Amend the bill as a whole by deleting sections 8 through 10, renumbering sec. 11 as sec. 5 and adding a new section designated sec. 4, following sec. 7, to read as follows:

“Sec. 4. Section 1 of Assembly Bill No. 130 of this session is hereby amended to read as follows:

Section 1. NRS 391.3197 is hereby amended to read as follows:

391.3197 1. A probationary employee is employed on a contract basis for two 1-year periods and has no right to employment after either of the two probationary contract years.

2. The board shall notify each probationary employee in writing on or before May 1 of the first and second school years of his probationary period, as appropriate, whether he is to be reemployed for the second year of the probationary period or for the next school year as a postprobationary employee. The employee must advise the board in writing on or before May 10 of the first or second year of his probationary period, as appropriate, of his acceptance of reemployment. If a probationary employee is assigned to a school that operates all year, the board shall notify him in writing, in both the first and second years of his probationary period, no later than 45 days before his last day of work for the year under his contract whether he is to be reemployed for the second year of the probationary period or for the next school year as a postprobationary employee. He must advise the board in writing within 10 days after the date of notification of his acceptance or rejection of reemployment for another year. Failure to advise the board of his acceptance of reemployment constitutes rejection of the contract.

3. A probationary employee who completes his 2-year probationary period and receives a notice of reemployment from the school district in the second year of his probationary period is entitled to be a postprobationary employee in the ensuing year of employment.

4. If a school district has five or fewer administrators, the supplemental evaluator may be an administrator from another school district in this state. If a probationary employee has received during the first school year of his probationary period three evaluations which state that the employee's overall performance has been satisfactory, the superintendent of schools of the school district or his designee shall waive the second year of the employee's

probationary period by expressly providing in writing on the final evaluation of the employee for the first probationary year that the second year of his probationary period is waived. Such an employee is entitled to be a postprobationary employee in the ensuing year of employment.

5. If a probationary employee is notified that he will not be reemployed for the second year of his probationary period or the ensuing school year, his employment ends on the last day of the current school year. The notice that he will not be reemployed must include a statement of the reasons for that decision.

6. A new employee or a postprobationary teacher who is employed as an administrator shall be deemed to be a probationary employee for the purposes of this section and must serve a 2-year probationary period as an administrator in accordance with the provisions of this section. If the administrator does not receive an unsatisfactory evaluation during the first year of probation, the superintendent or his designee shall waive the second year of the administrator's probationary period. Such an administrator is entitled to be a postprobationary employee in the ensuing year of employment. If ~~he~~ :

The person may accept the contract in writing on or before May 10. If ~~he~~ the person fails to accept the contract as a teacher, ~~he~~ the person shall be deemed to have rejected the offer of a contract as a teacher.*

7. If the administrator serving the additional probationary period is not reemployed ~~in that capacity~~ as a principal after the expiration of the additional probationary period, ~~he may accept~~ the board of trustees of the school district in which the person is employed shall, on or before May 1, offer the person a contract for the ensuing school year ~~in writing, on or before May 10,~~ for the administrative position in which ~~he~~ the person attained postprobationary status. ~~If he~~ The person may accept the contract in writing on or before May 10. Assembly Bill No. 453.

Bill read third time.

Remarks by Assemblymen Giunchigliani, Freeman, Brower, Carpenter, Beers and Anderson.

Assemblywoman Angle requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN GIUNCHIGLIANI:

I would just remind everyone that AB 453 simply implements the will of the people. They spoke, not once but twice, in this State, with more than 65.2% of the public supporting it the second time around. In fact, out of the 42 Assembly seats in this body, in at least 34 of the seats, Question 9 received more votes than all of us sitting here. Governor Guinn also received 223,892 votes and Question 9 received 380, 926 votes. I think the public knew very well what they were voting on and recognized that under extreme medical conditions they supported the issue of a registry card and allowing an individual to have access to this. This is a states rights issue, which I think Nevadans have long held dear. In the second component of the bill, the defelonization issue is simply codifying what is current practice, but also offers different protections that are there. By supporting this legislation you are not only instituting the will of the people, you are also stating that you do not believe that drug use is correct; you do believe that prevention and treatment are. That is the focus of this legislation. Thank you.

ASSEMBLYWOMAN FREEMAN:

Thank you, Mr. Speaker. I rise in support of AB 453. It has long been a puzzle to me that people are forced to jump through such hoops to have access to something that is potentially very helpful to those who need it. The medical community and health care facilities have for many years regulated and dispensed controlled substances. There is no reason in the world that we shouldn't have done this a long time ago except for the fear in the law enforcement community that it was an entry level drug. Over the years it probably has been and that is probably all of our faults. I compliment my colleague from Las Vegas in bringing this to us and I think that we need to take the courageous step and support this piece of legislation.

ASSEMBLYMAN BROWER:

Thank you, Mr. Speaker. I rise in opposition, very reluctantly, to AB 453. Let me first echo some of the comments made by my colleague from Reno. I think I said a lot of the same things during the Judiciary Committee's hearing on this bill. As I read the bill, and if you look at it, it is a very long complicated bill. It creates too many hoops to jump through, for those who feel they might benefit from medical marijuana. I support the concept, but I think that this complicated bill creates more problems than it solves. Last week the United States Supreme Court reaffirmed

that it is a federal crime to possess or use marijuana. I know that many in this body are thinking as I speak—so what. So what about the feds—we don't care what the feds do. I have been known to say that from time to time myself. I believe very strongly in state's rights and the principles of federalism, but the fact is that I think this bill puts Nevadans in the position of a Catch 22. We are saying to them—we are not going to prosecute you, go ahead and buy, grow, possess and use. It is a federal crime but don't worry about that. I think it is unfair to put our citizens in that position, despite the fact that many feel the need to use marijuana to solve or relieve their medical problems. I think that those people will continue to do so. We all know that they will, as they have been.

The de-felonization issue is also a concern. The drug court judges I have talked to don't like this bill. They like the current system. They don't charge defendants with felonies for small first time possession. Our prison system is not full of small time marijuana possessors. That is not the way it works. I don't see this bill as the answer. I was hopeful that this session we could pass a bill that did not run afoul of Federal Law. Unfortunately, with the United States Supreme Court's decision of last week we can't do that with this bill. I commend my colleague for trying to tackle this problem that has the attention of so many Nevadans. I don't think this is the answer. If this bill does not make it through I would hope that she and others would continue to attempt to solve this problem. In my opinion it will take Congress changing the Federal Law before we can safely and effectively change the way the system works in Nevada. For those reasons I reluctantly oppose AB 453. Thank you, Mr. Speaker.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. I rise in support of AB 453. I think the most important part of this bill is the treatment part. On the first offense you have to find out if you are addicted. On the second time you must go to treatment. If we are ever going to make any headway on the drug problem in this nation it will be through treatment. That is the only thing that works. There were a lot of judges that came to Judiciary in support of allowing people to use marijuana for medicinal purposes. I think the people have spoken. As far as going against Federal Law—that is right down my alley. Thank you, Mr. Speaker. I do support AB 453.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker. I rise in support of AB 453 with two points that I don't believe have been made yet. One is that we tell our youth that possession of marijuana is a felony, but it is okay to drink beer till you can't move. I think that undermines the credibility of all the rest of our collective substance abuse control efforts. The other point is that we are one of the last states, if not the last, that has a felony law for possession.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of the legislation. The former Chief Justice of the State Supreme Court held a study of judges several years ago from which we are still trying to implement the various recommendations. One of them is this very piece of legislation. The need for this in terms of the hypocrisy that exists in a system that has legislation that mandates one thing, only to see it ignored by the district attorneys. It causes a high level of frustration in the law enforcement agencies that feel they do the right thing by the letter of the law and offenders are not prosecuted. It seems to me we should ask law enforcement personnel to do what we are asking them to do, not any less. If we are not going to enforce the law, we should not have it on the books. That is exactly what this is doing, forcing law enforcement into a difficult position. This legislation will clarify the situation.

Assemblyman Humke moved the adoption of the amendment.

Remarks by Assemblymen Humke, Bache, Von Tobel, de Braga, Hettrick, Collins, Goldwater, Freeman and Buckley.

Assemblywoman Gibbons requested that the following remarks be entered in the Journal.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. The first part of the amendment adds Section 8. It deals with the effective date; January 1, 1997 and does eliminate that, eliminating the existing geothermal companies from being part of the portfolio. It would change a section of the bill so that existing geothermal contracts would be counted under the percentage requirement for the renewal energy. The second part of the amendment changes Section 9 providing for a clarification to include the words “in use customer.” This would make everyone subject to the portfolio standard and not just the incumbent utility. There are certain other public utilities out there that this amendment would bring under the bill. The third change, in Section 10, provides for consumer protection and the effect of this amendment language is that it provides for a 5 percent differential above the price of renewable contracts that all the utilities could pay for the certain renewable energy as defined in the bill.

At a time of uncertainty in the energy market, additional generation sources in the state should be examined. Environmentally friendly renewables are extremely important in the solution to our energy woes; however, with energy prices increasing now is not the time to increase rates even more by subsidizing renewable energy. We need some kind of consumer protection so Nevadans are not paying a premium for these types of resources. Thank you, Mr. Speaker.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. I rise in opposition to this amendment to SB 372. I believe that the effect of it would be to eliminate some of the possible renewable resources. The solar industry in particular would see this as a signal that Nevada was not interested in renewable resources. We would not be able to bring in new businesses to develop here. Other renewable energy businesses such as geothermal and wind would look at this and say, “We may as well leave Nevada. It won’t help.” We also need to broaden our portfolio standard. Part of our problem that we have now is that we have been so dependent on fossil fuels that we haven’t had the development of these renewables. We need to encourage that market and Nevada could be a renewable resource producer for the nation. Thank you.

ASSEMBLYWOMAN VON TOBEL:

Thank you, Mr. Speaker. I rise in support of the amendment to SB 372. We have to recognize these companies that are planning to come to our state to start up solar, are very large companies. Why are we subsidizing them when BP is one large company? It has a market cap of \$207 billion. I don’t think they need this many subsidies to get started. If this is a feasible business plan, it will be successful. To protect the consumers by requiring this source of power be within 5 percent of all the other power out there, is consumer protection. This is a time when we need to save our ratepayers from high energy bills. If anyone has looked at their power bill lately; we haven’t even been home and my power bill from using air conditioning for two days was over \$80, based on a house that hasn’t even been used. That is just the beginning. These rates are going to continue to go up and it’s not the time to allow a major to go forward that will increase bills even more. Thank you, Mr. Speaker.

ASSEMBLYWOMAN DE BRAGA:

Thank you, Mr. Speaker. I just wish to disclose that I'm a recipient of geothermal royalties, however this bill doesn't affect me in any manner. Should the amendment pass, I hold an interest in a business that would be qualified to be a potential source of renewables for electric utilities to meet their portfolio standards but it would not affect me any differently than anyone else.

ASSEMBLYMAN HETRICK:

Thank you, Mr. Speaker. I rise in support of the amendment. I would point out that by offering a 5 percent bonus over the cost of non-renewable energy contract, you are actually paying a bonus and recognizing the need to include renewables. The issue here is whether we need to include renewables at any price and in any amount. We are also in other bills, including this bill, saying that we have to do 5 percent and up to 15 percent. We are simply concerned the ratepayers are going to end up paying significantly more. We are trying to say that if it is 5 percent more, it's worth it. If it goes beyond that, we're not certain it is and it would have a negative impact on the ratepayer. Thank you.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. Just in the last few minutes, SB 273 and SB 227 have been passed, making breaks for these types of renewable businesses. A tax break, which means those communities will have to find that revenue somewhere else. Further, it seems to be that 15 years ago the PUC put in a "Green Power" and I don't know if anyone knows how much alternate energy or renewable energy that has brought to our state. I'm puzzled either way, whether this amendment does any good or not, or whether the bill would do any good or not. Maybe someone in Taxation or the Select Energy Committee could say. We give them a break on property taxes up to ten years. We've given them a break on sales tax, in another bill, for their equipment. Where does that get replaced, unless it's from other people's rates? If someone could answer that I think it would affect some votes on additional bills.

ASSEMBLYMAN GOLDWATER:

Thank you, Mr. Speaker. If it's the Speaker's determination that this is germane issue to this particular amendment I would mention to the Assemblyman from District 1 that all the renewable tax exemptions that have passed have less than a ten year sunset. In fact, I think five years is the largest one. The testimony in the committee was that these are economic development type exemptions. That once they build these facilities, once they get them operated and those exemptions go away, that there is such a positive impact on these fledgling rural communities that the tax exemptions benefit more than they cost. That was the testimony in the committee. Additionally, there was a society benefit determined. Renewable energy might be worth offering these incentives as well.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I have no quarrel with the other two bills mentioned by the Assemblyman from District 1 with the tax exemptions offered. I voted for those on the basis of the economic development theory. The problem with this bill with the 15 percent requirement is that ultimately in a few years ratepayers will subsidize these "green" or renewable sources of energy. That is just wrong. There should be a cap of some sort. If you don't like a 5 percent cap above the standard electricity generated cost, then name a cap price. That is all the amendment is suggesting. In reference to the other part of the amendment and the other question raised by the Assemblyman there was testimony in the committee that Sierra Pacific Power currently uses approximately 9 percent of its energy from geothermal sources. That is the only figure I can give you. Thank you, Mr. Speaker.

ASSEMBLYWOMAN FREEMAN:

Thank you, Mr. Speaker. I rise in support of the amendment to SB 372. Anyone who knows me, knows that I support renewable energy. I see this as a consumer protection issue. I do support the amendment. I think it is a good move.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I rise in opposition to the amendment. I think I share the concerns of everyone in this body that we must do all we can from a public policy point of view to keep electricity as low as they can be. There is nothing we can do to stop prices from rising since much of the increase is due to the market. In every bill we consider and in every policy we discuss, however, we can do all we can to make sure prices stay as low as possible and that we don't end up in the mess we are in right now. I think we can do that by enacting SB 372 without the amendment. In committee, it was very clear that if we don't send a strong signal to renewable energy providers, that they won't come to our state. It is, also, I believe, undisputed that we don't have a diverse portfolio. When you rely on one type of energy and then the price goes through the roof, you haven't hedged your bets. You have not assured you are assuming too much risk. Prices go through the roof. That is what we have right now. In terms of consumer protection, there are a couple of consumer protections contained in the bill that were not mentioned. First, the standard initially set is 5 percent. It does not begin until the years 2003 and 2004. As the sponsor of the amendment indicated, the power company is at a 9 percent standard, which would not be required to be met until 2007 and 2008. So how this policy doesn't make sense, I believe is already apparent by the fact they are already meeting a certain standard. Additionally, all utility rates must be just and reasonable. If the Public Utilities Commission finds that renewables are not comparable, they do not have to approve them. Additionally, the Nevada Legislature will be in session in 2003. If we feel that our public policy purposes are not being met, we can revisit it. I believe the bill, without the amendment, will attract energy providers that we need to keep prices low for our constituents.

Potential conflict of interest declared by Assemblyman de Braga.

Amendment lost on a division of the House.

Remarks by Assemblyman Bache.

Assemblywoman Gibbons requested that the following remarks be entered in the Journal.

ASSEMBLYMAN BACHE:

Thank you, Mr. Speaker. SB 372 requires all counties and incorporated cities whose population is 100,000 or more to adopt model construction and energy codes that regulate the design of energy efficient buildings and the installation of energy efficient mechanical lighting and power systems for all new construction. The bill increases the renewable portfolio standard to no less than 5 percent per year of the total amount of electricity annually consumed by customers of a electric utility or alternative seller for the year ending December 31, 2003 and December 31, 2004. Not less than 10 percent of this requirement must be met from solar renewable energy systems. Therefore, the portfolio standard increases 2 percent at the end of each succeeding biennium until it reaches 15 percent of the total amount of electricity consumed as of December 31, 2013 and December 31, 2014.

Additionally, if the portfolio standard is procured from a renewable energy system pursuant to a contract with a third party, the term of the contract must not be less than 10 years unless the third party so chooses. Any such contract approved by the Public Utilities Commission (PUC) shall be deemed to be a prudent investment and the electric utility may recover all just and reasonable costs associated with the contract.

Moreover, the bill requires the PUC to establish a mechanism for enforcement of the portfolio standard. The mechanism may include but is not limited to assessing a per kilowatt hour fee for each kilowatt hour from a renewable energy system not sold by the electric utility or alternative seller as required by the portfolio standard in particular year. If the PUC determines that sufficient energy from renewable energy system is not available to a utility or alternative seller in a particular year, than no penalty shall be accessed for that deficiency in that year.

Finally, the bill defines renewable energy system to mean an energy system in this state that utilizes renewable energy to produce electricity that was installed and commenced operation after January 1, 1997 and that transmits energy via dedicated or shared transmission or

distribution lines. The term also includes a solar, thermal energy system that reduces the consumption of electricity and was installed after January 1, 1997. Thank you, Mr. Speaker.

Mr. Speaker pro Tempore presiding.

Roll called.

All present.

Prayer by the Chaplain, Dr. Marvin Dennis.

Lord, we realize many times the success of our future is related to how we communicate with You, our Creator and Lord. So, I pray that You will inspire each of us in our private prayers to include what we understand as "The Lord's Prayer": Our Father, who art in Heaven, Hallowed be Thy Name. Thy Kingdom come. Thy will be done in earth, as it is in Heaven. Give us this day our daily bread. And forgive us our debts, as we forgive our debtors. And lead us not into temptation, but deliver us from evil; for Thine is the kingdom, and the power and the glory, forever.

AMEN.

Remarks by Assemblymen Gustavson, Gibbons, Anderson, Freeman, Angle and Goldwater.

Conflict of interest declared by Assemblyman Gustavson.

Assemblyman Humke requested that the following remarks be entered in the Journal.

ASSEMBLYMAN GUSTAVSON:

Thank you, Mr. Speaker pro Tempore. Due to any appearance of conflict or anything like that, I am employed by a business that could be affected by this bill and I will not be voting on the bill. Thank you.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker pro Tempore. Perhaps this has been one of the most controversial issues coming before this body, at least for the people who represent Reno and Washoe County. I wanted to assure you that I do rise in support of it and I will share with you some of the reasons why I am doing this, because this is the best way to go. Senate Bill 200, that we passed earlier in this Body, allowed for special obligation bonds or revenue bonds to the City Charter of Reno. Before that time, it was only general obligation bonds, which really made the taxpayer, the citizens of Reno, responsible for any improvements. SB 221 is a bill that will use revenue bonds, backed by the City's taxing power. If they make a finding and it's approved by the Washoe County Debt Management Commission, then they will not need to use any property taxes to pay back the bonds. They will only use the intended funding, which is the room taxes, to pay back the bonding. They also have to publish a notice of that finding in a newspaper. Also, it further protects the public because if no one files a petition within 60 days after the notice is filed, the City could issue general obligation bonds to be secured by both revenues. So, therefore, it would not come out of the citizen taxpayer or property owner. Thank you, Mr. Speaker. I will be supporting this worthy project.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker pro Tempore. I rise in opposition to SB 221. I don't think there will be a more divisive piece of legislation that will hurt the region of Washoe County and division of a regional need. We have a very diverse community. Reno and Sparks are as different as night and day. They have always been and will always be. There are a few projects we have stepped forward. The Reno Sparks Convention Authority has come forward for the last couple of sessions and tried to convince, successfully convincing us, of the need to improve its image, to try to put a new tax structure in place. If SB 221 is passed, the downtown Reno room rate will be higher than 9 out of 10 of our direct market competitors. Only Denver, in fact, will have a higher rate—13.55 percent compared to downtown Reno's 13.5. The only other state or areas that we are in market competition with will take us out. We will have no room to raise new revenue, should Indian gaming produce a new crisis. I believe northern Nevada faces that to a greater extent than southern Nevada. Therefore, downtown Reno room taxes will be maximized and we will be unable to support another regional initiative with a full region wide room tax increase. We need to have some reserve room tax capacity to help us react in case our regional tourism industry faces another crisis. It is possible we will have to cope with yet another crisis. Let me give you three recent examples of serious issues in the north.

While you in the south have yours, we have ours. Regional airline services experience a genuine crisis. Between December of 1998 and 1999 Reno passenger volume fell by 10.2 percent. Between December of 1999 and 2000 we lost another 8.8 percent. This trend is continuing and this decline is becoming ever greater. Secondly, the dollar available to RSCVA for marketing our region is falling fast. Options and direct services cost of several different facilities: the Reno Sparks Convention Center, the Livestock Events Center, the two golf courses, the Pioneer Center, the Incline Village Visitors Center and the National Bowling Stadium, are eating up the RSCVA budget. While the total dollars available have steadily increased, the dollar budgeted for marketing has steadily declined. Thirdly, we have failed to diversify our tourist base. Our most frequent visitors include people over the age of 55 and those who visit for two to three days. They are the group most likely to be taken by the Indian gaming in California.

I'm afraid this is indeed a historic moment. If this bill passes and is signed into law, it assumes the City of Reno goes forward with the plan as contained in this bill. This will be the last time we have a single entity planning an executive marketing program for the greater convention and tourist market in the greater Washoe County area. Regional planning, marketing and selling of tourism enterprises will effectively end once the downtown center is up and running. Downtown, through the downtown center, will be competing against the RSCVA. By the next session, Sparks, Incline Village will be coming to the Legislature looking for their own room tax and tax revenue system streams for local tourism authority. Then there is the question of public versus private enterprise. The major hotel in the community in which I live has a 110,000 square foot meeting space, roughly the same as this downtown convention center; nearly all on one level, this center is near a carbon copy. That hotel invested their own money in building their facility, adding a \$10 million parking garage, to meet the needs of our community, to bring tourism into our area, to market itself at their expense. Yet, we are going to use public dollars taken from the public tax stream. This is wrong. It sets the wrong image.

How is the State of Nevada going to dedicate over \$200 million paying for debt service, full cost of operation, maintenance and even the marketing of direct competition for the RSCVA? This is a bad piece of legislation. I can't think of anything that is going to be more divisive to my community in terms of where it is going and where it could possibly be. It's going to drive, I think, a deeper wedge between those communities and what is good for the community as a whole. I urge my colleagues to join me in voting against this piece of legislation.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker pro Tempore. I do respect my colleague from Sparks and he made some very wonderful points that need to be made. However, this legislation really only protects the citizen taxpayer. It will be funded by revenue bonds. This does not allow for the funding. This is a fight that will be taken on at the local level, at the city council. These aren't like Las Vegas casino owners. We know them. They are our neighbors and friends. Most of us grew up with them. They will take this fight to the city council and make the necessary compromise that needs to be done. In this bill, we're just doing what we can to protect the citizen taxpayer.

ASSEMBLYWOMAN FREEMAN:

Thank you, Mr. Speaker pro Tempore. I think the comments of my colleague from Sparks reflects the anguish many of us from Washoe County are feeling over this bill. It's probably one of the most difficult, divisive issues that we have dealt with for many years. I will be supporting the bill. I would hope that in the future our local governments can get together and work together on these issues. There was an editorial in today's paper, as a matter of fact, about the need for our local governments to be honest and forthright with one another and address issues as a community rather than separate entities, whether its fiscal equity, annexation or whatever it is. I know that you folks in the south deal with these as well. It really tears us apart. I will be supporting it but I would hope that in the future local governments find a way to resolve this as a local issue. I realize this is enabling. It will be decided at the local level as my colleague pointed out. It's certainly been very difficult for us.

ASSEMBLYWOMAN ANGLE:

Thank you, Mr. Speaker pro Tempore. I have been contemplating whether to stand or not. I feel that I need to add a little balance to this. I, too, rise in opposition to SB 221. I feel that it's not in the best interest of Washoe County, Reno, Sparks, or the RSCVA. I think it's a form of corporate welfare and I will be opposing this. I urge you to all do the best thing for Washoe County. Thank you.

ASSEMBLYMAN GOLDWATER:

Mr. Speaker pro Tempore, I just wanted to rise and give the body a little indication of what happened with this bill in the committee. It was widely supported by members of the downtown Reno community. Opponents who are not from specifically downtown Reno include members of Sparks, even though there are areas in major hotel casinos affected by the room tax, they have tried, when it comes to tax policy, to get together, compromise and continue to work things out. I think at the final hour a majority and large group of folks got together, formed a private

corporation, put in a little private money and want to empower the local government to raise the room tax to support what the majority feels is a good decision.

MOTIONS, RESOLUTIONS AND NOTICES

Assemblywoman Buckley moved that Assembly Bill No. 554; Senate Bills Nos. 65, 125, 257, 516, 535, 543; Senate Joint Resolution No. 13 be taken from the General File and placed on the General File for the next legislative day.

Motion carried.

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

GOVERNOR GUINN:

Thank you very much, Mr. Speaker pro Tempore. Today is a very special day in the history of Nevada. Welcome to all of you from Faye Herron Elementary School, Reed High School, and Madison Elementary School in southern Nevada. The reason it is a very special day today is because I think it is symbolic of what is happening all across America and especially what is happening right here in Nevada. It is the great diversity that is coming about with our people. Diversity is so important. Today, what makes that a special relationship is that Assemblyman Wendell Williams is the first African American in the history of Nevada to be the Speaker pro Tempore in this august body of the Assembly. We congratulate you for that very much, Assemblyman Williams.

I think it sets an example to all of you young people to what you can do if you truly put your mind to it and you're willing to work hard, sacrifice and do a good job with your schoolwork. If you will continue to do that, and then hopefully someday many of you will be sitting in this room; maybe you, too, will have an opportunity to be the Speaker of the Assembly or Speaker pro Tempore for the first time, in your life. We would love to see that happen.

Quickly, I just want to make sure I give Speaker pro Tempore Williams some good advice today. You just heard that there will soon be a school named Wendell P. Williams Elementary School in Clark County. Wendell, historically in this State they would not name a school after someone who was still alive. I think if you look at the history, the Kenny Guinn Junior High School was the first school wherein they named it after someone who was still alive. I am very grateful for that new process they have started. But, Wendell, it will put you in a very humble position, even though you are the Speaker pro Tempore today.

As we were doing the school dedication of the Kenny Guinn Junior High School, I was waiting outside before I went into the gymnasium where there were a few thousand people. I

was out there by myself and there was a picture of me hanging on the wall. And this was a school that started with sixth, seventh and eighth graders.

A little sixth grader came by and I said, "How are you doing?"

He said, "Nothing much."

I asked him, "Do you go to school here?"

"Yes."

I asked him, "What grade are you in?"

"The sixth grade."

I looked around to see if there was anyone there to hear me say the next words I was going to say to him. I asked, "See this picture?"

"Yes sir."

I said, "That's Kenny Guinn. That's who the school is named after."

"Yes, sir."

I looked at him and he didn't recognize me and I said, "I'm Kenny Guinn."

The little kid looked at me and said, "It was very nice of your mother to name you after our school."

Wendell, congratulations for the two great honors that you are going to have: this experience today as Speaker pro Tempore and also for having a school named after you. I can think of no two greater honors one could receive in their lifetime. So thank you very much and thank you for inviting me here today.

Students, keep up your good works, because we don't want you if you are not going to get a Millennium Scholarship that this group, right here, approved. It's a \$10,000 scholarship for that "B" average and passing your high school exams. And with that said, I'm going to leave and go back to work. Thank you very much.

JUDGE GENE PORTER:

Thank you, Mr. Speaker pro Tempore. I had not planned on attending the floor session this morning until I found out you were going to be presiding. I found our old roommate and he graciously agreed to let me sit here. I thought I would at least say a few words about what this occasion means to me personally and to those of us who have watched your career over the years. I first met Wendell Williams in 1986 when we happened to file for election on the exact same day. Then our pictures ran side by side the very next day in the *Las Vegas Sun*. By coincidence it ran alongside the representative from District 7. The three of us appeared in the newspaper together and we had never met each other. I had the opportunity to then meet both of these gentlemen during the campaign trail and the rest is, as you know, history.

Probably one of the proudest moments for me was when the Clark County School District decided to name a school after Wendell P. Williams. I know of very few people who have cared as much about children and education as Assemblyman Williams has. If you have ever driven through District 6 in Las Vegas, and had the privilege to be there, you will see, to this day, educational signs that say "Sponsored by Assemblyman Williams" on various corners of that district. They urge the students that live there to stay in school and get an education. That's a legacy to him.

The naming of the Wendell P. Williams Elementary School is, in my opinion, Mr. Speaker pro Tempore, so far, one of the crowning moments of your career. On a personal note, I am very proud of you and, as usual, you handled yourself today with your usual class and style. Congratulations, sir, and thank you.

“Section 1. Chapter 132 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 6, inclusive, of this act.

Sec. 3. *“Electronic record” means a record created, generated or stored by electronic means.*

Sec. 4. *“Electronic signature” means an electronic sound, symbol or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.*

Sec. 5. *“Electronic will” means a testamentary document that complies with the requirements of section 9 of this act.*

1. *An electronic will is a will of a testator that:*

(a) *Is written, created and stored in an electronic record;*

(1) Only one authoritative copy exists;

(2) The authoritative copy is maintained and controlled by the testator or a custodian designated by the testator in the electronic will;

(3) Any attempted alteration of the authoritative copy is readily identifiable; and

(4) Each copy of the authoritative copy is readily identifiable as a copy that is not the authoritative copy.

2. Every person of sound mind over the age of 18 years may, by last electronic will, dispose of all of his estate, real and personal, but the estate is chargeable with the payment of the testator's debts.

3. An electronic will that meets the requirements of this section is subject to no other form, and may be made in or out of this state. An electronic will is valid and has the same force and effect as if formally executed.

“SUMMARY—Authorizes Elko County School District to continue demonstration project in lieu of complying with class-size reduction program. (BDR S-172)”.

Assemblyman Williams moved the adoption of the amendment.

Remarks by Assemblymen Williams, Angle, Dini, Beers, Brower, Collins, Anderson, Goldwater and Chowning.

Assemblyman Gustavson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. This bill had two sections. This amendment eliminates the first section of the bill, which would expand the pilot to other districts and leaves Elko intact to continue their pilot project.

ASSEMBLYWOMAN ANGLE:

Thank you, Mr. Speaker. I rise in opposition to this amendment. The reason is, I believe, that the language in this bill, Section 1, is “may”, which allows for districts to do this if they like to or not. It’s permissive. I think we need to permit our districts to do whatever they can to mitigate the problems that we have created with an unfunded mandate of class-size reduction of 16. This allows them to go to multiples of 22, if they like. They don’t have to but they can mitigate those cost problems with that. It also allows them to look at class-size reduction up through the sixth grade, which is one of those things we like them to do. Not just have 16 to 1 up until the third grade and then all of a sudden we have these huge classrooms from fourth, fifth and sixth grades. I think we should allow this permissive activity to go on so they can mitigate the problems they do have with things like team teaching and the other problems class reduction have caused. I would urge you to oppose this amendment and pass it just the way it came to us in committee, which is with both sections. Thank you, Mr. Speaker.

ASSEMBLYMAN DINI:

Thank you, Mr. Speaker. Question. Through you to the chairman of Education. By deleting Section 1 are we, in fact, abolishing some programs that have been authorized by our previous

action at the Legislature, like the special project in Lyon County for third grade remedial reading and in Washoe County? Does that in any way affect those two programs?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you to the Speaker Emeritus. The answer to that is “no.” I would like to respond to my colleague from Washoe County as well. We must remember that the State of Nevada was the very first state to institute class-size reduction in this country. If, in fact, this Legislature decides to eliminate or change class size reduction in any form, it should be done by the Legislature—the members of this house and the members of the house down the hall. This bill that was presented to us, SB 127, was proposing to make changes in class-size reduction to be done, not by the Legislature, but by the Board of Examiners, the Legislative Bureau on Education, which is staff and the Interim Finance Committee. The committee realizes that, if in fact class-size reduction that was instituted by the Legislature, if in fact it should be changed, it should be done by the Legislature, not by the Board of Examiners, not by the Legislative Bureau on Education, and not by the Interim Finance Committee. It should be done by the Legislature. Class-size reduction is a big issue that should be decided by the Legislature, not these other groups. This is why the committee rejected Section 1 of this bill. So, the amendment leaves in place what the Legislature has approved, the projects that are currently going on and those the Speaker Emeritus mentioned—the pilot project which is currently being done in Elko. By the way, the Legislative Committee on Education that meets during the interim, not the staff, decided that Elko’s progress was to the point that it should continue. So we left that in place. This move by the Senate to change class-size reduction by the Board of Examiners is just not appropriate in this particular case. Also, no other school district in the State, other than Elko, has applied to make any changes in class size reduction. So why would we do it in this particular bill? I urge my colleagues to adopt this amendment.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker. I rise in opposition to this amendment. I have to tell the body my personal anecdotal from the last two years. I have a daughter in middle-school. Throughout elementary school she was 32 to 2 until she hit the fourth grade; and then she was in 34 to 1; and in the fifth grade 35 to 1. Essentially, what we have done here in this ten-year-long experiment is squish down the ratio in the lower grades, in order to squish up the ratio in the upper grades and it doesn’t work. I see allowing this pilot program to continue an important step in documenting the fact that this doesn’t work, so that we can remove this onerous requirement from all our children.

ASSEMBLYMAN BROWER:

Thank you very much, Mr. Speaker. I haven’t had the privilege this session of serving with the Speaker pro Tempore on your Education Committee, so I didn’t hear this bill in committee. It seems to me the bill, in Section 1, allows school districts other than Elko to apply to the State to pursue a pilot program similar to the one in Elko, to adjust the rigid class size restrictions that we as a Legislature have placed. If my understanding is correct, I think that is a good idea, that local districts should be able to apply if they think less rigidity may suit their own particular needs. If my understanding is correct, I would oppose this amendment as well. Thank you, Mr. Speaker.

ASSEMBLYMAN COLLINS:

Thank you, Mr. Speaker. I rise in support of my chairman of the Education Committee and support this amendment that we delete Section 1. Very simply because early in the 1990’s when we put in class-size reduction, the goal was to continue to expand it. This body of the Legislature and the Executive Office, for whatever reason, primarily financially, failed to expand that program to those upper grades. And until this body, as the chairman of Education has said, expands those processes into those grades, giving financial abilities to the local school districts, then we should not try any more experiments until we can see—like is being performed in Elko—if they are worthy of continuation. I hope that we all will support this amendment to delete Section 1. Thank you.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I was not going to address the issue until my colleague from Assembly District 4 brought forth the issue of compression that seems to have taken place in certain school districts. I think that as a function, not of class-size reduction, but rather the function of the growth factor and the inability of the school districts to build suitable facilities to keep up with the growing demand of population. In point of fact, if the excellent opportunity that took place in the lower grades is because of what we saw happening the time the legislation was initially passed. That was in those beginning grades, when it was absolutely essential those elementary forms of reading and writing were being introduced, there be greater contact. Therefore, I believe that it has been a successful program and it is proving to be a successful program. It is too bad we have not had the wherewithal to expand it to those additional grades. Your child benefited from this program already. It is a shame that where she is now is in the other part of the curve where, had our law not been in place, she would have been in a first grade with 35 students. I think it is successful and I support the amendment.

ASSEMBLYMAN GOLDWATER:

Mr. Speaker, I rise in support of this amendment. I think the most salient point brought out by the chairman of the Committee on Education has to do with legislative control. We deal with the issue of class-size reduction not in a light way on your K-12 subcommittee. It is not an issue we brush over, it is not something we do not pay attention to. It is something we give a lot of time and effort to study, learn and figure out what is best. To abdicate control of that would be an abdication of our responsibility as a Legislature and an abdication of our responsibilities of the powers of the purse. I think it would be a horrible mistake to let that control pass. So, therefore, I rise in strong support of this amendment.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I would just like to remind, to clarify too, my colleague from District 37 and other members of the body. If they would look at page 2, lines 25-27. Therein lies the final step of approval. That is with the Interim Finance Committee. If this committee approves, then the school district may carry out a demonstration project. That means "they may" without the final legislative approval as a body. It puts the process in the hands of the Interim Finance Committee to allow a school district to raise the class-size reduction to 22 to 1. If this is a meritorious measure, as many people feel, then the school districts should bring it to the legislative body, as a whole, as Elko did. Then everyone can make the decision, not a select committee. Thank you.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker, for recognizing me a second time. 22 to 1 is a reduction in class size for my child, in all elementary school grades. It is not an increase. It's a reduction. This is a failed program. There are no test results anywhere in this state that indicate it is worthwhile. I'm not advocating we reduce the teachers we have in the classroom, just that we equalize to the level we all grew up with, which is roughly 22-24 to 1.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you to the previous speaker. We must remember that this is not a question of whether or not class-size reduction is working or not. This is not a question of how class-size reduction should be handled. The question in this piece of legislation is one thing: should we do it as a Legislature? Should we change it or should the Board of Examiners, Interim Finance and the Legislative Bureau on Education change it. The question with this bill is whether any statistics prove class-size reduction works or doesn't work, whether it should be 22 to 1, whether it should be 18 to 1, whether it should be 8 to 1. That is not the question this body faces at this hour. At this hour, the question is who should make changes in class-size reduction, the Legislature or someone else? We started class-size reduction in this state. If we determine that it's not working, that it's a failure or it's a success, we make that decision—the Legislature. Our question, today, when we push this button or we raise our voice to support this amendment or to not support this amendment, is who makes the changes in class-size reduction. My colleague is missing that point. Whether your child is a he or a she, whether

it's 22 to 1 or 16 to 1, that's not the question we have before us today. The Committee on Education amended the bill to take out Section 1 because the Senate sent us a bill that said class-size reduction should be changed by other than those who have the power to do it—the Legislature. This amendment rejected that. I urge my colleagues to reject that. Mr. Speaker, if in fact the debate on whether class-size reduction should be changed, that should come to you and the Legislature, not to someone else. I urge my colleagues to adopt this amendment, to place in control the body that started class-size reduction and the body that should change class-size reduction if we choose to. That is our question today. I urge my colleagues to support this amendment.

ASSEMBLYWOMAN ANGLE:

Thank you, Mr. Speaker, for recognizing me a second time. I believe that the actual point of this is that we are permitting two more districts to go to the same pilot that Elko has been doing successfully. We have also said our Interim Finance Committee, which is us, the Legislature, will have the final say on whether they may do this or not. So, I feel like we have the proper controls here. We are allowing this experiment to be expanded and we are asking for those wonderful results that Elko has seen, to happen in our two largest districts. We are asking, with this bill, to be allowed to give mitigation to other districts. The same we have allowed for Elko, and that is to go to that 22 to 1 ratio, all the way through their elementary schools. I urge you to reject this amendment. Thank you, Mr. Speaker.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and to my colleague who just responded. You must remember Elko came to us asking for this pilot. The two districts that you mentioned, Clark and Washoe, as of 12:24 p.m. today, have not come to us. Clark County has not come to this body, nor has Washoe, asking for permission to do what Elko has done. This bill is not asking or requesting Clark or Washoe to do that because Clark and Washoe has not asked us to do this. What this bill is doing, in its original form is asking for a backdoor approach to scrutinize and eliminate, if you will, class size reduction by the way of a body that is not designed to do this. The Board of Examiners? You look at their description of what they do in this State, it is not to do anything with class size reduction. The Legislature does that. Legislative Bureau of Education? In case my colleagues don't know, that is staff. I don't think anywhere in the history of our state has staff got into a position to change and create legislation. It doesn't happen. The Legislature does that. So what we are asking for is to retain the power of changing class size reduction to the Legislature. That is our duty. The committee felt that since no other school district other than Elko has come to us to look at a pilot and in fact, the pilot that Elko is now operating was done through the legislative process. That is our job. Again, for the final time, this amendment is only to allow Elko to continue the process they asked for. No other school district has done so. I would hope that in fact if we ever change this class-size reduction plan in Nevada, it is done through the two houses of the Legislature. This amendment will reject anyone else from trying to do that. That is our job.

Assemblyman Goldwater, Ocegüera and Manendo moved the previous question.

The following Senate amendment was read:

Amendment No. 746.

Amend the bill as a whole by deleting sections 1 through 15 and adding new sections designated sections 1 through 16, following the enacting clause, to read as follows:

“Section 1. Chapter 598 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 14, inclusive, of this act.

Sec. 2. *As used in sections 2 to 14, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 3 to 8, inclusive, of this act have the meanings ascribed to them in those sections.*

Sec. 3. *“Advertise” and “advertisement” mean the attempt by publication, dissemination, solicitation or circulation to induce, directly or indirectly, any person to take a sightseeing tour.*

Sec. 4. *“Commissioner” means the commissioner of the division.*

Sec. 5. *“Division” means the consumer affairs division of the department of business and industry.*

Sec. 6. *“Sightseeing tour” means an excursion that:*

- 1. Has a duration of 24 hours or less;*
- 2. Travels to one or more points of interest; and*
- 3. Is conducted using one or more means of motorized conveyance, including, without limitation, an airplane, bus, helicopter, tour boat or touring raft.*

Sec. 8. *“Tour operator” means a person who, in this state, engages in the business of providing a sightseeing tour to customers.*

Sec. 9. 1. *In each advertisement for a sightseeing tour, a tour broker and a tour operator shall disclose in a clear and conspicuous manner the total price a customer is required to pay to take the sightseeing tour. Unless the inclusion of a fee or tax in the total price would violate a specific statute of this state or a federal statute or regulation, the total price must include, without limitation, all fees, taxes and other charges that a customer for a sightseeing tour is required to pay to take the sightseeing tour. If a fee or tax cannot be included in the total price because its inclusion would violate a specific statute of this state or a federal statute or regulation, the tour broker or tour operator, as applicable, shall disclose in a clear and conspicuous manner that the fee or tax is not included in the total price and must be paid in addition to the total price.*

2. *A tour broker and a tour operator shall not charge a customer for a sightseeing tour an amount that exceeds the sum of:*

(a) *The total price for the sightseeing tour which is disclosed in an advertisement for the sightseeing tour; and*

(b) *Any fee or tax that is not included in the total price for the sightseeing tour because its inclusion would violate a specific statute of this state or a federal statute or regulation.*

3. *On a billing invoice or receipt given to a customer for a sightseeing tour, a tour broker and a tour operator shall provide a clear and conspicuous notice which:*

(a) *Sets forth the provisions of subsection 2;*

(b) *States that complaints concerning the charges for a sightseeing tour may be directed to the division; and*

(c) *Provides a telephone number for the division.*

4. *If a tour operator issues or causes to be issued a coupon or other indicia of discount or special promotion, the tour operator shall honor the coupon or other indicia in good faith unless:*

(a) *The coupon or other indicia sets forth a date of expiration that is clearly legible; and*

(b) *The date of expiration has passed.*

5. *The failure of a tour broker or tour operator to comply with a provision of this section constitutes a deceptive trade practice for the purposes of NRS 598.0903 to 598.0999, inclusive.*

Sec. 10. *The provisions of sections 11, 12 and 13 of this act do not apply to a tour broker whose business is confined to advertising, or a tour operator whose business is confined to advertising and conducting, sightseeing tours that originate in a county other than a county whose population is 400,000 or more.*

Sec. 11. 1. *Each tour broker and tour operator shall deposit with the division:*

(a) *A bond executed by a corporate surety approved by the commissioner and licensed to do business in this state;*

(b) *An irrevocable letter of credit for which the tour broker or tour operator is the obligor, issued by a bank whose deposits are federally insured; or*

(c) *A certificate of deposit in a financial institution which is doing business in this state and which is federally insured or insured by a private insurer approved pursuant to NRS 678.755. The certificate of deposit may be withdrawn only on the order of the commissioner, except that the interest may accrue to the tour broker or tour operator.*

2. *The term of the bond, letter of credit or certificate of deposit, or any renewal thereof, must be not less than 1 year.*

3. *The amount of the bond, letter of credit or certificate of deposit, or any renewal thereof, must be \$10,000.*

4. *If the tour broker or tour operator deposits a bond, the tour broker or tour operator shall keep accurate records of the bond and the payments made on the premium. The records must be open to inspection by the division during business hours. The tour broker or tour operator shall notify the division not later than 30 days before the date of expiration of the bond and provide written proof of the renewal of the bond to the division.*

5. *The commissioner may reject any bond, letter of credit or certificate of deposit that fails to conform to the requirements of this chapter.*

6. *A tour broker or tour operator may change the form of security that he has deposited with the division. If the tour broker or tour operator changes the form of the security, the commissioner may retain for not more than 1 year any portion of the security previously deposited by the tour broker or tour operator as security for claims arising during the time the previous security was in effect.*

7. *If the amount of the bond, letter of credit or certificate of deposit falls below the amount required by this section, the tour broker or tour operator shall, within 30 days, increase the amount of the bond, letter of credit or certificate of deposit to the amount required by this section.*

Sec. 12. 1. *The security required to be deposited by a tour broker or tour operator pursuant to section 11 of this act must be held in trust for consumers injured by:*

(a) *The bankruptcy of the tour broker or tour operator; or*

(b) *The tour broker's or tour operator's breach of any agreement entered into in his capacity as a tour broker or tour operator.*

2. *A consumer so injured may bring and maintain an action in any court of competent jurisdiction to recover against the security.*

3. *The division may bring an action for interpleader against all claimants upon the security. If the division brings such an action, the division shall publish notice of the action at least once each week for 2 weeks in a newspaper of general circulation in the county in which the tour broker or tour operator has its principal place of business. The division may deduct its costs of the action, including, without limitation, the costs of the publication of the notice, from the amount of the security. All claims against the security*

have equal priority. If the security is insufficient to pay all the claims in full, the claims must be paid pro rata. If the tour broker or tour operator has posted a bond with the division, the surety is then relieved of all liability under the bond.

4. The division may, in lieu of bringing an action for interpleader pursuant to subsection 3, conduct a hearing to determine the distribution of the security to claimants. The division shall adopt regulations to provide for adequate notice and the conduct of the hearing. If the tour broker or tour operator has posted a bond with the division, distribution pursuant to this subsection relieves the surety of all liability under the bond.

Sec. 13. 1. If no claims have been filed against the security deposited with the division pursuant to section 11 of this act within 6 months after the tour broker or tour operator ceases to operate, the commissioner shall release the security to the tour broker or tour operator and shall not audit any claims filed against the security thereafter by consumers.

2. If one or more claims have been filed against the security within 6 months after the tour broker or tour operator ceases to operate, the proceeds must not be released to the tour broker or tour operator or distributed to any consumer earlier than 1 year after the tour broker or tour operator ceases to operate.

3. For the purposes of this section, the commissioner shall determine the date on which a tour broker or tour operator ceases to operate.

Sec. 14. The commissioner may adopt such regulations as the commissioner determines are necessary to carry out the intent of sections 2 to 14, inclusive, of this act.

Sec. 15. NRS 598.0999 is hereby amended to read as follows:

598.0999 1. A person who violates a court order or injunction issued pursuant to the provisions of NRS 598.0903 to 598.0999, inclusive, and section 1 of Assembly Bill No. 337 of this ~~act~~ session upon a complaint brought by the commissioner, the director, the district attorney of any county of this state or the attorney general shall forfeit and pay to the state general fund a civil penalty of not more than \$10,000 for each violation. For the purpose of this section, the court issuing the order or injunction retains jurisdiction over the action or proceeding. Such civil penalties are in addition to any other penalty or remedy available for the enforcement of the provisions of NRS 598.0903 to 598.0999, inclusive, and section 1 of Assembly Bill No. 337 of this ~~act~~ session.

2. In any action brought pursuant to the provisions of NRS 598.0903 to 598.0999, inclusive, and section 1 of Assembly Bill No. 337 of this ~~act~~ session, if the court finds that a person has willfully engaged in a deceptive trade practice, the commissioner, the director, the district attorney of any county in this state or the attorney general bringing the action may recover a civil penalty not to exceed \$2,500 for each violation. The court in any such action may, in addition to any other relief or reimbursement, award reasonable attorney's fees and costs.

3. A natural person, firm, or any officer or managing agent of any corporation or association who knowingly and willfully engages in a deceptive trade practice, other than a deceptive trade practice described in NRS 598.992:

(a) For the first offense, is guilty of a misdemeanor.

4. Any offense which occurred within 10 years immediately preceding the date of the principal offense or after the principal offense constitutes a prior offense for the purposes of subsection 3 when evidenced by a conviction, without regard to the sequence of the offenses and convictions.

5. If a person violates any provision of NRS 598.0903 to 598.0999, inclusive, and section 1 of *Assembly Bill No. 337 of this [act,] session*, 598.100 to 598.2801, inclusive, 598.281 to 598.289, inclusive, 598.840 to 598.966, inclusive, *sections 2 to 14, inclusive, of this act* or 598.992, fails to comply with a judgment or order of any court in this state concerning a violation of such a provision, or fails to comply with an assurance of discontinuance or other agreement concerning an alleged violation of such a provision, the commissioner or the district attorney of any county may bring an action in the name of the State of Nevada seeking:

(a) The suspension of the person's privilege to conduct business within this state; or

(b) If the defendant is a corporation, dissolution of the corporation.

The court may grant or deny the relief sought or may order other appropriate relief.

Sec. 16. The amendatory provisions of this act do not apply to offenses committed before October 1, 2001.”

Amend the title of the bill to read as follows:

“AN ACT relating to deceptive trade practices; requiring certain tour brokers and tour operators to make certain disclosures relating to price in an advertisement for a sightseeing tour; prohibiting certain tour brokers and tour operators from charging more for a sightseeing tour than the price disclosed in an advertisement for the tour; requiring certain tour brokers and tour operators to include certain information on a billing invoice or receipt given to a customer for a sightseeing tour; requiring a tour operator to honor in good faith any nonexpired coupon or other indicia of discount or special promotion that the tour operator has issued or caused to be issued; requiring certain tour brokers and tour operators to deposit security with the consumer affairs division of the department of business and industry; authorizing certain consumers to bring and maintain an action to recover against the deposited security; providing for the release of the deposited security within a certain period after the tour broker or tour operator ceases to operate; authorizing the commissioner of the consumer affairs division to adopt

certain regulations; providing penalties; and providing other matters properly relating thereto.”

REMARKS FROM THE FLOOR

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYMAN PERKINS:

Thank you, Mr. Speaker pro Tempore. I felt it was important to come down and speak a little bit to the body. I want to tell you all, that I do appreciate the hard work that you have put in thus far in this legislative session. We're less than a couple of weeks away from completing the work in this session. It gets harder every day. I know that each and every one of you have put a great deal of work into the accomplishments that will come out of this session. I also wanted to mention that along with the Minority Leader and the Assistant Minority Leader I was able to, during our break, wander over to the Capitol and listen in on a press conference the Governor had relative to the education budgets. In that press conference, there was talk of an additional \$122.5 million, aside from what was in the rollout in the growth in K-12. That \$122.5 million being a 2 percent employer raise, \$14.5 million to go to vital education programs and text books, school employee retention bonus pool, teacher recruitment bonuses and some energy assistance for our school districts.

I would hearken back to our opening day and the remarks that I made on that day. I believe as I discussed what I thought we were going to try and accomplish this session, I was focusing on if we were going to do enough for our children. As much as I am very, very happy about the efforts that have been made so far, and the plan that has been laid out, I'm still disappointed, standing here 11 days from the completion of our legislative session, that we have not yet done enough, particularly in K-12 education. That is not to say there has not been a lot of hard work. I appreciate the efforts that all have made to get us to the level where we are. Their efforts have been very difficult and one step at a time.

I guess, Mr. Speaker pro Tempore, my remarks culminate with this: I am still challenging all of us to continue, as long as we have any time in this legislative session, to continue to find the money we need for our educational system.

The last trip I took home, I had, waiting for me, a letter from a young lady. With your indulgence I will read through it very quickly:

“Dear Richard Perkins:

My name is Tierra Birchold and I am 13 years of age. I attend Thurman White Middle School, which is one of the schools you plan to take the music and art programs out of. I have lived in Las Vegas for about 4 years now and two out of the four years, I have participated in the school's music program. I would like to say that being in an orchestra gives me something to look forward to each day. It gives me a chance to show my talents and also gives me challenges. I think that for some kids it keeps them from doing things they shouldn't. For me, I don't take it because I have to or to keep me out of trouble. I take orchestra for my pleasure. Mrs. Fazio is an awesome orchestra teacher. She helps kids when needed, but can also help with some of her students personal problems when they come to her for help. Mrs. Fazio makes me look forward to each and every day because she is so enjoyable and because

she makes learning to play an instrument fun. Without the music program, I would not be involved with anything active. People always ask what sport I play and I say, "I play the violin." You may think playing the violin isn't a sport. Well, it is. It requires hard work, practice, group cooperation and it's fun. Those qualities belong to both sports and being in an orchestra, band or a choir group.

Without the music program, kids would just come home each day and instead of practicing they would sit and watch television. What does that do for us? Nothing too great. You never hear about the greatest television watcher. It is the musicians and the sports stars that you hear about. Some of us actually want to be famous too but for us to get there, we have to take the classes and you are taking them away. Music is an art, a privilege that you can learn to play something that difficult. It is a right. We won't get the right to play an instrument and become famous if you take that right away. I am not telling you what to do or how to think. I am just giving you some opinions from people who are actually involved. So please take this into consideration before you throw all our hard work out the window.

Thurman White Orchestra has a concert at our school on the 16th of May at 6:30 pm. If possible we would appreciate it if you could come and see all the hard work we have accomplished. I thank you for your time and I am hoping for the best. Sincerely Yours, Tierra Birchtoold, Violin Player."

Now, Mr. Speaker pro Tempore, I know that we do not cancel programs. Those decisions are made at the school district level. I know that with the money the Governor has suggested being spent on vital school education programs, programs like art and music and sports, have additional monies available to them. All the programs, whether they're the curriculum programs or the sports or the extracurricular programs, all have to have instructors and teachers to make the program work. That is where I think we have not yet done enough for K-12 education. If we don't have a good starting salary for our teachers, if we don't have something for them to look forward to, if we don't have the incentives for them to continue in a very difficult teaching environment, we haven't done the work that we were supposed to; and then I would tell you we have left this session and we did not fulfill the goal I set, at least for myself and this body. That was to do all we could for our children.

Lastly, Mr. Speaker pro Tempore, I implore all of us to continue to work as long as we have any time here to continue to find additional resources for this effort. Thank you.

Remarks by Assemblywomen Chowning and Buckley.

Assemblyman Parks requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. SB 219 does authorize transfer of property to the original person who owned the property if a part of the property has not been used by the Department of Transportation. It allows for an objection to be filed on appraisal of the property and sets forth that procedure. If the person who was originally the owner does not let the Department of Transportation know that they wish to purchase the property back within a certain amount of time then the Department of Transportation may go ahead with the sale. We had some questions about the bill and those have been resolved. I urge your support. Thank you.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I rise in support of SB 219. There were a number of members that had questions and for the record I wanted to clarify. On page two the deletions of line seven and eight are intended to have no substantive impact at all. The argument was made by the Department of Transportation that all property that is later abandoned is no longer needed for highway purposes. I wanted to make that clear so that folks get these protections.

Amendment No. 1063.

Amend sec. 7, pages 7 and 8, by deleting lines 44 through 49 on page 7 and lines 1 through 22 on page 8, and inserting:

“116.4109 1. Except in the case of a sale in which delivery of a public offering statement is required, or unless exempt under subsection 2 of NRS 116.4101, a unit’s owner shall furnish to a purchaser before *the* execution of any contract for *the* sale of a unit, or otherwise before conveyance:

6. *The association is not liable to any person for undisclosed information if a unit's owner does not make a written request for a certificate pursuant to subsection 2."*

Amend the bill as a whole by adding a new section designated sec. 7.5, following sec. 7, to read as follows:

"Sec. 7.5. NRS 116.41095 is hereby amended to read as follows:

116.41095 The information statement required by NRS 116.4103 and 116.4109 must be in substantially the following form:

**BEFORE YOU PURCHASE PROPERTY IN A
COMMON-INTEREST COMMUNITY
DID YOU KNOW . . .**

**1. YOU ARE AGREEING TO RESTRICTIONS ON HOW YOU CAN
USE YOUR PROPERTY?**

These restrictions are contained in a document known as the Declaration of Covenants, Conditions and Restrictions (C, C & R's) that should be provided for your review before making your purchase. The C, C & R's become a part of the title to your property. They bind you and every future owner of the property whether or not you have read them or had them explained to you. The C, C & R's, together with other "governing documents" (such as association bylaws and rules and regulations), are intended to preserve the character and value of properties in the community, but may also restrict what you can do to improve or change your property and limit how you use and enjoy your property. By purchasing a property encumbered by C, C & R's, you are agreeing to limitations that could affect your lifestyle and freedom of choice. You should review the C, C & R's and other governing documents before purchasing to make sure that these limitations and controls are acceptable to you.

**2. YOU WILL HAVE TO PAY OWNERS' ASSESSMENTS FOR AS
LONG AS YOU OWN YOUR PROPERTY?**

As an owner in a common-interest community, you are responsible for paying your share of expenses relating to the common elements, such as landscaping, shared amenities and the operation of any homeowner's association. The obligation to pay these assessments binds you and every future owner of the property. Owners' fees are usually assessed by the homeowner's association and due monthly. You have to pay dues whether or not you agree with the way the association is managing the property or spending the assessments. The executive board of the association may have the power to change and increase the amount of the assessment and to levy special assessments against your property to meet extraordinary expenses. In some communities, major components of the community such as roofs and private roads must be maintained and replaced by the association. If the association is not well managed or fails to maintain adequate reserves to

repair, replace and restore common elements, you may be required to pay large, special assessments to accomplish these tasks.

3. IF YOU FAIL TO PAY OWNERS' ASSESSMENTS, YOU COULD LOSE YOUR HOME?

If you do not pay these assessments when due, the association usually has the power to collect them by selling your property in a nonjudicial foreclosure sale. If fees become delinquent, you may also be required to pay penalties and the association's costs and attorney's fees to become current. If you dispute the obligation or its amount, your only remedy to avoid the loss of your home may be to file a lawsuit and ask a court to intervene in the dispute.

4. YOU MAY BECOME A MEMBER OF A HOMEOWNER'S ASSOCIATION THAT HAS THE POWER TO AFFECT HOW YOU USE AND ENJOY YOUR PROPERTY?

Many common-interest communities have a homeowner's association. In a new development, the association will usually be controlled by the developer until a certain number of units have been sold. After the period of developer control, the association may be controlled by property owners like yourself who are elected by homeowners to sit on an executive board and other boards and committees formed by the association. The association, and its executive board, are responsible for assessing homeowners for the cost of operating the association and the common or shared elements of the community and for the ~~[day to day]~~ *day-to-day* operation and management of the community. Because homeowners sitting on the executive board and other boards and committees of the association may not have the experience or professional background required to understand and carry out the responsibilities of the association properly, the association may hire professional managers to carry out these responsibilities.

Homeowner's associations operate on democratic principles. Some decisions require all homeowners to vote, some decisions are made by the executive board or other boards or committees established by the association or governing documents. Although the actions of the association and its executive board are governed by state laws, the C, C & R's and other documents that govern the common-interest community, decisions made by these persons will affect your use and enjoyment of your property, your lifestyle and freedom of choice, and your cost of living in the community. You may not agree with decisions made by the association or its governing bodies even though the decisions are ones which the association is authorized to make. Decisions may be made by a few persons on the executive board or governing bodies that do not necessarily reflect the view of the majority of homeowners in the community. If you do not agree with decisions made by the association, its executive board or other governing bodies, your remedy is typically to attempt to use the democratic processes of the association to seek the election of members of the executive board or other governing bodies that are more responsive to your needs. If persons controlling the association or its management are not complying with state laws or the governing

documents, your remedy is typically to seek to mediate or arbitrate the dispute and, if mediation or arbitration is unsuccessful, file a lawsuit and ask a court to resolve the dispute. In addition to your personal cost in mediation or arbitration, or to prosecute a lawsuit, you may be responsible for paying your share of the association's cost in defending against your claim. There is no government agency in this state that investigates or intervenes to resolve disputes in homeowner's associations.

5. YOU ARE REQUIRED TO PROVIDE PROSPECTIVE BUYERS OF YOUR PROPERTY WITH INFORMATION ABOUT LIVING IN YOUR COMMON-INTEREST COMMUNITY?

The law requires you to provide to a prospective purchaser of your property, before you enter into a purchase agreement ~~[, a]~~ :

(a) *A copy of the community's governing documents, including the C, C & R's, association bylaws, and rules and regulations, as well as a copy of this document.* ~~[You are also required to provide a]~~

(b) *A copy of the association's current financial statement, operating budget and information regarding the amount of the monthly assessment for common expenses, including the amount set aside as reserves for the repair, replacement and restoration of common elements.* ~~[You are also required to inform prospective purchasers]~~

(c) *A statement setting forth any other fees payable by a unit's owner and any unpaid assessment or fine that the purchaser will be obligated to pay.*

(d) *A statement listing all written notices of a violation of the governing documents of the association associated with the unit which the association has previously provided to you and which the purchaser will be obligated to correct or repair.*

(e) *A statement of any outstanding judgments or ~~lawsuits pending against~~ pending legal actions to which the association ~~[of which you are aware. You are also required to provide a]~~ is a party and the status of such pending legal actions.*

(f) *A statement of any pending claims submitted to arbitration or mediation to which the association is a party.*

(g) *A statement of any claim for a constructional defect of which the association has actual knowledge and for which the association will be a party.*

(h) *A copy of the minutes from the most recent meeting of the homeowner's association or its executive board.*

For more information regarding these requirements, see Nevada Revised Statutes 116.4103 ~~[,]~~ and 116.4109.

6. YOU HAVE CERTAIN RIGHTS REGARDING OWNERSHIP IN A COMMON-INTEREST COMMUNITY THAT ARE GUARANTEED YOU BY THE STATE?

Pursuant to provisions of chapter 116 of Nevada Revised Statutes, you have the right:

(a) To be notified of all meetings of the association and its executive board, except in cases of emergency.

(b) To attend and speak at all meetings of the association and its executive board, except in some cases where the executive board is authorized to meet in closed, executive session.

(c) To request a special meeting of the association upon petition of at least 10 percent of the homeowners.

(d) To inspect, examine, photocopy and audit financial and other records of the association.

(e) To be notified of all changes in the community's rules and regulations and other actions by the association or board that affect you.

7. QUESTIONS?

Although they may be voluminous, you should take the time to read and understand the documents that will control your ownership of a property in a common-interest community. You may wish to ask your real estate professional, lawyer or other person with experience to explain anything you do not understand. You may also request assistance from the ombudsman for owners in common-interest communities, Nevada Real Estate Division, at (telephone number).

“Section 1. Chapter 396 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 9, inclusive, of this act.

Sec. 2. 1. *The board of regents may administer, directly or through a designated officer or employee of the system, a program to provide loans for*

registration fees, laboratory fees and expenses, textbooks and course materials, and living expenses to students who are enrolled in programs of the system that provide courses of study and training for the education of teachers.

2. Each student to whom such a loan is made must:

(a) Have been a bona fide resident of this state for at least 6 months before his matriculation in the system;

(b) At the time the loan is made, be enrolled in a program of the system to become a licensed teacher;

(c) Fulfill all requirements for classification as a full-time student showing progression towards completion of the program; and

(d) Maintain at least a 2.0 grade-point average in each class and at least a 2.75 overall grade-point average, on a 4.0 grading scale.

3. Each such loan must be made upon the following terms:

(a) All loans must bear interest at 8 percent per annum beginning on the date when the student receives the loan.

(b) Each student who receives a loan shall repay the loan with interest after the termination of his education for which the loan is made unless the amount owed is waived pursuant to section 4 of this act. The loan must be repaid in monthly installments over the period allowed with the first installment due 1 year after the date of the termination of his education for which the loan is made. The amounts of the installments must not be less than \$50 and may be calculated to allow a smaller payment at the beginning of the period for repayment, with each succeeding payment gradually increasing so that the total amount due will be paid within the period of repayment. The maximum period for repayment of the loans must be:

(1) Five years for loans that total less than \$10,000.

(2) Eight years for loans that total \$10,000 or more, but less than \$20,000.

5. If a person is delinquent in repayment, the reasonable costs of collection and an attorney's fee may be recovered from the person.

6. As used in this section, "bona fide resident" has the meaning ascribed to it in NRS 396.540.

programs that provide courses of study and training for the education of teachers to receive loans.

Sec. 4. 1. *Except as otherwise provided in this section, a student who receives a loan pursuant to sections 2 to 9, inclusive, of this act shall repay the loan and accrued interest in full pursuant to the terms of the loan.*

2. *If a recipient of a loan desires to have the total amount of his loan waived pursuant to this section, the recipient shall file a statement of intent with the board of regents indicating that the recipient intends to:*

The board of regents shall waive the total amount owed by the recipient upon receipt of credible evidence that the recipient has satisfied the requirements of paragraph (a) of subsection 3.*

5. *If a recipient of a loan who filed a statement of intent pursuant to subsection 2 leaves his employment, voluntarily or otherwise, as a full-time licensed teacher in a public school in this state, he shall repay the loan and accrued interest in full pursuant to the terms of the loan.*

6. *The board of regents may adopt:*

Sec. 7. A recipient of a loan pursuant to sections 2 to 9, inclusive, of this act shall comply with the regulations adopted by the board of regents. If a recipient fails to comply, the board of regents or its designee may:

1. For each infraction, impose a civil penalty of not more than \$200 against the recipient in 1 academic year, and may deny additional money to the recipient if he fails to pay the civil penalty when due;

A written charter must be for a term of 6 years unless the governing body of a charter school renews its initial charter after 3 years of operation pursuant to subsection 2 of NRS 386.530. A written charter must include all conditions of operation set forth in paragraphs (a) to (n), inclusive, of subsection 2 of NRS 386.520. As a condition of the issuance of a written charter pursuant to this subsection, the charter school must agree to comply with all conditions of operation set forth in NRS 386.550.

Before the expiration of a conditional charter, the holder of the conditional charter may submit a supplemental application and request the board of trustees that granted the conditional charter to determine whether the holder is eligible for the issuance of a charter pursuant to subsection 1. *The supplemental application must be submitted within a period which allows the board of trustees to ensure that the charter school complies with the requirements of this subsection.* The board of trustees shall

consider such a request as soon as is practicable. *In its review of the request, the board of trustees shall determine whether the facility that the charter school will occupy has been inspected and meets the requirements of any applicable building codes, codes for the prevention of fire, and codes pertaining to safety, health and sanitation. 5. Upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the charter school is located shall authorize the pupil to participate in sports at the public school that he would otherwise be required to attend within the school district, or upon approval of the board of trustees, any public school within the same zone of attendance as the charter school if:

4. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection ~~[2]~~ 4 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

~~[4]~~ 5. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. It is unlawful for the governing body of a charter school to employ any teacher pursuant to this subsection who is not legally qualified to teach all the grades that the teacher is engaged to teach.

3. A charter school may employ a person who is not licensed pursuant to the provisions of chapter 391 of NRS to teach a course of study for which a licensed teacher is not required pursuant to subsection 2 if the person has:

Sec. 17. NRS 386.595 is hereby amended to read as follows:

386.595 1. Except as otherwise provided in this subsection and subsections 2 , 3 and ~~{3,}~~ 4, the provisions of the collective bargaining agreement entered into by the board of trustees of the school district in which the charter school is located apply to the terms and conditions of employment of employees of the charter school. ~~{If a written charter is renewed, the employees of the charter school may, at the time of renewal, apply for recognition as a bargaining unit pursuant to NRS 288.160.}~~ *An employee of a charter school is not a member of the same bargaining unit as an employee of the school district and is not entitled to representation by the employee organization that is a party to the collective bargaining agreement of the school district. However, during the time that the collective bargaining agreement of the school district remains applicable to the employees of the charter school, the employee organization that is a party to the agreement may, but is not required to, represent an employee of the charter school in a grievance proceeding or other dispute arising out of the agreement.*

2. A charter school is exempt from the specific provisions of the collective bargaining agreement *of the school district* that controls the:

(a) Periods of preparation time for teachers, provided that the charter school allows at least the same amount of time for preparation as the school district;

(b) Times of day that a teacher may work;

(c) Number of hours that a teacher may work in 1 day;

(d) Number of hours and days that a teacher may work in 1 week; and

(e) Number of hours and days that a teacher may work in 1 year.

If a teacher works more than the number of hours or days prescribed in the collective bargaining agreement, the teacher must be compensated for the additional hours or days in an amount calculated by prorating the salary for the teacher that is set forth in the collective bargaining agreement.

3. A teacher or a governing body of a charter school may request that the ~~{board of trustees of the school district and other persons}~~ *parties* who entered into the collective bargaining agreement *of the school district* grant a waiver from specific provisions of the ~~{collective bargaining}~~ agreement for the teacher or governing body.

4. *The collective bargaining agreement of a school district in which a charter school is located ceases to apply to the employees in any bargaining unit recognized by the governing body of the charter school pursuant to chapter 288 of NRS if, pursuant to that chapter, an employee organization is*

recognized as the exclusive bargaining agent for those employees and a new collective bargaining agreement is entered into between the governing body and the employee organization. The employee organization that is a party to the collective bargaining agreement of the school district may seek recognition on the same basis as any other employee organization.

5. All employees of a charter school shall be deemed public employees.

~~{5-}~~ 6. The governing body of a charter school may make all employment decisions with regard to its employees pursuant to NRS 391.311 to 391.3197, inclusive, unless the applicable collective bargaining agreement contains separate provisions relating to the discipline of licensed employees of a school.

~~{6-}~~ 7. If the written charter of a charter school is revoked, the employees of the charter school must be reassigned to employment within the school district in accordance with the *applicable* collective bargaining agreement.

~~{7-}~~ *A school district is not required to reassign an employee of a charter school pursuant to this subsection if the employee:*

(a) Was not granted a leave of absence by the school district to teach at the charter school pursuant to subsection 8; or

(b) Was granted a leave of absence by the school district and did not submit a written request to return to employment with the school district in accordance with subsection 8.

8. The board of trustees of a school district that is a sponsor of a charter school shall grant a leave of absence, not to exceed 6 years, to any employee who is employed by the board of trustees who requests such a leave of absence to accept employment with the charter school. After the first school year in which an employee is on a leave of absence, he may return to his former teaching position with the board of trustees. After the third school year, an employee who is on a leave of absence may submit a written request to the board of trustees to return to a comparable teaching position with the board of trustees. After the sixth school year, an employee shall either submit a written request to return to a comparable teaching position or resign from the position for which his leave was granted. The board of trustees shall grant a written request to return to a comparable position pursuant to this subsection even if the return of the employee requires the board of trustees to reduce the existing work force of the school district. The board of trustees may require that a request to return to a teaching position submitted pursuant to this subsection be submitted at least 90 days before the employee would otherwise be required to report to duty.

~~{8-}~~ 9. An employee who is on a leave of absence from a school district pursuant to this section shall contribute to and be eligible for all benefits for which he would otherwise be entitled, including, without limitation, participation in the public employees' retirement system and accrual of time for the purposes of leave and retirement. The time during which such an

employee is on leave of absence and employed in a charter school does not count toward the acquisition of permanent status with the school district.

~~{9-}~~ 10. Upon the return of a teacher to employment in the school district, he is entitled to the same level of retirement, salary and any other benefits to which he would otherwise be entitled if he had not taken a leave of absence to teach in a charter school.

~~{10-}~~ 11. An employee of a charter school who is not on a leave of absence from a school district is eligible for all benefits for which he would be eligible for employment in a public school, including, without limitation, participation in the public employees' retirement system.

~~{11-}~~ 12. For all employees of a charter school:

(a) The compensation that a teacher or other school employee would have received if he were employed by the school district must be used to determine the appropriate levels of contribution required of the employee and employer for purposes of the public employees' retirement system.

(b) The compensation that is paid to a teacher or other school employee that exceeds the compensation that he would have received if he were employed by the school district must not be included for the purposes of calculating future retirement benefits of the employee.

~~{12-}~~ 13. If the board of trustees of a school district in which a charter school is located manages a plan of group insurance for its employees, the governing body of the charter school may negotiate with the board of trustees to participate in the same plan of group insurance that the board of trustees offers to its employees. If the employees of the charter school participate in the plan of group insurance managed by the board of trustees, the governing body of the charter school shall:

(a) Ensure that the premiums for that insurance are paid to the board of trustees; and

(b) Provide, upon the request of the board of trustees, all information that is necessary for the board of trustees to provide the group insurance to the employees of the charter school.

Sec. 18. NRS 386.600 is hereby amended to read as follows:

(f) The proposed expenditures of the charter school for the current fiscal year.

(g) The salary schedule for licensed employees and nonlicensed teachers in the current school year and a statement of whether salary negotiations for the current school year have been completed. If salary negotiations have not been completed at the time the salary schedule is submitted, the governing body shall submit a supplemental report to the superintendent of public instruction upon completion of negotiations.

(h) The number of employees eligible for health insurance within the charter school for the current and preceding fiscal years and the amount paid for health insurance for each such employee during those years.

(II) *In a charter school and are concurrently enrolled part time in a program of distance education provided by a school district or another charter school if an agreement is filed with the superintendent of public instruction pursuant to section 31 of this act on the last day of the first school month of the school district for the school year, expressed as a percentage of the total time services are provided to those pupils per school day in*

proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2).

(5) The count of pupils not included under subparagraph (1) , ~~for~~ (2) , (3) or (4) who are receiving special education pursuant to the provisions of NRS 388.440 to 388.520, inclusive, on the last day of the first school month of the school district for the school year, excluding the count of pupils who have not attained the age of 5 years and who are receiving special education pursuant to subsection 1 of NRS 388.490 on that day.

(c) Adding the amounts computed in paragraphs (a) and (b).

2. 3. Pupils who are excused from attendance at examinations or have completed their work in accordance with the rules of the board of trustees must be credited with attendance during that period.

Sec. 21. NRS 387.124 is hereby amended to read as follows:

387.124 Except as otherwise provided in *this section and NRS 387.528*:

1. On or before August 1, November 1, February 1 and May 1 of each year, the superintendent of public instruction shall ~~{, except as otherwise provided in subsections 2 and 3,}~~ apportion the state distributive school account in the state general fund among the several county school districts and charter schools in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school~~{,}~~ *and all the funds attributable to pupils who reside in the county but are enrolled full time or part time in a program of distance education provided by another school district or a charter school.* No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support. *If a school district provides a program of distance education:*

(a) No apportionment may be made to the school district for pupils who reside in another county and are enrolled full time in the program of distance education unless an agreement is filed pursuant to section 30 of this act; and

(b) The apportionment to the school district pursuant to this subsection for all pupils who are enrolled full time in the program of distance education must be reduced by the amount of money, as determined by the department, that would have otherwise been allocated for the transportation of each pupil enrolled in the program of distance education.

2. The apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides ~~{,}~~ *minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school. If a charter school provides a program of distance education, the apportionment to the charter school pursuant to this subsection for pupils who are enrolled full time in the program of distance education must be reduced by the amount of money, as determined by the department, that would have otherwise been allocated for the transportation of each pupil enrolled in the program of distance education.* If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

~~{2,}~~ 3. *In addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part*

time in the program if an agreement is filed for that pupil pursuant to section 30 or 31 of this act, as applicable. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

4. The governing body of a charter school may submit a written request to the superintendent of public instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the superintendent of public instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.

~~3.]~~ 5. If the state controller finds that such an action is needed to maintain the balance in the state general fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the state controller shall submit a report to the department of administration and the fiscal analysis division of the legislative counsel bureau documenting reasons for the action.

Sec. 22. NRS 387.1243 is hereby amended to read as follows:

387.1243 1. The first apportionment based on an estimated number of pupils and special education program units and succeeding apportionments are subject to adjustment from time to time as the need therefor may appear.

2. The apportionments to a school district may be adjusted during a fiscal year by the department of education, upon approval by the *state* board of examiners and the interim finance committee, if the department of taxation and the county assessor in the county in which the school district is located certify to the department of education that the school district will not receive the tax levied pursuant to subsection 1 of NRS 387.195 on property of the Federal Government located within the county if:

(a) The leasehold interest, possessory interest, beneficial interest or beneficial use of the property is subject to taxation pursuant to NRS 361.157 and 361.159 and one or more lessees or users of the property are delinquent in paying the tax; and

(b) The total amount of tax owed but not paid for the fiscal year by any such lessees and users is at least 5 percent of the proceeds that the school district would have received from the tax levied pursuant to subsection 1 of NRS 387.195.

If a lessee or user pays the tax owed after the school district's apportionment has been increased in accordance with the provisions of this subsection to compensate for the tax owed, the school district shall repay to the *state* distributive school account in the state general fund an amount equal to the

tax received from the lessee or user for the year in which the school district received an increased apportionment, not to exceed the increase in apportionments made to the school district pursuant to this subsection.

3. On or before August 1 of each year, the board of trustees of a school district shall provide to the department, in a format prescribed by the department, the count of pupils calculated pursuant to subparagraph (6) (8) of paragraph (a) of subsection 1 of NRS 387.1233 who completed at least one semester during the immediately preceding school year. The count of pupils submitted to the department must be included in the final adjustment computed pursuant to subsection 4.

4. A final adjustment for each school district and charter school must be computed as soon as practicable following the close of the school year, but not later than August 25. The final computation must be based upon the actual counts of pupils required to be made for the computation of basic support and the limits upon the support of special education programs, except that for any year when the total enrollment of pupils and children in a school district or a charter school located within the school district described in paragraphs (a), (b), (c) and ~~[(d)]~~ (e) of subsection 1 of NRS 387.123 is greater on the last day of any school month of the school district after the second school month of the school district and the increase in enrollment shows at least:

(a) A 3-percent gain, basic support as computed from first month enrollment for the school district or charter school must be increased by 2 percent.

(b) A 6-percent gain, basic support as computed from first month enrollment for the school district or charter school must be increased by an additional 2 percent.

5. If the final computation of apportionment for any school district or charter school exceeds the actual amount paid to the school district or charter school during the school year, the additional amount due must be paid before September 1. If the final computation of apportionment for any school district or charter school is less than the actual amount paid to the school district or charter school during the school year, the difference must be repaid to the state distributive school account in the state general fund by the school district or charter school before September 25.

Sec. 23. NRS 387.185 is hereby amended to read as follows:

387.185 1. Except as otherwise provided in subsection 2 and NRS 387.528, all school money due each county school district must be paid over by the state treasurer to the county treasurer on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the county treasurer may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124.

2. Except as otherwise provided in NRS 387.528, if the board of trustees of a school district establishes and administers a separate account pursuant to

the provisions of NRS 354.603, all school money due that school district must be paid over by the state treasurer to the school district on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the school district may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124.

3. No county school district may receive any portion of the public school money unless that school district has complied with the provisions of this Title and regulations adopted pursuant thereto.

4. Except as otherwise provided in this subsection, all school money due each charter school must be paid over by the state treasurer to the governing body of the charter school on August 1, November 1, February 1 and May 1 of each year or as soon thereafter as the governing body may apply for it, upon the warrant of the state controller drawn in conformity with the apportionment of the superintendent of public instruction as provided in NRS 387.124. If the superintendent of public instruction has approved, pursuant to subsection ~~{2}~~ 4 of NRS 387.124, a request for payment of an apportionment 30 days before the apportionment is otherwise required to be made, the money due to the charter school must be paid by the state treasurer to the governing body of the charter school on July 1, October 1, January 1 or April 1, as applicable.

2. The superintendent of public instruction may, upon application by a board of trustees, authorize a reduction of not more than 15 school days in a particular district to establish or maintain a 12-month school program or a program involving alternative scheduling, if the board of trustees demonstrates that the proposed schedule for the program provides for a greater number of minutes of instruction than would be provided under a program consisting of 180 school days. Before authorizing a reduction in the number of required school days pursuant to this subsection, the superintendent of public instruction must find that the proposed schedule will be used to alleviate problems associated with a growth in enrollment or overcrowding, or to establish and maintain a program of alternative schooling [—], *including, without limitation, a program of distance education provided by the board of trustees pursuant to sections 25 to 33, inclusive, of this act.*

3. (2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each special district an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of

the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (a), respectively, for the local governments and special districts located in the same county multiplied by the total amount in the subaccount.

If the executive director determines that the amount of money remaining in the county's subaccount in the account is greater, he shall first allocate the money necessary for each local government and special district to receive the base monthly allocation determined pursuant to subsection 2 and the state treasurer shall remit that money so allocated. The executive director shall allocate any additional money in the county's subaccount in the account pursuant to the provisions of subsection 4 or 5, as applicable.

7. The percentage change calculated pursuant to paragraph (a) of subsection 4 or paragraph (a) of subsection 5 must:

(a) If the Bureau of the Census of the United States Department of Commerce issues population totals that conflict with the totals certified by the governor pursuant to NRS 360.285, be an estimate of the change in population for the calendar year, based upon the population totals issued by the Bureau of the Census.

(b) If a new method of determining population is established pursuant to NRS 360.283, be adjusted in a manner that will result in the percentage

change being based on population determined pursuant to the new method for both the fiscal year in which the allocation is made and the fiscal year immediately preceding the year in which the allocation is made.

8. On or before February 15 of each year, the executive director shall provide to each local government, special district and enterprise district a preliminary estimate of the revenue it will receive from the account for that fiscal year.

9. On or before March 15 of each year, the executive director shall:

Amend sec. 7, page 2, line 12, by deleting “an” and inserting “a temporary”.

Amend the bill as a whole by deleting sections 8 and 9 and adding new sections designated sections 8 and 9, following sec. 7, to read as follows:

“Sec. 8. 1. The court may issue a temporary order for protection against harassment in the workplace if it appears to the satisfaction of the court from specific facts shown by a verified application filed pursuant to section 7 of this act that harassment in the workplace has occurred.

2. Except as otherwise provided in subsection 4, a temporary order for protection against harassment in the workplace must not be issued without notice to the person who allegedly committed the harassment. A temporary order for protection against harassment in the workplace must not be issued without the giving of security by the employer in an amount determined by the court to be sufficient to pay for such costs and damages as may be incurred or suffered by the person who allegedly committed the harassment if the person who allegedly committed the harassment is found to have been wrongfully enjoined or restrained.

3. The court may require the employer or the person who allegedly committed the harassment, or both, to appear before the court before determining whether to issue the temporary order for protection against harassment in the workplace.

4. A court may issue a temporary order for protection against harassment in the workplace without written or oral notice to the person who allegedly committed the harassment or his attorney only if:

(a) A verified application is accompanied by an affidavit that contains specific facts which clearly show that immediate and irreparable injury, loss or damage will result to the employer, an employee of the employer while the employee performs the duties of his employment or a person who is present at the workplace of the employer before the person who allegedly committed the harassment or his attorney can be heard in opposition; and

(b) The employer and the employer's attorney, if any, set forth in the affidavit:

(1) The efforts, if any, that have been made to give notice to the person who allegedly committed the harassment; and

(2) The facts supporting waiver of notice requirements.

5. A temporary order for protection against harassment in the workplace that is granted, with or without notice, must expire not later than 15 days after the date on which the order is issued, unless extended pursuant to subsections 6 and 7.

6. If a temporary order for protection against harassment in the workplace is granted, with or without notice, the employer or his authorized agent may apply for an extended order for protection against harassment in the workplace by filing a verified application for an extended order for protection against harassment in the workplace. Such an application must:

(a) In addition to the information required by subsection 2 of section 7 of this act, set forth the facts that provide the basis for granting an extended order for protection against harassment in the workplace;

(b) Be filed before the expiration of the temporary order for protection against harassment in the workplace;

(c) Be heard as soon as reasonably possible and not later than 10 days after the date on which the application is filed with the court unless the court determines that there are compelling reasons to hold the hearing at a later date; and

(d) Be dismissed if the court finds that the temporary order for protection against harassment in the workplace which is the basis of the application has been dissolved or has expired.

7. At the hearing on an application filed pursuant to subsection 6, the employer must present evidence sufficient to support the granting of the application for an extended order for protection against harassment in the workplace. At the hearing, the court may:

(a) Dissolve or modify the temporary order for protection against harassment in the workplace; or

(b) Grant an extended order for protection against harassment in the workplace.

8. If granted, an extended order for protection against harassment in the workplace expires within such time, not to exceed 1 year, as the court fixes.

9. Upon 2 days' notice to an employer who obtained a temporary order for protection against harassment in the workplace without notice or on such shorter notice to the employer as the court may prescribe, the person who allegedly committed the harassment may appear and move the dissolution or modification of the temporary order for protection against harassment in the workplace. Upon the filing of such a motion, the court shall proceed to hear and determine the motion as expeditiously as the ends of justice require. At the hearing, the court may dissolve, modify or extend the order.

10. The court may award costs and reasonable attorney's fees to the prevailing party in a matter brought pursuant to this section.

11. If a court issues an extended order for protection against harassment in the workplace, an interlocutory appeal lies to the district court, which may affirm, modify or vacate the order in question. The appeal may be taken without bond, but its taking does not stay the effect or enforcement of the order.

Sec. 9. 1. A temporary or extended order for protection against harassment in the workplace may:

(a) Enjoin the person who allegedly committed the harassment from contacting the employer, an employee of the employer while the employee is performing his duties of employment and any person while the person is present at the workplace of the employer;

(b) Order the person who allegedly committed the harassment to stay away from the workplace of the employer; and

(c) Order such other relief as the court deems necessary to protect the employer, the workplace of the employer, the employees of the employer while performing their duties of employment and any other persons who are present at the workplace.

2. A court may not issue a temporary or extended order for protection against harassment in the workplace that is against more than one person.

3. A temporary or extended order for protection against harassment in the workplace must:

(a) Specify, as applicable, the county and city, if any, in which the workplace of the employer is located and in which the employees of the employer perform their duties of employment;

(b) Include a provision ordering any law enforcement officer to arrest the person who allegedly committed the harassment, with or without a warrant, if the officer has probable cause to believe that the person has been served with a copy of the order and has violated a provision of the order;

(c) State the reasons for granting the order; and

(d) Include the following statement:

WARNING

Sec. 8. 1. *The department shall, within the limits of the money available for this purpose in the fund for a healthy Nevada, develop and carry out a program for senior citizens to provide prescription drugs and pharmaceutical services to them at a subsidized cost whereby the state will pay the difference between the copayment required by the program and the actual cost of the drug from the pharmacist. The department shall refer to this program as the "Senior Option Program" and cause it to be marketed under that name.*

2. *Within the limits of the money available for this purpose in the fund for a healthy Nevada, a senior citizen who:*

Remarks by Assemblymen Williams, Von Tobel, Dini and Beers.

Assemblyman Dini requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. This particular bill makes a number of changes to the charter school statutes and authorized programs of distance learning. Since I addressed the body this week on this bill at length, I will not reiterate the list of provisions in the bill on General File unless there are additional questions. I will happily answer those. I would also like to correct one statement that was made in the amendment—the number of schools that can be permitted in Clark County. This was a question that was asked by my colleague from Las Vegas, the number of schools that would be permitted in Las Vegas. The answer I gave on Friday or Saturday was four. Actually, it is six. I would also like to remind the body that there will be a conference committee on this bill in all likelihood. There's an agreement on both sides of the building that tune-up language needs to happen to the charter schools statutes. There is also a general agreement on the need for the regulation of distance education. This bill will be the vehicle, Mr. Speaker, to work out those agreements on the charter school law. I would urge my colleagues to vote in the positive.

ASSEMBLYWOMAN VON TOBEL:

Thank you, Mr. Speaker. To you and through you, a question to the chairman of Education. The six charter schools that would be allowed, does that include the charter schools we already have or six over the existing charter schools?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to my colleague from Las Vegas. The answer would be a total of six, which includes the number we have. And also, again, there is an unlimited amount of charter schools that can be opened if those charter schools have the overall objective to serve students that are at risk.

ASSEMBLYMAN DINI:

Mr. Speaker, through you to the chairman of Education. Regarding your statement that there is a need for regulation of distance education. Distance education has become very important to

rural Nevada. We are using that in the Lyon County School District. Kids in our entire district can have German, Biology and courses that were not available previously because of distance education, done by the school district itself. I don't want to do anything to impede that with regulation. Would you explain that?

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to the Speaker Emeritus. During the interim, the Legislative Committee on Education found through testimony at hearings that there were a number of schools in the rural areas who were using the opportunity for distance learning in a positive way. Many of those communities were unsure how far they could go and what exactly they could do in the area of distance learning. It was one of those things in the law that was undefined. The intent of all conversations in reference to this is to allow rural communities and those that were described by the Speaker Emeritus to clearly know they can continue to do what they are doing. The conversations surrounding distance learning, exclusively were on improving opportunities for distance learning in the rural communities.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker. On page 2, lines 25-28, it reads just as it did when we read the amendment yesterday. I'm a principal in a company that operates for profit, or at least tries to, that does donate service and computers to public schools. That is an act that would be specifically prohibited by this section. One of many very onerous sections of this bill. I get up to say this only because I'm going to vote in favor of this bill so the Senate can fix it. I just want the folks at home to know that I am paying attention.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. To you and through you, to my colleague who just spoke. This question that he raised on Saturday, we answered those questions. In addition to the answer, our chief legal advisor brought in a note and an explanation, gave it to the Speaker, and said that this was legal. It would not prohibit people from selling goods or contracting the type of things he has personal interest in. Obviously, the answer we gave Saturday doesn't suffice. Obviously, the answer that our chief legal advisor gave doesn't suffice for my colleague. At this point, I do not know what it's going to take to convince him. Maybe he needs to go, once we get a recess, and sit with Ms. Morgan and let her explain it a little bit more in layman's terms for him. We have already defined this for him. At this point, Mr. Speaker, I don't know what it is going to take for him to understand that this will not prohibit that type of activity.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker, for the second recognition. I want to mark for the record the fact that Wilson, Beers and Alu have never received any payment from any school or any school district. We have simply gone out and done volunteer work because we have kids in these schools. The motive implied by the previous speaker's statement is, in fact, false.

REMARKS FROM THE FLOOR

Assemblyman Dini requested that the following remarks be entered in the Journal.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I really hate to bring this up, but I think I need to. In reference to SB 399, the charter school bill we talked about today, my colleague from District 4 and I have had disagreement on the understanding on this. Actually, from going back and looking at the statutes

and looking at the bill, the bill makes reference to a particular statute, and the number in the bill that it references is the number “5.” It should be “4.” There is a “typo” error in the bill book that I guess caused him to look at a separate section of the statute. So, with that, that clarifies why there was such a tough time getting an understanding on the particular issue that he had questions about. In reference to his statement, the part of the statute he referred to would have done exactly what he said prohibited. Actually, the bill book had a “typo” which caused him to look in a different place. I want to clarify that.

WHEREAS, Chief Donald L. Bailey, Sr., and the staff of the State Printing Division of the Department of Administration have worked long and hard to meet the needs of the 71st session of the Nevada Legislature, and their efforts have ensured timely and efficient printing of all bills, resolutions, histories, indices, and journals; and

Assemblyman Manendo moved the adoption of the resolution.

Remarks by Assemblymen Manendo, Anderson, Price, Hettrick and Chowning.

Assemblyman Parks requested that the following remarks be entered in the Journal.

ASSEMBLYMAN MANENDO:

Thank you, Mr. Speaker. To you and through you to the body—Donald L. Bailey, Sr. wanted me to read a short letter into the record:

“Dear Mr. Speaker, through you to the members of the Assembly and Senate. We, the Nevada State Printing employees, wish to express our thanks for this recognition today. We would also like to thank you for your hard work during the 71st Legislative Session. We wish you well during the remainder of the Session.”

Today is actually a day that we recognize you folks. Today we see the leadership of the Printing Division. What we don't see is the people behind the scenes that work very, very hard. I learned that during the session they run three shifts, while during the interim it is only one. These people that work so hard on behalf of all the citizens of the State allow us to accomplish our business. We really appreciate, not only the leadership you provide, but the people behind the scenes that I'm sure are working right now. We hear complaints about working until 9:00 but they are there all the time. Mr. Speaker, I ask this body to support this resolution.

ASSEMBLYMAN ANDERSON:

I rise in support of our printing group. I believe it is the first and oldest labor union in the State of Nevada. Through the sessions I have been here the loyalty of the hard workers that are there on a day-to-day and night-to-night basis has proved that without them this just couldn't happen. In keeping with that tradition they meet the highest order. I would feel negligent not to rise in support of those workers.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. It is my pleasure also to rise in support of this resolution. I learned many years ago by becoming friends with Don and watching the work these folks do how fortunate we are. For any of you that haven't been there, the print shop is across the street. It is worth the time to go by and see the work and how they operate to keep us up to date. We really, really appreciate it—you couldn't do better. We thank you very much.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I rise in support of ACR 39. I wanted to let Mr. Bailey and his staff know that we in the minority appreciate the work they do just as much as the majority does. We want them to know that their efforts are not overlooked or forgotten. We look at these books every day and realize that without your efforts and hard work we wouldn't have these bills so we can work on them and move forward. We do appreciate everything you do.

ASSEMBLYWOMAN CHOWNING:

Thank you, Mr. Speaker. I just wanted to say that I also rise in support. If anybody saw the quality of the last newsletter, it was so professional, full color, slick, with beautiful pictures. The nicest thing about the newsletter was the compliments they gave all of us for the hard work that we do. The print shop is a part of our team, a proud part of the team and I want to tell them thank you.

The following Senate amendment was read:

Amendment No. 945.

Amend the bill as a whole by deleting section 1 and adding new sections designated sections 1 and 2, following the enacting clause, to read as follows:

“Section 1. NRS 444.630 is hereby amended to read as follows:

444.630 1. ~~[As used in this section, "garbage" includes swill, refuse, cans, bottles, paper, vegetable matter, carcass of any dead animal, offal from any slaughter pen or butcher shop, trash or rubbish.~~

2. ~~Every~~ A person who ~~[willfully]~~ places, deposits or dumps, or who causes to be placed, deposited or dumped, or who causes or allows to overflow, any sewage, sludge, cesspool or septic tank effluent, or accumulation of human excreta, or any ~~[garbage,]~~ *solid waste*, in or upon any street, alley, public highway or road in common use, or upon any public park or other public property other than property designated or set aside for such a purpose by the governing body having charge thereof, or upon any private property, ~~[into or upon which the public is admitted by easement, license or otherwise,]~~ is guilty of :

(a) *For a first offense within the immediately preceding 2 years, a misdemeanor. [and, if the convicted person agrees, he shall be sentenced to]*

(b) *For a second offense within the immediately preceding 2 years, a gross misdemeanor and shall be punished by imprisonment in the county jail for not fewer than 14 days but not more than 1 year.*

(c) *For a third or subsequent offense within the immediately preceding 2 years, a gross misdemeanor and shall be punished by imprisonment in the county jail for 1 year.*

2. *In addition to any criminal penalty imposed pursuant to subsection 1 and any civil penalty imposed pursuant to NRS 444.635, a court shall sentence a person convicted of violating subsection 1:*

(a) *If the person is a natural person, to clean up the dump site and perform 10 hours of work for the benefit of the community under the conditions prescribed in NRS 176.087.*

(b) *If the person is a business entity:*

(1) *For a first or second offense within the immediately preceding 2 years, to:*

(I) *Clean up the dump site; and*

(II) *Perform 40 hours of community service cleaning up other dump sites identified by the solid waste management authority.*

(2) *For a third or subsequent offense within the immediately preceding 2 years, to:*

(I) *Clean up the dump site; and*

(II) *Perform 200 hours of community service cleaning up other dump sites identified by the solid waste management authority.*

3. *If a person is sentenced to clean up a dump site pursuant to subsection 2, the person shall:*

(a) *Within 3 calendar days after sentencing, commence cleaning up the dump site; and*

(b) *Within 5 business days after cleaning up the dump site, provide to the solid waste management authority proof of the lawful disposal of the sewage, solid waste or other matter that the person was convicted of disposing of unlawfully.*

(b) The solid waste management authority may seek the revocation of such a license by way of any applicable procedures established by the governmental entity that issued the license.

5. Except as otherwise provided in NRS 444.585, ownership of ~~[garbage]~~ solid waste does not transfer from the person who originally possessed it until it is received for transport by a person authorized to dispose of solid waste pursuant to this chapter or until it is disposed of at a municipal disposal site. Identification of the owner of any ~~[garbage]~~ solid waste which is disposed of in violation of subsection ~~[2]~~ 1 creates a reasonable inference that the owner is the person who disposed of the ~~[garbage]~~ solid waste. The fact that the disposal of the ~~[garbage]~~ solid waste was not witnessed does not, in and of itself, preclude the identification of its owner.

~~[4]~~ 6. All:

- (b) Game wardens;
- (c) Police officers of cities and towns;
- (d) Sheriffs and their deputies;

Each of these persons and entities, their officers and employees, shall cooperate by providing any information in their possession which may aid in the location and identification of a person believed to be in violation of subsection ~~[2]~~ 1. A disclosure made in good faith pursuant to this subsection does not give rise to any action for damages for the disclosure.

Sec. 2. This act becomes effective upon passage and approval for the purpose of the solid waste management authority prescribing the forms of proof which may be provided to satisfy the provisions of paragraph (b) of subsection 3 of section 1 of this act, and on September 1, 2001, for all other purposes.”.

SPECIAL ORDERS OF THE DAY

Vetoed Assembly Bill No. 481 of the 71st Session.

Governor's message stating his objections read.

OFFICE OF THE GOVERNOR

CARSON CITY, NEVADA, May 24, 2001

THE HONORABLE RICHARD D. PERKINS, *Speaker of the Assembly*, Nevada State Assembly,
Legislative Building, 401 S. Carson Street, Carson City, Nevada 89701-4947

DEAR SPEAKER PERKINS:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 481, which is entitled:

AN ACT relating to motor vehicles; prohibiting in certain circumstances a person from operating a sound amplification system in a motor vehicle in a certain manner; providing a penalty; and providing other matters properly relating thereto.

For the reasons set forth below, I must veto Assembly Bill 481. The provisions of Assembly Bill 481, with certain exceptions, would amend Chapter 484 of NRS to mandate that,

the driver of a motor vehicle shall not operate or allow the operation of a sound amplification system in the motor vehicle in such a manner that the sound emanating from the sound amplification system is audible from a distance of more than 25 feet from the motor vehicle when the motor vehicle is being operated upon a highway.

I believe the sponsors of this bill were well intentioned when they proposed this legislation. However, in my opinion, it is better public policy to have local governments regulate the type of behavior described in Assembly Bill 481 in a manner that best satisfies the needs of their local jurisdictions. Also, I cannot support this legislation as written. The language of this bill is of such a subjective nature that it would unduly burden the efforts of law enforcement officers to enforce this legislation. The subjective language within this bill would undoubtedly cause law enforcement agencies to face numerous court challenges from ticketed drivers on the grounds that the sounds emanating from their motor vehicle were not audible from a distance of 25 feet or that this law was being selectively enforced against some of our citizens. Therefore, in my opinion, this bill as written would not constitute good public policy.

Sincerely,
Kenny C. Guinn
Governor

Bill read.

The question was put: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Assemblymen Chowning, Brower and Beers.

The roll was called, and the Assembly sustained the veto of the Governor by the following vote:

Roll call on Assembly Bill No. 481:

YEAS—15.

NAYS—Anderson, Angle, Arberry, Bache, Beers, Berman, Brower, Brown, Buckley, Carpenter, Cegavske, Dini, Giunchigliani, Goldwater, Gustavson, Hettrick, Leslie, Manendo, Marvel, Neighbors, Nolan, Smith, Tiffany, Von Tobel, Williams—25.

EXCUSED—Gibbons, Humke—2.

Assembly Bill No. 481 having failed to received a two-thirds majority, Mr. Speaker declared the veto sustained.

Assembly Joint Resolution No. 15—Urging the President and the Congress of the United States to support the participation of Taiwan of the Republic of China in the World Health Organization.

Assemblyman Dini moved that all rules be suspended, reading so far had considered first reading, rules further suspended, resolution considered engrossed, declared an emergency measure under the Constitution and placed on the top of third reading and final passage.

Motion carried unanimously.

GENERAL FILE AND THIRD READING

Assembly Joint Resolution No. 15.

Resolution read third time.

Remarks by Assemblymen Dini, Buckley, Anderson, Hettrick, Nolan and Humke.

Assemblyman Dini requested that the following remarks be entered in the Journal.

ASSEMBLYMAN DINI:

Nevada has enjoyed its political and economic ties with Taiwan for many years. In 1985, Taiwan was designated as Nevada's sister state. This resolution urges the United States Congress to support the participation of Taiwan of the Republic of China, in the World Health Organization. Participation in an international program such as the World Health Organization is crucial to world health to prevent the potential spread of various infectious diseases which increase proportionately with the increase in world trade and travel. This country's population of 21 million is larger than three-quarters of the member states already in the World Health Organization. Taiwan shares the noble goals of the organization and is committed to assist financially or technically in international aid and health activities. I therefore urge this house to

support this resolution to tell the Congress to support their efforts to become a member of this organization.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I rise in strong support of AJR 15. As this body works on health care issues, every session, I think all of us in this body are well aware the health care needs of every state and nation. It is so important, I believe, for the participation in the World Health Organization, as the resolution clearly states. As we move in friendship with our colleagues who have joined us here today, I would like to rise in strong support that we send a message to the President and the Congress to consider the health care needs first, and do all it can to ensure Taiwan of the Republic of China, finally gets the participation they deserve, back, to join the World Health Organization.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I rise in support of the resolution. Both in recognition of the commitment of the State of Taiwan of the Republic of China to its rightful position as a world health participant. I think it is only fitting that we recognize this more so, not just because she's our sister state, but because of her position as a world leader, in terms of its economic position and its contribution for its citizens. It deserves and needs this type of recognition.

ASSEMBLYMAN HETRICK:

Thank you, Mr. Speaker. I, too, rise in support of AJR 15. I think it is important to recognize that Taiwan is not asking to step into this without being a willing participant and a partner in the funding and the technology that is a part of the World Health Organization. They have offered to participate in every way and be a true partner in the World Health Organization. I think the United States and the rest of the world need to recognize their willingness to help all of us benefit, not just for their own but for the entire world's benefit, so I truly support this resolution and trust all of us will send that message.

ASSEMBLYMAN NOLAN:

Thank you, Mr. Speaker. I, too, rise in support of AJR 15. It doesn't take much to draw correlation between our efforts to provide health care, as my colleague from Clark County said, to our rural areas and the health care that is needed in so many disadvantaged countries in the same region of the world, in which Taiwan exists. It would only be fitting that the assistance they have offered, Taiwan being advanced culturally and financially, would have world class physicians which they could lend to the efforts of these other disadvantaged countries. I strongly support AJR 15.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker. I rise in support of AJR 15 and would echo the remarks of previous speakers. It is not hard to imagine that the regional leader, the Asian leader of all countries, would be the leader in the health care field as well. We need to support this resolution, to support our sister state with whom we have such great relations. Thank you, Mr. Speaker.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Assembly Bill 564 is a key piece of legislation that will benefit our retirees as well as our current employees. When we voted this bill out, as amended, in Ways and Means it was asked that I read a letter of intent on the floor. I will submit it for the record if I may. As originally drafted AB 564 would have placed into statute a provision requiring the Public Employees Benefits Program to return to a coordination of benefits for Medicare retirees in the group health plan following the Medicare "carve out" of 1999. That statutory change was sought because the plan has not fully eliminated the impact of the carve out despite a 1999 Legislative Letter of Intent stating the carve out be eliminated or partially restored due to the disproportionate impact it had on retirees over 65 years of age. There has been some reduction on out-of-pocket costs for Medicare retirees in the plan from \$3000 (for the year 2000) down to \$2000 (for 2001). However relative to AB 564 the Ways and Means Committee requested a Letter of Intent expressing its continuing intention to ask the board to eliminate the impact the carve out on our Medicare retirees.

Sec. 9. 1. Before advertising its services or conducting business in this state, a seller of travel must register with the division by:

(a) Submitting to the division an application for registration on a form prescribed by the division;

(b) Paying to the division a fee of \$25; and

(c) Depositing the security required pursuant to section 10 of this act, if any, with the division.

2. The division shall issue a certificate of registration to the seller of travel upon receipt of:

(a) The security in the proper form if the seller of travel is required to deposit security pursuant to section 10 of this act; and

(b) The payment of the fee required by this section.

(c) A certificate of deposit in a financial institution which is doing business in this state and which is federally insured or insured by a private insurer approved pursuant to NRS 678.755. The certificate of deposit may be withdrawn only on the order of the commissioner, except that the interest may accrue to the seller of travel.

2. The term of the bond, letter of credit or certificate of deposit, or any renewal thereof, must be not less than 1 year.

3. *The amount of the bond, letter of credit or certificate of deposit, or any renewal thereof, must be \$50,000.*

The division may deduct its costs of the action, including the costs of the publication of the notice, from the amount of the security. All claims against the security have equal priority. If the security is insufficient to pay all the claims in full, the claims must be paid pro rata. If the seller of travel has posted a bond with the division, the surety is then relieved of all liability under the bond.*

4. *The division may, in lieu of bringing an action for interpleader pursuant to subsection 3, conduct a hearing to determine the distribution of the security to claimants. The division shall adopt regulations to provide for*

adequate notice and the conduct of the hearing. If the seller of travel has posted a bond with the division, distribution pursuant to this subsection relieves the surety of all liability under the bond.

5. If the security is sufficient to pay all claims against the security in full, the division may deduct from the amount of the security, the cost of any investigation or hearing it conducted to determine the distribution of the security.

Sec. 12. 1. 2. If one or more claims have been filed against the security within 6 months after the seller of travel ceases to operate or his registration expires, whichever occurs later, the proceeds must not be released to the seller of travel or distributed to any consumer earlier than 1 year after the seller of travel ceases to operate or his registration expires, whichever occurs later.

REMARKS FROM THE FLOOR

Assemblyman Parks requested that the following remarks be entered in the Journal.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. Today is Cowboy Hall of Fame day in the Nevada Assembly. Mr. Williams and I have the special honor to induct special people into the Cowboy Hall of Fame today. If you don't make it this time, just remember if you stay here long enough, you will become a member of the Cowboy Hall of Fame. Maybe Mr. Williams would like to make a preliminary statement on what the Hall of Fame is all about.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. First of all, I want to tell all the members why it is better to be a cowboy than to be a politician. First of all, a cowboy gets up early in the morning and he decides what he is going to do. He then straddles his horse and he gets to work. He spends as little money as he can. He does the best he can. A politician, on the other hand, gets up late in the morning, straddles the fence, spends all the money he can, gets all the votes lined up, then he decides what to do. So, Mr. Speaker, being a charter member of the Cowboy Hall of Fame and the only urban cowboy in the Hall of Fame, I was somewhat reluctant to accept the position my

colleague from Elko has taken, but being an honorary resident of Elko, I had to go along with that as well. Getting into the Cowboy Hall of Fame is something that is not easily and readily done. Living in the West is one of the things we honor and respect throughout the State. Those members that we induct into the Hall of Fame today take this induction with a lot of pride and honor. You have to be able to sit out on the range by the campfire. You just can't get up on a horse, put him in a trailer, and drive where you have to go. You have to ride out to the range, eat the beans from the can, recite the poetry and live the cowboy way. With that, Mr. Speaker, we would like to, with your indulgence, present to you today, the member of the Cowboy Hall of Fame. We would like to ask that we have as much decorum and respect as possible when we do this. I would hate to do what a cowboy had to do down in Texas.

This cowboy rode into town and he wanted a drink. He pulled into a saloon. It was one of those towns where the local people had a habit of picking on strangers. So this particular cowboy rode into town and had his drink at the saloon. We he went back outside someone had stolen his horse. He walked back into the bar and said, "Don't make me do what I had to do down in Texas. I'm going to have another drink. When I finish, I expect my horse to be back where I left it." He took his gun out, threw it up in the air without even looking, caught it and shot the chandelier out. He drank one more beer and went back outside. His horse was sitting right where he had left it. He got on his horse and started to ride out of town when the bartender staggered outside. He asked, "By the way, stranger. What did you have to do down in Texas?" The cowboy turned around and said, "I had to walk the rest of the way to where I was going." So, we don't want to do what we had to do in Texas when we do this.

ASSEMBLYMAN CARPENTER:

Thank you, Mr. Speaker. THE COWBOY WAY: Write it in your heart. Stand by the code and it will stand by you. Ask no more and give no less than honesty, courage, loyalty, generosity, fairness and never forget their constituents name.

ASSEMBLYMAN WILLIAMS:

Speaker Rich "The Kid" Perkins is a native Nevadan, born in Boulder City and first elected to the Nevada Assembly in 1993 serving five regular sessions by following the cowboy rule of, "Talk low, talk slow and don't say too much." With that, we would like to induct Speaker Richard Perkins into the Cowboy Hall of Fame.

MR. SPEAKER:

Thank you, to Mr. Carpenter and Mr. Williams. It is an honor I am at a loss of words to describe.

ASSEMBLYMAN CARPENTER:

WHEREAS, Vonne "Boom Boom" Chowning is a graduate of the University of Nevada and has served six regular sessions and one special session by following the cowboy rule of, "The easiest way to eat crow is while it's still warm. The colder it gets, the harder it is to swallow." We want to now induct "Boom Boom" into the Cowboy Hall of Fame.

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. I need to tell all those people who have been trying to get into the Hall of Fame. One of the things you have to know how to do is the "hambone." You got to be able to do the "hambone" to get into the Cowboy Hall of Fame. If you need some lessons on that, I'll give you that lesson. WHEREAS, Dave "Hambone" Humke has served the state of Nevada as a United States Marine and in ten regular sessions and two special sessions by following the cowboy rule of, "It don't take a genius to spot a goat in a flock of sheep." We hereby induct David "Hambone" Humke into the Cowboy Hall of Fame.

ASSEMBLYMAN HUMKE:

Thank you, Mr. Speaker and ya'll. I've learned one thing from the charter members of the Hall of Fame—stop trying so hard and you'll get in. Thank you.

ASSEMBLYMAN CARPENTER:

WHEREAS, Lynn "Cool Hand" Hettrick was co-speaker of the Assembly in 1995 and has

served in five regular sessions by following the cowboy rule of, “Timing has a lot to do with the outcome of a rain dance.” Mr. Co-Speaker, you are now a member of the famous Cowboy Hall of Fame.

ASSEMBLYMAN WILLIAMS:

I just want to say to all those buckaroos, sidewinders, and cowpokes who might be listening out on the Internet today, there’s some very beautiful cowgirls in this facility today. With that, Mr. Speaker: WHEREAS, Chris “Bulldog” Giunchigliani received her Masters degree in Education from UNLV and has served six regular sessions by following the cowboy rule of, “Don’t worry about bitin’ off more’n you can chew; your mouth is probably a whole lot bigger’n you think.”

ASSEMBLYWOMAN GIUNCHIGLIANI:

From a “ka-girl” to a “ka-boy,” thank you very much. I am quite honored. I guess I will have to go out and do a tour of Elko again in the near future.

ASSEMBLYMAN CARPENTER:

This is a lot of fun. WHEREAS, Moose “Brush Popper” Arberry was educated in Nevada at Western High School and UNLV and has served in nine regular sessions and one special session by following the cowboy rule of, “If you’re ridin’ ahead of the herd, take a look back every now and then to make sure it’s still there with ya.”

ASSEMBLYMAN WILLIAMS:

Thank you, Mr. Speaker. We are trying to get through this as fast as we can but this is very important business for our State. WHEREAS, Bernard “Bubba” Anderson was born, raised and educated in the Great State of Nevada and has served six regular sessions by following the cowboy rule of, “The biggest troublemaker you’ll probably ever have to deal with watches you shave his face in the mirror every morning.”

ASSEMBLYMAN ANDERSON:

“Awww, shucks.”

ASSEMBLYMAN CARPENTER:

Now, for the guy that was really hoping he would get into the Cowboy Hall of Fame. It took us a long time to decide. WHEREAS, Tom “Rhinestone” Collins is a Nevada Power Company Apprentice Program graduate and has served four regular sessions by following the cowboy rule of, “Don’t try on another man’s hat. It’s almost as bad as getting on his horse.” So, with that Tom Collins, you are finally in the Cowboy Hall of Fame.

ASSEMBLYMAN COLLINS:

Mr. Speaker, members of this illustrious body, I am very proud to have finally made this accomplishment. This is a very important goal I have always had ever since I got into the Legislature. In fact, after not making it last time after the last session, I immediately went to Yerington where the best cattle in the State of Nevada are grown and bought seven heifers that were already bred so that I could really be a cowboy. It worked. Thank you, very much.

ASSEMBLYMAN CARPENTER:

Mr. Collins, buying those cows, you are going to be a broke cowboy.

ASSEMBLYMAN WILLIAMS:

Mr. Speaker, finally, probably the only real cowboy, other than my colleague from Elko and myself in this building—WHEREAS, Terry “Biscuit Roller” Sullivan is a native Nevadan raised in Lovelock and has served in the Assembly Sergeant at Arms office for four regular sessions by following the cowboy rule of, “Few cowboys ever owned much. The primary reward of being a cowboy was the pleasure of living a cowboy’s life.” We present the real cowboy of Nevada, Terry “Biscuit Roller” Sullivan.

ASSEMBLYMAN CARPENTER:

Thank you. We appreciate all of you being in the Assembly. Remember, if you stay here long enough, whether you like or not, you're going to get into the Cowboy Hall of Fame. This time there were so many people that should be in that we had to roll the dice, like we do in Nevada. It's the luck of the draw. Stay around and run again. RESOLVED BY THE LEGISLATIVE COWBOY HALL OF FAME, that these eight legislative members and one honorary member are recognized for their outstanding service in following the Cowboy Way; and be it further

RESOLVED that Rick "The Kid" Perkins, Vonne "Boom Boom" Chowning, Dave "Hambone" Humke, Lynn "Cool Hand" Hettrick, Chris "Bulldog" Giunchigliani, Moose "Brush Popper" Arberry, Bernard "Bubba" Anderson, Tom "Rhinestone" Collins and Terry "Biscuit Roller" Sullivan are hereby inducted into the Nevada Assembly Cowboy Hall of Fame. This official proclamation is signed by John "Boss" Carpenter and Wendell "Rowdy" Williams. Thank you, all.

"Sec. 14. NRS 284.3775 is hereby amended to read as follows:

284.3775 1. Except as otherwise provided in this section, employees of the supreme court, employees in the unclassified service of the executive branch of the government of the State of Nevada, or employees of the legislative branch of the government of the State of Nevada who have served for 4 consecutive months or more are entitled to transfer to a position having similar duties and compensation in the classified service of the state on the same basis as employees may transfer within the classified service from a position under one appointing authority to a position under another appointing authority. The benefit conferred by this subsection includes any exemption from the taking of a competitive examination, retention of credits for annual and sick leave and longevity, and priority on the lists of eligible persons to the extent that such privileges are accorded to employees transferring within the classified service.

2. Except as otherwise provided in subsection 4, the benefits conferred by subsection 1 do not apply to an employee in the unclassified service who is the chief officer of a department or division.

3. Except as otherwise provided in this subsection and subsection 4, a person may not transfer pursuant to subsection 1 to a class composed of:

(a) Professionally qualified persons; or

(b) Officers and administrators who set broad policies and exercise responsibility for the execution of those policies.

A person may transfer to a class described in paragraph (a) or (b) if that class is provided for pursuant to subsection 2 of NRS 284.155.

The restrictions provided in subsections 2 and 3 do not apply to an employee of the supreme court, an employee in the unclassified service of the executive branch of government or an employee of the legislative branch of government whose appointment to that position was immediately preceded by an appointment in the classified service, except that such an employee may only transfer to a position in the classified service that has duties and compensation that are similar either to his current position or to a position he previously held in the classified service.

5. An employee in the classified service of the state who is granted leave without pay to accept a position in the legislative branch of government during a regular or special session:

(a) Is entitled to be restored to his previous position in the classified service upon the completion of the legislative session without loss of seniority or benefits. Seniority must be calculated as if he had not taken the leave.

(b) Is eligible to fill vacancies in positions within the classified service to the extent that he would be eligible if he was not on leave from his position in the classified service.

6. *An employee of the legislative branch of the government of the State of Nevada who is employed at the conclusion of a regular session of the legislature and is eligible at that time pursuant to subsection 1 to transfer to a position having similar duties and compensation in the classified service of the state may transfer to such a position on or before November 1 following session notwithstanding the termination of his employment with the legislative branch of government before that date. For the purposes of this section, the weekly compensation of a person paid a daily salary during a legislative session is seven times the daily salary.”*

Conference Amendment No. CA1.

Amend the bill as a whole by renumbering section 1 as sec. 2 and adding a new section designated section 1, following the enacting clause, to read as follows:

“Section 1. NRS 200.485 is hereby amended to read as follows:

200.485 1. Unless a greater penalty is provided pursuant to NRS 200.481, a person convicted of a battery that constitutes domestic violence pursuant to NRS 33.018:

(a) For the first offense within 7 years, is guilty of a misdemeanor and shall be sentenced to:

(1) Imprisonment in the city or county jail or detention facility for not less than 2 days, but not more than 6 months; and

(2) Perform not less than 48 hours, but not more than 120 hours, of community service.

The person shall be further punished by a fine of not less than \$200, but not more than \$1,000. A term of imprisonment imposed pursuant to this paragraph may be served intermittently at the discretion of the judge or justice of the peace, except that each period of confinement must be not less than 4 consecutive hours and must occur at a time when the person is not required to be at his place of employment or on a weekend.

(b) For the second offense within 7 years, is guilty of a misdemeanor and shall be sentenced to:

(1) Imprisonment in the city or county jail or detention facility for not less than 10 days, but not more than 6 months; and

(2) Perform not less than 100 hours, but not more than 200 hours, of community service.

The person shall be further punished by a fine of not less than \$500, but not more than \$1,000.

(c) For the third and any subsequent offense within 7 years, is guilty of a category C felony and shall be punished as provided in NRS 193.130.

2. In addition to any other penalty, if a person is convicted of a battery which constitutes domestic violence pursuant to NRS 33.018, the court shall:

(a) For the first offense within 7 years, require him to participate in weekly counseling sessions of not less than 1 1/2 hours per week for not less than 6 months, but not more than 12 months, at his expense, in a program for the treatment of persons who commit domestic violence that has been certified pursuant to NRS 228.470.

(b) For the second offense within 7 years, require him to participate in weekly counseling sessions of not less than 1 1/2 hours per week for 12 months, at his expense, in a program for the treatment of persons who commit domestic violence that has been certified pursuant to NRS 228.470.

3. An offense that occurred within 7 years immediately preceding the date of the principal offense or after the principal offense constitutes a prior offense for the purposes of this section when evidenced by a conviction, without regard to the sequence of the offenses and convictions. The facts concerning a prior offense must be alleged in the complaint, indictment or information, must not be read to the jury or proved at trial but must be proved at the time of sentencing and, if the principal offense is alleged to be a felony, must also be shown at the preliminary examination or presented to the grand jury.

4. In addition to any other fine or penalty, the court shall order such a person to pay an administrative assessment of \$35. Any money so collected must be paid by the clerk of the court to the state treasurer on or before the

fifth day of each month for the preceding month for credit to the account for programs related to domestic violence established pursuant to NRS 228.460.

5. In addition to any other penalty, the court may require such a person to participate, at his expense, in a program of treatment for the abuse of alcohol or drugs that has been certified by the health division of the department of human resources.

6. *If it appears from information presented to the court that a child under the age of 18 years may need counseling as a result of the commission of a battery which constitutes domestic violence pursuant to NRS 33.018, the court may refer the child to an agency which provides protective services. If the court refers a child to an agency which provides protective services, the court shall require the person convicted of a battery which constitutes domestic violence pursuant to NRS 33.018 to reimburse the agency for the costs of any services provided, to the extent of his ability to pay.*

7. If a person is charged with committing a battery which constitutes domestic violence pursuant to NRS 33.018, a prosecuting attorney shall not dismiss such a charge in exchange for a plea of guilty, guilty but mentally ill or nolo contendere to a lesser charge or for any other reason unless he knows, or it is obvious, that the charge is not supported by probable cause or cannot be proved at the time of trial. A court shall not grant probation to and, except as otherwise provided in NRS 4.373 and 5.055, a court shall not suspend the sentence of such a person.

~~{7.}~~ 8. As used in this section:

(a) *"Agency which provides protective services" has the meaning ascribed to it in NRS 432B.030.*

(b) *"Battery" has the meaning ascribed to it in paragraph (a) of subsection 1 of NRS 200.481 . ~~and~~*

~~(b)}~~ (c) *"Offense" includes a battery which constitutes domestic violence pursuant to NRS 33.018 or a violation of the law of any other jurisdiction that prohibits the same or similar conduct."*

Amend the bill as a whole by adding new sections designated sections 3 and 4, following section 1, to read as follows:

"Sec. 3. Chapter 432B of NRS is hereby amended by adding thereto a new section to read as follows:

1. *Upon receiving a referral from a court pursuant to subsection 6 of NRS 200.485, an agency which provides protective services may, as appropriate, conduct an assessment to determine whether a psychological evaluation or counseling is needed by a child.*

2. *If an agency which provides protective services conducts an assessment pursuant to subsection 1 and determines that a psychological evaluation or counseling would benefit the child, the agency may, with the approval of the parent or legal guardian of the child:*

(a) *Conduct the evaluation or counseling; or*

(b) *Refer the child to a person that has entered into an agreement with the agency to provide those services.*

Sec. 4. The amendatory provisions of sections 1 and 3 of this act do not apply to offenses committed before October 1, 2001.”.

Amend the title of the bill, first line, after “violence;” by inserting: “providing that the court may refer a child to an agency which provides protective services if the child may need counseling as a result of the commission of a battery which constitutes domestic violence; providing that an agency which provides protective services may conduct an assessment of the child to determine whether a psychological evaluation or counseling is needed by the child;”.

Amend the summary of the bill to read as follows:

“SUMMARY—Enacts provisions pertaining to child affected by battery which constitutes domestic violence. (BDR 15-854)”.

By Assemblymen Perkins, Buckley, Dini, Hettrick, Anderson, Angle, Arberry, Bache, Beers, Berman, Brower, Brown, Carpenter, Cegavske, Chowning, Claborn, Collins, de Braga, Freeman, Gibbons, Giunchigliani, Goldwater, Gustavson, Humke, Koivisto, Lee, Leslie, Manendo, Marvel, McClain, Mortenson, Neighbors, Nolan, Oceguela, Ohrenschall, Parks, Parnell, Price, Smith, Tiffany, Von Tobel and Williams; Senators Raggio, Titus, Amodei, Care, Carlton, Coffin, Jacobsen, James, Mathews,

McGinness, Neal, O'Connell, O'Donnell, Porter, Rawson, Rhoads, Schneider, Shaffer, Townsend, Washington and Wiener:

Assembly Concurrent Resolution No. 41—Commending the staff of the Legislative Counsel Bureau.

WHEREAS, As early as 1945, when the Legislative Counsel Bureau was created, the Nevada Legislature recognized the need for additional information, advice and assistance in securing sufficient details to act advisedly on legislative matters and accommodate increasingly complex legislative tasks that were impossible to complete without support; and

WHEREAS, The functions assigned to the Legislative Counsel Bureau, which was composed of only three members in 1945, were restricted mainly to the appointment of a Legislative Counsel whose principal duties were to assist the Legislature by conducting a survey relating to the needs and functions of the existing entities of the state government and by providing advice for proposed legislation concerning those matters; and

WHEREAS, Since those early days, the Legislative Counsel Bureau has evolved into an organization of more than 200 professional employees, and during legislative sessions, almost 300 public servants, who provide a full range of services for the “people’s branch” of government; and

WHEREAS, The goal of the Legislative Counsel Bureau in the modern era is to continue to meet the ever-increasing challenges of providing nonpartisan, centralized services to members of both houses of the Legislature and their constituents in the most efficient, professional manner possible; and

WHEREAS, The 2001 legislative session, like the historic session of 1999, was limited to 120 calendar days, placing extra time constraints upon the staff; and

WHEREAS, The ability to meet this time limitation is dependent upon the coordination of staff assignments and, ultimately, the participation of each staff member to accomplish in 120 days what had been completed in the longer sessions of the past; and

WHEREAS, The staff of each division and unit of the Legislative Counsel Bureau contributed to the success of the 2001 session and met the various challenges with unparalleled skill, resourcefulness, diligence and, when necessary, humor; and

WHEREAS, In the Administrative Division of the Legislative Counsel Bureau, the staff of the Information Systems Unit and the Media Services Unit continued to improve technology for the legislative process, the staff of the Buildings Unit, the Grounds Unit and the Janitorial Unit prepared and meticulously maintained the building and its grounds as a showplace in Carson City, and the staff of the Accounting Unit, the General Services Unit, the Legislative Police, the Las Vegas office and the Director’s office, and the session staff in the message center, the public bill room, the bill mail room, lobbyist registration and the lobbyist center kept the Legislature functioning smoothly; and

WHEREAS, The staff of the Audit Division continued to provide the Legislature with independent and reliable information about the operations of state agencies, programs, activities and functions by presenting audit reports and by testifying on legislation to promote accountability in state government, and continued to produce their high-quality audits while reviewing all legislation within the time limitations in a quick and efficient manner; and

WHEREAS, The staff of the Fiscal Analysis Division reviewed the ever-increasing budget, bills relating to the budget and budget amendments within the condensed period, maintaining their usual accuracy and efficiency, reviewed fiscal notes in half the time available in sessions before 1999, provided staff support for the Committees on Taxation and responded to Legislators’ requests for information concerning budgets and taxation promptly and efficiently; and

WHEREAS, The staff of the Legal Division exceeded their high standards by meeting all deadlines for the drafting of bills and amendments, preparing an increasing quantity of work without sacrificing quality or their meticulous attention to detail, while providing legal advice on the usual wide range of issues to the Legislature and its staff, fully aware that their dedication and long hours were essential to the success of the 120-day session; and

WHEREAS, The staff of the Research Division, assisted by its Research Library, provided research and analysis of current and proposed public programs and policies, furnished thorough

and prompt background information for use in committees and on the floor of each legislative house, aided committee chairmen by providing administrative and technical assistance in the hearing and processing of bills to meet the rigorous scheduling demands established as a result of the condensed session, and responded to an increased number of Legislator and constituent requests in a timely, efficient and thorough manner despite strict time constraints; and

WHEREAS, Although the demands on legislative staff were even greater this session because of the reapportionment and redistricting of both legislative houses, the congressional districts and the districts of the State Board of Education and the Board of Regents of the University of Nevada, the duties pertaining thereto were provided in an efficient, impartial, professional and coordinated manner by several different divisions and units of the Legislative Counsel Bureau; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, THE SENATE CONCURRING, That the members of the 71st session of the Nevada Legislature do hereby express their sincere appreciation to the outstanding staff of the Legislative Counsel Bureau and commend the dedication, cooperation and exceptional work of each person on the staff; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to Lorne Malkiewich, Director of the Legislative Counsel Bureau.

Assemblywoman Buckley moved the adoption of the resolution.

Remarks by Assemblymen Buckley, Hettrick, Nolan, Giunchigliani, Anderson, Cegavske, Smith, Ohrenschall and Price.

Assemblywoman Buckley requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. As we begin winding down this legislative session, it seems only appropriate to thank the people who helped us get to the spot where we are today. It's very difficult to believe, Mr. Speaker, and to you and through you to the members of this body, but we are not the easiest people in this world to work for. We have the best staff imaginable, from Legal, who take our thoughts and try to transform them into laws. To Research, that provides us the opportunity to learn what other states have done. To Fiscal, that helps us put together a budget and implements so many of the programs that we find important. To our Audit Division, which provides us the information so that we know we're being the most effective we can be as a state. To Information and Media Services, so many of the folks that provide the support we need to do what we do.

A special thanks to all the Information Services folks, who have equipped us with computers which allow us to e-mail even more questions to Fiscal, Legal and Research as we try to get information on a quick basis to try and make the best laws that we can. Our Legislative Police, folks we sometimes don't see, but who are looking after our security. They are always here for us. Our permanent clerk staff. There are so many. All of the support staff that make us able to do the work we do.

As we reach the end and we're working 20-hour days and our staff is working 20-hour days, we thought it only appropriate to take this opportunity to thank each and every staff person for the hard work that they do. We have never, I think, seen such a fine collection of staff. They make our work possible. So, with this resolution, we want to express in a small way our thanks for all of the hard work.

ASSEMBLYMAN HETTRICK:

Thank you, Mr. Speaker. I rise in support of ACR 41. I look at this resolution and the first words that struck me was that it says, "two hundred professional employees." I have to tell you I don't think that word could be better said in regard to a group of employees. They epitomize professionalism. They do their job well. They are well trained. They are just so capable and competent in every possible way. Those of the folks that are in the professional staff, I just, again, can't tell you how much you do for us and how much we appreciate it and how professional you really are. The next line down says, "almost three hundred public servants."

Again, I think these people have to epitomize what public service is. Most of the public in the State of the Nevada have no idea these people are working anywhere in this building or anywhere for this Legislature. They are totally behind the scenes. They are unsung heroes of getting the work done, day in and day out. No one knows they do it. So, it's only fitting that we get up and thank them for all their efforts that make our job easier and hopefully better. We simply can't thank them all enough. We do want to say thanks to them and we appreciate all their efforts on our behalf in this session.

ASSEMBLYMAN NOLAN:

Thank you, Mr. Speaker. I, too, had to rise in support of ACR 41. In my fourth session, it never ceases to amaze me the caliber and the quality of the people that LCB continues to hire and find for us. The personality and friendliness and the funloving attitude of these people is truly amazing. I just want to say that these folks are just as responsible for the job that we do in our legislative duties as any elected official is. I personally wanted to offer my support and thanks.

ASSEMBLYWOMAN GIUNCHIGLIANI:

Thank you, Mr. Speaker. I, too, rise in support ACR 41. I simply wanted to echo what my colleagues have said very eloquently. If you look around the room, we only have the fortune of having four or five of our "workhorses," so to speak. That is a kind term in this case. They are all behind the scenes as the minority leader said. That doesn't mean that they don't run this place. We may think we do, but it really is them. They make us look good. We would not be successful if it wasn't for them. I also have to echo and acknowledge that this is one of the best non-partisan groups that we had the fortune to work with. I think that's the key to what makes it work. No matter what, no ideas dismissed, no one is looked at as a party person. "If that's a policy decision, I will help you make it work." So to those of you listening on your TV's or intercoms, thank you very much and we appreciate all that you do. Hopefully, the check will be in the mail as of June 4th.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I, also, rise in support of ACR 41. The quality of the work, obviously, we're all very familiar with. What never ceases to amaze me is, when I walk into Legal or Research, just having seen one of my colleagues leave just a few minutes ahead of me, when I approach them with my particular problem, they look on it as if it is the only problem that they have to deal with. That it is the most important problem that they have. They treat each of us as if we are the "king for the day" and that our constituents and our committees are the only thing that exists in their world. It is that kind of dedication, that singular focus that they give to us when we come into that room to sit down with them, that I think makes us all feel so comfortable. We know that our problem is going to be the focus of their attention. Yet, when we walk back out that door, we walk by another colleague who is going to be treated in exactly the same way. We know that. We know that both of our problems are going to have that same solution, the solution that is best for all of us. Our staff is the best. Again, although I've heard it from my colleague, in talking about how they can recruit new people, I would point out I have a new staff member in Judiciary, relative to Research. The quality of his work is exemplary. I couldn't say enough good things about him—in terms of the high traditions and standards that have been set by other researchers. I wanted to rise in support of this piece of work, ACR 41, in recognition of the hard work those people are doing.

ASSEMBLYWOMAN CEGAVSKE:

Thank you, Mr. Speaker. I rise in support of ACR 41 and I echo my colleagues' comments. I wanted to add that, in my travels, from being a legislator for three sessions, and going to the different conferences, when, the other legislators and staff people ask me what state I am from, I proudly say Nevada. They say, "I know so and so." Or they say, "I worked with so and so over there. They were so kind. What a wonderful group of people you work with." NCSL is an example. We hosted that conference in Las Vegas, in July, several years ago. The staff just did an excellent job. All the states, all the other elected officials, are still talking about how wonderful it was and what you had done. I don't think any of us really knew until it was over

how hard you worked and all the things that you did. Again, echoing my colleagues, thank you all very much.

ASSEMBLYWOMAN SMITH:

Thank you, Mr. Speaker. I, too, rise in support of ACR 41. I had not intended to speak on this resolution but wanted to lend my perspective as a freshman legislator. I have been constantly amazed at the staff here and how we are treated—the good work they do for us. I echo my colleague from Sparks' comment about when you are working with a staff member they truly do make you feel like you are so valued, regardless of the fact you are a freshman. They still give you respect and do such tremendous work. I couldn't believe it when I first arrived I asked for a piece of information from a newspaper article that was several months old. By that afternoon I had an entire piece of research on my desk. It has helped me so much in the work I have done here. When I talk to people out in the public and they ask about my experience as a freshman, the first thing I always relate is how amazing it is, the work that goes on here and how competent and amazing the staff is here. Thank you, Mr. Speaker.

ASSEMBLYWOMAN OHRENSCHALL:

Thank you, Mr. Speaker. I, too, rise in support of ACR 41. I simply want to take this opportunity to thank each and every member of the Legislative Counsel Bureau for their great work and, in particular, for the great support they have given to me this session, particularly as I came in every day in a wheelchair with a broken leg, until I recovered.

ASSEMBLYMAN PRICE:

Thank you, Mr. Speaker. It's certainly with pleasure and special feeling that I rise in support of ACR 41. Over the years that I have been here operating as a legislator, I feel, as I think most of us do, that what we really have is an extended family working for us. They are so wonderful. Over the years, I have had an interest in other legislatures and I have been to a lot of different ones on trips. I looked at how they were served and their operations. We are just so fortunate here. In my humble opinion, it's the best of the best. I don't think we can say enough about how wonderful they are and everything that they do for us. I would respectfully ask that the majority leader's remarks about how hard we are to work for be stricken from the record.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. See what I mean?

Resolution adopted unanimously.

Assemblywoman Buckley moved that all rules be suspended and that Assembly Concurrent Resolution No. 41 be immediately transmitted to the Senate.

SECOND READING AND AMENDMENT

Assembly Bill No. 668.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:
Amendment No. 1196.

Amend the bill as a whole by deleting sections 1 through 5 and adding new sections designated sections 1 through 4, following the enacting clause, to read as follows:

“Section 1. Chapter 361 of NRS is hereby amended by adding thereto a new section to read as follows:

1. *The legislature hereby finds and declares that:*

(a) *Section 1 of article 10 of the Nevada constitution, which governs property taxes, requires the legislature to provide by law for a uniform and equal rate of assessment and taxation and to prescribe such regulations as will ensure a just valuation for the taxation of all property within this state;*

(b) *The reliability of our system of assessing property to establish a just valuation for taxation by providing for the determination of the value of all property in the same manner, regardless of its location, on the basis of the selling price of comparable property in the area has been called into question because of anomalies in certain market factors that have resulted in unprecedented increases in the selling price of property in one particular area of the state where the average annual increase in gross assessed valuation for the past 10 years before these spikes began was 5.6 percent per year;*

(c) *This anomaly in market factors appears to be related to extreme limitations placed on the development rights of some of the property in this area by a regional planning agency created to establish environmental threshold carrying capacities for a region that exhibits unique environmental and ecological values which are irreplaceable;*

(d) *An exception to our system of assessing property must be made to ensure that the property located in this particular area, and other areas in which a similar anomaly may develop in the next tax year if additional regional planning agencies that severely restrict development are created by state or local governments, continue to be taxed in a manner that is fair and equitable compared with all other property in the state;*

(e) *The provisions of this section are necessary to ensure that extreme spikes in the selling price of property resulting, in part, from the strict regulation of the development in certain areas of the state do not compromise the constitutionality of our system of assessing property; and*

(f) *Temporarily limiting the percentage of increase of the taxable value of the property in areas where extreme spikes in the selling price of property have occurred is the most fair and equitable manner of ensuring statewide uniformity and equality in the rate of assessment and taxation of the property of this state until this legislature is able to reevaluate the formulas for the assessment and taxation of the property in this state and develop an appropriate adjustment for areas in which these anomalies occur.*

2. *Except as otherwise provided in subsection 3, in listing and assessing the taxable value of property to the owner pursuant to NRS 361.260, for the*

purposes of applying a tax rate, a county assessor shall not increase by more than 6 percent per year the taxable value of property located within a region that is covered by a regional plan adopted by the governing body of a regional planning agency created to establish environmental threshold carrying capacities for a region that exhibits unique environmental and ecological values.

3. *The provisions of subsection 2 do not apply to an increase in taxable value that is directly attributable to the addition or major renovation of an improvement on the property.*

4. *If a parcel is split for placement on the tax roll in one or more separate pieces, the taxable value of the parcel before the split must be equitably apportioned among the pieces and the apportioned taxable value of each piece of the property assessed to the owner pursuant to NRS 361.260 must not be increased by more than 6 percent per year. If one or more parcels are combined for placement on the tax roll, the taxable value of each of the parcels must be added together to determine the taxable value of the combined parcel assessed to the owner pursuant to NRS 361.260 and that taxable value must not be increased by more than 6 percent per year.*

Sec. 2. NRS 361.260 is hereby amended to read as follows:

361.260 1. Each year, the county assessor, except as otherwise required by a particular statute, shall ascertain by diligent inquiry and examination all real and secured personal property that is in his county on July 1 which is subject to taxation, and also the names of all persons, corporations, associations, companies or firms owning the property. He shall then determine the taxable value of all such property and , *except as otherwise provided in section 1 of this act*, he shall then list and assess it to the person, firm, corporation, association or company owning it on July 1 of that fiscal year. He shall take the same action at any time between May 1 and the following April 30, with respect to personal property which is to be placed on the unsecured tax roll.

2. At any time before the lien date for the following fiscal year, the county assessor may include additional personal property and mobile and manufactured homes on the secured tax roll if the owner of the personal property or mobile or manufactured home owns real property within the same taxing district which has an assessed value that is equal to or greater than the taxes for 3 years on both the real property and the personal property or mobile or manufactured home, plus penalties. Personal property and mobile and manufactured homes in the county on July 1, but not on the secured tax roll for the current year, must be placed on the unsecured tax roll for the current year.

3. An improvement on real property in existence on July 1 whose existence was not ascertained in time to be placed on the secured roll for that tax year and which is not governed by subsection 4 must be placed on the unsecured tax roll.

4. ~~[The]~~ *Except as otherwise provided in section 1 of this act, the value of any property apportioned among counties pursuant to NRS 361.320, 361.321 and 361.323 must be added to the central assessment roll at the assessed value established by the Nevada tax commission or as established pursuant to an appeal to the state board of equalization.*

5. In addition to the inquiry and examination required in subsection 1, for any property not reappraised in the current assessment year, the county assessor shall determine its assessed value for that year by applying a factor for improvements, if any, and a factor for land to the assessed value for the preceding year. The factor for improvements must reasonably represent the change, if any, in the taxable value of typical improvements in the area since the preceding year, and must take into account all applicable depreciation and obsolescence. The factor for improvements must be adopted by the Nevada tax commission. The factor for land must be developed by the county assessor and approved by the commission. The factor for land must be so chosen that the median ratio of the assessed value of the land to the taxable value of the land in each area subject to the factor is not less than 30 percent nor more than 35 percent.

6. The county assessor shall reappraise all real property at least once every 5 years.

7. The county assessor shall establish standards for appraising and reappraising land pursuant to this section. In establishing the standards, the county assessor shall consider comparable sales of land before July 1 of the year before the lien date.

8. Each county assessor shall submit a written request to the board of county commissioners and the governing body of each of the local governments located in the county which maintain a unit of government that issues building permits for a copy of each building permit that is issued. Upon receipt of such a request, the governing body shall direct the unit which issues the permits to provide a copy of each permit to the county assessor within a reasonable time after issuance.

Sec. 3. This act first applies to the preparation of the assessment roll which must be completed on or before January 1, 2002, and must not be construed to affect the tax bills for any year before the fiscal year that begins on July 1, 2002.

Sec. 4. 1. This section and sections 1 and 3 of this act become effective on July 1, 2001.

2. Section 2 of this act becomes effective at 12:01 a.m. on July 1, 2001.

3. This act expires by limitation on June 30, 2003.”.

(d) Investigate the criminal history of any person who:

- (2) Has applied to a county school district for employment; or
- (3) Is employed by a county school district,

and notify the superintendent of each county school district and the superintendent of public instruction if the investigation of the central repository indicates that the person has been convicted of a violation of NRS 200.508, 201.230, 453.3385, 453.339 or 453.3395, or convicted of a felony or any offense involving moral turpitude.

The superintendent of each county school district shall determine whether further investigation or action by the district is appropriate.

(f) Investigate the criminal history of each person who submits fingerprints or has his fingerprints submitted pursuant to NRS 449.176 or 449.179.

(g) On or before July 1 of each year, prepare and present to the governor a printed annual report containing the statistical data relating to crime received during the preceding calendar year. ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. Assembly Bill 343 provides for the integration of state and local child welfare services. I was honored to be the chair of an interim committee that studied, for the past two years, the issue of our child welfare system. The information that we were presented did not bode very well for our state. While we had many individuals who are hard working and involved in the system, who fought for our children, the system itself was broken. Children would be shuttled from the county system to the state system after six months. As a result of these shifts, children would be forced to change homes, change foster care placements, because the counties and the state pay different levels. They have different families and different systems. Children ended up languishing in the foster care system for over three years. Some of the moves of these children from home to home, because of our system, range anywhere from six moves per child during their stay to some that were moved over 50 times. It is no wonder that our children were not able to finally reach our goal for all of them—a loving, stable home.

Assembly Bill 343 addresses this issue in Clark and Washoe County where there is a bifurcated system. This refers to the fact the county initially investigates all claims of abuse and neglect and takes charge of that child, usually for six months. Instead of two agencies dealing with the child, this bill provides for one. It provides for the initial start up costs and to do all those necessary things, like moving employees and changing computer systems. In all of this debate there are so many details to be worked out. We are so glad, through the hard work of so many, the children were put first over the difficulties of integration of computer systems and moving desks and all those little things that can sometimes harm a bill.

This bill creates a legislative oversight committee to ensure the work continues, that we implement the best practices for children, so that they are returned to their families or have the opportunity for a loving, stable home within 12 months. This legislative committee will consist of members of the Interim Finance Committee, as well as the Policy Committee and those members who studied those issues so well in this body and who are so familiar with it. Additionally, the bill appropriates the one-shot funds necessary for the transfer as well as

providing that all state employees who are currently involved will be guaranteed their job. If any decide to retire, that will also be taken into account.

We tried very hard to do what is best for our children and what is best for all that are involved in the system by a two-year consensus-building project. I would like to thank very much the hard work that was put in by many of my colleagues, like the Speaker Emeritus, who brought this bill forward last session; my colleague from southern Nevada sitting next to the Speaker Emeritus, who chaired this committee; the chairman of the Judiciary committee, who made this a priority, through our committee, who recommended this interim study; and my colleague from Elko, who brought concerns of the rural communities in this bill. We tried up services for the rural communities so they would benefit by the changes, including the changes in foster care payments, which were already signed by the Governor, to ensure this integration. I would also like to applaud Steve Shaw, Mary Ellen White and the Governor's office, for their executive level commitment, as was seen in the Governor's State of State message and through their work during this process. I would also thank May Shelton and Mike Capello from Washoe County and the Clark County folks who oversaw it.

Shifting functions from state to county is a very, very difficult task. It was through them, through our colleagues in the Senate and the many others that this is able to happen. Thank you, Mr. Speaker.

ASSEMBLYWOMAN GIBBONS:

Thank you, Mr. Speaker. I, too, rise in support of this bill. Would you explain Section 131, I think, which deals with mental health and the reason it is 2005. Why is Section 130 sunsetted, January 1, 2005 and the other one July 1, 2005.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. Section 131 deals with the mental health consortium. In the interim, we found that we have a certain allocation to the higher levels of care as the children are called. Children, as the result of the abuse and neglect, are so damaged that they are forced to be placed in a residential or institutional care. One of the big concerns of the committee is that too many of these children, instead of getting the mental health services they need so they can stay in a family environment, were because of trauma from many moves and a lack of planning and wraparound services early on, placed in an institution. There was complete consensus that this was the worst we could do by our kids. So, we created a mental health consortium. This consortium has no control over the purse strings; that is still done by this body through an appropriation to the state division. This allows both counties to develop a committee consortium structure so they can look where we are allocating our dollars to make the best choices for children. For example, if we are spending \$50,000 a year for a child in an institution, but if we had gotten that child counseling, be spending \$5000 in the first year, we'll not only be helping children, we'll be saving money. We created a mental health consortium with a sunset date because this is an opportunity to review it to make changes, so that in future sessions when we then begin looking at the children in higher levels of care and how best they should be served we can do that with the data and information that we need to make our best decisions.

ASSEMBLYMAN DINI:

Thank you, Mr. Speaker. The Majority Leader neglected to blow her own horn for all the work she did on this subject. This was a tough subject. It was a lot of work and she needs to have the acclamation of this house for the hard work she did in bringing this to fruition.

ASSEMBLYWOMAN LESLIE:

Thank you, Mr. Speaker. I rise in support of AB 343. I want to add my thanks to the Majority Leader for her leadership on this issue. This is really landmark legislation for the children of Nevada. In my mind, this is the most important bill we will be passing this session for children. Nevada will now not be the only state in the country with a bifurcated system of child welfare. There were many times, even though I was not on the committee, my good friend May Shelton from Washoe County kept me very well informed of the progress and setbacks on the development of this legislation. There were many times the whole deal would have fallen apart except for the work of our majority leader. So, on behalf of the children, certainly from Washoe

County, from Clark County and, indeed, the entire state, I want to commend the Majority Leader and everyone involved in this process and urge your strong support of AB 343. Thank you.

ASSEMBLYMAN BEERS:

Thank you, Mr. Speaker. I would rise to support this legislation and commend the previous speaker and the Majority Leader. This was really one of the big shocks when I was first elected two years ago, to find out this was how we ran our child welfare services. This is a good piece of legislation.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. I would feel negligent if I did not rise in support of the legislation, knowing the hard work by the Majority Leader and the dedication, not only to the committee but the various subgroups and conferences that met on a full time basis. This was more than a passing fancy of the legislature in terms of how many pieces had to be put together. While we would all laud it to be the final step, it is merely the first step of a progress that has to be continued and one that we're going to have to watch. It is a giant first step and I hope we are able to make it.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I would tell you, having an adjoining office with the Majority Leader, and walls that aren't that thick, some of the discussions that went on emanated through those walls. I can tell you that there is not a single thing that happened this session that was worked on any harder, especially by the Majority Leader.

Assemblyman Parks requested that the following remarks be entered in the Journal.

ASSEMBLYMAN ANDERSON:

Thank you, Mr. Speaker. Senate Bill 577 provides that a stockholder, director or officer of a corporation may be individually liable for a debt or liability of the corporation if he acts as an alter ego of the corporation or if the corporation factors of the separate entity should be disregarded for any other reason. The bill further specifies that a stockholder, director or officer acts as the alter ego if, first, the corporation is influenced by the stockholder, director or officer; second, the corporation and the stockholder, director, or officers are inseparable; and third, adheres to the corporate fiction of a separate entity who had sanctioned fraud or promoted injustice. Senate Bill 577 also provides that directors and officers are not individually liable to the corporation or its stockholders for damages resulted from an act or failure to act unless it is proven that their actions or failure to act constituted a breach of fiduciary duties or the breach involved intentional misconduct, fraud or knowing violation of the law.

Senate Bill 577 also increases fees for certain documents filed by the Secretary of State by corporations, foreign corporations, limited liability companies, partnerships, limited partnerships, and business trusts. The change in fees includes an increase from \$85 to \$165 for filing of an initial list of officers, directors, managers, manager members, managing partners and general partners. When the list initially and annually is filed, the bill requires that the business entity provide a declaration under penalty of prejudice, that it comply with the provisions of Nevada tax law.

Other fees increased including filing for certification of documents concerning reinstatement, amendments to certain documents, dissolution, change of location, notice of withdrawal from Nevada by foreign corporations, original acts of organization for limited liability companies and reinstatement of certain business entities. Added fee changes include an increase of \$10 to \$20 for certain copies of certain documents and an increase from \$15 to \$30 for executing a certificate of corporate existence.

Senate Bill 577 authorizes the office of Secretary of State to access \$300,000 in fiscal year 2002 and \$250,000 in fiscal 2002-2003 from the account for special services. These funds may be accessed without the approval of the Interim Finance Committee and may be used for additional personnel, equipment, supplies, office space and other related costs. The measure also authorizes the office of Secretary of State to attain the first \$50 from each expedited fee for

services provided within two hours. For other services in an expedited service, including service provided for 2 to 24 hours, the fee is divided equally between the Secretary of State's Office and the General Fund.

Most of the provisions of this measure are effective on August 1, 2001, allowing the Secretary of State's office to adequately inform its customers of these changes. The provisions allowing the Secretary of State's office to access funds in the accounts for special services, and dividing the fees for expedited service between the state General Fund and Secretary of State are effective on July 1, 2001.

ASSEMBLYWOMAN ANGLE:

I rise in reluctant support for SB 577. In committee I voted against this bill, the reason being we don't have the money, yet, for education. This bill, as it was sent to us from the Senate, was sent in order to attract that money to our state so we could fund our education system, which is in desperate need. I don't believe the way we have amended this bill is going to get us what we need to go with education. In fact, I am fearful that if we leave it the way it is, the condition that it is in, we will actually be telling corporations we don't want them to come. Therefore, we want get this money. So, again, I rise in reluctant support. I will be voting for this bill, but I am very concerned about it.

ASSEMBLYWOMAN BUCKLEY:

Thank you, Mr. Speaker. I rise in support of Senate Bill 577. The fee increases are relatively minor for a new corporation. It is \$80. The money raised by this bill, approximately \$29 million to \$30 million, does not solve educational problems that our children desperately need us to solve. It makes critical strides this session towards to filling the gap along with the bill sponsored by our Assistant Majority Leader that raises an additional \$23.5 million. Thanks to the efforts of this house, our Speaker, our Minority Leader, and the chair of Taxation, we were able to help fill the gap to provide for this money, this session. Additionally, I think the Judiciary Committee was very clear. The law we are codifying only says that if a corporate director steals or commits acts such that it promotes injustice, the standard set by our Nevada Supreme Court, that if that happens, someone can sue. It is a fair standard. It has been our law since 1987. I think we need to be very careful as we address our laws, to make sure they are balanced. I think that was the Senate's intent, and I think that is our intent today.

ASSEMBLYMAN BROWER:

Thank you, Mr. Speaker. I, also, rise in support of SB 577. I do so somewhat reluctantly. I voted against this bill in committee because I thought the original bill was a better alternative for us. The original bill, as we know, did provide for a funding mechanism to be used for education in this state. That mechanism is still in the bill, fortunately.

I want to commend the sponsors of the bill for their creativity in looking for a way to help the funding crisis we see, at least over the next couple of years. The Majority Leader reminded me of the Assistant Majority Leader's efforts, with respect to this funding crisis, as well. I think, between this bill and the bill that the Assistant Majority Leader spoke to yesterday, we will go a long way to accomplishing some things that looked like we could not accomplish earlier in the session. The amended bill, I think, is not as good as the original version, quite frankly. I don't know what the effect will be, but I take seriously the suggestion by some that the changes, by virtue of the amendment we adopted yesterday, go too far and reduce the flexibility that corporations now enjoy under our current statutory scheme and may provide a disincentive for corporate activity in the state. We won't know how that is going to play out.

I am confident the Senate will look at this bill, again. I am hopeful that the differences between the Senate version and the Assembly version can be worked out. And I am hopeful the funding mechanism that this bill creates, will be part of a bill that is passed and will be successful in achieving the goal the bill's sponsors set out with, not too long ago, but hopefully in time to make this a reality.

Amend the bill as a whole by deleting sections 1 through 9 and adding new sections designated sections 1 through 36, following the enacting clause, to read as follows:

“Section 1. Chapter 463 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 9, inclusive, of this act.

Sec. 2. 1. “Interactive gaming” means the conduct of gambling games through the use of communications technology that allows a person, utilizing money, checks, electronic checks, electronic transfers of money, credit cards, debit cards or any other instrumentality, to transmit to a computer information to assist in the placing of a bet or wager and corresponding information related to the display of the game, game outcomes or other

similar information. The term does not include the operation of a race book or sports pool that uses communications technology approved by the board pursuant to regulations adopted by the commission to accept wagers originating within this state for races or sporting events.

2. As used in this section, “communications technology” means any method used and the components employed by an establishment to facilitate the transmission of information, including, without limitation, transmission and reception by systems based on wire, cable, radio, microwave, light, optics or computer data networks, including, without limitation, the Internet and intranets.

Sec. 3. 1. Except as otherwise provided in subsections 2 and 3, the commission may, with the advice and assistance of the board, adopt regulations governing the licensing and operation of interactive gaming.

2. The commission may not adopt regulations governing the licensing and operation of interactive gaming until the commission first determines that:

(a) Interactive gaming can be operated in compliance with all applicable laws;

(b) Interactive gaming systems are secure and reliable, and provide reasonable assurance that players will be of lawful age and communicating only from jurisdictions where it is lawful to make such communications; and

(c) Such regulations are consistent with the public policy of the state to foster the stability and success of gaming.

3. The regulations adopted by the commission pursuant to this section must:

(a) Establish the investigation fees for:

(1) A license to operate interactive gaming;

(2) A license for a manufacturer of interactive gaming systems; and

(3) A license for a manufacturer of equipment associated with interactive gaming.

(b) Provide that:

(1) A person must hold a license for a manufacturer of interactive gaming systems to supply or provide any interactive gaming system, including, without limitation, any piece of proprietary software or hardware; and

(2) A person may be required by the commission to hold a license for a manufacturer of equipment associated with interactive gaming.

(c) Set forth standards for the suitability of a person to be licensed as a manufacturer of interactive gaming systems or manufacturer of equipment associated with interactive gaming that are as stringent as the standards for a nonrestricted license.

(d) Provide that gross revenue received by an establishment from the operation of interactive gaming is subject to the same license fee provisions of NRS 463.370 as the games and gaming devices of the establishment.

(e) Set forth standards for the location and security of the computer system and for approval of hardware and software used in connection with interactive gaming.

(f) Define “equipment associated with interactive gaming,” “interactive gaming system,” “manufacturer of equipment associated with interactive gaming,” “manufacturer of interactive gaming systems,” “operate interactive gaming” and “proprietary hardware and software” as the terms are used in this chapter.

4. Except as otherwise provided in subsection 5, the commission shall not approve a license for an establishment to operate interactive gaming unless:

(a) In a county whose population is 400,000 or more, the establishment is a resort hotel that holds a nonrestricted license to operate games and gaming devices.

(b) In a county whose population is more than 40,000 but less than 400,000, the establishment is a resort hotel that holds a nonrestricted license to operate games and gaming devices or the establishment:

(1) Holds a nonrestricted license for the operation of games and gaming devices;

(5) Has a gaming area that is at least 18,000 square feet in area with at least 1,600 slot machines, 40 table games, and a sports book and race pool.

(c) In all other counties, the establishment is a resort hotel that holds a nonrestricted license to operate games and gaming devices or the establishment:

(1) Has held a nonrestricted license for the operation of games and gaming devices for at least 5 years before the date of its application for a license to operate interactive gaming;

(3) Operates either:

(I) More than 50 rooms for sleeping accommodations in connection therewith; or

(1) The establishment satisfies the applicable requirements set forth in subsection 4; and

(2) The affiliate is located in the same county as the establishment; and

(b) Require an affiliate that receives a license pursuant to this subsection to comply with any applicable provision of this chapter.

6. It is unlawful for any person, either as owner, lessee or employee, whether for hire or not, either solely or in conjunction with others, to operate interactive gaming:

(a) Until the commission adopts regulations pursuant to this section; and

(b) Unless the person first procures, and thereafter maintains in effect, all appropriate licenses as required by the regulations adopted by the commission pursuant to this section.

7. A person who violates subsection 6 is guilty of a category B felony and shall be punished by imprisonment in the state prison for a minimum term of not less than 1 year and a maximum term of not more than 10 years or by a fine of not more than \$50,000, or both.

Sec. 4. A debt incurred by a patron for play at an interactive gaming system of an establishment licensed to operate interactive gaming is valid and may be enforced by legal process.

Sec. 5. 1. Upon the recommendation of the board, the commission may require:

(b) A person who directly or indirectly involves himself in the sale, transfer or offering for use or play in this state of equipment associated with interactive gaming who is not otherwise required to be licensed as a manufacturer or distributor pursuant to this chapter to file an application for a license to be a manufacturer of equipment associated with interactive gaming.

2. If a person fails to submit an application for a license to be a manufacturer of equipment associated with interactive gaming within 30 days after a demand by the commission pursuant to this section, the commission may pursue any remedy or combination of remedies provided in this chapter.

Sec. 6. 1. Before issuing an initial license for an establishment to operate interactive gaming, the commission shall charge and collect from the establishment a license fee of \$500,000.

2. Each initial license for an establishment to operate interactive gaming must be issued for a 2-year period beginning on January 1 of the first year and ending on December 31 of the second year.

3. Notwithstanding the provisions of subsections 1 and 2 to the contrary, a license for an establishment to operate interactive gaming may be issued after January 1 of a calendar year for a period beginning on the date of

issuance of the license and ending on the second December 31 following the date of issuance of the license. Before issuing an initial license pursuant to this subsection, the commission shall charge and collect from the establishment a license fee of \$500,000 prorated by 1/24 for each full month between January 1 of the calendar year and the date of issuance of the license.

4. Before renewing a license issued pursuant to this section, but in no case later than the second December 31 after the license was issued or previously renewed, the commission shall charge and collect a renewal fee of \$250,000 for the renewal of the license for the immediately following 1-year period.

Sec. 7. The operation of interactive gaming is exempt from the fees and taxes imposed pursuant to NRS 463.375, 463.380, 463.383 and 463.385.

(b) Fifty thousand dollars for a license for a manufacturer of equipment associated with interactive gaming.

2. Each license issued pursuant to this section must be issued for a 1-year period that begins on the date the license is issued.

3. Before renewing a license issued pursuant to this section, but in no case later than 1 year after the license was issued or previously renewed, the commission shall charge and collect a renewal fee for the renewal of the license for the immediately following 1-year period. The renewal fee for a license for a manufacturer of interactive gaming systems or manufacturer of equipment associated with interactive gaming is \$25,000.

Sec. 9. 1. All gross revenue from operating interactive gaming received by an establishment licensed to operate interactive gaming, regardless of whether any portion of the revenue is shared with another person, must be attributed to the licensee and counted as part of the gross revenue of the licensee for the purpose of computing the license fee required by NRS 463.370.

2. A manufacturer of interactive gaming systems who is authorized by an agreement to receive a share of the revenue from an interactive gaming system from an establishment licensed to operate interactive gaming is liable to the establishment for a portion of the license fee paid pursuant to subsection 1. The portion for which the manufacturer of interactive gaming systems is liable is 6.25 percent of the amount of revenue to which the manufacturer of interactive gaming systems is entitled pursuant to the agreement.

3. For the purposes of subsection 2, the amount of revenue to which the manufacturer of interactive gaming systems is entitled pursuant to an agreement to share the revenue from an interactive gaming system:

However, each such employee shall notify the board within 10 days following any change of his place of employment at a gaming establishment. Such a notification shall be deemed an application for a work permit that the board may deny or object to after conducting any investigations the board deems appropriate. (a) Facilitate uniform procedures for the issuance of work permits by counties and cities;

(b) Establish uniform criteria for denial by a county or city licensing authority of an application for a work permit; and

(c) Provide for the creation and maintenance of a system of records that contain information regarding the current place of employment of each person who possesses a valid work permit.

- (a) The county or city licensing authority; and
- (b) The applicant,

[9. Application for a work permit may be made to the board, and may be granted or denied for any cause deemed reasonable by the board.]

10. Whenever an application for a work permit is made to the board and the board denies such an application, it shall include in its notice of the denial a statement of the facts upon which it relied in denying the application. [Except for a permit issued to a person pursuant to subsection 4, a permit issued by the board is valid only in a county or city that does not require a work permit.

10.] 11. Any person whose application for a work permit has been denied because of an objection by the board or whose application has been denied by the board may, not later than 60 days after receiving notice of the denial or objection, apply to the board for a hearing. A failure of a person whose application has been denied to apply for a hearing within 60 days or his failure to appear at a hearing of the board conducted pursuant to this section shall be deemed to be an admission that the denial or objection is well founded, and the failure precludes administrative or judicial review. At the hearing, the board shall take any testimony deemed necessary. After the hearing the board shall review the testimony taken and any other evidence, and shall within 45 days after the date of the hearing mail to the applicant its decision sustaining or reversing the denial of the work permit or the objection to the issuance of a work permit.

[11.] 12. The board may object to the issuance of a work permit or may refuse to issue a work permit for any cause deemed reasonable by the board. The board may object or refuse if the applicant has:

(g) Had a work permit revoked or committed any act which is a ground for the revocation of a work permit or would have been a ground for revoking his work permit if he had then held a work permit.

If the board issues or does not object to the issuance of a work permit to an applicant , [who has been convicted of a crime which is a felony, gross misdemeanor or misdemeanor,] it may specially limit the period for which the permit is valid, limit the job classifications for which the holder of the permit may be employed and establish such individual conditions for the issuance, renewal and effectiveness of the permit as the board deems appropriate, including required submission to unscheduled tests for the presence of alcohol or controlled substances.

[12.] 13. Any applicant aggrieved by the decision of the board may, within 15 days after the announcement of the decision, apply in writing to the commission for review of the decision. Review is limited to the record of the proceedings before the board. The commission may sustain, modify or reverse the board's decision. The decision of the commission is subject to judicial review pursuant to NRS 463.315 to 463.318, inclusive.

[13.] 14. Any record of the board or commission which shows that the applicant has been convicted of a crime in another state must show whether the crime was a misdemeanor, gross misdemeanor, felony or other class of crime as classified by the state in which the crime was committed. In a disclosure of the conviction, reference to the classification of the crime must be based on the classification in the state where it was committed.

[14. A work permit expires unless renewed in accordance with subsection 7, or if the holder thereof is not employed as a gaming employee or does not serve as an independent agent within the jurisdiction of the issuing authority for more than 90 days.]

15. The chairman of the board may designate a member of the board or the board may appoint a hearing examiner and authorize that person to perform on behalf of the board any of the following functions required of the board by this section concerning work permits:

- (a) Conducting a hearing and taking testimony;

Unless the licensee has been operating for less than a full calendar month, the commission shall charge and collect the fee prescribed in subsection 1, based upon the gross revenue for the preceding calendar month, on or before the 24th day of the following month. Except for the fee based on the first full month of operation, the fee is an estimated payment of the license fee for the third month following the month whose gross revenue is used as its basis.

3. When a licensee has been operating for less than a full calendar month, the commission shall charge and collect the fee prescribed in subsection 1, based on the gross revenue received during that month, on or before the 24th day of the following calendar month of operation. 6. Any person required to pay a fee pursuant to this section shall file with the commission, on or before the 24th day of each calendar month, a report showing the amount of all gross revenue received during the preceding calendar month. Each report must be accompanied by:

(a) The fee due based on the revenue of the month covered by the report; and

(b) An adjustment for the difference between the estimated fee previously paid for the month covered by the report, if any, and the fee due for the actual gross revenue earned in that month. If the adjustment is less than zero, a credit must be applied to the estimated fee due with that report.

7. If the amount of license fees required to be reported and paid pursuant to this section is later determined to be greater or less than the amount actually reported and paid, the commission shall:

(a) Charge and collect the additional license fees determined to be due, with interest thereon until paid; or

Interest pursuant to paragraph (b) must be computed at one-half the rate prescribed in NRS 17.130 from the first day of the first month following the date of overpayment until paid.

8. Failure to pay the fees provided for in this section shall be deemed a surrender of the license at the expiration of the period for which the estimated payment of fees has been made, as established in subsection 2.

9. Except as otherwise provided in NRS 463.386, the amount of the fee prescribed in subsection 1 must not be prorated.

The commission must take action on the motion for rehearing within 50 days after it has been filed with the commission. If the motion for rehearing is granted, the commission's earlier action upon the claim for refund is rescinded and the 90-day period specified in subsection 2 does not begin until the commission mails notice of its action upon the claim following the rehearing.

5. If the commission fails to mail its notice of action on a claim within 6 months after the claim is filed or reheard, the claimant may consider the claim disallowed and bring an action against the commission on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

6. In any case where a refund is granted, interest must be allowed at one-half the rate prescribed in NRS 17.130 upon the amount found to have been erroneously paid from the first day of the first month following the date of overpayment until paid. The commission may in its discretion deny or limit the payment of interest if it finds that the claimant has failed to file a claim for a refund within 90 days after receiving written notification of overpayment from the board or has impeded the board's ability to process the claim in a timely manner.

7. Notwithstanding the provisions of NRS 353.115, any claim for refund of state gaming license fees or taxes paid in excess of the amount required to

REMARKS FROM THE FLOOR

Assemblyman Parks requested the following remarks be entered in the Journal.

ASSEMBLYMAN DE BRAGA:

ASSEMBLY BULL #001/2

Sponsored by: The Committee on Ways, But No Means

This bill is being presented on behalf of the representative from Elko who is said to be too overcome with emotion to speak in his customarily eloquent manner on this topic.

WHEREAS, the climate in Elko County, NV is so extreme that only the most hearty and self-reliant people have been able to survive there; and

WHEREAS, the rapid weather changes in Elko were first documented in 1848 by Alphonse Murdock who made the following notation in his diary, "Shortly after noon, one of the oxen, overcome by the extreme heat, collapsed and fell to the ground. Before I could get the harness off the poor beast, the other ox froze to death;" and

WHEREAS, weather extremes—coupled with the alarming number of friends and neighbors who either passed or passed on—made settlers hard and forced them to be independent, and

WHEREAS, for more than 100 years, no matter what kind of disaster, catastrophe, calamity, devastation or tragedy befell Elko, its abysmal climate ensured that no representatives from the federal government would ever come to help out, and

WHEREAS, shortly after air conditioning, heating and the Department of Interior were invented—for no good reason whatsoever—Elko County was singled out for relentless, oppressive *help* from every state and federal department, division, agency, committee, board, official, classified and unclassified employee and their support staff; and

WHEREAS, the type of government assistance provided has included drying up springs, keeping the public off public lands, keeping cattle off grazing lands, burning up all kinds of lands, blocking off roads to prevent access to lands and offering professional counseling to fish whose little psyches have been warped by insensitive humans who persist in driving on roads and walking on paths and trails, and

WHEREAS, JC (no relation to the Biblical or the Department Store JC) a little known non-political figure, began speaking out against invasive government practices, raising questions like "Who gets fined if an endangered species eats an endangered plant?" and "If two young people can mate in the back of a small car, why do spotted owls need 3000 acres," and

WHEREAS, in 1986, JC was elected to represent District #33, and he courageously stepped forward to accept the challenge and lead the charge against tyrannical government acts, and

WHEREAS, before long, people started joining the uprising and began pledging money and sending shovels to help dig out the springs and roads and stuff. In a passionate speech, designed to inflame public support, JC coined the words that were ultimately to become the battle cry of the movement, when he roared, "I'm upping my pledge, up yours!" and

WHEREAS, in answer to the prayers—as well as countless acts of rebellion, anarchism and sedition—of many Elkoans, JC was sent to the legislature to make sure that in the future no laws were passed that would have any effect on Elko County, whatsoever; and

WHEREAS, JC has always worked tirelessly to fulfill that duty and has—in effect—kept Elko safe for Democracy as well as safe from Democracy.

NOW, THEREFORE, there is hereby created Elko Cowship. (That's cowshippppp) This will be a quasi-governmental unit within the State of Nevada that will retain sovereign immunity and control over everything it feels like having sovereign immunity and control over.

Citizens of the Cowship will be required to have a strong, inflexible, conservative opinion on absolutely everything.

No taxes will be levied locally and no one will be required to pay state or federal taxes unless they want to. Spending will be allowed to continue, however.

The Cowship itself will be a designated EFZ—Environmental Free Zone. The Cowship will protect the health and safety of its citizens' by posting signs, where appropriate, advising them to drink upstream from the herd and not squat with their spurs on.

In the interest of public safety, young people will not be able to drive on public roads until their feet reach the pedals. Driver's education classes will be conducted in cow pastures—with, or without parental supervision—and it is not mandatory for anyone who is over the age of 11 and/or is married.

In the event uncontrollable wildfires necessitate the acceptance of outside government aid, posses will be formed to reinforce the concept that fires should be made smaller by that activity.

Travel will be unrestricted except that rights of way will be decided by whoever gets there first. Vehicle licenses will be unnecessary. To help owners identify their vehicles, they may paint on interesting remarks or they may brand them.

Laws governing postal services are not relevant as the Cowship has its own communications system, Elko Pony Service, when it absolutely, positively has to get there in the next month or two.

The Cowship will promote wholesome outdoor pursuits, including the stalking and assassination of various species of game and fish. It will also offer encouragement to goose....hunters

Cooperative agreements between the state and the Cowship will be allowed as long as the Cowship gets the best of the deal. To prove that intent, Elko is already making plans to join the state's efforts to outlaw nuclear suppositories.

Citizens, on limited incomes, may request a grant of up to 100% to help them deal with the rapidly accelerating cost of shovels. Grants may be repaid by spending time digging the mote around the county or by the donation of one or more alligators

Use of any navigable stream by citizen boat owners will be contingent only on whether or not water is present and whether or not the Suzi Q is already occupying it.

Laws requiring tedious, costly, criminal proceedings are hereby rescinded, but residents are encouraged to ask the people in their yard what their names are before they shoot them.

Dyed diesel fuel may be used anywhere by any motorist, miner or rancher without penalty, but failure to pay for gas at the gas pump is a hanging offense.

The right of citizens to own and bear arms is assured. The number of weapons a person can carry—concealed or in the open—is unlimited and any type of artillery is permissible. There will be no gun laws, and the only gun suggestion will be that the use of Howitzers be limited to special occasions. Compliance is on the honor system and anyone who does not comply is asked to please turn himself or herself in.

To demonstrate their fierce independence and to prove that no one can tell them what to do, Elkoans will continue to celebrate the Fifth of July.

As used in this section, Elkoans are any natural or unnatural persons who have either resided within the boundaries of the Cowship since birth or are current residents who have sworn allegiance to EEE principles. EEE is the ellipsis for "Everywhere Except Elko."

Citizens of the Cowship will be known as Cowshippers—not to be confused with Bullshippers, who are prevalent in other Nevada Counties and in the Legislature, or Cowchippers, which are found in disgusting abundance throughout the state.

This treaty becomes effective upon ratification by the parties hereto.

THE ONE HUNDRED AND TWENTIETH DAY

CARSON CITY (Monday), June 4, 2001

Assembly called to order at 11:47 a.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Pastor Bruce Henderson.

Lord, The screen reads, "the 120th Day of the 120-day session." It's almost over. It has taken 63 legislators, 500 employees and 800 lobbyists to present 1,250 bills, 150 resolutions and 1,200 amendments. We have sent out 25,000 pieces of mail, used 7 million sheets of copy paper, 8,000 gallons of drinking water and 1,500 boxes of Kleenex. It's almost over. When King Solomon was putting the finishing touches on Your first temple in Jerusalem and dedicating it to You, the people prayed and sang these words, "The Lord is good and His love never ends." As we put the final touches on this the Seventy-First Session of the Nevada State Legislature, I pray, "The Lord is good and His love never ends." We each pray in the Name of the One we hold dear. I pray in the Name of Jesus.

AMEN.

Pledge of allegiance to the Flag.

Assemblywoman Buckley moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

(b) The witness has been subpoenaed by the committee pursuant to this section; and

(c) The witness has failed or refused to attend or produce the books or papers required by the subpoena before the committee, or has refused to answer questions propounded to him.

The petition may request an order of the court compelling the witness to attend and testify or produce the books and papers before the committee.

3. Upon such a petition, the court shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in its order, the time to be not more than 10 days after the date of the order, and to show cause why he has not attended or testified or produced the books or papers before the committee. A certified copy of the order must be served upon the witness.

4. If it appears to the court that the subpoena was regularly issued by the chairman of the committee, upon recommendation of a majority of the members of the committee, the court shall enter an order that the witness appear before the committee at the time and place fixed in the order and testify or produce the required books or papers. Failure to obey the order constitutes contempt of court.

Sec. 8. NRS 408.100 is hereby amended to read as follows:

408.100 Recognizing that safe and efficient highway transportation is a matter of important interest to all the people of the state, and that an adequate highway system is a vital part of the national defense, the legislature hereby determines and declares that:

1. An integrated system of state highways and roads is essential to the general welfare of the state.

2. Providing such a system of facilities, its efficient management, maintenance and control is recognized as a problem and as the proper prospective of highway legislation.

3. Inadequate highways and roads obstruct the free flow of traffic, resulting in undue cost of motor vehicle operation, endangering the health and safety of the citizens of the state, depreciating property values, and impeding general economic and social progress of the state.

4. In designating the highways and roads of the state as provided in this chapter, the legislature places a high degree of trust in the hands of those officials whose duty it is, within the limits of available funds, to plan, develop, operate, maintain, control and protect the highways and roads of this state, for present as well as for future use.

5. To this end, it is the express intent of the legislature to make the board ~~[of directors of the department of transportation]~~, *in consultation with the legislative committee on transportation created pursuant to section 3 of this act*, custodian of the state highways and roads and to provide sufficiently broad authority to enable the board to function adequately and efficiently in all areas of appropriate jurisdiction, subject to the limitations of the constitution and the legislative mandate proposed in this chapter.

6. The legislature intends:

(a) To declare, in general terms, the powers and duties of the board, ~~[of directors]~~, leaving specific details to be determined by reasonable regulations and declarations of policy which the board may promulgate.

(b) By general grant of authority to the board ~~[of directors]~~ to delegate sufficient power and authority to enable the board to carry out, *in consultation with the legislative committee on transportation created pursuant to section 3 of this act*, the broad objectives contained in this chapter.

7. The problem of establishing and maintaining adequate highways and roads, eliminating congestion, reducing accident frequency and taking all necessary steps to ensure safe and convenient transportation on these public ways is no less urgent.

8. The legislature hereby finds, determines and declares that this chapter is necessary for the preservation of the public safety, the promotion of the general welfare, the improvement and development of facilities for transportation in the state, and other related purposes necessarily included therein, and as a contribution to the system of national defense.

9. The words “construction,” “maintenance” and “administration” used in section 5 of Article 9 of the constitution of the State of Nevada are broad enough to be construed to include and as contemplating the construction, maintenance and administration of the state highways and roads as established by this chapter and the landscaping, roadside improvements and planning surveys of the state highways and roads.

Sec. 9. NRS 408.203 is hereby amended to read as follows:

408.203 The director shall:

1. Compile a comprehensive report outlining the requirements for the construction and maintenance of highways for the next 10 years, including anticipated revenues and expenditures of the department, and submit it to the *legislative committee on transportation created pursuant to section 3 of this act and to the director of the legislative counsel bureau for transmittal to the chairmen of the senate and assembly standing committees on transportation.*

2. Compile a comprehensive report of the requirements for the construction and maintenance of highways for the next 3 years, including anticipated revenues and expenditures of the department, no later than October 1 of each even-numbered year, and submit it to the *legislative committee on transportation created pursuant to section 3 of this act and to the director of the legislative counsel bureau for transmittal to the chairmen of the senate and assembly standing committees on transportation.*

3. Report to the legislature by February 1 of odd-numbered years the progress being made in the department's 12-year plan for the resurfacing of state highways. The report must include an accounting of revenues and expenditures in the preceding 2 fiscal years, a list of the projects which have been completed, including mileage and cost, and an estimate of the adequacy of projected revenues for timely completion of the plan.”

WHEREAS, The State of Nevada has a high incidence of such medical conditions and also has a large and increasing population of senior citizens who may suffer from medical conditions for which the use of marijuana may be useful in managing the pain that results from those conditions; and

WHEREAS, The people of the State of Nevada recognized the importance of this research and the need to provide the option for those suffering from certain medical conditions to alleviate their pain with the medical use of marijuana, and in the general elections held in 1998 and 2000, voiced their overwhelming support for a constitutional amendment to allow for the medical use of marijuana in this state under certain circumstances; and

WHEREAS, While the legislature respects the important and difficult decisions the Federal Government faces in exercising the powers delegated to it by the United States Constitution to establish policies and rules that are in the best interest of this nation, the State of Nevada as a sovereign state has the duty to carry out the will of the people of this state and to regulate the health, medical practices and well-being of those people in a manner that respects their personal decisions concerning the relief of suffering through the medical use of marijuana; and

WHEREAS, This state should continue to study the benefits of the medical use of marijuana to develop new ways in which the medical use of marijuana may improve the lives of residents of this state who are suffering from chronic or debilitating conditions, and to include in such a study an examination of all established and approved federal protocols; and

WHEREAS, Many residents of this state have suffered the negative consequences of abuse of and addiction to marijuana, and it is important for the legislature to ensure that the program established for the distribution and medical use of marijuana is designed in such a manner as not to harm the residents of this state by contributing to the general abuse of and addiction to marijuana; and

WHEREAS, A majority of the men and women in our penal institutions have been convicted of offenses that involve the unlawful use of drugs, many involving marijuana, and there is a need for revising our statutes concerning persons who unlawfully possess smaller quantities of marijuana based on the premise that the rehabilitation of such users is a more appropriate and economical way to prevent recidivism and to address the problems that result from the abuse of marijuana; and

WHEREAS, The legislature is strongly committed to evaluating the medical use of marijuana and recognizes the importance of its obligation to review the program for the distribution and medical use of marijuana and any related study conducted by the University of Nevada School of Medicine, to determine whether the program and study are effectively addressing the best interests of the people of the State of Nevada; now, therefore,.”

The sign must include the following information:*

~~{(a)}~~ (1) *The existing permitted use and zoning designation of the property in question;*

~~{(b)}~~ (2) *The proposed permitted use of the property in question;*

~~{8-}~~ 9. A governing body may charge an additional fee for each application for a special use permit to cover the actual costs resulting from the erection of not more than one sign required by subsection ~~{6-}~~ 7, if any. The additional fee is not subject to the limitation imposed by NRS 354.5989.

~~[9-]~~ 10. The governing body shall remove or cause to be removed any sign required by subsection ~~[6]~~ 7 within 5 days after the final hearing for the application for which the sign was erected. There must be no additional charge to the applicant for such removal.

12. The provisions of this section do not apply to an application for a conditional use permit filed pursuant to NRS 278.147.

Sec. 4. NRS 278.319 is hereby amended to read as follows:

278.319 1. The governing body may adopt an ordinance that authorizes the director of planning or another person or agency to grant ~~[minor deviations]~~ a deviation of less than 10 percent from requirements for land use established within a zoning district without conducting a hearing. The ordinance must require an applicant for *such* a ~~[minor]~~ deviation to obtain the written consent of the owner of any real property that would be affected by the ~~[minor]~~ deviation.

2. If the director of planning or other authorized person or agency grants a deviation in accordance with its authority delegated pursuant to subsection 1, the director of planning or other authorized person or agency shall ensure that the deviation will not impair the purpose of the zoning district or any regulations adopted by the governing body pursuant to NRS 278.250.

3. An applicant or other aggrieved person may appeal the decision of the director of planning or other authorized person or agency in accordance with the ordinance adopted pursuant to section 1 of *Senate Bill No. 554 of this* ~~[act-]~~ session.

Sec. 5. NRS 278.480 is hereby amended to read as follows:

278.480 1. Except as otherwise provided in subsection ~~[10-]~~ 11, any abutting owner or local government desiring the vacation or abandonment of any street or easement owned by a city or a county, or any portion thereof, shall file a petition in writing with the planning commission or the governing body having jurisdiction.

2. The governing body may establish by ordinance a procedure by which, after compliance with the requirements for notification of public hearing set forth in this section, a vacation or abandonment of a street or an easement may be approved in conjunction with the approval of a tentative map pursuant to NRS 278.349.

3. ~~[Whenever any street]~~ *A government patent easement which is no longer required for a public purpose may be vacated by:*

(a) *The governing body; or*

(b) *The planning commission, hearing examiner or other designee, if authorized to take final action by the governing body, without conducting a*

hearing on the vacation if the applicant for the vacation obtains the written consent of each owner of property abutting the proposed vacation and any utility that is affected by the proposed vacation.

4. *Except as otherwise provided in subsection 3, if any right of way or easement required for a public purpose that is owned by a city or a county is proposed to be vacated, the governing body, or the planning commission , ~~for~~ hearing examiner or other designee, if authorized to take final action by the governing body, shall notify by certified mail each owner of property abutting the proposed abandonment and cause a notice to be published at least once in a newspaper of general circulation in the city or county, setting forth the extent of the proposed abandonment and setting a date for public hearing, which must be not less than 10 days and not more than 40 days after the date the notice is first published.*

~~[4.]~~ 5. Except as provided in subsection ~~[5.]~~ 6, if, upon public hearing, the governing body, or the planning commission , ~~for~~ hearing examiner or other designee, if authorized to take final action by the governing body, is satisfied that the public will not be materially injured by the proposed vacation, it shall order the street or easement vacated. The governing body, or the planning commission , ~~for~~ hearing examiner or other designee, if authorized to take final action by the governing body, may make the order conditional, and the order becomes effective only upon the fulfillment of the conditions prescribed. An applicant or other person aggrieved by the decision of the planning commission , ~~for~~ hearing examiner or other designee may appeal the decision in accordance with the ordinance adopted pursuant to section 1 of Senate Bill No. 554 of this ~~act~~.

~~5.] session.~~

6. If a utility has an easement over the property, the governing body, or the planning commission , ~~for~~ hearing examiner or other designee, if authorized to take final action by the governing body, shall provide in its order for the continuation of that easement.

~~[6.]~~ 7. The order must be recorded in the office of the county recorder, if all the conditions of the order have been fulfilled, and upon the recordation title to the street or easement reverts to the abutting property owners in the approximate proportion that the property was dedicated by the abutting property owners or their predecessors in interest. In the event of a partial vacation of a street where the vacated portion is separated from the property from which it was acquired by the unvacated portion of it, the governing body may sell the vacated portion upon such terms and conditions as it deems desirable and in the best interests of the city or county. If the governing body sells the vacated portion, it shall afford the right of first refusal to each abutting property owner as to that part of the vacated portion which abuts his property, but no action may be taken by the governing body to force the owner to purchase that portion and that portion may not be sold to any person other than the owner if the sale would result in a complete loss of access to a street from the abutting property.

~~{7.}~~ 8. If the street was acquired by dedication from the abutting property owners or their predecessors in interest, no payment is required for title to the proportionate part of the street reverted to each abutting property owner. If the street was not acquired by dedication, the governing body may make its order conditional upon payment by the abutting property owners for their proportionate part of the street of such consideration as the governing body determines to be reasonable. If the governing body determines that the vacation has a public benefit, it may apply the benefit as an offset against a determination of reasonable consideration which did not take into account the public benefit.

~~{8.}~~ 9. If an easement for light and air owned by a city or a county is adjacent to a street vacated pursuant to the provisions of this section, the easement is vacated upon the vacation of the street.

~~{9.}~~ 10. In any vacation or abandonment of any street owned by a city or a county, or any portion thereof, the governing body, or the planning commission, ~~{or}~~ hearing examiner or other designee, if authorized to take final action by the governing body, may reserve and except therefrom all easements, rights or interests therein which the governing body, or the planning commission, ~~{or}~~ hearing examiner or other designee, if authorized to take final action by the governing body, deems desirable for the use of the city, the county or any public utility.

~~{10.}~~ 11. The governing body may establish by local ordinance a simplified procedure for the vacation or abandonment of an easement for a public utility owned or controlled by the governing body.

12. *As used in this section, "government patent easement" means an easement for a public purpose owned by the governing body over land which was conveyed by a patent.*

3. If the governing body of a charter school determines that the charter school is unable to provide an appropriate special education program and related services for a particular disability of a pupil who is enrolled in the charter school, the governing body may request that the board of trustees of the school district of the county in which the pupil resides transfer that pupil to an appropriate school.

4. *Except as otherwise provided in this subsection, upon the request of a parent or legal guardian of a child who is enrolled in a public school of a school district or a private school, or who receives instruction at home, the governing body of the charter school shall authorize the child to participate in a class that is not otherwise available to the child at his school or home school or participate in an extracurricular activity at the charter school if:*

(b) The parent or legal guardian demonstrates to the satisfaction of the governing body that the child is qualified to participate in the class or extracurricular activity.

If the governing body of a charter school authorizes a child to participate in a class or extracurricular activity pursuant to this subsection, the governing body is not required to provide transportation for the child to attend the class or activity. A charter school shall not authorize such a child to participate in a class or activity through a program of distance education provided by the charter school pursuant to sections 35 to 49, inclusive, of this act.

5. *The governing body of a charter school may revoke its approval for a child to participate in a class or extracurricular activity at a charter school pursuant to subsection 4 if the governing body determines that the child has failed to comply with applicable statutes, or applicable rules and regulations. If the governing body so revokes its approval, neither the governing body nor the charter school is liable for any damages relating to the denial of services to the child.*

6. This section does not preclude the formation of a charter school that is dedicated to provide educational services exclusively to pupils:

- (a) With disabilities;
- (b) Who pose such severe disciplinary problems that they warrant an educational program specifically designed to serve a single gender and emphasize personal responsibility and rehabilitation; or

The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school ~~[-]~~ *and all the funds attributable to pupils who reside in the county and are enrolled full time or part time in a program of distance education provided by another school district or a charter school.* No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support. ~~[The]~~ *If an agreement is not filed for a pupil who is enrolled in a program of distance education as required by section 44 of this act, the superintendent of public instruction shall not apportion money for that pupil to the board of trustees of the school district in which the pupil resides, or the board of trustees or governing body that provides the program of distance education.*

2. *Except as otherwise provided in subsection 3, the apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides [-] minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school.* If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

~~[2-]~~ 3. *Except as otherwise provided in this subsection, the apportionment to a charter school that is sponsored by the state board, computed on a yearly basis, is equal to:*

(b) *The statewide average per pupil amount for pupils who are enrolled full time,*

whichever is greater. If the calculation set forth in paragraph (a) is less than the calculation pursuant to paragraph (b), the school district in which the charter school is located shall pay the difference directly to the charter school. If a charter school provides a program of distance education

pursuant to sections 35 to 49, inclusive, of this act, the apportionment to the charter school for pupils who are enrolled in the program of distance education must be calculated as set forth in subsection 2 or 4, as applicable.

4. In addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part time in the program if an agreement is filed for that pupil pursuant to section 44 or 45 of this act, as applicable. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

A charter school may receive all four apportionments in advance in its first year of operation.

~~{3-}~~ 6. If the state controller finds that such an action is needed to maintain the balance in the state general fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the state controller shall submit a report to the department of administration and the fiscal analysis division of the legislative counsel bureau documenting reasons for the action.

If a lessee or user pays the tax owed after the school district's apportionment has been increased in accordance with the provisions of this subsection to compensate for the tax owed, the school district shall repay to the *state* distributive school account in the state general fund an amount equal to the tax received from the lessee or user for the year in which the school district received an increased apportionment, not to exceed the increase in apportionments made to the school district pursuant to this subsection.

3. On or before August 1 of each year, the board of trustees of a school district shall provide to the department, in a format prescribed by the department, the count of pupils calculated pursuant to subparagraph ~~{{(6)}} (8)~~ of paragraph (a) of subsection 1 of NRS 387.1233 who completed at least one semester during the immediately preceding school year. The count of pupils submitted to the department must be included in the final adjustment computed pursuant to subsection 4.

4. A final adjustment for each school district and charter school must be computed as soon as practicable following the close of the school year, but not later than August 25. The final computation must be based upon the actual counts of pupils required to be made for the computation of basic support and the limits upon the support of special education programs, except that for any year when the total enrollment of pupils and children in a school district or a charter school located within the school district described in paragraphs (a), (b), (c) and ~~{{(d)}} (e)~~ of subsection 1 of NRS 387.123 is greater on the last day of any school month of the school district after the second school month of the school district and the increase in enrollment shows at least:

Section 1. NRS 386.595 is hereby amended to read as follows:

386.595 1. All employees of a charter school shall be deemed public employees.

2. Except as otherwise provided in this subsection, the provisions of the collective bargaining agreement entered into by the board of trustees of the school district in which the charter school is located apply to the terms and conditions of employment of employees of the charter school who are on a leave of absence from the school district pursuant to subsection 5, including, without limitation, any provisions relating to representation by the employee organization that is a party to the collective bargaining agreement of the school district in a grievance proceeding or other dispute arising out of the agreement. The provisions of the collective bargaining agreement apply to each employee for the first 3 years that he is on a leave of absence from the

school district. After the first 3 years that the employee is on a leave of absence:

(a) If he is subsequently reassigned by the school district pursuant to subsection 5, he is covered by the collective bargaining agreement of the school district.

(b) If he continues his employment with the charter school, he is covered by the collective bargaining agreement of the charter school, if applicable.

3. Except as otherwise provided in subsection 2, the governing body of a charter school may make all employment decisions with regard to its employees pursuant to NRS 391.311 to 391.3197, inclusive, unless a collective bargaining agreement entered into by the governing body pursuant to chapter 288 of NRS contains separate provisions relating to the discipline of licensed employees of a school.

(b) The compensation that is paid to a teacher or other school employee that exceeds the compensation that he would have received if he were employed by the school district must not be included for the purposes of calculating future retirement benefits of the employee.

10. If the board of trustees of a school district in which a charter school is located manages a plan of group insurance for its employees, the governing body of the charter school may negotiate with the board of trustees to participate in the same plan of group insurance that the board of trustees offers to its employees. If the employees of the charter school participate in the plan of group insurance managed by the board of trustees, the governing body of the charter school shall:

(a) Ensure that the premiums for that insurance are paid to the board of trustees; and

(b) Provide, upon the request of the board of trustees, all information that is necessary for the board of trustees to provide the group insurance to the employees of the charter school.

1. Concerning a collective bargaining agreement intended to become effective during the 2001-2002 school year; and

2. With respect to a subject of negotiation that requires the budgeting of money,

must apply to the governing body for recognition on or before September 1, 2001, and give the notice required by subsection 1 of NRS 288.180 on or before October 1, 2001.

Sec. 67. If a person accepts an offer of employment from a charter school before the effective date of section 24 of this act and takes a leave of absence from the school district in which the charter school is located, the 3-year period provided in the amendatory provisions of subsection 2 of section 24 of this act begins to run after the effective date of that section, upon the renewal of any applicable collective bargaining agreement entered into by the board of trustees of the school district.

Sec. 68. The state board of education shall consider sponsorship of charter schools in accordance with the amendatory provisions of section 15 of this act for schools that will commence operation during or after the 2002-2003 school year.

Sec. 69. 1. On or before December 1, 2001, the state board of education shall submit a draft of the regulations required by section 49 of this act to the legislative committee on education for the review and comment of the committee.

2. On or before February 1, 2002, the legislative committee on education shall review the draft regulations and provide comment to the state board.

3. On or before April 1, 2002, the state board shall adopt final regulations required by section 49 of this act.

Sec. 70. The department of education shall accept applications to provide programs of distance education in accordance with section 40 of this act for programs that will commence operation with the 2002-2003 school year. If any deadlines contained within the regulations adopted by the state board pursuant to section 49 of this act prohibit a school district or charter school from submitting an application for the 2002-2003 school year, the department shall grant a shorter period of time for the school district or charter school to submit an application for the 2002-2003 school year, notwithstanding the provisions of those regulations.

Sec. 71. If a school district or charter school has provided before June 1, 2001, a program that includes distance education in accordance with all applicable statutes and regulations, the school district or charter school may continue to offer that program for the 2001-2002 school year if the school district or charter school provides written notice of the existence of the program to the department of education on or before July 1, 2001. After the 2001-2002 school year, the school district or charter school must comply with sections 35 to 49, inclusive, of this act, if it desires to continue the program. The provisions of this section apply to a charter school regardless

of whether the terms of the written charter of the charter school authorize the charter school to provide a program that includes distance education.

Sec. 72. The department of education shall provide the financial support necessary for the school districts and charter schools to incorporate charter schools into the statewide automated system of information concerning pupils pursuant to the amendatory provisions of sections 27 and 28 of this act.

Sec. 73. The amendatory provisions of this act do not apply to offenses committed before July 1, 2001.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 460.

The following Senate amendment was read:

Amendment No. 1234.

Amend the bill as a whole by renumbering sections 1 and 2 as sections 10 and 11 and adding new sections designated sections 1 through 9, following the enacting clause, to read as follows:

“Section 1. Chapter 218 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 7, inclusive, of this act.

Sec. 2. *As used in sections 2 to 7, inclusive, of this act, unless the context otherwise requires, “committee” means the legislative committee on transportation.*

Sec. 3. 1. *There is hereby created a legislative committee on transportation. The committee consists of:*

(a) *Four members appointed by the majority leader of the senate, at least two of whom must have served on the senate standing committee which had jurisdiction of issues relating to transportation during the immediately preceding session of the legislature.*

(b) *Four members appointed by the speaker of the assembly, at least two of whom must have served on the assembly standing committee which had jurisdiction of issues relating to transportation during the immediately preceding session of the legislature.*

2. *The members of the committee shall elect a chairman and vice chairman from among their members. The chairman must be elected from one house of the legislature and the vice chairman from the other house. After the initial election of a chairman and vice chairman, each of those officers holds office for a term of 2 years commencing on July 1 of each odd-numbered year. If a vacancy occurs in the chairmanship or vice chairmanship, the members of the committee shall elect a replacement for the remainder of the unexpired term.*

3. *Any member of the committee who is not a candidate for reelection or who is defeated for reelection continues to serve until the convening of the next session of the legislature.*

4. *Vacancies on the committee must be filled in the same manner as the original appointments.*

Sec. 4. 1. *The members of the committee shall meet at least quarterly and at the times and places specified by a call of the chairman. The director of the legislative counsel bureau or a person he has designated shall act as the nonvoting recording secretary. Five members of the committee constitute a quorum, and a quorum may exercise all the power and authority conferred on the committee.*

2. *Except during a regular or special session of the legislature, the members of the committee are entitled to receive the compensation provided for a majority of the members of the legislature during the first 60 days of the preceding session, the per diem allowance provided for state officers and employees generally and the travel expenses provided pursuant to NRS 218.2207 for each day or portion of a day of attendance at a meeting of the committee and while engaged in the business of the committee. The salaries and expenses of the members of the committee and any other expenses*

incurred by the committee in carrying out its duties must be paid from the state general fund from the money received from short-term lessors pursuant to NRS 482.313, except that the maximum amount that may be paid each fiscal year pursuant to this subsection must not exceed \$25,000. All claims pursuant to this subsection must be paid as other claims against the state are paid.

Sec. 5. The committee may:

1. Evaluate, review and comment upon issues related to transportation within this state.

2. Monitor the money deposited in, and any expenditures made from:

(a) The state highway fund; and

(b) The state general fund or any other fund, to the extent that the money deposited in the funds or expenditures made from the funds, or both, are related to transportation.

3. Consult with and make recommendations to the board of directors of the department of transportation on matters concerning transportation within this state.

4. Conduct investigations and hold hearings in connection with carrying out its duties pursuant to this section.

5. Direct the legislative counsel bureau to assist in its research, investigations, hearings and reviews.

6. Recommend to the legislature as a result of the activities of the committee any appropriate state legislation or corrective federal legislation.

Sec. 6. Each witness who appears before the committee by its order, except a state officer or employee, is entitled to receive for his attendance the fees and mileage provided for witnesses in civil cases in the courts of record of this state. The fees and mileage must be audited and paid upon the presentation of proper claims sworn to by the witness and approved by the chairman of the committee.

Sec. 7. 1. If the committee conducts investigations or holds hearings pursuant to subsection 4 of section 5 of this act:

(a) The secretary of the committee or, in his absence, a member designated by the committee may administer oaths.

(b) The secretary or chairman of the committee may cause the deposition of witnesses, residing either within or outside this state, to be taken in the manner prescribed by rule of court for taking depositions in civil actions in the district courts.

(c) The chairman of the committee, upon recommendation of a majority of the members of the committee, may issue subpoenas to compel the attendance of witnesses and the production of books and papers.

2. If a witness refuses to attend or testify or produce books or papers as required by the subpoena, the chairman of the committee may report to the district court by a petition which sets forth that:

(a) Due notice has been given of the time and place of attendance of the witness or the production of the books or papers;

(b) The witness has been subpoenaed by the committee pursuant to this section; and

(c) The witness has failed or refused to attend or produce the books or papers required by the subpoena before the committee, or has refused to answer questions propounded to him.

The petition may request an order of the court compelling the witness to attend and testify or produce the books and papers before the committee.

3. Upon such a petition, the court shall enter an order directing the witness to appear before the court at a time and place to be fixed by the court in its order, the time to be not more than 10 days after the date of the order, and to show cause why he has not attended or testified or produced the books or papers before the committee. A certified copy of the order must be served upon the witness.

4. If it appears to the court that the subpoena was regularly issued by the chairman of the committee, upon recommendation of a majority of the members of the committee, the court shall enter an order that the witness appear before the committee at the time and place fixed in the order and testify or produce the required books or papers. Failure to obey the order constitutes contempt of court.

Sec. 8. NRS 408.100 is hereby amended to read as follows:

408.100 Recognizing that safe and efficient highway transportation is a matter of important interest to all the people of the state, and that an adequate highway system is a vital part of the national defense, the legislature hereby determines and declares that:

1. An integrated system of state highways and roads is essential to the general welfare of the state.

2. Providing such a system of facilities, its efficient management, maintenance and control is recognized as a problem and as the proper prospective of highway legislation.

3. Inadequate highways and roads obstruct the free flow of traffic, resulting in undue cost of motor vehicle operation, endangering the health and safety of the citizens of the state, depreciating property values, and impeding general economic and social progress of the state.

4. In designating the highways and roads of the state as provided in this chapter, the legislature places a high degree of trust in the hands of those officials whose duty it is, within the limits of available funds, to plan, develop, operate, maintain, control and protect the highways and roads of this state, for present as well as for future use.

5. To this end, it is the express intent of the legislature to make the board ~~[of directors of the department of transportation]~~, *in consultation with the legislative committee on transportation created pursuant to section 3 of this act*, custodian of the state highways and roads and to provide sufficiently broad authority to enable the board to function adequately and efficiently in all areas of appropriate jurisdiction, subject to the limitations of the constitution and the legislative mandate proposed in this chapter.

6. The legislature intends:

(a) To declare, in general terms, the powers and duties of the board , ~~of directors,~~ leaving specific details to be determined by reasonable regulations and declarations of policy which the board may promulgate.

(b) By general grant of authority to the board ~~of directors~~ to delegate sufficient power and authority to enable the board to carry out , *in consultation with the legislative committee on transportation created pursuant to section 3 of this act*, the broad objectives contained in this chapter.

7. The problem of establishing and maintaining adequate highways and roads, eliminating congestion, reducing accident frequency and taking all necessary steps to ensure safe and convenient transportation on these public ways is no less urgent.

8. The legislature hereby finds, determines and declares that this chapter is necessary for the preservation of the public safety, the promotion of the general welfare, the improvement and development of facilities for transportation in the state, and other related purposes necessarily included therein, and as a contribution to the system of national defense.

9. The words "construction," "maintenance" and "administration" used in section 5 of Article 9 of the constitution of the State of Nevada are broad enough to be construed to include and as contemplating the construction, maintenance and administration of the state highways and roads as established by this chapter and the landscaping, roadside improvements and planning surveys of the state highways and roads.

Sec. 9. NRS 408.203 is hereby amended to read as follows:

408.203 The director shall:

1. Compile a comprehensive report outlining the requirements for the construction and maintenance of highways for the next 10 years, including anticipated revenues and expenditures of the department, and submit it to the *legislative committee on transportation created pursuant to section 3 of this act* and to the director of the legislative counsel bureau for transmittal to the chairmen of the senate and assembly standing committees on transportation.

2. Compile a comprehensive report of the requirements for the construction and maintenance of highways for the next 3 years, including anticipated revenues and expenditures of the department, no later than October 1 of each even-numbered year, and submit it to the *legislative committee on transportation created pursuant to section 3 of this act* and to the director of the legislative counsel bureau for transmittal to the chairmen of the senate and assembly standing committees on transportation.

3. Report to the legislature by February 1 of odd-numbered years the progress being made in the department's 12-year plan for the resurfacing of state highways. The report must include an accounting of revenues and expenditures in the preceding 2 fiscal years, a list of the projects which have been completed, including mileage and cost, and an estimate of the adequacy of projected revenues for timely completion of the plan.".

Amend section 1, page 1, by deleting lines 10 through 12 and inserting: “to NRS 360.670 an amount from the account that is”.

Amend section 1, pages 1 and 2, by deleting lines 19 and 20 on page 1 and lines 1 through 5 on page 2.

Amend the bill as a whole by deleting sections 2 and 2.5 and adding new sections designated sections 2 through 2.7, following section 1, to read as follows:

“Sec. 2. NRS 360.690 is hereby amended to read as follows:

360.690 1. Except as otherwise provided in NRS 360.730, the executive director shall estimate monthly the amount each local government, special district and enterprise district will receive from the account pursuant to the provisions of this section.

2. The executive director shall establish a base monthly allocation for each local government, special district and enterprise district by dividing the amount determined pursuant to NRS 360.680 for each local government, special district and enterprise district by 12 and the state treasurer shall, except as otherwise provided in subsections 3, 4 and 5, remit monthly that amount to each local government, special district and enterprise district.

3. If, after making the allocation to each enterprise district for the month, the executive director determines there is not sufficient money available in the county's subaccount in the account to allocate to each local government and special district the base monthly allocation determined pursuant to subsection 2, he shall prorate the money in the county's subaccount and allocate to each local government and special district an amount equal to the percentage of the amount that the local government or special district received from the total amount which was distributed to all local governments and special districts within the county for the fiscal year immediately preceding the year in which the allocation is made. The state treasurer shall remit that amount to the local government or special district.

4. Except as otherwise provided in subsection 5, if the executive director determines that there is money remaining in the county's subaccount in the account after the base monthly allocation determined pursuant to subsection 2 has been allocated to each local government, special district and enterprise district, he shall immediately determine and allocate each:

(a) Local government's share of the remaining money by:

(1) Multiplying one-twelfth of the sum of:

(I) *Twenty-five percent of the amount allocated pursuant to NRS 360.680 multiplied by ~~one plus~~ the sum of the ~~per-~~*

~~(I) Percentage~~ *average percentage of change in the population of the local government for the fiscal year immediately preceding the year in which the allocation is made and the 4 fiscal years immediately preceding the year in which the allocation is made, as certified by the governor pursuant to NRS 360.285, except as otherwise provided in subsection 6 ~~per-~~ and*

~~(II) Average~~ *, and the average percentage of change in the assessed valuation of the taxable property in the local government, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the year in which the allocation is made, as projected by the department pursuant to NRS 361.390, and the 4 fiscal years immediately preceding the year in which the allocation is made; and*

(II) *Seventy-five percent of the amount allocated pursuant to NRS 360.680 multiplied by one plus the sum of the average percentage of change in the population of the local government for the fiscal year immediately*

preceding the year in which the allocation is made and the 4 fiscal years immediately preceding the year in which the allocation is made, as certified by the governor pursuant to NRS 360.285, except as otherwise provided in subsection 6, and the average percentage of change in the assessed valuation of the taxable property in the local government, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the year in which the allocation is made, as projected by the department pursuant to NRS 361.390, and the 4 fiscal years immediately preceding the year in which the allocation is made; and

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each local government an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (b), respectively, for the local governments and special districts located in the same county multiplied by the total amount available in the subaccount; and

(b) Special district's share of the remaining money by:

(1) Multiplying one-twelfth of the sum of:

(I) *Twenty-five percent of the amount allocated pursuant to NRS 360.680 multiplied by ~~one plus~~ the average change in the assessed valuation of the taxable property in the special district, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the 5 fiscal years immediately preceding the year in which the allocation is made; and*

(II) *Seventy-five percent of the amount allocated pursuant to NRS 360.680 multiplied by one plus the average change in the assessed valuation of the taxable property in the special district, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the 5 fiscal years immediately preceding the year in which the allocation is made; and*

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each special district an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (a), respectively, for the local governments and special districts located in the same county multiplied by the total amount available in the subaccount.

The state treasurer shall remit the amount allocated to each local government or special district pursuant to this subsection.

5. The executive director shall not allocate any amount to a local government or special district pursuant to subsection 4, unless the amount distributed and allocated to each of the local governments and special districts in the county in each preceding month of the fiscal year in which the allocation is to be made was at least equal to the base monthly allocation

determined pursuant to subsection 2. If the amounts distributed to the local governments and special districts in the county for the preceding months of the fiscal year in which the allocation is to be made were less than the base monthly allocation determined pursuant to subsection 2 and the executive director determines there is money remaining in the county's subaccount in the account after the distribution for the month has been made, he shall:

(a) Determine the amount by which the base monthly allocations determined pursuant to subsection 2 for each local government and special district in the county for the preceding months of the fiscal year in which the allocation is to be made exceeds the amounts actually received by the local governments and special districts in the county for the same period; and

(b) Compare the amount determined pursuant to paragraph (a) to the amount of money remaining in the county's subaccount in the account to determine which amount is greater.

If the executive director determines that the amount determined pursuant to paragraph (a) is greater, he shall allocate the money remaining in the county's subaccount in the account pursuant to the provisions of subsection 3. If the executive director determines that the amount of money remaining in the county's subaccount in the account is greater, he shall first allocate the money necessary for each local government and special district to receive the base monthly allocation determined pursuant to subsection 2 and the state treasurer shall remit that money so allocated. The executive director shall allocate any additional money in the county's subaccount in the account pursuant to the provisions of subsection 4.

6. The percentage change calculated pursuant to paragraph (a) of subsection 4 must:

(a) If the Bureau of the Census of the United States Department of Commerce issues population totals that conflict with the totals certified by the governor pursuant to NRS 360.285, be an estimate of the change in population for the calendar year, based upon the population totals issued by the Bureau of the Census.

(b) If a new method of determining population is established pursuant to NRS 360.283, be adjusted in a manner that will result in the percentage change being based on population determined pursuant to the new method for both the fiscal year in which the allocation is made and the fiscal year immediately preceding the year in which the allocation is made.

7. On or before February 15 of each year, the executive director shall provide to each local government, special district and enterprise district a preliminary estimate of the revenue it will receive from the account for that fiscal year.

8. On or before March 15 of each year, the executive director shall:

(a) Make an estimate of the receipts from each tax included in the account on an accrual basis for the next fiscal year in accordance with generally accepted accounting principles, including an estimate for each county of the receipts from each tax included in the account; and

(b) Provide to each local government, special district and enterprise district an estimate of the amount that local government, special district or enterprise district would receive based upon the estimate made pursuant to paragraph (a) and calculated pursuant to the provisions of this section.

9. A local government, special district or enterprise district may use the estimate provided by the executive director pursuant to subsection 8 in the preparation of its budget.

Sec. 2.3. NRS 360.690 is hereby amended to read as follows:

360.690 1. Except as otherwise provided in NRS 360.730, the executive director shall estimate monthly the amount each local government, special district and enterprise district will receive from the account pursuant to the provisions of this section.

2. The executive director shall establish a base monthly allocation for each local government, special district and enterprise district by dividing the amount determined pursuant to NRS 360.680 for each local government, special district and enterprise district by 12 and the state treasurer shall, except as otherwise provided in subsections 3, 4 and 5, remit monthly that amount to each local government, special district and enterprise district.

3. If, after making the allocation to each enterprise district for the month, the executive director determines there is not sufficient money available in the county's subaccount in the account to allocate to each local government and special district the base monthly allocation determined pursuant to subsection 2, he shall prorate the money in the county's subaccount and allocate to each local government and special district an amount equal to the percentage of the amount that the local government or special district received from the total amount which was distributed to all local governments and special districts within the county for the fiscal year immediately preceding the year in which the allocation is made. The state treasurer shall remit that amount to the local government or special district.

4. Except as otherwise provided in subsection 5, if the executive director determines that there is money remaining in the county's subaccount in the account after the base monthly allocation determined pursuant to subsection 2 has been allocated to each local government, special district and enterprise district, he shall immediately determine and allocate each:

(a) Local government's share of the remaining money by:

(1) Multiplying one-twelfth of *the sum of*:

(I) *Fifty percent of the amount allocated pursuant to NRS 360.680 multiplied by ~~one plus~~ the sum of the ~~+~~*

~~(I) Percentage~~ *average percentage of change in the population of the local government for the fiscal year immediately preceding the year in which the allocation is made and the 4 fiscal years immediately preceding the year in which the allocation is made, as certified by the governor pursuant to NRS 360.285, except as otherwise provided in subsection 6 ~~+~~ and*

~~(II) Average~~ *, and the average percentage of change in the assessed valuation of the taxable property in the local government, including assessed*

valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the year in which the allocation is made, as projected by the department pursuant to NRS 361.390, and the 4 fiscal years immediately preceding the year in which the allocation is made; and

(II) Fifty percent of the amount allocated pursuant to NRS 360.680 multiplied by one plus the sum of the average percentage of change in the population of the local government for the fiscal year immediately preceding the year in which the allocation is made and the 4 fiscal years immediately preceding the year in which the allocation is made, as certified by the governor pursuant to NRS 360.285, except as otherwise provided in subsection 6, and the average percentage of change in the assessed valuation of the taxable property in the local government, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the year in which the allocation is made, as projected by the department pursuant to NRS 361.390, and the 4 fiscal years immediately preceding the year in which the allocation is made; and

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each local government an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (b), respectively, for the local governments and special districts located in the same county multiplied by the total amount available in the subaccount; and

(b) Special district's share of the remaining money by:

(1) Multiplying one-twelfth of *the sum of:*

(I) Fifty percent of the amount allocated pursuant to NRS 360.680 multiplied by ~~one plus~~ the average change in the assessed valuation of the taxable property in the special district, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the 5 fiscal years immediately preceding the year in which the allocation is made; and

(II) Fifty percent of the amount allocated pursuant to NRS 360.680 multiplied by one plus the average change in the assessed valuation of the taxable property in the special district, including assessed valuation attributable to a redevelopment agency but excluding the portion attributable to the net proceeds of minerals, over the 5 fiscal years immediately preceding the year in which the allocation is made; and

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each special district an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (a), respectively, for the local governments

and special districts located in the same county multiplied by the total amount available in the subaccount.

The state treasurer shall remit the amount allocated to each local government or special district pursuant to this subsection.

5. The executive director shall not allocate any amount to a local government or special district pursuant to subsection 4, unless the amount distributed and allocated to each of the local governments and special districts in the county in each preceding month of the fiscal year in which the allocation is to be made was at least equal to the base monthly allocation determined pursuant to subsection 2. If the amounts distributed to the local governments and special districts in the county for the preceding months of the fiscal year in which the allocation is to be made were less than the base monthly allocation determined pursuant to subsection 2 and the executive director determines there is money remaining in the county's subaccount in the account after the distribution for the month has been made, he shall:

(a) Determine the amount by which the base monthly allocations determined pursuant to subsection 2 for each local government and special district in the county for the preceding months of the fiscal year in which the allocation is to be made exceeds the amounts actually received by the local governments and special districts in the county for the same period; and

(b) Compare the amount determined pursuant to paragraph (a) to the amount of money remaining in the county's subaccount in the account to determine which amount is greater.

If the executive director determines that the amount determined pursuant to paragraph (a) is greater, he shall allocate the money remaining in the county's subaccount in the account pursuant to the provisions of subsection 3. If the executive director determines that the amount of money remaining in the county's subaccount in the account is greater, he shall first allocate the money necessary for each local government and special district to receive the base monthly allocation determined pursuant to subsection 2 and the state treasurer shall remit that money so allocated. The executive director shall allocate any additional money in the county's subaccount in the account pursuant to the provisions of subsection 4.

6. The percentage change calculated pursuant to paragraph (a) of subsection 4 must:

(a) If the Bureau of the Census of the United States Department of Commerce issues population totals that conflict with the totals certified by the governor pursuant to NRS 360.285, be an estimate of the change in population for the calendar year, based upon the population totals issued by the Bureau of the Census.

(b) If a new method of determining population is established pursuant to NRS 360.283, be adjusted in a manner that will result in the percentage change being based on population determined pursuant to the new method for both the fiscal year in which the allocation is made and the fiscal year immediately preceding the year in which the allocation is made.

7. On or before February 15 of each year, the executive director shall provide to each local government, special district and enterprise district a preliminary estimate of the revenue it will receive from the account for that fiscal year.

8. On or before March 15 of each year, the executive director shall:

(a) Make an estimate of the receipts from each tax included in the account on an accrual basis for the next fiscal year in accordance with generally accepted accounting principles, including an estimate for each county of the receipts from each tax included in the account; and

(b) Provide to each local government, special district and enterprise district an estimate of the amount that local government, special district or enterprise district would receive based upon the estimate made pursuant to paragraph (a) and calculated pursuant to the provisions of this section.

9. A local government, special district or enterprise district may use the estimate provided by the executive director pursuant to subsection 8 in the preparation of its budget.

Sec. 2.5. NRS 360.690 is hereby amended to read as follows:

360.690 1. Except as otherwise provided in NRS 360.730, the executive director shall estimate monthly the amount each local government, special district and enterprise district will receive from the account pursuant to the provisions of this section.

2. The executive director shall establish a base monthly allocation for each local government, special district and enterprise district by dividing the amount determined pursuant to NRS 360.680 for each local government, special district and enterprise district by 12 and the state treasurer shall, except as otherwise provided in subsections 3, 4 and 5, remit monthly that amount to each local government, special district and enterprise district.

3. If, after making the allocation to each enterprise district for the month, the executive director determines there is not sufficient money available in the county's subaccount in the account to allocate to each local government and special district the base monthly allocation determined pursuant to subsection 2, he shall prorate the money in the county's subaccount and allocate to each local government and special district an amount equal to the percentage of the amount that the local government or special district received from the total amount which was distributed to all local governments and special districts within the county for the fiscal year immediately preceding the year in which the allocation is made. The state treasurer shall remit that amount to the local government or special district.

4. Except as otherwise provided in subsection 5, if the executive director determines that there is money remaining in the county's subaccount in the account after the base monthly allocation determined pursuant to subsection 2 has been allocated to each local government, special district and enterprise district, he shall immediately determine and allocate each:

(a) Local government's share of the remaining money by:

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each local government an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (b), respectively, for the local governments and special districts located in the same county multiplied by the total amount available in the subaccount; and

(2) Using the figure calculated pursuant to subparagraph (1) to calculate and allocate to each special district an amount equal to the proportion that the figure calculated pursuant to subparagraph (1) bears to the total amount of the figures calculated pursuant to subparagraph (1) of this paragraph and subparagraph (1) of paragraph (a), respectively, for the local governments and special districts located in the same county multiplied by the total amount available in the subaccount.

The state treasurer shall remit the amount allocated to each local government or special district pursuant to this subsection.

5. The executive director shall not allocate any amount to a local government or special district pursuant to subsection 4, unless the amount distributed and allocated to each of the local governments and special districts in the county in each preceding month of the fiscal year in which the allocation is to be made was at least equal to the base monthly allocation determined pursuant to subsection 2. If the amounts distributed to the local governments and special districts in the county for the preceding months of the fiscal year in which the allocation is to be made were less than the base monthly allocation determined pursuant to subsection 2 and the executive director determines there is money remaining in the county's subaccount in the account after the distribution for the month has been made, he shall:

If the executive director determines that the amount determined pursuant to paragraph (a) is greater, he shall allocate the money remaining in the county's subaccount in the account pursuant to the provisions of subsection 3. If the executive director determines that the amount of money remaining in the county's subaccount in the account is greater, he shall first allocate the money necessary for each local government and special district to receive the base monthly allocation determined pursuant to subsection 2 and the state treasurer shall remit that money so allocated. The executive director shall allocate any additional money in the county's subaccount in the account pursuant to the provisions of subsection 4.

6. The percentage change calculated pursuant to paragraph (a) of subsection 4 must:

3. The provisions of NRS 179D.600 to 179D.800, inclusive, must not be construed to prevent law enforcement officers from providing the public with notification concerning persons who pose a threat to the safety of the public.

179D.720 1. Except as otherwise provided in subsection 5, the attorney general shall ~~[establish guidelines and procedures]~~ *adopt regulations* for assessing the risk of recidivism of each sex offender who resides within this state and each nonresident sex offender who is a student or worker within this state.

1. A standing committee may by unanimous vote of the members present report a bill with the recommendation that it be placed on the consent calendar. The question of recommending a bill for the consent calendar may be voted upon in committee only after the bill has been recommended for passage and only if no amendment is recommended.

2. The Chief Clerk shall maintain a list of bills recommended for the consent calendar. The list must be printed in the daily history and must include the summary of each bill, and the date the bill is scheduled for consideration on final passage.

3. At any time before the presiding officer calls for a vote on the passage of the consent calendar, a member may give written notice to the Chief Clerk or state orally from the floor of the Assembly in session that he requests the removal of a particular bill from the consent calendar. If a member so requests, the Chief Clerk shall remove the bill from the consent calendar and

transfer it to the second reading file. A bill removed from the consent calendar may not be restored to that calendar.

4. During floor consideration of the consent calendar, members may ask questions and offer explanations relating to the respective bills.

5. When the consent calendar is brought to a vote, the bills remaining on the consent calendar must be read by number and summary and the vote must be taken on their final passage as a group.

[Statutes of Nevada 1977, 1660; A 1987, 2328; 1997, 3552; 1999, 3845; 2001, 3305]

Rule No. 112. Reserved.

Rule No. 113. General File.

All bills reported to the Assembly, by either standing or special committees, after receiving their second readings must be placed upon a General File, to be kept by the Chief Clerk. Bills must be taken from the General File and acted upon in the order in which they were reported, unless otherwise specially ordered by the Assembly. But engrossed bills shall be placed at the head of the file, in the order in which they are received. The Chief Clerk shall post a daily statement of the bills on the General File, setting forth the order in which they are filed, and specifying the alterations arising from the disposal of business each day. The Chief Clerk shall likewise post notices of special orders as made.

[Statutes of Nevada 1973, 1895; A 1997, 3553; 1999, 3845; 2001, 3305]

Rule No. 114. Reserved.

Rule No. 115. Reconsideration of Vote on Bill.

On the first legislative day that the Assembly is in session succeeding that on which a final vote on any bill or resolution has been taken, a vote may be reconsidered on the motion of any member. Notice of intention to move such reconsideration must be given on the day on which the final vote was taken by a member voting with the prevailing party. It is not in order for any member to move a reconsideration on the day on which the final vote was taken, except by unanimous consent. There may be no reconsideration of a vote on a motion to indefinitely postpone. Motions to reconsider a vote upon amendments to any pending question may be made at once.

[Statutes of Nevada 1973, 1895; A 1999, 3845]

Rule No. 116. Vetoed Bills.

Bills that have passed both Houses of the Legislature and are transmitted to the Assembly accompanied by a message or statement of the Governor's disapproval or veto of the same must be taken up and considered

immediately upon the coming in of the message transmitting the same, or become the subject of a special order. When the message is received, or (if made a special order) when the special order is called, the said message or statement must be read together with the bill or bills so disapproved or vetoed. The message and bill must be read by the Chief Clerk without interruption, consecutively, one following the other, and not upon separate occasions. No such bill or message may be referred to any committee, or otherwise acted upon save as provided by law and custom; that is to say, that immediately following such reading the only question (except as hereinafter stated) which may be put by the Speaker is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such a vetoed bill unless the same shall first have been read, from the first word of its title to and including the last word of its final section. No motion may be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or statement containing the objections of the Governor to the bill must be entered in the Journal of the Assembly. The consideration of a vetoed bill, and the objections of the Governor thereto, shall be a privileged question, and shall take precedence over all others.

C. RESOLUTIONS

Rule No. 118. Treated as Bills—Joint Resolutions.

JOINT STANDING RULES OF THE SENATE AND ASSEMBLY

CONFERENCE COMMITTEES

Rule No. 1. Procedure Concerning.

In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses. The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. New bills or resolutions so reported shall be treated as amendments unless the bills or resolutions are composed entirely of original matter, in which case they shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be.

The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two conference committees on any bill or resolution. A majority of the members of a conference committee from each House must be members who voted for the passage of the bill or resolution.

[Statutes of Nevada 1947, 872; A 1977, 1697; 1979, 1964; 1999, 3848]

MESSAGES

Rule No. 2. Procedure Concerning.

Proclamations by the Governor convening the Legislature in extra session shall, by direction of the presiding officer of each House, be read immediately after the convening thereof, filed and entered in full in the Journal of proceedings.

Whenever a message from the Governor is received, the Sergeant at Arms will announce: "Mr. President, or Mr. Speaker, the Secretary of the Governor

is at the bar.” The secretary will, upon being recognized by the presiding officer, announce: “Mr. President, or Mr. Speaker, a message from His Excellency, the Governor of Nevada, to the Honorable, the Senate or Assembly,” and hand same to the Sergeant at Arms for delivery to the Secretary of the Senate or Chief Clerk of the Assembly. The presiding officer will direct the biennial message of the Governor to be received and read, and all special messages to be received, read and entered in full in the Journal of proceedings.

Messages from the Senate to the Assembly shall be delivered by the Secretary or Assistant Secretary, and messages from the Assembly to the Senate shall be delivered by the Chief Clerk or Assistant Chief Clerk.

[Statutes of Nevada 1931, 466; A 1999, 3848, 2001, 3310]

NOTICE OF FINAL ACTION

Rule No. 3. Communications.

Each House shall communicate its final action on any bill or resolution, or matter in which the other may be interested, by written notice. Each such notice sent by the Senate must be signed by the Secretary of the Senate, or a person designated by the Secretary. Each such notice sent by the Assembly must be signed by the Chief Clerk of the Assembly, or a person designated by the Chief Clerk.

[Statutes of Nevada 1931, 410; A 1999, 3849]

BILLS AND JOINT RESOLUTIONS

Rule No. 4. Signature.

Each enrolled bill or joint resolution shall be presented to the presiding officers of both Houses for signature. They shall, after an announcement of their intention to do so is made in open session, sign the bill or joint resolution and their signatures shall be followed by those of the Secretary of the Senate and Chief Clerk of the Assembly.

[Statutes of Nevada 1931, 467; A 1977, 1656; 1999, 3849]

Rule No. 5. Joint Sponsorship.

1. A bill or resolution introduced by a standing committee of the Senate or Assembly may, at the direction of the chairman of the committee, set forth the name of a standing committee of the other House as a joint sponsor, if a majority of all members appointed to the committee of the other House votes in favor of becoming a joint sponsor of the bill or resolution. The name of the committee joint sponsor must be set forth on the face of the bill or resolution immediately below the date on which the bill or resolution is introduced.

2. A bill or resolution introduced by one or more legislators elected to one House may, at the direction of the legislator who brings the bill or resolution forward for introduction, set forth the names of one or more

legislators who are members elected to the other House and who wish to be primary joint sponsors or non-primary joint sponsors of the bill or resolution. The number of primary joint sponsors must not exceed five per bill or resolution. The names of each primary joint sponsor and non-primary joint sponsor must be set forth on the face of the bill or resolution in the following order immediately below the date on which the bill or resolution is introduced:

(a) The name of each primary joint sponsor, in the order indicated on the colored back of the introductory copy of the bill or resolution; and

(b) The name of each non-primary joint sponsor, in alphabetical order.

3. POLICY AND PROCEDURES REGARDING SEXUAL HARASSMENT

Rule No. 20. Maintenance of Working Environment; Procedure for Filing, Investigating and Taking Remedial Action on Complaints.

1. The Legislature hereby declares its intention to maintain a working environment which is free from sexual harassment. This policy applies to all legislators and lobbyists. Each member and lobbyist is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. In accordance with Title VII of the Civil Rights Act, for the purposes of this rule, “sexual harassment” means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of a person’s employment;

(b) Submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person; or

(c) Such conduct has the purpose or effect of unreasonably interfering with a person’s work performance or creating an intimidating, hostile or offensive working environment.

3. Each person subject to these rules must exercise his own good judgment to avoid engaging in conduct that may be perceived by others as sexual harassment. The following noninclusive list provides illustrations of conduct that the Legislature deems to be inappropriate:

(a) Verbal conduct such as epithets, derogatory comments, slurs or unwanted sexual advances, invitations or comments;

(b) Visual conduct such as derogatory posters, photography, cartoons, drawings or gestures;

(c) Physical conduct such as unwanted touching, blocking normal movement or interfering with the work directed at a person because of his sex;

(d) Threats and demands to submit to sexual requests to keep a person's job or avoid some other loss, and offers of employment benefits in return for sexual favors; and

(e) Retaliation for opposing, reporting or threatening to report sexual harassment, or for participating in an investigation, proceeding or hearing conducted by the Legislature or the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission, when submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person or such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

4. A person may have a claim of sexual harassment even if he has not lost a job or some other economic benefit. Conduct that impairs a person's ability to work or his emotional well-being at work constitutes sexual harassment.

5. If a legislator believes he is being sexually harassed on the job, he may file a written complaint with:

(a) The Speaker of the Assembly;

(b) The Majority Leader of the Senate; or

(c) The Director of the Legislative Counsel Bureau, if the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate.

The complaint must include the details of the incident or incidents, the names of the persons involved and the names of any witnesses.

6. Except as otherwise provided in subsection 7, the Speaker of the Assembly or the Majority Leader of the Senate, as appropriate, shall refer a complaint received pursuant to subsection 5 to a committee consisting of legislators of the same House. A complaint against a lobbyist may be referred to a committee in either House.

7. If the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate, the Director of the Legislative Counsel Bureau shall refer the complaint to the Committee on Elections, Procedures, and Ethics of the Assembly or the Committee on Legislative Affairs and Operations of the Senate, as appropriate. If the Speaker of the Assembly or the Majority Leader of the Senate is a member of one of these committees, the Speaker or the Majority Leader, as the case may be, shall not participate in the investigation and resolution of the complaint.

8. The committee to which the complaint is referred shall immediately conduct a confidential and discreet investigation of the complaint. As a part of the investigation, the committee shall notify the accused of the allegations. The committee shall facilitate a meeting between the complainant and the accused to allow a discussion of the matter, if both agree. If the parties do not agree to such a meeting, the committee shall request statements regarding the complaint from each of the parties. Either party may request a hearing before the committee. The committee shall make its determination and inform the complainant and the accused of its determination as soon as practicable after it has completed its investigation.

9. If the investigation reveals that sexual harassment has occurred, the Legislature will take appropriate disciplinary or remedial action, or both. The committee shall inform the complainant of any action taken. The Legislature will also take any action necessary to deter any future harassment.

10. The Legislature will not retaliate against a person who files a complaint and will not knowingly permit any retaliation by the person's supervisors or coworkers.

11. The Legislature encourages a person to report any incident of sexual harassment immediately so that the complaint can be quickly and fairly resolved.

12. Action taken by a complainant pursuant to this rule does not prohibit the complainant from also filing a complaint of sexual harassment with the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission.

13. All legislators and lobbyists are responsible for adhering to the provisions of this policy. The prohibitions against engaging in sexual harassment and the protections against becoming a victim of sexual harassment set forth in this policy apply to employees, legislators, lobbyists, vendors, contractors, customers and visitors to the Legislature.

14. This policy does not create any enforceable legal rights in any person.
