Legislative Counsel's Digest:

Existing law imposes a payroll tax on: (1) financial institutions and on mining companies subject to the tax on the net proceeds of minerals, with the rate of the payroll tax set at 2 percent of the amount of the wages, as defined under existing law, paid by the financial institution or mining company during each calendar quarter in connection with its business activities; and (2) other business entities, with the rate of the payroll tax set at 1.475 percent of the amount of the wages, as defined under existing law but excluding the first $50,000 thereof, paid by the business entity during each calendar quarter in connection with business activities. (NRS 363A.030, 363A.130, 363B.110, 612.190) Existing law provides a credit against the payroll tax equal to an amount which must not exceed the amount of any donation of money which is made by a taxpayer to a scholarship organization that provides grants on behalf of pupils who are members of a household with a household income below a certain level to attend schools in this State, including private schools, chosen by the parents or legal guardians of those pupils. (NRS 363A.130, 363B.110, 388D.270) Existing law requires a scholarship organization, before accepting a donation on behalf of a taxpayer, to apply to the Department of Taxation for approval of the tax credit for the donation. **Existing law requires the Department to approve or deny applications in the order in which the applications are received.** (NRS 363A.139, 363B.119) **Sections 1 and 2 of this bill require applications for approval of the tax credits to be made between May 1 and June 1 of each year and require the Department to review and approve applications on or before July 1 of each year. Sections 1 and 2 require each application to include certain information, including information about the number of pupils meeting certain criteria who have applied to the scholarship organization for a grant for the upcoming school year and the cost to provide a grant to each such pupil. Sections 1 and 2 require the Department to approve applications for the tax credit: (1) first, up to an amount that would allow every scholarship organization to make a grant to every pupil who applied for a grant and received a grant for the immediately preceding school year; (2) second, up to an amount that would allow every scholarship organization to make a grant to every pupil who applied for a grant and is the sibling of a pupil who received a grant for the immediately preceding school year; and (3) finally, up to an amount that would allow every scholarship organization to make a grant to every pupil who applied for a grant and is not in one of the previous two categories. If sufficient tax credits are not available to provide a grant to every pupil in a particular category, sections 1 and 2 require the tax credits to be allocated among the scholarship organizations on a pro rata basis according to the number of pupils in that category who applied to the scholarship organization.**

Sections 1 and 2 ~~[of this bill]~~ require a scholarship organization to expend the entire amount of any donation for which a taxpayer receives a tax credit not later than 18 months after the date on which the application for the tax

credit was approved by the Department. **Sections 1 and 2** require a scholarship organization that does not expend the entire amount of a donation within this time period to repay to the Department the tax credit that was allowed for the donation in an amount equal to the amount of the donation that was not expended.

Existing law authorizes one or more natural persons to associate to establish a nonprofit corporation under the laws of this State. (Chapter 82 of NRS) Section 2.5 of this bill requires a scholarship organization to be a domestic nonprofit corporation.

If an insurer requires prior authorization, existing law requires the insurer to: (1) file its procedure for obtaining prior authorization with the Commissioner of Insurance for approval; and (2) respond to a request for prior authorization within 20 days after receiving the request. (NRS 687B.225) This bill establishes additional requirements relating to the use of prior authorization for medical and dental care by health insurers, including Medicaid, the Children's Health Insurance Program and insurance for public employees.

~~[Specifically, sections 27 and]~~ **Section 44** of this bill ~~[require]~~ **requires** that ~~[a]~~ **the** procedure for obtaining prior authorization **for services reimbursable through Medicaid or the Children's Health Insurance Program on a fee-for-service basis** includes: (1) a list of the specific goods and services for which the ~~[insurer]~~ **Department of Health and Human Services** requires prior authorization; and (2) the clinical review criteria used by the ~~[insurer]~~ **Department** to evaluate requests for prior authorization. ~~[Sections 27 and]~~ **Section 44** also ~~[require an insurer]~~ **requires the Department** to publish its procedure for obtaining prior authorization on its Internet website and update that website as necessary to account for any changes in the procedure. ~~[Sections 27 and]~~ **Section 44** ~~[prohibit an insurer]~~ **prohibits the Department** from denying a claim for payment for medical or dental care because of the failure to obtain prior authorization if the ~~[insurer's]~~ **Department's** procedures for obtaining prior authorization in effect on the date on which the care was provided did not require prior authorization for that care.

~~[Sections 27 and]~~ **Section 45** of this bill ~~[revise the period for insurers to take action on a request for prior authorization by requiring an insurer]~~

Sections 18 and 47 of this bill provide that a request for prior authorization that has been approved by **[the]** **a public or private** insurer **, including Medicaid and the Children's Health Insurance Program,** remains valid for: (1) 12 months; or (2) treatment related to a chronic condition, until the standard of treatment for that condition changes. **[Sections 18 and 47 prohibit an insurer from requiring an insured to obtain additional prior authorization for a course of treatment or regimen of medication previously approved by the insurer. Sec. 21. ***1. A health carrier shall exempt a provider of health care who participates in the network of the health carrier from the requirement to obtain prior authorization for a specific good or service if, within the immediately preceding 12 months, the health carrier approved 80 percent or more of the requests for prior authorization for that specific good or service submitted by the provider of health care. If a provider of health care qualifies for an exemption pursuant to this section, a health carrier shall:***

(a) Automatically grant the exemption without requiring the provider of health care to submit a request for the exemption; and

(b) Transmit to the provider of health care after granting the exemption a notice that includes:

(1) A statement that the provider of health care has been granted an exemption from the requirement to obtain prior authorization from the health carrier for the specific goods and services listed pursuant to subparagraph (2);

(2) A list of goods and services to which the exemption applies; and

(3) The date on which the exemption expires, which must not be earlier than 12 months after the date on which the health carrier granted the exemption.

2. A health carrier shall provide for an annual review of the requests for prior authorization submitted by providers of health care who participate in the network of the health carrier to determine whether those providers meet the criteria prescribed by subsection 1 for an exemption from the requirement to obtain prior authorization. If a provider of health care is initially determined to be ineligible for an exemption based on such a review, the eligibility of the provider of health care to receive an exemption must be independently determined by a provider of health care who:

(a) Is licensed in this State;

(b) Is of the same or similar specialty as the provider of health care who is being evaluated for an exemption; and

(c) Has experience providing the good or service for which the exemption has been initially denied.

3. A provider of health care who is not granted an exemption from the requirement to obtain prior authorization for a particular good or service may, for that specific good or service, request from the health carrier any evidence that supported the decision of the health carrier to not grant the exemption for that good or service. A provider of health care may submit a request for supporting evidence pursuant to this subsection not more than once during a single 12-month period for each good or service for which the provider of health care has not been granted an exemption.

4. An exemption from the requirement to obtain prior authorization pursuant to this section applies to the provision of any good or service covered by the exemption which is provided or ordered by the provider of health care to whom the exception applies.

5. A health carrier shall not deny a claim or reduce the amount of payment paid under a claim for a good or service that is subject to an exemption pursuant to this section unless:

(a) The provider of health care who submitted the claim knowingly and materially misrepresented the goods or services actually provided to an insured, and the provider of health care made the misrepresentation with the specific intent to obtain a payment from the health carrier to which the provider of health care is not legally or contractually entitled; or

(b) The service or good for which payment is sought was not substantially performed or provided, as applicable.

Sec. 22. *1. Not more than once during a single 12-month period, a health carrier may reevaluate the eligibility of a provider of health care to receive an exemption from the requirement to obtain prior authorization pursuant to section 21 of this act.*

2. A health carrier may, pursuant to subsection 1, revoke an exemption from the requirement to obtain prior authorization granted to a provider of health care only if the health carrier determines that the provider of health care would not have met the criteria prescribed in subsection 1 of section 21 of this act for the good or service to which the exemption applies based on:

(a) A retrospective review of claims submitted by the provider of health care for that good or service during the immediately preceding 3 months; or

(b) If the provider of health care did not submit at least 10 claims for that good or service during the immediately preceding 3 months, a retrospective review of at least the last 10 claims submitted by the provider of health care for that good or service.

3. If it is initially determined that a provider of health care meets the criteria prescribed in subsection 2 for the revocation of an exemption based on a review conducted pursuant to that subsection, the satisfaction of those criteria must be independently determined by a provider of health care

described in subsection 2 of section 21 of this act before the health carrier may revoke the exemption.

4. A health carrier that revokes an exemption from the requirement to obtain prior authorization pursuant to subsection 2 shall transmit to the provider of health care to which the revocation pertains a notice that includes:

(a) The information that the health carrier relied upon when making the determination described in subsection 2;

(b) An identification of each good or service to which the revoked exemption applies;

(c) The date on which the revocation takes effect, which must not be earlier than 30 days after the date on which the health carrier transmits the notice; and

(d) A description, written in easily comprehensible language, of how the provider of health care may appeal the revocation pursuant to subsection 5.

5. A health carrier shall adopt a procedure by which a provider of health care may appeal the revocation of an exemption from the requirement to obtain prior authorization. If a provider of health care appeals a revocation of such exemption, the exemption must remain in effect:

(a) If the revocation is reversed on appeal, until the next reevaluation pursuant to subsection 1 of the eligibility of the provider of health care to continue receiving the exemption.

(b) If the revocation is upheld on appeal, until the later of the 5th calendar day after the revocation is upheld or the date contained within the notice sent to the provider of health care pursuant to subsection 4.

Sec. 23. ~~***[1.]***~~ ***If a health carrier violates NRS 687B.225 or sections 17 to 20, inclusive, of this act with respect to a particular request for prior authorization, the request shall be deemed approved.***

~~*4. An exemption from the requirement to obtain prior authorization pursuant to this section applies to the provision of any good or service covered by the exemption which is provided or ordered by the provider of health care to whom the exception applies.*~~

~~*5. The Department shall not deny a claim or reduce the amount of payment paid under a claim for a good or service that is subject to an exemption pursuant to this section unless:*~~

~~*(a) The provider of health care who submitted the claim knowingly and materially misrepresented the goods or services actually provided to a*~~

~~*recipient, and the provider of health care made the misrepresentation with the specific intent to obtain a payment from the Department to which the provider of health care is not legally or contractually entitled; or*~~

~~*(b) The service or good for which payment is sought was not substantially performed or provided, as applicable.]*~~ **(Deleted by amendment.)**

~~*(a) A retrospective review of claims submitted by the provider of health care for that good or service during the immediately preceding 3 months; or*~~

~~*4. If the Department revokes an exemption from the requirement to obtain prior authorization pursuant to subsection 2, the Department shall transmit to the provider of health care to which the revocation pertains a notice to that includes:*~~

~~*(a) The information that the Department relied upon when making the determination described in subsection 2;*~~

~~*(b) An identification of each good or service to which the revoked exemption applies;*~~

~~*(c) The date on which the revocation takes effect, which must not be earlier than 30 days after the date on which the Department transmits the notice; and*~~

~~*(d) A description, written in easily comprehensible language, of how the provider of health care may appeal the revocation pursuant to subsection 5.*~~

~~*5. The Department shall adopt a procedure by which a provider of health care may appeal the revocation of an exemption from the requirement to obtain prior authorization. If a provider of health care appeals a revocation of such exemption, the exemption must remain in effect:*~~

~~(a) If the revocation is reversed on appeal, until the next reevaluation pursuant to subsection 1 of the eligibility of the provider of health care to continue receiving the exemption.~~

~~(b) If the revocation is upheld on appeal, until the later of the 5th calendar day after the revocation is upheld or the date contained within the notice sent to the provider of health care pursuant to subsection 4.~~] (Deleted by amendment.)

Sec. 52. *1. If the Department violates sections 44 to 51, inclusive, of this act with respect to a particular request for prior authorization, the request shall be deemed approved.*

2. Nothing in sections 44 to 51, inclusive, of this act shall be construed to require the Department to provide coverage:

(a) For medical or dental care that, regardless of whether such care is medically necessary, would not be a covered benefit under the terms and conditions of Medicaid or the Children's Health Insurance Program, as applicable; or

(b) To a person who is not a recipient or is not otherwise eligible to receive coverage under Medicaid or the Children's Health Insurance Program, as applicable, on the date on which medical or dental care is provided to the person.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 227.

AN ACT relating to mental health; ~~[authorizing a court to order involuntary court-ordered admission of a defendant to a mental health facility in certain circumstances; authorizing certain entities to request the records of such a defendant;]~~ authorizing the creation of a facility for the treatment of incompetent defendants within certain county jails or detention facilities; **authorizing the establishment of a program to provide certain services to an incompetent defendant outside of a forensic facility;** requiring the Division of Child and Family Services of the Department of Health and Human Services to immediately accept placement of a child in a division facility when a juvenile court orders such acceptance of the child; ~~[exempting certain providers of health care from compliance with an advance directive for psychiatric care under certain circumstances;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a defendant from being tried or judgment pronounced for a public offense while the defendant is incompetent. (NRS 178.400) Existing law also requires a court to suspend criminal proceedings against a defendant if doubt arises as to the competence of the defendant until the question of competence is determined. (NRS 178.405) After a court determines that a defendant is incompetent, existing law requires a judge to order the defendant into the custody of the Administrator of the Division of Public and Behavioral Health of the Department of Health and Human Services or the Administrator's designee for treatment at a secure mental health facility of the Division. (NRS 178.425)

~~[Section 5 of this bill authorizes a court to order the involuntary court-ordered admission of a defendant to a public or private mental health facility if the court: (1) finds that the defendant is a danger to himself or herself or to society; (2) finds that commitment is required for a determination of the defendant's ability to receive treatment to competence and to attain competence; (3) explores other alternative courses of treatment; and (4) receives an affirmation from the public or private mental health facility that the facility will admit the defendant. Sections 2, 11 and 15 of this bill provide that a court that orders the involuntary admission of a defendant to a mental health facility under those circumstances is not required to follow the procedures established by existing law for the civil commitment of a person to a public or private mental health facility. (NRS 433A.200-433A.330) Section 2 prescribes certain required contents of an order for the involuntary admission of a defendant to a public or private mental health facility. Section 6 of this bill requires the county or city from which a defendant is sent to pay the cost of transporting the defendant to the public or private mental health facility while authorizing such a city or county to seek reimbursement from certain persons and entities.~~

~~Section 7 of this bill requires the Administrator or the Administrator's designee to provide periodic evaluations and reports to the court if the defendant is involuntarily admitted to a mental health facility. Sections 2 and~~

~~16 of this bill require a mental health facility to provide clinical records of the defendant to the court upon request. Sections 8 and 12 of this bill authorize certain entities involved in the treatment of a defendant who is involuntarily admitted to a mental health facility to request the records of the defendant from other such entities to assist in the evaluation and treatment of the defendant. Section 2 prohibits the transfer of a defendant who has been involuntarily admitted to a mental health facility without the consent of the court that ordered the involuntary admission. Section 10 of this bill updates an internal reference changed by section 5. Section 14 of this bill requires each regional behavioral health policy board to track and compile data on defendants who are involuntarily admitted to mental health facilities in the behavioral health region. Sections 18 and 19 of this bill provide for the compensation of a mental health facility to which a defendant is involuntarily admitted pursuant to section 5 in the same manner as other persons who are involuntarily admitted to mental health facilities. Section 17 of this bill requires a peace officer, under certain circumstances, to apprehend a defendant who is involuntarily admitted to, and later escapes from, a public or private mental health facility. Section 21 of this bill provides that an attending provider of health care at a mental health facility is not required to comply with the advance directive for psychiatric care of a defendant who is involuntarily admitted to the facility.~~

Under certain circumstances, **section 3** of this bill ~~[requires]~~ **authorizes** the Administrator to ~~[seek to]~~ enter into a contract with an organization that provides mental health services to the community to operate a facility for the treatment of defendants **to competency** in a county jail or detention facility in a county whose population is 100,000 or more (currently Clark and Washoe Counties). **Section 3 additionally authorizes the Administrator to establish a program to provide services for the treatment of defendants to competency and the reintegration of such defendants into society at a location other than a forensic facility. Sections 3 and 5 of this bill** authorize a court to commit an incompetent defendant to such a facility **or program** under the same circumstances where the court is authorized to commit an incompetent defendant to a division facility. **Section 9** of this bill requires a defendant who has attained competence after being committed to a facility for the treatment of defendants **to competency** established in a county jail or detention facility **or through a program to provide services for the treatment of defendants to competency and the reintegration of such defendants into society at a location other than a forensic facility** to be discharged from the treatment facility within the jail or detention facility ~~[.]~~ **or to have his or her services through the program terminated, as applicable.** **Section 13** of this bill applies the provisions of ~~[sections 2 and]~~ **section 3** to persons who have been court-martialed for violations of the Nevada Code of Military Justice. (NRS 412.196-412.584) **Section 4** of this bill applies certain definitions to ~~[sections 2 and]~~ **section 3**. **Section 7 of this bill revises certain terminology to more accurately reflect the required contents of certain**

periodic reports of the Administrator or the Administrator's designee concerning an incompetent defendant.

Existing law authorizes a juvenile court that determines that a child in a case before the court is incompetent to require a treatment facility of the Division of Child and Family Services of the Department to accept and provide services to the child. (NRS 62D.180, 62D.185) If the administrative officer of the facility or the administrative officer's designee has determined that the treatment available at the facility is not appropriate or necessary for the child, existing law requires the administrative officer or the administrative officer's designee to assist the court with identifying a facility that has the appropriate or necessary treatment. (NRS 433B.320) If a court orders a treatment facility to accept and provide services to a child, **section 20** of this bill requires the administrative officer of the facility or the administrative officer's designee to: (1) accept placement of the child in the facility; and (2) if the facility is not best situated to treat the child, to ensure that the child receives treatment at the facility, within the capabilities of the facility, while a more suitable facility is found.

Amendment No. 370.

~~[ASSEMBLYMEMBER]~~ **ASSEMBLYMEMBERS** HIBBETTS **; AND NGUYEN**

AN ACT relating to taxation; revising provisions governing the taxation of remote sales of cigars and pipe tobacco; revising provisions governing the licensing of remote retail sellers of cigars and pipe tobacco; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes a tax on the receipt, purchase or sale in this State of cigarettes and other tobacco products, including, without limitation, cigars and pipe tobacco. (NRS 370.0318, 370.165, 370.350, 370.440, 370.450) Under existing law, the tax on tobacco products, other than cigarettes, is required to be paid by the wholesale dealer who purchased the products from the manufacturer and who distributes the products to a retail dealer in this State. If any tobacco products, other than cigarettes, are authorized by law to be sold directly to a consumer in this State by a person located outside this State, the tax is imposed on the person making the sale and the tax is based on the established price for which the products are sold to the consumer. (NRS 370.440, 370.450)

This bill enacts provisions to provide for the taxation of the remote sale of cigars and pipe tobacco by persons who make sales of cigars and pipe tobacco through any means by which the cigars or pipe tobacco are delivered to the consumer through ~~[the mail or another delivery service.]~~ **remote sales. Sections 2 and 3 of this bill, respectively, define the sales that constitute a remote retail sale and the sellers who are remote retail sellers for the purposes of taxing such remote retail sales of cigars and pipe tobacco.** **Section ~~[8]~~ 3.3** of this bill requires the tax for a remote sale of cigars or pipe tobacco to be based on the actual cost of the cigars or pipe tobacco to the remote retail seller, as defined in **section ~~[6]~~ 1.3** of this bill. **Section ~~[9]~~ 3.4** of this bill provides for the filing of a monthly report of the sales of cigars and pipe tobacco by a remote retail seller in a manner similar to the monthly report for a wholesale dealer of such products, and **section ~~[10]~~ 3.5** of this bill imposes recordkeeping requirements on a remote retail seller of cigars and pipe tobacco that are similar to the recordkeeping requirements for a wholesale dealer of such products. ~~[Section 11 of this bill excludes remote retail sellers of cigars and pipe tobacco from obtaining the credit provided under existing law for the cost of collecting taxes on tobacco products.]~~ **Sections ~~[2, 3 and 12-19]~~ 3.6-3.9** of this bill provide for the licensing of remote retail sellers of cigars and pipe tobacco in the same manner as wholesale dealers of such products, including, without limitation, imposing the same fees for a license, which are set forth in **section ~~[18,]~~ 3.8** and imposing the same bonding requirements, which are set forth in **section ~~[19]~~ 3.9. Section 7** of this bill clarifies requirements for wholesale dealers of tobacco products, other than cigarettes, to maintain an inventory of such products by providing that such inventory must be maintained at each location in this State at which the wholesaler maintains a place of business. **Section 20** of this bill makes a

conforming change to align with existing requirements for the use of an independent, third-party age verification service by remote retail sellers of certain tobacco products.

Assembly Bill No. 479.

Bill read second time.

The following amendment was proposed by the Committee on Revenue:

Amendment No. 151.

AN ACT relating to taxation of property; revising provisions relating to the taxation of the agricultural use of real property to include agrivoltaic purposes; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of Article 10 of the Nevada Constitution authorizes the Legislature to constitute agricultural and open-space real property as a separate class for taxation purposes and provide a separate plan for the appraisal and valuation of such property for assessment purposes. Existing law constitutes such property as a separate class and provides for the partial deferred taxation of such property. (NRS 361A.090, 361A.280, 361A.283) Under existing law, an owner of real property may file an application for agricultural use assessment with the county assessor or the Department of Taxation, in certain circumstances, who, upon receipt of the application, is required to make an independent determination of the use of the owner's property. (NRS 361A.100, 361A.110, 361A.120) Further, under existing law, if the property is found to be agricultural real property, the county assessor is required to determine the value for agricultural use and assess it for taxes to be collected in the ensuing

fiscal year at 35 percent of that value, utilizing certain classifications of agricultural real property defined by the Nevada Tax Commission determined on certain bases each year. (NRS 361A.130, 361A.140) ~~[This]~~ **Section 3 of this** bill establishes that agrivoltaic purposes is an agricultural use for the purposes of determining the taxation of agricultural real property**.** ~~[and]~~ **Section 2 of this bill** defines the term "agrivoltaic purposes" to mean a system under which solar energy production and agricultural ~~[production, including crop or animal production,]~~ **use** occurs in an integrated manner on the same piece of land ~~[.]~~ **and which incorporates designs, technologies or configurations conducive to integrating agricultural activities. Section 4 provides that land used for agrivoltaic purposes may be the current employment of real property in agricultural use only if, before July 1, 2025, the land was found to be agricultural real property and qualified for agricultural use assessment.**

Section 5 of this bill prohibits an owner of real property from applying to the county assessor for agricultural use assessment if the current employment of the real property in agricultural use includes land used for agrivoltaic purposes and the solar energy production use occurring on the land is receiving an abatement of taxes for certain purposes.

Section 6 of this bill provides that if the agricultural real property includes land used for agrivoltaic purposes, the value of the land for agricultural use in a fiscal year for taxation purposes must be determined by considering the integrated use of the land for agricultural purposes and solar energy production.

Section 3 of this bill applies the definitions in existing law and section 2 relating to taxes on agricultural real property and open space to the provisions of this bill.

Amendment No. 437.

SUMMARY—Revises provisions relating to ~~[public utilities and similar entities.]~~ **the access of public rights-of-way by broadband providers.** (BDR 58-664)

AN ACT relating to utilities; requiring ~~[the Public Utilities Commission of Nevada to annually review whether certain persons that hold a certificate of public convenience and necessity continue to operate as a public utility; exempting certain persons that provide telecommunication service from regulation by the Commission; authorizing]~~ **broadband providers to enter into agreements with** local governments to ~~[grant franchises and impose certain fees for the use and occupation of]~~ **access** the public right-of-way ~~[or highway by broadband service providers and broadband infrastructure providers;]~~ **managed by the local government; requiring such agreements to be performed in a nondiscriminatory matter; establishing certain compensation requirements under agreements between broadband providers and local governments;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law requires the Public Utilities Commission of Nevada to regulate public utilities that provide telecommunication service to the public. (Chapter 704 of NRS) Existing law requires any person who owns, controls, operates, maintains or has any contemplation of owning, controlling or operating a public utility to obtain a certificate of public convenience and necessity from the Commission before beginning operation or construction of any line, plant or system or any extension thereof. (NRS 704.330) Section 2 of this bill provides that a person is not a public utility that is required to be regulated by the Commission if the person: (1) is engaged in the business of furnishing a telecommunication service for compensation; (2) serves 25 persons or less; and (3) earned $50,000 or less from the gross sales of intrastate telecommunications services during the immediately preceding 12 months. Sections 6 and 19 of this bill make conforming changes to reflect the renumbering of certain subsections by section 2.~~

~~Section 1 of this bill requires the Commission to annually review each person who holds a certificate of public convenience and necessity to provide telecommunication service to determine whether the person continues to operate as a public utility in this State. Section 1 requires the Commission to revoke a certificate of public convenience and necessity granted to such a person if, after a reasonable investigation and hearing, the Commission determines that the person: (1) no longer owns, controls, maintains or operates as a public utility; (2) the person does not plan to start, continue or resume operating as a public utility in this State by a definite date; and (3) the person~~

~~has no definite plan to own, control or operate a public utility that is otherwise required to obtain a certificate of public convenience and necessity. Sections 4 and 5 of this bill require the Commission to conduct hearings and issue orders under section 1 in the same manner as the Commission conducts hearings and issues orders for other matters relating to certificates of public convenience and necessity.]~~

Existing law authorizes a board of county commissioners to grant certain public utilities the franchise, right and privilege to construct, install, operate and maintain lines, mains and other utility equipment in any unincorporated town in the county and along the public roads and highways of the county. (NRS 709.050) Existing law also authorizes a local government to: (1) manage the use of any public right-of-way or highway by video service providers; and (2) require a video service provider to pay a franchise fee for the privilege of providing video service through a network that occupies or uses any public right-of-way or highway within the jurisdiction of the local government. (NRS 711.640, 711.670) **Section ~~[14]~~ 17.5** of this bill ~~[authorizes a local government to adopt an ordinance to grant a broadband service provider or broadband infrastructure provider the franchise, right and privilege to construct, install, operate and maintain broadband equipment and broadband service lines in the public right-of-way and along the highways in the jurisdiction of the local government. Section 14 requires a broadband service provider or broadband infrastructure provider to obtain a franchise from a local government that has adopted such an ordinance before constructing or installing any broadband equipment or broadband service lines within the jurisdiction of the local government. If a local government has not adopted an ordinance, section 14 requires a broadband service provider or broadband infrastructure provider to enter into an agreement with the local government concerning the use and occupation of the public right-of-way or highway. Section 15 of this bill: (1) prescribes the requirements of such an ordinance, agreement or franchise; and (2) authorizes a local government to impose a fee against a broadband service provider or broadband infrastructure provider for the privilege of using and occupying the public right-of-way or highway of the local government. Section 16 of this bill requires that such a fee: (1) be assessed equally and uniformly; and (2) reflect a reasonable charge for the use and occupation of the public right-of-way or highway, which may not exceed 5 percent of the gross revenue of the broadband service provider or broadband infrastructure provider earned by providing services within the jurisdiction of the local government. Section 17 of this bill authorizes a local government to take certain regulatory actions with respect to its management of the use and occupation of its public right-of-way or highway by broadband service providers and broadband infrastructure providers. Section 18 of this bill excludes a fee imposed by a local government pursuant to section 16 from certain prohibitions on the ability of a local government to adopt or increase certain other fees for business licenses.~~

~~Sections 10 and 12 of this bill exclude persons who are regulated by the Commission as public utilities and persons who are authorized to construct and operate a video service network from the definition of broadband infrastructure provider and broadband service provider, respectively. Sections 9, 11 and 13 of this bill define certain other terms, and section 8 of this bill establishes the applicability of those definitions to the provisions of sections 8-17. Section 3 of this bill establishes the applicability of the existing definition of "electric utility" for purposes of section 1.~~**] provides that a broadband provider may not access the public right-of-way of a local government responsible for the management of the public right-of-way on or after July 1, 2026, unless the broadband provider has entered into an agreement with the local government with respect to access to the right-of-way. Section 17.5 requires a local government to execute and perform agreements with broadband providers in a nondiscriminatory manner. Section 17.5 requires an agreement between a broadband provider and local government to provide for compensation to be paid to the local government, which must not exceed 2 percent of the annual gross revenue derived by the broadband provider from providing broadband service, broadband infrastructure access or both broadband service and broadband infrastructure access within the jurisdiction of the local government that manages the right-of-way. Section 19.5 of this bill prohibits a local government from suspending or revoking a broadband provider's access to the public right-of-way managed by the local government on the basis that the broadband provider has not entered into an agreement with the local government pursuant to section 17.5, unless such suspension or revocation occurs after July 1, 2026.**

Section 17.5 excludes from the definition of "broadband provider" certain persons who are: (1) authorized to act as a video service provider or to construct and operate a video service network; (2) providers of basic network service; and (3) providers of commercial mobile radio service. Section 18 of this bill excludes any fee imposed by a local government pursuant to an agreement with a broadband provider in accordance with section 17.5 from certain prohibitions on the ability of the local government to adopt or increase certain other fees for business licenses.

A broadband provider engaged in the business of providing, for compensation, broadband service or broadband infrastructure access may not access the public right-of-way managed by a local government unless the broadband provider has entered into an agreement with the local government responsible for managing the right-of-way pursuant to this section.

2. A local government shall execute and perform agreements with broadband providers pursuant to subsection 1 in a nondiscriminatory manner.

3. An agreement entered into pursuant to subsection 1 must provide for compensation to be paid by the broadband provider to the local government that manages the public right-of-way to which the broadband provider is seeking access. Such compensation:

(a) Must not exceed 2 percent of the annual gross revenue derived from providing broadband service, broadband infrastructure access or both broadband service and broadband infrastructure access within the jurisdiction of the local government that manages the right-of-way; and

(b) May take the form of a franchise fee, license fee or such other compensation as the local government may require.

4. The requirements of subsection 1 apply to any broadband provider attempting to access the public right-of-way maintained by a local government, regardless of whether the broadband provider has been issued a certificate of public convenience and necessity by the Public Utilities Commission of Nevada pursuant to chapter 704 of NRS.

5. The provisions of this section shall not be construed as prohibiting any person or entity from providing an interstate or intrastate telecommunications service for the purposes of 47 U.S.C. § 253.

6. As used in this section:

(a) "Broadband infrastructure access" means the provision of open access network or other wholesale signal transmission service for the provision of broadband service.

(b) "Broadband provider" means any person that:

(1) Provides or offers to provide broadband service, broadband infrastructure access or both broadband service and broadband infrastructure access;

(2) Does not hold a certificate of authority to act as a video service provider or to construct or operate a video service network pursuant to chapter 711 of NRS;

(3) Is not a provider of basic network service, as that term is defined in NRS 704.006; and

(4) Is not licensed by the Public Utilities Commission of Nevada as a provider of commercial mobile radio service pursuant to NRS 704.033.

(c) "Broadband service" means a service that, by wire, radio or any other technology, provides a person with the capability to transmit data to and receive data from all or substantially all Internet endpoints at a rate that is generally not less than 20 megabits per second in at least one direction.

(d) "Local government" means any city or county and includes, without limitation:

(1) Any entity or agency that is directly or indirectly controlled by any city or county; and

(2) Any entity or agency that is created by joint action or any interlocal or cooperative agreement of two or more cities or counties, or any combination thereof.

Sec. 18. NRS 354.5989 is hereby amended to read as follows:

354.5989 1. A local government shall not increase any fee for a business license or adopt a fee for a business license issued for revenue or regulation, or both, except as permitted by this section. This prohibition does not apply to fees:

(a) Imposed by hospitals, county airports, airport authorities, convention authorities, the Las Vegas Valley Water District or the Clark County Sanitation District;

(b) Imposed on public utilities for the privilege of doing business pursuant to a franchise;

(c) ***Imposed on broadband ~~[service]~~ providers ~~[and broadband infrastructure providers]~~ in accordance with an agreement entered into pursuant to section ~~[16]~~ 17.5 of this act;***

(d) Imposed in compliance with the provisions of NRS 711.670 on video service providers for the privilege of doing business pursuant to chapter 711 of NRS;

~~[(d)]~~ ***(e)*** For business licenses which are calculated as a fraction or percentage of the gross revenue of the business;

~~[(e)]~~ ***(f)*** Imposed pursuant to NRS 244.348, 268.0973, 268.821 or 269.182; or

~~[(f)]~~ ***(g)*** Regulated pursuant to NRS 354.59881 to 354.59889, inclusive.

2. The amount of revenue the local government derives or is allowed to derive, whichever is greater, from all fees for business licenses except:

(a) The fees excluded by subsection 1, for the fiscal year ended on June 30, 1991; and

(b) The fees collected for a particular type of business during the immediately preceding fiscal year ending on June 30 that a local government will not collect in the next subsequent fiscal year,

➥ is the base from which the maximum allowable revenue from such fees must be calculated for the next subsequent fiscal year. To the base must be added the sum of the amounts respectively equal to the product of the base multiplied by the percentage increase in the population of the local government added to the percentage increase in the Consumer Price Index for the year ending on December 31 next preceding the year for which the limit is being calculated. The amount so determined becomes the base for computing the allowed increase for each subsequent year.

3. A local government may not increase any fee for a business license which is calculated as a fraction or percentage of the gross revenue of the business if its total revenues from such fees have increased during the preceding fiscal year by more than the increase in the Consumer Price Index during that preceding calendar year. The provisions of this subsection do not apply to a fee:

(a) Imposed in compliance with the provisions of NRS 711.670 on video service providers for the privilege of doing business pursuant to chapter 711 of NRS;

(b) Imposed pursuant to NRS 244.348, 268.0973, 268.821 or 269.182; or

(c) Regulated pursuant to NRS 354.59881 to 354.59889, inclusive.

4. A local government may submit an application to increase its revenue from fees for business licenses beyond the amount allowable pursuant to this section to the Nevada Tax Commission, which may grant the application only if it finds that the rate of a business license of the local government is substantially below that of other local governments in the State.

5. The provisions of this section apply to a business license regardless of the fund to which the revenue from it is assigned. An ordinance or resolution enacted by a local government in violation of the provisions of this section is void.

6. As used in this section, "fee for a business license" does not include a tax imposed on the revenues from the rental of transient lodging.

~~459A.010 As used in this chapter, "public utility" means any person who furnishes electricity to other persons. Sec. 19.5. **1. Upon passage and approval of this act, a local government may negotiate and enter into agreements with broadband providers pursuant to section 17.5 of this act.**

2. A local government shall not, before July 1, 2026, suspend, revoke or deny the access of a broadband provider to the public right-of-way managed by the local government on the basis that the broadband provider has not executed an agreement with the local government pursuant to section 17.5 of this act.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 192.

AN ACT relating to insurance; **establishing the policies of insurance to which certain requirements relating to coverage for legal defense costs are applicable;** including certain insurance that provides for certain payments for certain legal services and certain expenses in the definition of "casualty insurance"; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits an insurer from issuing or renewing a policy of liability insurance that contains a provision that: (1) reduces the limit of liability stated in the policy by the costs of defense, legal costs and fees and other expenses for claims; or (2) otherwise limits the availability of coverage for the costs of defense, legal costs and fees and other expenses for claims. (NRS 679A.210) Existing regulations provide that these prohibitions apply to a policy of casualty insurance that: (1) provides insurance against legal liability arising from the ownership or operation of a motor vehicle; (2) provides insurance against legal liability arising from the ownership of housing occupied by the owner of the housing; (3) is a policy of commercial general liability insurance; (4) is a policy of commercial automobile insurance; or (5) provides insurance covering the professional liability of certain providers of health care. Existing regulations also exempt from the applicability of the prohibitions: (1) a risk retention group; (2) captive insurance that does not cover third-party liability; and (3) a nonadmitted insurer. (Sections 2 and 3 of Adopted Reg. of Comm'r of Insurance, LCB File No. R029-23) Section 1 of this bill codifies those provisions of existing regulations into statute.

Existing law provides for the regulation of insurance and insurers in this State by the Commissioner of Insurance. (Title 57 of NRS) Existing law establishes various kinds of insurance and prohibits the Commissioner from authorizing an insurer to transact in this State any kind of insurance other than the kinds of insurance established under existing law. (NRS 680A.080, 681A.010-681A.080) Among the various kinds of insurance established under existing law is casualty insurance, which existing law defines to include vehicle insurance, liability insurance, workers' compensation and employer's liability insurance and various other particular types of casualty insurance. (NRS 681A.020) ~~[This]~~ **Section 2 of this** bill expands the definition of casualty insurance to include legal expenses insurance, which, under ~~[this bill,]~~ **section 2,** means insurance against any liability ~~[to pay or reimburse]~~ **of a person or entity for** the costs of any specific legal services or specific legal expenses ~~[, other than the cost of any fee paid to an attorney for the overhead and administrative costs of the attorney.]~~ **and which pays or reimburses the person for the costs of the services or expenses. Section 2 excludes certain**

arrangements for prepaid legal services from the definition of legal expenses insurance. As such, under ~~[this bill,]~~ **section 2,** legal expenses insurance is included among the various types of insurance that a casualty insurer may be authorized to transact and subject to any applicable provision of existing law governing casualty insurance.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

having jurisdiction over the location in which such school buses operate to review certain evidence detected by the school bus infraction detection system before a civil infraction citation is issued; establishing requirements relating to the issuance of a civil infraction citation based on evidence detected by a school bus infraction detection system; ~~[creating a rebuttable presumption that the driver of a vehicle at the time of a violation recorded by a school bus infraction detection system is the registered owner of the vehicle;]~~ **establishes certain requirements for a hearing relating to a civil infraction citation issued for a violation detected by a school bus infraction detection system;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a governmental entity or its agents from using photographic, video or digital equipment to gather evidence in order to issue a traffic citation or civil infraction citation unless the equipment is: (1) a portable camera or event recording device worn or held by a peace officer; (2) installed within a vehicle or facility of a law enforcement agency; or (3) privately owned by a nongovernmental entity. (NRS 484A.600) **Sections 2 and 3** of this bill create an exception to this prohibition, authorizing the board of trustees of a school district to allow for the installation and use of a school bus infraction detection system in school buses owned by the school district to enforce existing provisions of law prohibiting a driver of any vehicle from overtaking or passing a school bus which: (1) has stopped to receive or discharge any pupil; and (2) is displaying a flashing red light signal visible from the front and rear. (NRS 484B.353) **Section 2** requires a peace officer of a traffic enforcement agency with jurisdiction over the location in which any school bus equipped with such a system operates to review the evidence of such a violation recorded by the system before a civil infraction citation is issued. **Section 2** further ~~[creates a rebuttable presumption that the driver of the vehicle at the time of a violation detected by a school bus infraction detection system is the registered owner of the vehicle and provides a method for rebutting this presumption.]~~ **: (1) requires a school district that has not previously installed and used a school bus infraction detection system to conduct a public awareness campaign for not less than 30 days after the system is placed into use; (2) establishes certain requirements for a hearing for a citation issued pursuant to section 2; (3) applies an existing fine structure to a citation issued pursuant to section 2; (4) requires a school district to use any fines collected pursuant to section 2 for certain purposes; and (5) requires each school district that installs such a system to prepare and submit an annual report to the Legislature relating to the school bus infraction detection system.** **Sections 1 and 2** of this bill provide that a violation detected by a school bus infraction detection system is not a moving traffic violation.

Sections 1 and 4-6 of this bill make conforming changes to: (1) exclude traffic violations detected by a school bus infraction detection system from the assessment of demerit points; and (2) provide for the issuance of civil

infraction citations for violations detected by a school bus infraction detection system.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 483.473 is hereby amended to read as follows:

483.473 1. As used in this section, "traffic violation" means conviction of a moving traffic violation in any municipal court, justice court or district court in this State or a finding by any municipal court or justice court in this State that a person has committed a civil infraction pursuant to NRS 484A.703 to 484A.705, inclusive. The term includes a finding by a juvenile court that a child has violated a traffic law or ordinance other than one governing standing or parking. The term does not include ~~[a]~~ ***:***

(a) A conviction or a finding by a juvenile court of a violation of the speed limit posted by a public authority under the circumstances described in subsection 1 of NRS 484B.617 ~~[.]~~ ***; or***

(b) A citation issued for a violation detected by a school bus infraction detection system pursuant to section 2 of this act.

2. The Department shall establish a uniform system of demerit points for various traffic violations occurring within this State affecting the driving privilege of any person who holds a driver's license issued by the Department and persons deemed to have future driving privileges pursuant to NRS 483.447. The system must be based on the accumulation of demerits during a period of 12 months.

3. The system must be uniform in its operation, and the Department shall set up a schedule of demerits for each traffic violation, depending upon the gravity of the violation, on a scale of one demerit point for a minor violation of any traffic law to eight demerit points for an extremely serious violation of the law governing traffic violations. If a conviction of two or more traffic violations committed on a single occasion is obtained, points must be assessed for one offense or civil infraction, and if the point values differ, points must be assessed for the offense or civil infraction having the greater point value. Details of the violation must be submitted to the Department by the court where the conviction or finding is obtained. The Department may provide for a graduated system of demerits within each category of violations according to the extent to which the traffic law was violated.

Sec. 2. Chapter 484A of NRS is hereby amended by adding thereto a new section to read as follows:

1. A board of trustees of a school district may authorize the installation and use of a school bus infraction detection system in school buses owned by the school district to enforce the provisions of NRS 484B.353.

2. The board of trustees of a school district that authorizes the installation and use of a school bus infraction detection system ~~[shall]~~ :

(a) May enter into a contractual agreement with a third party vendor to install and administer such a school bus infraction detection system; and

(b) Shall enter into an agreement with a traffic enforcement agency with jurisdiction over the location in which any school bus equipped with a school bus infraction detection system operates to review the evidence of any alleged infraction of NRS 484B.353 recorded by the school bus infraction detection system.

3. If a school district has not previously installed and used a school bus infraction detection system the school district shall, for not less than 30 days after a school bus infraction detection system is placed into use by the school district:

(a) Conduct a public awareness campaign regarding the use of school bus infraction detection systems within the school district; and

(b) Notify the public of the specific date on which a violation detected by the school bus infraction detection system will become enforceable.

4. If, during the period the public awareness campaign described in subsection 3 is conducted, a peace officer of a traffic enforcement agency determines from evidence recorded by a school bus infraction detection system that a person has violated NRS 484B.353, the peace officer may issue only a warning.

5. If, after reviewing the evidence recorded by a school bus infraction detection system, a peace officer of a traffic enforcement agency determines that a violation of NRS 484B.353 occurred in a location over which the traffic enforcement agency has jurisdiction, the peace officer shall cause a civil infraction citation to be issued pursuant to NRS 484A.7033 for the violation to be sent by the traffic enforcement agency or its designee by first class mail to the address listed with the Department for the registered owner of the vehicle identified by the school bus infraction detection system. A manual or automated record prepared by the law enforcement agency or its designee evidencing that the citation was mailed is prima facie evidence of service and shall be admissible in any hearing as to the facts contained in the civil infraction citation.

~~[4.]~~ 6. In addition to the information required by subsection 1 of NRS 484A.7035, a civil infraction citation issued pursuant to NRS 484A.7033 for a violation described in subsection ~~[3]~~ 5 must include:

(a) The date and time of the violation;

(b) ~~[An image taken]~~ A photograph or other recorded image produced by the school bus infraction detection system , or the address of the Internet website on which such an image may be viewed, showing ~~[the]~~ :

(1) The vehicle involved in the violation ; ~~[or the address of the Internet website on which such an image may be viewed; and]~~

(2) If a stop arm was installed on the school bus, that the stop arm was extended at the time of the violation; and

(3) An electronic indicator evidencing that the flashing red light signals of the bus were activated at the time of the violation; and

(c) A statement summarizing the provisions of subsection ~~[5.~~ ~~5.]~~ 8.

7. To the extent practicable, a school bus infraction detection system shall not record images of the occupants of a motor vehicle at the time in which the images are recorded by the system. A civil infraction citation issued pursuant to this section may not be dismissed because a recorded video or digital image includes images of the occupants of the motor vehicle.

8. The registered owner of a vehicle is presumed to be the driver of the vehicle at the time of a violation of NRS 484B.353 which was recorded by a school bus infraction detection system. This presumption may be rebutted if the registered owner of the vehicle submits an affidavit to the traffic enforcement agency or its designee or presents an affidavit as evidence at a hearing held pursuant to subsection 3 of NRS 484A.704 stating ~~[:]~~ under penalty of perjury:

(a) The name and address of the person having care, custody and control of the vehicle at the time of the violation; or

(b) That the vehicle was, at the time of the violation, stolen.

9. An affidavit presented as evidence pursuant to paragraph (b) of subsection ~~[5]~~ 8 must contain evidence that supports the affidavit, including, without limitation, a police report or an insurance report.

~~[6.]~~ 10. Photographs or other recorded images produced by a school bus infraction detection system shall be deemed prima facie evidence of a violation of NRS 484B.353 and are admissible at any hearing for a citation issued for a violation detected by a school bus infraction detection system pursuant to this section without further authentication. In any hearing for a citation issued for a violation detected by a school bus infraction detection system, there is a rebuttable presumption that:

(a) At the time in which a violation of NRS 484B.353 was detected by a school bus infraction detection system, the school bus was marked and equipped with signs and signals as required by law; and

(b) Where recorded images from a school bus infraction detection system show the activation of a stop arm or flashing red light signals, the school bus was stopped to receive or discharge a pupil and was displaying a flashing red light signal visible from the front and rear of the school bus.

~~[7.]~~ 11. The provisions of this section do not prohibit a peace officer from issuing a traffic citation for a violation of any law of this State for which evidence is recorded by a school bus infraction detection system if the peace officer personally witnesses a violation. A person who is issued a traffic citation by a peace officer pursuant to this subsection must not be issued a civil infraction citation based on evidence recorded by the school bus infraction detection system for the same violation for which the peace officer issued the person the traffic citation.

~~[8.]~~ 12. Except as otherwise provided in this section, a hearing on a civil infraction citation issued pursuant to this section shall be conducted in accordance with NRS 484A.7041.

13. A violation of NRS 484B.353 for which a civil infraction citation is issued pursuant to NRS 484A.7033 for a violation described in subsection ~~[3,]~~ 5:

(a) Is not a moving traffic violation under NRS 483.473; and

(b) Is punishable by an administrative fine in an amount set by the local authority, but not less than ~~[$50.~~

~~9.]~~ the fine imposed pursuant to NRS 484B.353.

14. Notwithstanding any other provision of law, all administrative fines assessed and collected for a violation of NRS 484B.353 through the use of a school bus infraction detection system must be collected and remitted to the school district in which the violation occurred. The school district shall use the fines collected by this section to:

(a) Install, maintain or operate the school bus infraction detection systems on school buses;

(b) Compensate a third party vendor to install, operate or maintain the school bus infraction detection systems on school buses;

(c) Support any other infrastructure or program that increases the safety of transportation services for students; or

(d) Pay costs associated with the enforcement of violations detected by a school bus infraction detection system.

15. On or before January 31 of each year, each school district which uses a school bus infraction detection system shall prepare and submit a report to the Legislature for the immediately preceding year which includes, without limitation:

(a) The number of citations issued through the use of school bus infraction detection systems;

(b) The total amount of revenue collected as a result of such citations; and

(c) Any data related to the effectiveness of the use of school bus infraction detection systems in reducing the number of violations of NRS 434B.353.

16. As used in this section, "school bus infraction detection system" means ~~[a stationary]~~ an electronic or digital system which ~~[creates]~~ produces a photograph or other recorded image of a vehicle which is used as evidence of a violation of NRS 484B.353 by the driver of the vehicle.

Sec. 3. NRS 484A.600 is hereby amended to read as follows:

484A.600 ~~[A]~~ ***Except as otherwise provided in section 2 of this act, a*** governmental entity and any agent thereof shall not use photographic, video or digital equipment for gathering evidence to be used for the issuance of a traffic citation or civil infraction citation pursuant to NRS 484A.7035 for a violation of chapters 484A to 484E, inclusive, of NRS unless the equipment is a portable camera or event recording device worn or held by a peace officer, the equipment is otherwise installed temporarily or permanently within a vehicle or facility of a law enforcement agency or the equipment is privately owned by a nongovernmental entity.

Sec. 4. NRS 484A.640 is hereby amended to read as follows:

484A.640 1. Except for a citation issued pursuant to NRS 484A.700 ~~[,]~~ ***or section 2 of this act,*** whenever a police officer makes an arrest or issues a citation to a person for any violation of chapters 484A to 484E, inclusive, of NRS, the police officer shall record the name as given by that person, the number of the person's driver's license and a brief description of the person's physical appearance. This information must be maintained in a record for offenses kept at the traffic enforcement agency which employs that officer.

2. Whenever a police officer stops a driver of a motor vehicle for any violation of chapters 484A to 484E, inclusive, of NRS and requests information from a traffic enforcement agency concerning that person's record of prior offenses, the police officer shall compare not only the driver's name but also the number of his or her driver's license and physical description with any information obtained from the agency as a result of the request. If the information received from the agency indicates that the driver's name is on an outstanding warrant for a prior offense, the officer shall not arrest the driver for that prior offense unless the additional information used for comparison also connects the driver with that prior offense.

Sec. 4.5. **NRS 484A.703 is hereby amended to read as follows:**

484A.703 1. ~~[Every]~~ ***Except for a citation issued for a violation detected by a school bus infraction detection system pursuant to section 2 of this act, every*** traffic enforcement agency in this State shall provide in appropriate form civil infraction citations containing notice of the civil infraction which must meet the requirements of NRS 484A.703 to 484A.705, inclusive, and be:

(a) Issued in books; or

(b) Available through an electronic device used to prepare such citations.

The chief administrative officer shall require and retain a receipt for every book and electronic device that is issued.

484A.704 1. Any person who receives a civil infraction citation pursuant to NRS 484A.7035 or 484A.7049 ***or section 2 of this act*** shall respond to the citation as provided in this section not later than 90 calendar days after the date on which the citation is issued.

2. If a person receiving a civil infraction citation does not contest the determination that the person has committed the civil infraction set forth in the citation, the person must respond to the citation by indicating that the person does not contest the determination and submitting full payment of the monetary penalty, the administrative assessment and any fees to the court specified in the citation, or its traffic violations bureau, in person, by mail or through the Internet or other electronic means.

3. If a person receiving a civil infraction citation wishes to contest the determination that the person has committed the civil infraction set forth in the citation, the person must respond by requesting in person, by mail or through the Internet or other electronic means a hearing for that purpose. The court shall notify the person in writing of the time, place and date of the hearing, but the date of the hearing must not be earlier than 9 calendar days after the court provides notice of the hearing.

If the person agreed to receive communications relating to the civil infraction by text message, the court may send such a notice to the telephone number of the person as indicated on the civil infraction citation. If the person does not respond to the civil infraction citation in the manner specified by subsection 2 or 3 within 90 calendar days after the date on which the civil infraction citation is issued, the court must enter an order pursuant to NRS 484A.7043 finding that the person committed the civil infraction and assessing the monetary penalty and administrative assessments prescribed for the civil infraction. A person who has been issued a civil infraction citation and who fails to respond to the civil infraction citation as required by this section may not appeal an order entered pursuant to this section.

5. If any person issued a civil infraction citation fails to appear at a hearing requested pursuant to subsection 3, the court must enter an order pursuant to NRS 484A.7043 finding that the person committed the civil infraction and assessing the monetary penalty and administrative assessments prescribed for the civil infraction. A person who has been issued a civil infraction citation and who fails to appear at a hearing requested pursuant to subsection 3 may not appeal an order entered pursuant to this subsection.

6. In addition to any other penalty imposed, any person who is found by the court to have committed a civil infraction pursuant to subsection 5 shall pay the witness fees, per diem allowances, travel expenses and other reimbursement in accordance with NRS 50.225.

Bill read second time.

The following amendment was proposed by the Committee on Revenue:

Amendment No. 472.

AN ACT relating to taxation; revising provisions governing the administration of the exemption from sales and use taxes for organizations created for religious, charitable or educational purposes; **requiring the Department of Taxation to report to the Legislature certain information concerning applications for such an exemption;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes upon each retailer a sales tax measured by the gross receipts of the retailer from the retail sale of tangible personal property in this State, and requires the retailer to collect the sales tax from the purchaser in a transaction to which the sales tax applies. (NRS 372.105, 372.110, 374.110, 374.111, 374.115) Existing law also imposes a use tax on the storage, use or other consumption in this State of tangible personal property purchased outside

of this State from a retailer in a transaction that would have been subject to the sales tax in this State if it had occurred within this State. (NRS 372.185, 374.190, 374.191)

Existing law exempts from such taxes the gross receipts from the sale of any tangible personal property sold by or to a nonprofit organization created for religious, charitable or educational purposes. (NRS 372.326, 374.3306) Under existing law, among other requirements, an organization that claims this exemption is required to establish that the sole or primary purpose of the organization is to further certain specified purposes deemed to be religious, charitable or educational. (NRS 372.3261, 374.3306) ~~[This]~~ **Sections 1 and 2 of this** bill ~~[authorizes]~~ **establish criteria for the Department of Taxation and the Nevada Tax Commission to use to determine whether** an organization ~~[to satisfy]~~ **satisfies** that requirement **, including, without limitation,** by **the organization** establishing that it **: (1)** operates exclusively for a purpose exempt under section 501(c)(3) of the Internal Revenue Code and is recognized as exempt by the Internal Revenue Service under the provision of that section ~~[.]~~ **; or (2) furthers at least one of certain specified purposes. Sections 1.5 and 2.3 of this bill require the Department to: (1) provide to an organization that does not qualify for the exemption a full explanation outlining the reasons why the organization does not qualify and the procedure to appeal such a determination; and (2) submit to the Legislature every odd-numbered year a report concerning applications for the tax exemption.**

GENERAL FILE AND THIRD READING

Assembly Bill No. 486.

Bill read third time.

The following amendment was proposed by Assemblymember Anderson:

Amendment No. 540.

SUMMARY—Makes various changes related to ~~[wildlife.]~~ **transportation.** (BDR 35-678)

AN ACT relating to ~~[wildlife;]~~ **transportation; requiring the Department of Transportation to report certain information on the progress and need for certain transportation projects relating to wildlife;** revising provisions relating to the proposal for certain highway projects the Department of Transportation must submit to the Board of Directors of the Department; ~~[revising provisions relating to the Wildlife Crossings Account; increasing the fee collected from a purchaser of new tires and requiring a certain amount of the proceeds to be credited to the Account;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Transportation to **develop an inventory of connectivity needs on the state highway system where the implementation of wildlife crossings and other related highway features will support certain purposes relating to wildlife. (NRS 408.661) Existing law also requires the Department to adopt a plan for measuring the performance of the Department and prepare a report based upon certain performance measures on the level of achievement of each division of the Department and the Department as a whole which must include, among other requirements, the scheduling, scope, cost and progress of any current or proposed highway projects. (408.133) Section 1 of this bill requires that the information in the report prepared by the Department relating to current and proposed highway projects include the progress of any current or proposed project identified in the inventory of connectivity and the need for such a project.**

Existing law further requires the Department to prepare a written analysis of the costs and benefits of each proposal for a highway project that will cost $25 million or more. (NRS 408.3195) **Section** ~~[1]~~ **1.3** of this bill instead requires that the Department prepare such an analysis of each proposal for a highway project that will cost $50 million or more. **Section** ~~[1]~~ **1.3**

additionally requires the Department to include in the analysis for a highway project proposal a discussion of the value of any mitigation of wildlife-vehicle collisions from the design, construction and use of wildlife crossings.

~~[Existing law creates the Wildlife Crossings Account in the State General Fund, which is administered by the Director of the Department of Transportation. Existing law requires the money in the Account to be used by the Department for certain purposes relating to wildlife crossings. (NRS 408.656)~~

~~Existing law requires a person who sells a new tire for a vehicle to a customer for certain purposes to collect from the purchaser a fee of $1 per tire to be held in trust for the State. The seller then must: (1) transmit 95 percent of the money held in trust to the Department of Taxation for deposit with the State Treasurer for credit to the Solid Waste Management Account in the State General Fund; and (2) retain the remaining 5 percent to cover related administrative costs. (NRS 444A.090) Section 2 of this bill increases the fee collected by the seller to $2 per tire and, once the 95 percent of the money is transmitted to the Department of Taxation for deposit with the State Treasurer, requires the State Treasurer to credit half of the money to the Wildlife Crossings Account in the State General Fund and the other half of the money to the Solid Waste Management Account in the State General Fund.~~

~~Section 1.5 of this bill requires that any money credited to the Wildlife Crossings Account from the fee imposed pursuant to section 2 be deposited in the State Treasury for credit to the Account.]~~

ASSEMBLYMEMBER BROWN-MAY:

Assembly Bill 198 prohibits a person from engaging in the business of an operator business unless the person holds all applicable state and local business licenses and requires an operator to conduct certain inspections, as well as other measures.

I rise today in support of Assembly Bill 198. This measure memorializes the life of Lizzy Hammond and enacts life-saving measures. Each year, thousands of children sustain severe injuries or lose their lives due to incidents involving inflatable bounce houses. These tragic events are not isolated freak accidents, but rather a recurring issue that demands immediate attention and action to prevent further harm. Lizzy was a seventh-generation Nevadan who was born on November 2, 2009, and left this world on July 16, 2019. It was due to blunt force trauma suffered two days earlier, when an improperly installed, non-weighted bounce house—without manufacturer's tags—went into the wind. It attached itself to an electric line with four children inside.

The Lizzy Hammond Foundation has since dedicated itself to raising awareness, educating the public, and promoting safety standards for the operation of bounce houses to safeguard our children. This measure, Assembly Bill 198, is critical for the safety of children, and others, and ensures that bounce house operators follow nationally recognized guidelines to ensure proper functioning, regular maintenance, and supervision during bounce house use—to reduce the risk of injury and death for our children, our grandchildren, and all those kiddos in Nevada and their families. I urge your support of this important measure.

Assembly Bill 205 revises provisions governing the instruction of sexual education.

ASSEMBLYMEMBER HANSEN:

I rise in opposition to AB [Assembly Bill] 205. AB 205 is a dramatic power shift in the state of Nevada. It is a state mandate from an opt in, to now, an opt out. As a parent, you are the final arbiter. You are the person who wants to give the permission to your children to participate in certain activities. Certainly, this big power shift dynamic now says that we must ask the state for permission to opt our children out.

Now, the good news is for looking at data, 93 percent of children in the state of Nevada participate in the comprehensive sex education programs in the state. There is a 95 percent response rate. To highlight, Washoe County has 1 percent that do not respond. As compared to our high school graduates that 81 percent of graduation rates, English language arts proficiency is 45 percent and math is 19 percent. So, with the current status, the way things have worked, with the way that things have been in the opt in, things are working. So, I hope my colleagues will support the fundamental right of parents not to have to ask the state to opt their children out and oppose AB 205.

MESSAGE TO THE LEGISLATURE OF NEVADA
EIGHTY-THIRD SESSION, 2025

Well, thank you, Mr. Speaker, honored elected officials, legislative colleagues, and special guests. It is very nice to be here with you. I am always a little sentimental when I come in this building. I have spent 20 years here and it is nice to be back. So, thank you for allowing me to come and speak with you today. You know, never though, in those 20 years when I was here, did I face the challenges that you all are facing today—never. I am not going to sugarcoat it, I am going to tell you what it is like; and you are facing a tsunami that is coming, and I do not envy your task, but I know you are up to it. I know you will do what is in the best interest of Nevadans but let us just get ready because it is coming fast.

I want to talk to you a little bit about what is happening in Washington [D.C.]. I do not want to be too pessimistic, but I want to be realistic because in the time when I was here and in all the time that I have been in politics, I can tell you that there has never been a president like we have today; who has so cavalierly, and thoughtlessly, cut services the way Donald Trump has in just the short time that he has been there—services that people here in Nevada depend on very heavily. Never has there been a president who threatened to tank the U.S. economy with tariffs like we have seen recently, which are tantamount to taxes on our residents and consumers. Never has there been a president who has threatened to round up thousands of Nevadans and deport them without any kind of due process. Yet, that is where we are. As I said, you and the Legislature are on the front lines and are forced to deal with the consequences. As your Speaker put it—and he put it well—he has said, and I would like to quote him, "These cuts are being instituted to fund tax cuts for the wealthy. This is not a pandemic out of our control. This is not a worldwide economic event. These are intentional decisions being made at the federal level that are hurting Nevada. That is why I am not sleeping well at night." Well, neither am I, and I doubt if you are either.

So, let us just take a minute to look at the damage that has been done just to Nevada—not to the whole country, but just to Nevada—who depends, as you all know because you are living it every day, on federal funding for 27.7 percent of the state budget. Now, that is not my number, the nonpartisan Nevada research organization called the Guinn Center for Policy Priorities found that from 2023 to 2025, federal funding accounted for $14.8 billion of the $53.4 billion in state spending. That is a big chunk of what we have to offer and to deal with. Now, if you go back and look at what has happened in these last three months or so, you will know that the federal budget

that was put forth by the Republican Congress at the behest of Donald Trump, has made tremendous cuts in many, many areas. So, let us just start with the big one in the room, which is Medicaid. I know you all have been holding hearings on it and know how drastic this could be. This is probably the cruelest cut of all. More than a fifth of our population—812,000 people—rely on Medicaid for their health coverage here in Nevada. Three in eight children are covered by Medicaid in Nevada. Four of seven seniors in nursing homes rely on Medicaid in Nevada to pay for those monthly nursing home costs. Overall, the federal government covers 60 percent of the billion dollars cost to Nevada of Medicaid alone. Over $3 billion per year that the state might have to spend to continue that kind of cost. Now, last year your Treasurer Zach Conine, who saw more investment returns than all the other treasurers combined in the history of Nevada, was talking to me about the Rainy Day Fund. He tells me that even with the $1.24 billion that you have saved, which is a record, you still could only cover that Medicaid loss for about a year. That is the kind of thing that we are looking at. Now, in addition to that, Medicaid is not the only health care program that is under attack. Obamacare is also back in the picture. Now, it covers 24 million people and federal support totaled $125 billion last year in subsidies for 19 million people—that is nationally—but if the subsidies are not extended this year, the people who are in the program will see their premiums skyrocket—that is in Nevada. In fact, in District 1, premiums could increase by as much as 179 percent. That means that they do not have help paying for insurance; they are not going to have insurance. That puts them back in the emergency room and that puts the cost of premiums for people who do have it, skyrocketing. So, in short, we will be facing a health insurance crisis like we have never seen before.

Now, the loss of these funds is not the only crisis that we are facing; that is the health care crisis, but there are other cuts to the Department of Health and Human Services that DOGE [Department of Government Efficiency] has recommended. The state receives, from the federal government, $46 million of the $64 million it spends on [a] supplemental program for women and children that has always been popular and helpful in Nevada—the WIC [Women, Infants, and Children] program—that provides healthy food and breastfeeding support for little babies—gone. The federal government provides $111 million for a supplemental nutrition and assistance program and TANF [Temporary Assistance for Needy Families], which supplies support for Nevadans to be able to afford groceries and childcare—could be gone. Now, these are numbers; you all know them, you sit on the money committees, but they are not just statistics; they are hungry children in Nevada, not some national statistic that does not affect us.

Now, in addition to the medical and health services, you can also figure that our children are going to suffer from the dismantlement of the Department of Education. Nearly $150 million in Federal Title I funds flow through the Department of Education to the state to support schools with high percentages of low-income students and help to bridge that achievement gap. In addition, $187 million for individuals with disabilities come to the state from the federal level. That is something that will be gone and you will have to make up for. In addition to the Department of Education, let us look at some of the other kind of miscellaneous cuts that are in these budgets. Federal cuts for grants for foster care, heating and cooling assistance for low-income Nevadans, funding for substance abuse prevention and treatment, they are even waging a war on arts and culture, and eliminating the National Endowment for the Humanities. So, if you want to save the story of Nevada, if you want to continue the Elko Cowboy Poetry Festival [National Cowboy Poetry Gathering-Elko], do not count on the National Endowment for giving state grants because that is over. So, you are going to have to look at picking that up. Now in addition to that, they have frozen some specific grant to UNLV [University of Nevada, Las Vegas] to study PTSD [Post-Traumatic Stress Disorder] on veterans, grant to NDOT [Nevada Department of Transportation] to construct EV [electric vehicle] charging stations, Nevada Clean Energy Fund to facilitate solar panel installation, and you know, we were out front on solar energy in this state. In addition, they have cut mental health services for youth in rural Nevada. Those programs have been cut. They have fired a lot of federal employees throughout the country, including park employees here in Nevada, National Park employees, and General Services Administration employees here in Nevada, and closed IRS [Internal Revenue Service] offices here in Nevada. They have even cut hearing aids for children and cancer research. So, if you think I am talking about political things, I do not think anybody in this room thinks hearing aids for children or cancer research is partisan.

Now, that is on the cutting side; let us talk about the revenue side. The picture is not too much better there. I have concerns because, as you all have to deal with every day, Nevada requires a balanced budget. So, you are going to have to deal with what is coming, May 1. When you get the economic forecast, May 1, you will be hearing how much funds will be there, what is going to be cut, and how much you can spend. Well, I am not too optimistic here either. The tariffs that have been imposed by the President, here today, gone tomorrow, 40 percent, 10 percent, 20 percent, 140 percent on China. Who knows? But it is a trade war and it is tariffs. In Nevada, we rely heavily on sales and gaming tax. So, what do tariffs do? They increase the cost of consumer goods; whether it is groceries, or clothing, or telephones, or housing, utilities, all of that will go up. Now, if you do not have disposable income, you are not going to go on vacation; you are not going to go on holiday. If you do go, you will not stay very long, and you will not spend nearly as much. That is going to impact gaming and sales tax and the tourism industry here in Nevada. I can tell you that is especially acute for international travel. I sit on the Foreign Affairs Committee and I hear every day, from people from around the world, about the hateful rhetoric that is coming out of Washington [D.C.], directed towards our longtime allies, whether it is Canada or Mexico, or the European Union. These are our friends, and we have insulted them. Now, they do not like us, they do not trust us, and they do not want to come here for a vacation. Again, these are not my ideas; these are in the numbers. We are seeing airplane flights going down, gaming revenues going down, room occupancy going down, and airport travel going down. In fact, nationally, the National Travel and Tourism Office looked at visits to the United States, just in March, fell almost 10 percent. We are feeling it here in Nevada. So, that does not bode well for the other side of the equation.

Now, speaking of tariffs, it is not just the price of consumer goods; it is the price of housing. You all talk every day about the need for more affordable housing. Well, if you are going to put tariffs on construction materials like steel, lumber, and aluminum, and you are going to try to build affordable housing, those prices are going to go up. So again, that is going to hurt Nevadans and make it harder, not easier, at a time when we need more housing for people to get into a house. So, what is it that we can do? What is it that you all are doing? What are we doing? People want us to do more. Sometimes, you can only do so much with the structural limitations that you have. We know that the tariffs are coming; they are going to restrict the revenue. We know that the cuts are coming; they are going to restrict the assistance. We know that the demands will be even higher. So, what can we do? I have cosponsored legislation to eliminate these tariffs without congressional approval; provide employment protections for our career federal employees who are on the front lines providing service, often putting themselves in harm's way to help the people of this state and this country, protect them whether it is collective bargaining or just keeping their job; protecting taxpayers from having their personal information accessed by the DOGE gang, that goes around invading federal buildings and looking at your personal records; legislation to prevent the cuts to the VA [Veteran Affairs], reining in the DOGE activities to ensure congressional oversight because right now seems whatever we do just kind of gets ignored. In addition to legislation, there are a lot of letters going around, calling on the administration to do certain things: put back in place critical education programs, ensure adequate labor standards, condemn the dismissal of those public employees I was talking about, requesting information on the Elon Musk activities and databases, and clearance or security clearances—all of that we send, but it pretty much goes ignored. There are amicus briefs in the courts. A lot of court cases, you win one, one day; you lose one the next. You have one handed down by the Supreme Court, which gets ignored, but you keep trying, but that takes money and that takes time and it continues to go on. I have had five town halls in my district. I am sure some of you have gone back and had town halls to talk to constituents and hear what they are saying. They are going on all around the country. As people face the notion of losing Medicaid, or losing Social Security, or losing their job; people just said, "Well, you know, I voted for more efficiency. I thought we could do better, but I did not know that meant my job. I thought that meant your job." There is a little buyer's remorse, and you see that in the turnout. I do not know if that is making any difference, but at least it is making some noise. In addition, there have been rallies in Washington [D.C.] with some of the different agencies in front of the Capitol and in front of the White House. Again, just making noise. That is what we are trying to do. Again, you all will face the hardest burden right here. I think everybody kind of agrees, it is likely you will be back in special session when you figure out just how much it is you are going to have to

cut, or pay for, or eliminate, or whatever, because you have got to deal with this firestorm, somehow. You are faced with tough choices. I know it, I respect it, I appreciate it, and I believe you will make decisions in this body, like you always have, that are based on some of the common values that we hold as Nevadans. You know, those values say that no Nevada child should go hungry or receive less than a quality education. All our children are entitled to achieve their potential with a quality education, and we should shield our elderly from federal cuts that they earned. It is not some kind of entitlement. It is something that they worked for, paid into, and earned. So, we need to shield the elderly. Every family should have access to quality health care. Health care is a right, not a privilege. Every veteran should be cared for when they return home. We always take pride in the fact that we leave no soldier on the field, and when they get back, we should not leave any veteran behind.

Finally, we need to protect the environment for future generations. I think we all agree on that; it is kind of a contract for America. Well, I want you to know that I am your partner in this. I will continue to speak out against these cuts that harm our state on every front. They will be deciding in the next couple of months exactly where these cuts are going to be, but they have already agreed to a figure that will be $1.5 trillion. I am going to try to remind them, as they look for the places to cut this $1.5 trillion, that some of these cuts will impact every Nevadan, regardless of party ID or where they live—north, south, rural, urban—every Nevadan. So, we have our work cut out for us, and you all know it as well as I do. Now, as we are partners and we move forward, we are not going to agree on everything. I realize that, like daylight savings. I do not know why you all want to get rid of daylight savings when we are so tied to California, but okay, you are deciding on that. Also, you are supporting a lands bill. I think that is the silver bullet for affordable housing. That bill does not do anything about affordable housing, and it certainly does not require anybody to help pay for the infrastructure that is going to be needed for that growth, but you all are going through it. So anyway, we will have a few differences, but the basic values are the same. We will agree that all Nevadans will need to be taken care of and that should be our priority, and I pledge to work with you on all those things.

I appreciate you letting me come and see you. Like I said, I always like to be here. I hope some of you will come and see me in Washington [D.C.]. It is always good to have visitors from home, but let me caution you, do not be measuring for new drapes quite yet because I am not going anywhere. Thank you very much.

THE EIGHTY-FIRST DAY

CARSON CITY (Thursday), April 24, 2025

Assembly called to order at 11:18 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Mr. George Whalen.

May we now take a moment from our very busy day to be one with divinity—the One who resides in each one of us. Let us be still and celebrate this precious moment of peace and quiet with the One who truly loves and cares for you—your Creator—the One who calls you by name.

Creator God, You have called each of our Assembly members to be agents of change; to bring hope and new life for all Nevadans; to bring light where there was once darkness; to be a voice for the voiceless. Yes, You have called them to make a difference—no small task—but a most blessed and divinely inspired calling.

We ask this day for the strength and guidance that only You can give so that this 83rd Session will bring honor and glory to You through our dedicated Assembly members—true agents of change—who make future possibilities a reality today for so many. As always, we humbly ask this in Your Name.

AMEN.

Pledge of Allegiance to the Flag.

THE EIGHTY-SIXTH DAY

CARSON CITY (Tuesday), April 29, 2025

Assembly called to order at 11:35 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Chaplain Craig Swope.

Father, in the book of Ecclesiastes, Solomon suggests that no time is ever certain, and we may even fool ourselves when we believe there is certainty. But uncertainty is something anyone involved in public policy understands today. We also know that in those obvious times of uncertainty, those who have put their faith in action and use their gifts to help bring understanding perspective are the examples You would have for us. Help us to bring faith and help us to bring light in times when there are dark clouds. We ask this in Your Son's Name.

AMEN.

REMARKS FROM THE FLOOR

ASSEMBLYMEMBER GRAY:

Today, we commemorate a solemn milestone in our nation's history—the 50th anniversary of the end of the Vietnam War. This conflict, which concluded on April 30, 1975, left an indelible mark on our country and its people.

Fifty years ago, on the rooftops of Saigon, the final helicopters lifted off, carrying with them not only soldiers and civilians but the heavy burden of a long and painful war. For many, the images of that day symbolize an end to an era marked by sacrifice, division, courage, and loss. But for those who served, and for the families who waited for them, the Vietnam War is not just history—it is lived experience. It is a sacrifice paid in youth, in hope, and far too often in blood.

Nearly 3 million American troops served in Vietnam. For comparison's sake, only about 1.5 million American troops served in Iraq. Of the 3 million who served in Vietnam, more than

58,000 never came home. Their names are etched into the black granite of the Vietnam Veterans Memorial, a silent testament to their service, bravery, and dedication. Yet, beyond these names lie countless stories of courage, sacrifice, and unfulfilled dreams.

We must also remember the more than 1,500 service members who remain missing and unaccounted for. Their absence is a poignant reminder of the war's enduring impact on families and communities across our nation. The Defense Department continues its steadfast commitment to finding, recovering, identifying, and repatriating the remains of these heroes who are unaccounted for.

The Vietnam War era was marked by division and turmoil at home. Many veterans returned to a country struggling to reconcile the costs of a protracted and controversial conflict. Despite this, they carried on with resilience, contributing to our society in myriad ways.

Today, we affirm what should have been clear all along: those who served were not the cause of division but its victims. They fought for each other, for the ideals of freedom and democracy, and because their country asked them to. Whether in the sweltering jungles, the skies overhead, or the waters offshore, they displayed a kind of grit, honor, and loyalty that words cannot fully capture.

We say now—clearly and with full heart—welcome home. Thank you. We remember. We recognize today not only as an end to a conflict, but the enduring legacy of a generation that endured hardships most of us cannot imagine. We honor the courage it took to fight and the courage it took to come home and rebuild lives in the face of a country struggling to find its way.

Let us also remember our duty as leaders. It is our solemn responsibility to ensure that the lessons of Vietnam—the sacrifice, the mistakes, and the bonds of brotherhood—are never forgotten. It is our absolute duty to make sure that no generation of American warriors is ever again left to feel abandoned or unappreciated.

In their honor, let us commit ourselves to building a nation worthy of their sacrifice—a nation that, even in disagreement, remains grateful, strong, and united.

May God bless our Vietnam veterans. May God bless all who serve, and may God bless the United States of America.

Mr. Speaker, I would like to now ask for a minute of silence in honor of those who never returned home.

REMARKS FROM THE FLOOR

Assemblymember Nguyen requested that the following remarks be entered in the Journal.

ASSEMBLYMEMBER NGUYEN:

As chair of the Asian American Native Hawaiian Pacific Islander [AANHPI] Nevada Legislative Caucus, it is my honor to rise today in recognition of May as Asian American Native Hawaiian and Pacific Islander Heritage Month. I would also like to take a moment to recognize my fellow caucus members, Assembly Members from Districts 3, 5, 14,16, 28, and 34, and in the other chamber, the Senator from District 3. May is the time to celebrate the beauty, resilience, and rich cultures across the AANHPI communities—communities that helped build this country from the ground up.

May was chosen for this month of celebration for key moments in history; the arrival of the first Japanese immigrant to the United States on May 7, 1843, and to mark the completion of the Transcontinental Railroad on May 10, 1869—a feat made possible by thousands of Chinese laborers who risked their lives to lay the tracks, often under inhumane conditions. From migrant laborers to trailblazing scientists; from nurses and small business owners to artists, educators, and legislators; the AANHPI story is the American story, but celebration must also come with action.

Last month, we marked Language Access Month, a reminder that millions of AANHPI individuals, particularly our elders and recent immigrants, continue to face barriers to fully participate in our democracy. When public health information, legal documents, or emergency services are not accessible in the languages our communities speak, it is not just a service gap, but it is a civil rights issue. Our communities are not asking for special treatment. We are demanding to be seen, to be heard, and to be served equitably. That is exactly why we celebrate this month, but while we celebrate, we must also be honest. Our federal partners need to do more. Our communities deserve real investment in language access, protection against hate, leadership pipelines that reflect the diversity of this great nation, and so much more. State legislatures like ours are doing the work, but we cannot do it alone. This month, and every month, we recommit ourselves to the fight for equity and dignity for all AANHPI communities, not just in words, but also in real action. Please join us in celebrating, uplifting, and standing in solidarity with the AANHPI communities across our state and nation.

RESOLVED, That this resolution becomes effective upon adoption.

Assemblymember Monroe-Moreno moved the adoption of the resolution.

Remarks by Assemblymembers Monroe-Moreno, Hafen, and Speaker Yeager.

ASSEMBLYMEMBER MONROE-MORENO:

It is my distinct pleasure to rise in strong support of the resolution to induct former Assemblymember Odis "Tyrone" Thompson into the Assembly Wall of Distinction. The Assembly Wall of Distinction honors past members and staff of the Assembly who have made significant

contributions to the state, not only as a representative of the Assembly, but as a citizen of Nevada. I can think of no other person more deserving than the late Tyrone Thompson to receive this honor.

As stated during the reading of the resolution, he was appointed to the Nevada Assembly in 2013 and, subsequently, was elected to another three terms to represent Assembly District 17. Tyrone quickly distinguished himself as an advocate for those whose voices too often go unheard: our homeless youth, vulnerable families, and the underrepresented communities. He championed legislation to improve educational opportunities for all students. He supported homeless youth, improved health care access, prevented employment discrimination against those with criminal convictions, and ended the school-to-prison pipeline. His leadership as our Chief Deputy, Majority Whip, and Chair of the Assembly Committee on Education reflected both his expertise and deep commitment to Nevada's future.

Tyrone's impact on the community extended beyond the Assembly Chamber doors. His tireless work earned him many honors, including President Obama's Volunteer Service Award, the NAACP's [National Association for the Advancement of Colored People] Freedom Fund Banquet Award, the Outstanding Court Appointed Special Advocate Award, and the Distinguished Gentleman of Southern Nevada. He believed the power of education would transform lives; a belief that lives on, as you heard, in the buildings that have been named after him and in the community center called Ty's Place.

Above all, Tyrone was a devoted son, a brother, an uncle, and a friend. He never missed a Monday, as you heard, sending his mom flowers while he was here. His heartwarming smile that you see on the screen, his compassion, his work ethic—left an indelible mark on this Body and our state. Today, we celebrate not only a legislative career of distinction but a legacy of service, kindness, and hope. Assemblymember Thompson was an inspiration to so many and should continue to inspire all of us who serve in this chamber. I am honored to support the induction of Tyrone Thompson into the Assembly Wall of Distinction, and I urge my colleagues to support it, as well.

I met Tyrone Thompson long before either one of us ever thought about running for office, at a community event. I often joke that we were at an event and this guy showed up in a pink suit and I said, "Well that is a man who knows who he is, right?" He was a force to be reckoned with. He became my mentor and one of the reasons I ran for office, but he became so much more than that. He became one of my best friends, and if you ask my granddaughter, he is her cousin. He became family, and the Thompson family welcomed the Monroe-Moreno family into theirs. So, I gained a mom, a sister, an auntie, and a ton of cousins. But Tyrone was the mentor in the community. There is no one—I do not care what race you are, what religion you are, where you live—in southern Nevada and throughout our state, that does not know Tyrone. What is really surprising is that when I go to Arizona, there are so many people who know the impact of Tyrone Thompson and what he did while he was at Northern [Arizona] University, in that community. I hope and I pray that we all take a little bit of who Tyrone was in working on our legislation and dealing with each other. He understood the power of communication, talking across aisles, and building relationships because that is where we get to good policy. That is what he taught me, and I hope you all take that in your careers in this building and outside.

ASSEMBLYMEMBER HAFEN:

Today, I rise in the spirit of service, and remembrance, and honor of a legacy of our former colleague and friend, Assemblyman Tyrone Thompson. I had a speech written, and I apologize, Mr. Speaker, I think that the Chair of Ways and Means and the Chief Clerk have said most of it and I want to speak from the heart. As the Chair of Ways and Means said, Tyrone would embrace you across the aisle. I will never forget the time I went into the Democratic Caucus Room and was politely told by the former chair to please leave. Tyrone, in his nature, would give me a big old bear hug and escort me out—or carry me. I will never forget, as stated, he was an appointee and for those who do not know, I was actually appointed. So, Tyrone and I would discuss the difficulties of coming into this building; not knowing what to expect, not running for office, and he really helped guide me. He was a true friend and a mentor. We may not have agreed on all policies, but we always saw the good in everybody. I just wanted to take a moment in remembrance of him. I want to thank you Mr. Speaker, for this resolution today because it is well deserved for a great man.

SPEAKER YEAGER:

I was in this building in 2015, not as an elected official, but as a lobbyist and there was a vacancy that occurred. I read, with interest, in the paper that this gentleman, Tyrone Thompson, had been appointed to fill the vacancy. I did not know him at that time, but he was coming in after session had already started and I remember reading a couple of things; number one, he was going to serve on four committees after not being here at the beginning of session; and he came in after the bill request deadline, so he did not have any bills. As luck would have it, I was at the back of the building the first day that he walked into this building for his first day of service. I do not think he had been sworn in yet—he was going to be sworn in that day—and I saw him. I recognized him from the newspaper, and I quickly introduced myself, as any good lobbyist would do, and I said, "Welcome to the building." I remember he said, "I am just so honored to be able to serve." That was his remark coming in. I think, when you think about Tyrone, that typifies Tyrone. He was just honored to serve and to do the work.

Once I became elected, one thing I remember about him distinctly, and many of you will remember this, when you are a first-time candidate or when you first get elected, you get invited to a lot of events and some of them you go to, and you do not really feel like you belong there. You are in the room, and you are trying to figure out who everyone is, and you are trying to size up the room. Tyrone had a way of walking into a room like that and he would scan the back walls to see who was not feeling included, who was hesitant to be there. He would reach out, he would put his arm around you, give you a big bear hug, and he would say, "Come on, let me introduce you to some people." I feel like that was one of his supreme talents—walking into a room and figuring out who did not feel like they belonged, whose voice was not being heard in that room, and he just had a way with that big smile and that gregarious personality, to make you feel happy that you went to that event no matter what you might have been feeling as you parked your car and as you walked into the event. When Tyrone was there, you knew things were going to get done. That is what I remember most about him, above and beyond all, the great policies that he enacted.

So, my request, of all of us, is to be that person. When you walk into a room and you see one of your colleagues who maybe does not feel comfortable, to make that effort to introduce, to connect people. I am obviously supportive of this resolution but just wanted to put those remarks on the record.

Resolution adopted.

Our dear Father in heaven, we are grateful for today, for the beautiful sunshine and the Nevada blue skies. We are grateful for the rain and snow we have received, and we are grateful for the signs of spring that remind us of new beginnings. We are grateful to be assembled here today in this house, where representatives elected by the people of Nevada strive to enact laws to govern and benefit Nevada's citizens. We are grateful for these public servants, and we recognize the sacrifices they make—both professionally and personally—to serve in this capacity. We pray that Thou will bless them and their families, that all will be well with their families while they are about this important work.

We ask Thee to bless these public servants—bless them with strength, courage, and integrity. Bless them that their hearts may be softened, that their minds may be enlightened, and that they may work together to find solutions and compromises and to make decisions that protect and benefit all Nevadans. Bless them to remember the commandment to love one another. Bless them to seek after truth and right. Bless them to be good stewards of the resources of this state.

Our Father, we are grateful for all the blessings that Thou hast bestowed upon us. We pray that Thou will bless those here today with all other blessings they may stand in need of. Again, we are grateful for their dedication and service, and we are reminded of the scripture "When ye are in the service of your fellow man, ye are only in the service of your God." Roll called.

All present except Assemblymembers Mosca and Torres-Fossett, who were excused.

Prayer by Reverend Dawn Blundell.

Spirit of Life, God of many names, we are thankful for every person gathered here, each one a work of art. Help us to honor and celebrate each other, to hear and understand each other, to break down the walls that separate us. Free us from any impulse to speak without listening, to demand or dismiss rather than cooperate, to disrespect rather than appreciate. Open the borders of our hearts and minds, guide us in the way of peace and abundance, and unite us in the bonds of true community, which is a sacred, holy thing.

Give us wisdom, creativity, and perseverance as we make decisions and do our work together, today and in the days to come, to love and serve all Your people. All these many things and more we pray with thanksgiving. Shalom. Salaam. Namaste. Blessed be.

AMEN.

Pledge of Allegiance to the Flag.

SENATORS KRASNER AND STONE

JOINT SPONSOR: ASSEMBLYMEMBER MOSCA

WHEREAS, Certain veterans who serve in the Armed Forces of the United States for a period of at least 20 years or who qualify to retire medically are eligible to receive military retirement pay for their military service; and

WHEREAS, Military retirement pay, however, terminates upon the death of the veteran, so many veterans enroll in the Survivor Benefit Plan, which was enacted by Congress in 1972 and which provides a monetary benefit in the form of a lifetime annuity to the surviving spouse or other beneficiary of the veteran upon the veteran's death; and

WHEREAS, A portion of the cost of this annuity is paid from reductions to the veteran's retirement pay, and the maximum survivor benefit is 55 percent of the retirement pay of the veteran at the time of the veteran's death; and

WHEREAS, The spouses of veterans hold unique and important roles in upholding the strength of the United States as they provide crucial support to their veteran spouses during the veteran's military service and retirement; and

WHEREAS, Allowing an eligible spouse who opted to receive the surviving spouse benefit through the Survivor Benefit Plan to receive an amount equal to the retirement pay of the veteran after the veteran's death recognizes the many sacrifices that a military spouse also makes in service of this country, including delaying or relinquishing personal and professional aspirations; now, therefore, be it

REMARKS FROM THE FLOOR

ASSEMBLYMEMBER BROWN-MAY:

Today, I am really honored to be here to recognize a distinguished public servant. Thank you all for rising as we honor Administrator Phinney. This is quite a day. First, I want to recognize this proclamation that all 42 members of this body have signed on to, which is pretty unusual. There are so many signatures recognizing Administrator Phinney's good work in our state that they could not actually type our names, which is just an honor in and of itself. So today, we are here to recognize a public servant and a lifetime of care. In this building and in our community, we do hard things. I am honored to present this proclamation from all 42 of us to recognize the hard and heartfelt work of Administrator Phinney.

Following a lifetime of dedicated service—27 years—Cody Phinney is retiring from the Department of Health and Human Services. Here to help us celebrate and honor her services is Cody's mom, Dr. Neighbors, who has her own legacy in our community. Cody is a Nevada native and has been in state service since 1998. She grew up in Tonopah, has a master's degree in public health from San Diego State with a concentration in health services administration, and a Bachelor of Arts in International Relations from UC Davis. Cody started her career working as a quality assurance specialist with the Nevada Division of Mental Health and Developmental Services. She has been here so long that the Division does not exist anymore. She has been an agency manager and managed the Federal Community Mental Health Service's Block Grants. She has an extensive background working in health and human services programs, including program and division oversight at an executive level as a clinical program manager, a deputy administrator, and an administrator at various points in her career. Cody's accomplishments are many and she will be sincerely missed. Cody will retire from her post as the Administrator of the Division of Public and Behavioral Health Services in June.

To our colleague from Assembly District 30, Administrator Phinney will always be known as Cody Knight. They entered Reed High School together as freshmen, so many years ago. I hear it told that Cody's confidence, wisdom, ability to see the big picture, and sense of humor has been evident since the beginning of their friendship. Cody's work ethic, dedication to problem solving, and continued efforts to ensure care for the state's most vulnerable residents has benefited us all. It is this strong commitment to protecting the health of our communities that has benefited all of Nevada. Cody will be sincerely missed, both professionally and personally, by all those who had the pleasure and good fortune to know and work with her. I respectfully request that today's comments be added into the Daily Journal as we, together, congratulate Cody on a lifetime of service.

Amendment No. 566.

SUMMARY—Revises provisions relating to ~~[environmental protection.]~~ **public health and safety.** (BDR 40-264)

AN ACT relating to ~~[environmental protection;]~~ **public health;** authorizing certain district boards of health to be designated to act as a solid waste management authority or exercise certain powers of a solid waste management authority under certain circumstances; **revising provisions relating to public swimming pools;** removing the authority of certain district boards of health to administer the collection and disposal of solid waste; requiring the State Environmental Commission to adopt regulations establishing certain criteria for a district board of health to demonstrate capability for certain purposes; authorizing certain district boards of health to issue certain permits and administer and enforce certain provisions relating to public water systems under certain circumstances; removing the authority of certain district boards of health to administer certain provisions relating to public water systems; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth provisions governing the collection and disposal of solid waste. (NRS 444.440-444.645) For the purposes of such provisions, existing law defines a "solid waste management authority" to mean: (1) the district board of health in any area in which a health district has been created and, under certain circumstances, certain other areas under the jurisdiction of the board, if the board has adopted certain regulations; and (2) the Division of Environmental Protection of the State Department of Conservation and Natural Resources, in all other areas of the State and at any site previously used for the production of electricity from a coal-fired electric generating plant. (NRS 444.495) **Section 4** of this bill authorizes the Administrator of the Division to designate a district board of health to act as a solid waste management authority or to carry out limited duties of a solid waste

management authority if the district board of health: (1) applies to the Administrator for such a designation; (2) demonstrates that the district board of health is capable of carrying out the provisions of existing law relating to solid waste management, as determined by the Administrator; and (3) has adopted certain regulations relating to solid waste management.

Section 13.5 of this bill requires the State Environmental Commission to adopt regulations establishing the criteria for a district board of health to demonstrate capability to be designated by the Administrator.

Section 34 of this bill provides that any district board of health that is currently acting as a solid waste management authority shall be deemed to have been determined capable by the Administrator and may continue to act as a solid waste management authority.

Section 7 of this bill revises the definition of "solid waste management authority" to mean: (1) a district board of health if the board is designated under **section 4**; and (2) the Division, in all other areas of the State and at any site previously used for the production of electricity from a coal-fired electric generating plant. As a result of this change, a district board of health that is not designated by the Administrator is not authorized to act as a solid waste management authority.

Consistent with these changes, **sections 8, 13 and 16** of this bill provide that only a designated district board of health of a health district is required to adopt certain regulations relating to the collection and disposal of solid waste. **Sections 8.5, 9, 14, 18 and 19** of this bill make conforming changes to reflect the divestment of the authority of a district board of health of a health district that is not designated to act as a solid waste management authority.

Existing law authorizes any district board of health and any governing body of a municipality to adopt certain standards and regulations relating to solid waste disposal sites and solid waste management systems that are more restrictive than those adopted by the Commission and authorizes the district board of health to issue permits thereunder. Existing law also authorizes any district board of health to adopt such other regulations as are necessary to carry out provisions relating to the collection and disposal of solid waste. (NRS 444.580) **Section 15** of this bill provides that certain standards and regulations adopted by a district board of health or governing body must be consistent with an approved plan to provide for a solid waste management system. **Section 15** also provides that if a district board of health adopts regulations other than standards and regulations for the location, design, construction, operation and maintenance of a solid waste management system or solid waste disposal system that are more restrictive than those adopted by the Commission, the district board of health must provide reasonable notification of the proposed regulations to the Division.

Section 2 of this bill defines "health district" for the purposes of existing law governing the collection and disposal of solid waste. **Section 10** of this bill makes conforming changes to a reference to this term.

Section 3 of this bill defines the "Resource Conservation and Recovery Act" and, consistent with this definition, **sections 6, 11-13 and 16** of this bill revise references to that Act in existing law governing the collection and disposal of solid waste.

Section 5 of this bill applies the definitions in existing law and **sections 2 and 3** to the provisions of existing law and **section 4** that govern the collection and disposal of solid waste.

Sections 17 and 18 of this bill make provisions of existing law establishing the powers of a solid waste management authority to enforce existing law, recover civil penalties or damages, obtain injunctive relief or issue subpoenas apply to the provisions of **sections 2-4**.

Existing law sets forth certain provisions governing public water systems and authorizes the Division and a district board of health to administer and enforce these provisions. (NRS 445A.800-445A.955) Existing law also authorizes the State Environmental Commission to designate a district board of health to issue permits to an owner of a public water system to operate the system. (NRS 445A.860, 445A.885) **Section 20** of this bill authorizes the Administrator of the Division to designate the district board of health of the health district to issue permits or administer and enforce the provisions or limited provisions governing public water systems if the district board of health: (1) applies for such a designation; and (2) demonstrates to the Administrator that the district board is capable of performing such actions. **Section 23** of this bill requires the Commission to adopt regulations establishing the criteria for a district board of health to demonstrate capability to be designated by the Administrator.

Section 34 provides that any district board of health that is currently administering and enforcing the provisions governing public water systems shall be deemed to have been designated by the Administrator and may continue to administer and enforce those provisions.

Consistent with these changes, **sections 23 and 24-28** of this bill limit the authority of a district board of health to issue permits or administer and enforce the provisions governing public water systems to only a district board of health designated by the Administrator.

Section 22 of this bill revises the definition of the term "district board of health" to clarify that a health district is created pursuant to certain provisions of existing law. **Section 21** of this bill applies the definitions in existing law governing public water systems to **section 20**.

Sections 29-33 of this bill make certain provisions of existing law governing the enforcement powers of the Division, the imposition of civil penalties, administrative fines and criminal penalties and obtaining injunctive relief apply to **section 20**.

Section 23.5 of this bill makes a conforming change to revise an internal reference to a provision of the Nevada Revised Statutes.

Existing law defines the term "public swimming pool" for the purposes of provisions governing the sanitation of such structures and provides that

the term does not include any such structure at any location if the structure is a privately owned pool used by members of a private club or invited guests of the members. (NRS 444.065) Section 4.5 of this bill instead provides that the term does not include any such structure at any location if the structure is a privately owned pool used by members of a private organization that is recognized as a social club exempt from taxation pursuant to certain provisions of the Internal Revenue Code or invited guests of members of such an organization.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

3. (a) Does not present an imminent or substantial hazard to public health, safety or the environment, as determined by the Administrator, the written notice must set forth a date by which the district board of health must correct the deficiency, which must be not less than 60 days after the date the notice was mailed to the district board of health and may be extended by mutual agreement of the Administrator and the district board of health. If the district board of health fails to correct the deficiency, the Administrator may issue an order revoking the designation of the district board of health.

(b) Presents an imminent or substantial hazard to public health, safety or the environment, as determined by the Administrator, the Administrator may issue an order revoking the designation of the district board of health. A revocation issued pursuant to this paragraph is effective immediately. Notice of the order revoking the designation must be provided to the district board of health by certified mail and must set forth the date on which the designation is revoked. The district board of health may petition the State Environmental Commission for a hearing on the revocation. Such a petition must be received not more than 30 days after the date on which the designation was revoked. If the district board of health does not petition the Commission for a hearing, the decision to revoke the designation is not subject to additional review.

2. The solid waste management authority shall receive and give appropriate consideration to any information submitted by members of the public regarding the continuing compliance of an owner or operator with the permit issued by the authority.

3. In the administration of any permit issued by a solid waste management authority, the authority shall establish procedures that permit intervention pursuant to Rule 24 of the Nevada Rules of Civil Procedure. Amendment No. 561.

SENATOR PAZINA

JOINT SPONSORS: ASSEMBLYMEMBERS DALIA, EDGEWORTH, GONZÁLEZ, GRAY, JACKSON AND NGUYEN

AN ACT relating to anatomical gifts; authorizing a procurement organization to transport or arrange for the transportation of the body or part of a deceased donor under certain circumstances; authorizing a coroner to require a procurement organization to provide notice of such transportation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Revised Uniform Anatomical Gift Act establishes the rights of donors and other persons to affirmatively make anatomical gifts of human bodies and parts for the purpose of transplantation, therapy, research or education. (NRS 451.500-451.598) The Uniform Act also sets forth the rights and duties of

organizations that procure anatomical gifts. (NRS 451.579) This bill authorizes a procurement organization to transport, or arrange for the transportation of, the body or part of a deceased donor if medical equipment is necessary to ensure the medical suitability of the body or part. This bill also authorizes a coroner to require a procurement organization to notify the coroner if the procurement organization provides or arranges for such transportation within the jurisdiction of the coroner.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 451.579 is hereby amended to read as follows:

451.579 1. When a hospital refers a natural person at or near death to a procurement organization, the organization shall make a reasonable search of the records of any donor registry that it knows exists for the geographical area in which the natural person resides to ascertain whether the natural person has made an anatomical gift.

2. When a hospital refers a natural person at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the natural person expressed a contrary intent.

3. Unless prohibited by law other than NRS 451.500 to 451.598, inclusive, at any time after a donor's death, the person to which a part passes under NRS 451.571 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

4. Unless prohibited by law other than NRS 451.500 to 451.598, inclusive, an examination under subsection 2 or 3 may include an examination of all medical and dental records of the donor or prospective donor.

5. Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

6. Upon referral by a hospital under subsection 1, a procurement organization shall make a reasonable search for any person listed in NRS 451.566 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended or revoked, it shall promptly advise the other person of all relevant information.

7. Subject to subsection 10 of NRS 451.571 and 451.597, the rights of the person to which a part passes under NRS 451.571 are superior to the rights of all others with respect to the part. The person may accept or reject an

anatomical gift in whole or in part. Subject to the terms of the document of gift and NRS 451.500 to 451.598, inclusive, a person that accepts an anatomical gift of an entire body may allow embalming, burial or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under NRS 451.571, upon the death of the donor and before embalming, burial or cremation, shall cause the part to be removed without unnecessary mutilation.

8. Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.

9. A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

10. In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift, if an anatomical gift of a part has been made for the purpose of transplantation or therapy and the part is medically suitable for that purpose, the appropriate procurement organization shall discuss with a person authorized to make an anatomical gift under NRS 451.556 the person's willingness to make an anatomical gift of any other part for the purpose of research or education.

11. A procurement organization may transport within this State, or arrange for the transportation within this State of, the body or part of a deceased donor if medical equipment is necessary to ensure the medical suitability of the body or part.

12. A county coroner may require a procurement organization to notify the coroner, in such manner as the coroner may prescribe, if the procurement organization transports or arranges for the transportation of a body or part of a deceased donor pursuant to subsection 11 within the jurisdiction of the coroner.

Sec. 2. This act becomes effective on July 1, 2025.

Almighty G-d, as the members of the Nevada State Assembly gather today in service of the people of this great state, we turn to You for blessing and guidance. Grant them wisdom and integrity as they work to build a just and compassionate society for all.

We find ourselves now in a special period on the Jewish calendar, the days of Sefirat HaOmer, the counting between Passover and Shavuot. It is a time of introspection and personal growth, when we reflect on our character and strive to refine ourselves, day by day.

May the spirit of this season inspire us all, especially those entrusted with leadership, to grow in humility, responsibility, and moral clarity. To listen more deeply, to act more wisely, and to always seek the greater good.

Almighty G-d, bless the work of this Assembly. May it uplift every Nevadan and contribute to a great society rooted in Your seven universal laws, promoting respect, integrity, and shared purpose.

Senate Joint Resolution No. 10.

Resolution read second time.

The following amendment was proposed by the Committee on Legislative Operations and Elections:

Amendment No. 555.

WHEREAS, Mental health conditions, including post-traumatic stress disorder (PTSD), treatment-resistant depression, anxiety disorders and substance use disorders, affect millions of Americans, including veterans, first responders and other residents of Nevada; and

WHEREAS, Conventional treatments for these mental health conditions often prove inadequate for many patients, leaving such patients without effective therapeutic options; and

WHEREAS, Preliminary research has indicated that certain psychedelic compounds, including psilocybin, psilocin, N,N-dimethyltryptamine (DMT), ibogaine, mescaline and 3,4-methylenedioxymethamphetamine (MDMA), when administered in controlled clinical settings, show promising therapeutic potential for treating various mental health conditions; and

WHEREAS, The United States Food and Drug Administration has granted, in 2017, 2018 and 2019, respectively, MDMA-assisted therapy for PTSD, psilocybin therapy for treatment-resistant depression and psilocybin therapy for major depressive disorder Breakthrough Therapy designation, thereby acknowledging the potential of those treatments to offer substantial improvement over existing treatments and expediting their development and review; and

WHEREAS, Multiple Phase 2 and Phase 3 clinical trials have demonstrated the safety and efficacy of certain psychedelic-assisted therapy, with trials showing that MDMA-assisted therapy led to 67 percent of patients with severe PTSD no longer meeting diagnostic criteria after treatment, and psilocybin-assisted therapy demonstrated a 75 percent response rate and a 58 percent remission rate in patients with major depressive disorder at 12 months; and

WHEREAS, Researchers at Stanford University demonstrated that ibogaine treatment led to significant improvements in veterans with traumatic brain

injury and PTSD, with participants experiencing average reductions of 88 percent in symptoms of PTSD, of 87 percent in symptoms of depression and of 81 percent in symptoms of anxiety at their 1-month follow-up; and

WHEREAS, Multiple studies focused on veterans conducted at leading institutions have shown promising results for treating PTSD related to combat and traumatic brain injury with psychedelic compounds, including recent breakthrough findings published in *Nature Medicine* regarding magnesium-stabilized ibogaine for the treatment of traumatic brain injury; and

WHEREAS, Clinical research has demonstrated significant potential for psychedelic compounds to address chronic pain conditions, with studies showing that the pulse administration of psilocybin reduced the frequency of cluster headache attacks by approximately 50 percent from baseline, from an average of 18.4 attacks to 9.8 attacks per week, and MDMA-assisted therapy produced significant reductions in the pain intensity, disability and overall pain severity of patients with PTSD with high baseline pain levels; and

WHEREAS, The National Defense Authorization Act for Fiscal Year 2024, Public Law 118-31, directed the Department of Defense to establish a process for service members to participate in clinical trials studying psychedelic compounds, including psilocybin and MDMA, for treating PTSD and traumatic brain injury, allocated $10,000,000 in funding and authorized partnerships with other agencies and academic institutions, thereby demonstrating growing federal recognition of the potential of these treatments; and

WHEREAS, The Department of Veterans Affairs has partnered with researchers at Brown University and Yale University to conduct a 5-year study, at the cost of $1,500,000, at the Providence VA Medical Center and West Haven VA Medical Center evaluating MDMA-assisted therapy for veterans with co-occurring PTSD and alcohol use disorder, representing the first research initiative involving psychedelic-assisted therapy funded by the Department since the 1960s, and which was part of a broader effort announced in January 2025 to investigate the safety and efficacy of psychedelic compounds for treating veterans with mental health conditions; and

WHEREAS, Extensive research has demonstrated that classic psychedelics have low abuse potential, with studies showing no physical dependence or withdrawal symptoms and clinical evidence indicating that psychedelic compounds can effectively treat substance use disorders; and

WHEREAS, Clinical research demonstrates that psychedelic compounds like psilocybin and MDMA have a favorable safety profile when administered in controlled clinical settings with appropriate medical screening and supervision, with studies showing no lasting neuropsychological deficits, organ damage or serious adverse reactions and a significantly lower rate of adverse medical events compared to many current standard treatments; and

WHEREAS, Schedule I classification under the Controlled Substances Act, 21 U.S.C. §§ 801 et seq., designates a substance as having no currently accepted medical use and a high potential for abuse; and

WHEREAS, Controlled substances classified in schedule I are subject to significant barriers to research, including more burdensome regulatory and bureaucratic hurdles than research of other controlled substances; and

WHEREAS, Physicians cannot access controlled substances classified in schedule I to treat patients who have terminal or life-threatening conditions under the Trickett Wendler, Frank Mongiello, Jordan McLinn, and Matthew Bellina Right to Try Act of 2017 ("Right to Try Act"), Public Law 115-176, even if the controlled substance is otherwise an eligible investigational drug under the Act; and

WHEREAS, The low potential for abuse of psychedelic compounds and evidence of their medical utility, particularly the designation of Breakthrough Therapies by the United States Food and Drug Administration, contradicts their classification as schedule I controlled substances; and

WHEREAS, Leading medical research institutions have established dedicated centers for psychedelic research, including the Johns Hopkins Center for Psychedelic and Consciousness Research, the Project on Psychedelics Law and Regulation at the Petrie-Flom Center for Health Law Policy, Biotechnology, and Bioethics at Harvard Law School, the University of California Berkeley Center for the Science of Psychedelics, the New York University Langone Health's Center for Psychedelic Medicine, the Parsons Research Center for Psychedelic Healing at the Icahn School of Medicine at Mount Sinai, the Yale Program for Psychedelic Science, the University of Wisconsin-Madison Transdisciplinary Center for Research in Psychoactive Substances, the Stanford Psychedelic Science Group, the Massachusetts General Hospital Center for the Neuroscience of Psychedelics, the Charmaine and Gordon McGill Center for Psychedelic Research and Therapy at Dell Medical School at the University of Texas at Austin and the Washington University Program in Psychedelics Research; and

WHEREAS, The State of Nevada recognizes the urgent need to address the mental health crisis and expand treatment options for those in need; now, therefore, be it

RESOLVED BY THE SENATE AND ASSEMBLY OF THE STATE OF NEVADA, JOINTLY, That the Nevada Legislature hereby urges the Congress of the United States and the appropriate federal agencies to:

1. Increase federal funding for research into the therapeutic applications of psychedelic compounds, particularly for treating mental health conditions, substance use disorders and chronic pain;

2. Establish a streamlined process for approving and conducting research with psychedelic compounds, while maintaining appropriate safety protocols and oversight;

3. Establish a process to allow for compassionate medical use of psychedelic eligible investigational drugs under the Right to Try Act, while maintaining appropriate safety protocols and oversight;

4. Reschedule psilocybin, psilocin, DMT, ibogaine, mescaline and MDMA to a schedule that better reflects the therapeutic value, low potential

for abuse and safety for use under medical supervision of those compounds, giving priority to the rescheduling of compounds that have received Breakthrough Therapy designation from the United States Food and Drug Administration; and

5. Establish legal protection against federal prosecution for individuals and entities complying with state and local law concerning the **supervised** adult use of psychedelic compounds and require states to enter research partnerships with the Attorney General under the Controlled Substances Act to study the public health outcomes of such state programs; and be it further

RESOLVED, That the Nevada Legislature supports expanded research into the therapeutic potential of psychedelic compounds at qualified research institutions within this State; and be it further

RESOLVED, That the Secretary of the Senate prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the Senate, the Speaker of the House of Representatives, each member of the Nevada Congressional Delegation, the Administrator of the United States Drug Enforcement Administration and the Director of the National Institutes of Health; and be it further

INTRODUCTION, FIRST READING, AND REFERENCE

Assemblymember Monroe-Moreno moved that the bill be referred to the Committee on Ways and Means.

Motion carried.

SECOND READING AND AMENDMENT

Assembly Bill No. 188.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 567.

AN ACT relating to the Public Employees' Benefits Program; requiring the Board of the Public Employees' Benefits Program to report certain information relating to the costs of health insurance for certain retirees; revising provisions relating to the subsidy paid for certain health and welfare benefits for certain state employees who have retired with state service; revising requirements for certain retired public officers and employees to reinstate insurance under the Program; **requiring the Joint Interim Standing Committee on Government Affairs to conduct an interim study on the Program;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Office of Finance to establish an assessment to pay for a portion of the costs of the premiums or contributions for the Public Employees' Benefits Program on behalf of persons who were initially hired before January 1, 2012, and have retired with state service, which must be: (1) deposited in the State Retirees' Health and Welfare Benefits Fund to pay a portion of the current and future health and welfare benefits of those retirees; and (2) based upon a base amount approved by the Legislature each session. Existing law also requires that, for retirees who receive health coverage through Medicare, the portion paid to the Program from the Retirees' Fund on behalf of these retirees must be: (1) for persons who retired before January 1, 1994, the base funding level defined by the Legislature multiplied by 15; and (2) for persons who retired on or after January 1, 1994, the base funding level multiplied by the years of service of the person, excluding service purchased, up to a maximum of 20 years. (NRS 287.046) **Section 1** of this bill requires the Board of the Program to report, before August 31 of every even-numbered year, to the Governor and the Interim Retirement and Benefits Committee of the Legislature the typical full cost for such retirees to obtain actuarially comparable health insurance as state retirees enrolled in the plan offered by the Program.

Section 3 of this bill requires that, for retirees who receive health coverage through the federal TRICARE program or Medicare and who were initially hired on or after January 1, 2012, the portion paid to the Program must be the base funding level multiplied by years of state service of the person, excluding service purchased and any years of local governmental service, up to a maximum of 20 years.

If the Board pays the subsidy for retirees enrolled in the federal TRICARE program or Medicare into a health reimbursement arrangement, **section 3 ~~[of this bill]~~** prohibits the Board, unless otherwise required by federal law, from: (1) establishing limits on the yearly balance of ~~[such]~~ **a** health reimbursement ~~[arrangements;]~~ **arrangement for a person who is enrolled in Medicare that is less than the total amount of the subsidy paid by the Board in the immediately preceding 5 fiscal years;** and (2) reverting money in a health

reimbursement arrangement to the Retirees' Fund unless the retiree has died or, for more than 2 consecutive years, elected coverage other than coverage provided through TRICARE, Medicare or the plan offered by the Program.

Under existing law, persons hired on or after January 1, 2012, are ineligible to receive a subsidy to pay a portion of their current and future health and welfare benefits upon retirement. (NRS 287.046) **Section 3** provides that persons hired on and after January 1, 2012, are eligible to receive the subsidy from the Fund ~~[, subject to the same adjustments and limitations as retirees who were initially hired on or after January 1, 2010, which require, with certain exceptions, that]~~ **if** the retiree ~~[must have:]~~ **has:** (1) participated in the Program on a continuous basis since retirement; and (2) 15 years of **state** service ~~[, which must include state service and may include local governmental service.]~~

Under existing law, the subsidy for persons who retire on or after January 1, 1994, who are not enrolled in the federal TRICARE program or Medicare and who have more than 15 years of service must be increased by 7.5 percent of the base funding level for each year of service greater than 15 years. (NRS 287.046) Section 3 requires that, for persons who were initially hired by the State on or after January 1, 2012, the amount by which the subsidy is increased must be based on each year of state service and may not include any years of local governmental service.

Section 3 authorizes a participating local governmental agency to pay an additional subsidy on behalf of persons who were initially hired by the State on or after January 1, 2012, who have at least 15 years of state service and have continuously participated in the Program since retirement and who also have any number of years of local governmental service.

Under existing law, a retired public officer or employee or the surviving spouse of a retired public officer or employee who is deceased may reinstate any insurance under the Program, except life insurance, if the public officer or employee did not have more than one period during which the retired public officer or employee was not covered by insurance under the Program on or after the later of October 1, 2011, or the date of retirement of the public officer or employee, and the officer or employee retired from: (1) a participating state or local governmental agency under certain circumstances or was enrolled in the retirement program established by the Board of Regents of the University of Nevada for professional staff of the Nevada System of Higher Education; or (2) a nonparticipating local ~~[government]~~ **governmental** agency, under certain circumstances. (NRS 287.046) To reinstate insurance, the public officer or employee or surviving spouse must provide written notice to the Program not later than 31 days before the commencement of the plan year. (NRS 287.0475) **Section 4** of this bill: (1) removes the prohibition that the retired public officer or employee not have more than one period during which he or she was not covered by insurance under the Program to reinstate insurance; **and** (2) **instead provides that if a person has more than one**

period during which he or she was not covered by insurance under the Program, the Board may require the person to provide evidence of continuous coverage provided under another health insurance plan during any period other than the first period in which he or she was not covered to reinstate insurance under the Program.

Section 4 also: (1) authorizes the public officer or employee or surviving spouse to reinstate coverage during any open enrollment period for the plan of insurance; and ~~[(3)]~~ **(2)** provides that the retired public officer or employee is eligible, upon reinstatement, to receive the subsidy provided for certain retired employees.

Section 4.5 of this bill requires the Joint Interim Standing Committee on Government Affairs to conduct a study during the 2025-2026 interim concerning the Public Employees' Benefits Program.

Section 2 of this bill applies certain definitions in existing law relating to the Program to the provisions of **section 1**.

AN ACT relating to animals; **revising provisions governing the seizure of animals under certain circumstances;** revising provisions governing acts constituting torture or cruelty to animals; revising certain penalties **and remedies** for acts of animal cruelty; **authorizing a court to issue a temporary restraining order against a person who commits certain acts of animal cruelty;** revising certain provisions governing the ownership and care of animals treated cruelly; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, "torture" of or "cruelty" to an animal includes every act, omission or neglect, whereby unjustifiable physical pain, suffering or death is caused or permitted. (NRS 574.050) **Section 2** of this bill ~~[revises]~~ **separates** the definition of "torture" of ~~[or]~~ **and** "cruelty" to animals to ~~[include]~~ **provide that: (1) "cruelty" includes** every act, omission or neglect **,** whereby unjustifiable physical pain, suffering or death **of an animal** is caused ~~[, allowed]~~ or permitted ~~[. Section 1 of this bill provides that, for the purposes of determining whether a person committed an]~~ **; and (2) "torture" means every** act ~~[of torture or cruelty]~~ **taken to inflict on or prolong pain, suffering or death** to an animal **.** ~~[by allowing or permitting the act to occur, the person: (1) allows the torture of or cruelty to occur if the person does nothing to prevent or stop the torture or cruelty; and (2) permits the torture or cruelty to occur if the person unreasonably approves, grants approval or allows an act, omission~~

~~or neglect to occur and which act, omission, or neglect constitutes the torture of or cruelty to the animal.]~~

Section 1.6 of this bill authorizes a court to issue a temporary restraining order against a person charged with committing certain unlawful acts of animal cruelty.

Existing law requires certain officers to: (1) take possession of an animal which is being treated cruelly; and (2) give to the owner a notice containing certain information. Upon proof that proper notice has been given, existing law authorizes a court of competent jurisdiction to order the animal sold at auction, humanely destroyed or continued in the care of the officer. (NRS 574.055) **Sections 1.2 and 3 of this bill reorganize these provisions. Section 1.2 further requires that, in a county whose population is 100,000 or more (currently Clark and Washoe Counties), if an officer takes possession of an animal being treated cruelly and determines that immediate humane euthanasia of the animal may be necessary, a licensed veterinarian must examine the animal and recommend the humane euthanasia of the animal before the humane euthanasia may proceed. Section 14 of this bill makes a conforming change to provide that a pet removed from a motor vehicle under certain circumstances is an animal being treated cruelly for the purposes of taking possession of the animal under section 1.2.**

Section 3 ~~[of this bill]~~ removes the authorization for a court to order the animal sold at auction.

Existing law provides that, with certain exceptions, the seizure and disposition of an animal which an officer discovers is being treated cruelly does not apply to any animal which is located on land being employed for an agricultural use. (NRS 574.055) **Section 3** removes this exception.

Existing law provides that a person who engages in certain acts of torture or cruelty to animals is guilty of a misdemeanor for a first offense, except if the person: (1) willfully and maliciously engages in such an act, the person is guilty of a category D felony; or (2) commits the act to threaten, intimidate or terrorize another person, the person is guilty of a category C felony. (NRS 574.100) **Section** ~~[4]~~ **1.4** of this bill provides instead that ~~[,]~~ **certain acts related to torture or the unjustifiable maiming, mutilating or killing of certain animals is subject to enhanced penalties as follows:** (1) a **knowing or reckless violation is a category D felony; (2) a** willful and malicious violation is a category ~~[B]~~ **C** felony ~~[if the act causes the death of the animal; (2)]~~ **; (3)** committing the act to threaten, intimidate or terrorize another person is a category B felony ~~[; and (3) a knowing or reckless violation]~~ **, punishable by imprisonment in the state prison for a minimum term of 1 year and a maximum term of 6 years. Additionally, section 1.4 provides that the following willful and malicious violations are subject to enhanced penalties: (1) restraining a dog in certain manners** is **, with certain exceptions, a gross misdemeanor; (2) abandoning an animal in certain circumstances is a category C felony; and (3) committing certain acts of animal cruelty to an animal which causes the death of the animal is** a

category ~~[D violation.]~~ **B felony, punishable by imprisonment in the state prison for a minimum term of 1 year and a maximum term of 6 years and a fine of not more than $10,000.**

Sections 10, 12, 13 and 15, respectively, of this bill provide that a person who has received an enhanced sentence for such acts of animal cruelty: (1) may not receive a deferred judgment from the court; (2) is subject to a maximum period of probation or suspension of a sentence of 60 months; (3) is not eligible for the Division of Parole and Probation of the Department of Public Safety to petition a court to recommend the early discharge of the person from probation; and (4) is not eligible to have certain credits deducted from the minimum term or minimum aggregate term imposed by his or her sentence of judgment.

Section 4 of this bill provides that it is an affirmative defense to a violation of certain acts of animal cruelty if the person reasonably believes that the person was engaging in the reasonable discipline of the animal.

Existing law provides that a person who engages in certain acts of torture of or cruelty to a police animal is guilty of: (1) a category D felony if the police animal is not totally disabled or killed; and (2) a category C felony if the police animal is totally disabled or killed. (NRS 574.105) **Section 5** of this bill increases these penalties to a category C felony if the police animal is not totally disabled or killed and a category B felony if the police animal is totally disabled or killed.

Existing law prohibits the owner, possessor or person in charge or custody of a maimed, diseased, disabled or infirm animal from abandoning the animal, leaving the animal to die in certain public places or allowing the animal to lie in certain public places for more than 3 hours after the person receives notice that the animal is left disabled. A violation of this prohibition is a misdemeanor. (NRS 574.110) Section 5.5 of this bill instead prohibits the intentional abandonment or leaving to die of any animal, including a maimed, diseased, disabled or infirm animal, by such a person and makes a violation of this prohibition a gross misdemeanor.

Existing law sets forth the applicability of certain provisions relating to cruelty to animals. (NRS 574.200) Section 6 of this bill provides that these provisions do not prohibit the humane euthanasia of an animal by a veterinarian, veterinarian technician or euthanasia technician if such a person determines that humane euthanasia is necessary to end the intractable suffering of an animal.

Existing law requires that if a person is lawfully arrested for certain crimes against animals and an animal owned or possessed by the person is impounded by the county, city or other local government in connection with the arrest, the person must be notified of his or her right to request a hearing within 5 days. If the person does not request a hearing, or if the owner of the animal has not been identified within 5 days after the arrest, the county, city or other local government which impounded the animal is required to transfer ownership of the animal to an animal rescue organization, animal shelter or another person

who is able to provide adequate care and shelter to the animal. (NRS **574.055,** 574.203) ~~[Section]~~ **Sections 3 and 7 of this bill require the owner to be notified of his or her right to request a hearing within 5 business days after receiving the notice. Sections 3 and 7** ~~[of this bill provides instead]~~ **also provide** that, if the arrested and detained person does not request a hearing, or the owner of the animal has not been identified within 5 **business** days after the arrest, the animal must be forfeited to the county, city or other local government which took possession of the animal, who must then ~~[transfer ownership]~~ **dispose** of the animal ~~[to certain entities which are able to provide adequate care and shelter to the animal.]~~ **as the county, city or other local government sees fit.**

Section 1.8 of this bill requires a court to order a person convicted of certain unlawful acts of animal cruelty to pay restitution for all costs associated with the care, impoundment and disposition of the animal of which a county, city or other local government takes possession.

Existing law provides that the knowing, purposeful or reckless killing or injuring of an animal may be an act that constitutes domestic violence. (NRS 33.018) Existing law authorizes a court, by a temporary order, to enjoin the adverse party named in an application for an order for protection against domestic violence from: (1) physically injuring, threatening to injure or taking possession of any animal that is owned or kept by the applicant for the order or a minor child and any animal that is owned or kept by the adverse party; and (2) physically injuring or threatening to injure any animal that is owned or kept by the adverse party. Existing law further authorizes the court, by extended order, to specify arrangements for the possession and care of any animal owned or kept by the adverse party, applicant or minor child. (NRS 33.030) Section 8 of this bill authorizes the court, by temporary order, to enjoin the adverse party from taking possession of an animal that is owned or kept by the adverse party.

Existing law requires, if a child is adjudicated delinquent for an unlawful act that involves cruelty to or torture of an animal, the juvenile court to order the child to participate in counseling or other psychological treatment. (NRS 62E.680) Sections 1.9 and 9 of this bill require the juvenile court to order such a child to also undergo a psychological evaluation.

Existing law provides that if a person is convicted for an unlawful act involving animal cruelty, a court may order, as a condition of probation, the person to submit to a psychiatric evaluation and participate in counseling or therapy. (NRS 176A.416) Sections 1.9 and 11 of this bill authorize a court to also order such a person to participate in a rehabilitative or educational program.

The court shall order sealed all documents, papers and exhibits in the defendant's record, minute book entries and entries on dockets, and other documents relating to the case in the custody of such other agencies and officers as are named in the court's order if the defendant fulfills the terms and conditions imposed by the court and the Division. The court shall order those records sealed without a hearing unless the Division or the prosecutor petitions the court, for good cause shown, not to seal the records and requests a hearing thereon.

7. If the court orders sealed the record of a defendant discharged pursuant to this section, the court shall send a copy of the order to each agency or officer named in the order. Each such agency or officer shall notify the court in writing of its compliance with the order.

8. As used in this section:

(a) "Court" means a district court of the State of Nevada.

(b) "Specialty court program" has the meaning ascribed to it in NRS 176A.065.

Sec. 11. **NRS 176A.416 is hereby amended to read as follows:**

176A.416 1. As a condition of probation, the court may order a defendant who is convicted of a violation of chapter 574 of NRS that is punishable as a felony**,** ~~[or]~~ gross misdemeanor ***or misdemeanor*** to:

Sec. 12. **NRS 176A.500 is hereby amended to read as follows:**

176A.500 1. Except as otherwise provided in subsection 2, the period of probation or suspension of sentence may be indeterminate or may be fixed by the court and may at any time be extended or terminated by the court, but the period, including any extensions thereof, must not be more than:

(a) Twelve months for a:

(1) Gross misdemeanor; or

(b) Eighteen months for a category E felony;

(c) Twenty-four months for a category C or D felony;

(d) Thirty-six months for a category B felony; or

(e) Notwithstanding the provisions of paragraphs (a) to (d), inclusive, 60 months for a violent or sexual offense as defined in NRS 202.876, a violation of NRS 200.508 or a violation of NRS 574.100 ***or 574.110*** that is punishable pursuant to ~~[subsection 6 of that]~~ section ~~[.]~~ ***1.4 of this act.***

2. The court may extend the period of probation or suspension of sentence ordered pursuant to subsection 1 for a period of not more than 12 months if such an extension is necessary for the defendant to complete his or her participation in a specialty court program.

3. At any time during probation or suspension of sentence, the court may issue a warrant for violating any of the conditions of probation or suspension of sentence and cause the defendant to be arrested. Except for the purpose of giving a dishonorable discharge from probation, and except as otherwise provided in this subsection, the time during which a warrant for violating any of the conditions of probation is in effect is not part of the period of probation. If the warrant is cancelled or probation is reinstated, the court may include any amount of that time as part of the period of probation.

4. Any parole and probation officer or any peace officer with power to arrest may arrest a probationer without a warrant, or may deputize any other officer with power to arrest to do so by giving the probationer a written statement setting forth that the probationer has, in the judgment of the parole and probation officer, violated the conditions of probation. Except as otherwise provided in subsection 5, the parole and probation officer or the peace officer, after making an arrest, shall present to the detaining authorities, if any, a statement of the charges against the probationer. The parole and probation officer shall at once notify the court which granted probation of the arrest and detention or residential confinement of the probationer and shall submit a report in writing showing in what manner the probationer has violated the conditions of probation.

5. A parole and probation officer or a peace officer may immediately release from custody without any further proceedings any person the officer arrests without a warrant for violating a condition of probation if the parole and probation officer or peace officer determines that there is no probable cause to believe that the person violated the condition of probation.

6. A person who is sentenced to serve a period of probation for a felony or a gross misdemeanor must be allowed for the period of the probation a deduction of:

(a) Ten days from that period for each month the person serves and is current with any fee to defray the costs of his or her supervision charged by the Division of Parole and Probation of the Department of Public Safety pursuant to NRS 213.1076 and with any payment of restitution ordered by the court, including, without limitation, any payment of restitution required pursuant to NRS 176A.430. A person shall be deemed to be current with any such fee and payment of restitution for any given month if, during that month, the person makes at least the minimum monthly payment established by the court or, if the court does not establish a minimum monthly payment, by the Division.

(b) Except as otherwise provided in subsection 8, 10 days from that period for each month the person serves and is actively involved in employment or enrolled in a program of education, rehabilitation or any other program approved by the Division.

7. A person must be allowed a deduction pursuant to paragraph (a) or (b) of subsection 6 regardless of whether the person has satisfied the requirements of the other paragraph and must be allowed a deduction pursuant to paragraphs (a) and (b) of subsection 6 if the person has satisfied the requirements of both paragraphs of that subsection.

8. A person who is sentenced to serve a period of probation for a felony or a gross misdemeanor and who is a participant in a specialty court program must be allowed a deduction from the period of probation for being actively involved in employment or enrolled in a program of education, rehabilitation or any other program approved by the Division only if the person successfully completes the specialty court program. Such a deduction must not exceed the length of time remaining on the person's period of probation.

Sec. 13. **NRS 176A.840 is hereby amended to read as follows:**

176A.840 1. The Division shall petition the court to recommend the early discharge of a person from probation if the person:

(d) Has completed any program of substance use treatment or mental health treatment or a specialty court program as mandated by the court or the Division; and

(e) Has not been convicted of a violent or sexual offense as defined in NRS 202.876, a violation of NRS 200.508 or 205.067 or a violation of NRS 574.100 ***or 574.110*** that is punishable pursuant to ~~[subsection 6 of that]~~ section ~~[.]~~ ***1.4 of this act.***

2. This section must not be construed to prohibit the court from allowing the early discharge of a person from probation if the person does not meet the requirements set forth in subsection 1.

Sec. 14. **NRS 202.487 is hereby amended to read as follows:**

202.487 1. Except as otherwise provided in subsection 3, a person shall not allow a pet to remain unattended in a parked or standing motor vehicle if conditions, including, without limitation, extreme heat or cold, present a significant risk to the health and safety of the pet.

4. The following amendment was proposed by the Committee on Judiciary:
Amendment No. 572.

AN ACT relating to criminal procedure; authorizing a court to waive the requirement that the Division of Parole and Probation of the Department of Public Safety make a presentence investigation and report under certain circumstances; providing that a failure by the Chief Parole and Probation Officer to submit a presentence investigation and report before a sentencing hearing is not grounds for an order of contempt under certain circumstances; revising requirements relating to the disclosure of a presentence investigation and report to a defendant; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Division of Parole and Probation of the Department of Public Safety to make a presentence investigation and report to the court on certain defendants. (NRS 176.135) **Section 1** of this bill authorizes the court to waive this requirement if the defendant and the prosecuting attorney stipulate to waive the requirement and the court approves the stipulation. **Section 3** of this bill makes a conforming change to clarify that if the court waives the requirement, the court may grant probation without receiving the presentence investigation and report.

Existing law requires the Division to: (1) include a psychosexual evaluation as part of a presentence investigation and report under certain circumstances; and (2) arrange for a psychosexual evaluation of each defendant to whom this requirement applies. (NRS 176.135, 176.139) Existing law requires a person who conducts a psychosexual evaluation of a defendant to provide a copy of the written report of the results of the evaluation to the Division. (NRS 176.139) **Section 1** provides that if the Division does not receive a copy of the written report of the results of the evaluation at least 3 days before the sentencing hearing, a failure by the Chief Parole and Probation Officer to submit the presentence investigation and report before the sentencing hearing is not grounds for an order of contempt.

In general, existing law requires the Division to disclose the factual content of the report of any presentence investigation made by the Division to the prosecuting attorney, the counsel for the defendant, the defendant and the court

not later than 14 calendar days before the defendant who is the subject of the report will be sentenced. (NRS 176.153) **Section 2** of this bill reduces that period to 7 calendar days.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 176.135 is hereby amended to read as follows:

176.135 1. Except as otherwise provided in this section and NRS 176.151, the Division shall make a presentence investigation and report to the court on each defendant who pleads guilty, guilty but mentally ill or nolo contendere to, or is found guilty or guilty but mentally ill of, a felony ~~.~~ ***unless:***

(a) The defendant and the prosecuting attorney stipulate to waive the requirement; and

(b) The court approves the stipulation.

2. If a defendant is convicted of a felony that is a sexual offense, the presentence investigation and report:

(a) Must be made before the imposition of sentence or the granting of probation; and

(b) If the sexual offense is an offense for which the suspension of sentence or the granting of probation is permitted, must include a psychosexual evaluation of the defendant.

3. Except as otherwise provided in subsection 5, if a defendant is convicted of a felony other than a sexual offense, the presentence investigation and report must be made before the imposition of sentence or the granting of probation unless:

(a) A sentence is fixed by a jury; or

(b) Such an investigation and report on the defendant has been made by the Division within the 5 years immediately preceding the date initially set for sentencing on the most recent offense.

4. Upon request of the court, the Division shall make presentence investigations and reports on defendants who plead guilty, guilty but mentally ill or nolo contendere to, or are found guilty or guilty but mentally ill of, gross misdemeanors.

5. If a defendant is convicted of a felony other than a sexual offense or of a gross misdemeanor and the conviction is of an offense for which the suspension of sentence or the granting of probation is permitted, the Division shall, before the imposition of sentence or the granting of probation, make a presentence investigation and report to the court that includes a psychosexual evaluation of the defendant if the defendant and the prosecuting attorney submit to the court a joint request for a presentence investigation and report that includes a psychosexual evaluation of the defendant. The provisions of this subsection apply only to a conviction where the original charge in the complaint, information or indictment was for a sexual offense, as defined in NRS 176.133 or 179D.097.

6. Each court in which a report of a presentence investigation can be made must ensure that each judge of the court receives training concerning the manner in which to use the information included in a report of a presentence investigation for the purpose of imposing a sentence. Such training must include, without limitation, education concerning behavioral health needs and intellectual or developmental disabilities.

7. If the Division does not receive the written report of the results of a psychosexual evaluation required by NRS 176.139 at least 3 days before the sentencing hearing, a failure by the Chief Parole and Probation Officer to submit the presentence investigation and report before the sentencing hearing does not constitute an act or omission that may serve as the basis for an order of contempt pursuant to NRS 22.010 or 199.340.

Sec. 2. NRS 176.153 is hereby amended to read as follows:

176.153 1. Except as otherwise provided in subsection 3, the Division shall disclose to the prosecuting attorney, the counsel for the defendant, the defendant and the court, not later than ~~[14]~~ *7* calendar days before the defendant will be sentenced, the factual content of the report of any presentence investigation made pursuant to NRS 176.135.

2. In addition to the disclosure requirements set forth in subsection 1, if the Division includes in the report of any presentence investigation made pursuant to NRS 176.135 any information relating to the defendant being affiliated with or a member of a criminal gang and the Division reasonably believes such information is disputed by the defendant, the Division shall provide with the information disclosed pursuant to subsection 1 copies of all documentation relied upon by the Division as a basis for including such information in the report, including, without limitation, any field interview cards.

3. The defendant may waive the minimum period required by subsection 1.

4. As used in this section, "criminal gang" has the meaning ascribed to it in NRS 193.168.

Sec. 3. NRS 176A.100 is hereby amended to read as follows:

176A.100 1. Except as otherwise provided in this section and NRS 176A.110 and 176A.120, if a person is found guilty in a district court upon verdict or plea of:

(a) Murder of the first or second degree, kidnapping in the first degree, sexual assault, attempted sexual assault of a child who is less than 16 years of age, lewdness with a child pursuant to NRS 201.230, an offense for which the suspension of sentence or the granting of probation is expressly forbidden, or if the person is found to be a habitual criminal pursuant to NRS 207.010, a habitually fraudulent felon pursuant to NRS 207.014 or a habitual felon pursuant to NRS 207.012, the court shall not suspend the execution of the sentence imposed or grant probation to the person.

(b) A category E felony, except as otherwise provided in this paragraph, the court shall suspend the execution of the sentence imposed and grant probation

to the person. The court may, as it deems advisable, decide not to suspend the execution of the sentence imposed and grant probation to the person if, at the time of sentencing, it is established that the person had previously been two times convicted, whether in this State or elsewhere, of a crime that under the laws of the situs of the crime or of this State would amount to a felony. If the person denies the existence of a previous conviction, the court shall determine the issue of the previous conviction after hearing all relevant evidence presented on the issue by the prosecution and the person. At such a hearing, the person may not challenge the validity of a previous conviction. For the purposes of this paragraph, a certified copy of a felony conviction is prima facie evidence of conviction of a prior felony.

(c) Another felony, a gross misdemeanor or a misdemeanor, the court may suspend the execution of the sentence imposed and grant probation as the court deems advisable.

2. In determining whether to grant probation to a person, the court shall not consider whether the person has the financial ability to participate in a program of probation secured by a surety bond established pursuant to NRS 176A.300 to 176A.370, inclusive.

3. If the court determines that a person is otherwise eligible for probation but requires more supervision than would normally be provided to a person granted probation, the court may, in lieu of sentencing the person to a term of imprisonment, grant probation pursuant to the Program of Enhanced Supervision established pursuant to NRS 176A.440.

4. Except as otherwise provided in this subsection, ***and unless the court approves a stipulation waiving the requirement for the Division to make a presentence investigation and report to the court pursuant to subsection 1 of NRS 176.135,*** if a person is convicted of a felony and the Division is required to make a presentence investigation and report to the court pursuant to NRS 176.135, the court shall not grant probation to the person until the court receives the report of the presentence investigation from the Chief Parole and Probation Officer. The Chief Parole and Probation Officer shall submit the report of the presentence investigation to the court not later than 45 days after receiving a request for a presentence investigation from the ***sentencing court or*** county clerk. If the report of the presentence investigation is not submitted by the Chief Parole and Probation Officer within 45 days, the court may grant probation without the report.

5. If the court determines that a person is otherwise eligible for probation, the court shall, when determining the conditions of that probation, consider the imposition of such conditions as would facilitate timely payments by the person of an obligation, if any, for the support of a child and the payment of any such obligation which is in arrears.

Sec. 4. The amendatory provisions of this act apply to any request for a presentence investigation received by the Division of Parole and Probation of the Department of Public Safety from a **sentencing court or** county clerk in this State on or after July 1, 2025.

Sec. 5. This act becomes effective on July 1, 2025.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 568.

AN ACT relating to governmental administration; revising provisions relating to the timing of when an annual meeting of a debt management commission must occur; revising the hours the office of the county treasurer is required to be kept open; revising the contents of a notice of delinquent taxes; revising provisions relating to certain property held in trust by the county treasurer; eliminating the requirement that a school associate superintendent provide a quarterly report to the governing body of a county within a local school precinct; revising the notice requirements relating to applications for certain franchises; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates a debt management commission in each county of this State and requires a commission to review and vote on proposals of a municipality to incur certain debts, levy a special elective tax, issue certain bonds or enter into an installment-purchase agreement with a term of more than 10 years. Existing law also requires a commission to review and vote on proposals by general improvement districts to issue medium-term obligations, borrow money or issue certain securities, among certain other duties and responsibilities. (NRS 350.0115, 350.014) Existing law requires a debt management commission to meet annually in August and at the call of the chair for certain purposes, in addition to certain other meetings. (NRS 350.012) **Section 2** of this bill eliminates the requirement that the annual meeting be held in August. **Sections 1 and 3** of this bill make conforming changes to remove references to the annual meeting being held in August.

Existing law requires, subject to certain exceptions, sheriffs, county recorders and county auditors, county clerks, county assessors and county treasurers to keep open the county office and branch offices, if any, on all days except Sundays and nonjudicial days from 9 a.m. to 12 p.m., and on all days except Sundays, nonjudicial days and Saturdays from 1 p.m. to 5 p.m. Existing law also authorizes the board of county commissioners of any county to designate or authorize deviation from the days and hours, but requires each office to be kept open for not less than 40 hours during each week. (NRS 245.040) Existing law establishes that the county treasurers are tax

receivers for the county. (NRS 361.475) **Section 3.5** of this bill provides that the county office and branch offices, if any, of the county treasurer may not close earlier than 5 p.m. **on any business day** but may close later than 5 p.m.

Existing law requires the tax receiver of the county to mail notice of delinquent taxes to certain persons. The notice of delinquency must state certain information including that if the amount of delinquent taxes is not paid, the tax receiver will, at 5 p.m. on the first Monday in June of the current year, issue a certificate authorizing the county treasurer to hold the property. (NRS 361.5648) **Section 4** of this bill provides instead that the notice of delinquency must state that if the amount of delinquent taxes is not paid, the tax receiver will, at the close of business of the tax receiver of the county on the first Monday in June of the current year, issue a certificate authorizing the county treasurer to hold the property.

Existing law requires the tax receiver to make out a trustee's certificate that describes each property on which delinquent taxes, penalties, interest and costs have not been paid. The trustee's certificate authorizes the county treasurer to hold each property for a certain period of time. (NRS 361.570) When the time allowed by law for the redemption of a property described in a certificate has expired and no redemption has been made, the tax receiver who issued the certificate is required to execute and deliver to the county treasurer a deed of the property. Upon obtaining such a deed, the county treasurer is required to hold the property in trust until it is sold or otherwise disposed of. Existing law provides that during certain periods or not later than 5 p.m. on the third business day before the day of the sale by a county treasurer, certain persons are entitled to have the property reconveyed upon the receipt by the county treasurer of payment of the delinquent taxes and certain costs. (NRS 361.585) **Section 5** of this bill provides instead that during certain periods or not later than the close of business of the county treasurer on the third business day before the day of the sale by a county treasurer, certain persons are entitled to have the property reconveyed upon the receipt by the county treasurer of payment of the delinquent taxes and certain costs.

Existing law authorizes, under certain circumstances, the county treasurer to sell property held in trust because of delinquent taxes. Upon payment, the county treasurer is required, with certain exceptions, to issue a quitclaim deed to the purchaser. Existing law provides an exception to this requirement to issue a quitclaim deed under certain circumstances, if, not later than 5 p.m. on the third business day immediately preceding the day of the sale by the county treasurer, a municipality provides the county treasurer with an affidavit that meets certain requirements. (NRS 361.595) **Section 6** of this bill provides instead that, under certain circumstances, the county treasurer may not issue the quitclaim deed if, not later than the close of business of the county treasurer on the third business day immediately preceding the day of the sale by the county treasurer, a municipality provides the county treasurer with an affidavit that meets certain requirements.

Existing law requires the superintendent of schools in a school district in this State which has more than 100,000 pupils enrolled in its public schools (currently the Clark County School District) to assign a school associate superintendent to oversee one or more local school precincts. (NRS 388G.620) Existing law prescribes the duties of a school associate superintendent, including requiring a school associate superintendent to provide a report in person, not less than quarterly, to the governing body of each city and county within which a local school precinct to which he or she is assigned to oversee is located. (NRS 388G.630) **Section 7** of this bill eliminates the requirement to report to a county.

Exiting law authorizes a board of county commissioners to grant a franchise to construct, install, operate, and maintain street railways, electric light, heat and power lines, gas and water mains and telephone lines, among certain other things. (NRS 709.050) Any person or entity desiring a franchise is required to file an application in writing with the board of county commissioners wherein the franchise is to be exercised. (NRS 709.060) Notice of such an application is required to be given at the next regular meeting of the board and is required to be: (1) published once each week for 4 consecutive weeks in a newspaper of general circulation published in the county, subject to certain exceptions; and (2) posted in three public places nearest where the application will take effect, and if more than one unincorporated town is affected, posted in three public places in each of the unincorporated towns. (NRS 709.070) **Section 8** of this bill revises such requirements to post the notice from three places to one place if more than one unincorporated town is affected by reducing the postings required in public places in each of the unincorporated towns.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 350.0115 is hereby amended to read as follows:

350.0115 1. There is hereby created in each county whose population is 700,000 or more a debt management commission, to be composed of:

The money must be withheld from payment of salary to the officer for the next succeeding month by order of the board of county commissioners, but such an order must not be made without first giving the officer affected reasonable notice and an opportunity to appear before the board and defend the charge against him or her.

2. If the property is to be sold, the board of county commissioners may make an order, to be entered on the record of its proceedings, directing the county treasurer to sell the property particularly described therein, after giving notice of sale, for a total amount not less than the amount of the taxes, costs, penalties and interest legally chargeable against the property as stated in the order.

Amendment No. 562.

AN ACT relating to consumer protection; clarifying the authority of the Attorney General with respect to bringing certain actions relating to deceptive trade practices; revising certain civil penalties relating to deceptive trade practices; revising the authorized uses of money in the Consumer Protection Legal Account in the Office of the Attorney General; clarifying when the Consumer's Advocate of the Bureau of Consumer Protection in the Office of the Attorney General has custody or control of certain records; making certain records, files and communications of the Consumer's Advocate confidential; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines activities that constitute deceptive trade practices and provides for the imposition of civil and criminal penalties against persons who engage in deceptive trade practices. (Chapter 598 of NRS) Existing law authorizes the Attorney General to obtain a temporary restraining order, a preliminary or permanent injunction or other relief, including, without limitation, the recovery of a civil penalty, disgorgement, restitution or the recovery of damages by bringing an action in the name of the State against a person the Attorney General has reason to believe has engaged or is engaging in a deceptive trade practice. (NRS 598.0963) **Section 3** of this bill provides that such relief includes any available remedy relating to certain activities that constitute deceptive trade practices. **Section 3** also clarifies that such an action may be brought by the Attorney General on behalf of: (1) the State or its agencies, political subdivisions, districts or municipal corporations; or (2) the people of the State.

Existing law authorizes the Director of the Department of Business and Industry to impose certain penalties, including an administrative fine, upon a person who has engaged in a deceptive trade practice after a hearing that is initiated by the Commissioner of Consumer Affairs or Attorney General serving an order upon such person. (NRS 598.0971) **Section 4** of this bill: (1) increases the administrative fine from $1,000 or treble the amount of restitution ordered, whichever is greater, to not more than $15,000 for each

violation or treble the amount of restitution ordered, whichever is greater; and (2) revises the authorized methods of service of the order imposing certain civil penalties.

Existing law creates the Consumer Protection Legal Account in the Office of the Attorney General and provides that the money remains in the Legal Account at the end of the fiscal year and does not revert to the State General Fund. (NRS 228.333) Existing law: (1) creates the Bureau of Consumer Protection within the Office of the Attorney General; and (2) provides that the executive head of the Bureau of Consumer Protection is the Consumer's Advocate, who may generally exercise the power of the Attorney General in areas of consumer protection and enforcement. (NRS 228.310, 228.380) Existing law also creates the Consumer Protection Administrative Account in the Bureau of Consumer Protection and: (1) requires the deposit of certain money from settlements and litigation into the Administrative Account; and (2) provides that any balance in excess of $500,000 in the Administrative Account on June 30 and December 31 of each year, and at any other time in the discretion of the Consumer's Advocate, reverts to the Legal Account. (NRS 228.332) Existing law requires the Attorney General to allocate, in certain percentages, the money in the Legal Account to: (1) the Office of the Attorney General or the Consumer's Advocate to be used for consumer protection and efforts to prevent fraud, including, without limitation, education, investigation, enforcement and litigation; and (2) certain legal aid organizations to be used for consumer protection and efforts to prevent fraud. (NRS 228.334) **Section 11** of this bill provides that the percentage of money allocated from the Legal Account to the Office of the Attorney General or the Consumer's Advocate may be used to pay for: (1) necessary staff employed for the Consumer's Advocate to carry out consumer protection and efforts to prevent fraud; (2) necessary staff for the Office of the Attorney General to carry out consumer protection and efforts to prevent fraud; and (3) any other additional purpose relating to consumer protection and efforts to prevent fraud.

Section 11 also eliminates the limitation that the money in the Legal Account must exceed 120 days of operating costs for certain staff before the Office of the Attorney General or Consumer's Advocate may use money in the Legal Account for additional purposes relating to consumer protection and efforts to prevent fraud.

Existing law authorizes the Consumer's Advocate to have access to all records in the possession of any agency, board or commission of this State that he or she determines are necessary to exercise his or her powers relating to consumer protection. (NRS 228.380) **Section 12** of this bill clarifies that the Consumer's Advocate does not have possession of such records until he or she receives the record from the agency, board or commission. **Sections 12 and 12.5** of this bill provide that ~~[any records, files and communications of]~~ **if a record that is received by** the Consumer's Advocate ~~[made or received pursuant to section 12 are]~~ **is** confidential and not a public record ~~[.]~~ **when in the custody or control of the agency, board or commission, the record is**

confidential and not a public record when in the custody or control of the Consumer's Advocate.

Existing law authorizes a unit-owners' association to charge reasonable fees for costs associated with collecting any past due obligation. (NRS 116.310313) **Section 2** of this bill prohibits an association from: (1) charging any late fee sooner than 30 days after an obligation becomes past due; and (2) reporting any past due obligation to a reporting agency that assembles or evaluates information concerning credit.

Existing law authorizes the governing documents of a unit-owners' association to set forth rules that reasonably restrict parking in the common-interest community and authorizes an association to impose fines for a violation of the governing documents. Existing law also prohibits an association from restricting the parking of certain utility service vehicles, law enforcement vehicles and emergency services vehicles under certain circumstances. (NRS 116.31031, 116.350) **Section 4** of this bill prohibits an association from restricting the parking of certain vehicles displaying a commercial advertisement, other than vehicles displaying a commercial advertisement containing a sexual portrayal or depicting an image relating to

the sale of a controlled substance. An association may require such images to be obscured by a magnet.

Existing law imposes certain requirements relating to agreements for the management of a common-interest community and requires the Commission for Common-Interest Communities and Condominium Hotels to adopt regulations regarding the transfer of all books, records and other papers of a client upon the termination or assignment of such an agreement. (NRS 116A.620) **Section 5** of this bill requires, with certain exceptions, the association to provide notice of the termination of an agreement to be posted within the common elements of an association and provided by electronic mail to all units' owners who have provided the association with an electronic mail address.

~~[~~3.~~]~~ ***4.*** As used in this section:

(a) "Costs of collecting" includes any fee, charge or cost, by whatever name, including, without limitation, any collection fee, filing fee, recording

fee, fee related to the preparation, recording or delivery of a lien or lien rescission, title search lien fee, bankruptcy search fee, referral fee, fee for postage or delivery and any other fee or cost that an association charges a unit's owner for the investigation, enforcement or collection of a past due obligation. The term does not include any
costs incurred by an association if a lawsuit is filed to enforce any past due obligation or any costs awarded by a court.

(b) "Obligation" means any assessment, fine, construction penalty, fee, charge or interest levied or imposed against a unit's owner pursuant to any provision of this chapter or the governing documents.

Sec. 3. NRS 116.3115 is hereby amended to read as follows:

116.3115 1. Until the association makes an assessment for common expenses, the declarant shall pay all common expenses. After an assessment has been made by the association, assessments must be made at least annually, based on a budget adopted at least annually by the association in accordance with the requirements set forth in NRS 116.31151. Unless the declaration imposes more stringent standards, the budget must include a budget for the daily operation of the association and a budget for the reserves required by paragraph (b) of subsection 2.

2. Except for assessments under subsections 4 to 7, inclusive, or as otherwise provided in this chapter:

(b) The association shall establish adequate reserves, funded on a reasonable basis, for the repair, replacement and restoration of the major components of the common elements and any other portion of the common-interest community that the association is obligated to maintain, repair, replace or restore. The reserves may be used only for those purposes, including, without limitation, repairing, replacing and restoring roofs, roads and sidewalks, and must not be used for daily maintenance. The association may comply with the provisions of this paragraph through a funding plan that is designed to allocate the costs for the repair, replacement and restoration of the major components of the common elements and any other portion of the common-interest community that the association is obligated to maintain, repair, replace or restore over a period of years if the funding plan is designed in an actuarially sound manner which will ensure that sufficient money is available when the repair, replacement and restoration of the major components of the common elements or any other portion of the common-interest community that the association is obligated to maintain, repair, replace or restore are necessary. Notwithstanding any provision of the governing documents to the contrary, to establish adequate reserves pursuant to this paragraph, including, without limitation, to establish or carry out a funding plan, the executive board may, without seeking or obtaining the approval of the units' owners, impose any necessary and reasonable assessments against

the units in the common-interest community. Any such assessments imposed by the executive board must be based on the study of the reserves of the association conducted pursuant to NRS 116.31152.

3. Any assessment for common expenses or installment thereof that is 60 days or more past due bears interest at a rate equal to the prime rate at the largest bank in Nevada as ascertained by the Commissioner of Financial Institutions on January 1 or July 1, as the case may be, immediately preceding the date the assessment becomes past due, plus 2 percent. The rate must be adjusted accordingly on each January 1 and July 1 thereafter until the balance is satisfied.

4. Except as otherwise provided in the governing documents:

(a) Any common expense associated with the maintenance, repair, restoration or replacement of a limited common element must be assessed against the units to which that limited common element is assigned, equally, or in any other proportion the declaration provides;

(b) Any common expense benefiting fewer than all of the units or their owners, including, without limitation, common expenses consisting of the payment, on behalf of a unit's owner, of delinquent property taxes or utility charges owed by the unit's owner, may be assessed exclusively against the units or units' owners benefited; and

(c) The costs of insurance must be assessed in proportion to risk and the costs of utilities must be assessed in proportion to usage.

5. Assessments to pay a judgment against the association may be made only against the units in the common-interest community at the time the judgment was entered, in proportion to their liabilities for common expenses.

6. If damage to a unit or other part of the common-interest community, or if any other common expense is caused by the willful misconduct or gross negligence of any unit's owner, tenant or invitee of a unit's owner or tenant, the association may assess that expense exclusively against his or her unit, even if the association maintains insurance with respect to that damage or common expense, unless the damage or other common expense is caused by a vehicle and is ~~[~~~~committed~~~~]~~ ***:***

(a) Committed by a person who is delivering goods to, or performing services for, the unit's owner, tenant or invitee of the unit's owner or tenant ~~[.]~~***; or***

(b) An oil stain that is located entirely on the driveway of the unit's owner.

7. The association of a common-interest community created before January 1, 1992, is not required to make an assessment against a vacant lot located within the community that is owned by the declarant.

8. If liabilities for common expenses are reallocated, assessments for common expenses and any installment thereof not yet due must be recalculated in accordance with the reallocated liabilities.

The governing documents of an association may authorize the executive board of the association to impose a fine pursuant to NRS 116.31031 for any violation of the rules authorized pursuant to this subsection.

An association may not require the owner of such a vehicle to cover any commercial advertisement, other than an advertisement containing a sexual portrayal or an image relating to the sale of a controlled substance. An association may require the owner to use a magnet to obscure any commercial advertisement containing such images.

4. An association may require that a person parking a utility service vehicle, law enforcement vehicle or emergency services vehicle as set forth in ***paragraph (a) or (b) of*** subsection 3 provide written confirmation from his or her employer that the person is qualified to park his or her vehicle in the manner set forth in subsection 3.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 565.

AN ACT relating to industrial insurance; revising provisions governing certain civil actions involving injured employees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the payment of compensation under industrial insurance if, during the course of employment, an employee is injured or killed by a workplace accident or occupational disease. (Chapters 616A-617 of NRS) Existing law defines the term "compensation" to mean the money which is payable to an employee or to the dependents of the employee as provided in existing law governing industrial insurance, including benefits for funerals, accident benefits or medical benefits and money for rehabilitative services. (NRS 616A.090, 617.050)

If the injury of an injured employee was caused under circumstances creating legal liability in a person other than the employer or a person in the same employ, existing law authorizes an injured employee or the dependents of the employee, under certain circumstances, to take proceedings to recover damages from that third party. Existing law also authorizes the industrial insurer or Administrator ~~[,]~~ **of the Division of Industrial Relations of the**

Department of Business and Industry, under certain circumstances, to recover damages from that third party. Additionally, under existing law, the industrial insurer or Administrator has a lien against the total proceeds of any recovery by the injured employee or the dependents of the employee. Existing law requires the amount of compensation to which the injured employee or the dependents of the employee are entitled, including any future compensation, to be reduced by the amount of damages or proceeds recovered. (NRS 616C.215)

This bill provides that the maximum amount that the industrial insurer or Administrator may recover for such a lien must be the lesser of: (1) the ~~[full]~~ amount of the lien ~~[;]~~ **, minus an amount equal to one-half of the reasonable costs incurred by the injured employee or the dependents of the employee in procuring the recovery;** or (2) one-third of the total amount of any recovery, inclusive of any attorney's fees or costs ~~[.]~~ **and the monetary value of any other property which is recovered, minus an amount equal to one-half of the reasonable costs incurred by the injured employee or the dependents of the employee in procuring the recovery.**

~~[Except where the full amount of the lien may be recovered, this]~~ **This** bill requires ~~[the lien amount to be reduced by an amount equal to one-half of the]~~ **an itemized memorandum of any such** reasonable ~~[expenses]~~ **costs** incurred by the injured employee or the dependents of the employee in procuring the recovery ~~[, which must]~~ **to** be verified by ~~[a certified public accountant]~~ **the injured employee, the dependents of the employee or the attorney or representative of the injured employee or the dependents of the employee, provided to the industrial insurer or Administrator** and ~~[is]~~ subject to judicial review under certain circumstances. This bill also limits any offset to the amount of future compensation received by the injured employee or dependents of the employee to: (1) an offset against payments of compensation that are not accident benefits; and (2) a reduction in each such payment which does not exceed one-third of the amount of the payment until the total amount of all such reductions equals the ~~[total]~~ **net** amount recovered ~~[, less any applicable reductions.]~~ **by the injured employee or dependents of the employee.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 616C.215 is hereby amended to read as follows:

616C.215 1. If an injured employee or, in the event of his or her death, the dependents of the employee, bring an action in tort against his or her employer to recover payment for an injury which is compensable pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS and, notwithstanding the provisions of NRS 616A.020, receive payment from the employer for that injury:

(a) The amount of compensation the injured employee or the dependents of the employee are entitled to receive pursuant to the provisions of chapters

616A to 616D, inclusive, or chapter 617 of NRS, including any future compensation, must be reduced by the amount paid by the employer.

(b) The insurer, or in the case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, has a lien upon the total amount paid by the employer if the injured employee or the dependents of the employee receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS.

➥ This subsection is applicable whether the money paid to the employee or the dependents of the employee by the employer is classified as a gift, a settlement or otherwise. The provisions of this subsection do not grant to an injured employee any right of action in tort to recover damages from the employer for the injury.

2. When an employee receives an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS and which was caused under circumstances creating a legal liability in some person, other than the employer or a person in the same employ, to pay damages in respect thereof:

(a) The injured employee, or in case of death the dependents of the employee, may take proceedings against that person to recover damages, but the amount of the compensation the injured employee or the dependents of the employee are entitled

to receive pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS, including any future compensation, must be reduced by the amount of the damages recovered, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

(b) If the injured employee, or in case of death the dependents of the employee, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS, the insurer, or in case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, has a right of action against the person so liable to pay damages and is subrogated to the rights of the injured employee or of the employee's dependents to recover therefor.

3. When an injured employee incurs an injury for which compensation is payable pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS and which was caused under circumstances entitling the employee, or in the case of death the dependents of the employee, to receive proceeds under his or her employer's policy of uninsured or underinsured vehicle coverage:

(a) The injured employee, or in the case of death the dependents of the employee, may take proceedings to recover those proceeds, but the amount of compensation the injured employee or the dependents of the employee are entitled to receive pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS, including any future compensation, must be reduced by the amount of proceeds received.

(b) If an injured employee, or in the case of death the dependents of the employee, receive compensation pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS, the insurer, or in the case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, is subrogated to the rights of the injured employee or the dependents of the employee to recover proceeds under the employer's policy of uninsured or underinsured vehicle coverage. The insurer and the Administrator are not subrogated to the rights of an injured employee or the dependents of the employee under a policy of uninsured or underinsured vehicle coverage purchased by the employee.

(c) Any provision in the employer's policy of uninsured or underinsured vehicle coverage which has the effect of:

(1) Limiting the rights of the injured employee or the dependents of the employee to recover proceeds under the policy because of the receipt of any compensation pursuant to the provisions of chapters 616A to 616D, inclusive, or chapter 617 of NRS;

(2) Limiting the rights of subrogation of the insurer or Administrator provided by paragraph (b); or

(3) Excluding coverage which inures to the direct or indirect benefit of the insurer or Administrator,

➥ is void.

4. In any action or proceedings taken by the insurer or the Administrator pursuant to this section, evidence of the amount of compensation, accident benefits and other expenditures which the insurer, the Uninsured Employers' Claim Account or a subsequent injury account have paid or become obligated to pay by reason of the injury or death of the employee is admissible.

If in such action or proceedings the insurer or the Administrator recovers more than those amounts, the excess must be paid to the injured employee or the dependents of the employee.

5. ~~[In]~~ ***Except as otherwise provided in subsection 7, in*** any case where the insurer or the Administrator is subrogated to the rights of the injured employee or of the employee's dependents as provided in subsection 2 or 3, the insurer or the Administrator has a lien upon the total proceeds of any recovery from some person other than the employer, whether the proceeds of such recovery are by way of judgment, settlement or otherwise. The injured employee, or in the case of his or her death the dependents of the employee, are not entitled to double recovery for the same injury, notwithstanding any act or omission of the employer or a person in the same employ which was a direct or proximate cause of the employee's injury.

6. ~~[The]~~ ***Except as otherwise provided in subsection 7, the*** lien provided for pursuant to subsection 1 or 5 includes the total compensation expenditure incurred by the insurer, the Uninsured Employers' Claim Account or a subsequent injury account for the injured employee and the dependents of the employee.

7. ***For a lien provided for pursuant to subsection 5:***

(a) The maximum amount which the insurer or Administrator may recover must be the lesser of:

(1) The ~~[full]~~ amount of the lien ~~[;]~~ , as reduced pursuant to paragraph (b); or

(2) One-third of the total amount recovered from the person other than the employer or person in the same employ ~~[.]~~ , as reduced pursuant to paragraph (b). As used in this subparagraph, "total amount recovered" means the total proceeds described in subsection 5, including, without limitation, any attorney's fees or costs ~~[.]~~ and the monetary value of any virtual currency, securities, real property, personal property or intellectual property which is part of the judgment, settlement or other means of recovery, as applicable, as calculated on the date on which the judgment, settlement or other document providing for the other means of recovery, as applicable, is executed.

(b) ~~[Except under circumstances in which the full]~~ The maximum amount ~~[of]~~ which the ~~[lien is recoverable]~~ insurer or Administrator may recover pursuant to ~~[subparagraph (1) of]~~ paragraph (a) ~~[, the lien]~~ must be reduced by an amount equal to one-half of the reasonable ~~[expenses]~~ costs incurred by the injured employee, or in the case of death the dependents of the employee, in prosecuting or settling the claim against a person other than the employer or person in the same employ. ~~[The accounting]~~ An itemized memorandum of any such reasonable ~~[expenses:]~~ costs:

(2) Is subject to judicial review in a court of competent jurisdiction, if a petition is filed within 30 days after the date on which the insurer or Administrator receives a verified ~~[accounting]~~ itemized memorandum provided pursuant to subparagraph (1).

(c) If the insurer or Administrator imposes an offset to the amount of future compensation that the injured employee, or in the case of death the dependents of the employee, is entitled to receive:

(1) Such an offset may be applied only against payments of compensation that are not accident benefits; and

(2) Each individual payment to which the offset applied must be reduced by not more than one-third of the amount otherwise owed until the total amount of all such reductions equals the ~~[total]~~ net amount recovered ~~[, as defined in subparagraph (1) of paragraph (a), less any reductions imposed]~~ by the injured employee, or in the case of death the dependents of the employee, from the person other than the employer or person in the same employ. As used in this subparagraph, "net amount recovered" means an amount equal to the monetary value of the total amount recovered, as defined in subparagraph (2) of paragraph (a), minus:

(I) The maximum amount which the insurer or Administrator may recover pursuant to ~~[paragraphs]~~ paragraph (a) ; and ~~[(b),]~~

(II) The amount of any attorney's fees.

8. An injured employee, or in the case of death the dependents of the employee, or the attorney or representative of the injured employee or the dependents of the employee, shall notify the insurer, or in the case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, in writing before initiating a proceeding or action pursuant to this section.

~~[8.]~~ ***9.*** Within 15 days after the date of recovery by way of actual receipt of the proceeds of the judgment, settlement or otherwise:

(a) The injured employee or the dependents of the employee, or the attorney or representative of the injured employee or the dependents of the employee; and

(b) The third-party insurer,

➥ shall notify the insurer, or in the case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, of the recovery and pay to the insurer or the Administrator, respectively, the amount due pursuant to this section together with an itemized statement showing the distribution of the total recovery. The attorney or representative of the injured employee or the dependents of the employee and the third-party insurer are jointly and severally liable for any amount to which an insurer is entitled pursuant to this section if the attorney, representative or third-party insurer has knowledge of the lien provided for in this section.

~~[9.]~~ ***10.*** An insurer shall not sell its lien to a third-party insurer unless the injured employee or the dependents of the employee, or the attorney or representative of the injured employee or the dependents of the employee, refuses to provide to the insurer information concerning the action against the third party.

~~[10.]~~ ***11.*** In any trial of an action by the injured employee, or in the case of his or her death by the dependents of the employee, against a person other than the employer or a person in the same employ, the jury must receive proof of the amount of all payments made or to be made by the insurer or the Administrator. The court shall instruct the jury substantially as follows:

Payment of workmen's compensation benefits by the insurer, or in the case of claims involving the Uninsured Employers' Claim Account or a subsequent injury account the Administrator, is based upon the fact that a compensable industrial accident occurred, and does not depend upon blame or fault. If the plaintiff does not obtain a judgment in his or her favor in this case, the plaintiff is not required to repay his or her employer, the insurer or the Administrator any amount paid to the plaintiff or paid on the behalf of the plaintiff by the plaintiff's employer, the insurer or the Administrator.

If you decide that the plaintiff is entitled to judgment against the defendant, you shall find damages for the plaintiff in accordance with the court's instructions on damages and return your verdict in the plaintiff's favor in the

amount so found without deducting the amount of any compensation benefits paid to or for the plaintiff. The law provides a means by which any compensation benefits will be repaid from your award.

~~[11.]~~ ***12.*** To calculate an employer's premium, the employer's account with the private carrier must be credited with an amount equal to that recovered by the private carrier from a third party pursuant to this section, less the private carrier's share of the expenses of litigation incurred in obtaining the recovery, except that the total credit must not exceed the amount of compensation actually paid or reserved by the private carrier on the injured employee's claim.

~~[12.]~~ ***13.*** As used in this section, "third-party insurer" means an insurer that issued to a third party who is liable for damages pursuant to subsection 2, a policy of liability insurance the proceeds of which are recoverable pursuant to this section. The term includes an insurer that issued to an employer a policy of uninsured or underinsured vehicle coverage.

Sec. 2. 1. The amendatory provisions of this act apply to any:

(a) Action or proceeding initiated pursuant to or which is subject to the provisions of NRS 616C.215, as that section existed before the effective date of this act, or as amended by section 1 of this act, in which a final judgment, settlement or other disposition has not been entered by the effective date of this act.

AN ACT relating to public safety; creating the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone; authorizing certain entities to establish certain parking restrictions and prohibitions and enter into

agreements with other governmental entities to provide parking enforcement and collect parking fees within the Safety Zone; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth the Tahoe Regional Planning Compact, an interstate agreement between the States of California and Nevada pursuant to which the bistate Tahoe Regional Planning Agency regulates environmental and land-use matters within the Lake Tahoe Basin. (NRS 277.190-277.220) The Tahoe Regional Planning Compact provides for the creation of the Tahoe transportation district as a special purpose district managed by a board of directors which develops and implements transportation plans and programs for the Lake Tahoe Basin.

Existing law also establishes the State Route 159 Safety Speed Zone and authorizes **: (1)** the Director of the Department of Transportation to set the maximum speed in the Speed Zone **;** and **(2)** the Department to ensure that adequate signage and **other forms of** notice are installed. (NRS 484B.621) **Section 1** of this bill creates the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone, consisting of any portion of U.S. Highway 50, Nevada State Route 28, Nevada State Route 431 and Nevada State Route 207 that is located in the Lake Tahoe Region and directly connected to a recreational destination or that has otherwise been designated as a scenic byway. **Section 1** authorizes the Department and **certain** local law enforcement agencies to: (1) establish certain traffic control measures and parking restrictions and prohibitions within the Safety Zone; and (2) enter into an agreement with one or more state agencies, local governments, local governmental agencies in the Region or the Tahoe transportation district to develop public parking, provide parking enforcement and issue parking citations or notices of noncompliance within the Safety Zone. **Section 1** further authorizes the Department to: (1) establish and collect fees for public parking on certain land within the Safety Zone; and (2) enter into agreements with certain governmental entities to enforce and collect fees for parking within the Safety Zone. The proceeds of: (1) such fees must be used to manage parking in the ~~[Safety Zone;]~~ **Lake Tahoe Region;** and (2) any fines imposed ~~[by]~~ **for violations of** a parking restriction or prohibition, with certain exceptions, must be used for parking enforcement within the Safety Zone.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 484B of NRS is hereby amended by adding thereto a new section to read as follows:

1. The Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone is hereby created in the Lake Tahoe Region, consisting of any portion of U.S. Highway 50, Nevada State Route 28, Nevada State Route 431 and Nevada State Route 207 that is located in the Lake Tahoe Region and directly

connected to a recreational destination or that has otherwise been designated as a Scenic Byway.

2. Within the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone, the Department of Transportation and any local law enforcement agency with jurisdiction in the Region may:

(a) Place traffic control devices on any portion of highway in the Safety Zone and implement measures of traffic calming;

(b) Prohibit or restrict parking on the shoulder of any highway in the Safety Zone; and

(c) Prohibit or restrict a person from stopping, leaving standing or parking a vehicle anywhere the Department of Transportation or the local law enforcement agency determines such activities are dangerous to other persons operating a vehicle on a highway in the Safety Zone or would duly interfere with the free movement of traffic on such highway.

➥ A person shall not stop, park or leave standing any vehicle in violation of a traffic control device, prohibition or restriction established pursuant to this subsection.

3. In addition to the provisions of subsection 2:

(a) The Department of Transportation may, on any land owned or held by the Department of Transportation:

(1) Establish and collect fees for public parking; and

(2) Enter into an agreement with one or more state agencies, local governments, local governmental agencies or the Tahoe transportation district, as applicable, to enforce and collect any fee established pursuant to this paragraph for public parking; and

(b) The Department of Transportation or a law enforcement agency may enter into agreements with one or more state agencies, local governments with jurisdiction in the Region, local governmental agencies or the Tahoe transportation district relating to parking in the Safety Zone, including, without limitation:

(1) The development of public parking in any right-of-way or land owned by the State and pedestrian pathways for residents and visitors who use such public parking to move from the public parking to a recreational destination; and

(2) The enforcement of parking restrictions and prohibitions established pursuant to subsection 2.

4. Any agreement entered into pursuant to subsection 3:

A citation or

notice of noncompliance authorized by this paragraph and issued pursuant to the agreement has the same force and effect as a citation or notice issued by a peace officer. The employee must file the original or a copy of the citation or notice of compliance in the manner required pursuant to NRS 484A.680.

(b) Must prohibit the issuance of citations or notices of noncompliance in any area within the Lake Tahoe Basin Scenic Byway Corridor Recreation Safety Zone where there is no access to a recreation destination from the public parking using public transit or pedestrian pathways.

5. A state agency, local government or local governmental agency that appoints an employee to issue citations or notices of noncompliance pursuant to subsection 4 is not liable for the negligent acts or omissions of such an employee unless:

(a) The employee made a specific promise or representation to a natural person who relied upon the promise or representation to the person's detriment; or

(b) The conduct of the employee affirmatively caused the harm.

➥ The provisions of this section are not intended to abrogate the principle of common law that the duty of governmental entities to provide services is a duty owed to the public, not to individual persons.

6. Any fee established by the Department of Transportation pursuant to subsection 3 and collected by the Department of Transportation, a state agency, a local government or a local governmental agency must be used to manage parking in the Lake Tahoe Region, including, without limitation:

(a) The operation and maintenance of public parking and pedestrian pathways;

(b) The enforcement of parking restrictions and prohibitions and fees for public parking;

(c) The installation of adequate signage to support safety and provide information to any person using the public parking; and

(d) The development, operation and maintenance of amenities for any person using the public parking, including, without limitation, restrooms and trash cans.

7. Any fine collected by the Department of Transportation, a law enforcement agency, a state agency, a local government or a local governmental agency pursuant to this section must be used in the Lake Tahoe Region for enforcing parking restrictions and prohibitions in the Safety Zone.

REMARKS FROM THE FLOOR

ASSEMBLYMEMBER YUREK:

Colleagues, this week, May 11 through May 17, 2025, we join the nation in commemorating National Police Week and observing Police Officers Memorial Day, which is today, May 15. It is a time when we pause the bustle of policy and partisanship to honor the women and men who wear the badge, to remember the fallen who can no longer answer the roll call, and to recommit ourselves to the safety of those who still stand watch.

Since Nevada's statehood in 1864, peace officers from every corner of our state—state troopers, county deputies, municipal police, tribal officers, correctional and patrol personnel, and yes, even the dedicated Nevada Legislative Police who protect this very building—have stepped into danger so that the rest of us might live, work, and assemble in peace. Many have paid the ultimate price. Their names are etched on the Nevada Law Enforcement [Officers] Memorial, right here, on our Capitol grounds and on the National Law Enforcement Officers Memorial in Washington D.C. At the close of our floor session today, I would encourage each of you to step outside and pay your respects at our own memorial. Let us show with our presence that their sacrifice is remembered.

To the families of the fallen, we recognize that every loss echoes far beyond the last radio call. Your loved ones' courage sustains the liberties debated on this floor, and Nevada stands with you in enduring gratitude. To those still serving, patrolling our highways in the predawn-dark, responding to calls no one else can answer, and standing silent posts here in our Chamber, we thank you. The thin blue line is more than a symbol. It is a living promise that order, justice, and community will prevail over chaos. We acknowledge the long hours, the split-second decisions, and the unseen stresses of the job. We pledge, as legislators, to craft policies that support officer safety, wellness, and transparency, strengthening the partnership between law enforcement and the Nevadans they serve. Allow me one brief word of faith, "Blessed are the peacemakers, for they are the children of God." May that promise guide our hearts and sustain those who keep vigil, while others sleep.

Finally, let us remember that public safety is a shared covenant. We ask much of our peace officers. We owe them clear laws, adequate resources, and heartfelt respect. May this week's tributes inspire us to act, not only in ceremony, but in policy, in ways that honor their service every day of the year. Mr. Speaker, I ask that we might pause for a brief moment of silence; first, for the Nevadans who will never again answer roll call, and then for the men and women who will suit up this evening and drive out into the dark on our behalf.

CARSON CITY (Friday), May 16, 2025

Assembly called to order at 12 noon.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Pastor Paul Larson.

O Spirit of Wisdom, present in all traditions that seek You, we gather in humility and hope. You who whisper truth in every human heart, remind us today that good governance begins not with shouting, but with listening. Bend our ears towards one another, especially when disagreement feels easier than dialogue. Soften our hearts and give us the holy courage to ask, what does our neighbor need? Bind us together, not in uniformity, but in the bold, messy, necessary work of providing for the common good. Grant every legislator here today the gift of humble leadership and a heart big enough for all Nevadans.

AMEN.

Pledge of Allegiance to the Flag.

SECOND READING AND AMENDMENT

Assembly Bill No. 551.

Bill read second time and ordered to third reading.

Senate Bill No. 20.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 578.

SUMMARY—Revises provisions relating to ~~[criminal procedure.]~~ **judicial administration.** (BDR 14-476)

AN ACT relating to ~~[criminal procedure;]~~ **judicial administration;** revising requirements relating to certain proceedings in justice court; **revising provisions governing the selection of jurors;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires certain proceedings in a justice court to be recorded by the use of sound recording equipment. (NRS 4.390) Existing law also specifies that if a case is tried by jury in a justice court, a certified court reporter must be present and report on the trial under certain circumstances. (NRS 175.011) **Section 4** of this bill eliminates this requirement, thereby authorizing a justice court to record a proceeding before a jury using sound recording equipment under certain circumstances.

Existing law provides that sound recordings of certain proceedings in justice court must be preserved for certain periods. (NRS 4.420) **Section 5.5** of this bill provides that with respect to certain criminal proceedings in a justice court, sound recordings must be preserved for a period of at least 5 years.

Existing law authorizes a district court to assign a jury commissioner to select trial jurors. Existing law requires a jury commissioner so assigned to select trial jurors from among the qualified electors of the county or city, as applicable, who are not exempt from jury duty. As part of the jury selection process, existing law requires a jury commissioner to compile and maintain a list of qualified electors from information provided to the jury commissioner, including information provided by the Department of Health and Human Services concerning persons who receive public assistance. (NRS 6.045) Section 5.7 of this bill creates an exception to this requirement if the inclusion of such information is prohibited by federal law or regulation.

Existing law also requires the Department, upon the request of a district judge or jury commissioner, to provide a list of the names and addresses of persons who receive public assistance for use in jury selection. (NRS 422A.343) Section 5.9 of this bill creates an exception to this requirement if the provision of such information is prohibited by federal law or regulation.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. (Deleted by amendment.)

Sec. 2. (Deleted by amendment.)

Sec. 3. (Deleted by amendment.)

Sec. 4. NRS 175.011 is hereby amended to read as follows:

175.011 1. Cases required to be tried by jury must be so tried unless the defendant waives a jury trial in writing with the approval of the court and the consent of the prosecuting attorney. A defendant who pleads not guilty to the charge of a capital offense must be tried by jury.

2. (NRS 33.590)

This bill authorizes an officer to immediately confiscate a firearm **that is on the person or** in the ~~[custody or control or]~~ immediate vicinity of a person placed on a mental health crisis hold and requires the officer, at the time that the firearm is confiscated, to provide the person with a receipt which describes the firearm and a notice which sets forth the procedures governing the return of the firearm.

Bill ordered reprinted, re-engrossed, and to third reading.

Senate Bill No. 451.

Bill read third time.

Remarks by Assemblymembers Backus, Dickman, Gallant, and Marzola.

ASSEMBLYMEMBER BACKUS:

Senate Bill 451 provides for the continued imposition, use, apportionment, and administration of a property tax rate of 20 cents on each $100 of assessed value in unincorporated areas of Clark County and the City of Las Vegas, which was originally approved by the voters at the November 1996 General Election to be imposed for a period of 30 years, for the employment of police officers with the Las Vegas Metropolitan Police Department, beginning July 1, 2027, and ending June 30, 2057.

Supporting S.B. 451 is about making sure we do not fall behind on public safety. It is about giving our officers the stability they need to do their jobs well and giving our families the peace

of mind they deserve. This funding allows the Las Vegas Metropolitan Police Department to deliver the vital services our community has come to expect, and to reduce crime, increase services, and keep our community safe. Nevada's families are worth it. I urge your full support of S.B. 451.

ASSEMBLYMEMBER DICKMAN:

I rise in opposition to Senate 451. This is really difficult for me because I have been told that my "no" vote is going to be interpreted as wanting to defund the police, which could not be further from the truth. We all want officers protecting us, and no one supports peace officers more than I do. However, this tax was implemented by a vote of the people, and it should be extended by a vote of the people. I was told that it would cost $170 million to keep the 800 officers. From Clark County's own budget, here are a couple of examples of wants rather than needs: [$]271 million for new park upgrades and splash pads, [$]634 million for county building remodels and office construction, [$]215 million in technology upgrades, not for public safety, but for internal departments. There is plenty of money to fund our police if spending is properly prioritized. I urge a "no" vote.

ASSEMBLYMEMBER GALLANT:

I rise in support of Senate Bill 451. I dug into this bill and looked at the history. When we take a look at the Clark County and the Las Vegas ballot initiative, there was no language about sunsetting. The more revenue from our property taxes, it was this body that enacted the 30-year sunset. For that reason, I do believe that it is in our purview to choose to extend it. I do hope that our cops have our support from this body.

ASSEMBLYMEMBER MARZOLA:

I rise in support of Senate Bill 451. I proudly support Senate Bill 451 because it represents a clear and necessary investment in public safety and the well-being of our communities. This funding allows the Las Vegas Metro Police Department to deliver the vital services our community has come to expect. By passing this measure, we ensure that our neighborhoods and families remain safe and well protected, not just today, but for future generations to come. As a mother, I believe our families deserve to feel safe in their homes, their schools, and their neighborhoods. By supporting this legislation, we are taking action to ensure that law enforcement can meet the growing needs of our communities while maintaining high standards of service. Senate Bill No. 451 keeps our families safe; it is smart policy and necessary for Nevada.

Remarks by Assemblymember Hardy.

ASSEMBLYMEMBER HARDY:

Assembly Bill 381 requires peace officers and animal control officers to seize animals found to be treated cruelly and ensures that local governments provide the animal with shelter and care or arrange humane euthanasia with the owner's written permission. If the owner does not request a hearing within five days or cannot be identified, the animal is forfeited to the local government. The bill enhances penalties for animal cruelty and related offenses, including: torturing, maiming, mutilating, or killing an animal; willful and malicious treatment in certain circumstances; abandonment of an animal; certain animal cruelty which causes the animal's death; and harming a police animal.

In addition, courts may ban convicted offenders from owning an animal for periods of time and can order restitution for associated costs and require counseling or treatment. Juvenile offenders must receive psychological evaluation and counseling. It also authorizes courts to issue restraining orders and provides an affirmative defense in certain circumstances.

I rise in support of Assembly Bill 381. "Justice for Reba," that was the message so many of us heard loudly and clearly in July of 2024 after a bulldog was trapped in a plastic bin with the lid taped shut and left behind in a grocery store dumpster. Since the moment I first heard this tragic story, I vowed to carry legislation for Reba and for all those like her that suffer unspeakable cruelty, and to ensure Reba's death was not in vain. Today, I rise to speak not just for our constituents, but for the voiceless; the animals who suffer in silence at the hands of abusers. Reba's law was born from tragedy, but it carries a message of hope and accountability. It tells the people of Nevada that we will not tolerate cruelty, and we will not allow innocent lives to be harmed without consequence. Reba's life mattered. With this law, we make it clear that all animals deserve protection, dignity, and justice. Let Nevada lead the way in saying no more leniency for abusers, no more silence in the face of suffering. Let this be our stand for compassion, for justice, and for Reba.

Amendment No. 560.

AN ACT relating to health care; requiring certain health facilities and providers of health care to take reasonable steps to provide a person with limited English proficiency with language assistance under certain circumstances; prescribing requirements governing the use of interpreters and translators to comply with that requirement; authorizing the discipline of certain health facilities and providers of health care for certain violations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal regulations require certain health care entities to take reasonable steps to provide meaningful access to persons with limited English proficiency who are eligible to be served or likely to be directly affected by a health program or activity of the entity. (45 C.F.R. § 92.201(a)) The Director of the Office for Civil Rights of the United States Department of Health and Human Services has provided additional guidance by defining meaningful access to mean ensuring that language barriers do not prevent a person from obtaining necessary health services and care. (Melanie Fontes Rainer, Director, Office for Civil Rights U.S. Dep't. of Health and Human Services

(Dec. 5, 2024), Dear Colleague Letter Regarding Language Access Provisions of the Final Rule Implementing Section 1557 of the Affordable Care Act, retrieved from http://www.hhs.gov/sites/default/files/ocr-dcl-section-1557-language-access.pdf) Existing federal regulations prescribe various requirements and procedures governing the use of interpreters and translators to comply with those requirements. (45 C.F.R. § 92.201)

Sections 5-8 and 16-20 of this bill codify similar provisions into state law, thereby requiring certain health facilities and providers of health care to take reasonable steps to ensure that language barriers do not prevent a person with limited English proficiency from obtaining necessary access to health care. **Sections 5, 16 and 20** prescribe certain factors for determining whether an action is necessary for a health facility or provider of health care to be in compliance with that requirement. **Sections 5 and 16** require that a service to provide language assistance be available free of charge, be accurate in translation or interpretation, be provided in a timely manner and protect the ability of the person with limited English proficiency to make independent decisions. **Sections 5 and 16** require that a qualified translator review a machine-translated document under certain circumstances.

Sections 5 and 16 require a health facility or provider of health care to use a qualified interpreter or translator to provide interpreting or translating services, and **sections 8 and 19** establish the qualifications to serve as an interpreter or translator. **Sections 6 and 17** prohibit the use of an unqualified interpreter, except in certain circumstances. **Sections 6 and 17** also prohibit a health facility or provider of health care from requiring a person with limited English proficiency to provide his or her own interpreter or pay the cost of an interpreter. **Sections 7 and 18** prescribe requirements governing the use of a remote interpreter. **Sections 3, 4 and 15** of this bill define certain terms, and **section 2** of this bill establishes the applicability of the definitions set forth in **sections 3 and 4**. **Sections 9 and 10** of this bill make conforming changes to establish the applicability of certain provisions. **Sections 11-13, 20 and 21** of this bill prescribe various mechanisms for the enforcement of **sections 5-8 and 16-19**, including the imposition of administrative sanctions against a health facility that fails to comply with those provisions and professional discipline against a provider of health care who fails to comply with those provisions.

The following amendment was proposed by the Committee on Legislative Operations and Elections:
Amendment No. 587.
AN ACT relating to public office; revising provisions relating to the eligibility of a public officer to remain in office; requiring a public officer to take additional oaths of office; authorizing an elector to file a challenge to the eligibility of an incumbent of a public office; revising provisions relating to vacancies in nomination for a public office; providing that, with certain exceptions, the proof of identity and residency provided with a declaration of candidacy is a public record; revising provisions relating to a challenge to the qualifications of a candidate for public office; revising the information that must be included on a certified list of candidates for public office; providing a penalty; and providing other matters properly relating thereto.
Legislative Counsel's Digest:
Existing law provides that, for the purpose of determining a person's eligibility for public office, the residence of a person is the person's actual residence within the State, county, district, ward, subdistrict or other unit prescribed by law. (NRS 281.050) **Section 1** of this bill provides that it is the public policy of this State to ensure that a person continues to reside in the area prescribed by law for the office during the entire term of the office.
Existing law requires members of the Legislature and all public officers, executive, judicial and ministerial, to take an oath of office before entering upon their duties of office. (NRS 282.020) **Section 2** of this bill requires all members of the Legislature and public officers to swear additional oaths under

penalty of perjury, including that they will relinquish office under certain circumstances. **Sections 1.5 and 3** of this bill make conforming changes to provide that public officers must take and subscribe to more than one oath.

Under existing law, with certain exceptions, a public office becomes vacant upon certain events, including the ceasing of the incumbent to be an actual, as opposed to constructive, resident of the State, district, county, city, ward or other unit prescribed by law in which the duties of the incumbent are to be exercised, or from which the incumbent was elected or appointed, or in which the incumbent was required to reside to be a candidate for office or appointed to office. If, upon the happening of such an event, the incumbent fails or refuses to relinquish the office, existing law requires the Attorney General or district attorney to commence and prosecute proceedings to declare the office vacant. (NRS 283.040) **Section 3** authorizes an elector with knowledge or evidence of the happening of such an event to file with the Attorney General or district attorney a challenge to the incumbent on the grounds that a vacancy has occurred because the event has occurred.

Under existing law, if a vacancy occurs in a major or minor political party nomination for a partisan office before a certain date in July of the year in which the general election is held because the nominee dies or is adjudicated insane or mentally incompetent, the party central committee or executive committee may designate a candidate to fill the nomination and the board of county commissioners in certain legislative districts comprising more than one county may vote to appoint a candidate to fill the vacancy and in all other cases, the nominee's name must remain on the ballot and, if elected, a vacancy exists. (NRS 293.165, 293.166) **Sections 4 and 5** of this bill provide that if a vacancy occurs before a certain date in July in the year in which the general election is held because the nominee no longer actually resides in the State, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, the party central committee or executive committee may designate a candidate to fill the vacancy and the board of county commissioners in certain legislative districts comprising more than one county may vote to appoint a candidate to fill the vacancy.

Section 11 of this bill provides that if a vacancy in nomination occurs for a city office after a certain date in July because the nominee no longer actually resides in the State, district, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, the nominee's name must remain on the ballot and, if elected, a vacancy exists.

Under existing law, with certain exceptions, a name may not be printed on a ballot for primary election unless the candidate, including a candidate appointed to fill a vacancy in a nomination, has filed a declaration of candidacy which must be accompanied by proof of identity and residency of the candidate. The filing officer is required to retain a copy of the proof of identity and residency which, except for certain confidential information, may not be withheld from the public. (NRS 293.177, 293C.185) **Sections 6 and 9** of this

bill provide that, except for certain confidential information, such proof of identity and residency is a public record.

Existing law authorizes an elector to file with the filing officer for an office a written challenge to a person on the grounds that the person fails to meet a qualification for office. If probable cause exists to support the challenge, existing law requires the Attorney General, district attorney or city attorney to petition a court of competent jurisdiction regarding the issue. (NRS 293.182, 293C.186) **Sections 7 and 10** of this bill require the Attorney General or district attorney **or city attorney** to notify the elector who filed the challenge of the time and place of a hearing scheduled on the challenge.

Existing law requires the Secretary of State and county clerk to forward to each other a certified list containing the name and mailing address of each person for whom candidacy papers have been filed. (NRS 293.187) **Section 8** of this bill requires the certified list to contain the residential address where the person actually resides and the mailing address, if different than the residential address.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 281.050 is hereby amended to read as follows:

281.050 1. The residence of a person with reference to his or her eligibility to any office is the person's actual residence within the State, county, district, ward, subdistrict or any other unit prescribed by law, as the case may be, during all the period for which residence is claimed by the person.

2. Except as otherwise provided in subsections 3 and 4, if any person absents himself or herself from the jurisdiction of that person's actual residence with the intention in good faith to return without delay and continue such actual residence, the period of absence must not be considered in determining the question of residence.

3. If a person who has filed a declaration of candidacy for any elective office moves the person's actual residence out of the State, county, district, ward, subdistrict or any other unit prescribed by law, as the case may be, in which the person is required actually, as opposed to constructively, to reside in order for the person to be eligible to the office, a vacancy is created thereby and the appropriate action for filling the vacancy must be taken.

4. Once a person's actual residence is fixed, the person shall be deemed to have moved the person's actual residence for the purposes of this section if:

(a) The person has acted affirmatively and has actually removed himself or herself from the place of permanent habitation where the person actually resided and was legally domiciled;

(b) The person has an intention to abandon the place of permanent habitation where the person actually resided and was legally domiciled; and

(c) The person has an intention to remain in another place of permanent habitation where the person actually resides and is legally domiciled.

5. Except as otherwise provided in this subsection and NRS 293.1265, the district court has jurisdiction to determine the question of residence in any preelection action for declaratory judgment brought against a person who has filed a declaration of candidacy for any elective office. If the question of residence relates to whether an incumbent meets any qualification concerning residence required for the term of office in which the incumbent is presently serving, the district court does not have jurisdiction to determine the question of residence in an action for declaratory judgment brought by a person pursuant to this section but has jurisdiction to determine the question of residence only in an action to declare the office vacant that is authorized by NRS 283.040 and brought by the Attorney General or the appropriate district attorney pursuant to that section.

6. Except as otherwise provided in NRS 293.1265, if in any preelection action for declaratory judgment, the district court finds that a person who has filed a declaration of candidacy for any elective office fails to meet any qualification concerning residence required for the office pursuant to the Constitution or laws of this State, the person is subject to the provisions of NRS 293.2045.

7. For the purposes of this section, in determining whether a place of permanent habitation is the place where a person actually resides and is legally domiciled:

(a) It is the public policy of this State to avoid sham residences and to ensure that the person actually, as opposed to constructively, resides in the area prescribed by law for the office ***and actually continues to reside in the area prescribed by law for the office during the entire term of the office*** so the person has an actual connection with the constituents who reside in the area and has particular knowledge of their concerns.

(b) The person may have more than one residence but only one legal domicile, and the person's legal domicile requires both the fact of actual living in the place and the intention to remain there as a permanent residence. If the person temporarily leaves the person's legal domicile, or leaves for a particular purpose, and does not take up a permanent residence in another place, then the person's legal domicile has not changed. Once the person's legal domicile is fixed, the fact of actual living in another place, the intention to remain in the other place and the intention to abandon the former legal domicile must all exist before the person's legal domicile can change.

(c) Evidence of the person's legal domicile includes, without limitation:

(1) The place where the person lives the majority of the time and the length of time the person has lived in that place.

(2) The place where the person lives with the person's spouse or domestic partner, if any.

(3) The place where the person lives with the person's children, dependents or relatives, if any.

(4) The place where the person lives with any other individual whose relationship with the person is substantially similar to a relationship with a spouse, domestic partner, child, dependent or relative.

(5) The place where the person's dogs, cats or other pets, if any, live.

(6) The place listed as the person's residential address on the voter registration card, as defined in NRS 293.1205, issued to the person.

(7) The place listed as the person's residential address on any driver's license or identification card issued to the person by the Department of Motor Vehicles, any passport or military identification card issued to the person by the United States or any other form of identification issued to the person by a governmental agency.

(8) The place listed as the person's residential address on any registration for a motor vehicle issued to the person by the Department of Motor Vehicles or any registration for another type of vehicle or mode of transportation, including, without limitation, any aircraft, vessels or watercraft, issued to the person by a governmental agency.

(9) The place listed as the person's residential address on any applications for issuance or renewal of any license, certificate, registration, permit or similar type of authorization issued to the person by a governmental agency which has the authority to regulate an occupation or profession.

(10) The place listed as the person's residential address on any document which the person is authorized or required by law to file or record with a governmental agency, including, without limitation, any deed, declaration of homestead or other record of real or personal property, any applications for services, privileges or benefits or any tax documents, forms or returns, but excluding the person's declaration of candidacy.

(11) The place listed as the person's residential address on any type of check, payment, benefit or reimbursement issued to the person by a governmental agency or by any type of company that provides insurance, workers' compensation, health care or medical benefits or any self-insured employer or third-party administrator.

(12) The place listed as the person's residential address on the person's paycheck, paystub or employment records.

(13) The place listed as the person's residential address on the person's bank statements, insurance statements, mortgage statements, loan statements, financial accounts, credit card accounts, utility accounts or other billing statements or accounts.

(14) The place where the person receives mail or deliveries from the United States Postal Service or commercial carriers.

(d) The evidence listed in paragraph (c) is intended to be illustrative and is not intended to be exhaustive or exclusive. The presence or absence of any particular type of evidence listed in paragraph (c) is not, by itself, determinative of the person's legal domicile, but such a determination must be based upon all the facts and circumstances of the person's particular case.

8. As used in this section:

(a) "Actual residence" means the place of permanent habitation where a person actually resides and is legally domiciled. If the person maintains more than one place of permanent habitation, the place the person declares to be the person's principal permanent habitation when filing a declaration of candidacy for any elective office must be the place where the person actually resides and is legally domiciled in order for the person to be eligible to the office.

(b) "Declaration of candidacy" has the meaning ascribed to it in NRS 293.0455.

Sec. 1.5. NRS 282.010 is hereby amended to read as follows:

282.010 1. Members of the Legislature and all officers, executive, judicial and ministerial, shall, before entering upon the duties of their respective offices, provide the official bond required by law, when such bond shall be required, and take and subscribe to the official ~~[oath.]~~ ***oaths.***

2. All officers elected, except Senators and members of the Assembly, shall qualify, and execute and deliver their official bonds when required, as provided in this section, prior to the Tuesday after the first Monday in January ensuing their election.

3. All officers appointed to fill vacancies, in the cases provided by law, shall qualify and give bond when required, within 30 days from the time of their appointment.

4. The term of office of all officers, elected or appointed, shall begin from the time of their qualification, unless some other express provision is made by law.

Sec. 2. NRS 282.020 is hereby amended to read as follows:

282.020 ***1.*** Members of the Legislature and all officers, executive, judicial ***, municipal*** and ministerial, shall, before they enter upon the duties of their respective offices, take and subscribe to the following ***constitutional*** oath:

> I, ..., do solemnly swear (or affirm) that I will support, protect and defend the Constitution and Government of the United States, and the Constitution and government of the State of Nevada, against all enemies, whether domestic or foreign, and that I will bear true faith, allegiance and loyalty to the same, any ordinance, resolution or law of any state notwithstanding, and that I will well and faithfully perform all the duties of the office of ....., on which I am about to enter; (if an oath) so help me God; (if an affirmation) under the pains and penalties of perjury.

2. In addition to the constitutional oath required pursuant to subsection 1, members of the Legislature and all officers, executive, judicial, municipal and ministerial, shall, before they enter upon the duties of their respective offices, take and subscribe to the following oaths:

(a) I, ..., do solemnly swear (or affirm) that I am not under any direct or indirect obligation to vote for, appoint, elect or rule in favor of any person with respect to any office, position, employment or judicial

action; (if an oath) so help me God; (if an affirmation) under the pains and penalties of perjury.

(b) I, ..., do solemnly swear (or affirm) that I actually reside at ....., which is in the area prescribed by law in which I am required to reside, that I will ~~[immediately]~~ notify the filing officer or appointing authority ~~[upon]~~ not later than 30 days after a change of address, and I will relinquish the office of ....., upon the occurrence of an event causing a vacancy set forth in NRS 283.040; (if an oath) so help me God; (if an affirmation) under the pains and penalties of perjury.

3. As used in this section:

(a) "Appointing authority" means a public official, board, commission, committee, council or similar body that has the legal authority to appoint any member of the Legislature or executive, judicial, municipal or ministerial officer.

(b) "Filing officer" has the meaning ascribed to it in NRS 293.057.

Sec. 3. NRS 283.040 is hereby amended to read as follows:

283.040 1. Every office becomes vacant upon the occurring of any of the following events before the expiration of the term:

(a) The death or resignation of the incumbent.

(b) The removal of the incumbent from office.

(c) The confirmed insanity of the incumbent, found by a court of competent jurisdiction.

(d) A conviction of the incumbent of any felony or offense involving a violation of the incumbent's official ~~[oath]~~ ***oaths*** or bond or a violation of NRS 241.040, 293.1755 or 293C.200.

(e) A refusal or neglect of the person elected or appointed to take the ~~[oath]~~ ***oaths*** of office, as prescribed in NRS 282.010, or, when a bond is required by law, a refusal or neglect of the person to give the bond within the time prescribed by law.

(f) Except as otherwise provided in NRS 266.400, the ceasing of the incumbent to be an actual, as opposed to constructive, resident of the State, district, county, city, ward or other unit prescribed by law in which the duties of the incumbent's office are to be exercised, or from which the incumbent was elected or appointed, or in which the incumbent was required to reside to be a candidate for office or appointed to office.

(g) The neglect or refusal of the incumbent to discharge the duties of the incumbent's office for a period of 30 days, except when prevented by sickness or absence from the State or county, as provided by law. In a county whose population is less than 15,000, after an incumbent, other than a state officer, has been prevented by sickness from discharging the duties of the incumbent's office for at least 6 months, the district attorney, either on the district attorney's own volition or at the request of another person, may petition the district court to declare the office vacant. If the incumbent holds the office of district attorney, the Attorney General, either on the Attorney General's own volition or at the request of another person, may petition the district court to declare

the office vacant. The district court shall hold a hearing to determine whether to declare the office vacant and, in making its determination, shall consider evidence relating to:

(1) The medical condition of the incumbent;

(2) The extent to which illness, disease or physical weakness has rendered the incumbent unable to manage independently and perform the duties of the incumbent's office; and

(3) The extent to which the absence of the incumbent has had a detrimental effect on the applicable governmental entity.

(h) The decision of a competent tribunal declaring the election or appointment void or the office vacant.

(i) A determination pursuant to NRS 293.182 or 293C.186 that the incumbent fails to meet any qualification required for the office.

2. Upon the happening of any of the events described in subsection 1, if the incumbent fails or refuses to relinquish the incumbent's office, the Attorney General shall, if the office is a state office or concerns more than one county, or the district attorney shall, if the office is a county office or concerns territory within one county, ***upon his or her own recognizance or a determination that probable cause exists to support a challenge filed pursuant to subsection 3,*** commence and prosecute, in a court of competent jurisdiction, any proceedings for judgment and decree declaring that office vacant.

3. ***An elector with knowledge or evidence of the happening of an event described in subsection 1 may file with the Attorney General, if the office is a state office or concerns more than one county, or the district attorney, if the office is a county office or concerns territory within one county, a written challenge of the officer on the grounds that a vacancy has occurred due to an event described in subsection 1. A challenge filed pursuant to this subsection must:***

(a) Set forth the event described in subsection 1 which has occurred;

(b) Have attached all documentation and evidence supporting the challenge; and

(c) Be in the form of an affidavit, signed by the elector under penalty of perjury.

4. The provisions of this section do not apply to the extent that they conflict or are otherwise inconsistent with any provision of the Constitution of the State of Nevada regarding the power to judge of the qualifications, elections and returns of or to punish, impeach, expel or remove from office the Governor, other state and judicial officers or State Legislators.

Sec. 4. NRS 293.165 is hereby amended to read as follows:

293.165 1. Except as otherwise provided in NRS 293.166, a vacancy occurring in a major or minor political party nomination for a partisan office may be filled by a candidate designated by the party central committee of the county or State, as the case may be, of the major political party or by the executive committee of the minor political party subject to the provisions of subsections 3, 4 and 5.

2. A vacancy occurring in a nonpartisan office or nomination for a nonpartisan office after the close of filing and before 5 p.m. of the fourth Friday in July of the year in which the general election is held must be filled by the person who receives or received the next highest vote for the nomination in the primary election if a primary election was held for that nonpartisan office. If no primary election was held for that nonpartisan office or if there was not more than one person who was seeking the nonpartisan nomination in the primary election, a person may become a candidate for the nonpartisan office at the general election if the person files a declaration of candidacy with the appropriate filing officer and pays the filing fee required by NRS 293.193 after 8 a.m. on the third Monday in June, or if the third Monday in June is a legal holiday, on the day immediately following the third Monday in June, and before 5 p.m. on the fourth Friday in July.

3. If a vacancy occurs in a major political party nomination for a partisan office after the primary election and before 5 p.m. on the fourth Friday in July of the year in which the general election is held and:

(a) The vacancy occurs because the nominee dies **,** ~~[or]~~ is adjudicated insane or mentally incompetent ~~[,]~~ ***or no longer actually, as opposed to constructively, resides in the State, district, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, as determined pursuant to NRS 281.050, 283.040 or 293.182, as applicable,*** the vacancy may be filled by a candidate designated by the party central committee of the county or State, as the case may be, of the major political party.

(b) The vacancy occurs for a reason other than the reasons described in paragraph (a), the nominee's name must remain on the ballot for the general election and, if elected, a vacancy exists.

4. No change may be made on the ballot for the general election after 5 p.m. on the fourth Friday in July of the year in which the general election is held. If, after that time and date:

(a) A nominee dies or is adjudicated insane or mentally incompetent; ~~[or]~~

(b) ***A nominee no longer actually, as opposed to constructively, resides in the State, district, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, as determined pursuant to NRS 281.050, 283.040 or 293.182, as applicable; or***

(c) A vacancy in the nomination is otherwise created,

➥ the nominee's name must remain on the ballot for the general election and, if elected, a vacancy exists.

5. Each designation of a candidate provided for in this section must be filed with the appropriate filing officer before 5 p.m. on the fourth Friday in July of the year in which the general election is held. In each case, the candidate must file a declaration of candidacy with the appropriate filing officer and pay the filing fee required by NRS 293.193 before 5 p.m. on the date the designation is filed.

Sec. 5. NRS 293.166 is hereby amended to read as follows:

293.166 1. A vacancy occurring in a party nomination for the office of State Senator, Assemblyman or Assemblywoman from a legislative district comprising more than one county may be filled as follows, subject to the provisions of subsections 2, 3 and 4. The county commissioners of each county, all or part of which is included within the legislative district, shall meet to appoint a person who is of the same political party as the former nominee and who actually, as opposed to constructively, resides in the district to fill the vacancy, with the chair of the board of county commissioners of the county whose population residing within the district is the greatest presiding. Each board of county commissioners shall first meet separately and determine the single candidate it will nominate to fill the vacancy. Then, the boards shall meet jointly and the chairs on behalf of the boards shall cast a proportionate number of votes according to the percent, rounded to the nearest whole percent, which the population of its county is of the population of the entire district. Populations must be determined by the last decennial census or special census conducted by the Bureau of the Census of the United States Department of Commerce. The person who receives a plurality of these votes is appointed to fill the vacancy. If no person receives a plurality of the votes, the boards of county commissioners of the respective counties shall each as a group select one candidate, and the nominee must be chosen by drawing lots among the persons so selected.

2. If a vacancy occurs in a party nomination for the office of State Senator, Assemblyman or Assemblywoman from a legislative district comprising more than one county after the primary election and before 5 p.m. on the fourth Friday in July of the year in which the general election is held and:

(b) The vacancy occurs for a reason other than the reasons described in paragraph (a), the nominee's name must remain on the ballot for the general election and, if elected, a vacancy exists.

3. No change may be made on the ballot for the general election after 5 p.m. on the fourth Friday in July of the year in which the general election is held. If, after that time and date:

(a) A nominee dies or is adjudicated insane or mentally incompetent; ~~[or]~~

(b) ***A nominee no longer actually, as opposed to constructively, resides in the State, district, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, as determined pursuant to NRS 281.050, 283.040 or 293.182, as applicable; or***

(c) A vacancy in the nomination is otherwise created,

➥ the nominee's name must remain on the ballot for the general election and, if elected, a vacancy exists.

4. Each designation of a candidate provided for in this section must be filed with the appropriate filing officer before 5 p.m. on the fourth Friday in July of the year in which the general election is held. In each case, the candidate must file a declaration of candidacy with the appropriate filing officer and pay the filing fee required by NRS 293.193 before 5 p.m. on the date the designation is filed.

3. The address of a candidate which must be included in the declaration of candidacy pursuant to subsection 2 must be the street address of the residence where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050, if one has been assigned. The declaration of candidacy must not be accepted for filing if the candidate fails to comply with the following provisions of this subsection or, if applicable, the provisions of subsection 4:

(a) The candidate shall not list the candidate's address as a post office box unless a street address has not been assigned to his or her residence; and

(b) Except as otherwise provided in subsection 4, the candidate shall present to the filing officer:

(1) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate and the candidate's residential address; or

(2) A current utility bill, bank statement, paycheck, or document issued by a governmental entity, including a check which indicates the candidate's name and residential address, but not including a voter registration card.

4. If the candidate executes an oath or affirmation under penalty of perjury stating that the candidate is unable to present to the filing officer the proof of residency required by subsection 3 because a street address has not been assigned to the candidate's residence or because the rural or remote location of the candidate's residence makes it impracticable to present the proof of residency required by subsection 3, the candidate shall present to the filing officer:

(a) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate; and

(b) Alternative proof of the candidate's residential address that the filing officer determines is sufficient to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050. The Secretary of State may adopt regulations establishing the forms of alternative proof of the candidate's residential address that the filing officer may accept to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050.

5. The filing officer shall retain a copy of the proof of identity and residency provided by the candidate pursuant to subsection 3 or 4. Such a copy:

(a) ~~[May]~~ ***Except as otherwise provided in paragraph (b), is a public record and may*** not be withheld from the public; and

(b) Must not contain the social security number, driver's license or identification card number or account number of the candidate.

6. By filing the declaration of candidacy, the candidate shall be deemed to have appointed the filing officer for the office as his or her agent for service of process for the purposes of a proceeding pursuant to NRS 293.182. Service of such process must first be attempted at the appropriate address as specified by the candidate in the declaration of candidacy. If the candidate cannot be served at that address, service must be made by personally delivering to and leaving with the filing officer duplicate copies of the process. The filing officer shall immediately send, by registered or certified mail, one of the copies to the candidate at the specified address, unless the candidate has designated in writing to the filing officer a different address for that purpose, in which case the filing officer shall mail the copy to the last address so designated.

7. If the filing officer receives credible evidence indicating that a candidate has been convicted of a felony and has not had his or her civil rights restored, the filing officer:

(a) May conduct an investigation to determine whether the candidate has been convicted of a felony and, if so, whether the candidate has had his or her civil rights restored; and

(b) Shall transmit the credible evidence and the findings from such investigation to the Attorney General, if the filing officer is the Secretary of State, or to the district attorney, if the filing officer is a person other than the Secretary of State.

8. The receipt of information by the Attorney General or district attorney pursuant to subsection 7 must be treated as a challenge of a candidate pursuant to subsections 4 and 5 of NRS 293.182 to which the provisions of NRS 293.2045 apply.

9. Any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation of this section is guilty of a gross misdemeanor.

Sec. 7. NRS 293.182 is hereby amended to read as follows:

293.182 1. After a person files a declaration of candidacy to be a candidate for an office, and not later than 5 days after the last day the person may withdraw his or her candidacy pursuant to NRS 293.202, an elector may

file with the filing officer for the office a written challenge of the person on the grounds that the person fails to meet any qualification required for the office pursuant to the Constitution or laws of this State. Before accepting the challenge from the elector, the filing officer shall notify the elector that if the challenge is found by a court to be frivolous, the elector may be required to pay the reasonable attorney's fees and court costs of the person who is being challenged.

2. A challenge filed pursuant to subsection 1 must:

(a) Indicate each qualification the person fails to meet;

(b) Have attached all documentation and evidence supporting the challenge; and

(c) Be in the form of an affidavit, signed by the elector under penalty of perjury.

3. Upon receipt of a challenge pursuant to subsection 1:

(a) The Secretary of State shall immediately transmit the challenge to the Attorney General.

(b) A filing officer other than the Secretary of State shall immediately transmit the challenge to the district attorney.

4. If the Attorney General or district attorney determines that probable cause exists to support the challenge, the Attorney General or district attorney shall, not later than 5 working days after receiving the challenge, petition a court of competent jurisdiction to order the person to appear before the court. Upon receipt of such a petition, the court shall enter an order directing the person to appear before the court at a hearing, at a time and place to be fixed by the court in the order, to show cause why the challenge is not valid. A certified copy of the order must be served upon the person. ***The Attorney General or district attorney shall notify the elector who filed the challenge of the time and place of the hearing.*** The court shall give priority to such proceedings over all other matters pending with the court, except for criminal proceedings.

5. If, at the hearing, the court determines by a preponderance of the evidence that the challenge is valid or that the person otherwise fails to meet any qualification required for the office pursuant to the Constitution or laws of this State, or if the person fails to appear at the hearing, the person is subject to the provisions of NRS 293.2045.

6. If, at the hearing, the court determines that the challenge is frivolous, the court may order the elector who filed the challenge to pay the reasonable attorney's fees and court costs of the person who was challenged.

Sec. 8. NRS 293.187 is hereby amended to read as follows:

293.187 1. Not later than 5 working days after the last day on which a candidate for nonjudicial office may withdraw his or her candidacy pursuant to NRS 293.202:

(a) The Secretary of State shall forward to each county clerk a certified list containing the name ***, residential address where the person actually resides*** and mailing address ***, if different than the residential address,*** of each person

for whom candidacy papers for judicial and nonjudicial office have been filed in the Office of the Secretary of State, and who is entitled to be voted for in the county at the next succeeding primary election, together with the title of the office for which the person is a candidate and the party or principles he or she represents; and

(b) Each county clerk shall forward to the Secretary of State a certified list containing the name ***, residential address where the person actually resides*** and mailing address ***, if different than the residential address,*** of each person for whom candidacy papers for judicial and nonjudicial office have been filed in the office of the county clerk, and who is entitled to be voted for in the county at the next succeeding primary election, together with the title of the office for which the person is a candidate and the party or principles he or she represents.

2. There must be a party designation only for candidates for partisan offices.

Sec. 9. NRS 293C.185 is hereby amended to read as follows:

293C.185 1. Except as otherwise provided in NRS 293C.190, a name may not be printed on a ballot to be used at a primary or general city election unless the person named has, in accordance with NRS 293C.145 or 293C.175, as applicable, timely filed a declaration of candidacy with the appropriate filing officer and paid the filing fee established by the governing body of the city.

2. A declaration of candidacy required to be filed pursuant to this chapter must be in substantially the following form:

(2) A current utility bill, bank statement, paycheck, or document issued by a governmental entity, including a check which indicates the candidate's name and residential address, but not including a voter registration card.

4. If the candidate executes an oath or affirmation under penalty of perjury stating that the candidate is unable to present to the filing officer the proof of residency required by subsection 3 because a street address has not been assigned to the candidate's residence or because the rural or remote location of the candidate's residence makes it impracticable to present the proof of residency required by subsection 3, the candidate shall present to the filing officer:

(a) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate; and

(b) Alternative proof of the candidate's residential address that the filing officer determines is sufficient to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050. The Secretary of State may adopt regulations establishing the forms of alternative proof of the candidate's residential address that the filing officer may accept to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050.

Service of such process must first be attempted at the appropriate address as specified by the candidate in the declaration of candidacy. If the candidate cannot be served at that address, service must be made by personally delivering to and leaving with the city clerk duplicate copies of the process. The city clerk shall immediately send, by registered or certified mail, one of the copies to the candidate at the specified address, unless the candidate has designated in writing to the city clerk a different address for that purpose, in which case the city clerk shall mail the copy to the last address so designated.

7. If the city clerk receives credible evidence indicating that a candidate has been convicted of a felony and has not had his or her civil rights restored, the city clerk:

(a) May conduct an investigation to determine whether the candidate has been convicted of a felony and, if so, whether the candidate has had his or her civil rights restored; and

(b) Shall transmit the credible evidence and the findings from such investigation to the city attorney.

8. The receipt of information by the city attorney pursuant to subsection 7 must be treated as a challenge of a candidate pursuant to subsections 4 and 5 of NRS 293C.186 to which the provisions of NRS 293.2045 apply.

9. Any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation of this section is guilty of a gross misdemeanor.

Sec. 10. NRS 293C.186 is hereby amended to read as follows:

293C.186 1. After a person files a declaration of candidacy to be a candidate for an office, and not later than 5 days after the last day the person may withdraw his or her candidacy pursuant to NRS 293C.195, an elector may file with the city clerk a written challenge of the person on the grounds that the person fails to meet any qualification required for the office pursuant to the Constitution or laws of this State. Before accepting the challenge from the

3. Upon receipt of a challenge pursuant to subsection 1, the city clerk shall immediately transmit the challenge to the city attorney.

4. If the city attorney determines that probable cause exists to support the challenge, the city attorney shall, not later than 5 working days after receiving the challenge, petition a court of competent jurisdiction to order the person to appear before the court. Upon receipt of such a petition, the court shall enter an order directing the person to appear before the court at a hearing, at a time and place to be fixed by the court in the order, to show cause why the challenge is not valid. A certified copy of the order must be served upon the person. ***The city attorney shall notify the elector who filed the challenge of the time and place of the hearing.*** The court shall give priority to such proceedings over all other matters pending with the court, except for criminal proceedings.

5. Sec. 11. NRS 293C.190 is hereby amended to read as follows:

293C.190 1. A vacancy occurring in a nomination for a city office before 5 p.m. of the fourth Friday in July of the year in which the general city election is held must be filled by the person who received the next highest vote for the nomination in the primary city election if a primary city election was held for that city office. If no primary city election was held for that city office or if there was not more than one person who was seeking the nomination in the primary city election, a person may become a candidate for the city office at the general city election if the person files a declaration of candidacy with the appropriate filing officer and pays the filing fee established by the governing body of the city before 5 p.m. on the fourth Friday in July.

2. No change may be made on the ballot for the general city election after 5 p.m. on the fourth Friday in July of the year in which the general city election is held. If, after that time and date:

(b) ***A nominee no longer actually, as opposed to constructively, resides in the State, district, county, city, ward or other unit prescribed by law in which the nominee is required to reside to be a candidate for office, as determined pursuant to NRS 281.050, 283.040 or 293C.186, as applicable; or***

(c) A vacancy in the nomination is otherwise created,

➥ the nominee's name must remain on the ballot for the general city election and, if elected, a vacancy exists.

Sec. 11.5. The Legislative Counsel shall, in preparing the Nevada Revised Statutes and Nevada Administrative Code, substitute appropriately the term "oaths of office" for the term "oath of office."

Assemblymember Jauregui moved that Assembly Bill No. 64 be taken from its place on the Chief Clerk's Desk and be placed at the top of the General File.

Motion carried.

GENERAL FILE AND THIRD READING

Assembly Bill No. 64.

Bill read third time.

The following amendment was proposed by Assemblymember Considine:

Amendment No. 593.

AN ACT relating to public meetings; revising the definition of "meeting" for purposes of the Open Meeting Law; ~~[authorizing, under certain circumstances, a public body to refuse to accept certain public comment relating to a contested case;]~~ revising provisions relating to requirements for meetings conducted by means of a remote technology system; revising provisions relating to privilege for certain statements and testimony made at a public meeting; revising provisions relating to the applicability of certain provisions of the Open Meeting Law to certain proceedings; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Open Meeting Law requires that meetings of public bodies be open to the public, with limited exceptions set forth specifically in statute. (NRS 241.020) Existing law defines the term "meeting" for purposes of the Open Meeting Law and provides that the term does not include certain gatherings by members of a public body to receive information from the attorney employed or retained by the public body regarding potential or existing litigation involving a matter over which the public body has supervision, control, jurisdiction or advisory power and to deliberate toward a decision on the matter, or both. (NRS 241.015) **Section 1** of this bill provides instead that a "meeting" does not include certain gatherings by members of a public body to: (1) receive legal advice from the attorney employed or retained by the public body regarding a matter over which the public body has supervision, control,

jurisdiction or advisory power; and (2) deliberate on the matter, provided such deliberation is limited to the legal advice.

~~[Existing law requires a public body to take comments by the general public at certain times during a meeting. (NRS 241.021) Existing law further requires a public body to provide notice of all meetings at least 3 working days before the meeting which must include certain information, including any restrictions on comments by the general public. (NRS 241.020) Section 3 of this bill authorizes a public body to refuse to accept public comment relating to issues of fact or law in a contested case which is before the public body until after that case has reached a final decision and any petition for judicial review is concluded. Section 2 of this bill makes a conforming change to provide that any restriction relating to public comment must be consistent with section 3.]~~

With certain exceptions, existing law authorizes a public body to conduct a meeting by means of a remote technology system but prohibits a public body from holding a meeting to consider a contested case or a regulation by means of a remote technology system unless there is a physical location for the meeting where members of the general public are permitted to attend and participate. (NRS 241.023) **Section 4** of this bill prohibits instead a public body from holding a meeting by means of a remote technology system unless there is a physical location for the meeting where members of the general public are permitted to attend and participate if, at the meeting, the public body will adjudicate certain contested cases or hold a workshop or a hearing on a regulation.

Existing law further requires that if a meeting is conducted using a remote technology system, clear and complete instructions for a member of the general public to be able to call in to the meeting to provide public comment must be read verbally before the first period of the day devoted to public comment. (NRS 241.023) **Section 4** provides instead that such a requirement applies if the meeting is conducted using a remote technology system and a physical location is not designated for the meeting where members of the general public are permitted to attend and participate.

Existing law provides certain privileges for statements and testimony made at a public meeting, including an authorization, subject to a qualified privilege, for a witness who is testifying before a public body to publish defamatory matter as a part of a public meeting. (NRS 241.0353) **Section 5** of this bill provides instead that: (1) a witness who, subject to certain penalties relating to perjury, testifies under oath before a public body may publish defamatory matter as part of a public meeting; and (2) in general, no provision of the Open Meeting Law shall be construed to affect any civil cause of action for defamation, libel, slander or any similar cause of action arising from defamatory statements made by a member of the public while he or she provides public comment to a public body.

Existing law provides that: (1) certain requirements of the Open Meeting Law do not apply to proceedings relating to an investigation conducted to determine whether to proceed with disciplinary action against a licensee unless

the licensee requests that the proceedings be conducted in such a manner; and (2) if the regulatory body decides to proceed with disciplinary action against the licensee, all proceedings that are conducted after that decision and are related to that disciplinary action are subject to such provisions of the Open Meeting Law. (NRS 622.320) A "licensee" is a person who holds any license, certificate, registration, permit or similar type of authorization issued by a regulatory body which has authority to regulate certain occupations or professions. (NRS 622.040, 622.060) **Section 6** of this bill provides instead that: (1) the provisions of the Open Meeting Law which require a meeting to be noticed and open to the public do not apply to such proceedings unless the licensee requests that such proceedings be conducted pursuant to those provisions; and (2) if the regulatory body decides to proceed with disciplinary action against the licensee, all proceedings that are conducted after that decision and are related to that disciplinary action are subject to all provisions of the Open Meeting Law.

Sec. 2. ~~[NRS 241.020 is hereby amended to read as follows:~~

~~— 241.020 — 1. — Except as otherwise provided by specific statute, all meetings of public bodies must be open and public, and all persons must be permitted to attend any meeting of these public bodies at a physical location or by means of a remote technology system. A meeting that is closed pursuant to a specific statute may only be closed to the extent specified in the statute allowing the meeting to be closed. All other portions of the meeting must be open and~~

~~public, and the public body must comply with all other provisions of this chapter to the extent not specifically precluded by the specific statute. Public officers and employees responsible for these meetings shall make reasonable efforts to assist and accommodate persons with physical disabilities desiring to attend.~~

~~2. If any portion of a meeting is open to the public, the public officers and employees responsible for the meeting must make reasonable efforts to ensure the facilities for the meeting are large enough to accommodate the anticipated number of attendees. No violation of this chapter occurs if a member of the public is not permitted to attend a public meeting because the facilities for the meeting have reached maximum capacity if reasonable efforts were taken to accommodate the anticipated number of attendees. Nothing in this subsection requires a public body to incur any costs to secure a facility outside the control or jurisdiction of the public body or to upgrade, improve or otherwise modify an existing facility to accommodate the anticipated number of attendees.~~

~~3. Except in an emergency, written notice of all meetings must be given at least 3 working days before the meeting. The notice must include:~~

~~(a) The time, place and location of the meeting. If the meeting is held using a remote technology system pursuant to NRS 241.023 and has no physical location, the notice must include information on how a member of the public may:~~

~~(1) Use the remote technology system to hear and observe the meeting;~~

~~(2) Participate in the meeting by telephone; and~~

~~(3) Provide live public comment during the meeting and, if authorized by the public body, provide prerecorded public comment.~~

~~(b) A list of the locations where the notice has been posted.~~

~~(c) The name, contact information and business address for the person designated by the public body from whom a member of the public may request the supporting material for the meeting described in subsection 7 and:~~

~~(1) A list of the locations where the supporting material is available to the public; or~~

~~(2) Information about how the supporting material may be found on the Internet website of the public body.~~

~~(d) An agenda consisting of:~~

~~(1) A clear and complete statement of the topics scheduled to be considered during the meeting.~~

~~(2) A list describing the items on which action may be taken and clearly denoting that action may be taken on those items by placing the term "for possible action" next to the appropriate item or, if the item is placed on the agenda pursuant to NRS 241.0365, by placing the term "for possible corrective action" next to the appropriate item.~~

~~(3) Periods devoted to comments by the general public, if any, and discussion of those comments.~~

~~(4) If any portion of the meeting will be closed to consider the character, alleged misconduct or professional competence of a person, the name of the~~

~~person whose character, alleged misconduct or professional competence will be considered.~~

~~(5) If, during any portion of the meeting, the public body will consider whether to take administrative action regarding a person, the name of that person.~~

~~(6) Notification that:~~

~~(I) Items on the agenda may be taken out of order;~~

~~(II) The public body may combine two or more agenda items for consideration; and~~

~~(III) The public body may remove an item from the agenda or delay discussion relating to an item on the agenda at any time.~~

~~(7) Any restrictions on comments by the general public. Any such restrictions must be reasonable ***and consistent with NRS 241.021*** and may restrict the time, place and manner of the comments, but may not restrict comments based upon viewpoint.~~

~~(8) If the meeting is being held using a remote technology system pursuant to NRS 241.023 and does not have a physical location designated for the meeting where members of the general public are permitted to attend and participate, clear and complete instructions for a member of the general public to be able to call in to the meeting to provide public comment, including, without limitation, a telephone number and any necessary identification number of the meeting or other access code.~~

~~4. Minimum public notice is:~~

~~(a) Posting a copy of the notice at the principal office of the public body or, if the meeting has a physical location, at the building in which the meeting is to be held. If the meeting is held using a remote technology system pursuant to NRS 241.023 and has no physical location, the public body must also post the notice to the Internet website of the public body not later than 9 a.m. of the third working day before the meeting is to be held unless the public body is unable to do so because of technical problems relating to the operation or maintenance of the Internet website of the public body.~~

~~(b) Posting the notice on the official website of the State pursuant to NRS 232.2175 not later than 9 a.m. of the third working day before the meeting is to be held, unless the public body is unable to do so because of technical problems relating to the operation or maintenance of the official website of the State.~~

~~(c) Providing a copy of the notice to any person who has requested notice of the meetings of the public body. A request for notice lapses 6 months after it is made. The public body shall inform the requester of this fact by enclosure with, notation upon or text included within the first notice sent. The notice must be:~~

~~(1) Delivered to the postal service used by the public body not later than 9 a.m. of the third working day before the meeting for transmittal to the requester by regular mail; or~~

~~(2) Transmitted to the requester by electronic mail sent not later than 9 a.m. of the third working day before the meeting.~~

~~5. For each of its meetings, a public body shall document in writing that the public body complied with the minimum public notice required by paragraph (a) of subsection 4. The documentation must be prepared by every person who posted a copy of the public notice and include, without limitation:~~

~~(a) The date and time when the person posted the copy of the public notice;~~

~~(b) The address of the location where the person posted the copy of the public notice; and~~

~~(c) The name, title and signature of the person who posted the copy of the notice.~~

~~6. Except as otherwise provided in paragraph (a) of subsection 4, if a public body maintains a website on the Internet or its successor, the public body shall post notice of each of its meetings on its website unless the public body is unable to do so because of technical problems relating to the operation or maintenance of its website. Notice posted pursuant to this subsection is supplemental to and is not a substitute for the minimum public notice required pursuant to subsection 4. The inability of a public body to post notice of a meeting pursuant to this subsection as a result of technical problems with its website shall not be deemed to be a violation of the provisions of this chapter.~~

~~7. Upon any request, a public body shall provide, at no charge, at least one copy of:~~

~~(a) An agenda for a public meeting;~~

~~(b) A proposed ordinance or regulation which will be discussed at the public meeting; and~~

~~(c) Subject to the provisions of subsection 8 or 9, as applicable, any other supporting material provided to the members of the public body for an item on the agenda, except materials:~~

~~(1) Submitted to the public body pursuant to a nondisclosure or confidentiality agreement which relates to proprietary information;~~

~~(2) Pertaining to the closed portion of such a meeting of the public body; or~~

~~(3) Declared confidential by law, unless otherwise agreed to by each person whose interest is being protected under the order of confidentiality.~~

~~➥ The public body shall make at least one copy of the documents described in paragraphs (a), (b) and (c) available to the public at the meeting to which the documents pertain. As used in this subsection, "proprietary information" has the meaning ascribed to it in NRS 332.025.~~

~~8. Unless it must be made available at an earlier time pursuant to NRS 288.153, a copy of supporting material required to be provided upon request pursuant to paragraph (c) of subsection 7 must be:~~

~~(a) If the supporting material is provided to the members of the public body before the meeting, made available to the requester at the time the material is provided to the members of the public body; or~~

~~(b) If the supporting material is provided to the members of the public body at the meeting, made available at the meeting to the requester at the same time the material is provided to the members of the public body.~~

~~➥ If the requester has agreed to receive the information and material set forth in subsection 7 by electronic mail, the public body shall, if feasible, provide the information and material by electronic mail.~~

~~9. Unless the supporting material must be posted at an earlier time pursuant to NRS 288.153, and except as otherwise provided in subsection 11, the governing body of a county or city whose population is 52,000 or more shall post the supporting material described in paragraph (c) of subsection 7 to its website not later than the time the material is provided to the members of the governing body or, if the supporting material is provided to the members of the governing body at a meeting, not later than 24 hours after the conclusion of the meeting. Such posting is supplemental to the right of the public to request the supporting material pursuant to subsection 7. The inability of the governing body, as a result of technical problems with its website, to post supporting material pursuant to this subsection shall not be deemed to be a violation of the provisions of this chapter.~~

~~10. Except as otherwise provided in subsection 11, a public body may provide the public notice, information or supporting material required by this section by electronic mail. Except as otherwise provided in this subsection, if a public body makes such notice, information or supporting material available by electronic mail, the public body shall inquire of a person who requests the notice, information or supporting material if the person will accept receipt by electronic mail. If a public body is required to post the public notice, information or supporting material on its website pursuant to this section, the public body shall inquire of a person who requests the notice, information or supporting material if the person will accept by electronic mail a link to the posting on the website when the documents are made available. The inability of a public body, as a result of technical problems with its electronic mail system, to provide a public notice, information or supporting material or a link to a website required by this section to a person who has agreed to receive such notice, information, supporting material or link by electronic mail shall not be deemed to be a violation of the provisions of this chapter.~~

~~11. If a public body holds a meeting using a remote technology system pursuant to NRS 241.023 and has no physical location for the meeting, the public body must:~~

~~(a) Have an Internet website; and~~

~~(b) Post to its Internet website:~~

~~(1) The public notice required by this section; and~~

~~(2) Supporting material not later than the time the material is provided to the members of the governing body or, if the supporting material is provided to the members of the governing body at a meeting, not later than 24 hours after the conclusion of the meeting.~~

~~→ The inability of the governing body, as a result of technical problems with its Internet website, to post supporting material pursuant to this subsection shall not be deemed to be a violation of the provisions of this chapter.~~

~~12. As used in this section, "emergency" means an unforeseen circumstance which requires immediate action and includes, but is not limited to:~~

~~(a) Disasters caused by fire, flood, earthquake or other natural causes; or~~

~~(b) Any impairment of the health and safety of the public.]~~ **(Deleted by amendment.)**

Sec. 3. ~~[NRS 241.021 is hereby amended to read as follows:~~

~~241.021 1. Except as otherwise provided in this section, comments by the general public must be taken by a public body:~~

~~(a) At the beginning of the meeting before any items on which action may be taken are heard by the public body and again before the adjournment of the meeting; or~~

~~(b) After each item on the agenda on which action may be taken is discussed by the public body, but before the public body takes action on the item.~~

~~2. Regardless of whether a public body takes comments from the general public pursuant to paragraph (a) or (b) of subsection 1, the public body must allow the general public to comment on any matter that is not specifically included on the agenda as an action item at some time before adjournment of the meeting. No action may be taken upon a matter raised during a period devoted to comments by the general public until the matter itself has been specifically included on an agenda as an item upon which action may be taken pursuant to subparagraph (2) of paragraph (d) of subsection 3 of NRS 241.020.~~

~~3. The provisions of subsections 1 and 2 do not prohibit a public body from taking comments by the general public in addition to what is required pursuant to subsection 1 or 2.~~

~~4. If the agenda for a meeting authorizes the continuation of the meeting of a public body to one or more other calendar days, the public body must have a period devoted to comments by the general public:~~

~~(a) At the beginning of each day that the meeting is held before any item on which action may be taken is heard by the public body and again before the meeting recesses for the day or the adjournment of the meeting; or~~

~~(b) After each item on the agenda on which action may be taken is discussed by the public body, but before the public body takes action on the item.~~

~~*5. A public body may refuse to accept public comment relating to issues of fact or law in a contested case, as defined in NRS 233B.032, which is before the public body until after that case has reached a final decision and any pending petition for judicial review is concluded.]*~~ **(Deleted by amendment.)**

241.023 1. Except as otherwise provided in subsection 2, a public body may conduct a meeting by means of a remote technology system if:

3. If any member of a public body attends a meeting by means of a remote technology system, the chair of the public body, or his or her designee, must make reasonable efforts to ensure that:

(a) Members of the public body and members of the public present at the physical location of the meeting can hear or observe each member attending by a remote technology system; and

(b) Each member of the public body in attendance can participate in the meeting.

4. Notwithstanding the provisions of subsections 1, 2 and 3, a public body may not hold a meeting ~~[to consider]~~ ***by means of a remote technology system unless there is a physical location for the meeting where members of the general public are permitted to attend and participate if, at the meeting, the public body will:***

Sec. 5. NRS 241.0353 is hereby amended to read as follows:

THE ONE HUNDRED AND SEVENTH DAY

CARSON CITY (Tuesday), May 20, 2025

Assembly called to order at 11:58 a.m.
Mr. Speaker presiding.
Roll called.
All present.
Prayer by Chaplain Craig Swope.

Father, the nature of our labors continually reminds us of our limitations. We regularly find the sky is not the only limit. From Ecclesiastes, "Solomon, for with much wisdom comes much sorrow; the more knowledge, the more grief." As we become more aware, the imperfections of life are always there. We pray that today's limitations be transformed to the seeds of a better day. We pray for Your guidance as we navigate the path that is rarely straight. We ask this in Your Son's Name.

AMEN.

Pledge of Allegiance to the Flag.

Assemblymember Jauregui moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Assembly in recess at 12:08 p.m.

AN ACT relating to land use planning; revising the date by which local planning commissions in certain counties are required to submit an annual report to the regional planning commission and the governing board for regional planning; revising provisions governing the terms of members of certain planning commissions; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth certain provisions governing regional planning in a county whose population is 100,000 or more but less than 700,000 (currently only Washoe County). (NRS 278.026-278.029) Existing law also requires each local planning commission responsible for the preparation of a city or county master plan and certain other entities to prepare and submit to the regional planning commission and the governing board for regional planning, an annual report concerning any action taken within the previous calendar year related to the comprehensive regional plan. (NRS 278.0286) **Section 13** of this bill revises the date on which the annual report is required to be submitted to October 1 and requires the report to indicate certain actions taken within the previous fiscal year.

Existing law sets forth certain conditions for the creation of a planning commission by certain cities and counties and provides for the appointment of

the members of a planning commission. (NRS 278.030, 278.040) Further, existing law provides the term of each member of a planning commission: (1) is 4 years or until his or her successor takes office; or (2) in a county whose population is 700,000 or more (currently only Clark County), is coterminous with the term of the member of the governing body of the county or city who recommended the appointment to the appointing authority. (NRS 278.040) **Section 14** of this bill authorizes the governing body of a county or city in a county whose population is less than 700,000 (currently all counties other than Clark County), to provide by ordinance that the term of each member of a county or city planning commission is coterminous with the term of the member of the governing body who recommended the appointment to the appointing authority.

~~[Existing law provides that: (1) members of a county or city planning commission may be removed for just cause, after a public hearing, by a majority vote of the governing body of the county or city; and (2) in a county whose population is 700,000 or more (currently only Clark County), the members of a county or city planning commission serve at the pleasure of their appointing authority. (NRS 278.040) Section 14 authorizes the governing body of a county or city in a county whose population is less than 700,000 (currently all counties other than Clark County), to provide by ordinance that the members of a county or city planning commission serve at the pleasure of their appointing authority.]~~

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 646.

SUMMARY—Revises provisions relating to ~~[purchasing.]~~ **governmental administration.** (BDR 27-366)

AN ACT relating to ~~[purchasing;]~~ **governmental administration;** requiring certain public entities to post certain information relating to purchasing on their Internet websites; revising the duties of the Commission to Study Governmental Purchasing; abolishing the Regional Business Development Advisory Council for Clark County; **eliminating a requirement that institutions of the Nevada System of Higher Education provide certain mentoring to certain businesses participating in the NV Grow Program;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

With certain exceptions, the Local Government Purchasing Act governs the purchasing of supplies, materials, equipment and services by local governments. (Chapter 332 of NRS) The State Purchasing Act, which is administered by the Purchasing Division of the Department of Administration, governs the purchasing of supplies, materials, equipment and services by agencies of the Executive Department of the State Government, with certain exceptions. (Chapter 333 of NRS) **Sections 1.2 and 2** of this bill require the governing body of a local government and the Administrator of the Purchasing Division, respectively, to post prominently on their Internet websites: (1) information relating to the types of supplies, materials, equipment and services which are purchased by the local government or for state agencies, as applicable; and (2) procedures by which a person may request notice of solicitations or other methods of obtaining contracts for such purchases.

Existing law requires the Commission to Study Governmental Purchasing to study practices in governmental purchasing and laws relating thereto and make recommendations with respect to those laws to the next regular session of the Legislature. (NRS 332.215) **Section 1.8** of this bill provides instead that

the Commission is required to: (1) review practices in governmental purchasing; and (2) make recommendations to improve efficiency and equity in governmental purchasing contracts.

Section 1.4 of this bill requires the Commission to: (1) recommend policies, programs and procedures to encourage and promote purchasing from local businesses by local governments in this State; (2) create a supplier training program to educate local businesses on the public procurement process; and (3) create a support and outreach program that includes, without limitation, networking events and mentorship opportunities for local businesses.

Section 1.6 of this bill requires each local government in a county that has a voting member on the Commission to prepare and deliver an annual written report to the Commission regarding their employees, purchasing expenditures and activities undertaken relating to specified businesses during a fiscal year.

Existing law creates the Regional Business Development Advisory Council for Clark County and requires the Council to propose and implement policies, programs and procedures to encourage and promote the use of local businesses owned and operated by disadvantaged persons, particularly in the area of contracting and procurement by public agencies in Clark County. (Sections 15 and 20 of chapter 7, Statutes of Nevada 2003, 20th Special Session, at pages 268 and 269) **Section 15** of this bill abolishes the Regional Business Development Advisory Council for Clark County.

Section 12 of this bill makes a conforming change as a result of the abolishment of the Regional Business Development Advisory Council for Clark County and the expansion of the duties of the Commission to Study Governmental Purchasing.

Existing law requires Centers, which is defined to mean all institutions of the Nevada System of Higher Education, to mentor businesses participating in the NV Grow Program as to the optimum use of certain data relative to the making of business decisions. (Section 3 of the NV Grow Act, chapter 459, Statutes of Nevada 2015, as last amended by chapter 570, Statutes of Nevada 2019, at page 3668) Section 12 eliminates this requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Amendment No. 701.

SENATORS DOÑATE, FLORES ~~[,]~~ AND STEINBECK ~~[AND KRASNER]~~

AN ACT relating to contractors; providing for issuance by the State Contractors' Board of a restricted license; setting forth various requirements relating to restricted licenses; requiring the Board to adopt regulations

governing restricted licenses; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of contractors by the State Contractors' Board. (Chapter 624 of NRS) **Section 2** of this bill authorizes the Board to issue a restricted license that authorizes a person to perform certain work of a type for which a contractor's license is required, within the scope and monetary limit of the restricted license, to a person who satisfies certain requirements, which include, without limitation, the requirement to have obtained certain experience ~~[, to have passed an entry-level examination required by the Board]~~ and, within the year immediately preceding the application, to have completed a course in business counseling or a similar curriculum.

Existing regulations establish a classification B license in the branch of general building and the subclassification B-7, which authorizes a person who holds such a license to perform the remodeling and improvement of an existing, detached, stand-alone single-family residence or single-family residential unit within a structure that does not extend more than three stories above the ground and one story below the ground. (NAC 624.160, 624.170) Existing regulations provide that a subclassification B-7 license does not authorize a person to increase the existing enclosed space of the residential structure. (NAC 624.170) Section 2 provides that a restricted license may only be issued in a classification or subclassification which authorizes the holder to perform the type of work for which the holder of a subclassification B-7 license is authorized to perform under existing regulations. Section 2 additionally authorizes the holder of a restricted license to enter into a contract for a construction project that involves one or more building trades or crafts, subject to certain limitations.

Section 2 sets forth certain bonding requirements for applicants for a restricted license and authorizes a person who has held such a license for not less than 2 years to apply for a contractor's license that is not a restricted license under certain circumstances. Under **section 2**, the requirements generally applicable to the issuance and renewal of a contractor's license do not apply to the issuance and renewal of a restricted license, with certain exceptions. Rather, **sections 2 and 3** of this bill require the Board, on or before January 1, 2027, to adopt regulations necessary to provide for the issuance and renewal of a restricted license. The regulations are required to, among other things: (1) ~~[set forth the type of work in which the holder of a restricted license may engage, which must not be of a type performed by a plumbing, electrical, refrigeration or air conditioning contractor; and (2)]~~ **establish** the monetary limit of a restricted license, which must be $7,000, including labor and materials, or ~~[such]~~ **a** greater amount that the Board determines to be appropriate ~~[.]~~ **; (2) set forth certain application requirements and procedures for the issuance and renewal of a restricted license; and (3)**

establish reasonable fees associated with the issuance and renewal of a restricted license.

AN ACT relating to insurance; requiring certain health plans to authorize a woman covered by such a plan to obtain covered gynecological or obstetrical services without first receiving authorization or a referral from her primary care physician; **requiring such health plans to authorize a woman covered by such a plan to designate an obstetrician or gynecologist as her primary care physician under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires certain public and private health insurance plans to include a provision authorizing a woman covered by such a plan to obtain covered gynecological or obstetrical services without first receiving authorization from the insurer or a referral from her primary care physician. (NRS 287.010, 687B.225, 689A.0413, 689B.031, 695B.1914, 695C.1713)

Sections 1-6, 8 and 9 of this bill apply this requirement to: (1) health plans that provide medical care to certain private-sector employees of small employers and their dependents; (2) benefit contracts issued by fraternal benefit societies; (3) managed care organizations; (4) the Public Employees' Benefits Program; and (5) Medicaid. **Sections 1.3-6, 8 and 9 require all public and private health insurance plans which are subject to this requirement to additionally authorize a woman covered by the plan to designate as her primary care physician an obstetrician or gynecologist who meets certain criteria.**

Section 7 of this bill makes a conforming change to require the Director of the Department of Health and Human Services to administer the provisions of **section 9** in the same manner as other requirements governing Medicaid.

The following amendment was proposed by the Committee on Education:

Amendment No. 613.

AN ACT relating to education; revising provisions relating to the compensation of student athletes for the use of their name, image or likeness; revising provisions relating to contracts for compensation for the use of the name, image or likeness of student athletes; making confidential certain information and contracts relating to the compensation of student athletes for the use of their name, image or likeness; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a public or private institution that offers educational services beyond the secondary level from: (1) upholding or enforcing certain rules that prevent student athletes from being compensated for the use of the name, image or likeness of the student athlete by an organization other than the institution or a national collegiate association; (2) compensating a current student athlete of the institution for the use of the name, image or likeness of the student athlete; or (3) altering, withholding or otherwise reducing the amount of a scholarship awarded to a student athlete because the student athlete is compensated for the use of the name, image or likeness of the student athlete by an organization other than the institution or a national collegiate athletic association. (NRS 398.045, 398.300) **Section 1** of this bill eliminates these prohibitions.

Existing law authorizes a student athlete to enter into a contract with an organization other than an institution or a national collegiate athletic association that provides for the student athlete to be compensated for the use of the name, image or likeness of the student athlete. (NRS 398.310) **Section 2** of this bill authorizes a student athlete to enter into such a contract with an institution or a national collegiate athletic association. ~~[Section 2 also provides that any gift, donation, bequest, grant or other source of money received by a university foundation which is specifically designated for supporting any aspect of the name, image or likeness of a student athlete must only be used for the purpose specified by the donor.]~~ **Sections 2 and 2.5** of this bill provide that such contracts entered into by a student athlete and materials relating to such contracts are confidential and are not public records.

Section 1. NRS 398.300 is hereby amended to read as follows:

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 595.

AN ACT relating to food establishments; requiring certain local boards of health to provide certain information relating to sidewalk vendors ~~[.]~~ **and compact food cart vendors; establishing requirements for a compact food cart vendor; authorizing a registered compact food cart vendor to sell certain food items;** setting forth certain requirements for the regulation of sidewalk vendors **and compact food cart vendors** by certain local boards of health and certain local zoning boards, planning commissions and local governments; exempting an establishment that sells or offers or displays for sale certain foods **and a compact food cart vendor** from the definition of "food establishment"; revising certain requirements which certain local boards of health are required to adopt relating to sidewalk vendors who sell food; prohibiting certain governmental bodies from limiting the types of food that may be sold by a sidewalk vendor ~~[.]~~ **or compact food cart vendor;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a local board of health in a county whose population is 100,000 or more (currently Clark and Washoe Counties) or a city in a county whose population is 100,000 or more to adopt regulations governing sidewalk vendors of food. (NRS 446.861) **Sections 3 and 5** of this bill define certain terms relating to sidewalk vendors.

Section 7 of this bill requires a local board of health to: (1) develop and update certain guidance documents explaining the requirements of existing regulations adopted by the local board of health governing sidewalk vendors ~~[;]~~ **and compact food cart vendors;** and (2) make certain documents available on the Internet website of the local board of health in more than one language.

Section 6 of this bill limits the applicability of **sections** ~~[7 and 9]~~ **6-11.5** of this bill to a local board of health in a county whose population is 100,000 or more or a city in a county whose population is 100,000 or more.

Section 13 of this bill requires a local board of health to adopt regulations governing sidewalk vendors of food, including requirements relating to: (1) the plans for the design of a nonstationary conveyance and the use of modular conveyances by a sidewalk vendor; (2) the use of certain sinks by a sidewalk vendor; and (3) the storage of a conveyance in a private home.

Section 9.5 requires a person who wishes to operate as a compact food cart vendor to register with the local board of health and pay a fee established by regulation of the local board of health. Section 2.5 of this bill defines "compact food cart vendor" to mean a person who sells certain food items from a nonstationary conveyance. Section 9.5 also requires a compact food cart vendor to comply with certain ordinances and regulations adopted by the governing body of a county, city or unincorporated town that regulates sidewalk vendors. Section 9.5 prohibits a compact food cart vendor from operating at a special event unless the compact food cart vendor complies with certain requirements. Section 9.5 further: (1) provides that a registration as a compact food cart vendor is valid for a period of 1 year; (2) sets forth a process for the renewal of such registration; and (3) requires the payment of a renewal fee established by regulation of the local board of health.

Section 10 ~~[of this bill prohibits, with certain exceptions,]~~ **authorizes** a ~~[local board of health from requiring a sidewalk vendor]~~ **compact food cart vendor** to ~~[prepare]~~ **sell** certain food items **, which must be purchased prepackaged or prepared** in a commercial grade kitchen ~~[.]~~ **or on the conveyance.**

Section 11.5 ~~[of this bill]~~ provides, with certain exceptions, that the provisions of existing law and **sections 2-11.5** of this bill do not prohibit a local zoning board, planning commission or governing body of a county, city or unincorporated town from adopting certain ordinances and regulations that: (1) prescribe the locations where sidewalk vendors **and compact food cart vendors** are allowed to operate; (2) authorize the seizure of food items, a ~~[conveyances or]~~ **conveyance, any cooking** apparatus ~~[;]~~ **or other products;** and (3) authorize the destruction of certain food items. **Sections 11.5, 14.3 and 14.7** of this bill further prohibit, with certain exceptions, such governmental entities from limiting the types of food items a sidewalk vendor **or compact food cart vendor** may sell if such food items comply with the regulations of a local board of health ~~[.]~~ **or are authorized by section 10.**

Legislative Counsel's Digest:

~~[Existing law requires the Administrator of the Division of Child and Family Services of the Department of Health and Human Services to perform certain duties relating to the mental health of children. Among other things, the Administrator is required to accept and provide services to a child who has been determined to be incompetent by a juvenile court. (NRS 433B.130) Section 3.5 of this bill additionally requires the Administrator to accept and provide services to a child who is subject to certain orders pursuant to chapter 62E or 432B of NRS. If the order requires the child to be committed to a treatment facility, section 3.5 also requires the Administrator to place the child in the treatment facility not later than 30 days after receipt of the order under certain circumstances.~~

~~Existing law authorizes the Administrator to receive a child with an emotional disturbance for treatment in certain treatment facilities if the child is a resident of this State and: (1) the child is committed by a court order; or (2) a parent or legal guardian makes application for treatment for the child. (NRS 433B.310) Section 4 of this bill makes various changes to provide that any such child with an emotional disturbance may be admitted to a treatment facility.]~~

Existing law imposes certain requirements concerning the treatment of a child with an emotional disturbance. (NRS 433B.290-433B.339) **Section 3** of this bill requires a public or private inpatient psychiatric treatment facility that admits a child with an emotional disturbance to establish discharge procedures which ~~[must: (1) require a court to approve the discharge plan of the child if each parent or legal guardian of the child does not approve of the discharge plan; (2)]~~ prohibit a child from being discharged to a temporary facility ~~[; and (3) require approval by an agency which provides child welfare services before receiving the child after discharge.]~~ **unless the temporary facility is the only facility that is available to receive the child for treatment.**

Section 2.6 of this bill requires the Division of Child and Family Services of the Department of Health and Human Services to establish a task force to develop recommendations for the creation of a program that provides housing and other services to certain children: (1) who are discharged from a treatment facility or other division facility or who are released on parole or discharged from a state facility for the detention of children; and (2) whose parents or guardians are unable to accept the child back into the home after the discharge or release because of a health or safety risk. Section 2.6 requires the Administrator of the Division to appoint representatives of the child welfare, juvenile justice and mental health systems to the task force. Section 2.8 of this bill establishes certain criteria for the recommendations and requires the recommendations to be submitted to the Joint Interim Standing Committee on Health and Human Services.

Existing law defines certain terms, including, "child with an emotional disturbance" for the purposes of chapter 433B of NRS related to the mental health of children. (NRS 433B.020-433B.100) Section 6 of this bill revises the definition of "child with an emotional disturbance" to provide that the term includes, without limitation, a child with a severe emotional disturbance. (NRS 433B.045)

Sections 7 and 9 of this bill remove and repeal certain provisions that contain a definition of "agency which provides child welfare services" for the purpose of consolidating the provisions into a single definition under section 2.4 of this bill. Section 5 of this bill makes a conforming change to indicate that the consolidated definition of "agency which provides child welfare services" applies to the provisions of chapter 433B of NRS. Section 8 of this bill makes a conforming change related to the consolidated definition.

AN ACT relating to health care; establishing a fee ~~[to be charged by]~~ the State Public Health Laboratory **is authorized to charge** for certain examinations and tests **~~[;]~~ for the discovery of certain diseases in infants; requiring Medicaid to reimburse such examinations and tests separately from reimbursement for other labor and delivery services and newborn**

care; requiring the Director of the Department of Health and Human Services to request the establishment of a certain rate of reimbursement for such examinations and tests; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Public Health Laboratory to make available, at such charges as may be established, to health officials, the Director of the State Department of Agriculture and licensed physicians of the State, proper laboratory facilities for the prompt diagnosis of communicable diseases. (NRS 439.240) Existing law requires the State Board of Health to adopt regulations governing examinations and tests required for the discovery in infants of preventable or inheritable disorders. Existing law further requires any physician, midwife, nurse, freestanding birthing center or hospital of any nature attending or assisting any infant, or the person who gave birth to any infant, at childbirth to: (1) examine the infant in accordance with those regulations; and (2) collect and send to the State Public Health Laboratory any specimens needed for the examinations and tests that must be performed by a laboratory. (NRS 442.008) **Section 3** of this bill ~~[requires]~~ **authorizes** the State Public Health Laboratory **, on or after January 1, 2026,** to charge a fee of **not more than** $150 **or the rate of reimbursement paid by Medicaid, whichever is less,** for the required examinations and tests for the discovery in infants of preventable or inheritable disorders. **Section 1** of this bill makes a conforming change to clarify that the State Public Health Laboratory ~~[is not authorized to establish a fee for the services for which a]~~ **establishes the** fee ~~[is fixed by]~~ **for such examinations and tests pursuant to section 3**. **Section 68.7 of this bill authorizes the State Public Health Laboratory, on or after July 1, 2025 and before January 1, 2026, to charge a fee of not more than $122 for the required examinations and tests for the discovery in infants of preventable or inheritable disorders.**

Existing law requires the Department of Health and Human Services to administer the Medicaid program. (NRS 422.270) Section 3.7 of this bill requires the Director of the Department to provide reimbursement under Medicaid for the required examinations and tests for the discovery in infants of preventable or inheritable disorders separately from the reimbursement provided for other labor and delivery services and newborn care. Section 3.4 of this bill makes a conforming change to indicate that the provisions of section 3.7 will be administered in the same manner as the provisions of existing law governing Medicaid. Section 68.3 of this bill requires the Director to submit to the United States Secretary of Health and Human Services, to the extent that money is available and as soon as practicable, a request to include under Medicaid a rate of reimbursement of not more than $122 for such examinations and tests. Sections 3.7 and 68.3 authorize the Director to increase that rate of reimbursement to not more than $150 on or after January 1, 2026.

Legislative Counsel's Digest:

Existing law charges the Housing Division of the Department of Business and Industry with certain duties relating to low-income housing and affordable housing. (Chapter 319 of NRS) **Section 9** of this bill creates the Nevada Attainable Housing Account in the State General Fund, to be administered by the Division. **Section 10** of this bill authorizes the Division to distribute money in the Account to eligible entities for **certain** expenditures relating to attainable housing. **Section 50** of this bill appropriates ~~[$200,000,000]~~ **$150,000,000** to the Account **.** ~~[for the purposes of section 10.]~~

Section 11 of this bill requires the Administrator of the Division to adopt an annual allocation plan for disbursing money from the Account. **Section 50.5 of this bill requires the Division to include in the initial allocation plan adopted pursuant to section 11 certain allocations of money from the Account for certain purposes authorized by section 10.**

Section 22 of this bill exempts the Division from complying with the provisions of the Administrative Procedures Act in adopting the annual allocation plan.

Section 12 of this bill requires ~~[, with certain exceptions,]~~ that an eligible entity provide or secure matching funds in an amount not less than the amount of the money awarded to the eligible entity from the Account.

~~[Section 13 of this bill provides, with certain exceptions, that any attainable housing project that receives money from the Account is not a public work and is exempt from the requirements to pay prevailing wages.~~

~~Section 14 of this bill authorizes the Division to adopt regulations setting forth standards and requirements for any program for rental assistance or eviction diversion that receives funding from the Account.]~~

Section 14.5 of this bill requires the Division to submit a report of certain information to the Interim Finance Committee at the last meeting of each fiscal year and the last meeting of each calendar year relating to the Account.

Section 15 of this bill: (1) creates the Nevada Attainable Housing Council to provide oversight and strategic guidance for the administration and allocation of the Account; and (2) sets forth the membership of the Council.

Section 16 of this bill ~~[: (1) prohibits a member of the Council from having a direct financial interest in any attainable housing project or eligible entity that applies for or receives funding from the Account; and (2)]~~ requires the Division to establish procedures to ensure that any member of the Council discloses any direct or indirect financial interest in any attainable housing project or eligible entity that applies for or receives funding from the Account.

Section 17 of this bill requires the Council to: (1) review and comment on certain housing reports; and (2) provide recommendations to the Division regarding the allocation and use of money from the Account.

Existing law authorizes, with certain exceptions, the Division to: (1) establish certain funds or accounts; and (2) invest or deposit its money, but does not require the Division to keep any of its money in the State Treasury. (NRS 319.170) **Section 18** of this bill creates an additional exception to these provisions for the Account created by **section 9**.

Sections 2-8 of this bill define certain terms relating to the provisions of **sections 2-17**.

Sections 19 and 20 of this bill authorize the Division to establish a program for the reporting of rental payments to a credit reporting agency.

~~[Existing law creates the Nevada State Infrastructure Bank within the Office of the State Treasurer, the purpose of which is to provide loans and other financial assistance to qualified borrowers for the development, construction, repair, improvement, operation, maintenance decommissioning and ownership of certain transportation facilities, utility infrastructure, water and wastewater infrastructure, renewable energy infrastructure, recycling and sustainability infrastructure, digital infrastructure, K-12 school facilities, social infrastructure and other infrastructure related to economic development as~~

~~necessary for public purposes. (NRS 226.778) Existing law further provides that provisions of law that require the payment of prevailing wages to skilled labor apply to any contract for construction work on a qualified project if all or part of the costs of the qualified project are paid for using a loan or other financial assistance from the Bank. (NRS 226.826) Section 21 of this bill provides an exception so that the requirement to pay prevailing wages do not apply to any contract for construction work on a qualified project relating to attainable housing if the qualified borrower demonstrates that the qualified project addresses a need for critical infrastructure in an area with a shortage of attainable housing. Section 21 also authorizes the Bank to give a preference for approval to such a qualified project if the qualified borrower, contractor and subcontractors agree to pay prevailing wages.~~**]**

Existing law sets forth certain procedures for a board of county commissioners or governing body of a city to sell or lease real property. (NRS 244.281, 268.061) **Sections 23 and 26** of this bill require, before approving the sale or lease of real property for the development of attainable housing, in addition to other procedures, the board or governing body to evaluate the capacity and commitment of the developer to provide long-term benefits to the county in a manner that promotes transparency and does not interfere with equitable competition. **Sections 23 and 26** also require the developer to submit certain information to the board or governing body.

Existing law authorizes a nonprofit organization to submit to a board of county commissioners or governing body of a city an application for conveyance of certain property that is owned by the county. The board or governing body may approve such an application if the nonprofit organization demonstrates that the organization or its assignee will use the property to develop affordable housing. (NRS 244.287, 268.058) **Sections 24 and 25** of this bill: (1) instead authorize the board or governing body to approve such an application for attainable housing; and (2) require an application to include certain information.

[~~Existing law makes the prevailing wage requirements applicable to certain construction projects that are not public works, including certain projects in a local improvement district that are funded by the issuance of bonds or otherwise financed through the levy of assessments on property within the district. (NRS 271.710) Section 27 of this bill provides that if more than 85 percent of the cost of the project is funded from assessments generated within the district, the prevailing wage requirements do not apply to the project.~~**]**

Existing law establishes three tiers of affordable housing for various purposes in existing law and defines "affordable housing" as housing that falls within any of the three tiers. (NRS 232.860, 244.189, 244.287, 268.058, 268.190, 278.0105, 279.385, 279A.020, 279B.020, 315.9625, 319.042) **Section 33** of this bill revises the term "affordable housing" to be "attainable housing."

Under existing law, the tiers are based on both household income and the costs of housing as a percentage of that income. With respect to household

income: (1) "tier one affordable housing" is housing for a household which has a total monthly gross income that is equal to not more than 60 percent of the median monthly gross household income for the county in which the housing is located, which is commonly known as the area median household income; (2) "tier two affordable housing" is housing for a household which has a total monthly gross income that is equal to more than 60 percent but not more than 80 percent of the area median household income; and (3) "tier three affordable housing" is housing for a household which has a total monthly gross income that is equal to more than 80 percent but not more than 120 percent of the area median household income. In addition, with respect to the costs of housing, affordable housing under existing law is housing that costs not more than 30 percent of the total monthly gross household income of the household with an income at the maximum percentage of the area median household income for the tier. (NRS 278.01902, 278.01904, 278,01906) **Section 29** of this bill creates a new tier of affordable housing, to be known as "tier four affordable housing," that addresses housing for a household that has a total monthly gross income that is equal to not more than 120 percent but not more than 150 percent of the area median household income.

Existing law sets forth an approval process for the subdivision of land that requires a subdivider to submit a tentative map to the planning commission or governing body of a county or city, as applicable. (NRS 278.330) Existing law also requires the tentative map to be forwarded to certain state agencies and local governments for review. (NRS 278.335) **Section 31** of this bill requires each reviewing agency to adopt a process for the expedited review of and comment on a tentative map that includes attainable housing.

Existing law requires the governing body of each county and city, on or before July 1, 2024, to enact by ordinance an expedited process for the consideration and approval of projects for affordable housing. (Section 12 of Assembly Bill No. 213, chapter 200, Statutes of Nevada 2023, at p. 1171) **Section 30** of this bill requires the governing body of each county and the governing body of each city to adopt an expedited process for the consideration and approval of projects for attainable housing.

Section 32 of this bill applies the definitions of certain terms relating to planning and zoning to **sections 29-31**.

Sections 34-36 of this bill, respectively, revise the definitions of "tier one affordable housing," "tier three affordable housing" and "tier two affordable housing" to provide that the costs of such housing may be offset by certain energy cost savings.

Existing law requires the governing body of certain cities and counties to adopt at least 6 of 12 specified measures in implementing a plan for maintaining and developing affordable housing, which may include a measure to reduce or subsidize impact fees, fees for the issuance of building permits and fees imposed for the purpose for which an enterprise fund was created. (NRS 278.235) **Section 37** of this bill authorizes that the governing body of such a county or city include a measure to also reimburse such fees.

Existing law sets forth the requirements for obtaining a contractor's license from the State Contractors' Board. (Chapter 624 of NRS) **Section 39** of this bill requires, under certain circumstances, the Board to issue a contractor's license by endorsement to certain applicants who will perform work **on an attainable housing project** in ~~[a]~~ **certain** rural ~~[area.]~~ **areas.**

Section 40 of this bill provides that, if the Director of the Department of Business and Industry determines that there is a shortage of skilled labor or licensed contractors in a rural area that is adversely impacting the availability of attainable housing for essential workers who are employed in the area, the Director may issue a declaration of such shortage for not more than 3 years. Upon such a declaration, the Board is required to implement a process to issue provisional contractors' licenses to certain applicants ~~[.]~~ **who will perform work on an attainable housing project in certain rural areas.**

Sections 41 and 42 of this bill ~~[make conforming changes to]~~ exempt the license by endorsement issued pursuant to **section 39** or a provisional license issued pursuant to **section 40** from certain licensing requirements and the expiration date that generally apply to contractors' licenses. **Sections** ~~[40 and]~~ **42-46** of this bill exempt applicants for a new contractor's license and existing licensed contractors in rural areas from any application, license or renewal fee or certain other fees relating to a contractor's license under circumstances where the Director of the Department of Business and Industry has issued a declaration of shortage pursuant to **section 40**.

Sections 48 and 49 of this bill require the Board to: (1) adopt regulations to carry out the provisions of **sections 39 and 40** before January 1, 2026; and (2) submit a report to the Governor and Director of the Legislative Counsel Bureau that includes a recommendation as to whether the requirements to issue such licenses by endorsement and provisional licenses, as required by **sections 39 and 40**, should be continued, modified or terminated.

Senate Bill No. 213.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 651.

AN ACT relating to crimes; expanding the crime of unlawful dissemination of an intimate image to include certain acts relating to the distribution of certain photorealistic images, digital images, computer images and computer-generated images; ~~[expanding]~~ **providing an exception to the crime of unlawful dissemination of an intimate image for persons who are less than 18 years of age; revising** the definition of "intimate image"; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the crime of unlawful dissemination of an intimate image and provides that a person who unlawfully disseminates an intimate image of a person is guilty of a category D felony. (NRS 200.780) Under existing law, a person is also guilty of a category D felony if the person makes certain demands from a person in exchange for removing an intimate image from public view. (NRS 200.785) **Section 1** of this bill expands the definition of "intimate image" for the purpose of these provisions to include certain photorealistic images, digital images, computer images and computer-generated images. (NRS 200.770) **Section 1 also eliminates an exception under existing law that excludes from the definition of "intimate image" an image depicting a public figure.**

Under existing law, a person commits the crime of unlawful dissemination of an intimate image when, with the intent to harass, harm or terrorize another person, the person electronically disseminates or sells an intimate image which depicts the other person and the other person: (1) did not give prior consent to the electronic dissemination or sale; (2) had a reasonable expectation that the intimate image would be kept private and would not be made visible to the public; and (3) was at least 18 years of age when the intimate image was created. (NRS 200.780) **Section 2** of this bill ~~[additionally]~~ **expands the scope of the crime to also include the distribution of certain photorealistic images, digital images, computer images and computer-generated images.**

Specifically, section 2 provides that a person ~~[who is 18 years of age or older]~~ commits the crime of unlawful dissemination of an intimate image when, with the intent to harass, harm or terrorize another person, the person knowingly distributes or causes to be distributed an intimate image if: (1) the image ~~[or representation]~~ is created in a way that would lead a reasonable person to believe it is an actual depiction of the person depicted; and (2) the other person did not give prior consent to the distribution of the image. **Section 2 further provides that the prohibition against disseminating an intimate image, both under existing law and as expanded by section 2, does not apply if the person who commits the violation is less than 18 years of age.**

Amendment No. 575.

AN ACT relating to civil liability; revising provisions relating to civil liability to persons using certain premises for recreational activity under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that, with certain exceptions, an owner of any estate or interest in any premises, or a lessee or an occupant of any premises, owes no duty to: (1) keep the premises safe for entry or use by others for participating in any recreational activity; or (2) give warning of any hazardous condition, activity or use of any structure on the premises to persons entering to participate in recreational activity. Existing law also provides that if an owner, lessee or occupant of premises gives permission to another person to participate in recreational activities upon those premises: (1) the owner, lessee or occupant does not assure that the premises are safe for that purpose or assume responsibility for or incur liability for any injury to person or property caused by any act of persons to whom the permission is granted; and (2) the person using the premises does not acquire any property rights in or rights of easement to the premises. (NRS 41.510)

This bill: (1) provides that the law regarding this limitation on liability may be known and cited as the Recreational Use of Land Statute; and (2) provides a declaration of legislative intent regarding the purpose of the Recreational Use of Land Statute. This bill also ~~[revises the applicability of this limitation on liability by specifically providing that the limitation on liability does not limit the liability which would otherwise exist for: (1) injury caused by any act of an occupant of the premises who receives compensation from the owner or lessee of the premises to maintain, develop or improve the premises or any portion thereof; (2) injury caused by acts or omissions of a private entity or person occupying or leasing premises from the State of Nevada, or any political subdivision thereof; or (3) injury caused by acts or omissions of a private owner, lessee or occupant of a residential common area, urban premises or public infrastructure. This bill also provides that the limitation on liability does not apply to: (1) residential common areas; (2) public infrastructure; or (3) the State of Nevada, or any political subdivision thereof, for any premises it owns, leases or occupies which are not intended to be used solely for the purposes of recreational activity.]~~ **limits the liability of the State of Nevada, and any political subdivision thereof, for any injury to a person engaging in recreational activity if the premises: (1) are included in any recreational plan or other similar land use plan; (2) are designated to be used for**

recreational activity by the governing body of a public entity or a designee of the governing body of a public entity; or (3) consist of any portion of a public road, highway, street, alley or sidewalk forming part of a trail, equestrian path, shared-use path or other similar trail or path. Additionally, this bill limits the liability of a nonprofit entity that owns certain land for any injury to a person engaging in recreational activity on the premises if such premises remain open to the public for free and consist of: (1) a trail or interconnected trail system of 100 miles or more which is entirely owned by the nonprofit entity and which is designated for recreational purposes; (2) a park which is 10 acres or more in area and which is designated for recreational purposes; or (3) a wash that is preserved pursuant to a federal permit. Furthermore, this bill limits the liability of an owner, lessee or occupant of rural or semi-rural non-residential land for any injury to a person who enters or uses the premises to engage in recreational activity. Finally, this bill provides that if any court order grants or denies immunity from liability to the State of Nevada, or any political subdivision thereof, an interlocutory appeal lies to the Supreme Court.

Amendment No. 654.

SENATORS SCHEIBLE, CRUZ-CRAWFORD, KRASNER; DONDERO-LOOP, NGUYEN, OHRENSCHALL, PAZINA, STEINBECK, AND STONE

JOINT SPONSOR: ASSEMBLYMEMBER HANSEN

AN ACT relating to guardianship; making various changes relating to guardianship; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth the procedures and requirements relating to the appointment of a guardian for a proposed protected person who is an adult. (Chapter 159 of NRS) **Section 1.3** of this bill defines the term "less restrictive alternatives to guardianship" and **section 1.7** of this bill defines the term "power of attorney" for the purposes of the provisions of law governing guardianship of adults.

Existing law: (1) authorizes a proposed protected person, a governmental agency, a nonprofit organization or an interested person to petition the court for the appointment of a guardian; (2) requires such a petition to include certain information; and (3) requires that the petitioner provide the court with an assessment of the needs of the proposed protected person, which must be completed by a licensed physician. (NRS 159.044) **Section 4** of this bill

requires a petition for the appointment of a guardian to contain an attestation that information on less restrictive alternatives to guardianship has been provided to the proposed protected person. **Section 4** also requires that a licensed physician completing such an assessment include a determination of whether less restrictive alternatives to guardianship are available and sufficient to support the needs of the proposed protected person.

Existing law requires a guardian of the person to make a written report containing certain information, file the report with the court and serve the report on the protected person and any attorney for the protected person. (NRS 159.081) **Section 5** of this bill requires that such a report include an explanation as to why less restrictive alternatives to guardianship in lieu of the guardianship are not being considered.

Existing law authorizes a protected person, the guardian or another person to petition the court for the termination or modification of a guardianship. Existing law provides that for such a petition to be granted, the petitioner must prove that the termination or modification of the guardianship is in the best interests of the protected person. (NRS 159.1905) **Section 6** of this bill provides that such a petition may also be granted if the petitioner shows that the protected person has entered into a less restrictive alternative to a guardianship in lieu of the guardianship.

Existing law: (1) sets forth certain procedures for a court to transfer a guardianship or conservatorship order from another state to this State; (2) requires that a petition to transfer include certain information; (3) with certain exceptions, requires a court to issue a provisional order and final order granting a petition to transfer in certain circumstances; and (4) requires a court to recognize a guardianship or conservatorship order from another state in certain circumstances. (NRS 159.2024) **Section 6.5** of this bill requires that a petition to transfer must also include: (1) proof that less restrictive alternatives to guardianship were considered; and (2) an explanation as to why less restrictive alternatives to guardianship are not reasonable alternatives to guardianship. **Section 6.5** provides that a court may deny a petition to transfer if the court has previously denied a petition to transfer the guardianship or conservatorship because less restrictive alternatives to guardianship for the protected person were not considered, either in this State or in the state from which the petition seeks to transfer the order. **Section 6.5** also provides that if a court finds that less restrictive alternatives to guardianship have not been considered for the protected person either in this State or in the state from which the petition seeks to transfer the order, the court: (1) is not required to recognize a guardianship or conservatorship order from the other state; and (2) may deny a petition to transfer.

Existing law establishes the Protected Persons' Bill of Rights, which sets forth certain specific rights of each protected person. (NRS 159.327, 159.328) **Section 7** of this bill provides that a protected person has the right to be educated about less restrictive alternatives to guardianship.

Amendment No. 652.

AN ACT relating to personal financial administration; revising certain terms and provisions relating to the administration of trusts and estates; making certain technical corrections relating to the administration of trusts and estates; revising provisions governing the appointment of an administrator of an intestate estate of a decedent; requiring certain personal representatives to submit certain information under the Independent Administration of Estates Act; requiring a court to give certain preferences when determining whether to revoke the authority of a personal representative; increasing certain monetary amounts relating to the administration of estates; revising certain periods of limitation for commencing certain civil actions; ~~[revising certain provisions relating to the exemption of a homestead; establishing an alternative form to create an advance health-care directive;]~~ authorizing a trustee to make certain distributions under certain circumstances; repealing certain provisions relating to the administration of estates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law governs the administration of trusts and estates. (Titles 12 and 13 of NRS) **Sections 1, 1.1, 1.3, 1.6, 4, 5, 11 and 17** of this bill revise certain terms and make technical corrections relating to the administration of trusts and estates.

Existing law sets forth an order of priority for the appointment of an administrator to administrate the intestate estate of a decedent and authorizes any person legally qualified to serve as the administrator. (NRS 139.040)

Section 1.2 of this bill: (1) revises the order of priority for the appointment of an administrator to administrate the intestate estate of a decedent; (2) provides that a person may be legally qualified to serve as an administrator upon a finding of good cause based on certain evidence; and (3) authorizes the court to appoint certain persons under certain circumstances. **Section 1.5** of this bill makes a conforming change to an internal reference caused by the revisions relating to the order of priority and appointment in **section 1.2**. **Section 1.4** of this bill authorizes a court to appoint one or more persons **to serve as personal representative** or **appoint** an independent ~~[personal]~~ representative under certain circumstances.

Existing law establishes the Independent Administration of Estates Act, which allows a personal representative to administer most aspects of the estate of a decedent without court supervision. (NRS 143.300-143.815) **Section 2** of this bill provides that only a personal representative who is named in the will or certain other persons who meet the criteria to be legally qualified as an administrator of an intestate estate may administer an estate. Existing law authorizes any interested person to petition for modification or revocation of the authority of a personal representative. (NRS 143.360) **Section 3** of this bill requires the court, when determining whether to revoke the authority of a personal representative, to give preference to any interested person based on the order of priority set forth for the appointment of an administrator for an intestate estate.

Under existing law, a court is authorized to enter an order for the summary administration of an estate if the court deems summary administration advisable and the gross value of the estate does not exceed $300,000, after deducting any encumbrances. (NRS 145.040) **Sections 6 and 7** of this bill increase that amount to $500,000.

Sections 8 and 9 of this bill increase the monetary amount for an estate to be set aside without administration from $100,000 to $150,000. **Section 10** of this bill makes a conforming change to similarly increase the affidavit of entitlement limit for a surviving spouse.

Existing law requires certain civil actions to recover damages from another person to be commenced within certain periods. (NRS 11.190) **Section 12** of this bill provides that an action against certain persons based on a breach of fiduciary duty, not involving fraud or intentional misrepresentation, must be commenced within 2 years.

~~[Existing law exempts certain property from a writ of execution to enforce a judgment, including certain property known as a homestead. (NRS 21.090) Section 13 of this bill removes the monetary dollar amounts relating to a homestead from NRS 21.090 and instead refers to the amount of the value of such exemptions set forth in chapter 115 of NRS.~~

~~Existing law sets forth various provisions governing durable powers of attorney for health care decisions, including a form to create an advance health-care directive. (NRS 162A.700-162A.870) Section 14 of this bill establishes an alternative form to create an advance health care directive. Sections 15, 16~~

~~and 24.30 of this bill make conforming changes to reference the alternative form.]~~

Section 18 of this bill authorizes a trustee to make an outright distribution to a beneficiary without requiring the trustee to first create a new trust under certain circumstances. **Section 19** of this bill makes a conforming change to indicate that certain terms apply to the outright distribution.

Section 20 of this bill grants a trustee the power to reimburse a settlor for tax payments. **Section 21** of this bill requires certain documentation to be provided to beneficiaries of a trust. **Section 22** of this bill specifies the circumstances under which the laws of this State govern the administration of a trust. **Section 23** of this bill provides for the circumstances under which an account must be deemed approved and final by a trust adviser or trust protector.

Section 32 of this bill repeals the provisions of existing law which set forth a preference for relatives of the whole blood over relatives of the half blood for certain purposes relating to the administration of an estate.

2. ***Only a personal representative who is named in the will or a person described in paragraphs (a) to (g) inclusive, of subsection 1 of NRS 139.040 may be granted authority to administer the estate pursuant to NRS 143.300 to 143.815, inclusive. 2. Proof of the mailing of the copies must be made and filed in the proceeding.

4. Notwithstanding the requirements set forth in this section, a personal representative may file a redacted inventory to protect the decedent or his or her estate or an interested person. Such an inventory may redact any account numbers, social security numbers and values. Upon request by the court or an

interested person, the personal representative shall make the full inventory without redaction available for inspection.

5. This section must not be construed to interfere with the authority of a court to order a personal representative to provide the court with information sufficient to identify the assets of an estate and the value thereof that is subject to probate administration, including, without limitation, requiring the personal representative to submit an inventory to the court in camera, as the court deems necessary and appropriate.

Sec. 5. NRS 145.030 is hereby amended to read as follows:

Sec. 7. NRS 145.110 is hereby amended to read as follows:

145.110 If at any time after the entry of an order for the summary administration of an estate it appears that the gross value of the estate, after deducting any encumbrances, exceeds ~~[~~$300,000~~]~~ ***$500,000*** as of the death of the decedent, the personal representative shall petition the court for an order revoking summary administration. The court may, if deemed advisable considering the nature, character and obligations of the estate, provide in its order revoking summary administration that regular administration of the estate may proceed unabated upon providing such portions of the regular proceedings and notices as were dispensed with by the order for summary administration.

Sec. 8. NRS 146.020 is hereby amended to read as follows:

146.020 1. The court, on its own motion or upon petition by an interested person, may, if deemed advisable considering the needs and resources of the surviving spouse, minor child or minor children, set apart for the use of the surviving spouse, minor child or minor children of the decedent all of the personal property which is exempt by law from execution, and shall, in accordance with NRS 146.050, set apart the homestead, as designated by the general homestead law then in force, whether the homestead has theretofore previously been selected as required by law or not, and the property thus set apart is not subject to administration.

2. If, after setting apart the property pursuant to subsection 1, the remaining assets of the estate do not exceed ~~[~~$100,000~~]~~ ***$150,000*** and may be set aside without administration pursuant to NRS 146.070, the court shall set aside the remaining assets of the estate without administration pursuant to the procedure set forth in NRS 146.070. The court may consider at the same time a petition made pursuant to subsection 1 and a petition to set aside the remaining assets of the estate without administration pursuant to NRS 146.070.

3. If, after setting apart the property pursuant to subsection 1, the remaining assets of the estate exceed ~~[$100,000]~~ ***$150,000*** and may not be set aside without administration pursuant to NRS 146.070, the court shall administer the remaining assets of the estate pursuant to this title as if the remaining assets of the estate are the only assets of the estate. If the petition to set apart property pursuant to subsection 1 is made in the initial petition, the court shall consider only the value of the remaining assets of the estate not set apart pursuant to subsection 1 for the purpose of ordering summary administration pursuant to chapter 145 of NRS.

Sec. 9. NRS 146.070 is hereby amended to read as follows:

146.070 1. All or part of the estate of a decedent may be set aside without administration by the order of the court as follows:

(a) If the value of a decedent's estate does not exceed ~~[$100,000,]~~ ***$150,000,*** the estate may be set aside without administration by the order of the court; or

(b) If a decedent's will directs that all or part of the decedent's estate is to be distributed to the trustee of a nontestamentary trust established by the decedent and in existence at the decedent's death, the portion of the estate subject to such direction may be set aside without administration. Any portion of a decedent's estate set aside to the nontestamentary trust pursuant to this paragraph is subject to creditors of the estate unless the petitioner provides proof to the court that the trustee has published or mailed the requisite notice to such creditors on behalf of the nontestamentary trust and settlor pursuant to NRS 164.025.

2. Except as otherwise provided in subsection 3, the whole estate set aside pursuant to paragraph (a) of subsection 1 must be assigned and set apart in the following order:

(b) To the payment of funeral expenses, expenses of last illness, money owed to the Department of Health and Human Services as a result of payment of benefits for Medicaid and creditors, if there are any;

(c) To the payment of other creditors, if any; and

(d) Any balance remaining to the claimant or claimants entitled thereto pursuant to a valid will of the decedent, and if there is no valid will, pursuant to intestate succession in accordance with chapter 134 of NRS.

3. If the value of the estate does not exceed ~~[$100,000]~~ ***$150,000*** and the decedent is survived by a spouse or one or more minor children, the court must set aside the estate for the benefit of the surviving spouse or the minor child or minor children of the decedent, subject to any reduction made pursuant to subsection 4 or 5. The court may allocate the entire estate to the surviving spouse, the entire amount to the minor child or minor children, or may divide the estate among the surviving spouse and minor child or minor children.

4. As to any amount set aside to or for the benefit of the surviving spouse or minor child or minor children of the decedent pursuant to subsection 3, the

court must set aside the estate without the payment of creditors except as the court finds necessary to prevent a manifest injustice.

5. To prevent an injustice to creditors when there are nonprobate transfers that already benefit the surviving spouse or minor child or minor children of the decedent, the court has the discretion to reduce the amount set aside under subsection 3 to the extent that the value of the estate, when combined with the value of nonprobate transfers, as defined in NRS 111.721, from the decedent to or for the benefit of the surviving spouse or minor child or minor children of the decedent exceeds ~~[$100,000.]~~ ***$150,000.***

6. In exercising the discretion granted in this section, the court shall consider the needs and resources of the surviving spouse and minor child or minor children, including any assets received by or for the benefit of the surviving spouse or minor child or minor children from the decedent by nonprobate transfers.

7. For the purpose of this section, a nonprobate transfer from the decedent to one or more trusts or custodial accounts for the benefit of the surviving spouse or minor child or minor children shall be considered a transfer for the benefit of such spouse or minor child or minor children.

8. Proceedings taken under this section must not begin until at least 30 days after the death of the decedent and must be originated by a petition containing:

(a) A specific description of all property in the decedent's estate;

(b) A list of all known liens and encumbrances against estate property at the date of the decedent's death, with a description of any that the petitioner believes may be unenforceable;

(f) If the decedent left a will, a statement concerning all evidence known to the petitioner that tends to prove that the will is valid.

9. If the petition seeks to have the estate set aside for the benefit of the decedent's surviving spouse or minor child or minor children without payment to creditors, the petition must also contain:

(a) A specific description and estimated value of property passing by one or more nonprobate transfers from the decedent to the surviving spouse or minor child or minor children; or

(b) An allegation that the estimated value of the property sought to be set aside, combined with the value of all nonprobate transfers from the decedent to the surviving spouse or minor child or minor children who are seeking to receive property pursuant to this section, is less than ~~[$100,000.]~~ ***$150,000.***

10. When property is distributed pursuant to an order granted under this section, the court may allocate the property on a pro rata basis or a non-pro rata basis.

11. The clerk shall set the petition for hearing and the petitioner shall give notice of the petition and hearing in the manner provided in NRS 155.010 to the decedent's heirs and devisees and to the Director of the Department of Health and Human Services. If a complete copy of the petition is not enclosed with the notice, the notice must include a statement setting forth to whom the estate is being set aside.

12. No court or clerk's fees may be charged for the filing of any petition in, or order of court thereon, or for any certified copy of the petition or order in an estate not exceeding $2,500 in value.

13. At the hearing on a petition under this section, the court may require such additional evidence as the court deems necessary to make the findings required under subsection 14.

(e) The name of each distributee and the property to be distributed to the distributee.

15. As to the distribution of the share of a minor child set aside pursuant to this section, the court may direct the manner in which the money may be used for the benefit of the minor child as is deemed in the court's discretion to be in the best interests of the minor child, and the distribution of the minor child's share shall be made as permitted for the minor child's share under the terms of the decedent's will or to one or more of the following:

~~*— 3. CREATION OF DURABLE POWER OF ATTORNEY FOR HEALTH CARE*~~

~~*— By this document I intend to create a durable power of attorney by appointing the person designated above to make health care decisions for me. This power of attorney shall not be affected by my subsequent incapacity. My goal is to reduce the intervention of a court in my affairs by allowing for care without the need for guardianship.*~~

~~*— By signing this document, I revoke any prior durable power of attorney for health care that I may have made.*~~

~~*— If my designated agent is my spouse or is one of my children, then I waive any conflict of interest in carrying out the provisions of this Durable Power of Attorney for Health Care that said spouse or child may have by reason of the fact that he or she may be a beneficiary of my estate.*~~

~~*— 4. GENERAL STATEMENT OF AUTHORITY GRANTED*~~

~~*— In the event that I am incapable of giving informed consent with respect to health care decisions, I hereby grant to the agent named above full power and authority to make health care decisions for me before or after my death, including consent, refusal of consent or withdrawal of consent to any care, treatment, service or procedure to maintain, diagnose or treat a physical or mental condition; to request, review and receive any information, verbal or written, regarding my physical or mental health, including, without limitation, medical and hospital records; to execute on my behalf any releases or other documents that may be required to obtain medical care*~~

~~*and/or medical and hospital records, EXCEPT any power to enter into any arbitration agreements or execute any arbitration clauses in connection with admission to any health care facility, including any skilled nursing facility; and subject only to the limitations and special provisions, if any, set forth below.*~~

~~*PART 2: HEALTH CARE INSTRUCTION*~~

~~*This part lets you state your limitations and priorities for health care and the types of health care you do or do not want.*~~

~~*I give my agent the power to make all health care decisions for me if I cannot make those decisions for myself, except for the following: ..... or as set forth below.*~~

~~*INSTRUCTIONS ABOUT LIFE-SUSTAINING TREATMENT. This section gives you the opportunity to say how you want your agent to act while making decisions for you. You may mark or initial each item or leave any item blank.*~~

~~*Prolonging life vs. dying a natural death*~~

1. ~~*( ) I desire that my life be prolonged to the greatest extent possible without regard to my condition, the chances I have for recovery or long-term survival, or the cost of the procedures. In other words, keep my body alive even if my doctors have reasonably concluded that there is no reasonable hope for long-term recovery or survival or that my coma (if I am in one) is irreversible. If you select this choice, do not initial choices 2, 3, 4 or 5, as those are inconsistent with this choice.*~~
2. ~~*( ) If I am in a coma which my doctors have reasonably concluded is irreversible, I desire that life-sustaining or prolonging treatments not be used.*~~
3. ~~*( ) If I have an incurable or terminal condition or illness and no reasonable hope of long-term recovery or survival, I desire that life-sustaining or prolonging treatments not be used.*~~
4. ~~*( ) I have reviewed the Nevada POLST form (sample attached hereto as Exhibit 1). If in the future I have not executed a POLST form and my physician determines, or my agent suspects, that execution of a POLST is appropriate, then my agent is authorized to execute a POLST on my behalf in accordance with my wishes stated in this, my Durable Power of Attorney for Health Care.*~~

~~*GI feeding tube or IV. I understand that withholding or withdrawal of artificial nutrition and hydration may result in death by starvation or dehydration. For some people this may be a tenet of their religion. For some people it may not make sense to continue this when all other treatment (machines) is terminated.*~~

~~*5. (__) I do not want continued artificial nutrition and hydration (e.g. gastrointestinal feeding tube or intravenous liquids) after all other treatment is terminated.*~~

~~*6. (__) I do want continued artificial nutrition and hydration (e.g. gastrointestinal feeding tube or intravenous liquids) after all other treatment is terminated. If I initial this section, you are asked to continue to give me the artificial nutrition and hydration.*~~

~~*7. (__) I understand that continued artificial nutrition and hydration (e.g. gastrointestinal feeding tube or intravenous liquids) will likely occur if my physician reasonably believes that providing such will lead to my recovery. However, I do not want to continue to receive artificial nutrition and hydration if it is expected to continue for the rest of my life.*~~

~~*Experimental procedures, treatments and drugs. I understand that it can take a long time to obtain FDA approval for new medical procedures, treatments and drugs. As a result, many are categorized as "experimental." I also understand that some of such procedures, treatments or drugs have a good record of success and that some contain risks. I also understand that experimental procedures, treatments and drugs can only be given to me if I authorize them.*~~

~~*8. (__) I authorize my agent to enroll me in experimental procedures or treatments if said procedures or treatments are recommended by my physician and my agent consents. My agent is to consider the relief of suffering, the preservation or restoration of functioning, and the quality as well as the extent of the possible extension of my life in making that decision. My agent is to consider whether the expected benefits outweigh the burdens of the treatment or drug.*~~

~~*9. (__) I do not want any experimental procedures, treatments or drugs.*~~

~~*Palliative care (Dying with dignity/Use of pain relieving drugs)*~~

~~*10. (__) When I die, I wish to do so with dignity and grace and without pain and suffering. If I have an incurable or terminal condition, including but not limited to late stage dementia, and no reasonable hope of long term recovery or survival, I desire my attending physician to administer any medication to alleviate suffering without regard to the fact that the medication may be addictive or may reduce the extension of my life.*~~

~~*11. (__) I do not wish to have any medication that may be addictive or reduce the extension of my life.*~~

~~*Assisted living or other facility*~~

~~*12. (__) I desire to live in my home for as long as it is safe and my medical needs can be met. My agent may arrange for a natural person, employee of an agency or provider of community-based services to come into my home to provide care for me. When it is no longer safe for me to live in my home, I authorize my agent to place me in a facility or home that can provide any medical assistance and support in my activities of daily*~~

~~*living that I require. Before being placed in such a facility or home, I wish for my agent to discuss and share information concerning the placement with me, and allow me to participate in the choice of said facility or home. If I am married, placement shall be done in a manner that considers my spouse's support needs.*~~

~~*13. (__) I refuse to be placed in any assisted living or other care facility. I understand that, before I may be placed in a facility or home other than the home in which I currently reside, a guardian must be appointed for me, which means that a court action would be needed to remove me from my home.*~~

~~*PART 3: OPTIONAL SPECIAL POWERS AND GUIDANCE*~~

~~*This part allows you to give your agent additional powers and to provide your agent with more guidance about your wishes. You may mark or initial each item. You also may leave any item blank.*~~

~~*Mental health care or cognitive rehabilitation*~~

~~*14. (__) I authorize my agent to admit me as a voluntary patient to a facility for mental health or place me in rehabilitative care if my agent determines such treatment is best for my health and safety, or if it is recommended by a physician.*~~

~~*15. (__) I do not authorize my agent to admit me as a voluntary patient to a facility for mental health or place me in rehabilitative care even if my agent determines such treatment is best for my health and safety, or even if it is recommended by a physician.*~~

~~*ACCESS TO MY HEALTH INFORMATION (HIPAA). I give my agent permission to examine and share information about my health needs and health care if I am not able to make decisions for myself. By signing this form, I give the authorization and full release of information by any government agency, medical provider, business, creditor or third party who*~~

~~*16. (__) I give my agent permission to be flexible in applying these instructions if he or she thinks it would be in my best interest based on what they know about me and the recommendations of the attending physician.*~~

~~*17. (__) I want my agent to follow these instructions exactly as written if possible, even if he or she thinks something else is better.*~~

~~*— GOOD FAITH CARE. My wish is that the provider of health care work cooperatively with me and my agent for my care. To that end, a provider of health care who relies in good faith on the provisions of this advance health care directive shall be immune from criminal and civil liability applicable to the withholding or withdrawal of life sustaining treatment. As such, the liability protection provisions already in law in NRS 449A.727 shall apply whether or not this advance health care directive is retrieved from the Registry established by the Nevada Secretary of State.*~~

~~*— NOMINATION OF GUARDIAN. A guardian is a person appointed by a court to make decisions for someone who cannot make decisions. Filling this out does NOT mean you want or need a guardian right now.*~~
~~*If a court appoints a guardian to make personal decisions for me, I want the court to choose my agent named in this form. If my agent cannot be a guardian, I want my alternate agent(s) in the order named in this form. If I prefer someone other than the agent(s) named in this form, their name and contact information is:*~~

Sec. 17. NRS 162B.510 is hereby amended to read as follows:

162B.510 1. Appointive property subject to a general power of appointment created by a person other than the powerholder is not subject to a claim of any creditor, unless the power of appointment was ***held by a decedent who*** actually exercised ***the power*** in favor of the decedent or the decedent's estate pursuant to subparagraph (1) of paragraph (a) of subsection 12 of NRS 111.779.

2. Subject to subsection 3 of NRS 162B.530, a power of appointment created by a person other than the powerholder which is subject to an ascertainable standard relating to an individual's health, education, support or maintenance within the meaning of 26 U.S.C. § 2041(b)(1)(A) or 26 U.S.C. § 2514(c)(1), as those provisions existed on October 1, 2017, is treated for purposes of NRS 162B.500 to 162B.530, inclusive, as a nongeneral power.

Sec. 18. Chapter 163 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Unless specifically prohibited by the terms of a will or trust instrument and except as provided in subsection 2, if an instrument creating a separate trust requires the assets of the separate trust to be distributed to the beneficiary or beneficiaries of the trust immediately after the establishment of the separate trust as a result of the circumstances existing at the time the separate trust is to be established, the executor, trustee or any other party having possession of the property with which the separate trust will be funded may exercise discretion to make a distribution directly to the beneficiary or the beneficiaries of the separate trust.

2. An executor, trustee or any other party described in subsection 1 may exercise discretion rather than distributing the trust assets to the trustee of the separate trust if the transferring executor, trustee or any other party described in subsection 1 and the trustee of the separate trust are the same person.

3. The receipts of distribution provided to any beneficiary or beneficiaries in the manner described in this section shall be deemed to protect the executor, trustee or other person having possession of the property to the same extent that a receipt of distribution would have protected the executor, trustee or other person had the property been distributed by the trustee from the separate trust.

Sec. 19. NRS 163.020 is hereby amended to read as follows:

In the sole discretion of the trustee, the trustee may pay such amount to the settlor directly or to an appropriate taxing authority on behalf of the settlor.

In the trustee's sole discretion, the trustee may pay such tax reimbursement amount, determined without regard to any other distribution or payment made from trust assets, to the person directly or to the appropriate taxing authority. (2) A beneficiary of the trust.

5. If the trust instrument requires the trustee to act at the direction or with the consent of a trust adviser, trust protector or any other person, or that the reimbursement decisions permitted by this section be made directly

4. Except as otherwise provided in this subsection, no person upon whom notice is provided pursuant to this section may bring an action to contest the validity of the trust more than 120 days from the date the notice is served upon the person, unless the person proves that he or she did not receive actual notice. A person upon whom notice is provided pursuant to this section may provide consent in writing to a period of less than 120 days in which the person may bring an action to contest the validity of the trust.

5. ~~[For the purposes of paragraph (c) of subsection 2, a copy of the trust instrument shall be considered complete if it includes all amendments and restatements to the trust instrument the trustee has determined to be in effect at the time of the death of the settlor after the trustee has exercised due diligence.~~

2. A person not domiciled in this State may have the right to designate the laws that govern the ***administration,*** validity and construction of a trust if properly designated under the trust instrument.

(a) The trust instrument so provides; or

(b) Designated by a person who, under the terms of the trust instrument or applicable law, has the right to designate the laws that govern the administration of the trust, at the time the designation is made.

5. Notwithstanding a general choice of law provision in the governing instrument of a trust, such as a provision in the governing instrument to the effect that the laws of a jurisdiction other than this State govern the trust or the administration of the trust, the laws of this State govern the administration of the trust while the trust is administered in this State, as provided in subsection 7 or as otherwise provided, unless:

~~NOTICE TO PHYSICIAN OR OTHER PROVIDER OF HEALTH CARE~~

~~Under Nevada law, a person may use this advance directive to provide consent or refuse to consent to future psychiatric care if the person later becomes incapable of making or communicating those decisions. By executing a durable power of attorney for health care as set forth in NRS 162A.700 to 162A.870, inclusive, *and section 14 of this act,* the person may also appoint an agent to make decisions regarding psychiatric care for the person when incapable. A person is "incapable" for the purposes of this advance directive when in the opinion of two providers of health care, one of whom must be a physician or licensed psychologist and the other of whom~~

~~must be a physician, a physician assistant, a licensed psychologist, a psychiatrist or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120, the person currently lacks sufficient understanding or capacity to make or communicate decisions regarding psychiatric care. If a person is determined to be incapable, the person may be found capable when, in the opinion of the person's attending physician or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120 and has an established relationship with the person, the person has regained sufficient understanding or capacity to make or communicate decisions regarding psychiatric care. This document becomes effective upon its proper execution and remains valid for a period of 2 years after the date of its execution unless revoked. Upon being presented with this advance directive, the physician or other provider of health care must make it a part of the person's medical record. The physician or other provider must act in accordance with the statements expressed in the advance directive when the person is determined to be incapable, except as otherwise provided in NRS 449A.636. The physician or other provider shall promptly notify the principal and, if applicable, the agent of the principal, and document in the principal's medical record any act or omission that is not in compliance with any part of an advance directive. A physician or other provider may rely upon the authority of a signed, witnessed, dated and notarized advance directive.~~

Amendment No. 707.

SUMMARY—Revises provisions relating to ~~[natural gas]~~ **public** utilities. (BDR 58-1106)

AN ACT relating to ~~[natural gas]~~ **public** utilities; requiring the Public Utilities Commission of Nevada to adopt regulations governing the filing of an application for the establishment of an alternative rate-making plan by a natural gas utility; setting forth certain requirements for the submission and approval of such an alternative rate-making plan; **revising certain provisions relating to the application and approval for an alternative rate-making plan by an electric utility;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth certain procedures for a public utility to make changes to a general rate schedule by applying to Public Utilities Commission of Nevada. (NRS 704.100, 704.110) **Section 11** of this bill requires the Commission to adopt regulations establishing procedures for a natural gas utility to apply to the Commission for the approval of an alternative rate-making plan, which establishes the alternative rate-making mechanisms that the natural gas utility is authorized to use to set rates during the time period of the plan. The regulations adopted by the Commission must: (1) establish the alternative rate-making mechanisms that may be included in a plan and any limitations on such alternative rate-making mechanisms; (2) prescribe the information that must be included in an alternative rate-making plan and an application for the approval of such a plan; (3) specify the circumstances under which a natural gas utility for which an alternative rate-making plan has been approved must file a general rate application; (4) provide a process to educate customers of a natural gas utility regarding alternative rate-making mechanisms; (5) require a natural gas utility for which an alternative rate-making plan has been approved to keep certain records; and (6) establish criteria for the evaluation of an alternative rate-making plan. Additionally, **section 11** ~~[authorizes the Commission to adopt regulations to establish one or more methods to establish a formula for a]~~ **requires that, if a natural gas utility files an application for an alternative rate-making plan that includes** formula ~~[rate.]~~ **rates or a multi-year rate plan, the alternative rate-making plan must include: (1) an earnings-sharing mechanism; and (2) certain information and calculations relating to changes in risk to the natural gas utility.**

Section 12 of this bill authorizes a natural gas utility to submit an application to establish an alternative rate-making plan pursuant to the regulations adopted by the Commission, establishes time limits for the Commission to approve or deny such an application and requires the Commission to conduct a consumer session **in each major geographic area in which the natural gas utility provides services** before taking action on such an application. **Section 12** requires an application for the approval of an alternative rate-making plan to include a plan to educate the customers of the natural gas utility regarding the

alternative rate-making mechanisms in the plan proposed by the utility. **Section 12** prohibits the Commission from approving an alternative rate-making plan unless the Commission determines that the plan meets certain requirements. **Section 12** also authorizes an alternative rate-making plan to include certain provisions, including, without limitation, a mechanism for earnings-sharing with the customers of the utility. Additionally, **section 12** authorizes a natural gas utility to reject an application for an alternative rate-making plan with modifications approved by the Commission. Finally, **section 12** authorizes the Commission to investigate and change rates, tolls, charges, rules, regulations, practices and services relating to an alternative rate-making plan under certain circumstances. **Section 13** of this bill provides that the provisions of this bill do not limit the existing rate-making authority of the Commission.

Sections 3-10 of this bill define certain terms relating to alternative rate-making plans.

Sections 14 and 15 of this bill create exceptions from the procedure set forth in existing law to change a general rate schedule to authorize a natural gas utility to file an application to establish an alternative rate-making plan pursuant to **section 12**.

Existing law requires the Commission to adopt regulations to establish procedures for an electric utility to apply to the Commission for the approval of an alternative rate-making plan. (NRS 704.762) Section 16 of this bill requires that, if an electric utility files an application for an alternative rate-making plan that includes formula rates or a multi-year rate plan, the alternative rate-making plan must include: (1) an earnings-sharing mechanism; and (2) certain information and calculations relating to changes in risk to the electric utility.

Existing law authorizes an electric utility to apply to the Commission to establish an alternative rate-making plan and sets forth certain requirements relating to the approval of the plan by the Commission. (NRS 704.7621) Section 17 of this bill requires that, if the Commission approves an application for an alternative rate-making plan that authorizes the recovery of the costs of a capital expenditure: (1) the electric utility must prove the capital expenditure was prudent; and (2) if the Commission determines that the electric utility did not prove the capital expenditure was prudent, the Commission shall require the electric utility to refund the costs of the capital expenditure charged to the customers of the electric utility.

3. The Commission is not required to accept applications to establish an alternative rate-making plan if the Commission determines, after a reasonable investigation, that the use of an alternative rate-making plan is not consistent with the criteria established by the Commission pursuant to paragraph (g) of subsection 1.

Sec. 12. *1. Except as otherwise provided in subsection 3 of section 11 of this act and in accordance with the regulations adopted by the Commission pursuant to section 11 of this act, not earlier than the date on which the Commission first adopts regulations pursuant to section 11 of this act, a natural gas utility may apply to the Commission to establish an alternative rate-making plan which sets forth the alternative rate-making mechanisms to be used to establish rates during the time period covered by the plan.*

2. A natural gas utility may file an application pursuant to subsection 1:

(a) At the same time the natural gas utility files a general rate application pursuant to NRS 704.110; or

3. 5. The Commission shall not approve an application submitted pursuant to subsection 1 unless the Commission determines that the plan:

(a) Is in the public interest;

(b) Results in just and reasonable rates, as determined by the Commission;

(c) Protects the interests of the customers of the natural gas utility;

(d) Satisfies the criteria established by the Commission pursuant to paragraph (g) of subsection 1 of section 11 of this act;

(e) Specifies the time period to which the plan applies; and

(f) Includes a plan for educating the customers of the natural gas utility regarding the alternative rate-making mechanisms included in the plan.

6. An alternative rate-making plan may include, without limitation:

(a) An earnings-sharing mechanism that balances the interests of customers that purchase natural gas for consumption in this State and the shareholders of the natural gas utility; and

(b) Any other term or condition proposed by a natural gas utility or any party participating in the proceeding or that the Commission finds is reasonable and serves the public interest.

7. If the Commission approves an application for an alternative rate-making plan that authorizes the recovery of the costs of a capital expenditure ~~[pursuant to the regulations adopted pursuant to subsection 2 of section 11 of this act, the]~~ :

(a) The natural gas utility must prove that the capital expenditure was prudent at the time the natural gas utility files a general rate application

pursuant to NRS 704.110 or at any time established by regulation of the Commission ~~.~~ ; and

(b) If the Commission determines during a general rate case proceeding conducted pursuant to NRS 704.110 that the natural gas utility did not prove that the capital expenditure was prudent, the Commission shall require the natural gas utility to refund the customers of the natural gas utility the amount previously recovered through charges to customers of the natural gas utility for the costs of the capital expenditure.

8. If the Commission approves an application for an alternative rate-making plan with modifications pursuant to subsection 3, the natural gas utility may accept or reject the modified alternative rate-making plan by filing a notice with the Commission not later than 30 days after the date on which the Commission issues an order approving the application. If a natural gas utility files a notice to reject the modified alternative rate-making plan, the alternative rate-making plan shall be deemed withdrawn and:

(a) If a general rate application was filed at the same time as the application for the alternative rate-making plan and the general rate application or any portion thereof was approved, the rates approved in the general rate application shall be deemed in effect. To the extent that a portion of a general rate application is approved, the rates that were in effect before the portion of the general rate application was approved by the Commission remain in effect for any portion of the general rate application not approved by the Commission until changed or modified by the Commission.

(b) If a general rate application was not filed at the same time as the application for the alternative rate-making plan, the rates that were in effect before the modified alternative rate-making plan was approved remain in effect until changed or modified by the Commission.

9. The Commission may at any time, upon its own motion or after receiving a complaint from any customer, the Consumer's Advocate or the Regulatory Operations Staff of the Commission, investigate any of the rates, tolls, charges, rules, regulations, practices and services relating to the alternative rate-making plan, and, after a full hearing as provided in NRS 704.120, by order, make such changes as may be just and reasonable to the same extent as authorized by NRS 704.120.

Sec. 13. ***The provisions of sections 2 to 12, inclusive, of this act must not be construed to limit the existing rate-making authority of the Commission.***

Sec. 14. NRS 704.100 is hereby amended to read as follows:

704.100 1. Except as otherwise provided in NRS 704.075, 704.68861 to 704.68887, inclusive, 704.7865 and 704.7867, or as may otherwise be provided by the Commission pursuant to NRS 704.095, 704.097 or 704.7621 ~~.~~ ***or section 12 of this act:***

(a) A public utility shall not make changes in any schedule, unless the public utility:

(1) Files with the Commission an application to make the proposed changes and the Commission approves the proposed changes pursuant to NRS 704.110; or

(2) Files the proposed changes with the Commission using a letter of advice in accordance with the provisions of paragraph (f) or (g).

(b) A public utility shall adjust its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8 of NRS 704.110 based on changes in the public utility's recorded costs of natural gas purchased for resale.

(c) An electric utility shall, between annual deferred energy accounting adjustment applications filed pursuant to NRS 704.187, adjust its rates on a quarterly basis pursuant to subsection 10 of NRS 704.110.

(d) A public utility shall post copies of all proposed schedules and all new or amended schedules in the same offices and in substantially the same form, manner and places as required by NRS 704.070 for the posting of copies of schedules that are currently in force.

(e) A public utility may not set forth as justification for a rate increase any items of expense or rate base that previously have been considered and disallowed by the Commission, unless those items are clearly identified in the application and new facts or considerations of policy for each item are advanced in the application to justify a reversal of the prior decision of the Commission.

(f) Except as otherwise provided in paragraph (g), if the proposed change in any schedule does not change any rate or will result in an increase in annual gross operating revenue in an amount that does not exceed $15,000:

(1) The public utility may file the proposed change with the Commission using a letter of advice in lieu of filing an application; and

(2) The Commission shall determine whether it should dispense with a hearing regarding the proposed change.

➥ A letter of advice filed pursuant to this paragraph must include a certification by the attorney for the public utility or an affidavit by an authorized representative of the public utility that to the best of the signatory's knowledge, information and belief, formed after a reasonable inquiry, the proposed change in schedule does not change any rate or result in an increase in the annual gross operating revenue of the public utility in an amount that exceeds $15,000.

(g) If the applicant is a small-scale provider of last resort and the proposed change in any schedule will result in an increase in annual gross operating revenue in an amount that does not exceed $50,000 or 10 percent of the applicant's annual gross operating revenue, whichever is less:

(1) The small-scale provider of last resort may file the proposed change with the Commission using a letter of advice in lieu of filing an application if the small-scale provider of last resort:

(I) Includes with the letter of advice a certification by the attorney for the small-scale provider of last resort or an affidavit by an authorized

representative of the small-scale provider of last resort that to the best of the signatory's knowledge, information and belief, formed after a reasonable inquiry, the proposed change in schedule does not change any rate or result in an increase in the annual gross operating revenue of the small-scale provider of last resort in an amount that exceeds $50,000 or 10 percent, whichever is less;

(II) Demonstrates that the proposed change in schedule is required by or directly related to a regulation or order of the Federal Communications Commission; and

(III) Except as otherwise provided in subsection 2, files the letter of advice not later than 5 years after the Commission has issued a final order on a general rate application filed by the applicant in accordance with subsection 3 of NRS 704.110; and

(2) The Commission shall determine whether it should dispense with a hearing regarding the proposed change.

➥ Not later than 10 business days after the filing of a letter of advice pursuant to subparagraph (1), the Regulatory Operations Staff of the Commission or any other interested party may file with the Commission a request that the Commission order an applicant to file a general rate application in accordance with subsection 3 of NRS 704.110. The Commission may hold a hearing to consider such a request.

(h) In making the determination pursuant to paragraph (f) or (g), the Commission shall first consider all timely written protests, any presentation that the Regulatory Operations Staff of the Commission may desire to present, the application of the public utility and any other matters deemed relevant by the Commission.

2. An applicant that is a small-scale provider of last resort may submit to the Commission a written request for a waiver of the 5-year period specified in sub-subparagraph (III) of subparagraph (1) of paragraph (g) of subsection 1. The Commission shall, not later than 90 days after receipt of such a request, issue an order approving or denying the request. The Commission may approve the request if the applicant provides proof satisfactory to the Commission that the applicant is not earning more than the rate of return authorized by the Commission and that it is in the public interest for the Commission to grant the request for a waiver. The Commission shall not approve a request for a waiver if the request is submitted later than 7 years after the issuance by the Commission of a final order on a general rate application filed by the applicant in accordance with subsection 3 of NRS 704.110. If the Commission approves a request for a waiver submitted pursuant to this subsection, the applicant shall file the letter of advice pursuant to subparagraph (1) of paragraph (g) of subsection 1 not earlier than 120 days after the date on which the applicant submitted the request for a waiver pursuant to this subsection, unless the order issued by the Commission approving the request for a waiver specifies a different period for the filing of the letter of advice.

3. As used in this section, "electric utility" has the meaning ascribed to it in NRS 704.187.

Sec. 15. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075, 704.68861 to 704.68887, inclusive, and 704.7865, or as may otherwise be provided by the Commission pursuant to NRS 704.095, 704.097 or 704.7621 ~~[.]~~ ***or section 12 of this act:***

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an annual deferred energy accounting adjustment application, the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in subsection 3, if a public utility files with the Commission an application to make changes in any schedule, the Commission shall, not later than 210 days after the date on which the application is filed, issue a written order approving or disapproving, in whole or in part, the proposed changes.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this

chapter. The following public utilities shall each file a general rate application pursuant to this subsection based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application:

(1) Not later than 5 p.m. on or before the first Monday in June 2019; and

(2) At least once every 36 months thereafter or on a date specified in an alternative rate-making plan approved by the Commission pursuant to NRS 704.7621.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application:

(1) Not later than 5 p.m. on or before the first Monday in June 2020; and

(2) At least once every 36 months thereafter or on a date specified in an alternative rate-making plan approved by the Commission pursuant to NRS 704.7621.

(c) A public utility that furnishes water for municipal, industrial or domestic purposes or services for the disposal of sewage, or both, which had an annual gross operating revenue of $2,000,000 or more for at least 1 year during the immediately preceding 3 years and which had not filed a general rate application with the Commission on or after July 1, 2005, shall file a general rate application on or before June 30, 2008, and at least once every 36 months thereafter unless waived by the Commission pursuant to standards adopted by regulation of the Commission. If a public utility furnishes both water and services for the disposal of sewage, its annual gross operating revenue for each service must be considered separately for determining whether the public utility meets the requirements of this paragraph for either service.

(d) A public utility that furnishes water for municipal, industrial or domestic purposes or services for the disposal of sewage, or both, which had an annual gross operating revenue of $2,000,000 or more for at least 1 year during the immediately preceding 3 years and which had filed a general rate application with the Commission on or after July 1, 2005, shall file a general rate application on or before June 30, 2009, and at least once every 36 months thereafter unless waived by the Commission pursuant to standards adopted by regulation of the Commission. If a public utility furnishes both water and services for the disposal of sewage, its annual gross operating revenue for each service must be considered separately for determining whether the public utility meets the requirements of this paragraph for either service.

➥ The Commission shall adopt regulations setting forth standards for waivers pursuant to paragraphs (c) and (d) and for including the costs incurred by the public utility in preparing and presenting the general rate application before the effective date of any change in rates.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the

date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. The Commission shall consider expected changes in circumstances to be reasonably known and measurable with reasonable accuracy if the expected changes in circumstances consist of specific and identifiable events or programs rather than general trends, patterns or developments, have an objectively high probability of occurring to the degree, in the amount and at the time expected, are primarily measurable by recorded or verifiable revenues and expenses and are easily and objectively calculated, with the calculation of the expected changes relying only secondarily on estimates, forecasts, projections or budgets. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement, including all reasonable projected or forecasted offsets in revenue and expenses that are directly attributable to or associated with the expected changes in circumstances under consideration, in addition to the statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility, or a public utility affiliated with the public utility through common ownership, shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility or its affiliate is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit a public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7, a quarterly rate adjustment pursuant to subsection 8 or 10, any information relating to deferred accounting requirements pursuant to NRS 704.185 or an annual deferred energy accounting adjustment application pursuant to NRS 704.187, if the public utility is otherwise authorized to so file by those provisions.

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility which is required to adjust its rates on a quarterly basis pursuant to subsection 10; or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis may request approval from the Commission to make quarterly adjustments to its deferred energy accounting adjustment. The Commission shall approve or deny such a request not later than 120 days after the application is filed with the Commission. The Commission may approve the request if the Commission finds that approval of the request is in the public interest. If the Commission approves a request to make quarterly adjustments to the deferred energy accounting adjustment of a public utility pursuant to this subsection, any quarterly adjustment to the deferred energy accounting adjustment must not exceed 2.5 cents per therm of natural gas. If the balance of the public utility's deferred account varies by less than 5 percent from the public utility's annual recorded costs of natural gas which are used to calculate quarterly rate adjustments, the deferred energy accounting adjustment must be set to zero cents per therm of natural gas.

9. If the Commission approves a request to make any rate adjustments on a quarterly basis pursuant to subsection 8:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill or by electronic transmission pursuant to NRS 704.188. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the public utility files its written notice with the Commission pursuant to paragraph (a). The written notice required by this paragraph:

(1) Must be printed separately, if included with the customer's regular monthly bill, or the subject line of the electronic transmission must indicate that notice of a quarterly rate adjustment is included, if provided by electronic transmission pursuant to NRS 704.188; and

(2) Must include the following in clear and bold text:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission;

(IV) A statement that the transactions and recorded costs of natural gas which are the basis for any quarterly rate adjustment will be reviewed for reasonableness and prudence in the next proceeding held by the Commission to review the annual rate adjustment application pursuant to paragraph (d); and

(V) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and the transactions and recorded costs of natural gas included in each quarterly filing and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

10. An electric utility shall adjust its rates on a quarterly basis based on changes in the electric utility's recorded costs of purchased fuel or purchased power. In addition to adjusting its rates on a quarterly basis, an electric utility may request approval from the Commission to make quarterly adjustments to its deferred energy accounting adjustment. The Commission shall approve or deny such a request not later than 120 days after the application is filed with the Commission. The Commission may approve the request if the Commission finds that approval of the request is in the public interest. If the Commission approves a request to make quarterly adjustments to the deferred energy accounting adjustment of an electric utility pursuant to this subsection, any quarterly adjustment to the deferred energy accounting adjustment must not exceed 0.25 cents per kilowatt-hour of electricity. If the balance of the electric utility's deferred account varies by less than 5 percent from the electric utility's annual recorded costs for purchased fuel or purchased power which are used

to calculate quarterly rate adjustments, the deferred energy accounting adjustment must be set to zero cents per kilowatt-hour of electricity.

11. A quarterly rate adjustment filed pursuant to subsection 10 is subject to the following requirements:

(a) The electric utility shall file written notice with the Commission on or before August 15, 2007, and every quarter thereafter of the quarterly rate adjustment to be made by the electric utility for the following quarter. The first quarterly rate adjustment by the electric utility will take effect on October 1, 2007, and each subsequent quarterly rate adjustment will take effect every quarter thereafter. The first quarterly adjustment to a deferred energy accounting adjustment must be made pursuant to an order issued by the Commission approving the application of an electric utility to make quarterly adjustments to its deferred energy accounting adjustment. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The electric utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill or by electronic submission pursuant to NRS 704.188. The electric utility shall begin providing such written notice to its customers not later than 30 days after the date on which the electric utility files a written notice with the Commission pursuant to paragraph (a). The written notice required by this paragraph:

(1) Must be printed separately, if included with the customer's regular monthly bill, or the subject line of the electronic transmission must indicate that notice of a quarterly rate adjustment is included, if provided by electronic transmission pursuant to NRS 704.188; and

(2) Must include the following in clear and bold text:

(I) The total amount of the increase or decrease in the electric utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission;

(IV) A statement that the transactions and recorded costs of purchased fuel or purchased power which are the basis for any quarterly rate adjustment will be reviewed for reasonableness and prudence in the next proceeding held by the Commission to review the annual deferred energy accounting adjustment application pursuant to paragraph (d); and

(V) Any other information required by the Commission.

(c) The electric utility shall file an annual deferred energy accounting adjustment application pursuant to NRS 704.187 with the Commission. The annual deferred energy accounting adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual deferred energy accounting adjustment application must include a review of each quarterly rate adjustment and the transactions and recorded costs of purchased fuel and purchased power included in each quarterly filing and the annual deferred energy accounting adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application, and the electric utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the electric utility to recover any recorded costs of purchased fuel and purchased power which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the electric utility, and the Commission shall order the electric utility to adjust its rates if the Commission determines that any recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application were not reasonable or prudent.

12. If an electric utility files an annual deferred energy accounting adjustment application pursuant to subsection 11 and NRS 704.187 while a general rate application is pending, the electric utility shall:

(a) Submit with its annual deferred energy accounting adjustment application information relating to the cost of service and rate design; and

(b) Supplement its general rate application with the same information, if such information was not submitted with the general rate application.

13. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 and accepted by the Commission for acquisition or construction pursuant to NRS 704.751 and the regulations adopted pursuant thereto, or the retirement or elimination of a utility facility identified in an emissions reduction and capacity replacement plan submitted pursuant to NRS 704.7316 and accepted by the Commission for retirement or elimination pursuant to NRS 704.751 and the regulations adopted pursuant thereto, shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing, or retiring or eliminating, as applicable, such a facility. For the purposes of this subsection, a plan or an amendment to a plan shall be deemed to be accepted by the Commission only as to that portion of the plan or amendment accepted as filed or modified with the consent of the utility pursuant to NRS 704.751.

14. In regard to any rate or schedule approved or disapproved pursuant to this section, the Commission may, after a hearing:

(a) Upon the request of the utility, approve a new rate but delay the implementation of that new rate:

(1) Until a date determined by the Commission; and

(2) Under conditions as determined by the Commission, including, without limitation, a requirement that interest charges be included in the collection of the new rate; and

(b) Authorize a utility to implement a reduced rate for low-income residential customers.

15. The Commission may, upon request and for good cause shown, permit a public utility which purchases natural gas for resale or an electric utility to make a quarterly adjustment to its deferred energy accounting adjustment in excess of the maximum allowable adjustment pursuant to subsection 8 or 10.

16. A public utility which purchases natural gas for resale or an electric utility that makes quarterly adjustments to its deferred energy accounting adjustment pursuant to subsection 8 or 10 may submit to the Commission for approval an application to discontinue making quarterly adjustments to its deferred energy accounting adjustment and to subsequently make annual adjustments to its deferred energy accounting adjustment. The Commission may approve an application submitted pursuant to this subsection if the Commission finds that approval of the application is in the public interest.

17. As used in this section:

(a) "Deferred energy accounting adjustment" means the rate of a public utility which purchases natural gas for resale or an electric utility that is calculated by dividing the balance of a deferred account during a specified period by the total therms or kilowatt-hours which have been sold in the geographical area to which the rate applies during the specified period, not including kilowatt-hours sold pursuant to an expanded solar access program established pursuant to NRS 704.7865.

(b) "Electric utility" has the meaning ascribed to it in NRS 704.187.

The following amendment was proposed by the Committee on Judiciary:
Amendment No. 658.

AN ACT relating to cannabis; revising requirements for the packaging and labeling of cannabis and cannabis products; revising the definition of "usable cannabis"; authorizing an agent of the Cannabis Compliance Board to issue a hold order for cannabis or a cannabis product only under certain circumstances; requiring the Board to adopt regulations governing hold orders; authorizing a **cannabis cultivation facility and a** cannabis production facility to engage in certain activities; requiring the Board to develop and maintain certain checklists; requiring the Board to post certain information on its Internet website; revising requirements concerning the amount of usable cannabis and THC that may be contained in a single package of cannabis or cannabis products; imposing requirements concerning a single package of an infused pre-roll; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of persons and establishments in the cannabis industry in this State by the Cannabis Compliance Board. (Title 56 of NRS) **Section 6** of this bill authorizes an agent of the Board to issue a hold order for cannabis or a cannabis product to prohibit a person from transferring or moving the cannabis or cannabis product without the approval of the Board or an agent of the Board only in accordance with regulations adopted by the Board. **Section 6** requires the Board to adopt such regulations governing hold orders and sets forth certain requirements for the content of those regulations.

Existing law defines "adult-use cannabis production facility" and "medical cannabis production facility" to mean a business that acquires, possesses, manufactures, delivers, transfers, supplies or sells adult-use cannabis products to adult-use cannabis retail stores or medical cannabis products to medical cannabis dispensaries, as applicable. (NRS 678A.060, 678A.205) **Sections 8 and 9** of this bill revise those definitions to allow an adult-use cannabis production facility and medical cannabis production facility to engage in the acquisition, possession, packaging, supplying or selling of usable cannabis to

adult-use cannabis retail stores or medical cannabis dispensaries, as applicable. **Sections 5 and 17** of this bill revise the definition of "usable cannabis" set forth under existing law to exclude the seeds of a plant of the genus Cannabis and apply this definition throughout the provisions of existing law governing the medical and adult use of cannabis. **Section 15** of this bill makes a conforming change to eliminate a reference to a provision that was repealed in **section 17**. **Section 13.5 of this bill authorizes a cannabis cultivation facility and a cannabis production facility to acquire, possess, deliver, transfer, supply or sell the seeds of a plant of the genus Cannabis, branded merchandise and supplies related to cannabis to persons located within and outside this State, subject to certain requirements and restrictions.**

Existing law authorizes the Board to adopt regulations setting forth requirements relating to the packaging and labeling of cannabis and cannabis products. (NRS 678A.450) **Section 10** of this bill prohibits those requirements from requiring: (1) a package of cannabis or cannabis products which is sold at wholesale to contain any label or tag other than a label or tag necessary for the functionality of any computer software used for the seed-to-sale tracking of cannabis adopted by the Board; and (2) a cannabis establishment to include any information on the label for any cannabis or a cannabis product that is already included on the packaging for the cannabis or cannabis product. **Section 14** of this bill revises requirements concerning the labeling of cannabis products for the purpose of allowing information required to be included on a label to instead be included on packaging. **Sections 3 and 4** of this bill define the terms "label" and "packaging" for the purposes of the provisions of existing law governing the medical and adult use of cannabis.

Section 12 of this bill requires the Board to develop and maintain standardized checklists for any item for which the Board requires a licensee to obtain the approval of the Board before it is used by the licensee. **Section 13** of this bill requires the Board to post on its Internet website a list of frequently asked questions pertaining to the operations of licensees.

Existing law requires an adult-use cannabis product to be sold in a single package. (NRS 678D.420) **Section 16** of this bill provides that cannabis, as well as adult-use cannabis products, sold to a consumer must be sold in a single package and revises requirements concerning the amount of usable cannabis and THC that a single package may contain. **Section 16** requires a single package containing an infused pre-roll, as defined in **section 2** of this bill, to contain a net weight of not more than 7 grams.

Legislative Counsel's Digest:

In addition to regular licenses or permits to hunt, fish or trap, existing law provides for additional licenses, known as tags, to hunt, trap or fish designated species of wildlife. (NRS 502.130) Under existing law, whenever tags are required for any species of wildlife, it is unlawful to possess any of that species without the correct tag. (NRS 502.150) **Section 3** of this bill authorizes a person, for non-commercial purposes and without the required tag, to ~~[gather]~~ **take** shed antlers or a skull or head, with or without antlers or horns attached, or bones from the carcass of any wildlife species for which a tag is required under certain circumstances.

Before transporting any species of wildlife, or parts thereof, for which a tag is required, the holder of:

(a) A paper tag must attach the tag to the animal; or

(b) An electronic tag must validate the tag in accordance with the regulations adopted by the Commission pursuant to NRS 502.160.

➥ Possession of any species of wildlife, or parts thereof, for which a tag is required without an attached or validated tag, as applicable, is prima facie evidence that the game is illegally taken and possessed.

2. It is unlawful to remove any tag from any wildlife for reuse or to be in possession of excess tags or used tags.

3. Whenever tags are required for any species of fur-bearing mammal, possession of a pelt of that species without the tag attached thereto or validated, as applicable, is prima facie evidence that such pelt is illegally taken and possessed.

4. Amendment adopted.

Bill ordered reprinted, engrossed, and to third reading.

Senate Bill No. 292.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 703.

AN ACT relating to insurance; requiring certain insurers to allow certain persons who are less than 65 years of age to purchase a Medicare supplemental policy that the insurer makes available for purchase to new insureds who are 65 years of age or older; imposing certain restrictions on the limitations, terms and conditions such an insurer may impose and the premiums such an insurer may charge for such policies to persons who are less than 65 years of age; requiring such an insurer to establish certain open enrollment periods for the purchase of a Medicare supplemental policy; prohibiting an insurer from imposing an exclusion of certain benefits with respect to a Medicare supplemental policy issued during an open enrollment period; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal law establishes the Medicare program, which is a public health insurance program for persons 65 years of age or older and specified persons with disabilities or end-stage renal disease who are less than 65 years of age. (42 U.S.C. §§ 1395 et seq.) Existing federal law defines the term "Medicare supplemental policy" to mean a policy offered by a private insurer that is primarily designed to pay expenses not reimbursed under Medicare

because of certain limitations under Medicare. Existing federal law requires the issuance of a Medicare supplemental policy under certain circumstances but does not require a private insurer to sell or issue a Medicare supplemental policy to a person who is less than 65 years of age and enrolled in Medicare on the basis of a disability or end-stage renal disease. (42 U.S.C. § 1395ss)

Section 4 of this bill requires an insurer that offers a Medicare supplemental policy in this State, including an insurer that provides coverage to state and local government employees, to allow a person who is less than 65 years of age and enrolled in Medicare on the basis of a disability or end-stage renal disease to purchase any Medicare supplemental policy that the insurer offers to new insureds in this State who are 65 years of age or older. **Section 4** ~~[requires]~~ **imposes certain limitations on the premium rate that** such an insurer ~~[to offer]~~ **may charge such persons for** a Medicare supplemental policy ~~[to such persons at the same premium rate as is charged when the Medicare supplemental policy is offered to a person who is 65 years of age without]~~ **and prohibits insurers from imposing** additional limitations, terms or conditions ~~[.]~~ **on such persons with respect to the policy that the insurer would not impose on persons who are 65 years of age or older.**

Existing law requires an insurer offering a Medicare supplemental policy to annually offer an open enrollment period for persons currently covered by a Medicare supplemental policy, during which the insurer is prohibited from taking certain actions with respect to the issuance or effectiveness of, or price charged for, a policy offered to a person during the open enrollment period. (NRS 687B.352) **Section 4** requires an insurer to establish a similar open enrollment period which allows an eligible person who is less than 65 years of age to purchase a Medicare supplemental policy during a 6-month period commencing on the first day of the first month during which the person enrolled in coverage under Part B of Medicare, which provides coverage for certain medically necessary services provided outside of a hospital. During that open enrollment period, **section 4** prohibits an insurer from taking certain actions with respect to the issuance or effectiveness of ~~[, or price charged for,]~~ a policy offered to the person. **Section 4** also prohibits an insurer from imposing an exclusion of benefits under a Medicare supplemental policy during that open enrollment period based on a preexisting condition. **Section 6** of this bill adds a similar prohibition with regard to the open enrollment period established under existing law which will apply to both persons who are 65 years of age or older and persons who are less than 65 years of age and suffering from a disability or end-stage renal disease. **Section 10** of this bill requires an insurer to establish a similar open enrollment period, which commences on October 1, 2025, and remains open through April 1, 2026, for persons who are: (1) less than 65 years of age; (2) suffering from a disability or end-stage renal disease; and (3) enrolled in coverage under Part B of Medicare as of October 1, 2025, on the basis of the disability or end-stage renal disease.

Sections 7-9 of this bill establish the applicability of **section 4** to: (1) a hospital or medical services corporation; and (2) state and local governments that offer insurance to employees. **Section 3** of this bill defines the term "Medicare supplemental policy" to have the same meaning as is ascribed to it in federal regulations, and **section 2** of this bill establishes the applicability of that definition. **Sections 5 and 6** of this bill make conforming changes to remove duplicative language from other existing provisions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 687B of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. ***As used in this chapter, unless the context otherwise requires, the words and terms defined in NRS 687B.015 and section 3 of this act have the meanings ascribed to them in those sections.***

2. An insurer shall not impose any limitation, term or condition relating to coverage, benefits, protections, policies or procedures with respect to a Medicare supplemental policy issued to a person who is less than 65 years of age pursuant to subsection 1 if the limitation, term or condition is not imposed with respect to a

3. An insurer ~~***[must offer a Medicare supplemental policy to a person eligible to purchase the policy pursuant to subsection 1 at the same]***~~ ***shall not charge a person described in subsection 1:***

(a) For a Standardized Benefit Plan A, Plan B or Plan D Medicare supplemental policy, a premium rate that exceeds the premium rate that the insurer would charge ~~***[for the Medicare supplemental policy to]***~~ ***a person who is exactly 65 years of age*** ~~***.]***~~ ***for the same Medicare supplemental policy.***

(b) For a standardized benefit plan not described in paragraph (a), a premium rate that exceeds 200 percent of the premium rate that the insurer would charge a person who is exactly 65 years of age for the same Medicare supplemental policy.

4. An insurer shall offer to a person who is less than 65 years of age and eligible to purchase a Medicare supplemental policy pursuant to subsection 1 an open enrollment period commencing on the first day of the first month that the person enrolled in coverage pursuant to Medicare Part B, 42 U.S.C. §§ 1395j et seq., and remaining open for at least 6 months thereafter, during

which the person may purchase any Medicare supplemental policy made available by the insurer to new insureds in this State.

5. During the open enrollment period offered pursuant to subsection 4, an insurer shall not:

(a) Deny or condition the issuance or effectiveness ~~[, or discriminate in the price of coverage,]~~ of a Medicare supplemental policy based on the health status, claims experience, receipt of health care or medical condition of a person described in subsection 4; or

(b) Impose an exclusion of benefits provided under the Medicare supplemental policy based on a preexisting medical condition of a person described in subsection 4.

6. As used in this section, "standardized benefit plan":

(a) Means a Medicare supplemental policy with a particular package of benefits as required by federal law; and

(b) Includes, without limitation, any Medicare supplemental policy designated as Standardized Benefit Plan A to N, inclusive, any high deductible version of any such plan and any other standardized package of benefits for Medicare supplemental policies that may be established by federal law.

Sec. 5. NRS 687B.015 is hereby amended to read as follows:

Senate Bill No. 359.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 574.

AN ACT relating to vehicles; revising provisions governing a hearing to contest the determination set forth in a civil infraction citation; ~~[requiring]~~ **authorizing a court to consolidate a criminal complaint for** a misdemeanor offense and a civil infraction ~~[to be included in the same criminal complaint]~~ under certain circumstances; **prescribing requirements for a consolidated hearing; clarifying that certain traffic and related offenses may be charged as misdemeanors if committed in conjunction with driving under**

the influence of alcohol or a controlled substance; requiring those offenses to be reduced to civil infractions if the charge of driving under the influence is dismissed unless an exception applies; revising provisions governing the reduction of certain moving traffic violations to nonmoving violations; authorizing a board of county commissioners to impose a civil penalty in lieu of a criminal penalty for the violation of a county ordinance under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the procedures for a hearing at which a person may contest whether the person committed a violation set forth in a civil infraction citation. (NRS 484A.7041) **Section 1 of this bill makes certain rules of evidence applicable to the adjudication of contested cases under the Nevada Administrative Procedure Act applicable to any such hearing.** **Section 4** of this bill replaces a requirement that, before any such hearing, the person must post a bond equal to the amount of the full payment of the monetary penalty, administrative assessment and any fees specified in the civil infraction citation with a requirement that the person must post a bond of not more than that amount. **Section 4** also: (1) authorizes counsel to appear on behalf of a person who requests a hearing; and (2) provides that if counsel appears **,** ~~[at the hearing,]~~ the person ~~[who requested the hearing]~~ is not required to attend ~~[. Section 1 of this bill makes certain rules of evidence applicable to]~~ the ~~[adjudication of contested cases under the Nevada Administrative Procedure Act applicable to any such]~~ hearing ~~[.]~~ **and is deemed to have stipulated to his or her identity as the recipient of the civil infraction citation. Finally, section 4 requires a court to dismiss a civil infraction citation if the peace officer who issued the citation does not appear at the hearing or submit a written statement, unless sufficient evidence is otherwise presented to establish the infraction.**

Under existing law, if a person is arrested for a misdemeanor offense arising out of the same facts and circumstances as certain violations of law that are punishable as civil infractions, the offense and the civil infraction may be included in the same criminal complaint. (NRS 484A.7033) **Section 2** of this bill ~~[revises this provision to]~~ instead ~~[require the inclusion of both the]~~ **authorizes a court, under certain circumstances, to consolidate a criminal complaint for a misdemeanor** offense and ~~[the]~~ **a** civil infraction **.** ~~[in the same criminal complaint.]~~ **Section 2 also prescribes procedures for holding a single, consolidated hearing and sets forth specific requirements for such a hearing.**

Existing law requires that civil penalties imposed for civil infractions be paid to: (1) the treasurer of the city in which the civil infraction occurred; or (2) if the civil infraction did not occur in a city, the treasurer of the county in which the civil infraction occurred. (NRS 484A.7043) Section 4.5 of this bill instead requires that civil penalties collected by a: (1) municipal court be paid to the treasurer of the city in which the court is

located; and (2) justice court be paid to the treasurer of the county in which the court is located. Section 4.5 also prohibits a court from awarding attorney's fees or costs to any party in a hearing to contest a civil infraction citation, regardless of the outcome.

Existing law: (1) authorizes a prosecuting attorney to elect to treat certain traffic and related offenses that are punishable as a misdemeanor instead as a civil infraction; and (2) provides a procedure for making such an election. Pursuant to this procedure, existing law requires the prosecuting attorney to make the election on or before the time scheduled for the first appearance of the defendant. (NRS 484A.7049) **Section 5** of this bill eliminates this requirement and certain related procedural requirements. **Section 3** of this bill makes a conforming change to remove a reference to provisions eliminated by **section 5**.

Under existing law, if a person commits a traffic or related offense punishable as a civil infraction while under the influence of alcohol or a controlled substance, the person may instead be charged with a misdemeanor for the traffic or related offense. (NRS 484A.705) Section 6 of this bill clarifies that this provision applies when a person commits a traffic or related offense and is also charged with driving under the influence of alcohol or a controlled substance. Section 6 further requires the misdemeanor charge to be reduced to a civil infraction if the charge of driving under the influence of alcohol or a controlled substance, is dismissed, unless the dismissal occurs pursuant to a plea agreement.

Existing law makes it unlawful to drive a vehicle at certain speeds. Existing law also: (1) authorizes a court, in its discretion, to reduce a violation of this prohibition to a nonmoving violation; and (2) establishes a presumption in favor of such a reduction if the person cited for the violation pays all applicable fines and fees before the date on which the person is first required to appear in court relating to the citation. (NRS 484B.600) Section 7 of this bill eliminates this presumption. Section 7 instead authorizes a court, in its discretion, to reduce a moving traffic violation for speeding to a nonmoving violation if the person cited: (1) admits to committing the violation and pays all applicable fines and fees on or before the date on which the person is first required to appear in court relating to the citation; and (2) provides the court with a copy of his or her driving record. Section 7 further prohibits a court from granting such a reduction if the driving record of the person indicates a pattern of moving traffic violations.

Existing law also authorizes a board of county commissioners to provide a civil penalty in lieu of a criminal penalty for the violation of certain types of ordinances. (NRS 244.189, 244.3575, 244.359) Section 8 of this bill authorizes a board of county commissioners to impose a civil penalty instead of a criminal penalty for the violation of a county ordinance unless state law expressly prohibits the imposition of a civil penalty or prescribes a criminal penalty for the same act or omission.

If the court has established a system pursuant to NRS 484A.615, the peace officer may, if authorized by the court, use the system to submit such a statement. ~~[The person named in the civil infraction citation may subpoena witnesses, including, without limitation, the peace officer who issued the citation, and has the right to present evidence and examine witnesses present in court.]~~

5. After consideration of the evidence and argument, the court shall determine whether a civil infraction was committed by the person named in the civil infraction citation. The court must find by a preponderance of the evidence that the person named in the civil infraction citation committed a civil infraction. ***If the peace officer who issued the civil infraction citation fails to appear in person or submit a written statement as described in subsection 4, the court must dismiss the citation unless other evidence, including, without limitation, the information in the citation or testimony from other witnesses, sufficiently establishes that the civil infraction was committed by the person named in the citation.*** If ~~[it has]~~ ***the court does*** not ~~[been established]~~ ***find*** by a preponderance of the evidence that the infraction was committed by the person named in the citation, the court must enter an order dismissing the civil infraction citation in the court's records. If ~~[it has been established]~~ ***the court finds*** by a preponderance of the evidence that the infraction was committed, the court must enter in the court's records an order pursuant to NRS 484A.7043.

6. An appeal from the court's determination or order may be taken in the same manner as any other civil appeal from a municipal court or justice court, as applicable, except that:

(a) The notice of appeal must be filed not later than 7 calendar days after the court enters in the court's records an order pursuant to NRS 484A.7043;

(b) If the appellant is the person charged with the civil infraction, any bond required to be given by the appellant in order to secure a stay of execution of the order of the court during the pendency of the appeal must equal the amount of the monetary penalty and administrative assessments which the court has ordered the appellant to pay pursuant to NRS 484A.7043. Any bond must be forfeited if the order of the court is affirmed on appeal; and

(c) If a prosecuting attorney does not represent the plaintiff during the proceedings in the justice court or municipal court, the appellate court shall review the record and any arguments presented by the person charged with the civil infraction and render a decision.

Sec. 4.5. **NRS 484A.7043 is hereby amended to read as follows:**

484A.7043 1. Except as otherwise provided in this section, a person who is found to have committed a civil infraction shall be punished by a civil penalty of not more than $500 per violation unless a greater civil penalty is authorized by specific statute. Except as otherwise provided in NRS 484A.792, any civil penalty collected pursuant to NRS 484A.703 to 484A.705, inclusive, ***by a:***

(a) Municipal court must be paid to ~~[~~:

~~(a) The~~] ***the*** treasurer of the city in which the ~~[civil infraction occurred; or~~

~~(b) If the civil infraction did not occur in a city,~~] ***court is located.***

(b) Justice court must be paid to the treasurer of the county in which the ~~[civil infraction occurred.~~] ***court is located.***

2. If a person is found to have committed a civil infraction, in addition to any civil penalty imposed on the person, the court shall order the person to pay the administrative assessments set forth in NRS 176.059, 176.0611, 176.0613 and 176.0623 in the amount that the person would be required to pay if the civil penalty were a fine imposed on a defendant who pleads guilty or guilty but mentally ill or is found guilty or guilty but mentally ill of a misdemeanor. If, in lieu of a civil penalty, the court authorizes a person to successfully complete a course of traffic safety approved by the Department of Motor Vehicles, the court must order the person to pay the amount of the administrative assessment that corresponds to the civil penalty for which the defendant would have otherwise been responsible. The administrative assessments imposed pursuant to this subsection must be collected and distributed in the same manner as the administrative assessments imposed and collected pursuant to NRS 176.059, 176.0611, 176.0613 and 176.0623.

3. If the court determines that a civil penalty or administrative assessment imposed pursuant to this section is:

(a) Excessive in relation to the financial resources of the defendant, the court may waive or reduce the monetary penalty accordingly.

(b) Not within the defendant's present financial ability to pay, the court may enter into a payment plan with the person.

4. A court having jurisdiction over a civil infraction pursuant to NRS 484A.703 to 484A.705, inclusive, may:

(a) In addition to ordering a person who is found to have committed a civil infraction to pay a civil penalty and administrative assessments pursuant to this section, order the person to successfully complete a course of traffic safety approved by the Department of Motor Vehicles.

(b) Waive or reduce the civil penalty that a person who is found to have committed a civil infraction would otherwise be required to pay if the court determines that any circumstances warrant such a waiver or reduction.

(c) Reduce any moving violation for which a person was issued a civil infraction citation to a nonmoving violation if the court determines that any circumstances warrant such a reduction.

5. A court shall not award attorney's fees or costs to any party in a hearing conducted pursuant to NRS 484A.7041, regardless of the outcome.

Sec. 5. NRS 484A.7049 is hereby amended to read as follows:

484A.7049 ~~[1.]~~ A prosecuting attorney may elect to treat a violation of a provision of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is punishable as a misdemeanor, other than a violation of NRS 484C.110 or 484C.120, as a civil infraction pursuant to NRS 484A.703 to 484A.705, inclusive.

~~[2. The prosecuting attorney shall make the election described in subsection 1 on or before the time scheduled for the first appearance of the defendant by:~~

~~(a) Preparing a civil infraction citation in accordance with subsection 1 of NRS 484A.7035 that contains all applicable information that is known to the prosecuting attorney, signing the citation and filing the citation with a court having jurisdiction over the alleged offense or with its traffic violations bureau;~~

~~(b) Filing notice of the prosecuting attorney's election with the court having jurisdiction of the underlying criminal charge; and~~

~~(c) Delivering a copy of the notice and citation to the defendant.~~

~~3. Upon the filing of a notice pursuant to paragraph (b) of subsection 2, the court shall dismiss the underlying criminal charge.]~~

Sec. 6. **NRS 484A.705 is hereby amended to read as follows:**

484A.705 ***1.*** Notwithstanding any other provision of law, if a person commits a violation of a provision of chapters 483 to 484E, inclusive, 486 or 490 of NRS that is punishable as a civil infraction ~~[while]~~ ***and*** the person is ***also charged with driving*** under the influence of alcohol or a controlled substance, the ~~[person]~~ ***civil infraction*** may instead be charged ~~[with]~~ ***as*** a misdemeanor.

2. Except as otherwise provided in this subsection, if a civil infraction is charged as a misdemeanor pursuant to subsection 1, the charge must be reduced to a civil infraction if the charge of driving under the influence of alcohol or a controlled substance is dismissed. The provisions of this subsection do not apply if the dismissal occurs pursuant to a plea agreement.

Sec. 7. **NRS 484B.600 is hereby amended to read as follows:**

484B.600 1. It is unlawful for any person to drive or operate a vehicle of any kind or character at:

(a) A rate of speed greater than is reasonable or proper, having due regard for the traffic, surface and width of the highway, the weather and other highway conditions.

(b) Such a rate of speed as to endanger the life, limb or property of any person.

(c) A rate of speed greater than that posted by a public authority for the particular portion of highway being traversed.

(d) A rate of speed that results in the injury of another person or of any property.

(e) In any event, a rate of speed greater than 80 miles per hour.

2. If, while violating any provision of subsection 1, the driver of a motor vehicle is the proximate cause of a collision with a pedestrian or a person riding

a bicycle, an electric bicycle or an electric scooter, the driver is subject to the additional penalty set forth in subsection 4 of NRS 484B.653.

3. A person who violates any provision of subsection 1 may be subject to the additional penalty set forth in NRS 484B.130 or 484B.135.

4. Except as otherwise provided by law, if a person is issued a traffic citation for a violation of any provision of subsection 1, the court may, in its discretion, reduce the violation from a moving traffic violation to a violation that is not a moving traffic violation ~~[. There is a presumption in favor of reducing the violation]~~ if the person ***:***

(a) Admits to committing the violation and pays the entire amount of the fine and all fees due ***on or*** before the date on which the person is first required to make an appearance relating to the citation ~~[, whether by personal appearance or through]~~ ***; and***

(b) Provides the court with a copy of his or her ~~[counsel, but such a presumption may be overcome]~~ ***driving record.***

5. The court shall not reduce a violation pursuant to subsection 4 if the driving record of the person demonstrates a pattern of moving traffic violations.

~~[5.]~~ ***6.*** Any fine imposed pursuant to paragraph (a), (b), (c) or (e) of subsection 1 must not exceed $20 for each mile per hour a person travels above the posted speed limit or the proper rate of speed at which the person should be traveling, as applicable. The provisions of this subsection apply regardless of whether a person pays the entire amount of the fine and all fees due in accordance with subsection 4.

~~[6.]~~ ***7.*** Except as otherwise provided in subsection ~~[7,]~~ ***8,*** a person who commits a violation of any provision of this section that causes physical injury to a person or damage to property shall be punished by a civil penalty of not more than $1,000.

~~[7.]~~ ***8.*** A person who commits a violation of any provision of this section and, at the time the violation was committed, was operating a vehicle at a rate of speed that was 30 miles per hour or more over that posted by a public authority is guilty of a misdemeanor.

9. As used in this section, "driving record" means a record of:

(a) Each conviction for a traffic offense that occurred within the immediately preceding 10 years;

(b) Each finding that a person committed a civil infraction within the immediately preceding 10 years; and

(c) Each citation issued to a person for a moving traffic violation that was subsequently reduced to a nonmoving violation within the immediately preceding 10 years.

Sec. 8. **Chapter 244 of NRS is hereby amended by adding thereto a new section to read as follows:**

In addition to any other authority granted pursuant to this chapter, the board of county commissioners may, by ordinance, impose a civil penalty in lieu of a criminal penalty for a violation of a county ordinance, unless state

law expressly prohibits the imposition of a civil penalty or prescribes a criminal penalty for the same act or omission.

Prayer by Chaplain Ron McMillin.

Dear Heavenly Father, with reverence and humility, we come before You, seeking Your wisdom for these members as they carry out the responsibilities entrusted to them. Grant them discernment and steadfastness as they govern with integrity and honor. Strengthen them to persevere through long days and demanding challenges.

May their hearts be guided by humility and compassion, striving always to serve all people impartially. In moments of difficulty, may they find strength; in times of division, may they pursue unity and extend grace to one another. May they faithfully honor the trust placed in them by those they represent, working to build a future founded upon Liberty and Justice for all.

Guide their deliberations today. May Your Word be a lamp to their feet and a light to their path-Psalm 119:105. May Your grace sustain their work, and may "Your will be done, on earth as it is in heaven," -Matthew 6:10.

Amendment No. 693.

AN ACT relating to taxation; requiring an applicant for the issuance of transferable tax credits and the partial abatement of certain taxes for a project that is located in an economic diversification district to enter into an agreement with certain local governments to defray the cost of services provided by the local governments under certain circumstances; revising provisions governing applications for the issuance of transferable tax credits and the partial abatement of certain taxes for a project that satisfies certain capital investment and other requirements; authorizing a fire protection district to abate certain fees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Office of Economic Development to approve applications for an abatement or partial abatement of certain taxes and the issuance of transferable tax credits submitted by the lead participant in a qualified project that will make a capital investment in this State of at least $1 billion. (NRS 360.880-360.980) Additionally, existing law authorizes the governing body of a county or city in which a qualified project is or is expected to be located to: (1) create an economic diversification district that includes within its boundaries the qualified project; and (2) pledge for certain purposes the proceeds of all sales and use taxes imposed in the county or city on each participant in the qualified project, other than any sales and use taxes for which an abatement is received. (Chapter 271B of NRS) **Sections 2 and 6** of this bill

require, as a condition of eligibility for the transferable tax credits or the abatement or partial abatement of taxes for a project that is or will be located in an economic diversification district, the lead participant to enter into an agreement with the governing body of the city, county or fire protection district in which the project is located, if the governing body so requires, to require the lead participant to make payments to defray the cost of local governmental services and infrastructure to service the project. **Sections 2 and 6: (1) provide that the city or county in which a project is located is the lead negotiator for all such agreements; and (2) authorize a city, county or fire protection district that is not the lead negotiator to enter into an interlocal agreement with the lead negotiator.** **Sections 2, 3, 6 and 7** make records, files and communications exchanged between the lead participant and a county, city or fire protection district for the purpose of entering into certain agreements confidential and prohibit the disclosure of such records, files and communications except with the consent of the lead participant. **Section 10** of this bill provides that these records, files and communications are not public records. **Section 11** of this bill makes a conforming change to reflect that the governing body of a county or city is authorized to enter into agreements with owners of any interest in property for the payment of amounts to defray the costs of local government services, in addition to the agreement which the governing body of the county or city is required to enter into with the lead participant pursuant to **sections 2 and 6**.

Existing law prohibits the Office from approving an application for a partial abatement for a qualified project whose participants intend to make a capital investment in this State of at least $1 billion unless the lead participant of the project has entered into an agreement with the Office establishing certain terms for the abatement, including the date on which the abatement becomes effective, which must not be earlier than the date on which the Office receives the application and not later than 1 year after the date on which the Office approves the application. (NRS 360.889) **Section 2** limits the requirement to state the effective date of the partial abatement in the agreement to partial abatements of property taxes and requires the effective date of such an abatement, as established by the agreement, to be not earlier than July 1 of the fiscal year in which the Office executes the agreement. **Section 6** adds a similar requirement regarding the effective date of an abatement to applications for an abatement for a qualified project whose participants intend to make a capital investment in this State of at least $3.5 billion.

Sections 3 and 7 of this bill require the Office, within 15 days after receipt of an application for transferable tax credits or an abatement or partial abatement of taxes for a project with a capital investment of at least $1 billion in this State, to send a notification containing certain information to each city, county and fire protection district in which the project will be located. **Sections 3 and 7** authorize the disclosure of certain confidential information in an application to an officer or employee of a county, city or fire protection district who is subject to an agreement prohibiting further disclosure of the

information. **Sections 3 and 7** require the Office to receive a letter of acknowledgment of an application from certain local governments before considering the application, unless such a letter is not received within 30 days of a request for the letter.

Finally, **sections 3 and 7** require the governing body of the county, city or fire protection district to state in the letter of acknowledgment whether the governing body will require the lead participant to enter into an agreement to defray the cost of local government services and infrastructure.

Existing law authorizes the governing body of a county or city to grant an abatement of all or part of any permitting fee or licensing fee which the local government is authorized to impose, for the purpose of encouraging local economic development. (NRS 360.896, 360.980) **Sections 5 and 9** of this bill similarly authorize a fire protection district to grant an abatement of any permitting fee or licensing fee which the fire protection district is authorized to impose.
