the current bill, without this amendment, the burden is on the public. It is upon the individual to find a way to show there is no justification for them holding back that information from public access. Mr. Speaker, I would support this amendment in favor of public access in good government. Thank you.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 787. It is all well and good to talk about good government public access. I think we have to bear in mind that the government does a lot more these days than simply conducting the public's business. Government intrudes into virtually every aspect of private business and in the private lives of individuals.

As the distinguished Majority Leader pointed out, we have some 300 exemptions to our public records law. Most of those exemptions were created for a purpose. This body and our colleagues down the hall considered whether the public policy of open records was outweighed by the need for privacy in specific instances. In those instances, this body, the representatives of the people, came down in favor of keeping the records closed to protect

the privacy of private individuals. I wholeheartedly agree that the government conducting the public's business should be completely open to the public. I do not believe that the government using its regulatory authority to delve into private matters should then make those private matters open to anyone who wants to see them.

As was pointed out by the Assistant Majority Leader, the uncertainty of knowing whether or not information to be provided will be confidential will cause people to think twice about whether they want to fully cooperate with government agencies, whether they want to assist the regulatory purpose that we created those agencies to fulfill. Having served as counsel to one of those agencies, I know it would have been extraordinarily difficult to get witnesses who feared intimidation, who feared retaliation, to cooperate if I could not have assured them, absolutely, that the statute says your help is confidential and we can keep it confidential.

I will note that I am opposed to the balancing test altogether, either in the current bill or in the amendment. We have a law that is very clear. It says all records are open unless there is a specific exemption. I think that is the way the law should be. There should not be exemptions crafted without careful consideration by the representatives of the people. The balancing test substitutes the judgment of one individual, a judge, for the collective wisdom of the legislature and the Governor. I agree with the Majority Leader that some of the exemptions may be antiquated. They certainly need to be reviewed. Those that are antiquated should be abolished. I believe this amendment uses a machete where a scalpel would be more appropriate. Thank you.

ASSEMBLYMAN SMITH:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 787 to Assembly Bill No. 364. I feel very strongly about openness in government and the public's right to know. I also feel very strongly about the systems we are here to represent. There are things that happen to them in their personal lives that far outweigh the public's right to know. We spent a great deal of time in this session, at least I have, in my committee debating minutia as far as words; information known at the time versus knowingly failed to report; things that are allowed to the extent permitted versus the extent not prohibited. We debate these ad nauseam. Now we have a test that basically says that you are guilty until we can presume your innocence. It is my understanding of government that we should assume people are innocent unless proven otherwise. This is, of course, not an issue of guilt or innocence but it is the same principle. I think it is the principle that we need to uphold as elected officials. Therefore, I oppose this amendment.

ASSEMBLYMAN GARNER:

Thank you, Mr. Speaker. I rise in opposition to this amendment and to express my support for the subcommittee that worked on this bill for a good, long time and also in working for the Government Affairs Committee. I believe the amendment proposed by the committee goes a long way towards addressing the concerns expressed throughout the hearings concerning this measure. I believe we are going too far in supporting the amendment that is being proposed.

ASSEMBLYMAN DE BRAGA:

Thank you, Mr. Speaker. To you and through you, to the Majority Leader. As Amendment No. 787 is currently worded, does any danger exist that somebody other than the courts could make the decision to open these records?

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. To you and through you, in subsequent bills we have passed, the agency head who has jurisdiction over the bill can make the initial decision whether or not to close. That also deals with confidentiality, but I would remind my colleague from Fallon and Churchill County, that if it is closed by statute already, the agency head has a legislative directive. It is already said that this is a closed document. The only way that agency head is going to release it is under the compulsion of law with the application of the balancing test. The agency head is not the balancer once it is closed.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I would just like to share with this body a question on a

questionnaire that I sent out to all the registered voters in my district. The question reads, "Many records of governmental agencies are open to inspection by the general public. However, over the years a number of exemptions have been made. The entire issue is being debated with the press and some citizens' groups calling for wide access, while public employee groups say even public employees deserve some privacy. Would you prefer," and I gave two answers. The first answer was, "All public records, including public employee's health records and job performance ratings, should be open to everyone." Thirty-four percent checked that answer. The second answer was, "Employee files should be limited to revealing items such as length of employment, job classification, amount of sick leave used and salary." Sixty-six percent checked that answer. Thank you.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I did want to mention that some of the remarks made during the debate by the Assistant Majority Leader are absolutely correct in his characterization of the Bradshaw case. As a result, Mr. Speaker, retention of Assembly Bill No. 364, as currently amended, will accomplish nothing because that is already the law.

For 82 years, this body has not addressed this particular concern. If you do not address it in its context, then I will later encourage you to kill the bill because the interim study will have wasted a lot of time and will have accomplished nothing, in my opinion. Thank you.

ASSEMBLYMAN BENNETT:

Thank you, Mr. Speaker. To you and through you to this body, I strongly disagree with the Majority Leader regarding the amended version of Assembly Bill No. 364. The interim study has done a tremendous amount of work here. They more clearly defined what a public record is, and what the government entity is. They have also clearly defined certain records that should always be held open. They have defined certain records that are determined to be not public records. They have also indicated certain records that should be restricted. The only question here is when the intent of the legislature is not clear, or is absent entirely, that a balancing test then be used.

I must say that the interim study and the committees during this legislative session have done a tremendous amount of work. Assembly Bill No. 364 is a tremendous step forward as far as public records are concerned. Thank you.

Assemblyman Chowning requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. Unfortunately, now I am put in a position where, after doing the like work of the other subcommittee members, I have to stand in opposition of this bill. It is a sad day when I have to stand in opposition to a bill that accesses public records. Let me tell you why.

On this balancing test, the crux of the argument is this. As written in this bill, it says if the status of a particular record has not been specifically addressed by statute, on top of the 300 exemptions, those are specifically addressed by statute. In the amendment that just lost, the difference was this. A record listed in subsection 2 of NRS 239.010 must be disclosed. Here is the key word, "it," it with respect to the particular record, the general policy in favor of open records outweighs the expectation of privacy. That balancing test will be put to by the judiciary. This is merely what the amendment was doing. Now, you have put yourselves in a position where you are voting for public records access bill that does nothing. It does nothing. You have taken one giant step sideways. Thank you.

ASSEMBLYMAN BENNETT:

Thank you, Mr. Speaker. I think most of the pertinent parts of this bill have already been discussed. I was a little slow in pushing my button regarding the floor statement. I think most of the issues have been discussed here. Again, I would like to say that I disagree with my colleague from Washoe County in the fact that this bill does nothing. It does a great deal. It takes a giant step forward. I would certainly hope that further study regarding the individual exceptions in law be completed and we continue to go forward on this particular issue. Thank you.

Prayer by the Chaplain, Brother Glade Myler.

Our Father in Heaven, with gratitude for our blessings, we present ourselves this day to begin this session of the Assembly of the State of Nevada. We give Thee thanks for the relief from the drought that Thou has seen to give us this year, and pray that we may continue to have the precipitation so badly needed to sustain us. We also give Thee thanks for the people of this great state and the opportunity of serving them in our capacities here. Please bless us this day as we face the task of enacting laws to govern the people and land with the insight and wisdom to enact laws that will be most beneficial and according to Thy will.

We pray for all the elected officials and leaders of this state that they, too, may be inspired of Thee to govern and lead in a manner that would be most efficacious. We pray for our leaders of this great nation, also for the same blessings and the leaders of the world that peace may be restored in those lands that are ravaged by war and famine. Help us all to be mindful of those less fortunate than ourselves and open our hearts to them with an outpouring of economic charity.

We ask Thee to be with us this day in our many activities and protect us from harm and evil. With all other blessings we stand in need of, and those which the people of this state need, we ask for these things, thanking Thee again for our many blessings in our Lord's Name. AMEN.

The division shall, by regulation, add to the list of highly hazardous substances any chemical that is identified as being used, manufactured, stored, or capable of being produced, at a facility, in sufficient quantities at a single site, that its release into the environment would produce a significant likelihood that persons exposed would suffer death or substantial bodily harm as a consequence of the exposure.

Sec. 13. NRS 459.3820 is hereby amended to read as follows:

459.3820 1. The health division of the department of human resources, the division of enforcement for industrial safety and health of the department

Sec. 29. NRS 616.228 is hereby amended to read as follows:

616.228 1. Any disciplinary action taken by a hearing officer or panel pursuant to NRS 616.425 is subject to the same procedural requirements which apply to disciplinary actions taken by the [commissioner or administrator,] *administrator* and the board or panel has the same powers and duties given to the [commissioner or] administrator in relation thereto.

2. A decision of the hearing officer or panel relating to the imposition of an administrative fine is a final decision in a contested case. Any party aggrieved by a decision of the officer or panel to withdraw the certification of a self-insured employer may appeal that decision to the [commissioner.] *administrator.*

Sec. 30. NRS 616.282 is hereby amended to read as follows:

616.282 1. The manager shall notify the state contractors' board within 10 days after the system becomes aware that a contractor's coverage has lapsed.

2. The [commissioner] *administrator* shall notify the state contractors' board within 10 days after a contractor's certificate of qualification as a self-insured employer is canceled or withdrawn.

Sec. 31. NRS 616.291 is hereby amended to read as follows:

616.291 1. An employer may qualify as a self-insured employer by establishing to the satisfaction of the [commissioner] *administrator* that the employer has sufficient administrative and financial resources to make certain the prompt payment of all compensation under this chapter or chapter 617 of NRS.

2. A self-insured employer must, in addition to establishing financial ability to pay, deposit with the [commissioner] *administrator* a bond executed by the employer as principal, and by a corporation qualified under the laws of this state as surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to employees. The bond must be in an amount reasonably sufficient to ensure payment of compensation, but in no event may it be less than 105 percent of the employer's expected annual incurred cost of claims, or less than $100,000. In arriving at an amount for the expected annual cost of claims, due consideration must be given to the past and prospective experience of the employer with losses and expenses within this state, to the hazard of catastrophic loss, to other contingencies, and to trends within the state. In arriving at the amount of the deposit required, the [commissioner] *administrator* may consider the nature of the employer's business, the financial ability of the employer to pay compensation and his probable continuity of operation.

3. In lieu of a bond the employer may deposit with the [commissioner] *administrator* a like amount of lawful money of the United States or any

other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that the amount is unavailable for withdrawal except upon order of the [commissioner.] *administrator.*

4. The required deposit may be increased or decreased by the [commissioner in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance.] *administrator as reasonably necessary to ensure payment of compensation.* If the [commissioner] *administrator* requires an employer to increase his deposit, the [commissioner] *administrator* may specify the form of the additional security. The employer shall comply with such a requirement within 30 days after receiving notice from the [commissioner.] *administrator.*

5. The [commissioner] *administrator* shall require the self-insured employer to submit evidence of excess insurance to provide protection against a catastrophic loss. The excess insurance must be written by an insurer authorized to do business in this state. The [commissioner] *administrator* shall consider the excess insurance coverage as a basis for a reduction in the deposit required of an employer.

6. The account for self-insured employers is hereby created in the state agency fund for bonds. All money received by the [commissioner] *administrator* pursuant to this section must be deposited with the state treasurer to the credit of the account for self-insured employers. All claims against this account must be paid as other claims against the state are paid.

Sec. 32. NRS 616.292 is hereby amended to read as follows:

616.292 1. If a self-insured employer becomes insolvent, institutes any voluntary proceeding under the Bankruptcy Act or is named in any involuntary proceeding thereunder, makes a general or special assignment for the benefit of creditors or fails to pay compensation under this chapter or chapter 617 of NRS after an order for payment of any claim becomes final, the [commissioner] *administrator* may, after giving at least 10 days' notice to the employer and any insurer or guarantor, use money or interest on securities, sell securities or institute legal proceedings on surety bonds deposited or filed with the [commissioner] *administrator* to the extent necessary to make those payments. Until the [commissioner] *administrator* gives a 10-day notice pursuant to this subsection, the employer is entitled to all interest and dividends on bonds or securities on deposit and to exercise all voting rights, stock options and other similar incidents of ownership thereof.

2. A company providing a surety bond under NRS 616.291 may terminate liability on its surety bond by giving the [commissioner] *administrator* and the employer 90 days' written notice. The termination does not limit liability which was incurred under the surety bond before the termination. If the employer fails to requalify as a self-insured employer on or before the termination date, the employer's certification is withdrawn when the termination becomes effective.

Sec. 33. NRS 616.2925 is hereby amended to read as follows:

616.2925 1. The [commissioner] *administrator* may assess all self-insured employers to provide for claims against any insolvent self-insured employer.

2. All money received from such assessments must be deposited with the state treasurer to the credit of the account for insolvent self-insured employers, which is hereby created in the fund for workers' compensation and safety. Money in the account must be used solely to carry out the provisions of this section. All claims against the account must be paid as other claims against the state are paid. The state treasurer shall invest money in the account in the same manner and in the same securities in which he may invest money of the state general fund. Income realized from the investment of the assets in the account must be credited to the account.

Sec. 34. NRS 616.293 is hereby amended to read as follows:

616.293 1. Upon determining that an employer is qualified as a self-insured employer, the [commissioner] *administrator* shall issue a certificate to that effect to the employer . [and the administrator.]

2. Except as *otherwise* provided in NRS 616.2935, certificates issued under this section remain in effect until withdrawn by the [commissioner] *administrator* or canceled by the employer. Sec. 35. NRS 616.2935 is hereby amended to read as follows:

616.2935 A self-insured employer shall notify the [commissioner] *administrator* not less than 60 days before any change in ownership or control of the employer. The certification of the self-insured employer terminates automatically on the date of the change unless the [commissioner] *administrator* extends the certification. The [commissioner,] *administrator,* upon request, may declare as confidential any documents which are submitted in support of a request for such an extension.

Sec. 36. NRS 616.294 is hereby amended to read as follows:

616.294 1. The [commissioner] *administrator* shall impose an administrative fine, not to exceed $1,000 for each violation, and:

(a) Shall withdraw the certification of a self-insured employer if:

2. Any employer whose certification as a self-insured employer is withdrawn must, on the effective date of the withdrawal, qualify as an employer pursuant to NRS 616.305.

Sec. 37. NRS 616.2945 is hereby amended to read as follows:

616.2945 The [commissioner] *administrator* shall impose an administrative fine, not to exceed $5,000, if an employer whose certification as a self-insured employer has terminated fails to pay compensation pursuant this chapter or chapter 617 of NRS after an order for payment of any claim becomes final.

Sec. 38. NRS 616.296 is hereby amended to read as follows:

616.296 1. Before any action may be taken pursuant to subsection 2, the [commissioner of insurance] *administrator* shall arrange an informal meeting with the self-insured employer to discuss and seek correction of any conduct which would be grounds for withdrawal of the self-insured employer's certificate of self-insurance.

2. Before the withdrawal of the certification of any self-insured employer, the [commissioner of insurance] *administrator* shall give written notice to that employer by certified mail that his certification will be withdrawn 10 days after receipt of the notice unless, within that time, the employer corrects the conduct set forth in the notice as the reason for the withdrawal or submits a written request for a hearing to the [commissioner of insurance.] *administrator pursuant to section 18 of this act.* Before requesting a hearing the employer must make the deposit required by NRS 616.291.

3. [If the employer requests a hearing:

(a) The commissioner of insurance shall set a date for a hearing within 20 days after receiving the appeal request, and shall give the employer at least 10 business days' notice of the time and place of the hearing.

(c) Within 5 business days after the hearing, the commissioner of insurance shall either affirm or disaffirm the withdrawal and give the employer written notice thereof by certified mail. If withdrawal of certification is affirmed, the withdrawal becomes effective 10 business days after the employer receives notice of the affirmance unless within that period of time the employer corrects the conduct which was ground for the withdrawal or petitions for judicial review of the affirmance.

4.] If the withdrawal of certification is affirmed following judicial review, the withdrawal becomes effective 5 days after entry of the final decree of affirmance.

Sec. 39. NRS 616.303 is hereby amended to read as follows:

2. Violates any provision of NRS 616.301 or any regulation adopted by the [commissioner or the] administrator concerning the administration of the employer's plan of self-insurance.

Sec. 40. NRS 616.323 is hereby amended to read as follows:

616.323 1. If for any reason the status of an employer as a self-insured employer is terminated, the security deposited under NRS 616.291 must remain on deposit for a period of at least 36 months in such amount as necessary to secure the outstanding and contingent liability arising from accidental injuries or occupational diseases secured by such security, or to assure the payment of claims for aggravation and payment of claims under NRS 616.545 based on such accidental injuries or occupational diseases.

2. At the expiration of the 36-month period, or such other period as the [commissioner of insurance] *administrator* deems proper, the [commissioner of insurance] *administrator* may accept in lieu of any security so deposited a policy of paid-up insurance in a form approved by the [commissioner of insurance.] *administrator.*

The [commissioner] *administrator* shall examine the records for that purpose at least once every 3 years. The self-insured employer shall reimburse the [commissioner] *administrator* for the cost of the examination.

Sec. 42. NRS 616.425 is hereby amended to read as follows:

Sec. 43. NRS 616.4261 is hereby amended to read as follows:

616.4261 1. There is hereby established as a trust fund in the state treasury the subsequent injury fund, which may be used only to make payments in accordance with the provisions of NRS 616.427 and [NRS] 616.428. The administrator shall administer the fund.

2. All assessments, penalties, bonds, securities and all other properties received, collected or acquired by the administrator for the subsequent injury fund must be delivered to the custody of the state treasurer.

6. The director must adopt regulations for the establishment and administration of assessment rates, payments and penalties. Assessment rates must reflect the relative hazard of the employments covered by [the insurers,] *self-insured employers,* and must be based upon expected annual expenditures for claims. *The system must not be required to pay any assessments, payments or penalties into the subsequent injury fund, or any costs associated with the fund.*

7. The commissioner shall assign an actuary to review the establishment of assessment rates. The rates must be filed with the commissioner 30 days before their effective date. Any [insurer] *self-insured employer* who wishes to appeal the rate so filed must do so pursuant to NRS 679B.310.

Sec. 44. NRS 616.427 is hereby amended to read as follows:

616.427 Except as otherwise provided in NRS 616.428:

1. If an employee [who] *of a self-insured employer* has a permanent physical impairment from any cause or origin *and* incurs a subsequent disability by injury arising out of and in the course of his employment which entitles him to compensation for disability that is substantially greater by reason of the combined effects of the preexisting impairment and the subse-

quent injury than that which would have resulted from the subsequent injury alone, the compensation due must be charged to the subsequent injury fund in accordance with regulations adopted by the administrator.

2. If the subsequent injury of such an employee results in his death and it is determined that the death would not have occurred except for the preexisting permanent physical impairment, the compensation due must be charged to the subsequent injury fund in accordance with regulations adopted by the administrator.

3. As used in this section, "permanent physical impairment" means any permanent condition, whether congenital or caused by injury or disease, of such seriousness as to constitute a hindrance or obstacle to obtaining employment or to obtaining reemployment if the employee is unemployed. For the purposes of this section, a condition is not a "permanent physical impairment" unless it would support a rating of permanent impairment of 6 percent or more of the whole man if evaluated according to the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted and supplemented by the department. The department shall adopt regulations incorporating the American Medical Association's Guides to the Evaluation of Permanent Impairment by reference and may amend such regulations from time to time as it deems necessary. In adopting the Guides to the Evaluation of Permanent Impairment, the department shall consider the edition most recently published by the American Medical Association.

4. To qualify under this section for reimbursement from the subsequent injury fund, the [insurer] *self-insured employer* must establish by written records that the *self-insured* employer had knowledge of the "permanent physical impairment" at the time the employee was hired or that the employee was retained in employment after the *self-insured* employer acquired such knowledge.

5. [An insurer] *A self-insured employer* shall notify the administrator of any possible claim against the subsequent injury fund as soon as practicable, but not later than 100 weeks after the injury or death.

6. The administrator shall adopt regulations establishing procedures for submitting claims against the subsequent injury fund. The administrator shall notify the [insurer] *self-insured employer* of his decision on such a claim within 90 days after the claim is received.

7. An appeal of any decision made concerning a claim against the subsequent injury fund must be submitted directly to the appeals officer. The appeals officer shall hear such an appeal within 45 days after the appeal is submitted to him.

Sec. 45. NRS 616.428 is hereby amended to read as follows:

616.428 1. [An insurer] *A self-insured employer* who pays compensation due to an employee who has a permanent physical impairment from any cause or origin and incurs a subsequent disability by injury arising out of and in the course of his employment which entitles him to compensation for disability that is substantially greater by reason of the combined effects of

the preexisting impairment and the subsequent injury than that which would have resulted from the subsequent injury alone is entitled to be reimbursed from the subsequent injury fund if:

(a) The employee knowingly or willfully made a false representation as to his physical condition at the time he was hired by the *self-insured* employer;

(b) The *self-insured* employer relied upon the false representation and this reliance formed a substantial basis of the employment; and

(c) A causal connection existed between the false representation and the subsequent disability.

If the subsequent injury of the employee results in his death and it is determined that the death would not have occurred except for the preexisting permanent physical impairment, any compensation paid is entitled to be reimbursed from the subsequent injury fund.

2. [An insurer] *A self-insured employer* shall notify the administrator of any possible claim against the subsequent injury fund pursuant to this section no later than 60 days after the date of the subsequent injury or the date the [insurer] *self-insured employer* learns of the employee's false representation, whichever is later.

Sec. 46. NRS 616.647 is hereby amended to read as follows:

616.647 1. [If] *Except as otherwise provided in NRS 616.294, if* the administrator has reason to believe that an insurer, health care provider, third-party administrator or employer has:

(a) Induced a claimant for compensation to fail to report an accidental injury or occupational disease;

(b) Persuaded a claimant to settle for an amount which is less than reasonable;

(c) Persuaded a claimant to settle for an amount which is less than reasonable while a hearing or an appeal is pending;

(d) Persuaded a claimant to accept less than the compensation found to be due him by a hearing officer or appeals officer;

(e) Refused to pay or unreasonably delayed payment to a claimant of compensation found to be due him by a hearing officer or appeals officer;

(f) Made it necessary for a claimant to resort to proceedings against the employer or insurer for compensation found to be due him by a hearing officer or appeals officer;

(g) Failed to comply with regulations of the department for the acceptance and rejection of claims, determination and calculation of a claimant's average monthly wage, determination and payment of compensation, delivery of accident benefits and reporting relating to these matters;

(h) Failed to comply with the department's regulations covering the payment of an assessment relating to the funding of costs of administration of this chapter and chapter 617 of NRS; or

(i) Failed to comply with any provision of, or regulation adopted pursuant to, this chapter or chapter 617 of NRS,

the administrator shall set a date for a hearing. The date must be no sooner than 30 days after notice is served upon the insurer or employer of the alleged action and the time and place of the hearing.

2. If, after an evidentiary hearing, the administrator determines that the insurer or employer has committed the alleged act, the administrator shall issue a notice of violation imposing a proposed administrative fine of:

(a) Not more than $250 for each initial violation of subsection 1 which was not intentional; or

(b) Not more than $1,000 for each intentional or repeated violation of subsection 1.

3. In addition to any fine imposed pursuant to subsection 2, the administrator may assess against an insurer who violates any regulation concerning the reporting of claims expenditures used to calculate an assessment an administrative penalty of up to twice the amount of any underpaid assessment.

4. If a person wishes to contest a notice of violation issued pursuant to subsection 2, he must file a notice of appeal with the division within 30 days after the notice is issued, showing why the proposed fine should not be imposed against him.

5. If a notice of appeal is filed as required by subsection 4, the administrator shall issue a complaint setting forth the factual basis for his determination that a violation has occurred. The person against whom a complaint is issued shall file an answer to the complaint within 30 days after the complaint is issued. The answer must be accompanied by any documentary evidence upon which the person relies and, if the person desires a hearing on the matter, by a request for hearing. If an answer and a request for hearing are filed as required by this subsection, the administrator shall set a date for a hearing on the matter, which must be no sooner than 30 days after the answer and request for hearing are filed.

6. If a notice of appeal or an answer is not filed as required by this section, the notice of violation shall be deemed a final order and is not subject to review by any court or agency.

7. [A] *Except as otherwise provided in NRS 616.425, a* hearing held pursuant to this section must be conducted by the administrator or a person designated by him. A record of the hearing must be kept but it need not be transcribed unless it is requested by the person against whom the order or notice of violation has been issued and that person pays the cost of transcription.

8. An administrative fine imposed pursuant to this section must be paid to the division. If the violation for which the fine is levied was committed by a person while acting within the course and scope of his agency or employment, the fine must be paid by his principal or employer. The fine may be recovered in a civil action brought in the name of the division in a court of competent jurisdiction in the county in which the violation occurred or in which the person against whom the fine is levied has his principal place of business.

9. Two or more fines of $1,000 levied by the administrator in 1 year for acts enumerated in subsection 1 must be considered by the [commissioner] *administrator* as evidence for the revocation of a certificate of self-insurance.

10. The [commissioner] *administrator* may withdraw the certification of a self-insured employer if, after a hearing, it is shown that the self-insured employer:

(a) Intentionally or repeatedly violated the provisions of paragraph (g) of subsection 1; or

(b) Violated any other provision of subsection 1.

2. Any claimant or his legal representative is entitled to information from the records of the employment security department, to the extent necessary for the proper presentation of his claim in any proceeding pursuant to this chapter. A claimant or an employing unit is not entitled to information from the records of the employment security department for any other purpose.

The executive director may charge a fee to cover the actual costs of any administrative expenses relating to the disclosure of this information to a state agency. The executive director may require the state agency to certify in writing that the agency will take all actions necessary to maintain the confidentiality of the information and prevent its unauthorized disclosure.*

5. Upon request therefor the executive director shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, and may furnish to any state agency similarly charged, the name, address, ordinary occupation, and employment status of each recipient of benefits and the recipient's rights to further benefits pursuant to this chapter.

6. To further a current criminal investigation, the chief executive officer of any law enforcement agency of this state may submit a written request to

the executive director that he furnish, from the records of the employment security department, the name, address and place of employment of any person listed in the records of employment of the department. The request must set forth the social security number of the person about whom the request is made and contain a statement signed by the chief executive officer certifying that the request is made to further a criminal investigation currently being conducted by the agency. 8. The manager of the state industrial insurance system may submit to the executive director a list of each person who received benefits pursuant to chapter 616 or 617 of NRS during the preceding month and request that he compare the information so provided with the records of the employment security department regarding persons claiming benefits pursuant to chapter 612 of NRS for the same period. The information submitted by the manager must be in a form determined by the executive director and must contain the social security number of each such person. Upon receipt of such a request, the executive director shall make such a comparison and provide to the manager a list of the name, address and social security number of each person who appears, from the information submitted, to be simultaneously claiming benefits under chapter 612 of NRS and under chapter 616 or 617 of NRS. The executive director shall charge a [reasonable] fee to cover *the actual costs of* any related administrative expenses. The manager shall use the information obtained pursuant to this subsection only to further a current investigation. The manager shall not disclose the information for any other purpose.

9. The executive director may request the Comptroller of the Currency of the United States to cause an examination of the correctness of any return or report of any national banking association rendered pursuant to the provisions of this chapter, and may in connection with the request transmit any such report or return to the Comptroller of the Currency of the United States as provided in Section 3305(c) of the Internal Revenue Code of 1954.

10. 11. All letters, reports or communications of any kind, oral or written, from the employer or employee to each other or to the employment security department or any of its agents, representatives or employees are privileged and must not be the subject matter or basis for any lawsuit if the letter, report or communication is written, sent, delivered or prepared pursuant to the requirements of this chapter.".

Amend the bill as a whole by renumbering sec. 3 as sec. 6 and adding new sections designated sections 4 and 5, following sec. 2, to read as follows:

"Sec. 4. NRS 612.375 is hereby amended to read as follows:

612.375 1. [An] *Except as otherwise provided in subsection 2 of NRS 612.3774, an* unemployed person is eligible to receive benefits with respect to any week only if the executive director finds that:

(a) He has registered for work at, and thereafter has continued to report at, an office of the employment security department in such a manner as the executive director prescribes, except that the executive director may by regulation waive or alter either or both of the requirements of this paragraph for persons attached to regular jobs and in other types of cases or situations with respect to which he finds that compliance with those requirements would be oppressive or inconsistent with the purposes of this chapter.

(b) He has made a claim for benefits in accordance with the provisions of NRS 612.450 and 612.455.

(c) He is able to work, and is available for work, but no claimant may be considered ineligible with respect to any week of unemployment for failure to comply with the provisions of this paragraph if his failure is [due to] *because of* an illness or disability which occurs during an uninterrupted period of unemployment with respect to which benefits are claimed and no work has been offered the claimant which would have been suitable before the beginning of the illness and disability. No otherwise eligible person may be denied benefits for any week in which he is engaged in training approved pursuant to 19 U.S.C. § 2296 or by the executive director by reason of any provisions of this chapter relating to availability for work or failure to apply for, or a refusal to accept, suitable work.

(d) He has within his base period been paid wages from employers:

(1) Equal to or exceeding 1½ times his total wages for employment by employers during the quarter of his base period in which his total wages were highest; or

(2) In each of at least three of the four quarters in his base period.

If a person fails to qualify for a weekly benefit amount of one twenty-fifth of his high-quarter wages but can qualify for a weekly benefit amount of $1 less than one twenty-fifth of his high-quarter wages, his weekly benefit amount must be $1 less than one twenty-fifth of his high-quarter wages. No person may receive benefits in a benefit year unless, after the beginning of the next preceding benefit year during which he received benefits, he performed service, whether or not in "employment" as defined in this chapter and earned remuneration for that service in an amount equal to not less than 3 times his basic weekly benefit amount as determined for the next preceding benefit year.

2. For any week in which a claimant receives any pension or other payment for retirement, including a governmental or private pension, annuity or other, similar periodic payment, except as otherwise provided in subsection 3 the amount payable to the claimant under a plan maintained by a base-period employer or an employer whose account is chargeable with benefit payments must:

(a) Not be reduced by the amount of the pension or other payment if the claimant made any contribution to the pension or retirement plan; or

(b) Be reduced by the entire proportionate weekly amount of the pension or other payment if the employer contributed the entire amount to the pension or retirement plan.

3. The amount of the weekly benefit payable to a claimant must not be reduced by the pension offset in subsection 2 if the services performed by the claimant during the base period, or the compensation he received for those services, from that employer did not affect the claimant's eligibility for, or increase the amount of, the pension or other payment, except for a pension paid pursuant to the Social Security Act or Railroad Retirement Act of 1974, or the corresponding provisions of prior law, which is not eligible for the exclusion provided in this subsection and is subject to the offset provisions of subsection 2.

Sec. 5. NRS 612.3774 is hereby amended to read as follows:

612.3774 A person is eligible to receive extended benefits for any week of unemployment in his eligibility period only if the executive director finds that with respect to such week:

1. He is an "exhaustee";

2. He has satisfied the requirements of this chapter for the receipt of regular benefits that are applicable to persons claiming extended benefits [;] *, except that, for the purposes of paragraph (d) of subsection 1 of NRS 612.375, a person is eligible to receive extended benefits with respect to any week only if the executive director finds that the person has within his base period:*

(a) Been paid wages from employers equal to or exceeding 1½ times his total wages for employment by employers during the quarter of his base period in which his total wages were highest;

(b) Been paid wages from employers equal to or exceeding 40 times his most recent weekly benefit amount; or

(c) Twenty weeks of full-time employment subject to this chapter; and

3. He was not disqualified for benefits during the period for which he claimed regular benefits because he voluntarily left work, was discharged for misconduct or failed to apply for or accept suitable work, or if he was so disqualified, he thereafter regained his qualification pursuant to subsection 1 of NRS 612.380 or NRS 612.385 or 612.390. *The provisions of this subsection do not apply for weeks of unemployment where prohibited by federal law.*".

Amend the bill as a whole by adding a new section designated sec. 7, following sec. 3, to read as follows:

"Sec. 7. 1. This section and sections 4 and 5 of this act become effective upon passage and approval.

2. Sections 1, 2, 3 and 6 of this act become effective on October 1, 1993.".

Amend the bill as a whole by adding a preamble, before the enacting clause, to read as follows:

"WHEREAS, The Nevada Legislature declares that it has examined the provisions of section 210(a)(2)(B) of the Truckee-Carson-Pyramid Lake Water Rights Settlement Act, Title II of Public Law 101-618, enacted November 16, 1990, which states:

> Section 204 of this title, the Preliminary Settlement Agreement as modified by the Ratification Agreement, and the Operating Agreement, shall not take effect until the Pyramid Lake Tribe's claim to the remaining waters of the Truckee River which are not subject to vested or perfected rights has been finally resolved in a manner satisfactory to the State of Nevada and the Pyramid Lake Tribe;

Assembly Concurrent Resolution No. 72—Commending Jack McCloskey for 60 years of excellence as editor and publisher of the *Mineral County Independent News*.

WHEREAS, John R. "Jack" McCloskey was born in Goldfield, Nevada, on September 19, 1911, but soon moved to Tonopah, Nevada, where, at the age of 11 years, he embarked upon his remarkable career in the newspaper business beginning by selling newspapers, then working as a printer's devil and subsequently as a reporter for the *Tonopah Times Bonanza*, all before graduation from high school; and

WHEREAS, At the age of 18 years, Jack McCloskey moved to Hawthorne to become the editor-reporter of the *Hawthorne News*, where he served until the Great Depression; and

WHEREAS, At that time, he borrowed $200 and founded the *Mineral County Independent News*, with emphasis on the term "Independent," in partnership with J. W. "Scoop" Connors, and within 2 years they acquired the assets of the *Hawthorne News*; and

WHEREAS, In 1954, Jack McCloskey purchased his partner's interest in the *Mineral County Independent News*, and has been the newspaper's sole owner for the last 39 years; and

WHEREAS, On March 3, 1993, Jack McCloskey completed 60 consecutive years as editor and publisher of the *Mineral County Independent News*; and

WHEREAS, In the 60 years since starting his newspaper, not only has Jack McCloskey repaid the loan, but he has also repaid many times over the residents of Nevada with his punchy, lucid, straight-shooting newspaper style which has earned him recognition as the "Sage" of Mineral County; and

WHEREAS, The *Mineral County Independent News* has enjoyed consistency in reporting for more than 40 years thanks in part to Jack's "newspaper family" of Gene, Tony and Ted Hughes, plus more recent members Joan Gazaway and Kathy Trujillo, and the contributions of the *real* editor in chief, Jack McCloskey's wife of 54 years, Pauline; and

WHEREAS, At more than 80 years of age, and despite a series of serious surgeries a few years ago, Jack McCloskey continues to be a stickler for accuracy in journalism, writing on a weekly basis some of the cleanest, tightest copy written by any Nevada reporter, particularly in his column "Jasper"; and

WHEREAS, Through his invaluable contributions to the oral history program of the University of Nevada, Reno, Jack McCloskey has given greatly of himself and served as a unique bridge between Nevada's early and late 20th century history; and

WHEREAS, Despite the fact that Jack McCloskey's opinion and counsel is widely sought by federal, state and local elected and appointed officials, for 70 years he has first and foremost been the chief advocate for the good people of Mineral County; and

WHEREAS, In his sixty-first volume of the *Mineral County Independent News*, Jack McCloskey, the dean of Nevada newspapermen, remains a forceful and virile newspaper publisher in vintage Nevada style; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That Jack McCloskey is hereby commended for his many, ongoing contributions to Nevada "newspapering" during his 60-plus-year career in the Fourth Estate, and more importantly for the kindness and concern he has exhibited to the countless people whose lives he has touched and continues to touch; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Mr. John R. "Jack" McCloskey.

Assemblyman Neighbors moved the adoption of the resolution.

Remarks by Assemblymen Neighbors, Ernaut, Evans, Price and Mr. Speaker.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. First, I am saddened to report that due to the illness in the family, Jack and members of his family could not be here today. It certainly is a pleasure to be able to recognize Jack McCloskey for 60 years of continuous publication of the *Mineral County Independent News*. Truly the dean of Nevadan newspapering, Jack has provided much needed news to the people of Mineral County and beyond. In a much larger sense, he has served as a conscience of the community for his people at home, here in Carson City and beyond.

To be sure, Jack McCloskey is never unopinionated by virtually any issue. In fact, I am sure that although he will appreciate this resolution very much, I will probably get scolded in the paper next time out for wasting time. He and his family certainly appreciate this resolution.

Jack is truly a bridge between Nevada's past and its future. I might add that I would not be at all surprised, as I mentioned before, to see a barb in the paper in the column which is called "Jasper." Notwithstanding that fact, I am honored to be a part of recognizing Jack McCloskey, a real newspaperman and a Nevadan. I would ask you to support this resolution recognizing Jack McCloskey. If any of you are passing through Hawthorne, Jack's newspaper office is about a block off the main street. Do stop by and say hello to Jack. I would remind you that he likes to be called a newspaperman, not a journalist. Thank you, Mr. Speaker.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. I stand in support of Assembly Concurrent Resolution No. 72. I have had the distinct pleasure of having many visits with Mr. McCloskey. As I pass through Hawthorne, I try to make a stop on my way each time. If anyone has ever stopped and talked with Mr. McCloskey, they have always noticed that the presses are going 100 miles an hour. It is so loud, your entire conversation is at the top of your lungs.

One thing I wanted to say on the resolution, I do not think it really tells the story. The last time that I got to talk with Mr. McCloskey, he told me the story of actually how he came to the *Hawthorne County Independent News*. He was working for the *Hawthorne News* and had written a series of criticisms on FDR and was run off from the *Hawthorne News*. In the true spirit of Nevada, Mr. McCloskey borrowed some money and created a rival newspaper. Two years later, he bought the other newspaper out. That story in itself

exemplifies Mr. McCloskey's spirt and spunk. He is definitely someone. If you ever have the chance, get down there and take some counsel from him. He will change your life. Thank you.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I am delighted to rise in support of Assembly Concurrent Resolution No. 72. My one regret that I share with my colleague from Hawthorne is that Mr. McCloskey could not be with us today, giving everyone in the body an opportunity to see a true newspaperman. I guess to say, let us hear it for the return of newspapermen and women rather than something called journalists. The thing that I find most endearing about Mr. McCloskey is that if he has something on his mind, he does not just take you to task in his paper. He calls you up and tells you off, reads you out and asks you why you voted for that darn fool bill, and why you introduced such a darn fool bill and hopes you will do better in the future.

I am delighted to rise in support of this measure. Best wishes to all the McCloskeys.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I am pleased to get here early enough to speak on Assembly Concurrent Resolution No. 72. I have known Jack for many years since joining this body. We have no greater individual source of history and advice and really looking at things dear to our state with clear vision than Jack McCloskey. We do not always agree, and I suppose many of us do not on individual issues, but I am always pleased to get Jack's phone calls, which I get regularly. I stop often to visit Jack. His daughter worked for us here in the legislature. I am very pleased that we are honoring Jack this morning.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I would be remiss if I did not say a couple of words with the permission of the house. I became friends with Jack and his wife back in the mid 40s during World War II. At that time, Hawthorne was a mission for Yerington for the Catholic Church. We used to go over on Saturday night, the priest and two altar boys. We would stay in McCloskey's home. His wife would cook us the best Mexican dishes that you ever ate in your life. We would stay over night and have a six o'clock mass. It was at that point that I became acquainted with him.

Jack's knowledge of the history of the politicians in this state is so immense. I understand that he has done an oral history at the university. I think we all ought to listen to that. He could talk about anything from Balsar this way. In 1932 this bill went in, or 1933, or 1945, or when Pat McCarran died, or when Carville was the Governor, or anybody that you remember in the history of this state. Jack McCloskey could do it verbatim. If you stop by his office, be prepared to spend some time because you are not going to get out with a five minute discussion. You have to have lunch at the El Cap and maybe stop at Joe's. That is the way it goes when you go to Hawthorne to see Jack. They are lovely people. I certainly hope that his wife's health improves and that Jack continues to run that newspaper.

WHEREAS, Flora Dungan was only the third woman from Clark County to be elected to the Nevada Legislature; and

Woodbury brought a citizens' class action suit which subsequently led to a federal court decision requiring that the districts of members of the Nevada Legislature be apportioned on the basis of population rather than on county or other political boundaries; and

WHEREAS, This important decision, known as *Dungan v. Sawyer*, led to the 1965 special session which reapportioned the Legislature and increased the number of Senate seats in Clark and Washoe counties from 2 to 14, and the number of Assembly seats in those counties from 21 to 28; and

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit copies of this resolution to her sister, Mrs. Cyril Lutsky, and nephews, former Senator Ron Cook and Art Cook.

Assemblyman Myrna Williams moved the adoption of the resolution.

Remarks by Assemblyman Myrna Williams and Mr. Speaker.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. We honor many working people in this body and this building. None of them are, in my opinion, more worthy of honor than Flora Dungan. Flora fought for all the things that were right for this state. Many of us who are sitting here today would not be sitting here today if Flora had not fought the battle for reapportionment, one person, one vote in this state. It was a tough fight. I was around when she did it.

I was very fortunate when my husband, daughter and I moved to this state. There were about four or five people that I met and became lifelong friends. Marvin Sedway was one and Flora Dungan was another. We shared a very close relationship. In many ways these two people shaped my views of this state. I appreciate it.

Flora was a mentor. Flora cared very much about children, seniors and doing the right thing. As a result of that, after her death, a fitting tribute was to have the Humanities Building at the University of Nevada, Las Vegas, named for Flora Dungan in honor for all her contributions, not because she was a regent, but because of what she had done for the community, for the University and for the people of this state. So it is my great privilege to be able to speak in favor of Assembly Concurrent Resolution No. 73.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I would be remiss if I did not speak on this resolution. I had the privilege of serving with Flora in 1967 in the Assembly. She was chairman of the Elections Committee. There

were three democrats and two republicans on the Elections Committee. We had a republican governor. I think Flora gave me my real political science teachings that year in trying to deal with the 18-year-old voting law which, I think everyone supported, but because of political reasons, did not pass. We used to have a morning prep period before we went into Elections to understand what those things meant.

Flora meant a lot to me. She was an outstanding legislator. She was smart as a bugs ear. You would have loved serving with her. She was full of fight. I, too, want to join in supporting this resolution.

Resolution adopted unanimously.

Assemblyman Myrna Williams moved that all rules be suspended and that Assembly Concurrent Resolution No. 73 be immediately transmitted to the Senate.

Motion carried unanimously.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker. I have the great honor and privilege today to introduce this resolution and move for this body to adopt it. This resolution honors a man whose life and legal career were dedicated and devoted to the betterment of all Nevadans, as well as for the search for truth and justice in our judicial system.

This man was a native son of Nevada and, as such, he loved this state and the people within it. He loved his career in the legal field. Bruce Thompson served the legal needs of Nevada for about 55 years. He served first as a United States Attorney for the State of Nevada and special master for the United States District Court. He served as United States District Court Judge for 15 years and held on as a senior judge serving in the United States District Court for an additional 13 years.

I think every attorney who has practiced in the State of Nevada and who has appeared before Judge Thompson knew readily that Judge Thompson was a legal scholar. You did not, as an attorney, take your client before this judge without being prepared. If you did so, you did with reckless abandon for your legal career as well as for your case. He accepted no other standard than professionalism in dealing with the law before him and his court.

It is also important for us to recognize that Bruce Thompson was a family man. He understood the importance of the family institution. He loved life and his family. Many of his family are here with us today. We will introduce them in a minute. Bruce Thompson left his mark on the State of Nevada and in the judicial system. Nevadans suffered a great loss with the passing of this man. He was a personal friend to all Nevadans. He was a judicial scholar. He was a husband and a beloved father. We all will miss him. Through this resolution we hope to express just a small amount of our profound loss and sorrow in the passing of Bruce Thompson. I urge all my colleagues to support this resolution. Thank you, Mr. Speaker.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I rise in support of this resolution. I only knew Judge Thompson in the latter stages of his career, in the last 15 years or so and only in the courtroom. A great deal of what I do outside of these halls is litigation in Federal Court. I have had, I would say, well over 100 cases in front of Judge Thompson before he passed away. I do not think I have ever seen a judge or jurist brighter, more capable and more intelligent than Judge Thompson. His opinions were the best I have ever seen in this area.

As my colleague has stated, Judge Thompson was a stickler for courtroom decorum and for preparation. All attorneys knew that and adhered to it. In fact, he was affectionately known as the "alligator of Booth Street." We are going to miss Judge Thompson. I think the federal bench, the lawyers who practice in the Federal Court and all the clients who seek remedies in Federal Court will mourn the passing of a great jurist.

Resolution adopted unanimously.

Amend the bill as a whole by renumbering sections 1 through 3 as sections 2 through 4 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. Chapter 201 of NRS is hereby amended by adding thereto a new section to read as follows:

Any person who, after testing positive in a test approved by the state board of health for exposure to the human immunodeficiency virus and receiving actual notice of that fact, willfully or wantonly engages in conduct in a manner that is intended or likely to transmit the disease to another person

shall be punished by imprisonment in the state prison for not less than 1 year nor more than 20 years, or by a fine of not more than $10,000, or by both fine and imprisonment.".

Amend section 1, page 1, by deleting lines 2 through 7 and inserting:

"201.190 1. Except as *otherwise* provided in NRS 200.366 and 201.230, every person of full age who commits [the infamous crime against nature shall be punished by imprisonment in the state prison for not less than 1 year nor more than 6 years.

2. The "infamous crime against nature" means anal intercourse, cunnilingus or fellatio between consenting adults of the same sex.] *anal intercourse, cunnilingus or fellatio in a public place or facility is guilty of a gross misdemeanor.*

2. For the purposes of this section:

(a) "Public place or facility" does not include a place of lodging or other place where there is a reasonable expectation of privacy.

(b) A public place or facility does not lose its character as such solely because a fee is charged for admission.".

Amend the bill as a whole by renumbering sections 4 through 6 as sections 9 through 11 and adding new sections designated sections 5 through 8, following sec. 3, to read as follows:

"Sec. 5. Chapter 244 of NRS is hereby amended by adding thereto a new section to read as follows:

Sec. 6. Chapter 268 of NRS is hereby amended by adding thereto a new section to read as follows:

No house of prostitution may be licensed by the governing body of an incorporated city if the house of prostitution permits sexual conduct for a fee between members of the same sex.

Sec. 7. Chapter 269 of NRS is hereby amended by adding thereto a new section to read as follows:

No house of prostitution may be licensed by the board of county commissioners or town board in an unincorporated town if the house of prostitution permits sexual conduct for a fee between members of the same sex.

Sec. 8. Chapter 389 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The board of trustees of a school district shall not establish or permit any program or portion of a program that in any way teaches, counsels or promotes a homosexual lifestyle or the infamous crime against nature, except to provide factual information regarding the dangers of such activities in accordance with NRS 389.065, without:

(a) Providing a complete and accurate description of the program and any materials to be utilized to the parent or guardian of each pupil to be required, encouraged or invited to participate in the program; and

(b) Obtaining the prior written consent of the parent or guardian for each occasion the pupil will be required, encouraged or invited to participate in the program.

2. As used in this section, "infamous crime against nature" means anal intercourse, cunnilingus or fellatio between natural persons of the same sex.".

Amend the title of the bill to read as follows:

"An Act relating to sexual conduct; making it unlawful to engage in certain conduct through which the human immunodeficiency virus may be transmitted after testing positive for the disease; revising the prohibition against certain sexual conduct; prohibiting the licensure of a house of prostitution if it permits sexual conduct between members of the same sex; prohibiting instruction of a pupil in a public school concerning homosexual activity without the consent of the parent or guardian; providing penalties; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

"Summary—Makes various changes relating to sexual conduct. (BDR 15-1219)".

Assemblyman Scherer moved the adoption of the amendment.

Remarks by Assemblymen Scherer, Sader, Giunchigliani, Wendell Williams, Collins, Augustine, Porter, Anderson and Carpenter.

Assemblyman Giunchigliani requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. This amendment addresses a number of concerns that have come up regarding this bill. The first change would make it a criminal act to willfully or wantonly infect someone with the AIDS virus, HIV. The second change would reduce the penalty which was put in by the Senate, which would make public sexual acts a felony. This would reduce them to a gross misdemeanor. It is my profound belief that with our scarce prison resources to make this crime a felony would be a misuse of those resources. We should save those resources for people who are truly a danger to society, and especially violent offenders rather than using them for this type of crime. The next amendment clarifies the definition of public. It is extraordinarily ambiguous in the current bill what constitutes being in public. This would provide a definition for that. The next section and the next several sections of the amendment all do the same thing, which is to outlaw or express the state's position that the counties may not license houses of prostitution for members of the same sex. The purpose of this is based on the statistics that I have seen in a number of different studies related to the health aspects that I believe would end up being a burden to taxpayers if we were to allow same-sex brothels in this state. Finally, and what I believe is most important, the amendment gives parents the right to be informed of, and to give their consent to, any teachings or promotions of any of the acts that have previously been crimes, the infamous crime against nature or the homosexual lifestyle. While I truly believe that the government should stay out of people's bedrooms and there should be a right to privacy, I similarly believe that the government should stay out of our children's minds and allow parents the right to be involved in children's education especially when attendance at public schools is compulsory. There is no choice not to attend, not to send your children to school unless you are fortunate enough to be able to afford to send your child to another school. This would allow parents simply the right to be informed and to give their consent. Those parents who did want their children to be involved in those programs could have them involved; those who did not would be allowed to keep their children out of those specific programs. On a controversial subject such as this, all of you have seen how controversial this has been in

the last several weeks, I think it is the parent's right to be informed of this type of subject matter being taught in schools and to object to it if they so choose. And, with that, I would urge my colleagues to support this amendment.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I rise in opposition to this amendment. This amendment was also tried in committee, and the committee rejected it after three hours of hearing the subject matter. With the exception of section 1, this amendment deals with the litany of fears of what this bill will do if it is passed. So they are really unrelated subjects to the issue of repealing a criminal law. I would like to deal with the amendment on a section by section basis. The first section, the one that does deal directly with statutes at hand, would reduce the penalty for committing certain sexual acts in public from a felony to a gross misdemeanor. I really agree with the substance of this. I think it is a mistake to go to a felony. However, I have inquired at some length on the Senate side as to whether or not the amendment such as this in Section 1 would be accepted. And, while there may be others that differ with the analysis given to me, I have been told that if this amendment goes on the bill, the bill will die in the Senate. It will not get concurrence, will not get a consensus back from the senators. And, for that reason, I oppose Section 1, a section I would otherwise support. Now, the other aspect of Section 1 the suggestion that by creating a felony for heterosexuals to engage in certain acts in public would flood our current prison system is unfounded. In fact, I checked. And those who are currently incarcerated under this law, whether it is in private or in public of the same sex, and found that there is literally no one in prison at this time with these factual circumstances that would give rise to a violation of this kind. In fact, there is no one in the prison system who has been convicted of this statute since 1977. So the suggestion that by increasing the penalty it is going to flood the prison system, I would suggest to you, is simply not supported by the facts. Sections 5, 6, 7 and 8 and 65 and 67 all deal with counties and how they regulate the brothel industry. I really think this is a red herring. We currently allow counties to regulate what they do in the brothel business. If you check the county laws you will find that all counties except one already prohibit homosexuals operating as prostitutes in the State of Nevada. And, finally, and to me the most objectionable section of this amendment is number 8, dealing with the education and the school districts and it is objectionable not in its substance, but what it tells the school district. I have thought for a long time that we in the legislature are much too quick to exercise our powers to regulate and to legislate what the local school districts do in curriculum. It is about time we take a look at this practice. These people are elected. School district boards of trustees are elected by the people specifically with the idea in mind that they are going to set curriculum. Why should we, in the legislature, usurp that power, even though we have the raw power to do it? Why should we be telling them what to do in the local school districts for their curriculum? I would suggest to you that there will be some school districts who will institute these kinds of changes. It should be done on a district by district basis for those people, or from those people, who are elected to do that job, not from us.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. Just a point of clarification through you to the education chairman. I just wanted to ask a question. Is there currently a law on the books regarding sexual education curriculum which mandates that local parents and groups must create the curriculum rather than us, and therefore would this be in conflict with it?

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. To you, and through you to my colleague from district 9, chapter 389.65 actually deals with all issues that concern sexuality in schools. Mr. Speaker, just to answer the question, school districts are already doing that at this particular time. And it is all done with input by parents, it is all done in the public. What our current law at this particular time has given in reference to direction to school districts, the school board of trustees appoint an advisory panel consisting of nine people. Five of those people are appointed by the school district who have children currently in that school district. The other four people appointed are representatives of four different areas. Mr. Speaker, one is from medicine and nursing, one is from counseling, one is

from the religious community and one is a person who deals with the actual teaching of students. What these people do is meet and review all materials that have anything to do with sexuality in schools. This review is done before the public; the public is invited to come out. When they complete their work and review all materials that will be presented or possibly exposed to students, this information is brought back and recommended or not recommended to the board of trustees. That process is open to the public, as well. Then the board of trustees make a decision on that. After that happens, and let us say some particular provision is adopted, all parents who have children in that school district are notified about that. Those parents are then invited to review those materials, and then after that the materials are adopted. This can only be taught by teachers who are employed and licensed by the State of Nevada to work in that district. So basically, this item in the amendment is actually already being done by mandate by Chapter 389. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. Through you to this body, I am a member of the Judiciary committee that heard this legislation, and this amendment, as has already been mentioned, is similar to the amendment discussed in committee. The vote was 6 to 8, so it was very close to being divided; it wasn't like it was just killed in that committee. This amendment has very much merit, and I also believe that we should allow this amendment based on the comment from the education chairman. I'm on the education committee also, and the chairman of education says that there is already a law in place. My colleague from Washoe County says that we should not be addressing curriculum, but we all the time, as state lawmakers, address curriculum. And I believe that Senate Bill No. 466 would, in fact, change the laws and would change the direction of the board or panels in the school board areas that allow what is discussed in the classroom. So, I rise in support of my colleague's amendment.

ASSEMBLYMAN AUGUSTINE:

Thank you, Mr. Speaker. I rise in support of Amendment No. 863 and would like to specifically address Section 1 of the amendment. The original intent of Senate Bill No. 466 was to repeal a 1911 statute. While I agree that government does not belong in our bedrooms, I do believe that government should not take a step backwards and impose a penalty now reserved for society's worst criminals. Proponents of this bill have argued that we should pass Senate Bill No. 466 as it was amended by the Senate, and then the legislature can come back in two years and fix it by removing the felony clause. This does not appear to be good lawmaking to me. What happens to those who are arrested for this felony offense in the ensuing two years? There are still others, including the chairman of the Judiciary Committee, that argue that if we amend this bill in the Assembly, the Senate will not concur. If this is the case, it will be the first time I have seen this house take action predicated on what the Senate may or may not do. Two wrongs do not make a right, and I encourage my colleagues to support this amendment.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 863 to Senate Bill No. 466 and to support the chairman of the Judiciary Committee. Mr. Speaker, we heard three hours of testimony, very heated testimony, and you have two groups that are very solidified in their positions on this issue. The chairman of the Judiciary Committee is correct. You are going to load this thing down so much that when it gets over to the Senate, they will not concur, and this legislation will die. This legislation should not die, Mr. Speaker, not at all. And for the prospect of the distinction between public and private, keep in mind that any of these acts dealt with on page 2, and my Latin is not very good so I will not attempt to pronounce them, but any of these acts taking place between heterosexual adults is open and gross lewdness and a felony now. So let us not kid ourselves, the distinction between public and private is not important from a prosecutional point of view. There is a separate statute available for the prosecution of these acts by any adults of whatever gender from a felony standpoint. So do not be misled on that point. I would urge my colleagues to defeat this amendment. Thank you.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise to respond to some of the comments that have been

made by both the chairman of Judiciary and the chairman of Commerce. First of all, open and gross lewdness is currently a gross misdemeanor for a first offense. It is only a felony on a second offense. Whether this provision floods the prison system or not is not the entire issue. The issue is "should it be a felony?" I think the answer is, "it should not." A felony conviction on someone's record deprives him of his civil rights and is a tremendous blemish on his record that we should not impose lightly. The school issue is not dealt with directly. This amendment will deal with it directly. It is only dealt with in a somewhat ambiguous fashion talking about education related to HIV and to sex education. It does not provide for the kind of specific, complete and accurate notice that this amendment would provide for. The process described by the chairman of Education is one in which, unfortunately, many parents do not participate. It is not until they are informed that their students are going to be directly affected by this type of program that they then become concerned and wish to exercise the right to object. Unfortunately, by then it is frequently too late.

The chairman of Judiciary told us that this amendment deals with a number of fears that have been raised really not related to the bill. I think it would be irresponsible for us not to look at the ramifications of this legislation and not to deal with those ramifications. I have not seen that issue or that argument made on any other bill that has flown through this Assembly. We always try to look carefully at what the consequences of a bill will be in the future, and I would ask that we do the same on this bill.

Finally, with regard to, again, the issue of schools, the chairman of Judiciary argues that we should not micro-manage the school districts. I would only say that we have, just this session, passed bills that have specified curriculum for each of the school districts, and they have flown out of this body virtually unanimously without those same objections. I would ask that my colleagues treat this issue consistently in that respect. Thank you.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 863 to Senate Bill No. 466. I am sure many of us would like to keep quiet and sit quietly about such an important piece of legislation, and indeed that has been my intention. Section 8 of this particular amendment, however, raises, I think, a particular concern that I think I stand in a better position to remark to than possibly any of my fellow colleagues here. I teach American government and American history at a high school at which the mandated sex education program takes place. In fact, in Washoe County the very first set of those programs were put on in my classroom, and I want to assure the members that, even though many parents choose not to become involved in the educational system, unfortunately at all levels, which is one of the great tragedies in American education today. We cannot proceed with this particular program unless we have a signed affidavit from each and every parent. Any student in my classroom who has not returned such a document to me prior to the program must be placed in a program away from that classroom without embarrassing the student, number one. Number two, for those of you who have had the opportunity to read my biography in the Legislative Manual may note that I am a product of not public education, but parochial education, and have very close ties to people who teach at that level. I know from first-hand experience in talking to those teachers what takes place in their classrooms. They have greater freedom to teach, to respond to questions, meaningful questions from their students than I do as a public educator in part because we have tied my hands. I cannot respond to a question, a direct question, that deals with the AIDS program and how it might be transmitted. I must wait for the authorized program to take place.

The supposition that is put forth in Section 8 of the amendment is exactly the program that is followed in Washoe County. I can testify to it, I know it takes place. This is unneeded legislation. It is there for "spit and polish" only. It does nothing to advance the argument.

Secondly, if I may, Mr. Speaker, continue on, today, June 14, is Flag Day. At the beginning of every one of our sessions, we stand and pledge to that flag. At the end of that pledge, we use that trite phrase, "liberty and justice for all." All means, indeed, all. If those words are not going to be hallow, how then can we discard one group of humanity by placing them into a different section? How can we look at them and believe that they are

part of all of us, of we the people? That is a concept I strongly believe in and will not shrink from. I encourage my fellow members to defeat this amendment and move to the immediate passage of the bill itself.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. Again, in reference to the subject of education, allow me to maybe provide a little more specificity to how the process works with parents. I think I explained how the selection is made for the advisory group, but we would all like to involve more parents in every aspect of education if we are really going to talk about reforming education. But currently, under our statutes, Mr. Speaker, the parents of each particular student who may be exposed to a class that has anything to do with sexuality will be informed in writing that the particular class will be offered. That particular notice has a form for the parent or guardian's signature to be returned. If, in fact, as my colleague from Sparks indicated, that if that form is not signed, the student is not expected to attend the class nor is he penalized for the credit for graduation if he doesn't take the class if it is a high school class. After that, the materials and the course of study will be placed in a situation where parents can see it before the class starts. The parents again will be notified in writing that those materials are available for public review and for perusal by those particular parents. That's two written notifications to parents, and after that particular case again, those must be furnished to each particular parent of every student in the school district, so the parents actually have five different occasions to be involved, either by public review or by public participation, and two separate occasions where they are notified in writing to respond. So, that is clearly covered under our statutes. Finally, we give the overall and general directions for school districts, the legislature does, but we don't give the specific directions on what they should do for each particular item, but we give enough latitude where local districts can control it, but parental notification is given on two different occasions in writing.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. There is one part of this amendment that I feel very strong about and that is the part that reduces the penalty from a felony to a gross misdemeanor. I just don't think that we should be making this kind of a crime a felony when, on the other hand, we're taking all penalties away from persons that want to do other kinds of sex acts. I think this is really a real mistake, and, as the chairman of Judiciary said, he agrees that this should be a gross misdemeanor and not a felony. If we make a real reason judgment here, I see no reason that the Senate should not go along with us unless they're really having second thoughts about the whole bill. So, I especially want to speak in favor of reducing this penalty. Thank you, Mr. Speaker.

Assemblyman Giunchigliani requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I rise in support of Senate Bill No. 466, and I am going to

take a couple of minutes, at your leave, to explain a few things about this bill. It's a very simple bill in concept, but it is extremely complicated in its subject matter when you deal with the arguments of proponents and opponents on this bill. The bill came out of the Judiciary Committee with a nine to five vote. I have a floor statement here prepared by staff which is quite simple and very concise on what the bill does. Senate Bill No. 466 revises the state law concerning sexual conduct. The bill removes the prohibition against performing certain anal and oral sexual activities in private between consenting adults of the same gender. The measure provides that performing such sexual activities in public, regardless of the gender of the participants, constitutes a felony. Senate Bill No. 466 is effective on passage and approval. Now, that's all the bill does. The bill deletes a portion of the law passed in 1911 dealing essentially with sodomy and certain oral sexual practices. The effect is to decriminalize anal and oral sex by those of the same sex when done in private.

Now, one might then wonder why this is such an intensely lobbied bill. Why is this one of the hottest bills of the entire legislative session? To explain that, Mr. Speaker, I think we should summarize the arguments that were presented to the committee for those who are not on the committee. They illustrate, I think, the breadth of disagreement on the subject matter and the other issues that come to play. First, the committee heard there is a major health issue involved in this bill. Those who oppose the bill suggest that repealing this law condones homosexuality, and in doing so, promotes the spread of AIDS and other diseases and other physical effects associated with a gay lifestyle. In essence, the message is, "gay lifestyle kills." The proponents of this bill, on the other hand, suggest that change is needed in fighting against AIDS. In that category are the Clark County Health Department, Washoe County Health Department, and Dr. Jerry Cade who is the physician who has handled more AIDS patients in this state than any other physician, and he says over a majority of all AIDS patients in this state. I can summarize the arguments of the proponents by quoting from Mr. Otto Ravenholt's letter, the chief health officer of the Washoe County Health District. He says, "Our mission is to promote health and prevent the spread of disease. The sodomy law is not effective in controlling private sexual behavior between consenting adults, but it is, rather, to those of us trying to limit the spread of AIDS in Nevada, a barrier. This is because people who may be engaged in high-risk behavior for AIDS infection are deterred from being tested for the disease because they fear being reported for breaking the sodomy law." That's the health issue.

The next major issue is one of individual rights. This involves the right to privacy and the right to equal protection. Proponents of the bill argue that consenting adults should be left alone. What they do in private is no business of government, particularly when you deal with a law that currently prohibits individuals of the same sex from doing some practices that non-heterosexuals feel is a major equal protection argument. Opponents of the bill suggest, on the other hand, that there is no constitutional right to be a homosexual, and they cite supreme court cases dealing with sodomy laws which basically say exactly that—there is no constitutional right currently to be a homosexual. Opponents would go even farther to say there is no right to be a pervert.

Now on the religious side of this, there are major religious undercurrents to this bill. Opponents would say that this bill and sodomy in general is against teaching in the Bible and other religious documents. In this category are substantial elements of Baptist churches, Mormons and Catholics. Proponents, on the other hand, suggest that this is not a biblical mandate. Religious doctrine does not define a sexual practice like this, this is rather a social issue. In this category we found Jewish leaders and certain aspects of the Jewish religion, particularly rabbis in Las Vegas and Reno who wrote to the committee. We find some Presbyterians, and other noted religious revolutionaries such as those; we find the Church of Religious Science and we even had an affidavit from a Catholic bishop from Michigan, just to show that Catholics are not uniformly united on this issue of religious doctrine.

Let's talk about the political overtones of this bill. The proponents would cite Democratic party platforms, locally and in states in many areas, which suggest these kinds of laws should be repealed. Libertarians also believe that these kinds of laws should be repealed. Opponents, however, include substantial elements of the Republican party with

local and state platforms in many Republican party dogma, distinctions made on this question and it should not be repealed. The American Independent party believes, as well, this law should stay. Political groups, proponents, gays and lesbians—we heard from those organizations as well as a very healthy individual response from a number of people suggesting we should repeal this law, the American Civil Liberties Union, the Nevada Women's Lobby, the National Organization of Women, the Nevada Trial Lawyers, all proponents of this bill. Against the bill, however, were the Nevada Eagle Forum, Nevada Coalition for Conservative Citizens, and a very substantial number of individual citizens who have been phoning and writing in great numbers to suggest that we do not repeal this law.

Finally, there is what I would call an underbelly of fear and hatred related to this law, one that both sides practice, neither side is exempt from. Opponents suggest that there is a nefarious gay agenda in our society and that this bill will further that gay agenda. They suggest that now we will be helping to infiltrate the Boy Scouts, that we'll be teaching gay rights in school, that gays will entrap and ensnare our youth in their hideous practices, etc. Proponents, on the other hand, suggest that we should not be furthering the agenda of the religious right and suggest, as well, the litany of the terrible things that are going on in Africa.

In essence, Mr. Speaker, there is really something for everybody in this bill. It's a simple bill but with a very complicated concept and array of social issues. In fact, you could write a doctorial thesis on social issues in America simply by taking a look at what this bill brings up in arguments from proponents and opponents. So, I feel it necessary, Mr. Speaker, to focus, to focus the argument for me, I think, and for a majority of the committee, on the issue that really matters here, and that is the question of individual rights and personal freedom in America in the 1990s. We have a fast changing society; we have one that is very difficult to keep up with. The law never keeps up with society when it changes as fast as ours does. In a situation like this, we should look at the fundamental principles which guide us as Americans and look toward the future with those principles in mind. Now, the question of public and private sex acts is not a newcomer to the law. In fact, a majority of the law on privacy, the constitutional law on privacy, has been written with these cases as subject matter. The question of the government in the bedroom is one that has been argued long and hard in this country. The law in our country, and in most countries, tends to follow a sense of moral judgment in our community, and I would suggest to you that in America, it always will and it always should.

In the past we've had laws which have prohibited all sorts of sexual practices, and those laws have been enacted because the moral sense of the community at the time mandated it, at least in the eyes of legislators. We have had laws against birth control; we have had laws against masturbation; we've had lots of laws against abortion that we're all aware of; and we've had laws against sodomy. These laws die hard, and always die with tremendous disagreement. Government fails miserably at regulating what people do in their sex lives in private. Laws like this raise questions of bedroom police, of vehicles to oppress minorities, of discriminate enforcement of the law against people you don't like but not against people you like. That's the potential, that is oftentimes the practice with laws like that today. One of the results of this law we currently have in Nevada is that it is not enforced. Some say it is unenforceable. I suggested to you earlier, and the facts are accurate on this, that we have not incarcerated a person in the State of Nevada for a violation of this law since 1977. Now why is that? Because people consider it to be unenforceable and because other laws are there to handle acts in public committed when the public conscience is offended.

Finally, another aspect of this that came before the committee as a sort of undercurrent, was fear, intolerance, misunderstanding, and hatred. Those all exist. I think they are dramatically seen by the opponents of this bill. In my view, and I believe the majority of the committee, I would suggest to you that it is time to revise a law which has outlived its usefulness, a law which was enacted in 1911. It's time to recognize the changes in society, for better or for worse, and particularly that homosexuals are now out of the closet and you can't put them back in the closet. You have to deal with this aspect of lifestyle, and a law that prohibits the practice commonly used by many homosexuals in their private lives

is not healthy in dealing with changing society. It's time to accept that we have people of different sexual predilections, that we have people who are simply different from ourselves, and there is nothing necessarily wrong with them, certainly nothing we should criminalize. It's time to include a growing minority in our society today in the mainstream. It's definitely time to repeal a hypocritical, criminal law which is neither enforceable or even used in the last decade. It's time to look toward the future and hope for more understanding, more tolerance, and more acceptance of those who are different from ourselves. And it's time to reject the past of hatred, intolerance, and fear which is the rule today. Thank you.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I rise in opposition to Senate Bill No. 466. The majority of the people in my district are opposed to this legislation. They cannot understand how the passage of the bill could benefit anybody in Nevada. We are concerned about the kind of image that Nevada will get if this legislation passes. I sincerely hope the people of Nevada can count on us to vote for decency. I applaud those members who have taken a stand for the defeat of this bill and also those who voted against it. I assure you that the majority of Nevadans are against the bill.

We need to protect our children from being exposed to this socially destructive behavior. The decision you make today will affect your children, your grandchildren and maybe even your grandchildren's children. If you're thinking about voting for this bill, please ask yourself if you are representing the people of Nevada or a small minority group. Nevadans do not want this legislation to pass. Remember, the people in your districts are those you represent. Sometimes we forget or look sideways at why we are elected and how we got here. So, let me remind everybody in this great body that we were elected by the people in our districts. They expect us to vote to represent the majority of them. If you vote for Senate Bill No. 466, you are voting against the will and the majority of the people who put you here. If you vote against the will of the people in your district, you will have failed to represent them. Thank you.

ASSEMBLYMAN KENNY:

Thank you, Mr. Speaker. I rise in support of Senate Bill No. 466. As I do every day that I serve in this honorable body, I reflect upon all of our deliberations as an elected official, a mother of three—soon to be four—a business owner, a community activist and a resident of Nevada.

Throughout this session, no other bill has received this much attention. My feeling is that the real issue addressed in Senate Bill No. 466 has unfortunately been directed off course. The issue, the point or the heart of this bill reflects solely upon an individual's right to privacy. I have pledged to represent my district, and I ran as a candidate whose concerns mirrored the concerns of my constituency. I have searched deep inside myself, counseled with my church, my family members and many constituents.

Although this bill has divided many of our districts, the real issue being addressed in this bill is the cord that must unify us, an individual's right to privacy. An individual's right to privacy is as precious and protected as our rights to freedom of religion, our rights to bear arms and our rights to free speech. Over the course of this session, our Majority Leader has asked us on several occasions to favor human rights above all else. Again, today we are asked to make such a decision.

I do not believe that any of us intends to condone or condemn anyone's lifestyle with the passage of Senate Bill No. 466, but rather to protect those rights given to us by our forefathers. I cast my vote today believing my children and the children I represent are safe in their homes, in their schools and in their neighborhoods. It is with a clear conscience that I urge my fellow legislators to support Senate Bill No. 466.

ASSEMBLYMAN GARNER:

Thank you, Mr. Speaker. After giving this issue my most serious consideration, I rise today in opposition to Senate Bill No. 466. In the strongest terms I can express, I urge this house to reject this legislation. From the results of the vote already taken, I may be wasting my time. I cannot help but express myself on this issue. I believe it sent the wrong message to the citizens of our state. It jeopardizes their physical and mental health and

well-being. We have all heard the statement that we should not attempt to legislate morality, and I agree. I do not think we should either, but, at the same time I do not think that we should legislate immorality. With those remarks I would also like to say that I am not standing here out of fear or intimidation or hatred or any such other thing that has been mentioned here today. I just think it is plain wrong and I believe we are making a mistake by passing this bill. Thank you very much.

ASSEMBLYMAN SCHERER:

Thank you, Mr. Speaker. I rise briefly to explain my opposition to this bill. I support the right to privacy. We have heard a lot about that today and I do support it. I do not think that this law should be used against consenting adults in the privacy of their own home, but I feel that we have failed to deal with the ramifications of the law. I feel that we, in a rush to satisfy the interests that support this bill, have failed to be as thorough and as careful as we are with most other measures that come through this body, and for that reason I will be opposing the bill.

Prayer by the Chaplain, The Reverend Albert Tilstra.

Our Lord, as we unite in prayer for Your blessings on the members of this body, we know that You are lovingly concerned about the way we live and how we wear ourselves out, taking less care of ourselves than we do of our cars. Bless each one here with good health, and the good sense to preserve it. Bless their families, and may they commit them all to Your care, that no leaden anxiety shall keep any one from doing their best work. We ask all these favors in Your sweet Name. AMEN.

Pledge of allegiance to the Flag.

Assemblyman Porter moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

GENERAL FILE AND THIRD READING

Assembly Bill No. 468.

Bill read third time.

Remarks by Assemblyman Wendell Williams.

Assemblyman Collins requested that Assemblyman Wendell Williams' remarks be entered in the Journal.

Thank you, Mr. Speaker. Assembly Bill No. 468 makes changes in the Las Vegas Clark County Library District, a consolidated library district, that deals with accountability in the way finances are handled.

One of the major problems that exists now with the Las Vegas Clark County Library District is the fact that it is independently financed. Often times, many of my colleagues' concerns on local issues are how this body deals with local government. I need to remind my colleagues this problem came about because the current situation was brought about by the legislature.

Unlike other government agencies, its funds are derived from taxes, mostly property and sales taxes, earmarked exclusively for libraries. This means the library district never has to appear before an elected body to obtain its annual financing, thus allowing the district to be unaccountable.

Mr. Speaker, if I may briefly go back to 1981 and talk about how this situation came about. First, in the fiscal year of 1991 and 1992, the Las Vegas Clark County Library District collected $11.5 million in revenues. This does not include the $80 million bond issue that was authorized in 1991. The financial situation that is very posh came about basically through two events. The first event took place during the 1981 session, and the second event took place during the 1983 session. In 1983, the library disregarded state law. In 1985, the library district came to the legislature and misled legislators.

In 1981, as you know, the legislature put caps on property tax. Two years later, during the 1985 legislative session, many of our local governments came to the legislature and complained about the property tax being too stringent, and they needed more flexibility. During that session, a compromise was worked out and eventually a bill was drafted to allow local governments to raise property taxes, but there was a stipulation. If those property taxes were raised, voters could sign petitions forcing a roll-back election. Clark County entities promptly boosted property tax rates causing many roll-back petitions.

I do not need to tell you what happened last week with the bonds that were presented to the voters. In 1985, Mr. Speaker, in every single instance where the question appeared on

the ballot, the higher levels of property taxes were rejected by the voters in Clark County. The 1985 bill presented in the legislature, Assembly Bill No. 449, stated, "Each local government shall, on or before June 7, 1983, publish in a newspaper of general circulation in its territory, a notice which is at least one-quarter of a page in size, setting forth the rate of property tax and advising citizens that the escalating rate could be rolled back, and outlining the procedure for doing so." Under Nevada Revised Statutes, local governments include special districts which encompass the Las Vegas Clark County Library District, and is subject to the provisions of Assembly Bill No. 449.

I am here to inform members of this body, the district never purchased the mandated ad, so the heightened property tax rate was never reduced. Accordingly, the tax hike was illegal.

Let us talk just for a second about money. During the fiscal year of 1982-1983, the district collected $290,945 in property taxes. The following year, after the illegal property tax hike, they collected an increase of 118 percent in property taxes. However, the 1983 property tax overpayment was not a one-shot deal. The compounded interest on this money, over ten years, cost the taxpayers of Clark County over $10 million. Believe it or not, this is just a small amount of money compared to what happened in 1985 when the district came back to the legislature. At that time, the district was under Clark County control and had to have its budget approved by the county commissioners.

During the 1985 legislative session, the library district introduced Senate Bill No. 158 and asked that it be declared an emergency measure, and took it back to the spring elections, and became a consolidated district. During the hearing on Senate Bill No. 158, the current Majority Leader in the Senate asked this question, "If the consolidated library is created, will it have a negative financial impact on other local entities in Clark County?" The district administrator responded, "Absolutely, not." Later, legislators found out that that was not the truth. They had been misled, leaving a big hole in property tax revenue for local governments.

Finally, it left no scrutiny by any elected body. Prior to 1985, the library district received their funding from property and sales taxes and motor vehicle privilege taxes. In fiscal year of 1984-1985, the district received $668,433 in property taxes, and $1,344,806 in sales taxes for a total of $2,013,239. After this measure was passed in the legislature in 1985, the following year the increase was as follows: in property taxes, they received $2,438,576, and in sales taxes $2,370,058, an increase of 122 percent. Legislators were misled on this. Now we have a problem.

From 1987 to 1991, the figure has increased to over $10 million. Without an accountability of checks and balances as we have now, the voters in Clark County deserve more. Legislators were misled and because we created this situation, here is one chance to straighten it out. The second thing we should do is have the money not going directly to this entity. My distinguished colleague from District No. 7, members of the Ways and Means Committee, the Taxation Committee, and all of us want to find ways to use tax dollars in the most efficient and accountable way. We are struggling to find money to fund things that we need for the people in this state. Here, we have $10 million that is being taken directly from the taxpayers, no elected body reviewing or approving the budget and there is no accountability on the spending. This bill was endorsed by both the City of Las Vegas and the Clark County Commission. They have no recourse other than appointing non-elected people to this board who are spending millions of dollars. There is no accountability and there are no procedures for putting things out to bid. There is no policy for promotions and hiring or anything like that. The legislature, in 1981, missed the point on this one. Here is a chance, in 1993, to take the burden off taxpayers and place some accountability, and show the people that we care about their tax dollars by passing this measure. I ask my colleagues in this body to support this measure. Let us move forward with accountability in government. Thank you, very much.

2. If, within 30 days after a payment is made to an injured employee pursuant to the provisions of this chapter, the insurer determines that it has overpaid the injured employee as a result of a clerical error in its calculation of the amount of payment, or as a result of using improper or incorrect information to determine the injured employee's eligibility for payment or to calculate the amount of payment, the insurer may deduct the amount of the overpayment from future benefits related to that claim to which the injured employee is entitled, other than accident benefits, if:

(a) The insurer notifies the injured employee in writing of its determination;

(b) The insurer informs the injured employee of his right to contest the deduction; and

the injury or disease for which treatment is being sought must not be considered part of the employee's original claim for compensation unless the physician or chiropractor establishes by medical evidence a causal relationship between the injury or disease for which treatment is being sought and the original accident.

Sec. 19. *1. An employee is not entitled to compensation pursuant to the provisions of this chapter if:*

(a) He has a preexisting condition from a cause or origin that did not arise out of or in the course of his current or past employment; and

2. An employee is not entitled to compensation pursuant to the provisions of this chapter if:

(a) He sustains an injury by accident arising out of and in the course of his employment; and

(b) He subsequently aggravates, precipitates or accelerates the injury in a manner that does not arise out of and in the course of his employment,

(a) He has a mental injury caused by extreme stress in time of danger;

(b) The conditions at his place of employment were the primary cause of the injury; and

(c) The stress was not caused by his layoff, the termination of his employment or any disciplinary action taken against him.

Sec. 21. *A dependent of an injured employee may not file a claim for compensation for an industrial injury pursuant to the provisions of this chapter if:*

1. There are physical limitations on the injured employee's ability to work; and

2. The limitations, if any, are permanent or temporary.

Sec. 21.3. *1. Except as otherwise provided in this section, if benefits for a total temporary disability have been paid to an injured employee for more than 90 days, a vocational rehabilitation counselor shall, within 30 days, make a written assessment of the injured employee's ability or potential to return to:*

(a) The position he held at the time that he was injured; or

(b) Any other gainful employment.

2. Before completing the written assessment, the counselor shall:

(a) Contact the injured employee and:

(1) Identify the injured employee's educational background, work experience and career interests; and

(2) Determine whether the injured employee has any existing marketable skills.

(b) Contact the injured employee's treating physician or chiropractor and determine:

(1) Whether the employee has any temporary or permanent physical limitations;

(2) The estimated duration of the limitations;

(3) Whether there is a plan for continued medical treatment; and

(4) When the employee may return to the position that he held at the time of his injury or to any other position. The treating physician or chiropractor shall determine whether an employee may return to the position that he held at the time of his injury.

3. The written assessment must contain a determination as to whether the employee is eligible for vocational rehabilitation services pursuant to NRS 616.222. If the insurer, with the assistance of the counselor, determines that

the employee is eligible for vocational rehabilitation services, a plan for a program of vocational rehabilitation must be completed pursuant to section 21.4 of this act.

4. The division may, by regulation, require a written assessment to include additional information.

5. If an insurer determines that the written assessment required by this section is impractical because of the expected duration of the employee's total temporary disability, the insurer shall:

(a) Complete a written report which specifies his reasons for the decision; and

(b) Review the claim at least once every 60 days.

6. The insurer shall mail a copy of the written assessment or the report completed pursuant to subsection 5 to the injured employee, his employer, the treating physician or chiropractor and the injured employee's attorney or representative, if applicable.

7. For the purposes of this section, "existing marketable skills" include, but are not limited to:

(a) Completion of:

(1) A program at a trade school;

(2) A program which resulted in an associate's degree; or

if the program or course of study provided the skills and training necessary for the injured employee to be gainfully employed on a reasonably continuous basis in an occupation that is reasonably available in this state.

(b) Completion of a 2-year or 4-year program at a college or university which resulted in a degree.

(c) Completion of any portion of a program for a graduate's degree at a college or university.

The skills set forth in paragraphs (a) to (d), inclusive, must have been acquired within the preceding 7 years and be compatible with the physical limitations of the injured employee to be considered existing marketable skills.

Sec. 21.4. *1. A vocational rehabilitation counselor shall develop a plan for a program of vocational rehabilitation for each injured employee who is eligible for vocational rehabilitation services pursuant to NRS 616.222. The counselor shall work with the insurer and the injured employee to develop a program that is compatible with the injured employee's age, sex and physical condition.*

2. If the counselor determined in the written assessment developed pursuant to section 21.3 of this act that the injured employee has existing marketable skills, the plan must consist of job placement assistance only. When practicable, the goal of job placement assistance must be to aid the employee in finding a position which pays a gross wage that is equal to or greater than 80 percent of the gross wage that he was earning at the time of

his injury. An injured employee must not receive job placement assistance for more than 90 days after the date on which he was notified that he is eligible only for job placement assistance because:

(a) He was physically capable of returning to work; or

(b) It was determined that he had existing marketable skills.

3. If the counselor determined in the written assessment developed pursuant to section 21.3 of this act that the injured employee does not have existing marketable skills, the plan must consist of a program which trains or educates the injured employee and provides job placement assistance. Except as otherwise provided in section 21.45 of this act, such a program must not exceed:

(a) If the injured employee has incurred a permanent physical impairment of less than 6 percent, 6 months.

(b) If the injured employee has incurred a permanent physical impairment of 6 percent or more, but less than 11 percent, 9 months.

The percentage of the injured employee's permanent physical impairment must be determined pursuant to NRS 616.605.

4. A plan for a program of vocational rehabilitation must comply with the requirements set forth in section 22 of this act.

5. A program of vocational rehabilitation must not commence before the treating physician or chiropractor, or an examining physician or chiropractor determines that the injured employee is capable of safely participating in the program.

6. If, based upon the opinion of an examining physician or chiropractor, the counselor determines that an injured employee is not eligible for vocational rehabilitation services, the counselor shall provide a copy of the opinion to the treating physician or chiropractor and the insurer.

7. The division shall adopt regulations to carry out the provisions of this section. The regulations must specify the contents of a plan for a program of vocational rehabilitation.

Sec. 21.45. *1. A program for vocational rehabilitation developed pursuant to subsection 3 of section 21.4 of this act may be extended in accordance with this section if the injured employee makes a written request to extend the program within 30 days after he receives written notification that he is eligible for vocational rehabilitation services and:*

(a) There are exceptional circumstances which make it unlikely that the injured employee will obtain suitable gainful employment as a result of vocational rehabilitation which is limited to the period for which he is eligible; or

(b) The insurer decides to extend the program for other reasons. An insurer's determination to grant or deny an extension pursuant to this paragraph may not be appealed.

2. If an injured employee has incurred a permanent physical impairment of less than 11 percent:

(a) The total length of the program, including any extension, must not exceed 1 year.

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (a) of subsection 1, if:

(1) The injured employee lacks work experience, training, education or other transferable skills for an occupation which he is physically capable of performing; or

(2) Severe physical restrictions as a result of the industrial injury have been imposed by a physician which significantly limit the employee's occupational opportunities.

3. If an injured employee has incurred a permanent physical impairment of 11 percent or more:

(a) The total length of the program, including any extension, must not exceed 2 years.

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (a) of subsection 1, if the injured employee has suffered:

(1) The total and permanent loss of sight of both eyes;

(2) The loss by separation of a leg at or above the knee;

(3) The loss by separation of a hand at or above the wrist;

(4) An injury to the head or spine which results in permanent and complete paralysis of both legs, both arms or a leg and an arm;

(5) An injury to the head which results in a severe cognitive functional impairment which may be established by a nationally recognized form of objective psychological testing;

(6) The loss by separation of an arm at or above the elbow and the loss by separation of a leg at or above the knee;

(7) An injury consisting of second or third degree burns on 50 percent or more of the body, both hands or the face;

(8) A total bilateral loss of hearing;

(9) The total loss or significant and permanent impairment of speech; or

(10) A permanent physical impairment of 50 percent or more determined pursuant to NRS 616.605, if the severity of the impairment limits the injured employee's gainful employment to vocations that are primarily intellectual and require a longer program of education.

4. The insurer shall mail a copy of its decision granting or denying an extension to the injured employee and the employer. Except as otherwise provided in this section, the decision shall be deemed to be a final determination of the insurer for the purposes of NRS 616.5412.

Sec. 21.5. (Omitted in amendment.)

Sec. 21.6. *1. The system shall employ one or more vocational rehabilitation counselors to develop and maintain a list of jobs that may be suitable for injured employees in various geographical areas throughout the state.*

Sec. 21.7. *1. A plan for a program of vocational rehabilitation developed pursuant to section 21.4 of this act may include a program for on-the-job training, if the training is suitable for the injured employee.*

2. Before an injured employee may participate in a program for on-the-job training, the insurer and the employer must execute a written agreement which contains an explanation of the training and a schedule for that training.

3. Except as otherwise provided in subsection 4, the insurer may pay not more than 50 percent of the wages of an injured employee who is participating in a program for on-the-job training. An insurer contributing toward the wages of an injured employee shall pay the employee within 10 days after the employee submits documentation of his payroll to the insurer. The insurer shall not contribute to the wages of the injured employee for more than the period authorized for the particular employee pursuant to subsection 3 of section 21.4 or section 21.45 of this act.

4. The insurer shall, within 30 days after receipt of a request for payment, reimburse the training employer for the wages paid by the training employer to the injured employee pursuant to this section if:

(a) After the successful completion of the training, the training employer continues to employ the injured employee for at least 1 year in a position which requires the training so obtained; or

(b) The injured employee:

3. An injured employee who resides outside of this state may receive the vocational rehabilitation services to which he is entitled pursuant to NRS 616.222 and sections 21.2 to 21.8, inclusive, of this act, if he relocates to this state at his own expense.

Sec. 21.95. (Omitted in amendment.)

agreement must be in a form prescribed by the commissioner. An association may add provisions to the indemnity agreement if they are first approved by the commissioner.

(b) Except as otherwise provided in this subsection, maintain a policy of specific and aggregate excess insurance in a form and amount required by the commissioner. The excess insurance must be written by an insurer approved by the commissioner. To determine the amount of excess insurance required, the commissioner shall consider:

(1) The number of members in the association;

(2) If the association is an association of self-insured public employers, the types of governmental services provided by the members of the association;

(3) If the association is an association of self-insured private employers, the classifications of employment of the members of the association;

(4) The number of years the association has been in existence; and

(5) Such other information as the commissioner deems necessary.

(c) For the first year of self-insurance, collect an assessment from each member of the association in an aggregate amount of at least $250,000. Each year thereafter, the association shall collect an assessment in an aggregate amount of at least $500,000 or in an aggregate amount the commissioner determines is sufficient to fund its obligation, whichever is larger.

(d) Except as otherwise provided in paragraph (e), deposit with the commissioner a bond executed by the association as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to their employees. The bond must be in an amount determined by the commissioner to be reasonably sufficient to ensure payment of such compensation, but in no event may it be less than $100,000.

(e) In lieu of a bond, deposit with the commissioner a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that the amount is unavailable for withdrawal except upon order of the commissioner.

2. In addition to complying with the requirements of subsection 1, an association of self-insured private employers shall maintain a combined net worth of all members in the association of at least $2,500,000.

3. Any third-party administrator of the association shall deposit with the commissioner a bond executed by the third-party administrator as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of his duties. The bond must be in an amount determined by the commissioner.

4. Any service company providing claims services for the association shall deposit with the commissioner a bond executed by the service company

as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of its duties. The bond must be in an amount determined by the commissioner.

5. The commissioner may increase or decrease the amount of any bond or money required to be deposited by this section in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance. If the commissioner requires an association, third-party administrator or service company to increase its deposit, the commissioner may specify the form of the additional security. The association, third-party administrator or service company shall comply with such a requirement within 60 days after receiving notice from the commissioner.

6. The account for associations of self-insured public and private employers is hereby created in the state agency fund for bonds. All money received by the commissioner pursuant to this section must be deposited with the state treasurer to the credit of the account. All claims against this account must be paid as other claims against the state are paid.

Sec. 27. *1. The commissioner shall grant or deny an application for certification as an association of self-insured public or private employers within 60 days after receiving the application. If the commissioner is unable to act upon the application within this 60-day period, he may extend the period for granting or denying the application, but for not longer than an additional 90 days.*

2. Upon determining that an association is qualified as an association of self-insured public or private employers, the commissioner shall issue a certificate to that effect to the association and the administrator.

3. A certificate issued under this section remains in effect until withdrawn by the commissioner or canceled at the request of the association. Coverage for an association granted a certificate becomes effective on the date of certification or the date specified in the certificate.

4. The commissioner shall not grant a request to cancel a certificate unless the association has insured or reinsured all incurred obligations with an insurer authorized to do business in this state pursuant to an agreement filed with and approved by the commissioner. The agreement must include coverage for actual claims and claims filed with the association but not reported, and the expenses associated with those claims.

Sec. 28. *1. An association certified as an association of self-insured public or private employers directly assumes the responsibility for providing compensation due the employees of the members of the association and their beneficiaries under this chapter and chapter 617 of NRS.*

2. An association is not required to pay the premiums required of other employers pursuant to this chapter and chapter 617 of NRS but is relieved from other liability for personal injury to the same extent as are other employers.

3. The claims of employees and their beneficiaries resulting from injuries while in the employment of a member of an association must be handled in the manner provided by this chapter, and the association is subject to the regulations of the department with respect thereto.

4. The security deposited pursuant to section 26 of this act does not relieve an association from responsibility for the administration of claims and payment of compensation under this chapter.

Sec. 29. *1. An association of self-insured public or private employers must be operated by a board of trustees consisting of at least five members whom the members of the association elect for terms set forth in the bylaws of the association. If the association is an association of self-insured:*

(a) Public employers, the members of the board of trustees must be officers or employees of the public employers who are members of the association.

(b) Private employers, at least two-thirds of the members of the board of trustees must be employees, officers or directors of the members of the association. No third-party administrator or service company employed by the association, or any owner, officer, employee or other person affiliated with the third-party administrator or the service company, may serve as a member of the board of trustees. Each member of the board of trustees must be a resident of this state or an officer of a corporation authorized to do business in this state.

2. The board of trustees of an association shall:

(a) Ensure the prompt payment of any compensation due under this chapter or chapter 617 of NRS.

(b) Take such actions as are necessary to protect the assets of the association.

(c) Employ full time a third-party administrator to carry out the policies of the board of trustees, provide administrative services and manage claims, unless the association is licensed as a third-party administrator.

(d) Employ an independent certified public accountant to prepare the statement of financial condition required by section 37 of this act.

(e) Maintain minutes of its meetings and make the minutes available for inspection by the commissioner.

3. The board of trustees of an association shall not:

(a) Extend credit to any member of the association for the payment of that member's annual assessment, except pursuant to a payment plan approved by the commissioner.

(b) Borrow any money from the association or in the name of the association, except in the ordinary course of its business, without the prior approval of the commissioner.

Sec. 30. *1. The board of trustees of an association of self-insured public or private employers is responsible for the money collected and disbursed by the association.*

2. The board of trustees shall:

(a) Establish a claims account in a federally insured financial institution in this state approved by the commissioner. Except as otherwise provided in subsection 3, at least 75 percent of the annual assessment collected by the association from its members must be deposited in this account to pay:

(1) Claims;

(2) Expenses related to those claims;

(3) The costs associated with the association's policy of excess insurance; and

(4) Assessments, payments and penalties related to the subsequent injury fund and the uninsured employers' claim fund.

(b) Establish an administrative account in a federally insured financial institution in this state approved by the commissioner. The amount of the annual assessment collected by the association that is not deposited in its claims account must be deposited in this account to pay the administrative expenses of the association.

3. The commissioner may authorize an association to deposit less than 75 percent of its annual assessment in its claims account if the association presents evidence to the satisfaction of the commissioner that:

(a) More than 25 percent of the association's annual assessment is needed to maintain its programs for loss control and occupational safety; and

(b) The association's policy of excess insurance attaches at less than 75 percent.

4. The board of trustees may invest the money of the association not needed to pay the obligations of the association pursuant to chapter 682A of NRS.

5. The commissioner shall review the accounts of an association established pursuant to this section at such times as he deems necessary to ensure compliance with the provisions of this section.

Sec. 31. *1. A service company employed by an association of self-insured public or private employers, or an employee, officer or director of such a company, may not have a direct or indirect financial interest in the third-party administrator of the association.*

2. The third-party administrator of an association of self-insured public or private employers, or an employee, officer or director of the third-party administrator, may not be an employee, officer or director of a service company employed by the association or have a direct or indirect financial interest in that service company.

3. Any contract entered into by an association of self-insured public or private employers and a service company or third-party administrator must include a provision which states that, unless the commissioner otherwise provides, the service company or third-party administrator shall administer any claim or other obligation of the association to its conclusion during the period of the contract.

Sec. 32. *1. If an employer wishes to become a member of an association of self-insured public or private employers, the employer must:*

(a) Submit an application for membership to the board of trustees or third-party administrator of the association; and

(b) Enter into an indemnity agreement as required by section 26 of this act.

2. The membership of the applicant becomes effective when each member of the association approves the application or on a later date specified by the

association. The application for membership and the action taken on the application must be maintained as permanent records of the board of trustees.

3. A member of an association may terminate his membership at any time.

4. The members of an association may cancel the membership of any member of the association in accordance with the bylaws of the association.

5. The association shall:

(a) Notify the commissioner and the administrator of the termination or cancellation of the membership of any member of the association within 10 days after the termination or cancellation; and

(b) At the expense of the member whose membership is terminated or canceled, maintain coverage for that member for 30 days after notice is given pursuant to paragraph (a), unless the association first receives notice from the administrator that the member has:

(1) Provided and secured compensation according to the terms, conditions and provisions of this chapter for any injury sustained by an employee arising out of and in the course of his employment;

(2) Been certified as a self-insured employer pursuant to NRS 616.293; or

(3) Become a member of another association of self-insured public or private employers.

6. An association is liable for the payment of any compensation required to be paid by a member of the association under this chapter or chapter 617 of NRS during his period of membership. The insolvency or bankruptcy of a member does not relieve the association of liability for the payment of such compensation.

Sec. 33. *An association of self-insured public or private employers shall notify the commissioner of any change in the information submitted in its application for certification or in the manner of its compliance with section 26 of this act not later than 30 days after the change.*

Sec. 34. *1. The commissioner may examine the books, records, accounts and assets of an association of self-insured public or private employers as he deems necessary to carry out the provisions of sections 25 to 51, inclusive, of this act.*

2. The expense of any examination conducted pursuant to this section must be paid by the association.

Sec. 35. *An association of self-insured public or private employers shall be deemed to have appointed the commissioner as its resident agent to receive any initial legal process authorized by law to be served upon the association for as long as the association is obligated to pay any compensation under this chapter or chapter 617 of NRS.*

Sec. 36. *1. An association of self-insured public employers may merge with another association of self-insured public employers if:*

(a) The resulting association assumes in full all obligations of the merging associations; and

(b) The merger is approved by the commissioner.

2. An association of self-insured private employers may merge with another association of self-insured private employers if:

(a) The members of the merging associations are engaged in the same or similar classifications of employment;

(b) The resulting association assumes in full all obligations of the merging associations; and

(c) The merger is approved by the commissioner.

3. The commissioner shall conduct a hearing on the proposed merger if any member of the merging associations so requests. The commissioner may on his own motion conduct such a hearing.

Sec. 37. *1. An association of self-insured public or private employers shall file with the commissioner an audited statement of financial condition prepared by an independent certified public accountant. The statement must be filed on or before April 1 of each year or within 90 days after the conclusion of the association's fiscal year, and contain information for the previous fiscal year.*

2. The statement required by subsection 1 must be in a form prescribed by the commissioner and include, without limitation:

(a) A statement of the reserves for:

(1) Actual claims and expenses;

(2) Claims filed with the association but not reported, and the expenses associated with those claims;

(3) Assessments that are due, but not paid; and

(4) Unpaid debts, which must be shown as liabilities.

(b) An actuarial opinion regarding reserves that is prepared by a member of the American Academy of Actuaries or another specialist in loss reserves identified in the annual statement adopted by the National Association of Insurance Commissioners. The actuarial opinion must include a statement of:

(1) Actual claims and the expenses associated with those claims; and

(2) Claims filed with the association but not reported, and the expenses associated with those claims.

3. The commissioner may adopt a uniform financial reporting system for associations of self-insured public and private employers to ensure the accurate and complete reporting of financial information.

4. The commissioner may require the filing of such other reports as he deems necessary to carry out the provisions of this section, including, without limitation:

(a) Audits of the payrolls of the members of an association of self-insured public or private employers;

(b) Reports of losses; and

(c) Quarterly financial statements.

Sec. 38. *1. Except as otherwise provided in subsection 2, the annual assessment required to be paid by each member of an association of self-insured public or private employers must be calculated by a rating organization approved by the commissioner and based on the premium rate for the standard industrial classification of that member, adjusted by the member's*

individual experience. If approved by the commissioner, payments of assessments may be reduced by an amount based on the association's level of expenses and loss experience.

2. If approved by the commissioner, an association may calculate the annual assessment required to be paid by each member of the association. An assessment calculated by the association must be based on at least 5 years of the member's individual experience.

Sec. 39. *1. The commissioner shall cause to be conducted at least annually an audit of each association of self-insured public or private employers in order to verify:*

(a) The standard industrial classification of each member of the association;

(b) The individual experience of each member of the association;

(c) The payroll of each member of the association; and

(d) The assessment required to be paid by each member of the association.

2. The audit required by this section must be conducted by an auditor approved by the commissioner.

3. A report of the audit must be filed with the commissioner in a form required by the commissioner.

4. The association or any member of the association may request a hearing before the commissioner to object to any standard industrial classification assigned to a member of the association as a result of the audit. If the commissioner determines that the assessment required to be paid by any member of the association is:

(a) Insufficient because of the standard industrial classification assigned to him, the commissioner shall order the association to collect from that member any amount required to recover the deficiency.

(b) Excessive because of the standard industrial classification assigned to him, the commissioner shall order the association to pay to the member the excess amount collected.

5. The expenses of any audit conducted pursuant to this section must be paid by the association.

Sec. 40. *1. If the assets of an association of self-insured public or private employers exceed the amount necessary for the association to:*

(a) Pay its obligations and administrative expenses;

(b) Carry reasonable reserves; and

(c) Provide for contingencies,

the board of trustees of the association may, after obtaining the approval of the commissioner, declare and distribute dividends to the members of the association.

2. Any dividend declared pursuant to subsection 1 must be distributed not less than 12 months after the end of the fiscal year.

3. A dividend may be paid only to those members who are members of the association for the entire fiscal year. The payment of a dividend must not be conditioned upon the member continuing his membership in the association after the fiscal year.

4. An association shall give to each prospective member of the association a written description of its plan for distributing dividends when he applies for membership in the association.

Sec. 41. *1. Each association of self-insured public or private employers shall adopt a plan for the payment of annual assessments by the members of the association which must be approved by the commissioner.*

2. The plan must include a requirement for:

(a) An initial payment, in advance, of a portion of the annual assessment due from each member of the association. If the association is an association of self-insured public employers, the initial payment must be in an amount approved by the commissioner. If the association is an association of self-insured private employers, the initial payment must be in an amount equal to at least 25 percent of the member's annual assessment.

(b) Payment of the balance of the annual assessment due in quarterly or monthly installments.

Sec. 42. *Each association of self-insured public or private employers shall maintain:*

1. Actuarially appropriate loss reserves. Such reserves must include reserves for:

(a) Actual claims and the expenses associated with those claims; and

(b) Claims filed with the association but not reported, and the expenses associated with those claims.

2. Reserves for uncollected debts based on the experience of the association or other associations.

Sec. 43. *1. If the assets of an association of self-insured public or private employers are insufficient to make certain the prompt payment of all compensation under this chapter and chapter 617 of NRS and to maintain the reserves required by section 42 of this act, the association shall immediately notify the commissioner of the deficiency and:*

(a) Transfer any surplus acquired from a previous fiscal year to the current fiscal year to make up the deficiency;

(b) Transfer money from its administrative account to its claims account;

(c) Collect an additional assessment from its members in an amount required to make up the deficiency; or

(d) Take any other action to make up the deficiency which is approved by the commissioner.

2. If the association wishes to transfer any surplus from one fiscal year to another, the association must first notify the commissioner of the transfer.

3. The commissioner shall order the association to make up any deficiency pursuant to subsection 1 if the association fails to do so within 30 days after notifying the commissioner of the deficiency. The association shall be deemed insolvent if it fails to:

(a) Collect an additional assessment from its members within 30 days after being ordered to do so by the commissioner; or

(b) Make up the deficiency in any other manner within 60 days after being ordered to do so by the commissioner.

Sec. 44. *1. The commissioner may issue an order requiring an association of self-insured public or private employers or a member of the association to cease and desist from engaging in any act or practice found to be in violation of any provision of sections 25 to 51, inclusive, of this act, or any regulation adopted pursuant thereto.*

2. If the commissioner determines that an association or a member of the association has violated an order to cease and desist, the commissioner may impose an administrative fine of not more than $10,000 for each violation of the order, not to exceed an aggregate amount of $100,000, or withdraw the certificate of the association, or both.

Sec. 45. *1. The commissioner may impose an administrative fine for each violation of any provision of sections 25 to 51, inclusive, of this act, or any regulation adopted pursuant thereto. Except as otherwise provided in those sections, the amount of the fine may not exceed $1,000 for each violation or an aggregate amount of $10,000.*

2. The commissioner may withdraw the certificate of an association of self-insured public or private employers if:

(a) The association's certificate was obtained by fraud;

(b) The application for certification contained a material misrepresentation;

(c) The association is found to be insolvent;

(d) The association fails to have five or more members;

(e) The association fails to pay the costs of any examination or any penalty, fee or assessment required by the provisions of this chapter;

(f) The association fails to comply with any of the provisions of this chapter or any regulation adopted pursuant thereto;

(g) The association fails to comply with any order of the commissioner within the time prescribed by the provisions of this chapter or in the order of the commissioner; or

(h) The association or its third-party administrator misappropriates, converts, illegally withholds or refuses to pay any money to which a person is entitled and that was entrusted to the association in its fiduciary capacity.

3. If the commissioner withdraws the certification of an association of self-insured public or private employers, each employer who is a member of the association remains liable for his obligations incurred before and after the order of withdrawal.

4. Any employer who is a member of an association whose certification is withdrawn shall, on the effective date of the withdrawal, qualify as an employer pursuant to NRS 616.305.

Sec. 46. *1. Before any action may be taken pursuant to subsection 2, the commissioner shall arrange an informal meeting with an association of self-insured public or private employers to discuss and seek correction of any conduct which would be grounds for withdrawal of the certificate of the association.*

2. Before the withdrawal of the certificate of any association of self-insured public or private employers, the commissioner shall give written notice to the association by certified mail that its certificate will be with-

drawn 10 days after receipt of the notice unless, within that time, the association corrects the conduct set forth in the notice as the reason for the withdrawal or submits a written request for a hearing to the commissioner.

3. If the association requests a hearing:

(a) The commissioner shall set a date for a hearing within 20 days after receiving the request and give the association at least 10 business days' notice of the time and place of the hearing.

(b) A record of the hearing must be kept, but it need not be transcribed unless requested by the association with the cost of transcription to be charged to the association.

(c) Within 5 business days after the hearing, the commissioner shall either affirm or disaffirm the withdrawal and give the association written notice thereof by certified mail. If withdrawal of certification is affirmed, the withdrawal becomes effective 10 business days after the association receives notice of the affirmance unless within that period the association corrects the conduct which was ground for the withdrawal or petitions for judicial review of the affirmance.

4. If the withdrawal of certification is affirmed following judicial review, the withdrawal becomes effective 5 days after entry of the final decree of affirmance.

Sec. 47. *1. If for any reason the status of an association of self-insured public or private employers as an association of self-insured employers is terminated, the security deposited under section 26 of this act must remain on deposit for at least 36 months in such an amount as is necessary to secure the outstanding and contingent liability arising from accidental injuries or occupational diseases secured by the security, or to assure the payment of claims for aggravation and payment of claims under NRS 616.545 based on such accidental injuries or occupational diseases.*

2. At the expiration of the 36-month period, or such other period as the commissioner deems proper, the commissioner may accept in lieu of any security so deposited a policy of paid-up insurance in a form approved by the commissioner.

Sec. 48. *Any association of self-insured public or private employers that is aggrieved by a decision of the commissioner may petition for judicial review in the manner provided by chapter 233B of NRS.*

Sec. 49. *1. For the purposes of sections 25 to 51, inclusive, of this act, an association of self-insured public or private employers is insolvent if it is unable to pay its outstanding obligations as they mature in the regular course of its business.*

2. If an association of self-insured public or private employers becomes insolvent, institutes any voluntary proceeding under the Bankruptcy Act or is named in any voluntary proceeding thereunder, makes a general or special assignment for the benefit of creditors or fails to pay compensation under this chapter or chapter 617 of NRS after an order for the payment of any claim becomes final, the commissioner may, after giving at least 10 days' notice to the association and any insurer or guarantor, use money or interest

on securities, sell securities or institute legal proceedings on surety bonds deposited with the commissioner to the extent necessary to make those payments.

3. A licensed surety providing a surety bond under section 26 of this act may terminate liability on its surety bond by giving the commissioner and the association, third-party administrator or service company 90 days' written notice. The termination does not limit liability that was incurred under the surety bond before the termination. If the association fails to requalify as an association of self-insured public or private employers on or before the termination date, the association's certificate is withdrawn when the termination becomes effective.

Sec. 50. *1. The commissioner may assess all associations of self-insured public or private employers to provide for claims against any insolvent association.*

2. All money received from such assessments must be deposited with the state treasurer to the credit of the account for insolvent associations of self-insured public or private employers, which is hereby created in the fund for workers' compensation and safety. Money in the account must be used solely to carry out the provisions of this section. All claims against the account must be paid as other claims against the state are paid. The state treasurer shall invest money in the account in the same manner and in the same securities in which he may invest money in the state general fund. Income realized from the investment of the money in the account must be credited to the account.

Sec. 51. *The commissioner may adopt such regulations as are necessary to carry out the provisions of sections 25 to 51, inclusive, of this act.*

for the purpose of ascertaining the correctness of such information and as may be necessary for the attorney general to carry out his duties pursuant to section 237 of this act.

2. If an employer refuses to produce any book, record, payroll report or other document in conjunction with an investigation conducted by the fraud control unit for industrial insurance, the attorney general may issue a subpena to require the production of that document.

A certified copy of the order must be served upon the employer.

5. If it appears to the court that the subpena was regularly issued by the attorney general, the court shall enter an order that the employer produce the required document at the time and place fixed in the order. Failure to obey the order constitutes contempt of court.

2. In addition to paying the deductible required by subsection 1, the manager may offer an employer insured by the system the option of selecting coverage that requires the employer to pay an additional deductible, in an amount agreed to by the manager and the employer. If an employer chooses such coverage:

(a) The premium he is required to pay must be reduced by the manager based on the amount of the additional deductible paid by the employer. The amount of the reduction must be determined by the manager after giving consideration to the solvency of the employer and his ability to pay the additional deductible.

(b) The manager may require the employer to execute and deliver to the system a performance bond in an amount determined by the manager and conditioned upon the ability of the employer to pay the additional deductible.

The manager may not require an employer to pay an additional deductible pursuant to this subsection.

3. Except as otherwise provided in subsection 4, at the end of each billing period, but not less than quarterly, the manager shall bill each employer for the amount he owes pursuant to subsection 1 or 2 for the preceding billing period. (a) Shall apply that form of rating system which, in his judgment, is best calculated to rate each individual risk more equitably, predicated upon the basis of the employer's individual experience;

(b) Shall adopt equitable regulations controlling the rating of each risk, which regulations, however, must conserve to each risk the basic principles of industrial insurance; and

(c) May subscribe to a rating service of any rating organization for casualty, fidelity and surety insurance rating.

2. The rating system or any rating by a rating organization pursuant to this section is subject to the limitation that the amount of any increase or reduction of premium rate, additional charge of premiums or payment of dividends must be in the discretion of the manager.

5. Subsections 2 and 3 do not apply to *a* rating [plans] *plan* made by voluntary agreement between the manager and *an* employer which increases or reduces premiums for the employer. The voluntary rating [plans] *plan* may be retrospective in nature. A voluntary rating plan must be in writing and signed by the manager and the employer.

616.542 1. The governor shall appoint one or more appeals officers to conduct hearings in contested claims for compensation [under this chapter and chapter 617 of NRS.] *pursuant to NRS 616.5426.* Each appeals officer shall hold office for 2 years from the date of his appointment and until his successor is appointed and has qualified. Each appeals officer is entitled to receive an annual salary in an amount provided by law and is in the unclassified service of the state.

2. Each appeals officer must be an attorney who has been licensed to practice law before all the courts of this state for at least 2 years. Except as otherwise provided in NRS 7.065, an appeals officer shall not engage in the private practice of law.

3. If an appeals officer determines that he has a personal interest or a conflict of interest, directly or indirectly, in any case which is before him, he shall disqualify himself from hearing the case and the governor may appoint a special appeals officer who is vested with the same powers as the regular appeals officer would possess. The special appeals officer is entitled to be paid at an hourly rate, based upon the appeals officer's salary.

4. The decision of an appeals officer is the final and binding administrative determination of a claim for compensation under this chapter or chapter 617 of NRS, and the whole record consists of all evidence taken at the hearing before the appeals officer and any findings of fact and conclusions of law based thereon.

Sec. 180.5. NRS 616.5422 is hereby amended to read as follows:

616.5422 1. Any party aggrieved by a decision of the hearing officer relating to a claim for compensation may appeal from the decision by filing a notice of appeal with an appeals officer within 30 days after the date of the decision.

2. *If a dispute is required to be submitted to a procedure for resolving complaints pursuant to section 79 of this act and:*

(a) A final decision was rendered pursuant to that procedure; or

(b) The dispute was not resolved pursuant to that procedure within 14 days after it was submitted,

the employee or, in the event of his death, his dependent may file a notice of appeal within 70 days after the date on which the final decision was mailed to the employee, or his dependent, or the unanswered request for resolution was submitted. Failure to render a written decision within 30 days after receipt of such a request shall be deemed by the appeals officer to be a denial of the request.

3. The filing of a notice of appeal does not automatically stay the enforcement of the decision of [the] *a* hearing officer [.] *or a decision rendered pursuant to section 79 of this act.* The appeals officer may order a stay, when appropriate, upon the application of a party.

[3.] *4.* The appeals officer shall, within 10 days after receiving a notice of appeal [,] *pursuant to this section or a contested claim pursuant to subsection 5 of NRS 616.5412,* schedule a hearing for a date and time within [45] *90* days after his receipt of the notice and give notice by mail or by personal service to all parties to the [appeal] *matter* and their attorneys or agents at least 30 days before the date and time scheduled. *A request to schedule the hearing for a date and time within 60 days after the receipt of the notice of appeal or contested claim may be submitted to the appeals officer only if all parties to the appeal or contested claim agree to the request.*

[4.] *5.* An appeal *or contested claim* may be continued upon written stipulation of all parties, or upon good cause shown.

[5.] *6.* Failure to file a notice of appeal within the period specified in subsection 1 *or 2* may be excused if the party aggrieved shows by a preponderance of the evidence that he did not receive the notice of the decision and the forms necessary to appeal the decision. The claimant, employer or insurer shall notify the hearing officer of a change of address.

Sec. 181. NRS 616.5424 is hereby amended to read as follows:

616.5424 At any time 10 or more days before a scheduled hearing before an appeals officer, the administrator , [or] the manager [,] *or the manager's designee,* a party shall mail or deliver to the opposing party any affidavit which he proposes to introduce into evidence and notice to the effect that

unless the opposing party, within 7 days after the mailing or delivery of such affidavit, mails or delivers to the proponent a request to cross-examine the affiant, his right to cross-examine the affiant is waived and the affidavit, if introduced into evidence, will have the same effect as if the affiant had given sworn testimony before the appeals officer, the administrator , [or] the manager [.] *or the manager's designee.*

Sec. 182. NRS 616.5426 is hereby amended to read as follows:

616.5426 1. A stenographic or electronic record must be kept of the hearing before the appeals officer and the rules of evidence applicable to contested cases under chapter 233B of NRS apply to the hearing.

2. The appeals officer must hear any matter raised before him on its merits, including new evidence bearing on the matter.

3. If necessary to resolve a medical question concerning an injured employee's condition, the appeals officer may refer the employee to a physician or chiropractor chosen by the appeals officer. If the medical question concerns the rating of a permanent disability, the appeals officer may refer the employee to a *rating* physician or chiropractor . [designated by the administrator.] *The rating physician or chiropractor must be selected in rotation from the list of qualified physicians or chiropractors maintained by the administrator pursuant to subsection 2 of NRS 616.605, unless the insurer and the injured employee otherwise agree to a rating physician or chiropractor.* The insurer shall pay the costs of any examination requested by the appeals officer.

4. Any party to the appeal or the appeals officer may order a transcript of the record of the hearing at any time before the seventh day after the hearing. The transcript must be filed within 30 days after the date of the order unless the appeals officer otherwise orders.

5. The appeals officer shall render his decision:

(a) If a transcript is ordered within 7 days after the hearing, within 30 days after the transcript is filed; or

(b) If a transcript has not been ordered, within 30 days after the date of the hearing.

6. The appeals officer may affirm, modify or reverse any decision made by the hearing officer and issue any necessary and proper order to give effect to his decision.

Sec. 183. (Omitted in amendment.)

Sec. 184. NRS 616.543 is hereby amended to read as follows:

616.543 1. No judicial proceedings may be instituted for compensation for an injury or death under this chapter unless:

(a) A claim for compensation is filed as provided in [NRS 616.500;] *section 12 of this act;* and

(b) A final decision of an appeals officer has been rendered on such claim.

2. Judicial proceedings instituted for compensation for an injury or death, under this chapter are limited to judicial review of the decision of an appeals officer.

Sec. 185. (Omitted in amendment.)

Sec. 186. NRS 616.544 is hereby amended to read as follows:

616.544 If a party petitions the district court for judicial review of a final decision of an appeals officer , [or] the manager [,] *or the manager's designee,* and the petition is found by the district court to be frivolous or brought without reasonable grounds, the district court may order costs and a reasonable attorney's fee to be paid by the petitioner.

Sec. 187. NRS 616.545 is hereby amended to read as follows:

616.545 1. If [a] *an application to reopen a claim to increase or rearrange compensation is made in writing more than 1 year after the date on which the claim was closed, the insurer shall reopen the claim if:*

(a) A change of circumstances warrants an increase or rearrangement of compensation during the life of [an injured employee, application may be made therefor.] *the claimant;*

(b) The primary cause of the change of circumstances is the injury for which the claim was originally made; and

(c) The application [must be in writing and] *is* accompanied by the certificate of a physician [,] or a chiropractor showing a change of circumstances which would warrant an increase or rearrangement of compensation. [No increase or rearrangement is effective before the application is made unless good cause is shown. The insurer shall, upon good cause shown, allow the cost of emergency treatment the necessity for which has been certified by a physician or a chiropractor.]

2. After a claim has been closed, the insurer, upon receiving an application and for good cause shown, may authorize the reopening of the claim for medical investigation only. The application must be accompanied by a written request for treatment from the physician or chiropractor treating the claimant, certifying that the treatment is indicated by a change in circumstances and is related to the industrial injury sustained by the claimant.

3. If a claimant applies for a claim to be reopened pursuant to subsection 1 or 2 and a final determination denying the reopening is issued, the claimant shall not reapply to reopen the claim until at least 1 year after the date on which the final determination is issued.

4. Except as otherwise provided in subsection 5, if an application to reopen a claim is made in writing within 1 year after the date on which the claim was closed, the insurer shall reopen the claim only if there is clear and convincing evidence that the primary cause of the change of circumstances is the injury for which the claim was originally made.

5. An application to reopen a claim must be made in writing within 1 year after the date on which the claim was closed if:

(a) The claimant was not off work as a result of the injury; and

(b) The claimant did not receive benefits for a permanent partial disability.

If an application to reopen a claim to increase or rearrange compensation is made pursuant to this subsection, the insurer shall reopen the claim if the requirements set forth in paragraphs (a), (b) and (c) of subsection 1 are met.

6. If an employee's claim is reopened pursuant to this section, he is not entitled to vocational rehabilitation services or benefits for a temporary total disability if, before his claim was reopened, he:

(a) Retired; or

(b) Otherwise voluntarily removed himself from the work force,

for reasons unrelated to the injury for which the claim was originally made.

7. One year after the date on which the claim was closed, an insurer may dispose of the file of a claim authorized to be reopened pursuant to subsection 5, unless an application to reopen the claim has been filed pursuant to that subsection.

8. An increase or rearrangement of compensation is not effective before an application for reopening a claim is made unless good cause is shown. The insurer shall, upon good cause shown, allow the cost of emergency treatment the necessity for which has been certified by a physician or a chiropractor.

9. A claim that automatically closes pursuant to subsection 2 of NRS 616.567 may not be reopened pursuant to this section.

Sec. 188. NRS 616.560 is hereby amended to read as follows:

616.560 1. *If an injured employee or, in the event of his death, his dependents, bring an action in tort against his employer to recover payment for an injury which is compensable under this chapter or chapter 617 of NRS and, notwithstanding the provisions of NRS 616.370, receive payment from the employer for that injury:*

(a) The amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of this chapter, including any future compensation, must be reduced by the amount paid by the employer.

(b) The insurer, or in the case of claims involving the uninsured employer's claim fund or the subsequent injury fund the administrator, has a lien upon the total amount paid by the employer if the injured employee or his dependents receive compensation pursuant to the provisions of this chapter.

This subsection is applicable whether the money paid to the employee or his dependents by the employer is classified as a gift, a settlement or otherwise. The provisions of this subsection do not grant to an injured employee any right of action in tort to recover damages from his employer for his injury.

2. When an employee [coming under the provisions of this chapter] receives an injury for which compensation is payable [under] *pursuant to the provisions of* this chapter and which was caused under circumstances creating a legal liability in some person, other than the employer or a person in the same employ, to pay damages in respect thereof:

(a) The injured employee, or in case of death [,] his dependents, may take proceedings against that person to recover damages, but the amount of the compensation [to which] the injured employee or his dependents are entitled [under] *to receive pursuant to the provisions of* this chapter, including any future compensation , [under this chapter,] must be reduced by the amount of the damages recovered, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

(b) If the injured employee, or in case of death his dependents, receive compensation [under] *pursuant to the provisions of* this chapter, the insurer, or in case of claims involving the uninsured employers' claim fund or the subsequent injury fund [,] the administrator, has a right of action against the person so liable to pay damages and is subrogated to the rights of the injured employee or of his dependents to recover therefor.

3. When an injured employee incurs an injury for which compensation is payable pursuant to the provisions of this chapter and which was caused under circumstances entitling him, or in the case of death his dependents, to receive proceeds under his employer's policy of uninsured or underinsured vehicle coverage:

(a) The injured employee, or in the case of death his dependents, may take proceedings to recover those proceeds, but the amount of compensation the injured employee or his dependents are entitled to receive pursuant to the provisions of this chapter, including any future compensation, must be reduced by the amount of proceeds received.

(b) If an injured employee, or in the case of death his dependents, receive compensation pursuant to the provisions of this chapter, the insurer, or in the case of claims involving the uninsured employers' claim fund or the subsequent injury fund the administrator, is subrogated to the rights of the injured employee or his dependents to recover proceeds under the employer's policy of uninsured or underinsured vehicle coverage. The insurer and the administrator are not subrogated to the rights of an injured employee or his dependents under a policy of uninsured or underinsured vehicle coverage purchased by the employee.

4. In any action or proceedings taken by the insurer or the administrator [under] *pursuant to* this section, evidence of the amount of compensation, accident benefits and other expenditures which the insurer, the uninsured employers' claim fund or the subsequent injury fund have paid or become obligated to pay by reason of the injury or death of the employee is admissible. If in such action or proceedings the insurer or the administrator recovers more than those amounts, the excess must be paid to the injured employee or his dependents.

[(c) The injured employee, or in case of death his dependents, shall first notify the insurer, or in the case of claims involving the uninsured employers' claim fund or subsequent injury fund the administrator, in writing of any action or proceedings, pursuant to this section, to be taken by the employee or his dependents.

2.] *5.* In any case where the insurer or the administrator is subrogated to the rights of the injured employee or of his dependents as provided in subsection [1,] *2 or 3,* the insurer or the administrator has a lien upon the total proceeds of any recovery from some person other than the employer, whether the proceeds of such recovery are by way of judgment, settlement or otherwise. The injured employee, or in the case of his death his dependents, are not entitled to double recovery for the same injury, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

[3.] *6.* The lien provided for under subsection [2] *1 or 5* includes the total compensation expenditure incurred by the insurer, the uninsured employers' claim fund or the subsequent injury fund for the injured employee and his dependents.

[4.] *7. An injured employee, or in the case of death his dependents, shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or subsequent injury fund the administrator, in writing before initiating a proceeding or action pursuant to this section.*

8. Within 15 days [of] *after* the date of recovery by way of actual receipt of the proceeds of the judgment, settlement or otherwise [, the] *:*

(a) The injured employee or his [representative] *dependents, or the attorney or representative of the injured employee or his dependents; and*

(b) The third-party insurer,

shall notify the insurer, or in the case of claims involving the uninsured employers' claim fund or subsequent injury fund the administrator, of the recovery and pay to the insurer or the administrator, respectively, the amount due under this section together with an itemized statement showing the distribution of the total recovery.

[5.] *The attorney or representative of the injured employee or his dependents and the third-party insurer are jointly and severally liable for any amount to which an insurer is entitled pursuant to this section if the attorney, representative or third-party insurer has knowledge of the lien provided for in this section.*

9. An insurer shall not sell its lien to a third-party insurer unless the injured employee or his dependents, or the attorney or representative of the injured employee or his dependents, refuses to provide to the insurer information concerning the action against the third party.

10. In any trial of an action by the injured employee, or in the case of his death by his dependents, against a person other than the employer or a person in the same employ, the jury [shall] *must* receive proof of the amount of all payments made or to be made by the insurer or the administrator. The court shall instruct the jury substantially as follows:

"Payment of workmen's compensation benefits by the insurer, or in the case of claims involving the uninsured employers' claim fund or subsequent injury fund the administrator, is based upon the fact that a compensable industrial accident occurred, and does not depend upon blame or fault. If the plaintiff does not obtain a judgment in his favor in this case, he is not required to repay his employer, the insurer or the administrator any amount paid to him or paid on his behalf by his employer, the insurer or the administrator.

If you decide that the plaintiff is entitled to judgment against the defendant, you shall find his damages in accordance with the court's instructions on damages and return your verdict in the plaintiff's favor in the amount so found without deducting the amount of any compensation benefits paid to or for the plaintiff. The law provides a means by which any compensation benefits will be repaid from your award."

[6.] *11.* For the purposes of calculating an employer's premium, the employer's account with the system must be credited with an amount equal to that recovered by the system from a third party pursuant to this section, less the system's share of the expenses of litigation incurred in obtaining the recovery, except that the total credit must not exceed the amount of compensation actually paid or reserved by the system on the injured employee's claim.

12. As used in this section, "third-party insurer" means an insurer that issued to a third party who is liable for damages pursuant to subsection 2, a policy of liability insurance the proceeds of which are recoverable pursuant to this section. The term includes an insurer that issued to an employer a policy of uninsured or underinsured vehicle coverage.

Sec. 189. NRS 616.563 is hereby amended to read as follows:

616.563 1. If an insurer determines that an employee has [willfully] *knowingly* misrepresented or concealed a material fact to obtain any benefit or payment under the provisions of this chapter, the insurer may deduct from any benefits or payments due to the employee, the amount obtained by the employee because of the misrepresentation or concealment of a material fact. The employee shall reimburse the insurer for all benefits or payments received because of the willful misrepresentation or concealment of a material fact.

2. An employee who is aggrieved by a determination of an insurer made pursuant to subsection 1 may appeal that determination pursuant to NRS 616.5412 to 616.544, inclusive. If the final decision by an appeals officer is favorable to the employee, the administrator shall order the insurer to pay $2,000 to that employee, in addition to any benefits or payments the employee is entitled to receive [.] , *if:*

(a) The final decision is favorable to the employee; and

(b) The administrator determines that the insurer had no reasonable basis for believing that the employee knowingly misrepresented or concealed a material fact to obtain any benefit or payment.

3. This section does not preclude an insurer from making an investigation pursuant to, or pursuing the remedies provided by, NRS 616.675.

Sec. 190. NRS 616.565 is hereby amended to read as follows:

616.565 1. Compensation is not payable pursuant to the provisions of this chapter for an injury:

(a) Caused by the employee's willful intention to injure himself.

(b) Caused by the employee's willful intention to injure another.

(c) Proximately caused by the employee's intoxication, whether by alcohol or a controlled substance. If the employee was intoxicated at the time of his injury, intoxication must be presumed to be a proximate cause unless rebutted by evidence to the contrary.

2. No compensation is payable for the death, disability or treatment of an employee if his death is caused by, or insofar as his disability is aggravated, caused or continued by, an unreasonable refusal or neglect to submit to or to follow any competent and reasonable surgical treatment or medical aid.

3. If any employee persists in an unsanitary or injurious practice that imperils or retards his recovery, or refuses to submit to such medical or surgical treatment as is necessary to promote his recovery, his compensation may be reduced or suspended.

4. An injured employee's compensation, other than accident benefits, must be suspended if:

(a) A physician or chiropractor determines that the employee is unable to undergo treatment, testing or examination for the industrial injury solely because of a condition or injury that did not arise out of and in the course of his employment; and

(b) It is within the ability of the employee to correct the nonindustrial condition or injury.

The compensation must be suspended until the injured employee is able to resume treatment, testing or examination for the industrial injury. The insurer may elect to pay for the treatment of the nonindustrial condition or injury.

Sec. 191. NRS 616.567 is hereby amended to read as follows:

616.567 1. *Except as otherwise provided in subsection 2:*

(a) When the insurer determines that a claim should be closed before all benefits to which the claimant may be entitled have been paid, the insurer shall send a written notice of its intention to close the claim to the claimant by first-class mail addressed to the last known address of the claimant. The notice must include a statement that *if* the claimant *does not agree with the determination, he* has a right to [a hearing before a hearing officer on the closing of his claim, and that he may request a hearing, in writing, on the form provided with the notice, within 60 days after the date on which the notice was mailed by the insurer.] *request a resolution of the dispute pursuant to NRS 616.5412 to 616.544, inclusive, and section 79 of this act.* A suitable form for requesting a [hearing] *resolution of the dispute* must be enclosed with the notice. The closure of a claim is not effective unless notice is given as required by this subsection.

[2.] *(b)* If the insurer does not receive a request for [a hearing before a hearing officer within 60 days after mailing the notice,] *the resolution of the dispute,* it may close the claim. [Upon receiving a request for a hearing, the insurer shall treat the claim as a contested case for the purposes of the hearing.

3.] *(c)* Notwithstanding the provisions of NRS 233B.125, [in any] *if a* hearing *is* conducted [pursuant to this section,] *to resolve the dispute,* the decision of the hearing officer may be served by first-class mail.

2. If the medical benefits required to be paid for a claim are less than $500, the claim closes automatically if the claimant does not receive medical treatment for the injury for at least 6 months. The claimant may not appeal the closing of such a claim.

Sec. 192. (Omitted in amendment.)

Sec. 193. NRS 616.580 is hereby amended to read as follows:

616.580 [Every]

1. Except as otherwise provided in section 19 of this act, every employee in the employ of an employer, within the provisions of this chapter, who is injured by accident arising out of and in the course of employment, or his dependents as defined in this chapter, is entitled to receive the following compensation for permanent total disability:

[1.] *(a)* In cases of total disability adjudged to be permanent, compensation per month of 66⅔ percent of the average monthly wage.

[2. Where]

(b) If there is a previous disability, as the loss of one eye, one hand, one foot or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

[3. In cases of permanent total disability, if]

(c) If the character of the injury is such as to render the [workman] *employee* so physically helpless as to require the service of a constant attendant, an additional allowance may be made so long as such requirements continue, but the allowance may not be made while the [workman] *employee* is receiving benefits for care in a hospital or facility for intermediate care pursuant to the provisions of NRS 616.410 and 616.415.

2. An employee is entitled to receive compensation for a permanent total disability only so long as the permanent total disability continues to exist. The insurer has the burden of proving that the permanent total disability no longer exists.

Sec. 194. NRS 616.585 is hereby amended to read as follows:

616.585 1. [Every] *Except as otherwise provided in this section, section 19 of this act and NRS 616.545, every* employee in the employ of an employer, within the provisions of this chapter, who is injured by accident arising out of and in the course of employment, or his dependents, is entitled to receive for the period of temporary total disability, 66⅔ percent of the average monthly wage.

2. *Except as otherwise provided in NRS 616.252, an injured employee or his dependents are not entitled to accrue or be paid any benefits for a temporary total disability during the time the injured employee is incarcerated. The injured employee or his dependents are entitled to receive such benefits when the injured employee is released from incarceration if he is certified as temporarily totally disabled by a physician or chiropractor.*

3. If a claim for the period of temporary total disability is allowed, the first payment pursuant to this section must be issued by the insurer within 14 working days after receipt of the initial certification of disability [.

3.] *and regularly thereafter.*

4. Any increase in compensation and benefits effected by the amendment of subsection 1 is not retroactive.

[4. For purposes of the payment of benefits for a temporary total disability under this section, the period of]

5. Payments for a temporary total disability [ceases when any] *must cease when:*

(a) A physician or chiropractor determines that the employee is *physically* capable of any gainful employment [.

5. Each insurer shall, with each check that it issues to an injured employee for a temporary total disability, include a form approved by the department for the injured employee to request continued compensation for the temporary total disability.] *for which the employee is suited, after giving consideration to the employee's education, training and experience;*

(b) The employer offers the employee light-duty employment or employment that is modified according to the limitations or restrictions imposed by a physician or chiropractor pursuant to subsection 7; or

(c) Except as otherwise provided in NRS 616.252, the employee is incarcerated.

6. The insurer shall issue to the injured employee, not less than 6 working days before the [beginning] *end* of the period specified in the form, a check for the compensation due the employee for that period, if:

(a) The injured employee has completed and returned the form to the insurer; or

(b) There is documentation with the insurer which indicates a continuing disability [.] *during that period.*

A check shall be deemed delivered upon the date that it is postmarked, if it is properly addressed and the postage is prepaid.

7. A certification of disability issued by a physician or chiropractor must:

(a) Include the period of disability and a description of any physical limitations or restrictions imposed upon the work of the employee;

(b) Specify whether the limitations or restrictions are permanent or temporary; and

(c) Be signed by the physician or chiropractor.

8. If certification of disability specifies that the physical limitations or restrictions are temporary, the employer of the employee at the time of his accident is not required to comply with NRS 616.222 and sections 21.2 to 21.8, inclusive, of this act or the regulations adopted by the division governing vocational rehabilitation services if the employer offers the employee a position that is substantially similar to the employee's position at the time of his injury in relation to the location of the employment, the hours he is required to work and the salary he will be paid.

Sec. 195. NRS 616.605 is hereby amended to read as follows:

616.605 1. [Every] *Except as otherwise provided in section 19 of this act, every* employee, in the employ of an employer within the provisions of this chapter, who is injured by an accident arising out of and in the course of employment is entitled to receive the compensation provided for permanent partial disability. As used in this section "disability" and "impairment of the whole man" are equivalent terms.

2. Within 30 days after receiving from [the treating] *a* physician or chiropractor [chosen pursuant to NRS 616.342] a report indicating that the injured employee may have suffered a permanent disability and is stable and ratable, the insurer shall schedule an appointment with a rating physician or

chiropractor to determine the extent of the employee's disability. The insurer shall select a physician or chiropractor from a group of rating physicians and chiropractors designated by the administrator, to determine the percentage of disability in accordance with the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted and supplemented by the department pursuant to subsection 3 of NRS 616.427. Rating physicians and chiropractors must be selected in rotation from the list of qualified physicians and chiropractors designated by the administrator, according to their area of specialization and the order in which their names appear on the list.

3. *At the request of the insurer, the injured employee shall, before an evaluation by a rating physician or chiropractor is performed, notify the insurer of:*

(a) Any previous evaluations performed to determine the extent of any of the employee's disabilities; and

(b) Any previous injury, disease or condition sustained by the employee which is relevant to the evaluation performed pursuant to this section.

The notice must be on a form approved by the administrator and provided to the injured employee by the insurer at the time of the insurer's request.

4. A rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. No factors other than the degree of physical impairment of the whole man may be considered in calculating the entitlement to compensation for a permanent partial disability.

[4.] *5.* The rating physician or chiropractor shall provide the insurer with his evaluation of the injured employee. After receiving the evaluation, the insurer shall, within 14 days, provide the employee with a copy of the evaluation and notify the employee:

(a) Of the compensation to which he is entitled pursuant to this section; or

(b) That he is not entitled to benefits for permanent partial disability.

[5.] *6.* Each 1 percent of impairment of the whole man must be compensated by a monthly payment [of] *:*

(a) Of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981 [, and] *;*

(b) Of 0.6 percent *of the claimant's average monthly wage* for injuries sustained on or after July 1, 1981 [.] *and before the effective date of this section; and*

(c) Of 0.54 percent of the claimant's average monthly wage for injuries sustained on or after the effective date of this section.

Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

[6.] *7.* Compensation benefits may be paid annually to claimants who will be receiving less than $100 a month.

[7.] *8.* Where there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of

disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

[8.] *9.* The department may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

[9.] *10.* The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

[10.] *11.* This section does not entitle any person to double payments for the death of [a workman] *an employee* and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

Sec. 196. NRS 616.607 is hereby amended to read as follows:

616.607 1. Except as otherwise provided in NRS 616.5435, an award for a permanent partial disability may be paid in a lump sum under the following conditions:

(a) A claimant injured on or after July 1, 1973, and before July 1, 1981, who incurs a disability that does not exceed 12 percent may elect to receive his compensation in a lump sum. A claimant injured on or after July 1, 1981, who incurs a disability that does not exceed 25 percent may elect to receive his compensation in a lump sum.

(b) The spouse, or in the absence of a spouse, any dependent child of a deceased claimant injured on or after July 1, 1973, who is not entitled to compensation in accordance with NRS 616.615, is entitled to a lump sum equal to the present value of the deceased claimant's undisbursed award for a permanent partial disability.

(c) Any claimant injured on or after July 1, 1981, who incurs a disability that exceeds 25 percent may elect to receive his compensation in a lump sum equal to the present value of an award for a disability of 25 percent. If the claimant elects to receive compensation pursuant to this paragraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 25 percent.

2. If the claimant elects to receive his payment for a permanent partial disability in a lump sum, all of his benefits for compensation terminate. His acceptance of that payment constitutes a final settlement of all factual and legal issues in the case. By so accepting he waives all of his rights regarding the claim, including the right to appeal from the closure of the case or the percentage of his disability, except:

(a) His right to reopen his claim according to the provisions of NRS 616.545; and

(b) Any counseling, training or other rehabilitative services provided by the insurer.

The claimant must be advised in writing of the provisions of this subsection when he demands his payment in a lump sum, and has 20 days after the mailing or personal delivery of this notice within which to retract or reaffirm his demand, before payment may be made and his election becomes final.

3. Any lump sum payment which has been paid on a claim incurred on or after July 1, 1973, must be supplemented if necessary to conform to the provisions of this section.

4. Except as otherwise provided in this subsection, the total lump sum payment for disablement must not be less than one-half the product of the average monthly wage multiplied by the percentage of disability. If the claimant received compensation in installment payments for his permanent partial disability before electing to receive his payment for that disability in a lump sum, the lump sum payment must be calculated for the remaining payment of compensation.

5. The lump sum payable must be equal to the present value of the compensation awarded, less any advance payment or lump sum previously paid. The present value must be calculated using monthly payments in the amounts prescribed in subsection [5] *6* of NRS 616.605 and actuarial annuity tables adopted by the department. The tables must be reviewed annually by a consulting actuary.

6. If a claimant would receive more money by electing to receive compensation in a lump sum than he would if he receives installment payments, he may elect to receive the lump sum payment.

Sec. 197. NRS 616.610 is hereby amended to read as follows:

616.610 [Every]

1. Except as otherwise provided in subsection 2 and section 19 of this act, every employee in the employ of an employer, within the provisions of this chapter, who [shall be] *is* injured by accident arising out of and in the course of employment, [shall be] *is* entitled to receive for *a* temporary partial disability the difference between the wage earned after the injury and the compensation which the injured person would be entitled to receive if temporarily totally disabled when the wage is less than the compensation, but for a period not to exceed 24 months during the period of disability.

2. Except as otherwise provided in NRS 616.252, an injured employee or his dependents are not entitled to accrue or be paid any benefits for a temporary partial disability during the time the employee is incarcerated. The injured employee or his dependents are entitled to receive such benefits if the injured employee is released from incarceration during the period of disability specified in subsection 1 and he is certified as temporarily partially disabled by a physician or chiropractor.

Sec. 198. NRS 616.615 is hereby amended to read as follows:

616.615 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of this chapter, the compensation is known as a death benefit, and is payable as follows:

1. In addition to any other compensation payable pursuant to this chapter, burial expenses are payable in an amount not to exceed $5,000. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation must be borne by the insurer if the transportation is not beyond the continental limits of the United States.

2. To the surviving spouse of the deceased employee, 66⅔ percent of the average monthly wage is payable until his death or remarriage, with 2 years' compensation payable in one lump sum upon remarriage.

3. In the event of the subsequent death of the surviving spouse:

(a) Each surviving child of the deceased employee must share equally the compensation theretofore paid to the surviving spouse but not in excess thereof, and it is payable until the youngest *child* reaches the age of 18 years.

(b) [If] *Except as otherwise provided in subsection 11, if* the children have a guardian, the compensation [on account of them] *they are entitled to receive* may be paid to the guardian.

4. Upon the remarriage of a surviving spouse with children:

7. The aggregate compensation payable pursuant to subsection 6 must not exceed 66⅔ percent of the average monthly wage.

8. In all other cases involving a question of total or partial dependency:

(a) The extent of the dependency must be determined in accordance with the facts existing at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon his earnings for support at the time of the injury causing his death, the monthly compensation to be paid must be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to the partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his death.

(c) The duration of compensation to partial dependents must be fixed in accordance with the facts shown, but may not exceed compensation for 100 months.

9. Compensation payable to a surviving spouse is for the use and benefit of the surviving spouse and the dependent children, and the insurer may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

10. In the event of the death of any dependent specified in this section before the expiration of the time during which compensation is payable to him, funeral expenses are payable in an amount not to exceed $5,000.

11. *If a dependent is entitled to receive a death benefit pursuant to this section and is less than 18 years of age or incompetent, the legal representative of the dependent shall petition for a guardian to be appointed for that dependent pursuant to NRS 159.044. An insurer shall not pay any compensation in excess of $3,000, other than burial expenses, to the dependent until a guardian is appointed and legally qualified. Upon receipt of a certified letter of guardianship, the insurer shall make all payments required by this section to the guardian of the dependent until the dependent is emancipated, the guardianship terminates or the dependent reaches the age of 18, whichever occurs first, unless paragraph (a) of subsection 12 is applicable. The fees and costs related to the guardianship must be paid from the estate of the dependent. A guardianship established pursuant to this subsection must be administered in accordance with chapter 159 of NRS, except that after the first annual review required pursuant to NRS 159.176, a court may elect not to review the guardianship annually. The court shall review the guardianship at least once every 3 years. As used in this subsection, "incompetent" has the meaning ascribed to it in NRS 159.019.*

12. Except as otherwise provided in paragraphs (a) and (b), the entitlement of any child to receive his proportionate share of compensation pursuant to this section ceases when he dies, marries or reaches the age of 18 years. A child is entitled to continue to receive compensation pursuant to this section if he is:

(a) Over 18 years of age and incapable of [self-support,] *supporting himself,* until such time as he becomes capable of [self-support;] *supporting himself;* or

(b) Over 18 years of age and enrolled as a full-time student in an accredited vocational or educational institution, until he reaches the age of 22 years.

Remarks by Assemblyman Giunchigliani.

Assemblyman Evans requested that Assemblyman Giunchigliani's remarks be entered in the Journal.

I would like to attempt to frame the issues that we have faced on Senate Bill No. 316. Because there was no bill in the Senate for 60 days, simply concepts, there was no true public input. In fact when BDR 53-1764 became a bill on March 23 there were no subsequent hearings for testimony, technical corrections or language review. Therefore, the Labor and Management's commitment was to full and open hearings. Information is power—each of our committee members needed to have as much information that would lead them to make a proper decision. Unfortunately, no one could have guessed that so many other hidden agendas were in the SIIS mix. All of these affected our ability to properly consider the legislation. We did our best. Six members voted out a package which we believed eased the injustice that the injured worker and small businesses were asked to bear. We never viewed this as a fight. We were determined and resolved to hear all sides and make our judgments on the facts we gathered. We were determined to let all sides make their viewpoints clear and to reach conclusions in good faith after careful study.

SIIS isn't a problem of two sides. It is a problem of many different sides. There were honest differences about *how* to reform, but the *goal* of reform has been *common* among all of us. The Senate chose to attempt a short-term approach of reform by numbers. We chose to reform by looking at long-term approaches. Perhaps it's a difference between art work done by a paint by number set versus Picasso.

As Burke said, "If I can have no reform without injustice, I will have no reform." There are honest differences about how to reform, but the goal of *reform* has been common. The Assembly Labor and Management committee felt the *zeal* to reform *overlooked* the injustice of too great a burden on too small a group. We fought for a more fair distribution of responsibility for change. We all want the State Industrial Insurance System made whole, workable and affordable. The question to us was how to create reform without injustice. One out of six Nevada workers is injured on the job. This is real pain, suffering and job loss. This represents many millions of dollars in costs to employers. It all represents many millions of dollars in profit for those who treat these injuries. Our focus was the injured worker, those who treat, those who counsel and those small businesses that pay the majority of the costs. It was for these people that we were determined to hold the line. Unfortunately, those who sought to gain from this fight found ways to separate and splinter people off from each other, through rumor, intimidation and a perceived need to get this over with. False time lines always allow for poor judgment and rash decisions. We attempted to play fair, and I personally never went back on my word during the negotiations. A few others attempted to. We were consistent and determined because what we were doing was right. Through support from several Labor and Management committee members and many other members of our caucus, we fought the good fight.

There are still some problems with Senate Bill No. 316.

GOVERNOR CONTROL: I fought along with many, to oppose this position. It was not opposition to the Governor, but rather a further politicalization of the system. The Governor will control under this bill with no board of directors, and I do believe for public access, he will absolutely agree to report to Interim Finance Committee and the Legislative Commission during the interim.

PRE-EXISTING CONDITIONS: With this language we have begun to change the common law of "you hire me as I am." The Senate's language will force us into the courts, but I believe the courts will and shall rule on the side of the injured worker.

VOCATIONAL REHABILITATION: Redefines eligibility but we must use caution to assure that those who truly deserve and need rehabilitation, get it.

MANAGED CARE ORGANIZATIONS: Still, in my opinion, allows discrimination and no guaranteed access on the front end. We even proposed an open/closed panel but others would not budge. We've been assured that there would not be any allowance for "gatekeeper" within any of the managed care organizations. We still must assure through the RFP process that providers are not charged hundreds nor thousands of dollars just to get on a panel. We argued against enriching a few at the expense of many.

DEDUCTIBLES: We attempted originally to remove the mandatory deductible and allow optional selection, but were unsuccessful. We then attempted, after meeting with small businessmen and women to do a $50 for employers under 50, $100 for 50-100 and $300 for all others and $500 for high risk. The Senate moved down to $100 across the board and $1,000 for high risk. We did accept that. I still remain concerned about the high risk because we could cause Nevada companies from being able to competitively bid.

These are just some of the reasons why I am dressed in black and why I still in my heart do not support this bill. That is why this bill is not an agreement, it's not a consensus, rather, it's a bill built upon concessions. It's the best we can do at this point in time. It's a better bill because of my committee's efforts, hard work and refusal to give in. I am very proud of them. As Robert F. Kennedy said, "Each time a man stands up for an ideal, or acts to improve the lot of others or strikes out against injustice, he sends forth a tiny ripple of hope. . ." I hope that we all recognize that reform is evolutionary. I hope that as Governor Miller assumes the responsibility he does so with compassion. In the best interest of my constituents who are working men and women, doctors, chiropractors, attorneys, small businesses and senior citizens, I will support Senate Bill No. 316 which is at least a start and puts us on the road to reform. Thank you, Mr. Speaker.

Assemblyman Porter moved that Senate Bill No. 316 be placed at the top of the General File.

GENERAL FILE AND THIRD READING

Senate Bill No. 316.

Bill read third time.

Remarks by Assemblymen Porter, Kenny, Collins, Ernaut, Price, Anderson, Bache, Carpenter, Regan and Freeman.

Assemblyman Evans requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I have a real long floor statement, but Senate Bill No. 316 is SIIS.

ASSEMBLYMAN KENNY:

Thank you, Mr. Speaker. Mr. Speaker, today I stand in philosophical opposition to a bill I will be voting for. Senate Bill No. 316 presents us with a myriad of issues—both political and practical. As we all have been told, SIIS must be fixed—must be put on course. Our goal, as a member of the Labor and Management Committee, was to do that in the context of a supremely flawed bill sent over to us from the Senate.

We disagreed strongly with the numbers used, re-used, discarded, altered and fixed to fit some arbitrary goal of savings needed to get SIIS back on course. Initially, we were presented with a request from the executive branch for a mandatory $400 deductible for every business. Senate Bill No. 316 then presented itself offering a $200 deductible instead.

Small business fiercely objected to this portion of the bill. Gaming did not. Unfortunately, as our state is unique in its makeup, we think of business as gaming. In reality, small businesses employ the majority of workers in this state and across America. I am a

small business owner; I understood completely their concerns. Small business objected to a hidden rate increase in the form of this mandatory deductible. Indeed, that is exactly what it was. Today, Senate Bill No. 316 takes at least one step toward protecting the small business owner in that the mandatory deductible has been lowered to $100.

I wish us luck with the plans put forward in Senate Bill No. 316, for most assuredly, Mr. Speaker, we will need it. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. To you and through you to this body, I first want to commend all the members of the Labor and Management Committee in the Assembly for their input and their many hours of hard work trying to reform the problem with worker's comp; trying to find ways to better treat injured workers and still allow business to thrive and survive in Nevada. Our chairman has done an outstanding job representing workers, small and large business, and everyone who operates in the State of Nevada, and I think she has done an outstanding job. I want to publicly commend her. She stood for all of us against a lot of big influences, and she stood up strongly and represented us well.

There has been a perception of a crisis that has just snowballed, and so we have maybe made this a bigger thing than it is. Two years ago you passed Senate Bill No. 7, and it started us on the way to repairing the worker's comp problem. But also created here with this bill before you that you have to vote on is allowing governor control that has already been there. The executive of this state has always chosen the board that ran the program; has always chosen the appeals officers that "handed out the money" to the injured worker and the attorneys.

The attempts made by the Assembly Committee to bring about a balanced and fair piece of legislation have been a valiant attempt to reform the program in the State of Nevada, and there is not very much of it left in this bill; however, the good parts of this bill are that there will be a fraud unit by the attorney generals office, but there are a lot of things we have lost in it. Injured workers and the citizens of Nevada elected you to represent them and not special interests. I hope that we will be able to follow up this bill with reform that is fair reform that will protect small business who employ most of the people and will protect the workers in this state.

There are statements that an MCO is going to save us $63 million. A closed panel MCO is going to create a two-tiered medical society. You are going to have cheap care for injured workers and everybody else can go to their own doctor. There are some real problems. The deductibles are going to erode legislation we passed this session that was to bring Nevada workers back into Nevada to work, keep them here working and give Nevada employers a job. One of those bills is Assembly Bill No. 205 that the governor already signed. We're trying to pass bills that help Nevadans work to improve the economy and the diversity of this state.

I am very concerned because this legislation's goals from the Senate side, and also many attempts by some people who have influenced this legislation, was purely to save money or to meet some perceived crisis budget rather than to reform a system that would improve the safety and working standards and improve the treatment and the management of treatment of workers in the State of Nevada.

Many of you found on your desk yesterday a statement from the Journal from the Senate from Senator Brown, and it started off with, "It was with great sadness that I voted to pass along to the Assembly a bill which includes . . .", and it goes on. I have to agree with Senator Brown today that it's with great sadness that I see the bill presented before you that many of you are going to vote for. My hope is that you will strive, as representatives of citizens of Nevada, to improve upon what is going to pass here today. Thank you.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. Today I stand in support of Senate Bill No. 316. Worker's Compensation reform has proven to be the most devisive, emotional, important issue that has faced Nevada in many years. In the deliberations we had, we faced two wholly separate issues, one chronic and one acute. Firstly, the chronic problem was to adopt substantial management policy for a system that was over $1.4 or $2.2 billion in debt in

such a way that the environment did not continue to exist to allow this problem to happen again and again. Secondly, the acute problem was the emergency situation we were presented with, a system hemorrhaging at a rate of $1 million a day.

These problems independently were intimidating enough. However, when you sprinkled in the hundreds of special interest groups, desperately trying to perpetuate their piece of the pie, the problem became exponentially worse.

The members of this committee felt the pressure from all sides, but not the pressure of being lobbied, per se, but the pressure to remain focused on the task at hand, and that task was to return an injured worker to work as whole, as expediently, as possible while balancing the obvious financial responsibility that we had to the businesses of this state. In short, a precarious balance had to be reached between labor and management. I think Senate Bill No. 316 went a long way in reaching that balance.

Some will say that labor lost and benefits were cut. Some will say that business lost because premiums were raised, but I learned from a political mentor of mine, Lou Bergevin, on the day that I first came into this building that when everybody walks away from a deal equally unhappy, you've got a pretty good deal.

When hearings began, I said this issue would not be fairly dealt with until all affected parties checked their pound of flesh at the door. I think that most of the people close to this issue will tell you that everybody left with the same size Band-Aid. When the dust settles, some people will say that we were extremely harsh on some companies, unsafe companies. I say good. If you are unsafe, you don't deserve to do business in the State of Nevada. Some people will say that we were harsh on some workers who stretch the rules, tried to stay on the system a little longer. Again, I say good. If you defraud this system, you deserve to be caught, you deserve to be prosecuted.

If we dissect Senate Bill No. 316 under a microscope, everyone in this house, probably everyone in the audience, can find something wrong with it, find something that personally is dissatisfying to them. So I'm going to confine my remarks here to what is right. Two main points we succeeded in, one was the cutting-edge reform in vocational rehabilitation, which is probably the largest cost driver in the system. We also succeeded in language that made fraud extremely difficult to perpetuate in the system. Since these two issues drive nearly 45 percent of those costs, we did a dang-good job on that.

All in all, Senate Bill No. 316 is a good bill. It is built on compromise and negotiation, something that I am proud of, and I think all Nevadans should be proud of. We succeeded.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to this honorable body, I will be voting against Senate Bill No. 316 today, but I would like to recognize and congratulate our distinguished—if I may add, distinguishable—Assemblyman from District 9, chairman of the Labor and Management committee for her extraordinarily hard work in trying to preserve as much as she could for the injured workers of Nevada, and to our distinguished majority leader for his hard work, and to the committees for their hard work on this bill. I've been here long enough to know that we seldom—and particularly a subject matter as contentious as this has been—get out of here with something that is acceptable to everyone. Like you, Mr. Speaker, I have gone through some evolutions with the industrial insurance system over the years, and it looks like we didn't quite have the right answer the last few years, or perhaps we should have looked at it before now.

According to my understanding with just a little bit of research in the last few days, we have in the neighborhood of 645,667 employees in Nevada. We have 30,521 employers, so defined. I am told that in 1992—and I am not sure if this comes to the sixth one out of every six—we had some 82,000 injured workers, and in 1993 to date, some 71,000 injured workers. I would have hoped that we would have been able, at this point, to have reached a compromise among ourselves in this house that would have returned a bill to our colleagues down the hall with a little more concern and consideration for those injured workers. Now we all know, and I have been around long enough to know, that we don't believe everything that we read in the paper, but perceptions, and occasionally even reality, seeks its way out through the media, and as I was looking at the list of winners and losers on the front page of today's paper, I saw, "Issue, managed care—winner, the governor; loser, the injured workers. SIIS management—winner, the governor; loser, the

current SIIS board" which we created a number of years ago, and apparently, at this point in time by my perception, did not give as much authority to operate that system as we should have. It was the intention years ago to set that up like a business. However, "Compensation—winner, the governor; loser, injured workers. Benefits—winner, governor; loser, injured workers. Job training—loser, injured workers. Reopening cases—loser, injured workers." In all good conscience, understanding political reality, I still cannot support the measure that we are sending over. I appreciate our governor and his efforts; I would respectfully suggest that I probably have more injured workers who will be losers than I have governors who live in my district.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of Senate Bill No. 316 in its current reprint. First of all, I want to make it very, very clear that there is no one more courageous in standing for injured workers than the distinguished chairman of the Labor and Management Committee. There is no finer representative of her district nor of injured workers. She has fought far beyond merely the accolades of a good fight. Hers is not a fight of concession, but of recognition of concession to concede to the position to move this bill forward. Indeed, I am sure she would be standing toe to toe had she had the full support of many members, including myself, in that committee. Therefore, I cast that aspersion on myself.

I'm supporting this bill, and ask others to do so, because of the perception and the reality of the world in which we live. When we first began, in the first week of this session, the chief executive officer of the State of Nevada appeared before us, as is required by law, and told us of the major issues and problems we faced. Indeed, throughout this country, workman's compensation is in trouble, and he told us in his state-of-the-state that the other governors could not imagine the depth of our problem. Perception is that this state needs to attract new businesses, needs to move itself away from being tied to itself to a single industry. We need to straighten this system out because our workers need jobs. The working people of this state need protection and they need jobs. This is only a start. This is a turn, I believe, and I hope that the executive department of this state has the courage to face the reality of the problem, to face it with as much courage as my distinguished colleague from Assembly District 9 did. And remember that there are people behind this and not just numbers.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. To you and through you, Senate Bill No. 316, as amended, is not a perfect bill. I would not even call it a good bill, but it is the least of all evils that can be passed this session. There are some good points to Senate Bill No. 316, such as the SIIS fraud unit for the Attorney General's Office, and most of the vocational rehabilitation language as amended by the Labor and Management Committee. However, there are a number of items in this bill that are devastating to injured workers and small businessmen. First of all the mandatory deductible of $100 is far more burdensome to small employers than to large employers. In addition, the deductible for the employers in the high risk pool, while a good idea, is set too high at $1,000, and may put some of the smaller businesses out of business.

Senate Bill No. 316 has been purported to freeze the average monthly wage for employees for two years, but in reality it is a three-year freeze, because the last one was increased on July 1, 1992, and the next change will occur on July 1, 1995. Senate Bill No. 316 is inequitable to those with pre-existing conditions, and this issue will result in many court cases. In the Labor and Management Committee, I asked how former Senator Stephanie Tyler would be affected by this section of the bill. She was injured in an airplane crash a few years ago which is well-known and documented. The response from the attorney for the system was, if she had been in a heated discussion with someone, another lobbyist in the hallway, and was knocked down or thrown against a wall, I asked if she would be covered or not. The answer was, "Maybe, maybe not, probably not."

Senate Bill No. 316 will give the Governor total control of the system. As a result, the management team, put into place two years ago, brought these many problems to light, will more than likely be dismissed. Politics and personalities will determine the direction of SIIS for the next two years. I predict many SIIS employees will leave the system, and

that policy holders and injured workers in the system will be worse for it. People will be denied access to the system. This will cause workers to file for welfare, impact county hospitals and the general fund of the State of Nevada.

I would like to thank the chairman of Labor and Management for her hard work on this legislation. She knows how I feel on this issue. Thank you, very much.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. As the loyal opposition, I would like to thank the chairman of our committee. She was always gracious. Always let us tell our stories and I want to thank her for that. I know that this is a tough deal for everybody. But, the way I look at it if we do not fix this system now, the big loser is the injured worker and the taxpayer of Nevada. I have concerns with Senate Bill No. 316, but I am going to vote for it. I think after sitting through about six weeks of testimony there are some things I should point out. I think maybe we are not going far enough and are not going to fix the system which we should. I think if we have to come back and do it again it is going to be just that much more evasive and much more hard feelings.

The magic number I always heard was $300 million. I think that came from the Governor and his representative. Although, it may have been over a period of two years, an average of $300 million, what we have now came over from the Senate at $261 million, and now we have cut that down to $240 million, if we can believe the figures. I think we all know that when we make a budget of our own in our home or in our business, we have got to leave a little leeway in there for possible downturn and mistakes. I do not think we have that plugged into this particular situation.

The way Senate Bill No. 316 is now it is not going to be solvent until 2002. That is ten years. I think that is a long time for an industrial insurance system to become solvent. I really have a concern with the managed care language. Managed care is the second largest savings in Senate Bill No. 316, some $63 million. We have a couple of items in there that I think may prevent managed care from working. I hope I understand the deal of, you know we all want to go to our own doctor and all this thing, but I think managed care works, at least with the people that I have talked to. They say that it works, and we can have some real savings. It shows us in this bill.

If we have a situation here where you are going to have to have seven managed care organizations in the southern area of the state and three in the north, I mean five, I think that might prevent the Governor from getting the managed care organization that he wants. I do not think we should be doing that. Vocational rehabilitation is the largest savings that we have and, well it should be, because it now uses 25 percent of the premium dollar. It came over from the Senate with a number of specific areas based upon a percentage of impairment. The bill we have now is much more liberal than when it came from the Senate. I hope we have not made a mistake here and that we are not going to realize the $66 million in savings.

The philosophy on the permanent parts of disability injuries, I think, is a situation that I would like to see handled much differently. The Senate cut that down from six percent to five percent. Now we have 5.4 percent in the bill and we lose $10 million. I think we could have given a lower rate, a lower percentage to those injured workers that maybe did not need to so much and increased it to the people who were really hurt the most and still saved our $10 million.

In our committee we removed the temporary total disability limitation, commonly known as the five-day wait. We really needed to do that because that was very punitive to the injured worker. I think the committee should have also removed the freeze on the average monthly wage. That is a punitive situation that is going to come back to haunt the system. They are going to have to come up with a lot of money in a few years. This is probably the biggest mistake we made as far as the injured worker is concerned. As far as the deductible, granted we helped the small businessman, and in reality we did not increase his rate quite so much, but when you put a $1,000 on the unfortunate 500, that is a pretty large hit. I think we should have done other things such as help them with their safety program, help them with claims management. A $1,000 deal could put some of our people out of business.

I am a little bit concerned, I guess not a little bit, a lot of concern that we had the opportunity to save another $25 million when we did not put in the discount rate. If we had lowered the market discount rate or made it 9.5 percent, we could have saved $25 million. I think maybe that is the biggest mistake we made and would hopefully have prevented a premium increase which we are probably going to have to be having here. There are other things that we could have done, but we did not.

Out of our committee, it was voted that we lower the age limit from 70 down to 65. That would have saved us over $11 million. Most states do that. They have coordinated benefits. When social security or a pension plan comes in, then you can reduce that. That would have saved a lot of money. My final thought is the Governor is taking on a huge responsibility. I really do not know why any politician would want to do it. I just hope that he has a special guardian angel and that guardian angel has SIIS printed in large letters on both wings and below SIIS are the words, so help me God.

ASSEMBLYMAN REGAN:

Thank you, Mr. Speaker. To you and through you to this honorable body, I, too, was a member of the Labor and Management Committee for the past three or four months working on this bill. As a small businessman in my other life, when we are not here, I support this bill. I would suggest that my colleagues do so, also. As you have heard from other speakers, it is not a perfect bill. You have heard winners and losers, but as my esteemed colleague from Elko has reminded us, the taxpayers of Nevada will all be losers if we do not pass this bill. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I stand in support of Senate Bill No. 316. I do have some concerns as everybody else does. Those of you who understand that I do have a long history in the field of health care. My major concern is that we do not consider managed care a silver bullet. It is not going to cure the issue of the cost of health care. The management on how it is done, the utilization review, the quality of care, the cost, unless that is monitored and watched very carefully, this whole program with everything that has gone into it, collapses on itself. I hope that this program is funded adequately, that we will hire the best and the most talented across the nation to run this program. The onus is on the Governor and the Governor's Office. I hear they are commited. To me, that is the proof of the pudding, when two years from now we find managed care has adequately addressed the issues of the quality of health care and the delivery and assistance. When you talk about health care, you also have to talk about safety training. Maybe I missed it, but I did not see a lot in the bill about requirement encouragement to companies to provide and enforce safety procedures within their company. I think that is absolutely critical. Companies who do it in a way that is proven to be effective should be rewarded and those who do not, should be punished. We must teach people to care for themselves and insist upon it in the job market. I do intend to vote for the bill. We will all take a look at it two years from now. I hope it works.

Thank you, Mr. Speaker. Assembly Bill No. 641 authorizes the governing bodies of a county, its largest city, and any other incorporated city to enter into an interlocal agreement consolidating certain services provided by those governments. The measure outlines the services which may be considered for consolidation, such as fire services, land use planning, and business licensing. The bill allows the governing bodies to establish a permanent administrative entity to oversee the consolidated services and to negotiate the amount each body will contribute to the budget of the administrative entity.

Further, Assembly Bill No. 641 requires Nevada's Department of Taxation to analyze the budgets of the parties to such an interlocal agreement for five years to determine if any savings result from the agreement. If the department determines that no saving has resulted, it shall notify each party to the agreement and the Legislative Counsel Bureau of its finding. If such a determination is proclaimed, this act expires by limitation at the end of the fiscal year during which the proclamation is made.

At least today I get to speak on a very good bill. In fact, it is a good government bill. Assembly Bill No. 641 embodies what Osbourne and Gaebler's book, "Reinventing Government," where they reflect in their preface the people's lack of confidence in government stems not from what government should operate, but instead on how government should operate.

Government exists to serve its citizens, in other words, its customers. Yet, some of those in government do not seem to think of the taxpayer as a customer. People want not only the value from government services, but they want to feel valued as well.

Those of us that chose government at this point in time as public officials, who also happen to be taxpayers, have all too often witnessed the arrogance of the bureaucracy. That is what this bill is all about. Despite the bureaucratic quagmire and administrative fears that we must recognize in Nevada that you and I grew up in or moved to, has changed. The good-old-boy network is outmoded and improper. The games for the sake of games, the protection of territory and power is intolerable, and a lack of vision, planning and willingness to buck the system is unacceptable. Those of us who believe we can do better believe that one mechanism happens to be through the consolidation of governmental services and in turn hopefully down the road governmental entities.

We must make government user-friendly, efficient and competitive. If you have a bloated administration and duplicate departments, you have a tendency to create atmosphere ripe for cronyism and ineffectiveness. My district, which is located in the city of Las Vegas, the people there want services, need services and are willing to pay for them. All they want to know is that the money is well spent and going to services they are providing the tax for.

The state is ready for change, and not change for just change's sake, but true substantial change for better government for the people that it serves. I would urge your adoption of Assembly Bill No. 641.

Assemblyman Wendell Williams moved the adoption of the resolution.

Remarks by Assemblymen Wendell Williams, Collins, Chowning and Myrna Williams.

Assemblyman Humke requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Madam Speaker pro Tempore. It is an honor to be able to move for the adoption of this resolution. It has been said by a great man that the ultimate measure of a man or woman is not where they stand in moments of company convenience, but where they stand in moments of challenge and controversy. Cesar Chavez was one who is clearly indicative of this type of thinking and vision. That vision would transpire not only for this resolution, but for many years to come. Hopefully, this small body in the State of Nevada can show that we understand and appreciate people, not only with high intelligence, but intelligence that moves other people for the good of all mankind. I am very honored to move for adoption of this resolution.

ASSEMBLYMAN COLLINS:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution. In the summer of 1969, I worked in a great potato and fruit shed in Bakersfield, California, on East Highway. At that time, Mr. Chavez was struggling and fighting hard to represent people, such as myself and my family members, who still live in Bakersfield and work in the produce industry. I am very proud of what that man did for the working people, especially migrant workers, who have a better life because of his hard work. I strongly support this resolution.

ASSEMBLYMAN CHOWNING:

Thank you, Madam Speaker pro Tempore. I stand in support of Senate Concurrent Resolution No. 48. I was very, very proud and happy to have been able to live when this great man, Cesar Chavez, did. He truly stood for the common worker. He did something all of us should do, and that is give a voice to those who do not have a voice. It is through this voice their wishes can be heard. That is something we all should fight for as well. Thank you.

Madam Speaker pro Tempore requested the privilege of the Chair for the purpose of making the following remarks:

I, too, had the honor of meeting Cesar Chavez. I must say it is with great sadness his voice has been stilled.

Resolution adopted unanimously.

By Assemblymen Augustine, Bonaventura and Giunchigliani:

RESOLVED, That residents of the State of Nevada are hereby urged to observe the month with appropriate ceremonies and activities.

Assemblyman Augustine moved the adoption of the resolution.

Remarks by Assemblymen Augustine, Porter, Giunchigliani, Dini, Smith and Bonaventura.

Assemblyman Humke requested that the following remarks be entered in the Journal.

ASSEMBLYMAN AUGUSTINE:

Thank you. The Italians have been very instrumental in the shaping of America, from the discovery of America by Christopher Columbus in October, 1492, to the naming of the Americas after the explorer Amerigo Vespucci. Italians have made contributions in this country for the past 500 years, and it is also an honor that our distinguished Speaker of the Assembly, Joseph Dini, Jr. and the Majority Leader of the Senate, William Raggio, and our distinguished Attorney General are Italians. We felt that it was only appropriate that we have an Italian history month this year in October, and it is just unfortunate that our majority leader is not Geno Portini. Thank you.

ASSEMBLYMAN PORTER:

Thank you, Madam Speaker pro Tempore. I rise in support of Assembly Concurrent Resolution No. 77. If I did not, I would be without a law partner in about five minutes. As you know, my partner, Dominic Gentile, is quite proud of his Italian heritage. He has been the Italian/American Man of the Year, Augustus Society Man of the Year, and is very active in the Italian/American community in Las Vegas. Columbus day is a holiday in my office, and I remember one day I instructed the staff that we were going to work on Columbus Day, and about 30 seconds later he was in my office convincing me that we were not because it was sacrilegious to even think of working on Columbus Day. It was equivalent to Christmas, in his opinion. So, I do support Assembly Concurrent Resolution No. 77, and I do want to take a moment to recognize the valuable contributions that a lot of Italian/Americans have made, not only to America, but to the State of Nevada. They are an outstanding group of citizens that have been much maligned, and I think wrongfully so in the past. Groups like the Italian/American Society and the Augustus Society in Clark County have gone to great lengths to erase that image. Therefore, I commend them and stand in support of this resolution. Thank you.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of Assembly Concurrent Resolution No. 77. I guess you can tell by my name, I am an Italian. I think what would have helped Mouryne a lot would have been a hand fill-in. Italians clap their hands for the very simple reason that nobody can pronounce our names anyway, and it kind of helps to roll along with it. I think we just missed a couple, Vido and Marco and Antonio. I was going to mention Dominic Gentile, Pavoratti; maybe one of my peers up here could perhaps sing "O Sole Mio," but I will spare everyone. What this resolution really is doing is not taking away from or dealing with the debate about Columbus Day, but just simply to recognize that next year the month of October that we recognize the contribution for both the women and men. I believe there is going to be a book published on Italians in Nevada, and I think our Speaker will be in it, as well as many other previous members of the legislature. So, perhaps you can make sure that you look forward to that. I would ask my peers to support Assembly Concurrent Resolution No. 77.

ASSEMBLYMAN DINI:

Grazi tente, Senora. Thank you, very much, Madam Speaker pro Tempore for allowing me to speak on this important resolution. You know, I guess I am kind of getting historical. When you get in your mid-sixties, you start thinking about the past, and your parents, and the families who came over here. My father came to America in 1911 as a 15-year-old, worked on a farm in Smith Valley from sunup to sundown for fifty cents a day. Drew Wilson, a good old guy, was the foreman on the ranch. He was working for Italians, and taught him how to talk English in the bunkhouse, and he went from there. My mother came over in 1920. Her brother was here. He sent some money for his sister to come over with my uncle's bride-to-be. The two young Italian girls landed in Boston, got on the train, and made it clear across the United States without speaking one word of English. They ate salami and bread all the way across the country because they did not know anything else. They have great stories, and you could write books about the stories of the Italian ancestry we have here. Most of them landed in northern Nevada, in Reno, and they came out to Dayton, which still has a lot of Italian heritage. The Quilici's and the Selmi's and the Ricci's are old families that have been here for several generations now. And then some have migrated farther to Yerington and Smith Valley, because they were farmers. They raised the food for the Comstock, starting back in the 1860s when they came over and did the truck farming, so they had the crops to feed the people in the area. Joe Viani was my colleague from Hawthorne. He is deceased now. He told me the story from the 1920s when he was working on the ranch in Dayton. He was courting Julia, who just passed away recently, and she was a school teacher at Como. She was a Baldini from Yerington, originally. He used to get on his saddle horse every night after work and ride up to Como to visit his bride-to-be. There are a lot of stories you can tell about the Italians, and I think they have made a lasting impression in our state. We have many people out there that we ought to commend. I could have made a long list of the outstanding Nevadans of Italian heritage. I am very proud of my heritage, and every Italian that I know is proud of it. When I was a kid, they used to have some fights between the Englishmen and the Irishmen and the Italians in Yerington. We were kind of the outsiders. Now, we have fooled them all. We have married their daughters, and now they cannot criticize us any longer. I certainly support the resolution.

ASSEMBLYMAN SMITH:

Thank you, Madam Speaker pro Tempore. As a major fan of Vivaldi and spaghetti, I rise in support of this resolution.

ASSEMBLYMAN BONAVENTURA:

Thank you, Madam Speaker pro Tempore. I rise in support of this resolution, also. I would just like to make a few short comments. I think there are way too many Italian/Americans to list in this resolution, but all the people who are not listed, we would like to think about them also. I think this resolution is well deserved, and I urge everybody to support it. Thank you.

Resolution adopted unanimously.

Assemblyman Augustine moved that all rules be suspended and that Assembly Concurrent Resolution No. 77 be immediately transmitted to the Senate.

Assemblyman Gibbons requested that the following remarks be entered in the Journal.

ASSEMBLYMAN TOOMIN:

Thank you, Madam Speaker pro Tempore. It should be no surprise to anybody in this room that I rise in support of Assembly Bill No. 528. The concept of election reform is not a new one. Election reform debate has taken place in both houses of this legislature on many occasions. As a matter of fact, election reform legislation was passed out of both houses as recently as 1991. Unfortunately, by the time it was signed into law, it was so watered down, it was rendered ineffective.

Assembly Bill No. 528 came about because of several incidents that occurred during my 1990 Clark County Commission campaign and last year's campaign for this prestigious seat. I, like many of you, I am sure, have had an accusatory finger pointed at my chest with an accompanying statement such as, "You politicians are all a bunch of crooks and thieves." I doubt if any of us in this hallowed chamber are crooks or thieves. I must remind all of my honorable colleagues, neither are we a secret society. We are public servants.

As public servants, we are obligated to open our public lives to the most comprehensive scrutiny. We must be held to a higher standard and provide any and all information pertaining to our campaign, election, and tenure in office to the people who elected us. We must open government and the governmental process. Assembly Bill No. 528 is a step in that direction. It is accountability in government legislation and would help restore needed credibility to all elected officials. I urge your support on Assembly Bill No. 528 and implore you for a do pass on this bill. Thank you.

ASSEMBLYMAN AUGUSTINE:

Thank you, Madam Speaker pro Tempore. To you and through you, to my colleague from Las Vegas, I have a question. I noticed, and if I am reading this right, that when I

originally signed on as co-sponsor of this bill, that it was going to lower the campaign threshold from $500 per reporting to $100. It appears now, I believe section 4, subsection 7, that each contribution must be separately identified. Is that correct?

ASSEMBLYMAN TOOMIN:

Thank you, Madam Speaker pro Tempore. To you and through you, to my colleague from District No. 12, it was debated on the floor on June 14 of this year and the bill was amended in committee. The threshold level was lowered to zero.

At 8:43 a.m.

Madam Speaker pro Tempore presiding.

Quorum present.

GENERAL FILE AND THIRD READING

Senate Bill No. 231.

Bill read third time.

Remarks by Assemblymen Bennett, Collins, Evans, Smith, Dini, Hettrick and Price.

Conflict of interest declared by Assemblyman Collins.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN BENNETT:

Thank you, Mr. Speaker. I have a rather lengthy floor statement and in efforts to cut down on verbiage, I will read the first and last part of it. If there are any questions, I will read the entire thing.

"Senate Bill No. 231 establishes a certification procedure for utility and tax benefits to encourage new industry in Nevada.

The Commission on Economic Development is required to report to the next two sessions of the Nevada Legislature concerning the certifications granted and the effect of this act on attracting business to the State. The bill becomes effective upon passage and approval."

ASSEMBLYMAN COLLINS:

Thank you, Madam Speaker pro Tempore. To you, and to this body, first of all, I must declare that I am a journeyman and lineman. I work on power lines. I am on leave of

absence from employment at a utility. I do not believe there is a conflict. I am concerned about this legislation. I just wanted to declare that there might be a conflict, but I do not believe there will be. Thank you.

ASSEMBLYMAN EVANS:

Thank you, Madam Speaker pro Tempore. I, too, would like to rise in support of Senate Bill No. 231. I think that it is incumbent upon us to do everything in our power to encourage new industry and to step up our economic development efforts. I call to the attention of the body an article that was in the *San Francisco Chronicle*, earlier this week, announcing that from 87 studies, show that from 87 to 92, 708 manufacturing firms in California either expanded to other states or completely left California. That totals in excess of 100 thousand jobs. At the same time, California is doing everything it can to hang on to its businesses. Currently, there are some 24 measures pending in the California legislature to try to stem the exodus of California firms. I think it is incumbent upon Nevada to do everything possible. This bill is an important step in the right direction. A lot of work has been done on this since released last year. I think a great deal of credit and congratulations is deserved by our own Speaker because he has been working doggedly to bring this measure before us.

ASSEMBLYMAN SMITH:

Thank you, Madam Speaker pro Tempore. I rise in support of Senate Bill No. 231. I feel this is powerful legislation. It is certainly a change in our current practices.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I rise to support Senate Bill No. 231. I think this is a new era for industrial development in our state by passage of this bill. There is a clause in here about being able to wheel power. This will be the first state that has done this by statute. It is permitted under federal law, but no state has put it into the statute. It means industrialists with the capital and money can go into the market, and purchase electricity, and pay the utility to transport it to the plant. I think that is very significant.

I think this is probably one of the better things that we have done since 1983 in the area of economic development. We entered in this field in 1983 to diversify our economy. We created the commission on Economic Development. We did some things in the law that attracted a lot of industry for our state. The competition is becoming greater. New Mexico is going all out to bring new industry to their state. Arizona, in the competition over one company that we had, changed their laws. They lowered their property tax from 25 percent of assessed valuation to five percent of assessed valuation and exempted the company from income tax. So you see, we are in a real war of attracting industries.

I think we did a significant thing on industrial insurance the other day which will help break the log jam which we had for several months here. A lot of companies have been waiting to come to Nevada and have been waiting to see what we were going to do in that area. By passing this bill, I think you are going to see major companies with heavy assessed valuations come to our state which will bring us a better and a more stable tax base. I certainly urge your support.

ASSEMBLYMAN HETTRICK:

Thank you, Madam Speaker pro Tempore. I rise in support of this bill. However, I would like to note that there was concern by one or two utilities who were involved or that could be involved by this. I would like to note for the record, this is permissive. The language is permissive and there is certainly nothing in this bill that requires utilities to be involved in negotiating if they choose not to. I think that is an important part of this legislation and makes it a very good bill.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. I will be rising in support of Senate Bill No. 231, but I do have a question, perhaps to the chairman of the committee. If a reduction in the type of rate is given to the facility coming in, then is the utility allowed to make application to the Public Service Commission to raise the rates for its other customers to make up for it or is it a straight deduction?

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I can answer that. No. It provides an only cost that can be borne by the general public.

I would be remiss if I did not mention the people that really brought Senate Bill No. 231 to fruition in the last few weeks of negotiations. Senator Adler was the lead person in working on this bill. Tim Carlson from the Department of Economic Development did an excellent job. Sierra Pacific Power Company has done an outstanding job for the past two years working with us in developing the language. The Public Service Company and their staff was involved in it, as well as Scott Craigie from the Governor's Office. It was team effort. I want to commend each and everyone of them for the job done on this bill.

WHEREAS, The 13-mile portion of the track between Virginia City and the Carson River is a continuous incline that has caused the Virginia and Truckee Railroad to be called the "crookedest" railway in the United States because the total of the curves in the track are equal to going 17 times around a circle; and

WHEREAS, Running from 30 to 45 trains per day, the Virginia and Truckee Railroad carried supplies of all kinds, including heavy machinery for the mines and goods and merchandise for the towns of Virginia City and Gold Hill and returned with ore from the mines for the mills on the Carson River, carrying from 500 to 800 tons of ore daily out of the Comstock Lode; and

WHEREAS, The Virginia and Truckee Railroad has been recognized nationally as one of the greatest engineering feats of the 1800s; and

WHEREAS, The Nevada Legislature hereby finds and declares that a general law cannot be made applicable because of the unique nature of the opportunity to restore this "iron horse" of the past and the variety of local governments that must be involved in the restoration; now, therefore,".

Amendment No. 990.

Amend the bill as a whole by deleting sections 1 and 2, renumbering sec. 3 as sec. 4 and adding new sections designated sections 1 through 3, following the enacting clause, to read as follows:

"Section 1. Chapter 453 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A court may establish an appropriate treatment program to which it may assign a person pursuant to NRS 453.3363 or 458.300 or it may assign such a person to an appropriate facility for the treatment of abuse of alcohol or drugs which is certified by the bureau of alcohol and drug abuse of the rehabilitation division of the department of human resources. The assignment must include the terms and conditions for successful completion of the program and provide for progress reports at intervals set by the court to ensure that the person is making satisfactory progress towards completion of the program.

2. A program to which a court assigns a person pursuant to subsection 1 must include:

(a) Information and encouragement for the participant to cease abusing alcohol or using controlled substances through educational, counseling and support sessions developed with the cooperation of various community, health, substance abuse, religious, social service and youth organizations;

(b) The opportunity for the participant to understand the medical, psychological and social implications of substance abuse; and

(c) Alternate courses within the program based on the different substances abused and the addictions of participants.

3. If the offense with which the person was charged involved the use or possession of a controlled substance, in addition to the program or as a part of the program the court must also require frequent urinalysis to determine that the person is not using a controlled substance. The court shall specify

how frequent such examinations must be and how many must be successfully completed, independently of other requisites for successful completion of the program.

4. Before the court assigns a person to a program pursuant to this section, the person must agree to pay the cost of the program to which he is assigned and the cost of any additional supervision required pursuant to subsection 3, to the extent of his financial resources. If the person does not have the financial resources to pay all of the related costs, the court shall, to the extent practicable, arrange for the person to be assigned to a program at a facility that receives a sufficient amount of federal or state funding to offset the remainder of the costs.

Sec. 2. NRS 453.3363 is hereby amended to read as follows:

453.3363 1. If a person who has not previously been convicted [within the past 10 years] of any offense under NRS 453.011 to 453.552, inclusive, or under any statute of the United States or of any state relating to narcotic drugs, marihuana, or stimulant, depressant or hallucinogenic substances tenders a plea of guilty, nolo contendere or similar plea to a charge [of possession of a controlled substance] under NRS 453.336, *453.411 or 454.351,* or is found guilty of [that charge,] *one of those charges,* the court, without entering a judgment of conviction and with the consent of the accused, may suspend further proceedings and place him on probation upon terms and conditions that must include attendance and successful completion of an educational program or, in the case of a person dependent upon drugs, of a program of treatment and rehabilitation [. Such a program must include frequent urinalysis to determine that the accused is not using a controlled substance. The court shall specify how frequent such examinations must be and how many must be successfully completed, independently of other requisites for successful completion of the program.] *pursuant to section 1 of this act.*

2. Upon violation of a term or condition, the court may enter a judgment of conviction and proceed as provided in [paragraph (a) or (d) of subsection 2 of NRS 453.336.] *the section under which the accused was charged.* Upon fulfillment of the terms and conditions, the court shall discharge the accused and dismiss the proceedings against him. Remarks by Assemblymen Marvel, Myrna Williams, Humke, Evans, Gibbons, Porter, Heller, Price, Carpenter, Petrak, Ernaut, Lambert, Garner, Gregory and Mr. Speaker.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I think this body was shocked by the very untimely demise of our former colleague, Bob Kerns. Even though he had elected not to return, I think we all thought that we would work with him this session. I think, as the resolution states, he was probably the epitome of public service, having served in the military, having served as a fireman and certainly a very dedicated legislator. Bob will certainly be missed. Tom, Nancy and to your mom, Ruth, we do express and extend our heartfelt sympathies to all of you.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I rise in support of this resolution. Bob Kerns was a very special friend. Even though we sat on different sides of the aisle, when we were together, we were a tornado. I truly, truly miss him. In Clark County, the children will always be able to thank Bob Kerns for the work he did for the special children's clinic.

The last time I saw Bob Kerns was in Portland, Maine at a NCSL meeting. While walking through one of the little shops, we found a great hat. It was a duck hat. We bought it for Bob. He wore it all through dinner that night. He was a man with great humor, great passion, great love and integrity. We dearly miss him. I hope Ruth and the children understand how much we miss him. Thank you.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 80. When you start the same year, you have kindred feelings for the people that you serve with. Bob was the last one that I started with in this house. As the Minority Leader said, even though Bob had decided that he was not going to return, it does not make it any easier because his death was so shocking to everyone.

You could not ignore that Bob Kerns was a presence. Whether those things went to the core of his being or the fact that he was a marine first, last, and always, or the fact that he was a firefighter. He was a pretty good lobbyist before he served here. He was an excellent assemblyman. You cannot ignore those things. Whether you were on the same side or on the opposite side of him, you always had the ultimate respect for him. I miss him deeply and send my regards to the children and to his lovely wife, Ruth. Thank you.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution No. 80. Having had the privilege of serving with Bob on a number of committees over the years, my fondest memory, however, was in the 1989 session when Bob, I believe it was his only session served on the Ways and Means Committee. He could not wait to get off.

He wanted on, but he could not wait to get off. The chairman at that time was Marvin Sedway. Both of these gentlemen were men of strong opinions. I think that is fair to say. They often had very lively exchanges.

Two years ago, we did reapportionment. Bob was designated hitter for the loyal opposition. Every time we came out with a new plan or a new version of the reapportionment plan, it was a race to see just what Bob would have to say. We were always trying to read his mind, "Okay, now, what is Kerns going to say? Why does he hate this one, too?" Bob announced that that was going to be his final session, he was going to be retiring. He did not give up. He did not just sit in this room or in this building and coast. He took his job and his work very seriously and always gave it his best measure.

In the resolution, Bob's duck carvings were mentioned. For those of you who have not seen his work, they are works of art. They are not just doodlings. Bob was very, very talented. I will miss him. Best wishes to the Kerns family.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker, for the opportunity to rise and add my support to this resolution. Bob Kerns was a man I respected, admired and loved for his wit, wisdom, kindness and help. Regardless of the issue, Bob Kerns always took you aside, gave you his side of the story, and let you know his decision on it. He was always, if not invariably, kind and correct in the way he approached issues.

Bob Kerns was responsible for encouraging a great number of people in this community to be interested in politics, and to that end, my tenure here can either be, depending upon your view, blamed on him or thanked, because it was Bob Kerns who encouraged me to run for the Assembly. I certainly would like to have an opportunity today to tell him thank you for what he has done and what he has meant to all of us. He always took the best interests in Nevada and representing the best interests of his constituency, as well as all Nevadans. He always felt that life was something you gave your all to. No matter what he was doing, whether it was being a firefighter or a legislator, Bob felt very compelled and compassionate in the way he approached things in life. He certainly will be missed among all of us who were his friends and I am sure his family as well.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution No. 80. I have been wondering when this resolution was going to come around. I am glad to see that it is finally here.

Mr. Speaker, it is almost two years ago to the day that Bob sat where my distinguished colleague from District No. 12 now sits and announced his retirement. At that time, we took a moment to thank Bob for all the time that he devoted to us and all the memories that he had given us. We gave him a standing ovation at that time. I say that because Bob was the kind of man who was one of the few fortunate ones who left this house under his own terms and conditions. He left when he wanted to leave.

To give you some idea of what kind of man Bob was, for those of you who did not know him, Bob lost his first election by one vote. Instead of crying about it and saying foul, he did not even file an election contest. In this day and age, that is an amazing fact. He lost by one vote. He congratulated his opponent, waited until the next year and ran. On the second election, Bob won overwhelmingly. He liked to attribute that to the fact that he quietly said okay, I lost in good faith and he let it go. That was the kind of man Bob Kerns was. It is unusual in this day and time, Mr. Speaker, to have a man who touched so many lives. You heard the comments earlier.

Two years ago, I publicly thanked Bob Kerns for being my mentor, and he was. He taught me all the procedural aspects of this job. He informed me about what was going on and we developed quite a friendship over the years, as we sat together for four years. I miss him. I was as shocked as anyone else at his untimely death, and it really was untimely, as Bob looked forward to spending his retirement years with his family. It is unfortunate that he did not get the opportunity to do so. I miss him very much. I wish the family much success. Thank you.

ASSEMBLYMAN HELLER:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution

No. 80. I had a tremendous amount of respect for the gentleman we, as freshmen last session, called the bulldog. He never minced words. You always knew where he stood.

I ran into the Kerns family about 16 years ago. We first met in 1977 when I was playing junior varsity basketball for Carson High School and their son, Tom, was playing junior varsity basketball for Reno High School. We played against each other for 16 years until this last basketball season. Finally, for the first time, we got to play on the same team together. I hope he enjoyed it as much as I did.

I do not think that I have to tell Tom or his family how wonderful his father was, but I am going to do it anyway. This gentleman was a role model. Bob was an inspiration and he was a gentleman. I have so much respect for someone who stood up for what he believed in. I believe these halls received a great loss with the passing of Bob. I, too, send my condolences to the family.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to this honorable body, I rise in support of Assembly Concurrent Resolution No. 80. It is hard to believe that it has been a year-and-a-half since Bob left us. I, too, had the privilege of first meeting Bob when he was doing his duties as a lobbyist for the firefighters, however many years back that was. I regret that the new people among us did not have the opportunity to work with someone of such character. Bob was just a good person all around. A wonderful family, wonderful man, beautiful home, I might add. From time to time, he would invite us to his home in Reno. It was indeed a shock when Bob left us. I just want to add to the accolades that Bob was a fine Nevadan. He was an excellent legislator. He was a good father and a hard working person for his community.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution No. 80. I believe I became a true friend of Bob Kerns. He sat fairly close to me in this legislative body and he would always bring those ducks around. I became sort of a duck expert by his description of what this certain feather means, and what that means, and this color and that. I always enjoyed that. Bob had such a talent and was such a creator.

I remember when he would stand up and smile. You would know that Bob was going to give us the true word that day. Bob was a true friend and I thoroughly enjoyed him. He always loved, enjoyed and supported rural Nevada. I, too, want to extend my gratitude to Bob Kerns for his friendship and my condolences to his family.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues in the Assembly, Bob Kerns sat right down the road here about an arm's length away. He announced his retirement. He said, "I'm not going to run again." Those of you who were here last session, do you remember how he was crying? It was a sad day when he said that.

We were invited to his home in Reno. No one mentioned the fact that if you looked at some of his hobbies, he had about 30, 40 or 50 big albums of baseball cards. He was a fanatic on being a card collector. That really impressed me. You mentioned the ducks and, also, he did Canadian wild geese. Those were very attractive. My office was about two doors away from him. Every day of the world he would say, "Come on, I've got to show you something." He would show me one of his new accomplished jobs. His work was unbelievable.

Bob was truly a nice guy. He would say, "You know, I'm the killer of all legislation that comes in here." He would warn me all the time, "Anything you want killed, just tell me. I'll do what I can about it." We loved the guy as our fellow legislator. I do not care what side of the fence he was on, but we went out to his beautiful home that he actually built with his own hands in Reno. It is really a nice place, beautiful. Mrs. Kerns, we are sorry about all this, and your son who was there that day two years ago, we enjoyed meeting you and we are so sorry about this guy. We really loved him, he meant so much to us. We will miss him.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 80. I first met Bob when I came to work here in 1989. He and Lou Bergevin took me under their wing when I was the caucus director. It was kind of like getting your political baptism from General Patton and Dick Butkus all at the same time. I had a real short entry time into this. It was like getting thrown into a pool of lava, but Bob was always there. He would take time to take me aside and tell me when I was doing right, and when I was doing wrong.

I guess my only unfortunate remembrance was my last remembrance of Bob and that was on the Gardnerville golf course with he and Charlie Joerg and Jim Avance, because I remember them standing on the 18th green with their shirts off. That was a sight. That being said, I am really going to miss Bob. He was a great guy and a grandfather figure to me and a mentor of mine. We are really going to miss one of the true, last tough guys of this house. Thank you.

ASSEMBLYMAN LAMBERT:

Thank you, Mr. Speaker. One thing that there was no doubt about was that Bob loved Nevada. Bob loved his children, Nancy and Tom. I served on Government Affairs with him three of the four terms when we were both here. He could not wait to brag about Tom and Nancy, whenever he had the opportunity. Another thing with Bob, was that you always knew what Bob believed. There was never any doubt. He decided what was important, and what was not. He would stay fairly quiet when he thought something was not terribly important. When it was important, generally Bob got his way. I think we all admired him for that because somehow he did it by making all of us think that was the way it should be and there was no question. Even if you did not agree with him, he still respected you. I think that is something that is very special in this body. We still miss Bob.

ASSEMBLYMAN GARNER:

Thank you, Mr. Speaker. I rise in support of this resolution. I want to express to Bob's wife, Ruth, my appreciation for having had the opportunity of visiting in their home on a couple of occasions. I served with Bob on Government Affairs. He always kept me on track. He did not hesitate to tell me when he thought I was doing something wrong, which was often. I appreciated that.

I was privileged to take a horseback ride with him a couple of years ago into the high Sierras and that was enjoyable. I can tell this group and his family that I really enjoyed being around him, but the thing I am going to remember most is what he did to me during the initiation of E Clampus Vitus. When I see him again, I am going to remind him and tell him I am going to get even somewhere along the line. Thank you.

ASSEMBLYMAN GREGORY:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 80. I only had the pleasure of serving one term with Mr. Kerns. I have to say a word that has been said by a couple of other colleagues and that is "mentor." Bob truly was a mentor to me along with Lou Bergevin and the Minority Leader. They really shaped what I would be as a legislator. I sat behind Bob on the floor and he gave me lots of advice. "Bulldog," has been said, and I will tell you the first thing I got to know Bob as was a bulldog. In caucuses, nobody voiced their opinion stronger, nobody fought for what they believed in stronger, nobody said it louder and nobody got closer to you when they said it.

What I really learned about Bob was that he was a kind, gentle man. I really admired him for the fact that he could fight for what he believed in. He never held a grudge and never tried to get back at anybody. When the yelling was over, it was forgotten. It was that kind, gentle side that was the real Bob Kerns. I think that Bob was one of those people that having known them that you, perhaps, lead a little better life yourself because of their example. Thank you.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

With permission of the house, I would just like to say a couple of words. I met Bob when he was lobbying for the firefighters. We became great friends in those days and it carried over here to the time that he served in the Assembly. He was a great contributor

with his knowledge, background and his principles. I think that we will never serve with any stronger person in this house who will have higher principles than Bob Kerns had. I would like to relay my condolences to the family.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. Senate Bill No. 294, in its second reprint, authorizes the board of county commissioners or the governing body of an incorporated city to seek reimbursement from a nonindigent prisoner for the expenses of supporting and maintaining the prisoner in a local detention facility. The amount must not exceed $30 per day or the actual cost, whichever is less. Reimbursement expense includes housing, food and medical cost. The county or city is required to investigate the financial status of a prisoner before demanding payment. The bill requires a form to be used in the investigation. Refusal to complete a form prohibits a prisoner from receiving certain reductions or credits on his term of imprisonment. After conviction of the prisoner, the local government may issue a written demand for payment of expense. If a prisoner fails to make a payment within ten days of its due date, the county or city may file a civil action seeking recovery. Payment of child support, alimony, restitution and administrative assessments have priority over any judgment entered by a court in favor of the county or city bringing action. Senate Bill No. 294 was requested by the Las Vegas Metropolitan Police Department. The measure establishes a procedure for seeking reimbursement from those offenders who are capable of paying the cost of the incarceration. The bill is based on a similar program in McCall County, Michigan. The county collected $750,000 in reimbursement from prisoners in 1992. This figure represents about 15 percent of all demands for reimbursement which were made. The county spent $76,000 to operate the program. Your Committee on Judiciary does recommend Senate Bill No. 294.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. I rise in opposition to Senate Bill No. 294. I want to ask my colleagues to take a careful look at the provisions of this act, and I would note that we have now come full circle, because not only are we going to deny a person his liberty interest and his right to freely move about other citizens, but now we are going to make him pay for it at the same time. Mr. Speaker, I am aware of the cost to the state of incarcerating a prisoner, and I am aware that we are looking for alternative revenue sources and ways to alleviate this burden on society of caring for inmates, but it is my opinion that this bill is highly unconstitutional, and if not, it ought to be. The bill distinguishes based upon wealth. In my opinion, wealth is a suspect classification under the equal protection clause of the United States Constitution. Only rich people have to pay the cost of their incarceration, poor people do not. That kind of distinction cries out for constitutional scrutiny. I would also submit that paying the jailer out of your own pocket for being incarcerated is a violation of the eighth amendment, prohibition against cruel and unusual punishment. I know this has been tried in several states, but take a look at what we are doing. Section 3, line 9 allows the county to seek reimbursement from a nonindigent prisoner; distinction number one. Page 2, Section 6, line 26, at any time after the conviction, the sheriff or the administrator may issue a written demandit does not say "shall," it says "may" which appears to me to be a discretionary call. Once he issues the demand, line 32,"Payment is due upon the issuance of the written demand." And here is the real hammer, Section 7, line 36, "If a prisoner fails to make payment within 10 days . . .," then we go to court and we seek recovery—and on line 41—of the cost incurred of conducting the investigation to see whether or not you are rich enough to be brought here in the first place. Page 3, lines 5-10, the county or city treasurer in which the prisoner is held shall determine the amount owing to the county—and then line 9—such a statement is prima facie evidence of the amount due. He is now incarcerated, he has lost his freedom; we have determined there is an asset or two out there that we can grab; we determine how long he has been in jail; we add up the bill and we give it to him and he better pay us within 10 days. The committee crafted an exception, if you buy the policy argument and I applaud them for it, to say, "Well, we are not going to make you pay if there is child support or alimony or you are already paying to the victim restitution fund or other assessments." I applaud that action, but the whole concept of making someone pay for their own prison stay is abhorrent to me. I do not see how in civilized society, and I know

other so-called civilized countries do this, but they do not have the eighth amendment, and they do not have the fourteenth amendment. That separates the United States from other so-called civilized countries. That is a unique concept in America, Mr. Speaker. I would ask this body to take a hard look. We have had cost/benefit analysis arguments; we did it on sentencing, we did it on extradition, and I warned you then that you were going to see a bill coming to pay the jailor, and here it is. June 23, what is up on the board, you may now "pay to stay." Think about that. I urge your defeat of this bill. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. To you and through you to this body, I rise in strong opposition to this legislation creating a debtor's prison, and so forth, as our magnificent Majority Leader described in such eloquent terms. A county manager can say, "Geez, we need some money. Start throwing the guys with money in jail." He starts locking them up and starts collecting rent. I think we are definitely interfering with private enterprise. I mean, we have not asked the hotel industry, Ramada, Motel 6 or anybody, about competitive rates. Seriously, I am very much opposed to this legislation. It is an undue burden on those who are already in an unfortunate situation, sometimes not for their own reasons. I hope that we will dispose of this legislation properly. Thank you.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I also rise in opposition to this measure. This bill promotes discrimination. It is a violation of a person's privacy as far as their financial records are concerned. We should look at enhancing the work programs in the county jails instead of letting inmates sit around and twiddle their thumbs. In the federal system, all sentenced and hold-over inmates have to work for their keep. They do not charge them a rental fee or a "pay as you stay" fee, as you call it. This bill should not be passed. Thank you.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I, too, rise in opposition to Senate Bill No. 294, the famous "pay to stay" bill. I believe that the Majority Leader has eloquently spoken for the reasons that we should not pass this particular legislation, but it seems to me that when we take a person's freedom away, it is then society's responsibility to pay for the keep of that person. If we start to discriminate against whether you have or you have not, I believe that is a real serious situation in this United States of America. So, I would urge my colleagues to vote against Senate Bill No. 294.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I have some concerns about this bill, as well. I appreciate in Section 7 the exceptions made for child, alimony and restitution to victims, but not everyone who is incarcerated is divorced. There are spouses out there; there are still intact families, and I need to know how the assets of the family will be impacted by this requirement.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. Yes, that is a real good question, and it needs to be emphasized that a prisoner with an intact family will also have that taken into consideration on the evaluation of whether or not there should be an imposition of a fine. If you look at page 3 subsection 4, you will see a clause which reads, "Before entering any order on behalf of the county or city against a prisoner, the court shall consider any obligation the prisoner may have to support a spouse, minor children or other dependents, or any other support voluntarily provided to a dependent by the prisoner." It is also anticipated that the analysis of whether an individual has the ability to pay will take into consideration existing obligations of the incarcerated person, most particularly support of family and children.

MR. SPEAKER:

Mr. Sader, is that on page 3? I think that is the wrong page.

ASSEMBLYMAN SADER:

I was looking at the prior reprint, Mr. Speaker, my mistake. That language was amended out in the amendment because of the language that exists on page 3, subsection 6. As I mentioned, it is intended that the ability to pay, meaning the support for others, is a consideration on the question of whether or not you have the ability to pay.

ASSEMBLYMAN FREEMAN:

My question was the same as Mrs. Evans. Thank you.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. As a former county manager I must say the bill has some merit, although I am totally opposed to it. To you and through you to my colleague from District 31, just to make a point. If you are an indigent, then the county is going to pay. But, if you have the ability to pay, is that correct, then you would be responsible for your own payment?

ASSEMBLYMAN ANDERSON:

Indeed, Mr. Speaker, through you to my colleague from Tonopah, excuse me. After conviction, you would be able to collect these dollars only. On page 2, Section 6, the time after the conviction of a prisoner at line 26 would enable you to do that, yes. In Section 3, if there were good time credits that were obtained, in which case the county would be able to reach back to an earlier time period.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I am also rising in opposition, but I do have a letter here from someone who is supporting the bill, but who is looking for an amendment that would allow him to pay a little more. So Mr. Michael Milkin would like to be able to pay a little more because he would prefer to stay at the Mirage.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. That is hard to follow. Mr. Milkin, of course, is in federal prison. He is not going to be taken care of. I would like to say this is probably the last controversial bill on criminal justice that the Assembly will process this session. In a sense, I am enthused that it is opposed because I have enjoyed immensely the opportunity to discuss these issues on the floor with the esteemed Majority Leader. It may be a burden to the rest of you, but it has been a pure joy to me, and I suspect the Majority Leader, to have the opportunity to debate these things.

A couple of questions on the Constitutional issues. First of all, the suggestion that there is an unconstitutional provision here based on equal protection because there is a suspect classification based on wealth, I would suggest to you that it is exactly backwards. What there is, is a Constitutional prohibition on making people pay for government services in any context if you are too poor to pay. That is unconstitutional. This bill takes care of that by the financial analysis. It is indeed, as our colleague from Tonopah suggests, a bill where those who can afford it, pay and those who cannot afford it, do not have to pay.

Now, the eighth amendment issue, cruel and unusual punishment as a suggestion, to make somebody pay for their stay in prison. I think you can ask that question the other way. I believe it is cruel and unusual punishment to make the taxpayer pay for people who can afford to do so in circumstances like this. That is really the gut issue in this bill. I think you all have to ask yourself, and I greatly respect those who oppose this bill for the reasons they have suggested, but ask yourself this question, why should the taxpayer pay for the incarceration of people who can afford to pay themselves? We have a tremendous obligation, a horrible financial burden that we all understand as legislators, to support the prison system and the county jail system with our taxes. For those who have done the crime, and are doing the time, why should we have to pay for them? That seems to me to victimize the taxpayer as well as the person who is victimized by the crime in those circumstances where the individual does have the ability to pay. That was really the issue to the majority of the Judiciary Committee who passed this bill. If you think it is our burden to pay for everybody and anybody, no matter what they do to society, let us put them in jail and have to pay for them too, then you lose me at that point. I think there is a point where the financial responsibility should be shifted to those who have the ability to pay for it.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. It is with fear and trembling that I rise to oppose this bill. Fear and trembling because we have two attorneys here, both of them eloquent, far more educated in these matters than I. However, some of the discussion on the floor caused me to think about my concerns. Sitting on the Ways and Means Committee and the Taxation Committee, I am only too well aware of the burden on the taxpayers from both directions. The truth is, this is the United States of America. Are we marching down the road to debtors' prisons. Debtors' prisons are what brought us to this country. Are we going to see such shortfalls in local governments budgets by incarcerating only those who can afford to pay? And are we going to find reasons not to incarcerate those who cannot afford to pay because they are exempted from paying. It costs the local governments money to imprison them. In terms of policy, and we have heard a lot about policy this session, I oppose this bill and I would urge my colleagues to oppose it.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. To you and through you, to the chairman of the Judiciary Committee, I have two questions. Was there any testimony in committee in regards to how much money this would raise in a jail the size of the Clark County Detention Center? The second question would be, it has been my experience, particularly at the municipal court level, that often, judges will give the defendant the opportunity to choose either between doing the time in the municipal jail, or paying a fine, or working the fine off during the incarceration at $25 to $50 a day and not based upon indigency, just based upon convenience for the defendant. Was that ever addressed?

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. To you and through you, no, those issues were not addressed. No one ventured an estimate of what the recovery might be, either in Washoe County or Clark County, the two big pushers for this bill. We thought it would be rather speculative to do so. We just have to pass the law and see what happens.

ASSEMBLYMAN PORTER:

Thank you, Mr. Speaker. For a second time, I, too, have enjoyed the debates over the years with the chairman of the Judiciary Committee. I do wish to address one point that he made and that was the concept of should we pay for these individuals, and why shouldn't they pay themselves. Mr. Speaker, that begs the entire question.

The whole fundamental societal system, if you want to argue Leviathan and Thomas Hobbess and the state of nature, and if you want to get to that, yes, the tradeoff is, I want my neighborhood safe, I want these people away from my children. I do not want them in my neighborhoods and I will pay for that. That is the tradeoff.

When society starts in on the state of nature, if you go back to Leviathan, you will see in society, if I pick up a club and beat you over the head, and take something you have, I have committed no moral wrong because I am acting as it is my nature to act. Society is formed because the little guys get together and say, "If we band together, we can protect ourselves from the big guy." You have the birth of civilized society. You have the social contract and you have the principles which founded the American Constitution. The issue is that tradeoff. Do you want these people out of your life? You have to pay for it. It is the cost of doing business. It is the fundamental premise of our entire civilized structure. I urge your defeat of this bill. Thank you.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. For the second time, after the debate between the two esteemed legal counsels, my remarks may be somewhat slanted or out of order. It seems to me that I, too, want to pay my taxes and I will pay my taxes to make the streets safe. That is my obligation. If something happens and I have been paying my taxes all these years to keep the streets safe, and all of a sudden something happens to me, and I am thrown in the slammer, after being a good guy, and then I have to pay to stay, I really think that is a double jeopardy because I have already paid for my stay.
