Sec. 49. ***1. A building code may not impose any requirement upon any structure in a condominium hotel which it would not impose upon a physically identical development under a different form of ownership.***

2. 3. Except as otherwise provided in subsections 1 and 2, the provisions of this chapter do not invalidate or modify any provision of any building code or zoning, subdivision or other law, ordinance, rule or regulation governing the use of real estate.

4. The provisions of this section do not prohibit a local government from imposing different requirements and standards regarding design and construction on different types of structures within a condominium hotel.

Sec. 50. ***1. If a unit is acquired by eminent domain or part of a unit is acquired by eminent domain leaving the unit's owner with a remnant that may not practically or lawfully be used for any purpose permitted by the declaration, the award must include compensation to the unit's owner for that unit and its allocated interests, whether or not any common elements are acquired. Upon acquisition, unless the decree otherwise provides, that unit's allocated interests are automatically reallocated to the remaining units in proportion to the respective allocated interests of those units before the taking, and the association shall promptly prepare, execute and record an amendment to the declaration reflecting the reallocations.***

2. Except as otherwise provided in subsection 1, if part of a hotel unit is acquired by eminent domain, the award must compensate the hotel unit owner for the reduction in value of the hotel unit and its interest in the common elements, whether or not any common elements are acquired. If part of a residential unit is acquired by eminent domain, the award must compensate the residential unit owner for the reduction in value of the residential unit and its interest in the common elements, whether or not any common elements are acquired. Upon acquisition, unless the decree otherwise provides:

(a) That unit's allocated interests are reduced in proportion to the reduction in the size of the unit, or on any other basis specified in the declaration; and

(b) The portion of the allocated interests divested from the partially acquired unit are automatically reallocated to that unit and to the remaining units in proportion to the respective allocated interests of those units before the taking, with the partially acquired unit participating in the reallocation on the basis of its reduced allocated interests.

3. If part of the common elements is acquired by eminent domain, the portion of the award attributable to the common elements taken must be paid to the association. Unless the declaration provides otherwise, any portion of the award attributable to the acquisition of a limited common element must be equally divided among the owners of the units to which that limited common element was allocated at the time of acquisition.

4. If part of the shared components or hotel unit is acquired by eminent domain, the portion of the award attributable to the shared components or hotel unit taken must be paid to the owner of the hotel unit or the shared components.

5. The judicial decree must be recorded in every county in which any portion of the condominium hotel is located.

Sec. 51. The principles of law and equity, including the law of corporations, the law of unincorporated associations, the law of real property, and the law relative to capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause supplement the provisions of this chapter, except to the extent inconsistent with this chapter.

Sec. 52. If a matter governed by this chapter is also governed by chapter 78, 81, 82, 86, 87, 88 or 88A of NRS and there is a conflict between the provisions of this chapter and the provisions of those other chapters, the provisions of this chapter prevail.

Sec. 53. This chapter being a general act intended as a unified coverage of its subject matter, no part of it may be construed to be impliedly repealed by subsequent legislation if that construction can reasonably be avoided.

Sec. 54. 1. The court, upon finding as a matter of law that a contract or clause of a contract was unconscionable at the time the contract was made, may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or limit the application of any unconscionable clause to avoid an unconscionable result.

2. Whenever it is claimed, or appears to the court, that a contract or any clause of a contract is or may be unconscionable, the parties, to aid the court in making the determination, must be afforded a reasonable opportunity to present evidence as to:

(a) The commercial setting of the negotiations; and

(b) The effect and purpose of the contract or clause.

Sec. 55. Every contract or duty governed by this chapter imposes an obligation of good faith in its performance or enforcement.

Sec. 56. 1. The remedies provided by this chapter must be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. Consequential, special or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

2. Any right or obligation declared by this chapter is enforceable by judicial proceeding.

Sec. 57. 1. This chapter applies to all condominium hotels created within this State.

2. Except as otherwise provided in this chapter, the provisions of chapters 116, 117 and 278A of NRS do not apply to condominium hotels.

3. This chapter does not apply to:

(a) A common-interest community as that term is defined in NRS 116.021.

(b) Time shares governed by the provisions of chapter 119A of NRS.

(c) A condominium hotel that was created before January 1, 2008, unless the declaration of that condominium hotel otherwise provides or is amended to provide for the applicability of this chapter.

Sec. 58. 1. Any provision contained in a declaration, bylaw or other governing document of a condominium hotel that violates the provisions of this chapter shall be deemed to conform with those provisions by operation of law, and any such declaration, bylaw or other governing document is not required to be amended to conform to those provisions.

2. In the case of amendments to a declaration, bylaws or plats and plans of any condominium hotel created before January 1, 2008:

(a) If the result accomplished by the amendment was permitted before January 1, 2008, the amendment may be made in accordance with that law, in which case that law applies to that amendment, or it may be made under this chapter; and

(b) If the result accomplished by the amendment is permitted by this chapter and was not permitted by law before January 1, 2008, the amendment may be made under this chapter.

Sec. 59. If any change is made to the governing documents, the secretary or other officer specified in the bylaws of the association shall, within 30 days after the change is made, prepare and cause to be hand delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner, a copy of the change that was made.

Sec. 60. A condominium hotel may be created pursuant to this chapter only by recording a declaration executed in the same manner as a deed. The declaration must be recorded in every county in which any portion of the condominium hotel is located and must be indexed in the grantee's

index in the name of the condominium hotel and the association and in the grantor's index in the name of each person executing the declaration.

Sec. 61. The boundaries of the hotel unit, including the shared components, if any, must be expressly set forth in the declaration or other governing documents of the condominium hotel.

Sec. 62. 1. The inclusion in a governing document of a provision that violates any provision of this chapter does not render any other provisions of the governing document invalid or otherwise unenforceable if the other provisions can be given effect in accordance with their original intent and the provisions of this chapter.

2. The rule against perpetuities and NRS 111.103 to 111.1039, inclusive, do not apply to defeat any provision of the declaration, bylaws, rules or regulations adopted pursuant to section 83 of this act.

3. In the event of a conflict between the provisions of the declaration and the bylaws, the declaration prevails except to the extent the declaration is inconsistent with this chapter.

4. Title to any portion of a condominium hotel is not rendered unmarketable or otherwise affected by reason of an insubstantial failure of the declaration to comply with this chapter. Whether a substantial failure impairs marketability is not affected by this chapter.

Sec. 63. A description of the residential units and the hotel unit which sets forth the name of the condominium hotel, the file number and book or other information to show where the declaration is recorded, the county in which the condominium hotel is located and the identifying number of the units, is a legally sufficient description of those units and all rights, obligations and interests appurtenant to those units which were created by the declaration or bylaws.

Sec. 64. 1. The declaration for a condominium hotel must contain:

(a) The names of the condominium hotel and the association.

(b) The name of every county in which any part of the condominium hotel is situated.

(c) A sufficient description of the real estate included in the condominium hotel.

(d) A statement of the maximum number of units that the declarant reserves the right to create.

(e) A description of the boundaries of each residential unit created by the declaration, including the unit's identifying number, its size or number of rooms, and its location within a building if it is within a building containing more than one unit.

(f) A description of the shared components, hotel unit and the common elements.

(g) A description of any limited common elements.

(h) A description of any developmental rights and other special declarant's rights reserved by the declarant, together with a legally

sufficient description of the real estate to which each of those rights applies, and a time within which each of those rights must be exercised.

(i) If any developmental right may be exercised with respect to different parcels of real estate at different times, a statement to that effect together with:

(1) Either a statement fixing the boundaries of those portions and regulating the order in which those portions may be subjected to the exercise of each developmental right or a statement that no assurances are made in those regards; and

(2) A statement whether, if any developmental right is exercised in any portion of the real estate subject to that developmental right, that developmental right must be exercised in all or in any other portion of the remainder of that real estate.

(j) Any other conditions or limitations under which the rights described in paragraph (h) may be exercised or will lapse.

(k) A description of any easements benefiting or burdening the units, including easements providing the residential unit owners with rights of ingress or egress through the common elements, hotel unit or shared components for the purpose of accessing their respective units.

(l) An allocation to the units of the allocated interests as described in this chapter, and an allocation to the residential units of their respective liability for shared expenses and other charges of the hotel unit owner.

(m) A description of any other payments, fees and charges that may be charged by the hotel unit owner in order to offset the increased burden placed on the shared components as the result of use of residential units as transient rentals.

(n) Any restrictions:

(1) On use, occupancy and alienation of the units; and

(2) On the amount for which a unit may be sold or on the amount that may be received by a unit's owner on sale, condemnation or casualty to the unit or to the condominium hotel, or on termination of the condominium hotel.

(o) The file number and book or other information to show where easements and licenses are recorded appurtenant to or included in the condominium hotel or to which any portion of the condominium hotel is or may become subject by virtue of a reservation in the declaration.

2. The declaration may contain any other matters the declarant considers appropriate.

Sec. 65. 1. Any lease the expiration or termination of which may terminate the condominium hotel or reduce its size must be recorded. Every lessor of such a lease in a condominium hotel shall sign the declaration. The declaration must state:

(a) The recording date where the lease is recorded.

(b) The date on which the lease is scheduled to expire.

(c) A legally sufficient description of the real estate subject to the lease.

(d) Any right of the units' owners to redeem the reversion and the manner whereby those rights may be exercised, or a statement that they do not have those rights.

(e) Any right of the units' owners to remove any improvements within a reasonable time after the expiration or termination of the lease, or a statement that they do not have those rights.

(f) Any rights of the units' owners to renew the lease and the conditions of any renewal, or a statement that such rights do not exist.

2. After the declaration for a leasehold condominium hotel is recorded, neither the lessor nor the lessor's successor in interest may terminate the leasehold interest of a unit's owner who makes timely payment of his share of the rent and otherwise complies with all covenants which, if violated, would entitle the lessor to terminate the lease. The leasehold interest of a unit's owner in a condominium hotel is not affected by failure of any other person to pay rent or fulfill any other covenant.

3. Acquisition of the leasehold interest of any unit's owner by the owner of the reversion or remainder does not merge the leasehold and freehold interests unless the leasehold interests of all units' owners subject to that reversion or remainder are acquired.

4. If the expiration or termination of a lease decreases the number of units in a condominium hotel, the allocated interests must be reallocated in accordance with subsection 1 of section 50 of this act as if those units had been taken by eminent domain. Reallocations must be confirmed by an amendment to the declaration prepared, executed and recorded by the association.

Sec. 66. 1. The declaration must allocate to each unit, including any unit owned by the declarant or hotel unit owner, as applicable, a fraction or percentage of undivided interests in the common elements and in the common expenses of the association and a portion of the votes in the association.

2. The declaration may allocate to each residential unit, including any residential unit owned by the declarant or the hotel unit owner, as applicable, a fraction or percentage of the liability for shared expenses and other charges of the hotel unit owner. Unless the declaration provides otherwise, residential units are not allocated an undivided interest in the ownership of the hotel unit or the shared components.

3. The declaration must state the formulas used to establish allocations of interests and to establish each residential unit's allocated liability for shared expenses. Unless the declaration provides otherwise, the formula used to allocate interests and to allocate liability for shared expenses must be based on the square footage of the residential units. Those allocations of interest and allocations of liability for shared expenses must not discriminate in favor of any unit within the condominium hotel.

4. The declaration may provide:

(a) That different allocations of votes are made to the units on particular matters specified in the declaration;

(b) For cumulative voting only for the purpose of electing members of the executive board;

(c) For class voting on specified issues affecting the class if necessary to protect valid interests of the class; and

(d) For the hotel owner's ability to fine residential unit owners or to prohibit use of the shared components for violation of reasonable rules and regulations as may be established by the hotel unit owner. If the hotel unit owner prohibits use of the shared components, such prohibition may not restrict use of the shared components as is necessary for vehicular or pedestrian ingress or egress to or from the residential unit.

5. Except for minor variations because of rounding, the sum of the liabilities for common expenses allocated at any time to all the units must each equal one if stated as a fraction or 100 percent if stated as a percentage. In the event of discrepancy between an allocated interest and the result derived from application of the pertinent formula, the allocated interest prevails.

6. Except for minor variations because of rounding, the sum of the liabilities for shared expenses allocated at any time to all the residential units must each equal one if stated as a fraction or 100 percent if stated as a percentage. In the event of any discrepancy between a specific residential unit's allocated share of liability for shared expenses and the result derived from the application of the pertinent formula, the specific residential unit's allocation of liability for shared expenses prevails.

7. In a condominium hotel, the common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale or other voluntary or involuntary transfer of an undivided interest in the common elements made without the unit to which that interest is allocated is void.

8. If units may be added to or withdrawn from the condominium hotel, the declaration must state the formulas to be used to reallocate the allocated interests and the allocations of liability for shared expenses among all units included in the condominium hotel after the addition or withdrawal.

Sec. 67. 1. The declaration may allocate limited common elements to any unit or units within the condominium hotel. The declaration must specify to which unit or units each limited common element is allocated. An allocation may not be altered without the consent of the units' owners to which the limited common elements are allocated.

2. Except as the declaration otherwise provides, a limited common element may be reallocated by an amendment to the declaration executed by the units' owners between or among whose units the reallocation is made. The persons executing the amendment shall provide a copy thereof

to the association, which shall record it. The amendment must be recorded in the names of the parties and the condominium hotel.

3. A common element not previously allocated as a limited common element may be so allocated only by amendments to the declaration.

Sec. 68. 1. Plats and plans are a part of the declaration and are required for all condominium hotels. Each plat and plan must be clear and legible and contain a certification that the plat or plan contains all information required by this section.

2. Each plat must comply with the provisions of chapter 278 of NRS and show:

(a) The name and a survey of the area which is the subject of the plat;

(b) A sufficient description of the real estate;

(c) The extent of any encroachments by or upon any portion of the property which is the subject of the plat;

(d) The location and dimensions of all easements having a specific location and dimension which serve or burden any portion of the condominium hotel;

(e) The location and dimensions with reference to an established datum of any vertical residential unit boundaries and that unit's identifying number;

(f) The location with reference to an established datum of any horizontal unit boundaries not shown or projected on plans recorded pursuant to subsection 4 and that unit's identifying number;

(g) The location and dimensions of the units, shared components and common elements; and

(h) The location and dimensions of limited common elements, if any, including porches, balconies and patios.

3. Each plat must be certified by an independent professional land surveyor. The plans of the units must be certified by an independent professional engineer or architect.

4. Plats and plans need not show the location and dimensions of the units' boundaries and their limited common elements if:

(a) The plat shows the location and dimensions of all buildings containing or comprising the units; and

(b) The declaration includes other information that shows or contains a narrative description of the general layout of the units in those buildings and the limited common elements, if any, allocated to those units.

5. To the extent not shown or projected on the plats, plans of the units must show or project any units in which the declarant has reserved the right to create additional units or common elements, or portions of the shared components or hotel unit, identified appropriately.

6. Unless the declaration provides otherwise, the horizontal boundaries of part of a unit located outside a building have the same elevation as the horizontal boundaries of the inside part and need not be depicted on the plats and plans of the units.

7. Upon exercising any developmental right, the declarant shall prepare, execute and record new or amended plats necessary to conform to the requirements of this section.

Sec. 69. 1. To exercise any developmental right reserved in the declaration, the declarant shall prepare, execute and record an amendment to the declaration. The declarant is the owner of any units thereby created. The amendment to the declaration must assign an identifying number to each new unit created and, except in the case of subdivision or conversion of units described in this section, reallocate the allocated interests and the allocated liability for shared expenses by the declarant or hotel unit owner among all units. The amendment must describe any common elements, limited common elements, shared components or portions of the hotel unit thereby created and, in the case of limited common elements, designate the unit to which each is allocated to the extent required by section 67 of this act.

2. Developmental rights may be reserved within any real estate added to the condominium hotel if the amendment adding that real estate includes all matters required by section 64 or 65 of this act, as the case may be. This provision does not extend the time limit on the exercise of developmental rights imposed by the declaration.

3. Whenever a declarant exercises a developmental right to subdivide or convert a unit or shared components previously created into additional units, common elements, shared components, or additional portions of the hotel unit:

(a) If the declarant converts the unit or shared components entirely to common elements, the amendment to the declaration must convey it to the association or reallocate all the allocated interests and allocated liability for shared expenses of that unit among the other units as if that unit had been taken by eminent domain; and

(b) If the declarant subdivides the unit into two or more units, whether or not any part of the unit is converted into common elements, the amendment to the declaration must reallocate all the allocated interests and shared expenses of the unit among the units created by the subdivision in any reasonable manner prescribed by the declarant.

4. If the declarant converts a shared component into a residential unit, the amendment to the declaration must reallocate all the allocated interests and allocated liability for shared expenses to the residential units.

5. If the declaration provides that all or a portion of the real estate is subject to a right of withdrawal:

(a) If all the real estate is subject to withdrawal, and the declaration does not describe separate portions of real estate subject to that right, none of the real estate may be withdrawn after a unit has been conveyed to a purchaser; and

(b) If any portion is subject to withdrawal, it may not be withdrawn after a unit in that portion has been conveyed to a purchaser.

Sec. 70. ***1. The declaration must describe the boundaries of the hotel unit, which are owned by the hotel unit owner. The hotel unit may be used by the hotel unit owner for commercial purposes, including the operation of a hotel and other commercial uses as set forth in the declaration. Except as otherwise provided in the declaration, the hotel unit owner may subdivide the hotel unit without prior notice or demand to the residential unit owners.***

2. The declaration must describe the shared components which are deemed to be a part of the hotel unit. The hotel unit owner shall, from time to time, be responsible for the repair, replacement, improvement, maintenance, management, operation and insurance of the shared components, all of which must be conducted in a commercially reasonable manner. The hotel unit owner, as applicable, has the power to charge the residential unit owners for the shared expenses.

3. The residential unit owners have an easement for ingress and egress across and upon the hotel unit and the shared components as is reasonably necessary for the residential unit owners and guests to access the residential units. The residential unit owners have an easement for the use and enjoyment of the shared components, subject to reasonable rules and regulations as may be established by the hotel unit owner.

Sec. 71. ***Except as otherwise provided in this section and subject to the provisions of the declaration and other provisions of law, a residential unit owner:***

1. May make any improvements or alterations to his residential unit that do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium hotel; and

2. May not change the appearance of the common elements, the shared components, the hotel unit or the exterior appearance of a unit, building or any other portion of the condominium hotel.

Sec. 72. ***The existing physical boundaries of a residential unit or a hotel unit are its legal boundaries, rather than the boundaries derived from the description contained in the original declaration, regardless of vertical or lateral movement of the building or minor variance between those boundaries and the boundaries derived from the description contained in the original declaration. This section does not relieve a unit's owner of liability in case of his willful misconduct or relieve a declarant or any other person of liability for failure to adhere to any plats and plans.***

Sec. 73. ***Subject to the provisions of the declaration and other provisions of law, the boundaries between adjoining units may be relocated by an amendment to the declaration upon application to the hotel unit owner by the owners of those units. If the owners of the adjoining units have specified a reallocation between their units of their allocated interests and allocation of shared expenses, the application must state the proposed reallocations. Unless the hotel unit owner determines within 90 days that the reallocations are unreasonable, the hotel unit owner shall prepare an***

amendment that identifies the units involved and states the reallocations. The amendment must be executed by those units' owners, contain words of conveyance between them and, on recordation, be indexed in the name of the grantor and the grantee, and in the grantee's index in the name of the association and the hotel unit owner.

Sec. 74. 1. If the declaration expressly so permits, a residential unit may be subdivided into two or more residential units upon receipt of consent from the hotel unit owner. Subject to the provisions of the declaration and other provisions of law, upon receipt of consent from the hotel unit owner to subdivide a residential unit, the association shall prepare, execute and record an amendment to the declaration.

2. The amendment to the declaration must be executed by the owner of the unit to be subdivided, assign an identifying number to each residential unit created, and reallocate the allocated interests and allocated liability for shared expenses formerly allocated to the subdivided residential unit to the new residential units in any reasonable manner prescribed by the owner of the subdivided unit.

Sec. 75. 1. Provisions in an agreement to purchase a residential unit between a purchaser and a declarant which permit the declarant to amend or change the governing documents at any time before the close of escrow of a residential unit are enforceable.

2. Following the period of a declarant's control of the association, with regard to an amendment that does not in any way affect the hotel unit or the shared components, the declaration may be amended by a majority of the total voting power in the association. The declaration may specify a larger number of votes necessary to amend the declaration.

3. Following the period of declarant's control of the association, with regard to an amendment that in any way affects the hotel unit or the shared components, such an amendment is not effective without the prior written consent of the declarant or the hotel unit owner and the vote of a majority of the total voting power in the association. The declaration may specify a larger number of votes necessary to amend the declaration.

4. No action to challenge the validity of an amendment adopted pursuant to this section may be brought more than 1 year after the amendment is recorded.

5. Every amendment to the declaration must be recorded in every county in which any portion of the condominium hotel is located and is effective only upon recordation. An amendment must be indexed in the grantee's index in the name of the condominium hotel and the association and in the grantor's index in the name of the parties executing the amendment.

Sec. 76. 1. Except in the case of a taking of the condominium hotel by eminent domain, termination of the condominium hotel or the declaration requires approval by:

(a) The owners representing at least 80 percent of the votes in the association allocated to the residential unit owners; and

(b) The hotel unit owner.

2. An agreement to terminate the condominium hotel or the declaration must be evidenced by the execution of an agreement to terminate in the same manner as a deed by the hotel unit owner and the requisite number of units' owners. The agreement to terminate must specify a date after which the agreement will be void unless it is recorded before that date.

3. An agreement to terminate may provide that all of the common elements, shared components or units must be sold following termination. If, pursuant to the agreement, any real estate in the condominium hotel is to be sold following termination, the agreement must set forth the minimum terms of the sale.

4. The hotel unit owner, on behalf of the units' owners, may contract for the sale of real estate owned by the units' owners in a condominium hotel, but the contract is not binding on the units' owners and the declarant or hotel unit owner, as applicable, until approved pursuant to subsections 1 and 2. If any real estate owned by the units' owners is to be sold following termination, title to that real estate, upon termination, vests in the hotel unit owner as trustee for the holders of all interests in the units. Thereafter, the hotel unit owner has all powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the hotel unit owner continues in existence with all powers it had before termination. Proceeds of the sale must be distributed to units' owners and lienholders as their interests may appear, in accordance with sections 77 and 78 of this act. Unless otherwise specified in the agreement to terminate, as long as the unit's owner holds title to the real estate, each unit's owner and his successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted the unit. During the period of that occupancy, each unit's owner and his successors in interest remain liable for all assessments, shared expenses and other obligations imposed on units' owners by this chapter or the declaration.

5. If the real estate is not to be sold following termination, title to the common elements and residential units vests in the units' owners upon termination as tenants in common in proportion to their respective interests in the association as provided in section 78 of this act, and liens on the units shift accordingly. While the tenancy in common exists, each unit's owner and his successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted such unit owners' unit.

6. Following termination of the condominium hotel, the proceeds of any sale of real estate, together with the assets of the association, are held by the hotel unit owner as trustee for units' owners and holders of liens on the units as their interests may appear.

Sec. 77. ***1. Following termination of a condominium hotel, creditors of the association holding liens on the units, which were recorded before termination, may enforce those liens in the same manner as any lienholder. All other creditors of the association are to be treated as if they had perfected liens on the units immediately before termination.***

2. Creditors of the association are not entitled to payment from any unit's owner in excess of the amount of the creditor's lien against that owner's interest.

Sec. 78. ***The respective interests of units' owners referred to in sections 76 and 77 of this act are as follows:***

1. Except as otherwise provided in subsection 2, the respective interests of units' owners are the fair market values of their units, allocated interests, and any limited common elements immediately before the termination, as determined by one or more independent appraisers selected by the hotel unit owner. The decision of the independent appraisers must be distributed to the units' owners and becomes final unless disapproved within 30 days after distribution by units' owners to whom 25 percent of the total number of votes in the association are allocated. The proportion of interest of any unit's owner to that of all units' owners is determined by dividing the fair market value of that unit and its allocated interests by the total fair market values of all the units and their allocated interests.

2. If any unit or any limited common element is destroyed to the extent that an appraisal of the fair market value thereto before destruction cannot be made, the interests of all units' owners are their respective interests in the common elements immediately before the termination.

Sec. 79. ***1. Except as otherwise provided in subsection 2, foreclosure or enforcement of a lien or encumbrance against the entire condominium hotel does not terminate, of itself, the condominium hotel, and foreclosure or enforcement of a lien or encumbrance against a portion of the condominium hotel, other than withdrawable real estate, does not withdraw that portion from the condominium hotel. Foreclosure or enforcement of a lien or encumbrance against withdrawable real estate does not withdraw, of itself, that real estate from the condominium hotel, but the person taking title thereto may require from the hotel unit owner, upon request, an amendment excluding the real estate from the condominium hotel.***

2. If a lien or encumbrance against a portion of the real estate comprising the condominium hotel has priority over the declaration and the lien or encumbrance has not been partially released, the parties foreclosing the lien or encumbrance, upon foreclosure, may record an instrument excluding the real estate subject to that lien or encumbrance from the condominium hotel.

Sec. 80. ***The declaration may require that all or a specified number or percentage of the lenders who hold security interests encumbering the units approve specified actions of the units' owners or the association as a***

condition to the effectiveness of those actions, but no requirement for approval may operate to:

1. Deny or delegate control over the general administrative affairs of the association by the units' owners or the executive board;

2. Prevent the association or the executive board from commencing, intervening in or settling any litigation or proceeding; or

3. Prevent any trustee or the association from receiving and distributing any proceeds of insurance except as otherwise provided in this chapter.

Sec. 81. 1. Any two or more condominium hotels, by agreement of the declarants or hotel unit owners and ratified by the associations as provided in subsection 2, may be merged or consolidated into a single condominium hotel. In the event of a merger or consolidation, unless the agreement otherwise provides, the resultant condominium hotel is the legal successor, for all purposes, of all of the preexisting condominium hotels, and the operations and activities of all associations of the preexisting condominium hotels are merged or consolidated into a single association that holds all powers, rights, obligations, assets and liabilities of all preexisting associations.

2. An agreement of two or more condominium hotels to merge or consolidate pursuant to subsection 1 must be evidenced by an agreement prepared, executed, recorded and certified by the declarant or hotel unit owner, as applicable, of each of the preexisting condominium hotels. The agreement must be ratified in each condominium hotel by the percentage of votes required to terminate that condominium hotel. The agreement must be recorded in every county in which a portion of the condominium hotel is located and is not effective until recorded.

3. Every agreement for merger or consolidation must provide for the reallocation of the allocated interests in the new association among the units of the resultant condominium hotel either by stating the reallocations or the formulas upon which they are based or by stating the percentage of overall allocated interests of the new condominium hotel which are allocated to all of the units comprising each of the preexisting condominium hotels, and providing that the portion of the percentages allocated to each unit formerly constituting a part of the preexisting condominium hotel must be equal to the percentages of allocated interests and shared expenses allocated to that unit by the declaration of the preexisting condominium hotel.

4. Every agreement for merger or consolidation must provide for the reallocation of the liability for shared expenses among the residential units of the resultant condominium hotel either by stating the reallocations or the formulas upon which they are based.

Sec. 82. 1. A unit-owners' association must be organized not later than the date the first residential unit in the condominium hotel is conveyed.

2. The membership of the association at all times consists exclusively of all units' owners, including the hotel unit and any other units owned by the declarant or, following termination of the condominium hotel, of all owners of former units entitled to distributions of proceeds under the declaration, or their heirs, successors or assigns.

3. The association must:

(a) Be organized as a profit or nonprofit corporation, association, limited-liability company, trust or partnership;

(b) Include in its articles of incorporation, articles of association, articles of organization, certificate of registration, certificate of limited partnership, certificate of trust or other documents of organization, or any amendment thereof, that the purpose of the corporation, association, limited-liability company, trust or partnership is to operate as an association pursuant to this chapter;

(c) Contain in its name the words "community association," "homeowners' association" or "unit-owners' association"; and

(d) Comply with the provisions of chapters 78, 81, 82, 86, 87, 88 and 88A of NRS when filing with the Secretary of State its articles of incorporation, articles of association, articles of organization, certificate of registration, certificate of limited partnership, certificate of trust or other documents of organization, or any amendment thereof.

4. Unless otherwise provided in the declaration, the association shall not have any ownership or control over the hotel unit or the shared components.

Sec. 83. Subject to the provisions of the declaration, the association may do any or all of the following:

1. Adopt and amend bylaws, rules and regulations pertaining to the common elements. Unless otherwise provided in the declaration, bylaws, rules or regulations adopted by the association must not attempt to exercise any control over the hotel unit or the shared components.

2. Adopt and amend budgets for revenues, expenditures and reserves relating to the common elements and collect assessments for common expenses from the units' owners.

3. Hire and discharge managing agents and other employees, agents and independent contractors of the association.

4. Institute, defend or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more units' owners on matters affecting the condominium hotel.

5. Make contracts and incur liabilities with regard to the common elements.

6. Regulate the use, maintenance, repair, replacement and modification of common elements.

7. Cause additional improvements to be made as a part of the common elements.

8. Acquire, hold, encumber and convey in its own name any right, title or interest to real estate or personal property, but common elements may be conveyed or subjected to a security interest only pursuant to section 108 of this act.

9. Grant easements, leases, licenses and concessions through or over the common elements.

10. Impose and receive any payments, fees or charges for the use, rental or operation of the common elements.

11. Impose charges for late payment of assessments on common elements.

12. Impose reasonable fines for violations of the governing documents of the association only if the association complies with the requirements set forth in section 85 of this act.

13. Provide for the indemnification of its officers and executive board and maintain directors' and officers' liability insurance.

14. Assign its right to future income, including the right to receive assessments for common expenses, but only to the extent the declaration expressly so provides.

15. Exercise any other powers conferred by the declaration or bylaws.

16. Exercise any other powers necessary and proper for the governance and operation of the association.

Sec. 84. 1. Except as otherwise provided in the declaration, the bylaws, this section or other provisions of this chapter, the executive board may act in all instances on behalf of the association. In the performance of their duties, the officers and members of the executive board are fiduciaries. The members of the executive board are required to exercise the ordinary and reasonable care of directors of a corporation, subject to the business-judgment rule.

2. The executive board may not act on behalf of the association to amend the declaration, to terminate the condominium hotel, or to elect members of the executive board or determine their qualifications, powers and duties or terms of office, but the executive board may fill vacancies in its membership for the unexpired portion of any term.

Sec. 85. 1. Except as otherwise provided in this section and in the declaration, if a residential unit owner or the tenant or guest of a residential unit owner violates any provision of the governing documents of an association, the executive board may, if the governing documents so provide:

(a) Prohibit, for a reasonable time, the residential unit owner or the tenant or guest of the residential unit owner from:

(1) Voting on matters related to the association.

(2) Using the common elements. The provisions of this subparagraph do not prohibit the residential unit owner or the tenant or guest of the residential unit owner from using any portion of the common elements, if

any, as is necessary for vehicular or pedestrian ingress or egress to or from the residential unit.

(b) Impose a fine against the residential unit owner or the tenant or guest of the residential unit owner for each violation. If the violation poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the residential units' owners or residents of the condominium hotel, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents. If the violation does not pose an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the residential units' owners or residents or guests of the condominium hotel, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents, but the amount of the fine must not exceed $100 for each violation or a total amount of $1,000, whichever is less. The limitations on the amount of the fine do not apply to any interest, charges or costs that may be collected by the association pursuant to this section if the fine becomes past due.

2. The executive board may not impose a fine pursuant to subsection 1 unless:

(a) Not less than 30 days before the violation, the person against whom the fine will be imposed had been provided with written notice of the applicable provisions of the governing documents that form the basis of the violation; and

(b) Within a reasonable time after the discovery of the violation, the person against whom the fine will be imposed has been provided with:

(1) Written notice specifying the details of the violation, the amount of the fine, and the date, time and location for a hearing on the violation; and

(2) A reasonable opportunity to contest the violation at the hearing.

3. The executive board must schedule the date, time and location for the hearing on the violation so that the person against whom the fine will be imposed is provided with a reasonable opportunity to prepare for the hearing and to be present at the hearing.

4. The executive board must hold a hearing before it may impose the fine, unless the person against whom the fine will be imposed:

(a) Pays the fine;

(b) Executes a written waiver of the right to the hearing; or

(c) Fails to appear at the hearing after being provided with proper notice of the hearing.

5. If a fine is imposed pursuant to subsection 1 and the violation is not cured within 14 days, or within any longer period that may be established by the executive board, the violation shall be deemed a continuing violation. Thereafter, the executive board may impose an additional fine for the violation for each 7-day period or portion thereof that the violation

is not cured. Any additional fine may be imposed without notice and an opportunity to be heard.

6. If the governing documents so provide, the executive board may appoint a committee, with not less than three members, to conduct hearings on violations and to impose fines pursuant to this section. While acting on behalf of the executive board for those limited purposes, the committee and its members are entitled to all privileges and immunities and are subject to all duties and requirements of the executive board and its members.

7. The provisions of this section establish the minimum procedural requirements that the executive board must follow before it may impose a fine. The provisions of this section do not preempt any provisions of the governing documents that provide greater procedural protections.

8. Any past due fine:

(a) Bears interest at the rate established by the association, not to exceed the legal rate per annum.

(b) May include any costs of collecting the past due fine at a rate established by the association. If the past due fine is for a violation that does not threaten the health, safety or welfare of the residents of the condominium hotel, the rate established by the association for the costs of collecting the past due fine:

(1) May not exceed $20, if the outstanding balance is less than $200.

(2) May not exceed $50, if the outstanding balance is $200 or more, but is less than $500.

(3) May not exceed $100, if the outstanding balance is $500 or more, but is less than $1,000.

(4) May not exceed $250, if the outstanding balance is $1,000 or more, but is less than $5,000.

(5) May not exceed $500, if the outstanding balance is $5,000 or more.

(c) May include any costs incurred by the association during a civil action to enforce the payment of the past due fine.

9. Unless the declaration provides otherwise, nothing in this section shall be construed as giving the association the power to sanction a unit owner for matters related to the hotel unit or the shared components.

10. As used in this section:

(a) "Costs of collecting" includes, without limitation, any collection fee, filing fee, recording fee, referral fee, fee for postage or delivery, and any other fee or cost that an association may reasonably charge to the unit's owner for the collection of a past due fine. The term does not include any costs incurred by an association during a civil action to enforce the payment of a past due fine.

(b) "Outstanding balance" means the amount of a past due fine that remains unpaid before any interest, charges for late payment or costs of collecting the past due fine are added.

Sec. 86. If an association has imposed a fine against a residential unit owner or a tenant or guest of a residential unit owner pursuant to section

85 of this act for violations of the governing documents of the association, the association:

1. Shall, in the books and records of the association, account for the fine separately from any assessment, fee or other charge; and

2. Shall not apply, in whole or in part, any payment made by the residential unit owner for any assessment, fee or other charge toward the payment of the outstanding balance of the fine or any costs of collecting the fine, unless the residential unit owner provides written authorization which directs the association to apply the payment made by the unit's owner in such a manner.

Sec. 87. 1. Except as otherwise provided in this section, the declaration may provide for a period of declarant's control of the association, during which a declarant, or persons designated by him, may appoint and remove the officers of the association and members of the executive board. Regardless of the period provided in the declaration, a period of declarant's control terminates not later than:

(a) Sixty days after conveyance of 75 percent of the residential units that may be created to residential unit owners other than a declarant;

(b) Five years after all declarants have ceased to offer residential units for sale in the ordinary course of business; or

(c) Five years after any right to add new residential units was last exercised,

whichever occurs earlier.

2. A declarant may voluntarily surrender the right to appoint and remove officers and members of the executive board before termination of that period, but in that event the declarant may require, for the duration of the period of declarant's control, that specified actions of the association or executive board, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective.

3. Not later than 60 days after conveyance of 25 percent of the residential units that may be created to units' owners other than a declarant, at least one member and not less than 25 percent of the members of the executive board must be elected by residential units' owners other than the declarant. Not later than 60 days after conveyance of 50 percent of the residential units that may be created to residential units' owners other than a declarant, not less than 33 1/3 percent of the members of the executive board must be elected by residential units' owners other than the declarant.

Sec. 88. 1. Not later than the termination of any period of declarant's control, the residential unit owners and hotel unit owner shall elect an executive board of at least three members, all of whom must be units' owners or, in the case of the hotel unit, a duly authorized representative of the hotel unit owner. The executive board shall elect the officers of the association. The members of the executive board and the officers of the association shall take office upon election.

2. The term of office of a member of the executive board may not exceed 2 years, except for members who are appointed by the declarant or the hotel unit owner. Unless the governing documents provide otherwise, there is no limitation on the number of terms that a person may serve as a member of the executive board.

3. The governing documents of the association must provide for terms of office that are staggered in such a manner that, to the extent possible, an equal number of members of the executive board are elected at each election. The provisions of this subsection do not apply to:

(a) Members of the executive board who are appointed by the declarant;

(b) Members of the executive board who are appointed by the hotel unit owner; and

(c) Members of the executive board who serve a term of 1 year or less.

4. Not less than 30 days before the preparation of a ballot for the election of members of the executive board, the secretary or other officer specified in the bylaws of the association shall cause notice to be given to each unit's owner of his eligibility to serve as a member of the executive board. Each unit's owner who is qualified to serve as a member of the executive board may have his name placed on the ballot along with the names of the nominees selected by the members of the executive board or a nominating committee established by the association.

5. Each person whose name is placed on the ballot as a candidate for a member of the executive board must:

(a) Make a good faith effort to disclose any financial, business, professional or personal relationship or interest that would result or would appear to a reasonable person to result in a potential conflict of interest for the candidate if the candidate were to be elected to serve as a member of the executive board; and

(b) Disclose whether the candidate is a member in good standing. For the purposes of this paragraph, a candidate shall not be deemed to be in "good standing" if the candidate has any unpaid and past due assessments or charges that are required to be paid to the association.

➥ ***The candidate must make all disclosures required pursuant to this subsection in writing to the association with his candidacy information. The association shall distribute the disclosures to each member of the association with the ballot in the manner established in the bylaws of the association.***

6. Unless a person is appointed by the declarant, a person may not be a member of the executive board or an officer of the association if the person, his spouse or his parent or child, by blood, marriage or adoption, performs the duties of a community manager for that association.

7. An officer, employee, agent or director of a corporate owner of a unit, a trustee or designated beneficiary of a trust that owns a unit, a partner of a partnership that owns a unit, a member or manager of a limited-liability company that owns a unit, and a fiduciary of an estate that

owns a unit may be an officer of the association or a member of the executive board. In all events where the person serving or offering to serve as an officer of the association or a member of the executive board is not the record owner, he shall file proof in the records of the association that:

(a) He is associated with the corporate owner, trust, partnership, limited-liability company or estate as required by this subsection; and

(b) Identifies the unit or units owned by the corporate owner, trust, partnership, limited-liability company or estate.

8. The election of any member of the executive board must be conducted by secret written ballot as follows:

(a) The secretary or other officer specified in the bylaws of the association shall cause a secret ballot and a return envelope to be sent, prepaid by United States mail, to the mailing address of each unit within the condominium hotel or to any other mailing address designated in writing by the unit's owner.

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) A quorum is not required for the election of any member of the executive board.

(d) Only the secret written ballots that are returned to the association may be counted to determine the outcome of the election.

(e) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(f) The incumbent members of the executive board and each person whose name is placed on the ballot as a candidate for a member of the executive board may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association before those secret written ballots have been opened and counted at a meeting of the association.

9. Each member of the executive board shall, within 90 days after his appointment or election, certify in writing to the association, on a form prescribed by the Administrator, that he has read and understands the governing documents of the association and the provisions of this chapter to the best of his ability. The Administrator may require the association to submit a copy of the certification of each member of the executive board of that association at the time the association registers with the Ombudsman pursuant to section 121 of this act.

Sec. 89. 1. Notwithstanding any provision of the declaration or bylaws to the contrary, any member of the executive board, other than a member appointed by the declarant or elected by the hotel unit owner, may be removed from the executive board, with or without cause, if at a removal election held pursuant to this section the number of votes cast in favor of removal constitutes:

(a) At least 35 percent of the total number of voting members of the association; and

(b) At least a majority of all votes cast in that removal election.

2. The removal of any member of the executive board must be conducted by secret written ballot as follows:

(a) The secretary or other officer specified in the bylaws of the association shall cause a secret ballot and a return envelope to be sent, prepaid by United States mail, to the mailing address of each unit within the condominium hotel or to any other mailing address designated in writing by the unit's owner.

(b) Each unit's owner must be provided with at least 15 days after the date the secret written ballot is mailed to the unit's owner to return the secret written ballot to the association.

(c) Only the secret written ballots that are returned to the association may be counted to determine the outcome.

(d) The secret written ballots must be opened and counted at a meeting of the association. A quorum is not required to be present when the secret written ballots are opened and counted at the meeting.

(e) The incumbent members of the executive board, including, without limitation, the member who is subject to the removal, may not possess, be given access to or participate in the opening or counting of the secret written ballots that are returned to the association before those secret written ballots have been opened and counted at a meeting of the association.

3. If a member of an executive board is named as a respondent or sued for liability for actions undertaken in his role as a member of the board, the association shall indemnify him for his losses or claims, and undertake all costs of defense, unless it is proven that he acted with willful or wanton misfeasance or with gross negligence. After such proof, the association is no longer liable for the cost of defense, and may recover costs already expended from the member of the executive board who so acted. Members of the executive board are not personally liable to the victims of crimes occurring on the property. Punitive damages may not be recovered against the association, but may be recovered from persons whose activity gave rise to the damages.

Sec. 90. 1. In addition to any applicable requirement set forth in this chapter, within 30 days after units' owners other than the declarant may elect a majority of the members of the executive board, the declarant shall deliver to the association all property of the units' owners and of the association held by or controlled by him, including:

(a) The original or a certified copy of the recorded declaration as amended, the articles of incorporation, articles of association, articles of organization, certificate of registration, certificate of limited partnership, certificate of trust or other documents of organization for the association,

the bylaws, minute books and other books and records of the association and any rules or regulations which may have been adopted.

(b) An accounting for money of the association and audited financial statements for each fiscal year and any ancillary period from the date of inception of the association to the date the period of the declarant's control ends. The financial statements must fairly and accurately report the association's financial position.

(c) If major components of the common elements exist within the condominium hotel, a complete study of the reserves of the association, conducted by a person who holds a permit to conduct such a study issued pursuant to chapter 116A of NRS. At the time the control of the declarant ends, he shall:

(1) Except as otherwise provided in this paragraph, deliver to the association a reserve account that contains the declarant's share of the amounts then due, and control of the account.

(2) Disclose, in writing, the amount by which he has subsidized the association's dues on a per unit basis.

(d) The association's money or control thereof.

(e) All of the declarant's tangible personal property that has been represented by the declarant as property of the association or, unless the declarant has disclosed in the public offering statement that all such personal property used in the condominium hotel will remain the declarant's property, all of the declarant's tangible personal property that is necessary for, and has been used exclusively in, the operation and enjoyment of the common elements, and inventories of these properties.

(f) A copy of any plans and specifications used in the construction of the common elements which were completed within 2 years before the declaration was recorded.

(g) All insurance policies then in force, in which the units' owners, the association, or its directors and officers are named as insured persons.

(h) Copies of any certificates of occupancy that may have been issued with respect to any improvements comprising the common elements.

(i) Any renewable permits and approvals issued by governmental bodies applicable to the common elements or the operation of the association which are in force and any other permits and approvals so issued and applicable which are required by law to be kept on the premises of the condominium hotel.

(j) Written warranties of the contractor, subcontractors, suppliers and manufacturers that are still effective pertaining to the residential units or the common elements.

(k) A roster of owners and mortgagees of units and their addresses and telephone numbers, if known, as shown on the declarant's records.

(l) Contracts of employment in which the association is a contracting party.

(m) Any contract for service in which the association is a contracting party or in which the association has any obligation to pay a fee to the persons performing services related to the common elements.

2. The declarant is not required to deliver to the association any property related to the hotel unit or the shared components.

Sec. 91. 1. If a condominium hotel is developed in separate phases and any declarant or successor declarant is constructing any common elements that will be added to the association's common elements after the date on which the units' owners other than the declarant may elect a majority of the members of the executive board, the declarant or its successors or assigns who is constructing such additional common elements is responsible for:

(a) Paying all expenses related to the additional common elements which are incurred before the conveyance of the additional common elements to the association; and

(b) Except as otherwise provided by section 90 of this act, delivering to the association that declarant's share of the amount specified in the study of the reserves completed pursuant to subsection 2.

2. Before conveying the additional common elements to the association, the declarant or successor declarant who constructed the additional common elements shall deliver to the association a study of the reserves for the additional common elements which satisfies the requirements of section 117 of this act.

3. As used in this section, "successor declarant" includes, without limitation, any successor declarant who does not control the association established by the initial declarant.

Sec. 92. 1. At the time of each close of escrow of a unit in a converted building, the declarant shall deliver to the hotel unit owner the amount of the converted shared component reserve deficit allocated to that unit.

2. The allocation to a unit of the amount of any converted shared component reserve deficit must be made in the same manner as liability for shared expenses is allocated to that unit.

3. As used in this section, "converted shared component reserve deficit" means the amount necessary to replace the major components of the shared components needing replacement within 10 years after the date of the first sale of a unit.

Sec. 93. 1. At the time of each close of escrow of a unit in a converted building, the declarant shall deliver to the association the amount of the converted common element reserve deficit allocated to that unit.

2. The allocation to a unit of the amount of any converted common element reserve deficit must be made in the same manner as assessments are allocated to that unit.

3. As used in this section, "converted common element reserve deficit" means the amount necessary to replace the major components of the common elements needing replacement within 10 years after the date of the first sale of a unit.

Sec. 94. 1. A special declarant's right created or reserved under this chapter may be transferred only by an instrument evidencing the transfer recorded in every county in which any portion of the condominium hotel is located. The instrument is not effective unless executed by the transferee.

2. Upon transfer of any special declarant's right, the liability of a transferor declarant is as follows:

(a) A transferor is not relieved of any obligation or liability arising before the transfer and remains liable for warranties imposed upon him by this chapter. Lack of privity does not deprive any unit's owner of standing to maintain an action to enforce any obligation of the transferor.

(b) If a successor to any special declarant's right is an affiliate of a declarant, the transferor is jointly and severally liable with the successor for any obligations or liabilities of the successor relating to the condominium hotel.

(c) If a transferor retains any special declarant's rights, but transfers other special declarant's rights to a successor who is not an affiliate of the declarant, the transferor is liable for any obligations or liabilities imposed on a declarant by this chapter or by the declaration relating to the retained special declarant's rights and arising after the transfer.

(d) A transferor has no liability for any act or omission or any breach of a contractual obligation or warranty arising from the exercise of a special declarant's right by a successor declarant who is not an affiliate of the transferor.

3. Unless otherwise provided in a mortgage, deed of trust or other agreement creating a security interest, in case of foreclosure of a security interest, sale by a trustee under an agreement creating a security interest, tax sale, judicial sale or sale under the Bankruptcy Code or a receivership, of any units owned by a declarant or real estate in a condominium hotel subject to developmental rights, a person acquiring title to all the property being foreclosed or sold, but only upon his request, succeeds to all special declarant's rights related to that property held by that declarant, or only to any rights reserved in the declaration pursuant to this chapter and held by that declarant to maintain models, offices for sales and signs. The judgment or instrument conveying title must provide for transfer of only the special declarant's rights requested.

4. Upon foreclosure of a security interest, sale by a trustee under an agreement creating a security interest, tax sale, judicial sale or sale under the Bankruptcy Code or a receivership of all interests in a condominium hotel owned by a declarant:

(a) The declarant ceases to have any special declarant's rights; and

(b) The period of declarant's control terminates unless the judgment or instrument conveying title provides for transfer of all special declarant's rights held by that declarant to a successor declarant.

Sec. 95. The liabilities and obligations of a person who succeeds to special declarant's rights are as follows:

1. A successor to any special declarant's right who is an affiliate of a declarant is subject to all obligations and liabilities imposed on the transferor by this chapter or by the declaration.

2. A successor to any special declarant's right, other than a successor described in subsection 3 or 4 or a successor who is an affiliate of a declarant, is subject to the obligations and liabilities imposed by this chapter or the declaration:

(a) On a declarant which relate to the successor's exercise or nonexercise of special declarant's rights; or

(b) On his transferor, other than:

(1) Misrepresentations by any previous declarant;

(2) Warranties on improvements made by any previous declarant, or made before the condominium hotel was created;

(3) Breach of any fiduciary obligation by any previous declarant or his appointees to the executive board; or

(4) Any liability or obligation imposed on the transferor as a result of the transferor's acts or omissions after the transfer.

3. A successor to only a right reserved in the declaration to maintain models, offices for sales and signs, may not exercise any other special declarant's right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a public offering statement and any liability arising as a result thereof.

4. A successor to all special declarant's rights held by a transferor who succeeded to those rights pursuant to a deed or other instrument of conveyance in lieu of foreclosure or a judgment or instrument under subsection 3 of section 94 of this act may declare in a recorded instrument the intention to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant's rights to any person acquiring title to any unit or real estate subject to developmental rights owned by the successor, or until recording an instrument permitting exercise of all those rights, that successor may not exercise any of those rights other than any right held by his transferor to control the executive board in accordance with section 87 of this act for the duration of any period of declarant's control, and any attempted exercise of those rights is void. So long as a successor declarant may not exercise special declarant's rights under this subsection, the successor declarant is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under section 87 of this act.

Sec. 96. Sections 94 and 95 of this act do not subject any successor to a special declarant's right to any claims against or other obligations of a

transferor declarant, other than claims and obligations arising under this chapter or the declaration.

Sec. 97. 1. The bylaws of the association must provide:

(a) The number of members of the executive board and the titles of the officers of the association;

(b) For election by the executive board of a president, treasurer, secretary and any other officers of the association the bylaws specify;

(c) The qualifications, powers and duties, terms of office and manner of electing and removing officers of the association and members of the executive board and filling vacancies;

(d) Which powers, if any, that the executive board or the officers of the association may delegate to other persons, including a community manager;

(e) Which of its officers may prepare, execute, certify and record amendments to the declaration on behalf of the association;

(f) Procedural rules for conducting meetings of the association;

(g) A method for amending the bylaws; and

(h) Procedural rules for conducting elections.

2. Except as otherwise provided in the declaration, the bylaws may provide for any other matters the association deems necessary and appropriate.

3. The bylaws must be written in plain English.

4. The bylaws must not attempt to exercise any control over the shared components or the hotel unit.

Sec. 98. The rules adopted by an association, if any:

1. Must be reasonably related to the duties of the association.

2. Must be sufficiently explicit in their prohibition, direction or limitation to inform a person of any action or omission required for compliance.

3. Must not be adopted to evade any obligation of the association.

4. Must be consistent with the governing documents of the association and must not arbitrarily restrict conduct or require the construction of any capital improvement by a unit's owner that is not required by the governing documents of the association.

5. Must be uniformly enforced under the same or similar circumstances against all units' owners. Any rule that is not so uniformly enforced may not be enforced against any unit's owner.

6. May be enforced by the association through the imposition of a fine only if the association complies with the requirements set forth in section 85 of this act for levying fines.

7. Must not attempt to exercise any control over the shared components or the hotel unit.

Sec. 99. 1. Except to the extent provided by the declaration or this chapter, the association is responsible for maintenance, repair and replacement of the common elements, and each unit's owner is responsible

for maintenance, repair and replacement of his unit. Each unit's owner shall afford to the association and the other units' owners, and to their agents or employees, access through his unit reasonably necessary for those purposes. If damage is inflicted by a residential unit owner on the common elements, hotel unit or on any unit through which access is taken, the residential unit owner responsible for the damage, or the association if it is responsible, is liable for the prompt repair thereof.

2. Except to the extent provided by the declaration, the hotel unit owner is responsible for the maintenance, repair and replacement of the hotel unit and the shared components.

Sec. 100. 1. A meeting of the units' owners must be held as required by the declaration.

2. Special meetings of the units' owners may be called by the president, by a majority of the executive board or by units' owners constituting at least 10 percent, or any lower percentage specified in the bylaws, of the total number of voting members of the association. The same number of units' owners may also call a removal election pursuant to section 89 of this act. To call a special meeting or a removal election, the units' owners must submit a written petition which is signed by the required percentage of the total number of voting members of the association pursuant to this section and which is mailed, return receipt requested, or served by a process server to the executive board for the association. If the petition calls for a special meeting, the executive board shall set the date for the special meeting so that the special meeting is held not less than 15 days or more than 60 days after the date on which the petition is received. If the petition calls for a removal election, the secret written ballots for the removal election must be sent in the manner required by section 89 of this act not less than 15 days or more than 60 days after the date on which the petition is received, and the executive board shall set the date for the meeting to open and count the secret written ballots so that the meeting is held not more than 15 days after the deadline for returning the secret written ballots.

3. Not less than 15 days or more than 60 days in advance of any meeting of the units' owners, the secretary or other officer specified in the bylaws shall cause notice of the meeting to be hand delivered, sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner or, if the association offers to send notice by electronic mail, sent by electronic mail at the request of the unit's owner to an electronic mail address designated in writing by the unit's owner. The notice of the meeting must state the time and place of the meeting and include a copy of the agenda for the meeting. The notice must include notification of the right of a unit's owner to:

(a) Have a copy of the minutes or a summary of the minutes of the meeting provided to the unit's owner upon request and, if required by the

executive board, upon payment to the association of the cost of providing the copy to the unit's owner.

(b) Speak to the association or executive board, unless the executive board is meeting in executive session.

4. The agenda for a meeting of the units' owners must consist of:

(a) A clear and complete statement of the topics scheduled to be considered during the meeting, including, without limitation, any proposed amendment to the declaration or bylaws, any fees or assessments to be imposed or increased by the association, any budgetary changes and any proposal to remove an officer of the association or member of the executive board.

(b) A list describing the items on which action may be taken and clearly denoting that action may be taken on those items. In an emergency, the units' owners may take action on an item which is not listed on the agenda as an item on which action may be taken.

(c) A period devoted to comments by units' owners and discussion of those comments. Except in emergencies, no action may be taken upon a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action may be taken pursuant to paragraph (b).

5. If the association adopts a policy imposing fines for any violations of the governing documents of the association, the secretary or other officer specified in the bylaws shall prepare and cause to be hand delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner, a schedule of the fines that may be imposed for those violations.

6. The secretary or other officer specified in the bylaws shall cause minutes to be recorded or otherwise taken at each meeting of the units' owners. Not more than 30 days after each such meeting, the secretary or other officer specified in the bylaws shall cause the minutes or a summary of the minutes of the meeting to be made available to the units' owners. A copy of the minutes or a summary of the minutes must be provided to any unit's owner upon request and, if required by the executive board, upon payment to the association of the cost of providing the copy to the unit's owner.

7. Except as otherwise provided in subsection 8, the minutes of each meeting of the units' owners must include:

(a) The date, time and place of the meeting;

(b) The substance of all matters proposed, discussed or decided at the meeting; and

(c) The substance of remarks made by any unit's owner at the meeting if he requests that the minutes reflect his remarks or, if he has prepared written remarks, a copy of his prepared remarks if he submits a copy for inclusion.

8. The executive board may establish reasonable limitations on materials, remarks or other information to be included in the minutes of a meeting of the units' owners.

9. The association shall maintain the minutes of each meeting of the units' owners until the condominium hotel is terminated.

10. A unit's owner may record on audiotape or any other means of sound reproduction a meeting of the units' owners if the unit's owner, before recording the meeting, provides notice of his intent to record the meeting to the other units' owners who are in attendance at the meeting.

11. The units' owners may approve, at the annual meeting of the units' owners, the minutes of the prior annual meeting of the units' owners and the minutes of any prior special meetings of the units' owners. A quorum is not required to be present when the units' owners approve the minutes.

12. As used in this section, "emergency" means any occurrence or combination of occurrences that:

(a) Could not have been reasonably foreseen;

(b) Affects the health, welfare and safety of the units' owners or residents of the condominium hotel;

(c) Requires the immediate attention of, and possible action by, the executive board; and

(d) Makes it impracticable to comply with the provisions of subsection 3 or 4.

Sec. 101. 1. A meeting of the executive board must be held at least once a year.

2. Except in an emergency or unless the bylaws of an association require a longer period of notice, the secretary or other officer specified in the bylaws of the association shall, not less than 10 days before the date of a meeting of the executive board, cause notice of the meeting to be given to the units' owners. Such notice must be:

(a) Sent prepaid by United States mail to the mailing address of each unit within the condominium hotel or to any other mailing address designated in writing by the unit's owner;

(b) If the association offers to send notice by electronic mail, sent by electronic mail at the request of the unit's owner to an electronic mail address designated in writing by the unit's owner; or

(c) Published in a newsletter or other similar publication that is circulated to each unit's owner.

3. In an emergency, the secretary or other officer specified in the bylaws of the association shall, if practicable, cause notice of the meeting to be sent prepaid by United States mail to the mailing address of each unit within the condominium hotel. If delivery of the notice in this manner is impracticable, the notice must be hand delivered to each unit within the condominium hotel or posted in a prominent place or places within the common elements of the association.

4. The notice of a meeting of the executive board must state the time and place of the meeting and include a copy of the agenda for the meeting or the date on which and the locations where copies of the agenda may be conveniently obtained by the units' owners. The notice must include notification of the right of a unit's owner to:

(a) Have a copy of the minutes or a summary of the minutes of the meeting provided to the unit's owner upon request and, if required by the executive board, upon payment to the association of the cost of providing the copy to the unit's owner.

(b) Speak to the association or executive board, unless the executive board is meeting in executive session.

5. The agenda of the meeting of the executive board must comply with the provisions of subsection 4 of section 100 of this act. The period required to be devoted to comments by the units' owners and discussion of those comments must be scheduled for the beginning of each meeting. In an emergency, the executive board may take action on an item which is not listed on the agenda as an item on which action may be taken.

6. At least once every year, unless the declaration or bylaws of the association impose more stringent standards, the executive board shall review, at a minimum, the following financial information at one of its meetings:

(a) A current year-to-date financial statement of the association;

(b) A current year-to-date schedule of revenues and expenses for the operating account and the reserve account, compared to the budget for those accounts;

(c) A current reconciliation of the operating account of the association;

(d) A current reconciliation of the reserve account of the association;

(e) The latest account statements prepared by the financial institutions in which the accounts of the association are maintained; and

(f) The current status of any civil action or claim submitted to arbitration or mediation in which the association is a party.

7. The secretary or other officer specified in the bylaws shall cause minutes to be recorded or otherwise taken at each meeting of the executive board. Not more than 30 days after each such meeting, the secretary or other officer specified in the bylaws shall cause the minutes or a summary of the minutes of the meetings to be made available to the units' owners. A copy of the minutes or a summary of the minutes must be provided to any unit's owner upon request and, if required by the executive board, upon payment to the association of the cost of providing the copy to the unit's owner.

8. Except as otherwise provided in subsection 9 and section 102 of this act, the minutes of each meeting of the executive board must include:

(a) The date, time and place of the meeting;

(b) The names of those members of the executive board who were present and of those members who were absent at the meeting;

(c) The substance of all matters proposed, discussed or decided at the meeting;

(d) A record of each member's vote on any matter decided by vote at the meeting; and

(e) The substance of remarks made by any unit's owner who addresses the executive board at the meeting if he requests that the minutes reflect his remarks or, if he has prepared written remarks, a copy of his prepared remarks if he submits a copy for inclusion.

9. The executive board may establish reasonable limitations on materials, remarks or other information to be included in the minutes of its meetings.

10. The association shall maintain the minutes of each meeting of the executive board until the condominium hotel is terminated.

11. A unit's owner may record on audiotape or any other means of sound reproduction a meeting of the executive board, unless the executive board is meeting in executive session, if the unit's owner, before recording the meeting, provides notice of his intent to record the meeting to the members of the executive board and the other units' owners who are in attendance at the meeting.

12. As used in this section, "emergency" means any occurrence or combination of occurrences that:

(a) Could not have been reasonably foreseen;

(b) Affects the health, welfare and safety of the units' owners or residents of the condominium hotel;

(c) Requires the immediate attention of, and possible action by, the executive board; and

(d) Makes it impracticable to comply with the provisions of subsection 2 or 5.

Sec. 102. 1. Except as otherwise provided in this section, a unit's owner may attend any meeting of the units' owners or of the executive board and speak at any such meeting. The executive board may establish reasonable limitations on the time a unit's owner may speak at such a meeting.

2. An executive board may not meet in executive session to enter into, renew, modify, terminate or take any other action regarding a contract, unless it is a contract between the association and an attorney.

3. An executive board may meet in executive session only to:

(a) Consult with the attorney for the association on matters relating to proposed or pending litigation if the contents of the discussion would otherwise be governed by the privilege set forth in NRS 49.035 to 49.115, inclusive, or to enter into, renew, modify, terminate or take any other action regarding a contract between the association and the attorney.

(b) Discuss the character, alleged misconduct, professional competence, or physical or mental health of a community manager or an employee of the association.

(c) Except as otherwise provided in subsection 4, discuss a violation of the governing documents, including, without limitation, the failure to pay an assessment.

4. An executive board shall meet in executive session to hold a hearing on an alleged violation of the governing documents unless the person who may be sanctioned for the alleged violation requests in writing that an open hearing be conducted by the executive board. If the person who may be sanctioned for the alleged violation requests in writing that an open hearing be conducted, the person:

(a) Is entitled to attend all portions of the hearing related to the alleged violation, including, without limitation, the presentation of evidence and the testimony of witnesses; and

(b) Is not entitled to attend the deliberations of the executive board.

5. Except as otherwise provided in this subsection, any matter discussed by the executive board when it meets in executive session must be generally noted in the minutes of the meeting of the executive board. The executive board shall maintain minutes of any decision made pursuant to subsection 4 concerning an alleged violation and, upon request, provide a copy of the decision to the person who was subject to being sanctioned at the hearing or to his designated representative.

6. Except as otherwise provided in subsection 4, a unit's owner is not entitled to attend or speak at a meeting of the executive board held in executive session.

Sec. 103. 1. If an executive board receives a written complaint from a unit's owner alleging that the executive board has violated any provision of this chapter or any provision of the governing documents of the association, the executive board shall, if action is required by the executive board, place the subject of the complaint on the agenda of the next regularly scheduled meeting of the executive board.

2. Not later than 10 business days after the date that the association receives such a complaint, the executive board or an authorized representative of the association shall acknowledge the receipt of the complaint and notify the unit's owner that, if action is required by the executive board, the subject of the complaint will be placed on the agenda of the next regularly scheduled meeting of the executive board.

Sec. 104. 1. The association shall provide written notice to each unit's owner of a meeting at which the commencement of a civil action is to be considered at least 21 calendar days before the date of the meeting. Except as otherwise provided in this subsection, the association may commence a civil action only upon a vote or written agreement of the owners of units to which at least a majority of the votes of the members of the association are allocated. The provisions of this subsection do not apply to a civil action that is commenced:

(a) To enforce the payment of an assessment;

(b) To enforce the declaration, bylaws or rules of the association;

(c) To enforce a contract with a vendor;

(d) To proceed with a counterclaim; or

(e) To protect the health, safety and welfare of the members of the association. If a civil action is commenced pursuant to this paragraph without the required vote or agreement, the action must be ratified within 90 days after the commencement of the action by a vote or written agreement of the owners of the units to which at least a majority of votes of the members of the association are allocated. If the association, after making a good faith effort, cannot obtain the required vote or agreement to commence or ratify such a civil action, the association may thereafter seek to dismiss the action without prejudice for that reason only if a vote of written agreement of the owners of the units to which at least a majority of votes of the members of the association are allocated was obtained at the time the approval to commence or ratify the action was sought.

2. At least 10 days before an association commences or seeks to ratify the commencement of a civil action, the association shall provide a written statement to all the units' owners that includes:

(a) A reasonable estimate of the costs of the civil action, including reasonable attorney's fees;

(b) An explanation of the potential benefits of the civil action and the potential adverse consequences if the association does not commence the action or if the outcome of the action is not favorable to the association; and

(c) All disclosures that are required to be made upon the sale of the property.

3. No person other than a unit's owner may request the dismissal of a civil action commenced by the association on the ground that the association failed to comply with any provision of this section.

4. If any civil action in which the association is a party is settled, the executive board shall disclose the terms and conditions of the settlement at the next regularly scheduled meeting of the executive board after the settlement has been reached. The executive board may not approve a settlement which contains any terms and conditions that would prevent the executive board from complying with the provisions of this subsection.

Sec. 105. 1. Except as otherwise provided in this section and section 88 of this act, and except when the governing documents provide otherwise, a quorum is present throughout any meeting of the association if the number of members of the association who are present in person or by proxy at the beginning of the meeting equals or exceeds 20 percent of the total number of voting members of the association.

2. If the governing documents of an association contain a quorum requirement for a meeting of the association that is greater than the 20 percent required by subsection 1 and, after proper notice has been given for a meeting, the members of the association who are present in person or by proxy at the meeting are unable to hold the meeting because a quorum

is not present at the beginning of the meeting, the members who are present in person at the meeting may adjourn the meeting to a time that is not less than 48 hours or more than 30 days after the date of the meeting. At the subsequent meeting:

(a) A quorum shall be deemed to be present if the number of members of the association who are present in person or by proxy at the beginning of the subsequent meeting equals or exceeds 20 percent of the total number of voting members of the association; and

(b) If such a quorum is deemed to be present but the actual number of members who are present in person or by proxy at the beginning of the subsequent meeting is less than the number of members who are required for a quorum under the governing documents, the members who are present in person or by proxy at the subsequent meeting may take action only on those matters that were included as items on the agenda of the original meeting.

➥ The provisions of this subsection do not change the actual number of votes that are required under the governing documents for taking action on any particular matter.

3. Unless the governing documents specify a larger percentage, a quorum is deemed present throughout any meeting of the executive board if persons entitled to cast 50 percent of the votes on that board are present at the beginning of the meeting.

Sec. 106. 1. If only one of several owners of a unit is present at a meeting of the association, that owner is entitled to cast all the votes allocated to that unit. If more than one of the owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the owners, unless the declaration expressly provides otherwise. There is majority agreement if any one of the owners cast the votes allocated to that unit without protest made promptly to the person presiding over the meeting by any of the other owners of the unit.

2. Except as otherwise provided in this section, votes allocated to a unit may be cast pursuant to a proxy executed by a unit's owner. A unit's owner may give a proxy only to a member of his immediate family, a tenant of the unit's owner who resides in the condominium hotel, the hotel unit owner or another unit's owner who resides in the condominium hotel. If a unit is owned by more than one person, each owner of the unit may vote or register protest to the casting of votes by the other owners of the unit through an executed proxy. A unit's owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the person presiding over a meeting of the association.

3. Before a vote may be cast pursuant to a proxy:

(a) The proxy must be dated.

(b) The proxy must not purport to be revocable without notice.

(c) The proxy must designate the meeting for which it is executed.

(d) The proxy must designate each specific item on the agenda of the meeting for which the unit's owner has executed the proxy, except that the unit's owner may execute the proxy without designating any specific items on the agenda of the meeting if the proxy is to be used solely for determining whether a quorum is present for the meeting. If the proxy designates one or more specific items on the agenda of the meeting for which the unit's owner has executed the proxy, the proxy must indicate, for each specific item designated in the proxy, whether the holder of the proxy must cast a vote in the affirmative or the negative on behalf of the unit's owner. If the proxy does not indicate whether the holder of the proxy must cast a vote in the affirmative or the negative for a particular item on the agenda of the meeting, the proxy must be treated, with regard to that particular item, as if the unit's owner were present but not voting on that particular item.

(e) The holder of the proxy must disclose at the beginning of the meeting for which the proxy is executed the number of proxies pursuant to which the holder will be casting votes.

4. A proxy terminates immediately after the conclusion of the meeting for which it is executed.

5. A vote may not be cast pursuant to a proxy for the election or removal of a member of the executive board of an association.

6. The holder of a proxy may not cast a vote on behalf of the unit's owner who executed the proxy in a manner that is contrary to the proxy.

7. A proxy is void if the proxy or the holder of the proxy violates any provision of subsections 1 to 6, inclusive.

8. If the declaration requires that votes on specified matters affecting the condominium hotel must be cast by the lessees of leased units rather than the units' owners who have leased the units:

(a) The provisions of subsections 1 to 7, inclusive, apply to the lessees as if they were the units' owners;

(b) The units' owners who have leased their units to the lessees may not cast votes on those specified matters;

(c) The lessees are entitled to notice of meetings, access to records and other rights respecting those matters as if they were the units' owners; and

(d) The units' owners must be given notice, in the manner provided in this chapter, of all meetings at which the lessees are entitled to vote.

9. If any votes are allocated to a unit that is owned by the association, those votes may not be cast, by proxy or otherwise, for any purpose.

Sec. 107. Neither the association nor any unit's owner except the declarant or hotel unit owner, as applicable, is liable for that declarant's or hotel unit owner's torts in connection with any part of the condominium hotel which that declarant or hotel unit owner, as applicable, owns or has the responsibility to maintain. Otherwise, an action alleging a wrong done by the association must be brought against the association and not against any unit's owner. If the wrong occurred during any period of declarant's

control over the association and the association gives the declarant reasonable notice of and an opportunity to defend against the action, the declarant who then controlled the association is liable to the association or to any unit's owner for all tort losses not covered by insurance suffered by the association or that unit's owner, and all costs that the association would not have incurred but for a breach of contract or other wrongful act or omission. Whenever the declarant is liable to the association under this section, the declarant is also liable for all expenses of litigation, including reasonable attorney's fees, incurred by the association. Any statute of limitation affecting the association's right of action under this section is tolled until the period of declarant's control terminates. A unit's owner is not precluded from maintaining an action contemplated by this section because he is a unit's owner or a member or officer of the association.

Sec. 108. 1. Portions of the common elements of a condominium hotel may be conveyed or subjected to a security interest by the association if persons entitled to cast at least a majority of the votes in the association or any larger percentage otherwise specified in the declaration agree to such action. All owners of units to which any limited common element is allocated must agree in order to convey that limited common element or subject it to a security interest. Proceeds of the sale are an asset of the association.

2. An agreement to convey or subject common elements in a condominium hotel to a security interest must be evidenced by the execution of an agreement, or ratifications thereof, in the same manner as a deed, by the requisite number of units' owners. The agreement must specify a date after which the agreement will be void unless recorded before that date. The agreement and all ratifications thereof must be recorded in every county in which a portion of the condominium hotel is situated, and is effective only upon recordation.

3. The association, on behalf of the units' owners, may contract to convey an interest in the common elements pursuant to subsection 1, but the contract is not enforceable against the association until approved pursuant to subsections 1 and 2. Upon approval, the association has all powers necessary and appropriate to effect the conveyance or encumbrance, including the power to execute deeds or other instruments.

4. Unless made pursuant to this section, any purported conveyance, encumbrance, judicial sale or other voluntary transfer of common elements is void.

5. A conveyance or encumbrance of common elements pursuant to this section does not deprive any unit of its rights of access and support.

6. Unless the declaration otherwise provides, a conveyance or encumbrance of common elements pursuant to this section does not affect the priority or validity of preexisting encumbrances.

Sec. 109. 1. Commencing not later than the time of the first conveyance of a unit to a person other than a declarant, and unless the

declaration states otherwise, the association shall maintain, to the extent reasonably available, both of the following:

(a) Property insurance on the common elements insuring against all risks of direct physical loss commonly insured against in an amount specified in the declaration.

(b) Liability insurance on the common elements, including insurance for medical payments, in an amount determined by the executive board but not less than any amount specified in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

2. Commencing not later than the time of the first conveyance of a residential unit to a person other than the declarant, and unless the declaration states otherwise, the hotel unit owner shall maintain, to the extent reasonably available, the following:

(a) Property and casualty insurance on the residential units, hotel unit and shared components insuring against all risks of direct physical loss commonly insured against in an amount specified in the declaration. An insurance policy issued to the hotel unit owner does not prevent a unit's owner from obtaining insurance for his own benefit.

(b) Liability insurance on the residential units, hotel unit and shared components, including insurance for medical payments, in an amount set forth in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the residential units, shared components or the hotel unit.

Sec. 110. Insurance policies carried pursuant to this chapter must provide to the extent reasonably available that:

1. Each unit's owner is an insured person under the policy with respect to liability arising out of his interest in the common elements or membership in the association;

2. The insurer waives its right to subrogation under the policy against any unit's owner or member of his household;

3. No act or omission by any unit's owner, unless acting within the scope of his authority on behalf of the association, will void the policy or be a condition to recovery under the policy; and

4. If, at the time of a loss under the policy, there is other insurance in the name of a unit's owner covering the same risk covered by the policy, the association's policy or the hotel unit owners' policy, as applicable, provides primary insurance.

Sec. 111. 1. Unless the declaration states otherwise, with respect to repair or replacement of all or any portion of the hotel condominium after fire or other casualty, any portion of the condominium hotel for which insurance is required under section 109 of this act which is damaged or destroyed must be repaired or replaced promptly by the association unless:

(a) The condominium hotel is terminated pursuant to the provisions of this chapter;

(b) Repair or replacement would be illegal under any state or local statute or ordinance governing health or safety; or

(c) The declarant or hotel unit owner, as applicable, and the residential unit owners representing at least 80 percent of the total voting power in the association vote that the damaged or destroyed portion of the hotel condominium not be rebuilt.

2. If a determination is made to effect repair or restoration of the damaged or destroyed portion of the condominium hotel, the insurance proceeds of all insurance policies required to be maintained under section 109 of this act that are attributable to the damaged or destroyed portion of the condominium hotel must be disbursed to the contractors engaged in such repair or restoration in appropriate installment payments, and any proceeds that are in excess of the amounts reasonably necessary to effect repair or restoration must be disbursed:

(a) As to the residential units or common elements, to the unit owners in proportion to their assessments for common expenses.

(b) As to any portion of the shared components or the hotel unit, to the hotel unit owner.

3. If a determination is made not to effect repair or restoration of the damaged portion of the condominium hotel:

(a) The insurance proceeds attributable to units, shared components or common elements that are not rebuilt must be distributed to the owners of those units and the owners of the units to which those limited common elements were allocated, or to lienholders, as their interests may appear; and

(b) The remainder of the proceeds must be distributed:

(1) As to the residential units or common elements, to the unit owners in proportion to their assessments for common expenses.

(2) As to any portion of the shared components or the hotel unit, to the hotel unit owner.

Sec. 112. 1. The Commission shall adopt regulations prescribing the requirements for the preparation and presentation of financial statements of an association pursuant to this chapter.

2. The regulations adopted by the Commission must include, without limitation:

(a) The qualifications necessary for a person to prepare and present financial statements of an association; and

(b) The standards and format to be followed in preparing and presenting financial statements of an association.

Sec. 113. 1. Except as otherwise provided in subsection 2, the executive board shall:

(a) If the annual budget of the association is less than $75,000, cause the financial statement of the association to be audited by an independent certified public accountant at least once every 4 fiscal years.

(b) If the annual budget of the association is $75,000 or more but less than $150,000, cause the financial statement of the association to be:

(1) Audited by an independent certified public accountant at least once every 4 fiscal years; and

(2) Reviewed by an independent certified public accountant every fiscal year for which an audit is not conducted.

(c) If the annual budget of the association is $150,000 or more, cause the financial statement of the association to be audited by an independent certified public accountant every fiscal year.

2. For any fiscal year for which an audit of the financial statement of the association will not be conducted pursuant to subsection 1, the executive board shall cause the financial statement for that fiscal year to be audited by an independent certified public accountant if, within 180 days before the end of the fiscal year, 15 percent of the total number of voting members of the association submit a written request for such an audit.

3. The Commission shall adopt regulations prescribing the requirements for the auditing or reviewing of financial statements of an association pursuant to this section. Such regulations must include, without limitation:

(a) The qualifications necessary for a person to audit or review financial statements of an association; and

(b) The standards and format to be followed in auditing or reviewing financial statements of an association.

Sec. 114. 1. Until the association makes an assessment for common expenses for the common elements, the declarant shall pay all common expenses. After an assessment has been made by the association, assessments must be made at least annually, based on a budget adopted at least annually by the association in accordance with the requirements set forth in this chapter. Unless the declaration imposes more stringent standards, the budget must include a budget for the daily operation of the association and a budget for the reserves required by paragraph (b) of subsection 2.

2. Except for assessments under subsections 4 to 7, inclusive:

(a) All common expenses, including the reserves, must be assessed against all the units in accordance with the allocations set forth in the declaration pursuant to section 66 of this act.

(b) The association shall establish adequate reserves, funded on a reasonable basis, for the repair, replacement and restoration of the major components of the common elements. The reserves may be used only for those purposes and must not be used for daily maintenance. The association may comply with the provisions of this paragraph through a funding plan that is designed to allocate the costs for the repair,

replacement and restoration of the major components of the common elements over a period of years if the funding plan is designed in an actuarially sound manner which will ensure that sufficient money is available when the repair, replacement and restoration of the major components of the common elements are necessary.

3. Any past due assessment for common expenses or installment thereof bears interest at the rate established by the association not exceeding 18 percent per year.

4. To the extent required by the declaration:

(a) Any common expense or portion thereof benefiting fewer than all of the units must be assessed exclusively against the units benefited; and

(b) The costs of insurance must be assessed in proportion to risk and the costs of utilities must be assessed in proportion to usage.

5. Assessments to pay a judgment against the association may be made only against the units in the condominium hotel at the time the judgment was entered, in proportion to their liabilities for common expenses.

6. If any common expense is caused by the misconduct of any unit's owner, the association may assess that expense exclusively against his unit.

7. If liabilities for common expenses are reallocated, assessments for common expenses and any installment thereof not yet due must be recalculated in accordance with the reallocated liabilities.

8. The association shall provide written notice to each unit's owner of a meeting at which an assessment for a capital improvement is to be considered or action is to be taken on such an assessment at least 21 calendar days before the date of the meeting.

Sec. 115. 1. The hotel unit owner may charge all residential units in the condominium hotel:

(a) Shared expenses for the operation, maintenance and insurance of the hotel unit, shared components and the residential units;

(b) Costs for the establishment of reasonable reserve funds for the repair or replacement of the major components of the shared components;

(c) Costs for the establishment of reasonable reserve funds for the maintenance, repair and replacement of the hotel unit or shared components;

(d) Charges for capital improvement;

(e) Charges that the declarant or hotel unit owner, as applicable, establishes in the declaration to offset the burden on the shared components or hotel unit as a result of transient rentals; and

(f) All other charges lawfully imposed by the declarant in connection with the repair, replacement, improvement, maintenance, management, operation and insurance of the shared components.

2. All shared expenses, including the reserves, must be charged against all the residential units in accordance with the allocated liability for shared expenses set forth in the declaration pursuant to this chapter.

3. The shared expenses must be imposed on a calendar-year basis and must be payable by the residential unit owners in monthly, quarterly, semiannual or annual installments as required in the declaration.

4. The declarant or hotel unit owner, as applicable, shall establish adequate reserves, funded on a reasonable basis, for the repair, replacement and restoration of the major components of the shared components. The reserves may be used only for repair, replacement and restoration of the major components of the shared components, and must not be used for daily maintenance. The declarant may comply with the provisions of this subsection through a funding plan that is designed to allocate the costs for the repair, replacement and restoration of the major components of the shared components over a period of years if the funding plan is designed in an actuarially sound manner which will ensure that sufficient money is available when the repair, replacement and restoration of the major components of the shared components is necessary.

5. Any past due assessment authorized pursuant to this section bears interest at the rate established by the declaration but not to exceed 18 percent per year.

6. Payment of shared expenses by a residential unit owner does not entitle that owner to ownership or control over the hotel unit or the shared components.

Sec. 116. 1. Except as otherwise provided in subsection 2 and unless the declaration of a condominium hotel imposes more stringent standards, the executive board shall, not less than 30 days or more than 60 days before the beginning of the fiscal year, prepare and distribute to each unit's owner a copy of:

(a) The budget for the daily operation of the association. The budget must include, without limitation, the estimated annual revenue and expenditures of the association and any contributions to be made to the reserve account of the association.

(b) The budget to provide adequate funding for the reserves required by section 115 of this act. The budget must include, without limitation:

(1) The current estimated replacement cost, estimated remaining life and estimated useful life of each major component of the common elements;

(2) As of the end of the fiscal year for which the budget is prepared, the current estimate of the amount of cash reserves that are necessary, and the current amount of accumulated cash reserves that are set aside, to repair, replace or restore the major components of the common elements;

(3) A statement as to whether the executive board has determined or anticipates that the levy of one or more special assessments will be necessary to repair, replace or restore any major component of the common elements or to provide adequate funding for the reserves designated for that purpose; and

(4) A general statement describing the procedures used for the estimation and accumulation of cash reserves pursuant to subparagraph (2), including, without limitation, the qualifications of the person responsible for the preparation of the study of the reserves required by section 117 of this act.

2. In lieu of distributing copies of the budgets of the association required by subsection 1, the executive board may distribute to each unit's owner a summary of those budgets, accompanied by a written notice that:

(a) The budgets are available for review at the business office of the association or some other suitable location within the county where the condominium hotel is situated or, if it is situated in more than one county, within one of those counties; and

(b) Copies of the budgets will be provided upon request.

3. Within 60 days after adoption of any proposed budget for the association of the condominium hotel, the executive board shall provide a summary of the proposed budget to each unit's owner and shall set a date for a meeting of the units' owners to consider ratification of the proposed budget not less than 14 days or more than 30 days after the mailing of the summaries. Unless at that meeting a majority of all units' owners, or any larger vote specified in the declaration, reject the proposed budget, the proposed budget is ratified, whether or not a quorum is present. If the proposed budget is rejected, the periodic budget last ratified by the units' owners must be continued until such time as the units' owners ratify a subsequent budget proposed by the executive board.

Sec. 117. 1. The executive board shall:

(a) At least once every 5 years, cause to be conducted a study of the reserves required to repair, replace and restore the major components of the common elements;

(b) At least annually, review the results of that study to determine whether those reserves are sufficient; and

(c) At least annually, make any adjustments to the association's funding plan which the executive board deems necessary to provide adequate funding for the required reserves.

2. The study of the reserves required by subsection 1 must be conducted by a person who holds a permit issued pursuant to chapter 116A of NRS.

3. The study of the reserves must include, without limitation:

(a) A summary of an inspection of the major components of the common elements that the association is obligated to repair, replace or restore;

(b) An identification of the major components of the common elements that the association is obligated to repair, replace or restore which have a remaining useful life of less than 30 years;

(c) An estimate of the remaining useful life of each major component of the common elements identified pursuant to paragraph (b);

(d) An estimate of the cost of repair, replacement or restoration of each major component of the common elements identified pursuant to paragraph (b) during and at the end of its useful life; and

(e) An estimate of the total annual assessment that may be necessary to cover the cost of repair, replacement or restoration of the major components of the common elements identified pursuant to paragraph (b), after subtracting the reserves of the association as of the date of the study, and an estimate of the funding plan that may be necessary to provide adequate funding for the required reserves.

4. A summary of the study of the reserves required by subsection 1 must be submitted to the Division not later than 45 days after the date that the executive board adopts the results of the study.

Sec. 118. 1. The hotel unit owner shall:

(a) At least once every 5 years, cause to be conducted a study of the reserves required to repair, replace and restore the major components of the shared components;

(b) At least annually, review the results of that study to determine whether those reserves are sufficient; and

(c) At least annually, make any adjustments to the charges for shared components which is deemed necessary to provide adequate funding for the required reserves for shared components.

2. The study of the reserves required by subsection 1 must be conducted by a person who holds a permit issued pursuant to chapter 116A of NRS.

3. The study of the reserves must include, without limitation:

(a) A summary of an inspection of the major components of the shared components;

(b) An identification of the major components of the shared components that have a remaining useful life of less than 30 years;

(c) An estimate of the remaining useful life of each major component of the shared components identified pursuant to paragraph (b);

(d) An estimate of the cost of repair, replacement or restoration of each major component of the shared components identified pursuant to paragraph (b) during and at the end of its useful life; and

(e) An estimate of the total annual charge that may be necessary to cover the cost of repairing, replacement or restoration of the major components of the shared components identified pursuant to paragraph (b), after subtracting the reserves for shared components as of the date of the study, and an estimate of the funding plan that may be necessary to provide adequate funding for the required reserves.

Sec. 119. Money in the reserve account of an association required by section 114 of this act may not be withdrawn without the signatures of at least two members of the executive board or the signatures of at least one member of the executive board and one officer of the association who is not a member of the executive board.

Sec. 120. 1. Except as otherwise provided in subsection 2, an association shall:

(a) If the association is required to pay the fee imposed by NRS 78.150, 82.193, 86.263, 87.541 or 88.591, pay to the Administrator a fee established by regulation of the Administrator for every unit in the association used for residential use.

(b) If the association is organized as a trust or partnership, or as any other authorized business entity, pay to the Administrator a fee established by regulation of the Administrator for each unit in the association.

2. The fees required to be paid pursuant to this section must be:

(a) Paid at such times as are established by the Division.

(b) Deposited with the State Treasurer for credit to the Account for Common-Interest Communities and Condominium Hotels created by NRS 116.630.

(c) Established on the basis of the actual costs of administering the Office of the Ombudsman and the Commission and not on a basis which includes any subsidy beyond those actual costs. In no event may the fees required to be paid pursuant to this section exceed $3 per unit.

3. The Division shall impose an administrative penalty against an association that violates the provisions of this section by failing to pay the fees owed by the association within the times established by the Division. The administrative penalty that is imposed for each violation must equal 10 percent of the amount of the fees owed by the association or $500, whichever amount is less. The amount of the unpaid fees owed by the association bears interest at the rate set forth in NRS 99.040 from the date the fees are due until the date the fees are paid in full.

4. Upon the payment of the fees and any administrative penalties and interest required by this section, the Administrator shall provide to the association evidence that it paid the fees and the administrative penalties and interest in compliance with this section.

Sec. 121. Each association shall, at the time it pays the fee required by section 120 of this act, register with the Ombudsman on a form prescribed by the Ombudsman.

Sec. 122. 1. The association or the hotel unit owner, as applicable, has a lien on a unit for any assessment or charge, including assessments for common expenses and charges for shared expenses or other charges of the hotel unit owner, authorized by this chapter that is levied against that unit or any fines imposed against the unit's owner from the time the assessment, charge or fine becomes due. If an assessment is payable in installments, the full amount of the assessment or charge is a lien from the time the first installment thereof becomes due.

2. A lien under this section is prior to all other liens and encumbrances on a unit except:

(a) Liens and encumbrances recorded before the recordation of the declaration;

(b) A first security interest on the unit recorded before the date on which the assessment sought to be enforced became delinquent;

(c) Liens for real estate taxes and other governmental assessments or charges against the unit; and

(d) Mechanics' or materialmen's liens.

3. Unless the declaration otherwise provides, if the association and the hotel unit owner both have liens for assessments or charges created at any time on the same property, the priority of those liens is governed by Nevada law.

4. Recording of the declaration constitutes record notice and perfection of the lien. No further recordation of any claim of lien for assessment or charge under this section is required.

5. A lien for unpaid assessments or charges is extinguished unless proceedings to enforce the lien are instituted within 3 years after the full amount of the assessments or charges become due.

6. This section does not prohibit actions to recover sums for which subsection 1 creates a lien or prohibit an association, the declarant or hotel unit owner, as applicable, from taking a deed in lieu of foreclosure.

7. A judgment or decree in any action brought under this section must include costs and reasonable attorney's fees for the prevailing party.

8. The association or the hotel unit owner, as applicable, upon written request, shall furnish to a residential unit owner a statement setting forth the amount of unpaid assessments or charges against the unit. If the interest of the unit's owner is real estate or if a lien for the unpaid assessments or charges may be foreclosed under this chapter, the statement must be in recordable form. The statement must be furnished within 10 business days after receipt of the request and is binding on the association or the declarant, as applicable, and every unit's owner.

Sec. 123. 1. Except as otherwise provided in subsection 4, in a condominium hotel, the association or hotel unit owner, as applicable, may foreclose its lien by sale after all of the following occur:

(a) The association or hotel unit owner, as applicable, has mailed by certified or registered mail, return receipt requested, to the residential unit owner or his successor in interest, at his address if known and at the address of the residential unit, a notice of delinquent assessment which states the amount of the assessments and other sums which are due, a description of the residential unit against which the lien is imposed and the name of the record owner of the residential unit.

(b) Not less than 30 days after mailing the notice of delinquent assessment or charge pursuant to paragraph (a), the association or hotel unit owner, as applicable, has executed and caused to be recorded, with the county recorder of the county in which the condominium hotel or any part of it is situated, a notice of default and election to sell the residential unit to satisfy the lien which must contain the same information as the notice of delinquent assessment and which must also comply with the following:

(1) Describe the deficiency in payment.

(2) State the name and address of the person authorized by the association, the declarant or hotel unit owner, as applicable, to enforce the lien by sale.

(3) Contain, in 14-point bold type, the following warning:

WARNING! IF YOU FAIL TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE, YOU COULD LOSE YOUR HOME, EVEN IF THE AMOUNT IS IN DISPUTE!

(c) The residential unit owner or his successor in interest has failed to pay the amount of the lien, including costs, fees and expenses incident to its enforcement, for 90 days following the recording of the notice of default and election to sell.

2. The notice of default and election to sell must be signed by the person designated in the declaration or by the association or hotel unit owner, as applicable, for that purpose.

3. The period of 90 days begins on the first day following:

(a) The date on which the notice of default is recorded; or

(b) The date on which a copy of the notice of default is mailed by certified or registered mail, return receipt requested, to the residential unit owner or his successor in interest at his address, if known, and at the address of the residential unit,

➥ *whichever date occurs later.*

4. The association may not foreclose a lien by sale based on a fine or penalty for a violation of the governing documents of the association unless:

(a) The violation poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the condominium hotel; or

(b) The penalty is imposed for failure to adhere to a schedule required pursuant to this chapter.

Sec. 124. The association or hotel unit owner, as applicable, shall also mail, within 10 days after the notice of default and election to sell is recorded, a copy of the notice by first-class mail to:

1. Each person who has requested notice pursuant to NRS 107.090 or section 128 of this act;

2. Any holder of a recorded security interest encumbering the residential unit owner's interest who has notified the association or hotel unit owner, as applicable, 30 days before the recordation of the notice of default, of the existence of the security interest; and

3. A purchaser of the residential unit, if the residential unit owner has notified the association or hotel unit owner, as applicable, 30 days before the recordation of the notice, that the residential unit is the subject of a contract of sale and the association has been requested to furnish the certificate required by section 147 of this act.

Sec. 125. ***1. The association or hotel unit owner, as applicable, shall also, after the expiration of the 90 days and before selling the unit:***

(a) Give notice of the time and place of the sale in the manner and for a time not less than that required by law for the sale of real property upon execution, except that in lieu of following the procedure for service on a judgment debtor pursuant to NRS 21.130, service must be made on the residential unit owner as follows:

(1) A copy of the notice of sale must be mailed, on or before the date of first publication or posting, by certified or registered mail, return receipt requested, to the residential unit owner or his successor in interest at his address, if known, and to the address of the residential unit; and

(2) A copy of the notice of sale must be served, on or before the date of first publication or posting, in the manner set forth in subsection 2; and

(b) Mail, on or before the date of first publication or posting, a copy of the notice by first-class mail to:

(1) Each person entitled to receive a copy of the notice of default and election to sell notice under section 124 of this act;

(2) The holder of a recorded security interest or the purchaser of the residential unit, if either of them has notified the association, before the mailing of the notice of sale, of the existence of the security interest, lease or contract of sale, as applicable; and

(3) The Ombudsman.

2. In addition to the requirements set forth in subsection 1, a copy of the notice of sale must be served:

(a) By a person who is 18 years of age or older and who is not a party to or interested in the sale by personally delivering a copy of the notice of sale to an occupant of the residential unit who is of suitable age; or

(b) By posting a copy of the notice of sale in a conspicuous place on the residential unit.

3. Any copy of the notice of sale required to be served pursuant to this section must include:

(a) The amount necessary to satisfy the lien as of the date of the proposed sale; and

(b) The following warning in 14-point bold type:

WARNING! A SALE OF YOUR PROPERTY IS IMMINENT! UNLESS YOU PAY THE AMOUNT SPECIFIED IN THIS NOTICE BEFORE THE SALE DATE, YOU COULD LOSE YOUR HOME, EVEN IF THE AMOUNT IS IN DISPUTE. YOU MUST ACT BEFORE THE SALE DATE. IF YOU HAVE ANY QUESTIONS, PLEASE CALL (name and telephone number of the contact person for the association, declarant, or hotel unit owner). IF YOU NEED ASSISTANCE, PLEASE CALL THE FORECLOSURE SECTION OF THE OMBUDSMAN'S OFFICE, NEVADA REAL ESTATE DIVISION, AT (toll-free telephone number designated by the Division) IMMEDIATELY.

4. Proof of service of any copy of the notice of sale required to be served pursuant to this section must consist of:

(a) A certificate of mailing which evidences that the notice was mailed through the United State Postal Service; or

(b) An affidavit of service signed by the person who served the notice stating:

(1) The time of service, manner of service and location of service; and

(2) The name of the person served or, if the notice was not served on a person, a description of the location where the notice was posted on the residential unit.

Sec. 126. 1. The sale must be conducted in the county in which the condominium hotel or part of it is situated, and may be conducted by the association or hotel unit owner, as applicable, its agent or attorney, or a title insurance company or escrow agent licensed to do business in this State, except that the sale may be made at the office of the association or hotel unit owner, as applicable, if the notice of the sale so provided, whether or not the residential unit is located within the same county as the office of the association or the hotel unit. The association or hotel unit owner, as applicable, may, from time to time, postpone the sale by such advertisement and notice as it considers reasonable or, without further advertisement or notice, by proclamation made to the persons assembled at the time and place previously set and advertised for the sale.

2. On the day of sale originally advertised or to which the sale is postponed, at the time and place specified in the notice or postponement, the person conducting the sale may sell the residential unit at public auction to the highest cash bidder. Unless otherwise provided in the declaration or by agreement, the association or hotel unit owner may purchase the residential unit and hold, lease, mortgage or convey it. The association or hotel unit owner, as applicable, may purchase by a credit bid up to the amount of the unpaid assessments and any permitted costs, fees and expenses incident to the enforcement of its lien.

3. After the sale, the person conducting the sale shall:

(a) Make, execute and, after payment is made, deliver to the purchaser, or his successor or assign, a deed without warranty which conveys to the grantee all title of the residential unit owner to the unit;

(b) Deliver a copy of the deed to the Ombudsman within 30 days after the deed is delivered to the purchaser, or his successor or assign; and

(c) Apply the proceeds of the sale for the following purposes in the following order:

(1) The reasonable expenses of sale;

(2) The reasonable expenses of securing possession before sale, holding, maintaining, and preparing the residential unit for sale, including payment of taxes and other governmental charges, premiums on hazard and liability insurance, and, to the extent provided for by the declaration,

reasonable attorney's fees and other legal expenses incurred by the association or the hotel unit owner, as applicable;

(3) Satisfaction of the association's or hotel unit owner's lien, as applicable;

(4) Satisfaction in the order of priority of any subordinate claim of record; and

(5) Remittance of any excess to the unit's owner.

Sec. 127. 1. The recitals in a deed of a foreclosed unit made pursuant to section 126 of this act of:

(a) Default, the mailing of the notice of delinquent assessment or charge, and the recording of the notice of default and election to sell;

(b) The elapsing of the 90 days; and

(c) The giving of notice of sale,

➥ are conclusive proof of the matters recited.

2. Such a deed containing those recitals is conclusive against the residential unit's former owner, his heirs and assigns, and all other persons. The receipt for the purchase money contained in such a deed is sufficient to discharge the purchaser from obligation to see to the proper application of the purchase money.

3. The sale of a residential unit pursuant to the foreclosure procedures of this chapter vests in the purchaser the title of the unit's owner without equity or right of redemption.

Sec. 128. 1. The provisions of NRS 107.090 apply to the foreclosure of lien of an association or hotel unit owner, as applicable, as if a deed of trust were being foreclosed. The request must identify the lien by stating the names of the unit's owner and the condominium hotel.

2. An association or hotel unit owner, as applicable, may, after recording a notice of default and election to sell, waive the default and withdraw the notice or any proceeding to foreclose. The association or hotel unit owner, as applicable, is thereupon restored to its former position and has the same rights as though the notice had not been recorded.

Sec. 129. 1. Except as otherwise provided in subsection 2, a judgment for money against the association, if a copy of the docket or an abstract or copy of the judgment is recorded, is not a lien on the common elements, but is a lien in favor of the judgment lienholder against all of the units in the condominium hotel at the time the judgment was entered. No other property of a unit's owner or the declarant is subject to the claims of creditors of the association.

2. If the association has granted a security interest in the common elements to a creditor of the association pursuant to section 108 of this act, the holder of that security interest shall exercise its right against the common elements before its judgment lien on any unit may be enforced.

3. Whether perfected before or after the creation of the condominium hotel, if a lien, other than a deed of trust or mortgage, including a judgment lien or lien attributable to work performed or materials supplied

before creation of the condominium hotel, becomes effective against two or more units, the owner of an affected unit may pay to the lienholder the amount of the lien attributable to his unit, and the lienholder, upon receipt of payment, promptly shall deliver a release of the lien covering that unit. The amount of the payment must be proportionate to the ratio which that owner's liability for common expenses bears to the liabilities for common expenses of all owners whose units are subject to the lien. After payment, the association may not assess or have a lien against that owner's unit for any portion of the common expenses incurred in connection with that lien.

4. A judgment against the association must be indexed in the name of the condominium hotel and the association and, when so indexed, is notice of the lien against the units.

Sec. 130. 1. Except as otherwise provided in this subsection, the executive board of an association shall, upon the written request of a unit's owner, make available the books, records and other papers of the association for review during the regular working hours of the association, including, without limitation, all contracts to which the association is a party and all records filed with a court relating to a civil or criminal action to which the association is a party. The provisions of this subsection do not apply to:

(a) The personnel records of the employees of the association, except for those records relating to the number of hours worked and the salaries and benefits of those employees;

(b) The records of the association relating to another unit's owner, except for those records described in subsection 2; and

(c) A contract between the association and an attorney.

2. The executive board of an association shall maintain a general record concerning each violation of the governing documents, other than a violation involving a failure to pay an assessment, for which the executive board has imposed a fine, or any other sanction. The general record:

(a) Must contain a general description of the nature of the violation and the type of the sanction imposed. If the sanction imposed was a fine, the general record must specify the amount of the fine.

(b) Must not contain the name or address of the person against whom the sanction was imposed or any other personal information which may be used to identify the person or the location of the unit, if any, that is associated with the violation.

(c) Must be maintained in an organized and convenient filing system or data system that allows a unit's owner to search and review the general records concerning violations of the governing documents.

3. If the executive board refuses to allow a unit's owner to review the books, records or other papers of the association, the Ombudsman may:

(a) On behalf of the unit's owner and upon written request, review the books, records or other papers of the association during the regular working hours of the association; and

(b) If he is denied access to the books, records or other papers, request the Commission, or any member thereof acting on behalf of the Commission, to issue a subpoena for their production.

4. The books, records and other papers of an association must be maintained for at least 10 years.

5. The executive board shall not require a unit's owner to pay an amount in excess of $10 per hour to review any books, records, contracts or other papers of the association pursuant to the provisions of this section.

Sec. 131. The hotel unit owner shall maintain financial books and records showing its actual receipts and expenditures with respect to the repair, replacement, improvement, maintenance, management, operation, tax obligations and insurance of the shared components and the major components of the shared components, including the budget for the current year, any proposed budget for future years and the study of reserves for shared components required by section 117 of this act. These records may, but need not, be audited or reviewed by a certified public accountant. The hotel unit owner shall make these records available for inspection by any residential unit owner by prior appointment during reasonable business hours. These records must be retained for 3 years after the conclusion of each fiscal year.

Sec. 132. 1. The executive board of an association shall maintain and make available for review at the business office of the association or some other suitable location within the county where the condominium hotel is situated or, if it is situated in more than one county, within one of those counties:

(a) The financial statement of the association;

(b) The budgets of the association required to be prepared pursuant to section 114 of this act; and

(c) The study of the reserves of the association required to be conducted pursuant to section 117 of this act.

2. The executive board shall provide a copy of any of the records required to be maintained pursuant to subsection 1 to a unit's owner or the Ombudsman within 14 days after receiving a written request therefor. The executive board may charge a fee to cover the actual costs of preparing a copy, but not to exceed 25 cents per page.

Sec. 133. 1. The association shall keep financial records sufficiently detailed to enable the association to comply with all of the requirements of this chapter.

2. All financial and other records of the association must be:

(a) Maintained and made available for review at the business office of the association or some other suitable location within the county where the condominium hotel is situated or, if it is situated in more than one county, within one of those counties; and

(b) Made reasonably available for any unit's owner and his authorized agents to inspect, examine, photocopy and audit.

Sec. 134. 1. Except as otherwise provided in subsection 2, a member of an executive board, an officer of an association or a community manager shall not solicit or accept any form of compensation, gratuity or other remuneration that:

(a) Would improperly influence or would appear to a reasonable person to improperly influence the decisions made by those persons; or

(b) Would result or would appear to a reasonable person to result in a conflict of interest for those persons.

2. Notwithstanding the provisions of subsection 1, a member of an executive board, an officer of an association or a community manager shall not accept, directly or indirectly, any gifts, incentives, gratuities, rewards or other items of value from:

(a) An attorney, law firm or vendor, or any person working directly or indirectly for the attorney, law firm or vendor, which total more than the amount established by the Commission by regulation, not to exceed $100 per year per such attorney, law firm or vendor; or

(b) A declarant, an affiliate of a declarant or any person responsible for the construction of the applicable condominium hotel or association which total more than the amount established by the Commission by regulation, not to exceed $100 per year per such declarant, affiliate or person.

3. An attorney, law firm or vendor, or any person working directly or indirectly for the attorney, law firm or vendor, shall not provide, directly or indirectly, any gifts, incentives, gratuities, rewards or other items of value to a member of the executive board or an officer of the association, the community manager or any person working for the community manager which total more than the amount established by the Commission by regulation, not to exceed $100 per year per such member, officer, community manager or person.

4. A declarant, an affiliate of a declarant or any person responsible for the construction of a condominium hotel or association, shall not provide, directly or indirectly, any gifts, incentives, gratuities, rewards or other items of value to a member of the executive board or an officer of the association, the community manager or any person working for the community manager which total more than the amount established by the Commission by regulation, not to exceed $100 per year per such member, officer, community manager or person.

5. In addition to the limitations set forth in subsection 1, a community manager shall not solicit or accept any form of compensation, fee or other remuneration that is based, in whole or in part, on:

(a) The number or amount of fines imposed against or collected from units' owners or tenants or guests of units' owners pursuant to this chapter for violations of the governing documents of the association; or

(b) Any percentage or proportion of those fines.

6. The provisions of this section do not prohibit a community manager from being paid compensation, a fee or other remuneration under the terms of a contract between the community manager and an association if:

(a) The scope of the respective rights, duties and obligations of the parties under the contract comply with the standards of practice for community managers adopted by the Commission pursuant to NRS 116A.400;

(b) The compensation, fee or other remuneration is being paid to the community manager for providing management of the association of the condominium hotel; and

(c) The compensation, fee or other remuneration is not structured in a way that would violate the provisions of subsection 1 or 5.

Sec. 135. 1. Except as otherwise provided in this section, a member of an executive board, an officer of an association or a community manager shall not:

(a) Enter into a contract or renew a contract with the association to provide goods or services to the association; or

(b) Otherwise accept any commission, personal profit or compensation of any kind from the association for providing goods or services to the association.

2. The provisions of this section do not prohibit a declarant, an affiliate of a declarant or an officer, employee or agent of a declarant or an affiliate of a declarant from:

(a) Receiving any commission, personal profit or compensation from the association, the declarant or an affiliate of the declarant for any goods or services furnished to the association;

(b) Entering into contracts with the association, the declarant or affiliate of the declarant; or

(c) Serving as a member of the executive board or as an officer of the association.

Sec. 136. With respect to a third person dealing with the association in the association's capacity as a trustee, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers. A third person, without actual knowledge that the association is exceeding or improperly exercising its powers, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

Sec. 137. 1. Except as otherwise provided in subsection 2, the executive board of an association shall not and the governing documents of that association must not prohibit a unit's owner from engaging in the display of the flag of the United States within such physical portion of the

condominium hotel as that owner has a right to occupy and use exclusively.

2. The provisions of this section do not:

(a) Apply to the display of the flag of the United States for commercial advertising purposes.

(b) Preclude the hotel unit owner or an association from adopting, and do not preclude the governing documents of an association from setting forth, rules that reasonably restrict the placement and manner of the display of the flag of the United States by a unit's owner.

(c) Preclude the hotel unit owner or an association from adopting, and do not preclude the declaration of the governing documents of an association from setting forth, rules restricting or prohibiting the placement by any person of other signs, symbols or flags within any portion of the condominium hotel.

3. In any action commenced to enforce the provisions of this section, the prevailing party is entitled to recover reasonable attorney's fees and costs.

4. As used in this section, "display of the flag of the United States" means a flag of the United States that is:

(a) Made of cloth, fabric or paper;

(b) Displayed from a pole or staff or in a window; and

(c) Displayed in a manner that is consistent with 4 U.S.C. Chapter 1.

➥ The term does not include a depiction or emblem of the flag of the United States that is made of balloons, flora, lights, paint, paving materials, roofing, siding or any other similar building, decorative or landscaping component.

Sec. 138. 1. The executive board shall not and the governing documents must not prohibit a unit's owner or an occupant of a unit from exhibiting a political sign within such physical portion of the condominium hotel as that owner or occupant has a right to occupy and use exclusively if the political sign is not larger than 24 inches by 36 inches.

2. The provisions of this section establish the minimum rights of a unit's owner or an occupant of a unit to exhibit a political sign. The provisions of this section do not preempt any provisions of the governing documents that provide greater rights and do not require the governing documents or the executive board to impose any restrictions on the exhibition of political signs other than those established by other provisions of law.

3. As used in this section, "political sign" means a sign that expresses support for or opposition to a candidate, political party or ballot question.

Sec. 139. 1. Except as otherwise provided in the declaration, an association may not require a unit's owner to secure or obtain any approval from the association in order to rent or lease his unit.

2. The provisions of this section do not prohibit an association from enforcing any provisions which govern the renting or leasing of units and

which are contained in this chapter or in any other applicable federal, state or local laws or regulations.

Sec. 140. 1. Except as otherwise provided in this section, sections 140 to 152, inclusive, of this act apply to all condominium hotels.

2. Neither a public offering statement nor a certificate of resale need be prepared or delivered in the case of a:

(a) Gratuitous disposition of a unit;

(b) Disposition pursuant to court order;

(c) Disposition by a government or governmental agency;

(d) Disposition by foreclosure or deed in lieu of foreclosure;

(e) Disposition to a dealer;

(f) Disposition that may be cancelled at any time and for any reason by the purchaser without penalty; or

(g) Disposition of a unit not used for residential use.

Sec. 141. 1. Except as otherwise provided in subsection 2, a declarant, before offering any interest in a unit to the public, shall prepare a public offering statement conforming to the requirements of sections 142, 143 and 144 of this act.

2. A declarant may transfer responsibility for the preparation of all or a part of the public offering statement to a successor declarant, the hotel unit owner or to a dealer who intends to offer units in the condominium hotel. In the event of any such transfer, the transferor shall provide the transferee with any information necessary to enable the transferee to fulfill the requirements of subsection 1.

3. Any declarant or dealer who offers a unit to a purchaser shall deliver a public offering statement in the manner prescribed in section 146 of this act. The declarant or his transferee is liable for any false or misleading statement set forth therein or for any omission of a material fact therefrom with respect to that portion of the public offering statement which he prepared. If a declarant or dealer did not prepare any part of a public offering statement that he delivers, he is not liable for any false or misleading statement set forth therein or for any omission of a material fact therefrom unless he had actual knowledge of the statement or omission or, in the exercise of reasonable care, should have known of the statement or omission.

4. If a unit is part of a condominium hotel and is part of any other real estate in connection with the sale of which the delivery of a public offering statement is required under the laws of this State, a single public offering statement conforming to the requirements of this chapter, as those requirements relate to the real estate in which the unit is located, and to any other requirements imposed under the laws of this State, may be prepared and delivered in lieu of providing two or more public offering statements. If the requirements of this chapter conflict with those of another law of this State, the requirements of this chapter prevail.

Sec. 142. 1. Except as otherwise provided in this chapter, a public offering statement must set forth or fully and accurately disclose each of the following:

(a) The name and principal address of the declarant and of the condominium hotel.

(b) A general description of the condominium hotel, including to the extent possible, the types, number and declarant's schedule of commencement and completion of construction of buildings, and amenities that the declarant anticipates including in the condominium hotel.

(c) The estimated number of units in the condominium hotel.

(d) Copies of the declaration, bylaws, and any rules or regulations of the association, but a plat or plan is not required.

(e) A current year-to-date financial statement, including the most recent audited or reviewed financial statement, and the projected budget for the association, either within or as an exhibit to the public offering statement, for 1 year after the date of the first conveyance to a purchaser, and thereafter the current budget of the association. The budget must include, without limitation:

(1) A statement of the amount included in the budget as reserves for repairs, replacement and restoration pursuant to this chapter; and

(2) The projected monthly assessment for common expenses for each type of unit, including the amount established as reserves pursuant to this chapter.

(f) The projected budget for the shared expenses, either within or as an exhibit to the public offering statement. The budget must include, without limitation:

(1) A statement of the amount included in the budget as reserves for repairs, replacement and restoration pursuant to this chapter;

(2) The projected monthly shared expenses for each type of unit, including the amount established as reserves pursuant to this chapter; and

(3) A description of any other payments, fees and charges that may be charged by the hotel unit owner in order to offset the increased burden placed on the shared components due to use of residential units as transient rentals.

(g) After the date of the first conveyance of a residential unit to a purchaser, a current year-to-date statement of the shared expenses charged to the units.

(h) A description of any services or subsidies being provided by the declarant or an affiliate of the declarant not reflected in the budget.

(i) Any initial or special fee due from the purchaser at closing, together with a description of the purpose and method of calculating the fee.

(j) The terms and significant limitations of any warranties provided by the declarant, including statutory warranties and limitations on the enforcement thereof or on damages.

(k) A statement that unless the purchaser or his agent has personally inspected the unit, the purchaser may cancel, by written notice, his contract for purchase until midnight of the fifth calendar day following the date of execution of the contract, and the contract must contain a provision to that effect.

(l) A statement of any unsatisfied judgments or pending suits against the association, and the status of any pending suits material to the condominium hotel of which a declarant has actual knowledge.

(m) Any current or expected fees or charges to be paid by residential unit owners for the use of the shared components or the common elements and other facilities related to the condominium hotel.

(n) The information statements required by this chapter.

2. A declarant is not required to revise a public offering statement more than once each calendar quarter, if the following warning is given prominence in the statement: "THIS PUBLIC OFFERING STATEMENT IS CURRENT AS OF (insert a specified date). RECENT DEVELOPMENTS REGARDING (here refer to particular provisions of sections 142 and 143 of this act) MAY NOT BE REFLECTED IN THIS STATEMENT."

Sec. 143. If the declaration provides that a condominium hotel is subject to any developmental rights, the public offering statement must disclose, in addition to the information required by section 142 of this act:

1. The maximum number of units that may be created;

2. A statement of how many or what percentage of the units that may be created will be restricted exclusively to residential use, or a statement that no representations are made regarding restrictions of use;

3. A statement of the extent to which any buildings or other improvements that may be erected pursuant to any developmental right in any part of the condominium hotel will be compatible with existing buildings and improvements in the condominium hotel in terms of architectural style, quality of construction, and size, or a statement that no assurances are made in those regards;

4. General descriptions of all other improvements that may be made and limited common elements that may be created within any part of the condominium hotel pursuant to any developmental right reserved by the declarant, or a statement that no assurances are made in that regard;

5. A statement of any limitations as to the locations of any building or other improvement that may be constructed or made within any part of the condominium hotel pursuant to any developmental right reserved by the declarant, or a statement that no assurances are made in that regard;

6. A statement that any limited common elements created pursuant to any developmental right reserved by the declarant will be of the same general types and sizes as the limited common elements within other parts of the condominium hotel, or a statement of the types and sizes planned, or a statement that no assurances are made in that regard;

7. A statement that the proportion of limited common elements to units created pursuant to any developmental right reserved by the declarant will be approximately equal to the proportion existing within other parts of the condominium hotel, or a statement of any other assurances in that regard, or a statement that no assurances are made in that regard;

8. A statement that all restrictions in the declaration affecting use, occupancy and alienation of units will apply to any units created pursuant to any developmental right reserved by the declarant, or a statement of any differentiations that may be made as to those units, or a statement that no assurances are made in that regard; and

9. A statement of the extent to which any assurances made pursuant to this section apply or do not apply if any developmental right is not exercised by the declarant.

Sec. 144. The public offering statement of a condominium hotel involving a converted building must contain, in addition to the information required pursuant to section 143 of this act:

1. A statement by the declarant, based on a report prepared by an independent registered architect or licensed professional engineer, describing the present condition of all structural components and mechanical and electrical installations material to the use and enjoyment of the building.

2. A list of any outstanding notices of uncured violations of applicable building codes or other municipal regulations, in addition to the estimated cost of curing such violations.

3. The budget to maintain the reserves required pursuant to subsection 2 of section 114 of this act and subsection 1 of section 115 of this act, which must include, without limitation:

(a) The current estimated replacement cost, estimated remaining life and estimated useful life of each major component of the shared components and major components of the common elements, if any.

(b) As of the end of the fiscal year for which the budget was prepared, the current estimate of the amount of cash reserves that are necessary to repair, replace and restore the major components of the shared components and major components of the common elements, if any, and the current amount of accumulated cash reserves that are set aside for such repairs, replacements and restorations.

(c) A statement as to whether the declarant has determined or anticipates that the levy of one or more special shared expense charges or special assessments, as applicable, will be required within the next 10 years to repair, replace and restore any major component of the shared components and major components of the common elements, if any, or to provide adequate reserves for that purpose.

(d) A general statement describing the procedures used for the estimation and accumulation of cash reserves described in paragraph (b), including, without limitation, the qualifications of the person responsible

for the preparation of the study of reserves required pursuant to sections 117 and 118 of this act.

(e) The funding plan that is designed to allocate the costs for the repair, replacement and restoration of the major components of the shared components and major components of the common elements, if any, over a period of years.

Sec. 145. If an interest in a condominium hotel is currently registered with the Securities and Exchange Commission of the United States or with the State of Nevada pursuant to chapter 119, 119A or 119B of NRS, a declarant satisfies all requirements of this chapter relating to the preparation of a public offering statement if he delivers to the purchaser a copy of the public offering statement filed with the Securities and Exchange Commission or the appropriate Nevada regulatory authority. An interest in a condominium hotel is not a security under the provisions of chapter 90 of NRS.

Sec. 146. 1. A person required to deliver a public offering statement pursuant to subsection 3 of section 141 of this act shall provide a purchaser with a copy of the current public offering statement not later than the date on which an offer to purchase becomes binding on the purchaser. Unless the purchaser has personally inspected the unit, the purchaser may cancel, by written notice, the contract of purchase until midnight of the fifth calendar day following the date of execution of the contract, and the contract for purchase must contain a provision to that effect.

2. If a purchaser elects to cancel a contract pursuant to subsection 1, he may do so by hand delivering notice thereof to the offeror or by mailing notice thereof by prepaid United States mail to the offeror or to his agent for service of process. Cancellation is without penalty, and all payments made by the purchaser before cancellation must be refunded promptly.

3. If a person required to deliver a public offering statement pursuant to subsection 3 of section 141 of this act fails to provide a purchaser to whom a unit is conveyed with a current public offering statement, the purchaser is entitled to actual damages, rescission or other relief, but if the purchaser has accepted a conveyance of the unit, he is not entitled to rescission.

Sec. 147. 1. Except in the case of a sale in which delivery of a public offering statement is required, a unit's owner or his authorized agent shall furnish to a purchaser a resale package containing all of the following:

(a) A copy of the declaration, other than any plats and plans, the bylaws, the rules or regulations of the association and the information statement required by section 148 of this act;

(b) A statement setting forth the amount of the monthly assessment for common expenses and any unpaid assessment of any kind currently due from the selling unit's owner;

(c) A copy of the current operating budget of the association and current year-to-date financial statement for the association, which must include a summary of the reserves of the association required by this chapter;

(d) A current year-to-date statement of the shared expenses charged to the units and the projected budget for the shared expenses, either within or as an exhibit to the public offering statement. The budget must include, without limitation:

(1) A statement of the amount included in the budget as reserves for repairs, replacement and restoration pursuant to this chapter;

(2) The projected monthly shared expenses for each type of unit, including the amount established as reserves pursuant to this chapter;

(e) A description of any other payments, fees and charges that may be charged by the hotel unit owner in order to offset the increased burden placed on the shared components as a result of use of residential units as transient rentals; and

(f) A statement of any unsatisfied judgments or pending legal actions against the association and the status of any pending legal actions relating to the condominium hotel of which the unit's owner has actual knowledge.

2. The purchaser may, by written notice, cancel the contract of purchase until midnight of the fifth calendar day following the date of receipt of the resale package described in subsection 1, and the contract for purchase must contain a provision to that effect. If the purchaser elects to cancel a contract pursuant to this subsection, he must hand deliver the notice of cancellation to the residential unit owner or his authorized agent or mail the notice of cancellation by prepaid United States mail to the residential unit owner or his authorized agent. Cancellation is without penalty, and all payments made by the purchaser before cancellation must be refunded promptly. If the purchaser has accepted a conveyance of the residential unit, the purchaser is not entitled to:

(a) Cancel the contract pursuant to this subsection; or

(b) Damages, rescission or other relief based solely on the ground that the residential unit owner or his authorized agent failed to furnish the resale package, or any portion thereof, as required by this section.

3. Within 10 days after receipt of a written request by a residential unit owner or his authorized agent, the hotel unit owner shall furnish all of the following to the residential unit owner or his authorized agent for inclusion in the resale package:

(a) Copies of the documents required pursuant to paragraphs (a) and (c) of subsection 1; and

(b) A certificate containing the information necessary to enable the residential unit owner to comply with paragraphs (b) and (d) of subsection 1.

4. If the hotel unit owner furnishes the documents and certificate pursuant to subsection 3:

(a) The residential unit owner or his authorized agent shall include the documents and certificate in the resale package provided to the purchaser, and neither the residential unit owner nor his authorized agent is liable to the purchaser for any erroneous information provided by the hotel unit owner and included in the documents and certificate.

(b) The hotel unit owner may charge the residential unit owner a reasonable fee to cover the cost of preparing the certificate furnished pursuant to subsection 3. Such a fee must be based on the actual cost the association incurs to fulfill the requirements of this section in preparing the certificate. The Commission shall adopt regulations establishing the maximum amount of the fee that an association may charge for preparing the certificate.

(c) The hotel unit owner may charge the residential unit owner a reasonable fee, not to exceed 25 cents per page, to cover the cost of copying the other documents furnished pursuant to subsection 3.

(d) Except for the fees allowed pursuant to paragraphs (b) and (c), the hotel unit owner may not charge the residential unit owner any other fees for preparing or furnishing the documents and certificate pursuant to subsection 3.

5. Neither a purchaser nor the purchaser's interest in a residential unit is liable for any unpaid assessment or fee greater than the amount set forth in the documents and certificate prepared by the hotel unit owner. If the hotel unit owner fails to furnish the documents and certificate within the 10 days allowed by this section, the seller is not liable for the delinquent assessment.

6. Upon the request of a residential unit owner or his authorized agent, or upon the request of a purchaser to whom the hotel unit owner has provided a resale package pursuant to this section or his authorized agent, the association shall make the entire study of the reserves of the association or the shared components reasonably available for the residential unit owner, purchaser or authorized agent to inspect, examine, photocopy and audit. The study must be made available at the business office of the association or the hotel unit owner or some other suitable location within the county where the condominium hotel is situated or, if it is situated in more than one county, within one of those counties.

Sec. 148. The information statement required by sections 142 and 147 of this act must be in substantially the following form:

BEFORE YOU PURCHASE PROPERTY IN A CONDOMINIUM HOTEL
DID YOU KNOW . . .

1. YOU GENERALLY HAVE 5 DAYS TO CANCEL THE PURCHASE AGREEMENT?

When you enter into a purchase agreement to buy a home or unit in a condominium hotel, in most cases you should receive either a public

offering statement, if you are the original purchaser of the home or unit, or a resale package, if you are not the original purchaser. The law generally provides for a 5-day period in which you have the right to cancel the purchase agreement. The 5-day period begins on different starting dates, depending on whether you receive a public offering statement or a resale package. Upon receiving a public offering statement or a resale package, you should make sure you are informed of the deadline for exercising your right to cancel. In order to exercise your right to cancel, the law generally requires that you hand deliver the notice of cancellation to the seller within the 5-day period, or mail the notice of cancellation to the seller by prepaid United States mail within the 5-day period. For more information regarding your right to cancel, see section 146 of this act, if you received a public offering statement, or section 147 of this act if you received a resale package.

2. YOU ARE AGREEING TO RESTRICTIONS ON HOW YOU CAN USE YOUR PROPERTY?

These restrictions are contained in a document known as the Declaration of Covenants, Conditions and Restrictions. The CC&Rs become a part of the title to your property. They bind you and every future owner of the property whether or not you have read them or had them explained to you. The CC&Rs, together with other "governing documents" (such as association bylaws and rules and regulations), are intended to preserve the character and value of properties in the condominium hotel, but may also restrict what you can do to improve or change your property and limit how you use and enjoy your property. By purchasing a property encumbered by CC&Rs, you are agreeing to limitations that could affect your lifestyle and freedom of choice. You should review the CC&Rs, and other governing documents before purchasing to make sure that these limitations and controls are acceptable to you.

3. YOU WILL HAVE TO PAY OWNERS' ASSESSMENTS AND CHARGES FOR AS LONG AS YOU OWN YOUR PROPERTY?

As an owner in a condominium hotel, you are responsible for paying your share of expenses relating to the common elements and shared components. The obligation to pay these expenses binds you and every future owner of the property. Owners' fees are usually assessed for these expenses monthly. You have to pay dues whether or not you agree with the way the association or the hotel unit owner is managing the property or spending the assessments or charges. The hotel unit owner executive board of the association may have the power to change and increase the amount of the assessment or charges and to levy special assessments or special charges against your property to meet extraordinary expenses.

4. IF YOU FAIL TO PAY OWNERS' ASSESSMENTS OR CHARGES, YOU COULD LOSE YOUR HOME?

If you do not pay these assessments or charges when due, the hotel unit owner or the association usually has the power to collect them by selling

your property in a nonjudicial foreclosure sale. If fees become delinquent, you may also be required to pay penalties and the association's or hotel unit owner's costs, as applicable, and attorney's fees to become current. If you dispute the obligation or its amount, your only remedy to avoid the loss of your home may be to file a lawsuit and ask a court to intervene in the dispute.

5. YOU MAY BECOME A MEMBER OF A HOMEOWNERS' ASSOCIATION THAT HAS THE POWER TO AFFECT HOW YOU USE AND ENJOY YOUR PROPERTY?

Many condominium hotels have a homeowners' association. In a new development, the association will usually be controlled by the developer until a certain number of units have been sold. After the period of developer control, the association may be controlled by property owners like yourself who are elected by homeowners to sit on an executive board and other boards and committees formed by the association. The association, and its executive board, are responsible for assessing homeowners for the cost of operating the association and the common elements of the condominium hotel. Because homeowners sitting on the executive board and other boards and committees of the association may not have the experience or professional background required to understand and carry out the responsibilities of the association properly, the association may hire professional condominium association managers to carry out these responsibilities.

Homeowners' associations operate on democratic principles. Some decisions require all homeowners to vote, some decisions are made by the executive board or other boards or committees established by the association or governing documents. Although the actions of the association and its executive board are governed by state laws, the CC&Rs and other documents that govern the condominium hotel, decisions made by these persons will affect your use and enjoyment of your property, your lifestyle and freedom of choice, and your cost of living in the condominium hotel. You may not agree with decisions made by the association or its governing bodies even though the decisions are ones which the association is authorized to make. Decisions may be made by a few persons on the executive board or governing bodies that do not necessarily reflect the view of the majority of residential unit in the condominium hotel. If you do not agree with decisions made by the association, its executive board or other governing bodies, your remedy is typically to attempt to use the democratic processes of the association to seek the election of members of the executive board or other governing bodies that are more responsive to your needs. If you have a dispute with the association, its executive board or other governing bodies, you may be able to resolve the dispute through the complaint, investigation and intervention process administered by the Office of the Ombudsman for Owners in Common-Interest Communities and Condominium Hotels, the Nevada Real Estate Division and the

Commission for Common-Interest Communities and Condominium Hotels. However, to resolve some disputes, you may have to mediate or arbitrate the dispute and, if mediation or arbitration is unsuccessful, you may have to file a lawsuit and ask a court to resolve the dispute. In addition to your personal cost in mediation or arbitration, or to prosecute a lawsuit, you may be responsible for paying your share of the association's cost in defending against your claim.

6. YOU ARE REQUIRED TO PROVIDE PROSPECTIVE PURCHASERS OF YOUR PROPERTY WITH INFORMATION ABOUT LIVING IN YOUR CONDOMINIUM HOTEL?

The law requires you to provide a prospective purchaser of your property with a copy of the condominium hotel's governing documents, including the CC&Rs, association bylaws, and rules and regulations, as well as a copy of this document. You are also required to provide a copy of the association's current year-to-date financial statement, including, without limitation, the most recent audited or reviewed financial statement, a copy of the association's operating budget and information regarding the amount of the monthly assessment for common expenses, including the amount set aside as reserves for the repair, replacement and restoration of common elements. You are also required to provide a copy of the current year-to-date statement of the shared expenses charged to your unit by the declarant or hotel unit owner, as applicable. You are also required to inform prospective purchasers of any outstanding judgments or lawsuits pending against the association of which you are aware. For more information regarding these requirements, see sections 140 to 152, inclusive, of this act.

7. YOU HAVE CERTAIN RIGHTS REGARDING OWNERSHIP IN A CONDOMINIUM HOTEL THAT ARE GUARANTEED YOU BY THE STATE?

Pursuant to provisions of this chapter, you have the right:

(a) To be notified of all meetings of the association and its executive board, except in cases of emergency.

(b) To attend and speak at all meetings of the association and its executive board, except in some cases where the executive board is authorized to meet in closed, executive session.

(c) To request a special meeting of the association.

(d) To inspect, examine, photocopy and audit financial and other records of the association.

(e) To be notified of all changes in the condominium hotel's rules and regulations and other actions by the association or board that affect you.

8. QUESTIONS?

Although they may be voluminous, you should take the time to read and understand the documents that will control your ownership of a property in a condominium hotel. You may wish to ask your real estate professional, lawyer or other person with experience to explain anything you do not

understand. You may also request assistance from the Office of the Ombudsman for Owners in Common-Interest Communities and Condominium Hotels, Nevada Real Estate Division, at (telephone number).

(a) Delivered to the declarant at closing;

(b) Delivered to the declarant because of the purchaser's default under a contract to purchase the unit;

(c) Released to the declarant for an additional item, improvement, optional item or alteration, but the amount so released:

(d) Refunded to the purchaser.

2. A deposit or advance payment made for an additional item, improvement, optional item or alteration may be deposited in escrow or delivered directly to the declarant, as the parties may contract.

Each bond must be in a principal sum equal to the amount of the deposit. The bond must be held until:

(a) Delivered to the declarant at closing;

(b) Delivered to the declarant because of the purchaser's default under a contract to purchase the unit; or

Sec. 150. 1. In the case of a sale of a unit where delivery of a public offering statement is required pursuant to subsection 3 of section 141 of this act, a seller:

(a) Before conveying a unit, shall record or furnish to the purchaser releases of all liens, except liens on real estate that a declarant has the

right to withdraw from the condominium hotel, that the purchaser does not expressly agree to take subject to or assume and that encumber that unit and its interest in the common elements; or

(b) Shall provide a surety bond against the lien as provided for liens on real estate in NRS 108.2413 to 108.2425, inclusive.

2. Before conveying real estate to the association, the declarant shall have that real estate released from:

(a) All liens the foreclosure of which would deprive unit owners of any right of access to or easement of support of their units; and

(b) All other liens on that real estate unless the public offering statement describes certain real estate that may be conveyed subject to liens in specified amounts.

Sec. 151. Implied warranties of quality:

1. May be excluded or modified by agreement of the parties; and

2. Are excluded by expression of disclaimer, such as "as is," "with all faults," or other language that in common understanding calls the purchaser's attention to the exclusion of warranties.

Sec. 152. In the case of a sale of a unit in which delivery of a public offering statement is required, a contract of sale may be executed, but no interest in that unit may be conveyed, until the declaration is recorded and the unit is substantially completed, in accordance with local ordinances.

4. Upon receipt of the report from the Ombudsman, the Division shall conduct an investigation to determine whether good cause exists to proceed with a hearing on the alleged violation.

5. of default against the respondent. The notice of the default must be delivered personally to the respondent or mailed to the respondent by certified mail, return receipt requested, to his last known address.

Sec. 173. Any party to the complaint may be represented by an attorney at any hearing on the complaint.

(b) Issue an order directing the respondent to take affirmative action to correct any conditions resulting from the violation.

(c) Impose an administrative fine of not more than $1,000 for each violation.

2. If the respondent is a member of an executive board or an officer of an association, the Commission or the hearing panel may order the respondent removed from his office or position if the Commission or the hearing panel, after notice and hearing, finds that:

(a) The respondent has knowingly and willfully committed a violation; and

(b) The removal is in the best interest of the association.

3. If the respondent violates any order issued by the Commission or the hearing panel pursuant to this section, the Commission or the hearing panel, after notice and hearing, may impose an administrative fine of not more than $1,000 for each violation.

(b) The respondent may not be held personally liable for those fines and costs.

Sec. 176. 1. If the Commission or a hearing panel, after notice and hearing, finds that the executive board or any person acting on behalf of the association has committed a violation, the Commission or the hearing panel may order an audit of the association.

2. The Commission, or the Division with the approval of the Commission, may apply to a court of competent jurisdiction for the appointment of a receiver for an association if, after notice and a hearing, the Commission or a hearing officer finds that any of the following violations occurred:

(a) The executive board, or any member thereof, has been guilty of fraud or collusion or gross mismanagement in the conduct or control of its affairs;

(b) The executive board, or any member thereof, has been guilty of misfeasance, malfeasance or nonfeasance; or

(c) The assets of the association are in danger of waste or loss through attachment, foreclosure, litigation or otherwise.

3. In any application for the appointment of a receiver pursuant to this section, notice of a temporary appointment of a receiver may be given to the association alone, by process as in the case of an application for a temporary restraining order or injunction. The hearing thereon may be had after 5 days' notice unless the court directs a longer or different notice and different parties.

4. The court may, if good cause exists, appoint one or more receivers pursuant to this section to carry out the business of the association. The members of the executive board who have not been guilty of negligence or active breach of duty must be preferred in making the appointment.

5. The powers of any receiver appointed pursuant to this section may be continued as long as the court deems necessary and proper. At any time, for sufficient cause, the court may order the receivership terminated.

6. Any receiver appointed pursuant to this section has, among the usual powers, all the functions, powers, tenure and duties to be exercised under the direction of the court as are conferred on receivers and as provided in NRS 78.635, 78.640 and 78.645, whether or not the association is insolvent. Such powers include, without limitation, the powers to:

(e) By injunction, restrain the association from exercising any of its powers or doing business in any way except by and through a receiver appointed by the court.

Sec. 177. 1. If the Commission or the Division has reasonable cause to believe, based on evidence satisfactory to it, that any person violated or is about to violate any provision of this chapter, any regulation adopted pursuant thereto or any order, decision, demand or requirement of the Commission or Division or a hearing panel, the Commission or the Division may bring an action in the district court for the county in which the person resides or, if the person does not reside in this State, in any court of competent jurisdiction within or outside this State, to restrain or enjoin that person from engaging in or continuing to commit the violations or from doing any act in furtherance of the violations.

2. The action must be brought in the name of the State of Nevada. If the action is brought in a court of this State, an order or judgment may be entered, when proper, issuing a temporary restraining order, preliminary injunction or final injunction. A temporary restraining order or preliminary injunction must not be issued without at least 5 days' notice to the opposite party.

3. The court may issue the temporary restraining order, preliminary injunction or final injunction without:

(a) Proof of actual damages sustained by any person.

(b) The filing of any bond.

Sec. 182. NRS 116.31155 is hereby amended to read as follows:

116.31155 1. Except as otherwise provided in subsection 2, an association shall:

(a) If the association is required to pay the fee imposed by NRS 78.150, 82.193, 86.263, 87.541 or 88.591, pay to the Administrator a fee established by regulation of the Administrator for every unit in the association used for residential use.

(b) If the association is organized as a trust or partnership, or as any other authorized business entity, pay to the Administrator a fee established by regulation of the Administrator for each unit in the association.

2. If an association is subject to the governing documents of a master association, the master association shall pay the fees required pursuant to this section for each unit in the association that is subject to the governing documents of the master association, unless the governing documents of the master association provide otherwise. The provisions of this subsection do not relieve any association that is subject to the governing documents of a master association from its ultimate responsibility to pay the fees required pursuant to this section to the Administrator if they are not paid by the master association.

3. The fees required to be paid pursuant to this section must be:

(a) Paid at such times as are established by the Division.

(b) Deposited with the State Treasurer for credit to the Account for Common-Interest Communities ***and Condominium Hotels*** created by NRS 116.630.

4. The Division shall impose an administrative penalty against an association or master association that violates the provisions of this section by failing to pay the fees owed by the association or master association within the times established by the Division. The administrative penalty that is imposed for each violation must equal 10 percent of the amount of the fees owed by the association or master association or $500, whichever amount is less. The amount of the unpaid fees owed by the association or master association bears interest at the rate set forth in NRS 99.040 from the date the fees are due until the date the fees are paid in full.

5. A unit's owner may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to both an association and a master association.

6. An association that is subject to the governing documents of a master association may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to the extent they have already been paid by the master association.

7. A master association may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to the extent they have already been paid by an association that is subject to the governing documents of the master association.

8. Upon the payment of the fees and any administrative penalties and interest required by this section, the Administrator shall provide to the association or master association evidence that it paid the fees and the administrative penalties and interest in compliance with this section.

Sec. 183. NRS 116.41095 is hereby amended to read as follows:

116.41095 The information statement required by NRS 116.4103 and 116.4109 must be in substantially the following form:

BEFORE YOU PURCHASE PROPERTY IN A
COMMON-INTEREST COMMUNITY
DID YOU KNOW . . .

1. YOU GENERALLY HAVE 5 DAYS TO CANCEL THE PURCHASE AGREEMENT?

When you enter into a purchase agreement to buy a home or unit in a common-interest community, in most cases you should receive either a public offering statement, if you are the original purchaser of the home or unit, or a resale package, if you are not the original purchaser. The law generally provides for a 5-day period in which you have the right to cancel the purchase agreement. The 5-day period begins on different starting dates, depending on whether you receive a public offering statement or a resale package. Upon receiving a public offering statement or a resale package, you should make sure you are informed of the deadline for exercising your right to cancel. In order to exercise your right to cancel, the law generally requires that you hand deliver the notice of cancellation to the seller within the 5-day period, or mail the notice of cancellation to the seller by prepaid United States mail within the 5-day period. For more information regarding your right to cancel, see Nevada Revised Statutes 116.4108, if you received a public offering statement, or Nevada Revised Statutes 116.4109, if you received a resale package.

2. YOU ARE AGREEING TO RESTRICTIONS ON HOW YOU CAN USE YOUR PROPERTY?

These restrictions are contained in a document known as the Declaration of Covenants, Conditions and Restrictions. The CC&Rs become a part of the title to your property. They bind you and every future owner of the property whether or not you have read them or had them explained to you. The CC&Rs, together with other "governing documents" (such as association bylaws and rules and regulations), are intended to preserve the character and value of properties in the community, but may also restrict what you can do to improve or change your property and limit how you use and enjoy your property. By purchasing a property encumbered by CC&Rs, you are agreeing to limitations that could affect your lifestyle and freedom of choice. You should review the CC&Rs, and other governing documents before purchasing to make sure that these limitations and controls are acceptable to you.

3. YOU WILL HAVE TO PAY OWNERS' ASSESSMENTS FOR AS LONG AS YOU OWN YOUR PROPERTY?

As an owner in a common-interest community, you are responsible for paying your share of expenses relating to the common elements, such as landscaping, shared amenities and the operation of any homeowners' association. The obligation to pay these assessments binds you and every

future owner of the property. Owners' fees are usually assessed by the homeowners' association and due monthly. You have to pay dues whether or not you agree with the way the association is managing the property or spending the assessments. The executive board of the association may have the power to change and increase the amount of the assessment and to levy special assessments against your property to meet extraordinary expenses. In some communities, major components of the common elements of the community such as roofs and private roads must be maintained and replaced by the association. If the association is not well managed or fails to provide adequate funding for reserves to repair, replace and restore common elements, you may be required to pay large, special assessments to accomplish these tasks.

4. IF YOU FAIL TO PAY OWNERS' ASSESSMENTS, YOU COULD LOSE YOUR HOME?

If you do not pay these assessments when due, the association usually has the power to collect them by selling your property in a nonjudicial foreclosure sale. If fees become delinquent, you may also be required to pay penalties and the association's costs and attorney's fees to become current. If you dispute the obligation or its amount, your only remedy to avoid the loss of your home may be to file a lawsuit and ask a court to intervene in the dispute.

5. YOU MAY BECOME A MEMBER OF A HOMEOWNERS' ASSOCIATION THAT HAS THE POWER TO AFFECT HOW YOU USE AND ENJOY YOUR PROPERTY?

Many common-interest communities have a homeowners' association. In a new development, the association will usually be controlled by the developer until a certain number of units have been sold. After the period of developer control, the association may be controlled by property owners like yourself who are elected by homeowners to sit on an executive board and other boards and committees formed by the association. The association, and its executive board, are responsible for assessing homeowners for the cost of operating the association and the common or shared elements of the community and for the day to day operation and management of the community. Because homeowners sitting on the executive board and other boards and committees of the association may not have the experience or professional background required to understand and carry out the responsibilities of the association properly, the association may hire professional community managers to carry out these responsibilities.

Homeowners' associations operate on democratic principles. Some decisions require all homeowners to vote, some decisions are made by the executive board or other boards or committees established by the association or governing documents. Although the actions of the association and its executive board are governed by state laws, the CC&Rs and other documents that govern the common-interest community, decisions made by these persons will affect your use and enjoyment of your property, your lifestyle and freedom of choice, and your cost of living in the community. You may

not agree with decisions made by the association or its governing bodies even though the decisions are ones which the association is authorized to make. Decisions may be made by a few persons on the executive board or governing bodies that do not necessarily reflect the view of the majority of homeowners in the community. If you do not agree with decisions made by the association, its executive board or other governing bodies, your remedy is typically to attempt to use the democratic processes of the association to seek the election of members of the executive board or other governing bodies that are more responsive to your needs. If you have a dispute with the association, its executive board or other governing bodies, you may be able to resolve the dispute through the complaint, investigation and intervention process administered by the Office of the Ombudsman for Owners in Common-Interest Communities ~~,~~ ***and Condominium Hotels,*** the Nevada Real Estate Division and the Commission for Common-Interest Communities ~~.~~ ***and Condominium Hotels.*** However, to resolve some disputes, you may have to mediate or arbitrate the dispute and, if mediation or arbitration is unsuccessful, you may have to file a lawsuit and ask a court to resolve the dispute. In addition to your personal cost in mediation or arbitration, or to prosecute a lawsuit, you may be responsible for paying your share of the association's cost in defending against your claim.

6. YOU ARE REQUIRED TO PROVIDE PROSPECTIVE PURCHASERS OF YOUR PROPERTY WITH INFORMATION ABOUT LIVING IN YOUR COMMON-INTEREST COMMUNITY?

The law requires you to provide a prospective purchaser of your property with a copy of the community's governing documents, including the CC&Rs, association bylaws, and rules and regulations, as well as a copy of this document. You are also required to provide a copy of the association's current year-to-date financial statement, including, without limitation, the most recent audited or reviewed financial statement, a copy of the association's operating budget and information regarding the amount of the monthly assessment for common expenses, including the amount set aside as reserves for the repair, replacement and restoration of common elements. You are also required to inform prospective purchasers of any outstanding judgments or lawsuits pending against the association of which you are aware. For more information regarding these requirements, see Nevada Revised Statutes 116.4109.

7. YOU HAVE CERTAIN RIGHTS REGARDING OWNERSHIP IN A COMMON-INTEREST COMMUNITY THAT ARE GUARANTEED YOU BY THE STATE?

Pursuant to provisions of chapter 116 of Nevada Revised Statutes, you have the right:

(a) To be notified of all meetings of the association and its executive board, except in cases of emergency.

(b) To attend and speak at all meetings of the association and its executive board, except in some cases where the executive board is authorized to meet in closed, executive session.

(c) To request a special meeting of the association upon petition of at least 10 percent of the homeowners.

(d) To inspect, examine, photocopy and audit financial and other records of the association.

(e) To be notified of all changes in the community's rules and regulations and other actions by the association or board that affect you.

8. QUESTIONS?

Although they may be voluminous, you should take the time to read and understand the documents that will control your ownership of a property in a common-interest community. You may wish to ask your real estate professional, lawyer or other person with experience to explain anything you do not understand. You may also request assistance from the Office of the Ombudsman for Owners in Common-Interest Communities ~~[,]~~ ***and Condominium Hotels*** Nevada Real Estate Division, at (telephone number).

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 440.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 473.

AN ACT relating to financial transactions; prohibiting a person from engaging in certain conduct with the intent to defraud a participant in a mortgage lending transaction; prohibiting certain conduct by a foreclosure consultant; providing an administrative penalty for certain conduct by a foreclosure consultant; providing a civil cause of action against a foreclosure consultant under certain circumstances; **prohibiting a foreclosure purchaser from engaging in certain fraudulent conduct;** providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, it is an unfair lending practice for a lender to knowingly or intentionally make a home loan to a borrower based solely on the borrower's equity in the home property and without determining that the borrower has the ability to repay the home loan from income or other assets. (NRS 598D.100) Section 2 of this bill clarifies that the provision applies to a low-document, no-document or stated-document home loan if the loan is

made based solely on the borrower's equity in the property or without determining the borrower's ability to repay the loan.

Section 3 of this bill establishes the crime of mortgage lending fraud, which is a category C felony. Section 3 also provides that a person who engages in a pattern of mortgage lending fraud is guilty of a category B felony. **Furthermore, under section 3, if a lender commits mortgage lending fraud, the borrower may rescind the transaction within 2 years after the transaction has been completed.** Chapters 645B and 645E of NRS govern mortgage brokers and mortgage agents and mortgage bankers, respectively.

~~[Sections 4 and 5 of this bill provide that if a person violates any provision of chapter 645B or 645E of NRS or any regulation adopted pursuant thereto, any loan relating to that violation is void and the violation is not entitled to any profit from the loan.]~~

Sections 7-20 of this bill establish specific rights and duties concerning foreclosure consultants and foreclosure purchasers. Section 9 defines a foreclosure consultant as a person who promises to perform, for compensation, various services for a homeowner whose residence is in foreclosure that the foreclosure consultant represents will assist the homeowner to, for example, postpone or prevent a foreclosure sale, obtain an extension of time to repay his mortgage loan, obtain an alternative loan or mortgage, file documents with a bankruptcy court or repair the homeowner's credit after foreclosure. Section 16 prohibits a foreclosure consultant from claiming or receiving any compensation from a homeowner until after the consultant has fully performed all the services he promised to perform and prohibits other conduct relating to his compensation. Section 16 also prohibits a foreclosure consultant from acquiring any interest in the residence of the homeowner. Section 17 authorizes the Commissioner of Mortgage Lending to impose an administrative penalty of not more than $10,000 on a foreclosure consultant who violates any provision of section 16. Section 18 creates a civil cause of action against a foreclosure consultant for a homeowner who is injured as a result of a foreclosure consultant's violation of any provision of section 16. If the homeowner prevails in his action against the foreclosure consultant, the court may award him his actual damages, punitive damages of at least 1 1/2 times his actual damages, his attorney's fees and costs of bringing the action.

Section 10 of this bill defines a foreclosure purchaser as a person who engages in the business of acquiring residences that are in foreclosure from their owners. Amendment No. 500.

AN ACT relating to communicable diseases; making various changes to provisions concerning the human immunodeficiency virus; ~~[providing a penalty;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Section 8 of this bill requires each county designated by the Director of the Department of Health and Human Services to provide free testing for the human immunodeficiency virus to persons on an anonymous basis. Section 12 of this bill requires the Health Division of the Department of Health and Human Services to reimburse those counties for certain costs associated with providing such testing. Sections 10 and 11 of this bill require each county that the Director designates to provide such testing to: (1) provide certain information to persons who receive a test; and (2) submit to the Health Division a plan for how the county will carry out testing.~~

~~Section 9 of this bill requires the Health Division to establish and maintain for each county a list of providers of health care and medical facilities that~~

~~treat patients with the human immunodeficiency virus and acquired immunodeficiency syndrome.~~

~~Section 13 of this bill sets forth penalties for the disclosure to third persons of results of a test for the human immunodeficiency virus.~~

~~Section 14 of this bill requires providers of health care, medical facilities and medical laboratories to provide to persons who test positive for the human immunodeficiency virus, or are diagnosed with acquired immunodeficiency syndrome, appropriate information and referrals to ensure that the persons receive sufficient medical treatment and counseling.~~

~~Section 16 of this bill provides that the Health Division may require any medical facility or medical laboratory that procures, processes, distributes or uses whole blood, plasma, blood product or blood derivative to submit to the Health Division monthly reports concerning the results of tests conducted to detect the presence of communicable diseases.~~]

Section 3 of this bill expresses the sense of the Legislature regarding the manner in which governmental entities and persons and entities providing services of health care should collaborate to ensure that testing for the human immunodeficiency virus and related counseling is carried out in a culturally and linguistically appropriate manner, and with due regard for the sensitivity and private nature of such information.

Section 4 of this bill requires certain providers of testing for the human immunodeficiency virus to ensure that each person who tests positive for the human immunodeficiency virus receives a counseling session. Section 4 also requires each test provider to offer referrals for certain health care services to those who test positive for the human immunodeficiency virus.

Section ~~[18]~~ **5** of this bill prohibits employment discrimination against a person who has tested positive for the human immunodeficiency virus if the fact that the person tested positive would not prevent the proper performance of the work for which he otherwise would have been hired.

~~[Sections 21-23 of this bill provide that an insurer may decline an application for life insurance or disability insurance on the basis that the applicant tested positive for the human immunodeficiency virus. However, an insurer may not test for the presence of the human immunodeficiency virus unless the insurer obtains the written consent of the applicant and pays the cost of the test. Section 24 of this bill sets forth penalties for the disclosure to third persons by an insurer of results of a test for the human immunodeficiency virus.~~]

Legislative Counsel's Digest:

Existing law requires the State Land Registrar, the board of county commissioners of each county, and the governing body of each incorporated city to obtain two independent appraisals of any real property when selling or leasing the property and to sell or lease the property upon sealed bids followed by oral offers. (NRS 244.2795, 244.281, 244.283, 268.059, 268.062, 321.007, 321.335) Sections 1, 3, 4 **,** ~~[and]~~ 6 **and 7** of this bill amend that requirement to require **that** the State Lan

d Registrar, each board of county commissioners and each city governing body ~~[to]~~ **, when selling or leasing real property: (1) obtain two independent appraisals of the property; or (2)** obtain one independent appraisal of ~~[real property when selling or leasing]~~ the property ~~[. Sections 2-4, 6, 7 and 9 of this bill also require the State Land Registrar, each board of county commissioners and each city governing body to hold a public hearing to review those appraisals.]~~ **and hold a public hearing on the matter of the fair market value of the property.** Sections 1-4 and 6-8 **of this bill** except property sold or leased to a public utility for a public purpose and property sold or leased to the State or another governmental entity from the requirement for an appraisal and to be sold or leased upon sealed bids followed by oral offers. **Sections 1 and 2 of this bill except property leased pursuant to a contract entered into pursuant to chapter 333 of NRS from those requirements.**

Existing law provides for the board of county commissioners of each county and the governing body of each incorporated city to sell real property by auction. (NRS 244.282, 268.062) Sections 5 and 8 of this bill require a person requesting to purchase real property from a county or city by auction to deposit with the board of commissioners or governing body an amount of money sufficient to pay the costs of the board of commissioners or governing body in acting upon the request.

Existing law authorizes the State to lease state land to certain nonprofit organizations or educational institutions for a reduced charge. (NRS 322.065) Sections 2.5 and 5.5 of this bill provide similar authority to the boards of county commissioners of counties and to the governing bodies of cities.

Existing law provides that a political subdivision may convey real property to another political subdivision or an Indian tribe without charge if the property is to be used for a public purpose. (NRS 277.053) Section 9.3 of this bill provides that a political subdivision may also convey real property to the State or an agency of the State without charge if the property is to be used for a public purpose.

Under existing law, the sale or lease of any portion of the property of a municipal airport is required to be made by public auction. (NRS 496.080) Section 9.7 of this bill provides that, in a county whose population is less than 50,000 (currently counties other than Clark and Washoe Counties, and Carson City), leases of property at a county airport are not subject to requirements relating to appraisal and public auction.

Sections 1, 3, 4 and 6-9 of this bill provide additionally that if land or real property is sold or leased in violation of the provisions thereof, the sale or lease is void and any change to an ordinance or law governing the zoning or use of that land or real property is void if the change occurs within the 5-year period after the void sale or lease.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

6. If land is sold or leased in violation of the provisions of this section:

(a) The sale or lease is void; and

(b) Any change to an ordinance or law governing the zoning or use of the land is void if the change takes place within 5 years after the date of the void sale or lease.

Sec. 2. NRS 321.335 is hereby amended to read as follows:

321.335 1. Except as otherwise provided in NRS 321.125, 321.510, 322.063, 322.065 or 322.075, except as otherwise required by federal law ***, except for land that is sold or leased to a public utility, as defined in NRS 704.020, to be used for a public purpose, except for land that is sold or leased to a state or local governmental entity , except for a lease which is part of a contract entered into pursuant to chapter 333 of NRS*** and except for an agreement entered into pursuant to the provisions of NRS 277.080 to 277.170, inclusive, or a lease of residential property with a term of 1 year or

2. Whenever the State Land Registrar deems it to be in the best interests of the State of Nevada that any lands owned by the State and not used or set apart for public purposes be sold or leased, he may, with the approval of the State Board of Examiners and the Interim Finance Committee, cause those lands to be sold or leased upon sealed bids, or oral offer after the opening of sealed bids for cash or pursuant to a contract of sale or lease, at a price not less than the highest appraised value for the lands plus the costs of appraisal and publication of notice of sale or lease.

3. Before offering any land for sale or lease, the State Land Registrar shall ~~[cause] *[:*~~

~~*(a) Cause it to be appraised by a competent]* [appraisers] *[appraiser* selected pursuant to~~] ***comply with the provisions of*** NRS 321.007 ***.*** ~~*[; and*~~

6. At the time and place fixed in the notice published pursuant to subsection 4, all sealed bids which have been received must, in public session, be opened, examined and declared by the State Land Registrar. Of the proposals submitted which conform to all terms and conditions specified in the notice published pursuant to subsection 4 and which are made by responsible bidders, the bid which is the highest must be finally accepted, unless a higher oral offer is accepted or the State Land Registrar rejects all bids and offers. Before finally accepting any written bid, the State Land

Registrar shall call for oral offers. If, upon the call for oral offers, any responsible person offers to buy or lease the land upon the terms and conditions specified in the notice, for a price exceeding by at least 5 percent the highest written bid, then the highest oral offer which is made by a responsible person must be finally accepted.

7. The State Land Registrar may reject any bid or oral offer to purchase or lease submitted pursuant to subsection 6, if he deems the bid or offer to be:

This deposit must be refunded whenever the person making the deposit is not the successful bidder. The costs of acting upon the application, including the costs of publication and the expenses of appraisal, must be borne by the successful bidder.

11. If land that is offered for sale or lease pursuant to this section is not sold or leased at the initial offering of the contract for the sale or lease of the land, the State Land Registrar may offer the land for sale or lease a second time pursuant to this section. If there is a material change relating to the title, zoning or an ordinance governing the use of the land, the State Land Registrar must ***, as applicable*** obtain a new appraisal ***or new appraisals*** of the land pursuant to the provisions of NRS 321.007 before offering the land for sale or lease a second time. If land that is offered for sale or lease pursuant to this section is not sold or leased at the second offering of the contract for the sale or lease of the land, the State Land Registrar may list the land for sale or lease at the appraised value with a licensed real estate broker, provided that the broker or a person related to the broker within the first degree of consanguinity or affinity does not have an interest in the land or an adjoining property.

5. The final acceptance by the board may be made either at the same session or at any adjourned session of the same meeting held within the 10 days next following.

6. The board may, either at the same session or at any adjourned session of the same meeting held within the 10 days next following, if it deems the action to be for the best public interest, reject any and all bids, either written or oral, and withdraw the property from sale.

Amendment No. 522.

AN ACT relating to workers' compensation; revising various duties of employers, insurers and claimants under the workers' compensation system; revising certain procedures for accepting ~~[, denying and contesting]~~ **and denying** workers' compensation claims; revising certain provisions relating to occupational diseases; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the payment of workers' compensation if, during the course of employment, an employee is injured or killed by a workplace accident or occupational disease. (Chapters 616A-617 of NRS) Existing law authorizes an employer, after a workplace accident, to furnish the injured employee with the name of at least one physician or chiropractor qualified to examine the employee, but the employer may not require the employee to select any particular physician or chiropractor for the examination. The examining physician or chiropractor must report to the employer regarding the character and extent of the injury, but the employer may not require or permit the disclosure of any other information concerning the employee's physical condition. (NRS 616C.010)

Section 1 of this bill requires the employer to furnish the injured employee with the ~~[name]~~ **names** of at least two physicians or chiropractors qualified to examine the employee. **From among those names, the employee must select one of those physicians or chiropractors to conduct the examination, but the employee is not required to select a particular physician or chiropractor preferred by the employer from among the names furnished.** Section 1 **of this bill** also clarifies that the employer shall not ~~[, at any time,]~~ require or permit the disclosure of any other information concerning the employee's physical condition ~~[that is not directly related to the workplace injury.~~

~~Under existing law, if an insurer fails to respond within 30 days to a written request for a determination regarding a workers' compensation claim, a hearing officer must treat the insurer's failure to respond as a denial of the claim. (NRS 616C.315) Section 2 of this bill provides that the insurer's failure to respond must be treated as an acceptance of the claim.~~

~~Existing law requires the claimant or the employer to notify the insurer of a change of address. (NRS 616C.315) Section 2 of this bill provides that only the employer has the duty to notify the insurer of a change of address.]~~ **except as required by NRS 616C.177, which permits an insurer to inquire about and request medical records concerning a preexisting medical condition that is reasonably related to the industrial injury of the injured employee.**

Existing law requires an insurer to accept or deny claims involving **industrial injuries and** occupational diseases within a certain period. (NRS **616C.065,** 617.356) ~~[Section]~~ **Sections 1.5 and** 3 of this bill ~~[requires]~~ **require** the insurer to ~~[send notice of]~~ **mail** its **written** determination

regarding a claim to the claimant or the person acting on behalf of the claimant ~~[by certified or registered mail. Section 3 also provides that the insurer is responsible for determining and using the correct mailing address when providing such notice.]~~ **within the specified period and to obtain a certificate of mailing at the time the written determination is delivered to the United States Postal Service for mailing. The certificate of mailing serves as a receipt that shows the date on which the insurer mailed the written determination.**

Existing law establishes certain general requirements which are used to determine whether a disease is compensable as an occupational disease. (NRS 617.440) However, existing law also provides that for some specific diseases, such as certain cancers, lung diseases, heart diseases and contagious diseases, there is a legal presumption that those diseases are compensable under the workers' compensation system when contracted under certain specific circumstances, such as when contracted by firefighters, police officers and emergency medical attendants. (NRS 617.453, 617.455, 617.457, 617.481, 617.485) Section 4 of this bill provides that the general requirements of NRS 617.440 do not apply to the specific provisions of existing law which create such legal presumptions.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 507.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 221.

AN ACT relating to children; requiring certain facilities which have physical custody of children pursuant to the order of a court to ensure that employees who come into direct contact with children in the facilities receive certain training; requiring an annual inspection of certain facilities located outside of this State which have physical custody of children from this State; requiring certain child care facilities to be licensed by the Bureau of Services for Child Care of the Division of Child and Family Services of the Department of Health and Human Services rather than by a city or county licensing agency; making various changes concerning the annual inspections of certain facilities which have physical custody of children pursuant to the order of a court; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 1, 6, 12, 13 ~~[, 14 and 17]~~ **and 14** of this bill require certain facilities that have custody of children pursuant to the order of a court to ensure that each employee of the facility that comes into direct contact with children in the facility receives training within 30 days after employment and annually thereafter concerning various issues affecting the health, welfare, safety and civil and other rights of those children.

Section 2 of this bill requires the Administrator of the Division of Child and Family Services of the Department of Health and Human Services or his designee to inspect **physically** any ~~[out-of-state]~~ **out-of-state** facility to which a child from this State who is in the custody of the Division may be

transferred **before or at the time of the transfer** to ensure the appropriateness of the placement. Section 2 further requires the Administrator or his designee to inspect **physically** the facility and interview the child placed in the out-of-state facility at least one time each year.

Existing law authorizes the licensing agency of a county or incorporated city, if established, to license child care facilities in the county or city. (NRS 432A.131) Sections 5, 8 and 9 of this bill provide that certain types of child care facilities must be licensed by the Bureau of Services for Child Care of the Division of Child and Family Services of the Department of Health and Human Services regardless of whether there is a county or city licensing agency. (NRS 432A.024, 432A.131)

Sections 10, 15 ~~[, 16 and 24]~~ **and 16** of this bill require that annual inspections of facilities which have custody of children pursuant to the order of a court include the inspection of certain areas and require that the reports of such inspections be made public. (NRS 432A.180, 444.330, 444.335) ~~[, 449.235)]~~

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 387.

AN ACT relating to general improvement districts; allowing the board of trustees of a general improvement district to be created or reorganized as either a five-member or seven-member board ~~[,]~~ **under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes each board of county commissioners to create general improvement districts within the county and to appoint five persons to serve as the first board of trustees of each district. (NRS 318.080) ~~[Section]~~ **Sections** 1 **and 2** of this bill ~~[authorizes each]~~ **authorize a** board of county commissioners **, in the alternative,** to appoint ~~[either five or]~~ seven persons to ~~[the first]~~ **such a** board of trustees ~~[of each general improvement district.]~~ **, but provide additionally that no general improvement district**

which is created or reorganized on or after October 1, 2007, may have a board of trustees that consists of seven members unless the board of county commissioners of the county in which the district is located also consists of seven members. Sections ~~[2-4]~~ **3-5** of this bill amend provisions regarding general improvement districts to account for boards of trustees with either five or seven members.

Existing law authorizes qualified electors of a general improvement district to petition the board of county commissioners for the creation of election areas within the district, each area to be represented by one member of the board of trustees of the district. Under existing law, election areas within a general improvement district may be altered or abolished in the same manner in which they are created. (NRS 318.0952) Section ~~[5]~~ **6** of this bill **clarifies that the petition process may be used to reorganize as well as to create election areas. Section 6** requires the election areas specified in the petition to provide, to the extent practicable, proportional representation for the residents of each election area and requires each board of county commissioners, when determining whether the creation of the election areas is desirable, to consider whether the areas provide such proportional representation. Section ~~[5]~~ **6** also requires the petition to specify which two of the election areas will be represented by two members of the board of trustees instead of one, which occurs when the board consists of seven members and there are five election areas, and provides for the election of trustees from areas that will be represented by two members of the board.

Existing law, under certain circumstances, allows the board of county commissioners of a county to serve ex officio as the board of trustees of a general improvement district. However, existing law prohibits such an arrangement if the district exercises other than certain enumerated powers. (NRS 318.0953) Section 7 of this bill provides that, in a county of any size, the board of county commissioners of the county may serve ex officio as the board of trustees of a general improvement district organized on or after October 1, 2007, regardless of which basic powers the district exercises.

Under existing law, a general improvement district is authorized to borrow money and issue short-term indicia of debt upon the affirmative vote of four trustees. (NRS 318.280) Section ~~[6]~~ **8** of this bill changes the voting requirement to a majority plus one additional trustee, thus preserving the voting requirement for five-member boards, and similarly requiring seven-member boards to approve such actions by greater than a simple majority.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 318 of NRS is hereby amended by adding thereto a new section to read as follows:**

If a district is created or reorganized on or after October 1, 2007, the board of trustees of the district must not consist of seven members unless

the board of county commissioners of the county in which the district is located consists of seven members.

~~[Section 1.]~~ ***Sec. 2.*** NRS 318.080 is hereby amended to read as follows:

318.080 1. After adopting an ordinance creating a district and before appointing the first board of trustees for the district, the board of county commissioners is, ex officio, the board of trustees for the district.

(b) Auditing practices and procedures to be used by the district;

(c) A budget for the district; and

(d) Management standards for the district.

3. Except as otherwise provided in NRS 318.0953 and 318.09533, ***and section 1 of this act,*** after the board of county commissioners has performed the duties required by subsection 2, it shall appoint five ***or seven*** persons to serve as the first board of trustees of the district and shall specify therein the terms of office to the first Monday in January next following the respective election dates provided in NRS 318.095. Except as otherwise provided in subsection 5, these persons must be qualified electors of the district.

4. The members of the board of trustees shall qualify by filing with the county clerk their oaths of office and corporate surety bonds, at the expense of the district, the bonds to be in an amount not more than $10,000 each, the form and exact amount thereof to be approved and determined, respectively, by the board of county commissioners, conditioned for the faithful performance of their duties as trustees. The board of county commissioners may from time to time, upon good cause shown, increase or decrease the amount of the bond.

5. The board of county commissioners may appoint as one of the ~~[five]~~ initial trustees as provided by subsection 1 the district attorney for the county or a deputy district attorney on his staff. Such appointee need not be a qualified elector of the district, but no such attorney is qualified for appointment to fill any vacancy on the board pursuant to NRS 318.090 or qualified as a candidate for election to the board at any biennial election pursuant to NRS 318.095 unless he is a qualified elector of the district.

6. The board of county commissioners of the county vested with jurisdiction pursuant to NRS 318.050 may remove any trustee serving on an appointed or elected board of trustees for cause shown, on petition, hearing and notice thereof by publication and by mail addressed to the trustee.

Copies of all those resolutions must be filed with the county clerk

or clerks of the county or counties wherein the district is located within 5 days after their adoption. The official records and files of the district must be kept at that office and must be open to public inspection as provided in NRS 239.010.

2. The board of trustees shall meet regularly at least once each year, and at such other times at the office or principal place of the district as provided in the bylaws.

3. Special meetings may be held on notice to each member of the board as often as, and at such places within the district as, the needs of the district require.

4. ~~[Three]~~ ***A majority of the*** members of the board ~~[constitute]~~ ***constitutes*** a quorum at any meeting.

5. A vacancy on the board must be filled by a qualified elector of the district chosen by the remaining members of the board, the appointee to act until a successor in office qualifies as provided in NRS 318.080 on or after the first Monday in January next following the next biennial election, held in accordance with NRS 318.095, at which election the vacancy must be filled by election if the term of office extends beyond that first Monday in January. Nominations of qualified electors of the district as candidates to fill unexpired terms of 2 years may be made the same as nominations for regular terms of 4 years, as provided in NRS 318.095. If the board fails, neglects or refuses to fill any vacancy within 30 days after the vacancy occurs, the board of county commissioners shall fill that vacancy.

6. Each term of office of 4 years terminates on the first Monday in January next following the general election at which a successor in office is elected, as provided in NRS 318.095. The successor's term of office commences then or as soon thereafter as the successor qualifies as provided in NRS 318.080, subject to the provisions in this chapter for initial appointments to a board, for appointments to fill vacancies of unexpired terms, and for the reorganizations of districts under this chapter which were organized under other chapters of NRS.

~~[Sec. 3.]~~ ***Sec. 4.*** NRS 318.095 is hereby amended to read as follows:

1. There must be held simultaneously with the first general election in the county after the creation of the district and simultaneously with every general election thereafter an election to be known as the biennial election of the district. The election must be conducted under the supervision of the county clerk or registrar of voters. A district shall reimburse the county clerk or registrar of voters for the costs he incurred in conducting the election for the district.

2. The office of trustee is a nonpartisan office. The general election laws of this State govern the candidacy, nominations and election of a member of the board. The names of the candidates for trustee of a district may be placed on the ballot for the primary or general election.

3. ~~[At]~~ ***If a board of trustees consists of five members, at*** the first biennial election in any district organized or reorganized and operating under this chapter, and each fourth year thereafter, there must be elected by the qualified electors of the district two qualified electors as members of the board ***of trustees*** to serve for terms of 4 years. 1. Each trustee elected at any biennial election must be chosen by a plurality of the qualified electors of the district voting on the candidates for the vacancies to be filled.

2. If there are two regular terms which end on the first Monday in January next following the biennial election, the two qualified electors receiving the highest and next highest number of votes must be elected. If there are three regular terms so ending, the three qualified electors receiving the highest, next highest and third highest number of votes must be elected. ***If there are four regular terms so ending, the four qualified electors receiving the highest, next highest, third highest and fourth highest number of votes must be elected.***

3. If there is a vacancy in an unexpired regular term to be filled at the biennial election, as provided in subsection 5 of NRS 318.090, the candidate who receives the highest number of votes, after there are chosen the successful candidates to fill the vacancies in expired regular terms as provided in subsection 2, must be elected.

(b) Levy a tax in addition to a tax authorized in paragraph (a), if the additional tax is authorized by the qualified electors of the district, as provided in subsections 4 to 7, inclusive.

3. The proceeds of any tax levied pursuant to the provisions of this section must be used for purposes pertaining to the basic purpose stated in this section, including, without limitation, the establishment and maintenance of:

An action to challenge the determination made by the board must be commenced within 15 days after the board's determination is final. As used in this subsection, "emergency" means any unexpected occurrence or combination of occurrences which requires immediate action by the board to prevent or mitigate a substantial financial loss to the district or to enable the board to provide an essential service to the residents of the district.

If the district is in more than one county the additional amount must be prorated for each county by the district board in the same way that the district's original total estimate of money is prorated, and the district board shall furnish the board of county commissioners and auditor of each county a written statement of the apportionment for that county; and

(b) The board of county commissioners of each county receiving the written statement shall, at the time of levying county taxes, levy an additional tax upon all the taxable property of the district in the county sufficient to raise the amount apportioned to that county for the district.

(c) Fix any rates, fees or other charges except as otherwise provided in this section.

(a) At the hearing the district board shall redetermine whether the owner must abate the nuisance and prevent its recurrence, and shall specify a time within which the work must be completed;

(b) If the nuisance is not abated within the time specified in the notice or at the hearing, the district board shall abate the nuisance by destroying the larvae or pupae, or otherwise, by taking appropriate measures to prevent the recurrence of further breeding;

(c) The cost of abatement must be repaid to the district by the owner;

(f) An action to foreclose the lien must be commenced within 6 months after the filing and recording of the notice of lien;

(g) The action must be brought by the district board in the name of the district;

(h) When the property is sold, enough of the proceeds to satisfy the lien and the costs of foreclosure must be paid to the district and the surplus, if any, must be paid to the owner of the property if known, and if not known, must be paid into the court in which the lien was foreclosed for the use of the owner if ascertained; and

(i) The lien provisions of this section do not apply to the property of any county, city, district or other public corporation, except that the governing body of the county, city, district or other public corporation shall repay to any district exercising the basic power stated in subsection 1 the amount expended by the district upon any of its property pursuant to this chapter upon presentation by the district board of a verified claim or bill.

Assembly Bill No. 576.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 502.

AN ACT relating to public welfare; providing for the certification of intermediary service organizations which provide certain services relating to personal assistance received by persons with disabilities; clarifying the definition of "agency to provide personal care services in the home" for purposes of licensing; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 2-25 of this bill provide for the certification of an intermediary service organization by the Office of Disability Services. Section 3 provides that an intermediary service organization is authorized to provide certain services for a person with a disability or for another person responsible for the care of a person with a disability relating to the provision of personal assistance to the person with a disability. Such services may relate to

employment matters concerning a personal assistant and other financial management relating to the personal assistance for the disabled person. Section 4 makes it a misdemeanor to operate an intermediary service organization without a certificate issued by the Office of Disability Services.

Section 9 of this bill authorizes the Department of Health and Human Services to prescribe a fee for an application for the issuance of a certificate to operate as an intermediary service organization. Sections 18 and 19 of this bill require the Department to adopt regulations governing the certification of intermediary service organizations and to establish the criteria for the imposition of sanctions for certain violations relating to the certification of the intermediary service organization.

Section 31 of this bill clarifies the term "agency to provide personal care services in the home" so that certain **organized** groups of persons ~~[who form a nonprofit corporation to]~~ **that** employ or contract with persons to provide certain ~~[medical and]~~ nonmedical services for a person with a disability are not required to obtain a license from the Health Division of the Department of Health and Human Services. Section 31 also excludes an intermediary service organization so that such organizations are not required to obtain a license from the Health Division. ~~[Finally, section 31 also clarifies that the services that may be provided by an agency to provide personal care services in the home include nonmedical services and certain authorized medical services.]~~ (NRS 449.0021)

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 281.

SUMMARY—Revises various provisions relating to **economic and** energy ~~[.]~~ **development.** (BDR 58-784)

AN ACT relating to ~~[energy; revising various provisions governing the portfolio standard; requiring new renewable energy projects to comply with certain requirements; authorizing certain administrative penalties;]~~ **economic and energy development; creating the Advisory Board for the Development of the Solar Energy Industry; revising various provisions governing partial abatements of certain taxes by the Commission on Economic Development;** revising various provisions governing the Solar Energy Systems Demonstration Program Act; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[To encourage and accelerate the development of new renewable energy projects and to create successful markets for electricity generated by those projects, existing law requires the Public Utilities Commission of Nevada to establish portfolio standards for certain providers of electric service that require the providers to generate, acquire or save a certain amount of electricity each year from portfolio energy systems. (NRS 704.7801-704.7828)~~

~~Section 6 of this bill requires a new renewable energy project to provide information to the Commission regarding the economic benefits that the project is expected to bring to this State. If the Commission authorizes a provider of electric service to enter into a renewable energy contract with the project, the project must, as part of the terms and conditions of the contract, agree to: (1) take all actions that are necessary and reasonable to bring about the expected economic benefits; and (2) pay an administrative penalty if the expected economic benefits do not occur. Sections 1 and 6 of this bill require those administrative penalties to be deposited in the Trust Fund for Renewable Energy and Energy Conservation, establish two new uses for the money in that Fund and provide that the administrative penalties must be used for the two new uses. The two new uses are: (1) investment of the money to develop the renewable energy industry in Nevada; and (2) supporting the efforts of the State of Nevada AFL-CIO to identify potential gaps in the skills of the workforce required for renewable energy development and supporting training efforts to address the gaps.~~

~~Section 7 of this bill requires a new renewable energy project to: (1) provide notice of any potential contracts or positions of employment to the Department of Business and Industry, the State of Nevada AFL-CIO and any other person who requests to receive such notice; and (2) provide, in writing, to any person who seeks but is denied such a contract or position of employment the reasons for the denial. If a project fails to comply with these requirements, a person aggrieved by that failure may bring a civil action against the project for appropriate relief, unless the person's claim is subject to a grievance procedure under the provisions of a collective bargaining agreement.]~~

Under existing law, one of the components of the State's energy policy is to encourage, support and accelerate the development of Nevada's renewable energy resources, such as solar energy. (Chapter 701 of NRS) Sections 2-8 of this bill create the Advisory Board for the Development of the Solar Energy Industry and establish its organizational structure and procedures. Sections 2-8 also prescribe the duties of the Advisory Board, which include: (1) working with economic development agencies and officials to develop incentives which may be offered to businesses in the solar energy industry that intend to locate or expand their operations in Nevada; (2) identifying and studying photovoltaic technologies and other emerging solar energy technologies which have the potential to reduce the cost of electricity generated by solar energy systems; and (3) developing and carrying out a program of Solar Energy Challenge Zones.

Existing law authorizes the Commission on Economic Development to approve partial abatements of certain taxes imposed on new or expanded businesses. (NRS 360.750) Sections 9, 10 and 13 of this bill require a business that receives such a partial abatement to: (1) allow the Department of Taxation to conduct audits of the business to determine whether it is in compliance with the requirements for the partial abatement; and (2) consent to the disclosure of the audit reports to the Commission on Economic Development and to the public with certain limited exceptions.

Under the Solar Energy Systems Demonstration Program Act, a certain number of schools which install solar energy systems are entitled to participate in the Demonstration Program and receive portfolio energy credits that may be sold to utilities seeking to comply with the portfolio standards. (Chapter 331, Statutes of Nevada 2003, pp. 1868-71) Section ~~[10]~~ **11** of this bill increases the number of schools that may participate in the Demonstration Program ~~[.]~~ **and increases the kilowatts of capacity for solar energy systems in schools from 570 kilowatts to 2 megawatts for the years 2007, 2008 and 2009.**

After consulting with the business, the Executive Director shall determine whether to protect the information from disclosure. The decision of the Executive Director is final and is not subject to judicial review. If the Executive Director determines to protect the information from disclosure, the protected information:

(a) Is confidential proprietary information of the business;

(b) Is not a public record;

(c) Must be redacted by the Executive Director from any audit report that is disclosed to the public; and

Assembly Bill No. 478.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 600.

AN ACT relating to financial services; making the provisions governing certain short-term loan services applicable to any person who makes a loan pursuant to a loan agreement that charges in excess of a certain annual percentage rate regardless of the term of the loan; revising the calculation of the annual percentage rate to include ~~[all]~~ **certain** charges and fees imposed on a customer by a licensee; **revising the allowable term of certain loans;** providing exemptions from certain statutory provisions; clarifying the applicability of certain provisions; making persons who violate certain provisions of federal law subject to certain remedies and penalties set forth in state law; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes standards and procedures for the licensing and regulation of loans made pursuant to loan agreements that provide for an annual percentage rate of more than 40 percent and require repayment of the loan in less than 1 year. (Chapter 604A of NRS) This bill revises the applicability of those standards and procedures to make them applicable to any person who makes a loan pursuant to a loan agreement that charges an annual percentage rate of more than 40 percent regardless of the term of the loan. This bill redefines such a loan as a "high-interest loan" and the loan service for such a loan as a "high-interest loan service." This bill also provides that **, subject to certain exceptions,** the original term of a deferred deposit loan ~~[or]~~ **must not exceed 35 days and the original term of a** high-interest loan must not exceed 30 days.

Under existing law, the annual percentage rate of such loans is required to be calculated pursuant to the provisions of the Truth in Lending Act and Regulation Z. (NRS 604A.150) This bill provides an exception to that requirement by specifying that **, subject to certain exceptions,** every charge or fee, regardless of the name given to the charge or fee, payable directly or

indirectly by the customer and imposed directly or indirectly by the ~~[licensee]~~ **lender** must be included in calculating the annual percentage rate.

Existing law provides for the licensure of persons who make installment loans. (Chapter 675 of NRS) This bill provides for the licensure of such persons pursuant to chapter 604A of NRS if the loans are high-interest loans.

Existing law exempts certain persons and entities from the provisions of chapter 604A of NRS. (NRS 604A.250) This bill extends the exemption to national banking associations and their affiliates and subsidiaries, unless a purpose of the affiliation is to evade the provisions of that chapter.

Existing law exempts certain persons and entities from the provisions of chapter 675 of NRS. (NRS 675.040) This bill extends the exemption to national banking associations. This bill also clarifies the persons to whom chapter 675 of NRS applies.

Existing federal law imposes limitations on the terms of consumer credit that is extended to members of the Armed Forces of the United States who are on active duty and their dependents, including, without limitation, a prohibition against a lender imposing an interest rate greater than 36 percent. The federal law preempts any state law that is inconsistent with the federal law. (Section 670 of the John Warner National Defense Authorization Act for Fiscal Year 2007, Public Law 109-364) This bill provides that any violation of the federal law shall be deemed to be a violation of chapter 604A of NRS, thereby making violators subject to the remedies and penalties set forth in that chapter, including the imposition of an administrative fine of not more than $10,000 for each violation, the revocation or suspension of a license issued pursuant to that chapter and civil actions for damages. (NRS 604A.820, 604A.930)

Section 1. NRS 86.263 is hereby amended to read as follows:

86.263 1. A limited-liability company shall, on or before the last day of the first month after the filing of its articles of organization with the Secretary of State, file with the Secretary of State, on a form furnished by him, a list that contains:

➥ In determining whether to approve such an application or issuance, the Commission shall consider, without limitation, whether it would be appropriate and feasible for the Department to, as applicable, design, prepare or issue the particular special license plate.

~~[Sec. 4.]~~ ***Sec. 5.*** NRS 482.367008 is hereby amended to read as follows:

482.367008 1. As used in this section, "special license plate" means:

(a) A license plate that the Department has designed and prepared pursuant to NRS 482.367002 in accordance with the system of application and petition described in that section;

(b) A license plate approved by the Legislature that the Department has designed and prepared pursuant to NRS 482.3747, 482.37903, 482.37905, 482.37917, 482.379175, 482.37918, 482.379185, 482.37919, 482.3792, 482.3793, 482.37933, 482.37934, 482.37935, 482.379355, 482.379365, 482.37937, 482.37938 or 482.37945 ~~[;]~~ ***or section 1 of this act;*** and

(c) A license plate that:

(1) Is approved by the Legislature after July 1, 2005; and

(2) Differs substantially in design from the license plates that are described in subsection 1 of NRS 482.270.

2. Notwithstanding any other provision of law to the contrary, the Department shall not, at any one time, issue more than 25 separate designs of special license plates. Whenever the total number of separate designs of special license plates issued by the Department at any one time is less than 25, the Department shall issue a number of additional designs of special license plates that have been authorized by an act of the Legislature or the application for which has been approved by the Commission on Special License Plates pursuant to subsection 5 of NRS 482.367004, not to exceed a total of 25 designs issued by the Department at any one time. Such additional

designs must be issued by the Department in accordance with the chronological order of their authorization or approval.

3. Except as otherwise provided in this subsection, on October 1 of each year the Department shall assess the viability of each separate design of special license plate that the Department is currently issuing by determining the total number of validly registered motor vehicles to which that design of special license plate is affixed. The Department shall not determine the total number of validly registered motor vehicles to which a particular design of special license plate is affixed if:

(a) The particular design of special license plate was designed and prepared by the Department pursuant to NRS 482.367002; and

(b) On October 1, that particular design of special license plate has been available to be issued for less than 12 months.

4. Except as otherwise provided in subsection 6, if, on October 1, the total number of validly registered motor vehicles to which a particular design of special license plate is affixed is:

(a) In the case of special license plates designed and prepared by the Department pursuant to NRS 482.367002, less than 1,000; or

(b) In the case of special license plates authorized directly by the Legislature which are described in paragraph (b) of subsection 1, less than the number of applications required to be received by the Department for the initial issuance of those plates,

➥ the Director shall provide notice of that fact in the manner described in subsection 5.

5. The notice required pursuant to subsection 4 must be provided:

(a) If the special license plate generates financial support for a cause or charitable organization, to that cause or charitable organization.

(b) If the special license plate does not generate financial support for a cause or charitable organization, to an entity which is involved in promoting the activity, place or other matter that is depicted on the plate.

6. If, on December 31 of the same year in which notice was provided pursuant to subsections 4 and 5, the total number of validly registered motor vehicles to which a particular design of special license plate is affixed is:

(a) In the case of special license plates designed and prepared by the Department pursuant to NRS 482.367002, less than 1,000; or

(b) In the case of special license plates authorized directly by the Legislature which are described in paragraph (b) of subsection 1, less than the number of applications required to be received by the Department for the initial issuance of those plates,

➥ the Director shall, notwithstanding any other provision of law to the contrary, issue an order providing that the Department will no longer issue that particular design of special license plate. Such an order does not require existing holders of that particular design of special license plate to surrender their plates to the Department and does not prohibit those holders from renewing those plates.

Sec. 6. **NRS 482.36705 is hereby amended to read as follows:**

482.36705 1. If a new special license plate is authorized by an act of the Legislature after January 1, 2003, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Department receives at least 1,000 applications for the issuance of that plate within 2 years after the effective date of the act of the Legislature that authorized the plate.

2. In addition to the requirements set forth in subsection 1, if a new special license plate is authorized by an act of the Legislature after July 1, 2005, the Legislature will direct that the license plate not be issued by the Department unless its issuance complies with subsection 2 of NRS 482.367008.

3. In addition to the requirements set forth in subsections 1 and 2, if a new special license plate is authorized by an act of the Legislature after January 1, 2007, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Commission on Special License Plates approves the application for the authorized plate pursuant to NRS 482.367004.

~~[Sec. 5.]~~ ***Sec. 7.*** NRS 482.3824 is hereby amended to read as follows:

482.3824 1. With respect to any special license plate that is issued pursuant to NRS 482.3667 to 482.3825, inclusive, ***and section 1 of this act,*** and for which an additional fee is imposed for the issuance of the special license plate to generate financial support for a charitable organization:

(a) The Director shall, at the request of the charitable organization that is benefited by the particular special license plate:

(1) Order the design and preparation of souvenir license plates, the design of which must be substantially similar to the particular special license plate; and

(2) Issue such souvenir license plates, for a fee established pursuant to NRS 482.3825, only to the charitable organization that is benefited by the particular special license plate. The charitable organization may resell such souvenir license plates at a price determined by the charitable organization.

(b) The Department may, except as otherwise provided in this paragraph and after the particular special license plate is approved for issuance, issue the special license plate for a trailer or other type of vehicle that is not a passenger car or light commercial vehicle, excluding motorcycles and vehicles required to be registered with the Department pursuant to NRS 706.801 to 706.861, inclusive, upon application by a person who is entitled to license plates pursuant to NRS 482.265 and who otherwise complies with the requirements for registration and licensing pursuant to this chapter. The Department may not issue a special license plate for such other types of vehicles if the Department determines that the design or manufacture of the plate for those other types of vehicles would not be feasible. In addition, if the Department incurs additional costs to manufacture a special license plate for such other types of vehicles, including, without limitation,

costs associated with the purchase, manufacture or modification of dies or other equipment necessary to manufacture the special license plate for such other types of vehicles, those additional costs must be paid from private sources without any expense to the State of Nevada.

2. As used in this section, "charitable organization" means a particular cause, charity or other entity that receives money from the imposition of an additional fee in connection with the issuance of a special license plate pursuant to NRS 482.3667 to 482.3825, inclusive ~~[.]~~ ***, and section 1 of this act.*** The term includes the successor, if any, of a charitable organization.

~~[Sec. 6.]~~ ***Sec. 8.*** NRS 482.399 is hereby amended to read as follows:

482.399 1. Upon the transfer of the ownership of or interest in any vehicle by any holder of a valid registration, or upon destruction of the vehicle, the registration expires.

2. The holder of the original registration may transfer the registration to another vehicle to be registered by him and use the same regular license plate or plates or special license plate or plates issued pursuant to NRS 482.3667 to 482.3823, inclusive, ***and section 1 of this act,*** or 482.384, on the vehicle from which the registration is being transferred, if the license plate or plates are appropriate for the second vehicle, upon filing an application for transfer of registration and upon paying the transfer registration fee and the excess, if any, of the registration fee and governmental services tax on the vehicle to which the registration is transferred over the total registration fee and governmental services tax paid on all vehicles from which he is transferring his ownership or interest. Except as otherwise provided in NRS 482.294, an application for transfer of registration must be made in person, if practicable, to any office or agent of the Department or to a registered dealer, and the license plate or plates may not be used upon a second vehicle until registration of that vehicle is complete.

3. In computing the governmental services tax, the Department, its agent or the registered dealer shall credit the portion of the tax paid on the first vehicle attributable to the remainder of the current registration period or calendar year on a pro rata monthly basis against the tax due on the second vehicle or on any other vehicle of which the person is the registered owner. If any person transfers his ownership or interest in two or more vehicles, the Department or the registered dealer shall credit the portion of the tax paid on all of the vehicles attributable to the remainder of the current registration period or calendar year on a pro rata monthly basis against the tax due on the vehicle to which the registration is transferred or on any other vehicle of which the person is the registered owner. The certificates of registration and unused license plates of the vehicles from which a person transfers his ownership or interest must be submitted before credit is given against the tax due on the vehicle to which the registration is transferred or on any other vehicle of which the person is the registered owner.

4. In computing the registration fee, the Department or its agent or the registered dealer shall credit the portion of the registration fee paid on each

vehicle attributable to the remainder of the current calendar year or registration period on a pro rata basis against the registration fee due on the vehicle to which registration is transferred.

5. If the amount owed on the registration fee or governmental services tax on the vehicle to which registration is transferred is less than the credit on the total registration fee or governmental services tax paid on all vehicles from which a person transfers his ownership or interest, no refund may be allowed by the Department.

6. If the license plate or plates are not appropriate for the second vehicle, the plate or plates must be surrendered to the Department or registered dealer and an appropriate plate or plates must be issued by the Department. The Department shall not reissue the surrendered plate or plates until the next succeeding licensing period.

7. If application for transfer of registration is not made within 60 days after the destruction or transfer of ownership of or interest in any vehicle, the license plate or plates must be surrendered to the Department on or before the 60th day for cancellation of the registration.

8. If a person cancels his registration and surrenders to the Department his license plates for a vehicle, the Department shall, in accordance with the provisions of subsection 9, issue to the person a refund of the portion of the registration fee and governmental services tax paid on the vehicle attributable to the remainder of the current calendar year or registration period on a pro rata basis.

9. The Department shall issue a refund pursuant to subsection 8 only if the request for a refund is made at the time the registration is cancelled and the license plates are surrendered, the person requesting the refund is a resident of Nevada, the amount eligible for refund exceeds $100, and evidence satisfactory to the Department is submitted that reasonably proves the existence of extenuating circumstances. For the purposes of this subsection, the term "extenuating circumstances" means circumstances wherein:

(a) The person has recently relinquished his driver's license and has sold or otherwise disposed of his vehicle.

(b) The vehicle has been determined to be inoperable and the person does not transfer the registration to a different vehicle.

(c) The owner of the vehicle is seriously ill or has died and the guardians or survivors have sold or otherwise disposed of the vehicle.

(d) Any other event occurs which the Department, by regulation, has defined to constitute an "extenuating circumstance" for the purposes of this subsection.

Amendment No. 597.

AN ACT relating to prescriptions; revising provisions governing the tracking of prescriptions for controlled substances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the creation of a computerized program to track prescriptions for controlled substances listed in schedule II, III or IV. (NRS 453.1545) Section 1 of this bill requires a practitioner, under certain circumstances, before he writes a prescription for such a controlled substance for a patient, to obtain a patient utilization report concerning the patient from the computerized program to ensure that the patient does not already have a prescription for that controlled substance. Section 2 of this bill provides that each practitioner who is authorized to write prescriptions for controlled substances listed in schedule II, III or IV must have Internet access to the database of the computerized program. Section 3 of this bill requires the State Board of Pharmacy to report to the Legislature concerning the implementation of this bill.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 639 of NRS is hereby amended by adding thereto a new section to read as follows:

A practitioner shall, before he writes a prescription for a controlled substance listed in schedule II, III or IV for a patient, obtain a patient

utilization report regarding the patient for the preceding 12 months from the computerized program established by the Board and the Investigation Division of the Department of Public Safety pursuant to NRS 453.1545 if ~~[:]~~ the practitioner has a reasonable belief that the patient may be seeking the controlled substance, in whole or in part, for any reason other than the treatment of an existing medical condition and:

1. The patient is a new patient of the practitioner; or

2. The patient has not received any prescription for a controlled substance from the practitioner in the preceding 12 months . ~~[; or~~

~~*3. The practitioner has a reasonable belief that the patient may be seeking the controlledsubstance, in whole or in part, for any reason other than the treatment of an existing medical condition.]*~~

➥ The practitioner shall review the patient utilization report to assess whether the prescription for the controlled substance is medically necessary.

Sec. 2. NRS 453.1545 is hereby amended to read as follows:

453.1545 1. The Board and the Division shall cooperatively develop a computerized program to track each prescription for a controlled substance listed in schedule II, III or IV that is filled by a pharmacy that is registered with the Board or that is dispensed by a practitioner who is registered with the Board. The program must:

(a) Be designed to provide information regarding:

(1) The inappropriate use by a patient of controlled substances listed in schedules II, III and IV to pharmacies, practitioners and appropriate state agencies to prevent the improper or illegal use of those controlled substances; and

(2) Statistical data relating to the use of those controlled substances that is not specific to a particular patient.

(b) Be administered by the Board, the Division, the Health Division of the Department and various practitioners, representatives of professional associations for practitioners, representatives of occupational licensing boards and prosecuting attorneys selected by the Board and the Division.

(c) Not infringe on the legal use of a controlled substance for the management of severe or intractable pain.

2. ***The Board shall provide each practitioner who is authorized to write prescriptions for controlled substances listed in schedule II, III or IV with Internet access to the database of the program established pursuant to subsection 1 to carry out the provisions of section 1 of this act.***

3. The Board and the Division must have access to the program established pursuant to subsection 1 to identify any suspected fraudulent or illegal activity related to the dispensing of controlled substances.

SECOND READING AND AMENDMENT

Assembly Bill No. 142.

Bill read second time.

The following amendment was proposed by the Committee on Elections, Procedures, Ethics, and Constitutional Amendments:

Amendment No. 512.

AN ACT relating to ethics in government; requiring certain public officers and lobbyists to attend a course on ethics in government; requiring lobbyists who lobby the Executive Department of the State Government to file a registration statement and periodic reports with the Secretary of State; requiring the Secretary of State to handle all reports and filings and make investigations under certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill requires newly elected or appointed public officers who are required to file statements of financial disclosure, ~~[and]~~ newly registered lobbyists, **and newly employed lobbyists for governmental agencies** to take a course on governmental ethics that is conducted by the Commission on Ethics.

Section 3.7 of this bill increases penalties for willful violations of certain provisions concerning ethics in government. (NRS 281.551)

Existing law sets forth requirements for persons who lobby the Legislature. The lobbyists must register with the Director of the Legislative Counsel Bureau and file certain disclosure reports. (NRS 218.900-218.944) In addition to those reports, section 5 of this bill requires legislative lobbyists to file disclosure reports at the end of each calendar quarter in which the Legislature is not in session. ~~[Legislative lobbyists must also include in each monthly disclosure report filed while the Legislature is in session, a list of any legislation of which he opposed or urged introduction, passage or amendment during the previous month.]~~

Sections 8-31 of this bill set forth requirements for persons who lobby the Executive Department of the State Government. Such executive lobbyists must register with the Secretary of State and file certain disclosure reports. The requirements for executive lobbyists parallel those for legislative lobbyists in chapter 218 of NRS.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 281 of NRS is hereby amended by adding thereto a new section to read as follows:

Each:

1. Public officer who is required to file a statement of financial disclosure pursuant to NRS 281.541, 281.559 or 281.561 shall, within 6 months after his initial election or appointment to his office; ~~*[and]*~~

2. Lobbyist who has filed a registration statement pursuant to NRS 218.918 or section 17 of this act shall, within 30 days after filing the registration statement ~~[.]~~ ***; and***

3. Public employee whose primary function is to lobby other governmental entities on behalf of his employer shall, within 30 days after his initial employment in such a position,

➥ ~~[attend]~~ ***complete a course on ethics in government that is*** ~~[taught or otherwise conducted]~~ ***developed by the Commission.***

Sec. 2. NRS 281.411 is hereby amended to read as follows:

281.411 NRS 281.411 to 281.581, inclusive, ***and section 1 of this act*** may be cited as the Nevada Ethics in Government Law.

Sec. 3. NRS 281.431 is hereby amended to read as follows:

281.431 As used in NRS 281.411 to 281.581, inclusive, ***and section 1 of this act,*** unless the context otherwise requires, the words and terms defined in NRS 281.432 to 281.4375, inclusive, have the meanings ascribed to them in those sections.

Sec. 3.3. **NRS 281.501 is hereby amended to read as follows:**

281.501 1. Except as otherwise provided in subsection 2, 3 or 4, a public officer may vote upon a matter if the benefit or detriment accruing to him as a result of the decision either individually or in a representative capacity as a member of a general business, profession, occupation or group is not greater than that accruing to any other member of the general business, profession, occupation or group.

2. Except as otherwise provided in subsection 3, in addition to the requirements of the code of ethical standards, a public officer shall not vote upon or advocate the passage or failure of, but may otherwise participate in the consideration of, a matter with respect to which the independence of judgment of a reasonable person in his situation would be materially affected by:

(a) His ***seeking or*** acceptance of a gift or loan;

(b) His pecuniary interest; or

(c) His commitment in a private capacity to the interests of others.

➥ It must be presumed that the independence of judgment of a reasonable person would not be materially affected by his pecuniary interest or his commitment in a private capacity to the interests of others where the resulting benefit or detriment accruing to him or to the other persons whose interests to which the member is committed in a private capacity is not greater than that accruing to any other member of the general business, profession, occupation or group. The presumption set forth in this subsection does not affect the applicability of the requirements set forth in subsection 4 relating to the disclosure of the pecuniary interest or commitment in a private capacity to the interests of others.

3. In a county whose population is 400,000 or more, a member of a county or city planning commission shall not vote upon or advocate the passage or failure of, but may otherwise participate in the consideration of, a

matter with respect to which the independence of judgment of a reasonable person in his situation would be materially affected by:

(a) His ***seeking or*** acceptance of a gift or loan;

(b) His direct pecuniary interest; or

(c) His commitment to a member of his household or a person who is related to him by blood, adoption or marriage within the third degree of consanguinity or affinity.

➥ It must be presumed that the independence of judgment of a reasonable person would not be materially affected by his direct pecuniary interest or his commitment described in paragraph (c) where the resulting benefit or detriment accruing to him or to the other persons whose interests to which the member is committed is not greater than that accruing to any other member of the general business, profession, occupation or group. The presumption set forth in this subsection does not affect the applicability of the requirements set forth in subsection 4 relating to the disclosure of the direct pecuniary interest or commitment.

4. A public officer or employee shall not approve, disapprove, vote, abstain from voting or otherwise act upon any matter:

(a) Regarding which he has ***sought or*** accepted a gift or loan;

(b) Which would reasonably be affected by his commitment in a private capacity to the interest of others; or

(c) In which he has a pecuniary interest,

➥ without disclosing sufficient information concerning the gift, loan, commitment or interest to inform the public of the potential effect of the action or abstention upon the person who provided ***or from whom he sought*** the gift or loan, upon the person to whom he has a commitment, or upon his interest. Except as otherwise provided in subsection 6, such a disclosure must be made at the time the matter is considered. If the officer or employee is a member of a body which makes decisions, he shall make the disclosure in public to the Chairman and other members of the body. If the officer or employee is not a member of such a body and holds an appointive office, he shall make the disclosure to the supervisory head of his organization or, if he holds an elective office, to the general public in the area from which he is elected. This subsection does not require a public officer to disclose any campaign contributions that the public officer reported pursuant to NRS 294A.120 or 294A.125 in a timely manner.

5. Except as otherwise provided in NRS 241.0355, if a public officer declares to the body or committee in which the vote is to be taken that he will abstain from voting because of the requirements of this section, the necessary quorum to act upon and the number of votes necessary to act upon the matter, as fixed by any statute, ordinance or rule, is reduced as though the member abstaining were not a member of the body or committee.

6. After a member of the Legislature makes a disclosure pursuant to subsection 4, he may file with the Director of the Legislative Counsel Bureau a written statement of his disclosure. The written statement must designate

the matter to which the disclosure applies. After a Legislator files a written statement pursuant to this subsection, he is not required to disclose orally his interest when the matter is further considered by the Legislature or any committee thereof. A written statement of disclosure is a public record and must be made available for inspection by the public during the regular office hours of the Legislative Counsel Bureau.

7. The provisions of this section do not, under any circumstances:

(a) Prohibit a member of the Legislative Branch from requesting or introducing a legislative measure; or

(b) Require a member of the Legislative Branch to take any particular action before or while requesting or introducing a legislative measure.

8. As used in this section, "commitment in a private capacity to the interests of others" means a commitment to a person:

(a) Who is a member of his household;

(b) Who is related to him by blood, adoption or marriage within the third degree of consanguinity or affinity;

(c) Who employs him or a member of his household;

(d) With whom he has a substantial and continuing business relationship; or

(e) Any other commitment or relationship that is substantially similar to a commitment or relationship described in this subsection.

Sec. 3.7. **NRS 281.551 is hereby amended to read as follows:**

281.551 1. In addition to any other penalty provided by law, the Commission may impose on a public officer or employee or former public officer or employee civil penalties:

(a) Not to exceed ~~[$5,000]~~ ***$10,000*** for a first willful violation of this chapter;

(b) Not to exceed ~~[$10,000]~~ ***$15,000*** for a separate act or event that constitutes a second willful violation of this chapter; and

(c) Not to exceed ~~[$25,000]~~ ***$30,000*** for a separate act or event that constitutes a third willful violation of this chapter.

2. In addition to other penalties provided by law, the Commission may impose a civil penalty not to exceed $5,000 and assess an amount equal to the amount of attorney's fees and costs actually and reasonably incurred by the person about whom an opinion was requested pursuant to NRS 281.511 against a person who prevents, interferes with or attempts to prevent or interfere with the discovery or investigation of a violation of this chapter.

3. If the Commission finds that a violation of a provision of this chapter by a public officer or employee or former public officer or employee has resulted in the realization by another person of a financial benefit, the Commission may, in addition to other penalties provided by law, require the current or former public officer or employee to pay a civil penalty of not more than twice the amount so realized.

4. If the Commission finds that:

(a) A willful violation of this chapter has been committed by a public officer removable from office by impeachment only, the Commission shall file a report with the appropriate person responsible for commencing impeachment proceedings as to its finding. The report must contain a statement of the facts alleged to constitute the violation.

(b) A willful violation of this chapter has been committed by a public officer removable from office pursuant to NRS 283.440, the Commission may file a proceeding in the appropriate court for removal of the officer.

(c) Three or more willful violations have been committed by a public officer removable from office pursuant to NRS 283.440, the Commission shall file a proceeding in the appropriate court for removal of the officer.

5. An action taken by a public officer or employee or former public officer or employee relating to NRS 281.481, 281.491, 281.501 or 281.505 is not a willful violation of a provision of those sections if the public officer or employee establishes by sufficient evidence that he satisfied all of the following requirements:

(a) He relied in good faith upon the advice of the legal counsel retained by the public body which the public officer represents or by the employer of the public employee or upon the manual published by the Commission pursuant to NRS 281.471;

(b) He was unable, through no fault of his own, to obtain an opinion from the Commission before the action was taken; and

(c) He took action that was not contrary to a prior published opinion issued by the Commission.

6. In addition to other penalties provided by law, a public employee who willfully violates a provision of NRS 281.481, 281.491, 281.501 or 281.505 is subject to disciplinary proceedings by his employer and must be referred for action in accordance to the applicable provisions governing his employment.

7. NRS 281.481 to 281.541, inclusive, do not abrogate or decrease the effect of the provisions of the Nevada Revised Statutes which define crimes or prescribe punishments with respect to the conduct of public officers or employees. If the Commission finds that a public officer or employee has committed a willful violation of this chapter which it believes may also constitute a criminal offense, the Commission shall refer the matter to the Attorney General or the district attorney, as appropriate, for a determination of whether a crime has been committed that warrants prosecution.

8. The imposition of a civil penalty pursuant to subsection 1, 2 or 3 is a final decision for the purposes of judicial review.

9. A finding by the Commission that a public officer or employee has violated any provision of this chapter must be supported by a preponderance of the evidence unless a greater burden is otherwise prescribed by law.

Sec. 4. NRS 218.906 is hereby amended to read as follows:

Legislative Counsel's Digest:

Existing law in chapters 293, 293B and 293C of NRS refers to the use of pollbooks and to mechanical voting systems whereby a voter may cast his vote by punching a card. Sections 5, 6, 9, ~~[15, 17, 19, 22, 24-27, 29-33, 35, 37-42, 44, 45, 48, 50-54, 56-59, 61, 62, 64-67, 69-73, 75, 77-82, 84-90 and 92-94]~~ **16, 18, 20, 23, 25, 26, 28, 29, 31-35, 37, 40-44, 46, 47, 50, 55-59, 61-64, 66, 67, 69-72, 74-78, 80, 82-87, 89-95 and 97-99** of this bill eliminate references to the use of pollbooks or to a voter punching a card or casting his ballot with a punch card and to any procedures concerning the use of such supplies, as these supplies and systems are no longer in use in elections in this State. Section ~~[96]~~ **101** of this bill repeals many sections that deal exclusively with these supplies and systems.

Existing law authorizes and provides a procedure for a candidate to withdraw his candidacy, but makes no provision for the manner in which a candidate may rescind after he has withdrawn his declaration of candidacy. (NRS 293.202) Section ~~[10]~~ **11** of this bill creates a procedure for a candidate to rescind his withdrawal of candidacy.

Existing law requires the Secretary of State to adopt regulations governing the conduct of elections. (NRS 293.247) Sections ~~[16 and 91]~~ **17 and 96** of this bill provide that only permanent regulations of the Secretary of State that are effective on or before December 31 of the year immediately preceding a primary, general, special or district election govern the conduct of that election.

Existing law provides that when no more than the number of candidates to be elected have filed for nomination for most nonpartisan offices, the names of the candidates must still appear on the ballot for the primary election. (NRS 293.260) Sections ~~[18 and 95]~~ **19 and 100** change that requirement to provide that for the office of member of a town advisory board and for certain offices on the Board of Governors of the Elko Convention and Visitors Authority, in such a situation those candidates must be declared elected and no election may be held for that office.

Existing law requires that mechanical recording devices which directly record votes electronically must provide a permanent paper record that must be available as an official record for a recount. (NRS 293.2696, 293B.084) Sections ~~[23 and 52]~~ **24 and 57** of this bill eliminate the requirement that the permanent paper records be available as an official record for a recount.

Existing law specifies the procedure for county and city clerks to process absent ballots returned by mail or in person. (NRS 293.325, 293C.325) Sections ~~[28 and 68]~~ **30 and 73** of this bill make revisions to clarify the procedure.

Existing law specifies the procedure and timing for the appropriate counting board to remove absent ballots from ballot boxes for the purpose of counting them. (NRS 293.384, 293.385, 293C.382, 293C.385) Sections ~~[43, 44, 83 and 84]~~ **45, 46, 88 and 89** of this bill revise the timing to provide that the appropriate counting board may remove the absent ballots from the ballot boxes or containers 3 working days earlier than the current provisions allow.

Existing law authorizes and sets forth a procedure for the governing body of a political subdivision or other local agency to submit a question to the qualified electors or registered voters of a designated territory. (NRS 293.481) Section ~~[49]~~ **51** of this bill requires a county clerk to assign a unique identification number to such a question and creates a procedure for such a governing body to withdraw a question that was properly submitted to a county or city clerk.

Existing law requires the use of voting receipts and specifies that such voting receipts have two parts. (NRS 293.2673, 293.3585, 293.3604, 293B.300, 293B.305, 293C.261, 293C.3585, 293C.3604, 293C.620) Sections ~~[21, 35, 36, 55, 56, 63, 75, 76 and 86]~~ **22, 37, 38, 60, 61, 68, 80, 81 and 91** of this bill change these provisions to make the use of voting receipts optional at the discretion of the county or city clerk. These sections of the bill also eliminate the requirement that the voting receipts have two parts.

Section ~~[96]~~ **101** of this bill repeals the section that requires the Secretary of State to publish a pamphlet describing the requirements for filing and circulating an initiative petition and several other sections dealing with obsolete election procedures. (NRS 293.12756)

If [, on comparison of the count with the pollbook,] a majority of the inspectors are of the opinion that the ballots folded together were voted by one person, the ballots must be rejected and placed in an envelope, upon which must be written the reason for their rejection. The envelope must be signed by the counting board officers and placed in the container or ballot box after the count is completed.

[3.] ***2.*** If the ballots in the container or box are found to exceed in number the number of names ***as are indicated*** on the [pollbooks,] ***roster as having voted,*** the ballots must be replaced in the container or box, and a counting board officer, with his back turned to the container or box, shall draw out a number of ballots equal to the excess. ~~[Sec. 39.]~~ ***Sec. 41.*** NRS 293.367 is hereby amended to read as follows:

293.367 1. The basic factor to be considered by an election board when making a determination of whether a particular ballot must be rejected is whether any identifying mark appears on the ballot which, in the opinion of the election board, constitutes an identifying mark such that there is a reasonable belief entertained in good faith that the ballot has been tampered with and, as a result of the tampering, the outcome of the election would be affected.

2. The regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter or chapter 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

(e) When an election board officer rejects a ballot for any alleged defect or illegality, the officer shall seal the ballot in an envelope and write upon the envelope a statement that it was rejected and the reason for rejecting it. Each election board officer shall sign the envelope.

[(f) In counties where mechanical voting systems are used whereby a vote is cast by punching a card, a superfluous punch into any card does not constitute grounds for rejection of the ballot unless the election board determines that the condition of the ballot justifies its exclusion pursuant to subsection 1.]

(a) A chip on the card must be counted as a vote if:

(1) The chip has at least one corner that is detached from the card; or

(2) The fibers of paper on at least one edge of the chip are broken in a way that permits unimpeded light to be seen through the card.

(b) A writing or other mark on the card, including, without limitation, a cross, check, tear or scratch, may not be counted as a vote. The remaining votes on such a card must be counted unless the ballot is otherwise disqualified.

4.] Except as otherwise provided in subsection 1, in an election in which a mechanical voting system is used whereby a vote is cast by darkening a designated space on the ballot:

(a) A vote must be counted if the designated space is darkened or there is a writing in the designated space, including, without limitation, a cross or check; and

2. Regulations for counting ballots must include provisions that:

(a) An error in marking one or more votes on a ballot does not invalidate any votes properly marked on that ballot.

(b) A soiled or defaced ballot may not be rejected if it appears that the soiling or defacing was inadvertent and was not done purposely to identify the ballot.

(c) Only devices provided for in this chapter, chapter 293 or 293B of NRS may be used in marking ballots.

(d) It is unlawful for any election board officer to place any mark upon any ballot other than a spoiled ballot.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 384.

SUMMARY—~~[Revises certain provisions relating to]~~ **Provides for the replacement of the** State Public Works Board. (BDR 28-193)

AN ACT relating to public works; ~~[revising the composition of and certain internal procedures relating to the operations of]~~ **replacing** the State Public Works Board ~~[;]~~ **with a new department in the Executive Branch of the State Government to be known as the State Public Works Department; providing for the administration and operations of the Department; creating the Legislative Advisory Committee on Public Works;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill ~~[changes the composition of]~~ **replaces** the State Public Works Board ~~[from a seven-member body consisting of the Director of the Department of Administration and six members appointed by the Governor to a five-member body consisting of the Governor, Lieutenant Governor, State Treasurer and two members appointed by the Governor. (NRS 341.020) Instead of an election of the Chairman from among the appointed members of the Board, this bill designates the Governor as the Chairman of the Board. (NRS 341.020, 341.060) This bill also transfers from the Board to the Governor the power to appoint and remove the Manager of the Board and the power to approve the appointment of certain deputies by the Manager. (NRS 341.100)]~~ **with a new department in the Executive Branch of the State Government to be known as the State Public Works Department.**

Sections 14-18 of this bill establish that the head of the State Public Works Department is the Director, who serves at the pleasure of the Governor. Section 17 of this bill requires the Director to propose a capital improvement program for inclusion in the proposed budget which would require, when practicable, design and planning of a public work in one biennium and construction in the next biennium. At least once each month, the Director is required to submit to the Fiscal Analysis Division of the Legislative Counsel Bureau a report pertaining to the activities and expenditures of the Department during the preceding month. Upon receipt of the report, the Fiscal Analysis Division transmits the report, accompanied by any recommendations, to the Interim Finance Committee. Section 18 of this bill states that the report must set forth, for each public works project and capital improvement project that is paid for, in whole or in part, with money appropriated by the Legislature: (1) any change in the scope of the project; (2) any delay in the completion of the project; (3) any increase in the estimated cost to complete the project; and (4) such other information as the Legislative Advisory Committee on Public Works or Interim Finance Committee may require.

Section 51 of this bill creates the Legislative Advisory Committee on Public Works, consisting of six legislative members of which three are appointed by the Majority Leader of the Senate from the members of the Senate Standing Committee on Finance of the preceding session and three are appointed by the Speaker of the Assembly from the members of the Assembly Standing Committee on Ways and Means of the

preceding session. The Advisory Committee is granted the authority to evaluate, review and comment upon all matters relating to the planning, design, construction and satisfactory completion of public works and capital improvement projects that are financed in whole or in part with money appropriated by the Legislature, and to make recommendations on such matters to the Interim Finance Committee.

Section 75 of this bill requires the Director of the State Public Works Department, in consultation with the Legislative Advisory Committee on Public Works, to establish a pilot program to assess the costs and benefits of using privatized services for the management and inspection of construction projects.

Sections 76 and 77 of this bill provide continuity for the transition from the State Public Works Board to the State Public Works Department by: (1) clarifying that the provisions of the bill do not impair any existing contracts entered into by the State Public Works Board; and (2) declaring that the regulations of the State Public Works Board will remain in effect for 1 year (through June 30, 2008) or until the Director of the State Public Works Department adopts new regulations, whichever occurs earlier.

333A.082 1. The Purchasing Division of the Department of Administration shall work directly with any using agency interested in entering into a performance contract, using the list of qualified service companies compiled by the State Public Works ~~[Board]~~ ***Department*** pursuant to NRS 333A.080. The Purchasing Division, in conjunction with the using agency, shall ensure that each appropriate qualified service company is notified of the using agency's interest in entering into a performance contract and coordinate an opportunity for each such qualified service company to:

(a) Visit the site pertaining to which the using agency wishes to enter into a performance contract;

(b) Perform a comprehensive audit in the manner prescribed in NRS 333A.084; and

(c) Submit a proposal, including, without limitation, the comprehensive audit, and make a related presentation to the using agency for all operating cost-savings measures that the qualified service company determines would be practicable to implement.

2. The using agency shall:

(a) Evaluate the proposals and presentations made pursuant to subsection 1;

(b) Evaluate the financial stability of the qualified service companies that made proposals and presentations pursuant to subsection 1 based on the financial statements and ratings of the qualified service companies; and

(c) Select a qualified service company,

➥ pursuant to the provisions of this chapter and any regulations adopted pursuant thereto, for evaluating and awarding contracts.

3. A qualified service company selected by a using agency pursuant to subsection 2 shall prepare a financial-grade operational audit, which must include, without limitation:

(a) A detailed explanation of the operating cost savings that will result from the performance contract; and

(b) A comparison of the costs of implementing the operating cost-savings measures to the operating cost savings that are anticipated as a result of the performance contract.

4. Except as otherwise provided in this subsection, the financial-grade operational audit prepared by the qualified service company pursuant to subsection 3 becomes, upon acceptance, a part of the final performance contract and the costs incurred by the qualified service company in preparing the financial-grade operational audit shall be deemed to be part of the performance contract. If, after the financial-grade operational audit is prepared, the using agency decides not to execute the performance contract, the using agency shall pay the qualified service company that prepared the financial-grade operational audit the costs incurred by the qualified service company in preparing the financial-grade operational audit, if the Legislature has specifically appropriated money for that purpose. An appropriation by the Legislature for the purchase and installation of an operating cost-savings measure creates no presumption that the using agency for which the money was appropriated is required to enter into such a performance contract.

A licensee is not liable to any other person authorized to receive a share of the licensee's revenue from any slot machine that is operated on the premises of a licensee for that person's proportionate share of the license fees to be remitted or credited to the licensee by that person pursuant to this section.

4. The Commission shall pay over the tax as collected to the State Treasurer to be deposited to the credit of the State Distributive School Account in the State General Fund, and the Capital Construction Fund for Higher Education and the Special Capital Construction Fund for Higher Education, which are hereby created in the State Treasury as special revenue funds, in the amounts and to be expended only for the purposes specified in this section.

The balance remaining unappropriated in the Capital Construction Fund for Higher Education on August 1 of each year and all amounts received thereafter during the fiscal year must be transferred to the State General Fund for the support of higher education. If bonds described in this subsection are refunded and if the amount required to pay the principal of and interest on the refunding bonds in any fiscal year during the term of the bonds is less than the amount that would have been required in the same fiscal year to pay the principal of and the interest on the original bonds if they had not been refunded, there is appropriated to the Nevada System of Higher Education an amount sufficient to pay the principal of and interest on the original bonds, as if they had not been refunded. The amount required to pay the principal of and interest on the refunding bonds must be used for that purpose from the amount appropriated. Section 5 of this bill provides that a person or group of persons required to register with the Secretary of State pursuant to section 3 who fail to so register or who compensate a signature gatherer in violation of section 3 is subject to a civil penalty.

Chapter 295 of NRS governs petitions for statewide and local initiatives and referenda. Section 7 of this bill requires the Secretary of State to make public certain information regarding petition signatures. Section 8 of this bill ~~[creates the Ballot Review Board.]~~ **provides that the use of an intentional misrepresentation or other fraudulent means to obtain signatures on petitions or forging signatures on petitions is prohibited and provides that the consequence of such behavior is the invalidation of signatures collected by the person found to have committed such behavior or the invalidation of all signatures collected on behalf of the group found to have committed such behavior.**

~~[Existing law requires petitions for initiatives and referenda to be filed with the Secretary of State before being presented to registered voters for signatures. (NRS 295.015) Section 9 of this bill requires the Secretary of State to then consult with the Ballot Review Board regarding the conformity of the petition with certain technical requirements. Section 9 also authorizes the Ballot Review Board to offer suggestions regarding the petition. Existing law provides for challenges to petitions on initiatives and referenda to be filed with certain district courts. (NRS 295.061) Section 10 of this bill requires that any such complaint must first be heard by the Ballot Review Board.]~~

(NRS 637.181) Section 7 of this bill authorizes the Board to impose an administrative fine against a person practicing ophthalmic dispensing without a license without regard to whether or not the person failed to comply with a cease and desist order.

Amendment No. 624.

"SUMMARY—Makes various changes to provisions governing the civil commitment of a person found not guilty by reason of insanity. (BDR 14-1155)"

"AN ACT relating to criminal procedure; providing for annual evaluations and the discharge or conditional release of a person who is committed to the custody of the Administrator of the Division of Mental Health and

Developmental Services of the Department of Health and Human Services after an acquittal by reason of insanity in certain circumstances; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law requires a court to order a person who is acquitted by reason of insanity committed to the custody of the Administrator of the Division of Mental Health and Developmental Services of the Department of Health and Human Services if the court determines that there is clear and convincing evidence that the person is mentally ill. (NRS 175.539) Existing law provides that such a person committed to the custody of the Administrator is generally subject to the same procedures upon commitment as a person who is committed to the custody of the Administrator because he is incompetent to stand trial. (NRS 175.539, 178.400-178.460)

Sections 4-13 of this bill establish the procedures governing the discharge or conditional release of a person who is committed to the custody of the Administrator following an acquittal by reason of insanity. Section 10 provides that such a person is eligible for discharge or conditional release from custody if he establishes by a preponderance of the evidence that he would not be a danger, as a result of any mental disorder, to himself or others. Section 11 provides that an initial hearing to determine whether a person is eligible for discharge or conditional release must be held not later than 60 days after the person has been committed to the custody of the Administrator, except in certain circumstances. Not later than 21 days before this hearing and annually thereafter, the Administrator shall prepare a report concerning the condition of the person and provide a copy of it to the person, his attorney, the prosecuting attorney and the court. **The opinion of the Administrator included in the report concerning whether or not the person should be discharged or conditionally released may be challenged by either the person committed to the custody of the Administrator or the district attorney.** Section 12 provides that if a person is not discharged or conditionally released from the custody of the Administrator following his initial hearing, the person may petition annually for a discharge or conditional release. Section 12 further provides that the Division may petition for a discharge or conditional release at any time if the petition is accompanied by the affidavit of a physician or licensed psychologist which states that the person's mental condition has improved since the most recent hearing concerning the discharge or conditional release of the person.

The following amendment was proposed by Assemblymen Conklin and Koivisto:

Amendment No. 620.

"SUMMARY—Revises provisions governing petitions for statewide initiatives and referenda. (BDR 24-1396)"

"AN ACT relating to elections; requiring certain persons or groups of persons advocating the passage or defeat of certain initiatives or referenda to provide various information to the Secretary of State concerning campaign contributions, expenditures and expenses; requiring public hearings to be conducted concerning certain initiatives and referenda; requiring circulators of certain petitions to attach an affidavit to each document of the petition; requiring circulators of certain petitions to disclose their status as volunteer or paid circulators; authorizing the Legislative Counsel to provide technical suggestions regarding certain initiatives and referenda; providing a civil penalty; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Chapter 294A of NRS governs campaign practices. NRS 294A.150 and 294A.220 require persons or groups of persons advocating the passage or defeat of a question on a ballot to submit reports to the Secretary of State on

campaign contributions, expenditures and expenses. Section 3 of this bill creates a new section for persons and groups of persons advocating the passage or defeat of a constitutional amendment or a statewide measure proposed by an initiative or referendum and that have received or expended at least $10,000 for that purpose. The provisions of this new section require such persons or groups to submit similar campaign contribution and expense reports to the Secretary of State on a different schedule and with certain additional information. Section 4 of this bill requires such persons and groups to appoint a resident agent who lives in Nevada, regardless of the amount of money they have received or expended. Section 5 of this bill requires such persons and groups to file an organizational statement with the Secretary of State, regardless of the amount of money they have received or expended. Section 6 of this bill requires such persons and groups who pay others to circulate petitions to disclose certain financial information to the Secretary of State. Section 13 of this bill provides that such persons and groups who violate section 3 are subject to civil penalties.

Chapter 295 of NRS governs petitions for statewide and local initiatives and referenda. Section 15 of this bill requires the Director of the Legislative Counsel Bureau to hold public hearings on statewide initiatives and referenda. Section 16 of this bill requires petition circulators to attach an affidavit to each document of a petition attesting to the veracity of each signature. Section 17 of this bill prohibits paying people to sign petitions. Section 18 of this bill requires petition circulators to disclose whether they are paid or volunteer circulators.

Existing law requires the Secretary of State to consult with the Fiscal Analysis Division of the Legislative Counsel Bureau regarding the possible financial effect on the State of any initiative or referendum. (NRS 295.015) Section 20 of this bill requires the Secretary of State also to consult with the Legislative Counsel regarding each initiative or referendum and authorizes the Legislative Counsel to make technical suggestions regarding the petition.

Amendment No. 444.

"SUMMARY—Makes various changes to provisions relating to manufactured home parks. (BDR 10-1119)"

"AN ACT relating to manufactured home parks; revising the provisions relating to the review of rental agreements and other residency documents; revising the provisions relating to certain repairs to a manufactured home; making changes pertaining to rules and regulations of a manufactured home park; revising the provisions relating to meetings between a landlord and tenants under certain circumstances; requiring a landlord to pay certain costs associated with the conversion of a manufactured home park; increasing the amount of the limitation on the lien of a landlord; prohibiting local governing bodies from restricting the installation of certain manufactured homes; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law establishes provisions relating to rental agreements and other residency documents. (NRS 118B.040) Section 1 of this bill removes the requirement that a landlord must allow a tenant to review such documents for 72 hours during which time a landlord is not prevented from accepting another tenant for the same residency. Instead, section 1 requires a landlord to give a prospective tenant a copy of the rental agreement ~~[and]~~ **, a copy of the rules and regulations of the manufactured home park,** any existing notices of the sale, closure or conversion of the manufactured home park ~~[at the time the tenant makes an application for tenancy.]~~ **and any other residency documents before requiring or accepting any application fee.**

Existing law sets forth requirements relating to the repair of a manufactured home and prohibits a landlord from allowing a third party to make such repairs under certain circumstances. (NRS 118B.097) Section 2 of this bill ~~[adds a nonexclusive list of repairs that affect life, health or safety.]~~

replaces a prohibition on allowing a third party to make repairs that affect life, health or safety with a list of specific repairs that a landlord may not allow a third party to make. Section 2 also prohibits landlords from employing certain persons to make such repairs.

Section 3 of this bill revises the provisions relating to a landlord's adoption of rules and regulations concerning a manufactured home park and provides that a properly adopted or amended rule or regulation supersedes any inconsistent prior rule or regulation. (NRS 118B.100) Section 3 also requires a landlord to provide a copy of such rules and regulations to a tenant at the time the tenant enters into a rental agreement.

Existing law establishes provisions relating to meetings between a landlord and representative groups of tenants to hear complaints and suggestions regarding a manufactured home park. (NRS 118B.110) Section 4 of this bill **provides for a natural person designated by the owner to meet with tenants for such purposes. Section 4 also prohibits a manager** ~~[who resides at the park]~~ from meeting with tenants for such purposes unless the manager ~~[is also the landlord.]~~ **, the landlord and the owner are all the same natural person.**

Existing law requires a landlord to pay to a tenant the fair market value of a manufactured home under certain circumstances during the conversion of a manufacture home park. (NRS 118B.183) Section 5 of this bill requires a landlord to pay costs associated with determining the market value of such manufactured homes and the reasonable cost of removing and disposing of such homes.

Section 6 of this bill increases the limitation on the amount of a lien that a landlord may hold for the total amount due and unpaid for rentals and utilities from $2,000 to $5,000.

Existing law allows local governing bodies to adopt certain ordinances and regulations relating to manufactured homes. (NRS 278.0209, 278.02095, 489.288) Sections 7-9 of this bill prohibit local governing bodies from restricting the installation of manufactured homes based on their date of manufacture.

4. Except as otherwise provided in subsection 5, a rule or regulation is enforceable against the tenant only if he has notice of it at the time he enters into the rental agreement. A rule or regulation adopted or amended after the tenant enters into the rental agreement is not enforceable unless the tenant consents to it in writing or is given 60 days' notice of it in writing. (b) Is required by federal law to be amortized over its useful life for the purposes of income tax; and

(c) Has a useful life of 5 years or more.

Sec. 4. NRS 118B.110 is hereby amended to read as follows:

118B.110 1. 278.0209 1. In any ordinance relating to the zoning of land adopted or amended by a governing body, the definition of "single-family residence" must include factory-built housing that has been built in compliance with the standards for single-family residential dwellings of the Uniform Building Code most recently adopted by the International Conference of Building Officials.

2. An ordinance of the governing body may require factory-built housing to comply with standards for safety which exceed the standards prescribed in subsection 1 if a single-family residential dwelling on the same lot is also required to comply with those standards.

3. The governing body shall adopt the same standards for development for the factory-built housing and the lot on which it is placed as those to which a conventional single-family residential dwelling on the same lot would be subject, including, but not limited to:

(a) Requirements for the setback of buildings.

(b) Side and rear-yard requirements.

(c) Standards for enclosures, access and the parking of vehicles.

(d) Aesthetic requirements.

(e) Requirements for minimum square footage.

(f) Requirements for design, style and structure.

4. The governing body may prohibit the installation of factory-built housing in a specified area if ~~[~~:

~~(a) More than 5 years have elapsed between the date of manufacture of factory-built housing and the date of the application for the issuance of a permit to install factory-built housing in the affected area; or~~

~~(b) The~~] ***the*** area contains a building, structure or other object having a special character or special historical interest or value.

5. As used in this section, "factory-built housing" has the meaning ascribed to it in NRS 461.080.

6. The provisions of this section do not abrogate a recorded restrictive covenant.

Sec. 8. NRS 278.02095 is hereby amended to read as follows:

278.02095 1. Except as otherwise provided in this section, in an ordinance relating to the zoning of land adopted or amended by a governing

body, the definition of "single-family residence" must include a manufactured home.

2. Notwithstanding the provisions of subsection 1, a governing body shall adopt standards for the placement of a manufactured home that will not be affixed to a lot within a mobile home park which require that:

(a) The manufactured home:

(1) Be permanently affixed to a residential lot;

(2) ~~[Be manufactured within the 5 years immediately preceding the date on which it is affixed to the residential lot;~~

~~(3)]~~ Have exterior siding and roofing which is similar in color, material and appearance to the exterior siding and roofing primarily used on other single-family residential dwellings in the immediate vicinity of the manufactured home, as established by the governing body;

~~[(4)]~~ ***(3)*** Consist of more than one section; and

~~[(5)]~~ ***(4)*** Consist of at least 1,200 square feet of living area unless the governing body, by administrative variance or other expedited procedure established by the governing body, approves a lesser amount of square footage based on the size or configuration of the lot or the square footage of single-family residential dwellings in the immediate vicinity of the manufactured home; and

(b) If the manufactured home has an elevated foundation, the foundation is masked architecturally in a manner determined by the governing body.

➥ The governing body of a local government in a county whose population is less than 40,000 may adopt standards that are less restrictive than the standards set forth in this subsection.

3. Standards adopted by a governing body pursuant to subsection 2 must be objective and documented clearly and must not be adopted to discourage or impede the construction or provision of affordable housing, including, without limitation, the use of manufactured homes for affordable housing.

4. Before a building department issues a permit to place a manufactured home on a lot pursuant to this section, other than a new manufactured home, the owner must surrender the certificate of ownership to the Manufactured Housing Division of the Department of Business and Industry. The Division shall provide proof of such a surrender to the owner who must submit that proof to the building department.

5. The provisions of this section do not abrogate a recorded restrictive covenant prohibiting manufactured homes nor do the provisions apply within the boundaries of a historic district established pursuant to NRS 384.005 or 384.100. An application to place a manufactured home on a residential lot pursuant to this section constitutes an attestation by the owner of the lot that the placement complies with all covenants, conditions and restrictions placed on the lot and that the lot is not located within a historic district.

6. As used in this section:

(a) "Manufactured home" has the meaning ascribed to it in NRS 489.113.

(b) "New manufactured home" has the meaning ascribed to it in NRS 489.125.

Sec. 9. NRS 489.288 is hereby amended to read as follows:

Compliance with an ordinance or regulation of a local governing body does not excuse any person from compliance with this chapter and the regulations adopted pursuant to this chapter.

2. ***A local governing body shall not prohibit the installation of a manufactured home based on its date of manufacture if the manufactured home otherwise complies with the provisions of this chapter and the regulations adopted pursuant to this chapter governing health and safety.***

3. The provisions of this chapter and the regulations adopted pursuant to this chapter supersede and preempt any ordinance or regulation of a local governing body that is more stringent than those provisions, except for an ordinance or regulation regarding any prerequisites to the classification of a manufactured home or mobile home as real property pursuant to NRS 361.244.

Sec. 10. The amendatory provisions of section 6 of this act do not apply to a lien that attaches before October 1, 2007.

"AN ACT relating to manufactured home parks; revising the provisions relating to the review of rental agreements and other residency documents; revising the provisions relating to certain repairs to a manufactured home; making changes pertaining to rules and regulations of a manufactured home park; revising the provisions relating to meetings between a landlord and tenants under certain circumstances; requiring a landlord to pay certain costs associated with the conversion of a manufactured home park; ~~[increasing the amount of the limitation on the lien of a landlord;]~~ prohibiting local governing bodies from restricting the installation of certain manufactured homes; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law establishes provisions relating to rental agreements and other residency documents. (NRS 118B.040) Section 1 of this bill removes the requirement that a landlord must allow a tenant to review such documents for 72 hours during which time a landlord is not prevented from accepting

another tenant for the same residency. Instead, section 1 requires a landlord to give a prospective tenant a copy of the rental agreement and any existing notices of the sale, closure or conversion of the manufactured home park at the time the tenant makes an application for tenancy.

Existing law sets forth requirements relating to the repair of a manufactured home and prohibits a landlord from allowing a third party to make such repairs under certain circumstances. Section 3 of this bill revises the provisions relating to a landlord's adoption of rules and regulations concerning a manufactured home park and provides that a properly adopted or amended rule or regulation supersedes any inconsistent prior rule or regulation. (NRS 118B.100) Section 3 also requires a landlord to provide a copy of such rules and regulations to a tenant at the time the tenant enters into a rental agreement.

Existing law establishes provisions relating to meetings between a landlord and representative groups of tenants to hear complaints and suggestions regarding a manufactured home park. (NRS 118B.110) Section 4 of this bill prohibits a manager who resides at the park from meeting with tenants for such purposes unless the manager is also the landlord.

Existing law requires a landlord to pay to a tenant the fair market value of a manufactured home under certain circumstances during the conversion of a manufacture home park. (NRS 118B.183) Section 5 of this bill requires a landlord to pay costs associated with determining the market value of such manufactured homes and the reasonable cost of removing and disposing of such homes.

~~[Section 6 of this bill increases the limitation on the amount of a lien that a landlord may hold for the total amount due and unpaid for rentals and utilities from $2,000 to $5,000.]~~

Existing law allows local governing bodies to adopt certain ordinances and regulations relating to manufactured homes. 3. No rule or regulation may be used to impose any additional charge for occupancy of a manufactured home lot or modify the terms of a rental agreement.

4. Except as otherwise provided in subsection 5, a rule or regulation is enforceable against the tenant only if he has notice of it at the time he enters into the rental agreement. A rule or regulation adopted or amended after the tenant enters into the rental agreement is not enforceable unless the tenant consents to it in writing or is given 60 days' notice of it in writing. The landlord may not adopt or amend a rule or regulation of the park unless a meeting of the tenants is held to discuss the proposal and the landlord provides each tenant with notice of the proposal and the date, time and place of the meeting not less than 60 days before the meeting. The notice must include a copy of the proposed adoption or amendment of the rule or

regulation. A notice in a periodic publication of the park does not constitute notice for the purposes of this subsection.

5. A rule or regulation pertaining to recreational facilities in the manufactured home park must be in writing to be enforceable.

6. ***If a rule or regulation is adopted or amended in compliance with the provisions of this section, the adopted or amended rule or regulation supersedes any previously existing rule or regulation that conflicts with the adopted or amended rule or regulation.***

7. The landlord shall provide the tenant with a copy of the existing rules and regulations at the time the tenant enters into the rental agreement.

8. As used in this section, "capital improvement" means an addition or betterment made to a manufactured home located on a lot in a manufactured home park which is leased by the landlord that:

(a) Consists of more than the repair or replacement of an existing facility;

(b) Is required by federal law to be amortized over its useful life for the purposes of income tax; and

Sec. 4. NRS 118B.110 is hereby amended to read as follows:

118B.110 1. The landlord shall meet with a representative group of tenants occupying the park, chosen by the tenants, to hear any complaints or suggestions which concern a matter relevant to the park within 45 days after he receives a written request to do so which has been signed by persons occupying at least 25 percent of the lots in the park. The 25 percent must be calculated on the basis of one signature per occupied lot. The meeting must be held at a time and place which is convenient to the landlord and the tenants. The representative group of tenants must consist of no more than five persons.

2. At least 10 days before any meeting is held pursuant to this section, the landlord or his agent shall post a notice of the meeting in a conspicuous place in a common area of the park.

118B.183 1. A landlord may convert an existing manufactured home park to any other use of the land if the change is approved by the appropriate local zoning board, planning commission or governing body. In addition to any other reasons, a landlord may apply for such approval if the landlord is forced to close the manufactured home park because of a valid order of a state or local governmental agency or court requiring the closure of the manufactured home park for health or safety reasons.

2. The landlord may undertake a conversion pursuant to this section only if:

2. An ordinance of the governing body may require factory-built housing to comply with standards for safety which exceed the standards prescribed in subsection 1 if a single-family residential dwelling on the same lot is also required to comply with those standards.

3. The governing body shall adopt the same standards for development for the factory-built housing and the lot on which it is placed as those to which a conventional single-family residential dwelling on the same lot would be subject, including, but not limited to:

(c) Standards for enclosures, access and the parking of vehicles.

(d) Aesthetic requirements.

(e) Requirements for minimum square footage.

(1) Be permanently affixed to a residential lot;

(2) ~~[Be manufactured within the 5 years immediately preceding the date on which it is affixed to the residential lot;~~

~~(3)~~ Have exterior siding and roofing which is similar in color, material and appearance to the exterior siding and roofing primarily used on other single-family residential dwellings in the immediate vicinity of the manufactured home, as established by the governing body;

~~(4)~~ ***(3)*** Consist of more than one section; and

~~(5)~~ ***(4)*** Consist of at least 1,200 square feet of living area unless the governing body, by administrative variance or other expedited procedure established by the governing body, approves a lesser amount of square footage based on the size or configuration of the lot or the square footage of single-family residential dwellings in the immediate vicinity of the manufactured home; and

(b) If the manufactured home has an elevated foundation, the foundation is masked architecturally in a manner determined by the governing body.

➥ The governing body of a local government in a county whose population is less than 40,000 may adopt standards that are less restrictive than the standards set forth in this subsection.

3. Standards adopted by a governing body pursuant to subsection 2 must be objective and documented clearly and must not be adopted to discourage or impede the construction or provision of affordable housing, including, without limitation, the use of manufactured homes for affordable housing.

An application to place a manufactured home on a residential lot pursuant to this section constitutes an attestation by the owner of the lot that the placement complies with all covenants, conditions and restrictions placed on the lot and that the lot is not located within a historic district.

6. As used in this section:

(a) "Manufactured home" has the meaning ascribed to it in NRS 489.113.

Compliance with an ordinance or regulation

of a local governing body does not excuse any person from compliance with this chapter and the regulations adopted pursuant to this chapter.

2. ***A local governing body shall not prohibit the installation of a manufactured home based on its date of manufacture if the manufactured home otherwise complies with the provisions of this chapter and the regulations adopted pursuant to this chapter governing health and safety.***

Assembly Bill No. 518.

Bill read third time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 615.

"SUMMARY—Revises provisions governing the regulation of telecommunication service. (BDR 58-1128)"

"AN ACT relating to telecommunication service; revising provisions governing the regulation of certain incumbent local exchange carriers; revising provisions governing the regulation of competitive suppliers of telecommunication service; allowing for greater competition among various telecommunication providers; repealing provisions governing the plan of alternative regulation and PAR carriers; and providing other matters properly relating thereto."

Legislative Counsel's Digest:

Existing law requires the Public Utilities Commission of Nevada to regulate public utilities that provide telecommunication service to the public. With regard to local telephone service, each service territory has an incumbent local exchange carrier that has an obligation to serve the customers within that particular territory. If no other telecommunication provider is authorized to serve the customers in that particular territory, the incumbent local exchange carrier essentially has a monopoly with regard to local telephone service. (Chapter 704 of NRS)

To foster competition in the local telephone market, existing law allows the Commission to establish a plan of alternative regulation (PAR), whereby an incumbent local exchange carrier may elect to become a PAR carrier under a regulatory scheme which allows flexibility of pricing for certain competitive, discretionary and deregulated services. Under the PAR regulatory scheme, the PAR carrier is allowed to sell such services under less regulated conditions, and other telecommunication providers, known as competitive suppliers, have the opportunity to compete with the PAR carrier in the local telephone market. However, as the incumbent local exchange carrier, the PAR carrier generally retains its obligations as the provider of last resort of basic telephone service and must ensure that such telephone service remains available at affordable rates to the customers within its service territory. (NRS 704.040, 704.68904-704.68984)

This bill repeals the PAR regulatory scheme and replaces it with a regulatory scheme that is intended to promote more competition in the local telephone market. Under this bill, all telecommunication providers, with the exception of certain small-scale providers of last resort, are classified as competitive suppliers. This bill reduces the regulatory authority of the

Commission over such competitive suppliers and provides for greater flexibility of pricing with regard to most components of local telephone service, including basic telephone service.

This bill also requires the Commission to adopt regulations establishing the terms, conditions and procedures under which: (1) an incumbent local exchange carrier may be excused from its obligations as the provider of last resort; and (2) those obligations may be reinstated. The regulations must also establish the manner of giving prior notice and the terms of any bond necessary to protect consumers and ensure continuity of basic telephone service when a provider other than an incumbent local exchange carrier intends to terminate or discontinue such service.

Finally, to maintain the availability of telephone service to rural, insular and high-cost areas, this bill requires the Commission to continue to levy and collect a uniform and equitable assessment from all telecommunication providers. The proceeds of the assessment must be used to reimburse providers of last resort so that they are able to provide telephone service to rural, insular and high-cost areas.

(3) Delivering to the customer a copy of the rates, pricing, terms and conditions in writing with the first invoice, billing statement or other written summary of charges for the telecommunication service provided by the competitive supplier to the customer.

Sec. 25. ***1. The Commission shall not decrease the rates or pricing of basic network service provided by a competitive supplier, unless the competitive supplier files a general rate application pursuant to paragraph (b) of subsection 2 and the Commission orders a decrease in the rates or pricing of such service in a general rate case proceeding conducted pursuant thereto.***

2. Except as otherwise provided in this section, a competitive supplier that is an incumbent local exchange carrier shall not:

(a) Without the approval of the Commission, discontinue basic network service or change the terms and conditions of basic network service as set forth in the tariffs of the competitive supplier that were in effect on January 1, 2007.

(b) Before January 1, 2012, increase the rates or pricing of basic network service as set forth in the tariffs of the competitive supplier that were in effect on January 1, 2007, except that notwithstanding any other provision of this chapter:

(1) On or after January 1, 2011, and before January 1, 2012, the competitive supplier may, without the approval of the Commission, increase the rates or pricing of basic network service provided by the competitive supplier but the total of all increases during that period may not result in rates or pricing of basic network service that is more than $1 above the rates or pricing set forth in the tariffs of the competitive supplier that were in effect on January 1, 2007; and

(2) The Commission may allow the competitive supplier to increase the rates or pricing of basic network service above the amounts authorized by this subsection only if the competitive supplier files a general rate application and proves in a general rate case proceeding conducted pursuant to NRS 704.110 and 704.120 that the increase is absolutely necessary to avoid rates or prices that are confiscatory under the Constitution of the United States or the Constitution of this State. In such a general rate case proceeding, the Commission:

(I) May allow an increase in the rates or pricing of basic network service provided by the competitive supplier only in an amount that the

competitive supplier proves in the general rate case proceeding is absolutely necessary to avoid an unconstitutional result and shall not authorize in the general rate case proceeding any rate, price or other relief for the competitive supplier that is not proven by the competitive supplier to be absolutely necessary to avoid an unconstitutional result; and

(II) May order a decrease in the rates or pricing of basic network service provided by the competitive supplier if the Commission determines in the general rate case proceeding that the decrease is necessary to provide customers with just and reasonable rates.

3. On or after January 1, 2012:

(a) A competitive supplier that is an incumbent local exchange carrier may exercise flexibility in the rates, pricing, terms and conditions of basic network service in the same manner permitted for other telecommunication service pursuant to section 23 of this act; and

(b) The Commission shall not:

(1) Regulate the rates, pricing, terms and conditions of basic network service provided by such a competitive supplier; or

(2) Require such a competitive supplier to maintain any schedule or tariff for basic network service.

4. A competitive supplier that is an incumbent local exchange carrier must provide reasonably detailed information concerning the rates, pricing, terms and conditions of basic network service in the manner required by section 24 of this act.

Sec. 26. ***1. The Commission may not deregulate access to emergency 911 service provided by a competitive supplier.***

2. The Commission may, upon its own motion or the petition of any person, deregulate intrastate ~~*[switched or]*~~ ***special access service provided by a competitive supplier. Unless the Commission deregulates such access service pursuant to this subsection, the rates, pricing, terms and conditions of such access service are subject to tariff regulation by the Commission.***

3. If the Commission receives a petition pursuant to subsection 2, the Commission shall act upon the petition not later than 120 days after the date the Commission receives the petition.

Sec. 27. ***1. A competitive supplier that is a provider of last resort may use an alternative technology to satisfy the obligation to provide basic network service or business line service in a service territory.***

2. Except as otherwise provided in this section, the Commission may not exercise jurisdiction over an alternative technology used by a competitive supplier that is a provider of last resort to satisfy the obligation to provide basic network service or business line service in a service territory, including, without limitation, determining the rates, pricing, terms, conditions or availability of an alternative technology.

3. If a competitive supplier that is a provider of last resort uses an alternative technology to satisfy the obligation to provide basic network service or business line service in a service territory, the Commission may

investigate whether basic network service or business line service provided through the alternative technology by the competitive supplier is functionally comparable with circuit-switched wireline telephony.

4. If, after notice and hearing, the Commission finds any material deficiency in the competitive supplier's use of the alternative technology to satisfy the obligation to provide basic network service or business line service, the Commission may order the competitive supplier to implement corrective action, within a technically reasonable period, to cure the material deficiency in the use of the alternative technology.

5. As used in this section, "alternative technology" means any technology, facility or equipment, other than circuit-switched wireline telephony, that has the capability to provide customers with service functionally comparable to basic network service or business line service. The term includes, without limitation, wireless or Internet technology, facilities or equipment.

Sec. 28. ***If a competitive supplier charges a customer a fixed price or amount for a package of services, the competitive supplier, in any bill or statement for the package of services, is permitted to specify only the fixed price or amount for the package of services and is not required to:***

1. Identify each separate service or component included in the package of services; or

2. Specify the unit price or amount charged for each separate service or component included in the package of services.

Sec. 29. ***1. A competitive supplier that is not a provider of last resort may discontinue any telecommunication service by providing written notice, not less than 10 days before the date of the discontinuation, to any customer of that service and the Commission.***

2. A competitive supplier that is a provider of last resort may:

(a) Discontinue any telecommunication service, except basic network service, by providing written notice, not less than 10 days before the date of the discontinuation, to any customer of that service and the Commission.

(b) Apply to the Commission to discontinue basic network service to all or a portion of the service territory of the competitive supplier on terms that are in the public interest.

Sec. 30. ***In exercising flexibility in the rates, pricing, terms and conditions of any telecommunication service, a competitive supplier that is an incumbent local exchange carrier shall not engage in any anticompetitive act or practice or unlawfully discriminate among similarly situated customers.***

Sec. 31. NRS 704.001 is hereby amended to read as follows:

704.001 It is hereby declared to be the purpose and policy of the Legislature in enacting this chapter:

1. To confer upon the Commission the power, and to make it the duty of the Commission, to regulate public utilities to the extent of its jurisdiction;

2. To provide for fair and impartial regulation of public utilities;

3. To provide for the safe, economic, efficient, prudent and reliable operation and service of public utilities; [~~and~~]

4. To balance the interests of customers and shareholders of public utilities by providing public utilities with the opportunity to earn a fair return on their investments while providing customers with just and reasonable rates [~~.~~] ***; and***

5. With regard to telecommunication service:

(a) To regulate competitive suppliers in a manner that allows customers to benefit from full competition regarding rates and services;

(b) To provide for basic network service to economically disadvantaged persons who are eligible for a reduction in rates for telephone service pursuant to NRS 707.400 to 707.500, inclusive; and

(c) To maintain the availability of telephone service to rural, insular and high-cost areas through:

(1) The levy and collection of a uniform and equitable assessment from all persons furnishing intrastate telecommunication service or the functional equivalent of such service through any form of telephony technology; and

(2) Payments to telecommunication providers from the fund to maintain the availability of telephone service.

Sec. 32. NRS 704.005 is hereby amended to read as follows:

704.005 As used in this chapter, unless the context otherwise requires, the words and terms defined in NRS 704.007 to 704.030, inclusive, ***and sections 2 to 13, inclusive, of this act*** have the meanings ascribed to them in those sections.

Sec. 33. NRS 704.020 is hereby amended to read as follows:

704.020 1. "Public utility" or "utility" includes:

(a) Any person who owns, operates, manages or controls any railroad or part of a railroad as a common carrier in this State, or cars or other equipment used thereon, or bridges, terminals, or sidetracks, or any docks or wharves or storage elevators used in connection therewith, whether or not they are owned by the railroad.

(b) Any [~~telephone company~~] ***person, other than a provider of commercial mobile radio service,*** that provides a telecommunication service to the public, but only with regard to those operations [~~of the telephone company~~] which consist of providing a telecommunication service to the public.

2. "Public utility" or "utility" also includes:

(a) Any person who owns, operates or controls any ditch, flume, tunnel or tunnel and drainage system, charging rates, fares or tolls, directly or indirectly.

(b) Any plant or equipment, or any part of a plant or equipment, within this State for the production, delivery or furnishing for or to other persons, including private or municipal corporations, heat, gas, coal slurry, light, power in any form or by any agency, water for business, manufacturing, agricultural or household use, or sewerage service, whether or not within the limits of municipalities.

(c) Any system for the distribution of liquefied petroleum gas to 10 or more users.

➥ The Commission may supervise, regulate and control all such utilities, subject to the provisions of this chapter and to the exclusion of the jurisdiction, regulation and control of such utilities by any municipality, town or village, unless otherwise provided by law.

3. The provisions of this chapter and the term "public utility" apply to all railroads, express companies, car companies and all associations of persons, whether or not incorporated, that do any business as a common carrier upon or over any line of railroad within this State.

Sec. 34. NRS 704.033 is hereby amended to read as follows:

704.033 1. Except as otherwise provided in subsection 6, the Commission shall levy and collect an annual assessment from all public utilities, providers of discretionary natural gas service and alternative sellers subject to the jurisdiction of the Commission.

2. Except as otherwise provided in subsections 3 and 4, the annual assessment must be:

(a) For the use of the Commission, not more than 3.50 mills; and

(b) For the use of the Consumer's Advocate, not more than 0.75 mills,

➥ on each dollar of gross operating revenue derived from the intrastate operations of such utilities, providers of discretionary natural gas service and alternative sellers in the State of Nevada. The total annual assessment must be not more than 4.25 mills.

3. The levy for the use of the Consumer's Advocate must not be assessed against railroads.

4. The minimum assessment in any 1 year must be $100.

5. The gross operating revenue of the utilities must be determined for the preceding calendar year. In the case of:

(a) [~~Telephone utilities,~~] ***Telecommunication providers,*** except as provided in paragraph (c), the revenue shall be deemed to be all intrastate revenues.

(b) Railroads, the revenue shall be deemed to be the revenue received only from freight and passenger intrastate movements.

(c) All public utilities, providers of discretionary natural gas service and alternative sellers, the revenue does not include the proceeds of any commodity, energy or service furnished to another public utility, provider of discretionary natural gas service or alternative seller for resale.

6. Providers of commercial mobile radio service are not subject to the annual assessment and, in lieu thereof, shall pay to the Commission an annual licensing fee of $200.

Sec. 35. NRS 704.040 is hereby amended to read as follows:

704.040 1. Every public utility shall furnish reasonably adequate service and facilities **.** [~~, and~~] ***Subject to the provisions of subsection 3,*** the charges made for any service rendered or to be rendered, or for any service in connection therewith or incidental thereto, must be just and reasonable.

The Commission may exempt, to the extent it deems reasonable, services related to telecommunication or public utilities which provide telecommunication services from any or all of the provisions of this chapter, upon a determination after hearing that the services are competitive or discretionary and that regulation thereof is unnecessary. For the purposes of this subsection, basic local exchange service and access services provided to interexchange carriers are not discretionary.~~

~~4. The Commission shall adopt regulations necessary to establish a plan of alternative regulation for a public utility that provides telecommunication services. The plan of alternative regulation may include, but is not limited to, provisions that:~~

~~(a) Allow adjustment of the rates charged by a public utility that provides telecommunication services during the period in which the utility elects the plan of alternative regulation.~~

~~(b) Provide for flexibility of pricing for discretionary services and services that are competitive.~~

Sec. 36. NRS 704.070 is hereby amended to read as follows:

704.070 [~~Unless exempt under the provisions of~~] ***Except as otherwise provided in*** NRS 704.075, 704.095 or 704.097 [~~:~~] ***and sections 18 to 30, inclusive, of this act:***

1. Each public utility shall file with the Commission, within a time to be fixed by the Commission, a copy of all schedules that are currently in force for the public utility. Such schedules must be open to public inspection.

2. A copy of each schedule that is currently in force for the public utility, or so much of the schedule as the Commission deems necessary for inspection by the public, must be:

(a) Printed in plain type and posted in each office of the public utility where payments are made to the public utility by its customers; and

(b) Open to inspection by the public and in such form and place as to be readily accessible to and conveniently inspected by the public.

Sec. 37. NRS 704.100 is hereby amended to read as follows:

704.100 Except as otherwise provided in NRS 704.075 and [~~704.68904 to 704.68984,~~] ***sections 18 to 30,*** inclusive, ***of this act*** or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 ***:*** [~~or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:~~]

1. A public utility shall not make changes in any schedule, unless the public utility:

(a) Files with the Commission an application to make the proposed changes and the Commission approves the proposed changes pursuant to NRS 704.110; or

(b) Files the proposed changes with the Commission using a letter of advice in accordance with the provisions of subsection 5.

2. A public utility shall adjust its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8 of NRS 704.110 based on changes in the public utility's recorded costs of natural gas purchased for resale.

3. A public utility shall post copies of all proposed schedules and all new or amended schedules in the same offices and in substantially the same form, manner and places as required by NRS 704.070 for the posting of copies of schedules that are currently in force.

4. A public utility may not set forth as justification for a rate increase any items of expense or rate base that previously have been considered and disallowed by the Commission, unless those items are clearly identified in the application and new facts or considerations of policy for each item are advanced in the application to justify a reversal of the prior decision of the Commission.

5. Except as otherwise provided in subsection 6, if the proposed change in any schedule does not change any rate or will result in an increase in annual gross operating revenue, as certified by the public utility, in an amount that does not exceed $2,500:

(a) The public utility may file the proposed change with the Commission using a letter of advice in lieu of filing an application; and

(b) The Commission shall determine whether it should dispense with a hearing regarding the proposed change.

6. If the applicant is a [~~public utility furnishing telephone service~~] ***small-scale provider of last resort*** and the proposed change in any schedule will result in an increase in annual gross operating revenue, as certified by the applicant, in an amount that does not exceed $50,000 or 10 percent of the applicant's annual gross operating revenue, whichever is less, the Commission shall determine whether it should dispense with a hearing regarding the proposed change.

7. In making the determination pursuant to subsection 5 or 6, the Commission shall first consider all timely written protests, any presentation that the Regulatory Operations Staff of the Commission may desire to present, the application of the public utility and any other matters deemed relevant by the Commission.

Sec. 38. NRS 704.110 is hereby amended to read as follows:

704.110 Except as otherwise provided in NRS 704.075 and [~~704.68904 to 704.68984,~~] ***sections 18 to 30,*** inclusive, ***of this act*** or as may otherwise be provided by the Commission pursuant to NRS 704.095 or 704.097 ***:*** [~~or pursuant to the regulations adopted by the Commission in accordance with subsection 4 of NRS 704.040:~~]

1. If a public utility files with the Commission an application to make changes in any schedule, including, without limitation, changes that will result in a discontinuance, modification or restriction of service, the Commission shall investigate the propriety of the proposed changes to determine whether to approve or disapprove the proposed changes. If an electric utility files such an application and the application is a general rate application or an application to clear its deferred accounts, the Consumer's Advocate shall be deemed a party of record.

2. Except as otherwise provided in [~~subsections 3 and 13,~~] ***subsection 3,*** if a public utility files with the Commission an application to make changes in any schedule, the Commission shall issue a written order approving or disapproving, in whole or in part, the proposed changes [~~:~~

~~(a) For a public utility that is a PAR carrier, not later than 180 days after the date on which the application is filed; and~~

~~(b) For all other public utilities,~~] not later than 210 days after the date on which the application is filed.

3. If a public utility files with the Commission a general rate application, the public utility shall submit with its application a statement showing the recorded results of revenues, expenses, investments and costs of capital for its most recent 12 months for which data were available when the application was prepared. Except as otherwise provided in subsection 4, in determining whether to approve or disapprove any increased rates, the Commission shall consider evidence in support of the increased rates based upon actual recorded results of operations for the same 12 months, adjusted for increased revenues, any increased investment in facilities, increased expenses for depreciation, certain other operating expenses as approved by the Commission and changes in the costs of securities which are known and are

measurable with reasonable accuracy at the time of filing and which will become effective within 6 months after the last month of those 12 months, but the public utility shall not place into effect any increased rates until the changes have been experienced and certified by the public utility to the Commission and the Commission has approved the increased rates. The Commission shall also consider evidence supporting expenses for depreciation, calculated on an annual basis, applicable to major components of the public utility's plant placed into service during the recorded test period or the period for certification as set forth in the application. Adjustments to revenues, operating expenses and costs of securities must be calculated on an annual basis. Within 90 days after the date on which the certification required by this subsection is filed with the Commission, or within the period set forth in subsection 2, whichever time is longer, the Commission shall make such order in reference to the increased rates as is required by this chapter. An electric utility shall file a general rate application pursuant to this subsection at least once every 24 months based on the following schedule:

(a) An electric utility that primarily serves less densely populated counties shall file a general rate application on or before October 3, 2005, and at least once every 24 months thereafter.

(b) An electric utility that primarily serves densely populated counties shall file a general rate application on or before November 15, 2006, and at least once every 24 months thereafter.

4. In addition to submitting the statement required pursuant to subsection 3, a public utility which purchases natural gas for resale may submit with its general rate application a statement showing the effects, on an annualized basis, of all expected changes in circumstances. If such a statement is filed, it must include all increases and decreases in revenue and expenses which may occur within 210 days after the date on which its general rate application is filed with the Commission if such expected changes in circumstances are reasonably known and are measurable with reasonable accuracy. If a public utility submits such a statement, the public utility has the burden of proving that the expected changes in circumstances set forth in the statement are reasonably known and are measurable with reasonable accuracy. If the Commission determines that the public utility has met its burden of proof:

(a) The Commission shall consider the statement submitted pursuant to this subsection and evidence relevant to the statement in addition to the statement required pursuant to subsection 3 as evidence in establishing just and reasonable rates for the public utility; and

(b) The public utility is not required to file with the Commission the certification that would otherwise be required pursuant to subsection 3.

5. If a public utility files with the Commission an application to make changes in any schedule and the Commission does not issue a final written order regarding the proposed changes within the time required by this section, the proposed changes shall be deemed to be approved by the Commission.

6. If a public utility files with the Commission a general rate application, the public utility shall not file with the Commission another general rate application until all pending general rate applications filed by that public utility have been decided by the Commission unless, after application and hearing, the Commission determines that a substantial financial emergency would exist if the public utility is not permitted to file another general rate application sooner. The provisions of this subsection do not prohibit the public utility from filing with the Commission, while a general rate application is pending, an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale pursuant to subsection 7 or an application to clear its deferred accounts pursuant to subsection 9, if the public utility is otherwise authorized by those provisions to file such an application.

7. A public utility may file an application to recover the increased cost of purchased fuel, purchased power, or natural gas purchased for resale once every 30 days. The provisions of this subsection do not apply to:

(a) An electric utility using deferred accounting pursuant to NRS 704.187; or

(b) A public utility which purchases natural gas for resale and which adjusts its rates on a quarterly basis between annual rate adjustment applications pursuant to subsection 8.

8. A public utility which purchases natural gas for resale must request approval from the Commission to adjust its rates on a quarterly basis between annual rate adjustment applications based on changes in the public utility's recorded costs of natural gas purchased for resale. If the Commission approves such a request:

(a) The public utility shall file written notice with the Commission before the public utility makes a quarterly rate adjustment between annual rate adjustment applications. A quarterly rate adjustment is not subject to the requirements for notice and a hearing pursuant to NRS 703.320 or the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(b) The public utility shall provide written notice of each quarterly rate adjustment to its customers by including the written notice with a customer's regular monthly bill. The public utility shall begin providing such written notice to its customers not later than 30 days after the date on which the public utility files its written notice with the Commission pursuant to paragraph (a). The written notice that is included with a customer's regular monthly bill:

(1) Must be printed separately on fluorescent-colored paper and must not be attached to the pages of the bill; and

(2) Must include the following:

(I) The total amount of the increase or decrease in the public utility's revenues from the rate adjustment, stated in dollars and as a percentage;

(II) The amount of the monthly increase or decrease in charges for each class of customer or class of service, stated in dollars and as a percentage;

(III) A statement that customers may send written comments or protests regarding the rate adjustment to the Commission; and

(IV) Any other information required by the Commission.

(c) The public utility shall file an annual rate adjustment application with the Commission. The annual rate adjustment application is subject to the requirements for notice and a hearing pursuant to NRS 703.320 and the requirements for a consumer session pursuant to subsection 1 of NRS 704.069.

(d) The proceeding regarding the annual rate adjustment application must include a review of each quarterly rate adjustment and a review of the transactions and recorded costs of natural gas included in each quarterly rate adjustment and the annual rate adjustment application. There is no presumption of reasonableness or prudence for any quarterly rate adjustment or for any transactions or recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application, and the public utility has the burden of proving reasonableness and prudence in the proceeding.

(e) The Commission shall not allow the public utility to recover any recorded costs of natural gas which were the result of any practice or transaction that was unreasonable or was undertaken, managed or performed imprudently by the public utility, and the Commission shall order the public utility to adjust its rates if the Commission determines that any recorded costs of natural gas included in any quarterly rate adjustment or the annual rate adjustment application were not reasonable or prudent.

9. Except as otherwise provided in subsection 10 and subsection 5 of NRS 704.100, if an electric utility using deferred accounting pursuant to NRS 704.187 files an application to clear its deferred accounts and to change one or more of its rates based upon changes in the costs for purchased fuel or purchased power, the Commission, after a public hearing and by an appropriate order:

(a) Shall allow the electric utility to clear its deferred accounts by refunding any credit balance or recovering any debit balance over a period not to exceed 3 years, as determined by the Commission.

(b) Shall not allow the electric utility to recover any debit balance, or portion thereof, in an amount that would result in a rate of return during the period of recovery that exceeds the rate of return authorized by the Commission in the most recently completed rate proceeding for the electric utility.

10. Before allowing an electric utility to clear its deferred accounts pursuant to subsection 9, the Commission shall determine whether the costs for purchased fuel and purchased power that the electric utility recorded in its deferred accounts are recoverable and whether the revenues that the electric

utility collected from customers in this State for purchased fuel and purchased power are properly recorded and credited in its deferred accounts. The Commission shall not allow the electric utility to recover any costs for purchased fuel and purchased power that were the result of any practice or transaction that was undertaken, managed or performed imprudently by the electric utility.

11. If an electric utility files an application to clear its deferred accounts pursuant to subsection 9 while a general rate application is pending, the electric utility shall:

(a) Submit with its application to clear its deferred accounts information relating to the cost of service and rate design; and

(b) Supplement its general rate application with the same information, if such information was not submitted with the general rate application.

12. A utility facility identified in a 3-year plan submitted pursuant to NRS 704.741 and accepted by the Commission for acquisition or construction pursuant to NRS 704.751 and the regulations adopted pursuant thereto shall be deemed to be a prudent investment. The utility may recover all just and reasonable costs of planning and constructing such a facility.

13. [~~A PAR carrier may, in accordance with this section and NRS 704.100, file with the Commission a request to approve or change any schedule to provide volume or duration discounts to rates for telecommunication service for an offering made to all or any class of business customers. The Commission may conduct a hearing relating to the request, which must occur within 45 days after the date the request is filed with the Commission. The request and schedule shall be deemed approved if the request and schedule are not disapproved by the Commission within 60 days after the date the Commission receives the request.~~

~~14.~~] As used in this section:

(a) "Electric utility" has the meaning ascribed to it in NRS 704.187.

(b) "Electric utility that primarily serves densely populated counties" has the meaning ascribed to it in NRS 704.187.

(c) "Electric utility that primarily serves less densely populated counties" has the meaning ascribed to it in NRS 704.187.

~~[(d) "PAR carrier" has the meaning ascribed to it in NRS 704.68942.]~~

Sec. 39. NRS 704.120 is hereby amended to read as follows:

704.120 1. If, upon any hearing and after due investigation, the rates, tolls, charges, schedules or joint rates shall be found to be unjust, unreasonable or unjustly discriminatory, or to be preferential, or otherwise in violation of any of the provisions of this chapter, the Commission shall have the power to fix and order substituted therefor such rate or rates, tolls, charges or schedules as shall be just and reasonable.

2. 8. Except as otherwise provided in subsections 4 and 6, nothing in this section vests jurisdiction over a county telephone line or system in the Public Utilities Commission of Nevada.

(b) With regard to the provision of such services outside the territorial boundaries of the county, comply with any regulations and rules of the Public Utilities Commission of Nevada that would apply to a privately held company providing the same communication services.

360.825 1. Except as otherwise provided in this section, if on or after July 1, 2003, a local government acquires from another entity a public utility that provides electric service, natural gas service, [~~telecommunications~~] ***telecommunication*** service or community antenna television service:

(a) The local government shall make payments in lieu of and equal to all state and local taxes and franchise fees from which the local government is exempt but for which the public utility would be liable if the public utility was not owned by a governmental entity; and

(b) The Nevada Tax Commission shall, solely for the purpose set forth in this paragraph, annually determine and apportion the assessed valuation of the property of the public utility. For the purpose of calculating any allocation or apportionment of money for distribution among local governments pursuant to a formula required by state law which is based partially or entirely on the assessed valuation of taxable property:

(1) The property of the public utility shall be deemed to constitute taxable property to the same extent as if the public utility was not owned by a governmental entity; and

(2) To the extent that the property of the public utility is deemed to constitute taxable property pursuant to this paragraph:

(I) The assessed valuation of that property must be included in that calculation as determined and apportioned by the Nevada Tax Commission pursuant to this paragraph; and

(II) The payments required by paragraph (a) in lieu of any taxes that would otherwise be required on the basis of the assessed valuation of that property shall be deemed to constitute payments of those taxes.

2. The payments in lieu of taxes and franchise fees required by subsection 1 are due at the same time and must be collected, accounted for and distributed in the same manner as those taxes and franchise fees would be due, collected, accounted for and distributed if the public utility was not owned by a governmental entity, except that no lien attaches upon any

property or money of the local government by virtue of any failure to make all or any part of those payments. The local government may contest the validity and amount of any payment in lieu of a tax or franchise fee to the same extent as if that payment was a payment of the tax or franchise fee itself. The payments in lieu of taxes and franchise fees must be reduced if and to the extent that such a contest is successful.

3. The provisions of this section do not:

(a) Apply to the acquisition by a local government of a public utility owned by another governmental entity, except a public utility owned by another local government for which any payments in lieu of state or local taxes or franchise fees was required before its acquisition as provided in this section.

(b) Require a local government to make any payments in lieu of taxes or franchise fees to the extent that the making of those payments would cause a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.

(c) Require a county to duplicate any payments in lieu of taxes required pursuant to NRS 244A.755.

➥ the local government shall enter into an interlocal agreement with each affected local government to compensate the affected local government each fiscal year, as nearly as practicable, for the amount of any money from state and local taxes and franchise fees and from payments in lieu of those taxes and franchise fees, and for any compensation from a local government pursuant to this section, the affected local government would be entitled to receive but will not receive because of the acquisition of that public utility or expansion of those facilities as provided in this section.

2. An affected local government may waive any or all of the compensation to which it may be entitled pursuant to subsection 1.

3. The provisions of this section do not require a:

(a) Local government to provide any compensation to an affected local government to the extent that the provision of that compensation would cause

a deficiency in the money available to the local government to make required payments of principal of, premium, if any, or interest on any bonds or other securities issued to finance the acquisition of that public utility or expansion of those facilities, or to make required payments to any funds established under the proceedings under which those bonds or other securities were issued.
