5. Failure to file a request for a hearing within the period specified in subsection 3 may be excused if the person aggrieved shows by a preponderance of the evidence that he did not receive the notice of the determination and the forms necessary to request a hearing. The claimant or employer shall notify the insurer of a change of address.

~~[5.]~~ ***6.*** The hearing before the hearing officer must be conducted as expeditiously and informally as is practicable.

~~[6.]~~ ***7.*** The parties to a contested claim may, if the claimant is represented by legal counsel, agree to forego a hearing before a hearing officer and submit the contested claim directly to an appeals officer.

Sec. 8. **NRS 616C.330 is hereby amended to read as follows:**

616C.330 1. The hearing officer shall:

(a) Except as otherwise provided in subsection 2 of NRS 616C.315, within 5 days after receiving a request for a hearing, set the hearing for a date and time within 30 days after his receipt of the request at a place in Carson City, Nevada, or Las Vegas, Nevada, or upon agreement of one or more of the parties to pay all additional costs directly related to an alternative location, at any other place of convenience to the parties, at the discretion of the hearing officer;

(b) Give notice by mail or by personal service to all interested parties to the hearing at least 15 days before the date and time scheduled; and

(c) Conduct hearings expeditiously and informally.

2. The notice must include a statement that the injured employee may be represented by a private attorney or seek assistance and advice from the Nevada Attorney for Injured Workers.

3. If necessary to resolve a medical question concerning an injured employee's condition or to determine the necessity of treatment for which authorization for payment has been denied, the hearing officer may ***order an independent medical examination, which must not involve treatment, and*** refer the employee to a physician or chiropractor of his choice who has demonstrated special competence to treat the particular medical condition of the employee ~~[.]~~ ***, whether or not the physician or chiropractor is on the insurer's panel of providers of health care.*** If the medical question concerns the rating of a permanent disability, the hearing officer may refer the employee to a rating physician or chiropractor. The rating physician or chiropractor must be selected in rotation from the list of qualified physicians and chiropractors maintained by the Administrator pursuant to subsection 2 of NRS 616C.490, unless the insurer and injured employee otherwise agree to a rating physician or chiropractor. The insurer shall pay the costs of any medical examination requested by the hearing officer.

4. If an injured employee has requested payment for the cost of obtaining a second determination of his percentage of disability pursuant to NRS 616C.100, the hearing officer shall decide whether the determination of the higher percentage of disability made pursuant to NRS 616C.100 is appropriate and, if so, may order the insurer to pay to the employee an amount equal to the maximum allowable fee established by the Administrator pursuant to NRS 616C.260 for the type of service performed, or the usual fee of that physician or chiropractor for such service, whichever is less.

5. The hearing officer shall order an insurer, organization for managed care or employer who provides accident benefits for injured employees

pursuant to NRS 616C.265 to pay to the appropriate person the charges of a provider of health care if the conditions of NRS 616C.138 are satisfied.

6. The hearing officer may allow or forbid the presence of a court reporter and the use of a tape recorder in a hearing.

7. The hearing officer shall render his decision within 15 days after:

(a) The hearing; or

(b) He receives a copy of the report from the medical examination he requested.

8. The hearing officer shall render his decision in the most efficient format developed by the Chief of the Hearings Division of the Department of Administration.

9. The hearing officer shall give notice of his decision to each party by mail. He shall include with the notice of his decision the necessary forms for appealing from the decision.

10. Except as otherwise provided in NRS 616C.380, the decision of the hearing officer is not stayed if an appeal from that decision is taken unless an application for a stay is submitted by a party. If such an application is submitted, the decision is automatically stayed until a determination is made on the application. A determination on the application must be made within 30 days after the filing of the application. If, after reviewing the application, a stay is not granted by the hearing officer or an appeals officer, the decision must be complied with within 10 days after the refusal to grant a stay.

Sec. 9. **NRS 616C.340 is hereby amended to read as follows:**

616C.340 1. The Governor shall appoint one or more appeals officers to conduct hearings and appeals as required pursuant to chapters 616A to 617, inclusive, of NRS. Each appeals officer shall hold office for 2 years after the date of his appointment and until his successor is appointed and has qualified. Each appeals officer is entitled to receive an annual salary in an amount provided by law and is in the unclassified service of the State.

2. Each appeals officer must be an attorney who has been licensed to practice law before all the courts of this State for at least 2 years. Except as otherwise provided in NRS 7.065, an appeals officer shall not engage in the private practice of law.

3. If an appeals officer determines that he has a personal interest or a conflict of interest, directly or indirectly, in any case which is before him, he shall disqualify himself from hearing the case.

4. The Governor may appoint one or more special appeals officers to conduct hearings and appeals as required pursuant to chapters 616A to 617, inclusive, of NRS. The Governor shall not appoint an attorney who represents persons in actions related to claims for compensation to serve as a special appeals officer.

5. A special appeals officer appointed pursuant to subsection 4 is vested with the same powers as a regular appeals officer. A special appeals officer may hear any case in which a regular appeals officer has a conflict, or any case assigned to him by the senior appeals officer to assist with a backlog of

cases. A special appeals officer is entitled to be paid at an hourly rate, as determined by the Department of Administration.

6. The decision of an appeals officer is the final and binding administrative ~~[determination of]~~ ***decision on*** a claim for compensation under chapters 616A to 616D, inclusive, or chapter 617 of NRS, and the whole record consists of all evidence taken at the hearing before the appeals officer and any findings of fact and conclusions of law based thereon.

Sec. 10. **NRS 616C.345 is hereby amended to read as follows:**

616C.345 1. Any party aggrieved by a decision of the hearing officer relating to a claim for compensation may appeal from the decision by , ***except as otherwise provided in subsections 8 and 9,*** filing a notice of appeal with an appeals officer within 30 days after the date of the decision.

2. A hearing must not be scheduled until the following information is provided to the appeals officer:

(a) The name of:

(1) The claimant;

(2) The employer; and

(3) The insurer or third-party administrator;

(b) The number of the claim; and

(c) If applicable, a copy of the letter of determination being appealed or, if such a copy is unavailable, the date of the determination and the issues stated in the determination.

3. If a dispute is required to be submitted to a procedure for resolving complaints pursuant to NRS 616C.305 and:

(a) A final determination was rendered pursuant to that procedure; or

(b) The dispute was not resolved pursuant to that procedure within 14 days after it was submitted,

➥ any party to the dispute may ***, except as otherwise provided in subsections 8 and 9,*** file a notice of appeal within 70 days after the date on which the final determination was mailed to the employee, or his dependent, or the unanswered request for resolution was submitted. Failure to render a written determination within 30 days after receipt of such a request shall be deemed by the appeals officer to be a denial of the request.

4. Except as otherwise provided in NRS 616C.380, the filing of a notice of appeal does not automatically stay the enforcement of the decision of a hearing officer or a determination rendered pursuant to NRS 616C.305. The appeals officer may order a stay, when appropriate, upon the application of a party. If such an application is submitted, the decision is automatically stayed until a determination is made concerning the application. A determination on the application must be made within 30 days after the filing of the application. If a stay is not granted by the officer after reviewing the application, the decision must be complied with within 10 days after the date of the refusal to grant a stay.

5. Except as otherwise provided in subsections 2 and 6, within 10 days after receiving a notice of appeal pursuant to this section or NRS 616C.220,

616D.140 or 617.401, or within 10 days after receiving a notice of a contested claim pursuant to subsection ~~[6]~~ ***7*** of NRS 616C.315, the appeals officer shall:

(a) Schedule a hearing on the merits of the appeal or contested claim for a date and time within 90 days after his receipt of the notice at a place in Carson City, Nevada, or Las Vegas, Nevada, or upon agreement of one or more of the parties to pay all additional costs directly related to an alternative location, at any other place of convenience to the parties, at the discretion of the appeals officer; and

(b) Give notice by mail or by personal service to all parties to the matter and their attorneys or agents at least 30 days before the date and time scheduled.

6. A request to schedule the hearing for a date and time which is:

(a) Within 60 days after the receipt of the notice of appeal or contested claim; or

(b) More than 90 days after the receipt of the notice or claim,

➥ may be submitted to the appeals officer only if all parties to the appeal or contested claim agree to the request.

7. An appeal or contested claim may be continued upon written stipulation of all parties, or upon good cause shown.

8. ***The period specified in subsection 1 or 3 within which a notice of appeal must be filed may be extended for an additional 90 days if the person aggrieved shows by a preponderance of the evidence that he was diagnosed with a terminal illness or was informed of the death or diagnosis of a terminal illness of his spouse, parent or child.***

9. Failure to file a notice of appeal within the period specified in subsection 1 or 3 may be excused if the party aggrieved shows by a preponderance of the evidence that he did not receive the notice of the determination and the forms necessary to appeal the determination. The claimant, employer or insurer shall notify the hearing officer of a change of address.

Sec. 11. **NRS 616C.360 is hereby amended to read as follows:**

616C.360 1. A stenographic or electronic record must be kept of the hearing before the appeals officer and the rules of evidence applicable to contested cases under chapter 233B of NRS apply to the hearing.

2. The appeals officer must hear any matter raised before him on its merits, including new evidence bearing on the matter.

3. If there is a medical question or dispute concerning an injured employee's condition or concerning the necessity of treatment for which authorization for payment has been denied, the appeals officer may:

(a) ~~[Refer]~~ ***Order an independent medical examination and refer*** the employee to a physician or chiropractor of his choice who has demonstrated special competence to treat the particular medical condition of the employee ~~[.]~~ ***, whether or not the physician or chiropractor is on the insurer's panel of providers of health care.*** If the medical question concerns the rating of a

permanent disability, the appeals officer may refer the employee to a rating physician or chiropractor. The rating physician or chiropractor must be selected in rotation from the list of qualified physicians or chiropractors maintained by the Administrator pursuant to subsection 2 of NRS 616C.490, unless the insurer and the injured employee otherwise agree to a rating physician or chiropractor. The insurer shall pay the costs of any examination requested by the appeals officer.

(b) If the medical question or dispute is relevant to an issue involved in the matter before the appeals officer and all parties agree to the submission of the matter to an external review organization, submit the matter to an external review organization in accordance with NRS 616C.363 and any regulations adopted by the Commissioner.

4. If an injured employee has requested payment for the cost of obtaining a second determination of his percentage of disability pursuant to NRS 616C.100, the appeals officer shall decide whether the determination of the higher percentage of disability made pursuant to NRS 616C.100 is appropriate and, if so, may order the insurer to pay to the employee an amount equal to the maximum allowable fee established by the Administrator pursuant to NRS 616C.260 for the type of service performed, or the usual fee of that physician or chiropractor for such service, whichever is less.

5. The appeals officer shall order an insurer, organization for managed care or employer who provides accident benefits for injured employees pursuant to NRS 616C.265 to pay to the appropriate person the charges of a provider of health care if the conditions of NRS 616C.138 are satisfied.

6. Any party to the appeal or the appeals officer may order a transcript of the record of the hearing at any time before the seventh day after the hearing. The transcript must be filed within 30 days after the date of the order unless the appeals officer otherwise orders.

7. The appeals officer shall render his decision:

(a) If a transcript is ordered within 7 days after the hearing, within 30 days after the transcript is filed; or

(b) If a transcript has not been ordered, within 30 days after the date of the hearing.

8. The appeals officer may affirm, modify or reverse any decision made by the hearing officer and issue any necessary and proper order to give effect to his decision.

Sec. 12. **NRS 616C.410 is hereby amended to read as follows:**

616C.410 Except as otherwise provided by NRS 616C.380, 616C.495, 616C.505, 616C.580 and 616C.595, ***and section 1.2 of this act,*** the insurer shall not make or allow any lump-sum settlements.

Sec. 13. **NRS 616C.453 is hereby amended to read as follows:**

616C.453 1. If a claimant or a dependent of a claimant is entitled to receive compensation pursuant to chapters 616A to 617, inclusive, of NRS for a permanent total disability and the claimant or dependent is not entitled to an annual increase in that compensation pursuant to NRS 616C.473, the

claimant or dependent is entitled to an annual payment for that permanent total disability in an amount determined by the Administrator pursuant to subsection 3, but such annual payments may not exceed $1,200 per claimant or dependent. ~~[The]~~ ***Except as otherwise provided in subsection 5, the*** total payments made pursuant to this section may not exceed $500,000 per year.

2. Each year, the Administrator shall withdraw from the Uninsured Employers' Claim Account established pursuant to NRS 616A.430 an amount of the income realized from the investment of the assets in the Account that is necessary to fund the payments calculated pursuant to subsection 3.

3. The Administrator shall adopt regulations establishing a method for the equitable distribution of the money withdrawn from the Account pursuant to subsection 2. The regulations must provide for payments that result in the largest proportional share of the money being paid to claimants and dependents who receive the lowest amount of compensation pursuant to chapters 616A to 617, inclusive, of NRS for the permanent total disability. The Administrator may adopt any other regulations that are necessary to carry out the provisions of this section.

4. ~~[The]~~ ***Except as otherwise provided in subsection 5, the*** Administrator shall make the payment required by this section to each claimant and dependent of the claimant who is entitled to the payment not later than October 1 of each year. Any payment received by the claimant or dependent of the claimant pursuant to this section is in addition to any compensation to which the claimant or dependent of the claimant is otherwise entitled by law.

5. The Administrator may make a payment from the Account to a claimant or a dependent of a claimant that would have been payable in a prior year pursuant to subsection 3 if the Administrator determines that the claimant or dependent was entitled to the payment pursuant to subsection 1.

Sec. 14. **NRS 616C.495 is hereby amended to read as follows:**

616C.495 1. Except as otherwise provided in NRS 616C.380, an award for a permanent partial disability may be paid in a lump sum under the following conditions:

(a) A claimant injured on or after July 1, 1973, and before July 1, 1981, who incurs a disability that does not exceed 12 percent may elect to receive his compensation in a lump sum. A claimant injured on or after July 1, 1981, and before July 1, 1995, who incurs a disability that does not exceed 25 percent may elect to receive his compensation in a lump sum.

(b) The spouse, or in the absence of a spouse, any dependent child of a deceased claimant injured on or after July 1, 1973, who is not entitled to compensation in accordance with NRS 616C.505, is entitled to a lump sum equal to the present value of the deceased claimant's undisbursed award for a permanent partial disability.

(c) Any claimant injured on or after July 1, 1981, and before July 1, 1995, who incurs a disability that exceeds 25 percent may elect to receive his compensation in a lump sum equal to the present value of an award for a disability of 25 percent. If the claimant elects to receive compensation pursuant to this paragraph, the insurer shall pay in installments to the claimant that portion of the claimant's disability in excess of 25 percent.

(d) Any claimant injured on or after July 1, 1995, may elect to receive his compensation in a lump sum in accordance with regulations adopted by the Administrator and approved by the Governor. The Administrator shall adopt regulations for determining the eligibility of such a claimant to receive all or any portion of his compensation in a lump sum. Such regulations may include the manner in which an award for a permanent partial disability may be paid to such a claimant in installments. Notwithstanding the provisions of NRS 233B.070, any regulation adopted pursuant to this paragraph does not become effective unless it is first approved by the Governor.

2. If the claimant elects to receive his payment for a permanent partial disability in a lump sum pursuant to subsection 1, all of his benefits for compensation terminate. His acceptance of that payment constitutes a final settlement of all factual and legal issues in the case. By so accepting he waives all of his rights regarding the claim, including the right to appeal from the closure of the case or the percentage of his disability, except:

(a) His right to:

(1) Reopen his claim in accordance with the provisions of NRS 616C.390; or

(2) Have his claim considered by his insurer pursuant to NRS 616C.392;

(b) Any counseling, training or other rehabilitative services provided by the insurer; and

(c) His right to receive a benefit penalty in accordance with NRS 616D.120.

➥ The claimant ***, when he demands his payment in a lump sum,*** must be ~~[advised in writing of the provisions of this subsection when he demands his payment in a lump sum,]~~ ***provided with a written notice which prominently displays a statement describing the effects of accepting payment in a lump sum of an entire permanent partial disability award, any portion of such an award or any uncontested portion of such an award,*** and ***that he*** has 20 days after the mailing or personal delivery of the notice within which to retract or reaffirm his demand, before payment may be made and his election becomes final.

3. Any lump-sum payment which has been paid on a claim incurred on or after July 1, 1973, must be supplemented if necessary to conform to the provisions of this section.

4. Except as otherwise provided in this subsection, the total lump-sum payment for disablement must not be less than one-half the product of the average monthly wage multiplied by the percentage of disability. If the claimant received compensation in installment payments for his permanent

partial disability before electing to receive his payment for that disability in a lump sum, the lump-sum payment must be calculated for the remaining payment of compensation.

5. The lump sum payable must be equal to the present value of the compensation awarded, less any advance payment or lump sum previously paid. The present value must be calculated using monthly payments in the amounts prescribed in subsection 7 of NRS 616C.490 and actuarial annuity tables adopted by the Division. The tables must be reviewed annually by a consulting actuary.

6. If a claimant would receive more money by electing to receive compensation in a lump sum than he would if he receives installment payments, he may elect to receive the lump-sum payment.

Sec. 15. **NRS 616C.505 is hereby amended to read as follows:**

616C.505 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, the compensation is known as a death benefit, and is payable as follows:

1. In addition to any other compensation payable pursuant to chapters 616A to 616D, inclusive, of NRS, burial expenses are payable in an amount not to exceed $5,000. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation must be borne by the insurer.

2. ~~[To]~~ ***Except as otherwise provided in subsection 3, to*** the surviving spouse of the deceased employee, 66 2/3 percent of the average monthly wage is payable until his death or remarriage, with 2 years' compensation payable in one lump sum upon remarriage.

3. ***If there is a surviving spouse and any surviving children of the deceased employee who are not the children of the surviving spouse, the compensation otherwise payable pursuant to subsection 2 must be paid as follows until the entitlement of all children of the deceased employee to receive compensation pursuant to this subsection ceases:***

(a) To the surviving spouse, 50 percent of the death benefit is payable until his death or remarriage, with 2 years' compensation payable in one lump sum upon remarriage; and

(b) To each child of the deceased employee, regardless of whether the child is the child of the surviving spouse, his proportionate share of 50 percent of the death benefit and, except as otherwise provided in subsection 12, if the child has a guardian, the compensation he is entitled to receive may be paid to the guardian.

4. In the event of the subsequent death of the surviving spouse:

(a) Each surviving child of the deceased employee ***, in addition to any amount the child may be entitled to pursuant to subsection 3,*** must share equally the compensation theretofore paid to the surviving spouse but not in excess thereof, and it is payable until the youngest child reaches the age of 18 years.

(b) Except as otherwise provided in subsection ~~[11,]~~ ***12,*** if the children have a guardian, the compensation they are entitled to receive may be paid to the guardian.

~~[4.]~~ ***5.*** Upon the remarriage of a surviving spouse with children:

(a) The surviving spouse must be paid 2 years' compensation in one lump sum and further benefits must cease; and

(b) Each child must be paid 15 percent of the average monthly wage, up to a maximum family benefit of 66 2/3 percent of the average monthly wage.

~~[5.]~~ ***6.*** If there are any surviving children of the deceased employee under the age of 18 years, but no surviving spouse, then each such child is entitled to his proportionate share of 66 2/3 percent of the average monthly wage for his support.

~~[6.]~~ ***7.*** Except as otherwise provided in subsection ~~[7,]~~ ***8,*** if there is no surviving spouse or child under the age of 18 years, there must be paid:

(a) To a parent, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, 33 1/3 percent of the average monthly wage.

(b) To both parents, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, 66 2/3 percent of the average monthly wage.

(c) To each brother or sister until he or she reaches the age of 18 years, if wholly dependent for support upon the deceased employee at the time of the injury causing his death, his proportionate share of 66 2/3 percent of the average monthly wage.

~~[7.]~~ ***8.*** The aggregate compensation payable pursuant to subsection ~~[6]~~ ***7*** must not exceed 66 2/3 percent of the average monthly wage.

~~[8.]~~ ***9.*** In all other cases involving a question of total or partial dependency:

(a) The extent of the dependency must be determined in accordance with the facts existing at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon his earnings for support at the time of the injury causing his death, the monthly compensation to be paid must be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to the partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his death.

(c) The duration of compensation to partial dependents must be fixed in accordance with the facts shown, but may not exceed compensation for 100 months.

~~[9.]~~ ***10.*** Compensation payable to a surviving spouse is for the use and benefit of the surviving spouse and the dependent children, and the insurer may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

~~[10.]~~ ***11.*** In the event of the death of any dependent specified in this section before the expiration of the time during which compensation is payable to him, funeral expenses are payable in an amount not to exceed $5,000.

~~[11.]~~ ***12.*** If a dependent is entitled to receive a death benefit pursuant to this section and is less than 18 years of age or incompetent, the legal representative of the dependent shall petition for a guardian to be appointed for that dependent pursuant to NRS 159.044. An insurer shall not pay any compensation in excess of $3,000, other than burial expenses, to the dependent until a guardian is appointed and legally qualified. Upon receipt of a certified letter of guardianship, the insurer shall make all payments required by this section to the guardian of the dependent until the dependent is emancipated, the guardianship terminates or the dependent reaches the age of 18 years, whichever occurs first, unless paragraph (a) of subsection ~~[12]~~ ***13*** is applicable. The fees and costs related to the guardianship must be paid from the estate of the dependent. A guardianship established pursuant to this subsection must be administered in accordance with chapter 159 of NRS, except that after the first annual review required pursuant to NRS 159.176, a court may elect not to review the guardianship annually. The court shall review the guardianship at least once every 3 years. As used in this subsection, "incompetent" has the meaning ascribed to it in NRS 159.019.

~~[12.]~~ ***13.*** Except as otherwise provided in paragraphs (a) and (b), the entitlement of any child to receive his proportionate share of compensation pursuant to this section ceases when he dies, marries or reaches the age of 18 years. A child is entitled to continue to receive compensation pursuant to this section if he is:

(a) Over 18 years of age and incapable of supporting himself, until such time as he becomes capable of supporting himself; or

(b) Over 18 years of age and enrolled as a full-time student in an accredited vocational or educational institution, until he reaches the age of 22 years.

~~[13.]~~ ***14.*** As used in this section, "surviving spouse" means a surviving husband or wife who was married to the employee at the time of the employee's death.

Sec. 16. **NRS 616C.560 is hereby amended to read as follows:**

616C.560 1. A program for vocational rehabilitation developed pursuant to subsection 3 of NRS 616C.555 may be extended:

(a) Without condition or limitation, by the insurer at his sole discretion; or

(b) In accordance with this section if:

(1) The injured employee makes a written request to extend the program ~~[within]~~ ***not later than*** 30 days after ~~[he receives written notification that he is eligible]~~ ***the program*** for vocational rehabilitation services ~~[.]~~ ***has been completed;*** and

(2) There are exceptional circumstances which make it unlikely that the injured employee will obtain suitable gainful employment as a result of

vocational rehabilitation which is limited to the period for which he is eligible.

➥ An insurer's determination to grant or deny an extension pursuant to paragraph (a) may not be appealed.

2. If an injured employee has incurred a permanent physical impairment of less than 11 percent:

(a) The total length of the program, including any extension, must not exceed 2 years.

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (b) of subsection 1, if:

(1) The injured employee lacks work experience, training, education or other transferable skills for an occupation which he is physically capable of performing; or

(2) Severe physical restrictions as a result of the industrial injury have been imposed by a physician which significantly limit the employee's occupational opportunities.

3. If an injured employee has incurred a permanent physical impairment of 11 percent or more:

(a) The total length of the program, including any extension, must not exceed 2 1/2 years.

(b) "Exceptional circumstances" shall be deemed to exist for the purposes of paragraph (b) of subsection 1, if the injured employee has suffered:

(1) The total and permanent loss of sight of both eyes;

(2) The loss by separation of a leg at or above the knee;

(3) The loss by separation of a hand at or above the wrist;

(4) An injury to the head or spine which results in permanent and complete paralysis of both legs, both arms or a leg and an arm;

(5) An injury to the head which results in a severe cognitive functional impairment which may be established by a nationally recognized form of objective psychological testing;

(6) The loss by separation of an arm at or above the elbow and the loss by separation of a leg at or above the knee;

(7) An injury consisting of second or third degree burns on 50 percent or more of the body, both hands or the face;

(8) A total bilateral loss of hearing;

(9) The total loss or significant and permanent impairment of speech; or

(10) A permanent physical impairment of 50 percent or more determined pursuant to NRS 616C.490, if the severity of the impairment limits the injured employee's gainful employment to vocations that are primarily intellectual and require a longer program of education.

4. The insurer shall deliver a copy of its decision granting or denying an extension to the injured employee and the employer. Except as otherwise provided in this section, the decision shall be deemed to be a final determination of the insurer for the purposes of NRS 616C.315.

Sec. 17. **NRS 616C.580 is hereby amended to read as follows:**

616C.580 1. Except as otherwise provided in this section, vocational rehabilitation services must not be provided outside of this State.

2. An injured employee who:

(a) Resides outside of this State, within 50 miles from any border of this State, on the date of injury; or

(b) Was injured while temporarily employed in this State by an employer subject to the provisions of chapters 616A to 617, inclusive, of NRS who can demonstrate that, on the date of injury, his permanent residence was outside of this State,

➥ may receive vocational rehabilitation services at a location within 50 miles from his residence if such services are available at such a location.

3. An injured employee who:

(a) Is eligible for vocational rehabilitation services pursuant to NRS 616C.590; and

(b) Resides outside of this State but does not qualify to receive vocational rehabilitation services outside of this State pursuant to subsection 2,

➥ may execute a written agreement with the insurer which provides for the payment of compensation in a lump sum in lieu of the provision of vocational rehabilitation services pursuant to NRS 616C.595. The amount of the lump sum must not exceed $20,000.

4. An injured employee who resides outside of this State but does not qualify to receive vocational rehabilitation services outside of this State pursuant to subsection 2 may receive the vocational rehabilitation services to which he is entitled pursuant to NRS 616C.545 to 616C.575, inclusive, and 616C.590 if he relocates to:

(a) This State; or

(b) A location within 50 miles from any border of this State,

➥ at his own expense, if such services are available at such a location.

5. An injured employee who resides in this State may receive vocational rehabilitation services outside of this State at a location within 50 miles from his residence if such services are available at such a location. An insurer may not unreasonably deny a request made by an injured employee pursuant to this subsection to receive vocational rehabilitation services outside of this State.

6. An injured employee may receive vocational rehabilitation services in any state that borders this State if the injured employee demonstrates that the services are available in a more cost effective manner than are available in this State. Any vocational rehabilitation services provided pursuant to this subsection must be monitored by a vocational rehabilitation counselor in this State.

Sec. 18. **NRS 616C.595 is hereby amended to read as follows:**

616C.595 1. If an injured employee is eligible for vocational rehabilitation services pursuant to NRS 616C.590, the insurer and the injured employee may, at any time during the employee's eligibility for such services, execute a written agreement providing for the payment of

compensation in a lump sum in lieu of the provision of vocational rehabilitation services. An insurer's refusal to execute such an agreement may not be appealed.

2. If the insurer and the injured employee execute an agreement pursuant to subsection 1, the acceptance of the payment of compensation in a lump sum by the injured employee extinguishes his right to receive vocational rehabilitation services under his claim. Except as otherwise required by federal law, an injured employee shall not receive vocational rehabilitation services from any state agency after he accepts payment of compensation in a lump sum pursuant to this section.

3. Before executing an agreement pursuant to subsection 1, an insurer shall:

(a) Order an assessment of and counseling concerning the vocational skills of the injured employee, unless the provisions of subsection 3 of NRS 616C.580 are applicable;

(b) Consult with the employer of the injured employee; and

(c) Provide a written notice to the injured employee that contains the following statements:

(1) That the injured employee is urged to seek assistance and advice from the Nevada Attorney for Injured Workers or to consult with a private attorney before signing the agreement.

(2) That the injured employee may rescind the agreement within 20 days after he signs it.

(3) That the 20-day period pursuant to subparagraph (2) may not be waived.

(4) That acceptance by the injured employee of payment of compensation in a lump sum in lieu of the provision of vocational rehabilitation services extinguishes his right to receive such services.

4. ***Except as otherwise provided in NRS 616C.580, any payment of compensation in a lump sum in lieu of the provision of vocational rehabilitation services must not be less than 40 percent of the maximum amount of vocational rehabilitation maintenance due to the injured employee pursuant to NRS 616C.555.***

5. No payment of compensation in a lump sum may be made pursuant to this section until the 20-day period provided for the rescission of the agreement has expired.

Sec. 19. **NRS 616D.120 is hereby amended to read as follows:**

(b) Impose an administrative fine for:

(1) A second or subsequent violation for which a notice of correction has been issued pursuant to paragraph (a); or

(2) Any other violation of this chapter or chapter 616A, 616B, 616C or 617 of NRS, or any regulation adopted pursuant thereto, for which a notice of correction may not be issued pursuant to paragraph (a).

4. To determine the amount of the benefit penalty, the Administrator shall consider the degree of physical harm suffered by the injured employee or his dependents as a result of the violation of paragraph (a), (b), (c), (d), (e) or (h) of subsection 1, the amount of compensation found to be due the claimant and the number of fines and benefit penalties ***, other than a benefit penalty described in paragraph (b) of subsection 3,*** previously imposed against the insurer, organization for managed care, health care provider, third-party administrator or employer pursuant to this section. If this is the third violation within 5 years for which a benefit penalty ***, other than a benefit penalty described in paragraph (b) of subsection 3,*** has been imposed against the insurer, organization for managed care, health care provider, third-party administrator or employer, the Administrator shall also consider the degree of economic harm suffered by the injured employee or his dependents as a result of the violation of paragraph (a), (b), (c), (d), (e) or (h) of subsection 1. Except as otherwise provided in this section, the benefit

penalty is for the benefit of the claimant and must be paid directly to him within 10 days after the date of the Administrator's determination. If the claimant is the injured employee and he dies before the benefit penalty is paid to him, the benefit penalty must be paid to his estate. Proof of the payment of the benefit penalty must be submitted to the Administrator within 10 days after the date of his determination unless an appeal is filed pursuant to NRS 616D.140. ➥ the Administrator shall impose an administrative fine of not more than $15,000.

SUMMARY—Makes various changes ~~[concerning credits earned by offenders and the incarceration and supervision of]~~ **pertaining to** offenders. (BDR 16-1377)

AN ACT relating to offenders; revising provisions relating to the residential confinement of certain offenders; authorizing the Director of the Department of Corrections to award greater amounts of credit against the sentence of offenders under certain circumstances; revising provisions relating to programs for the reentry of offenders and parolees into the community; providing for certain credits to be applied to a period of probation; revising provisions governing residential confinement for offenders who violate parole or probation; **revising the additional penalty that must be imposed for the commission of certain crimes under certain circumstances; making various other changes pertaining to offenders;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 2 of this bill eliminates certain requirements that an offender must meet to be eligible for residential confinement and revises the prohibition against assigning a prisoner who has been convicted of a sexual offense to residential confinement by prohibiting the Director of the Department of Corrections from assigning a prisoner to a minimum security facility if the prisoner has ever been convicted of a sexual offense that is a felony. In addition, section 2 revises a provision which prohibits an offender from receiving residential confinement if the offender has ever been convicted of a violent crime by prohibiting an offender from receiving residential

confinement if the offender has, within the immediately preceding 3 years, been convicted of a violent crime that is a felony. (NRS 209.392) Finally, section 2 provides that an offender who has been convicted of a category A or B felony is not eligible for residential confinement.

Existing law requires the Director to assign certain offenders who are abusers of alcohol or drugs to residential confinement. (NRS 209.429) Section 3 of this bill eliminates certain requirements that such an offender must meet for the Director to assign him to residential confinement.

Section 5 of this bill increases from 10 days to 20 days the deduction from the sentence of an offender who engages in certain good behavior. In addition, section 5 increases by 30 days the deductions from the sentence of an offender who obtains certain educational achievements. Section 5 also provides that certain credits to the sentence of an offender convicted of certain category C, D or E felonies must be deducted from the minimum term imposed by the sentence until the offender becomes eligible for parole and from the maximum term imposed by the sentence. (NRS 209.4465) Section 6 of this bill increases from 10 days to 20 days the deduction from the sentence of a parolee who is current with any fee to defray the cost of his supervision and who is current with any restitution payments. (NRS 209.4475) Section 6.2 of this bill increases from 30 days to 60 days the deduction from the sentence of an offender who successfully completes a program of treatment for the abuse of alcohol or drugs. (NRS 209.448) Section 6.4 of this bill increases from 30 days to 60 days the deduction from the sentence of an offender who successfully completes a program of vocational education and training. (NRS 209.449)

Section 7 of this bill revises the prohibition against assigning a prisoner who has been convicted of a sexual offense to a minimum security facility by prohibiting the Director from assigning a prisoner to such a facility if the prisoner has ever been convicted of a sexual offense that is a felony. In addition, section 7 revises the prohibition against assigning a prisoner who has committed a violent act during the previous year to a minimum security facility by prohibiting the Director from assigning a prisoner to such a facility if the prisoner has, within the preceding year, been convicted of a violent crime that is a felony. (NRS 209.481)

Existing law allows the Director of the Department of Corrections to recommend an offender to a judicial program for reentry of offenders and parolees into the community. (NRS 209.4886) Section 7.5 of this bill provides that an offender is not eligible for a judicial program for reentry if the offender has, within the immediately preceding year, instead of 5 years, been convicted of a violent crime that is a felony. Existing law allows the Director to establish a program for reentry of offenders and parolees into the community. Section 8 of this bill revises a provision which provides that an offender is not eligible for the program if the offender has, within the immediately preceding 5 years, been convicted of a violent crime by providing that an offender is not eligible for the program if the offender has,

within the immediately preceding year, been convicted of a violent crime that is a felony. (NRS 209.4888)

Section 8.3 of this bill prohibits the State Board of Parole Commissioners from considering whether a prisoner has appealed the judgment of imprisonment for which the prisoner is being considered for parole when the Board determines whether to grant parole to a prisoner.

Existing law provides that certain prisoners must be released on parole 12 months before the end of the prisoner's maximum term of imprisonment. However, if the State Board of Parole Commissioners finds that there is a reasonable probability that the prisoner will be a danger to public safety while on parole, the Board may deny the parole. (NRS 213.1215) Section 8.55 provides that if the Board denies parole for this reason, the Board must provide the prisoner with a written statement of the reasons for the denial.

Section 8.7 of this bill provides that a person who is sentenced to a period of probation for a felony and who engages in certain good behavior while on probation must be allowed a deduction from his period of probation of 20 days for each month he serves. (NRS 176A.500)

Existing law authorizes the State Board of Parole Commissioners, in lieu of suspending the parole of a parolee who violates a condition of his parole and returning him to confinement in prison, to require the parolee to serve a term of residential confinement. (NRS 213.152) Section 8.6 of this bill authorizes the State Board of Parole Commissioners, in lieu of suspending the parole of a parolee who violates a condition of his parole and returning him to confinement in prison, to place the parolee in a community correctional center, conservation camp, facility of minimum security or other place of confinement other than a prison for a period of not more than 6 months.

If a person who has been placed on probation violates a condition of his probation, existing law authorizes a court, in lieu of causing the sentence imposed to be executed, to direct that the person be placed under the supervision of the Division of Parole and Probation of the Department of Public Safety and to require the person to serve a term of residential confinement. Section 8.8 of this bill authorizes the court, in lieu of causing the sentence imposed to be executed, to direct that the person be placed under the supervision of the Department of Corrections and to require the person to serve a term of confinement in a community correctional center, conservation camp, facility of minimum security or other place of confinement other than a prison for a period of not more than 6 months. (NRS 176A.660)

Section 10 of this bill provides for retroactive application of the amendatory provisions of sections 5 and 8.7 to certain credits earned by offenders pursuant to NRS 209.4465 and 176A.500 in certain circumstances.

Existing law provides that persons who commit certain crimes must be punished by the imposition of a penalty equal to and in addition to the

term of imprisonment for the underlying crime. (NRS 193.161-193.1685) Sections 10-19 of this bill provide that the additional penalty for such crimes must be a minimum term of not less than 1 year and a maximum term of not more than 20 years, except that the additional term of imprisonment must not exceed the sentence imposed for the underlying crime. Moreover, sections 10-19 require a court to consider certain factors and, state on the record that the court considered those factors, when the court determines the length of the additional punishment to be imposed.

Section 20 of this bill amends Assembly Bill No. 508 of this session to require the Advisory Commission on the Administration of Justice to identify and study issues relating to: (1) the application of the Open Meeting Law to the State Board of Pardons Commissioners and the State Board of Parole Commissioners; and (2) the operations of the Department of Corrections.

~~[6.]~~ ***7.*** The Board shall report to each regular session of the Legislature:

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 161.

The following Senate amendment was read:

Amendment No. 990.

AN ACT relating to insurance; making various changes relating to persons licensed or regulated by the Commissioner of Insurance; **authorizing the Commissioner to conduct certain investigations;** increasing the maximum annual assessment on member insurers of the Nevada Life and Health Insurance Guaranty Association; revising provisions governing policies of various types of insurance; revising reporting requirements for an insurer that issues a policy of insurance covering the liability of a physician or osteopathic physician; making certain provisions applicable to title insurers, title agents and escrow officers; requiring a motor club to pay an administrative penalty for failing to pay an annual fee to the Commissioner timely; revising provisions governing claims against an insolvent insurer; making certain provisions applicable to licensed bail agents, bail solicitors, bail enforcement agents and general agents; repealing the requirement that a trustee of a medical savings account file an annual report with the Commissioner; increasing the number of deputies that the Commissioner may appoint; **revising various provisions governing industrial insurance;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Commissioner of Insurance is authorized to conduct examinations of insurers and certain other persons. (NRS 679B.230-679B.300) Section 1 of this bill authorizes the Commissioner to conduct investigations, both within and outside this State, of insurers and certain other persons.

Existing law establishes certain requirements for business organizations to be licensed as producers of insurance. (NRS 683A.251) Sections 1.3 and 2 of this bill require such a business organization to report to the Commissioner ~~[of Insurance]~~ when another producer of insurance is authorized to act on its behalf and when such authorization is terminated.

Under existing law, insurers are required to be members of the Nevada Life and Health Insurance Guaranty Association. Member insurers are required to pay an annual assessment to the Association. (NRS 686C.240) Section 7 of this bill increases the maximum amount of such an assessment.

Existing law requires that an insurer which issues a policy covering the liability of a physician or osteopathic physician file a report with the Commissioner whenever a claim on the policy is closed. (NRS 690B.260) Section 16 of this bill changes the filing requirement to require that such a report be filed at the end of each calendar quarter on all claims closed during that quarter.

Existing law requires captive insurers to maintain certain levels of unimpaired paid-in capital and unencumbered surplus. (NRS 694C.250, 694C.260) Additionally, certain captive insurers are required to submit to the Commissioner an annual report on their financial condition. Section 19 of this bill increases the required levels of such capital and surplus. Section 23 of this bill applies the reporting requirement of captive insurers to sponsored captive insurers.

Existing law governs the filing of claims against an insurer against which delinquency proceedings have begun. Currently, claims are filed with the receiver and a court determines the validity of the claim. (NRS 696B.330) Existing law establishes classes for the order of priority for distribution of the assets of an insurer to claimants against the insurer. (NRS 696B.420) Section 27 of this bill requires the receiver to determine the validity of a claim and to determine the priority of the claim. If a person objects to the determination of the receiver, the determination may be appealed to a court.

Existing law defines "tangible net worth" for the purposes of industrial insurance to include all assets of an association of self-insured private employers or of a member of such an association, but excepts a number of assets from the definition. (NRS 616A.330) Section 29 of this bill removes most of the exceptions.

Existing law authorizes the Commissioner to appoint two deputies. Section 31 of this bill authorizes the Commissioner to appoint one additional deputy.

Existing law requires a trustee of a medical savings account to file an annual report with the Commissioner. (NRS 689A.735) Section 32 of this bill repeals that requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 679B of NRS is hereby amended by adding thereto a new section to read as follows:**

1. The Commissioner may conduct investigations to determine whether any insurer or person identified in NRS 679B.230 or 679B.240 has violated any provision of this Code.

2. The Commissioner may:

(a) Use employees of the Division as investigators; or

(b) Contract with and procure the services of such investigators as he may reasonably require to conduct investigations. The Commissioner shall determine the qualifications required of such investigators, except that no investigator who provides services pursuant to this paragraph may be in the classified service of the State.

3. Investigations may be conducted into activities occurring either within or outside this State. In conducting investigations, the Commissioner and his investigators may:

(a) Travel within or outside this State; and

(b) Cooperate with appropriate agencies or persons within or outside this State.

4. Investigations may be conducted before, during or after an examination conducted pursuant to this Code.

5. The provisions governing examinations set forth in NRS 679B.250, 679B.285 and 679B.287 apply to investigations conducted pursuant to this section.

6. The expenses of an investigation conducted pursuant to this section must be borne by the person investigated in the same manner as provided for examinations in NRS 679B.290.

7. The expenses paid by a person investigated pursuant to this section must be deposited in the State Treasury for credit to the Insurance Examination Fund created by NRS 679B.300, accounted for separately and used for the payment of investigation expenses. Payment of the expenses of an investigation pursuant to this section must be paid out of the Insurance Examination Fund as other claims against the State are paid.

~~[Section 1.]~~ ***Sec. 1.03.*** NRS 681B.050 is hereby amended to read as follows:

681B.050 1. As to casualty insurance transacted by it, each insurer shall maintain at all times reserves in an amount estimated in the aggregate to provide for payment of all losses and claims incurred, whether reported or unreported, which are unpaid and for which the insurer may be liable and to provide for the expenses of adjustment or settlement of losses and claims. The reserves must be computed in accordance with regulations adopted from time to time by the Commissioner upon reasonable consideration of the ascertained experience and the character of such kind of business for the purpose of adequately protecting the insured and the solvency of the insurer.

2. Whenever the loss and loss expense experience of the insurer show that reserves, calculated in accordance with those regulations, are inadequate, the Commissioner may require the insurer to maintain additional reserves.

3. ~~[The minimum reserve requirements prescribed by the Commissioner for unpaid losses and loss expenses incurred during each of the most recent 3 years for coverages included in the lines of business described in the insurer's annual statement as workmen's compensation, liability other than automobile (B.I.), and automobile liability (B.I.) must not be less than the~~

~~following: For workmen's compensation, 65 percent of premiums earned during each year less the amount already paid for losses and expenses incidental thereto incurred during the year; for liability other than automobile (B.I.) and automobile liability (B.I.), 60 percent of premiums earned during each year less the amount already paid for losses and expenses incidental thereto incurred during the year.~~

~~4.~~] The Commissioner may, by regulation, prescribe the manner and form of reporting pertinent information concerning the reserves provided for in this section.

Sec. 1.05. **NRS 682A.280 is hereby amended to read as follows:**

682A.280 1. In addition to investments excluded pursuant to other provisions of this Code, an insurer shall not acquire, invest in or lend its funds upon the security of:

(a) Issued shares of its own capital stock, except as ***otherwise*** provided in NRS 693A.170 (purchase of own shares by stock insurer). No such shares shall be considered as an asset of the insurer in any determination of its financial condition.

(b) Securities issued by any corporation or enterprise the controlling interest of which is, or will after such acquisition by the insurer be, held directly or indirectly by the insurer or any combination of the insurer and the insurer's directors, officers, subsidiaries or controlling stockholders ~~, [(]~~ other than a parent corporation ~~, [),]~~ and the spouses and children of any of the foregoing individuals. Investments in controlled insurance corporations or subsidiaries under NRS 682A.120 and 682A.130 are not subject to the provisions of this section.

(c) Any note or other evidence of indebtedness of any director, officer, employee or controlling stockholder of the insurer, or of the spouse or child of any of the foregoing individuals, except as to ~~[policy]~~ ***:***

(1) Policy loans authorized under NRS 682A.170 ~~[.]~~ ***; or***

(2) Loans on the same terms and conditions as any other borrower which have been approved by a majority vote of the board of directors of the insurer.

(d) Any real property in which any officer or director of the insurer has a financial interest.

2. No insurer shall underwrite or participate in the underwriting of an offering of securities or property of any other person. This section shall not be deemed to prohibit the insurer from being a subsidiary which is the principal underwriter of a registered investment company (mutual fund).

3. No insurer shall enter into any agreement to withhold from sale any of its securities or property, and the disposition of its assets shall at all times be within the control of the insurer.

Sec. 1.1. Chapter 683A of NRS is hereby amended by adding thereto the provisions set forth as sections 1.3 and 1.5 of this act.

Sec. 1.3. ***1. A business organization which is licensed as a producer of insurance and which authorizes another producer of insurance to***

transact business on its behalf shall notify the Commissioner within 15 days after the effective date of the authorization in the manner prescribed by the Commissioner.

2. A business organization which is licensed as a producer of insurance and which terminates the authorization of a producer of insurance for any reason shall notify the Commissioner within 30 days after the effective date of the termination in the manner prescribed by the Commissioner. The business organization shall provide additional information or documents if so requested in writing by the Commissioner.

3. If the reason for termination is an activity described in NRS 683A.451 as a cause for disciplinary action or the business organization knows that the producer of insurance has been found to have engaged in such an activity by a court, governmental agency or self-regulatory organization authorized by law, the business organization shall notify the Commissioner, in the manner prescribed by the Commissioner, if the business organization discovers additional information that would have been reportable originally to the Commissioner if the business organization had then known it.

Sec. 29.7. **NRS 616B.300 is hereby amended to read as follows:**

616B.300 1. An employer may qualify as a self-insured employer by establishing to the satisfaction of the Commissioner that the employer has sufficient administrative and financial resources to make certain the prompt payment of all compensation under chapters 616A to 616D, inclusive, or chapter 617 of NRS. ***For the purposes of this subsection, an employer has sufficient financial resources if the employer has:***

(a) A tangible net worth of not less than $2,500,000, as evidenced by a statement of tangible net worth provided to the Division of Insurance of the Department of Business and Industry by an independent certified public accountant; or

(b) Net cash flows from operating activities plus net cash flows from financing activities of five times the average of claims paid for each of the last 3 years or $7,500,000, whichever is less.

2. A self-insured employer must, in addition to establishing financial ability to pay, deposit with the Commissioner a bond executed by the employer as principal, and by a corporation qualified under the laws of this State as surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to employees. The bond must be in an amount reasonably sufficient to ensure payment of compensation, but in no event may it be less than 105 percent of the employer's expected annual incurred cost of claims, or less than $100,000. In arriving at an amount for the expected annual cost of claims, due consideration must be given to the past and prospective experience of the employer with losses and expenses within this State, to the hazard of catastrophic loss, to other contingencies, and to trends within the State. In arriving at the amount of the deposit required, the Commissioner may consider the nature of the employer's business, the financial ability of the employer to pay compensation and his probable continuity of operation.

3. In lieu of a bond the employer may deposit with the Commissioner a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that the amount is unavailable for withdrawal except upon order of the Commissioner.

4. The required deposit may be increased or decreased by the Commissioner in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance. If the Commissioner requires an employer to increase his deposit, the Commissioner may specify the form of the additional security. The employer shall comply with such a requirement within 60 days after receiving notice from the Commissioner.

5. The Commissioner shall require the self-insured employer to submit evidence of excess insurance to provide protection against a catastrophic loss. The excess insurance must be written by an insurer authorized to do business in this State. The Commissioner shall consider the excess insurance coverage as a basis for a reduction in the deposit required of an employer.

6. The Account for Self-Insured Employers is hereby created in the State Agency Fund for Bonds. All money received by the Commissioner pursuant to this section must be deposited with the State Treasurer to the credit of the Account for Self-Insured Employers. All claims against this Account must be paid as other claims against the State are paid.

Sec. 29.8. **NRS 616B.353 is hereby amended to read as follows:**

616B.353 1. An association of self-insured public or private employers shall:

(a) Execute an indemnity agreement jointly and severally binding the association and each member of the association to secure the payment of all compensation due pursuant to chapters 616A to 617, inclusive, of NRS. The indemnity agreement must be in a form prescribed by the Commissioner. An association may add provisions to the indemnity agreement if they are first approved by the Commissioner.

(b) Except as otherwise provided in this subsection, maintain a policy of specific and aggregate excess insurance in a form and amount required by the Commissioner. The excess insurance must be written by an insurer approved by the Commissioner. To determine the amount of excess insurance required, the Commissioner shall consider:

(1) The number of members in the association;

(2) If the association is an association of self-insured public employers, the types of governmental services provided by the members of the association;

(3) If the association is an association of self-insured private employers, the classifications of employment of the members of the association;

(4) The number of years the association has been in existence; and

(5) Such other information as the Commissioner deems necessary.

➥ Nothing in this paragraph prohibits an association from purchasing secondary excess insurance in addition to the excess insurance required by this paragraph.

(c) Collect an annual assessment from each member of the association in an aggregate amount of at least $250,000 or in an aggregate amount which the Commissioner determines is satisfactory based on an annual review conducted by him of the actuarial solvency of the association.

(d) Except as otherwise provided in paragraph (e), deposit as security with the Commissioner a bond executed by the association as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to their employees. The bond must be in an amount determined by the Commissioner to be reasonably sufficient to ensure payment of such compensation, but in no event may it be less than $100,000.

(e) In lieu of a bond, deposit with the Commissioner a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that

the amount is unavailable for withdrawal except upon order of the Commissioner.

2. Except as otherwise provided in subsection 3, in addition to complying with the requirements of subsection 1, an association of self-insured private employers shall maintain ~~[a]~~ ***either:***

(a) A combined tangible net worth of all members in the association of at least $2,500,000 ~~[.]~~ ***, as evidenced by a statement of tangible net worth provided to the Division of Insurance of the Department of Business and Industry by an independent certified public accountant; or***

(b) Combined net cash flows from operating activities plus net cash flows from financing activities of all members in the association of five times the average of claims paid for each of the last 3 years or $7,500,000, whichever is less.

3. In lieu of complying with the requirements of subsection 2, the association's administrator shall ensure that a solvency bond, in a form prescribed by the Commissioner and in an aggregate amount of at least $2,500,000, is deposited with the Commissioner by the association or members of the association on behalf of the association.

4. The association's administrator shall deposit with the Commissioner a bond executed by the association's administrator as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of his duties. The bond must be in an amount determined by the Commissioner.

5. Any third-party administrator providing claims services for the association shall deposit with the Commissioner a bond executed by the third-party administrator as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of its duties. The bond must be in an amount determined by the Commissioner.

6. The Commissioner may increase or decrease the amount of any bond or money required to be deposited by this section in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance. If the Commissioner requires an association, association's administrator or third-party administrator to increase its deposit, the Commissioner may specify the form of the additional security. The association, association's administrator or third-party administrator shall comply with such a requirement within 60 days after receiving notice from the Commissioner.

7. The Account for Associations of Self-Insured Public and Private Employers is hereby created in the State Agency Fund for Bonds. All money received by the Commissioner pursuant to this section must be deposited with the State Treasurer to the credit of the Account. All claims against this Account must be paid as other claims against the State are paid.

4. An employer who seeks to become a member of the association after the 12 months immediately following the formation of the association must meet the requirement set forth in paragraph (a) or (b) of subsection 3 unless the Commissioner adjusts the requirement for membership in the association after conducting an annual review of the actuarial solvency of the association pursuant to subsection 1 of NRS 616B.353.

6. An association of self-insured private employers may apply to the Commissioner for authority to determine the documentation demonstrating

To terminate his membership, a member must submit to the association's administrator a notice of intent to withdraw from the association at least 120 days before the effective date of withdrawal. The notice of intent to withdraw must include a statement indicating that the member has:

12. An association is liable for the payment of any compensation required to be paid by a member of the association pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS during his period of membership. Remarks by Assemblyman Oceguera.

Motion carried.

The following Senate amendment was read:

Amendment No. 1111.

AN ACT relating to insurance; making various changes relating to persons licensed or regulated by the Commissioner of Insurance; [~~authorizing the~~

~~Commissioner to conduct certain investigations;~~ increasing the maximum annual assessment on member insurers of the Nevada Life and Health Insurance Guaranty Association; revising provisions governing policies of various types of insurance; revising reporting requirements for an insurer that issues a policy of insurance covering the liability of a physician or osteopathic physician; making certain provisions applicable to title insurers, title agents and escrow officers; requiring a motor club to pay an administrative penalty for failing to pay an annual fee to the Commissioner timely; revising provisions governing claims against an insolvent insurer; making certain provisions applicable to licensed bail agents, bail solicitors, bail enforcement agents and general agents; repealing the requirement that a trustee of a medical savings account file an annual report with the Commissioner; increasing the number of deputies that the Commissioner may appoint; revising various provisions governing industrial insurance; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Under existing law, the Commissioner of Insurance is authorized to conduct examinations of insurers and certain other persons. (NRS 679B.230-679B.300) Section 1 of this bill authorizes the Commissioner to conduct investigations, both within and outside this State, of insurers and certain other persons.]~~

Existing law establishes certain requirements for business organizations to be licensed as producers of insurance. (NRS 683A.251) Sections 1.3 and 2 of this bill require such a business organization to report to the Commissioner **of Insurance** when another producer of insurance is authorized to act on its behalf and when such authorization is terminated.

Under existing law, insurers are required to be members of the Nevada Life and Health Insurance Guaranty Association. Member insurers are required to pay an annual assessment to the Association. (NRS 686C.240) Section 7 of this bill increases the maximum amount of such an assessment.

Existing law requires that an insurer which issues a policy covering the liability of a physician or osteopathic physician file a report with the Commissioner whenever a claim on the policy is closed. (NRS 690B.260) Section 16 of this bill changes the filing requirement to require that such a report be filed at the end of each calendar quarter on all claims closed during that quarter.

Existing law requires captive insurers to maintain certain levels of unimpaired paid-in capital and unencumbered surplus. (NRS 694C.250, 694C.260) Additionally, certain captive insurers are required to submit to the Commissioner an annual report on their financial condition. Section 19 of this bill increases the required levels of such capital and surplus. Section 23 of this bill applies the reporting requirement of captive insurers to sponsored captive insurers.

Existing law governs the filing of claims against an insurer against which delinquency proceedings have begun. Currently, claims are filed with the

receiver and a court determines the validity of the claim. (NRS 696B.330) Existing law establishes classes for the order of priority for distribution of the assets of an insurer to claimants against the insurer. (NRS 696B.420) Section 27 of this bill requires the receiver to determine the validity of a claim and to determine the priority of the claim. If a person objects to the determination of the receiver, the determination may be appealed to a court.

Existing law defines "tangible net worth" for the purposes of industrial insurance to include all assets of an association of self-insured private employers or of a member of such an association, but excepts a number of assets from the definition. (NRS 616A.330) Section 29 of this bill removes most of the exceptions.

Existing law provides that an employee leasing company shall be deemed to be the employer of its leased employees for the purposes of sponsoring and maintaining any benefit plans. (NRS 616B.691) Section 30.8 of this bill clarifies that such a company shall be deemed to be the employer for the purposes of the Employee Retirement Income Security Act of 1974 (ERISA). Section 30.8 also clarifies the prohibition against such a company offering a self-funded industrial insurance program.

Existing law authorizes the Commissioner to appoint two deputies. Section 31 of this bill authorizes the Commissioner to appoint one additional deputy.

Existing law requires a trustee of a medical savings account to file an annual report with the Commissioner. (NRS 689A.735) Section 32 of this bill repeals that requirement.

Chapter 616B of NRS governs providers of industrial insurance. Under existing law, certain employers and associations of employers may qualify as self-insurers. (NRS 616B.300, 616B.353, 616B.386) Section 29.5 of this bill requires associations of self-insured public and private employees to provide to members certain information regarding claims at the request of the member. Sections 29.7, 29.8 and 30 of this bill provide specific fiscal requirements for qualification as a self-insured employer or an association of self-insured public or private employers.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~[Chapter 679B of NRS is hereby amended by adding thereto a new section to read as follows:~~

~~*6. The expenses of an investigation conducted pursuant to this section must be borne by the person investigated in the same manner as provided for examinations in NRS 679B.290.*~~

~~*7. The expenses paid by a person investigated pursuant to this section must be deposited in the State Treasury for credit to the Insurance Examination Fund created by NRS 679B.300, accounted for separately and used for the payment of investigation expenses. Payment of the expenses of an investigation pursuant to this section must be paid out of the Insurance Examination Fund as other claims against the State are paid.]~~ **(Deleted by amendment.)**

The reserves must be computed in accordance with regulations adopted from time to time by the Commissioner upon reasonable consideration of the ascertained experience and the character of such kind of business for the purpose of adequately protecting the insured and the solvency of the insurer.

2. Whenever the loss and loss expense experience of the insurer show that reserves, calculated in accordance with those regulations, are inadequate, the Commissioner may require the insurer to maintain additional reserves.

Sec. 29.7. NRS 616B.300 is hereby amended to read as follows:

616B.300 1. An employer may qualify ***and remain qualified*** as a self-insured employer by establishing to the satisfaction of the Commissioner that the employer has sufficient administrative and financial resources to make certain the prompt payment of all compensation under chapters 616A to 616D, inclusive, or chapter 617 of NRS. ***For the purposes of this subsection, an employer has sufficient financial resources if :*** ~~*[the employer has:]*~~

(a) ~~*[A]*~~ ***At the time of initial qualification and until the employer has operated successfully as a qualified self-insured employer for 3 years, as determined by the Commissioner, the employer has a tangible net worth of not less than $2,500,000, as evidenced by a statement of tangible net worth provided to the Division of Insurance of the Department of Business and Industry by an independent certified public accountant; or***

(b) ~~*[Net]*~~ ***After 3 years of successful operation as a qualified self-insured employer, as determined by the Commissioner, the employer has net cash flows from operating activities plus net cash flows from financing activities of five times the average of claims paid for each of the last 3 years or $7,500,000, whichever is less.***

2. A self-insured employer must, in addition to establishing financial ability to pay, deposit with the Commissioner a bond executed by the employer as principal, and by a corporation qualified under the laws of this State as surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to employees. The bond must be in an amount reasonably sufficient to ensure payment of compensation, but in no event may it be less than 105 percent of the employer's expected annual incurred cost of claims, or less than $100,000. In arriving at an amount for the expected annual cost of claims, due consideration must be given to the past and prospective experience of the employer with losses and expenses within this State, to the hazard of catastrophic loss, to other contingencies, and to trends within the State. In arriving at the amount of the deposit required, the Commissioner may consider the nature of the employer's business, the financial ability of the employer to pay compensation and his probable continuity of operation.

3. In lieu of a bond the employer may deposit with the Commissioner a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that the amount is unavailable for withdrawal except upon order of the Commissioner.

4. The required deposit may be increased or decreased by the Commissioner in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance. If the Commissioner requires an employer to increase his deposit, the Commissioner may specify the form of the additional security. The employer shall comply with such a requirement within 60 days after receiving notice from the Commissioner.

5. The Commissioner shall require the self-insured employer to submit evidence of excess insurance to provide protection against a catastrophic loss. The excess insurance must be written by an insurer authorized to do business in this State. The Commissioner shall consider the excess insurance coverage as a basis for a reduction in the deposit required of an employer.

6. The Account for Self-Insured Employers is hereby created in the State Agency Fund for Bonds. All money received by the Commissioner pursuant to this section must be deposited with the State Treasurer to the credit of the Account for Self-Insured Employers. All claims against this Account must be paid as other claims against the State are paid.

Sec. 29.8. NRS 616B.353 is hereby amended to read as follows:

616B.353 1. An association of self-insured public or private employers shall:

(a) Execute an indemnity agreement jointly and severally binding the association and each member of the association to secure the payment of all compensation due pursuant to chapters 616A to 617, inclusive, of NRS. The indemnity agreement must be in a form prescribed by the Commissioner. An association may add provisions to the indemnity agreement if they are first approved by the Commissioner.

(b) Except as otherwise provided in this subsection, maintain a policy of specific and aggregate excess insurance in a form and amount required by the Commissioner. The excess insurance must be written by an insurer approved by the Commissioner. To determine the amount of excess insurance required, the Commissioner shall consider:

(1) The number of members in the association;

(2) If the association is an association of self-insured public employers, the types of governmental services provided by the members of the association;

(3) If the association is an association of self-insured private employers, the classifications of employment of the members of the association;

(4) The number of years the association has been in existence; and

(5) Such other information as the Commissioner deems necessary.

➥ Nothing in this paragraph prohibits an association from purchasing secondary excess insurance in addition to the excess insurance required by this paragraph.

(c) Collect an annual assessment from each member of the association in an aggregate amount of at least $250,000 or in an aggregate amount which the Commissioner determines is satisfactory based on an annual review conducted by him of the actuarial solvency of the association.

(d) Except as otherwise provided in paragraph (e), deposit as security with the Commissioner a bond executed by the association as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the payment of compensation for injuries and occupational diseases to their employees. The bond must be in an amount determined by the Commissioner

to be reasonably sufficient to ensure payment of such compensation, but in no event may it be less than $100,000.

(e) In lieu of a bond, deposit with the Commissioner a like amount of lawful money of the United States or any other form of security authorized by NRS 100.065. If security is provided in the form of a savings certificate, certificate of deposit or investment certificate, the certificate must state that the amount is unavailable for withdrawal except upon order of the Commissioner.

2. Except as otherwise provided in subsection 3, in addition to complying with the requirements of subsection 1, an association of self-insured private employers shall ***:*** ~~[maintain]~~ ~~[a]~~ ~~*[either:]*~~

(a) ~~*[A]*~~ ***At the time of initial qualification and until the association has operated successfully as a qualified association of self-insured private employers for 3 years, as determined by the Commissioner, have a*** combined tangible net worth of all members in the association of at least $2,500,000 ~~[.]~~ ***, as evidenced by a statement of tangible net worth provided to the Division of Insurance of the Department of Business and Industry by an independent certified public accountant; or***

(b) ~~*[Combined]*~~ ***After 3 years of successful operation as a qualified association of self-insured private employers, as determined by the Commissioner, have combined net cash flows from operating activities plus net cash flows from financing activities of all members in the association of five times the average of claims paid for each of the last 3 years or $7,500,000, whichever is less.***

3. In lieu of complying with the requirements of subsection 2, the association's administrator shall ensure that a solvency bond, in a form prescribed by the Commissioner and in an aggregate amount of at least $2,500,000, is deposited with the Commissioner by the association or members of the association on behalf of the association.

4. The association's administrator shall deposit with the Commissioner a bond executed by the association's administrator as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of his duties. The bond must be in an amount determined by the Commissioner.

5. Any third-party administrator providing claims services for the association shall deposit with the Commissioner a bond executed by the third-party administrator as principal, and by a licensed surety, payable to the State of Nevada, and conditioned upon the faithful performance of its duties. The bond must be in an amount determined by the Commissioner.

6. The Commissioner may increase or decrease the amount of any bond or money required to be deposited by this section in accordance with chapter 681B of NRS and his regulations for loss reserves in casualty insurance. If the Commissioner requires an association, association's administrator or third-party administrator to increase its deposit, the Commissioner may specify the form of the additional security. The association, association's

administrator or third-party administrator shall comply with such a requirement within 60 days after receiving notice from the Commissioner.

7. The Account for Associations of Self-Insured Public and Private Employers is hereby created in the State Agency Fund for Bonds. All money received by the Commissioner pursuant to this section must be deposited with the State Treasurer to the credit of the Account. All claims against this Account must be paid as other claims against the State are paid.

4. An employer who seeks to become a member of the association after the 12 months immediately following the formation of the association must meet the requirement set forth in paragraph (a) or (b) of subsection 3 unless the Commissioner adjusts the requirement for membership in the association after conducting an annual review of the actuarial solvency of the association pursuant to subsection 1 of NRS 616B.353.

5. An association of self-insured private employers may apply to the Commissioner for authority to determine the amount of tangible net worth and manual premium that an employer must have to become a member of the association. The Commissioner shall approve the application if the association:

6. An association of self-insured private employers may apply to the Commissioner for authority to determine the documentation demonstrating solvency that an employer must provide to become a member of the association. The Commissioner shall approve the application if the association:

7. The Commissioner may withdraw his approval of an application submitted pursuant to subsection 5 or 6 if he determines the association has ceased to comply with any of the requirements set forth in subsection 5 or 6, as applicable.

8. A member of an association may terminate his membership at any time. To terminate his membership, a member must submit to the association's administrator a notice of intent to withdraw from the association at least 120 days before the effective date of withdrawal. TEXT OF REPEALED SECTIONS

338.190 Analysis of certain public buildings before construction or renovation to estimate certain costs and to identify measures for conservation of energy and use of alternative types of energy; requirements for contracts for cost-saving measures.

1. Before it begins to construct or renovate any occupied public building which is larger than 20,000 square feet, each agency of the State or a political subdivision, district, authority, board or public corporation of the State shall obtain a detailed analysis of the cost of operating and maintaining the building for its expected useful life.

2. The analysis must:

(a) Estimate the cost to construct or renovate the occupied public building and the cost to operate and maintain the building; and

(b) Identify measures, including, without limitation, for the:

(1) Conservation of water;

(2) Conservation of energy and energy efficiency that will generate cost savings within 10 years that are equal to or greater than the cost of implementation; and

(3) Use of types of energy which are alternatives to fossil fuels, such as active and passive applications of solar energy, wind and geothermal energy,

➥ which can be included in the building in its construction or renovation.

3. The agency of government which proposes to construct or renovate the occupied public building must consider the results of the analysis required by this section in deciding upon the type of construction or renovation and the components and systems which will be included in the building. The agency of government shall consider the use of types of energy which are alternatives to fossil fuels and any other energy conservation measures identified in the analysis into the design of the building if it is determined to be in the best interest of the State.

4. The agency of government may select, through the bidding process, a contractor to conduct the analysis required pursuant to this section. If a contractor is selected to conduct the analysis, any contract for the purchase, lease or rental of cost-saving measures must provide that all payments, other than any obligations that become due if the contract is terminated before the contract expires, be made from the cost savings.

5. As used in this section, "occupied public building" means a public building used primarily as an office space or work area for persons employed by an agency of the State or a political subdivision, district, authority, board or public corporation of the State. The term does not include a public building used primarily as a storage facility or warehouse or for similar purposes.

(b) Business that includes as a primary component a facility for the generation of electricity from recycled material,

➥ is found by the Commission on Economic Development to have as a primary purpose the conservation of energy or the substitution of other sources of energy for fossil sources of energy and obtains certification from the Commission on Economic Development pursuant to NRS 360.750, the Commission may, if the business additionally satisfies the requirements set forth in subsection 2 of NRS 361.0687, grant to the business a partial abatement from the taxes imposed on real property by this chapter.

2. If a partial abatement from the taxes imposed on real property by this chapter is approved by the Commission on Economic Development pursuant to NRS 360.750 for a business described in subsection 1:

(a) The partial abatement must:

(1) Be for a duration of at least 1 year but not more than 10 years;

(2) Not exceed 50 percent of the taxes on real property payable by the business each year pursuant to this chapter; and

(3) Be administered and carried out in the manner set forth in NRS 360.750.

(b) The Executive Director of the Commission on Economic Development shall notify the county assessor of the county in which the business is located of the approval of the partial abatement, including, without limitation, the duration and percentage of the partial abatement that the Commission granted. The Executive Director shall, on or before April 15 of each year, advise the county assessor of each county in which a business qualifies for a partial abatement during the current fiscal year as to whether the business is still eligible for the partial abatement in the next succeeding fiscal year.

3. The partial abatement provided in this section applies only to the business for which certification was granted pursuant to NRS 360.750 and the property used in connection with that business. The exemption does not apply to property in this state that is not related to the business for which the certification was granted pursuant to NRS 360.750 or to property in existence and subject to taxation before the certification was granted.

4. As used in this section, a "facility for the generation of electricity from recycled material" is a facility which uses recycled material as its primary fuel including material from:

2. Value added by a qualified system must not be excluded from the assessed value of a commercial or industrial building during any period in which the business that owns the commercial or industrial building is receiving another abatement or exemption from the taxes imposed by this chapter.

3. As used in this section, "qualified system" means any system, method, construction, installation, machinery, equipment, device or appliance which is designed, constructed or installed in a residential, commercial or industrial building to heat or cool the building or water used in the building, or to provide electricity used in the building, by using:

Assemblyman Oceguera moved that the Assembly concur in the Senate amendment to Assembly Bill No. 621.

Remarks by Assemblywomen Kirkpatrick and Smith.

Assemblyman Oceguera moved that the following remarks be entered in the Journal.

ASSEMBLYWOMAN KIRKPATRICK:

When the Legislature enacted A.B. 3 of the 22nd Special Session, it established state tax policy to encourage "green" buildings. However, the Legislature did not establish any contractual or vested rights for those businesses that applied or qualified for the tax abatements and exemptions. Under well-established legal principles, those businesses are presumed to know that one Legislature cannot bind a subsequent Legislature when it is making general tax policy. Therefore, this Legislature has the power to adjust the state's tax policy and may amend the tax abatements and exemptions enacted by A.B. 3, regardless of whether any business has already incurred expense to comply with the requirements of the tax abatements and exemptions.

By enacting A.B. 621, this Legislature is making a policy decision to adjust the tax abatements and exemptions to protect the important fiscal needs of this State but without entirely eliminating the important tax incentives we enacted to promote the efficient use of energy. Simply stated, A.B. 621 is about balance and fairness.

To achieve that balance and fairness, A.B. 621 establishes a bright-line test to determine which businesses will continue to qualify under the original tax abatements and exemptions, subject to the modifications being made by this bill. Sections 15 and 15.5 establish three

conditions, all of which must be met by the business and all of which rely on easily ascertainable and highly verifiable information. Importantly, the business must have an opinion letter that was issued by the Department of Taxation before February 1, 2007, stating that the project will qualify for a partial tax exemption under A.B. 3 if certain conditions are met. This requirement will make A.B. 621 easier to administer and will establish a fair and reasonable method for determining which businesses will continue to qualify under the original tax abatements and exemptions and which businesses must proceed under the new procedures enacted by the bill.

I just wanted to enter the legislative intent into the record and how we came to where we are today. This is good public policy. We analyzed it thoroughly, went through a lot of documents, and spent a lot of time on this issue. It is important that we concur with the Senate amendment. We now have that bright line, and I urge your support.

ASSEMBLYWOMAN SMITH:

I rise in support of the motion to concur. This is an important piece of legislation for us to move forward. We need to get this done. One of the things to remember is that this legislation is about policy and not about individuals or a who-is-in and who-is-out idea. We would like to stay focused on the fact that we developed what we believed was the best policy. That process has been seen by everybody throughout the last few weeks. I want us to be able to feel good about the hearings that were conducted and about making decisions based solely on policy. I encourage your support of this motion.

I would also like to thank my colleague for spending so much time with me over the last few weeks working on this issue. It has been a wonderful learning experience for us.

Motion carried by a constitutional majority.

Bill ordered to enrollment.

Conference Amendment No. CA20.

AN ACT relating to public health; exempting certain entities that comply with the provisions of federal law governing the electronic transmission of certain health information from provisions of state law that provide more stringent privacy requirements; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) protects the privacy of certain individually identifiable health information. (Public Law No. 104-191) HIPAA and the federal regulations to carry out that Act contain provisions which address the use and disclosure of individually identifiable health information by certain covered entities, including certain health plans, health care providers and health care clearinghouses. Among the federal requirements are provisions governing the electronic transmission of such health information. (42 U.S.C. §§ 1320d et seq.)

HIPAA further provides that if a state law imposes requirements or standards concerning the privacy of health information, the state law preempts HIPAA to the extent that the state law is more stringent than HIPAA. Section 1 of this bill changes the effect of this state law preemption with respect to the electronic transmission of individually identifiable health information by exempting a covered entity that complies with HIPAA from any state law governing the privacy of health information which is more stringent. Section 1 also requires a covered entity that makes individually identifiable health information available electronically to allow ~~[any]~~ **a** person **under certain circumstances** to opt out of having his individually identifiable health information disclosed electronically to other covered entities.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

law that contains more stringent requirements or provisions concerning the privacy or confidentiality of individually identifiable health information.

2. A covered entity that makes individually identifiable health information available electronically pursuant to subsection 1 shall allow any person to opt out of having his individually identifiable health information disclosed electronically to other covered entities, except ~~*[as]*~~ ***:***

(a) As required by the administrative simplification provisions of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191.

(b) As otherwise required by a state law.

(c) That a person who is a recipient of Medicaid or insurance pursuant to the Children's Health Insurance Program may not opt out of having his individually identifiable health information disclosed electronically.

3. As used in this section:

(a) "Covered entity" has the meaning ascribed to it in 45 C.F.R. § 160.103.

(b) "Individually identifiable health information" has the meaning ascribed to it in 45 C.F.R. § 160.103.

SUMMARY—Revises provisions relating to communicable diseases ~~[.]~~ **and food establishments.** (BDR 40-1057)

AN ACT relating to ~~[communicable diseases;]~~ **health care;** making various changes to provisions concerning the human immunodeficiency virus; **amending the definition of a "food handler" employed in or operating a food establishment;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 3 of this bill expresses the intent of the Legislature regarding the manner in which governmental entities and persons and entities providing services of health care should collaborate to ensure that testing for the human immunodeficiency virus and related counseling is carried out in a culturally and linguistically appropriate manner, and with due regard for the sensitivity and private nature of such information.

Section 4 of this bill requires certain providers of testing for the human immunodeficiency virus to ensure that each person who tests positive for the human immunodeficiency virus receives a counseling session. The counseling session must include information on: (1) the test result; (2) follow-up testing; (3) medical treatment; (4) methods for preventing transmission of the human immunodeficiency virus; (5) the confidentiality of the test result; and (6) appropriate testing for sexual partners of those who test positive for the human immunodeficiency virus. Section 4 also requires certain providers of testing to offer referrals for certain health care services to those who test positive for the human immunodeficiency virus.

Existing law governs food handlers employed in or operating a food establishment. (Chapter 446 of NRS) Existing law defines "food handler." (NRS 446.030) Section 5.5 of this bill amends the definition of "food handler."

Existing law makes discrimination against persons with certain disabilities an unlawful employment practice. (NRS 613.310-613.435) Section 6 of this bill amends the definition of "disability" to specifically include the human immunodeficiency virus.

3. This act must not be construed to repeal or otherwise affect any other law or part thereof.

4. This act is intended to provide a separate method of accomplishing the objectives of the act, but not an exclusive method.

5. If any provision of this act, or application thereof to any person, thing or circumstance, is held invalid, the invalidity shall not affect the provisions or application of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

~~*4. The proceeds of any tax imposed pursuant to this section must not be:*~~

~~*(a) Considered in any negotiations between a recognized organization of employees of a school district and the school district; or*~~

If the additional amount of tax is not paid within 30 days after the date the buyer and seller are notified, the county recorder shall impose a penalty of 10 percent of the additional amount due in addition to interest at the rate of 1 percent per month, or portion thereof, of the additional amount due calculated from the date of the original recordation of the deed on which the additional amount is due through the date on which the additional amount due, penalty and interest are paid to the county recorder.~~

~~4. This section does not prohibit a buyer and seller from agreeing by contract or otherwise that one party or the other will be responsible for the payment of the tax due pursuant to this chapter, but such an agreement does not affect the ability of the county recorder to collect the tax and any penalties and interest from either the buyer or the seller.~~] **(Deleted by amendment.)**

Conference Amendment No. CA21.

AN ACT relating to traffic laws; prohibiting a person from organizing an unauthorized speed contest on a public highway; increasing the penalty for driving a vehicle in willful or wanton disregard of the safety of persons or property; increasing the penalty for driving a vehicle in an unauthorized speed contest on a public highway; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a person who drives a vehicle in willful or wanton disregard of the safety of persons or property or who drives a vehicle in an unauthorized speed contest on a public highway is guilty of a misdemeanor and may be punished by imprisonment in the county jail for not more than 6 months, or by a fine of not more than $1,000, or by both fine and imprisonment. In lieu of all or a part of the punishment, the convicted person may be sentenced to perform a fixed period of community service. (NRS 193.150, 484.377) Section 3 of this bill increases the penalty for committing either offense by establishing, in addition to the possibility of imprisonment in the county jail, a minimum fine of $250 for the first offense, $1,000 for the second offense and $1,500 for the third and each subsequent offense. A person convicted of driving a vehicle in an unauthorized speed contest on a public highway is also required to perform a minimum number of hours of community service. In addition to any fine, community service and imprisonment imposed upon a person convicted of driving a vehicle in an unauthorized speed contest on a public highway, the court must issue an order suspending the driver's license of the person for a period of not less than 6 months but not more than 2 years and, for the first offense, ~~[must]~~ **may** issue an order impounding for 15 days any vehicle registered to the person convicted of such an offense if the vehicle is used in the commission of the offense. For the second and each subsequent offense, the court must issue an order impounding for 30 days any vehicle registered to the person convicted of such an offense if the vehicle is used in the commission of the offense. Section 3 also prohibits a person from organizing an unauthorized speed contest on a public highway and imposes the same penalties for such a violation as for a person who drives a vehicle in an unauthorized speed contest on a public highway.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 483.460 is hereby amended to read as follows:

483.460 1. 4. The Department shall revoke the license, permit or privilege to drive of a person who is required to install a device pursuant to NRS 484.3943 but who operates a motor vehicle without such a device:

Sec. 2. NRS 483.490 is hereby amended to read as follows:

483.490 1. (b) To acquire supplies of medicine or food or receive regularly scheduled medical care for himself or a member of his immediate family.

➥ Before a restricted license may be issued, the applicant must submit sufficient documentary evidence to satisfy the Department that a severe hardship exists because the applicant has no alternative means of transportation and that the severe hardship outweighs the risk to the public if he is issued a restricted license.

(a) Shall install the device not later than 21 days after the date on which the order was issued; and

(II) A violation of NRS 484.379 that is punishable as a felony pursuant to NRS 484.3792;

3. If the Department has received a copy of an order requiring a person to install a device in a motor vehicle pursuant to NRS 484.3943, the Department shall not issue a restricted driver's license to such a person pursuant to this section unless the applicant has submitted proof of compliance with the order and subsection 2.

4. After a driver's license has been revoked or suspended pursuant to title 5 of NRS, the Department may issue a restricted driver's license to an applicant permitting the applicant to drive a motor vehicle:

(a) If applicable, to and from work or in the course of his work, or both; or

➥ the driver shall be punished in the manner provided pursuant to subsection 2 of NRS 483.560.

7. The periods of suspensions and revocations required pursuant to this chapter and NRS 484.384 must run consecutively, except as otherwise provided in NRS 483.465 and 483.475, when the suspensions must run concurrently.

Legislative Counsel's Digest:

Under existing law, a taxpayer is entitled to receive interest on an overpayment of taxes. (NRS 360.2935, 360A.110) Section 2 of this bill provides that no interest will be paid on an overpayment of taxes on fuels if the overpayment is made intentionally or carelessly.

Under existing law, if the Department of Motor Vehicles issues a deficiency determination against a taxpayer for underpayment of taxes on fuels, the taxpayer may file a petition for redetermination and seek an oral hearing on the petition. (NRS 360A.160, 360A.180) Section 3 of this bill changes the hearing to an administrative hearing.

Under existing law, persons licensed under chapter 365 of NRS are required to submit reports and pay excise taxes to the Department for motor vehicle and other fuels subject to that chapter. (NRS 365.170, 365.175) Section 5 of this bill imposes similar requirements on unlicensed persons who collect such excise taxes.

Existing law in chapter 366 of NRS concerning taxes on special fuels includes provisions relating to the confidentiality of records, the unlawful disclosure of information, false or fraudulent reports, and the sealing of fuel pumps. (NRS 366.160, 366.180, 366.710, 366.715) Sections 6-9 of this bill add similar provisions to chapter 365 of NRS concerning taxes on motor vehicle and other fuels.

Under existing law, licenses issued pursuant to chapter 365 of NRS for dealers, suppliers, transporters and exporters are valid until suspended, revoked or cancelled. (NRS 365.304) Section 15 of this bill limits the validity of each such license to 1 year and requires the Department to adopt regulations providing for the renewal of such licenses.

Existing law in chapter 366 of NRS concerning taxes on special fuels includes provisions governing the due date of such taxes. (NRS 366.370) Section 18 of this bill adds similar provisions to chapter 365 of NRS concerning taxes on motor vehicle and other fuels. (NRS 365.330)

Section 21 of this bill increases the power of the Department and its agents to make examinations and inspections, including the power to stop and inspect motor vehicles that are using or transporting motor vehicle and other

fuels, to determine whether all excise taxes due pursuant to chapter 365 of NRS are being properly reported and paid. (NRS 365.500)

Under existing law, persons licensed under chapter 366 of NRS are required to file tax returns and pay excise taxes to the Department for special fuels subject to that chapter. (NRS 366.380, 366.383, 366.386, 366.540) Section 26 of this bill imposes similar requirements on unlicensed persons who collect such excise taxes.

Existing law in chapter 365 of NRS concerning taxes on motor vehicle and other fuels includes provisions relating to the liability of a person for willfully failing to collect or pay excise taxes, the records that must be maintained by retailers, the payment of the costs of prosecuting violations, and the enforcement of the provisions of the chapter by county sheriffs and other peace officers. (NRS 365.351, 365.510, 365.590, 365.610) Sections 27-30 of this bill add similar provisions to chapter 366 of NRS concerning taxes on special fuel.

Under existing law, licenses issued pursuant to chapter 366 of NRS for special fuel dealers, special fuel suppliers, special fuel transporters and special fuel exporters are valid until suspended, revoked or cancelled, and licenses for special fuel users are valid for 1 year. (NRS 366.260) Section 36 of this bill limits the validity of each such license to 1 year and requires the Department to adopt regulations providing for the renewal of such licenses.

Section 46 of this bill revises the provisions in NRS 366.720 that establish various violations and penalties relating to taxes on special fuels by specifying that each day during which such a violation occurs constitutes a separate offense.

Section 46.5 of this bill requires the county fair and recreation board in a county whose population is 400,000 or more (currently Clark County) to issue, under certain conditions, bonds to assist in the funding of highway projects in that county. Section 55.3 of this bill requires annual reports by the Department of Transportation on the projects undertaken with that funding.

Existing law authorizes a county to impose an ad valorem tax for capital projects in the amount of 5 cents per $100 of the assessed valuation of the county. (NRS 354.59815) Section 47 of this bill requires the allocation of an incrementally increasing portion, which will not exceed 60 percent, of the proceeds of any such tax imposed in a county with a population of 100,000 or more (currently Clark and Washoe Counties) to the State Highway Fund for use in the construction and maintenance of the public highways in that county.

Section 47.2 of this bill requires the adoption of performance measurements for the Department of Transportation and annual reports of performance. Section 47.3 of this bill requires the Department to prepare a written analysis of the costs and benefits of each proposal for a highway project that will cost $25 million or more. Section 55.5 of this bill requires quarterly reports by the Department on the status of certain proposed highway projects.

Existing law authorizes a short-term lessor of a passenger car to impose a recovery surcharge of 4 percent of the total amount for which the car is leased. (NRS 482.313) Section 49 of this bill mandates the imposition of that fee and requires the deposit of one-quarter of the proceeds thereof into the State Highway Fund for use in the construction and maintenance of the public highways.

Existing law prescribes a maximum amount of $15 per day that a short-term lessor of vehicles may charge for a waiver of damages. (NRS 482.31565) Section 49.5 of this bill increases that amount to $22 and provides for subsequent annual increases in that amount based upon increases in the Consumer Price Index.

Existing law prescribes a maximum amount of $5 per day that a short-term lessor of vehicles may charge for more than one additional driver. (NRS 482.3158) Section 49.7 of this bill increases that amount to $10, provides for subsequent annual increases in that amount based upon increases in the Consumer Price Index and authorizes the imposition of the charge for any additional drivers.

Existing law authorizes a purchaser of motor vehicle fuel or special fuel from a supplier to apply to the Department for a permit to defer payment of the taxes to the supplier, and authorizes the supplier to deduct from his tax payments to the Department the amount of such deferred taxes. (NRS 365.326, 365.328, 366.397, 366.540) Sections 42 and 55 of this bill delete or repeal those provisions. Section 55 also repeals NRS 366.360 because its provisions are being added to NRS 366.350 by section 38 of this bill.

Sec. 24. NRS 386.560 is hereby amended to read as follows:

386.560 1. The governing body of a charter school may contract with the board of trustees of the school district in which the charter school is located or the Nevada System of Higher Education for the provision of facilities to operate the charter school or to perform any service relating to the operation of the charter school, including, without limitation, transportation ~~[and]~~ , the provision of health services for the pupils who are enrolled in the charter school ~~[.]~~ ***and the provision of school police officers.***

2. A charter school may use any public facility located within the school district in which the charter school is located. A charter school may use school buildings owned by the school district only upon approval of the board of trustees of the school district and during times that are not regular school hours.

3. The board of trustees of a school district may donate surplus personal property of the school district to a charter school that is located within the school district.

4. Except as otherwise provided in this subsection, upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the charter school is located shall authorize the pupil to participate in a class that is not available to the pupil at the charter school or participate in an extracurricular activity, excluding sports, at a public school within the school district if:

(a) Space for the pupil in the class or extracurricular activity is available; and

(b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate in the class or extracurricular activity.

➥ If the board of trustees of a school district authorizes a pupil to participate in a class or extracurricular activity, excluding sports, pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to attend the class or activity. The provisions of this subsection do not apply to a pupil who is enrolled in a charter school and who desires to participate on a part-time basis in a program of distance education provided by the board of trustees of a school district pursuant to NRS 388.820 to 388.874, inclusive. Such a pupil must comply with NRS 388.858.

5. Upon the request of a parent or legal guardian of a pupil who is enrolled in a charter school, the board of trustees of the school district in which the charter school is located shall authorize the pupil to participate in sports at the public school that he would otherwise be required to attend within the school district, or upon approval of the board of trustees, any public school within the same zone of attendance as the charter school if:

(a) Space is available for the pupil to participate; and

(b) The parent or legal guardian demonstrates to the satisfaction of the board of trustees that the pupil is qualified to participate.

➥ If the board of trustees of a school district authorizes a pupil to participate in sports pursuant to this subsection, the board of trustees is not required to provide transportation for the pupil to participate.

6. The board of trustees of a school district may revoke its approval for a pupil to participate in a class, extracurricular activity or sports at a public school pursuant to subsections 4 and 5 if the board of trustees or the public school determines that the pupil has failed to comply with applicable statutes, or applicable rules and regulations of the board of trustees, the public school or an association for interscholastic activities. If the board of trustees so revokes its approval, neither the board of trustees nor the public school is liable for any damages relating to the denial of services to the pupil.

Sec. 25. NRS 386.570 is hereby amended to read as follows:

386.570 1. Each pupil who is enrolled in a charter school, including, without limitation, a pupil who is enrolled in a program of special education in a charter school, must be included in the count of pupils in the school district for the purposes of apportionments and allowances from the State Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive, unless the pupil is exempt from compulsory attendance pursuant to NRS 392.070. A charter school is entitled to receive its proportionate share of any other money available from federal, state or local sources that the school or the pupils who are enrolled in the school are eligible to receive. If a charter school receives special education program units directly from this State, the amount of money for special education that the school district pays

to the charter school may be reduced proportionately by the amount of money the charter school received from this State for that purpose.

2. All money received by the charter school from this State or from the board of trustees of a school district must be deposited in a bank, credit union or other financial institution in this State. The governing body of a charter school may negotiate with the board of trustees of the school district and the State Board for additional money to pay for services which the governing body wishes to offer.

3. Upon completion of a school year, the sponsor of a charter school may request reimbursement from the governing body of the charter school for the administrative costs associated with sponsorship for that school year if the sponsor provided administrative services during that school year. ***The request must include an itemized list of those costs.*** Upon receipt of such a request, the governing body shall pay the reimbursement to the board of trustees of the school district ~~[,]~~ if the board of trustees sponsors the charter school, ~~[or]~~ to the Department if the State Board sponsors the charter school ~~[.]~~ ***or to the college or university within the Nevada System of Higher Education if that institution sponsors the charter school.*** If a governing body fails to pay the reimbursement, the charter school shall be deemed to have violated its written charter and the sponsor may take such action to revoke the written charter pursuant to NRS 386.535 as it deems necessary. If the board of trustees of a school district is the sponsor of a charter school, the amount of money that may be paid to the sponsor pursuant to this subsection for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

(b) For any year after the first year of operation of the charter school, 1 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

4. If the State Board ***or a college or university within the Nevada System of Higher Education*** is the sponsor of a charter school, the amount of money that may be paid to the Department ***or to the institution, as applicable,*** pursuant to subsection 3 for administrative expenses in 1 school year must not exceed:

(a) For the first year of operation of the charter school, 2 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

(b) For any year after the first year of operation of the charter school, 1.5 percent of the total amount of money apportioned to the charter school during the year pursuant to NRS 387.124.

5. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of the school year of the school district, based on the number of pupils whose

applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

6. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

7. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with applicable federal laws and regulations governing the provision of federal grants for charter schools. The State Board may assist a charter school that operates exclusively for the enrollment of pupils who receive special education in identifying sources of money that may be available from the Federal Government or this State for the provision of educational programs and services to such pupils.

8. If a charter school uses money received from this State to purchase real property, buildings, equipment or facilities, the governing body of the charter school shall assign a security interest in the property, buildings, equipment and facilities to the State of Nevada.

Sec. 26. NRS 386.610 is hereby amended to read as follows:

386.610 1. On or before August 15 of each year, if the board of trustees of a school district ***or a college or university within the Nevada System of Higher Education*** sponsors a charter school, the board of trustees ***or the institution, as applicable,*** shall submit a written report to the State Board. The written report must include:

(a) An evaluation of the progress of each charter school sponsored by the board of **trustees** ***or institution, as applicable,*** in achieving its educational goals and objectives.

(b) A description of all administrative support and services provided by the school district ***or institution, as applicable,*** to the charter school.

2. The governing body of a charter school shall, after 3 years of operation under its initial charter, submit a written report to the sponsor of the charter school. The written report must include a description of the progress of the charter school in achieving its educational goals and objectives. If the charter school submits an application for renewal in

accordance with the regulations of the Department, the sponsor may renew the written charter of the school pursuant to subsection 2 of NRS 386.530.

Sec. 27. (Deleted by amendment.)

Sec. 28. NRS 387.124 is hereby amended to read as follows:

387.124 Except as otherwise provided in this section and NRS 387.528:

1. On or before August 1, November 1, February 1 and May 1 of each year, the Superintendent of Public Instruction shall apportion the State Distributive School Account in the State General Fund among the several county school districts and charter schools in amounts approximating one-fourth of their respective yearly apportionments less any amount set aside as a reserve. The apportionment to a school district, computed on a yearly basis, equals the difference between the basic support and the local funds available pursuant to NRS 387.1235, minus all the funds attributable to pupils who reside in the county but attend a charter school and all the funds attributable to pupils who reside in the county and are enrolled full time or part time in a program of distance education provided by another school district or a charter school. No apportionment may be made to a school district if the amount of the local funds exceeds the amount of basic support. If an agreement is not filed for a pupil who is enrolled in a program of distance education as required by NRS 388.854, the Superintendent of Public Instruction shall not apportion money for that pupil to the board of trustees of the school district in which the pupil resides, or the board of trustees or governing body that provides the program of distance education.

2. Except as otherwise provided in subsection 3, the apportionment to a charter school, computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides minus all the funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school. If the apportionment per pupil to a charter school is more than the amount to be apportioned to the school district in which a pupil who is enrolled in the charter school resides, the school district in which the pupil resides shall pay the difference directly to the charter school.

3. The apportionment to a charter school that is sponsored by the State Board ~~[,]~~ ***or a college or university within the Nevada System of Higher Education,*** computed on a yearly basis, is equal to the sum of the basic support per pupil in the county in which the pupil resides plus the amount of local funds available per pupil pursuant to NRS 387.1235 and all other funds available for public schools in the county in which the pupil resides, minus all funds attributable to pupils who are enrolled in the charter school but are concurrently enrolled part time in a program of distance education provided by a school district or another charter school.

4. In addition to the apportionments made pursuant to this section, an apportionment must be made to a school district or charter school that provides a program of distance education for each pupil who is enrolled part time in the program if an agreement is filed for that pupil pursuant to NRS 388.854 or 388.858, as applicable. The amount of the apportionment must be equal to the percentage of the total time services are provided to the pupil through the program of distance education per school day in proportion to the total time services are provided during a school day to pupils who are counted pursuant to subparagraph (2) of paragraph (a) of subsection 1 of NRS 387.1233 for the school district in which the pupil resides.

5. The governing body of a charter school may submit a written request to the Superintendent of Public Instruction to receive, in the first year of operation of the charter school, an apportionment 30 days before the apportionment is required to be made pursuant to subsection 1. Upon receipt of such a request, the Superintendent of Public Instruction may make the apportionment 30 days before the apportionment is required to be made. A charter school may receive all four apportionments in advance in its first year of operation.

6. The Superintendent of Public Instruction shall apportion, on or before August 1 of each year, the money designated as the "Nutrition State Match" pursuant to NRS 387.105 to those school districts that participate in the National School Lunch Program, 42 U.S.C. §§ 1751 et seq. The apportionment to a school district must be directly related to the district's reimbursements for the Program as compared with the total amount of reimbursements for all school districts in this State that participate in the Program.

7. If the State Controller finds that such an action is needed to maintain the balance in the State General Fund at a level sufficient to pay the other appropriations from it, he may pay out the apportionments monthly, each approximately one-twelfth of the yearly apportionment less any amount set aside as a reserve. If such action is needed, the State Controller shall submit a report to the Department of Administration and the Fiscal Analysis Division of the Legislative Counsel Bureau documenting reasons for the action.

Conference Amendment No. CA22.

AN ACT relating to public health; authorizing the Department of Health and Human Services to administer certain programs to assist certain persons with costs relating to health care and pharmaceutical services; revising the percentages of and the manner of allocating money in the Fund for a Healthy Nevada for certain programs; revising provisions governing the subsidies from the Fund for the cost of prescription drugs, pharmaceutical services and certain other benefits; revising the membership and duties of the Grants Management Advisory Committee; repealing the Task Force for the Fund for a Healthy Nevada; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under federal law, states may provide subsidies, prescription drugs and other assistance to persons with the human immunodeficiency virus or acquired immunodeficiency syndrome. (42 U.S.C. §§ 300ff-21 et seq.) Section 1 of this bill authorizes the Department of Health and Human Services to participate in the federal program and to administer the program in conjunction with other programs already administered by the Department.

Under existing law, the Task Force for the Fund for a Healthy Nevada makes allocations, or reserves for allocation or expenditure by the Department or the Aging Services Division of the Department, certain percentages of money in the Fund for a Healthy Nevada for certain programs and services. (NRS 439.630) Section 4 of this bill eliminates the role of the Task Force in making allocations of money from the Fund and requires the Department to make such allocations itself. **Section 4 also revises the amount of money prescribed for programs that prevent, reduce or treat the use of tobacco, for programs that improve the health and well-being of persons with disabilities and to subsidize certain costs of providing prescription drugs and pharmaceutical services to persons with disabilities.**

Existing law establishes a program to provide subsidies for senior citizens and persons with disabilities for the cost of prescription drugs and pharmaceutical services and, for senior citizens, other benefits, including, without limitation, dental and vision benefits. (NRS 439.635-439.690, 439.705-439.795) Sections 4 and 5 of this bill specifically add, to the extent money is available, hearing aids and other hearing devices to the list of benefits available for both senior citizens and persons with disabilities pursuant to these programs. Sections 4 and 6 also make persons with disabilities eligible for the same additional benefits for which senior citizens are currently eligible under existing law, including, without limitation, dental

and vision benefits. This bill also allows certain veterans to receive such benefits if they qualify as a senior citizen or person with a disability.

The Grants Management Advisory Committee provides assistance to the Department in the allocation and administration of certain grants administered by the Department. (NRS 232.383, 232.385) Section 9 of this bill increases the membership of the Advisory Committee.

Section 11 of this bill repeals the Task Force for the Fund for a Healthy Nevada.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 439 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The Department may, to the extent that money is available, administer a program pursuant to 42 U.S.C. §§ 300ff-21 et seq. to provide therapeutics to treat certain persons who have been diagnosed with the human immunodeficiency virus or acquired immunodeficiency syndrome and to prevent the serious deterioration of the health of such persons. The program may include the provision of subsidies and pharmaceutical services.

2. The Director shall:

(a) Establish the criteria for eligibility for participation in the program administered pursuant to this section, which must be in accordance with the provisions of 42 U.S.C. §§ 300ff-21 et seq.; and

(b) Prescribe the manner in which the program will be administered and services will be provided.

3. The Department may use any other program administered by the Department to facilitate the provision of subsidies and services pursuant to this section, including, without limitation, the provision of subsidies for pharmaceutical services to persons with disabilities pursuant to NRS 439.705 to 439.795, inclusive. If the Department uses another program to facilitate the provision of subsidies and services pursuant to this section, the Department shall not commingle the money available to carry out the provisions of this section and the money available to carry out the other program.

4. Money available to carry out the provisions of this section must be accounted for separately by the Department.

Sec. 2. NRS 439.600 is hereby amended to read as follows:

439.600 1. The Legislature hereby declares that its priorities in expending the proceeds to the State of Nevada from settlement agreements with and civil actions against manufacturers of tobacco products are:

(a) To increase the number of Nevada students who attend and graduate from Nevada institutions of higher education; and

(b) To assist Nevada residents in obtaining and maintaining good health.

2. To further these priorities, the Legislature hereby declares that it is in the best interest of the residents of this State that all money received by the State of Nevada pursuant to any settlement entered into by the State of Nevada and a manufacturer of tobacco products and all money recovered by the State of Nevada from a judgment in a civil action against a manufacturer of tobacco products be dedicated solely toward the achievement of the following goals:

(a) Increasing the number of Nevada residents who enroll in and attend a university, college or community college in the State of Nevada;

(b) Reducing and preventing the use of tobacco products, alcohol and illegal drugs, especially by children;

(c) Expanding the availability of health insurance and health care for children and adults in this State, especially for children and for adults with disabilities;

(d) Assisting senior citizens ***and persons with disabilities*** who have modest incomes in purchasing prescription drugs, pharmaceutical services and, to the extent money is available, other services, including, without limitation, dental and vision services ***, and hearing aids or other devices that enhance the ability to hear,*** and assisting those senior citizens ***and persons with disabilities*** in meeting their needs related to health care, home care, respite care and their ability to live independent of institutional care; and

Madam Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Minister Bruce Henderson.

From Proverbs 30, in the contemporary English version: "I am completely worn out. How can I last?" Father, they tell me that it's anyone's guess as to when we'll be through here. But, Lord, You know. Please give us peace, unity, resolve, and diligence until that time comes. And, after we leave this place, I pray for the health, safety, peace, faith, and love of each member until next we meet. I pray in the Name of the One who promises an eternal revival, homecoming, and reunion.

AMEN.

Pledge of allegiance to the Flag.

GENERAL FILE AND THIRD READING

Assembly Bill No. 628.

Bill read third time.

Remarks by Assemblyman Arberry.

Assemblyman Arberry requested that his remarks be entered in the Journal.

The General Appropriations Act, the General Authorizations Act, the salary bill, the school funding bill, and the capital improvement bill are the final result of long deliberations by the Assembly Committee on Ways and Means and the Senate Committee on Finance. The General Appropriations Act and other appropriations bills considered throughout the session delineate the amount of the General Fund support approved by the money committees for the operation of Nevada State Government for the 2007-09 biennium. The General Fund appropriations included in the General Appropriations Act total $2,080,276,347 in Fiscal Year (FY) 2008 and $2,227,349,682 in FY 2009, and the Highway Fund appropriations total $118,232,260 in FY 2008 and $127,054,843 in FY 2009.

The money committees approved $36.1 million in General Fund support for the Office of the Attorney General for the 2007-09 biennium. This includes $24.1 million to support the Attorney General Administrative account and the addition of 11 new positions. Nearly $4 million was appropriated to restore the reserve balance in the Attorney General Tort Claim Fund.

Additionally, $2.25 million was approved for the Special Fund account to continue legal activities in opposing the location of a federal nuclear waste repository at Yucca Mountain.

In closing the Judicial Branch budgets, the money committees approved General Fund support totaling $46.5 million for the 2007-09 biennium. The funding provides for additional staff attorneys and paralegals to assist in addressing caseload issues. Funding of $1.6 million was approved for information technology enhancements for the Supreme Court, including enhancements for the E-Filing program and a new web-based case management system. The money committees approved a significant expansion in the availability of specialty courts, to be funded with $11.5 million in administrative assessment revenue rather than state General Fund, as requested by the Judicial Branch.

The money committees approved $60.8 million in General Fund support for the Department of Taxation over the 2007-09 biennium. The funding includes $6.9 million for the long-term production support of the Unified Tax System that is anticipated to be completed by the end of FY 2007; six new positions for the expansion of the department's information technology division; and four new positions for the Division of Assessment Standards.

Funding for public schools was considered separately in Assembly Bill 627, the school funding bill, which contains funding for basic support, class-size reduction, teacher training and incentives, early childhood education, educational technology, career and technical education, and other programs.

In closing the Department of Education budgets, the money committees approved General Fund support in the amount of $22.6 million for the 2007-09 biennium. Of this amount, $10.3 million is for the continuation of the statewide testing program. Funding for the Grants Writer position, which had been scheduled to sunset at the end of the current year, was continued, and a new state-funded Gifted and Talented Coordinator was approved.

In closing the budgets of the Nevada System of Higher Education, the money committees approved General Fund support, excluding funding for cost-of-living increases, totaling $1.28 billion for the 2007-09 biennium.

Enrollment growth has slowed significantly at the Nevada System of Higher Education. System-wide, actual FTE enrollments grew by 2.0 percent in FY 2006 and by less than 1.0 percent in FY 2007. The actual enrollments were substantially lower than the budgeted enrollment growth of 5.5 and 5.6 percent, respectively. The Governor's budget anticipated that student enrollments system-wide would reach 67,559 by the end of FY 2009. Based on updated enrollment data, the money committees revised projected enrollments downward to 63,738 in FY 2009.

The slowdown in enrollment growth placed a number of campuses into hold harmless positions where maintenance calculations yield lower funding than current service levels. Based on the revised enrollment levels, and using the 85.5 percent formula funding level recommended by the Governor, the money committees made adjustments that decreased formula funding and then proportionally redistributed $5.3 million in annual General Fund savings to the hold harmless campuses. Because of the severity of the slowdown in enrollment growth, a number of campuses remained in hold harmless positions after the committee's actions.

The money committees approved several enhancements to the Nevada System of Higher Education budgets, including $1.0 million for the biennium to study, research and understand Chronic Fatigue Syndrome; $300,000 per year to provide partial funding in support of administrative positions at the Desert Research Institute; and $599,346 for the biennium to recognize the increased costs associated with the transfer of the Nye County service area from CCSN to Great Basin College.

To address budget reduction targets, the money committees did not approve a number of the Governor's recommended budget enhancements including workforce development grants, a groundwater study, P-21 Council staff, undergraduate exchange funding, and support for the Nevada Scholars scholarship and mentoring program.

The money committees approved a total of $29.7 million in General Funds over the 2007-09 biennium to support the department's library and museum operations statewide. The funding approved includes $9.14 million for the Nevada State Library, which provides for increased funding for rural county bookmobiles and $1.2 million to be distributed to libraries throughout the state to enhance collections and development. General Funds totaling $2.72 million over the

2007-09 biennium were approved for the new museum at the Las Vegas Springs Preserve site, which includes $556,397 for 12.51 new positions and associated operating costs.

In closing the budgets for the Division of Insurance, the money committees approved General Funds totaling approximately $459,000 over the biennium for the continuation of two positions added during FY 2006 and the addition of two more positions in FY 2008 for the division's corporate and financial section. The committees approved the positions in an effort to maintain the division's accreditation with the National Association of Insurance Commissioners.

The money committees approved $2.5 million in General Funds for each fiscal year of the 2007-09 biennium for grants to the urban regional development authorities, and $995,000 per year for grants to rural regional development authorities.

In closing the budgets administered by the Health and Human Services Director's Office, the money committees approved General Funds totaling $200,000 each fiscal year to allow the Nevada 211 System to maintain its current hours of operation.

The money committees approved approximately $3.7 million over the 2007-09 biennium for caseload and inflationary increases for the Personal Assistance Services, Traumatic Brain Injury and Independent Living programs. The money committees also approved $100,000 in each fiscal year to allow the Positive Behavioral Support-Nevada program to expand its operations in southern Nevada.

The money committees approved General Funds totaling $1.2 million over the 2007-09 biennium to allow the state's Family Resource Centers to assist with child welfare cases that do not warrant investigative actions by child protective agencies so that those agencies are better able to respond to more severe cases. The department has termed this effort "Differential Response."

The money committees approved a total of $941.5 million in General Fund support and $2.1 billion in authorized revenue for the division over the 2007-09 biennium. The funding approved provides for caseload growth in the Medicaid program projected at approximately 164,000 average monthly recipients for FY 2008 and 167,000 average monthly recipients for FY 2009.

The funding approved provides for a fee-for-service rate increase for physician and other medical professionals effective August 2008, and mandatory inflation and rate increases for pharmacy, managed care and transportation services. The rate increase for physicians and other medical professionals is based on the most recent Medicare fee schedule and will go a long ways to improve patient access and to compensate general medical practitioners adequately.

The money committees approved six new initiatives designed to promote General Fund savings of approximately $3.82 million over the 2007-09 biennium. The initiatives include staffing enhancements for the Medicaid Estate Recovery and Surveillance and Utilization review units; adding a clinical claims editor software package to the MMIS system; initiating a voluntary managed care program for the aged, blind and disabled population; care management and regional care coordination for specialized high-risk and high-cost populations; and extending non-emergency dental benefits to pregnant women age 21 and older. The money committees also approved two new initiatives that expand Medicaid coverage and services. The first initiative provides long-term community-based residential habilitation and behavioral adult daycare services for Medicaid recipients over age 22 with a diagnosis of traumatic brain injury. The second initiative eliminates the unearned income limit for the Health Insurance for Work Advancement (HIWA) program. The unearned income limit is considered a barrier and is the primary reason enrollment in the HIWA program has never met expectations.

The money committees approved funding to allow enrollment in the Check-Up program to increase to approximately 30,300 children per month for FY 2008 and approximately 31,900 children per month for FY 2009. Additionally, although enrollment in the HIFA Medical program has started slower than hoped for, as the public's awareness grows, enrollment is anticipated to grow as well. In light of this, the money committees approved funding to provide medical coverage for approximately 2,400 pregnant women per month and coverage for Employees Subsidies Insurance for over 4,000 participants per month by the end of FY 2009. Finally, funding was approved for staffing and resources to strengthen the division's fiscal management and information technology infrastructure and to meet the more onerous quality-assurance requirements for Medicaid waivers imposed on states by the Centers for Medicare and Medicaid.

A total of $498 million in General Fund support was approved for the Division of Mental Health and Developmental Services over the 2007-09 biennium. The General Fund support, combined with other revenue sources, will fund existing and projected caseloads for the mentally ill and mentally retarded. The money committees approved appropriations totaling $18 million to continue expanded mental health court statewide, community triage centers in northern and southern Nevada, and residential placements and acute psychiatric inpatient beds in southern Nevada that were approved in Assembly Bill 175 by the 2005 Legislature.

At Southern Nevada Adult Mental Health Services, the money committees did not concur with the Governor's recommendation to reduce medication costs and restored appropriations of $4.9 million over the biennium for these services. The money committees also restored five positions that were recommended for elimination by the Governor in support of outpatient counseling and psychiatric ambulatory services.

At Northern Nevada Adult Mental Health Services, funding was approved to serve an additional 170 clients in medication clinics and 30 individuals in residential supports. In addition, appropriations totaling $382,445 were approved to establish a new Mobile Outreach program, similar to the Mobile Crisis program in southern Nevada, which will assist local law enforcement in service calls, suicidal persons and citizen welfare checks.

The money committees approved General Fund support of $8.7 million in the 2007-09 biennium to provide an array of services, including community placements and jobs and day training, to 518 additional clients at the Desert, Sierra and Rural Regional Centers. Funding was also approved to eliminate the remaining 20 beds at Sierra Regional Center and 6 beds at Desert Regional Center with the clients transitioning to community placements. The money committees also approved the establishment of crisis prevention intervention teams who will assist agency staff in preventing and responding to crisis episodes with both clients and service providers. The money committees also approved expansion of a pilot program initiated by the division during the current biennium that provides cash assistance for self-directed services to 52 families with children diagnosed with both mental retardation and autism spectrum disorders. Additional funding of $1.7 million in the 2007-09 biennium will provide monthly cash assistance to 54 more families for self-directed services, and increases the average monthly assistance to all families from $1,100 per month to $1,320 per month.

Lastly, the money committees approved the Governor's recommendation to appropriate a total of $14.1 million in the 2007-09 biennium to the Substance Abuse Prevention and Treatment Agency (formerly known as the Bureau of Alcohol and Drug Abuse) to support methamphetamine education programs, community substance abuse prevention and treatment program, and to establish a pilot program to serve 90 individuals with co-occurring substance abuse and mental illness disorders.

The money committees approved $49.3 million in General Fund support for the Health Division over the 2007-09 biennium. The funding includes $29.9 million for Early Intervention Services, which includes $1.4 million in new funding to address caseload issues. The money committees also approved General Fund of $766,039 for ongoing poison control call center services support, as well as $250,972 for ongoing funding for the Office of Minority Health. The AIDS Drug Assistance Program (ADAP) was approved for approximately $3.6 million over the biennium to fund HIV/AIDS medications. Childhood immunizations were approved for $1.8 million in General Fund support. The state support, combined with federal Title XXI funds, will meet the projected immunization needs for children for the upcoming biennium.

The money committees approved General Fund support in the amount of $145.2 million over the 2007-09 biennium for the Division of Welfare and Supportive Services.

General Funds totaling $49.2 million over the 2007-09 biennium were approved for the TANF budget, primarily to support projected caseloads. The money committees approved an increase in the cash assistance payment by 10 percent over the current level. The increase in the cash assistance payment is approximately $35 per month and increases the monthly payment for a family of three to $383. General Funds totaling $18.1 million over the 2005-07 biennium, combined with federal funds of $83.4 million, were approved to support childcare-related expenses for eligible clients.

In closing the budgets for the Division for Aging Services, the money committees approved approximately $83.9 million in total funding for the 2007-09 biennium, including

$21.7 million in General Fund support. The funding approved will support increased caseloads for the Community Home-Based Initiatives waiver, the waiver for Elderly in Adult Residential Care, and the new Assisted Living waiver. General Fund support totaling approximately $180,000 was approved to provide services to individuals who require assistance with bathing, toileting and feeding as part of the state-funded program to allow people to remain in their homes instead of being placed in a long-term care facility.

In addition, the money committees approved two new positions for infrastructure support and two new Social Work Supervisor positions to supervise Elder Rights Advocate positions that investigate complaints of abuse or neglect in long-term care facilities. The funding approved will also support the projected growth in the Senior Citizens' Property Tax Assistance program.

The money committees approved a total of $112.5 million in General Fund support over the 2007-09 biennium for child welfare services. A total of 56 new positions, 50 for Clark County and 6 for Washoe County, were approved to maintain the staff-to-client ratio for child welfare caseworkers, funded by both authorized revenues and General Fund. An additional 37 new positions were also approved to assist with foster care recruitment, retention and licensing, as well as to support other child welfare services. Funding was approved to support increased caseload projections for foster care, higher levels of care, emergency shelter, and adoption subsidies. Approximately $7.3 million in General Fund support was approved to increase the daily foster care rate paid by the state from $21.00 per day currently to $24.00 per day in FY 2008 and $28.00 per day in FY 2009, and to increase adoption subsidy payments.

General Funds and federal funds were approved for nine new positions to aid the division in implementing requirements of its federal Program Improvement Plan and Child Abuse Prevention and Treatment Act (CAPTA) corrective action plan. The money committees approved General Fund support of $50.9 million over the biennium to continue funding for the three juvenile detention facilities operated by the division in Elko, Caliente, and Las Vegas. General Funds for one new position to support the Interstate Compact on Juveniles and funding to support increased placement and treatment services for paroled youth in the amount of $1.2 million for the 2007-09 biennium were approved, but were recommended to be appropriated to the Interim Finance Committee for distribution if necessary during the biennium.

The committees approved General Fund support of $28.3 million over the 2007-09 biennium to continue to provide mental health services for Northern and Southern Nevada Child and Adolescent Services. Approximately $1.5 million was approved to implement a mobile crisis team for children's mental health, consisting of contract mental health professionals who would be available seven days per week to respond to mental health crises. Funding for five new positions was also approved to convert one unit of the Desert Willow Treatment Center into a unit specializing in the treatment of co-occurring diagnoses (severe emotional disturbances and substance abuse) to address an unmet need for these services in the state.

In closing the Department of Corrections' budgets, the money committees approved General Fund support totaling $538.8 million for the 2007-09 biennium. The funding approved will provide for housing an average of 12,753 inmates in FY 2007-08 and 13,383 inmates in FY 2008-09. In response to legislation addressing good time and program credits eligible to be earned by offenders, the money committees approved deleting funding of $6.3 million from the department's budget and appropriating those funds to the Interim Finance Committee. This appropriation would be available for allocation to the department for inmate-driven costs, for the Division of Parole and Probation for additional staffing to supervise probationers and parolees, for the Board of Parole Commissioners for conducting inmate hearings, and for treatment programs for offenders.

The money committees approved 314 new positions for staffing expanded facilities within the department. The expanded facilities include the addition of 2,572 new beds, which will allow for a reduction of 645 beds operated above emergency capacity and the conversion of 840 medium-custody beds to close custody. General Funds of $1.6 million were approved to continue re-entry services to inmates and to continue a 172-bed substance abuse treatment program for inmates, both previously supported with federal funds that have been significantly reduced. Approved funding will also provide for the addition of six positions to support the department's new information technology system and three positions to implement the provisions of the federal Prison Rape Elimination Act.

In closing the budgets of the Department of Public Safety, the money committees approved approximately $118.8 million in General Funds and $137.0 million in Highway Funds over the 2007-09 biennium. Of the total appropriation from the Highway Fund, the money committees approved $133 million for the operations of the Highway Patrol, which includes approximately $11.0 million over the 2007-09 biennium to fund 76 new positions, including 67 sworn positions to increase highway enforcement throughout the state. The money committees also approved additional General Funds of approximately $1.0 million over the biennium, with offsetting decreases in Highway Funds to reflect the efforts of the Training Division in providing basic academy training to parole and probation versus Highway Patrol cadets.

The money committees approved approximately $98.6 million in total funding for the 2007-09 biennium, including $88.9 million in General Fund support for the Division of Parole and Probation. This funding will support 55 new positions for projected growth in caseloads over the 2007-09 biennium, including 15 positions for the southern command that were not originally recommended by the Governor.

The money committees approved a total of $3.1 million in General Funds over the 2007-09 biennium for Narcotics Control to add 10 new sworn officers to augment existing narcotics task forces in Ely, Elko, Fallon, Winnemucca, Mesquite, Douglas County, and Lyon County. Four of the sworn officers will provide narcotics investigative support to other counties in Nevada that are not currently supported by a task force, including Esmeralda, Lincoln, Mineral, Nye and Storey Counties.

The money committees approved the transfer of the Office of Homeland Security from the Department of Public Safety to the Governor's Office. In addition, the money committees approved funding the Office of Homeland Security with General Funds of approximately $425,000 in FY 2008 and $440,000 in FY 2009, as federal funding is no longer available. General Funds to support a state fusion center are included as an appropriation to the Interim Finance Committee and can be accessed upon the presentation and the approval of an agreed-to plan by the state and local law enforcement agencies.

The money committees approved Highway Fund appropriations in the amount of approximately $51.3 million in FY 2008 and $52.3 million in FY 2009 to support the operations of the department. The funding levels approved are under the 22 percent cap required by statute.

Approximately $5.2 million was approved over the 2007-09 biennium to continue the use of kiosks in DMV field offices. The money committees also approved funding of approximately $264,000 in FY 2009 for six additional positions for the Sahara office in Las Vegas and placed the funding in reserve, with direction that the agency approach IFC to add those positions at such time as wait times exceed 60 minutes. Furthermore, the money committees approved $536,117 over the 2007-09 biennium for a new express field office in North Las Vegas.

For the Department of Conservation and Natural Resources, including the Tahoe Regional Planning Agency, the money committees approved General Fund appropriations totaling $66.6 million over the 2007-09 biennium. A total of $2.4 million in General Fund support was approved to support various deferred maintenance projects throughout the state, including $2.0 million at State Parks. The money committees also approved increasing General Fund appropriations from $1.0 million annually to $2.5 million annually in response to the increasing costs of fire suppression efforts statewide.

The money committees approved General Fund appropriations totaling $2.7 million over the 2007-09 biennium. The General Fund support approved will reimburse the department for the difference between full-value and reduced-value licenses sold to youth, seniors, disabled citizens and Native Americans and provide for two Biologist positions for the wildlife diversity program.

The money committees approved $6.2 million in General Fund support over the 2007-09 biennium for the Commissioner for Veterans' Affairs and the southern Nevada Veterans' Home budget accounts. A new three-position Trinity Team was approved, which will be located in Elko and will provide assistance to the Veterans' population in rural Nevada in applying for federal Veterans' pensions and benefits. Additionally, five new positions were approved for the Veterans' Home, which is projected to be near its 180-bed capacity in the next biennium. The approved funding also provides for the continued operation of the Veterans' cemeteries located in Boulder City and Fernley and for a two-grade salary increase for all nursing positions at the Veterans' Home.

The money committees approved funding of $500,000 in FY 2007-08 and $1.2 million in FY 2008-09 for implementation of a new Project ChalleNGe program. Project ChalleNGe is a National Guard program that includes three components: education, a five-month residential phase, and a one-year post-residential phase. One of the goals of the program is for students to obtain a General Education Diploma (GED). It is anticipated that the location of the program will be at Nellis Air Force Base in Las Vegas and the first class will begin the program in July 2008.

(NRS 381.004) Section 1 of this bill establishes the Nevada Veterans' Museum as an institution of the Division.

Under existing law, certain abandoned property held by certain businesses and governmental entities must be turned over to the State Treasurer in his capacity as the Administrator of Unclaimed Property. (Chapter 120A of

Sec. 2.2. **Chapter 396 of NRS is hereby amended by adding thereto a new section to read as follows:**

Legislative Counsel's Digest:

Assembly Bill No. 7 of this session superseded by statute the holding of the Nevada Supreme Court in *Nevada Power Company v. Public Utilities Commission of Nevada*, 122 Nev. Adv. Op. 72 (2006), and established as the public policy of this State that in proceedings involving deferred energy accounting by a public utility, there is no presumption that the public utility's practices and transactions were reasonable or prudent and the public utility has the burden of proving reasonableness and prudence in such proceedings. (Chapter 163, Statutes of Nevada 2007) Section 1 of this bill provides that in amending NRS 704.110 and 704.187 to allow for quarterly rate adjustments and annual deferred energy

accounting adjustment applications by certain electric utilities, this bill is not intended to repeal the provisions of Assembly Bill No. 7 either expressly or by implication.

Under the Solar Energy Systems Demonstration Program Act, certain entities, such as schools and public agencies, which install solar energy systems are entitled to participate in a demonstration program and receive incentives for such participation. (Chapter 331, Statutes of Nevada 2003, p. 1868) The Solar Energy Systems Demonstration Program Act expires by limitation on June 30, 2010. (Chapter 2, Statutes of Nevada 2005, 22nd Special Session, p. 90)

Sections ~~[1-29]~~ **1.5-29, 108** and 112 of this bill replace the Solar Energy Systems Demonstration Program Act with a new chapter of NRS which provides for the Solar Energy Systems Incentive Program. The Solar Energy Systems Incentive Program provides incentives to certain participants and utilities for energy created from various solar energy systems.

Section 30 of this bill provides for the Renewable Energy School Pilot Program. The goal of the Program is to encourage the development of and determine the feasibility for renewable energy systems on public school properties.

Sections 62-86 of this bill enact the Wind Energy Systems Demonstration Program Act. The Wind Energy Systems Demonstration Program Act provides incentives to certain participants and utilities for energy created from various wind energy systems. Under this bill, the Wind Energy Systems Demonstration Program Act expires by limitation on June 30, 2011.

Sections 87-106 of this bill enact the Waterpower Energy Systems Demonstration Program Act. The Waterpower Energy Systems Demonstration Program Act provides incentives to certain participants and utilities for energy created from various waterpower energy systems. Under this bill, the Waterpower Energy Systems Demonstration Program Act expires by limitation on June 30, 2011.

Existing law provides various requirements relating to the sale of residential property. (NRS 113.100-113.150, 645.230-645.321) Sections 31 ~~[, 33-35]~~ and 50 of this bill: (1) establish a new program for evaluating the energy consumption of residential property; ~~[(2) allocate a portion of the unspent money in the Fund for Energy Assistance and Conservation for a program of improving energy conservation and energy efficiency in residential property; and (3)]~~ **and (2)** require certain residential properties for sale to be evaluated based on energy consumption and require that such evaluations and ratings be provided to purchasers of those properties.

Existing law contains legislative findings concerning energy conservation and energy requirements. (NRS 701.010) Sections 32 and 38 of this bill accomplish two things. First, they revise those findings in relation to public utilities. Second, they require the creation of various methods and programs which will remove financial disincentives that discourage energy conservation by various public utilities that purchase natural gas for resale.

Existing law allows for quarterly rate adjustments for a public utility which purchases natural gas for resale. (NRS 704.110) Sections 36, 37, 39-43 and 51 of this bill require certain electric utilities to ~~[also make such]~~ **make** quarterly rate adjustments ~~[.]~~ **and to file annual deferred energy accounting adjustment applications.**

~~[Existing law provides for requirements relating to electric utilities and net metering systems. (NRS 704.766-704.775) Existing law also provides for requirements relating to the construction of utility facilities and environmental conservation as cited in the Utility Environmental Protection Act. (NRS 704.820-704.900) Sections 44-46 and 49 of this bill make various changes relating to the definition of "net metering system," offers of net metering to customer-generators, calculations relating to net energy measurements as regards net metering systems, and the definition of "utility facility" as it relates to the construction of utility facilities and environmental conservation.]~~

Existing law requires certain electric utilities to develop long-term resource plans. (NRS 704.741-704.751) Section 43.5 of this bill requires such utilities to include in their long-term resource plans an energy efficiency program for residential customers which reduces the consumption of electricity or any fossil fuel.

Existing law requires certain persons or entities that sell electricity to retail customers to generate, acquire or save various amounts of electricity through renewable energy systems or efficiency measures. (NRS 704.7801-704.7828) Sections 47 and 48 of this bill change the definition of "energy efficiency measure" and the amount of electricity required to be generated, acquired or saved from solar renewable energy systems.

Existing law authorizes the Commission on Economic Development to approve partial abatements of certain taxes imposed on new or expanded businesses, including businesses that use renewable energy or recycled material to generate electricity. (NRS 360.750, 361.0685, 361.0687, 374.357) Sections 51.3, 51.7 and 112.5 of this bill require a business that receives such a partial abatement to: (1) allow the Department of Taxation to conduct audits of the business to determine whether it is in compliance with the requirements for the partial abatement; and (2) consent to the disclosure of the audit reports to the Commission on Economic Development and to the public with certain limited exceptions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **The Legislature hereby finds and declares that:**

1. Assembly Bill No. 7 of this session was enacted into law as chapter 163, Statutes of Nevada 2007, and became effective upon passage and approval on May 29, 2007.

2. Assembly Bill No. 7 established as the public policy of this State that in proceedings involving deferred energy accounting where a public utility seeks to recover from its ratepayers costs recorded in its deferred accounts pursuant to NRS 704.185 or 704.187, it is just and reasonable to require a public utility to prove that the costs recorded in its deferred accounts were incurred prudently. Therefore, to ensure that ratepayers do not pay for costs incurred as a result of any practices or transactions that were undertaken, managed or performed imprudently, the public utility should have the burden of proving that its practices and transactions were reasonable and prudent.

3. In *Nevada Power Company v. Public Utilities Commission of Nevada*, 122 Nev. Adv. Op. 72 (2006), the Nevada Supreme Court held that, in the absence of a statute to the contrary, the controlling procedure in proceedings involving deferred energy accounting is the rebuttable presumption of prudence adopted by the Public Utilities Commission of Nevada in the 1986 rate case of *Re Nevada Power Company*, 74 Pub. Util. Rep. 4th 703 (Nev. Pub. Serv. Comm'n May 30, 1986).

4. Assembly Bill No. 7 was enacted to supersede the holding of the Nevada Supreme Court in *Nevada Power Company v. Public Utilities Commission of Nevada*, 122 Nev. Adv. Op. 72 (2006), to the extent that the Court determined that the rebuttable presumption of prudence is the controlling procedure in proceedings involving deferred energy accounting.

5. With regard to electric utilities that engage in deferred energy accounting, the provisions of this act amend NRS 704.110 and 704.187 to provide for quarterly rate adjustments and annual deferred energy accounting adjustment applications by such electric utilities. In amending NRS 704.110 and 704.187, the Legislature does not intend to repeal either expressly or by implication the provisions of Assembly Bill No. 7 which supersede the holding of the Nevada Supreme Court in *Nevada Power Company v. Public Utilities Commission of Nevada*, 122 Nev. Adv. Op. 72 (2006). Therefore, to effectuate the public policy of this State as enacted by Assembly Bill No. 7:

(a) For proceedings involving annual deferred energy accounting adjustment applications, the provisions of this act expressly provide that there is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application, and the electric utility has the burden of proving reasonableness and prudence in such proceedings.

(b) For all other proceedings involving deferred energy accounting, the provisions of this act do not repeal the provisions of Assembly Bill No. 7 either expressly or by implication and those proceedings remain

subject to the provisions of Assembly Bill No. 7, notwithstanding the provisions of this act amending NRS 704.110 and 704.187.

(b) A master application containing all the applications recommended by the utility.

3. At any time after submitting an application to a utility, an applicant may install or energize his solar energy system if the solar energy system meets all applicable building codes and all applicable requirements of the utility as approved by the Commission. An applicant who installs or energizes his solar energy system under such circumstances remains eligible to participate in the Solar Program, and the installation or energizing of the solar energy system does not alter the applicant's status on the list of participants or the prioritized waiting list pursuant to section 25 of this act.

Sec. 25. ***1. Except as otherwise provided in ~~[subsection 2,]~~ this section, the Commission may approve, for a program year, solar energy systems:***

(c) Totaling 1,000 kilowatts of capacity for private residential property and small business property.

2. If the capacity allocated to any category for a program year is not fully subscribed by participants in that category, the Commission may, in any combination it deems appropriate:

(a) Allow a utility to submit additional applications to the Task Force from applicants who want to participate in that category; or

(b) Reallocate any of the unused capacity in that category to any of the other categories,

➥ but in no case may the sum of the allocated total capacities of all the categories be greater than ~~[2,760]~~ 3,760 kilowatts, which is the sum of the approvable total capacities of all the categories as described in subsection 1.

3. To promote the installation of solar energy systems on as many school properties as possible, the Commission may not approve for use in the Solar Program a solar energy system having a generating capacity of more than 50 kilowatts if the solar energy system is or will be installed on school property on or after July 1, 2007, unless the Commission determines that approval of a solar energy system with a greater generating capacity is more practicable for a particular school property.

4. After reviewing the master application submitted by a utility pursuant to section 24 of this act [, to ensure] and ensuring that each applicant meets the qualifications and requirements to be eligible to participate in the Solar Program, the [Commission] Task Force shall:

(a) Within the limits of the capacity allocated to each category, select applicants to be participants in the Solar Program and place those applicants on a list of participants; and

(b) Select applicants to be placed on a prioritized waiting list to become participants in the Solar Program if any capacity within a category becomes available.

Not later than 30 days after the date on which the [Commission] Task Force selects an applicant to be on the list of participants or the prioritized waiting list, the utility which submitted the application to the [Commission] Task Force on behalf of the applicant shall provide written notice of the selection to the applicant.

[5.] 6. After the [Commission] Task Force selects an applicant to be on the list of participants, the utility which submitted the application to the [Commission] Task Force on behalf of the applicant may approve the solar energy system proposed by the applicant. Except as otherwise provided in subsection 3 of section 24 of this act, immediately upon the utility's approval of the solar energy system, the applicant may install and energize the solar energy system.

(d) ***The State and the public have an interest in encouraging public utilities to promote and take actions toward energy conservation.***

(e) Planning for energy conservation and future energy requirements should include consideration of state, regional and local plans for land use, urban expansion, transportation systems, environmental protection and economic development.

~~[(e)]~~ ***(f)*** Government and private enterprise need to accelerate research and development of sources of renewable energy and to improve technology related to the research and development of existing sources of energy.

~~[(f)]~~ ***(g)*** While government and private enterprise are seeking to accelerate research and development of sources of renewable energy, they must also prepare for and respond to the advent of competition within the electrical energy industry and are, therefore, encouraged to maximize the use of indigenous energy resources to the extent competitively and economically feasible.

~~[(g)]~~ ***(h)*** Prevention of delays and interruptions in providing energy, protecting environmental values and conserving energy require expanded authority and capability within State Government.

2. It is the policy of this State to encourage participation with all levels of government and private enterprise in cooperative state, regional and national programs to assure adequate supplies of energy resources and markets for such energy resources.

3. It is the policy of this State to assign the responsibility for managing and conserving energy and its sources to agencies whose other programs are similar, to avoid duplication of effort in developing policies and programs for energy.

(a) Procedures for a public utility which purchases natural gas for resale to have a mechanism established during a general rate application filed pursuant to NRS 704.110 to ensure that the costs of the public utility for providing service are recovered without regard to the difference in the quantity of natural gas actually sold by the public utility by taking into account the adjusted and annualized quantity of natural gas sold during a test year and the growth in the number of customers of the public utility;

(b) Procedures for a public utility which purchases natural gas for resale to apply to the Commission for approval of an activity relating to increasing energy efficiency or energy conservation; and

(c) Procedures for a public utility which purchases natural gas for resale to apply to the Commission for the recovery of costs associated with an activity approved by the Commission pursuant to paragraph (b).

2. In addition to the case-specific consumer sessions required by subsection 1, the Commission shall, during each calendar year, conduct at least one general consumer session in the county with the largest population in this State and at least one general consumer session in the county with the second largest population in this State. Sec. 42. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 and 704.68904 to 704.68984, inclusive, or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an ***annual deferred energy accounting adjustment*** application ***,*** ~~[to clear its deferred accounts,]~~ the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in subsections 3 and ~~[13,]~~ ***12,*** if a public utility files with the Commission an application to make changes in any schedule, the Commission shall issue a written order approving or disapproving, in whole or in part, the proposed changes:

(a) For a public utility that is a PAR carrier, not later than 180 days after the date on which the application is filed; and

(b) For all other public utilities, not later than 210 days after the date on which the application is filed.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall

consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this chapter. An electric utility shall file a general rate application pursuant to this subsection at least once every 24 ~~*[36]*~~ months based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application on or before October 3, 2005, ~~*[December 3, 2007,]*~~ and at least once every 24 ~~*[36]*~~ months thereafter.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application on or before November 15, 2006, ~~*[December 3, 2008,]*~~ and at least once every 24 ~~*[36]*~~ months thereafter.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility which purchases natural gas for resale ~~*[for an electric utility]*~~ may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement in addition to the statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit the public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7 ***, a quarterly rate adjustment pursuant to subsection 8 or 9, any information relating to deferred accounting requirements pursuant to NRS 704.185*** or an ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts pursuant to subsection 9,]~~ ***pursuant to NRS 704.187,*** if the public utility is otherwise authorized ***to so file*** by those provisions ***.*** ~~[to file such an application.]~~

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility ~~[using deferred accounting pursuant to NRS 704.187;]~~ ***which is required to adjust its rates on a quarterly basis pursuant to subsection 9;*** or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. If the Commission approves such a request:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment between annual rate adjustment applications. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's

regular monthly bill. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the public utility files its written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of natural gas included in each quarterly rate adjustment and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

9. ~~[Except as otherwise provided in subsection 10 and subsection 5 of NRS 704.100, if an electric utility using deferred accounting pursuant to NRS 704.187 files an application to clear its deferred accounts and to change one or more of its rates based upon changes in the costs for purchased fuel or purchased power, the Commission, after a public hearing and by an appropriate order:~~

~~(a) Shall allow the electric utility to clear its deferred accounts by refunding any credit balance or recovering any debit balance over a period not to exceed 3 years, as determined by the Commission.~~

~~(b) Shall not allow the electric utility to recover any debit balance, or portion thereof, in an amount that would result in a rate of return during the period of recovery that exceeds the rate of return authorized by the Commission in the most recently completed rate proceeding for the electric utility.~~

~~10. Before allowing an electric utility to clear its deferred accounts pursuant to subsection 9, the Commission shall determine whether the costs for purchased fuel and purchased power that the electric utility recorded in its deferred accounts are recoverable and whether the revenues that the electric utility collected from customers in this State for purchased fuel and purchased power are properly recorded and credited in its deferred accounts. The Commission shall not allow the electric utility to recover any costs for purchased fuel and purchased power that were the result of any practice or transaction that was undertaken, managed or performed imprudently by the electric utility. There is no presumption that any practice or transaction was undertaken, managed or performed prudently by an electric utility applying to the Commission to clear its deferred accounts or to recover costs for purchased fuel and purchased power, and the electric utility has the burden of proving that the practices and transactions of the electric utility were reasonable and prudent.~~

~~11.~~] ***An electric utility shall adjust its rates on a quarterly basis based on changes in the public utility's recorded costs of purchased fuel or purchased power in the following manner:***

(a) An electric utility shall file written notice with the Commission on or before August 15, 2007, and every quarter thereafter of the quarterly rate adjustment to be made by the electric utility for the following quarter. The first quarterly rate adjustment by the electric utility will take effect on October 1, 2007, and each subsequent quarterly rate adjustment will take effect every quarter thereafter. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) Each electric utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill. The electric utility shall begin providing such written notice to its customers not later than 30 days after the date on which the electric utility files a written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the electric utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) An electric utility shall file an annual deferred energy accounting adjustment application pursuant to NRS 704.187 with the Commission. The annual deferred energy accounting adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual deferred energy accounting adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of purchased fuel and purchased power included in each quarterly rate adjustment and the annual deferred energy accounting adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application, and the electric utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the electric utility to recover any recorded costs of purchased fuel and purchased power which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the electric utility, and the Commission shall order the electric utility to adjust its rates if the Commission determines that any recorded costs of purchased fuel and purchased power included in any quarterly rate adjustment or the annual deferred energy accounting adjustment application were not reasonable or prudent.

10. If an electric utility files an ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts]~~ pursuant to subsection 9 ***and NRS 704.187*** while a general rate application is pending, the electric utility shall:

(a) Submit with its ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts]~~ information relating to the cost of service and rate design; and

~~[13.]~~ ***12.*** A PAR carrier may, in accordance with this section and NRS 704.100, file with the Commission a request to approve or change any schedule to provide volume or duration discounts to rates for telecommunication service for an offering made to all or any class of business customers. The request and schedule shall be deemed approved if the request and schedule are not disapproved by the Commission within 60 days after the date the Commission receives the request.

2. The Commission shall, by regulation, prescribe the contents of such a plan including, but not limited to, the methods or formulas which are used by the utility to:

(a) Forecast the future demands; and

(b) Determine the best combination of sources of supply to meet the demands or the best method to reduce them.

3. The Commission shall require the utility to include in its plan an energy efficiency program for residential customers which reduces the consumption of electricity or any fossil fuel. The energy efficiency program must include, without limitation, the use of new solar thermal energy sources.

Sec. 44. ~~[NRS 704.771 is hereby amended to read as follows:~~

~~2. If the net metering system of a customer-generator who accepts the offer of a utility for net metering has a capacity of not more than [30] *100* kilowatts, the utility:~~

~~(a) Shall offer to make available to the customer-generator an energy meter that is capable of registering the flow of electricity in two directions.~~

~~(b) May, at its own expense and with the written consent of the customer-generator, install one or more additional meters to monitor the flow of electricity in each direction.~~

~~(c) Shall not charge a customer-generator any fee or charge that would increase the customer-generator's minimum monthly charge to an amount greater than that of other customers of the utility in the same rate class as the customer-generator.~~

~~3. If the net metering system of a customer-generator who accepts the offer of a utility for net metering has a capacity of more than [30] *100* kilowatts, the utility may:~~

~~2.~~ ~~[If a customer-generator's net metering system has a capacity of not more than 30 kilowatts, the]~~ ~~*The* net energy measurement must be calculated in the following manner:~~

~~(a) The utility shall measure, in kilowatt hours, the net electricity produced or consumed during the billing period, in accordance with normal metering practices.~~

~~(b) If the electricity supplied by the utility exceeds the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net electricity supplied by the utility.~~

~~(c) If the electricity generated by the customer-generator which is fed back to the utility exceeds the electricity supplied by the utility during the billing period:~~

~~(1) Neither the utility nor the customer-generator is entitled to compensation for electricity provided to the other during the billing period.~~

~~(2) The excess electricity which is fed back to the utility during the billing period is carried forward to the next billing period as an addition to the kilowatt hours generated by the customer-generator in that billing period. If the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time of use period as the time of use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time of use periods.~~

~~(3) Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if:~~

~~(I) The net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities;~~

~~(II) The customer-generator ceases to be a customer of the utility at the premises served by the net metering system; or~~

~~(III) The customer-generator transfers the net metering system to another person.~~

~~3. If a customer-generator's net metering system has a capacity of more than 30 kilowatts, the net energy measurement must be calculated in the following manner:~~

~~(a) The utility shall:~~

~~(1) Measure, in kilowatt hours, the amount of electricity supplied by the utility to the customer-generator during the billing period and calculate its value using the tariff that would be applicable if the customer-generator did not use a net metering system; and~~

~~(2) Measure, in kilowatt hours, the amount of electricity generated by the customer-generator which is fed back to the utility during the billing period and calculate its value at a rate that is consistent with the rate used to calculate the value of the electricity supplied by the utility.~~

~~(b) If the value of electricity supplied by the utility exceeds the value of the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net value of the electricity supplied by the utility.~~

~~(c) If the value of the electricity generated by the customer-generator which is fed back to the utility exceeds the value of the electricity supplied by the utility during the billing period:~~

~~(1) Neither the utility nor the customer-generator is entitled to compensation for the value of the electricity provided to the other during the billing period.~~

~~(2) The value of the excess electricity:~~

~~(I) Must not be shown as a credit on the customer-generator's bill for that billing period but must be reflected as a credit that is carried forward to offset the value of the electricity supplied by the utility during a subsequent billing period. At the discretion of the utility, the credit may be in a dollar amount or in kilowatt hours. If the credit is reflected as excess electricity and the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time-of-use periods. Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if the net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities, the customer-generator ceases to be a customer of the utility at the premises served by the net metering system or the customer-generator transfers the net metering system to another person.~~

~~(II) Does not reduce any other fee or charge imposed by the utility.~~

~~(3) The excess electricity which is fed back to the utility]~~ ~~*must not be used to reduce any other fee or charge imposed by the utility.*~~

~~*3. If the cost of purchasing and installing a net metering system was paid for:*~~

~~*(a) In whole or in part by a utility, the electricity generated by the net metering system* shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.~~

~~*(b) Entirely by a customer-generator, the Commission shall issue to the customer-generator portfolio energy credits for use within the system of portfolio energy credits adopted by the Commission pursuant to NRS 704.7821 equal to the electricity generated by the net metering system.*~~

Sec. 47. NRS 704.7802 is hereby amended to read as follows:

704.7802 1. "Energy efficiency measure" means any measure designed, intended or used to improve energy efficiency if:

(a) The measure is installed on or after January 1, 2005, at the service location of a retail customer of a provider of electric service in this State;

(b) The measure reduces the consumption of energy by the retail customer; and

(c) The costs of the acquisition or installation of the measure are directly reimbursed, in whole or in part, by the provider of electric service.

2. The term does not include ~~[:~~

~~(a) Any]~~ ***any*** demand response measure or load limiting measure that shifts the consumption of energy by a retail customer from one period to another period.

~~[(b) Any solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity or any fossil fuel.]~~

Sec. 48. NRS 704.7821 is hereby amended to read as follows:

704.7821 1. For each provider of electric service, the Commission shall establish a portfolio standard. The portfolio standard must require each provider to generate, acquire or save electricity from portfolio energy systems or efficiency measures in an amount that is:

(a) For calendar years 2005 and 2006, not less than 6 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

(b) For calendar years 2007 and 2008, not less than 9 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

(c) For calendar years 2009 and 2010, not less than 12 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

(d) For calendar years 2011 and 2012, not less than 15 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

(e) For calendar years 2013 and 2014, not less than 18 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

(f) For calendar year 2015 and for each calendar year thereafter, not less than 20 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.

2. In addition to the requirements set forth in subsection 1, the portfolio standard for each provider must require that:

(a) Of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems or efficiency measures during each calendar year, not less than ~~[5]~~ ***6*** percent of that amount must be generated or acquired from solar renewable energy systems.

(b) Of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems or efficiency measures during each calendar year, not more than 25 percent of that amount may be based on energy efficiency measures. If the provider intends to use energy efficiency measures to comply with its portfolio standard during any calendar year, of the total amount of electricity saved from energy efficiency measures for which the provider seeks to obtain portfolio energy credits pursuant to this paragraph, at least 50 percent of that amount must be saved from energy efficiency measures installed at service locations of residential customers of the provider, unless a different percentage is approved by the Commission.

(c) If the provider acquires or saves electricity from a portfolio energy system or efficiency measure pursuant to a renewable energy contract or energy efficiency contract with another party:

(1) The term of the contract must be not less than 10 years, unless the other party agrees to a contract with a shorter term; and

(2) The terms and conditions of the contract must be just and reasonable, as determined by the Commission. If the provider is a utility provider and the Commission approves the terms and conditions of the contract between the utility provider and the other party, the contract and its terms and conditions shall be deemed to be a prudent investment and the utility provider may recover all just and reasonable costs associated with the contract.

3. If, for the benefit of one or more of its retail customers in this State, the provider has directly reimbursed, in whole or in part, the costs of the acquisition or installation of a solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity, the total reduction in the consumption of electricity during each calendar year that results from the solar energy system shall be deemed to be electricity

that the provider generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard.

4. The Commission shall adopt regulations that establish a system of portfolio energy credits that may be used by a provider to comply with its portfolio standard.

5. Except as otherwise provided in subsection 6, each provider shall comply with its portfolio standard during each calendar year.

6. If, for any calendar year, a provider is unable to comply with its portfolio standard through the generation of electricity from its own renewable energy systems or, if applicable, through the use of portfolio energy credits, the provider shall take actions to acquire or save electricity pursuant to one or more renewable energy contracts or energy efficiency contracts. If the Commission determines that, for a calendar year, there is not or will not be a sufficient supply of electricity or a sufficient amount of energy savings made available to the provider pursuant to renewable energy contracts and energy efficiency contracts with just and reasonable terms and conditions, the Commission shall exempt the provider, for that calendar year, from the remaining requirements of its portfolio standard or from any appropriate portion thereof, as determined by the Commission.

7. The Commission shall adopt regulations that establish:

(a) Standards for the determination of just and reasonable terms and conditions for the renewable energy contracts and energy efficiency contracts that a provider must enter into to comply with its portfolio standard.

(b) Methods to classify the financial impact of each long-term renewable energy contract and energy efficiency contract as an additional imputed debt of a utility provider. The regulations must allow the utility provider to propose an amount to be added to the cost of the contract, at the time the contract is approved by the Commission, equal to a compensating component in the capital structure of the utility provider. In evaluating any proposal made by a utility provider pursuant to this paragraph, the Commission shall consider the effect that the proposal will have on the rates paid by the retail customers of the utility provider.

8. As used in this section:

(a) "Energy efficiency contract" means a contract to attain energy savings from one or more energy efficiency measures owned, operated or controlled by other parties.

(b) "Renewable energy contract" means a contract to acquire electricity from one or more renewable energy systems owned, operated or controlled by other parties.

(c) "Terms and conditions" includes, without limitation, the price that a provider must pay to acquire electricity pursuant to a renewable energy contract or to attain energy savings pursuant to an energy efficiency contract.

Sec. 49. ~~[~~NRS 704.860 is hereby amended to read as follows:~~

Sections 87-106 of this bill enact the Waterpower Energy Systems Demonstration Program Act. The Waterpower Energy Systems Demonstration Program Act provides incentives to certain participants and utilities for energy created from various waterpower energy systems. Under this bill, the Waterpower Energy Systems Demonstration Program Act expires by limitation on June 30, 2011.

Existing law provides various requirements relating to the sale of residential property. (NRS 113.100-113.150, 645.230-645.321) Sections 31 ~~[, 33-35]~~ and 50 of this bill: (1) establish a new program for evaluating the energy consumption of residential property; ~~[(2) allocate a portion of the unspent money in the Fund for Energy Assistance and Conservation for a program of improving energy conservation and energy efficiency in residential property; and (3)]~~ **and (2)** require certain residential properties for

sale to be evaluated based on energy consumption and require that such evaluations and ratings be provided to purchasers of those properties.

Existing law contains legislative findings concerning energy conservation and energy requirements. (NRS 701.010) Sections 32 and 38 of this bill accomplish two things. First, they revise those findings in relation to public utilities. Second, they require the creation of various methods and programs which will remove financial disincentives that discourage energy conservation by various public utilities that purchase natural gas for resale.

Under existing law, certain utilities collect and remit a universal energy charge that is deposited into the Fund for Energy Assistance and Conservation to support programs of energy assistance, energy conservation, weatherization and energy efficiency for eligible households. (Chapter 702 of NRS) Sections 32.3, 32.5 and 32.7 of this bill reallocate a portion of any unspent and unencumbered money in the Fund for a program of improving energy conservation and energy efficiency in certain residential property.

Existing law allows for quarterly rate adjustments for a public utility which purchases natural gas for resale. (NRS 704.110) Sections 36, 37, 39-43 and 51 of this bill require certain electric utilities to also make such quarterly rate adjustments.

~~[Existing law provides for requirements relating to electric utilities and net metering systems. (NRS 704.766-704.775) Existing law also provides for requirements relating to the construction of utility facilities and environmental conservation as cited in the Utility Environmental Protection Act. (NRS 704.820-704.900) Sections 44-46 and 49 of this bill make various changes relating to the definition of "net metering system," offers of net metering to customer-generators, calculations relating to net energy measurements as regards net metering systems, and the definition of "utility facility" as it relates to the construction of utility facilities and environmental conservation.]~~

Existing law **creates a portfolio standard that** requires certain ~~[persons or entities that sell electricity to retail customers]~~ **providers of electric service** to generate, acquire or save various amounts of electricity through renewable energy systems or efficiency measures. (NRS 704.7801-704.7828) ~~[Sections 47 and 48]~~ **Section 47** of this bill ~~[change]~~ **changes** the definition of "energy efficiency measure" ~~[and the amount of electricity required to be generated, acquired or saved from solar renewable energy systems.]~~ **for purposes of the portfolio standard.**

Sec. 38. Chapter 704 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The Commission shall adopt regulations to establish methods and programs for a public utility which purchases natural gas for resale that remove financial disincentives which discourage the public utility from supporting energy conservation, including, without limitation:

(a) Procedures for a public utility which purchases natural gas for resale to have a mechanism established during a general rate application filed pursuant to NRS 704.110 to ensure that the costs of the public utility for providing service are recovered without regard to the difference in the quantity of natural gas actually sold by the public utility by taking into account the adjusted and annualized quantity of natural gas sold during a test year and the growth in the number of customers of the public utility;

(b) Procedures for a public utility which purchases natural gas for resale to apply to the Commission for approval of an activity relating to increasing energy efficiency or energy conservation; and

(c) Procedures for a public utility which purchases natural gas for resale to apply to the Commission for the recovery of costs associated with an activity approved by the Commission pursuant to paragraph (b).

2. The regulations adopted pursuant to subsection 1 must ensure that the methods and programs consider the recovery of costs, stabilization of revenue and any reduction of risk for the public utility which purchases natural gas for resale.

Sec. 39. NRS 704.062 is hereby amended to read as follows:

704.062 "Application to make changes in any schedule" and "application" include, without limitation:

2. In addition to the case-specific consumer sessions required by subsection 1, the Commission shall, during each calendar year, conduct at least one general consumer session in the county with the largest population in this State and at least one general consumer session in the county with the second largest population in this State. Sec. 42. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 and 704.68904 to 704.68984, inclusive, or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an ***annual deferred energy accounting adjustment*** application ***,*** ~~[to clear its deferred accounts,]~~ the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in subsections 3 and ~~[13,]~~ ***12,*** if a public utility files with the Commission an application to make changes in any schedule, the Commission shall issue a written order approving or disapproving, in whole or in part, the proposed changes:

(a) For a public utility that is a PAR carrier, not later than 180 days after the date on which the application is filed; and

(b) For all other public utilities, not later than 210 days after the date on which the application is filed.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall

consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this chapter. An electric utility shall file a general rate application pursuant to this subsection at least once every 24 ~~*[36]*~~ months based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application on or before October 3, 2005, ~~*[December 3, 2007,]*~~ and at least once every 24 ~~*[36]*~~ months thereafter.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application on or before November 15, 2006, ~~*[December 3, 2008,]*~~ and at least once every 24 ~~*[36]*~~ months thereafter.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility which purchases natural gas for resale ~~*[for an electric utility]*~~ may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement in addition to the statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit the public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7 ***, a quarterly rate adjustment pursuant to subsection 8 or 9, any information relating to deferred accounting requirements pursuant to NRS 704.185*** or an ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts pursuant to subsection 9,]~~ ***pursuant to NRS 704.187,*** if the public utility is otherwise authorized ***to so file*** by those provisions ***.*** ~~[to file such an application.]~~

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility ~~[using deferred accounting pursuant to NRS 704.187;]~~ ***which is required to adjust its rates on a quarterly basis pursuant to subsection 9;*** or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. If the Commission approves such a request:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment between annual rate adjustment applications. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's

regular monthly bill. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the public utility files its written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of natural gas included in each quarterly rate adjustment and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

9. ~~[Except as otherwise provided in subsection 10 and subsection 5 of NRS 704.100, if an electric utility using deferred accounting pursuant to NRS 704.187 files an application to clear its deferred accounts and to change one or more of its rates based upon changes in the costs for purchased fuel or purchased power, the Commission, after a public hearing and by an appropriate order:~~

~~(a) Shall allow the electric utility to clear its deferred accounts by refunding any credit balance or recovering any debit balance over a period not to exceed 3 years, as determined by the Commission.~~

~~(b) Shall not allow the electric utility to recover any debit balance, or portion thereof, in an amount that would result in a rate of return during the period of recovery that exceeds the rate of return authorized by the Commission in the most recently completed rate proceeding for the electric utility.~~

~~10. Before allowing an electric utility to clear its deferred accounts pursuant to subsection 9, the Commission shall determine whether the costs for purchased fuel and purchased power that the electric utility recorded in its deferred accounts are recoverable and whether the revenues that the electric utility collected from customers in this State for purchased fuel and purchased power are properly recorded and credited in its deferred accounts. The Commission shall not allow the electric utility to recover any costs for purchased fuel and purchased power that were the result of any practice or transaction that was undertaken, managed or performed imprudently by the electric utility.~~

~~11.~~] ***An electric utility shall adjust its rates on a quarterly basis based on changes in the public utility's recorded costs of purchased fuel or purchased power in the following manner:***

(a) An electric utility shall file written notice with the Commission on or before August 15, 2007, and every quarter thereafter of the quarterly rate adjustment to be made by the electric utility for the following quarter. The first quarterly rate adjustment by the electric utility will take effect on October 1, 2007, and each subsequent quarterly rate adjustment will take effect every quarter thereafter. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) Each electric utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill. The electric utility shall begin providing such written notice to its customers not later than 30 days after the date on which the electric utility files a written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the electric utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) An electric utility shall file an annual deferred energy accounting adjustment application pursuant to NRS 704.187 with the Commission. The annual deferred energy accounting adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual deferred energy accounting adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of purchased fuel and purchased power included in each quarterly rate adjustment and the annual deferred energy accounting adjustment application.

10. If an electric utility files an ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts]~~ pursuant to subsection 9 ***and NRS 704.187*** while a general rate application is pending, the electric utility shall:

(a) Submit with its ***annual deferred energy accounting adjustment*** application ~~[to clear its deferred accounts]~~ information relating to the cost of service and rate design; and

Sec. 46. ~~[NRS 704.775 is hereby amended to read as follows:~~

~~704.775 1. The billing period for net metering must be a monthly period.~~

~~2.~~ [If a customer-generator's net metering system has a capacity of not more than 30 kilowatts, the] ~~*The*~~ ~~net energy measurement must be calculated in the following manner:~~

~~(a) The utility shall measure, in kilowatt hours, the net electricity produced or consumed during the billing period, in accordance with normal metering practices.~~

~~(b) If the electricity supplied by the utility exceeds the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net electricity supplied by the utility.~~

~~(c) If the electricity generated by the customer-generator which is fed back to the utility exceeds the electricity supplied by the utility during the billing period:~~

~~(1) Neither the utility nor the customer-generator is entitled to compensation for electricity provided to the other during the billing period.~~

~~(2) The excess electricity which is fed back to the utility during the billing period is carried forward to the next billing period as an addition to the kilowatt hours generated by the customer-generator in that billing period. If the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time-of-use periods.~~

~~(3) Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if:~~

~~(I) The net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities;~~

~~(II) The customer-generator ceases to be a customer of the utility at the premises served by the net metering system; or~~

~~(III) The customer-generator transfers the net metering system to another person.~~

~~(4) The~~ *value of the* ~~excess electricity [~~which is fed back to the utility ~~shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.~~

~~3. If a customer-generator's net metering system has a capacity of more than 30 kilowatts, the net energy measurement must be calculated in the following manner:~~

~~(a) The utility shall:~~

~~(1) Measure, in kilowatt hours, the amount of electricity supplied by the utility to the customer-generator during the billing period and calculate its value using the tariff that would be applicable if the customer-generator did not use a net metering system; and~~

~~(2) Measure, in kilowatt hours, the amount of electricity generated by the customer-generator which is fed back to the utility during the billing period and calculate its value at a rate that is consistent with the rate used to calculate the value of the electricity supplied by the utility.~~

~~(b) If the value of electricity supplied by the utility exceeds the value of the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net value of the electricity supplied by the utility.~~

~~(c) If the value of the electricity generated by the customer-generator which is fed back to the utility exceeds the value of the electricity supplied by the utility during the billing period:~~

~~(1) Neither the utility nor the customer-generator is entitled to compensation for the value of the electricity provided to the other during the billing period.~~

~~(2) The value of the excess electricity:~~

~~(I) Must not be shown as a credit on the customer-generator's bill for that billing period but must be reflected as a credit that is carried forward to offset the value of the electricity supplied by the utility during a subsequent billing period. At the discretion of the utility, the credit may be in a dollar amount or in kilowatt hours. If the credit is reflected as excess electricity and the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In~~

~~that case, the excess electricity carried forward must be apportioned evenly among the available time of use periods. Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if the net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities, the customer-generator ceases to be a customer of the utility at the premises served by the net metering system or the customer-generator transfers the net metering system to another person.~~

~~(II) Does not reduce any other fee or charge imposed by the utility.~~

~~(3) The excess electricity which is fed back to the utility]~~ ~~*must not be used to reduce any other fee or charge imposed by the utility.*~~

~~*3. If the cost of purchasing and installing a net metering system was paid for:*~~

~~*(a) In whole or in part by a utility, the electricity generated by the net metering system* shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.~~

~~*(b) Entirely by a customer-generator, the Commission shall issue to the customer-generator portfolio energy credits for use within the system of portfolio energy credits adopted by the Commission pursuant to NRS 704.7821 equal to the electricity generated by the net metering system.*~~

Sec. 47. NRS 704.7802 is hereby amended to read as follows:

704.7802 1. "Energy efficiency measure" means any measure designed, intended or used to improve energy efficiency if:

(a) The measure is installed on or after January 1, 2005, at the service location of a retail customer of a provider of electric service in this State;

(b) The measure reduces the consumption of energy by the retail customer; and

(c) The costs of the acquisition or installation of the measure are directly reimbursed, in whole or in part, by the provider of electric service.

2. The term does not include ~~[:~~

~~(a) Any]~~ ***any*** demand response measure or load limiting measure that shifts the consumption of energy by a retail customer from one period to another period.

~~[(b) Any solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity or any fossil fuel.]~~

Sec. 48. ~~[NRS 704.7821 is hereby amended to read as follows:~~

~~704.7821 1. For each provider of electric service, the Commission shall establish a portfolio standard. The portfolio standard must require each provider to generate, acquire or save electricity from portfolio energy systems or efficiency measures in an amount that is:~~

~~(a) For calendar years 2005 and 2006, not less than 6 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~(b) For calendar years 2007 and 2008, not less than 9 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~(c) For calendar years 2009 and 2010, not less than 12 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~(d) For calendar years 2011 and 2012, not less than 15 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~(e) For calendar years 2013 and 2014, not less than 18 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~(f) For calendar year 2015 and for each calendar year thereafter, not less than 20 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year.~~

~~2. In addition to the requirements set forth in subsection 1, the portfolio standard for each provider must require that:~~

~~(a) Of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems or efficiency measures during each calendar year, not less than [5] 6 percent of that amount must be generated or acquired from solar renewable energy systems.~~

~~(b) Of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems or efficiency measures during each calendar year, not more than 25 percent of that amount may be based on energy efficiency measures. If the provider intends to use energy efficiency measures to comply with its portfolio standard during any calendar year, of the total amount of electricity saved from energy efficiency measures for which the provider seeks to obtain portfolio energy credits pursuant to this paragraph, at least 50 percent of that amount must be saved from energy efficiency measures installed at service locations of residential customers of the provider, unless a different percentage is approved by the Commission.~~

~~(c) If the provider acquires or saves electricity from a portfolio energy system or efficiency measure pursuant to a renewable energy contract or energy efficiency contract with another party:~~

~~(1) The term of the contract must be not less than 10 years, unless the other party agrees to a contract with a shorter term; and~~

~~(2) The terms and conditions of the contract must be just and reasonable, as determined by the Commission. If the provider is a utility provider and the Commission approves the terms and conditions of the contract between the utility provider and the other party, the contract and its terms and conditions shall be deemed to be a prudent investment and the~~

~~utility provider may recover all just and reasonable costs associated with the contract.~~

~~3. If, for the benefit of one or more of its retail customers in this State, the provider has directly reimbursed, in whole or in part, the costs of the acquisition or installation of a solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity, the total reduction in the consumption of electricity during each calendar year that results from the solar energy system shall be deemed to be electricity that the provider generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard.~~

~~4. The Commission shall adopt regulations that establish a system of portfolio energy credits that may be used by a provider to comply with its portfolio standard.~~

~~5. Except as otherwise provided in subsection 6, each provider shall comply with its portfolio standard during each calendar year.~~

~~6. If, for any calendar year, a provider is unable to comply with its portfolio standard through the generation of electricity from its own renewable energy systems or, if applicable, through the use of portfolio energy credits, the provider shall take actions to acquire or save electricity pursuant to one or more renewable energy contracts or energy efficiency contracts. If the Commission determines that, for a calendar year, there is not or will not be a sufficient supply of electricity or a sufficient amount of energy savings made available to the provider pursuant to renewable energy contracts and energy efficiency contracts with just and reasonable terms and conditions, the Commission shall exempt the provider, for that calendar year, from the remaining requirements of its portfolio standard or from any appropriate portion thereof, as determined by the Commission.~~

~~7. The Commission shall adopt regulations that establish:~~

~~(a) Standards for the determination of just and reasonable terms and conditions for the renewable energy contracts and energy efficiency contracts that a provider must enter into to comply with its portfolio standard.~~

~~(b) Methods to classify the financial impact of each long-term renewable energy contract and energy efficiency contract as an additional imputed debt of a utility provider. The regulations must allow the utility provider to propose an amount to be added to the cost of the contract, at the time the contract is approved by the Commission, equal to a compensating component in the capital structure of the utility provider. In evaluating any proposal made by a utility provider pursuant to this paragraph, the Commission shall consider the effect that the proposal will have on the rates paid by the retail customers of the utility provider.~~

~~8. As used in this section:~~

~~(a) "Energy efficiency contract" means a contract to attain energy savings from one or more energy efficiency measures owned, operated or controlled by other parties.~~

~~(b) "Renewable energy contract" means a contract to acquire electricity from one or more renewable energy systems owned, operated or controlled by other parties.~~

~~(c) "Terms and conditions" includes, without limitation, the price that a provider must pay to acquire electricity pursuant to a renewable energy contract or to attain energy savings pursuant to an energy efficiency contract.]~~ **(Deleted by amendment.)**

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 1150.

AN ACT relating to business; providing for the licensing and regulation of exchange facilitators by the Division of Financial Institutions of the Department of Business and Industry; authorizing the Division to charge and collect fees in certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Real Estate Division of the Department of Business and Industry regulates the activities of qualified intermediaries. (NRS 645.606-645.6085) This bill transfers regulatory and licensing authority concerning qualified intermediaries from the Real Estate Division to the Division of Financial Institutions of the Department of Business and Industry.

Section 42 of this bill renames the entities to be regulated and licensed as "exchange facilitators," and expands the scope of this term to include both qualified intermediaries and exchange accommodation titleholders.

Sections 3-21.5, 42, 43 and 47-50 of this bill regulate the activities of exchange facilitators and include provisions concerning: (1) applications for and renewals of a license as an exchange facilitator; (2) certain bonds and insurance policies that must be maintained by a licensee; (3) the handling of money held in accounts for clients; (4) the management of a licensee that is not a natural person; and (5) notice that must be provided to clients and to the Division in certain circumstances. Sections 21 and 21.5 set forth the fees which the Division is required to charge and collect relating to applications for and renewals of a license and how money received by the Division must be deposited.

Sections 22-38 of this bill govern disciplinary proceedings against an exchange facilitator. Section 22 authorizes the Commissioner of the Division of Financial Institutions to investigate an exchange facilitator. Section 25 authorizes the Commissioner to require a licensee to pay an administrative fine of not more than $200 per day or to suspend, revoke, deny the renewal

of or place conditions upon his license, or impose any combination of such actions in certain circumstances. Under section 38, a person who is not licensed pursuant to the provisions of this bill who acts as an exchange facilitator or holds himself out as a licensee is guilty of a **gross** misdemeanor and is further liable to the Division for a civil penalty of $200 per day for each day that the violation continues.

Section 39 of this bill authorizes the Division to issue a reciprocal license to a person who is licensed as an exchange facilitator in another state in certain circumstances. Section 39.5 of this bill authorizes the Division to issue a special license to a financial institution that maintains an office in this State in certain circumstances.

Section 40 of this bill requires the Commissioner to conduct an audit of all exchange facilitators at least every 5 years and to conduct on a random basis additional partial audits of any licensee who has a history of violations of the provisions of this bill.

Upon passage and approval of this bill, the Legislative Counsel will transfer NRS 645.606 to 645.6085, inclusive, and sections 3 to 40, inclusive, of this act from chapter 645 of NRS to a new chapter of NRS. Upon passage and approval of this bill, the Legislative Counsel will transfer all the regulations created under NRS 645.606 to 645.6085, inclusive, and sections 3 to 40, inclusive, of this act to the chapter of NAC that corresponds with the new chapter of NRS in which NRS 645.606 to 645.6085, inclusive, and sections 3 to 40, inclusive, of this act are transferred.

AN ACT relating to motor vehicles; amending provisions relating to the wrecking and salvaging of vehicles; ~~[transferring the authority for the regulation of trade practices by garagemen from the Commissioner of Consumer Affairs to the Department of Motor Vehicles;]~~ requiring that a transferor of an interest in a motor vehicle indicate if the vehicle is a rebuilt vehicle or a reconstructed vehicle; **providing that a person shall be deemed to be engaged in a deceptive trade practice for certain activities involving the repair of a motor vehicle under certain circumstances; creating a revolving account for the Bureau of Consumer Protection in the Office of the Attorney General; authorizing the Commissioner of Consumer Affairs or the Director of the Department of Motor Vehicles to request an undercover investigation of a person for allegedly engaging in certain deceptive trade practices or violating certain provisions governing garages;** providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 3 of this bill sets forth the conditions under which an automobile wrecker, operator of a salvage pool, garageman or owner of a body shop is unfit to hold a license or registration, as applicable.

Section 4 of this bill set forth the conditions under which a salvage vehicle is considered to be in its entirety as opposed to when it is considered to be in parts.

Section 37 of this bill requires that a transferor of an interest in a motor vehicle indicate if the motor vehicle is a rebuilt or reconstructed motor vehicle.

Existing law provides for regulation of garages and garagemen by the Commissioner of Consumer Affairs and their registration with the Department of Motor Vehicles. Section 36 of this bill requires that a transferor of an interest in a motor vehicle indicate if the vehicle is a rebuilt vehicle or a reconstructed vehicle.]~~ **Sections 39-44 of this bill make certain provisions concerning deceptive trade practices applicable to garages and garagemen. Section 41 of this bill authorizes the Commissioner or the Director of the Department to request an undercover investigation of a person by the Bureau of Consumer Protection in the Office of the Attorney General for alleged violations of those provisions. Section 31 of this bill authorizes the Director to suspend, revoke or refuse to renew a registration to operate a garage if he determines that the garage has engaged in a deceptive trade practice or violated certain provisions governing garages. Section 44 of this bill requires the Commissioner to prepare an annual report concerning garages and garagemen.**

Conference Amendment No. CA28.

SUMMARY—Revises provisions relating to ~~[interception of wire communications.]~~ **the collection of debts by collection agencies.** (BDR 54-1049)

AN ACT relating to ~~[communications;]~~ **collection agencies;** clarifying ~~[that a person may record certain telephone calls made by]~~ **when** collection agents and collection agencies ~~[after providing notice that the call is being recorded and making a statement to that effect on the recording;]~~ **may record telephone calls; providing that violations of the provisions of the federal Fair Debt Collection Practices Act are deemed violations of certain provisions governing collection agencies; requiring a collection agency which collects a debt on behalf of a hospital to provide certain notice to a debtor; specifying the manner in which a collection agency must verify a debt; making various other changes concerning collection agencies and collection agents;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law generally requires two-party consent before a person may record a telephone conversation. (NRS 200.620) The Nevada Supreme Court has interpreted existing law to prohibit a person from recording his own telephone conversations unless the other party to the conversation gives prior consent to the recording. (***Lane v. Allstate Ins. Co.***, 114 Nev. 1176 (1998)) Existing law also prohibits the surreptitious listening, monitoring or recording of private conversations engaged in by other persons. (NRS 200.650)

Section 4 of this bill provides that, after providing notice to the collection agency or collection agent that the telephone call is being recorded and making a statement to that effect on the recording, a person may record any telephone call concerning a debt which is owed or asserted to be owed by the person if the telephone call is initiated by a collection agency or collection agent and received by the person who owes or is alleged to owe the debt.

Section 5 of this bill provides that a violation of any provision of the federal Fair Debt Collection Practices Act, 15 U.S.C. §§ 1692 et seq., or any regulation adopted pursuant thereto, shall be deemed to be a violation of chapter 649 of NRS governing collection agencies.

Section 6 of this bill provides that, to verify a debt, a collection agency is required to obtain certain documents from the creditor and mail those

documents to the debtor. Section 6 also requires a collection agency that is collecting a debt on behalf of a hospital to provide certain information to a debtor not later than 5 days after the initial communication with the debtor in connection with the collection of the debt.

Existing law exempts certain persons from obtaining a collection agency license in Nevada if certain conditions are met. (NRS 649.075) Section 7 of this bill removes that exemption and requires all such persons to either register as a foreign collection agency or obtain a license.

Existing law requires each applicant for a license as a collection agency or collection agent to submit proof of certain information to the Commissioner of Financial Institutions, including, without limitation, proof that the applicant will maintain one or more offices in this State for the transaction of the business of his collection agency. (NRS 649.085) Section 8 of this bill allows the applicant to satisfy this requirement by submitting proof that the applicant will maintain one or more such offices in another state.

Section 9 of this bill removes the requirement that a person must hold a license in another state in order to be registered as a foreign collection agency in Nevada. Section 9 also limits the activities of a registered foreign collection agency to collecting from residents of this State on behalf of residents of another state. (NRS 649.171)

Conference Amendment No. CA38.

AN ACT relating to energy; requiring certain lights sold in this State to meet certain standards of energy efficiency; revising the authority of the Director of the Office of Energy; revising the membership of the Task Force for Renewable Energy and Energy Conservation; revising various provisions relating to net metering; **revising provisions governing the exemption of electric generating plants;** providing for the establishment of a pilot program to collect and separate recyclable material that may be used as renewable energy or converted into renewable fuel; providing for the establishment of the Wind Energy Systems Demonstration Program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill prohibits the sale in this State of certain general purpose lights that do not produce a certain amount of lumens per watt of electricity consumed, and requires the Director of the Office of Energy to adopt regulations establishing a minimum standard of energy efficiency for such lights.

Existing law provides for the membership of the Task Force for Renewable Energy and Energy Conservation. (NRS 701.350) Sections 1.35 and 29.7 of this bill revise the membership of the Task Force.

Existing law authorizes a customer of an electric utility to use a net metering system on the customer's premises to generate electricity to offset part or all of the customer's requirements for electricity. The net metering system must use renewable energy as its primary source of energy to generate electricity, and the system is allowed to have a generating capacity of not more than 150 kilowatts. (NRS 704.766-704.775)

Section 1.4 of this bill provides that one of the purposes and policies of the Legislature in enacting the net metering statutes is to streamline the process for customers of a utility to apply for and install net metering systems.

Section 1.5 of this bill provides for a general increase in the permissible capacity of net metering systems and allows a customer-generator to use a net metering system of not more than 1 megawatt. However, section 1.5 also places specific limitations on the capacity of net metering systems under certain circumstances.

Section 2 of this bill requires the Public Utilities Commission of Nevada to adopt regulations regarding a net metering tariff and a standard net metering contract. Section 3 of this bill changes the method for calculating the value of the electricity generated by certain net metering systems.

Existing law provides for the establishment of programs for collecting and separating recyclable material. (Chapter 444A of NRS) Section 4.5 of this bill provides that in a county whose population is 400,000 or more (currently Clark County), the board of county commissioners shall, in conjunction with each licensed hauler of garbage and refuse, establish a pilot program for collecting and separating recyclable material that may be used as a source of renewable energy or converted into renewable fuel.

Under the Solar Energy Systems Demonstration Program Act, certain entities, such as schools and public agencies, which install solar energy systems are entitled to participate in a demonstration program and receive incentives for such participation. (Chapter 331, Statutes of Nevada 2003, p. 1868) The Solar Energy Systems Demonstration Program Act expires by limitation on June 30, 2010. (Chapter 2, Statutes of Nevada 2005, 22nd Special Session, p. 90)

Sections 5-29 of this bill enact the Wind Energy Systems Demonstration Program Act, a similar demonstration program for wind energy systems. Under this bill, the Wind Energy Systems Demonstration Program Act expires by limitation on ~~[June 30, 2011.]~~ **certain specified dates.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 701 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Between January 1, 2012, and December 31, 2015, inclusive, no general purpose light may be sold in this State unless it produces at least 25 lumens per watt of electricity consumed.

2. On and after January 1, 2016, no general purpose light may be sold in this State unless it meets or exceeds the minimum standard of energy efficiency established by the Director pursuant to subsection 3 for lumens per watt of electricity consumed.

3. The Director shall adopt regulations to carry out the provisions of this section. The regulations must, without limitation:

(a) Establish a minimum standard of energy efficiency for lumens per watt of electricity consumed that must be produced by general purpose lights sold in this State on and after January 1, 2016. The minimum standard of energy efficiency established by the Director must exceed 25 lumens per watt of electricity consumed.

(b) Attempt to minimize the overall cost to consumers for general purpose lighting, considering the needs of consumers relating to lighting, technological feasibility and anticipated product availability and performance.

4. As used in this section, "general purpose light" means lamps, bulbs, tubes or other devices that provide functional illumination for indoor or outdoor use. The term does not include "specialty lighting" or "lighting

The purposes, powers and operation of the corporation must be consistent with the purposes, powers and duties of the Office of Energy.

8. Within the limits of legislative appropriations and other money authorized for expenditure for such purposes, negotiate and execute agreements with public or private entities which are necessary to the exercise of the powers and duties of the Director or the Office of Energy.

(a) The limit on the demand that the class of customer of the customer-generator may place on the system of the utility; or

(b) One hundred fifty percent of the peak demand of the customer.

Sec. 2. NRS 704.773 is hereby amended to read as follows:

704.773 1. A utility shall offer net metering, as set forth in NRS 704.775, to the customer-generators operating within its service area

until the cumulative capacity of all such net metering systems is equal to 1 percent of the utility's peak capacity.

2. If the net metering system of a customer-generator who accepts the offer of a utility for net metering has a capacity of not more than ~~[30]~~ ***100*** kilowatts, the utility:

(a) Shall offer to make available to the customer-generator an energy meter that is capable of registering the flow of electricity in two directions.

(b) May, at its own expense and with the written consent of the customer-generator, install one or more additional meters to monitor the flow of electricity in each direction.

(c) Shall not charge a customer-generator any fee or charge that would increase the customer-generator's minimum monthly charge to an amount greater than that of other customers of the utility in the same rate class as the customer-generator.

3. If the net metering system of a customer-generator who accepts the offer of a utility for net metering has a capacity of more than ~~[30]~~ ***100*** kilowatts, the utility ~~[may:~~

~~(a) Require]~~ ***:***

(a) May require the customer-generator to install at its own cost ~~[an]~~ ***:***

(1) An energy meter that is capable of measuring generation output and customer load ~~[.]~~ ***; and***

(2) Any upgrades to the system of the utility that are required to make the net metering system compatible with the system of the utility.

(b) ~~[Charge]~~ ***Except as otherwise provided in paragraph (c), may charge*** the customer-generator any applicable fee or charge charged to other customers of the utility in the same rate class as the customer-generator, including, without limitation, customer, demand and facility charges.

(c) Shall not charge the customer-generator any standby charge.

➥ At the time of installation or upgrade of any portion of a net metering system, the utility must allow a customer-generator governed by this subsection to pay the entire cost of the installation or upgrade of the portion of the net metering system.

4. The Commission shall adopt regulations prescribing the form and substance for a net metering tariff and a standard net metering contract. The regulations must include, without limitation:

(a) The particular provisions, limitations and responsibilities of a customer-generator which must be included in a net metering tariff with regard to:

(1) Metering equipment;

(2) Net energy metering and billing; and

(3) Interconnection,

➥ based on the allowable size of the net metering system.

(b) The particular provisions, limitations and responsibilities of a customer-generator and the utility which must be included in a standard net metering contract.

(c) A timeline for processing applications and contracts for net metering applicants.

(d) Any other provisions the Commission finds necessary to carry out the provisions of NRS 704.766 to 704.775, inclusive.

Sec. 3. NRS 704.775 is hereby amended to read as follows:

704.775 1. The billing period for net metering must be a monthly period.

2. ~~[If a customer-generator's net metering system has a capacity of not more than 30 kilowatts, the]~~ ***The*** net energy measurement must be calculated in the following manner:

(a) The utility shall measure, in kilowatt-hours, the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(b) If the electricity supplied by the utility exceeds the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net electricity supplied by the utility.

(c) If the electricity generated by the customer-generator which is fed back to the utility exceeds the electricity supplied by the utility during the billing period:

(1) Neither the utility nor the customer-generator is entitled to compensation for ***the*** electricity provided to the other during the billing period.

(2) The excess electricity which is fed back to the utility during the billing period is carried forward to the next billing period as an addition to the kilowatt - hours generated by the customer-generator in that billing period. If the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time-of-use periods.

(3) Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if:

(I) The net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities;

(II) The customer-generator ceases to be a customer of the utility at the premises served by the net metering system; or

(III) The customer-generator transfers the net metering system to another person.

(4) The ***value of the*** excess electricity ~~[which is fed back to the utility shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.~~

~~3. If a customer-generator's net metering system has a capacity of more than 30 kilowatts, the net energy measurement must be calculated in the following manner:~~

~~(a) The utility shall:~~

~~(1) Measure, in kilowatt-hours, the amount of electricity supplied by the utility to the customer-generator during the billing period and calculate its value using the tariff that would be applicable if the customer-generator did not use a net metering system; and~~

~~(2) Measure, in kilowatt-hours, the amount of electricity generated by the customer-generator which is fed back to the utility during the billing period and calculate its value at a rate that is consistent with the rate used to calculate the value of the electricity supplied by the utility.~~

~~(b) If the value of electricity supplied by the utility exceeds the value of the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net value of the electricity supplied by the utility.~~

~~(c) If the value of the electricity generated by the customer-generator which is fed back to the utility exceeds the value of the electricity supplied by the utility during the billing period:~~

~~(1) Neither the utility nor the customer-generator is entitled to compensation for the value of the electricity provided to the other during the billing period.~~

~~(2) The value of the excess electricity:~~

~~(I) Must not be shown as a credit on the customer-generator's bill for that billing period but must be reflected as a credit that is carried forward to offset the value of the electricity supplied by the utility during a subsequent billing period. At the discretion of the utility, the credit may be in a dollar amount or in kilowatt-hours. If the credit is reflected as excess electricity and the customer-generator is billed for electricity pursuant to a time-of-use rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time-of-use periods. Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if the net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities, the customer-generator ceases to be a customer of the utility at the premises served by the net metering system or the customer-generator transfers the net metering system to another person.~~

~~(II) Does not reduce any other fee or charge imposed by the utility.~~

~~(3) The excess electricity which is fed back to the utility~~] ***must not be used to reduce any other fee or charge imposed by the utility.***

3. If the cost of purchasing and installing a net metering system was paid for:

(a) In whole or in part by a utility, the electricity generated by the net metering system shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.

(b) Entirely by a customer-generator, the Commission shall issue to the customer-generator portfolio energy credits for use within the system of portfolio energy credits adopted by the Commission pursuant to NRS 704.7821 equal to the electricity generated by the net metering system.

4. A bill for electrical service is due at the time established pursuant to the terms of the contract between the utility and the customer-generator.

The preliminary report and the final report must be made available to the general public. (NRS 387.631) This bill revises provisions governing the preliminary report of the review and requires the consultant to submit the preliminary report to the superintendent of the school district or the superintendent's designee for preparation of a written response of the school district. This bill also ~~[requires the consultant to submit a summary of the preliminary report to the Legislative Committee on Education for its review.]~~ **makes the preliminary report confidential until the final report has been submitted.**

The plan must:

Conference Amendment No. CA27.

AN ACT relating to guardianships; extending the time in which certain information must be provided to the court for the appointment of a guardian; revising the provisions relating to the extension of temporary guardianships; revising the information that must be set forth in a petition to appoint a temporary guardian for certain wards; revising provisions relating to petitions by guardians to the court; revising provisions relating to the treatment or commitment of a ward; extending the time in which a guardian must wind up the affairs of the guardianship; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill extends the time in which information required in a petition for the appointment of a guardian must be provided to the court after the appointment of the guardian, if the information was not initially included in the petition, from 60 days to 120 days. (NRS 159.044)

Section 2 of this bill revises existing law by providing that a petition which seeks to appoint a temporary guardian for a ward who is unable to respond to a substantial and immediate risk of physical harm or to a need for immediate medical attention may be granted by a court if the court finds reasonable cause to believe that the proposed ward is unable to respond to such harm or to a need for medical attention rather than reasonable cause to believe that the proposed ward may suffer such harm or actually needs medical attention. (NRS 159.052) Section 4 of this bill revises existing law by providing that a petition which seeks to appoint a guardian for a ward who is unable to respond to a substantial and immediate risk of financial loss must set forth facts showing that the proposed ward is unable to respond to such risk rather

than facts showing that the proposed ward actually faces such risk. (NRS 159.0525) Sections 2-4 also eliminate the restriction that a court may not extend a temporary guardianship for more than two 30-day periods, and instead allow the court to extend a temporary guardianship for not more than ~~[three]~~ **two** successive 60-day periods. Sections 2-4, however, prohibit the court from causing the temporary guardianship to continue longer than ~~[7]~~ **5** months unless there is a showing of extraordinary circumstances.

Existing law requires a guardian to petition the court for an order authorizing the guardian to change the designation of a beneficiary in a will, trust, insurance policy, bank account or any other type of asset of the ward which includes the designation of a beneficiary. (NRS 159.078) Section 5 of this bill provides circumstances under which a guardian is not required to petition the court for an order allowing the guardian to utilize such assets.

Existing law provides that a guardian must obtain authority from the court before consenting to the commitment of a ward to a mental health facility. (NRS 159.0805) Section 6 of this bill removes the requirement that a guardian must obtain such authority to consent to the commitment of a ward to a mental health facility.

Section 7 of this bill provides that a guardian is not required to petition the court for authority before obtaining advice, instructions and approval of any proposed act of the guardian relating to the ward's property or taking any other action which the guardian deems would be in the best interests of the ward, unless otherwise ordered by the court. (NRS 159.113)

Existing law establishes the times during which a guardian is entitled to possession of the ward's property and is authorized to perform his duties to wind up the affairs of the guardianship. (NRS 159.193) Section 8 of this bill extends the time during which a guardian retains such authority after a personal representative of the estate of a deceased ward is appointed or if the guardian is awaiting certification acknowledging that he has no further tax liabilities on the ward's estate, from 90 days to 180 days.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

(3) Giving notice to the persons entitled to notice pursuant to NRS 159.047 is not feasible under the circumstances.

2. The court may appoint a temporary guardian to serve for 10 days if the court:

6. If the court appoints a temporary guardian or extends the temporary guardianship pursuant to this section, the court shall limit the powers of the temporary guardian to those necessary to respond to the substantial and immediate risk of physical harm or to a need for immediate medical attention.

7. The court may not extend a temporary guardianship pursuant to subsection 5 beyond the initial period of 10 days unless the petitioner demonstrates that:

(a) The provisions of NRS 159.0475 have been satisfied; or

(b) Notice by publication pursuant to N.R.C.P. 4(e) is currently being undertaken.

159.0523 1. Section 218 of S.B. No. 123 is hereby amended as follows:

Sec. 218. 1. Except as otherwise provided in this subsection, for the purposes of section 6 of this act, a person may apply to a district court on or

after October 1, 2007, for an order directing a governmental entity to allow the person to inspect or copy a public book or record, or a part thereof, if the public book or record has been in the legal custody or control of a governmental entity for a period of 30 years or more on the date of the application. A person may apply to the district court on or after October 1, 2007, for an order directing a governmental entity to allow the person to inspect or copy a public book or record that pertains to a natural person if, on the date of the application, the public book or record has been in the legal custody or control of a governmental entity for a period of 30 years or more or the natural person has died, whichever is later.

2. As used in this section, "governmental entity" has the meaning ascribed to it in NRS 239.005 **.** ~~[, as amended by section 7 of this act.]~~

The Title of S.B. No. 123 is hereby amended as follows:

AN ACT relating to public records; ~~[providing that certain records of a nongovernmental entity are public books or records under certain circumstances;]~~ requiring a governmental entity to take certain action in response to a written request to inspect or copy a public book or record; making various changes regarding the confidentiality of records; authorizing a person to apply to a district court for an order to allow the person to inspect or copy certain confidential public books or records that have been in the custody of a governmental entity for a certain period; and providing other matters properly relating thereto.

If this amendment is adopted, the Legislative Counsel's Digest will be changed as follows:

Legislative Counsel's Digest:

Under existing law, all public books and records of a governmental entity, the contents of which are not otherwise declared by law to be confidential or which the governmental entity determines pursuant to a balancing test must not be disclosed, must be open at all times during office hours for inspection and copying. (NRS 239.010; ***Donrey v. Bradshaw***, 106 Nev. 630 (1990))

Section 4 of this bill provides that if a governmental entity receives a written request to inspect or copy a public book or record, the governmental entity must, within 5 business days after the date on which the person who has legal custody or control of the book or record has received the request: (1) allow the requester to inspect or copy the public book or record; (2) if the governmental entity does not have legal custody or control of the public book or record, notify the requester of that fact and where, if known, the public book or record is located; (3) if the governmental entity cannot make the public book or record available within 5 business days, notify the requester of the date and time when the book or record will be available; or (4) if the public book or record is confidential, notify the requester of that fact in writing, including a citation to the legal authority that makes the book or record confidential.

With certain exceptions, section 6 of this bill provides that, notwithstanding any provision of law that has declared a public book or

record, or a part thereof, to be confidential, once a public book or record has been in the legal custody or control of one or more governmental entities for a period of at least 30 years, a person may apply to the appropriate district court for an order allowing him to inspect or copy the public book or record. If the public book or record pertains to a natural person, a person may not apply for such a court order until 30 years after the book or record has been in the legal custody or control of a governmental entity or the death of the person to whom the book or record pertains, whichever is later. Section 218 of this bill clarifies that a person may apply for such an order on or after October 1, 2007, the effective date of the bill, to inspect or copy public books or records that already meet the conditions set forth in section 6.

Section 5 of this bill provides that in any judicial or administrative proceeding in which the confidentiality of a public book or record is at issue and the governmental entity that has legal custody or control of the public book or record asserts that the public book or record is confidential, the governmental entity has the burden of proving such confidentiality.

~~[Sections 3 and 7 of this bill provide that although a nongovernmental entity which performs certain functions for or on behalf of a governmental entity is considered a governmental entity for the purposes of Nevada's public records law (chapter 239 of NRS), the records of a nongovernmental entity that are directly related to the administration, management or regulation of an activity, program, institution or facility for or on behalf of a governmental entity are public records that must be open for inspection and copying. Section 3 specifically excludes financial or other proprietary records of a nongovernmental entity from this requirement.]~~

Section 8 of this bill provides that a governmental entity shall not deny a request to inspect or copy a public book or record because the public book or record contains information that is confidential if the governmental entity can redact the confidential information.

(b) If the travel is not by private conveyance, the actual amount expended.

5. Claims made pursuant to this section must be paid from the Legislative Fund unless otherwise provided by specific statute. A claim must not be paid unless the Senator or Assemblyman submits a signed statement affirming:

Conference Amendment No. CA32.

AN ACT relating to the safety of children; prohibiting the possession of certain firearms on the property of or in a vehicle of child care facilities; revising the definition of "firearm"; requiring children who are taken into custody for possession of a firearm while on school property to submit to an evaluation by a qualified professional and a drug test; revising provisions concerning certain sex offenders who are on lifetime supervision or released on parole, probation or a suspended sentence; revising the jurisdiction of school police officers under certain circumstances; and providing other matters property relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill revises the definition of "firearm" for the purposes of the provision prohibiting the unlawful possession of a firearm while on school property. (NRS 202.265) Section 1 further makes the provisions prohibiting a person from carrying or possessing certain firearms while on school grounds or in a vehicle of a school applicable to child care facilities ~~[.]~~ **that are licensed pursuant to chapter 432A of NRS.** However, if the child care facility is located at or in the home of a natural person, those provisions do not apply to the owner or operator of the facility who resides in the home if he complies with all laws concerning possession of the weapon. In addition, the prohibition only applies with respect to such a facility during the normal hours of business. Existing law allows a juvenile court to decide whether to order a child who is taken into custody for certain unlawful acts involving firearms to submit to an evaluation by a qualified professional. (NRS 62C.060) Section 3 of this bill requires a juvenile court to order a child who is taken into custody for possession of a firearm on school property or at a child care facility to submit to an evaluation by a qualified professional and a drug test.

Existing law sets forth certain conditions to be imposed on sex offenders on lifetime supervision or released on parole, probation or a suspended sentence. (NRS 176A.410, 213.1243, 213.1245, 213.1255) Sections 4-6 of this bill prohibit such sex offenders from establishing residences in a facility that houses more than three persons who have been released from prison unless the facility is a facility for transitional living for released offenders that is licensed pursuant to chapter 449 of NRS.

Existing law gives school police officers the powers of a peace officer and establishes the jurisdiction of such officers. (NRS 391.275) Section 8.5 of this bill expands the jurisdiction of school police officers in certain circumstances.

Conference Amendment No. CA33.

AN ACT relating to educational personnel; revising provisions governing the monthly salaries of the members of the boards of trustees of school districts; requiring the board of trustees of each school district to adopt a program to engage certain administrators in annual classroom instruction, observation and other activities; making various changes regarding the evaluation and admonition of educational personnel; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes varying salaries for the officers and other members of the boards of trustees of school districts based on the number of pupils enrolled in the school district during the immediately preceding school year. (NRS 386.320) Section 2 of this bill revises provisions governing the salaries of the members of the boards of trustees of school districts based on the population of the county in which the school district is located. Section 2 also authorizes a member of the board of trustees to donate all or a part of his salary to a school within the school district or to the school district.

The board of trustees of a school district is authorized to employ a superintendent of schools, teachers and all other necessary employees. (NRS 391.100, 391.110, 391.120) Section 4 of this bill requires the board of trustees of each school district to adopt a program to engage administrators employed at the district level in annual classroom instruction, observation and other activities in a manner that is appropriate for the responsibilities, position and duties of the administrators.

Existing law requires each probationary teacher to be evaluated at least three times during each school year and a postprobationary teacher to be evaluated at least once each school year. (NRS 391.3125) Section 8 of this bill requires an administrator who is responsible for evaluating a teacher to

personally observe that teacher in the classroom for not less than a cumulative total of 60 minutes during each evaluation period. If a deficiency is discovered during the evaluation process, every effort must be made to assist the teacher to correct the deficiency. Existing law prescribes the circumstances under which an administrator may admonish an employee. (NRS 391.313) Section 9 of this bill requires that, if an administrator admonishes a teacher, an admonition must include a description of the deficiencies of the teacher and the actions that are necessary to correct those deficiencies.

~~[3.]~~ ***4.*** A licensed employee is subject to immediate dismissal or a refusal to reemploy according to the procedures provided in NRS 391.311 to 391.3197, inclusive, without the admonition required by this section, on grounds contained in paragraphs (b), (f), (g), (h) and (p) of subsection 1 of NRS 391.312.

Sec. 10. NRS 391.3197 is hereby amended to read as follows:

391.3197 1. A probationary employee is employed on a contract basis for two 1-year periods and has no right to employment after either of the two probationary contract years.

2. The board shall notify each probationary employee in writing on or before May 1 of the first and second school years of his probationary period, as appropriate, whether he is to be reemployed for the second year of the probationary period or for the next school year as a postprobationary employee. The employee must advise the board in writing on or before May 10 of the first or second year of his probationary period, as appropriate, of his acceptance of reemployment. If a probationary employee is assigned to a school that operates all year, the board shall notify him in writing, in both the first and second years of his probationary period, no later than 45 days before his last day of work for the year under his contract whether he is to be reemployed for the second year of the probationary period or for the next school year as a postprobationary employee. 4. ~~[A]~~ ***If a*** probationary employee ~~[who receives an unsatisfactory evaluation]~~ ***receives notice pursuant to subsection 4 of NRS 391.3125 not later than March 1 of a potential decision not to reemploy him, the employee*** may request a supplemental evaluation by another administrator in

the school district selected by him and the superintendent. If a school district has five or fewer administrators, the supplemental evaluator may be an administrator from another school district in ~~[the]~~ ***this*** State. If a probationary employee has received during the first school year of his probationary period three evaluations which state that the employee's overall performance has been satisfactory, the superintendent of schools of the school district or his designee shall waive the second year of the employee's probationary period by expressly providing in writing on the final evaluation of the employee for the first probationary year that the second year of his probationary period is waived. Such an employee is entitled to be a postprobationary employee in the ensuing year of employment.

5. If a probationary employee is notified that he will not be reemployed for the second year of his probationary period or the ensuing school year, his employment ends on the last day of the current school year. The notice that he will not be reemployed must include a statement of the reasons for that decision.

6. A new employee or a postprobationary teacher who is employed as an administrator shall be deemed to be a probationary employee for the purposes of this section and must serve a 2-year probationary period as an administrator in accordance with the provisions of this section. If the administrator does not receive an unsatisfactory evaluation during the first year of probation, the superintendent or his designee shall waive the second year of the administrator's probationary period. (b) There is a position as a teacher available for the ensuing school year in the school district in which the person is employed,

➥ the board of trustees of the school district shall, on or before May 1, offer the person a contract as a teacher for the ensuing school year. The person may accept the contract in writing on or before May 10. If the person fails to accept the contract as a teacher, the person shall be deemed to have rejected the offer of a contract as a teacher.

7. An administrator who has completed his probationary period pursuant to subsection 6 and is thereafter promoted to the position of principal must serve an additional probationary period of 1 year in the position of principal. If the administrator serving the additional probationary period is not reemployed as a principal after the expiration of the additional probationary period, the board of trustees of the school district in which the person is employed shall, on or before May 1, offer the person a contract for the ensuing school year for the administrative position in which the person attained postprobationary status. The person may accept the contract in writing on or before May 10. If the person fails to accept such a contract, the person shall be deemed to have rejected the offer of employment.

8. Before dismissal, the probationary employee is entitled to a hearing before a hearing officer which affords due process as set out in NRS 391.311 to 391.3196, inclusive.

Sec. 11. AN ACT relating to common-interest communities; **revising provisions governing restrictions on the use of systems for obtaining solar or wind energy;** requiring a member of an executive board who stands to profit personally from a matter before the board to disclose and abstain from voting on the matter; **revising the provisions governing the regulation of certain streets in common-interest communities; revising provisions concerning voting rights exercised by delegates or representatives;** prohibiting an association in a common-interest community from imposing an assessment against the owners of certain tax-exempt property; **providing that a foreclosure on a unit is subject to an equity or right of redemption;** providing that official publications related to issues of official interest must provide equal space for opposing views and opinions; ~~[revising the provisions governing the regulation of certain streets in certain common-interest communities;]~~ **requiring applicants for a certificate for the management of a common-interest community to post certain bonds;** making various other changes to the provisions governing common-interest communities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a covenant, restriction or condition in a deed, contract or other legal instrument cannot unreasonably restrict the use of a system for obtaining solar or wind energy. (NRS 111.239, 278.0208) Sections 1 and ~~[41]~~ **43** of this bill specify ~~[how to determine if a restriction significantly decreases the efficiency or performance of such a system and places the burden on the property owner to show such a decrease.]~~ **the circumstances under which a specification regarding the color of such a system is enforceable.**

Section 3 of this bill provides additional ethical requirements for members of an executive board by requiring a member who stands to gain any personal profit or compensation from a matter before the executive board to disclose the matter to the executive board and to abstain from voting on the matter. (NRS 116.31185, 116.31187)

Section 3.5 of this bill: (1) states that the provisions of chapter 116 of NRS do not modify the tariffs, rules and standards of a public utility; and (2) provides that the governing documents of an association must be consistent and not conflict with the tariffs, rules and standards of a public utility.

Existing law provides that certain common-interest communities are prohibited from regulating motor vehicles on thoroughfares accepted by the State or local governments for public use. (NRS 116.350) Section 4 of this bill prohibits a common-interest community from restricting the operation of motorcycles. Section 5 of this bill prohibits a common-interest community from using information from radar guns as the basis for a fine or penalty.

Under existing law, a common-interest community created before January 1, 1992, and a common-interest community, with a declaration so providing, that consists of at least 1,000 units, may have the voting rights of the units' owners in the association for that common-interest community be exercised by delegates or representatives. (NRS 116.1201, 116.31105) Sections 6.3, 13, 13.5, 15.5, 16.5 and 20.3 of this bill prohibit the use of delegates or representatives to exercise the voting rights of units' owners in the election or removal of a member of the executive board. Also, sections 6.7 and 20.7 of this bill provide that this form of voting may occur only during the period that the declarant is in control of the association and during the 2-year period after the declarant's control of the association is terminated. However, a master association which governs a time-share plan created pursuant to chapter 119A of NRS is excluded from these new provisions and is allowed to continue using delegates or representatives to exercise the voting rights of owners of time shares.

Existing law provides that the declaration of a common-interest community must contain certain information. (NRS 116.2105) Section 7.5 of this bill provides that the declaration must contain information concerning: (1) any restrictions on the ability of a unit's owner to rent or lease his unit; and (2) the specific obligations, duties and responsibilities of the association with respect to the maintenance, repair and replacement of specific common elements, specific limited common elements and other specific areas within the common-interest community.

Existing law sets forth the provisions governing the ability of a unit's owner to make alterations to his unit. (NRS 116.2111) Section 8.5 of this bill provides that an association may not unreasonably restrict, prohibit or withhold approval for a unit's owner to add shutters that change the appearance of a window, exterior or interior wall, roof or other surface which is not part of his unit, which is a common element or limited common element and which is adjoining or in close proximity to his unit.

Section 10 of this bill prohibits an association from imposing an assessment against the owner of any property in the common-interest community that is exempt from taxation pursuant to NRS 361.125. Section 48 of this bill provides that this prohibition applies to such owners who are not obligated to pay assessments as of January 1, 2007.

Section 11 of this bill ~~[adds community managers of common-interest communities as persons whose health, safety and welfare may be threatened~~

~~by violations of a unit owners' association's governing documents, authorizing the imposition of fines. (NRS 116.31031) This section also]~~ provides that **: (1)** a unit's owner must receive notice of a violation and possible fine ~~[, that]~~ **; (2) an association may not impose a fine against a unit's owner or tenant of a unit's owner for a vehicular violation of the governing documents committed by a person delivering goods to, or performing services for, a unit's owner or tenant of a unit's owner; (3)** a member of the executive board cannot participate in hearings on fines if he has not paid his assessments **;** and ~~[that]~~ **(4)** the association must provide written confirmation when a fine is paid. **(NRS 116.31031)**

Section 12 of this bill establishes priorities for the application of a unit owner's payments against assessments and fines, unless the unit's owner has stated in writing that no portion of the payment is to be applied against fines or costs related thereto. (NRS 116.310315)

Section 13 of this bill amends existing law to increase the maximum term of office for a member of an executive board from 2 years to 3 years. (NRS 116.31034) ~~[Section 13 authorizes candidates for the executive board to be elected without balloting when the number of candidates is less than or equal to the number of members to be elected. (NRS 116.31034)]~~ Section 13 also adds items which candidates must disclose to units' owners in advance of the election, whether or not an election is to be held with balloting. (NRS 116.31034)

Section 14 of this bill requires that a declarant deliver to an association an ancillary audit of the association's money and audited financial statements from the date of the last audit until the date the declarant's control ends. (NRS 116.31038) Section 14 also requires the declarant to pay for the costs of the ancillary audit. (NRS 116.31038)

Sections 14, 23, 33-35 and 37-42 of this bill eliminate the issuance of permits to reserve study specialists and instead provide for their registration. (NRS 116.31038, 116.750, 116A.120, 116A.260 and 116A.420-116A.900)

Section 16 of this bill lengthens the period between which meetings of the executive board must be held from every 90 days to every quarter, but not less than every 100 days. (NRS 116.31083) ~~[Section 16 also provides that if the sole purpose of a meeting is for the executive board to meet in executive session under certain circumstances, notice need not be provided. (NRS 116.31083)]~~

Section 21 of this bill revises ~~[existing]~~ provisions relating to financial statements ~~[by allowing the Commission on Common-Interest Communities to waive the qualification requirements of auditors]~~ for certain associations. (NRS 116.31144)

Section 22 of this bill permits the executive board to impose certain assessments for the purpose of funding a reserve without a vote of the units' owners under certain circumstances. (NRS 116.3115)

Section 23 of this bill establishes the criteria for evaluating the adequacy of the reserves of an association. (NRS 116.31152)

Existing law requires certain signatures before money in the reserve account of an association may be withdrawn. (NRS 116.31153) Section 23.3 of this bill also requires certain signatures before money in the operating account of an association may be withdrawn.

Section 23.7 of this bill changes existing law to provide that the sale of a unit as a result of a foreclosure of a lien is subject to an equity or right of redemption. (NRS 116.31166)

Section 28 of this bill excludes the books, records and other papers of the association which are in the process of being developed and have not yet been placed on an agenda for final approval by the executive board from the material which the board must make available upon the written request of a unit's owner. (NRS 116.31175) Section 28 also provides that if an official publication contains the views or opinions of the association concerning an issue of official interest, the official publication must, upon request, provide equal space and equivalent exposure to opposing views and opinions. In addition, section 28 provides that if an official publication contains any mention of a candidate or ballot question, the official publication must provide equal space in the same issue to the candidate or a representative of an organization which advocates the passage or defeat of the ballot question.

Section 29 of this bill revises existing law by including financing as a prohibited activity for members of the executive board and officers. (NRS 116.31187)

Existing law provides that except as otherwise provided in the declaration, an association may not require a unit's owner to secure or obtain any approval from the association in order to rent or lease his unit. (NRS 116.335) Section 29.5 of this bill provides that unless at the time a unit's owner purchases his unit, the declaration prohibited the unit's owner from renting or leasing his unit or required the unit's owner to secure or obtain any approval from the association in order to rent or lease his unit, the association may not: (1) prohibit the unit's owner from renting or leasing his unit; or (2) require the unit's owner to secure or obtain any approval from the association in order to rent or lease his unit.

Section 30 of this bill provides additional rights to units' owners by mandating notice before an association may interrupt utility service to a unit's owner. (NRS 116.345)

Existing law provides that certain common-interest communities are prohibited from regulating motor vehicles on thoroughfares accepted by the State or local governments for public use. (NRS 116.350) Section 31 of this bill ~~[permits an association to restrict parking on such thoroughfares if the parking prohibition was a condition for approval of the subdivision's final map or included in the terms of a zoning ordinance, permit or approval. (NRS 116.350) Section 31 also adds inoperable vehicles to the types of vehicles for which an association may restrict parking or storage in a common-interest community. (NRS 116.350) Finally, section 31]~~ prohibits a

common-interest community from restricting the parking of certain utility service vehicles, law enforcement vehicles and emergency services vehicles.

Existing law provides that an association may charge certain fees for furnishing certain documents and certificates in connection with the resale of a unit. (NRS 116.4109) Section 31.5 of this bill provides that if the association enters into a contract or agreement with any person or entity to furnish such documents or certificates, the contract or agreement must not allow a unit's owner to be charged any fee that exceeds the amount of the fee that the association itself may charge. Additionally, section 31.5 provides that an association may not charge a unit's owner, and may not require a unit's owner to pay, any fee related to the resale of a unit that is not specifically authorized, including, without limitation, any transaction fee, transfer fee or other similar fee.

Section 32 of this bill deems deposits made in connection with the purchase or reservation of units from a person required to deliver a public offering statement placed in out-of-state escrow companies as being deposited in this State if the escrow holder has a legal right to conduct business in the State, has a resident agent in this State and has consented to the jurisdiction of the courts of this State. (NRS 116.411)

Section 36 of this bill provides for the issuance of temporary certificates for community managers for a period of 1 year under certain circumstances. **In addition, section 36 requires the posting of bonds by community managers in an amount established by regulation, based on a sliding scale.** (NRS 116A.410)

~~[Section 44 of this bill excludes certain unit owners' associations from the definition of "business" for the purposes of requiring business licenses. (NRS 360.765)]~~

Sec. 8. (Deleted by amendment.)

Sec. 8.5. **NRS 116.2111 is hereby amended to read as follows:**

116.2111 1. Except as otherwise provided in this section and subject to the provisions of the declaration and other provisions of law, a unit's owner:

(a) May make any improvements or alterations to his unit that do not impair the structural integrity or mechanical systems or lessen the support of any portion of the common-interest community;

(b) May not change the appearance of the common elements, or the exterior appearance of a unit or any other portion of the common-interest community, without permission of the association; and

(c) After acquiring an adjoining unit or an adjoining part of an adjoining unit, may remove or alter any intervening partition or create apertures therein, even if the partition in whole or in part is a common element, if those acts do not impair the structural integrity or mechanical systems or lessen the support of any portion of the common-interest community. Removal of partitions or creation of apertures under this paragraph is not an alteration of boundaries.

2. An association may not:

(a) Unreasonably restrict, prohibit or otherwise impede the lawful rights of a unit's owner to have reasonable access to his unit.

(b) Unreasonably restrict, prohibit or withhold approval for a unit's owner to add to a unit:

3. Any improvement or alteration made pursuant to subsection 2 that is visible from any other portion of the common-interest community must be installed, constructed or added in accordance with the procedures set forth in the governing documents of the association and must be selected or designed to the maximum extent practicable to be compatible with the style of the common-interest community.

4. ***An association may not unreasonably restrict, prohibit or withhold approval for a unit's owner to add shutters, including, without limitation, rolling shutters, and change the appearance of a window, exterior or interior wall, roof or other surface which is not part of his unit, which is a common element or limited common element and which is adjoining or in close proximity to his unit. If a unit's owner adds shutters pursuant to this subsection, the unit's owner is responsible for the maintenance of the shutters. For the purposes of this subsection, a covenant, restriction or condition which does not unreasonably restrict the addition of shutters and which is contained in the governing documents of a common-interest community or a policy established by a common-interest community is enforceable so long as the covenant, condition or restriction was:***

5. A unit's owner may not add to the unit a system that uses wind energy as described in subparagraph 4 of paragraph (b) of subsection 2 unless he first obtains the written consent of each owner of property within 300 feet of any boundary of the unit.

(s) Direct the removal of vehicles improperly parked on property owned or leased by the association, as authorized pursuant to NRS 487.038, or improperly parked on any road, street, alley or other thoroughfare within the common-interest community in violation of the governing documents. In addition to complying with the requirements of NRS 487.038 and any requirements in the governing documents, if a vehicle is improperly parked as described in this paragraph, the association must post written notice in a conspicuous place on the vehicle or provide oral or written notice to the owner or operator of the vehicle at least 48 hours before the association may direct the removal of the vehicle, unless the vehicle:

(1) Is blocking a fire hydrant, fire lane or parking space designated for the handicapped; or

(2) Poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the common-interest community.

(t) Exercise any other powers necessary and proper for the governance and operation of the association.

2. The declaration may not impose limitations on the power of the association to deal with the declarant which are more restrictive than the limitations imposed on the power of the association to deal with other persons.

3. Notwithstanding any provision of this chapter or the governing documents to the contrary, an association may not impose any assessment pursuant to this chapter or the governing documents on the owner of any property in the common-interest community that is exempt from taxation pursuant to NRS 361.125. For the purposes of this subsection, "assessment" does not include any charge for any utility services, including, without limitation, telecommunications, broadband communications, cable television, electricity, natural gas, sewer services, garbage collection, water or for any other service which is delivered to and used or consumed directly by the property in the common-interest community that is exempt from taxation pursuant to NRS 361.125.

Sec. 11. NRS 116.31031 is hereby amended to read as follows:

116.31031 1. Except as otherwise provided in this section, if a unit's owner or a tenant or guest of a unit's owner violates any provision of the governing documents of an association, the executive board may, if the governing documents so provide:

(a) Prohibit, for a reasonable time, the unit's owner or the tenant or guest of the unit's owner from:

(1) Voting on matters related to the common-interest community.

(2) Using the common elements. The provisions of this subparagraph do not prohibit the unit's owner or the tenant or guest of the unit's owner from

using any vehicular or pedestrian ingress or egress to go to or from the unit, including any area used for parking.

(b) Impose a fine against the unit's owner or the tenant or guest of the unit's owner for each violation, except that ~~[a]~~ ***:***

(1) A fine may not be imposed for a violation that is the subject of a construction penalty pursuant to NRS 116.310305 ~~[.]~~ ***; and***

(2) A fine may not be imposed against a unit's owner or a tenant or guest of a unit's owner for a violation of the governing documents which involves a vehicle and which is committed by a person who is delivering goods to, or performing services for, the unit's owner or tenant or guest of the unit's owner.

➥ If the violation poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners ~~[,]~~ or residents ~~[or community manager]~~ of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents. If the violation does not pose an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners ~~[,]~~ or residents ~~[or community manager]~~ of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents, but the amount of the fine must not exceed $100 for each violation or a total amount of $1,000, whichever is less. The limitations on the amount of the fine do not apply to any interest, charges or costs that may be collected by the association pursuant to this section if the fine becomes past due.

2. The executive board may not impose a fine pursuant to subsection 1 unless:

(a) Not less than 30 days before the violation, the ***unit's owner and, if different, the*** person against whom the fine will be imposed had been provided with written notice of the applicable provisions of the governing documents that form the basis of the violation; and

(b) Within a reasonable time after the discovery of the violation, the ***unit's owner and, if different, the*** person against whom the fine will be imposed has been provided with:

(1) Written notice specifying the details of the violation, the amount of the fine, and the date, time and location for a hearing on the violation; and

(2) A reasonable opportunity to contest the violation at the hearing.

➥ ***For the purposes of this subsection, a unit's owner shall not be deemed to have received written notice unless written notice is delivered to the address of the unit and, if different, to a mailing address specified by the unit's owner***.

3. The executive board must schedule the date, time and location for the hearing on the violation so that the ***unit's owner and, if different, the*** person

against whom the fine will be imposed is provided with a reasonable opportunity to prepare for the hearing and to be present at the hearing.

4. The executive board must hold a hearing before it may impose the fine, unless ***the fine is paid before the hearing or unless*** the ***unit's owner and, if different, the*** person against whom the fine will be imposed:

(a) ~~[Pays the fine;~~

~~(b)]~~ Executes a written waiver of the right to the hearing; or

~~[(c)]~~ ***(b)*** Fails to appear at the hearing after being provided with proper notice of the hearing.

5. If a fine is imposed pursuant to subsection 1 and the violation is not cured within 14 days, or within any longer period that may be established by the executive board, the violation shall be deemed a continuing violation. Thereafter, the executive board may impose an additional fine for the violation for each 7-day period or portion thereof that the violation is not cured. Any additional fine may be imposed without notice and an opportunity to be heard.

6. If the governing documents so provide, the executive board may appoint a committee, with not less than three members, to conduct hearings on violations and to impose fines pursuant to this section. While acting on behalf of the executive board for those limited purposes, the committee and its members are entitled to all privileges and immunities and are subject to all duties and requirements of the executive board and its members.

7. ***A member of the executive board shall not participate in any hearing or cast any vote relating to a fine imposed pursuant to subsection 1 if the member has not paid all assessments which are due to the association by the member. If a member of the executive board:***

(a) Participates in a hearing in violation of this subsection, any action taken at the hearing is void.

(b) Casts a vote in violation of this subsection, the vote is void.

8. The provisions of this section establish the minimum procedural requirements that the executive board must follow before it may impose a fine. The provisions of this section do not preempt any provisions of the governing documents that provide greater procedural protections.

~~[8.]~~ ***9.*** Any past due fine:

(a) Bears interest at the rate established by the association, not to exceed the legal rate per annum.

(b) May include any costs of collecting the past due fine at a rate established by the association. If the past due fine is for a violation that does not threaten the health, safety or welfare of the ***units' owners*** ~~*[,]*~~ ***or*** residents ~~*[or community manager]*~~ of the common-interest community, the rate established by the association for the costs of collecting the past due fine:

(1) May not exceed $20, if the outstanding balance is less than $200.

(2) May not exceed $50, if the outstanding balance is $200 or more, but is less than $500.

(3) May not exceed $100, if the outstanding balance is $500 or more, but is less than $1,000.

(4) May not exceed $250, if the outstanding balance is $1,000 or more, but is less than $5,000.

(5) May not exceed $500, if the outstanding balance is $5,000 or more.

(c) May include any costs incurred by the association during a civil action to enforce the payment of the past due fine.

~~[9.]~~ ***10. Not later than 30 days after receiving payment in full of a fine, including any lawful interest and costs of collection, an association shall provide written confirmation to the person upon whom the fine was imposed that the fine and all related charges have been paid in full and that the fine is discharged.***

11. As used in this section:

(a) "Costs of collecting" includes, without limitation, any collection fee, filing fee, recording fee, referral fee, fee for postage or delivery, and any other fee or cost that an association may reasonably charge to the unit's owner for the collection of a past due fine. The term does not include any costs incurred by an association during a civil action to enforce the payment of a past due fine.

(b) "Outstanding balance" means the amount of a past due fine that remains unpaid before any interest, charges for late payment or costs of collecting the past due fine are added.

Sec. 12. NRS 116.310315 is hereby amended to read as follows:

116.310315 If an association has imposed a fine against a unit's owner or a tenant or guest of a unit's owner pursuant to NRS 116.31031 for violations of the governing documents of the association, the association ~~[:]~~ ***shall:***

Sec. 13. NRS 116.31034 is hereby amended to read as follows:

116.31034 1. Except as otherwise provided in subsection 5 of NRS 116.212, not later than the termination of any period of declarant's control, the units' owners shall elect an executive board of at least three members, at least a majority of whom must be units' owners. Unless the

2. The term of office of a member of the executive board may not exceed ~~[2]~~ ***3*** years, except for members who are appointed by the declarant. Unless the governing documents provide otherwise, there is no limitation on the number of terms that a person may serve as a member of the executive board.

3. The governing documents of the association must provide for terms of office that are staggered in such a manner that, to the extent possible, an equal number of members of the executive board are elected at each election. The provisions of this subsection do not apply to:

(a) Members of the executive board who are appointed by the declarant; and

(b) Members of the executive board who serve a term of 1 year or less.

4. Not less than 30 days before the preparation of a ballot for the election of members of the executive board, the secretary or other officer specified in the bylaws of the association shall cause notice to be given to each unit's owner of his eligibility to serve as a member of the executive board. Each unit's owner who is qualified to serve as a member of the executive board may have his name placed on the ballot along with the names of the nominees selected by the members of the executive board or a nominating committee established by the association. ~~*[Before the secretary or other officer specified in the bylaws of the association causes notice to be given to each unit's owner of his eligibility to serve as a member of the executive board pursuant to this subsection, the executive board may determine that if, at the closing of the prescribed period for nominations for membership on the executive board, the number of candidates nominated for membership on the executive board is equal to or less than the number of members to be elected to the executive board at the election, then:*~~

~~*(a) The association will not prepare or mail any ballots to units' owners pursuant to this section;*~~

~~*(b) The candidates so nominated shall be deemed to be duly elected to the executive board not later than 30 days after the date of closing of the prescribed period for nominations; and*~~

5. Each person whose name is placed on the ballot ~~*[who is nominated]*~~ as a candidate for a member of the executive board ~~*[pursuant to subsection 4]*~~ must:

(b) Disclose whether the candidate is a member in good standing. For the purposes of this paragraph, a candidate shall not be deemed to be in "good standing" if the candidate ~~[has]~~ ***:***

(2) Has any unpaid fine imposed by the executive board that is 30 days or more past due; or

(3) After being provided notice and the opportunity for a hearing in accordance with the provisions of NRS 116.31031, has been found to have committed a violation of the governing documents that has not been cured.

➥ The candidate must make all disclosures required pursuant to this subsection in writing to the association with his candidacy information. The association shall distribute the disclosures to each member of the association with the ballot ~~*[or, in the event ballots are not prepared and mailed pursuant to subsection 4,]*~~ in the manner established ~~*[for distribution of ballots]*~~ in the bylaws of the association.

6. Unless a person is appointed by the declarant:

(a) A person may not be a member of the executive board or an officer of the association if the person, his spouse or his parent or child, by blood, marriage or adoption, performs the duties of a community manager for that association.

(b) A person may not be a member of the executive board of a master association or an officer of that master association if the person, his spouse or his parent or child, by blood, marriage or adoption, performs the duties of a community manager for:

7. An officer, employee, agent or director of a corporate owner of a unit, a trustee or designated beneficiary of a trust that owns a unit, a partner of a partnership that owns a unit, a member or manager of a limited-liability company that owns a unit, and a fiduciary of an estate that owns a unit may be an officer of the association or a member of the executive board. In all events where the person serving or offering to serve as an officer of the association or a member of the executive board is not the record owner, he shall file proof in the records of the association that:

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) A quorum is not required for the election of any member of the executive board.

(d) Only the secret written ballots that are returned to the association may be counted to determine the outcome of the election.

(e) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(f) The incumbent members of the executive board and each person whose name is placed on the ballot as a candidate for a member of the executive board may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association before those secret written ballots have been opened and counted at a meeting of the association.

9. Each member of the executive board shall, within 90 days after his appointment or election, certify in writing to the association, on a form prescribed by the Administrator, that he has read and understands the governing documents of the association and the provisions of this chapter to the best of his ability. The Administrator may require the association to submit a copy of the certification of each member of the executive board of that association at the time the association registers with the Ombudsman pursuant to NRS 116.31158.

Sec. 13.5. **NRS 116.31036 is hereby amended to read as follows:**

116.31036 1. Notwithstanding any provision of the declaration or bylaws to the contrary, any member of the executive board, other than a member appointed by the declarant, may be removed from the executive board, with or without cause, if at a removal election held pursuant to this section the number of votes cast in favor of removal constitutes:

(a) At least 35 percent of the total number of voting members of the association; and

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) Only the secret written ballots that are returned to the association may be counted to determine the outcome.

(d) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(e) The incumbent members of the executive board, including, without limitation, the member who is subject to the removal, may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association before those secret written ballots have been opened and counted at a meeting of the association.

3. If a member of an executive board is named as a respondent or sued for liability for actions undertaken in his role as a member of the board, the association shall indemnify him for his losses or claims, and undertake all costs of defense, unless it is proven that he acted with willful or wanton misfeasance or with gross negligence. After such proof, the association is no longer liable for the cost of defense, and may recover costs already expended from the member of the executive board who so acted. Members of the executive board are not personally liable to the victims of crimes occurring on the property. Punitive damages may not be recovered against the association, but may be recovered from persons whose activity gave rise to the damages.

4. The provisions of this section do not prohibit the Commission from taking any disciplinary action against a member of an executive board pursuant to NRS 116.745 to 116.795, inclusive.

Sec. 14. NRS 116.31038 is hereby amended to read as follows:

(a) Except as otherwise provided in this paragraph, deliver to the association a reserve account that contains the declarant's share of the amounts then due, and control of the account. If the declaration was recorded before October 1, 1999, and, at the time the control of the declarant ends, he has failed to pay his share of the amounts due, the executive board shall authorize the declarant to pay the deficiency in installments for a period of 3 years, unless the declarant and the executive board agree to a shorter period.

(b) Disclose, in writing, the amount by which he has subsidized the association's dues on a per unit or per lot basis.

4. The association's money or control thereof.

Sec. 16.5. **NRS 116.311 is hereby amended to read as follows:**

116.311 1. If only one of several owners of a unit is present at a meeting of the association, that owner is entitled to cast all the votes allocated to that unit. If more than one of the owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the owners, unless the declaration expressly provides otherwise. There is majority agreement if any one of the owners cast the votes allocated to that unit without protest made promptly to the person presiding over the meeting by any of the other owners of the unit.

2. Except as otherwise provided in this section, votes allocated to a unit may be cast pursuant to a proxy executed by a unit's owner. A unit's owner may give a proxy only to a member of his immediate family, a tenant of the unit's owner who resides in the common-interest community, another unit's owner who resides in the common-interest community, or a delegate or representative when authorized pursuant to NRS 116.31105. If a unit is owned by more than one person, each owner of the unit may vote or register protest to the casting of votes by the other owners of the unit through an executed proxy. A unit's owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the person presiding over a meeting of the association.

3. Before a vote may be cast pursuant to a proxy:

(a) The proxy must be dated.

(b) The proxy must not purport to be revocable without notice.

(c) The proxy must designate the meeting for which it is executed.

(d) The proxy must designate each specific item on the agenda of the meeting for which the unit's owner has executed the proxy, except that the unit's owner may execute the proxy without designating any specific items on the agenda of the meeting if the proxy is to be used solely for determining whether a quorum is present for the meeting. If the proxy designates one or more specific items on the agenda of the meeting for which the unit's owner has executed the proxy, the proxy must indicate, for each specific item designated in the proxy, whether the holder of the proxy must cast a vote in the affirmative or the negative on behalf of the unit's owner. If the proxy does not indicate whether the holder of the proxy must cast a vote in the affirmative or the negative for a particular item on the agenda of the meeting, the proxy must be treated, with regard to that particular item, as if the unit's owner were present but not voting on that particular item.

(e) The holder of the proxy must disclose at the beginning of the meeting for which the proxy is executed the number of proxies pursuant to which the holder will be casting votes.

4. A proxy terminates immediately after the conclusion of the meeting for which it is executed.

5. ~~[A]~~ ***Except as otherwise provided in this subsection, a*** vote may not be cast pursuant to a proxy for the election or removal of a member of the executive board of an association ***.*** ~~[unless]~~ ***A vote may be cast pursuant to a proxy for the election or removal of a member of the executive board of a master association which governs a time-share plan created pursuant to chapter 119A of NRS if*** the proxy is exercised through a delegate or representative authorized pursuant to NRS 116.31105.

6. The holder of a proxy may not cast a vote on behalf of the unit's owner who executed the proxy in a manner that is contrary to the proxy.

7. A proxy is void if the proxy or the holder of the proxy violates any provision of subsections 1 to 6, inclusive.

8. If the declaration requires that votes on specified matters affecting the common-interest community must be cast by the lessees of leased units rather than the units' owners who have leased the units:

(a) The provisions of subsections 1 to 7, inclusive, apply to the lessees as if they were the units' owners;

(b) The units' owners who have leased their units to the lessees may not cast votes on those specified matters;

(c) The lessees are entitled to notice of meetings, access to records and other rights respecting those matters as if they were the units' owners; and

(d) The units' owners must be given notice, in the manner provided in NRS 116.3108, of all meetings at which the lessees are entitled to vote.

9. If any votes are allocated to a unit that is owned by the association, those votes may not be cast, by proxy or otherwise, for any purpose.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 196.

The following Senate amendment was read:

Amendment No. 1153.

AN ACT relating to state financial administration; exempting from the limitation on the proposed expenditures of the Executive Department of the State Government any expenditures for the purpose of reducing an unfunded accrued liability of the State ~~[;]~~ **Retirees' Health and Welfare Benefits Fund;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Chief of the Budget Division of the Department of Administration to prepare a proposed budget for the Executive Department of the State Government. (NRS 353.185) Under existing law, the proposed total expenditures in this proposed budget, excluding proposed expenditures for construction, cannot exceed a certain amount. (NRS 353.213) This bill provides that expenditures to reduce any unfunded accrued liability of the State **Retirees' Health and Welfare Benefits Fund** are excluded from the limitation on proposed total expenditures.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 353.213 is hereby amended to read as follows:

353.213 1. In preparing the proposed budget for the Executive Department of the State Government for each biennium, the Chief shall not exceed the limit upon total proposed expenditures for purposes other than construction ***and reducing any unfunded accrued liability of the State Retirees' Health and Welfare Benefits Fund created by section 4 of Senate Bill No. 547 of the 74th Session of the Nevada Legislature*** from the State General Fund calculated pursuant to this section. The base for each biennium is the total expenditure, for the purposes limited, from the State General Fund appropriated and authorized by the Legislature for the biennium beginning on July 1, 1975.

2. The limit for each biennium is calculated as follows:

(a) The amount of expenditure constituting the base is multiplied by the percentage of change in population for the current biennium from the population on July 1, 1974, and this product is added to or subtracted from the amount of expenditure constituting the base.

(b) The amount calculated pursuant to paragraph (a) is multiplied by the percentage of inflation or deflation, and this product is added to or subtracted from the amount calculated pursuant to paragraph (a).

(c) Subject to the limitations of this paragraph:

(1) If the amount resulting from the calculations pursuant to paragraphs (a) and (b) represents a net increase over the base biennium, the Chief may increase the proposed expenditure accordingly.

(2) If the amount represents a net decrease, the Chief shall decrease the proposed expenditure accordingly.

(3) If the amount is the same as in the base biennium, that amount is the limit of permissible proposed expenditure.

➥ The proposed budget for each fiscal year of the biennium must provide for a reserve of not less than 5 percent nor more than 10 percent of the total of all proposed appropriations from the State General Fund for the operation of all departments, institutions and agencies of the State Government and authorized expenditures from the State General Fund for the regulation of gaming for that fiscal year.

3. The revised estimate of population for the State issued by the United States Department of Commerce as of July 1, 1974, must be used, and the Governor shall certify the percentage of increase or decrease in population for each succeeding biennium. The Consumer Price Index published by the United States Department of Labor for July preceding each biennium must be used in determining the percentage of inflation or deflation.

4. The Chief may exceed the limit to the extent necessary to meet situations in which there is a threat to life or property.

5. As used in this section, "unfunded accrued liability" means a liability with an actuarially determined value which exceeds the value of the assets in the fund from which payments are made to discharge the liability.

Conference Amendment No. CA36.

AN ACT relating to education; revising provisions governing homeschooled children; requiring the board of trustees of each school district to post certain information concerning examinations on its Internet website and ensure that homeschooled children have notice of the website; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, compulsory attendance in public school is required of children between the ages of 7 and 17 years. (NRS 392.040) Compulsory attendance is excused if satisfactory written evidence is presented to the board of trustees of the school district in which the child resides that the child is receiving at home or in some other school equivalent instruction of the kind and amount approved by the State Board of Education. (NRS 392.070) Sections ~~[3 and]~~ 5 **and 7** of this bill excuse compulsory attendance if a child is enrolled in a private school or if a notice of intent to homeschool the child is filed with the superintendent of schools of the school district in which the child resides. Sections ~~[1 and 5]~~ **2 and 7** of this bill authorize the board of trustees of a school district or the governing body of a charter school, as

applicable, to require a birth certificate or other documentation to prove the identity of the homeschooled child who wishes to participate in certain activities and classes offered by the public schools in this State and requires such proof under certain circumstances.

Section ~~[3]~~ **5** of this bill sets forth requirements concerning a notice of intent to homeschool and establishes certain rights for a child that is being homeschooled and the parents of that child. **Section 5.5 of this bill sets forth requirements concerning notice of intent of a homeschooled child to participate in programs and activities, which must be filed before a homeschooled child may participate in certain classes, activities and programs in a public school or through a school district, or through the Nevada Interscholastic Activities Association.**

Under existing law, the State Board of Education is required to prescribe the courses of study required for promotion to high school. (NRS 392.033) Section ~~[4]~~ **6** of this bill prescribes the information that must be provided by a homeschooled child who wishes to enroll in a public high school to demonstrate competency in those courses of study or successful completion of those courses.

Section ~~[2.5]~~ **4** of this bill requires the board of trustees of each school district to maintain on its Internet website pertinent information concerning the examinations available to children in the school district. Section ~~[3]~~ **5** of this bill requires each school district to ensure that homeschooled children who reside in the school district have adequate notice of the availability of the website.

Except as otherwise provided in this subsection and subsection 2, a charter school shall enroll pupils who are eligible for enrollment in the order in which the applications are received. If the board of trustees of the school district in which the charter school is located has established zones of attendance pursuant to NRS 388.040, the charter school shall, if practicable, ensure that the racial composition of pupils enrolled in the charter school does not differ by more than 10 percent from the racial composition of pupils who attend public schools in the zone in which the charter school is located. If a charter school is sponsored by the board of trustees of a school district located in a county whose population is 100,000 or more, except for a program of distance education provided by the charter school, the charter school shall enroll pupils who are eligible for enrollment who reside in the school district in which the charter school is located before enrolling pupils who reside outside the school district. Except as otherwise provided in subsection 2, if more pupils who are eligible for

enrollment apply for enrollment in the charter school than the number of spaces which are available, the charter school shall determine which applicants to enroll pursuant to this subsection on the basis of a lottery system.

2. Before a charter school enrolls pupils who are eligible for enrollment, a charter school that is dedicated to providing educational programs and opportunities to pupils who are at risk may enroll a child who:

(a) Is a sibling of a pupil who is currently enrolled in the charter school; or

(b) Resides within the school district and within 2 miles of the charter school if the charter school is located in an area that the sponsor of the charter school determines includes a high percentage of children who are at risk. If space is available after the charter school enrolls pupils pursuant to this paragraph, the charter school may enroll children who reside outside the school district but within 2 miles of the charter school if the charter school is located within an area that the sponsor determines includes a high percentage of children who are at risk.

➥ If more pupils described in this subsection who are eligible apply for enrollment than the number of spaces available, the charter school shall determine which applicants to enroll pursuant to this subsection on the basis of a lottery system.

3. Except as otherwise provided in subsection 7, a charter school shall not accept applications for enrollment in the charter school or otherwise discriminate based on the:

(a) Race;

(b) Gender;

(c) Religion;

(d) Ethnicity; or

(e) Disability,

➥ of a pupil.

4. If the governing body of a charter school determines that the charter school is unable to provide an appropriate special education program and related services for a particular disability of a pupil who is enrolled in the charter school, the governing body may request that the board of trustees of the school district of the county in which the pupil resides transfer that pupil to an appropriate school.

5. Except as otherwise provided in this subsection, upon the request of a parent or legal guardian of a child who is enrolled in a public school of a school district or a private school, or a parent or legal guardian of a homeschooled child, the governing body of the charter school shall authorize the child to participate in a class that is not otherwise available to the child at his school or home school or participate in an extracurricular activity at the charter school if:

(a) Space for the child in the class or extracurricular activity is available; ~~[and]~~

(b) The parent or legal guardian demonstrates to the satisfaction of the governing body that the child is qualified to participate in the class or extracurricular activity ~~[.]~~ ***; and***

(c) The child is a homeschooled child, a notice of intent of a homeschooled child to participate in programs and activities is filed for the child with the school district in which the child resides for the current school year pursuant to section 5.5 of this act.

A charter school shall not authorize such a child to participate in a class or activity through a program of distance education provided by the charter school pursuant to NRS 388.820 to 388.874, inclusive.

6. The governing body of a charter school may revoke its approval for a child to participate in a class or extracurricular activity at a charter school pursuant to subsection 5 if the governing body determines that the child has failed to comply with applicable statutes, or applicable rules and regulations. If the governing body so revokes its approval, neither the governing body nor the charter school is liable for any damages relating to the denial of services to the child.

7. ***The governing body of a charter school may, before authorizing a homeschooled child to participate in a class or extracurricular activity pursuant to subsection 5, require proof of the identity of the child, including, without limitation, the birth certificate of the child or other documentation sufficient to establish the identity of the child.***

8. This section does not preclude the formation of a charter school that is dedicated to provide educational services exclusively to pupils:

(a) With disabilities;

(b) Who pose such severe disciplinary problems that they warrant a specific educational program, including, without limitation, a charter school specifically designed to serve a single gender that emphasizes personal responsibility and rehabilitation; or
