The Sergeant-at-Arms informed the President of the Senate that the Justices of the Supreme Court were at the bar.

The appointed committee escorted the Justices of the Supreme Court to their chairs.

The President of the Senate welcomed the Governor, and asked him to read his message.

The Governor delivered his message as follows:

MESSAGE OF THE GOVERNOR TO THE FORTY-FOURTH LEGISLATURE OF NEVADA

THE STATE OF NEVADA
EXECUTIVE CHAMBER
CARSON CITY, January 18, 1949

To the Honorable, the Senate and Assembly:

It is a real pleasure to appear before you, in conformity with my constitutional duties, to deliver my message to the Forty-fourth Session of the Nevada State Legislature.

To each and all of you I extend my hearty congratulations. You have been signally honored by your constituency and their confidence in you occasions your presence here.

As members of the Legislature of our State you represent all of our people, those of the majority party and those of the minority party alike, in this, one of the important three branches of our Government. Each of you is empowered to act for the citizens of your section of the State in enacting laws for the benefit and future advancement of Nevada citizens generally.

You are all aware of the serious responsibilities that now face our State in meeting the increasing demands of the times. Nevada has never been static, nor will it ever be.

As public officials we are charged with more than just maintaining a status quo; we are obligated to insist upon continual progress which will assure our people of a State Government that is constantly attuned to the needs of the day.

Two years ago, when I appeared before the Forty-third Session, I stressed many of the problems which confronted the legislators and promised my full cooperation, as Governor, in your endeavor to solve them.

I told many of you and some of your predecessors that I believed most of these economic and social problems were the direct result of the most terrible war in the history of the world; that maladjustments were the controlling cause of such conditions.

Now I find that after two intervening years most of these problems still remain, notwithstanding the fact that you acted with intelligence, foresight, and courage in meeting the situation that then existed. The efforts of the last Legislature were commendable, but these problems still exist. The reason for this is plain. Inflationary conditions which were responsible for most of the economic ills, have steadily increased, until today the dollar is worth a great deal less than it was even two years ago.

But there is a bright side to this picture because this inflationary condition of which we speak has carried with it increased revenues, which will ease the situation. Two years ago the Legislature was faced with the possibility of a deficit of approximately a million dollars while today, because of added revenues, no such deficit is in sight.

Even though the situation is somewhat improved by obtaining new revenues, the need for economy in government is as great as at any time in the history of our State, and every consideration should be given to effecting savings that do not impair governmental efficiency.

FINANCES

With reference to State finance, it will not be possible at this writing to make any detailed statement until such time as the budgets of the various State agencies are submitted and approved. My budget message will be presented to you within twenty days, and at that time it should be possible to get a fairly clear picture of the State's present financial status, and also determine what additional revenue must be raised to meet the just and necessary obligations of State Government.

I wish to point out that the same economic forces that operated two years ago, and which necessitated new sources of revenue, not only continue to manifest themselves, but have become more active because of highly inflationary conditions that have prevailed and still prevail. It appears that more revenue will be required for this biennium than for the last biennium, but this is not a problem that cannot be solved.

So that you may have a better understanding of the sources of the State's revenues and of its expenditures, I have had prepared a condensed statement of income and disbursements for the fiscal year ending June 30, 1948. This statement, which is in the back of the printed message (Appendix I, p. 33), is illustrative and shows the percentage that each source of revenue and expenditure bears to the whole. As far as I know, this is the first time in the history of the State that a statement of this type has been prepared, and it should provide a clearer and more comprehensive picture of where the money comes from and where it goes than has ever been presented.

I think it is opportune to call to your attention the fact that the State is not the only governmental taxing agency that is confronted with financial difficulties. In like manner, the counties, municipalities, and school districts, which are interlocked in our revenue system, are having their troubles. Each is finding it most difficult to fix a rate that will produce the required revenue and still keep within the constitutional $5 per hundred limitation. In view of this interlocking situation, I sincerely urge that in establishing your revenue requirements you consider this condition.

There is now being prepared for your information a financial statement, which will be presented at a later date, including revenues received by the counties, municipalities, and school districts.

NEVADA TAX COMMISSION

VALUATION DIVISION

Very satisfactory progress has been made in the Nevada State Tax Commission's program for equalizing property values within and between counties. The Valuation Division, headed by a Chief Valuation Consultant, has been set up and has conducted studies in six counties with varying degrees of success. While there appear to be no insurmountable obstacles, it is well to recognize the fact that if this program is to be successful it must have the complete cooperation of the Assessors of the various counties throughout the State.

Progress has been slowed down in some counties because Assessor's staffs were inadequate to provide the requested personnel to work with the State's Valuation Division. To overcome this obstacle, I, together with members of the Tax Commission and the Tax Consultant, appeared before the Nevada Association of County Commissioners on December 17, 1948, and acquainted

them with conditions stated herein. Following a full discussion of the problem, the County Commissioners adopted a resolution which, in effect, pledged the County Commissioners to provide the Assessors with the additional needed personnel to assist in carrying out the State's valuation program. This, in my opinion, will be very helpful in bringing the program to a successful conclusion.

Through resolution, the County Assessors offered their cooperation and made further suggestions, looking to a better working program between the counties and the Tax Valuation Division. I further suggest that the Legislature make an exhaustive study of existing laws and their operation to strengthen the laws, if it is deemed necessary.

GAMBLING

While the Tax Commission has, with the advice of the Attorney General, formulated its rules and regulations for operation of gambling establishments in accordance with its interpretation of the law, it is, in my opinion, highly desirable that the powers of the Commission be definitely defined and means of enforcement set forth in new laws.

SALARY ADJUSTMENTS

I believe it is my duty to call to the attention of your Honorable Bodies that the salaries paid State officials and State employees as a whole are incomprehensibly and unjustly low, as compared with the salaries paid by other States and by private industries.

The inequities are so glaring and numerous I will not attempt to analyze them here, but I sincerely urge that this situation be given very earnest study by this Legislature.

PUBLIC SCHOOLS

Notwithstanding the Nation-wide shortage of trained teachers, Nevada has been fortunate in filling practically every teaching position in the State during the past two years. Improvement has been achieved by the establishment at the last session of the Nevada Legislature of a State minimum salary law for teachers and by the services of the State Department of Education in voluntarily conducting a teacher's free placement agency. Some neighboring States have raised their minimum teacher's salary above the $2,400 fixed in Nevada. Under present economic conditions it is deemed likely that teachers will remain in and be attracted to Nevada educational positions, and that the teaching profession may be adopted as a career by more graduates of our high schools.

An upswing of professional spirit among educators in Nevada is reported to have resulted from formation of the Nevada State Classroom Teachers Association and reorganization of the Nevada State Educational Association. Teachers and administrators are evidencing a more active interest in educational problems and the State and district teacher's institutes have been designed to improve teaching techniques and present proven educational practices and modern trends.

A marked increase in pupil attendance in Nevada elementary schools during the 1946–1947 and 1947–1948 school years has materially added to the cost of operating our schools and has become a drain upon the Distributive School Fund. It is anticipated that this increased enrollment will continue and obivously it will be necessary for the situation to be considered in making appropriations for future support of the schools.

It is worthy of note that our schools have profited during the past biennium by the receipt of $58,735.80 of donable surplus property from the Federal Government. The benefits have been substantial and this privilege and opportunity should be preserved and maintained.

The school lunch program in Nevada is steadily growing. Its value is recognized and should be encouraged. This program definitely promotes improved health for the participating children, encourages better school attendance, results in improved capacity to learn, and provides employment for numerous people throughout the State. School boards, parent-teacher organiza-

tions, and service clubs which help support the local programs deserve public credit for their interest and assistance.

Your serious consideration is invited to recommendations of the State School Finance Survey Group which has been studying organization and administration of Nevada schools for the past eighteen months and which has prepared and submitted a printed report for your information.

The most critical need confronting Nevada schools at the present time is that of adequate school building facilities, and it is forecast that this problem will become more acute. I am in accord with the recommendation of the State Department of Education that a State Commission be created by the Legislature to survey school building needs and study the solution of this urgent problem during the next two years and report to the next Legislature.

Amendments to the 1947 State Employees Retirement law will be required to enable the Public School Teachers Retirement system to integrate with the new plan. The school teachers of Nevada are entitled to the same financial protection and security afforded other public employees under the Nevada Employees Retirement System. It is recommended that this be accomplished either by amendment of the 1937 Public School Teachers Retirement Salary Act or by amendment of the Nevada Retirement Act of 1947.

UNIVERSITY OF NEVADA

Considering the fact that any message I deliver to the Legislature today on the affairs of the University would merely supplement my previous message, I deem it advisable to restate my message of two years ago, which follows:

> Sympathetic consideration to the needs of our University should be given. The enrollment of the largest number of students in the history of the institution has presented problems that have taxed the ingenuity of the Regents of the University and has posed a problem for the State to solve in providing financial assistance. While I realize that great sums could be spent profitably at the University to meet its many needs, there are similar needs in other educational fields. All must be given attention. At the University, our notable Mackay School of Mines must not be permitted to lose its standing among the great mining schools of the country; our engineering colleges must be built up and a decision must be reached on the future of the College of Agriculture. These are matters that affect the young men and women of our State.
>
> Consideration must also be given to the physical needs of our University. If we cannot finance the ambitious building program outlined by the University at present, we can give consideration to the essentials, including, first of all, the construction of a heating plant at a cost of more than $300,000. With the limited financial resources now in sight, the question of the priority of a life science building and an addition to the engineering building must be determined. Then, too, there is the question of repairs and improvements to existing structures, some of which come under the head of immediate necessities.
>
> Adjustments in the salaries paid members of the faculty are necessary in keeping with present high living costs.

This was my message of two years ago.

Conditions at the University of Nevada are fundamentally the same today as they were when I delivered my message to the Forty-third Legislature. There is an increase in enrollment, which to some degree has accentuated the problems that previously existed.

Salaries of the faculty and staff have become even more inadequate, measured by the purchasing power of the dollar. There is no question in my mind that the lack of funds to pay salaries comparable to those of other high ranking universities has militated greatly against progress of the University. The same is true with reference to purchasing needed equipment and providing

other necessary facilities. Under such circumstances, it is not to be expected that the institution can reach its highest possible attainments.

I regret to report that practically no headway has been made in the building program. The heating plant for which money was appropriated by the last Legislature, and which was given first priority, has not been constructed; in fact, only the architectural plans have been prepared. The reason assigned by the Planning Board and University officials for the delay is this: The money made available by the 1947 Legislature is insufficient because of the very marked rise in building costs since two years ago. To complete this vital project, this Legislature will be asked to appropriate $187,000 additional in order to meet increased costs.

NATIONAL SECURITY

NEVADA NATIONAL GUARD

In the fall of 1947, because of chaotic world conditions and at the urgent request of the War Department, I strongly urged that the Nevada National Guard be reorganized immediately. Today there is still less feeling of national security.

With the assistance of many public spirited citizens and various organizations of our State, we were able to raise the minimum funds necessary to launch this reorganization program.

In November of 1947 the first units of the Nevada National Guard were Federally recognized, and today 100 percent of the units allotted to the State of Nevada have been organized. Units are located at Elko, Ely, Winnemucca, Las Vegas, Carson City, and Reno—the latter three having two units each. At the present time the membership of the National Guard is approximately five hundred and is growing daily.

Through the National Guard, large sums of Federal funds are expended within our State. There have been erected buildings to the value of $90,000, and at the present time negotiations are being conducted for further construction in the amount of $92,000. In addition, the Federal Government has committed itself to expend approximately $150,000 for repairs and alterations to the Reno Army Air Base, which is being used by the Air National Guard.

Although fully financed by Federal funds, these buildings become the property of the State upon completion. Approximately $11,000,000 of Federal property, real and personal, has been turned over to the Nevada National Guard for its use, all of this property being available to the State of Nevada for use in the event of any emergency.

The National Guard now has one of the large pay rolls in the State with more than one hundred persons—all citizens of our State—employed on a full-time basis, with salaries paid entirely from Federal funds.

During the past year, the Federal Government has expended approximately $442,000, and it is estimated that, if State support for administration is forthcoming, the Federal Government will, during the coming biennium, expend approximately $1,000,000 in support of the Nevada National Guard.

If the State of Nevada is to retain this tremendous source of income and, in the interest of National Defense, take its place with the other forty-seven States, and the territorial possessions, you, as members of this session of the State Legislature, should see that adequate funds are appropriated for the support of the National Guard. I feel constrained to reiterate that the National Guard is contributing not only to national security but is also contributing generously to the economic welfare of the State of Nevada.

I respectfully request and urge that you give this matter your most earnest consideration.

VETERANS PROGRAM

Nevada's population and taxable property are small, and because of this veteran groups have refrained from making extreme demands on the State such as have been made upon other States and which, in many instances, have been granted.

I ask your consideration of the following legislation in the interest of the veterans:

1. Amendment of the tax law to give $1,000 exemption to veterans, irrespective of the $4,000 limitation, and regardless of financial or marital status of such veteran.
2. Enactment of a Home Purchase Act patterned after the one in effect in California, and one which is feasible from a financial and legal standpoint.
3. Enactment of legislation enabling the larger high schools, which have facilities, to extend their curriculum to include 13th and 14th grades to accommodate students who are not financially able to leave their locality to go to the University, and providing an appropriation therefor.
4. An adequate appropriation for maintenance of a Nevada National Guard.

NEVADA STATE HOSPITAL FOR MENTAL DISEASES

This is a report on some of the progress achieved for the care of the mentally ill at the Nevada State Hospital:

1. There has been effective segregation of patients according to type of behavior, and the admission of new patients has been largely restricted to two wards until after examination and diagnosis have been made and treatment has been considered. This partly serves the purpose of admission wards.

2. Various types of mechanical restraints and seclusion practices, previously used, have been largely eliminated. We believe such practices at this hospital are at an absolute minimum compared with both State and private institutions elsewhere.

3. The general appearance and sanitation of the wards in which patients are housed have been considerably improved. Employment of sufficient night attendants permits free access to lavatories for most of the patients.

4. The statutory authorization for voluntary patients makes possible admission of the mentally ill without any intervention of the courts and the stigma usually attached to commitments. The avoidance of court intervention is gratefully appreciated by the relatives involved.

5. The Occupational Therapy Department has expanded within the limited space available, and has attracted the interest of organized womens' groups, several of which are now participating in this service. There is need for considerable expansion in this department, and also for extended recreational activities. For the past two years, movies have been provided twice a week; parties, including dancing, have been held semimonthly. Church services from two denominations are available every Sunday.

6. The current administration of the hospital has rendered a special service to the taxpayers of the State. Each succeeding year since 1945 there has been a sharp growth in reimbursement to the State Treasury for subsistence and care of patients from their estates, guardianships, and relatives whenever funds were available. From an earlier average of between $4,000 and $5,000 biennially, the State recovered approximately $50,000 during the last biennium. Such reimbursement for service rendered at the hospital is just and proper. This added income, which has not yet reached the full potential, should reflect higher standards of service to all patients without adding to the burden of the taxpayers.

7. A new ward building with a capacity of 165 male patients has been completed, which will enable the transfer of the female patients, now housed in obsolete quarters, to wards 5, 6, 7, and 8, as soon as remodeling is completed on the latter.

A new modern heating plant has been put into operation on a 24-hour-per-day basis. New water, power, and steam lines have been laid to all permanent buildings. Telephones have been installed in all permanent buildings, with direct connections to a central switchboard.

A modern dairy barn has replaced the one destroyed by fire. Expenditures

for this building were obtained from the State's Emergency Fund and insurance from the destroyed structure. Refrigeration equipment has been modernized throughout the institution, and a walk-in type deep-freeze unit has been added. A new three-bedroom home for the Resident Physician has been constructed. Modern kitchen and bakery equipment obtained from War Assets Administration has been installed.

Three quonset huts have been installed, two of which are being used for personnel quarters, and the third for a children's recreational building.

The increase in prices of all commodities since the appropriations were made two years ago has created a serious problem. It is recommended that the actual amount to be expended per meal per person be allocated separately from the general appropriation, and be used only for raw-food purchases.

Members of the board and I are pleased with the steady progress that has been made at the Hospital, which is evidenced in many ways. The board welcomes constructive criticism upon the operation of the Hospital, and we are all concerned primarily in seeing that our mentally afflicted receive the best possible care. It must be realized, however, that degree of improvement is governed to a great extent by the amount of money appropriated by the Legislature. I am satisfied that an inspection by members of the Legislature will convince you that the money appropriated has been well spent and has accrued to the personal benefit of the inmates and to the State institution.

NEVADA STATE PRISON

New construction at the State Prison is practically completed. A new cell block was built and additions and alterations were made to the old structure. The new cell block, with modern equipment, will house, when completely filled, two hundred and sixteen inmates. This will alleviate the crowded conditions which have prevailed at the prison during the past years.

It will be necessary to construct a new gas execution chamber and condemned cells, and sufficient funds should be appropriated for this work.

The Prison management is experiencing difficulty in stabilizing its staff, because the salaries paid are far below those of similar institutions in other States and of private industry.

While a number of improvements have been made at the Prison Farm, the shortage of water has necessitated more purchase of produce than would ordinarily have been necessary.

At the last session of the Legislature a bill was introduced calling for an appropriation to be used cooperatively with the Indian Service in the construction of a dam on Clear Creek. This bill failed to receive favorable consideration, primarily, I believe, because sufficient data on water flow and other relevant matters were not available. However, during the period intervening between the last session and the present one, a comprehensive study has been made and the compiled information will be made available to the Legislature.

I recommend that you give earnest consideration to the feasibility and desirability of appropriating money for the dam. The State of Nevada is fortunate in having a set-up whereby the Indian Service will pay a large proportion of the costs. If the dam is built, sufficient water would be made available to the Prison Farm to place under cultivation approximately 250 acres. If this is done, the Prison would produce all of its meat, hay, and much other produce. It is estimated that savings to the institution would average about $10,000 a biennium. It appears, therefore, that the building of the dam would be a splendid investment for the State.

NEVADA SCHOOL OF INDUSTRY

Within the past year I visited the Nevada School of Industry near Elko, inspecting the facilities and discussing the operation of the school with the Superintendent.

It has been the policy of our State to maintain the school not as an institution of punishment, but rather as an agency devoting its efforts toward rehabilitation of those young people who find themselves temporarily out of step with the requirements of society.

A study of the School of Industry's report will show the necessity for many structural improvements and other facilities that will enlarge the field of activity in achieving a self-sustaining basis for the institution.

PUBLIC HEALTH

No aspect of government is closer to the hearts of the people and their officials in government than is the protection of public health. A healthy population is the cornerstone on which all progress must rest. The interest of Nevada citizens in this extremely important endeavor has been shown by the great improvement in our public health programs during the past ten years. The support given to this movement by the Legislature has been most gratifying. I recommend that you give thoughtful consideration to strengthening this program in the following manner:

The present dispersion of State Health Department offices in Reno and Carson City is expensive and not the most efficient arrangement. I hope provision can be made for all the professional personnel, at least, to be housed in one building.

I recommend that enabling legislation be enacted in order that Nevada may take advantage of the opportunity to obtain Federal funds for the construction of hospitals.

An excellent start in the control of tuberculosis has been effected with funds made available by the Forty-third Session of the Legislature. Some forty-three persons were hospitalized and these patients were given every opportunity to recover, and were also removed from contact with the public. Unfortunately, the funds provided were inadequate and some patients now will have to be returned to their home counties, thereby inevitably spreading the infection. I hope the tuberculosis program can be strengthened.

Records of marriage and divorce now filed only in county offices should also be recorded in the Division of Vital Statistics of the Health Department. I believe that the filing of these records on a Statewide basis in one central office will be of benefit to our people and of value to the Health Department programs.

Consideration should be given to the desirability and feasibility of extending services in connection with control of sanitation, public health nursing, public health dentistry, venereal diseases, and the hygienic laboratory.

EMPLOYMENT SECURITY DEPARTMENT

Nevada employers paying contributions under the unemployment compensation law have earned substantial savings during the past biennium. Reports of the department indicate this saving will approximate $1,500,000.

Department officials have been studying the possibility of making further savings to employers by amending the present Act. This is made possible because the department's trust fund or reserve has continued to increase during the past biennium.

The Executive Director of the Employment Security Department believes that further savings to employers' rates might be made without jeopardizing the trust fund, and suggests that liberalization of benefit payments should be made possible in view of the economic trend of the Nation and the continuing spiral of living costs.

The Employment and Unemployment Compensation Services were, by Congressional action, combined within the Bureau of Employment Security in Washington, D. C., on July 1, 1948. It has long been my opinion that these

two functions of government should be united at the Federal level, just as they are an integral part of our own State Employment Security Department organization. It is most gratifying to me that this result was brought about. I gave the best efforts of my office to this end and worked in cooperation with the Governors of other States, through the Governors' Conference. I consider that the individual and unified efforts of the Governors of the United States were a major factor in bringing about this development.

NEVADA INDUSTRIAL COMMISSION

It is important that the Nevada Industrial Commission maintain its present strong position in the work of insuring employees and employers alike against injuries in industries of the State. It is believed that this can be done and that benefits can now be safely increased and contributions safely lowered for those employers having few or no accidents in their business. This is the goal of the Commission, and it will pursue a policy aimed at achieving that goal.

At the present time the Nevada Industrial Commission is engaged in revising its entire accounting system and it is believed that by July 1, 1949, the Commission will be able to break down the accident experience of each industry classification over designated periods of time.

When the figures are assembled in the various accounts and the percentage of accident costs to revenues received is definitely determined, the Commission will be in position to effect contribution rate reductions in many instances. The scope of this employer experience rating program, of course, will depend largely on what action is taken by the Legislature in regard to compensation rates to workers.

Pensions under the Industrial Insurance Act should be equalized at the rates established in the 1947 law, and it is to be hoped that legislation will be enacted at this session to place all widows and children, other survivors, and permanent, totally disabled workers on the same payment footing.

During the past two years, many letters from pensioners and interested citizens have been received relative to the wide discrepancy in awards made under the law. Survivors and totally disabled persons receive payments according to the rate schedule that was in effect at the time the accident occurred. Although the schedules have been consistently liberalized, the higher payments are made only to those whose misfortune fell after passage of the subsequent Act.

Thus, of a total of 429 widows and children, other survivors, and totally disabled persons on the Commission's rolls, 391 are being paid under rate schedules lower than that adopted in 1947. I would like to point out that some of these individuals, under pensions awarded in early years, receive as little as $24 per month. Some receive a maximum of $36 monthly, while others cannot exceed $40 each month. Widows whose husbands were killed after the 1947 law became effective—and they are comparatively few—are paid not to exceed $60 per month, a much more favorable figure.

It is estimated that, over the years, pension equalization will cost the Commission approximately $900,000. I might add that the payments would not be made retroactively. The Commission is not now permitted by law to effect the equalization. It has sufficient funds, however, to absorb the cost, and I commend this humanitarian legislation to you.

LABOR

The past biennium has continued to be one of readjustment for all classes of labor and employers. The uncertainties of the national price structure have called for increases in wages which have, in many instances, proved a difficult problem to employers who were under contracts which called for the delivery of goods or services at specific scales for both material and labor. On the whole, Nevada has held an enviable position in its labor relations between employees and employers, with few work stoppages and a general

disposition on the part of both labor and employers to seek settlements through conferences and negotiations. The State has exercised its "Adjustment of Industrial Disputes Act" and has been represented in every major dispute with an offer of conciliation or mediation. The technical and legal questions posed by some of our old statutes, which some claim make the closed or union shop illegal, have been referred to the courts. Employment has been high in all lines of industry, and this includes the building trades, even though the building of private homes for low rent or sale has not met with the optimistic expectations held at the close of the last biennium.

It would be well for the Legislature to consider a State conciliation and mediation law which would set up a board composed of employers and employees to which labor controversies could be referred.

As you will note, under the Industrial Commission section of my message, I have stressed the importance of equalizing pensions received in order that all recipients are recompensed under the terms of the 1947 Act.

WELFARE MATTERS

In 1937 the State Legislature recognized the need for a State Welfare Department, and legislation was enacted creating such a board—the State Board of Relief, Work Planning, and Pension Control. This board generally called the Welfare Board, is responsible for administration and supervision of the programs for Old-Age Assistance and Child Welfare Services. In 1943 the State Orphans' Home was brought under its jurisdiction.

With a view to strengthening the organization of the State Welfare Department, I recommend that a director be named and that his qualifications include experience and training in public and business administration.

Old-Age Assistance is the only State administered public assistance program in Nevada at the present time for which State funds are appropriated. The Old-Age Assistance law provides uniformity of a monthly money payment and equity of treatment. The Old-Age Assistance grant has increased from a maximum of $30 to $55, as of October 1948. If the present high cost of living continues, it would seem only fair to recommend to the Legislature that in your revenue program you provide for a reasonable increase over the present amount allowed for Old-Age Assistance.

As you know, the Child Welfare Service provides services for children but does not provide financial assistance for them. It is administered by the State, and administration is financed by the Federal and State Governments. The State of Nevada is the only State in the Union that does not have provisions for aid to Dependent Children. It would appear that we are not sufficiently aware of the importance of this program. But it must be recognized that Nevada is the smallest populated State in the Union, and approximately 90 percent of its lands are Federally owned, on which no taxes are paid. It should be further recognized that at the present time almost all of the counties are near the $5 tax limit and the State tax rate has been held to a minimum during the past several years in order that county budgets would not exceed the constitutional limit. These factors must be weighed carefully to achieve an equitable balance within our limitations.

For some time I have been considering whether or not it is advisable in the interest of the welfare of the Orphans' Home to divorce the management and control from the State Welfare Board. However, this may not be necessary provided certain changes are instituted such as having a director for the Welfare Department and a social worker in the Orphans' Home. In my opinion, this arrangement would create an excellent spirit of cooperation between the Welfare Department and the Home.

It is apparent that the State's aid to the needy blind is inadequate and merits your attention.

HIGHWAYS

During the past two years our highway construction and maintenance program has been effectively carried on in face of increasingly heavy obstacles. Construction costs are almost double the prewar figure and the Highway

Department has been hampered through a shortage of technical men, occasioned by inability of the State to compete with pay scales of private employers and those of sister States. Everyone knows our roads suffered materially through the necessary curtailment of maintenance and improvements during the war. To add to the problem of restoring them, traffic is now almost 50 percent greater than during the highest prewar peak. Despite the high costs involved, and under these adverse circumstances, I have consistently advocated that we advance our highway construction program to the utmost of our ability. To do less would risk depreciation in our system, deprive our citizens of many advantages, and contribute to an increase in the death toll of motorists.

We have made substantial progress during the past two years. Our main highways compare favorably with any in the Nation, and I have received many letters of appreciation from visitors to our State stressing this. Through continuation of our secondary road construction program, we have been able to provide many miles of hard-surface roads tapping our principle mining, agricultural, and ranching areas.

Congress failed to appropriate Federal Aid funds for the fiscal year 1949, but did provide additional funds for the two-year period beginning July 1, 1949, in an amount approximately 10 percent less than for each of the three years just past. As a result, our future construction program will be curtailed somewhat. Increases in the number of vehicles registered and generally increased travel have provided some additional revenues for highway purposes, although not in an amount sufficient to overcome the decrease in Federal Aid and the increased costs of construction and maintenance. We shall be able to match our Federal funds and continue adequate maintenance for the next two years without seriously reducing our program. Following the coming biennium, it will be necessary to review the financing of our highway program carefully to obtain a clearer picture of future revenue requirements.

Revenues received by the Drivers License Division for license examinations do not cover the actual cost of performance of this phase of its operations. It appears that this condition should be corrected by the establishment of a fee sufficient to meet the cost of examinations.

Speeds at which motor vehicles now operate on our highways are largely left to the discretion of the vehicle operator. Many drivers travel at high speeds and it is not always possible or economical to construct highways safe for such speeds. My work with the President's Safety Committee has proved the need for warnings and reasonable restrictions, and also the great need for uniformity in all features affecting the flow of traffic. These are essential to protect the motorist and the public. It is, therefore, desirable that authority be granted to one body to establish speed zones on our State Highways at such points as may be determined to be necessary, after due study, to provide such protection.

STATE PLANNING BOARD

The Nevada State Legislature in 1947 amended the original Act creating the State Planning Board to place the responsibility for all State building construction under its direct supervision. In compliance with the amended Act the board has initiated fourteen construction projects, thirteen of which have been completed. The total expenditure for these projects amounts to $1,253,959.97. It includes extensive construction at the Nevada State Hospital, the Nevada State Prison, installation of the elevator in the Capitol, construction of Genoa Fort and Stockade, building of a dairy barn at the Orphans' Home, improvements at the Nevada School of Industry, and outlay for plans and specifications for the heating plant at the University of Nevada. The work under supervision of the Planning Board consisted of preliminary planning, estimating, preparation and acceptance of bids, negotiating contracts with architects and contractors, initiating actual construction, providing supervision and inspection, checking and approving claims, keeping cost account records, advertising calls for bids and notices of completion, and all incidental work pertinent thereto.

The problem was not a simple one as the cost of labor and materials was at an all-time high. The urgent need for additional space in our various State institutions was apparent and, regardless of price, members of the board felt it their duty to get the maximum of improvements with the moneys made available by preceding Legislatures for each project. In several instances units of construction were of necessity eliminated without materially affecting the final overall design. Through these reductions, the State institutions received needed facilities at a price estimated to be a 30 percent to 40 percent saving to the State over current construction prices.

In addition to the afore-mentioned, the board was assigned the task of preparing and operating an exhibit at the Utah Centennial Exposition held in Salt Lake City during the summer of 1947, and the Century of Progress in Railroad Transportation Exposition held in Chicago during the summer of 1948.

Following public hearings the board prepared resolutions and petitions to the Secretary of Agriculture requesting an extension of boundary of Toiyabe National Forest. The petition, which was forwarded to the Secretary of Agriculture, consisted of some ten pages of supporting documents and maps. The same information was sent to our Congressional delegation and various Federal agencies concerned in the project. After exchange of letters between the various interested agencies and the Planning Board, I can report that a Presidential Proclamation authorizing this extension is anticipated in the near future.

In addition to the numerous other duties that are assigned to the Planning Board, it is the function of the board to prepare and keep active a six-year plan for construction and future development of the State. This report is now available for your use and again I ask that you peruse it, giving careful consideration to needed construction.

While planning is usually considered a long-range process from which benefits accumulate over a period of years, it is also of immediate help in the solution of current problems. It should be thought of not as the promotion of extensive public improvements, but the guidance of such improvements when the need for them normally occurs.

AGRICULTURE AND LIVESTOCK

Agriculture in Nevada is on a sound footing and farmers generally are more prosperous than in previous years, especially years prior to the war. All-out production has been the policy throughout the Nation, which was essential if the people of the United States and other parts of the world were to be fed.

Economic reports indicate that farm prices will decline slightly from those that prevailed in 1948; but with Government support on a parity basis, the farmer's position is very satisfactory.

Farmers, in my opinion, are not interested so much in incentive payments as they are in improvement payments—such as improved irrigation methods, upstream storage, research, experimentation, better practices, fertilization of the soil, building up and expanding dairy herds, etc. Also, further experimentation in seed crops seems advisable with a view to more diversified farming.

Generally, Nevada's cattle ranching and sheep raising industries have been and are enjoying good prices for their products. However, sharply rising costs of operation and rather severe droughts in some Nevada regions appear to have narrowed profit margins in many cases during the past year.

A great part of our stockraising necessarily is conducted on a basis of collectively operating units of privately owned ranches and publicly owned range lands. A maximum sustained annual yield of such important livestock products as meat, hides, and wool from the feed and water resources of both our privately and publicly owned ranch and grazing lands, with a maximum of incidental support to our business and tax structures, would seem to be clearly in the best interests of both our local and national economies. In this connection there seems to be considerable complaint on the part of our

stockraisers. This is indicated by resolutions adopted at recently held Statewide meetings both of the Nevada State Cattlemen's Association and of the Nevada State Farm Bureau. They contend there is a lack of reasonable stability in tenure and charge that policies as applied by some of the Federal Government agencies in charge of our publicly owned range lands are operating to make it impracticable for the grazing users to care for and improve the productive possibilities of both ranches and ranges. They could and should do this for the best results on a sustained yield basis. It might be well for the proper committees of this legislative session to examine this matter and to consider practicable action on the part of our State to aid in correcting the situation.

Difficulties with theft losses, particularly of cattle, seem to be increasing. Some complaints are made by cattle ranchers that present State laws are not adequate to protect the industry properly from such loss. This matter warrants review by appropriate legislative committees.

There has been a sharp decline during recent years in Nevada's sheep-raising industry, which always has been an important segment of Nevada's agriculture. Any aid that reasonably can be given our sheep industry should receive the careful consideration of the Legislature.

MINING

Mining, one of the two principal basic industries of the State and long regarded as of paramount importance, is slowly recovering its prewar status. Despite greatly increased prices for copper, lead, and zinc, present production does not equal that of 1941 or the several years immediately preceding that year. However, I am glad to say that Nevada's total metal production of $31,162,642 in 1947 was an increase of more than $4,000,000 over 1946. I am reliably informed that 1948 production will exceed that of 1947.

Increased base metal prices have greatly stimulated mining of copper, lead, and zinc ores, and mines producing those metals are working to capacity. I cannot say that this is true of other metals. Quicksilver mining, in which Nevada once led, has now practically ceased, due to great decline in price and heavy advance in production costs. Tungsten mining is rapidly reaching that stage. Gold and silver production has never recovered its prewar status. Gold production is now less than one-third of that of 1941. Silver shows an even greater decline. I am glad to say, however, that great interest is now manifested in future precious metal mining operations, and several important development projects are now under way.

Known productive ore deposits are mainly under operation at this time. Future discovery and exploitation of new ore bodies, with consequent increased production and resulting employment, depend materially on attracting outside investment. Nevada has always been attractive to venture capital, and I hope that this gratifying condition will endure. To that end, I suggest that successful prosecution of mining in Nevada continue to be encouraged through proper and necessary constructive legislation.

I suggest that the appropriation made by the 1947 Legislature for the purpose of matching Federal funds for aerial mapping be continued.

COLORADO RIVER COMMISSION

BASIC MAGNESIUM PROJECT

I am greatly pleased with the splendid progress that has been made at the Basic Magnesium Project. At the present time there are eight nationally known companies operating there, as well as some smaller ones. This has been made possible by an agreement with Southern Edison Company and the City of Los Angeles to supply interim power, pending the time when Nevada will have its own generating facilities. It took considerable time and effort on the part of the members of the Colorado River Commission to effect this agreement, work on which was commenced soon after I took office as Governor.

The Basic Magnesium Project was taken over from the War Assets Admin-

istration on April 1, 1948, for a purchase price of $24,000,000, under the following terms and conditions:

1. The State will pay for the project out of profits earned, and can take twenty years to complete payments.

2. The Colorado River Commission may turn the project back to the War Assets Administration upon three-months' notice if it finds that profits are insufficient to meet required payments.

3. An arbitration committee shall be appointed for the purpose of settling any controversial questions of fact that may arise in carrying out the provisions of the agreement. Any time within three years from the date of execution of the agreement, the arbitration committee may meet at the discretion of the War Assets Administration and determine on an equitable basis the total minimum payment to be made by the purchaser under the terms of this agreement, which shall in no event exceed $24,000,000. I interpret this to mean that the committee could reduce the price to any sum that it so desires.

4. In the event the revenue produced from the property, as fixed by the Arbitration Committee, is not adequate to provide sufficient funds for payment to WAA for a period of three years, the War Assets Administration shall have the right to take the plant back upon three-months' written notice to the Colorado River Commission.

5. Six months after the execution of the firm contracts, which should be June 1951, under which an adequate supply of power will be assured for the operation of the Basic Magnesium Project, the Colorado River Commission shall advertise the project for sale to private industry that will agree to continue to operate the plant as an industry.

The entire electric and transmission system, the water supply system, and the sewage disposal system, worth many millions of dollars, are under lease to Nevada for an indefinite period at $1 per year and are not subject to being taken back by the War Assets Administration.

In order that you may know how Southern Nevada is directly benefited by this industrial activity, I wish to give you a brief report on the present status of the Basic Magnesium Project.

Following are the names of the major lessees at the project:

Stauffer Chemical Company.
Western Electrical Chemical Co.
Hardesty Chemical Co.
U. S. Vanadium Corporation.
O. J. Scherer Co.
Basic Reduction Co.
United States Lime Products.
Gelatines Inc.

(There are various smaller companies operating, but I shall not enumerate them at this time.)

There are approximately 750 employees at the project, which includes 140 working directly for the State.

In taking over the BMP the Henderson townsite was included. In the Henderson area there is a population of 5,100; there are 993 dwellings; a post-office building; various store buildings, including a department, drug, and jewelry store; gasoline stations and Western Union office. The townsite is 100 percent occupied and about 50 percent of the houses are leased to employees of the project.

The plant has operated at a substantial profit each month. It has provided its own operating fund, reserves for special purposes, repaid all amounts due to the State of Nevada, and is operating independently of other State agencies as a self-sustaining project. Payments on the purchase price from operating profits have been made to the Federal Government. Negotiations are under way with a number of large corporations that contemplate locating at Henderson. It is anticipated that agreements will be reached whereby all of the facilities of BMP will be utilized.

The Legislature might deem it expedient to have a study made of the

operations at BMP; certainly the management and the members of the Colorado River Commission would give their fullest cooperation.

In order to facilitate the operation of BMP, I recommend that the law be amended so that the Colorado River Commission will have authority to sell real estate belonging to the BMP. Under the present statutes, it would be necessary to call a special legislative session to obtain permission to sell real property. I also recommend that the law be amended so that a revolving fund can be set up in an amount sufficient for payment of electrical energy and to take care of the pay rolls. This would prove very helpful to the plant's operation. The need for this revolving fund will become apparent to the Legislature upon consideration of the factors involved.

ELECTRIC POWER

The amount of power available from Boulder Dam for BMP is 386,000,000 kwh and from Davis Dam 236,000,000 kwh. In order to be certain that continued operation of the plant may be maintained and that the present contractors, Southern Nevada Power Company, Lincoln County Power District, and Overton Power District, may be served it will be necessary to be in a position to provide generators A-9 and N-8. This is made particularly true because generator N-7 may be taken back by the Metropolitan Water District of Los Angeles on a four-years' notice. The Colorado River Commission confidently believes this precaution can be taken without expense to the State of Nevada.

The power study for the entire State, which is being conducted by the Colorado River Commission through the State Engineer, in cooperation with the Federal Power Authority, should be completed some time within this month. This should be a very valuable guide in determining what plan of action should be taken, looking to the obtaining of cheap electrical power for the State of Nevada.

STATE ENGINEER

The work of the State Engineer has greatly increased during the past biennium. This expansion can be aptly illustrated by the increase in water appropriation applications. There was an increase of 84 percent over the 1944-1946 period and of 205 percent over the 1942-1944 biennium.

This substantial enlargement has been prompted in part by the underground water survey undertaken by the department in cooperation with the U. S. Geologic Survey. The results of this work will be extremely important as the survey will determine the safe yield of underground water in the eighty-odd basins throughout the State. The work has already proved its value in reports on the water supply in a number of major areas.

It is not feasible at this time to call your attention to the many and diverse activities of the State Engineer. A complete survey of the work of the office may be attained by reference to the department's Biennial Report. I do think it should be noted, however, that the work of the Engineer, as Secretary of the Colorado River Commission, has been of great importance and value to the State.

The results of an investigation of the proposed Clear Creek Reservoir and the Quinn River are also available. I believe a study of these reports will be of great service in your deliberations.

I propose that encouragement be given by this 44th Legislature to the sound and constructive programs now being developed by the Engineer's Office.

NEVADA-CALIFORNIA COOPERATION—LAKE TAHOE AREA

I recommend enactment of legislation providing for appointment of a committee from the Legislature to meet with a similar committee from the Legislature of the State of California, if one be appointed. This committee would consider and report back on the possibility of entering into some cooperative plan by the States of Nevada and California which would provide effective sanitary regulations and adequate fire and police protection at Lake Tahoe and the immediate adjacent territory.

ADMINISTRATIVE REORGANIZATION

In my opinion, the Gorvine report presents some practical suggestions, and some that adhere closely to ideas that I have long entertained, aimed at more efficient and economical operation of State government. Therefore, I recommend that this overall plan be studied during the coming two years by the Legislature, with a view to having the best features considered by the 1951 session. I refer to those features that can be obtained by statutory enactment and NOT to those that require constitutional amendment. I believe that there is one phase of the Gorvine Report that is generally acceptable and that might well be put into operation by this Legislature. I refer to the creation of a position which would combine the duties of Budget Director and State Purchasing Agent.

It is gratifying to me to know the excellent work that has been done by the Legislative Counsel and I wholeheartedly recommend that the office be continued and expanded as conditions require.

It may appear to your Honorable Bodies that the creation of additional offices will entail more expense. This is very true, but when you consider the saving that will be effected in future years through greater efficiency, I believe you will agree that the proposals are economically and governmentally sound.

CONCLUSION

I have briefly as possible pointed out a few of the State's most outstanding accomplishments, the most significant requiremnets, and the most pressing problems for your consideration. I am sure you will appreciate the spirit in which I have referred to these matters. It is not for the purpose of telling you what I think you should do, but only with the idea of extending to you such assistance as comes within the scope of my office. In doing that I shall respect the prerogatives of the Legislature, which is to determine legislative matters. I know you will do this work well.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communications:

WASHINGTON, D. C., January 18, 1949.

To the Honorable Members of the Assembly, Nevada State Legislature, State Capitol, Carson City, Nevada.

Greetings to all members of the 1949 Nevada Assembly and its officials.

Please accept my very sincere wishes for a highly successful Legislative Session. Kindest personal regards to all.

WALTER S. BARING, *Congressman.*

To All Members of the Nevada Legislature, Officers and Attachés:

You are cordially invited to attend open house at Carson Hot Springs today (Wednesday) from 4 to 6 p. m. Come and bring your family. Cocktails, food, music, and fun.

DICK WATERS, *Proprietor.*

STATE PRINTING OFFICE OF NEVADA

CARSON CITY, January 19, 1949

The State Printer requests members of the Legislature to submit lists of names that are to be placed on the mailing list to receive printed copies of bills or other Legislative material.

Our plan at the present time is to request members to pay postage costs for the lists they submit at once, as the Printer has no funds from which this expense can be advanced.

Under our interpretation of Chapter 8 of the 1947 Session Laws, persons receiving copies of the histories or journals or more than one copy of each bill will be required to pay cost of printing in addition to the postage.

Any suggestion as to procedure that would be more satisfactory to the members will be welcome.

JACK MCCARTHY, *State Printer.*

By Committee on Rules:

Assembly Resolution No. 4:

Be it resolved by the Assembly of the State of Nevada, That line 6 of Standing Rule 69 shall be amended to read as follows:

"6. Judiciary, nine members."

Be it further resolved, That said Standing Rule 69 shall be further amended by adding thereto the following:

"44. Veteran's Affairs, seven members."

Mr. Boak moved that all rules be suspended, reading so far had considered first reading, rules further suspended, bill considered engrossed, declared an emergency measure under the Constitution, and placed on third reading and final passage.

Motion carried unanimously.

VETO MESSAGES OF THE GOVERNOR

Vetoed Assembly Bill No. 216 of the Forty-third Session.

THE STATE OF NEVADA

EXECUTIVE CHAMBER

CARSON CITY, NEVADA, April 1, 1947

HON. JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: There is herewith deposited in your office for filing, within the constitutional time limit and without my approval Assembly Bill No. 216, introduced by Messrs. Clifford A. Carlson and H. E. Hazard on February 27, 1947, and entitled: "An Act to repeal that certain act entitled 'An Act concerning the liabilities of proprietors and keepers of saloons and gambling houses,' approved March 19, 1897."

Assembly Bill No. 216 was one of three bills introduced in the Assembly by Messrs. Carlson and Hazard on the same day. The evident purpose of these three bills was to increase and spread the responsibility for the sale and use of alcoholic beverages to, and the use by, persons under twenty-one years of age. Assembly Bill No. 215 makes it a misdemeanor for a person under twenty-one years of age to purchase any alcoholic beverage, and/or to consume any alcoholic beverage in any saloon or place where sold or served. Assembly Bill No. 217 makes it a misdemeanor for any person to give money or anything

of value to one under twenty-one years of age for the purpose of purchasing alcoholic beverages.

I believe that Assembly Bill No. 215 and Assembly Bill No. 217 have considerable merit in that, in addition to the saloon keeper, they make the youthful purchaser and those who furnish him with money for the purchase of alcoholic beverages equally guilty and equally responsible.

If I am correct in the evident purpose of Assembly Bill No. 215 and Assembly Bill No. 217, then it would certainly be inconsistent to approve Assembly Bill No. 216, repealing the present civil liability on the part of the saloon keeper. In my opinion his present civil and criminal responsibility should remain as it is.

For the reasons herein set out this Act is deposited without my approval.

Very respectfully yours,

VAIL PITTMAN,
Governor.

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

YEAS—None.

NAYS—Anderson, Bacigalupi, Barr, Bastian, Batt, Boak, Buol, Capurro, Chapman, Christensen, Claiborne, Cole, Crawford, Cross, Embry, Folsom, Fuetsch, Gallagher, Harmon, Haviland, Higgins, Humphrey, Johnson, MacKenzie, McCuistion, Mount, Norstrom, Primeaux, Pruett (Douglas), Pruitt (Elko), Ryan, Smith, Swackhamer, Terrell, Tomlinson, Wadsworth, Warner, Wells, Whipple, Whitacre, Whyte, and Mr. Speaker—42.

Absent—Bisoni.

Vetoed Assembly Bill No. 22 of the Forty-third Session.

THE STATE OF NEVADA
EXECUTIVE CHAMBER
CARSON CITY, NEVADA, March 26, 1947

HON. JOHN KOONTZ, *Secretary of State, Carson City, Nevada.*

DEAR SIR: Herewith there is deposited in your office for filing, within the constitutional time limit, and without my approval, Assembly Bill No. 222, introduced February 28, 1947, by Messrs. Ryan, Carlson, Englestead, and Jepson, and entitled "An Act to amend an act entitled 'An act relating to unemployment compensation, creating unemployment compensation and administration funds and providing for the administration thereof; making an appropriation therefor; defining unemployment and providing compensation therefor; requiring contributions by employers to the unemployment compensation fund, creating the office of the director, a board of review, and providing for other officers and employees and defining their powers and duties; providing for the levy of assessments and other matters relating thereto.'" The bill would amend the present Unemployment Insurance Act by inserting therein certain provisions relating to the payment of disability benefits due to sickness, a form of insurance not within the scope of our present Act.

I am of the opinion that the enactment of this bill into law would seriously endanger, if not destroy, the entire unemployment compensation plan as now administered in this State. This grave possibility compels me to deposit this bill in your office without my signature.

At several conferences the legal complications which might arise in the event this bill became law were discussed at length. At the last conference immediately preceding the adjournment of the Legislature, at which were present the sponsors of the bill, as well as representatives of the Unemploy-

ment Insurance Division and of the various labor organizations, it was unanimously agreed:

1. That the beneficent purpose sought to be accomplished by the bill is far outweighed by the dangers inherent in the bill itself.

2. That due to the technical form and wording of the bill there are serious doubts as to its constitutionality; doubts which could only be resolved by lengthy litigation and court action.

3. That the bill is anticipatory in nature and the benefits sought to be secured would only become a reality "if and when" Congress enacted proper enabling legislation.

4. That all of the faults, doubts, and uncertainties of the proposed amendments would, if they were to become law, subject the present Unemployment Insurance Act to the same weaknesses.

5. That it would be obviously foolhardy to endanger the present Unemployment Insurance Act and threaten the payments of benefits now being made under its provisions to thousands of men and women throughout the State by reason of the adoption of questionable amendments when no immediate benefit would arise to anyone.

For the foregoing reasons, I am firmly convinced that the interests of the State, and the people thereof, require that Assembly Bill No. 222 be not approved.

Very respectfully yours,

VAIL PITTMAN,
Governor.

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. MacKenzie:
Assembly Concurrent Resolution No. 2:
Assembly Concurrent Resolution recognizing and recording the outstanding services of Jeanne Elizabeth Wier to the state, to science, and to humanity.

WHEREAS, JEANNE ELIZABETH WIER, professor emeritus of history and political science, retired from the post of head of the department of history in the University of Nevada in the year 1940 at the age of 70 full of years and honors; and

WHEREAS, The promptings of gratitude unite with the most elementary demands of justice to the end that she receive at least the poor reward of recognition and gratitude for her services before it becomes a mere futile footnote on another page of the book of life; now, therefore,

Resolved by the Assembly, the Senate concurring, That this testimonial be adopted and entered in the minutes of the assembly and of the senate and an engrossed copy be delivered by the chief clerk of the assembly, as follows:

Jeanne Elizabeth Wier was born at Grinnell, Iowa, the daughter of Adolphus William and Elizabeth (Greenside) Wier. She was graduated from Iowa State Teachers College 1893, received the degree B.A. from Stanford University 1901, which was followed by a Master's and an Honorary Doctor's Degree from the same institution. At Stanford she received the Phi Beta Kappa Key at a time when that implement was used to unlock more doors of learning than in later years. She received the LL.D. degree from the University of Nevada in 1924.

As a teacher Miss Wier taught general branches in public school 1889–1895 and followed her specialty in history from 1899, beginning as assistant professor of history, to 1940 when she retired as head of the department of history at the University of Nevada.

In the field of gathering the archives of history and stimulating public recognition of the value of such work, Miss Wier became a cofounder and secretary of the Nevada Historical Society in 1904. That Society, as a private association headed by Gen. E. D. Kelly, President; Justice G. F. Talbot, Vice President; Dr. A. E. Hershiser, Treasurer; and Miss Wier, Secretary, was given the status of a state institution entitled to support at public expense by Statutes of 1907, p. 201. Its scope and functions were progressively increased

in 1915, 1917, 1919, and 1923 (see sections 4680–4689 N. C. L. 1929). The task of supervising the publication of a notable set of annual Historical Society papers and of soliciting proper appropriations biennially from the Legislature, at times an onerous and thankless task, fell to the lot of Miss Wier, and the people have never fully appreciated the magnitude of the work, the wealth of results, nor the obligation they incurred to Miss Wier thereby—an obligation not compensated for in the form of salary.

Starting with the custody of the library and collection of Senator William E. Stewart and the progressive accumulation of original manuscripts as well as works of history and reference, the collection has attracted the notice and high praise of experts of the Library of Congress and of the Smithsonian Institute who regard them as both unique and priceless. Lack of exhibit space has unfortunately prevented their exposure to public observation and the realization of their actual and potential value.

In the field of political science and as a publicist Miss Wier called the first public meeting in the woman suffrage movement in Nevada, a meeting arranged at the request of Mrs. Clarence H. Mackay to hear Carrie Chapman Catt, pioneer suffragist. She was an active member of the American Historical Association, American Political Science Association, National Education Association, National League of American Penwomen, and a dozen more of like caliber. She contributed articles of value and research to the Encyclopedia Britannica, World Encyclopedia, Dictionary of American Biography and Dictionary of American History, and other works of reference besides Nevada World War records.

The foregoing enumeration is not complete but typical of a long, devoted, and valuable career. It is said that "all history is prologue," the intimation being that men might well heed and long remember its pages. The task of public conservator and reminder is notoriously one of the prophet who is "not without honor, save in his own country" or a Cassandra meeting alike the anger, distrust and ingratitude of incredulous Troy. It was, however, a task wanting to be done, worth the doing and deserving of praise.

This praise and recognition we, in apt time for once, feel honored to accord.

Mr. MacKenzie moved the adoption of the resolution.

Mr. Boak moved that Mr. MacKenzie's motion be amended, and that the resolution be adopted and spread upon the pages of the Journal.

Mr. Boak's motion carried.

Mr. MacKenzie's motion carried, as amended.

Resolution adopted.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Select Committee of the Churchill County Delegation to which was referred Assembly Bill No. 5, has had the same under consideration, and begs leave to report the same back with the recommendation that it do pass.

DON S. CHAPMAN, *Chairman.*

Mr. Speaker:

Your Committee on Judiciary to which were referred Assembly Joint Resolution No. 17 and Assembly Joint Resolution No. 10, has had the same under consideration, and begs leave to report the same back with the recommendation that they do pass.

HARRY E. CLAIBORNE, *Chairman.*

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker appointed Mr. Claiborne and Mr. Boak as a Committee on Condolences.

Mr. Boak made the following remarks:

"A matter of considerable concern to the Nevada Legislature as a whole, and to the Assembly in particular, has come to our attention. That is the very serious illness of a former member of this Assembly; a member in the State of Nevada that had, up to the present time, served in the State Assembly longer than any other man in the State of Nevada. I refer to Mr. George Hussman of Douglas County. George suffered a second stroke just a few days ago, and is in a critical condition. At this time I move you that the Speaker and the Chief Clerk, or somebody appointed by the Speaker, write a letter to Mr. Hussman and express the wishes of the Assembly for his speedy recovery."

Motion seconded by Mr. Ryan.

Mr. McCuistion moved that due to the emergency to livestock that Mr. Speaker appoint a committee consisting of one member of the Assembly to fly into the stricken areas of Lincoln County, White Pine County, Nye County and Eureka County, to determine factually those small operators who are in dire need of aid, and that Mr. Speaker be authorized to issue a letter of authorization for that member of the committee.

Motion carried.

Mr. Speaker appointed Mr. Bastian as the committee to investigate the stricken areas.

ASSEMBLY JOINT RESOLUTION

By Mr. Crawford:

Assembly Joint Resolution No. 3 proposing the calling of a Constitutional Convention to revise the Constitution of Nevada.

WHEREAS, A one-house Legislature, known as a unicameral Legislature, has proven successful in the State of Nebraska, and

WHEREAS, Such a Legislature has demonstrated that legislation is more expeditiously and economically enacted, and

WHEREAS, A unicameral Legislature will best serve the interest of the State of Nevada due to its comparatively small population, and

WHEREAS, The amending of the Constitution of this State, in order to provide a unicameral Legislature, will, in effect, require the revision of the entire present Constitution, and

WHEREAS, Section 2 of Article XVI of the Constitution of this State provides that if, upon two-thirds vote of the members elected to each house, the Legislature shall determine that it is necessary to cause a revision of the entire Constitution, they shall recommend to the electors, at the next election for members of the Legislature, to vote for or against a constitutional convention, and that if it shall appear that a majority of the electors voting at such election shall have voted in favor of calling such convention, the Legislature shall at its next session, provide by law for calling such convention to be held within six months after the passage of such law; therefore, be it

Resolved by the Assembly and the Senate of the State of Nevada, That it is necessary to cause a revision of the Constitution of the State of Nevada for the purpose of providing a unicameral Legislature, and be it further

Resolved, That the Assembly and the Senate shall by law recommend to the electors of the State at the general election to be held in November 1950 the calling of a constitutional convention to revise the Constitution for the purpose hereinabove stated.

Mr. Crawford moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

IN JOINT SESSION

At 1:50 p. m.

The President of the Senate in the Chair.

Quorum present.

The President of the Senate appointed Senator Wilson and Assemblyman Swackhamer to inform the Governor that the Senate and the Assembly were in joint session, and to escort him to the rostrum.

The appointed committee escorted the Governor to the rostrum.

The Governor delivered his message as follows:

To the Honorable the Senate and the Assembly:

I am sure that all of you are aware of the great crisis that now exists in the livestock industry, one of the foremost industries of this State. This great disaster is due to storm conditions which are worse, I am advised, than in many years past. You know that thousands of herds of livestock are marooned in the ranges because of the deep and drifted snow. You know that the temperatures have been ranging far below zero, and that many cattle and sheep have already died. You know, too, that they are daily becoming weaker because of a lack of feed and sufficient water.

I appear before you here this afternoon to ask that you give earnest consideration to the feasibility of tieing up hay that is available in Nevada in order that it can be used for the livestock in Nevada. This critical condition exists not only in Nevada, but in many other northwestern States, and it is reasonable to believe that, if Nevada is going to keep the hay that is now obtainable within our boundaries, we must purchase it outright or tie it up under option. I do not have to stress the fact that, if our livestock industry suffers a great setback, it will not be a temporary loss but will extend into the future because our livestock men know that it takes years to rebuild herds. I believe that we should take a broad and long-range view of this problem.

Considering the amount of moisture that we have had this year, it is a foregone conclusion that range conditions will be good next year. But this fine condition which we visualize will be of very little importance if the livestock are not there to graze upon the range. So, I say to you that you should give your utmost consideration to the possibility of tieing up the hay and feed that is now available in this State because it is not improbable that the supply will soon become very scarce and the livestock men will suffer further loss as their herds grow steadily weaker from lack of adequate feed.

The livestock industry is something that means a great deal to the State of Nevada. Its wealth provides a great portion of the tax money that is necessary to support our government. It is not an industry that can die today and be revived within a few years. If those stock that are marooned are not fed and kept alive the repercussions to our economic system will be terrible.

In view of that fact, I say that it is the duty of the Legislature to give the aid that seems in keeping with the circumstances. So I recommend to your honorable bodies that you enact legislation designed to appropriate a sum of money necessary to tie up under option or outright purchase the hay that is avaliable in this State. As a rough figure, I have in mind $75,000.

It is my belief and the belief of some of the members of the Committee on Finance of the Senate that a great portion of this appropriation, if it is made, will be reimbursed by the sale of feed to individual livestock owners. We are of the opinion that very little of it, the way things look at present, will have to be given to livestock men who are now unable to finance the purchase of hay. There is a possibility that some livestock men will find themselves not able to purchase. But from the information I have been able to obtain, the number will be very small. And so it is my wish that you give immediate consideration to the plan that I have outlined.

It is for you, as Legislators, to speed up the appropriation and its operation, if you so desire. Again I say to you that we are of the opinion that most of this money will be reimbursed by livestock men who purchase the hay.

I believe it is unnecessary to further stress the importance of the livestock industry to the State of Nevada. You are all aware of it, and many of you know a great deal more about it than I do. My position as Governor compels me to come before you and address this Legislature. I am of the opinion that you should remain in session until you decide to put this bill through or to reject it. I believe, in view of the circumstances, time is of the essence and that it will be very detrimental to the livestock industry to delay if you intend to act favorably upon my suggestion.

Senator Loomis moved that the joint session of the Senate and the Assembly be dissolved.

Seconded by Senator Murray.

Motion carried.

Joint session dissolved at 2:12 p. m.

HOUSE IN SESSION

At 2:20 p. m.

Mr. Speaker in the Chair.

REPORTS OF COMMITTEES

Mr. Bastian made the following remarks:

Members of the Assembly:

In making this report I believe I can do it perfectly honestly and factually and hope to convince you of some of the things we saw.

I left here with the idea that there were a lot of conflicting stories coming to us that couldn't be harmonized. When they told me of drifting snows, that meant to me, as a stockman, that the ridges must be accessable to the sheep and cattle. As a cattleman, I figured the wind was bad on the roads, but that it would help the cattle and sheep to get feed. Then, I doubted very much the numbers of cattle and sheep that could have scattered in this time.

With the most conservative estimate I could make, I arrived at the figure of $55,000 for the cattle and $300,000 for the sheep. Those figures could be raised $15,000 in all honesty.

We went first, on the haylift, and in all the time I never found a ridge where cattle, horses or sheep had made tracks more than three-hundred feet long. We thought there must be some place where the cattle or sheep could move, but there were none. Because I couldn't see closely enough, I hired a small plane and went back out to see if there were tracks moving so that we could see where the cattle were, or see the animals that had made the tracks. At no time could I find more than forty-six head of cattle. Where they were I don't know. I hope they aren't dead, but there were no tracks. Despite all efforts valleys have been isolated for three weeks or more. Roads can't be kept open from one day to the next. The crust on the snow is so hard that cattle can't move through it, and the best horses can't make more than seven or eight miles a day. Flying low, we were unable to scare the cattle into moving. We were able to scare several horses into moving, but only for several yards.

The sheep are in a superior position to the cattle because they bunch up, and the haylift has been so successful in their operation that no hay has been lost.

The haylift is one organization that I am certainly proud of. It is the best organized and planned operation that I have ever seen. It has been very effective and satisfactory and much food and supplies have been flown in. Many sheep and cattle would have died had it not been for this. The men in command of this operation are doing a wonderful job, and I would like their names to go on record. They are: Captain Doyal L. Saye, Hgds. 62d Troop Carrier Gp.; 1st Lt. Randall W. Fentress, 8th Troop Carrier Sqdn.; and Flight Lt. Peter E. Berry, Royal Air Force on observation and on duty with U. S.

Air Force. Colonel Adriel Williams is commanding officer of 62d Troop Carrier Gp. and in charge of the operation.

A group of ranchers got together in an effort to get supplies to the sheep and cattle, and now three men and one bank are buying hay, and loaning it to their neighbors who are unable to get out and are in danger of losing their herds. These men are not asking for a gift in any sense of the word. There isn't one man that I talked to that even considered not paying for it.

This situation will probably go on through March and probably the first of April. We have no reason to believe that the situation will improve during February. In my own county of Eureka, cattle are stranded in valleys that haven't yet been reached. They need heavy equipment. One man worked all day to get to within twenty feet of his cattle, but the cattle were unable to move that far to feed. He went home because it was dark, and when he returned the next day five out of eight cattle were dead.

What is needed at this time is money made available so that feed can be purchased immediately and stockpiled. Options are not being considered. This hay will be paid for by the persons ordering it for their stock, but the money must be available to purchase the hay before it becomes so high in price that it will not be possible for the small ranchers to purchase.

Unless the haylift is continued the cattle will starve, and it cannot continue unless we have enough hay to keep it in operation. The men who are now purchasing the hay will not be able to continue loaning it to neighbors because they will need it for their own cattle and sheep. What we are asking is that enough hay be tied up so that these men will have enough for themselves and still feel safe in letting it go to the men who need it most.

Mr. Speaker announced that if there were no objections the Assembly would recess for one-half hour.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Wadsworth:

Assembly Joint Resolution No. 4:

Assembly Joint Resolution proposing an amendment of section 1 of Article X of the Constitution of the State of Nevada relative to taxation.

Resolved by the Assembly and the Senate of the State of Nevada, jointly:

That section 1 of article X of the constitution of the State of Nevada be amended to read as follows:

Section 1. The legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal, and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed, and when patented, each patented mine shall be assessed at not less than five hundred dollars ($500), except where one hundred dollars ($100) in labor has been actually performed on such patented mine during the year, in addition to the tax upon the net proceeeds; shares of stock (except shares of stock in banking corporations), bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt. No inheritance [or estate] tax shall ever be levied, *nor shall any estate tax or excise ever be levied which shall be greater than the credit or proportionate amount of the federal estate tax or excise levied on the same estate allowed or allowable from time to time to reduce the federal tax or excise payment*, and there shall also be excepted such property as may be exempted by law for municipal, educational, literary, scientific, or other charitable purposes.

Mr. Wadsworth moved that the resolution be referred to the Committee on Taxation.

Motion carried.

INTRODUCTION, FIRST READING, AND REFERENCE

By the Elko County Delegation:

Assembly Bill No. 109—An Act to amend an Act entitled "An Act granting a franchise to Elko-Lamoille Power Company, a corporation

organized under the laws of the State of Nevada, its successors and assigns, to construct, maintain, and operate an electric light, heat, and power line and a telephone line in connection therewith, from Lamoille Creek, in Elko County, to and into the town of Elko, along, across, and under the highways, streets, alleys, and certain lands between said termini," approved March 12, 1913, as amended.

Mr. McCuistion moved that the bill be referred to a Select Committee of the Elko County Delegation.

Motion carried.

By the Committee on Rules:

Assembly Bill No. 110—An Act to amend an Act entitled "An Act relating to officers, their qualifications, times of election, terms of office, official duties, resignations, removals, vacancies in office, and the mode of supplying the same, misconduct in office, and to enforce official duty," approved March 9, 1866, as amended.

Mr. Higgins moved that the bill be referred to the Committee on Rules.

Motion carried.

By Mr. Johnson:

Assembly Bill No. 111—An Act to amend an Act entitled "An Act concerning crimes and punishments, and repealing certain Acts relating thereto," approved March 17, 1911, as amended.

Mr. Johnson moved that the bill be referred to the Committee on Judiciary.

Motion carried.

By Mr. Buol:

Assembly Bill No. 112—An Act to amend an Act entitled "An Act relating to the recording of instruments in the offices of the various County Recorders of the State of Nevada, and other matters relating thereto, and to provide for the filing of certain instruments, such filed instruments to constitute the record thereof, and other matters relating thereto," approved March 9, 1923, as amended.

Mr. Buol moved that the bill be referred to the Committee on Judiciary.

Motion carried.

Mr. Cross made the following remarks:

It is highly presumptuous on my part to attempt to pay tribute to Abraham Lincoln, but, since next Saturday is his birthday, I feel that the Assembly should pay him honor in some manner.

The highest monument in the land is to Washington, the widest to Lincoln. Because he had such an intimate connection with Nevada's admission to Statehood and I have a fine historical account of passage of that Act, I am asking permission to read Chas. A. Dana's recollections. Dana was the great editor of the New York Tribune and Assistant Secretary of War under Lincoln.

NEVADA ENABLING ACT.

On February 8, 1864, Senator Doolittle of Wisconsin obtained leave to introduce Senate Bill No. 96 "to enable the people of Nevada to form a constitution and State government," and at the same time he introduced a similar bill for Colorado. On February 16, Senator Wade of Ohio, from the Committee on Territories, reported both bills without amendment. On February 24 the

Senate as a committee of the whole took up the consideration of the Nevada bill. It was stated that the bill was the same in form and content as the one which had passed the Senate the previous year. In section 4 of this bill there was a provision, such as was found in the enabling Act of several other States, exempting homesteads from local and State taxation for a period of three years. Senator Harlan of Iowa proposed that this exemption be stricken out, asking, "How will the State government be supported if we exempt all real estate?" One senator said that the people of Nevada objected to taxing the mines, and, if real estate was to be exempted, there would be no adequate basis for revenue to support the State government. It was then suggested that if the "people there want to tax the land, let them do so," and the amendment was agreed to. This exemption provision, as Senator Lane explained, had "crept into these bills for the benefit of speculators and not for the benefit of the residents." Senator Garrett Davis of Kentucky opposed the bill on the score of insufficient population and also because the enabling act required a constitution in accord with the principles of the Declaration of Independence—an entirely new condition, he declared. Nevertheless, with another minor amendment to section 10, the enabling Act passed the Senate on February 24, without roll call, and the Colorado bill passed the same day.

By the enabling Acts of 1864 Congress and the administration opened the way, so far as they could do so, for the admission of three other loyal republican States which might be counted upon, through their representatives, to uphold the war administration. From the three enabling Acts of 1864 came only one State, Nevada. In Nebraska, delegates to a constitutional convention were elected, but when they assembled they immediately adjourned *sine die*. In Colorado a convention assembled, framed a constitution, but when it was submitted to the people it was rejected by an overwhelming majority.

The immense mineral resources of some of those territories ought to be developed as rapidly as possible. Every step in that direction would have a tendency to improve the resources of the government and diminish the burdens of the people. It is worthy of your serious consideration whether some extraordinary measures to promote that end cannot be adopted. The preceding was said by Lincoln in his annual message of 1862.

Lincoln's biographers and other writers usually explain the passage of the Nevada enabling Act by a desire on the part of the President to secure ratification by three-fourths of the States for the then pending thirteenth amendment, abolishing slavery in the United States and the territories. In support of this specific, rather than the general reasons enumerated above, for admitting Nevada, Charles A. Dana's version has often been quoted. Dana's story was as follows:

Lincoln was a supreme politician. He understood politics because he understood human nature. I had an illustration of this in the spring of 1864. The administration had decided that the Constitution of the United States should be amended so that slavery should be prohibited. This was not only a change in our policy, it was also a most important military measure. It was intended not merely as a means of abolishing slavery forever, but as a means of affecting the judgment and the feelings and the anticipations of those in rebellion. It was believed that such an amendment to the Constitution would be equivalent to new armies in the field, that it would be worth at least a million men, that it would be an intellectual army that would tend to paralyze the enemy and break the continuity of his ideas.

In order thus to amend the Constitution, it was necessary first to have the proposed amendment approved by three-fourths of the States. When that question came to be considered, the issue was seen to be so close that one State more was necessary. The State of Nevada was organized and admitted into the Union to answer that purpose. I have sometimes heard people complain of Nevada as superfluous and petty, not big enough to be a State; but when I hear that complaint I always hear Abraham Lincoln saying, "It is easier to admit Nevada than to raise another million of soldiers."

In March, 1864, the question of allowing Nevada to form a State govern-

ment finally came up in the House of Representatives. There was strong opposition to it. For a long time beforehand the question had been canvassed anxiously. At last, late one afternoon, the President came into my office, in the third story of the War Department. He used to come there sometimes rather than send for me, because he was fond of walking and liked to get away from the crowd in the White House. He came in and shut the door.

"Dana," he said, "I am very anxious about this vote. It is going to be a great deal closer than I wish it was."

"There are plenty of Democrats who will vote for it," I replied. "There is James E. English, of Connecticut; I think he is sure, isn't he?"

"Oh, yes; he is sure on the merits of the question."

"Then," said I, "there's 'Sunset' Cox, of Ohio. How is he?"

"He is sure and fearless. But there are some others that I am not clear about. There are three that you can deal with better than anybody else, perhaps, as you know them all. I wish you would send for them."

He told me who they were; it isn't necessary to repeat the names here. One man was from New Jersey and two from New York.

"What will they be likely to want?" I asked.

"I don't know," said the President; "I don't know. It makes no difference, though, what they want. Here is the alternative: that we carry this vote, or be compelled to raise another million, and I don't know how many more, men, and fight no one knows how long. It is a question of three votes or new armies."

"Well, sir," said I, "what shall I say to these gentlemen?"

"I don't know," said he; "but whatever promise you make to them I will perform."

I sent for the men and saw them one by one. I found that they were afraid of their party. They said that some fellows in the party would be down on them. Two of them wanted internal revenue collector's appointments. "You shall have it," I said. Another one wanted a very important appointment about the custom house of New York. I knew the man well whom he wanted to have appointed. He was a Republican, though the congressman was a Democrat. I had served with him in the Republican county committee of New York. The office was worth perhaps twenty thousand dollars a year. When the congressman stated the case, I asked him, "Do you want that?"

"Yes," said he.

"Well," I answered, "you shall have it."

"I understand, of course," said he, "that you are not saying this on your own authority?"

"Oh, no," said I; "I am saying it on the authority of the President."

Well, these men voted that Nevada be allowed to form a State government, and thus they helped secure the vote which was required. The next October the President signed the proclamation admitting the State. In the February following, Nevada was one of the States which ratified the Thirteenth Amendment, by which slavery was abolished by constitutional prohibition in all of the United States. I have always felt that this little piece of side politics was one of the most judicious, humane, and wise uses of executive authority that I have ever assisted in or witnessed.

Lincoln's life, perhaps more than any other person, emphasizes the difference between schooling and education. He did not go beyond the sixth grade in school. Ah, but he had an education. His speeches, the Gettysburg Address, and the debates are classics studied in the highest universities. A great lawyer, he could not be admitted to our bar associations because he was not a graduate or had not attended law schools, and he could not qualify as a Justice of the Peace under a bill recently introduced here because he did not attend a law school.

Lincoln said, "God must have loved the common people because he made so many of them." I think Nevada should have been called Lincoln's State or the Freedom State instead of the Battle Born State.

I thank you.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker announced that the American Legion, Department of Nevada, invites all members of the Assembly to a dinner on February 14, 1949, at 7 p. m., at the Carson Hot Springs, in honor of all the ex-servicemen who are members of the Senate and the Assembly.

Mr. Speaker instructed the Chief Clerk to read the following communication:

COUNCIL OF SOCIAL AGENCIES

RENO, NEVADA

February 5, 1949.

HON. PETER BURKE, *Speaker of the Assembly, Carson City, Nevada.*

Dear Mr. Speaker:

This communication is addressed by the Washoe County Council of Social Agencies, an organization representing fifty (50) combined organizations and many individual members in this vicinity.

A bill for prevention of delinquency and dealing with young offenders will appear in the Assembly shortly. Title as follows:

"Relating to children, establishing juvenile divisions in the District Courts and defining their jurisdiction, powers and duties; providing for the appointment of juvenile referees; probation committees and probation officers, defining their duties and providing for their compensation, other matters properly relating thereto, and repealing all acts in conflict herewith."

This proposal merits serious attention. It is a good business deal to avoid locking people up whenever possible and to have not too long incarceration.

Also, this is a practical explanation of why it is socially intelligent and gainful for progressive communities to maintain for their own benefit satisfactory programs of probation and parole. We have this chance to practice what we preach.

It is now clearer than ever that what happens daily to children outside the home has much to do with the behavior pattern they establish.

The life histories of most delinquent children show serious gaps, limitations, confusions and wrong motivation of both psychological and social kind.

Mr. Assemblymen: We pray for your serious consideration when this bill comes up to be voted upon.

Respectfully,

CLARENCE MARSHALL, *President,*
LILLIE B. CLINEDINST, *Secretary.*
Washoe County Council of Social Agencies.

Mr. Ryan moved that the Assembly recess until 2 p. m.

Motion carried.

Assembly in recess at 10:55 a. m.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, February 10, 1949.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 32.

W. L. DAVIS, JR.,
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Claiborne and Boak:

Assembly Resolution No. 9:

WHEREAS, It has come to the knowledge of this Assembly that the Honorable William M. Duncan, member of the Forty-second Session of the Legislature, and L. K. Gregory, member of the Twenty-ninth Session and the Thirty-eighth Session of the Legislature, have passed away since the termination of the last session; and

WHEREAS, Mr. Duncan and Mr. Gregory were known to their colleagues in the Legislature as ardent supporters of the Government of the United States and of the State of Nevada, always industrious in the welfare of the people of the State and mindful of their best interests; and

WHEREAS, By their sterling qualities of citizenship and manhood they had endeared themselves to all those who were fortunate to know and work with them; and

WHEREAS, We feel that their demise is a blow to the State of Nevada; now, therefore, be it

Resolved by the Assembly of the State of Nevada, duly assembled in session at its Forty-fourth Session, That we deeply deplore the death of our former

associates and friends, for loss that we have incurred, personally, and for the loss of two good citizens to the State of Nevada; and be it further

Resolved, That we deeply sympathize with the beloved ones who are deprived of one who can never be replaced; and be it further

Resolved, That this resolution be spread upon the Journal of the Assembly, and that the Speaker of the Assembly and Chief Clerk thereof be required to transmit to the parents and to the families of deceased duly certified copies of this resolution.

Mr. Claiborne moved the adoption of the resolution.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communications:

NEVADA STATE HISTORICAL SOCIETY, INC.
Office of the Secretary-Treasurer
DR. JEANNE ELIZABETH WIER
120 East Ninth Street
Reno, Nevada

February 9, 1949.

To the Members of the Nevada Legislature, Forty-fourth Session, 1949.
Honorable Assembly:

Any person would indeed be super-human not to feel some measure of pride on receiving the commendation expressed by your august body in Assembly Concurrent Resolution Number 2, as delivered to me last evening by Chief Clerk Nathan T. Hurst of the Assembly. I wish you to know that I deeply appreciate the honor.

I recall that September morning in 1899 at Stanford University when I suddenly and without forethought accepted the call to the University of Nevada for a two-year period. How little did I realize then that the two years of Nevada residence would be lengthened to fifty years and more. Yet, in September next I shall mark the Golden Anniversary of a union with the State of Nevada.

I have been richly repaid, though not in coin of the realm. It has been a privilege to help several generations of Nevada students to chart their way to a fuller and richer life. It has been a privilege to know Nevada people in their homes throughout the length and breadth of the State. It has been a privilege, little anticipated in the beginning of my life here, to help to conserve the records of the State. I have "followed the gleam" with an insight born of love for Nevada. Sometimes the gleam has led into false trails ending in blind alleys, but usually it has found the way to rich accomplishment as in the acquisition of the Senator Stewart and the John T. Reid libraries.

Your words of recognition mean to me that you are in sympathy with the cause I represent. This it is which gives me the greatest satisfaction. For without the help of many preceding legislative bodies this work could not have been accomplished. You have now turned the spotlight on our present problems. For this I do most earnestly thank you, each and every one. For myself, your words of commendation are an incentive to more devoted service in the future. Hoping that I may live to accomplish much more, I am,

Very respectfully and faithfully yours,

JEANNE ELIZABETH WIER.

OSCAR ZAPF
Attorney at Law
312 Byington Building
Reno, Nevada

February 15, 1949.

Honorable Peter Burke, Speaker of Nevada State Assembly, Carson City, Nevada.

Dear Mr. Speaker:

On Thursday afternoon, February 17, 1949, at about 4 o'clock, the Veterans' organizations of Reno will present to District Judge Maestretti a flag of our Country to be placed in Department Two of our District Court.

A number of applicants to become citizens of our Country will have finished their examinations and those who have passed will be given the oath of citizenship.

It is believed that when all Veterans' organizations in Reno present the Colors to Judge Maestretti after the oath of citizenship has been taken, such presentation will impress upon the new American citizens a realization of what the flag of our Country stands for.

The members of the Assembly are cordially invited to attend the proceedings, which will be held in Judge Maestretti's Court in Washoe County Court House.

Sincerely yours,

OSCAR ZAPF,
Commander Post 407 V. F. W.

Mr. Speaker announced that the Leisure Hour Club is having a program on Wednesday, February 16, at 8 p. m., and all members of the Assembly are invited.

Mr. Speaker requested that all members of the Assembly who had not given their local addresses to the Chief Clerk do so as soon as possible.

Mr. Claiborne announced that the Committee on Judiciary would hold a public hearing on Assembly Bills Nos. 79 and 80, on February 23, 1949, at 7 p. m., in the Assembly Chambers.

Mr. Higgins moved that the Assembly adjourn until Thursday, February 17, 1949, at 11 a. m.

Motion carried.

Assembly adjourned at 4:10 p. m.

Approved: PETER A. BURKE,
Speaker of the Assembly.

Attest: NATHAN T. HURST,
Chief Clerk of the Assembly.

THE THIRTY-SECOND DAY

CARSON CITY (Thursday), February 17, 1949.

We are here to pay tribute to the French Delegation who have brought the "Gratitude Train," composed of fifty cars, one for each of the forty-eight States, one for the District of Columbia, and one for the Territory of Hawaii, to the United States. They have delivered the car designated for the State

of Nevada here to Carson City today. We are happy to see so many people here to show appreciation to the French people.

The Stewart Indian School band played the French National Anthem, the Marseillaise.

President of the Senate Cliff Jones welcomed the French Delegation, who had come here with the "Gratitude Train," and introduced to the Senate and the Assembly, Monsieur Lapuyade, Consular Agent of France for the State of Nevada.

Remarks by Monsieur Lapuyade.

Monsieur Lapuyade introduced to the Senate and the Assembly, Monsieur Trocmé, representative of the French Consulate.

Remarks by Monsieur Trocmé.

President of the Senate Cliff Jones reqested the Governor to deliver his speech.

The Governor delivered his speech as follows:

Distinguished Visitors from France, Members of the Senate and the Assembly, Members of the Supreme Court, and Friends.

The people of Nevada are pleased and honored to accept these splendid gifts from the people of France.

This is a happy occasion when we can reaffirm an old friendship and pledge anew our mutual confidence and respect. These gifts from our former comrades-in-arms and allies are a "Thank you" in return for the presents the American people sent to France last year on the Friendship Train.

The very finest thing about this exchange of gifts is the fact that the governments of our respective countries have not entered therein except to facilitate and expedite the actual handling of the shipments. Our gifts to France were from the American people. They were from the farmer in our agricultural valleys, from the merchant and small businessman, from our workers, and our children. Railroad companies transported the loaded cars, and workers gave their time without charge. Every part of America was represented in our offering.

It was an offering that tried to tell the people of France that we knew and appreciated the sacrifices they had made and the losses they had suffered in their brave and victorious struggle against oppression.

In the early days of the founding of this Nation a great patriot—Thomas Paine—said, "Those who expect to reap the blessings of freedom must undergo the fatigues of supporting it."

Our friends and brothers in France can testify to the truth of this statement. The vigor of their support has been written on many battlefields and in an uncompromising and unrelenting struggle against evil forces that sought to overthrow them.

The ideals and aspirations of the French and American peoples have always been much alike. The community of interests that we share have been strong enough to unfailingly bring us shoulder to shoulder in times of stress and danger.

Historically, our friendship with the French people dates back to Revolutionary days. Succeeding generations of Americans have revered and honored the memory of the noble Lafayette who made our cause his own in the dark days of our early struggles. The French fleet that stood off-shore as Cornwallis surrendered at Yorktown is a part of our heritage.

The very symbol of America—our Statue of Liberty—was a gift to the American people by the people of France. As our soldiers returned from the battlefields of Europe in 1918 and again in 1945, it was a glorious reminder that truth and justice are the cornerstones of freedom everywhere—in France as in the United States—and that both of our nations have borne the fatigues required in supporting freedom.

These recent years—to which we so happily looked forward to in the days of war—have been ones of uncertainty in the world. There have been recriminations and accusations—uncertainty and uneasiness. Concern over the future has pervaded our life.

I do not think the future of the world is as dark as a pessimistic view would indicate. As a newspaper publisher in private life, I know that tidings of accident and disaster have a greater news value than the sound, wholesome—and routine—things of our daily lives. Kindness and generosity—goodwill and cooperation—are usually not newsworthy. I might add that I sincerely hope that such qualities will always be accepted in a matter-of-fact manner. When they are not—then our future will indeed be gloomy.

It is a pleasure, however, to find an occasion such as this when we can salute publicly and with proper ceremony those qualities of human relationship we so often take for granted. For at least this one occasion the qualities of kindness and generosity—goodwill and cooperation—are newsworthy.

The friendship which we extended in our gifts to France has been accepted by that great people. The gifts which we receive today are an acknowledgment of that offer and a pledge of their friendship to us.

These gifts that we are so proud to accept are typical of the immortal artistry and spirit of the French people. They include portraits, wood carvings, pottery, and native costumes. Each State in the Union, the District of Columbia, and Hawaii has been remembered by the millions of Frenchmen—war veterans, women, and children—who gave so freely to this magnificent expression of good will.

They assure us that we can always find in France the counterparts of those millions of fine American citizens who gave unstintingly of their time, produce, and labor to assure France that the friendship of the people of the United States is steadfast and constant.

Government seems at times to assume the characteristics of an impersonal and omnipotent entity—something apart from the people of the Nation and with a life and power of its own. We know, however, that government can only be the expression of the sum of its component parts and that it must eventually reflect the general sentiment and desires of the majority of its citizens.

The governments of France and the United States will reflect in the future, as they have in the past, the mutual respect that the peoples of these great states have demonstrated in this unprecedented display of friendship.

Mr. Trocmé, please convey to the people of France the thanks and appreciation of the people of Nevada for these gifts which we accept today. We will cherish them as we cherish the ideals that bind us so closely together.

The President of the Senate introduced Miss Jeanne Elizabeth Wier, of the Nevada State Historical Society.

Remarks by Miss Wier.

The President of the Senate introduced Miss Margaret Griffin, who presented gifts to the French Delegation.

Monsieur Lapuyade introduced Mademoiselle Marie Marc, representative of the French Delegation.

Remarks by Mademoiselle Marc.

The President of the Senate instructed Mr. George Allard to interpret the Governor's speech.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Johnson:

Assembly Concurrent Resolution No. 4:

Extending to the French people gratitude and appreciation for the sending of the "Gratitude Train" to America.

WHEREAS, During the American Revolutionary War the thirteen united colonies were imperiled by the armed forces of a powerful adversary; and

WHEREAS, It was then that a great Frenchman, a young nobleman, by the name of Marquis de Lafayette, being enthusiastic over the American Declaration of Independence, left his native land and offered his services to General George Washington, in the colonies' struggle for freedom; and

WHEREAS, His valor and devotion to the cause of freedom played a vital part in the destiny of our country, and his name will forever be inscribed on the hearts of all Americans and revered by liberty-loving people throughout the world; and

WHEREAS, In 1917 it fell to the lot of a great American, Gen. John J. Pershing, at the head of the First Division of the American Expeditionary Forces, to, in some measure, repay our debt of gratitude to Lafayette and the great nation of France, when he landed on her shores and made that historic and dramatic declaration, "Lafayette, we are here"; and

WHEREAS, Again on June 6, 1944, it fell to the destiny of history that another great American, General Dwight D. Eisenhower, leading the forces of another great expeditionary force in World War II, scaled the ramparts of the enemy in landing on the coast of Normandy, in delivery of our comrades-in-arms from the heels of a ruthless enemy, and thus again demonstrating to the world and to the beloved French people that we would not let them down in the hour of their travail; and

WHEREAS, After the routing of the enemy with the aid of the valiant French and our combined allied forces from the confines of her country, her people were left in great straits of distress, want, and need; and

WHEREAS, A great and popular American newspaper columnist, by the name of Drew Pearson, conceived the idea of forming a "Friendship Train" to converge at various cities of the United States, and collecting various food supplies, clothing, etc., to be shipped to our friends in France to alleviate their distress; and

WHEREAS, The collection of these trains and their contents was a great surprise to every American, and on their arrival in France was greeted by the French people with great appreciation and acclaim; and

WHEREAS, The great French people have now seen fit to reciprocate, and in a spirit of gratitude they have organized what is known as the "Gratitude Train" composed of 50 box cars known as "40 Hommes et 8 Chevaux," all of which are filled with many items of intrinsic value donated by the French people, and many of which have been donated by the children of France; now, therefore, be it

Resolved, by the Assembly of the State of Nevada, the Senate concurring, That the Forty-fourth Session of the Nevada Legislature extend to the representatives of the great French people who are accompanying this "Gratitude Train," and through them to the great nation of France, our deepest gratitude and appreciation for this token of remembrance, by her valiant people, and that it be our great desire that our people who compose these two great republics shall henceforth continue to march arm in arm down the road of time throughout eternity, holding aloft the torch of freedom, liberty, and justice to all mankind; and, be it further

Resolved, That the Secretary of State of the State of Nevada be authorized and directed to transmit properly certified copies of this resolution to the French Embassy at Washington, D. C., to the French Consulate at San Francisco, California, to Monsieur Isidore Lapuyade, Consular Agent of France for the State of Nevada, at Reno, Nevada, to Mr. Drew Pearson at New York City, and to the representatives of the State of Nevada in the Congress of the United States with the request that this resolution be entered in the Congressional Record.

By Mr. Boak:

Assembly Concurrent Resolution No. 5:

Recognizing and recording the establishment in Nevada of the first Uranium School in the field in any State.

WHEREAS, The United States and the world have entered the uranium age, thereby bringing to the peoples of the world untold and undreamed-of benefits and happiness; and

WHEREAS, Two grams of uranium have the potency of two tons of coal; and

WHEREAS, It is imperative that the United States lead the world in the development of uranium for maximum preparedness in time of war, as well as a significant deterrent to future wars, and a boon of incalculable value to industry and to mankind; and

WHEREAS, Uranium is widely distributed in numerous geological formations common to Nevada, thereby affording to our great State the opportunity of becoming one of the heaviest producers of uranium in commercial grades; and

WHEREAS, The foregoing opportunity was timely foreseen by the State Board for Vocational Education, which recognized the role Nevada is destined to play in the uranium age, and established in Nevada the first uranium school in the field for the enlightenment, education, and edification of Nevada prospectors and mine operators; now, therefore, be it

Resolved, by the Assembly, the Senate concurring, That this testimonial be adopted and entered in the minutes of the Assembly and of the Senate and an engrossed copy be delivered by the Chief Clerk of the Assembly to the Director of the State Board for Vocational Education, as follows:

The State Board for Vocational Education, during the latter part of 1948, became cognizant of the tremendous potentialities inherent in the uses of uranium, heralding a new age of advancement for mankind, and foretelling world supremacy in peace and in war for the nation which excels in its production, and in the application of its many uses. The said board recognized that the State of Nevada, with its rich abundance of a variety of ores containing uranium, could readily assume the leadership in developing sources of supply of uranium, and the said board, therefore, established the first Uranium School in the field.

The State of Nevada Uranium School, as it is known in the mining industry, consists of a well-equipped truck, outfitted to conduct experiments and tests, and to make demonstrations of the uranium content of various ores found in Nevada. This truck is manned by a specialist in uranium ores, and Mr. Donald C. Cameron, director of the State Board for Vocational Education.

The State of Nevada Uranium School instructs prospectors and mine operators in prospecting methods, and in the determination of uranium radiation

bearing ores, and has conducted its "school" sessions in Hawthorne, Mina, Gabbs, Tonopah, Goldfield, Round Mountain, and Las Vegas. The said school has interested innumerable prospectors and mine operators in the quest for uranium and has assisted in locating large and valuable uranium deposits throughout Nevada.

For its foresight in establishing the State of Nevada Uranium School, the State Board for Vocational Education deserves, and hereby is given, the commendation of the people of Nevada.

Mr. Boak moved that the resolution be referred to the Committee on Mines and Mining.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Cole moved that the remarks of Mr. Johnson and Mr. Cross be entered in the Journal.

Remarks by Mr. Wells.

Motion carried.

Mr. Cross made the following remarks:

MR. SPEAKER: This is a solemn occasion. We are about to exercise one of the great privileges of a Legislature, to determine whether or not the Constitution of the United States shall be amended. Our Constitution is a sacred document, a beacon light of freedom in the world. The founding fathers were blessed with foresight and wisdom; they did not set a limitation upon the number of terms a President might serve.

The first question arises then, why should we now set a limit upon the Presidential terms? Why should we curb our democratic right of choice? Why should we limit ourselves and reduce our voting privileges as much as is suggested in this proposed amendment?

"Oh," it is said, "that the office is so great that two terms should be enough for any man." Washington, in his farewell address, set an example, and limited himself to two terms. His address is couched in stately language and will be forever honored. But it advises against alliances with other nations and especially decries against favored nations.

Mr. Speaker, two great wars have demonstrated that we cannot avoid having alliances and relations with other nations of the world.

Our position is so eminent, our commerce so great and world-wide, that no matter in what high esteem we hold our first President, we must assert our world leadership and seek friends among the nations. We are no longer isolationists! We must take sides. The name of our President in a world war, immediately becomes a symbol of freedom to the victims of oppression.

If everything is in balance, and the President is conducting the war in a good manner, we cannot change Presidents, be he a Democrat or a Republican. We cannot let the people of the world, who believe in us, down.

We saw this in World War II. We saw a great English-speaking nation prostrate at Dunkirk. We saw fifty gunboats and all of the old Springfield rifles we could muster furnished to the nation in exchange for air bases, and that was all that she had to depend upon, because her munitions of war had been abandoned in France.

We saw the Atlantic Charter.

We heard a most eloquent voice in Chicago plead for a quarantine against aggressor nations and demand and order for our own defense, 50,000 airplanes. We were amazed at the magnitude of the order. We knew that he had his finger upon the pulse of the world. We inaugurated lend lease. We armed our ships against the submarines. The Hun was on the march, nations were ravished and raped, we knew that Hitler was determined to rule the world, and that soon we would be marching also, but only goose-stepping under German orders.

In our own melting pot, nationalities began to pull and tug, the isolationists seemed to have the better of it, until the great Senator Vandenberg of Michigan arose at his desk, and made an historical speech in the Senate, that shocked the nation, and isolationism was thrown out of the window, and the two-party foreign policy was inaugurated that endures today. So we take stock of the man at the helm.

We recalled his inauguration speech in the midst of the depression, when he declared that the Nation "had nothing to fear but fear itself"; we saw the dramatic closing of the weak banks and only solvent banks permitted to reopen; we saw bank deposits insured and safeguarded, we saw all of our gold recovered, we saw social security given to the people, we remembered the fireside chats where the most loved voice in the world told us of the problems faced in the White House, and he told of his mistakes, too, but that he was trying.

We saw how he restored confidence and helped to stop the forced sales of 650,000 mortgaged farms, and we saw how he brought dignity to labor.

All precedents were broken and he was elected to a third term as President. He all but prostrated himself in begging for world peace, but the Axis nations ignored him and insulted him for his pains. Then the sneak attack on Pearl Harbor and the joint declaration of war by Japan and Germany before our Congress could assemble. Oh, the tragedy of it all, with a Japanese peace party conferring with our Secretary of State at that very moment.

We recall Iwo-land, Iwo Jima, Suribachi, Namur, Guam, Saipan, and Tarawa. We recall the crossing at Normandy under Eisenhower. We recall General Marshall, MacArthur, and Wainwright, Admiral Nimitz and "Bull" Halsey; Doolittle, Hap Arnold, Spitz—all selected and appointed through him. We recall that he summoned the scientists, set aside two billion dollars for atomic research, and that it is our stockpile of atomic bombs that keeps back the Slavic hordes behind their iron curtain with 14 million slave laborers, itching to engulf the world.

He closed the 1944 election compaign with a prayer for our America. He asked Almighty God to grant to the people of this Nation the vision which was necessary to profit from the victory which was sure to come in the war. Again shattering our precedents, he was elected for a fourth term in the ides of November, and then, in the following April, like the soldiers on the field who died for us, he, too, died for us.

His sacred remains lie sleeping at Hyde Park and thousands go there daily to pray for peace. A monument has been unveiled for him in London and the English have reserved for him a niche and plaque in Windsor Castle, where they bury their kings.

Ah! He is immortal.

Just recently, the Idaho State Senate did as we are about to do—rejected this amendment.

Mr. Speaker, let us realize our full stature as Americans. I verily believe that, had not the pistol shot of an assassin leveled our beloved Lincoln, he would have been a third-term President, and what a blessing it would have been to the South in the reconstruction period.

Let us say here today, that we reserve the right, if we are beset with war or rumors of war, to reelect any President, be he Democrat or Republican, to a third term and, if any Congress declares war and if any President indicates the path, we will follow our flag and say as Ruth to Naomi, "Entreat us not to leave thee, whither thou goest we will go; thy people shall be our people, thy God our God."

Mr. Johnson made the following remarks:

THREE MIGHTY MEN WERE THEY!

Mr. Speaker and Members of the Honorable Assembly:

For four consecutive terms did the party of the opposition assail and attack him, and do everything in their power to defeat that matchless leader in the hour of our greatest peril as a nation, and as many times were their forces routed, and they suffered ignominious defeat at the hands of the great warrior! Now, it appears that since his mortal remains have been confined to an humble tomb at Hyde Park, where all Americans, and the people of the entire globe, are wont to come and sojourn and pay their respects to this great statesman and humanitarian, it is apparent that a few die-hards in the party of the opposition would seal him up in the tomb of his ancestors with the cement and mortar of a new constitutional amendment, lest he again return in person and run for a fifth term! Now, the good book tells us where Lazarus, on the command of the Savior, arose from the dead and walked again. And further back in the Old Testament the story is told of one mighty giant by the name of Goliath, who became infuriated at his enemies, and, armed only with the jawbone of a jackass, went forth single-handed and slew ten thousand Philistines! Now, since the voice of this great warrior is stilled and he cannot speak for himself, I desire to warn "*My Friends*" in the party of the opposition, that ye

take heed and beware of these miracles of the past, lest ye also might provoke and arouse the wrath of F. D. R. and, knowing that he always loved a good fight, that he also might arise from the sepulcher of the tomb, as did Lazarus, and return to this terrestrial sphere, armed with the jawbone of a jackass, as was Goliath, and slay himself ten thousand more Philistines! I beseech ye to beware, "*My Friends*" in the Republican party, lest ye bring upon yourselves this great calamity! Now, I believe I might have a "*Few Friends*" left in the party, after finishing this oration. And it is for their sole concern and protection that I feel compelled to vote "No" on Senate Joint Resolution Number One!

FINDINGS OF COMMITTEE ON BASIC MAGNESIUM PLANT

At a meeting of the Assembly Committee on the Basic Magnesium Plant with Mr. Ryan, Mr. Capurro, and Mr. Johnson present.

Mr. Ryan called John V. Mueller, a member of the Colorado River Commission, and asked that the status of the Basic Magnesium Plant be given. The following statement of facts were presented:

1. The Basic Magnesium Plant has operated at a profit since April 1, 1948.
2. The Basic Magnesium Plant has repaid the Colorado River Commission all sums in repayment of advances.
3. The Basic Magnesium Plant has paid the W. A. A. in excess of $120,000 in cash and received credit in the amount of approximately $300,000 to date, in addition to cash payments, with additional credits due.

4. The Basic Magnesium Plant has sufficient funds for operating expenses.
5. That negotiations are under way for practically the entire plant.
6. That in order to complete negotiations the Colorado River Commission must be allowed to sell property and in order to put property on tax roll sales must be made to private industry.
7. That in order to meet pay roll payments a revolving fund must be set up in the interest of economy and in order to meet pay roll due dates.
8. That negotiations are under way with Nevada interests for the benefit of other counties than Clark County.

JAMES G. RYAN, *Chairman*,

REPORTS OF COMMITTEES

Mr. Speaker:

Your Joint Committee on Veterans Affairs and Education, to which was

referred Assembly Bill No. 284, has had the same under consideration, and begs leave to report the same back with the recommendation that it do not pass for the following reasons:

Because of the present financial condition of the State of Nevada and further because the joint committee feels that insufficient study of the problem has been made.

Your committee feels that in order to intelligently determine whether or not the addition of these two grades to the High Schools of the State is advisable an interim committee of three members should be appointed to study this matter, and report back its recommendations to the Legislature of 1951.

LOUISE ALOYS SMITH, *Chairman*,

Mr. Speaker:

Your Committee on Veterans Affairs, to which was referred Assembly Bill No. 86, has had the same under consideration, and begs leave to report the same back with the recommendation: Amend, and do pass as amended.

LOUISE ALOYS SMITH, *Chairman*.

Mr. Speaker:

Your Committee on Agriculture, to which was referred Assembly Bill No. 268, has had the same under consideration, and begs leave to report the same back with the recommendation that it do pass.

C. O. BASTIAN, *Chairman*.

Mr. Speaker:

Your Committee on Ways and Means, to which were referred Assembly Bills Nos. 270 and 231, has had the same under consideration, and begs leave to report the same back with the recommendation that they do pass.

M. E. MCCUISTION, *Chairman*.

Mr. Speaker:

Your Committee on Engrossment has examined Assembly Bill No. 295 and reports the same correctly engrossed.

LOUISE ALOYS SMITH, *Member*.

Mr. Speaker:

Your Committee on Engrossment has examined Assembly Bill No. 205 and reports the same correctly reengrossed.

LOUISE ALOYS SMITH, *Member*.

Mr. Speaker:

Your Committee on Enrollment has carefully compared Assembly Enrolled Bills Nos. 46, 84, 119, and 178, with the engrossed copies, finds the same correctly enrolled, and has this day delivered the same to the Governor.

LOUISE ALOYS SMITH, *Chairman*.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Capurro moved that rules be suspended, and he be permitted to introduce a joint resolution.

Motion carried unanimously.

By Messrs. Capurro and Wells:

Assembly Joint Resolution No. 24:

Memorializing and requesting the Congress of the United States for the enactment of legislation to aid the State of Nevada in the enforcement of the cigarette tax now evaded by the use of the United States mails.

Mr. Capurro moved that the resolution be referred to the Committee on Federal Relations.

Motion carried.

Mr. Embry moved that rules be suspended, and he be permitted to introduce a joint resolution.

Motion carried unanimously.

By Mr. Embry:

Assembly Joint Resolution No. 25:

Memorializing Congress to install a system of flood control with facilities for the production of power on the Virgin River in the States of Nevada and Arizona.

Mr. Embry moved that the resolution be referred to the Committee on Federal Relations.

Motion carried.

Mr. Johnson moved that rules be suspended, and he be permitted to introduce a concurrent resolution.

Motion carried unanimously.

By Mr. Johnson:

Assembly Concurrent Resolution No. 7:

Authorizing the election of a joint interim committee to study the Gorvine and other annual and biennial reports, relative to the reorganization of the government of the State of Nevada; requiring that a report be made by such committee to the Forty-fifth Session of the State Legislature, and providing for the expenses of the committee during the interim.

WHEREAS, Albert Gorvine, at the request of the Nevada Legislative Counsel Bureau, made a study of the governmental functions of this State and, in December of 1948, returned to said counsel a comprehensive report thereon, together with suggestions for the reorganization of the State government; and

WHEREAS, Such report contains numerous meritorious suggestions relative to the reorganization of and changes in the scheme of the government of this State, both in the executive and administrative offices thereof, which changes will require important legislation to effect; and

WHEREAS, The time since the return of said report has been and is too short to enable this Legislature, or any of its committees, to make an exhaustive study of the suggested changes for the purpose of drafting and enacting such enabling legislation necessary to perfect reorganization of the State government; therefore, be it

Resolved by the Assembly of the State of Nevada, the Senate concurring, That an interim committee of four members of this Legislature, two members, one from each party, to be elected by the members of the Assembly and two members, one from each party, to be elected by the members of the Senate, be elected for the purpose of making a complete study of the Gorvine report and the suggested changes in the State government therein contained, as well as other annual and biennial reports of the various State officers, boards and commissions, so as to prepare a comprehensive report of the committee's findings thereon. The Legislative Counsel shall also serve on this committee in an advisory capacity. The committee shall reduce its findings to writing and report the same, together with such suggested legislation in connection therewith as it may deem necessary, to the Forty-fifth Session of the Nevada Legislature, or any special session of the Nevada Legislature prior thereto, provided there has been sufficient time for the committee to make its findings; and be it further

Resolved, That the State Controller and the State Treasurer be, and each of them hereby is, authorized and directed to set aside the sum of two thousand ($2,000) dollars from the Legislative Fund of this Legislature for the purpose of paying the expenses of the committee in making said study during the interim; that the State Controller be, and he hereby is, authorized and directed upon presentation of proper claims of the committee to draw his warrants therefor, and the State Treasurer is hereby directed to pay the same. Each member of the interim committee shall be paid ten ($10) dollars per day for

each day actually employed in the work of the committee and, in addition, shall receive subsistence and traveling expenses at the statutory rate and as allowed by law to State officers.

Mr. Johnson moved that the resolution be referred to a Joint Committee of Judiciary and Ways and Means.

NEVADA FRENCH MERCI TRAIN COMMITTEE
1093 So. Virginia Street
RENO, NEVADA

March 3, 1949.

To Those Who Helped to Make the French Merci Train Celebration a Success:

DEAR FRIEND: We wish to take this occasion, on behalf of our State Committee, to thank you and those who worked with you for your splendid cooperation and assistance in making Nevada's reception of the French Merci Train a success.

The whole tenor of the affair was in keeping with the generous and understanding spirit of Nevada people. Mademoiselle Anne Marie Marx, Representative of France, so aptly gave word to this when she said: "While Carson City is the smallest Capital in the United States, nevertheless we have received our biggest reception here."

Sincerely yours,

NEVADA STATE COMMITTEE

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 8, 1949.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolutions Nos. 4 and 5.

W. L. DAVIS, JR.,
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Chapman moved that Assembly Bill No. 135 be taken from the General File and placed on the bottom of the General File for the next legislative day.

Motion carried.

Mr. Clairborne moved that Assembly Bill No. 305 be taken from the table, and be referred to a Joint Committee of Ways and Means and Taxation.

Mr. Ryan made the following remarks:

MR. SPEAKER:

I would like to talk in opposition to the motion put so ably by Mr. Claiborne. I'd like to point out to the members of the Assembly that in four years of legislation there has never been anyone more eager than Ryan for good conditions, and I believe it was the Committee on Labor that put forth questions to better school systems. I'd like to point out to some of the members of the Assembly, certainly it's not my intentions to hurt anybody's feelings. I see in the papers where Mr. Claiborne flayed the members of the Assembly so courageously.

I'd like to call attention to the newspaper men. As one of the forty-three voters, I'm entitled to express my opinion of the sales tax issue.

First, I want to call attention to the members of the Assembly from 1941 sessions and past sessions, I have figures where in the neighborhood of three million dollars was given by members of the Assembly for a heating system for

the University of Nevada. Mr. Fuetsch is in the beer business, which is all right, but I don't think that Lincoln, Elko, and Clark Counties should heat the county of Washoe. Money was spent which was never used.

Since I helped elect you, Mr. Speaker, I guess I must recognize your democratic gavel.

While I'm at it, I'd like to ask that my remarks be put in the record. I might want to run for Lieutenant-Governor some day, you can't tell.

The school teachers have put a lot of pressure on everybody, writing in asking for a sales tax. I believe the salaries of the school teachers in Nevada compares pretty favorable with those of the other forty-seven States.

Mr. Speaker, I want to inform you and the members of the Assembly that the 1947 Session, and I believe the Tax Commission can bear me out, that members of the Assembly appropriated three million dollars over and above the budget. Today we have six-hundred thousand dollars in the Postwar Fund which is not accounted for. I don't believe it is the privilege of the members of the Assembly or the Senate to put the burden of a sales tax on the people unless it is absolutely necessary.

I'd like to call attention to the members of the Assembly of the three and one-half million dollars that was appropriated. I might go so as to say that the motion was made to break down the school system. I don't think we'll be hurt too bad over and above that fund. We'll start out with the Governor and other officers who have expressed themselves in favor of the tax. Why should Mr. Ryan say the people should not have a sales tax? On the other hand, I'll vote for the sales tax, provided, however, that you show me that they really need a sales tax. Should the Governor and the members of the Assembly say we should pass the sales tax for the benefit of the school system, I'm going to support it. On the other hand, the Senate votes today, barring forever a State income tax.

When you ruled me out of order so readily, Mr. Speaker, I'd like to call to the attention of the Assembly that Mr. Claiborne said that the bill should be taken from the table so the bill could be considered by the people. He spoke of people I don't know. Look at Mr. Ryan's desk. It would take two bill drafters and several attachés to clean it up. Very nice. It is not my intention to amend Mr. Claiborne's motion. Personally, I don't believe the people of Nevada want a sales tax. For the benefit of the other members of the Assembly, when I so boldly tabled the sales tax and twenty-two people voted with me. I spoke on behalf of Mr. Ryan first, Mr. Barr second—let's make the facts known to the people. I have kids that go to school, and I went to school myself. I don't think it's a benefit to the persons elected to the Assembly to discourage the persons who has the courage to face the issue clearly. We come up here in '49 session, Governor says we have no credit, the sales tax is the only solution. Mr. Speaker, if the Governor and certain other State officials can account for the six-hundred thousand we have in the Postwar Fund, the three and one-half million appropriated over and above the budget, the $350,000 appropriated over and above the budget, then I'm in favor of the sales tax.

If Mr. Claiborne wants to put the sales tax in Labor and Ways and Means, I'll be glad to discuss it with him. I don't believe there is any man, gentlemen and Mrs. Smith—Miss Smith—call her Mrs. Smith and lose another vote—I don't believe there is any member who wants to see the schools better more than me. By the same token, on the other hand, I don't see where legislation of that type should be taken from the table after my motion had carried.

I'm going to amend Mr. Claiborne's motion that the records be produced to prove to the other forty-two members of the Assembly that I'm either right or wrong. I'd like to read a rule to you. It's Chapter 177. Mr. Speaker, if you have the chapter and I have the book we'll go from there.

A question laid on the table is not to be dispensed with. I'd like to call attention to the members of the Assembly that they tabled Mr. Barr's resolution, and when the speaker so ably asked whether I meant tabled or postponed, should put me in a position, should or should not be taken from the table. Mr. Speaker, there is nothing personal in this. I'd like to go for a minute, for the benefit of Mr. Claiborne and the people of Nevada, and I believe it should

be the rule, and I believe the rules of the Assembly should be amended to this effect: If any member wants to flay the Assembly, do it in the Assembly, not through the newspapers.

Messrs. Gallagher, Ryan and Warner requested a roll call on Mr. Claiborne's motion.

Remarks by Messrs. Tomlinson and Ryan.

"Section 3.5. There is hereby transferred to the Public Service Commission of the State of Nevada the functions now carried on by the Nevada State Highway Department concerning highway safety and safety education, provided, however, that this section shall not be construed to remove from the jurisdiction of the said Highway Department any other functions allowed to or required of it by chapter 184 of the 1941 Statutes of Nevada, or any functions concerning marking or posting signs on or alongside public highways. It is intended by

this section that the State Highway Department shall retain its control over the physical aspects of the public highways, and that the Public Service Commission shall control the manner and type of use of said public highways by the public. The functions of the said Public Service Commission of the State of Nevada concerning highway safety and safety education shall not be duplicated by any other agency, department, commission or officer of the State of Nevada.

The chief patrolman of the Nevada Highway Patrol, as in this act provided for, shall be, and hereby is, appointed as the Director of Highway Safety, and as such shall have control and charge of all functions of the said Public Service Commission under this section."

Amendment No. 2.

Amend section 5, page 2, line 22, by deleting the period after the word "commission" and substituting in lieu thereof a comma, and adding the following: "two of whom shall be the chief and assistant chief patrolmen."

Further amend section 5, page 2, lines 31 to 38 by deleting the following sentence: "Each patrolman shall receive a salary of two hundred fifty dollars ($250) per month, and the commission may fix the salary of each patrolman after six months of continuous employment at any sum in excess thereof, not to exceed, however, the sum of three hundred twenty-five dollars ($325) per month, payable as other state officers are paid, and subsistence and travel expenses as now or hereafter may be provided by law.", and substituting in lieu thereof the following sentences: "The chief patrolman shall receive a salary not to exceed the sum of three hundred fifty dollars ($350) per month, the assistant chief patrolman shall receive a salary not to exceed the sum of three hundred forty dollars ($340) per month, and each patrolman shall receive a salary of two hundred fifty dollars ($250) per month, and the commission may fix the salary of each patrolman after six months of continuous employment at any sum in excess thereof, not to exceed, however, the sum of three hundred twenty-five dollars ($325) per month, and all salaries payable hereunder shall be paid as other state officers are paid. MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Bacigalupi moved that the communications regarding a State lottery be read by the Chief Clerk.

Motion carried.

Mr. Speaker instructed the Chief Clerk to read the following communication:

A NEVADA STATE LOTTERY

THOMAS M. CARROLL
Real Estate and Insurance
114 South Third Street, Las Vegas, Nevada

An open letter to the general public and to the voters of Nevada, and to the 1944 Democratic State Convention and to the 1944 Republican State Convention.

The Constitution of the State of Nevada now prohibits lotteries.

This open letter is a request that you consider the desirability of amending the State Constitution for the purpose of permitting the State to establish a State-owned and State-operated lottery.

The first purpose of a State lottery would be to create a State Lottery Fund from which to pay the costs and expenses of operating the State government, instead of the taxpayer. This Lottery Fund would include the sum of money collected under the State tax rate on general and personal property, and from proceeds of mines. The Lottery Fund would also include the sum of money collected from what is known as special taxes.

These special taxes are similar to license taxes and are collected for State government purposes. They are paid by individuals, partnerships, and corporations under permits or licenses for their particular lines of business, projects, or utilities. They also include the taxes paid by employers of labor. For the year ending June 30, 1943, they totaled $6,435,828.76. In a general way they are one of the heavy overheads of doing business. By comparison, the taxes for the same year-period collected under the State tax rate, on general and personal property, and from proceeds of mines amounted to $1,533,633.20—a total of $7,969,461.96 for both methods of taxation for State purposes.

Everybody, in every station of life throughout the Nation, is tax-conscious and, sooner or later, will become tax-weary. Whether we like it or not, taxes must be paid. Among the States, Nevada is outstanding as being the "One Sound State" on the tax question. We of Nevada owe a duty to our people to give tax relief to Nevada taxpayers. This we can do by amending our State Constitution to permit Nevada to establish, own and operate a State lottery for paying the above-mentioned State taxes instead of the Nevada taxpayer.

The Nevada State-owned and State-operated lottery, with the honor and the integrity of the State and of her people sponsoring it, would create a huge money surplus—much more than the State would currently need. To keep such surplus in the State Treasury would be unwise. It would surely lead to a vicious and regrettable extravagance and always under a very plausible reason for its expenditure. Accordingly, we could have a second purpose in the Nevada State-owned and State-operated lottery.

This second purpose would be for Nevada to pay this money surplus into the treasury of the United States, as a free and stringless gift when the State lottery becomes established; or for reducing the war debt when the State lottery becomes effective. The present Legislature could propose the Constitutional amendment for establishing the Nevada State-owned and State-operated lottery for tax relief purposes, and for the paying of this money surplus into the United State Treasury as a free and stringless gift. If the session of the present Legislature in both houses adopted such a proposed Constitutional amendment, then such amendment would be referred to the Legislature next to be chosen.

The amendment would then be published for three months preceding the time the next Legislature is to be elected or chosen next November 7. That Legislature would meet in January. If that Legislature approved the amendment, it would then submit the proposed amendment to the people in such manner and at such time as that Legislature shall prescribe. Then, if the people at election approve and ratify the amendment, the amendment becomes a part of the State Constitution. In that case the Nevada taxpayers would be getting tax relief by lottery.

Should this Legislature approve such amendment, then we would have to wait two years of wishful hoping that the January-to-March session of a new chosen Legislature would approve the lottery amendment started in the session—a two-year delay plus three or four months time for the people to vote on the amendment at a special election, in case it was approved in the Legislative session.

For that period of time, it would be a denial of tax relief by lottery for the Nevada taxpayer, and for the same period would be delaying Nevada—the Battle Born State—in making its free and stringless gift of its lottery surplus money to the treasury of the United States, for reducing the war debt. All this delay can be avoided by the Governor calling a Special Session of the present Legislature to consider such proposed amendment to the State Constitution, for a State-owned and State-operated lottery paying the cost of the State Government—that cost being that much tax relief to Nevada taxpayers, and that the surplus lottery money be paid into the treasury of the United States as a free and stringless gift, as above outlined.

By having the Special Session in June or early in this coming July, then there would be ample time for the proposed amendment to be published for three months next preceding the time set for the next Legislature to be chosen.

This time would be for the general election of November 7, 1950. A Special Session would be the only way to start the procedure for amending the State Constitution for tax relief by lottery.

It should be clear to anybody that, when the Constitution provides that after one Legislature approves a proposed Constitutional amendment, the proposed amendment must be published for three months preceding the time for the next Legislature to be chosen, that the Constitution means that the question becomes a public issue in the selection of members to the new Legislature which is to consider the proposed amendment.

Accordingly, it is the purpose of this open letter that tax relief by lottery to Nevada taxpayers, and that surplus lottery money shall be paid into the United States Treasury as a free and stringless gift. Let us hope that it will become strictly a nonpartisan issue.

This letter is addressed to the Democratic Party State Convention, and to the Republican Party State Convention, in the hope that each party will have the political sense to put in its State platform a plank favoring the constitutional amendment for a Nevada State-owned and State-operated lottery for tax relief to Nevada taxpayers, and for the further purpose that the surplus lottery money shall be paid into the United States Treasury as a free and stringless gift as above mentioned. This issue has a State-wide and a Nation-wide scope, and both parties can well afford to be nonpartisan on it, and yet fight out their State campaign on other issues.

To give an idea how State-wide the issue is, take the matter of special taxes which Nevada taxpayers pay, and which a State-owned and State-operated lottery can pay instead. For instance, according to the annual report of the State Controller for the year ending June 30, 1943, the motor vehicle fuel tax is $1,742,251.52; automobile licenses, $353,411.25; unemployment compensation contributions, $3,160,169.69 (This is the tax on the employers of labor and is a heavy overhead to all who pay it.); insurance premium tax, $92,203.55; insurance licenses, $30,782.25; liquor stamps, $366,123.16; liquor licenses, $13,782.25; common carrier licenses, $388,520.25; livestock inspection, $26,329.66; auto drivers' licenses, $18,255.75; gaming licenses, $145,827.88; corporation fees, $36,814.60; petroleum products inspection fees, $24,074.29; deer tag sales, $14,664; hunting licenses, $8,349; fish and game, miscellaneous, $4,154.82; sheep inspection, $6,288.04.

These are the major parts of the special taxes which total $6,435,828.76 and which, under permits and licenses, are imposed on the business activities of individuals, partnerships, corporations, and utilities. Those who pay these special taxes would continue to pay them to the usual State departments which collect them, and then be repaid by refunds from the State lottery, under a refunding system to be adopted by the Legislature. These State departments for their State purposes would remain in full force and effect.

Under home rule (State rights), Nevada, a Sovereign State, can own and operate a State lottery, and make that lottery a part of its State tax structure. To the credit of the Legislature, and to all its Governors, Nevada has the best tax structure of any State in the Union. They made Nevada the "One Sound State." and the "cyclone cellar of the tax-weary." The Nevada State lottery will round out that tax structure to perfection.

For State tax relief, and for war purposes, the State lottery would become a State institution and have its own building located at the State Capitol.

The Legislature would work out all rules and regulations for safeguarding the integrity and management of the lottery.

As previously mentioned, the second purpose of the lottery would be as an aid to the United States for reducing the war debt.

This would be a great benefit to the government, and the money so paid would be in equivalent of a tax paid, and would justify the government in exempting from income tax all money proceeds of lottery tickets. A State-owned and a State-operated lottery means such an outstanding tax relief to Nevada taxpayers that they should make it a campaign issue for the coming election. Such an issue is the only way to get this tax relief and for Nevada

to make the above-noted free and stringless gift to the United States Treasury for reducing the war debt.

Former Assemblyman from Clark County, Nevada, in the 1933 and 1939 Sessions.

February 19, 1949.

MR. DON CRAWFORD, *and to 1949 Session of Nevada Legislature, Carson City, Nevada.*

GENTLEMEN: Following my letter of February 14, 1949, I herein mention the promised article relative to a Nevada State-owned and State-operated lottery. The subject is controversial. Some governments oppose and some governments adopt the lottery, and find them very beneficial for government revenue purposes and for tax relief.

The subject is historical, so along this line the last lottery supported by governmental encouragement was the misnamed Louisiana State Lottery. This lottery was a concession given by that State to an organization for operating the lottery in consideration of paying an agreed sum of money from lottery proceeds as a revenue to be applied by the State for reducing designated costs of the State government. This organization became corrupt. Then an Act of Congress passed in 1890 attempted to crush the lottery by forbidding the lottery to use the United States mails. This action compelled the removal of the Louisiana lottery to Honduras. Most of the lottery tickets from Honduras were sold in the United States. But the change of location became so detrimental that around 1904 this Honduras lottery went out of existence. Furthermore, this became a private lottery instead of a State lottery.

A State-owned and State-operated lottery is a public arrangement by which, for valuable consideration, a ticket buyer, by chance, obtains a valuable prize of a few dollars, or very many more dollars, up to a hundred thousand or more dollars—all, in any case, greatly superior in value to the amount of money risked by the ticket buyer. The main purpose of a State or a government lottery is always good, and guarantees an equal chance to all partners. Accordingly, almost all modern States and governments, at some period of their history, established lotteries for revenue for the public good. In the United States the lottery has been from the earliest settlement of the country a usual means of raising special public revenue which could not be so easily secured by any other method. In the seventeen hundreds, lotteries were very popular. Legislatures authorized lotteries for every species of public improvments, for the building of churches and colleges, for the repair of losses to individuals by fire and otherwise. Faneuil Hall in Boston, after the fire in 1761, was rebuilt by lottery. The Continental Congress in 1777 tried to raise money by lottery. In 1833 a society was formed in Pennsylvania for the suppression of lotteries. The educational work of this society was successful. It showed the evils inherent in lottery systems. Then legislation followed prohibiting the lottery. As a result, all the States and Territories of the United States prohibited lotteries.

As a matter of fact, any State or any government lottery in its ramifications and branchings contains evil and mischief, but also contains public and community benefits which decidedly are good and beneficial for State and government purposes. All this is just as true of the Nevada licensed open gambling. The lottery and our licensed gambling come under the law on public morals. Most people figure that matters of public morals should be handled by strenuous prohibition. But Nevada on its several public morals problems wisely adopted regulation.

It may be interesting and relevant to know there was as much resistance to Nevada licensed open gambling as there has been to a State-operated lottery, and to know how this resistance was overcome. Formerly, the gambling busi-

ness was prohibited in Nevada. This business, including machine gambling, was operating in Las Vegas by under-cover protection. The operators created a demoralizing political machine. A public official who obtained their ill will would be defeated or be given an extra hard fight if he was a candidate for reelection. If we wanted a worthy citizen to run for public office he would decline because he knew he had the ill will of these gambling operators. In addition to that, patrons were cheated in some of the places. There were various hangers-on in some such places. If a patron made substantial or rather large winnings, then in many cases he was beaten up and robbed.

Commencing in 1919 I was for six years County Chairman of the Clark County Democratic Central Committee, and for two years following was acting Chairman. I concluded there was only one way to clean up this local demoralizing political situation, and to put the gambling business on a higher basis and be above suspicion, and that, by correcting it in this way, to then make the business an outstanding attraction for developing the tourist industry. Accordingly, in 1930, at my own expense, I conducted a six-months newspaper campaign in six Nevada newspapers for the purpose of electing a Governor—Democratic or Republican—and for electing to the Legislature Democratic and Republican members who would favor licensed, open and above-board gambling. The campaign was successful. Fred Balzar, of blessed memory, Republican, was elected Governor. He and the elected Legislature enacted the 1931 Nevada gambling law and which in a big way developed the tourist industry throughout Nevada.

This reference to Nevada licensed gambling is to illustrate what the voters will do when educated on an issue which is subject to the law on public morals. They will admit there is evil and mischief in such gambling, but that the benefits and good in the issue, by vote becomes the paramount benefit to the community and to the State. Before this issue was created there was as much legislative opposition to licensed open gambling as there has been in the past legislative opposition to a lottery, which many legislative members believed would be State-owned and State-operated.

So, in fairness to the people of the State, let us hope the present Legislature in session will handle the lottery question for the public voters to make the final decision instead of the Legislature.

In the 1939 session the Senate favored the lottery by a large majority. The Assembly defeated the measure by some four or five votes. The actual figure is in the Assembly Journal. In previous legislative action on the lottery subject, no mention was ever made of paying into the United States Treasury, as a gift to the United States, the huge money surplus which would accrue above any fixed sum to be retained by Nevada. In the 1939 session I actively favored the lottery. Thereafter, there was no legislative action on the lottery subject, to wit, the repeal of section 24 of article 4 of the State Constitution. This section reads: "Section 24. No lottery shall be authorized by this State, nor shall the sale of lottery tickets be allowed." Section 1 of article 16 provides the legislative procedure for amending the State Constitution for repeal of this section 24. So, if the present 1949 Legislature votes to repeal this section 24, then the proposed repeal is referred to the Legislature then next to be chosen (in 1950) and shall be published for three months next preceding the time the 1950 Legislature is chosen. Then, if the 1951 legislative session shall be agreed to the repeal amendment, it becomes the duty of the 1951 Legislature to submit the proposed repeal amendment to the people in such manner and at such time as the Legislature shall prescribe. If the people vote to repeal the prohibition against lotteries, then the Legislature obtains jurisdiction to enact a lottery bill under the same procedure usual in enacting any legislative bill. At that future time the lottery bill would provide for all the safeguards establishing a State-owned and State-operated lottery for procuring revenue for State purposes, and for paying the huge lottery surplus money into the United States Treasury for the second purpose of the lottery as outlined in the attached printed copy relative to a Nevada State lottery. That future Legislature will have all the fact-finding information necessary for enacting a Nevada State-owned and State-operated lottery and to also provide for paying in to the

United States Treasury the huge lottery money surplus above the amount, by agreement, to be retained by Nevada for State purposes.

As noted above, the misnamed Louisiana Lottery, by concession, became a private lottery with many evils. Congress suppressed it in 1890 by forbidding that lottery to use the United States mail. By the time Nevada repeals said section 24 of the Constitution and enacts the Nevada State-operated lottery law which in due time will pay the national government a gift of a billion and more dollars on the Nevada lottery arrangement above outlined, Congress most likely will cooperate with the Nevada plan for the national benefit, and likely will go a step further by providing that lottery winners will be exempt from the internal revenue income tax. Congress can provide that Nevada could use the United States mails, likewise ticket buyers and prize winners. Nevada would be giving an outstanding monumental valuable consideration to the national government for the privileges, rights, and advantages allowed to Nevada.

The national war debt bears heavily on the people of every State in the Union. The Nevada lottery is aimed to include them for tax relief. The people of all the States will also realize the patriotic purpose which would be in the Nevada-owned and operated lottery. These people can be depended upon to advise Congress to cooperate with Nevada in the lottery matter. With the use of the United States mails, demand for the lottery tickets would come from all the States and from Europe, Asia, Central and South America. The Legislature would make a fair ticket price. The integrity of the State of Nevada in operating the lottery would create the confidence in the lottery for the revenue purposes mentioned. So that the State of Nevada will have world-wide credit for the outstanding good and benevolence in the Nevada State-owned and State-operated lottery to be created by the voters of Nevada, I respectfully request that this communication be made a permanent record of the Legislature.

Sincerely yours,

Signed: THOMAS M. CARROLL,

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 286.

The following Senate amendment was read:

Amend section 3 of article III, page 2, line 44, by striking the period (.) after the word "commissioner," adding a semicolon (;) and the following wording: "provided, however, that in the case of any operator of any motor vehicle subject to the jurisdiction of the Interstate Commerce Commission or the Public Service Commission of the State of Nevada, such report need not be filed until the tenth day of the month following the month in which the accident occurred."

Mr. Claiborne moved that the Assembly concur in the Senate amendment to Assembly Bill No. 286.

Motion carried.

Bill ordered enrolled.

Assembly Bill No. 27.

The following Senate amendments, proposed by the Committee on Labor, were read:

Strike out all after the enacting clause of the above-entitled bill, and insert the following:

SECTION 1. Section 9 of the above-entitled act, being section 9, chapter 168, Statutes of Nevada 1947, is hereby amended to read as follows:

Section 9. The term "employer" as used in this act shall be construed to mean:

(a) The State, and each county, city, school district, and all public and quasi-public corporations therein,

(b) Every person, firm, voluntary association, and private corporation, including any public service corporation, which has any natural person in service,

(c) The legal representative of any deceased [employee] *employer.*

SEC. 2. Section 10 of the above-entitled act is hereby amended to read as follows:

Section 10. The terms "employees" and "workman" are used interchangeably in this act and shall be construed to mean every person in the service of an employer under any appointment or contract of hire or apprenticeship, express or implied, oral or written, whether lawfully or unlawfully employed, and includes [;] , *but not exclusively:*

(a) Aliens and minors,

(b) All elected and appointed paid public officers,

(c) All officers and members of boards of directors of quasi-public or private corporations while rendering actual service for such corporations for pay,

(d) A working member of a partnership receiving wages, irrespective of profits from such partnership,

(e) Lessees engaged in either mining or operating reduction plants; provided, however, that such lessees shall be deemed employees of the lessor and for the purposes of this Act shall be deemed to be employed at the average wage paid to miners employed regularly in the same locality.

SEC. 3. Section 30 of said Act is hereby amended to read as follows:

Section 30. Where an employer has in his service [one (1)] *three (3)* or more employees under a contract for hire, except as otherwise expressly provided in this Act, the terms, conditions, and provisions of this Act for the payment of premiums to the State Insurance Fund and, except as further otherwise provided, to the Accident Benefit Fund, for the payment of compensation and the amount thereof for such injury sustained by an employee of such employer, shall be conclusive, compulsory, and obligatory upon both employer and employee.

SEC. 4. Section 32 of the above-entitled Act, being section 32 of chapter 168, Statutes of Nevada 1947, is hereby amended to read as follows:

Section 32. If any employer within the provisions of section 30 shall fail to provide and secure compensation under the terms of this Act, such employer shall be guilty of a misdemeanor, and shall, upon conviction, be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each offense.

If the Nevada industrial commission, or interested employees, shall complain to the district attorney of any county that any employer in his county has violated the provisions of this section, it shall be the mandatory duty of such district attorney to investigate such complaint and if, after such investigation, he shall find that such complaint is well founded, he shall prosecute such employer for such offense, and

if the said commission, or interested employee, shall complain to the attorney general of any neglect of any such district attorney in the premises, it shall be the mandatory duty of the attorney general to investigate such complaint and if, after such investigation, he shall find that such complaint is well founded, he shall forthwith institute proceedings against such District Attorney as for a misdemeanor or to remove him from office. Said duty of the District Attorney and of the Attorney General shall be enforced as to procedure in the same manner as is provided in the case of actions for the protection and benefit of employees as provided in sections 2751 and 2752.01, 1929 N. C. L., 1941 Supp.

SEC. 5. Section 33 of said Act is hereby amended to read as follows:

Section 33. Any employer not otherwise coming within the provisions of this Act as defined and provided by sections 28 and 30, who employs less than [four (4)] *three (3)* employees under a contract of hire, may elect to come within the terms, conditions, and provisions of this Act by filing with the commission a written statement that he accepts the provisions of the Act which, when filed, shall operate to subject him to the provisions of said Act and of all Acts amendatory thereof, until such employer shall thereafter file in the office of the commission a notice in writing that he withdraws his election; provided, however, that any employer, as in this section provided, having come under this Act, who thereafter elects to reject the terms, conditions, and provisions thereof, shall not be relieved from the payment of premiums to the commission prior to the time his notice of rejection becomes effective; and said premiums may be recovered in an action at law as hereinafter in this Act provided.

SEC. 6. Section 39 of the above-entitled act is hereby amended to read as follows:

Section 39. (a) The administration of this Act is hereby imposed upon a commission to be known as the "Nevada Industrial Commission"; and said commission, to consist of three (3) commissioners, is hereby created; two of the said commissioners shall be appointed by the governor and when so appointed the governor shall designate one of said appointees to be the chairman of the commission, and the second appointee, other than the chairman, shall be designated by the Governor to act as ex officio Labor Commissioner. The third commissioner shall be appointed by an Industrial Commission Board which is hereby created, said board to consist of the Governor, Attorney General and Inspector of Mines; not more than two of the commissioners shall be members of the same political party at the date of any appointment. Vacancies shall be filled in the same manner for unexpired terms. Each commissioner shall hold office for the term of four (4) years from and after the date of his appointment, and until his successor shall be appointed and shall have qualified; provided, however, that the appointments of the members of the commission heretofore, and prior to the effective date of this Act, made pursuant to section 8 of an Act entitled "An Act relating to the compensation of injured workmen in the industries of this State and the compensation to their

dependents where such injuries result in death, creating an Industrial Insurance Commission, providing for the creation and disbursement of funds for the compensation and care of the workmen injured in the course of employment, and defining and regulating the liability of employers to their employees; and repealing all Acts and parts of Acts in conflict with this Act," approved March 15, 1913, as amended by chapter 190, 1915 Statutes of Nevada, page 282, and as amended by chapter 191, 1935 Statutes of Nevada, page 412, and as amended by chapter 136, 1943 Statutes of Nevada, page 186, shall be continued in full force and effect for the remainder of the term of each of said members of the Nevada Industrial Commission, respectively. A decision on any question arising under the Act concurred in by two of the commissioners shall be the decision of the commission.

(b) The Industrial Commission Board may remove any commissioner for inefficiency, neglect of duty, or misconduct in office, giving him a copy of the charges against him and an opportunity of being publicly heard in person or by counsel in his own defense, upon not less than ten days' notice. If such commissioner shall be removed, the Industrial Commission Board shall file in the office of the Secretary of State a complete statement of all charges made against such commissioner, and the findings thereon, together with a complete record of the proceedings.

(c) As compensation for their services, the chairman of the commission shall receive the sum of one hundred and fifty dollars ($150) per month, and shall also serve as executive officer of the commission, in charge of the office and affairs of the commission, and shall be entitled to additional compensation for such service, which shall be fixed by the Industrial Commission Board and approved by the Governor. The member of the commission herein designated as the second appointee and ex officio Labor Commissioner shall receive for his services the sum of two hundred dollars ($200) per month. The member of the commission herein designated as the third commissioner shall receive for his services the sum of [two hundred and fifty dollars ($250)] *three hundred and fifty dollars ($350)* per month. The executive officer of the commission shall not be financially interested in any business interfering or inconsistent with his duties. A member of the commission, or an employee of the commisison, shall not serve on any committee of any political party.

SEC. 7. Section 40 of the above-entitled act is hereby amended to read as follows:

Section 40. The commission shall be in continuous session and open for the transaction of business during all the business hours of each and every day excepting *Saturdays,* Sundays and legal holidays. All sessions shall be open to the public, and shall stand and be adjourned without further notice thereof on its records. All proceedings of the commission shall be shown on its records which shall be a public record and shall contain a record of each case considered and the award made with respect thereto, and all voting shall be had by the calling

of each member's name by the secretary, and each vote shall be considered as cast.

SEC. 8. Section 59 of the above-entitled act is hereby amended to read as follows:

Section 59. [(a)] Every employee in the employ of an employer within the provisions of this act, who shall be injured by accident arising out of and in the course of employment, or his dependents as hereinafter defined, shall be entitled to receive the following compensation:

(a) If the injury causes death, the compensation shall be known as a death benefit, and shall be payable in the amount to and for the benefit of the following:

(1) Burial expenses, not to exceed three hundred fifty dollars ($350), in addition to the compensation payable under this Act. *When the remains of the deceased is to be transported to a mortuary or mortuaries, and the distance is over fifteen (15) miles, the charge of this transportation shall be borne by the Nevada Industrial Commission subject to their approval.*

(2) To the widow, if there is no child, forty (40) per centum of the average wage of the deceased. This compensation shall be paid until her death or remarriage, with two years' compensation in one sum upon remarriage.

(3) To the widower, if there is no child, forty (40) per centum of the average wage of the deceased, if wholly dependent for support upon the deceased employee at the time of her death. This compensation shall be paid until his death or remarriage, with two years' compensation in one sum upon remarriage.

(4) To the widow or widower, if there is a child or children, the compensation payable under clause (1) or clause (2), and the additional amount of fifteen (15) per centum of such wage for each such child until the age of eighteen (18) years. In case of the subsequent death of such surviving wife (or dependent husband) any surviving child or children of the deceased employee shall have his or their compensation increased to the extent of the compensation theretofore paid to said surviving wife (or dependent husband) but not in excess thereof, and the same shall be payable until he shall reach the age of eighteen (18) years; provided, that the total amount payable shall in no case exceed eighty (80) percent of such wage. If the children have a guardian other than the surviving widow or widower, the compensation on account of such children may be paid to such guardian. The compensation payable on account of any child shall cease when he dies, marries, or reaches the age of eighteen (18) years, or if over eighteen years and incapable of self-support, becomes capable of self-support.

(5) If there be a surviving child or children of the deceased under the age of eighteen (18) years, but no surviving wife (or dependent husband), then for the support of each child until the age of eighteen

(18) years, thirty (30) per centum of the wages of the deceased; provided, that the aggregate shall in no case exceed ninety (90) per centum of such wages.

(6) If there be no surviving wife (or dependent husband) or child under the age of eighteen (18) years, there shall be paid [to a parent, if wholly dependent for support upon the deceased employee at the time of his death, thirty (30) per centum of the average monthly wage of the deceased during dependency, with an added allowance of twenty (20) per centum if two dependent parents survive; to the brothers or sisters, under the age of eighteen (18) years, if one is wholly dependent upon the deceased employee for support at the time of the injury causing death, thirty (30) per centum of the average monthly wage for the support of such brother or sister until the age of eighteen (18) years. If more than one brother or sister is wholly dependent, then for the support of each such dependent thirty (30) per centum of the average monthly wage at the time of injury causing death; provided, that the aggregate shall in no case exceed sixty (60) per centum of such wages, divided among such dependents, share and share alike.] :

(i) To a parent, if wholly dependent for support upon the deceased employee at the time of injury causing his death, thirty (30) per centum of the average monthly wage of the deceased during dependency;

(ii) To both parents, if wholly dependent for support upon the deceased employee at the time of injury causing his death, fifty (50) per centum of the average monthly wage of the deceased during dependency;

(iii) To each brother or sister until the age of eighteen (18) years, if wholly dependent for support upon the deceased employee at the time of injury causing his death, thirty (30) per centum of the average monthly wage of the deceased during dependency. Provided, however, that the aggregate compensation payable pursuant to (i), (ii), and (iii) herein shall in no case exceed eighty (80) per centum of the average monthly wage of the deceased during dependency.

(7) In all other cases, questions of total or partial dependency shall be determined in accordance with the facts as the facts may be at the time of the injury. If the deceased employee leaves dependents only partially dependent upon his earnings for support at the time of the injury causing his death, the monthly compensation to be paid shall be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the employee to such partial dependents bears to the average wage of deceased at the time of the injury resulting in his death. The duration of such compensation to partial dependents shall be fixed by the commission in accordance with the facts shown, but in no case exceed compensation for one hundred (100) months.

(8) Compensation to the widow or widower shall be for the use and

benefit of such widow or widower, and of the dependent children, and the commission may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

If a dependent to whom a death benefit is to be paid is an alien not residing in the United States, the compensation shall be only fifty percent (50%) of the amount or amounts above specified.

(9) Any excess of wages over one hundred fifty dollars ($150) a month shall not be taken into account in computing compensation for death benefits.

(10) In such cases where compensation is awarded to the widow, dependent children, or persons wholly dependent, no lump sum settlements shall be allowed.

(11) In case of the death of any dependent specified in the foregoing enumeration, before the expiration of the time named in the award, funeral expenses not to exceed three hundred fifty dollars ($350) shall be paid.

(b) [Temporary Total Disability. For temporary total disability, if there be no one residing in the United States totally dependent upon the workman at the time of the injury, compensation of sixty-six and two-thirds (66⅔) percent of the average monthly wage, but not more than ninety dollars ($90) nor less than forty-five dollars ($45) per month, but not exceeding one hundred (100) months, during the period of such disability, total amount not to exceed nine thousand dollars ($9,000); if there be persons residing in the United States totally dependent for support upon the workman, compensation as provided herein with an additional allowance of fifteen dollars ($15) per month for each of such dependents during the period of such disability; provided, that the aggregate of such compensation shall in no case exceed the sum of one hundred thirty-five dollars ($135).]

During the period of temporary total disability, but in no event for more than one hundred (100) months, eighty (80) per centum of the average monthly wage or one of the following specific compensations, whichever is the lesser:

(i) If there be no one residing in the United States totally dependent upon the workman at the time of injury, $105 monthly;

(ii) If there be only one person residing in the United States totally dependent upon the workman at the time of injury, $120 monthly;

(iii) If there be only two persons residing in the United States totally dependent upon the workman at the time of injury, $140 monthly;

(iv) If there be three or more persons residing in the United States totally dependent upon the workman at the time of injury, $150 monthly.

(c) Permanent Total Disability. In cases of total disability adjudged to be permanent, compensation of seventy percent (70%) of the average monthly wage, but not less than forty-five dollars ($45) nor more than seventy-five dollars ($75) per month, during the life of the injured person; provided, in cases of permanent total disability, if

the character of the injury is such as to render the workman so physically helpless as to require the service of a constant attendant, an additional allowance of forty-five dollars ($45) per month may be made so long as such requirements shall continue, but such increase shall not obtain or be operative while the workman is receiving hospital care under or pursuant to the provisions of section 58 of this act.

(d) All compensation payments after June 30, 1949, to totally disabled persons, widows, and dependents, by reason of injuries or death arising out of and in the course of employment of employees under the provisions of this Act, as amended, shall be paid currently or in lump sums according to the rates provided by this Act, as amended from time to time, whether the injury or death occurred before or after June 30, 1949, and the commission shall adjust current and lump-sum payments accordingly; provided, the rates of compensation shall not operate retroactively for any period before June 30, 1949, except in commutation of lump-sum payments.

SEC. 9. Section 62 of the above-entitled act is hereby amended to read as follows:

Section 62. In case of any of the following specified injuries, the disability caused thereby shall be deemed a permanent partial disability, and, *in addition to the compensation paid for temporary total disability,* compensation of fifty percent (50%) of the average monthly wage, subject to a minimum of forty-five dollars ($45) per month and a maximum of [seventy-five dollars ($75)] *eighty-five dollars ($85)* per month, shall be paid [in addition to the compensation paid for temporary total disability] for the period named in the following schedule:

1. For the loss of a thumb, fifteen (15) months.
2. For the loss of a first finger, commonly called the index finger, nine (9) months.
3. For the loss of a second finger, seven (7) months.
4. For the loss of a third finger, five (5) months.
5. For the loss of a fourth finger, commonly called the little finger, four (4) months.
6. For the loss of a distal or second phalange of the thumb, or the distal or third phalange of the first, second, third, or fourth finger, shall be considered a permanent partial disability, and equal to the loss of one-half of such thumb or finger, and compensation shall be one-half of the amount specified for the loss of the entire thumb or finger.
7. The loss of more than one phalange of the thumb or finger shall be considered as the loss of the entire finger or thumb; provided, however, that in no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.
8. For the loss of a great toe, seven (7) months.
9. For the loss of one of the other toes, other than the great toes, two and one-half (2½) months.

10. However, the loss of the first phalange of any toe shall be considered to be equal to the loss of one-half of such toe, and compensation shall be one-half of the amount above specified.

11. The loss of more than one phalange shall be considered as the loss of the entire toe.

12. For the loss of a major hand, fifty (50) months; for the loss of a minor hand, forty (40) months. *For the purpose of this act, the hand shall be considered as that portion below the junction of the middle and lower thirds of the forearm.*

13. For the loss of a major arm, sixty (60) months; for the loss of a minor arm, fifty (50) months.

14. For the loss of a foot, forty (40) months. *For the purpose of this act, a foot shall be considered as that portion below the junction of the middle and lower thirds of the leg.*

15. For the loss of a leg, fifty (50) months.

16. For the loss of an eye by enucleation, thirty (30) months.

17. The permanent and complete loss of sight in one eye without enucleation, twenty-five (25) months.

18. For permanent and complete loss of hearing in one ear, twenty (20) months.

19. For permanent and complete loss of hearing in both ears, sixty (60) months.

20. The permanent and complete loss of the use of a finger, toe, arm, hand, foot, or leg may be deemed the same as the loss of any such member by separation.

21. For the partial loss of use of a finger, toe, arm, hand, foot, leg, or partial loss of sight or hearing, fifty (50) percent of the average monthly wage during that proportion of the number of months in the foregoing schedule provided for the complete loss of use of such member, or complete loss of sight or hearing, which the partial loss of use thereof bears to the total loss of use of such member or total loss of sight or hearing.

22. Facial Disfigurement. For permanent disfigurement about the head or face, the commission may allow such sum for compensation thereof as it may deem just in accordance with the proof submitted, for a period not to exceed twelve (12) months.

SEC. 10. Section 63 of the above-entitled Act is hereby amended to read as follows:

Section 63. (a) In all cases of permanent partial disability, not otherwise specified in section [26] *62*, the percentage of disability to the total disability shall be determined by the commission. For the purpose of computing compensation for a disability that is partial in character but permanent in quality [fifty percent (50%) of the average monthly wage, not to exceed the sum of seventy-five dollars ($75) per month for the period of one (1) month shall represent a one (1) percent disability], *the period of one (1) month shall represent a one (1) percent disability, and, in addition to the compensation paid for temporary total disability, compensation of fifty (50) per centum*

of the average monthly wage, subject to a minimum of forty-five dollars ($45) and a maximum of eight-five dollars ($85) per month, shall be paid for the period so determined.

(b) In determining the percentage of disability, consideration shall be given, among other things, to any previous disability, the occupation of the injured employee, the nature of the physical injury, and the age of the employee at the time of the injury.

1. Where there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of disability for a subsequent injury shall be determined by computing the percentage of the entire disability and deducting therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

2. The commission may adopt a schedule for rating permanent disabilities and reasonable and proper rules to carry out the provisions of this section.

SEC. 11. Section 65 of said act is hereby amended to read as follows:

Section 65. The commission may, in its discretion, allow the conversion of the compensation herein provided for into a lump-sum payment, not to exceed the sum of [six thousand dollars ($6,000)] *seven thousand dollars ($7,000)*, under such rules and regulations and system of computation as the commission may deem proper.

SEC. 12. Section 75 of the above-entitled Act is hereby amended to read as follows:

Section 75. When an employee coming under the provisions of the Act receives an injury for which compensation is payable under this Act and which injury was caused under circumstances creating a legal liability in some person other than the employer, to pay damages in respect thereof;

(1) The injured employee, or, in case of death, his dependents, may take proceedings against that person to recover damages [; provided, however, if the injured employee or his dependents take proceedings against such person, then in that event the injured employee or his dependents, as the case may be, upon the taking of any proceedings shall, in writing, notify the commission thereof], *but the amount of the compensation to which the injured employee or his dependents are entitled under this Act shall be reduced by the amount of the damages recovered.*

(2) If the injured employee or in case of death, his dependents, in such case receive compensation under this act, the commission, by whom the compensation was paid, shall have a right of action against the person so liable to pay damages as aforesaid, *and shall be subrogated to the rights of the injured employee or of his dependents to recover therefor;* provided, however, that in any action or proceedings taken by the commission under this section evidence of the amount of compensation, accident benefits, and other expenditures which the commission has paid or become obligated to pay by reason of the injury or death of said employee shall be admissible; provided further, that

if in such action or proceedings the commission shall recover more than the amounts it has paid or become obligated to pay as compensation, it shall pay the excess to the injured employee or his dependents.

(3) The injured employee or, in case of death, his dependents, shall first notify the commission in writing of any action or proceedings, pursuant to this section, to be taken by the employee or his dependents.

SEC. 13. Section 79 of the above-entitled act is hereby amended to read as follows:

Section 79. The Nevada Industrial Commission [shall] *may* lower the premium rate of or declare a rebate to any establishment or plant which has contributed to the State Insurance Fund for one year or more, if and as experience shall show it to maintain such a high standard of safety or accident prevention as to differentiate it from other like establishments or plants; provided, that the amount of such reduction of premium rate or rebate of premium contribution shall be in the discretion of the commission, but shall not exceed ten percent (10%) where the accident experience of such establishment or plant for a period of twelve months or more consecutive months is less than sixty percent (60%) of the average experience for the same period of like establishments or plants of its classification, nor fifteen percent (15%) where the accident experience of such establishment or plant for two consecutive periods of twelve months is less than sixty percent (60%) of the average experience for the same period of like establishments or plants of its classification.

SEC. 14. Section 83 of the above-entitled Act is hereby amended to read as follows:

Section 83. If any workman be injured because of the absence of any safeguard or protection required to be provided or maintained by or pursuant to, any statute or ordinance or any departmental regulation under any statute, or be at the time of the injury of less than the [maximum] *minimum* age prescribed by law for the employment of the minor in the occupation in which he shall be engaged when injured, the employer shall be liable to the commission for a penalty of not less than three hundred dollars ($300) nor more than two thousand dollars ($2,000) to be collected in a civil action at law by the commission.

The foregoing provisions of this Act shall not apply to the employer if the absence of such guard or such protection be due to the removal thereof by the injured workman himself, or with his knowledge, by any fellow workmen, unless such removal be by order or direction of the employer or superintendent or foreman of the employer. If the removal of such guard or protection be by the workman himself, or be by his consent, by any of his fellow workmen, unless done by order or direction of the employer or superintendent or foreman of the employer, the compensation of such injured workman, as provided for by sections 59 to 64, inclusive, of this act, shall be reduced twenty-five percent (25%).

SEC. 15. All Acts or parts of Acts insofar as they may be in conflict with this Act are hereby repealed.

Miss Smith made the following remarks:

"First of all, I'd like to thank Mr. Burke for the great honor. I believe I'm the first woman who has ever stood at the Speaker's rostrum. Secondly, I'd like to thank all of you for your many kindnesses to me and, in many cases, for your charity toward me. But, most of all, I'm thankful because you have accepted me as one of you, and I believe that is one of the greatest honors I could ever receive."

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 16, 1949.

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Assembly Concurrent Resolution No. 8.

W. L. DAVIS, JR.,
Assistant Secretary of the Senate.

MOTIONS, RESOLUTIONS, AND NOTICES

By Mr. Humphrey:

Assembly Resolution No. 13—Relative to the appointment of two Assembly members to the Legislative Counsel Bureau.

Resolved by the Assembly of the State of Nevada, That, pursuant to the provisions of section 1 of that certain Act entitled "An Act to create an agency for the purpose of providing to the Nevada State Legislature information, advice, and assistance respecting the needs and functions of the offices, departments, institutions, and agences of the government of the State of Nevada; providing for the appointment of a Legislative Counsel; defining his duties; requiring all State officers and employees to provide such information as he may request; and making an appropriation to carry out the purposes thereof, and other matters relating thereto," approved March 24, 1947, Mr. Burke and Mr. MacKenzie, members of the Assembly of the Forty-fourth Session of the Nevada Legislature, be designated as the Assembly members of the Legislative Counsel Bureau, heretofore mentioned, to serve until their successors are elected and qualified.

Mr. Humphrey moved the adoption of the resolution.

Remarks by Mr. Johnson.

Resolution adopted.

Mr. Barr moved that Assembly Bill No. 177 be withdrawn from the Committee on Public Morals and returned to the introducer.

Motion carried.

Mr. Humphrey moved that the Assembly resolve itself into a Committee of the Whole in order to hear the Secretary of the Tax Commission explain the status of the finances of the State of Nevada, and that the Committee of the Whole be made a Special Order of Business for 8 p. m. this legislative day.

Motion carried.

Mr. Ryan made the following remarks:

"I'm opposed to the motion put by Mr. Humphrey. For the past two weeks, groups in the minority have been putting their best efforts forward in regard to the sales tax. The Governor and other elected officials who had two years to prepare statements to make available to the legislators as to the conditions of the financial status of the State of Nevada—but this was not forthcoming.

"Mr. Humphrey is asking the members of the Assembly to present the tax commission, who was going to lobby us on the status of the sales tax. The cattlemen were denied that privilege. I believe the tax commission should be denied also. If we're going to listen to that, I would like to amend Mr. Humphrey's motion. If he is allowed to hear the tax commission, that we extend the session and the people of the State of Nevada be given the same privilege."

Remarks by Messrs. MacKenzie, Humphrey, Crawford, Johnson, and Pruett (Douglas).

Mr. Speaker put Mr. Humphrey's motion as follows:

"The motion is, that we resolve into a Committee of the Whole to hear the Secretary of the Tax Commission and that it be made a Special Order of Business for 8 p. m. tonight."

Mr. Speaker put Mr. Ryan's motion as follows:

"Mr. Ryan's amendment is, if that privilege is given, the same privilege be given to any other citizens of the State of Nevada."

Mr. Speaker then asked Mr. Ryan if the motion was correct.

Mr. Ryan answered: "Any other groups of citizens, Mr. Speaker."

Mr. Speaker repeated Mr. Ryan's amendment, as follows:

"Mr. Ryan's amendment is, if that privilege is given, the same privilege be given any other groups of citizens of the State of Nevada."

Mr. Speaker requested a standing vote on Mr. Ryan's motion.

Mr. Ryan's motion carried.

Mr. Speaker requested a standing vote on Mr. Humphrey's motion, as amended.

Mr. Pruett (Douglas) moved that Mr. Johnson's remarks be placed in the Assembly Journal.

Motion carried.

Mr. Johnson made the following remarks:

I'd like to make a few remarks on the subject of this bill. We know that during both wars—they did the same in our war, World War I—they closed up the red-light districts, but they didn't stop prostitution. I've had quite an experience in this line myself, and I've never had any venereal diseases, either. If they ban the lines, then they put the girls out and put them into the hotels and the hotels do the job the same as anywhere else. You can catch 'em around the line, but you have a devil of a time catching them around hotels.

The main essence of this bill is regulation—giving citizens of counties the right to determine whether or not to regulate them. If it's not regulated, there's where you're going to get your diseases.

The gentleman says it's probably unconstitutional. That reminds me of an old story I heard about attorneys. When they figure they're beat, they question the constitutionality of it. This is merely a bill that gives citizens the right to regulate local affairs. If we can't do that without questioning its constitutionality . . . they're doing it all over the country. In mining communities where it isn't regulated, there's no chance of ever getting the miners back to work.

If it happens here, if they close up the line, Jim Johnson is going to put his bed on his back and walk up to Alaska, 'cause Nevada's isn't free any more.

A RESOLUTION

WHEREAS, The Constitution of the United States of America guarantees every citizen the rights and privileges to enjoy all of its benefits, and

WHEREAS, Granted the several States the power under the same to enact laws and enforce same for the protection of all its citizens, regardless of race, color, or creed, or national origin, and

WHEREAS, Certain of its minority groups has been denied these rights because of race, or color, and

WHEREAS, When a thorough check into the record of the Negro's loyalty to his government is made, we find that record, under the very bad circumstances in which he is forced to live, one that is above reproach, in view of

the fact that he has served his country well in all of its conflicts, and are still serving in many parts of the world today, and looking, and longing, and hoping, for his country to practice democracy in full, "rather than preach it only"; now, therefore, be it

Resolved, That the pastor, officers, and members of Bethel African Methodist Church hereby extend their endorsement to, and memorializes the Senate and Assembly of the State of Nevada to give favorable consideration to this Bill No. 328.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Harmon moved that Senate Bill No. 155 be placed on top of the General File.

Motion carried.

Senate Bill No. 155.

Bill read third time.

The following amendments were proposed by a Select Committee of the Clark County Delegation:

Amendment No. 1.

Amend section 5, page 8, line 14, by deleting the period first appearing after the word "corporation" and substituting in lieu thereof a comma and adding thereafter the following: provided, that the power of eminent domain herein specified shall not include the right to condemn any existing water system or the franchise thereof which is owned, operated or controlled by any incorporated city within said district.

Amendment No. 2.

Amend the bill by adding thereto, a new section to be known as section 3.1, to immediately follow section 3, and to read as follows:

Section 3.1. Section 18 of the above-entitled Act, being section 18 of Chapter 167, Statutes of Nevada 1947, is hereby amended to read as follows:

Section 18. [That Clark County may] *The Board of County Commissioners of Clark County shall* advance *such* funds to such district *as may be necessary* to pay the preliminary organization, administration, and engineering costs thereof, *including bond elections as provided in section 16 of this Act,* [in] *on* such terms of repayment as may be agreed upon, and said county is hereby authorized to declare

an emergency and secure necessary funds in the manner now provided by law authorizing short-term loans.

Amendment No. 3.

Amend section 3, page 3, line 23, by striking out all of said section commencing with said line 23 and continuing through and including line 5, page 7, and inserting in lieu thereof, the following:

Section 16. [The district is authorized from time to time to issue its negotiable bonds to obtain funds for the accomplishment of any of its corporate purposes, which bonds shall be authorized by resolution of the governing body and shall be payable solely from the income and revenues to be derived from the operation of its works or properties, as hereinafter provided. These bonds shall not constitute an indebtedness or pledge of the general credit of the district and shall contain a recital to that effect, and such bonds shall be in coupon form, but may be made registerable as to principal if so provided in the resolution authorizing the issuance thereof.] *Whenever the district proposes to issue its negotiable bonds to obtain funds for the accomplishment of any of its corporate purposes, the board shall, by resolution, determine the amount of money necessary to be raised to accomplish such purposes, and shall immediately thereafter submit its proposal for a bond issue of such amount at a special election of the district, called for that purpose, to the electors of the district possessing the qualifications prescribed by this Act. Notice of such election must be given by posting notices thereof in three public places in each election precinct in the district not less than fifteen (15) nor more than twenty (20) days before the date of election, and the publication thereof for three weeks in some newspaper published in Clark County. Such notice shall specify the time of holding the election, the amount of bonds proposed to be issued, the maximum interest rate and maximum maturity of such bonds, and shall state in substance the purpose for which the money so raised shall be used. Said election must be held and the results thereof determined and declared in all respects in conformity with the provisions of this Act governing the election of officers, and no informalities in conducting such an election shall invalidate the same if it shall have been otherwise fairly conducted. At such election the ballot shall contain the words "* * * (Question) Yes," or "* * * (Question) No," or words equivalent thereto. If a majority of the votes cast are "Yes," the Board of Directors shall be authorized to incur the expense and indebtedness for the purpose stated in the proposal voted upon, and shall cause bonds to be issued in the amount authorized to be issued, as hereinafter provided. If a majority of the votes cast at such bond election are "No," the result of such election shall be so declared and entered of record. Thereafter, whenever said board in its judgment deems it for the best interest of the district that the question of the issuance of bonds in such amount, or in any other amount, shall be submitted to the electors it shall so declare of record in its minutes, and may thereupon submit such question to said electors in the same manner and with like effect as at such*

previous election, but no question shall be resubmitted to the electors within one year after the same has been voted upon and rejected.

If the bonds shall be authorized to be issued at such election, they shall be issued as the general obligations of the district, for the payment of which the full faith, credit and resources of the district are pledged, and it shall be the duty annually of the governing body to provide for the levy of taxes on all taxable property in the district (subject to pertinent existing constitutional restrictions) fully sufficient in conjunction with other available income and revenues of the district to assure the prompt payment of principal and interest as they fall due, and to establish such reserves for contingencies as may be provided in the resolution adopting the proposal to be submitted at any bond election. The governing body of the district shall in each year in due season prior to the time when county taxes are levied by the Board of County Commissioners determine the amount of taxes which are necessary to be levied on the taxable property in such district for such year, for the purpose of supplementing other revenues of the district available for the payment of principal and interest of any bond issues and prior to the date on which the Board of Commissioners makes the county levy for such year the governing body of the district shall certify to the clerk of said board the amount necessary to be so raised by taxes levied against the taxable property in the district in such fiscal year. The Board of County Commissioners shall at the time of making the levy of county taxes for that year levy the tax so certified upon all taxable property in the district. Said tax when levied shall be entered upon the assessment rolls and collected in the same manner as State and county taxes and the proceeds thereof shall be paid to the treasurer of the district to be used for the purposes for which the tax was levied. All taxes levied as herein provided shall constitute a lien on the property charged therewith from the date of the date of the levy thereof by the County Commissioners, or the entry thereof on the assessment roll of the County Auditor, until the same are paid, and thereafter, if allowed to become delinquent, shall be enforced in the same manner as is now provided by law for the collection of State and county taxes. No additional allowance, fee or compensation shall be paid to any officer for carrying out the provisions of this section. In the event that the total taxes requested to be levied in any one year by the district and the political subdivisions which overlap it should exceed fifty mills and reduction thereof shall become necessary by reason of the restriction contained in section 2 of article X of the Constitution of Nevada, the board charged with the duty of making such reductions and allocations is hereby required to allocate to the district sufficient taxes to assure the payment to the district of money sufficient to make certain the prompt payment of principal of and interest on any bonds of the district which may have been issued with the pledge of the full faith, credit and resources of the district, and where bonds have so issued, the district shall be regarded as a political subdivision of the State of Nevada for the

purposes of Chapter 233, Statutes of Nevada 1947, and the provisions of said chapter shall be applicable to said district.

Such bonds shall be in coupon form, but may be made registerable as to principal if so provided in the resolution adopting the proposal to be submitted at any bond election. The bonds shall be in the denomination of $100 or a multiple thereof, shall bear interest at a coupon rate not exceeding six percent per annum, shall mature serially or otherwise in such manner as may be provided by the governing body, but not later than forty years from their date, shall be made payable at such place or places within or without the State of Nevada as may be provided by the governing body, and in the discretion of the governing body may be made redeemable at the option of the district prior to maturity at such premium or premiums not greater than one hundred [three] *five* percent of the principal amount thereof as the governing body may determine. The bonds shall be signed by the president and attested by the secretary of the district under the official seal of the district in such manner as may be provided [in the resolution authorizing their issuance.] *by resolution of the board.* Interest coupons to be attached to the bonds may be executed with the facsimile signatures of such officers, and in the event any officer whose signature appears on such bond or coupons shall cease to be such officer before delivery of the bonds to the purchaser, such signature shall nevertheless be valid and sufficient for all purposes. The bonds shall be sold in such manner and at such times as the governing body may determine at public or private sale for such prices as the governing body shall approve, except that in no event shall the bonds be sold at a price which will result in an interest yield therefrom of more than six percent per annum computed to average maturity according to standard tables of bond values. The bonds may be issued in an amount sufficient to include the payment of all incidental costs incurred in connection with the *organization of the district and with the* construction, acquisition, extension or improvement of the works or properties and the authorization and issuance of the bonds, including, but without limitation, engineering and legal fees, fiscal agents' expenses and payment of interest *on the bonds of the district* during the period of the construction of the works or properties and for six months thereafter. Pending the preparation or execution of definitive bonds, interim receipts or certificates or temporary bonds may be delivered to the purchaser of said bonds. Bonds issued hereunder [shall] *may* be *either* payable from and secured by a pledge of the *gross or net* revenues derived from the operation of the works or properties constructed, acquired, extended or improved with the proceeds thereof [subject only to the prior payment of the reasonable and necessary expenses of operating and maintaining such works or properties. If more than one series of bonds shall be issued hereunder payable from the revenues of any works or properties, priority of lien on such works or properties and the revenues thereof shall depend on the time of the delivery of such bonds, such series enjoying alien prior and superior

to that enjoyed by any series of bonds subsequently delivered; provided, however, that as to any issue or series of bonds which may be authorized as a unit but delivered from time to time in blocks, the governing body may in the proceedings authorizing the issuance of said bonds provided that all of the bonds of such series or issue shall be coequal as to lien regardless of the time of delivery.], *or may be issued payable in part from such revenues and in part from the proceeds of taxes as above provided.* All bonds issued under the provisions of this Act shall constitute negotiable instruments within the meaning of the negotiable instruments law as that law is now or may hereafter be in force in the State of Nevada. [Any resolution authorizing the issuance of bonds hereunder] *The board by resolution* shall provide for the creation of a sinking fund into which shall be paid [from the revenues of the works or properties, subject only to prior payment of the reasonable and necessary expenses of operating and maintaining the works or properties] sums fully sufficient to pay principal of and interest on such bonds and to create such reserve for contingencies as may be provided in such resolution. Moneys in the sinking fund shall be applied to the payment of interest on and principal of the bonds or to the purchase or retirement of the bonds prior to maturity in such manner as may be provided in said resolution. *Such sinking fund and any reserve or contingency fund, or both, for which provision may be made by resolution may be kept on deposit in any bank or banks within or without the State which may be designated in such resolution.* The *board may by* resolution [authorizing such bonds may contain] *make* such covenants with the future holder or holders of the bonds as to the management and operation of the works or properties, the imposition and collection of rates and charges for the products or services furnished thereby, the disposition of such rates and revenues, the issuance of future bonds and the creation of future liens and encumbrances against said works or properties and the revenues thereof, the carrying of insurance on the properties constituting such works, the disposition of the proceeds of any such insurance, and other pertinent matters as may be deemed necessary by the governing body to assure the marketability of such bonds; provided, such covenants are not inconsistent with the provisions of this Act. When any district shall issue bonds hereunder and shall have pledged the revenues of any works or properties for the payment thereof as herein provided, such district shall impose and collect rates and charges for the products and services furnished by such works or properties in such amounts and at such rates as shall be fully sufficient at all times to pay the expenses of operating and maintaining such works or properties, provide a sinking fund sufficient to assure the prompt payment of principal of and interest on the bonds as each falls due, [provides] *provide* such reasonable fund for contingencies as may be required by the resolution authorizing bonds and provide an adequate depreciation fund for such repairs, extensions and improvements to the works or properties as may be necessary to assure adequate and efficient service to the public. No board or commission other than the

governing body of the district *and the Public Service Commission of the State of Nevada* shall have authority to fix or supervise the making of such rates and charges. The governing body of any district which shall have issued bonds payable from revenues under the provisions of this law may [authorize] *submit to the electors of the district a proposal for* the issuance of bonds for the purpose of refunding such outstanding bonds. Such refunding bonds may either be sold and the proceeds applied to the retirement of the outstanding bonds, or may be delivered in exchange for the outstanding bonds. The refunding bonds shall be authorized in all respects as original bonds are herein required to be authorized, and the governing body in [authorizing] *adopting by resolution the proposal to be submitted at any bond election for* the refunding bonds shall provide for the security of such bonds and the source from which such bonds are to be paid and for the rights of the holders thereof in all respects as herein authorized to be provided for other bonds issued under authority of this Act. The governing body may also provide that the refunding bonds shall have the same priority of lien on the revenues pledged for their payment as was enjoyed by the bonds refunded.

Amendment No. 4.

Amend section 4, page 7, line 16, by inserting therein after the word "district" the following: "*and the Public Service Commission of the State of Nevada.*"

Further amend section 4, page 7, lines 30–36, by deleting the following: "Where any such municipal corporation connects its fire hydrants to the water system of the district, it shall be the duty of such municipal corporation to pay to the district such reasonable charge for such hydrant rental service as may be agreed upon between such municipal corporation and the district, and such hydrant rentals shall be payable either monthly or quarterly in such installments as may be agreed upon."

Senate Bill No. 188.

Bill read third time.

The following amendment was proposed by the Committee on Insurance:

Amend section 7, page 4, line 16, by adding thereto a new subsection to be known as subsection "(e)," reading as follows:

"(e) Every applicant for a license to act as a broker under the provisions of this section shall file with the application or maintain in effect a satisfactory bond to the State of Nevada, duly executed by an admitted surety insurer approved by the commissioner, in the amount of two thousand five hundred ($2,500) dollars, or in such amount not less than two thousand five hundred ($2,500) dollars as may be fixed by the commissioner as hereinafter provided. Such bond may be continuous in form, and the total aggregate liability on such bond shall be limited to the payment of two thousand five hundred ($2,500) dollars or such sum not less than two thousand five hundred ($2,500) dollars as may be fixed by the commissioner. Such bonds shall be contingent on the accounting by the broker to any person requesting the broker to obtain insurance for moneys or premiums collected by the broker for insurance other than life.

At any time after the first day of March of each year, the commissioner may demand of any broker previously licensed hereunder, and such broker shall furnish to the commissioner within thirty (30) days after receipt of such demand, a statement of the gross premiums collected by such broker during the year or portion of a year immediately last past and in which period such broker has held a license hereunder. Failure upon the part of such broker to furnish such information within the said period or any extension thereof granted by the commissioner shall constitute cause for the revocation of such broker's license. Upon receipt of such information, the commissioner may affix the amount of such bond in the amount of the aggregate gross premiums collected by such broker in the highest amount so collected for any two consecutive months by such broker during the year or portion of the year last past in which such broker has held a license hereunder; provided, however, in no event shall such bond be less than $2,500. In the event that such bond be so increased by

the commissioner, a satisfactory bond in such increased amount, duly executed by an admitted surety insurer, shall be filed with the commissioner within thirty (30) days after notice to such broker of such increase. Failure to file such increased bond within said period shall constitute cause for the revocation of the license of such broker.

Such bond shall remain in force and effect until the surety is released from liability by the commissioner or until said bond is cancelled by the surety. The surety may cancel said bond and be relieved of further liability thereunder by delivering thirty (30) days' written notice to the commissioner. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of said thirty-day period."

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C.

March 16, 1949.

Honorable John Koontz, *Secretary of State, Carson City, Nevada.*

DEAR MR. KOONTZ: I am grateful indeed for your telegram informing me that Governor Vail Pittman has signed a Joint Resolution of the State Legislature of Nevada memorializing Congress to extend full Statehood to the Territory of Hawaii.

Please extend to the Governor, whom I had the great pleasure of meeting

on his last visit to Honolulu, and members of your Legislature my very sincere thanks.

You may be sure that all of us of Hawaii are very grateful for the very timely support that comes from the representatives of the people of your State in our fight for Statehood.

Sincerely yours,

J. R. FARRINGTON,
Delegate from Hawaii.

Mr. Speaker announced that if there were no objections the Assembly would recess subject to the call of the Chair.

MESSAGE FROM THE GOVERNOR

STATE OF NEVADA
EXECUTIVE CHAMBER

Carson City, March 21, 1949.

To the Honorable the Assembly:

After sixty-four days of deliberation it appears obvious that the Legislature is far from agreement upon a solution to our State's financial problem.

As Governor of the State, it has always been my belief that the Executive Branch of government should not overstep its bounds and encroach upon the prerogatives of the Legislative Branch. In my message to the Legislature I reiterated this policy by stating, "It is not for the purpose of telling you what I think you should do, but only with the idea of extending to you such assistance as comes within the scope of my office." I told you of the needs of the State government and made recommendations.

The picture today is far different from the picture of sixty-four days ago. While some beneficial legislation has been realized, I had expected that, long before this, real progress would have been forthcoming toward solution of our financial problems. I strongly believe that the people of Nevada want and deserve affirmative action from your Honorable Bodies on this problem of adequate finances.

Already four days beyond the constitutional time limit, you appear to be no closer to a solution today than you were yesterday, last week, or last month. Certainly, such a stalemate cannot and must not continue.

Differences that are not fundamental should be brushed aside in favor of doing what is vital for the welfare of our State government.

I wish to impress upon you the urgency of the situation and the necessity for proceeding immediately to raise the new and additional revenue required to finance the State government.

You know the available sources of revenue. They are the gambling tax, liquor tax, and as yet untapped income tax and sales tax, and possibly others of lesser import. The paramount necessity is to get essential revenue from any one or combination of these potential sources without further delay.

It is the function of the Legislature to make the choice most suited to the well-being of the State. During this session you have had—and you still have—access to all information available to the executive branch of the government. The responsibility is yours and it must be met.

The benefits of sound government extend to all and should occupy first place in the minds and hearts of all good citizens.

Above all, I earnestly call your attention to the fact that nothing can be gained by a continuation of the present impasse.

As Governor of the State and one equally interested with you in its continued progress, I feel compelled to reemphasize the necessity of desisting from a course of inaction, and embarking upon a concrete program that will insure financial security for Nevada during the next biennium.

Respectfully submitted,

VAIL PITTMAN, *Governor.*

Senate Bill No. 186.

Bill read third time.

The following amendment was proposed by the Joint Committee of Taxation and Roads and Highways:

Amend the bill by striking all after the enacting clause and substituting therefor the following:

SECTION 1. Section 2.1 of the above-entitled Act, being section 2.1 of Chapter 276, 1947 Statutes of Nevada, is hereby amended to read as follows:

Section 2.1. (a) Notwithstanding any other provision of this Act, there is hereby levied an excise tax on motor vehicle fuel, in addition to any other tax in this Act provided, of one-half ($\frac{1}{2}$) cent per gallon. This tax shall be accounted for by each dealer as to the county in which it is received and shall be collected in the manner provided in this Act and shall be paid to the State Treasurer, who shall receipt the dealer therefor. The receipts of the tax as levied in this subsection and collected by the State Treasurer shall be allocated quarterly by the State Treasurer, to the counties and shall be used exclusively on county roads under the direction of the Boards of County Commissioners of the several counties upon the following formula:

One-fourth in proportion to total area;

One-fourth in proportion to population, according to the latest available Federal census;

One-fourth in proportion to road mileage and street mileage (non-federal-aid primary roads);

One-fourth in proportion to vehicle miles of travel on roads (non-federal-aid primary roads);

The amount due the counties under such formula shall be remitted quarterly. The State Controller shall draw his warrants payable to the treasurer of each of the several counties, and the State Treasurer shall pay the same out of said proceeds of the tax herein levied. Any refund to be made of the tax in this section provided shall be paid in the manner provided in this Act and declared from the amount of any later payment to the county or counties in which the tax was collected.

(b) In addition hereto there is hereby levied an excise tax in addition to any other tax in this Act provided, of one cent (1¢) per gallon. This tax shall be accounted for by each dealer as to the county in which it is received and shall be collected in the manner provided in this Act and shall be paid to the State Treasurer who shall receipt the dealer

therefor. The receipts of the tax as levied in this subsection, and collected by the State Treasurer, shall be allocated quarterly by the State Treasurer to the counties and shall be expended by the county for the construction, maintenance, and repair of the public highways of said county, and incorporated cities within said counties to be apportioned from the general road fund of the county on the ratio which the assessed valuation of property within the boundaries of said incorporated cities bears to the total assessment valuation of the counties inclusive of property within incorporated cities, and all such moneys so apportioned shall be expended upon the streets, alleys and public highways of such city under the direction and control of the governing body of said city, other than State highways, and for no other purpose. Any refunds to be made of the tax in this section provided shall be paid in the manner provided in this Act, and deducted from the amount of any later payment to the county or counties in which the tax was collected. The provisions of paragraph (b) of section 2.1 of this Act shall be deemed to be optional. The county commissioners of any county may decline to accept the one cent (1¢) per gallon tax by adoption of a resolution passed prior to the effective date of this Act and which shall be reconsidered and passed once each year within sixty days prior to July 1, of this year as long as the County Commissioners desire so to act, and upon the adoption of such a resolution no tax shall be collected.

Section 2. This act shall be effective July 1, 1949, and shall expire June 30, 1951.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Ryan moved that Assembly Bill No. 305 be taken from the Chief Clerk's desk and be rereferred to the Committee on Labor.

Remarks by Messrs. Fuetsch and Ryan.

Motion lost.

Mr. Ryan made the following remarks:

I would like to explain my motion, with all due respect to the Committee on Ways and Means. The reason I made my motion to refer the bill to Labor—and I have not always been wrong in some of my statements, and I believe the records will bear me out; for instance, last night. Before I go any farther, pursuant to rule 63 of the rules, I would like my remarks to be in the Journal.

In the first place, Mr. Speaker and members of the Assembly, I am well familiar with the strategies that have been used in previous sessions in this type of legislation. In the second place, and I say this in all sincerity and honesty, that all other revenue measures referred to the Committee on Ways and Means due to certain groups in the minority and who through pressure have not been getting consideration they should have been given.

Now, I know and I believe that some of the members of the Assembly know that, if 305 is passed, we are going to force on the people of the State legislation they don't want. When I make these remarks, it is not only for Clark County, but for other counties in the State who are not in favor of this type of legislation. Now, Mr. Fuetsch, I believe, who is a member of the Ways and Means, and myself are aware of this fact, that those who have taken the opposite stand on the sales tax have received more adverse publicity in the State of Nevada.

The trouble with the sales tax is this: If it passes, half of the burden of the financial structure in the State of Nevada would be placed on the majority of the people who live in the State. I would like for a moment to point out to the members of the Assembly, keeping in mind, if you will, what the U. P. paid in comparison to a man and his wife running a grocery store in Lincoln County and Alamo, in regard to the sales tax. I believe the records will bear me out, I have often taken the floor just as eager and quick for people who are unorganized as for the people who are organized. I believe the other day I got in a hot discussion with Mr. Embry when I roasted production and defended the minority. In eight years of legislation I have never received over ten votes in my own community. Furthermore, Mr. Speaker and members of the Assembly, every means that was made available to the people in favor of the sales tax, certainly was put before the people of the State, but ninety percent of the people living within the State of Nevada have not the opportunity to express their wishes and express their objections to this type of taxation. We have the tax experts and the Ways and Means, and I do believe they acted in all sincerity in placing before this body the financial needs of the State. But, I sincerely believe there has not been one single sincere effort made to control or eliminate the financial obligations of the taxpayers. Should this law pass tonight we are taking the first step on the plan, where the people of the State of Nevada by forty-three votes in the Assembly, and the Senate awaiting eagerly on the action of the Assembly, where we will start taxing every taxpayer from here to California. They tell us food is exempt. Mr. Speaker, I want to know how they can buy foods, not paying taxes on foods, but on all the other necessities.

Loomis introduced a bill the other day barring forever the income tax. I have never went on record opposing the sales tax, provided, however, that two years hence the things excluded now would be excluded two years hence and that the State takes the other increases to the people, and I believe it would be impossible with $54,000 or 5 percent of the income on a sales tax to help the State of Nevada.

I would like to know from the Assembly, how come you say it is essential to bring the State out of the red and to profit the State. I refer, Mr. Speaker,

in saying this, and if anybody doubts me they can read my communications. I have over 1,600 letters and telegrams from every county, including school teachers, and I have not received one in favor of this kind of legislation. Should the tax commission and the members of the Ways and Means Committee, including the chairman, give some thought and consideration to other tax measures introduced in the Assembly and the Ways and Means Committee, that this type of taxation is necessary and the people of the State really need it, I'll vote for it.

We have been threatened that the schools are going to close, the guardhouse is going to close, and I believe I have expressed the wishes of the people from my county so far who have no other means of expressing themselves, we should have a good housecleaning.

Certainly Mr. Speaker, I don't believe it is the obligation of the people here tonight to solve the problems of Clark County or Washoe County.

INTRODUCTION, FIRST READING, AND REFERENCE

By the Committee on Judiciary:

Assembly Bill No. 375—An Act to amend an Act entitled "An Act regulating procedure in juvenile cases; providing for the establishment of detention homes in certain counties; providing juvenile divisions of the district courts of the State; and other matters properly related thereto and repealing all Acts in conflict therewith," approved March 15, 1949.

Mr. Fuetsch moved the adoption of the amendments.

Amendments adopted.

Remarks by Messrs. Fuetsch, Ryan, Crawford, Johnson, and Claiborne.

Messrs. MacKenzie, Pruett (Douglas), and Buol moved the previous question.

Motion carried.

The question being on the passage of Assembly Bill No. 305.

Roll call on Assembly Bill No. 305:

YEAS—Anderson, Bastian, Capurro, Chapman, Claiborne, Folsom, Feutsch, Harmon, Humphrey, MacKenzie, McCuistion, Norstrom, Primeaux, Pruett (Douglas), Swackhamer, Terrell, Wadsworth, Wells, Whitacre, and Mr. Speaker—20.

NAYS—Bacigalupi, Barr, Batt, Bisoni, Boak, Buol, Christensen, Cole, Crawford, Cross, Embry, Gallagher, Haviland, Higgins, Johnson, Mount, Pruitt (Elko), Ryan, Smith, Tomlinson, Warner, and Whyte—22.

Absent—Whipple.

Assembly Bill No. 305 having failed to receive a constitutional majority, Mr. Speaker declared it lost.

Mr. Ryan made the following remarks:

Mr. Speaker, not being a member of Ways and Means, I haven't got figures to quote from. I take it from the remarks of the master-minds that they are being forced to a sales tax. You very ably included Clark County. You mentioned funds needed for the Orphans' Home. You also excluded two weeks ago where the Assembly felt it was cheaper for the State of Nevada to make kids available for adoption than to take care of them. Also rheumatic fever, for which we appropriated twenty-five thousand. Mr. Fuetsch, you are very clever. You are progressing fast. You mention rheumatic fever. Most of the cases of rheumatic fever come from Washoe County. But the taxpayers pay for it all over the counties. Now it's Old-Age Assistance, and the records will bear me out, it took six years, three sessions, to get a $10,000 increase. We have forty-seven blind people in the State of Nevada, and Mr. Fuetsch is waving the flag. Mr. Fuetsch, of all the tax measures referred to the Committee on Ways and Means and the alibis you have that they would be open to lawsuit. You tried the other night to eliminate the Veterans Measure. The tax experts who are supposed to know taxation say they can't come out because they might sue the State. Mr. Speaker, I want to quote a section of the Constitution, and make it a part of the Journal, should this bill pass tonight.

If I'm not out of order, and I certainly don't want to be, I'd like to call attention to how the sales tax was taken from the table contrary to parliamentary procedure that we have been operating under for the past eight years, and to show the people in the gallery how democratic the members of the lower house are. A motion was put on the floor and the Speaker continually accused me this evening of being out of order. Certainly I believe in this type of legislation—that any member elected should have the opportunity to express himself. This hasn't been done in the Forty-fourth Session of the Legislature. I would like to call attention, Mr. Speaker, if I'm not out of order, to what happened last night. Every means available was used to deprive the people to express themselves who was opposed to the sales tax. Tonight this is the

only solution—Mr. Feutsch is going to take care of everybody, providing we give them the sales tax. But what happened to the beer bill?

Mr. Speaker, I don't think I ought to say any more because I'll be ruled out of order.

Mr. Johnson made the following remarks:

Mr. Speaker, may I request that I speak under the provisions of rule 63, and that my remarks be made a part of the Journal.

Mr. Speaker, we are making history here tonight that some people, some day, are going to regret. Maybe it will be old Jim Johnson, but I don't think so. The people of Nevada have always been freedom-loving people—people who don't cater to the whims and whams of other States that have been in evidence on down through history. When I came to this State twenty-five years ago, I felt just like a jackrabbit who first hit the prairie, and that is why I like the State of Nevada and the people of Nevada. We aren't bothered with the nuisance taxes and, let me tell you now, that is one of the great drawing cards of the State. Why, when you take that away, you're going to deprive the people of the State.

Twenty-five years ago, if I may refer back to my home State of Mississippi, the people there went through the same thing. They couldn't pay for their bonds, they couldn't sell bonds. So now, here's the remarks I made about Bilbo that caused all the remarks in the paper. This man Bilbo left the State in such a condition that it had to be a smart Irishman by the name of Mike Conner to derive means to redeem the State. So, he came up with the idea of the sales tax. The same problem we have today. Just for two years, he says—we'll put the State out of the black into the red, and we'll also exempt groceries. But, when the two years was up, they put it across into groceries, and they have ever since; and next time it was three percent instead of two percent, and it has been ever since, and that's about thirty years ago.

It's like I said; when you get this you've got the works. What is the sales tax? It places the burden of the taxes on the man trying to raise a family who has children to raise and send them to school. As far as old Jim is concerned, it doesn't make sense. The man raising the family is the backbone of the country, raising your soldiers for the next war—I don't know when it's going to be. You're going to place the burden on him. I think you should be giving him a bonus.

Now listen, there are other ways to get taxes, and I want to tell some of these people who came over here. My delegation goes for most anything. I want to read a letter tonight I got from a prominent man:

"James Johnson, *Nevada State Legislature, Carson City, Nevada.*

DEAR SIR: We have heard through several sources that a great deal of pressure is being put on you to enact the sales tax in Nevada. I have talked with several influential citizens in this district and we are all of the same opinion, that expenditures should be curtailed rather than new taxes enforced. I feel that we are already overtaxed.

Sincerely yours,

HARVEY W. YOUNG."

Ladies and gentlemen, that's the feeling of most of the people here today. How long is this tax business going to continue to burden the people? It's income tax, property tax, ad valorem taxes; now it's the sales tax, then federal sales tax, then city sales tax. What do you do when you set up this bureau? Bureaucrats and more bureaucrats. The Republicans have been creating a lot of trouble here, and now they have the idea of setting up another great bureau here at great expense. First it was $250,000. Tonight they amended it to the effect of just 5 percent of what they take in.

This sales tax will cause a lot of bookkeeping. Just for the record, I run a business in White Pine—it's a credit business, to be sure. But I have so many small items that I do not have time to keep books, and I have to pay a man $50 a month to keep books, in order to pay about $200 income tax. That makes

my tax come to $800 a year. You'll find lots of people throughout the State doing the same thing. And, if they have to hire more bookkeepers, it's going to run big expenses on them. It might mean going out of business.

I'll show you a few different ways you can take if you want to. Now, back there several weeks ago, I could see this thing building up here—coming into Nevada about six weeks ago. When I was elected, I studied how to get revenue without putting it on the common necessities of life. So we introduced Assembly Bill putting taxes on probate actions in civil cases. Last year, Mr. Barr set a tax on civil actions, and it brought about $2,000 or $1,900. Well, the attorney general ruled that these were civil actions, so we decided to go all the way. So we got Bill No. 315, regarding notary fees. You know that thousands of notary commissions were issued in the State and getting only $10. I raised that to $15, and some fellow on the other side came back with an amendment of $25, as a source of revenue for the General Fund. Then, we had a two-cent cigarette tax. Well, I asked for another cent on cigarettes. Well, Jim doesn't smoke cigarettes, so I asked for a tax on cigars, and one on hotels and motels. If you want to hit tourists, that's the place to hit them. If you want to raise money, put it on the tourists, not on the people of the State. Those were just small items, and there's the possibility of one on soft drinks and things like that. There are lots of ideas I can think up.

Here was the revenue measure Mr. Claiborne and I worked out. Mr. Claiborne did the legal end of it and I got around and got figures. So, in 325 we throwed in a bill which we patterned after the State of Washington, known as the excise tax, or a tax on the right of a business to do business. So, I wish you folks would study that Act, if you haven't had time to study it. There is the possibility of great revenue.

Now, just to give you an idea of some other figures before we give this up. In 1947 we collected revenue from the gross receipts to the tune of $84,000; railroad companies, $5,700,000; railroad corporations, $750,000; additional companies, $5,725,000; trucking companies, $6,500,000; claims, $75,000; contract corporations, $9,801,000. Now then, the total net corporate income to the tax commission comes to a total of $15,536,617. That's the railroads alone; railroads, power companies, and doesn't include common carriers. So, one and one-half percent rate we asked for in 325, and that will aggregate to this State. This doesn't include all the items that comes under this Act, Mr. Speaker. The State of Washington last year got some $86,000,000 from this source of revenue alone.

Now, I know that some few people are going to say we're just over-taxing the railroads. Now, we don't like to do it, but I don't believe they need all the money they're hollering about. I've never seen the figures. Mr. Fuetsch comes out with the figures. I want to challenge about two of them figures. He said $2,000 for the White Pine County Fair. But, when we understood Elko was going to discontinue their fair, we forgot about ours. He also said something about $135,000 which was the cost to the State of Nevada, while Old-Age Assistance was $67,500. That is what five percent would cost the State and others to pay, and one-half of that would be $67,500, or approximately that. Now then, folks, there is another question. Are we going to have the State economize a little, or continue to build bureau after bureau, and taxes on top of taxes. I think it's getting high time that Ways and Means considers some of these other bills.

Somebody said we have 1,600 or 2,000 people on the State pay roll, with 144,000 people in the State. Like some big States—not necessarily as big as some other States. The people of my county don't want no sales taxes junked down their throats for the purpose of keeping Ely, I mean Ruth, I mean Reno, and the papers representing them.

Why, every one challenging them has been held up to ridicule. Just to explain, when we went into the Committee of the Whole to show people about my tax measures, one gentleman got up and asked me if I thought it should be wholesale or retail. There was some confusion, some noise, and he asked me that. I said wholesale, and then I find he was talking about 218 which

the Governor vetoed today. It dawned upon me what he was alluding to, and I think still, it's still appropriate. They don't tell what actually went on here. The press hasn't any statement of nobody who stood up here and talked for the people's rights. The gentleman there has lobbied around. The press and the bill is so mixed up you can't tell them apart. They try to put it down as the people's thoughts, when I know they don't want it.

The people in these little counties—we're not in bad condition. In White Pine we can take care of our own affairs, and it's too bad you people from Reno can't see any other way. Well, folks, I want to tell you, and I thank you for your kind attention, if you have the sales tax you're going to have something you're going to have twenty-five years from now.

Mr. Crawford requested that the following letter in regard to Assembly Bill No. 305 be inserted in the Journal:

NEVADA STATE LEGISLATURE
CARSON CITY, NEVADA

March 8, 1949.

DEAR FRIEND: All these letters written to me by teachers and School Board members and others, directly and indirectly connected with schools, indicate to me that there is some motivating force behind such a movement.

It is unfortunate that the teachers have allowed themselves to be misled into thinking a sales tax is directly hooked up with education.

Teachers, of all people, ought to know that our economics books, such as I have studied in college, teach us that a sales tax is a regressive tax, the most unfair type of taxation there is—for the reason that it makes no provision for tax contribution according to one's ability to pay. In other words, the poor people pay nearly as much taxes as the rich.

So it is that we sometimes find lobbyists, representing large corporations, with assets running into the millions, operating behind the cloak of "public-spirited citizen" or even a School Board member.

When they bring pressure in an unfair manner, to make it seem like a sales tax is the life blood of education, that also eases the pressure of taxation on their big corporations.

Please don't be misled by these "false prophets" and "tax experts," whose "great work" is for a mere handful of millionaires.

We, of the Legislature, mostly are just a bunch of farmers and working people. Our interests are the same as yours. There are a number of tax plans being studied here at present.

I hate to see as intelligent a group as our teachers being "stampeded" by a campaign of panic through the representatives of selfish interests.

I feel certain that the needs of education will take precedence over many millions of dollars worth of other appropriation bills.

We are determined that our schools shall have the best consideration possible. Perhaps the answer to our revenue problems lies in a State income tax, wherein one pays according to his ability to pay.

DON CRAWFORD,
Assemblyman, District No. 1, Washoe County, Nevada.

Mr. Speaker announced that if there were no objections the Assembly would recess subject to the call of the Chair.

Preamble adopted.

Bill ordered transmitted to the Senate.

Assembly Bill No. 29.

Bill read third time.

The following amendments were proposed by the Committee on Ways and Means:

Amendment No. 1.

Amend section 1, page 1, line 19 through page 2, line 6, by deleting all of the following: "Said commissioner is authorized and directed to employ one deputy who shall also act as secretary, and one additional deputy, each of whom shall receive a salary of three thousand ($3,000) dollars per annum payable in semimonthly installments out of the State treasury of Nevada as other salaries are paid. The Labor Commissioner and his deputies shall be entitled to reimbursement for travel expense and per diem allowances as in the case of other State officers and employees."

Further amend section 1, page 2, lines 7 through 10, by deleting all of said lines and substituting in lieu thereof the following:

"Subject to the prior approval of the State Board of Examiners, the Labor Commissioner may purchase, in the name of the State of Nevada, one automobile at a total cost not to exceed two thousand five hundred ($2,500) dollars. When so purchased, the claim against the State of Nevada for the cost of such automobile shall be examined, audited, and allowed in the same manner as are other claims against the State. To effectuate such purchase there is hereby appropriated from any moneys in the General Fund, not otherwise especially appropriated, the sum of two thousand five hundred ($2,500) dollars."

Amendment No. 2.

UNFINISHED BUSINESS
CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 348.

The following Senate amendments were read:

Amend sections 6 and 7 by striking out all of sections 6 and 7, and substituting therefor the following sections: 6, 7, 8, 9, and 10:

Sec. 6. To provide said State Office Building Fund in the State Treasury, the Governor, Secretary of State, and Attorney General of the State of Nevada are hereby constituted a commission and are hereby authorized and directed to issue bonds of the State of Nevada as and when needed in a sum not to exceed six hundred thousand dollars ($600,000). Said bonds shall be in denominations of five thousand dollars ($5,000) each, payable in legal tender of the United States, and shall be numbered serially, and when retired shall be retired in the order of their issuance. Such bonds shall be signed by the Governor and endorsed by the Secretary of State and Attorney General, countersigned by the State Controller and authenticated by the great seal of the State of Nevada. Said bonds shall bear interest at the rate of not more than three (3%) percent per annum, said rate of interest to be fixed by said State Board of Control, payable semiannually, that is to say, on the first day of January and the first day of July of each year, the first payment thereof to be on the first day of January 1950; and said bonds shall be redeemed and paid within twenty (20) years from the date of issuance.

Sec. 7. Upon the issuance and execution of said bonds, the same may be sold and delivered to the State Permanent School Fund, Teachers' Retirement Fund, University Ninety-Thousand-Acre Grant Fund, the University Seventy-Two Section Grant Fund, the State Insurance Fund of the Nevada Industrial Commission, and such other State funds as may have money available for legal investment in such bonds as moneys may be available in the State Treasury in said bonds, or either or any of them, without advertising said bonds for sale or calling for bids thereon.

Sec. 8. If such money be not available in any or all of said funds, the bonds herein provided for may be sold as needed for the purposes

herein stated at public or private sale as said board may deem for the best interests of the State. Said bonds shall be sold at not less than par, and the proceeds thereof shall be placed in a fund to be known as the State Office Building Fund, and shall be so issued and sold only as and when needed. At least one (1) of said bonds of five thousand dollars ($5,000) each shall be redeemed on each of said interest-paying dates for the payment of such interest, as provided herein, and to be specified in said bonds for the payment of said interest commencing on January 1, 1950; provided, all said bonds shall be redeemed and paid within twenty (20) years from the date of issuance.

Sec. 9. There is hereby appropriated from the Postwar Reserve Fund for the biennium ending June 30, 1951, the sum of one hundred thousand dollars ($100,000) to pay the principal and interest on said bonds as and when they fall due. All moneys herein appropriated, or so much thereof as may be necessary, shall be paid into the Consolidated Bond Interest and Redemption Fund of the State of Nevada, under the provisions of Chapter 197, Statutes of Nevada 1939, and disbursed as provided therein for the purposes of this Act.

Sec. 10. This Act shall become effective immediately upon its passage and approval.

Mr. Johnson moved that the Assembly concur in the Senate amendments to Assembly Bill No. 348.

Motion carried.

Bill ordered enrolled.

MOTIONS, RESOLUTIONS, AND NOTICES
