Remarks by Assemblymember La Rue Hatch.

ASSEMBLYMEMBER LA RUE HATCH:

I rise in support of Assembly Bill 596. I just want to take a moment to recognize the thousands of state workers that are working tirelessly to keep our communities running, and I want to acknowledge the work that this body has done to try to recognize that. We have been, unfortunately, constrained by the budget this year, and I think all of us would like to have done much more to recognize and honor those workers. I am in support of this bill because I think it still recognizes them; I think it still does what we can do in this moment. I just want to take a moment to say to the state workers that we see you, we hear you, we are fighting for you, and that work will continue even beyond this bill.

The following amendment was proposed by Assemblymember Mosca:

Amendment No. 928.

AN ACT relating to elections; requiring the Secretary of State to allow certain persons detained in jail to use the system of approved electronic transmission to register to vote and cast a ballot; revising provisions relating to voter registration and updating voter registration information; renaming certain provisional ballots to "conditional ballots"; revising provisions relating to certain petitions; revising the deadline for candidates to file a declaration of candidacy; revising provisions relating to the publication of certain information by a county clerk; authorizing the Secretary of State to require certain employees to attend a training course concerning elections procedures; revising provisions relating mail ballots; revising provisions relating to the testing of certain technology prior to an election; defining the term "personal knowledge" for purposes of certain challenges; revising provisions relating to risk-limiting audits; revising provisions relating to certain prohibited conduct in or around a polling place; revising provisions relating to mechanical voting systems; authorizing, under certain circumstances, the Secretary of State to adjust the date of the presidential preference primary election; **creating the Voter Access Grant Program and the Account for the Voter Access Grant**

Program; making various other changes relating to elections; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Secretary of State to establish a system of approved electronic transmission through which voters may register to vote and apply for and cast a ballot. (NRS 293D.200) Existing law further sets forth provisions governing voting by persons who are detained in a county or city jail. (NRS 293.269971, 293.269973, 293.269975) **Section 2** of this bill requires the Secretary of State to allow: (1) an elector who is detained in a county or city jail to use the system of approved electronic transmission established for covered voters who are overseas or in the military to register to vote; and (2) a registered voter who is detained in a county or city jail to use the system of approved electronic transmission to apply for and cast a ballot in every election where the system of approved electronic transmission is available to a covered voter who is overseas or in the military. **Section 15** of this bill requires the Secretary of State to prescribe the procedures to be followed and the requirements of the use of the system of approved electronic transmission by electors and voters who are detained in a county or city jail. **Section 21** of this bill requires the report submitted to the Secretary of State by a person who administers a county or city jail concerning elections conducted in such jails to include an explanation of the process the jail used to comply with the provisions of **section 2**. (NRS 293.269975)

Section 3 of this bill requires, with limited exception, a county or city clerk to respond within 2 working days after receiving any request from the Secretary of State for information or data relating to an election.

Section 4 of this bill provides that if an active registered voter moves to another county and registers to vote therein, which may include, without limitation, an application to register to vote which is transmitted to a county clerk from an automatic voter registration agency, it shall be deemed that the voter is updating his or her voter registration rather than registering to vote and, with certain exceptions, the voter must not be required to cast a provisional ballot on the basis of such an update.

Existing law sets forth certain procedures governing the use of provisional ballots by registered voters who update their voter registration information after the close of registration for an election and by electors who register to vote in person or by computer during certain periods of time leading up to and during an election. Specifically, existing law: (1) with certain exceptions, requires an elector who is deemed conditionally registered to vote under such circumstances to cast his or her vote by a provisional ballot; and (2) authorizes a county or city clerk, under certain circumstances, to require a registered voter who updates his or her voter registration to cast a provisional ballot in an election. (NRS 293.5772-293.5887) **Sections 5, 23, 26, 32 and 38-47** of this bill rename ballots cast under such circumstances to be "conditional ballots."

Existing law requires certain petitions to be submitted to a county clerk for verification of the signatures on the petition and sets forth certain deadlines for

such submission. (NRS 293.128, 293.172, 293.200, 295.056, 298.109, 306.035, 306.110) **Section 65** of this bill prohibits petitions for referendum and certain initiatives from being submitted to a county clerk earlier than the 13th day following the primary or general election, as appropriate. (NRS 295.056) Existing law requires, after the submission of certain petitions containing signatures which are required to be verified, the county clerk to determine the number of signatures affixed to the documents and forward that information to the Secretary of State. (NRS 293.1276) **Section 6** of this bill increases the time provided to a county clerk to make such a determination: (1) for a petition to place the name of a candidate for partisan office of a minor political party or an independent candidate for partisan office on the ballot, from 2 working days to 7 working days; and (2) for any other petition which is required to be submitted for such purposes, from 4 working days to 9 working days.

If the Secretary of State finds that the total number of signatures submitted to all the county clerks is 100 percent or more of the number of registered voters needed to declare the petition sufficient, existing law requires: (1) the Secretary of State to immediately notify the county clerks; and (2) each of the county clerks, after the receipt of such notification, to determine the number of registered voters who have signed the document. (NRS 293.1277) **Section 7** of this bill increases the time provided to a county clerk to make such a determination: (1) for a petition to recall a public officer who holds a statewide office, from 20 working days to 25 working days; (2) for a petition to place the name of a candidate for partisan office of a minor political party or an independent candidate for partisan office on the ballot, from 3 working days to 8 working days; and (3) for any other petition which is required to be submitted for such purposes, from 9 working days to 14 working days. **Sections 8 and 11** of this bill require a petition to place the name of a candidate for partisan office of a minor political party or an independent candidate for partisan office on the ballot be submitted to the county clerk for verification not later than 25 working days, rather than 10 working days, before the last day to file the petition.

(NRS 293.177, 293C.145, 293C.175) **Sections 9-11, 58 and 59** of this bill instead provide that the period for filing a declaration of candidacy for both judicial and nonjudicial candidates begins on the first Monday in February of the year in which the election is to be held and ends not later than 5 p.m. on the second Friday after the first Monday in February. **Section 9** similarly revises the dates by which a minor political party is required by existing law to file a list of its candidates for partisan office. (NRS 293.1725) **Section 11** further provides that a petition

of candidacy for an independent candidate for partisan office must not be filed earlier than the first Monday in February rather than the first Monday in March.

(NRS 293.269925)

Existing law requires a county clerk to: (1) prepare and distribute to certain persons in the county a mail ballot for every election; and (2) allow a voter to elect not to receive such a mail ballot by submitting a written notice to the county clerk which must be received by the county clerk not later than 60 days before the day of the election. (NRS 293.269911) **Section 18** of this bill

Existing law further requires an elector who submits an application to register to vote in such a manner less than 14 days before the election to vote in person. (NRS 293.275) **Section 22** of this bill prohibits such a test from being completed earlier than 6 weeks, instead of 2 weeks, before the first day of the period for early voting by personal appearance. **Section 55** of this bill similarly revises the time period provided in existing law for a county or city clerk to perform certain tests on a mechanical recording device which directly records votes electronically and any automatic tabulating equipment and programs. (NRS 293B.150)

Sections 24 and 33 of this bill define the term "personal knowledge" for purposes of certain provisions of existing law which authorize certain persons to challenge the right of a person to vote and provide that the term does not include knowledge obtained from a third party. (NRS 293.303, 293.535)

Existing law requires each county clerk to conduct a risk-limiting audit of the results of an election. (NRS 293.394) **Section 29** of this bill renames such audits to "election accuracy audits." Existing law provides that certain materials used in the completion of logic and accuracy tests must be sealed and deposited in the vaults of the county clerk. (NRS 293B.170) **Section 56** of this bill provides that such materials are subject to inspection for the purposes of an election accuracy audit.

Existing law requires a county clerk to cancel the preregistration or registration of a person under certain circumstances and authorizes or requires the reregistration of certain electors whose registration is cancelled. (NRS

293.540, 293.543) **Section 34** of this bill requires a county clerk to cancel the preregistration or registration of a person if the county clerk receives, from a person who is within the second degree of consanguinity of the person, a sworn affidavit which indicates the death of the person. **Section 35** of this bill requires, if the registration or preregistration of an elector is cancelled under such circumstances and the county clerk later determines that the registration or preregistration should not have been cancelled, the county clerk to reregister or repreregister the elector.

Existing law provides that the last day for a person to register to vote for certain elections that are held on the same day as a primary election, presidential preference primary election or general election is, if the person is registering by appearing in person at the office of the county clerk or certain county facilities, the fourth Tuesday preceding the primary election, presidential preference primary election or general election. (NRS 293.560) **Section 36** of this bill instead provides that the last day to register to vote in such a manner is the day before the first day of the period for early voting by personal appearance. **Section 62** of this bill similarly revises such deadlines for registration for a primary city, general city, recall and special city election if there is a period for early voting for the primary or general city election. **Section 37** of this bill requires, if an application to register to vote is received not later than 5 days after the appropriate deadline, a county clerk to accept the application if it is obtained from the Department of Motor Vehicles and is completed by, depending on if there is a period for early voting by personal appearance, the day before the first day of the period for early voting by personal appearance or the last day to register to vote by mail. Except as otherwise provided in subsection 6, the county clerk shall rely only on the appearance of the signature and the address and date included with each signature in making his or her determination.

Senate Bill No. 348.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 896.

AN ACT relating to health care; establishing a fee the State Public Health Laboratory is authorized to charge for certain examinations and tests for the discovery of certain diseases in infants; **removing a requirement that the State Public Health Laboratory hold a public hearing under certain circumstances;** requiring Medicaid to reimburse such examinations and tests separately from reimbursement for other labor and delivery services and newborn care; requiring the Director of the Department of Health and Human Services to request the establishment of a certain rate of reimbursement for such examinations and tests; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Public Health Laboratory to make available, at such charges as may be established, to health officials, the Director of the State Department of Agriculture and licensed physicians of the State, proper laboratory facilities for the prompt diagnosis of communicable diseases. (NRS 439.240) Existing law requires the State Board of Health to adopt regulations governing examinations and tests required for the discovery in infants of preventable or inheritable disorders. Existing law further requires any physician, midwife, nurse, freestanding birthing center or hospital of any nature attending or assisting any infant, or the person who gave birth to any infant, at childbirth to: (1) examine the infant in accordance with those regulations; and (2) collect and send to the State Public Health Laboratory any specimens needed for the examinations and tests that must be performed by a laboratory. (NRS 442.008) **Section 3** of this bill authorizes the State Public Health Laboratory, on or after January 1, 2026, to charge a fee of not more than $150 or the rate of reimbursement paid by Medicaid, whichever is less, for the required examinations and tests for the discovery in infants of preventable or inheritable disorders. **Section 1** of this bill makes a conforming change to clarify that the State Public Health Laboratory establishes the fee for such examinations and tests pursuant to **section 3**. **Section 3 also removes a requirement that the State Public Health Laboratory hold a public hearing before increasing that fee.** **Section 68.7** of this bill authorizes the State Public Health Laboratory, on or after July 1, 2025, and before

January 1, 2026, to charge a fee of not more than $122 for the required examinations and tests for the discovery in infants of preventable or inheritable disorders.

Existing law requires the Department of Health and Human Services to administer the Medicaid program. (NRS 422.270) **Section 3.7** of this bill requires the Director of the Department to provide reimbursement under Medicaid for the required examinations and tests for the discovery in infants of preventable or inheritable disorders separately from the reimbursement provided for other labor and delivery services and newborn care. **Section 3.4** of this bill makes a conforming change to indicate that the provisions of **section 3.7** will be administered in the same manner as the provisions of existing law governing Medicaid. **Section 68.3** of this bill requires the Director to submit to the United States Secretary of Health and Human Services, to the extent that money is available and as soon as practicable, a request to include under Medicaid a rate of reimbursement of not more than $122 for such examinations and tests. **Sections 3.7 and 68.3** authorize the Director to increase that rate of reimbursement to not more than $150 on or after January 1, 2026.

7. An infant is exempt from examination and testing if either parent files a written objection with the person or institution responsible for making the examination or tests.

(e) May, by regulation, require nonprofit organizations and state and local governmental agencies to provide information regarding the programs of those organizations and agencies, excluding detailed information relating to their budgets and payrolls, which the Director deems necessary for the performance of the duties imposed upon him or her pursuant to this section.

(f) Has such other powers and duties as are provided by law.

2. Notwithstanding any other provision of law, the Director, or the Director's designee, is responsible for appointing and removing subordinate officers and employees of the Department.

Amendment No. 926.

CONTAINS UNFUNDED MANDATE (§§ 1.6, 6, ~~[26.)]~~ **26, 28.3)**
(NOT REQUESTED BY AFFECTED LOCAL GOVERNMENT)

AN ACT relating to elections; defining the term "current and valid" for purposes of certain documentation relating to elections; **authorizing an active registered voter to request a mail ballot under certain emergency circumstances;** revising eligibility to be a candidate of a major political party; setting forth the form of a declaration of candidacy for certain candidates; revising the methods for paying candidate filing fees; revising the information

required to be contained in election notices; revising provisions relating to election boards; revising provisions relating to the provision or reimbursement of certain expenses related to training on elections procedures; revising provisions relating to when certain candidates may be declared elected at a primary election; revising provisions relating to ballots and standards for counting votes; revising provisions relating to an application to preregister or register to vote; revising provisions relating to the designation of persons who are not affiliated with a political party; revising provisions relating to updating voter registration information; revising provisions relating to certain crimes relating to elections; requiring the Secretary of State to adopt a cyber-incident response plan; authorizing certain elderly persons to request that certain personal information be kept confidential; revising provisions relating to the testing of certain equipment; revising the deadline by which a withdrawal of candidacy must be presented by certain candidates; revising provisions relating campaign contributions for certain special elections; making various other changes relating to elections; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a person to provide certain documentation which is current and valid for purposes of certain provisions relating to elections. (See e.g., NRS 293.269915, 293.2725, 293.507, 293.5742, 293.57688, 293.5837, 293.5842, 293.5847, 293C.26314) **Section ~~[1.3]~~ 1.4** of this bill defines the term "current and valid" for such purposes and **section 1.7** of this bill makes that definition applicable to certain provisions relating to elections.

Existing law sets forth provisions governing the preparation, distribution and casting of mail ballots and requires a county or city clerk, as applicable, to prepare and distribute to each active registered voter in the county or city and certain other persons who register to vote a mail ballot for every election. (NRS 293.269911-293.269937, 293C.263-293C.26337) Sections 1.6, 11.3, 28.3 and 32.3 of this bill authorize an active registered voter who is eligible to receive a mail ballot to submit a request to the county or city clerk, as applicable, to receive a mail ballot if he or she is unable to access his or her mail ballot or appear in person at the polls due to an emergency. Sections 1.6 and 28.3 further require a county or city clerk to distribute a mail ballot to such a voter after verifying the voter's eligibility and that he or she has not already voted. Sections 1.9, 11.5, 28.7 and 32.7 of this bill make certain provisions relating to mail ballots, including the definition of "mail ballot" and provisions concerning the marking and signing the mail ballot of another voter, applicable to ballots requested pursuant to sections 1.6 and 28.3.

Section 2 of this bill removes the prohibition for a person to be a candidate of a major political party for partisan office if the person has changed certain information on an application to register to vote in a state other than this State during the time beginning on December 31 preceding the closing filing date for an election and ending on the date of the election. (NRS 293.176)

Existing law requires an independent candidate for partisan office to file a declaration of candidacy. (NRS 293.200) Existing law further sets forth the form for a declaration of candidacy for all candidates for partisan office. (NRS 293.177) **Section 3** of this bill sets forth the form for the declaration of candidacy for an independent candidate for partisan office. **Section 5** of this bill makes conforming changes to clarify that the declaration of candidacy for an independent candidate must be in the form set forth in **section 3**.

Existing law sets forth certain fees for filing a declaration of candidacy and provides that the fee for filing a declaration of candidacy may be paid by cash, cashier's check or certified check. (NRS 293.193) **Section 4** of this bill: (1) provides that such a fee may also be paid by credit card ~~[.]~~ **if the filing officer accepts such a method of payment;** (2) revises the description of certain offices; and (3) reorganizes existing fees set forth in other provisions of existing law in to this schedule of fees.

Existing law requires a county clerk, immediately upon receipt of the certified list of candidates for judicial and nonjudicial office, to publish a notice of primary election or general election in a newspaper of general circulation in the county once a week for 2 successive weeks and requires such notice to contain: (1) the date of the election; (2) the location of the polling places; and (3) the hours during which the polling places will be open for voting. (NRS 293.203) **Section 6** of this bill requires such notice to additionally contain: (1) the names of the candidates; and (2) the office for which each candidate is running and, if the office is partisan, the party under which the candidate is running. **Section 39** of this bill similarly requires the names of the qualified candidates who will be on the ballot at the presidential preference primary election and the major political party with which each candidate is affiliated to be included on such notice for a presidential preference primary election. (NRS 298.670)

Existing law authorizes a county clerk to appoint a pupil as a trainee for the position of election board officer and sets forth the qualifications for such an appointment, including a requirement that the pupil is appointed without party affiliation. (NRS 293.2175, 293C.222) **Sections 7 and 31** of this bill clarify that a pupil may be appointed as a trainee regardless of his or her affiliation with a political party, including any designation of party affiliation on the pupil's application to preregister or register to vote.

Existing law requires the Secretary of State to develop and provide a training course to each county clerk and city clerk related to elections procedures and requires the Secretary of State to provide to or reimburse the county or city, as applicable, for the cost of the per diem allowance and travel expenses of the county clerk or city clerk for attending such a course. Existing law further authorizes the Secretary of State to provide to or reimburse the county or city, as applicable, such costs for any deputy or employee of the office of the county or city clerk who attends the course. Existing law requires that any such costs be paid from the Reserve for Statutory Contingency Account upon recommendation by the Secretary of State and approval by the State Board of

Examiners. (NRS 293.2504) **Section 8.5** of this bill instead requires the Secretary of State to provide or reimburse certain other costs for a county or city clerk relating to the training course.

Existing law provides that members of election boards continue to serve as such from the day before the day of the election until the time for filing contests of the election has expired. (NRS 293.225) **Section 8** of this bill provides instead that members continue to serve as such from the day of appointment.

Existing law provides that, in certain circumstances, if one candidate receives a majority of the votes cast in a primary election for certain nonpartisan offices, the candidate must be declared elected and the candidate's name must not be placed on the ballot. (NRS 293.260, 293C.175; Carson City Charter § 5.010; Henderson City Charter § 5.010; Las Vegas City Charter § 5.010; North Las Vegas City Charter § 5.020; Sparks City Charter § 5.020) **Sections 9, 29 and 42-46** of this bill provide that for the purposes of determining the majority of the votes cast in the primary election for an office for which voters may select more than one candidate, each ballot upon which a voter marked a valid choice for one or more candidates for that office shall be deemed to be one vote cast in the primary election for that office.

Existing law provides that every ballot upon which appears the names of candidates for any statewide office or for President or Vice President of the United States must contain an additional line with a square in which the voter may select "None of these candidates." (NRS 293.269) **Section 10** of this bill provides instead that the additional line on such a ballot must contain a space in which the voter may select "None of these candidates."

Existing law: (1) authorizes the mail ballot central counting board to begin counting mail ballots 15 days before the day of the election; (2) requires the counting board to prepare to count the ballots when the polls are closed; and (3) establishes certain requirements for counting paper ballots. (NRS 293.269931, 293.363, 293C.26331, 293C.362) **Sections 12 and 33** of this bill: (1) clarify that the mail ballot central counting board may begin counting mail ballots before the polls are closed; (2) prohibit certain ballots from being counted before 7 a.m. on the day of the election; (3) prohibit the results or a copy of the results from being posted until the polls are closed; and (4) remove requirements for counting paper ballots.

Existing law: (1) sets forth certain standards for counting votes; (2) requires the Secretary of State to adopt regulations establishing uniform, statewide standards for counting a vote; and (3) authorizes the Secretary of State to adopt regulations establishing additional uniform statewide standards. (NRS 293.3677, 293C.369) **Sections 13 and 34** of this bill provide that a vote must be counted if: (1) a portion of the designated space on a ballot is darkened by the voter; (2) such a marking cannot be conclusively determined to be made in error; and (3) there is some indication of the intent of the voter on the face of the ballot.

Existing law requires each county clerk to conduct a risk-limiting audit of the results of an election. (NRS 293.394) **Section 15** of this bill renames such

audits to "election accuracy audits." Existing law provides that certain election materials, including the voted, rejected and spoiled ballots, must be sealed and deposited in the vaults of the county clerk. (NRS 293.391) **Section 14** of this bill provides that such election materials are subject to inspection for the purposes of an election accuracy audit.

Existing law provides that the deadline to register to vote at a voter registration agency, the Department of Motor Vehicles or an automatic voter registration agency is the last day to register to vote by mail. Existing law requires a county clerk to accept any application which is completed by the last day to register to vote by mail if the county clerk receives the application not later than 5 days after that date. (NRS 293.504, 293.5727, 293.57688) **Sections 17, 22 and 23** of this bill require a voter registration agency, the Department of Motor Vehicles and an automatic voter registration agency to notify a person who registers to vote after this deadline that in order to vote in the upcoming election, the person must register to vote by computer or at a polling place or polling place for early voting.

Existing law requires ~~[: (1) a person at the time he or she preregisters to vote or an elector at the time he or she registers to vote, to indicate his or her political party affiliation or that he or she is not affiliated with a party; and (2)]~~ if a person or elector indicates that he or she is not affiliated with a political party or fails to indicate as such, the county clerk or field registrar to list the person's or elector's political party as nonpartisan. (NRS 293.518) **Section 18** of this bill instead requires the county clerk or field registrar to list ~~[such a person's or elector's]~~ **the** political party **of a person or elector who fails to indicate whether he or she is affiliated with a political party or not affiliated** as "no political party."

~~[Existing law requires the Secretary of State to prescribe the form for applications to preregister or register to vote. (NRS 293.5235) Section 19 of this bill requires an application to preregister or register to vote to include an option for a voter to elect not to receive a mail ballot.]~~ **Section 9.5 of this bill revises the manner in which certain candidates that appear under existing law on a ballot as "no political party" or "NPP" to instead be shown on such a ballot: (1) for a candidate for partisan office, as "Independent Candidate" or "INC"; and (2) for a candidate for a nonpartisan office, as "nonpartisan" or "NPR." (NRS 293.267)**

Existing federal law sets forth certain requirements for the removal of a voter from the official list of eligible voters which prohibit a state from removing the name of a registered voter unless the voter: (1) confirms a change of residence outside of the registrar's jurisdiction in writing; or (2) fails to respond to a notice sent to his or her residence and has not voted or appeared to vote for a period of time after a notice has been mailed to his or her residence. (52 U.S.C. § 20507) **Sections 20 and 21** of this bill require a county clerk to mail a notice and conduct any correction or removal of a registered voter in accordance with existing federal law.

Sections 20 and 23.5 of this bill provide that certain notifications that a county clerk is required to mail to the current residence of a person are required instead to be mailed to the current mailing address of the person. (NRS 293.530, 293.57693)

Existing law: (1) authorizes a voter to update his or her voter registration information after the close of registration for an election; and (2) requires the county or city clerk to authorize a voter to update his or her voter registration information by the use of a paper application or the computer system established by the Secretary of State. (NRS 293.5832) **Section 24** of this bill authorizes the county or city clerk to also authorize an additional method for updating such voter registration information at a polling place during early voting by personal appearance and on election day. **Section 24** further: (1) requires the county or city clerk to send a mail ballot to such a voter if the voter updates the information 14 or more days before the election; and (2) provides that a voter who updates information less than 14 days before the election may vote only in person in that election only at a polling place. Finally, **section 24** clarifies that all other provisions of law relating to voting in person or by mail still apply to a registered voter who updates his or her voter registration information after the close of voter registration for the election.

Existing law prohibits ~~[, with certain exceptions,]~~ a person from ~~[performing certain election-related actions]~~ **electioneering during the time a polling place for early voting is open for voting** in ~~[certain locations, including]~~ **or** within 100 feet from the entrance to ~~[a building or other structure in which a polling place is located. (NRS 293.740)]~~ **the voting area. (NRS 293.361)** **Section ~~[24.3]~~ 11.7** of this bill instead prohibits such actions within 100 feet of the entrance to a ~~[voting area.]~~ **building, other structure or jail in which a polling place is located.**

Existing law prohibits a person from voting more than once at the same election. (NRS 293.780) **Section 48** of this bill repeals existing law that prohibits a person from being preregistered or registered to vote in more than one county at a time. (NRS 293.810) **Section 24.7** of this bill provides that a person votes more than once at the same election if he or she votes: (1) more than once in certain elections in this State; or (2) in the same primary or general election in this State and at least one other state.

Existing law requires a county or city clerk or other election official to immediately notify the Secretary of State if the clerk or official identifies or is informed of a confirmed attack or attempted attack on the security of an information system used by the clerk or official. (NRS 293.875) **Section 26** of this bill requires the Secretary of State to adopt by regulation a cyber-incident response plan for elections. **Section 26** also requires a county or city clerk or other election official to notify the Secretary of State, the Governor and the Legislative Commission of any cyber-incident or attempted cyber-incident on the security of an information system used by the county or city clerk or other election official in accordance with the cyber-incident response plan.

Existing law authorizes certain persons, including a spouse, domestic partner or minor child of such a person, to request that personal information contained in the records of the Secretary of State, a county or city clerk, a county recorder or a county assessor be kept confidential. (NRS 247.540, 250.140, 293.908) **Sections 27, 40 and 41** of this bill additionally authorize the elderly parent of such a person to request that such information be kept confidential.

Section 27.5 of this bill clarifies that certain tests required by existing law to be conducted before the start of the official count of the ballots and again within 24 hours after the official count of the ballots are required to be conducted within 24 hours after the official count of the ballots is completed, including the counting of the final ballot.

Existing law provides that a withdrawal of candidacy must be presented: (1) for a candidate for city office, to the city clerk within 2 days after the last day for filing for candidacy; and (2) for all other candidates, to the county clerk within 7 days after the last day for filing. (NRS 293.202, 293C.195) **Section 30** of this bill requires a withdrawal of candidacy by a candidate for a city office to be presented within 7 days, consistent with the requirement for all other candidates.

Existing law sets forth certain limits on making or committing to make any contributions to a candidate for office, except for a federal office, and provides that no contribution made, committed or accepted for a primary election or general election affects the limitation on contributions for a special election to recall a public officer. (NRS 294A.100) **Section 36** of this bill also provides that no contribution made, committed or accepted for a special election other than a special election to recall a public officer affects the limitation on contributions for a special election to recall a public officer.

Existing federal law requires a certificate of ascertainment of appointment of presidential electors to be issued and transmitted to the Archivist of the United States not later than 6 days before the time fixed for the meeting of the electors, which is the first Tuesday after the second Wednesday in December. (3 U.S.C. §§ 5, 7) **Section 37** of this bill requires the Secretary of State to transmit the certificate of ascertainment to the Archivist.

Existing law requires a person who is a qualified candidate to be a major political party's nominee for President of the United States who wants to appear on the ballot for a presidential preference primary election to file with the Secretary of State a declaration of candidacy in the form prescribed by the Secretary of State. (NRS 298.660) **Section 38** of this bill sets forth the form for the declaration of candidacy for such a candidate and provides that any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation is guilty of a gross misdemeanor.

Section 48 repeals certain provisions that: (1) prohibit a counting board from commencing to count the votes until all ballots are accounted for; (2) provide for a recount at a hearing of any contest; and (3) require the county clerk to transmit the number of registered voters in the county and their political

affiliation to the Secretary of State before certain elections. **Section 48** also repeals a provision that deems certain registered voters who move after the close of voter registration to retain their prior residence.

3. The address of a candidate which must be included in the declaration of candidacy pursuant to subsection 2 must be the street address of the residence where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050, if one has been assigned. The declaration of

candidacy must not be accepted for filing if the candidate fails to comply with the following provisions of this subsection or, if applicable, the provisions of subsection 4:

(a) The candidate shall not list the candidate's address as a post office box unless a street address has not been assigned to his or her residence; and

(b) Except as otherwise provided in subsection 4, the candidate shall present to the filing officer:

(1) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate and the candidate's residential address; or

(2) A current utility bill, bank statement, paycheck, or document issued by a governmental entity, including a check which indicates the candidate's name and residential address, but not including a voter registration card.

4. If the candidate executes an oath or affirmation under penalty of perjury stating that the candidate is unable to present to the filing officer the proof of residency required by subsection 3 because a street address has not been assigned to the candidate's residence or because the rural or remote location of the candidate's residence makes it impracticable to present the proof of residency required by subsection 3, the candidate shall present to the filing officer:

(a) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate; and

(b) Alternative proof of the candidate's residential address that the filing officer determines is sufficient to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050. The Secretary of State may adopt regulations establishing the forms of alternative proof of the candidate's residential address that the filing officer may accept to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050.

5. The filing officer shall retain a copy of the proof of identity and residency provided by the candidate pursuant to subsection 3 or 4. Such a copy:

(a) May not be withheld from the public; and

By filing the declaration of candidacy, the candidate shall be deemed to have appointed the filing officer for the office as his or her agent for service of process for the purposes of a proceeding pursuant to NRS 293.182. Service of such process must first be attempted at the appropriate address as specified by the candidate in the declaration of candidacy. If the candidate cannot be served at that address, service must be made by personally delivering to and leaving with the filing officer duplicate copies of the process. The filing officer shall immediately send, by registered or certified mail, one of the copies to the candidate at the specified address, unless the candidate has designated in writing to the filing officer a different address for that purpose, in which case the filing officer shall mail the copy to the last address so designated.

7. If the filing officer receives credible evidence indicating that a candidate has been convicted of a felony and has not had his or her civil rights restored, the filing officer:

(a) May conduct an investigation to determine whether the candidate has been convicted of a felony and, if so, whether the candidate has had his or her civil rights restored; and

(b) Shall transmit the credible evidence and the findings from such investigation to the Attorney General, if the filing officer is the Secretary of State, or to the district attorney, if the filing officer is a person other than the Secretary of State.

8. The receipt of information by the Attorney General or district attorney pursuant to subsection 7 must be treated as a challenge of a candidate pursuant to subsections 4 and 5 of NRS 293.182 to which the provisions of NRS 293.2045 apply.

9. Any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation of this section is guilty of a gross misdemeanor.

GENERAL FILE AND THIRD READING

Assembly Bill No. 386.
Bill read third time.
The following amendment was proposed by Assemblymember Goulding:
Amendment No. 935.

AN ACT relating to education; revising provisions governing the assessments which may be used to assess the literacy of pupils enrolled in an elementary school; authorizing the Department of Education to prescribe requirements relating to the collection and reporting of the results of such assessments; authorizing the Department to prescribe the assessments used to assess literacy under certain circumstances; **requiring the Department under certain circumstances to award grants to school districts and charter schools that use certain assessments to assess literacy other than the statewide assessment;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the board of trustees of a school district or the governing body of a charter school to prepare a plan to improve the literacy of pupils enrolled in an elementary school. Such a plan must include procedures to assess the proficiency of a pupil in reading during each grade level of elementary school, as is determined to be necessary, by using assessments that have been approved by the State Board of Education by regulation. (NRS 388.157) This bill removes the requirement that such assessments be approved by the State Board by regulation, thereby allowing the board of trustees of a school district or the governing body of a charter school, as applicable, to include in the plan any valid and reliable standards-based assessment to assess proficiency in reading. This bill also authorizes the Department of Education to: (1) adopt regulations prescribing how the results of any assessment used by a school district or charter school to assess proficiency in reading are collected

and reported; and (2) prescribe the assessments which must be used in a school district or charter school if no assessment is included in the plan. This bill further provides that **, if** the board of trustees of a school district or the governing body of a charter school ~~[is responsible for the costs of administering]~~ **administers** an assessment ~~[used by the school district or charter school]~~ to assess proficiency in reading ~~[,]~~ other than the statewide assessment ~~[,]~~ **and the Department establishes a method to determine an equivalent score on such an assessment, the Department is required to award a grant to the school district or local educational agency for the charter school in an amount equal to the savings to the Department, on a proportional basis, for not administering the statewide assessment to pupils in that school district or charter school.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 388.157 is hereby amended to read as follows:

388.157 1. The board of trustees of each school district and the governing body of each charter school shall prepare a plan to improve the literacy of pupils enrolled in an elementary school. Such a plan must include, without limitation:

(a) A program to provide intervention services and intensive instruction to pupils who have been identified as deficient in the subject area of reading to ensure that those pupils achieve adequate proficiency in the requisite reading skills and reading comprehension skills necessary to perform at a level determined by a statewide assessment to be within a level determined by the State Board ***, or an equivalent level determined by an assessment administered by the board of trustees of a school district or governing body of a charter school,*** for a pupil enrolled in the same grade in which the pupil is enrolled. Such a program must include, without limitation, regularly scheduled reading sessions in small groups and specific instruction designed to target any area of reading in which the pupil demonstrates a deficiency, including, without limitation, phonological and phonemic awareness, decoding skills, reading fluency and vocabulary and reading comprehension strategies;

(b) Procedures for assessing a pupil's proficiency in the subject area of reading using valid and reliable standards-based assessments ~~[that have been approved by the State Board by regulation]~~ during each grade level of the elementary school at which the pupil is enrolled as determined necessary;

(c) A program to improve the proficiency in reading of pupils who are English learners; and

(d) Procedures for facilitating collaboration between licensed teachers designated as literacy specialists and classroom teachers.

2. The board of trustees of each school district or the governing body of a charter school, as applicable, shall:

(a) Submit its plan to the Department for approval on or before the date prescribed by the Department on a form prescribed by the Department; and

(b) Make such revisions to the plan as the Department determines are necessary.

3. The Department ~~[shall]~~ ***:***

(a) Shall adopt regulations that prescribe procedures for assessing the development across early learning domains of a pupil enrolled in kindergarten within the first 45 days of school in a school year.

(b) May adopt regulations prescribing the manner by which the board of trustees of each school district and the governing body of a charter school are required to collect and report the results of any assessment used by the school district or charter school, as applicable, to assess a pupil's proficiency in the subject area of reading.

(c) May prescribe one or more valid and reliable standards-based statewide assessments that must be used in a school district or charter school to assess a pupil's proficiency in the subject area of reading if the board of trustees of the school district or the governing body of the charter school, as applicable, fails to include such an assessment in the plan submitted pursuant to subsection 1.

4. ~~[The]~~ If the board of trustees of a school district or the governing body of a charter school ~~[, as applicable, that elects to administer any]~~ administers an assessment to assess ~~[a pupil's]~~ the proficiency of a pupil in the subject of reading other than ~~[the]~~ a statewide assessment ~~[shall pay any costs associated with the administration of the assessment, including, without limitation, the costs of the assessment tool and providing training to staff members regarding the use of the assessment tool.]~~ prescribed pursuant to paragraph (c) of subsection 3 and the Department has established a method to determine an equivalent score to a score on a statewide assessment for such an assessment, the Department shall award a grant to the school district or local educational agency for the charter school in an amount equal to the savings to the Department, on a proportional basis, for not administering the statewide assessment to pupils in the school district or charter school, as applicable. A grant to a school district or local educational agency awarded pursuant to this subsection must not exceed, on a per pupil basis, the cost of a statewide assessment prescribed pursuant to paragraph (c) of subsection 3.

Amendment No. 937.

AN ACT relating to industrial insurance; revising certain requirements for an insurer or third-party administrator to maintain a physical office in this State; revising the circumstances under which the Administrator of the Division of Industrial Relations of the Department of Business and Industry may conduct certain inspections; **revising provisions relating to the administration of certain claims;** revising provisions relating to the calculation of certain premium costs; revising provisions relating to certain administrators; **revising provisions relating to certain audits;** revising provisions relating to certain subsequent injury accounts; authorizing the Administrator to adopt regulations relating to physician assistants; requiring the Administrator to adopt a certain formulary; revising provisions relating to an insurer's list of certain physicians and chiropractic physicians; establishing and revising various requirements for certain hearings relating to industrial insurance claims; revising provisions governing an injury or disease that is caused by stress; revising provisions governing motions to stay certain decisions and petitions for judicial review; revising requirements for payments for a period of temporary partial disability; revising the circumstances under which the Administrator may impose certain administrative fines; repealing provisions governing certain appeals **~~[,]~~ and** certain determinations of a percentage of disability **;** ~~[and certain audits;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the payment of compensation under industrial insurance if, during the course of employment, an employee is injured or killed by a workplace accident or occupational disease. (Chapters 616A-617 of NRS) Existing law requires an insurer or its third-party administrator to operate or maintain a physical office in this State for certain purposes. (NRS 616B.021, 616B.027, 616B.500) **Sections 4.1, 4.15 and 4.45** of this bill authorize a legal representative of the insurer or third-party administrator, as applicable, to operate or maintain such an office. **Section 4.1** also requires the Administrator of the Division of Industrial Relations of the Department of Business and Industry to give notice before conducting certain inspections at the physical office of an insurer, third-party administrator or other legal representative. **Section 4.15 also: (1) authorizes certain information to be provided as an electronic copy or in an electronic format upon request; and (2) revises certain requirements for availability to communicate with a claimant or representative of the claimant if a private carrier or third-party administrator operates an office in this State.**

Existing law authorizes certain persons to administer certain claims from a location in or outside of this State. (NRS 616B.0275) Section 4.17 of this bill additionally authorizes certain self-insured private employers and certain entities associated with the employer to administer certain

claims from a location in or outside of this State if the total aggregate number of employees of the employer and associated entities is 30,000 or more.

For purposes of calculating the amount of a premium which is due pursuant to the terms of a policy of industrial insurance, existing law provides that the maximum amount paid to any one employee for services provided during the 12-month period during which a policy is effective shall be deemed to be $36,000. (NRS 616B.222) **Section 4.2** of this bill eliminates the $36,000 amount **for an employer other than the State of Nevada or any agency or political subdivision of the State** and instead deems the maximum amount to be a calculation of the maximum average monthly wage using data computed by the Employment Security Division of the Department of Employment, Training and Rehabilitation. **Section 4.2 authorizes the State or any agency or political subdivision of the State to elect to be subject to the calculation used by other employers, in accordance with any procedures established by the Administrator for the making of such an election.**

Existing law requires a third-party administrator for an association of self-insured employers to obtain a certificate as an administrator from the Commissioner of Insurance and to file with the Commissioner a surety bond for the benefit of any person damaged by any fraudulent act or conduct of the administrator. (NRS 616B.503, 683A.08524, 683A.0857) Existing law also requires the third-party administrator to file with the Commissioner an additional surety bond conditioned upon the faithful performance of its duties relative to a particular association of self-insured employers. (NRS 616B.353) **Section 4.3** of this bill eliminates the requirement for a third-party administrator to file an additional surety bond relative to its duties to a particular association. **Section 4.4** of this bill makes a conforming change to remove the procedure for terminating liability on the bond eliminated by **section 4.3**.

Existing law requires the Commissioner, at least annually, to audit each association of self-insured public or private employers to verify certain information, including the standard industrial classification of each member of the association. (NRS 616B.410) Section 4.37 of this bill instead: (1) requires the Commissioner to require each association, at least annually, to audit the payroll of each member of the association to verify certain information including the classification or classifications, rather than the standard industrial classification, of each member; and (2) authorizes the Commissioner to require the submission of a report summarizing the results of such an audit. Section 4.33 of this bill similarly removes a reference to the standard industrial classification of a member of an association of self-insured public or private employers.

Existing law establishes the Subsequent Injury Account for Associations of Self-Insured Public or Private Employers. (NRS 616B.575) Existing law requires money in the Account to be used to provide compensation or reimbursement in situations where an employee who has a preexisting

permanent physical impairment incurs a subsequent disability by injury arising out of and in the course of employment which entitles the employee to compensation for the combined disability that is substantially greater than that which would have resulted from the subsequent injury alone. (NRS 616B.563-616B.581) **Sections 4.6 and 4.7** of this bill require an employee to have incurred a subsequent disability by injury on or before September 30, 2025, in order for the compensation or reimbursement provisions to apply, thus prohibiting any claims against the Account because of a subsequent disability by injury which is incurred on or after October 1, 2025.

Section 9.3 of this bill authorizes the Administrator to adopt regulations which authorize a treating physician or chiropractic physician, under certain circumstances, to delegate certain routine follow-up care of an injured employee to a physician assistant who is an employee of and under the supervision of the physician or chiropractic physician. **Section 9.5** of this bill requires the Administrator to adopt the Official Disability Guidelines (ODG) Drug Formulary published by MCG Health, or its successor, that is required to be used by industrial insurers for any drug which is prescribed and dispensed for outpatient use. **Section 9.7** of this bill: (1) prohibits an insurer, with certain exceptions, from providing reimbursement for a drug that is not listed and approved on the formulary, when use of the formulary is required; and (2) authorizes an injured employee to appeal to a hearings officer any determination denying a request for a drug which has been recommended as medically necessary. **Section 15.5** of this bill makes a conforming change relating to existing requirements for prescribing generic drugs and determining if the generic drug would not be beneficial to the health of the injured employee.

Existing law requires an insurer to keep a list of physicians and chiropractic physicians from which an injured employee may choose to receive treatment from a panel established and maintained by the Administrator. Existing law also sets forth procedures and limitations governing the removal of a physician or chiropractic physician from an insurer's list. (NRS 616C.087, 616C.090) **Section 14** of this bill: (1) prohibits an insurer from removing a physician or chiropractic physician from the insurer's list except as expressly provided in existing law; (2) requires an insurer, under certain circumstances, to replace any physician or chiropractic physician who is removed from the list within 60 days; (3) authorizes certain audits and revisions of the insurer's list; and (4) revises certain filing requirements relating to the insurer's list.

Existing law provides that an injury or disease sustained by an employee that is caused by stress is compensable under industrial insurance if it arose out of and in the course of his or her employment. Existing law sets forth the manner by which such an injury must be proven to have arisen out of and in the course of the employment. Under existing law, with certain exceptions, such an injury is deemed to arise out of and in the course of employment only if the employee proves certain elements by clear and convincing medical or psychiatric evidence. (NRS 616C.180) **Section 17** of this bill instead requires

proof by clear and convincing medical, psychological or psychiatric evidence. **Section 17** also requires an insurer to maintain and submit to the Administrator a list of certain providers of mental health care from which an injured employee may choose.

Section 20 of this bill requires the Chief of the Hearings Division of the Department of Administration to maintain and make accessible to the public on the Internet website of the Division, a calendar of all matters which are before hearing officers and appeals officers.

4. To qualify under this section for reimbursement from the Subsequent Injury Account for Associations of Self-Insured Public or Private Employers, the association of self-insured public or private employers must establish by written records that the employer had knowledge of the "permanent physical impairment" at the time the employee was hired or that the employee was retained in employment after the employer acquired such knowledge.

2. An association of self-insured public or private employers shall notify the Board of any possible claim against the Subsequent Injury Account for

6. The hearing before the hearing officer must be conducted as expeditiously and informally as is practicable.

7. The parties to a contested claim may, if the claimant is represented by legal counsel, agree to forego a hearing before a hearing officer and submit the contested claim directly to an appeals officer.

8. A claimant may, with regard to a contested claim arising from the provisions of NRS 617.453, 617.455, 617.457, 617.485 or 617.487 as described in subsection 2 of NRS 616C.345, submit the contested claim directly to an appeals officer pursuant to subsection 2 of NRS 616C.345 without the agreement of any other party.

Sec. 22. NRS 616C.320 is hereby amended to read as follows:

616C.320 If an employee of a self-insured employer, an employer who is a member of an association of self-insured public or private employers or an employer insured by a private carrier is dissatisfied with a decision of his or her employer, the association or the private carrier, the employee may seek to resolve the dispute pursuant to NRS ~~[616C.305 and]~~ 616C.315 to 616C.385, inclusive.

2. A claimant aggrieved by a written determination of the denial of a claim, in whole or in part, by an insurer, or the failure of an insurer to respond in writing within 30 days to a written request of the claimant mailed to the insurer, concerning a claim arising from the provisions of NRS 617.453, 617.455, 617.457, 617.485 or 617.487 may file a notice of a contested claim with an

The failure of an insurer to respond in writing to a written request for a determination within 30 days after receipt of such a request shall be deemed by the appeals officer to be a denial of the request. The insurer shall provide, without cost, the forms necessary to file a notice of a contested claim to any person who requests them.

3. A hearing must not be scheduled until the following information is provided to the appeals officer:

(a) The name of:

(1) The claimant;

(2) The employer; and

(3) The insurer or third-party administrator;

(b) The number of the claim; and

(c) If applicable, a copy of the letter of determination being appealed or, if such a copy is unavailable, the date of the determination and the issues stated in the determination.

4. ~~[If a dispute is required to be submitted to a procedure for resolving complaints pursuant to NRS 616C.305 and:~~

~~(b) The dispute was not resolved pursuant to that procedure within 14 days after it was submitted,~~

~~➥ any party to the dispute may, except as otherwise provided in subsections 9 to 12, inclusive, file a notice of appeal within 70 days after the date on which the final determination was mailed to the employee, or the dependent of the employee, or the unanswered request for resolution was submitted. Failure to render a written determination within 30 days after receipt of such a request shall be deemed by the appeals officer to be a denial of the request.~~

~~5.]~~ Except as otherwise provided in NRS 616C.380, the filing of a notice of appeal does not automatically stay the enforcement of the decision of a hearing officer**.** ~~[or a determination rendered pursuant to NRS 616C.305.]~~ The appeals officer may order a stay ~~[, when appropriate,]~~ ***in accordance with the requirements of subsection 5*** upon the ~~[application]~~ ***motion*** of a party. If ***a party files*** such ~~[an application is submitted,]~~ ***a motion,*** the decision is automatically stayed until a determination is made concerning the ~~[application.]~~ ***motion.*** A determination on the ~~[application]~~ ***motion*** must be made within 30 days after the filing of the ~~[application.]~~ ***motion.*** If a stay is not granted by the officer after reviewing the ~~[application,]~~ ***motion,*** the decision must be complied with within 10 days after the date of the refusal to grant a stay.

5. An appeals officer shall not:

(a) Grant a motion to stay the enforcement of the decision of a hearing officer unless the appeals officer makes specific findings of fact and conclusions of law that the moving party seeking the stay has established that:

(1) The moving party has a reasonable likelihood of success in the appeal on the factual merits or as a matter of law;

(2) The moving party will suffer irreparable harm if the stay is denied; and

(3) The nonmoving party will not suffer irreparable harm if the stay is granted.

(b) For the purpose of making findings and conclusions relating to irreparable harm pursuant to paragraph (a), consider the ability to recoup benefits and compensation provided by an industrial insurer to an injured employee during the pendency of the appeal.

6. Except as otherwise provided in subsections 3 and 7, within 10 days after receiving a notice of appeal pursuant to this section or NRS 616C.220, 616D.140 or 617.401, or within 10 days after receiving a notice of a contested claim pursuant to subsection 7 of NRS 616C.315, the appeals officer shall:

(a) Schedule a hearing on the merits of the appeal or contested claim for a date and time within 90 days after receipt of the notice at a place in Carson City, Nevada, or Las Vegas, Nevada, or upon agreement of one or more of the parties to pay all additional costs directly related to an alternative location, at any other place of convenience to the parties, at the discretion of the appeals officer; and

(b) Give notice by mail or by personal service to all parties to the matter and their attorneys or agents at least 30 days before the date and time scheduled.

7. Except as otherwise provided in subsection 13, a request to schedule the hearing for a date and time which is:

(a) Within 60 days after the receipt of the notice of appeal or contested claim; or

➥ may be submitted to the appeals officer only if all parties to the appeal or contested claim agree to the request.

8. An appeal or contested claim may be continued upon written stipulation of all parties, or upon good cause shown.

9. The period specified in subsection 1 ~~[,]~~ ***or*** 2 ~~[or 4]~~ within which a notice of appeal or a notice of a contested claim must be filed may be extended for an additional 90 days if the person aggrieved shows by a preponderance of the evidence that the person was diagnosed with a terminal illness or was informed of the death or diagnosis of a terminal illness of the person's spouse, parent or child.

10. The period specified in subsection 2 within which a notice of appeal or a notice of a contested claim must be filed may be tolled if the insurer fails

to mail or, if requested by the claimant or the person acting on behalf of the claimant, send a determination by facsimile or other electronic transmission the proof of sending and receipt of which is readily verifiable.

11. Failure to file a notice of appeal within the period specified in subsection 1 ~~[or 4]~~ may be excused if the party aggrieved shows by a preponderance of the evidence that he or she did not receive the notice of the determination and the forms necessary to appeal the determination. The claimant, employer or insurer shall notify the hearing officer of a change of address.

12. Failure to file a notice of a contested claim within the period specified in subsection 2 may be excused if the claimant shows by a preponderance of the evidence that he or she did not receive the notice of the determination and the forms necessary to file the notice. The claimant or employer shall notify the insurer of a change of address.

13. Within 10 days after receiving a notice of a contested claim pursuant to subsection 2, the appeals officer shall:

(a) Schedule a hearing on the merits of the contested claim for a date and time within 60 days after his or her receipt of the notice at a place in Carson City, Nevada, or Las Vegas, Nevada, or upon agreement of one or more of the parties to pay all additional costs directly related to an alternative location, at any other place of convenience to the parties, at the discretion of the appeals officer; and

(2) A copy of the decision and order of the appeals officer must be attached to the petition.

(b) Other than the requirements of paragraph (a), a court may excuse any other defect in substance, form, venue or service of a petition for judicial review, and may permit any appropriate amendment or change of venue at any time before the final disposition of the petition.

4. The prevailing party in any judicial proceedings instituted for compensation for an injury or death under chapters 616A to 616D, inclusive, of NRS shall cause a copy of the final decision issued by the court in the proceedings to be:

616C.375 ***1.*** If an insurer, employer or claimant, or the representative of an insurer, employer or claimant, appeals the decision of an appeals officer, that decision is not stayed unless a stay is granted by the appeals officer or the district court within 30 days after the date on which the decision was rendered.

2. An appeals officer or district court shall not:

(a) Grant a motion to stay the enforcement of the decision of an appeals officer unless the appeals officer or district court makes specific findings of fact and conclusions of law that the moving party seeking the stay has established that:

(2) The moving party will suffer irreparable harm if the stay is denied; and

(3) The nonmoving party will not suffer irreparable harm if the stay is granted.

(b) For the purpose of making findings and conclusions relating to irreparable harm pursuant to paragraph (a), consider the ability to recoup benefits and compensation provided by an industrial insurer to an injured employee during the pendency of the appeal.

Sec. 26. NRS 616C.390 is hereby amended to read as follows:

616C.390 Except as otherwise provided in NRS 616C.392:

1. If an application to reopen a claim to increase or rearrange compensation is made in writing more than 1 year after the date on which the claim was closed, the insurer shall reopen the claim if:

(a) A change of circumstances warrants an increase or rearrangement of compensation during the life of the claimant;

(b) The primary cause of the change of circumstances is the injury for which the claim was originally made; and

(c) The application is accompanied by the certificate of a physician or a chiropractic physician showing a change of circumstances which would warrant an increase or rearrangement of compensation.

2. After a claim has been closed, the insurer, upon receiving an application and for good cause shown, may authorize the reopening of the claim for medical investigation only. The application must be accompanied by a written request for treatment from the physician or chiropractic physician treating the claimant, certifying that the treatment is indicated by a change in circumstances and is related to the industrial injury sustained by the claimant.

3. If a claimant applies for a claim to be reopened pursuant to subsection 1 or 2 and a final determination denying the reopening is issued, the claimant shall not reapply to reopen the claim until at least 1 year after the date on which the final determination is issued.

4. Except as otherwise provided in subsection 5, if an application to reopen a claim is made in writing within 1 year after the date on which the claim was closed, the insurer shall reopen the claim only if:

➥ If an application to reopen a claim to increase or rearrange compensation is made pursuant to this subsection, the insurer shall reopen the claim if the requirements set forth in paragraphs (a), (b) and (c) of subsection 1 are met.

6. If an employee's claim is reopened pursuant to this section, the employee is not entitled to vocational rehabilitation services or benefits for a temporary total disability if, before the claim was reopened, the employee:

(a) Retired; or

➥ for reasons unrelated to the injury for which the claim was originally made.

7. One year after the date on which the claim was closed, an insurer may dispose of the file of a claim authorized to be reopened pursuant to subsection 5, unless an application to reopen the claim has been filed pursuant to that subsection.

8. An increase or rearrangement of compensation is not effective before an application for reopening a claim is made unless good cause is shown. The insurer shall, upon good cause shown, allow the cost of emergency treatment the necessity for which has been certified by a physician or a chiropractic physician.

9. A claim that closes pursuant to subsection 2 of NRS 616C.235 and is not appealed or is unsuccessfully appealed pursuant to the provisions of NRS ~~[616C.305 and]~~ 616C.315 to 616C.385, inclusive, may not be reopened pursuant to this section.

➥ the Administrator shall impose an administrative fine of $1,500 for each initial violation, or a fine of $15,000 for a second or subsequent violation.

2. Except as otherwise provided in chapters 616A to 616D, inclusive, or chapter 617 of NRS, if the Administrator determines that an insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization has failed to comply with any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, the Administrator may take any of the following actions:

(a) Issue a notice of correction for:

(1) A minor ***, clerical or ministerial*** violation ***.*** ~~[, as defined by regulations adopted by the Division; or]~~ ***In the case of more than one minor, clerical or ministerial violation which is substantially similar across multiple***

claims, all such violations must be combined into a single finding in a notice of correction. For the purpose of this subparagraph, a violation constitutes a minor, clerical or ministerial violation if the violation does not create a financial impact to an injured employee.

(2) A violation involving the payment of compensation in an amount which is greater than that required by any provision of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto.

➥ The notice of correction must set forth with particularity the violation committed and the manner in which the violation may be corrected. The provisions of this section do not authorize the Administrator to modify or negate in any manner a determination or any portion of a determination made by a hearing officer, appeals officer or court of competent jurisdiction or a provision contained in a written settlement agreement or written stipulation.

(b) Impose an administrative fine for:

(1) A second or subsequent violation ***of the same section*** for which a notice of correction has been issued pursuant to paragraph (a); or

If the Administrator determines that a person has fully complied with any plan of correction submitted pursuant to paragraph (c) or that the person has had no violations in the 3 years immediately preceding the date on which a fine is imposed pursuant to this paragraph, the fine must be in the amount for an initial violation.***

(c) Order a plan of corrective action to be submitted to the Administrator within 30 days after the date of the order.

3. If the Administrator determines that a violation of any of the provisions of paragraphs (a) to (e), inclusive, (h) or (i) of subsection 1 has occurred, the Administrator shall order the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization to pay to the claimant a benefit penalty:

(a) Except as otherwise provided in paragraph (b), in an amount that is not less than $17,000 and not greater than $120,000; or

(b) Of $3,000 if the violation involves a late payment of compensation or other relief to a claimant in an amount which is less than $500 or which is not more than 14 days late.

4. To determine the amount of the benefit penalty, the Administrator shall consider the degree of physical harm suffered by the injured employee or the dependents of the injured employee as a result of the violation of paragraph (a), (b), (c), (d), (e), (h) or (i) of subsection 1, the amount of compensation found to be due the claimant and the number of fines and benefit penalties,

other than a benefit penalty described in paragraph (b) of subsection 3, previously imposed against the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization pursuant to this section. The Administrator shall also consider the degree of economic harm suffered by the injured employee or the dependents of the injured employee as a result of the violation of paragraph (a), (b), (c), (d), (e), (h) or (i) of subsection 1. Except as otherwise provided in this section, the benefit penalty is for the benefit of the claimant and must be paid directly to the claimant within 15 days after the date of the Administrator's determination. If the claimant is the injured employee and the claimant dies before the benefit penalty is paid to him or her, the benefit penalty must be paid to the estate of the claimant. Proof of the payment of the benefit penalty must be submitted to the Administrator within 15 days after the date of the Administrator's determination unless an appeal is filed pursuant to NRS 616D.140 and a stay has been granted. Any compensation to which the claimant may otherwise be entitled pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS must not be reduced by the amount of any benefit penalty received pursuant to this subsection. To determine the amount of the benefit penalty in cases of multiple violations occurring within a certain period of time, the Administrator shall adopt regulations which take into consideration:

(a) The number of violations within a certain number of years for which a benefit penalty was imposed; and

(b) The number of claims handled by the insurer, organization for managed care, health care provider, third-party administrator, employer or professional employer organization in relation to the number of benefit penalties previously imposed within the period of time prescribed pursuant to paragraph (a).

5. In addition to any fine or benefit penalty imposed pursuant to this section, the Administrator may assess against an insurer who violates any regulation concerning the reporting of claims expenditures or premiums received that are used to calculate an assessment an administrative penalty of up to twice the amount of any underpaid assessment.

6. If:

(a) The Administrator determines that a person has violated any of the provisions of NRS 616D.200, 616D.220, 616D.240, 616D.300, 616D.310 or 616D.350 to 616D.440, inclusive; and

(b) The Fraud Control Unit for Industrial Insurance of the Office of the Attorney General established pursuant to NRS 228.420 notifies the Administrator that the Unit will not prosecute the person for that violation,

➥ the Administrator shall impose an administrative fine of not more than $15,000.

7. Two or more fines of $1,000 or more imposed in 1 year for acts enumerated in subsection 1 must be considered by the Commissioner as evidence for the withdrawal of:

(a) A certificate to act as a self-insured employer.

(b) A certificate to act as an association of self-insured public or private employers.

(c) A certificate of registration as a third-party administrator.

8. (NRS 388.040) **Section 2** of this bill authorizes a pupil to attend a public school outside the zone of attendance that the pupil is otherwise required to attend if the public school is not at capacity in the grade level of the pupil and the pupil receives approval to attend the school. **Section 2** additionally: (1) requires the board of trustees of each school district to adopt policies and procedures governing the attendance of pupils at schools outside the zone of attendance that such pupils are otherwise required to attend; (2) requires the Superintendent of Public Instruction to establish a process to review such policies and procedures; (3) provides certain requirements governing the application process established by a school district, including, without limitation, various factors that may not be considered when determining whether to approve an application; (4) sets forth the process for the parent or legal guardian of a pupil who submits an application to appeal certain decisions regarding the application; and (5) requires the Superintendent of Public Instruction and each school district to publish certain data concerning vacancies at each public school on the Internet website maintained by the Department of Education and school district, respectively. **Section 1** of this bill authorizes the board of trustees of a school

district that furnishes transportation to pupils to elect not to provide transportation to a pupil who attends a public school outside of his or her zone of attendance pursuant to **section 2**. Section 1.5 of this bill requires the Department, to the extent that money is available, to establish a program to award grants of money to organizations or the parent or legal guardian of a pupil for the purpose of providing the pupil with transportation to attend a public school located outside the zone of attendance that the pupil is otherwise required to attend. Section 1.5 additionally requires the Department to adopt regulations as necessary to carry out the program.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

2. A pupil who uses transportation provided by the recipient of a grant of money awarded pursuant to this section shall notify the Department if the pupil transfers to another school.

3. An applicant who receives a grant of money pursuant to this section shall not use the grant for any purpose other than providing eligible pupils with transportation to and from a public school located outside the zone of attendance that the pupil is otherwise required to attend.

4. The Department shall adopt regulations:

(a) Prescribing the requirements to apply for and receive a grant through the program established by this section.

(b) Establishing the eligibility criteria for pupils for whom transportation may be provided through a grant, including, without limitation, that:

(f) Public school outside the zone of attendance that the pupil is otherwise required to attend if the public school is not at capacity in the grade level of the pupil and the pupil is approved to attend the school pursuant to this section.

3. The Superintendent of Public Instruction shall:

(a) Establish a process to review the policies and procedures of school districts adopted pursuant to paragraph (a) of subsection 4 to determine if such policies and procedures are consistent with the requirements of this section.

(b) Ensure that any application of a school district for pupils to apply to attend a school outside the zone of attendance that the pupil is otherwise required to attend pursuant to paragraph (f) of subsection 2 is made available in the five most common languages other than English primarily spoken in households in this State as determined by the Superintendent of Public Instruction, which may include, without limitation, Spanish and Tagalog.

(c) On or before the first day of each calendar quarter, publish, on the Internet website maintained by the Department, the number of vacancies for each grade level in each public school in this State.

(d) On the Internet website maintained by the Department, annually publish data describing, for pupils who transferred between schools located in different zones of attendance pursuant to paragraph (f) of subsection 2:

(1) The total number of pupils who transferred between schools located in different zones of attendance during the previous school year; and

4. The board of trustees of each school district shall:

(2) Require all public schools within the school district, except for magnet schools, career and technical academies and dual enrollment high schools, to be open to the attendance of pupils pursuant to paragraph (f) of subsection 2, subject to capacity;

(3) Prohibit the assessment of any tuition or fees by a public school within the school district to a pupil who attends the school pursuant to paragraph (f) of subsection 2;

(4) Include a procedure for pupils to apply to attend a public school outside the zone of attendance that the pupil is otherwise required to attend pursuant to paragraph (f) of subsection 2, including, without limitation, the date each year on which the school district will begin accepting applications and the annual deadline by which an application must be submitted;

(5) Not require a pupil to complete an application to attend a public school unless the pupil is requesting to attend a public school outside the zone of attendance that the pupil is otherwise required to attend;

(6) Provide for the notification of a pupil and his or her parent or legal guardian, and the principals of the schools involved in the transfer of the pupil, if an application is approved; and

(7) Include a method to determine which pupils to enroll in any grade level within a public school for which applications exceed the capacity limits established pursuant to paragraph (c), which :

(I) Must give priority to pupils who live in the zone of attendance for a public school that received, in the immediately preceding school year, one of the two lowest ratings of performance pursuant to the statewide system of accountability for public schools; and

(II) Except as otherwise provided in sub-subparagraph (I), may include, without limitation, a lottery.

(b) On or before the first day of each calendar quarter, publish on the Internet website maintained by the school district the number of vacancies for each grade level in each public school in the school district.

(c) Determine the capacity for each grade level within each public school in the school district in accordance with the provisions of this section and annually publish such capacity on the Internet website maintained by the school district not later than 90 days before the date on which the school district will begin accepting applications from pupils to attend a public school outside the zone of attendance that a pupil is otherwise required to attend. The capacity determined pursuant to this paragraph must not be reduced during the period in which the school district accepts such applications unless a significant change in circumstances, which was unforeseeable at the time the capacity was published pursuant to this section, necessitates such a change, including, without limitation, a change in capacity due to an issue with the facilities of the public school. If the capacity of a public school is reduced during the period in which the school district accepts such applications, the board of trustees shall ensure that, not later than 15 days before the earliest date on which decisions on such applications are to be made, there is published on the Internet website maintained by the school district a written explanation of the change in circumstances which necessitated the reduction in capacity.

(d) Require a public school in the school district to enroll a pupil whose application submitted in accordance with the policies and procedures adopted pursuant to paragraph (a) has been approved, so long as the public school has capacity at the grade level of the pupil without taking into consideration the capacity of any specialized program.

(e) Allow a pupil whose application submitted in accordance with the policies and procedures adopted pursuant to paragraph (a) has been approved to permanently transfer to that public school without requiring an additional application in any subsequent school year.

(f) Adopt a uniform methodology for calculating the capacity of each public school within the school district for the purposes of paragraph (c). The methodology must be publicly documented, applied consistently across all public schools within the school district and published on the Internet website maintained by the school district. The methodology adopted by a school district must calculate the capacity of each public school within the school district based on:

(1) Maximum building occupancy; or

(2) An occupancy level of not more than 1 person per 40 square feet of instructional space.

(g) Prepare and submit an annual report to the Superintendent of Public Instruction describing:

(1) The number of applications to attend a public school outside the zone of attendance that a pupil is otherwise required to attend that were received by the school district and the number of such applications that were approved or denied; and

(2) For each application that was denied, the reason the board of trustees of the school district denied the application.

5. The application process established by the board of trustees of a school district pursuant to subsection 4 must prohibit the consideration of any of the following factors in determining whether to approve an application:

(a) The academic, artistic or athletic ability of a pupil;

(b) The participation of a pupil in any extracurricular activity or the skill of a pupil in such an activity;

(c) Whether a pupil is a pupil with a disability;

(d) Whether a pupil is an English learner;

(e) The address at which the pupil resides; or

(f) Except as otherwise provided in this paragraph, whether a pupil has previously been subject to any disciplinary action. The board of trustees of a school district may deny the application of a pupil who, in the school year for which the application is submitted or in the immediately preceding school year, was suspended for 10 or more days or expelled.

6. If an application to attend a public school outside the zone of attendance that a pupil is otherwise required to attend is denied or no action is taken on the application, the parent or legal guardian of the pupil may

appeal the denial or lack of action to the superintendent of the school district and he or she shall promptly approve or deny the application. The decision of the superintendent of the school district is final.

7. The board of trustees of a school district may accept gifts and grants to carry out the provisions of subsections 3 to 6, inclusive.

8. The State Board shall adopt regulations necessary to carry out the provisions of this section.

9. As used in this section:

(3) An administrative office;

(4) A cafeteria; and

(5) A storage space.

(c) "Suspended" has the meaning ascribed to "suspend" or "suspension" in NRS 392.4607.

Sec. 3. The provisions of NRS 354.599 do not apply to any additional expenses of a local government that are related to the provisions of this act.

Sec. 4. 1. This section and section 3 of this act become effective upon passage and approval.

2. Sections 1**, 1.5** and 2 of this act become effective:

(a) Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

(b) On July 1, 2026, for all other purposes.

ASSEMBLYMEMBER HANSEN:

I rise in opposition to Senate Bill 263. There is a lot about this bill that I am very happy to see coming forward, but unfortunately, I have some concerns—section 1, sub. [subsection no.] 2, regarding some civil liberties. So, at this time, I will have to be a no.

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 213.
The following Senate amendment was read:
Amendment No. 699.
AN ACT relating to governmental administration; requiring certain persons who qualify for certain preferences in bidding on a public work to certify,

under certain conditions, that the persons will ensure that any nonstandard good or material procured for the public work is custom fabricated in this State; requiring the payment of prevailing wages to workers who perform custom fabrication on a public work or for certain performance contracts of local governments or state agencies; requiring the payment of prevailing wages to workers who perform custom fabrication on any project financed or otherwise undertaken by the Tahoe-Douglas Visitor's Authority; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, every contract to which a public body of this State is a party, requiring the employment of skilled mechanics, skilled workers, semiskilled mechanics, semiskilled workers or unskilled labor in the performance of a public work, must contain in express terms the hourly and daily rate of wages to be paid to each of the classes of mechanics and workers. The hourly and daily rate of wages must not be less than the prevailing wage in the region in which the public work is located, as determined by the Labor Commissioner. (NRS 338.020) **Section 2** of this bill provides that workers who perform custom fabrication on a public work must also be paid such a prevailing wage. **Section 2.2 of this bill provides that workers who perform custom fabrication for a public work are deemed to be employed on the public work regardless of the location at which the custom fabrication is performed.**

Section 1 of this bill: (1) defines the term "custom fabrication"; (2) defines the term "nonstandard good or material"; and (3) revises the definition of "worker" to include a worker who performs custom fabrication.

Under existing law, performance contracts for certain operating cost-savings measures entered into by local governments and state agencies must contain in express terms the hourly and daily rate of wages to be paid to each class of mechanics and workers. Such wages must not be less than the prevailing wage in the region in which the local government or state agency is located. (NRS 332.390, 333A.120) Similar to **section 1**, **sections 3 and 4** of this bill, respectively, provide that workers who perform custom fabrication must also be paid such a prevailing wage.

The Tahoe-Douglas Visitor's Authority Act requires the payment of prevailing wages on any project financed or otherwise undertaken by the Tahoe-Douglas Visitor's Authority that requires the employment of certain workers even if the project does not qualify as a public work. (Section 33 of chapter 375, Statutes of Nevada 2019, at page 2364) **Section 5** of this bill provides that workers who perform custom fabrication on such a project must also be paid prevailing wages.

Section 6 of this bill provides that the requirement to pay prevailing wage to workers who perform custom fabrication does not apply to a public works contract or performance contract awarded before January 1, 2026.

Existing law provides that as a condition of receiving certain preferences in bidding on a public work, a contractor, an applicant or a design-build team is

required to submit to the public body sponsoring or financing the public work, a signed affidavit which makes certain certifications. (NRS 338.0117) **Section 1.5** of this bill requires an additional certification that if the public work requires the procurement of any nonstandard good or material and is located in a county whose population is 100,000 or more (currently Clark and Washoe Counties), the contractor, applicant or design-build team and any subcontractor engaged on the public work will: (1) ensure that each nonstandard good or material is custom fabricated in this State; and (2) maintain and make available for inspection certain records concerning each nonstandard good or material procured for the public work. **Sections 2.3 and 2.7** of this bill make conforming changes to refer to provisions that have been renumbered in **section 1.5**.

Legislative Counsel's Digest:

Existing law sets forth the requirements for the State and its political subdivisions to award a contract for the new construction, repair or reconstruction of specified projects that are financed in whole or in part from public money, known as public works. (Chapter 338 of NRS) Existing law creates the Office of Labor Commissioner and requires the Labor Commissioner to enforce specified provisions relating to employment on public works. (NRS 338.010-338.130, 607.010) Existing law requires contractors or subcontractors engaged on public works to use apprentices for a certain percentage of the total hours performed on a public work, depending on certain conditions related to the public work, and to report certain information regarding the public works for the previous year to the Labor Commissioner, except identifying information about a public work or an apprentice or employee. Existing law further requires a contractor or subcontractor on a public work to maintain and provide to the Labor Commissioner any supporting documentation to show that the contractor or

subcontractor made a good faith effort to comply with the apprenticeship requirement. Such a good faith effort includes submitting to an apprenticeship program a request for an apprentice: (1) not earlier than 10 days before the contractor or subcontractor is scheduled to begin work on the public work; and (2) if a contractor or subcontractor does not work continuously on a public work, not earlier than 10 days before the contractor or subcontractor is scheduled to resume work on the public work. (NRS 338.01165) **Section 1** of this bill ~~[removes]~~ **increases** the 10-day time limitation on requesting an apprentice ~~[, thereby allowing for an apprentice to be requested by a contractor or subcontractor at any time before work on a public work is scheduled to begin or resume.]~~ **to 30 days. Section 1** also removes the exception for not reporting identifying information about a public work, thereby requiring the reporting of such information to the Labor Commissioner.

Existing law, in part, requires a public body that undertakes a public work to: (1) request an identifying number with a designation of the work and include the number in any advertisement or other type of solicitation; and (2) report to the Labor Commissioner the award of a contract within 10 days after the award and subsequently report the completion of the work under the contract. (NRS 338.013) **Section 2** of this bill requires that a public body request such an identifying number not less than 3 business days before any advertisement or other type of solicitation for the public work is published or made, as applicable. **Section 2** also authorizes a penalty for each calendar day or portion thereof that a public body is not in compliance with the reporting requirements.

Under existing law, if an administrative penalty is imposed against a person for a violation of certain provisions relating to public works, the Labor Commissioner is authorized to prohibit the person from being awarded a contract for a public work: (1) for the first offense, for a period of 3 years after the date of the imposition of the administrative penalty; and (2) for the second or subsequent offense, for a period of 5 years after the date of the imposition of the administrative penalty. (NRS 338.017) **Section 4** of this bill ~~[instead provides for the issuance of a warning for the first offense and]~~ revises the duration of the period of the disqualification as follows: (1) **for the first offense, for a period of up to 180 days after the date of the imposition of the administrative penalty; (2)** for the second offense, **for** a period of **up to 3 years but not less than** 180 days after the date of the imposition of the administrative penalty; ~~[(2)]~~ **(3)** for the third offense, **for** a period of ~~[1 year]~~ **up to 5 years but not less than 3 years** after the date of the imposition of the administrative penalty; and ~~[(3)]~~ **(4)** for the fourth or subsequent offense, **for** a period of ~~[3]~~ **not less than 5** years after the date of the imposition of the administrative penalty.

Existing law requires any public body awarding a contract for a public work to investigate possible violations of certain laws relating to public works and determine whether a violation has been committed and inform the Labor Commissioner of any such violations. (NRS 338.070) **Section 5** of this bill

requires a public body, within 90 days after substantial completion of a contract for a public work, to: (1) conduct an investigation and make a determination regarding any violation; or (2) refer the matter to the Public Works Compliance Division, which is created within the Office of Labor Commissioner in **section 8** of this bill. **Section 7** of this bill requires the Division to: (1) investigate possible violations of certain laws relating to public works at the direction of the Labor Commissioner or upon receipt of a referral from a public body; (2) submit to the Labor Commissioner a written report concerning such an investigation and, if applicable, provide a copy of the report to the referring public body upon completion of the investigation; and (3) perform any other duties related to the enforcement of certain provisions relating to public works, as directed by the Labor Commissioner. **Sections 9 and 10** of this bill make conforming changes related to the creation of the Division.

Existing law requires a public body to withhold and retain from payments to a contractor on a public work sums that are forfeited as a result of the violation of certain laws relating to public works. Existing law also prohibits any sums from being withheld, retained or forfeited, except from the final payment, without a full investigation being made by the awarding public body. (NRS 338.070) **Section 5** requires a public body who refers the investigation of possible offenses to the Division to withhold and retain all sums believed to be forfeited by the violation of such laws until an investigation has been completed by the Division and the Labor Commissioner has determined if any violations were committed. **Section 5** authorizes the Labor Commissioner to impose against a public body that fails to investigate possible violations of certain laws relating to a public work or refer possible violations to the Public Works Compliance Division within the prescribed time period: (1) a fee of $1,000 for each contractor or subcontractor found to be in violation of such provisions; and (2) an administrative penalty of $2,000 for each contractor or subcontractor found to be in violation of such provisions. **Section 5** also prohibits a public body from withholding from any contractor or subcontractor engaged on a public work any amount due to the contractor or subcontractor in order to recover any fee or penalty assessed against the public body by the Labor Commissioner pursuant to **section 5**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 338.01165 is hereby amended to read as follows:

338.01165 1. The requirement for the submission of an additional request in this subparagraph does not apply whenever a contractor or subcontractor has one or more apprentices employed for that apprenticed craft or type of work.

(b) Does not make a good faith effort to comply with subsection 1 or 2, as applicable, as determined by the Labor Commissioner, if the contractor or subcontractor is required to enter into an apprenticeship agreement pursuant to subsection 16 and refuses to do so.

9. The contractor or subcontractor and the apprenticeship program shall coordinate the starting date for any apprentice provided by the program.

10. On or before February 15 of each year, a contractor or subcontractor engaged in vertical or horizontal construction, as applicable, who employs a worker on one or more public works pursuant to NRS 338.040 shall report to the Labor Commissioner, on the form prescribed by the Labor Commissioner, the following information regarding those public works for the previous calendar year:

11. The information required to be reported pursuant to subsection 10 must not include any identifying information about ~~[a public work or]~~ an apprentice or employee.

12. If the Labor Commissioner, on his or her own initiative or based on a complaint, makes a determination based on the information submitted pursuant to subsection 10 that a contractor or subcontractor did not make a good faith effort to comply with the provisions of subsection 1 or 2, as applicable, the Labor Commissioner shall notify the contractor or subcontractor in writing of the determination and:

(a) Except as otherwise provided in paragraph (b), shall assess a penalty as follows:

(1) If the apprentice utilization rate by the contractor or subcontractor on vertical construction of a public work is:

(I) Seven and one-half percent or more but less than 10 percent of the total hours of labor worked for an apprenticed craft or type of work, a penalty of $2,500 or $2 for each hour below the percentage required, whichever is higher.

14. In addition to the penalties set forth in subsection 12, if the Labor Commissioner, on his or her own initiative or based on a complaint, makes a determination that a contractor or subcontractor did not submit the report required pursuant to subsection 10 or made no attempt to comply with the provisions of subsection 1 or 2, as applicable, the Labor Commissioner shall:

7. A contractor engaged on a public work shall not withhold from a subcontractor engaged on the public work the sums necessary to cover any penalties provided pursuant to subsection 3 of NRS 338.060 that may be withheld from the contractor by the public body awarding the contract because the public body did not receive a copy of the record maintained by the subcontractor pursuant to subsection 5 for a calendar month by the time specified in subsection 6 if:

Assemblymember Considine moved that the Assembly concur in Senate Amendment No. 914 to Assembly Bill No. 502.

Motion carried by a constitutional majority.

Bill ordered to enrollment.

Assembly Bill No. 58.

The following Senate amendment was read:

Amendment No. 902.

AN ACT relating to gaming; revising the definitions of certain terms related to gaming; **revising certain provisions governing restricted licenses to operate gaming;** providing for the administrative approval of games or gambling games by the Chair of the Nevada Gaming Control Board; revising

the types of games that may be exposed by gaming establishments; making a technical correction to refer to a race book and sports pool for the purposes of licensing an establishment to operate interactive gaming; removing and repealing provisions governing cash access and wagering instrument service providers; removing and repealing provisions governing global risk management; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines certain terms for the purposes of provisions relating to gaming. (NRS 463.013-463.01967) **Section 4** of this bill adds a person who sells and provides management, or consultation or instruction in the management, of risks associated with wagering pools for a race or sporting event or any other event for which a wager may be accepted to the definition of the term "information service."

Existing law defines a "restricted license" as a state gaming license to operate not more than 15 slot machines at an establishment in which the operation of slot machines is incidental to the primary business of the establishment. Existing law also provides that, in a county whose population is 100,000 or more (currently Clark and Washoe Counties), a restricted license may only be granted at certain establishments if the establishment contains: (1) a minimum of 2,500 square feet of space available for patrons; (2) a permanent, physical bar; and (3) a restaurant which meets certain requirements. (NRS 463.0189, 463.161) Section 5.5 of this bill clarifies that the minimum of 2,500 square feet of space available for patrons must be indoor space.

Existing law: (1) prohibits, in general, a gaming licensee from offering a game or gambling game for play if the game or gambling game has not received a recommendation from the Nevada Gaming Control Board or an approval from the Nevada Gaming Commission; and (2) requires the Commission to adopt regulations governing the approval of games or gambling games. (NRS 463.164) **Section 6** of this bill instead prohibits a gaming licensee from offering a game or gambling game for play if the game or gambling game has not been administratively approved by the Chair of the Board in accordance with regulations adopted by the Commission governing such administrative approval. **Section 2** of this bill makes a conforming change to refer to such regulations and administrative approval of a game or gambling game.

Existing law prohibits the Commission from approving a license for an establishment to operate interactive gaming unless certain conditions are met. (NRS 463.750) **Section 8** of this bill makes a technical correction to refer to a race book and sports pool for purposes of such licensure.

Existing law authorizes the Commission to provide by regulation for the licensing of service providers, who generally: (1) perform certain services on behalf of another licensed person who conducts nonrestricted gaming operations or an establishment licensed to operate interactive gaming; or (2) provide services or devices which patrons of licensed establishments use to

obtain cash or wagering instruments. (NRS 463.01395, 463.0157, 463.160, 463.677) **Section 11** of this bill repeals the term "cash access and wagering instrument service provider." **Sections 3, 5 and 7** of this bill make conforming changes to remove provisions of existing law relating to cash access and wagering instrument service providers. **Section 7** also removes system-based and system-supported games from the list of certain games that may be exposed by licensed gaming establishments.

Existing law requires the Commission to adopt regulations relating to global risk management, which is defined as the operation, by a person who has been issued a license to operate a race book or sports pool, of certain risk management services between and among various jurisdictions through communications technology for the purposes of the management, or consultation or instruction in the management, of wagering pools and the transmission of information relating to wagering pools or other similar information. (NRS 463.810, 463.820) **Section 11** repeals the provisions of existing law governing global risk management, and **section 4** adds certain activities previously included in the definition of "global risk management" to the definition of "information service." **Sections 9 and 10** of this bill make conforming changes to remove references to global risk management in existing law.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 945.

AN ACT relating to crimes; expanding the types of crimes that require the imposition of an additional criminal penalty for certain crimes committed **intentionally or knowingly** against an older or a vulnerable person; providing that persons convicted of these types of crimes may be liable for certain civil penalties to be recovered by the Attorney General; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the imposition of an additional penalty upon a person who commits certain crimes against a person 60 years of age or older or a vulnerable person, which must run consecutively with the sentence prescribed by statute for the crime. (NRS 193.167) **Section 1** of this bill expands the list of crimes against an older or a vulnerable person that require the imposition of the additional penalty. Specifically, **section 1** applies the additional penalty to

the following forms of theft **intentionally or knowingly** committed against an older or vulnerable person: (1) controlling property of another with intent to deprive that person of the property; (2) the conversion of, unauthorized transfer of an interest in or unauthorized control of the property of another by a person who had the authority to possess the property only for a limited duration or use; or (3) obtaining the property or services of another by a material misrepresentation with intent to deprive the person of the property or services. **Section 1** also applies the additional penalty to a criminal deceptive trade practice committed intentionally or knowingly against an older or a vulnerable person. **Section 6** of this bill adds those theft and deceptive trade practice crimes to the list of crimes for which a person is also liable for a civil penalty, which may be recovered by the Attorney General. (NRS 228.280) Under existing law, a person convicted of those theft or deceptive trade practice crimes against an older or vulnerable person would also not be eligible for probation or release on parole until the person has paid at least 80 percent of the amount of restitution set by the court. (NRS 176A.120, 213.1216)

Amendment No. 955.

AN ACT relating to the environment; establishing requirements governing the provision of disposable foodware accessories and standard condiments when using a food delivery service platform; prohibiting, with certain exceptions, the sale and distribution of certain products containing intentionally added perfluoroalkyl and polyfluoroalkyl substances; requiring, with certain exceptions, manufacturers of cookware containing intentionally added perfluoroalkyl and polyfluoroalkyl substances to provide certain information to a consumer; setting forth requirements for a redevelopment agency relating to heat mitigation; requiring the Division of Emergency Management within the Office of the Military to apply for grants of money to reduce heat island effects under certain circumstances; requiring certain emergency management plans to include plans for heat mitigation under certain circumstances; establishing certain requirements relating to food-contact surfaces in food establishments; requiring the State Board of Cosmetology to collect and test random samples of certain packaged products relating to hair; making an appropriation; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a food delivery service platform provider from facilitating an online food order involving a food dispensing establishment unless the food delivery service platform provider has entered into a written agreement with the food dispensing establishment. (NRS 597.7635) **Section 2** of this bill requires a food delivery service platform provider to provide a user with the option to request to receive disposable foodware accessories or standard condiments from the food dispensing establishment with his or her order. **Section 2** also prohibits a food dispensing establishment that has a written agreement with a food delivery service platform provider from: (1) providing disposable foodware accessories or standard condiments with an order unless requested by the user; and (2) packaging or bundling disposable foodware accessories or standard condiments for single use in a manner that prevents the user from receiving only the disposable foodware accessory or standard condiments that the user requested. **Section 27** of this bill makes a conforming change to indicate the placement of **section 2** and applies certain existing definitions relating to food delivery service platform providers to **section 2**. **Section 28** of this bill provides that a violation of **section 2** shall be deemed a deceptive trade practice and is subject to certain existing civil and criminal penalties.

Existing law prohibits, with certain exceptions, the discharge, use or release of any Class B firefighting foam that contains intentionally added perfluoroalkyl and polyfluoroalkyl substances for the purpose of testing the Class B firefighting foam or firefighting training. (NRS 459.682) Beginning on January 1, 2026, **section 24** of this bill prohibits, with certain exceptions, a manufacturer from selling, offering for sale, distributing for sale or distributing for use any carpet or rug, fabric treatment, food packaging, juvenile product, cosmetic, indoor textile furnishing or indoor upholstered furniture that contains intentionally added perfluoroalkyl and polyfluoroalkyl substances. **Section 24** also authorizes a manufacturer of such products to include a sticker on the product label that states "NO PFAS" to inform the consumer that the product does not contain intentionally added perfluoroalkyl and polyfluoroalkyl substances.

Section 25 of this bill requires, with certain exceptions, a manufacturer of cookware sold in this State that contains intentionally added perfluoroalkyl and polyfluoroalkyl substances to list those substances on the product label of the cookware and on any product listing for online sales: (1) that the product contains intentionally added perfluoroalkyl and polyfluoroalkyl substances; and (2) an Internet address and QR code for a website that contains certain information about the intentionally added perfluoroalkyl and polyfluoroalkyl substances. **Section 25** also authorizes a manufacturer of cookware that does not contain intentionally added perfluoroalkyl and polyfluoroalkyl substances to include a sticker on the product label that states "NO PFAS" to inform the consumer that the product does not contain intentionally added perfluoroalkyl and polyfluoroalkyl substances. **Sections 6-22** of this bill define certain terms related to such substances.

Section 26 of this bill provides that a person who willfully and knowingly violates the provisions of **section 24 or 25** is subject to a civil penalty of not more than $1,000 for each violation.

Section 23 of this bill provides an exception to the requirements and prohibitions set forth in **sections 5-26** of this bill to the extent that such provisions are preempted by or conflict with federal law.

Existing law requires a redevelopment plan that contains a provision requiring that taxes be levied upon taxable property in the respective redevelopment area to allocate certain excess amounts of the levied taxes to pay the costs of redevelopment and certain debts relating to redevelopment. (NRS 279.676) Existing law further requires that a certain percentage of such allocated revenue be set aside for certain purposes relating to: (1) affordable housing; and (2) public educational facilities, activities and programs. (NRS 279.685, 279.6855) **Section 29** of this bill provides that the existence of heat islands in a redevelopment area may be considered blight. **Section 29** requires a redevelopment agency to: (1) set aside 1 percent of such allocated revenue received on or after October 1, 2025, to increase, improve or enhance landscaping in existing neighborhoods to provide shade and reduce heat island effects in such neighborhoods; and (2) perform certain actions relating to heat

mitigation. **Section 29** also requires the redevelopment agency to prepare and submit a report to the Director of the Legislative Counsel Bureau for transmission to the Joint Interim Standing Committee on Government Affairs or the Legislature, as appropriate, regarding the amount of such money expended for those purposes and present the results of the report and any updates to certain standing committees of the Legislature. **Section 30** of this bill provides that the requirements of **section 29** are an exception to the requirement that all such excess allocated revenue be pledged for the payment of the principal and interest on loans, advances and indebtedness relating to redevelopment. **Section 31** of this bill makes a conforming change to indicate the placement of **section 29** in the Nevada Revised Statutes.

Section 37 of this bill requires a redevelopment agency to: (1) partner with certain organizations to identify drought tolerant trees to plant pursuant to the requirements of **section 29**; and (2) contract with an arborist or the Cooperative Extension Service of the University of Nevada, Reno, to identify and purchase tree seedlings for planting pursuant to the requirements of **section 29**.

Existing law requires the Division of Emergency Management within the Office of the Military to adopt regulations setting forth the manner in which federal funds received by the Division to finance projects related to emergency management and homeland security are allocated. (NRS 414.040) **Section 32** of this bill requires the Division to, where appropriate and applicable, apply for grants of money from the Federal Government or other sources to reduce heat island effects where such heat island effects threaten the health and safety of the residents of this State and may result in or worsen an emergency or disaster.

Existing law authorizes the Governor to prepare a state emergency management plan and requires the Chief of the Division to foster the adoption of plans for emergency operations. (NRS 414.040, 414.060) Existing law requires such plans to be developed and executed in collaboration with persons and organizations that advocate for the needs of victims of emergencies and disasters. (NRS 414.093) **Section 33** of this bill requires such plans to include plans for mitigating any severe heat experienced by the victims of emergencies or disasters.

Existing law establishes certain requirements for food establishments. (Chapter 446 of NRS) **Section 33.3** of this bill: (1) requires a food establishment to ensure that each food-contact surface in the food establishment is maintained in good repair and free from excessive wear; (2) requires a health authority to visually inspect the condition and sanitation of all food-contact surfaces during routine inspections of a food establishment; and (3) authorizes a health authority to adopt certain requirements or protocols relating to the inspection of food-contact surfaces.

Existing law creates the State Board of Cosmetology and requires the Board to oversee applicants for a license and persons licensed in cosmetology, schools of cosmetology, cosmetological establishments and facilities in which threading is conducted. (NRS 644A.200, 644A.250) **Section 34** of this bill

requires, in any county whose population is 700,000 or more (currently Clark County), the Board to collect and test random samples sold or offered for sale at retail stores in the county of: (1) hair products to determine whether the hair products contain formaldehyde; and (2) braid hair, weaves and extensions to determine if the items contain known carcinogens. **Section 34** authorizes the Board to contract or enter into a memorandum of understanding with a testing laboratory to conduct such testing.

Section 35 of this bill makes an appropriation to the Nevada Center for Applied Research of the University of Nevada, Reno, to develop a scientific test to determine whether packaged synthetic hair braids contain formaldehyde and to purchase any necessary equipment and equipment warranties.

Section 36 of this bill authorizes the Board to enter into a memorandum of understanding with the Nevada System of Higher Education, on behalf of the Nevada Center for Applied Research, relating to the testing required by **section 34**. **Section 36 also requires that, if the Board enters into such a memorandum of understanding, the Board must submit a report to the Director of the Legislative Counsel Bureau for transmittal to the 84th Session of the Legislature that contains the results of the testing required by section 34.**

The following amendment was proposed by Assemblymember Marzola:

Amendment No. 957.

AN ACT relating to insurance; requiring health insurers, pharmacy benefit managers and the Commissioner of Insurance to prepare certain reports; expanding the scope of certain provisions relating to pharmacy benefit managers; prohibiting pharmacy benefit managers from engaging in certain practices; requiring pharmacy benefit managers to make certain disclosures; imposing requirements relating to the compensation of pharmacy benefit managers; **revising requirements relating to the collection of certain medical debt;** providing civil and criminal penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a pharmacy benefit manager, which is an entity that manages a pharmacy benefits plan, to obtain a certificate of registration as an insurance administrator from the Commissioner of Insurance and comply with the requirements that apply to insurance administrators generally. (NRS 683A.025, 683A.08522-683A.0893) Existing law additionally imposes certain requirements specifically regulating the operation of pharmacy benefit managers. (NRS 683A.171-683A.179) Existing law defines "pharmacy benefits plan" to refer to insurance coverage of prescription drugs. (NRS 683A.175) **Section 21** of this bill expands the scope of that definition to also refer to insurance coverage of pharmacist services. **Section 21** thereby expands the scope of provisions governing pharmacy benefit managers to also apply to entities that manage such coverage. **Sections 3-14** of this bill define certain other terms relevant to pharmacy benefit managers, and **section 20** of this bill

establishes the applicability of those definitions. **Section 15** of this bill prohibits a pharmacy benefit manager that manages a pharmacy benefits plan which provides coverage through a network from requiring a person to use a pharmacy affiliated with the pharmacy benefit manager if there are other, nonaffiliated pharmacies in the network. **Section 15** additionally prohibits a pharmacy benefit manager from engaging in certain practices which are intended to steer or have the effect of steering a person towards an affiliated pharmacy instead of a nonaffiliated pharmacy in the network. **Section 15** also prohibits a pharmacy benefit manager from discriminating against a nonaffiliated pharmacy.

Section 16 of this bill requires a pharmacy benefit manager to disclose to a third party insurer for which the pharmacy benefit manager manages a pharmacy benefits plan: (1) the amounts and types of fees that the pharmacy benefit manager charges the third party insurer for managing the plan or otherwise receives from other entities, including rebates, in connection with managing the plan; and (2) certain information relating to the clinical efficacy and evidence regarding the inclusion or exclusion of certain drugs in a formulary. **Section 16** additionally requires a pharmacy benefit manager to make certain contracts available for inspection by the Commissioner.

Sections 25, 27-32, 35 and 36 of this bill ~~[prohibit]~~ **require** certain third party insurers ~~[from imposing on an insured a]~~ **to calculate any** cost-sharing obligation for a prescription drug ~~[which is greater than]~~ **assessed against an insured for the prescription drug: (1) based on** the net price that the third party insurer or a pharmacy benefit manager with which the insurer has contracted pays for the drug ~~[.]~~ **; and (2) at the point-of-sale.** **Section 26** of this bill authorizes the Commissioner to require a domestic insurer that issues a policy of individual health insurance to a person residing in another state to meet the requirements of **section 25** in certain circumstances. **Sections 33 and 37** of this bill indicate that the requirements of **sections 32 and 36**, respectively, are inapplicable to: (1) coverage provided by a managed care organization to recipients of Medicaid because existing law imposes similar requirements of the Medicaid program; and (2) coverage provided by a managed care organization to members of the Public Employees' Benefits Program. (NRS 422.4053) **Section 41** of this bill makes the requirements of **section 36** inapplicable to coverage provided by the Public Employees' Benefits Program to its members. **Section 34** of this bill authorizes the Commissioner to suspend or revoke the certificate of a health maintenance organization that fails to comply with the requirements of **section 32**. The Commissioner would also be authorized to take such action against other third party insurers who fail to comply with the requirements of **sections 25, 27-32, 35 and 36**. (NRS 680A.200)

Section 17 of this bill prohibits a pharmacy benefit manager from: (1) unreasonably obstructing or interfering with the ability of a covered person to timely access a prescription drug at certain pharmacies; (2) agreeing to exclusively cover certain drugs; (3) restricting the ability of a nonaffiliated

pharmacy to contract with certain entities; and (4) making or disseminating a false or misleading statement or advertisement. **Section 24** of this bill additionally prohibits a pharmacy benefit manager from engaging in certain practices while doing business with pharmacies.

Section 19 of this bill requires a pharmacy benefit manager to submit to the Commissioner an annual report detailing certain business practices of the pharmacy benefit manager as well as certain information regarding pricing and rebates relating to the prescription drugs administered by the pharmacy benefit manager. **Section 1** of this bill requires third party insurers that provide coverage for prescription drugs to submit a similar report to the Commissioner relating to the pricing of prescription drugs. **Section 39** of this bill provides for the confidentiality of the information contained in those reports. **Sections 1 and 19** require the Commissioner to compile, submit to the Legislature and publish on the Internet biennial reports on the impact of the cost of prescription drugs on health insurance premiums in this State and the overall impact of pharmacy benefit managers on the cost of prescription drugs in this State, based on the reports submitted by third party insurers and pharmacy benefit managers, respectively. Additionally, **section 18** of this bill requires the Commissioner to publish on the Internet certain consumer complaints made against pharmacy benefit managers.

Existing law exempts certain federally regulated insurance coverage of prescription drugs provided by employers for their employees from requirements governing pharmacy benefit managers except where the pharmacy benefit manager is required by contract to comply with those requirements. (NRS 683A.177) **Section 22** of this bill provides that such federally regulated coverage provided by employers for their employees is also exempt from the requirements of this bill governing pharmacy benefit managers, unless required by contract to comply with those requirements. Additionally, **sections 21.5 and 22** of this bill exempt coverage of prescription drugs provided by the Public Employees' Benefits Program, insurance plans for local government employees and Medicaid managed care organizations from the requirements of this bill governing pharmacy benefit managers.

Existing law provides that a pharmacy benefit manager has an obligation of good faith and fair dealing toward a third party insurer or pharmacy when performing duties pursuant to a contract to which the pharmacy benefit manager is a party. (NRS 683A.178) **Section 23** of this bill provides that a pharmacy benefit manager also has a fiduciary duty to persons covered by a third party insurer for which the pharmacy benefit manager provides pharmacy benefit services. **Section 23** also: (1) prohibits a pharmacy benefit manager from engaging in an activity that may interfere with the duties and obligations of the pharmacy benefit manager towards third party insurers, pharmacies and covered persons; and (2) authorizes a third party insurer to audit the books and records of a pharmacy benefit manager for certain purposes.

Section 18 provides that a pharmacy benefit manager that violates provisions of law governing pharmacy benefit managers, including **sections 3-**

24, is subject to a civil penalty of not less than $1,000 but not more than $7,500 for each violation.

Additionally, any violation of **sections 3-24** would be a misdemeanor. (NRS 683A.490)

If enacted, sections 13-15 of Assembly Bill No. 343 (A.B. 343) of this session will require a hospital to publish certain information about its prices. Section 17 of A.B. 343 prohibits a hospital from taking certain action to collect medical debt while the hospital is not in compliance with those requirements or certain similar federal requirements. (45 C.F.R. §§ 180.40, 180.50, 180.60) Section 41.5 of this bill narrows the applicability of that prohibition to only apply to certain medical debt to which the failure to publish accurate pricing information is directly relevant. Section 41.7 of this bill makes a conforming change to A.B. 343 to reflect the revisions made by section 41.5.

Legislative Counsel's Digest:

Existing law prescribes periods for rest and meals for employees during work hours. (NRS 608.019) **Section 2** of this bill ~~[provides]~~ **clarifies** that ~~[an employer may not employ]~~ **these periods for rest and meals apply to** an agricultural employee **.** ~~[for a continuous period of 5 hours without authorizing the agricultural employee to have a meal period of at least one-half hour.]~~

Existing law authorizes wages and compensation to include lodging and meals under certain circumstances and prohibits the lodging and meals from being valued more than certain amounts for purposes of computing the wages and compensation. Existing law, however, exempts agricultural employees from these prohibitions on the computable value of the lodging and meals. (NRS 608.154, 608.155) **Sections 3 and 4** of this bill remove these exemptions for agricultural employees, thereby providing that the prohibitions on the computable value of lodging and meals apply to agricultural employees.

Section 1.3 of this bill defines the term "agricultural employee" for the purposes of this bill. **Sections 1.7, 4.3 and 4.7** of this bill make conforming changes related to the applicability of the definition contained in **section 1.3**.

Existing law also prohibits various employment practices. (Chapter 613 of NRS) **Sections 6-20** of this bill establish the Agricultural Workers' Bill of Rights. **Section 9** defines "agricultural worker" as a worker engaged in certain agriculture or farming services or activities described in section 203(f) of the federal Fair Labor Standards Act.

Section 11 entitles an agricultural worker who lives in housing provided by an agricultural employer to reasonable access for visitors. ~~[Sections]~~ **Section 12** ~~[and 13 entitle]~~ **entitles** an agricultural worker to reasonable access to key service providers at certain times during working hours **.** ~~[and afford the agricultural worker the right to be transported to key service providers under certain circumstances.]~~

Section 14 prohibits persons from taking certain actions that restrict the ability of an agricultural worker to enter or leave the residence of the agricultural worker.

Additionally, **section 15**, with certain exceptions, prohibits certain conduct related to weeding or thinning by hand or using a short-handed hoe in a stooped, kneeling or squatting position.

Section 16 requires agricultural employers to post certain notices related to the provisions established in **sections 11-15**.

Section 17 requires agricultural employers, during periods of emergency or disaster, to: (1) meet certain requirements related to housing provided to agricultural workers; and (2) supply certain information to the agricultural workers.

Section 19 authorizes agricultural workers to organize and form collective bargaining units.

Section 20 establishes a civil remedy for certain persons who are aggrieved by violations of the Agricultural Workers' Bill of Rights.

If the Commissioner approves the liquidation, the Commissioner shall issue to the payments bank, under the Commissioner's seal, a permit for that purpose. No permit may be issued by the Commissioner until the Commissioner is satisfied that provision has been made by the payments bank to satisfy and pay off all depositors and all creditors of the payments bank. If the Commissioner is not satisfied, the Commissioner shall not issue a permit, but the Commissioner may take possession of the payments bank, its assets and business, and liquidate the payments bank in the manner provided by this chapter.

3. A certified copy of the minutes of any meeting at which that action is taken, under the oath of the president or a manager, and a copy of the contract of sale and transfer must be filed with the Commissioner.

7. If a voluntary liquidation or the sale and transfer of the assets of any payments bank is approved by the Commissioner, a certified copy of that approval under seal of the Commissioner, filed in the Office of the Secretary of State, authorizes the cancellation of the articles of incorporation or organization of the payments bank, subject to its continued existence, as provided by law.

Sec. 99. *The provisions of sections 100 to 116, inclusive, of this act apply to a payments bank whose deposit accounts are insured by the Federal Deposit Insurance Corporation.*

Sec. 103. *1. When any state payments bank has been closed as provided in section 100 of this act, and the Federal Deposit Insurance Corporation pays, or makes available for payment, the insured deposit liabilities of such closed payments bank, must be subrogated to all rights against such closed bank of the owners of such deposits in the same manner and to the same extent as the subrogation of the Federal Deposit Insurance Corporation is provided for in the Federal Deposit Insurance Act in the case of the closing of a national bank.*

2. The rights of depositors and other creditors of such closed payments bank will be determined in accordance with the applicable provisions of the laws of this State.

Sec. 104. *1. 2. The Commissioner, or the receiver or liquidator of any payments bank with the permission of the Commissioner, upon the order of a court of record of competent jurisdiction, may sell to the Federal Deposit Insurance Corporation any part or all of the assets of the payments bank.

3. The provisions of this section do not limit the power of any payments bank, the Commissioner, receivers or liquidators to pledge or sell assets in accordance with any other existing law.

Sec. 105. *1. The Commissioner shall furnish to the Federal Deposit Insurance Corporation, or to any official or examiner thereof, a copy of all examinations made of any payments bank and of all reports made by the payments bank. The Commissioner shall give access to and disclose to the Federal Deposit Insurance Corporation, or to any official or examiner thereof, all information possessed by the office of the Division of Financial Institutions with reference to the conditions or affairs of any payments bank.*

2. Nothing in this section limits:

(a) The duty of any payments bank in this State from complying with the provisions of the Federal Deposit Insurance Act, its amendments or substitutions, or the requirements of the Federal Deposit Insurance Corporation relative to examinations and reports; or

(b) The powers of the Commissioner with reference to examinations and reports pursuant to the provisions of chapters 657 to 671, inclusive, of NRS.

Sec. 106. *All books, papers and records of a payments bank which has been finally liquidated must be deposited by the receiver in the Office of the Commissioner.*

Sec. 107. *1. Except as otherwise provided in subsections 2 and 3, after the expiration of 10 years from the filing by the Commissioner of a final report of liquidation of any insolvent payments bank, the Commissioner, with the consent of the State Board of Finance, may destroy the records of any insolvent payments bank held in the Office of the Commissioner in connection with the liquidation of the payments bank.*

2. If there are any unpaid dividends of the insolvent payments bank, the Commissioner shall preserve the deposit ledger or other evidence of indebtedness of the payments bank which refers to the unpaid dividends until the dividends have been paid.

3. The Commissioner may not destroy any of the formal records of liquidation or any of the records made in the Commissioner's office with reference to the liquidation of any insolvent payments bank.

Sec. 108. *1. AN ACT relating to public health; imposing requirements relating to birth in a hospital or freestanding birthing center; requiring health insurance to include certain coverage; ~~[requiring the boards of trustees of certain school districts to adopt policies to prevent sudden cardiac arrest during the participation of pupils in certain sports;]~~ requiring an independent mental health assessment of certain children in the custody of a child welfare agency; prohibiting the use of race-based health formulas and race-based care standards in certain circumstances; prohibiting a health insurer from engaging in certain discrimination against solo practitioners; providing for a study of certain disparities relating to health care; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal regulations require providers of health care and health care facilities that receive funding or certain other assistance from the Federal Government to ensure that communications with persons with disabilities are as effective as communications with persons who do not have disabilities. (45 C.F.R. § 92.202) Those federal regulations: (1) prohibit such providers and facilities from requiring a person with a disability to be accompanied by a person to interpret for him or her; and (2) authorize such providers and facilities to provide qualified interpreters through video remote interpreting services. (28 C.F.R. § 35.160, 45 C.F.R. § 92.202) **Section 1** of this bill requires a hospital or freestanding birthing center to provide a qualified sign language

interpreter to a patient who is at the hospital or freestanding birthing center for the purpose of giving birth, except where providing such an interpreter would be impractical or delay necessary care. **Section 1** also requires a hospital or freestanding birthing center to allow a family member of the patient and a doula to be present in the room with the patient during the birthing process. **Sections 2-6** of this bill make conforming changes relating to the applicability and enforcement of **section 1**.

Existing law requires Medicaid to cover doula services provided by a doula who enrolls with the Division of Health Care Financing and Policy of the Department of Health and Human Services. (NRS 422.27177) **Sections 18, 43, 46, 48, 50, 51, 53, 55, 56 and 61** of this bill require various other public and private insurers who cover maternity care to: (1) cover doula services; and (2) include doulas in their networks of providers. **Section 45** of this bill authorizes the Commissioner of Insurance to require certain policies of health insurance issued by a domestic insurer to a person who resides in another state to include the coverage required by **section 43**. **Section 60** of this bill authorizes the Commissioner to suspend or revoke the certificate of a health maintenance organization that fails to provide the coverage required by **section 55**. The Commissioner is also authorized to take such action against other health insurers who fail to provide the coverage required by **sections 43, 46, 48, 50, 51, 53 and 61**. (NRS 680A.200)

Existing law requires certain health insurers, including Medicaid managed care organizations and insurance for state and local governmental employees, to cover hormone replacement therapy to varying degrees. (NRS 287.010, 287.04335, 689A.0415, 689B.0376, 689C.1678, 695A.1875, 695B.1916, 695C.050, 695C.1694, 695G.1717) **Sections 44, 47, 49, 52, 54, 58 and 64** of this bill require such coverage to include coverage of testosterone replacement therapy for menopausal women. **Section 67.5** of this bill requires: (1) private insurers to submit to the Commissioner a plan for complying with that requirement on or before January 1, 2026; and (2) the Commissioner to evaluate those plans and post a bulletin on or before February 1, 2026, stating whether each such insurer is likely to be in compliance with that requirement. **Section 42** of this bill prohibits certain health insurers from denying a request to include a provider of health care in a provider network because the provider of health care is a solo practitioner.

~~[Existing law requires: (1) the board of trustees of each school district and the governing body of each charter school or university school for profoundly gifted pupils to adopt a policy for the prevention and treatment of injuries to the head of a pupil; and (2) the board of trustees of each school district and the governing body of each charter school to adopt a policy concerning safe exposure to the sun. (NRS 392.452, 392.453) Section 19 of this bill additionally requires the board of trustees of each school district which has more than 100,000 pupils enrolled in its public schools (currently only the Clark County School District) to adopt a policy concerning the prevention of~~

~~sudden cardiac arrest during the participation of pupils in competitive sports sponsored by a school.]~~

Existing law authorizes a court that finds a child to be in need of protection to place the child in the temporary custody of a public or private agency or institution. (NRS 432B.550) If such a child is placed in the custody of an agency which provides child welfare services and has been diagnosed with a mental or behavioral health condition before or after such placement, **section 22** of this bill requires the agency which provides child welfare services to provide for an independent assessment of the child before the child leaves the custody of the agency which provides child welfare services. **Section 22** provides that this requirement does not apply if a prior assessment conducted after the initial diagnosis has determined that the child no longer has a mental or behavioral health condition. **Sections 7 and 23-25** of this bill make conforming changes to make various provisions governing child welfare proceedings generally applicable to any proceeding related to the provisions of **section 22**. **Section 33.5** of this bill makes a conforming change to require the State Board of Nursing to establish qualifications for an advanced practice registered nurse to conduct an assessment pursuant to **section 22**.

Existing law provides for the regulation of the practices of medicine, nursing and osteopathic medicine by the Board of Medical Examiners, the State Board of Nursing and the State Board of Osteopathic Medicine, respectively. (Chapters 630, 632 and 633 of NRS) **Sections 29, 32 and 35** of this bill: (1) require those boards to adopt regulations prescribing a list of race-based health formulas and race-based care standards that are authorized for use by licensees in this State; (2) prohibit those boards from including on that list any race-based health formula or race-based care standard if there is a race-neutral health formula or race-neutral care standard that has been scientifically validated as being at least as effective for the same purpose; and (3) prohibit a physician, physician assistant, nurse or osteopathic physician from using or authorizing the use of a race-based health formula or race-based care standard that is not included on the list. **Section 65** of this bill requires the Board of Medical Examiners, the State Board of Osteopathic Medicine, the University of Nevada, Reno, School of Medicine and the University of Nevada, Las Vegas, School of Medicine to study disparities in health care access, the provision of health care and health care outcomes.

Amendment No. 947.

AN ACT relating to public safety; transferring the authority to regulate and permit food establishments from the Division of Public and Behavioral Health of the Department of Health and Human Services to the State Department of Agriculture; transferring the authority of the State Board of Health to adopt, amend and enforce regulations to provide for the sanitary protection of water and food supplies to the State Department of Agriculture; repealing various provisions governing food establishments; requiring, with certain exceptions, a county to pay an assessment to the Department for services relating to food establishments; revising provisions relating to cottage food operations; revising provisions relating to farm-to-fork events; revising provisions relating to the purchase or use of hemp or commodities or products made using hemp by certain persons who operate a food establishment; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the permitting and regulation of food establishments, cottage food operations and farm-to-fork events by the Division of Public and Behavioral Health of the Department of Health and Human Services and, in some instances, the local boards of health. (Chapter 446 of NRS) **Sections 2-13 and 16-44** of this bill transfer the authority for the permitting and regulation of food establishments, cottage food operations and farm-to-fork events from the Division to the State Department of Agriculture and the local boards of health. **Section 9** defines the term "food safety authority" to mean the officers and agents of the Department or the officers and agents of the local boards of health. **Section 77** of this bill repeals the existing provisions of law governing food establishments. **Section 74** of this bill provides that any permit issued by the Division or health authority pursuant to the repealed provisions of law shall remain effective until the expiration of the permit. **Section 75** of this bill provides that any regulation adopted by a local board of health which was previously required to be approved by the State Board of Health shall be deemed approved by the Department. **Sections 45-50, 52-60 and 63-70** of this bill make conforming changes to internal references to reflect the transfer of authority to the Department.

Existing law authorizes the State Board of Health to adopt, amend and enforce regulations to provide for the sanitary protection of water and food supplies. (NRS 439.200) Existing law further authorizes a district board of health to adopt regulations consistent with law to provide for the sanitary protection of water and food supplies. (NRS 439.366, 439.410) **Section 14** of

this bill transfers the authority to adopt regulations to provide for the sanitary protection of water and food supplies from the State Board of Health to the Department. **Sections 61 and 62** of this bill require any regulations adopted by a district board of health relating to the sanitary protection of water and food supplies to be consistent with any regulations adopted by the Department.

Existing law requires each county to pay an assessment to the Division in an amount determined by the Division for the costs of services provided in that county by the Division, including services relating to food establishments. Existing law authorizes a county to request to carry out these services and receive an exemption from this assessment from the Interim Finance Committee. (NRS 439.4905) **Section 15** of this bill requires each county to pay an assessment for the costs of any services provided in the county by the Department relating to food establishments and authorizes a county to request to carry out these services and receive an exemption from the Interim Finance Committee. **Section 15 also authorizes the Department to adopt regulations as necessary to carry out the provisions of the section which, if adopted, must ensure the financial solvency of the Department in providing such services.** **Section 51** of this bill authorizes the Interim Finance Committee to perform this duty during a regular or special session. **Section 75.5** of this bill requires the State Department of Agriculture to review the **budget of the Department, any fee charged to a food establishment by the Division and the** assessments paid to the Division for the costs of services provided to a county by the Division relating to food establishments to determine the amount **of the assessments** that ~~[is]~~ **are** necessary to ensure the financial solvency of the Department in providing such services and, based on the results of the review, ~~[shall]~~ **the Department may** increase the assessments required by **section 15**. **Section 76** of this bill provides that any county which has already received such an exemption shall be deemed to have received an exemption from the assessment required by **section 15**.

Existing law exempts a cottage food operation from certain requirements governing food establishments. Existing law limits the definition of "cottage food operation" to a natural person whose gross sales of certain food items are not more than $35,000 per year. (NRS 446.866) **Section 22** of this bill increases this limit on gross sales to $100,000 and requires the State Department of Agriculture to adjust this amount on an annual basis based on the percentage increase in the Consumer Price Index (All Items).

Existing law exempts a farm from certain provisions governing food establishments for the purposes of holding a farm-to-fork event under certain conditions, including that any poultry and meat from a rabbit that is served at such an event is raised and prepared on the farm and is butchered and processed on the farm in accordance with certain requirements relating to the inspection of meat and poultry. (NRS 446.868) **Section 23** of this bill provides that a farm may also serve at a farm-to-fork event: (1) meat from livestock under the same circumstances; and (2) poultry, meat from livestock and meat from a rabbit if the poultry or meat is obtained from a facility that meets certain

requirements of state law relating to the inspection of meat and poultry or from a facility under a federal inspection program.

Existing law authorizes a person who holds a permit to operate a food establishment and who operates a food establishment at which food is not prepared or served for immediate consumption to purchase and use hemp or a commodity or product made using hemp to manufacture or prepare and sell, offer or display food that contains an approved hemp component at the food establishment. (NRS 446.844) **Section 18** provides that a person may only purchase or use hemp or a commodity or product made using hemp that the United States Food and Drug Administration has determined to be safe or generally recognized as safe for use as an ingredient in food intended for human consumption.

Sec. 28. *1. Permits issued under the provisions of this chapter may be suspended temporarily by the food safety authority for failure of the holder to comply with the requirements of this chapter.*

2. Whenever a permit holder or operator has failed to comply with any notice issued under the provisions of this chapter, the permit holder or operator must be notified in writing that the permit is, upon service of the notice, immediately suspended or that the establishment is downgraded if that is the case. The notice must also contain a statement informing the permit holder or operator that an opportunity for a hearing will be provided if a written request for a hearing is filed by him or her with the food safety authority.

3. Whenever the food safety authority finds an insanitary or other condition in the operation of a food establishment which, in the judgment of the food safety authority, constitutes a substantial hazard to the public health, the food safety authority may, without warning, notice or hearing, issue a written order to the permit holder or operator citing the condition, specifying the corrective action to be taken and specifying the time within which the action must be taken. The order may state that the permit is immediately suspended and all food operations must be immediately discontinued. Any person to whom such an order is issued shall comply with it immediately. Upon written petition to the food safety authority, the person must be afforded a hearing as soon as possible.

4. Any person whose permit has been suspended may, at any time, make application for a reinspection for reinstatement of the permit. Within 10 days following receipt of a written request, including a statement signed by the applicant that in the opinion of the applicant the conditions causing suspension of the permit have been corrected, the food safety authority shall make a reinspection. 5. The food safety authority must be permitted to examine the records of the establishment to obtain pertinent information pertaining to food and supplies purchased, received or used, and persons employed.*

2. Whenever the food safety authority makes an inspection of a food establishment, the food safety authority shall record his or her findings on an inspection report form provided for this purpose. The food safety authority shall furnish the original or an electronic original of the inspection report form to the permit holder or operator. The form must summarize the requirements of this chapter.

Sec. 32. *Except as otherwise provided in subsection 3 of section 28 of this act, whenever the food safety authority makes an inspection of a food establishment and discovers that any of the requirements of this chapter have been violated, the food safety authority shall notify the permit holder or operator of the violations by means of an inspection report form or other written notice. The notice must:*

AN ACT relating to education; requiring the Department of Education to create and conduct certain surveys of public school employees; **revising provisions governing the reimbursement of certain hospitals or other facilities that provide educational services;** revising terminology related to services provided to certain students; revising various reporting requirements relating to education; revising provisions governing the authority of the State Board of Education; revising provisions governing the ratios of pupils to licensed teachers; eliminating certain audits of empowerment schools; revising provisions governing the licensure of administrators; repealing provisions governing the Nevada Teacher Advancement Scholarship Program and the Incentivizing Pathways to Teaching Grant Program; revising provisions governing certain scholarship and grant programs for students in education and related fields of study; requiring the Department to create a program of block grants for such scholarship and grant programs; eliminating provisions requiring the Department to recommend that a minimum amount be spent by public schools on textbooks and other instructional supplies; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Department of Education, which consists of the State Board of Education and the Superintendent of Public Instruction. (NRS 385.010) **Section 1** of this bill requires the Department to create and conduct surveys of: (1) public school employees, assessing school climate and working conditions in schools; and (2) public school employees who are leaving employment at a public school. **Section 1** additionally: (1) sets forth when such surveys must be administered; (2) sets forth how a school district must use the results of such surveys; (3) prohibits data collected from such surveys from being used in certain evaluations; (4) requires the Department to recognize schools which achieve a certain response rate on such surveys in the statewide system of accountability; and (5) requires the Department to submit annually to the Commission on School Funding and the State Board a report containing data from the surveys.

Existing law requires the principal of each school, in consultation with the employees of the school, to prepare a plan to improve the achievement of the pupils enrolled in the school. (NRS 385A.650) **Section 2** of this bill requires

the plan to be informed by the results of surveys conducted pursuant to **section 1**.

Existing law creates the Education Stabilization Account in the State Education Fund and requires each school district, each year after the close of the previous fiscal year and before the issuance of the State Controller's annual report, to transfer from the county school district fund to the Education Stabilization Account any amount by which the actual ending fund balance of the county school district fund exceeds 16.6 percent of the total actual expenditures for the fund. (NRS 387.1213) **Section 4** of this bill requires each school district to make this transfer after the close of the previous fiscal year and before the close of the then current fiscal year.

Existing law establishes certain requirements governing the use of information concerning the average daily enrollment of pupils, including, without limitation: (1) requiring each school district to submit a quarterly report to the Department containing the average daily enrollment of pupils; and (2) providing the method for computing the yearly apportionment to the school district from the State Education Fund. (NRS 387.1223) **Section 4.5** of this bill applies these provisions to charter schools and university schools for profoundly gifted pupils.

Under existing law, certain hospitals and other facilities that provide residential treatment to children and also operate a licensed private school or an accredited educational program approved by the Department are authorized to request reimbursement from the school district or charter school in which a child is enrolled for the cost of providing educational services to the child who is: (1) verified to be a patient or resident of the hospital or facility; (2) attends the private school or educational program for more than 7 school days; and (3) meets certain other requirements. (NRS 387.1225) Section 4.7 of this bill: (1) changes the entity from which reimbursement is authorized to be requested to the Department; and (2) makes conforming changes to reflect this change.

Under the Pupil-Centered Funding Plan, existing law requires a public school that receives weighted funding for one or more at-risk pupils or pupils who are English learners to use such funding only to provide services to such pupils, which are referred to as "Victory services" and "Zoom services," respectively. (NRS 387.121, 387.12445) **Section 5** of this bill changes the term "Victory services" to "services for at-risk pupils," and "Zoom services" to "services for pupils who are English learners."

Existing law requires the board of trustees of each school district and the governing body of each charter school to submit to the Superintendent of Public Instruction and certain other recipients, on or before November 1 of each year, a report regarding the budget of the school district or charter school. (NRS 387.303, 388A.345) Existing law requires the Superintendent of Public Instruction, on or before November 25 of each year, to submit a compilation of the reports made by each school district and charter school to the Office of Finance in the Office of the Governor and the Fiscal Analysis Division of the

Legislative Counsel Bureau. (NRS 387.303, 388A.345) Existing law requires the governing body of a university school for profoundly gifted pupils to submit a similar report to the Department of Education on or before November 15 of each year. (NRS 388C.250) **Sections 6, 13 and 15** of this bill require these reports to be submitted annually, on or before the Friday of the first week in January that contains 5 business days. **Sections 6 and 13** require the compilation of reports to be submitted on or before the last Friday in January.

Existing law requires the Governor, on or before January 1 of each year, to compile a report on the status of the finances of the State, including the information published in the most recent annual report regarding the budget of each school district. (NRS 353.333) **Section 32** of this bill requires that this report be compiled on or before February 15 of each year, to conform with the change made by **section 6** to the date by which the compilation of reports regarding the budget of each school district is required to be submitted to the Office of Finance.

Existing law requires the clerk of the board of trustees of a county school district to publish a quarterly expenditure report for the school district in a newspaper that meets certain qualifications. (NRS 387.320) **Section 7** of this bill requires the expenditure report to instead be published on the Internet website of the county school district.

Existing law: (1) provides that the State Board is the sole state agency responsible for the administration of career and technical education; and (2) sets forth actions the State Board is authorized to take in relation to such authority. (NRS 388.360) **Section 7.3** of this bill authorizes the State Board to request, rather than direct, the Superintendent of Public Instruction to make studies and investigations relating to career and technical education.

Existing law requires the Executive Officer of the State Board to designate a program professional to perform certain duties relating to programs of career and technical education that have received grants of money. (NRS 388.396) **Section 7.7** of this bill instead requires the Superintendent of Public Instruction to designate a program professional to perform such duties.

Existing law authorizes the board of trustees of a school district, with the approval of the juvenile court and the board of county commissioners, to employ qualified teachers for the instruction of children detained in facilities for the detention of children, alternative programs and juvenile forestry camps. (NRS 388.550) Existing law requires the board of trustees of a school district providing such instruction to report to the Superintendent of Public Instruction at such times and in such manner as the Superintendent of Public Instruction prescribes. (NRS 388.570) **Section 8** of this bill eliminates the requirement for the board of trustees of such a school district to provide such reports to the Superintendent of Public Instruction.

Existing law prohibits the ratio of pupils per licensed teacher in certain classes from exceeding certain ratios during each school quarter of a school year. (NRS 388.700) Existing law requires the board of trustees of each school district to report to the Department, on a quarterly basis, the average daily

enrollment of pupils and the ratio of pupils per licensed teacher for certain grade levels. (NRS 388.725) If the ratio of pupils per licensed teacher at one or more elementary schools in a school district exceeds the ratio prescribed by statute during any quarter of a school year, existing law requires the school district to request a variance from the State Board for each such school for the subsequent quarter. (NRS 388.700) **Section 12** of this bill eliminates the requirement to submit quarterly reports regarding the average daily enrollment of pupils and the ratio of pupils per licensed teacher for certain grade levels and requires the board of trustees of each school district to instead report such information to the Department only on a semiannual basis each year for: (1) the period beginning on July 1 and ending on September 30; and (2) the period beginning on January 1 and ending on March 31. **Section 9** of this bill requires a school district to request a variance for an elementary school which exceeds the maximum ratio of pupils per licensed teacher only if the ratio is exceeded during a reporting period. **Section 9** also: (1) reduces the frequency of the reports regarding variances requested by school districts which the State Board is required to submit to the Interim Finance Committee from quarterly to semiannually; and (2) eliminates the requirement for the State Board to submit a report to the Legislature regarding variances and the data collected by school districts on the effectiveness of plans to reduce pupil-teacher ratios.

Existing law requires each school district, in cooperation with the recognized associations representing licensed educational personnel, to develop a plan to reduce the pupil-teacher ratio per class in certain grade levels and submit that plan to the State Board. (NRS 388.720) **Section 10** of this bill requires this plan to be submitted to the State Board on or before October 1 of each year.

Section 11 of this bill eliminates the requirement for the Department to develop policies and procedures for the distribution of money to each school district for the reduction of pupil-teacher ratios.

Existing law requires the sponsor of a charter school that has received, within each of the immediately preceding 3 consecutive school years, one of the two lowest ratings of performance pursuant to the statewide system of accountability for public schools to submit a report to the Joint Interim Standing Committee on Education on or before December 15 of each odd-numbered year describing certain actions taken by the sponsor of the charter school. (NRS 388A.355) **Section 14** of this bill requires this report to be submitted annually, on or before February 15.

Existing law requires: (1) certain charter schools that are approved to operate as empowerment schools to submit a quarterly report to the Department containing certain financial information and information concerning the school's compliance with its empowerment plan; (2) the board of trustees of a school district and the Department to conduct financial audits of empowerment schools; and (3) such reports and audits concerning empowerment schools to be compiled and forwarded to certain entities. (NRS 388G.200) **Section 16** of this bill eliminates these requirements.

Existing law authorizes the board of trustees of a school district or the governing body of a charter school to offer a work-based learning program upon the approval of the Superintendent of Public Instruction. (NRS 389.167) **Section 17** of this bill eliminates the requirement for a school district or charter school offering a work-based learning program to submit a biennial report to the State Board and the Legislature concerning the manner in which the program has been carried out.

Existing law requires the Commission on Professional Standards in Education to prescribe by regulation the qualifications for licensing teachers and other educational personnel. (NRS 391.019) **Section 18** of this bill: (1) eliminates the requirement for the Commission to prescribe qualifications for licensing administrators through an alternative route to licensure; and (2) requires the Commission to prescribe qualifications and procedures for licensed teachers and other licensed educational personnel to become licensed as an administrator without restricting the ability of such a person to obtain employment as an administrator.

Existing law requires each school district that employs a consultant to submit a report to the Interim Finance Committee at least once every 6 months. (NRS 391.155) **Section 19** of this bill reduces the frequency of this report to at least once annually.

Existing law: (1) establishes the Teach Nevada Scholarship Program, the Nevada Teacher Advancement Scholarship Program and the Incentivizing Pathways to Teaching Grant Program; and (2) sets forth requirements for the administration of these programs. (NRS 391A.550-391A.595, 391A.650-391A.695, 391A.700, 391A.705, 391A.710) **Sections 20-31** of this bill transfer the administration of these programs from the State Board to the Department. **Section 19.5** of this bill requires the Department to create a program of block grants to provide one lump-sum grant to an institution that receives a grant from each of these programs. **Section 21** expands the eligibility for Teach Nevada Scholarships to include Nevada residents who graduated from high school in another state or who, before the age of 20, successfully completed the high school equivalency assessment selected by the State Board in another state. **Section 26** additionally expands the programs for which a student is eligible to receive a Nevada Teacher Advancement Scholarship to include programs which: (1) result in a certificate of advanced study or other degree which is more advanced than a bachelor's degree, in education or a related field of study; or (2) upon completion, make a student eligible to obtain a license and endorsement to teach in a subject area for which there is a shortage of teachers. **Section 27** also makes a conforming change relating to the amount which may be awarded under the Nevada Teacher Advancement Scholarship Program to reflect the additional programs for which a Nevada Teacher Advancement Scholarship may be awarded as provided in **section 26**.

Sections 20.5, 21.5, 22 and 24.5 of this bill become effective on July 1, 2027. **Section 20.5**: (1) changes the name of the Teach Nevada

Scholarship Program Account to the Teach Nevada Recruitment, Preparation and Retention Program Account; and (2) eliminates the requirement that money in the Account may only be used to award grants to entities to award scholarships pursuant to **section 22**. **Section 21.5** expands the programs whose students are eligible to receive a scholarship from an institution that receives a grant from the Account. **Section 22** eliminates the requirement that the recipient of a scholarship provided by an institution which receives a grant from the Account meet certain requirements to receive the remaining 25 percent of the scholarship that has not been disbursed. **Section 22** additionally: (1) expands the group of students who may receive such a scholarship; (2) changes the method for determining the maximum amount of a scholarship a student may receive; and (3) requires institutions that receive grants to provide such scholarships to enter an agreement to share data with the Department. **Sections 21.5, 22 and 24.5** make conforming changes to reflect the change in the name of the Account.

Section 35 of this bill repeals provisions requiring the Department to: (1) recommend that a minimum amount of money be spent during each fiscal year of the biennium on textbooks, instructional supplies, instructional software and instructional hardware by all school districts, charter schools and university schools for profoundly gifted pupils; and (2) publish a report on school districts, charter schools and university schools for profoundly gifted pupils which did not spend the recommended minimum amount. **Section 35** also repeals provisions requiring the board of trustees of each school district to submit an annual report concerning professional development training offered by the school district.

Section 35.5 of this bill repeals provisions governing the Nevada Teacher Advancement Scholarship Program and the Incentivizing Pathways to Teaching Grant Program, including, without limitation, **sections 25-31**, on July 1, 2027. **Section 35.7** of this bill requires any money that is in the budget account for the Incentivizing Pathways to Teaching Grant Program Account and the Nevada Teacher Advancement Scholarship Program Account on June 30, 2027, to be transferred to the Teach Nevada Scholarship Program Account.

3. The balance in the Education Stabilization Account must not exceed 20 percent of the total of all appropriations and authorizations from the State Education Fund, excluding the Education Stabilization Account, for the immediately preceding fiscal year. Any money transferred to the Education Stabilization Account which exceeds this amount must instead be transferred to the State Education Fund.

4. If the Interim Finance Committee finds that:

(a) Upon submission of a request from the Department, the actual enrollment growth for a fiscal year exceeds the projected enrollment growth by an amount that the Interim Finance Committee determines would make a transfer of money to the State Education Fund necessary to fund the excess enrollment;

(b) The collection of revenue in any fiscal year will result in the State Education Fund receiving less money than authorized for expenditure from the State Education Fund;

(c) Upon submission of a request from the Department, any amount of money which was deposited in the State Education Fund is found by an audit to have been deposited in error; or

(d) Upon submission of a request from the Department, any error in the application of the Pupil-Centered Funding Plan by the Department has created a shortfall in the State Education Fund,

➥ the Committee shall by resolution establish an amount of money to transfer from the Education Stabilization Account to the State Education Fund and direct the State Controller to transfer that amount to the State Education Fund. The State Controller shall thereupon make the transfer.

5. When determining the actual ending fund balance for the purposes of subsection 1, each county school district shall exclude:

6. If the Superintendent of Public Instruction determines that the money due from the State Education Fund to a county school district, charter school or university school for profoundly gifted pupils pursuant to NRS 387.185 exceeds the amount of money available in the State Education Fund because of a delay in expected receipts, he or she may request from the Director of the Office of Finance a temporary advance from the Education Stabilization Account for the payment of such money due. Upon receipt of such a request, the Director of the Office of Finance shall make a recommendation to the Interim Finance Committee to approve the temporary advance in whole or in part or to deny the request. If the Interim Finance Committee approves the request in whole or in part, the Director of the Office of Finance shall notify the State Controller and the Fiscal Analysis Division of the Legislative Counsel Bureau of the amount approved by the Interim Finance Committee, and the State Controller shall draw his or her warrant upon receipt of such a notice of approval. Any money which is temporarily advanced from the Education Stabilization Account pursuant to this subsection must be repaid by August 31 following the end of the fiscal year in which the temporary advance is made.

7. The balance remaining in the State Education Fund, excluding the balance remaining in the Education Stabilization Account, that has not been committed for expenditure on or before June 30 of an odd-numbered fiscal year must be transferred to the Education Stabilization Account to the extent

that such a transfer would not cause the balance in the Education Stabilization Account to exceed the limit established in subsection 3.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 975.

AN ACT relating to mental health; ~~[establishing provisions related to the discharge of a child with an emotional disturbance from certain inpatient psychiatric treatment facilities;]~~ establishing a task force to develop recommendations for the creation of a program that provides housing and other services to certain children who are discharged from a treatment facility or certain other facilities or released on parole; revising provisions related to the designation of certain facilities of the Division of Child and Family Services of the Department of Health and Human Services; expanding the applicability of enhanced penalties for assault or battery against certain persons who provide child welfare services or child protective services; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes certain requirements concerning the treatment of a child with an emotional disturbance. (NRS 433B.290-433B.339) ~~[Section 3 of this bill requires a public or private inpatient psychiatric treatment facility that admits a child with an emotional disturbance to establish discharge procedures which prohibit a child from being discharged to a temporary facility.]~~

Section 2.6 of this bill requires the Division of Child and Family Services of the Department of Health and Human Services to establish a task force to develop recommendations for the creation of a program that provides housing and other services to certain children: (1) who are discharged from a treatment facility or other division facility or who are released on parole or discharged from a state facility for the detention of children; and (2) whose parents or guardians are unable to accept the child back into the home after the discharge or release because of a health or safety risk. **Section 2.6** also requires: (1) the Administrator of the Division to appoint representatives of the child welfare, juvenile justice and mental health systems to the task force; and (2) the task force to submit its recommendations to the Joint Interim Standing Committee on Health and Human Services.

Existing law defines "child with an emotional disturbance" for the purposes of chapter 433B of NRS related to the mental health of children. (NRS 433B.045) **Section 6** of this bill revises the definition of "child with an emotional disturbance" to provide that the term includes, without limitation, a child with a severe emotional disturbance.

Existing law designates certain facilities of the Division which provide services for the mental health of children for the purposes of chapter 433B of NRS. **Section 10** of this bill makes various changes to designate the facilities of the Division that currently provide these mental health services to children.

Existing law provides that if a person commits an assault upon an officer who is performing his or her duty and the person knew or should have known that the victim was an officer, the person is guilty of: (1) a category B felony if the assault is made with the use of a deadly weapon or the present ability to use a deadly weapon; (2) a category D felony if the person is a probationer, prisoner or parolee; or (3) if neither of those circumstances is present, a gross

misdemeanor. (NRS 200.471) Additionally, existing law provides that if a person commits a battery upon an officer, and the person knew or should have known that the victim was an officer, the person is guilty of: (1) a category B felony if the battery causes substantial bodily harm or is committed by strangulation; or (2) if those circumstances are not present and no greater penalty is provided by law, a gross misdemeanor. (NRS 200.481) **Sections 11 and 12** of this bill revise the definition of "officer" to include an employee of this State or a political subdivision of this State whose normal job responsibilities require the employee to: (1) interact with the public; and (2) perform tasks related to child welfare services or child protective services or other tasks that expose the person to comparable danger.

GENERAL FILE AND THIRD READING

Senate Bill No. 502.

Bill read third time.

Remarks by Assemblymembers Jauregui and Monroe-Moreno.

ASSEMBLYMEMBER JAUREGUI:

I rise in strong support of Senate Bill No. 502. Usually, the CIP [Capital Improvement Project] Bill is what we call our "jobs" bill. But this session, it is also our housing bill. With this amendment, we are keeping our promise to focus on affordable, attainable housing this legislative session. With the amendment, we are making sure that we are going to fund those projects that will help the affordability of housing in our state. I want to thank the Housing Division and the Executive Branch for the hours that we have worked together to make this possible. I urge my colleagues to support Senate Bill No. 502.

ASSEMBLYMEMBER MONROE-MORENO:

I rise in support of Senate Bill No. 502. Members, you remember a few weeks ago? It seems like a long time ago; we voted on some of the other budget bills, and this is one of the bills that helps us get out of this session. It has been a long road working for many hours. I want to thank the Executive Branch and my colleagues on the other side of the aisle because this took working together to make sure that this is a jobs bill; it is a housing bill; it is a bonds bill. When you talk about the [Nevada State] Infrastructure Bank and the promises that we have made through that bank, it is making sure we have the funding to keep our promises. So, I encourage all of our members to vote for this bill, this housing, this jobs bill, and us keeping our promises to our constituents.

REMARKS FROM THE FLOOR

ASSEMBLYMEMBER MOORE:

I know we are here late, but I wanted to take a moment to wish a very special person in my life a happy birthday—and that is to my son, Liam. He turned eight today. It is the first time that I am away from home and missing his birthday. As a single mom, being in this body has been a little difficult to be away from my son, but I hope that when he grows up, he understands that we are here to do the work for the people of Nevada and that we are not just fighting for the families of today, but also for a better Nevada for him.

Liam, I love you so much, you mean so much to me, and I cannot wait to see you. Thank you for being such an amazing little boy. At such an early age, you are already understanding what sacrificing being away from your mom means. I hope to celebrate with you soon—I am looking forward to it.

ASSEMBLYMEMBER GALLANT:

It turns out that my colleague and I were going through the same thing ten years ago today. So, I know it is late, but my little guy Maddox said this is the least I can do since I am not here today. So, ten years ago today, you came into our lives and changed everything for the better. I could never imagine that I would be lucky enough to bring such a kind and thoughtful soul into the world. Someone who offers his last bite of ice cream, gives hugs without being asked, and shares compliments just to brighten somebody's day. Then I remembered, I chose your dad to be your dad. So, of course, you are as sweet as pie because I know you did not get that from me. I am really sorry that I cannot be with you today, but I hope this little message and a big, warm, happy birthday from all of us will help make up for my absence. Your father and I love you so much. Know that we are all celebrating you from afar.

Legislative Counsel's Digest:

Existing law requires a person to provide certain documentation which is current and valid for purposes of certain provisions relating to elections. (See e.g., NRS 293.269915, 293.2725, 293.507, 293.5742, 293.57688, 293.5837, 293.5842, 293.5847, 293C.26314) **Section 1.4** of this bill defines the term "current and valid" for such purposes and **section 1.7** of this bill makes that definition applicable to certain provisions relating to elections.

Existing law sets forth provisions governing the preparation, distribution and casting of mail ballots and requires a county or city clerk, as applicable, to prepare and distribute to each active registered voter in the county or city and certain other persons who register to vote a mail ballot for every election. (NRS 293.269911-293.269937, 293C.263-293C.26337) **Sections 1.6, 11.3, 28.3 and 32.3** of this bill authorize an active registered voter who is eligible to receive a mail ballot to submit a request to the county or city clerk, as applicable, to receive a mail ballot if he or she is unable to access his or her mail ballot or appear in person at the polls due to an emergency. **Sections 1.6 and 28.3** further require a county or city clerk to distribute a mail ballot to such a voter

after verifying the voter's eligibility and that he or she has not already voted. **Sections 1.9, 11.5, 28.7 and 32.7** of this bill make certain provisions relating to mail ballots, including the definition of "mail ballot" and provisions concerning the marking and signing the mail ballot of another voter, applicable to ballots requested pursuant to **sections 1.6 and 28.3**.

Section 2 of this bill removes the prohibition for a person to be a candidate of a major political party for partisan office if the person has changed certain information on an application to register to vote in a state other than this State during the time beginning on December 31 preceding the closing filing date for an election and ending on the date of the election. (NRS 293.176)

Existing law requires an independent candidate for partisan office to file a declaration of candidacy. (NRS 293.200) Existing law further sets forth the form for a declaration of candidacy for all candidates for partisan office. (NRS 293.177) **Section 3** of this bill sets forth the form for the declaration of candidacy for an independent candidate for partisan office. **Section 5** of this bill makes conforming changes to clarify that the declaration of candidacy for an independent candidate must be in the form set forth in **section 3**.

Existing law sets forth certain fees for filing a declaration of candidacy and provides that the fee for filing a declaration of candidacy may be paid by cash, cashier's check or certified check. (NRS 293.193) **Section 4** of this bill: (1) provides that such a fee may also be paid by credit card if the filing officer accepts such a method of payment; (2) revises the description of certain offices; and (3) reorganizes existing fees set forth in other provisions of existing law in to this schedule of fees.

Existing law requires a county clerk, immediately upon receipt of the certified list of candidates for judicial and nonjudicial office, to publish a notice of primary election or general election in a newspaper of general circulation in the county once a week for 2 successive weeks and requires such notice to contain: (1) the date of the election; (2) the location of the polling places; and (3) the hours during which the polling places will be open for voting. (NRS 293.203) **Section 6** of this bill requires such notice to additionally contain: (1) the names of the candidates; and (2) the office for which each candidate is running and, if the office is partisan, the party under which the candidate is running. **Section 39** of this bill similarly requires the names of the qualified candidates who will be on the ballot at the presidential preference primary election and the major political party with which each candidate is affiliated to be included on such notice for a presidential preference primary election. (NRS 298.670)

Existing law authorizes a county clerk to appoint a pupil as a trainee for the position of election board officer and sets forth the qualifications for such an appointment, including a requirement that the pupil is appointed without party affiliation. (NRS 293.2175, 293C.222) **Sections 7 and 31** of this bill clarify that a pupil may be appointed as a trainee regardless of his or her affiliation with a political party, including any designation of party affiliation on the pupil's application to preregister or register to vote.

Existing law requires the Secretary of State to develop and provide a training course to each county clerk and city clerk related to elections procedures and requires the Secretary of State to provide to or reimburse the county or city, as applicable, for the cost of the per diem allowance and travel expenses of the county clerk or city clerk for attending such a course. Existing law further authorizes the Secretary of State to provide to or reimburse the county or city, as applicable, such costs for any deputy or employee of the office of the county or city clerk who attends the course. Existing law requires that any such costs be paid from the Reserve for Statutory Contingency Account upon recommendation by the Secretary of State and approval by the State Board of Examiners. (NRS 293.2504) **Section 8.5** of this bill instead requires the Secretary of State to provide or reimburse certain other costs for a county or city clerk relating to the training course. **Section 46.5 of this bill makes an appropriation to the Contingency Account for allocation to the Secretary of State by the Interim Finance Committee for certain expenses relating to the training course.**

Existing law provides that members of election boards continue to serve as such from the day before the day of the election until the time for filing contests of the election has expired. (NRS 293.225) **Section 8** of this bill provides instead that members continue to serve as such from the day of appointment.

Existing law provides that, in certain circumstances, if one candidate receives a majority of the votes cast in a primary election for certain nonpartisan offices, the candidate must be declared elected and the candidate's name must not be placed on the ballot. (NRS 293.260, 293C.175; Carson City Charter § 5.010; Henderson City Charter § 5.010; Las Vegas City Charter § 5.010; North Las Vegas City Charter § 5.020; Sparks City Charter § 5.020) **Sections 9, 29 and 42-46** of this bill provide that for the purposes of determining the majority of the votes cast in the primary election for an office for which voters may select more than one candidate, each ballot upon which a voter marked a valid choice for one or more candidates for that office shall be deemed to be one vote cast in the primary election for that office.

Existing law provides that every ballot upon which appears the names of candidates for any statewide office or for President or Vice President of the United States must contain an additional line with a square in which the voter may select "None of these candidates." (NRS 293.269) **Section 10** of this bill provides instead that the additional line on such a ballot must contain a space in which the voter may select "None of these candidates."

Existing law: (1) authorizes the mail ballot central counting board to begin counting mail ballots 15 days before the day of the election; (2) requires the counting board to prepare to count the ballots when the polls are closed; and (3) establishes certain requirements for counting paper ballots. (NRS 293.269931, 293.363, 293C.26331, 293C.362) **Sections 12 and 33** of this bill: (1) clarify that the mail ballot central counting board may begin counting mail ballots before the polls are closed; (2) prohibit certain ballots from being counted before 7 a.m. on the day of the election; (3) prohibit the results or a

copy of the results from being posted until the polls are closed; and (4) remove requirements for counting paper ballots.

Existing law: (1) sets forth certain standards for counting votes; (2) requires the Secretary of State to adopt regulations establishing uniform, statewide standards for counting a vote; and (3) authorizes the Secretary of State to adopt regulations establishing additional uniform statewide standards. (NRS 293.3677, 293C.369) **Sections 13 and 34** of this bill provide that a vote must be counted if: (1) a portion of the designated space on a ballot is darkened by the voter; (2) such a marking cannot be conclusively determined to be made in error; and (3) there is some indication of the intent of the voter on the face of the ballot.

Existing law requires each county clerk to conduct a risk-limiting audit of the results of an election. (NRS 293.394) **Section 15** of this bill renames such audits to "election accuracy audits." Existing law provides that certain election materials, including the voted, rejected and spoiled ballots, must be sealed and deposited in the vaults of the county clerk. (NRS 293.391) **Section 14** of this bill provides that such election materials are subject to inspection for the purposes of an election accuracy audit.

Existing law provides that the deadline to register to vote at a voter registration agency, the Department of Motor Vehicles or an automatic voter registration agency is the last day to register to vote by mail. Existing law requires a county clerk to accept any application which is completed by the last day to register to vote by mail if the county clerk receives the application not later than 5 days after that date. (NRS 293.504, 293.5727, 293.57688) **Sections 17, 22 and 23** of this bill require a voter registration agency, the Department of Motor Vehicles and an automatic voter registration agency to notify a person who registers to vote after this deadline that in order to vote in the upcoming election, the person must register to vote by computer or at a polling place or polling place for early voting.

Existing law requires if a person or elector indicates that he or she is not affiliated with a political party or fails to indicate as such, the county clerk or field registrar to list the person's or elector's political party as nonpartisan. (NRS 293.518) **Section 18** of this bill instead requires the county clerk or field registrar to list the political party of a person or elector who fails to indicate whether he or she is affiliated with a political party or not affiliated as "no political party."

Section 9.5 of this bill revises the manner in which certain candidates that appear under existing law on a ballot as "no political party" or "NPP" to instead be shown on such a ballot: (1) for a candidate for partisan office, as "Independent Candidate" or "INC"; and (2) for a candidate for a nonpartisan office, as "nonpartisan" or "NPR." (NRS 293.267)

Existing federal law sets forth certain requirements for the removal of a voter from the official list of eligible voters which prohibit a state from removing the name of a registered voter unless the voter: (1) confirms a change of residence outside of the registrar's jurisdiction in writing; or (2) fails to

respond to a notice sent to his or her residence and has not voted or appeared to vote for a period of time after a notice has been mailed to his or her residence. (52 U.S.C. § 20507) **Sections 20 and 21** of this bill require a county clerk to mail a notice and conduct any correction or removal of a registered voter in accordance with existing federal law.

Sections 20 and 23.5 of this bill provide that certain notifications that a county clerk is required to mail to the current residence of a person are required instead to be mailed to the current mailing address of the person. (NRS 293.530, 293.57693)

Existing law: (1) authorizes a voter to update his or her voter registration information after the close of registration for an election; and (2) requires the county or city clerk to authorize a voter to update his or her voter registration information by the use of a paper application or the computer system established by the Secretary of State. (NRS 293.5832) **Section 24** of this bill authorizes the county or city clerk to also authorize an additional method for updating such voter registration information at a polling place during early voting by personal appearance and on election day. **Section 24** further: (1) requires the county or city clerk to send a mail ballot to such a voter if the voter updates the information 14 or more days before the election; and (2) provides that a voter who updates information less than 14 days before the election may vote only in person in that election only at a polling place. Finally, **section 24** clarifies that all other provisions of law relating to voting in person or by mail still apply to a registered voter who updates his or her voter registration information after the close of voter registration for the election.

Existing law prohibits a person from electioneering during the time a polling place for early voting is open for voting in or within 100 feet from the entrance to the voting area. (NRS 293.361) **Section 11.7** of this bill instead prohibits such actions within 100 feet of the entrance to a building, other structure or jail in which a polling place is located.

Existing law prohibits a person from voting more than once at the same election. (NRS 293.780) **Section 48** of this bill repeals existing law that prohibits a person from being preregistered or registered to vote in more than one county at a time. (NRS 293.810) **Section 24.7** of this bill provides that a person votes more than once at the same election if he or she votes: (1) more than once in certain elections in this State; or (2) in the same primary or general election in this State and at least one other state.

Existing law requires a county or city clerk or other election official to immediately notify the Secretary of State if the clerk or official identifies or is informed of a confirmed attack or attempted attack on the security of an information system used by the clerk or official. (NRS 293.875) **Section 26** of this bill requires the Secretary of State to adopt by regulation a cyber-incident response plan for elections. **Section 26** also requires a county or city clerk or other election official to notify the Secretary of State, the Governor and the Legislative Commission of any cyber-incident or attempted cyber-incident on

the security of an information system used by the county or city clerk or other election official in accordance with the cyber-incident response plan.

Existing law authorizes certain persons, including a spouse, domestic partner or minor child of such a person, to request that personal information contained in the records of the Secretary of State, a county or city clerk, a county recorder or a county assessor be kept confidential. (NRS 247.540, 250.140, 293.908) **Sections 27, 40 and 41** of this bill additionally authorize the elderly parent of such a person to request that such information be kept confidential.

Section 27.5 of this bill clarifies that certain tests required by existing law to be conducted before the start of the official count of the ballots and again within 24 hours after the official count of the ballots are required to be conducted within 24 hours after the official count of the ballots is completed, including the counting of the final ballot.

Existing law provides that a withdrawal of candidacy must be presented: (1) for a candidate for city office, to the city clerk within 2 days after the last day for filing for candidacy; and (2) for all other candidates, to the county clerk within 7 days after the last day for filing. (NRS 293.202, 293C.195) **Section 30** of this bill requires a withdrawal of candidacy by a candidate for a city office to be presented within 7 days, consistent with the requirement for all other candidates.

Existing law sets forth certain limits on making or committing to make any contributions to a candidate for office, except for a federal office, and provides that no contribution made, committed or accepted for a primary election or general election affects the limitation on contributions for a special election to recall a public officer. (NRS 294A.100) **Section 36** of this bill also provides that no contribution made, committed or accepted for a special election other than a special election to recall a public officer affects the limitation on contributions for a special election to recall a public officer.

Existing federal law requires a certificate of ascertainment of appointment of presidential electors to be issued and transmitted to the Archivist of the United States not later than 6 days before the time fixed for the meeting of the electors, which is the first Tuesday after the second Wednesday in December. (3 U.S.C. §§ 5, 7) **Section 37** of this bill requires the Secretary of State to transmit the certificate of ascertainment to the Archivist.

Existing law requires a person who is a qualified candidate to be a major political party's nominee for President of the United States who wants to appear on the ballot for a presidential preference primary election to file with the Secretary of State a declaration of candidacy in the form prescribed by the Secretary of State. (NRS 298.660) **Section 38** of this bill sets forth the form for the declaration of candidacy for such a candidate and provides that any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation is guilty of a gross misdemeanor.

Section 48 repeals certain provisions that: (1) prohibit a counting board from commencing to count the votes until all ballots are accounted for; (2) provide

for a recount at a hearing of any contest; and (3) require the county clerk to transmit the number of registered voters in the county and their political affiliation to the Secretary of State before certain elections. **Section 48** also repeals a provision that deems certain registered voters who move after the close of voter registration to retain their prior residence.

3. The address of a candidate which must be included in the declaration of candidacy pursuant to subsection 2 must be the street address of the residence where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050, if one has been assigned. The declaration of candidacy must not be accepted for filing if the candidate fails to comply with the following provisions of this subsection or, if applicable, the provisions of subsection 4:

(a) The candidate shall not list the candidate's address as a post office box unless a street address has not been assigned to his or her residence; and

(b) Except as otherwise provided in subsection 4, the candidate shall present to the filing officer:

(1) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate and the candidate's residential address; or

(2) A current utility bill, bank statement, paycheck, or document issued by a governmental entity, including a check which indicates the candidate's name and residential address, but not including a voter registration card.

4. If the candidate executes an oath or affirmation under penalty of perjury stating that the candidate is unable to present to the filing officer the proof of residency required by subsection 3 because a street address has not been assigned to the candidate's residence or because the rural or remote location of the candidate's residence makes it impracticable to present the proof of residency required by subsection 3, the candidate shall present to the filing officer:

(a) A valid driver's license or identification card issued by a governmental agency that contains a photograph of the candidate; and

(b) Alternative proof of the candidate's residential address that the filing officer determines is sufficient to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050. The Secretary of State may adopt regulations establishing the forms of alternative proof of the candidate's residential address that the filing officer may accept to verify where the candidate actually, as opposed to constructively, resides in accordance with NRS 281.050.

5. The filing officer shall retain a copy of the proof of identity and residency provided by the candidate pursuant to subsection 3 or 4. Such a copy:

Service of such process must first be attempted at the appropriate address as specified by the candidate in the declaration of candidacy. If the candidate cannot be served at that address, service must be made by personally delivering to and leaving with the filing officer duplicate copies of the process. The filing officer shall

immediately send, by registered or certified mail, one of the copies to the candidate at the specified address, unless the candidate has designated in writing to the filing officer a different address for that purpose, in which case the filing officer shall mail the copy to the last address so designated.

7. If the filing officer receives credible evidence indicating that a candidate has been convicted of a felony and has not had his or her civil rights restored, the filing officer:

(a) May conduct an investigation to determine whether the candidate has been convicted of a felony and, if so, whether the candidate has had his or her civil rights restored; and

(b) Shall transmit the credible evidence and the findings from such investigation to the Attorney General, if the filing officer is the Secretary of State, or to the district attorney, if the filing officer is a person other than the Secretary of State.

8. The receipt of information by the Attorney General or district attorney pursuant to subsection 7 must be treated as a challenge of a candidate pursuant to subsections 4 and 5 of NRS 293.182 to which the provisions of NRS 293.2045 apply.

9. Any person who knowingly and willfully files a declaration of candidacy which contains a false statement in violation of this section is guilty of a gross misdemeanor.

293.260 1. If there is no contest of election for nomination to a particular office, neither the title of the office nor the name of the candidate may appear on the ballot at the primary election.

2. If a major political party has two or more candidates for a particular office, the person who receives the highest number of votes at the primary election must be declared the nominee of that major political party for the office.

If there are not more than twice the number of candidates to be elected to a nonpartisan office, the candidates must, without a primary election, be declared the nominees for the office, and the names of the candidates must be omitted from all ballots for a primary election and placed on all ballots for the general election.

5. If there are more than twice the number of candidates to be elected to a nonpartisan office, the names of the candidates must appear on the ballot for a

primary election. Except as otherwise provided in NRS 293.400, those candidates who receive the highest number of votes at the primary election, not to exceed twice the number to be elected, must be declared nominees for the office and the names of those candidates must be placed on the ballot for the general election, except that if one of those candidates receives a majority of the votes cast in the primary election for:

(a) The office of judge of a district court, judge of the Court of Appeals or justice of the Supreme Court, the candidate must be declared the only nominee for the office and only his or her name must be placed on the ballot for the general election.

(b) Any other nonpartisan office, the candidate must be declared elected to the office and his or her name must not be placed on the ballot for the general election.

➥ ***For the purposes of determining whether a candidate received a majority of the votes cast in the primary election for a nonpartisan office for which voters were authorized to select more than one candidate, each ballot upon which a voter marked a valid choice for one or more candidates for that office shall be deemed to be one vote cast in the primary election for that office.***

5. If the Legislature rejects a statewide measure proposed by initiative and proposes a different measure on the same subject which the Governor approves, the measure proposed by the Legislature and approved by the Governor must be listed on the ballot before the statewide measure proposed by initiative. Each ballot and sample ballot upon which the measures appear must contain a statement that reads substantially as follows:

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 971.

SUMMARY—Revises provisions relating to ~~[the registration of trailers.]~~ **vehicles.** (BDR 43-316)

AN ACT relating to vehicles; authorizing certain trailers used for farm purposes to be registered for a 5-year period in lieu of a 12-month period; requiring a person who elects to register such a trailer for a 5-year period to pay fees commensurate with the 5-year period; **authorizing autonomous vehicles to be equipped with certain marker lamps which indicate that an automated driving system is operating the autonomous vehicle;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the owner of a trailer that is to be operated on the highways of this State to register the trailer for a period of either 1 year or 3 years with the Department of Motor Vehicles and pay to the Department certain fees and a governmental services tax, the amount of which is based on the value of the trailer. (NRS 371.030, 371.040, 482.205, 482.206, 482.2065) **Section 1** of this bill authorizes a person who owns a trailer that is primarily used for farm purposes to instead register the trailer for a period of 5 years. **Section 1** requires a person who registers a trailer for a 5-year period to pay upon registration all applicable fees and taxes which the person would pay if

the trailer was registered for 1 year and then renewed for 4 consecutive years, and **section 3** of this bill requires the trailer to be taxed, for purposes of the governmental services tax, for a period of 5 years. **Sections 4.5 and 5.5** of this bill make conforming changes to refer to provisions that have been renumbered in **section 3**. **Section 1.5** of this bill requires the expiration date of a license plate or substitute decal on a trailer that is registered for a 5-year period, upon a transfer of the registration, to be advanced for 5 years. **Section 5** of this bill makes a conforming change to indicate that a personalized prestige license plate issued for a trailer registered for a 5-year period is valid for and renewable after 5 years, rather than 12 months.

Existing law prescribes certain requirements with respect to the registration, testing and operation of autonomous vehicles in this State. (Chapter 482A of NRS 482A.010-482A.220) Existing law prohibits certain autonomous vehicles from being tested or operated on a highway within this State with a human operator, unless the autonomous vehicle is capable of operating in compliance with the applicable motor vehicle and traffic laws of this State and is equipped with certain equipment, including an indicator located inside of the autonomous vehicle which indicates when an automated driving system is operating the vehicle. (NRS 482A.080) Section 5.5 of this bill authorizes any autonomous vehicle that is tested or operated within this State to be equipped with one or more automated driving system marker lamps which: (1) indicate to others outside of an autonomous vehicle that an automated driving system is operating the vehicle; and (2) are equipped in accordance with certain nationally recognized standards applicable to such equipment.

Legislative Counsel's Digest:

Existing law requires the Department of Health and Human Services, or divisions thereof, to conduct various programs for the improvement of public health and health care in this State. (NRS 433.702-433.744, 439.4921-439.525, 439.529-439.5297, 439.600-439.690, 439A.111-439A.185, 439A.200-439A.290, 442.710-442.745, 457.230-457.280, 458.025, 458A.090, 458A.100, 458A.110) This bill establishes the Statewide Health Care Access and Recruitment Grant Program, which is a competitive grant program managed by the Department ~~[of Health and Human Services]~~ to support projects to address critical shortages of providers of health care or clinical services or expertise in this State. **Sections 3-7** of this bill define certain terms, and **section 2** of this bill establishes the applicability of those definitions. **Section 8** of this bill establishes the Statewide Health Care Access and Recruitment Program Account to hold money to fund the Program. **Section 8** authorizes the Director of the Department, with the approval of the Interim Finance Committee, to transfer money from the Account to another account for the purpose of obtaining additional federal financial participation under Medicaid. **Section 19** of this bill authorizes the Interim Finance Committee to issue such approval during a legislative session.

~~[Existing law: (1) creates the Account to Stabilize the Operation of State Government, also known as the Rainy Day Fund, in the State General Fund; and (2) prescribes a procedure for the transfer of money from that Account to the State General Fund during certain periods of low revenue or fiscal emergency. Existing law requires certain transfers of money to be made from the State General Fund to the Rainy Day Fund, including, without limitation, an annual transfer of 1 percent of the anticipated revenue for the State during the current fiscal year into the Rainy Day Fund. (NRS 353.288) Beginning on~~

~~July 1, 2027, section 8 requires the State Controller to annually transfer 0.5 percent of the anticipated revenue for the State during the current fiscal year into the Statewide Health Care Access and Recruitment Program Account. However, section 8 prohibits such a transfer if the balance of the Account increases to an amount greater than $60,000,000 and prohibits subsequent transfers until the balance in that Account drops below $30,000,000. Section 20 of this bill reduces the amount that the State Controller is required to transfer to the Rainy Day Fund in fiscal years when the State Controller transfers money to the Statewide Health Care Access and Recruitment Program Account to 0.5 percent of the anticipated revenue for the State during the next fiscal year. Section 8 prohibits a transfer into the Statewide Health Care Access and Recruitment Program Account if the balance of the Rainy Day Fund is less than $1 billion, and section 20 requires the money that would otherwise be transferred into the Account under those circumstances to instead be transferred into the Rainy Day Fund.~~

~~To the extent that money is available from rebates received by this State for prescription drugs, section 8 authorizes the Director, not later than June 30 of each fiscal year, to request the approval of the Interim Finance Committee for a transfer of not more than $25,000,000 of that money to the Statewide Health Care Access and Recruitment Program Account for that fiscal year.]~~

Section 9 of this bill requires the Department ~~[of Health and Human Services]~~ to conduct a biennial assessment of the health care needs of this State, which must identify health care professions and specialties and types of clinical services and expertise and geographic areas experiencing critical shortages of providers of health care or clinical services or expertise. **Section 21.5** of this bill requires the Department to utilize existing assessments in lieu of conducting the first scheduled assessment on or before July 1, 2026. **Section 10** authorizes certain entities involved in the provision of health care, governmental entities and certain nonprofit organizations to apply for a grant of money from the Account to support a project to address those critical shortages. **Section 10** imposes certain additional requirements for a project to be eligible to receive such funding, including a requirement that the applicant has secured matching financial or in-kind contributions valued at an amount at least equal to the amount of the grant being sought. **Section 11** of this bill prescribes the required contents of an application for such a grant. **Sections 12 and 13** of the bill prescribe the process for the Department to review applications and, with the approval of the Interim Finance Committee, award grants. **Section 19** authorizes the Interim Finance Committee to issue such approval during a legislative session.

After a grant is awarded, **section 14** of this bill requires the Department to enter into a funding agreement with the grantee that outlines the terms and conditions of the grant and the responsibilities of the grantee. **Section 15** of this bill requires a grantee to notify and submit a revised plan to the Department if: (1) the grantee significantly modifies a funded project; (2) the amount of money available for a funded project changes; (3) a funded project

becomes inactive for at least 12 months; or (4) a funded project is terminated. **Section 15** authorizes the Department to take certain actions in response to such notice. **Section 16** of this bill authorizes the Department and the Office of Finance to provide certain oversight of a funded project. **Section 17** of this bill authorizes the Department to suspend or terminate a grant or take certain other actions if it determines that the grantee has failed to comply with a funding agreement. **Section 17** also requires the Department to suspend or terminate a grant if it determines that the grantee has violated applicable law, misused funds or submitted fraudulent information to the Department. Upon the completion of a funded project and again 10 years after the completion of a funded project, **section 18** of this bill requires the grantee to submit a report to the Department concerning the project.

Remarks by Assemblymembers Edgeworth and Kasama.

ASSEMBLYMEMBER EDGEWORTH:

I rise in opposition to Senate Bill 378. As a physician serving our state, I have long championed the right of every Nevadan to access high-quality health care. Senate Bill No. 378 is a dangerous step backwards. This bill threatens to reduce access to life-saving emergency medical services, placing lives at risk, particularly in underserved communities, where hospitals are few and far between. If passed, it will leave countless Nevadans vulnerable at their most critical moments. I urge you to vote "no" to S.B. 378.

ASSEMBLYMEMBER KASAMA:

I rise in opposition to Senate Bill 378. I do not understand the impetus for this bill, where I feel like we are reducing access to health care. Many of you know that my husband, three years ago, collapsed. If it was not for the freestanding emergency building that was close to our home, where I was able to rush him to. It was there that they discovered the tumor—he had stage four cancer. It was at the freestanding emergency building. It was from there that he had great care and then decided that the ambulance could take him, at no cost, to the hospital where he remained, for a while. So, if it had not been for that freestanding clinic where we had such excellent help, who

knows how long it would have taken. Because the emergency rooms, unfortunately, I have been to many of them over the last three years, and they are packed, and people are in hallways. We do not have the access that we need. It makes no sense for us, as a state that is struggling with health care and access for people, to try and restrict it. So, I urge you to vote in opposition to this bill.

Under **section 52.5**, if a school district does not reemploy or dismisses such an employee, the Department is required to provide: (1) the school district with certain assistance in recruiting and hiring a highly effective administrator to fill any vacancy created; and (2) school leadership with access to certain coaching to assist the school leadership in managing transitions and improving teaching practices.

(NRS 391A.370) **Section 56.2** of this bill requires the board of trustees of each school district and the governing body of each charter school to ensure that teachers who teach pupils in kindergarten and grades 1, 2 and 3, administrators of schools in which such pupils are enrolled, certain other administrators and paraprofessionals who directly serve such pupils complete a course of professional development training in the science of reading that is approved by the Department.

Existing law requires an applicant for the issuance or renewal of a license as a teacher or other educational personnel position to submit to the Superintendent of Public Instruction a complete set of his or her fingerprints and written permission authorizing the Superintendent to forward the fingerprints to the Central Repository for Nevada Records of Criminal History for its report on the criminal history of the applicant and for submission to the Federal Bureau of Investigation (hereinafter "FBI") for its report on the criminal history of the applicant. (NRS 179A.075, 391.033) **Sections 43 and 61** of this bill remove the requirement for an applicant for the renewal of a

license as a teacher or other educational personnel to submit to the Superintendent a complete set of fingerprints for the purpose of obtaining a report on the criminal history of the applicant. Instead, **section 60** of this bill authorizes the Central Repository and the Department of Education to participate in the in the Rap Back Program administered by the Federal Bureau of Investigation (FBI) for the purpose of enabling the Department to obtain ongoing status notifications of any criminal history of a person licensed by the Superintendent. Under **section 60**: (1) any fingerprints submitted by an applicant for the issuance of a license as a teacher or other educational personnel will be retained in certain systems maintained by the Central Repository and the FBI for the purposes of the Rap Back Program; and (2) the Central Repository must establish certain methods of handling such fingerprints. **Section 60** further provides for the confidentiality of such criminal history information and the destruction of fingerprints maintained in the system when a person is no longer licensed. **Section 60** additionally requires the Department to obtain consent from a person before submitting his or her fingerprints to the Central Repository and the FBI. Under **section 83**, persons who are licensed by the Superintendent at the time the Rap Back Program becomes effective are required to submit fingerprints for the purposes of the Program at the time of the first renewal of their license after the Program is effective and would not submit fingerprints for subsequent renewals. **Section 45** of this bill makes a conforming change related to fees for the renewal of such a license to reflect that fingerprints for a background check would no longer be submitted with a renewal application when the Rap Back Program becomes effective. (NRS 391.040) **Section 46** of this bill makes a conforming change to remove a requirement for a person who is licensed by the Superintendent and who is returned to employment after certain leave to submit fingerprints for the purposes of a background check because the Department would be receiving notifications for such purposes through the Rap Back Program. (NRS 391.104)

The board of trustees of a school district is authorized to employ a superintendent of schools. (NRS 391.110) **Section 47** of this bill requires the board of trustees of a school district located in a county whose population is 100,000 or more (currently Clark and Washoe Counties) to comply with certain requirements when hiring a superintendent of schools.

Existing law: (1) requires the State board to establish a statewide performance evaluation system and; (2) sets forth certain requirements governing the evaluation of probationary teachers. (391.465, 391.685) **Section 49** of this bill changes how pupil growth is calculated for the purposes of such an evaluation. **Section 52** of this bill revises the observation cycles for probationary teachers.

Section 50 of this bill requires a teacher to develop goals for educational growth, rather than learning goals, for each of his or her pupils. (NRS 391.480) **Section 51** of this bill makes a conforming change to reflect the change made in **section 50**.

Existing law requires the board of trustees of each school district to establish a program of performance pay and enhanced compensation for the recruitment and retention of licensed teachers and administrators. (NRS 391A.450) **Section 55** of this bill requires each large school district to establish through negotiations with an employee organization a differential pay scale for certain licensed educational personnel assigned to certain Title I schools. **Section 56** of this bill requires the board of trustees of each large school district to reserve for each fiscal year an amount of money sufficient to provide such a pay scale. **Section 54** of this bill defines "large school district" for the purposes of **sections 55 and 56**. **Section 66** of this bill requires the differential pay scale to be within the scope of mandatory collective bargaining. **Section 79** of this bill clarifies the manner in which the provisions of **section 55** applies to any existing contracts.

Existing law requires a regional training program for the professional development of teachers and administrators to provide certain training for educational personnel. (NRS 391A.125) **Section 57** of this bill sets forth certain requirements for such training.

Article 11 of the Nevada Constitution requires the Nevada Legislature to provide for the establishment of a State University that is controlled by a Board of Regents whose duties are prescribed by law. (Nev. Const. Art. 11, § 4) **Section 59** of this bill requires the Board of Regents, in consultation with the Department, to develop a method for sharing with the Department certain numbers used for the identification of students.

~~[Section 80 of this bill directs the Commission on School Funding to perform certain tasks concerning the examination of resource levels and funding levels that represent the best practices for adequately meeting the needs of pupils.]~~

Section 81.5 of this bill: (1) authorizes institutions within the Nevada System of Higher Education to establish a pilot program to offer an alternative pathway for assessing the competency of prospective teachers through the use of alternative assessment methods; and (2) sets forth the requirements for the program.

Existing law requires the governing board of a local government to publish a summary of a fiscal report of the local government in a certain newspaper. (NRS 354.6015) **Section 67** of this bill eliminates such a requirement for the boards of trustees of school districts.

Under existing law, the apprenticeship program in Nevada is administered by the Labor Commissioner as the ex officio State Apprenticeship Director with the advice and guidance of the State Apprenticeship Council. (NRS 610.110, 610.120) **Sections 69 and 70** of this bill create the Nevada Registered Teacher Apprenticeship Support Account and the Nevada Registered Teacher Apprenticeship Support Program, respectively. **Section 69** requires the State Apprenticeship Director to administer the Account.

Sections 71-78.8 of this bill make certain appropriations for various purposes related to education.

Sec. 6.1. ***The annual report of accountability prepared pursuant to NRS 385A.070 must include information on progress made toward meeting the***

goals set forth in the plans prepared pursuant to NRS 385.111 and section 1.3 of this act.

Sec. 6.2. ***1. The Department shall make every effort to ensure that the statewide system of accountability for public schools applies uniformly to all school districts and charter schools in this State and complies with all requirements for the accountability of public schools, including, without limitation, requirements for the receipt of federal money under the Elementary and Secondary Education Act of 1965, 20 U.S.C. §§ 6301 et seq., as amended.***

2. The statewide system of accountability for public schools applies to all school districts and charter schools in this State, regardless of size or demographics, and must, except as otherwise provided in subsection 3 of section 6.4 of this act:

(a) Include a method to, on an annual basis, rate each school district and sponsor of a charter school based upon the collective performance of the public schools within the school district or the charter schools sponsored by the sponsor, as applicable, and the achievement of district-wide or sponsor-wide performance targets, as applicable, established pursuant to the statewide system of accountability for public schools;

(b) Include a method to implement consequences, rewards, supports and interventions for school districts and sponsors of charter schools based upon such ratings, with a focus on addressing disparities and improving outcomes for historically underserved populations;

(c) Include a method to provide grants, financial support or other resources, to the extent that money is available for that purpose, to school districts or sponsors of charter schools receiving one of the two lowest ratings of performance pursuant to the statewide system of accountability for public schools; and

(d) Establish district-wide and sponsor-wide achievement targets and performance targets for specific groups of pupils, including, without limitation, pupils who are economically disadvantaged, pupils from major racial and ethnic groups, pupils with disabilities and pupils who are English learners. The district-wide and sponsor-wide achievement targets and performance targets must be based on aggregated metrics from the public schools within the school district or the charter schools sponsored by the sponsor, including, without limitation, measurements of the progress and proficiency of pupils on the examinations administered pursuant to NRS 390.105.

3. The statewide system of accountability for public schools must:

(a) Ensure that data collected under the system is used to promote transparency, equity and measurable progress in pupil achievement in school districts throughout this State;

(b) Provide for the monitoring and oversight of the operations of, and allocation of resources by, school districts and sponsors of charter schools for the purpose of improving pupil outcomes; and

4. In administering the statewide system of accountability for public schools as required by this section, including, without limitation, the achievement and performance targets for school districts and sponsors of charter schools and the criteria used to rate each school district and sponsor of a charter school, the Department shall meaningfully consult with the parents and guardians of pupils enrolled in public schools in this State.

5. The Department shall provide technical assistance and guidance to school districts and sponsors of charter schools to support compliance with the statewide system of accountability for public schools and to address deficiencies identified through the rating process.

6. Any consequences, rewards, supports or interventions implemented pursuant to paragraph (b) of subsection 2 that involve significant changes for the school district, sponsor of the charter school or public school must, before implementation, be proposed by the Superintendent of Public Instruction and approved by the Public Education Oversight Board impaneled pursuant to section 9.1 of this act.

Sec. 6.3. *1. On or before a date determined by the Superintendent of Public Instruction, but not later than the third Friday in August of each year, the Department shall determine whether each school district and each sponsor of a charter school is meeting the district-wide or sponsor-wide achievement targets and performance targets, as applicable, established pursuant to the statewide system of accountability for public schools.*

2. The determination for a school district and a sponsor of a charter school must be made pursuant to subsection 1 in consultation with the board of trustees of the school district or the sponsor of the charter school, as applicable, and must be based only upon the information and data for those pupils who are enrolled in the public schools within the school district or sponsored by the sponsor of a charter school for a full academic year. On or before a date determined by the Superintendent of Public Instruction, but not later than the third Friday in August of each year, the Department shall:

(a) Transmit the determination made for each school district and each sponsor of a charter school to the board of trustees of that school district or sponsor of that charter school, as applicable;

(b) The pupils in such a group must be included in the overall count of pupils enrolled in the public schools in the school district or charter schools sponsored by the sponsor of charter schools and who took the examinations administered pursuant to NRS 390.105.

➥ The Department shall use the mechanism approved by the United States Department of Education for the statewide system of accountability for public schools for determining the number of pupils that must be in a group for that group to yield statistically reliable information.

4. If an irregularity in testing administration or an irregularity in testing security occurs at one or more public schools in a school district or charter schools sponsored by a sponsor of charter schools and the irregularity invalidates the test scores of pupils, such test scores must be included in the aggregate of scores reported for the school district or sponsor of charter schools, the attendance of those pupils must be counted toward the total number of pupils who took the examinations administered pursuant to NRS 390.105 and the pupils must be included in the total number of pupils who were required to take the examinations. The determination made pursuant to subsection 1 for a school district or sponsor of charter schools must reflect any such irregularity and describe the impact of any such irregularity on the determination.

5. If the determination made pursuant to subsection 1 indicates that a school district or sponsor of a charter school is not meeting district-wide or sponsor-wide achievement targets or performance targets, the Superintendent of Public Instruction must prepare recommendations for tiered interventions consistent with the statewide system of accountability for public schools. Such recommendations must be submitted to the Public Education Oversight Board impaneled pursuant to section 9.1 of this act for approval before implementation.

2. Except as otherwise provided in subsection 3:

(a) Before making a final rating for a school district or sponsor of a charter school, the Department shall provide the school district or sponsor of a charter school an opportunity to review the data upon which the preliminary rating is based and to present evidence or corrections. The Department shall notify the board of trustees of the school district or the sponsor of the charter school of the opportunities provided pursuant to this paragraph and provide a reasonable period within which to present evidence or corrections pursuant to this paragraph.

(b) After considering any evidence or corrections submitted by a school district or sponsor of a charter school within the reasonable period prescribed by the Department pursuant to paragraph (a), the Department shall, on or before a date determined by the Superintendent of Public Instruction but not later than the third Friday in September of each year, make a final determination concerning the rating for the school district.

3. The Department may temporarily waive or otherwise pause the requirement to make ratings for school districts or sponsors of charter schools that comply with 20 U.S.C. § 6311(c) pursuant to this section if the United States Department of Education grants a waiver from or otherwise pauses the requirements of 20 U.S.C. § 6311(c).

4. On or before a date determined by the Superintendent of Public Instruction but not later than the third Friday in September of each year, the Department shall:

(a) Post on the Internet website maintained by the Department the determinations and final ratings made for all school districts and sponsors of charter schools in this State, which must be presented in a clear and understandable format; and

(b) Submit a report summarizing the determinations and final ratings made for all school districts and sponsors of charter schools in this State, including, without limitation, detailed data and information on the district-wide performance of each school district and sponsor-wide performance of each sponsor of a charter school and compliance with state accountability standards, to:

(1) The Governor;

(2) The State Board; and

(3) The Director of the Legislative Counsel Bureau for transmittal to the Joint Interim Standing Committee on Education and the next regular session of the Legislature.

5. If the final determination made pursuant to subsection 2 indicates that a school district or sponsor of a charter school has received one of the two lowest performance ratings, the Superintendent of Public Instruction shall propose specified tiered interventions consistent with the statewide system of accountability for public schools. Such proposed interventions

must be approved by the Public Education Oversight Board impaneled pursuant to section 9.1 of this act before implementation.

Sec. 11.7. NRS 387.1213 is hereby amended to read as follows:

387.1213 1. The Education Stabilization Account is hereby created in the State Education Fund. Except as otherwise provided in this section, each year after the close of the previous fiscal year and before the issuance of the State Controller's annual report, each county school district shall transfer from the county school district fund to the Education Stabilization Account any amount by which the actual ending fund balance of the county school district fund exceeds 16.6 percent of the total actual expenditures for the fund. The interest and income earned on the money in the Account, after deducting any applicable charges, must be credited to the Account.

2. Money transferred pursuant to subsection 1 to the Education Stabilization Account is a continuing appropriation solely for the purpose of authorizing the expenditure of the transferred money for the purposes set forth in this section.

3. The balance in the Education Stabilization Account must not exceed 20 percent of the total of all appropriations and authorizations from the State Education Fund, excluding the Education Stabilization Account, for the immediately preceding fiscal year. Any money transferred to the Education Stabilization Account which exceeds this amount must instead be transferred to the State Education Fund.

4. If the Interim Finance Committee finds that:

(a) Upon submission of a request from the Department, the actual enrollment growth for a fiscal year exceeds the projected enrollment growth by an amount that the Interim Finance Committee determines would make a

transfer of money to the State Education Fund necessary to fund the excess enrollment;

(b) The collection of revenue in any fiscal year will result in the State Education Fund receiving less money than authorized for expenditure from the State Education Fund;

(c) Upon submission of a request from the Department, any amount of money which was deposited in the State Education Fund is found by an audit to have been deposited in error; ~~[or]~~

(d) Upon submission of a request from the Department, any error in the application of the Pupil-Centered Funding Plan by the Department has created a shortfall in the State Education Fund ~~[.]~~ ***; or***

(e) Upon submission of a request from the Department, the Department is required to undertake extraordinary measures to oversee or allocate resources to a school district or sponsor of a charter school that is designated as a low-performing school district or sponsor of a charter school or underperforming school district or sponsor of a charter school pursuant to section 6.5 of this act or a public school that is designated as a low-performing school pursuant to section 6.6 of this act or as persistently underperforming pursuant to subsection 6 of section 14.25 of this act,

➥ the Committee shall by resolution establish an amount of money to transfer from the Education Stabilization Account to the State Education Fund and direct the State Controller to transfer that amount to the State Education Fund. The State Controller shall thereupon make the transfer.

5. When determining the actual ending fund balance for the purposes of subsection 1, each county school district shall exclude:

(a) Any money deposited in the county school district fund on or before June 30, 2020;

(b) Any money apportioned to the county school district for capital projects or debt service pursuant to subsection 2 of NRS 362.170 and deposited in the county school district fund when authorized by law; and

(c) Any money transferred to the county school district and authorized for expenditure as a continuing appropriation pursuant to paragraph (b) of subsection 6 of NRS 387.1214.

6. If the Superintendent of Public Instruction determines that the money due from the State Education Fund to a county school district, charter school or university school for profoundly gifted pupils pursuant to NRS 387.185 exceeds the amount of money available in the State Education Fund because of a delay in expected receipts, he or she may request from the Director of the Office of Finance a temporary advance from the Education Stabilization Account for the payment of such money due. Upon receipt of such a request, the Director of the Office of Finance shall make a recommendation to the Interim Finance Committee to approve the temporary advance in whole or in part or to deny the request. If the Interim Finance Committee approves the request in whole or in part, the Director of the Office of Finance shall notify the State Controller and the Fiscal Analysis Division of the Legislative

Counsel Bureau of the amount approved by the Interim Finance Committee, and the State Controller shall draw his or her warrant upon receipt of such a notice of approval. Any money which is temporarily advanced from the Education Stabilization Account pursuant to this subsection must be repaid by August 31 following the end of the fiscal year in which the temporary advance is made.

7. The balance remaining in the State Education Fund, excluding the balance remaining in the Education Stabilization Account, that has not been committed for expenditure on or before June 30 of an odd-numbered fiscal year must be transferred to the Education Stabilization Account to the extent that such a transfer would not cause the balance in the Education Stabilization Account to exceed the limit established in subsection 3.
