6. Unless the regulations adopted pursuant to NRS 616C.110 provide otherwise, a rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. Except in the case of claims accepted pursuant to NRS 616C.180, no factors other than the degree of physical impairment of the whole person may be considered in calculating the entitlement to compensation for a permanent partial disability.

7. The rating physician or chiropractic physician shall provide the insurer with his or her evaluation of the injured employee. After receiving the evaluation, the insurer shall, within 14 days, provide the employee with a copy of the evaluation and notify the employee:

(a) Of the compensation to which the employee is entitled pursuant to this section; or

(b) That the employee is not entitled to benefits for permanent partial disability.

8. Each 1 percent of impairment of the whole person must be compensated by a monthly payment:

(a) Of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981;

(b) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after July 1, 1981, and before June 18, 1993;

(c) Of 0.54 percent of the claimant's average monthly wage for injuries sustained on or after June 18, 1993, and before January 1, 2000; and

(d) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after January 1, 2000.

➥ Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

9. Compensation benefits may be paid annually to claimants who will be receiving less than $100 a month.

10. If there is a previous disability, the percentage of disability for a subsequent injury must be determined pursuant to NRS 616C.099.

11. In the event of a dispute over an award of compensation for permanent partial disability, the insurer shall commence making installment payments to the injured employee for that portion of the award that is not in dispute:

(a) Not later than the date by which such payment is required pursuant to subsection 8 or 9, as applicable; and

(b) Without requiring the injured employee to make an election whether to receive his or her compensation in installment payments or in a lump sum.

12. The Division may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

13. The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

14. This section does not entitle any person to double payments for the death of an employee and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

15. The Administrator shall prepare and publish on the Internet website of the Division an annual report which contains:

(a) The name of each rating physician or chiropractic physician who was selected in the immediately preceding year to conduct an evaluation to determine the extent of an employee's disability pursuant to this section; and

(b) For each rating physician or chiropractic physician identified pursuant to paragraph (a):

(1) The number of times the rating physician or chiropractic physician was selected to conduct an evaluation to determine the extent of an employee's disability; and

(2) The number of evaluations that the rating physician or chiropractic physician completed.

Sec. 18. **NRS 616C.495 is hereby amended to read as follows:**

616C.495 1. Except as otherwise provided in NRS 616C.380, an award for a permanent partial disability may be paid in a lump sum under the following conditions:

(a) A claimant injured on or after July 1, 1973, and before July 1, 1981, who incurs a disability that does not exceed 12 percent may elect to receive his or her compensation in a lump sum. A claimant injured on or after July 1, 1981, and before July 1, 1995, who incurs a disability that does not exceed 30 percent may elect to receive his or her compensation in a lump sum.

(b) The spouse, or in the absence of a spouse, any dependent child of a deceased claimant injured on or after July 1, 1973, who is not entitled to compensation in accordance with NRS 616C.505, is entitled to a lump sum equal to the present value of the deceased claimant's undisbursed award for a permanent partial disability.

(c) Any claimant injured on or after July 1, 1981, and before July 1, 1995, who incurs a disability that exceeds 30 percent may elect to receive his or her compensation in a lump sum equal to the present value of an award for a disability of 30 percent. If the claimant elects to receive compensation pursuant to this paragraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 30 percent.

(d) Any claimant injured on or after July 1, 1995, and before January 1, 2016, who incurs a disability that:

(1) Does not exceed 25 percent may elect to receive his or her compensation in a lump sum.

(2) Exceeds 25 percent may:

(I) Elect to receive his or her compensation in a lump sum equal to the present value of an award for a disability of 25 percent. If the claimant elects to receive compensation pursuant to this sub-subparagraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 25 percent.

(II) To the extent that the insurer has offered to provide compensation in a lump sum up to the present value of an award for disability of 30 percent, elect to receive his or her compensation in a lump sum up to the present value of an award for a disability of 30 percent. If the claimant elects to receive compensation pursuant to this sub-subparagraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 30 percent.

(e) Any claimant injured on or after January 1, 2016, and before July 1, 2017, who incurs a disability that:

(1) Does not exceed 30 percent may elect to receive his or her compensation in a lump sum.

(2) Exceeds 30 percent may elect to receive his or her compensation in a lump sum equal to the present value of an award for a disability of 30 percent. If the claimant elects to receive compensation pursuant to this subparagraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 30 percent.

(f) Any claimant injured on or after July 1, 2017, who incurs a disability that exceeds 30 percent may elect to receive his or her compensation in a lump sum equal to the present value of an award for a disability of up to 30 percent. If the claimant elects to receive compensation pursuant to this paragraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 30 percent.

(g) If the permanent partial disability rating of a claimant seeking compensation pursuant to this section would, when combined with any previous permanent partial disability rating of the claimant that resulted in an award of benefits to the claimant, result in the claimant having a total permanent partial disability rating in excess of 100 percent, the claimant's disability rating upon which compensation is calculated must be reduced by such percentage as required to limit the total permanent partial disability rating of the claimant for all injuries to not more than 100 percent.

2. If the claimant elects to receive his or her payment for a permanent partial disability in a lump sum pursuant to subsection 1, all of the claimant's benefits for compensation terminate. Except as otherwise provided in paragraph (d), the claimant's acceptance of that payment constitutes a final settlement of all factual and legal issues in the case. By so accepting the claimant waives all of his or her rights regarding the claim, including the right to appeal from the closure of the case or the percentage of his or her disability, except:

(a) The right of the claimant to:

(1) Reopen his or her claim in accordance with the provisions of NRS 616C.390; or

(2) Have his or her claim considered by his or her insurer pursuant to NRS 616C.392;

(b) Any counseling, training or other rehabilitative services provided by the insurer;

(c) The right of the claimant to receive a benefit penalty in accordance with NRS 616D.120; and

(d) The right of the claimant to conclude or resolve any contested matter which is pending at the time that the claimant executes his or her election to receive his or her payment for a permanent partial disability in a lump sum. The provisions of this paragraph do not apply to:

(1) The scope of the claim;

(2) The claimant's stable and ratable status; and

(3) The claimant's average monthly wage.

3. The claimant, when he or she demands payment in a lump sum pursuant to subsection 2, must be provided with a written notice which prominently displays a statement describing the effects of accepting payment in a lump sum of an entire permanent partial disability award, any portion of such an award or any uncontested portion of such an award, and that the claimant has 20 days after the mailing or personal delivery of the notice within which to retract or reaffirm the demand, before payment may be made and the claimant's election becomes final.

4. Any lump-sum payment which has been paid on a claim incurred on or after July 1, 1973, must be supplemented if necessary to conform to the provisions of this section.

5. Except as otherwise provided in this subsection, the total lump-sum payment for disablement must not be less than one-half the product of the average monthly wage multiplied by the percentage of disability. If the claimant received compensation in installment payments for his or her permanent partial disability before electing to receive payment for that disability in a lump sum, the lump-sum payment must be calculated for the remaining payment of compensation.

6. The lump sum payable must be equal to the present value of the compensation awarded, less any advance payment or lump sum previously paid. The present value must be calculated using monthly payments in the amounts prescribed in subsection 8 of NRS 616C.490 and actuarial annuity tables adopted by the Division. The tables must be reviewed annually by a consulting actuary and must be adjusted accordingly on July 1 of each year by the Division using:

(a) The most recent unisex "Static Mortality Tables for Defined Benefit Pension Plans" published by the Internal Revenue Service; and

(b) The average 30-Year Treasury Constant Maturity Rate for March of the current year as reported by the Board of Governors of the Federal Reserve System.

7. ***To calculate the present value of a lump sum payable to a claimant, the insurer shall use the actuarial annuity tables adopted by the Division that are in effect on the date on which the claimant elects payment in a lump sum.***

8. If a claimant would receive more money by electing to receive compensation in a lump sum than the claimant would if he or she receives installment payments, the claimant may elect to receive the lump-sum payment.

Sec. 19. Chapter 616D of NRS is hereby amended by adding thereto a new section to read as follows:

1. If the Administrator orders an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization to pay a benefit penalty pursuant to NRS 616D.120, the Administrator shall post on the Internet website of the Division:

(a) The full legal name of the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization;

(b) The amount of the benefit penalty imposed; and

(c) A brief description of the violation for which the benefit penalty was imposed.

2. The information required by subsection 1 must:

(a) Be published not more than 30 days after the date on which the time for taking an appeal on the order to impose the benefit penalty has elapsed or the date on which all appeals regarding the order have been exhausted and the order to impose the benefit penalty has been upheld, whichever is later.

(b) Remain posted on the Internet website of the Division for not less than 5 years after the date on which it is initially posted.

3. The Administrator shall establish and maintain on the Internet website of the Division a database which:

(a) Contains the information required by subsection 1;

(b) Is publicly accessible;

(c) Is searchable; and

(d) Is updated regularly.

Sec. 20. NRS 616D.120 is hereby amended to read as follows:

616D.120 1. Except as otherwise provided in this section, if the Administrator determines that an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization has:

(a) Induced a claimant to fail to report an accidental injury or occupational disease;

(b) Without justification, persuaded a claimant to:

(1) Settle for an amount which is less than reasonable;

(2) Settle for an amount which is less than reasonable while a hearing or an appeal is pending; or

(3) Accept less than the compensation found to be due the claimant by a hearing officer, appeals officer, court of competent jurisdiction, written settlement agreement, written stipulation or the Division when carrying out its duties pursuant to chapters 616A to 617, inclusive, of NRS;

(c) Refused to pay or unreasonably delayed payment to a claimant of compensation or other relief found to be due the claimant by a hearing officer, appeals officer, court of competent jurisdiction, written settlement agreement, written stipulation or the Division when carrying out its duties pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS, if the refusal or delay occurs:

(1) Later than 10 days after the date of the settlement agreement or stipulation;

(2) Later than 30 days after the date of the decision of a court, hearing officer, appeals officer or the Division, unless a stay has been granted; or

(3) Later than 10 days after a stay of the decision of a court, hearing officer, appeals officer or the Division has been lifted;

(d) Refused to process a claim for compensation pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS;

(e) Made it necessary for a claimant to initiate proceedings pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS for compensation or other relief found to be due the claimant by a hearing officer, appeals officer, court of competent jurisdiction, written settlement agreement, written stipulation or the Division when carrying out its duties pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS;

(f) Failed to comply with the Division's regulations covering the payment of an assessment relating to the funding of costs of administration of chapters 616A to 617, inclusive, of NRS;

(g) Failed to provide or unreasonably delayed payment to an injured employee or reimbursement to an insurer pursuant to NRS 616C.165;

(h) Engaged in a pattern of untimely payments to injured employees; or

(i) Intentionally failed to comply with any provision of, or regulation adopted pursuant to, this chapter or chapter 616A, 616B, 616C or 617 of NRS,

➥ the Administrator shall impose an administrative fine of $1,500 for each initial violation, or a fine of $15,000 for a second or subsequent violation.

2. Except as otherwise provided in chapters 616A to 616D, inclusive, or chapter 617 of NRS, if the Administrator determines that an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization has failed to comply with any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, the Administrator may take any of the following actions:

(a) Issue a notice of correction for:

(1) A minor violation, as defined by regulations adopted by the Division; or

(2) A violation involving the payment of compensation in an amount which is greater than that required by any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto.

➥ The notice of correction must set forth with particularity the violation committed and the manner in which the violation may be corrected. The provisions of this section do not authorize the Administrator to modify or negate in any manner a determination or any portion of a determination made by a hearing officer, appeals officer or court of competent jurisdiction or a provision contained in a written settlement agreement or written stipulation.

(b) Impose an administrative fine for:

(1) A second or subsequent violation for which a notice of correction has been issued pursuant to paragraph (a); or

(2) Any other violation of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, for which a notice of correction may not be issued pursuant to paragraph (a).

➥ The fine imposed must not be greater than $375 for an initial violation, or more than $3,000 for any second or subsequent violation.

(c) Order a plan of corrective action to be submitted to the Administrator within 30 days after the date of the order.

3. If the Administrator determines that a violation of any of the provisions of paragraphs (a) to (e), inclusive, (h) or (i) of subsection 1 has occurred, the Administrator shall order the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization to pay to the claimant a benefit penalty:

(a) Except as otherwise provided in paragraph (b), in an amount that is not less than ~~[$5,000]~~ ***$17,000*** and not greater than ~~[$50,000;]~~ ***$120,000;*** or

(b) Of $3,000 if the violation involves a late payment of compensation or other relief to a claimant in an amount which is less than $500 or which is not more than 14 days late.

4. To determine the amount of the benefit penalty, the Administrator shall consider the degree of physical harm suffered by the injured employee or the dependents of the injured employee as a result of the violation of paragraph (a), (b), (c), (d), (e), (h) or (i) of subsection 1, the amount of compensation found to be due the claimant and the number of fines and benefit penalties, other than a benefit penalty described in paragraph (b) of subsection 3, previously imposed against the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization pursuant to this section. The Administrator shall also consider the degree of economic harm suffered by the injured employee or the dependents of the injured employee as a result of the violation of paragraph (a), (b), (c), (d), (e), (h) or (i) of subsection 1. Except as otherwise provided in this section, the benefit penalty is for the benefit of the claimant and must be paid directly to the claimant within ~~[10]~~ ***15*** days after the date of the Administrator's determination. If the claimant is the injured employee and the claimant dies before the benefit penalty is paid to him or her, the benefit penalty must be paid to the estate of the claimant. Proof of the payment of the benefit penalty must be submitted to the Administrator within ~~[10]~~ ***15*** days after the date of the Administrator's determination unless an appeal is filed pursuant to NRS 616D.140 ~~[.]~~ ***and a stay has been granted.*** Any compensation to which the claimant may otherwise be entitled pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS must not be reduced by the amount of any benefit penalty received pursuant to this subsection. To determine the amount of the benefit penalty in cases of multiple violations occurring within a certain period of time, the Administrator shall adopt regulations which take into consideration:

(a) The number of violations within a certain number of years for which a benefit penalty was imposed; and

(b) The number of claims handled by the insurer, organization for managed care, health care provider, third-party administrator, employer or professional

employer organization in relation to the number of benefit penalties previously imposed within the period of time prescribed pursuant to paragraph (a).

5. In addition to any fine or benefit penalty imposed pursuant to this section, the Administrator may assess against an insurer who violates any regulation concerning the reporting of claims expenditures or premiums received that are used to calculate an assessment an administrative penalty of up to twice the amount of any underpaid assessment.

6. If:

(a) The Administrator determines that a person has violated any of the provisions of NRS 616D.200, 616D.220, 616D.240, 616D.300, 616D.310 or 616D.350 to 616D.440, inclusive; and

(b) The Fraud Control Unit for Industrial Insurance of the Office of the Attorney General established pursuant to NRS 228.420 notifies the Administrator that the Unit will not prosecute the person for that violation,

➥ the Administrator shall impose an administrative fine of not more than $15,000.

7. Two or more fines of $1,000 or more imposed in 1 year for acts enumerated in subsection 1 must be considered by the Commissioner as evidence for the withdrawal of:

(a) A certificate to act as a self-insured employer.

(b) A certificate to act as an association of self-insured public or private employers.

(c) A certificate of registration as a third-party administrator.

8. The Commissioner may, without complying with the provisions of NRS 616B.327 or 616B.431, withdraw the certification of a self-insured employer, association of self-insured public or private employers or third-party administrator if, after a hearing, it is shown that the self-insured employer, association of self-insured public or private employers or third-party administrator violated any provision of subsection 1.

9. If the Administrator determines that a vocational rehabilitation counselor has violated the provisions of NRS 616C.543, the Administrator may impose an administrative fine on the vocational rehabilitation counselor of not more than $250 for a first violation, $500 for a second violation and $1,000 for a third or subsequent violation.

10. The Administrator may make a claim against the bond required pursuant to NRS 683A.0857 for the payment of any administrative fine or benefit penalty imposed for a violation of the provisions of this section.

Sec. 21. NRS 616D.130 is hereby amended to read as follows:

Sec. 22. NRS 616D.140 is hereby amended to read as follows:

616D.140 1. If a person wishes to contest a decision of the Administrator to impose or refuse to impose a benefit penalty pursuant to NRS 616D.120, the person must file a notice of appeal with an appeals officer in accordance with this section. The notice of appeal must set forth the reasons the proposed benefit penalty should or should not be imposed.

After the expiration of the 120-day period after receipt of the complaint, the Administrator shall have no further jurisdiction to issue a determination concerning the complaint, and only the appeals officer shall have jurisdiction over the decision to impose or refuse to impose the benefit penalty.***

3. If a notice of appeal is not filed as required by this section, the imposition of or refusal to impose the benefit penalty shall be deemed a final order and is not subject to review by any court or agency.

4. A hearing held pursuant to this section must be conducted by the appeals officer as a hearing de novo. The appeals officer shall render a written decision on the appeal. Except as otherwise provided in this section, the provisions of NRS 616C.345 to 616C.385, inclusive, apply to an appeal filed pursuant to this section.

5. A benefit penalty imposed pursuant to NRS 616D.120 must be paid to the claimant on whose behalf it is imposed. If such a payment is not made within the period required by NRS 616D.120, the benefit penalty may be recovered in a civil action brought by the Administrator on behalf of the claimant in a court of competent jurisdiction in the county in which the claimant resides, in which the violation occurred or in which the person who is required to pay the benefit penalty has his or her principal place of business.

6. Any party aggrieved by a decision issued pursuant to this section by an appeals officer may appeal the decision directly to the district court.

7. If an appeals officer or district court renders a decision upholding the imposition of a benefit penalty, the insurer, organization for managed care, health care provider, third-party administrator, employer or professional

employer organization upon which the benefit penalty is imposed shall, not later than 30 days after the date on which the decision is rendered, unless an appeal is filed and a stay has been granted, pay to the claimant the benefit penalty in an amount equal to twice the amount of the benefit penalty initially imposed.

8. If a claimant enters into a settlement agreement with an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization concerning the amount of a benefit penalty owed to the claimant, the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization shall pay directly to the claimant the amount agreed upon in the settlement agreement not later than 15 days after the date on which the settlement agreement is made.

9. If an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization fails to pay a benefit penalty to a claimant within the time limits imposed by this section or subsection 4 of NRS 616D.120, the Commissioner may suspend, pending an investigation or any other disciplinary action, any certificate issued by the Commissioner to the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization, as applicable.

Section 16.3 of this bill requires the Secretary of State to prescribe the procedures to be followed and the requirements of the use of the system of approved electronic transmission by electors and voters who are detained in a county or city jail.~~**]**

Section 7 of this bill requires each county or city jail to: (1) provide each person detained in the jail with a reasonable amount of privacy to vote; (2) provide each person detained in the jail with a pen to vote his or her mail ballot; (3) allow the county clerk to establish a process for the collection of mail ballots in the jail; and (4) allow a person, under certain circumstances, to cure any defect in a signature on a mail ballot.

Section 8 of this bill requires each person who administers a county or city jail to submit a report to the Secretary of State not later than 30 days after each primary election, presidential preference primary election, general election, primary city election and general city election.

Sections 16.5 and 16.7 of this bill prohibit electioneering near the area of a county or city jail where a person detained in the jail may vote.

Legislative Counsel's Digest:

Existing law requires the Secretary of State to prescribe: (1) the form of all mail ballots; and (2) the placement and listing of all offices, candidates and measures upon which voting is statewide, which must be uniform throughout the State. (NRS 293.250) **Sections 1.5 and 4** of this bill require the form of all envelopes in which mail ballots are sent to voters and all return envelopes for mail ballots to, with certain exceptions, be uniform throughout the State. **Sections 1.5 and 4** also require the Secretary of State to prescribe a method for distinguishing the return envelopes of each county or city, as applicable.

Section 1 of this bill ~~[requires]~~ **authorizes** the Secretary of State to enter into ~~[a statewide contract]~~ **one or more contracts** for the purchase of all ballots and return envelopes used in ~~[a presidential preference primary election, primary election and general]~~ **any statewide and local** election **held** in this State. **Section 1** provides that if such a contract **or contracts** requires the vendor to distribute mail ballots on behalf of a county or city clerk, the contract **or contracts** must require the vendor to deposit the mail ballots for mailing at a location within this State. **Section 5.3** of this bill makes an appropriation to the Office of the Secretary of State to enter into such a contract ~~[.]~~ **or contracts.**

Section 1 further ~~[requires]~~ **authorizes** each **board of** county **commissioners** and **governing body of an incorporated** city ~~[clerk]~~ to **elect to** use the ballots and return envelopes purchased by the Secretary of State for ~~[such]~~ **all statewide and local** elections ~~[.]~~ **held in a given year by notifying the Secretary of State in writing not less than 8 months before the date of a presidential preference primary election in a presidential election year or primary election in any other election year. Section 5.5** of this bill provides that a **board of** county **commissioners** or **governing body of an incorporated** city ~~[clerk may request from]~~ **that elects to use the ballots purchased by** the Secretary of State ~~[an exemption from this requirement for the presidential preference primary election, primary election and general election]~~ **for all elections** held in 2024 ~~[.]~~ **must notify the Secretary of State 6 months before the date of the presidential preference primary election in 2024.**

Existing law requires a county clerk and city clerk to keep continuously posted certain signs and notices which indicate that electioneering is prohibited between the boundary marked by the sign and the entrance to a polling place. (NRS 293.361, 293.740, 293C.361) **Sections 2, 3 and 5** of this bill require the county clerk and city clerk to ensure that any signs and notices posted are: (1) at least 17 inches by 11 inches in size; (2) placed on a window or door of the polling place or freestanding; and (3) visible to a person approaching the boundary marked by the sign.

Existing law defines "electioneering" to include buying, selling, wearing or displaying any badge, button or other insigne which is designed or tends to aid or promote the success or defeat of any political party or a candidate or ballot question to be voted upon at an election. (NRS 293.740) **Section 3** revises this definition to provide instead that "electioneering" includes buying, selling, wearing or displaying any badge, button or other insigne which expressly refers to any political party or a candidate or ballot question to be voted upon at that election.

(NRS 293.740) **Section 3** revises this definition to provide instead that "electioneering" includes buying, selling, wearing or displaying any badge, button or other insigne which expressly

refers to any political party or a candidate or ballot question to be voted upon at that election.

Existing law requires each county clerk to conduct a risk-limiting audit of the results of an election prior to the certification of the results of the election. (NS 293.394) Section 2.5 of this bill removes the requirement to conduct such an audit prior to the certification of the results.

Existing law provides a penalty for a person who tampers or interferes or attempts to tamper or interfere with any computer program used to count ballots. (NRS 293.755) Section 3.5 of this bill instead prohibits a person from tampering or interfering or attempting to tamper or interfere with any computer program used to conduct an election.

Existing law authorizes uniformed-service voters and certain other voters to vote in an election using a system of approved electronic transmission, a federal postcard application or the federal write-in absentee ballot. (Chapter 293D of NRS) Section 5.1 of this bill revises the definition of "uniformed-service voter" to include a member of the active or reserve component of the Space Force of the United States who is on active duty.

Beginning on January 1, 2024, existing law expands the agencies which provide automatic voter registration services and establishes certain requirements for an automatic voter registration agency to transmit certain voter registration information to the Secretary of State and county clerks. (Chapter 555, Statutes of Nevada 2021, at page 3849) Section 5.2 of this bill delays the effective date of these provisions until January 1, 2025.

Existing federal law requires a certificate of ascertainment of appointment of presidential electors to be issued and transmitted to the Archivist of the United States not later than 6 days before the time fixed for the meeting of the electors, which is the first Tuesday after the second Wednesday in December. (3 U.S.C. §§ 5, 7) Existing state law authorizes a candidate defeated at any election to demand and receive a recount within 3 working days after the canvass of the vote. For purposes of demanding a recount in a general election, "canvass" means: (1) the canvass by the Supreme Court of the returns for a candidate for a statewide office; or (2) the canvass of the board of county commissioners of the returns for any other candidate. (NRS 293.403) The canvass by: (1) a board of county commissioners must be completed on or before the 10th day following the election; and (2) the Supreme Court is the 4th Tuesday of November after each general election. (NRS 293.387, 293.395) Each recount must be commenced within 5 days after demand, and completed within 5 days after it begins. (NRS 293.405) Existing state law further authorizes, with certain exceptions, a candidate or registered voter to contest an election by filing a statement of contest not later than 5 days after a recount is completed, and not later than 14 days after the election if no recount is demanded. (NRS 293.407, 293.413) If an election contest

is filed, the court is required to set the matter for hearing not less than 5 days and not more than 10 days after the filing of the statement of contest. (NRS 293.413)

Section 1.3 of this bill establishes a different timeline for filing a recount or an election contest that applies only to the election of presidential electors. Specifically, section 1.3 provides that a candidate for the office of presidential elector may demand and receive a recount if, on or before the 13th day following the election, the candidate files the written demand to and deposits the estimated costs of the recount with the Secretary of State. Any such recount must be: (1) commenced within 1 day after the demand is filed; and (2) completed within 5 days after the recount begins. Section 1.3 further authorizes a candidate or any registered voter to contest the election of a candidate to the office of presidential elector not more than 2 working days after the canvass of the returns by the Supreme Court. Such an election contest must be: (1) scheduled for a judicial hearing not more than 5 days after the filing of the statement of contest; and (2) decided before the deadline to issue and submit the certificate of ascertainment pursuant to federal law.

Pursuant to section 1.3, for purposes of the 2024 General Election, which will be held on November 5, 2024, the deadline: (1) to demand a recount for the office of presidential elector is November 18, 2024; (2) to begin a recount for the office of presidential elector is November 19, 2024; (3) to complete a recount for the office of presidential elector is November 24, 2024; (4) to contest the election for the office of presidential elector is December 2, 2024; and (5) for the court to set any such contest for hearing is December 7, 2024. Further, the deadline under federal law to issue and transmit the certificate of ascertainment is December 11, 2024, so, pursuant to section 1.3, the court must determine the result of any election contest of the office of presidential elector before December 11, 2024.

Sections 2.6-2.85 and 3.7 of this bill make conforming changes to reflect the changes in section 1.3 to the schedule for filing a demand for a recount or an election contest for the office of presidential elector.

The following Senate amendment was read:

Amendment No. 973.

AN ACT relating to capital projects; requiring the board of county commissioners of certain counties to levy a property tax for capital projects of school districts; authorizing the board of county commissioners of certain counties to levy a property tax for capital projects of school districts for which a grant is available from the Fund to Assist Rural School Districts in Financing Capital Improvements; exempting that property tax from certain partial abatements **~~[,]~~ during the first fiscal year in which the tax is imposed;** exempting both property taxes from the statutory limitation on the total ad valorem tax levy; creating the Fund to Assist Rural School Districts in Financing Capital Improvements; requiring the board of county commissioners of certain counties to establish an oversight panel for school district capital improvement projects; making appropriations to the Fund; making an appropriation to the Elko County School District for the construction of a school on the Duck Valley Indian Reservation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the board of trustees of each school district to establish a fund for capital projects. (NRS 387.328) Existing law also creates the Fund to Assist School Districts in Financing Capital Improvements from which a grant of money may be obtained if certain emergency conditions exist within the school district. (NRS 387.333, 387.3335)

Section 2 of this bill requires the board of county commissioners of a county whose population is 52,500 or more and less than 57,500 (currently Elko County), to levy a tax at a rate of not less than 1 cent and not more than 25 cents on each $100 of assessed valuation of taxable property within the county. **Section 2** requires any money collected from such a tax to be deposited in the county treasury for credit to the fund for capital projects to be held and expended in the same manner as other money deposited in that fund. **Section 6** of this bill authorizes the school district of a county where such a tax is imposed to pledge the proceeds of the tax, and the portion of the governmental services tax whose allocation to the school district is based on the amount of the property tax levy attributable to its debt service, to the payment of any bonds or other obligations the school district issued for capital projects. **Section 8** of this bill provides that, if the board of county commissioners of a county which is required to levy such a tax does not adopt an ordinance levying

the tax on or before June 30, 2024, the tax is levied at a rate of 25 cents on each $100 of assessed valuation of taxable property within the county.

Section 4 of this bill creates the Fund to Assist Rural School Districts in Financing Capital Improvements and requires the money in the Fund to be used to make grants to school districts in counties whose population is less than 100,000 (currently all counties other than Clark and Washoe Counties) for certain capital projects.

Section 3 of this bill authorizes the board of county commissioners of a county whose population is less than 100,000, other than a board which is required to levy a tax pursuant to **section 2**, to levy a tax on all taxable property in the county for a capital project for which a grant may be obtained from the Fund. **Section 3** requires the board of county commissioners to determine the amount of money required for the capital project, excluding any amount that the board anticipates will be covered by a grant from the Fund, and fix a rate of taxation which will raise that amount. **Section 3** requires the revenue from the tax to be expended for: (1) a capital project for which a grant was made from the Fund; or (2) if the amount collected for a fiscal year exceeds the amount of the grant for that year, in the same manner as other money in the fund for capital projects established by the school district. **Section 5.5** of this bill requires the board of county commissioners of a county which levies a tax pursuant to **section 2 or 3** to establish an oversight panel for school district capital improvement projects.

Section 5 of this bill requires the board of trustees of a school district in a county which levies a tax pursuant to **section 3** and authorizes the board of trustees of a school district in a county which levies a tax pursuant to **section 2** during a fiscal year to apply to the Director of the Office of Finance in the Office of the Governor for a grant of money from the Fund. **Section 5** requires the Director of the Office of Finance to make a grant of money from the Fund in an amount which is equal to: (1) the total amount of tax assessed pursuant to **section 3** by the county for the capital project during the immediately preceding fiscal year; or (2) the amount of the proceeds of the tax imposed pursuant to **section 2** for the immediately preceding fiscal year which the board of trustees of the school district has certified will be dedicated to the capital project.

Existing law, in general, limits the total amount of property taxes which may be imposed to $3.64 on each $100 of assessed valuation. (NRS 361.453) **Sections 2 and 3** exempt the rates for the property taxes in those sections from this limitation. **Section 7** of this bill makes a conforming change to indicate these exemptions from the limitation.

Existing law provides a partial abatement of the property taxes levied on property for which an assessed valuation has previously been established, a remainder parcel of real property, certain single-family residences and certain residential rental dwellings. (NRS 361.4722, 361.4723, 361.4724) With certain exceptions, existing law exempts new or increased property taxes from those partial abatements if a legislative act that became effective after

April 6, 2005, imposed a duty on a taxing entity to levy the tax or increase the rate of the tax. (NRS 361.4726) **Section 7.5** of this bill exempts ~~[the]~~ **any** new property tax ~~[authorized to be]~~ levied ~~[by section]~~ **pursuant to section 2 or 3** from those partial tax abatements ~~[.]~~ **for the first fiscal year in which such a tax is imposed, but provides that such a tax is not exempt from those partial tax abatements for any fiscal year after the first fiscal year in which the tax is imposed.**

Section 9 of this bill makes appropriations from the State General Fund to the Fund for grants to school districts in counties whose population is less than 100,000 (currently all counties other than Clark and Washoe Counties), including grants for capital projects for schools located on qualified tribal land. **Section 10** of this bill makes an appropriation to the Elko County School District for the construction of a school on the Duck Valley Indian Reservation.

Amendment No. 1002.

AN ACT relating to education; revising provisions relating to annual reports of accountability for public schools; revising provisions relating to the Education Stabilization Account; revising provisions relating to the Commission on School Funding; requiring the Commission to conduct interim studies on school funding and accountability for school funding; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the preparation of an annual report of accountability for each school district and sponsor of charter schools in this State, as well as for all public schools in the State as a whole. (NRS 385A.010-385A.520) Existing law imposes certain duties on the Superintendent of Public Instruction relating to the accountability of public schools. (NRS 385A.080) **Section 3.3** of this bill additionally requires the Superintendent to establish metrics of performance for public schools for each grade and, along with each school district and charter school, publish such metrics on their respective Internet websites and report data on such metrics to the Governor, State Board of Education and Director of the Legislative Counsel Bureau for transmission to the Joint Interim Standing Committee on Education.

Existing law creates the Education Stabilization Account in the State Education Fund and allows the Interim Finance Committee to authorize the

transfer of money in the Account to the State Education Fund if actual enrollment growth in a fiscal year exceeds projected enrollment growth or if the collection of revenue in a fiscal year results in the State Education Fund receiving 97 percent or less of the money authorized for expenditure from the State Education Fund. (NRS 387.1213) **Section 3.5** of this bill additionally authorizes the Interim Finance Committee to transfer money from the Account to the State Education Fund if: (1) money deposited in the State Education Fund was found by an audit to have been deposited in error; or (2) an error in the application of the Pupil-Centered Funding Plan by the Department of Education creates a shortfall in the State Education Fund.

Existing law creates the Commission on School Funding and authorizes the Commission to meet only between July 1 of an odd-numbered year and September 30 of the subsequent even-numbered year. (NRS 387.1246) **Section 4** of this bill: (1) requires the Commission to meet monthly; (2) authorizes the Commission to meet in person or, at the discretion of the Chair of the Commission, by use of a remote technology system; (3) authorizes the Commission to meet between July 1 of an odd-numbered year and December 31 of the subsequent even-numbered year; and (4) authorizes the Commission to also meet during any regular or special session of the Legislature, if requested to do so by the chair of the Senate Standing Committee on Education, Assembly Standing Committee on Education, Senate Standing Committee on Finance, Assembly Standing Committee on Ways and Means or Interim Finance Committee. **Section 4.5** of this bill expands the duties of the Commission by requiring the Commission to: (1) review the academic progress made by pupils in each public school; and (2) review and consider strategies to improve the accessibility and ensure the equitability of existing and new programs within and between public schools. **Section 7.5** of this bill: (1) expires the terms of incumbent members of the Commission on June 30, 2023; (2) requires the appointment or reappointment of members of the Commission on or before July 1, 2023, to staggered terms; and (3) requires the Commission to hold its first meeting during Fiscal Year 2023-2024 on or before September 1, 2023.

Section 7 of this bill requires the Commission to conduct interim studies on school funding and school accountability. **Section 7** requires the interim study on school funding to examine topics relating to: (1) the funding of building improvement and modernization projects by small school districts; (2) the number of professional educators graduating from institutions of higher education in this State; (3) the classification and compensation of professional educators and support personnel at public schools; and (4) changes to the laws governing sales and use tax and property tax to fully fund public schools in this State at an optimal level of funding. **Section 7** requires the interim study on school accountability to include recommendations for performance metrics to assess the impact of increased investments in K-12 public education and accountability measures to ensure the effective use of such investments. **Section 6** of this bill appropriates ~~[$1,500,000]~~ **$500,000** from the State

General Fund to the Commission for the cost of the studies required by **section 7**. **Sections 6.3 and 6.5** of this bill appropriate money for the payment of travel and per diem expenses for members of the Commission on School Funding and employees of the Department of Education, respectively, for attending meetings of the Commission.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

(b) Provide statistical information and technical assistance to the school districts, the State Public Charter School Authority and each college or university within the Nevada System of Higher Education that sponsors a charter school to ensure that the reports provide comparable information with respect to each school in each district, each charter school and among the districts and charter schools throughout this State.

(c) Consult with a representative of the:

(1) Nevada State Education Association;

(2) Nevada Association of School Boards;

(3) Nevada Association of School Administrators;

(4) Nevada Parent Teacher Association;

(5) Budget Division of the Office of Finance;

(6) Legislative Counsel Bureau; and

(7) Charter School Association of Nevada,

➥ concerning the program adopted pursuant to subsection 1 of NRS 385A.070 and consider any advice or recommendations submitted by the representatives with respect to the program.

(d) Establish metrics of performance for public schools for each grade which include, without limitation, metrics for:

(1) The growth and proficiency of pupils in literacy, mathematics and science;

(2) The engagement and proficiency of pupils in courses for college and career readiness; and

(3) The retention and recruitment of teachers and education support professionals.

2. The Superintendent of Public Instruction may consult with representatives of parent groups other than the Nevada Parent Teacher Association concerning the program adopted pursuant to subsection 1 of

NRS 385A.070 and consider any advice or recommendations submitted by the representatives with respect to the program.

3. The Superintendent of Public Instruction and each school district and charter school shall:

(a) Publish the metrics established pursuant to paragraph (d) of subsection 1 on their respective Internet websites; and

(b) On or before October 1 of each year, report data relating to each metric established pursuant to paragraph (d) of subsection 1 to the Governor, the State Board and the Director of the Legislative Counsel Bureau for transmission to the Joint Interim Standing Committee on Education.

Sec. 3.5. NRS 387.1213 is hereby amended to read as follows:

387.1213 1. The Education Stabilization Account is hereby created in the State Education Fund. Except as otherwise provided in subsections 3 and 4, each year after the close of the previous fiscal year and before the issuance of the State Controller's annual report, each county school district shall transfer from the county school district fund to the Education Stabilization Account any amount by which the budgeted ending fund balance of the county school district fund exceeds 16.6 percent of the total budgeted expenditures for the fund. The interest and income earned on the money in the Account, after deducting any applicable charges, must be credited to the Account.

2. Money transferred pursuant to subsection 1 to the Education Stabilization Account is a continuing appropriation solely for the purpose of authorizing the expenditure of the transferred money for the purposes set forth in this section.

3. The balance in the Education Stabilization Account must not exceed 15 percent of the total of all appropriations and authorizations from the State Education Fund, excluding the Education Stabilization Account, for the immediately preceding fiscal year. Any money transferred to the Education Stabilization Account which exceeds this amount must instead be transferred to the State Education Fund.

4. If the Interim Finance Committee finds that:

(a) Upon submission of a request from the Department, the actual enrollment growth for a fiscal year exceeds the projected enrollment growth by an amount that the Interim Finance Committee determines would make a transfer of money to the State Education Fund necessary to fund the excess enrollment; ~~[or]~~

(b) The collection of revenue in any fiscal year will result in the State Education Fund receiving 97 percent or less of the money authorized for expenditure from the State Education Fund ~~[.]~~ ***;***

(c) Upon submission of a request from the Department, any amount of money which was deposited in the State Education Fund is found by an audit to have been deposited in error; or

(d) Upon submission of a request from the Department, any error in the application of the Pupil-Centered Funding Plan by the Department has created a shortfall in the State Education Fund,

➥ the Committee shall by resolution establish an amount of money to transfer from the Education Stabilization Account to the State Education Fund and direct the State Controller to transfer that amount to the State Education Fund. The State Controller shall thereupon make the transfer.

5. The balance remaining in the State Education Fund, excluding the balance remaining in the Education Stabilization Account, that has not been committed for expenditure on or before June 30 of an odd-numbered fiscal year must be transferred to the Education Stabilization Account to the extent that such a transfer would not cause the balance in the Education Stabilization Account to exceed the limit established in subsection 3.

387.1246 1. The Commission on School Funding, consisting of 11 members, is hereby created.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 998.

AN ACT relating to public welfare; revising provisions governing the duties of a reinvestment advisory committee; revising provisions governing contracts entered into by the Department of Health and Human Services for the operation of a Medicaid managed care program; requiring the Department to establish the Fiscal Advisory Committee for a Flexible Continuum of Care Plan; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Health and Human Services, to the extent that money is available, to: (1) establish a Medicaid managed care program to provide health care services to recipients of Medicaid in all geographic areas of this State; and (2) conduct a statewide procurement process to select health maintenance organizations to provide the health care services. (NRS 422.273) **Sections 2 and 3** of this bill require each contract entered into by the Department with a health maintenance organization to provide such services to include a requirement for the health maintenance organization to reinvest a percentage of the annual profits of the health maintenance organization in programs and initiatives to address homelessness

and to provide sustainable medication and prescription services, alcohol or drug intervention or rehabilitation services and emergency and supportive housing in the local communities in which the health maintenance organization operates.

Existing law establishes a reinvestment advisory committee in each county of this State whose population is 700,000 or more (currently only Clark County) and prescribes the duties of a reinvestment advisory committee, which includes reviewing, making recommendations and reporting to the Legislature and Director of the Department concerning the reinvestment of funds by a health maintenance organization that provides health care services through managed care to recipients of Medicaid in the communities served by those organizations. (NRS 422.185, 422.205) **Section 1** of this bill revises the duties of the reinvestment advisory committee such that the recommendations and reports of the advisory committee are required to concern the reinvestment of funds by managed care organizations to address homelessness and to provide sustainable medication and prescription services, alcohol or drug intervention or rehabilitation services, and emergency and supportive housing, in conformance with the amendatory provisions of **sections 2 and 3**.

Existing federal law establishes a Continuum of Care Program to provide funding for efforts by nonprofit providers, states, and local governments to quickly rehouse homeless individuals and families. (42 U.S.C. 11381 et seq.; 24 C.F.R. Part 578) Federal law requires representatives from relevant organizations to establish a Continuum of Care for a geographic area to carry out certain responsibilities and to establish a board to act on behalf of the Continuum. (24 C.F.R. 578.5) **Section 3.3** of this bill: (1) requires the Department to establish the Fiscal Advisory Committee for a Flexible Continuum of Care Plan; (2) authorizes the Department to make grants of money to the Advisory Committee to fund certain services; and (3) requires the Advisory Committee to prepare an annual report. **Section 3.3** requires a city whose population is 150,000 or more but less than 500,000 to transmit **an amount of money which is not less than $1,000,000 but** not ~~[less]~~ **more** than $2,000,000 to the Department each fiscal year for allocation to the Advisory Committee to fund programs to address homelessness in the service area of the Continuum of Care in which the city is located. **Section 3.3** requires the Department to assist the Advisory Committee to enter into service agreements with federally-qualified health centers.

Sections 7.1-7.9 of this bill make appropriations to the Department for allocation to the Advisory Committee to carry out the provisions of **section 3.3**.

Amendment No. CA7.

AN ACT relating to child welfare; establishing various provisions governing proceedings relating to the custody, adoption or protection of Indian children or the termination of parental rights; requiring the Division of Child and Family Services of the Department of Health and Human Services to adopt various regulations; requiring an agency which provides child welfare services to provide certain training for its personnel; requiring the Division and the Court Administrator to submit certain reports to the Chairs of the Senate and Assembly Standing Committees on Judiciary; authorizing the Nevada

Supreme Court and the Court Administrator to adopt certain rules; repealing certain unnecessary provisions; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal Indian Child Welfare Act, 25 U.S.C. §§ 1901 et seq., was enacted in 1978 to protect Indian children from the removal from their homes and families and gives Indian tribes jurisdiction over the Indian children within their tribe. Existing Nevada law recognizes the jurisdiction of Indian tribes in various proceedings relating to the custody, adoption or protection of Indian children or the termination of parental rights. (NRS 3.223, 62D.210, 125A.215, 127.010, 127.018, 128.020, 128.023, 432B.410, 432B.425) This bill establishes various provisions governing proceedings relating to the custody, adoption or protection of Indian children or the termination of parental rights to provide additional protections for Indian children in state law.

Sections 2-38 of this bill establish provisions concerning proceedings in which the legal or physical custody of an Indian child **who is or may be in need of protection** is an issue. **Section 2** of this bill explains the legislative intent of **sections 2-38**. **Sections 3.5-17** of this bill define terms for the purposes of **sections 2-38**. ~~[Section 17.5 of this bill provides that the provisions of sections 2-38 do not apply if: (1) in certain circumstances, a parent of an Indian child is voluntarily terminating his or her parental rights and an extended family member of the Indian child is subsequently adopting the Indian child upon the termination of the parental rights of the parent; (2) a family member related within the third degree of consanguinity to an Indian child is adopting the Indian child; (3) an Indian child who was conceived by means of assisted reproduction is being adopted; or (4) an Indian child is being adopted by a stepparent or other nonbiological parent in a confirmatory adoption.]~~

Section 18 of this bill provides that a person has custody of an Indian child if the person has physical or legal custody of the Indian child under any applicable tribal law, tribal custom or state law.

Section 20 of this bill requires a court to consider certain factors, in consultation with the Indian child's tribe, when making a determination regarding the best interests of the Indian child in a child custody proceeding. **Section 21** of this bill establishes the order of priority for the domicile of an Indian child.

Section 22 of this bill requires the appropriate agency which provides child welfare services to: (1) provide assistance with enrolling an Indian child ~~[who is a child in need of protection or who may be in need of protection]~~ in a tribe with which the child is eligible for enrollment unless the Indian child's parent objects; and (2) notify the Indian child's parent of his or her right to object to such assistance from the agency.

Section 23 of this bill sets forth the manner in which the tribe of an Indian child is determined for purposes of a child custody proceeding involving the

Indian child and, if the Indian child is a member of or eligible for membership with more than one tribe, requires the court to designate the tribe with which the Indian child has the more significant contacts by considering certain factors.

Section 24 of this bill requires a court to: (1) determine, in any child custody proceeding involving an Indian child, the residence and domicile of the Indian child and whether he or she is a ward of a tribal court; and (2) communicate with any tribal courts to the extent necessary to make such determinations.

Section 25 of this bill requires agencies which provide child welfare services to make a good faith effort to enter into a tribal-state agreement with any Indian tribe in Nevada and authorizes such agencies to enter into a tribal-state agreement with any Indian tribe outside of Nevada if the tribe has significant numbers of Indian children who reside in Nevada and are members of or eligible for membership with the tribe. **Section 25** also establishes provisions concerning the contents of and requirements regarding such tribal-state agreements.

Section 26 of this bill provides that the jurisdiction of a court in a child custody proceeding involving an Indian child is concurrent with the jurisdiction of the tribe of the Indian child. **Section 26** also establishes the circumstances in which the tribe of an Indian child has exclusive jurisdiction in such cases.

Section 27 of this bill requires, in general, a court to transfer a child custody proceeding involving an Indian child if the parent, Indian custodian or tribe of the Indian child petitions the court to transfer the proceeding to tribal court. **Section 27** also establishes various other provisions regarding such a transfer and the denial of such a transfer by the court. **Section 28** of this bill sets forth the actions that a court is required to take upon granting a transfer motion under **section 27**.

Section 29.5 of this bill establishes requirements for certain persons and the court with regard to determining whether a child is an Indian child in child custody proceedings.

Section 30 of this bill ~~[requires a court to ask each party]~~ **provides that** in a child custody proceeding, ~~[at the commencement of the proceeding, whether the party knows or has reason to know that the]~~ **if a person is required to determine whether a** child is an Indian child ~~[.]~~ **, the person is required to make a good faith effort to make such a determination by consulting with certain persons. Section 30 also** establishes the circumstances in which a court **or person** has reason to know that a child is an Indian child and imposes certain requirements on a court ~~[if there is reason to know that]~~ **concerning the procedure for verifying whether** a child is an Indian child **.** ~~[but the court does not have sufficient evidence to determine whether the child is an Indian child.]~~

Section 31 of this bill requires the person taking a child into protective custody in an emergency proceeding to make a good faith effort to determine whether there is reason to know that the child is an Indian child and, if there is

reason to know that the child is an Indian child, the appropriate agency which provides child welfare services is required, if the nature of the emergency allows, to notify any tribe of which the child is or may be a member and provide certain information, including a statement that the tribe has a right to participate in the proceeding as a party or in an advisory capacity. **Section 31** also imposes certain requirements relating to: (1) the provision of notice of a child custody proceeding if there is reason to know that a child alleged to be within the court's jurisdiction is an Indian child; and (2) the hearing regarding the proceeding.

Section 32 of this bill provides that if a court finds at a hearing in a child custody proceeding that a child is an Indian child, at least one qualified expert witness must testify regarding certain information. If a qualified witness is required to testify, **section 32** requires the petitioner in the proceeding to contact the tribe of the Indian child and request that the tribe identify one or more persons who can testify as a qualified witness. Additionally, **section 32** authorizes a court to hear supplemental testimony from certain professionals.

Section 33 of this bill provides that if a child in a child custody proceeding is an Indian child and active efforts, which are efforts that are affirmative, active, thorough, timely and intended to maintain or reunite an Indian child with the Indian child's family, are required, the court is required to determine whether active efforts have been made to prevent the breakup of or to reunite the family. **Section 33** establishes requirements relating to active efforts.

Section 34 of this bill authorizes a tribe that is a party to a **child custody** proceeding to be represented by any person, regardless of whether the person is licensed to practice law. **Section 34** also authorizes an attorney who is not barred from practicing law in Nevada to appear in any proceeding involving an Indian child without associating with local counsel if the attorney establishes to the satisfaction of the State Bar of Nevada that certain requirements are met.

Section 35 of this bill provides that in a **child custody** proceeding involving ~~[a child who is or may be in need of protection, if the child is]~~ an Indian child, the court is required to appoint counsel to represent the Indian child and, in certain circumstances, also appoint counsel to represent the Indian child's parent or Indian custodian. **Section 35** also authorizes an attorney who is appointed to represent an Indian child to inspect certain records of the Indian child without the consent of the Indian child or his or her parent or Indian custodian.

Section 36 of this bill authorizes each party in a child custody proceeding in which the child is an Indian child to timely examine all reports and documents held by an agency which provides child welfare services that are not otherwise subject to a discovery exception or precluded under state or federal law.

Section 37 of this bill establishes requirements concerning the: (1) least restrictive setting in which an Indian child must be placed if the parental rights of the Indian child's parents have not been terminated and the Indian child is in need of placement or continuation in substitute care; and (2) placement of

an Indian child if the parental rights of the Indian child's parents have been terminated and the Indian child is in need of an adoptive placement. **Section 37** also authorizes the alternative placement of an Indian child in certain circumstances.

Section 38 of this bill authorizes certain persons to file a petition to vacate an order or a judgment involving an Indian child regarding jurisdiction, placement, guardianship or the termination of parental rights in a pending child custody proceeding under **sections 2-38** or, if no proceeding is pending, in any court with jurisdiction over the matter. **Section 38** requires the court to vacate an order or judgment regarding jurisdiction, placement, guardianship or the termination of parental rights if certain provisions of **sections 2-38** have been violated and the court determines that vacating the order or judgment is proper.

Sections 42-50 of this bill establish provisions specifically relating to the adoption of Indian children. **Section 42** of this bill provides that a petition for adoption of a child must include certain contents concerning whether there is reason to know that the child who is the subject of the petition is an Indian child and requires a petitioner who has reason to know that the child is an Indian child to serve copies of the petition on certain persons and file with the court a declaration of compliance concerning such notice. **Section 43** of this bill: (1) requires written consent to the adoption of an Indian child to be given by the Indian child's parents unless their parental rights have been terminated; (2) establishes requirements concerning such consent; and (3) authorizes the withdrawal of such consent.

Section 45 of this bill establishes provisions concerning the entry of a judgment for the adoption of a child, including certain requirements relating to the adoption of an Indian child. **Section 46** of this bill authorizes the filing of a petition to vacate a judgment of adoption of an Indian child and requires the court to vacate the judgment if the petition is timely filed and the court finds by clear and convincing evidence that the consent of a parent to the adoption was obtained through fraud or duress. **Section 47** of this bill requires a court to provide notice to certain persons and the appropriate agency which provides child welfare services if a judgment of adoption of an Indian child is vacated and, unless the return of custody of the Indian child to a former parent or prior Indian custodian or the restoration of parental rights is not in the best interests of the child, return custody of the Indian child to the former parent or prior Indian custodian or restore parental rights.

Section 48 of this bill requires that access to the adoption records of an Indian child be given to the Indian child's tribe or the United States Secretary of the Interior not later than 14 days after the request for such records.

Section 49 of this bill requires the appropriate agency which provides child welfare services to file with the court in a proceeding for the adoption of a minor child a written compliance report that reflects the agency's review of the petition for adoption and advises the court on whether the petitioner submitted complete and sufficient documentation relating to the petitioner's compliance with the **inquiry and** notice requirements and placement

preferences. **Section 49** requires the Division of Child and Family Services of the Department of Health and Human Services (hereinafter "Division") to adopt regulations providing a nonexhaustive description of the documentation that may be submitted to the court as evidence of such compliance and any other regulations for the preparation of such compliance reports that are necessary for agencies which provide child welfare services to carry out their duties. **Section 49** also authorizes the Court Administrator to prepare and make available to the public certain forms and information to assist petitioners and to design and offer trainings to courts having jurisdiction over adoption matters.

Section 50 of this bill establishes provisions governing tribal customary adoption, which is the adoption of an Indian child by and through the tribal custom, traditions or law of the child's tribe without the termination of parental rights. **Section 50** requires the Division to adopt certain regulations concerning tribal customary adoption and authorizes: (1) the Supreme Court to adopt rules necessary for the court processes to implement the provisions relating to tribal customary adoption; and (2) the Court Administrator to prepare necessary forms for the implementation of the provisions relating to tribal customary adoption. **Section 73** of this bill requires the Division to submit a report to the Chairs of the Senate and Assembly Standing Committees on Judiciary describing the implementation of tribal customary adoption as an alternative permanency option for wards who are Indian children and the Division's recommendation for proposed legislation to improve the tribal customary adoption process.

~~**[**Section 41.5 of this bill provides that the provisions of sections 42-50 do not apply if: (1) in certain circumstances, a parent of an Indian child is voluntarily terminating his or her parental rights and an extended family member of the Indian child is subsequently adopting the Indian child upon the termination of the parental rights of the parent; (2) a family member within the third degree of consanguinity of an Indian child is adopting the Indian child; (3) an Indian child who was conceived by means of assisted reproduction is being adopted; or (4) an Indian child is being adopted by a stepparent or other nonbiological parent in a confirmatory adoption. Section 57 of this bill similarly provides that provisions relating to proceedings that otherwise concern the termination of parental rights of the parent of an Indian child do not apply in certain circumstances if a parent of an Indian child is voluntarily terminating his or her parental rights and an extended family member of the Indian child is subsequently adopting the Indian child upon the termination of the parental rights of the parent.**]**~~

Section 65 of this bill requires the Division to adopt regulations necessary for the implementation of **sections 2-38 and 42-50**.

Section 67 of this bill requires an agency which provides child welfare services to provide training for its personnel regarding the requirements of **sections 2-38 and 42-50**.

Sections 40, 51-62 and 64-70 of this bill make conforming changes to provisions of existing law to reflect the changes made in **sections 2-38**. **Section 78** of this bill repeals certain provisions of existing law that are no longer necessary because of the provisions of **sections 2-38**.

Section 72 of this bill requires the Division and the Court Administrator to submit biennial reports to the Chairs of the Senate and Assembly Standing Committees on Judiciary containing certain data relating to Indian children in dependency proceedings. **Section 76** of this bill authorizes the Court Administrator to adopt any rules necessary to implement **sections 2-38 and 42-50**.

WHEREAS, Current research shows that family, culture and community promote resiliency and health development in Indian children; and

WHEREAS, Congress, working with tribal nations, tribal leadership and advocates for Indian children, passed the Indian Child Welfare Act, 25 U.S.C. §§ 1901 et seq., in 1978 to stop the removal of Indian children from their homes, families and communities; and

2. The prevention of unnecessary out-of-home placement of the Indian child;

3. The prioritization of placement of the Indian child in accordance with the placement preferences under section 37 of this act;

4. The value to the Indian child of establishing, developing or maintaining a political, cultural, social and spiritual relationship with the Indian child's tribe and tribal community; and

5. The importance to the Indian child of the Indian tribe's ability to maintain the tribe's existence and integrity in promotion of the stability and security of Indian children and families.

2. An Indian child's domicile is, in order of priority, the domicile of:

(b) The Indian child's Indian custodian; or

(c) The Indian child's guardian.

Sec. 22. *1. Unless an Indian child's parent objects, the appropriate agency shall provide assistance with enrolling an Indian child within the jurisdiction of the ~~[juvenile]~~ court ~~[under NRS 432B.410]~~ in a tribe with which the child is eligible for enrollment.*

2. In any child custody proceeding ~~[under chapter 432B of NRS]~~ involving an Indian child, if the appropriate agency reasonably believes that the Indian child is eligible for enrollment in a tribe, the agency shall notify the Indian child's parents of their right to object to the agency's assistance under subsection 1. The provision of notice pursuant to this subsection is deemed to be satisfied by sending the notice to the last known mailing address of each of the Indian child's parents.

Sec. 23. *1. In a child custody proceeding in which an Indian child is alleged to be within the jurisdiction of the court, the Indian child's tribe is:*

(a) If the Indian child is a member of or is eligible for membership in only one tribe, the tribe of which the Indian child is a member or eligible for membership.

(b) If the Indian child is a member of one tribe but is eligible for membership in one or more other tribes, the tribe of which the Indian child is a member.

(c) If the Indian child is a member of more than one tribe or if the Indian child is not a member of any tribe but is eligible for membership with more than one tribe:

(1) The tribe designated by agreement between the tribes of which the Indian child is a member or in which the Indian child is eligible for membership; or

(2) If the tribes are unable to agree on the designation of the Indian child's tribe, the tribe designated by the court.

(a) The preference of the Indian child's parent;

(b) The duration of the Indian child's current or prior domicile or residence on or near the reservation of each tribe;

(c) The tribal membership of the Indian child's custodial parent or Indian custodian;

If an Indian child is a member of or is eligible for membership in more than one tribe, the court may, in its discretion, permit a tribe, in addition to the Indian child's tribe, to participate in a child custody proceeding ~~[under chapter 432B of NRS]~~ involving the Indian child in an advisory capacity or as a party.

Sec. 24. *In any child custody proceeding involving an Indian child that is based on allegations that the Indian child is within the jurisdiction of the*

court, the court must determine the residence and domicile of the Indian child and whether the Indian child is a ward of tribal court. The court shall communicate with any tribal courts to the extent necessary to make a determination under this section.

Sec. 25. ***1. Agencies shall make a good faith effort to enter into a tribal-state agreement with any Indian tribe within the borders of this State. Agencies may also enter into a tribal-state agreement with any Indian tribe outside of this State having significant numbers of member children or membership-eligible children residing in this State.***

2. The purposes of a tribal-state agreement are to promote the continued existence and integrity of the Indian tribe as a political entity and to protect the vital interests of Indian children in securing and maintaining political, cultural and social relationships with their tribe.

3. A tribal-state agreement may include agreements regarding default jurisdiction over cases in which the state courts and tribal courts have concurrent jurisdiction, the transfer of cases between state courts and tribal courts, the assessment, removal, placement, custody and adoption of Indian children and any other child welfare services provided to Indian children.

4. A tribal-state agreement must:

(a) Provide for the cooperative delivery of child welfare services to Indian children in this State, including, without limitation, the utilization, to the extent available, of services provided by the tribe or an organization whose mission is to serve the American Indian or Alaska Native population to implement the terms of the tribal-state agreement; and

(b) If services provided by the tribe or an organization whose mission is to serve the American Indian or Alaska Native population are unavailable, provide for an agency's use of community services and resources developed specifically for Indian families that have the demonstrated experience and capacity to provide culturally relevant and effective services to Indian children.

Sec. 26. ***1. Except as otherwise provided in this section, the court's jurisdiction in a child custody proceeding involving an Indian child is concurrent with the Indian child's tribe.***

2. The tribe has exclusive jurisdiction in a child custody proceeding involving an Indian child if:

(a) The Indian child is a ward of a tribal court of the tribe; or

(b) The Indian child resides or is domiciled within the reservation of the tribe.

3. Communications between the court and a tribal court regarding calendars, court records and similar matters may occur without informing the parties or creating a record of the communications.

4. Notwithstanding the provisions of this section, the juvenile court has temporary exclusive jurisdiction over an Indian child who is placed in protective custody pursuant to chapter 432B of NRS.

5. As used in this section, "record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

Sec. 27. ***1. Except as otherwise provided in subsection 4, the court shall transfer a child custody proceeding involving an Indian child if, at any time during the proceeding, the Indian child's parent, Indian custodian or tribe petitions the court to transfer the proceeding to the tribal court.***

2. Upon receipt of a transfer motion, the court shall contact the Indian child's tribe and request a timely response regarding whether the tribe intends to decline the transfer.

3. If a party objects to the transfer motion for good cause, the court shall fix the time for hearing on objections to the motion. At the hearing, the objecting party has the burden of proof of establishing by clear and convincing evidence that good cause exists to deny the transfer. If the Indian child's tribe contests the assertion that good cause exists to deny the transfer, the court shall give the tribe's argument substantial weight. When making a determination whether good cause exists to deny the transfer motion, the court may not consider:

(a) Whether the proceeding is at an advanced stage;

(b) Whether there has been a prior proceeding involving the Indian child in which a transfer motion was not filed;

(c) Whether the transfer could affect the placement of the Indian child;

(d) The cultural connections of the Indian child with the tribe or the tribe's reservation; or

(e) The socioeconomic conditions of the Indian child's tribe or any negative perception of tribal or United States Bureau of Indian Affairs' social services or judicial systems.

4. The court shall deny the transfer motion if:

(a) The tribe declines the transfer orally on the record or in writing;

(b) The Indian child's parent objects to the transfer; or

(c) The court finds by clear and convincing evidence, after hearing, that good cause exists to deny the transfer.

5. Notwithstanding paragraph (b) of subsection 4, the objection of the Indian child's parent does not preclude the transfer if:

(a) The objecting parent dies or the objecting parent's parental rights are terminated and have not been restored; and

(b) The Indian child's remaining parent, Indian custodian or tribe files a new transfer motion subsequent to the death of the objecting parent or the termination of the parental rights of the objecting parent.

6. If the court denies a transfer under this section, the court shall document the basis for the denial in a written order.

Sec. 28. ***Upon granting a transfer motion under section 27 of this act, the court shall expeditiously:***

1. Notify the tribal court of the pending dismissal of the child custody proceeding;

2. Transfer all information regarding the proceeding, including, without limitation, pleadings and court records, to the tribal court;

3. ~~[If the Indian child is alleged to be within the jurisdiction of the juvenile court under NRS 432B.410, direct]~~ Direct the appropriate agency to:

(a) Coordinate with the tribal court and the Indian child's tribe to ensure that the transfer of the proceeding and the transfer of custody of the Indian child is accomplished with minimal disruption of services to the Indian child and the Indian child's family; and

(b) Provide the Indian child's tribe with documentation related to the Indian child's eligibility for state and federal assistance and information related to the Indian child's social history, treatment diagnosis and services and other relevant case and service related data; and

4. Dismiss the proceeding upon confirmation from the tribal court that the tribal court received the transferred information.

Sec. 29. (Deleted by amendment.)

Sec. 29.5. Notwithstanding any other provision of law and in addition to any other requirements, in any child custody proceeding:

1. Each petitioner and every other person otherwise required by the court or by any applicable law shall:

(a) Determine whether there is reason to know that the child is an Indian child; and

(b) Demonstrate to the court that he or she made efforts to determine whether a child is an Indian child.

2. The court shall:

(a) Make a finding regarding whether there is reason to know that the child is an Indian child, unless the court has previously found that the child is an Indian child; and

(b) Not enter a custody order in the matter until all applicable inquiry and notice requirements set forth in sections 2 to 38, inclusive, of this act have been met.

Sec. 30. *1. ~~[At the commencement of any child custody proceeding, the court must ask each party whether the party knows or has reason to know that the child is an Indian child. All responses to such an inquiry must be made on the record. The court must instruct the parties to inform the court if they subsequently receive information that provides reason to know the child is an Indian child.]~~ Except if the person already knows that a child is an Indian child, whenever a person is required in a child custody proceeding to determine whether there is reason to know that the child is an Indian child, the person shall make a good faith effort to determine whether the child is an Indian child, including, without limitation, by consulting with:*

(a) The child;

(b) The child's parent or parents;

(c) Any person having custody of the child or with whom the child resides;

(d) Extended family members of the child;

(e) Any other person who may reasonably be expected to have information regarding the child's membership or eligibility for membership in a Indian tribe; and

(f) Any Indian tribe of which the child may be a member or of which the child may be eligible for membership.

2. ~~[If there is reason to know that a child in a child custody proceeding is an Indian child but the court does not have sufficient evidence to determine whether the child is an Indian child, the court must:~~

~~(a) Confirm, by way of a report, declaration or testimony included in the record that an agency or party used due diligence to identify and work with all of the tribes of which there is reason to know the child may be a member or is eligible for membership to verify whether the child is a member or the child's parent is a member and the child is eligible for membership; and~~

~~(b) Treat the child as an Indian child, unless and until it is determined on the record that the child is not an Indian child.~~

~~3.]~~ A court ~~[, upon conducting the inquiry required pursuant to subsection 1,]~~ or person has reason to know that a child in a child custody proceeding is an Indian child if:

(a) The person knows that the child is an Indian child;

(b) The court has found that the child is an Indian child or that there is reason to know that the child is an Indian child;

(c) Any ~~[party,]~~ person present in the proceeding, officer of the court involved in the proceeding, Indian tribe, Indian organization or agency informs the court or the person that the child is an Indian child ~~[;~~

~~(b) Any party, officer of the court involved in the proceeding, Indian tribe, Indian organization or agency informs the court]~~ or that ~~[it has discovered]~~ information has been discovered indicating that the child is an Indian child;

~~[(c)]~~ (d) The child ~~[who is the subject of the proceeding gives]~~ indicates to the court ~~[reason to know]~~ or the person that the child is an Indian child;

~~[(d)]~~ (e) The court or the person is informed that the domicile or residence of the child, the child's parent or the child's Indian custodian is on a reservation or in an Alaska Native village;

~~[(e)]~~ (f) The court or the person is informed that the child is or has been a ward of a tribal court; ~~[or~~

(h) Testimony or documents presented to the court indicate in any way that the child may be an Indian child; or

(i) Any other indicia provided to the court or the person, or within the knowledge of the court or the person, indicates that the child is an Indian child.

3. Except as otherwise provided in section 49 of this act, whenever a person is required to demonstrate to the court in a child custody proceeding that the person made efforts to determine whether a child is an Indian child,

the court shall make written findings regarding whether the person satisfied the inquiry requirements under subsection 1 and whether the child is an Indian child or whether there is reason to know that the child is an Indian child. At the commencement of any hearing in an emergency proceeding or a child custody proceeding, unless the court previously found that the child is an Indian child, the court shall ask, on the record, each person present on the matter whether the person has reason to know that the child is an Indian child and shall make a finding regarding whether there is reason to know that the child is an Indian child.

4. ~~[In seeking verification of a child's status in a child custody proceeding in which there is a consenting parent who evidences, by written request or statement in the record, a desire for anonymity, the court must keep relevant documents pertaining to the inquiry required under this section confidential and under seal. A request for anonymity does not relieve the court, an agency or any party from any duty of compliance with the Indian Child Welfare Act, 25 U.S.C. §§ 1901 et seq., including, without limitation, the duty to verify whether the child is an Indian child. A tribe receiving information related to this inquiry must keep documents and information confidential.]~~ If the court finds under subsection 3 that there is:

(a) Reason to know that the child is an Indian child but the court does not have sufficient evidence to find that the child is an Indian child, the court shall order that the inquiry as to whether the child is an Indian child continue until the court finds that the child is not an Indian child.

(b) Not reason to know that the child is an Indian child, the court shall order each party to immediately inform the court if the party receives information providing reason to know that the child is an Indian child.

5. If the court finds under subsection 3 that there is reason to know that the child is an Indian child but the court does not have sufficient evidence to make a finding that the child is or is not an Indian child, the court shall require the appropriate agency or other party to submit a report, declaration or testimony on the record that the agency or other party used due diligence to identify and work with all of the tribes of which the child may be a member or in which the child may be eligible for membership to verify whether the child is a member or is eligible for membership.

6. A person making an inquiry under this section shall request that any tribe receiving information under this section keep documents and information regarding the inquiry confidential.

Sec. 31. *1. In an emergency proceeding, the person taking a child into protective custody must make a good faith effort to determine whether there is reason to know that the child is an Indian child and, if there is reason to know that the child is an Indian child and the nature of the emergency allows, the appropriate agency shall notify by telephone, electronic mail, facsimile or other means of immediate communication any tribe of which the child is or may be a member. Notification under this subsection must include the basis for the child's removal, the time, date and place of the*

initial hearing and a statement that the tribe has the right to participate in the proceeding as a party or in an advisory capacity.

2. Except as provided in subsection 1, if there is reason to know that a child in a child custody proceeding who is alleged to be within the court's jurisdiction is an Indian child and notice is required, the party providing notice shall:

(a) Promptly send notice of the proceeding as described in subsection 3; and

(b) File a copy of each notice sent pursuant to this section with the court, together with any return receipts or other proof of service.

3. Notice under subsection 2 must be:

(a) Sent to:

(1) Each tribe of which the child may be a member or of which the Indian child may be eligible for membership; or

(2) The appropriate Regional Director of the United States Bureau of Indian Affairs listed in 25 C.F.R. § 23.11(b), if the identity or location of the child's tribe cannot be ascertained.

(b) Sent by registered or certified mail, return receipt requested.

(3) The name of each Indian tribe of which the child is a member or in which the Indian child may be eligible for membership;

(4) If notice is required to be sent to the appropriate Regional Director of the United States Bureau of Indian Affairs under subparagraph (2) of paragraph (a), to the extent known, information regarding the child's direct lineal ancestors, an ancestral chart for each biological parent, and the child's tribal affiliations and blood quantum;

(5) In a child custody proceeding, a copy of the petition or motion initiating the proceeding and, if a hearing has been scheduled, information on the date, time and location of the hearing;

(6) The name of the petitioner and the name and address of the attorney of the petitioner;

4. If there is a reason to know that the Indian child's parent or Indian custodian has limited English proficiency, the court must provide language access services as required by Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000d et seq., and other applicable federal and state laws. If the court is unable to secure translation or interpretation support, the court shall contact or direct a party to contact the Indian child's tribe or the local office of the United States Bureau of Indian Affairs for assistance identifying a qualified translator or interpreter.

5. If a child is known to be an Indian child, a hearing may not be held until at least 10 days after the receipt of the notice by the Indian child's tribe or, if applicable, the United States Bureau of Indian Affairs. Upon request, the court shall grant the Indian child's parent, Indian custodian or tribe up to 20 additional days from the date upon which notice was received by the tribe to prepare for participation in the hearing. Nothing in this subsection prevents a court at an emergency proceeding before the expiration of the waiting period described in this subsection from reviewing the removal of an Indian child from the Indian child's parent or Indian custodian to determine whether the removal or placement is no longer necessary to prevent imminent physical damage or harm to the Indian child.

Sec. 32. *1. In any child custody proceeding involving an Indian child that requires the testimony of a qualified expert witness, the petitioner shall contact the Indian child's tribe and request that the tribe identify one or more persons meeting the criteria described in subsection 3 or 4. The petitioner may also request the assistance of the United States Bureau of Indian Affairs in locating persons meeting the criteria described in subsection 3 or 4.*

2. At a hearing in a child custody proceeding, if the court has found that a child is an Indian child, at least one qualified expert witness must testify regarding whether the continued custody of the Indian child by the child's parent or custody by the child's Indian custodian is likely to result in serious emotional or physical damage to the Indian child.

3. A person is a qualified expert witness under this section if the Indian child's tribe has designated the person as being qualified to testify to the prevailing social and cultural standards of the tribe.

4. If the Indian child's tribe has not identified a qualified expert witness, the following persons, in order of priority, may testify as a qualified expert witness:

(a) A member of the Indian child's tribe or another person who is recognized by the tribe as knowledgeable about tribal customs regarding family organization or child rearing practices;

(b) A person having substantial experience in the delivery of child and family services to Indians and extensive knowledge of prevailing social and cultural standards and child rearing practices within the Indian child's tribe; or

(c) Any person having substantial experience in the delivery of child and family services to Indians and knowledge of prevailing social and cultural standards and child rearing practices in Indian tribes with cultural similarities to the child's tribe.

5. In addition to testimony from a qualified expert witness, the court may hear supplemental testimony regarding information described in subsection 2 from a professional having substantial education and experience in the area of the professional's specialty.

6. No petitioning party, employees of the petitioning party or an employee of an agency may serve as a qualified expert witness or a professional under this section.

Sec. 33. ***1. If a child in a child custody proceeding is an Indian child and active efforts are required, the court must determine whether active efforts have been made to prevent the breakup of the family or to reunite the family.***

2. Active efforts require a higher standard of conduct than reasonable efforts.

3. Active efforts must:

(a) Be documented in detail in writing and on the record;

(b) ~~[If the child is alleged to be within the jurisdiction of the juvenile court under NRS 432B.410, include]~~ Include assisting the Indian child's parent or parents or Indian custodian through the steps of a case plan;

(c) Include, to the extent possible, providing assistance with the cooperation of the Indian child's tribe;

(d) Be conducted in partnership with the Indian child and the Indian child's parents, extended family members, Indian custodians and tribe; and

(e) Be tailored to the facts and circumstances of the case.

4. As used in this section, "active efforts" means efforts that are affirmative, active, thorough, timely and intended to maintain or reunite an Indian child with the Indian child's family.

Sec. 34. ***1. Notwithstanding the provisions of NRS 7.285, a tribe that is a party to a child custody proceeding involving an Indian child may be represented by any person, regardless of whether the person is licensed to practice law.***

2. An attorney who is not barred from practicing law in this State may appear in any proceeding involving an Indian child without associating with local counsel if the attorney establishes to the satisfaction of the State Bar of Nevada that:

(a) The attorney will appear in a court in this State for the limited purpose of participating in a proceeding under chapter 432B of NRS subject to the provisions of sections 2 to 38, inclusive, of this act;

(b) The attorney represents an Indian child's parent, Indian custodian or tribe; and

(c) The Indian child's tribe has affirmed the Indian child's membership or eligibility for membership under tribal law.

3. An Indian custodian or tribe may notify the court, orally on the record or in writing, that the Indian custodian or tribe withdraws as a party to the proceeding.

Sec. 35. ***1. If a child in a child custody proceeding [under chapter 432B of NRS] is an Indian child:***

(a) The court shall appoint counsel to represent the Indian child.

(b) If the Indian child's parent or Indian custodian requests counsel to represent the parent or Indian custodian but is without sufficient financial means to employ suitable counsel possessing skills and experience commensurate with the nature of the petition and the complexity of the case, the court shall appoint suitable counsel to represent the Indian child's parent or Indian custodian if the parent or Indian custodian is determined to be financially eligible for the appointment of such counsel.

2. Except as otherwise provided in this subsection, upon presentation of the order of appointment under this section by the attorney for the Indian child, any agency, hospital, school organization, division or department of this State, doctor, nurse or other health care provider, psychologist, psychiatrist, law enforcement agency or mental health clinic shall permit the attorney for the Indian child to inspect and copy any records of the Indian child involved in the case, without the consent of the Indian child or the Indian child's parent or Indian custodian. This subsection does not apply to records of a law enforcement agency relating to an ongoing investigation before bringing charges.

Sec. 36. ***1. In any child custody proceeding, if the child is an Indian child, each party has the right to timely examine all reports or other documents held by an agency that are not otherwise subject to a discovery exception or precluded under state or federal law.***

2. The preservation of confidentiality under this section does not relieve the court or any petitioners in an adoption proceeding from the duty to comply with the placement preferences under section 37 of this act if the child is an Indian child.

Sec. 37. ***1. Except as otherwise provided in subsection 3, if the parental rights of an Indian child's parents have not been terminated and the Indian child is in need of placement or continuation in substitute care, the child must be placed in the least restrictive setting that:***

(a) Most closely approximates a family, taking into consideration sibling attachment;

(b) Allows the Indian child's special needs, if any, to be met;

(c) Is in reasonable proximity to the Indian child's home, extended family or siblings; and

2. Except as otherwise provided in subsection 3, if the parental rights of the Indian child's parents have been terminated and the Indian child is in need of an adoptive placement, the Indian child shall be placed:

(a) In accordance with the order of preference established by the Indian child's tribe; or

(b) If the Indian child's tribe has not established placement preferences, according to the following order of preference:

(1) With a member of the Indian child's extended family;

(2) With other members of the Indian child's tribe; or

(3) With other Indian families.

3. If an Indian child is placed outside of the placement preferences set forth in subsection 1 or 2, the party placing the child shall file a motion requesting that the court make a finding that good cause exists for placement outside of such placement preferences. If the court determines that the moving party has established, by clear and convincing evidence, that there is good cause to depart from the placement preferences under this section, the court may authorize placement in an alternative placement. The court's determination under this subsection:

(a) Must be in writing and be based on:

(1) The preferences of the Indian child;

(2) The presence of a sibling attachment that cannot be maintained through placement consistent with the placement preferences established by subsection 1 or 2;

(3) Any extraordinary physical, mental or emotional needs of the Indian child that require specialized treatment services if, despite active efforts, those services are unavailable in the community where families who meet the placement preferences under subsection 1 or 2 reside; or

(4) Whether, despite a diligent search, a placement meeting the placement preferences under this section is unavailable, as determined by the prevailing social and cultural standards of the Indian community in which the Indian child's parent or extended family resides or with which the Indian child's parent or extended family members maintain social and cultural ties.

(b) Must, in applying the placement preferences under this subsection, give weight to a parent's request for anonymity if the placement is an adoptive placement to which the parent has consented.

(d) May not be based on:

(1) The socioeconomic conditions of the Indian child's tribe;

(2) Any perception of the tribal or United States Bureau of Indian Affairs social services or judicial systems;

(3) The distance between a placement meeting the placement preferences under this section that is located on or near a reservation and the Indian child's parent; or

(4) The ordinary bonding or attachment between the Indian child and a nonpreferred placement arising from time spent in the nonpreferred placement.

Sec. 38. *1. A petition to vacate an order or a judgment involving an Indian child regarding jurisdiction, placement, guardianship or the termination of parental rights may be filed in a pending child custody proceeding involving the Indian child or, if none, in any court of competent jurisdiction by:*

(b) The Indian child's parent or Indian custodian from whose custody such child was removed or whose parental rights were terminated; or

(c) The Indian child's tribe.

2. The court shall vacate an order or judgment involving an Indian child regarding jurisdiction, placement, guardianship or the termination of parental rights if the court determines that any provision of section 26 or 27, subsection 2 or 5 of section 31, paragraph (a) or (b) of subsection 3 of section 31, subsection 1 of section 35 or section 36 of this act or, if required,

subsection 2 of section 32 or section 33 or 37 of this act has been violated and the court determines it is appropriate to vacate the order or judgment.

3. If the vacated order or judgment resulted in the removal or placement of the Indian child, the court shall order the child immediately returned to the Indian child's parent or Indian custodian and the court's order must include a transition plan for the physical custody of the child, which may include protective supervision.

3. The Division shall adopt regulations providing a nonexhaustive description of the documentation that petitioners or moving parties in proceedings under this chapter may submit to the court to document compliance with the inquiry requirements under subsection 1 of section 30 of this act and notice requirements under subsection 2 of section 31 of this act and the placement preferences under section 37 of this act, including, without limitation:

7. As used in this section, "ICWA compliance report" means a written report prepared by an agency which provides child welfare services concerning compliance with the Indian Child Welfare Act.

Sec. 50. *1. If the court determines that tribal customary adoption is in the best interests, as described in section 20 of this act, of a ward who is an Indian child and the Indian child's tribe consents to the tribal customary adoption:*

(a) The appropriate agency which provides child welfare services shall provide the Indian child's tribe and proposed tribal customary adoptive parents with a written report on the Indian child, including, without limitation, to the extent not otherwise prohibited by state or federal law, the medical background, if known, of the Indian child's parents, and the Indian child's educational information, developmental history and medical background, including all known diagnostic information, current medical reports and any psychological evaluations.

(b) The court shall accept a tribal customary adoptive home study conducted by the Indian child's tribe if the home study:

(c) Notwithstanding subsection 2, the court may not accept the tribe's order or judgment of tribal customary adoption if any adult living in the proposed adoptive placement has a felony conviction for child abuse or neglect, spousal abuse, crimes against a child, including child pornography, or a crime involving violence. The Division shall, by regulation, define "crime involving violence" for the purposes of this paragraph. The

definition must include rape, sexual assault and homicide, but must not include other physical assault or battery.

2. The court shall accept an order or judgment for tribal customary adoption that is filed by the Indian child's tribe if:

(a) The court determines that tribal customary adoption is an appropriate permanent placement option for the Indian child;

(b) The court finds that the tribal customary adoption is in the Indian child's best interests, as described in section 20 of this act; and

(c) The order or judgment:

(1) Includes a description of the modification of the legal relationship of the Indian child's parents or Indian custodian and the Indian child, including any contact between the Indian child and the Indian child's parents or Indian custodian, responsibilities of the Indian child's parents or Indian custodian and the rights of inheritance of the parents and Indian child;

4. After accepting a tribal customary adoption order or judgment under subsection 2, the court that accepted the order or judgment shall proceed as provided in section 45 of this act and enter a judgment of adoption. 5. A tribal customary adoption under this section does not require the consent of the Indian child or the child's parents.

6. Upon the court's entry of a judgment of adoption under this section, the court's jurisdiction over the Indian child terminates.

7. Any parental rights or obligations not specifically retained by the Indian child's parents in the judgment of adoption are conclusively presumed to transfer to the tribal customary adoptive parents.

8. This section remains operative only to the extent that compliance with the provisions of this section do not conflict with federal law as a condition of receiving funding under Title IV-E of the Social Security Act, 42 U.S.C. §§ 601 et seq.

9. The Division shall adopt regulations requiring that any report regarding a ward who is an Indian child that an agency which provides child welfare services submits to the court, including any home studies, placement reports or other reports required by law must address tribal customary adoption as a permanency option. The Supreme Court may adopt rules necessary for the court processes to implement the provisions of this section, and the Court Administrator may prepare necessary forms for the implementation of this section.

10. As used in this section, "tribal customary adoption" means the adoption of an Indian child, by and through the tribal custom, traditions or law of the child's tribe, and which may be effected without the termination of parental rights.

Amendment No. CA1.

AN ACT relating to controlled substances; establishing the crimes of trafficking and high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl ~~[.]~~ **or any derivative of fentanyl;** establishing the crime of intentional misrepresentation of a fentanyl product; requiring each state and local law enforcement agency and the Nevada Sentencing Commission to submit certain reports to the Joint Interim Standing Committee on the Judiciary; requiring, to the extent that money is available, the establishment of certain programs to provide certain offenders or prisoners who have a substance use disorder with medication-assisted treatment; requiring the Joint Interim Standing Committee on the Judiciary to conduct an interim study concerning certain matters relating to forensic laboratories; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a person who knowingly or intentionally sells, manufactures, delivers or brings into this State or is knowingly or intentionally in actual or constructive possession of a schedule I controlled substance, other than marijuana, a schedule II controlled substance or certain other controlled substances is guilty of: (1) low-level trafficking if the quantity of the controlled substance is 100 grams or more but less than 400 grams; and (2) high-level trafficking if the quantity of the controlled substance is 400 grams or more. A person who commits the crime of: (1) low-level trafficking is guilty of a category B felony and subject to certain prescribed penalties; and (2) high-level trafficking is guilty of a category A felony and subject to certain prescribed penalties. (NRS 453.3385)

Existing regulations of the State Board of Pharmacy include fentanyl in the list of controlled substances in schedule II and various derivatives of fentanyl in the list of controlled substances in schedule I. (NAC 453.510, as amended by LCB File No. R023-21, NAC 453.520) **Section 1.5** of this bill establishes the crimes of trafficking and high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl ~~[.]~~ **or any derivative of fentanyl.** Under **section 1.5**, a person who knowingly or intentionally sells, manufactures, delivers or brings into this State or is knowingly or intentionally in actual or constructive possession of **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl **or any derivative of fentanyl** is guilty of: (1) trafficking if the quantity involved is 28 grams or more but less than 42 grams; and (2) high-level trafficking if the quantity involved is 42 grams or more but less than 100 grams. Under **section 1.5**, a

person who commits the crime of trafficking or high-level trafficking is guilty of a category B felony and subject to certain prescribed penalties.

Section 1.7 of this bill establishes the crime of intentional misrepresentation of a fentanyl product. Under **section 1.7**, a person who sells to another person a mixture containing fentanyl and another controlled substance is guilty of intentional misrepresentation of a fentanyl product if the person: (1) knows that the mixture contains fentanyl; and (2) intentionally fails to inform the purchaser that the mixture contains fentanyl. **Section 1.7** provides that such a person is guilty of a category B felony and subject to certain prescribed penalties.

Sections ~~[1.9,]~~ 2, 5 and 6 of this bill provide that a person found guilty of intentional misrepresentation of a fentanyl product or trafficking or high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl **or any derivative of fentanyl** is subject to the greater penalty for that crime if the acts constituting the crime could subject the person to a lesser punishment under another statute.

Sections 3-13 of this bill add references to **section 1.5** so that the crimes of trafficking and high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl **or any derivative of fentanyl** are treated the same as the crimes of low-level and high-level trafficking involving schedule I controlled substances, other than marijuana, and schedule II controlled substances for certain purposes. **Section 12** adds a reference to **section 1.7** so that the crime of intentional misrepresentation of a fentanyl product is treated the same as the crime of selling other controlled substances for certain purposes.

Existing law prohibits, with certain exceptions, a court from suspending the sentence of a person convicted of trafficking in a controlled substance. (NRS 453.3405) **Section 9** extends this prohibition to a person found guilty of trafficking or high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture which contains illicitly manufactured fentanyl **~~[.]~~ or any derivative of fentanyl. Section 9** provides an exemption from this prohibition if the person convicted establishes, by a preponderance of the evidence, that he or she did not know that the mixture at issue contained illicitly manufactured fentanyl.

Existing law provides that a person who, in good faith, seeks medical assistance for a person who is experiencing a drug or alcohol overdose or other medical emergency or who seeks such assistance for himself or herself, or who is the subject of a good faith request for such assistance may not be arrested, charged, prosecuted or convicted, or have his or her property subjected to forfeiture, or be otherwise penalized for violating certain provisions of existing law governing controlled substances if the evidence to support the penalty was obtained as a result of the person seeking medical assistance. (NRS 453C.150) **Section 10** of this bill includes trafficking and high-level trafficking in **~~[a]~~ illicitly manufactured fentanyl, any derivative of fentanyl or** mixture that

contains illicitly manufactured fentanyl **or any derivative of fentanyl** among the offenses for which a person may not be penalized under such circumstances.

Existing law requires the Director of the Department of Corrections to establish one or more programs of treatment for offenders with substance use or co-occurring disorders who have been sentenced to imprisonment in the state prison. (NRS 209.4236, 209.425) Existing law additionally provides that the treatment of a prisoner in a local jail or detention facility who has a substance use disorder may include medication-assisted treatment. (NRS 211.140) **Section 12.3** of this bill requires the Director, to the extent that money is available, to establish a program to provide for the treatment of offenders with a substance use disorder using medication-assisted treatment. **Section 12.3** requires: (1) the program to provide each eligible offender who participates in the program with appropriate medication-assisted treatment for the period in which the offender is incarcerated; and (2) each offender who the Director has determined has a substance use disorder for which a medication-assisted treatment exists and who meets any reasonable conditions imposed by the Director to be deemed eligible to participate in the program and offered the opportunity to participate. **Section 12.3** prohibits the Director from denying an offender the ability to participate in the program or terminating his or her participation in the program for certain reasons. Finally, **section 12.3** provides that an offender who participates in the program is not subject to discipline on the basis that the results of a screening test administered to the offender indicated the presence of a controlled substance. **Section 12.7** of this bill requires, to the extent that money is available, a sheriff, chief of police or town marshal who is responsible for a county, city or town jail or detention facility to establish a program similar to that set forth in **section 12.3** to provide for the treatment of prisoners with a substance use disorder using medication-assisted treatment.

Section 1.8 of this bill requires each state and local law enforcement agency and the Nevada Sentencing Commission to submit to the Joint Interim Standing Committee on the Judiciary on or before March 1 and October 1 of each even-numbered year a report containing certain information regarding: (1) persons who have been charged with trafficking or high-level trafficking in **illicitly manufactured fentanyl, any derivative of fentanyl or** any mixture that contains illicitly manufactured fentanyl **or any derivative of fentanyl** or intentional misrepresentation of a fentanyl product; (2) programs for the treatment of persons incarcerated in the state prison or a county, city or town jail or detention facility; and (3) drug overdoses that resulted in the death of certain persons which were due to fentanyl or a controlled substance analog for fentanyl.

Section 14 of this bill requires the Joint Interim Standing Committee on the Judiciary to conduct a study during the 2023-2024 interim concerning the possible upgrading of forensic laboratories in this State to enable such laboratories to perform quantitative testing involving controlled substances.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

SUMMARY—Revises certain provisions relating to health care**.** ~~[records.]~~ (BDR 54-555)

AN ACT relating to health care; requiring a custodian of health care records to furnish health care records electronically under certain circumstances; prohibiting a custodian of health care records from charging a fee that exceeds a certain amount to furnish health care records electronically if the health care records are maintained electronically; authorizing a person to disclose the genetic information of another person in accordance with certain federal law; **revising the circumstances under which a physician is authorized to prescribe or recommend and a manufacturer is authorized to provide or make available an investigational drug, biological product or device; authorizing a physician to prescribe or recommend an individualized investigational treatment under certain circumstances; requiring the reporting of certain information concerning individualized investigational treatments and investigational drugs, biological products and devices to certain governmental entities; revising the method by which a collection agency must notify a medical debtor before taking any action to collect a medical debt; authorizing a manufacturer to provide or make available an individualized investigational treatment to a patient under certain circumstances; authorizing the imposition of administrative**

penalties for certain violations; prohibiting an officer, employee or agent of this State from preventing or attempting to prevent a patient from accessing an individualized investigational treatment; requiring an insurer, third-party administrator or employer to furnish health care records in certain circumstances; prescribing the maximum amount of any fee charged to furnish health care records in those circumstances; **providing a penalty;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires each custodian of health care records to make health care records available for inspection by a patient, certain representatives of a patient and certain government officials. (NRS 629.061) Upon request of such a person, **section 1** of this bill requires a custodian of health care records to electronically transmit the health care records to the person or, if the patient has provided written authorization for records to be furnished to another person or entity, to that person or entity.

Existing law authorizes a custodian of health care records to charge certain fees for furnishing a copy of health care records. (NRS 629.061) **Section 1**: (1) generally prohibits a custodian of health care records from charging a fee that exceeds $40 or other amounts prescribed by existing law for furnishing a copy of health care records electronically if the custodian of health care records maintains such health care records electronically; and (2) authorizes a custodian of health care records, other than the health care records of a state or local governmental entity, to charge certain additional fees in certain circumstances. **Section 2** of this bill makes a conforming change to indicate the proper placement of **section 1** in the Nevada Revised Statutes.

Existing law prohibits a person from disclosing or compelling a person to disclose the identity of a person who was the subject of a genetic test or any genetic information of another person, with certain exceptions, without first obtaining the informed consent of that person or his or her legal guardian. (NRS 629.171) **Section 1.5** of this bill adds an exception to this prohibition to authorize a person to disclose such information as permitted by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191.

Existing federal law prohibits the introduction of a drug or biological product into interstate commerce if the drug or biological product has not received approval from the United States Food and Drug Administration. (21 U.S.C. § 355; 42 U.S.C. § 262) Existing federal regulations allow expanded access to investigational drugs and biological products for patients who have a life-threatening or severely debilitating disease or condition, or a serious or immediately life-threatening illness, under certain circumstances. (21 C.F.R. Part 312, Subparts E and I) Existing Nevada law authorizes the manufacturer of an investigational drug, biological product or device, upon the prescription or recommendation of a physician, to provide or make available the investigational drug, biological product or device to a patient who has been diagnosed with a terminal condition that will, without the administration of life-sustaining

treatment, result in death within 1 year. (NRS 454.690) Existing law authorizes a physician to issue a prescription or recommendation for an investigational drug, biological product or device if the physician has: (1) diagnosed the patient with a terminal condition; (2) consulted with the patient and the patient and physician have determined that no treatment currently approved by the United States Food and Drug Administration is adequate to treat the terminal condition; and (3) obtained informed, written consent to the use of the investigational drug, biological product or device from the patient or his or her representative, parent or guardian. (NRS 630.3735, 633.6945) Sections 1.6, 1.9 and 2.7 of this bill: (1) remove the requirement that a patient be diagnosed with a terminal condition before a physician is authorized to prescribe or recommend, and a manufacturer is authorized to provide, an investigational drug, biological product or device; and (2) instead require the patient to be diagnosed with a life-threatening or severely debilitating disease or condition before such actions are authorized. Section 2.7 additionally: (1) authorizes the manufacturer of an individualized investigational treatment to make the treatment available to such a patient under similar conditions to an investigational drug, biological product or device if the manufacturer operates in a facility that meets certain federal requirements for the protection of human subjects; and (2) defines "individualized investigational treatment" to mean a drug, biological product or device that is unique to and produced exclusively for use by an individual patient based on the genetic profile of the patient. Sections 1.6 and 1.9 authorize a physician to prescribe or recommend an individualized investigational treatment under similar conditions to those under which a physician is authorized to recommend an investigational drug, biological product or device, except that sections 1.6 and 1.9 require the physician to additionally conduct certain biochemical analyses.

Section 2.7 requires a manufacturer that provides or makes available an individualized investigational treatment or investigational drug, biological product or device to establish a hotline for patients who develop adverse effects or symptoms. Section 2.7 also requires such a manufacturer to submit quarterly reports to the Board of Medical Examiners and the State Board of Osteopathic Medicine summarizing the individualized investigational treatments or investigational drugs, biological products or devices provided to patients of physicians who are licensed by those boards. Section 2.7 establishes an administrative penalty to be imposed against a manufacturer that fails to submit the required report. Section 2.7 also provides that if a patient dies while being treated with an individualized investigational treatment or investigational drug, biological product or device, the heir or heirs of the deceased patient are not personally liable for any outstanding debt related to such treatment.

Existing law makes it a misdemeanor for any officer, employee or agent of this State to prevent or attempt to prevent a patient from accessing an

investigational drug, biological product or device if certain requirements are met. (NRS 454.690) Section 2.7 additionally: (1) provides that counseling, advice or a recommendation from a physician consistent with medical standards of care is not a violation; and (2) makes it a misdemeanor for such an officer, employee or agent to prevent or attempt to prevent a patient from accessing an individualized investigational treatment if the same requirements are met.

Sections 1.6 and 1.9 revise the requirements concerning the informed, written consent that a physician is required to obtain before prescribing or recommending an individualized investigational treatment or an investigational drug, biological product or device. Sections 1.6 and 1.9 also require a physician who prescribes or recommends an individualized investigational treatment or an investigational drug, biological product or device to provide the patient with a form that contains certain information concerning: (1) the individualized investigational treatment or investigational drug, biological product or device; and (2) the treatment of adverse effects or symptoms caused by the individualized investigational treatment or investigational drug, biological product or device. Sections 1.6 and 1.9 require such a physician to report to the Board of Medical Examiners or the State Board of Osteopathic Medicine, as appropriate, if a patient dies or is hospitalized as the result of using an individualized investigational treatment or investigational drug, biological product or device. Sections 1.6 and 1.9 require those boards to submit to the Legislature a biennial summary of the information reported to those boards pursuant to sections 1.6, 1.9 and 2.7 concerning individualized investigational treatments and investigational drugs, biological products and devices. Sections 1.6 and 1.9 additionally authorize those boards to adopt regulations to ensure the safety and efficacy of individualized investigational treatments and investigational drugs, biological products and devices.

Existing law: (1) generally makes it a misdemeanor for any person to possess, procure, obtain, process, produce, derive, manufacture, sell, offer for sale, give away or otherwise furnish any drug which may not be lawfully introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act; and (2) exempts from that criminal penalty a person who engages in certain acts to make an investigational drug or biological product available when certain requirements are met. (NRS 454.351) Section 2.5 of this bill additionally exempts from the criminal penalty a manufacturer who provides an individualized investigational treatment.

Existing law provides that a physician or person engaged in the practice of professional nursing who procures or administers a controlled substance or dangerous drug is not subject to professional discipline if the controlled substance or dangerous drug is an investigative drug or biological product prescribed by a physician. (NRS 630.306, 632.347,

633.511) Sections 1.55, 1.7 and 1.8 of this bill additionally exempt such persons from professional discipline if the substance is an individualized investigational treatment.

Existing law requires a collection agency, not less than 60 days before taking any action to collect a medical debt, to send by registered or certified mail to the medical debtor written notification setting forth certain information. (NRS 649.366) Section 2.3 of this bill removes the requirement that the written notification be sent by mail that is registered or certified.

Existing law provides for the payment of compensation to employees who are injured or disabled as a result of an occupational injury or disease. (Chapters 616A-616D and 617 of NRS) Existing law entitles any injured employee or a person who has been authorized by the injured employee to information from the records of an insurer or employer to the extent necessary for the proper presentation of such a claim. (NRS 616B.012) Existing regulations: (1) prescribe a process for an injured employee or person who has been authorized by the injured employee to request such information from the records of an insurer or employer; and (2) prohibit an insurer or employer from charging a fee that is more than 30 cents per page when providing the requested information. (NAC 616B.008)

Upon receiving such a request for health care records, **section 3** of this bill requires an insurer, third-party administrator or employer to furnish any health care records to the injured employee or his or her legal representative. **Section 3** authorizes an insurer, third-party administrator or employer to electronically transmit such health care records using a method of secure electronic transmission. **Section 3** prescribes the maximum amounts of fees for furnishing health care records in response to such a request, which depend on whether the records are furnished by electronic mail, through a secure electronic method of file sharing or in a nonelectronic format. **Section 4** of this bill makes a conforming change to clarify that **section 3** provides an exception to the general requirement that information obtained from an insurer or employer remain confidential.

AN ACT relating to ~~[financial services;]~~ **commerce;** prohibiting the Commissioner of Financial Institutions from requiring an applicant for a license to establish a new depository institution to identify the physical address of the proposed depository institution in the application for the license; authorizing certain persons employed by financial institutions to temporarily delay certain financial transactions involving the suspected exploitation of an older person or vulnerable person; exempting certain persons from liability for certain actions relating to the suspected exploitation of an older person or vulnerable person; authorizing ~~[the employee of a person licensed to engage in the business of lending in this State]~~ **certain persons** to perform certain work from a remote location under certain circumstances; setting forth various requirements concerning such work performed at a remote location; requiring a person licensed to engage in the business of lending in this State to provide notice to the Attorney General and certain other persons of certain breaches of security involving personal information; revising the circumstances under which a person is not required to accept an acknowledged power of attorney; **prohibiting certain deceptive service agreements between an owner of residential property and a service provider; revising provisions governing persons who hold a permit to engage in property management; revising**

the method by which a collection agency must notify a medical debtor before taking any action to collect a medical debt; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of various types of financial institutions, including, without limitation, depository institutions, by the Commissioner of Financial Institutions. (Title 55 of NRS) Existing law requires the Commissioner, during the process for the organization and licensing of a banking corporation or company, to examine all the facts connected with the formation of the proposed banking corporation or company, including its location. (NRS 659.045) Similarly, existing law requires a person who desires to organize a savings bank to submit to the Commissioner an application that contains, among other things, the location of the proposed main office of the savings bank. (NRS 673.080) **Section 1** of this bill prohibits the Commissioner from requiring an applicant for a license to establish a new depository institution to identify in the application for the license the physical address where the main office of the proposed depository institution will be located. **Section 1** authorizes the Commissioner to require such an applicant to: (1) identify the location of the proposed main office, described in general terms, in the application; and (2) provide the physical address of the proposed main office before the depository institution commences business. **Section 2** of this bill makes a conforming change to indicate the proper placement of **section 1** in the Nevada Revised Statutes.

Existing law prohibits a person from engaging in the business of lending in this State without having first obtained a license from the Commissioner for each office or other place of business in which the person engages in the business of lending. (NRS 675.060) **Section 5** of this bill authorizes an employee of a licensee to engage in the business of lending in this State at a remote location if authorized by the licensee. **Section 5** requires a licensee: (1) to enter into a written agreement with an employee before authorizing the employee to work at a remote location; and (2) to ensure that the employee and the remote location meet certain requirements. **Section 6** of this bill requires a licensee who authorizes an employee to engage in the business of lending in this State at a remote location to develop and adhere to a written data security policy meeting certain requirements. **Section 7** of this bill sets forth certain prohibited acts with respect to an employee who engages in the business of lending in this State at a remote location. **Section 8** of this bill requires a licensee who authorizes any employee to engage in the business of lending in this State at a remote location to conduct an annual review and evaluation of the operations of the licensee which are conducted by employees working at remote locations. **Section 11** of this bill defines words and terms for the purposes of this bill. **Sections 12-16** of this bill make certain changes to provisions governing the licensing of persons engaged in the business of lending to account for the provisions of **sections 5-8** which authorize an

employee of a licensee to engage in the business of lending in this State at a remote location.

Existing law requires a data collector that owns, licenses or maintains computerized data which includes personal information to, after discovery or notification of a breach of security in which personal information maintained by the data collector was, or is reasonably believed to have been, acquired by an unauthorized person, notify each affected resident of this State and certain other persons. (NRS 603A.220) **Section 17** of this bill exempts a person licensed to engage in the business of lending in this State from those requirements. **Section 9** of this bill instead sets forth similar provisions which require a licensee, after discovery or notification of a breach of security in which personal information maintained by the licensee was, or is reasonably believed to have been, acquired by an unauthorized person, to notify each affected resident if the breach is reasonably likely to subject the resident to a risk of harm and certain other conditions are met. **Section 9** sets forth certain requirements for such a notification. **Section 10** of this bill requires a licensee who is required to notify more than 500 residents of this State pursuant to **section 9** as the result of a single breach also to notify the Attorney General.

Existing law requires certain financial institutions to designate a person to whom an officer or employee of the financial institution must report known or suspected exploitation of an older person or vulnerable person. (NRS 657.290) **Section 3** of this bill authorizes a designated reporter to delay a requested disbursement or transaction involving an older person or vulnerable person if the designated reporter knows or has reasonable cause to believe that the older person or vulnerable person has been exploited. **Section 3** sets forth procedures and requirements for the imposition of such a delay. Additionally, **section 3** provides that a financial institution and its officers, employees and designated reporters are immune from criminal, civil and administrative liability for: (1) making a report concerning the known or suspected exploitation of an older person or vulnerable person; (2) delaying a requested disbursement or transaction involving such exploitation pursuant to **section 3**; and (3) taking certain other actions relating to known or suspected exploitation of an older person or vulnerable person.

Under existing law, a person who refuses to accept an acknowledged power of attorney, with certain exceptions, is subject to: (1) a court order mandating acceptance of the power of attorney; and (2) liability for reasonable attorney's fees and costs incurred in any action or proceeding that confirms the validity of the power of attorney or mandates acceptance of the power of attorney. (NRS 162A.370) **Section 16.5** of this bill provides that a designated reporter who delays a requested disbursement or transaction pursuant to **section 3** or certain other persons who make a report concerning the exploitation of an older person or vulnerable person are not required to accept an acknowledged power of attorney under certain circumstances.

Section 16.3 of this bill prohibits a service provider from entering into or recording a service agreement with an owner of residential property

that provides for the performance of the agreement more than 1 year from the date of the execution of the agreement if the service agreement: (1) purports to run with the land or bind future owners; (2) allows for the assignment of the right to provide service without requiring notice to and the agreement of the owner; or (3) purports to create a security interest in residential property. Section 16.3 provides that such a service agreement is void and unenforceable. Section 16.3 also: (1) provides that a county recorder may refuse to record such an agreement; (2) provides that any person who attempts to record such an agreement is guilty of a misdemeanor; and (3) authorizes a person with an interest in residential property subject to such a service agreement to bring a civil action. Additionally, section 16.3 requires a service provider that has entered into a service agreement on or before the passage and approval of this bill to record a notice of the service agreement with the county recorder of the county in which the real property that is subject to the service agreement is located. Finally, section 16.3 provides that a service provider who enters into or records a service agreement prohibited by section 16.3 is engaged in a deceptive trade practice.

Existing law authorizes a person licensed as a real estate broker, real estate broker-salesperson or real estate salesperson to apply to the Real Estate Division of the Department of Business and Industry for a permit to engage in property management. (NRS 645.6052) A real estate broker who holds a permit to engage in property management is prohibited from acting as a property manager unless the broker has first obtained a property management agreement signed by the broker and the client for whom the broker will manage the property. (NRS 645.6056) Section 18 of this bill sets forth certain duties of a person who acts as a property manager when entering into a property management agreement and performing his or her duties pursuant to such agreement. Section 22 of this bill prohibits a property manager from waiving any of those duties. Section 23 of this bill authorizes a person who has suffered damages as the proximate result of a property manager's failure to perform any of those duties to bring an action against the property manager.

Section 19 of this bill revises the definition of the term "agency" to include a relationship arising out of a property management agreement. Section 20 of this bill requires the Division to prepare and distribute certain forms to property managers.

Existing law provides that if a real estate broker assigns different licensees affiliated with his or her brokerage to separate parties to a real estate transaction, the licensees are not required to obtain the written consent of each party to the transaction. (NRS 645.252, 645.253) Section 21 of this bill provides that property managers affiliated with a brokerage who are assigned to separate parties to a property management agreement are also not required to obtain such written consent.

Existing law requires an applicant for a license as a mortgage company to state in the application: (1) for an applicant who is not a wholesale lender, the location of each principal office and branch office at which the mortgage company will conduct business in this State; and (2) the location of any principal office, office or other place of business located outside this State from which the mortgage company will conduct business in this State. Existing law also requires a mortgage company that will conduct business at one or more branch offices to apply for a license for each branch office. (NRS 645B.020)

Section 24 of this bill authorizes an employee of a mortgage company, including, without limitation, a mortgage loan originator employed by or associated with the mortgage company, to conduct the business of the mortgage company at a remote location if authorized by the mortgage company. Section 24 defines "remote location" to mean, in general, any location, including the residence of an employee, that is not a location for which a license as a mortgage company has been issued. Section 24 sets forth certain requirements for a mortgage company to authorize an employee to conduct the business of the mortgage company at a remote location. Additionally, section 24 prohibits: (1) an employee from interacting with a customer in person at the residence of the employee; and (2) the maintenance of physical records at a remote location. Finally, section 24 requires: (1) a mortgage company to maintain certain records relating to business conducted at a remote location at its principal office or a branch office; and (2) the Commissioner of Mortgage Lending to adopt regulations governing the conducting of the business of a mortgage company at a remote location.

Existing law requires each mortgage company to keep and maintain at each location where the mortgage company conducts business in this State records of all mortgage transactions made by the mortgage company at that location. (NRS 645B.080) Section 25 of this bill exempts a remote location from that requirement and instead requires a mortgage company to keep and maintain records of all mortgage transactions made by an employee at a remote location in accordance with the requirements established by the Commissioner of Mortgage Lending by regulation.

Existing law requires a collection agency, not less than 60 days before taking any action to collect a medical debt, to send by registered or certified mail to the medical debtor written notification setting forth certain information. (NRS 649.366) Section 26 of this bill removes the requirement that the written notification be sent by mail that is registered or certified.

2. An employee working at a remote location is able to access the computerized data system of the licensee and other computer systems of the licensee only through the use of a virtual private network or other system that:

(a) Requires the use of a username and password, frequent password changes, multifactor authentication, a system that automatically prevents a person from accessing an account upon the failure of the person to enter the appropriate credentials after a set number of attempts or any combination thereof; and

(b) Uses data encryption;

3. Any updates or repairs necessary to keep data and equipment secure are installed or implemented immediately;

The licensee is able, without the licensee or an agent of the licensee being physically present at a remote location, to disconnect any computer or device provided to an employee at a remote location from the computerized data system of the licensee or other computer systems of the licensee and disable and erase any data from such a computer or device upon termination of the employee's employment with the licensee.

Sec. 7. *1. An employee who engages in the business of lending in this State at a remote location shall not print or store physical records containing any data of the licensee at the remote location.*

2. Except as otherwise provided in subsection 3, an employee who engages in the business of lending in this State at a remote location or the licensee who employs such an employee shall not represent in any manner to a borrower, potential borrower or any other person that the employee is working at a remote location, including, without limitation, by:

The Commissioner may require a licensee to conduct such a review and evaluation at such other times as the Commissioner deems necessary.*

Sec. 9. *1. If a licensee that owns or licenses computerized data that includes personal information discovers or is notified of a breach of the security of the computerized data system of the licensee, the licensee shall notify any resident of this State whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person if:*

(a) The breach is reasonably likely to subject the resident to a risk of harm; and

(b) Either:

(1) The personal information acquired or believed to have been acquired was not encrypted; or

(2) The breach resulted in, or is reasonably believed to have resulted in, an unauthorized person acquiring an encryption key or other means of converting encrypted personal information acquired by the person into an unencrypted or otherwise intelligible form.

2. Except as otherwise provided in this subsection and subsection 4, the notification required by subsection 1 must be made in the most expedient time possible and not more than 30 days after the date on which the licensee discovered or was notified of the breach. A licensee may delay providing the notification beyond the period required by this subsection, as authorized by subsection 4 or if the delay is caused by any measures necessary to determine the scope of the breach and restore the reasonable integrity of the computerized data system of the licensee.

3. Except as otherwise provided in subsection 4, a licensee that maintains data which includes personal information that the licensee does not own shall notify the owner of the information of any breach of the security of the computerized data system of the licensee immediately following discovery if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

4. A notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal

5. Except as otherwise provided in subsections 6 and 8, a notification required by this section may be provided by any of the following methods:

(a) Written notification.

(c) Substitute notification, if the licensee demonstrates that the cost of providing notification would exceed $250,000, the affected class of subject persons to be notified exceeds 500,000 or the licensee does not have sufficient contact information. Substitute notification must consist of all the following:

(e) If the breach involved personal information that includes a username, password or other login credentials to an online account, an advisement to the person whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person to promptly change any relevant passwords or security questions or answers associated with the online account and to take any other appropriate steps to protect the online account and any other online account for which the person uses any of the same information to access.

8. A licensee who maintains his or her own notification procedures as part of a data security policy for the treatment of personal information that

are otherwise consistent with the timing requirements of this section shall be deemed to be in compliance with the notification requirements of this section if the licensee notifies subject persons in accordance with its policies and procedures in the event of a breach of the security of the computerized data system of the licensee.

(e) A sample copy of the notification the licensee provided to persons affected or reasonably believed to be affected by the breach which excludes any personally identifiable information.

2. If any of the information described in subsection 1 is unavailable to a licensee at the time the licensee submits the notification to the Attorney General, the licensee shall promptly provide the information to the Attorney General after the information becomes available to the licensee.

AN ACT relating to data privacy; requiring certain entities to develop, maintain and make available on the Internet a policy concerning the privacy of consumer health data; prohibiting such an entity from collecting or sharing consumer health data without the affirmative, voluntary consent of a consumer in certain circumstances; requiring such an entity to perform certain actions upon the request of a consumer; requiring such an entity to establish a process to appeal the denial of such a request; requiring such an entity to take certain actions to protect the security of consumer health data; limiting the circumstances under which a processor is authorized to process consumer health data; requiring a processor to assist certain entities in complying with certain requirements; prohibiting a person from selling or offering to sell consumer health data under certain circumstances; prohibiting the implementation of a geofence under certain circumstances; prohibiting discrimination against a consumer for certain reasons; authorizing certain civil enforcement; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal law and regulations contain various protections for health information maintained or used: (1) by a person or entity that provides health care, an insurer or a business associate of a person or entity that provides health care or an insurer; or (2) for scientific research. (42 U.S.C. §§ 11101 et seq.; Pub. L. No. 104-191, 100 Stat. 2548; 21 C.F.R. Parts 46, 50 and 56, 42 C.F.R. Parts 2 and 3, 45 C.F.R. Parts 160 and 164) **Sections 2-34** of this bill prescribe various protections for consumer health data that is maintained and used by other persons and nongovernmental entities and for other purposes. **Section 7** of this bill defines the term "consumer" to mean a natural person who has requested a product or service from a regulated entity and who resides in this State or whose consumer health data is collected in this State, except for a natural person acting in an employment context or as an agent of a governmental entity. **Section 8** of this bill defines the term "consumer health data" to mean personally identifiable information that is linked or reasonably capable of being linked to a consumer and is used by a regulated entity to identify the health status of the consumer. **Section 15** of this bill defines the term "regulated entity" to refer to a person who: (1) conducts business in this State or produces or provides products or services that are targeted to consumers in this State; and (2) determines the purpose and means of processing, sharing or selling consumer health data. **Sections 3-6, 9-14 and 16-19** of this bill define certain other terms. **Section 20** of this bill provides that the provisions of **sections 2-34** do not apply to certain persons, entities and data, including: (1) certain persons and entities whose collection and disclosure of data is specifically regulated by federal law; and (2) certain data that is collected or disclosed under certain provisions of federal law or regulations or state law.

Section 21 of this bill requires a regulated entity to develop, maintain and make available a policy concerning the privacy of consumer health data. **Section 21** also prohibits a regulated entity from: (1) taking certain actions with regard to consumer health data that are inconsistent with the policy without the affirmative, voluntary consent of the consumer; or (2) entering into a contract for the processing of consumer health data that is inconsistent with the policy. **Section 22** of this bill generally prohibits a regulated entity from collecting or sharing consumer health data without the affirmative, voluntary consent of the consumer to whom the data relates, except to the extent necessary to provide a product or service that the consumer has requested from the regulated entity. **Section 22** of this bill prescribes certain requirements governing such consent.

Section 24 of this bill requires a regulated entity, upon the request of a consumer, to: (1) confirm whether the regulated entity is collecting, sharing or selling consumer health data concerning the consumer; (2) provide the consumer with a list of all third parties with whom the regulated entity has shared or to whom the regulated entity has sold consumer health data relating to the consumer; (3) cease collecting or sharing consumer health data relating to the consumer; or (4) delete consumer health data concerning the consumer. **Section 24** also requires a regulated entity to establish a secure and reliable means of making such a request. **Section 25** of this bill prescribes requirements governing the response to such a request, including a requirement that a regulated entity provide information in response to such a request free of charge in most circumstances. However, if a consumer submits more than two requests in a year and those requests are manifestly unfounded, excessive or repetitive, **section 25** authorizes the regulated entity to charge a reasonable fee to provide such information. **Section 26** of this bill prescribes requirements governing the time within which a regulated entity or an affiliate, processor or other third party with which a regulated entity has shared data must delete consumer health data in response to a request for such deletion. **Section 27** of this bill requires a regulated entity to establish a process to appeal the refusal of the regulated entity to act on a request made pursuant to **section 24**.

Section 28 of this bill requires a regulated entity to limit access to and establish, implement and maintain policies and procedures to protect the security of consumer health data. **Section 29** of this bill requires a processor who processes consumer health data on behalf of a regulated entity to only process such data in accordance with a written contract between the processor and the regulated entity. **Section 29** also requires such a processor to assist the regulated entity in complying with the provisions of **sections 2-34**.

Section 30 of this bill prohibits a person from selling or offering to sell consumer health data without the written authorization of the consumer to whom the data pertains or beyond the scope of such authorization, with certain exceptions. **Section 30** also prohibits a person from conditioning the provision of goods or services on a consumer providing such authorization. **Section 30** requires a person who sells consumer health data to: (1) establish a means by

which a consumer may revoke such written authorization; and (2) provide a copy of such written authorization to the consumer and purchaser. **Section 30** also requires both a seller and a purchaser of consumer health data to maintain such written authorization for at least 6 years after the expiration of the written authorization. **Section 17** of this bill exempts certain activity from the definition of the term "sell," thereby exempting such activity from the requirements of **section 30**.

Section 31 of this bill prohibits a person from implementing a geofence within 1,750 feet of any person or entity that provides in-person health care services or products for certain purposes. **Section 33** of this bill prohibits a regulated entity from discriminating against a consumer for taking any action authorized by **sections 2-34** or to enforce those provisions.

Existing law provides that a variety of actions constitute deceptive trade practices. (NRS 118A.275, 205.377, 228.620, 370.695, 597.997, 603.170, 604B.910, 676A.770; chapter 598 of NRS) Existing law authorizes a court to impose a civil penalty of not more than $12,500 for each violation upon a person whom the court finds has engaged in a deceptive trade practice directed toward an elderly person or a person with a disability. (NRS 598.0973) Additionally, existing law authorizes a court to make such additional orders or judgments as may be necessary to restore to any person in interest any money or property which may have been acquired by means of any deceptive trade practice. (NRS 598.0993) In addition to these enforcement mechanisms, existing law provides that when the Commissioner of Consumer Affairs or the Director of the Department of Business and Industry has cause to believe that a person has engaged or is engaging in any deceptive trade practice, the Commissioner or Director may request that the Attorney General represent him or her in instituting an appropriate legal proceeding, including an application for an injunction or temporary restraining order. (NRS 598.0979) Existing law provides that if a person violates a court order or injunction resulting from a complaint brought by the Commissioner, the Director, the district attorney of any county of this State or the Attorney General, the person is required to pay a civil penalty of not more than $10,000 for each violation. Furthermore, if a court finds that a person has willfully engaged in a deceptive trade practice, the person who committed the violation: (1) may be required to pay an additional civil penalty not more than $5,000 for each violation; and (2) is guilty of a felony or misdemeanor, depending on the value of the property or services lost as a result of the deceptive trade practice. (NRS 598.0999) With certain exceptions, **section 34** of this bill provides that a person who violates any provision of **sections 2-34** is guilty of a deceptive trade practice. **Sections 1 and 34** of this bill provide that a person injured by such a violation does not have a private right of action. **Section 34** additionally provides that the provisions of **sections 2-34** must not be construed to affect any other provision of law.

Section 35 of this bill exempts consumer health data from provisions of existing law governing information collected on the Internet from consumers

because those provisions are less stringent than the provisions of **sections 2-34**.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 58.

The following Senate amendment was read:

Amendment No. 981.

AN ACT relating to economic development; **revising the membership of the Nevada Air Service Development Commission;** providing that money remaining in the Nevada Air Service Development Fund does not revert to the

State General Fund at the end of a fiscal year; **revising provisions governing grants awarded by the Commission from the Nevada Air Service Development Fund;** making an appropriation to the Nevada Air Service Development Fund; making an appropriation to the Fund for Aviation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Nevada Air Service Development Commission, which consists of the Executive Director of the Office of Economic Development in the Office of the Governor and the members of the Commission on Tourism. (NRS 231.680) Existing law also creates the Nevada Air Service Development Fund and requires the Commission to develop a program to make grants of money from the Fund to air carriers that will service or provide enhanced air service routes that will service certain airports in this State. (NRS 231.690, 231.710) **Section** ~~1~~ **1.8** of this bill provides that money remaining in the Nevada Air Service Development Fund does not revert to the State General Fund at the end of a fiscal year and must be carried forward to the next fiscal year. **Section 2** of this bill makes an appropriation from the State General Fund to the Nevada Air Service Development Fund in the amount of $5,000,000 for Fiscal Year 2023-2024 and $5,000,000 for Fiscal Year 2024-2025 ~~.~~ **for the purpose of making grants of money to air carriers that will service or provide enhanced air service routes that will service certain airports in this State and for the purpose of conducting a study of the development of intrastate and interstate air service in this State.**

Section 1.6 of this bill provides that the Nevada Air Service Development Commission is part of the Office of Economic Development. Section 1.6 also maintains the Executive Director of the Office of Economic Development as a member of the Nevada Air Service Development Commission, but revises the membership of the Nevada Air Service Development Commission to include: (1) one member of the Commission on Tourism who is appointed by the Governor rather than all of the members of the Commission on Tourism; (2) one member who represents the Nevada Aviation Association; (3) one member who represents the department of aviation in a county whose population is 700,000 or more (currently only Clark County); (4) one member who represents the Reno-Tahoe Airport Authority; (5) one member who represents the Nevada Resort Association; (6) one member who represents the Nevada League of Cities; and (7) one member who represents the Nevada Association of Counties. Section 1.6 further provides that the terms of office for the members of the Nevada Air Service Development Commission are 2 years and must be staggered.

Section 1.9 of this bill revises the entities to which the Nevada Air Service Development Commission is authorized to award grants to include governmental entities. Sections 1.1, 1.2, 1.9 and 1.91 of this bill: (1) remove the limitation that the Commission is authorized to award grants only to air carriers that will establish or enhance air service routes

to nonhub or small hub airports or to large hub airports that service nonhub or small hub airports; and (2) instead, authorize the Commission to award grants to air carriers for the purpose of establishing or enhancing air service routes that service any public use airport in this State that are part of the National Plan of Integrated Airport Systems published by the United States Secretary of Transportation. Section 1.5 of this bill clarifies that the air carriers eligible to receive such grants include, without limitation, air taxi operators. Section 2.7 of this bill repeals the statutory definitions of "large hub airport," "nonhub airport" and "small hub airport" because those terms would no longer be used for the purpose of determining eligibility for the award of a grant from the Commission.

Existing law creates the Fund for Aviation in the State Treasury and authorizes the Director of the Department of Transportation to award grants to counties, cities and other local governments, except for facilities owned or controlled by the Reno-Tahoe Airport Authority or a county whose population is 700,000 or more (currently Clark County) for the planning, establishment, development, construction, enlargement, improvement or maintenance of any airport, landing area or air navigation facility owned or controlled by the county, city or other local government. (NRS 494.048) **Section 2.5** of this bill makes an appropriation to the Fund for Aviation in the amount of $1,000,000 for Fiscal Year 2023-2024 and $1,000,000 for Fiscal Year 2024-2025 for these purposes.

Section 1.3 of this bill requires the Commission to prepare and submit an annual report to the Director of the Legislative Counsel Bureau relating to applications for grants received and grants awarded by the Commission during the immediately preceding calendar year.

Legislative Counsel's Digest:

~~[Existing law requires the Secretary of State to establish a system of approved electronic transmission through which: (1) certain military and overseas electors and voters; or (2) certain registered electors and voters with a disability may register to vote, request a ballot and cast a ballot. (NRS 293.269951, 293D.200) Sections 1.5 and 7.6 of this bill require the Secretary of State to allow any registered voter to use the system of approved electronic transmission to apply for and cast a ballot if the registered voter: (1) does not have access to his or her mail ballot; and (2) is unable to go to the polls because of an illness or disability resulting in confinement, hospitalization, serious illness or is suddenly called away from home. Sections 6.55 and 10.5 of this bill require the county and city clerks to notify the public of the provisions of sections 1.5 and 7.6.~~

~~Existing federal law requires a certificate of ascertainment of appointment of presidential electors to be issued and transmitted to the Archivist of the United States not later than 6 days before the time fixed for the meeting of the electors, which is the first Tuesday after the second Wednesday in December. (3 U.S.C. §§ 5, 7) Existing state law authorizes a candidate defeated at any election to demand and receive a recount within 3 working days after the canvass of the vote. For purposes of demanding a recount in a general election, "canvass" means: (1) the canvass by the Supreme Court of the returns for a candidate for a statewide office; or (2) the canvass of the board of county commissioners of the returns for any other candidate. (NRS 293.403) The canvass by: (1) a board of county commissioners must be completed on or before the 10th day following the election; and (2) the Supreme Court is the~~

~~fourth Tuesday of November after each general election. (NRS 293.387, 293.395) Each recount must be commenced within 5 days after demand, and completed within 5 days after it begins. (NRS 293.405) Existing state law further authorizes, with certain exceptions, a candidate or registered voter to contest an election by filing a statement of contest no later than 5 days after a recount is completed, and no later than 14 days after the election if no recount is demanded. (NRS 293.407, 293.413) If an election contest is filed, the court is required to set the matter for hearing not less than 5 days nor more than 10 days after the filing of the statement of contest. (NRS 293.413)~~

~~Section 1.7 of this bill establishes a different timeline for filing a recount or an election contest that applies only to the election of presidential electors. Specifically, section 1.7 provides that a candidate for the office of presidential elector may demand and receive a recount if, on or before the 13th day following the election, the candidate files the written demand to and deposits the estimated costs of the recount with the Secretary of State. Any such recount must be: (1) commenced within 1 day after the demand is filed; and (2) completed within 5 days after the recount begins. Section 1.7 further authorizes a candidate or any registered voter to contest the election of a candidate to the office of presidential elector not more than 2 working days after the canvass of the returns by the Supreme Court. Such an election contest must be: (1) scheduled for a judicial hearing not more than 5 days after the filing of the statement of contest; and (2) decided before the deadline to issue and submit the certificate of ascertainment pursuant to federal law.~~

~~Pursuant to section 1.7, for purposes of the 2024 General Election, which will be held on November 5, 2024, the deadline: (1) to demand a recount for the office of presidential elector is November 18, 2024; (2) to begin a recount for the office of presidential elector is November 19, 2024; (3) to complete a recount for the office of presidential elector is November 24, 2024, (4) to contest the election for the office of presidential elector is December 2, 2024; and (5) for the court to set any such contest for hearing is December 7, 2024. Further, the deadline under federal law to issue and transmit the certificate of ascertainment is December 11, 2024, so pursuant to section 1.7, the court must determine the result of any election contest of the office of presidential elector before December 11, 2024.~~

~~Sections 6.35-6.5 and 7.3 of this bill make conforming changes to reflect the changes in section 1.7 to the schedule for filing a demand for a recount or an election contest for the office of presidential elector.~~

~~Section 11.7 of this bill requires the Secretary of State to transmit the certificate of ascertainment to the Archivist.~~

~~Section 6.5 requires a court to set a contest of an election for hearing not more than 5 days after the filing of the statement of contest for any election.~~

~~Existing law requires an independent candidate for partisan office to file a declaration of candidacy. (NRS 293.200) Existing law further sets forth the form for a declaration of candidacy for all candidates for partisan office. (NRS 293.177) Section 1.8 of this bill sets forth the form for the declaration~~

~~of candidacy for an independent candidate for partisan office. Section 3 of this bill makes conforming changes to clarify that the declaration of candidacy for an independent candidate must be in the form set forth in section 1.8.~~

~~Existing law sets forth certain fees for filing a declaration of candidacy and provides that the fee for filing a declaration of candidacy may be paid by cash, cashier's check or certified check. (NRS 293.193) Section 2 of this bill: (1) provides that such a fee may also be paid by credit card; (2) revises the description of certain offices; and (3) reorganizes existing fees set forth in other provisions of existing law in to this schedule of fees.~~

~~Existing law provides that members of election boards continue to serve as such from the day before the day of the election until the time for filing contests of the election has expired. (NRS 293.225) Section 3.5 of this bill provides instead that members continue to serve as such from the day of appointment.~~

~~Existing law provides that, in certain circumstances, if one candidate receives a majority of the votes cast in a primary election for certain nonpartisan offices, the candidate must be declared elected and the candidate's name must not be placed on the ballot. (NRS 293.260, 293C.175; Carson City Charter § 5.010; Henderson City Charter § 5.010; Las Vegas City Charter § 5.010; North Las Vegas City Charter § 5.020; Sparks City Charter § 5.020) Sections 4, 8 and 12-17 of this bill provide that for the purposes of determining the majority of the votes cast in a primary election for an office for which voters may select more than one candidate, each ballot upon which a voter marked a valid choice for one or more candidates for that office shall be deemed to be one vote cast in the primary election for that office.~~

~~Existing law provides that every ballot upon which appears the names of candidates for any statewide office or for President or Vice President of the United States must contain an additional line with a square in which the voter may select "None of these candidates." (NRS 293.269) Section 5 of this bill provides instead that the additional line on such a ballot must contain a space in which the voter may select "None of these candidates."~~

~~Existing law: (1) authorizes the mail ballot central counting board to begin counting mail ballots 15 days before the day of the election; (2) requires the counting board to prepare to count the ballots when the polls are closed; and (3) establishes certain requirements for counting paper ballots. (NRS 293.269931, 293.363, 293C.26331, 293C.362) Sections 6.23 and 10.2 of this bill: (1) clarify that the mail ballot central counting board may begin counting mail ballots before the polls are closed; and (2) remove the requirements for counting paper ballots.~~

~~Existing law: (1) sets forth certain standards for counting votes; (2) requires the Secretary of State to adopt regulations establishing uniform, statewide standards for counting a vote; and (3) authorizes the Secretary of State to adopt regulations establishing additional uniform statewide standards. (NRS 293.3677, 293C.369) Sections 6.24 and 10.4 of this bill authorize the Secretary of State to establish uniform thresholds for determining whether writing or a mark must be counted as a vote.~~

~~— Existing law provides that certain election materials, including the voted, rejected and spoiled ballots, must be sealed and deposited in the vaults of the county clerk. (NRS 293.391) Section 6.25 of this bill provides that such election materials are subject to inspection for the purposes of a risk-limiting audit.~~

~~— Existing law requires each county clerk to conduct a risk-limiting audit of the results of an election prior to the certification of the results of an election. (NRS 293.394) Section 6.3 of this bill removes the requirement to conduct such an audit prior to the certification of the results.~~

~~— Existing law provides that the deadline to register to vote at a voter registration agency, the Department of Motor Vehicles or an automatic voter registration agency is the last day to register to vote by mail. Existing law requires a county clerk to accept any application which is completed by the last day to register to vote by mail if the county clerk receives the application not later than 5 days after that date. (NRS 293.504, 293.5727, 293.5737) Sections 6.6, 6.75 and 17.7 of this bill require a voter registration agency, the Department of Motor Vehicles and an automatic voter registration agency to notify a voter who registers to vote after this deadline that in order to vote in the upcoming election, the voter must register to vote by computer or at a polling place or polling place for early voting.~~

~~— Existing law requires the Secretary of State to prescribe the form for applications to preregister or register to vote. (NRS 293.5235) Section 6.65 of this bill requires an application to preregister or register to vote to include an option for a voter to elect not to receive a mail ballot. Sections 6.1 and 9.2 of this bill make conforming changes to provide that a county clerk and city clerk shall not distribute a mail ballot to a person who has elected not to receive a mail ballot.~~

~~— Existing federal law sets forth certain requirements for the removal of a voter from the official list of eligible voters which prohibit a state from removing the name of a registered voter unless the voter: (1) confirms a change of residence outside of the registrar's jurisdiction in writing; or (2) fails to respond to a notice sent to his or her residence and has not voted or appeared to vote for a period of time after a notice has been mailed to his or her residence. (52 U.S.C. § 20507) Sections 6.7 and 6.9 of this bill require a county clerk to mail a notice and conduct any correction or removal of a registered voter in accordance with existing federal law.~~

~~— Existing law provides a penalty for a person who tampers or interferes or attempts to tamper or interfere with any computer program used to count ballots. (NRS 293.755) Section 6.8 of this bill instead prohibits a person from tampering or interfering or attempting to tamper or interfere with any computer program used to conduct an election.~~

~~— Existing law prohibits a person from being preregistered or registered to vote in more than one county at a time. (NRS 293.810) Section 6.9 instead prohibits a person from being preregistered or registered to vote in more than one state at a time.~~

~~Existing law requires a county or city clerk or other election official to immediately notify the Secretary of State if the clerk or official identifies or is informed of a confirmed attack or attempted attack on the security of an information system used by the clerk or official. (NRS 293.875) Section 7 of this bill requires the Secretary of State to adopt by regulation a cyber-incident response plan for elections. Section 7 also requires a county or city clerk or other election official to notify the Secretary of State of any cyber incident or attempted cyber incident on the security of an information system used by the county or city clerk or other election official in accordance with the cyber-incident response plan.~~

~~Existing law provides that a withdrawal of candidacy must be presented: (1) for a candidate for city office, to the city clerk within 2 days after the last day for filing for candidacy; and (2) for all other candidates, to the county clerk within 7 days after the last day for filing. (NRS 293.202, 293C.195) Section 9 of this bill requires a withdrawal of candidacy by a candidate for a city office to be presented within 7 days, consistent with the requirement for all other candidates.~~

~~Existing law authorizes uniformed-service voters and certain other voters to vote in an election using a system of approved electronic transmission, a federal postcard application or the federal write-in absentee ballot. (Chapter 293D of NRS) Section 11 of this bill revises the definition of "uniformed service voter" to include a member of the active or reserve components of the Space Force of the United States who is on active duty.~~

~~Existing law sets forth certain limits on making or committing to make any contributions to a candidate for office, except for a federal office, and provides that no contribution made, committed or accepted for a primary election or general election affects the limitation on contributions for a special election to recall a public officer. (NRS 294A.100) Section 11.3 of this bill also provides that no contribution made, committed or accepted for a special election other than a special election to recall a public officer affects the limitation on contributions for a special election to recall a public officer.~~

~~Beginning on January 1, 2024, existing law expands the agencies which provide automatic voter registration services and establishes certain requirements for an automatic voter registration agency to transmit certain voter registration information to the Secretary of State and county clerks. (Chapter 555, Statutes of Nevada 2021, at page 3849) Section 17.7 of this bill delays the effective date of these provisions until January 1, 2025.~~

~~Section 19 of this bill repeals certain provisions that: (1) prohibit a counting board from commencing to count the votes until all ballots are accounted for; (2) provide for a recount at a hearing of any contest; and (3) require the county clerk to transmit the number of registered voters in the county and their political affiliation to the Secretary of State before certain elections.~~]

Existing law requires certain persons who make independent expenditures and certain committees for political action, political parties and committees sponsored by a political party which receives certain

contributions or makes certain expenditures to report such contributions and expenditures. (NRS 294A.140, 294A.150, 294A.210, 294A.220, 294A.230) Section 24 of this bill requires an inaugural committee to report certain contributions and expenditures.

Section 23 of this bill defines the term "inaugural committee."

Existing law requires a candidate for office at a primary election or general election to report certain contributions made during the election year. (NRS 294A.120) Section 25 of this bill requires a candidate who has been elected to a constitutional office to report certain contributions and expenditures in relation to the transition to the constitutional office.

Section 22 of this bill defines the terms "constitutional office" and "constitutional officer."

Section 26 of this bill makes a conforming change to indicate the proper placement of sections 22 and 23 in the Nevada Revised Statutes.

Section 27 of this bill prohibits a foreign national from making a contribution or a commitment to make a contribution to an inaugural committee.

Sections 28-31 of this bill make conforming changes to incorporate the requirements of sections 24 and 25 into existing law governing campaign practices.

~~(2) A current utility bill, bank statement, paycheck, or document issued by a governmental entity, including a check which indicates the candidate's name and residential address, but not including a voter registration card.~~

~~4. If the candidate executes an oath or affirmation under penalty of perjury stating that the candidate is unable to present to the filing officer the proof of residency required by subsection 3 because a street address has not been assigned to the candidate's residence or because the rural or remote location of the candidate's residence makes it impracticable to present the proof of residency required by subsection 3, the candidate shall present to the filing officer:~~

If the candidate cannot be served at that address, service must be made by personally delivering to and leaving with the filing officer duplicate copies of the process. Assembly Bill No. 527.

The following Senate amendment was read:

Amendment No. 993.

AN ACT relating to state financial administration; revising requirements relating to the preparation of the state budget; ~~[revising provisions relating to revisions of work programs in the state budget;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Chief of the Budget Division of the Office of Finance in the Office of the Governor to prepare a proposed budget for the Executive Department of the State Government. (NRS 353.185) Existing law requires the Judicial and Legislative Departments of the State Government, the Public Employees' Retirement System and the Tahoe Regional Planning Agency to submit to the Chief of the Budget Division for his or her information a copy of the budgets that they propose to submit to the Legislature. (NRS 353.210) Under existing law, the proposed budget for each fiscal year of a biennium is required to include a reserve of not less than 5 percent or more than 10 percent of the total of all proposed appropriations from the State General Fund for the operation of the State Government and authorized expenditures from the State General Fund for the regulation of gaming for that fiscal year. (NRS 353.213) ~~[Section 1 of this]~~ **This** bill requires the Chief of the Budget Division to include the total amount of appropriations included in the budgets submitted by the Judicial and Legislative Departments of the State Government, the Public Employees' Retirement System and the Tahoe Regional Planning Agency in the calculation of the reserve in the proposed budget.

~~[Under the State Budget Act, the head of a department, institution or other agency of the Executive Department of the State Government, with certain exceptions, is authorized, as a result of changed conditions, to request a revision to a work program within its budget. Such a revision is required to be approved or disapproved by the Governor or the Chief of the Budget Division. In addition, the department, institution or agency is required to obtain the approval of the Interim Finance Committee, or the Governor in certain emergency or expeditious circumstances, before revising a work program in an amount more than $30,000 if the revision will increase or decrease by 10 percent or $75,000, whichever is less, the expenditure level approved by the Legislature for any of the allotments within the work program. (NRS 353.220) Section 2 of this bill eliminates the initial monetary threshold of $30,000 for~~

~~the additional required approval of a work program and increases the dollar amount of the other threshold in existing law to $100,000. Thus, under section 2, an agency must obtain additional approval of its work program from the Interim Finance Committee, or the Governor in certain emergency or expeditious circumstances, if the revision will increase or decrease by 10 percent or $100,000, whichever is less, the expenditure level approved by the Legislature for any of the allotments within the work program.~~

~~Under existing law, if the Governor approves a work program that meets the monetary threshold level in the case of an emergency or for the protection of life or property, the Governor is required to report his or her approval of the work program to the Interim Finance Committee at its next meeting. (NRS 353.220) Section 2 eliminates this reporting requirement and instead requires the Governor to notify the Chair of the Interim Finance Committee before approving the work program.~~

~~Under existing law, the Interim Finance Committee is required to consider a request for the revision of a work program within 45 days after its submission or the request is deemed approved. (NRS 353.220) Section 2 eliminates that requirement and instead requires, with an exception, the placement of the request on the agenda of the next meeting of the Interim Finance Committee.~~]

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 353.210 is hereby amended to read as follows:

The organizational units may be subclassified by functions and by agencies, bureaus or commissions, or in any other manner at the discretion of the Chief.

5. If any department, institution or other agency of the Executive Department of the State Government, whether its money is derived from state money or from other money collected under the authority of the State, fails or neglects to submit estimates of its expenditure requirements as provided in this section, the Chief may, from any data at hand in the Chief's office or which the Chief may examine or obtain elsewhere, make and enter a proposed budget for the department, institution or agency in accordance with the data.

6. Agencies, bureaus, commissions and officers of the Legislative Department, the Public Employees' Retirement System and the Judicial Department of the State Government shall submit to the Chief for his or her

information in preparing the proposed executive budget the budgets which they propose to submit to the Legislature. ***The Chief shall include the total amount of appropriations included in the budgets submitted pursuant to this subsection in the calculation of the reserve required pursuant to subsection 3 of NRS 353.213.***

7. On or before September 1 of each even-numbered year, the Tahoe Regional Planning Agency shall submit the budget which the Agency proposes to submit to the Legislature to:

(b) The Fiscal Analysis Division of the Legislative Counsel Bureau.

8. The information provided by a department, institution or agency pursuant to paragraph (c) of subsection 1 is a public record and must be open to public inspection.

9. As used in this section, "privatization contract" means a contract executed by or on behalf of a department, institution or agency which authorizes a private entity to provide public services which are:

(a) Substantially similar to the services performed by the public employees of the department, institution or agency; and

(b) In lieu of the services otherwise authorized or required to be provided by the department, institution or agency.

Sec. 2. ~~[NRS 353.220 is hereby amended to read as follows:~~

Amendment No. CA3.

SUMMARY— ~~[Establishes programs to facilitate the purchase of menstrual products.]~~ **Makes revisions relating to personal health and wellness.** (BDR 38-811)

AN ACT relating to ~~[public assistance;]~~ **personal health; expanding required insurance coverage of contraception;** providing for the use of benefits under certain federal programs for persons with low incomes to purchase menstrual products; authorizing the establishment of a program to assist certain recipients of public assistance in the purchase of menstrual products; **authorizing certain persons and entities to acquire controlled substances and dangerous drugs directly from an outsourcing facility; revising requirements governing the dispensing of a drug used for contraception; enacting the Interstate Massage Compact; increasing the number of members of the Board of Massage Therapy required to constitute a quorum for the purposes of transacting the business of the Board; clarifying that a pharmacy benefit manager is subject to certain provisions of law governing an insurer for which the pharmacy benefit manager manages prescription drug coverage;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires public and private policies of insurance regulated under Nevada law to include coverage for up to a 12-month supply of contraceptive drugs. (NRS 287.010, 287.04335, 422.27172, 689A.0418, 689B.0378, 689C.1676, 695A.1865, 695B.1919, 695C.1696, 695G.1715) Sections 1, 11 and 14-20 of this bill prohibit an insurer from requiring an

insured to obtain prior authorization before receiving a contraceptive drug. Sections 1 and 14-20 also require an insurer to: (1) cover certain contraceptive services when provided by a pharmacist to the same extent as if the services were provided by another provider of health care in certain circumstances; and (2) reimburse a pharmacist for providing such services at a rate that is not less than the rate provided to a physician, physician assistant or advanced practice registered nurse. Sections 1 and 14-20 additionally prescribe certain limitations on the imposition of a copayment or coinsurance for a drug for contraception. Section 10 of this bill requires an insurer to: (1) demonstrate the capacity to adequately deliver family planning services provided by pharmacists to covered persons; and (2) make available to covered persons a notice of pharmacists and pharmacies that are available to provide family planning services to covered persons through the network of the insurer. Sections 12 and 13 of this bill make conforming changes to indicate the proper placement of section 10 in the Nevada Revised Statutes.

Existing law imposes certain duties on a pharmacy benefit manager. (NRS 683A.178) Section 9 of this bill clarifies that a pharmacy benefit manager that manages prescription drug benefits for an insurer is required to comply with the same provisions of the Nevada Insurance Code as are applicable to the insurer.

Existing law authorizes the Department of Health and Human Services to enter into a contract with a pharmacy benefit manager or a health maintenance organization to manage, direct and coordinate all payments and rebates for prescription drugs and all other services and payments relating to the provision of prescription drugs under the State Plan for Medicaid and the Children's Health Insurance Program. (NRS 422.4053) Section 2 of this bill requires such a contract to require the pharmacy benefit manager or health maintenance organization to comply with certain provisions of law regarding the provision of prescription drugs under the State Plan for Medicaid and the Children's Health Insurance Program.

Existing federal law establishes the Supplemental Nutrition Assistance Program, which provides assistance to certain low-income families for the purchase of food. (7 U.S.C. §§ 2011 et seq.) Existing federal law also establishes the Special Supplemental Nutrition Program for Women, Infants and Children, which provides, through eligible local agencies, nutrition education and supplemental foods to pregnant women, mothers, infants and children less than 5 years of age with low household incomes. (42 U.S.C. § 1786) Existing law requires the Department of Health and Human Services to administer these programs within this State. (NRS 422A.338) ~~[This]~~ **Section 3 of this** bill requires the Department to authorize recipients of benefits provided under those programs to use such benefits to purchase menstrual products: (1) to the extent authorized by federal law; and (2) to the extent that federal funding is available. This bill also authorizes the Department to: (1) establish

and administer a program to provide assistance for the purpose of purchasing menstrual products to recipients of benefits provided through programs for which the Division of Welfare and Supportive Services of the Department is responsible; and (2) accept gifts, grants and donations for the purposes of establishing such a program.

Existing law imposes certain requirements governing the purchase and sale of controlled substances and dangerous drugs. (NRS 639.268) Existing regulations prescribe certain requirements concerning the operation of outsourcing facilities, which are federally registered facilities that engage in the compounding of drugs. (NAC 639.691-639.6916) Those requirements include requirements that an outsourcing facility: (1) be licensed by the State Board of Pharmacy as a manufacturer; and (2) comply with regulatory requirements governing manufacturers. (NAC 639.6915) Section 5 of this bill authorizes a person or entity authorized to dispense controlled substances and dangerous drugs to purchase or otherwise acquire controlled substances and dangerous drugs compounded or repackaged by an outsourcing facility directly from the outsourcing facility. Section 4 of this bill makes a conforming change to update an internal reference changed by section 5.

Existing law requires a pharmacist to dispense up to a 12-month supply of contraceptives or therapeutic equivalent or any amount which covers the remainder of the plan year, whichever is less, pursuant to a valid prescription or order if: (1) the patient has previously received a 3-month supply of the same drug; (2) the patient has previously received a 9-month supply of the same drug or a supply of the same drug for the balance of the plan year in which the 3-month supply was prescribed or ordered, whichever is less; (3) the patient is insured by the same health insurance plan; and (4) a provider of health care has not specified in the prescription or order that a different supply of the drug is necessary. (NRS 639.28075) If a patient is not currently using a contraceptive or therapeutic equivalent, section 6 of this bill requires a pharmacist to dispense a full 3-month supply or the amount designated by the prescription or order, whichever is less, pursuant to a valid prescription or order unless the patient is unable or unwilling to pay the applicable charge, copayment or coinsurance. If the patient is currently using the contraceptive or therapeutic equivalent, section 6 requires a pharmacist to dispense a full 9-month supply or a full 12-month supply, as applicable, any amount designated by the prescription or order or any amount which covers the remainder of the plan year, whichever is less, pursuant to a valid prescription or order unless the patient is unable or unwilling to pay the applicable charge, copayment or coinsurance.

Existing law authorizes the Board of Massage Therapy to issue a license to practice massage therapy and sets forth the requirements that an applicant for a license must satisfy in order to become licensed. (NRS 640C.580) Section 7 of this bill adopts the Interstate Massage

Compact, creating a multistate license with uniform licensing requirements, including a national licensing examination, for use by licensees in all member states.

The Compact requires that, in order to be eligible to join the Compact and maintain eligibility as a member state, a state must: (1) license and regulate the practice of massage therapy; (2) have a mechanism or entity in place to receive and investigate complaints from the public, regulatory or law enforcement agencies or the Interstate Massage Compact Commission about licensees practicing in that state; (3) accept passage of a national licensing examination as a criterion for massage therapy licensure in that state; (4) require that licensees satisfy educational requirements before being licensed; (5) implement procedures for requiring background checks for a multistate license and other reporting requirements; (6) have continuing competence requirements; (7) participate in the Compact's data system; (8) notify the Commission and other member states of any disciplinary action taken against a licensee practicing under a multistate license; (9) comply with any rules of the Commission; and (10) accept licensees with valid multistate licenses from other member states. An applicant for a multistate license must: (1) hold a license to practice massage therapy in a member state; (2) complete 625 hours of massage therapy education or the substantial equivalent; (3) pass a national licensing examination or the substantial equivalent; (4) submit to and pass a background check; and (5) pay all required fees.

The Compact: (1) establishes the Interstate Massage Compact Commission as a joint governmental agency whose membership consists of all member states; and (2) provides for the Commission's rules and governance. The Compact also establishes a data system, provided for by the Commission, and requires member states to submit uniform data to the data system on all individuals to whom the Compact is applicable.

The Compact provides additional provisions to carry out the Compact, including providing procedures for the taking of adverse actions against licensees, provisions for active military members or their spouses, provisions for rulemaking by the Commission, provisions for oversight and dispute resolution and procedures for amendments and withdrawals. The Compact takes effect on the date on which the Compact is enacted into law by the seventh member state.

Existing law provides that four members of the Board of Massage Therapy constitute a quorum for the purposes of transacting the business of the Board. (NRS 640C.180) Section 8 of this bill increases the number of board members needed to constitute a quorum from four to five.

The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

4. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's State action immunity or State action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

ARTICLE 9-DATA SYSTEM

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system.

B. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a license and information related thereto;

4. Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation;

E. The existence of Current Significant Investigative Information and the existence of Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

F. It is the responsibility of the Member States to report any Adverse Action against a Licensee who holds a Multistate License and to monitor the

database to determine whether Adverse Action has been taken against such a Licensee or License applicant. Adverse Action information pertaining to a Licensee or License applicant in any Member State will be available to any other Member State.

G. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

H. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

ARTICLE 10-RULEMAKING

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's scope of practice as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this article and the Rules adopted thereunder. Rules shall become binding as of the date specified by the Commission for each Rule.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State or to any State applying to participate in the Compact.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking, and

3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this article shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this article.

K. The Commission shall, by majority vote of all Commissioners, take final action on the proposed Rule based on the Rulemaking record.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection L, the effective date of the Rule shall be no sooner than thirty (30) days after the Commission issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 24 hours' notice, provided that the usual Rulemaking procedures provided in the Compact and in this article shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Member State funds;

3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this Compact.

ARTICLE 11-OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees who hold a Multistate License within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this Compact and the Commission's Rules.

2. By majority vote as provided by Commission Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of

such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

3. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

4. No individual or entity other than a Member State may enforce this Compact against the Commission.

ARTICLE 12-EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the Charter Member States to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Article 11.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven (7).

2. Member States enacting the Compact subsequent to the Charter Member States shall be subject to the process set forth in Article 8.C.23 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact shall be subject to the Commission's Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing that State's enactment of the Compact.

1. A Member State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

ARTICLE 13. CONSTRUCTION AND SEVERABILITY

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this article, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Article 11.B, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

ARTICLE 14. CONSISTENT EFFECT AND

CONFLICT WITH OTHER STATE LAWS

Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

3. The Assembly hereby finds and declares that:

(a) The Nevada Constitution invests each House of the Legislature with certain plenary and exclusive constitutional powers which may be exercised only by that House and which cannot be usurped, infringed or impaired by the other House or by any other branch of Nevada's State Government. (Heller v. Legislature, 120 Nev. 456 (2004); Commission on Ethics v. Hardy, 125 Nev. 285 (2009); Mason's Manual of Legislative Procedure §§ 2-3 & 560-564 (2010) (Mason's Manual))

(b) Article 4, Section 6 of the Nevada Constitution invests each House with plenary and exclusive constitutional powers to govern, control and regulate its membership and its internal organization, affairs and management, expressly providing that: "Each House shall judge of the qualifications, elections and returns of its own members, choose its own officers (except the President of the Senate), determine the rules of its proceedings and may punish its members for disorderly conduct, and with the concurrence of two thirds of all the members elected, expel a member."

(c) In addition to its plenary and exclusive constitutional powers, each House possesses certain inherent powers of institutional self-protection and self-preservation to govern, control and regulate its membership and its

internal organization, affairs and management. (In re Chapman, 166 U.S. 661, 668 (1897); Mason's Manual § 2; Luther S. Cushing, Elements of the Law & Practice of Legislative Assemblies § 533 (1856) (Cushing's Legislative Assemblies))

(d) The inherent powers of each House are considered "so essential to the authority of a legislative assembly, that it cannot well exist without them; and they are consequently entitled to be regarded as belonging to every such assembly as a necessary incident." (Cushing's Legislative Assemblies § 533)

(e) The inherent powers of each House authorize it to take all necessary and proper institutional actions that are "recognized by the common parliamentary law." (Cushing's Legislative Assemblies § 684)

(f) Thus, it is well established that each House is "vested with all the powers and privileges which are necessary and incidental to a free and unobstructed exercise of its appropriate functions. These powers and privileges are derived not from the Constitution; on the contrary, they arise from the very creation of a legislative body, and are founded upon the principle of self-preservation." (Ex parte McCarthy, 29 Cal. 395, 403 (1866))

If the point of order be sustained by the presiding officer, the member shall not be allowed to proceed; but if it be not sustained, then the member shall be permitted to go on. Every such decision from the presiding officer shall be subject to an appeal to the House; but no discussion of the question of order shall be allowed unless an appeal be taken from the decision of the presiding officer.

1. The Select Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Three qualified electors of the State, two of whom are appointed by the Speaker and one who is appointed by the Minority Leader, and none of whom is a present member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint the Chair and Vice Chair of the Committee. The Vice Chair shall serve as the acting Chair if the Chair is unable to serve for any reason during the consideration of a specific question.

3. The Speaker shall appoint an alternate member with the qualifications set forth in paragraph (a) of subsection 1 and an alternate member with the qualifications set forth in paragraph (c) of subsection 1. The Minority Leader shall appoint an alternate member with the qualifications set forth in paragraph (b) of subsection 1 and an alternate member with the qualifications set forth in paragraph (c) of subsection 1. If a member of the Committee is unable to serve for any reason during the consideration of a specific question, the alternate appointed with the qualifications from the same paragraph in subsection 1 shall serve as a member of the Committee during the consideration of the specific question.

4. A member of the Committee is disqualified to serve during the consideration of a specific question if:

(a) The member is the requester of advice concerning the question of ethics or conflict of interest, or the member is the subject of the complaint concerning the specific question; or

(b) A reasonable person in the member's situation could not exercise independent judgment on the matter in question.

5. The members of the Committee shall perform any duty required in the period between the time of their appointment after the general election and the organization of the next succeeding regular session, or until the Speaker or the Speaker Designate or the Minority Leader or Minority Leader Designate appoint new members to the Committee, whichever occurs first.

6. The tenure of the members of the Committee shall extend during the interim between regular sessions of the Legislature.

7. The Committee:

(a) May hear requests brought by members of the Assembly for advice on specific questions of potential breaches of ethics and conflicts of interest; and

(b) Shall hear complaints brought by members of the Assembly and others on specific questions of alleged breaches of ethics and conflicts of interest, including, without limitation, alleged breaches of the Legislative Code of Ethical Standards in the Joint Standing Rules.

8. All proceedings held by the Committee to consider the character, alleged misconduct, professional competence or physical or mental health of any person on matters of ethics or conflicts of interest and all materials related to those proceedings are confidential, unless the person who is the subject of the proceedings requests a public hearing or discloses the content of the proceedings or materials.

9. An individual may file a complaint which alleges a breach of ethics or a conflict of interest, including, without limitation, an alleged breach of the Legislative Code of Ethical Standards in the Joint Standing Rules. If the alleged breach of ethics or conflict of interest involves the conduct of more than one person, separate complaints must be filed regarding each person. A complaint must be:

(a) Made in writing on a form provided by the Legislative Counsel;

(b) Signed and verified under penalty of perjury by the individual making the allegation; and

(c) Filed with the Legislative Counsel who shall review the complaint and any other relevant information and consult with the Chair of the Committee or, if the Chair is the subject of the complaint, with the Vice Chair, to evaluate whether the Committee has jurisdiction and whether an investigation is warranted in the matter. If it is determined that the Committee:

(1) Does not have jurisdiction or that an investigation is not warranted in the matter, the Legislative Counsel shall send written notice of the determination to the individual who filed the complaint.

(2) Has jurisdiction and an investigation is warranted in the matter, the Legislative Counsel shall send written notice of the determination and a copy of the complaint to the person who is the subject of the complaint.

10. Each Legislator is subject, at all times, to the Legislative Code of Ethical Standards in the Joint Standing Rules and, in addition, must determine whether he or she has a conflict of interest upon any matter in question before the Legislator. In determining whether the Legislator has such a conflict of interest, the Legislator should consider whether the independence of judgment of a reasonable person in his or her situation upon the matter in question would be materially affected by the Legislator's:

(a) Acceptance of a gift or loan;

(b) Private economic interest; or

(c) Commitment to a member of his or her household or immediate family.

➥ In interpreting and applying the provisions of this subsection, it must be presumed that the independence of judgment of a reasonable person in the Legislator's situation would not be materially affected by the Legislator's private economic interest or the Legislator's commitment to a member of his or her household or immediate family where the resulting benefit or detriment accruing to the Legislator, or if the Legislator has a commitment to a member of his or her household or immediate family, accruing to those other persons, is not greater than that accruing to any other member of the general business, profession, occupation or group that is affected by the matter.

11. Except as otherwise provided in subsection 12, if a Legislator knows he or she has a conflict of interest pursuant to subsection 10, the Legislator shall make a general disclosure of the conflict of interest on the record in a meeting of a committee or on the floor of the Assembly, as applicable. Such a disclosure must be entered:

(a) If the Legislator makes the disclosure in a meeting of a committee, in the minutes for that meeting.

(b) If the Legislator makes the disclosure on the floor of the Assembly, in the Journal.

12. If, on one or more prior occasions during the current session of the Legislature, a Legislator has made a general disclosure of a conflict of interest on the record in a meeting of a committee or on the floor of the Assembly, the Legislator is not required to make that general disclosure at length again regarding the same conflict of interest if, when the matter in question arises on subsequent occasions, the Legislator makes a reference on the record to the previous disclosure.

13. In determining whether to abstain from voting upon, advocating or opposing a matter concerning which a Legislator has a conflict of interest pursuant to subsection 10, the Legislator should consider whether:

(a) The conflict impedes his or her independence of judgment; and

(b) His or her interest is greater than the interests of an entire class of persons similarly situated.

14. The provisions of this Rule do not under any circumstances and regardless of any conflict of interest:

(a) Prohibit a Legislator from requesting or introducing a legislative measure; or

(b) Require a Legislator to take any particular action before or while requesting or introducing a legislative measure.

15. If a Legislator who is a member of a committee declares on the record when a vote is to be taken by the committee that he or she will abstain from voting because of the requirements of this Rule, the necessary quorum to act upon and the number of votes necessary to act upon the matter is reduced as though the Legislator abstaining were not a member of the committee.

16. The standards and procedures set forth in this Rule which govern whether and to what extent a member of the Assembly has a conflict of interest, should disclose a conflict of interest or should abstain from voting upon, advocating or opposing a matter concerning which the member has a conflict of interest pursuant to subsection 10:

(a) Are exclusive and are the only standards and procedures that apply to members of the Assembly with regard to such matters; and

(b) Supersede and preempt all other standards and procedures with regard to such matters, ➥ except that this subsection does not exempt any members of the Assembly from the Legislative Code of Ethical Standards in the Joint Standing Rules.

17. For purposes of this Rule, "immediate family" means a person who is related to the Legislator by blood, adoption or marriage within the first degree of consanguinity or affinity.

2. The presiding officer shall call for yeas and nays by a division or by a roll call, either electronic or oral.

3. When taking the yeas and nays on any proposal, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

Rule No. 46. Procedure for Election Contests.

1. If the Secretary of State delivers a statement of contest of the general election for the legislative office of any member pursuant to NRS 293.427, the Speaker shall appoint a committee to review the contest and designate the chair and vice chair of the committee. The committee must consist of three members who are not parties to the contest.

2. The parties to the contest must be designated as the contestant and the defendant, and the parties may be represented in the contest by attorneys who are licensed to practice law in this State

3. The chair may take, direct or require any reasonable actions to facilitate or carry out the contest, including, without limitation, issuing and enforcing any orders or other directives to the parties and any attorneys representing the parties.

4. The committee shall not review the merits of the contest unless the committee first determines that the contestant complied with all requirements to bring and maintain the contest. To assist the committee in making its determination, the chair shall take, direct or require any reasonable actions to provide the parties with notice and an opportunity to submit written arguments to the committee limited to the issue of whether the contestant complied with all requirements to bring and maintain the contest.

5. If the committee determines that the contestant complied with all requirements to bring and maintain the contest, the committee shall review the merits of the contest pursuant to this rule. If the committee determines that the contestant did not comply with all requirements to bring and maintain the contest, the committee shall report to the Assembly its recommendation that the Assembly should not take further action on the contest and that the Assembly should dismiss the contest with prejudice. As soon as practicable after receiving the committee's report, the Assembly shall vote on whether to accept or reject the committee's recommendation without amendment. If the Assembly accepts the committee's recommendation, the Speaker shall declare that the Assembly shall not take further action on the contest and that the Assembly dismisses the contest with prejudice. If the Assembly rejects the committee's recommendation, the Speaker shall declare that the Assembly returns the contest to the committee with directions to review the merits of the contest pursuant to this rule.

6. If the committee reviews the merits of the contest pursuant to this rule, the committee may conduct any reasonable hearings or other proceedings to receive any evidence and arguments from the parties regarding the merits of the contest. The committee shall keep written minutes of any hearings that are conducted.

7. To the extent possible, the merits of the contest must be presented and submitted to the committee upon depositions and any written or oral arguments as the chair may order. If, at any hearings or other proceedings, any oral statements are made that purport to establish matters of fact, the statements must be made under oath. Strict rules of evidence do not apply in any hearings or other proceedings, but the chair may admit or exclude any evidence based on the rules of evidence.

8. A party may take the deposition of any witness at any time after the statement of contest is filed with the Secretary of State, but the chair may

establish reasonable limitations and deadlines regarding any depositions. Before taking a deposition, a party must provide at least 5 days' notice to the prospective deponent and the other party.

9. To prevail on the merits of the contest, the contestant has the burden of proving that, based on one or more of the grounds set forth in NRS 293.410, there were sufficient irregularities in the election of such a substantial nature as to establish that the result of the election was changed thereby.

10. If the committee reviews the merits of the contest pursuant to this rule, the committee shall report to the Assembly its findings and its recommendation on which party should be declared elected, unless the committee declines to make such a recommendation in its report. As soon as practicable after receiving the committee's report, the Assembly shall vote on whether to accept or reject the committee's recommendation without amendment, if such a recommendation is made. If the Assembly accepts the committee's recommendation, the Speaker shall declare the recommended party elected. If the Assembly rejects the committee's recommendation or if the committee did not make such a recommendation, the Assembly shall vote on which party should be declared elected, and the Speaker shall declare the party elected after the vote.

11. If the contestant is declared elected and seated as a member of the Assembly as a result of the contest, the Speaker shall inform the Governor of the Assembly's actions.

E. REMOTE-TECHNOLOGY SYSTEMS

Rule No. 121. Reserved.

Rule No. 122. Reserved.

Rule No. 123. Reserved.

Rule No. 124. Reserved.

Rule No. 125. Reserved.

Rule No. 126. Authorized Use of Remote-Technology Systems in Exceptional Circumstances.

1. As used in this Rule, "remote-technology system" means any system or other means of communication that is:

(a) Approved by the Speaker and uses any electronic, digital or other similar technology to enable a member of the Assembly from a remote location to attend, participate, vote and take any other action in any proceedings of the Assembly or the Committee of the Whole even though the member is not physically present within the Assembly Chambers or at a meeting of the Committee of the Whole.

(b) Approved by the chair of a committee, other than the Committee of the Whole, and uses any electronic, digital or other similar technology to enable a member of the Assembly from a remote location to attend, participate, vote and take any other action in any proceedings of the committee even though the member is not physically present at a meeting of the committee.

2. Upon request by a member of the Assembly:

(a) The Speaker may authorize the member to use a remote-technology system to attend, participate, vote and take any other action in any proceedings of the Assembly or the Committee of the Whole if the Speaker determines that exceptional circumstances warrant such use by the member. If the Speaker grants such authorization, it must be entered in the Journal of the Assembly.

(b) The chair of a committee, other than the Committee of the Whole, with the approval of the Speaker, may authorize the member to use a remote-technology system to attend, participate, vote and take any other action in any proceedings of the committee if the chair and the Speaker determine that exceptional circumstances warrant such use by the member. If the chair grants such authorization, it must be entered in the records of the committee.

3. If a member of the Assembly uses a remote-technology system to attend, participate, vote and take any other action in any proceedings pursuant to this Rule, the member shall be deemed to be present and in attendance at the proceedings for all purposes.

4. For the purposes of voting in proceedings of:

(a) The Assembly or the Committee of the Whole, the Chief Clerk of the Assembly, or an authorized assistant, shall call the roll of each member who is authorized to use a remote-technology system for the proceedings and, in

accordance with the procedures of the Assembly, cause the member's vote to be entered into the record for the purposes of the Journal of the Assembly or the records of the Committee of the Whole, as applicable.

(b) A committee, other than the Committee of the Whole, the committee secretary shall call the roll of each member who is authorized to use a remote-technology system for the proceedings and, in accordance with the procedures of the committee, cause the member's vote to be entered into the record for the purposes of the records of the committee.

5. Except as otherwise provided in subsection 7 of Assembly Standing Rule No. 55, this Rule supersedes, takes precedence and controls over any other rule, provision or principle of law to the extent of any conflict with this Rule.

6. The Assembly hereby finds and declares that:

(a) The Nevada Constitution invests each House of the Legislature with certain plenary and exclusive constitutional powers which may be exercised only by that House and which cannot be usurped, infringed or impaired by the other House or by any other branch of Nevada's State Government. (Heller v. Legislature, 120 Nev. 456 (2004); Commission on Ethics v. Hardy, 125 Nev. 285 (2009); Mason's Manual of Legislative Procedure §§ 2-3 & 560-564 (2010) (Mason's Manual))

(b) Section 6 of Article 4 of the Nevada Constitution invests each House with plenary and exclusive constitutional powers to determine the rules of its proceedings and to govern, control and regulate its membership and its internal organization, affairs and management, expressly providing that: "Each House shall judge of the qualifications, elections and returns of its own members, choose its own officers (except the President of the Senate), determine the rules of its proceedings and may punish its members for disorderly conduct, and with the concurrence of two thirds of all the members elected, expel a member."

(c) In addition to its plenary and exclusive constitutional powers, each House possesses certain inherent powers of institutional self-protection and self-preservation to govern, control and regulate its membership and its internal organization, affairs and management. (In re Chapman, 166 U.S. 661, 668 (1897); Mason's Manual § 2; Luther S. Cushing, Elements of the Law & Practice of Legislative Assemblies § 533 (1856) (Cushing's Legislative Assemblies))

(d) The inherent powers of each House are considered "so essential to the authority of a legislative assembly, that it cannot well exist without them; and they are consequently entitled to be regarded as belonging to every such assembly as a necessary incident." (Cushing's Legislative Assemblies § 533)

(e) The inherent powers of each House authorize it to take all necessary and proper institutional actions that are "recognized by the common parliamentary law." (Cushing's Legislative Assemblies § 684)

(f) Thus, it is well established that each House is "vested with all the powers and privileges which are necessary and incidental to a free and unobstructed exercise of its appropriate functions. These powers and privileges are derived not from the Constitution; on the contrary, they arise from the very creation of a legislative body, and are founded upon the principle of self-preservation." (Ex parte McCarthy, 29 Cal. 395, 403 (1866))

(g) Under the Nevada Constitution, there are no constitutional provisions establishing a particular method for determining whether a member of either House is present at legislative proceedings.

(h) The United States Supreme Court has held that when there are no constitutional provisions establishing a particular method for determining whether a member of a legislative house is present at legislative proceedings, "it is therefore within the competency of the house to prescribe any method which shall be reasonably certain to ascertain the fact." (United States v. Ballin, 144 U.S. 1, 6 (1892))

(i) The United States Supreme Court has also held that when a legislative house adopts a rule establishing a reasonable method for determining whether a member is present at legislative proceedings, that rule must be given great deference by the courts because:

> Neither do the advantages or disadvantages, the wisdom or folly, of such a rule present any matters for judicial consideration. With the courts the question is only one of power. The constitution empowers each house to determine its rules of proceedings. It may not by its rules ignore constitutional restraints or violate fundamental rights, and there should be a reasonable relation between the mode or method of proceeding established by the rule and the result which is sought to be attained. But within these limitations all matters of method are open to the determination of the house, and it is no impeachment of the rule to say that some other way would be better, more accurate, or even more just. It is no objection to the validity of a rule that a different one has been prescribed and in force for a length of time. The power to make rules is not one which once exercised is exhausted. It is a continuous power, always subject to be exercised by the house, and, within the limitations suggested, absolute and beyond the challenge of any other body or tribunal.
>
> (United States v. Ballin, 144 U.S. 1, 5 (1892))

7. The Assembly hereby exercises its constitutional and inherent powers and privileges and adopts this Rule to:

(a) Govern, control and regulate its membership and its internal organization, affairs and management;

(b) Ensure its institutional self-protection and self-preservation; and

(c) Establish a reasonable method for determining whether a member of the Assembly is present at legislative proceedings during exceptional circumstances.

IX. LEGISLATIVE INVESTIGATIONS AND MISCELLANEOUS

Rule No. 140. Compensation of Witnesses.

Witnesses summoned to appear before the Assembly or any of its committees must be compensated as provided by law for witnesses required to attend in the courts of the State of Nevada.

[Statutes of Nevada 1973, 1897; A 1999, 3847]

X. SPECIAL SESSIONS

Rule No. 142. Request for Drafting of Bills, Resolutions or Amendments.

1. Except as otherwise provided in subsections 2 and 3, the Legislative Counsel shall not honor a request for the drafting of a bill or resolution to be introduced in the Assembly during a special session, or an amendment to a bill or resolution, unless it is submitted by the Speaker, the Committee of the Whole, such other committees as the Speaker may appoint for a special session, or a conference committee.

2. The standing Committee on Legislative Operations and Elections may request the drafting of three Assembly resolutions and one Assembly concurrent resolution necessary to establish the rules, staffing, operation and organization of the Assembly and the Legislature for a special session.

3. The Speaker may request the drafting of five bills for a special session without seeking the approval of the Assembly.

JOINT STANDING RULES OF THE SENATE AND ASSEMBLY

CONFERENCE COMMITTEES

Rule No. 1. Procedure Concerning.

1. In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House may appoint a committee to confer with a like committee to be appointed by the other; and, if appointed, the committee shall meet publicly at a convenient hour to be agreed upon by their respective chairs and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses.

2. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, a new bill or resolution, or other changes as it sees fit. A new bill or resolution so reported shall be treated as amendments unless the bill or resolution is composed entirely of original matter, in which case it shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be. A conference committee shall not recommend any action which would cause the creation of more than one reprint or more than one bill or resolution.

3. The report of a conference committee may be adopted by acclamation. The report is not subject to amendment.

4. There shall be but one conference committee on any bill or resolution. A majority of the members of a conference committee from each House must be members who voted for the passage of the bill or resolution.

1. A bill or resolution introduced by a standing committee of the Senate or Assembly may, at the direction of the chair of the committee, set forth the name of a standing committee of the other House as a joint sponsor, if a majority of all members appointed to the committee of the other House votes in favor of becoming a joint sponsor of the bill or resolution. 2. A bill or resolution introduced by one or more Legislators elected to one House may, at the direction of the Legislator who brings the bill or resolution forward for introduction, set forth the names of one or more Legislators who are members elected to the other House and who wish to be primary joint sponsors or non-primary joint sponsors of the bill or resolution. Not more than five Legislators from each House may be set forth on the face of a bill or resolution as primary joint sponsors. The Legislature intends to maintain a working environment which is free from sexual harassment and other unlawful harassment. Each Legislator is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. In accordance with Title VII of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000e et seq., for the purposes of this Rule, "sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature when:

(c) Such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

9. The Legislature encourages a Legislator to report any incident of sexual harassment, other unlawful harassment, retaliation or other conduct inconsistent with this policy immediately so that the complaint can be quickly and fairly resolved.

2. The Legislative Code of Ethical Standards must be construed:

(a) Liberally to carry out and achieve its purposes; and

(b) Strictly against any person alleging that his or her conduct is not subject to its provisions, so that any doubt or uncertainty as to the application of its provisions must be resolved against such a person and in favor of removing unethical behavior from the legislative process.

2. If the complaint alleges an ethical breach by or against a Legislator or the ethical breach otherwise involves a particular Legislator, the complaint

[Statutes of Nevada 2017, 4605; A 2019, 4532]

Rule No. 39. Authority of Senate and Assembly to Adopt Ethical Standards and Prohibit and Sanction Ethical Breaches.

1. The Senate and Assembly hereby find and declare that:

(a) Section 6 of Article 4 of the Nevada Constitution invests each House with plenary and exclusive constitutional powers to govern, control and regulate its membership and its internal organization, affairs and management, expressly providing that: "Each House shall judge of the qualifications, elections and returns of its own members, choose its own officers (except the President of the Senate), determine the rules of its proceedings and may punish its members for disorderly conduct, and with the concurrence of two thirds of all the members elected, expel a member." (*Heller v. Legislature*, 120 Nev. 456 (2004); *Commission on Ethics v. Hardy*, 125 Nev. 285 (2009); *Mason's Manual of Legislative Procedure* §§ 2-3 and 560-564 (2010) (*Mason's Manual*))

(b) Section 7 of Article 4 of the Nevada Constitution invests each House with plenary and exclusive constitutional powers to govern, control and regulate any person who is not a member but who is guilty of disrespect to the House by disorderly or contemptuous behavior in its presence, and each House also has inherent powers, according to the common parliamentary law, to prohibit and sanction all offensive behavior committed against it by any person who is not a member. (*Mason's Manual* §§ 805-806; Luther S. Cushing, *Elements of the Law & Practice of Legislative Assemblies* §§ 690-695 (1856) (*Cushing's Legislative Assemblies*))

(c) In addition to its other powers, each House possesses certain inherent powers of institutional self-protection and self-preservation to govern, control and regulate its membership and its internal organization, affairs and management. (*In re Chapman*, 166 U.S. 661, 668 (1897); *Mason's Manual* § 2; *Cushing's Legislative Assemblies* § 533)

(d) The inherent powers of each House are considered "so essential to the authority of a legislative assembly, that it cannot well exist without them; and they are consequently entitled to be regarded as belonging to every such assembly as a necessary incident." (*Cushing's Legislative Assemblies* § 533)

(e) The inherent powers of each House authorize it to take all necessary and proper institutional actions that are "recognized by the common parliamentary law." (*Cushing's Legislative Assemblies* § 684)

(f) Thus, it is well established that each House is "vested with all the powers and privileges which are necessary and incidental to a free and unobstructed exercise of its appropriate functions. These powers and privileges are derived not from the Constitution; on the contrary, they arise from the very

creation of a legislative body, and are founded upon the principle of self-preservation." (*Ex parte McCarthy*, 29 Cal. 395, 403 (1866))

2. The Senate and Assembly hereby exercise their constitutional and inherent powers and privileges and adopt the Legislative Code of Ethical Standards in the Joint Standing Rules to:

(a) Establish ethical standards to regulate the behavior and conduct of persons who participate in the legislative process; and

(b) Prohibit and sanction ethical breaches.

[Statutes of Nevada 2017, 4605; A 2019, 4532]
