THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Delete existing sections 1 through 12 of this bill and replace with the following new sections 1 through 6:

Section 1. **NRS 332.380 is hereby amended to read as follows:**

332.380 1. A performance contract must provide that all payments, other than any obligations that become due if the contract is terminated before the contract expires, must be made over time.

2. Except as otherwise provided in this subsection, a performance contract, and the payments provided thereunder, may extend beyond the fiscal year in which the performance contract becomes effective for costs incurred in future fiscal years. The performance contract may extend for a term not to exceed ~~[15]~~ ***20*** years. The length of a performance contract may reflect the useful life of the operating cost-savings measure being installed or purchased under the performance contract.

3. The period over which payments are made on a performance contract must equal the period over which the operating cost savings are amortized. Payments on a performance contract must not commence until the operating cost-savings measures have been installed by the qualified service company.

Sec. 2. **NRS 333A.0902 is hereby amended to read as follows:**

333A.0902 In connection with any installment-purchase contract or lease-purchase contract entered into to finance a performance contract, the Board may:

1. Grant a security interest in any property that is the subject of the installment-purchase contract or lease-purchase contract and execute an instrument to evidence such a security interest, including, without limitation, a deed of trust, a leasehold interest deed of trust, a mortgage or a financing agreement.

2. Offer certificates of participation.

3. If the installment-purchase contract or lease-purchase contract involves an improvement to property owned by the State of Nevada or the using agency, enter into a lease of the property to which the improvement will be made and any property that is adjacent to that property if the installment-purchase contract or lease-purchase contract:

(a) Except as otherwise provided in NRS 333A.0916, has a term of not more than ~~[15]~~ ***20*** years beyond the date on which construction of the work required by the installment-purchase contract or lease-purchase contract is completed; and

(b) Provides for rental payments that approximate the fair market rental of the property before the improvement is made, as determined by the Board at the time the parties enter into the lease, which must be paid if the installment-purchase contract or lease-purchase contract terminates before the expiration of the lease because the Legislature fails to appropriate money for payments due pursuant to the installment-purchase contract or lease-purchase contract.

➥ A lease entered into pursuant to this subsection may provide for nominal rental payments to be paid pursuant to the lease before the installment-purchase contract or lease-purchase contract terminates.

4. Enter into any other agreement, contract or arrangement that the Board determines would be beneficial to the purpose of the installment-purchase contract or lease-purchase contract, including, without limitation, contracts for professional services, trust indentures, paying agent agreements and contracts of insurance.

Sec. 3. **NRS 333A.100 is hereby amended to read as follows:**

333A.100 1. Notwithstanding any provision of this chapter to the contrary, a performance contract entered into pursuant to this chapter does not create a debt for the purposes of Section 3 of Article 9 of the Nevada Constitution.

2. Except as otherwise provided in this section, the term of a performance contract may extend beyond the biennium in which the contract is executed, provided that the performance contract contains a provision which states that all obligations of the State under the performance contract are extinguished at the end of any fiscal year if the Legislature fails to provide an appropriation to the using agency for the ensuing fiscal year for payments to be made under the performance contract. If the Legislature fails to appropriate money to a using agency for a performance contract, there is no remedy against the State, except that if a security interest in any property was created pursuant to the performance contract, the holder of such a security interest may enforce the security interest against that property. Except as otherwise provided in NRS 333A.0916, the term of a performance contract must not exceed ~~[15]~~ ***20*** years after the date on which the work required by the performance contract is completed.

3. The length of a performance contract may reflect the useful life of the operating cost-savings measure being installed or purchased under the performance contract.

Sec. 4. **NRS 338.190 is hereby amended to read as follows:**

338.190 1. Before it begins to construct or renovate any occupied public building which is larger than 20,000 square feet, each agency of the State or a political subdivision, district, authority, board or public corporation of the State shall obtain a detailed analysis of the cost of operating and maintaining the building for its expected useful life.

2. The analysis must:

(3) Use of types of energy which are alternatives to fossil fuels, such as active and passive applications of solar energy, wind and geothermal energy ~~[.]~~ ***and***

(4) Use of ground-source geothermal heat pumps,

➥ which can be included in the building in its construction or renovation.

3. The agency of government which proposes to construct or renovate the occupied public building must consider the results of the analysis required by this section in deciding upon the type of construction or renovation and the components and systems which will be included in the building. The agency of government shall consider the use of types of energy which are alternatives to fossil fuels and any other energy conservation measures identified in the analysis into the design of the building if it is determined to be in the best interest of the State.

4. The agency of government may select, through the bidding process, a contractor to conduct the analysis required pursuant to this section. If a contractor is selected to conduct the analysis, any contract for the purchase, lease or rental of cost-saving measures must provide that all payments, other than any obligations that become due if the contract is terminated before the contract expires, be made from the cost savings.

5. As used in this section, "occupied public building" means a public building used primarily as an office space or work area for persons employed by an agency of the State or a political subdivision, district, authority, board or public corporation of the State. The term does not include a public building used primarily as a storage facility or warehouse or for similar purposes.

Sec. 5. **Chapter 396 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. The Nevada Integrated Design Laboratories Fund is hereby created.

2. The money in the Fund must be used by the Nevada Small Business Development Center to support the establishment and operations of two Nevada Integrated Design Laboratories, one located in northern Nevada and one located in southern Nevada.

4. The interest and income earned on the money in the Fund must, after deducting any applicable charges, be credited to the Fund.

5. The money in the Fund remains in the Fund and does not revert to the State General Fund at the end of any fiscal year.

6. As used in this section, "Nevada Small Business Development Center" means the Nevada Small Business Development Center established by the System in cooperation with the United States Small Business Administration or any entity established as a successor to the Nevada Small Business Development Center.

Assembly Bill No. 529.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 476.

AN ACT relating to the State Fire Marshal; clarifying that, with certain exceptions, regulations adopted by the State Fire Marshal concerning building codes do not apply in certain larger counties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Fire Marshal is required to enforce all laws and adopt regulations relating, in pertinent part, to the safety, access, means and adequacy of exit in case of fire from certain buildings used by the public. (NRS 477.030) In accordance with this duty, the State Fire Marshal has adopted by reference in regulation the ***International Building Code***, 2003 edition, Volumes 1 and 2, with certain changes. (NAC 477.281, 477.283) Although the regulations adopted by the State Fire Marshal apply throughout the State, the State Fire Marshal is only authorized under existing law to enforce those regulations: (1) with respect to buildings owned or occupied by the State; and (2) in counties whose population is less than 100,000 other than consolidated municipalities (currently counties other than Clark and Washoe Counties and Carson City). In counties whose population is 100,000 or more (currently Clark and Washoe Counties and Carson City), the local jurisdictions in those counties are required to enforce the regulations of the State Fire Marshal except if a local jurisdiction in such a county requests the State Fire Marshal to perform such enforcement. (NRS 477.030) Existing law also authorizes the governing body of a city or county to adopt building codes and authorizes boards of county commissioners to regulate all matters relating to the construction, maintenance and safety of buildings, structures and property within the county. (NRS 244.3675, 268.413, 278.580)

This bill makes the regulations adopted by the State Fire Marshal concerning building codes inapplicable in a county whose population is 400,000 or more (currently Clark County) **if** that **county** has adopted a ~~[building code,]~~ **code at least as stringent as the edition of the *International Fire Code* most recently published,** except with respect to buildings owned or occupied by the State and public schools and except in a local jurisdiction in such a county in which the State Fire Marshal is requested to enforce those regulations by the chief executive officer of the jurisdiction.

ASSEMBLY PROCEEDINGS 1451

THE SEVENTY-FIFTH DAY

CARSON CITY (Friday), April 20, 2007

Assembly called to order at 11:10 a.m.

Madam Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Rabbi Jacob Benzaquen.

Our Lord, God and Rock of all Ages, who rules all universes, infinite and awesome beyond praise and description; source of all blessing, bless our great country and the great state of Nevada—for its government, legislature, leaders, and for all who exercise just and rightful authority.

Creator of all and who renews creation day after day, revive and renew our spirits and souls as they have been sorely tested these last few days. Grant peace to the families and friends who lost their loved ones in Virginia, who passed like grass which flourished for a day. Heal us, O Lord, and we shall he healed, God of healing. Be merciful to us, O God, for it is only with You where we can truly take refuge. We shall take shelter under your wings until calamities have passed. You are good to all and compassionate to all creatures. Teach us to use all of our days that we may attain a heart of wisdom

Psalm 15: "O Lord, who shall dwell in your sanctuary? Who shall abide upon Your holy mountain? He who lives integrity, does what is right, and speaks the truth in his heart; who has no slander upon their tongue, who does no evil to his fellow man, and bitterness he not places on his neighbor. In his eyes, a vile person is abhorred, but he honors those who revere the Lord. He takes an oath, even to his own harm and does not change. He does not lend money at usurious interest; he does not take a bribe against the innocent. Whoever does these, shall stand firm forever. And let us say:

AMEN.

Pledge of allegiance to the Flag.

Assemblyman Oceguera moved that further reading of the Journal be dispensed with, and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Assembly Bill No. 139.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 540.

AN ACT relating to local governmental administration; **authorizing boards of county commissioners to apply for and accept certain rights over federal lands and to indemnify the Federal Government in connection with rights granted over those federal lands;** providing for the disposition of excess payments made to a county recorder; revising provisions relating to the appointment and oath of deputy sheriffs; **exempting the sheriff of a county whose population is 400,000 or more from the requirement to attend in person or by deputy all sessions in district court in that county; authorizing boards of county commissioners to delegate authority to approve certain claims for refunds of charges or fees paid to county departments of aviation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes boards of county commissioners to apply for and accept grants of rights-of-way, permits, leases and patents over federal lands within the National Forest System pursuant to certain federal laws. (NRS 244.277) Section 1 of this bill adds the Southern Nevada Public Lands Management Act of 1998, Public Law 105-263, to the list of federal laws concerning lands with respect to which boards of county commissioners may apply for and accept such land rights. Section 1 of this bill also authorizes boards of county commissioners to indemnify the United States in connection with such land rights.

Under existing law, a county recorder collects various fees. (NRS 247.305) Section ~~[1]~~ **2** of this bill provides that if a fee collected by a county recorder exceeds by $5 or less the amount required by law to be paid, the county recorder is required to deposit the overpayment with the county treasurer for credit to the county general fund. If the overpayment is more than $5, the county recorder is required to refund the entire amount of the overpayment.

Existing law authorizes a sheriff to appoint, in writing, deputy sheriffs and requires each deputy sheriff to take an oath to discharge his duties. (NRS 248.040) Section ~~[2]~~ **3** of this bill changes the office where the oath and written appointment of a deputy sheriff must be officially retained from the county auditor to the county recorder. Under existing law, the oaths and written appointments of deputies of many county elected officers are recorded with the county recorder or their respective counties. (NRS 246.030, 247.040, 249.060, 250.060, 252.070, 253.025, 258.060)

Existing law requires each county sheriff to attend in person or by deputy all sessions of the district court in that county. (NRS 248.100) Section 4 of this bill exempts the sheriff of a county whose population is 400,000 or more (currently Clark County) from that requirement.

Existing law authorizes boards of county commissioners to delegate to the county manager, the county administrator or, in counties without a manager or administrator, any other county employee the authority to approve certain claims for refunds of registration fees or deposits paid to the county department of parks and recreation. (NRS 354.240) Section 5 of this bill authorizes boards of county commissioners to delegate to the same types of county officials or employees the authority to approve certain claims for refunds of registration fees or deposits paid to the county department of aviation.

Legislative Counsel's Digest:

Under existing law, the Task Force for the Fund for a Healthy Nevada ~~[allocates itself,]~~ **makes allocations,** or reserves for allocation or expenditure by the Department of Health and Human Services or the Aging Services Division of that Department, certain percentages of money in the Fund for a Healthy Nevada for certain programs and services. (NRS 439.630) Section 3 of this bill eliminates the role of the ~~[Aging Services Division]~~ **Task Force** in making allocations of money from the Fund ~~[concerning programs relating to senior citizens]~~ and requires the ~~[Task Force]~~ **Department** to make such allocations itself.

Section 3 of this bill revises the percentages of revenues deposited in the Fund that are required to be allocated for ~~[prescription drugs, pharmaceutical services and other benefits for senior citizens and for]~~ prescription drugs and pharmaceutical services for persons with disabilities . ~~[, from 30 percent and 2.5 percent, respectively, to a combined total of 25 percent.]~~ Section 3 also revises the percentages of revenues deposited in the Fund that are required to be expended for programs to assist ~~[senior citizens and]~~ persons with disabilities to live independently . ~~[from 30 percent (minus $350,000) and 7.5 percent, respectively, to a combined total of 50 percent (minus $200,000).]~~

Section 3 of this bill ~~[reduces from 20 percent to 10 percent the revenues allocated for programs relating to tobacco use and]~~ requires that the money **allocated for programs relating to tobacco use** be expended with a particular emphasis on programs that prevent the use of tobacco by children. Section 3 also requires the ~~[Task Force]~~ **Department** to allocate 5 percent of the revenues deposited in the Fund to collect data, conduct research, perform assessments of needs and conduct evaluations concerning the allocations made by the ~~[Task Force.]~~ **Department.** The remaining 10 percent of the revenues deposited in the Fund is allocated under existing law for programs that improve health services for children, and section 3 requires that the money be expended with a particular emphasis on oral health.

~~[Finally, section 3 of this bill removes the requirement that the Interim Finance Committee approve a proposed allocation from the Fund which would be used to expand or augment an existing state program.]~~

Existing law establishes a program to provide subsidies for senior citizens and persons with disabilities for the cost of prescription drugs and pharmaceutical services and, for senior citizens, other benefits, including, without limitation, dental and vision benefits. (NRS 439.635-439.690, 439.705-439.795) Sections **3,** 4 and 5 of this bill specifically add hearing aids and other hearing devices to the list of benefits available for both senior citizens and persons with disabilities pursuant to these programs. ~~[Section 5 also makes]~~ **Sections 3 and 5 also make** persons with disabilities eligible for the same additional benefits for which senior citizens are currently eligible under existing law, including, without limitation, dental and vision benefits. This bill also allows **certain** veterans to receive such benefits if they qualify as a senior citizen or person with a disability . ~~[even if the veteran receives benefits or services for the same purpose from another source.]~~

The Grants Management Advisory Committee provides assistance to the Department in the allocation and administration of certain grants administered by the Department. (NRS 232.383, 232.385) Section 6.3 of this bill increases the membership of the Advisory Committee.

Section 6.7 of this bill repeals the Task Force for the Fund for a Healthy Nevada.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 362.

AN ACT relating to criminal procedure; providing for annual evaluations and the **discharge or** conditional release of a person who is committed to the custody of the Administrator of the Division of Mental Health and Developmental Services of the Department of Health and Human Services after an acquittal by reason of insanity in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a court to order a person who is acquitted by reason of insanity committed to the custody of the Administrator of the Division of Mental Health and Developmental Services of the Department of Health and Human Services if the court determines that there is clear and convincing evidence that the person is mentally ill. (NRS 175.539) Existing law provides that such a person committed to the custody of the Administrator is generally subject to the same procedures upon commitment as a person who is committed to the custody of the Administrator because he is incompetent to stand trial. (NRS 175.539, 178.400-178.460)

~~[Section 2 of this bill requires the Administrator or his designee to conduct annual evaluations of a person who is acquitted by reason of insanity while he is in the custody of the Administrator. Section 2 allows a person who is committed after an acquittal by reason of insanity to petition the court for~~

~~conditional release if the Administrator reports that the person is no longer mentally ill or does not present a danger to himself or others. The court may order the conditional release of the person if, after a hearing on the petition, the court determines that conditional release is in the best interest of the person and will not be detrimental to the public welfare. The Division must conduct periodic evaluations of a person granted conditional release as specified by the court. Section 2 authorizes the court to return a person to the custody of the Administrator if the person violates any condition of his release or if the court determines that the person presents a clear and present danger of harm to himself or others.]~~

Sections 4-13 of this bill establish the procedures governing the discharge or conditional release of a person who is committed to the custody of the Administrator following an acquittal by reason of insanity. Section 10 provides that such a person is eligible for discharge or conditional release from custody if he establishes by a preponderance of the evidence that he would not be a danger, as a result of any mental disorder, to himself or others. Section 11 provides that an initial hearing to determine whether a person is eligible for discharge or conditional release must be held not later than 60 days after the person has been committed to the custody of the Administrator, except in certain circumstances. Not later than 21 days before this hearing and annually thereafter, the Administrator shall prepare a report concerning the condition of the person and provide a copy of it to the person, his attorney, the prosecuting attorney and the court. Section 12 provides that if a person is not discharged or conditionally released from the custody of the Administrator following his initial hearing, the person may petition annually for a discharge or conditional release. Section 12 further provides that the Division may petition for a discharge or conditional release at any time if the petition is accompanied by the affidavit of a physician or licensed psychologist which states that the person's mental condition has improved since the most recent hearing concerning the discharge or conditional release of the person.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 369.

AN ACT relating to local governmental finances; authorizing the financing of projects by a local government through the issuance of commercial paper; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the issuance of various types of municipal securities pursuant to the Local Government Securities Law. (NRS 350.500-350.720) Section 3 of this bill amends the Local Government Securities Law to authorize, under certain conditions, the issuance of any of those municipal securities in the form of commercial paper, which is a type of short-term borrowing instrument, and the use of that commercial paper in a manner similar to a short-term revolving line of credit. Sections 2 and 3 of this bill clarify the circumstances under which the governing body of a municipality may designate an agent to sign contracts for the purchase of municipal securities, accept binding bids for municipal securities or fix the rates of interest of municipal securities.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 350.014 is hereby amended to read as follows:

350.014 1. Before any proposal to incur a general obligation debt or levy a special elective tax may be submitted to the electors of a municipality, before any issuance of general obligation bonds pursuant to subsection 4 of NRS 350.020, before entering into an installment-purchase agreement with a term of more than 10 years or, before any other formal action may be taken preliminary to the incurrence of any general obligation debt, the proposed incurrence or levy must receive the favorable vote of two-thirds of the members of the commission of each county in which the municipality is situated.

2. Before the board of trustees of a district organized or reorganized pursuant to chapter 318 of NRS whose population within its boundaries is less than 5,000 incurs a medium-term obligation or otherwise borrows money or issues securities to evidence such borrowing, other than securities representing a general obligation debt or installment-purchase agreements with a term of 10 years or less, the proposed borrowing or issuing of securities must receive the favorable vote of a majority of the members of the commission of each county in which the district is situated.

3. When any municipality other than a general improvement district whose population within its boundaries is less than 5,000 issues any special obligations, it shall so notify in its annual report the commission of each county in which any of its territory is situated.

4. The commission shall not approve any proposal submitted to it pursuant to this section by a municipality:

(a) Which, if the proposal is for the financing of a capital improvement, is not included in its plan for capital improvement submitted pursuant to NRS 350.013, if such a plan is required to be submitted;

(b) If, based upon:

(1) Estimates of the amount of tax revenue from property taxes needed for the special elective tax, or to repay the general obligation debt, and the dates that revenue will be needed, as provided by the municipality;

(2) Estimates of the assessed valuation of the municipality for each of the years in which tax revenue is needed, as provided by the municipality;

(3) The amount of any other required levies of property taxes, as shown on the most recently filed final budgets of each entity authorized to levy property taxes on any property within the municipality submitting the proposal; and

(4) Any other factor the municipality discloses to the commission,

➥ the proposal would result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453, unless the proposal also includes an agreement which complies with NRS 361.457 and which is approved by the governing bodies of all affected municipalities within the area as to how the combined property tax rates will be brought into compliance with the statutory limitation or unless the commission adopts a plan that is approved by the Executive Director of the Department of Taxation pursuant to which the combined property tax rate will be in compliance with the statutory limitation; or

(c) If, based upon the factors listed in subparagraphs (1) to (4), inclusive, of paragraph (b), the proposal will affect the ability of an affected governmental entity to levy the maximum amount of property taxes that it may levy pursuant to NRS 354.59811, unless:

(1) The proposal includes a resolution approving the proposal pursuant to subsection 3 of NRS 350.0135 from each affected governmental entity whose ability to levy property taxes will be affected by the commission's approval of the proposal; or

(2) The commission has resolved all conflicts between the municipality and all affected governmental entities and has approved the increase in property taxes resulting from the proposal pursuant to NRS 350.0135.

5. Except as otherwise provided in subsection 6 ~~,~~ ***or in paragraph (b) of subsection 3 of NRS 350.583,*** if general obligation debt is to be incurred more than 36 months after the approval of that debt by the commission, the governing body of the municipality shall obtain additional approval of the commission before incurring the general obligation debt. The commission shall only approve a proposal that is submitted pursuant to this subsection if, based on the information set forth in paragraph (b) of subsection 4 that is accurate as of the date on which the governing body submits, pursuant to this subsection, its request for approval to the commission:

(a) Incurrence of the general obligation debt will not result in a combined property tax rate in any of the overlapping entities within the county which exceeds the limit provided in NRS 361.453;

(b) The proposal includes an agreement approved by the governing bodies of all affected municipalities within the area as to how the combined tax rates will be brought into compliance with the statutory limitation; or

(c) The commission adopts a plan that is approved by the Executive Director of the Department of Taxation pursuant to which the combined property tax rate will be in compliance with the statutory limitation.

➥ The approval of the commission pursuant to this subsection is effective for 18 months. The governing body of the municipality may renew that approval for successive periods of 18 months by filing an application for renewal with the commission. Such an application must be accompanied by the information set forth in paragraph (b) of subsection 4 that is accurate as of the date the governing body files the application for renewal.

6. The commission may not approve a proposal pursuant to subsection 5 which, based upon the factors listed in subparagraphs (1) to (4), inclusive, of paragraph (b) of subsection 4, will affect the ability of an affected governmental entity to levy the maximum amount of property taxes that it may levy pursuant to NRS 354.59811, unless:

(a) The proposal includes a resolution approving the proposal pursuant to subsection 3 of NRS 350.0135 from each affected governmental entity whose ability to levy property taxes will be affected by the commission's approval of the proposal; or

(b) The commission has resolved all conflicts between the municipality and all affected governmental entities and has approved the increase in property taxes resulting from the proposal pursuant to NRS 350.0135.

7. As used in this section, "affected governmental entity" has the meaning ascribed to it in subsection 9 of NRS 350.0135.

Sec. 2. NRS 350.165 is hereby amended to read as follows:

350.165 1. The governing body of a municipality may, before any sale of bonds, whether by competitive bid or negotiated sale, delegate to the chief administrative officer or chief financial officer of the municipality ***or, if the bonds consist of any securities to which subsection 1 of NRS 350.583 applies, a designated agent,*** the authority to sign a contract for the purchase of the bonds or to accept a binding bid for the bonds subject to the requirements specified by the governing body concerning:

(a) The rate of interest on the bonds;

(b) The dates on which and the prices at which the bonds may be called for redemption before maturity;

(c) The price at which the bonds will be sold; and

(d) The principal amount of the bonds and the amount of principal maturing in any particular year.

2. All terms of the bonds other than:

(a) The rate of interest;

(b) The dates and prices for the redemption of the bonds;

(c) The price for the sale of the bonds;

(d) The principal amount of the bonds; and

(e) The requirements for the principal maturing in particular years,

➥ must be approved by the governing body of the municipality before the bonds are delivered.

3. The final rate of interest, dates and prices of redemption, price for the sale of the bonds, principal amount and the requirements for the principal amount maturing in particular years are not required to be approved by the governing body of the municipality if each of those terms complies with the requirements specified by the governing body before the contract for the purchase of the bonds is signed or the bid for the bonds is accepted.

Sec. 3. NRS 350.583 is hereby amended to read as follows:

350.583 1. The ordinance or resolution authorizing the issuance of any municipal securities ***that bear interest at a variable rate or any securities described in subsection 3,*** or any trust indenture or other instrument appertaining thereto **,** may fix a rate or rates of interest or provide for the determination of the rate or rates from time to time by a designated agent according to the procedure specified in that ordinance or other instrument ~~[.]~~ **,** ***which procedure must include the parameters within which the rate may be fixed by that agent.*** The rate so determined must approximate the rates then being paid for other securities which contain similar provisions and have an equivalent rating. A governing body of a municipality may contract with or select any person to make that determination.

2. A governing body of a municipality may enter into an agreement with a third party for an assurance of payment of the principal of, the interest on, or premiums, if any, due in connection with any municipal securities issued by the governing body. The obligation of the governing body to reimburse that third party for any advances made pursuant to that agreement may be provided in that agreement, recited in those securities or evidenced by another instrument as designated in the ordinance or resolution authorizing the issuance of those securities or any other instrument appertaining thereto. The governing body may assign its rights under that agreement.

3. A municipality may, in accordance with the provisions of this subsection, issue any securities it is otherwise authorized to issue as commercial paper to fund the cost of any project or to refinance any commercial paper or other securities previously issued by that municipality. The term of any commercial paper issued pursuant to this subsection must not exceed 270 days. An agent may be appointed to fix the rates of interest and maturity dates for the commercial paper. ~~*[The program under which the commercial paper is issued must terminate within 6 years if the commercial paper comprises a general obligation of the municipality and within 10 years if the commercial paper comprises a special obligation of the municipality.]*~~ ***Any commercial paper issued pursuant to this subsection may be refunded by any other commercial***

paper or other securities as may be specified in the ordinance or resolution authorizing the issuance of the commercial paper and the program under which the commercial paper is issued, without any further action by the governing body of the municipality or any other governmental entity, subject to the limitations provided in this section and any limitations provided in that ordinance or resolution. The ordinance or resolution authorizing the issuance of the commercial paper and the program under which the commercial paper is issued:

(a) Must state the maximum principal amount of commercial paper that may be outstanding at any time; and

(b) Except as otherwise provided in this paragraph, may provide that any amount of the commercial paper which is issued and subsequently retired and repaid, other than through a refunding with commercial paper issued under the same program, may be reissued in an amount that does not exceed the amount previously issued, without any reauthorization of those obligations, if the proceeds of that reissued commercial paper are used only for the purposes specified in that ordinance or resolution. The authority granted pursuant to this paragraph may be exercised under a program for the issuance of commercial paper that comprises a general obligation of the municipality only if:

(1) The municipality indicates an intention to exercise that authority in the proposal to incur that general obligation debt which it submits to the debt management commission; ~~*[and]*~~

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 486.

AN ACT relating to affordable housing; requiring cities and counties to adopt certain measures to implement a housing plan that is included in a master plan; amending the definition of "affordable housing"; making

various changes to the requirements for a master plan relating to affordable housing; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires planning commissions to adopt master plans and sets forth the requirements for master plans. In certain counties, master plans are required to include housing plans, which must include, in part, a plan for maintaining and developing affordable housing to meet the housing needs of the community. (NRS 278.150, 278.160)

Section 1 of this bill requires the governing body of a city or county, in implementing a plan for maintaining and developing affordable housing to meet the housing needs of the community, to adopt at least three of the following measures: (1) ~~[waiving or reducing]~~ **at the expense of the city or county, as applicable, subsidizing all or part of any** impact fees and fees collected for the issuance of building permits; (2) selling land owned by the city or county to developers exclusively for the development of affordable housing at not more than 10 percent of its appraised value; (3) establishing a trust fund for affordable housing; or (4) establishing a process that expedites the approval of plans and specifications relating to maintaining and developing affordable housing. Section 1 also: (1) requires cities and counties to report annually to the Housing Division of the Department of Business and Industry concerning how such measures assisted the city or county in maintaining and developing affordable housing; and (2) authorizes the Division to impose a penalty against a city or county that does not make adequate progress in maintaining and developing affordable housing. Section 5 of this bill set forth the formula for determining the amount of any such penalty.

Existing law defines "affordable housing" to mean housing that is affordable for a family with a total gross income less than 110 percent of the median gross income for the county concerned, based upon estimates by the United States Department of Housing and Urban Development of the most current median gross family income for the county. Section 2 of this bill amends the definition of "affordable housing" to mean housing that is affordable for a family with a total gross income that does not exceed 80 percent of the median gross income for the county concerned, based upon estimates by the United States Department of Housing and Urban Development of the most current median gross family income for the county.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 278 of NRS is hereby amended by adding thereto a new section to read as follows:

1. In carrying out a plan for maintaining and developing affordable housing to meet the housing needs of the community, which plan is included in a master plan pursuant to subparagraph (8) of paragraph (e) of

subsection 1 of NRS 278.160, the governing body of a city or county must adopt at least three of the following measures:

(a) ~~[Waiving or reducing]~~ At the expense of the city or county, as applicable, subsidizing in whole or in part impact fees and fees for the issuance of building permits collected pursuant to NRS 278.580.

(b) Selling land owned by the city or county, as applicable, to developers exclusively for the development of affordable housing at not more than 10 percent of the appraised value of the land. Nothing in this paragraph authorizes a city or county to obtain land pursuant to the power of eminent domain for the purposes set forth in this paragraph.

(c) Establishing a trust fund for affordable housing that must be used for the acquisition, construction or rehabilitation of affordable housing.

(d) Establishing a process that expedites the approval of plans and specifications relating to maintaining and developing affordable housing.

2. Assembly Bill No. 517.

Bill read second time.

The following amendment was proposed by the Committee on Elections, Procedures, Ethics, and Constitutional Amendments:

Amendment No. 226.

AN ACT relating to elections; eliminating various obsolete provisions; providing that a voter registration card does not provide proof of the identity, address or residence of a person; revising the definition of "candidate" for the purposes of requirements relating to campaign finance; requiring that the signatures on a petition for an initiative or referendum must be submitted to each county clerk on the same day if circulated in more than one county; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes various references to punch card ballots and the duties of various persons in relation to punch card ballots. (Title 24 of NRS) Sections 1, 3, 4, 7-20, 24-31, 33, 35-48, 50-53 and 57-59 of this bill eliminate these provisions.

Existing law requires a person to furnish proof of identity or residence when filing a declaration or acceptance of candidacy, when registering to vote or when voting in certain circumstances. (NRS 293.177, 293.2725, 293.303, 293.517, 293.541, 293C.185, 293C.292) Sections 2, 5, 6, 21, 22, 32 and 34 of this bill provide that a voter registration card does not provide proof of address, identity or residence.

Existing law requires that a sample ballot be mailed to each registered voter before the period for early voting at an election begins, but not later than 10 days before the election. (NRS 293.565, 293C.530) Sections 23 and 49 of this bill require that the sample ballots be mailed ~~[not later than 10 days]~~ before the period of early voting for the election begins.

Existing law defines the term "candidate" for the purposes of the campaign finance laws to include anyone who has filed a declaration or acceptance of candidacy, anyone whose name appears on an official ballot or anyone who has accepted more than $100. (NRS 294A.005) Section 54 of this bill clarifies that a candidate is anyone who has accepted more than $100, regardless of whether the person has filed a declaration or acceptance of candidacy or whether the name of the person appears on an official ballot.

Existing law requires that all documents submitted to a county clerk for signature verification on a petition for an initiative or referendum must be submitted at the same time. (NRS 295.056) Section 55 of this bill requires that all documents submitted for signature verification on a petition for an initiative or referendum which was circulated in more than one county must be submitted to each county clerk on the same day.

Existing law authorizes the Secretary of State to issue a fictitious address to a person who has been the victim of domestic violence, sexual assault or stalking. (NRS 217.462-217.471) The Secretary of State is authorized to cancel the fictitious address of a person in certain circumstances. (NRS 217.468) Section 56 of this bill provides that the Secretary of State may cancel a fictitious address if the person files a declaration or acceptance of candidacy.

~~[7.]~~ ***6.*** A voter applying to vote early by personal appearance may be challenged pursuant to NRS 293.303.

Sec. 14. NRS 293.359 is hereby amended to read as follows:

293.359 The ballot box for early voting in which voted ballots which are paper ballots ~~[or ballots which are voted by punching a card]~~ are deposited must have two numbered seals, and must be designed and constructed so that the box can be sealed to detect any unauthorized opening of the box and that the ballot slot can be sealed to prevent any unauthorized deposit in the box. The seals for the boxes must be serially numbered for each election.

Sec. 15. NRS 293.3602 is hereby amended to read as follows:

293.3602 If paper ballots ~~[or ballots which are voted by punching a card]~~ are used during the period for early voting by personal appearance:

1. Each voting day during that period, the ballots voted at the permanent or temporary polling place may be removed from the ballot box and neatly stacked in a container that is sealed with a numbered seal after the ballots are stacked inside. The ballot box or sealed container must be delivered by an election board officer to the county clerk's office at the close of each voting day. The seal on the ballot box or container must indicate the number of voted ballots contained in that box or container for that day.

2. When the ballot box or container is delivered pursuant to subsection 1, the county clerk shall provide a new ballot box sealed in the manner prescribed in NRS 293.359.

3. At the close of each voting day before the fourth voting day before the last day to vote early, the county clerk may deliver all ballots voted to the ballot board for early voting. At the close of the fourth voting day before the last day to vote early and at the close of each of the 3 days thereafter, the county clerk shall deliver all ballots voted to the ballot board for early voting. At the close of the last voting day, the county clerk shall deliver to the ballot board for early voting:

(a) Each remaining ballot box and container that holds the ballots voted early by personal appearance;

(b) A voting roster of all persons who voted early by personal appearance; and

(c) Any list of registered voters used in conducting early voting.

4. Upon the receipt of ballots, the board shall:

(a) Remove all ballots from the ballot boxes and containers and sort the ballots by precinct or voting district;

(b) Count the number of ballots by precinct or voting district;

(c) Account for all ballots on an official statement of ballots; and

(d) Place all official ballots in the container provided to transport those items to a central counting place and seal the container with a numbered seal.

The official statement of ballots must accompany the voted ballots to the central counting place.

5. The county clerk shall allow members of the general public to observe the handling of the ballots pursuant to subsections 1 and 4 if those members do not interfere with the handling of the ballots.

Sec. 16. NRS 293.363 is hereby amended to read as follows:

293.363 When the polls are closed, the counting board shall prepare to count the ballots voted. The counting procedure must be public and continue without adjournment until completed. If the ballots are paper ballots **,** ~~[or ballots which are voted by punching a card,]~~ the counting board shall prepare in the following manner:

1. The pollbooks must be compared and errors corrected until the books agree.

2. The container that holds the ballots, or the ballot box must be opened and the ballots contained therein counted by the counting board and opened far enough to ascertain whether each ballot is single. If two or more ballots are found folded together to present the appearance of a single ballot, they must be laid aside until the count of the ballots is completed. If, on comparison of the count with the pollbook, a majority of the inspectors are of the opinion that the ballots folded together were voted by one person, the ballots must be rejected and placed in an envelope, upon which must be written the reason for their rejection. The envelope must be signed by the counting board officers and placed in the container or ballot box after the count is completed.

3. If the ballots in the container or box are found to exceed in number the number of names on the pollbooks, the ballots must be replaced in the container or box, and a counting board officer, with his back turned to the container or box, shall draw out a number of ballots equal to the excess. The excess ballots must be marked on the back thereof with the words "Excess ballots not counted." The ballots when so marked must be immediately sealed in an envelope and returned to the county clerk with the other ballots rejected for any cause.

4. When it has been ascertained that the pollbook and the number of ballots agree with the number of names of registered voters shown to have voted, the board shall proceed to count. If there is a discrepancy between the number of ballots and the number of voters, a record of the discrepancy must be made.

Sec. 17. NRS 293.367 is hereby amended to read as follows:

293.367 1. The basic factor to be considered by an election board when making a determination of whether a particular ballot must be rejected is whether any identifying mark appears on the ballot which, in the opinion of the election board, constitutes an identifying mark such that there is a reasonable belief entertained in good faith that the ballot has been tampered with and, as a result of the tampering, the outcome of the election would be affected.

2. The regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter or chapter 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

(e) When an election board officer rejects a ballot for any alleged defect or illegality, the officer shall seal the ballot in an envelope and write upon the envelope a statement that it was rejected and the reason for rejecting it. Each election board officer shall sign the envelope.

~~[(f) In counties where mechanical voting systems are used whereby a vote is cast by punching a card, a superfluous punch into any card does not constitute grounds for rejection of the ballot unless the election board determines that the condition of the ballot justifies its exclusion pursuant to subsection 1.]~~

Sec. 18. NRS 293.3677 is hereby amended to read as follows:

293.3677 1. When counting a vote in an election, if more choices than permitted by the instructions for a ballot are marked for any office or question, the vote for that office or question may not be counted.

2. Except as otherwise provided in subsection 1, in an election in which a paper ballot is used whereby a vote is cast by placing a cross in the designated square on the paper ballot, a vote on the ballot must not be counted unless indicated by a cross in the designated square.

3. ~~[Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by punching a card:~~

~~(a) A chip on the card must be counted as a vote if:~~

~~(1) The chip has at least one corner that is detached from the card; or~~

~~(2) The fibers of paper on at least one edge of the chip are broken in a way that permits unimpeded light to be seen through the card.~~

~~(b) A writing or other mark on the card, including, without limitation, a cross, check, tear or scratch, may not be counted as a vote. The remaining votes on such a card must be counted unless the ballot is otherwise disqualified.~~

~~4.]~~ Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by darkening a designated space on the ballot:

(a) A vote must be counted if the designated space is darkened or there is a writing in the designated space, including, without limitation, a cross or check; and

(b) Except as otherwise provided in paragraph (a), a writing or other mark on the ballot, including, without limitation, a cross, check, tear or scratch may not be counted as a vote.

~~[5.]~~ ***4.*** The Secretary of State:

(a) May adopt regulations establishing additional uniform, statewide standards, not inconsistent with this section, for counting a vote cast by a method of voting described in subsection 2 ~~[, 3 or 4,]~~ ***or 3;*** and

(b) Shall adopt regulations establishing uniform, statewide standards for counting a vote cast by each method of voting used in this State that is not described in subsection 2 ~~[, 3 or 4,]~~ ***or 3,*** including, without limitation, a vote cast on a mechanical recording device which directly records the votes electronically.

Sec. 19. NRS 293.373 is hereby amended to read as follows:

293.373 If paper ballots ~~[or ballots which are voted by punching a card]~~ are used:

1. After the tally lists have been completed, the voted ballots, rejected ballots, tally lists for regular ballots, tally list for rejected ballots, challenge list, stubs of used ballots, spoiled ballots and unused ballots must be sealed under cover by the counting board officers and addressed to the county clerk.

2. The other pollbooks, tally lists and election board register must be returned to the county clerk.

Sec. 20. NRS 293.385 is hereby amended to read as follows:

293.385 1. After 8 a.m. on election day, the counting board, if it is responsible for counting absent ballots, or the absent ballot central counting board shall withdraw from the appropriate ballot boxes or containers all the ballots received the previous day and ascertain that each box or container has the required number of ballots according to the county clerk's absent voters' ballot record.

2. If any absent ballots are received by the county clerk on election day pursuant to NRS 293.316, the county clerk shall deposit the absent ballots in the appropriate ballot boxes or containers.

3. After 8 a.m. on election day, the appropriate board shall count in public the votes cast on the absent ballots.

4. If paper ballots are used, the results of the absent ballot vote in each precinct must be certified and submitted to the county clerk who shall have the results added to the regular votes of the precinct. ~~[If a mechanical voting system is used in which a voter casts his ballot by punching a card which is counted by a computer, the absent ballots may be counted with the regular votes of the precinct.]~~ The returns of absent ballots must be reported separately from the regular votes of the precinct, unless reporting the returns separately would violate the secrecy of a voter's ballot. The county clerks shall develop a procedure to ensure that each ballot is kept secret.

5. Any person who disseminates to the public in any way information pertaining to the count of absent ballots before the polls close is guilty of a misdemeanor.

Sec. 21. NRS 293.517 is hereby amended to read as follows:

293.517 1. Any elector residing within the county may register:

2. The application to register to vote must be signed and verified under penalty of perjury by the elector registering.

3. Each elector who is or has been married must be registered under his own given or first name, and not under the given or first name or initials of his spouse.

5. An elector who registers to vote pursuant to paragraph (a) of subsection 1 shall be deemed to be registered upon the completion of his application to register to vote.

(b) Satisfactory identification that contains proof of the address at which he actually resides and that address is consistent with the address listed on the election board register.

5. If a determination is made pursuant to subsection 1 concerning information in the registration to vote of a voter and an absent ballot or a ballot voted by a voter who resides in a mailing precinct is received from the voter, the ballot must be kept separate from other ballots and must not be counted unless the voter presents satisfactory proof to the county clerk of his identity and residence before such ballots are counted on election day.

6. For the purposes of this section, a voter registration card issued pursuant to NRS 293.517 does not provide proof of the:

293C.359 The ballot box for early voting in which voted ballots which are paper ballots ~~[or ballots which are voted by punching a card]~~ are deposited must have two numbered seals, and must be designed and constructed so that the box can be sealed to detect any unauthorized opening of the box and that the ballot slot can be sealed to prevent any unauthorized deposit in the box. The seals for the boxes must be serially numbered for each election.

Sec. 43. NRS 293C.3602 is hereby amended to read as follows:

293C.3602 If paper ballots ~~[or ballots which are voted by punching a card]~~ are used during the period for early voting by personal appearance:

Sec. 44. NRS 293C.362 is hereby amended to read as follows:

293C.362 When the polls are closed, the counting board shall prepare to count the ballots voted. The counting procedure must be public and continue without adjournment until completed. If the ballots are paper ballots **,** ~~[or ballots that are voted by punching a card,]~~ the counting board shall prepare in the following manner:

1. The pollbooks must be compared and errors corrected until the books agree.

2. The container that holds the ballots ~~[,]~~ or the ballot box must be opened and the ballots contained therein counted by the counting board and opened far enough to determine whether each ballot is single. If two or more ballots are found folded together to present the appearance of a single ballot, they must be laid aside until the count of the ballots is completed. If, on comparison of the count with the pollbook, a majority of the inspectors are of the opinion that the ballots folded together were voted by one person, the ballots must be rejected and placed in an envelope, upon which must be written the reason for their rejection. The envelope must be signed by the counting board officers and placed in the container or ballot box after the count is completed.

3. If the ballots in the container or box are found to exceed the number of names on the pollbooks, the ballots must be replaced in the container or box and a counting board officer shall, with his back turned to the container or box, draw out a number of ballots equal to the excess. The excess ballots

must be marked on the back thereof with the words "Excess ballots not counted." The ballots when so marked must be immediately sealed in an envelope and returned to the city clerk with the other ballots rejected for any cause.

4. When it has been determined that the pollbook and the number of ballots agree with the number of names of registered voters shown to have voted, the board shall proceed to count. If there is a discrepancy between the number of ballots and the number of voters, a record of the discrepancy must be made.

Sec. 45. NRS 293C.367 is hereby amended to read as follows:

293C.367 1. The basic factor to be considered by an election board when making a determination of whether a particular ballot must be rejected is whether any identifying mark appears on the ballot which, in the opinion of the election board, constitutes an identifying mark such that there is a reasonable belief entertained in good faith that the ballot has been tampered with and, as a result of the tampering, the outcome of the election would be affected.

2. Regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter, chapter 293 or 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

(e) When an election board officer rejects a ballot for any alleged defect or illegality, the officer shall seal the ballot in an envelope and write upon the envelope a statement that it was rejected and the reason for rejecting it. Each election board officer shall sign the envelope.

~~[(f) In cities where mechanical voting systems are used whereby a vote is cast by punching a card, a superfluous punch into any card does not constitute grounds for rejection of the ballot unless the election board determines that the condition of the ballot justifies its exclusion pursuant to subsection 1.]~~

Sec. 46. NRS 293C.369 is hereby amended to read as follows:

293C.369 1. When counting a vote in an election, if more choices than permitted by the instructions for a ballot are marked for any office or question, the vote for that office or question may not be counted.

2. Except as otherwise provided in subsection 1, in an election in which a paper ballot is used whereby a vote is cast by placing a cross in the designated square on the paper ballot, a cross in the designated square must be counted as a vote.

3. ~~[Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by punching a card:~~

~~(a) A chip on the card must be counted as a vote if:~~

~~(1) The chip has at least one corner that is detached from the card; or~~

~~(2) The fibers of paper on at least one edge of the chip are broken in a way that permits unimpeded light to be seen through the card.~~

~~(b) A writing or other mark on the card, including, without limitation, a cross, check, tear or scratch, may not be counted as a vote. The remaining votes on such a card must be counted unless the ballot is otherwise disqualified.~~

~~4.]~~ Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by darkening a designated space on the ballot:

(a) A vote must be counted if the designated space is darkened or there is a writing in the designated space, including, without limitation, a cross or check; and

(b) Except as otherwise provided in paragraph (a), a writing or other mark on the ballot, including, without limitation, a cross, check, tear or scratch may not be counted as a vote.

~~[5.]~~ ***4.*** The Secretary of State:

(a) May adopt regulations establishing additional uniform, statewide standards, not inconsistent with this section, for counting a vote cast by a method of voting described in subsection 2 ~~[, 3 or 4,]~~ ***or 3;*** and

(b) Shall adopt regulations establishing uniform, statewide standards for counting a vote cast by each method of voting used in this State that is not described in subsection 2 ~~[, 3 or 4,]~~ ***or 3,*** including, without limitation, a vote cast on a mechanical recording device which directly records the votes electronically.

Sec. 47. NRS 293C.375 is hereby amended to read as follows:

293C.375 If paper ballots ~~[or ballots which are voted by punching a card]~~ are used:

1. After the tally lists have been completed, the voted ballots, rejected ballots, tally lists for regular ballots, tally list for rejected ballots, challenge list, stubs of used ballots, spoiled ballots and unused ballots must be sealed under cover by the counting board officers and addressed to the city clerk.

2. The other pollbooks, tally lists and ***the*** election board register must be returned to the city clerk.

Sec. 48. NRS 293C.385 is hereby amended to read as follows:

293C.385 1. After 8 a.m. on election day, the counting board, if it is responsible for counting absent ballots, or the absent ballot central counting board shall withdraw from the appropriate ballot boxes or containers all the ballots received the previous day and determine whether each box or container has the required number of ballots according to the city clerk's absent voters' ballot record.

2. If any absent ballots are received by the city clerk on election day pursuant to NRS 293C.317, the city clerk shall deposit the absent ballots in the appropriate ballot boxes or containers.

3. After 8 a.m. on election day, the appropriate board shall count in public the votes cast on the absent ballots.

4. If paper ballots are used, the results of the absent ballot vote in each precinct must be certified and submitted to the city clerk, who shall have the results added to the regular votes of the precinct. ~~[If a mechanical voting system is used in which a voter casts his ballot by punching a card that is counted by a computer, the absent ballots may be counted with the regular votes of the precinct.]~~ The returns of absent ballots must be reported separately from the regular votes of the precinct, unless reporting the returns separately would violate the secrecy of a voter's ballot. The city clerks shall develop a procedure to ensure that each ballot is kept secret.

5. Any person who disseminates to the public information relating to the count of absent ballots before the polls close is guilty of a misdemeanor.

Sec. 49. NRS 293C.530 is hereby amended to read as follows:

5. If a person requests a sample ballot in large type, the city clerk shall ensure that all future sample ballots mailed to that person from the city are in large type.

6. The city clerk shall include in each sample ballot a statement indicating that the city clerk will, upon request of a voter who is elderly or disabled, make reasonable accommodations to allow the voter to vote at his polling place and provide reasonable assistance to the voter in casting his vote, including, without limitation, providing appropriate materials to assist the voter. In addition, if the city clerk has provided pursuant to subsection 4 of NRS 293C.281 for the placement at centralized voting locations of specially equipped voting devices for use by voters who are elderly or disabled, the city clerk shall include in the sample ballot a statement indicating:

Assembly Bill No. 535.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 243.

AN ACT relating to gaming; revising the provisions governing which persons are required to register as gaming employees; providing that foreign limited-liability companies and foreign limited partnerships may obtain state gaming licenses; revising the provisions governing the acquisition or disposition of certain interests in **certain corporations,** limited-liability companies and limited partnerships; prohibiting certain acts involving counterfeit wagering instruments and counterfeit promotional items; making various other changes pertaining to gaming; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Gaming Control Board is required to maintain and make available to every licensee a list of persons who have been denied a license, been found unsuitable or had a license or finding of suitability revoked by the Nevada Gaming Commission. (NRS 463.165, 463.167, 463.645) Sections 1, 5, 6 and 22 of this bill reorganize the provisions pertaining to that list and provide that a person whose name is on the list may apply to have his name removed from the list no earlier than 5 years after his license was denied, he was found unsuitable or his license or finding of suitability was revoked.

Independent agents who reside in Nevada are currently required to register as independent agents pursuant to the regulations adopted by the Nevada Gaming Commission and are additionally required to register as gaming employees pursuant to statute, whereas independent agents who reside outside Nevada are required only to register as independent agents. (NRS 463.335; Regulation 25 of the Nevada Gaming Commission) Sections ~~[1-5]~~ **2-4, 7 and 8** of this bill remove the requirement that independent agents who reside in Nevada must register as gaming employees. Section ~~[1]~~ 2 also provides that persons involved in the process of registration of gaming

employees and persons directly involved in the manufacture, repair or distribution of gaming devices and other systems and equipment must be registered as gaming employees.

Section 9 of this bill revises the existing provisions pertaining to disputes involving patrons and licensees to make those provisions apply to the award or distribution of cash, prizes, benefits, tickets or any other item or items in a game, tournament, contest, drawing, promotion or similar activity or event. (NRS 463.362)

Sections ~~[6-8, 10 and 13]~~ **10-12, 15 and 18** of this bill revise existing law to allow foreign limited-liability companies and limited partnerships to obtain state gaming licenses. (NRS 463.564, 463.5731)

Sections ~~[9, 11, 12, 14 and 15]~~ **13, 14, 16, 17, 19 and 20** of this bill require holding companies **and intermediary companies** for **certain corporations,** limited-liability companies and limited partnerships to seek administrative approval for the acquisition or disposition of certain interests in such entities. Existing law is also amended to provide that such acquisitions or dispositions are void if not approved as required, rather than ineffective. (NRS 463.5665, 463.567, 463.57325, 463.5733)

Existing law provides that each person who acquires, directly or indirectly, beneficial ownership of any voting security in a publicly traded corporation which is registered with the Commission may be required to be found suitable if the Commission has reason to believe that his acquisition of that ownership would otherwise be inconsistent with the declared policy of this State. (NRS 463.643) Section 21 of this bill provides that a person may also be required to be found suitable if the person acquires beneficial or record ownership of any non-voting security in such a corporation.

Section ~~[16]~~ **22** of this bill makes the provisions concerning unsuitable and unlicensed persons associated with certain business entities consistent with other statutory provisions by expressly stating that such persons may not receive remuneration, enter into a contract or be employed by any licensee or affiliate of a licensee. (NRS 463.165, 463.166, 463.645)

Sections ~~[17]~~ **23** and ~~[19]~~ **25** of this bill provide that persons in Nevada may place pari-mutuel wagers on horse racing in other states and foreign countries where such wagering is legal.

Section ~~[18]~~ **24** of this bill amends the existing prohibition against the use of counterfeit wagering instruments to make unlawful the possession, sale or manufacture of such counterfeit wagering instruments. (NRS 465.080) Section ~~[18]~~ **24** also prohibits the possession, use, sale or manufacture of counterfeit promotional items.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Any contract or agreement for personal services or for the conduct of any activity at the licensed gaming establishment between a gaming licensee or an affiliate of the licensee and a person terminated pursuant to subsection 3 is subject to termination. Every such agreement shall be deemed to include a provision for its termination without liability on the part of the licensee or affiliate upon a finding by the Commission that the person is unsuitable to be associated with a gaming enterprise. Failure expressly to include that condition in the agreement is not a defense in any action brought pursuant to this section to terminate the agreement.

5. A gaming licensee or an affiliate of the licensee shall not, without the prior approval of the Commission, enter into any contract or agreement with a person who is found unsuitable or who is denied a license or whose license is revoked by the Commission, ~~[and whose name has been placed on the list maintained pursuant to subsection 8,]~~ or with any business enterprise that the licensee knows or under the circumstances reasonably should know is under the control of that person after the date of receipt of notice of the action by the Commission. Sec. 6. **NRS 463.167 is hereby amended to read as follows:**

463.167 1. A licensee is not responsible for the accuracy or completeness of any application for registration or renewal of registration as a gaming employee or any change of employment notice.

~~[6.]~~ ***5.*** The Board shall immediately conduct an investigation of each person who files an application for registration or renewal of registration as a

gaming employee to determine whether he is eligible for registration as a gaming employee. In conducting the investigation, two complete sets of the applicant's fingerprints must be submitted to the Central Repository for Nevada Records of Criminal History for:

(a) A report concerning the criminal history of the applicant; and

(b) Submission to the Federal Bureau of Investigation for a report concerning the criminal history of the applicant.

➥ The investigation need not be limited solely to consideration of the results of the report concerning the criminal history of the applicant. The fee for processing an application for registration or renewal of registration as a gaming employee may be charged only to cover the actual investigative and administrative costs related to processing the application and the fees charged by the Central Repository for Nevada Records of Criminal History and the Federal Bureau of Investigation to process the fingerprints of an applicant pursuant to this subsection.

~~[7.]~~ ***6.*** Upon receipt of a change of employment notice, the Board may conduct any investigations of the gaming employee that the Board deems appropriate to determine whether the gaming employee may remain registered as a gaming employee. The filing of a change of employment notice constitutes an application for registration as a gaming employee, and if the Board, after conducting its investigation, suspends or objects to the continued registration of the gaming employee, the provisions of subsections ~~[11 to 17,]~~ ***10 to 16,*** inclusive, apply to such suspension by or objection of the Board. No fee may be charged by the Board to cover the actual investigative and administrative costs related to processing a change of employment notice.

~~[8.]~~ ***7.*** Except as otherwise prescribed by regulation of the Commission, an applicant for registration or renewal of registration as a gaming employee is deemed temporarily registered as a gaming employee as of the date a complete application for registration or renewal of registration is submitted to the licensee for which he will commence or continue working as a gaming employee. Unless objected to by the Board or suspended or revoked, the initial registration of an applicant as a gaming employee expires 5 years after the date employment commences with the applicable licensee **.** ~~[or, in the case of an independent agent, 5 years after the date he contracts with an applicable licensee.]~~ Any subsequent renewal of registration as a gaming employee, unless objected to by the Board or suspended or revoked, expires 5 years after the expiration date of the most recent registration or renewal of registration of the gaming employee.

~~[9.]~~ ***8.*** If, within 120 days after receipt by the Board of a complete application for registration or renewal of registration as a gaming employee, including classifiable fingerprints, or a change of employment notice, the Board has not notified the applicable licensee of any suspension or objection, the applicant shall be deemed to be registered as a gaming employee. A

complete application for registration or renewal of registration as a gaming employee is composed of:

(a) The fully completed form for application for registration as a gaming employee prescribed in subsection 3;

(b) Two complete sets of the fingerprints of the applicant, unless directly forwarded electronically or by another means to the Central Repository for Nevada Records of Criminal History;

(c) The fee for processing the application for registration or renewal of registration as a gaming employee prescribed by the Board pursuant to subsection ~~[6,]~~ ***5,*** unless otherwise prescribed by regulation of the Commission; and

(d) A completed statement as prescribed in subsections 1 and 2 of NRS 463.3351.

➥ If the Board determines after receiving an application for registration or renewal of registration as a gaming employee that the application is incomplete, the Board may suspend the temporary registration as a gaming employee of the applicant who filed the incomplete application. An applicant whose temporary registration is suspended shall not be eligible to work as a gaming employee until such time as he files a complete application.

~~[10.]~~ ***9.*** A person who is temporarily registered or registered as a gaming employee is eligible for employment in any licensed gaming establishment in this State until such registration is objected to by the Board, expires or is suspended or revoked. The Commission shall adopt regulations to:

(a) Establish uniform procedures for the registration of gaming employees;

(b) Establish uniform criteria for objection by the Board of an application for registration; and

(c) Provide for the creation and maintenance of a system of records that contain information regarding the current place of employment of each person who is registered as a gaming employee and each person whose registration as a gaming employee has expired, was objected to by the Board, or was suspended or revoked. The system of records must be accessible by:

(1) Licensees for the limited purpose of complying with subsection 2; and

(2) The Central Repository for Nevada Records of Criminal History for the limited purpose of complying with NRS 179D.570.

~~[11.]~~ ***10.*** If the Board, within the 120-day period prescribed in subsection ~~[9,]~~ ***8,*** notifies:

(a) The applicable licensee; and

(b) The applicant,

➥ that the Board suspends or objects to the temporary registration of an applicant as a gaming employee, the licensee shall immediately terminate the applicant from employment or reassign him to a position that does not require registration as a gaming employee. The notice of suspension or objection by the Board which is sent to the applicant must include a

statement of the facts upon which the Board relied in making its suspension or objection.

~~[12.]~~ ***11.*** Any person whose application for registration or renewal of registration as a gaming employee has been suspended or objected to by the Board may, not later than 60 days after receiving notice of the suspension or objection, apply to the Board for a hearing. A failure of a person whose application has been objected to or suspended to apply for a hearing within 60 days or his failure to appear at a hearing of the Board conducted pursuant to this section shall be deemed to be an admission that the suspension or objection is well-founded, and the failure precludes administrative or judicial review. At the hearing, the Board shall take any testimony deemed necessary. After the hearing, the Board shall review the testimony taken and any other evidence, and shall, within 45 days after the date of the hearing, mail to the applicant its decision sustaining or reversing the suspension or the objection to the registration of the applicant as a gaming employee.

~~[13.]~~ ***12.*** The Board may suspend or object to the registration of an applicant as a gaming employee for any cause deemed reasonable by the Board. The Board may object to or suspend the registration if the applicant has:

(a) Failed to disclose or misstated information or otherwise attempted to mislead the Board with respect to any material fact contained in the application for registration as a gaming employee;

(b) Knowingly failed to comply with the provisions of this chapter or chapter 463B, 464 or 465 of NRS or the regulations of the Commission at a place of previous employment;

(c) Committed, attempted or conspired to commit any crime of moral turpitude, embezzlement or larceny or any violation of any law pertaining to gaming, or any crime which is inimical to the declared policy of this State concerning gaming;

(d) Committed, attempted or conspired to commit a crime which is a felony or gross misdemeanor in this State or an offense in another state or jurisdiction which would be a felony or gross misdemeanor if committed in this State and which relates to the applicant's suitability or qualifications to work as a gaming employee;

(e) Been identified in the published reports of any federal or state legislative or executive body as being a member or associate of organized crime, or as being of notorious and unsavory reputation;

(f) Been placed and remains in the constructive custody of any federal, state or municipal law enforcement authority; or

(g) Had registration as a gaming employee revoked or committed any act which is a ground for the revocation of registration as a gaming employee or would have been a ground for revoking registration as a gaming employee if the applicant had then been registered as a gaming employee.

➥ If the Board registers or does not suspend or object to the registration of an applicant as a gaming employee, it may specially limit the period for

which the registration is valid, limit the job classifications for which the registered gaming employee may be employed and establish such individual conditions for the renewal and effectiveness of the registration as the Board deems appropriate, including required submission to unscheduled tests for the presence of alcohol or controlled substances. ***If a gaming employee fails to comply with any limitation or condition placed on the effectiveness of his registration as a gaming employee, notwithstanding any other provision of this section, the Board may object to his registration. If the Board objects to his registration, the provisions regarding the continued effectiveness of the registration and the review of the objection set forth in subsections 10 to 16, inclusive, apply, including, without limitation, the requirement to notify the applicable licensee about the objection.***

~~[14.]~~ ***13.*** Any applicant aggrieved by the decision of the Board may, within 15 days after the announcement of the decision, apply in writing to the Commission for review of the decision. Review is limited to the record of the proceedings before the Board. The Commission may sustain, modify or reverse the Board's decision. The decision of the Commission is subject to judicial review pursuant to NRS 463.315 to 463.318, inclusive.

~~[15.]~~ ***14.*** The Chairman of the Board may designate a member of the Board or the Board may appoint a hearing examiner and authorize that person to perform on behalf of the Board any of the following functions required of the Board by this section concerning the registration or renewal of registration of gaming employees:

(a) Conducting a hearing and taking testimony;

(b) Reviewing the testimony and evidence presented at the hearing;

(c) Making a recommendation to the Board based upon the testimony and evidence or rendering a decision on behalf of the Board to sustain or reverse the suspension of or the objection to the registration of an applicant as a gaming employee; and

(d) Notifying the applicant of the decision.

~~[16.]~~ ***15.*** Notice by the Board as provided pursuant to subsections 1 to ~~[15,]~~ ***14,*** inclusive, is sufficient if it is mailed to the applicant's last known address as indicated on the application for registration as a gaming employee or the record of the hearing, as the case may be. The date of mailing may be proven by a certificate signed by an officer or employee of the Board which specifies the time the notice was mailed. The notice shall be deemed to have been received by the applicant 5 days after it is deposited with the United States Postal Service with the postage thereon prepaid.

~~[17.]~~ ***16.*** Except as otherwise provided in this subsection, all records acquired or compiled by the Board or Commission relating to any application made pursuant to this section, all lists of persons registered as gaming employees, all lists of persons suspended or objected to by the Board and all records of the names or identity of persons engaged in the gaming industry in this State are confidential and must not be disclosed except in the proper administration of this chapter or to an authorized law enforcement agency.

Upon receipt of a request from the Division of Welfare and Supportive Services of the Department of Health and Human Services pursuant to NRS 425.400 for information relating to a specific person who has applied for registration as a gaming employee or is registered as a gaming employee, the Board shall disclose to the Division his social security number, residential address and current employer as that information is listed in the files and records of the Board. Any record of the Board or Commission which shows that the applicant has been convicted of a crime in another state must show whether the crime was a misdemeanor, gross misdemeanor, felony or other class of crime as classified by the state in which the crime was committed. In a disclosure of the conviction, reference to the classification of the crime must be based on the classification in the state where it was committed.

~~[18.]~~ ***17.*** If the Central Repository for Nevada Records of Criminal History, in accordance with the provisions of NRS 179D.570, provides the Board with the name and other identifying information of a registered gaming employee who is not in compliance with the provisions of chapter 179D of NRS, the Board shall notify the person that, unless he provides the Board with verifiable documentation confirming that he is currently in compliance with the provisions of chapter 179D of NRS within 15 days after receipt of such notice, the Board shall, notwithstanding any other provisions of this section, conduct a hearing for the purpose of determining whether the registration of the person as a gaming employee must be suspended for noncompliance with the provisions of chapter 179D of NRS.

~~[19.]~~ ***18.*** Notwithstanding any other provisions of this section, if a person notified by the Board pursuant to subsection ~~[18]~~ ***17*** does not provide the Board, within the 15 days prescribed therein, with verifiable documentation establishing that he is currently in compliance with the provisions of chapter 179D of NRS, the Chairman of the Board shall, within 10 days thereof, appoint a hearing examiner to conduct a hearing to determine whether the person is, in fact, not in compliance with the provisions of chapter 179D of NRS. The hearing examiner shall, within 5 days after the date he is appointed by the Chairman, notify the person of the date of the hearing. The hearing must be held within 20 days after the date on which the hearing examiner is appointed by the Chairman, unless administratively extended by the Chairman for good cause. At the hearing, the hearing examiner may take any testimony deemed necessary and shall render a decision sustaining or reversing the findings of the Central Repository for Nevada Records of Criminal History. The hearing examiner shall notify the person of his decision within 5 days after the date on which the decision is rendered. A failure of a person to appear at a hearing conducted pursuant to this section shall be deemed to be an admission that the findings of the hearing examiner are well-founded.

~~[20.]~~ ***19.*** If, after conducting the hearing prescribed in subsection ~~[19,]~~ ***18,*** the hearing examiner renders a decision that the person who is the subject of the hearing:

(a) Is not in compliance with the provisions of chapter 179D of NRS, the Board shall, notwithstanding any other provisions of this section:

(1) Suspend the registration of the person as a gaming employee;

(2) Notify the person to contact the Central Repository for Nevada Records of Criminal History to determine the actions that he must take to be in compliance with the provisions of chapter 179D of NRS; and

(3) Notify the licensee for which the person is employed as a gaming employee, in the manner prescribed in subsection ~~[21,]~~ ***20,*** that the Board has suspended the registration of the person as a gaming employee and that the licensee must immediately terminate the person from employment or reassign him to a position that does not require registration as a gaming employee.

Assembly Bill No. 579.

Bill read second time.

The following amendment was proposed by the Select Committee on Corrections, Parole, and Probation:

Amendment No. 379.

AN ACT relating to crimes; revising provisions relating to the registration of and community notification concerning sex offenders and certain offenders convicted of a crime against a child; **providing a penalty;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

In 2006, the federal "Adam Walsh Child Protection and Safety Act of 2006" ("the Act") was enacted to protect the public by establishing a comprehensive national system for the registration of sex offenders and offenders against children which includes, without limitation, the establishment of a uniform nationwide system for the registration of and community notification concerning such offenders. (42 U.S.C. §§ 16901 et seq.) In furtherance of this purpose, the Act requires each state to enact laws regarding the registration of and community notification concerning sex offenders and offenders convicted of a crime against a child which conform to the provisions of the Act. (42 U.S.C. § 16912) States which do not enact such laws by the date provided in the Act may not receive certain federal funds. (42 U.S.C. §§ 16924-16925)

Existing law requires all sex offenders and offenders convicted of a crime against a child to register with certain local law enforcement agencies. (NRS 179D.230, 179D.240, 179D.450, 179D.460) Section 27 of this bill adds a new requirement that each such offender register for the first time before he is released from prison or, if he is not imprisoned for the offense, within 3 days after he is sentenced for the offense. Existing law requires an offender to appear in person at a local law enforcement agency to notify the appropriate agencies of any change in his address and to provide updated information to certain agencies. (NRS 179D.250, 179D.470) Section 28 of

this bill expands this duty to apply when there is a change to certain other information contained in an offender's registration record. Existing law requires each offender to mail a verification form to the Central Repository for Nevada Records of Criminal History each year to verify the information in his registration record. (NRS 179D.260, 179D.480) Section 40 of this bill removes this annual requirement and instead requires each offender to appear in person at a local law enforcement agency to register at least once every 90 days, every 180 days or every year, depending on whether the offender is designated as a Tier I, Tier II or Tier III offender.

Existing law provides that, under certain circumstances, an offender may petition for termination of his duty to register. (NRS 179D.270, 179D.490) Section 41 of this bill revises existing law to further restrict which offenders may petition for termination of the duty to register.

Existing law provides for community notification of sex offenders depending upon whether the sex offender is designated as a Tier 1, Tier 2 or Tier 3 sex offender. (NRS 179D.600-179D.800) Such designation is based upon an assessment of the sex offender's risk of recidivism, with Tier 1 sex offenders being the least likely to reoffend and Tier 3 sex offenders being the most likely to reoffend. (NRS 179D.720, 179D.730) The assessment must be conducted in compliance with the guidelines and procedures for community notification established by the Attorney General. Sections 31-42 of this bill revise existing law to require that all sex offenders and offenders convicted of a crime against a child be subject to community notification regardless of their designated tier level. Section 56 of this bill repeals the existing tier levels and the existing laws concerning the guidelines and procedures for community notification established by the Attorney General. (NRS 179D.710, 179D.720, 179D.730) Sections 22-24 of this bill establish three new tiers for registration and community notification for all sex offenders and offenders convicted of a crime against a child. The determination as to which tier level an offender is assigned is based upon the specific crime committed by the offender.

Section 13 of this bill revises provisions regarding the content and format of the community notification website maintained by the Department of Public Safety to ensure compliance with the requirements of federal law. (NRS 179B.250) **Section 10.5 of this bill provides a new criminal penalty, not required by the Act, for any person who uses information obtained from the community notification website to commit a crime.**

The Act provides that the new uniform system of registration and community notification does not apply to certain offenses which involve consensual sexual conduct. Section 46 of this bill amends existing law to exclude such offenses from the new registration and community notification requirements.

The Act prospectively repeals certain provisions of federal law concerning sex offenders who are designated "sexually violent predators." For consistency with the Act, section 56 of this bill repeals existing state laws

which apply to sexually violent predators. (NRS 179D.055, 179D.060, 179D.360, 179D.370, 179D.380, 179D.420, 179D.430, 179D.510, 179D.530) The Act also provides that the new uniform system of registration and community notification applies to juveniles who are at least 14 years of age and who have been adjudicated delinquent for committing certain sexual offenses. Section 56 of this bill repeals certain existing state laws which are inconsistent with such provisions of the federal law. (NRS 62A.050, 62F.210, 62F.230, 62F.240, 62F.250, 179D.800) Sections 16-21 of this bill reenact certain provisions of existing law to restructure chapter 179D of NRS as a result of the changes to the chapter as a result of this bill.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 529.

AN ACT relating to administrators of facilities for long-term care; providing for the reinstatement of expired licenses for administrators of a residential facility for groups or nursing facility administrators; requiring the payment of a fee for reinstatement; requiring the Nevada State Board of

Examiners for Administrators of Facilities for Long-Term Care to make reasonable efforts to notify licensees of license renewal requirements and license expirations; revising provisions governing the authority of the Board to take disciplinary action against a person who holds a license; authorizing the Board to proceed with certain investigations, actions or disciplinary proceedings against persons with expired licenses; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensing of administrators of facilities for long-term care. (NRS 654.140-654.180) The license of a nursing facility administrator or an administrator of a residential facility for groups expires 2 years after it was issued unless it is renewed. (NRS 654.170) Section ~~[1.]~~ **2** of this bill requires the Nevada State Board of Examiners for Administrators of Facilities for Long-Term Care to reinstate a license that expired if the person who held the license pays a fee and fulfills certain other requirements. Section ~~[1.]~~ **2** also requires the Board to make reasonable efforts to notify a person who holds a license that renewal of a license is coming due and to notify a person if the license held by the person expired.

Under existing law, the Board may impose an administrative fine of not more than $2,500 on a person who holds a license and may suspend or revoke a license for various violations. (NRS 654.190) Section ~~[2.]~~ **3** of this bill increases the maximum amount of the administrative fine that the Board may impose to not more than $5,000 and authorizes the Board to recover reasonable investigative fees and costs, to place conditions on a license and to place a person who holds a license on probation. Section ~~[2.]~~ **3** also adds violations which would subject a person who holds a license to disciplinary action by the Board and provides that the expiration of a license or the voluntary surrender of a license does not deprive the Board of jurisdiction to continue disciplinary proceedings against the person who held the license.

Existing law authorizes the reinstatement of a suspended license of an administrator of a residential facility for groups if a majority of the members of the Board vote in favor of the reinstatement. (NRS 654.195) Section ~~[3.]~~ **4** of this bill additionally authorizes reinstatement of the license if the person who held the license reapplies for the license and the Board determines that the person meets the requirements for the issuance of a license.

4. In addition to any fine or benefit penalty imposed pursuant to this section, the Administrator may assess against an insurer who violates any regulation concerning the reporting of claims expenditures or premiums received that are used to calculate an assessment, an administrative penalty of up to twice the amount of any underpaid assessment.

➥ the Administrator shall impose an administrative fine of not more than $15,000.

Motion carried.

SECOND READING AND AMENDMENT

Assembly Bill No. 518.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 469.

AN ACT relating to telecommunication service; revising provisions governing the regulation of certain incumbent local exchange carriers; revising provisions governing the regulation of competitive suppliers of telecommunication service; allowing for greater competition among various telecommunication providers; repealing provisions governing the plan of

alternative regulation and PAR carriers; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Public Utilities Commission of Nevada to regulate public utilities that provide telecommunication service to the public. With regard to local telephone service, each service territory has an incumbent local exchange carrier that has an obligation to serve the customers within that particular territory. If no other telecommunication provider is authorized to serve the customers in that particular territory, the incumbent local exchange carrier essentially has a monopoly with regard to local telephone service. (Chapter 704 of NRS)

To foster competition in the local telephone market, existing law allows the Commission to establish a plan of alternative regulation (PAR), whereby an incumbent local exchange carrier may elect to become a PAR carrier under a regulatory scheme which allows flexibility of pricing for certain competitive, discretionary and deregulated services. Under the PAR regulatory scheme, the PAR carrier is allowed to sell such services under less regulated conditions, and other telecommunication providers, known as competitive suppliers, have the opportunity to compete with the PAR carrier in the local telephone market. However, as the incumbent local exchange carrier, the PAR carrier generally retains its obligations as the provider of last resort of basic telephone service and must ensure that such telephone service remains available at affordable rates to the customers within its service territory. (NRS 704.040, 704.68904-704.68984)

This bill repeals the PAR regulatory scheme and replaces it with a regulatory scheme that is intended to promote more competition in the local telephone market. Under this bill, all telecommunication providers, with the exception of certain small-scale providers of last resort, are classified as competitive suppliers. This bill reduces the regulatory authority of the Commission over such competitive suppliers and provides for greater flexibility of pricing with regard to most components of local telephone service, including basic telephone service.

This bill also ~~[allows]~~ **requires the Commission to adopt regulations establishing the terms, conditions and procedures under which: (1)** an incumbent local exchange carrier ~~[to]~~ **may** be excused from its obligations as the provider of last resort ~~[under certain limited circumstances.]~~ **; and (2) those obligations may be reinstated. The regulations must also establish the manner of giving prior notice and the terms of any bond necessary to protect consumers and ensure continuity of basic telephone service when a provider other than an incumbent local exchange carrier intends to terminate or discontinue such service.**

Finally, to maintain the availability of telephone service to rural, insular and high-cost areas, this bill requires the Commission to continue to levy and collect a uniform and equitable assessment from all telecommunication providers. The proceeds of the assessment must be used to reimburse

providers of last resort so that they are able to provide telephone service to rural, insular and high-cost areas.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Sec. 37. NRS 704.100 is hereby amended to read as follows:

704.100 Except as otherwise provided in NRS 704.075 and [~~704.68904 to 704.68984,~~] ***sections 18 to 30,*** inclusive, ***of this act*** or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 ***:*** [~~or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:~~]

1. A public utility shall not make changes in any schedule, unless the public utility:

(a) Files with the Commission an application to make the proposed changes and the Commission approves the proposed changes pursuant to NRS 704.110; or

(b) Files the proposed changes with the Commission using a letter of advice in accordance with the provisions of subsection 5.

2. A public utility shall adjust its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8 of NRS 704.110 based on changes in the public utility's recorded costs of natural gas purchased for resale.

3. A public utility shall post copies of all proposed schedules and all new or amended schedules in the same offices and in substantially the same form, manner and places as required by NRS 704.070 for the posting of copies of schedules that are currently in force.

4. A public utility may not set forth as justification for a rate increase any items of expense or rate base that previously have been considered and disallowed by the Commission, unless those items are clearly identified in the application and new facts or considerations of policy for each item are advanced in the application to justify a reversal of the prior decision of the Commission.

5. Except as otherwise provided in subsection 6, if the proposed change in any schedule does not change any rate or will result in an increase in annual gross operating revenue, as certified by the public utility, in an amount that does not exceed $2,500:

(a) The public utility may file the proposed change with the Commission using a letter of advice in lieu of filing an application; and

(b) The Commission shall determine whether it should dispense with a hearing regarding the proposed change.

6. If the applicant is a [~~public utility furnishing telephone service~~] ***small-scale provider of last resort*** and the proposed change in any schedule will result in an increase in annual gross operating revenue, as certified by the applicant, in an amount that does not exceed $50,000 or 10 percent of the applicant's annual gross operating revenue, whichever is less, the Commission shall determine whether it should dispense with a hearing regarding the proposed change.

7. In making the determination pursuant to subsection 5 or 6, the Commission shall first consider all timely written protests, any presentation that the Regulatory Operations Staff of the Commission may desire to present, the application of the public utility and any other matters deemed relevant by the Commission.

Sec. 38. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 and [~~704.68904 to 704.68984,~~] ***sections 18 to 30,*** inclusive, ***of this act*** or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 ***:*** [~~or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:~~]

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an application to clear its deferred accounts, the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in [~~subsections 3 and 13,~~] ***subsection 3,*** if a public utility files with the Commission an application to make changes in any schedule, the Commission shall issue a written order approving or disapproving, in whole or in part, the proposed changes [~~:~~

~~(a) For a public utility that is a PAR carrier, not later than 180 days after the date on which the application is filed; and~~

~~(b) For all other public utilities,~~] not later than 210 days after the date on which the application is filed.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for

its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this chapter. An electric utility shall file a general rate application pursuant to this subsection at least once every 24 months based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application on or before October 3, 2005, and at least once every 24 months thereafter.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application on or before November 15, 2006, and at least once every 24 months thereafter.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility which purchases natural gas for resale may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement in addition to the

statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit the public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7 or an application to clear its deferred accounts pursuant to subsection 9, if the public utility is otherwise authorized by those provisions to file such an application.

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility using deferred accounting pursuant to NRS 704.187; or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. If the Commission approves such a request:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment between annual rate adjustment applications. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the

public utility files its written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of natural gas included in each quarterly rate adjustment and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

9. Except as otherwise provided in subsection 10 and subsection 5 of NRS 704.100, if an electric utility using deferred accounting pursuant to NRS 704.187 files an application to clear its deferred accounts and to change one or more of its rates based upon changes in the costs for purchased fuel or purchased power, the Commission, after a public hearing and by an appropriate order:

(a) Shall allow the electric utility to clear its deferred accounts by refunding any credit balance or recovering any debit balance over a period not to exceed 3 years, as determined by the Commission.

(b) Shall not allow the electric utility to recover any debit balance, or portion thereof, in an amount that would result in a rate of return during the period of recovery that exceeds the rate of return authorized by the Commission in the most recently completed rate proceeding for the electric utility.

10. Before allowing an electric utility to clear its deferred accounts pursuant to subsection 9, the Commission shall determine whether the costs for purchased fuel and purchased power that the electric utility recorded in its deferred accounts are recoverable and whether the revenues that the electric utility collected from customers in this State for purchased fuel and purchased power are properly recorded and credited in its deferred accounts. The Commission shall not allow the electric utility to recover any costs for purchased fuel and purchased power that were the result of any practice or transaction that was undertaken, managed or performed imprudently by the electric utility.

11. If an electric utility files an application to clear its deferred accounts pursuant to subsection 9 while a general rate application is pending, the electric utility shall:

(a) Submit with its application to clear its deferred accounts information relating to the cost of service and rate design; and

(b) Supplement its general rate application with the same information, if such information was not submitted with the general rate application.

12. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 and accepted by the Commission for acquisition or construction pursuant to NRS 704.751 and the regulations adopted pursuant thereto shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing such a facility.

13. [~~A PAR carrier may, in accordance with this section and NRS 704.100, file with the Commission a request to approve or change any schedule to provide volume or duration discounts to rates for telecommunication service for an offering made to all or any class of business customers. The Commission may conduct a hearing relating to the request, which must occur within 45 days after the date the request is filed with the Commission. The request and schedule shall be deemed approved if the request and schedule are not disapproved by the Commission within 60 days after the date the Commission receives the request.~~

(a) The local government shall make payments in lieu of and equal to all state and local taxes and franchise fees from which the local government is exempt but for which the public utility would be liable if the public utility was not owned by a governmental entity; and

(b) The Nevada Tax Commission shall, solely for the purpose set forth in this paragraph, annually determine and apportion the assessed valuation of the property of the public utility. For the purpose of calculating any allocation or apportionment of money for distribution among local governments pursuant to a formula required by state law which is based partially or entirely on the assessed valuation of taxable property:

(1) The property of the public utility shall be deemed to constitute taxable property to the same extent as if the public utility was not owned by a governmental entity; and

(2) To the extent that the property of the public utility is deemed to constitute taxable property pursuant to this paragraph:

(I) The assessed valuation of that property must be included in that calculation as determined and apportioned by the Nevada Tax Commission pursuant to this paragraph; and

(II) The payments required by paragraph (a) in lieu of any taxes that would otherwise be required on the basis of the assessed valuation of that property shall be deemed to constitute payments of those taxes.

2. The payments in lieu of taxes and franchise fees required by subsection 1 are due at the same time and must be collected, accounted for and distributed in the same manner as those taxes and franchise fees would be due, collected, accounted for and distributed if the public utility was not owned by a governmental entity, except that no lien attaches upon any

property or money of the local government by virtue of any failure to make all or any part of those payments. The local government may contest the validity and amount of any payment in lieu of a tax or franchise fee to the same extent as if that payment was a payment of the tax or franchise fee itself. The payments in lieu of taxes and franchise fees must be reduced if and to the extent that such a contest is successful.

3. The provisions of this section do not:

(a) Apply to the acquisition by a local government of a public utility owned by another governmental entity, except a public utility owned by another local government for which any payments in lieu of state or local taxes or franchise fees was required before its acquisition as provided in this section.

(b) Require a local government to make any payments in lieu of taxes or franchise fees to the extent that the making of those payments would cause a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.

(c) Require a county to duplicate any payments in lieu of taxes required pursuant to NRS 244A.755.

Sec. 73. NRS 360.830 is hereby amended to read as follows:

360.830 1. Except as otherwise provided in this section, if on or after July 1, 2003, a local government:

(a) Acquires from another entity a public utility that provides water service or sewer service; or

(b) Expands facilities for the provision of water service, sewer service, electric service, natural gas service, [~~telecommunications~~] ***telecommunication*** service or community antenna television service, and the expansion results in the local government serving additional retail customers who were, before the expansion, retail customers of a public utility which provided that service,

➥ the local government shall enter into an interlocal agreement with each affected local government to compensate the affected local government each fiscal year, as nearly as practicable, for the amount of any money from state and local taxes and franchise fees and from payments in lieu of those taxes and franchise fees, and for any compensation from a local government pursuant to this section, the affected local government would be entitled to receive but will not receive because of the acquisition of that public utility or expansion of those facilities as provided in this section.

2. An affected local government may waive any or all of the compensation to which it may be entitled pursuant to subsection 1.

3. The provisions of this section do not require a:

(a) Local government to provide any compensation to an affected local government to the extent that the provision of that compensation would cause

a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or expansion of those facilities, or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.

(b) County to duplicate any compensation an affected local government receives from any payments in lieu of taxes required pursuant to NRS 244A.755.

Amendment No. 470.

SUMMARY—Revises provisions ~~[governing the regulation of]~~ **relating to** community antenna television, cable television , ~~[and other]~~ video service ~~[.]~~ **, Internet service and other information technology.** (BDR 58-1129)

AN ACT relating to ~~[video service;]~~ **information technology;** revising provisions governing the regulation of community antenna television, cable television and other video service; establishing a new regulatory structure for video service providers; requiring the Secretary of State to perform certain duties under the new regulatory structure; limiting the regulatory powers of local governments regarding video service providers; **providing fees; requiring providers of Internet service to offer products or services which enable subscribers to regulate and monitor a child's use of the Internet;** providing remedies and penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill enacts various provisions relating to community antenna television, cable television, video service, Internet service and other information technology.

Under existing law, a local government has the authority to grant local franchises for the operation of a community antenna or cable television system within its jurisdiction. Because each local government has independent authority to grant its own franchises, a cable operator that wants to operate in multiple jurisdictions must negotiate a separate local franchise with each local government. (Chapter 711 of NRS)

To promote competition in the cable industry, the federal Cable Act prohibits a local government from granting an exclusive franchise or unreasonably refusing to grant competitive franchises. The federal Cable Act also prohibits a local government from imposing a franchise fee that exceeds 5 percent of a cable operator's gross revenue. (47 U.S.C. §§ 541, 542)

This bill repeals the existing statutory scheme of regulating video service through local franchises and replaces it with a statutory scheme that is intended to promote more competition in the market for such service. This bill applies to community antenna television companies, cable operators and other video service providers. However, this bill allows an existing franchise

holder to continue operating under its local franchise until that franchise expires.

Under this bill, a video service provider must obtain a certificate of authority from the Secretary of State, which acts as a state-issued franchise to provide video service within the service areas designated in the certificate. This bill establishes various standards and practices for video service providers, including requirements for providing local governments with community access channels for public, educational and governmental programming.

~~[Finally, this]~~ **This** bill preempts most local regulation of video service providers. However, this bill allows a local government to manage the activities of video service providers within any public right-of-way or highway, including inspecting any construction or repair work. This bill also allows a local government to impose a franchise fee that does not exceed 5 percent of a video service provider's gross revenue.

Finally, this bill requires a provider of Internet service to make available to subscribers in this State products or services which enable the subscribers to block, restrict and monitor a child's Internet activities. This bill authorizes the provider to charge a fee to those subscribers who elect to use the products or services. A provider of Internet service that fails to comply with the requirements commits a deceptive trade practice and is subject to civil and administrative remedies and penalties.

(2) Provide video service to the occupants of the real property.

2. This section does not prohibit a purveyor of video service from participating in an agreement for exclusive marketing of video programming and other programming service.

3. As used in this section, "purveyor of video service" means any person who furnishes video service to subscribers in this State using any form of technology or type of facilities, regardless of whether the person:

2. To require the payment of the franchise fee, the governing body of the local government must adopt a nondiscriminatory ordinance or resolution that imposes the franchise fee equally and uniformly on all video service providers operating within the jurisdiction of the local government.

3. The local government shall not require a video service provider to pay a franchise fee for any year in a total amount that exceeds 5 percent of the gross revenue that the provider received during that year from its subscribers within the jurisdiction of the local government.

4. The entire amount of the franchise fee must be paid by a video service provider directly to the local government in legal tender of the United States or in a check, draft or note that is payable in legal tender of the United States.

5. A video service provider may:

If the results of such a review and audit identify an underpayment of the franchise fee in an amount that requires corrective action, the local government may perform a subsequent compliance review and audit to determine whether the video service provider has corrected the underpayment of the franchise fee. The compliance review and audit must be performed not later than 12 months after the date on which the results of the initial review and audit are submitted to the local government.***

2. The ~~[Department of Taxation]~~ local government and the video service provider shall each pay its own costs and fees relating to ~~[the review.~~

Sec. 53. ***"PEG access programming" means noncommercial public, educational and governmental video programming or the capacity for the transmission of such programming.***

Sec. 54. ***For the purposes of sections 48 to 59, inclusive, of this act, a PEG access channel shall be deemed to be "substantially utilized" if at least 12 hours of PEG access programming, excluding any alpha-numeric programming, is videocast on the PEG access channel each calendar day and at least 80 percent of the PEG access programming on each calendar day is nonrepeat locally produced video programming.***

Sec. 54.5. 1. Except as otherwise provided in subsection 2, the provisions of sections 48 to 59, inclusive, of this act do not apply to any existing PEG access channel in service on the effective date of this act.

2. The provisions of sections 48 to 59, inclusive, of this act do not prevent a video service provider from changing the channel number assigned to any PEG access channel, including, without limitation, any existing PEG access channel in service on the effective date of this act. If a video service provider intends to change the channel number assigned to any PEG access channel, the provider:

(a) Shall use good faith efforts to provide the affected local government with written notice of the change, to the extent reasonably practicable, at least 120 days before the date on which the change is to become effective; and

(b) Shall not provide such notice less than 30 days before the date on which the change is to become effective.

Sec. 55. ***Except as otherwise provided in sections 48 to 59, inclusive, of this act, a holder of a certificate is not required to:***

1. Provide any network or channel capacity or free or discounted cable service or other service to any governmental entity or school, library or other public building; or

2. Furnish any funds, services, programming, facilities, staffing or equipment related to the use of PEG access channels or the production or videocasting of PEG access programming.

Sec. 56. ***1. Not sooner than 12 months after the date on which an incumbent cable operator obtains a certificate of authority, the incumbent cable operator may cease providing any network or channel capacity or free or discounted cable service or other service to any governmental entity or school, library or other public building.***

2. If an incumbent cable operator ceases to provide network or channel capacity to a governmental entity, the incumbent cable operator may reclaim for its own purposes the network or channel capacity that was used by the governmental entity unless:

(a) The governmental entity uses the capacity for PEG access programming pursuant to sections 48 to 59, inclusive, of this act; or

(b) The incumbent cable operator and the governmental entity enter into a commercial agreement regarding the rates, terms and conditions for the governmental entity to continue using the network or channel capacity.

Sec. 57. ***1. On or after the date on which a holder of a certificate first provides video service to at least one subscriber within the service area of a local government, the local government may request that the holder provide capacity for PEG access programming on its video service network on any service tier viewed by more than 50 percent of the subscribers in that service area. Within a reasonable period of not less than 120 days after the date on which the local government submits its request, the holder shall provide the local government with such capacity for PEG access programming subject to the provisions of sections 48 to 59, inclusive, of this act.***

2. If a video service provider did not provide capacity for PEG access programming to a local government while operating pursuant to a local franchise, the video service provider shall, after obtaining a certificate of authority, provide capacity for PEG access programming to the local government upon a request made by the local government pursuant to this section.

Sec. 58. ***1. A local government that requests capacity for PEG access programming may require a holder of a certificate to designate:***

(a) Not more than two PEG access channels, if the population within the jurisdiction of the local government is less than 50,000.

(b) Not more than three PEG access channels, if the population within the jurisdiction of the local government is 50,000 or more.

2. The number of PEG access channels set forth in subsection 1 constitutes the total number of PEG access channels that the holder may be required to designate on any single video service network utilizing a single headend or hub office, or on all commonly owned video service networks that share a common headend or hub office, regardless of the number of local governments served from that headend or hub office. If

more than one local government is served by a single or common headend or hub office, the populations within the jurisdictions of all those local governments must be aggregated to determine the total number of PEG access channels under subsection 1.

3. When a local government submits its request for capacity for PEG access programming, the local government must submit information which establishes that each PEG access channel it has requested will be substantially utilized. If one or more of the PEG access channels available under subsection 1 are being used at the headend or hub office when the local government submits its request, the holder is not required to make any of the remaining PEG access channels available to the local government unless the local government submits information which establishes that all existing PEG access channels at the headend or hub office are being substantially utilized.

4. ~~[Whenever]~~ Except as otherwise provided in subsection 5, if a local government does not substantially utilize a PEG access channel made available to it pursuant this section, the holder may reclaim the channel capacity for its own purposes. After reclaiming the channel capacity, if the local government makes a request for restoration of the PEG access channel and submits to the holder information which establishes that the PEG access channel will be substantially utilized, the holder shall restore the PEG access channel to the local government unless, when the request is submitted to the holder, the maximum number of PEG access channels available under subsection 1 are being used at the headend or hub office which serves the local government. If the restoration can be made within the limits of subsection 1, the holder shall restore the PEG access channel to the local government within a reasonable period of not less than 120 days after the date on which the request is submitted to the holder.

5. The provisions of subsection 4 do not apply to the first PEG access channel which is made available to a local government that does not have a PEG access channel in service on the effective date of this act.

Sec. 59. ***1. A local government receiving the benefit of a PEG access channel, or its designee, is responsible for producing the programming of that channel and for providing that programming to the holder of a certificate. The holder is responsible only for the transmission of the programming to subscribers.***

2. A local government, or its designee, shall provide to the holder all programming for a PEG access channel in a manner or form that is:

(a) Capable of being accepted and transmitted by the holder over its video service network without alteration or change in the content or transmission signal; and

(b) Compatible with the technology or protocol utilized by the holder to deliver its video service.

3. A local government shall:

(a) Make the programming for each PEG access channel available in a nondiscriminatory manner to all holders or incumbent cable operators providing video service in the service area of the local government.

(b) Provide all facilities necessary for connectivity to a single PEG access channel distribution point in the service area of the local government, except that the first 200 feet extending from the video service network for the connectivity is the responsibility of the holder.

4. Where necessary and technically feasible, holders or incumbent cable operators shall use reasonable efforts to interconnect their video service networks for the purpose of exchanging PEG access channel programming on mutually acceptable rates, terms and conditions. Interconnection may be accomplished by direct cable microwave link, satellite or other reasonable methods of connection. Holders and incumbent cable operators shall negotiate interconnection in good faith. The person requesting interconnection is responsible for any costs, including, without limitation, signal transmission from the origination point to the point of interconnection.

2. ~~[A community antenna television company as that term is]~~ ***The term does not include a video service provider, as*** defined in ~~[NRS 711.030.]~~ ***section 27 of this act.***

Sec. 90. NRS 354.598818 is hereby amended to read as follows:

354.5989 1. A local government shall not increase any fee for a business license or adopt a fee for a business license issued for revenue or regulation, or both, except as permitted by this section. This prohibition does not apply to fees:

(a) Imposed by hospitals, county airports, airport authorities, convention authorities, the Las Vegas Valley Water District or the Clark County Sanitation District;

(b) Imposed on public utilities for the privilege of doing business pursuant to a franchise;

(c) ***Imposed in compliance with the provisions of section 46 of this act on video service providers for the privilege of doing business pursuant to chapter 711 of NRS;***

(d) For business licenses which are calculated as a fraction or percentage of the gross revenue of the business;

2. The amount of revenue the local government derives or is allowed to derive, whichever is greater, from all fees for business licenses except:

(a) The fees excluded by subsection 1, for the fiscal year ended on June 30, 1991; and

(b) The fees collected for a particular type of business during the immediately preceding fiscal year ending on June 30 that a local government will not collect in the next subsequent fiscal year,

➥ is the base from which the maximum allowable revenue from such fees must be calculated for the next subsequent fiscal year. To the base must be added the sum of the amounts respectively equal to the product of the base multiplied by the percentage increase in the population of the local

government added to the percentage increase in the Consumer Price Index for the year ending on December 31 next preceding the year for which the limit is being calculated. The amount so determined becomes the base for computing the allowed increase for each subsequent year.

3. A local government may not increase any fee for a business license which is calculated as a fraction or percentage of the gross revenue of the business if its total revenues from such fees have increased during the preceding fiscal year by more than the increase in the Consumer Price Index during that preceding calendar year. The provisions of this subsection do not apply to a fee ~~[imposed]~~ ***:***

(a) Imposed in compliance with the provisions of section 46 of this act on video service providers for the privilege of doing business pursuant to chapter 711 of NRS;

(b) Imposed pursuant to NRS 244.348, 268.0973, 268.821 or 269.182 ~~[, or regulated]~~ ***; or***

(c) Regulated pursuant to NRS 354.59881 to 354.59889, inclusive.

4. A local government may submit an application to increase its revenue from fees for business licenses beyond the amount allowable pursuant to this section to the Nevada Tax Commission, which may grant the application only if it finds that the rate of a business license of the local government is substantially below that of other local governments in the State.

5. The provisions of this section apply to a business license regardless of the fund to which the revenue from it is assigned. An ordinance or resolution enacted by a local government in violation of the provisions of this section is void.

6. As used in this section, "fee for a business license" does not include a tax imposed on the revenues from the rental of transient lodging.

Sec. 92. NRS 360.825 is hereby amended to read as follows:

360.825 1. Except as otherwise provided in this section, if on or after July 1, 2003, a local government acquires from another entity a public utility that provides electric service, natural gas service, telecommunications service or community antenna television ***, cable television or other video*** service:

(a) The local government shall make payments in lieu of and equal to all state and local taxes and franchise fees from which the local government is exempt but for which the public utility would be liable if the public utility was not owned by a governmental entity; and

(b) The Nevada Tax Commission shall, solely for the purpose set forth in this paragraph, annually determine and apportion the assessed valuation of the property of the public utility. For the purpose of calculating any allocation or apportionment of money for distribution among local governments pursuant to a formula required by state law which is based partially or entirely on the assessed valuation of taxable property:

(1) The property of the public utility shall be deemed to constitute taxable property to the same extent as if the public utility was not owned by a governmental entity; and

(2) To the extent that the property of the public utility is deemed to constitute taxable property pursuant to this paragraph:

(I) The assessed valuation of that property must be included in that calculation as determined and apportioned by the Nevada Tax Commission pursuant to this paragraph; and

(II) The payments required by paragraph (a) in lieu of any taxes that would otherwise be required on the basis of the assessed valuation of that property shall be deemed to constitute payments of those taxes.

2. The payments in lieu of taxes and franchise fees required by subsection 1 are due at the same time and must be collected, accounted for and distributed in the same manner as those taxes and franchise fees would be due, collected, accounted for and distributed if the public utility was not owned by a governmental entity, except that no lien attaches upon any property or money of the local government by virtue of any failure to make all or any part of those payments. The local government may contest the validity and amount of any payment in lieu of a tax or franchise fee to the same extent as if that payment was a payment of the tax or franchise fee itself. The payments in lieu of taxes and franchise fees must be reduced if and to the extent that such a contest is successful.

3. The provisions of this section do not:

(a) Apply to the acquisition by a local government of a public utility owned by another governmental entity, except a public utility owned by another local government for which any payments in lieu of state or local taxes or franchise fees was required before its acquisition as provided in this section.

(b) Require a local government to make any payments in lieu of taxes or franchise fees to the extent that the making of those payments would cause a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.

(c) Require a county to duplicate any payments in lieu of taxes required pursuant to NRS 244A.755.

Sec. 93. NRS 360.830 is hereby amended to read as follows:

360.830 1. Except as otherwise provided in this section, if on or after July 1, 2003, a local government:

(a) Acquires from another entity a public utility that provides water service or sewer service; or

(b) Expands facilities for the provision of water service, sewer service, electric service, natural gas service, telecommunications service or community antenna television ***, cable television or other video*** service, and the expansion results in the local government serving additional retail customers who were, before the expansion, retail customers of a public utility which provided that service,

➥ the local government shall enter into an interlocal agreement with each affected local government to compensate the affected local government each fiscal year, as nearly as practicable, for the amount of any money from state and local taxes and franchise fees and from payments in lieu of those taxes and franchise fees, and for any compensation from a local government pursuant to this section, the affected local government would be entitled to receive but will not receive because of the acquisition of that public utility or expansion of those facilities as provided in this section.

2. An affected local government may waive any or all of the compensation to which it may be entitled pursuant to subsection 1.

3. The provisions of this section do not require a:

(a) Local government to provide any compensation to an affected local government to the extent that the provision of that compensation would cause a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or expansion of those facilities, or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.

(b) County to duplicate any compensation an affected local government receives from any payments in lieu of taxes required pursuant to NRS 244A.755.

Sec. 94. NRS 361.320 is hereby amended to read as follows:

361.320 1. At the regular session of the Nevada Tax Commission commencing on the first Monday in October of each year, the Nevada Tax Commission shall examine the reports filed pursuant to NRS 361.318 and establish the valuation for assessment purposes of any property of an interstate or intercounty nature used directly in the operation of all interstate or intercounty railroad, sleeping car, private car, natural gas transmission and distribution, water, telephone, scheduled and unscheduled air transport, electric light and power companies, and the property of all railway express companies operating on any common or contract carrier in this State. This valuation must not include the value of vehicles as defined in NRS 371.020.

2. Except as otherwise provided in subsections 3, 4 and 7 and NRS 361.323, the Nevada Tax Commission shall establish and fix the valuation of all physical property used directly in the operation of any such business of any such company in this State, as a collective unit. If the company is operating in more than one county, on establishing the unit valuation for the collective property, the Nevada Tax Commission shall then determine the total aggregate mileage operated within the State and within its several counties and apportion the mileage upon a mile-unit valuation basis. The number of miles apportioned to any county are subject to assessment in that county according to the mile-unit valuation established by the Nevada Tax Commission.

3. After establishing the valuation, as a collective unit, of a public utility which generates, transmits or distributes electricity, the Nevada Tax Commission shall segregate the value of any project in this State for the generation of electricity which is not yet put to use. This value must be assessed in the county where the project is located and must be taxed at the same rate as other property.

4. After establishing the valuation, as a collective unit, of an electric light and power company that places a facility into operation on or after July 1, 2003, in a county whose population is less than 100,000, the Nevada Tax Commission shall segregate the value of the facility from the collective unit. This value must be assessed in the county where the facility is located and taxed at the same rate as other property.

5. The Nevada Tax Commission shall adopt formulas and incorporate them in its records, providing the method or methods pursued in fixing and establishing the taxable value of all property assessed by it. The formulas must be adopted and may be changed from time to time upon its own motion or when made necessary by judicial decisions, but the formulas must in any event show all the elements of value considered by the Nevada Tax Commission in arriving at and fixing the value for any class of property assessed by it. These formulas must take into account, as indicators of value, the company's income and the cost of its assets, but the taxable value may not exceed the cost of replacement as appropriately depreciated.

6. If two or more persons perform separate functions that collectively are needed to deliver electric service to the final customer and the property used in performing the functions would be centrally assessed if owned by one person, the Nevada Tax Commission shall establish its valuation and apportion the valuation among the several counties in the same manner as the valuation of other centrally assessed property. The Nevada Tax Commission shall determine the proportion of the tax levied upon the property by each county according to the valuation of the contribution of each person to the aggregate valuation of the property. This subsection does not apply to a qualifying facility, as defined in 18 C.F.R. § 292.101, which was constructed before July 1, 1997, or to an exempt wholesale generator, as defined in 15 U.S.C. § 79z-5a.

7. A company engaged in a business described in subsection 1 that does not have property of an interstate or intercounty nature must be assessed as provided in subsection 8.

8. All other property, including, without limitation, that of any company engaged in providing commercial mobile radio service, radio or television transmission services or cable television ***or other video*** services, must be assessed by the county assessors, except as otherwise provided in NRS 361.321 and 362.100 and except that the valuation of land and mobile homes must be established for assessment purposes by the Nevada Tax Commission as provided in NRS 361.325.

9. On or before November 1 of each year, the Department shall forward a tax statement to each private car line company based on the valuation established pursuant to this section and in accordance with the tax levies of the several districts in each county. The company shall remit the ad valorem taxes due on or before December 15 to the Department, which shall allocate the taxes due each county on a mile-unit basis and remit the taxes to the counties no later than January 31. The portion of the taxes which is due the State must be transmitted directly to the State Treasurer. A company which fails to pay the tax within the time required shall pay a penalty of 10 percent of the tax due or $5,000, whichever is greater, in addition to the tax. Any amount paid as a penalty must be deposited in the State General Fund. The Department may, for good cause shown, waive the payment of a penalty pursuant to this subsection. As an alternative to any other method of recovering delinquent taxes provided by this chapter, the Attorney General may bring a civil action in a court of competent jurisdiction to recover delinquent taxes due pursuant to this subsection in the manner provided in NRS 361.560.

10. For the purposes of this section, an unscheduled air transport company does not include a company that only uses three or fewer fixed-wing aircraft with a weight of less than 12,500 pounds to provide transportation services, if the company elects, in the form and manner prescribed by the Department, to have the property of the company assessed by a county assessor.

11. As used in this section:

(a) "Company" means any person, company, corporation or association engaged in the business described.

(b) "Commercial mobile radio service" has the meaning ascribed to it in 47 C.F.R. § 20.3, as that section existed on January 1, 1998.

Sec. 95. NRS 372.728 is hereby amended to read as follows:

Sec. 96. NRS 372.734 is hereby amended to read as follows:

The following amendment was proposed by the Committee on Taxation:

Amendment No. 457.

SUMMARY—Revises provisions governing certain exemptions from and refunds of property taxes . ~~[and requirements for the assessment of common-interest communities.]~~ (BDR 32-470)

AN ACT relating to property taxes; revising provisions governing the eligibility of certain veterans for an exemption from taxation **;** ~~[and certain requirements for the assessment of common interest communities;]~~ increasing the maximum amount to which certain senior citizens are entitled as a refund of part of the taxes on their homes; repealing the prospective expiration of an exemption from the taxation of the property of certain apprenticeship programs; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes an exemption from property taxes for a portion of the property of veterans who have served a minimum of 90 continuous days on active duty during certain specified periods. (NRS 361.090) Section 1 of this bill repeals the requirement for the completion of that continuous service during any particular period.

~~[Existing law provides for the assessment of property taxes for a common-interest community on the community units and not on the common elements of the community. (NRS 361.233) Section 2 of this bill revises the applicable statutory definition of those common elements.]~~

Existing law provides for the refund of a portion of the property taxes paid on homes owned by certain senior citizens. (NRS 427A.515) Section 3 of this bill increases the maximum amount of such a refund from $500 to ~~[$750.]~~ **$1,000.**

Existing law prescribes an exemption from property taxes for the property of certain apprenticeship programs and provides for the prospective expiration of that exemption on July 1, 2007. (NRS 361.106) Sections 4 and 5 of this bill repeal the prospective expiration of that exemption.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 361.090 is hereby amended to read as follows:

361.090 1. The property, to the extent of $2,000 assessed valuation, of any actual bona fide resident of the State of Nevada who:

(a) Has served a minimum of 90 continuous days on active duty ***;*** ~~[, who was assigned to active duty at some time between April 21, 1898, and June 15, 1903, or between April 6, 1917, and November 11, 1918, or between December 7, 1941, and December 31, 1946, or between June 25, 1950, and May 7, 1975, or between September 26, 1982, and December 1, 1987, or between October 23, 1983, and November 21, 1983, or between December 20, 1989, and January 31, 1990, or between August 2, 1990, and April 11, 1991, or between December 5, 1992, and March 31, 1994, or between November 20, 1995, and December 20, 1996;]~~

(b) Has served on active duty in connection with carrying out the authorization granted to the President of the United States in Public Law 102-1; or

(c) Has served on active duty in connection with a campaign or expedition for service in which a medal has been authorized by the government of the United States, regardless of the number of days served on active duty,

➥ and who received, upon severance from service, an honorable discharge or certificate of satisfactory service from the Armed Forces of the United States, or who, having so served, is still serving in the Armed Forces of the United States, is exempt from taxation.

2. For the purpose of this section, the first $2,000 assessed valuation of property in which an applicant has any interest shall be deemed the property of the applicant.

3. The exemption may be allowed only to a claimant who files an affidavit with his claim for exemption on real property pursuant to NRS 361.155. The affidavit may be filed at any time by a person claiming exemption from taxation on personal property.

4. The affidavit must be made before the county assessor or a notary public and filed with the county assessor. It must state that the affiant is a bona fide resident of the State of Nevada who meets all the other requirements of subsection 1 and that the exemption is not claimed in any other county in this State. After the filing of the original affidavit, the county assessor shall mail a form for:

(a) The renewal of the exemption; and

5. Persons in actual military service are exempt during the period of such service from filing the annual forms for renewal of the exemption, and the county assessors shall continue to grant the exemption to such persons on the basis of the original affidavits filed. In the case of any person who has

entered the military service without having previously made and filed an affidavit of exemption, the affidavit may be filed in his behalf during the period of such service by any person having knowledge of the facts.

6. Before allowing any veteran's exemption pursuant to the provisions of this chapter, the county assessor shall require proof of status of the veteran, and for that purpose shall require production of an honorable discharge or certificate of satisfactory service or a certified copy thereof, or such other proof of status as may be necessary.

7. If any person files a false affidavit or produces false proof to the county assessor or a notary public and, as a result of the false affidavit or false proof, the person is allowed a tax exemption to which he is not entitled, he is guilty of a gross misdemeanor.

8. Beginning with the 2006-2007 Fiscal Year, the monetary amounts in subsections 1 and 2 must be adjusted for each fiscal year by adding to the amount the product of the amount multiplied by the percentage increase in the Consumer Price Index (All Items) from July 2004 to the July preceding the fiscal year for which the adjustment is calculated. The Department shall provide to each county assessor the adjusted amount, in writing, on or before September 30 of each year.

Sec. 2. ~~[NRS 361.233 is hereby amended to read as follows:~~

Existing law requires the Secretary of State to prepare and make available for public inspection a compilation of certain contributions, loans and expenditures made by certain persons and entities in supporting or opposing a ballot question or candidate. (NRS 294A.400) Section 13 of this bill requires the Secretary of State to include within that compilation the same types of contributions, loans and expenditures if made by a ~~[limited-liability company.]~~ **business entity that is required to register with the Secretary of State pursuant to section 3 of this bill.**

Existing law provides that if a person or entity fails to file a report or registration form as required pursuant to certain sections of chapter 294A of NRS, the person or entity may be subject to a civil penalty recovered in a civil action brought by the Secretary of State in the First Judicial District Court. Amendment No. 586.

SUMMARY—~~[Authorizes the Department of Motor Vehicles to issue special license plates and registration certificates for custom vehicles.]~~ **Exempts certain vehicles from inspection requirements for the control of emissions.** (BDR 43-1185)

AN ACT relating to motor vehicles; ~~[authorizing the Department of Motor Vehicles to issue special license plates and registration certificates for custom vehicles; imposing fees for the issuance of those special license plates;]~~ **exempting replica vehicles from inspection requirements for the control of emissions;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[This bill authorizes the Department of Motor Vehicles to issue special license plates and registration certificates for custom vehicles, which are vehicles manufactured after 1968 to resemble vehicles manufactured before 1968. This bill provides that a custom vehicle which is not used for general transportation may be registered without the payment of the usual registration fees and governmental services tax, instead requiring an owner of a custom vehicle to pay a specific fee for the issuance of the special license plates. This bill exempts a custom vehicle not used for general transportation from vehicle inspection and emission control inspection requirements. An owner of a custom vehicle may elect to use the custom vehicle for general transportation if the full registration fee and governmental services tax is paid and if the vehicle passes required inspections.]~~ **Section 1 of this bill provides that the Department of Motor Vehicles may not register more than 100 replica vehicles per year. Existing law exempts military tactical**

vehicles from the inspection requirements required by chapter 445B of NRS. (NRS 445B.759) Section 3 of this bill defines "replica vehicles" and expands the exemption to apply to replica vehicles as well.

2. For purposes of this section, "replica vehicle" has the meaning ascribed to it in NRS 445B.759.

SECOND READING AND AMENDMENT

Assembly Bill No. 39.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 449.

SUMMARY—Revises ~~[provisions relating to the registration of certain heavier motor vehicles.]~~ **the definition of "special mobile equipment."** (BDR 43-619)

AN ACT relating to motor vehicles; ~~[requiring the Department of Motor Vehicles to set varying dates of registration of certain vehicles registered by the Motor Carrier Division of the Department and certain heavier vehicles; providing for the payment of fees for registration in installments;]~~ **revising the definition of "special mobile equipment";** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections ~~[1, 2 and 4-6 of this bill authorize the Department of Motor Vehicles to set varying dates for the registration of vehicles which weigh over 26,000 pounds or which otherwise must be registered through the Motor Carrier Division of the Department instead of requiring registration for 12 consecutive months beginning the day after the first registration by the owner. (NRS 371.070, 371.080, 482.206, 706.841) Section 3 of this bill allows the Department to establish by regulation dates for installment payments for the registration of motor vehicles in a fleet instead of requiring payment on dates established by statute. (NRS 482.482) Section 7 of this bill provides that the registration requirements become effective on January 1, 2009.]~~ **1-4 of this bill clarify that concrete pumpers, cranes and drill rigs**

with highway-rated tires are not considered special mobile equipment in certain circumstances. Sections 1-4 also require the Department of Motor Vehicles to define, by regulation, "incidentally operated or moved upon a highway" for purposes of those sections of NRS that use the phrase in the definition of "special mobile equipment." Legislative Counsel's Digest:

Under existing law, the Administrator of the Division of Industrial Relations of the Department of Business and Industry is authorized to adopt regulations for mine health and safety. (NRS 512.131) Section 1 of this bill requires the Administrator to adopt regulations ~~[establishing a program for the protection of workers in mines with the potential to emit mercury.~~

~~Under existing law, the State Department of Conservation and Natural Resources is designated as the Air Pollution Control Agency for Nevada. (NRS 445B.205) The State Environmental Commission is authorized to adopt regulations to prevent, abate and control air pollution. (NRS 445B.210) "Air pollution" is defined as the presence of one or more air contaminants in the outdoor atmosphere that tend to injure human health or property, limit visibility or interfere with the enjoyment of life or property. (NRS 445B.115) An air contaminant is any substance discharged into the atmosphere other than water vapor and water droplets. (NRS 445B.110) The emission of mercury into the atmosphere qualifies as an air contaminant. Section 9 of this bill requires a mine operator who is operating a mine that has the potential to emit mercury to monitor and measure mercury emissions from the mine and to make certain reports of mercury emissions to the Department. The Director of the Department will determine which mines have the potential to emit mercury. Section 10 of this bill requires the Department to conduct unannounced visits to mines that have the potential to emit mercury and to measure and make public the quality of ambient air at the mine. Section 11 of this bill requires the Department to impose a limit on mercury emissions for mines with the potential to emit mercury and reduce, to the greatest extent practicable, current levels of mercury emissions by at least 25 percent on or before January 1, 2012.]~~ **as necessary to provide safe and healthful working conditions at mines.**

general public concerning the charges imposed and the quality of services provided by the hospitals in this State.

(NRS 223.560) Section ~~[12]~~ **14** of this bill requires the Director to include on the website a link to the website maintained by the Department of Health and Human Services to provide information to the general public concerning the charges imposed and the quality of services provided by the hospitals in this State.

Section 16 of this bill requires the Department to collect and maintain similar information relating to surgical centers for ambulatory patients. Section 16 also requires the Department to reconcile the data submitted from surgical centers for ambulatory patients with the information submitted by hospitals to ensure that a consumer is able to reasonably compare the two types of medical facility. Section 16 further requires the Department to post this information if the Department is able to adequately reconcile the data submitted.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 150.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 481.

AN ACT relating to controlled substances; ~~[requiring the State Board of Pharmacy to classify certain precursors to methamphetamine as controlled substances which must not be dispensed by a pharmacy without a prescription;]~~ requiring the Office of Court Administrator to apply for federal grants for drug courts; making various other changes pertaining to crimes related to the use or manufacturing of methamphetamine and other controlled

substances; revising various provisions pertaining to nuisances; making various changes relating to lithium metal, sodium metal and anhydrous ammonia; **enacting provisions relating to the sale or transfer of certain precursors to methamphetamine;** providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill makes various changes pertaining to methamphetamine and other controlled substances.

~~[Existing law allows the State Board of Pharmacy to adopt regulations that add or delete substances from the schedules of controlled substances. (NRS 453.146) The Board has designated ephedrine, pseudoephedrine and phenylpropanolamine as controlled substances included on schedule III, but has excluded such substances if they are sold over the counter in packages containing not more than 3 grams of the substances. (NAC 453.530) Sections 4-6 of this bill require the Board to classify all ephedrine, pseudoephedrine and phenylpropanolamine as controlled substances included on schedule III and provide that these substances may not be dispensed without a prescription. (NRS 453.256)]~~

Section 40 of this bill prohibits a person from: (1) selling or transferring in the course of business a product that is a precursor to methamphetamine; or (2) engaging in the business of selling at retail a product that is a precursor to methamphetamine, unless the person is a pharmacy or the holder of a permit which allows the person to sell or transfer products that are precursors to methamphetamine. A person who violates these prohibitions is guilty of a category C felony. To obtain a permit to sell or transfer products that are precursors to methamphetamine, a person must submit an application to the State Board of Pharmacy and pay a fee of $200. The Board must issue a permit to a person if the Board determines, after considering certain factors, that the person will safely and lawfully sell products that are precursors to methamphetamine.

Section 41 of this bill requires a pharmacy or the holder of a permit to: (1) comply with state and federal law concerning the sale and transfer of products that are precursors to methamphetamine; and (2) submit to the Department of Public Safety a quarterly report of the quantity of each purchase and sale or transfer of a product that is a precursor to methamphetamine. If a pharmacy or permit holder does not comply with either of these requirements, section 45 allows the State Board of Pharmacy to take certain disciplinary action against the pharmacy or permit holder.

Section 2 of this bill prohibits the possession or disposition of chemical waste or debris resulting from the manufacture of methamphetamine. Section 3 of this bill prohibits the possession of lithium metal or sodium metal under certain circumstances.

Existing law prohibits a person from possessing certain chemicals with the intent to manufacture or compound a controlled substance other than marijuana. (NRS 453.322) Section 7 of this bill adds lithium metal and sodium metal to the list of prohibited chemicals. Section 7 also prohibits a person from providing such a chemical to another person with the intent that it be used in the manufacturing or compounding of a controlled substance other than marijuana.

Existing law creates the Office of Court Administrator and prescribes the duties of the Court Administrator. (NRS 1.320, 1.360) Section 9 of this bill requires the Court Administrator to apply for any federal grants for the establishment, support or expansion of drug courts and to allocate to the courts any money received.

Existing law provides that a building or place used to unlawfully manufacture a controlled substance is a nuisance, which creates civil liability, and a public nuisance, which is punishable criminally. (NRS 40.140, 202.450, 202.470) Sections 10 and 11 of this bill provide that a building or place that was used to unlawfully manufacture a controlled substance is both a nuisance and a public nuisance if certain activities relating to the decontamination of the building or place have not occurred within a certain period.

Section 12 of this bill provides that a person commits first degree arson if, by knowingly engaging in the manufacture of methamphetamine, the person sets fire to or causes an explosion that damages a dwelling house or personal property that is occupied by one or more persons. Section 13 of this bill provides that a person commits second degree arson if, by knowingly engaging in the manufacture of methamphetamine, the person sets fire to or causes an explosion that damages any abandoned building or structure. Section 14 of this bill provides that a person is guilty of a category B felony if the person commits the theft of certain chemicals that are precursors to controlled substances, regardless of the value of those chemicals.

Sections 21-32 of this bill require the State Department of Agriculture, in consultation with the Department of Public Safety, to certify substances that are added to anhydrous ammonia for the purpose of rendering the anhydrous ammonia unusable or undesirable for the manufacture of methamphetamine. To assist in advising the State Department of Agriculture on the certification of such substances, sections 32 and 33 of this bill create the Anhydrous Ammonia Advisory Committee.

Assembly Bill No. 161.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 516.

AN ACT relating to insurance; making various changes relating to persons licensed or regulated by the Commissioner of Insurance; increasing the maximum annual assessment on member insurers of the Nevada Life and Health Insurance Guaranty Association; revising provisions governing policies of various types of insurance; revising reporting requirements for an insurer that issues a policy of insurance covering the liability of a physician or osteopathic physician; making certain provisions applicable to title insurers, title agents and escrow officers; requiring a motor club to pay an administrative penalty for failing to pay an annual fee to the Commissioner timely; revising provisions governing claims against an insolvent insurer;

making certain provisions applicable to licensed bail agents, bail solicitors, bail enforcement agents and general agents; repealing the requirement that a trustee of a medical savings account file an annual report with the Commissioner; increasing the number of deputies that the Commissioner may appoint; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes certain requirements for business organizations to be licensed as producers of insurance. (NRS 683A.251) Sections ~~[1]~~ **1.3** and 2 of this bill require such a business organization to report to the Commissioner of Insurance when another producer of insurance is authorized to act on its behalf and when such authorization is terminated.

~~[Existing law prohibits insurance fraud. (NRS 686A.290) Section 4 of this bill requires insurers to adopt programs to detect, prevent and prosecute insurance fraud.]~~

Under existing law, insurers are required to be members of the Nevada Life and Health Insurance Guaranty Association. Member insurers are required to pay an annual assessment to the Association. (NRS 686C.240) Section 7 of this bill increases the maximum amount of such an assessment.

Existing law requires that an insurer which issues a policy covering the liability of a physician or osteopathic physician file a report with the Commissioner whenever a claim on the policy is closed. (NRS 690B.260) Section 16 of this bill changes the filing requirement to require that such a report be filed at the end of each calendar quarter on all claims closed during that quarter.

Existing law requires captive insurers to maintain certain levels of unimpaired paid-in capital and unencumbered surplus. (NRS 694C.250, 694C.260) Additionally, certain captive insurers are required to submit to the Commissioner an annual report on their financial condition. Section 19 of this bill increases the required levels of such capital and surplus. Section 23 of this bill applies the reporting requirement of captive insurers to sponsored captive insurers.

Existing law governs the filing of claims against an insurer against which delinquency proceedings have begun. Currently, claims are filed with the receiver and a court determines the validity of the claim. (NRS 696B.330) Existing law establishes classes for the order of priority for distribution of the assets of an insurer to claimants against the insurer. (NRS 696B.420) Section 27 of this bill requires the receiver to determine the validity of a claim and to determine the priority of the claim. If a person objects to the determination of the receiver, the determination may be appealed to a court.

Existing law authorizes the Commissioner to appoint two deputies. Section 31 of this bill authorizes the Commissioner to appoint one additional deputy.

Existing law requires a trustee of a medical savings account to file an annual report with the Commissioner. (NRS 689A.735) Section 32 of this bill repeals that requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 681B.050 is hereby amended to read as follows:**

The reserves must be computed in accordance with regulations adopted from time to time by the Commissioner upon reasonable consideration of the ascertained experience and the character of such kind of business for the purpose of adequately protecting the insured and the solvency of the insurer.

2. Whenever the loss and loss expense experience of the insurer show that reserves, calculated in accordance with those regulations, are inadequate, the Commissioner may require the insurer to maintain additional reserves.

(a) Within 30 days after the addition of an employer to the membership of the association, notify the Commissioner of the addition and:

(1) If the association has not received authority from the Commissioner pursuant to subsection 5 or 6, as applicable, provide to the Commissioner all information and assurances for the new member that were required from each of the original members of the association upon its organization; or

(2) If the association has received authority from the Commissioner pursuant to subsection 5 or 6, as applicable, provide to the Commissioner evidence that is satisfactory to the Commissioner that the new member is a member or associate member of the bona fide trade association as required pursuant to paragraph (a) of subsection 2 of NRS 616B.350, a copy of the indemnity agreement that jointly and severally binds the new member, the other members of the association and the association that is required to be executed pursuant to paragraph (a) of subsection 1 of NRS 616B.353 and any other information the Commissioner may reasonably require to determine whether the amount of security deposited with the Commissioner pursuant to paragraph (d) or (e) of subsection 1 of NRS 616B.353 is sufficient, but such information must not exceed the information required to be provided to the Commissioner pursuant to subparagraph (1);

(b) Notify the Commissioner and the Administrator of the termination or cancellation of the membership of any member of the association within 10 days after the termination or cancellation; and

(c) At the expense of the member whose membership is terminated or cancelled, maintain coverage for that member for ~~[30]~~ ***60*** days after notice is given pursuant to paragraph (b), unless the association first receives notice from the Administrator that the member has:

12. An association is liable for the payment of any compensation required to be paid by a member of the association pursuant to chapters 616A to 616D, inclusive, or chapter 617 of NRS during his period of membership. The insolvency or bankruptcy of a member does not relieve the association of liability for the payment of the compensation.

616B.425 1. The Commissioner may issue an order requiring an association of self-insured public or private employers or a member of the association to cease and desist from engaging in any act or practice found to be in violation of any provision of NRS 616B.350 to 616B.446, inclusive, ***and section 29.5 of this act,*** or any regulation adopted pursuant thereto.

(h) The association or its third-party administrator misappropriates, converts, illegally withholds or refuses to pay any money to which a person is entitled and that was entrusted to the association in its fiduciary capacity.

3. If the Commissioner withdraws the certification of an association of self-insured public or private employers, each employer who is a member of the association remains liable for his obligations incurred before and after the order of withdrawal.

4. Any employer who is a member of an association whose certification is withdrawn shall, on the effective date of the withdrawal, qualify as an employer pursuant to NRS 616B.650.

Legislative Counsel's Digest:

Existing law requires the Director of the Department of Health and Human Services to apply to the Federal Government for a waiver pursuant to the Health Insurance Flexibility and Accountability demonstration initiative to provide certain health care benefits to more residents of Nevada for which matching funds are available from the Federal Government. (NRS 422.2726) Existing law further provides that the waiver is to provide coverage for services to pregnant women whose income is not more than 185 percent of the federally designated level signifying poverty. (NRS 422.2727) Section 1

of this bill increases that income threshold to 200 percent of the federally designated level signifying poverty. Existing law further provides that the waiver is to provide a monthly subsidy of up to $100 toward a policy of insurance purchased by an employee or the spouse of an employee who works for certain small employers if the employee or spouse meet certain requirements. Section 1 requires the Director, if the waiver is authorized only for employees or the spouses of employees who have children, **to establish a program to provide such a subsidy to an employee or spouse of an employee who does not have a child which must** include the subsidy in ~~[its state plan,]~~ **that program,** to the extent that money is available for that purpose, for employees or their spouses who do not have children but would otherwise qualify for the subsidy pursuant to the waiver.

Section 2 of this bill provides an appropriation in the amount of $4,500,000 for each fiscal year of the biennium to pay for the cost of increasing the income threshold for making pregnant women eligible for coverage through the waiver. Section 3 of this bill provides an appropriation in the amount of $6,000,000 for each fiscal year to pay for the cost of providing the subsidy toward a policy of insurance provided to employees or their spouses who do not have children. Section 4 of this bill provides an appropriation in the amount of $4,500,000 for each fiscal year to allow the Department of Health and Human Services to provide insurance to more children through the Children's Health Insurance Program.

Existing law provides that any money remaining in the Health Insurance Flexibility and Accountability Holding Account in the State General Fund at the end of each fiscal year reverts to the Fund for Hospital Care to Indigent Persons and to the State General Fund in equal amounts. (NRS 428.305) Section 5 of this bill provides that any such money that is reverted from the Health Insurance Flexibility and Accountability Holding Account to the Fund for Hospital Care to Indigent Persons at the end of each fiscal year may be used to pay claims for any previous fiscal years.

Assemblywoman Leslie moved the adoption of the amendment.

Amendment adopted.

Bill ordered reprinted, engrossed and to the Concurrent Committee on Ways and Means.

Assembly Bill No. 209.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:

Amendment No. 458.

AN ACT relating to the taxation of property; revising the provisions governing certain exemptions from taxes and appeals by taxpayers; **revising certain requirements for the assessment of common-interest communities;** revising the provisions governing the **calculation of certain**

partial abatements of taxes and the collection of taxes following certain fluctuations in taxable value; **requiring the Committee on Local Government Finance to adopt regulations for the allocation of certain reductions in revenue resulting from the partial abatement of taxes;** providing limitations upon certain requests for the waiver of interest and penalties imposed for the late payment of taxes; repealing the prospective expiration of certain provisions for the funding of accounts for the acquisition and improvement of technology in the offices of county assessors; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires each county assessor to provide certain information regarding property taxes on the Internet. (NRS 361.0445) Section 1 of this bill authorizes a county assessor to disseminate, by additional means, certain information to the public concerning the taxation of property.

Existing law provides an exemption from property taxes for any value added to the assessed value of a building by certain qualified systems that provide heating, cooling or electricity. (NRS 361.079) Section 2 of this bill simplifies the administration of this exemption by removing any calculation of the value of such a qualified system from the determination of the assessed value of a building to which the exemption applies.

Existing law provides partial exemptions from property taxes for the property of surviving spouses, blind persons, veterans, disabled veterans and certain veterans' organizations, and provides for annual increases in those exemptions beginning with the 2006-2007 Fiscal Year based upon the increase in the Consumer Price Index from July 2004. (NRS 361.080, 361.085, 361.090, 361.091, 361.095) Sections 3-7 of this bill provide for the commencement of those annual increases during the 2005-2006 Fiscal Year based upon the increase in the Consumer Price Index from July 2003.

Section 7.5 of this bill provides an exemption from property taxes for certain property held by the Archaeological Conservancy.

Section 8 of this bill repeals a $5,000 limitation on the amount of an exemption from property taxes applicable to the funds, furniture, paraphernalia and regalia of certain lodges and other charitable organizations. (NRS 361.135)

Existing law requires the filing of claims for personal tax exemptions on real property, and the initial claim of an organization for a tax exemption on real property, to be filed on or before June 15. (NRS 361.155) Section 9 of this bill extends that deadline to July 5 for real property acquired after June 15 and before July 1.

Existing law provides for the assessment of property taxes for a common-interest community on the community units and not on the common elements of the community. (NRS 361.233) Section 10 of this bill specifies the methodology for determining the taxable value of a parcel that includes such a community unit and clarifies the definitions of "community unit" and "common elements" for this purpose.

Existing law allows taxpayers to appeal the amount of certain assessments of their property to the State Board of Equalization. (NRS 361.360) Section ~~[10]~~ **11** of this bill limits the effect of a change in assessment resulting from such an appeal to the fiscal year for which the assessment was made.

Under existing law, a property owner may protest the payment of taxes claimed to be in excess of the amount justly due and, if the State Board of Equalization denies relief, commence a legal proceeding in any county of this State to recover any overpayment. (NRS 361.420) Existing law authorizes a property owner to consolidate similar suits regarding property in more than one county into a single legal action. (NRS 361.435) Sections ~~[11 and]~~ **12 and 13** of this bill clarify that these proceedings consist of a judicial review of the decision of the State Board of Equalization and limit the locations where these proceedings may be brought.

Existing law provides for a generally applicable partial abatement of the property taxes levied on property for which an assessed valuation has previously been established or on a remainder parcel of property, based upon the average change in the assessed valuation of property in the county over the last 10 years or twice the increase in the Consumer Price Index for the last year, whichever is greater. (NRS 361.4722) Section 15 of this bill ensures that this partial abatement cannot be less than zero nor greater than 8 percent.

Existing law exempts from certain partial abatements of property taxes certain increases in the taxable value of property following large fluctuations in that value and requires the collection of the resulting taxes due over a period of 3 years. (NRS 361.4725) Section ~~[13]~~ **19** of this bill allows the collection of the amount due in a single year if that amount does not exceed $100 and authorizes the Nevada Tax Commission to exempt from collection any amount which is less than the cost of collection.

Existing law provides formulas for the allocation of reductions in revenue resulting from certain partial abatements of property taxes applicable to property for which the tax rate increases and authorizes the Committee on Local Government Finance to adopt regulations for the administration and interpretation of those formulas. (NRS 361.473, 361.4731, 361.4733) Section 23 of this bill requires the Committee to adopt such regulations as it determines to be appropriate, in accordance with certain specified principles, for the allocation of reductions in revenue resulting from those partial abatements of property taxes. Section 29 of this bill ratifies the regulations previously adopted by the Committee and requires the adoption of additional regulations not later than December 31, 2007. Section 28 of this bill repeals the existing formulas after the adoption of the additional regulations.

Existing law allows a taxpayer to petition the tax receiver for the review of a determination regarding the applicability of certain partial abatements from property taxes. (NRS 361.4734) Section ~~[14]~~ **25** of this bill requires the submission of the petition ~~[within 30 days after the taxpayer has notice of the~~

~~determination.]~~ **on or before January 15 of the fiscal year for which the determination is effective.**

Existing law authorizes a county treasurer or county assessor to waive all or part of the interest or penalty due from a person who fails to make a timely payment of property taxes as a result of circumstances beyond his control and who files a statement setting forth the facts of his claim. (NRS 361.4835) Section ~~[15]~~ **26** of this bill requires a person seeking such relief to pay the amount of the taxes due and file the statement within 30 days after that payment is made.

Under existing law, 2 percent of the property taxes collected for each county on personal property and the net proceeds of mines must be deposited into an account for the acquisition and improvement of technology in the office of the county assessor. (NRS 361.530, 362.170) Sections ~~[16 and 17]~~ **27 and 28** of this bill provide for the continuation of this funding by repealing its prospective expiration on July 1, 2007.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 361 of NRS is hereby amended by adding thereto a new section to read as follows:

➥ and who received, upon severance from service, an honorable discharge or certificate of satisfactory service from the Armed Forces of the United States,

or who, having so served, is still serving in the Armed Forces of the United States, is exempt from taxation.

2. For the purpose of this section, the first $2,000 assessed valuation of property in which an applicant has any interest shall be deemed the property of the applicant.

3. The exemption may be allowed only to a claimant who files an affidavit with his claim for exemption on real property pursuant to NRS 361.155. The affidavit may be filed at any time by a person claiming exemption from taxation on personal property.

4. The affidavit must be made before the county assessor or a notary public and filed with the county assessor. It must state that the affiant is a bona fide resident of the State of Nevada who meets all the other requirements of subsection 1 and that the exemption is not claimed in any other county in this State. After the filing of the original affidavit, the county assessor shall mail a form for:

(a) The renewal of the exemption; and

(b) The designation of any amount to be credited to the Gift Account for Veterans' Homes established pursuant to NRS 417.145,

➥ to the person each year following a year in which the exemption was allowed for that person. The form must be designed to facilitate its return by mail by the person claiming the exemption.

5. Persons in actual military service are exempt during the period of such service from filing the annual forms for renewal of the exemption, and the county assessors shall continue to grant the exemption to such persons on the basis of the original affidavits filed. In the case of any person who has entered the military service without having previously made and filed an affidavit of exemption, the affidavit may be filed in his behalf during the period of such service by any person having knowledge of the facts.

6. Before allowing any veteran's exemption pursuant to the provisions of this chapter, the county assessor shall require proof of status of the veteran, and for that purpose shall require production of an honorable discharge or certificate of satisfactory service or a certified copy thereof, or such other proof of status as may be necessary.

7. If any person files a false affidavit or produces false proof to the county assessor or a notary public and, as a result of the false affidavit or false proof, the person is allowed a tax exemption to which he is not entitled, he is guilty of a gross misdemeanor.

8. Beginning with the ~~[2006-2007]~~ ***2005-2006*** Fiscal Year, the monetary amounts in subsections 1 and 2 must be adjusted for each fiscal year by adding to the amount the product of the amount multiplied by the percentage increase in the Consumer Price Index (All Items) from July ~~[2004]~~ ***2003*** to the July preceding the fiscal year for which the adjustment is calculated. The Department shall provide to each county assessor the adjusted amount, in writing, on or before September 30 of each year.

Sec. 6. NRS 361.091 is hereby amended to read as follows:

361.091 1. A bona fide resident of the State of Nevada who has incurred a permanent service-connected disability and has been honorably discharged from the Armed Forces of the United States, or his surviving spouse, is entitled to a disabled veteran's exemption.

2. The amount of exemption is based on the total percentage of permanent service-connected disability. The maximum allowable exemption for total permanent disability is the first $20,000 assessed valuation. A person with a permanent service-connected disability of:

(a) Eighty to 99 percent, inclusive, is entitled to an exemption of $15,000 assessed value.

(b) Sixty to 79 percent, inclusive, is entitled to an exemption of $10,000 assessed value.

➥ For the purposes of this section, any property in which an applicant has any interest is deemed to be the property of the applicant.

3. The exemption may be allowed only to a claimant who has filed an affidavit with his claim for exemption on real property pursuant to NRS 361.155. The affidavit may be made at any time by a person claiming an exemption from taxation on personal property.

4. The affidavit must be made before the county assessor or a notary public and be filed with the county assessor. It must state that the affiant is a bona fide resident of the State of Nevada, that he meets all the other requirements of subsection 1 and that the exemption is not claimed in any other county within this State. After the filing of the original affidavit, the county assessor shall mail a form for:

(a) The renewal of the exemption; and

(b) The designation of any amount to be credited to the Gift Account for Veterans' Homes established pursuant to NRS 417.145,

➥ to the person each year following a year in which the exemption was allowed for that person. The form must be designed to facilitate its return by mail by the person claiming the exemption.

5. Before allowing any exemption pursuant to the provisions of this section, the county assessor shall require proof of the applicant's status, and for that purpose shall require him to produce an original or certified copy of:

(a) An honorable discharge or other document of honorable separation from the Armed Forces of the United States which indicates the total percentage of his permanent service-connected disability;

(b) A certificate of satisfactory service which indicates the total percentage of his permanent service-connected disability; or

(c) A certificate from the Department of Veterans Affairs or any other military document which shows that he has incurred a permanent service-connected disability and which indicates the total percentage of that disability, together with a certificate of honorable discharge or satisfactory service.

(a) The surviving spouse was married to and living with the disabled veteran for the 5 years preceding his death;

(b) The disabled veteran was eligible for the exemption at the time of his death or would have been eligible if he had been a resident of the State of Nevada;

(c) The surviving spouse has not remarried; and

(d) The surviving spouse is a bona fide resident of the State of Nevada.

➥ The affidavit required by this subsection is in addition to the certification required pursuant to subsections 4 and 5. After the filing of the original affidavit required by this subsection, the county assessor shall mail a form for renewal of the exemption to the person each year following a year in which the exemption was allowed for that person. The form must be designed to facilitate its return by mail by the person claiming the exemption.

7. If a veteran or the surviving spouse of a veteran submits, as proof of disability, documentation that indicates a percentage of permanent service-connected disability for more than one permanent service-connected disability, the amount of the exemption must be based on the total of those combined percentages, not to exceed 100 percent.

8. If a tax exemption is allowed under this section, the claimant is not entitled to an exemption under NRS 361.090.

9. If any person files a false affidavit or produces false proof to the county assessor or a notary public and, as a result of the false affidavit or false proof, the person is allowed a tax exemption to which he is not entitled, he is guilty of a gross misdemeanor.

10. Beginning with the ~~[2006-2007]~~ ***2005-2006*** Fiscal Year, the monetary amounts in subsection 2 must be adjusted for each fiscal year by adding to the amount the product of the amount multiplied by the percentage increase in the Consumer Price Index (All Items) from July ~~[2004]~~ ***2003*** to the July preceding the fiscal year for which the adjustment is calculated. The Department shall provide to each county assessor the adjusted amount, in writing, on or before September 30 of each year.

~~[Sec. 10.]~~ ***Sec. 11.*** NRS 361.360 is hereby amended to read as follows:

361.360 1. Any taxpayer aggrieved at the action of the county board of equalization in equalizing, or failing to equalize, the value of his property, or property of others, or a county assessor, may file an appeal with the State Board of Equalization on or before March 10 and present to the State Board of Equalization the matters complained of at one of its sessions. If March 10 falls on a Saturday, Sunday or legal holiday, the appeal may be filed on the next business day.

2. All such appeals must be presented upon the same facts and evidence as were submitted to the county board of equalization in the first instance, unless there is discovered new evidence pertaining to the matter which could not, by due diligence, have been discovered before the final adjournment of the county board of equalization. The new evidence must be submitted in writing to the State Board of Equalization and served upon the county assessor not less than 7 days before the hearing.

3. Any taxpayer whose real or personal property placed on the unsecured tax roll was assessed after December 15 but before or on the following April 30 may likewise protest to the State Board of Equalization. Every such appeal must be filed on or before May 15. If May 15 falls on a Saturday, Sunday or legal holiday, the appeal may be filed on the next business day. A meeting must be held before May 31 to hear those protests that in the opinion of the State Board of Equalization may have a substantial effect on tax

revenues. One or more meetings may be held at any time and place in the State before October 1 to hear all other protests.

4. The State Board of Equalization may not reduce the assessment of the county assessor if:

(a) The appeal involves an assessment on property which the taxpayer has refused or, without good cause, has neglected to include in the list required of him pursuant to NRS 361.265 or ***if the taxpayer*** has refused or, without good cause, has neglected to provide the list to the county assessor; or

(b) The taxpayer has, without good cause, refused entry to the assessor for the purpose of conducting the physical examination authorized by NRS 361.260.

5. ***Any change made in an assessment appealed to the State Board of Equalization is effective only for the fiscal year for which the assessment was made.*** The county assessor shall ***review*** each ~~[year review any]~~ ***such*** change ~~[made in an assessment for the previous fiscal year]~~ and maintain or remove the change as circumstances warrant ~~[.]~~ ***for the next fiscal year.***

6. If the State Board of Equalization determines that the record of a case on appeal from the county board of equalization is inadequate because of an act or omission of the county assessor, the district attorney or the county board of equalization, the State Board of Equalization may remand the case to the county board of equalization with directions to develop an adequate record within 30 days after the remand. The directions must indicate specifically the inadequacies to be remedied. If the State Board of Equalization determines that the record returned from the county board of equalization after remand is still inadequate, the State Board of Equalization may hold a hearing anew on the appellant's complaint or it may, if necessary, contract with an appropriate person to hear the matter, develop an adequate record in the case and submit recommendations to the State Board. The cost of the contract and all costs, including attorney's fees, to the State or the appellant necessary to remedy the inadequate record on appeal are a charge against the county.

~~[Sec. 11.]~~ ***Sec. 12.*** NRS 361.420 is hereby amended to read as follows:

361.420 1. Any property owner whose taxes are in excess of the amount which the owner claims justly to be due may pay each installment of taxes as it becomes due under protest in writing. The protest must be in the form of a separate, signed statement from the property owner and filed with the tax receiver at the time of the payment of the installment of taxes.

2. The property owner, having protested the payment of taxes as provided in subsection 1 and having been denied relief by the State Board of Equalization, may ~~[commence a suit]~~ ***file for the judicial review of the decision of the State Board of Equalization*** in any court of competent jurisdiction in the ~~[State of Nevada]~~ ***county in which the taxes were paid*** against the State and county in which the taxes were paid, and, in a proper case, both the Nevada Tax Commission and the Department may be joined as

a defendant for a recovery of the difference between the amount of taxes paid and the amount which the owner claims justly to be due, and the owner may complain upon any of the grounds contained in subsection 4.

3. Every action commenced under the provisions of this section must be commenced within 3 months after the date of the payment of the last installment of taxes, and if not so commenced is forever barred. If the tax complained of is paid in full and under the written protest provided for in this section, at the time of the payment of the first installment of taxes, suit for the recovery of the difference between the amount paid and the amount claimed to be justly due must be commenced within 3 months after the date of the full payment of the tax or the issuance of the decision of the State Board of Equalization denying relief, whichever occurs later, and if not so commenced is forever barred.

4. In any suit brought under the provisions of this section, the person assessed may complain or defend upon any of the following grounds:

(a) That the taxes have been paid before the suit;

(b) That the property is exempt from taxation under the provisions of the revenue or tax laws of the State, specifying in detail the claim of exemption;

(c) That the person assessed was not the owner and had no right, title or interest in the property assessed at the time of assessment;

(d) That the property is situate in and has been assessed in another county, and the taxes thereon paid;

(e) That there was fraud in the assessment or that the assessment is out of proportion to and above the taxable cash value of the property assessed;

(f) That the assessment is out of proportion to and above the valuation fixed by the Nevada Tax Commission for the year in which the taxes were levied and the property assessed; or

(g) That the assessment complained of is discriminatory in that it is not in accordance with a uniform and equal rate of assessment and taxation, but is at a higher rate of the taxable value of the property so assessed than that at which the other property in the State is assessed.

5. In a suit based upon any one of the grounds mentioned in paragraphs (e), (f) and (g) of subsection 4, the court shall conduct the trial without a jury and confine its review to the record before the State Board of Equalization. Where procedural irregularities by the Board are alleged and are not shown in the record, the court may take evidence respecting the allegation and, upon the request of either party, shall hear oral argument and receive written briefs on the matter.

6. In all cases mentioned in this section where the complaint is based upon any grounds mentioned in subsection 4, the entire assessment must not be declared void but is void only as to the excess in valuation.

7. In any judgment recovered by the taxpayer under this section, the court may provide for interest thereon not to exceed 6 percent per annum from and after the date of payment of the tax complained of.

~~[Sec. 12.]~~ ***Sec. 13.*** NRS 361.435 is hereby amended to read as follows:

Sec. 17. **NRS 361.4723 is hereby amended to read as follows:**

361.4723 The Legislature hereby finds and declares that an increase in the tax bill of the owner of a home by more than 3 percent over the tax bill of that homeowner for the previous year constitutes a severe economic hardship within the meaning of subsection 10 of Section 1 of Article 10 of the Nevada Constitution. The Legislature therefore directs a partial abatement of taxes for such homeowners as follows:

1. Except as otherwise provided in or required to carry out the provisions of subsection 2 and NRS 361.4725 to 361.4728, inclusive, the owner of a single-family residence which is the primary residence of the owner is entitled to a partial abatement of the ad valorem taxes levied in a county on that property each fiscal year equal to the amount by which the product of the combined rate of all ad valorem taxes levied in that county on the property for that fiscal year and the amount of the assessed valuation of the property which is taxable in that county for that fiscal year, excluding any increase in the assessed valuation of the property from the immediately preceding fiscal year as a result of any improvement to or change in the actual or authorized use of the property, exceeds the sum obtained by adding:

(a) The amount of all the ad valorem taxes:

(1) Levied in that county on the property for the immediately preceding fiscal year; or

(2) Which would have been levied in that county on the property for the immediately preceding fiscal year if not for any exemptions from taxation that applied to the property for that prior fiscal year but do not apply to the property for the current fiscal year,

➥ whichever is greater; and

(b) Three percent of the amount determined pursuant to paragraph (a).

2. The provisions of subsection 1 do not apply to any property for which:

(a) No assessed valuation was separately established for the immediately preceding fiscal year; or

(b) The provisions of subsection 1 of NRS 361.4722 provide a greater abatement from taxation.

in the county on the property by or on behalf of that taxing entity for that fiscal year bears to the combined rate of all ad valorem taxes levied in the county on the property by or on behalf of all taxing entities for that fiscal year.

4. The Nevada Tax Commission shall adopt such regulations as it deems appropriate to carry out this section, including, without limitation, regulations providing a methodology for applying the partial abatement provided pursuant to subsection 1 to a parcel of real property of which only a portion qualifies as a single-family residence which is the primary residence of the owner and the remainder is used in another manner.

5. The owner of a single-family residence does not become ineligible for the partial abatement provided pursuant to subsection 1 as a result of:

(a) The operation of a home business out of a portion of that single-family residence; or

(b) The manner in which title is held by the owner if the owner occupies the residence, including, without limitation, if the owner has placed the title in a trust for purposes of estate planning.

(1) Is designated by the owner as the primary residence of the owner in this State, exclusive of any other residence of the owner in this State; and

(2) Is not rented, leased or otherwise made available for exclusive occupancy by any person other than the owner of the residence and members of the family of the owner of the residence.

~~[(c)]~~ ***(b)*** "Single-family residence" means a parcel or other unit of real property or unit of personal property which is intended or designed to be occupied by one family with facilities for living, sleeping, cooking and eating.

~~[(d) "Taxing entity" means the State and any political subdivision or other legal entity in this State which has the right to receive money from ad valorem taxes.~~

~~(e)]~~ ***(c)*** "Unit of personal property" includes, without limitation, any:

~~[(f)]~~ ***(d)*** "Unit of real property" includes, without limitation, any taxable unit of a condominium, common-interest community, planned unit development or similar property, if classified as real property for the purposes of this chapter.

Sec. 18. **NRS 361.4724 is hereby amended to read as follows:**

361.4724 The Legislature hereby finds and declares that many Nevadans who cannot afford to own their own homes would be adversely affected by large unanticipated increases in property taxes, as those tax increases are passed down to renters in the form of rent increases and therefore the benefits of a charitable exemption pursuant to subsection 8 of Section 1 of Article 10 of the Nevada Constitution should be afforded to those Nevadans through an abatement granted to the owners of residential rental dwellings who charge rent that does not exceed affordable housing standards for low-income housing. The Legislature therefore directs a partial abatement of taxes for such owners as follows:

1. Except as otherwise provided in or required to carry out the provisions of subsection 2 and NRS 361.4725 to 361.4728, inclusive, if the amount of rent collected from each of the tenants of a residential dwelling does not exceed the fair market rent for the county in which the dwelling is located, as most recently published by the United States Department of Housing and Urban Development, the owner of the dwelling is entitled to a partial abatement of the ad valorem taxes levied in a county on that property for each fiscal year equal to the amount by which the product of the combined rate of all ad valorem taxes levied in that county on the property for that fiscal year and the amount of the assessed valuation of the property which is taxable in that county for that fiscal year, excluding any increase in the assessed valuation of the property from the immediately preceding fiscal year as a result of any improvement to or change in the actual or authorized use of the property, exceeds the sum obtained by adding:

(c) Any property for which the provisions of subsection 1 of NRS 361.4722 provide a greater abatement from taxation.

AN ACT relating to water; ~~[requiring the State Engineer to repeat the notice]~~ **revising provisions relating to the protest** of **certain** applications ~~[for permits to appropriate water under certain circumstances;]~~ **involving interbasin transfers of groundwater;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth requirements for the State Engineer to provide certain notice of an application for a permit to appropriate water. These requirements include publishing the notice in a newspaper and if the application is for a well, mailing a copy of the notice to owners of real property containing a domestic well that is within 2,500 feet of the proposed well. (NRS 533.360) Existing law also allows an interested person to file with the State Engineer a written protest to the application. (NRS 533.365)

This bill requires that if the State Engineer fails to ~~[approve or]~~ **grant,** deny **or hear** an application for a permit to appropriate **, change the point of diversion of, change the manner of use of, or change the place of use of more than 250 acre-feet of** water **per annum** within ~~[5]~~ **7** years after the date on which the application was submitted, the State Engineer must ~~[repeat the notice that is required by NRS 533.360. This bill also provides another opportunity for an interested person to file a written protest with the State Engineer after the notice of application is repeated.]~~ **, if the application involves an interbasin transfer of groundwater, notice a new period of protest of 45 days. This bill also provides that certain successors in interest of persons who had already filed a written protest against the granting of such an application must be allowed to continue pursuing the**

protest as though they were the person who had filed the original protest.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 533.365 is hereby amended to read as follows:**

533.365 1. Any person interested may, within 30 days from the date of last publication of the notice of application, file with the State Engineer a written protest against the granting of the application, setting forth with reasonable certainty the grounds of such protest, which shall be verified by the affidavit of the protestant, his agent or attorney.

2. On receipt of a protest, the State Engineer shall advise the applicant whose application has been protested of the fact that the protest has been filed with him, which advice shall be sent by certified mail.

3. The State Engineer shall consider the protest, and may, in his discretion, hold hearings and require the filing of such evidence as he may deem necessary to a full understanding of the rights involved. The State Engineer shall give notice of the hearing by certified mail to both the applicant and the protestant. The notice must state the time and place at which the hearing is to be held and must be mailed at least 15 days before the date set for the hearing.

4. The State Engineer shall adopt rules of practice regarding the conduct of such hearings. The rules of practice must be adopted in accordance with the provisions of NRS 233B.040 to 233B.120, inclusive, and codified in the Nevada Administrative Code. The technical rules of evidence do not apply at such a hearing.

5. The provisions of this section do not prohibit the noticing of a new period of 45 days in which a person may file with the State Engineer a written protest against the granting of the application, if such notification is required to be given pursuant to subsection 8 of NRS 533.370.

~~[Section 1.]~~ ***Sec. 2.*** NRS 533.370 is hereby amended to read as follows:

533.370 1. Except as otherwise provided in this section and NRS 533.345, 533.371, 533.372 and 533.503, the State Engineer shall approve an application submitted in proper form which contemplates the application of water to beneficial use if:

(a) The application is accompanied by the prescribed fees;

(b) The proposed use or change, if within an irrigation district, does not adversely affect the cost of water for other holders of water rights in the district or lessen the efficiency of the district in its delivery or use of water; and

(c) The applicant provides proof satisfactory to the State Engineer of:

(1) His intention in good faith to construct any work necessary to apply the water to the intended beneficial use with reasonable diligence; and

(2) His financial ability and reasonable expectation actually to construct the work and apply the water to the intended beneficial use with reasonable diligence.

2. Except as otherwise provided in this subsection and subsections 3 and ~~[8,]~~ ***11,*** the State Engineer shall approve or reject each application within 1 year after the final date for filing a protest. The State Engineer may:

(a) Postpone action upon written authorization to do so by the applicant or, if an application is protested, by the protestant and the applicant.

(b) Postpone action if the purpose for which the application was made is municipal use.

(c) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

3. Except as otherwise provided in subsection ~~[8,]~~ ***11,*** the State Engineer shall approve or reject, within 6 months after the final date for filing a protest, an application filed to change the point of diversion of water already appropriated when the existing and proposed points of diversion are on the same property for which the water has already been appropriated under the existing water right or the proposed point of diversion is on real property that is proven to be owned by the applicant and is contiguous to the place of use of the existing water right. The State Engineer may:

(a) Postpone action upon written authorization to do so by the applicant or, if the application is protested, by the protestant and the applicant.

(b) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

4. If the State Engineer does not act upon an application within 1 year after the final date for filing a protest, the application remains active until acted upon by the State Engineer.

5. Except as otherwise provided in subsection ~~[8,]~~ ***11,*** where there is no unappropriated water in the proposed source of supply, or where its proposed use or change conflicts with existing rights or with protectible interests in existing domestic wells as set forth in NRS 533.024, or threatens to prove detrimental to the public interest, the State Engineer shall reject the application and refuse to issue the requested permit. If a previous application for a similar use of water within the same basin has been rejected on those grounds, the new application may be denied without publication.

6. In determining whether an application for an interbasin transfer of groundwater must be rejected pursuant to this section, the State Engineer shall consider:

(a) Whether the applicant has justified the need to import the water from another basin;

(b) If the State Engineer determines that a plan for conservation of water is advisable for the basin into which the water is to be imported, whether the applicant has demonstrated that such a plan has been adopted and is being effectively carried out;

(c) Whether the proposed action is environmentally sound as it relates to the basin from which the water is exported;

(d) Whether the proposed action is an appropriate long-term use which will not unduly limit the future growth and development in the basin from which the water is exported; and

(e) Any other factor the State Engineer determines to be relevant.

7. If a hearing is held regarding an application, the decision of the State Engineer must be in writing and include findings of fact, conclusions of law and a statement of the underlying facts supporting the findings of fact. The written decision may take the form of a transcription of an oral ruling. The rejection or approval of an application must be endorsed on a copy of the original application, and a record must be made of the endorsement in the records of the State Engineer. The copy of the application so endorsed must be returned to the applicant. Except as otherwise provided in subsection ~~[9,]~~ ~~*[10,]*~~ ***12,*** if the application is approved, the applicant may, on receipt thereof, proceed with the construction of the necessary works and take all steps required to apply the water to beneficial use and to perfect the proposed appropriation. If the application is rejected, the applicant may take no steps toward the prosecution of the proposed work or the diversion and use of the public water while the rejection continues in force.

8. ***If:***

(a) The State Engineer receives an application to appropriate any of the public waters, or to change the point of diversion, manner of use or place of use of water already appropriated;

(b) The application involves an amount of water exceeding 250 acre-feet per annum;

(c) The application involves an interbasin transfer of groundwater; and

(d) Within 7 years after the date of last publication of the notice of application, the State Engineer has not granted the application, denied the application, held an administrative hearing on the application or issued a permit in response to the application,

➥ the State Engineer shall notice a new period of 45 days in which a person may file with the State Engineer a written protest against the granting of the application. Such notification must be entered on the Internet website of the State Engineer and must, concurrently with that notification, be mailed to the board of county commissioners of the county of origin.

9. Except as otherwise provided in subsection 10, a person who wishes to protest an application in accordance with a new period of protest noticed pursuant to subsection 8 shall, within 45 days after the date on which the notification was entered and mailed, file with the State Engineer a written

protest that complies with the provisions of this chapter and with the regulations adopted by the State Engineer, including, without limitation, any regulations prescribing the use of particular forms or requiring the payment of certain fees.

10. If a person is the successor in interest of an owner of a water right, an owner of real property containing a domestic well or an owner of an interest in a domestic well, and if that previous owner had already filed a written protest against the granting of an application to allow an interbasin transfer of groundwater, the successor in interest must be allowed to pursue that protest in the same manner as though he were the previous owner to whose interest he succeeded. If such a successor in interest wishes to protest an application in accordance with a new period of protest noticed pursuant to subsection 8, the successor need not file with the State Engineer a new written protest but must, within 45 days after the date on which the notification was entered and mailed, inform the Office of the State Engineer that he wishes to continue pursuing the protest.

11. The provisions of subsections 1 to 6, inclusive, do not apply to an application for an environmental permit.

~~[9. If the State Engineer does not approve or reject an application within 5 years after the date on which the application is submitted, before the State Engineer may approve or deny such application, he shall again comply with the notice requirements set forth in NRS 533.360. Any person interested may, within 30 days after the date of last publication of such notice, file with the State Engineer a written protest pursuant to NRS 533.365.~~

AN ACT relating to ~~[employment;]~~ **immigration; creating new crimes relating to trafficking in persons; providing for punitive damages in a civil action against a person who commits such crimes in certain circumstances; making property of a person who commits such crimes subject to forfeiture; adding the crimes to the list of felonies that may cause a person to be charged as a habitual felon;** requiring the ~~[Labor Commissioner]~~ **Director of the Department of Business and Industry** to include ~~[a link]~~ on ~~[his]~~ **the** website **of the Department a link** to the Social Security Administration for employers to verify employee social security numbers; **providing for disciplinary action to be taken against a person who holds a state business license if the person engages in the unlawful hiring or employment of an unauthorized alien in violation of federal law; providing penalties;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Chapter 607 of NRS sets forth the duties of the Labor Commissioner. This bill expands those duties to require the Labor Commissioner.]~~ **Section 1.3 of this bill creates the crime of trafficking in persons for illegal purposes which involves engaging in certain acts concerning the transportation of an illegal alien into this State with the intent: 1) to subject the person to certain acts relating to involuntary servitude; 2) to commit another felony; or 3) to violate any state or federal labor law. A person who commits such a crime is guilty of a category B felony punishable by a term of imprisonment in the state prison for not less than 1 year and not more than 20 years, and by a fine of not more than $50,000. Section 1.5 of this bill creates the crime of trafficking in persons which contains the same elements as for trafficking in persons for illegal purposes except that rather than committing the act with the intent to commit another crime, the person commits the act in exchange for money or other financial gain. A person who commits the crime of trafficking in persons is guilty of a category B felony which is punishable by a term of imprisonment in the state prison for a minimum term of 1 year and a maximum term of 10 years, and by a fine of not more than $50,000.**

Section 3 of this bill adds the two new crimes of trafficking in persons to the list of crimes that may cause a person to be charged as a habitual felon. (NRS 207.012) Section 4 of this bill allows a person who suffers an injury as the result of the willful violation of such crimes by a person who was motivated by certain characteristics of the person to recover actual and punitive damages in a civil action. (NRS 41.690) Section 5 of

this bill makes personal property of a person who engages in either of the two crimes of trafficking in persons subject to forfeiture. (NRS 179.121)

Section 6 of this bill requires the Director of the Department of Business and Industry to include on ~~[this]~~ **the** website **maintained by the Department** a link to the Social Security Administration where an employer may verify the social security numbers of his employees.

Section 10 of this bill requires the Nevada Tax Commission to hold a hearing concerning any person who holds a state business license who has been found to have engaged in the unlawful hiring or employment of an unauthorized alien in violation of federal law. If the violation was inadvertent, the Commission may impose an administrative fine and require the person to demonstrate the manner in which he will prevent such violations in the future. If the violation is willful, the Commission is authorized to suspend or revoke the license depending upon the egregiousness of the violation. If the license is revoked, the person may not obtain a new license for a certain period.

WHEREAS, Trafficking in persons provides opportunities for modern day slavery to occur; and

WHEREAS, Thousands of persons of all ages worldwide are trafficked annually across international borders; and

Amendment No. 460.

AN ACT relating to elections; enacting the Agreement Among the States to Elect the President by National Popular Vote; **making an appropriation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that the nominees for presidential elector of the candidates for President and Vice President who receive the highest number of votes in this State at the general election thereby become the official presidential electors for this State. (NRS 298.025) After being selected, the official presidential electors convene to vote for President and Vice President. The official presidential electors are bound to vote for the nominees for President and Vice President that prevailed in this State at the general election. (NRS 298.050) This bill provides that the nominees for presidential elector of the candidates for President and Vice President who received the highest number of votes in the nation would become the official presidential electors for Nevada. The provisions of this bill will become effective on the date that states with enough electoral votes to equal a majority of the electoral votes have adopted this agreement (270 of 538).

This bill contains the text of the Agreement Among the States to Elect the President by National Popular Vote without any changes necessary to conform to Nevada law because each state wishing to participate in the compact is required to enact the same 888 words, in addition to the enacting clause contained in the Agreement.

Section 5 of this bill makes an appropriation of $250,000 to the Secretary of State for a voter education campaign.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 298 of NRS is hereby amended by adding thereto a new section to read as follows:

The Agreement Among the States to Elect the President by National Popular Vote is hereby enacted into law and entered into with all jurisdictions legally joining the Compact, in substantially the form set forth in this section:

Article I–Membership

Any State of the United States and the District of Columbia may become a member of this agreement by enacting this agreement.

Article II–Right of the People in Member States to Vote for President and Vice President

Each member state shall conduct a statewide popular election for President and Vice President of the United States.

Article III–Manner of Appointing Presidential Electors in Member States

Prior to the time set by law for the meeting and voting by the presidential electors, the chief election official of each member state shall determine the number of votes for each presidential slate in each State of the United States and in the District of Columbia in which votes have been cast in a statewide popular election and shall add such votes together to produce a "national popular vote total" for each presidential slate.

The chief election official of each member state shall designate the presidential slate with the largest national popular vote total as the "national popular vote winner."

The presidential elector certifying official of each member state shall certify the appointment in that official's own state of the elector slate nominated in that state in association with the national popular vote winner.

At least six days before the day fixed by law for the meeting and voting by the presidential electors, each member state shall make a final determination of the number of popular votes cast in the state for each presidential slate and shall communicate an official statement of such determination within 24 hours to the chief election official of each other member state.

The chief election official of each member state shall treat as conclusive an official statement containing the number of popular votes in a state for each presidential slate made by the day established by federal law for making a state's final determination conclusive as to the counting of electoral votes by Congress.

In event of a tie for the national popular vote winner, the presidential elector certifying official of each member state shall certify the appointment of the elector slate nominated in association with the

presidential slate receiving the largest number of popular votes within that official's own state.

If, for any reason, the number of presidential electors nominated in a member state in association with the national popular vote winner is less than or greater than that state's number of electoral votes, the presidential candidate on the presidential slate that has been designated as the national popular vote winner shall have the power to nominate the presidential electors for that state and that state's presidential elector certifying official shall certify the appointment of such nominees. The chief election official of each member state shall immediately release to the public all vote counts or statements of votes as they are determined or obtained.

This article shall govern the appointment of presidential electors in each member state in any year in which this agreement is, on July 20, in effect in states cumulatively possessing a majority of the electoral votes.

Article IV–Other Provisions

This agreement shall take effect when states cumulatively possessing a majority of the electoral votes have enacted this agreement in substantially the same form and the enactments by such states have taken effect in each state.

Any member state may withdraw from this agreement, except that a withdrawal occurring six months or less before the end of a President's term shall not become effective until a President or Vice President shall have been qualified to serve the next term.

The chief executive of each member state shall promptly notify the chief executive of all other states of when this agreement has been enacted and has taken effect in that official's state, when the state has withdrawn from this agreement, and when this agreement takes effect generally.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 388.

"AN ACT relating to common-interest communities; **requiring a member of an executive board who stands to profit personally from a matter before the board to disclose and abstain from voting on the matter;** prohibiting the use of delegates or representatives to exercise the voting rights of units' owners ~~[,]~~ **in the election or removal of a member of the executive board; allowing the use of delegates or representatives to exercise the voting rights of owners of certain time shares; prohibiting an association in a common-interest community from imposing an assessment against certain tax-exempt property; requiring the signatures of certain persons before money in the operating account of an association may be withdrawn;** revising the provisions relating to foreclosure of liens against units; providing that official publications related to issues of official interest must provide equal space for opposing views and opinions; requiring applicants for a certificate for the management of a common-interest community to post certain bonds; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill provides additional ethical requirements for members of an executive board by requiring a member who stands to gain any personal profit or compensation from a matter before the executive board to disclose the matter to the executive board and to abstain from voting on the matter. (NRS 116.31185, 116.31187)

Under existing law, a common-interest community created before January 1, 1992, and a common-interest community, with a declaration so providing,

that consists of at least 1,000 units, may have the voting rights of the units' owners in the association for that common-interest community be exercised by delegates or representatives. (NRS 116.1201, 116.31105) Sections ~~[1-6]~~ **1.3** and ~~[11]~~ **3-6.3** of this bill prohibit the use of delegates or representatives to exercise the voting rights of units' owners ~~[.]~~ **in the election or removal of a member of the executive board. However, a master association which governs a time-share plan created pursuant to chapter 119A of NRS is allowed to continue using delegates or representatives to exercise the voting rights of owners of time shares.**

Section 2.5 of this bill prohibits an association from imposing an assessment against property in the common-interest community that is exempt from taxation pursuant to NRS 361.125.

Existing law requires certain signatures before money in the reserve account of an association may be withdrawn. (NRS 116.31153) Section 6.7 of this bill also requires certain signatures before money in the operating account of an association may be withdrawn.

Existing law provides for an association to have a lien on a unit for any construction penalty, assessment or fine imposed against the unit's owner which may later be foreclosed upon. (NRS 116.3116) Section ~~[7]~~ **7.5** of this bill requires an association to obtain approval from the Commission on Common-Interest Communities before attempting to foreclose its lien. **The Commission must approve the foreclosure of the lien if the association has followed certain procedures.** In addition, section 8 of this bill changes existing law to provide that the sale of a unit as a result of a foreclosure of a lien is subject to an equity or right of redemption. (NRS 116.31166)

Section ~~9~~ of this bill provides that if an official publication contains the views or opinions of the association concerning an issue of official interest, the official publication must, upon request, ~~[without charge and without prior censorship, devote and include]~~ **provide** equal space and equivalent exposure to opposing views and opinions. **If an official publication contains information concerning a civil action or claim in which the association is a party, the official publication is not required to provide equal space to opposing views and opinions. In addition, section 9 provides that if an official publication contains any mention of a candidate or ballot question, the official publication must provide equal space in the same issue to the candidate or a representative of an organization which advocates the passage or defeat of the ballot question.**

Existing law provides for the Commission to adopt regulations concerning the issuance of certificates for community managers. (NRS 116A.410) Section 10 of this bill provides that the regulations must: (1) require an applicant to post a bond in **a form and in** an amount established by regulation; and (2) adopt a sliding scale for the amount of the bond that is based upon the amount of money that applicants are expected to control.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 116 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. Disclose the matter to the executive board; and

2. Abstain from voting on any such matter.

~~[Section 1.]~~ ***Sec. 1.3.*** **NRS 116.1201 is hereby amended to read as follows:**

This chapter applies to a planned community containing both units that are restricted exclusively to nonresidential use and other units that are not so restricted only if the declaration so provides or if the real estate comprising the units that may be used for residential purposes would be a planned community in the absence of the units that may not be used for residential purposes.

(c) Common-interest communities or units located outside of this State, but the provisions of NRS 116.4102 to 116.4108, inclusive, apply to all contracts for the disposition thereof signed in this State by any party unless exempt under subsection 2 of NRS 116.4101.

(d) A common-interest community that was created before January 1, 1992, is located in a county whose population is less than 50,000, and has

(e) Prohibit a master association which governs a time-share plan created pursuant to chapter 119A of NRS from providing for a representative form of government for the time-share plan.

4. The provisions of chapters 117 and 278A of NRS do not apply to common-interest communities.

5. The Commission shall establish, by regulation:

(a) The criteria for determining whether an association, a limited-purpose association or a common-interest community satisfies the requirements for an exemption or limited exemption from any provision of this chapter; and

(b) The extent to which a limited-purpose association must comply with the provisions of NRS 116.4101 to 116.412, inclusive.

6. As used in this section, "limited-purpose association" means an association that:

(a) Is created for the limited purpose of maintaining:

(1) The landscape of the common elements of a common-interest community;

(2) Facilities for flood control; or

(3) A rural agricultural residential common-interest community; and

(b) Is not authorized by its governing documents to enforce any restrictions concerning the use of units by units' owners, unless the limited-purpose association is created for a rural agricultural residential common-interest community.

Sec. 1.7. **NRS 116.1203 is hereby amended to read as follows:**

116.1203 1. Except as otherwise provided in subsection 2, if a planned community contains no more than 12 units and is not subject to any developmental rights, it is subject only to NRS 116.1106 and 116.1107 unless the declaration provides that this entire chapter is applicable.

2. Except for NRS 116.3104, 116.31043, 116.31046 and 116.31138, the provisions of NRS 116.3101 to 116.350, inclusive, ***and section 1 of this act,*** and the definitions set forth in NRS 116.005 to 116.095, inclusive, to the extent that such definitions are necessary in construing any of those provisions, apply to a residential planned community containing more than six units.

~~2. Unless it is acting in the capacity of an association described in NRS 116.3101, a master association may exercise the powers set forth in paragraph (b) of subsection 1 of NRS 116.3102 only to the extent expressly permitted in:~~

~~(a) The declarations of common-interest communities which are part of the master association or expressly described in the delegations of power from those common-interest communities to the master association; or~~

~~(b) The declaration of the common-interest community which is a part of the master association and the time-share instrument creating the time-share plan governed by the master association.~~

~~3. If the declaration of any common-interest community provides that the executive board may delegate certain powers to a master association, the members of the executive board have no liability for the acts or omissions of the master association with respect to those powers following delegation.~~

~~4. The rights and responsibilities of units' owners with respect to the unit-owners' association set forth in NRS 116.3103, 116.31032, 116.31034, 116.31036, 116.3108, 116.31085, 116.3109, 116.311 [, 116.31105] and 116.3112 apply in the conduct of the affairs of a master association only to persons who elect the board of a master association, whether or not those persons are otherwise units' owners within the meaning of this chapter.~~

~~5. Even if a master association is also an association described in NRS 116.3101, the certificate of incorporation or other instrument creating the master association and the declaration of each common-interest community, the powers of which are assigned by the declaration or delegated to the master association, may provide that the executive board of the master association must be elected after the period of the declarant's control in any of the following ways:~~

3. Notwithstanding any provision of this chapter or the governing documents to the contrary, an association may not impose any assessment pursuant to this chapter or the governing documents on any property in the common-interest community that is exempt from taxation pursuant to NRS 361.125.

Sec. 3. NRS 116.31034 is hereby amended to read as follows:

116.31034 1. Except as otherwise provided in subsection 5 of NRS 116.212, not later than the termination of any period of declarant's

control, the units' owners shall elect an executive board of at least three members, at least a majority of whom must be units' owners. Unless the governing documents provide otherwise, the remaining members of the executive board do not have to be units' owners. The executive board shall elect the officers of the association. The members of the executive board and the officers of the association shall take office upon election.

2. The term of office of a member of the executive board may not exceed 2 years, except for members who are appointed by the declarant. Unless the governing documents provide otherwise, there is no limitation on the number of terms that a person may serve as a member of the executive board.

3. The governing documents of the association must provide for terms of office that are staggered in such a manner that, to the extent possible, an equal number of members of the executive board are elected at each election. The provisions of this subsection do not apply to:

(a) Members of the executive board who are appointed by the declarant; and

(b) Members of the executive board who serve a term of 1 year or less.

4. Not less than 30 days before the preparation of a ballot for the election of members of the executive board, the secretary or other officer specified in the bylaws of the association shall cause notice to be given to each unit's owner of his eligibility to serve as a member of the executive board. Each unit's owner who is qualified to serve as a member of the executive board may have his name placed on the ballot along with the names of the nominees selected by the members of the executive board or a nominating committee established by the association.

5. Each person whose name is placed on the ballot as a candidate for a member of the executive board must:

(b) Disclose whether the candidate is a member in good standing. For the purposes of this paragraph, a candidate shall not be deemed to be in "good standing" if the candidate has any unpaid and past due assessments or construction penalties that are required to be paid to the association.

➥ The candidate must make all disclosures required pursuant to this subsection in writing to the association with his candidacy information. The association shall distribute the disclosures to each member of the association with the ballot in the manner established in the bylaws of the association.

6. Unless a person is appointed by the declarant:

(a) A person may not be a member of the executive board or an officer of the association if the person, his spouse or his parent or child, by blood, marriage or adoption, performs the duties of a community manager for that association.

(b) A person may not be a member of the executive board of a master association or an officer of that master association if the person, his spouse or his parent or child, by blood, marriage or adoption, performs the duties of a community manager for:

In all events where the person serving or offering to serve as an officer of the association or a member of the executive board is not the record owner, he shall file proof in the records of the association that:

(a) He is associated with the corporate owner, trust, partnership, limited-liability company or estate as required by this subsection; and

(a) The secretary or other officer specified in the bylaws of the association shall cause a secret ballot and a return envelope to be sent, prepaid by United States mail, to the mailing address of each unit within the common-interest community or to any other mailing address designated in writing by the unit's owner.

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) A quorum is not required for the election of any member of the executive board.

(d) Only the secret written ballots that are returned to the association may be counted to determine the outcome of the election.

(e) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(f) The incumbent members of the executive board and each person whose name is placed on the ballot as a candidate for a member of the executive board may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association

9. Each member of the executive board shall, within 90 days after his appointment or election, certify in writing to the association, on a form prescribed by the Administrator, that he has read and understands the governing documents of the association and the provisions of this chapter to the best of his ability. The Administrator may require the association to submit a copy of the certification of each member of the executive board of that association at the time the association registers with the Ombudsman pursuant to NRS 116.31158.

Sec. 4. NRS 116.31036 is hereby amended to read as follows:

116.31036 1. Notwithstanding any provision of the declaration or bylaws to the contrary, any member of the executive board, other than a member appointed by the declarant, may be removed from the executive board, with or without cause, if at a removal election held pursuant to this section the number of votes cast in favor of removal constitutes:

(a) At least 35 percent of the total number of voting members of the association; and

(b) At least a majority of all votes cast in that removal election.

2. ~~[The]~~ ***Except as otherwise provided in NRS 116.31105, the*** removal of any member of the executive board must be conducted by secret written ballot ~~[unless the declaration of the association provides that voting rights may be exercised by delegates or representatives as set forth in NRS 116.31105. (a) The secretary or other officer specified in the bylaws of the association shall cause a secret ballot and a return envelope to be sent, prepaid by United States mail, to the mailing address of each unit within the common-interest community or to any other mailing address designated in writing by the unit's owner.

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) Only the secret written ballots that are returned to the association may be counted to determine the outcome.

(d) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(e) The incumbent members of the executive board, including, without limitation, the member who is subject to the removal, may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association before those secret written ballots have been opened and counted at a meeting of the association.

3. If a member of an executive board is named as a respondent or sued for liability for actions undertaken in his role as a member of the board, the

association shall indemnify him for his losses or claims, and undertake all costs of defense, unless it is proven that he acted with willful or wanton misfeasance or with gross negligence. After such proof, the association is no longer liable for the cost of defense, and may recover costs already expended from the member of the executive board who so acted. Members of the executive board are not personally liable to the victims of crimes occurring on the property. Punitive damages may not be recovered against the association, but may be recovered from persons whose activity gave rise to the damages.

4. The provisions of this section do not prohibit the Commission from taking any disciplinary action against a member of an executive board pursuant to NRS 116.745 to 116.795, inclusive.

Sec. 5. NRS 116.3108 is hereby amended to read as follows:

116.3108 1. A meeting of the units' owners must be held at least once each year. If the governing documents do not designate an annual meeting date of the units' owners, a meeting of the units' owners must be held 1 year after the date of the last meeting of the units' owners. If the units' owners have not held a meeting for 1 year, a meeting of the units' owners must be held on the following March 1.

2. Special meetings of the units' owners may be called by the president, by a majority of the executive board or by units' owners constituting at least 10 percent, or any lower percentage specified in the bylaws, of the total number of voting members of the association. The same number of units' owners may also call a removal election pursuant to NRS 116.31036. To call a special meeting or a removal election, the units' owners must submit a written petition which is signed by the required percentage of the total number of voting members of the association pursuant to this section and which is mailed, return receipt requested, or served by a process server to the executive board or the community manager for the association. If the petition calls for a special meeting, the executive board shall set the date for the special meeting so that the special meeting is held not less than 15 days or more than 60 days after the date on which the petition is received. If the petition calls for a removal election ~~[,]~~ and:

The notice of the meeting must state the time and place of the meeting and include a copy of the agenda for the meeting. The notice must include notification of the right of a unit's owner to:

If the association adopts a policy imposing fines for any violations of the governing documents of the association, the secretary or other officer specified in the bylaws shall prepare and cause to be hand-delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner, a schedule of the fines that may be imposed for those violations.

6. The secretary or other officer specified in the bylaws shall cause minutes to be recorded or otherwise taken at each meeting of the units' owners. Not more than 30 days after each such meeting, the secretary or other officer specified in the bylaws shall cause the minutes or a summary of the minutes of the meeting to be made available to the units' owners. A copy

of the minutes or a summary of the minutes must be provided to any unit's owner upon request and, if required by the executive board, upon payment to the association of the cost of providing the copy to the unit's owner.

7. Except as otherwise provided in subsection 8, the minutes of each meeting of the units' owners must include:

(a) The date, time and place of the meeting;

(b) The substance of all matters proposed, discussed or decided at the meeting; and

(c) The substance of remarks made by any unit's owner at the meeting if he requests that the minutes reflect his remarks or, if he has prepared written remarks, a copy of his prepared remarks if he submits a copy for inclusion.

8. The executive board may establish reasonable limitations on materials, remarks or other information to be included in the minutes of a meeting of the units' owners.

9. The association shall maintain the minutes of each meeting of the units' owners until the common-interest community is terminated.

10. A unit's owner may record on audiotape or any other means of sound reproduction a meeting of the units' owners if the unit's owner, before recording the meeting, provides notice of his intent to record the meeting to the other units' owners who are in attendance at the meeting.

11. The units' owners may approve, at the annual meeting of the units' owners, the minutes of the prior annual meeting of the units' owners and the minutes of any prior special meetings of the units' owners. A quorum is not required to be present when the units' owners approve the minutes.

12. As used in this section, "emergency" means any occurrence or combination of occurrences that:

(a) Could not have been reasonably foreseen;

(b) Affects the health, welfare and safety of the units' owners or residents of the common-interest community;

(c) Requires the immediate attention of, and possible action by, the executive board; and

(d) Makes it impracticable to comply with the provisions of subsection 3 or 4.

Sec. 6. NRS 116.311 is hereby amended to read as follows:

116.311 1. If only one of several owners of a unit is present at a meeting of the association, that owner is entitled to cast all the votes allocated to that unit. If more than one of the owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the owners, unless the declaration expressly provides otherwise. There is majority agreement if any one of the owners cast the votes allocated to that unit without protest made promptly to the person presiding over the meeting by any of the other owners of the unit.

2. Except as otherwise provided in this section, votes allocated to a unit may be cast pursuant to a proxy executed by a unit's owner. A unit's owner may give a proxy only to a member of his immediate family, a tenant of the

unit's owner who resides in the common-interest community , ~~[or]~~ another unit's owner who resides in the common-interest community ~~[.]~~ , or a delegate or representative when authorized pursuant to NRS 116.31105. If a unit is owned by more than one person, each owner of the unit may vote or register protest to the casting of votes by the other owners of the unit through an executed proxy. A unit's owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the person presiding over a meeting of the association.

3. Before a vote may be cast pursuant to a proxy:

(a) The proxy must be dated.

(b) The proxy must not purport to be revocable without notice.

(c) The proxy must designate the meeting for which it is executed.

(d) The proxy must designate each specific item on the agenda of the meeting for which the unit's owner has executed the proxy, except that the unit's owner may execute the proxy without designating any specific items on the agenda of the meeting if the proxy is to be used solely for determining whether a quorum is present for the meeting. If the proxy designates one or more specific items on the agenda of the meeting for which the unit's owner has executed the proxy, the proxy must indicate, for each specific item designated in the proxy, whether the holder of the proxy must cast a vote in the affirmative or the negative on behalf of the unit's owner. If the proxy does not indicate whether the holder of the proxy must cast a vote in the affirmative or the negative for a particular item on the agenda of the meeting, the proxy must be treated, with regard to that particular item, as if the unit's owner were present but not voting on that particular item.

(e) The holder of the proxy must disclose at the beginning of the meeting for which the proxy is executed the number of proxies pursuant to which the holder will be casting votes.

4. A proxy terminates immediately after the conclusion of the meeting for which it is executed.

5. ~~[A]~~ ***Except as otherwise provided in this subsection, a*** vote may not be cast pursuant to a proxy for the election or removal of a member of the executive board of an association **.** ~~[unless]~~ ***A vote may be cast pursuant to a proxy for the election or removal of a member of the executive board of a master association which governs a time-share plan created pursuant to chapter 119A of NRS if*** the proxy is exercised through a delegate or representative authorized pursuant to NRS 116.31105.

6. The holder of a proxy may not cast a vote on behalf of the unit's owner who executed the proxy in a manner that is contrary to the proxy.

7. A proxy is void if the proxy or the holder of the proxy violates any provision of subsections 1 to 6, inclusive.

8. If the declaration requires that votes on specified matters affecting the common-interest community must be cast by the lessees of leased units rather than the units' owners who have leased the units:

(a) The provisions of subsections 1 to 7, inclusive, apply to the lessees as if they were the units' owners;

(b) The units' owners who have leased their units to the lessees may not cast votes on those specified matters;

(c) The lessees are entitled to notice of meetings, access to records and other rights respecting those matters as if they were the units' owners; and

(d) The units' owners must be given notice, in the manner provided in NRS 116.3108, of all meetings at which the lessees are entitled to vote.

9. If any votes are allocated to a unit that is owned by the association, those votes may not be cast, by proxy or otherwise, for any purpose.

~~*[10. The executive board shall not and the governing documents must not provide for or authorize a representative form of government or the use of delegates or representatives to exercise the voting rights of the units' owners.]*~~

4. For the purposes of subsection 1, each unit that a declarant has reserved the right to create pursuant to NRS 116.2105 and for which developmental rights exist must be counted in determining the number of units in a common-interest community.

6. Notwithstanding any provision in the declaration, the election of any delegate or representative must be conducted by secret written ballot.

~~[5.]~~ ***7.*** When an election of a delegate or representative is conducted by secret written ballot:

(a) The secretary or other officer of the association specified in the bylaws of the association shall cause a secret written ballot and a return envelope to be sent, prepaid by United States mail, to the mailing address of each unit within the common-interest community or to any other mailing address designated in writing by the unit's owner.

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) Only the secret written ballots that are returned to the association in the manner prescribed on the ballot may be counted to determine the outcome of the election.

(d) The secret written ballots must be opened and counted at a meeting called for the purpose of electing delegates or representatives. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(e) A candidate for delegate or representative may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association in the manner prescribed on the ballot before those secret written ballots have been opened and counted at a meeting called for that purpose.

Sec. 6.7. **NRS 116.31153 is hereby amended to read as follows:**

2. Money in the operating account of an association may not be withdrawn without the signatures of at least one member of the executive board or one officer of the association and a member of the executive board, an officer of the association or the community manager.

Unless the declaration otherwise provides, any penalties, fees, charges, late charges, fines and interest charged pursuant to paragraphs (j) to (n), inclusive, of subsection 1 of NRS 116.3102 are enforceable as assessments under this section. ~~2. A lien under this section is prior to all other liens and encumbrances on a unit except:~~

~~(b) A first security interest on the unit recorded before the date on which the assessment sought to be enforced became delinquent or, in a cooperative, the first security interest encumbering only the unit's owner's interest and perfected before the date on which the assessment sought to be enforced became delinquent; and~~

This subsection does not affect the priority of mechanics' or materialmen's liens, or the priority of liens for other assessments made by the association.~~

~~3. Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority.~~

~~4. Recording of the declaration constitutes record notice and perfection of the lien. No further recordation of any claim of lien for assessment under this section is required.~~

~~5. A lien for unpaid assessments is extinguished unless proceedings to enforce the lien are instituted within 3 years after the full amount of the assessments becomes due.~~

~~6. This section does not prohibit actions to recover sums for which subsection 1 creates a lien or prohibit an association from taking a deed in lieu of foreclosure.~~

~~7. A judgment or decree in any action brought under this section must include costs and reasonable attorney's fees for the prevailing party.~~

~~8. The association, upon written request, shall furnish to a unit's owner a statement setting forth the amount of unpaid assessments against the unit. ~~(1) May be foreclosed as a security interest under NRS 104.9101 to 104.9709, inclusive; or~~

~~(2) If the declaration so provides, may be foreclosed under NRS 116.31162 to 116.31168, inclusive.~~
