The following amendment was proposed by the Committee on Education:

Amendment No. 612.

AN ACT relating to education; authorizing the board of trustees of a school district or governing body of a charter school to provide a stipend to **certain** teachers who teach pupils enrolled in a program of bilingual education; requiring information concerning such stipends to be included in certain reports prepared by the board of trustees of each school district and the governing body of each charter school; requiring the Commission on Professional Standards in Education to adopt regulations requiring teachers to hold an endorsement to teach pupils enrolled in a program of bilingual education; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Commission on Professional Standards in Education and requires the Commission to adopt regulations prescribing the qualifications for licensing teachers and other educational personnel. (NRS 391.011, 391.019) Under existing law, such regulations must include a requirement that to be eligible to teach in a field of specialization, a teacher is required to obtain from the Department of Education an endorsement in that field of specialization, unless the Superintendent of Public Instruction approves a request submitted by the board of trustees of a school district to employ licensed teachers who do not hold an endorsement to teach in a subject area for which there is a shortage of teachers at a public school within the district. (NRS 391.019, 391.125) Existing regulations: (1) require that to teach pupils enrolled in a program of bilingual education, a person must hold an

endorsement issued by the Department to teach pupils in a program of bilingual education and pass an examination or assessment to demonstrate language proficiency; and (2) establish the requirements for a person to obtain such an endorsement. (NAC 391.059, 391.242) **Section 4** of this bill specifically requires the regulations adopted by the Commission to include a requirement that to teach pupils enrolled in a program of bilingual education, a person must hold an endorsement issued by the Department to teach pupils in a program of bilingual education. **Section 3** of this bill authorizes the board of trustees of a school district or the governing body of a charter school to provide a stipend of $2,500 each school year to each teacher who is assigned to teach pupils enrolled in a program of bilingual education and who **: (1)** holds an endorsement to teach pupils enrolled in a program of bilingual education~~.~~**; or (2) is currently enrolled in a course of study or program of preparation that will satisfy the educational requirements to obtain an endorsement to teach pupils enrolled in a program of bilingual education and is authorized by law to teach pupils enrolled in such a program.** If such a stipend is provided by a school district which has more than 100,000 pupils enrolled in its public schools (currently Clark County School District) or a charter school, **section 3** requires such a stipend to be paid out of the budget of the local school precinct or charter school at which the teacher receiving the stipend is employed. For the purposes of **sections 3 and 4**, a "program of bilingual education" is defined as a program of instruction for English learners in which pupils are taught the English language and the content of other courses of study is taught in the pupil's primary language.

Existing law requires the board of trustees of each school district and the governing body of each charter school to submit an annual report to certain entities that includes certain information on budgets and expenditures. (NRS 387.303, 388A.345) **Sections 1 and 2** of this bill require such a report to additionally include information on the number of employees who received the stipend described in **section 3** in the preceding and then-current fiscal years.

Amendment No. 618.

AN ACT relating to education; authorizing a principal to assign a homeless pupil or a pupil in foster care to a temporary alternative placement under certain circumstances; revising the requirement for the principal of a school to

consult with certain persons before determining that a homeless pupil or a pupil in foster care is a habitual disciplinary problem; revising the procedure for the suspension of homeless pupils or pupils in foster care and the procedure for determining whether homelessness or placement in foster care is a factor in the behavior of certain pupils; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the process for the principal of a school to determine that a pupil who is 11 years of age or older and enrolled in the school is a habitual disciplinary problem. (NRS 392.4655) Under existing law, if a pupil who is 11 years of age or older is deemed a habitual disciplinary problem and the school has made a reasonable effort to complete a plan of action based on restorative justice with the pupil, the principal is generally authorized to suspend the pupil, or under extraordinary circumstances, expel the pupil from the school. (NRS 392.466) Existing law provides that before a pupil who is homeless or in foster care may be determined to be a habitual disciplinary problem, the principal is required to consult with certain persons. (NRS 392.4655) **Section 1.5** of this bill requires the principal to conduct a meeting with those persons rather than consult with those persons. **Section 1.5** also requires such a meeting concerning a pupil who is in foster care to additionally include the educational decision maker appointed for the pupil by a court under existing law. (NRS 432B.462)

Existing law requires that, to suspend from school a pupil who is homeless or has been placed in foster care for not more than 5 days, a determination must be made, after consultation with certain persons, that homelessness or being in foster care was not a factor in the behavior of the pupil. Under existing law, the person responsible for making such a determination is required to presume that homelessness or being in foster care was not a factor in the behavior and make the determination in consultation with certain persons. (NRS 392.466, 392.467) **Sections 2 and 3** of this bill authorize a principal to suspend a homeless pupil or a pupil in foster care for 5 days or less without consideration of whether being homeless or being in foster care was a factor in the behavior of the pupil and to consider such factors when the pupil is suspended for more than 5 days. ~~[On the 6th school day of a]~~ **As soon as practicable and not later than the 10th school day after the** pupil ~~[being]~~ **is** suspended, **sections 2 and 3** require the principal to consider whether the behavior was caused by or had a substantial relationship to the pupil being in foster care or being homeless during a meeting with certain persons who have an interest in the education of the pupil. If during such a meeting it is determined that the conduct was caused by or had a substantial relationship to the pupil being in foster care or being homeless, **sections 2 and 3** additionally require the principal to ~~[end]~~ **either: (1) end** the period of suspension and provide the pupil with behavioral and academic support ~~[.~~

~~Existing law authorizes the temporary removal of a pupil from a classroom or other premises of a public school under certain circumstances. Existing law~~

~~prohibits a principal from temporarily removing a pupil if the pupil is required to be suspended. (NRS 392.4645)]~~ **; or (2) assign the pupil to a temporary alternative placement for not more than 45 school days if the pupil is a habitual disciplinary problem or the behavior that led to the suspension consisted of, while at school or a school activity, possessing a dangerous weapon or firearm, engaging in certain actions relating to controlled substances or committing a battery intended to cause bodily injury.**

Section 1 of this bill authorizes a principal to ~~[temporarily remove a homeless pupil or a pupil in foster care]~~ **continue the temporary alternative placement of such a pupil** for ~~[not]~~ more than 45 days if the ~~[pupil is a habitual disciplinary problem or at school or a school activity possesses a dangerous weapon or firearm, engages in certain actions relating to controlled substances or commits a battery intended to cause bodily injury. If such a pupil is temporarily removed, section 1 additionally requires the]~~ principal ~~[to then review all relevant information to determine whether the behavior was caused by or substantially related to the pupil being homeless or in foster care.]~~ **determines that the continued temporary placement is necessary for the safety of the pupil or others. Section 1 requires the principal to make such a determination after holding a meeting with the local educational agency liaison for homeless pupils or educational decision maker of the pupil and a contact person at the school.** If the principal makes such a determination, **section 1** additionally requires the principal to ~~[hold a meeting with certain persons interested in the education of the pupil to review the pupil's academic plan for application to the temporary removal and make revisions to the plan.]~~ **provide targeted intervention to the pupil and notify the educational decision maker appointed for the pupil concerning the right to an evaluation to determine if the pupil is eligible for special education and related services. Additionally, section 1 requires the principal to hold a meeting to create a plan for the transition of the pupil from the temporary alternative placement if the pupil is assigned to a temporary alternative placement for more than 21 days.**

Sections 1.5-3 additionally require that the school have been given notice that the pupil is homeless or in foster care before the school is required to perform the tasks set forth in those sections.

Amendment No. 705.

AN ACT relating to professions; ~~[exempting certain persons from provisions of existing law governing certified court reporters and court reporting firms; providing for the certification, licensing and regulation of certified legal recorders and legal recording firms by]~~ **requiring** the Certified Court Reporters' Board of Nevada ~~[, requiring court reporters, legal recorders, court reporting firms and legal recording firms]~~ to ~~[provide]~~ **prescribe by regulation** certain ~~[transcripts and recordings to third-party requesters under certain circumstances; defining certain terms and revising certain terms relating to certified court reporters, certified legal recorders, court reporting firms and legal recording firms; revising the membership of the Board; authorizing the Board to refer certain violations to a district attorney or the Attorney General;]~~ **fees; authorizing a municipal court to designate a person who is not required to be a certified court reporter to operate certain sound recording equipment;** increasing the compensation for certain services provided by a court reporter in district court; ~~[providing a penalty;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth the Nevada Certified Court Reporters' and Licensed Court Reporting Firms' Law, which provides for the certification and regulation of certified court reporters and the licensure and regulation of court reporting firms by the Certified Court Reporters' Board of Nevada. (Chapter 656 of NRS) ~~[Existing law prohibits a person from engaging in the practice of court reporting without a valid certificate of registration as a certified court reporter. (NRS 656.145, 656.300) Sections 3.5, 4.7-10 and 11.5-15 of this bill provide for the certification and regulation by the Board of persons engaged in the "practice of legal recording," which section 5 defines to mean, in general, the recording of certain proceedings by the use of audio equipment, video cameras or any system of recording simultaneous audio and video. Section 5 designates a person certified by the Board to engage in the practice of legal recording as a "certified legal recorder." Section 3.5 requires the Board to adopt regulations governing certified legal video recorders that include, without limitation, the establishment of a provisional, basic and advanced certificate as a legal recorder.~~

~~Existing law prohibits a person from conducting business as a court reporting firm without a license issued by the Board. (NRS 656.185) Sections 3.5, 5.7, 11-12.6, 14 and 15 of this bill provide for the licensure and regulation by the Board of a "legal recording firm," which section 5 defines to mean, in general, a business entity that provides or arranges for certain services relating to certified legal recorders.~~

~~Sections 11.7-12.1 set forth certain fees and certain circumstances under which the Board is authorized to take certain disciplinary actions, including for engaging in certain activities involving legal recording without a certificate~~

~~or license. Section 12.6 authorizes the Board to refer matters involving certain violations to a district attorney or the Attorney General. Section 4.3 of this bill changes the name of the Nevada Certified Court Reporters' and Licensed Court Reporting Firms' Law to the Nevada Court Reporting and Legal Recording Law. Section 4.7 sets forth certain legislative declarations with respect to the certification and regulation of certified legal recorders.]~~

Existing law sets forth certain fees applicable to certified court reporters and court reporting firms. (NRS 656.220) Section 11.7 of this bill removes the amounts for such fees and instead requires the Board to prescribe by regulation initial reasonable fees for certified court reporters and court reporting firms. Section 11.7 requires those fees to be equal to the fees set forth in existing law as of December 31, 2025. Section 11.7 authorizes the Board, after prescribing such initial fees, to increase or decrease a fee by regulation to an amount that is not less than 90 percent and not more than 125 percent of the current fee. Section 17.5 of this bill provides that the existing fees remain in effect until the Board has established such fees by regulation. Sections 7 and 9 of this bill make conforming changes to reflect the requirement imposed in section 11.7 that the Board prescribe fees for certified court reporters by regulation.

Existing law authorizes certain courts and magistrates to designate a person who is not **required to be** a certified court reporter to operate sound recording equipment to record certain proceedings. (NRS 3.380, 4.400, 171.198) **Section 16.3** of this bill similarly authorizes a municipal court to make such a designation. ~~[Section 2 of this bill exempts a person so designated from the provisions of the Nevada Court Reporting and Legal Recording Law.~~

~~Section 5.3 of this bill replaces one member of the Board who is a certified court reporter with a member who is a certified legal recorder, who is required to have been actively engaged as a certified legal recorder for at least 5 years. Section 16.7 of this bill sets forth certain exceptions to those requirements for such a member who is appointed before January 1, 2031. Section 13 authorizes a person who holds a certificate of registration as a legal video recorder to use the title of "certified legal recorder" and the abbreviation "C.L.R." and prohibits any other person from using that title or abbreviation in connection with his or her profession or business.~~

~~Section 4 of this bill authorizes a person who is not a party to certain civil proceedings to request a copy of a transcript or legal record media of the proceeding from a court reporter, legal recorder, court reporting firm or legal recording firm with possession of the transcript or legal record media. Upon receipt of such a request, section 4 requires the court reporter, legal recorder or firm to notify the parties to the proceeding or their attorneys of: (1) the request; and (2) the name of the third-party requester. If the request is for a transcript or legal record media of the testimony of an expert witness, unless a court order prohibits provision of the transcript or record, section 4 requires the court reporter, legal recorder or firm to provide the transcript or legal record media to the third-party requester not later than 60 days after providing notice~~

~~of the request and upon receipt of a reasonable fee prescribed by the court reporter, legal recorder or firm. If the request is for a transcript or legal record media of the proceeding other than the testimony of an expert witness, section 4 authorizes any party to the proceeding to object to the provision of the transcript or video record media by providing written notice to the court reporter, legal recorder or firm, the parties to the proceeding or their attorneys and the third-party requester. If a party so objects, section 4 prohibits the court reporter, legal recorder or firm from providing the requested transcript or legal record media unless: (1) a court order authorizes provision of the transcript or legal record media; and (2) the third-party requester pays a reasonable fee prescribed by the court reporter, legal recorder or firm.~~

~~Existing law requires an applicant for a certificate of registration as a certified court reporter to take an examination administered by the Board. (NRS 656.160) Sections 7 and 8: (1) require, with certain exceptions, an applicant for a certificate of registration as a legal recorder to pass an examination administered by the Board and pay certain fees; and (2) establish certain requirements relating to such an examination. Section 9 revises the requirements for a person to be admitted to take an examination. Section 10 sets forth the circumstances under which an applicant is entitled to a certificate of registration as a legal recorder.~~

~~Section 12 sets forth circumstances under which the Board is authorized to refuse to issue, suspend or revoke a certificate of registration as a legal recorder.~~

~~Sections 14 and 15 set forth certain requirements and restrictions relating to the retention and alteration of legal record media by a person who holds a certificate as a legal recorder.~~**]**

Existing law sets forth the compensation that must be paid for various services provided by the official reporter or reporter pro tempore in a state district court. (NRS 3.370) **Section 16** of this bill increases the compensation that must be paid to such court reporters for certain transcription and reporting services.

[~~Section 17 of this bill authorizes a person or business who, on or before December 31, 2025, is engaged in the legal recording of certain proceedings by the use of audio equipment, video cameras or any system of recording simultaneous audio and video or is providing certain referral services relating to such recording without obtaining a certificate of registration or license, as applicable, to continue to engage in such activities until July 1, 2026, or such other date as the Board may prescribe by regulation.~~**]**

Amendment No. 733.

AN ACT relating to peace officers; revising the definition of "punitive action" as the term relates to certain peace officers; **prohibiting a law enforcement agency from denying an increase in seniority or compensation to a peace officer under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law: (1) prohibits a law enforcement agency from taking certain types of punitive action against a peace officer; and (2) provides certain protections to peace officers when punitive action may be imposed against them. (NRS 289.020, 289.057, 289.060, 289.080, 289.085, 289.092, 289.820, 289.824) Existing law defines "punitive action" as any action which may lead to dismissal, demotion, suspension, reduction in salary, written reprimand or transfer of a peace officer for purposes of punishment. (NRS 289.010) **Section 2** of this bill revises the definition to include any action which may lead to denial of an increase, either in seniority or compensation, for purposes of punishment.

Existing law authorizes a law enforcement agency to conduct an investigation of a peace officer in response to a complaint or allegation that the peace officer has engaged in activities which could result in

punitive action and, subject to certain exceptions, including any investigation which concerns alleged criminal activities, prohibits a law enforcement agency from suspending a peace officer without pay during or pursuant to an investigation until all investigations relating to the matter have concluded. (NRS 289.057, 289.090) Section 3 of this bill adds to this prohibition the denial of an increase in seniority or compensation, subject to certain exceptions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Senate Bill No. 440.

Bill read second time.

The following amendment was proposed by the Committee on Growth and Infrastructure:

Amendment No. 708.

AN ACT relating to electricity; establishing a process by which a unit's owner in certain unit-owners' associations may submit a request to install a distributed generation system; establishing certain powers and duties of certain unit-owners' associations with respect to the installation of distributed generation systems; establishing and revising certain requirements for the contents of an agreement for the purchase or lease of a distributed generation system and a power purchase agreement; **imposing certain requirements upon a solar installation company;** revising provisions relating to net metering systems; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes certain requirements on solar installation companies that sell and install distributed generation systems in this State. Existing law prescribes certain contractual requirements for an agreement for the purchase or lease of a distributed generation system and a power purchase agreement. (NRS 598.9801-598.9822) **Sections 14.1-14.3 and 14.5 of this bill define certain terms for the purposes of these provisions governing such agreements.** **Section** ~~[14]~~ **14.4** of this bill makes a power purchase agreement voidable by the host customer for a certain period if the solar installation company that is a party to the agreement does not hold the proper contractor's license or is not acting within the monetary limit of that license. **Section 21.5 of this bill makes a conforming change so that the provisions of sections 14.1-14.4 are enforced in the same manner as other provisions governing solar installation companies and distributed generation systems.**

Sections 15-20 of this bill require an agreement for the lease or purchase of a distributed generation system, a power purchase agreement and the cover page for such agreements to: (1) contain certain disclosures concerning the solar installation company; (2) provide certain information about the parts of the distributed generation system; and (3) impose certain duties and liabilities on lessees, purchasers and host customers.

Existing law requires a solar installation company to maintain a recording of certain communications with a purchaser, lessee or host customer for not less than 4 years after the final inspection of the distributed generation system of the purchaser, lessee or host customer. (NRS 598.98213) **Section 21** of this bill requires the solar installation company to provide a copy of that recording within ~~[5]~~ **10 business** days after receipt of a request from the purchaser, lessee**,** ~~[or]~~ host customer ~~[or a governmental entity.]~~ **, distributed generation system financier, Attorney General, Division of Financial Institutions of the Department of Business and Industry, State Contractors' Board, Housing Division of the Department of Business and Industry or a law enforcement agency.** If the solar installation company fails to do so, the lease or purchase agreement or power purchase agreement is voidable by the purchaser, lessee or host customer. **Section 21 also requires a solar**

installation company to submit proof to the purchaser, lessee or host customer that the solar installation company is properly licensed before the commencement of the installation of a distributed generation system.

Existing law sets forth a prohibition against covenants, restrictions or conditions contained in deeds, contracts or other legal instruments which prohibit or unreasonably restrict an owner of a property from using a system for obtaining solar energy on his or her property. (NRS 111.239, 278.0208) **Section 13.3** of this bill sets forth a process by which a unit's owner in a unit-owners' association whose governing documents authorize the association to impose restrictions on architectural improvements may submit a request to install a distributed generation system. **Section 13.3** prohibits such a unit's owner from installing a distributed generation system unless the association approves the request.

Section 13.7 of this bill authorizes an association whose governing documents authorize the association to impose restrictions on architectural improvements to adopt rules and regulations concerning the installation of a distributed generation system and sets forth the required and authorized contents of such rules and regulations. Under **section 13.3**, if such an association has not adopted such rules and regulations, the association is prohibited from denying the request of a unit's owner to install a distributed generation system or imposing conditions upon the installation. **Section 13.7** additionally prohibits certain activities of an association with respect to certain accessories for a distributed generation system.

Existing law sets forth various requirements for: (1) net metering, which is defined under existing law to mean the measure of the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator that is fed back to the utility; and (2) a net metering system, which is defined under existing law to mean, in general, certain facilities or systems for the generation of electricity, including a facility or energy system installed on the premises of a customer-generator that uses solar energy to generate electricity and meets certain other requirements. (NRS 704.766-704.776) **Section 25** of this bill imposes certain timing requirements upon a public utility for the carrying out of certain requests relating to a net metering system submitted by a customer-generator. **Section 28** of this bill requires the regulations adopted by the Public Utilities Commission of Nevada relating to net metering tariffs and standard net metering contracts to set forth procedures and requirements concerning the process for applying for and installing a net metering system, which must include: (1) reasonable and appropriate timelines for the process; and (2) the requirement for a utility that denies the application of a net metering applicant to provide to the net metering applicant a notice detailing the reasons for the denial.

Existing law: (1) requires a net metering system to meet certain safety and quality standards; and (2) if the net metering system meets those standards, prohibits a utility from requiring the customer-generator to comply with additional standards or requirements or take certain other actions solely

because of his or her status as a customer-generator. (NRS 704.774) **Section 29** of this bill additionally requires a customer-generator to obtain all necessary permits and approvals required by any governmental entity for the installation of his or her net metering system and install the net metering system in compliance with the permits and approvals. Under **section 29**, a utility is prohibited from imposing various additional requirements if the customer-generator satisfies such requirements and the net metering system complies with the safety standards set forth under existing law.

6. As used in this section, "distributed generation system" has the meaning ascribed to it in NRS 598.9804.

Sec. 13.7. *1. An association whose governing documents authorize the association to impose restrictions on architectural improvements may adopt rules and regulations governing the installation of distributed generation systems that comply with the provisions of this section.*

2. If an association adopts rules and regulations governing the installation of distributed generation systems pursuant to subsection 1, the rules and regulations must:

(a) Not conflict with the provisions of the National Electric Code, any local ordinance or any state law or regulation. The provisions of the rules and regulations do not apply to the extent of any such conflict.

(b) ~~[Require a unit's owner to submit to the association a plan for the distributed generation system before installation.~~

~~(c) Require a structural analysis to be conducted concerning snow load and wind resistance, where applicable.~~

system. A unit's owner may demonstrate that the costs of complying with the provision exceed 3 percent of the cash cost of the installation of the distributed generation system by delivering to the association a written estimate that:

(1) Is prepared by a solar installation company that is properly licensed pursuant to chapter 624 of NRS and is not affiliated with either the unit's owner or the association;

(2) Is dated not more than 60 days before delivery of the written estimate to the association;

(3) Itemizes all costs of complying with the provision, including, without limitation, labor, materials, professional fees, permit fees, inspection fees, financing charges and the costs of change orders; and

3. Except as otherwise provided in paragraphs (a) and ~~(c)~~ (c) of subsection 2, in addition to the requirements set forth in subsection 2, if an association adopts rules and regulations governing the installation of a distributed generation system pursuant to subsection 1, the rules and regulations may require a unit's owner to:

(a) Install the solar panels of the distributed generation system in a manner so that they do not face a street, so long as complying with this requirement does not result in a decrease in the production of the distributed generation system of more than 10 percent, as determined using the PVWatts Calculator maintained by the National Renewable Energy Laboratory of the United States Department of Energy.

(b) Paint all conduits of the distributed generation system to match the exterior of the unit to which the system is affixed.

(c) Store all batteries for the distributed generation system in a garage.

(d) Place all inverters of the distributed generation system outside of any street and reasonably out of view of other unit's owners.

The association may require the agreement to be recorded and to include provisions in the agreement which:

(1) Provide that the unit's owner is solely responsible for any damage caused to the roof or exterior portion that is caused by the installation, maintenance, repair or replacement of the distributed generation system.

(2) Require the unit's owner, at his or her expense, to remove the distributed generation system from the roof or exterior portion if the association determines such action to be necessary for the maintenance, repair or replacement of the roof or exterior portion.

(3) Authorize the association to cause the distributed generation system to be removed from the roof or exterior portion if, after reasonable notice has been provided to the unit's owner, the unit's owner fails to remove the distributed generation system as required pursuant to subparagraph (2) and assess the costs of the removal, relocation, storage and replacement against the unit's owner.

(4) Require the unit's owner to install the distributed generation system in accordance with the terms of the request submitted by the unit's owner to the association and approved by the association.

(5) Require the unit's owner to maintain a policy of insurance that names the association as an additional insured and provides coverage for any losses or damages caused by the installation, maintenance, repair or replacement of the distributed generation system.

(6) Require the unit's owner to indemnify the association and its agents from any and all liability, claims, damages and costs, including, without limitation, attorney's fees, resulting from the installation, maintenance, repair or replacement of the distributed generation system.

(7) Provide the association the right to inspect the condition of the distributed generation system.

(8) Require the unit's owner to disclose to potential purchasers of the unit all rights and responsibilities concerning the distributed generation system.

4. An association may not:

(a) Unreasonably restrict, prohibit or withhold approval for a unit's owner to install any type of physical barrier around the distributed generation system to deter the intrusion of animals or to hide components of the system for aesthetic purposes; or

(b) Except as otherwise provided in this paragraph, require the installation of a particular type of physical barrier described in paragraph (a). The association may require such a physical barrier to be ~~[painted]~~ a particular color if the ~~[paint of that]~~ color is commercially available as a stock item, rather than an item requiring specialization or customization. If the ~~[paint]~~ color is not so available, the association may require the physical barrier to be ~~[painted]~~ black or a color complementary to the solar panels or racking system of the distributed generation system.

Remarks by Assemblymembers Mosca and Gray.

ASSEMBLYMEMBER MOSCA:

Senate Bill 102 prohibits a person from creating or serving in a false slate of presidential electors or conspiring to commit such acts. A person who violates these provisions is guilty of a category D felony, may be subject to a fine, and may be liable for the costs of investigation and prosecution. If a court grants probation to a person convicted of such an offense, the court must require, as a condition of probation that the person serve at least six months in the county jail. Additionally, a person convicted of such an offense may not be elected or appointed to public office. The measure authorizes a person who believes that such an offense has occurred to notify the Secretary of State, who then must investigate or refer the alleged violation to the Attorney General or a district attorney for investigation and prosecution.

ASSEMBLYMEMBER GRAY:

I believe on behalf of all of us, I rise in opposition to S.B. 102. When there is a pending legal challenge to the outcome of a federal election, state electors are still required to cast their votes on the federally mandated date or risk having those votes excluded when Congress counts the electoral votes. This is not a partisan tactic. It is a constitutional safeguard that has been used by both parties. For example, in 1960, Hawaii's Democratic electors cast their votes for John [F.] Kennedy, even though Richard Nixon had been initially declared the winner. While awaiting the results of a recount, both Republican and Democratic electors submitted their respective electoral votes to Congress. When Congress met to count the votes, Vice President Nixon, presiding over the session, chose to count the Democratic electors' votes in alignment with the final certified results. Had the Democratic electors not submitted their votes, Hawaii's electoral votes would have gone to Nixon—even after the recount and court ruling confirmed Kennedy was the actual winner. Their action preserved the rightful outcome and the will of the voters. Senate Bill 102 seeks to criminalize what is, in fact, a lawful and sometimes necessary function of presidential electors, creating a precarious situation that may, in fact, disregard the will of the people. Contingent or provisional electors have played a recognized and accepted role in our electoral system since, at least, the election of 1876. By ignoring this legal and historical precedent, S.B. 102 amounts to a dangerous political overreach, an attempt to punish legitimate, and arguably, required conduct.

Remarks by Assemblymember Miller.

ASSEMBLYMEMBER MILLER:

Subsection 8 allows the state or local government, or a party suing the state or local government, to seek an interlocutory appeal of a court's decision to grant or deny a motion brought under this section. The intent of this provision is to allow for appellate review right after a court rules on the government's motion to dismiss a motion for summary judgment, or any other similar motion, even at the onset of the case, or if the case is ongoing. This is an important piece of the bill because the recreational immunity statute is designed to encourage the government to provide the public with spaces for recreation by shielding the government from lawsuits. Denying immediate appellate review of a trial court's decision can undermine this purpose by forcing the government to endure protracted and costly litigation, even when immunity should apply. Alternatively, an [erroneous] grant of immunity can unjustly bar an injured person from seeking redress from the government. This right to the appeal permits our appellate courts to quickly correct such errors early in the process, which will promote judicial efficiency, save all of our parties the cost of unnecessary litigation, and preserve the intent of the recreational immunity statute.

AN ACT relating to vehicles; revising provisions governing a hearing to contest the determination set forth in a civil infraction citation; requiring a misdemeanor offense and a civil infraction to be included in the same criminal complaint under certain circumstances; **clarifying the locations to which certain statutory duties of a driver involved in a crash apply;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the procedures for a hearing at which a person may contest whether the person committed a violation set forth in a civil infraction citation. (NRS 484A.7041) **Section 4** of this bill replaces a requirement that,

before any such hearing, the person must post a bond equal to the amount of the full payment of the monetary penalty, administrative assessment and any fees specified in the civil infraction citation with a requirement that the person must post a bond of not more than that amount. **Section 4** also: (1) authorizes counsel to appear on behalf of a person who requests a hearing; and (2) provides that if counsel appears at the hearing, the person who requested the hearing is not required to attend. **Section 1** of this bill makes certain rules of evidence applicable to the adjudication of contested cases under the Nevada Administrative Procedure Act applicable to any such hearing.

Under existing law, if a person is arrested for a misdemeanor offense arising out of the same facts and circumstances as certain violations of law that are punishable as civil infractions, the offense and the civil infraction may be included in the same criminal complaint. (NRS 484A.7033) **Section 2** of this bill revises this provision to instead require the inclusion of both the offense and the civil infraction in the same criminal complaint.

Existing law: (1) authorizes a prosecuting attorney to elect to treat certain traffic and related offenses that are punishable as a misdemeanor instead as a civil infraction; and (2) provides a procedure for making such an election. Pursuant to this procedure, existing law requires the prosecuting attorney to make the election on or before the time scheduled for the first appearance of the defendant. (NRS 484A.7049) **Section 5** of this bill eliminates this requirement and certain related procedural requirements. **Section 3** of this bill makes a conforming change to remove a reference to provisions eliminated by **section 5**.

Existing law requires the driver of a vehicle involved in a crash to take certain actions, which vary depending on whether the crash involves injury or death or attended or unattended property and whether a police officer is present. (NRS 484E.020-484E.050) Sections 6-9 of this bill clarify the location-based requirements for the responsibilities of a driver following a crash on a highway or premises to which the public has access. Specifically, section 6 requires the driver of a vehicle involved in such a crash that results only in damage to a vehicle or other property driven or attended by a person to stop and, if the vehicle is obstructing traffic and can be moved safely, move it to a safe location. (NRS 484E.020) Section 7 requires the driver of a vehicle involved in such a crash that results in injury, death or damage to attended property to stop, provide certain information, render aid if needed and report the crash to law enforcement under certain circumstances. (NRS 484E.030) Section 8 clarifies that the duties of a driver who is involved in a crash with unattended property apply when the crash occurs on a highway or premises to which the public has access. (NRS 484E.040) Section 9 provides that the duty to report a crash involving unattended property applies when the crash occurs on a highway. (NRS 484E.050)

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 484A of NRS is hereby amended by adding thereto a new section to read as follows:

1. A hearing conducted pursuant to NRS 484A.7041 must be conducted in accordance with the provisions of this section by a qualified magistrate as specified in NRS 484A.750.

2. Subpoenas may be issued by:

(a) The magistrate.

(b) The parties.

(c) The attorney of record for a party.

➥ Obedience to the subpoena may be compelled in the same manner as provided in chapter 22 of NRS.

3. At a hearing conducted pursuant to NRS 484A.7041:

(a) Oral evidence may be taken only upon oath or affirmation administered by the magistrate.

(b) Every party has the right to:

(1) Call and examine witnesses;

(2) Introduce exhibits relevant to the issues of the case;

(3) Cross-examine opposing witnesses on any matters relevant to the issues of the case, even though the matter was not covered in a direct examination;

(4) Impeach any witness regardless of which party first called the witness to testify; and

(5) Offer rebuttal evidence.

(c) The hearing need not be conducted according to technical rules relating to evidence and witnesses, except that those prescribed in NRS 233B.123 apply. Any relevant evidence that is not immaterial or unduly repetitious may be admitted and is sufficient in itself to support a finding if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in a civil action.

(d) The parties or their counsel may by written stipulation agree that certain specified evidence may be admitted even though such evidence might otherwise be subject to objection.

4. The magistrate may:

(a) Conduct a hearing by telephone, audiovisual means or other electronic means outside of the judicial district in which the magistrate is appointed.

(b) Permit a party or witness residing outside of the judicial district to be deposed or to testify by telephone, audiovisual means or other electronic means.

Sec. 2. NRS 484A.7033 is hereby amended to read as follows:

484A.7033 1. Except as otherwise provided by law, a peace officer in this State who has reasonable cause to believe that a person has violated a provision of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is a civil infraction may halt and detain the person as is reasonably necessary to investigate the alleged violation and issue a civil infraction citation for the alleged violation. A peace officer who has halted and detained a person pursuant to this section may also:

(a) Detain the person in accordance with NRS 171.123 if circumstances exist that warrant such a detention;

(b) Search the person to ascertain the presence of a weapon in accordance with NRS 171.1232 and take any other action authorized pursuant to that section or any other provision of law; and

(c) Arrest the person in accordance with NRS 171.1231 if probable cause for the arrest exists.

2. If a person is arrested pursuant to paragraph (c) of subsection 1 for an offense that arises out of the same facts and circumstances as the civil infraction and is punishable as a misdemeanor, the offense and the civil infraction ~~[may]~~ ***must*** be included in the same criminal complaint.

Sec. 3. NRS 484A.7035 is hereby amended to read as follows:

484A.7035 1. When a person is halted by a peace officer in this State for any violation of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is a civil infraction, or a prosecuting attorney elects to treat a violation of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is punishable as a misdemeanor instead as a civil infraction in accordance with NRS 484A.7049, the peace officer or prosecuting attorney, as applicable, may prepare a civil infraction citation manually or electronically in the form of a complaint issuing in the name of "The State of Nevada," containing ***:*** ~~[, except as otherwise provided in paragraph (a) of subsection 2 of NRS 484A.7049:]~~

(a) A statement that the citation represents a determination by a peace officer or prosecuting attorney that a civil infraction has been committed by the person named in the citation and that the determination will be final unless contested as provided in NRS 484A.703 to 484A.705, inclusive;

(b) A statement that a civil infraction is not a criminal offense;

(c) The name, date of birth, residential address and mailing address, if different from the residential address, telephone number and electronic mail address of the person who is being issued the citation and an indication as to whether the person has agreed to receive communications relating to the civil infraction by text message;

(d) The state registration number of the person's vehicle, if any;

(e) The number of the person's driver's license, if any;

(f) The civil infraction for which the citation was issued;

(g) The personnel number or other unique agency identification number of the peace officer issuing the citation and the address and phone number of the agency which employs the peace officer or, if a prosecuting attorney is issuing

the citation, the personnel number or other unique agency identification number of the peace officer who halted the person for the violation or the volunteer appointed pursuant to NRS 484B.470 who issued the citation and the address and phone number of the agency which employs the peace officer or volunteer, preprinted or printed legibly on the citation;

(h) A statement of the options provided pursuant to NRS 484A.703 to 484A.705, inclusive, for responding to the citation and the procedures necessary to exercise these options;

(i) A statement that, at any hearing to contest the determination set forth in the citation, the facts that constitute the infraction must be proved by a preponderance of the evidence and the person may subpoena witnesses, including, without limitation, the peace officer or duly authorized member or volunteer of a traffic enforcement agency who issued the citation or halted the person; and

(j) A statement that the person must respond to the citation as provided in NRS 484A.703 to 484A.705, inclusive, within 90 calendar days.

2. A peace officer who issues a civil infraction citation pursuant to subsection 1 shall sign the citation and deliver a copy of the citation to the person charged with the civil infraction. If the citation is prepared electronically, the peace officer shall sign the copy of the citation that is delivered to the person charged with the violation.

3. A civil infraction citation may be served by delivering a copy of the citation to the person charged with the civil infraction pursuant to this section or NRS 484A.7049. The acceptance of a civil infraction citation by the person charged with the civil infraction shall be deemed personal service of the citation and a copy of the citation signed by the peace officer or prosecuting attorney, as applicable, constitutes proof of service. If a person charged with a civil infraction refuses to accept a civil infraction citation, the copy of the citation signed by the peace officer or prosecuting attorney, as applicable, constitutes proof of service.

Sec. 4. NRS 484A.7041 is hereby amended to read as follows:

484A.7041 1. If, pursuant to subsection 3 of NRS 484A.704, a person receiving a civil infraction citation requests a hearing to contest the determination that the person has committed the civil infraction set forth in the citation, the hearing must be conducted in accordance with this section.

2. Except as otherwise provided in this subsection, before a hearing to contest the determination that a person has committed a civil infraction, the court shall require the person to post a bond **.** ~~[equal to]~~ ***The court shall fix the amount of the bond at not more than*** the amount of the full payment of the monetary penalty, the administrative assessment and any fees specified in the civil infraction citation. In lieu of posting such a bond, the person may instead deposit cash with the court in the amount of the bond required pursuant to this subsection. Any bond posted or cash deposited with the court pursuant to this subsection must be forfeited upon the court's finding that the person committed the civil infraction. Any person whom the court determines is

unable to pay the costs of defending the action or is a client of a program for legal aid in accordance with NRS 12.015 must not be required to post a bond or deposit cash with the court in accordance with this subsection.

3. The person who requested the hearing may, at his or her expense, be represented by counsel **.** ~~[, and a city attorney or district attorney, in his or her discretion and as applicable,]~~ ***If counsel appears at the hearing, the person who requested the hearing is not required to attend. A prosecuting attorney*** may represent the plaintiff.

4. A hearing conducted pursuant to this section must be conducted by the court without a jury. In lieu of the personal appearance at the hearing by the peace officer who issued the civil infraction citation, the court may consider the information contained in the civil infraction citation and any other written statement submitted under oath by the peace officer. If the court has established a system pursuant to NRS 484A.615, the peace officer may, if authorized by the court, use the system to submit such a statement. The person named in the civil infraction citation may subpoena witnesses, including, without limitation, the peace officer who issued the citation, and has the right to present evidence and examine witnesses present in court.

5. After consideration of the evidence and argument, the court shall determine whether a civil infraction was committed by the person named in the civil infraction citation. The court must find by a preponderance of the evidence that the person named in the civil infraction citation committed a civil infraction. If it has not been established by a preponderance of the evidence that the infraction was committed by the person named in the citation, the court must enter an order dismissing the civil infraction citation in the court's records. If it has been established by a preponderance of the evidence that the infraction was committed, the court must enter in the court's records an order pursuant to NRS 484A.7043.

6. An appeal from the court's determination or order may be taken in the same manner as any other civil appeal from a municipal court or justice court, as applicable, except that:

(a) The notice of appeal must be filed not later than 7 calendar days after the court enters in the court's records an order pursuant to NRS 484A.7043;

(b) If the appellant is the person charged with the civil infraction, any bond required to be given by the appellant in order to secure a stay of execution of the order of the court during the pendency of the appeal must equal the amount of the monetary penalty and administrative assessments which the court has ordered the appellant to pay pursuant to NRS 484A.7043. Any bond must be forfeited if the order of the court is affirmed on appeal; and

(c) If a prosecuting attorney does not represent the plaintiff during the proceedings in the justice court or municipal court, the appellate court shall review the record and any arguments presented by the person charged with the civil infraction and render a decision.

Sec. 5. NRS 484A.7049 is hereby amended to read as follows:

484A.7049 ~~[1.]~~ A prosecuting attorney may elect to treat a violation of a provision of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is punishable as a misdemeanor, other than a violation of NRS 484C.110 or 484C.120, as a civil infraction pursuant to NRS 484A.703 to 484A.705, inclusive.

~~[2. The prosecuting attorney shall make the election described in subsection 1 on or before the time scheduled for the first appearance of the defendant by:~~

~~(a) Preparing a civil infraction citation in accordance with subsection 1 of NRS 484A.7035 that contains all applicable information that is known to the prosecuting attorney, signing the citation and filing the citation with a court having jurisdiction over the alleged offense or with its traffic violations bureau;~~

~~(b) Filing notice of the prosecuting attorney's election with the court having jurisdiction of the underlying criminal charge; and~~

~~(c) Delivering a copy of the notice and citation to the defendant.~~

~~3. Upon the filing of a notice pursuant to paragraph (b) of subsection 2, the court shall dismiss the underlying criminal charge.]~~

(b) Give such information and upon request manually surrender such license to any police officer at the scene of the crash or who is investigating the crash; and

(c) Render to any person injured in such crash reasonable assistance, including the carrying, or the making of arrangements for the carrying, of such person to a physician, surgeon or hospital for medical or surgical treatment if

it is apparent that such treatment is necessary, or if such carrying is requested by the injured person.

2. If no police officer is present, the driver of any vehicle involved in ~~[such]~~ ***a*** crash ***described in subsection 1,*** after fulfilling all other requirements of subsection 1 and NRS 484E.010, insofar as possible on his or her part to be performed, shall ***, if the crash resulted in injury to or death of any person or occurred on a highway,*** forthwith report ~~[such]~~ ***the*** crash to the nearest office of a police authority or of the Nevada Highway Patrol and submit thereto the information specified in subsection 1.

Prayer by Chaplain Craig Swope.

Father, we again are dealing with deadlines, a reminder of the importance of structure in the cycles around us. The sun deals with a deadline every day; there is a final day of spring; students are enjoying their final days of school.

Help us remember that deadlines are a part of order and structure, and without them there could be disruption and even chaos. So, let us be thankful for all things, including the structures that allow our efforts to live. We ask this in Your Son's Name.

AMEN.

Pledge of Allegiance to the Flag.

SUMMARY—Revises provisions relating to ~~[the testing of]~~ cannabis and cannabis products. (BDR 56-962)

AN ACT relating to cannabis; requiring the Cannabis Compliance Board to adopt regulations setting forth requirements for licensees or registrants relating to the testing of cannabis and cannabis products; setting forth various requirements for the contents of those regulations; **requiring the Board to develop and implement a process by which a licensee may submit a petition for an exception from certain requirements; requiring the Board to develop, maintain and make available on the Internet website of the Board an electronic portal for certain purposes;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Cannabis Compliance Board to adopt regulations to carry out the provisions of existing law governing the cannabis industry in this State. Under existing law, such regulations may include requirements for licensees or registrants relating to the cultivation, processing, manufacture, transport, distribution, testing, study, advertising and sale of cannabis and cannabis products. (NRS 678A.450) **Sections 1 and ~~[2]~~ 3** of this bill require, rather than authorize, the Board to adopt regulations setting forth requirements for licensees and registrants relating to the testing of cannabis and cannabis products. **Section ~~[2]~~ 3** requires the regulations to set forth certain requirements, including the requirement that representative samples of each lot of cannabis be tested by a cannabis independent testing laboratory and various requirements concerning the collection of such representative samples. **Section 3 defines the term "lot" to mean: (1) the flowers from one or more cannabis plants of the same harvest batch, in a quantity that weighs 7.5 pounds or less; (2) the leaves or other plant matter from one or more cannabis plants of the same harvest batch, other than full female flowers, in a quantity that weighs 20 pounds or less; or (3) the wet flower, leaves or other plant matter from one or more cannabis plants of the same harvest batch used only for extraction, in a quantity that weighs 135 pounds or less within 2 hours of harvest. Section 5 of this bill increases the weight limit for a lot of cannabis flower to 10 pounds or less, effective October 1, 2026. Section 3 sets forth procedures by which the Board may adjust any of the weight limits for lots. Section 3 additionally requires the Board to develop and implement a process by which a licensee may petition the Board for an exception from any downward adjustment in the weight limit of a lot.**

Section 4 of this bill requires the Board to develop, maintain and make available on the Internet website of the Board an electronic portal that is publicly accessible and through which: (1) a person may file certain complaints with the Board; and (2) the Board is required to provide certain notices.

The following amendment was proposed by Assemblymember Brown-May:

Amendment No. 773.

AN ACT relating to food establishments; requiring certain local boards of health to provide certain information relating to sidewalk vendors and compact food cart vendors; establishing requirements for a compact food cart vendor; authorizing a registered compact food cart vendor to sell certain food items; setting forth certain requirements for the regulation of sidewalk vendors and compact food cart vendors by certain local boards of health and certain local zoning boards, planning commissions and local governments; exempting an establishment that sells or offers or displays for sale certain foods and a compact food cart vendor from the definition of "food establishment"; revising certain requirements which certain local boards of health are required to adopt relating to sidewalk vendors who sell food; prohibiting certain governmental bodies from limiting the types of food that may be sold by a sidewalk vendor or compact food cart vendor; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a local board of health in a county whose population is 100,000 or more (currently Clark and Washoe Counties) or a city in a county whose population is 100,000 or more to adopt regulations governing sidewalk vendors of food. (NRS 446.861) **Sections 3 and 5** of this bill define certain terms relating to sidewalk vendors.

Section 7 of this bill requires a local board of health to: (1) develop and update certain guidance documents explaining the requirements of existing

regulations adopted by the local board of health governing sidewalk vendors and compact food cart vendors; and (2) make certain documents available on the Internet website of the local board of health in more than one language.

Section 6 of this bill limits the applicability of **sections 6-11.5** of this bill to a local board of health in a county whose population is 100,000 or more or a city in a county whose population is 100,000 or more.

Section 13 of this bill requires a local board of health to adopt regulations governing sidewalk vendors of food, including requirements relating to: (1) the plans for the design of a nonstationary conveyance and the use of modular conveyances by a sidewalk vendor; (2) the use of certain sinks by a sidewalk vendor; and (3) the storage of a conveyance in a private home.

Section 9.5 requires a person who wishes to operate as a compact food cart vendor to register with the local board of health and pay ~~[a]~~ **the** fee established by regulation of the local board of health ~~[,]~~ **, if such a fee has been established.** **Section 2.5** of this bill defines "compact food cart vendor" to mean a person who sells certain food items from a nonstationary conveyance. **Section 9.5** also requires a compact food cart vendor to comply with certain ordinances and regulations adopted by the governing body of a county, city or unincorporated town that regulates sidewalk vendors. **Section 9.5** prohibits a compact food cart vendor from operating at a special event unless the compact food cart vendor complies with certain requirements. **Section 9.5** further: (1) provides that a registration as a compact food cart vendor is valid for a period of 1 year; (2) sets forth a process for the renewal of such registration; and (3) requires the payment of a renewal fee established by regulation of the local board of health ~~[,]~~ **, if such a fee has been established.**

Section 10 authorizes a compact food cart vendor to sell certain food items, which must be purchased prepackaged or prepared in a commercial grade kitchen or on the conveyance.

Section 11.5 provides, with certain exceptions, that the provisions of existing law and **sections 2-11.5** of this bill do not prohibit a local zoning board, planning commission or governing body of a county, city or unincorporated town from adopting certain ordinances and regulations that: (1) prescribe the locations where sidewalk vendors and compact food cart vendors are allowed to operate; (2) authorize the seizure of food items, a conveyance, any cooking apparatus or other products; and (3) authorize the destruction of certain food items. **Sections 11.5, 14.3 and 14.7** of this bill further prohibit, with certain exceptions, such governmental entities from limiting the types of food items a sidewalk vendor or compact food cart vendor may sell if such food items comply with the regulations of a local board of health or are authorized by **section 10**.

Section 9 requires a local board of health to: (1) prepare, maintain and make publicly available on the Internet website of the local board of health a list of food items that have been approved by the local board of health and a model menu of preapproved food items that may be sold by a sidewalk vendor; and

(2) establish a process to preapprove certain food items sold from a conveyance.

Existing law defines the term "food establishment" for the purposes of existing law relating to food establishments and sets forth certain exceptions from the definition. (NRS 446.020) **Section 12** of this bill exempts from the definition of "food establishment": (1) any establishment in which only whole produce or commercially prepackaged food which is not a potentially hazardous food is sold or offered or displayed for sale; and (2) a compact food cart vendor. As a result of this change, such an establishment and a compact food cart vendor are not subject to the existing requirements governing food establishments.

Section 2 applies the definitions in **sections 2.5, 3 and 5** to the provisions of existing law relating to food establishments.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Legislative Counsel's Digest:

(NRS 277.190-277.220) The Tahoe Regional Planning Compact provides for the creation of the Tahoe transportation district as a special purpose district managed by a board of

directors which develops and implements transportation plans and programs for the Lake Tahoe Basin.

Existing law also establishes the State Route 159 Safety Speed Zone and authorizes: (1) the Director of the Department of Transportation to set the maximum speed in the Speed Zone; and (2) the Department to ensure that adequate signage and other forms of notice are installed. (NRS 484B.621) **Section 1** of this bill creates the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone, consisting of any portion of U.S. Highway 50, Nevada State Route 28, Nevada State Route 431 and Nevada State Route 207 that is located in the Lake Tahoe Region and directly connected to a recreational destination or that has otherwise been designated as a scenic byway. **Section 1** authorizes the Department and certain local law enforcement agencies to: (1) establish certain traffic control measures and parking restrictions and prohibitions within the Safety Zone; and (2) enter into an agreement with one or more state agencies, local governments, local governmental agencies in the Region or the Tahoe transportation district to develop public parking, provide parking enforcement and issue parking citations or notices of noncompliance within the Safety Zone. **Section 1** further authorizes the Department to: (1) establish and collect fees for public parking on certain land within the Safety Zone; and (2) enter into agreements with certain governmental entities to enforce and collect fees for parking within the Safety Zone. The proceeds of: (1) such fees must be used to manage parking in the Lake Tahoe Region; and (2) any fines imposed for violations of a parking restriction or prohibition, with certain exceptions, must be used for parking enforcement within the Safety Zone.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 484B of NRS is hereby amended by adding thereto a new section to read as follows:

1. The Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone is hereby created in the Lake Tahoe Region, consisting of any portion of U.S. Highway 50, Nevada State Route 28, Nevada State Route 431 and Nevada State Route 207 that is located in the Lake Tahoe Region and directly connected to a recreational destination or that has otherwise been designated as a Scenic Byway.

2. Within the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone, the Department of Transportation and any local law enforcement agency with jurisdiction in the Region may:

(a) Place traffic control devices on any portion of highway in the Safety Zone and implement measures of traffic calming;

(b) Prohibit or restrict parking on the shoulder of any highway in the Safety Zone; and

(c) Prohibit or restrict a person from stopping, leaving standing or parking a vehicle anywhere the Department of Transportation or the local

law enforcement agency determines such activities are dangerous to other persons operating a vehicle on a highway in the Safety Zone or would duly interfere with the free movement of traffic on such highway.

➥ A person shall not stop, park or leave standing any vehicle in violation of a traffic control device, prohibition or restriction established pursuant to this subsection.

3. In addition to the provisions of subsection 2:

(a) The Department of Transportation may, on any land owned or held by the Department of Transportation:

A citation or notice of noncompliance authorized by this paragraph and issued pursuant to the agreement has the same force and effect as a citation or notice issued by a peace officer. The employee must file the original or a copy of the citation or notice of compliance in the manner required pursuant to NRS 484A.680.

(b) Must prohibit the issuance of citations or notices of noncompliance in any area within the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone where there is no access to a recreation destination from the public parking using public transit or pedestrian pathways.

(a) The employee made a specific promise or representation to a natural person who relied upon the promise or representation to the person's detriment; or

(b) The conduct of the employee affirmatively caused the harm.

➥ The provisions of this section are not intended to abrogate the principle of common law that the duty of governmental entities to provide services is a duty owed to the public, not to individual persons.

6. Any fee established by the Department of Transportation pursuant to subsection 3 and collected by the Department of Transportation, a state agency, a local government or a local governmental agency must be used to manage parking in the Lake Tahoe Region, including, without limitation:

(a) The operation and maintenance of public parking and pedestrian pathways;

Existing law provides that if a person commits an assault upon an officer who is performing his or her duty and the person knew or should have known that the victim was an officer, the person is guilty of: (1) a category B felony if the assault is made with the use of a deadly weapon or the present ability to use a deadly weapon; (2) a category D felony if the person is a probationer, prisoner or parolee; or (3) if neither of those circumstances is present, a gross misdemeanor. Section 1.9 of this bill applies certain existing civil penalties to such a state employee who willfully fails to file a financial disclosure statement or willfully fails to file a financial disclosure statement in a timely manner.**

Section 1.7 of this bill provides that, for a state employee who serves more than 1 year in the same position of employment or more than one position of employment for which a financial disclosure statement is required, the date of filing of the last financial statement is the date which begins the period in which such statements must be retained by the Secretary of State.

Section 1.8 of this bill requires each constitutional officer who appoints a state employee who is required to file a financial disclosure statement to submit to the Secretary of State a list of each such state employee appointed by the constitutional officer. representing 1 percent or more of the total outstanding stock or securities issued by the business entity. (NRS 281.571) **Section ~~[1]~~ 1.5** of this bill **removes the requirement that only real estate located in this State or an adjacent State be disclosed. Section 1.5** additionally requires the disclosure of each **: (1)** business entity with which the public officer **, state employee** or candidate or a member of the public officer's **, state employee's** or candidate's household is involved as a holder of a class of stock or security issued by the business entity that is valued at $5,000 or more **~~[.]~~ ; and (2) investment security, with certain exceptions, held by the public officer, state employee or candidate that is valued at more than $5,000.**

Existing law requires certain persons who make independent expenditures and certain committees for political action, political parties and committees sponsored by a political party which receive certain contributions or make certain expenditures to report such contributions and expenditures. (NRS 294A.140, 294A.150, 294A.210, 294A.220, 294A.230) **Section 5** of this bill requires an inaugural committee to report certain contributions and expenditures. **Section 4** of this bill defines the term "inaugural committee."

Existing law requires a candidate for office at a primary election or general election to report certain contributions made during the election year. (NRS 294A.120) **Section 6** of this bill requires a candidate who has been elected to a constitutional office to report certain contributions and expenditures in relation to the transition to the constitutional office. **Section 3** of this bill defines the terms "constitutional office" and "constitutional officer."

Section 7 of this bill makes a conforming change to apply the terms defined in **sections 3 and 4** to certain provisions of law governing campaign practices.

Section 8 of this bill prohibits a foreign national from making a contribution or a commitment to make a contribution to an inaugural committee.

Sections 9-12 of this bill make conforming changes to incorporate the requirements of **sections 5 and 6** into existing law governing campaign practices.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 750.

AN ACT relating to criminal procedure; revising provisions governing the commitment and release of incompetent criminal defendants; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that if a court dismisses the proceedings against a defendant who is charged with any category A felony or certain category B felonies because the court finds that the defendant is incompetent with no substantial probability of attaining competence in the foreseeable future, the prosecuting attorney is authorized to file a motion with the court for a hearing to determine whether to commit the person to the custody of the Administrator of the Division of Public and Behavioral Health of the Department of Health and Human Services. (NRS 178.461) **Section ~~1~~ 1.5** of this bill limits this authority by allowing the prosecuting attorney to file such a motion only if the person ~~[received]~~ **was previously ordered to receive** treatment to competency ~~[.]~~ **in an attempt to cause the person to attain competency to stand trial or receive pronouncement of judgment for a felony charge that was dismissed.** **Section ~~1~~ 1.5** also requires the prosecuting attorney to ~~[notify the court and]~~ **serve the motion upon** the Division **.** ~~[, within a prescribed period, of his or her intent to seek an order committing the person to the custody of the Administrator.]~~

Existing law requires a prosecuting attorney who files a motion for a hearing to determine whether to commit a person to the custody of the Administrator to request from the Division a comprehensive risk assessment which indicates whether the person requires the level of security provided by a forensic facility. (NRS 178.461) **Section ~~1~~ 1.5** instead requires the prosecuting attorney to ~~[petition the court]~~ **include a request** for an order ~~[requiring]~~ **directing** the Division to complete a comprehensive risk assessment **~~[.]~~ in the motion for a hearing.** **Section ~~1~~ 1.5** also ~~[provides that if the comprehensive risk assessment indicates that the person assessed does not require the level of security provided by a forensic facility, there is a rebuttable presumption]~~ **: (1) requires the court to hold a hearing to determine whether to issue such an order; and (2) provides** that **if** the ~~[person does not require placement at a forensic facility.]~~ **court determines such an order should be issued, the court must file the order not later than 5 judicial days after the date of the hearing. Section 1 of this bill makes a conforming change to refer to provisions that have been renumbered by section 1.5.**

Existing law authorizes the Division or a person committed to the custody of the Administrator of the Division to petition the committing court for

conditional release. If a person is granted conditional release, the court is required to: (1) periodically review the eligibility of the person for discharge from conditional release; and (2) discharge the person from conditional release if, upon review, the court finds by clear and convincing evidence that the person no longer poses a danger to himself or herself or others. (NRS 178.463) **Section 2** of this bill provides that when a person is discharged from conditional release, the ~~[facility from which the person is discharged]~~ **State** and any **of its** agents or employees ~~[of the facility]~~ are not liable for: (1) any debts, contractual obligations or medical expenses incurred by the person; or (2) any damages caused by the actions of the person.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 178.460 is hereby amended to read as follows:**

178.460 1. If requested by the district attorney or counsel for the defendant within 10 days after the report by the Administrator or the Administrator's designee is sent to them, the judge shall hold a hearing within 10 days after the request at which the district attorney and the defense counsel may examine the members of the treatment team on their report.

2. If the judge orders the appointment of a licensed psychiatrist or psychologist who is not employed by the Division to perform an additional evaluation and report concerning the defendant, the cost of the additional evaluation and report is a charge against the county.

3. Within 10 days after the hearing or 10 days after the report is sent, if no hearing is requested, the judge shall make and enter a finding of competence or incompetence, and if the judge finds the defendant to be incompetent:

(a) Whether there is substantial probability that the defendant can receive treatment to competency and will attain competency to stand trial or receive pronouncement of judgment in the foreseeable future; and

(b) Whether the defendant is at that time a danger to himself or herself or to society.

4. If the judge finds the defendant:

(a) Competent, the judge shall, within 10 days, forward the finding to the prosecuting attorney and counsel for the defendant. Upon receipt thereof, the prosecuting attorney shall notify the sheriff of the county or chief of police of the city that the defendant has been found competent and prearrange with the facility for the return of the defendant to that county or city for trial upon the offense there charged or the pronouncement of judgment, as the case may be.

(b) Incompetent, but there is a substantial probability that the defendant can receive treatment to competency and will attain competency to stand trial or receive pronouncement of judgment in the foreseeable future and finds that the defendant is dangerous to himself or herself or to society, the judge shall recommit the defendant and may order the involuntary administration of medication for the purpose of treatment to competency.

(c) Incompetent, but there is a substantial probability that the defendant can receive treatment to competency and will attain competency to stand trial or receive pronouncement of judgment in the foreseeable future and finds that the defendant is not dangerous to himself or herself or to society, the judge shall order that the defendant remain an outpatient or be transferred to the status of an outpatient under the provisions of NRS 178.425.

(d) Incompetent, with no substantial probability of attaining competency in the foreseeable future, the judge shall order the defendant released from custody or, if the defendant is an outpatient, released from any obligations as an outpatient if, within 10 judicial days, the prosecuting attorney has not filed a motion pursuant to NRS 178.461 or if, within 10 judicial days, a petition is not filed for the involuntary court-ordered admission of the person to a mental health facility pursuant to NRS 433A.200. After the initial 10 judicial days, the person may remain an outpatient or in custody under the provisions of this chapter only as long as the motion or petition is pending unless the person is committed to the custody of the Administrator pursuant to NRS 178.461 or involuntarily admitted to a mental health facility pursuant to chapter 433A of NRS.

5. Except as otherwise provided in subsections ~~[4]~~ ***5*** and ~~[7]~~ ***8*** of NRS 178.461, no person who is committed under the provisions of this chapter may be held in the custody of the Administrator or the Administrator's designee longer than the longest period of incarceration provided for the crime or crimes with which the person is charged or 10 years, whichever period is shorter. Upon expiration of the applicable period provided in this section, subsection ~~[4]~~ ***5*** or ~~[7]~~ ***8*** of NRS 178.461 or subsection 4 of NRS 178.463, the person must be returned to the committing court for a determination as to whether or not involuntary commitment pursuant to chapter 433A of NRS is required.

~~[Section 1.]~~ ***Sec. 1.5.*** NRS 178.461 is hereby amended to read as follows:

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 770.

SUMMARY—Establishes requirements to protect the privacy of certain information and genetic material. (BDR ~~[18-1241)]~~ **19-1241)**

AN ACT relating to privacy; prohibiting a state agency, a local government or a contractor or grantee of a state agency or local government from collecting or disclosing autism-related data under certain circumstances; requiring the Office of the Governor to biennially review compliance with those prohibitions; authorizing the establishment of advisory groups to evaluate and make recommendations concerning the implementation of those prohibitions; prohibiting the obtaining, retention, sale or transfer of certain genetic information or a DNA sample except in certain circumstances; prohibiting the disclosure of certain genetic information or related information except in certain circumstances; prohibiting certain genetic testing except in certain circumstances; creating a cause of action for certain unauthorized disclosures of genetic information and certain unauthorized genetic testing; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes various programs to provide benefits and services to persons with autism spectrum disorders. (NRS 62B.700, 388.449, 391A.250-391A.270, 422.27497, 427A.871-427A.8803, chapter 435 of NRS) **Sections 2-9** of this bill establish protections for the privacy of autism-related data maintained by state agencies, local governments and contractors and

grantees thereof. **Sections 3-5** define certain terms, and **section 2** establishes the applicability of those definitions. **Section 6** prohibits a state agency, local government or contractor or grantee thereof acting within the scope of the contract or grant from collecting autism-related data except for certain purposes relating to: (1) the provision of benefits or services to persons who have or are suspected of having autism spectrum disorders; and (2) compliance with **, or ensuring compliance with,** applicable law. **Section 7** prohibits a state agency or local government from disclosing autism-related data to outside persons or entities except: (1) with the informed consent of the person to whom the autism-related data pertains or his or her legal guardian; (2) to comply with certain legal requirements; or (3) where necessary to provide services or supports to the person to whom the autism-related data pertains. **Section 7** prohibits a contractor or grantee of a state agency or local government from disclosing autism-related data obtained from the state agency or local government or obtained within the scope of the contract or grant except in those authorized circumstances. **Section 9** makes a conforming change to indicate that autism-related data in the possession of a state agency, local government or contractor or grantee thereof is not a public record. **Section 8** requires the Office of the Governor to perform a biennial review of compliance by the Executive Department of State Government and the contractors and grantees thereof with the requirements of **sections 6 and 7**. **Section 8** also authorizes the Director of the Department of Health and Human Services to appoint time-limited advisory groups to evaluate and provide recommendations concerning the implementation of **sections 2-8**.

Except where the person to whom genetic information pertains or his or her legal guardian provides informed consent or in certain other circumstances, existing law makes it a misdemeanor to obtain, retain or disclose genetic information obtained from a genetic test conducted to determine the presence of certain abnormalities or deficiencies. (NRS 629.101-629.201) **Section 14** of this bill broadens the information to which those provisions apply to include information obtained from any test to derive and interpret data related to the genetic characteristics of a person. **Sections 16 and 17** of this bill additionally make it a misdemeanor to obtain or retain a DNA sample under circumstances where it is currently a misdemeanor to obtain or retain genetic information. **Sections 18 and 20** of this bill make the unauthorized disclosure of the identity of a person who was the subject of a genetic test or of genetic information a category E felony. **Section 18** additionally makes it a category E felony to intentionally submit the DNA sample of another person for a genetic test or perform or cause the performance of a genetic test on the DNA sample of another person without the informed consent of that person or his or her legal guardian, except in certain circumstances. **Section 21** of this bill authorizes a person injured by such unauthorized genetic testing to bring a civil action. **Section 12** of this bill newly establishes a category D felony for intentionally selling or otherwise transferring the DNA sample or genetic information of a person to another person or entity without the informed consent of the person

from whom the sample was taken or to whom the genetic information pertains, as applicable, or his or her legal guardian, except in certain circumstances. **Section 11** of this bill defines the term "DNA sample," and **section 13** of this bill establishes the applicability of that definition and certain existing definitions. **Section 15** of this bill makes a conforming change to indicate the applicability of **sections 11 and 12**. **Section 19** of this bill requires the State Board of Health to adopt regulations establishing procedures for obtaining informed consent where required by **sections 12 and 16-18**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 237 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 8, inclusive, of this act.

Sec. 2. ***As used in sections 2 to 8, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 3, 4 and 5 of this act have the meanings ascribed to them in those sections.***

Sec. 3. ***"Autism-related data" means personally identifiable information which reveals that a person has been diagnosed with or otherwise determined to have an autism spectrum disorder or is suspected to have an autism spectrum disorder.***

~~[ASSEMBLYMEMBER]~~ **ASSEMBLYMEMBERS** YEAGER **AND HAFEN**

SUMMARY— ~~[Provides for additional]~~ **Revises provisions governing** compensation for certain ~~[hard-to-fill positions at]~~ **employees of** public schools. (BDR 34-189)

AN ACT relating to education; ~~[requiring additional support for the State Education Fund]~~ **requiring the Department of Education to award money to school districts** to provide compensation in addition to base pay for hard-to-fill positions in public schools; requiring ~~[the Superintendent of Public Instruction to apportion the amount allocated to provide such compensation among]~~ school districts ~~[on a monthly basis;]~~ **to report certain information relating to hard-to-fill positions;** eliminating the authority **in certain large school districts** to use weighted funding provided to a school for certain pupils to pay certain hiring and retention incentives; **revising the powers of the Subcommittee on Education Accountability of the Interim Finance Committee; making an appropriation to the Interim Finance Committee for allocation to the Department to fund compensation in addition to base pay for hard-to-fill positions in public schools; making an appropriation to provide money to charter schools for salary increases for teachers and education support professionals;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law creates the State Education Fund for the support of the operation of the public schools in this State and requires that certain revenues of the State be deposited in the Fund. In addition to these revenues, existing law requires support for the State Education Fund to be provided by direct legislative appropriation in an amount determined by the Legislature to be sufficient to fund the operation of public schools in this State for the next ensuing biennium. (NRS 387.1212) After this direct legislative appropriation is made, existing law directs the Legislature to determine the statewide base per pupil funding amount for each fiscal year of the biennium, which is the amount of money on a per pupil basis for the projected enrollment of the public schools in this State which the Legislature determines is sufficient to fund the~~

~~cost of all public schools in this State to operate and provide general education to all pupils, with the exception of certain expenses for which specific funding is otherwise provided. (NRS 387.1214)]~~ **Section 2** of this bill ~~[requires that additional support for the State Education Fund be provided in an amount determined by the Legislature to be sufficient to ameliorate high teacher vacancy rates by providing]~~ **requires the Department of Education, to the extent that money has been appropriated for that purpose, to make awards to school districts to provide** compensation, in addition to base pay, for hard-to-fill positions in the public schools of this State. ~~[Sections 2 and 6 of this bill exclude this amount from the calculation of the base per pupil funding amount.]~~ **Section 2** defines "hard-to-fill position" as including: (1) teacher positions at certain Title I schools; and (2) teacher positions and other positions filled by licensed educational personnel whose duties include actively teaching pupils in certain subjects which are suffering from a critical labor shortage. ~~[Sections 2 and 5 of this bill authorize the money for this amount to be appropriated to the State Education Fund from the State General Fund or transferred, at the direction of the Legislature, from the Education Stabilization Account.~~

~~Section 3 of this bill requires the Superintendent of Public Instruction to apportion the money appropriated or transferred to the State Education Fund pursuant to section 2 among the school districts in this State, on a monthly basis, according to the yearly apportionment for each school district as specified by the Legislature. Section 3 provides for the reversion of any such money which is not committed for expenditure at the end of each fiscal year.~~

~~Sections 4, 6 and 7 of this bill exclude certain amounts appropriated or transferred to the State Education Fund pursuant to section 2 from: (1) the money upon which interest is earned for the State Education Fund; and (2) money in the State Education Fund which must be used for certain purposes.]~~ **Section 2 requires each school district to submit a biennial report to the Office of Finance in the Office of the Governor and the Interim Finance Committee regarding the number of teachers receiving such additional compensation, the total amount of such additional compensation being provided in the school district and the number of hard-to-fill positions in the public schools in the school district. Section 8.9 of this bill imposes certain requirements for the contents of this report which are applicable only to the report that is required to be submitted on or before December 1, 2026.**

Existing law requires the Governor, to the extent practicable, to include in the proposed executive budget certain recommendations concerning education funding, including recommendations for the statewide base per pupil funding amount and the multiplier for each category of pupils. (NRS 387.12455) Section 8.1 of this bill additionally requires the Governor, to the extent practicable, to include in the proposed executive budget recommendations for the amount of money to appropriate to the Department to make awards to school districts pursuant to section 2.

Section 8.5 of this bill appropriates $45,000,000 in both Fiscal Year 2025-2026 and Fiscal Year 2026-2027 to the Interim Finance Committee for allocation to the Department to distribute to school districts to provide compensation, in addition to base pay, for hard-to-fill positions in public schools. Section 8.5 establishes certain requirements which must be satisfied before the money is allocated by the Interim Finance Committee.

Under the Pupil-Centered Funding Plan, existing law requires a public school that receives weighted funding for one or more at-risk pupils or pupils who are English learners to use such funding only to provide services to such pupils, which are referred to as "Victory services" and "Zoom services," respectively. (NRS 387.121, 387.12445) Existing law authorizes the use of this weighted funding to provide incentives for hiring and retaining teachers and other licensed educational personnel who provide such services. (NRS 387.12445) **Section 8** of this bill eliminates the authority to use weighted funding to pay for such incentives ~~.~~ **in a school district located in a county whose population is 700,000 or more (currently the Clark County School District).**

Existing law creates the Subcommittee on Educational Accountability of the Interim Finance Committee and authorizes the Subcommittee to study various matters related to accountability in public education. (NRS 218E.415) Section 8.3 of this bill additionally authorizes the Subcommittee to study the compensation paid to teachers at public schools to determine whether such compensation is sufficient to ensure competitiveness with other states and optimal educational achievements and outcomes for pupils.

Section 8.7 of this bill appropriates $19,314,297 in both Fiscal Year 2025-2026 and Fiscal Year 2026-2027 to the Interim Finance Committee for allocation to the State Public Charter School Authority to provide money to charter schools for salary increases for teachers and education support professionals. Section 8.7 requires each charter school in this State to submit certain information to the State Public Charter School Authority, including the number of teachers and education support professionals employed by the charter school on October 1, 2024, and October 1, 2025, and a plan to provide such salary increases in each fiscal year. Section 8.7 requires the State Public Charter School Authority to compile and submit such information to the Interim Finance Committee as a condition for receiving an allocation by the Interim Finance Committee from the appropriation made by section 8.7. Section 8.7 provides the method for calculating the amount of money from the appropriation which the State Public Charter School Authority may distribute to each charter school.

~~(c) Any money transferred to the county school district and authorized for expenditure as a continuing appropriation pursuant to paragraph (b) of subsection 6 of NRS 387.1214.~~

~~6. If the Superintendent of Public Instruction determines that the money due from the State Education Fund to a county school district, charter school~~

Upon receipt of such a request, the Director of the Office of Finance shall make a recommendation to the Interim Finance Committee to approve the temporary advance in whole or in part or to deny the request. Sec. 6. ~~[~~NRS 387.1214 is hereby amended to read as follows:

~~387.1214 1. After a direct legislative appropriation is made to the State Education Fund from the State General Fund pursuant to NRS 387.1212, the Legislature shall determine the statewide base per pupil funding amount for each fiscal year of the biennium, which is the amount of money expressed on a per pupil basis for the projected enrollment of the public schools in this State, determined to be sufficient by the Legislature to fund the costs of all public schools in this State to operate and provide general education to all pupils for any purpose for which specific funding is not appropriated pursuant to paragraph (a), (b) or (c) of subsection 2 or NRS 387.122~~ **[**.**]** ***or section 2 of this act.*** ~~It is the intent of the Legislature that the statewide base per pupil funding amount for any fiscal year, to the extent practicable, be not less than the statewide base per pupil funding amount for the immediately preceding fiscal year, adjusted by the rate of inflation, unless the amount of money contained in the State Education Fund, excluding the Education Stabilization Account, decreases from the preceding fiscal year. If the amount of money contained in the State Education Fund, excluding the Education Stabilization Account, decreases from the preceding fiscal year, it is the intent of the Legislature that a proportional reduction be made in both the statewide base per pupil funding amount and the weighted funding appropriated pursuant to paragraph (c) of subsection 2.~~

~~2. After a direct legislative appropriation is made to the State Education Fund from the State General Fund pursuant to NRS 387.1212, the money in the State Education Fund, excluding any amount of money in the Education Stabilization Account [,] *or money appropriated or transferred pursuant to section 2 of this act,* must be appropriated as established by law for each fiscal year of the biennium for the following purposes:~~

~~(a) To each school district, an amount of money determined to be sufficient by the Legislature, when combined with any other resources available for this purpose, to provide food services and transportation for pupils and any other similar service that the Legislature deems appropriate.~~

~~(b) To each school district, charter school or university school for profoundly gifted pupils, an amount of money determined to be sufficient by the Legislature, when combined with any other resources available for this purpose, to provide local funding to support pupils with disabilities.~~

~~(c) To each school district, an amount of money determined to be sufficient by the Legislature, when combined with any other resources available for this purpose, to provide adjusted base per pupil funding for each pupil estimated to be enrolled in the school district.~~

~~(d) To each charter school or university school for profoundly gifted pupils, an amount of money determined to be sufficient by the Legislature, when combined with any other resources available for this purpose, to provide:~~

~~(1) The statewide base per pupil funding amount for each pupil estimated to be enrolled full-time in a program of distance education provided by the charter school or university school for profoundly gifted pupils; and~~

~~(2) Adjusted base per pupil funding for each pupil estimated to be enrolled in the charter school or university school for profoundly gifted pupils other than a pupil identified in subparagraph (1).~~

~~(e) To each school district, charter school or university school for profoundly gifted pupils, an amount of money determined to be sufficient by the Legislature, when combined with any other resources available for this purpose, to provide additional weighted funding for each pupil estimated to be enrolled in the school district, charter school or university school for profoundly gifted pupils who is:~~

~~(1) An English learner;~~

~~(2) At-risk pupil; or~~

~~(3) A gifted and talented pupil.~~

~~3. The adjusted base per pupil funding appropriated pursuant to paragraph (e) of subsection 2 for each school district must be determined by applying the cost adjustment factor established pursuant to NRS 387.1215 which applies to the school district and the attendance area adjustment established pursuant to NRS 387.1218 which applies to each applicable area of the school district to the statewide base per pupil funding amount.~~

~~4. The adjusted base per pupil funding appropriated pursuant to subparagraph (2) of paragraph (d) of subsection 2 for each charter school or university school for profoundly gifted pupils must be determined by applying~~

~~the cost adjustment factor established pursuant to NRS 387.1215 which applies to the charter school or university school and, if applicable, the attendance area adjustment established pursuant to NRS 387.1218 to the statewide base per pupil funding amount.~~

~~5. The weighted funding appropriated pursuant to paragraph (c) of subsection 2 must be established separately for each category of pupils identified in that paragraph and expressed as a multiplier to be applied to the statewide base per pupil funding amount determined pursuant to subsection 1. A pupil who belongs to more than one category of pupils or for whom a school district, charter school or university school for profoundly gifted pupils is eligible to receive the statewide multiplier pursuant to NRS 387.122 must receive only the weighted funding for the single category to which the pupil belongs which has the largest multiplier or the statewide multiplier, whichever is larger. It is the intent of the Legislature that, to the extent practicable:~~

~~(a) The multiplier for each category of pupils for any fiscal year be not less than the multiplier for the immediately preceding fiscal year unless:~~

~~(1) The amount of money contained in the State Education Fund, excluding the Education Stabilization Account, decreases from the preceding fiscal year, in which event it is the intent of the Legislature that a proportional reduction be made in both the statewide base per pupil funding amount and the weighted funding appropriated pursuant to paragraph (c) of subsection 2; or~~

~~(2) The amount of money contained in the State Education Fund, excluding the Education Stabilization Account, increases from the preceding fiscal year but in an amount which, after funding the appropriations required by paragraphs (a) to (d), inclusive, of subsection 2, is insufficient to fund the multiplier for each category of pupils, in which event it is the intent of the Legislature that the remaining money in the State Education Fund be used to provide a multiplier for each category of pupils which is as close as practicable to the multiplier for the preceding fiscal year;~~

~~(b) The recommendations of the Commission for the multiplier for each category of pupils be considered and the multiplier for one category of pupils may be changed by an amount that is not proportional to the change in the multiplier for one or more other categories of pupils if the Legislature determines that a disproportionate need to serve the pupils in the affected category exists; and~~

~~(c) If the multipliers for all categories of pupils in a fiscal year are increased from the multipliers in the immediately preceding fiscal year, a proportional increase is considered for the statewide base per pupil funding amount.~~

~~6. For any money identified in subsection 4 of NRS 362.170 which is deposited to the credit of the State Education Fund:~~

~~(a) The amount of such money for the county from which the money was collected that does not exceed the total amount of money appropriated pursuant to subsection 2 to the county school district is deemed to be the first money appropriated pursuant to subsection 2 for that county school district and~~

~~the first money spent by that county school district from the county school district fund during the applicable fiscal year.~~

~~— (b) The amount of such money for the county from which the money was collected which exceeds the total amount of money appropriated pursuant to subsection 2 to the county school district must be transferred to the county school district and is hereby authorized for expenditure as a continuing appropriation for the purpose of mitigating the adverse effects of the cyclical nature of the industry of extracting and processing minerals on the ability of the county school district to offer its pupils a reasonably equal educational opportunity.~~

~~— 7. The weighted funding appropriated pursuant to paragraph (e) of subsection 2:~~

~~— (a) May not be used to settle or arbitrate disputes between a recognized organization representing employees of a school district or the governing body of a charter school and the school district or governing body or to settle any negotiations; and~~

~~— (b) May not be used to adjust the district-wide schedules of salaries and benefits of the employees of a school district.~~

Amendment adopted.
Bill ordered reprinted, engrossed, and to third reading.

Assembly Bill No. 398.
Bill read third time.
Remarks by Assemblymember Jauregui, Hafen, Backus, and Anderson.

ASSEMBLYMEMBER JAUREGUI:
I rise in support of Assembly Bill 398. At its core, Assembly Bill 398 is about putting our students first by providing funding for hard-to-fill positions and funding charter school teachers' pay raises. This bill helps ensure that every child in Nevada, no matter what kind of public school they attend, has access to high-quality, committed educators. Students thrive when they are taught by experienced, passionate teachers who feel respected and supported. But when educators are underpaid and overworked, it leads to burnout, high turnover, and instability in the classroom. Assembly Bill 398 helps break that cycle by making teaching in all public schools a more sustainable and rewarding career. This bill is a win for teachers, but more importantly, it is a win for our kids. Investing in our educators is investing in our students' success, their futures, and the promise of public education in Nevada. I urge all of my colleagues to vote yes on Assembly Bill 398.

ASSEMBLYMEMBER HAFEN:
I rise today in support of this bill [Assembly Bill No. 398]—of what has been years of long, hard debate. I want to first thank you, Mr. Speaker, the Majority Leader, the Chair of Ways and Means, and everyone in this building who's rolled up their sleeves to put our children first and to put our teachers back to where they need to be. This might just be a small token of our appreciation, but this is something that is going to improve our education systems, not just now, but for our future generations. We are not going to save our education with slogans, flashy campaigns, we are not going to fix education with partisan division, and we certainly will not be helping our children with finger-pointing. So, what we are going to do today is, we are going to pass this bill. We are going to make it happen. We are going to let Nevadans know that we are putting our children first today.

ASSEMBLYMEMBER BACKUS:
I rise in support of Assembly Bill 398. Assembly Bill 398 provides additional compensation for hard-to-fill positions for Title I schools and special education teachers, while providing funding for charter school teacher pay raises. This bill ensures that we invest in all educators, not just some. It supports the professional shaping our future and it directly addresses the teacher shortage crisis that is threatening the quality of education in our state. Assembly Bill 398 also puts in accountability and transparency measures, making sure our public dollars are spent on our educators. If we truly value education, we must value educators. Assembly Bill 398 is how we show what commitment in action. Let us stand together for the future of our Nevada students, teachers, and families. I urge all of my colleagues to vote "yes" on A.B. 398.

ASSEMBLYMEMBER ANDERSON:
The comments that have been made today, the comments they have made during the presentation, I agree with so much. There are so many parts of what has been stated that are 100 percent what I believe, and I know the constituents I have been elected to represent believe, as well. But this bill does not recognize some of the very important individuals who, as educators, should also be recognized. When I take a look at a special education classroom, the aide does so much work, and also should be recognized. A counselor, as well as other education licensed personnel, whether that is a speech pathologist, or again, the counselors that I just mentioned, they also should be recognized. I greatly appreciate the work that you have put into this, as well as everyone else, but I will be voting "no" because I believe that all members of a school should be recognized.

MOTIONS, RESOLUTIONS, AND NOTICES

Assemblymember Jauregui moved that Senate Bills Nos. 500 and 501 be taken from the Chief Clerk's Desk and be moved to the General File.

GENERAL FILE AND THIRD READING

Senate Bill No. 500.

Bill read third time.

Remarks by Assemblymember Monroe-Moreno.

ASSEMBLYMEMBER MONROE-MORENO:

Senate Bill 500 provides funding for K-12 public education for the 2025–2027 Biennium. The total public support for school districts, charter schools, and university schools of profoundly gifted pupils is estimated to average $13,889 per pupil, in FY [Fiscal Year] 2026; and $13,963 per pupil, in FY 2027.

Senate Bill No. 501.

Bill read third time.

Remarks by Assemblymembers Monroe-Moreno and Backus.

Conflict of interest declared by Assemblymember Backus.

ASSEMBLYMEMBER MONROE-MORENO:

Senate Bill 501 provides funding and authorizes the expenditure of funding, other than the State General Fund appropriations or State Highway Fund appropriations. The funding sources include federal funds, self-funded budget accounts—receiving money through fees or other means, and revenue sources such as licensing fees, gifts, grants, interagency transfers, and other funds, which total $33.034 billion, over the 2025-2027 Biennium.

ASSEMBLYMEMBER BACKUS:

Because Senate Bill 501 involves the Windsor Park Environmental Justice Act, I would like to advise the body that, as an attorney, one of my clients is the Community Development Program Center of Nevada, which is the developer who was awarded the project under this act. Since the independence of judgment of a reasonable person in my position, with respect to this item, could be materially affected by my legal employment, I am making this disclosure pursuant to Assembly Standing Rule No. 23, and will abstain from voting on Senate Bill 501.

Roll call on Senate Bill No. 501:

NAYS—None.

NOT VOTING—Backus.

VETOED BILLS AND SPECIAL ORDERS OF THE DAY

Vetoed Assembly Bill No. 306 of the 83rd Session.

Governor's message stating his objections read.

OFFICE OF THE GOVERNOR

May 22, 2025

The Honorable Steve Yeager
Speaker of the Nevada State Assembly
401 South Carson Street
Carson City, Nevada 89701

Re: Assembly Bill 306 of the 83rd Legislative Session

DEAR SPEAKER YEAGER:

I am forwarding to you, for filing within the time limit set forth in the Nevada Constitution and without my approval, Assembly Bill 306 ("AB 306"), which is titled as follows:

> AN ACT relating to elections; requiring a county clerk in certain counties to establish a certain number of locations for a voter to return his or her mail ballot in a mail ballot drop box during the period between the last day for early voting and the day of a general election; authorizing the county clerk in certain counties to establish such locations; authorizing a person, under certain circumstances, to return a mail ballot to a mail ballot drop box established at such a location on behalf of a voter; requiring mail ballot drop boxes to be monitored and secured; requiring the Secretary of State to establish requirements for monitoring and securing mail ballot drop boxes; and providing other matters properly relating thereto.

Nevada is already among the easiest states in the nation to cast a vote.

AB 306 appears to be well-intentioned but falls short of its stated goals while failing to guarantee appropriate oversight of the proposed ballot boxes or the ballots cast. I believe additional election reforms should be considered as part of a larger effort to improve election security, integrity and allow Nevada to declare winners more quickly.

For these reasons, I veto this bill and return it without my signature or approval.

Respectfully submitted,
Joe Lombardo
Governor of Nevada

Bill read.

Amendment No. 795.

AN ACT relating to health care; revising the expiration date of certain licenses issued by the Division of Public and Behavioral Health of the Department of Health and Human Services; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a medical facility or a facility for the dependent to obtain a license from the Division of Public and Behavioral Health of the Department of Health and Human Services. (NRS 449.030) Under existing law, each such license expires on December 31 of each year and may be renewed annually. The following amendment was proposed by Assemblymember Torres-Fossett:

Amendment No. 809.

AN ACT relating to governmental administration; prohibiting certain acts related to critical infrastructure or used utility wire; establishing requirements relating to transactions involving used utility wire; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it a gross misdemeanor to knowingly burn stolen metallic wire to remove insulation. (NRS 202.180) **Section 1** of this bill sets forth penalties for a person who willfully tampers with or willfully removes, damages or destroys any critical infrastructure.

Section 3 of this bill provides that it is unlawful for a person to possess used utility wire unless the person is a certain type of business that may reasonably generate, possess or sell used utility wire or the person possesses documentation proving lawful ownership or possession. **Section 4** of this bill prohibits a person from purchasing used utility wire for any purpose unless the seller is a business that may reasonably generate, possess or sell used utility wire or the seller establishes lawful ownership or possession of the used utility wire by providing certain documentation. **Section 5** of this bill provides that a person who commits the offense created by **section 3** or who violates the provisions of **section 4** is guilty of a degree of felonious conduct consistent with the weight of used utility wire involved in the crime.

Existing law provides that, under certain circumstances, a person may not sue any political subdivisions for any injury, wrongful death or other damage incurred by the person while committing certain crimes. (NRS 41.0334) **Section 5.5** of this bill revises the list of crimes to include the new crime created by **section 1**.

Existing law provides certain restrictions on the purchase or receipt by a junk dealer of metallic wire that has been burned in whole or in part to remove

insulation. (NRS 647.035) **Sections 14 and 15** of this bill make these restrictions apply instead to the purchase or receipt by a junk dealer of used utility wire.

Existing law provides certain restrictions on the sale and purchase of scrap metal and used catalytic converters in this State. (NRS 647.092-647.099) **Sections 12 and 13** of this bill exclude used utility wire from the definition of "scrap metal" but include persons who purchase, trade, barter or otherwise receive used utility wire in the definition of "scrap metal processor." **Section 8** of this bill prohibits a scrap metal processor from purchasing or receiving used utility wire from any person other than certain businesses that may reasonably generate, possess or sell used utility wire and persons who provide documentation to establish lawful ownership or possession of used utility wire. **Section 10** of this bill provides certain restrictions on the manner by which a scrap metal processor may purchase used utility wire that are substantially similar to the restrictions under existing law on the manner by which a scrap metal processor may purchase a used catalytic converter.

Existing law requires a scrap metal processor to maintain certain records of purchases of scrap metal and used catalytic converters. (NRS 647.094, 647.0943) **Section 9** of this bill requires a scrap metal processor to maintain records of purchases of used utility wire that are substantially similar to the records that it must maintain under existing law for purchases of used catalytic converters. **Section 9** requires a scrap metal processor to maintain these records for a period of not less than 3 years. **Section 9** also requires a scrap metal processor to make available to a local law enforcement agency on demand all the used utility wire that it purchases and the records of those purchases.

Existing law authorizes a local law enforcement agency to establish an electronic reporting system or to utilize an existing electronic reporting system to receive information relating to the purchase of scrap metal or used catalytic converters by a scrap metal processor that transacts business within the jurisdiction of the local law enforcement agency. If a law enforcement agency establishes or uses such a system, existing law requires each scrap metal processor that transacts business within the jurisdiction of the local law enforcement agency to submit electronically to the local law enforcement agency certain information relating to each purchase of scrap metal and catalytic converters from certain persons. (NRS 647.0945) **Section 16** of this bill requires each scrap metal processor to submit electronically to the local law enforcement agency certain additional information if the scrap metal processor purchases used utility wire.

Section 17 of this bill provides that a person who violates any provision of **section 8, 9 or 10** is guilty of a misdemeanor.

Section 7 of this bill defines "used utility wire" for the purposes of **sections 8-16**.

Assembly Bill No. 376.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 797.

AN ACT relating to insurance; requiring the Commissioner of Insurance to establish and administer the Regulatory Experimentation Program for Insurance Product Innovation; setting forth requirements for the operation of the Program; authorizing ~~[an insurer to implement]~~ **certain property insurers to file** a proposed increase in a rate for certain ~~[kinds and]~~ lines of insurance ~~[while the proposal is pending approval or disapproval by the Commissioner; setting forth certain requirements applicable in the event that such a proposal is ultimately disapproved;]~~ **through a program of flex-rated filing; revising requirements relating to insurance coverage for the peril of wildfire; revising certain requirements for reciprocal insurers; revising provisions relating to captive insurers; revising requirements relating to insurance**

coverage for common-interest communities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Commissioner of Insurance to regulate insurance in this State and enforce the provisions of the Nevada Insurance Code. (NRS 679B.120) **Section 9** of this bill requires the Commissioner to establish and administer the Regulatory Experimentation Program for Insurance Product Innovation, which is a 4-year program to enable an authorized insurer who offers at least one insurance product **that provides property insurance coverage for real or personal property located** in this State outside of the Program to test a qualified insurance product in this State without ~~[obtaining any authorization or]~~ complying with ~~[any of the]~~ **certain** provisions of the Nevada Insurance Code or ~~[the]~~ **certain** regulations adopted pursuant thereto that would otherwise be required outside of the Program. **Section 7** of this bill defines "qualified insurance product" to mean an insurance product that provides **property insurance** coverage for real **or personal** property located in this State**.** ~~[that is valued at $250,000 or more.]~~

Section 12 of this bill sets forth the process by which an authorized insurer may apply to participate in the Program. **Section 12 requires the application of the applicant to include, among other information, an explanation of any exemption from the provisions of the Nevada Insurance Code or the regulations adopted pursuant thereto that the applicant is requesting.** **Section 13** of this bill requires the Commissioner to approve or deny an application within 90 days after the completed application is received. **Section 14** of this bill requires the Commissioner to provide written notice of the approval or denial of an application**.** ~~[and authorizes an applicant to appeal a denial of an application to the Director of the Department of Business and Industry.]~~ Under **section 15** of this bill, if an application is approved, the qualified insurance product offered or provided through the Program, with certain exceptions, is exempt from the provisions of the Nevada Insurance Code and ~~[any]~~ **the** regulations adopted pursuant thereto**.** ~~[.]~~ **for which an exemption was requested in the application to participate in the Program. Section 15 also limits the period of testing for a qualified insurance product under the Program to 36 months, with one extension of not more than 12 months if approved by the Commissioner.**

Section 10 of this bill requires the Commissioner to adopt ~~[regulations establishing protections for consumers of qualified insurance products provided through the Program and authorizes the Commissioner to adopt any other]~~ regulations to carry out the Program.

Section 11 of this bill requires certain disclosures to be provided before providing a consumer a qualified insurance product through the Program.

Section 16 of this bill sets forth certain requirements relating to the retention of records and reporting by a participant in the Program. **Sections 17 and 26** of this bill set forth certain requirements concerning the confidentiality and disclosure of records relating to the Program.

Section 18 of this bill requires the Commissioner to submit a report to the Legislature concerning the Program on or before January 1, 2029.

Sections 19 and 20 of this bill authorize the Commissioner to take certain actions against a participant in the Program who commits certain violations or engages in any act or omission that the Commissioner determines is inconsistent with the health, safety or welfare of consumers or the public generally.

Sections 3-8 of this bill define certain words and terms relating to the Program.

Under existing law, with certain exceptions, insurers and certain rate service organizations are required to file with the Commissioner all rates and proposed increases thereto, as well as the forms of policies to which the rates apply, supplementary rate information and any changes or amendments to the rates. Existing law requires that such a filing be filed not less than 30 days before the proposed effective date of the filing, with certain exceptions. (NRS 686B.070) Existing law sets forth procedures by which the Commissioner is required to approve or disapprove a proposed increase or decrease in a rate for any kind or line of insurance, other than certain health plans. (NRS 686B.110) ~~[Sections 21-25 of this bill revise those provisions to allow an insurer to implement a proposed increase or decrease in certain rates while the process for the approval or disapproval proceeds.~~

~~Section 21 requires a filing for a proposed increase or decrease in a rate for any kind or line of insurance for which the filing of rates is required, other than certain health plans, to be filed on or before the proposed effective date included in the filing. Section 21 authorizes an insurer to implement such a proposed increase or decrease while the proposal is pending approval or disapproval by the Commissioner.~~

~~Section 23 provides that if the Commissioner disapproves such a proposed increase or decrease and the insurer has implemented the proposed increase or decrease, the Commissioner is required to issue a written order that includes, among other things, the date on which the disapproved increased or decreased rate must no longer be used for the issuance of new policies or contracts or the renewal of existing policies or contracts. Under section 23, the order does not affect any policy or contract made before the effective date of the order, except that the Commissioner is authorized to require that the premiums be adjusted after the effective date of the order for those policies or contracts in effect on the effective date of the order.~~

~~Under existing law, if a filing for a proposed increase in a rate is not accompanied by certain information, the Commissioner is authorized to inform the insurer and the filing is deemed to be made when the information is furnished. (NRS 686B.100) Section 22 deems a filing for a proposed increase in a rate for any kind or line of insurance, other than certain health plans, for the purpose of implementing the proposed increase pending the approval or disapproval of the Commissioner to be filed on the date on which it is filed with the Commissioner, regardless of whether the filing is accompanied by~~

~~such information. Similarly, existing law provides that if the Commissioner determines that a proposal to increase or decrease a rate is incomplete, the Commissioner must notify the insurer or rate service organization of that determination and, if the insurer does not provide the necessary documents or other information within 30 days after the receipt of that notice, the Commissioner is authorized to disapprove the proposal. (NRS 686B.110) Section 23 provides that a determination that a proposal to increase or decrease a rate for any kind or line of insurance, other than certain health plans, is incomplete does not prohibit an insurer from implementing the proposed increase or decrease pending approval or disapproval.]~~

Sections ~~[24 and 25 make conforming changes to refer to provisions that have been renumbered by section]~~ 20.3 and 21 ~~[,]~~ of this bill provide an alternative method by which certain insurers may make a filing for a proposed increase in a rate for certain types of insurance. Section 20.3 requires the Commissioner to establish a program of flex-rated filing to allow an insurer that issues certain lines of property insurance to make a filing for that line of insurance if the proposed increase does not exceed certain thresholds established by the Commissioner and certain other requirements are met. Section 20.3 sets forth certain requirements for making a filing for a proposed increase in a rate to qualify to be filed under the program of flex-rated filing. If the Commissioner finds, within 15 days after the filing is made, that the filing fails to meet such requirements, section 20.3 authorizes the Commissioner to treat the filing in the same manner as other proposed increases in a rate filed outside the program of flex-rated filing. If the Commissioner does not make such a determination within that time, the filing is deemed to be approved. Section 20.5 of this bill applies the definitions set forth under existing law governing rate filings to the provisions of section 20.3. Section 20.7 of this bill excludes property insurance for business and commercial risks from the provisions of section 20.3.

Section 25.1 of this bill authorizes an insurer that issues a policy of property insurance to exclude the peril of wildfire from the coverage provided under the policy. Section 25.1 additionally authorizes an insurer to issue a policy of property insurance that solely covers the peril of wildfire.

Existing law sets forth various requirements and restrictions for the operation of a reciprocal insurer. (Chapter 694B of NRS) Existing law sets forth certain rules that the Commissioner is required to apply in determining the financial condition of a reciprocal insurer, including rules concerning the computation of reserves. (NRS 694B.150) Section 25.3 of this bill revises those rules concerning reserves to require instead that the reserves of a reciprocal insurer be maintained as required by section 25.2 of this bill. Section 25.2 requires a reciprocal insurer at all times to maintain an unearned premium reserve in a certain amount and sets forth the manner in which that amount must be calculated. If, at any time, the

amount of the unearned premium reserve maintained by a reciprocal insurer is less than $100,000, section 25.2 requires the reciprocal insurer to maintain cash or securities acceptable to the Commissioner in an amount that, when added to the amount of the unearned premium reserve maintained, equals not less than $100,000.

Existing law provides for the licensure and regulation of captive insurers. (Chapter 694C of NRS) Section 25.5 of this bill removes provisions prohibiting a captive insurer from directly providing homeowners' insurance coverage. Section 25.5 authorizes an association captive insurer to insure the risks of individual homeowners who combine into an association for the purpose of procuring homeowners' insurance or the risks of individual units' owners in a common-interest community so long as the association captive insurer is owned by the association created by the homeowners or the unit-owners' association, as applicable. Sections 25.4 and 25.5 of this bill authorize a sponsored captive insurer to insure the risks of individual homeowners who elect to become a participant of a protected cell of a sponsored captive insurer.

Existing law requires a unit-owners' association in a common-interest community to maintain certain insurance coverage, including property insurance on the common elements of the community. (NRS 116.3113) Section 25.6 of this bill removes provisions which require such property insurance for buildings with units divided by certain boundaries to include the units to the extent reasonably available. Section 25.7 of this bill makes a conforming change to eliminate a reference to provisions removed in section 25.6.

Sec. 20.3. **Chapter 686B of NRS is hereby amended by adding thereto a new section to read as follows:**

1. The Commissioner shall establish a program of flex-rated filing to allow an insurer that issues a line of property insurance that provides coverage for real property to make a filing for a proposed increase in a rate for that line of insurance under the program, in lieu of making a filing pursuant to NRS 686B.070, if the proposed increase does not exceed either of the flex-rated filing thresholds established by the Commissioner and all other requirements of this section are met.

2. To qualify for filing under the program of flex-rated filing established pursuant to this section:

(a) The filing must be limited solely to a proposed increase in a rate and must not contain changes to any supplementary rate information;

(b) The proposed increase in the rate must not exceed either of the flex-rated filing thresholds which are in effect at the time the filing is made;

(c) The proposed increase must not take effect for any existing policyholder that will be affected by the proposed increase until the date on which the policy of the policyholder is renewed; and

(d) The date on which the first existing policyholder will be affected by the proposed increase must be not earlier than 45 days after the date on which the filing is made.

3. An insurer may not make a filing for a proposed increase in a rate under the program of flex-rated filing established pursuant to this section if:

(a) The cumulative effect of the filing and all other filings filed by the insurer on the same line of insurance within the 12 months immediately preceding the proposed effective date of the proposed increase exceeds either of the flex-rated filing thresholds which are in effect on the date the filing is made; and

(b) Any policyholder that will be affected by the proposed increase has been affected by an increase filed under the program of flex-rated filing within the 12 months immediately preceding the proposed effective date of the proposed increase.

4. The Commissioner shall review each proposed increase in a rate filed under the program of flex-rated filing established pursuant to this section. If the Commissioner, within 15 days after the date on which the filing is made, finds that a proposed increase does not comply with the provisions of subsection 2 or 3 or subsection 1 of NRS 686B.050, the Commissioner shall provide notice to the insurer and subsequently treat the filing as if it were filed pursuant to NRS 686B.070. If the Commissioner has not provided the notice to the insurer within 15 days after the date on which the filing is made, the filing shall be deemed to be approved.

5. On or before June 1, 2026, the Commissioner shall establish the maximum percentage of overall rate impact and the maximum percentage of individual rate disruption for a filing for a proposed increase in a rate to qualify for filing under the program of flex-rated filing established pursuant to this section. Thereafter, on or before June 1 of any year, the Commissioner may adjust the flex-rated filing thresholds to take effect on June 1 of that year. In establishing the initial and adjusted flex-rated filing thresholds pursuant to this subsection, the Commissioner shall:

(a) Before establishing the flex-rated filing thresholds, solicit public input and hold a public hearing on the matter to consider past and future economic conditions; and

(b) Establish the maximum percentage of overall rate impact to be a percentage that is not less than 3 percent.

6. For the purposes of this section, the filing of a proposed increase in a rate under the program of flex-rated filing established pursuant to this section shall be deemed to be made on the date on which it is submitted to the Commissioner using the System for Electronic Rates and Forms Filing developed and implemented by the National Association of Insurance Commissioners or any successor system.

(b) "Individual rate disruption" means the largest percentage increase in the amount of the premiums of any single policyholder affected by a filing for a proposed increase in a rate that will occur if the proposed increase becomes effective.

(c) "Overall rate impact" means the amount, expressed as a percentage, obtained by dividing the total aggregate amount by which all premiums for all policyholders affected by a filing for a proposed increase in a rate will be increased if the proposed increase becomes effective by the total aggregate amount of all premiums for those policyholders on the day immediately preceding the proposed effective date of the proposed increase.

The coverage must extend to the members of the executive board and the officers, employees, agents, directors and volunteers of the association and to the community manager of the association and any employees thereof while acting as agents as insured persons under the policy terms. Coverage must be subject to the terms listed in the declaration.

2. ~~[In the case of a building that contains units divided by horizontal boundaries described in the declaration, or vertical boundaries that comprise common walls between units, the insurance maintained under paragraph (a) of subsection 1, to the extent reasonably available, must include the units, but need not include improvements and betterments installed by units' owners.~~

~~3.]~~ If the insurance described in ~~[subsections]~~ ***subsection*** 1 ~~[and 2]~~ is not reasonably available, the association promptly shall cause notice of that fact to be given to all units' owners. The declaration may require the association to

carry any other insurance, and the association may carry any other insurance it considers appropriate to protect the association or the units' owners.

~~[4.]~~ ***3.*** An insurance policy issued to the association does not prevent a unit's owner from obtaining insurance for the unit's owner's own benefit.

Sec. 25.7. **NRS 116.31133 is hereby amended to read as follows:**

116.31133 1. Insurance policies carried pursuant to NRS 116.3113 must provide that:

(a) Each unit's owner is an insured person under the policy with respect to liability arising out of the unit's owner's interest in the common elements or membership in the association;

(b) The insurer waives its right to subrogation under the policy against any unit's owner or member of his or her household;

(c) No act or omission by any unit's owner, unless acting within the scope of his or her authority on behalf of the association, voids the policy or is a condition to recovery under the policy; and

(d) If, at the time of a loss under the policy, there is other insurance in the name of a unit's owner covering the same risk covered by the policy, the association's policy provides primary insurance.

2. Any loss covered by the property policy under ~~[subsections]~~ ***subsection*** 1 ~~[and 2]~~ of NRS 116.3113 must be adjusted with the association, but the proceeds for that loss are payable to any insurance trustee designated for that purpose, or otherwise to the association, and not to any holder of a security interest. The insurance trustee or the association shall hold any insurance proceeds in trust for the association, units' owners and lienholders as their interests may appear. Subject to NRS 116.31135, the proceeds must be disbursed first for the repair or restoration of the damaged property, and the association, units' owners, and lienholders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the property has been completely repaired or restored, or the common-interest community is terminated.

3. An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance to the association and, upon written request, to any unit's owner or holder of a security interest. The insurer issuing the policy may not cancel or refuse to renew it until 30 days after notice of the proposed cancellation or nonrenewal has been mailed to the association, each unit's owner and each holder of a security interest to whom a certificate or memorandum of insurance has been issued at their respective last known addresses.

Sec. 26. NRS 239.010 is hereby amended to read as follows:

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 3.

The following Senate amendment was read:

Amendment No. 668.

AN ACT relating to civil actions; revising provisions relating to alternate dispute resolution for certain civil actions; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires, with certain exceptions, civil actions for damages that do not exceed $50,000 per plaintiff to be submitted to nonbinding arbitration. (NRS 38.250, 38.255) **Section 1.5** of this bill increases the monetary threshold for mandatory nonbinding arbitration in civil actions to $100,000 per plaintiff. **Section 2** of this bill makes a conforming change to reflect that the monetary threshold for mandatory nonbinding arbitration is increased to $100,000 per plaintiff by **section 1.5**.

Existing law requires the Supreme Court to adopt rules to provide for the establishment of a program of arbitration, and such rules must include, for example: (1) provisions for the payment of fees to an arbitrator who is appointed to hear a case and who must be compensated at a rate of $100 per hour, to a maximum of $1,000 per case, unless otherwise authorized by the arbitration commissioner for good cause shown; (2) guidelines for the award of attorney's fees; and (3) exclusion of certain types of actions from the program, such as class actions, probate actions and actions involving domestic relations. (NRS 38.255) **Section 2** revises the requirements for the rules adopted by the Supreme Court to: (1) ~~[increase the rate of]~~ **remove the existing limitations on the amount of** compensation for an arbitrator ~~[to $150 per hour, to a maximum of $2,000 per case;]~~ **and instead require the payment of both fees and costs to an arbitrator, which are generally subject to certain maximum limitations on compensation required to be established by the rules;** (2) authorize an arbitrator to award to a prevailing party attorney's fees in an amount not to exceed $15,000, as provided by specific statute or court rule, and ~~[fees,]~~ costs and interest ~~[in an amount not to exceed $15,000,]~~ as provided by specific statute or court rule; **and** (3) exclude additional types of actions from the program **.** ~~[; and (4) provide that, based upon the amount of the arbitration award, a trial anew after an arbitration must be conducted either in district court or as a short trial.]~~

Existing law provides that the Supreme Court may authorize the use of settlement conferences and other alternative methods of resolving disputes, including, without limitation, a short trial. If the Supreme Court authorizes the use of an alternative method of resolving disputes, the Supreme Court is required to adopt rules and procedures to govern the use of any such method. (NRS 38.258) **Section 3** of this bill provides that if the Supreme Court authorizes the use of a short trial, in addition to any other appropriate provisions, the rules and procedures governing a short trial must authorize the short trial judge to award to the prevailing party attorney's fees in an amount not to exceed $15,000, as provided by specific statute or court rule.

~~[Existing law provides that if an action is submitted to arbitration and, after arbitration, a party requests a trial anew before a jury: (1) the written findings~~

~~made by the arbitrator or the panel of arbitrators must be admitted at trial; and (2) the court is required to give a specific instruction to the jury. (NRS 38.259) Section 4 of this bill removes such requirements.]~~

Sections 1, 1.5 and 3 make a conforming change to apply the definition of the term "short trial" to the provisions of this bill.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 38 of NRS is hereby amended by adding thereto a new section to read as follows:

As used in NRS 38.250 to 38.259, inclusive, unless the context otherwise requires, "short trial" means a trial that is conducted, with the consent of the parties to the action, in accordance with procedures designed to limit the length of the trial, including, without limitation, restrictions on the amount of discovery requested by each party, the use of a jury composed of not more than eight persons and a specified limit on the amount of time each party may use to present the party's case.

Sec. 1.5. NRS 38.250 is hereby amended to read as follows:

Amendment No. 626.

AN ACT relating to crimes; providing immunity from criminal liability for engaging in prostitution or solicitation for prostitution under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a peace officer who detains, arrests or issues a citation to a prostitute for a violation of the prohibition against unlawfully engaging in prostitution or solicitation for prostitution to provide information relating to certain assistance for which the prostitute might be eligible. Existing law also requires a prosecuting attorney to dismiss the charge against a prostitute for such a violation if the prosecuting attorney has reason to believe that the prostitute is a victim of sex trafficking. (NRS 201.353)

Section 2 of this bill declares that it is the public policy of this State to encourage the ability of victims of serious violent crimes to report such crimes and to participate in the criminal justice system without fear of criminal prosecution for engaging in prostitution or solicitation for prostitution. **Section 3** of this bill provides that a prostitute who engages in prostitution or solicitation for prostitution is immune from criminal liability if the prostitute seeks ~~[emergency or]~~ medical assistance **from a 911 emergency service or medical provider** and the evidence for the alleged violation was obtained as a result thereof. **Section 4** of this bill applies the definitions in existing law relating to prostitution to **sections 2 and 3**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 201 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

Those persons who are working in sex industries that are criminalized by state law often do not report serious crimes committed against themselves because of fear of arrest and prosecution for sex work. Providing immunity from criminal liability to prostitutes engaging in prostitution or solicitation for prostitution ensures that victims of serious violent***

crimes that occur during prostitution offenses may come forward to report the perpetrators without fear of arrest and prosecution.

Sec. 3. ***Notwithstanding any other provision of law, a prostitute is immune from criminal liability for committing a violation of NRS 201.353 or paragraph (b) of subsection 1 of NRS 207.030 if:***

(c) The reporting of a need for medical assistance.

Amendment No. 672.

AN ACT relating to juvenile justice; granting the juvenile court limited jurisdiction over certain persons who are 21 years of age or older; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law grants the juvenile court limited jurisdiction over a person who is 21 years of age or older if: (1) the person is charged with the commission of a delinquent act that occurred when the person was at least 16 years of age but less than 18 years of age; (2) the delinquent act would have been a category A or B felony if committed by an adult; and (3) certain other requirements are met. (NRS 62B.335) The Nevada Supreme Court has held that existing law does not grant any court in this State jurisdiction over a person who is 21 years of age or older who is charged with the commission of certain delinquent acts that occurred when the person was less than 16 years of age. (*Zalyaul v. State*, 138 Nev. 760 (2022)) **Section 1** of this bill addresses this jurisdictional gap by granting the juvenile court limited jurisdiction over a person who is 21 years of age or older if a petition charging the person with the commission of certain delinquent acts that occurred when the person was at least 13 years of age but less than 18 years of age is filed and certain other requirements are met.

In general, existing law requires the juvenile court to hold a hearing to determine whether the case of a person over whom the juvenile court has limited jurisdiction should be: (1) dismissed; or (2) transferred from the juvenile court to the district court for criminal proceedings. (NRS 62B.335) By granting the juvenile court limited jurisdiction over a person who is 21 years of age or older who is charged with the commission of a delinquent act that occurred when the person was less than 18 years of age, **section 1** requires the juvenile court to hold a hearing **and consider certain factors relating to the interests of justice and need for protection of the public** to determine whether the case of any such person should be dismissed or transferred to the district court for criminal proceedings.

Section 2 of this bill makes the amendatory provisions of **section 1** applicable to offenses committed on or after October 1, 2013.

Amendment No. 577.

AN ACT relating to guardianship; revising provisions relating to service of certain notices, petitions and citations relating to guardianships of minors; revising provisions relating to the appointment, modification, removal or termination of guardianships of minors; revising provisions relating to the powers and duties of guardians of minors; revising provisions relating to the management of the estates, property and other assets of protected minors; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes procedures relating to the appointment of guardians of minors and prescribes the powers and duties of the guardians. (Chapter 159A of NRS) Specifically, existing law requires a notice of a petition in a guardianship proceeding for a minor, the petition and a citation relating to the time and place of the hearing on the petition to be served on certain persons. (NRS 159A.034, 159A.047, 159A.0475) **Sections 3, 8 and 9** of this bill make various changes related to the persons who are required to be served with the notice, petition or citation.

Existing law prescribes the method of service related to certain petitions and citations required to be served in guardianship proceedings for minors. (NRS

159A.034, 159A.0475, 159A.052, 159A.053) **Sections 3, 9, 13 and 14** of this bill make various changes related to the method of service.

Existing law requires a petition for the appointment of a guardian for a minor to include certain information. (NRS 159A.044) Similarly, existing law sets forth the information that must be contained in a petition for the appointment of a temporary guardian of a minor. (NRS 159A.053) **Sections 4 and 14** of this bill revise the information that is required to be contained in the petition for the appointment of a guardian and a petition for the appointment of a temporary guardian, respectively.

Existing law requires a proposed guardian to file a proposed preliminary care plan and budget under certain circumstances. (NRS 159A.0445) **Section 5** of this bill: (1) expands the circumstances under which a proposed guardian may be required to file a proposed preliminary care plan and budget; and (2) requires the annual review and revision of the budget under certain circumstances.

Existing law authorizes a court to appoint an attorney to represent a protected minor or proposed protected minor in guardianship proceedings. (NRS 159A.045) **Section 6** of this bill provides that if a court appoints an attorney to represent a protected minor or proposed protected minor in a jurisdiction where there are certain established programs for legal services, the court must appoint an attorney from that program in those circumstances. **Section 6** also establishes provisions that address the scenario under which the program for legal services has insufficient funding to support the representation of each child who would otherwise qualify for the appointment of an attorney under the new procedures and requires such attorneys to comply with the Nevada Rules of Professional Conduct. **Sections 7 and 10** of this bill make certain changes to reflect the procedures for the appointment of an attorney under **section 6**.

Section 11 of this bill deems a protected minor or proposed protected minor who is the subject of guardianship proceedings to be a party to the proceedings.

Existing law authorizes a court to determine that a petitioner is a vexatious litigant under certain circumstances. (NRS 159A.0486) **Section 12** of this bill expands the circumstances under which a court may find that a petitioner is a vexatious litigant to include certain acts involving a parent of a protected minor or proposed protected minor.

Existing law authorizes a person to petition the court for the appointment of a temporary guardian under certain circumstances. (NRS 159A.052, 159A.053) **Sections 13 and 14** make various changes to these procedures for the purpose of providing that a court may require a hearing on the petition before determining the need to appoint a temporary guardian.

Existing law requires a proposed protected minor to attend a hearing for the appointment of a guardian unless certain evidence is shown to the court. (NRS 159A.0535) **Section 15** of this bill removes this requirement related to the evidence and instead authorizes the court to waive the requirement for physical attendance or remote appearance for good cause shown.

Existing law establishes various procedures related to the issuance of orders for the appointment of a guardian and the burden of proof for the petitioner and certain other persons. (NRS 159A.055, 159A.0565, 159A.061) **Section 16** of this bill requires the petitioner to prove by clear and convincing evidence that the appointment of a guardian is in the best interests of the proposed protected minor. **Sections 16-18** of this bill also make various changes related to the issuance of such orders.

Existing law requires a guardian of a protected minor to perform certain duties that are necessary for the proper care, maintenance, education and support of the protected minor. (NRS 159A.079) **Section 20** of this bill additionally requires a guardian to facilitate appropriate contact between a protected minor and each parent of the protected minor under certain circumstances.

Sec. 39. NRS 159A.344 is hereby amended to read as follows:

159A.344 1. Any person, including, without limitation, a guardian or proposed guardian, who retains an attorney for the purposes of representing a party in a guardianship proceeding is personally liable for any attorney's fees and costs incurred as a result of such representation.

(c) An indication of whether any time billed, including, without limitation, any time spent traveling or waiting, benefited any clients of the attorney other than the protected minor and, if so, how many other clients benefited from such time; and

(d) Any other information considered relevant to a determination of whether attorney's fees are just, reasonable and necessary.

➥ Absent approval from all parties who have appeared in the proceeding, any supplemental requests for the payment of attorney's fees and costs cannot be augmented in open court and must be properly noticed in the same manner as the underlying petition requesting payment.

5. In determining whether attorney's fees are just, reasonable and necessary, the court may consider all the following factors:

(a) The written notice approved by the court pursuant to subsection 3.

(b) Whether the services conferred any actual benefit upon the protected minor or attempted to advance the best interests of the protected minor.

(c) The qualities of the attorney, including, without limitation, his or her ability, training, education, experience, professional standing and skill.

(f) The result of the work, including, without limitation, whether the attorney was successful and any benefits that were derived.

(g) The usual and customary fees charged in the relevant professional communities for each task performed, regardless of who actually performed the task. The court may only award:

(1) Compensation at an attorney rate for time spent performing services that require an attorney;

(2) Compensation at a paralegal rate for time spent performing paralegal services;

(3) Compensation at a fiduciary rate for time spent performing fiduciary services; and

(2) The nature, extent and liquidity of the assets of the estate;

(3) The disposable net income of the estate;

6. The court shall not approve compensation for an attorney for:

(a) Time spent on internal business activities of the attorney, including, without limitation, clerical or secretarial support; or

(b) Time reported as a total amount of time spent on multiple tasks, rather than an itemization of the time spent on each task.

7. Any fees paid by a third party, including, without limitation, a trust of which the estate is a beneficiary, must be disclosed to and approved by the court.

8. In addition to any payment provided to a person pursuant to this section for the services of an attorney, a person may receive payment for ordinary costs and expenses incurred in the scope of the attorney's representation.

9. If two or more parties in a guardianship proceeding file competing petitions for the appointment of a guardian or otherwise litigate any contested issue in the guardianship proceeding, only the prevailing party may petition the court for payment of attorney's fees and costs from the guardianship estate pursuant to this section. If the court determines that there is no prevailing party,

the court may authorize a portion of each party's attorney's fees and costs to be paid from the guardianship estate if the court determines that such fees and costs are just, reasonable and necessary given the nature of any issues in dispute.

10. If an attorney is appointed by the court in a guardianship proceeding, he or she may petition the court for compensation for his or her services from the guardianship estate in accordance with the procedure set forth in this section.

Existing law, with certain exceptions, authorizes a person who is injured or damaged, or threatened with injury or damage, by a violation of the Nevada Unfair Trade Practice Act to bring an action to obtain certain relief. (NRS

598A.210) **Sections 1 and 2** of this bill provide that the provisions relating to the manipulation of an essential good or service do not establish a private right of action against any person.

Amendment No. 582.

AN ACT relating to employment; revising provisions relating to the employment of children; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal Fair Labor Standards Act and existing state law establish certain standards relating to the employment of children. (29 U.S.C. § 212, 29 C.F.R. Part 570; chapter 609 of NRS) When such federal and state standards are different, the standards that provide the most protection to children apply. (29 U.S.C. § 218) With certain exceptions, both existing federal and state law restrict the daily and weekly number of hours worked in authorized employment by children who are 14 and 15 years of age. (29 C.F.R. § 570.35; NRS 609.240) In part, existing state law prohibits children who are 14 and 15 years of age from being employed, subject to certain exceptions, more than 48 hours in any 1 week. (NRS 609.240) **Section 2** of this bill reduces the maximum allowable number of weekly work hours under this prohibition to 40 hours in any 1 week. With the exception of working as certain messengers, existing state law does not place restrictions on the times of day worked in authorized employment by children who are 14 years of age and older and

under 18 years of age. (NRS 609.230, 609.240) However, existing federal law limits the times of day worked in authorized employment by children who are 14 and 15 years of age to 7 a.m. to 7 p.m., except between June 1 and Labor Day when the evening hours are extended to 9 p.m. (29 C.F.R. § 570.35) **Section 2** prohibits, with certain exceptions, work between 11 p.m. and 6 a.m. on any night immediately preceding a school day by a child who is: (1) enrolled in high school at a public or private school; (2) 16 years of age or older and under 19 years of age; and (3) not emancipated. **Section 2** exempts from this time restriction the employment of a child as a lifeguard, employee of an arcade or stage or theatrical performer. **Section 2** authorizes a school district or other governing body of the high school or juvenile court to grant an exemption from this time restriction in certain circumstances.

A person who violates the prohibitions relating to the employment of children: (1) is guilty of a misdemeanor, which is punishable by imprisonment in the county jail for not more than 6 months, or by a fine of not more than $1,000, or by both fine or imprisonment; and (2) may be liable for certain civil penalties. (NRS 193.150, 609.650, 609.652) These penalties apply to persons who violate the maximum allowable number of weekly work hours or time restrictions in **section 2**.

Section 1.7 of this bill provides that a person who violates any provision of the federal Fair Labor Standards Act, or any regulation adopted pursuant thereto, relating to the hours of work and conditions of employment permitted for a child under 16 years of age is subject to these penalties.

Existing law requires every employer in this State to conspicuously post on the premises where any person is employed a printed abstract, furnished by the Labor Commissioner, of the provisions relating to compensation, wages and hours of employment. (NRS 608.013) **Section ~~[1]~~ 1.3** of this bill requires the Labor Commissioner to prepare an abstract of the provisions relating to the employment of children and post the abstract to the Internet website maintained by the Office of Labor Commissioner. **Section ~~[1]~~ 1.3** also requires the Labor Commissioner to include the abstract relating to the employment of children in a two-dimensional bar code, commonly known as a QR code, or other machine-readable bar code used for storing an Internet address, in the abstract relating to compensation, wages and hours of employment that the Labor Commissioner is required to furnish to every employer in this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

2. Post the abstract on the Internet website maintained by the Office of Labor Commissioner; and

3. Include the abstract in a two-dimensional bar code, commonly known as a QR code, or other machine-readable barcode used for storing an Internet address, in any abstract furnished to an employer pursuant to NRS 608.013.

Sec. 1.7. A violation of any provision of the federal Fair Labor Standards Act of 1938, 29 U.S.C. §§ 201 et seq., or any regulation adopted pursuant thereto, including, without limitation, 29 C.F.R. Part 570, relating to the hours of work and conditions of employment permitted for a child under 16 years of age shall be deemed to be a violation of this chapter.

Sec. 2. NRS 609.240 is hereby amended to read as follows:

609.240 1. No child under the age of 16 years may be employed, permitted or suffered to work at any gainful occupation, other than employment as a performer in the production of a motion picture or work on a farm, more than ~~[48]~~ ***40*** hours in any 1 week, or more than 8 hours in any 1 day.

➥ A school district or other governing body of the high school or juvenile court may grant an exemption from the restrictions of this subsection if the school district, governing body or juvenile court, as applicable, determines the exemption is in the best interest of the child.

3. The presence of a child in any establishment during working hours is prima facie evidence of employment of the child therein.

4. As used in this section:

(a) "Private school" has the meaning ascribed to it in NRS 394.103.

Amendment No. 687.

AN ACT relating to housing; requiring the governing body of each county and city to adopt an ordinance to authorize by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use; declaring void certain county or city ordinances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill requires each governing body of a county or city to adopt an ordinance that authorizes by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use. **Section 1 also authorizes such an ordinance to establish certain standards and requirements to qualify for such a by-right development. Section 1 further provides that any such ordinance does not apply to any property: (1) that is zoned for or in relation to an airport; or (2) within the region defined in the Tahoe Regional Planning Compact. (NRS 277.200) Section 1** further provides that property zoned for commercial use does not include property zoned for industrial use. **Section 5** of this bill declares void any ordinance, regulation or rule of a county or city which conflicts with the provisions of this bill.

Existing law authorizes the governing body of a county or city to divide the county, city or region into zoning districts of such number, shape and area as are best suited to carry out certain purposes. Within a zoning district, the governing body may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land. (NRS 278.250) **Section 4** of this bill creates an exception to account for the requirement that the governing body of a county or city adopt an ordinance to authorize by-right a multifamily housing development or mixed-use development that includes a residential use on property zoned for commercial use pursuant to **section 1**.

Existing law requires that an action or proceeding seeking judicial relief or review from or with respect to any final action, decision or order of any governing body of a county or city be commenced within 25 days after the date of filing of notice of the final action, decision or order with the clerk or secretary of the governing body. Section 2 of this bill makes a conforming change to apply the definitions of certain terms relating to planning and zoning to **section 1**.

Existing law requires the State Land Registrar to execute on behalf of the State of Nevada any lease, deed or other document by which any land or interest therein owned by the State is conveyed. (NRS 321.003) Section 5.3 of this bill authorizes the State Land Registrar to transfer title to certain real property owned by the State, with certain restrictions, to Catholic Charities of Northern Nevada and the Reno-Sparks Gospel Mission. Section 5.3 provides that such a transfer is conditioned upon the Reno Redevelopment Agency entering into certain agreements with Catholic Charities of Northern Nevada or the Reno-Sparks Gospel Mission. Section 5.3 further provides that such agreements must require the Reno Redevelopment Agency to: (1) survey and generate a legal description for the portions of real property that the State Land Registrar is authorized to transfer to each entity; and (2) pay the costs relating to the transfer of the real properties. Section 5.5 of this bill requires the deed for the real properties to include certain restrictions and provide for the reversion of the title to the real properties under certain circumstances.

Amendment No. 734.

AN ACT relating to debt; establishing coerced debt as an affirmative defense in certain civil actions to collect an unsecured consumer debt; setting forth requirements for asserting the affirmative defense of coerced debt; requiring a court to take certain actions upon finding that a debt is a coerced debt; authorizing certain claims and remedies; **revising provisions governing the presumption of intent to defraud in the issuance of certain instruments;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law governs the collection of debt by certain persons in this State, including, without limitation, collection agencies and private debt collectors. (*See, e.g.*, chapters 353C and 649 of NRS) **Section 1** of this bill establishes that, in any civil action to collect an unsecured consumer debt, a debtor may assert as an affirmative defense that the debt is a coerced debt. **Section 1** also: (1) sets forth the requirements for asserting the affirmative defense of coerced debt; and (2) requires a court, upon finding that a debt is a coerced debt, to order the creditor to cease collection efforts and, if applicable, correct certain records. In addition, **section 1** authorizes: (1) the creditor to join a third party who may be liable for the coerced debt or amend its complaint to assert a claim against any such person; and (2) the debtor to recover attorney's fees and costs from the person who coerced the debt.

Existing law makes it a crime to issue a check or draft against insufficient or no funds with intent to defraud. (NRS 205.130) Under existing law, intent to defraud and knowledge of insufficient funds are presumed to exist if payment of the instrument is refused by the drawee when presented in the usual course of business, unless the drawer pays the full amount due within 5 days after receiving notice from the drawee or the holder. (NRS 205.132) Section 1.5 of this bill provides that, for the purpose of determining whether a check or draft is presented in the usual course of business, a check or draft that constitutes a credit instrument is deemed to be presented in the usual course of business if it is presented not more than 2 years after the date on which the credit instrument is issued.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

SUMMARY—Revises provisions relating to ~~[reproductive health care.]~~ **contraception and family planning services.** (BDR 40-177)

AN ACT relating to health care; prohibiting certain governmental entities from substantially burdening certain activity relating to ~~[reproductive health care]~~ **contraception and family planning services** under certain circumstances; authorizing a person whose engagement in such activity has been so burdened to assert the violation as a claim or defense in a judicial proceeding; authorizing a court to award damages against a governmental entity that substantially burdens such activity in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes certain rights for a patient of a medical facility or a facility for the dependent. (NRS 449A.100-449A.124) **Sections 2-8** of this bill establish the Right to Contraception and Family Planning Services Act. **Sections** ~~[4-6]~~ **3.5-5** define certain terms for purposes of the Act. **Section 3** establishes the applicability of those definitions. **Section 7** applies the provisions of the Act to certain state laws and local laws and ordinances and the implementation of those laws and ordinances, regardless of when those

laws or ordinances were enacted. **Section 7** also ensures that the provisions of the Act do not apply to: (1) state and local laws and ordinances relating to abortion; and (2) certain regulations and policies of certain entities that regulate education and activities that take place at or are sponsored by a public school. **Section 8** generally prohibits a governmental entity from enacting or implementing any limitation or requirement that singles out ~~[reproductive health care]~~ **contraception and family planning services** and substantially burdens: (1) the access of a person to ~~[reproductive health care,]~~ **contraception and family planning services,** drugs or devices related to ~~[reproductive health care]~~ **contraception and family planning services** or information related to ~~[reproductive health care;]~~ **contraception and family planning services;** or (2) the ability of a provider of health care to provide ~~[reproductive health care,]~~ **contraception and family planning services,** drugs or devices related to ~~[reproductive health care]~~ **contraception and family planning services** or information related to ~~[reproductive health care]~~ **contraception and family planning services** within his or her scope of practice, training and experience. **Section 8** creates an exception to such prohibitions if the governmental entity demonstrates by clear and convincing evidence that the burden, as applied to the person or provider of health care who is subject to the burden: (1) furthers a compelling interest; and (2) is the least restrictive means of furthering that interest. **Section 8** authorizes a person whose ability to obtain or provide ~~[reproductive health care,]~~ **contraception and family planning services,** drugs or devices related to ~~[reproductive health care]~~ **contraception and family planning services** or information related to ~~[reproductive health care]~~ **contraception and family planning services** is burdened to bring or defend an action in court and obtain appropriate relief. **Section 8** requires a court to award costs and attorney's fees to a person who prevails on such a claim.

Assemblymember Brown-May moved that the Assembly concur in Senate Amendment No. 636 to Assembly Bill No. 176.

Motion carried by a constitutional majority.

Bill ordered to enrollment.

Assembly Bill No. 350.

The following Senate amendment was read:

Amendment No. 679.

AN ACT relating to cemeteries; revising provisions relating to the disinterment and removal of human remains from certain cemeteries; revising certain requirements applicable to certain cemetery owners; **expanding eligibility for interment in a veterans' cemetery to include certain additional veterans; requiring the Director of the Department of Veterans Services to charge certain fees relating to the interment of such veterans;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a cemetery authority to order the disinterment and removal of all human remains interred in all or any part of a cemetery if: (1) a governmental authority other than the cemetery authority makes certain determinations relating to the maintenance of the cemetery in accordance with the health, safety and comfort of the public; or (2) the cemetery authority determines that a financial provision must be made for the future care of certain gravesites. (NRS 451.070) **Section 1** of this bill instead provides that, before a cemetery authority may disinter or remove human remains interred in all or any part of a cemetery: (1) the cemetery authority must petition the district court of the county in which a cemetery is located for an order authorizing the disinterment and removal; and (2) the court must issue an order authorizing the disinterment and removal. **Sections 2-4** of this bill make conforming

changes relating to the issuance by the court, rather than the cemetery authority, of an order for the disinterment and removal of human remains interred in a cemetery.

Existing law: (1) requires the owner of a cemetery to keep the cemetery in an orderly condition; and (2) authorizes a board of county commissioners to make rules relating to this requirement. (NRS 452.030) **Section 5** of this bill removes the authority of a board of county commissioners to make such rules. Instead, **section 5** requires the owner of a cemetery to take certain specific actions to ensure that a cemetery is kept in an orderly condition.

Existing law provides for the establishment, operation and maintenance of veterans' cemeteries and sets forth the eligibility requirements for the interment of veterans in such cemeteries. (NRS 417.210) Section 6 of this bill expands the eligibility requirements to include certain veterans who were members of a reserve component of the National Guard or who received a commemorative plaque or urn furnished by the United States Department of Veterans Affairs. Section 6 also requires the Director of the Department of Veterans Services to charge a fee for: (1) the interment of a veteran made eligible under the expanded criteria set forth in section 6; and (2) a headstone or marker provided by the Department for certain veterans made eligible for interment under the expanded criteria set forth in section 6.

Amendment No. 635.

AN ACT relating to health care; authorizing a patient in [any of] certain facilities [for assisted living] or a resident of a living community for persons with disabilities or his or her representative to request the installation and use of an electronic communication device in the living quarters of the patient or [person;] **the bedroom of the resident;** prohibiting such a facility or living community or an employee of such a facility or living community from taking certain additional actions; prohibiting a provider of supported living arrangement services from taking certain actions with regard to the installation

and use of an electronic communication device in the home of a recipient of such services; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a patient in a facility for skilled nursing or the representative of the patient to request the installation and use of an electronic communication device in the living quarters of the patient. Existing law requires any roommate of the patient to consent before such a device may be installed. However, if the roommate of a patient refuses to consent, existing law requires the facility for skilled nursing to make reasonable attempts to accommodate the patient, including by moving either the patient or the roommate with the consent of the person being moved. (NRS 449A.182) If a facility for skilled nursing approves a request to install an electronic communication device, existing law provides that the patient or the representative of the patient who submitted the request is responsible for choosing the device and paying certain costs associated with the device. (NRS 449A.184) Existing law limits the persons who are authorized to view or listen to the images or sounds which are displayed, broadcast or recorded by an electronic communication device or temporarily disable or turn off an electronic communication device. Existing law also prohibits a facility for skilled nursing from discriminating or retaliating against a patient because of a decision to request the installation and use of an electronic communication device. (NRS 449A.186) Existing law establishes civil and criminal penalties that may be imposed against: (1) a facility for skilled nursing which violates that prohibition; (2) a person, other than the patient or the representative of the patient, who obstructs, tampers with or destroys an electronic communication device or any recording made by an electronic communication device; or (3) a person who views or listens to images or sounds which are displayed, broadcast or recorded by an electronic communication device without authorization. (NRS 449A.189, 449A.188) Existing law requires a facility for skilled nursing to post a notice in a conspicuous place at the entrance to the living quarters of a patient which contains an electronic communication device stating that such a device is in that living quarters. Existing law prohibits an employee of a facility for skilled nursing from refusing to enter into the living quarters of a patient which contains an electronic communication device or failing to perform his or her duties because such a device is in use. (NRS 449A.190) Existing law: (1) authorizes the State Board of Health to adopt regulations governing electronic communication devices in facilities for skilled nursing; and (2) provides that the provisions governing such electronic communication devices do not apply to certain devices installed by a law enforcement agency. (NRS 449A.192)

Sections 8-14 of this bill broaden the applicability of those provisions to authorize a patient in ~~[any facility for assisted living]~~ **certain facilities, referred to as covered facilities,** to install an electronic communication device under the same conditions as existing law establishes for a patient in a

facility for skilled nursing. **Section 3** of this bill defines the term ~~[“facility for assisted living”]~~ **“covered facility”** to mean: (1) a facility for intermediate care; (2) a facility for skilled nursing; (3) a home for individual residential care; (4) a unit for the provision of long-term care in a hospital; (5) a residential facility for groups; **or** (6) assisted living services provided in a senior living community **.** ~~[; or (7) a secure unit in a medical facility for the provision of care to persons with dementia.]~~ **Sections 4-6** of this bill define the terms “facility for intermediate care,” “home for individual residential care” and “senior living community,” respectively, to have the meanings ascribed to them in existing law. **Section 7** of this bill establishes the applicability of those definitions. **Section 1.5** of this bill authorizes the Division of Public and Behavioral Health of the Department of Health and Human Services to deny an application for a license for or suspend or revoke the license of a **covered** facility ~~[for assisted living]~~ that fails to comply with provisions governing the installation and use of electronic communication devices.

Sections 24-31 of this bill enact provisions governing the installation of electronic communication devices by residents of living communities for persons with disabilities. **Sections 24-30** authorize a resident of such a living community or the representative of the resident to request the installation and use of an electronic communication device in the ~~[living quarters]~~ **bedroom** of the resident under similar conditions to those that currently apply to a patient in a facility for skilled nursing. **Section 24** of this bill prescribes the requirements for a person to serve as the representative of a resident. **Section 28** establishes civil and criminal penalties that may be imposed against a living community or person who engages in certain prohibited conduct relating to electronic communication devices in living communities. **Section 31** prohibits a person from posting or otherwise uploading onto an Internet website an image or a sound of an employee or independent contractor of a living community displayed, broadcasted or recorded on an electronic commination device. **Section 32** of this bill prohibits a provider of supported living arrangement services in the home of a recipient of such services from: (1) entering into a contract that prohibits the recipient from installing and using an electronic communication device in his or her home; or (2) taking certain actions against a recipient because the recipient has installed or used an electronic communication device in his or her home. **Sections** ~~[19-23]~~ **20-23** of this bill define certain terms, and **section 18** of this bill establishes the applicability of those definitions. **Section 30** authorizes the Administrator of the Aging and Disability Services Division of the Department to adopt regulations as necessary to carry out **sections 18-32**. **Section 33** of this bill makes the definition of “supported living arrangement services” applicable to **sections 18-32**. **Sections 1, 15, 16 and 34-36** of this bill update references to that definition and make other technical updates related to the change made in **section 33**.

Assembly Bill No. 29.

The following Senate amendment was read:

Amendment No. 631.

AN ACT relating to motor vehicle fuel; establishing certain requirements for the **display and** labeling of pumps and dispensers for motor vehicle fuel at a motor vehicle fuel dispensing site; requiring certain types of motor vehicle fuel to be identified and labeled in a certain manner; revising requirements relating to the advertisement of prices of motor vehicle fuel; revising certain

requirements relating to the letters, words, figures and numerals used on an advertising medium for motor vehicle fuel; repealing requirements for certain letters and numerals used on advertising mediums; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth certain requirements for the advertisement of motor vehicle fuel and petroleum products. (NRS 590.160-590.330) **Section 2** of this bill requires the owner or operator of a motor vehicle fuel dispensing site to ensure that each pump or dispenser **displays or** is labeled with certain information. **Section 2** also requires the owner or operator to post a sign or label containing certain information at a motor vehicle fuel dispensing site that is unattended.

Section 3 of this bill requires, with certain exceptions, an advertising medium, pump or dispenser for ethanol flex fuel, biodiesel or a biodiesel blend to: (1) identify the fuels in a certain manner; and (2) be labeled with the automotive fuel rating in accordance with the requirements of federal law. **Section 3 also authorizes the State Board of Agriculture to adopt regulations to establish alternative identifications for ethanol flex fuel, biodiesel or a biodiesel blend to be used on an advertising medium, pump or dispenser.**

Section 4 of this bill applies the definitions in existing law governing motor vehicle fuel to the provisions of **sections 2 and 3**.

Existing law requires advertising mediums for motor vehicle fuel to display the actual price per unit of measure of motor vehicle fuel, including taxes, together with the brand name and the individual grade or grades of **the** motor vehicle fuel being advertised. (NRS 590.170) **Section 5** of this bill requires an advertising medium that advertises motor vehicle fuel prices using gallons to display the same total price per gallon on the advertising medium and the pump or dispenser. **Section 5** requires that, if the price of the fuel: (1) increases from the advertised price, the price on the advertising medium must be changed before or at the same time the price is changed on the pump or dispenser; and (2) decreases from the advertised price, the price on the pump or dispenser must be changed before or at the same time the price is changed on the advertising medium.

Section 5 also requires any roadside sign that advertises or displays the price of motor vehicle fuel but is not connected to a pump or dispenser for motor vehicle fuel to state certain information relating to the price and unit of measure of the fuel.

Existing law authorizes the advertisement of the price of diesel fuel excluding state tax if the sign contains certain wording in a size not less than 4 inches in height. (NRS 590.170) **Section 5** instead requires that the wording be not less than one-third of the height of the numerals used to indicate the price of the diesel fuel.

Existing law requires that all letters, words, figures or numerals used on an advertising medium to indicate the price of motor vehicle fuel be uniform in

size, at least 6 inches in height and the height **must** not **be** more than twice the width. (NRS 590.180, 590.200) **Section 6** of this bill removes a reference to this requirement, but does not eliminate the requirement. **Section 7** of this bill clarifies that if a fraction is used on a price sign to indicate the price of motor vehicle fuel, the combined height of the numerator and denominator must be of the same height and design as the other numerals indicating price.

Existing law requires that if the price of a brand name or grade of motor vehicle fuel is advertised by means of a price sign and is sold at different prices, the sign or signs advertising the prices must include notice of the conditions under which the brand name or grade is sold. (NRS 590.230) **Section 8** of this bill requires that if a brand or grade of motor vehicle fuel is sold at different prices based on whether a customer meets a condition, the price must be available to all customers who meet the condition. **Section 8** also provides that if a sign or signs ~~[advertises]~~ **advertise** different prices based on: (1) whether the fuel is purchased with cash or credit, the sign or signs must state both the cash and credit price or the highest of either the cash or credit price; (2) whether the grade of fuel is alcohol-free, the sign or signs may state the lowest of the two prices; and (3) a customer loyalty program or similar program, the sign or signs must state both the highest price that may be charged if a customer does not qualify and the discounted price or may state only the highest price.

Existing law requires that all letters, words, figures or numerals used on an advertising medium be plainly visible and of such colors or tints to contrast with the remaining parts of the advertising medium. (NRS 590.260) **Section 9** of this bill additionally requires that the letters, words, figures or numerals appearing on an electronic sign meet such requirements and be clearly visible during the day and at night.

Section 10 of this bill reorganizes requirements that certain words, letters, figures or numerals on **an** advertising medium be of like color or tint.

Sections 11 and 12 of this bill make the civil and criminal penalties of the existing law governing the advertisement of motor vehicle fuel and petroleum products apply to a person who violates the provisions of **sections 2 and 3**.

Section 13 of this bill repeals an exemption for the numeral "1" and the letter "l" from certain advertising requirements for motor vehicle fuel and petroleum products.

Legislative Counsel's Digest:

Existing law establishes provisions governing the reclamation of land subject to mining operations or exploration projects. (Chapter 519A of NRS) **Section 13** of this bill revises the definition of the term "reclamation" to include actions performed during or after an exploration project or mining operation to stabilize process fluids. **Sections 2-9** of this bill define certain terms relating to reclamation. **Section 14** of this bill revises the definition of the term "surety" to include an account held by or for the benefit of the Division of Environmental Protection of the State Department of Conservation and Natural Resources.

Section 10 of this bill authorizes the Division to issue an order if the Division has reasonable cause to believe that a holder of a permit is violating or is about to violate certain provisions of existing law relating to the reclamation of land.

Section 11 of this bill provides that the Division may lien all real and personal property associated with a facility of a holder of a permit for an exploration project or mining operation.

Section 12 of this bill applies the definitions in existing law and **sections 2-9** governing reclamation to the provisions of **sections 10 and 11**.

Section 15 of this bill authorizes certain fees collected by the Division that are used to administer the provisions of existing law relating to reclamation to also be used to administer the provisions of **sections 2-11**.

Existing law requires an applicant for a permit to engage in a mining operation to, amongst other requirements, complete a checklist developed by the Division and file a plan for reclamation with the application. (NRS 519A.210, 519A.220) **Section 16** of this bill requires that the information requested by the checklist include a manual for the operation and maintenance of the fluid management system for the mining operation. **Section 17** of this bill requires a plan for reclamation to provide for the stabilization of process fluids.

Existing law provides that if an exploration project or a mining operation is conducted on: (1) land administered by a federal agency, an approved federal plan of operations and surety that are consistent with certain requirements supersede certain requirements for a permit and bond or other surety; or (2) both public land and privately owned land, compliance with the approved federal plan of operations is sufficient if that plan substantially provides for the reclamation and bond or other surety required by existing law. (NRS 519A.240) **Section 18** of this bill provides that a federal plan of operations and surety approved by a federal agency for an exploration project or a mining operation supersede, if wholly conducted on land administered by a federal agency, or substitute, if partly conducted on land administered by a federal agency, requirements in state law for a permit and bond or other surety if the applicant: (1) submits to the Division the federal plan of operations and an

estimate of the costs of reclamation; and (2) remedies any inconsistencies identified by the Division between the federal plan of operations and the requirements of state law.

Sections 19 and 20 of this bill apply certain disciplinary actions and criminal penalties to the provisions of **sections 2-11**.

Existing law requires the governing body of every municipality or district board of health of a health district to develop a plan to provide for a solid waste management system which provides for the management and disposal of solid waste. (NRS 444.510) Existing law defines the term "solid waste management system" as the entire process of storage, collection, transportation, processing, recycling and disposal of solid waste. (NRS 444.500) **Section 28.3** of this bill revises the definition of "solid waste management system" to mean the entire process of storage, collection, transportation, processing, recycling or disposal of solid waste.

Existing law requires a solid waste management authority to issue permits to operate disposal sites. (NRS 444.553) **Section 28.7** of this bill requires a solid waste management authority to also issue permits to operate solid waste management facilities. **Section 28.7 also authorizes a solid waste management authority to take certain actions to determine whether the owner or operator of a solid waste management facility is in compliance with certain requirements.** **Section 32.1** of this bill requires the State Environmental Commission to adopt regulations concerning standards for the issuance, renewal, modification, suspension, revocation and denial of, and for the imposition of terms and conditions for, a permit to construct or operate a solid waste management facility. **Sections 32.1-32.4 and 32.8** of this bill make certain provisions of existing law relating to disposal sites applicable to solid waste management facilities.

Section 22 of this bill defines the term "solid waste management facility" to mean any place that engages in any activity related to a solid waste management system. **Section 23.5** of this bill authorizes the State Environmental Commission to adopt regulations establishing activities that are related to a solid waste management system and the places which constitute a solid waste management facility based on the activities performed at the place.

Existing law requires the owner or operator of a municipal solid waste landfill to obtain a permit from a solid waste management authority before constructing or operating the municipal solid waste landfill. The permit must be conditioned upon all requirements necessary to ensure compliance with certain federal laws governing solid waste, including financial requirements for the owners and operators of municipal solid waste landfills. (NRS 444.465, 444.556) **Section 30** of this bill revises certain references to the term "municipal solid waste landfill." **Section 32.6** of this bill revises a reference to a sanitary landfill with a reference to a municipal solid waste landfill. **Section 32** of this bill prohibits a municipal solid waste landfill from accepting hazardous waste from a very small quantity generator.

Section 24 of this bill requires the Commission to adopt regulations prescribing the requirements for an owner or operator of a municipal solid waste landfill or solid waste management facility **engaged in certain activities** to demonstrate financial responsibility.

Section 29 of this bill provides that certain requirements for a permit relating to standards of care and financial responsibility may be satisfied by a plan for reclamation under certain circumstances.

Section 25 of this bill provides that the Division or solid waste management authority may lien all real and personal property associated with a municipal solid waste landfill or solid waste management facility of an owner or operator of the municipal solid waste landfill or solid waste management facility.

Section 26 of this bill applies the definitions in existing law and **section 22** governing the collection and disposal of solid waste to the provisions of **sections 22-25**.

Existing law establishes provisions governing the disposal of hazardous waste through the management of hazardous waste, which is defined as the systematic control of the generation, collection, storage, transportation, processing, treatment, recovery and disposal of hazardous waste. (NRS 459.400-459.600) **Section 39** of this bill revises: (1) the definition of the management of hazardous waste to mean the systematic control of the generation, collection, storage, transportation, recycling, processing, treatment, recovery or disposal of hazardous waste; and as a result: (2) expands the applicability of these requirements governing hazardous waste to include recycling as a method for the disposal of hazardous waste and any systematic control of the generation, collection, storage, transportation, recycling, processing, treatment, recovery or disposal of hazardous waste.

Sections 36, 40, 44, 46-51, 52 and 53 of this bill remove references to specific activities constituting the management of hazardous waste. **Sections 37.5, 38.5 and 40-41** of this bill revise certain definitions relating to the disposal of hazardous waste.

Sections 46, 53 and 54 of this bill apply certain existing criminal and civil penalties and disciplinary actions to the management of hazardous waste.

Section 34 of this bill defines the term "recycling" to mean the processing of hazardous waste to recover materials or produce a usable product. **Section 36** establishes that an additional purpose of the provisions of existing law governing the disposal of hazardous waste includes conserving resources of material and energy through the recycling or recovery of hazardous waste.

Section 35 of this bill provides that the Department may lien all real and personal property associated with a facility for the management of hazardous waste of the owner, operator or holder of a permit of the facility.

Section 37 of this bill applies the definitions in existing law and **section 34** governing the disposal of hazardous waste to the provisions of **sections 34 and 35**.

Existing law requires the Commission, through the Department, to develop a program to encourage the minimization of hazardous waste and the recycling

or reuse of hazardous waste. (NRS 459.485) **Section 43** of this bill removes the requirement that the program include the reuse of hazardous waste.

Existing law prohibits a person from constructing, substantially altering or operating a facility for the treatment, storage or disposal of hazardous waste or treating, storing or disposing of hazardous waste unless the person has first obtained a permit from the Department. (NRS 459.515) **Section 46** provides that the person must only obtain a permit if the Commission has required by regulation that type of facility to obtain a permit. **Section 47** requires the Commission to adopt regulations establishing the types of facilities for the management of hazardous waste which must obtain a permit.

Existing law requires the Commission to adopt regulations requiring the owner or operator of any facility for the treatment, storage or disposal of hazardous waste to show his or her financial responsibility for the undertaking. (NRS 459.525) **Section 48** requires the Commission to adopt regulations establishing the types of facilities for the management of hazardous waste which must show financial responsibility.

Existing law provides that certain provisions of existing law authorizing any authorized representative or employee of the Commission or Department to conduct certain inspections relating to hazardous substances and authorizing the Department to issue certain orders relating to hazardous substances do not apply in a county whose population is less than 55,000 (currently all counties except Clark County, Washoe County, Lyon County and Carson City). (NRS 459.558) **Section 51.5** of this bill removes this exemption.

Existing law prohibits a person from transporting hazardous waste to a facility that has not been issued a permit to treat, store or dispose of hazardous waste. (NRS 459.590) **Section 54.5** of this bill instead prohibits a person from transporting hazardous waste to a facility that has not been authorized to accept hazardous waste in accordance with certain regulations adopted by the Commission.

3. Except as otherwise provided in this subsection, for a pit lake that will have a predicted filled surface area of more than 200 acres, a plan for reclamation must provide, in consultation with the operator and each landowner, including any federal land manager, and, if feasible, for at least one point of public nonmotorized access to the water level of the pit lake when the pit in which the pit lake is located reaches at least 90 percent of its predicted maximum capacity. 5. If a protected person gives permission to another person to access or engage in any activity with respect to any premises specified in subsection 4, the protected person does not thereby extend any assurance that the premises are safe for that activity or any other purpose or assume responsibility for or incur any liability for any injury to any person or property caused by any act of a person to whom the permission is granted. Amendment No. 629.

AN ACT relating to governmental administration; ~~[revising provisions relating to the authority of game wardens to enforce laws;]~~ revising provisions governing the prohibition against intentionally feeding certain animals; prohibiting, with certain exceptions, a person or any agent or employee of a person from knowingly bringing into or possessing in this State the excrement or bodily fluid of certain animals; revising provisions governing certain civil penalties for unlawfully killing or possessing certain big game mammals; revising provisions relating to the importation, possession and propagation of certain fallow deer or reindeer; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law creates the Department of Wildlife and requires the Department to administer the laws governing wildlife and the Nevada Boat Act under the guidance of and regulations adopted by the Board of Wildlife Commissioners. (NRS 488.015, 501.181, 501.331) Existing law requires the Director of the Department of Wildlife to designate a number of employees and, if the need exists, other persons outside of the Department as game wardens. (NRS 501.337, 501.339) Existing law provides such game wardens with the powers of a peace officer for the purposes of: (1) the service of such legal process as may be required in the enforcement of the laws governing wildlife and the Nevada Boat Act; and (2) the enforcement of all laws of the State of Nevada while they are performing their duties relating to the enforcement of laws governing wildlife and the Nevada Boat Act. (NRS 289.280) Under existing law, such game wardens have a duty to enforce laws governing wildlife and the Nevada Boat Act. (NRS 501.349) Section 4 of this bill makes enforcement of such laws a power instead of a duty. Sections 4 and 16 of this bill expand the scope of this enforcement authority and the peace officer powers of a game warden to include the enforcement of all laws of the State of Nevada regardless of whether the game wardens are enforcing the laws governing wildlife or the Nevada Boat Act. Section 16 also expands the peace officer powers of a game warden to apply to the service of any legal process. Sections 2 and 16 of this bill make conforming changes relating to the authority for designating game wardens.]~~

Under existing law, the Board of Wildlife Commissioners is required to classify all wildlife by regulation. (NRS 501.110) Existing law also, with certain exceptions, prohibits a person from intentionally feeding a big game mammal without written authorization from the Department. For the purpose

of this prohibition, "big game mammal" is defined to include a pronghorn antelope, black bear, mule deer, mountain goat, mountain lion, Rocky Mountain elk and certain subspecies of bighorn sheep. The penalties for violating this prohibition are: (1) a written warning for a first offense; (2) a fine of not more than $250 for a second offense; and (3) a fine of not more than $500 for a third or subsequent offense. (NRS 501.382) **Section 7** of this bill ~~[:~~ ~~(1)]~~ expands this prohibition to apply to **: (1)** the intentional feeding of any wildlife that is classified as a wild mammal ~~[or game bird]~~ by regulations adopted by the Board of Wildlife Commissioners; and (2) ~~[provides that this prohibition does not apply to the incidental or unintentional feeding of such game birds associated with the use of a bird feeder located not more than 100 feet from a private residence.]~~ **the taking of any bird that is classified as a game bird by regulations adopted by the Board of Wildlife Commissioners by baiting such a game bird or on or above an area that was baited which the person knows or reasonably should have known was baited.** **Section 1** of this bill makes a conforming change as a result of the expansion of the prohibition to additional animals.

With certain exceptions, existing law prohibits a person or the person's agent or employee from knowingly bringing into or possessing in this State the carcass or part of the carcass of certain animals. (NRS 501.3845) A person who violates this prohibition is: (1) guilty of a misdemeanor, which is punished by a fine of not less than $50 nor more than $500, or by imprisonment in the county jail for not more than 6 months, or by both fine or imprisonment; and (2) liable for certain civil penalties. (NRS 501.385, 501.3855) **Section 8** of this bill also prohibits knowingly bringing into or possessing in this State the excrement or bodily fluid of such animals. **Section 8** authorizes the seizure, destruction or removal from this State of such excrement or bodily fluid in the same manner as a carcass or part of a carcass.

With certain exceptions and in addition to certain authorized penalties, existing law establishes a civil penalty of not less than $5,000 nor more than $30,000 for unlawfully killing or possessing a trophy big game mammal. For the purpose of this civil penalty, a trophy big game mammal is defined as a mule deer with an outside antler measurement of at least 24 inches, a bighorn sheep of any species with at least one horn exceeding a half curl, a Rocky Mountain elk with at least six antler points on one antler, a pronghorn antelope with at least one horn which is more than 14 inches in length, a mountain goat or a black bear. Also, with certain exceptions and in addition to certain authorized penalties, existing law establishes a civil penalty of not less than $250 and not more than $5,000 for unlawfully killing or possessing certain other animals, including a moose. (NRS 501.3855) **Section 9** of this bill makes unlawfully killing or possessing a moose subject to the higher civil penalty for trophy big game mammals of not less than $5,000 nor more than $30,000. For the purposes of identifying a trophy big game mammal for imposition of the higher civil penalty, existing law defines the term "antler point" to exclude the first point on the main beam, commonly known as the eye guard, on mule deer.

(NRS 501.3855) Existing regulations interpret the exclusion to apply only to mule deer. (NAC 502.1175) **Section 9** codifies this interpretation in the Nevada Revised Statutes.

Existing law: (1) prohibits any person without a permit from importing, possessing or propagating alternative livestock, which is defined as any species or subspecies of fallow deer or reindeer, if such animals are born and reared in captivity and raised on private property to produce meat or other by-products or for breeding stock; and (2) requires the State Board of Agriculture to adopt regulations governing the permit program for alternative livestock. In adopting such regulations, existing law requires the State Board of Agriculture to consult with the Department of Wildlife and the Board of Wildlife Commissioners concerning the provisions that are necessary to protect wildlife in this State and in certain areas of special concern. (NRS 501.003, 576.129; NAC 576.100-576.260) A person who violates this prohibition: (1) is guilty of a misdemeanor, which is punished by a fine of not more than $1,000 or imprisonment in the county jail for not more than 6 months, or by both a fine and imprisonment; and (2) may be liable for a civil penalty of not more than $5,000 for each violation. (NRS 193.150, 576.150) Existing law, with certain exceptions, authorizes a person to bring an animal that is not under special quarantine into this State in compliance with regulations adopted by the State Quarantine Officer. (NRS 571.210) **Section 25** of this bill eliminates the permit program for alternative livestock, thereby making it a misdemeanor to import, possess or propagate such fallow deer or reindeer in this State, unless pursuant to the regulations adopted by the State Quarantine Officer that authorize certain restricted entry of animals from outside this State. **Sections 3, 6, 11-15, 17, 18, 20, 22-24 and 27** of this bill make conforming changes as a result of the elimination of the permit program for alternative livestock by **section 25**. **Section 26** of this bill declares void the regulations adopted by the State Board of Agriculture governing the permit program for alternative livestock. **Sections 5 and 10** of this bill make conforming changes to refer to provisions that have been renumbered in **section 3**. **Sections 19 and 21** of this bill make conforming changes by removing references to sections defining "alternative livestock" that are repealed in **section 27**.

Legislative Counsel's Digest:

Existing law requires the State Department of Conservation and Natural Resources to make grants to state agencies, local governments, water conservancy districts, conservation districts and certain nonprofit organizations to protect, preserve and obtain the benefits of the property and natural and cultural resources of this State and requires the Director to adopt regulations to make such grants. (Section 2 of Assembly Bill No. 84, chapter 480, Statutes of Nevada 2019, at page 2861) Existing regulations establish the Nevada Conservation and Recreation Program to make such grants. (LCB File No. R025-22) **Section 8** of this bill creates the Program in statute. **Section 8** further provides that the Program consists of a grant program to make such grants and the Nevada Voluntary Water Rights Retirement Program. **Section 14** of this bill provides that the Program is within the Department.

Section 13 of this bill applies the definitions in existing law relating to the Department to the provisions of **sections 8-10** of this bill.

Under existing law, any person who wishes to appropriate public waters, or to change the place of diversion, manner of use or place of use of water already appropriated, must apply to the State Engineer for a permit to do so. (NRS 533.325) Existing law further provides that all underground waters within the boundaries of the State are subject to appropriation for beneficial use only under the laws of this State relating to the appropriation and use of water. (NRS 534.020) **Section 9** creates the Account for Retiring Water Rights, to be administered by the Director of the State Department of Conservation and Natural Resources, and requires that the money in the Account only be used for the purchase of ~~[vested]~~ **decreed** or certificated groundwater rights for certain purposes. **Section 10** establishes the Nevada Voluntary Water Rights Retirement Program in the Nevada Conservation and Recreation Program, to be administered by the Director, and establishes requirements for: (1) the purchase and retirement of ~~[vested]~~ **decreed** or certificated groundwater rights; and (2) the acceptance of donations of groundwater rights. **Section 10** also prohibits the Director from accepting donations and applications for the purchase and retirement of such groundwater rights after June 30, 2035. **Section 21** of this bill makes conforming changes to reflect that the Director may not accept applications or donations after that date.

Section 4 of this bill: (1) requires the State Engineer to retire all ~~[vested]~~ **decreed** or certificated water rights purchased by or donated to the Nevada Voluntary Water Rights Retirement Program; and (2) prohibits the State Engineer from retiring any groundwater rights from the Program unless the purchase or donation of the groundwater right was approved by the Director on or before June 30, 2035.

Sections 1-3 of this bill prohibit the appropriation of water for which the rights have been retired pursuant to the Nevada Voluntary Water Rights Retirement Program.

Section 25 of this bill provides for the provisions relating to the Account set forth in **section 9** to expire on June 30, 2035. **Section 21** of this bill makes a conforming change to reflect the expiration of these provisions.

Under existing law, the State Engineer may issue temporary permits to appropriate groundwater in certain designated areas which may be revoked under certain circumstances. In areas where these temporary permits have been issued, the State Engineer is required to prohibit the drilling of wells for domestic use if water can be furnished by a public entity presently engaged in furnishing water to the inhabitants of the area. (NRS 534.120) **Sections 5, 6, 16 and 22** of this bill revise references to these temporary permits to revocable permits.

Section 23 of this bill deems any such existing and valid temporary permit issued by the State Engineer pursuant to existing law before July 1, 2025, to be a revocable permit. **Section 5** also requires the State Engineer to prohibit the drilling of wells for domestic use if a property is within 1,250 feet of a

service line of a public entity presently engaged in furnishing water to the inhabitants of the area.

Existing law establishes a program to provide grants of money to purveyors of water and eligible recipients to pay for certain costs related to water conservation and capital improvements to water systems. Under this program, eligible recipients may receive grants of money to pay the cost of improvements to conserve water. (NRS 349.981) **Section 16** includes in the types of improvements for which an eligible recipient could receive a grant: (1) the removal and replacement of grass with water-efficient landscaping, under certain circumstances; and (2) the permanent retirement of groundwater rights for certain purposes.

Existing law requires certain recipients of a grant of money from this program to provide an amount of money determined by the Board for Financing Water Projects that will be used for the same purpose as the grant and which must be based upon the average household income of the customers of the recipient. (NRS 349.983) **Section 17** of this bill instead requires the amount of money provided by a recipient to be based upon the median household income of the customers of the recipient.

Existing law authorizes a district board of health to create a voluntary financial assistance program to pay 100 percent of the costs for property owners with an existing septic system whose property is served by a municipal water system to connect to the community sewerage disposal system. (NRS 439.3672) **Section 18** of this bill establishes certain requirements for a property owner to be eligible to receive financial assistance from this program.

Existing law sets forth a legislative declaration relating to the right of the people of this State to clean water and certain policies of this State related to this right to clean water. (NRS 445A.305) **Section 19** of this bill sets forth the policy of this State to encourage and promote water reuse in an appropriate manner that is consistent with public health.

Existing state law requires the State Environmental Commission to establish water quality standards at a level designed to protect and ensure a continuation of the designated beneficial use or uses for the stream segment or other body of surface water that have been determined applicable by the Commission. (NRS 445A.520) Existing federal law authorizes a state to establish a variance in the water quality standard from the water quality standard determined to protect and ensure a continuation of the designated beneficial use or uses if the state determines that compliance with this standard is not feasible for certain reasons. (40 C.F.R. § 131.14) **Section 20** of this bill authorizes the Commission to establish a water quality standard variance in accordance with federal law.

The Conservation of Colorado River Water Act establishes certain provisions relating to conserving the waters of the Colorado River, including requiring certain parcels of property which use such waters to participate in an irrigation water efficiency monitoring program. (Chapter 364, Statutes of Nevada 2021, at page 2179) The Act requires the Board of Directors of the Southern Nevada Water Authority to: (1) establish deadlines for an owner of

such a parcel of property to begin participating in the program; and (2) notify the owner that he or she is required to participate by not later than January 1, 2025. (Section 30 of chapter 210, Statutes of Nevada 2023, at page 1283) **Section 21.5** of this bill instead requires the Board of Directors to notify the owner not less than 1 year before the program is established.

~~[Section 21.3 of this bill authorizes the Southern Nevada Water Authority or a member agency thereof that charges an excessive use fee to residential customers to use the proceeds of the fee for certain programs to assist customers of the Authority or member agency.]~~

Existing law authorizes the Southern Nevada Water Authority to create an Advisory Committee for the Management of Groundwater in the Las Vegas Valley Groundwater Basin. If a member appointed to the Committee resigns or is unable to serve, the Board of Directors is required to appoint a person to fill the vacancy not later than 90 days after the vacancy occurs. (Section 8 of chapter 572, Statutes of Nevada 1997, as last amended by chapter 517, Statutes of Nevada 2017, at page 3507) **Section 21.7** of this bill removes the requirement for the Board of Directors to fill the vacancy not later than 90 days after the vacancy occurs.

➥ If a previous application for a similar use of water within the same basin has been rejected on those grounds, the new application may be denied without publication.

3. In addition to the criteria set forth in subsections 1 and 2, in determining whether an application for an interbasin transfer of groundwater must be rejected pursuant to this section, the State Engineer shall consider:

(a) Whether the applicant has justified the need to import the water from another basin;

(b) If the State Engineer determines that a plan for conservation of water is advisable for the basin into which the water is to be imported, whether the applicant has demonstrated that such a plan has been adopted and is being effectively carried out;

(c) Whether the proposed action is environmentally sound as it relates to the basin from which the water is exported;

(d) Whether the proposed action is an appropriate long-term use which will not unduly limit the future growth and development in the basin from which the water is exported; and

6. Except as otherwise provided in this subsection and subsection 10, the State Engineer shall approve or reject, within 6 months after the final date for filing a protest, an application filed to change the point of diversion of water already appropriated when the existing and proposed points of diversion are on the same property for which the water has already been appropriated under the existing water right or the proposed point of diversion is on real property that is proven to be owned by the applicant and is contiguous to the place of

use of the existing water right. The State Engineer may postpone action on the application pursuant to subsection 4.

7. If the State Engineer has not approved, rejected or held a hearing on an application within 7 years after the final date for filing a protest, the State Engineer shall cause notice of the application to be republished and reposted pursuant to NRS 533.360 immediately preceding the time at which the State Engineer is ready to approve or reject the application. The cost of the republication must be paid by the applicant. After such republication and reposting, a protest may be filed in accordance with NRS 533.365.

The copy of the application so endorsed must be returned to the applicant. Except as otherwise provided in subsection 11, if the application is approved, the applicant may, on receipt thereof, proceed with the construction of the necessary works and take all steps required to apply the water to beneficial use and to perfect the proposed appropriation. If the application is rejected, the applicant may take no steps toward the prosecution of the proposed work or the diversion and use of the public water while the rejection continues in force.

9. If a person is the successor in interest of an owner of a water right or an owner of real property upon which a domestic well is located and if the former owner of the water right or real property on which a domestic well is located had previously filed a written protest against the granting of an application, the successor in interest must be allowed to pursue that protest in the same manner as if the successor in interest were the former owner whose interest he or she succeeded. If the successor in interest wishes to pursue the protest, the successor in interest must notify the State Engineer in a timely manner on a form provided by the State Engineer.

Assembly Bill No. 43.

The following Senate amendment was read:

Amendment No. 689.

AN ACT relating to public works; creating a program to gather data on the use of job order contracts for certain public works; authorizing certain public bodies to enter into job order contracts for minor construction performed on an existing public work; prescribing the procedure for awarding a job order contract; making certain documents and other information submitted by a person seeking a job order contract confidential until a contract is awarded; prescribing responsibilities of a contractor who enters into a job order contract; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes general procedures for awarding a contract for a public work. (Chapter 338 of NRS) Existing law also authorizes a local government to comply with alternative procedures for awarding a contract for a public work. (NRS 338.1373) Senate Bill No. 67 of the 2021 Legislative Session established a pilot program to gather data on the use of job order contracts for certain public works in Clark County, the City of Henderson, the City of Las Vegas, the City of North Las Vegas and the Clark County Water Reclamation District and authorized those public bodies, as part of the pilot program, to enter into job order contracts for the maintenance, repair, alteration, demolition, renovation, remediation or minor construction of a public work. (Chapter 523, Statutes of Nevada 2021, at page 3509) The pilot

program expires on June 30, 2025. (Section 15 of chapter 523, Statutes of Nevada 2021, at page 3514) **Sections 2-16** of this bill: (1) establish a similar, permanent program; (2) authorize certain public bodies to award job order contracts for certain public works; and (3) set forth various requirements and restrictions concerning the use of job order contracts by those public bodies. **Section 2** provides that the provisions of **sections 2-16** apply only to a public body that is: (1) a county whose population is 700,000 or more (currently only Clark County); (2) a city whose population is 150,000 or more located in such a county (currently the Cities of Henderson, Las Vegas and North Las Vegas); or (3) a general improvement district located in such a county which is granted certain powers relating to sanitary sewer systems. (NRS 318.140)

Section 3 establishes a program to gather data on the use of job order contracts for certain public works and directs each public body to gather and report data on the use of job order contracts. **Sections 5-8** define certain terms for the purposes of this bill. **Section 9** authorizes a public body to award job order contracts for minor construction performed on an existing public work. **Section 17** of this bill revises the list of procedures by which a local government may award a contract for a public work to include the use of job order contracts if the local government is a public body to which the provisions of **sections 2-16** apply pursuant to **section 2**.

Section 9 requires a job order contract to be for a fixed period and provide for indefinite types and quantities of work and delivery times. **Section 9** provides that a job order contract: (1) must not be for work exclusive to one trade for which a license as a specialty contractor is required; and (2) must require a contractor to prepare and submit a proposal for each job order. **Section 9** requires such a proposal to include the proposed price for the job order, each construction task required to perform the job order, the unit price for each such task and the adjustment factor applicable to the performance of the task. **Section 9** also requires a public body, after holding a public hearing on the matter, to adopt a written policy for the assignment of job orders and limits the total dollar amount of job order contracts that may be awarded annually by each public body.

Section 9.5 of this bill sets forth certain requirements for a job order contract with respect to workers who perform work under contract, including the requirement that at least 51 percent of such workers be enrolled in or graduates of an apprenticeship program. Section 14.5 authorizes a public body to waive that requirement under certain circumstances.

Section 10 prescribes the qualifications a contractor who wishes to enter into a job order contract must meet. **Section 11** requires a public body or its authorized representative to advertise requests for proposals or similar solicitation documents for job order contracts. **Section 11** also prescribes: (1) the contents of such advertisements or similar solicitation documents; and (2) requirements for proposals. **Sections 12 and 18** of this bill make any document or other information submitted to a public body in response to a request for

proposals or similar solicitation document for a job order contract confidential and prohibit disclosure of any such document or information until notice of intent to award the contract is issued.

Section 13 prescribes the method for selecting a contractor for a job order contract. Specifically, **section 13** requires a public body or its authorized representative to appoint a panel to rank the proposals submitted in response to the request for proposals and award a job order contract to one or more applicants.

Section 14 prescribes certain responsibilities of a contractor who enters into a job order contract relating to contracting for the services of a subcontractor, supplier or professional. **Section 14** also prohibits a contractor who enters into a job order contract from performing more than 50 percent of the estimated cost of a work order himself or herself, or using his or her own employees.

Section 9 requires a job order contract to provide for the use of job orders, which are defined in **section 7** as an order issued for a definite scope of work to be performed for a fixed price pursuant to a job order contract. **Section 15** requires a contractor to submit a list of each subcontractor whom the contractor intends to engage before a public body issues a job order. **Section 16** requires a public body to submit a quarterly report that contains certain information relating to job order contracts to the governing body of the public body. **Section 16** also requires a governing body to annually submit to the Director of the Legislative Counsel Bureau a written report including the information reported to the governing body during the immediately preceding calendar year.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 338 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 16, inclusive, of this act.

Sec. 2. ***The provisions of sections 2 to 16, inclusive, of this act apply only to a public body that is:***

1. A county whose population is 700,000 or more;

2. A city whose population is 150,000 or more located in a county whose population is 700,000 or more; or

3. A general improvement district established pursuant to chapter 318 of NRS in a county whose population is 700,000 or more which is granted the powers set forth in NRS 318.140.

Sec. 3. ***1. The Legislature hereby finds and declares that:***

(a) It is in the best interest of the State to ensure that contracting and bidding procedures for public works in this State are efficient and cost-effective.

(b) The procedures for awarding a contract for a public work authorized by existing law may create barriers to the efficient and cost-effective awarding of contracts for minor construction performed on an existing public work.

(c) Reducing any such barriers will benefit the public and promote the timely completion of certain public works projects that are critical for the health and safety of members of the public who use public buildings and facilities.

(d) The voluminous and unpredictable amount of work for which certain public bodies in large counties in this State must award contracts presents unique challenges for these bodies.

(e) The use of job order contracting eliminates certain administrative burdens associated with traditional procurement methods and enables such a public body to efficiently manage the numerous minor construction projects required for existing facilities.

(f) The provisions of sections 2 to 16, inclusive, of this act are not intended to prohibit a public body from awarding a contract for a public work pursuant to any other procedure authorized pursuant to this chapter.

2. The Legislature therefore:

(a) Establishes a program to gather data on the use of job order contracts for minor construction performed on an existing public work; and

(b) Directs each public body in the program to gather and report data on the use of job order contracts in this State in the manner prescribed by section 16 of this act.

Sec. 4. *As used in sections 2 to 16, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 5 to 8, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 5. *"Adjustment factor" means the adjustment that is multiplied by a contractor against the unit price listed in the unit price catalog for the job order contract, which must reflect any overhead cost or profit to which a selected contractor is entitled.*

Sec. 6. *"Construction task" means an item of work:*

1. That is included in a job order; and

2. For which a unit price is set forth in a unit price catalog or priced using the formula or method prescribed by section 11 of this act.

Sec. 7. *"Job order" means an order issued by a public body for a definite scope of work to be performed for a fixed price pursuant to a job order contract.*

Sec. 8. *"Job order contract" means a contract entered into pursuant to section 13 of this act.*

(a) Be for a fixed period;

(b) Provide for indefinite times of delivery and indefinite types of quantities of work;

(c) Provide for the use of job orders;

(d) Require a contractor to prepare and submit a proposal for each job order, which must include, without limitation, a proposed price for the job

order, each construction task required to perform the job order, the unit price for each such task and the adjustment factor applicable to the performance of the task; and

(e) Not be for work exclusive to one trade for which a license as a specialty contractor is required.

2. Except as otherwise provided in subsection 3, a public body may not award more than $25,000,000 annually in job order contracts.

3. If the total dollar amount of all job order contracts awarded by a public body in any 1 year is less than the maximum dollar amount of job order contracts allowed to be awarded for that year pursuant to subsection 2, the difference between those amounts may be added to the total dollar amount of job order contracts that a public body may award in the immediately following year.

4. A public body shall, after holding a public hearing on the matter, adopt a written policy for the assignment of job orders, which must include, without limitation, the procedure by which a job order will be issued.

(b) All workers performing work under the contract, other than apprentices, to have:

(1) At least 3 years of relevant work experience; or

2. Except as otherwise provided in this subsection, a job order contract must establish mechanisms in addition to those provided in this chapter by which the public body will monitor and ensure compliance with the provisions of subsection 1, which may include, without limitation, requirements relating to the maintenance and submission of records to the public body that are in addition to those set forth in subsections 5 and 6 of NRS 338.070. The provisions of this subsection do not apply if the work performed under the job order contract is subject to a project labor agreement, which includes requirements that are substantially similar to those set forth in subsection 1 and which provides for the resolution of disputes concerning compliance with those requirements through binding arbitration.

3. As used in this section:

(1) Was not created or prepared in an electronic format; and

(2) Is not available in an electronic format; or

(b) Providing the public record in an electronic format or by means of an electronic medium would:

(1) Give access to proprietary software; or

(2) Require the production of information that is confidential and that cannot be redacted, deleted, concealed or separated from information that is not otherwise confidential.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

Assemblymember Considine moved that the Assembly concur in Senate Amendments Nos. 689 to Assembly Bill No. 43.

Motion carried by a constitutional majority.

The following Senate amendment was read:

Amendment No. 768.

AN ACT relating to public works; creating a program to gather data on the use of job order contracts for certain public works; authorizing certain public bodies to enter into job order contracts for minor construction performed on an existing public work; prescribing the procedure for awarding a job order contract; making certain documents and other information submitted by a person seeking a job order contract confidential until a contract is awarded; prescribing responsibilities of a contractor who enters into a job order contract; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes general procedures for awarding a contract for a public work. (Chapter 338 of NRS) Existing law also authorizes a local government to comply with alternative procedures for awarding a contract for a public work. (NRS 338.1373) Senate Bill No. 67 of the 2021 Legislative Session established a pilot program to gather data on the use of job order contracts for certain public works in Clark County, the City of Henderson, the City of Las Vegas, the City of North Las Vegas and the Clark County Water Reclamation District and authorized those public bodies, as part of the pilot program, to enter into job order contracts for the maintenance, repair, alteration, demolition, renovation, remediation or minor construction of a public work. (Chapter 523, Statutes of Nevada 2021, at page 3509) The pilot program expires on June 30, 2025. (Section 15 of chapter 523, Statutes of Nevada 2021, at page 3514) **Sections 2-16** of this bill: (1) establish a similar, permanent program; (2) authorize certain public bodies to award job order contracts for certain public works; and (3) set forth various requirements and

restrictions concerning the use of job order contracts by those public bodies. **Section 2** provides that the provisions of **sections 2-16** apply only to a public body that is: (1) a county whose population is 700,000 or more (currently only Clark County); (2) a city whose population is 150,000 or more located in such a county (currently the Cities of Henderson, Las Vegas and North Las Vegas); or (3) a general improvement district located in such a county which is granted certain powers relating to sanitary sewer systems. (NRS 318.140)

Section 3 establishes a program to gather data on the use of job order contracts for certain public works and directs each public body to gather and report data on the use of job order contracts. **Sections 5-8** define certain terms for the purposes of this bill. **Section 9** authorizes a public body to award job order contracts for minor construction performed on an existing public work. **Section 17** of this bill revises the list of procedures by which a local government may award a contract for a public work to include the use of job order contracts if the local government is a public body to which the provisions of **sections 2-16** apply pursuant to **section 2**.

Section 9 requires a job order contract to be for a fixed period and provide for indefinite types and quantities of work and delivery times. **Section 9** provides that a job order contract: (1) must not be for work exclusive to one trade for which a license as a specialty contractor is required; and (2) must require a contractor to prepare and submit a proposal for each job order. **Section 9** requires such a proposal to include the proposed price for the job order, each construction task required to perform the job order, the unit price for each such task and the adjustment factor applicable to the performance of the task. **Section 9** also requires a public body, after holding a public hearing on the matter, to adopt a written policy for the assignment of job orders and limits the total dollar amount of job order contracts that may be awarded annually by each public body.

Section 9.5 of this bill sets forth certain requirements for a job order contract with respect to workers who perform work under contract, including the requirement that at least ~~[51]~~ **25** percent of such workers be enrolled in or graduates of an apprenticeship program. **Section 14.5** authorizes a public body to waive that requirement under certain circumstances.

Section 10 prescribes the qualifications a contractor who wishes to enter into a job order contract must meet. **Section 11** requires a public body or its authorized representative to advertise requests for proposals or similar solicitation documents for job order contracts. **Section 11** also prescribes: (1) the contents of such advertisements or similar solicitation documents; and (2) requirements for proposals. **Sections 12 and 18** of this bill make any document or other information submitted to a public body in response to a request for proposals or similar solicitation document for a job order contract confidential and prohibit disclosure of any such document or information until notice of intent to award the contract is issued.

Section 13 prescribes the method for selecting a contractor for a job order contract. Specifically, **section 13** requires a public body or its authorized

representative to appoint a panel to rank the proposals submitted in response to the request for proposals and award a job order contract to one or more applicants.

Section 14 prescribes certain responsibilities of a contractor who enters into a job order contract relating to contracting for the services of a subcontractor, supplier or professional. **Section 14** also prohibits a contractor who enters into a job order contract from performing more than 50 percent of the estimated cost of a work order himself or herself, or using his or her own employees.

Section 9 requires a job order contract to provide for the use of job orders, which are defined in **section 7** as an order issued for a definite scope of work to be performed for a fixed price pursuant to a job order contract. **Section 15** requires a contractor to submit a list of each subcontractor whom the contractor intends to engage before a public body issues a job order. **Section 16** requires a public body to submit a quarterly report that contains certain information relating to job order contracts to the governing body of the public body. **Section 16** also requires a governing body to annually submit to the Director of the Legislative Counsel Bureau a written report including the information reported to the governing body during the immediately preceding calendar year.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 338 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 16, inclusive, of this act.

Sec. 2. ***The provisions of sections 2 to 16, inclusive, of this act apply only to a public body that is:***

1. A county whose population is 700,000 or more;

2. A city whose population is 150,000 or more located in a county whose population is 700,000 or more; or

3. A general improvement district established pursuant to chapter 318 of NRS in a county whose population is 700,000 or more which is granted the powers set forth in NRS 318.140.

Sec. 3. ***1. The Legislature hereby finds and declares that:***

(a) It is in the best interest of the State to ensure that contracting and bidding procedures for public works in this State are efficient and cost-effective.

(b) The procedures for awarding a contract for a public work authorized by existing law may create barriers to the efficient and cost-effective awarding of contracts for minor construction performed on an existing public work.

(c) Reducing any such barriers will benefit the public and promote the timely completion of certain public works projects that are critical for the health and safety of members of the public who use public buildings and facilities.

(d) The voluminous and unpredictable amount of work for which certain public bodies in large counties in this State must award contracts presents unique challenges for these bodies.

(e) The use of job order contracting eliminates certain administrative burdens associated with traditional procurement methods and enables such a public body to efficiently manage the numerous minor construction projects required for existing facilities.

(f) The provisions of sections 2 to 16, inclusive, of this act are not intended to prohibit a public body from awarding a contract for a public work pursuant to any other procedure authorized pursuant to this chapter.

2. The Legislature therefore:

(a) Establishes a program to gather data on the use of job order contracts for minor construction performed on an existing public work; and

(b) Directs each public body in the program to gather and report data on the use of job order contracts in this State in the manner prescribed by section 16 of this act.

Sec. 4. *As used in sections 2 to 16, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 5 to 8, inclusive, of this act have the meanings ascribed to them in those sections.*

SECOND READING AND AMENDMENT

Assembly Bill No. 366.

Bill read second time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 840.

AN ACT relating to housing; ~~[changing the designation of]~~ **revising provisions relating to** the Nevada Supportive Housing Development Fund; making an appropriation; **requiring, under certain circumstances, the Governor to submit a statement to the Legislature relating to supportive housing;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Housing Division of the Department of Business and Industry, subject to the availability of funds appropriated for such a purpose, to develop and implement a grant program for the purpose of awarding grants for the development of subsidized housing and the provision of services to assist eligible persons by reducing barriers to their retention of

housing. The program is required to include a process for applying for a grant to: (1) procure and develop such supportive housing; (2) train and build the capacity of a supportive housing partnership; (3) fund the operation of a supportive housing partnership; and (4) analyze the progress of supportive housing in this State. (NRS 319.600) Additionally, existing law creates the Nevada Supportive Housing Development Fund in the State Treasury and requires that money in the Fund be used to carry out the supportive housing grant program. (NRS 319.610)

Section 1 of this bill removes the provision that the development and implementation of such a grant program by the Housing Division is subject to the availability of funds appropriated for such a purpose.

Section 2 of this bill changes the designation of the Nevada Supportive Housing Development Fund from a special revenue fund in the State Treasury to an account in the State General Fund. **Section 2** also provides that the money in the redesignated Nevada Supportive Housing Development Account does not revert to the State General Fund at the end of any fiscal year. **Section 1** ~~[of this bill]~~ makes a conforming change to reflect the change in designation of the Fund.

Section 3 of this bill makes an appropriation to the Nevada Supportive Housing Development Account to carry out the supportive housing grant program. **Section 3.5 of this bill requires, beginning with the executive budget for the 2027-2029 biennium, that if the Governor does not include a budgetary request for any amount of money for the Account to carry out the program, the Governor must submit a statement with the proposed executive budget outlining the reasons that the Governor has not included a budgetary request for that purpose.**

Amendment No. 796.

SUMMARY—Revises provisions relating to ~~[certain fees for the use of]~~ **the lease of certain** state ~~[lands.]~~ **real property for certain purposes and the sale of agricultural products produced on such real property.** (BDR 26-1133)

AN ACT relating to state ~~[lands;]~~ **property;** revising certain provisions relating to the ~~[fees for the]~~ lease of **certain** state ~~[land]~~ **real property** for ~~[the]~~ grazing ~~[of livestock;]~~ **or pasturage rights and the sale of agricultural products produced on such real property;** requiring certain ~~[fees]~~ **money received** for the grazing of livestock **and the sale of agricultural products** be deposited in the Account for Maintenance of State Parks within the Division of State Parks of the State Department of Conservation and Natural Resources; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Administrator of the Division of State Lands of the State Department of Conservation and Natural Resources is authorized to lease certain land owned by the State of Nevada for certain purposes, including for the purpose of grazing livestock, and sets forth the manner in which the fee for the lease of land for the grazing of livestock is determined. (NRS 322.010, 322.075) **Section 3.5 of this bill repeals this provision.** ~~[Section 1 of this bill requires that fees for the lease of lands for grazing livestock on any land under the jurisdiction of the Division of State Parks of the Department must be deposited in the Account for Maintenance of State Parks within the Division of State Parks and used in the area or region in which the fee was collected.]~~ **Section 2.5 of this bill authorizes the Administrator of the Division of State Parks of the Department, for any real property owned by the State and assigned to the Division for administration, to: (1) lease grazing and pasturage rights in and to the real property; or (2) sell agricultural products produced on the real property. Section 2.5: (1) requires, with certain exceptions, the Administrator to advertise the lease or sale for bids; and (2) authorizes the Administrator to negotiate the lease or sale under certain circumstances after advertising for bids. Sections 1.3 and 1.7 of this bill provide that this authority granted to the Administrator of the Division of State Parks is an exception to the authority granted to the Administrator of the Division of State Lands to lease state lands.**

Existing law creates the Account for Maintenance of State Parks within the Division of State Parks and requires that money deposited in the Account must only be used to repair and maintain state parks, monuments and recreational areas. (NRS 407.0762) ~~[Section]~~ **Sections 2.5 and 3** of this bill ~~[requires]~~ **require** that any ~~[fee]~~ **money** collected for the lease of ~~[land]~~ **real property** owned by the State **and assigned to the Division for administration** for grazing ~~[livestock on any land under the jurisdiction of the Division of State Parks]~~ **or pasturage or the sale of agricultural products produced on such real property** must be deposited in the Account ~~[.]~~ **and used in the area or region in which the money was collected.**

Section 2 of this bill makes conforming changes to internal references.

Assembly Bill No. 594.

Bill read second time.

The following amendment was proposed by the Committee on Revenue:

Amendment No. 832.

AN ACT relating to governmental administration; authorizing the Department of Taxation to deliver by electronic means notices, decisions and other written communications under certain circumstances; revising the manner in which the Department determines the industry in which a business

is engaged for the purposes of the commerce tax; revising the due date for the payment of sales and use taxes; ~~[authorizing certain employees of the Department to electronically notarize electronic documents created by the Department; authorizing the recording with a county recorder of a paper copy of electronic documents created by the Department under certain circumstances;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill authorizes the Department of Taxation to deliver by electronic means any notice, decision or other written communication that the Department is required to provide to a person under existing law, unless: (1) the person has opted out of receiving such notices, decisions or written communications by electronic means; or (2) another provision of law specifies the means by which the Department is required to send such a notice, decision or written communication. Under **section 1**, the electronic means by which the Department may send notices, decisions and other written communications are: (1) delivery to a secure account of a person who has registered for an account with an electronic system maintained by the Department; (2) delivery to an electronic mail address at which a person has agreed to receive notices, decisions and other written communications from the Department; and (3) posting a notice, decision or other written communication on an electronic network or Internet website maintained by the Department that is accessible to a person via the Internet or a mobile application and delivering a separate notice of such posting to the electronic mail address of the person. **Sections 2 and 3** of this bill clarify that the Department is required to continue to provide notice by personal service or by mail of determinations of deficiency in the payment of taxes or the suspension or revocation of certain permits issued by the Department. (NRS 360.350, 360.5975)

Existing law imposes a commerce tax on the Nevada gross revenue of certain business entities whose Nevada gross revenue exceeds $4,000,000 in a taxable year, at a rate that is based on the industry in which a business entity is engaged. (Chapter 363C of NRS) **Section 13** of this bill repeals the provision of existing law that provides that for the purpose of determining the commerce tax rate of a business entity, the industry in which a business entity is engaged is determined based on the 2012 edition of the North American Industry Classification System ("NAICS") published by the Bureau of the Census of the United States Department of Commerce. (NRS 363C.060) **Section 4** of this bill instead provides that the industry in which a business entity is engaged is determined based on the most recent edition of the NAICS. **Section 5** of this bill updates certain NAICS codes in the publishing, software and data processing business categories to reflect the 2022 version of the NAICS, which is the most recent version published by the Bureau of the Census. (NRS 363C.430) **Section 14** of this bill provides that the changes made by **sections 4, 5 and 13** apply only to taxable years commencing on or after July 1, 2025, thereby prohibiting retroactive application of the changes made by those sections to previous taxable years.

Under existing law, with certain exceptions, a person required to pay sales or use tax is required to remit such taxes to the Department on or before the last day of the month after the tax was imposed. (NRS 372.355, 374.360) **Sections 6** and **7** of this bill revise the due date for remitting such taxes by requiring sales or use tax to be remitted to the Department on or before the 20th day of the month after the tax was imposed. ~~[Section]~~ **Sections 14 and 15** ~~[provides]~~ **provide** that the change to the due date for remitting sales and use taxes to the Department applies ~~[on]~~ only to **a** taxable period beginning on or after ~~[July 1, 2025,]~~ **January 1, 2026,** thereby prohibiting retroactive application of the change to such due date.~~]~~

~~Existing law establishes requirements for the filing with a county recorder of documents creating an interest in real property or otherwise affecting real property, including, without limitation, requirements for the document to contain the signature or electronic signature of each person executing the document and to be notarized by a notary public or other notarial officer. (NRS 111.010, 111.240, 111.265, 111.3685, 247.190) Under existing law, the Department files with county recorders for recording certain documents, including, without limitation, certificates creating liens on the real and personal property of a taxpayer for delinquent taxes, fees, penalties and interest, and certificates releasing or subordinating such liens. (NRS 360.473, 360.475) Section 8 of this bill establishes a manner in which such electronic documents may be electronically notarized by an employee of the Department who is a notary public and in good standing with the Secretary of State. Under sections 8 and 11 of this bill, such an employee of the Department is authorized to electronically notarize the electronic document without becoming registered as an electronic notary public under existing law. (NRS 240.192) Section 9 of this bill makes the definitions in existing law governing the electronic notarization of electronic documents applicable to section 8. Section 10 of this bill makes the provisions of existing law governing the notarization of documents applicable to the electronic notarization pursuant to section 8. Section 12 of this bill authorizes the Department to file for recording with a county recorder a paper copy of the electronic document containing the electronic signature of an employee of the Department and the electronic notarization authorized by section 8.~~]~~ **to taxable periods beginning before January 1, 2026.**

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 791.

AN ACT relating to privacy; granting courts discretion to close family law proceedings **or portions thereof** under certain circumstances; revising

provisions concerning the accessibility of court records in family law proceedings; repealing an unconstitutional provision relating to the closure of certain divorce proceedings; prohibiting the public posting or display of the personal identifying information of another person under certain circumstances; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the court in any action for divorce to close a proceeding upon the demand of either party to the action. (NRS 125.080) In 2024, the Nevada Supreme Court held that such a statute is unconstitutional because it permits closed court proceedings without the exercise of judicial discretion. (*Falconi v. Eighth Judicial District Court in and for the County of Clark*, 140 Nev. Adv. Op. 8, 543 P.3d 92 (2024)) **Section 6** of this bill repeals this statute. **Section 2** of this bill defines the term "family law proceeding" to mean a proceeding conducted pursuant to the provisions of Title 11 of NRS. **Section 3** of this bill: (1) establishes that family law proceedings are presumptively open unless an exception applies; and (2) authorizes a court to exercise its discretion and close any such proceeding **or portion thereof** if the court determines that closure is necessary to serve a compelling interest. **Section 3** also requires the court to: (1) consider certain factors when making this determination; ~~[and]~~ (2) **make certain written findings; and (3)** exclude certain persons from the court or chambers if the proceeding is closed. Additionally, **section 3** provides **, with certain exceptions,** that ~~[an]~~ **a transcript, audio recording or** electronic or video record of a ~~[private]~~ **closed portion of a** hearing ~~[,]~~ **or trial:** (1) is confidential and not open to ~~[public]~~ inspection ~~[,]~~ **or copying,** except by the parties, their counsel and necessary staff or experts **;** ~~[, unless an exception applies;]~~ and (2) must not be distributed**.** ~~[, copied or made publicly available.]~~

Section 4 of this bill governs which court records are accessible to the public in family law proceedings. Under **section 4**, a court is authorized to seal or redact certain court records if the court determines that the sealing or redaction is justified by a compelling interest that outweighs the public interest in access to the court record. **Section 4** also: (1) authorizes the court to unseal a court record under certain circumstances; and (2) requires the court to consider certain factors in determining whether to unseal a court record. **Section 6** repeals an existing statute governing which court records are accessible to the public in a divorce action, which is being replaced by the provisions of **section 4**.

Section 5 of this bill prohibits a person from willfully and intentionally posting or displaying in any public manner certain personal identifying information of another person without the consent of the person. **Section 5** provides that a person who commits such an unlawful act is guilty of a category D felony.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Title 11 of NRS is hereby amended by adding thereto a new chapter to consist of the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. *As used in this chapter, "family law proceeding" means a proceeding conducted pursuant to the provisions of this title.*

Sec. 3. *1. Except as otherwise provided by specific statute or court rule, family law proceedings are presumptively open.*

2. Upon oral or written motion of either party, upon its own motion or upon the filing of a request to provide electronic coverage of a proceeding, a court may exercise its discretion and close a proceeding or portion thereof only if the court determines that closure is necessary to serve a compelling interest.

3. In addition to any other factors the court considers relevant in determining whether closure serves a compelling interest, the court shall consider:

(a) The presumption set forth in subsection 1;

(b) The best interest of each child involved in the proceeding;

[(b)] (c) Whether permitting a third party to observe or record the proceeding creates a substantial risk of violating a federal or state law or regulation or court rule relating to the disclosure of personal identifying information [, including,] that cannot be mitigated by sealing court records. As used in this paragraph, "personal identifying information" includes, without limitation:

(1) Individually identifiable health information as defined in 45 C.F.R. § 160.103; or

(2) Educational records under the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. § 1232g, and any regulations adopted pursuant thereto; and

[(c)] (d) Whether, in the absence of closure, there is a substantial risk that:

(1) A party to the proceeding or child involved in the proceeding may suffer harassment, indignity, undue embarrassment [, shame, financial loss, stigmatization, harm to reputation, anxiety, fear] or any other physical or emotional harm; or

(2) The fundamental right of privacy of any person will be violated.

4. [In addition to] After considering the factors set forth in subsection 3 and any other factors the court considers relevant in determining whether closure is necessary to serve a compelling interest, the court shall [consider:] make written findings regarding:

(a) Whether there is a substantial probability that, in the absence of closure, the compelling interest [could] will be harmed; [and]

(b) Whether there are alternatives to closure that would adequately protect the compelling interest [.] ; and

(c) Whether the closure is narrowly tailored to protect the compelling interest.

5. If the court determines that a proceeding or portion thereof should be closed pursuant to subsection 2:

(a) The court shall direct that the proceeding or portion thereof be ~~[private;]~~ closed; and

(b) Except as otherwise provided in subsections 6 and 7, all persons must be excluded from the court or chambers wherein the action is tried, except:

(1) The officers of the court;

(2) The parties;

(3) The counsel for the parties and any staff of such counsel;

(4) The witnesses for the parties, including, without limitation, expert witnesses;

Sec. 20. The Legislature finds and declares that the issuance of securities and the incurrence of indebtedness pursuant to sections 17, 18 and 19 of this act, except the use of the proceeds of those bonds pursuant to subsections 3, 5, 11 and 14 of section 19 of this act:

1. Are necessary for the protection and preservation of the property and natural resources of this State and for the purpose of obtaining the benefits thereof; and

2. Constitute an exercise of the authority conferred by the second paragraph of Section 3 of Article 9 of the Nevada Constitution.

Sec. 21. 1. An ad valorem tax of 16.18 cents on each $100 of assessed valuation of taxable property is hereby levied for Fiscal Year 2025-2026, and an ad valorem tax of 16.18 cents on each $100 of assessed valuation of taxable property is hereby levied for Fiscal Year 2026-2027. The taxes levied must be collected in the manner provided in chapter 361 of NRS on all taxable property in this State, including, without limitation, the net proceeds of minerals, and excluding such property as is by law exempt from taxation. Notwithstanding the provisions of NRS 361.453 to the contrary, 1.18 cents of the levies imposed pursuant to this subsection must not be included in calculating the limitation set forth in subsection 1 of NRS 361.453 on the total ad valorem tax levied for all public purposes.

2. An ad valorem tax of 0.82 cents on each $100 of assessed valuation of taxable property is hereby levied for Fiscal Year 2025-2026, and an ad valorem tax of 0.82 cents on each $100 of assessed valuation of taxable property is hereby levied for Fiscal Year 2026-2027. The taxes levied must be collected in the manner provided in chapter 361 of NRS on all taxable property in this State, including, without limitation, the net proceeds of minerals, and excluding such property as is by law exempt from taxation. The proceeds of the taxes levied pursuant to this subsection must be used exclusively for the repayment of bonded indebtedness issued pursuant to the provisions of:

(a) Chapter 6, Statutes of Nevada 2001, 17th Special Session, at page 104; or

(b) Chapter 480, Statutes of Nevada 2019, at page 2860.

➥ Notwithstanding the provisions of NRS 361.453 to the contrary, the levies imposed pursuant to this subsection must not be included in calculating the limitation set forth in subsection 1 of NRS 361.453 on the total ad valorem tax levied for all public purposes.

3. The proceeds of the taxes levied by this section are hereby appropriated in each fiscal year to the Consolidated Bond Interest and Redemption Fund to discharge the obligations of the State of Nevada as they are respectively due in that fiscal year. Any balance of the money appropriated by this subsection remaining at the end of the respective fiscal years does not revert to the State General Fund.

Sec. 22. 1. On or before July 1, 2025, and July 1, 2026, respectively, the State Treasurer shall estimate the amount of proceeds of the taxes levied by section 21 of this act. If the sum of that estimate and the balance of ad valorem reserves in the Consolidated Bond Interest and Redemption Fund is less than the total obligation of the State of Nevada for payment of the interest on and principal of bonds which will become due in the fiscal year, the State Treasurer shall request the State Controller to reserve in the State General Fund an

amount which is sufficient to pay the remainder of the total obligation. The State Treasurer may revise the estimate and amount reserved.

2. If the money in the Consolidated Bond Interest and Redemption Fund is insufficient to pay those obligations as they become due, the State Controller shall cause the money in reserve to be transferred from the State General Fund to the Consolidated Bond Interest and Redemption Fund. The amount reserved is hereby contingently appropriated for that purpose. Any balance of the sums transferred pursuant to this subsection remaining at the end of the respective fiscal years must not be committed for expenditure after June 30 of the respective fiscal years and must be reverted to the State General Fund on or before September 18, 2026, and September 17, 2027, respectively.

3. The State Treasurer shall report to the Legislature or, if the Legislature is not in session, to the Interim Finance Committee:

(a) The amount of any estimate made pursuant to subsection 1 and the amount of money reserved in the State General Fund based upon the estimate;

(b) The amount of money transferred from the State General Fund pursuant to subsection 2; and

(c) The amount of money which reverts to the State General Fund pursuant to subsection 2.

Sec. 23. The State Board of Finance, in its capacity as the State General Obligation Bond Commission and to the extent that money is available, shall pay the expenses related to the issuance of general obligation bonds approved by the 83rd Session of the Nevada Legislature from the proceeds of those bonds.

Sec. 24. 1. Expenditure of the following sums not appropriated from the State General Fund or the State Highway Fund is hereby authorized from the Consolidated Bond Interest and Redemption Fund in the amount of $180,892,046 for Fiscal Year 2025-2026, and in the amount of $180,634,198 for Fiscal Year 2026-2027.

2. Notwithstanding the provisions of subsection 4 of NRS 353.220, the approval of the Interim Finance Committee is not required for any request for the revision of a work program for the Bond Interest and Redemption Account in the Consolidated Bond Interest and Redemption Fund for the bond repayment costs of the bonds approved pursuant to the provisions of this act. As used in this subsection, "bond repayment costs" means the principal, interest and related costs of issuance of the bonds and any other costs related to the payment of the bonds or compliance with covenants made in connection with those bonds, as estimated by the State Treasurer.

Sec. 25. 1. With the approval of the Interim Finance Committee, the State Public Works Division of the Department of Administration may transfer appropriated, allocated and authorized money from one project to another within the same agency for those projects listed in sections 1, 3, 6 and 8 of this act.

2. Transfers of money pursuant to subsection 1 to or from projects that are also authorized by section 13 of this act must maintain the overall ratio of

appropriated, allocated and authorized money in total for those projects unless such a transfer jeopardizes the receipts of the money from those other sources authorized by section 13 of this act.

Sec. 26. 1. The money collected pursuant to the annual tax on slot machines imposed pursuant to NRS 463.385 that is distributed to the Special Capital Construction Fund for Higher Education, except any amount of that money which is needed to pay the principal and interest on bonds, is appropriated to the State Public Works Division of the Department of Administration in the sum of $3,000,000 for the project numbered and described in the Executive Budget for the 2025-2027 biennium or otherwise described as project 25-M01, Deferred Maintenance, Nevada System of Higher Education.

2. Any remaining balance of the appropriation made by subsection 1 must not be committed for expenditure after June 30, 2029, by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining must not be spent for any purpose after September 21, 2029, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred, and must be reverted to the Special Capital Construction Fund for Higher Education on or before September 21, 2029.

Sec. 27. There is hereby appropriated from the State General Fund to the Legislative Fund created by NRS 218A.150 the sum of $33,859,402 for capital improvement projects for facilities.

Sec. 28. 1. The State Board of Finance shall issue general obligation bonds of the State of Nevada in the face amount of not more than $191,869,942 in the 2025-2027 biennium, the proceeds of which must be used for capital improvement projects for the Legislative Department. The provisions of the State Securities Law, NRS 349.150 to 349.364, inclusive, apply to the bonds authorized by this subsection. As used in this subsection, "proceeds" means amounts received from the sale of an issue of the general obligation bonds and any accrued interest thereon.

2. All state and local governmental agencies involved in the design and construction of the capital improvement projects for the Legislative Department described in this act shall cooperate with the Legislative Department to expedite completion of the projects.

3. Any remaining balance of the allocated amount authorized in subsection 1 must not be committed for expenditure after June 30, 2029, and must be reverted to the Bond Interest and Redemption Account in the Consolidated Bond Interest and Redemption Fund on or before September 21, 2029.

Sec. 29. 1. The State Board of Finance may issue the bonds authorized pursuant to section 28 of this act at the time deemed appropriate by the Board based on the schedule established for the completion of the capital improvement projects described in that section.

2. The State Controller may advance temporarily from the State General Fund, upon the request of the Director of the Legislative Counsel Bureau, to the Legislative Fund until the date on which the bonds authorized by section 28 of this act are sold, amounts necessary to facilitate the start of the capital improvement projects described in section 28 of this act. The amounts temporarily advanced by the State Controller must be advanced as the money is required for the projects and must not be transferred to the Legislative Fund from the State General Fund until required to make contract payments. The advanced amounts must be repaid immediately to the State General Fund upon the issuance of the bonds or not later than the last business day in August immediately following the end of the fiscal year during which the advance is made.

3. The Director of the Legislative Counsel Bureau shall provide written notification to the State Controller, the State Treasurer and the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau of the approval of any advance from the State General Fund to the Legislative Fund pursuant to subsection 2. The Director of the Legislative Counsel Bureau shall provide a reconciliation to the Legislative Commission and the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau of the advances authorized from the State General Fund pursuant to subsection 2 and repayments to the State General Fund of such an advance made during any fiscal year during the 2025-2027 biennium. The reconciliation must be provided not later than the last business day in August immediately following the end of the fiscal year during which an advance is made.

Sec. 30. If bonds for projects described in section 28 and either section 6 or 8 of this act are proposed for issuance at the same meeting of the State Board of Finance, the State Board of Finance shall approve ~~[a single issuance of]~~ bonds **in one or more series** for all such projects and may not vote separately upon ~~[or otherwise distinguish between]~~ projects described in such sections. Approval of the issuance of bonds for projects described in one such section shall be deemed approval for the issuance of bonds for projects described in the other such sections proposed at the same meeting.

Sec. 30.3. **1. The State Board of Finance shall issue general obligation bonds of the State of Nevada in the face amount of not more than $50,000,000 in the 2025-2027 biennium, the proceeds of which must be deposited with the State Treasurer for credit to the Nevada State Infrastructure Bank Fund created by NRS 226.787 and used by the Nevada State Infrastructure Bank to make loans for the development or construction of infrastructure:**

(a) That will serve attainable housing projects that are located in a special improvement district or special assessment district; and

SUMMARY—Revises provisions relating to **the testing of** cannabis and cannabis products. (BDR 56-962)
AN ACT relating to cannabis; requiring the Cannabis Compliance Board to adopt regulations setting forth requirements for licensees or registrants relating to the testing of cannabis and cannabis products; setting forth various requirements for the contents of those regulations; ~~[requiring the Board to develop and implement a process by which a licensee may submit a petition for an exception from certain requirements; requiring the Board to develop, maintain and make available on the Internet website of the Board an electronic portal for certain purposes;]~~ and providing other matters properly relating thereto.
Legislative Counsel's Digest:
Existing law authorizes the Cannabis Compliance Board to adopt regulations to carry out the provisions of existing law governing the cannabis industry in this State. Under existing law, such regulations may include requirements for licensees or registrants relating to the cultivation, processing, manufacture, transport, distribution, testing, study, advertising and sale of cannabis and cannabis products. (NRS 678A.450) **Sections 1 and 3** of this bill require, rather than authorize, the Board to adopt regulations setting forth requirements for licensees and registrants relating to the testing of cannabis and cannabis products. **Section 3** requires the regulations to set forth certain requirements, including the requirement that representative samples of each lot of cannabis be tested by a cannabis independent testing laboratory and various requirements concerning the collection of such representative samples. **Section 3** defines the term "lot" to mean: (1) the flowers from one or more cannabis plants of the same harvest batch, in a quantity that weighs ~~[7.5]~~ **15** pounds or less; (2) the leaves or other plant matter from one or more cannabis plants of the same harvest batch, other than full female flowers, in a quantity that weighs ~~[20]~~ **45** pounds or less; or (3) the wet flower, leaves or other plant matter from one or more cannabis plants of the same harvest batch used only for extraction, in a quantity that weighs ~~[135]~~ **150** pounds or less within 2 hours of harvest. ~~[Section 5 of this bill increases the weight limit for a lot of cannabis flower to 10 pounds or less, effective October 1, 2026. Section 3 sets forth procedures by which the Board may adjust any of the weight limits for lots. Section 3 additionally requires the Board to develop and implement a process by which a licensee may petition the Board for an exception from any downward adjustment in the weight limit of a lot.~~

~~Section 4 of this bill requires the Board to develop, maintain and make available on the Internet website of the Board an electronic portal that is publicly accessible and through which: (1) a person may file certain complaints with the Board; and (2) the Board is required to provide certain notices.~~]

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 678A.450 is hereby amended to read as follows:

678A.450 1. The Board may adopt regulations necessary or convenient to carry out the provisions of this title. Such regulations may include, without limitation:

(I) Each employee must complete before he or she may engage in inspections, investigations or audits; and

(e) Policies and procedures relating to the disclosure of the identities of the shareholders and the annual report of a cannabis establishment that is a publicly traded company.

(f) Reasonable restrictions on the signage, marketing, display and advertising of cannabis establishments. Such a restriction must not require a cannabis establishment to obtain the approval of the Board before using a logo, sign or advertisement.

(g) Provisions governing the sales of products and commodities made from hemp, as defined in NRS 557.160, or containing cannabidiol by cannabis establishments.

(h) Requirements relating to the packaging and labeling of cannabis and cannabis products.

(b) Holder of a cannabis establishment agent registration card.

3. The Board shall adopt regulations providing for the investigation of unlicensed cannabis activities and the imposition of penalties against persons who engage in such activities. Such regulations must, without limitation:

(c) Set forth the circumstances under which the Board is required to refer matters concerning unlicensed cannabis activities to an appropriate state or local law enforcement agency.

the most recent version of the ASTM International Standard ASTM D8334/8334M, "Standard Practice for Sampling of Cannabis/Hemp Post-Harvest Batches for Laboratory Analyses"; and

(c) For each lot ~~[weighing less than 20 pounds,]~~ of cannabis flower, the total aggregate weight of all representative samples to be collected for testing from the lot to be:

3. ~~[As often as the Board determines to be necessary, the Board may conduct an evaluation of the weight limits for the lots described in paragraph (c) of subsection 2. After the evaluation, the Board may, by regulation, adjust any of the weight limits for a lot if:~~

~~(a) The evaluation reveals that:~~

~~(1) New scientific data has emerged that supports the adjustment of the weight limit; or~~

~~5. The Board shall develop and implement a process by which a licensee may petition the Board for an exception from the applicability of any downward adjustment in the weight limit of a lot established by the Board pursuant to subsection 3. The Board may approve or deny such a petition based on criteria established by the Board. If the Board approves such a petition, the weight limit for any lots of the petitioner for the purpose of any requirements relating to the testing of cannabis shall be deemed to be the applicable weight limit in effect immediately before the downward~~

~~— 2. The regulations adopted pursuant to subsection 1 must require:~~

~~— (a) Representative samples of each lot to be tested by a cannabis independent testing laboratory;~~

~~— (b) The collection of representative samples of a lot to be conducted in accordance with standards established by the Board, which must align with the most recent version of the ASTM International Standard ASTM D8334/8334M, "Standard Practice for Sampling of Cannabis/Hemp Post-Harvest Batches for Laboratory Analyses"; and~~

~~— (c) For each lot weighing less than 20 pounds, the total aggregate weight of all representative samples to be collected for testing from the lot to be:~~

~~(1) For a lot weighing less than 5 pounds, not less than 10 grams;~~

~~(2) For a lot weighing 5 pounds or more but less than 7.5 pounds, not less than 15 grams;~~

~~(3) For a lot weighing 7.5 pounds or more but less than 10 pounds, not less than 20 grams;~~

~~(4) For a lot weighing 10 pounds or more but less than 15 pounds, not less than 30 grams; and~~

~~(5) For a lot weighing 15 pounds or more but less than 20 pounds, not less than 40 grams.~~

~~3. As often as the Board determines to be necessary, the Board may conduct an evaluation of the weight limits for the lots described in paragraph (c) of subsection 2. After the evaluation, the Board may, by regulation, adjust any of the weight limits for a lot if:~~

~~(a) The evaluation reveals that:~~

~~(1) New scientific data has emerged that supports the adjustment of the weight limit; or~~

~~(2) In the period since the last evaluation was conducted or, for the initial evaluation conducted, in the year immediately preceding the evaluation, the rate at which lots have failed the testing required by the Board has increased or decreased annually by at least 1.5 percent;~~

~~(b) The Board determines that making the adjustment and the amount of the adjustment satisfies the criteria established by the Board pursuant to subsection 4; and~~

~~(c) Except as otherwise provided in this paragraph, the weight limit is increased or decreased by not more than 2.5 pounds. The Board may not adjust the weight limit for any lot to an amount that is less than 5 pounds.~~

~~4. The Board shall adopt regulations establishing criteria to be used by the Board in evaluating whether to adjust a weight limit for a lot pursuant to subsection 3 and for determining the amount of any such adjustment, subject to the restrictions set forth in subsection 3.~~

~~5. The Board shall develop and implement a process by which a licensee may petition the Board for an exception from the applicability of any downward adjustment in the weight limit of a lot established by the Board pursuant to subsection 3. The Board may approve or deny such a petition based on criteria established by the Board. If the Board approves such a petition, the weight limit for any lots of the petitioner for the purpose of any requirements relating to the testing of cannabis shall be deemed to be the applicable weight limit in effect immediately before the downward adjustment that the petition relates to becomes effective, notwithstanding any provision of the regulations establishing the adjustment to the contrary.~~

~~6. Nothing in the provisions of this section shall be construed to prohibit a licensee that produces less than 5 pounds of cannabis from obtaining all required testing on that cannabis.~~

~~7. As used in this section:~~

~~(a) "Harvest batch" means the useable flower and trim contained within one or more specific lots of cannabis grown by a cannabis cultivation facility from one or more seeds or cuttings of the same strain of cannabis and harvested on or before a specified final date of harvest.~~

~~(b) "Lot" means:~~

~~(1) The flowers from one or more cannabis plants of the same harvest batch, in a quantity that weighs [7.5] *10* pounds or less, as adjusted pursuant to subsection 3;~~

~~(2) The leaves or other plant matter from one or more cannabis plants of the same harvest batch, other than full female flowers, in a quantity that weighs 20 pounds or less, as adjusted pursuant to subsection 3; or~~

~~(3) The wet flower, leaves or other plant matter from one or more cannabis plants of the same harvest batch used only for extraction, in a quantity that weighs 135 pounds or less, as adjusted pursuant to subsection 3, within 2 hours of harvest.]~~ **(Deleted by amendment.)**

Sec. 6. ~~[1. This section and sections 1 to 4, inclusive, of this act become effective on October 1, 2025.~~

~~2. Section 5 of this act becomes effective on October 1, 2026.]~~ **(Deleted by amendment.)**

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 799.

AN ACT relating to cannabis; revising provisions relating to the confidentiality of certain information relating to cannabis; revising provisions governing certain disciplinary proceedings; revising provisions relating to the operation of a cannabis establishment; **revising certain requirements relating to the packaging and labeling of cannabis and cannabis products;** authorizing the Cannabis Compliance Board to issue summonses and subpoenas and take certain other actions relating to unlicensed cannabis activities; revising provisions relating to the licensing of a cannabis establishment; revising provisions relating to cannabis independent testing laboratories; revising provisions relating to advertising engaged in and packaging used by a cannabis establishment; exempting certain persons from state prosecution for certain criminal offenses under certain circumstances; **requiring the Cannabis Advisory Commission to conduct certain studies;** making various other changes relating to the regulation of cannabis; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of persons and establishments involved in the cannabis industry in this State by the Cannabis Compliance Board. (Title 56 of NRS) Existing law sets forth procedures by which the Board may take disciplinary action against a licensee or registrant.

(NRS 678A.500-678A.600) Under existing law, the Executive Director of the Board is authorized to transmit the details of any suspected violation of the provisions of existing law and regulations that govern the medical and adult use of cannabis to the Attorney General for an investigation. (NRS 678A.500) After the investigation, existing law requires the Board to determine whether to proceed with disciplinary action against a licensee or registrant. (NRS 678A.510) If the Board proceeds with disciplinary action, existing law: (1) requires the Board or the Executive Director to serve a complaint upon the respondent; and (2) sets forth procedures for the conduct of a disciplinary hearing before the Board. (NRS 678A.520-678A.590) If the Board determines that a licensee or registrant has violated a provision of existing law or regulations governing the medical and adult use of cannabis, existing law authorizes the Board to impose certain penalties against the licensee or registrant. (NRS 678A.600)

Sections 6 and 13-24 of this bill revise the procedures by which disciplinary action may be taken against a licensee or registrant. **Section 13** specifies that the Executive Director is authorized to transmit the details of a suspected violation to the Attorney General for further investigation. **Section 24** makes a conforming change to reflect the fact that an investigation of a violation is commenced by the Executive Director, rather than the Board. **Section 14** revises the actions the Board must take with respect to each complaint resulting in an investigation by the Attorney General. **Section 15** revises the required content of a complaint served by the Board or the Executive Director and the time in which the respondent may answer the complaint. Upon receipt of an answer demanding a hearing or the expiration of the time to answer the complaint, **section 15** requires the Board to assign the matter to a hearing officer. **Sections 15-23** require a disciplinary hearing to be heard before a hearing officer, rather than the Board, and revise procedures for the conduct of such a hearing. **Section 6**: (1) provides that the decision and order of a hearing officer is final unless a party aggrieved by the decision requests that the Board review the decision and order or the Board initiates such a review on its own motion; and (2) sets forth procedures for the conduct of a review by the Board. **Section 23** provides that any person aggrieved by a final decision or order of the Board after a review conducted pursuant to **section 6** is entitled to judicial review of the decision or order.

Section 5 of this bill requires the Board to appoint one or more hearing officers to conduct disciplinary hearings and render decisions.

Section 26 of this bill authorizes the Board, the Executive Director or a designee of the Executive Director to issue a letter of warning, a letter of concern or a nonpunitive admonishment under certain circumstances.

Existing law requires the Board to adopt regulations providing for the investigation of unlicensed cannabis activities and the imposition of penalties against persons who engage in such activities. (NRS 678A.450) **Section 11 of this bill** authorizes the Board to issue summonses and subpoenas and to take certain other actions in connection with such an investigation.

Sections 4, 12 and 54 of this bill revise provisions relating to the confidentiality of certain information obtained by the Board. Existing law authorizes the Governor or his or her designee to enter into one or more agreements with tribal governments concerning cannabis. (NRS 223.250) **Sections 52 and 53** of this bill provide that certain information received by a governmental entity from a tribal government or a facility engaged in cannabis activities operating on tribal land pursuant to the terms of such an agreement remains the property of the tribal government, does not constitute a public record and must be kept confidential by the governmental entity.

Sections 2, 7, 33, 34, 37 and 38 of this bill establish a standardized definition of the term "local governmental jurisdiction" for the purposes of provisions governing the medical and adult use of cannabis.

Existing law authorizes the Board to adopt regulations setting forth requirements relating to the packaging and labeling of cannabis and cannabis products. (NRS 678A.450) Section 11 prohibits those requirements from requiring: (1) a package of cannabis or cannabis products which is sold at wholesale to contain any label or tag other than a label or tag necessary for the functionality of any computer software used for the seed-to-sale tracking of cannabis; and (2) a cannabis establishment to include any information on the label for any cannabis or a cannabis product that is already included on the packaging of the cannabis or cannabis product. Sections 1.5 and 2.5 of this bill define the terms "label" and "packaging" for the purposes of provisions of existing law governing the medical and adult use of cannabis.

Existing law prohibits the production, distribution and sale of any synthetic cannabinoid. (NRS 453.572, 557.255, 678B.525) **Section 10** of this bill revises the definition of "synthetic cannabinoid" to: (1) specify that any cannabinoid that is either produced artificially or not obtained directly without the use of a chemical reagent from a plant of the genus *Cannabis* constitutes a synthetic cannabinoid; and (2) exclude THC produced using certain processes.

Existing law requires a cannabis establishment to use an inventory control system. (NRS 678B.210, 678B.250, 678C.430) Existing law sets forth certain requirements for the operation of such a system by a medical cannabis establishment. (NRS ~~[678B.430)]~~ **678C.430) Sections 27, 31, 32, 35 and 45** of this bill revise those requirements and additionally apply the requirements to the operation of such a system by an adult-use cannabis establishment. **Sections 45 and 49** of this bill revise requirements for a dual licensee concerning the reporting of inventory.

Existing law sets forth procedures by which a health authority, upon finding a condition in the operation of a food establishment constituting a substantial hazard to the public health, may issue an order to the holder of the permit to operate the food establishment that may require the immediate suspension of the permit and discontinuance of all food operations. (NRS 446.880) **Section 30** of this bill sets forth similar procedures by which an agent of the Board may issue such an order to the holder of a cannabis establishment license if the

agent finds a condition in the operation of the cannabis establishment which constitutes a substantial hazard to the public health. **Section 30** sets forth certain conditions under which such an order may not order the immediate suspension of the license and the immediate discontinuance of the operations of the cannabis establishment. **Section 29** of this bill defines "substantial hazard to the public health" to include certain specified conditions. **Section 29** additionally requires the Board to adopt certain regulations concerning substantial hazards to the public health which may exist at a cannabis establishment.

Existing law requires an applicant for a medical cannabis establishment license or adult-use cannabis establishment license to submit to the Board the physical address of the proposed cannabis establishment, which, among other requirements, must not be within a certain distance of a public or private school or community facility. (NRS 678B.210, 678B.250) **Sections 32 and 35** establish definitions of "public school" and "private school" and revise the definition of "community facility."

Section 36 of this bill revises certain requirements for cannabis independent testing laboratories.

Existing law deems the issuance of a license by the Board to be conditional in certain local governmental jurisdictions until the cannabis establishment is in compliance with applicable local governmental ordinances or rules and the local government has issued a business license for the operation of the establishment. (NRS 678B.320) **Section 37** additionally deems the issuance of such a license to be conditional until the cannabis establishment satisfies an inspection conducted by the Board.

~~[Existing law prohibits a cannabis establishment from dispensing or selling cannabis or cannabis products from a vending machine or allowing such a vending machine to be installed on the premises of the cannabis establishment. (NRS 678B.510)]~~ **Section 39** of this bill ~~[removes that prohibition. Section 39 additionally]~~ revises the procedures that the operating documents of a cannabis establishment are required to include ~~[.]~~ **to additionally include certain procedures relating to the training of cannabis establishment agents and other procedures established by the Board by regulation. (NRS 678B.510)**

Section 40 of this bill revises certain restrictions on advertising engaged in and packaging used by a cannabis establishment.

Existing law prohibits a person from selling, offering to sell, appearing to sell or advertising the sale of cannabis or cannabis products unless the person holds an adult-use cannabis establishment license or medical cannabis establishment license. (NRS 678B.530) **Section 41** of this bill prohibits those actions only if the person does not have the appropriate type of license and additionally prohibits a person from advertising as a cannabis sales facility or cannabis consumption lounge without the appropriate type of license.

Existing law exempts an employee of the State Department of Agriculture from state prosecution for certain offenses relating to cannabis under certain circumstances. (NRS 678B.600) **Section 42** of this bill expands that exemption

to also include an employee of the Board and an attorney who represents the Department or the Board.

Existing law provides an exemption from state prosecution for the possession, delivery and production of cannabis for: (1) a person who holds a valid registry identification card or letter of approval; and (2) a person who is 21 years of age or older. However, under existing law, that exemption is subject to certain limitations. For example, with respect to usable cannabis, the exemption applies only to the extent that a person does not, at any one time, possess, deliver or produce more than 2.5 ounces of usable cannabis. (NRS 678C.200, 678D.200) Existing law also prohibits a cannabis sales facility from selling to a person, in any one transaction, more than 2.5 ounces of usable cannabis. (NRS 678B.550) **Sections 3, 7 and 56** of this bill revise the definition of "usable cannabis" to exclude the seeds of a plant of the genus plant *Cannabis* and apply this definition throughout the provisions of existing law governing the medical and adult use of cannabis. **Section 47** of this bill makes a conforming change to eliminate a reference to a provision that has been repealed in **section 56**.

Existing law requires a medical cannabis establishment to maintain an electronic verification system. (NRS 678B.210, 678C.420) **Section 9** of this bill changes the name of such a system to an electronic verification and authentication system. **Section 44** of this bill revises requirements concerning the operation of such a system.

Existing law requires an adult-use cannabis product to be sold in a single package. (NRS 678D.420) **Section 48** of this bill revises requirements concerning the amount of usable cannabis, concentrated cannabis or THC that a single package may contain.

Existing law, with certain exceptions, prohibits smoking in any form within indoor places of employment. (NRS 202.2483) **Section 51** of this bill clarifies that the smoking of cannabis in a cannabis consumption lounge in accordance with the provisions of existing law governing the medical and adult-use of cannabis is not prohibited.

Section 54.3 of this bill requires the Cannabis Advisory Commission to create a subcommittee to conduct a study concerning certain matters relating to sales of consumable hemp products in this State. Section 54.7 of this bill additionally requires the Commission to create a subcommittee to conduct a study concerning the manner in which cannabis and cannabis products are taxed in this State.

(b) Every party has the right to:

Any relevant evidence that is not immaterial or unduly repetitious may be admitted and is sufficient in itself to support a finding if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory

rule which might make improper the admission of such evidence over objection in a civil action.

(e) The parties or their counsel may by written stipulation agree that certain specified evidence may be admitted even though such evidence might otherwise be subject to objection.

2. The ~~[Board]~~ ***hearing officer*** may take official notice of any generally accepted information or technical or scientific matter within the field of cannabis, and of any other fact which may be judicially noticed by the courts of this State. The parties must be informed of any information, matters or facts so noticed, and must be given a reasonable opportunity, on request, to refute such information, matters or facts by evidence or by written or oral presentation of authorities, the manner of such refutation to be determined by the ~~[Board.]~~ ***hearing officer.***

(b) Unless the opposing party, within 7 days after such service, mails or delivers to the proponent a request to cross-examine the affiant, the opposing party's right to cross-examine the affiant is waived and the affidavit, if introduced in evidence, must be given the same effect as if the affiant had testified orally. If an opportunity to cross-examine an affiant is not afforded after request therefor is made in accordance with this paragraph, the affidavit may be introduced in evidence, but must be given only the same effect as other hearsay evidence.

(c) The notice referred to in paragraph (a) must be substantially in the following form:

The court shall thereupon issue an order directing the person to appear before the court and show cause why the person should not be punished as for contempt. Thereafter the court has jurisdiction of the matter, and the same proceedings must be had, the same penalties may be imposed and the person charged may purge himself or herself of the contempt in the same way as in the case of a person who has committed a contempt in the trial of a civil action before a district court.

Upon rehearing, rebuttal evidence to the additional evidence must be permitted. After rehearing, the ~~[Board]~~ ***hearing officer*** may modify ~~[its]~~ ***his or her*** decision and order as the additional evidence may warrant.

Sec. 22. NRS 678A.600 is hereby amended to read as follows:

678A.600 1. If the ~~[Board]~~ ***hearing officer*** finds that a licensee or registrant has violated a provision of this title or any regulation adopted pursuant thereto, the ~~[Board]~~ ***hearing officer*** may:

(e) Take no action against the licensee or registrant.

2. (e) Any other mitigating circumstance established by the Board by regulation exists.

2. For the purposes of subparagraph (1) of paragraph (b) of subsection 1, if a licensee has submitted a plan to correct a violation and the Board does not take action to approve or reject the plan within 30 days after the date on which the plan was submitted, the plan shall be deemed to be approved by the appropriate agent of the Board.

Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the rights of a person in any written book or record which is copyrighted pursuant to federal law.

2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate, including, without limitation, electronically, the confidential information from the information included in the public book or record that is not otherwise confidential.

4. If requested, a governmental entity shall provide a copy of a public record in an electronic format by means of an electronic medium. Nothing in this subsection requires a governmental entity to provide a copy of a public record in an electronic format or by means of an electronic medium if:

(a) The public record:

(1) Was not created or prepared in an electronic format; and

(2) Is not available in an electronic format; or

(b) Providing the public record in an electronic format or by means of an electronic medium would:

(1) Give access to proprietary software; or

(2) Require the production of information that is confidential and that cannot be redacted, deleted, concealed or separated from information that is not otherwise confidential.

5. An officer, employee or agent of a governmental entity who has legal custody or control of a public record:

(a) Shall not refuse to provide a copy of that public record in the medium that is requested because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

(b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare the copy of the public record and shall not require the person who has requested the copy to prepare the copy himself or herself.

Sec. 54. NRS 239.0115 is hereby amended to read as follows:

239.0115 1. Except as otherwise provided in this subsection and subsection 3, notwithstanding any provision of law that has declared a public book or record, or a part thereof, to be confidential, if a public book or record has been in the legal custody or control of one or more governmental entities for at least 30 years, a person may apply to the district court of the county in which the governmental entity that currently has legal custody or control of the public book or record is located for an order directing that governmental entity to allow the person to inspect or copy the public book or record, or a part thereof. If the public book or record pertains to a natural person, a person may not apply for an order pursuant to this subsection until the public book or record has been in the legal custody or control of one or more governmental entities for at least 30 years or until the death of the person to whom the public book or record pertains, whichever is later.

2. There is a rebuttable presumption that a person who applies for an order as described in subsection 1 is entitled to inspect or copy the public book or record, or a part thereof, that the person seeks to inspect or copy.

3. The provisions of subsection 1 do not apply to any book or record:

(b) Containing personal information pertaining to a victim of crime that has been declared by law to be confidential.

Amendment No. 825.

AN ACT relating to special license plates; providing for the issuance of special license plates indicating support for the Las Vegas Aces basketball team; exempting the special license plates indicating support for the Las Vegas Aces basketball team from certain provisions otherwise applicable to certain special license plates; **subjecting the Las Vegas Aces Foundation to certain reporting requirements and financial investigations;** imposing a fee for the issuance and renewal of the special license plates indicating support for the Las Vegas Aces basketball team; eliminating provisions prohibiting certain new vehicle dealers from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain special license plates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the issuance of various special license plates associated with military or public service, membership or affiliation with certain groups and recognition of or support for certain charitable causes or certain classes and types of vehicles. (NRS 482.3672-482.3823) **Section 1** of this bill requires the Department of Motor Vehicles to design, prepare and issue special license plates indicating support for the Las Vegas Aces, a franchise of the Women's National Basketball Association. A person wishing to obtain the special license plates must pay to the Department: (1) a fee for initial issuance of $35 and a fee for renewal of $10; (2) all applicable registration and license fees and governmental services taxes; and (3) an additional fee for initial issuance of $25 and an additional fee for renewal of $20, to be deposited with the State Treasurer who must, on a quarterly basis, distribute the fees to the Las Vegas Aces Foundation or its successor organization for its programs and activities within this State in support of health and fitness, disadvantaged children and families, education and women in sports. A person wishing to obtain the special license plates may also request that the plates be combined with personalized prestige plates if the person pays the additional fees for the personalized prestige plates. **Section 2** of this bill makes a conforming change to apply provisions relating to the issuance and renewal of a special license plate for certain trailers to include the Las Vegas Aces special license plate. **Section 5** of this bill prohibits the Department from issuing the Las Vegas Aces special license plate for a full trailer or semitrailer.

Under existing law, certain special license plates: (1) must be approved by the Department; (2) are subject to a limitation on the number of separate designs of special license plates which the Department may issue at any one time; and (3) may not be designed, prepared or issued by the Department unless a certain number of applications for such plates are received. (NRS 482.367002, 482.367008, 482.36705) **Sections 6-8** of this bill exempt the Las Vegas Aces special license plates from these provisions.

Section 9 of this bill ~~[excludes]~~ **includes** the Las Vegas Aces special license plates ~~[from]~~ **in** the definition of "special license plate" for purposes of existing provisions governing investigations relating to **the** finances of charitable organizations that receive additional fees from special license plates. (NRS 482.38272-482.38279)

Section 4 of this bill authorizes the Director of the Department to order the preparation of sample license plates that are of the same design and size as the Las Vegas Aces special license plates.

Section 10 of this bill makes a conforming change to authorize the holder of the original registration of any vehicle to transfer the registration and use of the Las Vegas Aces special license plates to another vehicle under certain circumstances.

Section 11 of this bill establishes a fee of $10 for the replacement of a Las Vegas Aces special license plate.

Existing law authorizes the Department to authorize a new vehicle dealer to: (1) accept applications for the registration of new motor vehicles he or she sells; and (2) issue certificates of registration to applicants who satisfy the legal requirements to be issued a certificate of registration. Existing law prohibits a new vehicle dealer who is authorized to issue certificates of registration from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain special license plates. (NRS 482.216) **Section 3** of this bill eliminates the prohibition against a new vehicle dealer accepting an application for the registration of a motor vehicle if the applicant wishes to obtain special license plates, thereby authorizing a new vehicle dealer to accept an application for registration from such applicants.
