Senate Bill No. 443.

Bill read third time.

Remarks by Assemblyman Oceguera.

Assemblyman Oceguera requested that his remarks be entered in the Journal.

In his State of the State, Governor Gibbons proposed $10 million in one-shots to be appropriated to the Nevada Cancer Institute for expansion of the institute's facility. In the executive budget, the Governor included another $10 million to fund the institute's ongoing operations. Both of those appropriations were included in the original version of SB 443. After the bill came out of drafting in late March, the Governor's office submitted a budget modification to indicate that a mistake had been made: The second portion of the appropriation—the $10 million for operations—should have been funded from ongoing funds. The budget modification stated specifically that "these funds are to be considered ongoing for this program in future bienniums.

As the members of this body know, the amounts of the cancer institute appropriation were reduced to $5 million in one-shot funds and $5 million in ongoing funds, and various other one-shot appropriations were amended into the bill by the Senate. The Governor's budget modification language for the cancer institute did not make it into the revised bill, so I'd like to state for the record that that the appropriations referenced in Sections 4 and 6, for $2.5 million in each year of the next biennium, are being paid out of ongoing funds. As such, it is the intent of this body that these funds be considered ongoing for this program in future biennia.

Bill ordered reprinted, engrossed and to third reading.

Senate Bill No. 185.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 1157.

AN ACT relating to education; revising provisions governing the award of grants from the Account for Programs for Innovation and the Prevention of Remediation by the Commission on Educational Excellence; requiring the Commission to report certain information concerning allocations from the Account; revising provisions governing the use of money in the Account; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Commission on Educational Excellence is required to establish a program of educational excellence for pupils enrolled in kindergarten through grade 6 in public schools. The Commission is authorized to allocate grants of money from the Account for Programs for Innovation and the Prevention of Remediation in the State General Fund to school districts and public schools for certain programs designed for the achievement of pupils and for innovative programs. (NRS 385.3781-385.379)

Section 2 of this bill requires the Commission to establish guidelines for reviewing, evaluating and approving applications for grants of money from the Account. Section 2 directs that the guidelines include consideration of the list of priorities of schools provided to the Commission by the Department of Education and revises the contents of that list. Section 2 also requires each school district to provide assistance, upon the request of a public school within the school district, in the development of an application for a grant. Section 2 provides that the Commission shall not award a grant of money from the Account for a program of full-day kindergarten. Section 3 of this bill identifies specific information relating to allocations from the Account that the Commission is required to include in its annual report on the Account.

Section 4 of this bill places a limitation on the amount of money that may be expended from the Account each biennium for expenses incurred by members of the Commission to travel to the school districts and schools that receive allocations from the Account. Section 4 also authorizes the Commission to spend a maximum amount of money from the Account each biennium for: (1) the costs incurred by the Commission to hold meetings and conferences for recipients of allocations from the Account to discuss or display effective programs, practices and strategies; and (2) an evaluation of the programs that received allocations from the Account by an independent consultant.

Conference Amendment No. CA29.

AN ACT relating to ~~[manufactured home parks;]~~ **housing; authorizing a person who makes a payment toward the purchase of a manufactured home to bring an action to rescind a contract or recover damages under certain circumstances;** revising the provisions relating to the review of rental agreements and other residency documents; revising the provisions relating to certain repairs to a manufactured home; making changes pertaining to rules and regulations of a manufactured home park; revising the provisions relating to meetings between a landlord and tenants under certain circumstances; requiring a landlord to pay certain costs associated with the conversion of a manufactured home park; increasing the amount of the limitation on the lien of a landlord; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law **regulates manufactured home parks and various activities of landlords and tenants in those parks. (Chapter 118B of NRS) Section**

3 of this bill provides that, if a person makes a payment toward the purchase of a manufactured home in reasonable reliance upon a prospectus or any other material written statement contained in promotional materials relating to the manufactured home, and if the prospectus or written statement is proven to be false or misleading, the person may bring an action to rescind a contract or to recover damages and reasonable attorney's fees from the landlord or manufactured home dealer.

Existing law establishes provisions relating to rental agreements and other residency documents. (NRS 118B.040) Section ~~[1]~~ **5** of this bill removes the requirement that a landlord must allow a tenant to review such documents for 72 hours during which time a landlord is not prevented from accepting another tenant for the same residency. Instead, section ~~[1]~~ **5** requires a landlord **before requiring or accepting any application fee,** to give a prospective tenant a copy of the rental agreement, a copy of the rules and regulations of the manufactured home park, any existing notices of the sale, closure or conversion of the manufactured home park**, the criteria used in deciding whether to accept an applicant, the maintenance responsibilities of the landlord** and any other residency documents **.** ~~[before requiring or accepting any application fee.]~~

Existing law sets forth requirements relating to the repair of a manufactured home and prohibits a landlord from allowing a third party to make such repairs under certain circumstances. (NRS 118B.097) Section ~~[2]~~ **7** of this bill replaces a prohibition on allowing a third party to make repairs that affect life, health or safety with a list of specific repairs that a landlord may not allow a third party to make. Section ~~[2]~~ **7** also prohibits landlords from employing certain persons to make such repairs. Further, section ~~[2]~~ **7** requires the Administrator of the Manufactured Housing Division of the Department of Business and Industry to adopt regulations to specify the repairs that a person without an applicable license may make to a manufactured home.

Section ~~[3]~~ **8** of this bill revises the provisions relating to a landlord's adoption of rules and regulations concerning a manufactured home park and provides that a properly adopted or amended rule or regulation supersedes any inconsistent prior rule or regulation. (NRS 118B.100) Section ~~[3]~~ **8** also requires a landlord to provide a copy of such rules and regulations to a tenant at the time the tenant enters into a rental agreement.

Existing law establishes provisions relating to meetings between a landlord and representative groups of tenants to hear complaints and suggestions regarding a manufactured home park. (NRS 118B.110) Section ~~[4]~~ **9** of this bill provides for a natural person designated by the owner to meet with tenants for such purposes. Section ~~[4]~~ **9** also prohibits a manager from meeting with tenants for such purposes unless the manager, the landlord and the owner are all the same natural person.

Existing law requires a landlord to pay to a tenant **the costs of moving the tenant or** the fair market value of a manufactured home under certain circumstances during the **closing or** conversion of a manufactured home park. (NRS **118B.130, 118B.177, 118B.180,** 118B.183) ~~[Section 5]~~ **Sections 10-13** of this bill ~~[requires]~~ **require** a landlord to pay costs associated with **moving a tenant's manufactured home to a new location in this State or another state that is within 100 miles from the manufactured home park and to pay various other costs for the tenant, including** determining the **fair** market value of ~~[such manufactured homes]~~ **the manufactured home** and the reasonable cost of removing and disposing of ~~[such homes.]~~ **the manufactured home.**

Section ~~[6.5]~~ **15** of this bill increases the limitation on the amount of a lien that a landlord may hold for the total amount due and unpaid for rentals and utilities from $2,000 to ~~[$5,000.]~~ **$2,500.**

Sec. 16. **NRS 278.0209 is hereby amended to read as follows:**

278.0209 1. In any ordinance relating to the zoning of land adopted or amended by a governing body, the definition of "single-family residence" must include factory-built housing that has been built in compliance with the standards for single-family residential dwellings of the Uniform Building Code most recently adopted by the International Conference of Building Officials.

2. An ordinance of the governing body may require factory-built housing to comply with standards for safety which exceed the standards prescribed in subsection 1 if a single-family residential dwelling on the same lot is also required to comply with those standards.

3. The governing body shall adopt the same standards for development for the factory-built housing and the lot on which it is placed as those to which a conventional single-family residential dwelling on the same lot would be subject, including, but not limited to:

(a) Requirements for the setback of buildings.

(b) Side and rear-yard requirements.

(c) Standards for enclosures, access and the parking of vehicles.

(d) Aesthetic requirements.

(e) Requirements for minimum square footage.

(f) Requirements for design, style and structure.

4. The governing body may prohibit the installation of factory-built housing in a specified area if:

(a) More than ~~[5]~~ ***6*** years have elapsed between the date of manufacture of factory-built housing and the date of the application for the issuance of a permit to install factory-built housing in the affected area; or

(b) The area contains a building, structure or other object having a special character or special historical interest or value.

5. As used in this section, "factory-built housing" has the meaning ascribed to it in NRS 461.080.

6. The provisions of this section do not abrogate a recorded restrictive covenant.

Sec. 17. **NRS 278.02095 is hereby amended to read as follows:**

278.02095 1. Except as otherwise provided in this section, in an ordinance relating to the zoning of land adopted or amended by a governing body, the definition of "single-family residence" must include a manufactured home.

2. Notwithstanding the provisions of subsection 1, a governing body shall adopt standards for the placement of a manufactured home that will not be affixed to a lot within a mobile home park which require that:

(a) The manufactured home:

(1) Be permanently affixed to a residential lot;

(2) Be manufactured within the ~~[5]~~ ***6*** years immediately preceding the date on which it is affixed to the residential lot;

(3) Have exterior siding and roofing which is similar in color, material and appearance to the exterior siding and roofing primarily used on other single-family residential dwellings in the immediate vicinity of the manufactured home, as established by the governing body;

(4) Consist of more than one section; and

(5) Consist of at least 1,200 square feet of living area unless the governing body, by administrative variance or other expedited procedure established by the governing body, approves a lesser amount of square footage based on the size or configuration of the lot or the square footage of single-family residential dwellings in the immediate vicinity of the manufactured home; and

(b) If the manufactured home has an elevated foundation, the foundation is masked architecturally in a manner determined by the governing body.

➥ The governing body of a local government in a county whose population is less than 40,000 may adopt standards that are less restrictive than the standards set forth in this subsection.

3. Standards adopted by a governing body pursuant to subsection 2 must be objective and documented clearly and must not be adopted to discourage or impede the construction or provision of affordable housing, including, without limitation, the use of manufactured homes for affordable housing.

4. Before a building department issues a permit to place a manufactured home on a lot pursuant to this section, other than a new manufactured home, the owner must surrender the certificate of ownership to the Manufactured Housing Division of the Department of Business and Industry. The Division shall provide proof of such a surrender to the owner who must submit that proof to the building department.

5. The provisions of this section do not abrogate a recorded restrictive covenant prohibiting manufactured homes nor do the provisions apply within the boundaries of a historic district established pursuant to NRS 384.005 or 384.100. An application to place a manufactured home on a residential lot pursuant to this section constitutes an attestation by the owner of the lot that the placement complies with all covenants, conditions and restrictions placed on the lot and that the lot is not located within a historic district.

6. As used in this section:

(a) "Manufactured home" has the meaning ascribed to it in NRS 489.113.

Conference Amendment No. CA44.

SUMMARY—Makes various changes to provisions governing ~~[driver's licenses and public safety.]~~ **transportation.** (BDR 43-642)

AN ACT relating to ~~[public safety;]~~ **transportation;** revising provisions relating to services provided for the control of vehicular traffic related to a special event; requiring proof of insurance to be contained in an application for the registration of a motor vehicle; transferring certain duties for training peace officers from the Department of Motor Vehicles to the Department of

Public Safety; revising provisions governing the revocation of driver's licenses; prohibiting a person who has a temporary driver's license from obtaining another temporary license in certain circumstances; revising provisions governing the issuance of motor vehicle insurance; revising provisions relating to the security that must be deposited when a report of certain motor vehicle accidents involving injury, death or damage to property is received by the Department of Motor Vehicles; **requiring certain employees of the Nevada Transportation Authority to receive certain training; changing the name of the "Transportation Services Authority" to the "Nevada Transportation Authority"; requiring the Authority to appoint a Deputy Commissioner; providing the qualifications and duties of the Deputy Commissioner;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that the Nevada Highway Patrol may enter into a contract with any person to provide services for the control of vehicular traffic related to a special event. (NRS 480.340) Section 1 of this bill provides that any qualified personnel of the Department of Public Safety, as well as the Nevada Highway Patrol, may provide services for the control of vehicular traffic pursuant to the contract.

Section 1.3 of this bill requires an application for the registration of a motor vehicle to contain proof satisfactory to the Department of Motor Vehicles that the applicant ~~[has provided the insurance required by law;]~~ **carries insurance on the vehicle,** in lieu of signing a declaration indicating that he has provided the insurance. (NRS 482.215, 485.185)

Section 1.7 of this bill transfers the duty of training peace officers in identifying and handling drivers who suffer from a diabetic condition or epileptic seizures from the Department of Motor Vehicles to the Department of Public Safety. (NRS 483.348)

Existing law requires the Department of Motor Vehicles to revoke the driver's license of a person who is convicted of certain felonies involving the use of a vehicle. Existing law further requires the Department to set aside the revocation during any period of imprisonment until the period of imprisonment is completed or until the person has been placed on residential confinement. (NRS 483.460) Sections 2, 11 and 12 of this bill provide instead that the revocation will resume when the Department is notified by the Department of Corrections or the Department of Public Safety that the person has completed his period of imprisonment or has been placed on residential confinement or parole.

Existing law requires a law enforcement officer to revoke the driver's license, permit or privilege to drive of a person who has a concentration of alcohol of 0.08 or more in his blood or breath or who is found to have a detectable amount of a prohibited substance in his blood or urine. The officer is required to advise the person of his right to administrative and judicial review of the revocation and to have a temporary license, valid for 7 days,

which the officer must issue upon request. (NRS 484.385) In addition, if the person requests administrative review of the revocation, the Department of Motor Vehicles is required to issue an additional temporary license which is valid for a period sufficient to complete the administrative review. (NRS 484.387) Sections 3-6 of this bill provide that a person driving with a temporary permit is not entitled to receive an additional temporary permit if he is found again to have driven with a prohibited amount of alcohol in his blood or breath or a prohibited substance in his blood or urine.

Existing law requires each owner of a motor vehicle to maintain a certain amount of insurance against bodily injury or death. (NRS 485.185) Section 7 of this bill requires that such insurance must be obtained from a company that is licensed and has been approved to do business in this State.

Existing law requires the Department of Motor Vehicles to suspend the driver's license or privilege to drive and the motor vehicle registrations of each owner of a motor vehicle involved in a motor vehicle accident involving injury or death when it is determined that the required security has not been deposited and the person has not been released from liability and has not executed an agreement to pay in installments. Existing law requires notice of the suspension to be sent to the person at least 10 days before the effective date of the suspension. (NRS 485.190) Section 8 of this bill requires the suspension to be effective immediately after the determination is made unless the person immediately deposits the security at the hearing.

Under existing law, the Transportation Services Authority regulates fully regulated carriers, operators of tow cars and brokers of regulated services as provided for in chapter 706 of NRS. (NRS 706.151) Sections 13 and 23-25 of this bill change the name of the Transportation Services Authority to the Nevada Transportation Authority.

Section 19 of this bill requires the Authority to adopt regulations specifying the training which its compliance enforcement officers must receive.

Existing law allows the Authority to appoint a Deputy and employ other persons as needed. (NRS 706.176) Section 27 of this bill requires the Authority to appoint a Deputy Commissioner and sets forth the qualifications and duties for the position. Section 27 also requires the Authority to employ compliance enforcement officers and sets forth the duties for those positions.

Existing law provides that an employee designated as an inspector or as Manager of Transportation by the Authority is a peace officer and has police powers. (NRS 289.320) Section 14 of this bill amends this provision to apply only to inspectors.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

3. As agent for the Department, the officer who obtained the result of a test given pursuant to NRS 484.382 or 484.383 shall immediately serve an order of revocation of the license, permit or privilege to drive on a person who has a concentration of alcohol of 0.08 or more in his blood or breath or has a detectable amount of a prohibited substance in his blood or urine, if that person is present, and shall seize his license or permit to drive. The officer shall then advise him of his right to administrative and judicial review of the revocation ~~[and to have a]~~ ***pursuant to NRS 484.387 and, except as otherwise provided in this subsection, that he has a right to request a*** temporary license ***.*** ~~[, and]~~ ***If the person currently is driving with a temporary license that was issued pursuant to this section or NRS 484.387, he is not entitled to request an additional temporary license pursuant to this section or NRS 484.387, and the order of revocation issued by the officer must revoke the temporary license that was previously issued. If the person is entitled to request a temporary license, the officer*** shall issue him a temporary license on a form approved by the Department if he requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately transmit the person's license or permit to the Department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had a concentration of alcohol of 0.08 or more in his blood or breath or had a detectable amount of a prohibited substance in his blood or urine, the officer shall immediately prepare and transmit to the Department, together with the seized license or permit and a copy of the result of the test, a written certificate that he had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle with a concentration of alcohol of 0.08 or more in his blood or breath or with a detectable amount of a prohibited substance in his blood or urine, as determined by a chemical test. The certificate must also indicate whether the officer served an order of revocation on the person and whether he issued the person a temporary license.

3. The Department, upon receipt of such a certificate for which an order of revocation has not been served, after examining the certificate and copy of the result of the chemical test, if any, and finding that revocation is proper, shall issue an order revoking the person's license, permit or privilege to drive by mailing the order to the person at his last known address. The order must indicate the grounds for the revocation and the period during which the person is not eligible for a license, permit or privilege to drive and state that

the person has a right to administrative and judicial review of the revocation and to have a temporary license. The order of revocation becomes effective 5 days after mailing.

4. Notice of an order of revocation and notice of the affirmation of a prior order of revocation or the cancellation of a temporary license provided in NRS 484.387 is sufficient if it is mailed to the person's last known address as shown by any application for a license. The date of mailing may be proved by the certificate of any officer or employee of the Department, specifying the time of mailing the notice. The notice is presumed to have been received upon the expiration of 5 days after it is deposited, postage prepaid, in the United States mail.

Sec. 4. NRS 484.385 is hereby amended to read as follows:

If the person is entitled to request a temporary license, the officer*** shall issue him a temporary license on a form approved by the Department if he requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately transmit the person's license or permit to the Department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had a concentration of alcohol of 0.10 or more in his blood or breath or had a detectable amount of a prohibited substance in his blood or urine, the officer shall immediately prepare and transmit to the Department, together with the seized license or permit and a copy of the result of the test, a written certificate that he had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle with a concentration of alcohol of 0.10 or more in his blood or breath or with a detectable amount of a prohibited substance in his blood or urine, as determined by a chemical test. The certificate must also indicate whether the officer served an order of revocation on the person and whether he issued the person a temporary license.

3. SUMMARY— ~~[Revises provisions relating to sex offenders and offenders convicted of a crime against a child.]~~ **Makes various changes to provisions related to sex offenders, offenders convicted of a crime against a child and other criminal offenders.** (BDR 14-1426)

AN ACT relating to public safety; revising the provisions concerning certain sex offenders who are on lifetime supervision or released on parole, probation or a suspended sentence; requiring incarcerated sex offenders and offenders convicted of a crime against a child to register with a local law enforcement agency before being released from prison; requiring sex offenders and offenders convicted of a crime against a child who have not provided a biological specimen to provide a biological specimen at the time of registration with a local law enforcement agency; increasing the minimum sentence for certain sexual offenses committed against a child; revising the penalty for a violation of a condition imposed pursuant to the program of lifetime supervision; **revising provisions concerning the procedures for meetings to consider prisoners for parole;** making various other changes to provisions relating to certain offenders; providing penalties; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth certain conditions to be imposed on sex offenders placed under a program of lifetime supervision or released on parole, probation or a suspended sentence. (NRS 176A.410, 213.1243, 213.1245, 213.1255) Under sections 2, 8 and 10 of this bill, if an offender is: (1) convicted of certain crimes against a child under the age of 14 years; (2) a Tier 3 offender; and (3) placed under a program of lifetime supervision or released on parole, probation or a suspended sentence, the offender must not establish a residence within 1,000 feet of certain locations frequented primarily by children and must be placed under a system of active electronic monitoring if the Chief Parole and Probation Officer deems such monitoring appropriate. Sections 2, 8 and 10 also require an offender placed under a system of active electronic monitoring to pay to the extent of his ability any costs associated with such monitoring and prohibit a person from removing or disabling an electronic monitoring device without authorization.

In addition, sections 2, 8 and 9 of this bill prohibit certain sex offenders from being within 500 feet of certain locations frequented primarily by children. Section 8 also requires a court that issues an arrest warrant for a violation of a condition imposed pursuant to the program of lifetime supervision to transmit notice of the issuance of the warrant to the Central Repository for Nevada Records of Criminal History within 3 business days.

Existing law requires a sex offender or an offender convicted of a crime against a child to register with a local law enforcement agency within 48 hours after arriving or establishing a residence in the jurisdiction of the local law enforcement agency. (NRS 179D.240, NRS 179D.460) Section 3 of this bill requires an incarcerated offender convicted of a crime against a child to register, before being released from prison, with the appropriate local law enforcement agency in whose jurisdiction the offender will be a resident offender upon release. Section 5 of this bill requires an incarcerated sex offender to register, before being released, with the appropriate law enforcement agency in whose jurisdiction the sex offender will be a resident sex offender upon release.

Existing law requires a court to order, at sentencing, that a biological specimen be obtained from a person convicted of certain crimes. (NRS 176.0913) Section 4 of this bill requires an offender convicted of a crime against a child to provide a biological specimen at the time the offender registers with a local law enforcement agency if the offender has not already provided a biological specimen. Section 6 of this bill requires a sex offender to provide a biological specimen at the time the sex offender registers with a local law enforcement agency if the sex offender has not already provided a biological specimen.

Existing law establishes the imposition of minimum sentences for certain sexual offenses committed against a child. (NRS 200.366) Section 7 of this bill increases the minimum number of years that must be served before a person is eligible for parole for committing a sexual assault against a child

under the age of 16 years that does not result in substantial bodily harm to the child from 20 to 25 years. Section 7 also increases the minimum number of years that must be served before a person is eligible for parole for committing a sexual assault against a child under the age of 14 years that does not result in substantial bodily harm to the child from 20 to 35 years.

Section 10.5 of this bill clarifies the procedure concerning meetings to consider prisoners for parole by specifying that such meetings are quasi-judicial and limited to the rights set forth in statute. In addition, section 10.5 requires the State Board of Parole Commissioners to provide reasonable notice of a meeting and an opportunity to be present at the meeting to a prisoner who will be considered for parole. Parole may not be denied at a meeting unless the Board has complied with those requirements. Section 10.5 further provides that a prisoner or his representative must be allowed to speak during a meeting to consider the prisoner for parole and requires the Board to provide written notice of its decision and any recommendations it may have to the prisoner not later than 10 working days after the meeting. (NRS 213.130)

Sections 11 and 12 of this bill reconcile the provisions of Assembly Bill No. 579 of this session with the provisions of this bill.

Sections 13 and 14 of this bill make appropriations to the State Motor Pool and the Division of Parole and Probation of the Department of Public Safety.

Conference Amendment No. CA34.

SUMMARY—Revises provisions relating to water resources in certain counties. (BDR ~~[S-183)]~~ **48-183)**

AN ACT relating to water; ~~[creating an Advisory Subcommittee of the]~~ **providing for the regional management and conservation of water resources in certain portions of** Washoe County **; creating the Western** Regional Water ~~[Planning]~~ Commission; ~~[requiring]~~ **setting forth the powers and duties of** the **Western Regional Water** Commission ~~[, in conjunction with the Subcommittee, to assess and examine certain matters pertaining to the availability and responsible use of water within Washoe County and to submit a report to the Legislature in connection therewith;]~~ **; creating the Northern Nevada Water Planning Commission to advise and assist the Western Regional Water Commission; repealing certain provisions relating to regional planning and management of water in certain counties;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing general law provides for regional planning and management of water by a water planning commission in counties whose population is 100,000 or more but less than 400,000 (currently Washoe County). Under that general law, a board of county commissioners is required to adopt a comprehensive plan for the supply of municipal and industrial water, quality of water, sanitary sewerage, treatment of sewage, drainage of storm water and control of floods and is required to take action by a two-thirds majority. This general law also provides for a water planning commission, which reports to and advises the board of county commissioners concerning issues relating to water resources. (NRS 540A.010-540A.310)

~~[Section 2 of this bill creates an Advisory Subcommittee of the Washoe County Regional Water Planning Commission. The Subcommittee consists of six members, including two Legislators appointed, respectively, by the Majority Leader of the Senate and the Speaker of the Assembly and four members of the general public who are appointed by the four purveyors of water in Washoe County: (1) the South Truckee Meadows General Improvement District; (2) the Sun Valley General Improvement District; (3) the Truckee Meadows Water Authority; and (4) Washoe County.~~

~~Section 3 of this bill requires the Commission, in conjunction with the Subcommittee, to make assessments, determinations and recommendations regarding several issues pertaining to the availability and responsible use of water within Washoe County.~~

~~Section 4 of this bill requires the Commission, in conjunction with the Subcommittee, to report on the activities carried out pursuant to section 3 and submit that report, accompanied by any recommendations for legislation, to the 75th Session of the Nevada Legislature.]~~ **This bill repeals various provisions of that general law and creates by special legislation a new structure for regional planning of water resources in certain portions of Washoe County based on the unique conditions and circumstances existing in those areas. Under the Nevada Constitution, the Legislature may pass a special or local law if the subject matter of the law does not fall within one of certain enumerated categories and a general law cannot be made applicable because of special circumstances and conditions. (Nev. Const. Art. 4, §§ 20, 21) Section 4 of this bill specifies the unique conditions and circumstances in these portions of Washoe County that justify special legislation for the purpose of regional planning and management of water resources.**

Sections 23 and 25-28 of this bill create the Western Regional Water Commission (Regional Water Commission), which is governed by a Board of Trustees consisting of representatives of various public entities and interests. Sections 36-41 of this bill create the Northern Nevada Water Planning Commission (Water Planning Commission), which reports to and advises the Board of Trustees of the Regional Water Commission.

Section 24 of this bill authorizes the City of Reno, City of Sparks, Washoe County, Sun Valley General Improvement District, South Truckee Meadows General Improvement District and Truckee Meadows Water Authority to provide certain additional power and duties to the Regional Water Commission by cooperative agreement. The cooperative agreement must be entered into before April 1, 2008.

Sections 34-52 of this bill require the development and adoption of a comprehensive plan for the area over which the Regional Water Commission has jurisdiction, which must address the supply of municipal and industrial water, quality of water, sanitary sewerage, treatment of sewage, drainage of storm water and control of floods.

Sections 30-35 of this bill authorize the Board of Trustees to: (1) plan for the implementation of a mechanism for scheduling the delivery of water supplies held by certain water purveyors before April 1, 2008; (2) develop a plan for the establishment of service territories by which those purveyors may provide new water service provided on and after April 1, 2008, if each of the public purveyors agree to the plan; (3) impose a fee for the planning and administration of certain activities; and (4) plan for water conservation by various means.

Section 56 of this bill creates a temporary statutory legislative committee to oversee the programs and activities of the Regional Water Commission.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Delete existing sections 1 through 6 of this bill and replace with the following new sections 1 through 57:

SPECIAL ORDERS OF THE DAY

Vetoed Assembly Bill No. 364 of the 74th Session.
Governor’s message stating his objections read.

OFFICE OF THE GOVERNOR

June 4, 2007

The Honorable Barbara Buckley, *Speaker of the Assembly*, Legislative Building, 401 South Carson Street, Carson City, Nevada, 89701

RE: Assembly Bill No. 364 of the 74th Session

DEAR SPEAKER BUCKLEY:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 364, which is entitled:

> AN ACT relating to criminal procedure; authorizing a defendant to submit a statement concerning the results of a preliminary hearing to a grand jury; and providing other matters properly relating thereto.

This bill would allow a defendant in a criminal proceeding to make a statement to a grand jury regarding certain findings from a preliminary hearing. This would result in a dramatic and unwarranted departure from existing criminal justice procedure in Nevada.

The purpose of the grand jury is not to try a case, but to establish whether cause exists to issue an indictment. This bill would open the door to future changes to the fundamental nature of grand jury proceedings. The rights of defendants are already adequately protected during the grand jury phase, from the right of the grand jury to call witnesses to the obligation of a prosecuting attorney to submit exculpatory evidence to the grand jury.

The grand jury system is a fair and workable system that protects the rights of defendants and there is no compelling need to change it.

For all of these reasons, I hereby exercise my constitutional grant of authority and veto Assembly Bill No. 364.

Sincerely,
JIM GIBBONS
Governor

UNFINISHED BUSINESS

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 625.

The following Senate amendment was read:

Amendment No. 1108.

AN ACT relating to court programs; reducing the allocation of administrative assessments for use by the Supreme Court to provide an allocation for specialty court programs; eliminating the requirement that the Court Administrator submit a domestic violence report in 2009; ~~[removing the provision that allows participation in biweekly counseling sessions instead of weekly sessions for persons who commit domestic battery and reside in an area where counseling programs are not offered;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires that 60 percent of the proceeds from certain administrative assessments be distributed to the Court Administrator for use by the Supreme Court. (NRS 176.059) Section 1 of this bill reduces that allocation to 48 percent and requires the remaining 12 percent to be allocated for use by specialty court programs.

Existing law requires the Court Administrator to submit to the Director of the Legislative Counsel Bureau biennially a written report concerning the effectiveness of counseling programs for persons who commit domestic violence. (NRS 1.360) Sections 2 and 3 of this bill eliminate this requirement after 2007.

~~[Existing law authorizes a court, until June 30, 2009, to allow a person to participate in counseling sessions on a biweekly basis instead of weekly if the person lives more than 70 miles from the nearest location at which counseling services are available. (NRS 200.485) Section 4 of this bill eliminates this authority, resulting in a requirement of counseling on a weekly basis, after June 30, 2007.]~~

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 176.059 is hereby amended to read as follows:

176.059 1. Except as otherwise provided in subsection 2, when a defendant pleads guilty or is found guilty of a misdemeanor, including the violation of any municipal ordinance, the justice or judge shall include in the sentence the sum prescribed by the following schedule as an administrative assessment and render a judgment against the defendant for the assessment:

Fine	Assessment
$5 to $49	$25
50 to 59	40
60 to 69	45
70 to 79	50
80 to 89	55
90 to 99	60
100 to 199	70
200 to 299	80
300 to 399	90
400 to 499	100
500 to 1,000	115

If the justice or judge sentences the defendant to perform community service in lieu of a fine, the justice or judge shall include in the sentence the amount of the administrative assessment that corresponds with the fine for which the defendant would have been responsible as prescribed by the schedule in this subsection.

2. The provisions of subsection 1 do not apply to:

If bail is forfeited, the administrative assessment included in the amount posted for bail pursuant to this subsection must be disbursed in the manner set forth in subsection 5 or 6. If the defendant is found not guilty or the charges are dismissed, the money deposited with the court must be returned to the defendant. If the justice or judge cancels a fine because the fine has been determined to be uncollectible, any balance of the fine and the administrative assessment remaining unpaid shall be deemed to be uncollectible and the defendant is not required to pay it. If a fine is determined to be uncollectible, the defendant is not entitled to a refund of the fine or administrative assessment he has paid and the justice or judge shall not recalculate the administrative assessment.

4. If the justice or judge permits the fine and administrative assessment to be paid in installments, the payments must be first applied to the unpaid balance of the administrative assessment. The city treasurer shall distribute

partially collected administrative assessments in accordance with the requirements of subsection 5. The county treasurer shall distribute partially collected administrative assessments in accordance with the requirements of subsection 6.

5. The money collected for administrative assessments in municipal court must be paid by the clerk of the court to the city treasurer on or before the fifth day of each month for the preceding month. The county treasurer shall provide, upon request by a justice court, monthly reports of the revenue credited to and expenditures made from the special revenue fund.

(c) The remainder of each assessment to the State Controller for credit to a special account in the State General Fund.

7. Money used to improve the operations of the court may include expenditures for:

(a) Training and education of personnel;

Legislative Counsel's Digest:

Section 6 of this bill requires a provider of health care to ensure that a woman receives, as part of the routine prenatal care recommended for all pregnant women during the first trimester of pregnancy, a test for the human immunodeficiency virus unless the woman chooses not to be tested. Section 6 requires a provider of health care to ensure that a pregnant woman receives a test for human immunodeficiency virus during her third trimester if she receives health care in a jurisdiction with a high prevalence of human immunodeficiency virus or acquired immunodeficiency syndrome among women of child-bearing age or in a high-risk clinical setting or if she reports that she has one or more of the risk factors identified by the Centers for Disease Control and Prevention, unless the woman chooses not to be tested. Section 6 also requires a provider of health care to ensure that a pregnant woman receives a rapid test for the human immunodeficiency virus during childbirth if she has not been tested for the human immunodeficiency virus earlier during her pregnancy or the results of an earlier test are not available, unless the woman chooses not to be tested. If a rapid test is administered and the result of the rapid test is positive, the provider of health care must offer to initiate antiretroviral prophylaxis as soon as practicable without waiting for the results of any other test administered to confirm the result of the rapid test.

Section 7 of this bill requires a provider of health care who attends or assists at the delivery of a child to ensure that a test for the human immunodeficiency virus is performed on the child if the mother has not been tested for the human immunodeficiency virus earlier during her pregnancy or the results of an earlier test are not available, unless a parent or legal guardian of the child objects that performance of the test is contrary to the religious beliefs of the parent or legal guardian.

Section 10 of this bill requires a provider of health care to ensure that, before a woman or newborn child receives any test set forth in this bill, the woman or the parent or legal guardian of the newborn child receives a pamphlet containing information about the human immunodeficiency virus, the test offered pursuant to this bill, the right to refuse the test and other relevant information.

Conference Amendment No. CA40.

SUMMARY—Revises provisions governing the compensation **and reimbursement** of certain elected county officers. (BDR 20-225)

AN ACT relating to public officers; revising the provisions governing the compensation of certain elected county officers; **revising certain provisions relating to the payment of per diem allowances and travel expenses;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill increases, by ~~[3]~~ **4** percent for each of Fiscal Years 2007-2008, 2008-2009, 2009-2010 and 2010-2011, the maximum amount at which the board of county commissioners may set the annual salary for a county commissioner of that county. Section 1 also increases ~~[, by 3 percent for each of Fiscal Years 2007-2008, 2008-2009, 2009-2010 and 2010-2011,]~~ the compensation to be paid to certain other elected county officers. **For Fiscal Year 2007-2008, the total increase is 7 percent, which includes a base salary increase of 4 percent and an additional increase in compensation of 3 percent. For each of Fiscal Years 2008-2009, 2009-2010 and 2010-2011, the increase in compensation is 3 percent.** (NRS 245.043)

Under existing law, a board of county commissioners must reimburse an eligible county or township officer or employee of the county for the actual living expenses incurred during travel conducted for the transaction of public business and may allow reimbursement for traveling by private conveyance, but if a private conveyance is used for reasons of personal convenience in the transaction of state business, the standard mileage reimbursement rate for traveling by private conveyance is limited to one-half the established rate for which a deduction is allowed for the purposes of federal income tax. (NRS 245.060, 281.160) Section 2.5 of this bill allows the board of county commissioners of a county to provide to such an officer or employee a per diem allowance and travel expenses at the full rate established for employees of the Federal Government, provided that the travel for the

transaction of public business is for a period of not more than 5 consecutive working days at a time.

Pursuant to section 3 of this bill, the increases **in salary and compensation** applicable **pursuant** to ~~[,]~~ **section 1 of this bill for:** (1) Fiscal Year 2007-2008, become effective on July 1, 2007; (2) Fiscal Year 2008-2009, become effective on July 1, 2008; (3) Fiscal Year 2009-2010, become effective on July 1, 2009; and (4) Fiscal Year 2010-2011, become effective on July 1, 2010. However, section 4 of this bill authorizes a county that has not commenced payment of the increased annual salaries to request and receive a waiver from payment of the increases based on insufficient financial resources. If a waiver is granted for any fiscal year, section 4 prohibits retroactive payment of the increases for that fiscal year.

Section 1 **of this bill** also changes the salary classification of Storey County ~~[,]~~ **to the category of a county of class 4,** thereby increasing the amount of the annual salaries paid to its elected county officers. **Section 3.5 of this bill provides that the change in the salary classification of Storey County is retroactive to January 1, 2003, for the purpose of determining the maximum salary payable to members of the board of county commissioners of Storey County.** Section 2 of this bill clarifies that county commissioners are eligible for longevity pay. (NRS 245.044)

Where it appears to the satisfaction of the board of county commissioners that travel by private conveyance is more economical, or where it appears that, owing to train, airplane or bus schedules or for other reasons, travel by public conveyance is impractical, or in case a part of the route traveled is not covered by public conveyance, the board of county commissioners, in its discretion, may allow for traveling by private conveyance an amount not to exceed the maximum per-mile allowance for travel by private conveyance of state officers and employees specified in subsection 3 of NRS 281.160.

2. The board of county commissioners of a county may provide, to any county or township officer or employee of the county who is required to travel for the transaction of public business for a period of not more than 5 consecutive working days at a time, a per diem allowance and travel expenses at the same rate as the comparable rate established for employees of the Federal Government by the Administrator of General Services pursuant to 5 U.S.C. § 5707, excluding any federal requirement, restriction or other condition which is applicable to that comparable rate.

Sec. 3. Except as otherwise provided in section 4 of this act, each county shall commence payment of the increased annual salaries of the elected officers of the county set forth in the table of annual salaries contained in subsection 2 of NRS 245.043, as amended by section 1 of this act:

1. For Fiscal Year 2007-2008, on July 1, 2007.

Sec. 4. 1. Except as otherwise provided in subsection 3, a board of county commissioners may apply to the Committee on Local Government Finance for a waiver from the requirement to increase the annual salaries of elected officers of the county to the annual salaries set forth in the table contained in subsection 2 of NRS 245.043, as amended by section 1 of this act, for any of Fiscal Years 2007-2008, 2008-2009, 2009-2010 or 2010-2011, if the board determines that the financial resources of the county are insufficient to pay those increased annual salaries in the applicable fiscal year. The Committee on Local Government Finance shall grant such a waiver

AN ACT relating to health care; revising the method of selecting certain professionals for various boards related to health care; creating a new type of license for practicing medicine; changing the requirements for a license by endorsement to practice medicine; providing new requirements for certain nursing instructors; providing two new types of licenses for osteopathic medicine; providing a new type of license as a dispensing optician; providing in statute for the election of officers for the State Board of Physical Therapy Examiners; making various other changes relating to health care; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides methods of selecting certain persons for various boards related to health care. (NRS 630.060, 630A.110, 631.130, 632.030, 633.191, 634.020, 634A.040, 635.020, 636.035, 637.030, 637A.035, 637B.100, 639.030, 640.030, 640A.080, 640B.170, 640B.180, 640C.150,

641.040, 641A.100, 641B.100 and 641C.150) Section 1 of this bill establishes new requirements related to selecting such persons if they are members of the profession being regulated by a board. Specifically, each applicable professional association is required to provide a list of nominees to the Governor for vacant positions on such boards. The Governor may, but is not required to, appoint a person from the list.

Existing law provides certain special types of licenses that the Board of Medical Examiners may issue. (NRS 630.258-630.265) Section 3 of this bill provides a new type of license for a foreign expert physician.

Existing law provides for certain persons to receive a license by endorsement to practice medicine. (NRS 630.1605) Section 7 of this bill revises the requirements for such a license.

Existing law provides that each holder of a license to practice medicine or osteopathic medicine is required to report annually certain information concerning surgeries. (NRS 630.30665, 633.524) Sections 7.5 and 54 of this act require a separate report of certain sentinel events and provide for an administrative penalty to be imposed if the holder of the license fails to file the report or knowingly files false information in a report.

Existing law provides certain requirements and the procedures for creating requirements for schools and courses of professional nursing. (NRS 632.430-632.470) Section 11 of this bill provides for the various requirements for nursing instructors in clinical practice.

Existing law provides certain types of special licenses that the State Board of Osteopathic Medicine may issue. (NRS 633.401-633.411) Section 24 of this bill provides a new type of license for a foreign expert osteopathic physician. Section 25 of this bill provides a new type of license by endorsement to practice osteopathic medicine.

Existing law provides for the certification of osteopathic physician's assistants by the State Board of Osteopathic Medicine. (NRS 633.101, 633.431, 633.441, 633.451) Section 37 of this bill changes the title of "osteopathic physician's assistant" to "physician assistant." Sections 29 and 30 of this bill provide for the licensure, rather than certification, of such physician assistants. Sections 16, 17, 22, 36, 37, 39, 40, 43, 49, 53, 55, 58, 69, 71 and 84-118 of this bill amend various statutes in accordance with these changes.

Existing law provides requirements for the licensing of dispensing opticians. (NRS 637.090-637.140) Section 64 of this bill provides a new type of license for a person with an out-of-state license as a dispensing optician.

Existing law provides for the creation of the State Board of Physical Therapy Examiners. (NRS 640.030) Section 74 of this bill provides for the election of officers for that Board.

Section 119 of this bill repeals certain statutes, including, without limitation, NRS 632.450 which requires that the minimum length for a course of instruction in nursing is 2 years.

Conference Amendment No. CA35.

AN ACT relating to water; expanding the purposes for which the State Engineer may adopt regulations; ~~[expressing the sense of the Legislature as to the temporary conversion of certain water rights for certain ecological purposes;]~~ authorizing the State Engineer to impose administrative fines and to order payment of the costs of certain proceedings; **authorizing the State**

Engineer to consider the consumptive use of a water right under certain circumstances; authorizing the State Engineer to seek injunctive relief for certain violations; revising provisions relating to the protest of certain applications involving interbasin transfers of groundwater; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Pursuant to existing law, the State Engineer may make such reasonable rules and regulations as may be necessary for the proper and orderly execution of the powers conferred on him by law. (NRS 532.120) The penalty prescribed for the violation of a majority of the provisions set forth in chapters 533, 534, 535 and 536 of NRS is a misdemeanor. (NRS 533.480, 534.190, 535.110, 536.120)

Section 1 of this bill expands the provisions for which the State Engineer may adopt regulations to include chapters 534, 535 and 536 of NRS in addition to chapter 533 of NRS. ~~[Section 2.5 of this bill provides that it is the policy of the State of Nevada to allow the temporary conversion of certain agricultural water rights for wildlife purposes or to improve the quality or flow of water.]~~ Sections 3, 7, 10 and 14 of this bill provide the State Engineer with the additional authority to impose, after notice and opportunity for a hearing, administrative fines, to require a person to replace certain unlawfully taken or wasted water, and to recover expenses incurred in investigating and stopping various water law violations. Section 7 provides additionally that: (1) in determining violations relating to the unauthorized use of water from certain wells, it is the burden of the State Engineer to prove which user or users of water are withdrawing water in excess of their individual allotments; and (2) the State Engineer may require users of water from certain wells to install and maintain, at their own expense, meters to measure their individual withdrawal of water.

Sections 4, 8, 11 and 15 of this bill authorize the State Engineer to seek injunctive relief to prevent a violation or continued violation of chapters 533, 534, 535 and 536 of NRS.

Section 3.3 of this bill authorizes the State Engineer to consider the consumptive use of a water right in determining the appropriateness of approving a proposed change in the place of diversion, manner of use or place of use of water pursuant to that right. Section 3.5 of this bill authorizes the State Engineer, upon approval of an application to appropriate water, to limit the initial use of that water to an amount that is less than the total amount approved. If the State Engineer at a later date determines that water is available for the total amount approved for the application, he may authorize the use of that additional amount.

Existing law sets forth requirements for the State Engineer to provide certain notice of an application for a permit to appropriate water. These requirements include publishing the notice in a newspaper and, if the application is for a well, mailing a copy of the notice to owners of real property containing a domestic well that is within 2,500 feet of the proposed

well. (NRS 533.360) Existing law also allows an interested person to file with the State Engineer a written protest to the application. (NRS 533.365) Sections 4.7 and 4.9 of this bill require that if the State Engineer fails to grant, deny or hear an application for a permit to appropriate, change the point of diversion of, change the manner of use of, or change the place of use of more than 250 acre-feet of water per annum within 7 years after the date on which the application was submitted, the State Engineer must, if the application involves an interbasin transfer of groundwater, notice a new period of protest of 45 days. This bill also provides that certain successors in interest of persons who had already filed a written protest against the granting of such an application must be allowed to continue pursuing the protest as though they were the person who had filed the original protest.

Section 16 of this bill requires the State Engineer to consider certain matters in adopting regulations to carry out the amendatory provisions of this bill.

Section 17 of this bill requires the State Engineer, on or before January 1, 2009, to submit to the Director of the Legislative Counsel Bureau a written report detailing his efforts in, and progress toward, the development and adoption of regulations to carry out the amendatory provisions of this bill.

Section 18 of this bill prohibits the State Engineer, before July 1, 2009, from imposing an administrative penalty pursuant to the amendatory provisions of this bill or any regulations adopted to carry out those amendatory provisions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 532.120 is hereby amended to read as follows:

532.120 1. The State Engineer ~~[is empowered to]~~ ***may*** make such reasonable rules and regulations as may be necessary for the proper and orderly execution of the powers conferred by law.

(a) Pay an administrative fine not to exceed $10,000 per day for each violation as determined by the State Engineer.

(b) In the case of an unauthorized use or willful waste of water in violation of NRS 533.460 or an unlawful diversion of water in violation of NRS 533.530, or any other violation of this chapter that, as determined by the State Engineer, results in an unlawful use, waste or diversion of water, replace not more than 200 percent of the water used, wasted or diverted.

2. If an administrative fine is imposed against a person pursuant to subsection 1 or the person is ordered to replace any water pursuant to that subsection, the State Engineer may require the person to pay the costs of the proceeding, including investigative costs and attorney's fees.

3. An order imposing an administrative fine or requiring the replacement of water or the payment of costs or fees pursuant to this section may be reviewed by a district court pursuant to NRS 533.450.

Sec. 3.3. 1. The State Engineer may consider the consumptive use of a water right and the consumptive use of a proposed beneficial use of water in determining whether a proposed change in the place of diversion, manner of use or place of use complies with the provisions of subsection 5 of NRS 533.370.

2. The provisions of this section:

(a) Must not be applied by the State Engineer in a manner that is inconsistent with any applicable federal or state decree concerning consumptive use.

(b) Do not apply to any decreed, certified or permitted right to appropriate water which originates in the Virgin River or the Muddy River.

Sec. 3.5. 1. Upon approval of an application to appropriate water, the State Engineer may limit the initial use of water to a quantity that is less than the total amount approved for the application. The use of an additional amount of water that is not more than the total amount approved for the application may be authorized by the State Engineer at a later date if additional evidence demonstrates to the satisfaction of the State Engineer that the additional amount of water is available and may be appropriated in accordance with this chapter and chapter 534 of NRS. In making that determination, the State Engineer may establish a period during which additional studies may be conducted or additional evidence provided to support the application.

2. In any basin in which an application to appropriate water is approved pursuant to subsection 1, the State Engineer may act upon any other pending application to appropriate water in that basin that the State Engineer concludes constitutes the use of a minimal amount of water.

Sec. 4. ***1. The State Engineer may seek injunctive relief in the appropriate court to prevent the continuance or occurrence of any act or***

practice which violates any provision of this chapter, or any permit, certificate, decision or order issued or regulation adopted by the State Engineer pursuant to this chapter or NRS 532.120.

2. On a showing by the State Engineer that a person is engaged, or is about to engage, in any act or practice which violates or will violate any provision of this chapter, or any permit, certificate, decision or order issued or regulation adopted by the State Engineer pursuant to this chapter or NRS 532.120, the court may issue, without a bond, any prohibitory or mandatory injunction that the facts may warrant, including a temporary restraining order issued ex parte or, after notice and hearing, a preliminary or permanent injunction.

3. Failure to establish lack of an adequate remedy at law or irreparable harm is not a ground for denying a request for a temporary restraining order or injunction.

4. The court may require the posting of a sufficient performance bond or other security to ensure compliance with the court order within the period prescribed.

5. Any proceeding conducted or injunction or order issued pursuant to this section is in addition to, and not in lieu of, any other penalty or remedy available for a violation specified in this section.

Sec. 4.5. ***The State Engineer shall not carry out his duties pursuant to this chapter in a manner that conflicts with any applicable provision of a decree or order issued by a state or federal court, an interstate compact or an agreement to which this State is a party for the interstate allocation of water pursuant to an act of Congress.***

Sec. 4.7. NRS 533.365 is hereby amended to read as follows:

533.365 1. Any person interested may, within 30 days ~~[from]~~ ***after*** the date of last publication of the notice of application, file with the State Engineer a written protest against the granting of the application, setting forth with reasonable certainty the grounds of such protest, which ~~[shall]~~ ***must*** be verified by the affidavit of the protestant, his agent or attorney.

2. On receipt of a protest, the State Engineer shall advise the applicant whose application has been protested of the fact that the protest has been filed with him, which advice ~~[shall]~~ ***must*** be sent by certified mail.

3. The State Engineer shall consider the protest, and may, in his discretion, hold hearings and require the filing of such evidence as he may deem necessary to a full understanding of the rights involved. The State Engineer shall give notice of the hearing by certified mail to both the applicant and the protestant. The notice must state the time and place at which the hearing is to be held and must be mailed at least 15 days before the date set for the hearing.

4. ***Each applicant and each protestant shall, in accordance with a schedule established by the State Engineer, provide to the State Engineer and to each protestant and each applicant information required by the State Engineer relating to the application or protest.***

5. If the State Engineer holds a hearing pursuant to subsection 3, the State Engineer shall render a decision on each application not later than 240 days after the later of:

(a) The date all transcripts of the hearing become available to the State Engineer; or

(b) The date specified by the State Engineer for the filing of any additional information, evidence, studies or compilations requested by the State Engineer. The State Engineer may, for good cause shown, extend any applicable period.

6. The State Engineer shall adopt rules of practice regarding the conduct of ~~[such hearings.]~~ ***a hearing held pursuant to subsection 3.*** The rules of practice must be adopted in accordance with the provisions of NRS 233B.040 to 233B.120, inclusive, and codified in the Nevada Administrative Code. The technical rules of evidence do not apply at such a hearing.

~~*[5.]*~~ ***7. The provisions of this section do not prohibit the noticing of a new period of 45 days in which a person may file with the State Engineer a written protest against the granting of the application, if such notification is required to be given pursuant to subsection 8 of NRS 533.370.***

Sec. 4.9. NRS 533.370 is hereby amended to read as follows:

533.370 1. Except as otherwise provided in this section and NRS 533.345, 533.371, 533.372 and 533.503, the State Engineer shall approve an application submitted in proper form which contemplates the application of water to beneficial use if:

(a) The application is accompanied by the prescribed fees;

(b) The proposed use or change, if within an irrigation district, does not adversely affect the cost of water for other holders of water rights in the district or lessen the efficiency of the district in its delivery or use of water; and

(c) The applicant provides proof satisfactory to the State Engineer of:

(1) His intention in good faith to construct any work necessary to apply the water to the intended beneficial use with reasonable diligence; and

(2) His financial ability and reasonable expectation actually to construct the work and apply the water to the intended beneficial use with reasonable diligence.

2. Except as otherwise provided in this subsection and subsections 3 and ~~[8,]~~ ***11*** ~~*[7]*~~ ***and NRS 533.365,*** the State Engineer shall approve or reject each application within 1 year after the final date for filing a protest. The State Engineer may:

(a) Postpone action upon written authorization to do so by the applicant or, if an application is protested, by the protestant and the applicant.

(b) Postpone action if the purpose for which the application was made is municipal use.

(c) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court

actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

3. Except as otherwise provided in subsection ~~[8,]~~ ***11,*** the State Engineer shall approve or reject, within 6 months after the final date for filing a protest, an application filed to change the point of diversion of water already appropriated when the existing and proposed points of diversion are on the same property for which the water has already been appropriated under the existing water right or the proposed point of diversion is on real property that is proven to be owned by the applicant and is contiguous to the place of use of the existing water right. The State Engineer may:

(a) Postpone action upon written authorization to do so by the applicant or, if the application is protested, by the protestant and the applicant.

(b) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368 or where court actions are pending, withhold action until it is determined there is unappropriated water or the court action becomes final.

4. If the State Engineer does not act upon an application within 1 year after the final date for filing a protest, the application remains active until acted upon by the State Engineer.

5. Except as otherwise provided in subsection ~~[8,]~~ ***11,*** where there is no unappropriated water in the proposed source of supply, or where its proposed use or change conflicts with existing rights or with protectible interests in existing domestic wells as set forth in NRS 533.024, or threatens to prove detrimental to the public interest, the State Engineer shall reject the application and refuse to issue the requested permit. If a previous application for a similar use of water within the same basin has been rejected on those grounds, the new application may be denied without publication.

6. In determining whether an application for an interbasin transfer of groundwater must be rejected pursuant to this section, the State Engineer shall consider:

(a) Whether the applicant has justified the need to import the water from another basin;

(b) If the State Engineer determines that a plan for conservation of water is advisable for the basin into which the water is to be imported, whether the applicant has demonstrated that such a plan has been adopted and is being effectively carried out;

(c) Whether the proposed action is environmentally sound as it relates to the basin from which the water is exported;

(d) Whether the proposed action is an appropriate long-term use which will not unduly limit the future growth and development in the basin from which the water is exported; and

(e) Any other factor the State Engineer determines to be relevant.

7. If a hearing is held regarding an application, the decision of the State Engineer must be in writing and include findings of fact, conclusions of law and a statement of the underlying facts supporting the findings of fact. The

written decision may take the form of a transcription of an oral ruling. The rejection or approval of an application must be endorsed on a copy of the original application, and a record must be made of the endorsement in the records of the State Engineer. The copy of the application so endorsed must be returned to the applicant. Except as otherwise provided in subsection ~~[9,]~~ *12,* if the application is approved, the applicant may, on receipt thereof, proceed with the construction of the necessary works and take all steps required to apply the water to beneficial use and to perfect the proposed appropriation. If the application is rejected, the applicant may take no steps toward the prosecution of the proposed work or the diversion and use of the public water while the rejection continues in force.

8. ***If:***

(a) The State Engineer receives an application to appropriate any of the public waters, or to change the point of diversion, manner of use or place of use of water already appropriated;

(b) The application involves an amount of water exceeding 250 acre-feet per annum;

(c) The application involves an interbasin transfer of groundwater; and

(d) Within 7 years after the date of last publication of the notice of application, the State Engineer has not granted the application, denied the application, held an administrative hearing on the application or issued a permit in response to the application,

➥ the State Engineer shall notice a new period of 45 days in which a person who is a successor in interest to a protestant or an affected water right owner may file with the State Engineer a written protest against the granting of the application. Such notification must be entered on the Internet website of the State Engineer and must, concurrently with that notification, be mailed to the board of county commissioners of the county of origin.

9. Except as otherwise provided in subsection 10, a person who is a successor in interest to a protestant or an affected water right owner who wishes to protest an application in accordance with a new period of protest noticed pursuant to subsection 8 shall, within 45 days after the date on which the notification was entered and mailed, file with the State Engineer a written protest that complies with the provisions of this chapter and with the regulations adopted by the State Engineer, including, without limitation, any regulations prescribing the use of particular forms or requiring the payment of certain fees.

10. If a person is the successor in interest of an owner of a water right ~~*[, an owner of real property containing a domestic well or an owner of an interest in a domestic well, and if that previous owner had already filed a written protest against the granting of an application to allow an interbasin transfer of groundwater, the successor in interest must be allowed to pursue that protest in the same manner as though he were the previous owner to whose interest he succeeded. If such a successor in interest wishes to protest*~~

~~*an application in accordance with a new period of protest noticed pursuant to subsection 8, the successor need not file with the State Engineer a new written protest but must, within 45 days after the date on which the notification was entered and mailed, inform the Office of the State Engineer that he wishes to continue pursuing the protest.*~~] ***or an owner of real property upon which a domestic well is located and if the former owner of the water right or real property on which a domestic well is located had previously filed a written protest against the granting of an application, the successor in interest must be allowed to pursue that protest in the same manner as if he were the former owner whose interest he succeeded. If the successor in interest wishes to pursue the protest, the successor in interest must notify the State Engineer on a form provided by the State Engineer.***

11. The provisions of subsections 1 to 6, inclusive, do not apply to an application for an environmental permit.

~~[9.]~~ ***12.*** The provisions of subsection 7 do not authorize the recipient of an approved application to use any state land administered by the Division of State Lands of the State Department of Conservation and Natural Resources without the appropriate authorization for that use from the State Land Registrar.

~~[10.]~~ ***13.*** As used in this section ~~[, "interbasin]~~ *:*

(a) "County of origin" means the county from which groundwater is transferred or proposed to be transferred.

(b) "Domestic well" has the meaning ascribed to it in NRS 534.350.

(c) "Interbasin transfer of groundwater" means a transfer of groundwater for which the proposed point of diversion is in a different basin than the proposed place of beneficial use.

Sec. 5. NRS 533.450 is hereby amended to read as follows:

2. In determining violations of this chapter relating to the unauthorized use of water yielded from a well that is used pursuant to a permit issued by the State Engineer and that has 16 or fewer connections, the State Engineer has the burden of proving which user is withdrawing water in excess of the portion of water allotted to the connection of that user. The State Engineer may require any or all users of the well to install and maintain, at their own expense, a meter that measures the amount of water withdrawn from the well by each connection.

AN ACT relating to health care; requiring the Department of Health and Human Services to establish programs to increase public awareness of health care information concerning the hospitals and surgical centers for ambulatory patients in this State; requiring the Department to establish and maintain an Internet website which provides certain information concerning the charges imposed and the quality of health care provided by those hospitals and centers; requiring those hospitals and centers to submit certain information to the Department for the programs; requiring the Department to make certain determinations before performing certain duties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the planning for health care in this State, including the promotion of equal access to quality health care at a reasonable cost. (Chapter 439A of NRS) Sections 3 and 4.3 of this bill require the Department of Health and Human Services to establish programs to increase public awareness of health care information concerning the hospitals and surgical centers for ambulatory patients in this State. The programs must include the provision of information concerning the charges imposed and the quality of services provided by those hospitals and centers. Sections 4 and 4.7 of this bill require the Department to adopt regulations pertaining to the programs and require the hospitals and centers to submit the information for

the programs. Section 5 of this bill requires the Department to collect and maintain that information. Section 6 of this bill requires the Department to establish and maintain an Internet website which provides information to the general public concerning the charges imposed and the quality of services provided by the hospitals and surgical centers for ambulatory patients in this State. Section 6.5 of this bill authorizes the Department to accept contributions to carry out the provisions of sections 2-7 of this bill. Section 6.5 also requires the Department to determine at the beginning of each biennium whether sufficient money is available to fund one or more components of the programs and duties of the Department relating to sections 2-7.

Under existing law, the Director of the Office for Consumer Health Assistance maintains an Internet website which includes certain information concerning prescription drug programs and pharmacies. (NRS 223.560) Section 14 of this bill requires the Director to include on the website a link to the website maintained by the Department of Health and Human Services to provide information to the general public concerning the charges imposed and the quality of services provided by the hospitals and surgical centers for ambulatory patients in this State.

Sections 15 and 16 of this bill specify the dates on which the hospitals and surgical centers for ambulatory patients are required to commence submitting the information for the programs. Section 16 also allows the Department to extend the deadline by which it must post this information on its website if the Department reports to the Legislative Committee on Health Care that the information submitted is not ready for posting.

REMARKS FROM THE FLOOR

Assemblyman Oceguera moved that the following remarks be entered in the Journal.

ASSEMBLYMAN OCEGUERA:

One hundred and twenty days ago, we convened in this chamber for the first time as the 2007 Nevada Assembly. Like all opening days, it was an event marked by traditions and history, energy and optimism, speeches, and ceremony. We were dressed in our finest. We brought our families and friends to share that small moment of history. Some of us were new to this chamber—others, seasoned veterans. But to a man and to a woman, we all had high hopes, ambitious goals, and a determination to do what was right for this State.

Four months have passed. Those who were once freshmen, are no longer. If we have families with us tonight, they have been waiting less than patiently for us to conclude our business and come home. Our clothes no longer look quite as fresh and pressed as they did on February 5. In fact, if you did not participate in my Legislative Wellness program, those clothes might not fit as well as they did four months ago.

And although *sine die* is every bit as historical and ceremonious as opening day, our speeches tonight are probably a little less formal than they were four months ago. Let's hope they are shorter. To that end, let me say just a few words about what we have accomplished these last 120 days, with all of our opening day hopes, goals, and determination. First of all, we have finished our work within our constitutionally mandated deadline, the first time this Legislature has done so since 1999. Every session is different, so it is not as simple as saying that we worked harder or smarter than previous legislatures. But I think we can say that we have worked hard, and we have worked smart, and the issues we faced in 2007 were no less challenging than those faced in previous sessions. And so let's give our Speaker a hand for keeping us on task and on time. I would also like to thank our hardworking committee chairs. Without them we could not have finished within our voter-mandated deadline. Together, we processed hundreds of bills on such topics as transportation, education, health care, public safety, and energy. We enacted consumer protection laws for medical debt collection, mortgage practices, and payday loans. We tackled the methamphetamine problem, identity theft, and other public safety issues. We balanced the budget but still managed to find more money for roads and more money for classrooms. We expanded full-day kindergarten, gave our teachers a raise, and provided money for more career and technical education.

This was my first session as Majority Leader. I know I had some fairly daunting shoes to fill. I was honored to have been given this opportunity by Speaker Buckley, and I am grateful to my colleagues for their confidence in me, as well. To my colleague across the aisle, the Minority Floor Leader, my thanks for your professionalism and courtesy. We have not always agreed on issues, but we have always worked hard, as we saw fit, for the best interests of this State. I would like to extend a special thanks to the Assistant Majority Leader, who also served as my vice chairman on the Commerce and Labor Committee. There is no question that without his help in both those roles, I would not have been able to do the job that I did. I could go around the chamber and thank each and every one of you—my colleagues, our staff, and my friends. But we all want to go home.

Let me close with a look back at that day, four months ago, when I had the privilege to nominate Barbara Buckley as Speaker of the Nevada Assembly. You might remember that I had some fairly high expectations of our new Speaker. I compared her to some of the giants of Nevada political history. I said I fully expected her to walk along side those giants and then we gave her a very large gavel.

After four months, it is pretty clear that Speaker Buckley does not need a big gavel. She leads this chamber with equal parts of grace and gumption, compassion and commitment. She is, simply put, a leader. We are fortunate, and Nevada is fortunate, to have her at the helm of the "People's House."

Madam Speaker, thank you for giving me the opportunity to serve as your Majority Leader. On behalf of my 40 colleagues in this chamber, thank you for your service to the people of this State.

ASSEMBLYMAN MABEY:

Thank you, Madam Speaker. I was not prepared to give a speech. I was here in the 2003 Session, and there were not many speeches given at the close. In 2005, we ran out of time. I did not prepare this but I think I will try to use that old cowboy maxim of Mr. Carpenter's, which is "to think quickly and speak slowly." It is an honor to have served here as the Minority Leader. I have a lot of respect for you, Madam Speaker. Mr. Majority Leader, it was a pleasure. It is amazing how in this state someone like a country doctor, such as myself, can come up here and serve. There are teachers, attorneys, and whatever else we are. That is what makes our state great.

I remember every time I fly down or fly up and look out the window of the plane. We have a wonderful state, and I am proud of it. I am grateful for the opportunity I had to serve. I am especially grateful for my caucus and for those who have served. It is not always easy being the minority. It is a difficult circumstance at times because we have to weigh our vote and wonder what will happen, what are the repercussions. I can tell you our caucus votes with their conscience. I am proud of them. I am proud to have been here. Thank you. I hope we finish on time, too.

ASSEMBLYMAN CARPENTER:

Thank you, Madam Speaker. We have served together seven terms here. A lot of times, you were chairman of some committees. We got along without you in Judiciary, but it was not easy, was it, Bernie? I just wanted to say thank you and congratulations. You did keep this well-oiled machine on course, and we are going to make it out of here. I am so grateful because I am going to be able to head home to Elko and have great memories of this session. I want to thank you so much. I want to also thank the Majority Leader. A couple of times we did not agree. Most of the times, however, we did agree. I think you have done a great job here, and I really appreciate you and thank you.

ASSEMBLYMAN BEERS:

Thank you, Madam Speaker. I really appreciate how you ran this session for a freshman, such as myself. It definitely has been an enjoyable experience. I did have a song prepared, but I have not been told I can do it. So I wanted to make a little presentation instead. We have a special member of this Assembly, a neighbor of mine who has earned a special award. Lynn Stewart, if you could please stand. He has earned the special loving cup as the "Conference Committee Champion" of 2007.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

Every session, we close the same way. We have not slept very well for the past couple of months. Some of us have eaten a little too much, something we worked on did not pass or did not pass the way we wanted it to, someone along the way truly irritated us. But now is the time to let minor irritations go. It is time to reflect back on the session and on what is important.

I do not believe there is anyone here among us who would deny what an honor it is to be chosen by our neighborhoods and districts to be their representative in Nevada's democratic process. Most of us never imagined that we would be given the privilege to serve our state.

What did we accomplish this session? Let's look at some of the highlights so we can cast aside the irritations that all sessions bring. In education, we raised pay for teachers 2 percent next year and 4 percent the following year. We created $10 million for Clark, Washoe, and Lyon Counties to begin a pilot program to reward teachers who produce extraordinary results. We allocated $15 million to expand full-day kindergarten from the current 114 schools to an additional 63 at-risk schools—virtually every at-risk school in the state. We began the process of high school reform and appropriated $8 million over the biennium to career and technical education and courses that will interest high school students and perhaps prevent them from dropping out. We expanded the Clark County empowerment school pilot project. It was very similar to what we did with Senate Bill 404 of the 73rd Session in letting schools decide what they need to achieve. We appropriated additional money to the Gifted and Talented Program—a program many of us support strongly. We appropriated money for programs for alternative

placement for disruptive students, earmarked LEED savings for teacher salaries and funding for important after-school programs like Community and Schools, the After School All-Stars, and Save the Children for the rural communities.

The most important fact of all is that despite our individual policy differences on education, this Assembly looked at the fact that Nevada was last in the nation in K-12 per-pupil school funding, and we refused to accept a status quo budget. We are responsible for fighting for and securing these programs that we can be proud of and that will benefit all of our constituents. We increased per-pupil expenditures from $4,696 to $5,122 next year and $5,323 the following year—an additional 13 percent increase in spending for our children.

In health care, we always top the bad lists, of which we are quite ashamed. However, this session we increased the number of children we will provide health insurance for and the number of middle-class pregnant women who will receive health insurance as well. It is ironic that the working middle-class cannot afford a doctor to deliver a baby. We expanded the subsidy for small business employers, and we are starting a program in conjunction with our Chambers of Commerce to reach out to small business and help them find health insurance.

We increased the budget for mental health and social services and gave a raise to poor children by increasing Temporary Assistance for Needy Families (TANF) payments for the first time in over a decade. We helped Nevadans control their medical costs by creating a website to allow consumers to compare the costs of drugs so those who do not have insurance or cannot afford prescription drugs can find where the best prices are. Hopefully, we are passing a bill on medical health transparency so consumers can know how the places they choose to receive medical care rank. We limited hospital debt and eliminated some abusive collection practices that were happening with hospital debt. We created a volunteer emergency medical services fund to help those services in rural areas of Nevada. We updated our Good Samaritan law, paved the way for retired physicians to provide medical care to the needy, and required insurers with information about an applicant's potentially serious medical condition to notify the applicant of the condition. All of these projects will serve to increase the well-being of Nevadans.

On energy and the environment, we passed bills to raise the net-metering cap to allow and encourage people to generate their own electricity and sell it back to all of us. We created broad incentives for geothermal energy that increase energy efficiency. We expanded last year's solar demonstration project and continued our position on renewable energy since we have so much—the sun, the wind, and geothermal. Our commitment to environmental quality was also demonstrated in our new laws to conserve water and to protect our state's air and water quality. We fixed a bill that was intended to encourage "green" commercial construction so it will not bankrupt our state.

We passed so much legislation on consumer protection, everything from my own favorite of curbing the high-interest loan abuses to others that stop mortgage lending abuses and hard-money lending scams. We also are beginning the process of inventorying all existing affordable and attainable housing so that we can start the long-term planning process, and we did not forget Nevada's youngest nor our oldest.

We created a task force at the Attorney General's Office to combat elder abuse and senior financial exploitation. We ordered child and adult care facilities to provide information concerning complaints and disciplinary measures so we can weed out who is doing a good job and who is not. We told child welfare agencies that it is the policy of the State that if you take a young child from his home, you should find another home for that child, not place him in an institution. We made significant changes to the manner in which child fatality reviews are conducted to make sure the public has the information anytime a child dies within our care. We passed laws to help the State's struggling child support enforcement system and criminalized paternity fraud. We even increased child safety by raising the age when children are required to wear life preservers.

In law enforcement, similarly, we made significant strides. We gave them more tools to combat the blight of graffiti. We refined many of our criminal statutes including laws related to luring children, and we expanded the genetic marker testing of convicts. We further expanded provisions relating to protection orders against domestic violence, and we fought hard to eradicate the scourge of methamphetamine and the evils that it has left across our state. We passed laws limiting the sale of precursor drugs, monitoring prescriptions of controlled

substances, and most importantly, providing funding for treatment. Methamphetamine use is one list that we must stop leading.

Also, we made significant inroads on prison reform. I think everyone agrees that we need to reserve our beds for the violent offenders, the repeat offenders, and the sexual predators, and we need to be smarter on crime. That is what we did this session. Through certain intervention programs and more treatment, we are looking at trying to keep drug offenders and minor offenders out of our prisons, yet not letting them out on the street to commit crimes.

We made progress on transportation. Although, certainly all of us are not satisfied with what we did in terms of doing enough, we did not fall short. We were committed to action this session, and that is what we accomplished. Although Assembly Bill 595 is not a total solution, it ensures that the state's most critical projects will continue and gives us the time needed to gain consensus for an overall solution to our long-term road problems.

On ethics, we were confronted with results that show politicians rated lower in public esteem than used-car dealers, and this body tried to implement comprehensive ethics reform for the politicians and lobbyists of the State. Now, limited liability companies who give political donations must disclose the identities of those donors, and contributions for local defense funds are limited and subject to disclosure so that all transactions must take place in the sunshine.

Of course, there were many more laws passed dealing with domestic relations, improvement districts, natural resources, or you name it—laws that address the specific concerns of our constituents. As I look across this floor, every single one of you is responsible, in some manner, for all of the bills that I read.

These are not just Democratic bills or Republican bills, they are Nevadan bills. It took a strong, bipartisan effort to accomplish these things. So whether you were one of the many sponsors of the bills I named or whether you helped by participating in a committee hearing through questioning, you helped become part of this great democratic process.

I think each of us can take pride in our joint legislative accomplishments. I know we are anxious to leave, and it would take too long to individually list everyone's accomplishments, but I want to especially acknowledge a few members of my leadership team and my committee chairs who did such an incredible job this session. When people ask me "How have you managed to have a successful session?" I say, "It is due to every legislator, and especially the leadership team and our committee chairs."

First, my Majority Leader, John Oceguera. You did a tremendous job coordinating this effort. I am so proud of you and so pleased at the job you have done this session. Thank you for living up to all of my expectations and more.

Also, I would like to thank our Assistant Majority Leader, Marcus Conklin, who does such an incredible job. No one, I believe, works on more bills in terms of quantity or tries to put out more fires than Marcus. You two together—for the method and manner that you got our work done this session, your professionalism, your intellect, and your collegiality—we thank you so much, Marcus, for the job that you have done this session. I do not know what they are talking about; I understand every word you say. Some people say he talks too fast. Certainly, in addition to your leadership duties, the job that you have done with Commerce and Labor deserves thanks as well—the incredible volume of bills, the least amount of hearing dates, the most amount of bills, shepherding them through the hearing process, weeding out the bad from the good—it requires tenacity and patience, qualities that both of you demonstrated in your leadership of the Committee on Commerce and Labor. It was great chairmanship and great vice chairmanship.

Next, I would like to thank Bernie Anderson, my Speaker pro Tempore. The hard work, number of bills that go to the Committee on Judiciary, and the demands placed make it overwhelming. Bernie maintains his committee, maintains control on all of his bills, and also manages the "Woodshed" to keep lobbyists and legislators in line. Also, he reminds us to pay homage to Dr. Seuss every year and to read to children. Most of all, some people think Bernie is a little grumpy, but when I look at Bernie Anderson, I see the man I want next to me in a foxhole—someone who would give me the shirt off his back, who cries when we lose a Nevada soldier, who cares about public policy, who loves the political process, and who misses teaching children the great things about our political process. You have done an awesome job, as you always do, Bernie, and I am glad you are my friend. Thank you.

I would also like to thank Sheila Leslie, my Majority Whip. Sheila holds the torch for those who are most vulnerable in Nevada, whether it is the issues of homelessness, mental illness, health care, or you name it. Sheila works hard, understands every issue, and fights to the end for those who need help. She is smart and hardworking. She is an incredible vice chair, an incredible member of our leadership team, and without Sheila, I do not know what we would have done on any of these issues. Thank you, Sheila.

I need to thank a couple more of my chairmen. I would like to start with Bonnie Parnell. Everybody loves Bonnie Parnell in the Committee on Education. She keeps such good control of that committee, she knows the issues inside and out, and she is respected by everybody who meets her. Bonnie, you did a tremendous job again with the Committee on Education. We can rely on you to handle any issue. We appreciate you, and thank you for such an incredible session.

While we have a long way to go in school funding, we have begun to climb out of the nation's education funding cellar, due in part to the spectacular leadership of our Committee on Ways and Means. Who better than a man named "Moose" to hold the line against special interest spending while soldiering on behalf of those in our state who need the money. What a tremendous session you have had. It has been great to have you back in the game. Assemblyman Morse Arberry, my thanks to you.

Kelvin Atkinson and his committee shouldered the burden and the press commentary to get us started on the very unpopular journey of forcing people and the businesses of this state to decide how we will pay for what we all want, uncongested and well-maintained roads. At the end of a very, very difficult session on transportation, you are about the only one standing and the only one grinning. Thank you, Kelvin, for all you have done.

Marilyn Kirkpatrick, what a tremendous job you have done as our freshman chair of Government Affairs. No one would ever know, looking at you, the way you went through the intricacies, the policies, the personalities and treated people fairly, but cut them off when they really were not saying anything. We owe you a debt of gratitude for all the work that you and Assemblywoman Smith, our dynamic duo, did on the LEED bill this session. Thank you.

Dave Parks and his committee set a policy for the state that is both rational and economically efficient, establishing new prisons to house violent offenders and sex offenders and alternatives for first-time nonviolent offenders. I think it was the hardest job of all, wading through all those disparate interests to come up with a package recommended by the Council of State Governments and Jim Austin to give us a blueprint on where we are going on prison policy. Talk about a thankless job at times—when I would watch some of your hearings on television, with all of the different folks you had testifying—yet you handled it with grace and came out with a policy that this entire Legislature can be proud of. Thank you, Mr. Parks.

Kathy McClain and her committee tenaciously protected the public purse and yet honored Nevada's military members by enacting tax relief for them and their families. For your tenacious advocacy for veterans and seniors, and running a tip-top ship in the Committee on Taxation, leaving us saying that we did not raise any taxes yet we have a balanced budget, we thank you.

After a year of scandal and shame, Ellen Koivisto and her committee passed bills intended to restore the public trust in elected officials. Some of her efforts got a cool reception on the other side of the building, but we will fight that fight again, and we can be proud of the reform that we did pass due to your leadership. Thank you, Ellen.

Meanwhile, Harry Mortenson got to work on all the sexy issues involving the *Constitution*. Aren't we all excited about eminent domain? Between that and the lottery, Harry had a lot to deal with this session, but he did it well and we ended up with some good constitutional measures for the folks to consider, and we appreciate all that you have done for us, Mr. Mortenson.

Jerry Claborn and his committee continued their vigilant stewardship of our natural resources in this state while preserving the right for all of us to enjoy the natural beauty and wildlife that exists here. That committee considered every animal known to mankind. We enjoy the way you advocate for what you believe in and we appreciate your stewardship and experience and the great job you did this session. Jerry, thank you very much for being a part of our team.

I would also like to thank Susan Gerhardt for her work on child welfare. There really has been no issue that has affected me more than the situation in Clark County on child welfare, with

children dying in our care and the reforms that came out of that with the Blue Ribbon Task Force and all of the measures we passed this session including an incredible increase in funding to improve the lives of our children. For carrying all of that forward and seeing it through this session, I want to thank you very much.

We know that our work is not done. We have more to do for education, for health care, for ethics, and for prison reform. The list goes on and on, but we can take a step back and celebrate and acknowledge all of the efforts on all of the measures that will make our state a better place. Without a doubt, this session has been exciting, exhausting, and one of the most rewarding experiences of my life. I thank all of you for giving me the privilege and the honor to serve as Speaker for my first time. I will cherish forever the fact that I was the first woman to hold this role, all the while knowing that I will not be the last.

With that, I want to thank you and appreciate and acknowledge all of the things that all of you have done to contribute to this legislative session. Thank you.

ASSEMBLYMAN STEWART:

Thank you, Madam Speaker. I rise in support of the freshman class of the 74th Legislative Session, a bipartisan group that has done an extremely great job here. I would like to just make a few comments on what I have observed as the oldest freshman and someone who is old but new to this beautiful building. When I first got here, I was astounded. I had a female Speaker, three chairwomen; I felt right at home because my mother-in-law lived with us. I learned as a freshman you win some and you lose some, and you lose some, and you lose some. When my funeral bill got buried, I was comforted by Mr. Carpenter with one of his cowboy sayings. "Sometimes you get, and sometimes you get got." I live in the beautiful Plaza Hotel. As I walk to the Assembly every morning, I come through the front door and I get a little catch in my throat when I walk through that door. When I come here into the chamber, I think, "What are you doing here? You do not deserve to be here with these wonderful people." I have enjoyed so much working with all of you, Madam Speaker. You have done such a tremendous job. The Majority Leader, the Minority Leader, and all of my freshmen colleagues, I sincerely hope we can all get back together again. I would like to give a special thanks to my colleague from District No. 6. He has taught me so much. The cowboy saying is, "You should think quickly and talk slowly." Harvey taught me that if you cannot think really quickly, clear your throat and it gives you time to think.

I have enjoyed so much being here with you all. I sincerely appreciate this body. I look up there at Abraham Lincoln—who was one of my students—at his portrait hanging above the Speaker's podium, and I think about being so glad to be here. Thank you again for this opportunity. I love you all, sincerely. I love the cowboys, I love my freshmen Democrats and even some of you older Democrats. I would like to give a special thanks to my colleague from District No. 21 for this beautiful trophy. I will treasure it always. A special thanks to my colleague from District No. 20. He has been like a big, older brother who is younger to me. I thank him very much. Thank you very much for the opportunity to have been here.

ASSEMBLY STANDING RULES

I. OFFICERS AND EMPLOYEES

Duties of Officers

Rule No. 1. Speaker of the Assembly.

1. All officers of the Assembly are subordinate to the Speaker in all that relates to the prompt, efficient and correct discharge of their official duties under the Speaker's supervision.

2. Possessing the powers and performing the duties described in this Rule, the Speaker shall:

(b) Preserve order and decorum and have general direction of the Chamber of the Assembly and the approaches thereto. In the event of any disturbance or disorderly conduct therein, order the same to be cleared.

(c) Decide all questions of order, subject to a member's right to appeal to the Assembly. On appeal from such decisions, the Speaker has the right, in the Speaker's place, to assign the reason for the decision.

(d) Have the right to name any member to perform the duties of the Chair, but such substitution must not extend beyond one legislative day.

(e) When the Assembly resolves itself into Committee of the Whole, name a Chairman to preside thereover and call him to the Chair.

(g) Sign all bills and resolutions passed by the Legislature as provided by law.

(h) Sign all subpoenas issued by the Assembly.

(i) Receive all messages and communications from other departments of the government and announce them to the Assembly.

3. If a vacancy occurs in the office of Speaker, through death, resignation or disability of the Speaker, the Speaker Pro Tempore shall temporarily and for the period of vacancy or disability conduct the necessary business of the Assembly.

4. If a permanent vacancy occurs in the office of Speaker, the Assembly shall select a new Speaker.

III. DECORUM AND DEBATE

Rule No. 20. Points of Order.

If any member, in speaking or otherwise, transgresses the rules of the Assembly, the Speaker shall, or any member may, call to order, in which case the member so called to order shall immediately sit down, unless permitted to explain; and if called to order by a member, such member shall immediately state the point of order. If the point of order be sustained by the presiding officer, the member shall not be allowed to proceed; but if it be not sustained, then he shall be permitted to go on. Every such decision from the

presiding officer shall be subject to an appeal to the House; but no discussion of the question of order shall be allowed unless an appeal be taken from the decision of the presiding officer.

A device that contains a nonaudible alert, such as a silent vibration, may be operated in a nonaudible manner within the Assembly Chambers or within an Assembly committee room.

[Statutes of Nevada 2001, 3296; A 2003, 3602]

Rule No. 22. Reserved.

Rule No. 23. Committee on Ethics; Legislative Ethics.

1. The Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Two qualified electors of the State chosen by the members of the Committee who are appointed pursuant to paragraphs (a) and (b), neither of whom is a present or former member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint two members of the Assembly, one from the majority political party and one from the minority political party to serve as alternate members of the Committee. If a member is disqualified, the alternate appointed from the same political party shall serve as a member of the Committee during the consideration of a specific question.

3. A member is disqualified if he is the requester of advice concerning a question of ethics or conflict of interest, or if the advice is requested by another member of the Assembly and a reasonable person in his situation could not exercise independent judgment on the matter in question.

4. The Committee shall hear complaints on alleged breaches of ethics and conflicts of interest, brought by Legislators and others, and it may advise Legislators on questions of breaches of ethics and conflicts of interest. All proceedings held to consider the character, alleged misconduct, professional

competence or physical or mental health of any person by the Committee on matters of ethics or conflicts of interest are confidential unless a Legislator:

(a) Against whom a complaint is brought requests a public hearing;

(b) Discloses the opinion of the Committee at any time after his hearing; or

(c) Discloses the content of an advisory opinion issued to him by the Committee.

5. A complaint which alleges a breach of ethics or a conflict of interest must be in writing and signed by the person making the allegation. The complaint must be filed with the Chairman. The Chairman shall send a copy of the complaint, within 24 hours after receiving it, to the Legislator against whom the complaint is brought.

6. The criterion to be applied by the Committee in determining whether a Legislator has a conflict of interest is whether the independence of judgment of a reasonable person in his position upon the matter in question would be materially affected by:

(a) His acceptance of a gift or loan; or

(b) His private economic interest.

7. A Legislator who determines that he has a conflict of interest may vote upon, advocate or oppose any measure as to which a potential conflict exists if he makes a general disclosure of the conflict. In determining whether to vote upon, advocate or oppose the measure, the Legislator should consider whether:

(a) The conflict impedes his independence of judgment;

(b) His participation will produce a negative effect on the public's confidence in the integrity of the Legislature;

(c) His participation is likely to have any significant effect on the disposition of the measure; and

(d) His interest is greater than the interests of an entire class of persons similarly situated.

[Statutes of Nevada 1977, 1706; A 1987, 2325, 2336; 1995, 2847; 1997, 3540]

2. The presiding officer shall call for yeas and nays by a division or by a roll call, either electronic or oral.

3. When taking the yeas and nays on any question, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

4. When taking the yeas and nays by oral roll call, the Chief Clerk shall take the names of members alphabetically, except that the Speaker's name must be called last.

5. The electronic roll call system may be used to determine the presence of a quorum.

6. The yeas and nays must not be taken with the electronic roll call system until all members present are at their desks. The presiding officer may vote at the rostrum.

7. Only a member who:

(a) Has been certified by the Committee on Elections, Procedures, Ethics, and Constitutional Amendments or a special committee of the Assembly; and

(b) Is physically present within the Assembly Chambers,

➥ may cast a vote in the Assembly.

8. A member shall not vote for another member on any roll call, either electronic or oral. Any member who votes for another member may be punished in any manner deemed appropriate by the Assembly.

Upon receipt of a statement of contest from the Secretary of State pursuant to NRS 293.427, the Speaker shall, as soon as practicable, appoint a special committee to hear the contest or refer the contest to the Standing Committee on Elections, Procedures, Ethics, and Constitutional Amendments. The committee shall conduct a hearing to consider the contest. The committee shall keep written minutes of the hearing. The contestant has

the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby.

2. The contest must be submitted so far as may be possible upon depositions or by written or oral arguments as the Assembly may order. Any party to a contest may take the deposition of any witness at any time after the statement of contest is filed with the Secretary of State and before the contest is finally decided. At least 3 days' notice must be given to the prospective deponent and to the other party. If oral statements are made at any hearing before the Assembly or a committee thereof which purport to establish matters of fact, they must be made under oath. Strict rules of evidence do not apply.

3. The committee shall, not later than 5 calendar days after the contest was referred to the committee, report to the Assembly its findings on whether the contestant has met the burden of proving that any irregularities shown were of such a nature as to establish that the result of the election was changed thereby. The committee shall then report to the Assembly its recommendation on which person should be declared elected or report that it has no recommendation. The Assembly shall, as soon as practicable thereafter but not later than 7 calendar days after the Speaker received the statement of contest, vote whether to accept or reject the committee's recommendation without amendment, if a recommendation is made. If the recommendation is accepted, the Speaker shall declare the recommended person elected. If the recommendation is rejected or the committee did not make a recommendation, the Assembly shall consider immediately which person should be declared elected. The Speaker shall not adjourn the Assembly until it has declared a person to be elected.

4. If a person other than the person initially seated as a member of the Assembly pursuant to subsection 2 of NRS 293.427 is declared to be elected by the Assembly as a result of the contest, the Speaker shall inform the Governor of the identity of the person declared to be elected by the Assembly.

When the message is received, or (if made a special order) when the special order is called, the said message or statement must be read together with the bill or bills so disapproved or vetoed. The message and bill must be read by the Chief Clerk without interruption, consecutively, one following the other, and not upon separate occasions. No such bill or message may be referred to any committee, or otherwise acted upon save as provided by law and custom; that is to say, that immediately following such reading the only question (except as hereinafter stated) which may be put by the Speaker is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such a vetoed bill unless the same shall first have been read, from the first word of its title to and including the last word of its final section. No motion may be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or statement containing the objections of the Governor to the bill must be entered in the Journal of the Assembly. The consideration of a vetoed bill, and the objections of the Governor thereto, shall be a privileged question, and shall take precedence over all others.

JOINT STANDING RULES OF THE SENATE AND ASSEMBLY

CONFERENCE COMMITTEES

Rule No. 1. Procedure Concerning.

In every case of an amendment of a bill, or joint or concurrent resolution, agreed to in one House, dissented from in the other, and not receded from by the one making the amendment, each House shall appoint a committee to confer with a like committee to be appointed by the other; and the committee so appointed shall meet publicly at a convenient hour to be agreed upon by their respective chairmen and announced publicly, and shall confer upon the differences between the two Houses as indicated by the amendments made in one and rejected in the other and report as early as convenient the result of their conference to their respective Houses.

The report shall be made available to all members of both Houses. The whole subject matter embraced in the bill or resolution shall be considered by the committee, and it may recommend recession by either House, new amendments, new bills or resolutions, or other changes as it sees fit. New bills or resolutions so reported shall be treated as amendments unless the bills or resolutions are composed entirely of original matter, in which case they shall receive the treatment required in the respective Houses for original bills, or resolutions, as the case may be.

The report of a conference committee may be adopted by acclamation, and such action may be considered equivalent to the adoption of amendments embodied therein. The report is not subject to amendment. If either House refuses to adopt the report, or if the first conference committee has so recommended, a second conference committee may be appointed. No member who served on the first committee may be appointed to the second.

There shall be but two conference committees on any bill or resolution. A majority of the members of a conference committee from each House must be members who voted for the passage of the bill or resolution.

[Statutes of Nevada 1947, 872; A 1977, 1697; 1979, 1964; 1999, 3848]

MESSAGES

Rule No. 2. Procedure Concerning.

Proclamations by the Governor convening the Legislature in extra session shall, by direction of the presiding officer of each House, be read immediately after the convening thereof, filed and entered in full in the Journal of proceedings.

Whenever a message from the Governor is received, the Sergeant at Arms will announce: "Mr. President, or Madam Speaker, the Secretary of the Governor is at the bar." The Secretary will, upon being recognized by the presiding officer, announce: "Mr. President, or Madam Speaker, a message from His Excellency, the Governor of Nevada, to the Honorable, the Senate or Assembly," and hand same to the Sergeant at Arms for delivery to the Secretary of the Senate or Chief Clerk of the Assembly. The presiding officer will direct the biennial message of the Governor to be received and read, and all special messages to be received, read and entered in full in the Journal of proceedings.

Messages from the Senate to the Assembly shall be delivered by the Secretary or Assistant Secretary, and messages from the Assembly to the Senate shall be delivered by the Chief Clerk or Assistant Chief Clerk.

[Statutes of Nevada 1931, 466; A 1999, 3848; 2001, 3310; 2007, 3438]

NOTICE OF FINAL ACTION

Rule No. 3. Communications.

Each House shall communicate its final action on any bill or resolution, or matter in which the other may be interested, by written notice. Each such notice sent by the Senate must be signed by the Secretary of the Senate, or a person designated by the Secretary. Each such notice sent by the Assembly must be signed by the Chief Clerk of the Assembly, or a person designated by the Chief Clerk.

[Statutes of Nevada 1931, 410; A 1999, 3849]

BILLS AND JOINT RESOLUTIONS

Rule No. 4. Signature.

Each enrolled bill or joint resolution shall be presented to the presiding officers of both Houses for signature. They shall, after an announcement of their intention to do so is made in open session, sign the bill or joint resolution and their signatures shall be followed by those of the Secretary of the Senate and Chief Clerk of the Assembly.

[Statutes of Nevada 1931, 467; A 1977, 1656; 1999, 3849]

Rule No. 5. Joint Sponsorship.

1. A bill or resolution introduced by a standing committee of the Senate or Assembly may, at the direction of the chairman of the committee, set forth the name of a standing committee of the other House as a joint sponsor, if a majority of all members appointed to the committee of the other House votes in favor of becoming a joint sponsor of the bill or resolution. The name of the

committee joint sponsor must be set forth on the face of the bill or resolution immediately below the date on which the bill or resolution is introduced.

2. A bill or resolution introduced by one or more Legislators elected to one House may, at the direction of the Legislator who brings the bill or resolution forward for introduction, set forth the names of one or more Legislators who are members elected to the other House and who wish to be primary joint sponsors or non-primary joint sponsors of the bill or resolution. Not more than five Legislators from each House may be set forth on the face of a bill or resolution as primary joint sponsors. The names of each primary joint sponsor and non-primary joint sponsor must be set forth on the face of the bill or resolution in the following order immediately below the date on which the bill or resolution is introduced:

(a) The name of each primary joint sponsor, in the order indicated on the colored back of the introductory copy of the bill or resolution; and

(b) The name of each non-primary joint sponsor, in alphabetical order.

3. The Legislative Counsel shall not cause to be printed the name of a standing committee as a joint sponsor on the face of a bill or resolution unless the chairman of the committee has signed his name next to the name of the committee on the colored back of the introductory copy of the bill or resolution that was submitted to the front desk of the House of origin or the statement required by subsection 5. The Legislative Counsel shall not cause to be printed the name of a Legislator as a primary joint sponsor or non-primary joint sponsor on the face of a bill or resolution unless the Legislator has signed the colored back of the introductory copy of the bill or resolution that was submitted to the front desk of the House of origin or the statement required by subsection 5.

4. Upon introduction, any bill or resolution that sets forth the names of primary joint sponsors or non-primary joint sponsors, or both, must be numbered in the same numerical sequence as other bills and resolutions of the same House of origin are numbered.

5. Once a bill or resolution has been introduced, a primary joint sponsor or non-primary joint sponsor may only be added or removed by amendment of the bill or resolution. An amendment which proposes to add or remove a primary joint sponsor or non-primary joint sponsor must not be considered by the House of origin of the amendment unless a statement requesting the addition or removal is attached to the copy of the amendment submitted to the front desk of the House of origin of the amendment. If the amendment proposes to add or remove a Legislator as a primary joint sponsor or non-primary joint sponsor, the statement must be signed by that Legislator. If the amendment proposes to add or remove a standing committee as a joint sponsor, the statement must be signed by the chairman of the committee. A copy of the statement must be transmitted to the Legislative Counsel if the amendment is adopted.

6. An amendment that proposes to add or remove a primary joint sponsor or non-primary joint sponsor may include additional proposals to change the substantive provisions of the bill or resolution or may be limited only to the proposal to add or remove a primary joint sponsor or non-primary joint sponsor.

Additional copies of such bills may be distributed at a charge to the person to whom they are addressed. The amount charged for distribution of the additional copies must be determined by the Director of the Legislative Counsel Bureau to approximate the cost of handling and postage for the entire session.

[Statutes of Nevada 1920-21, 410; A 1977, 1698; 1991, 2477; 1993, 2904; 1995, 2897; 2001, 3313]

POLICY AND PROCEDURES REGARDING SEXUAL HARASSMENT

Rule No. 20. Maintenance of Working Environment; Procedure for Filing, Investigating and Taking Remedial Action on Complaints.

1. The Legislature hereby declares its intention to maintain a working environment which is free from sexual harassment. This policy applies to all Legislators and lobbyists. Each member and lobbyist is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. In accordance with Title VII of the Civil Rights Act, for the purposes of this Rule, "sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment;

(b) Submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person; or

(c) Such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

3. Each person subject to these Rules must exercise his own good judgment to avoid engaging in conduct that may be perceived by others as

sexual harassment. The following noninclusive list provides illustrations of conduct that the Legislature deems to be inappropriate:

(a) Verbal conduct such as epithets, derogatory comments, slurs or unwanted sexual advances, invitations or comments;

(b) Visual conduct such as derogatory posters, photography, cartoons, drawings or gestures;

(c) Physical conduct such as unwanted touching, blocking normal movement or interfering with the work directed at a person because of his sex;

(d) Threats and demands to submit to sexual requests to keep a person's job or avoid some other loss, and offers of employment benefits in return for sexual favors; and

(e) Retaliation for opposing, reporting or threatening to report sexual harassment, or for participating in an investigation, proceeding or hearing conducted by the Legislature or the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission,

➥ when submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment or submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person or such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

4. A person may have a claim of sexual harassment even if he has not lost a job or some other economic benefit. Conduct that impairs a person's ability to work or his emotional well-being at work constitutes sexual harassment.

5. If a Legislator believes he is being sexually harassed on the job, he may file a written complaint with:

(a) The Speaker of the Assembly;

(b) The Majority Leader of the Senate; or

(c) The Director of the Legislative Counsel Bureau, if the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate.

➥ The complaint must include the details of the incident or incidents, the names of the persons involved and the names of any witnesses.

6. Except as otherwise provided in subsection 7, the Speaker of the Assembly or the Majority Leader of the Senate, as appropriate, shall refer a complaint received pursuant to subsection 5 to a committee consisting of Legislators of the same House. A complaint against a lobbyist may be referred to a committee in either House.

7. If the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate, the Director of the Legislative Counsel Bureau shall refer the complaint to the Committee on Elections, Procedures,

Ethics, and Constitutional Amendments of the Assembly or the Committee on Legislative Operations and Elections of the Senate, as appropriate. If the Speaker of the Assembly or the Majority Leader of the Senate is a member of one of these committees, the Speaker or the Majority Leader, as the case may be, shall not participate in the investigation and resolution of the complaint.

8. The committee to which the complaint is referred shall immediately conduct a confidential and discreet investigation of the complaint. As a part of the investigation, the committee shall notify the accused of the allegations. The committee shall facilitate a meeting between the complainant and the accused to allow a discussion of the matter, if both agree. If the parties do not agree to such a meeting, the committee shall request statements regarding the complaint from each of the parties. Either party may request a hearing before the committee. The committee shall make its determination and inform the complainant and the accused of its determination as soon as practicable after it has completed its investigation.

9. If the investigation reveals that sexual harassment has occurred, the Legislature will take appropriate disciplinary or remedial action, or both. The committee shall inform the complainant of any action taken. The Legislature will also take any action necessary to deter any future harassment.

10. The Legislature will not retaliate against a person who files a complaint and will not knowingly permit any retaliation by the person's supervisors or coworkers.

11. The Legislature encourages a person to report any incident of sexual harassment immediately so that the complaint can be quickly and fairly resolved.

12. Action taken by a complainant pursuant to this Rule does not prohibit the complainant from also filing a complaint of sexual harassment with the Nevada Equal Rights Commission or the federal Equal Employment Opportunity Commission.

13. All Legislators and lobbyists are responsible for adhering to the provisions of this policy. The prohibitions against engaging in sexual harassment and the protections against becoming a victim of sexual harassment set forth in this policy apply to employees, Legislators, lobbyists, vendors, contractors, customers and visitors to the Legislature.

14. This policy does not create any enforceable legal rights in any person.
