2. An attorney who is not barred from practicing law in this State may appear in any proceeding involving an Indian child without associating with local counsel if the attorney establishes to the satisfaction of the State Bar of Nevada that:

(a) The attorney will appear in a court in this State for the limited purpose of participating in a proceeding under chapter 432B of NRS subject to the provisions of sections 2 to 38, inclusive, of this act;

(b) The attorney represents an Indian child's parent, Indian custodian or tribe; and

(c) The Indian child's tribe has affirmed the Indian child's membership or eligibility for membership under tribal law.

3. An Indian custodian or tribe may notify the court, orally on the record or in writing, that the Indian custodian or tribe withdraws as a party to the proceeding.

Sec. 35. *1. If a child in a proceeding under chapter 432B of NRS is an Indian child:*

(a) The court shall appoint counsel to represent the Indian child.

(b) If the Indian child's parent or Indian custodian requests counsel to represent the parent or Indian custodian but is without sufficient financial means to employ suitable counsel possessing skills and experience commensurate with the nature of the petition and the complexity of the case, the court shall appoint suitable counsel to represent the Indian child's parent or Indian custodian if the parent or Indian custodian is determined to be financially eligible for the appointment of such counsel.

2. Except as otherwise provided in this subsection, upon presentation of the order of appointment under this section by the attorney for the Indian child, any agency, hospital, school organization, division or department of this State, doctor, nurse or other health care provider, psychologist, psychiatrist, law enforcement agency or mental health clinic shall permit the attorney for the Indian child to inspect and copy any records of the Indian child involved in the case, without the consent of the Indian child or the Indian child's parent or Indian custodian. This subsection does not apply to records of a law enforcement agency relating to an ongoing investigation before bringing charges.

Sec. 36. *1. In any child custody proceeding, if the child is an Indian child, each party has the right to timely examine all reports or other documents held by an agency that are not otherwise subject to a discovery exception or precluded under state or federal law.*

2. The preservation of confidentiality under this section does not relieve the court or any petitioners in an adoption proceeding from the duty to comply with the placement preferences under section 37 of this act if the child is an Indian child.

Sec. 37. *1. Except as otherwise provided in subsection 3, if the parental rights of an Indian child's parents have not been terminated and the Indian child is in need of placement or continuation in substitute care, the child must be placed in the least restrictive setting that:*

(b) Allows the Indian child's special needs, if any, to be met;

(c) Is in reasonable proximity to the Indian child's home, extended family or siblings; and

(2) With other members of the Indian child's tribe; or

(3) With other Indian families.

3. If an Indian child is placed outside of the placement preferences set forth in subsection 1 or 2, the party placing the child shall file a motion requesting that the court make a finding that good cause exists for placement outside of such placement preferences. If the court determines that the moving party has established, by clear and convincing evidence, that there is good cause to depart from the placement preferences under this section, the court may authorize placement in an alternative placement. The court's determination under this subsection:

(a) Must be in writing and be based on:

(1) The preferences of the Indian child;

(2) The presence of a sibling attachment that cannot be maintained through placement consistent with the placement preferences established by subsection 1 or 2;

(3) Any extraordinary physical, mental or emotional needs of the Indian child that require specialized treatment services if, despite active efforts, those services are unavailable in the community where families who meet the placement preferences under subsection 1 or 2 reside; or

(4) Whether, despite a diligent search, a placement meeting the placement preferences under this section is unavailable, as determined by the prevailing social and cultural standards of the Indian community in which the Indian child's parent or extended family resides or with which the Indian child's parent or extended family members maintain social and cultural ties.

(2) Any perception of the tribal or United States Bureau of Indian Affairs social services or judicial systems;

(3) The distance between a placement meeting the placement preferences under this section that is located on or near a reservation and the Indian child's parent; or

(4) The ordinary bonding or attachment between the Indian child and a nonpreferred placement arising from time spent in the nonpreferred placement.

Sec. 38. ***1. A petition to vacate an order or a judgment involving an Indian child regarding jurisdiction, placement, guardianship or the termination of parental rights may be filed in a pending child custody proceeding involving the Indian child or, if none, in any court of competent jurisdiction by:***

3. If the vacated order or judgment resulted in the removal or placement of the Indian child, the court shall order the child immediately returned to the Indian child's parent or Indian custodian and the court's order must include a transition plan for the physical custody of the child, which may include protective supervision.

4. If the vacated order or judgment terminated parental rights, the court shall order the previously terminated parental rights to be restored.

5. If the State or any other party affirmatively asks the court to reconsider the issues under the vacated order or judgment, the court's findings or determinations must be readjudicated.

6. As used in this section, "termination of parental rights" includes, without limitation, the involuntary termination of parental rights under chapter 128 or 432B of NRS.

> AN ACT relating to lighting products; prohibiting the sale, offer to sell or distribution of compact fluorescent lamps and linear fluorescent lamps; authorizing the Attorney General to bring a civil action against a person who has repeatedly violated such a

prohibition; providing a civil penalty; and providing other matters properly relating thereto.

AB 144 is yet another example of an unnecessary, strict regulation that eliminates consumer choice without any immediate need to do so. Currently, the U.S. Energy Information Administration notes that nearly half of U.S. households use LED light bulbs for all or most of their indoor lighting.

AB 144 provides harsh civil penalties payable to the State for each sale, offer to sell, or distribution of fluorescent lights and, moreover, penalizes the use of fluorescent lights by the day. Given the clear trend in consumer preferences toward LED lighting, this bill does little more than strictly penalize those who have not yet elected to use LED lights.

Since AB 144's primary emphasis is to provide severe, inflexible civil penalties for those who have not yet chosen to, or are otherwise unable to, comply with its provisions, I cannot support it.

For these reasons, I veto this bill and return it to you without my signature or approval.

Re: Assembly Bill 235 of the 82nd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 235 ("AB 235"), which is titled as follows:

AN ACT relating to governmental administration; requiring the payment of prevailing wages to workers who perform custom fabrication on a public work or for certain performance contracts of local governments or state agencies; and providing other matters properly relating thereto.

AB 235 significantly expands Nevada's prevailing wage definition in a manner that will only serve to increase costs on prefabrication projects–with all those costs inevitably being absorbed by Nevadan taxpayers.

One of AB 235's most glaring issues is that most prefabricated components come from vendors from out-of-state or, at the very least, away from the project site. Local governments here, imposing Nevada's prevailing wage standards on workers from other states, or even other countries, is untenable due to the difficulties associated with verifying various worker's classifications and hours worked in those jurisdictions. It is untenable to expose local governments to potential costly litigation because of difficulties associated with other locales.

Since AB 235 primarily serves to make it more difficult to build and efficiently manage certain critical infrastructure projects in Nevada, I cannot support it.

For these reasons, I veto this bill and return it to without my signature or approval.

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 251 ("AB 251"), which is titled as follows:

> AN ACT relating to pharmacy; revising requirements governing the language in which certain information relating to a prescription must be provided to a patient; and providing other matters properly relating thereto.

AB 251 is well-intended in that it aims to increase the accessibility of pharmacy services for those who are more comfortable using a language other than English. That said, requiring every pharmacy in Nevada–from independently owned establishments to Fortune 10 companies–to provide information in each of the ten of the most spoken languages at-home in the State is an unnecessarily onerous burden. Not only is this law burdensome, it also provides no clarity about whether and how pharmacists should provide verbal instructions regarding certain prescriptions as may otherwise be required by law.

Since AB 251 creates an unnecessary burden on pharmacies across our State, I cannot support it.

For these reasons, I veto this bill and return it to without my signature or approval.

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 282 ("AB 282"), which is titled as follows:

> AN ACT relating to substitute teachers; requiring school districts to provide certain substitute teachers with a subsidy for the purchase of health insurance coverage; and providing other matters properly relating thereto.

AB 282 is a well-intended measure which aims to make health insurance more accessible for substitute teachers across Nevada. The bill provides for a payment to full-time substitute teachers of a health insurance subsidy of at least $450 per month after the 30th consecutive day of teaching. After qualifying for a subsidy, the full-time substitute teacher continues to receive the subsidy until they have not taught for 45 consecutive days, did not teach at least 70 percent of the instructional school days in a month, or fail to provide proof they have purchased a health insurance policy.

It is true that many school districts have relied upon long-term full-time substitute teachers to maintain their teaching workforce. Addressing the compensation of those substitute teachers who are responsible for providing classroom instruction to students is essential to keeping them coming back to the classroom. However, these are still temporary employees. Further, the definition of full-time substitute teacher is overly broad and does not address the number of hours a substitute must teach each day to be considered full-time. Some districts offer health insurance to long-term full-time substitute teachers after they have been teaching for an extended period of time. Using that approach, the substitute teachers are treated more like regular employees than temporary ones.

There are also some technical issues with the bill. For instance, health insurance subsidies for employees are almost always "pre-tax", meaning they are reduced from gross income before tax withholdings are calculated. These subsidies would be taxable to the substitute teacher, reducing their overall value as they would be subject to withholdings for federal taxes and Social Security. Further, the substitute teacher must provide "proof of purchase" of a health insurance plan within 30 days of receiving the subsidy. Some of these individuals may already have health insurance through a spouse which they did not "purchase". It is unclear from the bill language whether those individuals would qualify for the subsidy. This bill also does not address or require the same benefit for full-time substitute teachers at charter schools creating a disparity between such teachers based on where they teach.

Lastly, in addition to the cost of actually providing this benefit, there is an administrative burden for the school districts associated with keeping track of who qualifies at which time and when the qualification period ends. Since this will be different for each substitute teacher, much of this will be a manual process unlike the automated payroll processes for permanent employees.

School districts and substitute teachers would be better off if the daily rate for substitute teachers was increased. ft would compensate the substitute teachers more appropriately without the added administrative burden put in place with this bill.

For these reasons, I veto this bill and return it to without my signature or approval

> AN ACT relating to real property; requiring, under certain circumstances, a landlord who collects from a prospective tenant any fee to apply to rent a dwelling unit to return such fees; prohibiting a landlord from collecting certain application fees for a minor in the household of a prospective tenant; requiring any written agreement for the use and occupancy of a dwelling unit or premises to contain separate appendices relating to fees and tenant rights; making it unlawful for a landlord or certain other persons to charge a tenant certain fees; temporarily prohibiting a landlord from entering into a rental agreement with certain existing tenants that increases the rent due from the tenant by more than a certain amount; and providing other matters properly relating thereto.

AB 298 is an unreasonable restraint on standard business activity. Under AB 298, a lessor would be prevented from collecting, and retaining, any fee relating to the rental of a dwelling unit. Further, it creates increased requirements for providing certain appendixes regarding both fees and rights associated with tenancy. Though the bill is admirably intended to increase transparency in the rental process, it is needlessly heavy-handed in its approach.

Since this bill is too rigid in its approach to addressing suspect pre-contract lessor practices, I cannot support it.

AN ACT relating to taxation; revising provisions governing the effectuation of additional annual increases in certain taxes imposed on fuels for motor vehicles in certain larger counties; and providing other matters properly relating thereto.

Ensuring well-maintained roads for Clark County residents and visitors is an important goal. However, the mechanism proposed in AB 359–circumventing an affirmative vote of the people–is concerning to me. The arguments in favor of fuel revenue indexing are compelling, but a decision on this issue, which impacts household budgets every day, is most appropriately rendered by the voters.

There is no question that the increasing number of hybrid and electric vehicles is diminishing fuel tax revenues, shifting the cost burden for keeping our roads in good repair to those driving vehicles powered by traditional gasoline engines. The high upfront cost for the most fuel-efficient vehicles is a significant barrier to many Nevadans, leaving those with fewer resources shouldering a disproportionate share of the expense for the care and upkeep of our transportation infrastructure. AB 359 does not adequately address how to ensure that all drivers contribute fairly towards the shared resource of well-maintained streets.

The current, voter-authorized fuel revenue indexing does not expire until 2026, leaving sufficient time for further consideration of solutions that more equitably allocate responsibility for roadway improvements among all users.

> AN ACT relating to elections; requiring the Secretary of State to adopt regulations that prescribe the procedure to be used if the abstract or certification of results for any election is not timely prepared or transmitted; prohibiting, with certain exceptions, the counting of ballots more than once; and providing other matters properly relating thereto.

AB 394 is an overreach into the conduct of duly elected county officials and prevents county clerks from using their discretion to determine the most effective way to ensure confidence and security in their election processes.

Specifically, AB 394's total prohibition on counting ballots a second time, unless during an audit or recount, is unfathomable. The most important goal while counting votes should be to ensure that each vote counts the way the voter intended. If certain counties are convinced that counting their votes a second time increases accuracy in their process, the law should not restrict them from so counting.

Since AB 394 does nothing to address the common sense electoral reforms contained in SB 405, my Election Integrity Act, and only serves to decrease voter confidence that their vote will be counted as cast, I cannot support it.

AB 456 is presumably intended to decrease the likelihood of catastrophic train accidents like the one that began in East Palestine, Ohio in February this year. Our State's goal is certainly to have no similar accident occur here. The bill provides that no commercial train's operational length may exceed 7,500 feet in the state of Nevada. Aside from being another policy overreach from the Legislature, it is also far from certain the constitutionality of AB 465 would be upheld in Court. Supreme Court precedent dating back to 1945 demonstrates the Court's firm opposition to laws that affect interstate commerce where the state interest is outweighed by the nation's interest "in an adequate, economical and efficient railway transportation service, which must prevail." *Southern Pacific* Co. *v. Arizona*, 325 U.S. 761, 783-84 (1945).

Though mostly well-intended, since this bill's prohibition on commercial trains greater in length than 7,500 feet is unlikely to withstand litigation, I cannot support it.

Assembly Bill 464 appropriates $1,550,000 for development and initial operating expenses relating to anticipated building renovations and construction. Pursuant to testimony provided during the Senate Finance Committee on May 15, 2023, some of this funding may be used for projects related to the acquisition of property in Clark County, the purchase of which has not yet been approved by the Legislature.

The testimony provided for this bill was also not clear whether this funding is included in the Legislative Capital Improvement Program approved by the Legislature.

When the Executive Branch submits a capital improvement project, it includes a detailed breakout of costs and a summary of the project. The Legislature provides only a single line on a sheet of paper.

I believe that when it comes to the expenditure of public funds, the Legislative Branch should be held to the same standard of transparency and accountability they demand from the Executive Branch.

Re: Assembly Bill 520 of the 82nd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 520 ("AB 520"), which is titled as follows:

> AN ACT relating to state financial administration; making appropriations from the State General Fund and the State Highway Fund for the support of the civil government of the State of Nevada for the 2023-2025 biennium; providing for the use of the money so appropriated; making various other changes relating to the financial administration of the State; and providing other matters properly relating thereto.

AB520 appropriates State General Fund and Highway Fund dollars to support the civil government of the State of Nevada. These appropriations fund a wide range of services from health care to K-12 and higher education to public safety as well as the administration of the three branches of State government. This budget largely reflects the priorities I proposed in my recommended budget, and I am grateful for the hard work of the Legislature. With that said, I made it clear in my State of the State address that fiscal balance and responsibility would be paramount in my administration. AB 520 falls short in a number of important areas.

It spends more and saves less. It utilizes one-time money to fund recurring programs, and it creates the potential for Nevada to face a fiscal cliff. These undisciplined budgeting practices create an unacceptable level of risk for the people of Nevada.

I acknowledge that the Legislature's recommended budget will reflect legislative priorities, some of which may differ from my own. Among the additions included in AB 520 is 78 percent increase in funding for the Legislative Branch of government. Perhaps more troubling than the absolute value of this increase is a lack of detail around the Legislature's proposed spending increase. I believe accountability and transparency should not only be imposed, but embraced, by our state's lawmakers.

I am also mindful that there are critical budget policy issues that remain unresolved and are beyond the scope of AB 520. This includes the need to increase the Account to Stabilize the Operations of State Government, or the State Rainy Day Fund, from 20 percent to 30 percent of operating appropriations. Fully funding this account is necessary to ensure we have the reserves needed to manage the State through the inevitable cycles of the economy.

In the short time remaining in the 2023 Session, I encourage the Legislature to revisit the elements of AB 520 and forward a revised budget that better balances our wants for today with our needs of tomorrow.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 305.

The following Senate amendment was read:

Amendment No. 693.

AN ACT relating to public works; requiring **, with certain exceptions,** a contractor or subcontractor to comply with certain requirements relating to the

use of apprentices who are women on a public work; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a contractor or subcontractor engaged in: (1) vertical construction who employs a worker on a public work to use one or more apprentices for at least 10 percent of the total hours of labor worked for each apprenticed craft or type of work to be performed on the public work for which more than three workers are employed; and (2) horizontal construction who employs a worker on a public work to use one or more apprentices for at least 3 percent of the total hours of labor worked for each apprenticed craft or type of work to be performed on the public work for which more than three workers are employed. (NRS 338.01165) **Section 1** of this bill requires that, to the extent practicable: (1) at least 2 percent of the hours of labor for vertical construction that is required to be performed by apprentices must be performed by women; and (2) at least 1 percent of the hours of labor for horizontal construction that is required to be performed by apprentices must be performed by women. **Section 1 also requires the State Apprenticeship Council to review, at least once every 2 years, the policies of an apprenticeship program that does not provide enough apprentices who are women to enable a contractor or subcontractor to meet the percentage of hours of labor required to be performed by women. Section 2** of this bill provides that such requirements do not apply to a contract for a public work for which bids have been submitted before January 1, 2024.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 338.01165 is hereby amended to read as follows:

338.01165 1. Notwithstanding any other provision of this chapter and except as otherwise provided in this section, a contractor or subcontractor engaged in vertical construction who employs a worker on a public work pursuant to NRS 338.040 shall use one or more apprentices for at least 10 percent of the total hours of labor worked for each apprenticed craft or type of work to be performed on the public work for which more than three workers are employed. ***To the extent practicable, at least 2 percent of the hours of labor that is required to be performed by apprentices must be performed by women. For purposes of this subsection, "to the extent practicable" means to the extent the requirement to have at least 2 percent of the hours of labor to be performed by apprentices who are women is feasible or capable of being done or carried out with reasonable effort, taking into account the number and availability of apprentices who are women in the applicable apprenticed craft or type of work.***

2. Notwithstanding any other provision of this chapter and except as otherwise provided in this section, a contractor or subcontractor engaged in horizontal construction who employs a worker on a public work pursuant to NRS 338.040 shall use one or more apprentices for at least 3 percent of the

total hours of labor worked for each apprenticed craft or type of work to be performed on the public work for which more than three workers are employed. ***To the extent practicable, at least 1 percent of the hours of labor that is required to be performed by apprentices must be performed by women. For purposes of this subsection, "to the extent practicable" means to the extent the requirement to have at least 3 percent of the hours of labor to be performed by apprentices who are women is feasible or capable of being done or carried out with reasonable effort, taking into account the number and availability of apprentices who are women in the applicable apprenticed craft or type of work.***

3. On or after January 1, 2021, the Labor Commissioner, in collaboration with the State Apprenticeship Council, may adopt regulations to increase the percentage of total hours of labor required to be performed by an apprentice pursuant to subsection 1 or 2 by not more than 2 percentage points.

4. An apprentice who graduates from an apprenticeship program while employed on a public work shall:

(a) Be deemed an apprentice on the public work for the purposes of subsections 1 and 2.

(b) Be deemed a journeyman for all other purposes, including, without limitation, the payment of wages or the payment of wages and benefits to a journeyman covered by a collective bargaining agreement.

5. A contractor or subcontractor engaged on a public work is not required to use an apprentice ***, regardless of gender,*** in a craft or type of work performed in a jurisdiction recognized by the State Apprenticeship Council as not having apprentices in that craft or type of work.

6. A public body may, upon the request of a contractor or subcontractor, submit a request to the Labor Commissioner to modify or waive the percentage of hours of labor provided by one or more apprentices required pursuant to subsection 1 or 2 for good cause. A public body must submit such a request, before an advertisement for bids has been placed, the opening of bids or the award of a contract for a public work or after the public body has commenced work on the public work. Such a request must include any supporting documentation, including, without limitation, proof of denial of or failure to approve a request for apprentices pursuant to subparagraph (3) of paragraph (d) of subsection ~~[10.]~~ ***11.***

7. The Labor Commissioner shall issue a determination of whether to grant a modification or waiver requested pursuant to subsection 6 within 15 days after the receipt of such request. The Labor Commissioner may grant such a request if he or she makes a finding that there is good cause to modify or waive the percentage of hours of labor provided by one or more apprentices required pursuant to subsection 1 or 2.

8. A public body, contractor or subcontractor may request a hearing on the determination of the Labor Commissioner within 10 days after receipt of the determination of the Labor Commissioner. The hearing must be conducted in accordance with regulations adopted by the Labor Commissioner. If the Labor

Commissioner does not receive a request for a hearing pursuant to this subsection, the determination of the Labor Commissioner is a final decision for the purposes of judicial review pursuant to chapter 233B of NRS.

9. A contractor or subcontractor engaged on a public work shall enter into an apprenticeship agreement for all apprentices required to be used in the construction of a public work. If the Labor Commissioner granted a modification or waiver pursuant to subsection 7 because the Labor Commissioner finds that a request for apprentices was denied or the request was not approved within 5 business days as described in subparagraph (3) of paragraph (d) of subsection ~~[10]~~ ***11*** and apprentices are later provided, then the contractor or subcontractor shall enter into an apprenticeship agreement for all apprentices later provided.

10. ***If a contractor or subcontractor does not meet the requirements set forth in subsection 1 or 2, as applicable, to have a percentage of the hours of labor performed by apprentices who are women, there is a rebuttable presumption that there were not enough apprentices who are women available to comply with such requirements. If an apprenticeship program is unable to rebut the presumption, the State Apprenticeship Council shall, at least once every two years, require the apprenticeship program to appear before the State Apprenticeship Council to review the policies of the program to recruit women. The State Apprenticeship Council may, without limitation, recommend improvements for recruiting women to the apprenticeship program.***

11. As used in this section:

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of collection agencies and collection agents. (Chapter 649 of NRS) **Section 3** of this bill defines the term "debt buyer" to mean a person that is regularly engaged in the business of purchasing claims that have been charged off for the purpose of collecting such claims. **Section 14** of this bill includes a debt buyer within the definition of "collection agency," thereby requiring a debt buyer to obtain a license as a collection agency and comply with existing law governing collection agencies. **Sections 18 and 39** of this bill authorize a debt buyer and an affiliate of the debt buyer to share a license. **Sections 34, 35 and 38** of this bill exempt debt buyers from provisions of existing law governing the relationship between a collection agency and a customer when debt buyers do not also collect claims on behalf of parties who are not affiliated with the debt buyer.

Section 5 of this bill defines the term "remote location" to mean a location separate from either the principal place of business or a branch office of a collection agency. **Sections 7-10** of this bill establish requirements governing collection agents who work from remote locations. Specifically, **section 10** requires a collection agency to maintain certain records concerning such collection agents. Before a collection agent begins working from a remote location, **section 7** requires the collection agent to: (1) sign a written agreement to perform certain duties, authorize certain monitoring by the employer and refrain from certain activities while working from the remote location; (2) complete certain training; and (3) work ~~[in an office of]~~ **for** the collection agency for at least 7 days ~~[.]~~ **under direct oversight and mentoring from a**

supervisor. **Section 8** of this bill requires the remote location from which a collection agent works to satisfy certain requirements to protect data and enable the collection agent to work safely and effectively. **Section 8** also prohibits: (1) multiple collection agents who do not reside in the same residence from working from the same remote location; and (2) a collection agent from printing or storing physical records at a remote location. **Section 9** of this bill requires a collection agency to develop and implement a written security policy for work from a remote location and sets forth certain requirements for the security policy. **Section 10** imposes certain additional requirements relating to the work of collection agents from a remote location.

Section 13 of this bill revises the definition of the term "claim" to include any obligation for the payment of money or its equivalent that is delinquent or in default and assigned to a collection agency. **Sections 33, 37 and 40** of this bill replace the term "debt" with "claim" to more accurately state the property interest on which the collection agency may act.

Section 14 revises the definition of the term "collection agency" to exclude certain financial institutions, employees of such institutions, persons collecting claims that they originated on their own behalf and various other persons and entities deemed not to be debt collectors under federal law, thereby exempting such persons and entities from requirements governing collection agencies. **Section 15** of this bill amends the term "collection agent" to mean a person who performs certain activities on behalf of a collection agency outside the place of business of a collection agency, thereby exempting persons who do not act on behalf of a collection agency from requirements governing collection agents. **Sections 2 and 4** of this bill define certain other terms. **Section 12** of this bill makes a conforming change to indicate the proper placement of **sections 2-5** in the Nevada Revised Statutes.

Section 18 prescribes the circumstances under which a person is required to obtain a license as a collection agency. **Section 52** of this bill repeals provisions governing foreign collection agencies, thereby requiring such collection agencies to be licensed in the same manner as domestic collection agencies. **Sections 17 and 48** of this bill make certain information provided to the Commissioner of Financial Institutions by an applicant for a license confidential. **Sections 19 and 20** of this bill revise the required contents of an application to operate a collection agency. **Sections 22, 24, 31 and 52** of this bill revise provisions governing the procedure for issuing a license or removing a business location from the place of business as stated in the license, including by removing a requirement that the Commissioner issue a physical license to a successful applicant.

Existing law requires a collection agency to employ a manager who is: (1) certified as a manager; and (2) **jointly** responsible for the operation of the collection agency. (NRS 649.035, 649.095, 649.305) **Sections 16, 20, 26-30, 32, 36, 37, 40 and 51** of this bill revise the term "manager" to "compliance manager." **Section 16 also provides that a compliance manager is required to equally share responsibility only for the collection operation of the**

collection agency. **Section 26** of this bill revises the requirements to apply for a compliance manager's certificate. **Section 30** of this bill prohibits a compliance manager from being employed as a compliance manager by more than one collection agency at a time, or by a collection agency and an exempt entity at the same time. **Sections 22, 23, 29 and 52** of this bill remove a requirement that an applicant for a license to operate a collection agency pass an examination and references to that requirement. **Section 26.5** of this bill requires the Commissioner to waive the examination for a certificate as a compliance manager if the applicant and collection agency that employs the applicant hold certain certifications.

Existing law requires: (1) an applicant for a license to operate a collection agency to file a bond or an appropriate substitute with the Commissioner; and (2) the Commissioner to determine the appropriate amount of the bond or appropriate substitute 3 months after submission and semiannually thereafter. (NRS 649.105) **Section 21** of this bill instead requires the Commissioner to review the amount of that bond or substitute annually.

Existing law requires an applicant to state the location of the business and to obtain a permit to operate a branch office. (NRS 649.095, 649.167) **Section 25** of this bill removes the requirement to obtain a permit and instead requires a collection agency to notify the Commissioner of the location of the branch office. **Section 29** of this bill makes a conforming change to remove the fees for the issuance and renewal of a permit to operate a branch office.

Existing law requires a license or certificate issued by the Commissioner to be displayed on the wall of the place of business of the collection agency. (NRS 649.315) **Sections 6, 49 and 52** of this bill remove this requirement and instead require a collection agency to display its license number and the certificate identification number of the certificate issued to the compliance manager of the collection agency on an Internet website maintained by the collection agency.

Existing law requires a collection agency to submit a report to the Commissioner on or before January 31 of each year relating to the money due to all creditors by the collection agency and the total sum in the customer trust fund accounts of the collection agency. (NRS 649.345) **Section 36** requires this report to be submitted on or before April 15 of each year.

Existing law prohibits a collection agency or its agents or employees from engaging in certain practices. (NRS 649.375) **Section 40** additionally prohibits a collection agency or its compliance manager, agents or employees from: (1) filing a civil action to collect a debt when the collection agency, compliance manager, agent or employee knows or should know that the applicable limitation period for filing such an action has expired; and (2) selling an interest in a resolved claim or any personal or financial information related to the resolved claim. Any person who violates these provisions is guilty of a gross misdemeanor and subject to an administrative fine. (NRS 649.435, 649.440)

Existing law prescribes the time within which certain civil actions may be filed. (NRS 11.190) Existing law provides that, for an action based on indebtedness, the relevant time period begins on the date on which the last payment was made. (NRS 11.200) **Section 41** of this bill provides that a payment made on a debt or certain other activity relating to the debt after the time period for filing an action based on a debt has expired does not revive the applicable limitation. **Section 33** requires certain notice provided to a medical debtor to notify the debtor that such a payment does not revive the applicable limitation.

Legislative Counsel's Digest:

Existing law requires the Division of Public and Behavioral Health of the Department of Health and Human Services and district, county and city health departments to perform certain functions relating to public health in this State, including certain duties relating to the control of communicable diseases. (NRS 439.150-439.265, 439.340, 439.350, 439.360, 439.366, 439.367, 439.3675, 439.405, 439.410, 439.460, 439.470) Existing law also requires a district health officer or the Chief Medical Officer to perform certain duties relating to the control of communicable diseases. (Chapter 441A of NRS) Existing law prescribes certain responsibilities of the Division of Health Care Financing and Policy of the Department concerning the administration of the Medicaid program. (NRS 422.061, 422.063) **Section 1** of this bill requires the Department and all district, county and city boards of health to develop policies to provide uninterrupted services during a public health emergency to persons who have been diagnosed with the human immunodeficiency virus or persons who are at a high risk of acquiring the human immunodeficiency virus. **Section 2** of this bill makes a conforming change to indicate the proper placement of **section 1** in the Nevada Revised Statutes.

Existing law requires the Director of the Department of Corrections to establish standards for the medical and dental services of each institution or facility under the control of the Department. (NRS 209.381) Existing law also requires a sheriff, chief of police or town marshal to arrange for the administration of medical care required by prisoners while in his or her custody. (NRS 211.140) **Sections 11 and 12** of this bill impose certain requirements on the operators of public and private prisons, jails and detention facilities to ensure the access of prisoners to treatment for human immunodeficiency virus and methods of preventing the acquisition of human immunodeficiency virus.

Existing law prohibits a prisoner from using, propelling, discharging, spreading or concealing human excrement or bodily fluid with intent or under circumstances where it is reasonably likely that the excrement or fluid will come in contact with another person. Under most circumstances, a violation is a gross misdemeanor, a category D felony or a category B felony, depending on the circumstances of the prisoner's confinement. However, if the prisoner knew at the time of the offense that any portion of the excrement or bodily fluid contained a communicable disease that causes or is reasonably likely to cause substantial bodily harm, the violation is a category A felony, regardless of whether the communicable disease was transmitted. (NRS 212.189)

Section 13 of this bill instead provides that such a violation is only a category A felony where: (1) the communicable disease was likely to be transmitted by his or her conduct; and (2) the communicable disease was actually transmitted as a result of the conduct. **Section 78** of this bill provides that the provisions of **section 13** apply retroactively to violations that occurred before the effective date of that section, if the person who committed the violation has not been convicted before that date.

Existing law requires public and private health plans, including Medicaid and health plans for state government employees, to cover an examination and testing of a pregnant woman for *Chlamydia trachomatis*, gonorrhea, hepatitis B, hepatitis C and syphilis. (NRS 287.04335, 422.27173, 689A.0412, 689B.0315, 689C.1675, 695A.1856, 695B.1913, 695C.1737, 695G.1714) **Sections 16, 22, 34, 42, 47, 52, 55, 60, 65, 67 and 72** of this bill additionally require such insurance plans to cover: (1) testing for, treatment of and prevention of sexually transmitted diseases; and (2) condoms for certain covered persons.

Existing law requires certain public and private health plans, including health plans for state government employees, to cover drugs that prevent the acquisition of human immunodeficiency virus and any related laboratory or diagnostic procedures. (NRS 287.010, 287.04335, 689A.0437, 689B.0312, 689C.1671, 695A.1843, 695B.1924, 695C.1743, 695G.1705) **Sections 31, 37, 44, 51, 57, 62, 68 and 74** of this bill require such insurance plans to cover all such drugs approved by the United States Food and Drug Administration and all drugs approved by the Food and Drug Administration for treating human immunodeficiency virus or hepatitis C without restrictions, other than step therapy. **Sections 23, 37, 44, 51, 57, 62, 68 and 74** of this bill require such insurance plans to: (1) cover any service to test for, prevent or treat those diseases provided by a provider of primary care if the service is covered when provided by a specialist and certain other requirements are met; and (2) reimburse an advanced practice registered nurse or a physician assistant for such services at a rate equal to that provided to a physician. **Sections 16, 20, 31, 33, 41, 46, 52, 54, 59, 64, 67 and 71** impose similar requirements regarding: (1) coverage of certain drugs approved by the Food and Drug Administration to treat substance use disorder; (2) coverage of services for the treatment of substance use disorder provided by a provider of primary care; and (3) reimbursement for such services provided by an advanced practice registered nurse. **Sections 14.5-15.5** of this bill make conforming changes to exempt local governmental agencies that provide health insurance to employees through a plan of self-insurance from the amendatory provisions of **section 44** while maintaining existing requirements that apply to such insurance. **Sections 36, 38, 49 and 50** of this bill make conforming changes to indicate that the coverage required by **sections 33 and 46** is in addition to certain coverage of services for the treatment of substance use disorder that certain insurers are required by existing law to provide. **Sections 14 and 39** of this bill make conforming changes to indicate the proper placement of

sections 20, 22, 33 and 34 in the Nevada Revised Statutes. **Section 69** of this bill authorizes the Commissioner of Insurance to suspend or revoke the certificate of a health maintenance organization that fails to comply with the requirements of **section 64 or 65**. The Commissioner would also be authorized to take such action against any health insurer who fails to comply with the requirements of **sections 33, 34, 37, 41-44, 46, 47, 50, 54-57, 59-62, 67, 68 or 71-74** of this bill. (NRS 680A.200, 695C.330)

Existing law requires the Department of Health and Human Services to develop a list of preferred prescription drugs to be used for the Medicaid program. Existing law requires the Department to: (1) include on that list drugs for the prevention of human immunodeficiency virus; and (2) include drugs prescribed to treat the human immunodeficiency virus on a list of drugs that are excluded from the restrictions imposed on drugs that are on the list of preferred prescription drugs. (NRS 422.4025) **Section 25** of this bill requires the Medicaid program to cover a prescription drug that is not on the list of preferred prescription drugs if the drug is: (1) used to treat hepatitis C, used to provide medication-assisted treatment for opioid use disorder, used to support safe withdrawal from substance use disorder or is in the same class as a prescription drug on the list of preferred prescription drugs; and (2) is unsuitable for a recipient of Medicaid for certain reasons.

Existing law requires physicians, osteopathic physicians, physician assistants and nurses to complete certain continuing education in order to renew their licenses. (NRS 630.253, 632.343, 633.471) **Sections 28-30 and 75** of this bill require such a provider of health care who provides or supervises the provision of emergency medical care or primary care in a hospital to complete before the first renewal of their license or, for currently practicing providers, the next renewal of their license, at least 2 hours of training in stigma, discrimination and unrecognized bias toward persons who have acquired or are at a high risk of acquiring human immunodeficiency virus. **Section 27** of this bill authorizes any provider of health care to use training in that subject in place of not more than 2 hours of any other training that the provider is required to complete, other than continuing education relating to ethics.

Senate Bill No. 275 of the 2021 Legislative Session repealed certain criminal offenses for which an element of the offense was having the human immunodeficiency virus. (Section 24, chapter 491, Statutes of Nevada 2021, at page 3199) **Section 77** of this bill provides that the repeal of those offenses applies retroactively to violations that occurred before the effective date of Senate Bill No. 275.

Sec. 76. The Legislature hereby finds and declares that:

1. In *Lapinski v. State*, 84 Nev. 611, 613 (1968), the Nevada Supreme Court held that "the power to define crimes and penalties lies exclusively in the legislature."

2. The Nevada Supreme Court has further held in *Tellis v. State*, 84 Nev. 587, 591 (1968), *Sparkman v. State*, 95 Nev. 76, 82 (1979) and *State v. Dist. Ct. (Pullin)*, 124 Nev. 564, 567-68 (2008), that the penalty for a crime is determined by the law in effect at the time the offender committed the crime and not the law in effect at the time the offender is sentenced unless the Legislature has expressed its clear intent that a statute ameliorating the penalty apply retroactively.

3. NRS 441A.118 states that "[t]he Legislature hereby finds and declares that the spread of communicable diseases is best addressed through public health measures rather than criminalization."

4. For those reasons, the Legislature is exercising its exclusive power to define the acts which subject a person to criminal penalties by:

(a) Retroactively applying the provisions of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199, which repealed certain criminal offenses that were based on a person having the human immunodeficiency virus, to apply to conduct that occurred before those offenses were repealed; and

(b) Making certain offenses which were punishable as category A felonies before the effective date of section 13 of this act based on the potential to spread a communicable disease instead punishable as category B felonies, category D felonies or gross misdemeanors.

Sec. 77. 1. The provisions of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199, apply to any violation of NRS 201.205 or 201.358, as those sections existed before the enactment of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199, if the violation occurred before, on or after June 6, 2021, and the person was convicted on or after the effective date of this section.

2. If, before June 6, 2021, a person committed a violation of a NRS 201.205 or 201.358, as those sections existed before the enactment of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199, and the

person was not charged for that violation before the effective date of this section, the person must not be charged for that violation.

3. Each court in this State shall cancel each outstanding bench warrant issued by the court for a person who failed to appear in court in relation to an alleged violation of NRS 201.205 or 201.358, as those sections existed before the enactment of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199.

4. The Central Repository for Nevada Records of Criminal History shall remove from each database or compilation of records of criminal history maintained by the Central Repository all records of bench warrants issued for a person who failed to appear in court in relation to an alleged violation of NRS 201.205 or 201.358, as those sections existed before the enactment of section 24 of chapter 491, Statutes of Nevada 2021, at page 3199.

Sec. 78. 1. The provisions of NRS 212.189, as amended by section 13 of this act, apply to any violation of that section, that occurred before, on or after the effective date of that section, if the person was not convicted before the effective date of that section.

2. If a person commits a violation of a NRS 212.189 which is punishable as a category A felony before the effective date of section 13 of this act, and the violation is punishable as a category B felony, a category D felony or a gross misdemeanor pursuant to NRS 212.189, as amended by section 13 of this act, the person must not be charged with or convicted of a category A felony, if the violation occurs on or after the effective date of section 13 of this act, and may only be charged with and convicted of a category B felony, category D felony or gross misdemeanor, as applicable, on or after the effective date of section 13 of this act.

Sec. 79. The provisions of NRS 354.599 do not apply to any additional expenses of a local government that are related to the provisions of this act.

Sec. 80. 1. This section and sections 3 to 10, inclusive, 13, 76, 77 and 78 of this act become effective upon passage and approval.

2. Sections 1, 2, 11, 12, 14 to 75, inclusive, and 79 of this act become effective:

(a) Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

(b) On January 1, 2024, for all other purposes.

Assembly Bill No. 524.

Bill read third time.

The following amendment was proposed by Assemblyman Watts:

Amendment No. 943.

AN ACT relating to energy; revising a definition relating to certain renewable energy facilities; revising provisions governing the submission of general rate applications; revising provisions governing the integrated resource plan submitted triennially by a utility; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires each electric utility to submit to the Public Utilities Commission of Nevada every 3 years an integrated resource plan to increase the utility's supply of electricity or decrease the demands made on its system by its customers. Existing law provides that the integrated resource plan must include certain components, including, without limitation, a comparison of a diverse set of scenarios of the best combination of sources of supply to meet the demands or the best methods to reduce the demands. (NRS 704.741) **Section 2** of this bill sets forth certain declarations of the Legislature relating to the affordability, availability and reliability of the supply of electricity in this State. **Section 4** of this bill requires the integrated resource plan of an electric utility to include: (1) at least one scenario that provides for the construction or acquisition of energy resources through contract or ownership to be placed into service to close an open position utilizing dedicated energy resources in this State and dedicated energy resources delivered through firm transmission; and (2) for each scenario considered, certain information regarding each energy resource proposed and an evaluation of the impact the implementation of a scenario will have on certain matters. **Section 4** authorizes an electric utility to submit an integrated resource plan more frequently than once every 3 years. **Section 4** requires the Commission to adopt regulations governing the manner in which and circumstances under which an electric utility may file an amendment to its integrated resource plan. **Section 5** of this bill requires an electric utility to schedule a consumer session before filing an integrated resource plan or an amendment to such a plan. **Sections 6 and 7** of this bill make a conforming change to reflect changes in the numbering of subsections in **section 4**.

Section 1 of this bill revises the definition of "facility for the storage of energy from renewable generation."

Existing law requires certain electric utilities to file a general rate application once every 36 months. Existing law prohibits a public utility that has filed a general rate application from filing another general rate application until all pending general rate applications filed by that utility have been decided by the Commission, except under certain circumstances. (NRS 704.110) **Section 3** of this bill authorizes an electric utility to file a general rate application more frequently than once every 36 months. **Section 3** provides that an affiliate of a public utility is also prohibited from filing another general rate application until all pending general rate applications filed by that utility have been decided by the Commission.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 701A.327 is hereby amended to read as follows:

701A.327 1. "Facility for the storage of energy from renewable generation" means a facility that is constructed or installed for the ~~[sole]~~ purpose of storing electric energy received from a facility for the generation of electricity from renewable energy for release at a later time, including, without limitation, a facility that is designed to use energy storage technology.

2. The term does not include a facility that is located on a residential property.

Sec. 2. Chapter 704 of NRS is hereby amended by adding thereto a new section to read as follows:

The Legislature hereby declares that:

1. Rising energy needs and supply chain issues in the western United States have affected Nevada's ability to access the energy market to serve Nevada residents during periods of high energy demand.

2. It is paramount to the health and economic vitality of this State to ensure the affordability, availability and reliability of its electric supply.

3. An efficient regional energy market and comprehensive resource planning are essential to ensure affordable, safe and reliable electric service for customers of an electric utility from a balanced portfolio of supply and demand options, particularly in light of these challenges.

4. The integrated resource planning process must enable meaningful participation and robust review of a utility's proposals by the Commission and stakeholders to ensure the affordability, resiliency and reliability of the state's electric supply by considering all reasonable measures including, without limitation, demand-side management and increasing utility-owned, controlled or contracted electric generating capacity.

5. Increasing access to reliable electric generating capacity and procuring the most cost-effective resources supports the provision of affordable, resilient and reliable energy services to Nevadans and this State should take advantage of federal funding and tax benefits that provide additional opportunities.

6. It continues to be in the interest of this State to invest in a portfolio of electric generation supply and demand-side management measures that increase energy reliability and reduce greenhouse gas emissions consistent with state policy.

7. It is in the interest of Nevada to reduce electric utilities' reliance on market purchases and secure sufficient energy supply to protect reliability in a manner that promotes affordability and may reduce exposure to price volatility for customers, through methods which include dedicated in-state resources and dedicated energy resources delivered through firm transmission.

Sec. 3. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075, 704.68861 to 704.68887, inclusive, and 704.7865, or as may otherwise be provided by the Commission pursuant to NRS 704.095, 704.097 or 704.7621:

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an annual deferred energy accounting adjustment application, the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in subsection 3, if a public utility files with the Commission an application to make changes in any schedule, the Commission shall, not later than 210 days after the date on which the application is filed, issue a written order approving or disapproving, in whole or in part, the proposed changes.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this chapter. The following public utilities shall each file a general rate application pursuant to this subsection based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application:

(1) Not later than 5 p.m. on or before the first Monday in June 2019; and

(2) ~~[Once]~~ ***At least once*** every 36 months thereafter or on a date specified in an alternative rate-making plan approved by the Commission pursuant to NRS 704.7621.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application:

(1) Not later than 5 p.m. on or before the first Monday in June 2020; and

(2) ~~[Once]~~ ***At least once*** every 36 months thereafter or on a date specified in an alternative rate-making plan approved by the Commission pursuant to NRS 704.7621.

(c) A public utility that furnishes water for municipal, industrial or domestic purposes or services for the disposal of sewage, or both, which had an annual gross operating revenue of $2,000,000 or more for at least 1 year during the immediately preceding 3 years and which had not filed a general rate application with the Commission on or after July 1, 2005, shall file a general rate application on or before June 30, 2008, and at least once every 36 months thereafter unless waived by the Commission pursuant to standards adopted by regulation of the Commission. If a public utility furnishes both water and services for the disposal of sewage, its annual gross operating revenue for each service must be considered separately for determining whether the public utility meets the requirements of this paragraph for either service.

(d) A public utility that furnishes water for municipal, industrial or domestic purposes or services for the disposal of sewage, or both, which had an annual gross operating revenue of $2,000,000 or more for at least 1 year during the immediately preceding 3 years and which had filed a general rate application with the Commission on or after July 1, 2005, shall file a general rate application on or before June 30, 2009, and at least once every 36 months thereafter unless waived by the Commission pursuant to standards adopted by regulation of the Commission. If a public utility furnishes both water and services for the disposal of sewage, its annual gross operating revenue for each service must be considered separately for determining whether the public utility meets the requirements of this paragraph for either service.

➥ The Commission shall adopt regulations setting forth standards for waivers pursuant to paragraphs (c) and (d) and for including the costs incurred by the public utility in preparing and presenting the general rate application before the effective date of any change in rates.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in

circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. The Commission shall consider expected changes in circumstances to be reasonably known and measurable with reasonable accuracy if the expected changes in circumstances consist of specific and identifiable events or programs rather than general trends, patterns or developments, have an objectively high probability of occurring to the degree, in the amount and at the time expected, are primarily measurable by recorded or verifiable revenues and expenses and are easily and objectively calculated, with the calculation of the expected changes relying only secondarily on estimates, forecasts, projections or budgets. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement, including all reasonable projected or forecasted offsets in revenue and expenses that are directly attributable to or associated with the expected changes in circumstances under consideration, in addition to the statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility ***, or a public utility affiliated with the public utility through common ownership,*** shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility ***or its affiliate*** is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit ~~[~~the~~]~~ ***a*** public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7, a quarterly rate adjustment pursuant to subsection 8 or 10, any information relating to deferred accounting requirements pursuant to NRS 704.185 or an annual deferred energy accounting adjustment application pursuant to NRS 704.187, if the public utility is otherwise authorized to so file by those provisions.

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility which is required to adjust its rates on a quarterly basis pursuant to subsection 10; or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis may request approval from the Commission to make quarterly adjustments to its deferred energy accounting adjustment. The Commission shall approve or deny such a request not later than 120 days after the application is filed with the Commission. The Commission may approve the request if the Commission finds that approval of the request is in the public interest. If the Commission approves a request to make quarterly adjustments to the deferred energy accounting adjustment of a public utility pursuant to this subsection, any quarterly adjustment to the deferred energy accounting adjustment must not exceed 2.5 cents per therm of natural gas. If the balance of the public utility's deferred account varies by less than 5 percent from the public utility's annual recorded costs of natural gas which are used to calculate quarterly rate adjustments, the deferred energy accounting adjustment must be set to zero cents per therm of natural gas.

9. If the Commission approves a request to make any rate adjustments on a quarterly basis pursuant to subsection 8:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill or by electronic transmission pursuant to NRS 704.188. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the public utility files its written notice with the Commission pursuant to paragraph (a). The written notice required by this paragraph:

(1) Must be printed separately, if included with the customer's regular monthly bill, or the subject line of the electronic transmission must indicate that notice of a quarterly rate adjustment is included, if provided by electronic transmission pursuant to NRS 704.188; and

(2) Must include the following in clear and bold text:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission;

(IV) A statement that the transactions and recorded costs of natural gas which are the basis for any quarterly rate adjustment will be reviewed for reasonableness and prudence in the next proceeding held by the Commission to review the annual rate adjustment application pursuant to paragraph (d); and

(V) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and the transactions and recorded costs of natural gas included in each quarterly filing and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

10. An electric utility shall adjust its rates on a quarterly basis based on changes in the electric utility's recorded costs of purchased fuel or purchased power. In addition to adjusting its rates on a quarterly basis, an electric utility may request approval from the Commission to make quarterly adjustments to its deferred energy accounting adjustment. The Commission shall approve or deny such a request not later than 120 days after the application is filed with the Commission. The Commission may approve the request if the Commission finds that approval of the request is in the public interest. If the Commission approves a request to make quarterly adjustments to the deferred energy accounting adjustment of an electric utility pursuant to this subsection, any quarterly adjustment to the deferred energy accounting adjustment must not exceed 0.25 cents per kilowatt-hour of electricity. If the balance of the electric utility's deferred account varies by less than 5 percent from the electric utility's annual recorded costs for purchased fuel or purchased power which are used to calculate quarterly rate adjustments, the deferred energy accounting adjustment must be set to zero cents per kilowatt-hour of electricity.

11. A quarterly rate adjustment filed pursuant to subsection 10 is subject to the following requirements:

(a) The electric utility shall file written notice with the Commission on or before August 15, 2007, and every quarter thereafter of the quarterly rate adjustment to be made by the electric utility for the following quarter. The first

quarterly rate adjustment by the electric utility will take effect on October 1, 2007, and each subsequent quarterly rate adjustment will take effect every quarter thereafter. The first quarterly adjustment to a deferred energy accounting adjustment must be made pursuant to an order issued by the Commission approving the application of an electric utility to make quarterly adjustments to its deferred energy accounting adjustment. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The electric utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill or by electronic submission pursuant to NRS 704.188. The electric utility shall begin providing such written notice to its customers not later than 30 days after the date on which the electric utility files a written notice with the Commission pursuant to paragraph (a). The written notice required by this paragraph:

(1) Must be printed separately, if included with the customer's regular monthly bill, or the subject line of the electronic transmission must indicate that notice of a quarterly rate adjustment is included, if provided by electronic transmission pursuant to NRS 704.188; and

(2) Must include the following in clear and bold text:

(I) The total amount of the increase or decrease in the electric utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission;

(IV) A statement that the transactions and recorded costs of purchased fuel or purchased power which are the basis for any quarterly rate adjustment will be reviewed for reasonableness and prudence in the next proceeding held by the Commission to review the annual deferred energy accounting adjustment application pursuant to paragraph (d); and

(V) Any other information required by the Commission.

(c) The electric utility shall file an annual deferred energy accounting adjustment application pursuant to NRS 704.187 with the Commission. The annual deferred energy accounting adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual deferred energy accounting adjustment application must include a review of each quarterly rate adjustment and the transactions and recorded costs of purchased fuel and purchased power included in each quarterly filing and the annual deferred energy accounting adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment

or the annual deferred energy accounting adjustment application, and the electric utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the electric utility to recover any recorded costs of purchased fuel and purchased power which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the electric utility, and the Commission shall order the electric utility to adjust its rates if the Commission determines that any recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application were not reasonable or prudent.

12. If an electric utility files an annual deferred energy accounting adjustment application pursuant to subsection 11 and NRS 704.187 while a general rate application is pending, the electric utility shall:

(a) Submit with its annual deferred energy accounting adjustment application information relating to the cost of service and rate design; and

(b) Supplement its general rate application with the same information, if such information was not submitted with the general rate application.

13. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 and accepted by the Commission for acquisition or construction pursuant to NRS 704.751 and the regulations adopted pursuant thereto, or the retirement or elimination of a utility facility identified in an emissions reduction and capacity replacement plan submitted pursuant to NRS 704.7316 and accepted by the Commission for retirement or elimination pursuant to NRS 704.751 and the regulations adopted pursuant thereto, shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing, or retiring or eliminating, as applicable, such a facility. For the purposes of this subsection, a plan or an amendment to a plan shall be deemed to be accepted by the Commission only as to that portion of the plan or amendment accepted as filed or modified with the consent of the utility pursuant to NRS 704.751.

14. In regard to any rate or schedule approved or disapproved pursuant to this section, the Commission may, after a hearing:

(a) Upon the request of the utility, approve a new rate but delay the implementation of that new rate:

(1) Until a date determined by the Commission; and

(2) Under conditions as determined by the Commission, including, without limitation, a requirement that interest charges be included in the collection of the new rate; and

(b) Authorize a utility to implement a reduced rate for low-income residential customers.

15. The Commission may, upon request and for good cause shown, permit a public utility which purchases natural gas for resale or an electric utility to make a quarterly adjustment to its deferred energy accounting adjustment in excess of the maximum allowable adjustment pursuant to subsection 8 or 10.

16. A public utility which purchases natural gas for resale or an electric utility that makes quarterly adjustments to its deferred energy accounting adjustment pursuant to subsection 8 or 10 may submit to the Commission for approval an application to discontinue making quarterly adjustments to its deferred energy accounting adjustment and to subsequently make annual adjustments to its deferred energy accounting adjustment. The Commission may approve an application submitted pursuant to this subsection if the Commission finds that approval of the application is in the public interest.

17. As used in this section:

(a) "Deferred energy accounting adjustment" means the rate of a public utility which purchases natural gas for resale or an electric utility that is calculated by dividing the balance of a deferred account during a specified period by the total therms or kilowatt-hours which have been sold in the geographical area to which the rate applies during the specified period, not including kilowatt-hours sold pursuant to an expanded solar access program established pursuant to NRS 704.7865.

(b) "Electric utility" has the meaning ascribed to it in NRS 704.187.

(c) "Electric utility that primarily serves densely populated counties" means an electric utility that, with regard to the provision of electric service, derives more of its annual gross operating revenue in this State from customers located in counties whose population is 700,000 or more than it does from customers located in counties whose population is less than 700,000.

(d) "Electric utility that primarily serves less densely populated counties" means an electric utility that, with regard to the provision of electric service, derives more of its annual gross operating revenue in this State from customers located in counties whose population is less than 700,000 than it does from customers located in counties whose population is 700,000 or more.

Sec. 4. NRS 704.741 is hereby amended to read as follows:

704.741 1. A utility which supplies electricity in this State shall, on or before June 1 of every third year, ***or more often if necessary,*** in the manner specified by the Commission, submit a plan to increase its supply of electricity or decrease the demands made on its system by its customers to the Commission. Two or more utilities that are affiliated through common ownership and that have an interconnected system for the transmission of electricity shall submit a joint plan.

2. The Commission shall, by regulation:

(a) Prescribe the contents of such a plan, including, but not limited to, the methods or formulas which are used by the utility or utilities to:

(1) Forecast the future demands, except that a forecast of the future retail electric demands of the utility or utilities must not include the amount of energy and capacity proposed pursuant to subsection ~~[5]~~ ***6*** as annual limits on the total amount of energy and capacity that eligible customers may be authorized to purchase from providers of new electric resources through transactions approved by the Commission pursuant to an application submitted pursuant to NRS 704B.310 on or after May 16, 2019; and

(2) Determine the best combination of sources of supply to meet the demands or the best method to reduce them; ~~[and]~~

(b) Designate renewable energy zones and revise the designated renewable energy zones as the Commission deems necessary ~~[.]~~ ***; and***

(c) Establish requirements governing the manner in which and circumstances under which an amendment may be filed with the Commission to modify an approved plan.

3. The Commission shall require the utility or utilities to include in the plan:

(a) An energy efficiency program for residential customers which reduces the consumption of electricity or any fossil fuel and which includes, without limitation, the use of new solar thermal energy sources.

(b) A proposal for the expenditure of not less than 10 percent of the total expenditures related to energy efficiency and conservation programs on energy efficiency measures for customers of the electric utility in low-income households and residential customers and public schools in historically underserved communities, through both targeted programs and programs directed at residential customers and public schools in general.

(c) A comparison of a diverse set of scenarios of the best combination of sources of supply to meet the demands or the best methods to reduce the demands, which must include ~~[at]~~ ***:***

(1) At least one scenario of low carbon dioxide emissions that:

~~[(1)]~~ ***(I)*** Uses sources of supply that result in, by 2050, an amount of energy production from zero carbon dioxide emission resources that equals the forecasted demand for electricity by customers of the utility;

~~[(2)]~~ ***(II)*** Includes the deployment of distributed generation; and

~~[(3)]~~ ***(III)*** If the plan is submitted on or before June 1, 2027, uses sources of supply that result in, by the year 2030, an 80 percent reduction in carbon dioxide emissions from the generation of electricity to meet the demands of customers of the utility as compared to the amount of such emissions in the year 2005.

(2) At least one scenario that provides for the construction or acquisition of energy resources through contract or ownership to be placed into service to close an open position utilizing dedicated energy resources in this State and dedicated energy resources delivered through firm transmission. A significant share of the renewable energy facilities and energy storage systems included in the scenario must be owned by the utility.

➥ A requirement to include a particular scenario in the plan pursuant to this paragraph, or the compliance of a utility with such a requirement, shall not be construed as indicating a preference by the Commission or the utility for a particular scenario.

(d) An analysis of the effects of the requirements of NRS 704.766 to 704.776, inclusive, on the reliability of the distribution system of the utility or utilities and the costs to the utility or utilities to provide electric service to all customers. The analysis must include an evaluation of the costs and benefits

of addressing issues of reliability through investment in the distribution system.

(e) A list of the utility's or utilities' assets described in NRS 704.7338.

(f) A surplus asset retirement plan as required by NRS 704.734.

4. For each scenario considered pursuant to subsection 3, the plan must include, without limitation:

(a) For each energy resource proposed:

(1) A description of each energy resource to be constructed, acquired or contracted for by the utility, including, without limitation, the location of the energy resource, the technology to be used by the energy resource to generate electricity, the anticipated capacity of the energy resource and the anticipated date by which the energy resource will be placed into service;

(2) The cost of constructing or acquiring, operating and maintaining the energy resource or, if the energy resource is contracted for by the utility, the price of the energy to be supplied by the energy resource;

(3) Whether the energy resource will be owned by the utility or utilized by the utility pursuant to a contract with a third party; and

(4) Any other information required by the Commission to evaluate the prudence of the scenario.

(b) An evaluation of the impact that the implementation of the scenario will have on:

(1) The ability of the utility to decrease its reliance on market purchases to meet the utility's open energy load requirements, including, without limitation, any appropriate reserves, and the forecast of energy needs over the next 10 years;

(2) The ability of the utility to reliably integrate into its supply portfolio larger amounts of electricity from variable energy resources, including, without limitation, solar, geothermal, hydropower and wind energy resources;

(3) The ability of the utility to access energy markets or geographic locations that have excess capacity to import into this State through firm transmission to ensure additional reliability in times of increased energy needs;

(4) The ability of the utility to increase access to carbon-free energy, support compliance with the renewable portfolio standard and advance the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820 through a balanced portfolio of energy supply and demand-side resources;

(5) The ability of the utility to demonstrate to a regional entity that the utility has adequate resources to meet the forecast for energy needs over the next 10 years;

(6) The ability of the utility to advance cost-effective demand-side management;

(7) The rates charged to the customers of the utility, provided that, in implementing the plan, the utility must endeavor to mitigate costs for the

benefit of customers to the extent possible by utilizing federal funding and tax credits available to utilities or third parties for the development of electric resources; and

(8) The benefits from high-quality jobs, job training and apprenticeships provided by the projects included in the plan, whether constructed or operated by the utility or a third-party developer.

~~[4.]~~ ***5.*** The Commission shall require the utility or utilities to include in the plan a distributed resources plan. The distributed resources plan must:

(a) Evaluate the locational benefits and costs of distributed resources. This evaluation must be based on reductions or increases in local generation capacity needs, avoided or increased investments in distribution infrastructure, safety benefits, reliability benefits and any other savings the distributed resources provide to the electricity grid for this State or costs to customers of the electric utility or utilities.

(b) Propose or identify standard tariffs, contracts or other mechanisms for the deployment of cost-effective distributed resources that satisfy the objectives for distribution planning.

(c) Propose cost-effective methods of effectively coordinating existing programs approved by the Commission, incentives and tariffs to maximize the locational benefits and minimize the incremental costs of distributed resources.

(d) Identify any additional spending necessary to integrate cost-effective distributed resources into distribution planning consistent with the goal of yielding a net benefit to the customers of the electric utility or utilities.

(e) Identify barriers to the deployment of distributed resources, including, without limitation, safety standards related to technology or operation of the distribution system in a manner that ensures reliable service.

(f) Include a transportation electrification plan as required by NRS 704.7867.

~~[5.]~~ ***6.*** The Commission shall require the utility or utilities to include in the plan a proposal for annual limits on the total amount of energy and capacity that eligible customers may be authorized to purchase from providers of new electric resources through transactions approved by the Commission pursuant to an application submitted pursuant to NRS 704B.310 on or after May 16, 2019. In developing the proposal and the forecasts in the plan, the utility or utilities must use a sensitivity analysis that, at a minimum, addresses load growth, import capacity, system constraints and the effect of eligible customers purchasing less energy and capacity than authorized by the proposed annual limit. The proposal in the plan must include, without limitation:

(a) A forecast of the load growth of the utility or utilities;

(b) The number of eligible customers that are currently being served by or anticipated to be served by the utility or utilities;

(c) Information concerning the infrastructure of the utility or utilities that is available to accommodate market-based new electric resources;

(d) Proposals to ensure the stability of rates and the availability and reliability of electric service; and

(e) For each year of the plan, impact fees applicable to each megawatt or each megawatt hour to account for costs reflected in the base tariff general rate and base tariff energy rate paid by end-use customers of the electric utility.

~~[6.]~~ ***7.*** The annual limits proposed pursuant to subsection ~~[5]~~ ***6*** shall not apply to energy and capacity sales to an eligible customer if the eligible customer:

(a) Was not an end-use customer of the electric utility at any time before June 12, 2019; and

(b) Would have a peak load of 10 megawatts or more in the service territory of an electric utility within 2 years of initially taking electric service.

~~[7.]~~ ***8.*** As used in this section:

(a) "Distributed generation system" has the meaning ascribed to it in NRS 701.380.

(b) "Distributed resources" means distributed generation systems, energy efficiency, energy storage, electric vehicles and demand-response technologies.

~~[(f)]~~ ***(g)*** "Low-income household" has the meaning ascribed to it in NRS 704.78347.

~~[(g)]~~ ***(h)*** "New electric resource" has the meaning ascribed to it in NRS 704B.110.

~~[(h)]~~ ***(i)*** "Provider of new electric resources" has the meaning ascribed to it in NRS 704B.130.

~~[(i)]~~ ***(j)*** "Renewable energy zones" means specific geographic zones where renewable energy resources are sufficient to develop generation capacity and where transmission constrains the delivery of electricity from those resources to customers.

~~[(j)]~~ ***(k)*** "Sensitivity analysis" means a set of methods or procedures which results in a determination or estimation of the sensitivity of a result to a change in given data or a given assumption.

Sec. 5. NRS 704.744 is hereby amended to read as follows:

704.744 ***1.*** The Commission shall require each utility which supplies electricity in this State, not less than 4 months before filing a plan required pursuant to NRS 704.741, or within a reasonable period before filing an amendment to such a plan ~~[pursuant to NRS 704.751,]~~ ***in accordance with the regulations adopted by the Commission pursuant to NRS 704.741,*** to meet with personnel from the Commission and the Bureau of Consumer Protection

in the Office of the Attorney General and any other interested persons to provide an overview of the anticipated filing or amendment.

2. Each utility which supplies electricity in this State shall, before filing a plan required pursuant to NRS 704.741 or an amendment to such a plan, schedule at least one consumer session to review the plan or amendment and provide an opportunity for interested persons to:

(a) Learn about the progress of the utility in developing plans and amendments to plans;

(b) Determine whether key assumptions are being applied in a consistent and acceptable manner;

(c) Determine whether key results are reasonable; and

(d) Offer suggestions on other matters as appropriate.

3. Each utility shall prepare a summary of each consumer session held pursuant to subsection 2 and include the summary in the testimony of the utility in support of the plan or amendment to the plan.

Sec. 6. NRS 704.746 is hereby amended to read as follows:

704.746 1. After a utility has filed its plan pursuant to NRS 704.741, the Commission shall convene a public hearing on the adequacy of the plan.

2. The Commission shall determine the parties to the public hearing on the adequacy of the plan. A person or governmental entity may petition the Commission for leave to intervene as a party. The Commission must grant a petition to intervene as a party in the hearing if the person or entity has relevant material evidence to provide concerning the adequacy of the plan. The Commission may limit participation of an intervener in the hearing to avoid duplication and may prohibit continued participation in the hearing by an intervener if the Commission determines that continued participation will unduly broaden the issues, will not provide additional relevant material evidence or is not necessary to further the public interest.

3. In addition to any party to the hearing, any interested person may make comments to the Commission regarding the contents and adequacy of the plan.

4. After the hearing, the Commission shall determine whether:

(a) The forecast requirements of the utility or utilities are based on substantially accurate data and an adequate method of forecasting.

(b) The plan identifies and takes into account any present and projected reductions in the demand for energy that may result from measures to improve energy efficiency in the industrial, commercial, residential and energy producing sectors of the area being served.

(c) The plan adequately demonstrates the economic, environmental and other benefits to this State and to the customers of the utility or utilities associated with the following possible measures and sources of supply:

(1) Improvements in energy efficiency;

(2) Pooling of power;

(3) Purchases of power from neighboring states or countries;

(4) Facilities that operate on solar or geothermal energy or wind;

(5) Facilities that operate on the principle of cogeneration or hydrogeneration;

(6) Other generation facilities; and

(7) Other transmission facilities.

5. The Commission shall give preference to the measures and sources of supply set forth in paragraph (c) of subsection 4 that:

(a) Provide the greatest economic and environmental benefits to the State;

(b) Are consistent with the provisions of this section;

(c) Provide levels of service that are adequate and reliable;

(d) Provide the greatest opportunity for the creation of new jobs in this State; and

(e) Provide for diverse electricity supply portfolios and which reduce customer exposure to the price volatility of fossil fuels and the potential costs of carbon.

➥ In considering the measures and sources of supply set forth in paragraph (c) of subsection 4 and determining the preference given to such measures and sources of supply, the Commission shall consider the cost of those measures and sources of supply to the customers of the electric utility or utilities.

6. The Commission shall:

(a) Adopt regulations which determine the level of preference to be given to those measures and sources of supply; and

(b) Consider the value to the public of using water efficiently when it is determining those preferences.

7. The Commission shall:

(a) Consider the level of financial commitment from developers of renewable energy projects in each renewable energy zone, as designated pursuant to subsection 2 of NRS 704.741; and

(b) Adopt regulations establishing a process for considering such commitments including, without limitation, contracts for the sale of energy, leases of land and mineral rights, cash deposits and letters of credit.

8. The Commission shall, after a hearing, review and accept or modify an emissions reduction and capacity replacement plan which includes each element required by NRS 704.7316. In considering whether to accept or modify an emissions reduction and capacity replacement plan, the Commission shall consider:

(a) The cost to the customers of the electric utility or utilities to implement the plan;

(b) Whether the plan provides the greatest economic benefit to this State;

(c) Whether the plan provides the greatest opportunities for the creation of new jobs in this State; and

(d) Whether the plan represents the best value to the customers of the electric utility or utilities.

9. In considering whether to accept or modify a proposal for annual limits on the total amount of energy and capacity that eligible customers may be authorized to purchase from providers of new electric resources through

transactions approved by the Commission pursuant to an application submitted pursuant to NRS 704B.310 after May 16, 2019, which is included in the plan pursuant to subsection ~~[5]~~ ***6*** of NRS 704.741, the Commission shall consider whether the proposed annual limits:

(a) Further the public interest, including, without limitation, whether the proposed annual limits promote safe, economic, efficient and reliable electric service to all customers of electric service in this State;

(b) Align an economically viable utility model with state public policy goals; and

(c) Encourage the development and use of renewable energy resources located in this State and, in particular, renewable energy resources that are coupled with energy storage.

10. In considering whether to accept or modify a plan to accelerate transportation electrification submitted pursuant to NRS 704.7867, the Commission shall consider:

(a) Whether the proposed investments, incentives, rate designs, systems and programs are reasonably expected to achieve one or more of the following:

(1) Improve the efficiency of the electric utility's electrical system, operational flexibility or system utilization during off-peak hours;

(2) Improve the ability of the electric utility to integrate renewable energy resources which generate electricity on an intermittent basis into the transmission and distribution grid;

(3) Reduce greenhouse gas emissions and air pollution;

(4) Improve air quality in communities most affected by air pollution from the transportation sector;

(5) Support increased consumer choice in electric vehicle charging and related infrastructure and services;

(6) Increase access to the use of electricity as a transportation fuel by low-income users by including investments, incentives or programs for those users, or for entities operating in communities or at locations that will benefit low-income users;

(7) Foster the investment of private capital in transportation electrification, as defined in NRS 704.7867, and the demand for skilled jobs in related services; and

(8) Provide information and education on the benefits of transportation electrification to customers.

(b) Whether the proposed investments, incentives, rate designs, systems and programs provide electric services and pricing that customers value.

(c) Whether the proposed investments, incentives, systems and programs incorporate public reporting requirements which will serve to inform program design and Commission policy.

(d) The cost to the customers of the electric utility to implement the plan.

Sec. 7. NRS 704.751 is hereby amended to read as follows:

704.751 1. After a utility has filed the plan required pursuant to NRS 704.741, the Commission shall issue an order accepting or modifying the plan or specifying any portions of the plan it deems to be inadequate:

(a) Within 135 days for any portion of the plan relating to the energy supply plan for the utility for the 3 years covered by the plan; and

(b) Within 210 days for all portions of the plan not described in paragraph (a).

➥ If the Commission issues an order modifying the plan, the utility or utilities may consent to or reject some or all of the modifications by filing with the Commission a notice to that effect. Any such notice must be filed not later than 30 days after the date of issuance of the order. If such a notice is filed, any petition for reconsideration or rehearing of the order must be filed with the Commission not later than 10 business days after the date the notice is filed.

2. If a utility files an amendment to a plan, the Commission shall issue an order accepting or modifying the amendment or specifying any portions of the amendment it deems to be inadequate:

(a) Within 165 days after the filing of the amendment; or

(b) Within 180 days after the filing of the amendment for all portions of the amendment which contain an element of the emissions reduction and capacity replacement plan.

➥ If the Commission issues an order modifying the amendment, the utility or utilities may consent to or reject some or all of the modifications by filing with the Commission a notice to that effect. Any such notice must be filed not later than 30 days after the date of issuance of the order. If such a notice is filed, any petition for reconsideration or rehearing of the order must be filed with the Commission not later than 10 business days after the date the notice is filed.

3. Any order issued by the Commission accepting or modifying a plan required pursuant to NRS 704.741 or an amendment to such a plan must include the justification of the Commission for the preferences given pursuant to subsection 5 of NRS 704.746 to the measures and sources of supply set forth in paragraph (c) of subsection 4 of NRS 704.746.

4. All prudent and reasonable expenditures made to develop the utility's or utilities' plan, including environmental, engineering and other studies, must be recovered from the rates charged to the utility's or utilities' customers.

5. The Commission may accept an energy efficiency plan containing an energy efficiency program submitted pursuant to paragraph (a) of subsection 3 of NRS 704.741 and energy efficiency and conservation programs submitted pursuant to paragraph (b) of subsection 3 of NRS 704.741 that are not cost effective if the energy efficiency plan as a whole is cost effective. Any order issued by the Commission accepting or modifying an energy efficiency plan or an amendment to such a plan must, if the energy efficiency plan remains cost effective, require that not less than 10 percent of the total expenditures of the utility or utilities on approved energy efficiency and conservation programs in the energy efficiency plan must be specifically directed to energy efficiency

measures for customers of the utility or utilities in low-income households and residential customers and public schools in historically underserved communities, through both targeted programs and programs directed at residential customers and public schools in general.

6. The Commission may accept a distributed resources plan submitted pursuant to subsection ~~[4]~~ ***5*** of NRS 704.741 if the Commission determines that the plan includes each element required by that subsection.

7. Any order issued by the Commission accepting or modifying an element of an emissions reduction and capacity replacement plan must include provisions authorizing the electric utility or utilities to construct or acquire and own electric generating plants necessary to meet the capacity amounts approved in, and carry out the provisions of, the plan. As used in this subsection, "capacity" means an amount of firm electric generating capacity used by the electric utility or utilities for the purpose of preparing a plan filed with the Commission pursuant to NRS 704.736 to 704.754, inclusive.

8. The Commission shall accept a transmission infrastructure for a clean energy economy plan that conforms to the requirements of subsections 1 and 2 of NRS 704.79877 and includes the evaluations required by subsection 4 of NRS 704.79877.

9. As used in this section:

(a) "Historically underserved community" has the meaning ascribed to it in NRS 704.78343.

(b) "Low-income household" has the meaning ascribed to it in NRS 704.78347.

Sec. 8. Notwithstanding the provisions of NRS 218D.430 and 218D.435, a committee may vote on this act before the expiration of the period prescribed for the return of a fiscal note in NRS 218D.475. This section applies retroactively from and after May 26, 2023.

Sec. 9. 1. This **section becomes effective upon passage and approval.**

2. Section 1 of this act becomes effective on July 1, 2023.

~~[2.]~~ **3. Sections 2 to 8, inclusive, of this act become effective:**

(a) Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

(b) On October 1, 2023, for all other purposes.

4. Section 1 of this act expires by limitation on June 30, 2049.

Assemblyman Yeager requested that the following remarks be entered in the Journal.

ASSEMBLYMAN YEAGER:

On behalf of the Assembly, I would like to express our deepest regret on the passing of Mrs. Shipa Zed of Reno on March 9, 2022. She was a selfless soul who touched many hearts. An enthusiastic volunteer for various community welfare causes, she frequently fed the poor and the homeless. She was a chef in her own right, specializing in traditional Indian cooking, and is still well-remembered by many of her past students at Truckee Meadows Community College. She was a culinary artist who was committed to quality and innovation. A Shipa Zed scholarship fund for helping the students achieve their goals is in the process of being established. She visited 57 countries spreading goodwill, covering every continent other than Antarctica. She was indeed the matriarch of the Zed clan.

Our sincere sympathy and condolences go out to her family in this time of sorrow—her husband, Rajan Zed; her son, Navgeet King Zed; her daughter, Palkin Zed; her daughter-in-law, Dr. Shilpi Garg; and her Maltese poodle, Kavi. Selflessness was the goal of Shipa Zed's life. In all her undertakings, she kept the welfare of others always in mind. She was always ready to go the extra mile. She was authentic, charming, compassionate, contented, forgiving, free from selfish attachments, friendly, generous, humble, kind, pure, self-controlled, supportive, trustworthy, warm, wholehearted, and she always thought of others.

Again, on behalf of the body, we express our deepest regret to the family.

All present.

Prayer by Assemblyman Toby Yurek.

Father, what a privilege it is to come together as representatives of this amazing state to conduct the business of our constituents and those who have entrusted us to be their voice. Father, I pray that You would be with each and every one of us as we approach the end days of this session, when sleep is deprived, patience is running thin, and emotions run high.

Father, I pray that You would give us grace and give us the courage to give grace to one another as we continue this work through this session to accomplish all that we have set before us. I pray that You would give us all an overwhelming sense of peace that can only come from You. Guide us and help us.

Father, I thank You for all of those who have made this sacrifice. I pray that You would be with our leadership as well, who is also in a pinch to make tough decisions to get us to where we need to be. Thank You again for this great privilege. Thank You for this time and opportunity to pause and reflect on You.

We pray this in the name of our Savior, Jesus Christ.

The following amendment was proposed by Assemblyman Yeager:

Amendment No. 941.

AN ACT relating to education; creating the Early Childhood Literacy and Readiness Account and authorizing grants from the Account for certain purposes; revising various provisions relating to the Commission on School Funding; **authorizing, under certain circumstances, the State Public Charter School Authority to award money to a charter school for the transportation of pupils;** authorizing a city or county to sponsor a charter school; **requiring a city or county that sponsors a charter school to annually report certain information;** revising provisions relating to the Teach Nevada Scholarship Program; creating the Nevada Teacher Advancement Scholarship Program; revising provisions governing the promotion of pupils; revising provisions relating to the retention of pupils in the same grade; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Department of Education, to the extent money is available, to award grants to certain entities to support prekindergarten programs. (NRS 387.652-387.658) **Sections 11-14** of this bill create the Early Childhood Literacy and Readiness Account and authorize the Department to award grants to certain entities to support early childhood literacy and

readiness programs. **Section 93.5** of this bill makes an appropriation to the Account.

Existing law creates the Commission on School Funding and establishes the duties of the Commission. (NRS 387.1246, 387.12463) **Section 22** of this bill: (1) requires the Department to engage in certain activities to support the Commission; and (2) authorizes the Commission to meet at any time. **Section 23** of this bill expands the duties of the Commission by requiring the Commission to: (1) review the academic progress made by pupils in each public school ~~[and certain private schools that receive public money]~~ in this State; and (2) review and consider strategies to improve the accessibility of existing and new programs within and between public schools. **Section 23** also eliminates the power of the Joint Interim Standing Committee on Education to review the recommendations of the Commission and determine whether to transmit the recommendations to the Governor or the Legislature and instead requires the Commission to transmit its recommendations to the Governor and the Legislature after considering the recommendations of the Joint Interim Standing Committee on Education. **Section 93** of this bill makes an appropriation to the Department to support the operations of the Commission.

Existing law requires each school district and each public school to create a report on or before October 1 of each year that includes certain information about the number and kinds of personnel and services provided by the school district or public school, respectively, during the immediately preceding school year and any changes anticipated by the school district or public school. (NRS 387.12468) **Section 24** of this bill requires the Department to prepare any reports or provide any data necessary for a school district or public school to produce such reports. **Section 93** makes an appropriation to the Department to support the completion of such reports.

Existing law: (1) requires the State Public Charter School Authority to sponsor charter schools; and (2) authorizes the board of trustees of a school district or a college or university within the Nevada System of Higher Education to apply to the Department for authorization to sponsor charter schools. (NRS 388A.220) **Section 32** of this bill: (1) authorizes a city or county to apply to the Department for authorization to sponsor charter schools; (2) prohibits a city or county from sponsoring a new charter school or expanding the enrollment or authorizing an additional campus of an existing charter school **sponsored by the city or county** if the total number of pupils enrolled in charter schools ~~[in]~~ **sponsored by** the city or county exceeds a certain percentage of pupils in public schools **in the city or county** other than charter schools ~~[;]~~ **that are not sponsored by the city or county;** and (3) limits a city or county to sponsoring a charter school within the territory of the city or county. **Section 34** of this bill makes conforming changes to refer to provisions that have been renumbered by **section 32**. **Sections 1-5, 7, 8,** ~~[28-31,]~~ **28, 29-31, 33-39, 50-52 and 75** of this bill authorize a city or county approved by the Department to, in general, sponsor charter schools in the same manner as the

board of trustees of a school district or a college or university within the Nevada System of Higher Education.

Existing law imposes certain reporting requirements on the governing body of each charter school or the sponsor of a charter school. (NRS 388A.345-388A.355) Section 28.7 of this bill requires a city or county that sponsors a charter school to report annually to the Department, the State Public Charter School Authority and the Director of the Legislative Counsel Bureau certain information relating to the charter school and pupils enrolled in the charter school.

Section 28.5 of this bill: (1) authorizes, under certain circumstances, the State Public Charter School Authority to award money to a charter school for the transportation of pupils to the extent money has been appropriated for that purpose; and (2) requires a charter school that wishes to receive such money to submit a transportation plan to the State Public Charter School Authority. Section 28.5 authorizes the State Public Charter School Authority to approve the transportation plan of a charter school if it makes certain determinations. Section 93.3 of this bill makes an appropriation to the State Public Charter School Authority to award money to charter schools for the transportation of pupils.

Existing law establishes the Teach Nevada Scholarship Program, which awards grants to public or private universities, colleges or other providers of an alternative licensure program in this State to award scholarships to students who attend the university, college or provider to complete a program which is approved by the State Board of Education and upon completion: (1) makes a student eligible to obtain a license to teach kindergarten, any grade from grades 1 through 12 or in the subject of special education; or (2) allows a student to specialize in early childhood education. (NRS 391A.580) **Section 56** of this bill requires the State Board to annually review and report on the Teach Nevada Scholarship Program. **Section 67** of this bill makes a conforming change to indicate the proper placement of **section 56** in the Nevada Revised Statutes. **Section 68** of this bill: (1) revises provisions relating to the priority of grant awards for the Teach Nevada Scholarship Program; and (2) requires a student to have graduated from a high school in this State or a county that borders this State and accepts pupils from this State or who have successfully completed the high school equivalency assessment selected by the State Board before 20 years of age to be eligible for a Teach Nevada Scholarship. **Section 69** of this bill increases the maximum amount of a Teach Nevada Scholarship to match the cost of receiving a bachelor's degree at a public university in this State.

Sections 57-66 of this bill create the Nevada Teacher Advancement Scholarship Program, which, in general, is structured similarly to the Teach Nevada Scholarship Program. **Section 63** of this bill allows a Nevada Teacher Advancement Scholarship to be used to obtain a master's degree in education or a related field of study. **Section 63** similarly requires 25 percent of an award of a Nevada Teacher Advancement Scholarship to be retained by the State

Board, and **section 64** allows this amount to be released to a scholarship recipient if he or she maintains employment as a teacher at a public school in this State for 3 consecutive school years immediately following completion of the program for which the Nevada Teacher Advancement Scholarship was awarded. **Section 93.7** of this bill makes an appropriation to the Nevada Teacher Advancement Scholarship Program Account.

Existing law requires an elementary school to provide intervention services and intensive instruction to a pupil during the time the pupil attends the school if the pupil does not obtain a score in the subject area of reading on the criterion-referenced examination in reading that meets the score prescribed by the State Board. Existing law also authorizes the principal of such a school to retain the pupil, rather than promote the pupil to the next grade, in certain circumstances, in consultation with a literacy specialist and certain other persons. (NRS 388A.487, 392.760) **Sections 71 and 72** of this bill require a pupil enrolled in grade 3 to be retained in grade 3, rather than promoted to grade 4, if the pupil does not obtain the score in the subject area of reading on a uniform examination in reading that meets the score prescribed by the State Board or receive an exemption by the superintendent of schools of the school district or governing body of the charter school. **Sections 71 and 72** also authorize a pupil to receive a good-cause exemption to allow the pupil to be promoted to grade 4 without obtaining such a score and require the State Board to prescribe an alternative examination for pupils who do not obtain such a score. **Section 40** of this bill requires a pupil enrolled in a charter school to be retained in grade 3 under similar circumstances. **Section 76** of this bill revises the information that must be included in a written notice provided to the parent or legal guardian of a pupil enrolled in kindergarten or grade 1, 2 or 3 who exhibits a deficiency in the subject area of reading. **Section 77** of this bill requires a school to provide certain intervention services and intensive instruction to a pupil who does not obtain a passing score in the subject area of reading regardless of whether the pupil is retained in grade 3. **Section 77** additionally: (1) requires literacy specialists and personnel with knowledge and expertise relating to providing intervention services and intensive instruction to pupils who are deficient in the subject area of reading to, in addition to any other duties, provide such services and instruction to such pupils; and (2) requires each public school to offer summer school to a pupil in second or third grade who is deficient in the subject area of reading. **Sections 40 and 78** of this bill require certain information relating to pupils with a deficiency in reading who were retained in grade 3 or not retained due to a good-cause exemption to be included in the annual report of pupils receiving intervention services and intensive instruction to address a deficiency in reading. **Sections 6 and 74** of this bill make conforming changes to refer to provisions that have been renumbered by this bill.

Senate Bill No. 82.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 953.

AN ACT relating to public works; revising provisions relating to the use of apprentices on public works; **making an appropriation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires contractors or subcontractors engaged on public works to use one or more apprentices for a certain percentage of the total hours performed on a public work, depending on the number of workers employed on the public work, and to enter into an apprenticeship agreement for all apprentices so required. (NRS 338.01165) **Section 1** of this bill: (1) eliminates the threshold number of workers for the applicability of the requirements for using apprentices; (2) applies those requirements based on all public works performed by a contractor or subcontractor during a calendar year instead of based on each public work; and (3) limits the requirement to enter into an

apprenticeship agreement to those contractors or subcontractors who are not signatories to a collective bargaining agreement with a sponsoring union.

Existing law: (1) sets forth a procedure that authorizes the Labor Commissioner, upon request by a public body, to grant a modification or waiver from the requirements for using apprentices upon a finding of good cause; and (2) defines the circumstances that constitute "good cause." (NRS 338.01165) **Section 1**: (1) eliminates that procedure; (2) requires a contractor or subcontractor to maintain and provide to the Labor Commissioner any supporting documentation to show that the contractor or subcontractor made a good faith effort to comply with the annual requirements to use one or more apprentices for a certain percentage of the total hours performed on public works; and (3) sets forth certain requirements for such supporting documentation.

Existing law provides that an apprentice who graduates from an apprenticeship program while employed on a public work is deemed to be an apprentice on the public work for purposes of the requirements for using apprentices and a journeyman for certain purposes, including the payment of wages. (NRS 338.01165) **Section 1** expands the circumstances under which a person is treated as an apprentice for those requirements.

Section 1 also requires, on or before February 15 of each year, a contractor or subcontractor to submit certain information to the Labor Commissioner regarding the hours that were worked in a calendar year on vertical or horizontal construction for each apprenticed craft or type of work performed. **Section 2** of this bill requires that the first such annual report be submitted on or before February 15, 2025, and address calendar year 2024.

Finally, **section 1** sets forth a penalty schedule for violations of certain provisions relating to the requirements for a contractor or subcontractor to use one or more apprentices for a certain percentage of the total hours performed on a public work.

Section 1.5 of this bill makes an appropriation to the Office of Labor Commissioner in the Department of Business and Industry for certain expenses to carry out the provisions of this bill.

Amendment No. 965.

SENATOR D. HARRIS

JOINT SPONSOR: ASSEMBLYWOMAN SUMMERS-ARMSTRONG

AN ACT relating to peace officers; revising provisions relating to the required contents of an application for certification as a peace officer; requiring a law enforcement agency to provide to the Peace Officers' Standards and Training Commission certain notice and information concerning peace officers employed by the agency; prohibiting a law enforcement agency from requiring a peace officer to make certain attestations concerning cannabis as a condition precedent to employment; prescribing requirements for certain standards adopted by regulation of the Commission; disqualifying certain persons from serving as peace officers; requiring the Executive Director of the Commission to report certain information to the National Decertification Index of the International Association of Directors of Law Enforcement Standards and Training or an equivalent database; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth provisions governing peace officers and creates the Peace Officers' Standards and Training Commission, which generally provides for the training, education and certification of peace officers. (Chapter 289 of NRS) Existing law requires an application for certification as a peace officer to include the social security number of the applicant and a statement regarding the payment of child support. (NRS 289.560, 289.570)

Section 2 of this bill additionally requires an application for certification as a peace officer to include an affidavit stating that the applicant: (1) is not disqualified from serving as a peace officer; (2) has not been discharged, disciplined or asked to resign from employment with a law enforcement agency for certain conduct; and (3) has not resigned from employment or otherwise separated from employment with a law enforcement agency while an investigation concerning certain alleged conduct was pending. **Section 2** also requires the Commission to: (1) deny an application for certification that does not include the required affidavit; and (2) search the National Decertification Index of the International Association of Directors of Law Enforcement Standards and Training, or an equivalent database, to ensure that the name of the applicant does not appear in any such index or database. **Section 6** of this bill makes a conforming change to indicate the proper placement of **sections 2 and 3** of this bill in the Nevada Revised Statutes.

Section 3 requires a law enforcement agency to immediately notify the Commission if a peace officer employed by the agency: (1) is charged with certain crimes; or (2) resigns from employment or otherwise separates from employment with the agency while an investigation concerning alleged misconduct is pending. **Section 3** also requires a law enforcement agency to provide certain information to the Commission concerning a peace officer who resigns or otherwise separates from employment with the agency while an investigation concerning alleged misconduct is pending.

With certain exceptions, existing law prohibits a law enforcement agency from requiring a peace officer to disclose certain information as a condition precedent to a promotion, job assignment or other personnel action. (NRS 289.030) **Section 5** of this bill additionally prohibits a law enforcement agency from requiring a peace officer to provide an oral or written attestation concerning any use of cannabis by the peace officer that occurred before the peace officer submitted his or her application for employment with the law enforcement agency as a condition precedent to employment as a peace officer.

Existing law requires the Commission to adopt regulations establishing minimum standards for the certification and decertification, recruitment, selection and training of peace officers. (NRS 289.510) **Section 7** of this bill provides that the standards prescribed by regulations adopted by the Commission: (1) must not prohibit the certification of an applicant solely on the basis that the applicant has engaged in the adult use of cannabis or the medical use of cannabis; (2) must not require the decertification of a peace officer solely on the basis that the peace officer has engaged in the adult use of cannabis or the medical use of cannabis; and (3) must require the decertification of a peace officer upon a determination by the Commission that the peace officer knowingly provided false or misleading information in his or her application for certification. **Section 7** also makes conforming changes to reorganize certain provisions relating to regulations adopted by the Commission. **Section 4** of this bill defines certain terms for the purposes of certain requirements relating to cannabis prescribed by **sections 5 and 7**.

Existing law provides that a person who has been convicted of a felony in this State or any other state is not qualified to serve as a peace officer. (NRS 289.555) **Section 9** of this bill makes this prohibition applicable regardless of whether the person has had the conviction expunged or sealed. **Section 9** also provides that a person is not qualified to serve as a peace officer if the person has been: (1) convicted of domestic violence in this State or any other state, regardless of whether such a conviction was sealed or expunged; (2) reported to the National Decertification Index or an equivalent database; or (3) decertified or has had his or her certificate or license to practice or serve as a peace officer revoked or annulled by the Commission or a certifying or licensing authority in any other state.

Existing law requires the Commission to appoint an Executive Director of the Commission and authorizes the Executive Director to perform certain acts relating to the certification of peace officers. (NRS 289.520, 289.530) **Section 8** of this bill requires the Executive Director to report to the National Decertification Index or an equivalent database: (1) the name of each decertified peace officer; and (2) any other information required by the Index or database, as applicable.

The following amendment was proposed by Assemblywoman Backus:

Amendment No. 942.

SUMMARY—Revises **various** provisions relating to ~~[the inclusion of entry fees for participation in certain contests or tournaments as gross revenue of gaming licensees and the reports required by gaming licensees participating in foreign]~~ gaming. (BDR 41-943)

AN ACT relating to gaming; excluding certain portions of entry fees paid to participate in certain contests or tournaments from the gross revenue of certain gaming licensees for the purpose of calculating gaming license fees and for certain other purposes; **revising provisions relating to the designation of gaming enterprise districts;** revising requirements relating to the filing of certain information concerning foreign gaming with the Nevada Gaming Control Board; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Nevada Gaming Commission to charge and collect from each licensee a monthly license fee in an amount equal to a certain percentage of the gross revenue of the licensee. (NRS 463.370) Under existing law, the gross revenue on which the monthly license fee is imposed includes entry fees for the right to participate in contests and tournaments, minus certain enumerated deductions. (NRS 463.0161) **Section 1** of this bill excludes from the gross revenue on which the monthly license fee is imposed any portion of entry fees for the right to participate in contests and tournaments conducted on the premises of a licensed gaming establishment with the participants physically present at those premises when participating if the portion of those fees is designated as: (1) employee compensation and used to pay an employee of a licensee additional compensation for being involved in the organization or operation of the contest or tournament; (2) a donation and remitted to certain tax-exempt organizations; (3) an addition to a payoff schedule of the contest or tournament that is paid as a prize to a participant in a present or future contest or tournament; or (4) an addition to an account to pay guaranteed payouts of future contests or tournaments. **Section 1** also clarifies that cash from an entry fee excluded from gross revenue: (1) may not be deducted from gross revenue when paid out or distributed for a purpose other than the purpose for which an exclusion is authorized; and (2) must be included in the calculation of gross revenue for the month in which it is paid out or distributed for a purpose other than the purpose for which an exclusion is authorized.

For the purposes of the regulation of gaming in this State, a nonrestricted licensee is a licensee who is licensed to operate: (1) 16 or more slot machines; (2) any number of slot machines together with any other game, gaming device, race book or sports pool at one establishment; or (3) a slot machine route. (NRS 463.0177) Under existing law, the Commission is: (1) authorized to require nonrestricted licensees with an annual gross revenue of $1,000,000 or more to report and keep records of all transactions involving cash; and (2) required to adopt regulations requiring audits of the financial statements of nonrestricted licensees whose annual gross revenue is $5,000,000 or more, as adjusted annually based on the Consumer Price Index (All Items) for the

preceding year. (NRS 463.125, 463.159) Because **section 1** excludes from gross revenue certain portions of the entry fee for the right to participate in contests or tournaments, that revenue would be excluded for the purposes of these calculations.

Existing law prohibits the Nevada Gaming Commission from approving a nonrestricted license for an establishment in a county whose population is 700,000 or more (currently only Clark County) unless the establishment is located in a gaming enterprise district, which is defined as "an area that has been approved by a county, city or town as suitable for operating an establishment that has been issued a nonrestricted license." (NRS 463.0158, 463.308) If the location of a proposed establishment is within the Las Vegas Boulevard gaming corridor or the rural Clark County gaming zone, but not within an area already designated as a gaming enterprise district, the Commission is prohibited from approving a nonrestricted license for the proposed establishment unless the location of the proposed establishment is first designated a gaming enterprise district pursuant to the criteria set forth in NRS 463.3084. (NRS 463.3082) However, if the location of the proposed establishment is not within the Las Vegas Boulevard gaming corridor or the rural Clark County gaming zone and not within an area already designated as a gaming enterprise district, the Commission is prohibited from approving a nonrestricted license for the proposed establishment unless the location of the proposed establishment is first designated a gaming enterprise district pursuant to the criteria set forth in NRS 463.3086, which contains certain additional requirements that are not contained in NRS 463.3084, such as: (1) the property line of the proposed establishment must be not less than 500 feet from the property line of a developed residential district and not less than 1,500 feet from the property line of a public school, private school or structure used primarily for religious services or worship; and (2) a three-fourths vote of the governing body of the county, city or town is required for designation of the location as a gaming enterprise district. (NRS 463.3086) Section 1.3 of this bill provides that a proposed establishment that meets certain criteria is not subject to certain requirements of existing law related to the designation of the location of the proposed establishment as a gaming enterprise district.

Existing law requires certain persons licensed to operate gaming establishments in this State who also conduct gaming operations outside this State to file certain documents with the Nevada Gaming Control Board as soon as the licensee begins participating in gaming outside this State. Thereafter, the licensee is required to file annual and quarterly reports containing certain information concerning the gaming operations outside this State. (NRS 463.710) **Section 1.5** of this bill revises those filing requirements to: (1) require a notice to be filed when participation in gaming outside this State begins and terminates; (2) eliminate the requirement to file certain annual

reports; and (3) revise the content that is required to be included in the required quarterly reports.

Senate Bill No. 368.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 951.

AN ACT relating to real property; prescribing a procedure for removing certain discriminatory restrictions or prohibitions from a written instrument relating to real property; requiring the Real Estate Division of the Department of Business and Industry to prescribe a restrictive covenant modification form; eliminating certain provisions relating to a declaration of removal of a discriminatory restriction or prohibition; requiring each county recorder in this State to provide certain notice to each owner who recorded a declaration of removal of a discriminatory restriction or prohibition with the office of the county recorder; **making appropriations;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that any restriction or prohibition in a written instrument relating to real property that purports to forbid or restrict the conveyance, encumbrance, leasing or mortgaging of the real property or purports to limit, restrict or prohibit the use or occupation of the real property on the basis of race, color, religion, ancestry, national origin, disability, familial status, sex, sexual orientation or gender identity or expression is void and unenforceable by operation of law. Existing law authorizes an owner of real property that is subject to such a restriction or prohibition to record a declaration of removal of the discriminatory restriction or prohibition by filing a declaration form with the county recorder of the county in which the real

property is located. If an owner files such a form, existing law requires the county recorder to attach the declaration form to the original recorded instrument to indicate that the discriminatory restriction or prohibition is void. (NRS 111.237)

Section 1.3 of this bill eliminates provisions relating to the filing and recordation of a declaration of removal of a discriminatory restriction or prohibition. Instead, **section 1.3** prescribes a procedure for removing a discriminatory restriction or prohibition from a written instrument relating to real property. **Section 1.3** requires an interested person who wishes to remove a discriminatory restriction or prohibition from a written instrument to file a petition in the district court requesting that the court issue an order directing the county recorder to record a restrictive covenant modification document, which redacts from a written instrument any discriminatory restriction or prohibition identified by the court in its order. If, after considering such a petition and any objections, the district court determines that a restriction or prohibition identified in a petition is void and unenforceable by operation of law, **section 1.3** requires the district court to issue an order directing the appropriate county recorder to record a restrictive covenant modification document. If the district court issues such an order, **section 1.3** authorizes an interested person to record a restrictive covenant modification document by filing with the appropriate county recorder: (1) a restrictive covenant modification form; (2) a certified copy of the written instrument; and (3) a certified copy of the court order. Upon receipt of these documents, **section 1.3** requires the county recorder to: (1) redact from the written instrument any language identified in the court order; (2) record and index the restrictive covenant modification document and restrictive covenant modification form; and (3) retain the original written instrument as a public record for historical purposes.

Section 1 of this bill defines certain terms relating to the procedure prescribed by **section 1.3**. **Section 2** of this bill makes a conforming change relating to the recordation of a restrictive covenant modification document or restrictive covenant modification form.

Section 1.5 of this bill requires the Real Estate Division of the Department of Business and Industry to: (1) solicit recommendations concerning the design and contents of a restrictive covenant modification form; and (2) prescribe such a form.

Section 2.5 of this bill makes appropriations to the University of Nevada, Las Vegas, and the University of Nevada, Reno, to pay costs associated with: (1) identifying, locating and mapping certain real property subject to a discriminatory restriction or prohibition; (2) removing discriminatory restrictions or prohibitions from written instruments using the procedure prescribed by section 1.3; (3) documenting certain information; and (4) providing education or outreach concerning the procedure prescribed by section 1.3.

Section 3 of this bill requires each county recorder in this State to provide certain notice to each owner who recorded a declaration of removal of a discriminatory restriction or prohibition with the office of the county recorder.

The following amendment was proposed by Assemblywoman Marzola:

Amendment No. 948.

AN ACT relating to cannabis; revising provisions relating to cannabis establishment agents; requiring the Cannabis Compliance Board to consider certain matters before adopting, amending or repealing any regulation; revising provisions relating to the issuance and renewal of licenses and registration cards by the Board; revising certain restrictions on sales of cannabis; requiring the Board to develop and implement a process by which a person may petition for an exemption from certain provisions related to excluded felony offenses; ~~[increasing]~~ **decreasing** certain fees for the issuance and renewal of an adult-use cannabis establishment license; authorizing cannabis establishments to have more than one entrance; deeming each adult-use cannabis establishment to be a dual licensee; revising the exemption from state prosecution for certain offenses relating to cannabis to increase the amount of cannabis and concentrated cannabis that a person who is 21 years of age or older is authorized to possess, deliver or produce; authorizing certain local governments to use money collected from a licensing tax on cannabis establishments for certain purposes; revising provisions relating to the excise tax on cannabis; revising the definition of the term "marijuana"; requiring the Cannabis Advisory Commission to conduct a study concerning certain matters relating to the scheduling of cannabis; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of persons and establishments involved in the cannabis industry in this State by the Cannabis Compliance Board. (Title 56 of NRS) Existing law sets forth the method by which the Board may adopt, amend or repeal regulations. (NRS 678A.460) **Section 1.5** of this bill requires the Board, before adopting, amending or repealing any regulation, to consider whether the proposed action is likely to have an adverse effect on the environment and, if so, whether there are any methods to reduce or eliminate that adverse effect which would not impose an economic burden on holders of an adult-use cannabis establishment license or medical cannabis establishment license.

Existing law establishes different requirements for the cultivation, production and sale of cannabis and cannabis products depending upon whether the cannabis establishment engaging in such activities is an adult-use cannabis establishment or a medical cannabis establishment. (Chapters 678C

and 678D of NRS) Under existing law, a person who holds both an adult-use cannabis establishment license and a medical cannabis establishment license of the same type is a "dual licensee" and is, in general, authorized to combine the operations of the adult-use cannabis establishment and medical cannabis establishment, subject to various requirements. (NRS 678A.145, 678C.410, 678C.430, 678D.430) **Section 13** of this bill deems each adult-use cannabis establishment to be a dual licensee and authorizes the establishment to engage in activities relating to the medical use of cannabis to the same extent as if the adult-use cannabis establishment held a medical cannabis establishment license of the same type. **Section 15** of this bill exempts from the excise tax imposed on retail sales of cannabis or cannabis products by an adult-use cannabis retail store any sale of cannabis for the medical use of cannabis or a medical cannabis product to the holder of a registry identification card or letter of approval by an adult-use cannabis retail store deemed to be a dual licensee pursuant to **section 13**.

Sections 3, 5 and 6 of this bill prohibit the Board from issuing or renewing a medical cannabis establishment license on or after January 1, 2024, unless the medical cannabis establishment is located in a local governmental jurisdiction that is a "covered jurisdiction," which **section 3** defines to mean a local governmental jurisdiction that has adopted local cannabis control measures which prohibit the operation of adult-use cannabis establishments. **Section 17** of this bill sets forth a process by which a person who holds a medical cannabis establishment license on January 1, 2024, for a medical cannabis establishment that is not located in a covered jurisdiction may apply for and be issued an adult-use cannabis establishment license of the same type. **Section 3** sets forth a similar process to allow a person who holds a medical cannabis establishment license for a medical cannabis establishment that is located in a covered jurisdiction to apply for and be issued an adult-use cannabis establishment license of the same type if the local governmental jurisdiction in which the establishment is located ceases to be a covered jurisdiction.

Existing law imposes limits on the number of: (1) medical cannabis establishment licenses for medical cannabis dispensaries and adult-use cannabis establishment licenses for adult-use cannabis retail stores that the Board is authorized to issue within a county; and (2) medical cannabis establishment licenses and adult-use cannabis establishment licenses that a single person, group of persons or entity is authorized to hold in a county whose population is 100,000 or more (currently Clark and Washoe Counties). (NRS 678B.220, 678B.230, 678B.260, 678B.270) **Sections 3 and 17** deem an adult-use cannabis establishment license issued pursuant to those sections to be a medical cannabis establishment license for the purpose of those limitations, thereby exempting such a license from the limitations applicable to adult-use cannabis establishment licenses while continuing to subject such licenses to the limitations applicable to medical cannabis establishment licenses.

Section 10 of this bill ~~[increases]~~ **decreases** the maximum amount of the fees that the Board is authorized to charge for the issuance or renewal of an adult-use cannabis establishment license ~~[.]~~ **, other than the fee for the initial issuance of an adult-use cannabis establishment license for an adult-use cannabis retail store, to an amount that is equal to the amount set forth under existing law for the issuance or renewal, as applicable, of a medical cannabis establishment license of the same type.**

Existing law requires a cannabis establishment that is: (1) a cannabis sales facility to have a single secure entrance for patrons; and (2) not a cannabis sales facility to have a single secure entrance. (NRS 678B.510) **Section 11** of this bill authorizes any cannabis establishment to have more than one entrance so long as each entrance is secure.

Existing law provides an exemption from state prosecution for the possession, delivery and production of cannabis for: (1) a person who holds a valid registry identification card or letter of approval; and (2) a person who is 21 years of age or older. (NRS 678C.200, 678D.200) However, under existing law, that exemption is subject to certain limitations. For a person who is 21 years of age or older, that exemption applies only to the extent that the person does not, at any one time, possess, deliver or produce more than: (1) one ounce of usable cannabis; (2) one-eighth of an ounce of concentrated cannabis; (3) six cannabis plants; and (4) a maximum allowable quantity of adult-use cannabis products established by regulation of the Board. (NRS 678D.200) **Section 14** of this bill increases the amount of usable cannabis, from 1 ounce to 2.5 ounces, and the amount of concentrated cannabis, from one-eighth of an ounce to one-fourth of an ounce, that a person who is 21 years of age or older is authorized to possess, deliver or produce at any one time and remain subject to the exemption from state prosecution for the possession, delivery and production of cannabis.

Existing law prohibits a medical cannabis dispensary from selling to a person more than 1 ounce of cannabis in any one transaction. (NRS 678C.440) Existing regulations of the Board prohibit any cannabis sales facility from selling to any consumer an amount of cannabis or cannabis products which exceeds: (1) one ounce of usable cannabis; (2) one-eighth of an ounce of concentrated cannabis or cannabis products containing not more than 3,543 milligrams of THC; or (3) a combination of usable and concentrated cannabis not to exceed the legal limit. (Nev. Cannabis Compliance Bd. Regs. § 7.025) **Section 12** of this bill eliminates provisions prohibiting a medical cannabis dispensary from selling to a person more than 1 ounce of cannabis in any one transaction. **Section 4** of this bill instead prohibits any cannabis sales facility from selling to a person in any one transaction more than 2.5 ounces of usable cannabis or one-fourth of an ounce of concentrated cannabis.

Existing law prohibits the Board from issuing a: (1) medical cannabis establishment license or adult-use cannabis establishment license if any of the persons proposed to be owners, officers or board members of the proposed medical or adult-use cannabis establishment have been convicted of an

excluded felony offense; and (2) cannabis establishment agent registration card if the applicant for the registration card has been convicted of an excluded felony offense. (NRS 678B.210, 678B.250, 678B.340) **Section 4.5** of this bill requires the Board to develop and implement a process by which a person who has been convicted of an excluded felony offense may submit to the Board a petition for an exemption from those prohibitions. **Section 4.5** authorizes the Board to: (1) grant the exemption only if the Board determines that doing so would not pose a threat to the public health or safety or negatively impact the cannabis industry in this State; and (2) impose any conditions and limitations on the granting of an exemption that the Board determines necessary to preserve the public health and safety or mitigate the impact of granting the exemption on the cannabis industry in this State. **Section 4.5** requires the Board to adopt regulations to carry out the provisions of **section 4.5**. **Sections 5, 7 and 8** of this bill revise provisions setting forth the prohibitions concerning excluded felony offenses to reflect the authorization provided in **section 4.5** for the Board to grant an exemption from those prohibitions.

Existing law requires a person who holds an ownership interest of less than 5 percent in a cannabis establishment to register with the Board as a cannabis establishment agent and obtain a cannabis establishment agent registration card. (NRS 678B.340) **Section 8** of this bill eliminates that requirement. **Section 1** of this bill eliminates provisions authorizing the Board to adopt regulations establishing policies and procedures pursuant to which the Board may waive the requirement for a person who holds an ownership interest in a cannabis establishment of less than 5 percent to reflect the elimination of that requirement in **section 8**.

Existing law authorizes the board of county commissioners of a county and the governing body of an incorporated city to fix, impose and collect a license tax on cannabis establishments. (NRS 244.35253, 268.0977) **Sections 14.3 and 14.6** of this bill authorize the board of county commissioners of a county and the governing body of an incorporated city to use any portion of any money collected from that license tax to educate the public on safely purchasing cannabis and cannabis products from licensed cannabis establishments and the safe consumption of cannabis products.

Existing law defines "marijuana" for the purposes of the regulation of controlled substances. (NRS 453.096) **Section 15.5** of this bill excludes from the definition of "marijuana": (1) root balls which have been fully separated from the stalks of the plant of the genus *Cannabis* after harvest; and (2) the seeds of that plant.

Under the federal Controlled Substances Act, cannabis, referred to as "marihuana," is included in the list of controlled substances in schedule I. (21 U.S.C. § 812) Similarly, existing regulations adopted by the State Board of Pharmacy pursuant to the provisions of the state Uniform Controlled Substances Act include cannabis, referred to as "marijuana," in the list of controlled substances in schedule I. (NRS 453.011-453.348; NAC 453.510) **Section 16** of this bill requires the Cannabis Advisory Commission to conduct

a study concerning the potential effects of the removal of cannabis from the list of controlled substances included in schedule I pursuant to the federal Controlled Substances Act or the state Uniform Controlled Substances Act on the cannabis industry in this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

678A.450 1. The Board may adopt regulations necessary or convenient to carry out the provisions of this title. Such regulations may include, without limitation:

(a) Financial requirements for licensees.

(b) Establishing such investigative and enforcement mechanisms as the Board deems necessary to ensure the compliance of a licensee or registrant with the provisions of this title.

(c) Requirements for licensees or registrants relating to the cultivation, processing, manufacture, transport, distribution, testing, study, advertising and sale of cannabis and cannabis products.

The following amendment was proposed by Assemblyman Yeager:
Amendment No. 970.
AN ACT making an appropriation to the Interim Finance Committee for allocation to school districts that budget salary increases for certain employees; making an appropriation to the Department of Education for certain personnel costs; and providing other matters properly relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. 1. There is hereby appropriated from the State General Fund to the Interim Finance Committee the sum of $250,000,000 for allocation to school districts for the support of public schools.

2. Money appropriated by subsection 1 may only be allocated to a school district upon the determination of the Interim Finance Committee that:

(a) Sufficient documentation has been submitted to demonstrate that:

(1) The school district has budgeted for Fiscal Years 2023-2024 and 2024-2025 an increase to the salary of teachers and education support professionals employed by the school district from sources other than the appropriation made by subsection 1, which is in addition to any increase in salary for teachers or education support professionals which was planned or bargained for before the effective date of this act; and

(2) The increase in salary budgeted pursuant to subparagraph (1) does not replace or supplant any other form of compensation which was provided to teachers or education support professionals of the school district before Fiscal Year 2023-2024 or which was bargained for or planned for Fiscal Year 2023-2024 or any succeeding fiscal year before the effective date of this act.

(b) The school district has submitted to the Committee a statement of the amount and percentage of the budgeted increase in salary for teachers and

education support professionals described in subparagraph (1) of paragraph (a) and the total cost to the school district to provide the budgeted increase in salary.

(c) The superintendent of the school district has submitted to the Committee a signed statement certifying that, to the best of his or her knowledge or belief, the information submitted pursuant to paragraph (b) is accurate and that the school district will provide the budgeted salary increases set forth therein.

3. The money allocated to a school district pursuant to subsection 2 must not exceed the lesser of:

(a) The total amount of the budgeted increase to salaries for teachers and education support professionals of the school district for Fiscal Years 2023-2024 and 2024-2025 from sources other than the appropriation made by subsection 1, not including any increase in salary which was planned or bargained for before the effective date of this act; or

(b) An amount which is equal to $250,000,000 multiplied by a percentage which is the number of teachers and education support professionals employed by the school district on July 1, 2023, expressed as a percentage of the total number of teachers and education support professionals employed in all of the school districts in this State on July 1, 2023.

4. On or before August 1, 2023, each school district in this State shall report to the Department of Education the number of teachers and education support professionals employed by the school district on July 1, 2023. The Department of Education shall compile this information and submit it to the Interim Finance Committee not later than August 15, 2023.

5. The money appropriated by subsection 1 must be used to supplement and not supplant or cause to be reduced any other source of funding for the support of public schools or for the salary and compensation of teachers or education support professionals employed by any public school.

6. **On or before August 1, 2024, and August 1, 2025, each school district in this State that is allocated money pursuant to subsection 2 during Fiscal Year 2023-2024 and Fiscal Year 2024-2025, respectively, shall submit a report to the Interim Finance Committee which includes, without limitation:**

(a) Detailed information on how all money allocated pursuant to subsection 2 was spent by the school district;

(b) The actual increase to the salary of teachers and education support professionals employed by the school district during the immediately preceding fiscal year and the amount of such an increase for which money allocated pursuant to subsection 2 was spent; and

(c) Any other information relating to the use by the school district of the money allocated pursuant to subsection 2, or the operations of the school district to provide appropriate context for such use, which is requested by the Interim Finance Committee.

7. Any remaining balance of the appropriation made by subsection 1 must not be committed for expenditure after June 30, 2025, by the entity to which

the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining must not be spent for any purpose after September 19, 2025, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred, and must be reverted to the State General Fund on or before September 19, 2025.

Remarks by Assemblywoman Hansen.

ASSEMBLYWOMAN HANSEN:

I rise with support and hesitation. I want to get on the record that I was really hoping we could find a way to fund all teachers and not make that distinction. I am disappointed we do not cover our charter school teachers with this. I appreciate other parts of the bill. While I am glad we are getting here, I wish it could have been a little bit more.

The following Senate amendment was read:

Amendment No. 713.

AN ACT relating to public safety; revising the period for the mandatory arrest of a person suspected of committing certain crimes against certain persons; **revising provisions relating to the privilege for communication between a victim of certain crimes and a victim's advocate;** revising the penalties for the commission of certain crimes in violation of certain orders for protection; prohibiting a court from granting probation to or suspending the sentence of a person ~~[charged with committing]~~ **convicted of** a battery which constitutes domestic violence under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

With certain exceptions, existing law requires a peace officer to arrest a person when the peace officer has probable cause to believe that the person to be arrested has, within the preceding 24 hours, committed a battery which constitutes domestic violence. (NRS 171.137) Existing law also requires a peace officer investigating an act of domestic violence to provide a person suspected of being the victim of an act of domestic violence with a written statement setting forth the circumstances under which the peace officer is required to arrest the person suspected of committing the act of domestic violence. (NRS 171.1225) **Section 2** of this bill requires a peace officer to arrest a person suspected of committing a battery which constitutes domestic violence: (1) if the peace officer ~~[encountered]~~ **had a face-to-face encounter with** the person **that was of sufficient duration to determine whether probable cause existed** while responding to the initial ~~[request]~~ **incident or call** for ~~[assistance relating to the battery,]~~ **service,** within 24 hours after the alleged battery; or (2) if the peace officer did not ~~[not]~~ **have a face-to-face** encounter **with** the person **that was of sufficient duration to determine whether probable cause existed** while responding to the initial ~~[request]~~ **incident or call** for ~~[assistance relating to the battery,]~~ **service,** within 7 days after the alleged battery. **Section 1** of this bill makes a conforming change to

the written statement a peace officer must provide to a suspected victim of domestic violence.

Existing law authorizes a peace officer, whether or not a warrant has been issued, to arrest a person when the peace officer has probable cause to believe that the person to be arrested has, within the preceding 24 hours, committed a battery upon a person with whom he or she is actually residing or upon a sibling or cousin, if the person is not the custodian or guardian of the sibling or cousin. (NRS 171.1375) **Section 3** of this bill revises the period for such a discretionary arrest to be: (1) if the peace officer ~~[encountered]~~ **had a face-to-face encounter with** the person **that was of sufficient duration to determine whether probable cause existed** while responding to the initial ~~[request]~~ **incident or call** for ~~[assistance relating to the battery,]~~ **service,** within 24 hours after the alleged battery; or (2) if the peace officer did not **have a face-to-face** encounter **with** the person to be arrested **that was of sufficient duration to determine whether probable cause existed** while responding to the initial ~~[request]~~ **incident or call** for ~~[assistance relating to the battery,]~~ **service,** within 7 days after the alleged battery.

Existing law establishes a privilege for confidential communication between a victim of certain crimes and a victim's advocate. (NRS 49.2541-49.2549) To be a "victim's advocate," as defined in existing law, a person must have certain work experience and have received at least 20 hours of relevant training. (NRS 49.2545) Section 13.3 of this bill requires that such training must include instruction in certain topics. Section 13.7 of this bill also provides that a person who works for a domestic violence, sexual assault or human trafficking services organization or a nonprofit organization which provides assistance to victims may be a victim's advocate for purposes of the privilege. Section 13.9 of this bill makes a conforming change that is necessary as a result of the change relating to the changes made in section 13.7. Section 13.5 of this bill makes a conforming change to indicate the proper placement of section 13.3 in the Nevada Revised Statutes.

Section 21 of this bill provides that, notwithstanding the amendatory provisions of sections 13.3-13.9 until January 1, 2024, the privilege established for confidential communication between a victim and a victim's advocate shall be deemed to apply to a communication between a victim and a victim's advocate, regardless of whether the victim's advocate has completed the required relevant training, as defined in section 13.3, before October 1, 2023, if the victim's advocate was serving as a victim's advocate before October 1, 2023.

Existing law provides that a person who commits a crime that is punishable as a felony in violation of certain orders for protection must, in addition to the term of imprisonment for the underlying crime, be punished by imprisonment for a minimum term of not less than 1 year and a maximum term of not more than 20 years. However, if the underlying crime is punishable as a category A or B felony, the person must be additionally punished by imprisonment for a

minimum term of not less than 1 year and a maximum term of not more than 5 years. (NRS 193.166) **Section 14** of this bill provides instead that if the underlying crime is punishable as a category A or B felony, the additional period of imprisonment must be for a maximum term of not more than 20 years, but if the underlying crime is not punishable as a category A or B felony, the additional period of imprisonment must be for a maximum term of not more than 5 years.

Existing law provides that a court may not grant probation to or suspend the sentence of a person who is charged with committing a battery which constitutes domestic violence that is punishable as a misdemeanor, except that: (1) a justice court or municipal court may suspend the sentence of such a person under certain circumstances; and (2) a court may suspend the sentence of such a person to assign the person to a program for the treatment of veterans and members of the military. Existing law does not expressly prohibit a court from granting probation to or suspending the sentence of a person who is charged with committing a battery which constitutes domestic violence that is punishable as a gross misdemeanor or felony. (NRS 200.485) **Section 16** of this bill prohibits a court from granting probation to or suspending the sentence of a person ~~[who is charged with committing]~~ **convicted of** a battery which constitutes domestic violence that is punishable as a felony.

(state toll-free telephone number of Statewide Program).

2. The failure of a peace officer to carry out the requirements set forth in subsection 1 is not a defense in a criminal prosecution for the commission of an act of domestic violence, nor may such an omission be considered as negligence or as causation in any civil action against the peace officer or the officer's employer.

3. As used in this section:

(a) "Act of domestic violence" means any of the following acts committed by a person against his or her spouse, former spouse, any other person to whom he or she is related by blood or marriage, a person with whom he or she has had or is having a dating relationship, a person with whom he or she has a child in common, the minor child of any of those persons or his or her minor child:

4. Nothing in this section shall be construed to impose liability upon a peace officer or his or her employer for a determination made in good faith by the peace officer not to arrest a person pursuant to this section.

MOTIONS, RESOLUTIONS AND NOTICES

By Assemblymen Yeager, Jauregui and O'Neill:

Assembly Resolution No. 11—Expressing appreciation to Lucinda "Cindy" Benjamin for her many years of service to the Nevada Assembly.

WHEREAS, The demands placed on legislative staff as they support lawmakers during Nevada's biennial legislative sessions are rigorous and oftentimes extraordinary; and

WHEREAS, Lucinda "Cindy" Benjamin rose to face this challenge for a total of 16 regular sessions and countless special sessions, demonstrating her dedication by making the long commute from her home in Schurz, Nevada, for many years; and

WHEREAS, Cindy Benjamin began her legislative career in 1973 as a committee secretary for the Assembly Committee on Taxation, never dreaming that life would lead her back to the Assembly some years later; and

WHEREAS, Cindy and her family later moved to southern California, where Cindy earned a Bachelor of Science degree in Business Administration from La Verne University before returning to Nevada; and

WHEREAS, Cindy has witnessed tremendous growth and change in the Legislative Branch over the course of her career, from a time when the bill histories so essential to following the legislative process were compiled on small strips of paper, taped together at the end of the day and delivered to the State Printer, to the sophisticated technology we enjoy today; and

WHEREAS, Applying her unceasingly patient attention to detail, Cindy has served as the Assembly History Clerk for a total of 14 regular sessions, recording many thousands of accurate history actions during that time and creating an exceptional record of legislative proceedings that will be looked to for untold years to come; and

WHEREAS, Owing to her intelligent way of spotting critical inaccuracies in the legislative work at hand, Cindy is regarded for her meticulousness and has rightfully earned the nickname "Eagle-eye Benjamin"; and

WHEREAS, Cindy's wealth of experience and generosity in sharing her knowledge has made her an invaluable support to her colleagues, and her far-reaching knowledge of Assembly history and processes has fortified the collective knowledge of the Front Desk staff; and

WHEREAS, With a calm and gentle nature, Cindy has been a constant comfort to those around her, especially during the most frantic moments of session, and she has been a delight to work with for these many years; and

WHEREAS, Upon closing out her career with the Assembly, Cindy will return to her life as a talented artist, weaving exquisite baskets from willow, pine needles and horsehair; beading colorful jewelry of fine detail; sewing and beading garments from deer hide she tanned herself; and painting pictures that take your breath away; and

WHEREAS, As a proud member of the Walker River Paiute Tribe, Cindy intends to continue investing her free time cultivating the deep love she carries for her heritage by learning the language of her ancestors; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, That the members of the Assembly and her fellow colleagues on the Front Desk do hereby express their deepest appreciation to Cindy Benjamin upon her retirement and bid her their warmest farewell in the language of her heritage: *Boone dwa*—see you next time; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Lucinda Benjamin; and be it further

RESOLVED, That this resolution becomes effective upon adoption.

Assemblywoman Peters moved the adoption of the resolution.

Remarks by Assemblywoman Peters.

ASSEMBLYWOMAN PETERS:

Assembly Resolution 11 expresses appreciation to Lucinda "Cindy" Benjamin for her many years of service to the Nevada Assembly.

This is an emotional time for me. Before I became a member of this body, I met Cindy's daughter. Cindy's daughter was an inspiration for me being here. I did not know that until I came into this building and introduced myself to Cindy and understood that there is a circle to this state that brings us all together. Cindy has been a steadfast force in the time that I have been in this body. She is also the mother of one of the most inspiring women I know.

Cindy's career has always been in private and public service to this state, starting in this body and extending to her community, the Walker River Paiute Tribe, working in health and human services to ensure her community was taken care of. She was also the first in her family to graduate from high school here in Carson City and then from college at La Verne University in California.

Her family says she is an inspiration for them to pursue higher education and to serve their community, which they have done.

Cindy has been a staple in this body for having served Indian tacos over the last 20 years after former Speaker John Oceguera talked her into it. Cindy is an amazing role model to her family, her community, and all those who are blessed to know her. I am grateful for her service. I know we all are in this body.

Thank you, Cindy. I know we had an applause earlier, but I would love if we could take an opportunity to send our blessings and love to Ms. Cindy Benjamin.

I would like to also introduce the family members in this body who are here to celebrate Cindy. We have Laverne Hicks, Elaine Montoya, Trinity Thom, Laurie Thom, Dorsey Thom, Victor Williams, and Marie Williams. These are part of Cindy's family. We are so grateful you are here to join us today in appreciation and congratulations for a much-deserved retirement.

Resolution adopted.

(Not Requested by Affected Local Government)

AN ACT relating to ~~[public works;]~~ **governmental financial administration;** providing a declaration of legislative intent regarding the payment of prevailing wages on public works projects; ~~[providing that certain projects require the payment of prevailing wages; revising the definition of "public work";]~~ **establishing certain requirements relating to certain organizations that partner with certain public bodies for the construction of hospitals, medical education buildings or medical research buildings; requiring the payment of prevailing wages on certain leases and lease-purchase and installment-purchase agreements entered into by local governments;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that every contract to which a public body of this State is a party, requiring the employment of skilled mechanics, skilled workers, semiskilled mechanics, semiskilled workers or unskilled labor in the performance of a public work, must contain in express terms the hourly and daily rate of wages to be paid to each of the classes of mechanics and workers. The hourly and daily rate of wages must not be less than the prevailing wage in the region in which the public work is located, as determined by the Labor Commissioner. (NRS 338.020)

Section 2 of this bill makes a declaration of legislative intent finding that: (1) the payment of prevailing wages to workers on public works projects that are funded in whole or in part by public money is essential to the economic well-being of this State, increasing the number of skilled construction workers in this State, enhancing the workforce of the State and increasing redevelopment opportunities in the State; and (2) careful scrutiny of novel leasing and financial arrangements entered into and incentives offered by a public body is necessary to ensure workers are paid the prevailing wage. **Section 8** of this bill provides that any regulation adopted by the Labor

Commissioner relating to public works must be consistent with the declaration of legislative intent set forth in **section 2**.

Existing law sets forth certain requirements relating to state financial administration and local financial administration. (Chapters 353 and 354 of NRS) Sections 10.5 and 12.3 of this bill authorize an organization to partner with a state agency or local government and provide private financing only for the construction of a hospital, medical education building or medical research building in this State if the organization: (1) qualifies as a tax-exempt organization and a supporting organization under certain provisions of the Internal Revenue Code; and (2) is organized and operated to support a state agency or local government in the construction of hospitals or such medical buildings.

Existing law makes the prevailing wage requirements applicable to certain, specific construction projects. (NRS 244.286, 244A.058, 244A.763, 268.568, 271.710, 271.800, 278C.240, 279.500, 318.140, 318.144, 321.416, 332.390, 333A.120, 349.670, 349.956, 349.981, 388A.635, 408.3886, 543.545, 701B.265, 701B.625) ~~[Section 3 of this bill requires, with certain exceptions,]~~ **Sections 10.5 and 12.3 require** the payment of prevailing wages on ~~[any project if, pursuant to certain agreements or partnerships between a developer and a public body: (1) the property or premises on which the project will be constructed or developed is owned by a public body; (2) the property or premises on which a project will be constructed or developed is, in whole or in part, subject to a lease or lease-purchase agreement by a public body; (3) a public body pays money or other compensation directly to or on behalf of the developer or contractor of the project or any subcontractor who performs any work on the project; (4) a public body pays, credits, reduces, forgives or waives any fee, cost, rent, insurance premium, bond premium, obligation or expense, including, without limitation, an incidental expense, in relation to the project that is normally required in the execution of a contract for a public work on which the estimated cost exceeds $100,000; (5) a public body loans money in relation to the project that is required to be repaid to the public body; (6) a public body retains any right to ownership of the property or premises after construction work begins on the project; (7) in relation to the project, a public body sells, leases or otherwise transfers for less than fair market value any developed or undeveloped real property or any other property or asset; or (8) in relation to the project, a public body transfers property of the State or political subdivision for less than fair market value. Section 3 exempts from these provisions airport authorities, single-family residential housing and certain projects relating to affordable housing.~~

~~Existing law defines the term "public work" to mean any project for the new construction, repair or reconstruction of a project financed in whole or in part from public money for certain publicly owned works and property. (NRS 338.010) Section 5 of this bill amends the definition of "public work" to include a project financed in whole or in part from public money.]~~ **projects developed by such organizations. Sections 10.5 and 12.3 also provide that**

projects developed by such organizations are exempt from certain provisions of existing law governing the award of contracts and the oversight and involvement of the State Public Works Division of the Department of Administration. Sections 10.5 and 12.3 require subcontracts for such projects to be competitively bid and authorize an eligible subcontractor who bids on such a project to receive certain bidding preferences. Lastly, sections 10.5 and 12.3 require a contract or agreement entered into with a prime contractor for such a project to include provisions requiring: (1) at least 15 percent of the subcontracts for the project to be awarded to local small businesses; and (2) the use of apprentices in accordance with certain provisions of existing law.

Existing law sets forth a legislative declaration regarding the importance of the use of lease-purchase agreements and installment-purchase agreements by local governments, including the use of such agreements for the construction, alteration, repair or remodeling of an improvement. (NRS 354.740) Sections 12.7 and 12.9 of this bill move this language regarding the use of such agreements for the construction, alteration, repair or remodeling of an improvement from the legislative declaration. Section 12.7 provides that if a local government uses such agreements or leases for the construction, alteration, repair or remodeling of an improvement: (1) the person or entity that executes one or more contracts or agreements for the work must include provisions in the contract or agreement requiring the payment of prevailing wages; and (2) the local government, the contractor and any subcontractor must pay prevailing wages. Section 12.5 of this bill defines "agreement" for the purposes of these provisions.

Existing law creates the crime of organized retail theft, which is defined as committing, either alone or with any other person or persons, a series of thefts of retail merchandise against one or more merchants, either on the premises of a merchant or through the use of an Internet or network site, with the intent to: (1) return the merchandise to the merchant for value; or (2) resell, trade or barter the merchandise for value in any manner. Amendment No. 921.

SUMMARY—Revises provisions relating to child welfare. (BDR ~~[11-671)]~~ **4-671)**

CONTAINS UNFUNDED MANDATE (§§ 32, 33)

(Not Requested by Affected Local Government)

AN ACT relating to child welfare; ~~[prescribing qualifications for magistrates who make certain determinations concerning child custody;]~~ providing for the appointment of a guardian ad litem for an incapacitated parent or other person responsible for the welfare of a child in certain child welfare proceedings; ~~[revising the titles of certain officials appointed to~~

~~oversee proceedings concerning juveniles and child support;~~ prescribing the procedure for the judicial review of the placement of a child who is in the custody of an agency which provides child welfare services in a qualified residential treatment program; revising the procedures governing the court-ordered admission of such a child who has an emotional disturbance to certain psychiatric facilities and the release of such a child from such a facility; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law requires a court to follow certain procedures concerning how to determine custody when a magistrate determines probable cause exists that a party to the custody proceeding has committed an act of abduction against a child. (NRS 125C.0035, 125C.240, 432B.159) Sections 2, 3 and 44 of this bill require the magistrate who makes such a determination to be a magistrate who has the power to issue a criminal arrest warrant.]~~

Upon the filing of a petition that a child is in need of protection, existing law requires the appointment of a guardian ad litem to represent and protect the best interests of the child during the child welfare proceedings. (NRS 432B.500) **Sections 32 and 33** of this bill prescribe a procedure for the appointment of a guardian ad litem to represent the best interests of a parent or other person responsible for the welfare of a child who is incapacitated during a child welfare proceeding. **Section 34** of this bill requires a guardian ad litem appointed for a parent or other person responsible for the welfare of a child to act in the best interests of the parent or other person after considering the wishes of the parent or other person. **Section 34** additionally: (1) provides that communications between a parent or other person responsible for the welfare of a child and his or her guardian ad litem are privileged; and (2) prohibits a guardian ad litem from taking any action to relinquish parental rights, effectuate a termination of parental rights or consent to a specific adoption on behalf of the person for whom the guardian ad litem is appointed.

In general, existing law provides that information maintained by an agency which provides child welfare services is confidential and may only be disclosed under certain circumstances. (NRS 432B.290) **Section 46** of this bill authorizes the disclosure of information maintained by an agency which provides child welfare services to the legal guardian of a child appointed pursuant to **section 32** under certain circumstances.

~~[Existing law authorizes, and in certain circumstances, requires a court to appoint a master to preside over child support proceedings. (NRS 3.405, 425.381) Existing law also authorizes a court to appoint a master to preside over certain proceedings concerning juveniles. (NRS 62B.020) Sections 17, 21, 22, 29 and 74 of this bill revise the title of those appointed officials to "child support magistrate" and "juvenile magistrate," respectively, without changing the duties of those positions. Sections 1, 4-7, 12-16, 18, 19, 23-26, 48, 68 and 69 make various changes to conform to the terminology revised by sections 17, 21, 22, 29 and 74. Section 71.5 of this bill provides that the change in the name of an appointed official from "master" to "child support~~

~~magistrate" must not be construed to require the Division of Welfare and Supportive Services of the Department of Health and Human Services to modify any of the forms generated by the computer systems of the Division for the purpose of changing the term "master" to the term "magistrate."]~~

Existing law authorizes the placement of a child who is in need of protection in the protective custody of an agency which provides child welfare services under certain circumstances. (NRS 432B.390) If a court finds that such a child is in need of protection, existing law authorizes the court to place the child with certain entities, including a public agency or institution authorized to care for children. (NRS 432B.550) Existing law prescribes procedures governing the placement of a child who is in need of protection and requires such placement to be reviewed semiannually. (NRS 432B.450, 432B.580) Existing law also requires a court overseeing proceedings concerning such a child to hold an annual hearing concerning the permanent placement of the child. (NRS 432B.590) Existing federal law defines "qualified residential treatment program" to mean a program that: (1) provides trauma-informed treatment of children with serious emotional or behavioral disorders or disturbances; (2) has clinical staff available 24 hours a day and 7 days a week; and (3) meets certain other requirements. (42 U.S.C. § 672(k)(4)) **Section 31** of this bill adopts that federal definition, and **section 43** of this bill makes a conforming change to indicate the proper placement of **section 31** in the Nevada Revised Statutes. **Section 52** of this bill makes a conforming change to remove a definition of the term "qualified residential treatment program" that duplicates the definition prescribed in **section 31**. **Sections 35, 50 and 51** of this bill require a court to review the appropriateness of the placement of a child who is in the custody of an agency which provides child welfare services in a qualified residential treatment program: (1) not later than 60 days after the beginning of the placement; (2) as part of each semiannual review concerning the temporary placement of the child; and (3) at each annual hearing concerning the permanent placement of the child. **Sections 20, 45 , 47 and ~~[47-49]~~ 49** of this bill make conforming changes to indicate the proper placement of **sections 32-35** in the Nevada Revised Statutes.

Existing law prescribes the procedure for: (1) placing a person who is in a mental health crisis on a mental health crisis hold for assessment, evaluation, intervention and treatment at a hospital or mental health facility; (2) the emergency admission of such a person to a mental health facility; and (3) the involuntary court-ordered admission of such a person to a mental health facility or assisted outpatient treatment. (NRS 433A.145-433A.345) Existing law prescribes a separate procedure for the involuntary court-ordered admission of a child with an emotional disturbance who is in the custody of an agency which provides child welfare services to certain psychiatric facilities. (NRS 432B.607-432B.6085) **Sections 37-40 and 54-57** of this bill revise the latter procedure to provide separate procedures for: (1) the involuntary court-ordered admission of such a child for nonemergency mental health treatment; and (2) the continuation of the emergency admission of such a child for longer

than 5 days. **Sections 37, 39, 54 and 56** of this bill authorize a physician, a psychiatrist, a psychologist or an advanced practice registered nurse who possesses certain training to conduct certain examinations in the course of those procedures. **Section 70** of this bill makes conforming changes to indicate the applicability of the training requirements for an advanced practice registered nurse.

Sections 38 and 55 of this bill authorize the court to order the nonemergency admission or continued emergency admission, respectively, of a child with an emotional disturbance who is in the custody of an agency which provides child welfare services if the court finds by clear and convincing evidence that the child presents a substantial likelihood of serious harm to himself or herself or others and certain other requirements are met. **Section 36** of this bill prescribes the manner in which to determine whether a child presents a substantial likelihood of serious harm to himself or herself or others for those purposes. **Sections 41 and 58** of this bill provide for the expiration and renewal of an order for nonemergency mental health treatment or to continue an emergency admission, as applicable. **Sections 41 and 58** also authorize the release of a child who has been admitted to a facility under such an order under certain circumstances, and **section 75** of this bill repeals: (1) existing provisions governing the release of a child with an emotional disturbance who is in the custody of an agency which provides child welfare services from a facility; and (2) additional provisions of existing law which are duplicative of the provisions of **sections 37-40 and 54-57**.

Sections 42 and 59 of this bill require a facility to which a child who is in the custody of an agency which provides child welfare services is admitted under an involuntary court-ordered admission or a continued emergency admission to develop a written plan for the continued care or treatment of the child upon discharge from the facility. **Sections 53 and 62** of this bill make conforming changes to indicate the proper placement of **sections 35.3-42** in the Nevada Revised Statutes. **Sections 27, 28, 60, 61 and 63-67** of this bill make other conforming changes to indicate the continued applicability of certain provisions of existing law to the procedures created by **sections 37-40 and 54-57**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~**[**NRS 125B.200 is hereby amended to read as follows:~~

~~125B.200 As used in NRS 125B.200 to 125B.300, inclusive, unless the context otherwise requires:~~

~~1. "Court" includes a referee or **[**master**]** ***magistrate*** appointed by the court.~~

~~2. "Minor child" means a person who is:~~

~~(a) Under the age of 18 years;~~

~~(b) Under the age of 19 years, if the person is enrolled in high school;~~

~~(c) Under a legal disability; or~~

~~(d) Not declared emancipated pursuant to NRS 129.080 to 129.140, inclusive.~~

~~3. "Obligor parent" means a parent who has been ordered by a court to pay for the support of a minor child.~~**] (Deleted by amendment.)**

Sec. 2. ~~[NRS 125C.0035 is hereby amended to read as follows:~~

~~125C.0035 1. In any action for determining physical custody of a minor child, the sole consideration of the court is the best interest of the child. If it appears to the court that joint physical custody would be in the best interest of the child, the court may grant physical custody to the parties jointly.~~

~~2. Preference must not be given to either parent for the sole reason that the parent is the mother or the father of the child.~~

~~3. The court shall award physical custody in the following order of preference unless in a particular case the best interest of the child requires otherwise:~~

~~(a) To both parents jointly pursuant to NRS 125C.0025 or to either parent pursuant to NRS 125C.003. If the court does not enter an order awarding joint physical custody of a child after either parent has applied for joint physical custody, the court shall state in its decision the reason for its denial of the parent's application.~~

~~(b) To a person or persons in whose home the child has been living and where the child has had a wholesome and stable environment.~~

~~(c) To any person related within the fifth degree of consanguinity to the child whom the court finds suitable and able to provide proper care and guidance for the child, regardless of whether the relative resides within this State.~~

~~(d) To any other person or persons whom the court finds suitable and able to provide proper care and guidance for the child.~~

~~4. In determining the best interest of the child, the court shall consider and set forth its specific findings concerning, among other things:~~

~~(a) The wishes of the child if the child is of sufficient age and capacity to form an intelligent preference as to his or her physical custody.~~

~~(b) Any nomination of a guardian for the child by a parent.~~

~~(c) Which parent is more likely to allow the child to have frequent associations and a continuing relationship with the noncustodial parent.~~

~~(d) The level of conflict between the parents.~~

~~(e) The ability of the parents to cooperate to meet the needs of the child.~~

~~(f) The mental and physical health of the parents.~~

~~(g) The physical, developmental and emotional needs of the child.~~

~~(h) The nature of the relationship of the child with each parent.~~

~~(i) The ability of the child to maintain a relationship with any sibling.~~

~~(j) Any history of parental abuse or neglect of the child or a sibling of the child.~~

~~(k) Whether either parent or any other person seeking physical custody has engaged in an act of domestic violence against the child, a parent of the child or any other person residing with the child.~~

~~(l) Whether either parent or any other person seeking physical custody has committed any act of abduction against the child or any other child.~~

~~5. Except as otherwise provided in subsection 6 or NRS 125C.210, a determination by the court after an evidentiary hearing and finding by clear and convincing evidence that either parent or any other person seeking physical custody has engaged in one or more acts of domestic violence against the child, a parent of the child or any other person residing with the child creates a rebuttable presumption that sole or joint physical custody of the child by the perpetrator of the domestic violence is not in the best interest of the child. Upon making such a determination, the court shall set forth:~~

~~(a) Findings of fact that support the determination that one or more acts of domestic violence occurred; and~~

~~(b) Findings that the custody or visitation arrangement ordered by the court adequately protects the child and the parent or other victim of domestic violence who resided with the child.~~

~~6. If after an evidentiary hearing held pursuant to subsection 5 the court determines that each party has engaged in acts of domestic violence, it shall, if possible, then determine which person was the primary physical aggressor. In determining which party was the primary physical aggressor for the purposes of this section, the court shall consider:~~

~~(a) All prior acts of domestic violence involving either party;~~

~~(b) The relative severity of the injuries, if any, inflicted upon the persons involved in those prior acts of domestic violence;~~

~~(c) The likelihood of future injury;~~

~~(d) Whether, during the prior acts, one of the parties acted in self-defense; and~~

~~(e) Any other factors which the court deems relevant to the determination.~~

~~* In such a case, if it is not possible for the court to determine which party is the primary physical aggressor, the presumption created pursuant to subsection 5 applies to both parties. If it is possible for the court to determine which party is the primary physical aggressor, the presumption created pursuant to subsection 5 applies only to the party determined by the court to be the primary physical aggressor.~~

~~7. A determination by the court after an evidentiary hearing and finding by clear and convincing evidence that either parent or any other person seeking physical custody has committed any act of abduction against the child or any other child creates a rebuttable presumption that sole or joint physical custody or unsupervised visitation of the child by the perpetrator of the abduction is not in the best interest of the child. If the parent or other person seeking physical custody does not rebut the presumption, the court shall not enter an order for sole or joint physical custody or unsupervised visitation of the child by the perpetrator and the court shall set forth:~~

~~(a) Findings of fact that support the determination that one or more acts of abduction occurred; and~~

~~(b) Findings that the custody or visitation arrangement ordered by the court adequately protects the child and the parent or other person from whom the child was abducted.~~

~~8. For the purposes of subsection 7, any of the following acts constitute conclusive evidence that an act of abduction occurred:~~

~~(a) A conviction of the defendant of any violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct;~~

~~(b) A plea of guilty or nolo contendere by the defendant to any violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct; or~~

~~(c) An admission by the defendant to the court of the facts contained in the charging document alleging a violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct.~~

~~9. If, after a court enters a final order concerning physical custody of the child, a magistrate determines there is probable cause to believe that an act of abduction has been committed against the child or any other child and that a person who has been awarded sole or joint physical custody or unsupervised visitation of the child has committed the act, the court shall, upon a motion to modify the order concerning physical custody, reconsider the previous order concerning physical custody pursuant to subsections 7 and 8.~~

~~10. As used in this section:~~

~~(a) "Abduction" means the commission of an act described in NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct.~~

~~(b) "Domestic violence" means the commission of any act described in NRS 33.018.~~

~~*(c) "Magistrate" has the meaning ascribed to it in NRS 169.095.]*~~ **(Deleted by amendment.)**

Sec. 3. ~~[~~NRS 125C.240 is hereby amended to read as follows:

~~125C.240 1. A determination by the court after an evidentiary hearing and finding by clear and convincing evidence that either parent or any other person seeking custody of a child has committed any act of abduction against the child or any other child creates a rebuttable presumption that sole or joint custody or unsupervised visitation of the child by the perpetrator of the abduction is not in the best interest of the child. If the parent or other person seeking custody does not rebut the presumption, the court shall not enter an order for sole or joint custody or unsupervised visitation of the child by the perpetrator and the court shall set forth:~~

~~(a) Findings of fact that support the determination that one or more acts of abduction occurred; and~~

~~(b) Findings that the custody or visitation arrangement ordered by the court adequately protects the child and the parent or other person from whom the child was abducted.~~

~~2. For purposes of subsection 1, any of the following acts constitute conclusive evidence that an act of abduction occurred:~~

~~(a) A conviction of the defendant of any violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct;~~

~~(b) A plea of guilty or nolo contendere by the defendant to any violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct; or~~

~~(c) An admission by the defendant to the court of the facts contained in the charging document alleging a violation of NRS 200.310 to 200.340, inclusive, or 200.359 or a law of any other jurisdiction that prohibits the same or similar conduct.~~

~~3. If, after a court enters a final order concerning custody of the child, a magistrate determines there is probable cause to believe that an act of abduction has been committed against the child or any other child and that a person who has been awarded sole or joint custody or unsupervised visitation of the child has committed the act, the court shall, upon a motion to modify the order concerning custody, reconsider the previous order concerning custody pursuant to subsections 1 and 2.~~

Sec. 4. ~~**[**NRS 126.111 is hereby amended to read as follows:~~

~~126.111 1. The court shall endeavor to resolve the issues raised in an action pursuant to this chapter by an informal hearing.~~

~~2. As soon as practicable after an action to declare the existence or nonexistence of the father and child relationship has been brought, an informal hearing must be held. The court may order that the hearing be held before a~~ **[**~~master~~**]** ~~***magistrate appointed by the court*** or referee. The public shall be barred from the hearing. A record of the proceeding or any portion thereof must be kept if any party requests or the court orders. Strict rules of evidence need not be observed, but those prescribed in NRS 233B.123 apply.~~

~~3. Upon refusal of any witness, including a party, to testify under oath or produce evidence, the court may order the witness to testify under oath and produce evidence concerning all relevant facts. If the refusal is upon the ground that the witness's testimony or evidence might tend to incriminate the witness, the court may grant the witness immunity from prosecution for all criminal offenses shown in whole or in part by testimony or evidence the witness is required to produce, except for perjury committed in his or her testimony. The refusal of a witness who has been granted immunity to obey an order to testify or produce evidence is a civil contempt of the court.~~

~~4. Testimony of a physician concerning the medical circumstances of the pregnancy and the condition and characteristics of the child upon birth is not privileged.~~**]** **(Deleted by amendment.)**

Sec. 5. ~~**[**NRS 126.121 is hereby amended to read as follows:~~

~~126.121 1. The court may, and shall upon the motion of a party, order the mother, child, alleged father or any other person so involved to submit to one or more tests for the typing of blood or taking of specimens for genetic identification to be made by a designated person, by qualified physicians or by other qualified persons, under such restrictions and directions as the court or judge deems proper. Whenever such a test is ordered and made, the results of the test must be received in evidence and must be made available to a judge,~~ **[**~~master~~**]** ***magistrate appointed by the court*** ~~or referee conducting a hearing pursuant to NRS 126.111. The results of the test and any sample or specimen taken may be used only for the purposes specified in this chapter. Unless a party files a written objection to the result of a test at least 30 days before the hearing at which the result is to be received in evidence, the result is admissible as evidence of paternity without foundational testimony or other proof of authenticity or accuracy. The order for such a test also may direct that the testimony of the experts and of the persons so examined may be taken by deposition or written interrogatories.~~

~~2. If any party refuses to submit to or fails to appear for a test ordered pursuant to subsection 1, the court may presume that the result of the test would be adverse to the interests of that party or may enforce its order if the rights of others and the interests of justice so require.~~

~~3. The court, upon reasonable request by a party, shall order that independent tests for determining paternity be performed by other experts or qualified laboratories.~~

~~4. In all cases, the court shall determine the number and qualifications of the experts and laboratories.~~

~~5. As used in this section:~~

~~(a) "Designated person" means a person who is:~~

~~(1) Properly trained to take samples or specimens for tests for the typing of blood and genetic identification; and~~

~~(2) Designated by an enforcing authority to take such samples or specimens.~~

~~of the child. On the basis of the evaluation, an appropriate recommendation for settlement must be made to the parties, which may include any of the following:~~

~~(a) That the action be dismissed with or without prejudice.~~

~~(b) That the matter be compromised by an agreement among the alleged father, the mother and the child, in which the father and child relationship is not determined but in which a defined economic obligation, fully secured by payment or otherwise, is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the judge,~~ **[**~~master~~**]** ***magistrate appointed by the court*** ~~or referee conducting the hearing. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the judge,~~ **[**~~master~~**]** ***magistrate appointed by the court*** ~~or referee conducting the hearing shall consider the best interest of the child, discounted by the improbability, as it appears to him or her, of establishing the alleged father's paternity or nonpaternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on the alleged father.~~

~~(c) That the alleged father voluntarily acknowledge his paternity of the child.~~

~~2. If the parties accept a recommendation made in accordance with subsection 1, judgment may be entered accordingly.~~

~~3. If a party refuses to accept a recommendation made under subsection 1 and blood tests or tests for genetic identification have not been taken, the court shall require the parties to submit to blood tests or tests for genetic identification, if practicable. Thereafter the judge,~~ **[**~~master~~**]** ***magistrate appointed by the court*** ~~or referee shall make an appropriate final recommendation. If a party refuses to accept the final recommendation, the action must be set for trial.~~

(2) The qualified residential treatment program provides the most effective care and appropriate care and treatment for the child; and

(b) Consistent with the short term and long term goals of the child's treatment.

5. After the court conducts a review pursuant to this section, the court shall issue a written determination concerning whether to approve the continued placement of the child in the qualified residential treatment program which must include, without limitation, written findings on each factor listed in subsection 4.

(2) Cannot be safely and effectively treated in a less restrictive environment that is appropriate for the child; or

(b) By a sworn written statement by the petitioner that:

(1) The petitioner has, based upon personal observation of the child alleged to be a child with an emotional disturbance, probable cause to believe that the child:

(I) Is a child with an emotional disturbance and, because of that condition, presents a substantial likelihood of serious harm to himself or herself or others if allowed liberty; and

(II) Cannot be safely and effectively treated in a less restrictive environment that is appropriate for the child; and

(2) The child alleged to be a child with an emotional disturbance has refused to submit to examination or treatment by a person described in paragraph (a).

3. A child who is the subject of a petition filed pursuant to this section or the parent or guardian of such a child may oppose the petition:

(c) Cannot be treated in a less restrictive environment that is appropriate for the child.

Sec. 39. ***1. A child or a parent or guardian of the child who opposes a petition for the admission of a child alleged to be a child with emotional disturbance to a facility for nonemergency mental health treatment pursuant to subsection 3 of section 37 of this act may petition the court to authorize a second examination. The court shall authorize such a second examination upon receiving such a petition. Except as otherwise ordered by the court, a second examination must be completed not later than 45 business days after the court authorizes the examination and before any evidentiary hearing is conducted.***

2. If the court authorizes a second examination of the child, the examination must:

(2) Recommendations concerning the placement of the child and the level of care required by the child; and

(c) Be paid for by the governmental entity that is responsible for the agency which provides child welfare services, if such payment is not otherwise provided by the State Plan for Medicaid.

5. Any alternative care or treatment options; and

6. Any other information the court deems relevant concerning the child.

Sec. 41. *1. If the court issues an order for the admission of a child who is in the custody of an agency which provides child welfare services to a facility for nonemergency mental health treatment pursuant to section 38 of this act, the order automatically expires:*

(a) At the end of 90 days if the facility does not release the child pursuant to subsection 4 before the expiration of the order; or

(b) If the facility releases the child pursuant to subsection 4 before the expiration of the order, on the date of the release.

Each petition for renewal must set forth the specific reasons why further treatment in the facility is in the best interest of the child.

3. To grant a petition filed pursuant to subsection 2, the court must find by clear and convincing evidence that the child cannot be safely and effectively treated in a less restrictive appropriate environment. If the court finds that the child can be safely and effectively treated in a less restrictive appropriate environment, the court must order the discharge of the child from the facility.

4. A facility may unconditionally release a child who is admitted to the facility for nonemergency mental health treatment pursuant to section 38 of this act without an order of the court upon the recommendation of the psychiatrist and other persons professionally qualified in the field of psychiatric mental health who are responsible for treating the child. At least 30 days before the anticipated discharge, the facility shall provide notice of the recommendation to all parties. Such notice must include, without limitation, an explanation of the reasons that:

(b) The child can be safely and effectively treated in a less restrictive appropriate environment.

Sec. 42. ***A facility which provides care or treatment to a child who is in the custody of an agency which provides child welfare services and who is admitted to the facility pursuant to section 38 of this act shall develop a written plan, in consultation with the child, for the continued care or treatment of the child upon discharge from the facility. 11. The provision of notice and a right to be heard pursuant to this section does not cause any person planning to adopt the child, any sibling of the child or any other relative, any adoptive parent of a sibling of the child or a provider of foster care to become a party to the hearing.

~~[11.]~~ ***12.*** As used in this section, "individualized education program" has the meaning ascribed to it in 20 U.S.C. § 1414(d)(1)(A).

Sec. 51. NRS 432B.590 is hereby amended to read as follows:

432B.590 1. Except as otherwise provided in subsection 2 and NRS 432B.513, the court shall hold a hearing concerning the permanent placement of a child:

(a) Not later than 12 months after the initial removal of the child from the home of the child and annually thereafter.

(b) Within 30 days after making any of the findings set forth in subsection 3 of NRS 432B.393.

➥ Notice of this hearing must be filed with the court and must be given by first-class mail or any other means agreed upon in writing between the agency which provides child welfare services and the recipient of the notice to all the persons to whom notice must be given pursuant to subsection 6 of NRS 432B.580.

2. A parent who delivered a child to a provider of emergency services pursuant to NRS 432B.630 shall be deemed to have waived any right to notice pursuant to this section.

3. The court may require the presence of the child at the hearing and shall provide to each person to whom notice was given pursuant to subsection 1 a right to be heard at the hearing.

4. At the hearing, the court shall review the report submitted by the agency which provides child welfare services pursuant to subsection 2 of NRS 432B.580, any plan for the permanent placement of the child adopted pursuant to NRS 432B.553 and any other relevant evidence and, if the goal of the plan is a permanent living arrangement other than reunification with his or her parents, placement for adoption, placement with a legal guardian or placement with a relative, ask the child about his or her desired permanent living arrangement. After doing so, the court must determine, based on a preponderance of the evidence:

(a) Whether the agency with legal custody of the child has made the reasonable efforts required by subsection 1 of NRS 432B.553;

(b) Whether, and if applicable when:

(1) The child should be returned to the parents of the child or placed with other relatives;

(2) It is in the best interests of the child to:

(I) Initiate proceedings to terminate parental rights pursuant to chapter 128 of NRS so that the child can be placed for adoption;

(II) Initiate proceedings to establish a guardianship pursuant to chapter 159A of NRS; or

(III) Establish a guardianship in accordance with NRS 432B.466 to 432B.468, inclusive; or

(3) The agency with legal custody of the child has produced documentation of its conclusion that there is a compelling reason for the placement of a child who has attained the age of 16 years in another permanent living arrangement;

(c) If the child will not be returned to the parents of the child, whether the agency with legal custody of the child fully considered placement options both within and outside of this State;

(d) If the child has attained the age of 14 years, whether the child will receive the services needed to assist the child in transitioning to independent living; and

(e) If the child has been placed outside of this State, whether the placement outside of this State continues to be appropriate for and in the best interests of the child.

5. The court shall prepare an explicit statement of the facts upon which each of its determinations is based pursuant to subsection 4. If the court determines that it is not in the best interests of the child to be returned to his or her parents, or to be placed for adoption, with a legal guardian or with a relative, the court must include compelling reasons for this determination and an explanation of those reasons in its statement of the facts.

6. If the court determines that it is in the best interests of the child to terminate parental rights, the court shall use its best efforts to ensure that the procedures required by chapter 128 of NRS are completed within 6 months after the date the court makes that determination, including, without limitation, appointing a private attorney to expedite the completion of the procedures.

7. The provisions of this section do not limit the jurisdiction of the court to review any decisions of the agency with legal custody of the child regarding the permanent placement of the child.

8. If a child has been placed outside of the home and has resided outside of the home pursuant to that placement for 14 months of any 20 consecutive months, the best interests of the child must be presumed to be served by the termination of parental rights.

9. This hearing may take the place of the hearing for review required by NRS 432B.580.

10. ***If a hearing pursuant to this section concerns a child who has been placed in a qualified residential treatment program, the hearing must include, without limitation, a review of that placement conducted in the manner prescribed by section 35 of this act.***

11. The provision of notice and a right to be heard pursuant to this section does not cause any person planning to adopt the child, any sibling of the child or any other relative, any adoptive parent of a sibling of the child or a provider of foster care to become a party to the hearing.

TEXT OF REPEALED SECTIONS

432B.6077 Petition required before child may be placed in facility other than under emergency admission; psychological examination of child required under certain circumstances; placement in less restrictive environment; any person may oppose petition.

1. An agency which provides child welfare services shall not place a child who is in the custody of the agency in a facility, other than under an emergency admission, unless the agency has petitioned the court for the court-ordered admission of the child to a facility pursuant to NRS 432B.6075.

2. If a petition for the court-ordered admission of a child filed pursuant to NRS 432B.6075 is accompanied by the information described in paragraph (b) of subsection 1 of NRS 432B.6075, the court shall order a psychological evaluation of the child.

3. If a court which receives a petition filed pursuant to NRS 432B.6075 for the court-ordered admission to a facility of a child who is in the custody of an agency which provides child welfare services determines pursuant to subsection 2 of NRS 432B.6076 that the child could be treated effectively in a less restrictive appropriate environment than a facility, the court must order the placement of the child in a less restrictive appropriate environment. In making such a determination, the court may consider any information provided to the court, including, without limitation:

(a) Any information provided pursuant to subsection 4;

(b) Any suggestions of psychologists, psychiatrists or other physicians who have evaluated the child concerning the appropriate environment for the child; and

(c) Any suggestions of licensed clinical social workers or other professionals or any adult caretakers who have interacted with the child and have information concerning the appropriate environment for the child.

(a) Any person, including, without limitation, the child, may oppose the petition for the court-ordered admission of the child by filing a written opposition with the court or stating the opposition in court; and

(b) The agency which provides child welfare services must present information to the court concerning whether:

(1) A facility is the appropriate environment to provide treatment to the child; or

(2) A less restrictive appropriate environment would serve the needs of the child.

432B.6083 Conditional release: Authorized circumstances; duration; no liability of State; notice to court and attorney of agency; order to return to facility; judicial review of order to return to facility.

1. Except as otherwise provided in subsection 3, any child who is admitted to a facility by a court pursuant to NRS 432B.6076 may be conditionally released from the facility when, in the judgment of the medical director of the facility, the conditional release is in the best interest of the child and will not be detrimental to the public welfare. The medical director of the facility or the designee of the medical director shall prescribe the period for which the conditional release is effective. The period must not extend beyond the last day of the court-ordered period of treatment specified pursuant to NRS 432B.608.

2. When a child is conditionally released pursuant to subsection 1, the State or a county, or any of its agents or employees, is not liable for any debts or contractual obligations, medical or otherwise, incurred or damages caused by the actions of the child.

3. A child who was admitted by a court because the child was likely to harm others if allowed to remain at liberty may be conditionally released only if, at the time of the release, written notice is given to the court which admitted the child and to the attorney of the agency which provides child welfare services that initiated the proceedings for admission.

4. Except as otherwise provided in subsection 6, the administrative officer of a facility or the designee of the administrative officer shall order a child who is conditionally released from that facility pursuant to this section to return to the facility if a psychiatrist and a member of that child's treatment team who is professionally qualified in the field of psychiatric mental health determine that the conditional release is no longer appropriate because that child presents a clear and present danger of harm to himself or herself or others. Except as otherwise provided in this subsection, the administrative officer or the designee of the administrative officer shall, at least 3 days before the issuance of the order to return, give written notice of the order to the court that admitted the child to the facility. If an emergency exists in which the child presents an imminent threat of danger of harm to himself or herself or others, the order

must be submitted to the court not later than 1 business day after the order is issued.

5. The court shall review an order submitted pursuant to subsection 4 and the current condition of the child who was ordered to return to the facility at its next regularly scheduled hearing for the review of petitions for court-ordered admissions, but in no event later than 5 judicial days after the child is returned to the facility. The administrative officer or the designee of the administrative officer shall give written notice to the agency which provides child welfare services, to the child who was ordered to return to the facility and to the child's attorney of the time, date and place of the hearing and of the facts necessitating that child's return to the facility.

6. The provisions of subsection 4 do not apply if the period of conditional release has expired.

432B.6084 Release without further order of court; early release.

1. When a child who is admitted to a facility by a court pursuant to NRS 432B.6076 is released at the end of the court-ordered period of treatment specified pursuant to NRS 432B.608, written notice must be given to the admitting court at least 10 days before the release of the child. The child may then be released without requiring further orders of the court.

2. A child who is admitted to a facility by a court pursuant to NRS 432B.6076 may be unconditionally released before the court-ordered period of treatment specified in NRS 432B.608 when:

(a) An evaluation team, including, without limitation, an evaluation team that conducts an examination pursuant to NRS 432B.6078, or two persons professionally qualified in the field of psychiatric mental health, at least one of them being a physician, determines that the child has recovered from any emotional disturbance or has improved to such an extent that the child is no longer considered to present a clear and present danger of harm to himself or herself or others; and

(b) Under advisement from the evaluation team or two persons professionally qualified in the field of psychiatric mental health, at least one of them being a physician, the medical director of the facility authorizes the release and gives written notice to the admitting court at least 10 days before the release of the child.

Amendment No. 957.

AN ACT relating to criminal records; providing for the automatic sealing of criminal records relating to certain convictions of a person and certain charges against a person; authorizing the Records, Communications and Compliance

Division of the Department of Public Safety and the Administrative Office of the Courts to adopt any rules or regulations, as applicable, necessary for the automatic sealing of criminal records; requiring the Administrative Office of the Courts to submit annual reports to the Legislature and adopt certain other rules; creating the Advisory Task Force on Automatic Record Sealing and establishing the duties of the Task Force; requiring the Task Force to submit certain reports to the Administrative Office of the Courts and the Legislature; expanding the circumstances in which there is a rebuttable presumption that criminal records should be sealed; revising provisions relating to a petition to seal criminal records relating to certain charges brought against a person; applying provisions relating to records that have been sealed pursuant to certain provisions of law to records that are sealed after a court finds that a person was wrongfully convicted of a felony and enters a certificate of innocence; authorizing the Central Repository for Nevada Records of Criminal History and its employees to inquire into and inspect certain sealed records relating to a violation or alleged violation of the prohibition against certain persons owning or possessing a firearm; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes certain procedures pursuant to which a person is authorized to petition a court for the sealing of criminal records relating to: (1) convictions for certain offenses; (2) charges against a person that were dismissed or declined for prosecution or for which the person was acquitted; (3) a conviction which has been set aside; and (4) a conviction for an offense that has been decriminalized. Existing law: (1) establishes certain requirements concerning the amount of time that must elapse after a person was convicted or charged before the records relating to the conviction or charge are eligible to be sealed through the filing of such a petition; and (2) sets forth the circumstances under which a court is authorized or required to grant the petition. (NRS 179.245, 179.255, 179.271)

Section 1.3 of this bill requires the Records, Communications and Compliance Division of the Department of Public Safety, not later than January 1, 2027, to develop and implement a process to identify each: (1) conviction of a person and each charge against a person that becomes an eligible conviction and eligible charge; and (2) agency of criminal justice or public or private company, agency, officer or other custodian of records that may reasonably be identified as having possession of records relating to an eligible conviction or eligible charge. **Section 1.3** defines "eligible conviction" and "eligible charge" to mean, in general, certain convictions of or charges against a person after January 1, 2027, if the records relating to the conviction or charge are eligible to be sealed pursuant to the provisions of existing law governing the sealing of records. After the development and implementation of the process of identifying eligible convictions and eligible charges, **section 1.3** requires the Division to, each month: (1) identify and compile a list of each conviction or charge that has become an eligible conviction or

eligible charge in the immediately preceding month and each person or governmental entity identified as having possession of records relating to those eligible convictions and eligible charges; and (2) transmit the list to the Administrative Office of the Courts to recommend the sealing of the records relating to a listed eligible conviction or eligible charge.

Section 1.3 requires the Administrative Office of the Courts, not later than January 1, 2027, to develop and implement a process to review such a list received from the Division and to transmit to every court having jurisdiction each conviction of a person or charge against a person that has become an eligible conviction or eligible charge. **Section 1.3** also requires the Administrative Office of the Courts, upon receiving such a list from the Division, to confirm each eligible conviction and eligible charge and notify every court having jurisdiction over the sealing of each eligible conviction or eligible charge. **Section 1.3** requires a court that receives such a notification from the Administrative Office of the Courts to then provide notice to the appropriate prosecuting attorney or agency and authorizes the prosecuting attorney or agency to object to the sealing of the records relating to each listed eligible conviction or eligible charge. **Section 1.3** further establishes the circumstances in which the court may order the records to be sealed. **Section 5** of this bill requires the order to be sent to the persons and governmental entities named in the order, who are then required to seal records relating to the eligible conviction or eligible charge. **Section 1.3** also: (1) authorizes the Division and the Administrative Office of the Courts to adopt any rules or regulations, as applicable, that are necessary to carry out the provisions of **section 1.3**; and (2) requires the Administrative Office of the Courts to submit certain annual reports to the Legislature beginning on January 31, 2028.

Existing law provides, in general, that there is a rebuttable presumption that certain records of a person should be sealed if the person petitions the court for the sealing of such records and satisfies all statutory requirements. (NRS 179.2445) **Section 3.5** of this bill provides that there is also a rebuttable presumption that certain records of a person should be sealed if a court receives a list of confirmed eligible convictions or charges from the Administrative Office of the Courts pursuant to **section 1.3** and the records relate to such confirmed eligible convictions or charges. **Sections 3.7 and 3.9** of this bill make conforming changes to reflect the change in **section 3.5**.

Existing law provides that if a court seals certain records of a person, certain civil rights of the person are restored. Existing law requires the person to be given documentation demonstrating that fact. If the documentation is lost, damaged or destroyed, the person is authorized to request that a court issue an order to restore his or her civil rights. (NRS 179.285) **Section 6** of this bill makes a technical, nonsubstantive change to existing law by reorganizing the language in existing law. **Section 6.5** of this bill provides for the restoration of civil rights if the records of a person are sealed pursuant to **section 1.3**. However, under **section 6.5**, the person is not required to be given documentation demonstrating that fact. Instead, **section 6.5** authorizes a

person who was not given documentation of the restoration of his or her civil rights to request that a court issue an order in the same manner as a person whose documentation is lost, damaged or destroyed.

Section 7 of this bill authorizes a person who is the subject of records that are sealed pursuant to **section 1.3** to petition a court to allow for the inspection of the records. **Section 8** of this bill authorizes certain other governmental entities to inspect such records under certain circumstances. **Section 7.5** of this bill authorizes the Central Repository for Nevada Records of Criminal History and its employees to inspect certain sealed records relating to a violation or alleged violation of the prohibition against certain persons owning or possessing a firearm. (NRS 202.360)

Sections 5-7 of this bill also apply provisions relating to records that have been sealed pursuant to certain provisions of law to records that are sealed after a court finds that a person was wrongfully convicted of a felony and enters a certificate of innocence.

If a person is arrested and the charges against the person are dismissed or declined for prosecution or the person is acquitted of the charges, existing law authorizes the person to petition a court for the sealing of all records relating to the arrest and the proceedings leading to the dismissal, declination or acquittal. (NRS 179.255) **Section 4** of this bill authorizes a person against whom multiple charges were brought, consisting of both charges for which the person was convicted and charges which were disposed of by dismissal, declination or acquittal, to petition for the sealing of those portions of the records relating to the arrest of the person and the subsequent proceedings that relate to the charges which were disposed of by dismissal, declination or acquittal.

Section 2 of this bill provides that it is the public policy of this State to enhance and modernize the sharing of information between agencies of criminal justice by having records shared in a timely manner in accordance with statutory requirements.

Section 1.7 of this bill creates the Advisory Task Force on Automatic Record Sealing and establishes requirements concerning the membership of the Task Force. **Section 1.7** establishes the general duties of the Task Force, including reviewing the current petition-based process for the sealing of records and identifying the ways in which the process can be streamlined to simplify the process for petitioners. **Section 1.7** also requires the Task Force to prepare and submit a report to the Administrative Office of the Courts and the Legislature: (1) on or before July 1, 2024, that sets forth the initial activities and findings of the Task Force; (2) on or before July 1, 2025, that sets forth the activities, findings and initial recommendations of the Task Force; and (3) on or before July 1, 2026, that sets forth the final activities, findings and recommendations of the Task Force to support the implementation of the automatic sealing of records of criminal history. **Section 8.3** of this bill requires the Administrative Office of the Courts, before January 1, 2025, to

adopt rules to streamline the process for filing a petition for the sealing of records, as recommended by the Task Force.

Sections 2-3.3 of this bill make conforming changes to indicate the proper placement of **sections 1.3 and 1.7** in the Nevada Revised Statutes.

Section 8.1 of this bill makes an appropriation from the State General Fund to the Department of Public Safety for the technology costs associated with complying with the provisions of **section 1.3**. **Section 8.15** of this bill makes an appropriation from the State General Fund to the Department for the provision of support to the Task Force, including for the administrative costs of supporting the Task Force**.** ~~[and employing or contracting with persons to perform certain functions.]~~ **Section 8.2** of this bill makes an appropriation from the State General Fund to the Interim Finance Committee for allocation to the Department for **employing or contracting with persons to perform certain functions and, to the extent that money from the appropriation is available, for** the **Department to** award of grants of money to criminal justice agencies to support technology or system upgrades for the purpose of complying with the provisions of **section 1.3**.

Amendment No. 920.

AN ACT relating to civil actions; ~~[increasing the amount of civil damages for which certain providers of health care may be liable for acts or omissions~~

~~in rendering care or assistance necessitated by certain traumatic injuries; excluding certain health care professionals from the definition of "provider of health care" for certain purposes; increasing~~ **providing for the increase of** the limitation on the amount of noneconomic damages a plaintiff may recover in a civil action against a provider of health care for professional negligence; ~~prohibiting a hospital from bringing certain actions against a provider of health care;~~ revising the statute of limitations for bringing an action against a provider of health care for injury or death based upon professional negligence, professional services rendered without consent or error or omission in practice; ~~repealing~~ **revising** provisions which limit the amount of a contingent fee for which an attorney representing a plaintiff in a civil action against a provider of health care for professional negligence may contract for or collect; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~Existing law limits to $50,000 the amount of civil damages for which a licensed physician or dentist, a hospital or certain employees of a hospital may be held liable for certain acts or omissions in rendering care or assistance at a hospital necessitated by a traumatic injury demanding immediate medical attention. (NRS 41.503) Section 1 of this bill increases that amount to $250,000 and, beginning on January 1, 2026, requires that amount to be adjusted each year based on the percentage increase in the Consumer Price Index (All Items) for the immediately preceding calendar year.~~

~~Existing law sets forth various requirements and restrictions relating to civil actions against a provider of health care for professional negligence. (Chapter 41A of NRS) Existing law defines "provider of health care" for the purposes of those provisions to include a physician, physician assistant, dentist, licensed nurse, dispensing optician, optometrist, registered physical therapist, podiatric physician, licensed psychologist, chiropractic physician, doctor of Oriental medicine, medical laboratory director or technician, licensed dietitian, a person licensed to engage in radiation therapy or radiologic imaging, a licensed hospital and certain other entities. (NRS 41A.017) Section 1.5 of this bill excludes from that definition an agency to provide nursing in the home, a facility for intermediate care, a facility for skilled nursing, a facility for hospice care and a nursing pool, thereby specifically excluding such persons from the provisions of existing law imposing certain requirements and restrictions on civil actions brought against a provider of health care for professional negligence.~~

Existing law limits the amount of noneconomic damages that a plaintiff may recover in a civil action brought against a provider of health care for professional negligence to $350,000, regardless of the number of plaintiffs, defendants or theories upon which liability may be based. (NRS 41A.035) **Section 2** of this bill ~~instead limits the amount of noneconomic damages that a plaintiff may recover in such an action to: (1) for an action in which a hospital other than a critical access hospital is a party, $2,000,000; and (2) for any other action, $550,000. Section 2 requires, beginning on January 1, 2026, that those~~

~~amounts be adjusted]~~ **requires that amount to be increased by $80,000 on January 1 of** each year ~~[based on the percentage increase in the Consumer Price Index (All Items) for the immediately preceding calendar year. Section]~~ **beginning on January 1, 2024, and ending on January 1, 2028, when the amount reaches $750,000. Beginning on January 1, 2029, section 2** ~~[also prohibits a hospital from bringing an action against a provider of health care to recover from the provider of health care any amount paid to a plaintiff by the hospital.]~~ **requires that amount to be increased on January 1 of each year by 2.1 percent. Section 2 additionally requires the Nevada Supreme Court to annually publish on its Internet website the maximum amount of noneconomic damages that may be awarded to a plaintiff in an action for injury or death against a provider of health care based upon professional negligence in each year for the following 20 years.**

Existing law requires an action for injury or death against a provider of health care based on professional negligence, professional services rendered without consent or error or omission in practice, to be commenced: (1) for an injury that occurred on or after October 1, 2002, not more than 3 years after the date of injury or 1 year after the plaintiff discovers or should have discovered the injury; and (2) if the injury occurred before October 1, 2002, not more than 4 years after the date of injury or 2 years after the plaintiff discovers or should have discovered the injury. (NRS 41A.097) **Section 3** of this bill ~~[revises those provisions to require all]~~ **requires** such ~~[actions]~~ **an action** to be brought **, for an injury that occurred on or after October 1, 2023,** not more than ~~[4]~~ **3** years after the date of injury or 2 years after the plaintiff discovers or should have discovered the injury. ~~[Section 4 of this bill provides that the changes in section 3 apply retroactively to any injury or death that occurred before October 1, 2023, even if the statute of limitations that was in effect at the time of the injury or death has expired. Therefore, a civil action against a provider of health care that would otherwise be time-barred by the former statute of limitations is revived by this bill, so long as the revised statute of limitations set forth in section 4 has not expired.~~

~~Section 6 of this bill repeals provisions that limit]~~

Existing law limits the amount of a contingent fee that an attorney representing a plaintiff in a civil action against a provider of health care for professional negligence may contract for or collect ~~[.]~~ **to: (1) forty percent of the first $50,000 recovered; (2) thirty-three and one-third percent of the next $50,000 recovered; (3) twenty-five percent of the next $500,000 recovered; and (4) fifteen percent of the amount of recovery that exceeds $600,000. (NRS 7.095) Section 3.5 of this bill eliminates that tier of amounts and instead limits the amount of a contingent fee that such an attorney may contract for or collect to 35 percent of the amount recovered.**

Legislative Counsel's Digest:

Existing law sets forth various requirements for certain medical facilities that provide care to persons who are aged or infirm, including, without limitation, a facility for intermediate care, facility for skilled nursing, a residential facility for groups and a home for individual residential care. (Chapter 449 of NRS) This bill establishes requirements for the heating, ventilation and air-conditioning systems of a senior living facility.

Section 7 of this bill defines "senior living facility" as any facility that receives any federal funding from Medicare, Medicaid or other federal health care program and which provides living assistance and related care to a resident of the facility who is an aged or infirm person, including, without limitation, a facility for intermediate care, facility for skilled nursing, a residential facility for groups and a home for individual residential care. **Sections 3-8.7** of this bill define other terms related to ventilation systems in senior living facilities.

Section 9 of this bill sets forth a legislative declaration relating to ventilation systems in senior living facilities. **Section 9.2 of this bill limits the applicability of the provisions of this bill to senior living facilities located in a county whose population is 100,000 or more (currently Clark and Washoe Counties).** **Section 9.5** of this bill requires the State Board of Health to review each new edition of certain standards incorporated into this bill to determine their suitability for this State.

Section 10 of this bill requires, to the extent money is available, the administrator of a senior living facility to ensure that the senior living facility is equipped with a functional ventilation system and to have periodic assessments of the existing system conducted by qualified adjusting personnel or qualified testing personnel. **Section 10** also authorizes a facility that is certified as an assisted living facility to use certain federal money received to upgrade and maintain the ventilation system of that facility.

Section 14 of this bill prescribes requirements governing carbon dioxide detectors at a senior living facility. **Section 14** also requires the administrator of a senior living facility to cause an adjustment to the ventilation if the concentration of carbon dioxide exceeds a certain amount.

Section 14.5 of this bill sets forth the requirements for qualified testing personnel to assess the heating, ventilation and air-conditioning system of a senior living facility. **Section 14.5** also requires qualified testing personnel to prepare a heating, ventilation and air-conditioning assessment report, including certain information relating to the assessments conducted pursuant to that section.

Section 18 of this bill: (1) requires a heating, ventilation and air-conditioning assessment report to be reviewed by a mechanical engineer; and (2) imposes certain duties on the mechanical engineer to facilitate improvements determined necessary based on the report.

Section 19 of this bill requires a senior living facility to take certain corrective actions in response to a heating, ventilation and air-conditioning

assessment report and review by a mechanical engineer. **Section 20** of this bill imposes certain requirements governing the workforce used to perform such corrective actions.

Section 21 of this bill requires the administrator of a senior living facility to prepare a report on the work performed pursuant to a heating, ventilation and air-conditioning assessment report and review by a mechanical engineer and to submit the report to the Division of Public and Behavioral Health of the Department of Health and Human Services.

Section 22 of this bill provides that a heating, ventilation and air-conditioning assessment report and a report created by an administrator of a senior living facility pursuant to **section 21** are public records and available for public inspection. **Sections 22.5 and 23** of this bill provide for the expiration of the provisions of this bill where there is no longer sufficient federal money available to facilitate compliance with its provisions.

Amendment No. 936.

CONTAINS UNFUNDED MANDATE (§§ ~~[1.3,]~~ **1.08, 1.94,** 2)

(NOT REQUESTED BY AFFECTED LOCAL GOVERNMENT)

AN ACT relating to health care; **requiring the adoption of a framework for the electronic transmittal, maintenance and exchange of certain health information; requiring governmental entities, health care facilities and providers, insurers and insurance administrators to maintain, transmit and exchange health information electronically; authorizing the imposition of certain discipline against a health care provider, insurer or insurance administrator that fails to comply with that requirement;** authorizing the Director of the Department of Health and Human Services to contract with multiple health information exchanges to perform certain functions; ~~[requiring the Director to prescribe certain standards governing the maintenance and exchange of electronic health records;]~~ **prohibiting the transmittal of health information to a health information exchange without the affirmative consent of the patient;** expanding immunity from certain liability for health care providers who use a health information exchange; ~~[requiring medical facilities and providers of health care to store, transmit and exchange health records electronically;]~~ making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Director of the Department of Health and Human Services to adopt regulations governing health information exchanges and the transmittal, ownership, management, use and confidentiality of electronic health records. (NRS 439.587, 439.589) Section 1.08 of this bill requires the Director to prescribe by regulation a framework for the electronic maintenance, transmittal and exchange of electronic health records, prescriptions and health-related information. Section 1.08 requires that framework to establish standards for networks and technologies to be used to maintain, transmit and exchange health information, including standards that require: (1) the ability for patients to access and forward their records; and (2) the interoperability of such networks and technologies. Section 2.7 of this bill requires the Director to convene an advisory group to advise the Director in the adoption of those standards.

With certain exceptions, sections 1.08, 1.94, 1.96, 2 and 2.8 of this bill require governmental entities, health care providers, insurers, pharmacy benefit managers and other insurance administrators to maintain, transmit and exchange health information electronically in accordance with those standards and other provisions governing electronic health records, beginning on: (1) July 1, 2024, for hospitals and large physician group practices; (2) July 1, 2025, for governmental entities, other large health care practices, insurers, pharmacy benefit managers and other insurance administrators; and (3) January 1, 2030, for small physician group practices and other small health care practices. Sections 1.02 and 1.08 of this bill provide that a health care provider, insurer, pharmacy benefit manager or other insurance administrator that fails to comply with that requirement is not guilty of a misdemeanor. Instead, section 1 of this bill requires the Department to notify any regulatory body that has issued a license, certificate, registration, permit or similar credential to a health care provider, insurer, pharmacy benefit manager or other insurance administrator if the holder of the credential fails to comply with that requirement. After receiving such notice, sections 1.3, 1.92, 2, 2.2 and 2.35 of this bill authorize a regulatory body to impose corrective action or an administrative penalty on the health care provider, insurer, pharmacy benefit manager or other insurance administrator. Section 1 of this bill requires the Department to notify the relevant regulatory body if a health care provider, insurer, pharmacy benefit manager or other insurance administrator that was previously out of compliance with the requirement to maintain, transmit and exchange health information electronically comes into compliance with that requirement. Section 1.06 of this bill removes duplicative requirements concerning the adoption of regulations governing electronic health records. Sections 1.02-1.07, 1.4-1.9, 1.98, 2.05, 2.15, 2.25, 2.3, 2.4 and 2.45 of this bill make conforming changes to indicate the proper placement of sections 1, 1.3, 2.1 and 2.2 in the Nevada Revised Statutes.

Existing law authorizes the Director of the Department of Health and Human Services to contract with not more than one health information exchange to be responsible for compiling statewide master indexes of patients, health care providers and payers. (NRS 439.587) **Section ~~[1]~~ 1.06** of this bill authorizes the Director to contract with multiple health information exchanges to perform those functions. **Section ~~[1]~~ 1.06** also removes a requirement that the Director encourage the use of health information exchanges**.** ~~**[and prohibits the Director from requiring any person to use a health information exchange.]**~~

Existing law requires that, with certain exceptions, a patient consent before his or her electronic health record is retrieved from a health information exchange. (NRS 439.591) Section 1.09 of this bill: (1) clarifies that such consent must be affirmative; and (2) requires that a patient also provide such consent before his or her electronic health record is transmitted to a health information exchange.

Existing law provides that a health care provider who with reasonable care relies upon an apparently genuine electronic health record accessed from a health information exchange to make a decision concerning the provision of health care to a patient is immune from civil or criminal liability for the decision if: (1) the electronic health record is inaccurate; (2) the inaccuracy was not caused by the health care provider; (3) the inaccuracy resulted in an inappropriate health care decision; and (4) the health care decision was appropriate based upon the information contained in the inaccurate electronic health record. (NRS 439.593) **Section 1.1** of this bill expands this immunity from liability to also apply to any health care provider who transmits, accesses, utilizes, discloses, relies upon or provides to the patient any apparently genuine electronic health record in accordance with applicable law and regulations. **Section 1.2** of this bill provides that transmitting, accessing, utilizing or disclosing an electronic health record is not an unfair trade practice.

~~**[**Existing law: (1) provides for the regulation of medical facilities; and (2) establishes requirements governing the maintenance of the health records of providers of health care. (Chapter 449 of NRS; NRS 629.051-629.069) Beginning on January 1, 2028, sections 1.3 and 2 of this bill require such facilities and providers of health care to maintain, transmit and exchange health records electronically in a manner that: (1) allows patients to electronically access their health records directly from the facility or custodian of the records and forward such records electronically to other persons and entities; and (2) allows for the interoperability of health records with the electronic health records and systems of other facilities and providers of health care.**]**~~

Section 2.5 of this bill makes an appropriation to the Department to award grants to certain small facilities and providers of health care who work in small business settings to assist in compliance with the requirements of ~~**[**sections 1.3 and 2. Section 1 of this bill requires the Director to prescribe standards for the electronic maintenance and exchange of such records. Sections 1.4-1.9 of this bill make conforming changes to indicate the proper placement of and provide for the enforcement of section 1.3.**]**~~ **section 1.08.**

Assemblywoman Peters moved that the Assembly concur in the Senate Amendment No. 936 to Assembly Bill No. 7.

Motion carried by a constitutional majority.

The following Senate amendment was read:

Amendment No. 968.

AN ACT relating to health care; requiring the adoption of a framework for the electronic transmittal, maintenance and exchange of certain health information; requiring governmental entities, health care facilities and providers, insurers and insurance administrators to maintain, transmit and exchange health information electronically; authorizing the imposition of certain discipline against a health care provider, insurer or insurance administrator that fails to comply with that requirement; authorizing the

Director of the Department of Health and Human Services to contract with multiple health information exchanges to perform certain functions; ~~[prohibiting the transmittal of health information to a health information exchange without the affirmative consent of the patient;]~~ expanding immunity from certain liability for health care providers who use a health information exchange; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Director of the Department of Health and Human Services to adopt regulations governing health information exchanges and the transmittal, ownership, management, use and confidentiality of electronic health records. (NRS 439.587, 439.589) **Section 1.08** of this bill requires the Director to prescribe by regulation a framework for the electronic maintenance, transmittal and exchange of electronic health records, prescriptions and health-related information. **Section 1.08** requires that framework to establish standards for networks and technologies to be used to maintain, transmit and exchange health information, including standards that require: (1) the ability for patients to access and forward their records; and (2) the interoperability of such networks and technologies. **Section 2.7** of this bill requires the Director to convene an advisory group to advise the Director in the adoption of those standards.

With certain exceptions, **sections 1.08, 1.94, 1.96, 2 and 2.8** of this bill require governmental entities, health care providers, insurers, pharmacy benefit managers and other insurance administrators to maintain, transmit and exchange health information electronically in accordance with those standards and other provisions governing electronic health records, beginning on: (1) July 1, 2024, for hospitals and large physician group practices; (2) July 1, 2025, for governmental entities, other large health care practices, insurers, pharmacy benefit managers and other insurance administrators; and (3) January 1, 2030, for small physician group practices and other small health care practices. **Sections 1.02 and 1.08** of this bill provide that a health care provider, insurer, pharmacy benefit manager or other insurance administrator that fails to comply with that requirement is not guilty of a misdemeanor. Instead, **section 1** of this bill requires the Department to notify any regulatory body that has issued a license, certificate, registration, permit or similar credential to a health care provider, insurer, pharmacy benefit manager or other insurance administrator if the holder of the credential fails to comply with that requirement. After receiving such notice, **sections 1.3, 1.92, 2, 2.2 and 2.35** of this bill authorize a regulatory body to impose corrective action or an administrative penalty on the health care provider, insurer, pharmacy benefit manager or other insurance administrator. **Section 1** of this bill requires the Department to notify the relevant regulatory body if a health care provider, insurer, pharmacy benefit manager or other insurance administrator that was previously out of compliance with the requirement to maintain, transmit and exchange health information electronically comes into compliance with that requirement.

Section 1.06 of this bill removes duplicative requirements concerning the adoption of regulations governing electronic health records. **Sections 1.02-1.07, 1.4-1.9, 1.98, 2.05, 2.15, 2.25, 2.3, 2.4 and 2.45** of this bill make conforming changes to indicate the proper placement of **sections 1, 1.3, 2.1 and 2.2** in the Nevada Revised Statutes.

Existing law authorizes the Director of the Department of Health and Human Services to contract with not more than one health information exchange to be responsible for compiling statewide master indexes of patients, health care providers and payers. (NRS 439.587) **Section 1.06** of this bill authorizes the Director to contract with multiple health information exchanges to perform those functions. **Section 1.06** also removes a requirement that the Director encourage the use of health information exchanges.

Existing law requires that, with certain exceptions, a patient consent before his or her electronic health record is retrieved from a health information exchange. (NRS 439.591) **Section 1.09** of this bill **[: (1)]** clarifies that such consent must be affirmative **.** ~~**[; and (2) requires that a patient also provide such consent before his or her electronic health record is transmitted to a health information exchange.]**~~

Existing law provides that a health care provider who with reasonable care relies upon an apparently genuine electronic health record accessed from a health information exchange to make a decision concerning the provision of health care to a patient is immune from civil or criminal liability for the decision if: (1) the electronic health record is inaccurate; (2) the inaccuracy was not caused by the health care provider; (3) the inaccuracy resulted in an inappropriate health care decision; and (4) the health care decision was appropriate based upon the information contained in the inaccurate electronic health record. (NRS 439.593) **Section 1.1** of this bill expands this immunity from liability to also apply to any health care provider who transmits, accesses, utilizes, discloses, relies upon or provides to the patient any apparently genuine electronic health record in accordance with applicable law and regulations. **Section 1.2** of this bill provides that transmitting, accessing, utilizing or disclosing an electronic health record is not an unfair trade practice.

Section 2.5 of this bill makes an appropriation to the Department to award grants to certain small facilities and providers of health care who work in small business settings to assist in compliance with the requirements of **section 1.08**.

AN ACT relating to substance use disorders; providing for the separate accounting of certain money for the purchase of opioid antagonists; establishing the order in which a provider or program is required to prioritize persons for participation in certain publicly funded programs for the treatment of alcohol or other substance use disorders; authorizing a pharmacist to prescribe and dispense drugs for medication-assisted treatment of opioid use disorder and perform certain assessments under certain conditions; requiring certain health plans to include coverage for such drugs and assessments; prescribing certain requirements concerning the diagnosis and treatment of a patient with an opioid use disorder; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires all gifts or grants of money for a program for alcohol or other substance use disorders which the Division of Public and Behavioral Health of the Department of Health and Human Services is authorized to accept to be deposited in the State Treasury for credit to the State Grant and Gift Account for Alcohol or Other Substance Use Disorders. (NRS 458.100) **Sections ~~[1]~~ 1.28 and 1.3** of this bill authorize the Division to accept and deposit into a separate account gifts, grants, donations, bequests or money from any other source for the purpose of funding the bulk purchase of opioid antagonists. **Section ~~[1]~~ 1.28** provides that such money is not subject to provisions of law governing budgeting by agencies of the State Government. **Section ~~[1]~~ 1.28** requires the Division to use the money in the account to fund the bulk purchase of opioid antagonists and the distribution of those opioid antagonists.

Existing federal regulations require programs funded by certain federal grants for injection drug users to prioritize persons for participation in such programs in the following order: (1) pregnant injecting drug users; (2) pregnant persons with a substance use disorder; (3) other injecting drug users; and (4) all others. (45 C.F.R. § 96.131) **Section 1.7** of this bill requires any treatment provider, provider of health care or program for the treatment of alcohol or other substance use disorders to prioritize persons to receive services for the treatment of alcohol or other substance use disorders funded in whole or in part by federal or state money in that order, except that **section 1.7** authorizes the State Board of Health to adopt regulations prioritizing additional categories of people for such services.

Existing law defines the term "practice of pharmacy" for the purpose of determining which activities require a person to be registered and regulated by the State Board of Pharmacy as a pharmacist. (NRS 639.0124) **Section 12.3** of this bill requires the Board to prescribe a protocol to allow a pharmacist who registers with the Board to: (1) assess a patient to determine whether the patient has an opioid use disorder and medication-assisted treatment would be appropriate for the patient; and (2) prescribe and dispense a drug for medication-assisted treatment. ~~[without a prescription from a practitioner.]~~ **Section 12.6** of this bill provides that the practice of pharmacy includes actions

authorized by the protocol established in **section 12.3**. ~~[Section 16.05 of this bill makes a conforming change to account for the provisions of section 12.3 authorizing a pharmacist to dispense a drug that has not been prescribed by a practitioner.]~~ **Sections 1-1.25 and 12.8 of this bill make additional changes necessary to authorize a pharmacist who registers with the Board to prescribe a drug for medication-assisted treatment.** The Board would be authorized to suspend or revoke the registration of a pharmacist who orders or assesses a patient or prescribes or dispenses drugs under the protocol established pursuant to **section 12.3** without complying with the provisions of the protocol. (NRS 639.210)

Sections ~~[3.5-5.8,]~~ **3.5, 4.5, 16.1, 16.3, 16.4, 16.48-16.75 and 16.9** of this bill require public and private health plans, including Medicaid **managed care organizations** and health plans for state and local government employees, to: (1) cover drugs approved by the Food and Drug Administration for medication-assisted treatment; and (2) reimburse assessment, prescribing and dispensing by a pharmacist in accordance with **section 12.3** at a rate equal to that provided to a physician, physician assistant or advanced practice registered nurse for similar services. **Section 5.5 of this bill also requires Medicaid to reimburse those services at such a rate, regardless of whether the services are reimbursed directly or through managed care organizations. Sections 2.5 and 16.2** of this bill make conforming changes to indicate the proper placement of **sections 5.5 and 16.1**, respectively, of this bill in the Nevada Revised Statutes. **Sections 6.5, 16.13, 16.16, 16.43 and 16.45** of this bill make conforming changes to indicate that the coverage required by **sections 16.1, 16.3 and 16.4** is in addition to certain coverage for the treatment of substance use disorder that certain insurers are required by existing law to provide. **Section 16.8** of this bill authorizes the Commissioner of Insurance to suspend or revoke the certificate of a health maintenance organization that fails to comply with the requirements of **section 16.7** of this bill. The Commissioner would also be authorized to take such action against other health insurers who fail to comply with the requirements of **sections 16.1, 16.3, 16.48-16.6 or 16.9** of this bill. (NRS 680A.200)

Existing law authorizes a physician, physician assistant or advanced practice registered nurse to prescribe controlled substances if he or she is registered with the State Board of Pharmacy. (NRS 453.126, 453.231, 630.271, 632.237, 633.432) Existing federal law requires a physician, physician assistant or advanced practice registered nurse who prescribes or dispenses narcotic drugs for the treatment of opioid use disorder to register with the Drug Enforcement Administration of the United States Department of Justice for the specific purpose of dispensing such drugs. (21 U.S.C. § 822(a)) **Sections 10-12 and 13-16** of this bill require a physician, physician assistant, advanced practice registered nurse, osteopathic physician or certain providers of behavioral health care who diagnose a patient with an opioid use disorder to counsel and provide information to the patient concerning evidence-based treatment for opioid use disorder, including medication-assisted treatment. If the patient

requests medication-assisted treatment: (1) **sections 10-12** require a physician, physician assistant, advanced practice registered nurse or osteopathic physician who is authorized under federal and state law to prescribe such treatment to offer to issue such a prescription; and (2) **sections 10-12 and 13-16** require all other physicians, physician assistants, advanced practice registered nurses, osteopathic physicians and certain providers of behavioral health care to refer the patient to a physician, physician assistant, advanced practice registered nurse, osteopathic physician or pharmacist who is authorized to issue such a prescription.

Existing law requires the Director of the Department of Corrections to establish one or more programs of treatment for offenders with substance use or co-occurring disorders who have been sentenced to imprisonment in the state prison. (NRS 209.4236, 209.425) Existing law additionally provides that the treatment of a prisoner in a local jail or detention facility who has a substance use disorder may include medication-assisted treatment. (NRS 211.140) **Section 17.5** of this bill requires the Department of Corrections, in collaboration with the Department of Health and Human Services, and each county, city or town that maintains a jail or detention facility to study during the 2023-2024 interim certain issues relating to the provision of medication-assisted treatment to incarcerated persons.

Assembly Bill No. 243.

The following Senate amendment was read:

Amendment No. 976.

Legislative Counsel's Digest:

If this amendment is adopted, the Legislative Counsel's Digest will be changed as follows:

Existing law establishes various legislative interim committees that are created or authorized to conduct studies or investigations or perform other legislative business during the interim between legislative sessions, and existing law provides for the appointment or designation of chairs and vice chairs of such interim committees. (Chapter 218E of NRS, NRS 232B.210-232B.250) Existing law also contains provisions that apply exclusively to such interim committees without applying to any session committees. (NRS 218E.105-218E.140)

~~[Under the term-limit provisions of the Nevada Constitution, Legislators are subject to limitations on the number of years that they may serve in each House~~

~~of the Legislature. (Nev. Const. Art. 4, §§ 3, 4) Section 2 of this bill amends the statutory provisions that apply to interim committees in order to provide, with certain exceptions, that if a Legislator is serving the final term in his or her current House under the term-limit provisions, the Legislator is not eligible for the position of chair or vice chair of an interim committee during the legislative interim period that: (1) begins immediately after adjournment sine die of the last regular session in which the Legislator is eligible to serve in his or her current House; and (2) ends at the expiration of the Legislator's current term of office in that House. However, section 2 contains an exception for the position of Chair or Vice Chair of the Legislative Commission. Sections 3, 7, 8, 11-14 and 49 of this bill make conforming changes.~~**]**

Under existing common-law principles of parliamentary law, the chair of a committee serves as the presiding officer of the committee and may take, direct or require any necessary and reasonable actions to carry out the committee's management, government, budget, meetings and proceedings, subject to the laws and rules governing the committee. In addition, if a vacancy occurs in the position of chair, or if the chair is prohibited or disqualified from participating or acting on a particular matter for any reason or is absent, disabled or otherwise unavailable or unable to carry out the position for any reason, the vice chair of the committee serves as the acting chair, with all the powers, privileges and immunities of the position of chair, until the vacancy is filled or the chair is eligible, available or able to carry out the position again, as applicable. (*Mason's Manual of Legislative Procedure* §§ 575-579, 608-611 (2020); Luther S. Cushing, *Elements of the Law & Practice of Legislative Assemblies* §§ 287, 308, 313, 314, 1910 (1856); *Hicks v. Long Branch Comm'n*, 55 A. 250, 250-51 (N.J. 1903)) To assist interim committees in conducting their legislative business consistently with existing common-law principles of parliamentary law, **sections 4-6** of this bill codify those existing common-law principles into the statutory provisions that apply to interim committees. (*Welfare Div. v. Maynard*, 84 Nev. 525, 529 (1968) ("A statutory enactment can be simply a legislative pronouncement of already existing law."); *State Gaming Comm'n v. Southwest Sec.*, 108 Nev. 379, 383-84 (1992))

Existing law: (1) establishes Joint Interim Standing Committees of the Legislature that may evaluate and review issues within the jurisdiction of the corresponding standing committees from the preceding regular session of the Legislature, exercise certain investigative powers and, under certain circumstances, conduct studies directed by the Legislature or the Legislative Commission; (2) provides for the appointment of regular members and ~~[~~alternative~~]~~ **alternate** members to each Joint Interim Standing Committee; and (3) requires the Legislative Commission to select a Chair and a Vice Chair for each Joint Interim Standing Committee. (NRS 218E.320, 218E.330)

Sections 8-10 of this bill clarify and revise various requirements governing the Joint Interim Standing Committees. **Section 8** of this bill **renames the Joint Interim Standing Committee on Natural Resources as the Joint**

Interim Standing Committee on Natural Resources and Public Lands. Sections 1, 15-17, 43 and 47.5 of this bill make conforming changes. Section 8 additionally requires the appointing authorities to appoint the committee members **~~[,]~~ for each Joint Interim Standing Committee,** along with the Chairs and Vice Chairs, not later than August 31 following the adjournment of each regular session. **Section 8** also clarifies the length of the terms that the committee members and the Chairs and Vice Chairs serve while qualified.

Section 9 of this bill authorizes the Joint Interim Standing Committees to begin holding their meetings on September 1 after the adjournment of each regular session, instead of November 1 under existing law. **Section 9** provides that if a regular member cannot attend a meeting of the Committee, an alternate member must **~~[, to the extent practicable,]~~** be of the same political party as the regular member, and **section 9** clarifies that, when acting in place of a regular member, an alternate member has all the powers, privileges and immunities of a regular member.

Existing law requires that any recommended legislation proposed by a Joint Interim Standing Committee must be approved by a majority of the members of the Senate and a majority of the members of the Assembly serving on the Committee. (NRS 218E.325) **Section 9** changes this requirement by providing that any recommended legislation proposed by a Committee must be approved by a vote in favor of such legislation by at least five members of the eight-member Committee, regardless of their House.

Existing law requires the Joint Interim Standing Committee on Legislative Operations and Elections to evaluate and review issues relating to governmental purchasing. (NRS 218E.330) **Section 10** of this bill transfers such duties to the Joint Interim Standing Committee on Government Affairs. **Section 44** of this bill makes a conforming change to require that the biennial report on recommendations for legislation relating to government purchasing be submitted to the Joint Interim Standing Committee on Government Affairs.

Existing law creates the Subcommittee on Public Lands of the Joint Interim Standing Committee on Natural Resources and prescribes the Subcommittee's powers and duties. (NRS 218E.500-218E.525, NRS 321.7355) **Sections 15-17, 43 and 51** of this bill eliminate the Subcommittee and transfer its powers and duties to the **renamed** Joint Interim Standing Committee on Natural Resources **~~[,]~~ and Public Lands. Section 16 of this bill requires the renamed Joint Interim Standing Committee on Natural Resources and Public Lands to hold at least three meetings during each legislative interim where the primary physical location of the meeting is located in a different county for each such meeting other than Clark County, Washoe County or Carson City. However, section 16 does not prohibit the use of authorized remote-technology systems for each such meeting, including when necessary to connect the primary physical location of the meeting to additional physical locations for the meeting in Clark County, Washoe County or Carson City.**

Existing law creates: (1) the Legislative Committee for the Review and Oversight of the Tahoe Regional Planning Agency and the Marlette Lake Water System; and (2) the Legislative Committee on Senior Citizens, Veterans and Adults With Special Needs. (NRS 218E.550-218E.570, 218E.745-218E.760) **Sections 18 and 19** of this bill revise the membership, organization and operations of each Legislative Committee.

Existing law creates the Sunset Subcommittee of the Legislative Commission. (NRS 232B.210-232B.250) **Sections 33-40** of this bill: (1) rename the Sunset Subcommittee as the Sunset Committee of the Legislature; and (2) revise the membership, organization and operations of the Sunset Committee.

Existing law authorizes Joint Interim Standing Committees and other interim committees to request the drafting of a certain number **of** legislative measures for each regular session. (NRS 218D.160) **Section 1** of this bill revises the number of such requests that may be made by ~~**[**: (1) the Joint Interim Standing Committee on Health and Human Services; (2) the Joint Interim Standing Committee on the Judiciary; (3) the Joint Interim Standing Committee on Natural Resources; and (4)**]**~~ the Sunset Committee of the Legislature.

Existing law requires the Joint Interim Standing Committee on Health and Human Services to review certain regulations that are proposed or adopted by certain licensing boards and that are related to health care. (NRS 439B.225) **Section 51** of this bill repeals the requirement that the Joint Interim Standing Committee on Health and Human Services review such regulations. **Sections 41 and 42** of this bill make conforming changes to eliminate the requirement that such regulations be submitted to the Joint Interim Standing Committee on Health and Human Services.

Existing law requires a teacher who wishes to serve on the Nevada State Teacher Recruitment and Retention Advisory Task Force to submit an application to the Joint Interim Standing Committee on Education on or before January 15 of an even-numbered year. (NRS 391.494) **Section 46** of this bill moves the due date of the application from January 15 of an even-numbered year to December 1 of an odd-numbered year.

Existing law requires various reports, documents and other information to be compiled by state or local governmental agencies and then reported to certain legislative committees or staff. (NRS 193.309, 209.192, 209.461, 209.4818, 332.215, 388.887, 449.242) **Sections 29-32, 44, 45 and 47** of this bill revise those reporting requirements.

Under existing law, the Nevada Lobbying Disclosure and Regulation Act (Lobbying Act) prohibits, with certain exceptions, Legislators, legislative officers and legislative staff members from knowingly or willfully soliciting or accepting any gift from a lobbyist, whether or not the Legislature is in a regular or special session. (NRS 218H.060, 218H.090, 218H.930) Under existing exceptions to the gift prohibitions, if Legislators or members of their households receive anything of value from a lobbyist to undertake or attend

any educational or informational meetings, events or trips, such meetings, events or trips are excluded from the term "gift" under the Lobbying Act, but the Legislators are required to report the educational or informational meetings, events or trips on their financial disclosure statements under the Nevada Financial Disclosure Act (Financial Disclosure Act). (NRS 218H.045, 218H.060, 281.5583, 281.571)

Sections 20-27 of this bill create exceptions for legislative committee investigative meetings, events or trips. **Section 22** of this bill defines a "legislative committee investigative meeting, event or trip" to include any meetings, events or trips that the chair of a legislative committee authorizes as official meetings, events or trips of the committee in order for the members of the committee and legislative staff members to investigate or otherwise receive any education or information on matters that are pertinent to the committee's legislative business or possible future legislative action. Based on the exceptions in **sections 24 and 26** of this bill, such legislative committee investigative meetings, events or trips are not required to be reported on financial disclosure statements under the Financial Disclosure Act. (NRS 281.5583, 281.5585)

Sections 24 and 26 also make the existing exceptions for educational or informational meetings, events or trips applicable to: (1) legislative officers, such as the Secretary of the Senate and the Chief Clerk of the Assembly; and (2) legislative staff members but only if such staff members have the approval of their chief administrative supervisors to undertake or attend the educational or informational meetings, events or trips. Because the Financial Disclosure Act applies to legislative officers, such as the Secretary of the Senate and the Chief Clerk of the Assembly, and to certain senior staff members of the Legislative Counsel Bureau, such as the Director and the chiefs of the divisions, they are required to report the educational or informational meetings, events or trips on financial disclosure statements. By contrast, if rank-and-file legislative staff members have the approval of their chief administrative supervisors to undertake or attend any educational or informational meetings, events or trips, they are not required to report the educational or informational meetings, events or trips on financial disclosure statements, unless they qualify as a public officer or candidate or a member of a public officer's or candidate's household for the purposes of the Financial Disclosure Act. (NRS 281.005, 281.558, 281.5583, 281.5587)

Section 15 of Assembly Bill No. 243 First Reprint is hereby amended as follows:

Sec. 15. NRS 218E.500 is hereby amended to read as follows:

218E.500 The Legislature finds and declares that:

1. Policies and issues relating to public lands and state sovereignty as impaired by federal ownership of land are matters of continuing concern to this State.

2. This concern necessarily includes an awareness that all federal statutes, policies and regulations which affect the management of public lands are likely

to have extensive effects within the State and must not be ignored or automatically dismissed as beyond the reach of the state's policymakers.

3. Experience with federal regulations relating to public lands has demonstrated that the State of Nevada and its citizens are subjected to regulations which sometimes are unreasonable, arbitrary, beyond the intent of the Congress or the scope of the authority of the agency adopting them and that as a result these regulations should be subjected to legislative review and comment, and judicially tested where appropriate, to protect the rights and interests of the State and its citizens.

4. Other western states where public lands comprise a large proportion of the total area have shown an interest in matters relating to public lands and those states, along with Nevada, have been actively participating in cooperative efforts to acquire, evaluate and share information and promote greater understanding of the issues. Since Nevada can both contribute to and benefit from such interstate activities, it is appropriate that ~~[a subcommittee on matters relating to public lands]~~ ***the Joint Interim Standing Committee on Natural Resources and Public Lands*** be assigned primary responsibility for participating in them.

As used in this subsection, "authorized remote-technology system" has the meaning ascribed to it in NRS 218A.806.

2. In addition to any other powers or duties, the Committee may:

(a) Review and comment on any administrative policy, rule or regulation of the:

(1) Secretary of the Interior which pertains to policy concerning or management of public lands under the control of the Federal Government; and

(2) Secretary of Agriculture which pertains to policy concerning or management of national forests;

The following Senate amendment was read:

Amendment No. 977.

AN ACT relating to public employees; revising certain provisions relating to the negotiation, mediation and arbitration of collective bargaining agreements with the Executive Department of the State Government; **making an appropriation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes certain groups of employees in the classified service of the Executive Department of the State Government to engage in collective bargaining with the Executive Department concerning wages, hours and other terms and conditions of employment for such employees. (NRS 288.400-288.630) In general, a collective bargaining agreement for such a group of employees must begin on July 1 of an odd-numbered year and must end on June 30 of the next odd-numbered year. (NRS 288.550)

Existing law requires the Governor to designate a representative to conduct negotiations concerning collective bargaining agreements on behalf of the Executive Department and requires negotiations between the representative of the Executive Department and the exclusive representative of a bargaining unit to begin within 60 days after one party notifies the other party of the desire to negotiate or November 1 of each even-numbered year, whichever is earlier. (NRS 288.565) **Section 1** of this bill requires such negotiations to begin on or before October 1, rather than November 1, of each even-numbered year.

Existing law authorizes either the representative of the Executive Department or the exclusive representative of a bargaining unit to request a mediator if the parties do not reach a collective bargaining agreement within 120 days after beginning negotiations or February 1 of an odd-numbered year, whichever is earlier, unless the parties agree on a later date. (NRS 288.570) **Section 1** requires the representative of the Executive Department and the exclusive representative of a bargaining unit, before engaging in collective

bargaining, to: (1) select a mediator and an arbitrator for the purposes of potential mediation and arbitration; and (2) to the extent possible, determine and reserve with the mediator and arbitrator selected by the parties the calendar days when such mediation and arbitration would occur should the parties not reach a collective bargaining agreement.

If the representative of the Executive Department and the exclusive representative of a bargaining unit do not reach a collective bargaining agreement through mediation within 21 days after the appointment of a mediator, mediation is required to cease and the parties are required to begin arbitration proceedings on or before March 1 unless the parties agree on a later date. The arbitrator is then required to render a decision on or before March 15 unless the parties agree on a later date. (NRS 288.575) If the parties do not reach a collective bargaining agreement through mediation, **section 3** of this bill requires mediation to cease and the parties to begin arbitration proceedings within 10 days, rather than 21 days, after the appointment of a mediator. **Section 3**: (1) requires arbitration proceedings to begin on or before February 15, rather than March 1; and (2) requires the arbitrator to render a decision on or before March 5, rather than March 15. **Section 3.5 of this bill makes an appropriation to the Division of Human Resource Management of the Department of Administration for costs relating to the prescheduling of arbitrations and mediations.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Governor's message stating his objections read.

OFFICE OF THE GOVERNOR

June 3, 2023

THE HONORABLE STEVE YEAGER, SPEAKER OF THE NEVADA STATE ASSEMBLY, Nevada Legislature, 401 South Carson Street, Carson City, Nevada 89701

Re: Assembly Bill 11 of the 82nd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 11 ("AB 11"), which is titled as follows:

> AN ACT relating to health care; prohibiting a hospital or psychiatric hospital from employing a physician under certain circumstances; providing penalties or a violation of such prohibition; prohibiting a hospital from taking measures to restrict certain activity of a provider of health care who is employed by or serves as an independent contractor of the hospital; and providing other matters properly relating thereto.

Although protecting patients is an important priority, AB 11 does not accomplish that goal. This bill prohibits hospitals from directly employing physicians. In Nevada, we are unfortunately already facing a shortage of healthcare providers.

This bill would decrease access to care for Nevadans by placing significant burdens on the ability to recruit physicians to Nevada. Most states allow hospitals to employ physicians and most physicians prefer being involved in an employment relationship with their hospital. By eliminating hospitals' ability to directly employ physicians, we may exacerbate current recruitment shortfalls by disincentivizing both experienced and young physicians from coming to Nevada to seek employment. Not to mention, this bill would potentially serve as an incentive for current Nevada physicians who prefer employment to independent contracting to leave Nevada altogether.

Moreover, access to physicians is critical to maintaining the health and wellness of Nevadans. This bill would remove long-standing policies which have incentivized physicians to accept employment at 501(c)(3) not-for-profit hospitals and various government employers. In this regard, AB 11 would eliminate the ability for physicians to qualify for student loan forgiveness upon accepting such employment, thereby decreasing access to quality physicians in those hospitals - which currently serve over 35% of Medicaid inpatients.

Since this bill would only serve to increase critical healthcare shortages across the state, specifically those in disadvantaged communities, I cannot support it.

For these reasons, I veto this bill and return it to you without my signature or approval.

Respectfully submitted,
JOE LOMBARDO

THE HONORABLE STEVE YEAGER, SPEAKER OF THE NEVADA STATE ASSEMBLY, Nevada Legislature, 401 South Carson Street, Carson City, Nevada 89701

Re: Assembly Bill 97 of the 82nd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 97 ("AB 97"), which is titled as follows:

> AN ACT relating to government administration; providing, with certain exceptions, that governmental entities shall not prohibit the use of certain refrigerants; and providing other matters properly relating thereto.

AB 97 was aimed at addressing an important goal for Nevada - to curb the use of certain refrigerants which have been associated with negative environmental impacts. This bill would have enabled the State to execute refrigerant replacement efforts.

That said, this bill unfortunately goes one step too far in its aim to limit such refrigerant use. Currently, many large-scale buildings provide cool air throughout the facility using evaporative cooling mechanisms. This bill would not only allow a government entity to prohibit the use of such systems in the future, as is already done in Clark County, but would potentially require the removal of such a system already in place. An ordinance requiring that sort of removal would place an outrageous cost-burden on many recreational, governmental, and business facilities throughout the state.

The language of concern from Section 1, Subsection 2 is as follows:

> *2. The governing body of any city or county or any other governmental entity may adopt* a *building code, ordinance or take any other action to prohibit the construction* ***or use of*** *an evaporative cooling mechanism or restrict water service to properties that utilize such a mechanism.* (Emphasis added).

The use of the phrase *"or use of"* in this section codifies an unprecedented ability for any city, county, or other governmental entity to enact an ordinance restricting the use of existing evaporative cooling systems in their jurisdiction, placing a significant financial burden on schools, hospitals, offices, hotels, casinos, and many other facility types that continue to use these systems for indoor climate control.

Since AB 97 places a potentially extreme and unfounded cost-burden on large-scale cooling systems across Nevada, I cannot support it.

For these reasons, I veto this bill and return it to without my signature or approval.

Respectfully submitted,
JOE LOMBARDO

OFFICE OF THE GOVERNOR

June 5, 2023

THE HONORABLE STEVE YEAGER, SPEAKER OF THE NEVADA STATE ASSEMBLY, Nevada Legislature, 401 South Carson Street, Carson City, Nevada 89701

Re: Assembly Bill 250 of the 82nd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 250 ("AB 250"), which is titled as follows:

> AN ACT relating to health care; prohibiting certain actions related to pricing and reimbursement for certain drugs; creating a cause of action for violating such prohibitions; and providing other matters properly relating thereto.

AB 250 inappropriately relies on Medicare's Maximum Fair Price ("MFP") - a concept created in the federal Inflation Reduction Act ("IRA") and signed into law a mere eight months ago. AB 250 prohibits purchases or reimbursements above the MFP. That said, MFPs are not reference prices or objective external benchmarks; rather, they are prices that manufacturers are compelled to make available with respect to Medicare beneficiaries because failure to do so will result in an

excise tax, really a penalty, of an amount up to 1900% of daily sales and, potentially, an exclusion from doing business with Medicare and Medicaid in the future.

State reliance on the MFP would upend the balance that Congress struck when it carefully determined the scope and breadth of transactions subject to an MFP. The more states and commercial entities treat the MFP as a benchmark, the less likely certain manufacturers may be to participate in federal healthcare programs or to continue seriously investing in marketing to Nevadans in need of care. This is undoubtedly why Congress explicitly restricted the obligation to provide access to the MFP to units furnished or dispensed to Medicare beneficiaries.

Critically, AB 250 would set arbitrary price caps in Nevada based on federal decisions with no review or consideration from state stakeholders. These caps could restrict patients' access to medicines and result in less innovative treatments for patients:

Patient access to medication and treatment is critical, but even more important is research and development into medical innovation. Though price-setting policies are often aimed at the admirable goal of increasing access to care, the unintended consequence of many, if not most, related pricing regulations has been a decrease in innovation as bureaucratic entities tend to focus their investments into on the policies or diseases they determine to be the most worthy of support–not on patient-outcomes.

Moreover, AB 250 ignores existing and potentially ongoing issues with the prescription drug supply chain. Many pharmacies and hospitals purchase medicines through national or regional buying groups, or national contracts based on national pricing indexes. Though those transactions would be subject to the price limits in this bill, in-state providers would still only be able to charge patients for the maximum in-state price. Effectively, this means providers would be forced to charge less than they actually pay for those products–an untenable result which would require providers to choose whether to continue providing certain medications or to discontinue purchasing those medications altogether. These circumstances would detrimentally impact both our patients and providers.

Since AB 250 would ultimately lead to higher costs and less accessibility to certain forms of care, I cannot support it

For these reasons, I veto this bill and return it without my signature or approval.

Respectfully submitted,
JOE LOMBARDO
Governor of Nevada

Amendment No. 947.

AN ACT relating to dentistry; requiring dental hygienists and dental therapists to comply with certain requirements governing the provision of health care; requiring providers of dental care to receive training on teledentistry before providing services through teledentistry; prescribing certain requirements relating to the secure storage of electronic records; providing for the issuance of special endorsements for a dentist, dental hygienist or dental therapist to administer immunizations; imposing certain requirements relating to the administration of immunizations by the holder of such an endorsement; requiring a dentist or dental hygienist to refer a minor to a dental home when appropriate; deeming certain conduct by a provider of dental care to be unprofessional conduct; authorizing the imposition of disciplinary action against a dentist, dental hygienist or dental therapist for certain violations; requiring hospitals and issuers of Medicaid managed care

plans to take certain measures to ensure access by recipients of Medicaid to teledentistry; imposing certain requirements relating to the provision of services through teledentistry; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "provider of health care" as a person who practices certain professions related to the provision of health care. (NRS 629.031) Existing law imposes certain requirements upon providers of health care, including requirements for billing, standards for advertisements and criminal penalties for acquiring certain debts. (NRS 629.071, 629.076, 629.078) **Section 1** of this bill includes dental hygienists and dental therapists in the definition of "provider of health care," thereby subjecting dental hygienists and dental therapists to those requirements.

Existing law defines the term "telehealth" to mean the delivery of services from a provider of health care to a patient at a different location through the use of information and audio-visual communication technology, not including facsimile or electronic mail. (NRS 629.515) **Section 5** of this bill defines the term "teledentistry" to mean the use of telehealth by a dentist, dental hygienist or dental therapist to facilitate the diagnosis, treatment, education, care management and self-management of or consultation with a patient. **Sections 3, 4 and 6** of this bill define certain other terms related to teledentistry. **Section 20** of this bill makes a conforming change to indicate the proper placement of **sections 3-6** in the Nevada Revised Statutes.

Section 7 of this bill requires a person who provides services through teledentistry to a patient located in this State to be licensed in this State as a dentist, dental hygienist or dental therapist, to have completed certain training and to adhere to the applicable laws, regulations and standards of care to the same extent as when providing services in person. **Section 8** of this bill requires a dentist, dental hygienist or dental therapist who provides services through teledentistry to patients in this State to be insured against liabilities arising from dental services provided through teledentistry. **Section 9** of this bill authorizes the use of teledentistry for certain purposes relating to the provision of a diagnosis. **Section 10** of this bill requires a dentist, dental hygienist or dental therapist to establish a bona fide relationship with a patient, confirm certain facts about a patient and obtain informed consent before providing services through teledentistry. **Section 10 also requires a dentist, dental hygienist or dental therapist to provide certain information to a patient receiving services through teledentistry concerning the license and practice of the dentist, dental hygienist or dental therapist before providing the services and upon request of a patient.** **Section 11** of this bill requires a dentist, dental hygienist or dental therapist to: (1) use communications technology that complies with certain federal requirements relating to the privacy of information relating to patients when providing services through teledentistry; and (2) create a complete record of each encounter with a patient through teledentistry. **Section 12** of this bill imposes

certain requirements to ensure that adequate, in-person care is available to a patient who receives services through teledentistry, if needed. **Section 13** of this bill requires the Board of Dental Examiners of Nevada to adopt regulations governing teledentistry. **Section 40.5 of this bill requires the Board to report to the Joint Interim Standing Committee on Commerce and Labor on or before January 1, 2024, concerning the adoption of those regulations.**

Sections 21 and 40 of this bill require an applicant for a license to practice dentistry, dental therapy or dental hygiene or the holder of such a license who intends to provide services through teledentistry to complete certain training on teledentistry. **Section 22** of this bill makes a conforming change to revise a reference to the section of existing law amended by **section 21**. **Section 24** of this bill requires the Board to adopt regulations prescribing specific criteria for the accreditation of a course in teledentistry.

Section 14 of this bill prescribes certain requirements for the secure storage of electronic information concerning patients.

Section 25 of this bill provides that it is unprofessional conduct for which the Board is authorized to impose disciplinary action if a dentist, dental hygienist or dental therapist: (1) fails to actively involve a patient in decisions relating to his or her treatment; ~~[or]~~ (2) requires a patient to enter into an agreement that restricts the ability of the patient to submit a complaint to the Board~~.~~**; (3) fails to review certain radiographs before an initial diagnosis and correction of malpositions of teeth or the initial use of orthodontic appliances; or (4) fails to provide the information required by section 10.**

Sections 30, 38 and 39 of this bill require hospitals and issuers of plans that provide coverage to recipients of Medicaid, including managed care plans, to take certain measures to improve the access of recipients of Medicaid to teledentistry. **Sections 31-37** of this bill make conforming changes to indicate the proper placement of **section 30** in the Nevada Revised Statutes and provide for the enforcement of the requirements of **section 30**. **Section 19.5** of this bill requires a dentist, dental therapist or dental hygienist performing an initial dental examination, screening or assessment on a minor to refer the minor or his or her parent or guardian to a dental home if appropriate.

Existing law authorizes, in general, a dental hygienist or dental therapist to perform only the tasks authorized by a licensed dentist. (NRS 631.310, 631.3122) **Section 15** of this bill requires the Board to issue to a licensed dentist, dental hygienist or dental therapist a special endorsement to administer immunizations only if the licensed dentist, dental hygienist or dental therapist completes a course of training in the administration of immunizations that is approved by the Board. **Section 24** prescribes the continuing education required to maintain such an endorsement.

Section 17 of this bill requires a dentist who holds a special endorsement to administer immunizations issued pursuant to **section 15** and who administers immunizations, or under whose authorization a dental hygienist or dental therapist administers immunizations, to: (1) issue or obtain from certain persons a standing order for the administration of the immunizations; (2)

establish certain policies and procedures relating to the administration of immunizations; and (3) comply with the instructions of the manufacturer of an immunization and certain federal guidelines for administering immunizations. **Section 18** of this bill requires a dentist, dental hygienist or dental therapist to: (1) provide certain information to the patient, obtain the informed written consent of the patient and review the medical history of the patient before administering an immunization; and (2) thereafter, act in conformance with the conclusions of a physician, physician assistant or advanced practice registered nurse regarding the advisability of administering an immunization to a patient. **Section 19** of this bill requires a dentist, dental hygienist or dental therapist who holds a special endorsement to administer immunizations to maintain certain records of the administration of immunizations. **Section 25** provides that it is unprofessional conduct, for which the Board is authorized to impose disciplinary action, for a dentist, dental hygienist or dental therapist to: (1) administer an immunization without the proper special endorsement; or (2) fail to comply with existing requirements to report certain information relating to immunizations. The Board would also be authorized under existing law to impose disciplinary action against a dentist, dental hygienist or dental therapist who willfully or repeatedly violates other provisions of this bill governing the administration of immunizations. 2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate, including, without limitation, electronically, the confidential information from the information included in the public book or record that is not otherwise confidential.

4. If requested, a governmental entity shall provide a copy of a public record in an electronic format by means of an electronic medium. Nothing in this subsection requires a governmental entity to provide a copy of a public record in an electronic format or by means of an electronic medium if:

(2) Require the production of information that is confidential and that cannot be redacted, deleted, concealed or separated from information that is not otherwise confidential.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

(b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare the copy of the public record and shall not require the person who has requested the copy to prepare the copy himself or herself.

AN ACT relating to industrial insurance; ~~[requiring]~~ **revising requirements for the administration of certain insurance claims and the maintenance and accessibility of certain insurance records; removing the requirement that certain entities maintain a telephone service to accept collect calls from injured employees; revising the circumstances under which** the Administrator of the Division of Industrial Relations of the Department of Business and Industry **is authorized to remove a physician or chiropractic physician from a list or panel of physicians and chiropractic physicians who may provide certain services relating to the Nevada Industrial Insurance Act; requiring the Administrator to publish certain reports; authorizing certain physicians and chiropractic physicians to decline to perform certain evaluations; revising procedures for the selection of a physician or chiropractic physician to perform certain evaluations and examinations; revising provisions relating to independent medical examinations; revising provisions relating to benefits for a permanent partial disability; revising provisions relating to an appeal of certain determinations of the Administrator; revising procedures for the reimbursement of an insurer that pays for an increase in certain compensation or benefits; requiring the Administrator** to post certain information on the Internet website of the Division; increasing the amount of certain penalties for certain violations of the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act; revising provisions relating to the imposition and payment of benefit penalties; revising certain requirements for certain investigations conducted by the Administrator; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Nevada Industrial Insurance Act and the Nevada Occupational Diseases Act, which provide for the payment of compensation to employees who are injured or disabled as the result of an occupational injury or occupational disease. (Chapters 616A-616D and 617 of NRS)

Existing law requires certain insurers to maintain an office in this State that is operated by the insurer or its third-party administrator and to provide access to files relating to industrial insurance claims at that office. (NRS 616B.021, 616B.027) Section 3 of this bill requires the insurer to make such files available for inspection and reproduction by electronic means or at an office operated by the insurer or its third-party administrator located in this State. Section 3 also authorizes the insurer

to keep physical records concerning a claim filed in this State at a location outside this State if those records are made available for inspection and reproduction in certain electronic forms or at an office located in this State.

Section 4 of this bill permits an insurer to keep reproductions of certain files rather than original copies at an office in this State operated by the insurer or its third-party administrator. Section 4 also removes the requirement that an insurer accept collect calls from injured employees.

Existing law requires a person who acts as a third-party administrator pursuant to the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act to administer claims arising under each plan of insurance that the person administers from one or more offices located in this State and maintain in those offices all records concerning those claims. (NRS 616B.503) Section 5 of this bill removes that requirement. Instead, section 2 of this bill establishes certain authorizations and requirements concerning the administration of claims arising under the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act. Section 2 authorizes certain employees and third-party administrators of private carriers to administer such claims from a location outside this State and stipulates how records concerning such claims must be maintained. Section 2 also authorizes certain other employees of a private carrier and certain third-party administrators to administer such claims only from one or more offices located in this State and requires that records relating to such claims be maintained at those offices. Section 4 requires certain employees and third-party administrators who administer a claim from a location outside this State to make themselves available to communicate in real time with a claimant or a representative of the claimant at certain times.

Existing law requires the Commissioner of Insurance to take certain disciplinary action against a third-party administrator for certain violations. (NRS 616B.506) Section 6 of this bill requires the Commissioner to also take such disciplinary action against a third-party administrator who violates the provisions of section 2.

Existing law requires an insurer to keep a list of physicians and chiropractic physicians from which an injured employee may choose to receive treatment from a panel established and maintained by the Administrator of the Division of Industrial Relations of the Department of Business and Industry. Existing law also sets forth procedures and limitations governing the removal of a physician or chiropractic physician from an insurer's list. (NRS 616C.087, 616C.090) Section 9 of this bill expands the circumstances under which a physician or chiropractic physician may be involuntarily removed from an insurer's list and requires the Administrator to adopt certain regulations. Section 10 of this bill revises the reasons for which a physician or chiropractic physician may be removed from a panel and authorizes a physician or chiropractic

physician who has been removed from a panel to reapply for inclusion under certain circumstances.

Existing law provides that an employee who is injured by an accident arising out of and in the course of employment is entitled to receive compensation under the Nevada Industrial Insurance Act for a permanent partial disability which is rated during an evaluation by certain physicians or chiropractic physicians. (NRS 616C.490) Section 17 of this bill revises the methodology by which those physicians or chiropractic physicians are selected to perform such an evaluation and authorizes such a physician or chiropractic physician to decline to perform an evaluation under certain circumstances. Sections 7 and 17 require the Administrator to prepare annual and quarterly reports relating to the frequency with which those physicians and chiropractic physicians perform such evaluations and certain other examinations.

Existing law authorizes an injured employee, subject to various requirements and restrictions, to obtain an independent medical examination concerning an injury that is the subject of a claim filed pursuant to the Nevada Industrial Insurance Act. (NRS 616C.145) Section 12 of this bill provides that such an injured employee is entitled to request such an independent examination for a permanent partial disability under certain circumstances. Section 12 also identifies the method by which the rate of reimbursement relating to certain independent medical examinations must be determined and authorizes an insurer to recover the cost of certain examinations under certain circumstances.

Existing law sets forth the method by which a physician or chiropractic physician is selected under certain circumstances to determine the percentage of disability of an injured employee. (NRS 616C.100, 616C.330, 616C.360) Sections 11, 15 and 16 of this bill require, with certain exceptions, that such physicians and chiropractic physicians be selected at random from a list maintained by the Administrator.

Existing law provides that a claimant under the Nevada Industrial Insurance Act may elect to receive payment for a permanent partial disability in a lump sum under certain circumstances. (NRS 616C.495) Section 18 of this bill requires an insurer to use the actuarial annuity tables adopted by the Division that are in effect on the date on which the claimant elects payment in a lump sum to calculate the present value of the lump sum payable.

Existing law authorizes an insurer or employer who pays an annual increase in compensation for a permanent total disability to a claimant or dependent who is entitled to such compensation due to certain industrial injuries or disablements to obtain reimbursement from the Administrator and sets forth the procedure for obtaining such reimbursement. (NRS 616C.266) Similarly, existing law entitles an insurer who pays an increase in certain death benefits to be reimbursed annually for the

amount of that increase and sets forth procedures for obtaining such reimbursement. (NRS 616C.268) Sections 13 and 14 of this bill revise the procedures governing the issuance of such reimbursement to an insurer and impose various requirements on the Administrator with respect to such reimbursement.

Existing law requires the Administrator ~~[of the Division of Industrial Relations of the Department of Business and Industry]~~ under certain circumstances to order an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization to pay a claimant a benefit penalty in an amount not less than $5,000 and not greater than $50,000 for refusing to process a claim for compensation **_**~~[, refusing to pay or unreasonably delaying payment to a claimant of compensation or other relief found to be due]~~ or committing certain other violations of the Nevada Industrial Insurance Act or the Nevada Occupational Diseases Act. (NRS 616D.120) **Section ~~[2]~~ 20** of this bill increases the amount of that benefit penalty to not less than $17,000 and not greater than $120,000. **Section ~~[2]~~ 20** also extends from 10 days to 15 days the time in which a benefit penalty must be paid to a claimant after the Administrator determines the amount of the benefit penalty. **Section ~~[1.5]~~ 19** of this bill requires the Administrator to publish, maintain and make available to the public on the Internet website of the Division certain information relating to benefit penalties imposed by the Administrator.

Existing law sets forth procedures by which a person may contest a decision of the Administrator to impose or refuse to impose a benefit penalty. Under existing law, a person who is aggrieved by a failure of the Administrator to respond to a written request for a determination within 90 days after the request is mailed to the Administrator may appeal the failure to respond by filing a request for a hearing within 100 days after the unanswered written request was mailed to the Administrator. (NRS 616D.140) **Section ~~[4]~~ 22** of this bill revises those provisions to instead authorize a person who is aggrieved by the failure of the Administrator to respond to a complaint alleging that an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization has committed certain violations within 120 days after the Administrator receives the complaint to appeal the failure to respond by filing a request for a hearing within 150 days after the receipt of the complaint. **Section ~~[4]~~ 22** also: (1) requires a party who unsuccessfully appeals the imposition of a benefit penalty to pay a claimant double the amount of the benefit penalty initially imposed; (2) establishes certain requirements for when a benefit penalty must be paid; and (3) authorizes the Commissioner of Insurance to suspend a certification issued to an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization under certain circumstances.

Existing law requires the Administrator, upon receipt of a complaint or if the Administrator has reason to believe that certain provisions of the Nevada

Industrial Insurance Act have been violated, to cause an investigation to be conducted and render a determination concerning those violations. (NRS 616D.130) **Section ~~[3]~~ 21** of this bill broadens the circumstances under which the Administrator is required to cause an investigation to be conducted and requires the Administrator to: (1) provide the Commissioner and the suspected violator with a copy of the complaint or an explanation of the reason why the Administrator believes a violation has occurred and a copy of the determination rendered on the matter; and (2) include with the Administrator's determination any settlement agreement relating to the violation. **Section ~~[3]~~ 21** also revises the time in which the Administrator must complete certain actions pursuant to the investigation.

3. An injured employee whose employer's insurer has not entered into a contract with an organization for managed care or with providers of health care pursuant to NRS 616B.527 may choose a treating physician or chiropractic physician from the panel of physicians and chiropractic physicians. If the injured employee is not satisfied with the first physician or chiropractic physician he or she so chooses, the injured employee may make an alternative choice of physician or chiropractic physician from the panel if the choice is made within 90 days after his or her injury. The insurer shall notify the first physician or chiropractic physician in writing. The notice must be postmarked within 3 working days after the insurer receives knowledge of the change. The first physician or chiropractic physician must be reimbursed only for the services the physician or chiropractic physician, as applicable, rendered to the injured employee up to and including the date of notification. Except as otherwise provided in this subsection, any further change is subject to the approval of the insurer or by order of a hearing officer or appeals officer. If the injured employee is not satisfied with the first physician or chiropractic physician he or she so chooses, the injured employee may make an alternative choice of physician or chiropractic physician pursuant to the terms of the contract without the approval of the insurer if the choice is made within 90 days after his or her injury. Except as otherwise provided in this subsection, any further change is subject to the approval of the insurer or by order of a hearing officer or appeals officer. A request for a change of physician or chiropractic physician must be granted or denied within 10 days after a written request for such a change is received from the injured employee. If the insurer takes no action on the request within 10 days, the request shall be deemed granted. If the injured employee, after choosing a treating physician or chiropractic physician, moves to a county which is not served by the organization for managed care or providers of health care named in the contract and the insurer determines that it is impractical for the injured employee to continue treatment with the physician or chiropractic physician, the injured employee must choose a treating physician or chiropractic physician who has agreed to the terms of that contract unless the insurer authorizes the injured employee to choose another physician or chiropractic physician. If the treating physician or chiropractic physician refers the injured employee to a specialist for treatment, the insurer shall provide to the injured employee a list that includes the name of each physician or chiropractic physician with that specialization who is available pursuant to the terms of the contract with the organization for managed care or with providers of health care pursuant to NRS 616B.527, as appropriate. Not later than 14 days after receiving the list, the injured employee shall select a physician or chiropractic physician from the list. If the employee fails to select a physician or chiropractic physician, the insurer may select a physician or chiropractic physician with that specialization. If a physician or chiropractic physician with that specialization is not available pursuant to the terms of the contract, the organization for managed care or the provider of health care may select a physician or chiropractic physician with that specialization.

5. If the injured employee is not satisfied with the physician or chiropractic physician selected by himself or herself or by the insurer, the organization for managed care or the provider of health care pursuant to subsection 4, the injured employee may make an alternative choice of physician or chiropractic physician pursuant to the terms of the contract. A change in the treating physician or chiropractic physician may be made at any time but is subject to the approval of the insurer or by order of a hearing officer or appeals officer. A request for a change of physician or chiropractic physician must be granted or denied within 10 days after a written request for such a change is received from the injured employee. If no action is taken on the request within 10 days, the request shall be deemed granted. Any request for a change of physician or

chiropractic physician must include the name of the new physician or chiropractic physician chosen by the injured employee. If the insurer denies a request for a change in the treating physician or chiropractic physician under this subsection, the insurer must include in a written notice of denial to the injured employee the specific reason for the denial of the request.

6. Except when emergency medical care is required and except as otherwise provided in NRS 616C.055, the insurer is not responsible for any charges for medical treatment or other accident benefits furnished or ordered by any physician, chiropractic physician or other person selected by the injured employee in disregard of the provisions of this section or for any compensation for any aggravation of the injured employee's injury attributable to improper treatments by such physician, chiropractic physician or other person.

7. The Administrator may order necessary changes in a panel of physicians and chiropractic physicians and shall ~~[suspend]~~ ***:***

9. If the Administrator receives notice pursuant to subsection 8, the Administrator shall:

(a) Conduct an investigation to determine whether the physician or chiropractic physician may remain on the panel for a discipline or specialization; and

(b) Publish or cause to be published on the Internet website of the Division not later than 90 days after receiving the notice the results of the investigation.

10. A physician or chiropractic physician who is removed from a panel as a practitioner of a discipline or specialization pursuant to paragraph (b) of subsection 7 may request, on a form prescribed by the Administrator, to be reinstated on a panel for that discipline or specialization if the physician or chiropractic physician demonstrates to the satisfaction of the Administrator that he or she accepts and treats injured employees for that discipline or specialization.

11. An injured employee may receive treatment by more than one physician or chiropractic physician:

(a) If the insurer provides written authorization for such treatment; or

(b) By order of a hearing officer or appeals officer.

~~[9.]~~ ***12.*** The Administrator shall design a form that notifies injured employees of their right pursuant to subsections 3, 4 and 5 to select an alternative treating physician or chiropractic physician and make the form available to insurers for distribution pursuant to subsection 2 of NRS 616C.050.

2. The results of a second determination made pursuant to subsection 1 may be offered at any hearing or settlement conference.
