MESSAGE OF THE GOVERNOR TO THE LEGISLATURE OF NEVADA FIFTY-THIRD SESSION, 1965

CARSON CITY, JANUARY 18, 1965

Mr. President, Mr. Speaker, Distinguished Members of the Legislature, and Guests:

The State of Nevada enters her second one hundred years in good condition. The last few years have shown steady and, in some instances, remarkable progress. We continue to lead the nation in per capita population growth. The latest statistics show Nevada leading the nation in personal income. Our economy in spite of inevitable isolated plateaus is vigorous. Prospects for the future appear to be excellent. The people of Nevada are proud, optimistic, competitive, and determined to maintain this dynamic economic and personal climate.

This atmosphere has been created and sustained not by government but by individual citizen initiative. Government has sometimes provided leadership and inspiration but in the main serves as a necessary adjunct to the will, force, and drive of the citizen and citizens' groups which each in their way contribute to the overall objective of progress.

Our joint purpose then as this Session of the Legislature convenes is to determine how we, the executive and legislative branches of government, can best contribute to the combined individual effort. We must be a part, not above or below, but within the mainstream of activity. We must not shirk from our responsibilities yet our authority must be carefully used so that we do not limit or discourage the solution of problems where they are best resolved, with the people. Our purpose is to contribute to the public welfare, not dictate nor control it. But, at the same time, we cannot fulfill our function by merely serving as a barometer or political weathervane—a mere spigot through which the liquid of public opinion flows. We must lead, guide and inform with the certain knowledge that an informed public will permit and expect us to do the right and moral thing—will let us help do the things that must be done. We cannot by fiat or decree operate independently of those we serve, or alien to the concerted public point of view. We cannot then act in a vacuum, but act we must even if our actions serve only to pose and dramatize the problem—the solution to wait until the entire public process has been concluded.

REVENUE

It is a common fallacy that governments at any level can act only within the limits of public funds available. The fact is that some of the most essential responsibilities of government and the people in it are within the realm of attitudes and personal vigor. As a matter of fact, it is increasingly more evident that many of the basics to achievement cannot be bought. Money cannot buy fiscal responsibility, good will, morality, or ideas. Nevertheless, all governments in America today below the federal level face a common and major problem—lack of funds. It is true that the ability to meet certain social responsibilities in which the cost is based upon the number of individuals participating such as welfare, education, industrial compensation, unemployment compensation, and the like is inescapably tied to the ability to pay. Government money comes from tax revenues. Today the federal share of the total revenue collected from American citizens exceeds 70 cents of every tax dollar paid. State and local governments each receives less than 15 cents of the tax dollar. Despite new and higher taxes, local governments are in a disastrous deficit spending spiral having increased their indebtedness from $19 billion in 1950 to $63 billion in 1963—substantially greater than the rate of debt increase

of the federal government in the same period. In light of these conditions, need we wonder why the federal level of government has increasingly enlarged its activities in the social and welfare fields? Local governments are and have been hard pressed; the federal government obviously has had the ability to pay. The American people are concerned with the exercise of power by a vast, complicated federal complex far removed. Unfortunately, the exercise of power in many areas of activity is inseparably related to the distribution of taxing authority. There is little we can do here concerning this obvious imbalance of tax revenues except to join in the chorus of discontent and hope that the concert of voices throughout the land will be heard and heeded. There are some hopeful signs. The 88th Congress, upon the recommendation of the President of the United States, legislated a tax cut. Additional tax cuts have been recommended to the present Congress. These actions will help spur the general economic activity and indirectly provide additional revenues to state and local governments. The most candid recognition of the problem comes from certain economic advisors to the President of the United States who have recommended to the President an unfettered proportionate return of approximately $2.3 billion in federal tax revenues to the states. I am advised that this proposal will not be presented to the present Congress. It is, however, a recognition of the problem and a hopeful sign for the future. I would respectfully recommend a resolution to Congress on this matter.

The Nevada State Constitution should be amended in order to permit the State to receive estate taxes that now go to the federal government. This would involve no additional cost to the taxpayer.

As with all other state and local governments, the paramount concern of this Legislature, I believe, will be in the field of fiscal affairs.

The financial problems become more severe as we go down the governmental ladder. The cities and counties, in my opinion, are in the most difficult position; the federal in the best. I have long taken the view that not only authority but necessary revenues to effect it should be reduced to the lowest governmental level possible consistent with economy, common sense, and ability to achieve results. It is my view that further relief to cities and counties should be provided at that level rather than further increasing the state revenues and attendant state power. The fact is that the State, without new general taxes or increases in existing ones, can adequately maintain the present level of activity including aid to cities and counties, but cannot increase the level of support to political subdivisions. A tax is a tax and requires payment by the taxpayer no matter where the tax is imposed. It costs the taxpayer just as much to pay a tax going to the State as it does one going to city or county. A state tax, however, applies to *all* taxpayers whether or not the city or county in which they live needs the additional service for which they are being taxed. There is a great disparity of need among our 17 counties. Where the need truly exists the residents will meet the obligation and should be able to do so on a local level, in most instances. Since the State without additional revenues cannot meet the financial burdens of local governments to a greater extent than is now possible and since local governments are poverty-stricken in varying degrees, I believe the local citizen taxpayer should at least be given the option to support his local government to the degree he feels necessary.

REAPPORTIONMENT

Reapportionment of state legislatures presently not apportioned in both houses on a "one man, one vote" standard has been specifically ordered by the United States Supreme Court with respect to certain states. There is no question but that the interpretation of the United States Constitution by the United States Supreme Court on this point stands as the rule of law and applies generally throughout the land. Specific application of the law will be made in each state by the courts, unless the United States Constitution is amended, or the states voluntarily reapportion according to the standard decreed. It serves no purpose to argue the merits of the decision or to question the motivation of the nation's highest court. Suffice it to say that the United States Constitution provides for a method of representation in our State Legislature which is not presently being followed.

Reapportioning our Legislature is one of the most delicate and difficult problems that this body in its one-hundred-year history has ever faced. It will require long and careful study and the ultimate in objective statesmanship. It will in all probability, for instance, result in complete lack of county representation for some of our 17 counties. It will, to some degree, seriously impair the check and balance provided by two houses selected upon different principles. The ramifications are serious and far reaching. The problem should be approached with the utmost deliberation.

Nevada does not as yet face a federal court order or deadline within which this matter must be accomplished, although the issue is now before the federal court and a final decision requiring reapportionment can logically be expected before the end of the year. It has not been the practice of the federal courts in other jurisdictions to reapportion by judicial decree without giving the respective states the opportunity to do the job themselves within a prescribed period of time. However, the federal court having jurisdiction of the Nevada case has continued the matter until June of this year, possibly with the thought that ample notice of pending judicial action has been given and the Legislature would be expected to act now. It is not necessarily a fact, therefore, that if reapportionment is not accomplished at this session, the court will give us further time for the matter to be considered at a special session.

I am certain that we do not want a federal court to reapportion us. If you should decide not to reapportion now in order to exhaust, insofar as possible, the possibilities of amending the United States Constitution, I can assure you and the court that I stand ready to call a special session for this purpose should the court order follow the usual pattern and set a time limit for legislative action.

Should you decide not to attempt reapportionment now, I would respectfully suggest that this body assign the matter for study and recommendation either to the Legislative Commission or a special committee.

I stated earlier that reapportionment without question would be required unless the United States Constitution were amended permitting the respective states to determine representation in one house of a bicameral legislature on factors other than population. The United States Constitution can be amended in two ways, (1) by a process initiated in the Congress and ratified by the states or (2) by a constitutional convention of states, such convention to be called by Congress upon application of the states. If you believe, as I do, that the composition of our Legislature should be determined by the people of this State, and you decide not to voluntarily reapportion at this session, I suggest that you pass the necessary resolutions urging action in both of these ways.

LAW ENFORCEMENT

The increasing incidence of crime rate is of great concern at all levels of government. I am opposed to a state police force. The matter of crime prevention and enforcement should be left in the main within the jurisdiction of cities and counties. We should, however, see that the proper laws are passed to provide the local jurisdictions with effective means to combat the problem. There are certain responsibilities within the broad scope of the matter that must be realistically met by the State. I suggest, therefore, that the Legislature consider and act favorably upon the following measures:

1. Authorize an investigator for the Attorney General's office. This position would, in addition to the necessary investigative activities, also institute a Bureau of Criminal Identification. I should state to you that in all probability it will take several years before an effective bureau can be placed in operation. This action would provide a necessary starting point.
2. Enact "Battered Child" legislation.
3. Provide for a waiting period for purchase of a hand gun.
4. Provide the suggested increases in personnel for the State Prison, the Highway Patrol, and Probation and Parole.
5. Strengthen law enforcement agencies with respect to control of crowds.

Bills have been prepared on all of these matters and, where necessary, budgetary provisions are included.

COMMERCE

As our State grows and the flow of commercial transactions increases, it is necessary that we continually review our statutes in order to provide reasonable and property protection to the consumer. The Attorney General has prepared legislation on the following matters:

1. Realistic penalties for fraudulent stocks and securities sales.
2. False and fraudulent advertising.
3. Retail and installment sales of all consumer goods and services.
4. Land Subdivision Act—imposing penalties for fraudulent misrepresentation.

I commend legislation to you in these fields.

HIGHWAY SAFETY

Driver Education

The lack of standard driver education courses in many of our high schools in Nevada is costing young adults and their parents thousands of dollars every year. Insurance premiums are substantially less upon completion of a standard driver education course—much less than the cost per pupil of the course. The safety benefits of a uniform driver education course in all the schools are obvious.

The National Commission on Safety Education indicates that the cost for a standard course in driver education per pupil is $55. Cost has been one of the principal obstacles in further expansion of the driver education program in Nevada.

The general tendency in the United States today is for more and better programs in driver education and most states have made significant gains in this direction. We in Nevada should strive for a qualifying course of driver education in all of our high schools. Some 22 states now have special legislation to support their driver education programs. The programs in California and Mississippi are supported by a percentage of traffic infraction fines.

In the budget I recommend that this be a self-supporting program. I propose that a Driver Education Fund be established and be supported by penalties on fines and forfeitures for moving traffic violations. Such funds would be payable to the Department of Education and in turn allocated to the school districts. If proceeds from these two sources fail to produce sufficient funds, a small laboratory fee, payable by the students taking driver education, may be collected by the local school district.

With more than 30 years of experience in the driver education movement, we can now truthfully say that an approved course in driver education is one of the best solutions to this complex problem of traffic safety.

Motor Vehicle Inspection

A perpetual, well-balanced traffic safety program to combat death and injury on our highways is essential. In order to attain this balance, safe vehicles are a prime necessity. To this end, I recommend passage of a law requiring compulsory annual motor vehicle inspection. The proposal is self-supporting and requires no continuing general fund or highway users appropriation. Similar laws currently are in effect in 20 states in the nation and have been highly effective in keeping unsafe vehicles off the highways.

Highway Patrol

I have recommended substantial increases in Highway Patrol personnel. Such increases are necessary if we are to be effective in our fight against highway injury and death.

AGRICULTURE AND LIVESTOCK

Assessment of Agricultural Lands

The assessment of agricultural lands, especially those lands near urban or residential development areas, has created serious economic problems for some of our ranchers and farmers. The present situation is confiscatory. When the economic return therefrom is from agriculture production and the lands are assessed at market value, a disproportionate tax burden is imposed on the property.

As you will recall, the 1961 Session of the Nevada Legislature enacted a provision (Chapter 300, Statutes of Nevada 1961) which would have provided relief to owners of agricultural lands located in rapidly-developing areas. This was subsequently declared unconstitutional by the Nevada Supreme Court.

In order to recognize and encourage the agricultural industry, I am proposing legislation to initiate an amendment to the State Constitution to permit assessment of agricultural lands on the basis of use.

Imports of Beef and Mutton

Imports of beef and mutton still impose a serious threat to our livestock industry. I recommend adoption of a resolution calling this matter to the attention of the 89th Congress.

Public Land Committee

The 88th Congress passed legislation providing for a Federal Land Law Review Commission. The purpose of this commission is to review the chaotic complex of land laws now in existence and recommend corrective legislation to the Congress at the end of 4 years. United States Senator Alan Bible is a member of this commission.

No state is more deeply concerned in the area of public lands than is Nevada. With 86 percent of our land now under federal control, it is imperative that a workable solution be found so that this growing State and others in the West may utilize needed areas of the public domain for governmental, industrial, private, livestock, and agricultural purposes. Our future then, in this vital area, rests with the recommendations of the commission and ultimately with the Congress.

In my view the public land problem is second in importance only to water. Nevada's position must be carefully considered and clearly enunciated to the commission and the Congress. Our own internal interests must be merged so that a solid front position is obtained within the State. Leadership is needed in the Western States generally with the hope that a Western States' position can be agreed upon, thus adding strength in numbers.

I propose that this Legislature create a Public Land Committee with 11 members to be appointed by the Governor. Representation should include banking and savings and loan, political subdivisions (cities and counties), industry (management), labor, fish and game, mining, agriculture and livestock, education, recreation and conservation, with the Director of the Department of Conservation and Natural Resources to serve as chairman. The committee will be attached to the Department of Conservation and Natural Resources. Funds have been provided in the budget.

HEALTH AND WELFARE

Medical Assistance to the Aged

One matter of deep concern to all of us is the inability of many of our senior citizens to afford adequate medical services. The benefits available under the federal Kerr-Mills Act, which is designed to provide medical assistance for the aged, are not now available to Nevadans.

At the present time hospital costs are borne entirely by the counties; nursing home care is borne by the State with limited federal participation.

Appropriate legislation to authorize the State to receive and disburse federal funds under the Kerr-Mills Act equal to 50 percent of all medical assistance for the aged expenditures will permit both adequate care and financial relief to the counties at no increase in state costs. This proposal is urged by the Nevada State Medical Association and other voluntary groups.

The proposal will enable present budgeted funds to be used for federal matching. No additional general fund appropriation is required.

Mental Hygiene

Probably no subject has received more and longer study than has the subject of mental health. The time for genuine progress is overdue. I urge your consideration of the proposal that a Division of Mental Hygiene be created within the Department of Health and Welfare to carry on present and future programs for the care and treatment of patients with mental deficiencies of all types.

This division will include the State Hospital and will coordinate and unify the present fragmented efforts in the mental hygiene field. It will require no major staff increases nor additional general fund appropriations, and will provide a means to deliver to Nevada citizens the highest possible level of service for dollars expended.

County Community Mental Health Centers

Connected with this proposal is one for a program providing state support to county community mental health centers. This proposal envisions dealing with local problems at the local level. A means for the State to provide leadership and financial support to local jurisdictions is the best approach. A modest fund appears in the budget for this purpose.

I hope you will take these actions now, actions which will develop optimum immediate results in benefits to citizens, and actions which will also provide a proper foundation for future progress in the prevention and treatment of mental deficiencies.

WORKMEN'S BENEFITS

Nevada Industrial Insurance and Occupational Disease

It is my recommendation that the payments made to the injured workmen under the Nevada Industrial Insurance Act and the Occupational Diseases Act be increased in keeping with today's living costs. Present benefits are inadequate. The wage earner, when industrially injured, must receive both medical care and compensation commensurate with his present income.

The Nevada State Fire Chiefs Association and the Nevada State Firemen's Association have endorsed a heart and lung bill placing such infirmities for firemen under the coverage of Nevada industrial compensation. I think the proposal has merit and commend it to you.

Unemployment Compensation

Unemployment insurance is a program that has become a necessary and proper adjunct to our economic life. Feeling that a comprehensive review of the State's Unemployment Insurance Law was in order, I appointed a study committee composed equally of labor and management representatives. This committee has made recommendations for amending the State's Unemployment Compensation Law. These recommendations have been incorporated into a bill which I believe is fair to the interests of both employers and employees. The recommended legislation, if approved, will allow reduced contribution rates, effective January 1, 1965, for employers who qualify. It will also increase the weekly benefits payable to unemployed workers who qualify. I recommend approval of this legislation.

STATE GOVERNMENT

Retirement

The State of Nevada has one of the most beneficial governmental retirement systems in the nation.

For some time I have been concerned about the problem of establishing a maximum retirement age for state employees. Most local governments and school districts have recognized this problem and have established such a policy, as has the University of Nevada.

The lack of such a policy may encourage some employees to remain in state service after they have already earned their retirement, and beyond their capacity to perform adequately. It also discourages younger employees who presently see little chance of advancement.

As of July 1, 1966, state employees with sufficient service to retire will qualify for the increased benefits you provided in 1963. I recommend establishing a maximum retirement age at that time. After that date it is proposed that state employees retire at age 65. Those willing and able to contribute outstanding service to the State could be rehired on a year-to-year basis until they reach the maximum employment age of 70 years.

I also recommend that any present employe be allowed to continue employment beyond the age of 65 in order to meet the minimum requirements for retirement benefits.

Central Data Processing

In order to obtain the maximum efficiency and the utmost in economy, it is essential that a central data processing function be authorized for state government. Legislation will be presented to you for this purpose. You will find the proposal included in the budget.

Salaries—Elected and Judicial Officers

A matter in which Nevada cannot take pride is in the area of salaries to elected executive and judicial officials. Appointive and employed personnel within state, city, and county governments, the University of Nevada, and school districts in many instances are paid substantially more than the judiciary and elected officials. These elected office holders are directly responsible to the people of the State. Their salaries should reflect their responsibilities. I have made provision in the budget for such increases.

GENERAL

Civil Rights

Four years ago this body created a Commission on Equal Rights of Citizens. Last year the 88th Congress passed a Federal Civil Rights Bill. The federal legislation provides in part that states having adequate legislation in this field may handle civil rights matters without the unsolicited assistance of a federal agency.

The federal legislation, as a matter of fact, is the law of the land. Its most controversial title, public accommodations, has been held constitutional by the United States Supreme Court. The argument, therefore, is no longer as to the merits of the civil rights legislation—it is the law and applies equally throughout the land. It is no longer then a question of *what* is going to be done, but simply a question of *who* is going to do it.

We either meet the responsibilities in this field by adequate state legislation or have it met for us by a federal agency or a federal court. I prefer the former.

Many of us are concerned about the right of states to resolve their own problems. Here is an opportunity to preserve such rights. If we do nothing, let us not be heard complaining of federal intervention. Action is needed. I am confident you will enact not only the morally inescapable legislation but, in this case, the expedient legislation.

Lake Tahoe Park

During the Special Session of the Legislature in 1964, legislation was enacted designating some 8,245 acres of land in Washoe and Ormsby Counties which the State could purchase for a state park. An acquisition fund of $1½ million was appropriated for this purpose and an additional $100,000 was appropriated for preparation of a state park and recreation master plan, appraisal costs and other costs incidental to the acquisition of the lands designated by the Legislature.

Shortly after the adjournment of the Legislature, the Max C. Fleischmann Foundation made a commitment in the amount of $1½ million. Other foundations have expressed great interest. The Land and Water Conservation Fund Act was passed by the 88th Congress. This should assure matching moneys for park and recreation areas in Nevada.

It appears wise to include in the proposed acquisition an additional area of approximately 1,800 acres in Ormsby County. Legislation will be presented for this purpose.

Lake Tahoe Advisory Commission

The protection of natural resources and water supplies will require increasing attention. Lake Tahoe requires special consideration now. During November of 1963 Nevada and California proposed a program to protect the water of Lake Tahoe against eutrophication. Portions of that program are progressing. The principal item of that program—removing sewage effluents from the Lake Tahoe Basin to preserve the clarity and purity of these waters—is lagging. This program must be accelerated. This is the primary problem of this vital area with so many jurisdictions—two states, five counties, and multiple local, state, and federal agencies—but there are many others.

To make some sense of this developing situation, a joint study committee is proposed. It is suggested this committee have seven members, one from each county bordering on Lake Tahoe, and one from each state. This would be an area-wide committee charged with developing recommendations to meet the needs of the entire Lake Tahoe Basin. This committee will require financing, and $10,000 is recommended to be appropriated for this purpose.

The intent is that the committee meet, develop needed regulations, make a recommendation as to the possibility of an area-wide advisory or other overseeing body, and present a report with recommendations to the legislatures of both states in 1967.

This legislation should only be activated upon the adoption of legislation having the same purpose by the State of California.

This proposed legislation will be transmitted to the Governor of California and the California State Legislature for consideration.

Aeronautics Advisory Committee

For many years, there has been an apparent need for aviation control and development. Nevada is one of the few states that does not have such a program. Tourism is the cornerstone of our economy, and an increasing percentage of visitors to our State come by air. I am proposing that this Legislature authorize an Aeronautics Advisory Committee for the purpose of making necessary studies and surveys relating to aviation safety, airport development, and aviation education programs. This committee would be authorized for the biennium only and would report to the Legislature and the Governor prior to the next general session. Funds have been budgeted for per diem and travel. The committee would be attached to the Public Service Commission for services.

Fire Marshal

I am proposing the creation of the position of State Fire Marshal within the Insurance Division of the Department of Commerce. Budgeted funds have been provided. It is hoped that such action will result in reduction of fire insurance premiums as well as produce more adequate and effective fire control programs.

Local Governments Budget Act

The Nevada Municipal Association, representing in this instance the combined recommendations of the cities, counties, and school districts, is proposing a Local Governments Budget Act. Such an act would provide uniformity of budgeting and be more comprehensible to the general public. I earnestly recommend its passage.

Election Laws

The developments of the 1964 General Election exposed some ambiguity and omissions in our election laws. The Attorney General has made some recommendations and bills will be presented in conformance with them. I also propose that we should have a uniform ballot to be authorized for form by the Secretary of State. This legislation is prepared and will be submitted to you.

Constitutional Amendment to Lower Voting Age to 18

The right to vote and to participate in the administration of government is fundamental in our free society. To preserve that right, Americans from the age of 18 and even younger have freely sacrificed at home and bravely died on the open seas and foreign battlefields.

Our future as a nation rests on how fully and how intelligently that right is exercised. Recognizing this, our schools have emphasized education for citizenship. Improved and expanded educational techniques, combined with the coverage and explanation of public affairs by the mass communications media, have helped produce high school graduates better equipped than any before them to become intelligent, loyal, and civic-minded voters.

Yet, the participation of voters in our youngest age group, from 21 to 30 years of age, is so poor as to cause official concern. How does the interest and idealism of our young people become blunted? The President's Commission on Registration and Voting Participation offers this answer:

". . . By the time they have turned 21 (the minimum voting age in 46 of the

50 states) many young people are so far removed from the stimulation of the educational process that their interest in public affairs has waned. Some may be lost as voters for the rest of their lives."

The most basic need of youth is to participate in the responsibilities of adult life, yet we deny them the responsibility of helping shape their own government. In time of war, they must bear the brunt of its frightful demands. It is fitting, just, and desirable that they be allowed to vote.

This suggestion is not new; it was requested as an amendment to the United States Constitution by the President in 1954. Four states, including our two new states of Alaska and Hawaii, have decided that the age of 21 is no magic guarantee of responsible citizenship. They have, therefore, reduced the voting age from 21 years. I suggest that this arbitrary level of voting age, derived from the middle ages, has no inviolate place in Nevada society.

Nevada voters twice in our first century amended the State Constitution to change voting requirements. In 1880, persons of nonwhite origin were given the right to vote and in 1914 Nevada became one of the first nine states to grant suffrage to women. I believe it is past time that we recognize that, whatever the original premise of voting age, it no longer applies. Times have changed. Our young people between the ages of 18 and 21 should become full partners in the governmental process.

Therefore, I am requesting the Legislature to propose an amendment to Section 1 of Article 2 of the State Constitution, lowering the voting age of citizens from 21 years to 18 years.

Southern Nevada Water Project

Southern Nevada is facing a serious water shortage—a problem which must be solved if the splendid growth experienced there in the past few years is to continue. The solution lies in major part in completing the pumping facilities and pipelines to draw the needed water from Lake Mead and deliver it to the populated areas in order to supply our citizens and assure continuance of the industrial growth of Southern Nevada. Our congressional delegation during the 88th Congress introduced a bill to authorize the necessary construction with federal funds. Unfortunately Congress adjourned before final action could be taken on this bill, caused in part by the fact that the Nevada Project was tied in with other projects embraced in the Southwest Water Plan of the Secretary of the Interior. Our congressional delegation has again introduced legislation in the current session to authorize this project and will do everything possible to assure favorable action. The problem is grave. I respectfully suggest that the Nevada Legislature adopt appropriate resolutions directing the attention of the Congress to this serious Nevada problem.

Administrative Procedures Act

I have in the past recommended adoption of an Administrative Procedures Act. I again recommend this.

Real Estate Commission

Some amendments are necessary in order to clarify and strengthen the role of the Real Estate Commission in the Real Estate Division of the Department of Commerce.

Other Recommendations

Recommendations not specifically mentioned in this message have been presented for your consideration by the Nevada State Museum, the Attorney General, the Nevada Municipal Association, the Nevada State AFL–CIO and the Judiciary. Many of these recommendations have merit. I respectfully request your serious consideration of them.

EDUCATION

The biennial budget presented with this message contains an amount of $62,747,823 for aid to public schools excluding the University of Nevada.

This is approximately 55 percent of the total general fund operating appropriation. Including the University of Nevada and other educational programs the total amount for education is 69.5 percent of the general fund operating appropriation.

Primary and Secondary

The recommended appropriation is sufficient to continue the present level of support provided under the Peabody Formula as well as the increased support provided at the 1964 Special Session. These amounts have been increased to provide for estimated 9 and 9½ percent annual increases in enrollment. Funds are also provided for the direct payment by the State of teachers' retirement as well as a required addition to the special funds for Ormsby, Lincoln, Lander, and White Pine Counties.

As your Legislative Committee has done some work on a possible revised school support formula, I am not recommending either support of or change in the Peabody Formula. The funds provided can be used for payment under the present or proposed formulas.

The main source of revenue for schools continues to be the State's General Fund. A national education association publication indicates that for 1963–64 the school districts in Nevada received 68.2 percent of their total support from the State. The national average was 41.6 percent. Only five southern states, plus Delaware and New Mexico provide a greater percentage from the state for public education than does Nevada.

The same study further indicates that in the last decade the state support raised from 40.8 percent to 68.2 percent. Nationally it rose from 39.2 percent to 41.6 percent.

University of Nevada

I have proposed increases in the University of Nevada budget of approximately 28 percent over the present biennium. This is a substantially greater increase than is provided for state agencies generally. The major portion of the capital improvements program is proposed for the University of Nevada at both campuses.

BUDGET

We have made much progress in the last few years. Many programs that provide essential service to Nevada citizens have been adopted by you. We have made great financial progress in supporting the University of Nevada, the State Hospital, the Nevada Youth Training Center, the State Prison and the service programs. We have added the Girls Training Center, a state tuberculosis treatment program, and a mental health care program. We have increased aid to schools to a point where only seven states support their schools to a greater percentage. We have started an extensive state park system, and we have reorganized the greatest portion of our general agencies into more effective operating units.

Due to the prudent handling of the state tax dollar, Nevada is in a sound and solid financial condition. With this message I give you a budget that proposes some program increases and that will at the same time maintain and strengthen the fiscal integrity of the State.

We must not decrease the services provided by the State and must increase where the needs are clearly indicated. The budget accomplishes these purposes. You will find in reviewing this budget that particular emphasis has been placed on budgets for education and agencies related to law enforcement, the prison, parole and probation, and highway patrol. Although much progress has been made in these areas in recent years this budget will provide for more.

In light of the systematic reduction of federal taxes, the recommendations of the Advisory Finance Committee—particularly with reference to the gaming tax, and the paramount importance of keeping our state tax structure one of the most favorable in the nation, I am convinced that we should not consider additional tax revenues at this session. We can meet our present responsibilities adequately and make meaningful starts on some new ones within our present tax structure. We must, however, continue constant reappraisal of tax sources in order to guarantee, insofar as possible, that each segment of our economy pays its fair share. Continuing objective analysis of the gambling tax is particularly necessary. If future studies indicate that an increase in gaming taxes is in order, we must not hesitate to take the necessary action.

The proposed budget is based entirely upon existing taxes and a realistic appraisal of the revenues these will raise in the next 3 years. Every new program or increase in present programs recommended in the message is fully

supported in the budget. It is a completely balanced budget and if adopted as presented will result in the maintenance of the $4 million balance in the General Fund.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 18, 1965

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Bill No. 1.

LEONA MUNK
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

By Messrs. Knisley and Gibson:

Assembly Joint Resolution No. 1—Proposing to amend Sections 5 and 12 of Article 4 and Section 13 of Article 15 of the Constitution of the State of Nevada, relating to the number of legislators and apportionment of the Assembly, filling of vacancies and basis of apportionment, by requiring that both houses be apportioned by districts according to population; providing for the filling of vacancies in districts comprising more than one county; and deleting provision for a mid-decade legislative census as a basis of apportionment.

Mr. Knisley moved that the resolution be referred to the Committee on State, County, and City Affairs.

Motion carried.

By Mr. Swobe:

Assembly Joint Resolution No. 2—Requesting the Congress of the United States to propose an amendment to the Constitution of the United States permitting one house of a bicameral legislature to be apportioned other than according to population.

Mr. Swobe moved that the resolution be referred to the Committee on State, County, and City Affairs.

Motion carried.

By Mr. Swobe:

Assembly Joint Resolution No. 3—Requesting the Congress of the United States to call a convention for the purpose of proposing an amendment to the Constitution of the United States permitting one house of a bicameral legislature to be apportioned other than according to population.

Mr. Swobe moved that the resolution be referred to the Committee on State, County, and City Affairs.

Motion carried.

By Mr. Kean:

Assembly Joint Resolution No. 4—Proposing an amendment to Section 1 of Article 6 of the Constitution of the State of Nevada, relating to the enumerated courts where judicial power is vested, allowing new courts to be created by law.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That section 1 of article 6 of the Constitution of the State of Nevada be amended to read as follows:

Section [.] 1. The Judicial power of this State shall be vested in a Supreme Court, District Courts, [and in] Justices of the Peace [.] , *and such other courts as may from time to time be created by law.* The Legislature may also establish Courts for municipal purposes only in incorporated cities and towns.

Mr. Kean moved that the resolution be referred to the Committee on Judiciary.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

SENATE, CALIFORNIA LEGISLATURE

SACRAMENTO, CALIFORNIA, January 15, 1965

HON. NORMAN D. GLASER, *Speaker, Nevada House of Representatives*

DEAR MR. GLASER: By direction of the Senate, I am handing you herewith a copy of Senate Resolution No. 10, adopted at the 1965 Regular Session of the Legislature. Your attention to this resolution is respectfully requested.

Very truly yours,

J. A. BEEK
Secretary of the Senate
State of California

STATE OF CALIFORNIA

SENATE RESOLUTION NO. 10

RELATIVE TO LEGISLATIVE APPORTIONMENT

By Senators Burns, Arnold, Begovich, Bradley, Christensen, Cobey, Collier, Cologne, Dolwig, Donnelly, Farr, Geddes, Gibson, Grunsky, Holmdahl, Lagomarsino, Lunardi, McAteer, McCarthy, Miller, Nesbet, O'Sullivan, Petersen, Pittman, Quick, Rattigan, Rees, Rodda, Schmitz, Schrade, Sedgwick, Short, Stiern, Sturgeon, Symons, Teale, Way, Weingand, and Williams.

WHEREAS, The United States Supreme Court has held that both houses of a bicameral state legislature must be apportioned on the basis of population; and

WHEREAS, It will now be totally impossible to apportion representation to reflect the diverse and conflicting interests within a state; and

WHEREAS, The court's decision will enable heavily populated areas to dominate state legislatures, and will lead to a virtual loss of representation in all other areas of the state; and

WHEREAS, In order to prevent this complete disruption of the legislative process in the states, and to preserve for each state the right to balance its representation in the manner best suited to its individual situation, it is essential that the Constitution of the United States be amended to enable the state to apportion at least one house of its legislature on factors other than population; now, therefore, be it

Resolved by the Senate of the State of California, That the Senate respectfully urges the legislatures of all states to petition the Congress of the United States to call a convention in accordance with Article V of the Constitution of the United States for the purpose of adding to the Constitution an article allowing any state, which has a bicameral legislature, to apportion the membership to one house of its legislature on factors other than population; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of the resolution to the presiding officers of both houses of each state having a bicameral state legislature, and to the presiding officer of the Nebraska State Legislature.

Resolution read.

The roll was called, and the resolution adopted by the Senate on January 11, 1965.

J. A. BEEK
Secretary of the Senate

T. V. ROSS, M.D.

GARDNERVILLE, NEVADA, January 18, 1965

HON. WILLIAM D. SWACKHAMER, *Speaker, Nevada State Assembly*

DEAR MR. SWACKHAMER: On behalf of the Lahontan Basin Medical Society, I wish to welcome all legislators to Carson City, and to acquaint them with the medical facilities available.

The Carson-Tahoe Hospital is fully accredited, well equipped and staffed. There are eight doctors who are in full-time, active practice in Carson City. Their names, addresses, and telephone numbers are listed below and all are available at all times for emergencies:

Dougan, Craig R.	Carson Medical Center	882–1324
Grundy, Richard D.	Carson Medical Center	882–1324
Harper, Jack S.	310 West Telegraph	882–2106
King, William R.	Carson Medical Center	882–2067
Kline, Stanley S.	Carson Medical Center	882–1324
Petty, Richard A.	Carson Medical Center	882–1324
Stewart, Henry	923 North Mountain Street	882–3441

Should some of you have current medical problems, such as diabetes, high blood pressure, or heart trouble, which may require checking while you are here, do not hesitate to call one of us. It would be wise to ask your personal physician to communicate with one of our doctors so that he may become familiar with your situation and thus assure you continuity of good medical care.

With best wishes for a fruitful and pleasant legislative session, I am

Respectfully,

T. V. ROSS, M.D., *President*
Lahontan Basin Medical Society

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU

CARSON CITY, NEVADA, January 18, 1965

To Members of the Assembly of the 53d Session of the Nevada Legislature:

LADIES AND GENTLEMEN: In an attempt to speed up the legislative process and make more bill drafters available to members of the legislature, I have assigned Mr. David R. Hoy as an assembly bill drafter for the forthcoming session. His office is located immediately outside the chamber doors. Your bill drafting requests should be given to him under usual circumstances. It is also my intention that Mr. Hoy be utilized by committees when his services are demanded. This assignment and service, of course, does not preclude you in any way from seeking advice of the Legislative Counsel.

Because of the technical aspects of the amendment of bills, Mr. Hoy has been instructed not to receive any requests for the amendment of introduced bills. These amendments should be requested either from Mrs. Ann Rollins or myself.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU

CARSON CITY, NEVADA, January 18, 1965

To Members of the Assembly of the 53d Session of the Nevada Legislature:

LADIES AND GENTLEMEN: Some interest has been manifested following my recommendation that the staff of the Legislative Counsel Bureau conduct a short course of instruction concerning the mechanics of the legislative process. Accordingly, the staff will provide on January 19 and 20 in the Assembly Chambers, beginning at 7:30 p.m., informational discussions concerning the mechanics of the Nevada Legislature. If any of you is interested in attending, would you please inform Mr. Jeff Springmeyer, research director, at your earliest convenience in order that we may anticipate the number of legislators who will attend.

Sincerely yours,

RUSSELL W. MCDONALD
Legislative Counsel

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU
CARSON CITY, NEVADA, January 19, 1965

To all members of the 53d Session of the Nevada Legislature:

LADIES AND GENTLEMEN: The Mayor and City Council of Carson City have honored the request of the legislators with respect to courtesy parking during the legislative session. Parking stickers may be obtained in Mr. Springmeyer's office.

Sincerely yours,
RUSSELL W. MCDONALD
Legislative Counsel

CENTRAL COMMITTEE
NEVADA STATE GRAZING BOARDS

YERINGTON, NEVADA, January 19, 1965

SPEAKER OF THE HOUSE, *Nevada State Assembly*

SIR: Attached is a resolution of this committee supporting Governor Grant Sawyer's request that the Nevada Legislature enact legislation to authorize a Nevada Public Land Law Review Commission.

Very truly yours,

FRED STROSNIDER, *Chairman*

CENTRAL COMMITTEE OF NEVADA
STATE GRAZING BOARDS
RESOLUTION

WHEREAS, Public Law 88-606 establishes a Public Land Law Review Commission to study existing laws and procedures relating to administration of the public lands of the United States; and

WHEREAS, The federal commission, on or before December 31, 1968, will submit to the President and the Congress its recommendations for modifications in existing public land laws, regulations, policies, and practices; and

WHEREAS, action by the Congress and executive branch pursuant to Public Land Law Review Commission recommendations will set patterns for the long-term future governing management, use, and disposition affecting more than 60 million acres of Nevada's 70 million acres of land and associated resources;

NOW, THEREFORE, *Be it Resolved:*

1. That by this resolution we support Governor Grant Sawyer's request that the Nevada Legislature enact legislation to authorize a Nevada Public Land Law Review Commission.

2. That authorizing legislation empower the Nevada Commission, or the office of the Governor, to communicate and coordinate with governors of other public land states, the local, county, and state recommendations developed in Nevada in order to give greatest assistance and guidance to the federal review commission, the President and the Congress.

Approved this 19th day of January, 1965.

FRED STROSNIDER, *Chairman*

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, January 26, 1965

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day passed Senate Joint Resolution No. 4.

LEONA MUNK
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Jones moved that E. G. Covington, William Morris, and Sue Morrow of the Nevada Appeal, and William Dolan of the Carson City Chronicle be accepted as accredited press representatives, and that they be assigned space at the press table.

Motion carried.

Senate Joint Resolution No. 4—Memorializing Sir Winston Churchill, formerly Prime Minister of Great Britain.

WHEREAS, This Legislature has learned with deepest sorrow of the death of Sir Winston Churchill, former Prime Minister of Great Britain; and

WHEREAS, Though his greatness beggars our power of expression, there is none among us who does not recall the inspiration to all free men of his role in World War II, when his splendid leadership rallied his nation from the brink of defeat; and

WHEREAS, His career, in fact, stretched far beyond that, over a span of 70 years, from colonial skirmishes through two great World Wars in both of which he played a leading role, through defeats and dark hours of personal oblivion and through the sunlight of victory and of the highest post in the government of his country; and

WHEREAS, Through it all Churchill the man stood out for his many talents—painter, historian, and above all master of the English tongue; and

WHEREAS, He sat for 62 years in the House of Commons, called at once the child and the father of that great parent of all our free legislative bodies; and

WHEREAS, Born of an American mother, he was the second in all the history of our republic to receive the gift of honorary American citizenship; and

WHEREAS, The United States no less than England owes its freedom today to his dauntless efforts in holding back the tide of the enemy until combined effort could bring victory; and

WHEREAS, His clear vision perceived and his matchless eloquence continued to warn of the perils still threatening us all; and

WHEREAS, We are proud to join our voice to the chorus of acclaim that now rises to his memory from the grateful world of free men; now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, jointly, That the Members of the Legislature of the State of Nevada hereby express their deep sorrow and extend their humble condolences to Lady Clementine Churchill, the widow of the deceased, and to his surviving children; and be it further

Resolved, That when the Senate and the Assembly adjourn today they do so in honor of the late Sir Winston Churchill; and be it further

Resolved, That certified copies of this resolution be prepared and transmitted forthwith by the Legislative Counsel to the Ambassador of Great Britain to the United States for delivery to the widow of the deceased and to their three surviving children.

Mr. Bastian moved that all rules be suspended, reading so far had considered first reading, rules further suspended, resolution declared an emergency measure under the Constitution, and placed on third reading and final passage.

Motion carried unanimously.

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communications:

THE WHITE HOUSE
WASHINGTON

January 29, 1965

HON. RUSSELL W. MCDONALD, *Legislative Counsel, State of Nevada*

DEAR MR. MCDONALD: Please accept my thanks for the Joint Resolution adopted by the 53d Session of the Nevada Legislature. It was very thoughtful of you to wire, and the warm sentiments you transmitted to me and to Vice President Humphrey are indeed gratifying.

With best wishes to you and to the Members of the Assembly and Senate of the State of Nevada,

Sincerely,

LYNDON B. JOHNSON

STATE OF NEVADA
OFFICE OF
STATE TREASURER

CARSON CITY, February 2, 1965

THE HONORABLE WILLIAM SWACKHAMER, *Speaker, Nevada State Assembly*

DEAR MR. SPEAKER: I have the honor of inviting the Members of the Nevada State Assembly to attend the Governor's Prayer Breakfast, which will be held February 11 at 7:45 a.m. at the Carson City Nugget. Tickets are priced at $2 and will be available from Assemblyman Geraldine Tyson.

This annual event is designed to mark the importance of prayer in our daily lives and to signal a rededication to God's teachings in the conduct of our affairs in 1965. We hope each Assemblyman will be able to join us on this important occasion.

Respectfully

MIKE MIRABELLI, *Chairman*
Governor's Prayer Breakfast

UNITED STATES AIR FORCE

NELLIS AIR FORCE BASE, Nevada, 26 January 1965

THE HONORABLE WILLIAM SWACKHAMER, *Speaker, Nevada State Assembly*
Assembly Chambers, State Capitol Building

DEAR SIR: The United States Air Force feels that an understanding of the Air Force is essential at all levels of government. Federal and local governments have numerous opportunities to observe and be informed of current Air

Force actions. State governments, however, are not provided with frequent exposure to the Air Force mission.

To better acquaint the Members of the Nevada State Legislature with the role of the Air Force in this State, we propose to hold a special tour and briefing at Nellis Air Force Base for them. We have contacted Governor Sawyer's office and have determined that he will be available during most of April. He does have prior commitments for April 23, 24, and 28.

The program we have in mind would entail the greater portion of one day. In view of the extensive Air Force activity in Nevada, in terms of economic impact and real property holdings, I am certain that a program of this nature would be of immediate interest to the Members of the Nevada State Legislature.

I have addressed a similar letter to your counterpart in the Senate, Mr. B. Mahlon Brown. If a mutually suitable date can be arranged, we can work out the necessary details.

We at Nellis are looking forward to your visit.

Sincerely,

G. B. SIMLER, *Commander*
Brigadier General, USAF

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker instructed the Chief Clerk to read the following communication:

THE VICE PRESIDENT
WASHINGTON

January 28, 1965

MR. RUSSELL W. MCDONALD, *Legislative Counsel, Nevada Legislature*

DEAR MR. MCDONALD: I wish to express my deep appreciation for the telegram sent to me and to President Johnson by the joint assembly of the Legislature of the State of Nevada. The confidence and trust placed in us will aid us in leading the nation triumphantly toward the Great Society.

Again, thank you. Very best wishes.

Sincerely,
HUBERT H. HUMPHREY

REMARKS FROM THE FLOOR

Mr. Gibson requested that the following remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

It was requested that these remarks be made after some considerable concern about the trend of financial requests and pressures that are building up concerning these, and in discussion with the committee Friday it was felt it would be helpful and timely to bring these matters to the attention of the Legislature.

We have now finished 3 weeks of labor in our responsibility of representing the people. The major problems facing us in the session are beginning to become apparent. From my observation point none of these problems is more critical than the stress in fiscal matters which is now abuilding. In the interest of being informative to those members of the house who do not have the advantage of having to review all the requests for appropriations as well as

the budget, and yet will share the burden of the fiscal philosophy which comes from the actions of this session, I have requested permission to make this report. I would like to solicit your support in facing the problem, though I have no doubt that your Committee on Ways and Means will discharge its responsibility in proposing a fiscal program which is sound.

I am sure that most of us were aware of the fact that the problem of financing the proposals of this session would be difficult before we arrived here in January. It was well known that Mr. Barrett had to trim nearly $17 million from the various agency requests to fit them into the $114 million of general fund revenue expected in the next 2 years. On top of this, it was necessary for the executive to deny funding for about $15,600,000 of capital projects which have been given priority of justification by the State Planning Board. This resulted in a built-in pressure of some $32,600,000 before the session was under way. As the legislative proposals have come in, this pressure has mounted.

Your committee has now had the executive budget under review long enough to determine that it is a very tight budget. Undoubtedly there is some room for cutting, but those items we have reviewed so far do not give much hope for any great amount of savings. In review of some 15 budgets totaling some $2,500,000, we have managed to cut approximately $5,000 or less than 0.2 percent, which, applied to the entire budget would result in a total savings of less than $250,000. An example of the resistability of the budget figures is our experience with the salary increases for elected officials. The committee was informed that the request for these to be increased during the present term was withdrawn at a savings of $58,000, only to be further informed that $54,000 was being added to the prison budget for additional guards.

It now appears that the problem facing the committee is more challenging even than fitting legislative proposals into anticipated revenues, as well as the budget. A careful review of the spending program recommended for the biennium indicates that the balance of $4,002,794 predicted for June 30, 1967, might be optimistic. In reviewing the figures on spending and revenue which resulted in the balance it seems that certain obvious obligations have been overlooked. These items estimated are as follows:

1965 Legislative actions not budgeted	$1,000,000
1965 Special Session (possible)	100,000
1967 Legislative Session	360,000
1967 Legislative actions not budgeted	1,000,000
Total	$2,460,000

Certainly these figures are justified, based on the experience of past legislative sessions. Subtracting this total from the anticipated balance would leave an adjusted balance of $1,542,744—considerably below the $4 million considered essential to cover monthly operating costs.

The picture is not complete with this figure. At the present time, the Committee on Ways and Means has before it bills calling for an additional unbudgeted appropriation of $3,432,000. In other Assembly committees, resale proposals for appropriations or changes in taxing methods which will cost the general fund some $4,800,000 in the 2-year period. In the Senate are additional proposals costing $822,000 for a total of $9,054,000—or, deducting the beforementioned $1 million of legislative appropriations, a total of $8,054,000.

So far the school financing program has not been presented. I have received copies of the proposals being recommended by the school board association, and the county superintendents. According to my calculations, these recommendations will cost the General Fund an additional $3,309,000 in the next 2 years. (I'm informed that the Department of Education calculates as high as $5,200,000). This, added to the pressure gives us a total of $11,364,000, against a projected balance of $1,540,000. So we see the bind.

Now obviously not all of these items are going to be approved. However, I'm sure that each proposal has merit leading to its proposal. My purpose in bringing these figures to your attention is so that you will be fully aware of the pressure under which we are operating. I think it is obvious that the Committee on Taxation specifically, and the members of this body in general, are going to have to look seriously at sources of additional revenue just to hold even.

I think it behooves all of us to view with concern, all proposals for new or added services. We have a constitutional responsibility to avoid deficit financing. In accord with that responsibility, and in view of the financial situation facing us as I have outlined it, it seems to me that we must accompany any serious proposal for new or added services with the revenue to pay for it. Otherwise, those proposals cannot be seriously considered.

As a final note it might be observed that the Budget Director's revenue estimates seem conservative to some. However, this is a matter of opinion. I personnally think they are well substantiated. The last quarter's sales tax returns, just in, are somewhat below his predictions, certainly not supporting a hope that his figures are on the low side.

I appreciate your attention. I hope that something of what I have had to say will cause your cautious reconsideration of any additional spending proposals you may have been contemplating—as well as a review of those already suggested.

Mr. Pozzi requested that the following remarks be entered in the Journal:

Mr. Speaker:

Last week I introduced here in the Assembly a resolution, A. J. R. No. 19, to amend the Constitution to allow the Legislature to amend or repeal, after 3 years, laws adopted by referendum.

The resolution was greeted as an effort on my part to bypass the people in order to permit the raising of the sales tax without a vote by the people.

I call to your attention that before A. J. R. No. 19 can become law, it must be passed by this Session of the Legislature; it must then be submitted to the next Session of the Legislature, and if it passes both, it must then be placed before the voters in 1968 and either be accepted or rejected.

Under these circumstances, it takes a great stretch of the imagination to say that the voters are being bypassed, or, as it was implied, that I have been involved in some underhanded conspiracy to move the sales tax increase through without a general vote.

So let me make it clear that A. J. R. No. 19 has no connection with any effort to increase the sales tax—my resolution was in preparation and drafting long before any raise in the sales tax became of knowledge.

Very frankly and candidly, my only purpose in proposing the referendum amendment was to provide this Legislature with the mechanical and legal means, within time limitations, for coping with the consequences of state government spending, and fiscal policies.

We must have some means at hand to come to grips with the gloomy prospect that by the end of this biennium, the Legislature and the people of this State, will be confronted with the task of finding new sources of revenue when none exist now—they have all dried up.

And I think it's unnecessary to call your attention that by the end of the biennium, the State's reserve position will have deteriorated from a balance of over $9 million in 1959–60 to a point where we may face a zero balance June 30, 1967. I refer you only to our Legislative Auditor for verification.

The sole intent of my resolution, therefore, was to prepare to meet this crisis now—because, when it is on us, we will have neither the time nor the legislative means to do so.

With this in mind, and to avert legislative paralysis, it was my thought that the best solution and the most equitable one was to equate, to an extent, the initiative and the referendum.

The initiative, an act started by 10 percent of the voters on petition, can be changed by legislative action 4 years after it becomes law. An example is the right to work bill.

The referendum however forever freezes the law, permitting no elasticity except through the amendment process which takes 4 years. The sales tax is an example.

Now unless we change our spending policies, which of course includes our growth, for which there is little hope, or we change the referendum provision,

within 2 years and thereafter, the State faces a confrontation with some harsh alternatives—such as service taxes, land transaction taxes, increased property taxes, or an income tax.

Current spending philosophies and the referendum if they are not changed, may force us into a position where we have no legal or legislative means to act, or plunge us into unwise legislative moves we may regret.

But now to the other side of the fence. To those of you who have followed my course of action as it pertains to the Reynolds Electric Company at the AEC, it is my pleasure to announce to you, that last week the Attorney General has agreed that I am right in my basis, as guided by our Legislative Counsel, that Reynolds Electric is subject to both the sales and use tax as it pertains to the State of Nevada, and have agreed to pay such taxes from 10–1–61 to 12–31–61, under protest of course, and then go to court. I have every confidence from prior federal court decisions around the country that the State of Nevada is to benefit in the General Fund, to amounts that may reach a million dollars annually.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Public Health and Public Morals, to which was referred Senate Bill No. 6, has had the same under consideration, and begs leave to report the same back with the recommendation: Do pass.

AUSTIN H. BOWLER, *Chairman*

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Knisley moved that Assembly Bill No. 176 be taken from the Chief Clerk's desk and placed on the Second Reading File.

Remarks by Mr. Knisley.

Motion carried.

By Messrs. Gibson, Bunker, Bailey, and Gray:

Assembly Joint Resolution No. 21—Proposing to amend Section 3 of Article 9 of the Constitution of the State of Nevada, relating to state indebtedness, by increasing the maximum allowance for the state public debt to 3 percent of the State's assessed valuation, by providing a flexible method of determining such valuation, and by restricting the contracts permissible outside the debt limit.

Resolved by the Assembly and Senate of the State of Nevada, jointly, That Section 3 of Article 9 of the Constitution of the State of Nevada be amended to read as follows:

SEC. 3. The State may contract public debts; but such debts shall never, in the aggregate, exclusive of interest, exceed the sum of [one] *three* percent of the assessed valuation of the State, as [shown by the reports of the county assessors to the State Controller,] *determined by the State Controller in the manner provided by law,* except for the purpose of defraying extraordinary expenses, as hereinafter mentioned. Every such debt shall be authorized by law for some purpose or purposes, to be distinctly specified therein; and every such law shall provide for levying an annual tax sufficient to pay the interest semiannually, and the principal within 20 years from the passage of such

law, and shall specially appropriate the proceeds of said taxes to the payment of said principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished until the principal and interest of said debts shall have been wholly paid. Every contract of indebtedness entered into or assumed by or on behalf of the State, when all its debts and liabilities amount to said sum before mentioned, shall be void and of no effect, except in cases of money borrowed to repel invasion, suppress insurrection, defend the State in time of war, or, if hostilities be threatened, provide for the public defense.

The State, notwithstanding the foregoing limitations, may, pursuant to authority of the Legislature, make and enter into any and all contracts necessary, expedient or advisable for the protection and preservation of any of its property, [or natural resources,] or for the purposes of obtaining the benefits thereof, however arising and whether arising by or through any undertaking or project of the United States or by or through any treaty or compact between the states, or otherwise. The Legislature may from time to time make such appropriations as may be necessary to carry out the obligations of the State under such contracts, and shall levy such tax as may be necessary to pay the same or carry them into effect. *All contracts made under former provisions of this section shall remain valid and enforcible.*

Mr. Gibson moved that the resolution be referred to the Committee on Taxation.

Motion carried.

MOTIONS, RESOLUTIONS, AND NOTICES

The Chief Clerk announced that there will be a dinner at the Carson City Nugget on February 18, 1965, at 7 p.m., for legislators and their wives. All those planning to attend are requested to inform the Chief Clerk.

The Chief Clerk announced that Mr. Roger Teglia has invited the legislators and their wives or husbands to be his guests at a dinner to be held at the Carson City Nugget, Thursday, February 18, 1965, at 7:30 p.m. All those planning to attend are requested to inform the Chief Clerk.

REMARKS FROM THE FLOOR

Mr. Wood requested that the following remarks be entered in the Journal:

Last Thursday, the Reno Legislative Delegation met with the Reno Mayor, Council, and City Manager. Among other things we discussed the possibility of abolishing the Reno City Attorney's Office.

I observed that abolishment didn't have a "Chinaman's Chance." Since then I have received several telephone calls and today a letter from a Reno constituent. Likewise, others of my delegation have been contacted regarding the remark. While I didn't intend to speak in a slighting, or disparaging manner of anyone, let alone some of the dearest friends I have, I realize now that my remarks, during this day and age, must be regarded in poor taste. To that end, I offer a sincere public apology.

It might be well to observe, however, that many expressions which at one time were regarded in affection have since taken on new meaning. As we all examine a whole new social pattern, we must be alert to certain amount of supersensitiveness which can cause embarrassment to the most innocent.

You may rest assured that in evaluating the chance of anything, no matter what it may be, I have eliminated all reference to people, no matter who.

UNFINISHED BUSINESS

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 14, 101, 164; Assembly Concurrent Resolution No. 2.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

On request of Mr. Jacobsen, the privilege of the floor of the Assembly Chamber for this day was extended to Mr. Roy Saddler.

REMARKS FROM THE FLOOR

Mr. Jones requested that the following remarks that were made by Mr. Dyer in the Assembly of the 49th Session of the Nevada Legislature be read:

In view of the veritable steaming mounds of purportedly remedial banking, corporate, and insurance legislation which we have shoveled in and out of this barn in the last 60 days, I am led inescapably to the conclusion that our banking, insurance, and corporation systems have been or, conversely, are about to be, in one heck of a mess. So I am more than ever certain that I have used good judgment in choosing to do my banking and carry my insurance in a mason fruit jar buried out behind my chicken house.

Nevertheless, Mr. Speaker, I sincerely hope this body will see fit to take Mr. Bissett off the hook where he has been squirming with this mess of tripe, which he apparently understands but which I certainly do not.

Motion carried.

REMARKS FROM THE FLOOR

Miss Herr requested that the following be entered in the Journal:

Your Committee on State Institutions and Libraries visited the Nevada Youth Training Center at Elko on Monday, February 15, and wishes to make the following report for the information of the Members of the Assembly who were unable to attend:

The old building has been completely renovated and painted inside with the exception of the gym and repair shops. The paint for the gym is on hand and this project will be completed shortly. Your committee was very favorably impressed with the improvements of this building since the last visit in 1963. There are no boys in the dormitory in the old building at the present time although there is a surplus for the present rooms in the new dorms. This surplus has been placed in temporary beds in the various supervisory rooms in each dorm pending completion of the old building. There is space available in the old building for two dorm rooms each with a lounging room which Mr. Krout, the superintendent, says will be used as needed.

The shop was found to be spacious and with additional machinery could be

used to great advantage. The only equipment was a rock shop and it was suggested to the superintendent that he contact the Purchasing Department in regard to obtaining additional equipment from surplus. With an instructor, this department could be one of the best forms of rehabilitation for the boys.

The project of tying the old and new wells together so as to assure a continuous water supply is sound and we agree with its being given basic priority 1 by the Planning Commission.

The sprinkler system at the new development has been contracted for, but due to freezing has not been completed. The superintendent advises this will be done as soon as possible and should be pushed so that the landscaping, lawns, and shrubbery can be put in to prevent any further erosion of the grounds.

There are five school rooms operating each day and the additional boys work outside for one-half day at a time. The superintendent reports one problem he has had in that 91 boys have been committed since October. This upsets the balance in the school as the new inmates outnumber the old. Previously the old inmates outnumbered the new and they were absorbed into the institution's regular routine. With so many new boys they have a tendency to carry the older inmates with them in upsetting the regular order.

There are 141 inmates at the present time, about 25 percent of whom need psychiatric treatment, and of this percentage, 7 or 8 need it badly. Superintendent Krout reports he has been unable to fill the psychiatric post with a suitable person.

The superintendent reports he is badly in need of service personnel. His first priority goes to an additional cook and his second priority is for teachers.

As the population increases, additional supervisors will be necessary.

Costs could be cut by additional parole officers. This should cut down the number of returnees which is now averaging about 25 percent of those paroled.

In general, your committee was very pleased with the improvements at the Nevada Youth Training Center and believes that it is being conducted by the superintendent, Mr. Krout, in a very able manner.

UNFINISHED BUSINESS

There being no objections, the Speaker and Chief Clerk signed Senate Bills Nos. 36, 50.

STATE OF NEVADA
LEGISLATIVE COUNSEL BUREAU

CARSON CITY, February 17, 1965

HON. WILLIAM D. SWACKHAMER, *Speaker of the Assembly*

DEAR MR. SPEAKER: As you know, arrangements are being completed for the use of the legislative chambers, committee rooms, and other legislative facilities by the model YMCA legislature Friday, Saturday, and Sunday, February 26 to 28, inclusive. It is my understanding that both houses of the Legislature plan to adjourn at noon Thursday, February 25, to allow the YMCA members to use the legislative facilities. I believe that the members of your house should be advised that their personal possessions should be locked in their desks before they depart.

Mr. Jeff Springmeyer, Deputy Director of the Legislative Counsel Bureau, and the staff of the Research Division will assist the YMCA model legislature during its convention in Carson City.

Yours sincerely,

RUSSELL W. McDONALD
Legislative Counsel

The following amendment was proposed by Mr. Mello:

Amendment No. 311.

Amend the bill as a whole by inserting a new section on page 2 between lines 5 and 6 which new section shall be designated Section 1.5 and shall read as follows:

"SEC. 1.5. 1. The board shall submit the question of issuing such revenue bonds to the registered voters of the county qualified to vote thereon, at a special, primary, or general election, held in accordance with NRS 350.010 to 350.070, inclusive, all laws amendatory thereof, and the laws of the State of Nevada relating to elections insofar as the same can be made applicable. If a majority of both the white and colored ballots cast on the question so submitted are in favor of the issuance of the bonds, the proposal to issue them shall have carried, and the board may thereafter proceed to issue the bonds in accordance with the provisions of this act. If a majority of either the white ballots or the colored ballots cast on the question so submitted is against the issuance of the bonds, then such proposal shall have failed, and the board shall be without power to issue the bonds.

2. The submission of a question of issuing bonds as herein provided shall not prevent or prohibit the submission of the same or a similar question at a subsequent election called for that purpose."

Amendment No. 457.
Amend the bill as a whole by adding thereto two new sections which shall be designated Sections 3 and 4, which shall immediately follow Section 2 and shall read as follows:
"SEC. 3. NRS 485.150 is hereby amended to read as follows:
485.150 1. Except as provided in subsection 2, the operator of every motor vehicle which is in any manner involved in an accident within this State, in which any person is killed or injured or in which damage to the property of any one person, including himself, in excess of [$100] *$250* is sustained, shall within 10 days after such accident report the matter in writing to the division.
2. In the case of any operator of any motor vehicle subject to the jurisdiction of the Interstate Commerce Commission or the Public Service Commission of Nevada, such report need not be filed until the 10th day of the month following the month in which the accident occurred.
SEC. 4. NRS 485.190 is hereby amended to read as follows:
485.190 1. If 20 days after the receipt of a report of a motor vehicle accident within this State which has resulted in bodily injury or death, or damage to the property of any one person in excess of [$100,] *$250*, the division does not have on file evidence satisfactory to it that the person who would otherwise be required to file security under subsection 2 of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the division shall determine the amount of security which shall be sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each operator or owner.
2. The division shall, within 60 days after the receipt of such report of a motor vehicle accident, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in such accident, and, if the operator is a nonresident, the privilege of

operating a motor vehicle within this State, and, if such owner is a nonresident, the privilege of the use within this State of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the division. Notice of such suspension shall be sent by the division to such operator and owner not less than 10 days prior to the effective date of such suspension and shall state the amount required as security. Where erroneous information is given the division with respect to the matters set forth in subsections 1, 2, or 3 of NRS 485.200, the division shall take appropriate action as hereinbefore provided within 60 days after it receives correct information with respect to such matters."

Amendment No. 458.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act to amend NRS Sections 485.150, 485.190, and 485.380, relating to reports of accidents, security following an accident and self-insurers under the Motor Vehicle Safety Responsibility Act, by increasing the money amount of damage required to file accident reports and requiring that self-insurers have vehicles registered in Nevada; to amend Chapter 485 of NRS, relating to motor vehicle safety responsibility by adding a new section providing a penalty for failure to file an accident report; and providing other matters properly relating thereto."

1. Be headed "Notice of the proposed formation of fire protection district in ..... County (stating the name of the county or, if there be more than one, the name of the counties in which the proposed district is located)."

2. State the fact that the board of county commissioners of the county has fixed the time and place (which shall be stated in the notice) for a hearing on the matter of the formation of the fire protection district.

3. Describe the territory or shall specify the exterior boundaries of the territory proposed to be organized into a fire protection district.

4. Be published once a week for 2 successive weeks prior to the time fixed for the hearing in the newspaper designated by the board of county commissioners.

SEC. 6. *1. At the time fixed for the hearing of the matter, or at any time prior thereto, any person interested may file with the clerk of the board written objections to the formation of the district.*

2. At the time fixed for the hearing, or to which the hearing may be adjourned, the board of county commissioners shall hear the objections filed, if any, and pass upon the same.

3. The board may, in its discretion, sustain any or all of the objections filed and may change or alter the boundaries of such proposed district to conform to the needs of the district and to exclude therefrom any land that will not be benefited by the formation of such a district. Except as provided in Section 7 of this amendatory act, the board shall not include therein any territory not included in the boundaries mentioned in the petition.

SEC. 7. *Any owner of lands adjacent to the borders of the proposed district may, by his written application therefor filed with the board of county commissioners at or before the time of the hearing of the petition, in the discretion of the board, have such lands included within such proposed district.*

SEC. 8. *1. Upon the hearing of the matter, the board of county commissioners shall determine whether or not the petition complies with the requirements and purposes of this chapter, and must hear all competent and relevant testimony offered in support or in objection thereto. Upon completion of the hearing the board shall, by order, determine whether or not such a proposed district shall be formed and such order shall be entered upon the minutes of the board of county commissioners.*

2. Upon the entry of the order of formation of the district, the board of county commissioners shall forthwith notify the State Forester Firewarden of the formation of the district. The State Forester Firewarden shall establish rules and regulations for the organization of the area included within the district to meet the terms and requirements of the Clarke-McNary Act.

SEC. 9. This act shall become effective upon passage and approval."

Amendment No. 419B.

REMARKS FROM THE FLOOR

Mr. Petrini requested that the Chief Clerk read the following and that it be entered in the Journal:

The Northern Nevada Conference dedicates the 1965 zone basketball program to Mr. Archie Pozzi, Jr., who has been a referee for 25 years.

Mr. Pozzi, a veteran basketball official in Nevada, began to referee in 1940. Born in Oakland, California, in 1919, he attended schools in Carson City and played on the state championship basketball team in 1936.

After graduation from the University of Washington, he became a professional automobile dealer, and is presently director and regional vice president of N.A.D.A. (National Automobile Dealers' Association) and chairman of the 1965 N.A.D.A. national convention.

Archie Pozzi has made his home in Carson City with his wife, Shanna, the former Shanna Holman. He has two daughters, Michele and Cathy, and three sons, Steve, Bob, and Bruce.

A veteran of World War II, Mr. Pozzi has been active in various organizations. He was the first president of the Nevada Franchised Automobile Dealers' Association, a member of the Carson City Lions Club, of the Legion of Honor, and of the Kerak Temple of the Shrine. Other offices he has held include Department Commander and Department Adjutant of the American Legion, and chairman of the National Contests Supervisory Committee (American Legion).

He has been a Nevada State legislator since 1955, and is past chairman of the Nevada State Legislative Commission.

Archie Pozzi is admired by his many friends and associates for his generosity in giving his time to the community and the Athletic Association.

REMARKS FROM THE FLOOR

Mr. Wood read the following letter and requested that it be entered in the Journal:

MRS. EARLE D. SAWDON
2581-G Eastshore Place
Reno, Nevada 89502

DEAR JIM: Can't you people down there keep that parole bill from going through? It is the most outrageous thing I have ever heard. What are those people thinking of? Certainly not the safety of their fellow citizens.

Nevada has the highest crime rate in the country. Surely it seems more feasible to keep those criminals behind bars.

Sincerely,
VIRGINIA SAWDON

The following amendment was proposed by Mrs. Parsons:
Amendment No. 958.
Amend the bill as a whole by adding thereto a new section which shall be designated Section 6, which shall immediately follow Section 5 and shall read as follows:
"SEC. 6. Notwithstanding the provisions of any other law, Sections 1, 2, 3, 4, and 6 of this act shall become effective on the first day of the first month following the passage and approval of this act. Section 5 of this act shall become effective on July 1, 1967. Nothing in this act shall be construed to have been repealed expressly or impliedly by the enactment of any other statute by the 53d Session of the Legislature which, by its terms, prohibits the increase of salary of any elective officer of a political subdivision of this State during his term of office."
Mrs. Parsons moved the adoption of the amendment.

Assembly Bill No. 187.

Bill read third time.

Remarks by Messrs. Pozzi, Bastian, Alleman, Gibson, Gray, and Knisley.

Mr. Gray requested that his remarks be entered in the Journal:

Mr. Speaker, Ladies and Gentlemen, and my friend, Mr. Pozzi:

I wish I could develop some of your ability to let go your temper; unfortunately, today, I am shocked from some of the remarks that have been made on this floor, not by you, but by others. I wish to partially read, and partially extemporize from some statements that I prepared last night in anticipation of this bill hearing on the floor today. With permission, I would like to have these remarks recorded in the Journal for this date.

Assembly Bill No. 187 has become one of the most widely discussed bills to come before this body. There are fears, there are uncertainties, there have been newspaper articles, there has been loose talk, there has been pressure, prior commitments, and lack of understanding which have brought about these fears and uncertainties. I can certainly understand the feelings of many of you, probably share some of them. It is not easy to make a decision which would utterly destroy the First Western Financial Corporation—a corporation which holds the State's largest savings and loan association and its largest state bank. The decision which we make on this bill here today could well be the most important decision that we will make here. No one in this room can predict all of the far-reaching effects that might occur should this bill be passed because many of them are subjective in nature. I think the gravity of the consequences that could result from our action on this bill is reflected somewhat in the report which the committee to which this bill was referred sent back. This bill came back with no recommendation, and I think partially the reason for this is because there were four of us on this committee who would be personally, and our firms personally, affected by the action that is taken here, and I refer to my colleagues, whom I respect highly, and appreciate their votes on the matter in the committee, Mr. Bowler, who is in the insurance business; Mr. Fike, who is in the title insurance business; Mr. Olsen, who is a director of one of the savings and loan associations; and I, as an officer of a savings and loan association.

Up to this point, no one has really discussed the language in this bill I would like to refer you, and I would appreciate it if some here would look at some of these sections, I will not take long. First I would like to refer you to the top of page 2 of the bill, Section 3.

SEC. 3. *For purposes of this section, a person is deemed to have control of:*

1. An association if the person directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, or holds with power to vote, or holds proxies representing, more than 10 percent of the voting shares of such association, or controls in any manner the election of a majority of the directors of such association;

This is a destructive statement; this, by designation, assumes control of the company by a person who has 10 or less percent of the voting shares of the company. I submit to you that this is unreasonable, that in my opinion it is vindictive.

I would like to refer you next to page 4 of this bill, subsection (b), beginning on line 7:

(b) Enter into any agreement or understanding, either in writing or orally, with any affiliate under which such affiliate is to render management or advertising services for the association; serve as a consultant, adviser, or agent for any phase of the operations of the association; or render services of any other nature for the association, other than those which may be exempted by regulation or order of the commissioner, unless the aggregate amount of the consideration required to be paid by such institution in the future under all such existing agreements or understandings cannot exceed the lesser of $50,000 or 0.1 percent of the association's total assets at the end of the preceding fiscal year;

If this bill should pass, First Western would not be able to do business with an affiliate in an amount of over $50,000 or 0.1 percent of the association's total assets at the end of the preceding year, whichever is greater.

Let me give you an example of what this could mean to an institution of this size. We all know that major financial institutions of this State have gone into electronic processing of accounts. First National has, the Bank of Las Vegas has, Nevada State Bank has, First Western Savings and Loan has, and Nevada Bank of Commerce soon will have it. In most of these instances, this equipment and the personnel who use such equipment costs over $100,000 a year, and there is no business in this State that is big enough to fully utilize this equipment as one unit. It is necessary for them, to come out financially on such units, to offer them for the use of others. This would prohibit First Western Savings and Loan Association, or First Western Financial Corporation from setting up an affiliate for data processing to do its own work and, if it desired for good business reasons, to rent this equipment to others.

To make matters still worse, in this section of the bill, if you will look at subsection (c) you will notice that this smacks of ex post facto legislation. This says:

(c) Make any payment to any affiliate under any agreement or understanding hereinabove referred to in paragraph (b) where the association has previously paid to affiliates during the preceding 12-month period, pursuant to any such agreements or understandings, an amount aggregating in excess of the lesser of $50,000 or 0.1 percent of the association's total assets at the end of the preceding fiscal year.

The commissioner shall grant approval under this subsection if, in the opinion of the commissioner, the terms of any such transaction, agreement or understanding, or any such payment by such institution, would not be detrimental to the interests of its savings account holders.

Let me refer you now to page 6, if you will follow along with me, to Section 11:

SEC. 11. NRS 673.225 is hereby amended to read as follows:

673.225 1. [Notwithstanding] *Except as provided in Sections 2 to 10, inclusive, of this act, notwithstanding* any other provision of this chapter, every company, association, or corporation licensed under the provisions of this chapter whose accounts are insured by the Federal Savings and Loan Insurance Corporation or its successor, or which is a member of a federal home-loan bank or its successor, shall possess the same rights, powers, privileges, immunities, and exceptions which are possessed by any federally chartered association.

2. When more permissive lending and investment privileges and provisions regarding payments of interest and dividends or other powers, privileges, immunities, and exceptions are extended to federally chartered associations, the same shall be extended to every company, association, or corporation licensed under the provisions of this chapter whose accounts are insured by the Federal Savings and Loan Insurance Corporation or its successor, or which is a member of a federal home-loan bank or its successor.

This act, not amended, allows the savings and loan companies in this State to do anything in the process of its business which is allowed by the Federal Savings and Loan Insurance Corporations. This bill would limit the savings and loan holding company from doing things that a federal savings and loan

can do and would set up requirements that are not required by the Federal Supervisory Agency.

I hate to be personal, and I am not going to be personal with individuals, but I am going to talk about companies. Companies are impersonal things in a sense. It is current knowledge that this bill is supported by the First National Bank of Nevada, and one state bank—the Bank of Nevada.

Remarks by Mr. Knisley and Mr. Speaker.

Thank you very much Mr. Speaker, and I would like in respect to Mr. Knisley to say that I believe that the vast majority of the people in this room realize that this bill would apply only to one corporation in the State, because there is only one corporation in the State which would be affected and that is why I would like to mention this particular corporation.

These two banks which I mentioned, are both subsidiaries of the holding company, Western Bank Corporation, which is the largest banking holding company in America, a holding company that is based in another state—the State of California.

What is not commonly known to this body is that the Legislative Committee of the Nevada Bankers Association is not supporting Assembly Bill No. 187, and this committee is made up of the representatives of the State's major banks. I have letters here which I wish to submit to you, they are short—may I read them:

NEVADA BANKERS ASSOCIATION
Reno, Nevada

February 3, 1965

MR. ARTHUR OLSEN, *Chairman*
Committee on Banking, Insurance, and Corporations
Nevada State Assembly

DEAR MR. OLSEN: Enclosed is a letter signed by six Members of the Legislative Committee of the Nevada Bankers Association in reference to the divestiture bill, A. B. 187, which has been submitted to your committee.

Mr. R. O. Kwapil signed the letter as a member of the legislative committee, but the following day requested that his signature be withdrawn.

Mr. M. A. Smith, chairman of the committee, decided that he did not want to sign the letter unless the entire committee executed it; and, inasmuch as Mr. Kwapil requested that his signature be withdrawn, felt that he should not sign it.

The letter reflects the actual resolution that was passed at the December 10, 1964, meeting of the Legislative Committee of the Nevada Bankers Association.

Very truly yours,

N. E. SPOTTISWOODE, *President*

I have here the second letter which includes the name of Mr. Kwapil, which he later asked to have withdrawn. I must say, in all fairness, ladies and gentlemen, that Mr. Prior, President of the Security National Bank of Nevada, whose name is on this letter and did not withdraw it, though he later issued a statement at the hearing that he personally was in favor of the bill.

This letter is signed by the President of the Nevada Bank of Commerce, the Senior Vice President of the Nevada State Bank, the President of the Valley Bank of Nevada, and the President of the Bank of Las Vegas.

NEVADA BANKERS ASSOCIATION
Reno, Nevada

January 28, 1965

MR. ARTHUR OLSEN, *Chairman*
Committee on Banking, Insurance, and Corporations
Nevada State Assembly

DEAR MR. OLSEN: The undersigned, the Legislative Committee of the Nevada Bankers Association, would like to inform you and your committee that, on December 10, 1964, the legislative committee voted not to take any action to

obtain passage of any divestiture statute that would compel savings and loan holding companies to divest themselves of all holdings other than operating savings and loan associations.

It has been brought to our attention that a divestiture bill, A. B. 187, has been submitted to your committee. The Legislative Committee of the Nevada Bankers Association wishes to advise you and your committee that it is not taking any action to obtain the passage of A. B. 187.

Respectfully submitted:

LEGISLATIVE COMMITTEE
NEVADA BANKERS ASSOCIATION

M. A. SMITH, *President*
Bank of Nevada

R. M. PRIOR, *President*
Security National Bank of Nevada

R. O. KWAPIL, *Senior Vice President & Trust Officer,*
First National Bank of Nevada

D. B. BATES, *President*
Nevada Bank of Commerce

ROBERT SULLIVAN, *President*
Valley Bank of Nevada

WILLIAM W. ROGERS, JR., *Senior Vice Pres.*
Nevada State Bank

E. PARRY THOMAS, *President*
Bank of Las Vegas

I think it is natural to ask the question at this point as to why the state-chartered banks and savings and loans are not interested in the passage of this bill.

The reason is obvious. National banks are not under the control of this Legislature, but of the federal government. But legislation can be passed affecting state-chartered institutions. This bill could well be the beginning of other bills restricting the business activities of state institutions while the big giant, First National Bank, remains untouchable.

To me this bill is intolerable, and instigated by special interests. Because for the first time, First National really has some big time competition, should we legislate it away? Because owners of the title insurance companies and agents of life insurance companies have new competition, should we legislate this competition away? It was interesting that the original bill (that was first put in your books) though it prohibited First Western Financial from having a title company, it allowed it to conduct an insurance agency; however, after its introduction and at the insistence of some insurance interests, even the insurance agency is now prohibited. Could this have been done for another vote or two?

The accusation of monopoly has been made from time to time. Monopoly is a relative term. Its use depends, sometimes, on whose ox is being gored. Let me give you some examples of how a corporation, like First Western Financial Corporation, with the alert and competent management that a big company can provide, with strong capitalization and the ability to withstand periods of low profit for long run benefits.

Until First Western came into the picture, all of Humboldt County was served by one bank. There is now a branch of Nevada Bank of Commerce there furnishing competition for the benefit of the people.

The people of Elko County were never able to get long term conventional real estate financing until First Western Savings and Loan established a branch there.

The people in White Pine County were in the same position, but worse. They did not even have a title company. The population was too small to support an independent savings and loan and an independent title company. However, First Western, by being able to provide both, is in a position to give both these services to this area.

You have heard the argument that a corporation such as First Western Financial is dangerous because it increases the problem of supervision. Ladies

and gentlemen, how much supervision is wanted? First Western and its affiliates are presently supervised by the following agencies:

The Federal Home Loan Bank, The Securities and Exchange Commission, The Federal Savings and Loan Insurance Corporation, The Federal Deposit Insurance Corporation, The Federal Reserve System, The Nevada Insurance Commissioner, The State Supervisor of Banks, and the State Savings and Loan Commissioner.

In this connection, no other state in the union has seen fit to pass a law of this kind. By tradition, and for practical reasons, regulations of holding companies involving financial institutions which take advantage of federal insurance have been left in the hands of the federal government, and the federal government has not seen fit to pass a law like this.

Let me remind you, that First Western Financial Corporation is a Nevada corporation, one of two major Nevada corporations with the honor of being listed on the New York Stock Exchange. It is not a fly-by-night or irresponsible organization. It has brought over $200,000,000 (two hundred million dollars) into this State from 56 foreign countries and all of the 49 other states, and every cent of this has been used to build NEVADA.

First Life Insurance Company is one of very few Nevada-based insurance companies. The insurance it offers is available to the qualified agents throughout this State. The First Title Insurance Company has established and hopes to continue establishing offices in communities in this State never before served.

First Western Savings and Loan is bringing to communities for the first time, long term conventional financing for homes and commercial properties which has never been available before.

The Nevada Bank of Commerce, one of our older institutions in this State, is the oldest bank in the State of Nevada. It is guided and managed by some of the most respected people in Northern Nevada—people with years of experience in Nevada's fiscal problems, men like Harvey Sewell and Don Bates.

This is the combination of companies this bill would destroy and for whom and for what? Vicious things have been said in print—like the fact that First Western Financial suffered a financial loss last year. It wasn't explained that the holding company is a nude corporation. It, in itself, does not make money except through its subsidiaries. When a financial statement is made for this nude company, of course, it shows a loss, for it shows little or no revenue: only the expenses of the administration and the services it offers its subsidiaries.

I wish to point out to you that last year, the subsidiaries of First Western Financial Corporation made over $6½ million and for whom? Thousands of stockholders, hundreds of which are Nevada citizens.

If this bill is passed, and this is the type of thing that outside financiers see that this State is capable of doing to a company which becomes competitive, then the reaction will be obvious. What kind of welcoming mat are we holding out to outside investment? Even since this bill has been introduced, it has affected the market.

I urge you to vote "NO" on Assembly Bill No. 187 out of fairness to thousands of stockholders, who have confidence in this company, and out of your spirit of ethics and fair play, and for the good of the State of Nevada.

SECOND READING AND AMENDMENT

Assembly Bill No. 107.

Bill read second time.

The following amendments were proposed by the Committee on Banking, Insurance, and Corporations:

Amendment No. 268.

Amend Section 1, page 1, line 2, by striking out the figure "4," and inserting in lieu thereof the figure "9,".

Amendment No. 269.

Amend the bill as a whole by striking out Sections 2 to 5, inclusive, on pages 1 and 2, in their entirety and inserting in lieu thereof the following:

"SEC. 2. *The term "equity security" when used in Sections 2 to 9, inclusive, of this act means:*

1. Any stock or similar security; or

2. Any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or

3. Any such warrant or right; or

4. Any other security which the commissioner deems to be of similar nature and considers necessary or appropriate, by such rules and regulations as he may prescribe in the public interest or for the protection of investors, to treat as an equity security.

SEC. 3. *Every person who is directly or indirectly the beneficial owner of more than 10 percent of any class of any equity security of a domestic stock insurance company, or who is a director or an officer of such company, shall:*

1. File in the office of the commissioner on or before January 31, 1966, or within 10 days after he becomes such beneficial owner, director, or officer, a statement, in such form as the commissioner may prescribe, of the amount of all equity securities of such company of which he is the beneficial owner; and

2. Within 10 days after the close of each calendar month thereafter, if there has been a change in such ownership during such month, shall file in the office of the commissioner a statement, in such form as the commissioner may prescribe, indicating his ownership at the close of the calendar month and such changes in his ownership as have occurred during such calendar month.

SEC. 4. *1. For the purpose of preventing the unfair use of information which may have been obtained by such beneficial owner, director, or officer by reason of his relationship to such company, any profit*

realized by him from any purchase and sale, or any sale and purchase, of any equity security of such company within any period of less than 6 months, unless such security was acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the company, irrespective of any intention on the part of such beneficial owner, director, or officer in entering into such transaction of holding the security purchased or of not repurchasing the security sold for a period exceeding 6 months.

2. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the company, or by the owner of any security of the company in the name and in behalf of the company if the company fails or refuses to bring such suit within 60 days after request or fails diligently to prosecute the same thereafter; but no such suit shall be brought more than 2 years after the date such profit was realized.

3. This section shall not be construed to cover any transaction where such beneficial owner was not such both at the time of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the commissioner by rules and regulations may exempt as not comprehended within the purpose of this section.

SEC. 5. *It is unlawful for any such beneficial owner, director, or officer, directly or indirectly, to sell any equity security of such company if the person selling the security or his principal:*

1. Does not own the security sold; or

2. If the owner of the security, does not deliver it against such sale within 20 days thereafter, or does not within 5 days after such sale deposit it in the mails or other usual channels of transportation,

but no person shall be deemed to have violated this section if he proves that notwithstanding the exercise of good faith he was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense.

SEC. 6. *1. The provisions of Section 4 of this act shall not apply to any purchase and sale, or sale and purchase, and the provisions of Section 5 of this act shall not apply to any sale, or an equity security of a domestic stock insurance company not then or theretofore held by him in an investment account, by a dealer in the ordinary course of his business and incident to the establishment or maintenance by him of a primary or secondary market (otherwise than on an exchange as defined in the Securities Exchange Act of 1934) for such security.*

2. The commissioner may, by such rules and regulations as he deems necessary or appropriate in the public interest, define and prescribe terms and conditions with respect to securities held in an investment account and transactions made in the ordinary course of business and incident to the establishment or maintenance of a primary or secondary market.

SEC. 7. *The provisions of Sections 3, 4, and 5 of this act shall not apply to foreign or domestic arbitrage transactions unless made in contravention of such rules and regulations as the commissioner may adopt in order to carry out the purposes of Sections 2 to 9, inclusive, of this act.*

SEC. 8. *The provisions of Sections 3, 4, and 5 of this act shall not apply to equity securities of a domestic stock insurance company if:*

1. Such securities are registered, or are required to be registered, pursuant to Section 12 of the Securities Exchange Act of 1934, as amended; or

2. Such domestic stock insurance company has not any class of its equity securities held of record by 100 or more persons on the last business day of the year next preceding the year in which equity securities of the company would be subject to the provisions of Sections 3, 4, and 5 of this act except for the provisions of this subsection 2.

SEC. 9. *1. The commissioner shall have the power to make such rules and regulations as may be necessary for the execution of the functions vested in him by Sections 2 to 8, inclusive, of this act, and may for such purpose classify domestic stock insurance companies, securities and other persons or matters within his jurisdiction.*

2. No provision of Sections 3, 4, and 5 of this act imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the commissioner, notwithstanding that such rule or regulation may, after such act or omission, be amended or rescinded or determined by judicial or other authority to be invalid for any reason.

SEC. 10. This act shall become effective on September 1, 1965."

Amendment No. 270.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act to amend Chapter 682 of NRS, relating to domestic insurance companies, by adding new sections concerning insider trading of domestic stock insurance company equity securities; defining the term "equity security"; requiring certain beneficial owners of equity securities to file statements with the Commissioner of Insurance; authorizing legal actions for the recovery of profits and declaring certain conduct unlawful; providing exceptions; and providing other matters properly relating thereto."

Bill ordered reprinted, engrossed, and to third reading.

Assembly Bill No. 109.

Bill read second time.

The following amendments were proposed by the Committee on Banking, Insurance, and Corporations:

Amendment No. 394.

Amend Section 1, page 1, by striking out line 3 in its entirety and inserting in lieu thereof the following: "foreign or alien company domiciled in any other state shall be".

Amendment No. 395.

Amend Section 1, page 1, by striking out line 15 in its entirety and inserting in lieu thereof the following:

"(c) *That if the state or country in which such company is domiciled*

imposes any premium, income or other taxes, or any fees, fines, penalties, licenses, deposit requirements, or other material obligations, prohibitions, or restrictions upon Nevada insurers or their agents doing business, or who might seek to do business, in such state or country, which in the aggregate exceed any taxes, fees, fines, penalties, licenses, deposit requirements, or other obligations, prohibitions or restrictions imposed directly by the laws of this State upon similar insurers of such other state or country, then such company shall, so long as such laws of the state or country of its domicile are so enforced or applied against Nevada insurers or their agents, as a condition precedent for admittance to this State, satisfy obligations, prohibitions, and restrictions equal to such obligations, prohibitions, and restrictions imposed by the state or country of its domicile against Nevada insurers or their agents.

(d) That any such company authorized to write insurance classified".

Amendment No. 396.

Amend Section 1, page 2, by striking out line 13 in its entirety and inserting in lieu thereof the following:

"[(d)] *(e)* That a nonprofit hospital association may be admitted subject".

Amendment No. 397.

Amend the title of the bill by striking out the last two lines of the title in their entirety and inserting in lieu thereof the following: "and alien insurance companies to do business in this State, by providing that obligations and restrictions imposed upon Nevada insurers and their agents by states of domicile of foreign or alien companies be also imposed upon such companies applying for admission to this State; and providing other matters properly relating thereto."

Amend Sec. 61, page 7, by striking out lines 2 to 19, inclusive, in their entirety and inserting in lieu thereof the following: *"filed for public record and inspection in the office of the clerk or secretary of the governing body, in the office of the county clerk, in the office of the Nevada Tax Commission, and, in the case of school districts, in the office of the State Department of Education. The governing body shall, at the time of filing the tentative budget, give notice of the time and place of a public hearing on the tentative budget and shall cause a notice of such hearing to be published once at least 7 days prior to the date set for such hearing, setting forth:*

(a) The time and place of the public hearing.

(b) A tentative budget prepared in such detail and on appropriate forms as prescribed by the Nevada Tax Commission, whose duty it shall be to prescribe such forms for the use of local governments.

(c) A statement indicating where copies of the tentative budget are on file and available for public inspection.

2. Budget hearings for county budgets shall be held on the 3d Monday in April; budget hearings for cities shall be held on the 3d Tuesday in April; budget hearings for school districts shall be held on the 3d Wednesday in April; budget hearings for all other local governments shall be held on the 3d Thursday in April, except that county commissioners may consolidate the hearing on all local government budgets administered by them with the county budget hearing to be held on the 3d Monday in April.

3. A copy of the tentative budget and notice of public hearing shall be submitted to the Nevada Tax Commission, and in the case of school districts also to the Superintendent of Public Instruction, on or before March 16.

4. The Nevada Tax Commission shall examine the submitted documents for compliance with law and with appropriate regulations and shall submit to the governing body at least 3 days prior to the public hearing a written certificate of compliance or a written notice of lack of compliance. The written notice shall indicate the manner in which the submitted documents fail to comply with law or appropriate regulations. The notice or certificate shall be read at the public hearing.

5. Whenever the governing body receives from the Nevada Tax Commission a notice of lack of compliance, the governing body shall forthwith proceed to amend the tentative budget to effect compliance with the law and with the appropriate regulation."

Amendment No. 745.

Amend Sec. 62, page 7, by striking out lines 25 to 31, inclusive, in their entirety and inserting in lieu thereof the following:

"*2. At the public hearing, the governing body shall first amend the budget to conform to the requirement of the Nevada Tax Commission and shall indicate other changes, if any, to be made in the tentative budget, and shall adopt a final budget by the favorable votes of a majority of all members of the governing body. The final budget shall be adopted on or before April 30 of each year. Should the governing body fail to adopt a final budget on or before the required date, the budget adopted and approved by the Nevada Tax Commission for the current year, adjusted as to content and rate in such manner as the Nevada Tax Commission may consider necessary, shall automatically become the budget for the ensuing fiscal year. When a budget has been so adopted by default, the governing body may not reconsider such budget without the express approval of the Nevada Tax Commission. If such a default budget creates a combined ad valorem tax rate in excess of the constitutional limit, the Nevada Tax Commission shall adjust such budget as provided in subsection 2 of NRS 361.455.*"

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, March 17, 1965

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 6.

LEOLA H. ARMSTRONG
Secretary of the Senate

MOTIONS, RESOLUTIONS, AND NOTICES

Mr. Speaker pro Tempore instructed the Chief Clerk to read the following report:

March 16, 1965

To the Honorable Speaker and Members of the Assembly:

LADIES AND GENTLEMEN: On February 9, 1965, pursuant to Assembly Resolution No. 9, which authorized an inquiry into the past and present activities, receipts, and disbursements of Nevada Wing 96 of the Civil Air Patrol in order to inform the Legislature of the present conditions of the Civil Air Patrol and to aid it in its consideration of A. B. 255, which deals in part with distribution of certain moneys to the Civil Air Patrol, the Speaker of the Assembly appointed a special committee consisting of the undersigned three members, Norman Glaser, Harley Leavitt, and James Wood, to make an immediate study of the management, administration, fiscal matters, and related aspects of Nevada Wing 96 of the Civil Air Patrol and to report to the Assembly upon the completion of such study.

The committee did not have sufficient time or members to explore in depth into the financial affairs of the wing, nor did it require an audit because limitation of time would not allow an adequate audit. The committee did, however, interview various persons who were either members of the wing or persons who had knowledge concerning the operations of the wing.

As a result of the committee's study, the following findings are made:

1. There is an obvious discontentment and dissension among the staff, officers, and members of Nevada Wing 96 of the Civil Air Patrol.

2. As a result of this fact, there is an accompanying deterioration of morale within the wing.

3. This situation seems to be caused by several factors, including:

(a) The headquarters of the wing is in an unsatisfactory location in downtown Reno.

(b) There were implications that the administration and operation of the wing is controlled by a small clique.

(c) Cash discrepancies exist in one of the operating funds.

4. Testimony before the committee in respect to financial affairs revealed the following:

(a) The wing records, including financial records and canceled checks, covering a period of 2 years, have disappeared.

(b) The funds of the wing are kept in two operating accounts at different banks. All membership dues are deposited into one account which in addition to operations is used for the acquisition of aircraft. The funds of the other operating account are derived from legislative appropriation and are not to be used for aircraft acquisition.

(c) The financial affairs of the wing are audited annually by a public accountant. This limited auditing service appears inadequate because in a test period of 9 months, approximately $2,900 from the operating account supported by membership dues disappeared and is unaccounted for.

5. Although the committee was not able to pursue the matter of missing records and unaccounted for funds, it found evidence generally of mismanagement, poor judgment, and misuse of funds.

The committee respectfully makes the following recommendations:

1. That the provisions of A. B. 255 providing for an allocation of a portion of the unrefunded gas tax moneys to Nevada Wing 96 of the Civil Air Patrol be approved, but that the funds be held in the State Treasurer's office in a Civil Air Patrol fund and be drawn only by authorized warrants and paid in the same manner as other claims against the State.

This recommendation is made in spite of the unfavorable findings of the committee because it is the feeling of the committee that the function of the Civil Air Patrol in the State of Nevada warrants, justifies, and is of such major importance that appropriations should continue to be made in order that search and rescue missions may be properly carried out.

2. That the National Civil Air Patrol headquarters institute a thorough and comprehensive audit of the financial procedures and fiscal affairs of Nevada Wing 96 of the Civil Air Patrol for the years 1962 to 1964, inclusive.

NORMAN GLASER
HARLEY LEAVITT
JAMES WOOD

Mr. Wood moved that the Assembly adopt the report of the special committee relating to Nevada Wing 96 of the Civil Air Patrol.

Motion carried.

By Mr. Valentine:

Assembly Joint Resolution No. 33—Proposing to amend Section 3 of Article 1, Sections 5 and 9 of Article 2, Sections 1, 3, 4, 6, 7, 8, 12, 13, 14, 15, 18, 23, 28, 33, and 35 of Article 4, Sections 4, 9, 17, and 20 of Article 5, Section 2 of Article 6, Sections 1 and 3 of Article 7, and Sections 1 and 2 of Article 16 of the Constitution of the State of Nevada, relating to the legislative authority of the State, trial by jury, voing in elections, recall of public officers, Members of the Assembly, Senators, house rules and judging of own members, punishment of nonmembers, eligibility of legislators to certain offices, filling vacancies, quorum, journal, open sessions, reading of bills, enacting clause of bills, legislative officers and employees, members' compensation, procedure for passage and approval of bills, canvass of election returns, Special Sessions of Legislature, Lieutenant Governor, Secretary of State, Supreme Court, impeachments, removal of judges, constitutional amendment procedure and convention for revision of Constitution, by providing that the Legislature shall be composed of one house, by providing for the election of members, their terms of office and the number thereof, and by making further constitutional amendments required by the change to a one-house Legislature; and to repeal Section 13 of Article 1, Sections 5 and 16 of Article 4, Section 11 of Article 5, Section 6 of Article 15, Sections 6, 10, and 12 of Article 17 of the Constitution of the State of Nevada, relating to the manner of apportioning representation, number of legislators, method of originating bills, adjournment of Legislature, apportionment of legislators, terms of legislators and length of Legislative Sessions.

Mr. Valentine moved that the resolution be referred to the Committee on State, County, and City Affairs.

Motion carried.

Remarks by Mr. Kean.

Amendments adopted.

Amendment No. 1219.

Amend Sec. 7, page 2, by striking out lines 40 to 47, inclusive, in their entirety and inserting in lieu thereof the following:

"SEC. 7. NRS 609.030 is hereby amended to read as follows:

609.030 1. With respect to the employment of females in private employment in this State, it is the sense of the Legislature that the health and welfare of female persons required to earn their livings by their own endeavors require certain safeguards as to hours of service and compensation therefor.

2. The health and welfare of the female workers of this State are of concern to the State and the wisdom of the ages dictates that reasonable hours, not to exceed 8 hours in any 1 day, and 6 days in any calendar week, so as to provide a day of rest and recreation in each calendar week, are necessary to such health and welfare, and, further, that compensation for the work and labor of female workers must be sufficient to maintain that health and welfare.

3. The policy of this State is hereby declared to be:

(a) That 8 hours in any 1 13-hour period, and not more than 48 hours in any 1 calendar week, and not more than 6 days in any calendar week, are the maximum number of hours and days female workers

shall be employed in private employment, with certain exceptions; and

(b) That not less than the rate of [$1] *$1.10* for 1 hour, or [$8] *$8.80* for 1 day of 8 hours, or [$48] *$52.80* for 1 week of 6 days of 8 hours each, shall be paid such female workers under the age of 18 years in this State; and

(c) That [until September 3, 1964, no less than the rate of $1.125 for 1 hour, or $9 for 1 day of 8 hours, or $54 for 1 week of 6 days of 8 hours each, and that on and after September 3, 1964, no] *not* less than [$1.15] *$1.25* for 1 hour or [$9.20] *$10* for 1 day of 8 hours, or [$55.20] *$60* for 1 week of 6 days of 8 hours each, shall be paid such female workers 18 years of age or over in this State."

Amendment No. 1220.

Amend Sec. 8, pages 2 and 3, by striking out lines 48 to 50, inclusive, on page 2 and lines 1 and 2 on page 3 in their entirety and inserting in lieu thereof the following:

"SEC. 8. NRS 609.040 is hereby amended to read as follows:

609.040 1. It shall be unlawful for any person, firm, association, or corporation or any agent, servant, employee, officer of any such firm, association, or corporation to employ, cause to be employed, or permit to be employed, or contract with, cause to be contracted with, or permit to be contracted with, any female under the age of 18 years at or for a lesser wage than [$1] *$1.10* per hour, or [$8] *$8.80* for 1 day of 8 hours, or [$48] *$52.80* for 1 week of 6 days of 8 hours each.

2. It shall be unlawful for any person, firm, association, or corporation or any agent, servant, employee, officer of any such firm, association, or corporation to employ, cause to be employed, or permit to be employed, or contract with, cause to be contracted with, or permit to be contracted with any female 18 years of age or older [until September 3, 1964, at or for a lesser wage than $1.125 per hour, or $9 for 1 day of 8 hours, or $54 for 1 week of 6 days of 8 hours each, and on and after September 3, 1964,] at or for a lesser wage than [$1.15] *$1.25* per hour, or [$9.20] *$10* for 1 day of 8 hours, or [$55.20] *$60* for 1 week of 6 days of 8 hours each."

Amend Sec. 9, page 3, by striking out lines 3 to 10, inclusive, in their entirety and inserting in lieu thereof the following:

"SEC. 9. NRS 609.060 is hereby amended to read as follows:

609.060 1. During a probationary period of not to exceed 3 consecutive months, the employer and his employee or employees may stipulate that the provisions of NRS 609.010 to 609.180, inclusive, which provide a wage of [$1] *$1.10* per hour or [$8] *$8.80* or more for 1 day of 8 hours or less, or [$48] *$52.80* or more for 1 week of 48 hours or less, for females under the age of 18 years, and a wage of [$1.125 per hour or $9 or more for 1 day of 8 hours or less, or $54 or more for 1 week of 48 hours or less until September 3, 1964, and a wage of $1.15] *$1.25* per hour, or [$9.20] *$10* or more for 1 day of 8 hours or less, or [$55.20] *$60* or more for 1 week of 48 hours or less, [on and after September 3, 1964], for females 18 years of age or older, shall not apply; but in all such cases where such a stipulation has been entered into, the employer shall pay to such female employees under the age of 18 years not less than $7 for 1 day of not more than 8 hours, or $42 for 1 week

of 6 days of not more than 8 hours each, and shall pay to such female employees 18 years of age or older not less than $8 for 1 day of not more than 8 hours, or $48 for 1 week of 6 days of not more than 8 hours each. All other provisions of NRS 609.010 to 609.180, inclusive, shall in all other respects govern hours and wages of female employees during the stipulated probationary period.

2. At the end of such probationary period the employer shall deliver to such employee a statement in writing certifying to such probationary service, and no employee having served such probationary period shall ever be required to serve any other probationary period by the same employer regardless of differences in the type of work, or by another employer where such employment is of a similar nature as the services performed during the probationary period.

3. If any employer shall have had accorded to him the privilege of reading a certificate of former service and probationary period of a female employee at the time of the beginning of such employment, in those actions at law in which the similar nature of the work to that certified to in the certificate of the former employer is in issue, the presumption shall be that the work assigned to the female by the second employer is of a similar nature to that certified to by the former employer of the female of which such employer shall have received notice in the manner hereinabove designated, and the burden of proof shall be upon the employer to show the contrary.

4. The fact that any female employee shall have been paid for her services with any employer, from the time of the beginning of her employment, an amount at least equal to the minimum amounts named in NRS 609.010 to 609.180, inclusive, shall not relieve the employer at the close of the period of service of the employee of 3 months of service from the obligation to deliver to the female a certificate as hereinabove provided, in which he shall certify as to the type of the employment and time that such female has been under his employment, together with other information that he may deem to be just to such employee, as well as to future prospective employers."

Amendment No. 1222.

Amend Sec. 10, page 3, by striking out lines 11 to 21, inclusive, in their entirety and inserting in lieu thereof the following:

"SEC. 10. Nothing contained in this act shall be construed to affect the provisions of or impair any obligation of any contract in effect on July 1, 1965, relating to the compensation of male and female employees in this State, and in this regard the provisions of this act are to be applied prospectively."

Amendment No. 1223.

Amend the bill as a whole by striking out Sections 11 to 15, inclusive, in their entirety.

Amendment No. 1224.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act relating to minimum wages for men and women; to amend Chapter 608 of NRS, relating to compensation and hours of work of employees, by adding new sections providing a minimum wage for men in private employment; providing exceptions and procedures for enforcement; imposing duties

upon district attorneys and the Attorney General; and providing penalties; to amend NRS Sections 609.030, 609.040, and 609.060, relating to wages, hours, and working conditions of female employees, by increasing minimum wages for women; and providing other matters properly relating thereto."

Amendment No. 680.

Amend the bill as a whole by adding thereto two new sections to be designated Sections 8 and 9, which shall immediately follow Section 7 on page 2 and shall read as follows:

"SEC. 8. *1. The director shall appoint an assistant director who shall:*

(a) Act as the secretary of the State Committee on Federal Land Laws as provided in Section 3 of this act;

(b) Prepare an interim study on state land problems under the direction of the director as provided in Section 9 of this act; and

(c) Perform such other duties as may be designated by the director.

2. The assistant director shall:

(a) Be in the unclassified service of the State notwithstanding the provisions of NRS 232.060 or 284.140 or any other law; and

(b) Receive such salary as is fixed by the director within the limits of appropriations made by law.

SEC. 9. *1. The assistant director appointed pursuant to the provisions of Section 8 of this act shall, under the direction of the director, make a study of and prepare a report on state land problems. The required study shall include, but is not limited to:*

(a) An evaluation of state lands, which will determine insofar as possible the existing and future needs for such lands by state agencies and institutions.

(b) The preparation of a plan for the disposition, transfer, or retention of such lands.

(c) The results of investigations concerning the possibilities of exchanging state lands with the federal government or the acquisition of additional lands under existing federal statutes.

2. The director shall transmit the report to the 1967 Session of the Legislature. The report shall:

(a) Suggest legislative action to be taken concerning state lands in accordance with the plan.

(b) Recommend to the Legislature any changes in state land laws which may be necessary to insure the most equitable solution to the State's land problems.

(c) Evaluate existing problems concerning lands held in the names of state agencies and institutions and make recommendations for correction.

(d) Relate what revisions in procedure have been made or which will be made in the office of the State Land Register to effect the greatest efficiency in implementing the plan.

3. Except as otherwise provided in this subsection, and notwithstanding the provisions of Chapters 321, 322, and 323 of NRS, the State Land Register shall not sell, lease, or exchange any state lands until the report required by subsection 2 is transmitted to the Legislature and the Legislature, by concurrent resolution thereafter adopted, authorizes the resumption of sales, leases, or exchanges. The limitations of this subsection shall not apply to prohibit the effectiveness of any special acts of the 1965 Legislature authorizing the State Land Register to convey specifically-described lands owned by the State to school districts or corporations sole."

Amendment No. 681.

Amend the title of the bill by striking out the last line of the title in its entirety and inserting in lieu thereof the following: "providing for the appointment, compensation, and duties of an assistant director of the State Department of Conservation and Natural Resources; providing that such assistant director will act as secretary of the State Committee on Federal Land Laws and make a study and report of state land problems; imposing a moratorium on the sale, lease, and exchange of state lands; and providing other matters properly relating thereto."

REMARKS FROM THE FLOOR

Mr. Gibson requested that the following remarks be entered in the Journal:

Mr. Speaker and Members of the Assembly:

Last night at the conclusion of a few hours of overtime, which was not necessarily voluntary, I made some remarks. With all the marvelous scientific developments of this wonderful day in which we live, no one has yet developed a device for recalling remarks which are once made and later regretted. If there were such a device on the market, I would like to own one at this moment. My remarks were uncalled for, they were made in the frustration I felt about a situation which should be corrected, but apparently cannot be. I am sorry for what I said. I hope those who were offended by those remarks will forgive me for them. While I cannot recall them from the ears of those who heard them, I do apologize to all of you for making them.

GUESTS EXTENDED PRIVILEGE OF ASSEMBLY FLOOR

On request of Mr. Gibson, the privilege of the floor of the Assembly Chamber for this day was extended to Mr. Lou LaPorta.

On request of Mr. Jacobsen, the privilege of the floor of the Assembly Chamber for this day was extended to Mr. Melvin Jacobsen.

MESSAGE FROM THE GOVERNOR

THE STATE OF NEVADA

EXECUTIVE CHAMBER

CARSON CITY, March 22, 1965

MR. WILLIAM D. SWACKHAMER, *Speaker, Nevada State Assembly*

DEAR MR. SPEAKER: In my message to this Session of the Legislature I took the position that current revenues would adequately support existing levels of state programs. My position remains the same. I am advised, however, that some new programs and expenditures outside of the scope of the budget presented to you are being considered. I am also aware that a number of revenue producing measures have been introduced. It is not my purpose to interfere with the legislative process, but in light of the developments during this session it seems proper that I make my position clear with respect to some of these matters.

You may recall that in my message I stated that we must continue to keep the gaming industry under constant surveillance in the area of taxation. We must be as sure as reason will permit us to be to see that gaming pays its proper share. We, as well, must not tax this industry, or any other, out of business.

I have been carefully following the deliberations of the money committees and I am aware that you are considering a number of revenue producing measures principally for the purpose of additional aid to local governments and education. Although I do not believe that you are seriously considering a sales tax increase, I must say to you that at the present time I am opposed to an increase in the sales tax. I sincerely doubt the wisdom or fairness of increasing this tax at this time. I have some reservations about ever increasing it until the tax is removed from food and drugs.

If, in your judgment, additional revenues are now needed because of pending legislation I feel strongly that we should look first to the resort hotel and gaming industry. I would, therefore, propose that this Legislature consider the imposition of a cabaret tax of 10 percent on food and beverages served in any establishment while there is live entertainment of more than one performer. There is presently an identical federal tax of 10 percent and prior to 1960 the federal tax was 20 percent. Establishments affected, therefore, have experience with such a tax.

I feel reasonably confidant that the resort hotel and gaming industry recognizes its obligation to assume its fair share of the tax burden.

Such a tax should produce more than $3 million annually. If, in your opinion, it is necessary to seek new revenues, I respectfully recommend that this proposal be considered first.

Respectfully yours,

GRANT SAWYER, *Governor*

"SEC. 24.5. *1. In the event subsequent retail installment purchases are made by a buyer from a seller, such subsequent retail installment purchases may, by agreement of the parties, be consolidated with a prior retail installment contract. The time price differential for such consolidated contract shall not, however, exceed the aggregate of the time price differential for:*

(a) The original contract and any extension thereof by virtue of such consolidation; and

(b) The subsequent installment purchase or purchases.

2. In the event of such consolidation, in lieu of the buyer's executing a retail installment contract respecting each subsequent purchase, it shall be sufficient if the seller prepares a written memorandum of each such subsequent purchase, in which case the provisions of Sections 17, 18, and 19 of this act shall not be applicable. Unless previously furnished in writing to the buyer by the seller, by sales slip, memorandum or otherwise, such memorandum shall set forth with respect to each subsequent purchase the items set forth in paragraphs

(a) to (f), inclusive, of subsection 1 of Section 19 of this act, and in addition:

(a) The unpaid balance of the previous contract or contracts;

(b) The consolidated unpaid balance;

(c) The amount of the time price differential;

(d) The consolidated time balance; and

(e) The revised installments applicable to the consolidated time balance, if any, in accordance with Section 19 of this act.

The seller shall deliver to the buyer a copy of such memorandum prior to the due date of the first installment of such consolidated contract.

3. When a subsequent purchase is made, the entire amount of all payments made previous thereto shall be applied toward the payment of the previous time sale price or time sale prices. Each payment thereafter received shall be allocated to all of the various time sale prices in the same ratio as the original cash sale prices of the various purchases bear to one another. However, the amount of any initial or down payment on the subsequent purchase shall be allocated in its entirety to such purchase.

4. A retail installment contract may be contained in more than one document, if one such document is an original document signed by the retail buyer, stated to be applicable to purchases of goods or services to be made by the retail buyer from time to time. In such case such document, together with the sales slip, account book or other written statement relating to each purchase shall set forth all of the information required by Section 19 of this act and shall constitute the retail installment contract for each purchase. On each succeeding purchase pursuant to such original document, the sales slip, account book, or other written statement may at the option of the seller constitute the memorandum required by this section."

Amendment No. 1317.

Amend Sec. 25, page 5, line 26, by striking out the words "*carrying charge*" and inserting in lieu thereof the words "*time price differential*".

CRYSTAL BAY DEVELOPMENT CO.

INCLINE VILLAGE, LAKE TAHOE, March 25, 1965

MR. WM. D. SWACKHAMER, *Speaker of the Nevada Assembly*

DEAR SIR: Crystal Bay Development Co., developers of Incline Village, cordially invites the Members of the Assembly and their wives to cocktails and dinner at the Chataux, Friday, March 26, 1965.

This invitation extends all evening, but it would be well for the members that can attend to drive over before dark. If this is not convenient, they can locate the Chataux by the searchlight beam located there.

Further, all members are invited to be our guests to play golf on the Incline Village Golf Course any time they might wish. The member will identify himself at the pro shop and will receive full privileges, including the use of golf carts. We are proud of the world's greatest golf course and our entire development and sincerely hope that the golf playing Members of the Assembly will see fit to be our guests as often as possible.

Sincerely yours,

CRYSTAL BAY DEVELOPMENT CO.
ARTHUR L. WOOD, *President*

"SEC. 2. NRS 387.127 is hereby amended to read as follows:

387.127 1. From [July 1, 1963, until July 1, 1965,] *July 1, 1965, until July 1, 1967,* whenever the State Board of Education finds that any school district, actually employing 45 or less certified employees and for which there has been levied the maximum local tax of $1.50 for operating costs as authorized by law (and not including any special tax authorized by the provisions of NRS 387.290), [and in which school district the county average ratio of assessed valuation of property to true valuation computed pursuant to the provisions of NRS 387.200 is equal to or greater than the state average,] cannot meet its budget requirements, the State Board of Education is authorized to make special quarterly apportionments, not to exceed a sum equal to $125 multiplied by the number of certified employees actually employed by the school district, from the State Distributive School Fund, payable at the same time as regular apportionments are paid, except that in school districts employing 45 or less certified employees which meet the conditions specified above in this subsection in which the assessed valuation per pupil is less than $16,000 per pupil, the State Board of Education is authorized to make special quarterly apportionments not to exceed a sum equal to $375 multiplied by the number of certified employees actually employed by the school district [.] *, but in no case shall the certified employees exceed the number of certified employees used in the calculations made during the school year commencing July 1, 1964, and ending June 30, 1965.*

2. On and after [July 1, 1964, and until July 1, 1965,] *July 1, 1965, and until July 1, 1967,* whenever the State Board of Education finds that any school district:

(a) Which actually employs not less than 46 or more than 150 certified employees; and

(b) For which there has been levied the maximum local tax of $1.50 for operating costs as authorized by law (and not including any special tax authorized by the provisions of NRS 387.290); and

(c) [In which the county average ratio of assessed valuation of property to true valuation computed pursuant to the provisions of NRS 387.200 is equal to or greater than the state average; and

(d)] In which the assessed valuation per pupil in average daily attendance is less than $16,000; and

[(e)] *(d)* In which the proportion of federal funds received under the provisions of Public Law 874, 81st Congress, approved September 30, 1950, as amended, is less than 25 percent of the funds available to the school district from the State Distributive School Fund, cannot meet its budget requirements, the State Board of Education is authorized to make special quarterly apportionments, not to exceed a sum equal to $145 multiplied by the number of certified employees actually employed by the school district, from the State Distributive School Fund, payable at the same time as regular apportionments are made.

3. The State Board of Education is authorized to make regulations necessary to carry out the provisions of this section. *No regulation made pursuant to the authority granted in this subsection shall authorize in any 1 school year the allocation of an amount greater than the amount allocated during the school year commencing July 1, 1964, and ending June 30, 1965."*

Amendment No. 1613.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act to amend NRS Sections 387.125 and 387.127, relating to regular and special apportionments of the State Distributive School Fund, by authorizing state financial aid to school districts based upon 100 percent of the actual number of certified regular classroom teachers to which the school districts are entitled notwithstanding that such school districts have not employed 100 percent of the authorized certified regular classroom teachers; providing for the payment of special quarterly apportionments from the State Distributive School Fund to financially distressed school districts under certain conditions during the school years 1965–67; and providing other matters properly relating thereto."

The following amendment was proposed by Mr. Alleman:

Amendment No. 1672.

Amend Sec. 23, page 36, by striking out lines 10 to 21, inclusive, in their entirety and inserting in lieu thereof the following:

"*Section 3.5. Primary Municipal Election.*

1. A primary municipal election shall be held in the city on the 1st Tuesday after the 1st Monday in May 1965, and on the 1st Tuesday after the 1st Monday in May of every year thereafter in which a general municipal election is to be held, at which time there shall be nominated candidates for offices to be voted for at the next general municipal election.

2. A candidate for any office to be voted for at:

(a) The primary municipal election to be held on the 1st Tuesday after the 1st Monday in May 1965 shall file an affidavit of candidacy with the city clerk between 9 a.m. on April 5, 1965, and 5 p.m. on April 16, 1965.

(b) A primary election held after the 1st Monday in May 1965 shall file an affidavit of candidacy with the City clerk not less than 30 nor more than 40 days before the day of the primary municipal election.

The city clerk shall charge and collect from the candidate and the candidate shall pay to the city clerk, at the time of filing the affidavit of candidacy, a filing fee in an amount fixed by the council by ordinance. All filing fees so collected by the city clerk shall be deposited to the credit of the general fund of the city.

3. All candidates shall be voted upon by the registered voters of the city at large.

4. If in the primary municipal election one candidate receives more than a majority of votes cast in that election for the office for which he is a candidate his name alone shall be placed on the ballot for the general municipal election. If in the primary municipal election no candidate receives a majority of votes cast in that election for the office for which he is a candidate, the names of the two candidates receiving the highest numbers of votes shall be placed on the ballot for the general municipal election. In the case of candidates for city councilman, if two candidates each receive more than a majority of the votes cast for that office, their names alone shall be placed on the ballot for the general municipal election; otherwise, the names of the four candidates receiving the highest number of votes shall be placed on such ballot."

Mr. Alleman moved the adoption of the amendment.

The following amendment was proposed by Mr. Alleman:

Amendment No. 1673.

Amend the bill as a whole by adding thereto a new section to be designated Section 27, which shall immediately follow Section 26 and shall read as follows:

"SEC. 27. Section 3 of Chapter II of the above-entitled act, being Chapter 283, Statutes of Nevada 1953, as last amended by Chapter 447, Statutes of Nevada 1963, at page 1208, is hereby amended to read as follows:

Section 3. Officers, Election of; *General Municipal* Election, When and How Held; Councilmen. The elective officers of the City of North Las Vegas [, consisting of the mayor, four councilmen, and the municipal court judge, elected or appointed prior to March 28, 1957, shall go out of office and their terms shall expire on the Tuesday after the election to be held on the 1st Tuesday after the 1st Monday in May, 1957, it being the intention to require the election of all elective officers in the manner hereinafter provided at the election to be held in May 1957, notwithstanding the fact that such elective officers may have been elected or appointed to fill unexpired terms for periods of time extending beyond the Tuesday after the election to be held on the 1st Tuesday after the 1st Monday in May 1957. On the 1st Tuesday after the 1st Monday in May 1957, and at each successive interval of 4 years, there] shall be elected by the qualified voters of the City of North Las Vegas, at a general election to be held [for that purpose, a mayor, in and for the city, who shall hold office for a period of 4 years, and until his successor shall have been elected and qualified. At the election on the 1st Tuesday after the 1st Monday in May 1957, there shall be elected by the qualified voters of the city, four councilmen who have received the largest number of votes cast in the city at such election; provided, however, that the two councilmen receiving the greatest percentage of votes in the city shall hold office for a period of 4 years, and the remaining two councilmen shall hold office for a period of 2 years, thus giving the city a mayor and two councilmen with a 4-year term, and two councilmen with a 2-year term. At the end of the 2 years, the two councilmen who run and are successfully elected shall have a term of office of 4 years, thereby creating a hold-over type of council.] *on the 1st Tuesday after the 1st Monday in June 1965, and on the same day every 2 years thereafter. At the general municipal election in 1965 a mayor and two councilmen shall be elected, each for a term of 4 years and until his successor is elected and qualified; and at the general municipal election in 1967, two councilmen shall be elected, each for a term of 4 years and*

until his successor is elected and qualified. There shall also be elected at each biennial election one municipal court judge who shall be elected in the same manner as the mayor and council and who shall serve for a 2-year period and until his successor shall have been elected and qualified, at such salary as may be fixed by the city council. In the event of any tie, the results shall be determined by lot. [On the 1st Tuesday after the 1st Monday in May 1959, and each successive interval of 2 years thereafter, there shall be elected in the city at large by the qualified voters of the city, two councilmen who shall hold office for 4 years and until their successors shall have been elected and qualified.] The city council of the city shall order the general election, and shall determine the places in the city for the holding of the same, and the mayor of the city shall make proclamation thereof, and otherwise the election and the manner of holding of the same shall be governed by the laws of the State of Nevada governing general elections so far as the same may be applicable thereto; and in the event there should be any failure on the part of the general election laws of the State to provide for some features of the city election in the city, the council of the City of North Las Vegas shall have the power to provide for such deficiency."

GENERAL FILE AND THIRD READING

Assembly Bill No. 141.
Bill read third time.
The following amendments were proposed by the Committee on Judiciary:
Amendment No. 1718.
Amend Section 1, page 1, by striking out lines 3 and 4 in their entirety and inserting in lieu thereof the following:
"Any order or decree of adoption entered after July 1, 1963, and before July 1, 1965, by a court of competent jurisdiction".
Mr. Valentine moved the adoption of the amendment.
Remarks by Mr. Valentine.
Amendment adopted.

Amendment No. 1719.

Amend the bill as a whole by adding on page 2 following line 23 the following:

"SEC. 4. NRS 127.280 is hereby amended to read as follows:

127.280 [1. As early as practicable before the placement of a child in the home of his prospective adopting parents for the 30-day residence in such home required by NRS 127.110 prior to the filing of a petition for adoption, notification of such placement shall be given to the Welfare Division of the Department of Health and Welfare by:

(a) Any person proposing to make the placement; and

(b) The prospective adopting parents of the child.

2. If such placement is to be made by a licensed child-placing agency, the division shall retain such notification for informational purposes only. If such placement is to be made by any other person, the division shall, as soon as practicable, conduct an investigation of the medical, mental, financial, and moral background of the prospective adopting parents to determine the suitability of the proposed placement. Such investigation shall also embrace any other relevant factor relating to the qualifications of the prospective adopting parents, but shall not be a substitute for the investigation conducted by the Welfare Division of the Department of Health and Welfare on behalf of the court under NRS 127.120 when an application for adoption is pending.

3. If, in the opinion of the division, the proposed placement is detrimental to the interests of the child, the division shall file an application with the district court for an order prohibiting such placement. If the court determines that the placement should be prohibited, it may in its discretion order the return of the child to the care and control of his natural parents, but if the parental rights of such parents have been terminated by a relinquishment or a final order of a court of competent jurisdiction or if the parents refuse to accept the child, then the court may order the placement of the child with the Welfare Division of the Department of Health and Welfare or with any licensed child-placing agency for adoption.]

1. Except where a child and one of the prospective adopting parents are related within the third degree of consanguinity, no child shall be placed in the home of prospective adopting parents for the 30-day residence in such home required by NRS 127.110 prior to the filing of a petition for adoption unless the Welfare Division of the Department of Health and Welfare, hereinafter in this section referred to as the Welfare Division, first receives written notice of the proposed placement from:

(a) The prospective adopting parents of the child; or

(b) The person recommending such placement; or

(c) A licensed child-placing agency,

and until the investigation required by the provisions of this section has been completed.

2. If such placement is to be made by a licensed child-placing agency, the Welfare Division shall make no investigation and shall retain the written notice for informational purposes only.

3. If such placement is recommended by a person other than a licensed child-placing agency, the Welfare Division shall, within 60 days after receipt of the written notice, complete an investigation of the medical, mental, financial, and moral backgrounds of the prospective adopting parents to determine the suitability of the home for placement of the child for adoption. The investigation shall also embrace any other relevant factor relating to the qualifications of the prospective adopting parents, but shall not be a substitute for the investigation required to be conducted by the Welfare Division on behalf of the court under NRS 127.120 when a petition for adoption is pending.

4. Pending completion of the required investigation, the child shall be retained by the natural parent or parents or shall be relinquished to the Welfare Division and placed by the Welfare Division in a foster home licensed by it until a determination is made by the Welfare Division concerning the suitability of the prospective adopting parents.

5. Upon completion of the investigation, the Welfare Division shall forthwith inform the person recommending such placement and the prospective adopting parents of the Welfare Division's decision to approve or deny the placement. If, in the opinion of the Welfare Division, the prospective adoptive home is:

(a) Suitable, the child shall be relinquished to the Welfare Division, if not relinquished pursuant to the provisions of subsection 4, for placement and adoption in the home of the prospective adopting parents.

(b) Unsuitable or detrimental to the interests of the child, the Welfare Division shall file an application in the district court for an order prohibiting such placement. If the court determines that the placement should be prohibited, the court may in its discretion order the return of the child to the care and control of his natural parent or parents, but if the parental rights of such parent or parents have been terminated by a relinquishment or a final order of a court of competent jurisdiction or if the parent or parents do not wish to accept the child, then the court may order the placement of the child with the Welfare Division or with any licensed child-placing agency for adoption.

6. Whenever the Welfare Division believes that a person has received for the purposes of adoption or permanent free care a child not related by blood, and when the written notice required by subsection 1 has not been received, the Welfare Division shall make an investigation. Upon completion of the investigation, if the home is found suitable for the child, the prospective adopting parents shall be allowed 6 months from the date of completion of the investigation to file a petition for adoption. If a petition for adoption is not filed within such time a foster home license shall thereafter be issued by the Welfare Division if the home meets established standards. If, in the opinion of the Welfare Division, the placement is detrimental to the interests of the child, the Welfare Division shall file an application with the district court for an order for the removal of the child from

the home. If the court determines that the child should be removed, the court shall proceed pursuant to the provisions of subsection 5."

Mr. Valentine moved that the word "or" be changed to the word "and" in subsection 1(a), line 6, page 3 of Amendment No. 1719, and that the amendment be adopted, as amended.

Motion carried and Amendment No. 1719 adopted, as amended.

Amendment No. 1720.

Amend the title of the bill by striking out the title in its entirety and inserting in lieu thereof the following: "An Act to amend Chapter 127 of NRS and NRS Sections 127.110, 127.240, and 127.280, relating to adoption of children and adoption procedures, by adding a new section validating adoption orders and decrees entered by courts where there has not been full compliance with certain statutes; by requiring the petition for adoption to allege compliance with certain statutes before entry of an adoption decree may be had; including agents, servants, physicians, and attorneys of parents or guardians within the class of persons required to be licensed to place children for adoption; by changing the procedure required for placing of children in homes of prospective adopting parents; and providing other matters properly relating thereto."

Amend Sec. 9, pages 4 and 5, by striking out lines 42 to 50, inclusive, on page 4 and lines 1 to 30, inclusive, on page 5 and inserting in lieu thereof the following:

"37.020 *1.* The following is a classification of the estates and rights in lands subject to be taken for public use:

[1.] *(a)* A fee simple, when taken for public buildings or grounds, or for permanent buildings, for reservoirs and dams, and permanent flooding occasioned thereby, or for an outlet for a flow, or a place for the deposit of debris or tailings of a mine, mill, smelter or other place for the reduction of ores [.

2.] *, or for any of the following purposes:*

(1) For rights-of-way for both present and future needs for highways and streets of all types.

(2) For exchanging the same for other real property to be used for rights-of-way and including such real property, interests therein and improvements thereon to avoid the payment of excessive damages.

(3) For relocating structures which are in the path of a projected highway or street.

(4) For sites for administrative, storage, communications, maintenance, recreational, and historical purposes and necessary appurtenances in connection with such sites.

(5) For material sites, including the use of sand, gravel, or other roadway material from material sites obtained through option, lease, or purchase; also to obtain water which may be necessary for the construction and maintenance of such highways and streets and their appurtenances.

(6) For the culture and support of trees and other flora which will benefit such highways and streets in any way, including the increasing of the scenic beauty of such highways and streets.

(7) For drainage in connection with any highway or street.

(8) For the maintenance of an unobstructed view of any portion of a highway or street so as to promote the safety of the traveling public.

(9) For the placement of directional signs and other signs, construction of fences, curbs, barriers, and obstructions as may be necessary for the safety and convenience of the traveling public.

(10) For constructing and maintaining highway or street cut and fill slopes.

(11) For the avoidance of litigation or damages, when the acquisition of part of a parcel of real property for any of the purposes enumerated above would leave the remainder of the parcel in such

shape and condition as to be of little value to its owner or give rise to claims or litigation concerning damages.

(b) An easement, when taken for any other use.

2. No water or water rights may be taken or appropriated for any of the uses enumerated in subparagraphs (5) and (6) of paragraph (a) of subsection 1 unless the agency or governing body taking or appropriating such water or water rights first executes an agreement with the owner or owners thereof or is awarded such water or water rights in a legal action in eminent domain.

3. Nothing contained in this section shall be construed to prevent an owner of water or water rights from commencing an action for inverse condemnation."

SECOND READING AND AMENDMENT

Assembly Bill No. 388.

Bill read second time.

The following amendments were proposed by the Committee on Ways and Means.

Amendment No. 1707.

Amend Sec. 5, page 2, by striking out line 15 in its entirety and inserting in lieu thereof the following: "deposited in the Land Acquisition Revolving Fund in the State Treasury."

Amendment No. 1708.

Amend Sec. 6, page 2, by striking out lines 17 to 21, inclusive, in their entirety and inserting in lieu thereof the following: "the Department of Highways, may acquire by purchase or condemnation any real

property which the State Highway Engineer deems necessary for improvements or future needs of the state highway system."

Amendment No. 1709.

Amend Sec. 7, page 2, line 23, by striking out the word "purchase" and inserting in lieu thereof the word "acquire".

Mr. Kean moved the adoption of the amendments.

Remarks by Mr. Kean.

Amendments adopted.

Amendment No. 1710.

Amend Sec. 8, page 2, by striking out lines 24 to 27, inclusive, in their entirety and inserting in lieu thereof the following:

"SEC. 8. There is hereby established the Land Acquisition Revolving Fund in the State Treasury. All payments for real property acquired by the department pursuant to this chapter shall be made from such fund, and all proceeds from the sale of such property shall be deposited in such fund. Moneys in the revolving fund shall not revert to the General Fund, and may be used only as provided in this chapter. Moneys may be provided to the fund:

1. By direct legislative appropriation;

2. By transfer, at the discretion of the board of directors of the Department of Highways, from the State Highway Fund; or

3. By borrowing from the Public Employees' Retirement Fund, at such reasonable rate of interest, not to exceed 5 percent, as may be approved by the State Board of Finance. The amount outstanding of loans from the Public Employees' Retirement Fund to the Land Acquisition Revolving Fund shall never exceed $5,000,000. The director is authorized to secure such loans by pledging the full faith and credit of the State of Nevada to their payment."

Mr. Kean moved the adoption of the amendment.

Remarks by Messrs. Knisley and Gibson.

Amendment adopted.

Amendment No. 1711.

Amend Sec. 9, page 2, by striking out lines 28 to 37, inclusive, in their entirety and inserting in lieu thereof the following:

"SEC. 9. 1. When real property held by the department under the provisions of this chapter is conveyed to the Department of Highways, the original cost to the department, plus any interest paid on funds borrowed and minus any net rents from the property, shall be reimbursed from the State Highway Fund to the Land Acquisition Revolving Fund. Where less than all of a parcel originally acquired is so conveyed, "cost of acquisition" means:

(a) That proportion of the original cost to the department which the market value of the portion so conveyed bears to the market value of the whole at the time of conveyance, if the remaining portion is retained by the department.

(b) The original cost minus the amount received for the portion sold, if the portion not so conveyed has previously been sold by the department.

2. Real property acquired under this chapter which is not needed for highway purposes may be sold by the department, subject to the

same restrictions as are imposed upon the Department of Highways by subsections 1 and 2 of NRS 408.999."

Amendment No. 1712.

Amend the bill as a whole by adding thereto two new sections designated Sections 10 and 11, which shall immediately follow Section 9 and shall read as follows:

"SEC. 10. Chapter 286 of NRS is hereby amended by adding thereto a new section which shall read as follows:

The board may invest and reinvest the moneys in its funds in loans to the Land Acquisition Revolving Fund of the Department of Administration, secured by the full faith and credit of the State of Nevada as provided in Section 8 of this act.

SEC. 11. Chapter 408 of NRS is hereby amended by adding thereto a new section which shall read as follows:

To facilitate the advance acquisition of real property for highway purposes, the board may in its discretion transfer moneys from the State Highway Fund to the Department of Administration, to be used as provided in Sections 2 to 9, inclusive, of this act."

Amendment No. 1713.

Amend the title of the bill by striking out the last three lines in their entirety and inserting in lieu thereof the following: "property for future highway needs; creating the Land Acquisition Revolving Fund and providing for receipts and disbursements; to amend Chapter 286 of NRS, relating to public employees' retirement, by authorizing loans from the Public Employees' Retirement Fund to the Land Acquisition Revolving Fund; to amend Chapter 408 of NRS, relating to highways and roads, by authorizing transfers from the State Highway Fund to the Land Acquisition Revolving Fund; and providing other matters properly relating thereto."

Amendment No. 1821.

Amend Sec. 2, pages 1 and 2, by striking out lines 7 to 24, inclusive, on page 1 and lines 1 to 11, inclusive, on page 2 in their entirety and inserting in lieu thereof the following:

"1. In determining the full cash value of real property, the county assessor and county board of equalization shall give weight to each of the following factors for which information is available:

(a) The price at which the property was sold to the present owner, plus any improvements made by him and minus any depreciation applicable to buildings and other improvements.

(b) The market value of the property, as evidenced by comparable sales in the vicinity.

(c) In addition to the value of the land, the replacement cost of any buildings or other improvements less a reasonable allowance for depreciation computed according to the estimated life of such buildings and improvements.

(d) The value of the property derived from the capitalization, at a rate of return not less than 5.5 percent nor more than 8 percent, of the net income which could reasonably be expected from the rental of the property, taking due account of its location.

(e) The value of the property for the use to which it is actually put during the fiscal year of assessment.

2. Any taxpayer may furnish to the county assessor information concerning any one or more of the factors enumerated in subsection 1, and if he does so, shall furnish such additional information as the county assessor may reasonably require. If the taxpayer does not so furnish information, the determination of value by the county assessor shall be rebuttably presumed to be correct.

3. The county assessor shall, upon request of the owner, furnish within 10 days to any owner of property a statement of the value computed by each method prescribed in subsection 1, and of the items used in each such computation.

4. In determining the full cash value of a merchant's or dealer's stock in trade, the county assessor shall use the average value over the 12 months immediately preceding the date of assessment. For this purpose, the county assessor may require from such merchant or dealer a verified report of the value of his stock in trade at any time or reasonable number of times during the year."

Amendment No. 1822.

The following amendments were proposed by a Select Committee of the Assemblymen from Clark County:

Amendment No. 1924.

Amend the bill as a whole by striking out Sections 1 to 6, inclusive, in their entirety and inserting in lieu thereof the following:

"SECTION 1. The Board of County Commissioners of Clark County is hereby authorized to sell the real and appurtenant personal property, situated in Clark County, Nevada, and comprising the Southern Nevada Memorial Hospital, upon compliance with the requirements set forth in Sections 2 to 6, inclusive, of this act.

SEC. 2. Before availing itself of the authority conferred by this act, the board shall first adopt a preliminary resolution:

1. Declaring its intention to consider the sale of such hospital;

2. Setting the date for a public hearing upon such sale, which shall be held not less than 30 nor more than 60 days after the date of adoption of such resolution; and

3. Directing the publication prior to such hearing, at least once each week for 3 consecutive weeks in a newspaper of general circulation in Clark County, of a notice stating that such sale is proposed and giving the date, time, and place of the public hearing to be held.

SEC. 3. After the conclusion of the public hearing and any adjournments thereof, if it desires to proceed further with such sale, the board of county commissioners shall adopt a further resolution:

1. Setting forth the findings of fact upon which the decision to sell is based;

2. Appointing three qualified, disinterested appraisers, at least two of whom shall be members of the American Institute of Real Estate Appraisers or the American Society of Appraisers, to determine the fair market value of the hospital property; and

3. Providing for submission of the question of sale to the electorate in compliance with Section 4 of this act.

SEC. 4. If a resolution of the form prescribed by Section 3 of this act is adopted by the board, and after the fair market value of the property has been determined by the appraisers, the question shall be submitted to the registered voters of Clark County at the next ensuing county-wide primary or general election in substantially the following form:

"Shall the Southern Nevada Memorial Hospital be sold at a price of $.....?" The amount to be inserted as the price shall be the fair market value determined by the appraisers.

SEC. 5. 1. If a majority of the votes cast upon the issue are cast against the proposed sale, the board of county commissioners shall proceed no further. If a majority of the votes cast upon the issue are cast in favor of the proposed sale, the board may proceed with negotiations as provided in this section.

2. In evaluating an offer to purchase the hospital which may be received from any person, firm, or corporation, the board shall obtain the opinion of the district attorney or, in its discretion, of other qualified legal counsel concerning the amount of money or value of property previously donated to the hospital as a charitable or public institution which would, in case of sale to each offeror, be required to be returned to the donor or his heirs or otherwise restricted from disposition under the provisions of this act by the doctrine of cy-pres. The board shall consider such amount or value as a deduction from the purchase price, and shall select the best offer accordingly.

3. If one or more offers at least equal to the appraised value are received, after selecting the best offer, the board may consummate the sale upon such terms of credit or otherwise as it may deem best.

SEC. 6. 1. All proceeds of such sale shall be deposited, in the order of priority of obligation, in the appropriate sinking fund or funds to retire all general obligation bonds issued for the acquisition or improvement of the hospital, until full provision has been made for the payment of principal and interest in full.

2. Any further proceeds shall be deposited in a special fund in the county treasury of Clark County and shall be restricted in their use to the construction of a new county hospital.

SEC. 7. Nothing in this act relieves Clark County from its continuing responsibility for the care of indigent persons as provided in Chapter 428 of NRS."

Amendment No. 1925.

Amend the bill as a whole by renumbering Sections 7 and 8 as Sections 8 and 9, respectively.

Amendment No. 1926.

Amend the title of the bill by striking out the second and third lines of the title in their entirety and inserting in lieu thereof the following: "sell the premises and facilities known as the Southern Nevada Memorial Hospital; imposing certain conditions no such sale;".

REMARKS FROM THE FLOOR

Mr. Alleman requested that the following remarks be entered in the Journal:

For the record I would like to make this statement.

Today you have defeated my motion to move A. B. No. 1, the Reapportionment Bill, from the Chief Clerk's desk to the General File for consideration on the next legislative day. I wish the record to show that I personally believe that this is the most important problem that the people of the State of Nevada have asked us to consider at this Session of the Legislature. I also want the record to show that I feel that this is the feeling that I have obtained, since I have been here—that the issue is being evaded. No bill for reapportionment has been considered to its conclusion, killed, defeated, or passed.

I contend that A. B. No. 1 is still on the Chief Clerk's desk, and if we leave this bill on the Chief Clerk's desk, that it is tantamount to taking no action on reapportionment. Now, I believe that the people that elected me to this office wholeheartedly believed that each and every one of us was going to come to Carson City and do our utmost to solve this problem at this Session of the Legislature, and that I believe that it is our duty to pass some form of reapportionment bill.

I want the record to show clearly that I have never voted against A. B. No. 1. That I voted "Aye" and then changed my vote for the purpose of asking for reconsideration, to be able to amend this bill, to require districting of the larger counties—Washoe and Clark—and, at this time I urge this body to place A. B. No. 1 on the General File for the next legislative day and consider it to its full conclusion.

Mr. Palludan requested that the following remarks be entered in the Journal:

My people sent me here *not* to vote for any reapportionment.

Mr. Gibson requested that the following remarks be entered in the Journal:

Assembly Bill No. 644 authorizes the appropriations from the General Fund for the next 2 fiscal years of approximately $114 million. The point that I would like to place on the record is the fact that this is *not* a balanced budget but it is within our revenue and assets, available for expenditure, during that time. At the end of that period, it is my own estimate which, at this point is as good as anyone else's estimate, we will have approximately $4,200,000 balance in our General Fund which is very close, and precariously close, to the lowest limit that we feel is sensible in the operation of the financial affairs in our state government.

The point that concerns me about this budget, but which we have not been successful in overcoming, is that this budget proposes a declining balance, by that I mean that the balance will be reduced by a million dollars in each of the next 2 fiscal years. This means that the next Session of the Legislature, merely to hold present programs at the present level of expenditures, will have to come up with at least $4 million of new tax revenue, and this is the point I would like to put in the record and make sure that everyone understands, so that those who come back will appreciate the fact that they are faced with this condition.

It seems to me quite probable that the next Legislature will face a very critical problem in the area of school financing, and that there is no question at all that major tax increases for the General Fund will be necessary in order to meet the programs which have been established by this budget.

I would like to say that in reviewing the budget we have attempted very seriously to eliminate those items which we feel have not been justified to the extent of causing greater stress on our financial ability. We were faced with a budget which proposed increasing the level of employment in state government at approximately 15 percent. We were successful in eliminating a major portion of these new positions; however, there are increased positions in the budget, there are increases in existing programs that we think are well justified, and we feel that we can recommend this budget to you because of the fact that it will keep the balance in our treasury within the limits which we have sought to protect in the past. Now, on that basis, we would ask you to support the budget which is herein presented.
