(a) Which, if the proposal is for the financing of a capital improvement, is not included in its plan for capital improvement submitted pursuant to NRS 350.0035, if such a plan is required to be submitted; or

(b) If, based upon:

(1) Estimates of the amount of tax revenue from ad valorem taxes needed for the special elective tax, or to repay the general obligation debt, and the dates that revenue will be needed, as provided by the municipality;

(2) Estimates of the assessed valuation of the municipality for each of the years in which tax revenue is needed, as provided by the municipality;

(3) The amount of any other required levies of ad valorem taxes, as shown on the most recently filed final budgets of each entity authorized to levy ad valorem taxes on any property within the municipality submitting the proposal; and

(4) Any other factor the municipality discloses to the commission,

the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453, unless the proposal also includes an agreement approved by the governing bodies of all affected municipalities within the area as to how the combined property tax rates will be brought into compliance with the statutory limitation.

5. If general obligation debt is to be incurred more than 36 months after the approval of that debt by the commission, the governing body of the municipality shall obtain the approval of the executive director of the department of taxation before incurring the general obligation debt. The executive director shall approve the proposal if, based on the information set forth in paragraph (b) of subsection 4 that is accurate as of the date on which the governing body submits its request for approval to the executive director:

(a) Incurrence of the general obligation debt will not result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453; or

(b) The proposal includes an agreement approved by the governing bodies of all affected municipalities within the area as to how the combined tax rates will be brought into compliance with the statutory limitation.

The approval of the executive director is effective for 18 months. The governing body of the municipality may renew that approval for successive periods of 18 months by filing an application for renewal with the executive director. Such an application must be accompanied by the information set forth in paragraph (b) of subsection 4 that is accurate as of the date the governing body files the application for renewal.

6. If the executive director does not approve a proposal submitted to him pursuant to subsection 5, the governing body of the municipality may appeal his decision to the Nevada tax commission.

Sec. 18. NRS 350.020 is hereby amended to read as follows:

350.020 1. Except as otherwise [permitted by subsection 3, when] *provided by subsections 3 and 4, if* any municipality proposes to issue or incur general obligations, the proposal must be submitted to the electors of the municipality at a special election called for that purpose or the next primary or general municipal election or primary or general state election.

2. A special election may be held only if the governing body of the municipality determines, by a unanimous vote, that an emergency exists. The determination made by the governing body is conclusive unless it is shown that the governing body acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the governing body must be commenced within 15 days after the governing body's determination is final. As used in this subsection, "emergency" means any unexpected occurrence or combination of occurrences which requires immediate action by the governing body of the municipality to prevent or mitigate a substantial financial loss to the municipality or to enable the governing body to provide an essential service to the residents of the municipality.

3. If payment of a general obligation of the municipality is additionally secured by a pledge of gross or net revenue of a project to be financed by its issue, and the governing body determines, by an affirmative vote of two-thirds of the members elected to the governing body, that the pledged

revenue will at least equal the amount required in each year for the payment of interest and principal, without regard to any option reserved by the municipality for early redemption, the municipality may, after a public hearing, incur this general obligation without an election unless, within 60 days after publication of a resolution of intent to issue the bonds, a petition is presented to the governing body signed by not less than 5 percent of the registered voters of the municipality who together with any corporate petitioners own not less than 2 percent in assessed value of the taxable property of the municipality. Any member elected to the governing body whose authority to vote is limited by charter, statute or otherwise may vote on the determination required to be made by the governing body pursuant to this subsection. The determination by the governing body becomes conclusive on the last day for filing the petition. For the purpose of this subsection, the number of registered voters must be determined as of the close of registration for the last preceding general election and assessed values must be determined from the next preceding final assessment roll. An authorized corporate officer may sign such a petition whether or not he is a registered voter. The resolution of intent need not be published in full, but the publication must include the amount of the obligation and the purpose for which it is to be incurred. Notice of the public hearing must be published at least 10 days before the day of the hearing. The publications must be made once in a newspaper of general circulation in the municipality. When published, the notice of the public hearing must be at least as large as 5 inches high by 4 inches wide.

4. *Until June 30, 2008, the board of trustees of a school district in a county whose population is 400,000 or more may issue general obligation bonds which are not expected to result in an increase in the existing property tax levy for the payment of bonds of the school district without holding an election for each issuance of the bonds if the qualified electors approve a question submitted by the board of trustees that authorizes issuance of bonds in such a manner. If the question is approved, the board of trustees of the school district may issue the bonds, after obtaining the approval of the debt management commission and the oversight panel for school facilities in the county in which the school district is located, if the board of trustees of the school district finds that the existing tax for debt service will at least equal the amount required to pay the principal and interest on the outstanding general obligations of the school district and the general obligations proposed to be issued. The finding made by the board of trustees is conclusive in the absence of fraud or gross abuse of discretion. As used in this subsection, "general obligations" does not include medium-term obligations issued pursuant to NRS 350.085 to 350.095, inclusive.*

5. *At the time of issuance of bonds authorized pursuant to subsection 4, the board of trustees shall establish a reserve account in its debt service fund*

for payment of the outstanding bonds of the school district. The reserve account must be established and maintained in an amount at least equal to the lesser of the amount of principal and interest payments due on all of the outstanding bonds of the school district in the next fiscal year or 10 percent of the outstanding principal amount of the outstanding bonds of the school district. If the amount in the reserve account falls below the amount required by this subsection:

(a) The board of trustees shall not issue additional bonds pursuant to subsection 4 until the reserve account is restored to the level required by this subsection; and

(b) The board of trustees shall apply all of the taxes levied by the school district for payment of bonds of the school district that are not needed for payment of the principal and interest on bonds of the school district in the current fiscal year to restore the reserve account to the level required pursuant to this subsection.

6. A municipality may issue special or medium-term obligations without an election.

Sec. 19. NRS 350.2013 is hereby amended to read as follows:

350.2013 [No] *Except as otherwise provided in subsection 4 of NRS 350.020, no* security may be issued or sold by a political subdivision of this state after the expiration of 6 years from the date of the election authorizing such issue, if an election is required by any law whenever enacted.

Sec. 20. NRS 375.020 is hereby amended to read as follows:

375.020 1. A tax, at the rate of [65 cents] *:*

(a) In a county whose population is 400,000 or more, $1.25; and

(b) In a county whose population is less than 400,000, 65 cents,

for each $500 of value or fraction thereof, is hereby imposed on each deed by which any lands, tenements or other realty is granted, assigned, transferred or otherwise conveyed to, or vested in, another person, if the consideration or value of the interest or property conveyed, exclusive of the value of any lien or encumbrance remaining on the interest or property at the time of sale, exceeds $100.

2. The amount of tax must be computed on the basis of the value of the transferred real property as declared pursuant to NRS 375.060.

Sec. 21. NRS 375.070 is hereby amended to read as follows:

375.070 1. The county recorder shall transmit the proceeds of the real property transfer tax at the end of each quarter in the following manner:

(a) An amount equal to that portion of the proceeds which is equivalent to 10 cents for each $500 of value or fraction thereof must be transmitted to the state treasurer who shall deposit that amount in the account for low-income housing created pursuant to NRS 319.500.

(b) *In a county whose population is more than 400,000, an amount equal to that portion of the proceeds which is equivalent to 60 cents for each $500*

of value or fraction thereof must be transmitted to the county treasurer for deposit in the county school district's fund for capital projects established pursuant to NRS 387.328, to be held and expended in the same manner as other money deposited in that fund.

(c) The remaining proceeds must be transmitted to the county treasurer, who shall in Carson City, and in any county where there are no incorporated cities, deposit them all in the general fund, and in other counties deposit 25 percent of them in the general fund and apportion the remainder as follows:

(1) If there is one incorporated city in the county, between that city and the county general fund in proportion to the respective populations of the city and the unincorporated area of the county.

(2) If there are two or more cities in the county, among the cities in proportion to their respective populations.

2. If there is any incorporated city in a county, the county recorder shall charge each city a fee equal to 2 percent of the real property transfer tax which is transferred to that city.

Assemblyman Goldwater moved the adoption of the amendment.

Remarks by Assemblymen Goldwater, Evans, Carpenter, Hettrick, Bache, Amodei, Manendo, Marvel and Giunchigliani.

Assemblyman Hettrick requested that his remarks be entered in the Journal.

Thank you, Mr. Speaker. I, too, oppose the panels. However, I have spoken to the chief sponsor of this bill, and the indication is that after this amendment is placed, assuming it is, it would be put back on the desk for us to be able to look at this.

I do oppose the panels, and I also have very grave concerns about the equality established within this bill to fund schools in the rural areas. I believe that this needs to be looked at in some fashion to create more equity than is created within this bill. However, the rest of the amendments are needed by the chief sponsor to handle what was brought initially. I don't have a problem with the portions that deal with the larger counties. I do have very significant problems with how this treats the rural counties and the equity issue. Based on the fact that I believe this will be placed on the desk, I'm neutral to the amendment, but I want to put on the record that I have grave concerns in regard to the bill as a whole the way it is presently structured.

Amendment adopted.

Bill ordered reprinted, engrossed and to the Concurrent Committee on Ways and Means.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 58.

Assemblyman Anderson moved the adoption of the resolution.

Remarks by Assemblymen Anderson, Goldwater, Humke, Price and Buckley.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I think the Chief Clerk adequately described the life of former Chief Justice of the Nevada Supreme Court. I'd like to add my thoughts.

As a freshman in this chamber, I remember the excitement of being called to the rostrum and sworn in by Chief Justice John Mowbray. It was not the first time that I had met John Mowbray. As a member of the Knights of Columbus, I had heard Justice Mowbray speak and listened to him sing. He was a man of great warmth and humor who truly cared about every aspect of life.

As we waited for our caucuses to conclude their deliberation, I listened to Justice Mowbray's wife, Kathlyn, describe her first trip to Nevada. The story does touch on the kind of man John Mowbray was, and I would like to share it with you.

Having finished law school at Notre Dame, John recognized there might be some opportunity in the growing state of Nevada and came to Las Vegas. He established his residency and took the state bar. Afterward, John returned to Illinois, took the bar exam there, and married Kathlyn. John and Kathlyn decided they would go to Canada on their honeymoon, and as soon as the state bar exam results came in, they would take up residence. Well, Kathlyn had never been to Nevada, and for those of you who have never been to Canada, it is unlike Nevada. Finally, Kathlyn asked him, "What is Nevada like?" At the time, they were in Quebec, and he told her, "The exact opposite of what it is here. It is dry."

John came to Las Vegas, and he willingly lent his efforts to any endeavor which would further the cause of mankind. He gave of his time freely and equitably to all.

As a justice of the Supreme Court, Justice Mowbray crafted some decisions that have touched all our lives. In a controversial utility case, he declared that the Public Service Commission had a right, duty, and responsibility to look at the actions of a power company and that the power company could not add rate increases to pre-established agendas without first clearing it with the Public Service Commission. In a product liability case against the Nissan Motor Company, Justice Mowbray held Nissan responsible for its actions here in this state and upheld the damage award as being proper. Decisions such as these are landmarks that continue to have an effect on the lives of every citizen of our state today.

Justice Mowbray's activities with the Boy Scouts of America are indeed legendary. He was the first chief justice to be recognized by the National Association of Christians and Jews. In

addition, he was the first Nevada Supreme Court justice to receive the Equal Justice Award for the Western States.

Justice Mowbray also authored works such as "How Can I Stay Out of Legal Trouble?" with the Rocky Mountain Medical Journal.

This resolution is a small token of appreciation to a man who has left a lasting mark upon our state, and I urge your support.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Speaker. I rise in support of SCR 58. Justice Mowbray was a good friend of my family. Those of you who have met my father know that he has probably grown into one of the world's biggest cynics. He doesn't think much of anybody these days.

Around the time I first became involved in politics, my father and I ran into Justice Mowbray. My father introduced me to him, shook his hand, and he walked away. My dad looked at me and said, "That is a great man." That's what he said, "That is a great man." Impressionable young guy that I was, and still at times am, that observation meant a lot. From that point on, whenever I ran into Justice Mowbray, my dad's remark came to mind. It meant a lot to me, and Justice Mowbray must have been a great man in order to make that kind of impression on people. I think the term "role model" is mentioned in the resolution. I think it is appropriate, and I encourage my colleagues to support this resolution.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of SCR 58. I know the hour is late. I don't wish to make extensive remarks, but I must second the remarks of the two previous speakers.

I'd like to share a brief anecdote. Justice Mowbray attended some proceedings at the law school I attended, and I would attest to the fact that he was a very kind individual, very concerned with individual persons, individual law students, and Nevadans. He was concerned about their lives, hopes, and ambitions, and he demonstrated genuine interest. I think the resolution describes Justice Mowbray's many and outstanding accomplishments, and it is a richly deserved honor to bestow upon him by this Assembly.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. To you and through you to this honorable body. I am pleased and honored to rise in support of SCR 58 and saddened by the fact that John is not here with us to receive it. I knew John for a number of years, but we probably became most closely associated when we served together on the Bicentennial Commission. Everyone who knew John recognized that he possessed a brilliant legal mind and that he was a patriotic gentleman—proud to be an American and a Nevadan. Over the time that John and I served together, I grew, for lack of a better term, to love and appreciate him more than ever.

John felt that it would be good for Nevada to have what we generally refer to as a "commission on democracy." He felt that our state and local governments would benefit by having a commission which would continually educate citizens and strive to get more citizens involved in government. I am pleased today to tell you that while we were on our break, I learned that SB 429, which is an extension and outgrowth of that effort, passed the Senate today and is headed our way. I hope that we will be able to pass that legislation and that SB 429 will go down in our books as a legacy to John.

I would urge all my colleagues to support this resolution.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. As one of the many new lawyers practicing in Nevada and entering public service, I am fortunate to have had John Mowbray "blaze the trails," both in law and public service. His honesty, intellect, integrity, and compassion for all, especially those less fortunate, will remain with all of us and will continue to inspire us.

ASSEMBLYMAN ANDERSON:

On behalf of the Assembly, it is my honor to present this resolution to Kathlyn Mowbray, Justice Mowbray's wife, and to express to her our sincere condolences. In addition, I wish to introduce to you Romy Mowbray, Terry Mowbray, John Mowbray and Jerry Mowbray, the family of Justice Mowbray.

I forgot to add one really important line, and I should have remembered it, because after all, it was one of the justice's very favorite lines: "Home means Nevada."

Resolution adopted.

Assemblywoman Chowning moved that all rules be suspended and that Assembly Bill No. 496 be declared an emergency measure under the Constitution and placed on second reading.

Motion carried unanimously.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, June 26, 1997

To the Honorable the Assembly:

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that Assemblyman Perkins' remarks be entered in the Journal.

Thank you, Mr. Speaker. Before we recess, I would like to talk about a bill that is on its way to my newest committee, Ways and Means. Mr. Speaker, AB 353 has been under discussion for several weeks. I can appreciate it not being possible for all of us to become intimately familiar with each piece of legislation, but this is one of the top two or three issues we knew we would have to deal with this session. AB 353 is not a perfect bill as amended, but how many bills are?

Mr. Speaker, I love this state and I will live out my life here. Nevada is more than a million people in the Las Vegas Valley; it is more than the Great Basin; the Tahoe Basin; the Sierras; the Rubys; and everywhere in between. It is the people, places, and the things that I've just mentioned, and everything that comes together, that makes this great state. I love this state because of its urban and its rural areas and its attitudes. Our diversity is what makes this state so great. Another of our members previously quoted the late Justice Mowbray saying, "Home means Nevada."

What I'm getting at, Mr. Speaker, is that we must all get together and work on the details of this ever-important legislation. We know that the close is drawing near, so to wait is impossible. The school construction problem in Clark County is in a crisis. I know of the problems in other areas, but none so acute as those in Clark County. The kids in Clark County are no better than those in any of the 16 other counties; I acknowledge that. But they also are no worse. If we can craft a bill that takes care of all, let us do that. Clark County came to us with a plan and no other school district did that.

I am not suggesting we do not try to do our best. Myself and other members of this body have worked so hard on this issue; we have made many attempts to address rural needs and have not gained concurrence from some of the rural members of the legislature. If a bill can be crafted that does not harm the rural areas but does help the children in Clark County, I would ask that we please support such an effort and get that crafted before we go sine die. I look forward to working with each and every one of you that has an interest in this area, because this is, indeed, a crisis, ladies and gentlemen; a crisis that we need to fix before we go home.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

On request of Assemblyman Herrera, the privilege of the floor of the Assembly Chamber for this day was extended to John Rhodes and Donna Banks.

Assemblyman Perkins moved that the Assembly adjourn until Friday, June 27, 1997 at 10:30 a.m.

Motion carried.

Assembly adjourned at 8:28 p.m.

Approved:

JOSEPH E. DINI, JR.
Speaker of the Assembly

Attest: LINDA B. ALDEN
Chief Clerk of the Assembly

THE ONE HUNDRED AND FIFTY-NINTH DAY

CARSON CITY (Friday), June 27, 1997

Assembly called to order at 10:41 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Cleric Carol English, Eckankar.

We are reminded that each of us responsible for our thoughts, words, and deeds. Please guide the men and women of this Assembly to look into their hearts for direction and inspiration as they make the weighty decisions that affect the lives of everyone within the borders of this great state. Sustain them with peace and love through the long hours of the closing days of this 1997 Legislature.

Eckankar, the Religion of the Light and Sound of God, teaches us about God's gift to everyone of the word "HU", which is spelled HU. When sung in a long drawn out way, it is a love song to God. It opens our hearts to the Light and to the Sound, which is the Word of God, allowing us to reach new and greater spiritual levels regardless of the religious path we follow. It clarifies the course of action that is right for us to follow as we go through life each day. By learning to silence the outer influences for a few minutes of each day, we can tap into an unlimited reservoir of love and wisdom that exists within our hearts.

Now please join me in a moment of silence by silently singing either the "HU," another word that is sacred to you and brings love into your heart, or place your attention on a spiritual being that has special meaning to you.

In Your Name, God, we thank You for Your Love that surrounds, protects and guides us. May the blessings be.

Pledge of allegiance to the Flag.

Assemblyman Perkins moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Assemblyman Perkins requested that Assemblywoman Von Tobel's remarks be entered in the Journal.

ASSEMBLYWOMAN VON TOBEL:

Thank you, Mr. Speaker. It has been my pleasure to get to know Marianne Vallin through my work on the UNLV Women's Sports Foundation. She is an inspiration to all of the students at UNLV and especially the members of the tennis team, and it is great that we honor her today.

I would like to present this resolution to Marianne Vallin today and tell you a little bit about her and about Ola Malmqvist, who is the coach for UNLV. Coach Malmqvist is from Sweden and is a former NCAA Champion. He helped bring the women's tennis team to the Academic All-American Honors. Not only is he a great coach, but he has been willing to give up part of his athletic budget to assist his players in finishing summer school so that they can complete their degrees. It is an honor to have him at UNLV.

Marianne was born on August 4, 1973 to Soren and Burrgitta Vallin. She majored in psychology and is pursuing her master's degree in psychology. Marianne graduated with a 3.65 GPA; she was a two-year Academic All-American; three-time All-American; two-time member of UNLV academic top 30 honor students athletes with the highest GPA; Female Athlete of the Year in 1996 and 1997; and a five-time member of the Dean's Honor List. She's also gorgeous.

Please welcome and honor both Marianne and Coach Malmqvist.

Assemblywoman Ohrenschall moved the adoption of the resolution.

Remarks by Assemblymen Ohrenschall, Close, Chowning, Nolan and Carpenter.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. In southern Nevada, we don't talk about "Angelo Collis" but rather "Coach Collis," because he was known as being a leader in youth activities and good sportsmanship. Yes, he did establish athletic programs for several leading high schools and led teams to get national honors. He was also nationally honored. What Coach Collis did more than anything else was exemplify the proper characteristics of good sportsmanship, competition, achievement, and concern for his fellow man.

We are greatly saddened at Coach Collis' passing and we wish to memorialize him. I urge this body to accept this motion.

ASSEMBLYMAN CLOSE:

Thank you, Mr. Speaker. I rise in support of ACR 53. I echo the remarks of my colleague who just spoke. I first met Angelo Collis when he was my coach at Las Vegas High School in the late fifties, early sixties. He was the type of man who wanted to meet others on a one-on-one basis. Whenever I met him at social events, I had a hard time calling him anything but "Coach." He said, "Well, you can call me Angelo." I said, "No, I can't call you Angelo, I'll call you Coach."

I remember thinking, as one of his student athletes, that Coach Collis was a little giant. You never asked him what to do twice. He told you once, you did it, and you made sure you did it correctly. He would compliment you or he would correct you.

I was always amazed that Coach Collis knew people years after they had been his students. He would remember our first names. It saddens me that Coach Collis is no longer with us. I'm sorry for those people who won't have the opportunity to work with him, but he did leave his mark. I will always remember Coach Collis as a gentle giant.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I am so proud to stand today in support of ACR 53. I had the great pleasure of working with Angelo Collis—Ang, Dean Collis, Coach Collis—when I was a teacher at Clark High School in Las Vegas. For many years, I was able to see the twinkle in his

eye and the smile that he had, and his wonderful demeanor, tough but fair, not only with the teachers but also the kids. He was a marvelous role model, and it is a pleasure for me to have been able to know him.

ASSEMBLYMAN NOLAN:

Thank you, Mr. Speaker. I, too, rise in support of ACR 53. I knew Angelo Collis as a student at Clark High School. He was the vice principal in charge of the athletic and sporting program, and I was a wrestler at the time. At some point he realized I wasn't a very good wrestler. He felt he needed a trainer to tape the ankles and injuries of the guys on the team, so he asked me if I'd be interested in a scholarship to Northern Arizona University to become an athletic trainer. Knowing that it was probably going to be an easier job than wrestling, I accepted his offer. That was the beginning of a very good relationship between the two of us that lasted for years. I enjoyed going back to Clark High School and visiting Coach Collis. He took a great deal of pride in the students there and in the football field that was named after him.

I think one of the reasons that we got along so well was that Coach Collis was a short guy just like me, but as the other speaker said, he carried a pretty big punch. I hope that my colleagues will support this resolution.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in support of ACR 53. Back when I played for the White Pine High School Bobcats, Coach Collis was my coach. I'll always remember him as a great man who was a positive influence on a lot of kids at White Pine High School.

ASSEMBLYWOMAN OHRENSCHALL:

I have with me today to receive the resolution, members of Coach Collis' family from both northern and southern Nevada and two close family friends. With me are Barbara Pope, his niece; Robert Collis, his son, who is incorrectly identified in the resolution as Ronald—apparently bad handwriting got in the way on that; Constance Pope, his sister; and two good friends of the family, Joanne Fuller and Bert Cooper. If you would all please make them welcome.

Resolution adopted.

Assembly Concurrent Resolution No. 54—Commending Nevadans who assist legal immigrants in learning English and becoming naturalized citizens.

Assemblywoman Evans moved the adoption of the resolution.

Remarks by Assemblymen Evans, Anderson, Chowning, Carpenter, Giunchigliani and Segerblom.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN EVANS:

Thank you, Mr. Speaker. As the members can see, ACR 54 is a rather lengthy resolution. I asked the Chief Clerk not to read it in its entirety; rather we can speak to the substance of its message.

In recent years some individuals and certain groups have made it their mission to disparage those who come to this country and to blame them for all manner of ills in our nation and state.

The fact is that many of us in this body are first or second generation Americans, and we should not forget the contributions of the many who have come here over the decades. My mother was born in this country and my father was European. He was an honest, hard-working, and wonderful man. He was loyal to this country and was very patriotic.

This resolution recognizes and applauds the many talents and contributions of those who have come to our shores. It also gives recognition to those in our state who are making a special effort to assist immigrants to become full participants in our American way of life.

The resolution cites many outstanding individuals and groups. I'm sure there are some we've overlooked. I regret that, but the folks listed come quickly to mind, and we would like to give them a moment of attention: in Las Vegas, Pricilla Rocha; in Reno, Dr. Emma Sepulveda, Associate Professor of Foreign Language at UNR, whose work in helping immigrants is facilitated by the University; the Eldorado Hotel and Casino, in conjunction with local agencies; in Las Vegas, the Mirage Resorts and the Culinary Workers' Union (Local 226), who conduct naturalization programs and assist their people in learning the language.

Mr. Speaker, yesterday, in some rather eloquent remarks about our state, the Majority Leader used these words, "Our diversity is what makes this state so great." I urge the members of this body and all citizens of Nevada to be a participant in helping people who come here learn our language and become fully franchised by becoming naturalized citizens.

ASSEMBLYMAN ANDERSON:

I rise in support of ACR 54. As a first-generation American, I recall my mother taking immigration lessons and trying to learn the history of the United States. Long after she became a citizen, my mother made sure that I met her citizenship teacher and appropriately thanked her.

You would assume that someone from Ireland would be fluent in the English language. However, I clearly remember my father telling me of crossing the United States on a train when he first arrived in this country. He ordered ham and eggs for his meal because that was what the rest of the passengers were eating and it was the only part of the menu that he could figure out.

Acclimating yourself to a new culture is very, very difficult for any group, even if you read and understand the language. These individuals and groups provide a great service in helping immigrants to understand the traditions of this country and the uniqueness of the society in which we live. Their efforts often go without thanks, except from those of us who have benefitted from their service.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I stand in proud support of ACR 54. Everyone knows of my background as a foreign language teacher and my work with a district that has lots of wonderful, diversified folks. I feel that my life is so enriched by the people that I have come into contact with who honor me with the diversity of their culture.

I've had the privilege of working with Priscilla Rocha, who is an elementary teacher. The work that she has done is marvelous. From a classroom, she has started a building that reaches out in ways that you cannot believe, with volunteerism extraordinare. Many residents have become citizens with the help of Priscilla; the Mirage; and a former colleague of ours, Mr. Garner, through his work at the community college; and the Culinary Workers' Union. These people have such pride. I cannot tell you how thrilling it is when you go to a citizenship ceremony and have people proudly raise the flag and show that they are now citizens. I work with people like María Saldaña, who was in tears as she told me, "Now, I am able to vote." These people come to our country and bring a diversity from all over the world, and our lives are enriched. I'm so very proud of all of the work that they have put forward.

I appreciate the efforts of the people named in this resolution who have reached out to help others become citizens of our country. I thank our colleague for bringing it forward.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in support of ACR 54. When I was in the ranching business, many Basque people worked for me. I was always very proud to see them become citizens of this great country. I, too, can relate to my colleague's description of her feelings as she stands

up with people when they become United States citizens. They are so proud. Even now, I have a number of people working for me who are not naturalized citizens. We call one gentleman "Little Guy;" he is even littler than some of our colleagues. "Little Guy" became a naturalized citizen and last fall was the first time he could vote. Somebody at our place asked him where he was going and he said, "Well I'm going to go vote, and I'm a Republican."

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in support of ACR 54. I think the resolution is indicative of the spirit of a true community partnership. When I ran for office in 1991, there was a radio talk show host from the northern part of the state who made the accusation that because I was born in Italy, I was not allowed to serve in the legislature and that everything that we voted on was null and void. I am a citizen of the United States.

I do think that at some point we forgot that our country was built on immigration. It is no longer a dirty word. Unfortunately, we're going through a cycle right now where there is a little bit of intolerance. These types of programs help break down those barriers so that we can work together with the people who come here and want to be citizens. We can help them become a part of our society.

I commend my colleague for bringing this resolution forward.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I rise in support of ACR 54. I want to thank those Nevadans who are helping immigrants learn the English language. We lived in Panama for six years, and I wish someone had helped me learn Spanish, especially Mrs. Chowning.

Resolution adopted.

"Section 1. Chapter 62 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.
Sec. 2. *A child under 18 years of age shall not possess or use cigarettes, cigarette paper, tobacco of any description or products made from tobacco on a school bus or on school property. A child under 18 years of age who engages in such conduct is a child in need of supervision and care or rehabilitation as provided in paragraph (a) of subsection 1 of NRS 62.040.*
Sec. 3. *1. If a child is found to be in need of supervision and care or rehabilitation pursuant to section 2 of this act, in addition to any action ordered pursuant to the provisions of this chapter, the court shall:*
(a) The first time the child is found to be in need of supervision and care or rehabilitation pursuant to section 2 of this act:
(1) Impose a fine of $50 on the child pursuant to paragraph (l) of subsection 1 of NRS 62.211 or require the child to perform community service in the manner provided pursuant to subsection 3, or both; and

(c) The third or any subsequent time the child is found to be in need of supervision and care or rehabilitation pursuant to section 2 of this act, order the suspension of the driver's license of the child for a period not to exceed 1 year. If the child does not possess a driver's license, the court shall prohibit

the child from applying for a driver's license for a period not to exceed 1 year:

(1) Immediately following the date of the order, if the child is eligible to apply for a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to apply for a license on the date of the order.

If the child is already the subject of a court order suspending or delaying the issuance of his driver's license, the court shall order the additional suspension or delay, as appropriate, to apply consecutively with the previous order. At the time the court issues an order suspending the driver's license of a child pursuant to this paragraph, the court shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements that are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph.

2. If a child is required to complete a class designed to discourage the use of tobacco products pursuant to this section, the court shall order the child or his parent or guardian to pay the costs of participation in the class. If the child and his parent or guardian are unable to pay the costs of participation in the class because of financial hardship, the court shall require the child to perform community service in a manner provided pursuant to subsection 3.

3. If a child is required to perform community service pursuant to this section, the community service must be performed for and under the supervising authority of a county, city, town or other political subdivision or agency of the State of Nevada or a charitable organization that renders service to the community or its residents. The court may require the parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of a policy for insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which the child performs the work, unless, in the case of industrial

insurance, it is provided by the authority for which the child performs the work.

Amend the bill as a whole by renumbering sections 7 through 11 as sections 25 through 29 and adding new sections designated sections 10 through 24, following sec. 6, to read as follows:

"Sec. 10. Chapter 202 of NRS is hereby amended by adding thereto the provisions set forth as sections 11 to 19, inclusive, of this act.

Sec. 11. *The legislature hereby finds and declares that:*

1. The Surgeon General of the United States has determined that the smoking of tobacco is the leading cause of preventable death in the United States, and that approximately 434,000 Americans and 2,000 residents of this state die each year of diseases attributable to the smoking of tobacco. The Centers for Disease Control and Prevention of the Department of Health and Human Services has determined that the State of Nevada ranked first in the United States during 1994 for the percentage of deaths attributable to the smoking of tobacco.

2. The Surgeon General of the United States has determined that approximately 3,000 children begin smoking tobacco each day. The

Department of Health and Human Services, the Public Health Service, the National Institute for Health and the National Cancer Institute have determined that more than one-half of all persons who smoke tobacco begin smoking tobacco before 14 years of age, and that 90 percent of all persons who smoke tobacco begin smoking tobacco before 19 years of age. It is estimated that children spend approximately $1.5 billion on cigarettes and other products made from tobacco each year.

3. Cigarettes and other products made from tobacco are some of the most heavily advertised products in the United States. Such advertising creates an aura of glamour, intrigue and enticement for children, has a powerful and persuasive impact on their impressionable minds, and ultimately stimulates their desires to use cigarettes and other products made from tobacco before they are intellectually and emotionally capable of making an informed and rational decision about such use.

4. Outdoor advertising signs constitute a prominent and unique form of advertising. Because certain outdoor advertising signs are located near schools, children are unavoidably exposed to such signs simply by walking to school or engaging in activities on school grounds. Therefore, children are a captive audience to outdoor advertising signs located near schools and are repeatedly subjected to the unavoidable messages displayed on such signs, usually without the benefit of a parent or adult to help them assess the nature and the value of the messages.

5. This state has a compelling interest in protecting the physical and psychological welfare of children and in shielding their developing minds and bodies from the harmful influence of advertisements for cigarettes and other products made from tobacco. The children of this state are most vulnerable to the harmful influence of such advertisements when they are a captive audience while walking to school or engaging in activities on school grounds. To protect the children of this state in those areas where they are most likely to be a captive audience, it is necessary to prohibit advertisements for cigarettes and other products made from tobacco from being placed on outdoor advertising signs located near schools.

Sec. 12. *"Distribute" includes, without limitation, furnishing, giving away or providing products made from tobacco or samples thereof at no cost to promote the product, whether or not in combination with a sale.*

Sec. 13. *"Health authority" means the district health officer in a district, or his designee, or, if none, the state health officer, or his designee.*

Sec. 14. *"Outdoor advertising sign" means a sign or billboard that is:*

1. Placed outdoors;

2. Affixed, temporarily or permanently, to the ground, a building, a structure or a freestanding support; and

3. Designed or intended to advertise, promote or direct attention to a business, commodity, service or form of entertainment or attraction.

Sec 15. *"Private school" has the meaning ascribed to it in NRS 394.103.*

Sec 16. *"Public school" has the meaning ascribed to it in NRS 385.007.*

Sec. 17. *1. Except as otherwise provided in subsection 3, a person shall not place an advertisement on an outdoor advertising sign or pay for or otherwise cause an advertisement to be placed on an outdoor advertising sign if:*

(a) The advertisement advertises or promotes cigarettes, tobacco of any description or a product made from tobacco; and

(b) The outdoor advertising sign is located within 500 feet from the property line of a public school or private school and is visible from the public school or private school.

2. A person who violates the provisions of subsection 1 shall be punished by a fine of not more than $500 and a civil penalty of not more than $500.

3. The provisions of this section do not apply to an outdoor advertising sign that is located on property on which a business:

(a) Manufactures cigarettes, tobacco of any description or a product made from tobacco; or

(b) Sells as its primary commodity cigarettes, tobacco of any description or products made from tobacco.

Sec. 18. *1. The attorney general or a district attorney may bring an action in the name of the State of Nevada to enjoin a violation of the provisions of section 17 of this act.*

2. If the court finds that a violation of the provisions of section 17 has been committed, in addition to issuing an injunction and any other appropriate remedy, the court shall impose upon the person who committed the violation a civil penalty of not more than $1,000.

Sec. 19. *Any money recovered pursuant to section 17 or 18 of this act as a civil penalty must be deposited in a separate account in the state general fund to be used for the enforcement of section 17 of this act.*

Sec. 20. NRS 202.2485 is hereby amended to read as follows:

202.2485 As used in NRS 202.2485 to 202.2497, inclusive [:

1. "Distribute" includes furnishing, giving away or providing products made from tobacco or samples thereof at no cost to promote the product, whether or not in combination with a sale.

2. "Health authority" means the district health officer in a district, or his designee, or, if none, the state health officer, or his designee.] *, and sections 11 to 19, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 12 to 16, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 21. NRS 202.249 is hereby amended to read as follows:

202.249 1. It is the public policy of the State of Nevada and the purpose of NRS 202.2491 and 202.2492 to place restrictions on the smoking of tobacco in public places to protect human health and safety.

2. The quality of air is declared to be affected with the public interest and NRS 202.2491 and 202.2492 are enacted in the exercise of the police power of this state to protect the health, peace, safety and general welfare of its people.

3. Health authorities, police officers of cities or towns, sheriffs and their deputies and other peace officers of this state shall, within their respective jurisdictions, enforce the provisions of NRS 202.2491 and 202.2492. Police officers of cities or towns, sheriffs and their deputies and other peace officers of this state shall, within their respective jurisdictions, enforce the provisions of NRS 202.2493 and 202.2494 [.] *and sections 2 and 17 of this act.*

4. An agency, board, commission or political subdivision of this state, including any agency, board, commission or governing body of a local government, shall not impose more stringent restrictions on the smoking, use, sale, distribution, marketing, display or promotion of tobacco or products made from tobacco than are provided by NRS 202.2491, 202.2492, 202.2493 and 202.2494 [.] *and section 17 of this act.*

Sec. 22. NRS 202.2491 is hereby amended to read as follows:

4. The operator of a restaurant with a seating capacity of 50 or more shall maintain a flexible nonsmoking area within the restaurant and offer each patron the opportunity to be seated in a smoking or nonsmoking area.

5. A business which derives more than 50 percent of its gross receipts from the sale of alcoholic beverages or 50 percent of its gross receipts from gaming operations may be designated as a smoking area in its entirety by the operator of the business.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, June 27, 1997

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 59.

MARY JO MONGELLI
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 59.

Assemblyman Hettrick moved the adoption of the resolution.

Remarks by Assemblymen Hettrick, Ernaut, Marvel, Carpenter, Hickey, Price and Dini.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. Unfortunately, none of the Dressler family could be here today. They are all ill. Many of you know Lou Bergevin. Lou served in these chambers for 14 years as the assemblyman from Douglas County. He is Fred Dressler's son-in-law. He left these chambers immediately preceding my arrival and was a great support to me. Apparently Lou has some form of leukemia and is having blood transfusions on a routine basis, so he is not very well today. Frederick Dressler, Fred Dressler's son, frequents this building on various Ways and Means concerns dealing with agricultural issues in which the Dressler family is still very much involved. Frederick's wife is ill today.

Fred Dressler was already an historic figure long before I moved to Nevada in 1972. He was an interesting man. He is the only man I've ever known who had his own personal parking place at Sharky's in Gardnerville because he went there every single morning for breakfast. It was like holding court. Everyone came to essentially kiss Fred's ring and talk about whatever went on. He was an incredible man with incredible knowledge, and it was really something to watch.

Fred was extremely active until the age of 94 or 95, when he was involved in an automobile accident. The accident incapacitated him to the extent that he lost some of his mobility, and he started to go downhill a bit. I remember after Fred was incapacitated and at home, he called me one day and left a message on my answering machine. I called back and asked him how I could help him. He said, "I've got a good friend who is having a problem with his car. I know you like cars. I need somebody who can fix a carburetor." It was incredible. He would call anybody for a friend. He'd do anything for a friend and call anybody he thought might know something to help out.

I would point out to you that if you go down toward the Senate, you'll find a picture of William Dressler, Fred's father, who served in these halls as a senator from Douglas County for 28 years. I believe that is still the record for a senator's service in the state of Nevada. The Dressler family has a long history of service to the state, and I'm glad we did this resolution. I think it is important to pass it on to Lou Bergevin, his daughter, and the rest of the members of his family. Senator Jacobsen and I will personally deliver this to Lute and talk to Lou and send our best regards. I urge your support.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. I rise in support of Senate Concurrent Resolution 59. I think it comes as a surprise to many people who have been in this body for a while that I was very, and am still very, very close to Fred's son-in-law, Lou Bergevin. Through Lou and my employment under him, I had the occasion to meet Fred Dressler some years back.

People talk about patriarchs, icons and halls of fame. This guy was all those things. He was a staple to Nevada and a great, great man in so many ways.

When I first met him, I was over at his house on Dressler Lane, of course, and he had a ranch over there for some years. He basically had everything from Douglas High School to California. They owned that side of the road and the Dangbergs owned the other side of the road. We were in his house and we got to talking about my background and where my family was from. Some of my family was from the Douglas County area, and I have two great uncles who are buried in the Gardnerville cemetery. As we were talking, he got into his old roll-top desk—and God knows how old that thing was because at the time he was about 92 and it looked at least two or three times older than him—and he never got rid of anything. He had magazines, and Western Horseman and Louis L'amour from probably 50 and 60 years back. He rummaged through for maybe 15 minutes and pulled out a pay stub to my great uncle, Zaun Leon, from 1919, where my great uncle had run sheep for Fred way back. Just having known him for a grand total of maybe 30 minutes at that time, it was a remarkable feat.

If you read from the resolution, you'll see that he rode the Pony Express and that his last ride was 1992. I want to bring to your attention that he was 94 years old when he rode his last Pony Express ride, and I can tell you he did it with the vim and vigor as he did when he was 34 years old. He served on the State Board of Education for, I think, 40 years. He was involved in so many things political and so many things philanthropic. As the Minority Leader said, he was a staple also at Sharky's. I can tell you, and I'm kind of saddened, because his being incapacitated at the end of his life from the car wreck. I don't mean to make light of that because anybody that ever got into a car that he was driving would understand my story. He had an old Plymouth that he kept at the ranch, and I can't even remember how many years old it was. I made the mistake one day of actually getting in this car and going to Sharky's for breakfast with him, and I can tell you, I have no idea how he lived 94 years driving the way that he did. We banked off of every ditch between Dressler Lane and Sharky's that was out there, and by the time I got to breakfast, I'm not sure I was even hungry because my fingernails were imbedded in the dashboard. Certainly, I offered to drive the car home when we were done.

He was a great man, comes from a very great family. I know there are many stories from within this body from the Speaker, Mr. Marvel and many others. He was truly a Nevadan and truly the patriarch of this area and certainly Nevada is sadder without him.

Assemblyman Marvel:

Thank you, Mr. Speaker. It is a pleasure, in a way, to be here today. I'm sorry that we don't have Fred Dressler with us. I'm also sorry we don't have Lou Bergevin, Frederick and Luetta in our midst.

Fred Dressler was really the epitome of the old Nevada spirit. Independence was his watch word. Nobody ruffled him. If people didn't know better, they would have thought Lou Bergevin was his son because he was kind of a chip off the old block.

Fred always kind of had a running battle with federal bureaucrats. I recall one time, Sam Dupre was his accountant, the same as ours. He was in San Francisco and they were having a problem with the internal Revenue Service and Fred threatened to throw the agent out the window of the seventh story and Sam___ stopped him. After reflecting on it, Sam told me, "That was the biggest mistake I ever made."

One thing about Fred is he was a man of impeccable honor, of the breed that he shook your hand or gave you his word, it was better than a signed contract, and certainly he will be missed by all Nevadans.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in support of SCR 59. I had the pleasure to serve on many boards with Fred Dressler, the BLM Advisory Board and various boards within the livestock organizations. I guess the way you could describe him best is that he was a cowboy's cowboy." I remember I think it was about the first session that I was here and we had another knife bill here. We were going to outlaw knives and Fred Dressler found out about it. He

came down here, and the words he used were not very polite. With that and his help, we were able to defeat the knife bill that session.

Fred Dressler was a great guy, and whatever he said, you could take it to the bank, and I know that my life is much better for having known him.

ASSEMBLYMAN HICKEY:

Thank you, Mr. Speaker. I, too, rise in support of SCR 59. Being from an old family myself from Douglas—in fact, we were related through marriage—and in the interests of time I'll only relate one account. Some of you know I had been a reporter before and I was assigned to interview him upon his receiving or being entered into the cowboy hall of fame. I started off the interview by saying to him, "I guess the words of Willie Nelson don't apply to you, Fred. The words, 'Momma, Don't Let Your Sons Grow Up To Be Cowboys," and he immediately cussed me out, sat me down and said, "You don't know a damn thing about Willie Nelson. He sat right here." And he proceeded to give me about a two-hour lecture. As was said, that was the kind of man he was, and I just wanted to rise today as well. Thank you, Mr. Speaker.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I am very pleased to be able to rise in support of SCR 59. I had the pleasure and was fortunate enough to meet and get to know a little bit and certainly a little bit about and visit with Fred over the early years when I started, and there was no doubt about him being a "cowboy's cowboy." I have to say, the last time that I saw Fred was in fact in Sharky's, and I think it was only a few days before his demise. We like to go down there and eat. Fred comes shuffling across the floor there and they always had a special place and special meals reserved for Fred. I think he even had a bingo thing in his hand or something, but I was thinking at the time how great it was. I guess he was probably 94 then, and he was still getting out and around and coming down to Sharky's, and by the way, they have some wonderful pictures of Fred in the dining room downstairs there if you're ever in Shark's if you take a few moments as you're looking at all of the photographs. From my own perspective the one I think kind of unique thing that I ran across accidentally, I don't know how many years ago, we were having a party in the old archives, some kind of a legislative thing over there. I was flipping through some of our old written records, and low and behold, in handwritten record of I guess what would have been then the department of motor vehicles or their forerunners or what have you, you may be surprised to know that Fred Dresser had the very first issued license plate when they decided to start licensing cars in the state of Nevada. The number "1" went to Fred Dresser, so I always got to remember that, too.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

With your permission, I'd like to take this opportunity to make a few remarks. A couple of generations of Dinis have known the Dresslers, and my dad and Bill Dressler were good friends. When I came here in 1967, one of the first people I met was Fred Dressler, who was chairing the Agriculture Committee, and we continued our association. Fred and I worked on some water law issues a few years ago, and he was very helpful. He knew more about water law and the Carson River than any of our experts. We also worked together on the Subconservancy District and on a multitude of bills.

Fred was always a fair and just man, and the loss of Fred Dressler is a loss for all of Nevada.

Resolution adopted.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 795.

Amend the bill as a whole by deleting section 1 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. Chapter 704 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The commission shall levy and collect an annual assessment from each railroad subject to the jurisdiction of the commission that transports cargo into, out of or through this state to support the activities of the commission relating to railroad safety.

2. The total annual assessment levied on railroads must be equal to one-half of the costs incurred by the commission that are not offset by the fees paid pursuant to NRS 459.512.

3. The commission shall pay the remaining half of the costs that are not offset by the fees paid pursuant to NRS 459.512 and the assessment levied pursuant to this section.

4. On or before August 1 of each year, the commission shall:

(a) Calculate the amount of the assessment to be levied pursuant to this section for the previous fiscal year; and

(b) Mail to each railroad subject to the provisions of this section to the current address of the railroad on file with the commission a notice indicating the amount of the assessment. The failure of the commission to so notify a railroad does not invalidate the assessment.

5. An assessment levied pursuant to this section is due on or before October 1 of each year. Each railroad that is subject to the provisions of this section which fails to pay the assessment on or before November 1, shall pay, in addition to the assessment, a penalty of 1 percent of the total unpaid balance for each month or portion thereof that the assessment is delinquent

or $10, whichever is greater, except that no penalty may exceed $1,000 for each delinquent payment.

6. If a railroad sells or transfers its certificate of public convenience and necessity or sells or transfers substantially all of its assets, the commission shall calculate, levy and collect the accrued assessment for the current year not later than 30 days after the sale or transfer, unless the purchaser or transferee has assumed liability for the assessment. For the purposes of this subsection, the jurisdiction of the commission over the sale or transfer of a railroad continues until the assessment of the railroad has been paid.

7. The commission may bring an appropriate action in its own name for the collection of any assessment and penalty that is not paid pursuant to this section.".

Amend the title of the bill, third line, after "safety;" by inserting: "requiring the commission to pay certain expenses for activities of the commission relating to railroad safety;".

Amend the summary of the bill to read as follows: "Summary—Requires public service commission of Nevada and certain railroads to pay certain expenses for activities of commission relating to railroad safety. (BDR 58-1228)".

Assembly Concurrent Resolution No. 55—Commending retired educator Ruth Albright Stringer.

WHEREAS, Ruth Albright Stringer, one of 10 siblings, was born to A.G. and Annie Albright of Hoxie, Arkansas, on October 9, 1909; and

WHEREAS, A lifelong love for math was instilled in this young girl by a favorite teacher who made the subject interesting through the use of innovative and relevant hands-on activities that culminated in Ruth's analyzing the numbers on freight train cars on her way to school to determine the prime factors of each number, a practice in which she still engages when looking at license plates; and

WHEREAS, Ruth Stringer's early years growing up in a small town where she learned the value of working closely with others to improve her community instilled in her a desire to be a part of everything around her; and

WHEREAS, Because of her devoted father's often-repeated reminder, "Remember, Sister, every cloud has a silver lining," Ruth developed a remarkably positive attitude that served her through the Great Depression; and

WHEREAS, Ruth Stringer began her first teaching position on the ninth day of the ninth month of 1929 as a third grade teacher and pursued that career for 39 years, 11 of which were in Clark County, plus an additional year as a substitute teacher; and

WHEREAS, During those 39 years, a professional folder 4 inches thick, filled with positive notations and anecdotes, was compiled for this extraordinary teacher; and

WHEREAS, In addition to her exemplary role as an instructor, Ruth volunteered long hours to numerous activities in the school system, such as sponsoring several classes, a cheerleading squad and a drill team for majorettes, coaching basketball teams and drama groups, planning and directing tours for her classes, and participating actively in the Parent-Teacher Association; and

WHEREAS, This dedicated teacher has been appropriately rewarded with such honors as Outstanding Teacher of the Year in Clark County in 1970, Distinguished Teacher for 1974-1975 for the Nevada State Education Association, Clark County Educator Mother of the Year in 1987 and Nevada State Retired Teachers Association Certificate in recognition of services as auditor and nominating committee chair; and

WHEREAS, Ruth Stringer also found time to involve herself in political activities for 32 years because she believed one should be aware of what is happening in the community, state and nation; and

WHEREAS, Ruth Stringer unbelievably had enough energy after all her other activities to become involved with community activities such as the Girl Scouts; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 69th session of the Nevada Legislature offer their commendation to Ruth Albright Springer for her unselfish devotion to her family, her community, the educational system and the numerous organizations of which she is a part; and be it further

RESOLVED, That the members of this legislative body express their admiration for a person who exemplifies the highest standards of character and is a role model for countless students and teachers; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Ruth Albright Springer.

Assemblywoman Ohrenschall moved the adoption of the resolution.

Remarks by Assemblymen Ohrenschall, Manendo, Giunchigliani, Williams, Price, Chowning, Segerblom and Bache.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. Ruth Albright Stringer is an example of what public education is all about, not just the quality of the teaching but her commitment to students, taking the time to look at at-risk students, and opening her own home and her own activities to them.

Ruth Stringer was one of the founders of Teachers in Politics. When I first met her, I had been elected treasurer of Public Volunteer Organization. I was a very reluctant treasurer because I didn't have a background in accounting. Well, Ruth Stringer did, and she sat with me and we went over the books and records of the organization, pretty much on a weekly basis, so that everything turned out very well. I can tell the body right now that without Ruth's help, that organization might not have fared nearly as well.

Ruth has donated her time to help seniors do their taxes. Now that she is retired, she also gives her time to tutor students who need assistance in math, without any notice or praise from anyone. This is what a normal, ordinary schoolteacher is all about, this is what Ruth Stringer is, and this is why I feel that we should honor her. I urge this body to join me in adopting ACR 55.

ASSEMBLYMAN MANENDO:

Thank you, Mr. Speaker. I, too, rise in support of my friend, Ruth Stringer. She is one of the finest women I've ever met. She is very involved in many organizations in southern Nevada. When we see Ruth at meetings, she is always doing what she does best—educating us, giving us the love in her heart, and her guidance.

It is truly an honor to rise in support of this resolution. Ruth, I love you. Thank you, Mr. Speaker.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in support of ACR 55. I've known Ruth for quite a few years and I've always depended on her for words of encouragement as well as words of advice. For those of you who may not have been active in politics—at least in Democratic politics—Ruth always had a smile on her face and was ready to give you a pat on your back. She always knew what was going on, probably far more than many of us did.

I think the key to Ruth's success, not only as a fellow public school teacher but as a human being, is the fact that she truly epitomizes community and public service, and in that manner, I consider her one of my heroines. Thank you, Mr. Speaker.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I, too, rise in support of ACR 55. Having had an opportunity to look over the information on Ruth Stringer's life, it is amazing to me how involved she was, not only as an educator but also as a community activist.

It has been said that children learn more from what teachers do and say inside the four walls of the classroom, but some things they may learn from outside the classroom. Ruth is a living example of what can happen when you become involved in the community. The education field owes its thanks to Mrs. Stringer. The contributions of Ruth Stringer, and especially her involvement as a charter member in Teachers in Politics, has resulted in increased teacher involvement in our political system, and that will go a long way toward helping the children of our state. I urge my colleagues to adopt this resolution.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. I'm very honored also to rise in support of ACR 55. For a number of years, I have observed Ruth working on her many endeavors, not only as a teacher but as a wonderful person involved in her community. Since I go to a lot of meetings, we sometimes end up at the same ones. We're always encouraging our citizens to get more involved and to

do all that they can for their communities. Ruth epitomizes that spirit and she certainly deserves recognition for it. I'm very proud to be supporting ACR 55 this morning.

ASSEMBLYWOMAN CHOWNING:

I stand in support of Assembly Concurrent Resolution 55 honoring a wonderful, wonderful lady. This resolution says that she was an educator and she did volunteer work, et cetera, et cetera. Well, that's just not true, because she's still an educator and she still volunteers her time. It's a privilege to know this marvelous, marvelous person, and I just hope I can be half of the role model that she is.

Thank you for all of your contributions to Nevadans, Ruth.

ASSEMBLYWOMAN SEGERBLOM:

Thank you, Mr. Speaker. I must rise in support of ACR 55. I wish all of us teachers had been as good as Ruth was. I didn't know her when she was a teacher, but she is politically active, and we all depend on her. Thank you, Ruth, for helping us.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. I, too, rise in support of ACR 55. In 1977, I started teaching at the Clark County School District. I believe Ruth retired just before I started—I don't know if she had heard I was coming and didn't want to be around any longer.

One of the things that I appreciate is all of the work Ruth did as an educator before I arrived that made things at the Clark County School District run much smoother. I particularly appreciate her continued involvement in community activities and especially political activities.

ASSEMBLYWOMAN OHRENSCHALL:

Sitting with me today is the recipient of ACR 55, Ruth Albright Stringer; her grandson, Kevin Manley; my son, James Ohrenschall; and my daughter, Katie; all of whom have had the benefit of Ruth's teaching and patience and who continue to have it on a daily basis, as do many other people in the state. Please join me in making Ruth feel welcome as I present her with the resolution.

Resolution adopted.

Sec. 5. *"Security wall" has the meaning ascribed to it in NRS 271.203.*

Sec. 6. *1. A person who proposes to divide land for transfer or development into four or more lots pursuant to NRS 278.360 to 278.460, inclusive, or chapter 278A of NRS, may, in lieu of providing for the creation of an association for a common-interest community, request the governing body of the jurisdiction in which the land is located to assume the maintenance of one or more of the following improvements located on the land:*

(a) Landscaping;

(b) Public lighting; and

(c) Security walls.

2. A request made pursuant to subsection 1 must be made in the form of a petition signed by a majority of the owners whose property will be assessed pursuant to subsection 4 and must set forth descriptions of all tracts of land that would be subject to such an assessment.

3. Upon receipt of the petition, the governing body shall determine the desirability of assuming the maintenance of the proposed improvements. If the governing body determines that it would be desirable to assume the maintenance of the improvements, the governing body shall by ordinance:

(a) Create a maintenance district or unit of assessment consisting of the tracts of land set forth in the petition.

(b) Establish the method for determining the amount of an assessment for the cost of the maintenance assumed by the governing body and the time and manner of payment of the assessment.

(c) Provide that the assessment constitutes a lien upon the tracts of land or residential units thereon. The lien must be executed, and has the same priority, as a lien for property taxes.

(d) Prescribe the levels of maintenance to be provided.

(e) Determine the amount by which the public interest will benefit from the provision of the maintenance and allocate to the cost of providing the maintenance the appropriate amount of public money to pay for that part of the maintenance which creates the public benefit.

(f) Address any other matters that the governing body determines to be relevant to the maintenance of the improvements.

4. The provisions of this section apply retroactively to a development with respect to which:

(a) An agreement or agreements between the owners of tracts of land within the development and the developer allow for the provision of services in the manner set forth in this section; or

(b) All of the owners of affected tracts of land agree in writing to be bound by the provisions of this section.

Sec. 7. *1. If a person who proposes to divide land for transfer or development into four or more lots pursuant to NRS 278.360 to 278.460, inclusive, or chapter 278A of NRS, decides to provide for the maintenance of landscaping, public lighting or security walls, or any combination thereof, through an association for a common-interest community, the governing body of the jurisdiction in which the land is located may, as a condition of the approval of any final map related to the proposal for the transfer or development of the land, require the association to adopt a plan for the maintenance of the improvements located on the land. The plan must include the proposed level of maintenance to be provided.*

2. If the association fails to maintain the improvements in the manner set forth in the plan, the governing body may serve written notice upon the association, setting forth the manner in which the association has failed to maintain the improvements. The notice must:

(a) Include a demand that the deficiencies of maintenance be cured within 30 days after receipt of the notice; and

(b) State the date, time and place of a hearing to be held regarding the deficiencies of maintenance. The hearing must be held within 14 days after the receipt of the notice.

3. At a hearing conducted pursuant to this section, the governing body may:

(a) Modify the terms of the original notice served pursuant to subsection 2; and

(b) Provide an extension of time within which the deficiencies of maintenance may be cured.

4. If the deficiencies in maintenance are not cured within 30 days after the receipt of the notice or any extension of time provided pursuant to subsection 3, the governing body or its authorized agent may:

(a) Enter the land on which the improvements are located and maintain the improvements for a period of not more than 1 year; and

(b) Assess the affected tracts of land to recover the cost of the maintenance.

5. Entry and maintenance authorized pursuant to subsection 4 does not authorize a member of the public to use the improvements unless the land on which the improvements are located has been dedicated to and accepted by the governing body.

6. Before the expiration of the period of maintenance required pursuant to subsection 4, the local government, on its own motion or upon request of the association, shall hold a public hearing at which the owners of the affected tracts of land and the association may show cause why the governing body or its authorized agent need not continue to maintain the improvements that are located on the affected tracts of land.

7. After a hearing conducted pursuant to subsection 6, the governing body shall determine whether the association is ready and able to maintain the improvements that are located on the affected tracts of land in the manner required by the plan. If the governing body determines that the association is ready and able to maintain the improvements, the governing body shall cease its maintenance of the affected tracts of land at the end of the period. If the governing body determines that the association is not ready and able to maintain the improvements, the governing body may continue the maintenance of the improvements located on the affected tracts of land during the next succeeding year, subject to a similar hearing and determination in each year thereafter.

8. Any decision made by the governing body pursuant to this section constitutes a final decision for the purpose of judicial review.

Sec. 8. This act becomes effective upon passage and approval.".

3. An elector is entitled to vote on the proposal according to the land which he owns outright, as follows:

(a) Ten acres or less, one vote;

(b) For each additional 10 acres or a part thereof, up to and including 200 acres, one additional vote; and

(c) For each additional 100 acres or a part thereof above 200 acres, one additional vote.

The district shall issue a separate ballot for each vote which an elector is entitled to cast.

4. If two or more persons hold undivided or community interests in land, each is entitled to cast a percentage of the respective votes otherwise allowed pursuant to subsection 3 that is equal to his percentage interest in that land, except that, if pursuant to this subsection those persons are entitled to a fractional interest in a vote, that vote may only be cast by one of those persons upon presenting the written consent of his fellow holders.

5. A guardian, executor, administrator or trustee shall be deemed the holder of title or evidence of title to the land in the state for which he is the

guardian, executor, administrator or trustee, and has the right to vote pursuant to this section. If there is more than one guardian, executor, administrator or trustee, they must designate one of their number to vote pursuant to this section.

6. Corporations , [or] partnerships *or limited-liability companies* holding land in the district shall be deemed persons entitled to exercise all the rights of natural persons, and the president of such a corporation, the general partner of such a partnership, *the manager of such a limited-liability company,* or any other person authorized in writing by the president [or vice president] of the corporation , [or] the general partner of the partnership [,] *or the members of the limited-liability company,* may cast the vote of the corporation , [or] partnership *or limited-liability company* pursuant to this section. (a) Has more than one manager, the managers must designate one of their number to cast the vote of the limited-liability company pursuant to this section.

(b) Does not have a manager, the members must designate one of their number to cast the vote of the limited-liability company pursuant to this section.

7. Designations or written consents for the purposes of voting as authorized pursuant to this section must be filed with the district not later than 14 days before the election.

8. At the end of the time appointed for voting, the secretary of the district shall determine the total number of votes cast approving the proposal and shall declare it passed if the proposal is approved by a majority of the votes cast.

9. If the proposal is not so approved, it is rejected and the result must be entered of record.

10. No informalities in conducting the election invalidate the result if the election is fairly conducted and the result can be clearly ascertained.

11. For the purposes of this section, eligibility to vote and the number of acres listed to each elector must be determined from the current book of assessments. The board may by regulation permit holders of real property in the district to establish eligibility to vote by providing proof of acquisition of an interest in real property in the district since the last assessment roll was closed.".

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 950.

Amend sec. 8, page 5, line 42, by deleting "*immediately*" and inserting: "*, before testing the person, make a reasonable attempt to*".

Amend the bill as a whole by renumbering sections 9 and 10 as sections 10 and 11 and adding a new section designated sec. 9, following sec. 8, to read as follows:

"Sec. 9. NRS 62.170 is hereby amended to read as follows:

62.170 1. Except as otherwise provided in NRS 62.175, any peace officer or probation officer may take into custody any child who is found violating any law or ordinance or whose conduct indicates that he is a child in need of supervision. [When] *Except as otherwise provided in NRS 484.383, when* a child is taken into custody, the officer shall immediately notify the parent, guardian or custodian of the child, if known, and the probation officer. Unless it is impracticable or inadvisable or has been otherwise ordered by the court, or is otherwise provided in this section, the child must be released to the custody of his parent or other responsible adult who has signed a written agreement to bring the child to the court at a stated time or at such time as the court may direct. The written agreement must be submitted to the court as soon as possible. If this person fails to produce the child as agreed or upon notice from the court, a writ may be issued for the attachment of the person or of the child requiring that the person or child, or both of them, be brought into the court at a time stated in the writ.

2. If the child is not released, as provided in subsection 1, the child must be taken without unnecessary delay to the court or to the place of detention designated by the court, and, as soon as possible thereafter, the fact of detention must be reported to the court. Pending further disposition of the case the child may be released to the custody of the parent or other person appointed by the court, or may be detained in such place as is designated by the court, subject to further order. The court may authorize supervised detention at the [child's] home *of the child* in lieu of detention at a facility for the detention of juveniles.

3. A child alleged to be delinquent or in need of supervision must not, before disposition of the case, be detained in a facility for the secure detention of juveniles unless there is probable cause to believe that:

(a) If the child is not detained, he is likely to commit an offense dangerous to himself or to the community, or likely to commit damage to property;

(b) The child will run away or be taken away so as to be unavailable for proceedings of the court or to its officers;

(c) The child was brought to the probation officer pursuant to a court order or warrant; or

(d) The child is a fugitive from another jurisdiction.

4. A child not alleged to be delinquent or in need of supervision must not at any time be confined or detained in a facility for the secure detention of juveniles or any police station, lockup, jail, prison or other facility in which adults are detained or confined.

5. A child under 18 years of age must not at any time be confined or detained in any police station, lockup, jail, prison or other facility where the child has regular contact with any adult convicted of a crime or under arrest and charged with a crime, unless:

(a) The child is alleged to be delinquent;

(b) An alternative facility is not available; and

(c) The child is separated by sight and sound from any adults who are confined or detained therein.

6. A child alleged to be delinquent who is taken into custody and detained must be given a detention hearing, conducted by the judge or master:

(a) Within 24 hours after the child submits a written application;

(b) In a county whose population is less than 100,000, within 24 hours after the commencement of detention at a police station, lockup, jail, prison or other facility in which adults are detained or confined;

(c) In a county whose population is 100,000 or more, within 6 hours after the commencement of detention at a police station, lockup, jail, prison or other facility in which adults are detained or confined; or

(d) Within 72 hours after the commencement of detention at a facility in which adults are not detained or confined,

whichever occurs first, excluding Saturdays, Sundays and holidays. A child must not be released after a detention hearing without the written consent of the judge or master.

7. If the parent, guardian or custodian of the child appears with or on behalf of the child at a detention hearing, the judge or master shall provide to him a certificate of attendance which he may provide to his employer. The certificate of attendance must set forth the date and time of appearance and the provisions of NRS 62.410. The certificate of attendance must not set forth the name of the child or the offense alleged.

8. A child who is taken into custody and detained must, if alleged to be a child in need of supervision, be released within 24 hours, excluding Saturdays, Sundays and holidays, after his initial contact with a peace officer to his parent, guardian or custodian, to any other person who is able to provide adequate care and supervision, or to shelter care, except as otherwise provided in subsection 9 or unless the court holds a detention hearing and determines the child:

(a) Has threatened to run away from home or from the shelter;

(b) Is accused of violent behavior at home; or

(c) Is accused of violating the terms of his supervision and consent decree.

If the court makes such a determination, the child may be detained for an additional 24 hours after the hearing, excluding Saturdays, Sundays and holidays, if needed by the court to make an alternative placement. Such an alternative placement must be in a facility in which there are no physically restraining devices or barriers. A child must not be detained pursuant to this subsection for a total period in excess of 48 hours, excluding Saturdays, Sundays and holidays.

9. A child alleged to be in need of supervision who is taken into custody and detained need not be released within 24 hours, excluding Saturdays, Sundays and holidays, after his initial contact with a peace officer to his parent, guardian or custodian, to any other person who is able to provide adequate care and supervision, or to a shelter for care, if the court holds a detention hearing and determines the child:

(a) Is a ward of a federal court or held pursuant to federal statute;

(b) Has run away from another state and a jurisdiction within the state has issued a want, warrant or request for the child; or

(c) Is accused of violating a valid court order.

If the court makes such a determination, the child may be detained for such an additional period as necessary for the court to return the child to the jurisdiction from which he originated or to make an alternative placement. Such an alternative placement must be in a facility in which there are no physically restraining devices or barriers.

10. During the pendency of a criminal or quasi-criminal charge of a crime excluded from the original jurisdiction of the court pursuant to NRS 62.040, a child may petition the juvenile division for temporary placement in a facility for the detention of juveniles.

11. In determining whether to release a child pursuant to this section to a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child who is suitable and able to provide proper care and guidance for the child.".

Amend the title of the bill, third line, after "to" by inserting: "make a reasonable attempt to".

"Sec. 27. Section 2 of Assembly Bill No. 39 of this session is hereby amended to read as follows:

Sec. 2. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212 and section 1 of this act, if the court finds that a child is within the purview of this chapter it shall so decree and may:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the

court may determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 17 years of age, order the parent, guardian or custodian of the child, and any brothers, sisters or other persons living in the same household as the child over whom the court has jurisdiction to attend or participate in counseling, alone or together with the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse or techniques of dispute resolution. *The court may use the money in the account established pursuant to subsection 2 to pay for any counseling ordered by the court pursuant to this paragraph if a parent, guardian or custodian of a child demonstrates to the satisfaction of the court that he needs financial assistance to pay for the care and treatment.*

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's

license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit

from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

2. *If the court finds that a child is a habitual truant and imposes a fine pursuant to paragraph (l), the money collected from the fine must be paid by the clerk of the court to the county treasurer on or before the fifth day of each month for the preceding month. The county treasurer shall, on or before the 15th day of that month, deposit the money in the county general fund for credit to a separate account to support programs to reduce the rate of truancy in the public schools of the county and for use by the court pursuant to paragraph (e) of subsection 1.*

3. If the court places a child in need of supervision under formal supervision and the child violates a condition of that formal supervision, the court may detain the child for not more than 30 days.

4. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

[3.] *5.* In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

[4.] *6.* At any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

[5.] *7.* Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the

administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

[6.] *8.* In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.

Sec. 27.3. Section 1 of Senate Bill No. 207 of this session is hereby amended to read as follows:

Section 1. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212 and section 1 of Assembly Bill No. 39 of this session, if the court finds that a child is within the purview of this chapter it shall so decree and may:

The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 18 years of age, order:

(1) The parent, guardian or custodian of the child; and

(2) Any brother, sister or other person who is living in the same household as the child over whom the court has jurisdiction,

to attend or participate in counseling, with or without the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse, or techniques of dispute resolution. *The court may use the money in the account established pursuant to subsection 2 to pay for any counseling ordered by the court pursuant to this paragraph if a parent, guardian or custodian of a child*

demonstrates to the satisfaction of the court that he needs financial assistance to pay for the care and treatment.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

(m) If the child has not previously been found to be within the purview of this chapter and if the act for which the child is found to be within the purview of this chapter did not involve the use or threatened use of force or violence, order the child to participate in a publicly or privately operated program of sports or physical fitness. If the court orders the child to participate in such a program, the court may order any or all of the following, in the following order of priority if practicable:

(1) The parent or guardian of the child, to the extent of his financial ability, to pay the costs associated with the participation of the child in the program, including, but not limited to, a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property during those periods in which the child participates in the program;

(2) The child to work on projects or perform public service pursuant to paragraph (i) for a period that reflects the costs associated with the participation of the child in the program; or

(3) The county in which the petition alleging the child to be delinquent or in need of supervision is filed to pay the costs associated with the participation of the child in the program.

2. *If the court finds that a child is a habitual truant and imposes a fine pursuant to paragraph (l), the money collected from the fine must be paid by the clerk of the court to the county treasurer on or before the fifth day of each month for the preceding month. The county treasurer*

shall, on or before the 15th day of that month, deposit the money in the county general fund for credit to a separate account to support programs to reduce the rate of truancy in the public schools of the county and for use by the court pursuant to paragraph (e) of subsection 1.

3. If the court places a child in need of supervision under formal supervision and the child violates a condition of that formal supervision, the court may detain the child for not more than 30 days.

4. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

[3.] *5.* In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

[4.] *6.* Except as otherwise provided in section 7 of Senate Bill No. 102 of this session, at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

[5.] *7.* Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

[6.] *8.* In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the

third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.".

2. Upon receiving the order, the secretary of state shall revoke the charter of the corporation or limited-liability company or the certificate of the limited partnership or limited-liability partnership.

3. The secretary of state shall not accept for filing a document with the same name as a corporation, limited-liability company, limited partnership or limited-liability partnership whose charter or certificate has been revoked.".

Amend the bill as a whole by adding new sections designated sections 22.2 and 22.4, following sec. 22, to read as follows:

"Sec. 22.2. Chapter 687B of NRS is hereby amended by adding thereto a new section to read as follows:

1. An insurer offering an umbrella policy to an individual shall obtain a signed disclosure statement from the individual indicating whether the umbrella policy includes uninsured or underinsured vehicle coverage.

2. The disclosure statement must be on a form provided by the commissioner or in substantially the following form:

UMBRELLA POLICY DISCLOSURE STATEMENT

UNINSURED/UNDERINSURED VEHICLE COVERAGE

Your Umbrella Policy does provide coverage in excess of the limits of the uninsured/underinsured vehicle coverage in your primary auto insurance only if the requirements for the uninsured/underinsured vehicle coverage in your primary auto insurance are met and maintained. The minimumuninsured/underinsured vehicle coverage in your primary auto insurance policy is $..... The limits of the uninsured/underinsured vehicle coverage in your umbrella policy are $.....

I understand and acknowledge the above disclosure.

---------- ----------

Insured *Date*

*Your Umbrella Liability Policy **does not provide** any uninsured/underinsured vehicle coverage, either in primary coverage or in excess of primary coverage.*

I understand and acknowledge the above disclosure.

---------- ----------

Insured *Date*

3. As used in this section, "umbrella policy" means a policy that protects a person against losses in excess of the amount covered by other policies.

Sec. 22.4. NRS 687B.145 is hereby amended to read as follows:

687B.145 1. Any policy of insurance or endorsement providing coverage under the provisions of NRS 690B.020 or other policy of casualty insurance may provide that if the insured has coverage available to him under more than one policy or provision of coverage, any recovery or benefits may equal but not exceed the higher of the applicable limits of the respective coverages, and the recovery or benefits must be prorated between the applicable coverages in the proportion that their respective limits bear to the aggregate of their limits. Any provision which limits benefits pursuant to this section must be in clear language and be prominently displayed in the policy, binder or endorsement. Any limiting provision is void if the named insured has purchased separate coverage on the same risk and has paid a premium calculated for full reimbursement under that coverage.

2. [Insurance] *Except as otherwise provided in subsection 5, insurance* companies transacting motor vehicle insurance in this state must offer, on a form approved by the commissioner, uninsured and underinsured vehicle coverage in an amount equal to the limits of coverage for bodily injury sold to an insured under a policy of insurance covering the use of a passenger car. The insurer is not required to reoffer the coverage to the insured in any replacement, reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage. Uninsured and underinsured vehicle coverage must include a provision which enables

the insured to recover up to the limits of his own coverage any amount of damages for bodily injury from his insurer which he is legally entitled to recover from the owner or operator of the other vehicle to the extent that those damages exceed the limits of the coverage for bodily injury carried by that owner or operator.

3. An insurance company transacting motor vehicle insurance in this state must offer an insured under a policy covering the use of a passenger car, the option of purchasing coverage in an amount of at least $1,000 for the payment of reasonable and necessary medical expenses resulting from an accident. The offer must be made on a form approved by the commissioner. The insurer is not required to reoffer the coverage to the insured in any replacement, reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage.

4. An insurer who makes a payment to an injured person on account of underinsured vehicle coverage as described in subsection 2 is not entitled to subrogation against the underinsured motorist who is liable for damages to the injured payee. This subsection does not affect the right or remedy of an insurer under subsection 5 of NRS 690B.020 with respect to uninsured vehicle coverage. As used in this subsection, "damages" means the amount for which the underinsured motorist is alleged to be liable to the claimant in excess of the limits of bodily injury coverage set by the underinsured motorist's policy of casualty insurance.

5. *An insurer need not offer, provide or make available uninsured or underinsured vehicle coverage in connection with a general commercial liability policy, an excess policy, an umbrella policy or other policy that does not provide primary motor vehicle insurance for liabilities arising out of the ownership, maintenance, operation or use of a specifically insured motor vehicle.*

6. As used in this section ["passenger] *:*

(a) "Excess policy" means a policy that protects a person against loss in excess of a stated amount or in excess of coverage provided pursuant to another insurance contract.

(b) "Passenger car" has the meaning ascribed to it in NRS 482.087.

(c) "Umbrella policy" means a policy that protects a person against losses in excess of the amount covered by other policies.".

Amend the bill as a whole by deleting sec. 36 and adding a new section designated sec. 36, following sec. 35, to read as follows:

"Sec. 36. Section 21 of Assembly Bill No. 156 of this session is hereby amended to read as follows:

Sec. 21. 1. In addition to any other report which is required to be filed with the commissioner or the state board of health, each managed care organization shall file with the commissioner and the state board of

health, on or before March 1 of each year, a report regarding its methods for reviewing the quality of health care services provided to its insureds.

2. Each managed care organization shall include in its report the criteria, data, benchmarks or studies used to:

(a) Assess the nature, scope, quality and staffing *accessibility* of health care services provided to insureds; or

(b) Determine any reduction or modification of the provision of health care services to insureds.

3. Except as already required to be filed with the commissioner or the state board of health, if the managed care organization is not owned and operated by a public entity and has more than 100 insureds, the report filed pursuant to subsection 1 must include:

(a) A copy of all of its quarterly and annual financial reports;

(b) A statement of any financial interest it has in any other business which is related to health care that is greater than 5 percent of that business or $5,000, whichever is less; and

(c) A description of each complaint filed with or against it that resulted in arbitration, a lawsuit or other legal proceeding, unless disclosure is prohibited by law or a court order.

4. A report filed pursuant to this section must be made available for public inspection within a reasonable time after it is received by the commissioner.".

Amend the bill as a whole by adding a new section designated sec. 39, following sec. 38, to read as follows:

"Sec. 39. Section 36 of this act becomes effective at 12:01 a.m. on October 1, 1997.".

Amend the title of the bill, second line, after the semicolon by inserting: "prohibiting an insurer from transacting insurance in this state as a corporation, limited-liability company, limited partnership or limited-liability partnership; providing that an insurer need not offer, provide or make available uninsured or underinsured vehicle coverage in certain circumstances;".

The tenant of a mobile home lot who is living alone may allow one other person to live in his home without paying an additional charge or fee, unless such a living arrangement constitutes a violation of chapter 315 of NRS. No agreement between a tenant and his guest alters or varies the terms of the rental contract between the tenant and the landlord and the guest is subject to the rules and regulations of the landlord.

10. Prohibit a tenant from erecting a fence along the perimeter of the tenant's lot if the fence complies with any standards for fences established by the landlord, including limitations established for the height of fences, the materials used for fences and the manner in which fences are to be constructed.

11. Prohibit any tenant from soliciting membership in any association which is formed by the tenants who live in the park. As used in this

The division shall, by regulation, add to the list of highly hazardous substances any chemical that is identified as being used, manufactured, stored, or capable of being produced, at a facility, in sufficient quantities at a single site, that its release into the environment would produce a significant likelihood that persons exposed would suffer death or substantial bodily harm as a consequence of the exposure.

Sec. 8. NRS 459.3846 is hereby amended to read as follows:

459.3846 1. The person who conducted the assessment shall prepare and provide to the division and the facility a written report of assessment of the risk through analysis of the hazard, which must use as its standard the best available technology for control and must include findings, conclusions and recommendations.

2. The report must be written in a format that will permit its publication. To the extent that any portion of the report requires discussion of trade secrets, that information must be contained in a severable addendum to the report. In writing the report, the person who conducted the assessment shall, while protecting trade secrets, include in the publishable portion of the report sufficient information, in clear and comprehensible nontechnical language, to enable a member of the public to understand the significance of the report's findings, conclusions and recommendations.

3. *A plan or report required pursuant to 42 U.S.C. § 7412(r), or any regulations adopted pursuant thereto, that is substantially equivalent to the report required pursuant to subsections 1 and 2 shall be deemed to satisfy the requirements of subsections 1 and 2.*

4. A trade secret is entitled to protection under this section only if:

(a) The registrant of the facility has not disclosed the information to any other person, other than a member of a local emergency planning committee, an officer or employee of the United States or a state or local government, an employee of such a person, or a person who is bound by an agreement of confidentiality, and the registrant has taken reasonable measures to protect the confidentiality of the information and intends to continue to take such measures;

(b) The information is not required to be disclosed, or otherwise made available, to the public under any other federal or state law;

(c) Disclosure of the information is likely to cause substantial harm to the competitive position of the registrant; and

(d) The chemical identity of a substance, if that is the trade secret, is not readily discoverable through analysis of the product containing it or scientific knowledge of how such a product must be made.

Sec. 9. NRS 459.705 is hereby amended to read as follows:

459.705 1. Every person who transports in a motor vehicle upon the highways of this state hazardous materials which are required to be placarded in accordance with federal law shall, pursuant to regulations of the department:

(a) Obtain from the division a permit to transport the hazardous materials.

(b) Submit each motor vehicle used to transport the hazardous materials for an inspection pursuant to the regulations of the department as to the safety of the vehicle to transport hazardous materials.

2. [The] *Except as otherwise provided in subsection 3, the* department shall adopt regulations concerning such permits. The regulations may require that the permit or a legible copy of the permit be carried in the driver's compartment of the motor vehicle at all times while the vehicle is used to transport hazardous materials.

3. *The department shall not adopt any regulation requiring such a permit or requiring recordkeeping for the purposes of such a permit for a motor vehicle unless the motor vehicle is actually used to transport hazardous material:*

(b) Of a type and amount for which a uniform hazardous waste manifest is required pursuant to 40 C.F.R. Part 262;

(c) Which is transported in bulk packaging, as defined in 49 C.F.R. § 171.8; or

(d) Identified as a hazardous material pursuant to NRS 459.710.

4. In addition to complying with the provisions of this section and any regulations adopted pursuant thereto, the division shall comply with the provisions of NRS 459.707 and 459.708 if an application is submitted for a permit to transport radioactive waste.

Sec. 10. 1. This section and sections 1, 2 and 7 of this act become effective upon passage and approval.

2. Sections 3 to 6, inclusive, 8 and 9 of this act become effective on October 1, 1997.".

Amend the bill as a whole by adding new sections designated sections 22.2 and 22.4, following sec. 22, to read as follows:

"Sec. 22.2. Chapter 687B of NRS is hereby amended by adding thereto a new section to read as follows:

1. An insurer offering an umbrella policy to an individual shall obtain a signed disclosure statement from the individual indicating whether the umbrella policy includes uninsured or underinsured vehicle coverage.

2. The disclosure statement must be on a form provided by the commissioner or in substantially the following form:

UMBRELLA POLICY DISCLOSURE STATEMENT
UNINSURED/UNDERINSURED VEHICLE COVERAGE

*Your Umbrella Policy **does provide** coverage in excess of the limits of the uninsured/underinsured vehicle coverage in your **primary** auto insurance only if the underlying requirements for the uninsured/underinsured vehicle coverage in your auto insurance are maintained. The minimum uninsured/underinsured vehicle coverage in your umbrella insurance policy is $..... The limits of the uninsured/underinsured vehicle coverage in your primary auto insurance policy are $.....*

I understand and acknowledge the above disclosure.

....

Insured *Date*

*Your Umbrella Liability Policy **does not provide** any uninsured/underinsured vehicle coverage.*

I understand and acknowledge the above disclosure.

....

Insured *Date*

3. As used in this section, "umbrella policy" means a policy that protects a person against losses in excess of the underlying amount required to be covered by other policies.

Sec. 22.4. NRS 687B.145 is hereby amended to read as follows:

687B.145 1. Any policy of insurance or endorsement providing coverage under the provisions of NRS 690B.020 or other policy of casualty insurance may provide that if the insured has coverage available to him under more than one policy or provision of coverage, any recovery or benefits may equal but not exceed the higher of the applicable limits of the respective coverages, and the recovery or benefits must be prorated between the applicable coverages in the proportion that their respective limits bear to the aggregate of their limits. Any provision which limits benefits pursuant to this section must be in clear language and be prominently displayed in the policy, binder or endorsement. Any limiting provision is void if the named insured has purchased separate coverage on the same risk and has paid a premium calculated for full reimbursement under that coverage.

2. [Insurance] *Except as otherwise provided in subsection 5, insurance* companies transacting motor vehicle insurance in this state must offer, on a form approved by the commissioner, uninsured and underinsured vehicle coverage in an amount equal to the limits of coverage for bodily injury sold to an insured under a policy of insurance covering the use of a passenger car. The insurer is not required to reoffer the coverage to the insured in any replacement, reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage. Uninsured and underinsured vehicle coverage must include a provision which enables the insured to recover up to the limits of his own coverage any amount of damages for bodily injury from his insurer which he is legally entitled to recover from the owner or operator of the other vehicle to the extent that those damages exceed the limits of the coverage for bodily injury carried by that owner or operator.

3. An insurance company transacting motor vehicle insurance in this state must offer an insured under a policy covering the use of a passenger car, the option of purchasing coverage in an amount of at least $1,000 for the payment of reasonable and necessary medical expenses resulting from an accident. The offer must be made on a form approved by the commissioner. The insurer is not required to reoffer the coverage to the insured in any replacement, reinstatement, substitute or amended policy, but the insured may purchase the coverage by requesting it in writing from the insurer. Each renewal must include a copy of the form offering such coverage.

4. An insurer who makes a payment to an injured person on account of underinsured vehicle coverage as described in subsection 2 is not entitled to subrogation against the underinsured motorist who is liable for damages to the injured payee. This subsection does not affect the right or remedy of an insurer under subsection 5 of NRS 690B.020 with respect to uninsured vehicle coverage. As used in this subsection, "damages" means the amount for which the underinsured motorist is alleged to be liable to the claimant in excess of the limits of bodily injury coverage set by the underinsured motorist's policy of casualty insurance.

5. *An insurer need not offer, provide or make available uninsured or underinsured vehicle coverage in connection with a general commercial liability policy, an excess policy, an umbrella policy or other policy that does not provide primary motor vehicle insurance for liabilities arising out of the ownership, maintenance, operation or use of a specifically insured motor vehicle.*

6. As used in this section ["passenger] *:*

(a) "Excess policy" means a policy that protects a person against loss in excess of a stated amount or in excess of coverage provided pursuant to another insurance contract.

(b) "Passenger car" has the meaning ascribed to it in NRS 482.087.

(c) "Umbrella policy" means a policy that protects a person against losses in excess of the underlying amount required to be covered by other policies.".

Amend the bill as a whole by deleting sec. 36 and adding a new section designated sec. 36, following sec. 35, to read as follows:

"Sec. 36. Section 21 of Assembly Bill No. 156 of this session is hereby amended to read as follows:

Sec. 21. 1. In addition to any other report which is required to be filed with the commissioner or the state board of health, each managed care organization shall file with the commissioner and the state board of health, on or before March 1 of each year, a report regarding its methods for reviewing the quality of health care services provided to its insureds.

2. Each managed care organization shall include in its report the criteria, data, benchmarks or studies used to:

(a) Assess the nature, scope, quality and [staffing] *accessibility* of health care services provided to insureds; or

(b) Determine any reduction or modification of the provision of health care services to insureds.

3. Except as already required to be filed with the commissioner or the state board of health, if the managed care organization is not owned and operated by a public entity and has more than 100 insureds, the report filed pursuant to subsection 1 must include:

(a) A copy of all of its quarterly and annual financial reports;

(b) A statement of any financial interest it has in any other business which is related to health care that is greater than 5 percent of that business or $5,000, whichever is less; and

(c) A description of each complaint filed with or against it that resulted in arbitration, a lawsuit or other legal proceeding, unless disclosure is prohibited by law or a court order.

4. A report filed pursuant to this section must be made available for public inspection within a reasonable time after it is received by the commissioner.".

Amend the bill as a whole by adding a new section designated sec. 39, following sec. 38, to read as follows:

"Sec. 39. Sections 29 and 36 of this act become effective at 12:01 a.m. on October 1, 1997.".

Sec. 22. NRS 703.310 is hereby amended to read as follows:

703.310 1. When a complaint is made against any public utility [, fully regulated carrier or broker of regulated services] *or alternative seller* by any person, that any of the rates, tolls, charges or schedules [,] *for regulated services,* or any joint rate or rates are in any respect unreasonable or unjustly discriminatory, [or that any regulation, measurement, practice or act directly relating to the transportation of persons or property, including the handling and storage of that property, or the service of any broker in connection therewith,] or any regulation, measurement, practice or act affecting or relating to the production, transmission or delivery or furnishing of heat, light, gas, coal slurry, water or power, or any service in connection therewith or the transmission thereof is, in any respect, unreasonable, insufficient or unjustly discriminatory, or that any service is inadequate, the division of consumer [relations] *complaint resolution* shall investigate the complaint. After receiving the complaint, the division shall give a copy of it to the public utility [, carrier or broker] *or alternative seller* against whom the complaint is made. Within a reasonable time thereafter, the public utility [, carrier or broker] *or alternative seller* shall provide the [division] *commission* with its written response to the complaint according to the regulations of the commission.

2. If the division of consumer [relations] *complaint resolution* is unable to resolve the complaint, the division shall transmit the complaint, the results of its investigation and its recommendation to the commission. If the commission determines that probable cause exists for the complaint, it shall order a hearing thereof, give notice of the hearing and conduct the hearing as it would any other hearing.

3. No order affecting a rate, toll, charge, schedule, regulation, measurement, practice or act complained of may be entered without a formal hearing unless the hearing is dispensed with as provided in NRS 703.320.

Sec. 23. NRS 703.374 is hereby amended to read as follows:

703.374 1. A court of competent jurisdiction, after hearing, may issue an injunction suspending or staying any final order of the commission if:

(a) The applicant has filed a motion for a preliminary injunction;

(b) The applicant has served the motion on the commission and other interested parties within 20 days after the rendition of the order on which the complaint is based;

(c) The court finds there is a reasonable likelihood that the applicant will prevail on the merits of the matter and will suffer irreparable injury if injunctive relief is not granted; and

(d) The applicant files a bond or other undertaking to secure the adverse parties in such manner as the court finds sufficient.

2. The decision of the commission on each matter considered shall be deemed reasonable and just until set aside by the court, and in all actions for injunction or otherwise the burden of proof is upon the party attacking or resisting the order of the commission to show by clear and satisfactory evidence that the order is unlawful, or unreasonable, as the case may be.

3. If an injunction is granted by the court and the order complained of is one which permanently suspends a schedule of rates and charges or a part thereof filed by any public utility pursuant to NRS 704.070 to 704.110, inclusive, [or by any fully regulated carrier pursuant to NRS 706.321 to 706.346, inclusive,] or which otherwise prevents the schedule or any part thereof from taking effect, the public utility [or carrier] complaining may keep in effect or put into effect, as the case may be, the suspended schedule or any part thereof pending final determination by the court having jurisdiction, by filing a bond with the court in such an amount as the court may fix, conditioned upon the refund to persons entitled to the excess amount if the rate or rates so suspended are finally determined by the court to be excessive.

Sec. 24. NRS 703.375 is hereby amended to read as follows:

703.375 1. If a court determines that the rate or rates considered by the commission are excessive, and that the public utility or [fully regulated carrier] *alternative seller* has collected those excessive rates, the public utility or [carrier] *alternative seller* shall compute and refund the excess or overpayment of the rate or rates pursuant to a plan approved by the commission [:

(a) For public utilities,] within 60 days after the entry of the final judgment of the court.

[(b) For carriers, within 120 days after the entry of the final judgment of the court.]

2. The public utility or [carrier] *alternative seller* shall prepare and file with the commission a statement and report in affidavit form stating that all money has been refunded according to the approved plan, and if there are persons to whom payment has not or cannot be made, the names, addresses and individual amounts of the refund must be listed in the report. The statement and report must be filed with the commission [:

(a) By the public utility] within 90 days after the entry of final judgment.

[(b) By the carrier within 150 days after the entry of final judgment.]
The public utility and the [carrier] *alternative seller* shall pay the aggregate amount of the unpaid refunds to the commission.

3. The commission shall:

(a) Retain the aggregate refunds in the public [service] *utilities* commission regulatory fund subject to the claim of each person entitled thereto for his share in the refund; and

(b) Pay all valid claims which are presented for payment within 2 years after the date of the entry of final judgment of the court.

All claimants must identify themselves to the satisfaction of the commission before payment may be made.

4. Any person has a right of action against the commission in the event of a refusal of the commission to pay his claim if the person's name appears in the report filed by the public utility or [carrier.] *alternative seller.* This action against the commission must be brought within 6 months after the refusal to pay the claim.

5. The commission shall investigate every case in which a claim is presented to it by a person claiming a refund under a plan submitted by a public utility or [carrier] *an alternative seller* which was approved by the commission. If the investigation results in a refusal by the public utility or [carrier] *alternative seller* to pay a valid claim, then the claimant has a right of action against the public utility or [carrier.] *alternative seller.*

6. Any unclaimed money which remains in the custody of the commission at the expiration of the 2-year period escheats to the state.

Sec. 25. NRS 703.377 is hereby amended to read as follows:

703.377 1. No certificate of public convenience and necessity, permit or license issued in accordance with the terms of NRS 704.005 to 704.751, inclusive, [or 706.011 to 706.791, inclusive,] is either a franchise or irrevocable.

2. [The commission may at any time, for good cause shown, after investigation and hearing and upon 5 days' written notice to the grantee, suspend any certificate, permit or license issued in accordance with the provisions of NRS 706.011 to 706.791, inclusive, for a period not to exceed 60 days.

3.] Upon receipt of a written complaint or on its own motion, the commission may, after investigation and hearing, revoke any certificate, permit or license, but as to a public utility only if the commission has arranged for another public utility to provide the service for which the certificate was granted. [If service of the notice required by subsection 2 cannot be made or if the grantee relinquishes his interest in the certificate, permit or license by so notifying the commission in writing, the commission may revoke the certificate, permit or license without a hearing.]

[4.] *3.* The proceedings thereafter are governed by the provisions of NRS 703.373 to 703.376, inclusive.

Sec. 26. NRS 703.380 is hereby amended to read as follows:

703.380 1. Unless another penalty is specifically provided, any public utility or any officer, agent or employee of a public utility who:

(a) Violates any of the provisions of this chapter or chapters 704, 705 [, 708 and 712] *and 708* of NRS;

(b) Violates any rule or regulation of the commission; or

(c) Fails, neglects or refuses to obey any order of the commission or any order of a court requiring compliance with an order of the commission,

is liable for a civil penalty not to exceed $1,000 per day for each day of the violation and not to exceed $100,000 for any related series of violations.

2. The amount of any civil penalty to be imposed pursuant to this section, and the propriety of any compromise of a penalty, must be determined by a court of competent jurisdiction upon the complaint of the commission.

3. Subject to the approval of the court, any civil penalty may be compromised by the commission. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, must be considered.

4. Any penalty assessed pursuant to this section is not a cost of service by the public utility and may not be included in any new application by a public utility for a rate adjustment or rate increase.

Sec. 27. Chapter 704 of NRS is hereby amended by adding thereto the provisions set forth as sections 28 to 63, inclusive, of this act.

Sec. 28. *As used in sections 28 to 53, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 29 to 38, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 29. *"Aggregation service" means the service of buying electricity and reselling or otherwise providing electricity to a customer.*

Sec. 30. *"Alternative seller" means a seller of any component of electric service, other than a noncompetitive service unless the alternative seller has been designated to provide the noncompetitive service pursuant to section 45 of this act. The term includes an affiliate of a vertically integrated electric utility, but does not include a vertically integrated electric utility.*

Sec. 31. *"Customer" means the retail purchaser of electric service.*

Sec. 32. *"Effective competition" means, with respect to a particular service, a market structure and a process under which an individual seller is not able to influence significantly the price of the service as a result of:*

1. The number of sellers of the service;

2. The size of each seller's share of the market;

3. The ability of the sellers to enter or exit the market; and

4. The price and availability of comparable substitutes for the service.

Sec. 33. *"Electric distribution utility" means a utility that is in the business of supplying noncompetitive electric distribution or transmission service, or both, or a noncompetitive service pursuant to section 45 of this act, on or after July 1, 1999, or the date on which alternative sellers are authorized to provide competitive services to customers in this state, as appropriate.*

Sec. 34. *"Electric service" includes generation service, aggregation service and any other component of electric service provided, as of December 31, 1996, by a vertically integrated electric utility.*

Sec. 35. *"Generation service" means the sale of electricity or capacity from equipment that converts other forms of energy into electricity by the owner of that equipment.*

Sec. 36. *"Noncompetitive service" means any electric service determined by statute or by the commission pursuant to section 39 of this act to be unsuitable for purchase by customers from alternative sellers.*

Sec. 37. *"Potentially competitive service" means a component of electric service determined by the commission to be suitable for purchase by customers from alternative sellers.*

Sec. 38. *1. "Vertically integrated electric utility" means any public utility in the business of supplying electricity or its successor in interest that, as of December 31, 1996:*

(a) Held a certificate of public convenience and necessity issued pursuant to NRS 704.005 to 704.731, inclusive; and

(b) Had an annual operating revenue of $250,000,000 or more.

2. The term does not include a cooperative association or nonprofit corporation or association or other provider of electric service, which is declared to be a public utility pursuant to NRS 704.673 and provides service only to its members.

Sec. 39. *1. The date upon which customers may begin obtaining generation, aggregation and any other potentially competitive services from an alternative seller must be no later than July 1, 1999, unless the commission determines that a different date is necessary to protect the public interest. If the commission determines that a different date is necessary, the commission shall provide a report to the director of the legislative counsel bureau for transmittal to the legislative commission on utilities by February 1, 1999, which:*

(a) Explains the reason that the commission has not granted such an authorization; and

(b) States whether the commission will grant such an authorization by July 1, 1999.

2. The commission may:

(a) Establish different dates for the provision of different services by alternative sellers in different geographic areas; and

(b) Authorize, in gradual phases, the right to buy from alternative sellers.

3. The commission shall determine that an electric service is a potentially competitive service if provision of the service by alternative sellers:

(a) Will not harm any class of customers;

(b) Will decrease the cost of providing the service to customers in this state or increase the quality or innovation of the service to customers in this state;

(c) Is a service for which effective competition in the market is likely to develop;

(d) Will advance the competitive position of this state relative to surrounding states; and

(e) Will not otherwise jeopardize the safety and reliability of the electric service in this state.

4. If the commission determines that a market for a potentially competitive service does not have effective competition, the commission shall, by regulation, establish the method for determining prices for the service and the terms and conditions for providing the service. The regulations must ensure that the pricing method, terms and conditions are just and reasonable and not unduly discriminatory. The regulations may include pricing alternatives which authorize the seller to reduce prices below maximum pricing levels specified by the commission or any other form of alternative pricing which the commission determines to be consistent with the provisions of this subsection. In determining whether a market for an electric service has effective competition, the commission shall:

(a) Identify the relevant market;

(b) Identify, where feasible, the alternative sellers that currently participate and are reasonably expected to participate in the relevant market; and

(c) Calculate, where feasible, the market share of each participant in the market and evaluate the significance of each share.

5. The commission shall, upon its own motion or upon a showing of good cause by a party requesting a reconsideration, reconsider any determination made by the commission pursuant to this section that a service is not a competitive service or that the market for the service does not have effective competition. Upon a finding by the commission that:

(a) The service previously determined not to be a competitive service pursuant to subsection 2 has become competitive; or

(b) The market for the service previously determined not to have effective competition pursuant to subsection 3 has become effectively competitive,

the commission shall repeal the regulations which established the pricing methods and the terms and conditions for providing that service. The commission shall conduct any proceedings for the reconsideration of any such determination as expeditiously as practicable considering the current work load of the commission and the need to protect the public interest.

6. A vertically integrated electric utility shall not provide a potentially competitive service except through an affiliate:

(a) On or after July 1, 1999; or

(b) The date on which the commission determines that the service is potentially competitive,

whichever is later.

Sec. 40. *1. It is unlawful for an alternative seller to sell any electric service to a customer for consumption within this state without having first obtained a license from the commission to do so.*

2. Not later than January 1, 1999, or any different date as determined by the commission pursuant to section 39 of this act, as appropriate, the commission shall by regulation set forth the procedures and conditions that alternative sellers must satisfy to obtain a license to sell any electric services to a customer in this state, including, but not limited to, procedures and conditions relating to:

(a) Safety and reliability of service;

(b) Financial and operational fitness; and

(c) Billing practices and customer service, including the initiation and termination of service.

3. If, after reviewing the application of an alternative seller for a license, the commission finds that the applicant is qualified to be an alternative seller, the commission shall issue a license to the applicant.

4. The commission may limit, suspend or revoke a license issued to an alternative seller if the action is necessary to protect the interests of the public or to enforce the provisions of sections 28 to 53, inclusive, of this act or a regulation of the commission.

5. In determining whether an applicant is qualified for a license or whether to limit, suspend or revoke a license issued to an alternative seller, the commission may consider whether the applicant for or holder of the license, or any affiliate thereof, has engaged in any activities which are inconsistent with effective competition.

6. A city, county or other local governmental entity or a public utility, or any affiliate thereof, which is authorized to provide electric service within the State of Nevada on or before December 31, 1996, and which has an annual operating revenue of less than $250,000,000, is subject to the provisions of sections 28 to 53, inclusive, of this act and any regulations adopted by the commission that are in effect on the date on which the city,

county or other local governmental entity or public utility, or an affiliate thereof:

(a) Applies to obtain a license as an alternative seller; or

(b) Directly or indirectly attempts to provide, or act on behalf of an alternative seller in the provision of, electric service in the territory served by another city, county or other local governmental entity or public utility, or an affiliate thereof, unless the city, county or other local governmental entity or public utility, or an affiliate thereof is otherwise required or permitted by specific statute to provide such service.

7. Notwithstanding the provisions of subsection 6, a city, county or other local governmental entity or a public utility, or any affiliate thereof, does not become subject to the provisions of sections 28 to 53, inclusive, of this act, or any regulations adopted pursuant thereto, solely because the city, county or other local governmental entity or a public utility, or any affiliate thereof, provides transmission or distribution services to an alternative seller pursuant to a contract, tariff or requirement of any state or federal law, except that the city, county or other local governmental entity or public utility, or an affiliate thereof, shall provide such transmission and distribution services on an open and nondiscriminatory basis to alternative sellers in accordance with such standards as the commission may establish by regulation.

8. Regulations adopted pursuant to subsection 2:

(a) Must not be unduly burdensome;

(b) Must not unnecessarily delay or inhibit the initiation and development of competition for any service in any market; and

(c) May establish different requirements for licensing alternative sellers of:

(1) Different services; or

(2) Similar services to different classes of customers,

whenever such different requirements are appropriate to carry out the provisions of sections 28 to 53, inclusive, of this act.

Sec. 41. *1. The commission shall prohibit a provider of a noncompetitive service from providing a potentially competitive service, except through an affiliate of the provider.*

2. The commission shall require each provider of a noncompetitive service that is necessary to the provision of a potentially competitive service to make its facilities or services available to all alternative sellers on equal and nondiscriminatory terms and conditions.

Sec. 42. *1. The commission shall monitor the markets for electric services affected by sections 28 to 53, inclusive, of this act to identify and prevent activities that are inconsistent with the goals of sections 28 to 53, inclusive, of this act. The commission shall:*

(a) Establish standards of conduct related to activities that are inconsistent with the goals of sections 28 to 53, inclusive, of this act, and establish penalties for such activities and procedures for imposing such penalties; and

(b) Establish conditions and limitations on the ownership, operation and control of the assets of a provider of an electric service to:

(1) Prevent activities that are inconsistent with the goals of sections 28 to 53, inclusive, of this act; and

(2) Ensure the development of effective competition for electric services.

Such conditions and limitations may include, but are not limited to, limitations on the ownership, operation and control of transmission facilities and any generation necessary to the reliable and economic operation of such transmission facilities. In establishing such conditions and limitations, the commission shall take into consideration any financial obligations that a provider of an electric service incurred, as of the date on which customers may begin obtaining potentially competitive services from alternative sellers, to carry out a statutory obligation of a utility.

2. Upon a showing of good cause by a party requesting an investigation or upon motion of the commission, the commission shall conduct an investigation of the operation of the relevant markets for any electric service in this state to determine whether those markets are functioning in a manner consistent with the provisions of sections 28 to 53, inclusive, of this act. The investigation must include, without limitation, the effect on the market of:

(a) Transmission congestion or constraints; and

(b) Anticompetitive or discriminatory conduct.

3. The commission may require an alternative seller or a vertically integrated electric utility to provide information directly related to the provision of electric services by the alternative seller or vertically integrated electric utility in this state, including, but not limited to, documents and testimony, in accordance with the regulations of the commission relating to the discovery of information for a provider of electric service.

4. If evidence is presented to the commission that anticompetitive or discriminatory conduct, including, but not limited to, the unlawful exercise of market power, is denying customers the benefits of effective competition in a market for electric services, the commission shall:

(a) Consult with, and transmit such evidence to, the attorney general; and

(b) If appropriate, inform, and transmit such evidence to, the United States Department of Justice and any appropriate federal agency.

5. Sections 28 to 53, inclusive, of this act must not be construed as exempting alternative sellers and affiliates from any other applicable statute of this state or the United States, relating to consumer and antitrust protections. The exemption provided in paragraph (c) of subsection 3 of NRS

598A.040 does not apply to conduct of or actions taken by an alternative seller pursuant to sections 28 to 53, inclusive, of this act.

6. Nothing in sections 28 to 53, inclusive, of this act requires any person who is or has been aggrieved by the conduct of an alternative seller to seek relief first before the commission.

Sec. 43. *1. An affiliate of a provider of a noncompetitive service may provide a potentially competitive service only upon a finding by the commission after a hearing that:*

(a) The provider of the noncompetitive service is in compliance with subsection 2 of section 41 of this act;

(b) The affiliate will have, with respect to the provision of the electric service, an arm's length relationship with the entity that provides the noncompetitive service;

(c) The business or organizational relationship, or both, between the provider of the noncompetitive service and the affiliate providing the potentially competitive service does not interfere with the development of effective competition; and

(d) The risk of anticompetitive behavior by the provider of the noncompetitive service or the affiliate providing the potentially competitive service, or both, is minimal and the regulatory expenses to prevent the anticompetitive behavior are minimal.

2. The commission shall adopt regulations which specify the information which must be submitted and the procedure which will be used to process a request by an affiliate of a provider of a noncompetitive service for authorization to provide a potentially competitive service. The procedure must provide an opportunity for the affiliate to obtain a determination from the commission regarding its request to provide potentially competitive services not later than 6 months before the date on which alternative sellers may begin providing potentially competitive services.

3. If the commission determines that an affiliate of a provider of a noncompetitive service cannot provide a potentially competitive service pursuant to the provisions of this section and the provider of the noncompetitive service is a vertically integrated electric utility, the commission shall, pursuant to section 46 of this act, give the vertically integrated electric utility a reasonable opportunity to recover the costs incurred.

4. A provider of noncompetitive service and its affiliate which is providing a potentially competitive service in accordance with this section are subject to all applicable statutes of this state and the United States relating to consumer and antitrust protections in the same manner as if the provider and its affiliate were not affiliated.

Sec. 44. *1. An electric distribution utility shall provide all noncompetitive services within its territory unless the commission authorizes another entity to provide the noncompetitive service.*

2. A noncompetitive service is subject to NRS 704.001 to 704.655, inclusive, 704.701 to 704.751, inclusive, 704.800, 704.805 and 704.815.

3. The commission shall adopt regulations for noncompetitive services that allow innovative pricing methods for noncompetitive services upon a finding that the innovative pricing, when compared to pricing of services provided pursuant to subsections 1 and 2, improves the performance of the service or lowers the cost of the service to the customer, or both. The regulations for innovative pricing must specify:

(a) The provisions that must be included in a plan of innovative pricing;

(b) The procedures for submitting an innovative plan for pricing to the commission for approval and implementation; and

(c) Which provisions of this chapter do not apply to pricing changes that are made during the period in which the innovative pricing plan is in effect.

4. The commission shall adopt regulations which ensure that a person who owns a transmission or distribution facility, or both, or a facility that provides access to a competitive service shall make the facilities available on equal and nondiscriminatory terms and conditions to all alternative sellers or to the customers of the alternative sellers, or both, as the commission may determine.

Sec. 45. *1. The commission shall designate a vertically integrated electric utility to provide electric service to customers who are unable to obtain electric service from an alternative seller or who fail to select an alternative seller. The provider so designated by the commission is obligated to provide electric service to the customers. Electric service provided by the utility pursuant to this section shall be deemed to be a noncompetitive service for which the utility may recover its costs pursuant to NRS 704.001 to 704.655, inclusive, 704.701 to 704.751, inclusive, 704.800, 704.805 and 704.815.*

2. Upon a finding by the commission that the public interest will be promoted, the commission may prescribe alternate methods for providing electric service to those customers described in subsection 1. The alternate methods may include, but are not limited to, the direct assignment of customers to alternative sellers or electric distribution services or a process of competitive bidding for the right to provide electric service to the designated customers.

3. The commission shall establish minimum terms and conditions under which electric service must be provided pursuant to this section, including a minimum period during which a customer must be obligated to pay for the electric service from the assigned provider. The price charged for electric

service for a particular group of customers must reflect the incremental cost of serving the group.

4. If the designated provider of the electric service is a vertically integrated electric utility, the utility shall provide the electric service through an affiliate whose sole business activity is the provision of electric service.

5. Except as otherwise provided in this subsection and subsection 6, the rate charged for residential service provided pursuant to subsection 1 must not exceed the rate charged for that service on July 1, 1997. The limitation set forth in this subsection is effective until 2 years after the date upon which, in accordance with section 39 of this act, the commission repeals the regulations which established the pricing method for that service and the terms and conditions for providing that service.

6. The commission may, in accordance with NRS 704.110, 704.120 and 704.130, approve an increase in the rate charged for residential service provided pursuant to subsection 1 in an amount that does not exceed the increase necessitated, if any, to ensure the recovery by the electric utility of its just and reasonable costs. The provisions of this section do not limit or prohibit in any manner the operation of any order issued by the commission before July 1, 1997.

Sec. 46. *1. The commission shall determine the recoverable costs associated with assets and obligations that are documented in the accounting records of a vertically integrated electric utility and that are properly allocable to a particular potentially competitive service as of the date on which alternative sellers of similar potentially competitive services begin providing such service to customers in this state. Shareholders of the vertically integrated electric utility must be compensated fully for all such costs determined by the commission. In determining the recoverable costs, the commission shall take into account:*

(a) The extent to which the utility was legally required to incur the costs of the assets and obligations;

(b) The extent to which the market value of the assets and obligations of the utility, relating to the provision of potentially competitive services, exceeds the costs of the assets and obligations;

(c) The effectiveness of the efforts of the utility to increase the market value and realize the market value of any assets, and to decrease the costs of any obligations, associated with the provision of potentially competitive services;

(d) The extent to which the rates previously established by the commission have compensated shareholders for the risk of not recovering the costs of the assets and obligations;

(e) The effects of the difference between the market value and the cost, including, without limitation, tax considerations, for the assets and obligations; and

(f) If the utility had the discretion to determine whether to incur or mitigate the costs, the conduct of the utility with respect to the costs of the assets and obligations when compared to other utilities with similar obligations to serve the public.

2. For the purposes of this section, the commission may impose a procedure for the direct and unavoidable recovery from ratepayers of the portion of the past costs which are determined by the commission to be owed by the ratepayers. The procedure must include a determination of the period over which the recovery may occur and include the authority for the commission to assess charges on those customers on whose behalf the vertically integrated electric utility incurred costs who are no longer receiving transmission or distribution service, or both, from the vertically integrated electric utility. Such determinations and procedures must not discriminate against a participant in the market.

3. A vertically integrated electric utility that seeks to recover the costs that arise from an obligation of a qualified facility shall submit to the commission a written memorandum or stipulation executed by the qualified facility that verifies the amount and term of the obligation. The vertically integrated electric utility shall attach a copy of the obligation and all modifications thereto that have been negotiated between the vertically integrated electric utility and the qualified facility and copies of any orders and stipulations executed to resolve any dispute between the vertically integrated electric utility and the qualified facility relating to the obligation.

4. Notwithstanding the provisions of any specific statute to the contrary, an electric utility that is subject to an existing qualified facility contract on the effective date of this section shall continue to honor that obligation. Nothing in sections 28 to 53, inclusive, of this act shall be deemed to authorize the commission to reopen, force the renegotiation of, or interfere with the enforcement of any such existing obligation. Nothing in this section requires an electric utility and a qualified facility to modify any contract that was in existence on June 1, 1997, between the electric utility and the qualified facility.

5. As used in this section:

(a) "Obligation of a qualified facility" means an executed power purchase agreement between an electric utility and a qualified facility.

(b) "Qualified facility" means a cogeneration or small power production facility that meets the criteria of and has been certified as a qualified facility pursuant to Title 18, Code of Federal Regulations, sections 292.201 to 292.207, inclusive, as those sections existed on June 1, 1997.

Sec. 47. *A vertically integrated electric utility shall take such reasonable steps as are necessary to minimize layoffs and any other adverse effects on the employees of the vertically integrated electric utility that result from the beginning of provision of potentially competitive services by*

alternative sellers. The commission shall, pursuant to section 46 of this act, give the vertically integrated electric utility a reasonable opportunity to recover the costs incurred in taking such reasonable steps required by this section, including, without limitation, cost for severance pay, retraining, job placement and early retirement.

Sec. 48. *1. The commission shall establish procedures to ensure that a customer of an alternative seller is not switched to another alternative seller without a reliable confirmation of the customer's intent to make such a change and approval of the specific details of the change.*

2. The commission shall establish minimum standards for the form and content of all disclosures, explanations or sales information disseminated by a person selling a competitive service to ensure that the person provides adequate, accurate and understandable information about the service which enables a customer to make an informed decision relating to the source and type of electric service purchased. Such standards:

(a) Must not be unduly burdensome;

(b) Must not unnecessarily delay or inhibit the initiation and development of competition for any service in any market; and

(c) May establish different requirements for disclosures, explanations or sales information relating to:

(1) Different services; or

(2) Similar services to different classes of customers,

whenever such different requirements are appropriate to carry out the provisions of sections 28 to 53, inclusive, of this act.

3. The commission, before the commencement of direct access to alternative sellers for an electric service, shall carry out an educational program for customers to:

(a) Inform customers of the changes in the provision of electric service, including, but not limited to, the availability of alternative sellers of electric service;

(b) Inform customers of the requirements relating to disclosures, explanations or sales information for sellers of competitive services; and

(c) Provide assistance to customers in understanding and using the information to make reasonably informed choices about which service to purchase and from whom to purchase it.

Sec. 49. *1. Each vertically integrated electric utility shall submit to the commission, pursuant to a schedule established by the commission, a plan for compliance with the requirements set forth in sections 28 to 53, inclusive, of this act and the applicable regulations. The vertically integrated electric utility shall include with the plan any information the commission needs to:*

(a) Set rates for electric services, including, but not limited to:

(1) A statement of the costs of the utility to provide the service.

(2) The amount of revenue required by the utility.

(b) Allocate among customers the costs of service and the requirements for revenues for noncompetitive services.

(c) Adopt regulations for potentially competitive services if a market is not sufficiently competitive.

2. The commission may exempt a vertically integrated electric utility or an alternative seller from the strict application of any provision of this chapter, other than the provisions of sections 28 to 53, inclusive, of this act, upon a determination by the commission that the exemption is necessary to achieve effective competition within the electric industry.

Sec. 50. *1. Except as otherwise provided in this section, the Colorado River commission may sell electricity and provide transmission service or distribution service, or both, to meet the existing and future requirements of:*

(a) Any customer that the Colorado River commission on the effective date of this section was serving or had a contract to serve; and

(b) The Southern Nevada Water Authority,

without being subject to the provisions of sections 28 to 53, inclusive, of this act or to the jurisdiction of the commission.

2. The Colorado River commission may sell electricity or provide transmission service or distribution service, or both, to customers whom the Colorado River commission was not serving, or with whom it did not have a contract, on the effective date of this section if the Colorado River commission:

(a) Obtains a license to act as an alternative seller; and

(b) Allows its system for transmission and distribution to be utilized by other alternative sellers pursuant to such terms and conditions as may be established by the commission.

3. As used in this section, "Southern Nevada Water Authority" has the meaning ascribed to it in NRS 538.041.

Sec. 51. *1. The commission shall develop regular forecasts of electric energy based on the information submitted to the commission pursuant to subsection 3. The forecast must include:*

(a) A description of the facilities needed to meet the future requirements for electric services;

(b) An evaluation of the extent to which a retail electric service is subject to competition;

(c) A description of those actions needed to accommodate competition in the provision of potentially competitive services; and

(d) An evaluation of whether sufficient capacity will be available to customers at a reasonable price and will be selected by customers after the commission has authorized the provision of potentially competitive services by alternative sellers.

2. If the commission determines that sufficient capacity will not be available to customers at a reasonable price, the commission may establish

equitable obligations for customers, electric distribution utilities or alternative sellers to ensure that sufficient capacity is made available. Any obligation that discriminates against or unduly burdens a customer, an electric distribution utility or an alternative seller is not reasonable and may not be imposed by the commission. The commission may, by regulation, specify those methods and procedures to ensure that sufficient capacity is made available, including competitive solicitations or other method or procedure deemed to be appropriate and necessary by the commission.

3. Each entity providing a potentially competitive service or a noncompetitive service shall submit to the commission annually, in the format prescribed by the commission, information that the commission determines is necessary to:

(a) Monitor the development of competition to provide electric services; and

(b) Ensure the availability of adequate, reliable, efficient and economic electric service.

Sec. 52. *1. The commission shall establish a portfolio for domestic energy standards that sets forth the minimum percentage of the total electricity sold during each calendar year that must be derived from renewable energy resources. The portfolio must:*

(a) Be set at two-tenths of one percent of the total amount of electricity annually consumed by customers in this state be derived from renewable energy sources as of January 1, 2001.

(b) Be increased biannually thereafter by two-tenths of one percent of the total annual electric consumption by the customers until the standard reaches a total of 1 percent of the total amount of electricity consumed.

(c) Be derived entirely from not less than 50 percent renewable energy systems.

(d) Be derived from not less than 50 percent solar energy resources.

(e) Be based on renewable energy credits, if applicable.

2. Each electric utility and alternative seller that provides electric service in this state shall comply with the portfolio standard established by the commission pursuant to this section. At the end of each calendar year, the electric utility and alternative seller shall submit a report, in a format approved by the commission, of the quantity of renewable energy and credits, if applicable, that the utility or alternative seller generated, purchased, sold and traded to meet the standards of the portfolio.

3. In establishing the portfolio pursuant to this section, the commission may establish a system of credits pursuant to which an electric utility and alternative seller may comply with the provisions of this section. A system of credits must provide that:

(a) Credits are issued by renewable energy systems for every kilowatt of energy which it produces; and

(b) Holders of credits may trade or sell the credits to other parties.

4. After the portfolio reaches 1 percent, the commission may, upon notice and hearing, increase the portfolio in such amounts as it determines is reasonable.

5. The electric utility and alternative seller shall submit a report to the commission that provides information relating to the compliance by the electric utility or alternative seller with the requirements of this section. Such reports must be made at least annually, unless the commission by regulation determines that such reports must be made more frequently than annually, and must include clear and concise information that sets forth:

(a) If the electric utility installed a renewable energy system during the period for which the report is being made, the date installation date;

(b) The capacity of renewable energy systems of the electric utility or alternative seller;

(c) The amount of production of energy from the renewable energy systems;

(d) The portion of the production of energy that is directly derived from renewable energy resources;

(e) The quantity of energy from renewable energy systems that is transmitted or distributed, or both, to customers in this state by the utility or alternative seller; and

(f) Such other information that the commission by regulation may deemed relevant.

6. Nothing in this section applies to:

(a) Rural electric cooperatives established pursuant to chapter 81 of NRS;

(b) General improvement districts established pursuant to chapter 318 of NRS; or

(c) Utilities established pursuant to chapter 709 or 710 of NRS.

7. As used in this section:

(a) "Renewable energy resources" means wind, solar, geothermal and biomass energy resources that are naturally regenerated.

(b) "Renewable energy system" means an energy system that utilizes renewable energy resources to produce electricity or solar thermal energy systems that reduce the consumption of electricity that was installed and commenced operations after July 1, 1997.

Sec. 53. *The commission shall prepare a quarterly report for the legislature that assesses the developments in the electric industry in the State of Nevada. The reports must be submitted to the director of the legislative counsel bureau for transmittal to the legislature and must include, but are not limited to, a discussion of:*

1. Whether there is effective competition for each potentially competitive service;

2. The compatibility of direct access for retail customers to alternative sellers with environmental goals;

3. The effects of direct access for retail customers to alternative sellers on each class of customers, compared to the noncompetitive regulatory structure;

4. The opportunities to cooperate, formally or informally, with other states or the Federal Government in the implementation of effective competition; and

5. Additional legislation necessary to achieve the goals of sections 28 to 53, inclusive, of this act.

Sec. 54. *1. The commission shall adopt regulations that require each utility which provides telecommunication services to:*

(a) An elementary or secondary public school; or

(b) A public library,

to establish discounts in the rates for the telecommunication services that the utility provides to that school or library. The amount of the discount must be determined by the commission in a manner that is consistent with the provisions of 47 U.S.C. § 254.

2. The commission shall adopt regulations that require each utility which provides telecommunication services to:

(a) Public or private providers of health care which serve persons in rural areas; or

(b) Persons with low income and persons in rural, insular and high-cost areas,

to ensure that such providers of health care and persons have access to telecommunication services that are reasonably comparable to those services available in urban areas and that the rates for such services charged by the utility are reasonably comparable to those charged in the urban areas, to the extent required by the provisions of 47 U.S.C. § 254.

3. The commission shall adopt regulations which set forth the requirements for eligibility for persons with low income and definitions for rural, insular and high-cost areas.

4. Any regulations adopted pursuant to this section must be consistent with the provisions of 47 U.S.C. § 254.

5. As used in this section, "public library" has the meaning ascribed to it in NRS 379.0057.

Sec. 55. *The provisions of NRS 704.820 to 704.900, inclusive, of this act do not apply to plants for generating electrical energy that are located in counties whose population is 100,000 or more.*

Sec. 56. *1. The commission may require that any person who constructs a plant for generating electrical energy after July 1, 1997, to offer up to 50 percent of the energy or capacity of the plant to all electric utilities and alternative sellers. If the offer is declined, the person may export the*

capacity of the project. If less than 50 percent of the capacity of such a plant sold during its first 156 months of commercial operation is sold to all electric utilities or alternative sellers, or both, in this state, the applicant shall reoffer the capacity of the plant to all public utilities in this state. This reoffer must provide an opportunity to purchase energy or capacity at fair market value and ensure that 50 percent of the total capacity of the plant is available to all electric utilities and alternative sellers in this state. Any purchase of energy or capacity as a result of the reoffer is effective 84 months after the execution of the contracts of purchase.

2. A person who constructs a plant for the generation of electricity after July 1, 1997, shall submit written evidence, in a manner required by the commission, of its compliance with the provisions of subsection 1 to the commission and the bureau of consumer protection. If the commission finds that the person has not complied or is not in compliance with the provisions of subsection 1, the commission may suspend the operation of the plant until the plant comes into compliance.

Sec. 57. *The commission shall expend up to $500,000 from its reserve account to provide education and informational services necessary to educate and inform the residents in this state on issues related to the provision of competitive utility services in this state. The commission shall contract with an independent person to provide such educational and informational services.*

Sec. 58. *As used in sections 58 to 63, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 59 and 60 of this act, have the meanings ascribed to them in those sections.*

Sec. 59. *"Person" includes a government, a governmental agency and a political subdivision of a government.*

Sec. 60. *"Potentially competitive service" means a component of service relating to the provision of natural gas to customers in this state that is determined by the commission to be suitable for purchase by customers from alternative sellers.*

Sec. 61. *1. Upon the receipt of a specific request for an exemption by a public utility that supplies natural gas, the commission may, to the extent it deems necessary, exempt any service offered by the public utility from the strict application of one or more provisions of this chapter. Such an exemption may be made only upon a determination by the commission, after notice and a hearing, that the service is competitive, discretionary or potentially competitive.*

2. The commission shall adopt regulations necessary to establish an alternative plan of regulation of a public utility that supplies natural gas and that is otherwise subject to regulation pursuant to the provisions of this chapter. The alternative plan may include, but is not limited to, provisions that:

(a) Allow adjustment of the rates charged by the public utility during the period in which the utility elects the alternative plan of regulation.

(b) Specify the provisions of this chapter that do not apply to a public utility which elects to be regulated under the alternative plan.

(c) Provide for flexibility of pricing for services that are discretionary, competitive or commercially viable.

3. A public utility that elects to be regulated under the alternative plan established pursuant to this section is not subject to the remaining provisions of this chapter to the extent specified pursuant to this section.

4. It is unlawful for an alternative seller to sell any service relating to the supply of natural gas to a customer for his consumption within this state without first having obtained a license from the commission to do so.

Sec. 62. *1. Not later than January 1, 1999, the commission shall, by regulation, set forth the procedures and conditions that alternative sellers must satisfy before obtaining a license to sell potentially competitive services to customers in this state, including, but not limited to:*

(a) Safety;

(b) Reliability of service;

(c) Financial reliability;

(d) Fitness to serve new customers; and

(e) Billing practices and customer services including the initiation and termination of service.

2. The commission may deny the application of a prospective alternative seller for a license, or may limit, suspend or revoke a license issued to an alternative seller, if the action is necessary to protect the interests of the public or to enforce the provisions of this chapter or a regulation of the commission. In determining whether to take any of those actions, the commission may consider whether the applicant for or holder of such a license, or any affiliate thereof, has engaged in activities which are inconsistent with effective competition.

Sec. 63. *1. A customer of natural gas within the service territory of a public utility that supplies natural gas who obtains his own supply of natural gas or capacity on a pipeline from a person other than the public utility for at least 30 continuous days may seek restoration of service from the public utility in accordance with the tariffs filed pursuant to this section.*

2. A public utility that supplies natural gas shall file a tariff with the commission that states the terms and conditions under which a customer may restore his gas service from the public utility pursuant to this section. The tariff must be reviewed by the commission and must include, without limitation:

(a) A procedure for reestablishing the gas service;

(b) Methods of accounting to be used for identifying and billing actual costs incurred by the public utility for:

(1) Reestablishing service;

(2) Obtaining new supplies of gas for the customers; and

(3) Acquiring and maintaining the necessary capacity for transporting the supplies of gas, if applicable;

(c) Methodology for determining the costs of administration and overhead costs; and

(d) Methods of accounting to determine any incremental costs incurred by the public utility to serve the customer or group of customers;

(e) Procedures for curtailment to be used in establishing priorities of service;

(f) Procedures that will be available to customers to resolve disputes in billing; and

(g) The minimum period during which the customer must take the resumed service.

3. For the purposes of this section, a public utility may charge its actual cost of obtaining any additional supply of gas to serve the returning customers. The commission may verify a public utilities compliance with its tariff filed pursuant to this section.

The commission on economic development may intervene as a matter of right in a proceeding pursuant to NRS 704.736 to 704.755, inclusive.

Sec. 69. NRS 704.033 is hereby amended to read as follows:

704.033 1. The commission shall levy and collect an annual assessment from all public utilities subject to the jurisdiction of the commission.

2. Except as otherwise provided in subsection 3, the annual assessment must be:

704.035 1. On or before June 1 of each year, the commission shall mail revenue report forms to all public utilities under its jurisdiction, to the address of those utilities on file with the commission. The revenue report form serves as notice of the commission's intent to assess the utilities, but failure to notify any utility does not invalidate the assessment with respect thereto.

2. Each public utility subject to the provisions of NRS 704.033 shall complete the revenue report referred to in subsection 1, compute the assessment and return the completed revenue report to the commission accompanied by payment of the assessment and any penalty due, pursuant to the provisions of subsection 5.

3. The assessment is due on July 1 of each year, but may, at the option of the public utility, be paid quarterly on July 1, October 1, January 1 and April 1.

4. The assessment computed by the utility is subject to review and audit by the commission, and the amount of the assessment may be adjusted by the commission as a result of the audit and review.

For purposes of this subsection the jurisdiction of the commission over the selling, transferring or conveying public utility continues until it has paid the assessment.

7. The commission may bring an appropriate action in its own name for the collection of any assessment and penalty which is not paid as provided in this section.

8. The commission shall, on a quarterly basis, transfer to the account for the consumer's advocate *of the bureau of consumer protection in the office of the attorney general* that portion of the assessments collected which belongs to the consumer's advocate.

Sec. 71. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 or as otherwise provided by the commission pursuant to NRS 704.095 or 704.097:

1. Whenever there is filed with the commission any schedule stating a new or revised individual or joint rate, fare or charge, or any new or revised individual or joint regulation or practice affecting any rate, fare or charge, or any schedule resulting in a discontinuance, modification or restriction of service, the commission may, upon complaint or upon its own motion without complaint, at once, without answer or formal pleading by the interested utility, investigate or, upon reasonable notice, conduct a hearing concerning the propriety of the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice.

2. Pending the investigation or hearing and the decision thereon, the commission, upon delivering to the utility affected thereby a statement in writing of its reasons for the suspension, may suspend the operation of the schedule and defer the use of the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice, but not for more than 150 days beyond the time when the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice would otherwise go into effect.

3. Whenever there is filed with the commission any schedule stating an increased individual or joint rate, fare or charge for service or equipment, the public utility shall submit with its application a statement showing the

recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. During any hearing concerning the increased rates, fares or charges determined by the commission to be necessary, the commission shall consider evidence in support of the increased rates, fares or charges based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but no new rates, fares or charges may be placed into effect until the changes have been experienced and certified by the utility to the commission. The commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the filing with the commission of the certification required in this subsection, or before the expiration of any period of suspension ordered pursuant to subsection 2, whichever time is longer, the commission shall make such order in reference to those rates, fares or charges as is required by this chapter.

4. After full investigation or hearing, whether completed before or after the date upon which the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice is to go into effect, the commission may make such order in reference to the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice as would be proper in a proceeding initiated after the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice has become effective.

5. Whenever an application is filed by a public utility for an increase in any rate, fare or charge based upon increased costs in the purchase of fuel or power, and the public utility has elected to use deferred accounting for costs of the purchase of fuel or power in accordance with the commission's regulations, the commission, by appropriate order after a public hearing, shall allow the public utility to clear the deferred account not more often than every 6 months by refunding any credit balance or recovering any debit balance over a period not to exceed 1 year as determined by the commission. The commission shall not allow a recovery of a debit balance or any portion thereof in an amount which would result in a rate of return in excess of the rate of return most recently granted the public utility.

6. Except as otherwise provided in subsection 7 or in NRS 707.350, whenever a general rate application for an increased rate, fare or charge for, or classification, regulation, discontinuance, modification, restriction or practice involving service or equipment has been filed with the commission, a public utility shall not submit another general rate application until all pending general rate applications for increases in rates submitted by that public utility have been decided unless, after application and hearing, the commission determines that a substantial financial emergency would exist if the other application is not permitted to be submitted sooner.

7. A public utility may not file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale more often than once every 30 days.

8. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 [or 704.755] and accepted by the commission for acquisition or construction pursuant to NRS 704.751 [or 704.755] and the regulations adopted pursuant thereto shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing such a facility. [For the purposes of] *As used in* this subsection, "utility facility" has the meaning ascribed to it in subsections 1 [, 2 and 3] *and 2* of NRS 704.860.

Sec. 72. NRS 704.130 is hereby amended to read as follows:

704.130 1. All rates, [fares,] charges, classifications and joint rates fixed by the commission are in force, and are prima facie lawful, from the date of the order until changed or modified by the commission, or pursuant to NRS 703.373 to 703.376, inclusive.

2. All regulations, practices and service prescribed by the commission must be enforced and are prima facie reasonable unless suspended or found otherwise in an action brought for the purpose, pursuant to the provisions of NRS 703.373 to 703.376, inclusive, or until changed or modified by the commission itself upon satisfactory showing made, or by the public utility by filing a bond pursuant to NRS 703.374.

Sec. 73. NRS 704.185 is hereby amended to read as follows:

704.185 1. A public utility [which purchases fuel, including] *that supplies* natural gas for resale [, or power] may record upon its books and records all cost increases or decreases in [fuels or purchased power] *the cost of the gas* in deferred accounts. Any public utility *that supplies natural gas* which utilizes deferred accounting to reflect changes in costs of [fuels and purchased power] *gas* shall include in its annual report to the commission a statement showing the allocated rate of return for each of its operating departments in Nevada which uses deferred accounting.

2. If the rate of return for any department using deferred accounting is greater than the rate of return allowed by the commission in the last rate proceeding, the commission shall order the utility *that supplies natural gas*

which recovered any deferred [fuel and purchased power] costs *of gas* through rates during the reported period to transfer to the next energy adjustment period that portion of such recovered amounts which exceeds the authorized rate of return.

Sec. 74. NRS 704.190 is hereby amended to read as follows:

704.190 1. Every public utility operating in this state shall, whenever an accident occurs in the conduct of its operation causing death, give prompt notice thereof to the commission, in such manner and within such time as the commission may prescribe. If in its judgment the public interest requires it, the commission may cause an investigation to be made forthwith of any accident, at such place and in such manner as the commission shall deem best.

2. Every such public utility shall report to the commission, at the time, in the manner and on such forms as the commission shall by its printed rules and regulations prescribe, all accidents happening in this state and occurring in, on or about the premises, plant, instrumentality or facility used by any such utility in the conduct of its business.

3. The commission shall [promulgate and] adopt all reasonable rules and regulations necessary for the administration and enforcement of this section. Such rules and regulations [shall in any event] *must* require that all accidents required to be reported herein [shall] be reported to the commission at least once every calendar month by such officer or officers of the utility as the commission shall direct.

4. The commission shall adopt and utilize all accident report forms, which forms shall be so designed as to provide a concise and accurate report of the accident and which report shall in any event show the true cause of the accident. 704.275 The commission shall determine whether a hearing must be held when the proposed change by a public utility furnishing telephone service in any schedule stating a new or revised individual or joint rate [, fare] or charge, or any new or revised individual or joint regulation or practice affecting any rate [, fare] or charge, will result in an increase in annual gross revenue as certified by the applicant of $50,000 or 10 percent of the applicant's gross revenue, whichever is less.

Sec. 78. NRS 704.310 is hereby amended to read as follows:

704.310 1. (b) Indicate the estimated cost to be assessed to each lot of real property for placing underground the facilities of the public utility corporation located within the boundaries of each lot.

(c) Indicate the estimated cost, if any, to be borne by the public utility corporation for any facilities to be provided by it and which remain its property rather than becoming property of owners of individual lots, as provided by regulations of the public [service] *utilities* commission of Nevada in the case of a public utility corporation other than a city or county, and, in the case of any public utility corporation, by any other applicable laws, ordinances, rules or regulations.

7. The costs of preparing the joint report must be borne by the public utility corporation or corporations whose electric or communication facilities are to be included in the proposed service district unless the governing body

orders the establishment of the service district, in which event the costs must be included in the costs of the service district.

Sec. 94. NRS 704A.240 is hereby amended to read as follows:

704A.240 1. (c) State the method of levying assessments, the number of installments, and the times when the costs assessed will be payable.

4. Before enacting an ordinance establishing a service district, the governing body shall exclude by resolution or ordinance any territory described in the petition which the governing body finds will not be benefited by inclusion in the service district or for which territory construction or conversion is not economically or technically feasible.

5. The basis for apportioning the assessments:

(a) [Shall] *Must* be in proportion to the special benefits derived to each of the several lots comprising the assessable property within the service district; and

(b) [Shall] *Must* be on a front foot, area, zone or other equitable basis as determined by the governing body.

6. Regardless of the basis used for the apportionment of assessments, in cases of wedge or V or any other irregularly shaped lots, an amount apportioned thereto [shall] *must* be in proportion to the special benefits thereby derived.

7. The assessable property in the service districts consists of the lots specially benefited by the construction or conversion of service facilities, except:

Sec. 255. NRS 244.3655 is hereby amended to read as follows:

244.3655 1. If the state board of health determines that:

(a) A water system which is located in a county and was constructed on or after July 1, 1991, is not satisfactorily serving the needs of its users; and

(b) Water provided by a public utility or a municipality or other public entity is reasonably available to those users,

the board of county commissioners of that county may require all users of the system to connect into the available water system provided by a public utility or a municipality or other public entity, and may assess each lot or parcel served for its proportionate share of the costs associated with connecting into that water system. If the water system is being connected into a public utility, the public [service] *utilities* commission of Nevada shall determine the amount of the assessments for the purposes of establishing a lien pursuant to NRS 445A.905.

2. As used in this section, "water system" has the meaning ascribed to it in NRS 445A.850.

Sec. 256. NRS 244.3663 is hereby amended to read as follows:

(b) Sewerage provided by a public utility or a municipality or other public entity is reasonably available to those users,

the board may require all users of the plant to connect into the available sewers provided by a public utility or a municipality or other public entity, and may assess each lot or parcel served for its proportionate share of the cost of connecting into those sewers. These assessments are not subject to the jurisdiction of the public [service] *utilities* commission of Nevada.

2. If the state department of conservation and natural resources has found that a package plant for sewage treatment which is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, is violating any of the conditions of NRS 445A.465 to 445A.515, inclusive, and has notified the holder of the permit that he must bring the plant into compliance, but the holder of the permit has failed to comply within a reasonable time after the date of the notice, the board of county commissioners of the county in which the plant is located may take the following actions independently of any further action by the state department of conservation and natural resources:

(a) Give written notice, by certified mail, to the owner of the plant and the owners of the property served by the plant that if the violation is not corrected within 30 days after the date of the notice, the board of county commissioners will seek a court order authorizing it to assume control; and

(b) After the 30-day period has expired, if the plant has not been brought into compliance, apply to the district court for an order authorizing the board to assume control of the plant and assess the property for the continued operation and maintenance of the plant as provided in subsection 4.

3. If the board of county commissioners determines at any time that immediate action is necessary to protect the public health and welfare, it may assume physical control and operation of a package plant for sewage treatment which is located in the county and is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, without complying with any of the requirements set forth in subsection 2. The board may not maintain control of the plant pursuant to this subsection for a period greater than 30 days unless it obtains an order from the district court authorizing an extension.

4. Each lot and parcel served by a package plant for sewage treatment which is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, is subject to assessment by the board of county commissioners of the county in which the plant is located for its proportionate share of the cost

of continued operation and maintenance of the plant if there is a default or the county assumes control and operation of the plant pursuant to subsection 2 or 3.

Sec. 257. NRS 244.3665 is hereby amended to read as follows:

244.3665 The board of county commissioners may prohibit any waste of water within the unincorporated areas of the county by customers of a public water system. Any ordinance adopted under this section may:

1. Classify the conditions under which specified kinds and amounts of consumption or expenditure of water are wasteful;

2. Provide for reasonable notice to water users in any such area indicating which of such conditions, if any, exist in that area;

3. Allow any person, group of persons, partnership, corporation or other business or governmental entity which:

(a) Furnishes water to persons within such areas of the county for business, manufacturing, agricultural or household use; and

(b) Is not a public utility regulated by the public [service] *utilities* commission of Nevada,

to reduce or terminate water service to any customer who wastes water, according to reasonable standards adopted by the board; and

4. Provide other appropriate penalties for violation of the ordinance which are based upon the classification adopted under subsection 1.

Sec. 258. NRS 244A.711 is hereby amended to read as follows:

244A.711 1. Except as otherwise provided in NRS 244A.703, after holding the required public hearing, the board of county commissioners shall proceed no further unless or until it:

(a) Except as otherwise provided in subsection 2, determines by resolution the total amount of money necessary to be provided by the county for the acquisition, improvement and equipment of the project;

(b) Receives a 5-year operating history from the contemplated lessee, purchaser or other obligor, or from a parent or other enterprise which guarantees principal and interest payments on any bonds issued;

(c) Receives evidence that the contemplated lessee, purchaser, other obligor or other enterprise which guarantees principal and interest payments, has received within the 12 months preceding the date of the public hearing, or then has in effect, a rating within one of the top four rating categories of either Moody's [Investor] *Investors* Service, Inc. or Standard and Poor's [Corporation,] *Rating Services,* except that a municipal or other public supplier of electricity in this state, a public utility regulated by the public [service] *utilities* commission of Nevada, the obligor with respect to a project described in NRS 244A.6975, the owner of a historic structure, a health and care facility or a supplemental facility for a health and care facility is not required to furnish that evidence;

(d) Determines by resolution that the contemplated lessee, purchaser or other obligor has sufficient financial resources to place the project in operation and to continue its operation, meeting the obligations of the lease, purchase contract or financing agreement; and

(e) If the project is for the generation and transmission of electricity, determines by resolution that the project will serve one or more of the purposes set forth in NRS 244A.695 and specifies in the resolution its findings supporting that determination.

2. If the project is for the generation and transmission of electricity, the board may estimate the total amount of money necessary for its completion, and the total amount of money which may be provided by the county in connection with the project may exceed the estimate, without the requirement for any further public hearings to be held in connection therewith, to the extent that the excess is required to complete the project or to finance any improvements to or replacements in the project and the county has previously determined to finance the remaining costs of acquiring, improving and equipping the project.

3. The board may refuse to adopt such a resolution with respect to any project even if all the criteria of subsection 1 are satisfied. If the board desires to adopt such a resolution with respect to any project where any criterion of subsection 1 is not satisfied, it may do so only with the approval of the state board of finance. In requesting this approval, the board of county commissioners shall transmit to the state board of finance all evidence received pursuant to subsection 1.

4. If any part of the project or improvements is to be constructed by a lessee or his designee, a purchaser or his designee or an obligor or his designee, the board shall provide, or determine that there are provided, sufficient safeguards to assure that all money provided by the county will be expended solely for the purposes of the project.

Sec. 259. NRS 244A.743 is hereby amended to read as follows:

244A.743 1. A county shall not commence the construction of a project for the generation and transmission of electricity to be financed pursuant to NRS 244A.669 to 244A.763, inclusive, until the legislature approves the project in general terms and fixes the limit of the capacity of its generating facilities. After a project is originally so approved, no further legislative approval is required except the addition of generating facilities. For the purposes of this subsection, construction is commenced when excavation is begun for the foundations of a unit for the generation of electricity.

2. Approval by the legislature does not preempt the authority of any state regulatory agency, including , without limitation , the public [service] *utilities* commission of Nevada, the state environmental commission and the state department of conservation and natural resources. The county shall

determine, with the concurrence of the management committee, the capacity of the project to generate electricity, within the limit fixed by the legislature. This determination must be made before the county applies to the public [service] *utilities* commission for a permit to construct any generating unit.

Sec. 260. NRS 244A.763 is hereby amended to read as follows:

244A.763 1. NRS 244A.669 to 244A.763, inclusive, without reference to other statutes of [the] *this* state, constitute full authority for the exercise of powers granted in those sections, including , but not limited to , the authorization and issuance of bonds.

2. No other act or law with regard to the authorization or issuance of bonds that provides for an election, requires an approval, or in any way impedes or restricts the carrying out of the acts authorized in NRS 244A.669 to 244A.763, inclusive, to be done, applies to any proceedings taken or acts done pursuant to those sections, except for laws to which reference is expressly made in those sections or by necessary implication of those sections.

3. The provisions of no other law, either general or local, except as provided in NRS 244A.669 to 244A.763, inclusive, apply to the doing of the things authorized in those sections to be done, and no board, agency, bureau, commission or official not designated in those sections has any authority or jurisdiction over the doing of any of the acts authorized in those sections to be done, except:

(a) As otherwise provided in those sections.

(b) That a project for the generation and transmission of electricity is subject to review and approval by the state regulatory agencies which have jurisdiction of the matters involved, including , without limitation , the public [service] *utilities* commission of Nevada, the state environmental commission and the state department of conservation and natural resources.

4. No notice, consent or approval by any public body or officer thereof may be required as a prerequisite to the sale or issuance of any bonds, the making of any contract or lease, or the exercise of any other power under NRS 244A.669 to 244A.763, inclusive, except as provided in those sections.

5. A project is not subject to any requirements relating to public buildings, structures, ground works or improvements imposed by the statutes of this state or any other similar requirements which may be lawfully waived by this section, and any requirement of competitive bidding or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the counties is not applicable to any action taken pursuant to NRS 244A.669 to 244A.763, inclusive, except that the provisions of NRS 338.010 to 338.090, inclusive, apply to any contract for new construction, repair or reconstruction for which tentative approval for financing is granted on or after January 1, 1992, by the county for work to be done in a project.

6. Any bank or trust company located within or without this state may be appointed and act as a trustee with respect to bonds issued and projects financed pursuant to NRS 244A.669 to 244A.763, inclusive, without the necessity of associating with any other person or entity as cofiduciary except that such association is not prohibited.

7. The powers conferred by NRS 244A.669 to 244A.763, inclusive, are in addition and supplemental to, and not in substitution for, and the limitations imposed by those sections do not affect the powers conferred by any other law.

8. No part of NRS 244A.669 to 244A.763, inclusive, repeals or affects any other law or part thereof, except to the extent that those sections are inconsistent with any other law, it being intended that those sections provide a separate method of accomplishing its objectives, and not an exclusive one.

Sec. 261. NRS 268.097 is hereby amended to read as follows:

3. The governing body of any incorporated city in any county in which the provisions of NRS 706.8811 to 706.885, inclusive, do not apply, whether incorporated by general or special act, or otherwise, may regulate by ordinance the qualifications required of employees or lessees of a taxicab motor carrier in a manner consistent with the regulations adopted by the [public service commission of Nevada.] *transportation services authority.*

Sec. 262. NRS 268.4102 is hereby amended to read as follows:

268.4102 1. If the state board of health determines that:

(a) A water system which is located within the boundaries of a city and was constructed on or after July 1, 1991, is not satisfactorily serving the needs of its users; and

(b) Water provided by a public utility or a municipality or other public entity is reasonably available to those users,

the governing body of that city may require all users of the system to connect into the available water system provided by a public utility or a municipality or other public entity, and may assess each lot or parcel served for its share of the costs associated with connecting into that water system. If the water system is being connected into a public utility, the public [service] *utilities*

commission of Nevada shall determine the amount of the assessments for the purposes of establishing a lien pursuant to NRS 445A.900.

2. As used in this section, "water system" has the meaning ascribed to it in NRS 445A.850.

Sec. 263. NRS 268.4105 is hereby amended to read as follows:

268.4105 1. If the governing body of the city determines that:

the governing body may require all users of the plant to connect into the available sewers provided by a public utility, the city or another municipality or other public entity, and may assess each lot or parcel served for its proportionate share of the cost of connecting into those sewers. These assessments are not subject to the jurisdiction of the public [service] *utilities* commission of Nevada.

2. If the state department of conservation and natural resources has found that a package plant for sewage treatment which is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, is violating any of the conditions of NRS 445A.465 to 445A.515, inclusive, and has notified the holder of the permit that he must bring the plant into compliance, but the holder of the permit has failed to comply within a reasonable time after the date of the notice, the governing body of the city in which the plant is located may take the following actions independently of any further action by the state department of conservation and natural resources:

(a) Give written notice, by certified mail, to the owner of the plant and the owners of the property served by the plant that if the violation is not corrected within 30 days after the date of the notice, the governing body of the city will seek a court order authorizing it to assume control; and

(b) After the 30-day period has expired, if the plant has not been brought into compliance, apply to the district court for an order authorizing the governing body to assume control of the plant and assess the property for the continued operation and maintenance of the plant as provided in subsection 4.

3. If the governing body of the city determines at any time that immediate action is necessary to protect the public health and welfare, it may assume physical control and operation of a package plant for sewage treatment which is located within the city limits and is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, without complying with any of the requirements set forth in subsection 2. The governing body may not maintain control of the plant pursuant to this subsection for a period

greater than 30 days unless it obtains an order from the district court authorizing an extension.

4. Each lot and parcel served by a package plant for sewage treatment which is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive, is subject to assessment by the governing body of the city in which the plant is located for its proportionate share of the cost of continued operation and maintenance of the plant if there is a default or the city assumes control and operation of the plant pursuant to subsection 2 or 3.

Sec. 264. NRS 268.411 is hereby amended to read as follows:

268.411 The governing body of an incorporated city may prohibit by ordinance any waste of water within its jurisdiction. Any ordinance adopted under this section may:

1. Classify the conditions under which specified kinds and amounts of consumption or expenditure of water are wasteful;

2. Provide for reasonable notice of which of such conditions, if any, exist in the city;

3. Allow any person, group of persons, partnership, corporation or other business or governmental entity which:

(a) Furnishes water to persons within the city for business, manufacturing, agricultural or household use; and

(b) Is not a public utility regulated by the public [service] *utilities* commission of Nevada,

to reduce or terminate water service to any customer or user who wastes water, according to reasonable standards adopted by the board; and

4. Provide other appropriate penalties for violation of the ordinance which are based upon the classification adopted under subsection 1.

(b) Receives a 5-year operating history from the contemplated lessee, purchaser or other obligor, or from a parent or other enterprise which guarantees principal and interest payments on any bonds issued;

(c) Receives evidence that the contemplated lessee, purchaser, other obligor or other enterprise which guarantees principal and interest payments, has received within the 12 months preceding the date of the public hearing a rating within one of the top four rating categories of either Moody's [Investor] *Investors* Service, Inc., or Standard and Poor's [Corporation,] *Rating Services,* except that a public utility regulated by the public [service] *utilities* commission of Nevada, the obligor with respect to a project

described in NRS 268.5385, a health and care facility or a supplemental facility for a health and care facility is not required to furnish that evidence;

(d) Determines by resolution that the contemplated lessee, purchaser or other obligor has sufficient financial resources to place the project in operation and to continue its operation, meeting the obligations of the lease, purchase contract or financing agreement; and

(e) Finds by resolution that the project:

(1) Will provide a public benefit;

(2) Would be compatible with existing facilities in the area adjacent to the location of the project;

(3) Will encourage the creation of jobs for the residents of this state;

(4) Is compatible with the general plan of the city adopted pursuant to chapter 278 of NRS; and

These formulas must take into account, as indicators of value, the company's income, stock and debt, and the cost of its assets.

5. *If two or more persons perform separate functions that collectively are needed to deliver electric service to the final customer and the property used in performing the functions would be centrally assessed if owned by one person, the Nevada tax commission shall establish its valuation and apportion the valuation among the several counties in the same manner as the valuation of other centrally assessed property. The Nevada tax commission shall determine the proportion of the tax levied upon the property by each county according to the valuation of the contribution of each person to the aggregate valuation of the property. if those additional services are included and described in a long-range plan adopted pursuant to 23 U.S.C. § 134 and 49 U.S.C. § 5303.

2. Before a regional transportation commission may provide for on-call public mass transportation in an area of the county, the commission must receive a determination from the [public service commission of Nevada and the taxicab] *transportation services* authority that:

(a) There are no common motor carriers of passengers who are authorized to provide on-call operations for transporting passengers in that area; or

(b) Although there are common motor carriers of passengers who are authorized to provide on-call operations for transporting passengers in the area, the common motor carriers of passengers do not wish to provide, or are not capable of providing, those operations.

3. As used in this section:

(a) "Common motor carrier of passengers" has the meaning ascribed to it in NRS 706.041.

(b) "On-call public mass transportation" means a system established to transport by vehicle passengers who request such transportation on demand.

Sec. 283. NRS 392.330 is hereby amended to read as follows:

392.330 1. In addition to the purposes authorized by NRS 392.320, a board of trustees may use transportation funds of the school district for arranging and paying for transportation by motor vehicles or otherwise, by contract or such other arrangement as the board finds most economical, expedient and feasible and for the best interests of the school district.

2. Such transportation may be arranged and contracted for by a board of trustees with:

(a) Any railroad company [, bus company, or other licensed common carrier] holding a certificate of public convenience and necessity issued by the public [service] *utilities* commission of Nevada [.] *or bus company or other licensed common carrier holding a certificate of public convenience and necessity issued by the transportation services authority.*

(b) The owners and operators of private automobiles or other private motor vehicles, including parents of pupils who attend school and are entitled to transportation. When required by the board of trustees, every such private automobile or other private motor vehicle regularly transporting pupils [shall] *must* be insured in the amount required by regulation of the state board of education against the loss and damage described in subsection 2 of NRS 392.320.

Sec. 284. NRS 405.195 is hereby amended to read as follows:

405.195 1. Five or more residents of this state may petition any board of county commissioners to open, reopen, close, relocate or abandon a public road within the county. The petition must be accompanied by proof of the petitioners' residency and adequate maps and documentation to justify a hearing on the petition. Upon receipt of such a petition and the required documentation, the board of county commissioners shall set a date to conduct a public hearing on the petition. The date selected must not be earlier than 30 days, nor later than 45 days, after the petition is submitted. In addition to any other notice required by law or ordinance, the board shall cause notice of the time, date and location of the hearing to be published at least once each week for 2 successive weeks in a newspaper of general circulation in the county.

2. Upon conclusion of the public hearing, the board shall determine whether the road in question has acquired the status of a public road because:

(a) Construction of the improvement occurred while the land was unappropriated, unreserved public land;

(b) The improvement was constructed by mechanical means which made the physical change to the natural area necessary for the customary or usual passage of traffic; and

(c) The right of way was:

(1) Accepted by the state or local government for dedication as a road for public use and thereafter the road was used by the public at large; or

(2) Accepted by use as access to a mining claim or other privately owned property.

3. If the board concludes that the road is a public road, the board may order the public road to be opened, reopened, closed, relocated or abandoned, for all or part of the year. The board's decision must be based on specific findings, including, but not limited to:

(a) The resulting benefit to the general public;

(b) Whether any significant impairment of the environment or natural resources will result; and

(c) Whether the decision will result in a significant reduction in the value of public or private property.

The order of the board must be reduced to writing, including a statement of any actions which must be taken to effectuate the decision and the person to whom each such action has been assigned. If possible, the order must be signed by any person who has agreed to take a specific action to effectuate the board's decision. The lack of such a signature does not invalidate the order.

4. If the order of the board is to close or abandon a public road, the board shall, upon the petition of five or more residents of the state, designate and provide an alternate route serving the same area. The closure or abandonment of a public road by the board does not prohibit or restrict the use of that road by a governmental agency or a public utility regulated by the public [service] *utilities* commission of Nevada for the maintenance, construction or operation of a facility of the agency or utility.

5. Any person or governmental agency may bring and maintain an action in the district court of the county in which the public road lies to prevent any person, including a public agency, from violating an order issued pursuant to subsection 3.

6. The attorney general may bring and maintain an action in any court or before any federal agency if an agency or instrumentality of the Federal Government denies the use of a public road located on public land in this state.

7. Nothing in this section affects the right of the department of transportation to regulate freeways or highways in this state.

Sec. 285. NRS 405.201 is hereby amended to read as follows:

2. "Public utility" means any public utility, as that term is defined in NRS 704.020, that is subject to the jurisdiction of the public [service] *utilities* commission of Nevada.

Sec. 286. NRS 445A.535 is hereby amended to read as follows:

445A.535 Any public utility subject to the jurisdiction of the public [service] *utilities* commission of Nevada which is providing sewerage on June 7, 1979, is exempt from the provisions of NRS 445A.540 to 445A.560, inclusive.

Sec. 287. NRS 445A.540 is hereby amended to read as follows:

445A.540 A permit to discharge water from a package plant for sewage treatment may not be issued unless all of the following conditions are met:

6. The declaration of covenants, conditions and restrictions recorded by the owners further provides that if the local governing body determines that:

(a) The plant is not satisfactorily serving the needs of its users; and

(b) Sewerage provided by a public utility or a municipality or other public entity is reasonably available,

the local governing body may require all users of a package plant for sewage treatment to connect into the available sewers provided by a [public] utility or a municipality or other public entity, and each lot or parcel will be assessed by the local governing body for its proportionate share of the cost of connecting into those sewers. These assessments are not subject to the jurisdiction of the public [service] *utilities* commission of Nevada.

7. Provision has been made for disposition of the plant and the land on which it is situated after the local governing body requires all users to connect into available sewers provided by a public utility or a municipality or other public entity.

3. May establish by regulation a system for the issuance of operating permits for suppliers of water and set a reasonable date after which a person shall not operate a public water system constructed before July 1, 1991, without possessing a permit issued by a health authority.

Sec. 289. NRS 445A.890 is hereby amended to read as follows:

445A.890 Before making the finding specified in NRS 445A.910 and before making the determinations specified in NRS 244.3655, 268.4102 and 445A.895, the state board of health shall request comments from the:

4. The applicant furnishes the local governing body sufficient surety in the form of a bond, certificate of deposit, investment certificate or any other form acceptable to the governing body, to ensure the continued maintenance and operation of the water system:

(a) For 5 years following the date the system is placed in operation; or

(b) Until 75 percent of the lots or parcels served by the system are sold, whichever is later.

5. The owners of the lands to be served by the water system record a declaration of covenants, conditions and restrictions, which is an equitable servitude running with the land and which must provide that each lot or parcel will be assessed by the local governing body for its proportionate share of the cost of continued operation and maintenance of the water system if there is a default by the applicant or operator of the water system and a sufficient surety, as provided in subsection 4, is not available.

6. If the water system uses or stores ozone, the portion of the system where ozone is used or stored must be constructed not less than 100 feet from any existing residence, unless the owner and occupant of each residence located closer than 100 feet consent to the construction of the system at a closer distance.

7. The declaration of covenants, conditions and restrictions recorded by the owners of the lands further provides that if the state board of health determines that:

(a) The water system is not satisfactorily serving the needs of its users; and

(b) Water provided by a public utility or a municipality or other public entity is reasonably available,

the local governing body may, pursuant to NRS 244.3655 or 268.4102, require all users of the water system to connect into the available water system provided by a public utility or a municipality or other public entity, and each lot or parcel will be assessed by the local governing body for its proportionate share of the costs associated with connecting into that water system. 445A.900 No lien for the assessments provided by the covenants, conditions and restrictions described in NRS 445A.895 is binding upon the property until:

2. The public [service] *utilities* commission of Nevada determines the amount of the assessments,

and the local governing body records a notice of lien in the office of the county recorder in the county in which the property is located.

598.180 "Door-to-door sale" means any sale, purchase, lease or rental of any consumer goods or services with a purchase price of $25 or more which is the result of any door-to-door solicitation or personal solicitation by the seller or his representative, whether at the specific invitation of the buyer or not, and which is made at a place other than the place of business of the seller. The term "door-to-door sale" does not include a transaction:

3. In which the buyer has initiated the contact and the goods or services are needed to meet a bona fide immediate personal emergency of the buyer, and the buyer furnishes the seller with a separate dated and signed personal statement in the buyer's handwriting describing the situation requiring immediate remedy and expressly acknowledging and waiving the right to cancel the sale within 3 business days.

4. Conducted and consummated entirely by mail or telephone, and without any other contact between the buyer and the seller or its representative prior to delivery of the goods or performance of the service.

5. In which the buyer has initiated the contact and specifically requested the seller to visit his home for the purpose of repairing or performing maintenance upon the buyer's personal property. If in the course of the visit, the seller sells the buyer the right to receive additional services and goods other than replacement parts necessarily used in performing the maintenance or in making the repairs, the sale of those additional goods or services would not fall within this exclusion.

6. Pertaining to the sale or rental of real property, to the sale of insurance or to the sale of securities or commodities by a broker-dealer registered with the Securities Exchange Commission.

7. Pertaining to the sale or rental of vehicles as defined in NRS 482.135.

4. Conduct or agreements relating to rates, fares, classifications, divisions, allowances or charges , [(] including charges between carriers and compensation paid or received for the use of facilities and equipment [)] , *that are* authorized, regulated or approved by the [public service commission of Nevada] *transportation services authority* pursuant to chapter 706 of NRS.

4. An owner of property who is building or improving a residential structure on the property for his own occupancy and not intended for sale. The sale or offering for sale of the newly built structure within 1 year after its completion creates a rebuttable presumption for the purposes of this section that the building of the structure was performed with intent to sell.

5. The sale or installation of any finished product, material or article of merchandise which is not actually fabricated into and does not become a permanent fixed part of the structure.

6. Any construction, alteration, improvement or repair of personal property.

Sec. 331. Section 71 of this act is hereby amended to read as follows:

Sec. 71. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 or as otherwise provided by the commission pursuant to NRS 704.095 or 704.097:

1. Whenever there is filed with the commission any schedule stating a new or revised individual or joint rate, fare or charge, or any new or revised individual or joint regulation or practice affecting any rate, fare or charge, or any schedule resulting in a discontinuance, modification or restriction of service, the commission may, upon complaint or upon its own motion without complaint, at once, without answer or formal

pleading by the interested utility, investigate or, upon reasonable notice, conduct a hearing concerning the propriety of the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice.

2. Pending the investigation or hearing and the decision thereon, the commission, upon delivering to the utility affected thereby a statement in writing of its reasons for the suspension, may suspend the operation of the schedule and defer the use of the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice, but not for more than 150 days beyond the time when the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice would otherwise go into effect.

3. Whenever there is filed with the commission any schedule stating an increased individual or joint rate, fare or charge for service or equipment, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. During any hearing concerning the increased rates, fares or charges determined by the commission to be necessary, the commission shall consider evidence in support of the increased rates, fares or charges based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but no new rates, fares or charges may be placed into effect until the changes have been experienced and certified by the utility to the commission. The commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the filing with the commission of the certification required in this subsection, or before the expiration of any period of suspension ordered pursuant to subsection 2, whichever time is longer, the commission shall make such order in reference to those rates, fares or charges as is required by this chapter.

4. After full investigation or hearing, whether completed before or after the date upon which the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice is to go into effect,

the commission may make such order in reference to the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice as would be proper in a proceeding initiated after the rate, fare, charge, classification, regulation, discontinuance, modification, restriction or practice has become effective.

5. Whenever an application is filed by a public utility for an increase in any rate, fare or charge based upon increased costs in the purchase of fuel or power, and the public utility has elected to use deferred accounting for costs of the purchase of fuel or power in accordance with the commission's regulations, the commission, by appropriate order after a public hearing, shall allow the public utility to clear the deferred account not more often than every 6 months by refunding any credit balance or recovering any debit balance over a period not to exceed 1 year as determined by the commission. The commission shall not allow a recovery of a debit balance or any portion thereof in an amount which would result in a rate of return in excess of the rate of return most recently granted the public utility.

6. Except as otherwise provided in subsection 7 or in NRS 707.350, whenever a general rate application for an increased rate, fare or charge for, or classification, regulation, discontinuance, modification, restriction or practice involving service or equipment has been filed with the commission, a public utility shall not submit another general rate application until all pending general rate applications for increases in rates submitted by that public utility have been decided unless, after application and hearing, the commission determines that a substantial financial emergency would exist if the other application is not permitted to be submitted sooner.

7. A public utility may not file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale more often than once every 30 days.

8. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 and accepted by the commission for acquisition or construction pursuant to NRS 704.751 and the regulations adopted pursuant thereto shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing such a facility. As used in this subsection, "utility facility" has the meaning ascribed to it in subsections 1 and 2 of NRS 704.860.

(b) Offends public decency;

(c) Unlawfully interferes with, befouls, obstructs or tends to obstruct, or renders dangerous for passage, a lake, navigable river, bay, stream, canal, ditch, millrace or basin, or a public park, square, street, alley, bridge, causeway or highway; or

(d) In any way renders a considerable number of persons insecure in life or the use of property,

is a public nuisance.

4. Agricultural activity conducted on farmland consistent with good agricultural practice and established before surrounding nonagricultural activities is not a public nuisance unless it has a substantial adverse effect on the public health or safety. It is presumed that an agricultural activity which does not violate a federal, state or local law, ordinance or regulation constitutes good agricultural practice.

5. A shooting range is not a public nuisance with respect to any noise attributable to the shooting range if the shooting range is in compliance with the provisions of all applicable statutes, ordinances and regulations concerning noise:

(a) As those provisions existed on October 1, 1997, for a shooting range that begins operation on or before October 1, 1997; or

(b) As those provisions exist on the date that the shooting range begins operation, for a shooting range in operation after October 1, 1997.

A shooting range is not subject to any state or local law related to the control of noise that is adopted or amended after the date set forth in paragraph (a) or (b), as applicable, and does not constitute a nuisance for failure to comply with any such law.

Mr. Speaker appointed Assemblymen de Braga, Carpenter and Sandoval as a first Committee on Conference to meet with a like committee of the Senate for the further consideration of Assembly Bill No. 470.

REMARKS FROM THE FLOOR

Mr. Speaker requested Assemblywoman de Braga's remarks regarding Senate Bill No. 266 be entered in the Journal.

ASSEMBLYWOMAN DE BRAGA:

Thank you, Mr. Speaker. Senate Bill 266 revises provisions for the state's regulation of highly hazardous materials, or HHS. The bill says facilities handling HHS in certain amounts are subject to CAPP. Facilities handling smaller quantities of HHS are subject to CAPP if they have two or more releases in a year. The bill adds TICL-4 to the list of HHS, makes corrections to the list, and includes local health districts among the entities to be consulted when DEP examines information on HHS.

S.B. 266 also authorizes DCNR to accept authority and money for the RMP program to prevent accidental releases of HHS under the federal CAA. It authorizes SEC to adopt RMP regulations, including penalties, and direct DEP to enforce the RMP.

The CAPP-related provisions are effective on P&A.

Because this is a difficult subject, let me summarize by explaining. S.B. 266 leaves OHSA's PSM standard under state OSHES of the DIR of the DB&I, and puts the RMP under the DEP of the DCNR, which oversees the CAPP. The agencies can still enter into MOUs and transport permits may be required by DMV. It charges SEC with adopting RMP regs and directs DEP to enforce the RMP.

And finally, Mr. Speaker, written testimony submitted to NATRAM also made reference to PMS, but we believe that was unintentional.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Chairman Goldwater, I have to respond, because quite frankly, your appointment as chairman of the committee did not meet with popular approval throughout the State of Nevada. However, you have proven yourself and done a nice job. I compliment you for working so hard for some big issues for the State of Nevada. We are going to digress from the program for just a minute. We have some plaques to give out. Paula, my administrative secretary, is here to hand them out. I'd like to call Bernie Anderson up to get his plaque as Chairman of Judiciary. We are very proud of Bernie and the great job he has done. He has had a ton of bills, probably the most bills in any committee in either house, and he did an excellent job. Thank you for all your hard work.

Mr. Arberry is Chairman of Ways and Means. The old Moose is at it. What can we say about Moose? He is there and he worked hard. He worked his committee hard, and I will tell you this, 7:00 or 7:30 a.m. is tough, especially in the middle of winter. Let's give Moose a big hand for a beautiful job.

The next one is a hard worker and has done a heck of a job for Government Affairs. Doug Bache, please come down. Doug has done a beautiful job in Government Affairs, I'll tell you. Good chairman. Of course, that is my favorite committee because I chaired it for five terms, but I'll tell you Doug did a beautiful job. Just as good as the old man could have done. Probably better. The issues are a lot more now than when I started.

Mrs. Chowning, Chairman of Transportation. Vonne, thank you for all your fine work. You have been a great chairman. I think Transportation really established itself as a credible committee this year because of your leadership. Thank you.

We have a little lady here from the cow counties that took on a committee that is a hot spot for her. She may or may not agree with the particular bills that come to her committee but she handled everything very well and Marcia de Braga how about you stepping up here? Marcia, you did a wonderful job. I'll tell you, you took care of the bills you had to take care of and you killed the ones I told you to kill. Great!

Vivian Freeman is our Chairman of Health and Human Services. Vivian, you are the old workhorse here that works hard on the tough issues of welfare and child support. Vivian, thank you for being a great chairman.

Now, a slightly controversial character is Chris Giunchigliani, Chairman of Elections, Procedures, and Ethics. Chris, come on down. I appreciate all your efforts. I thought you did a beautiful job this year in Elections, Procedures, and Ethics. You have done a lot of work, because you are a strong chairman that makes things happen. I really am proud of that committee, and your work as chairman.

Mr. Goldwater, Chairman of Infrastructure. Come on down, Goldie! You know, I was criticized for forming an Infrastructure Committee by some colleagues down the hall. They said I shouldn't have done that. But I thought the issue was important enough for the State of Nevada and for the major counties in this state to form that committee, and I am still proud of the fact that I formed the committee and that I put Dave Goldwater as chairman. You did an excellent job and got the big ones out.

The next one is Sandi Krenzer, Chairman of Labor and Management. Sandi, you worked hard and did a good job. We got a lot of strong legislation through for your committee because of your guidance and help to do things right. We congratulate you and thank you for your efforts.

We have a guy who I really love like a son, and his efforts this session are not only reflected as Chairman of Commerce, but also as Majority Leader. I would like to thank Richard Perkins. Richard has certainly done a great job as chairman of commerce. He handled the big issues; he has been able to resolve them and certainly has proved himself to be a major committee chairman. Richard, thanks for all your efforts, and without you we probably would be hanging around for a couple more weeks.

Mr. Price, Chairman of Taxation. Bob is Mr. Reliable. He has been here a long time. He started out the session ill and in a wheel chair. Each day I could see him coming on stronger. His committee has handled big time stuff here at the end. There is one thing about it, Bob Price will handle legislation when he gets it and always does a good job. Bob, thank you very much.

Last but not least, Wendell Williams, Chairman of Education. Wendell, you had a lot of hot issues in your committee. You know education and you are dedicated to the kids in this state and I am proud of you. Congratulations and thanks for all your effort this session.

We have a few leadership plaques to give out. The first one is Jan Evans, Speaker pro Tempore. Jan did a beautiful job and she is there anytime I need her. We were in consultation throughout the session and whatever I wanted she asked if she could help. She presided beautifully, and wouldn't be bad up here permanently. I love that idea. Thanks for all your help and cooperation this session. I really appreciate it.

I have already spoken about my majority floor leader. He is a young man from Henderson, but he has a lot of background and lots of good heritage involved in Henderson. When I first came to the Legislature, Hall Smith from Henderson taught me how to be a chairman of a committee. Jack Jeffrey from Henderson taught me how to be a politician, and this man is a combination of both. Richard, thank you so much for your job as Majority Leader.

We have a young lady that kind of drifted by last session, and has been an instant favorite in this chamber. Ms. Buckley, would you please come front and center? Barbara, you have done a wonderful job. You are really a stabilizing force. You have been everywhere we needed you. Your job hasn't ended yet because in the next couple of days, we are going to need your expertise on a few ticklish issues. Lets give Barbara another big hand.

Mr. Williams, Majority Whip. Wendell, I want to thank you for handling the position of Majority Whip. I know that you worked hard. A lot of our outlaw Democrats don't like all the

programs the Democrats may propose, but usually we got the votes because of your efforts and we thank you so much.

Ms. Krenzer, the Assistant Majority Whip. Sandi, I know a lot of the bills we pushed, worked on, and got passed were because of you working with Wendell. We congratulate you for an excellent job well done.

This is a big guy who has done a remarkable job coordinating the Senate with the Assembly. He belongs to the minority in the chamber, but you have to say he has a definite influence on the session. He is one of the greatest kids I have ever known from Elko, even if he grew up with the sheep. Pete Ernaut, step up here. Pete has been a great leader and helped us considerably with the Senate, and helped us pass good legislation in this house because he was willing to work in a bipartisan manner. From the bottom of my heart, I certainly appreciate your efforts, Pete.

Ms. Braunlin, Minority Whip. Deanna has done a great job in this Chambers, and I especially thank her for all her work and help on electric restructuring. I know you probably were out there getting votes for the Republicans all the time but I can't help that. You have done a beautiful job here, and I congratulate you and thank you for being part of the team.

This is a name I have trouble pronouncing, especially when I have the wrong glasses on. Ms. Cegavske, Assistant Minority Whip. Barbara, I want to thank you very much for all your efforts. It has been a pleasure working with you, especially in Ways and Means. I know you were out there hustling votes too, but I forgive you.

ASSEMBLYMAN PERKINS:

Mr. Speaker, with your indulgence, I have a presentation for you. If you would allow me to approach the rostrum. No, I am not trying to get comfortable up here. You know, we have had a lot of opportunities this session to speak about our Speaker. The records he has set in these chambers, the effect he has had on state policy, and just the fact that it is such an honor to serve with a man such as Joseph E. Dini, Jr. from Yerington. It is something that we will remember for a long, long time. It is a part of history, and it is something I am at a loss for words to properly describe. I took it upon myself to get this item for Mr. Speaker. It has a small inscription on it that says, "Presented to Speaker Joe Dini from Majority Leader Richard Perkins on behalf of the 69th Legislative Assembly, State of Nevada, 1997."

ASSEMBLYMAN DINI:

That is beautiful. Thank you so very much. Thank you each and every one of you for making this a great session. Richard, that is beautiful.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker, for all of your help, and I guess since we are doing these types of things, it means we are close to going home.

ASSEMBLYMAN ERNAUT:

Thank you Mr. Speaker, I would be remiss if the minority did not speak to the presentation to the Speaker. Obviously our leader, Mr. Hettrick, would certainly want to get up and commend you on a fantastic session. Lynn and I obviously had a common bond with a man named Lou Bergevin who was a mentor to not only us but also many people in this body. When we reluctantly saw him leave this process, Lynn and I got to sit with him one day as we were coming into our freshman session. The last piece of advice he gave us was to stay close to Joe Dini. He is a good man, a fair man, and regardless of party and region, he is the man that would make it happen in the Assembly and for the State of Nevada. That advice has always done me well. It has always done others well in this body, those who have come and those who have gone. From our standpoint, we are very flattered to have served with you.

Prayer by the Chaplain, The Reverend Lisa Schilbe.

Lord God, You know as well as we do what day it is. As we celebrate freedom, many of us long to be set free from this room and the work before us to be with our family and friends. Set us free from the weariness, frustration and distractions that burden us. Instead, fill us with creativity, patience and renewed strength of purpose. Put a smile on our faces and help us to laugh and enjoy the close of our time with one another. We pray this in the Name of the One who offers joy and freedom to all. AMEN.

SECOND READING AND AMENDMENT

Senate Bill No. 100.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 1036.

Amend the bill as a whole by renumbering section 1 as sec. 1.5 and adding a new section designated section 1, following the enacting clause, to read as follows:

"Section 1. The legislature hereby finds and declares that:

1. Certain sex offenders who are convicted in this state pose a grave danger to the public because they are likely to commit sexual offenses repeatedly, most often without remorse or concern for their victims, many of whom are children.

2. Because those sex offenders who are convicted in this state pose a grave danger to the public, it is necessary to provide for longer terms of imprisonment for such sex offenders.

3. It is not the intent of the legislature to use involuntary civil commitment in lieu of imposing longer terms of imprisonment for habitual sex offenders convicted in this state.".

Amend sec. 23, page 6, line 9, by deleting: "*every 6 months*" and inserting "*each year*".

Amend sec. 25, page 6, line 32, by deleting: "*every 6 months*" and inserting "*each year*".

Amend the bill as a whole by deleting sections 33 and 34 and adding new sections designated sections 33 through 43, following sec. 32, to read as follows:

"Sec. 33. NRS 173.095 is hereby amended to read as follows:

173.095 1. The court may permit an indictment or information to be amended at any time before verdict or finding if no additional or different offense is charged and if substantial rights of the defendant are not prejudiced.

2. If an indictment is found charging a primary offense upon which a charge of habitual criminality may be based, the prosecuting attorney may file a notice of habitual criminality with the court. If an indictment is found charging a primary offense upon which a charge of:

(a) Habitually fraudulent felon may be based, the prosecuting attorney shall file a notice of habitually fraudulent felon with the court.

(b) Habitual felon may be based, the prosecuting attorney shall file a notice of habitual felon with the court.

(c) Habitual sex offender may be based, the prosecuting attorney shall file a notice of habitual sex offender with the court.

3. The court shall permit an information to be amended pursuant to subsection 4 of NRS 173.035.

Sec. 34. NRS 176.185 is hereby amended to read as follows:

176.185 1. Except as otherwise provided in this section, whenever a person is found guilty in a district court of a crime upon verdict or plea, except in cases of murder of the first or second degree, kidnaping in the first degree, sexual assault, attempted sexual assault of a child who is less than 16 years of age, an offense for which the suspension of sentence or the granting of probation is expressly forbidden, or where the person is found to be a habitual criminal pursuant to NRS 207.010, a habitually fraudulent felon pursuant to NRS 207.014 , [or] a habitual felon pursuant to NRS 207.012 [,] *or a habitual sex offender pursuant to section 35 of this act,* the court:

(a) If the person is found guilty of a category E felony, shall suspend the execution of the sentence imposed and grant probation to the person pursuant to NRS 193.130; or

(b) If the person is found guilty of any other felony, a gross misdemeanor or a misdemeanor, may suspend the execution of the sentence imposed and grant probation as the court deems advisable.

2. In determining whether to place a person on probation, the court shall not consider whether the person has the financial ability to participate in a program of probation secured by a surety bond established pursuant to NRS 176.1851 to 176.18525, inclusive.

3. The court may grant probation to a person convicted of indecent or obscene exposure or of lewdness only if a certificate of a psychologist or psychiatrist, as required by NRS 201.210, 201.220 or 201.230, is received by the court. The court shall consider the standards adopted pursuant to NRS 213.10988 and the recommendation of the chief parole and probation officer, if any, in determining whether to grant probation.

4. If the court determines that a defendant is otherwise eligible for probation but requires more supervision than would normally be provided to a person granted probation, the court may, in lieu of sentencing him to a term of imprisonment, grant him probation pursuant to the program of intensive supervision established pursuant to NRS 176.198.

5. The court shall not, except as otherwise provided in this subsection, grant probation to a person convicted of a felony until the court receives a written report from the chief parole and probation officer. The chief parole and probation officer shall submit a written report not later than 45 days

following a request for a probation investigation from the county clerk, but if a report is not submitted by the chief parole and probation officer within 45 days the district judge may grant probation without the written report.

6. If the court determines that a defendant is otherwise eligible for probation, the court shall when determining the conditions of that probation consider the imposition of such conditions as would facilitate timely payments by the defendant of his obligation, if any, for the support of a child and the payment of any such obligation which is in arrears.

Sec. 35. Chapter 207 of NRS is hereby amended by adding thereto a new section to read as follows:

1. If a person is convicted in this state of a sexually violent offense and the person previously has been convicted of at least one other sexually violent offense, the person is a habitual sex offender and shall be punished for a category A felony by imprisonment in the state prison for life without the possibility of parole.

2. If a person is alleged to have committed a sexually violent offense in this state and the person has at least one prior conviction of a sexually violent offense, the prosecuting attorney shall include a count of habitual sex offender in any information that is filed or, if an indictment is found, shall file a notice of habitual sex offender.

3. The trial judge may not dismiss a count under this section that is included in an indictment or information.

4. If a person is adjudicated a habitual sex offender pursuant to this section and adjudicated a habitual felon pursuant to NRS 207.012 in the same proceeding, the person must be punished pursuant to this section.

5. As used in this section, "sexually violent offense" means:

(a) Sexual assault pursuant to NRS 200.366.

(b) Battery with intent to commit sexual assault pursuant to NRS 200.400.

(c) A violation of the provisions of NRS 201.195, 201.210 or 201.230 if:

(2) During the hearing held pursuant to NRS 207.016, the prosecuting attorney proves beyond a reasonable doubt that the violation involved the use or the threatened use of violence or force against the victim.

(d) An act of murder in the first or second degree, kidnaping in the first or second degree, false imprisonment, burglary or invasion of the home if:

(1) The act was found to have been sexually motivated pursuant to NRS 175.547; or

(2) During the hearing held pursuant to NRS 207.016, the prosecuting attorney proves beyond a reasonable doubt that the act was sexually motivated, as defined in subsection 5 of NRS 175.547.

(e) An attempt to commit an act or offense listed in paragraphs (a) to (d), inclusive.

(f) An act or offense committed in another jurisdiction that, if committed in this state, would be an act or offense listed in this subsection.

Sec. 36. NRS 207.010 is hereby amended to read as follows:

(a) Any crime of which fraud or intent to defraud is an element, or of petit larceny, or of any felony, who has previously been two times convicted, whether in this state or elsewhere, of any crime which under the laws of the situs of the crime or of this state would amount to a felony, or who has previously been three times convicted, whether in this state or elsewhere, of petit larceny, or of any misdemeanor or gross misdemeanor of which fraud or intent to defraud is an element, is a habitual criminal and shall be punished for a category B felony by imprisonment in the state prison for a minimum term of not less than 5 years and a maximum term of not more than 20 years.

(b) Any felony, who has previously been three times convicted, whether in this state or elsewhere, of any crime which under the laws of the situs of the crime or of this state would amount to a felony, or who has previously been five times convicted, whether in this state or elsewhere, of petit larceny, or of any misdemeanor or gross misdemeanor of which fraud or the intent to defraud is an element, is a habitual criminal and shall be punished for a category A felony by imprisonment in the state prison:

(2) For life with the possibility of parole, with eligibility for parole beginning when a minimum of 10 years has been served; or

(3) For a definite term of 25 years, with eligibility for parole beginning when a minimum of 10 years has been served.

2. It is within the discretion of the prosecuting attorney whether to include a count under this section in any information or file a notice of habitual criminality if an indictment is found. The trial judge may, at his discretion, dismiss a count under this section which is included in any indictment or information.

Sec. 37. NRS 207.012 is hereby amended to read as follows:

207.012 1. A person who:

(a) Has been convicted in this state of a felony listed in subsection 2; and

(b) Before the commission of that felony, was twice convicted of any crime which under the laws of the situs of the crime or of this state would be a felony listed in subsection 2, whether the prior convictions occurred in this state or elsewhere,

(1) For life without the possibility of parole;

(2) For life with the possibility of parole, with eligibility for parole beginning when a minimum of 10 years has been served; or

(3) For a definite term of 25 years, with eligibility for parole beginning when a minimum of 10 years has been served.

2. The district attorney shall include a count under this section in any information or shall file a notice of habitual felon if an indictment is found, if each prior conviction and the alleged offense committed by the accused constitutes a violation of subparagraph (1) of paragraph (a) of subsection 1 of NRS 193.330, NRS 199.160, 199.500, 200.030, 200.320, 200.330, 200.340, 200.366, 200.380, 200.390, subsection 3 or 4 of NRS 200.400, NRS 200.410, subsection 3 of NRS 200.450, subsection 4 of NRS 200.460, NRS 200.465, subsection 2 of NRS 200.508, NRS 200.710, 200.720, 201.230, 201.450, 202.170, 202.270, subsection 2 of NRS 202.780, paragraph (b) of subsection 2 of NRS 202.820, subsection 2 of NRS 202.830, NRS 205.010, subsection 4 of NRS 205.060, subsection 4 of NRS 205.067, NRS 205.075, 207.400, paragraph (a) of subsection 1 of NRS 212.090, NRS 453.333, 484.219 or 484.3795.

3. The trial judge may not dismiss a count under this section that is included in an indictment or information.

Sec. 38. NRS 207.016 is hereby amended to read as follows:

207.016 1. A conviction pursuant to NRS 207.010, 207.012 or 207.014 *or section 35 of this act* operates only to increase, not to reduce, the sentence otherwise provided by law for the principal crime.

2. If a count pursuant to NRS 207.010, 207.012 or 207.014 *or section 35 of this act* is included in an information charging the primary offense, each previous conviction must be alleged in the accusatory pleading, but no such conviction may be alluded to on trial of the primary offense, nor may any allegation of the conviction be read in the presence of a jury trying the offense or a grand jury considering an indictment for the offense. A count pursuant to NRS 207.010, 207.012 or 207.014 *or section 35 of this act* may be separately filed after conviction of the primary offense, but if it is so filed, sentence must not be imposed, or the hearing required by subsection 3 held, until 15 days after the separate filing.

3. If a defendant charged pursuant to NRS 207.010, 207.012 or 207.014 *or section 35 of this act* pleads guilty or guilty but mentally ill to, or is found guilty of, the primary offense [, but] *and:*

(b) The prosecuting attorney must prove an additional factor to establish that a previous conviction was for a sexually violent offense pursuant paragraph (c) or (d) of subsection 5 of section 35 of this act,

the court shall determine the issue of the previous conviction *or the additional factor* after hearing all relevant evidence presented on the issue by

the [prosecution] *prosecuting attorney* and the defendant. At such a hearing, the defendant may not challenge the validity of a previous conviction.

4. The court shall impose sentence:

(a) Pursuant to NRS 207.010 upon finding that the defendant has suffered previous convictions sufficient to support an adjudication of habitual criminality;

(b) Pursuant to NRS 207.012 upon finding that the defendant has suffered previous convictions sufficient to support an adjudication of habitual felon [; or] *, unless the provisions of section 35 of this act otherwise apply;*

(c) Pursuant to NRS 207.014 upon finding that the defendant has suffered previous convictions sufficient to support an adjudication of habitually fraudulent felon [.

4.] *; or*

(d) Pursuant to section 35 of this act upon finding that the defendant has suffered previous convictions sufficient to support an adjudication of habitual sex offender.

5. Nothing in the provisions of this section, NRS 207.010, 207.012 or 207.014 *or section 35 of this act* limits the [prosecution] *prosecuting attorney* in introducing evidence of prior convictions for purposes of impeachment.

[5.] *6.* For the purposes of NRS 207.010, 207.012 and 207.014 [,] *and section 35 of this act,* a certified copy of a felony conviction is prima facie evidence of conviction of a prior felony.

[6.] *7.* Nothing in the provisions of this section, NRS 207.010, 207.012 or 207.014 *or section 35 of this act* prohibits a court from imposing an adjudication of habitual criminality, adjudication of habitual felon , [or] adjudication of habitually fraudulent felon *or adjudication of habitual sex offender* based upon a stipulation of the parties.

Sec. 13. NRS 176.185 is hereby amended to read as follows:

If the person denies the existence of a previous conviction, the court shall determine the issue of the previous conviction after hearing all relevant evidence presented on the issue by the prosecution and the person. At such a hearing, the person may not challenge the validity of a previous conviction. For the purposes of this subparagraph, a certified copy of a felony conviction is prima facie evidence of conviction of a prior felony.

(c) Another felony, a gross misdemeanor or a misdemeanor, *the court* may suspend the execution of the sentence imposed and grant probation as the court deems advisable.

2. In determining whether to place a person on probation, the court shall not consider whether the person has the financial ability to participate in a program of probation secured by a surety bond established pursuant to NRS 176.1851 to 176.18525, inclusive.

3. (c) Economic disadvantages for businesses located in both the urban and nonurban areas of the county.

2. Sec. 24. 1. The board of county commissioners of Washoe County may by ordinance, but not as in a case of emergency, impose a tax upon the retailers at the rate of not more than one-eighth of 1 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail, or stored, used or otherwise consumed in the county if the board:

An ordinance enacted pursuant to subsection 1 must specify the date on which the tax must first be imposed which must occur on the first day of the first month of the next calendar quarter that is at least 60 days after the date on which a two-thirds majority of the board of county commissioners approved the question.

(c) A provision stating the specific purpose for which the proceeds of the tax must be expended.

(d) A provision that the county shall contract before the effective date of the ordinance with the department of taxation to perform all functions incident to the administration or operation of the tax in the county.

(e) A provision that exempts from the tax the gross receipts from the sale of, and the storage, use or other consumption in a county of, tangible personal property used for the performance of a written contract:

(1) Entered into on or before the effective date of the tax; or

(2) For the construction of an improvement to real property for which a binding bid was submitted before the effective date of the tax if the bid was afterward accepted,

if under the terms of the contract or bid the contract price or bid amount cannot be adjusted to reflect the imposition of the tax.

5. No ordinance imposing a tax which is enacted pursuant to subsection 1 may be repealed or amended or otherwise directly or indirectly modified in such a manner as to impair any outstanding bonds or other obligations which are payable from or secured by a pledge of a tax enacted pursuant to subsection 1 until those bonds or other obligations have been discharged in full.

7. The department of taxation shall deposit the payments with the state treasurer for credit to the sales and use tax account in the state general fund.

8. The state controller, acting upon the collection data furnished by the department of taxation, shall monthly:

(a) Transfer from the sales and use tax account to the appropriate account in the state general fund a percentage of all fees, taxes, interest and penalties collected pursuant to this section during the preceding month as compensation to the state for the cost of collecting the taxes. The percentage to be transferred pursuant to this paragraph must be the same percentage as the percentage of proceeds transferred pursuant to paragraph (a) of subsection 3 of NRS 374.785 but the percentage must be applied to the proceeds collected pursuant to this section only.

(b) Determine for the county an amount of money equal to any fees, taxes, interest and penalties collected in or for the county pursuant to this section during the preceding month, less the amount transferred to the state general fund pursuant to paragraph (a).

(c) Transfer the amount determined for the county to the intergovernmental fund and remit the money to the county treasurer.

9. The county treasurer shall deposit the money received pursuant to subsection 8 in the county treasury for credit to a fund to be known as the railroad grade separation projects fund. The railroad grade separation projects fund must be accounted for as a separate fund and not as a part of any other fund.

10. 3. Upon the request of the legislative auditor or his authorized representative, the officers and employees of each member of the Southern Nevada Water Authority shall make available to the legislative auditor any of their books, accounts, claims, reports, vouchers or other records of information, confidential or otherwise and irrespective of their form or location, which the legislative auditor deems necessary to conduct the audit required by this section.

2. Any remaining balance of the sum transferred pursuant to subsection 1 must not be committed for expenditure after January 18, 1999, and must be transferred to the Southern Nevada Water Authority as soon as all payments of money committed have been made.

Assemblywoman Evans moved that the Assembly concur in the Senate amendment to Assembly Bill No. 394.

Remarks by Assemblywoman Evans.

Assemblywoman Evans requested that her remarks be entered in the Journal.

Mr. Speaker, this is a friendly amendment. It changes some dates and gives better definitional structure to the bill. I do wish to call to the attention of the Assembly that concern was expressed, with regard to section 5, that this would not apply to health maintenance organizations that would contract with the state under managed care. Indeed, I wish to emphasize that that is not the case, it is not the intent, and that these special prescribed foods would be covered for those who are served by Medicaid.

Thank you, Mr. Speaker.

If a different length of stay is provided in the guidelines established by the American College of Obstetricians and Gynecologists, or its successor organization, and the American Academy of Pediatrics, or its successor organization, the individual health benefit plan may follow such guidelines in lieu of following the length of stay set forth above. (e) Except as otherwise provided in subsection 4, restrict benefits for any portion of a hospital stay required pursuant to the provisions of this section in a manner that is less favorable than the benefits provided for any preceding portion of that stay.

4. Nothing in this section:

(a) Prohibits an individual health benefit plan from imposing a deductible, coinsurance or other mechanism for sharing costs relating to benefits for hospital stays in connection with childbirth for a mother or newborn child covered by the plan, except that such coinsurance or other mechanism for sharing costs for any portion of a hospital stay required by this section may not be greater than the coinsurance or other mechanism for any preceding portion of that stay.

(b) Prohibits an arrangement for payment between an individual health benefit plan and a provider of health care that uses capitation or other financial incentives, if the arrangement is designed to provide services efficiently and consistently in the best interest of the mother and her newborn infant.

(c) Prevents an individual health benefit plan from negotiating with a provider of health care concerning the level and type of reimbursement to be provided in accordance with this section.".

The commissioner shall annually determine the average small group index rate, as measured by the premium volume of the plans, of those five largest carriers.".

Amend sec. 134, page 45, between lines 40 and 41 by inserting: "*If a different length of stay is provided in the guidelines established by the American College of Obstetricians and Gynecologists, or its successor organization, and the American Academy of Pediatrics, or its successor organization, the health benefit plan may follow such guidelines in lieu of following the length of stay set forth above.*".

SECOND READING AND AMENDMENT

Senate Bill No. 218.

Bill read second time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 1242.

Amend the bill as a whole by deleting sections 1 through 17 and adding new sections designated sections 1 through 23, following the enacting clause, to read as follows:

"Section 1. Chapter 353 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 15, inclusive, of this act.

Sec. 2. *As used in sections 2 to 15, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 3 to 7, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 3. *"Disaster" means a fire, flood, earthquake, drought, explosion, civil disturbance or any other occurrence or threatened occurrence that, regardless of cause:*

1. Results in, or may result in, widespread or severe damage to property or injury to or the death of persons in this state; and

2. As determined by the governor, requires immediate action to protect the health, safety and welfare of the residents of this state.

Sec. 4. *"Eligible project" means a project that:*

1. Is related to a disaster; and

2. Is proposed, coordinated or conducted by a public or nonprofit private entity that has been designated and approved as qualifying and eligible to receive federal grant money for the disaster from a federal disaster assistance agency.

Sec. 5. *"Fund" means the disaster relief fund created pursuant to section 8 of this act.*

Sec. 6. *"Grant match" means the share of a grant provided by a federal disaster assistance agency that must be matched by a state or local government.*

Sec. 7. *"Local government" has the meaning ascribed to it in NRS 354.474.*

Sec. 8. *1. The disaster relief fund is hereby created as a special revenue fund. The interim finance committee shall administer the fund. Except as otherwise provided in subsection 2, money received from:*

(a) A direct legislative appropriation to the fund;

(b) A transfer of one-half of the interest earned on money in the fund to stabilize the operation of state government made pursuant to NRS 353.288; and

(c) A grant, gift or donation to the fund,

must be deposited in the fund. Except as otherwise provided in section 18 of this act, the interest and income earned on the money in the fund must, after deducting any applicable charges, be credited to the fund.

2. If, at the end of each quarter of a fiscal year, the balance in the fund exceeds 0.75 percent of the total amount of all appropriations from the state general fund for the operation of all departments, institutions and agencies of state government and authorized expenditures from the state general fund for the regulation of gaming for that fiscal year, the state controller shall not, until the balance in the fund is 0.75 percent or less of that amount, transfer any interest earned on money in the fund to stabilize the operation of state government from the state general fund to the fund pursuant to the provisions of NRS 353.288.

3. Money in the fund may be distributed through grants and loans to state agencies and local governments as provided in sections 2 to 15, inclusive, of this act.

4. If the governor declares a disaster, the state board of examiners shall estimate:

(a) The money in the fund that is available for grants and loans for the disaster pursuant to the provisions of sections 2 to 15, inclusive, of this act; and

(b) The anticipated amount of those grants and loans for the disaster.

Except as otherwise provided in this subsection, if the anticipated amount determined pursuant to paragraph (b) exceeds the available money in the fund for such grants and loans, all grants and loans from the fund for the disaster must be reduced in the same proportion that the anticipated amount of the grants and loans exceed the money in the fund that is available for grants and loans for the disaster. If the reduction of a grant or loan from the fund would result in a reduction in the amount of money that may be received by a state agency or local government from the Federal Government, the reduction in the grant or loan must not be made.

Sec. 9. *Money in the fund may be distributed as a grant to a state agency because of a disaster for the payment of expenses incurred by the state agency for:*

1. The repair or replacement of roads, streets, bridges, water control facilities, public buildings, public utilities, recreational facilities and parks owned by the state and damaged by the disaster;

2. Any emergency measures undertaken to save lives, protect public health and safety or protect property in the jurisdiction in which the disaster occurred;

3. The removal of debris from publicly or privately owned land and waterways undertaken because of the disaster; and

4. The administration of a disaster assistance program.

Sec. 10. *Money in the fund may be distributed as a grant to a local government because of a disaster for:*

1. The payment of expenses incurred by the local government for:

(a) The repair or replacement of roads, streets, bridges, water control facilities, public buildings, public utilities, recreational facilities and parks owned by the local government and damaged by the disaster; and

(b) Any emergency measures undertaken to save lives, protect public health and safety or protect property in the jurisdiction in which the disaster occurred; and

2. The payment of not more than 50 percent of any grant match the local government must provide to obtain a grant from a federal disaster assistance agency for an eligible project to repair damage caused by the disaster within the jurisdiction of the local government.

Sec. 11. *Money in the fund may be distributed as a loan to a local government because of a disaster for:*

1. The payment of expenses incurred by the local government for:

(a) The repair or replacement of roads, streets, bridges, water control facilities, public buildings, public utilities, recreational facilities and parks owned by the local government and damaged by the disaster;

(b) Any overtime worked by an employee of the local government because of the disaster or any other extraordinary expenses incurred by the local government because of the disaster; and

(c) Any projects to reduce or prevent the possibility of damage to persons or property from similar disasters in the future; and

2. The payment of not more than 50 percent of any grant match the local government must provide to obtain a grant from a federal disaster assistance agency for an eligible project to repair damage caused by the disaster within the jurisdiction of the local government. Before a loan may be distributed to a local government pursuant to this subsection:

(a) The interim finance committee must make a determination that the local government is currently unable to meet its financial obligations; and

(b) The local government must execute a loan agreement in which the local government agrees to:

(1) Use the money only for the purpose of paying the grant match; and

(2) Repay the entire amount of the loan, without any interest or other charges, to the disaster relief fund not later than 10 years after the date on which the agreement is executed.

Sec. 12. *1. A state agency or local government may submit a request to the state board of examiners for a grant or loan from the fund as provided in sections 2 to 15, inclusive, of this act if:*

(a) The agency or local government finds that, because of a disaster, it is unable to pay for an expense or grant match specified in section 9, 10 or 11 of this act from money appropriated or otherwise available to the agency or local government; and

(b) The request has been approved by the chief administrative officer of the state agency or the governing body of the local government.

2. A request for a grant or loan submitted pursuant to subsection 1 must include:

(a) A statement setting forth the amount of money requested by the state agency or local government;

(b) An assessment of the need of the state agency or local government for the money requested; and

(c) A determination of the type, value and amount of resources the state agency or local government may be required to provide as a condition for the receipt of a grant or loan from the fund.

3. Upon the receipt of a request for a grant or loan submitted pursuant to subsection 1, the state board of examiners:

(a) Shall consider the request; and

(b) May require any additional information that it determines is necessary to make a recommendation.

4. If the state board of examiners finds that a grant or loan is appropriate, it shall include in its recommendation to the interim finance committee the proposed amount of the grant or loan. If the state board of examiners recommends a loan for a local government, it shall include the information required pursuant to subsection 1 of section 14 of this act. If the state board of examiners finds that a grant or loan is not appropriate, it shall include in its recommendation the reason for its determination.

5. The provisions of this section do not prohibit a state agency or local government from submitting more than one request for a grant or loan from the fund.

Sec. 13. *1. The state board of examiners shall submit a recommendation for each request for a grant or loan made pursuant to section 12 of this act to the director of the legislative counsel bureau. Upon receipt of the recommendation, the director shall notify the chairman of the interim finance committee of that recommendation. The chairman shall call a meeting of the committee to consider the recommendation.*

2. The interim finance committee may reject any recommendation of the state board of examiners and independently evaluate and act upon any request submitted pursuant to section 12 of this act.

3. If the interim finance committee finds that a grant or loan from the fund is appropriate and may be made in accordance with the provisions of sections 2 to 15, inclusive, of this act, it shall, by resolution:

(a) Establish the amount and purpose of the grant or loan; and

(b) Provide for the transfer of that amount from the fund to the appropriate state agency or local government.

4. No grant or loan from the fund may be made by the interim finance committee to increase the salaries of any officers or employees of the state or a local government.

Sec. 14. *1. In addition to any applicable requirements set forth in section 11 of this act, if the interim finance committee approves a loan to a local government pursuant to the provisions of sections 2 to 15, inclusive, of this act, the approval must include a schedule for the repayment of the loan. The schedule must specify:*

(a) A period of not more than 10 years for the repayment of the loan; and

(b) The rate of interest, if any, for the loan.

2. 3. The court shall consider the standards adopted pursuant to NRS 213.10988 and the recommendation of the chief parole and probation officer, if any, in determining whether to grant probation.

4. 6. If the court determines that a defendant is otherwise eligible for probation, the court shall when determining the conditions of that probation consider the imposition of such conditions as would facilitate timely payments by the defendant of his obligation, if any, for the support of a child and the payment of any such obligation which is in arrears.

REMARKS FROM THE FLOOR

Assemblyman Price requested that Assemblyman Anderson's remarks be entered in the Journal.

Thank you, Mr. Speaker. Yesterday was the 4th of July and I had prepared myself to make a few remarks.

Mr. Speaker, sometimes I think that the act of democracy is lost in our July 4th celebrations. Although it focuses on the Declaration of Independence—a document which has come to be cherished as the birth certificate of the country—it is in the bodies of the state legislatures that democracy truly lives.

As a dreamer of the concept of democracy and its practical application, I believe it is in this body that democracy truly rests. The chief executive officer of the state, the governor, was a royal appointment and is, in fact, a leader with the type of authority that leaders have always held, regardless of time. The judiciary has always acted as the intermediary between the strong arm of enforcement and the need for compassion and justice. If the American dream is to live anywhere, it must live in this body. It has—I've seen it live.

It is such a pleasure to serve with people like you—42 people in this room that care about tomorrow—who keep alive a dream, people who each day believe that tomorrow will be better than yesterday and that we can raise the cause of mankind. It's hard not to appreciate the role of democracy, but I think we're often undervalued or under recognized for who we are.

Sometimes people believe that the seat of democracy grew only 200 years ago. I believe that the tree of democracy grows in this room each and every day when I walk into it, and in our committees, when I listen to the free discussion of people. It is unfortunate that in this session, for the first time ever, I have seen members who would use their power and authority to intimidate people, to quiet the public from exercising their right to free speech and to address our body. It always strikes deep at the very root of what a democratic society is all

about. We, each of us, deserve respect, not because of who we are but rather the people who sent us here. Even though we look on each other from time to time askew—because of a particular human nature or an emotional response—it is the people we represent that demand that we treat each other with respect.

I want to especially thank you, Mr. Speaker, for your leadership and for providing us with a great model as a speaker, not because of the number of times that you've been in this chamber but because you have made sure that the people are heard. You have done that from the first time you served in this body and will continue to do so because it is part of your very nature and because you are what every American should be. Mr. Speaker, I wish to salute you because you are the people of this state.

By the Committee on Elections, Procedures, and Ethics:

Assembly Resolution No. 18—Expressing appreciation to the Chief Clerk, the staff of the front desk, the sergeant at arms and his staff and the other attachés of the Assembly for their dedication and outstanding performance during the 69th session of the Nevada Legislature.

WHEREAS, The smooth and efficient operation of the Nevada Legislature is largely dependent upon the quality and dedication of the staff; and

WHEREAS, The attachés of the Assembly, composed of bill clerks, secretaries, the sergeant at arms and his staff, the staff of the front desk and other clerical and support staff, have worked diligently and efficiently in their service to the members of this legislative body; and

WHEREAS, The bill clerks, arriving at 5 a.m. or earlier, have worked their magic this session without being seen or acknowledged, even though their absence would be noticed immediately; and

WHEREAS, The secretaries and other clerical support have kept minutes, listened to constituents, written letters, organized the offices of legislators, packed those offices, unpacked those offices, set up those offices again, and performed countless other important tasks necessary to the operation of this Legislature; and

WHEREAS, The sergeant at arms and his staff have pleasantly performed errands, poured coffee, delivered messages, handed out countless copies of amendments and other official materials, greatly assisted in the legislative recycling program and organized the daily files of the Assembly; and

WHEREAS, The Chief Clerk, the ladies of the front desk and the lone gentleman of the front desk have diligently ensured that the business of the legislative session is accurately recorded, visually presented on the viewing screens, steadily flowing and clearly presented to the listening public; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, That the members of the Assembly of the 69th session of the Nevada Legislature commend and express their heartfelt appreciation to the Chief Clerk, the staff of the front desk, the sergeant at arms and his staff and the other attachés for their dedicated service ensuring that this legislative session was successful and orderly despite technical difficulties and an expanding building; and be it further

RESOLVED, That the Legislative Counsel prepare and transmit a copy of this resolution to the Chief Clerk of the Assembly, Linda Alden.

Assemblywoman Giunchigliani moved the adoption of the resolution.

Remarks by Assemblymen Giunchigliani, Hettrick, Perkins, Ernaut and Price.

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. This is just a small token of our appreciation to thank the front desk and all the attachés. They've been like a family here, with a sense of humor, the hat-a-day crew from Carolyn and our attachés have been just remarkable this session. I think we haven't had a better group. This resolution is just simply a small token of our thanks to you. You are the glue that binds us together and helps us and just a small thank you from all of us to all of you.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I, too, have to rise in support of this resolution. The front desk has done just a tremendous job, and I can't resist one last little pun, Mr. Speaker. I'm so proud of Linda Alden because I had a hand in her selection. I don't want to make a joke of my comments, but I just couldn't resist that. I truly am proud of the job they have done, and

particularly proud of Linda. She has put together a great front desk staff. They have worked so seemlessly for us this session. Huge shoes to fill, Mr. Speaker. You know better than any what Linda stepped into, and I think she has done a remarkable job, and I congratulate her. All the attachés and staff here always do a great job for us, so it is a true pleasure for me to rise in support of this resolution.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. I, too, rise in support of AR 18. Hopefully it's at a point in time not too long in the future I'll have an opportunity to speak a little bit more about what we've done this session. I think as we reflect on the things that we've accomplished and the business that we've done for our state, we can take great pride in what we've accomplished this session, and none of that could be possible without the people that we have that support us and push us through and get the work done. So often you'll see in the newspaper, just about on a daily basis these days, a story about a legislator and this bill and that bill, and you never see the faces and hear the names of the folks that are really doing the work. My hat is off to you, and I truly appreciate the work that you guys have done. It would not have been possible without you.

ASSEMBLYMAN ERNAUT:

Thank you, Mr. Speaker. I stand in support of Assembly Resolution 18. When I first came to the chambers here in 1987, I was 21 or 22 years old. I didn't know a soul. I'd never been in the building, and everybody knows that feeling. Some of you freshmen still have that feeling. You're walking around trying to gravitate towards people who are friendly and nice and show you the way, and I tell you, Linda Alden, who was not Linda Alden then, it was Linda Keaton, was the secretary for Mouryne Landing. She always had a nice thing to say, always treated me with respect, long before I was a member of this body. Then she ran off and got married and took a couple of years off and came back. I have to say, she has been a fantastic chief clerk. I've served my entire tenure under Mouryne Landing, who was absolutely amazing, and we didn't lose a beat. And this front desk, especially the Basco down there on the other end, is a fantastic group of people. I don't know that we've ever had a nicer bunch on the front desk who just have a kind thing to say every day and a smile and just so eager to help everybody. You guys are the best, and we couldn't do it without you.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. This is a wonderful way to start off what we hope is our last day, in showing our appreciation and love for those who have done so much for us. As Chris mentioned, we do become family, except I don't know how your part of the family puts up with our part of the family, but you do, and you do it so graciously. You can count on the fact that you're loved, appreciated, and overworked, by everyone in this body, and we thank you so much.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

It has been quite an experience for me having a new Chief Clerk and the excellent staff that she put together here at the front desk. Everybody smiles and is happy, maybe not today, but they have been the rest of the session. It's really been nice to work with the front desk. Linda came in here and took over and has done a beautiful job for us, and we really have to commend our staff for all their efforts. It was tough to start with—the computers didn't work and we had to move in. Last night at 10:00 o'clock we had everything cleaned off our desk because of their efficiency, so I just wanted to express my thanks to the entire staff.

ASSEMBLYMAN PRICE:

I think while we're saying this, we might want to make special mention to our Sergeant at Arms and staff from the Sergeant at Arms office. They have just run and worked so hard running all over this building and doing errands and taking care of us, and I don't really remember ever having a better, hardworking, pleasant staff for us, and they've just been wonderful for us also.

Resolution adopted.

Sec. 4. *1. An agency shall not exercise the power of eminent domain for redevelopment unless it makes a written finding that the general public, as the primary beneficiary, will receive and enjoy specific and substantial benefits from the use of the property to be taken.*

2. If the exercise of the power of eminent domain benefits a specific and identifiable private interest, a claim that the public interest is the predominant reason for the exercise of the power of eminent domain must receive strict scrutiny from the agency and, if a court reviews the agency's written finding, from the court.

Sec. 5. *1. An agency may create one or more residential plans for areas within the redevelopment area. Each area must be conterminous with a census tract. The agency may create an advisory council for redevelopment in each area so created. 2. The agency may include in its budget money for use by an advisory council to carry out the plan of the council.

Amend the bill as a whole by renumbering sections 13 and 14 as sections 32 and 33 and adding new sections designated sections 29 through 31, following sec. 12, to read as follows:

"Sec. 29. Section 13 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 13. NRS 279.676 is hereby amended to read as follows:

279.676 1. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in the redevelopment area each year by or for the benefit of the state, any city, county, district or other public corporation, after the effective date of the ordinance approving the redevelopment plan, must be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment area as shown upon the assessment roll used in connection with the taxation of the property by the taxing agency, last equalized before the effective date of the ordinance, must be allocated to and when collected must be paid into the funds of the respective taxing agencies as taxes by or for such taxing agencies on all other property are paid. To allocate taxes levied by or for any taxing agency or agencies which did not

include the territory in a redevelopment area on the effective date of the ordinance but to which the territory has been annexed or otherwise included after the effective date, the assessment roll of the county last equalized on the effective date of the ordinance must be used in determining the assessed valuation of the taxable property in the redevelopment area on the effective date. If property which was shown on the assessment roll used to determine the amount of taxes allocated to the taxing agencies is transferred to the state and becomes exempt from taxation, the assessed valuation of the exempt property as shown on that assessment roll must be subtracted from the assessed valuation used to determine the amount of revenue allocated to the taxing agencies.

(b) Except as otherwise provided in paragraphs (c) and (d) [,] *and section 3 of this act,* that portion of the levied taxes each year in excess of the amount set forth in paragraph (a) must be allocated to and when collected must be paid into a special fund of the redevelopment agency to pay the costs of redevelopment and to pay the principal of and interest on loans, money advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, incurred by the redevelopment agency to finance or refinance, in whole or in part, redevelopment. Unless the total assessed valuation of the taxable property in a redevelopment area exceeds the total assessed value of the taxable property in the redevelopment area as shown by the last equalized assessment roll referred to in paragraph (a), all of the taxes levied and collected upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies. When the redevelopment plan is terminated pursuant to the provisions of NRS 279.438 and 278.439 and all loans, advances and indebtedness, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a tax rate levied by a taxing agency to produce revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness that was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the debt service fund of that taxing agency.

(d) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a new or increased tax rate levied by a taxing agency and was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the appropriate fund of the taxing agency.

2. Except as otherwise provided in subsection 3, in any fiscal year, the total revenue paid to a redevelopment agency must not exceed:

(a) In a municipality whose population is 100,000 or more, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10 percent of the total assessed valuation of the municipality.

(b) In a municipality whose population is less than 100,000, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 15 percent of the total assessed valuation of the municipality.

If the revenue paid to a redevelopment agency must be limited pursuant to paragraph (a) or (b) and the redevelopment agency has more than one redevelopment area, the redevelopment agency shall determine the allocation to each area. Any revenue which would be allocated to a redevelopment agency but for the provisions of this section must be paid into the funds of the respective taxing agencies.

3. The taxing agencies shall continue to pay to a redevelopment agency any amount which was being paid before July 1, 1987, and in anticipation of which the agency became obligated before July 1, 1987, to repay any bond, loan, money advanced or any other indebtedness, whether funded, refunded, assumed or otherwise incurred.

4. For the purposes of this section, the assessment roll last equalized before the effective date of the ordinance approving the redevelopment plan is the assessment roll in existence on March 15 immediately preceding the effective date of the ordinance.

Sec. 30. Section 14 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 14. NRS 354.59811 is hereby amended to read as follows:

354.59811 Except as otherwise provided in NRS 350.087, 354.59813, 354.59815, 354.5982, 354.5987, 354.59871, 354.705, 450.425 and 543.600, *and section 3 of this act,* for each fiscal year beginning on or after July 1, 1989, the maximum amount of money that a local government, except a school district, a district to provide a telephone number for emergencies, or a redevelopment agency, may receive from taxes ad valorem, other than those attributable to the net proceeds of minerals or those levied for the payment of bonded indebtedness and interest thereon incurred as a general or medium-term obligation of the issuer, or for the payment of obligations issued to pay the cost of a water project pursuant to NRS 349.950, or for the payment of obligations under a capital lease executed before April 30, 1981, must be calculated as follows:

1. The rate must be set so that when applied to the current fiscal year's assessed valuation of all property which was on the preceding fiscal year's assessment roll, together with the assessed valuation of property on the central assessment roll which was allocated to the local government, but excluding any assessed valuation attributable to the net proceeds of

minerals, assessed valuation attributable to a redevelopment area and assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, it will produce 106 percent of the maximum revenue allowable from taxes ad valorem for the preceding fiscal year, except that the rate so determined must not be less than the rate allowed for the previous fiscal year, except for any decrease attributable to the imposition of a tax pursuant to NRS 354.59813 in the previous year.

2. This rate must then be applied to the total assessed valuation, excluding the assessed valuation attributable to the net proceeds of minerals and the assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation but including new real property, possessory interests and mobile homes, for the current fiscal year to determine the allowed revenue from taxes ad valorem for the local government.

Sec. 31. The amendatory provisions of section 20 of this act do not apply to modify, directly or indirectly, any taxes levied or revenues pledged in such a manner as to impair adversely any outstanding obligations of a redevelopment agency, including, without limitation, bonds, medium-term financing, letters of credit and any other financial obligation, until all such obligations have been discharged in full or provision for their payment and redemption has been fully made.".

Amend sec. 13, page 15, line 1, by deleting "NRS" and inserting "1. NRS".

Amend sec. 13, page 15, line 11, by deleting "361B.260,".

"Section 1. Chapter 279 of NRS is hereby amended by adding thereto a new section to read as follows:

1. *An agency shall not exercise the power of eminent domain for redevelopment unless it makes a written finding that the general public, as the primary beneficiary, will receive and enjoy specific and substantial benefits from the use of the property to be taken.*

2. Upon the petition of a person who has a legal interest in the real property for which the agency seeks to exercise eminent domain, the district court shall review the decision to exercise eminent domain de novo and shall not rely on the findings of the agency. Amend the bill as a whole by renumbering sections 13 and 14 as sections 18 and 19 and adding new sections designated sections 14 through 17, following sec. 12, to read as follows:

"Sec. 14. Section 43 of Assembly Bill No. 644 of this session is hereby amended to read as follows:

Sec. 43. NRS 482.181 is hereby amended to read as follows:

482.181 1. Except as otherwise provided in subsection 4, the department shall certify monthly to the state board of examiners the amount of the basic and supplemental privilege taxes collected for each county by the department and its agents during the preceding month, and that money must be distributed monthly as provided in this section.

2. Any supplemental privilege tax collected for a county must be distributed only to the county, to be used as provided in NRS 371.045 and 371.047.

3. The distribution of the basic privilege tax within a county must be made to local governments, as defined in NRS 354.474, except redevelopment agencies, in the same ratio as all property taxes were levied

in the county in the previous fiscal year, but the State of Nevada is not entitled to share in that distribution and at least 5 percent of the basic privilege tax disbursed to a county must be deposited for credit to the county's general fund. *The 5 percent must be calculated in the same manner as the commission calculated for the department of motor vehicles and public safety.* For the purpose of this subsection, the taxes levied by each local government are the product of its certified valuation, determined pursuant to subsection 2 of NRS 361.405, and its tax rate, established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1980, except that the tax rate for school districts, including the rate attributable to a district's debt service, is the rate established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1978, but if the rate attributable to a district's debt service in any fiscal year is greater than its rate for the fiscal year beginning on July 1, 1978, the higher rate must be used to determine the amount attributable to debt service.

4. An amount equal to any basic privilege tax distributed to a redevelopment agency in the fiscal year 1987-1988 must continue to be distributed to that agency or area as long as it exists but must not be increased.

5. Local governments, other than incorporated cities, are entitled to receive no distribution of basic privilege tax if the distribution to the local government is less than $100. Any undistributed money accrues to the county general fund of the county in which the local government is located.

6. The department shall make distributions of basic privilege tax directly to counties, county school districts and incorporated cities. Distributions for other local governments within a county must be paid to the counties for distribution to the other local governments.

Sec. 15. Section 48 of Assembly Bill No. 644 of this session is hereby amended to read as follows:

Sec. 48. Section 8 of chapter 590, Statutes of Nevada 1995, at page 2183, is hereby amended to read as follows:

Sec. 8. NRS 482.181 is hereby amended to read as follows:

482.181 1. 2. Any supplemental privilege tax collected for a county must be distributed only to the county, to be used as provided in NRS 371.045.

3. The distribution of the basic privilege tax within a county must be made to local governments, as defined in NRS 354.474, except

redevelopment agencies, in the same ratio as all property taxes were levied in the county in the previous fiscal year, but the State of Nevada is not entitled to share in that distribution and at least 5 percent of the basic privilege tax disbursed to a county must be deposited for credit to the county's general fund. The 5 percent must be calculated in the same manner as the commission calculated for the department of motor vehicles and public safety. For the purpose of this subsection, the taxes levied by each local government are the product of its certified valuation, determined pursuant to subsection 2 of NRS 361.405, and its tax rate, established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1980, except that the tax rate for school districts, including the rate attributable to a district's debt service, is the rate established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1978, but if the rate attributable to a district's debt service in any fiscal year is greater than its rate for the fiscal year beginning on July 1, 1978, the higher rate must be used to determine the amount attributable to debt service.

4. *The tax rate for the fiscal year beginning on July 1, 1980, of an unincorporated town created after July 1, 1980, for which the Nevada tax commission establishes the allowed revenue from taxes ad valorem or basic ad valorem revenue pursuant to subsection 4 of NRS 354.5987 shall be deemed to be the average tax rate levied for the fiscal year beginning on July 1, 1980, by other unincorporated towns included in the same common levy authorized by NRS 269.5755 which were in existence on July 1, 1980.*

5. An amount equal to any basic privilege tax distributed to a redevelopment agency in the fiscal year 1987-1988 must continue to be distributed to that agency or area as long as it exists but must not be increased.

[5.] *6.* Local governments, other than incorporated cities, are entitled to receive no distribution of basic privilege tax if the distribution to the local government is less than $100. Any undistributed money accrues to the county general fund of the county in which the local government is located.

[6.] *7.* The department shall make distributions of basic privilege tax directly to counties, county school districts and incorporated cities. Distributions for other local governments within a county must be paid to the counties for distribution to the other local governments.

"Sec. 13. Section 13 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 13. NRS 279.676 is hereby amended to read as follows:

279.676 1. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in the redevelopment area each year by or for the benefit of the state, any city, county, district or other public corporation, after the effective date of the ordinance approving the redevelopment plan, must be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment area as shown upon the assessment roll used in connection with the taxation of the property by the taxing agency, last equalized before the effective date of the ordinance, must be allocated to and when collected must be paid into the funds of the respective taxing agencies as

taxes by or for such taxing agencies on all other property are paid. To allocate taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment area on the effective date of the ordinance but to which the territory has been annexed or otherwise included after the effective date, the assessment roll of the county last equalized on the effective date of the ordinance must be used in determining the assessed valuation of the taxable property in the redevelopment area on the effective date. If property which was shown on the assessment roll used to determine the amount of taxes allocated to the taxing agencies is transferred to the state and becomes exempt from taxation, the assessed valuation of the exempt property as shown on that assessment roll must be subtracted from the assessed valuation used to determine the amount of revenue allocated to the taxing agencies.

(b) Except as otherwise provided in paragraphs (c) and (d) [,] *and section 3 of this act,* that portion of the levied taxes each year in excess of the amount set forth in paragraph (a) must be allocated to and when collected must be paid into a special fund of the redevelopment agency to pay the costs of redevelopment and to pay the principal of and interest on loans, money advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, incurred by the redevelopment agency to finance or refinance, in whole or in part, redevelopment. Unless the total assessed valuation of the taxable property in a redevelopment area exceeds the total assessed value of the taxable property in the redevelopment area as shown by the last equalized assessment roll referred to in paragraph (a), all of the taxes levied and collected upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies. When the redevelopment plan is terminated pursuant to the provisions of NRS 279.438 and 278.439 and all loans, advances and indebtedness, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a tax rate levied by a taxing agency to produce revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness that was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the debt service fund of that taxing agency.

(d) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a new or increased tax rate levied by a taxing agency and was approved by the voters of the taxing agency on or

after November 5, 1996, must be allocated to and when collected must be paid into the appropriate fund of the taxing agency.

2. Except as otherwise provided in subsection 3, in any fiscal year, the total revenue paid to a redevelopment agency must not exceed:

(a) In a municipality whose population is 100,000 or more, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10 percent of the total assessed valuation of the municipality.

(b) In a municipality whose population is less than 100,000, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 15 percent of the total assessed valuation of the municipality.

If the revenue paid to a redevelopment agency must be limited pursuant to paragraph (a) or (b) and the redevelopment agency has more than one redevelopment area, the redevelopment agency shall determine the allocation to each area. Any revenue which would be allocated to a redevelopment agency but for the provisions of this section must be paid into the funds of the respective taxing agencies.

3. The taxing agencies shall continue to pay to a redevelopment agency any amount which was being paid before July 1, 1987, and in anticipation of which the agency became obligated before July 1, 1987, to repay any bond, loan, money advanced or any other indebtedness, whether funded, refunded, assumed or otherwise incurred.

Amend the bill as a whole by renumbering sections 13 and 14 as sections 31 and 32 and adding new sections designated sections 28 through 30, following sec. 12, to read as follows:

"Sec. 28. Section 13 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 13. NRS 279.676 is hereby amended to read as follows:

279.676 1. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in the redevelopment area each year by or for the benefit of the state, any city, county, district or other public corporation, after the effective date of the ordinance approving the redevelopment plan, must be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment area as shown upon the assessment roll used in connection with the taxation of the property by the taxing agency, last equalized before the effective date of the ordinance, must be allocated to and when collected must be paid into the funds of the respective taxing agencies as taxes by or for such taxing agencies on all other property are paid. To allocate taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment area on the effective date of the ordinance but to which the territory has been annexed or otherwise included after the effective date, the assessment roll of the county last equalized on the effective date of the ordinance must be used in determining the assessed valuation of the taxable property in the redevelopment area on the effective date. If property which was shown on the assessment roll used to determine the amount of taxes allocated to the taxing agencies is transferred to the state and becomes exempt from taxation, the assessed valuation of the exempt property as shown on that assessment roll must be subtracted from the

assessed valuation used to determine the amount of revenue allocated to the taxing agencies.

(b) Except as otherwise provided in paragraphs (c) and (d) [,] *and section 3 of this act,* that portion of the levied taxes each year in excess of the amount set forth in paragraph (a) must be allocated to and when collected must be paid into a special fund of the redevelopment agency to pay the costs of redevelopment and to pay the principal of and interest on loans, money advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, incurred by the redevelopment agency to finance or refinance, in whole or in part, redevelopment. Unless the total assessed valuation of the taxable property in a redevelopment area exceeds the total assessed value of the taxable property in the redevelopment area as shown by the last equalized assessment roll referred to in paragraph (a), all of the taxes levied and collected upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies. When the redevelopment plan is terminated pursuant to the provisions of NRS 279.438 and 278.439 and all loans, advances and indebtedness, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a tax rate levied by a taxing agency to produce revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness that was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the debt service fund of that taxing agency.

(d) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a new or increased tax rate levied by a taxing agency and was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the appropriate fund of the taxing agency.

2. Except as otherwise provided in subsection 3, in any fiscal year, the total revenue paid to a redevelopment agency must not exceed:

(a) In a municipality whose population is 100,000 or more, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10 percent of the total assessed valuation of the municipality.

(b) In a municipality whose population is less than 100,000, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 15 percent of the total assessed valuation of the municipality.

If the revenue paid to a redevelopment agency must be limited pursuant to paragraph (a) or (b) and the redevelopment agency has more than one redevelopment area, the redevelopment agency shall determine the allocation to each area. Any revenue which would be allocated to a redevelopment agency but for the provisions of this section must be paid into the funds of the respective taxing agencies.

3. The taxing agencies shall continue to pay to a redevelopment agency any amount which was being paid before July 1, 1987, and in anticipation of which the agency became obligated before July 1, 1987, to repay any bond, loan, money advanced or any other indebtedness, whether funded, refunded, assumed or otherwise incurred.

4. For the purposes of this section, the assessment roll last equalized before the effective date of the ordinance approving the redevelopment plan is the assessment roll in existence on March 15 immediately preceding the effective date of the ordinance.

Sec. 29. Section 14 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 14. NRS 354.59811 is hereby amended to read as follows:

354.59811 Except as otherwise provided in NRS 350.087, 354.59813, 354.59815, 354.5982, 354.5987, 354.59871, 354.705, 450.425 and 543.600, *and section 3 of this act,* for each fiscal year beginning on or after July 1, 1989, the maximum amount of money that a local government, except a school district, a district to provide a telephone number for emergencies, or a redevelopment agency, may receive from taxes ad valorem, other than those attributable to the net proceeds of minerals or those levied for the payment of bonded indebtedness and interest thereon incurred as a general or medium-term obligation of the issuer, or for the payment of obligations issued to pay the cost of a water project pursuant to NRS 349.950, or for the payment of obligations under a capital lease executed before April 30, 1981, must be calculated as follows:

1. The rate must be set so that when applied to the current fiscal year's assessed valuation of all property which was on the preceding fiscal year's assessment roll, together with the assessed valuation of property on the central assessment roll which was allocated to the local government, but excluding any assessed valuation attributable to the net proceeds of minerals, assessed valuation attributable to a redevelopment area and assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, it will produce 106 percent of the maximum revenue allowable from taxes ad valorem for the preceding fiscal year, except that the rate so determined must not be less than the rate allowed for the previous fiscal year, except for any

decrease attributable to the imposition of a tax pursuant to NRS 354.59813 in the previous year.

2. This rate must then be applied to the total assessed valuation, excluding the assessed valuation attributable to the net proceeds of minerals and the assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation but including new real property, possessory interests and mobile homes, for the current fiscal year to determine the allowed revenue from taxes ad valorem for the local government.

Sec. 30. The amendatory provisions of section 19 of this act do not apply to modify, directly or indirectly, any taxes levied or revenues pledged in such a manner as to impair adversely any outstanding obligations of a redevelopment agency, including, without limitation, bonds, medium-term financing, letters of credit and any other financial obligation, until all such obligations have been discharged in full or provision for their payment and redemption has been fully made.".

Amend sec. 13, page 15, line 1, by deleting "NRS" and inserting "1. NRS".

Amend sec. 13, page 15, line 11, by deleting "361B.260,".

2. Subsection 2 of section 31 of this act becomes effective at 12:01 a.m. on July 1, 1997.".

Amend the title of the bill to read as follows: "An Act relating to redevelopment; revising provisions for community redevelopment; providing for the termination of redevelopment plans; requiring each proposal for a redevelopment project instead of the redevelopment plan to include an employment plan; prohibiting a redevelopment agency from issuing securities and incurring debt to finance a redevelopment plan beyond 20 years after the date on which the plan is adopted; prohibiting the use for redevelopment of certain portions of taxes approved by the voters of a taxing agency for the repayment of bonded indebtedness or attributable to a new or increased tax rate; removing the limitation on the total revenue paid to all redevelopment agencies of a municipality; extending the protection of tenants in relocation; repealing the provisions governing tax increment areas and urban renewal; and providing other matters properly relating thereto.".

Assembly Bill No. 501.

The following Senate amendment was read:

Amendment No. 1191.

Amend the bill as a whole by adding a new section designated sec. 11.5, following sec. 11, to read as follows:

"Sec. 11.5. NRS 280.201 is hereby amended to read as follows:

280.201 1. The funding apportionment plan must exclude the cost of:

(a) Operating and maintaining a county or a branch county jail;

(b) A rural program of resident officers, where applicable; and

(c) Any program of contract services which is totally funded by the contracting agency or entity.

The costs described in paragraphs (a) and (b) are a proper charge against the county. The capital costs of building a county or a branch county jail are the responsibility of the board of county commissioners.

2. If a department operates a program for school crossing guards, each participating political subdivision must pay the cost of operating the positions located within its jurisdiction.

3. The funding apportionment plan must apportion the anticipated costs of operating and maintaining the department, and capital costs, after deducting all anticipated revenue internally generated by the department, among the participating political subdivisions according to the formula developed by the department pursuant to this section.

4. *Except as otherwise provided in subsection 1, an additional tax ad valorem that is levied pursuant to the approval of the voters must be levied at a uniform rate in the unincorporated area of the county and in each participating city.*

5. In developing the formula, the department must divide its budget into the following functional areas:

(a) Activities which are the responsibility of any one of the participating political subdivisions.

(b) Contract services which are performed solely for another agency or entity.

(c) Administrative or supporting activities.

(d) The remaining activities, services or programs are to be allocated to those functional areas which are to be jointly funded by the participating political subdivision.

Contract services which are performed solely for another agency or entity must each be identified as a separate functional area.

[5.] *6.* The department must identify the bureaus, sections, divisions and groups that are assigned to each functional area. Each functional area must be a separate accounting unit within the budget of the department for the purpose of apportioning the cost among the participating political subdivisions.

[6.] *7.* The costs of the activities of administration or support must be allocated to the other functional area to which they apply in the ratio that the cost of each functional area bears to the combined costs of the other functional areas.

[7.] *8.* The costs of each functional area which is to be jointly funded, including the administrative and support costs allocated in accordance with subsection 6, must be apportioned among the participating political subdivisions as follows:

(a) The cost of uniformed functions in the field must be apportioned on a percentage basis according to the comparative cumulative, unweighted percentage relationship among the participating political subdivisions of the permanent population of the participating political subdivisions, as determined annually by the governor, the total number of calls for service which were dispatched by the department in each participating political subdivision, excluding:

(1) Calls for service with respect to felony crimes;

(2) Calls for service originating in those areas which were served by a rural program of resident officers; and

(3) Calls for service originating from a program of contract services which is totally funded by the contracting agency or entity,

and the total number of felonies which were reported in each participating political subdivision, excluding reports of felonies originating from a rural program of resident officers or a program of contract services. The number of calls for service and the number of felonies reported must have been made during the 12 months preceding January 1 of the current fiscal year.

(b) The cost of the investigative function must be apportioned on a percentage basis according to the comparative cumulative, unweighted percentage relationship among the participating political subdivisions of the total number of felonies which were reported in each participating political subdivision during the 12 months preceding January 1 of the current fiscal year.

[8.] *9.* For the purpose of subsection [7,] *8,* the population attributable to a county does not include the population of the cities within that county or the population of those areas within that county which are served by a rural program of resident officers.

[9.] *10.* The department shall maintain all of the statistics necessary to effectuate the funding apportionment plan and shall maintain accurate records in support of the determination required in order to comply with this section.

[10.] *11.* If, in the initial year of the merger, the statistics necessary to determine the funding apportionment plan for the remainder of that year are incomplete, the department shall prepare a funding apportionment plan for the remainder of that year based upon the most accurate statistics available, and apply it as closely as possible in the manner prescribed in this section. The fact that a budget, a funding apportionment plan and a rural program of resident officers are not prepared and submitted when due does not invalidate any of them.".

Amend the bill as a whole by renumbering sec. 16 as sec. 21 and adding new sections designated sections 16 through 20, following sec. 15, to read as follows:

"Sec. 16. Section 3 of chapter 817, Statutes of Nevada 1987, at page 2284, is hereby amended to read as follows:

2. If the voters of any taxing district in the taxable area of a department disapprove the additional tax proposed pursuant to subsection 1, the additional tax must not be imposed in any of the taxing districts in the taxable area of that department.

5. This section does not require a governmental body to relocate a business to a location in a redevelopment area or an area similar to a redevelopment area, or to provide the benefits that a location in a redevelopment area would provide.".

Amend the bill as a whole by renumbering sections 13 and 14 as sections 31 and 32 and adding new sections designated sections 28 through 30, following sec. 12, to read as follows:

"Sec. 28. Section 13 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 13. NRS 279.676 is hereby amended to read as follows:

279.676 1. Any redevelopment plan may contain a provision that taxes, if any, levied upon taxable property in the redevelopment area each year by or for the benefit of the state, any city, county, district or other public corporation, after the effective date of the ordinance approving the redevelopment plan, must be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of the taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment area as shown upon the assessment roll used in connection with the taxation of the property by the taxing agency, last equalized before the effective date of the ordinance, must be allocated to and when collected must be paid into the funds of the respective taxing agencies as taxes by or for such taxing agencies on all other property are paid. To allocate taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment area on the effective date of the ordinance but to which the territory has been annexed or otherwise included after the effective date, the assessment roll of the county last equalized on the effective date of the ordinance must be used in determining the assessed valuation of the taxable property in the redevelopment area on the effective date. If property which was shown on the assessment roll used to determine the amount of taxes allocated to the taxing agencies is transferred to the state and becomes exempt from taxation, the assessed valuation of the exempt property as shown on that assessment roll must be subtracted from the assessed valuation used to determine the amount of revenue allocated to the taxing agencies.

(b) Except as otherwise provided in paragraphs (c) and (d) [,] *and section 3 of this act,* that portion of the levied taxes each year in excess of the amount set forth in paragraph (a) must be allocated to and when collected must be paid into a special fund of the redevelopment agency to pay the costs of redevelopment and to pay the principal of and interest on loans, money advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, incurred by the redevelopment agency to finance or refinance, in whole or in part, redevelopment. Unless the total assessed valuation of the taxable property in a redevelopment area exceeds the total assessed value of the taxable property in the redevelopment area as shown by the last equalized assessment roll referred to in paragraph (a), all of the taxes levied and collected upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies. When the redevelopment plan is terminated pursuant to the provisions of NRS 279.438 and 278.439 and all loans, advances and indebtedness, if any, and interest thereon, have been paid, all money thereafter received from taxes upon the taxable property in the redevelopment area must be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a tax rate levied by a taxing agency to produce revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness that was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the debt service fund of that taxing agency.

(d) That portion of the taxes in excess of the amount set forth in paragraph (a) that is attributable to a new or increased tax rate levied by a taxing agency and was approved by the voters of the taxing agency on or after November 5, 1996, must be allocated to and when collected must be paid into the appropriate fund of the taxing agency.

2. Except as otherwise provided in subsection 3, in any fiscal year, the total revenue paid to a redevelopment agency must not exceed:

(a) In a municipality whose population is 100,000 or more, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 10 percent of the total assessed valuation of the municipality.

(b) In a municipality whose population is less than 100,000, an amount equal to the combined tax rates of the taxing agencies for that fiscal year multiplied by 15 percent of the total assessed valuation of the municipality.

If the revenue paid to a redevelopment agency must be limited pursuant to paragraph (a) or (b) and the redevelopment agency has more than one redevelopment area, the redevelopment agency shall determine the allocation to each area. Any revenue which would be allocated to a redevelopment agency but for the provisions of this section must be paid into the funds of the respective taxing agencies.

3. The taxing agencies shall continue to pay to a redevelopment agency any amount which was being paid before July 1, 1987, and in anticipation of which the agency became obligated before July 1, 1987, to repay any bond, loan, money advanced or any other indebtedness, whether funded, refunded, assumed or otherwise incurred.

4. For the purposes of this section, the assessment roll last equalized before the effective date of the ordinance approving the redevelopment plan is the assessment roll in existence on March 15 immediately preceding the effective date of the ordinance.

Sec. 29. Section 14 of Senate Bill No. 414 of this session is hereby amended to read as follows:

Sec. 14. NRS 354.59811 is hereby amended to read as follows:

354.59811 Except as otherwise provided in NRS 350.087, 354.59813, 354.59815, 354.5982, 354.5987, 354.59871, 354.705, 450.425 and 543.600, *and section 3 of this act,* for each fiscal year beginning on or after July 1, 1989, the maximum amount of money that a local government, except a school district, a district to provide a telephone number for emergencies, or a

redevelopment agency, may receive from taxes ad valorem, other than those attributable to the net proceeds of minerals or those levied for the payment of bonded indebtedness and interest thereon incurred as a general or medium-term obligation of the issuer, or for the payment of obligations issued to pay the cost of a water project pursuant to NRS 349.950, or for the payment of obligations under a capital lease executed before April 30, 1981, must be calculated as follows:

1. The rate must be set so that when applied to the current fiscal year's assessed valuation of all property which was on the preceding fiscal year's assessment roll, together with the assessed valuation of property on the central assessment roll which was allocated to the local government, but excluding any assessed valuation attributable to the net proceeds of minerals, assessed valuation attributable to a redevelopment area and assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, it will produce 106 percent of the maximum revenue allowable from taxes ad valorem for the preceding fiscal year, except that the rate so determined must not be less than the rate allowed for the previous fiscal year, except for any decrease attributable to the imposition of a tax pursuant to NRS 354.59813 in the previous year.

2. This rate must then be applied to the total assessed valuation, excluding the assessed valuation attributable to the net proceeds of minerals and the assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation but including new real property, possessory interests and mobile homes, for the current fiscal year to determine the allowed revenue from taxes ad valorem for the local government.

Sec. 30. The amendatory provisions of section 19 of this act do not apply to modify, directly or indirectly, any taxes levied or revenues pledged in such a manner as to impair adversely any outstanding obligations of a redevelopment agency, including, without limitation, bonds, medium-term financing, letters of credit and any other financial obligation, until all such obligations have been discharged in full or provision for their payment and redemption has been fully made.".

Amend sec. 13, page 15, line 1, by deleting "NRS" and inserting "1. NRS".

Amend sec. 13, page 15, line 11, by deleting "361B.260,".

Amend sec. 13, page 15, between lines 12 and 13, by inserting:

"2. NRS 361B.260 is hereby repealed.".

Amend sec. 14, page 15, by deleting lines 13 and 14 and inserting:

"Sec. 32. 1. This section and sections 1 to 30, inclusive, and subsection 1 of section 31 of this act become effective on June 30, 1997.

2. Subsection 2 of section 31 of this act becomes effective at 12:01 a.m. on July 1, 1997.".

Amend the title of the bill to read as follows: "An Act relating to redevelopment; revising provisions for community redevelopment; providing for the termination of redevelopment plans; requiring each proposal for a redevelopment project instead of the redevelopment plan to include an employment plan; prohibiting a redevelopment agency from issuing securities and incurring debt to finance a redevelopment plan beyond 20 years after the date on which the plan is adopted; prohibiting the use for redevelopment of certain portions of taxes approved by the voters of a taxing agency for the repayment of bonded indebtedness or attributable to a new or increased tax rate; removing the limitation on the total revenue paid to all redevelopment agencies of a municipality; extending the protection of tenants in relocation; repealing the provisions governing tax increment areas and urban renewal; and providing other matters properly relating thereto.".

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 379.

The following Senate amendment was read:

Amendment No. 1144.

Amend the bill as a whole by renumbering sec. 12 as sec. 14 and adding new sections designated sections 12 and 13, following sec. 11, to read as follows:

"Sec. 12. NRS 271.425 is hereby amended to read as follows:

271.425 1. If [any] *a* tract is divided after a special assessment thereon has been levied and divided into installments and before the collection of all the installments, the governing body may require the treasurer to apportion the uncollected amounts upon the several parts of land so divided.

2. *If two or more tracts are combined or combined and redivided into two or more different tracts after a special assessment thereon has been levied and divided into installments and before the collection of all the installments, the governing body may require the treasurer to combine or combine and reapportion the uncollected amounts upon the part or parts of land that exist after the combination or combination and redivision.*

3. Except to the extent limited in an ordinance that authorizes or otherwise pertains to the issuance of bonds for an improvement district, the governing body may reapportion assessments which have been levied pursuant to this chapter or apportioned pursuant to this section with the unanimous written consent of all the owners of property whose assessments will be increased by the reapportionment. The governing body is not required to obtain the consent of an owner of property whose assessment will not be affected or will be decreased by the reapportionment.

4. Assessments may be combined or reapportioned, or both, pursuant to subsections 2 and 3, only if the governing body finds that the proposed action will not:

(a) Materially or adversely impair the obligation of the municipality with respect to any outstanding bond secured by assessments; or

(b) Increase the principal balance of any assessment to an amount such that the aggregate amount which is assessed against a tract exceeds the minimum benefit to the tract that is estimated to result from the project which is financed by the assessment.

5. The report of [such] an apportionment, *combination or reapportionment pursuant to this section,* when approved [,] *by the governing body,* is conclusive on all the parties, and all assessments thereafter made upon the tracts must be according to the [subdivision.

3.] *apportionment, combination or reapportionment so approved.*

6. The report, when approved, must be recorded in the office of the county recorder together with a statement that the current payment status of any of the assessments may be obtained from the county or municipal officer who has been directed by the governing body to collect the assessment. Neither the failure to record the report as provided in this subsection nor any defect in the report as recorded affects the validity of the assessments, the lien for the payment thereof or the priority of that lien.

Sec. 13. NRS 271.488 is hereby amended to read as follows:

271.488 1. The governing body may issue *one or more series of* bonds to refund *all or any portion of* the outstanding bonds of one or more improvement districts. The bonds must be issued pursuant to the provisions of this chapter and the Local Government Securities Law.

2. For the purposes of the Local Government Securities Law, the bonds issued to refund *all or any portion of* the outstanding bonds of one or more improvement districts shall be deemed special obligations and the assessments shall be deemed net pledged revenues. If the bonds are issued, the governing body shall, by resolution, reduce the rate of interest on the uncollected installments of assessments. The rate of interest must not exceed the amount set forth in NRS 271.415, plus any amount necessary to pay the costs of the refunding.

3. Refinancing bonds issued pursuant to the provisions of this section must be secured by the assessments levied against specifically identified tracts of assessable property and may have any other terms or security that are allowed for any other bonds issued pursuant to the provisions of this chapter, except any bond issued to refund all or any portion of the outstanding bonds of one or more improvement districts must mature within 20 years after the date such a bond is issued.

4. A refunding bond issued pursuant to this section may refund all or any portion of the outstanding bonds of one or more improvement districts and may be secured by a combination of assessments levied on all or a specifically identified portion of the assessed property located within the district or districts.

5. Two or more series of refunding bonds may be issued to refund the outstanding bonds of one or more districts and each series may be secured by assessments levied on different portions of assessed property located within the district or districts whose bonds are outstanding.

6. Except as otherwise provided in subsection 7 or 8, the governing body, in connection with the issuance of refunding bonds pursuant to this section, may amend the assessment ordinance to amend the following terms of all or a portion of the assessments authorized in the ordinance:

(a) The rate of interest the governing body charges on unpaid installments;

(b) Any penalties for prepayment of assessments;

(c) The amounts of unpaid installments;

(d) The principal balance of assessments;

(e) The dates upon which unpaid installments are due;

(f) The number of years over which unpaid installments are due; and

(g) Any other term, if the term, as amended, would comply with the provisions of this chapter.

7. Before a governing body may amend an assessment ordinance to increase the principal and interest of any assessment, the number of years over which unpaid installments are due or the amount of any unpaid installments, it must:

(a) Obtain the written consent of the owner of each tract that would be affected by the proposed amendment to the ordinance; or

(b) Hold a hearing on the proposed amendment and give notice of that hearing in the manner set forth in NRS 271.305. If the owners of the tracts upon which more than one-half of the affected assessments, measured by the unpaid assessment balance, submit written protests to the governing body on or before the date of the hearing, the governing body shall not adopt the proposed amendment to the assessment ordinance.

8. To issue refunding bonds or to amend an assessment ordinance pursuant to this section, the governing body must find that:

(a) The obligation of the municipality will not be materially or adversely impaired with respect to any outstanding bond secured by assessments; and

(b) The principal balance of any assessment will not increase to an amount such that the aggregate amount that is assessed against the tract exceeds the minimum benefit to the tract that is estimated to result from the project that is financed by the assessment and the refunding of the outstanding bonds.".

Amend the title of the bill, third line, after "facilities;" by inserting: "authorizing combinations and reapportionments of special assessments levied on tracts in local improvement districts under certain circumstances; providing for the issuance of bonds to refund all or any portion of the outstanding bonds of one or more improvement districts under certain circumstances; providing for the amendment of assessment ordinances under certain circumstances;".

Amend the summary of the bill to read as follows: "Summary—Makes various changes concerning local improvement districts. (BDR 21-200)".

The sponsor shall renew the charter unless it finds the existence of any ground for revocation set forth in section 15 of this act. The sponsor shall provide written notice of its determination not fewer than 30 days before the expiration of the charter. If the sponsor intends not to renew the charter, the written notice must:*

(a) Include a statement of the deficiencies or reasons upon which the action of the sponsor is based; and

If the charter school corrects the deficiencies to the satisfaction of the sponsor within the time prescribed in paragraph (b), the sponsor shall renew the charter of the charter school.

2. A charter school may submit an application for renewal of its initial charter after 3 years of operation of the charter school. The application must include the information prescribed by the regulations of the department. The sponsor shall conduct an intensive review and evaluation of the charter school in accordance with the regulations of the department. 9. Provide at least the courses of instruction that are required of pupils by statute or regulation for promotion to the next grade or graduation from a public high school and require the pupils who are enrolled in the charter school to take those courses of study. If more pupils apply for enrollment in the charter school than the number of spaces which are available, the charter school shall determine which applicants to enroll on the basis of a lottery system.

3. Except as otherwise provided in subsection 5, a charter school shall not accept applications for enrollment in the charter school or otherwise discriminate based on the:

(a) Race;

(b) Gender;

(c) Religion;

(e) Disability,

of a pupil.

4. If the governing body of a charter school determines that the charter school is unable to provide an appropriate special education program and related services for a particular disability of a pupil who is enrolled in the charter school, the governing body may request that the board of trustees of the school district of the county in which the pupil resides transfer that pupil to an appropriate school.

5. This section does not preclude the formation of a charter school that is dedicated to provide educational services exclusively to pupils:

(a) With disabilities;

(b) Who pose such severe disciplinary problems that they warrant an educational program specifically designed to serve a single gender and emphasize personal responsibility and rehabilitation; or

(c) Who are at risk.

If more eligible pupils apply for enrollment in such a charter school than the number of spaces which are available, the charter school shall determine which applicants to enroll on the basis of a lottery system.

2. The board of trustees of a school district shall, at the same time and in the same manner as it distributes money to all other public schools in the school district, distribute money to a charter school in an amount per pupil which is equal to the amount per pupil that is allocated to the other public schools in the school district. 3. The governing body of a charter school may negotiate with the board of trustees of the school district and the state board for additional money to pay for services which the governing body wishes to offer.

4. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils must be revised on the last day of the first month of the school year, based on the actual number of pupils who are enrolled in the charter school.

After the sixth school year, an employee shall either submit a written request to return to a comparable teaching position or resign from the position for which his leave was granted. The board of trustees may require that a request to return to a teaching position submitted pursuant to this subsection be submitted at least 90 days before the employee would otherwise be required to report to duty.

7. An employee who is on a leave of absence from a school district pursuant to this section shall contribute to and be eligible for all benefits for which he would otherwise be entitled, including, without limitation, participation in the public employees' retirement system and accrual of time for the purposes of leave and retirement. 8. Upon the return of a teacher to employment in the school district, he is entitled to the same level of retirement, salary and any other benefits to which he would otherwise be entitled if he had not taken a leave of absence to teach in a charter school.

9. An employee of a charter school who is not on a leave of absence from a school district is eligible for all benefits for which he would be eligible for employment in a public school, including, without limitation, participation in the public employees' retirement system.

Motion carried.

REMARKS FROM THE FLOOR

Assemblywoman Krenzer requested that her remarks be entered in the Journal.

Thank you, Mr. Speaker. Assembly Bill 663 and Senate Bill 291 have both passed each house of this legislature. Together, they address concerns brought forth to this legislature from injured workers and employers regarding the length of time of a hearing for workers' compensation. I would like to note for the record that section 2, subsection 4, of Senate Bill 291 is intended to require that a hearing occur within 90 days of filing a notice of appeal unless otherwise authorized by state law. This measure clarifies a long-standing confusion about the procedures and will ultimately decrease delays in the appeals hearing process by confirming that the hearing will be set and occur within 90 days unless continued by the proper procedures established under the law. Assembly Bill 663 allows the hearings division to sanction anyone for failure to comply with these requirements.

Assemblyman Perkins moved that the Assembly adjourn until Monday, July 7, 1997 at 12:30 a.m.

Motion carried.

Assembly adjourned at 11:55 p.m.

THE ONE HUNDRED AND SIXTY-NINTH DAY

CARSON CITY (Monday), July 7, 1997

Assembly called to order at 12:58 a.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblywoman Freeman, who was excused.

Prayer by Assemblyman Amodei.

Dear God, I've never come to You this publicly before, but it is at this point necessary that You lend my Assembly brothers and sisters Your strength and guidance. In our final hours, Lord, we thank You for granting the 42 members of the Silver State's Assembly the privilege of serving together. Regardless of what is stereotyped and generalized about our collective lot, we are humbled and honored to be given the distinct privilege of serving. Please take care of our colleague, Vivian Freeman, and see that she feels better soon. Make sure that my new friends arrive back at their homes safely in the coming days.

Lord, grant those wayward souls at the north end of the building the insight to recognize the wisdom of the path chosen by the People's House in all matters presently pending. And finally, Lord, please take away all their blue Zerox paper and ink cartridges so that they cannot amend any more legislation. In Your Name we pray. AMEN.

Pledge of allegiance to the Flag.

Assemblyman Perkins moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. Senate Bill 316 requires that school district boards of trustees establish a plan for the training and certification of certain teachers and other educational personnel in the administration of cardiopulmonary resuscitation. The measure requires that the plan provide for the training, certification, and recertification of physical education teachers. Further, plans may also provide for training and certification of other personnel. The bill specifies that each district's plan must include a time line and the resources needed to achieve the goal of certifying those personnel. Finally, the bill clarifies that teachers and other personnel who are certified to administer CPR are covered by Nevada's Good Samaritan statutes and are not liable for civil damages in the event they perform CPR on school property.

This particular piece of legislation has received quite a bit of attention, mainly because of the unfortunate loss of a student in Henderson, Nevada, who lost her life while participating in a physical education class. I would like to express my sincere condolences to the family who has endured and followed this legislation.

We are sensitive to the fact that the Curtises were severely affected by this particular issue; however, this bill should remain separate from that tragedy. I'd like to note for the record that there is a lawsuit pending against the Clark County School District as a result of that incident, and this legislation should in no way be any indication in support of that lawsuit or against that lawsuit. It stands on its own merits.

The fiscal note is now removed from the bill, and I think we have a better bill. The committee amended it today. With the work of members of the Committee on Education and other members of this body, I think that we now have a bill that allows the school districts the flexibility to develop plans that will meet their different needs. The bill mandates that the plan be in place by September of 1998, but it does not mandate that all school personnel go through a particular curriculum. Despite the emotionalism that accompanied this bill, I think we have been able to craft a good bill that will work for Nevada. I urge my colleagues to support this measure.

ASSEMBLYWOMAN CEGAVSKE:

Thank you, Mr. Speaker. I rise in support of SB 316. As members of the Nevada legislature, we have the unique opportunity to help enact laws that benefit Nevadans—laws that protect, define, and enable. Often a law that could help prevent a tragedy from occurring is not in place when it is needed. As representatives, we derive great personal satisfaction when we can facilitate passing laws that may prevent personal loss and tragedy such as that suffered by the Curtis family in Henderson. In January, 1995, 13-year-old Kimberly Curtis suffered a heart attack at White Middle School. Unfortunately, teachers responding to Kimberly's collapse were not trained in CPR and were unable to initiate the process. By the time the school nurse arrived to begin to administer CPR, it was too late. Emergency personnel responding to the crisis were unable to save Kimberly's life. Too much time had elapsed before CPR was begun.

Ruth and George Curtis, Kimberly's parents, have worked diligently to ensure that trained and certified personnel will be on the scene if and when this happens to another Nevada student. SB 316 is a measure which will empower the school districts to provide training and certification in cardiopulmonary resuscitation to certain educational personnel. With SB 316, certain school personnel will have the tools to prevent similar tragedies. For George and Ruth Curtis, SB 316 offers little relief or solace, only the personal satisfaction of knowing that their crusade to ensure that some teachers are trained in CPR will save lives of other children.

SB 316 is one of those pieces of legislation that serves to remind me that it is worth all the effort. For Nevadans, SB 316 is good legislation that can protect the lives of our school children and others during school hours.

I thank you and urge your support.

2. The provisions of this section do not apply to a child alleged to be in need of supervision because he is a habitual truant.

Sec. 16. NRS 62.211 is hereby amended to read as follows:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 17 years of age, order the parent, guardian or custodian of the child, and any brothers, sisters or other persons living in the same household as the child over whom the court has jurisdiction to attend or participate in counseling, alone or together with the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse or techniques of dispute resolution.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the

court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

2. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

3. In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

4. Except as otherwise provided in section 90.8 of [this act,] *Senate Bill No. 325 of this session,* at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

5. Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

6. In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.

Sec. 17. NRS 62.212 is hereby amended to read as follows:

62.212 1. [If] *Except as otherwise provided in subsection 3, if* the court finds that a child is within the purview of paragraph (a) of subsection 1 of NRS 62.040 and has not previously been the subject of a complaint under

NRS 62.128 before committing the acts for which the petition was filed, the court shall:

(a) Admonish the child to obey the law and to refrain from repeating the acts for which the petition was filed, and maintain a record of the admonition; and

(b) Refer the child, without adjudication, to services available in the community for counseling, behavioral modification and social adjustment.

[A] *Except as otherwise provided in subsection 3, a* child must not be adjudicated to be a child in need of supervision unless a subsequent petition based upon additional facts is filed with the court after admonition and referral pursuant to this subsection.

2. A child who is:

(a) Less than 12 years of age must not be committed to or otherwise placed in the Nevada youth training center or the Caliente youth center.

(b) Not adjudicated to be delinquent must not be committed to or otherwise placed in the Nevada youth training center, the Caliente youth center or any other facility that provides correctional care.

3. The provisions of subsection 1 do not apply to a child alleged to be in need of supervision because he is a habitual truant.

Sec. 18. NRS 62.385 is hereby amended to read as follows:

62.385 1. When a child applies for a driver's license, the department of motor vehicles and public safety shall notify the child of the provisions of paragraph (h) of subsection 1 of NRS 62.211, NRS 62.226, 62.227 and 62.228 and sections 2 and 3 of [this act.] *Assembly Bill No. 176 of this session and section 14 of this act.*

2. After providing the notice pursuant to subsection 1, the department shall require the child to sign an affidavit acknowledging that he is aware that his driver's license may be suspended or revoked pursuant to paragraph (h) of subsection 1 of NRS 62.211, NRS 62.226, 62.227 or 62.228 or section 2 of [this act.] *Assembly Bill No. 176 of this session or section 14 of this act.*

Sec. 19. NRS 483.460 is hereby amended to read as follows:

483.460 1. Except as otherwise provided by statute, the department shall revoke the license, permit or privilege of any driver upon receiving a record of his conviction of any of the following offenses, when that conviction has become final, and the driver is not eligible for a license, permit or privilege to drive for the period indicated:

(a) For a period of 3 years if the offense is:

(1) A violation of subsection 2 of NRS 484.377 or NRS 484.3795 or homicide resulting from driving a vehicle while under the influence of intoxicating liquor or a controlled substance.

(2) A third or subsequent violation within 7 years of NRS 484.379.

(b) For a period of 1 year if the offense is:

(1) Any other manslaughter resulting from the driving of a motor vehicle or felony in the commission of which a motor vehicle is used, including the unlawful taking of a motor vehicle.

(2) Failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or bodily injury of another.

(3) Perjury or the making of a false affidavit or statement under oath to the department under NRS 483.010 to 483.630, inclusive, or under any other law relating to the ownership or driving of motor vehicles.

(4) Conviction, or forfeiture of bail not vacated, upon three charges of reckless driving committed within a period of 12 months.

(5) A second violation within 7 years of NRS 484.379 and the driver is not eligible for a restricted license during any of that period.

(6) A violation of NRS 484.348.

(c) For a period of 90 days, if the offense is a first violation within 7 years of NRS 484.379.

2. The department shall revoke the license, permit or privilege of a driver convicted of violating NRS 484.379 who fails to complete the educational course on the use of alcohol and controlled substances within the time ordered by the court and shall add a period of 90 days during which the driver is not eligible for a license, permit or privilege.

3. When the department is notified by a court that a person who has been convicted of violating NRS 484.379 has been permitted to enter a program of treatment pursuant to NRS 484.3794, the department shall reduce by half the period during which he is not eligible for a license, permit or privilege to drive, but shall restore that reduction in time if notified that he was not accepted for or failed to complete the treatment.

4. The department shall revoke the license, permit or privilege of a driver who is required to install a device pursuant to NRS 484.3943 but operates a motor vehicle without such a device:

(a) For 1 year if it is his first such offense during the period of required use of the device.

(b) For 5 years if it is his second such offense during the period of required use of the device.

5. When the department is notified that a court has:

(a) Pursuant to paragraph (h) of subsection 1 of NRS 62.211, NRS 62.226 or 62.228, or section 2 of [this act,] *Assembly Bill No. 176 of this session or section 14 of this act,* ordered the suspension or delay in issuance of a child's license;

(b) Pursuant to NRS 206.330, ordered the suspension or delay in issuance of a person's license; or

(c) Pursuant to NRS 62.227, ordered the revocation of a child's license,

the department shall take such actions as are necessary to carry out the court's order.

Sec. 20. NRS 483.490 is hereby amended to read as follows:

483.490 1. Except as otherwise provided in subsections 2 and 3, after a driver's license has been suspended or revoked for an offense other than a second violation within 7 years of NRS 484.379 and half the period during which the driver is not eligible for a license has expired, the department may, unless the statute authorizing the suspension prohibits the issuance of a restricted license, issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:

(a) To and from work or in the course of his work, or both; or

(b) To acquire supplies of medicine or food or receive regularly scheduled medical care for himself or a member of his immediate family.

Before a restricted license may be issued, the applicant must submit sufficient documentary evidence to satisfy the department that a severe hardship exists because the applicant has no alternative means of transportation and that the severe hardship outweighs the risk to the public if he is issued a restricted license.

2. After a driver's license has been revoked pursuant to subsection 1 of NRS 62.227 or suspended pursuant to paragraph (h) of subsection 1 of NRS 62.211, NRS 62.226 or 62.228, or section 2 of [this act,] *Assembly Bill No. 176 of this session or section 14 of this act,* the department may issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:

(a) If applicable, to and from work or in the course of his work, or both; and

(b) If applicable, to and from school.

3. After a driver's license has been suspended pursuant to NRS 483.443, the department may issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:

(a) If applicable, to and from work or in the course of his work, or both;

(b) To receive regularly scheduled medical care for himself or a member of his immediate family; and

(c) If applicable, as necessary to exercise a court-ordered right to visit a child.

4. A driver who violates a condition of a restricted license issued pursuant to subsection 1 or by another jurisdiction is guilty of a misdemeanor, and if his license was suspended or revoked for a violation of NRS 484.379, 484.3795, 484.384 or a homicide resulting from driving a vehicle while under the influence of intoxicating liquor or a controlled substance, or the violation of a law of any other jurisdiction which prohibits the same conduct, he shall be punished in the manner provided pursuant to subsection 2 of NRS 483.560.

5. The periods of suspensions and revocations required pursuant to this chapter and NRS 484.384 must run consecutively, except as otherwise provided in NRS 483.465 and 483.475, when the suspensions must run concurrently.

6. Whenever the department suspends or revokes a license, the period of suspension, or of ineligibility for a license after the revocation, begins upon the effective date of the revocation or suspension as contained in the notice thereof.

Sec. 21. NRS 483.495 is hereby amended to read as follows:

483.495 The department shall by regulation:

1. Except as otherwise provided in paragraph (h) of subsection 1 of NRS 62.211, NRS 62.227 , [and] section 3 of [this act,] *Assembly Bill No. 176 of this session and subsection 7 of section 14 of this act,* set forth any tests and other requirements which are a condition for the reinstatement of a license after any suspension, revocation, cancellation or voluntary surrender of the license. The tests and requirements:

(a) Must provide for a fair evaluation of the ability of a person to operate a motor vehicle; and

(b) May allow for the waiver of certain tests or requirements as the department deems necessary.

2. Set forth the circumstances under which the administrator may, for good cause shown, rescind the revocation, suspension or cancellation of a license, or shorten the period for the suspension of a license.

Sec. 22. NRS 483.580 is hereby amended to read as follows:

483.580 A person shall not cause or knowingly permit his child or ward under the age of 18 years to drive a motor vehicle upon any highway when the minor is not authorized under the provisions of NRS 483.010 to 483.630, inclusive, or is in violation of any of the provisions of NRS 483.010 to 483.630, inclusive, or if his license is revoked or suspended pursuant to paragraph (h) of subsection 1 of NRS 62.211, NRS 62.226, 62.227 or 62.228 or section 2 of [this act.] *Assembly Bill No. 176 of this session or section 14 of this act.*

Sec. 23. Section 2 of Assembly Bill No. 39 of this session is hereby amended to read as follows:

Sec. 2. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212 , [and] section 14 of [this act,] *Assembly Bill No. 486 of this session and section 1 of this act,* if the court finds that a child is within the purview of this chapter it shall so decree and may:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of

supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 17 years of age, order the parent, guardian or custodian of the child, and any brothers, sisters or other persons living in the same household as the child over whom the court has jurisdiction to attend or participate in counseling, alone or together with the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse or techniques of dispute resolution.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

2. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of

the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

3. In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

4. Except as otherwise provided in section 90.8 of Senate Bill No. 325 of this session, at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

5. Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

6. In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.

Sec. 24. Section 1 of Senate Bill No. 207 of this session is hereby amended to read as follows:

Section 1. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212, section 14 of Assembly Bill No. 486 of this session and section 1 of [this act,] *Assembly Bill No. 39 of this session,* if the court finds that a child is within the purview of this chapter it shall so decree and may:

supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. Sec. 25. Section 11 of Senate Bill No. 102 of this session is hereby amended to read as follows:

Sec. 11. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212, section 14 of Assembly Bill No. 486 of this session and section 1 of Assembly Bill No. 39 of this session, if the court finds that a child is within the purview of this chapter it shall so decree and may:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may

determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 18 years of age, order:

(1) The parent, guardian or custodian of the child; and

(2) Any brother, sister or other person who is living in the same household as the child over whom the court has jurisdiction to attend or participate in counseling, with or without the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse, or techniques of dispute resolution.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

2. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

3. In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

4. Except as otherwise provided in section 90.8 of Senate Bill No. 325 of this session [,] *and section 7 of this act,* at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

5. Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

6. In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.

Sec. 26. Section 1 of Senate Bill No. 277 of this session is hereby amended to read as follows:

Section 1. NRS 62.211 is hereby amended to read as follows:

62.211 1. Except as otherwise provided in NRS 62.212, section 14 of Assembly Bill No. 486 of this session and section 1 of Assembly Bill No. 39 of this session, if the court finds that a child is within the purview of this chapter it shall so decree and may:

(a) Place the child under supervision in his own home or in the custody of a suitable person elsewhere, upon such conditions as the court may determine. A program of supervision in the home may include electronic surveillance of the child. The legislature declares that a program of supervision that includes electronic surveillance is intended as an alternative to commitment and not as an alternative to probation, informal supervision or a supervision and consent decree.

(b) Commit the child to the custody of a public or private institution or agency authorized to care for children, or place him in a home with a family. In committing a child to a private institution or agency the court shall select one that is required to be licensed by the department of human resources to care for such children, or, if the institution or agency is in another state, by the analogous department of that state. The court shall not commit a female child to a private institution without prior approval of the superintendent of the Caliente youth center, and shall not commit a male child to a private institution without prior approval of the superintendent of the Nevada youth training center.

(c) Order such medical, psychiatric, psychological or other care and treatment as the court deems to be for the best interests of the child, except as otherwise provided in this section.

(d) Order the parent, guardian, custodian or any other person to refrain from continuing the conduct which, in the opinion of the court, has caused or tended to cause the child to come within or remain under the provisions of this chapter.

(e) If the child is less than 18 years of age, order:

(1) The parent, guardian or custodian of the child; and

(2) Any brother, sister or other person who is living in the same household as the child over whom the court has jurisdiction to attend or participate in counseling, with or without the child, including, but not limited to, counseling regarding parenting skills, alcohol or substance abuse, or techniques of dispute resolution.

(f) Order the parent or guardian of the child to participate in a program designed to provide restitution to the victim of an act committed by the child or to perform public service.

(g) Order the parent or guardian of the child to pay all or part of the cost of the proceedings, including, but not limited to, reasonable attorney's fees, any costs incurred by the court and any costs incurred in the investigation of an act committed by the child and the taking into custody of the child.

(h) Order the suspension of the child's driver's license for at least 90 days but not more than 2 years. If the child does not possess a driver's license, the court may prohibit the child from receiving a driver's license for at least 90 days but not more than 2 years:

(1) Immediately following the date of the order, if the child is eligible to receive a driver's license.

(2) After the date he becomes eligible to apply for a driver's license, if the child is not eligible to receive a license on the date of the order.

If the court issues an order suspending the driver's license of a child pursuant to this paragraph, the judge shall require the child to surrender to the court all driver's licenses then held by the child. The court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety the licenses, together with a copy of the order. If, pursuant to this paragraph, the court issues an order delaying the ability of a child to receive a driver's license, the court shall, within 5 days after issuing the order, forward to the department of motor vehicles and public safety a copy of the order. The department of motor vehicles and public safety shall report a suspension pursuant to this paragraph to an insurance company or its agent inquiring about the child's driving record, but such a suspension must not be considered for the purpose of rating or underwriting. The department of motor vehicles and public safety shall not require the child to submit to the tests and other requirements which are adopted by regulation pursuant to subsection 1 of NRS 483.495 as a condition of reinstatement or reissuance after a suspension of his license pursuant to this paragraph, unless the suspension resulted from his poor performance as a driver.

(i) Place the child, when he is not in school, under the supervision of:

(1) A public organization to work on public projects;

(2) A public agency to work on projects to eradicate graffiti; or

(3) A private nonprofit organization to perform other public service.

The person under whose supervision the child is placed shall keep the child busy and well supervised and shall make such reports to the court as it may require. As a condition of such a placement, the court may require the child or his parent or guardian to deposit with the court a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property or for industrial insurance, or both, during those periods in which he performs the work, unless, in the case of industrial insurance, it is provided by the organization or agency for which he performs the work.

(j) Permit the child to reside in a residence without the immediate supervision of an adult, or exempt the child from mandatory attendance at school so that the child may be employed full time, or both, if the child is at least 16 years of age, has demonstrated the capacity to benefit from this placement or exemption and is under the strict supervision of the juvenile division.

(k) Require the child to provide restitution to the victim of the crime which the child has committed.

(l) Impose a fine on the child. If a fine is imposed, the court shall impose an administrative assessment pursuant to NRS 62.223.

(m) If the child has not previously been found to be within the purview of this chapter and if the act for which the child is found to be within the purview of this chapter did not involve the use or threatened use of force or violence, order the child to participate in a publicly or privately operated program of sports or physical fitness. If the court orders the child to participate in such a program, the court may order any or all of the following, in the following order of priority if practicable:

(1) The parent or guardian of the child, to the extent of his financial ability, to pay the costs associated with the participation of the child in the program, including, but not limited to, a reasonable sum of money to pay for the cost of policies of insurance against liability for personal injury and damage to property during those periods in which the child participates in the program;

(2) The child to work on projects or perform public service pursuant to paragraph (i) for a period that reflects the costs associated with the participation of the child in the program; or

(3) The county in which the petition alleging the child to be delinquent or in need of supervision is filed to pay the costs associated with the participation of the child in the program.

2. If the court finds that a child who is less than 17 years of age has committed a delinquent act, the court may order the parent or guardian of the child to pay any fines and penalties imposed for the delinquent act. If the parent or guardian is unable to pay the fines and penalties imposed because of financial hardship, the court may require the parent or guardian to perform community service.

3. In determining the appropriate disposition of a case concerning a child found to be within the purview of this chapter, the court shall consider whether the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim of the act and whether the child is a serious or chronic offender. If the court finds that the act committed by the child involved the use of a firearm or the use or threatened use of force or violence against the victim or that the child is a serious or chronic offender, the court shall include the finding in its order and may, in addition to the options set forth in subsections 1 and 2 of this section and NRS 62.213:

(a) Commit the child for confinement in a secure facility, including a facility which is secured by its staff.

(b) Impose any other punitive measures the court determines to be in the best interests of the public or the child.

4. Except as otherwise provided in section 90.8 of Senate Bill No. 325 of this session and section 7 of [this act,] *Senate Bill No. 102 of this*

session, at any time, either on its own volition or for good cause shown, the court may terminate its jurisdiction concerning the child.

5. Whenever the court commits a child to any institution or agency pursuant to this section or NRS 62.213, it shall transmit a summary of its information concerning the child and order the administrator of the school that the child last attended to transmit a copy of the child's educational records to the institution or agency. The institution or agency shall give to the court any information concerning the child that the court may require.

6. In determining whether to place a child pursuant to this section in the custody of a person other than his parent, guardian or custodian, preference must be given to any person related within the third degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child.

Sec. 2. NRS 483.490 is hereby amended to read as follows:

483.490 1. Sec. 19. Chapter 244 of NRS is hereby amended by adding thereto a new section to read as follows:

1. In addition to all other taxes imposed on the revenue from the rental of transient lodging, a board of county commissioners in a county whose population is 100,000 or more but less than 400,000 may by ordinance, but not as in a case of emergency, impose a tax at the rate of not more than 1 percent of the gross receipts from the rental of transient lodging throughout the county, including its incorporated cities, upon all persons in the business of providing lodging.

2. The ordinance imposing the tax must include all the matters required by NRS 244.3352 for the mandatory tax, must be administered in the same manner, and imposes the same liabilities, except:

(a) Collection of the tax imposed pursuant to this section must not commence earlier than the first day of the second calendar month after adoption of the ordinance imposing the tax; and

244.3359 1. A county whose population is 400,000 or more shall not impose a new tax on the rental of transient lodging or increase the rate of an existing tax on the rental of transient lodging after March 25, 1991, except pursuant to NRS 244.3351.

2. A county whose population is 100,000 or more but less than 400,000 shall not impose a new tax on the rental of transient lodging or increase the rate of an existing tax on the rental of transient lodging after March 25, 1991 [.] , *except pursuant to section 19 of this act.*

3. The legislature hereby declares that the limitation imposed by subsection 2 will not be repealed or amended except to allow the imposition of [an] :

(a) An increase in such a tax for the promotion of tourism or for the construction or operation of tourism facilities by a convention and visitors authority [.] ; *and*

(b) A new tax for the acquisition, establishment, construction or expansion of railroad grade separation projects.".

Amend the bill as a whole by renumbering sec. 20 as sec. 28 and adding new sections designated sections 23 through 27, following sec. 19, to read as follows:

"Sec. 23. The legislature hereby finds and declares that:

1. The increased use of the railroad lines in and through the urban areas of Washoe County has caused:

(a) Extensive traffic problems for the drivers of private automobiles as well as commercial vehicles who need reasonable access to these urban areas on a daily basis;

(b) Serious difficulties for emergency vehicles including fire-fighting equipment as well as ambulances which need immediate access to all portions of the county; and

(c) Economic disadvantages for businesses located in both the urban and nonurban areas of the county.

2. A general law cannot be made applicable to the problem addressed by section 24 of this act because of the economic and geographical diversity of the local governments of this state, the unique growth patterns in those local governments and the special conditions experienced in Washoe County related to the increased use of the railroad lines in and through the urban areas of the county.

Sec. 24. 1. The board of county commissioners of Washoe County may by ordinance, but not as in a case of emergency, impose a tax upon the retailers at the rate of not more than one-eighth of 1 percent of the gross

receipts of any retailer from the sale of all tangible personal property sold at retail, or stored, used or otherwise consumed in the county if the board:

(a) Imposes a tax on the rental of transient lodging pursuant to section 19 of this act in the maximum amount allowed by that section; and

(b) Receives a written commitment from one or more other sources for the expenditure of not less than one-half of the total cost of a project for the acquisition, establishment, construction or expansion of railroad grade separation projects in Washoe County.

2. An ordinance enacted pursuant to subsection 1 may not become effective before a question concerning the imposition of the tax is approved by a two-thirds majority of the members of the board of county commissioners.

3. An ordinance enacted pursuant to subsection 1 must specify the date on which the tax must first be imposed which must occur on the first day of the first month of the next calendar quarter that is at least 60 days after the date on which a two-thirds majority of the board of county commissioners approved the question.

4. An ordinance enacted pursuant to subsection 1 must include provisions in substance as follows:

(a) Provisions substantially identical to those contained in chapter 374 of NRS, insofar as applicable.

(b) A provision that all amendments to chapter 374 of NRS after the date of enactment of the ordinance, not inconsistent with this section, automatically become a part of an ordinance enacted pursuant to subsection 1.

(c) A provision stating the specific purpose for which the proceeds of the tax must be expended.

(d) A provision that the county shall contract before the effective date of the ordinance with the department of taxation to perform all functions incident to the administration or operation of the tax in the county.

(e) A provision that exempts from the tax the gross receipts from the sale of, and the storage, use or other consumption in a county of, tangible personal property used for the performance of a written contract:

(1) Entered into on or before the effective date of the tax; or

(2) For the construction of an improvement to real property for which a binding bid was submitted before the effective date of the tax if the bid was afterward accepted,

if under the terms of the contract or bid the contract price or bid amount cannot be adjusted to reflect the imposition of the tax.

5. No ordinance imposing a tax which is enacted pursuant to subsection 1 may be repealed or amended or otherwise directly or indirectly modified in such a manner as to impair any outstanding bonds or other obligations which are payable from or secured by a pledge of a tax enacted pursuant to

subsection 1 until those bonds or other obligations have been discharged in full.

6. All fees, taxes, interest and penalties imposed and all amounts of tax required to be paid to the county pursuant to this section must be paid to the department of taxation in the form of remittances payable to the department of taxation.

7. The department of taxation shall deposit the payments with the state treasurer for credit to the sales and use tax account in the state general fund.

8. The state controller, acting upon the collection data furnished by the department of taxation, shall monthly:

(a) Transfer from the sales and use tax account to the appropriate account in the state general fund a percentage of all fees, taxes, interest and penalties collected pursuant to this section during the preceding month as compensation to the state for the cost of collecting the taxes. The percentage to be transferred pursuant to this paragraph must be the same percentage as the percentage of proceeds transferred pursuant to paragraph (a) of subsection 3 of NRS 374.785 but the percentage must be applied to the proceeds collected pursuant to this section only.

(b) Determine for the county an amount of money equal to any fees, taxes, interest and penalties collected in or for the county pursuant to this section during the preceding month, less the amount transferred to the state general fund pursuant to paragraph (a).

(c) Transfer the amount determined for the county to the intergovernmental fund and remit the money to the county treasurer.

9. The county treasurer shall deposit the money received pursuant to subsection 8 in the county treasury for credit to a fund to be known as the railroad grade separation projects fund. The railroad grade separation projects fund must be accounted for as a separate fund and not as a part of any other fund.

10. The money in the railroad grade separation projects fund, including interest and any other income from the fund must only be expended by the board of county commissioners for the payment of principal and interest on notes, bonds or other securities issued to provide money for the cost of the acquisition, establishment, construction or expansion of one or more railroad grade separation projects.

Sec. 25. 1. The legislative auditor shall:

(a) Conduct a performance audit of the Southern Nevada Water Authority;

(b) Prepare a final written report of the audit before January 18, 1999;

(c) Present the final written report to the senate standing committee on taxation and assembly standing committee on taxation of the 70th session of the Nevada legislature; and

(d) After presenting the final written report in accordance with paragraph (c), present the final written report to the legislative commission and the audit subcommittee of the legislative commission.

2. To the extent that the provisions of NRS 218.737 to 218.890, inclusive, are consistent with the requirements of this section, those provisions apply to the audit conducted pursuant to this section. For the purposes of this subsection, the Southern Nevada Water Authority shall be deemed to be an agency of the state.

3. Upon the request of the legislative auditor or his authorized representative, the officers and employees of each member of the Southern Nevada Water Authority shall make available to the legislative auditor any of their books, accounts, claims, reports, vouchers or other records of information, confidential or otherwise and irrespective of their form or location, which the legislative auditor deems necessary to conduct the audit required by this section.

4. The Southern Nevada Water Authority shall, within 6 months after the period for submission of plans pursuant to paragraph (c) of subsection 1 of NRS 218.8235, submit to the legislative auditor a report specifying the extent to which the recommendations of the legislative auditor have been carried out, the extent to which the recommendations have not been carried out and the reasons for any failure to carry out the recommendations.

Sec. 26. 1. Upon the request of the legislative auditor, the Southern Nevada Water Authority shall transfer to the audit division of the legislative counsel bureau the sum of $120,000 to carry out the provisions of section 25 of this act.

2. Any remaining balance of the sum transferred pursuant to subsection 1 must not be committed for expenditure after January 18, 1999, and must be transferred to the Southern Nevada Water Authority as soon as all payments of money committed have been made.

Sec. 27. If the Southern Nevada Water Authority receives from the state controller, pursuant to section 9 of this act, any proceeds of a tax imposed pursuant to sections 7 and 8 of this act, the Southern Nevada Water Authority shall:

1. Hold a public hearing 10 years after the date the tax was first imposed.

2. Provide notice of the time and place of the public hearing in the manner set forth in subsection 5 of section 7 of this act.

3. At the public hearing, present a report of its expenditure of the proceeds of the tax and the status of any projects for which those proceeds are being or have been expended.".

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 178.

The following Senate amendment was read:

Amendment No. 1266.

Amend the bill as a whole by deleting sections 1 through 14 and adding new sections designated sections 1 through 11, following the enacting clause, to read as follows:

"Section 1. Chapter 482 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 10, inclusive, of this act.

Sec. 2. *For the purposes of this chapter, if an odometer that is connected to a motor vehicle is not capable of registering 100,000 miles or more, the odometer shall be deemed to register the actual mileage the vehicle has traveled while in operation.*

Sec. 3. *As used in sections 3 to 10, inclusive, of this act, unless the context otherwise requires, "drivetrain" means those components and systems within a motor vehicle that transfer power from the engine of the vehicle to the wheels of the vehicle, including, without limitation, a transmission, driveshaft, torque converter, differential, universal joint and constant velocity joint.*

Sec. 4. *Before a used vehicle dealer may sell to a retail customer a used vehicle the odometer of which registers 75,000 miles or more, the used vehicle dealer must conduct a reasonably thorough inspection of the soundness and safety of the vehicle's engine and drivetrain.*

Sec. 5. *1. Except as otherwise provided in subsection 3, a used vehicle dealer who sells to a retail customer a used vehicle the odometer of which registers 75,000 miles or more shall offer to sell to that retail customer an express written warranty which complies with the requirements set forth in subsection 2 and is valid for the period set forth in the schedule of warranties created pursuant to section 6 of this act.*

2. An express written warranty required pursuant to subsection 1 must contain a statement that, in the event the operation of the used vehicle becomes impaired as a result of a defect in a component or system of the vehicle's engine or drivetrain, the used vehicle dealer shall, with reasonable promptness, correct the defect or cause the defect to be corrected.

3. A used vehicle dealer may sell to a retail customer a used vehicle the odometer of which registers 75,000 miles or more without offering to sell to that retail customer an express warranty if, before completing the sale, the

used vehicle dealer discloses to the retail customer in writing any defects in the vehicle's engine and drivetrain of which the used vehicle dealer knows or reasonably should know after conducting the inspection required pursuant to section 4 of this act.

Sec. 6. *1. If an express written warranty is purchased by a retail customer for a used vehicle pursuant to section 5 of this act, the duration of the warranty must be determined pursuant to this section. If, on the date the vehicle was purchased from the used vehicle dealer, the odometer in the used vehicle registered:*

(a) At least 75,000 but less than 80,001 miles, the warranty is valid for a period of 30 days therefrom or until the odometer in the vehicle registers 1,000 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

(b) At least 80,001 but less than 85,001 miles, the warranty is valid for a period of 20 days therefrom or until the odometer in the vehicle registers 600 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

(c) At least 85,001 but less than 90,001 miles, the warranty is valid for a period of 10 days therefrom or until the odometer in the vehicle registers 300 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

(d) At least 90,001 but less than 100,001 miles, the warranty is valid for a period of 5 days therefrom or until the odometer in the vehicle registers 150 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

(e) At least 100,001 miles, the warranty is valid for a period of 2 days therefrom or until the odometer in the vehicle registers 100 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

The period for which a warranty is valid pursuant to this section must be tolled during any period in which the operation of the vehicle is impaired and the vehicle is in the custody of the owners of a garage for repairs as a result of a defect in the vehicle's engine or drivetrain.

2. As used in this section, "garage" has the meaning ascribed to it in NRS 597.480.

Sec. 7. *1. A retail customer who purchases a used vehicle the odometer of which registers 75,000 miles or more may submit to the department a written complaint alleging that the used vehicle dealer has violated the provisions of sections 3 to 10, inclusive, of this act or the regulations adopted by the department pursuant thereto. The department shall, within 10 days after it receives a complaint pursuant to this section, provide a copy of the complaint to the used vehicle dealer who is the subject of the complaint.*

2. A complaint submitted pursuant to subsection 1 must include:

(a) A clear and concise statement of the complaint and the facts relating to the complaint;

(b) Copies of any documents relating to the complaint; and

(c) A statement of the manner in which the retail customer wishes to have the complaint resolved.

4. If the department determines that a used vehicle dealer has violated the provisions of sections 3 to 10, inclusive, of this act or the regulations adopted by the department pursuant thereto, the department shall notify the used vehicle dealer of that determination and recommend to the dealer the actions that he may take to resolve the complaint.

5. A retail customer or used vehicle dealer who is aggrieved by the decision of the department may appeal the decision to the director.

Sec. 8. *The department shall maintain a record of the complaints submitted to the department pursuant to section 7 of this act. The record must include a statement of whether the dealer was found to have violated the provisions of sections 3 to 10, inclusive, of this act or the regulations adopted pursuant thereto, and if so, whether the used vehicle dealer resolved the complaint in the manner recommended by the department or in any other manner acceptable to the department and the retail customer who filed the complaint.*

Sec. 9. *1. If the department determines from the record maintained pursuant to section 8 of this act that on more than three occasions a used vehicle dealer has:*

(a) Been found to have violated the provisions of section 3 to 10, inclusive, of this act or the regulations adopted pursuant thereto; and

(b) Failed to resolve those complaints in the manner recommended by the department pursuant to section 7 of this act or in any other manner acceptable to the department and the retail customer who filed the complaint,

the department may impose an administrative fine, not to exceed $2,500, for each additional violation of the provisions of sections 3 to 10, inclusive, of this act. The department shall afford to any person so fined an opportunity for a hearing pursuant to the provisions of NRS 233B.121.

2. All administrative fines collected by the department pursuant to subsection 1 must be deposited with the state treasurer to the credit of the account for regulation of used vehicle dealers, which is hereby created in the

state highway fund. Money in the account may be used only for the administration of NRS 481.048 and sections 3 to 10, inclusive, of this act.

3. In addition to any other remedy provided by law, the department may compel compliance with sections 3 to 10, inclusive, of this act, and any regulation adopted pursuant thereto, by injunction or other appropriate remedy, and the department may institute and maintain in the name of the State of Nevada any such enforcement proceedings.

Sec. 10. *The department may adopt regulations to carry out the provisions of sections 3 to 10, inclusive, of this act.*

Sec. 11. NRS 41.600 is hereby amended to read as follows:

41.600 1. An action may be brought by any person who is a victim of consumer fraud.

2. As used in this section, "consumer fraud" means:

(c) An act prohibited by NRS 482.351; or

[(c)] *(d)* A deceptive trade practice as defined in NRS 598.0915 to 598.0925, inclusive.

3. If the claimant is the prevailing party, the court shall award any damages that he has sustained.

4. Any action brought pursuant to this section is not an action upon any contract underlying the original transaction.".

Amend the bill as a whole by adding new sections designated sections 31.1 through 31.5, following sec. 31, to read as follows:

"Sec. 31.1. NRS 387.030 is hereby amended to read as follows:

387.030 All money derived from interest on the state permanent school fund, together with all money derived from other sources provided by law, must:

1. Be placed in the state distributive school account which is hereby created in the state general fund; and

2. Be apportioned among the several school districts *and charter schools* of [the] *this* state at the times and in the manner provided by law.

Sec. 31.3. NRS 387.040 is hereby amended to read as follows:

387.040 1. Except as otherwise provided in subsection 2, the state treasurer shall pay over all public school money received by him *for the support of school districts* only on warrants of the state controller issued upon the orders of the superintendent of public instruction in favor of county treasurers. When endorsed, the orders are valid vouchers in the hands of the state controller for the disbursement of public school money.

2. If the board of trustees of a school district establishes and administers a separate account pursuant to the provisions of NRS 354.603, the state treasurer shall pay over to the school district all public school money due [to] the school district.

3. The state treasurer shall pay over all public school money received by him for the support of charter schools only on warrants of the state controller issued upon the orders of the superintendent of public instruction in favor of the charter schools. When endorsed, the orders are valid vouchers in the hands of the state controller for the disbursement of public school money.

Sec. 31.5. NRS 387.047 is hereby amended to read as follows:

387.047 1. Except as otherwise provided in this section, each school district *and charter school* shall separately account for all money received for the instruction of and the provision of related services to pupils with disabilities and gifted and talented pupils described by NRS 388.520.

2. The separate accounting must include:

(a) The amount of money provided to the school district *or charter school* for special education for basic support;

(b) Transfers of money from the [school district's] general fund *of the school district or charter school* needed to balance the special revenue fund; and

(c) The cost of:

(1) Instruction provided by licensed special education teachers and supporting staff;

(2) Related services, including, but not limited to, services provided by psychologists, therapists [,] and health-related personnel;

(3) Transportation of the pupils with disabilities and gifted and talented pupils to and from school;

(4) The direct supervision of educational and supporting programs; and

(5) The supplies and equipment needed for providing special education.

3. Money received from federal sources must be:

(a) Accounted for separately; and

(b) Excluded from the accounting required pursuant to this section.

Amend the bill as a whole by renumbering sec. 35 as sec. 35.5 and adding new sections designated sections 34.1 through 35.2, following sec. 34, to read as follows:

"Sec. 34.1. NRS 387.121 is hereby amended to read as follows:

387.121 The legislature declares that the proper objective of state financial aid to public education is to [insure] *ensure* each Nevada child a reasonably equal educational opportunity. Recognizing wide local variations in wealth and costs per pupil, [the] *this* state should supplement local financial ability to whatever extent necessary in each school district to provide programs of instruction in both compulsory and elective subjects that offer full opportunity for every Nevada child to receive the benefit of the purposes for which public schools are maintained. Therefore the quintessence of the state's financial obligation for such programs can be expressed in a formula partially on a per pupil basis and partially on a per program basis as: State financial aid *to school districts* equals *the difference between* school district basic support guarantee [minus] *and* local available funds produced by mandatory taxes [.] *minus all the local funds attributable to pupils who reside in the county but attend a charter school.* This formula is designated the Nevada plan.

Sec. 34.2. NRS 387.1211 is hereby amended to read as follows:

387.1211 As used in NRS 387.121 to 387.126, inclusive:

1. "Average daily attendance" means the total number of pupils attending a particular school each day during a period of reporting divided by the number of days school is in session during that period.

2. "Enrollment" means the count of pupils enrolled in and scheduled to attend programs of instruction of a school district *or a charter school* at a specified time during the school year.

3. "Special education program unit" means an organized instructional unit which includes full-time services of persons licensed by the superintendent of public instruction providing a program of instruction in accordance with minimum standards prescribed by the state board.

Sec. 34.3. NRS 387.1221 is hereby amended to read as follows:

387.1221 1. The basic support guarantee for any special education program unit maintained and operated during a period of less than 9 school months is in the same proportion to the amount established by law for that school year as the period during which the program unit actually was maintained and operated is to 9 school months.

2. Any unused allocations for special education program units may be reallocated to other school districts *or charter schools* by the superintendent of public instruction. In such a reallocation, first priority must be given to special education programs with statewide implications, and second priority must be given to special education programs maintained and operated [by school districts] *within counties* whose allocation is less than or equal to the amount provided by law. If there are more unused allocations than necessary to cover programs of first and second priority but not enough to cover all remaining special education programs eligible for payment from reallocations, then payment for the remaining programs must be prorated. If there are more unused allocations than necessary to cover programs of first priority but not enough to cover all programs of second priority, then payment for programs of second priority must be prorated. If unused allocations are not enough to cover all programs of first priority, then payment for programs of first priority must be prorated.

3. A school district *or a charter school* may, after receiving the approval of the superintendent of public instruction, contract with any person, state agency or legal entity to provide a special education program unit for pupils of the district pursuant to NRS 388.440 to 388.520, inclusive.

Sec. 34.4. NRS 387.123 is hereby amended to read as follows:

387.123 1. The count of pupils for apportionment purposes includes all [those] *pupils* who are enrolled in programs of instruction of the school district *or pupils who reside in the county in which the school district is located and are enrolled in any charter school* for:

(a) Pupils in the kindergarten department.

(b) Pupils in grades 1 to 12, inclusive.

(c) Pupils not included under paragraph (a) or (b) who are receiving special education pursuant to the provisions of NRS 388.440 to 388.520, inclusive.

(d) Children detained in detention homes, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570.

(e) Part-time pupils enrolled in classes and taking courses necessary to receive a high school diploma.

2. The state board [of education] shall establish uniform regulations for counting enrollment and calculating the average daily attendance of pupils. In establishing such regulations for the public schools, the state board:

(a) Shall divide the school year into 10 school months, each containing 20 or fewer school days.

(b) May divide the pupils in grades 1 to 12, inclusive, into categories composed respectively of those enrolled in elementary schools and those enrolled in secondary schools.

(c) Shall prohibit the counting of any pupil specified in subsection 1 more than once.

3. Except as otherwise provided in *subsection 4 and* NRS 388.700, the state board [of education] shall establish by regulation the maximum pupil-teacher ratio in each grade, and for each subject matter wherever different subjects are taught in separate classes, for each school district of [the] *this* state which is consistent with:

(a) The maintenance of an acceptable standard of instruction;

(b) The conditions prevailing in the school district with respect to the number and distribution of pupils in each grade; and

(c) Methods of instruction used, which may include educational television, team teaching or new teaching systems or techniques.

If the superintendent of public instruction finds that any school district is maintaining one or more classes whose pupil-teacher ratio exceeds the applicable maximum, and unless he finds that the board of trustees of the school district has made every reasonable effort in good faith to comply with the applicable standard, he shall, with the approval of the state board, reduce the count of pupils for apportionment purposes by the percentage which the number of pupils attending those classes is of the total number of pupils in the district, and the state board may direct him to withhold the quarterly apportionment entirely.

4. A charter school is not required to comply with the pupil-teacher ratio prescribed by the state board pursuant to subsection 3.

Sec. 34.5. NRS 387.1233 is hereby amended to read as follows:

387.1233 1. Except as otherwise provided in subsection 2, basic support of each school district must be computed by:

(a) Multiplying the basic support guarantee per pupil established for that school district for that school year by the sum of:

(1) Six-tenths the count of pupils enrolled in the kindergarten department on the last day of the first school month of the school year [.] , *including, without limitation, the count of pupils who reside in the county and are enrolled in any charter school.*

(2) The count of pupils enrolled in grades 1 to 12, inclusive, on the last day of the first school month of the school year [.] , *including, without limitation, the count of pupils who reside in the county and are enrolled in any charter school.*

(3) The count of pupils not included under subparagraph (1) or (2) who are receiving special education pursuant to the provisions of NRS 388.440 to

388.520, inclusive, on the last day of the first school month of the school year, excluding the count of pupils who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on that day.

(4) Six-tenths the count of pupils who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on the last day of the first school month of the school year.

(5) The count of children detained in detention homes, alternative programs and juvenile forestry camps receiving instruction pursuant to the provisions of NRS 388.550, 388.560 and 388.570 on the last day of the first school month of the school year.

(b) Multiplying the number of special education program units maintained and operated by the amount per program established for that school year.

(c) Adding the amounts computed in paragraphs (a) and (b).

2. If the [sum of the counts prescribed in paragraph (a) of subsection 1 is less than the sum similarly obtained for the immediately preceding school year, the larger sum must be used in computing basic support.] *enrollment of pupils on the last day of the first school month of the school year in a school district or a charter school is less than the enrollment of pupils in the same school district or charter school on the last day of the first school month for the immediately preceding school year, the larger number must be used for purposes of apportioning money from the state distributive school account to that school district or charter school pursuant to NRS 387.124.*

3. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees must be credited with attendance during that period.

4. Pupils who are incarcerated in a facility or institution operated by the department of prisons must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the department of education.

5. Part-time pupils who are enrolled in courses which are approved by the department as meeting the requirements for an adult to earn a high school diploma must not be counted for the purpose of computing basic support pursuant to this section. The average daily attendance for such pupils must be reported to the department.

Sec. 34.6. NRS 387.124 is hereby amended to read as follows:

387.124 1. On or before August 1, November 1, February 1 and May 1 of each year, the superintendent shall apportion the state distributive school account in the state general fund among the several county school districts *and charter schools* in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. [Apportionment] *The apportionment to a school district,* computed on a yearly basis , equals the difference between the basic support and the local

funds available [.] *pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school.* No apportionment may be made *to a school district* if the amount of the local funds exceeds the amount of basic support. *The apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.*

2. If the state controller finds that such an action is needed to maintain the balance in the state general fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the state controller shall submit a report to the department of administration and the fiscal analysis division of the legislative counsel bureau documenting reasons for the action.

Sec. 34.7. NRS 387.1243 is hereby amended to read as follows:

387.1243 1. The first apportionment based on an estimated number of pupils and special education program units and succeeding apportionments are subject to adjustment from time to time as the need therefor may appear.

2. A final adjustment must be computed as soon as practicable following the close of the school year, but not later than August 25. The final computation must be based upon the actual counts of pupils required to be made for the computation of basic support and the limits upon the support of special education programs, except that for any year when the total enrollment of pupils and children described in paragraphs (a), (b), (c) and (d) of subsection 1 of NRS 387.123 is greater on the last day of any school month after the second school month and the increase in enrollment shows at least:

(a) A 3 percent gain, basic support as computed from first month enrollment must be increased by 2 percent.

(b) A 6 percent gain, basic support as computed from first month enrollment must be increased by an additional 2 percent.

3. If the final computation of apportionment for any school district *or charter school* exceeds the actual amount paid to the school district *or charter school* during the school year, the additional amount due must be paid before September 1. If the final computation of apportionment for any school district *or charter school* is less than the actual amount paid to the school district *or charter school* during the school year, the difference must

be repaid to the state distributive school account in the state general fund by the school district *or charter school* before September 25.

Sec. 34.8. NRS 387.126 is hereby amended to read as follows:

387.126 The superintendent of public instruction may in his discretion and shall when so directed by the state board [of education] verify by independent audit or other suitable examination the reports of enrollment and daily attendance submitted by any school district *or charter school* for apportionment purposes.

Sec. 34.9. NRS 387.175 is hereby amended to read as follows:

387.175 The county school district fund is composed of:

1. All local taxes for the maintenance and operation of [kindergartens, elementary schools and high] *public* schools.

2. All money received from the Federal Government for the maintenance and operation of public schools.

3. Apportionments by [the] *this* state as provided in NRS 387.124.

4. Any other receipts, including gifts, for the operation and maintenance of the public schools in the county school district.

Sec. 35.1. NRS 387.185 is hereby amended to read as follows:

387.185 1. Except as otherwise provided in subsection 2, all school money due each county school district must be paid over by the state treasurer to the county treasurer on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the county treasurer may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124.

2. If the board of trustees of a school district establishes and administers a separate account pursuant to the provisions of NRS 354.603, all school money due [to] that school district must be paid over by the state treasurer to the school district on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the school district may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124.

3. No county school district may receive any portion of the public school money unless that school district has complied with the provisions of this Title and regulations adopted pursuant thereto.

4. All school money due each charter school must be paid over by the state treasurer to the governing body of the charter school on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the governing body may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124.

Sec. 35.2. NRS 387.205 is hereby amended to read as follows:

387.205 1. Money on deposit in the county school district fund or in a separate account, if the board of trustees of a school district has elected to establish such an account [under] *pursuant to* the provisions of NRS 354.603, must be used for:

(a) Maintenance and operation of *the* public schools [.] *controlled by the county school district.*

(b) Payment of premiums for Nevada industrial insurance.

(c) Rent of schoolhouses.

(d) Construction, furnishing or rental of teacherages, when approved by the superintendent of public instruction.

(e) Transportation of pupils, including the purchase of new buses.

(f) Programs of nutrition, if such expenditures do not curtail the established school program or make it necessary to shorten the school term, and each pupil furnished lunch whose parent or guardian is financially able so to do pays at least the actual cost of the lunch.

(g) Membership fees, dues and contributions to an interscholastic activities association.

2. Money on deposit in the county school district fund, or in a separate account, if the board of trustees of a school district has elected to establish such an account [under] *pursuant to* the provisions of NRS 354.603, when available, may be used for:

(a) Purchase of sites for school facilities.

(b) Purchase of buildings for school use.

(c) Repair and construction of buildings for school use.".

Amend the bill as a whole by adding new sections designated sections 43.1, 43.3 and 43.5, following sec. 43, to read as follows:

The semiannual apportionment made on or before July 1 [shall] *must* be made on the basis of $35 times the actual number of pupil completions in the district *and charter schools* during the current year, less any amount previously

apportioned to the district *or charter school* for estimated pupil completions during the current school year.

3. If the money available for the automobile driver education program is not sufficient to make full current school year apportionments, [so determined under] *as determined pursuant to* subsection 2, apportionment payments to the various school districts [shall] *and charter schools must* be prorated so that each school district *and charter school* is apportioned the same amount per pupil completion, such amount to be derived by dividing the total money available by the total number of completions during the current school year.

4. Money received by school districts *and charter schools* for the automobile driver education program must not be expended for the purchase or repair of motor vehicles or the purchase or repair of automobile driver education training equipment.

Sec. 43. NRS 482.181 is hereby amended to read as follows:

482.181 1. Except as otherwise provided in subsection 4, the department shall certify monthly to the state board of examiners the amount of the basic and supplemental privilege taxes collected for each county by the department and its agents during the preceding month, and that money must be distributed monthly as provided in this section.

2. Any supplemental privilege tax collected for a county must be distributed only to the county, to be used as provided in NRS 371.045 and 371.047.

3. The distribution of the basic privilege tax within a county must be made to local governments, as defined in NRS 354.474, except redevelopment agencies, in the same ratio as all property taxes were levied in the county in the previous fiscal year, but the State of Nevada is not entitled to share in that distribution and at least 5 percent of the basic privilege tax disbursed to a county must be deposited for credit to the county's general fund. *The 5 percent must be calculated in the same manner as the commission calculated for the department of motor vehicles and public safety.* For the purpose of this subsection, the taxes levied by each local government are the product of its certified valuation, determined pursuant to subsection 2 of NRS 361.405, and its tax rate, established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1980, except that the tax rate for school districts, including the rate attributable to a district's debt service, is the rate established pursuant to NRS 361.455 for the fiscal year beginning on July 1, 1978, but if the rate attributable to a district's debt service in any fiscal year is greater than its rate for the fiscal year beginning on July 1, 1978, the higher rate must be used to determine the amount attributable to debt service.

4. An amount equal to any basic privilege tax distributed to a redevelopment agency in the fiscal year 1987-1988 must continue to be distributed to that agency or area as long as it exists but must not be increased.

5. Local governments, other than incorporated cities, are entitled to receive no distribution of basic privilege tax if the distribution to the local government is less than $100. Any undistributed money accrues to the county general fund of the county in which the local government is located.

6. The department shall make distributions of basic privilege tax directly to counties, county school districts and incorporated cities. Distributions for other local governments within a county must be paid to the counties for distribution to the other local governments.

Conference Amendment No. 36.

Amend the bill as a whole by deleting sections 1 through 11 and adding new sections designated sections 1 through 11, following the enacting clause, to read as follows:

"Section 1. Chapter 482 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 10, inclusive, of this act.

Sec. 2. *For the purposes of this chapter, if an odometer that is connected to a motor vehicle is not capable of registering 100,000 miles or more, the odometer shall be deemed to register the actual mileage the vehicle has traveled while in operation.*

Sec. 3. *As used in sections 3 to 10, inclusive, of this act, unless the context otherwise requires, "drivetrain" means those components and systems within a motor vehicle that transfer power from the engine of the vehicle to the wheels of the vehicle, including, without limitation, a transmission, driveshaft, torque converter, differential, universal joint and constant velocity joint.*

Sec. 4. *Before a used vehicle dealer may sell to a retail customer a used vehicle the odometer of which registers 75,000 miles or more, the used vehicle dealer must conduct a reasonably thorough inspection of the soundness and safety of the vehicle's engine and drivetrain and disclose in*

writing any defects in the engine or drivetrain known to him or which he reasonably should have known after he conducts the inspection.

Sec. 5. *1. A used vehicle dealer who sells to a retail customer a used vehicle the odometer of which registers 75,000 miles or more shall provide to that retail customer an express written warranty which complies with the requirements set forth in subsection 2 and is valid for the period set forth in the schedule of warranties created pursuant to section 6 of this act, if a used vehicle dealer is the subject of more than three substantiated complaints filed against him with the department of motor vehicles and public safety during a 12-month period.*

2. An express written warranty required pursuant to subsection 1 must contain a statement that, in the event the operation of the used vehicle becomes impaired as a result of a defect in a component or system of the vehicle's engine or drivetrain, the used vehicle dealer shall, with reasonable promptness, correct the defect or cause the defect to be corrected.

Sec. 6. *1. If an express written warranty is provided to a retail customer for a used vehicle pursuant to section 5 of this act, the duration of the warranty must be determined pursuant to this section. If, on the date the vehicle was purchased from the used vehicle dealer, the odometer in the used vehicle registered:*

(a) At least 75,000 but less than 80,001 miles, the warranty is valid for a period of 30 days therefrom or until the odometer in the vehicle registers 1,000 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

(b) At least 80,001 but less than 85,001 miles, the warranty is valid for a period of 20 days therefrom or until the odometer in the vehicle registers 600 miles more than on the date the vehicle was purchased from the used vehicle dealer, whichever occurs earlier.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, July 7, 1997

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted the report of the first Committee on Conference concerning Assembly Bill No. 178.

MARY JO MONGELLI
Assistant Secretary of the Senate

REMARKS FROM THE FLOOR

Assemblyman Perkins requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker. I suppose while we're waiting for these conference committee reports to come back from legal and from the printing office, it would be an appropriate time to rise and give thanks to everybody in this body for their hard work this year. I'd like to especially thank you, Mr. Speaker. It certainly has been an honor and a privilege to serve under you in these chambers in an historic session, particularly as it relates to your seventh term as Speaker.

I would like to thank all of the committee chairs for the hard work that they put in, the remainder of the Democratic caucus, the Minority Leader, the Assistant Minority Leader, and certainly all the members of the minority caucus as well.

This is always a pretty difficult time in that we've come to the end of our work, but we did it. On January 20th, we began our journey, and today we completed it. That journey, ladies and gentlemen, was the journey that our constituents sent us on, to travel to Carson City and to

do the people's business. This journey was not about us; this journey was about the citizens of the greatest state and the greatest country in the world.

What did we do along our journey? We gave many local governments, and particularly Clark County, the tools that they needed to manage growth and improve our quality of life, maintain a strong economic engine that benefits us all. We made it so tourists and others help to pay for our water delivery system and the construction of schools. We provided more assurance to our constituents that a casino would not be built in their backyard. We worked diligently to protect children from becoming victims of sexual abuse. We also passed critical legislation to curb domestic violence and to prevent elder abuse. We improved the quality of health care through managed care reform, better coverage for diabetes and digestive disorders, and protections for new mothers and their babies. We reformed our election laws, providing more disclosure about who contributes to our campaigns. And, perhaps most important, on an issue near and dear to my heart as the father of five, we passed landmark education reform, toughening standards, increasing accountability, funding technology, and continuing class-size reduction.

Mr. Speaker, I truly believe that this is the greatest state in America. We are so rich in our diversity. The maturing of our thriving urban areas and the beauty of our rural areas are unparalleled anywhere. There are so many reasons to love and be proud of Nevada: Lake Tahoe, the Ruby Mountains, the Jackpot Wilderness, western, eastern, southern, northern, rural and urban. In 1995, I recall how enamored of our state one of my instructors at the F.B.I. National Academy was. For three months, he would begin class and end class with cowboy poetry and speak of "The Gathering." I remember how proud I was to be from Nevada and how I'd heard my first cowboy poetry in these chambers from a genuine cowboy poet. Ladies and gentlemen, nothing is more true; home means Nevada.

Mr. Speaker, just as our state is blessed with diversity, so is this legislature. We are so rich in our diversity of age, race, ethnic background, careers, and political philosophy. But in spite of our differences, we share a common goal, and that is to make this state—the state we all love—a better place to live, to work, and to raise our children. I am proud, Mr. Speaker, of what we, the members of the 69th Legislature, have accomplished in the last six months. Let us now return to our homes and families knowing that, of course, there are still hills to climb, but that we have come a long way in the time that we have been here.

This is an amazing state. The charm we all take for granted is held in awe by those from larger states. The access we provide our citizens, the same access our colleague from Sparks so eloquently described as the seed of democracy, is unrivaled in any other state. The attention paid to the citizens of this state by their legislature is amazing.

Let me ask all of you this: Why are we here? What makes us want to separate ourselves from our families, let our businesses suffer, experience a financial loss, deal with the lack of thanks that sometimes comes with this job? Make no mistake about it, the sacrifices are great. Not a day goes by that I don't feel the need to hold, talk to, play with, and speak to my children. Just about 20 hours ago, I spoke to my youngest daughter on the phone. It was somewhat difficult when she asked, "Daddy, when are you coming home?" and why I had not already come home. I know of others with children and other loved ones at home. Not being able to watch a child learn to crawl, develop, cut their teeth, is very difficult to deal with.

So, we make all these sacrifices to complete this journey. Why? Why do we do that? Well, I submit to you it is because we care, that we want to make a difference, that collectively we can continue to make this the best state and the greatest country on the earth. It is an amazing journey. In the last few months, we have become a family. Like many families, we have members with different likes and dislikes, interests, wants and needs. We don't always get along. There are those that have to grab that last piece of bread or leave that last drink of milk in the carton, but we are a family. Together, ladies and gentlemen, this family completed a journey that we can all be proud of. We have done our jobs, and we have done them well.

I can still hear my daughter's voice when she asked me, "Daddy, if you're not going to do it, who will?" I know that I, along with many of you, can now go home and look at those who

trust us in the eye and know that again we have earned their trust. Ladies and gentlemen, you really all deserve a hand.

SPEAKER DINI:

Thank you, I can't let you get away without saying something. At this hour of the morning, though, I'm not very good at giving speeches. I do want to thank everyone for the hard work. I really think we had a fine house. My chairmen did a nice job, and my Majority Leader and his assistant did beautiful work. The minority party did a beautiful job in their position, and I think we did one heck of a good job for the citizens in our state.

It has been a real pleasure. This is my 16th session. Time goes on and you don't know what's going to happen, but I appreciate this session. Thank you.

ASSEMBLY STANDING RULES

I. OFFICERS AND EMPLOYEES

DUTIES OF OFFICERS

1

Rule No. 1. Speaker of the Assembly.

1. All officers of the Assembly are subordinate to the Speaker in all that relates to the prompt, efficient and correct discharge of their official duties under Speaker's supervision.

2. Possessing the powers and performing the duties described in this rule, the Speaker shall:

(a) Take the chair at the hour to which the Assembly stands adjourned, call the members to order, and upon the appearance of a quorum, proceed to business.

(b) Preserve order and decorum and have general direction of the chamber of the Assembly and the approaches thereto, and in the event of any disturbance or disorderly conduct therein, order the same to be cleared.

(c) Decide all questions of order, subject to a member's right to appeal to the Assembly. On appeal from such decisions, the Speaker has the right, in the Speaker's place, to assign the reason for the decision.

(d) Have the right to name any member to perform the duties of the chair, but such substitution shall not extend beyond one legislative day.

(e) When the Assembly resolves itself into Committee of the Whole, name a chairman to preside thereover and call him to the chair.

(f) Have the power to accredit the persons who act as representatives of the press, radio and television, and assign them seats.

(g) Sign all bills and resolutions passed by the Legislature as provided by law.

(h) Sign all subpoenas issued by the Assembly or any committee thereof.

(i) Receive all messages and communications from other departments of the government and announce them to the Assembly.

(j) Represent the Assembly, declare its will and in all things obey its commands.

(k) Vote on final passage of a bill or resolution, but the Speaker shall not be required to vote in ordinary legislative proceedings except where the Speaker's vote would be decisive. In all aye and no votes, the Speaker's name shall be called last.

3. If a vacancy occurs in the office of Speaker, through death, resignation or disability of the Speaker, the Speaker pro Tempore shall

temporarily and for the period of vacancy or disability conduct the necessary business of the Assembly.

4. If a permanent vacancy occurs in the office of Speaker, the Assembly shall select a new Speaker.

If any member, in speaking or otherwise, transgresses the rules of the Assembly, the Speaker shall, or any member may, call to order, in which case the member so called to order shall immediately sit down, unless permitted to explain; and if called to order by a member, such member shall immediately state the point of order. If the point of order be sustained by the presiding officer, the member shall not be allowed to proceed; but if it be not sustained, then he shall be permitted to go on. Every such decision from the

presiding officer shall be subject to an appeal to the House; but no discussion of the question of order shall be allowed unless an appeal be taken from the decision of the presiding officer.

23

Rule No. 23. Committee on Ethics; Legislative Ethics.

1. The Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Two qualified electors of the state chosen by the members of the committee who are appointed pursuant to paragraphs (a) and (b), neither of whom is a present or former member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint two members of the Assembly, one from the majority political party and one from the minority political party to serve as alternate members of the committee. If a member is disqualified, the alternate appointed from the same political party shall serve as a member of the committee during the consideration of a specific question.

3. A member is disqualified if he is the requester of advice concerning a question of ethics or conflict of interest, or if the advice is requested by another member of the Assembly and a reasonable person in his situation could not exercise independent judgment on the matter in question.

4. The committee shall hear complaints on alleged breaches of ethics and conflicts of interest, brought by Legislators and others, and it may advise Legislators on questions of breaches of ethics and conflicts of interest. All proceedings held to consider the character, alleged misconduct, professional competence or physical or mental health of any person by the committee on matters of ethics or conflicts of interest are confidential unless a Legislator:

(a) Against whom a complaint is brought requests a public hearing;

(b) Discloses the opinion of the committee at any time after his hearing; or

(c) Discloses the content of an advisory opinion issued to him by the committee.

5. A complaint which alleges a breach of ethics or a conflict of interest must be in writing and signed by the person making the allegation. The complaint must be filed with the chairman. The chairman shall send a copy of the complaint, within 24 hours after receiving it, to the Legislator against whom the complaint is brought.

6. The criterion to be applied by the committee in determining whether a Legislator has a conflict of interest is whether the independence of judgment of a reasonable person in his position upon the matter in question would be materially affected by:

(a) His acceptance of a gift or loan; or

(b) His private economic interest.

7. A Legislator who determines that he has a conflict of interest may vote upon, advocate or oppose any measure as to which a potential conflict exists if he makes a general disclosure of the conflict. In determining whether to vote upon, advocate or oppose the measure, the Legislator should consider whether:

(a) The conflict impedes his independence of judgment;

(b) His participation will produce a negative effect on the public's confidence in the integrity of the Legislature;

(c) His participation is likely to have any significant effect on the disposition of the measure; and

(d) His interest is greater than the interests of an entire class of persons similarly situated.

2. The presiding officer shall call for ayes and noes by a division or by a roll call, either electronic or oral.

3. When taking the ayes and noes on any question, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

4. When taking the ayes and noes by oral roll call, the Chief Clerk shall take the names of members alphabetically except that the Speaker shall be called last.

5. The electronic roll call system may be used to determine the presence of a quorum.

6. The ayes and noes shall not be taken with the electronic roll call system until all members present are at their desks. The presiding officer may vote at the rostrum.

7. Only a member, certified by the Committee on Credentials or special committee of the Assembly, may cast a vote in the Assembly. A member

shall not vote for another member on any roll call, either electronic or oral. Any member who votes for another member may be punished in any manner deemed appropriate by the Assembly.

5. Committee introduction of legislative measures which are not prefiled requires concurrence of two-thirds of the committee and does not imply commitment to support final passage.

1. Upon receipt of a statement of contest from the Secretary of State pursuant to NRS 293.427, the Speaker shall, as soon as practicable, appoint a special committee to hear the contest or refer the contest to the Standing Committee on Elections, Procedures, and Ethics. The committee shall conduct a hearing to consider the contest. The committee shall keep written minutes of the hearing. The contestant has the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby.

2. The contest must be submitted so far as may be possible upon depositions or by written or oral arguments as the Assembly may order. Any party to a contest may take the deposition of any witness at any time after the statement of contest is filed with the Secretary of State and before the contest is finally decided. At least 3 days' notice must be given to the prospective deponent and to the other party. If oral statements are made at any hearing before the Assembly or a committee thereof which purport to establish matters of fact, they must be made under oath. Strict rules of evidence do not apply.

3. The committee shall, not later than 5 calendar days after the contest was referred to the committee, report to the Assembly its findings on whether the contestant has met the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby. The Assembly shall, as soon as practicable thereafter but not later than 7 calendar days after the Speaker received the statement of contest, vote whether to accept or reject the committee's recommendation without amendment, if a recommendation is made. If the recommendation is accepted, the Speaker shall declare the recommended person elected. If the recommendation is rejected or the committee did not make a recommendation, the Assembly shall consider immediately which person should be declared elected. The Speaker shall not adjourn the Assembly until it has declared a person to be elected.

4. The Speaker shall inform the Governor of the identity of the person declared to be elected by the Assembly.

Public hearings are opened by the chairman who announces the subject under consideration and provides for those wishing to address the committee to be heard. These persons shall rise in an order determined by the chairman, address the chair and furnish their names, addresses and firms or other organizations represented. Committee members may address the chairman for permission to question the witness. When all persons present have been heard, the chairman may declare closed the portion of the meeting wherein the committee will accept public testimony on the matter before proceeding to other matters.

Petitions, memorials and other papers addressed to the Assembly, shall be presented by the Speaker, or by a member in the Speaker's place. A brief statement of the contents thereof shall be made by the introducer. They shall not be debated on the day of their being presented, but shall be on the table, or be referred, as the Assembly shall determine.

[Statutes of Nevada 1973, 1891; A 1995, 2856; 1997, 3550]

105

Rule No. 105. Substitute Bills.

A substitute bill shall be deemed and held to be an amendment, and treated in all respects as such. However, a substitute bill may be amended after its adoption, in the same manner as if it were an original bill.

[Statutes of Nevada 1973, 1893]

106

Rule No. 106. Skeleton Bills.

The introduction of skeleton bills is authorized after the beginning of a session when, in the opinion of the sponsor and the Legislative Counsel, the full drafting of the bill would entail extensive research or be of considerable length. A skeleton bill will be provided for purposes of introduction and committee referral. Such bill will be a presentation of ideas or statements of purpose, sufficient in style and expression to enable the Legislature and the committee to which the bill may be referred to consider the substantive merits of the legislation proposed. The committee, if it treats the skeleton bill favorably, shall then request the draft of a completed bill in such detail as would afford the committee the opportunity of considering the legislative ideas proposed in context with all their necessary ramifications.

109

Rule No. 109. Reading of Bills.

The presiding officer shall announce at each reading of a bill whether it be the first, second or third reading. The first reading of a bill shall be for information. If there is objection, the question shall be, "Shall the bill be rejected?" If the question to reject fails to receive a majority vote by the members present, or if there is no objection, the bill shall take the proper course. No bill shall be referred to a committee until after the first reading, nor amended until after the second reading.

[Statutes of Nevada 1973, 1894; A 1995, 2858]

110

Rule No. 110. Second Reading and Amendment of Bills.

1. All bills shall be read the second time on the first legislative day after which they are reported by committee, unless a different day is designated by motion. Upon second reading, Assembly bills reported without amendments shall be placed on the General File and Senate bills reported without amendments shall be placed on the General File. Committee amendments reported with bills shall be considered upon their second reading, and such amendments may be adopted by a majority vote of the members present. Any amendment which is numbered, copied and made available to all members shall be moved and voted upon by number unless any member moves that it be read in full. Assembly bills so amended shall be reprinted, engrossed, and placed on the General File, and Senate bills so amended shall be reprinted, then engrossed or reengrossed, as applicable, and placed on the General File.

2. Any member may move to amend a bill during its second or third reading, and such motion to amend may be adopted by a majority vote of the members present. Bills so amended on second reading shall be treated the same as bills with committee amendments. Any bill so amended upon the General File shall be reprinted and then engrossed or reengrossed, as applicable.

3. The reprinting of amended bills may be dispensed with only in accordance with the provisions of law.

[Statutes of Nevada 1975, 1915; A 1997, 3552]

111

Rule No. 111. Consent Calendar.

1. On or before the 80th calendar day of a regular session, a standing committee may by unanimous vote of the members present report a bill with

the recommendation that it be placed on the consent calendar. The question of recommending a bill for the consent calendar may be voted upon in committee only after the bill has been recommended for passage and only if no amendment is recommended.

2. The Chief Clerk shall maintain a list of bills recommended for the consent calendar. The list must be printed in the daily history and must include the summary of each bill, and the date the bill is scheduled for consideration on final passage.

3. Unless postponed by motion, the consent calendar must be considered on Monday and Thursday. A bill reported on Friday to Monday, inclusive, is eligible to be considered on the following Thursday; a bill reported on Tuesday to Thursday, inclusive, is eligible to be considered on the following Monday.

4. At any time before the presiding officer calls for a vote on the passage of the consent calendar, a member may give written notice to the Chief Clerk or state orally from the floor of the Assembly in session that he objects to the inclusion of a particular bill on the consent calendar. If a member so objects, the Chief Clerk shall remove the bill from the consent calendar and transfer it to the second reading file. A bill removed from the consent calendar may not be restored to that calendar.

5. During floor consideration of the consent calendar, members may ask questions and offer explanations relating to the respective bills.

6. When the consent calendar is brought to a vote, the bills remaining on the consent calendar must be read by number and summary and the vote must be taken on their final passage as a group.

113

Rule No. 113. General File.

All bills reported to the Assembly, by either standing or special committees, after receiving their second readings shall be placed upon a General File, to be kept by the Chief Clerk. No bill shall be considered by the Assembly until the regular order of business shall have been gone through. Then bills shall be taken from the General File and acted upon in the order in which they were reported, unless otherwise specially ordered by the Assembly. But engrossed bills shall be placed at the head of the file, in the order in which they are received. The Chief Clerk shall post, in a conspicuous place in the chamber, a daily statement of the bills on the General File, setting forth the order in which they are filed, and specifying the alterations arising from the disposal of business each day. The Chief Clerk shall likewise post notices of special orders as made.

[Statutes of Nevada 1973, 1895; A 1997, 3553]

114

Rule No. 114. Reserved.

115

Rule No. 115. Reconsideration of Vote on Bill.

On the first legislative day that the Assembly is in session succeeding that on which a final vote on any bill or resolution has been taken, a vote may be reconsidered on the motion of any member. Notice of intention to move such reconsideration shall be given on the day on which such final vote was taken by a member voting with the prevailing party. It shall not be in order for any member to move a reconsideration on the day on which such final vote was taken, except by unanimous consent. But there shall be no reconsideration of a vote on a motion to indefinitely postpone. Motions to reconsider a vote upon amendments to any pending question may be made at once.

It shall not be in order, at any time, to vote upon such vetoed bill unless the same shall first have been read, from the first word of its title to and including the last word of its final section; and no motion shall be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or

statement containing the objections of the Governor to the bill shall be entered upon the Journal of the Assembly. The consideration of a vetoed bill, and the objections of the Governor thereto, shall be a privileged question, and shall take precedence over all others.

COMMITTEES OF CONFERENCE

Rule No. 1. To Be Appointed by One House at Request of the Other.

In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. New bills or resolutions so reported shall be treated as amendments unless the bills or resolutions are composed entirely of original matter, in which case they shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be.

The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two committees of conference on any bill or resolution. A majority of the members of a committee of conference from each House must be members who voted for the passage of the bill or resolution.

POLICY AND PROCEDURES REGARDING SEXUAL HARASSMENT

Rule No. 20. Maintenance of Working Environment; Procedure for Filing, Investigating and Taking Remedial Action on Complaints.

1. The Legislature hereby declares its intention to maintain a working environment which is free from sexual harassment. This policy applies to all legislators, lobbyists, legislative interns and employees of the Legislature, including supervisors and coworkers. Each member, lobbyist, legislative intern and employee of the Legislature is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. For the purposes of this rule, "sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including, but not limited to:

(a) Verbal conduct such as epithets, derogatory comments, slurs or unwanted sexual advances, invitations or comments;

(b) Visual conduct such as derogatory posters, photography, cartoons, drawings or gestures;

(c) Physical conduct such as unwanted touching, blocking normal movement or interfering with the work directed at a person because of his sex;

(d) Threats and demands to submit to sexual requests to keep a person's job or avoid some other loss, and offers of employment benefits in return for sexual favors; and

(e) Retaliation for opposing, reporting or threatening to report sexual harassment, or for participating in an investigation, proceeding or hearing conducted by the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission,

when submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person or such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

3. A person may have a claim of sexual harassment even if he has not lost a job or some other economic benefit. Conduct that impairs a person's ability to work or his emotional well-being at work constitutes sexual harassment.

4. If a person believes he is being sexually harassed on the job, he may file a written complaint with:

(a) The Speaker of the Assembly, if the complaint involves the conduct of a member, legislative intern or employee of the Assembly or a lobbyist;

(b) The Majority Leader of the Senate, if the complaint involves the conduct of a member, legislative intern or employee of the Senate or a lobbyist; or

5. Except as otherwise provided in subsection 6, the Speaker of the Assembly or the Majority Leader of the Senate, as appropriate, shall refer a complaint against a member, legislative intern or employee of a certain House to a committee consisting of legislators of the same House. A complaint against a lobbyist may be referred to a committee in either House.

6. If the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate, the Director of the Legislative Counsel Bureau shall refer the complaint to the Committee on Elections and Procedures of the Assembly or the Committee on Legislative Affairs and Operations of the Senate, as appropriate. If the Speaker of the Assembly or the Majority Leader of the Senate is a member of one of these committees, the Speaker or the Majority Leader, as the case may be, shall not participate in the investigation and resolution of the complaint.

7. The committee to which the complaint is referred shall immediately conduct a confidential and discreet investigation of the complaint. As a part of the investigation, the committee shall notify the accused of the allegations. The committee shall facilitate a meeting between the complainant and the accused to allow a discussion of the matter, if both agree. If the parties do not agree to such a meeting, the committee shall request statements regarding the complaint from each of the parties. Either party may request a hearing before the committee. The committee shall make its determination and inform the complainant and the accused of its determination as soon as practicable after it has completed its investigation.

8. If the investigation reveals that sexual harassment has occurred, the Legislature will take remedial action against the member, lobbyist, legislative intern or employee which is commensurate with the severity of the offense. The committee shall inform the complainant of any action taken against the member, lobbyist, legislative intern or employee. The Legislature will also take any action necessary to deter any future harassment.

9. The Legislature will not retaliate against a person who files a complaint and will not knowingly permit any retaliation by the person's supervisors or coworkers.

10. The Legislature encourages a person to report any incident of sexual harassment immediately so that the complaint can be quickly and fairly resolved.

11. Action taken by a complainant pursuant to this rule does not prohibit the complainant from also filing a complaint of sexual harassment with the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission.
