MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, June 24, 1993

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 53.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 53.

Assemblyman Marvel moved the adoption of the resolution.

Remarks by Assemblymen Marvel, Spitler, Gibbons, Heller, Price, Humke and Anderson.

Assemblyman Gibbons requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. It is a privilege and honor for me to be able to speak about a person who has been dedicated to the State of Nevada. It is wonderful that Terry is here today, and that we can honor somebody who can smell the flowers while they are here. I have had the opportunity of knowing Terry and his family for a number of years.

As one menacing cowboy to another, I think Terry's main forte is to be a cowboy. I am sure in his afterlife he will probably ride the range. Fortunately, it will be up in my part of the country for a while.

The resolution speaks quite succinctly as to Terry's accomplishments. Terry started out as a stock clerk and is now director of General Services which has been quite an accomplishment. Terry is a survivor, if you will look at the list of governors that he has served under, but even at that, Terry has always had the faculty of being able to speak his piece. I have shared some of his concerns, particularly the capitol complex development. I wish people had taken his advice because things got jumbled up too much. Terry warned about it. Many of us now appreciate where Terry was coming from. Mr. Speaker, it is so nice to be able to honor Terry and his family today. I wish you all the success in the world in retirement, Terry.

ASSEMBLYMAN SPITLER:

Thank you, Mr. Speaker. I, too, rise in support of Senate Concurrent Resolution No. 53. I first met Mr. Sullivan when he testified before Ways and Means in 1991. I always appreciated his truthfulness, honesty and ability to really tell you exactly what was going on. I think we often miss that sort of thing in state government. I appreciate how he taught me how state government worked a little bit better.

As time wore on, I learned a little bit more about his expertise in the world of rodeoing and outdoorsmanship. I can admire him for those things, although I have never accompanied him on any of those journeys. I think he is far too young to be retiring. I think it is a great loss to the state to lose someone so talented. I look forward in anticipation to learn what he is going to be doing. I certainly will continue to respect and honor his contribution to the State of Nevada, particularly to those of us on the Ways and Means Committee. I have appreciated his friendship and continue to look forward to it. Thank you, very much.

ASSEMBLYMAN GIBBONS:

Thank you, Mr. Speaker for the opportunity to rise in support of Senate Concurrent Resolution No. 53 honoring Terry Sullivan. When I think of Terry Sullivan it is hard for me to know where to begin. I have known Terry Sullivan so many years having lived across the street from him for awhile. We have been great friends all these years and have gone hunting. I would at least like to admit to some of the stories about his impeccable honesty and fairness. It does not always hold true especially when we were out hunting. He did shoot my pheasants for me, because he was a better shot.

Terry has done a great deal, not just for the State of Nevada, but for the average person because of his honesty, fairness and impeccable conscientious caring for the people of this state. As someone who has known him for a great number of years, I would trust Terry's comments, decisions, and judgment on a matter without questioning and that is because I know Terry. I know the kind of person he is. I know there was a great deal of debate over the Chippendale chairs in the Supreme Court. After having talked with Terry about that issue, I found out it was in the best interest of the State of Nevada. The quality of that chair and the length of time those chairs would last were in the best interest, although it was not reported that way in the media.

Terry Sullivan, I would like to wish you the best. You have been a great friend. I hope we see you around the State of Nevada for a long time to come. Thank you, Mr. Speaker.

ASSEMBLYMAN HELLER:

Thank you, Mr. Speaker. I, too, rise in support of Senate Concurrent Resolution No. 53. I was reading through this resolution as it fell on my desk this morning. I noticed

Terry has been working for the government in Nevada since I was four months old. That is true dedication from this gentleman. I have known Terry and members of his family for many, many years.

I had the opportunity to work with him when I was in the State Treasurer's Office. He was the director of General Services. Here is a gentleman who received directions from many, many different angles and, yet, he was always very honest and straightforward with me and members of my staff. I, too, want to wish him luck now and in the future. Thank you, Mr. Speaker.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to this honorable body, it is my pleasure to have the opportunity to speak in support of Senate Concurrent Resolution No. 53 honoring Terry Chip Sullivan. I cannot remember when we first met, but it must have been the first year that I got here in 1975. Terry has always been a hero. I keep his picture on the wall in my office. Any of you can go up and see it. Terry is leading cattle down the trail in Smith Valley. It is a great picture.

Terry represents the epitome of the best of what public employees should be. He has learned his jobs well over the years. He has given guidance to this body and others on decisions that should be made. At the beginning of this session, Terry had the courage to come forward to give guidance to the money committees on reorganization, budgets and so forth, placing himself or, at least, his job to some degree in peril because of opposing the administration. It takes courage to do that. It takes more than courage, I have trouble finding the words, but if we had more of us, and more among us who had the courage to do what is right without regards to our own personal circumstances and consequences, we would have a better state and perhaps a better country. I hope we remain friends for many years. I wish you the best with your retirement, Terry.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I would like to briefly echo the words of the previous speaker in my own way. I have seen Mr. Sullivan across the table in the Ways and Means Committee for a couple of years. He has something that has become a little bit old fashioned, unfortunately, and that is an absolute reputation for veracity at the table. Even though he is under oath, he always tells the truth regardless of the price. Thank you.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution No. 53. When we were standing around waiting for the return of the caucus, we were talking to several members of Mr. Sullivan's family who are here. He wanted to know why we were taking the time from our busy schedule to do this. I know that people ask that very question sitting in this room. It is because of the quality of the life and the quality of the service that Mr. Sullivan has shown to this state that we take this time. For every moment we spend on this resolution, Terry Sullivan has put in days working for the best interests of this state. He is like the quality-cares he has produced for the State of Nevada. He has stood the test of time. His integrity will be here long after his tenure has ended. We are going to be much the less for his caring attitude. Again, having worked with several members of his family on other kinds of programs, Terry comes from good strong stock. Terry has the kind of quality the Sullivans have produced forever. We have been the beneficiary of the Sullivans. I rise in support of this strong resolution.

Resolution adopted unanimously.

ASSEMBLY IN SESSION

At 1:59 p.m.

Mr. Speaker presiding.

Quorum present.

REMARKS FROM THE FLOOR

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN SADER:

Thank you, Mr. Speaker. I would like to make a statement at this time about an incident which occurred about an hour ago. We had a Clark County caucus. I was in attendance because it was an issue that was relevant to Washoe County. At the end of the caucus there was an argument in the halls between one of our members and Mr. Henry Brown, who is

head of the NAACP in northern Nevada. I heard the argument. There was some shouting. At the end of the argument, the Security Guards were asked to escort Mr. Brown out of the building by one of our colleagues. After that occurred, I walked outside and engaged Mr. Brown and spoke to him about the incident. As a result of the conversation, I apologized personally to Mr. Brown. I asked him to please come back in the building. I asked the Security Guards to please cease and desist. I assured him that he was not ejected from the building any longer. He was welcome to come back in. I offered an apology for the incident. I expressed my regret that it occurred. I would like to repeat that now, and I believe I speak for everyone here, I regret the incident occurred. It should not have occurred. Mr. Brown should not have been asked to leave the building and escorted out of the building. Mr. Brown and any representative of the NAACP is welcome in this building as is any other citizen in the State of Nevada. I regret the incident occurred. I wish that the record be clear on this subject.

ASSEMBLYMAN MCGAUGHEY:

Thank you, Mr. Speaker. To you and through you to this house, I am the legislator that was involved in the incident in the hallway about an hour ago. This is the time in these halls when there is great tension and stress, heavy lobbying and so forth for and against issues. I am the one that requested Mr. Brown to be escorted out of the building. I apologize to him and to the NAACP for that. It was something that should never have gone that far. I invite Mr. Brown to come back and participate at any time in these halls. Thank you.

Assemblyman Chowning requested that the following remarks be entered in the Journal.

ASSEMBLYMAN CHOWNING:

Thank you, Mr. Speaker. It is my honor and extreme pleasure today to honor former Assemblyman James J. Banner. I happen to have the privilege of having this person who served the State of Nevada for over 30 years as my constituent. I say that for all of you

who know him with a smile, because having Jim Banner as your constituent also means that you hear from him a lot, and you receive a lot of advice, all very well-intended, but a lot of advice. All of it I am very grateful for, and hopefully it makes me a better Assembly representative.

We are very honored to have his daughter, Nancy, with us today. I think this is the first time we have done this this session. I have been nudging him, trying to get him up here all session so that we could do this with him here, but his health is not the greatest right now, so we have him on the phone so he is able to listen. I asked his daughter, Nancy, some things about Jim, why he wanted to be an Assemblyman, and she said it was because he is proud of Nevada. He wanted to make Nevada a better place for its future. These are words that we can all live by. There are some things that are not in the resolution that I want you all to know. He lost his wife, Alice, this last year. They had a very loving relationship in a marriage of 44 years. They built their home together. They homesteaded the land, and they have lived in this same home for 40 years. They are the proud parents of four children, Joe, Jackie, Susan and Nancy, and grandparents of two grandchildren in Pocatello, Idaho.

Some things that everybody who knows Jim might remember are his famous Banner potholders. When I went walking door to door, I was asked, "And where's the pot-holder?" Fortunately, Chowning has potholders also, or I probably would not be here. Also, people remember his signs. He made all of his own signs in his woodshop in the garage, and they are in the shape of a banner.

He was a proud graduate of Nevada Southern University, now the University of Nevada at Las Vegas, and he is also very proud to say that there are five UNLV graduates in his family. He went back to school after ten years of night education and received his degree in business administration. And that is one thing that he is really, really proud of.

I asked Paul May, who served in this body longer than Jim did, but alongside of him a good deal of that time, what he wanted to say about Jim. He said something that he could teach us all was a lesson on how to be a good legislator, to be really smart and use our time efficiently. Jim, instead of trying to bite the whole apple at once, took 22 bills, and instead of putting them in all at once, he got a little bit passed every time. Now that is good work.

I asked former Governor, the Honorable Grant Sawyer, if he wanted to add some words, and he did. He said that Jim was the deputy of Clarence Heckathorn at the Nevada Industrial Commission for Labor. He did a great job while he was at the helm. He represented all parties impartially and fairly, and the State of Nevada owes him a debt of gratitude.

I would really like to encourage you to welcome Nancy today, and Jim, we know you are on the phone, and we want to tell you, "Thanks, buddy."

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 81. Jim Banner is a unique person. A few minutes ago, I talked about having had the pleasure of knowing all six governors who attended "A Gathering of Governors." Well, I first met Jim Banner when he was working as a result of an appointment by Grant Sawyer. He is a warm and caring person. I remember my first session up here, we both lived at the Mother Lode, which is now the Carson Station. We were on the same floor. For those who were here during that session and the following session, clearly they knew that I was kind of klutzy. I turned my ankle the first session, two ankles the second session. But Jim was right there, helping and assisting me just as he helped and assisted everyone. Sometimes we would get up very early in the morning and go down to have breakfast together. Without fail, the conversation was about Alice or about his daughters. I would talk to him about women's issues and he would say, "Well, I'm going to have to do that, or my daughters will kill me." And he meant it, he meant it. He loved going to Pocatello. He loved driving there, and he loved his grandchildren, and he still does. We love Jim, and we miss him. We really miss him, and we wish Jim, if you are listening, we wish you were here with us now.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 81. I have a special relationship with Mr. Banner. Jim was my Assemblyman from the time I

moved here in 1977 until I decided to run myself in 1990, upon his retirement. During all that time, I always had those banner shaped yard signs in my yard, and Jim always took care of his constituents in a very special way. If I had a problem, let's say, where I needed a little carpentry work, I would call up Jim and he would tell me what to do or help me with the job himself, if necessary. Jim has a very special place in my heart. One thing, as it was mentioned in the resolution, he had a 100 percent voting record for eight consecutive sessions. That was over 5,000 some votes. He did not break his string until 1989 when he broke his collarbone at the beginning of the session. Thank you, very much.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I, too, rise in support of Assembly Concurrent Resolution No. 81. The Speaker, the chairman of Taxation and I probably worked with Jim longer than anyone here. And one thing I can say is that Jim Banner was Jim Banner. He did not put on any airs, but he was a great legislator. He certainly understood the labor issues and was perhaps the greatest student of industrial insurance I have ever had the opportunity to serve with. I think one of the most memorable events was how Jim practically killed the open container law with one statement. He would not deny Alice from "poppin' a can while we're on our way to Idaho." I think that was the one classic remark that made the open container law go down in smoke. Jim I hope you are listening, because Willie and I truly miss you, and we are very, very sorry about Alice. We have missed her, too.

ASSEMBLYMAN SPITLER:

Thank you, Mr. Speaker. It is a real pleasure for me to stand up in support of this resolution today. You know, we really have a tremendous person in Mr. Banner. He loves his family, he loves Nevada, and he is missed and respected in these chambers, also. I was thinking back, with all the work that was achieved in workers' compensation laws this particular session, and he almost single handedly had written every law that we had in Nevada. When you look at that collective legislative history, it is something that we certainly miss today. I was privileged to work with him in a different capacity in 1985, 1987 and 1989, but he also became a friend to me afterwards, and I have appreciated that friendship. Even when I was out walking door to door, and I represented a district not close to Mr. Banner's, I got asked, "Where's my potholder?" So, I miss him today, I wish he was here with us, but we certainly do respect him, and I am certainly glad to be able to support this resolution.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I, too, rise to support Assembly Concurrent Resolution No. 81. I do not know if Jim holds the all-time record for a continuous string in terms of a voting record, not missing a vote. If he does, then this is appropriate. I would call him "the Lou Gehrig of the Nevada Legislature." He deserves this title because he was so workman-like, like that great ball player. He did not have to have a lot of credit for things that he got done or when things went right. He just quietly did his job, and I think it has been attested to, he represented his district in a very tenacious and stubborn way. I remember sitting on this floor and listening to him speak about a constituent—just one person, just an average Joe out there—who had a problem, and Jim would find a way to solve that legislatively. He was just such a simple and basic and genuine guy. I cannot think of an enemy that the guy has, or had. I also do not recall anyone who probably worked as hard as he did. Occasionally, when I would have to be here early for an early committee, I never recall getting here earlier than Jim Banner did on any legislative date. He is just a wonderful guy, and Jim, thanks a lot.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. Hello there, Jim. I am really glad I can say what I think about Jim Banner, and he is 400 miles away because I do not want him to look embarrassed when we say all those wonderful things. I had the pleasure, of course, of first meeting Jim in relationship to our union activities before I joined this honorable body. Once I got here and started learning from the old-timers and Jim about how to conduct yourself and try to get something done. He was and still is one of my idols. Of course, as has been mentioned, the one area we all looked to Jim for was in the industrial insurance because

he was a former commissioner and he knew so much, and still does, I presume. One particular thing that is available to injured workers today, that I happened to witness, brought about by his efforts was the state now provides workers, and has since Jim's bill, with an attorney. We were sitting in, I suppose, Judiciary or Government Affairs, one of the committees, one day on a SIIS bill and Jim had put this particular proposal before this body. I, and I think others, did not think it would go anywhere. With Jim's vast knowledge of the system, the director at that point in time lied before the committee, and Jim was able to pick up on it immediately. It outraged this body, and Jim's bill went sailing through both houses. It was with that kind of knowledge and tenaciousness that things were made easier and more appropriate for people who were hurt on the job. Of course, his expertise and feeling for his fellow Nevadans extended far beyond just those subject matters. I am so glad that we are finally having the opportunity to recognize him for the great legislator that he was. I am really sorry he cannot be here, but I am happy that he is listening and that Nancy is with us. Take care of yourself there, Jim.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I am pleased to be able to rise in support of Assembly Concurrent Resolution No. 81. It was in 1981, the first time I met Mr. Banner, and I am proud to say I was able to serve two other terms with him as a colleague. What I will remember most about Jim, in addition to his remark on the open container law alluded to by my colleague from Battle Mountain, is that he was very much a mentor and a teacher. I know that it is popular in some circles these days to talk about term limitations and turning people over in elected office rather quickly, but because he served here so long, had such institutional memory, Jim was wonderful about giving you the history and background on an issue. Sometimes it is hard to look at a bill and say, "Where's this coming from, or why are we doing this?" And he was always right there to answer your questions and sort of fill you in and let you know what it was all about. So Jim, it was great serving with you. Sorry you cannot be with us today. Do come see us when you can. We wish you the best.

ASSEMBLYMAN GARNER:

Thank you, Mr. Speaker. I rise in support of Assembly Concurrent Resolution No. 81 and to express my appreciation to my good friend Jimmy Banner for all the years of public service he has given to the citizens of this great state. I have enjoyed the number of stories that he has told me personally. He always projected himself as being a humble little guy from Virgin Valley High School. He graduated from there, but I think it is appropriate to know that he always figured he had a pretty close race if he got anything less than 80 or 85 percent in the election. I consider Mr. Banner to be one of the premier legislators that has served here in this body, and I think we owe him a debt of gratitude for all this service. I want to express to him that we miss him and his wife, Alice, as well. Thank you, very much.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. My colleague from Sparks mentioned that Mr. Banner could be a teacher as well as his wife Alice was, and I have to admit that my husband used to use Jimmy Banner as one of our trainers for political campaigns. Jim would always come in with his little wooden tool box, but it really was not a tool box, it was a box that carried his potholders and his walking list and his pens and pencils and water bottle, and everything you ever needed to have when you were out on the road. He would show those of us how to approach a door, in fact he helped build a door, and we used that for knocking. We would have somebody role play behind it, and Jim would come up to the door and show us as new-time candidates how to do that. So, Jimmy, for someone who loves to go door to door, I owe that to you.

The other thing that I want to thank you for is for showing me, as chair of Labor and Management, how to try to balance the issues between labor and management. I may not always be successful, but you told me to make sure you always listen to both sides of an issue. It is still your vote, but I appreciate those words of advice. I do want to thank you for the notes and the calls during all this time during SIIS because you wrote the law. We

did lead a good fight to try to stop from destroying SIIS, and it's not over till it's over. I may call on you again after the session for some advice on how to work on some of the language.

The other thing I remember when I had to lobby as a teacher, and I would always come up to Jim, and I would say, "How do you stand on this bill?" and he would say—just like he always did with the girls on women's issues, got to talk to my daughter—she would say, "Alice is a teacher, and Alice will kill me if I don't support this!" So, I always got that message.

And the final thing is, Jimmy, thank you for helping Gary and me remodel the kitchen. We decided to make a curved ceiling and we could not figure out how to do it, so we went to Jimmy. He basically built an arch for us, showed us how to cut in, and we still owe you dinner in the kitchen. So whenever we get home, Jim, we will have you over so you can enjoy it. Thank you, very much.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I think I would be remiss if I did not say a couple of words. Jim, it is nice to be able to talk to you over the phone. Our relationship was from 1973 until you retired. Jim was a tenacious man working here for his principles and his purpose, but he also was a great technician and a mechanic. There are different kinds of legislators. Some make great speeches, some do a lot of wandering around raising heck. Jim was the kind of quiet guy that just did the work and wrote good bills and knew what it meant after we adopted them. We certainly miss his expertise and the technical aspects of him being here at the legislature.

Jim and I, of course, had a few rocky roads at various times in our relationship, I guess maybe because we had different viewpoints about certain issues, but we were always friends. I certainly miss him being here, and I am certainly very remorseful about his loss of Alice.

"Section 1. Title 52 of NRS is hereby amended by adding thereto a new chapter to consist of the provisions set forth as sections 2 to 21, inclusive, of this act.

Sec. 7. 1. "Consumer report" means any communication, written or oral, by a reporting agency regarding the payment history of a particular consumer, including information regarding his credit worthiness, credit standing or credit capacity, which is intended for present or future use in whole or in part to serve as a factor in determining the consumer's eligibility for:

(a) Credit or insurance to be used primarily for personal, family or household purposes;

(b) Purposes relating to employment; or

(c) Any other purpose authorized pursuant to 15 U.S.C. § 1681 et seq.

2. The term does not include:

(a) A report containing information solely as to transactions or experiences between the consumer and the person making the report;

(b) An authorization or approval of a specific extension of credit directly or indirectly by the issuer of a credit card or similar device;

(c) A report in which a person who has been requested by a third party to make a specific extension of credit directly or indirectly to a consumer conveys his decision with respect to the request, if the third party advises the consumer of the name and address of the person to whom the request was made and the person makes the disclosures required pursuant to section 18 of this act;

(d) A report solely conveying a decision whether to guarantee a check in response to a request by a third party; or

(e) A report created or issued by or to a person licensed pursuant to chapter 463 of NRS relating to any extension of credit by the licensee.

2. The term does not include:

(a) A person solely for the reason that he conveys a decision regarding whether to guarantee a check in response to a request by a third party;

(b) A person who obtains or creates a consumer report and provides the report or information contained in it to a subsidiary or affiliate; or

(c) A person licensed pursuant to chapter 463 of NRS.

Sec. 12. A reporting agency:

1. Shall include with any written disclosure to a consumer a summary of his rights under this chapter.

3. Shall include in any consumer report information concerning a consumer's delinquency in paying support for a child, to the extent that this information is provided in a format acceptable to the reporting agency by the welfare division of the department of human resources or from the district attorney of the county in which the consumer resides or resided when the delinquency occurred.

Sec. 13. A person shall not procure a consumer report to resell or disclose the report or the information contained in the report unless the person discloses to the reporting agency which originally furnished the report:

1. The identity of the intended ultimate user of the report or information; and

2. The only purposes for which the information will be used.

Sec. 14. Upon request and information sufficient to identify a consumer, a reporting agency shall:

1. Clearly and accurately disclose to the consumer the nature and substance of the consumer report in its files which relates to him at the time of the request, and disclose the names of the institutional sources of information. If the consumer requests, the reporting agency shall provide a readable copy of the consumer report.

2. Disclose the name of each person who has received from the reporting agency information concerning him:

(a) Within the preceding 2 years for purposes of employment, promotion, reassignment or retention as an employee; or

(b) Within the preceding 6 months for any other purpose.

Sec. 15. 1. A reporting agency may furnish information concerning a consumer for an extension of credit which he did not initiate only if:

(a) The contemplated transaction represents a firm offer of credit to those consumers who meet specific criteria determined by the person; or

(b) He has not requested that his name and address be excluded from any list to be provided for such a purpose.

2. This section does not prohibit a reporting agency from furnishing information to review an account or collect an account if there is an existing business relationship or the account has been assigned to a third party for collection.

3. As used in this section, "firm offer of credit" means an offer of credit based on the information provided by the reporting agency, either directly to the creditor or through a third party, that cannot be rescinded or changed by

the creditor unless the information provided by the reporting agency has materially changed as of the time the creditor received the accepted offer and the creditor is able to revoke the accepted offer or renew the offer on different terms.

Sec. 16. A reporting agency shall periodically purge from its files and after purging shall not disclose:

1. Bankruptcies whose dates of adjudication precede the report by more than 10 years. A report of adjudication must include, if known, the chapter of Title 11 of the United States Code under which the case arose.

2. Except as otherwise provided by a specific statute, any other civil judgment, a report of criminal proceedings, or other adverse information which precedes the report by more than 7 years.

Sec. 17. 1. If a consumer disputes the accuracy of any information in the files of a reporting agency which relates to him, and the reporting agency is made aware of the dispute by him, the reporting agency shall, within 5 business days after becoming aware of the dispute, notify any institutional sources of the information and, as soon as is reasonably possible but not later than 30 days, complete a reinvestigation of the accuracy of the information unless the dispute is determined by the reporting agency to be frivolous or irrelevant.

2. If the reporting agency concludes that the dispute is frivolous or irrelevant, it shall so notify the consumer. If it determines that the information is incorrect or can no longer be verified, it shall correct its files accordingly and notify the consumer.

3. No information deleted pursuant to this section may be reinserted unless:

(a) The person furnishing the information uses reasonable procedures to ensure the maximum possible accuracy of the information; and

(b) The reporting agency notifies the consumer within 5 business days after the reinsertion and offers him the opportunity to add to its file his own brief statement disputing or adding to the information.

Sec. 18. If a person takes adverse action with respect to a consumer which is based on a consumer report from a reporting agency, the person shall:

1. Notify the consumer of the action taken;

2. Furnish him with the name and address of the reporting agency; and

3. Inform him of his right to obtain a copy of the consumer report from the agency.

Sec. 19. 1. The provisions of this chapter must be administered by the commissioner of consumer affairs.

2. The attorney general shall provide opinions for the commissioner on all questions of law relating to the construction, interpretation or administration of this chapter.

3. The attorney general shall represent the division in any action or proceeding brought by or against the commissioner pursuant to any of the provisions of this chapter.

Sec. 20. If a reporting agency or user of information willfully fails to comply with any provision of this chapter with respect to any consumer, the reporting agency is liable to that consumer in an amount equal to the sum of:

1. Any actual damages sustained by the consumer as a result of the violation;

2. Such amount of punitive damages as the court may allow; and

3. The costs of the action plus reasonable attorney's fees.

Sec. 21. A reporting agency or user of information which negligently fails to comply with any provision of this chapter with respect to any consumer is liable to that consumer in an amount equal to the sum of:

Such a trust fund must not have an expiration date which is at any time less than 5 years in the future, on a continuing basis. In the case of:

(a) A group of *insurers which includes* individual unincorporated insurers, such a trust fund must be not less than $100,000,000.

(b) A group of incorporated insurers under common administration, such a trust fund must not be less than $100,000,000. The group of incorporated insurers [shall:] *must:*

If the insurance exchange does not maintain money for the protection of all policyholders, each syndicate [shall] *must* meet the minimum capital and surplus requirements stated in paragraph (a).

The commissioner may require larger trust funds than those set forth in this section if, in his judgment, the volume of business being transacted or proposed to be transacted warrants larger amounts.

3. No insurer is eligible to write surplus lines of insurance unless it has established a reputation for financial integrity and satisfactory practices in

underwriting and handling claims. In addition, a foreign insurer must be authorized in the state of its domicile to write the kinds of insurance which it intends to write in Nevada.

4. The commissioner may from time to time compile or approve a list of all surplus lines insurers deemed by him to be eligible currently, and may mail a copy of the list to each broker at his office last of record with the commissioner. To be placed on the list, a surplus lines insurer must file an application with the commissioner. The application must be accompanied by a nonrefundable fee of $2,450. This subsection does not require the commissioner to determine the actual financial condition or claims practices of any unauthorized insurer. The status of eligibility, if granted by the commissioner, indicates only that the insurer appears to be sound financially and to have satisfactory claims practices, and that the commissioner has no credible evidence to the contrary. While any such list is in effect, the broker shall restrict to the insurers so listed all surplus lines business placed by him.".

Amend sec. 14, page 10, between lines 26 and 27, by inserting:

Amendment No. 1036.

Amend the bill as a whole by renumbering section 1 as sec. 2 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. NRS 483.475 is hereby amended to read as follows:

483.475 1. When a driver has accumulated six or more demerit points, but less than 12, the department shall notify him of this fact. If, after the department mails this notice, the driver presents proof to the department that he has successfully completed a course of traffic safety approved by the department, the department shall *order him to pay an administrative assessment of $5. Upon receipt of the administrative assessment, the department shall* cancel three demerit points from his driving record. *The administrative*

assessment collected by the department pursuant to this subsection must be deposited with the county general fund for credit to a special account and must be used for the counseling of criminal offenders. If the driver accumulates 12 or more demerit points before completing the course of traffic safety, he will not be entitled to have demerit points canceled upon the completion of the course, but must have his license suspended. A person may attend a course only once in 12 months for the purpose of reducing his demerit points. The three demerit points may only be canceled from a driver's record during the 12-month period immediately following the driver's successful completion of the course of traffic safety.

2. Any reduction of three demerit points applies only to the demerit record of the driver and does not affect his driving record with the department or his insurance record.

3. The department shall use a cumulative period for the suspension of licenses pursuant to subsection 1. The periods of suspension are:

(a) For the first accumulation of 12 demerit points during a 12-month period, 6 months. A driver whose license is suspended pursuant to this paragraph is eligible for a restricted license during the suspension.

(b) For the second accumulation within 3 years of 12 demerit points during a 12-month period, 1 year. A driver whose license is suspended pursuant to this paragraph is eligible for a restricted license during the suspension.

(c) For the third accumulation within 5 years of 12 demerit points during a 12-month period, 1 year. A driver whose license is suspended pursuant to this paragraph is not eligible for a restricted license during the suspension.

4. The department shall suspend for 1 year the license of a driver who is convicted of a sixth traffic offense within 5 years if all six offenses have been assigned a value of four or more demerit points. A driver whose license is suspended pursuant to this subsection is not eligible for a restricted license during the suspension.

5. If the department determines by its records that the license of a driver must be suspended pursuant to this section, it shall notify the driver by mail that his privilege to drive is subject to suspension.

6. Except as provided in subsection 7, the department shall suspend the license 30 days after it mails the notice required by subsection 5.

7. If a written request for a hearing is received by the department:

(a) The suspension of the license is stayed until a determination is made by the department after the hearing.

Assembly Concurrent Resolution No. 82—Commending the Superintendent and staff of the State Printing and Micrographics Division of the Department of General Services for services rendered to the Nevada Legislature.

WHEREAS, The 67th session of the Nevada Legislature created an overwhelming number of bills and amendments during this legislative session, requiring the Superintendent and staff of the State Printing and Micrographics Division of the Department of General Services to work long hours in meeting the needs of the Legislature; and

WHEREAS, The work produced by the Division met the high standards of previous years because of the care that the Superintendent and his excellent staff devoted to every assignment given to them; and

WHEREAS, In the absence of such outstanding service, the Legislature could not function or fulfill its obligations to the people of this state; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 67th session of the Nevada Legislature hereby express their appreciation and commend the Superintendent and members of the staff of the State Printing and Micrographics Division for their fine work; and be it further

RESOLVED, That a copy of this resolution be prepared and transmitted forthwith by the Chief Clerk of the Assembly to Mr. Donald L. Bailey, the Superintendent of the State Printing and Micrographics Division of the Department of General Services.

Assemblyman Dini moved the adoption of the resolution.

Remarks by Assemblymen Dini, Anderson, Marvel, Humke and Price.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. Today, we want to give recognition to the people who are behind us and support us with the great work that is done by the State Printing Office. The legislature could not operate without the hard work they do. They work 24 hours a day if they have to, getting those bills reprinted every morning for us so that we have them when we come back into session.

You will see as we get down to the end in these last few days, that they can turn the bills around in an hour or two and we will have a bill back that has been reprinted. It is done with real sincere effort by the State Printing Office, its director and the people down in the pit doing the work in that office. They have been doing this for many, many years.

If you go nationally, you will find that our State Printing Office and the way we operate in conjunction with them to print the bills for sessions is the finest in the United States. I do not believe any state does it any better than we do, with the fine turn around time and the quality of printing that is done by our State Printing Office. It is a dedicated group. I want them to know that the entire Assembly stands in appreciation of their efforts and the fine quality of work they have done for us during this session.

ASSEMBLYMAN ANDERSON:

Thank you, Madam Speaker pro Tempore. I rise in support of Assembly Concurrent Resolution No. 82. I and Mr. Bache, my distinguished colleague from Clark County, had the opportunity to visit the State Printing Office across the street. The people there are most courteous and most concerned about the quality of their work. We can all really appreciate the diligence of the staff and the hard work that is displayed by this particular department of government to try to aid us in what we do. This resolution is most deserving. I hope that my feelings and the feelings of this body will be shared with the staff as a whole.

ASSEMBLYMAN MARVEL:

Thank you, Madam Speaker pro Tempore. I, too, rise in support of Assembly Concurrent Resolution No. 82. In the 16 years that I have served in the legislature, Don Bailey and his crew have improved every session. I am sure that we would be setting records in attendance if it were not for the expeditious work that these people do. We certainly wish you and your staff well, Don.

ASSEMBLYMAN HUMKE:

Thank you, Madam Speaker pro Tempore. I would like to add my remarks to the positive ones that have been spoken earlier. Mr. Bailey, I believe, continues to be a constituent, and at least one of the printers working in his shop is a constituent. I cannot say enough about the fantastic job they do in providing us with the printed material which is so critical to our function here. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. To you and through you to this honorable body, I, too, have had the pleasure of working with Don and his wonderful staff over these many years. I think probably few of us in this body realize the extent of the really super service that we get from the State Printing Office. I will tell you that if you go over the hill to the border toward the closest state capitol from us, if you want to look at an amended bill, there is one bill book in the back of the room, and you go back and do it. We send something over to our guys, it is returned by three or four o'clock in the morning. Our folks come in and place the bills in the bill books and they are on the desks for us. I know we must drive the State Printer crazy when we are in session. We apologize for that. They allow us to perform a better service to our state. Their recognition is well, well deserved. Thank you.

Resolution adopted unanimously.

Assemblyman Dini moved that all rules be suspended and that Assembly Concurrent Resolution No. 82 be immediately transmitted to the Senate.

Remarks by Assemblyman Heller.

Assemblyman Porter requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HELLER:

Thank you, Madam Speaker pro Tempore. During World War II, there was a young family living in Los Angeles. They decided that was not the place where they wanted to settle down. They begged and borrowed from some of their friends so that they could leave Los Angeles on gas rationing stamps with the commitment that wherever they ended up, that was where they would settle when the stamps ran out. Every city they came to, they flipped a coin and whatever way they flipped the coin, they decided which direction they were going to go. They ended up in Silver Springs with one stamp left. They flipped the coin. The decision was to either go to Reno or Carson City.

To the benefit of Carson City, the coin landed appropriately. For many, many years, the Calhoun family lived here in Carson City. They later built a home at 301 North Anderson Street. The reason I am familiar with that address is that 20 years ago I was their paper boy and delivered their evening paper.

I have in front of me a copy of the application for Jim Calhoun when he received his award six weeks ago as one of Nevada's Distinguished Nevadans. I would like to read some excerpts from the award.

"The Nevada State Museum was founded in 1939, when the Nevada Legislature passed a bill allotting funds for the purchase of the old United States Carson City Mint Building from the federal government. In 1948, the museum director hired James Calhoun to build display cases for a new gun room, as well as construct cages for animals in the children's zoo, which was located alongside the museum. By April, 1950, problems over the construction of the mine exhibit led to the resignation of the director.

The Museum's Board of Trustees asked Mr. Calhoun if he could complete the mine and have the exhibit ready by Nevada Day, 1950. Jim accepted the challenge, and the Board appointed him supervisor, temporarily in charge of the museum. The mine opened on schedule, October 31, 1950.

Calhoun was made director of the museum in August, 1951. Jim was an active director, who did a little bit of everything. He constructed display cases, designed exhibits, participated in archaeological digs, in addition to his daily administrative duties.

Under his leadership the Department of Natural History, in 1953, and the Department of Anthropology, in 1959, came into existence. During the 1950s, a mobile museum was created to tour the state.

The museum gained national recognition under Calhoun's direction. In 1972, the Nevada State Museum was accredited by the prestigious American Association of Museums, an act officially establishing it as a professional institution of the highest quality.

In summary, under Mr. Calhoun's direction, the Nevada State Museum's focus changed from an institution interested only in displaying historic relics to one interested in research and in educating the public."

Mr. Calhoun was a dedicated husband and father. His passing is a tremendous loss to the State of Nevada and to my community here in Carson City, and, of course, to his family. Thank you.

In a county in which a county library has been established, upon the request of the board of trustees of the county library, the board of county commissioners shall submit to the registered voters of the county the question whether a tax is to be imposed upon all taxable property in the county at a rate for each $100 of assessed valuation specified in the request of the board of trustees of the library.*

2. If such a tax is so requested, the question must be placed upon the ballot at the next practicable general election. The ballot question must

clearly state that the proposed tax is exempt from the limitations set forth in NRS 354.59811 and 361.453. If a majority of the registered voters voting on the question approve the tax:

(a) The rate per $100 of assessed valuation approved by the voters is exempt from the limitation set forth in NRS 361.453;

(b) Its proceeds are not subject to the limitation imposed by NRS 354.59811 upon revenue from taxes ad valorem;

(c) The board of county commissioners shall use the proceeds of the tax to supplement the previous financial support provided for the county library and shall not reduce its previous level of support as a result of the approval of the tax; and

(c) The provisions of NRS 379.023 permitting a tax levy for town libraries which were in existence on July 1, 1967, do not apply to the towns of Tonopah and Beatty because they were not in compliance with the statutory requirements for the appointment of library boards by the county commissioners on July 1, 1967.

(d) The requirements of NRS 379.021 relating to the establishment by petition of a publicly supported county library district places an undue burden on each of these libraries which are already organized and functioning on tax revenues.

(e) Requiring by special act the creation of county library districts for the towns of Round Mountain, Tonopah, Beatty and Amargosa Valley is appropriate under the circumstances.

2. On or before July 1, 1994, the board of county commissioners of Nye County shall order the creation of county library districts for the towns of Round Mountain, Tonopah, Beatty and Amargosa Valley and set the boundaries of each district.

3. *On or before March 1 of each year, each insurer who pursuant to subsection 1, paid or is required to pay a tax of at least $2,000 on net premiums and net direct considerations written during the preceding calendar year, shall pay to the commissioner a prepayment of the tax imposed by subsection 1 in an amount equal to at least 50 percent of the tax he estimates he will owe pursuant to subsection 1 for that calendar year. The remainder of the prepayment of the estimated tax must be made on or before June 15 of that calendar year. The total of the prepayments must not be less than the actual tax pursuant to subsection 1 for the preceding calendar year. The commissioner shall accept a subsequent prepayment of the estimated tax from an insurer if the insurer files with the commissioner a statement under oath setting forth the facts requiring the additional payment.*

5. Except as otherwise provided in subsection 7, if the prepayment made pursuant to subsection 3 is less than 85 percent of the tax that was actually owed by the insurer for the calendar year in which the prepayment was made, the insurer shall pay to the commissioner:

(b) An insurer who does not make a prepayment required by subsection 3 when due shall pay interest at the rate of 1.5 percent per month, or fraction of a month, on the amount of the prepayment owed from the date on which the prepayment became due until the date of payment.

The dollar amount of the total credit to be allocated pursuant to this subsection must be determined by multiplying the average annual rate of return realized on the money in the state general fund for the period beginning on July 1, 1995, and ending on December 31, 1995, as deter-

mined by the state treasurer, by the total dollar amount of prepayments made by all insurers for the period beginning on July 1, 1995, and ending on December 31, 1995, pursuant to NRS 680B.027, as amended by this act. The commissioner of insurance shall transmit to each insurer a certification of the amount of credit allocated to it.

2. An insurer may offset against its liability for premium tax to this state, accrued with respect to business transacted in a calendar year, an amount equal to 20 percent of the amount certified pursuant to subsection 1 in each of the 5 calendar years following 1995. If an insurer ceases to transact business, he may offset all unused credits against his liability for premium tax for the year in which he so ceases. The insurer is not entitled to a refund of any remaining credits if the unused credits exceed the insurer's liability for premium tax.

Sec. 5. The amendatory provisions of this act must not be applied to the actual taxes or prepayment due for any calendar year before 1995.

Sec. 6. This act becomes effective on January 1, 1995.

Amendment No. 1066.

Amend the bill as a whole by deleting sections 1 through 3 and adding new sections designated sections 1 through 4, following the enacting clause, to read as follows:

"Section 1. NRS 616.220 is hereby amended to read as follows:

616.220 The administrator shall:

1. Prescribe by regulation the time within which adjudications and awards must be made.

2. Regulate forms of notices, claims and other blank forms deemed proper and advisable. *Each form to be used by a provider of health care which regards an injured employee must require the inclusion of the social security number of the injured employee.*

3. Prescribe by regulation the methods by which an insurer may approve or reject claims, and may determine the amount and nature of benefits payable in connection therewith.

4. Provide by regulation for adequate notice to each claimant and employer of his right:

(a) To the resolution of a contested claim in the manner provided in section 79 of this act.

(b) To a hearing in the manner provided in NRS 616.5412 to 616.544, inclusive.

(c) To judicial review of any final decision.

5. Prescribe by regulation the method for reimbursing an injured employee for expenses necessarily incurred for travel more than 20 miles one way from his residence or place of employment to his destination as a result of an industrial injury.

6. Except with respect to any matter committed by specific statute to the regulatory authority of another person or agency, adopt such other regulations as he deems necessary to carry out the provisions of this chapter and chapter 617 of NRS.

Sec. 2. NRS 616.400 is hereby amended to read as follows:

616.400 1. Except for a self-insured employer, every employer within, and those electing to be governed by, the provisions of this chapter, shall, on or before the 25th day of the month immediately after the end of the assigned reporting period furnish the system with a true and accurate payroll for that period showing:

(a) The [total amount paid to employees for services performed;] *name, classification of employment, gross wages for the period and social security number of each of his employees;*

(b) The amount of tips reported to him by [every] *each* employee pursuant to 26 U.S.C. § 6053(a), whose tips in cash totaled $20 or more; [and

(c) A segregation of employment in accordance with the requirements of the system,]

(c) The total amount paid to all employees, including reported tips, for services performed during the period, segregated by classification; and

(d) Any other information required by regulation of the division,

together with the premium due thereon.

2. In determining the total amount paid to employees by each employer for services performed during a calendar year, the maximum amount paid by each employer to any one employee during the calendar year shall be deemed to be:

(a) For the period beginning October 1, 1992, and ending December 31, 1992, the first $27,000 paid to the employee during the calendar year of 1992.

4. Failure of any employer to comply with the provisions of this section and NRS 616.395 operates as a rejection of this chapter, effective at the expiration of the period covered by his estimate. The manager shall notify the administrator of each such rejection.

5. If an audit of the accounts or actual payroll of an employer shows that the actual premium earned exceeds the estimated premium paid in advance, the manager may require the payment of money sufficient to cover the deficit, together with such amount as in his judgment constitutes an adequate advance premium for the period covered by the estimate.

6. The manager shall notify any employer or his representative by first-class mail of any failure on his part to comply with the provisions of this section. The notice or its omission does not modify or waive the requirements or effective rejection of this chapter as otherwise provided in this chapter.

7. The system may impose a penalty not to exceed 4 percent of the premiums which are due or $15, whichever is greater, for the failure of an employer to submit the information and premium required in subsection 1 within the time allowed, unless the employer has applied for and been granted an extension of that time by the manager.

8. To the extent permitted by federal law, the system shall vigorously pursue the collection of premiums that are due under the provisions of this chapter even if an employer's debts have been discharged in a bankruptcy proceeding.

Except as otherwise provided in subsection 2 of NRS 244.3359, in addition to all other taxes imposed on the [revenues] *revenue* from the rental of transient lodging, a board of county commissioners may by ordinance, but not as in a case of emergency, impose a tax at the rate of 1 percent of the gross receipts from the rental of transient lodging pursuant to either paragraph (a) or (b) as follows:

The question may be combined with a question submitted pursuant to NRS 278.710, 365.203, 371.045 or 377A.020, or any combination thereof.

(b) After receiving the approval of a majority of the registered voters who reside within the boundaries of a transportation district created pursuant to NRS 244A.252, voting on the question at a special , *primary* or general district election, the board of county commissioners may impose the tax within the boundaries of the transportation district upon all persons in the business of providing lodging. The question may be combined with a question submitted pursuant to NRS 278.710.

2. *A special election may be held only if the board of county commissioners determines, by a unanimous vote, that an emergency exists. The determination made by the board of county commissioners is conclusive unless it is shown that the board acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the board must be commenced within 15 days after the board's determination is final. As used in this subsection, "emergency" means any unexpected occurrence or combination of occurrences which requires immediate action by the board of county commissioners to prevent or mitigate a substantial financial loss to the county or to enable the board to provide an essential service to the residents of the county.*

3. The ordinance imposing the tax must include all the matters required by NRS 244.3352 for the mandatory tax, must be administered in the same manner, and imposes the same liabilities, except:

(a) Collection of the tax imposed pursuant to this section must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax; and

(b) The governmental entity collecting the tax must transfer all collections to the county and may not retain any part of the tax as a collection or administrative fee.

Sec. 98. Section 33 of Assembly Bill No. 531 of this session is hereby amended to read as follows:

Sec. 33. NRS 278.710 is hereby amended to read as follows:

278.710 1. A board of county commissioners may by ordinance, but not as in a case of emergency, impose a tax for the improvement of transportation on the privilege of new residential, commercial, industrial and other development pursuant to [either] paragraph (a) or (b) as follows:

(a) After receiving the approval of a majority of the registered voters of the county voting on the question at a [regular or] special *election or the next primary or general* election, the board of county commissioners may impose the tax throughout the county, including any such development in incorporated cities in the county. A county may combine this question with a question submitted pursuant to NRS 244.3351, 365.203, 371.045 or 377A.020, or any combination thereof.

(b) After receiving the approval of a majority of the registered voters who reside within the boundaries of a transportation district created pursuant to NRS 244A.252, voting on the question at a special or general district election [,] *or primary or general state election,* the board of county commissioners may impose the tax within the boundaries of the district. A county may combine this question with a question submitted pursuant to NRS 244.3351.

2. *A special election may be held only if the board of county commissioners determines, by a unanimous vote, that an emergency exists. Each such determination is conclusive unless it constitutes an arbitrary and capricious abuse of discretion, but the tax imposed must not exceed $500 per single-family dwelling unit of new residential development, or the equivalent thereof as determined by the board of county commissioners, or 50 cents per square foot on other new development. If so provided in the ordinance, a newly developed lot for a mobile home shall be considered a single-family dwelling unit of new residential development.

If so provided in the ordinance, no certificate of occupancy may be issued by any local government unless proof

of payment of the tax is filed with the person authorized to issue the certificate of occupancy. Collection of the tax imposed pursuant to this section must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax.

[4.] *5.* In a county in which a tax has been imposed pursuant to paragraph (a) of subsection 1, the revenue derived from the tax must be used exclusively to pay the cost of:

(a) Projects related to the construction and maintenance of sidewalks, streets, avenues, boulevards, highways and other public rights of way used primarily for vehicular traffic, including, without limitation, overpass projects, street projects and underpass projects, as defined in NRS 244A.037, 244A.053 and 244A.055, within the boundaries of the county or within 1 mile outside those boundaries if the board of county commissioners finds that such projects outside the boundaries of the county will facilitate transportation within the county;

(b) [Payment of] *The* principal and interest on notes, bonds or other obligations incurred to fund projects described in paragraph (a); or

(c) Any combination of those uses.

[5.] *6.* In a transportation district in which a tax has been imposed pursuant to paragraph (b) of subsection 1, the revenue derived from the tax must be used exclusively to pay the cost of:

(a) Projects related to the construction and maintenance of sidewalks, streets, avenues, boulevards, highways and other public rights of way used primarily for vehicular traffic, including, without limitation, overpass projects, street projects and underpass projects, as defined in NRS 244A.037, 244A.053 and 244A.055, within the boundaries of the district or within such a distance outside those boundaries as is stated in the ordinance imposing the tax, if the board of county commissioners finds that such projects outside the boundaries of the district will facilitate transportation within the district;

(b) [Payment of] *The* principal and interest on notes, bonds or other obligations incurred to fund projects described in paragraph (a); or

(c) Any combination of those uses.

[6.] *7.* The county may expend the proceeds of the tax authorized by this section, or any borrowing in anticipation of the tax, pursuant to an interlocal agreement between the county and the regional transportation commission of the county with respect to the projects to be financed with the proceeds of the tax.

[7.] *8.* The provisions of chapter 278B of NRS and any action taken pursuant to that chapter do not limit or in any other way apply to any tax imposed pursuant to this section.

Sec. 99. Section 62 of Assembly Bill No. 531 of this session is hereby amended to read as follows:

Sec. 62. NRS 365.203 is hereby amended to read as follows:

365.203 1. A board of county commissioners may by ordinance, but not as in a case of emergency, after receiving the approval of a majority of the registered voters of the county voting on the question at a *primary,*

general or special election, impose a tax of not more than 4 cents per gallon on fuel for jet or turbine-powered aircraft sold, distributed or used in the county. A county may combine this question with questions submitted pursuant to NRS 244.3351, 278.710, 371.045 or 377A.020, or any combination thereof.

2. *A special election may be held only if the board of county commissioners determines, by a unanimous vote, that an emergency exists. The determination made by the board is conclusive unless it is shown that the board acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the board must be commenced within 15 days after the board's determination is final. As used in this subsection, emergency means any unexpected occurrence or combination of occurrences which requires immediate action by the board of county commissioners to prevent or mitigate a substantial financial loss to the county or to enable the board to provide an essential service to the residents of the county.*

3. A tax imposed pursuant to this section must be imposed on all taxpayers at the same rate. The county shall not allow any discounts, exemptions or other variance of the rate of the tax for any taxpayer except for the state or a political subdivision of the state.

[3.] *4.* Collection of the tax imposed pursuant to this section must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax.

Sec. 100. Section 64 of Assembly Bill No. 531 of this session is hereby amended to read as follows:

Sec. 64. NRS 371.045 is hereby amended to read as follows:

371.045 1. A board of county commissioners may by ordinance, but not as in a case of emergency, after receiving the approval of a majority of the registered voters voting on the question at a *primary,* general or special election, impose a supplemental privilege tax of not more than 1 cent on each $1 of valuation of the vehicle for the privilege of operating upon the public streets, roads and highways of the county on each vehicle based in the county except:

(a) A vehicle exempt from the motor vehicle privilege tax pursuant to this chapter; or

(b) A vehicle subject to NRS 706.011 to 706.861, inclusive, which is engaged in interstate or intercounty operations.

2. A county may combine this question with questions submitted pursuant to NRS 244.3351, 278.710, 365.203 or 377A.020, or any combination thereof.

3. *A special election may be held only if the board of county commissioners determines, by a unanimous vote, that an emergency exists. The determination made by the board is conclusive unless it is shown that the board acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the board must be commenced within 15 days after the board's determination is final. As used in this subsection, emergency means any unexpected occurrence or combination of occurrences which*

requires immediate action by the board of county commissioners to prevent or mitigate a substantial financial loss to the county or to enable the board to provide an essential service to the residents of the county.

4. Collection of the tax imposed pursuant to this section must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax.

[4.] *5.* Except as otherwise provided in subsection [5,] *6,* the county shall use the proceeds of the tax to pay the cost of:

(a) Projects related to the construction and maintenance of sidewalks, streets, avenues, boulevards, highways and other public rights of way used primarily for vehicular traffic, including, without limitation, overpass projects, street projects or underpass projects, as defined in NRS 244A.037, 244A.053 and 244A.055, within the boundaries of the county or within 1 mile outside those boundaries if the board of county commissioners finds that such projects outside the boundaries of the county will facilitate transportation within the county;

(b) Payment of principal and interest on notes, bonds or other obligations incurred to fund projects described in paragraph (a); or

(c) Any combination of those uses.

[5.] *6.* The county may expend the proceeds of the supplemental privilege tax authorized by this section, or any borrowing in anticipation of that tax, pursuant to an interlocal agreement between the county and the regional transportation commission of the county with respect to the projects to be financed with the proceeds of the tax.

[6.] *7.* As used in this section, "based" has the meaning ascribed to it in NRS 482.011.

Thank you, Mr. Speaker. This is again one of the most wonderful things that we can do as legislators—pay tribute to the type of people like Michael Meyer who with his dedication and behind-the-scene efforts is truly making a difference in helping to save our future.

Under Michael's leadership as executive director for 20 years of Clark County's Boys' and Girls' Clubs in which he has been instrumental, not only in having the Boys' and Girls' Clubs in some of the areas that we would normally think that they would be, but he has also been able to make good property purchases with funds they have. The five clubs are located at Carey Avenue in North Las Vegas, Lindell in Las Vegas, 28th and Stewart in Las Vegas, "N" Street and the newest club opened on June 21 behind the Boulevard Mall.

The basketball program has been introduced in the Boys' and Girls' Clubs and is very, very successful. There are wonderful, wonderful sports programs. Beyond that, Michael has been able to have self esteem programs, drug awareness programs and gang prevention programs introduced as well. It is this kind of a leader that we need to pay recognition to. I am proud to be able to do so today. Thank you.

Resolution adopted unanimously.

Amend the bill as a whole by adding new sections designated sections 2 and 3, following sec. 2, to read as follows:

"Sec. 2. NRS 616.380 is hereby amended to read as follows:

616.380 1. In addition to the authority given the manager to determine and fix premium rates of employers as provided in NRS 616.395 to 616.405, inclusive, the manager:

(a) Shall apply that form of rating system which, in his judgment, is best calculated to rate each individual risk more equitably, predicated upon the basis of the employer's individual experience;

(b) Shall adopt equitable regulations controlling the rating of each risk, which must conserve to each risk the basic principles of industrial insurance; and

(c) May subscribe to a rating service of any rating organization for casualty, fidelity and surety insurance rating.

2. The rating system or any rating by a rating organization pursuant to this section is subject to the limitation that the amount of any increase or reduction of premium rate, additional charge of premiums or payment of dividends must be in the discretion of the manager.

3. The rating system provided by this section is subject to the following further limitations:

(a) All studies conducted by the manager to determine the adequacy of rate levels and the equity of rates among classifications must be conducted in the presence of an actuary designated by the commissioner.

(b) The manager shall file revised premium rates, revised classifications of employment and changes of the multiplier applied generally to classes of risk with the commissioner and give written public notice to the employers affected by the changes at least:

(1) Sixty days before the effective date of a projected change in premiums or projected change of multiplier; and

(2) Thirty days before the effective date of a change decided upon.

The commissioner shall review the revised rates and classifications and advise the manager of the changes which are not consistent with NRS 686B.050 and 686B.060.

(c) An employer affected by a change in a revised premium rate or a revised classification of employment may request the commissioner to hold a hearing before the effective date of the change. At the hearing, the commissioner shall consider the objections raised by any party appearing at the hearing. An employer may not appeal a decision of the commissioner concerning a revised premium rate or a revised classification of employment to the manager.

(d) Premium rates must not be fixed at a level higher than that required to:

(1) Pay the obligations created by this chapter and associated administrative expenses.

(2) Provide for a reasonable reserve for claims.

(3) Provide for contingencies such as a catastrophe, economic change, change in judicial interpretations of the law, legislative amendments of the law, deficiencies in the reserve and other events which cannot be predicted accurately and could endanger the solvency of the fund.

The commissioner may order the manager to make any adjustments necessary to meet the requirements of this paragraph.

4. In determining and fixing premium rates, the manager [may] *shall* establish a varying schedule of rates for workers who are in the classification of employment designated as construction [which reflects the varying hourly rates of wages paid] *based on the total number of hours worked by workers who are in that classification, and not based on the total amount of wages paid by an employer* to such workers.

5. In determining and fixing the premium rates applicable to an employer who begins business in this state but has conducted business in another state for 3 years or longer, the manager shall take into account the employer's experience in the other state in the same manner as the manager takes into account an employer's experience in this state.

6. Subsections 2 and 3 do not apply to a rating plan made by voluntary agreement between the manager and an employer which increases or reduces premiums for the employer. The voluntary rating plan may be retrospective in nature. A voluntary rating plan must be in writing and signed by the manager and the employer.

7. The manager shall adopt by regulation a plan for reviewing employers insured by the system who have excessive losses, as defined by the plan, in order to encourage those employers to pay for their losses and correct their loss experience. The plan may include requirements for:

(a) The payment of surcharges by such an employer;

(b) Mandatory retrospective rating plans;

(c) An increase in the amount of the deductible required to be paid by such an employer pursuant to subsection 1 of section 73 of this act;

(d) Changes in the limitations placed on the experience modification plan for such an employer; or

(e) Any combination of paragraphs (a), (b), (c) and (d).

The plan must include procedures for the termination of an employer's participation in the plan when the employer has corrected his excessive loss experience. The commissioner shall review the plan adopted pursuant to this subsection.

Amendment No. 1142.

Amend the bill as a whole by renumbering sections 1 through 7 as sections 16 through 22 and adding new sections designated sections 1 through 15, following the enacting clause, to read as follows:

"Section 1. NRS 387.1221 is hereby amended to read as follows:

387.1221 1. The basic support guarantee for any special education program unit maintained and operated during a period of less than 9 school months is in the same proportion to the amount established by law for that school year as the period during which [such] *the* program unit actually was maintained and operated is to 9 school months.

2. Any unused allocations for special education program units may be reallocated to other school districts by the superintendent of public instruction. In such *a* reallocation, first priority must be given to special education programs with statewide implications, and second priority must be given to special education programs maintained and operated by school districts whose allocation is less than or equal to the amount provided by law. If there are more unused allocations than necessary to cover programs of first and second priority but not enough to cover all remaining special education programs eligible for payment from reallocations, then payment for [such] *the* remaining programs must be prorated. If there are more unused allocations than necessary to cover programs of first priority but not enough to cover all programs of second priority, then payment for programs of second

priority must be prorated. If unused allocations are not enough to cover all programs of first priority, then payment for programs of first priority must be prorated.

3. A school district may, after receiving the approval of the superintendent of public instruction, contract with any person, state agency or legal entity to provide a special education program unit for [handicapped] pupils of the district [.] *pursuant to NRS 388.440 to 388.520, inclusive.*

Sec. 2. NRS 387.123 is hereby amended to read as follows:

387.123 1. The count of pupils for apportionment purposes includes all those who are enrolled in programs of instruction of the school district for:

(a) Pupils in the kindergarten department.

(b) Pupils in grades 1 to 12, inclusive.

(c) [Handicapped minors] *Pupils not included under paragraph (a) or (b) who are* receiving special education pursuant to the provisions of NRS 388.440 to 388.520, inclusive.

(d) Children detained in detention homes, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570.

(e) Part-time pupils enrolled in classes and taking courses necessary to receive a high school diploma.

2. The state board of education shall establish uniform regulations for counting enrollment and calculating the average daily attendance of pupils. In establishing such regulations for the public schools, the state board:

(a) Shall divide the school year into 10 school months, each containing 20 or fewer school days.

(b) May divide the pupils in grades 1 to 12, inclusive, into categories composed respectively of those enrolled in elementary schools and those enrolled in secondary schools.

(c) Shall prohibit the counting of any pupil specified in subsection 1 more than once.

3. Except as otherwise provided in NRS 388.700, the state board of education shall establish by regulation the maximum pupil-teacher ratio in each grade, and for each subject matter wherever different subjects are taught in separate classes, for each school district of the state which is consistent with:

(a) The maintenance of an acceptable standard of instruction;

(b) The conditions prevailing in [such] *the* school district with respect to the number and distribution of pupils in each grade; and

(c) Methods of instruction used, which may include educational television, team teaching or new teaching systems or techniques.

If the superintendent of public instruction finds that any school district is maintaining one or more classes whose pupil-teacher ratio exceeds the applicable maximum, and unless he finds that the board of trustees of the school district has made every reasonable effort in good faith to comply with the applicable standard, he shall, with the approval of the state board, reduce the count of pupils for apportionment purposes by the percentage which the

number of pupils attending [such] *those* classes is of the total number of pupils in the district, and the state board may direct him to withhold the quarterly apportionment entirely.

Sec. 3. NRS 387.1233 is hereby amended to read as follows:

387.1233 1. Except as otherwise provided in subsection 2, basic support of each school district must be computed by:

(a) Multiplying the basic support guarantee per pupil established for that school district for that school year by the sum of:

(1) Six-tenths the count of pupils enrolled in the kindergarten department on the last day of the first school month of the school year.

(2) The count of pupils enrolled in grades 1 to 12, inclusive, on the last day of the first school month of the school year.

(3) The count of [handicapped minors] *pupils not included under subparagraph (1) or (2) who are* receiving special education pursuant to the provisions of NRS 388.440 to 388.520, inclusive, on the last day of the first school month of the school year, excluding the count of [handicapped minors] *pupils* who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on that day.

(4) Six-tenths the count of [handicapped minors] *pupils* who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on the last day of the first school month of the school year.

(5) The count of children detained in detention homes, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570 on the last day of the first school month of the school year.

(b) Multiplying the number of special education program units maintained and operated by the amount per program established for that school year.

(c) Adding the amounts computed in paragraphs (a) and (b).

2. If the sum of the counts prescribed in paragraph (a) of subsection 1 is less than the sum similarly obtained for the immediately preceding school year, the larger sum must be used in computing basic support.

3. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees must be credited with attendance during that period.

4. Pupils who are incarcerated in a facility or institution operated by the department of prisons must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the department of education.

5. Part-time pupils who are enrolled in courses which are approved by the department as meeting the requirements for an adult to earn a high school diploma must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the department.

Sec. 4. NRS 387.303 is hereby amended to read as follows:

Amend the bill as a whole by renumbering sec. 6 as sec. 7 and adding a new section designated sec. 6, following sec. 5, to read as follows:

"Sec. 6. NRS 31.045 is hereby amended to read as follows:

31.045 1. Execution on the writ of attachment by attaching property of the defendant may occur only if:

(a) The judgment creditor serves the defendant with notice of the execution when the notice of the hearing is served pursuant to NRS 31.013; or

(b) Pursuant to an ex parte hearing, the sheriff serves upon the judgment debtor notice of the execution and a copy of the writ at the same time and in the same manner as set forth in NRS 21.076.

If the attachment occurs pursuant to an ex parte hearing, the clerk of the court shall attach the notice to the writ of attachment at the time the writ is issued.

2. The notice required pursuant to subsection 1 must be substantially in the following form:

NOTICE OF EXECUTION
YOUR PROPERTY IS BEING ATTACHED OR
YOUR WAGES ARE BEING GARNISHED

Plaintiff, ... (name of person), alleges that you owe him money. He has begun the procedure to collect that money. To secure satisfaction of judgment the court has ordered the garnishment of your wages, bank account or other personal property held by third persons or the taking of money or other property in your possession.

Certain benefits and property owned by you may be exempt from execution and may not be taken from you. The following is a partial list of exemptions:

5. Payments of benefits under a program of industrial insurance.
6. Payments received as unemployment compensation.
7. Veteran's benefits.
8. A homestead in a dwelling or a mobile home, not to exceed $95,000, unless the judgment is for a medical bill, in which case all of the primary dwelling, including a mobile or manufactured home, may be exempt.
9. A vehicle, if your equity in the vehicle is less than $1,500.
10. Seventy-five percent of the take home pay for any pay period, unless the weekly take home pay is less than 30 times the federal minimum wage, in which case the entire amount may be exempt.

former spouse, including the amount of any arrearages in the payment of such support and maintenance to which the former spouse may be entitled.

14. A vehicle for use by you or your dependent which is specially equipped or modified to provide mobility for a person with a permanent disability.

[13.] *15.* A prosthesis or any equipment prescribed by a physician or dentist for you or your dependent.

These exemptions may not apply in certain cases such as proceedings to enforce a judgment for support of a child or a judgment of foreclosure on a mechanic's lien. You should consult an attorney immediately to assist you in determining whether your property or money is exempt from execution. If you cannot afford an attorney, you may be eligible for assistance through ..... (name of organization in county providing legal services to the indigent or elderly persons).

PROCEDURE FOR CLAIMING EXEMPT PROPERTY

If you believe that the money or property taken from you is exempt or necessary for the support of you or your family, you must file with the clerk of the court on a form provided by the clerk a notarized affidavit claiming the exemption. A copy of the affidavit must be served upon the sheriff and the judgment creditor within 8 days after the notice of execution is mailed. The property must be returned to you within 5 days after you file the affidavit unless the judgment creditor files a motion for a hearing to determine the issue of exemption. If this happens, a hearing will be held to determine whether the property or money is exempt. The hearing must be held within 10 days after the motion for a hearing is filed.

IF YOU DO NOT FILE THE AFFIDAVIT WITHIN THE TIME SPECIFIED, YOUR PROPERTY MAY BE SOLD AND THE MONEY GIVEN TO THE JUDGMENT CREDITOR, EVEN IF THE PROPERTY OR MONEY IS EXEMPT.

If you received this notice with a notice of a hearing for attachment and you believe that the money or property which would be taken from you by a writ of attachment is exempt or necessary for the support of you or your family, you are entitled to describe to the court at the hearing why you believe your property is exempt. You may also file a motion with the court for a discharge of the writ of attachment. You may make that motion any time before trial. A hearing will be held on that motion.

IF YOU DO NOT FILE THE MOTION BEFORE THE TRIAL, YOUR PROPERTY MAY BE SOLD AND THE MONEY GIVEN TO THE PLAINTIFF, EVEN IF THE PROPERTY OR MONEY IS EXEMPT OR NECESSARY FOR THE SUPPORT OF YOU OR YOUR FAMILY".

Any such room or area must be sufficiently separate or ventilated so that there are no irritating or toxic effects of smoke in the other areas of the facility.

8. As used in this section:

(b) "Licensed gaming establishment" has the meaning ascribed to it in NRS 463.0169.

Assembly Bill No. 787.

Remarks by Assemblymen Arberry, Evans, Myrna Williams, Spitler, Marvel.

Assemblyman Anderson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. Assembly Bill No. 787 has taken roughly six months to get to this point. We are almost down to the final hour. But, as any committee such as Ways and Means has an opportunity to take a look at the budget, I can say that the committee has worked diligently to achieve an instrument such as Assembly Bill No. 787. And to achieve that, you have to have a very good committee, a hard working committee, and I can say that was your committee on Ways and Means. To show that the committee had a lot of input on this, as your chairman, Mr. Speaker, I would like to have each one of the subcommittee members talk a little bit on pieces of Assembly Bill No. 787. We will make it brief. I will make my opening statements and remarks very brief. But the only way we were able to get here was through the support of the committee as a whole. So, I will open up talking a little bit about Assembly Bill No. 787. This bill, the school funding bill, the capital improvements bills, the General Authorization Act are the final results of session-long deliberations by the Assembly Committee on Ways and Means and the Senate Committee on Finance. The General Appropriation Act and other appropriation bills considered throughout the session provide for the operation of Nevada State Government

for the 1993-1995 biennium. The money committees recommendation of the operating budget, including the Distributive School Account and the class size reduction program, called for the spending of $2.16 billion of general fund dollars during the 1993-1995 biennium.

Assembly Bill No. 787 includes the many budget actions required to bring the budget in line with Assembly Bill No. 782, the reorganization bill of state government. In support of the concerns expressed by the representatives of local governments, and to ensure uniform and equitable property assessment practices continue to exist throughout the state, the money committees restored funding in the department of taxation budget for four property appraiser positions which were recommended for reorganizational savings at the cost of approximately $386,000 in the general fund for the biennium. Additionally, two positions in the department of taxation, in the local government finance division which were recommended to be eliminated in the executive budget, were restored by the money committees to continue the local government oversight functions which include ensuring consistent budgetary and accounting practices which are used by all local governments and calculating the revenue limitations for the various taxing districts throughout the state. The recommendations required the addition of approximately $212,000 in the general fund for the biennium. The money committees also approved the Governor's proposal to implement the combined tax audit of Nevada businesses which requires an addition of approximately $1.5 million in the state general fund to ease the concerns expressed by the U.S. Department of Labor. The level of federal funding recommended by the executive budget to support the Governor's plan was in excess of what the Department of Labor considered to be necessary to the administration of the state unemployment insurance program.

Funding for primary and secondary education will be the subject of separate legislation and is not included in this bill. However, as in the past, primary and secondary education will receive the largest portion of general fund support, approximately $708 million for distributive school account and approximately $53 million for the class size reduction program. In higher education, the executive budget recommended funding in the amount of $388 million to support the university and community college systems of Nevada. Funding was increased slightly by the money committees for the 1993-1995 biennium. The additional funding will provide for replenishment of the university and community college system's unemployment compensation fund which has not been increased since 1987 through 1988, and has been operating on a reserve. The additional funding will also allow for the southern Nevada editor for the University Press.

And that is my statement, Mr. Speaker. But, as I said in the beginning, to make this committee work, we had a fine body. And part of that fine body is some of the committee members that will present the human resource side. Assemblywoman Jan Evans will present the division of mental hygiene/mental retardation. Health and rehabilitation will be presented by Assemblywoman Myrna Williams. Dealing with the department of prisons will be my vice chair, Mr. Spitler, and closing on the remarks and dealing with conservation and natural resources will be Mr. Marvel. Thank you, Mr. Speaker.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. In the department of human resources, division of child and family services, the money committees made numerous budget reductions, increased expenditures in some accounts and realigned proposed expenditure in others. The most significant recommendation made by the money committees in the children's division resulted in the addition of approximately $1.2 million in each year of the 1993-1995 biennium to support the continuation of the youth parole function as a state responsibility. The executive budget had recommended that the youth parole function be turned over to the counties in 1993. The money committees were faced with an extremely difficult decision and were unable to authorize new general fund revenues to support the continued functioning of youth parole. Therefore, we were forced to eliminate the probation subsidies program that would sponsor youth parole.

In the division of aging services, the money committees provided additional general funds for each year of the 1993-1995 biennium to support the continuation of preventive health services for seniors which were implemented during the current biennium, as well

as increased funding to support the division care giver training program. This increase will provide training of family and professional caregivers of the elderly in both northern and southern Nevada each year. In the welfare division, the aid to dependent children budget was closed. The funding to maintain the ADC grant at their current level of $348 for a family of three that does not receive public housing, and $272 a month for a family of three that does receive a public housing allowance. Recent ADC caseload projections indicate caseload increases are moderating. Therefore, it was not necessary for the money committees to augment the ADC budget for projected caseloads greater than that recommended in the executive budget. This has been a problem for us in the last two bienniums. In closing the ADC budget, the money committees did not incorporate the Governor's welfare reform proposals.

In other significant actions, money committees approved much needed eligibility staff support to process ADC and Medicaid applications in a timely manner. We approved the continuing funding for the development of the welfare division's federally certified data processing project commonly referred to as "NOMADS." And finally, we were able to enhance the early prenatal care services through the Medicaid's maternal obstetrical management services which provides case management services to pregnant women determined to be at high risk for pregnancy complications.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. In the division of mental hygiene/mental retardation the executive budget recommended, and the money committees concurred, with the addition of funding to address the most pressing needs of the division. These needs were identified by the division as additional case managers, supported housing, crisis counseling and contact with day training and job placement. In addition to the recommended enhancements, as included in the executive budget, the money committees have provided additional funding to open a community services satellite office in southeast Las Vegas. The division provided information to the money committees which indicated approximately 217 clients from the Henderson area were receiving services at the Henderson Counseling Center prior to its closure due to budget reductions over the 1991-1993 biennium. Forty-four clients from the Henderson area were currently receiving services at the division's West Charleston office. Additionally, the division advised it would take up to two hours in each direction to commute from the Henderson area to access services at the West Charleston office. The services that are specifically targeted for the new office are crisis counseling, case management services, supported housing, medication clinic services and training and living skills. In the rehabilitation division, the money committees approved fixed portions of the Governor's reorganizational proposal which recommended that the rehabilitation division be merged into the new Department of Employment Training and Rehabilitation.

In reviewing and closing the budgets for the rehabilitation division, the money committees provided additional general fund support in order to maintain current services which consisted primarily of reinstating positions that were recommended to be deleted by the reorganization of governmental services. General fund support was also added for the necessary matching amounts for the continued receipt of the federal "older blind" independent living grant.

ASSEMBLYMAN SPITLER:

Thank you, Mr. Speaker. In the area of public safety, along with the Department of Prisons, the public safety section of the budget provides funding for the Department of Prisons, the Department of Parole and Probation, the Parole Board and the Department of Military. The reorganization, as proposed by the Governor and included in Assembly Bill No. 782, provides for the transfer of the Department of Parole and Probation and the Parole Board to the Department of Motor Vehicles and Public Safety.

The Department of Military is reorganized in Assembly Bill No. 782 as the Office of the Military. The Department of Prisons remains as the Department of Prisons following the reorganization plan. Within the Department of Prisons, the Governor's recommended budget for that department for the 1993-1995 biennium reflected a reduced average inmate population of 351 inmates in fiscal year 1994, and 766 inmates in fiscal year 1995. The reduced inmate population would have resulted in the closure of a number of conservation

camps and was predicated upon the approval of legislation which was loosely referred to as the Facilities Capacity Act, Senate Bill No. 338. That legislation was not approved. Therefore, additional funding is provided due to the increased cost that will be incurred by the Department of Prisons over the 1993-1995 biennium as a result of housing for an increased number of inmates. The Department of Prisons estimates they will house 485 additional inmates in June of 1994, and 970 additional inmates in June of 1995 as a result of the Facilities Capacity Act not being approved. This translates into an additional funding requirement from the state general fund of approximately $16.1 million over the 1993-1995 biennium. Thank you, Mr. Speaker.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. It was a pleasure serving on the subcommittee that you chaired on Conservation and Natural Resources. As most of you know, the division of water resources was particularly hard hit by the Governor's recommended budget which would have reduced the staff by 17½ positions, or 35 percent of the proposed budget we submitted in 1991. Presently, a five-year backlog of protested water applications exists. Dam inspections and adjudication efforts have been severely curtailed because of the drastic budget reductions. The 17½ positions recommended for elimination were restored by legislation enacted this session which will allow the agency to reduce a backlog and collect more than enough revenue to offset the cost of retaining the positions that were scheduled for elimination.

The division of conservation districts was restored at an added cost of $66,000 for the biennium to continue to serve 29 locally elected conservation boards working to conserve our state's natural resources, which is very important now that we are coming out of a draught. The Governor recommended the Board of Wildlife Commissioners, the State Conservation Commission and the Advisory Board for Water Planning and Development to be consolidated into the new Natural Resources Board. These three boards have been retained. Instead, the money committees consolidated the following three boards into a new seven member Natural Resources Board: the State Parks Advisory Board, the Board for Forestry and Fire Control and the State Multiple-Use Advisory Committee on Federal Lands. And that concludes the statement. Thank you, Mr. Speaker.

The following amendment was proposed by Assemblyman Price:

Amendment No. 1216.

Amend the bill as a whole by deleting sec. 51 and renumbering sections 52 and 53 as sections 51 and 52.

Assemblyman Price moved the adoption of the amendment.

Remarks by Assemblymen Price, Giunchigliani, Arberry, Evans, Marvel, Bache and Spitler.

Assemblyman Anderson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. Let me tell you up front my objection to the act. It was discussed in Ways and Means extensively. If you would turn your attention to page 13, Section 51. Because this act is session law, for the next two years it actually changes a portion of the Nevada Revised Statutes, but you will never see it change in there because it does not become codified. Under Section 353.225 in the law today, is a method that the Governor attempted to follow during the last crisis we had between sessions to make changes in the Appropriations Act, specifically, if you recall, not to provide the increase for the public employees and some other areas. His actions were found unconstitutional. Section 51 of the bill that we are hearing attempts to make some changes to confer legislative powers to the Governor. It attempts to set up a procedure amending existing law, but not putting it into the Nevada Revised Statutes, that would allow the Governor, in a crisis to make a decision. I contend we should be a part of the decision-making process.

When there is a crisis, we are the people's branch of government who were elected to make decisions, and sometimes tough political decisions, but that is our job in the American process. We should have been called in for one, two or five days, and we should have been part of the process. This amendment proposes to remove Section 51 so that the law would continue as it has been to date, and this body would continue to be a major player in the family of government in making decisions for what is good, what is bad and what is needed for the State of Nevada. I do not expect this to pass because most people do not want to come back up here. But perhaps, just perhaps you will. I, to my knowledge, will resist giving legislative powers to another branch of government because we are elected by the citizens in our individual districts to make the tough decisions. By enacting Section 51, it makes it easier for the Governor, in this case it would only be this Governor because it is only for the next two years, but regardless of who happened to be holding the office at any given time, it conveys our powers to them.

I thank you, and I would like to thank the staff. I had a little trouble finding this amendment, and I actually passed it out after my colleague and chairman of Ways and Means started talking. I thank the staff for their fast work.

ASSEMBLYMAN GIUNCHIGLIANI:

I, too, rise in support of Amendment No. 1216 to Assembly Bill No. 787. I voted against the appropriations bill in committee because of this section. As my colleague said, not only does it give away some of our powers and our authority, it also grants extending authority to the governor during a fiscal crisis. If we have chosen to have numbers that are bogus, or have improperly funded, or the taxes did not come in as high as we thought they would, then I think it is our responsibility to come back to the legislature during a special session and make things right. What this will do, even though it says that the Governor can cut through reserves up to 15 percent if there is a projected shortfall of $35 million, and the legislative Interim Finance Committee still gets a chance to approve it, number one, you have given up your authority. But even more importantly, what occurred this year less than two months ago when you were asked to cut $18 million out of the basic support fund for schools, was because the Governor did not have the authority to touch that. This begins to amend that section and gives him the authority to now go in and set aside the money, whereas before he could only request it. And if the districts wanted to, they could comply. If not, they did not because they had to recognize that no matter what, basic support for schools was there and the children still appeared. Those are my main objections to this. I voted, unfortunately, a couple of times against some of the subcommittee reports, although the committee did a wonderful job trying to fix an unbalanced budget that was presented to the legislature. But this item, I think, really does begin to make a change and you will see it in two other bills that will be coming before you sometime before "sine die." I would urge your consideration. Thank you.

ASSEMBLYMAN ARBERRY:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 1216 to Assembly Bill No. 787. One of the main reasons I rise in opposition is there are court cases, as I understand, that support the issue the Ways and Means Committee has addressed in this particular section, Section 51. Governors in other states have tried to implement what our Governor did a few months ago in cutting budgets. The court cases basically came back and said that the Governor should not do any type of issue dealing with a budget cut, but the court cases also established guidelines which is what this piece of legislation does. It establishes some guidelines that will be set by this body to provide more input from us, and I know that the Governor supports this issue. Our Legislative Counsel Bureau has come back and said this legislation is okay. Also, Mr. Speaker, we did not just dream this language up. This is something that needs to be done, and if you look in the statutes, from what I understand, Statute 353.225, the Governor already has the authority to do such a thing. But I feel this piece of legislation that is enacted in the back of the bill, gives us more teeth and more information that we can provide to our constituency in coming up here. Thank you, Mr. Speaker, and I rise in opposition to this amendment.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, rise in opposition to the proposed amendment. I direct

the body's attention to the words in Section 51, in particular lines 20 through 27 on page 13, where it explains the procedure that the Governor will have to follow in reporting to the legislature or reporting to Interim Finance if the legislature is not in session. That is in part (a). Then in part (b), it specifies that the reserve must not be set aside unless the legislature or Interim Finance approves setting aside the reserve. So I think that considerably strengthens what the current language is.

I would also like to urge defeat of this motion and passage of the bill because this is what we call "session law." In other words, this lasts for two years and will deal with what may occur in the coming year and a half. It is good because not only is it binding, but it allows us then to stop and evaluate what has happened in the interim. When we come back here in two years, we can either do this again or something else rather than putting it into the statutes. So, those are the arguments for having these important provisions in session law. I do urge the Assembly to defeat this amendment.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. I also rise in opposition to Amendment No. 1216 for the same reasons as the chairman of Ways and Means and my very articulate colleague from Sparks. I was going to direct you to the same portion of the statute that has already been addressed. Having served on the subcommittee with you, Mr. Speaker, and with the chairman, and of course we had input from our legal division, I think this was the best language that we could have put together. As we were just told, this is only session law. It goes away in two years. So I, too, heartily recommend that we defeat this amendment.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. I rise in support of Amendment No. 1216. I think it is a sad day when the legislature would consider giving up their responsibilities and duties to carry out the Constitution of the State of Nevada through Section 51 of this bill. Thank you, very much.

ASSEMBLYMAN SPITLER:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 1216 to Assembly Bill No. 787. You know, as we look back over these things, Mr. Speaker, we live in very difficult economic times, and there is not a Nevadan around who does not know that if we do not have the money, we cannot spend it. I trust what the Governor has had to do in his hard choices, and I trust the budget process. There are checks and balances within this particular section of the law, and I think that we should look at it very carefully. No one likes to cut budgets to education or to mental health. Those were extremely hard choices. There was no money, and it seems incongruent to me that we would again spend $55,000 to $60,000 convening only to arrive at the same decision when we can authorize that at least in a two-year window. Thank you, Mr. Speaker.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. One of the things I love about politics is when we, among friends and colleagues, debate these issues. I can say that 99.9 percent of what each of my colleagues right down the row here has said is true and accurate, and I agree with them, but when you think about what was said, there have been court cases that have indicated you needed to have some type of language like this so that we can confer our responsibility to one person, that being the Governor. It is not easy being a legislator. It takes us away from our families and our jobs. It costs us money and we go broke. It has broken up families. But we have a duty, and we are, I consider the most important, but I would admit to being biased, but we are a major part of the decision-making process of how to run our state. Just because times get tough five months from now, and we do not want to leave our job for three or four or five days, that does not take the responsibility away from us. By the way, it does not cost $55,000 a day to convene a special session as it does now for a regular session because a great deal of this is in all of the help that we hire for a full session. So, a special session is much, much cheaper. The last special session that we had to undue our pensions, we all did voluntarily. I thank you for the debate here today and urge my colleagues to support this. May I respectfully call for a roll-call vote?

Bill read third time.

Remarks by Assemblymen Toomin, Perkins, Augustine, Kenny and Ernaut.

Assemblyman Toomin requested that the following remarks be entered in the Journal.

ASSEMBLYMAN TOOMIN:

Thank you, Mr. Speaker. Assembly Bill No. 780 defines public swimming pool as one used selectively by persons for swimming or bathing, regardless of whether a fee is charged. The term does not include a pool of a private residence which is used by a family and invited guests of the owner or authorized resident. The measure clarifies that all public swimming pools must comply with the health and safety regulations. The owner or operator of an existing pool for which a valid permit is in issuance on the bill's effective date is deemed to be in compliance. The owner or operator of a pool for which no valid permit is in issuance is deemed to be in compliance only until October 1, 1994. After that date, the pool may not be operated if the owner or operator is not in actual compliance with health and safety standards. This act is effective on passage and approval.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. To you and through you to the representative from District 15. Is this going to cause retrofitting of any of the pools in the state?

ASSEMBLYMAN TOOMIN:

Thank you, Mr. Speaker. To you and through you to my colleague from Henderson. Yes, it will cause a retrofit for any pools that are not permitted, particularly those pools that are licensed by the State of Nevada as being a child-care facility as a pool in Henderson is deemed to be. The fact of the matter is that Henderson made a drastic mistake, and they have been trying to sweep it under the carpet for almost a year and a half now. I can appreciate the concerns of my colleague from Henderson with regard to the expenditure of a few thousand dollars to bring this pool into compliance with health department codes, but I do not appreciate the lack of concern for the safety of the children using that pool. How can you compare a few thousand dollars with the life of a child?

ASSEMBLYMAN AUGUSTINE:

Thank you, Mr. Speaker. To you and through you to my colleague from Las Vegas, I received a call this morning from the director of Catholic Community Services and they

are in strong opposition to this bill. I was wondering if my colleague can tell me why, since I was not privy to any of the hearings on this bill.

ASSEMBLYMAN TOOMIN:

Thank you, Mr. Speaker. To you and through you to my colleague from District 12, the problem is that Catholic Community Services, who is the proprietor of that home and who is licensed by the state, would have to retrofit the pool to come into compliance with local safety standards.

ASSEMBLYMAN KENNY:

Thank you, Mr. Speaker. To you and through you, can you tell me what issues we are talking about here in terms of retrofitting and the life of a child? I am really a little confused.

ASSEMBLYMAN TOOMIN:

Thank you. To you and through you to my colleague from Clark County, back in January of 1991 the health department found 21 violations of health department codes. Now, if you want me to, I will go to the trouble of reading these all to you, but there are tremendous standards with regard to construction of commercial pools versus residential pools. There is also quite a substantial difference in the cost of constructing a commercial pool versus a residential pool. The primary concern with commercial pools in the application of public safety is the amount of time the water is turned over and filtered. There are a lot of sanitary factors involved, as well. There are safety factors with regard to handrails, certain numbers of skimmers and certain types of filters and pumps. When building a residential pool, the standards are not quite that high.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. To you and through you to my colleague from Clark County, what entities exactly will be affected by this retrofitting. Can you give me a list of those?

ASSEMBLYMAN TOOMIN:

Thank you, Mr. Speaker. To you and through you to my colleague from Northern Nevada, the only entity that we find not in compliance as of this date is the Regina Home for Girls in Henderson. Everybody else is in compliance with local and state health ordinances.

(A) NONREFLECTIVE; AND

(B) HAS A TOTAL LIGHT TRANSMISSION THROUGH THE COMBINATION, IF ANY, OF TRANSPARENT MATERIAL AND SAFETY GLAZING OF NOT LESS THAN 35 PERCENT WITH A TOLERANCE OF 7 PERCENT.

2. A SIDE WINDOW THAT IS TO THE REAR OF THE DRIVER, OR A REAR WINDOW, IF THE VEHICLE HAS OUTSIDE MIRRORS ON EACH SIDE THAT ARE LOCATED SO AS TO REFLECT TO THE DRIVER A VIEW OF THE HIGHWAY THROUGH EACH MIRROR FOR A DISTANCE OF NOT LESS THAN 200 FEET TO THE REAR OF THE VEHICLE.

3. ANY TRANSPARENT MATERIAL THAT IS INSTALLED, AFFIXED OR APPLIED TO THE TOPMOST PORTION OF THE WINDSHIELD IF:

(A) THE BOTTOM EDGE OF THE MATERIAL IS NOT LESS THAN 29 INCHES ABOVE THE UNDEPRESSED DRIVER'S SEAT WHEN MEASURED FROM A POINT 5 INCHES IN FRONT OF THE BOTTOM OF THE BACKREST WITH THE DRIVER'S SEAT IN ITS REARMOST AND LOWERMOST POSITION WITH THE VEHICLE ON A LEVEL SURFACE; AND

The following amendment was proposed by Assemblyman Price:

Amendment No. 1298.

Amend the bill as a whole by renumbering sec. 6 as sec. 7 and adding a new section designated sec. 6, following sec. 5, to read as follows:

"Sec. 6. NRS 202.2491 is hereby amended to read as follows:

202.2491 1. Except as otherwise provided in subsections 5 and 6, the smoking of tobacco in any form is prohibited [if done] in any:

(a) Public elevator.

(b) Public building.

(c) Public waiting room, lobby or hallway of any:

(1) Medical facility or facility for the dependent as defined in chapter 449 of NRS; or

(2) Office of any chiropractor, dentist, physical therapist, physician, podiatrist, psychologist, optician, optometrist, doctor of Oriental medicine or doctor of acupuncture.

(d) Hotel or motel when so designated by the operator thereof.

(e) Public area of a store principally devoted to the sale of food for human consumption off the premises, except in those areas leased to or operated by a person licensed pursuant to NRS 463.160.

(f) Child care facility.

(g) Bus used by the general public, other than a chartered bus, or in any maintenance facility or office associated with a bus system operated by any regional transportation commission.

(h) School bus.

2. The person in control of an area listed in paragraph (c), (d), (e), (f) or (g) of subsection 1:

(a) Shall post in the area signs prohibiting smoking in any place not designated for that purpose as provided in paragraph (b).

(b) May designate separate rooms or portions of the area which may be used for smoking.

3. The person in control of a public building:

(a) Shall post in the area signs prohibiting smoking in any place not designated for that purpose as provided in paragraph (b).

(b) Shall, except as otherwise provided in this subsection, designate a separate area which may be used for smoking.

A school district which prohibits the use of tobacco by pupils need not designate an area which may be used by the pupils to smoke.

4. The operator of a restaurant with a seating capacity of 50 or more shall maintain a flexible nonsmoking area within the restaurant and offer each patron the opportunity to be seated in a smoking or nonsmoking area.

5. A business which derives more than 50 percent of its gross receipts from the sale of alcoholic beverages or 50 percent of its gross receipts from gaming operations may be designated as a smoking area in its entirety by the operator of the business.

6. The smoking of tobacco is not prohibited in:

(a) Any room or area designated for smoking pursuant to paragraph (b) of subsection 2 or paragraph (b) of subsection 3.

(b) A licensed gaming establishment. A licensed gaming establishment may designate separate rooms or areas within the establishment which may or may not be used for smoking.

7. The person in control of a child care facility shall not allow children in any room or area he designates for smoking pursuant to paragraph (b) of subsection 2. Any such room or area must be sufficiently separate or ventilated so that there are no irritating or toxic effects of smoke in the other areas of the facility.

8. As used in this section:

(a) "Child care facility" means an establishment licensed pursuant to chapter 432A of NRS to provide care for 13 or more children.

(b) "Licensed gaming establishment" has the meaning ascribed to it in NRS 463.0169.

(c) "Public building" means any building or office space owned or occupied by:

(1) Any component of the University and Community College System of Nevada and used for any purpose related to the system.

(2) The State of Nevada and used for any public purpose, other than that used by the department of prisons to house or provide other services to offenders.

(3) Any county, city, school district or other political subdivision of the state and used for any public purpose.

If only part of a building is owned or occupied by an entity described in this paragraph, the term means only that portion of the building which is so owned or occupied. *The term includes a building that is owned by an entity described in this paragraph that is leased to a private person.*

(d) "School bus" has the meaning ascribed to it in NRS 483.160.".

Amend the title of the bill, third line, after the semicolon by inserting: "revising the provision restricting smoking in public buildings to specify the effect of leasing such a building;".

ASSEMBLY IN SESSION

At 3:04 p.m.

Madam Speaker pro Tempore presiding.

Quorum present.

REMARKS FROM THE FLOOR

Mr. Speaker requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Madam Speaker pro Tempore. I would like to make a few remarks about a distinguished member of our body. As many of you know, I am a classroom teacher, and I am preparing to go to a national convention soon. Among the packets of materials I received as a former director of that association, was some information about a member of our own body. Oftentimes, we neglect to recognize, until the papers or other groups bring it to our attention, some of the accomplishments of some of our own members. If I could take just a few minutes of our time, Mr. Speaker, I wish to recognize the accomplishments of one of my fellow members and distinguished colleague from Assembly District 6, the Chairman of our Education Committee.

On Tuesday, the National Education Association will, in the name of its 2.1 million members, recognize several of the leaders of this nation for their contribution to their communities and the nation as a whole. One of the nine individuals to be so honored is Mr. Williams. Let me remind my fellow members that Mr. Williams is a sixth grade science teacher at Hoggard School in Las Vegas, and as such is considered within our profession to be an exemplary teacher. It is not for his classroom accomplishments that he is receiving this honor, however, but rather as the finest example of leadership which he has demonstrated away from the school and away from the classroom. He has made a difference for the people of Las Vegas and, indeed, a contribution to all of us here in the State of Nevada. First of all, let me remind all of you that Mr. Williams is one of the co-founders of the Dr. Martin Luther King, Jr. Committee which assists senior citizens, sponsors youth groups, gives scholarships and promotes economic development in Las Vegas. The award he will be receiving, the Trenholm Award, and I know Dr. Trenholm and speak well of him, is named for the former Executive Secretary of the American Teachers Association, a predominantly black organization that merged with the National Education Association in 1966. The banquet, which is the keystone to the NEA's annual convention, is held in recognition of the merger of these two large organizations. Eighty

percent of the teachers in the State of Nevada, and in fact, almost all teachers in the United States, belong to this professional association. Most urban areas do not, such as New York City and Chicago. This is predominantly the professional association, in fact the largest professional association in the United States and in the world.

Let me note some of the other prestigious members who will be receiving awards with Mr. Williams. Some of the names you may recognize: Hillary Rodham Clinton for her leadership in women's rights; Claudia de Albuquerque of Fresno, California for leadership for peace and international relationships and understanding; Dr. Carl Downing of Oklahoma City for leadership in resolving social problems related to American Indians; Edward Olmo of Encino for resolving social problems of Hispanics. There are others who know of Mr. Williams' accomplishments, but to me the finest example of what anyone can do is to lead by example. It is that example that is the continuing teaching experience Wendell shows. Thank you, Madam Speaker pro Tempore.

ASSEMBLYMAN PORTER:

Thank you, Madam Speaker pro Tempore. Mr. Anderson and I hoped to have a resolution to present to our colleague today, but because of the crush of bills, we decided not to impose upon the bill drafter or else we would be adopting a resolution to signify the importance of what is taking place here.

On Saturday night our colleague and my roommate, Assemblyman Wendell Williams, at the San Francisco Hilton, is going to receive the most prestigious award that can be bestowed upon an educator in this country. He is receiving the Trenholm Award from the 2.1 million member National Education Association. Madam Speaker pro Tempore, this is not an award that is given out on a routine basis. The members of the educational establishment that have told me the significance of this award have come and said, "I can't believe it. You don't know how difficult it is to be recognized by this body and given this kind of a national award anywhere in the country, let alone a school teacher in Las Vegas who also happens to be a member of this legislature."

I have read books that have been written where my colleague has been quoted for his remarks. I read from them once at a roast for him in his honor in 1989. I said then at his roast, and I will say again now that I always thought I would have to wait until my later years to read about the accomplishments of my friends and colleagues, but at the ripe old age of 36, my roommate and friend has, indeed, proven me wrong. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. This was a little unexpected, but since we are talking about our colleague, you know, we watch him do his work around these halls very quietly, working hard and going about achieving his goals. I got a big surprise a few years ago. Back home, of course he is just like he is here. He is very active in his community and is a strong advocate for what is right. One of the things he participates in is recognition of young black students who are graduating from high school. I had a young man who grew up helping me in my campaign, and in the year that he graduated he was invited, along with other students, to a church on a Sunday to be honored. He invited me and, of course, I went along. Our colleague was giving the graduation speech with fiery encouragement. I learned at that point in time that we have in hiding among our halls someone who is equal to Jesse Jackson when we start talking about fiery speeches. I had never heard him talk in that manner and that style and give that type of a presentation before, but I can assure all of you in this room that you would be surprised when you hear our colleague really get with it. He was a great inspiration to all of those young people graduating that year, and I am sure has been before and after. He is someone we can be proud to work with.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Madam Speaker pro Tempore. This will be the first convention I will be missing in the last ten years, so I just wanted to express my thanks and pride for my colleague from Assembly District 7. As a fellow teacher, it makes me very proud to serve with him and to have him chairing the Education Committee. I think he has served as a

very, very good role model for the students, not only in his classroom but within the community, especially through the work of the Doolittle Center and other areas. I am sorry I can't be there on Saturday night, but I am very proud of you. Thank you.

ASSEMBLYMAN CARPENTER:

Thank you, Madam Speaker pro Tempore, I also rise in support of the resolution that we don't have. Wendell is not only my friend, I did not know that he was going to receive this award, but I do know that he is a great orator. Not only that, he is the number one "urban cowboy."

ASSEMBLYMAN BACHE:

Thank you, Madam Speaker pro Tempore. As my colleague from District No. 31 is going to be doing this weekend, I, too, will be in San Francisco and will be having the pleasure of, assuming we are out of here, seeing my colleague receive this high award. Congratulations.

ASSEMBLYMAN DINI:

Thank you, Madam Speaker pro Tempore. I am glad to hear this. I got a tip from one of his roommates a few days ago that this was going to happen. I want to offer my congratulations. Our good friend, Mr. Williams, has demonstrated some exceptional leadership qualities in these legislative halls. He does a fine job as chairman of the Education Committee. He has a fine moral character to demonstrate who the good people are who serve in this house. I want to congratulate you, Wendell, and more success in the education field.

Madam Speaker pro Tempore requested the privilege of the Chair for the purpose of making the following remarks:

I would just like to say that it is a privilege to share the same name, Wendell.

4. If the operator of a facility at which a trade show or convention is held has not paid the fee provided in paragraph (b) of subsection 3, he shall file a return on a form prescribed by the department and remit the tax pursuant to paragraph (a) of subsection 3 for each quarter in which a trade show or convention is held.

5. The commission shall adopt such regulations as it deems necessary to carry out the provisions of this section.

Sec. 3. *1. The division of motion pictures of the commission on economic development, as an agent of the department of taxation, shall collect the tax imposed by this chapter from those businesses that engage in the business of creating or producing motion pictures, as that term is defined in NRS 231.020, that are not residents or do not have a permanent place of business in Nevada. All taxes collected by the division of motion pictures must be immediately forwarded to the department upon receipt.*

2. The tax must be calculated upon the number of employees and hours worked in this state, but a person who conducts a business described in subsection 1 need not obtain a business license under this chapter.

Sec. 4. NRS 364A.020 is hereby amended to read as follows:

364A.020 1. "Business" includes:

(a) A corporation, partnership, proprietorship, business association and any other similar organization that conducts an activity for profit; [and]

(b) The activities of a natural person which are deemed to be a business pursuant to NRS 364A.120 [.] *; and*

(c) A trade show or convention held in this state in which a business described in paragraph (a) or (b) takes part, or which a person who conducts such a business attends, for a purpose related to the conduct of the business.

2. The term includes an independent contractor.

3. The term does not include:

(a) A nonprofit religious, charitable, fraternal or other organization that qualifies as a tax-exempt organization pursuant to 26 U.S.C. § 501(c); or

(b) A governmental entity.

Sec. 5. NRS 364A.130 is hereby amended to read as follows:

364A.130 1. [A] Except as otherwise provided in subsection 6, a person shall not conduct a business in this state unless he has a business license issued by the department.

2. The application for a business license must:

(a) Be made upon a form prescribed by the department;

(b) Set forth the name under which the applicant transacts or intends to transact business and the location of his place or places of business;

4. If the application is signed pursuant to paragraph (c) of subsection 3, written evidence of the signer's authority must be attached to the application.

5. For the purposes of this chapter, a person shall be deemed to conduct a business in this state if a business for which the person is responsible:

(a) Is incorporated pursuant to chapter 78 or 78A of NRS;

(b) Has an office or other base of operations in this state; or

(c) Pays wages or other remuneration to a natural person who performs in this state any of the duties for which he is paid.

6. A person who takes part in a trade show or convention held in this state for a purpose related to the conduct of a business is not required to obtain a business license specifically for that event.".

Amend section 1, page 1, line 14, by deleting the comma and inserting: "[,] *and section 2 of this act,*".

Amend sec. 2, pages 3 and 4, by deleting lines 47 and 48 on page 3 and lines 1 through 9 on page 4 and inserting: "out the provisions of this subsection.] *The total number of equivalent full-time employees employed by a business in a quarter must be calculated by dividing the total number of hours all employees have worked during the quarter by 468.*

2. To determine the total number of hours all employees have worked during the quarter, the business must add the total number of hours worked by full-time employees based in this state during the quarter to the total number of hours worked by part-time employees based in this state during the quarter and to the total number of hours worked in this state by employees described in subsection 5. A "full-time employee" is a person who is employed to work at least 36 hours per week. All other employees are part-time employees. An occasional reduction in the number of hours actually worked in any week by a particular employee, as the result of sickness, vacation or other compensated absence, does not affect his status for the purposes of this section if his regular hours of work are 36 or more per week. All hours for which a part-time employee is paid must be included.

3. The total number of hours worked by full-time employees of a business during the quarter may be calculated by:

(a) Determining from the records of the business the number of hours each full-time employee has worked during the quarter up to a maximum of 468 hours per quarter and totaling the results; or

(b) Multiplying 7.2 hours by the number of days each full-time employee was employed by the business up to a maximum of 65 days per quarter and totaling the results.

4. The total number of hours worked by part-time employees of a business during the quarter must be calculated by determining from the records of the business the number of hours each part-time employee has worked during the quarter and totaling the results.

5. To determine the total number of hours all employees have worked during the quarter, in the case of a business which employs a natural person at a base or business location outside Nevada, but directs that person to perform at least some of his duties in Nevada, the calculation must include the total number of hours actually worked by that person in Nevada during the quarter. To calculate the number of hours worked in Nevada, the formula in paragraph (b) of subsection 3 must be used for full-time employees, and the formula in subsection 4 must be used for part-time employees.".

Amend the bill as a whole by renumbering sec. 3 as sec. 10 and adding a new section designated sec. 9, following sec. 2, to read as follows:

"Sec. 9. A person or governmental entity that operates a facility at which one or more trade shows or conventions, or both, are held must not be required to comply with the provisions of paragraph (b) of subsection 3 of section 2 of this act for the last half of fiscal year 1993-1994 if the person or entity pays a fee of $2,500 to the department on or before January 7, 1994.".

Amend sec. 3, page 4, line 10, by deleting: "on July 1, 1993" and inserting: "upon passage and approval for the purpose of adopting regulations and on January 1, 1994, for all other purposes.".

Sec. 70. NRS 377A.020 is hereby amended to read as follows:

377A.020 1. The board of county commissioners of any county may enact an ordinance imposing a tax for public mass transportation and construction of public roads pursuant to NRS 377A.030. SECOND READING AND AMENDMENT

Assembly Bill No. 779.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:

Amendment No. 1290.

Amend the bill as a whole by deleting sections 1 through 5 and adding new sections designated 1 through 5, following the enacting clause, to read as follows:

"Section 1. 1. The board of county commissioners of Mineral County may, at a special election held before December 31, 1993, or at any countywide election to be held for another purpose on or before November 8, 1994, propose to the voters of Mineral County the question of whether the combination of the following taxes should be imposed and levied for the purpose of constructing and putting into operation a school to accommodate pupils on the Walker River Indian Reservation at Schurz, Nevada, and any other school facilities proposed by the board of school trustees of Mineral County for inclusion in this project:

(a) Impose a tax upon retailers at the rate of 0.50 percent of the gross receipts of the retailer from the sale of tangible personal property sold at retail, or stored, used or otherwise consumed, in the county;

(b) Impose a supplemental privilege tax of not more than 1 cent on each $1 of valuation of the vehicle for the privilege of operating upon the public streets, roads and highways of the county; and

(c) Levy a tax upon all taxable property in the county at a rate per $100 of assessed valuation sufficient with the proceeds of the taxes imposed pursuant to subsections 1 and 2 to pay the interest and repay the principal of the bonds issued pursuant to section 2 of this act within 20 years after the date of issuance.

2. If such a question is submitted pursuant to subsection 1 and is approved by a majority of the voters voting on the question, the board of county commissioners shall:

(a) Adopt an ordinance imposing a tax upon retailers at the rate of 0.50 percent of the gross receipts of the retailer from the sale of tangible personal property sold at retail, or stored, used or otherwise consumed, in the county. The ordinance must contain, apart from the rate of tax, provisions substantially similar to those required by chapter 377 of NRS for the city-county

relief tax, and the tax must be similarly paid and collected. Collection of the tax imposed pursuant to this paragraph must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax.

(b) Adopt an ordinance imposing a supplemental privilege tax of not more than 1 cent on each $1 of valuation of the vehicle for the privilege of operating upon the public streets, roads and highways of the county on each vehicle based in the county except a vehicle exempt from the motor vehicle privilege tax pursuant to chapter 371 of NRS and except a vehicle subject to NRS 706.011 to 706.861, inclusive, which is engaged in interstate or intercounty operations. Collection of the tax imposed pursuant to this paragraph must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax. As used in this paragraph, "based" has the meaning ascribed to it in NRS 482.011.

(c) Levy a property tax in the amount per $100 of assessed valuation approved pursuant to subsection 1 beginning on the first July 1 following approval by the voters. The limitation imposed by NRS 354.59811 upon the allowable revenue from taxes ad valorem does not apply to the tax upon property imposed pursuant to this subsection. The tax imposed pursuant to this paragraph must not be collected after it has raised an amount sufficient to pay all principal and interest due upon the bonds.

3. The proceeds of any taxes imposed or levied pursuant to this section must be distributed to the Mineral County School District. The school district shall use the proceeds only to construct and put into operation a school to accommodate pupils on the Walker River Indian Reservation at Schurz, Nevada, and any other school facilities approved by the voters or to pay debt service on bonds issued for that purpose. The school district shall consult with the Walker River Paiute tribe in developing the design and plans for the school at Schurz.

Sec. 2. 1. To finance the construction authorized by section 1 of this act, the Mineral County School District shall issue bonds, pursuant to the Local Government Securities Law and pledge for the payment of the interest thereon and principal thereof the revenue derived from the taxes imposed pursuant to section 1 of this act. The Board of School Trustees of Mineral County shall make its best effort to ensure that the bonds for at least the school at Schurz are issued and sold within 6 months after the election at which the taxes to repay them are approved by the voters. Construction of the school at Schurz must begin as expeditiously thereafter as possible.

2. No part of the proceeds of the bonds may be used for any purpose other than the construction, equipment and grounds of the school at Schurz and any other facilities approved pursuant to section 1 of this act and to defray the expense of issuing the bonds. Any proceeds remaining must be applied to repayment of the principal of the bonds issued.

Sec. 3. Upon approval by a majority of the voters voting on the question pursuant to section 1 of this act, the Executive Director of the Department of

Taxation may request an allocation from the contingency fund pursuant to NRS 353.268 and 353.269 to cover any costs directly related to increases in taxes authorized by this act.

Sec. 4. This act becomes effective upon passage and approval.".

Amend the bill as a whole by deleting the preamble and adding a new preamble to read as follows:

"WHEREAS, The Board of Trustees of the Mineral County School District has been unable to find a means to replace the Schurz School for the 23 years since its condemnation and also needs to find the means to build other new school facilities and renovate existing school facilities in Mineral County; and

WHEREAS, The Schurz School population has grown at a rate of 20 percent per year for the past 2 years; and

WHEREAS, The Board of Trustees of the Mineral County School District considers the replacement of this school their top priority; and

WHEREAS, The legislature finds and declares that a general law cannot be made applicable to the situation because of these unique and special conditions; now, therefore,".

Amend the title of the bill to read as follows:

"An Act relating to the financing of public education; authorizing the board of county commissioners of Mineral County to propose a question concerning the increase of certain taxes for the support of a new school or schools to the voters; and providing other matters properly relating thereto.".

Sec. 3. NRS 370.210 is hereby amended to read as follows:

370.210 A person shall not affix cigarette revenue stamps or metered machine impressions to any package, packet or container of cigarettes except upon the premises described in the license of a cigarette dealer [within this state,] or upon other premises [within this state] where authorized by regulation.

Records and documents shall be kept at the dealer's place of business [in Nevada] for not less than 4 years unless the department authorizes, in writing, their earlier removal or destruction.

Sec. 5. NRS 370.371 is hereby amended to read as follows:

370.371 1. A wholesale dealer shall not [,] *engage in predatory pricing* with intent to injure competitors or destroy or lessen competition substantially [:

(a) Advertise, offer to sell or sell] *by:*

(a) Advertising, offering to sell or selling at wholesale, cigarettes at less than the cost to the wholesale dealer; or

(b) [Offer] *Offering* any rebate or concession in price or [give] *giving* any rebate or concession in price in connection with the sale of cigarettes.

2. A retail dealer shall not [:

(a) Induce, attempt to induce, procure or attempt] *engage in predatory pricing with the intent to injure competitors or destroy or lessen competition substantially by:*

(a) Inducing, attempting to induce, procuring or attempting to procure the purchase of cigarettes at a price less than the cost to the wholesale dealer; or

(b) [Induce, attempt to induce, procure or attempt] *Inducing, attempting to induce, procuring or attempting* to procure any rebate or concession in connection with the purchase of cigarettes.

3. A person who violates the provisions of this section shall be punished by a fine of not more than $50 for each offense.

4. Evidence of:

(a) An advertisement, an offer to sell or the sale of cigarettes by a wholesale dealer at less than the cost to him;

(b) An offer of a rebate in price, the giving of a rebate in price, an offer of a concession or the giving of a concession in connection with the sale of cigarettes; or

(c) The inducement, attempt to induce, procurement or attempt to procure the purchase of cigarettes at a price less than the cost to the wholesale dealer,

is prima facie evidence of intent and likelihood to injure competition and to destroy or lessen competition substantially.

Sec. 6. NRS 370.3715 is hereby amended to read as follows:

370.3715 The executive director may adopt regulations for the enforcement of NRS 370.371 to 370.379, inclusive . [, and may undertake a survey of costs for the purposes of NRS 370.377 upon request by a wholesale dealer.]

Sec. 7. NRS 370.372 is hereby amended to read as follows:

370.372 [1.] In determining the cost of cigarettes to a wholesale dealer:

[(a)] *1.* A fractional part of a cent amounting to 1/10 of 1 cent or more in cost to the wholesale dealer per carton of 10 packages of cigarettes must be rounded off to the next higher cent.

[(b) Merchandise given without charge or a payment made to a wholesale dealer by a manufacturer for display, advertising or promotional purposes must not be considered.

(c)] *2.* The invoice cost of cigarettes purchased at a forced sale, bankruptcy sale, closeout sale or other sale outside of the ordinary channels of trade must not be used to justify a price lower than the replacement cost of cigarettes to the wholesale dealer in the quantity last purchased through the ordinary channels of trade.

[2. In the absence of proof of a lower or higher cost of doing business by a wholesale dealer, the cost of doing business is the dealer's average cost of operation, expressed as a percentage of the basic cost of cigarettes.]

Sec. 8. NRS 370.373 is hereby amended to read as follows:

370.373 [If a wholesale dealer sells cigarettes to another wholesale dealer, the seller is not required to charge the cost to the wholesale dealer, but the sale price must not be less than the basic cost of cigarettes.] A wholesale dealer who sells cigarettes bought from another wholesale dealer to a retail dealer, or for use or consumption, shall be deemed to be making a sale at wholesale.

Sec. 9. NRS 370.374 is hereby amended to read as follows:

370.374 1. A wholesale dealer may advertise, offer to sell or sell cigarettes at a price made in good faith to meet the lawful price of a competitor who is rendering the same type of service and is selling the same article at cost to him as a wholesale dealer.

2. The price of cigarettes advertised, offered for sale or sold under an exception specified in NRS 370.3735 or at a bankruptcy sale is not the price of a competitor for the purposes of this section.

3. In the absence of proof of the price of a competitor, the lowest cost to the wholesale dealer determined by a survey of costs that [meets the requirements of NRS 370.377] *is made in accordance with recognized statistical and cost-accounting practices for a trade area* shall be deemed the price of a competitor.

Sec. 10. NRS 370.3745 and 370.377 are hereby repealed.

TEXT OF REPEALED SECTIONS

370.3745 Determination of cost to wholesale dealer. In determining cost to the wholesale dealer, the department or a court may consider evidence tending to show that a person purchased cigarettes at a fictitious price, upon terms, in a manner, or under invoices, to conceal the true cost,

discount or terms of purchase. The department or the court may consider evidence of the normal, customary and prevailing terms and discounts in connection with other sales of a similar nature made in:

1. An area of trade within this state; or
2. The entire state.

370.377 Survey of costs. If a survey of costs has been made in accordance with recognized statistical and cost-accounting practices for a trading area to establish the lowest cost to a wholesale dealer, the survey is competent evidence of the lowest cost to a wholesale dealer for the purposes of NRS 370.371 to 370.379, inclusive.".

Amend the title of the bill to read as follows:

"An Act relating to cigarettes; revising provisions regarding the sale of cigarettes by wholesale dealers; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

"Summary—Revises provisions regarding sale of cigarettes by wholesale and retail dealers. (BDR 32-1181)".

Assembly Bill No. 378.

Bill read third time.

The following amendment was proposed by the Committee on Elections and Procedures:

Amendment No. 1294.

Amend the bill as a whole by deleting sections 1 through 4 and adding new sections designated sections 1 through 5, following the enacting clause, to read as follows:

"Section 1. 1. The legislative commission shall appoint a committee to conduct an interim study concerning the financing of the construction, maintenance and repair of highways and roads in this state.

2. The committee must consist of:

(a) Four members of the Senate, with two members appointed from the standing committee on transportation and two members appointed from the standing committee on taxation; and

(b) Four members of the Assembly, with two members appointed from the standing committee on transportation and two members appointed from the standing committee on taxation.

Sec. 2. 1. The committee may appoint an advisory committee consisting of members of the general public as necessary to carry out the study. The committee shall not appoint any person to the advisory committee who has:

(a) A substantial financial interest in, or whose employment involves, the construction, maintenance or repair of highways or roads in this state; or

(b) A substantial financial interest in, or connection to, any business or industry involving transportation on the highways of this state which, because of its substantial use of these highways or the weight of its vehicles,

may be subject to pay substantially more than the general public in fees and taxes imposed to finance the construction, maintenance or repair of these highways.

2. The members of the advisory committee serve without salary, but are entitled, for attendance at a meeting of the committee created pursuant to this section or section 1 of this act, to payment from the legislative fund for the per diem allowances and travel expenses provided to state officers and employees generally.

Sec. 3. 1. The study must be completed on or before September 1, 1994.

2. The legislative commission shall report the results of the study and any recommended legislation to the 68th session of the Nevada legislature.

Sec. 4. 1. There is hereby appropriated from the state highway fund to the legislative fund the sum of $15,000, which may be used only to carry out the provisions of this act.

2. Any remaining balance of the appropriation made by subsection 1 must not be committed for expenditure after June 30, 1995, and reverts to the state highway fund as soon as all payments of the money committed have been made.

Sec. 5. This act becomes effective upon passage and approval.".

Amend the bill as a whole by adding a preamble following the title of the bill and before the enacting clause, to read as follows:

"WHEREAS, The present tax and funding structure for highways in the State of Nevada has been eroded because of more fuel-efficient vehicles and the instability of available federal money; and

WHEREAS, The department of transportation has reported a significant shortfall in its ability to meet its long-term plan for the construction and maintenance of highways and roads in this state; and

WHEREAS, The need for the repair and maintenance of these highways and roads has been escalated because of the growth of population, the expansion of businesses and the increase in the use of our highways for interstate travel; and

WHEREAS, The present tax and fee structure for funding highway construction, maintenance and repair lacks stability and has become inadequate in addressing this critical component of the state's infrastructure; now, therefore,".

Amend the title of the bill to read as follows:

"An Act relating to transportation; directing the legislative commission to conduct an interim study concerning the financing of the construction, maintenance and repair of highways and roads in this state; providing an appropriation; and providing other matters properly relating thereto.".

Amend the summary of the bill to read as follows:

REMARKS FROM THE FLOOR

Assemblyman Humke requested that his remarks be entered in the Journal.

Please allow me to comment on my vote on Senate Bill No. 174, second reprint, which deals with the open meeting law changes. I was listed as a "no" vote when the bill was

voted on on General File during this legislative day. During the rush of end-of-session activity, I found too late that I wanted to vote "yes" instead of "no." When I attempted to change my vote by pushing the green button, the vote was already locked in. Since this legislative day is intended to be the final legislative day with a motion to adjourn *sine die* in a matter of hours, I did not wish to move to rescind the vote whereby Senate Bill No. 174, second reprint, was passed in order that I could vote again. I did not want to take up the valuable legislative time with such a motion. Therefore, I ask that the record reflect that I fully intended to vote "yes" on this measure because I have always been a strong advocate of our state's open meeting laws, and improvements thereto. I sincerely regret the inconvenience that this situation may have caused you or the staff. Thank you.

A special declarant's right (NRS 116.110385) created or reserved under this chapter may be transferred only by an instrument evidencing the transfer recorded in every county in which any portion of the common-interest community is located. The instrument is not effective unless executed by the transferee.

2. Upon transfer of any special declarant's right, the liability of a transferor declarant is as follows:

(a) A transferor is not relieved of any obligation or liability arising before the transfer and remains liable for warranties imposed upon him by this chapter. Lack of privity does not deprive any unit's owner of standing to maintain an action to enforce any obligation of the transferor.

(b) If a successor to any special declarant's right is an affiliate of a declarant (NRS 116.11031), the transferor is jointly and severally liable with the successor for any obligations or liabilities of the successor relating to the common-interest community.

(c) If a transferor retains any special declarant's rights, but transfers other special declarant's rights to a successor who is not an affiliate of the declarant, the transferor is liable for any obligations or liabilities imposed on a declarant by this chapter or by the declaration relating to the retained special declarant's rights and arising after the transfer.

The judgment or instrument conveying title must provide for transfer of only the special declarant's rights requested.

4. Upon foreclosure of a security interest, sale by a trustee under an agreement creating a security interest, tax sale, judicial sale or sale under the Bankruptcy Code or a receivership of all interests in a common-interest community owned by a declarant:

(a) The declarant ceases to have any special declarant's rights; and

(b) The period of declarant's control [(subsection 4 of NRS 116.3103)] *(section 2 of this act)* terminates unless the judgment or instrument conveying title provides for transfer of all special declarant's rights held by that declarant to a successor declarant.

Sec. 30. NRS 116.31043 is hereby amended to read as follows:

116.31043 The liabilities and obligations of a person who succeeds to special declarant's rights are as follows:

1. A successor to any special declarant's right who is an affiliate of a declarant is subject to all obligations and liabilities imposed on the transferor by this chapter or by the declaration.

(4) Any liability or obligation imposed on the transferor as a result of the transferor's acts or omissions after the transfer.

3. A successor to only a right reserved in the declaration to maintain models, offices for sales and signs (NRS 116.2115), may not exercise any other special declarant's right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a public offering statement and any liability arising as a result thereof.

4. A successor to all special declarant's rights held by a transferor who succeeded to those rights pursuant to a deed or other instrument of conveyance in lieu of foreclosure or a judgment or instrument conveying title under subsection 3 of NRS 116.3104, may declare in a recorded instrument the intention to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant's rights to any person acquiring title to any unit or real estate subject to developmental rights owned by the successor, or until recording an instrument permitting exercise of all those rights, that successor may not exercise any of those rights other than any right held by his transferor to control the executive board in accordance with [subsection 4 of NRS 116.3103] *section 2 of this act* for the duration of any period of declarant's control, and any attempted exercise of those rights is void. So long as a successor declarant may not exercise special declarant's rights under this subsection, the successor declarant is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under [subsection 4 of NRS 116.3103.] *section 2 of this act.*".

GENERAL FILE AND THIRD READING

Assembly Bill No. 193.

Bill read third time.

The following amendment was proposed by Assemblyman Humke:

Amendment No. 1329.

Amend sec. 2, page 1, line 3, before "*which*" by inserting: "*a county whose population is 400,000 or more in*".

Amend the title of the bill by deleting the first line and inserting:

"An Act relating to health care; requiring homes in larger counties that provide health care to not more than".

Amend the summary of the bill by deleting the first line and inserting:

"Summary—Provides for registration and investigation of homes in larger counties that provide certain health care".

Assemblyman Humke moved the adoption of the amendment.

Remarks by Assemblymen Humke, Myrna Williams, Petrak, Evans, Giunchigliani and Freeman.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. This amendment would make this bill applicable to the largest county in this state, only. In testimony in the Ways and Means Committee, we heard instances of problems with some of these homes applicable to several portions of Clark County. We heard that there were some concerns with the rest of the state. I think that is a fair characterization, but the bulk of the concerns were in the Clark County area. There have been complaints from Washoe County that this regulation is not truly necessary in that part of the state, nor that it is necessary in the rural parts of the state.

In my opinion, the effect of this bill would be to create a database so that the authorities know where to go for a complaint. I feel that if someone makes a complaint, they will most likely give an address where the activity is taking place. Therefore, I would consider this to be somewhat of a harassment. Thank you.

ASSEMBLYMAN MYRNA WILLIAMS:

Thank you, Mr. Speaker. I rise in opposition to Amendment No. 1329. Once again, we are facing, in my opinion, illegitimate issues of population. Particularly illegitimate when it comes to the care, health and safety of people. Frankly, I do not care if there is only one in the sixteen other counties in the State of Nevada. If there is one person who is being mistreated, who is vulnerable and needs to have the protection of the state, it is our duty to do it. I consider these kinds of amendments at the eleventh hour poor, at best.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. My colleagues here in the Assembly, I would like to ask a couple of questions and make a couple of comments regarding this. Do we know about child abuse? Do we really know about child abuse? Let's think about it. Do we know about spousal abuse? Do we really know about spousal abuse and what it means? Where does this happen? Where does this happen? It happens in the homes of the rich. It happens in the homes of the poor. It happens in my district, District 18 in Las Vegas. It happens in Gene Segerblom's district out in Boulder City, where you have all kinds of rich people living. It happens in John Carpenter's district, and it happens in Mr. Humke's district, also. It happens. It happens all over. I would challenge anybody in this Assembly to take your county newspaper and look at the classified ads. Look at them. You are going to see many people that want to take advantage of the seniors. If a young couple has their dad or mother living with them and they get tired of having them in the house, they look for some place to send those people. These are excellent places to go to place their mother and dad in a home. They do not have to be a relative, they can be anybody who takes care of these people. The bill says something about aged or sickly. People with possibly Alzeheimer's disease who cannot remember. The minute they get them in these places, what do they do to them? They say it is time to sign over their social security. That happens. If they happen to have a savings, they ask you to sign over your savings and they will take care of you. I cannot understand my colleagues, here, who understand about child abuse, who understand about spousal abuse, who understand about the treatment of animals. We just passed a bill on abuse. I could go on and get violently ill when I think of this. It makes me sick and I certainly say down with this lousy amendment and the next one coming up and I am sorry I have to speak this way. Thank you, Mr. Speaker.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. I, too, must rise in opposition to the proposed amendment. I am almost speechless. I find this the most shocking suggestion we have had in the last few days and I guess it demonstrates what we often hear about, the crazy things that happen in the closing hours of the session. Elder abuse is by all reports the most under reported crime in this country. These are old, often frail people. And all this bill says is that the Division of Aging Services and the regulation that will be promulgated by the health division will be able to register a home. Now it was just this morning, remember we took away the fee so that small operators would not be burdened with any kind of fee for this registration and we also lightened the penalty which many of us found very distasteful. The first time through you are just going to get a slap on the wrist, that was an amendment proposed by my colleague from Clark County and now we are going to say that in 17 counties in Nevada, we are now equal? This is something that only happens in our largest counties? My county should be exempt or as I see on my desk, another amendment that is going to take it down even further. This is shocking. Where is people's protection under the law? I hope that the AARP gets ahold of this little piece of news coming out of this chamber tonight. I urge my colleagues to defeat this with a no vote.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in opposition to Amendment No. 1329 and the subsequent amendment we will be taking up. I guess it is indicative of what we have been dealing with as a state. We are up here to represent the state, not just the counties we came from. And, we have vulnerable seniors every place in this state. All this bill does is, allows the Aging Division to not only register, but then if there is a complaint filed, have the authority to go in and investigate. It is simply a safety measure and I think anybody who has a parent who may wind up in one of these homes sometime, would want to make

sure that there is an assurance that someone still gives a darn about them and has the ability to file a complaint and has someone to come back on. Why do we have a Division of Aging Services if we are not going to allow them to have the power to do something about it? That is all this does. I would urge my colleagues to vote Amendment No. 1329 down and the subsequent amendment. Thank you.

ASSEMBLYMAN FREEMAN:

Thank you, Mr. Speaker. I also oppose this amendment and the following amendment for all the reasons that have already been articulated by the previous speakers. And, if we were to adopt this amendment, or the following amendment, this represents government at its worst. I ask you to reject both of these amendments.

ASSEMBLYMAN EVANS:

Thank you, Mr. Speaker. Assembly Bill No. 193 allows the State Board of Health to establish regulations governing the registration of these individual care homes. The health division's bureau of health facilities will register the facilities and will maintain a registry of each registered home for future use should it become necessary to license them in the future. The one-time fee of $50 has been waived to ensure compliance with provisions of Assembly Bill No. 193 as amended. This will take effect January 1, 1994. I urge your approval.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I would like to rise in support of this bill. I am proud to support a bill like this being it will affect a lot of senior citizens in our state and it will have positive impact on helping those senior citizens that need help. Thank you.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. In the last session, I was appointed by leadership to be on the division of aging. I attended many of the meetings as a representative of this Assembly. From that time on, for the last three years, I have seen and I have listened to conversations regarding all of this. Something must be done, and I think that this is one way we can possibly help and I urge your consideration on this issue. Thank you.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. It seems like maybe I am a really bad guy, here. But, what I am worried about is that it seems to me that we are taking away all incentives to take care of our own. Now, I know that there are cases of abuse out there, but we have many laws to take care of that. Nurses, physicians, ministers—the list goes on and on, are mandated to report these cases. All of us are mandated to report those cases. What I think we are doing here is intruding into the lives of people who only want to help their friends. I think the division of aging has other ways. They know where the social security checks are going and the welfare checks. We have so many laws on the books now that we are not enforcing hardly any of them. We read in the paper this morning "abuse charges not new to the hospital." There is a public institution out there where these things have been going on for years and the authorities haven't done anything with it. What we are doing here, I think, is creating a massive amount of paper work that I do not think will help. If it would help, I would be the first one that would be for it. But, I think people who are out there just trying to do the best that they can on their own to take care of their friends and have them come into their homes, at any time, with no warrant or anything is really an intrusion into those people's lives. And, I am not for elder abuse. That is the last thing I am for, but I do think that government is getting into the private lives here and we are going to not help ourselves, but we are going to harm ourselves. And, if we know these cases and the division of aging knows these cases, and they're not taking care of them I do not believe that this law will help at all.

Assembly Bill No. 779.

Bill read third time.

Remarks by Assemblymen Neighbors and Price.

Assemblyman Neighbors requested that the following remarks be entered in the Journal.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. Assembly Bill No. 779 provides a method of financing the interest and principal for the purpose of constructing and putting into operation school facilities as proposed by the Mineral County School District.

Assembly Bill No. 779 does not mandate a county election. It gives the voters of Mineral County the one-time option of a combination of taxes to pay off the bond issue if they have the election. The combination is property tax, privilege tax and sales tax.

Because of the limited tax base of Mineral County, which is only $112 million with one percent only raising $11,000, by the use of this combination, it would allow them to buy down so they can stay under the statutory cap of $3.64. This is a one-time offer. They have to meet certain deadlines to be able to take advantage of this. This is unique. It has never been done before, but that county has two schools that are badly needed. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I am very proud of what has evolved around this particular subject matter during this legislative session. On our board it says, "School at Schurz," but that is really inaccurate. We are talking about the potential for a new school at Schurz and a new elementary school at Hawthorne. When this whole subject started, it was with another bill whereby the native Americans at the Schurz Reservation had proposed to place a tax on diesel fuel from their own truck stop to build a school because their present school is in very poor shape and has been condemned for 20 years. Your Taxation Committee rejected the idea.

We did go to Hawthorne and hold a meeting where nearly 400 people attended to discuss the problem, not only the problem of the schools on the reservation, but the school that they had. We came back and worked out a series of changes which is the legislation in front of you. It is supported by the members of the reservation at Schurz, the Walker River Tribe, the county commissioners and various elected officials in Mineral County. Eventually, we hope that it will bring a new elementary school in Hawthorne and a new school at Schurz. I might add that behind me I have one of the elected officials, Mrs. Bunch, the County Clerk from Mineral County. We are all very pleased that we have been able to get this far. It is almost like doing foreign relations.

ASSEMBLYMAN NEIGHBORS:

Thank you, Mr. Speaker. At this time, I want to thank the chairman and members of the Taxation Committee. We had numerous meetings which began back in January. The only reason we had 400 people at the meeting, and pretty angry citizens in Hawthorne, is because that is all the fire marshal would allow in the building. I think that has been resolved. Also, I do not know if the lady with the hat is here, Carole Villardo, but she really worked overtime working with the Tax Committee putting this together. A very special thanks to all. Thank you.

Senate Bill No. 511.

Bill read third time.

Remarks by Assemblymen Wendell Williams, Giunchigliani, Smith, Lambert, Bonaventura, Kenny, Anderson and Bache.

Assemblyman Toomin requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. Senate Bill No. 511 requires the superintendent of public instruction establish a uniform system for school accountability reports. The superintendent is required to provide statistical information and technical assistance to the school districts to insure the reports provide comparable information in carrying out these provisions. The superintendent must consult with representatives from the Nevada State Education Association, the Nevada Association of School Boards, the Nevada Association of School Administrators and the Nevada Parents and Teachers Association. This measure provides that all parties involved must have full participation to make sure that fairness and equality are taking place.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I rise in support of accountability, however, I do oppose this bill. Four years ago I helped craft the current bill that is on your desk regarding school accountability. What this bill does is to begin to change that. It may seem like a real innocuous change to you. What it does is it requires that you not only report by district, but you report by each school. You will give a comparison for pupil achievement, for example, for each school in the district and the district as a whole.

This bill does not take into account the difference of the type of students that are in each school. It does not take into account whether or not there is English as a second language students or a large population of special education students or whether those kids come to school hungry because they have not had any food that morning. This bill does not take into account the real child, and we are setting up a false competition. You are going to be sending the wrong message. You are going to have people saying that because a school which is an older school that does not have computers in half the classrooms and dictionaries in half the classrooms, we do not have the same type of equipment as many of the newer schools. You are going to be pitting that group of schools and children against another.

Now, if you vote "no" on this bill, you are not voting against accountability. The law stays on the books. What you are voting against is setting up a sense of false competition. But even more importantly, you are also voting against an unfunded mandate. This bill originally had a $100,000 figure to it for the state superintendent to have to do some of the work in order to gather the information in order to get the bill passed. Somehow or other, the fiscal note went away. The state superintendent said that he felt that he could do it, however, he hopes that during the interim he will be able to approach the Interim Finance Committee to request modest support.

The other issue is the local unfunded mandate. The Clark County School District, the Washoe County School District, and the rural districts, small, medium and large, will be attuned in 1993 and 1994 of $155,023, and in 1994 and 1995, $162,000 and a continuing $170,000 cost. Now what may sound good in reality is not going to accomplish it because those districts did not get the money. It is not built into their budgets. I would rather use that money to be able to provide for things so that all of our kids have an opportunity to have an equal education rather than having some false issue of printing. I tested what the first percentile versus someone who tested on the second percentile. What does that tell you as a parent or as a grandparent? It does not tell you anything. It is time we go back to our schools and look at kids as individuals instead of a test score. I would urge your consideration to oppose this. Thank you.

ASSEMBLYMAN SMITH:

Thank you, Mr. Speaker. I also rise in opposition to Senate Bill No. 511. I wish to echo

many of the concerns expressed by the previous speaker. I taught in many different schools at many socio-economic levels. Some of my schools would have one set of textbooks per classroom, which meant the kids could not take their books home at night to do homework, where other schools have a book per student. There is such a wide variety of differences. If this bill were a bill to say we need to find out where our weaknesses are and then we will give money to make them equal, then this would be a great thing to do, but to simply say that we are going to find out who is doing better and who is doing worse, and to pit schools against schools is completely worthless. It will not accomplish anything if we are not willing to do anything about it. All we are going to do is create animosity between those that have and those that have not. This is not the way to create accountability. Accountability is important, but without money or any meaning behind it, it is worthless. I urge you to oppose this bill.

ASSEMBLYMAN LAMBERT:

Thank you, Mr. Speaker. I stand in support of this bill. I, too, was here when we crafted the original accountability bill four years ago. The response that I have heard from my neighbors and other people in the district when they see the reports that come from the school district is almost universally that this is a joke. This does not tell us anything to allow us to better deal with the school district so that our children can learn better. This is not just reporting test scores. On page two, lines 8 and 9, there is such other information as is directed by the superintendent of public instruction. The section below that puts together a way of putting input into what he suggests be reported.

In Washoe County, it certainly has come up over and over again. We have average schools, we have schools where the children have better support from home, where more money is contributed by the parents toward the schools. A lot of people are asking what can they do to make sure all the children in Washoe County learn. One of the things we can do is find out what the children in each school are learning so we can approach the problem from a systematic way and deal with the problem. So, the bottom line is the children of Nevada will learn. Thank you.

ASSEMBLYMAN BONAVENTURA:

Thank you, Mr. Speaker. I have a question to the gentleman from District No. 6. I would like to know if the Nevada State Education Association was in opposition or was a proponent of this legislation?

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. To you and through you to my colleague from Las Vegas, as I said, the Nevada State Education Association, the Nevada Association of School Boards, the Nevada Association of School Administrators and the Nevada Parent-Teacher Association were all in support of this measure. In the past, these particular groups were opposed to measures like this, but now they feel that education reform has to happen. They would rather be participants in that reform opposed to taking what happens and what comes to them.

Mr. Speaker, I might add as well, under existing law, each school district currently is required to report this type of information concerning school districts as a whole. So, we get this information as a whole, like a shotgun approach, we do not know where to focus our attention for reform. At least with individual schools, we will know exactly which schools need the type of equipment that my colleague from Las Vegas talked about, and we can address those issues. If we do not begin to find out what these particular schools need, then we will not know which direction to take. We will just be somewhere shooting in the dark, hoping to reach some type of goals to change education. Those schools that are in desperate need for change, those parents who participate, the PTAs who participate and the education association, as well, will all get together to function and address those individual concerns instead of looking at test scores and reports that are just a broad wipe and nobody knows exactly where to go. This bill will provide specificity to address those particular problems. Again, I would ask my colleagues for support.

ASSEMBLYMAN BONAVENTURA:

Thank you for that short answer, Mr. Williams.

ASSEMBLYMAN KENNY:

Thank you, Mr. Speaker. To you and through you to the Chairman of Education. I just have two questions. One is regarding the unfunded mandate. Is it true, is this something we need to know about or is it not true? And, the second question comes from something that, through my campaigning, I talked to many people who would say to me, "Why do we need class size reduction? The numbers don't prove it." My answer was to them that you cannot look at numbers when you are dealing with students. You have to deal with children as individuals and the same thing with schools. My question is, you are saying we have no information as to how each school is doing in comparison with others, we only do it as a district?

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. To you and through you to my colleague from Clark County. Under existing law, again, each school district is required to report such information only concerning school districts as a whole. So, regardless if they are small schools, large schools, schools that have resources, schools that do not, the information is presented as a whole so there is no way to differentiate between those schools of need and those schools who do not. This measure at least allows us to see which schools need more help than others so that we can provide the type of resources or attention or support staff, parental support or what have you to those specific areas as opposed to just one report that just gives a report on the school district as a whole. Now we are moving toward a situation where there are more participants so we can get more specific information. That is the bottom line.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of Senate Bill No. 511. I do so because I do not think, in the education profession, there is any greater myth than those myths that surround the question of testing. Whether it is or is not, what it is to accomplish in a reform movement or what is potential for accomplishing anything in a reform movement, we have to face the reality whether we are professional public educators or the public as a whole that educational reform begins with each one of us. If this testing method provides one step for people to recognize their responsibility in the educational area, it is an important step.

All of us must recognize full funding of the educational curriculum is essential. All of us must recognize parent responsibility. All of us must make sure that the inequities that exist across the broad spectrum of the educational community is eliminated. If testing is the criteria that you wish to tie it to, then let us do it with the full cooperation of the groups that the chairman of the Education Committee has put together. Therefore, I support this bill. I think that it is a tentative, frightening first step, but let us have the courage to take the first step.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. I rise in opposition to Senate Bill No. 511. I concur with the remarks my colleagues from District No. 20 and District No. 9 have made. But more importantly, I think the remarks that my colleague from District No. 3 made around a half hour ago about Senate Bill No. 511 is a reason for me to vote against it.

ASSEMBLYMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. Accountability is kind of a misnomer. To hold a school accountable, is to really look at what really makes up that school. If you look at the current law, they deleted the line that says, "May design its own program or may adopt a program developed by the Northwest Association." The Northwest Association guidelines take a look at each individual school so that you can get to the issue of equity. We could not get that into the original bill four years ago. It was fought very strenuously. The reason why is that they took a look at the things that make up a school. The class size, the number of nurses, the number of psychologists that were available, the lighting, the type of water, all the things that go into making up a school. We are diverting our money and actually have created an unfunded inequity in each of our schools in each of our districts. My major concern is not whether or not you report test scores. I have no problem with that. I

just believe what you are going to cause is pitting one group against another and we are going to continue to stick our heads in the sand, rather than funding schools in the proper manner. We did not do it this time. We did not do it last session, and a piece of legislation like this is not going to accomplish it. You need to fund the programs. The districts are to report by district currently. That is absolutely correct. But, they know by school right now, without this legislation what needs to be done. However, they choose not to budget that way. They choose to budget by per pupil, by whether you are an elementary school, a middle school or a high school. And you get a flat fee no matter what school you are in, no matter how old it is, no matter how unfunded it is. So this bill does not take care of it. That is my major concern. Whether you vote this bill up or down, the situation will still exist. The situation is this. It is inequity in our schools. This will not take care of the problem. Thank you.

Assemblyman Porter moved that Assembly Bill No. 635 be placed on the Second Reading File.

Motion carried.

SECOND READING AND AMENDMENT

Assembly Bill No. 635.

Bill read second time.

The following amendment was proposed by the Committee on Commerce:

Amendment No. 1291.

Amend the bill as a whole by deleting sections 1 through 20 and adding new sections designated sections 1 through 41, following the enacting clause, to read as follows:

"Section 1. Chapter 599B of NRS is hereby amended by adding thereto a new section to read as follows:

1. In addition to any security required by NRS 599B.090, a seller, before accepting or agreeing to accept any payment by credit card, shall arrange with a bank or other financial institution regulated by the division of financial institutions of the department of commerce of this state or an equivalent authority of another state for the collection of payments by credit card for his account. An applicant for a license as a seller pursuant to the provisions of this chapter who will accept payment by credit card shall furnish to the division with his application evidence satisfactory to the division that such an arrangement has been made.

2. The arrangement must include a provision whereby any deposit or other security maintained by the seller for the protection of the financial institution is payable to the division after the claim of the financial institution is satisfied. The division shall apply the amount so received to satisfy pro rata claimants entitled to restitution from the seller after any security applied pursuant to NRS 599B.100 is exhausted, and pay over any remaining balance to the seller.

Sec. 2. NRS 599B.010 is hereby amended to read as follows:

The lien may, within 5 years after the date of the filing of the certificate or within 5 years after the date of the last extension of the lien pursuant to this subsection, be extended by filing for record a new certificate in the office of the county recorder of any county, and from the time of filing, the lien is extended to the real and personal property in the county for 5 years, unless sooner released or otherwise discharged.

4. The department may at any time release all or any portion of the property subject to any lien provided for in sections 15 to 39, inclusive, of this act, from the lien or subordinate the lien or other liens and encumbrances if it determines that the amount, interest and penalties are secured sufficiently by a lien or other property or that the release or subordination of the lien will not jeopardize the collection of the amount, interest and penalties.

5. A certificate by the department to the effect that any property has been released from the lien, or that the lien has been subordinated to other liens and encumbrances, is conclusive evidence that the property has been released, or that the lien has been subordinated as provided in the certificate.

Sec. 27. *1. At any time within 3 years after any fee or any amount of the fee imposed by sections 15 to 39, inclusive, of this act, becomes due, and at any time within 3 years after the delinquency of any such fee, or within 5 years after the last recording of an abstract pursuant to NRS 360.450, or of a certificate pursuant to section 26 of this act, the department may bring an action in the courts of this state, or any other state, or of the United States, in the name of the people of the State of Nevada, to collect the amount delinquent together with penalties and interest.*

2. The attorney general shall prosecute the action, and the provisions of NRS and the Nevada Rules of Civil Procedure and Nevada Rules of Appellate Procedure relating to service of summons, pleadings, proofs, trials and appeals apply to the proceedings.

3. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

4. In the action a certificate by the department showing the delinquency is prima facie evidence of the determination of the fee or the amount of the fee, of the delinquency of the amounts set forth, and of the compliance by the department with all the provisions of sections 15 to 39, inclusive, of this act, in relation to the computation and determination of the amounts.

Sec. 28. *The remedies of the state provided for in sections 15 to 39, inclusive, of this act, are cumulative, and no action taken by the department or the attorney general constitutes an election by the state to pursue any remedy to the exclusion of any other remedy for which provision is made in those sections.*

Sec. 29. *If the department determines that any fee, penalty or interest has been paid more than once or has been erroneously or illegally collected or computed, the department shall set forth that fact in the records of the department and certify to the state board of examiners the amount collected in excess of the amount legally due and the seller or other person from whom it was collected or by whom paid. If approved by the state board of examiners, the excess amount collected or paid must be credited on any amounts then due from the person or business under this chapter, and the balance refunded to the seller or other person or his successors, administrators or executors.*

Sec. 30. *1. Except as otherwise provided in NRS 360.235:*

(a) No refund may be allowed unless a claim for it is filed with the department within 3 years after the last day of the month following the close of the period for which the overpayment was made, or, with respect to determinations made pursuant to NRS 360.300 to 360.416, inclusive, within 6 months after the determination becomes final, or within 6 months after the date of overpayment, whichever period expires later.

(b) No credit may be allowed after the expiration of the period specified for filing claims for refund unless a claim for credit is filed with the department within that period.

2. Each claim must be in writing and must state the specific grounds upon which the claim is founded.

3. Failure to file a claim within the time prescribed in this chapter constitutes a waiver of any demand against the state on account of overpayment.

4. Within 30 days after disallowing any claim in whole or in part, the department shall serve notice of its action on the claimant in the manner prescribed for service of notice of a deficiency determination.

Sec. 31. *1. Interest must be paid upon any overpayment of any amount of the fee imposed by sections 15 to 39, inclusive, of this act, at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the calendar month following the period for which the overpayment was made. No refund or credit may be made of any interest imposed upon the seller or other person making the overpayment with respect to the amount being refunded or credited.*

2. The interest must be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he has not already filed a claim, is notified by the department that a claim may be filed or the date upon which the claim is certified to the state board of examiners, whichever is earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the fee or amount against which the credit is applied.

3. If the department determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest on it.

Sec. 32. *1. No injunction, writ of mandate or other legal or equitable process may issue in any suit, action or proceeding in any court against this state or against any officer of the state to prevent or enjoin the collection under sections 15 to 39, inclusive, of this act, of the fee imposed by those sections or any amount of fee, penalty or interest required to be collected.*

2. No suit or proceeding may be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been filed.

Sec. 33. *1. Within 90 days after the mailing of the notice of the department's action upon a claim filed pursuant to this chapter, the claimant may bring an action against the department on the grounds set forth in the claim in a court of competent jurisdiction in Carson City or Clark County for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.*

2. Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of alleged overpayments.

Sec. 34. *1. If the department fails to mail notice of action on a claim within 6 months after the claim is filed, the claimant may, before the mailing*

of notice by the department of its action on the claim, consider the claim disallowed and bring an action against the department on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

2. If judgment is rendered for the plaintiff, the amount of the judgment must first be credited towards any fee due from the plaintiff.

3. The balance of the judgment must be refunded to the plaintiff.

Sec. 35. *In any judgment, interest must be allowed at the rate of 6 percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment, or to a date preceding the date of the refund warrant by not more than 30 days. The date must be determined by the department.*

Sec. 36. *A judgment may not be rendered in favor of the plaintiff in any action brought against the department to recover any amount paid when the action is brought by or in the name of an assignee of the seller paying the amount or by any person other than the seller or other person who paid the amount.*

Sec. 37. *1. The department may recover a refund or any part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought in a court of competent jurisdiction in Carson City or Clark County in the name of the State of Nevada.*

2. The action must be tried in Carson City or Clark County unless the court with the consent of the attorney general orders a change of place of trial.

3. The attorney general shall prosecute the action, and the provisions of NRS, the Nevada Rules of Civil Procedure and the Nevada Rules of Appellate Procedure relating to service of summons, pleadings, proofs, trials and appeals apply to the proceedings.

Sec. 38. *1. If any amount in excess of $25 has been illegally determined, either by the person filing the return or by the department, the department shall certify this fact to the state board of examiners, and the latter shall authorize the cancellation of the amount upon the records of the department.*

2. If an amount not exceeding $25 has been illegally determined, either by the seller or other person filing a return or by the department, the department without certifying this fact to the state board of examiners, shall authorize the cancellation of the amount upon the records of the department.

Sec. 39. *1. A person shall not:*

(a) Make, cause to be made or permit to be made any false or fraudulent return or declaration or false statement in any return or declaration, with intent to defraud the state or to evade payment of the fee or any part of the fee imposed by sections 15 to 39, inclusive, of this act.

(b) Make, cause to be made or permit to be made any false entry in books, records or accounts with intent to defraud the state or to evade the payment of the fee or any part of the fee imposed by sections 15 to 39, inclusive, of this act.

(c) Keep, cause to be kept or permit to be kept more than one set of books, records or accounts with intent to defraud the state or to evade the payment of the fee or any part of the fee imposed by sections 15 to 39, inclusive, of this act.

2. Any person who violates the provisions of subsection 1 is guilty of a gross misdemeanor.

Sec. 40. The first payment of the tax imposed pursuant to sections 15 to 39, inclusive, of this act, is due on or before January 15, 1994, for the quarter which includes October, November and December of 1993.

Sec. 41. 1. This section, section 1 and sections 4 to 40, inclusive, of this act become effective on July 1, 1993.

2. Sections 2 and 3 of this act become effective at 12:01 a.m. on July 1, 1993.".

(2) Unless the sentence is reduced pursuant to NRS 484.3794, sentence him to imprisonment for not less than 2 days nor more than 6 months in jail, or to perform 48 hours of work for the community while dressed in distinctive garb which identifies him as having violated the provisions of NRS 484.379; and

(3) Fine him not less than $200 nor more than $1,000.

[The teacher of the educational course shall evaluate the offender and, if he finds the offender is an abuser of alcohol or controlled substances, he shall promptly report his findings to the court for its use.]

(b) For a second offense within 7 years, is guilty of a misdemeanor. Unless the sentence is reduced pursuant to NRS 484.3794, the court [shall sentence him to imprisonment] *:*

(I) Imprisonment for not less than 10 days nor more than 6 months in jail [and] *; or*

(II) Residential confinement for not less than 10 days nor more than 6 months, in the manner provided in NRS 4.376 to 4.3768, inclusive, or 5.0755 to 5.079, inclusive;

(2) Shall fine him not less than $500 nor more than $1,000 [.] *; and*

(3) May order him to attend a program of treatment for the abuse of alcohol or drugs pursuant to the provisions of section 5 of this act.

A person who willfully fails or refuses to complete successfully a term of residential confinement or a program of treatment ordered pursuant to this paragraph is guilty of a misdemeanor.

(c) For a third or subsequent offense within 7 years, shall be punished by imprisonment in the state prison for not less than 1 year nor more than 6 years and must be further punished by a fine of not less than $2,000 nor more than $5,000. An offender so imprisoned must, insofar as practicable, be segregated from offenders whose crimes were violent and, insofar as practicable, be assigned to an institution or facility of minimum security.

2. Any offense which occurred within 7 years immediately preceding the date of the principal offense or after the principal offense constitutes a prior offense for the purposes of this section when evidenced by a conviction, without regard to the sequence of the offenses and convictions. The facts concerning a prior offense must be alleged in the complaint, indictment or information, must not be read to the jury or proved at trial but must be proved at the time of sentencing and, if the principal offense is alleged to be a felony, must also be shown at the preliminary examination or presented to the grand jury.

3. No person convicted of violating the provisions of NRS 484.379 may be released on probation, and no sentence imposed for violating those provisions may be suspended except, as provided in NRS 4.373, 5.055 and 484.3794, that portion of the sentence imposed that exceeds the mandatory minimum. No prosecuting attorney may dismiss a charge of violating the provisions of NRS 484.379 in exchange for a plea of

guilty or nolo contendere to a lesser charge or for any other reason unless he knows or it is obvious that the charge is not supported by probable cause or cannot be proved at the time of trial.

4. Any term of confinement imposed under the provisions of this section may be served intermittently at the discretion of the judge or justice of the peace, except that a person who is convicted of a second or subsequent offense within 7 years must be confined for at least one segment of not less than 48 consecutive hours. This discretion must be exercised after considering all the circumstances surrounding the offense, and the family and employment of the offender, but any sentence of 30 days or less must be served within 6 months after the date of conviction or, if the offender was sentenced pursuant to NRS 484.3794 and the suspension of his sentence was revoked, within 6 months after the date of revocation. Any time for which the offender is confined must consist of not less than 24 consecutive hours.

5. Jail sentences simultaneously imposed under this section and NRS 483.560 or 485.330 must run consecutively.

6. If the person who violated the provisions of NRS 484.379 possesses a driver's license issued by a state other than Nevada and does not reside in Nevada, in carrying out the provisions of subparagraph (1) of paragraph (a) or (b) of subsection 1, the court shall:

(a) Order the person to pay tuition for and submit evidence of completion of an educational course on the abuse of alcohol and controlled substances approved by a governmental agency of the state of his residence within the time specified in the order; or

(b) Order him to complete an educational course by correspondence on the abuse of alcohol and controlled substances approved by the department within the time specified in the order,

and the court shall notify the department if the person fails to complete the assigned course within the specified time.

7. If the defendant was transporting a person who is less than 15 years of age in the motor vehicle at the time of the violation, the court shall consider that fact as an aggravating factor in determining the sentence of the defendant.

8. As used in this section, unless the context otherwise requires, "offense" means a violation of NRS 484.379 or 484.3795 or homicide resulting from the driving of a vehicle while under the influence of intoxicating liquor or a controlled substance, or the violation of a law of any other jurisdiction which prohibits the same or similar conduct.

2. Section 8 of Assembly Bill No. 499 of this session is hereby amended to read as follows:

Sec. 8. NRS 484.3794 is hereby amended to read as follows:

484.3794 1. A person who is found guilty of a first or second violation of NRS 484.379 within 7 years may, at that time or any time until he is sentenced, apply to the court to undergo a program of treatment for alcoholism or drug abuse for at least 1 year if:

(a) He is classified as an alcoholic or abuser of drugs by a:

(b) He agrees to pay the costs of the treatment; and

(c) He has served or will serve a term of imprisonment in jail of:

(1) One day, or has performed or will perform 24 hours of work for the community, if it is his first offense within 7 years; or

(2) Five days if it is his second offense within 7 years.

2. A prosecuting attorney may, within 10 days after receiving notice of an application for treatment pursuant to this section, request a hearing on the matter. The court shall order a hearing on the application if the prosecuting attorney requests it or may order a hearing on its own motion.

3. At the hearing on the application for treatment the prosecuting attorney may present the court with any relevant evidence on the matter. If a hearing is not held, the court shall decide the matter upon affidavits and other information before it.

4. In granting an application for treatment the court shall:

(a) Immediately sentence the offender and enter judgment accordingly.

(b) Suspend the sentence for not more than 3 years upon the condition that the offender be accepted for treatment by a *treatment* facility , [approved by the state,] that he complete the treatment satisfactorily and that he comply with any other condition ordered by the court.

(c) Advise the offender that:

(1) If he is accepted for treatment by such a facility, he may be placed under the supervision of the facility for a period not to exceed 3 years and during treatment he may be confined in an institution or, at the discretion of the facility, released for treatment or supervised aftercare in the community.

(2) If he is not accepted for treatment by such a facility or fails to complete the treatment satisfactorily, he shall serve the sentence imposed by the court. Any sentence of imprisonment must be reduced by a time equal to that which he served before beginning treatment.

(3) If he completes the treatment satisfactorily, his sentence will be reduced to a term of imprisonment which is no longer than that provided for the offense in paragraph (c) of subsection 1 and a fine of not more than the minimum provided for the offense in NRS 484.3792, but the conviction remains on his record of criminal history.

5. The court shall administer the program of treatment pursuant to the procedures provided in NRS 458.320 and 458.330, except that the court:

(a) Shall not defer the sentence, set aside the conviction or impose conditions upon the election of treatment not provided in this section.

(b) May immediately revoke the suspension of sentence for a violation of any condition of the suspension.

6. The court shall notify the department, on a form approved by the department, upon granting the offender's application for treatment and his failure to be accepted for or complete treatment.".

3. A preliminary permit authorizes the organizers to whom the permit is issued to discuss forming an organization for managed care to provide

comprehensive medical and health care services pursuant to a common agreement with other providers of health care for 1 year after the date of the issuance of the permit.

4. A preliminary permit issued pursuant to this section may be renewed by the commissioner for additional 1-year periods upon receipt of:

(a) An application for renewal submitted on a form prescribed by the commissioner which includes such information as the commissioner determines necessary; and

(b) A fee of $100.

(b) A copy of the proposed agreement; and

(c) A nonrefundable application fee of $500.

2. Upon receipt of an application made pursuant to subsection 1, the commissioner shall review the information submitted and issue a permit if he finds that:

(b) Only licensed providers of health care are included in the agreement;

(c) The concentration of health care services represented in the common agreement will not adversely affect competition among the organizations currently providing or indemnifying or arranging for health care services;

(e) The requirements of subsection 1 have been met.

3. commissioner on a form prescribed by the director with a nonrefundable application fee of $100. If the modification would result in an agreement which meets the requirements of this section, the commissioner shall approve the modification. The commissioner shall approve or deny an application for the modification of an agreement within 60 days after receipt of a complete application and the required fee.

6. If, after a public hearing on the matter, the commissioner finds that a change in the conditions in the marketplace has occurred which has rendered an agreement restrictive to competition in the provision of health care services, the commissioner shall revoke the permit for the agreement. Any such revocation becomes effective 60 days after the commissioner provides notice of the decision to the providers of health care included in the agreement.

7. The revocation of an agreement pursuant to subsection 6 is a final decision for the purposes of judicial review.

Sec. 5. *If the manager enters into a contract with one or more organizations for managed care to provide comprehensive medical and health care services to injured employees whose employers are insured by the system, an employer insured by the system may select the organization for managed care in whose plan he wishes to participate if the selection is made in a manner prescribed by the manager that ensures compliance with the statutory limitations set forth in this chapter.*

Sec. 6. NRS 616.380 is hereby amended to read as follows:

616.380 1. In addition to the authority given the manager to determine and fix premium rates of employers as provided in NRS 616.395 to 616.405, inclusive, the manager:

(a) Shall apply that form of rating system which, in his judgment, is best calculated to rate each individual risk more equitably, predicated upon the basis of the employer's individual experience;

(b) Shall adopt equitable regulations controlling the rating of each risk, which regulations, however, must conserve to each risk the basic principles of industrial insurance; and

(c) May subscribe to a rating service of any rating organization for casualty, fidelity and surety insurance rating.

2. The rating system or any rating by a rating organization pursuant to this section is subject to the limitation that the amount of any increase or reduction of premium rate, additional charge of premiums or payment of dividends must be in the discretion of the manager.

3. The rating system provided by this section is subject to the following further limitations:

(a) All studies conducted by the manager to determine the adequacy of rate levels and the equity of rates among classifications must be conducted in the presence of an actuary designated by the commissioner.

(b) The manager shall file revised premium rates, revised classifications of employment and changes of the multiplier applied generally to classes of risk with the commissioner and give written public notice to the employers affected by the changes at least:

(1) Sixty days before the effective date of any projected change in premiums or projected change of multiplier; and

(2) Thirty days before the effective date of any change decided upon.

The commissioner shall review the revised rates and classifications and advise the manager of the changes which are not consistent with NRS 686B.050 and 686B.060.

(c) Any employer affected by a change in a revised premium rate or a revised classification of employment may request the commissioner to hold a hearing before the effective date of the change. At the hearing, the commissioner shall consider the objections raised by any party appearing at the hearing. An employer may not appeal a decision of the commissioner concerning a revised premium rate or a revised classification of employment to the manager.

(d) Premium rates must not be fixed at a level higher than that required to:

(1) Pay the obligations created by this chapter and associated administrative expenses.

(2) Provide for a reasonable reserve for claims.

(3) Provide for contingencies such as a catastrophe, economic change, change in judicial interpretations of the law, legislative amendments of the law, deficiencies in the reserve and other events which cannot be predicted accurately and could endanger the solvency of the fund.

The commissioner may order the manager to make any adjustments necessary to meet the requirements of this paragraph.

4. In determining and fixing premium rates, the manager may establish a varying schedule of rates for workers who are in the classification of employment designated as construction which reflects the varying hourly rates of wages paid to such workers.

5. Subsections 2 and 3 do not apply to a rating plan made by voluntary agreement between the manager and an employer which increases or reduces premiums for the employer. The voluntary rating plan may be retrospective in nature. A voluntary rating plan must be in writing and signed by the manager and the employer.

6. The manager shall adopt by regulation a plan for reviewing employers insured by the system who have excessive losses, as defined by the plan, in order to encourage those employers to pay for their losses and correct their loss experience. The plan [may] *:*

(1) Whose incurred losses exceeded his manual premium in:

(2) Who paid a premium in a minimum amount to be established by the manager in each of the fiscal years in which his losses exceeded his manual premium pursuant to subparagraph (1).

(b) May include requirements for:

[(a)] *(1)* The payment of surcharges by such an employer;

[(b)] *(2)* Mandatory retrospective rating plans;

[(c)] *(3)* An increase in the amount of the deductible required to be paid by such an employer pursuant to subsection 1 of section 73 of [this act;

(d)] *Senate Bill No. 316 of this session;*

(4) Changes in the limitations placed on the experience modification plan for such an employer; or

[(e)] *(5)* Any combination of [paragraphs (a), (b), (c) and (d).] *subparagraphs (1), (2), (3) and (4).*

The plan must include procedures for the termination of an employer's participation in the plan when the employer has corrected his excessive loss experience. The commissioner shall review the plan adopted pursuant to this subsection.

Sec. 7. NRS 616.5422 is hereby amended to read as follows:

616.5422 1. Any party aggrieved by a decision of the hearing officer relating to a claim for compensation may appeal from the decision by filing a notice of appeal with an appeals officer within 30 days after the date of the decision.

2. If a dispute is required to be submitted to a procedure for resolving complaints pursuant to section 79 of [this act] *Senate Bill No. 316 of this session* and:

(a) A final decision was rendered pursuant to that procedure; or

(b) The dispute was not resolved pursuant to that procedure within 14 days after it was submitted,

[the employee or, in the event of his death, his dependent] *any party to the dispute* may file a notice of appeal within 70 days after the date on which the final decision was mailed to the employee, or his dependent, or the unanswered request for resolution was submitted. Failure to render a written decision within 30 days after receipt of such a request shall be deemed by the appeals officer to be a denial of the request.

3. The filing of a notice of appeal does not automatically stay the enforcement of the decision of a hearing officer or a decision rendered pursuant to section 79 of [this act.] *Senate Bill No. 316 of this session.* The appeals officer may order a stay, when appropriate, upon the application of a party.

4. The appeals officer shall, within 10 days after receiving a notice of appeal pursuant to this section or a contested claim pursuant to subsection 5 of NRS 616.5412, schedule a hearing for a date and time within 90 days after his receipt of the notice and give notice by mail or by personal service to all parties to the matter and their attorneys or agents at least 30 days before the date and time scheduled. A request to schedule the hearing for a date and time within 60 days after the receipt of the notice of appeal or contested claim may be submitted to the appeals officer only if all parties to the appeal or contested claim agree to the request.

5. An appeal or contested claim may be continued upon written stipulation of all parties, or upon good cause shown.

6. Failure to file a notice of appeal within the period specified in subsection 1 or 2 may be excused if the party aggrieved shows by a

preponderance of the evidence that he did not receive the notice of the decision and the forms necessary to appeal the decision. The claimant, employer or insurer shall notify the hearing officer of a change of address.

Sec. 8. NRS 616.545 is hereby amended to read as follows:

616.545 1. If an application to reopen a claim to increase or rearrange compensation is made in writing more than 1 year after the date on which the claim was closed, the insurer shall reopen the claim if:

(a) A change of circumstances warrants an increase or rearrangement of compensation during the life of the claimant;

(b) The primary cause of the change of circumstances is the injury for which the claim was originally made; and

(c) The application is accompanied by the certificate of a physician or a chiropractor showing a change of circumstances which would warrant an increase or rearrangement of compensation.

2. After a claim has been closed, the insurer, upon receiving an application and for good cause shown, may authorize the reopening of the claim for medical investigation only. The application must be accompanied by a written request for treatment from the physician or chiropractor treating the claimant, certifying that the treatment is indicated by a change in circumstances and is related to the industrial injury sustained by the claimant.

3. If a claimant applies for a claim to be reopened pursuant to subsection 1 or 2 and a final determination denying the reopening is issued, the claimant shall not reapply to reopen the claim until at least 1 year after the date on which the final determination is issued.

4. Except as otherwise provided in subsection 5, if an application to reopen a claim is made in writing within 1 year after the date on which the claim was closed, the insurer shall reopen the claim only if [there] *:*

(a) The application is supported by medical evidence demonstrating an objective change in the medical condition of the claimant; and

(b) There is clear and convincing evidence that the primary cause of the change of circumstances is the injury for which the claim was originally made.

5. An application to reopen a claim must be made in writing within 1 year after the date on which the claim was closed if:

(a) The claimant was not off work as a result of the injury; and

(b) The claimant did not receive benefits for a permanent partial disability.

If an application to reopen a claim to increase or rearrange compensation is made pursuant to this subsection, the insurer shall reopen the claim if the requirements set forth in paragraphs (a), (b) and (c) of subsection 1 are met.

6. If an employee's claim is reopened pursuant to this section, he is not entitled to vocational rehabilitation services or benefits for a temporary total disability if, before his claim was reopened, he:

(a) Retired; or

(b) Otherwise voluntarily removed himself from the work force,

for reasons unrelated to the injury for which the claim was originally made.

7. One year after the date on which the claim was closed, an insurer may dispose of the file of a claim authorized to be reopened pursuant to subsection 5, unless an application to reopen the claim has been filed pursuant to that subsection.

8. An increase or rearrangement of compensation is not effective before an application for reopening a claim is made unless good cause is shown. The insurer shall, upon good cause shown, allow the cost of emergency treatment the necessity for which has been certified by a physician or a chiropractor.

9. A claim that automatically closes pursuant to subsection 2 of NRS 616.567 may not be reopened pursuant to this section.

Sec. 9. NRS 616.585 is hereby amended to read as follows:

The injured employee or his dependents are entitled to receive such benefits when the injured employee is released from incarceration if he is certified as temporarily totally disabled by a physician or chiropractor.

3. If a claim for the period of temporary total disability is allowed, the first payment pursuant to this section must be issued by the insurer within 14 working days after receipt of the initial certification of disability and regularly thereafter.

4. Any increase in compensation and benefits effected by the amendment of subsection 1 is not retroactive.

5. Payments for a temporary total disability must cease when:

(a) A physician or chiropractor determines that the employee is physically capable of any gainful employment for which the employee is suited, after giving consideration to the employee's education, training and experience;

(b) The employer offers the employee light-duty employment or employment that is modified according to the limitations or restrictions imposed by a physician or chiropractor pursuant to subsection 7; or

(c) Except as otherwise provided in NRS 616.252, the employee is incarcerated.

6. [The insurer shall issue to the injured employee, not less than 6 working days before the end of the period specified in the form, a check for the compensation due the employee for that period, if:

(a) The injured employee has completed and returned the form to the insurer; or

(b) There is documentation with the insurer which indicates a continuing disability during that period.

If an audit of the accounts or actual payroll of an employer shows that the actual premium earned exceeds the estimated premium paid in advance, the manager may require the payment of money sufficient to cover the deficit, together with such amount as in his judgment constitutes an adequate advance premium for the period covered by the estimate.

6. The manager shall notify any employer or his representative by first-class mail of any failure on his part to comply with the provisions of this section. The notice or its omission does not modify or waive the requirements or effective rejection of this chapter as otherwise provided in this chapter.

7. The system may impose a penalty not to exceed 4 percent of the premiums which are due or $15, whichever is greater, for the failure of an employer to submit the information and premium required in subsection 1 within the time allowed, unless the employer has applied for and been granted an extension of that time by the manager.

8. To the extent permitted by federal law, the system shall vigorously pursue the collection of premiums that are due under the provisions of this chapter even if an employer's debts have been discharged in a bankruptcy proceeding.

Amend the summary of the bill to read as follows:

"Summary—Makes various changes to provisions governing industrial insurance. (BDR 53-413)".

Assemblyman Giunchigliani moved that the Assembly concur in the Senate amendment to Assembly Bill No. 374.

Remarks by Assemblymen Giunchigliani and Price.

Assemblyman Giunchigliani requested that her remarks be entered in the Journal.

Mr. Speaker, if I may expand a little bit so that I can clarify this amendment for everyone. First of all, Assembly Bill No. 374 is the trailer legislation to Senate Bill No. 316 which related to the industrial insurance.

Assembly Bill No. 374 was originally the striker replacement bill. Sorry, to my colleague from Assembly District No. 17. The trailer bill adds certain provisions and makes only technical changes and corrections to the comprehensive measure of the reform. Basically what it did, the criteria that we put in the original bill to allow managed care organizations to form was not correct. So, we established a proper criteria for them to be able to do that.

The second area is that we established a criteria to define excessive losses for businesses. It clarified the party to a dispute. Not just the employee can file a notice of appeal. We required an application to reopen the claim which must be supported by medical evidence. That language had been accidentally dropped. We authorized that an insurer use an approved form for a claimant to request continued compensation to clarify

the entitlement of compensation for dependents of an employee. We removed a conflict in the bill relating to the placement of hearing officers and unclassified service. We authorized the public agencies and nonprofit medical facilities to do the correct cooperative agreement. We clarified the primary cause language of stress provisions to relate to the course of employment. We clarified that a written statement for vocational rehabilitation may be initiated as soon as the injured worker's condition is known. We corrected the reference to the parties that are provided a copy of the voc-rehab counselor's determination. We clarified that an insurer may, without limitation, extend an insurer's program for voc-rehab. We reduced the period of time pertaining to the criteria for wage reimbursement from one year to 90 days for the employer and six months for the employee. We corrected the sanctions for fraud violators to apply to any person, not just a claimant. We deleted an erroneous reference to certification under Chapter 695S of NRS for the managed care organization. We corrected the reference from evaluations to additional independent utilization review. They had used the wrong terminology. We clarified the procedure for final determination for disputes. We allowed an employer representative in hearings of contested cases to include a licensee. We added the word "substantially" to the new language to make it consistent with the other new language in that section. We resolved any other conflicts and effective dates.

I need to read something into the record for the Journal, if I may, Mr. Speaker.

> An issue has arisen concerning the involvement of Advanced Practitioners of Nursing within the framework of Senate Bill No. 316. Specifically, whether they are to be able to continue to file claims for compensation after treating patients and then to be compensated for those services. The legislative intent is certainly not to curtail those activities. We understand the importance of the medical services they provide and specifically intend that they be allowed to continue in this fashion. We realize that many of the injuries incurred by workers are minor, such as sprains, strains, minor burns and cuts and that these injuries are quite frequently attended to exclusively by the nurse practitioner. They document this treatment and file claims for reimbursement. We do not intend that any provision of Senate Bill No. 316 alter this practice and want this statement to stand as our legislative intent.

I hope that this now, finally brings to an end the SIIS package. There were two sections that we were not able to resolve that are simply technical where the dates are going at a wrong point but rather than drag out this session over that small issue, I have agreed to concur in this amendment. I would urge your consideration. Thank you, very much.

Motion carried.

REMARKS FROM THE FLOOR

Assemblyman Toomin requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PORTER:

Mr. Speaker, no man can predict the future, but I am about to enter a new chapter in my life and I may or may not have the privilege of returning to this house. In the event that I do not, I just wanted to take a few moments to publicly recognize some of the individuals that I came here with, and some of the ones who were here when I arrived.

To the Speaker pro Tempore, I say thank you for never setting me up, for never backdooring me and for always being by my side when I needed you.

To the Chairman of Government Affairs, I thank you for always doing everything I ever asked you to do. You did it out of loyalty, dedication to your party and your caucus, and hopefully out of respect for me.

To the Chairman of Judiciary, I say thank you for helping me grow up. You taught me how to be a chairman, how to be a leader, how to think through my arguments in a cogent and rational manner, but most of all, you taught me what little patience I have.

To the Chairman of Health and Human Services, the Chairman of Natural Resources and my distinguished colleague from District 33 who is not here, the remaining members of my freshman class of 1986, I say thank you for eight years of friendship and mutual respect. We were and will always be a unique group that learned together, grew together and more often than not, hung together.

To my caucus director, Gary Gray, I say thank you for eight years of strategy, planning and political warfare. You made our caucus what it is today and you are truly one of the finest talents that I have ever worked with.

To Cindy Southerland, I say thank you for being there. You are dedicated, loyal, honest, efficient and my friend.

To my two counterparts, the current Minority Leader and my colleague from District 13, I say thank you for your patience and your cooperation and for putting aside partisan differences for the good of all of Nevada.

To you, Mr. Speaker, thank you for giving a young man the opportunity to prove himself. You put your faith in someone from another part of the state and from another generation. I hope that I have not disappointed you.

Finally to my roommates, the Chairman of Education and the Chairman of Ways and Means, what can I say? You have been my family, my confidants and most of all my friends. When we were freshman, we laughed about being buttons. We shared the

frustration that all freshman feel. But this was our time. It was our turn, it was our watch and we gave it 200 percent. I have never enjoyed sharing my life with men that I truly admire and respect more than the two of you. We did what most men never get an opportunity to do. Gentlemen, we lived our dream.

Mr. Speaker, when Gerald Ford surrendered the White House to Jimmy Carter, a reporter asked him if he had any regrets. President Ford smiled and said, "Nope, it's been a hell of a ride." Thank you all, very much.

MR. SPEAKER:

Thank you, Mr. Porter, for your eight years of outstanding service to the citizens of this state.

Assemblyman Bennett requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WENDELL WILLIAMS:

Thank you, Mr. Speaker. It would be pretentious and remiss if I did not say a few words about Mr. Porter. I met him in 1986 at the county Democratic convention. We both hit it off at the same time and filed for office together on the same date. It sort of became traditional as well as superstitious not to file together and we started doing things pretty much because of that. It became traditional to contact each other every time anything political happened.

It has often been said that champions ride on the people's shoulders, and heroes ride the people on their shoulders. Mr. Porter is a hero, but most people would never know. Probably, because they really cannot understand him. And I say that from a positive standpoint. If the State of Nevada would ever indicate or identify people who are true Nevadans, Gene Porter is one. There is probably no one in my family, or anyone who I have known who I care about any more than I do Gene.

In politics, deception is reality and one of the unfortunate things about politics is there are so many factors that come into play that keep people out of the political light. It is unfortunate that that particular type of friend is only increasing. It is unfortunate that pretty soon I am very fearful that people like Gene, who many of you will never really get to know, will not even attempt to seek political office because of those negatives. It is unfortunate that people who are involved in policy and who set policy do not dictate policy, the press does. Because of that, a lot of things are obscured and the truth never really comes out. When you get beyond the images that take place in this chamber and in this building and what happens and get to know the real people who sacrifice their lives and their families and their time to serve here, real people surface beyond that. Some people, like Mr. Porter, could do a lot of things with their lives. People who have the type of intelligence, the type of smart and quick thinking and good heart that he has, could be doing a lot of other things and probably making a lot more money. But, that is what people think success is.

One thing that he has taught me is that there are more things to life than materialistic things that many of us try to seek. Another great person says that the true measure of a man is determined when he can rise above is own individualistic concerns and on to the broader concerns of humanity. And that is the kind of person Mr. Porter is. It is unfortunate that his tone today would indicate we may not see him back in these chambers again. That is our loss. It is a loss for the State of Nevada and it is a loss for the future history of Nevada. It is a loss for the people who depend on us to make decisions on their behalf.

I just hope the relationship I have had with him, somehow some of those moments I could frame and freeze them, and also hope that the relationship we have built, if in fact some of the things that we do in the future do not involve what goes on in the political arena, increases and moves to a higher level. I could not find the words if I took this body's time for the next five hours to really say how I feel right now about him and what he has been. Thank you, Mr. Speaker.

ASSEMBLYMAN PETRAK:

Thank you, Mr. Speaker. To my colleagues, about this tall fellow sitting over there, Gene Porter, 3435 Lost Hills Drive will always be open to you, Mr. Porter. When I first met Gene Porter, he said, "What do you think you can do to help the state?" I could not answer that very well, so he sat down and he said, "What do you think about the seniors in our state and in your district?" I do not have to say anything to anybody about that. We talked about the needs of the people in our state and our county and he said, "Do you think you can help in any way about that?" So, he was good enough to give me the chance to be a part of that. He is a dear friend and I love the guy. He truly walks as an eight-foot giant. I respect that and, Mr. Porter, I do not care what you do or where you go or anything else, my home is always open to you. Phyllis and I love you. Thank you for being with me. Thank you.

ASSEMBLYMAN MARVEL:

Thank you, Mr. Speaker. As Minority Leader, I would like to thank you, Mr. Speaker, you Madam Speaker pro Tempore, and certainly the Majority Leader and Majority Whip and my assistant leader and, of course, my whip over there. And to each and every one of you committee chairmen, for the cooperation that you have extended to me and to my other 12. In all reality, we understand the game of politics and I think as the Majority Leader said, we do have to be partisan, but we have all become good friends. And, I want to compliment each and every person sitting here for what our Chairman of Education said. For the extreme sacrifice you have made for the State of Nevada and I hope the public would better understand what you do go through. The hours you spend, the sacrifices you make to your families and to your businesses, because I think the perception has been wrong. I admire each and every person for even attempting to seek their seat in the Assembly. I even want to thank you people in the gallery. We understand why you are there, and we appreciate the help that you give us. I think that most of us understand why you are there and we certainly seek out the best information that we can from you. I want to thank each and every one of you from the bottom of my heart for the cooperation you have extended to me. Thank you.

Section 1. Chapter 364A of NRS is hereby amended by adding thereto a new section to read as follows:

1. To the extent allowed in subsection 2, there is exempted from the taxes imposed by this chapter the activity or activities conducted by a business pursuant to a written contract for the construction of an improvement to real property which was executed before July 1, 1991, or for which a binding bid was submitted before that date if the bid was afterward accepted, if under the terms of the contract or bid the contract price or bid amount cannot be adjusted to reflect the imposition of the tax imposed by this chapter.

364A.140 1. A tax is hereby imposed upon the privilege of conducting business in this state. The tax must be paid on or before the last day of each calendar quarter on the basis of the average number of employees in the previous calendar quarter.

2. Except as otherwise provided in NRS 364A.150 [,] *and section 1 of this act,* the average number of employees for a quarter must be calculated by determining the number of employees on the payroll of the business during the week that includes the 12th day of the month for each of the months in the quarter. The number so derived for each of the months in the quarter must be added together and then divided by three to determine the average number of employees for the business.

3. Except as otherwise provided in NRS 364A.170, the amount of tax due per quarter for a business with an average number of employees of:

(a) Not more than 99 must be determined pursuant to the following table:

(b) More than 99 but not more than 999 is $2,250 plus $30 for each employee, or portion thereof, over 99.

(c) More than 999 is $29,250 plus $17.50 for each employee, or portion thereof, over 999 up to but not exceeding $100,000 for the quarter.

4. Each business shall file a return on a form prescribed by the department with each remittance of the tax. If the payment due is greater than $1,000, the payment must be made by direct deposit at a bank in which the state has an account, unless the department waives this requirement pursuant to regulations adopted by the commission. The return must include a statement of the average number of employees of the business for the preceding quarter and any other information the department determines is necessary.

5. For the purposes of this section:

(a) The average number of employees of a business does not include a sole proprietor or one natural person in any unincorporated business, who shall be deemed the owner of the business rather than an employee.

(b) The businesses conducted by a corporation, partnership, proprietorship, business association or similar organization or by a natural person shall be deemed a single business if:

(1) The businesses are similar or related; and

(2) In the case of businesses conducted by a corporation, partnership, proprietorship, business association or similar organization, the businesses are affiliated.

(c) If a person supplies more than 999 employees to a business, the employees supplied to the business shall be deemed a separate business of the person who supplies the employees.

6. The department shall prorate the tax:

(a) If a business begun during the quarter applies for its license within 10 days after opening and tenders payment on or before the last day of the quarter.

(b) If a business ended during the quarter surrenders its license and tenders payment within 10 days after closing.

7. The commission shall adopt regulations concerning the payment of the tax imposed pursuant to this section by direct deposit.

8. As used in this section:

(a) "Affiliated" means to be directly or indirectly controlling, controlled by or under common control with another person.

(b) "Control" means the power to direct or cause the management, operations or policies of a person, through direct or indirect ownership of that person.

Section 3 of Senate Bill No. 550 of this session:

Sec. 3. NRS 364A.150 is hereby amended to read as follows:

364A.150 1. A business may elect to pay the tax imposed by NRS 364A.140 on the basis of the average number of employees determined pursuant to the provisions of this section *and section 1 of this act* in lieu

of the provisions of subsection 2 of NRS 364A.140. The election must be made on or before the date the first payment of the fiscal year is made. An election made pursuant to this subsection applies for all four payments due during the fiscal year in which the election is made.

2. If a business elects to pay the tax pursuant to the provisions of this section, the total dollar amount of the payroll of the employer for the calendar quarter upon which the tax is based must be divided by the average wage factor for the fiscal year to determine the average number of employees of the business. The amount of tax due pursuant to subsection 3 of NRS 364A.140 must be calculated based upon the average number of employees determined pursuant to this subsection [.] *and section 1 of this act.*

3. The average wage factor for fiscal year 1991-1992 is $3,120. The factor must be cumulatively increased or decreased by the department for each fiscal year by a percentage equal to the percentage change in the Consumer Price Index for the preceding calendar year.

4. If 50 percent or more of the employees of a business average working 20 hours or less per week, the business may petition the executive director to allow it to prove that it pays a substantially higher average wage than the average wage factor for the fiscal year to which the petition applies for the purposes of determining its number of employees pursuant to this section. The business shall pay the tax based upon the average wage factor for the fiscal year pending the determination of the petition. An adverse decision of the executive director may be appealed to the commission. The decision of the commission is a final decision. If the executive director, or the commission upon appeal, determines that the business meets the requirements of this subsection, the business may apply the formula set forth in subsection 2 using the higher wage approved for the business pursuant to this subsection in place of the average wage factor. The number of employees determined pursuant to the provisions of this subsection must be multiplied by 1.33 before it is used to determine the amount of tax due for the calendar quarter pursuant to subsection 3 of NRS 364A.140.

5. The commission shall adopt regulations that provide for the development of average wage factors for businesses that are primarily engaged in the business of providing temporary or continuing employees to other businesses on a contract or fee basis. The regulations must ensure the development of average wage factors that equitably tax all such businesses and result in the payment by each business of an amount of tax that is approximately equal to comparable businesses of other types. The commission may require such additional information from these businesses as it deems necessary to carry out the provisions of this subsection.".

Conference Amendment No. 23.

Amend the bill as a whole by renumbering sections 1 and 2 as sections 4 and 5 and adding new sections designated sections 1 through 3, following the enacting clause, to read as follows:

"Section 1. NRS 533.024 is hereby amended to read as follows:

533.024 The legislature declares that it is the policy of this state [to] *:*

1. To encourage and promote the use of effluent, where [such] *that* use is not contrary to the public health, safety or welfare, and where [such] *that* use does not interfere with federal obligations to deliver [Colorado River water.] *water of the Colorado River.*

2. In a county whose population is less than 400,000, to recognize the importance of domestic wells as appurtenances to private homes, to create a protectible interest in such wells and to protect their supply of water from unreasonable adverse effects caused by municipal, quasi-municipal or industrial uses.

Sec. 2. NRS 533.360 is hereby amended to read as follows:

533.360 1. Except as otherwise provided in subsection [3,] *4,* NRS 533.345 and subsection 3 of NRS 533.370, when an application is filed in compliance with this chapter the state engineer shall, within 30 days, publish or cause to be published for a period of 4 consecutive weeks, in a

newspaper of general circulation and printed and published in the county where the water is sought to be appropriated, a notice of the application, which sets forth:

(a) That the application has been filed.

(b) The date of the filing.

(c) The name and address of the applicant.

(d) The name of the source from which the appropriation is to be made.

(e) The location of the place of diversion [.] , *described by legal subdivision or metes and bounds and by a physical description of that place of diversion.*

(f) The purpose for which the water is to be appropriated.

The publisher shall add thereto the date of the first publication and the date of the last publication.

2. Except as otherwise provided in subsection [3,] *4,* proof of publication must be filed within 30 days after the final day of publication. The state engineer shall pay for the publication from the application fee. If the application is canceled for any reason before publication, the state engineer shall return to the applicant that portion of the application fee collected for publication.

3. *If the application is for a proposed well:*

(a) In a county whose population is less than 400,000;

(b) For municipal, quasi-municipal or industrial use; and

(c) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

the applicant shall mail a copy of the notice of application to each owner of real property containing a domestic well that is within 2,500 feet of the proposed well, to his address as shown in the latest records of the county assessor. If there are not more than six such wells, notices must be sent to each owner by certified mail, return receipt requested. If there are more than six such wells, at least six notices must be sent to owners by certified mail, return receipt requested. The return receipts from these notices must be filed with the state engineer before he may consider the application.

4. The provisions of this section do not apply to an environmental permit.

Sec. 3. NRS 534.110 is hereby amended to read as follows:

534.110 1. The state engineer shall administer this chapter and shall prescribe all necessary [rules and] regulations within the terms of this chapter for [such] *its* administration.

2. The state engineer may:

(a) Require periodical statements of water elevations, water used, and acreage on which water was used from all holders of permits and claimants of vested rights.

(b) Upon his own initiation, conduct pumping tests to determine if overpumping is indicated, to determine the specific yield of the aquifers and to determine permeability characteristics.

3. The state engineer shall determine [if] *whether* there is unappropriated water in the area affected and may issue permits only if [such] *the* determination is affirmative. *The state engineer shall require each applicant to whom a permit is issued for a well:*

(a) In a county whose population is less than 400,000;

(b) For municipal, quasi-municipal or industrial use; and

(c) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

to report periodically to the state engineer concerning the effect of that well on other previously existing wells that are located within 2,500 feet of the well.

4. It [shall be an express] *is a* condition of each appropriation of ground water acquired under this chapter that the right of the appropriator [shall relate] *relates* to a specific quantity of water and that [such] *the* right must allow for a reasonable lowering of the static water level at the appropriator's point of diversion. In determining [such] *a* reasonable lowering of the static water level in a particular area, the state engineer shall consider the economics of pumping water for the general type of crops growing and may also consider the effect of [water use] *using water* on the economy of the area in general.

5. [Nothing herein shall be so construed as to] *This section does not* prevent the granting of permits to applicants later in time on the ground that the diversions under [such] *the* proposed later appropriations may cause the water level to be lowered at the point of diversion of a prior appropriator, so long as the rights of holders of existing appropriations can be satisfied under such express conditions. *At the time a permit is granted for a well:*

(a) In a county whose population is less than 400,000;

(b) For municipal, quasi-municipal or industrial use; and

(c) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

the state engineer shall include as a condition of the permit that pumping water pursuant to the permit may be limited or prohibited to prevent any unreasonable adverse effects on an existing domestic well located within 2,500 feet of the well, unless the holder of the permit and the owner of the domestic well have agreed to alternative measures that mitigate those adverse affects.

6. The state engineer shall conduct investigations in any basin or portion thereof where it appears that the average annual replenishment to the ground water supply may not be adequate for the needs of all permittees and all vested-right claimants, and if his findings so indicate the state engineer may order that withdrawals be restricted to conform to priority rights.

7. In any basin or portion thereof in the state designated by the state engineer, the state engineer may restrict drilling of wells in any portion thereof if he determines that additional wells would cause an undue interference with existing wells. Any order or decision of the state engineer so restricting drilling of such wells may be reviewed by the district court of the county pursuant to NRS 533.450.".

Amend the title of the bill, by deleting the first line and inserting:

"An Act relating to water; providing in certain counties for the protection of domestic wells from impairment for other uses and for the redress of impairment if it occurs; authorizing the Las Vegas Valley water".

Amend the summary of the bill to read as follows:

"Summary—Makes various changes to provisions governing water. (BDR 48-528)".

Assemblyman Garner moved that the Assembly adopt the report of the first Committee on Conference concerning Senate Bill No. 19.

Remarks by Assemblyman Garner.

Assemblyman Garner requested that his remarks be entered in the Journal.

I am requesting that this statement be made part of the record. The addition to NRS 534.110(5) is intended to make it clear that existing domestic wells are protected from unreasonable adverse affects caused by pumping from a subsequently drilled well. However, it is not intended to change or limit the state engineers's authority to protect other types of wells from similar unreasonable adverse affects caused by pumping from a subsequently drilled well. Thank you, very much.

Assemblyman Myrna Williams requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

I would like to make a few comments about our Director of the Legislative Counsel Bureau. He is going to retire at the end of December. He is a man who has had a distinguished career in our chambers and in our organization operating our Legislative Counsel Bureau. He started out in the audit division. He is an auditor. I think that is where his heart really is; in auditing. He runs a tight ship for us. He came in at a time when our morale was very bad among our staff. We had internal problems and we moved him over from the director of audit to the director of the counsel bureau, and he has built up an organization the last few years that far excels anywhere in the country. He is a kind man and he is an honorable person. His word is good. He works hard to do the job for us as individual legislators and to keep this thing running. You know, we have a large permanent staff in the counsel bureau. It is a big job to operate this organization and to keep everything running well. He is the one who prepares for us when we open the session and he does all the fine details. When we order remodeling or repairs, it all falls on his shoulders, eventually, as director of the counsel bureau. I want to commend him and thank him for the years of service that he has given us.

I think when he started out as the head of audit they only had three or four auditors and, I believe, they have 22 now. Our audit function has become a very important service of

the Legislative Counsel Bureau, and it is because John Crossley actively pursued this service, helped them start a good organization and passed laws that were meaningful and that really helped us in our organization of the counsel bureau. I think it is one of the best in the country and it is because of devoted people like John Crossley that we have done such a good job. So, I ask that we all stand and give him a big ovation and wish him a real good retirement.

ASSEMBLYMAN EVANS:

Thank You, Madam Speaker pro Tempore. I would also like to extend a word of appreciation to Mr. Crossley. I think that I have lost track of the number of times I have trekked down to his office and asked him about this problem or that and I have always been the beneficiary of his wise counsel. His knowledge of the legislature is unparalleled. He is truly an institutional man. I think he has one of the toughest jobs imaginable; he has two houses to worry about, he has two parties to keep happy and an extensive staff of professionals. John, we thank you for all you have done. This will always be your home. Come back and see us often. Good Luck.

Madam Speaker pro Tempore requested the privilege of the Chair for the purpose of making the following remarks:

One additional comment to add to those of Mrs. Evans. He also has 63 distinct personalities to deal with, and he does it with grace. We appreciate that very much, John.

MR. JOHN CROSSLEY:

Thank you very much. I have done one thing in my life that I think I will always remember and that is when I moved to Nevada from California and took this job. This has been one of the most rewarding experiences. My family has enjoyed Nevada and we plan to stay in Nevada. Thank you.

ASSEMBLYMAN PRICE:

Thank you, Madam Speaker pro Tempore. I would not let this pass without saying a few words of my appreciation to John for his help over the years, going back to when he was head of our audit department and then came with us as director of the Legislative Counsel Bureau. I was just thinking, I guess there have been four directors since I have been here as an assemblyman. John you have been wonderful to work with. I hope that your retired days are enjoyable to you and your family. It has been a pleasure for all of us to work with you.

Madam Speaker pro Tempore announced that if there were no objections, the Assembly would recess subject to the call of the Chair.

Committee on Ethics; Legislative Ethics.

1. The Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Two qualified electors of the state chosen by the members of the committee who are appointed pursuant to paragraphs (a) and (b), neither of whom is a present or former member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint two members of the Assembly, one from the majority political party and one from the minority political party to serve as alternate members of the committee. If a member is disqualified, the alternate appointed from the same political party shall serve as a member of the committee during the consideration of a specific question.

3. A member is disqualified if he is the requester of advice concerning a question of ethics or conflict of interest, or if the advice is requested by another member of the Assembly and a reasonable person in his situation could not exercise independent judgment on the matter in question.

4. The committee shall hear complaints on alleged breaches of ethics and conflicts of interest, brought by Legislators and others, and it may advise Legislators on questions of breaches of ethics and conflicts of interest. All proceedings by the committee on matters of ethics or conflicts of interest are confidential unless a Legislator:

(a) Against whom a complaint is brought requests a public hearing;

(b) Discloses the opinion of the committee at any time after his hearing; or

(c) Discloses the content of an advisory opinion issued to him by the committee.

5. A complaint which alleges a breach of ethics or a conflict of interest must be in writing and signed by the person making the allegation. The complaint must be filed with the chairman and he shall send a copy of the complaint, within 24 hours after receiving it, to the Legislator against whom the complaint is brought.

6. The criterion to be applied by the committee in determining whether a Legislator has a conflict of interest is whether the independence of judgment of a reasonable person in his position upon the matter in question would be materially affected by:

(a) His acceptance of a gift or loan; or

(b) His private economic interest.

7. A Legislator who determines that he has a conflict of interest may vote upon, advocate or oppose any measure as to which a potential conflict exists if he makes a general disclosure of the conflict. In determining whether to vote upon, advocate or oppose the measure, the Legislator should consider whether:

(a) The conflict impedes his independence of judgment;

(b) His participation will produce a negative effect on the public's confidence in the integrity of the Legislature;

(c) His participation is likely to have any significant effect on the disposition of the measure; and

(d) His interest is greater than the interests of an entire class of persons similarly situated.

3. When taking the ayes and noes on any question, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

4. When taking the ayes and noes by oral roll call, the Chief Clerk shall take the names of members alphabetically except that the Speaker shall be called last.

5. The electronic roll call system may be used to determine the presence of a quorum.

6. The ayes and noes shall not be taken with the electronic roll call

JOINT STANDING RULES OF THE SENATE AND ASSEMBLY

1

COMMITTEES OF CONFERENCE

To Be Appointed by One House at Request of the Other.

In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. New bills or resolutions so reported shall be treated as amendments unless the bills or resolutions are composed entirely of original matter, in which case they shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be.

The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two committees of conference on any bill or resolution. A majority of the members of a committee of conference from each House must be members who voted for the passage of the bill or resolution.

[Statutes of Nevada 1947, 872; A 1977, 1697; 1979, 1964]

MESSAGES

The secretary will, upon being recognized by the presiding officer, announce: "Mr. President, or Mr. Speaker, a message from His Excellency, the Governor of Nevada, to the Honorable, the Senate or Assembly," and hand same to the Sergeant at Arms for delivery to the Secretary of the Senate or Chief Clerk of the Assembly. The presiding officer will direct the biennial message of the Governor to be received and read, and all special messages to be received, read and entered in full upon the Journal of proceedings.

Messages from the Senate to the Assembly shall be delivered by the Secretary or Assistant Secretary, and messages from the Assembly to the Senate shall be delivered by the Chief Clerk or Assistant Clerk, who shall be announced by the doorkeeper, enter within the bar, announce and deliver his message.

[Statutes of Nevada 1931, 466]

Additional copies of such bills may be distributed at a charge to the person to whom they are addressed. The amount charged for distribution of the additional copies must be determined by the Director of the Legislative Counsel Bureau to approximate the cost of handling and postage for the entire session.

[Statutes of Nevada 1920-21, 410; A 1977, 1657; 1979, 1964; 1983, 2108; 1991, 2476]

Special Order.

Bills which have passed a previous Legislature, and which are transmitted to the Legislature next sitting, accompanied by a message or statement of the

Governor's disapproval, or veto of the same, shall become the subject of a special order; and when the special order for their consideration is reached and called, the said message or statement shall be read, together with the bill or bills so disposed or vetoed; and the message and bill shall be read by the Clerk without interruption, consecutively, one following the other, and not upon separate occasions; and no such bill or message shall be referred to any committee, or otherwise acted upon, save as provided by law and custom; that is to say, that immediately following such reading the only question (except as hereinafter stated) which shall be put by the Chair is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such vetoed bill without the same shall have first been read, from the first word of its title to and including the last word of its final section; and no motion shall be entertained after the Chair has stated the question save a motion for "The previous question," but the merits of the bill itself may be debated.

ADJOURNMENT

1. In calculating the permissible duration of an adjournment for 3 days or less, the day of adjournment must not be counted but the day of the next meeting must be counted, and Sunday must not be counted.

(a) One, if such membership is less than 21 percent.

(b) Two, if such membership is between 21 percent and 33 percent.

3. A vacancy in the regular Senate or Assembly membership created by death or by resignation or by the Legislator's ceasing to be a member of the Legislature shall be filled by the proper alternate member as designated by that House. If there is no proper alternate member, the Legislative Commission shall fill the vacancy by appointing a Senator or Assemblyman of the same party.

4. If for any reason a member is or will be absent from a meeting and there are no alternates available, the chairman of the commission may appoint a member of the same House and political party to attend the meeting as an alternate.

5. The members shall serve until their successors are appointed by resolution as provided in NRS 218.660, notwithstanding that their terms of office may have expired, except that the membership of any member who does not become a candidate for reelection or who is defeated for reelection shall terminate on the day next after the election and the vacancy shall be filled as provided in this rule.

6. The chairman shall be selected at the first meeting of the newly

[Statutes of Nevada 1979, 2012]

13

REAPPORTIONMENT

The Committee on Government Affairs of the Senate and the Committee on Elections and Procedures of the Assembly are respectively responsible for measures which primarily affect the designation of the districts from which members are elected to the Legislature. Any request for research concerning the population of proposed districts must be submitted to the Research Division of the Legislative Counsel Bureau through one of these committees.

[Statutes of Nevada 1981, 2068; A 1993, 2906]

14

LIMITATION ON INTRODUCTION AND REQUESTS FOR DRAFTING OF LEGISLATIVE MEASURES

1. Except as otherwise provided in subsection 2, any request submitted, after a regular legislative session has convened, to the Legislative Counsel

for the drafting of a bill or resolution will not be honored by the Legislative Counsel unless the request is approved by:

(a) A two-thirds vote of the members present in the House where it is to be introduced; or

(b) A standing committee of that House if the request was approved by two-thirds of all of the members of the committee before the request was submitted to the Legislative Counsel. A standing committee may only request the drafting of a bill or resolution or introduce a bill or resolution that is within the jurisdiction of the standing committee.

2. After a regular legislative session has convened, the Legislative Counsel shall honor not more than 5 requests from each Assemblyman and not more than 10 requests from each Senator for the drafting of a bill or resolution which has not received the approval required by subsection 1.

3. After the first 10 calendar days of a regular legislative session, bills and joint resolutions may be introduced by:

(a) Standing committees without consent. A measure introduced by a standing committee must indicate the person or organization at whose request the measure was drafted.

(b) Except as otherwise provided in subsection 4, a member who had requested the drafting of the bill or resolution by the Legislative Counsel before the 11th calendar day of the legislative session.

4. The following measures must be introduced by a standing committee:

(a) Measures drafted at the request of agencies and officers of the executive branch of state government, local governments, the courts and other authorized nonlegislative requesters.

(b) Measures requested by interim legislative studies.

(c) Bills and joint resolutions requested by a standing committee, or by persons designated to request measures on behalf of a standing committee during the interim. Bills and joint resolutions requested by or on behalf of a standing committee must be introduced by that committee.

5. Simple and concurrent resolutions requested by or on behalf of a standing committee may be introduced by an individual member.

6. If two or more measures are being considered in the same house which are substantially duplicative, only the measure which has been assigned the lowest number for the purpose of establishing its priority in drafting may be considered, unless the measure with the lowest number is not introduced within 5 days after introduction of a measure with a higher number.

7. A legislator may not change the subject matter of a request for a legislative measure after it has been submitted for drafting.

8. Consent to suspend this rule may be given only by the affirmative vote of a majority of the members elected to the House where it is to be introduced, which must be entered in its Journal for that day, and the consent may apply to no more than one bill or resolution or request for drafting.
