Conference Amendment No. CA12.

SUMMARY—Makes various changes relating to **[~~time shares.~~]** **real property.** (BDR 10-217)

AN ACT relating to **[~~time shares;~~]** **real property;** restricting the disclosure of certain information about owners of time shares; requiring certain mailings to owners of time shares upon request by an owner; **authorizing a notice of sale on the foreclosure of a time share to be given by posting on an Internet website under certain circumstances; revising provisions concerning the posting of a notice of default and election to sell or a notice of sale;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 2 of this bill requires the manager or board of an association of a time-share plan to maintain a list of owners of time shares in the plan. **Section 2** also prohibits the manager or board from disclosing personal information about an owner without the prior written consent of the owner except under certain circumstances.

Section 3 of this bill requires the manager or board of an association of a time-share plan to: (1) mail certain materials to all owners on the list of owners of time shares in the plan upon the request of an owner under certain circumstances; (2) provide an owner with the option to place certain limits on the information that may be provided to other owners; (3) provide an owner with a written disclosure regarding the potential effect of giving consent to publish or furnish information about the owner; and (4) establish procedures for such mailings.

Existing law requires that, among other forms of notice, a sale of a time share to satisfy a lien for unpaid assessments be noticed by publication in a newspaper under certain circumstances. (NRS 119A.560) Section 4.5 of this bill authorizes, as an alternative to that form of publication, such a notice of sale to be posted on an Internet website if a statement of the Internet address is also published in a newspaper. Section 4.5 also authorizes the publication of such information for one or more notices of sale in the same publication.

Existing law requires that, among other forms of notice, a sale of real property in foreclosure under a deed of trust be noticed by publication in a newspaper under certain circumstances. (NRS 107.080) Section 6 of this bill authorizes, as an alternative to that form of publication, a notice of a time share in foreclosure under a deed of trust to be posted on an Internet website if a statement of the Internet address is also published in a newspaper.

Existing law provides that for a residential foreclosure sale, a copy of the notice of default and election to sell and the notice of sale must be posted in a conspicuous place on the property not later than 3 business days after the notice of default and election to sell. (NRS 107.087) Section 8 of this bill provides that for a notice of default and election to sell, the notice must be posted not later than 100 days before the date of sale and for a notice of sale, the notice must be posted not later than 15 days before the date of sale.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

3. Conference Amendment No. CA3.

AN ACT relating to cosmetology; revising certain provisions governing schools of cosmetology; establishing the procedures for the licensure of certain persons who engage in the practice of hair braiding and persons who operate an establishment for hair braiding; revising provisions relating to the regulation of sanitary conditions; revising provisions relating to the licensure of various cosmetology professionals and cosmetological establishments; [~~repealing a provision~~] revising provisions relating to the [~~provision of a~~] surety bond [~~by~~] requirements for a school of cosmetology; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Cosmetology to determine the qualifications of applicants for various licenses in cosmetology, requires the Board to license schools of cosmetology, and authorizes the Board to adopt regulations governing the sanitary conditions in cosmetological establishments, schools of cosmetology and in the practice of cosmetology. (NRS 644.090, 644.120)

~~[Section 6 of this bill: (1) prohibits a school of cosmetology from collecting the entire amount of the cost for a program at the school of cosmetology from a student of cosmetology when the student enters into a contract with the school of cosmetology; (2) authorizes a school of cosmetology to collect certain periodic payments from students; and (3) requires a school of cosmetology to use the contract for enrollment that was submitted to and approved by the Board.]~~ **Section 6.5 of this bill requires each school of cosmetology to: (1) obtain a surety bond in accordance with regulations adopted by the Board; or (2) provide for payment plans, including plans for periodic payments, in accordance with regulations adopted by the Board. The regulations regarding periodic payments must, as the Board determines appropriate, be modeled after certain federal regulations that provide payment periods for certain federal educational loans and grants.**

Sections 7-9 of this bill establish a new license as a hair braider and set forth the requirements, including passing certain examinations, that must be

met before the Board may issue such a license to a person. **Section 7** sets forth the requirements for obtaining such a license for persons who have not previously practiced hair braiding or who have practiced hair braiding in this State on certain relatives without accepting compensation. **Section 8** sets forth the requirements for persons who have practiced hair braiding in another state. **Section 9** sets forth the scope of the examinations that are required to obtain a license to practice hair braiding. **Section 24** of this bill provides an exemption from the licensure requirements for a person who, without accepting compensation, practices hair braiding on a person who is related within the sixth degree of consanguinity.

Section 10 of this bill establishes a new license for persons who wish to operate an establishment for hair braiding and sets forth the requirements that must be met before the Board may issue such a license. **Sections 11-16** of this bill set forth additional requirements governing an establishment for hair braiding, including, without limitation, requirements relating to the notice which must be provided to the Board concerning a change of ownership or location and requirements relating to the qualifications of the person who must supervise the operation of such an establishment.

Under existing law, the Board is also required to provide for the registration of any person who engages in the practice of threading, and is authorized to inspect any facility in which threading is conducted. (NRS 644.331) **Section 22** of this bill authorizes the Board to include the practice of threading and any facility in which it is conducted in its regulations regarding sanitary conditions. **Sections 26-31 and 35** of this bill add United States citizenship or the legal right to remain and work in the United States to the requirements for applicants seeking licensure by the Board.

Existing law requires that schools of cosmetology post with the Board a surety bond as part of licensure. (NRS 644.383) **Section 43** of this bill repeals that requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Conference Amendment No. CA8.

SUMMARY—Revises provisions relating to public works. (BDR 28-740)

AN ACT relating to public works; revising provisions relating to preferences when competing for contracts for certain public works projects; requiring a contractor to replace an unacceptable subcontractor on a public work of this State without an increase in the amount of the bid; requiring a prime contractor to forfeit a portion of the amount of a contract for a public work under certain circumstances; revising the manner in which a construction manager at risk may solicit bids and select a subcontractor for a public work; revising provisions governing the selection of a construction manager at risk for preconstruction services and the construction of a public work; revising the manner in which a construction manager at risk may solicit bids and select a subcontractor for a public work; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a contract for a public work involving a design-build team is awarded by a public body based on the application of certain criteria. A design-build team may qualify for a preference in bidding on such a contract if the contractor on the design-build team has submitted proof to the State Contractors' Board that the contractor has paid certain taxes to the State for the past 5 years. (NRS 338.1389, 338.147, 338.1727, 408.3886)

Section 2 of this bill allows a person who holds a certificate of registration to engage in the practice of architecture or landscape architecture or who holds a license as a professional engineer or professional land surveyor to qualify for a preference when competing for public works if the person has submitted proof to the appropriate licensing board that the person has paid certain taxes to the State for the past 3 years. **Sections 26 and 31** of this bill allow a design-build team to receive a preference in selection as a finalist for a public work or a project for the construction, reconstruction or improvement of a highway if both the contractor and the design professionals on the design-build team possess a certificate of eligibility to receive their respective preferences. **Sections 28 and 32** of this bill allow a design-build team that has been selected as a finalist for a public work or a project for the construction, reconstruction or improvement of a highway to receive a preference in selection for a contract only if both the contractor and the design professionals on the design-build team possess a certificate of eligibility to receive their respective preferences. **Section 33** of this bill allows an architect, professional engineer or professional land surveyor to receive a preference in selection for certain public works if the architect, professional engineer or professional land surveyor possesses a certificate of eligibility to receive a preference when competing for public works.

Existing law provides that a public body which selects a design-build team as a finalist in the selection process for a contract for a public work must make public specified information concerning the design-build team and its

selection. (NRS 338.1725) **Section 31** of this bill adds a similar requirement for the Department of Transportation to make public specified information concerning a design-build team and the selection of that design-build team as a finalist in the selection process for a contract for a project for the construction, reconstruction or improvement of a highway. **Section 16** of this bill requires that a public body must, after selecting but before entering into a contract with a design professional who is not a member of a design-build team, transmit certain information concerning the selection of the design profession to the licensing board that regulates the design professional. That licensing board must post the information on its Internet website.

Before a contract for a public work of this State is awarded, existing law requires a contractor to replace a subcontractor that is named in the contractor's bid for the contract if the subcontractor is not properly licensed or has been disqualified from participating in public works sponsored by the State Public Works Board. (NRS 338.13895) **Section 12** of this bill requires the contractor to replace such a subcontractor without an increase in the amount of the bid. This same requirement currently applies with respect to the replacement of a subcontractor named in a bid for a contract for a public work of a local government if the subcontractor is not properly licensed. (NRS 338.13895)

Under existing law, a contractor is required to list in his or her bid for a public work the names of certain subcontractors who will be performing work on the public work if the contractor is awarded the contract. Existing law sets forth requirements with which a prime contractor who is awarded the contract must comply to substitute a subcontractor for another subcontractor. (NRS 338.141) If a prime contractor does not comply with the requirements related to the substitution of subcontractors, **section 13** of this bill requires the prime contractor to forfeit 1 percent of the contract amount as a penalty.

Existing law also requires a contractor to include his or her name on a bid for a public work if, as the prime contractor, the contractor will perform a portion of the work on the public work which is estimated to exceed 3 percent of the estimated cost of the public work. (NRS 338.141) **Section 13** of this bill requires a prime contractor to forfeit a specified amount as a penalty if the prime contractor substitutes a subcontractor to perform the work that the prime contractor indicated on the bid that the prime contractor or another subcontractor would perform.

In order for a subcontractor to be eligible to provide materials, equipment, work or other services on a public work for which a construction manager at risk was awarded a contract, existing law requires the subcontractor to be licensed and to be selected based on a process of competitive bidding set forth for all subcontractors on any public work in the State. (NRS 338.1699)

Sections 4 and 5 of this bill changes the manner in which a construction manager at risk selects subcontractors and sets forth specific procedures a construction manager at risk must follow when selecting subcontractors to provide materials, equipment, work or other services on a public work for which the construction manager at risk was awarded a contract.

Existing law authorizes a public body to construct a public work by selecting a construction manager at risk and sets forth certain procedures the public body must follow when selecting the construction manager at risk and entering into a contract with him or her for preconstruction services or to construct the public work. (NRS 338.169-338.1699) **Sections 18-22** of this bill amend the provisions governing the way in which a public body must select a construction manager at risk. Existing law provides for a two-step selection process, wherein construction managers at risk must first submit a statement of qualifications, and then the public body selects finalists who are requested to submit final proposals and are interviewed before one is chosen to be awarded the contract. (NRS 338.1692-338.1695) Instead, **sections 20 and 21** of this bill change the process to a single step: a construction manager at risk submits a proposal from the start, which contains a combination of the statement of qualifications and any material existing law required to be included in a final proposal, and the public body chooses which applicants to interview and which to select from those proposals. **Section 22** of this bill allows a public body to enter into negotiations with the construction manager at risk who is providing the preconstruction services for the construction of a portion of the public work as soon as that portion of the design is finalized instead of waiting until the complete design is finished, as is currently required by existing law. In addition, **section 22** allows the construction manager at risk providing preconstruction services to bid on the project if negotiations for the contract fail and the public body opens it up for bids.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 338 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 5, inclusive, of this act.

Sec. 2. ***1. 2. The State Board of Landscape Architecture shall issue a certificate of eligibility to receive a preference when competing for public works to a person who holds a certificate of registration to engage in the practice of landscape architecture pursuant to the provisions of chapter 623A of NRS and submits to the Board an affidavit from a certified public accountant setting forth that the person has, while holding a certificate of registration to engage in the practice of landscape architecture in this State:

(a) Paid directly, on his or her own behalf the excise tax imposed upon an employer by NRS 363B.110 of not less than $1,500 for each consecutive 12-month period for 36 months immediately preceding the submission of the affidavit from the certified public accountant; or

(b) Acquired, by purchase, inheritance, gift or transfer through a stock option plan, all the assets and liabilities of a viable, operating business that engages in the practice of landscape architecture that:

(1) Satisfies the requirements of NRS 623A.250; and

(2) Possesses a certificate of eligibility to receive a preference when competing for public works.

3. The State Board of Professional Engineers and Land Surveyors shall issue a certificate of eligibility to receive a preference when competing for public works to a professional engineer or professional land surveyor who is licensed pursuant to the provisions of chapter 625 of NRS and submits to the Board an affidavit from a certified public accountant setting forth that the professional engineer or professional land surveyor has, while licensed as a professional engineer or professional land surveyor in this State:

(a) Paid directly, on his or her own behalf the excise tax imposed upon an employer by NRS 363B.110 of not less than $1,500 for each consecutive 12-month period for 36 months immediately preceding the submission of the affidavit from the certified public accountant; or

(b) Acquired, by purchase, inheritance, gift or transfer through a stock option plan, all the assets and liabilities of a viable, operating business that engages in engineering or land surveying that:

(a) The excise tax imposed upon an employer by NRS 363B.110 by an affiliate or parent company of the person, if the affiliate or parent company also satisfies the requirements of NRS 623.350, 623A.250 or 625.407, as applicable; and

(b) The excise tax imposed upon an employer by NRS 363B.110 by a joint venture in which the person is a participant, in proportion to the amount of interest the person has in the joint venture.

5. A design professional who has received a certificate of eligibility to receive a preference when competing for public works pursuant to subsection 1, 2 or 3 must, at the time for the renewal of his or her professional license or certificate of registration, as applicable, pursuant to chapter 623, 623A or 625 of NRS, submit to the applicable licensing board an affidavit from a certified public accountant setting forth that the design professional has, during the immediately preceding 12 months, paid the taxes required pursuant to paragraph (a) of subsection 1, paragraph (a) of subsection 2 or paragraph (a) of subsection 3, as applicable, to maintain eligibility to hold such a certificate.

6. A design professional who fails to submit an affidavit to the applicable licensing board pursuant to subsection 5 ceases to be eligible to receive a preference when competing for public works unless the design professional reapplies for and receives a certificate of eligibility pursuant to subsection 1, 2 or 3, as applicable.

7. If a design professional holds more than one license or certificate of registration, the design professional must submit a separate application for each license or certificate of registration pursuant to which the design professional wishes to qualify for a preference when competing for public works. Upon issuance, the certificate of eligibility to receive a preference when competing for public works becomes part of the design professional's license or certificate of registration for which the design professional submitted the application.

8. If a design professional who applies to a licensing board for a certificate of eligibility to receive a preference when competing for public works pursuant to subsection 1, 2 or 3 submits false information to the

licensing board regarding the required payment of taxes, the design professional is not eligible to receive a preference when competing for public works for a period of 5 years after the date on which the licensing board becomes aware of the submission of the false information.

9. The State Board of Architecture, Interior Design and Residential Design, the State Board of Landscape Architecture and the State Board of Professional Engineers and Land Surveyors shall adopt regulations and may assess reasonable fees relating to their respective certification of design professionals for a preference when competing for public works.

10. A person or entity who believes that a design professional wrongfully holds a certificate of eligibility to receive a preference when competing for public works may challenge the validity of the certificate by filing a written objection with the public body which selected, for the purpose of providing services for a public work, the design professional who holds the certificate. A written objection authorized pursuant to this subsection must:

(a) Set forth proof or substantiating evidence to support the belief of the person or entity that the design professional wrongfully holds a certificate of eligibility to receive a preference when competing for public works; and

(b) Be filed with the public body not later than 3 business days after:

(1) The date on which the public body makes available to the public pursuant to subsection 3 of NRS 338.1725 the information required by that subsection, if the design-build team of which the design profession who holds the certificate is a part was selected as a finalist pursuant to NRS 338.1725;

(2) The date on which the Department of Transportation makes available to the public pursuant to subsection 3 of NRS 408.3885 the information required by that subsection, if the design-build team of which the design professional who holds the certificate is a part was selected as a finalist pursuant to NRS 408.3885; or

(3) The date on which the licensing board which issued the certificate to the design professional posted on its Internet website the information required by subsection 3 of NRS 338.155, if the design professional is identified in that information as being selected for a contract governed by NRS 338.155.

11. If a public body receives a written objection pursuant to subsection 10, the public body shall determine whether the objection is accompanied by the proof or substantiating evidence required pursuant to paragraph (a) of that subsection. If the public body determines that the objection is not accompanied by the required proof or substantiating evidence, the public body shall dismiss the objection and the public body or its authorized representative may proceed immediately to award the contract. If the public

body determines that the objection is accompanied by the required proof or substantiating evidence, the public body shall determine whether the design professional qualifies for the certificate pursuant to the provisions of this section and the public body or its authorized representative may proceed to award the contract accordingly.

Sec. 3. ***1. Notwithstanding the provisions of sections 4 and 5 of this act, and subject to the provisions of subsection 2, if a public body enters into a contract with a construction manager at risk for preconstruction services pursuant to NRS 338.1693, the construction manager at risk may enter into a contract with a subcontractor licensed pursuant to chapter 624 of NRS to provide any of the following preconstruction services, the basis of payment for which is a negotiated price:***

(a) Assisting the construction manager at risk in identifying and selecting materials and equipment to be provided by each subcontractor;

(b) Assisting the construction manager at risk in creating a schedule for the provision of labor, materials or equipment by each subcontractor;

(c) For the purpose of enabling the construction manager at risk to establish a budget for the construction of the public work, estimating the cost of labor, materials or equipment to be provided by each subcontractor; and

(d) Providing recommendations to the construction manager at risk regarding the design for the public work, as the design pertains to the labor, materials or equipment to be provided by each subcontractor.

2. A subcontractor may not provide preconstruction services pursuant to this section in an area of work outside the field or scope of the license of the subcontractor.

Sec. 4. ***1. To be eligible to provide labor, materials or equipment on a public work, the contract for which a public body has entered into with a construction manager at risk pursuant to NRS 338.1696, a subcontractor must be:***

(a) Licensed pursuant to chapter 624 of NRS; and

(b) Qualified pursuant to the provisions of this section to submit a proposal for the provision of labor, materials or equipment on a public work.

3. After the design and schedule for the construction of the public work is sufficiently detailed and complete to allow a subcontractor to apply to qualify to submit a meaningful and responsive proposal for the provision of labor, materials or equipment on the public work, and not later than 21

days before the date by which such an application must be submitted, the construction manager at risk shall advertise for such applications in a newspaper qualified pursuant to chapter 238 of NRS that is published in the county where the public work will be performed. If no qualified newspaper is published in the county where the public work will be performed, the advertisement must be published in some qualified newspaper that is printed in the State of Nevada and has a general circulation in the county.

4. The criteria to be used by the construction manager at risk when determining whether an applicant is qualified to submit a proposal for the provision of labor, materials or equipment must include, and must be limited to:

5. The public body or its authorized representative shall ensure that each determination made pursuant to subsection 2 is made subject to the provisions of subsection 4.

6. The construction manager at risk shall notify each applicant and the public body in writing of a determination made pursuant to subsection 2.

7. A determination made pursuant to subsection 2 that an applicant is not qualified may be appealed pursuant to NRS 338.1381 to the public body with whom the construction manager at risk has entered into a contract for the construction of the public work.

Sec. 5. *1. If a public body enters into a contract with a construction manager at risk for the construction of a public work pursuant to NRS 338.1696, the construction manager at risk may enter into a subcontract for the provision of labor, materials and equipment necessary for the construction of the public work only as provided in this section.*

2. The provisions of this section apply only to a subcontract for which the estimated value is at least 1 percent of the total cost of the public work.

3. After the design and schedule for the construction of the public work is sufficiently detailed and complete to allow a subcontractor to submit a meaningful and responsive proposal, and not later than 21 days before the date by which a proposal for the provision of labor, materials or equipment by a subcontractor must be submitted, the construction manager at risk shall notify in writing each subcontractor who was determined pursuant to section 4 of this act to be qualified to submit such a proposal of a request for such proposals. A copy of the notice required pursuant to this subsection must be provided to the public body.

4. The notice required pursuant to subsection 3 must include, without limitation:

(a) A description of the design for the public work and a statement indicating where a copy of the documents relating to that design may be obtained;

(b) A description of the type and scope of labor, equipment and materials for which subcontractor proposals are being sought;

(c) The dates on which it is anticipated that construction of the public work will begin and end;

(d) The date, time and place at which a preproposal meeting will be held;

(e) The date and time by which proposals must be received, and to whom they must be submitted;

(f) The date, time and place at which proposals will be opened for evaluation;

(g) A description of the bonding and insurance requirements for subcontractors;

(h) Any other information reasonably necessary for a subcontractor to submit a responsive proposal; and

(i) A statement in substantially the following form:

Notice: For a proposal for a subcontract on the public work to be considered:

1. The subcontractor must be licensed pursuant to chapter 624 of NRS;

2. The proposal must be timely received;

3. The subcontractor must attend the preproposal meeting; and

4. The subcontractor may not modify the proposal after the date and time the proposal is received.

5. A subcontractor may not modify a proposal after the date and time the proposal is received.

6. To be considered responsive, a proposal must:

(a) Be timely received by the construction manager at risk; and

(b) Substantially and materially conform to the details and requirements included in the proposal instructions and for the finalized bid package for the public work, including, without limitation, details and requirements affecting price and performance.

7. The opening of the proposals must be attended by an authorized representative of the public body and the architect or engineer responsible for the design of the public work but is not otherwise open to the public.

8. At the time the proposals are opened, the construction manager at risk shall compile and provide to the public body or its authorized representative a list that includes, without limitation, the name and contact information of each subcontractor who submits a timely proposal and the price of the proposal submitted by the subcontractor. The list must be made available to the public upon request.

9. Not less than 10 working days after opening the proposal, the construction manager at risk shall:

(a) Evaluate the proposals and determine which proposals are responsive.

(b) Select the subcontractor who submits the proposal that the construction manager at risk determines is the best proposal. The subcontractor must be selected from among those:

(1) Who attended the preproposal meeting;

(2) Who submitted a responsive proposal; and

(3) Whose names are included on the list compiled and provided to the public body or its authorized representative pursuant to subsection 8.

10. The public body or its authorized representative shall ensure that the evaluation of proposals and selection of subcontractors are done pursuant to the provisions of this section and regulations adopted by the State Public Works Board.

11. A subcontractor selected pursuant to subsection 9 need not be selected by the construction manager at risk solely on the basis of lowest price.

12. Except as otherwise provided in subsection 13, the construction manager at risk shall enter into a subcontract with a subcontractor selected

pursuant to subsection 9 to provide the labor, materials or equipment described in the request for proposals.

13. A construction manager at risk shall not substitute a subcontractor for any subcontractor selected pursuant to subsection 9 unless:

(a) The public body or its authorized representative objects to the subcontractor, requests in writing a change in the subcontractor and pays any increase in costs resulting from the change; or

(b) The substitution is approved by the public body after the selected subcontractor:

(1) Files for bankruptcy or becomes insolvent;

(2) After having a reasonable opportunity, fails or refuses to execute a written contract with the construction manager at risk which was offered to the selected subcontractor with the same general terms that all other subcontractors on the project were offered;

14. The construction manager at risk shall make available to the public, including, without limitation, each subcontractor who submits a proposal, the final rankings of the subcontractors and shall provide, upon request, an explanation to any subcontractor who is not selected of the reasons why the subcontractor was not selected.

15. If a public work is being constructed in phases, and a construction manager at risk selects a subcontractor pursuant to subsection 9 for the provision of labor, materials or equipment for any phase of that construction, the construction manager at risk may select that subcontractor for the provision of labor, materials or equipment for any other phase of the construction without following the requirements of subsections 3 to 11, inclusive.

A contractor's bid shall not be deemed not responsive on the grounds that the contractor submitted a list that includes the name of a subcontractor who, at the time of the submission of the list, is on disqualified status with the State Public Works Board pursuant to NRS 338.1376 if the contractor, before the award of the contract, provides an acceptable replacement subcontractor in the manner set forth in subsection 1 or 2 of NRS 338.13895.

5. A ***prime*** contractor ~~[whose bid is accepted]~~ shall not substitute a subcontractor for any subcontractor who is named in the bid, unless:

(2) The named subcontractor files for bankruptcy or becomes insolvent;

A bond posted or other security submitted with a notice of protest must be in an amount equal to the lesser of:

(a) Twenty-five percent of the total value of the bid submitted by the person filing the notice of protest; or

(b) Two hundred fifty thousand dollars.

4. A notice of protest filed in accordance with the provisions of this section operates as a stay of action in relation to the awarding of any contract until a determination is made by the public body on the protest.

5. A person who makes an unsuccessful bid may not seek any type of judicial intervention until the public body has made a determination on the protest and awarded the contract.

6. Neither a public body nor any authorized representative of the public body is liable for any costs, expenses, attorney's fees, loss of income or other damages sustained by a person who makes a bid, whether or not the person files a notice of protest pursuant to this section.

7. If the protest is upheld, the bond posted or other security submitted with the notice of protest must be returned to the person who posted the bond or submitted the security. If the protest is rejected, a claim may be made against the bond or other security by the public body in an amount equal to the expenses incurred by the public body because of the unsuccessful protest. Any money remaining after the claim has been satisfied must be returned to the person who posted the bond or submitted the security.

(c) Except as otherwise provided in this paragraph, assigning, without limitation, a relative weight of 5 percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by the prime contractor on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all persons who hold a certificate of registration to practice architecture or a license as a professional engineer on the design-build team. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this paragraph relating to a preference in bidding on public works or a preference when competing for public works, those provisions of this paragraph do not apply insofar as their application would preclude or reduce federal assistance for that public work.

3. After the selection of finalists pursuant to this section, the Department shall make available to the public the results of the evaluations of preliminary proposals conducted pursuant to paragraph (b) of subsection 2 and identify which of the finalists, if any, received an assignment of 5 percent pursuant to paragraph (c) of subsection 2.

Sec. 32. NRS 408.3886 is hereby amended to read as follows:

408.3886 1. After selecting the finalists pursuant to NRS 408.3885, the Department shall provide to each finalist a request for final proposals for the project. The request for final proposals must:

(a) Set forth the factors that the Department will use to select a design-build team to design and construct the project, including the relative weight to be assigned to each factor; and

(b) Set forth the date by which final proposals must be submitted to the Department.

2. Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a design-build team pursuant to subsection 1, the Department shall assign, without limitation, a relative weight of 5 percent to the possession of ***both*** a certificate of eligibility to receive a preference in bidding on public works ***by the prime contractor on the design-build team and a certificate of eligibility to receive a preference when competing for public works by all persons who hold a certificate of registration to practice architecture or a license as a professional engineer on the design-build team,*** and a relative weight of at least 30 percent for the proposed cost of design and construction of the project. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular project because of the provisions of

this subsection relating to ***a*** preference in bidding on public works ~~[,]~~ ***or a preference when competing for public works,*** those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that project.

3. A final proposal submitted by a design-build team pursuant to this section must be prepared thoroughly, be responsive to the criteria that the Department will use to select a design-build team to design and construct the project described in subsection 1 and comply with the provisions of NRS 338.141.

4. After receiving the final proposals for the project, the Department shall:

(a) Select the most cost-effective and responsive final proposal, using the criteria set forth pursuant to subsections 1 and 2;

(b) Reject all the final proposals; or

(c) Request best and final offers from all finalists in accordance with subsection 5.

5. If the Department determines that no final proposal received is cost-effective or responsive and the Department further determines that requesting best and final offers pursuant to this subsection will likely result in the submission of a satisfactory offer, the Department may prepare and provide to each finalist a request for best and final offers for the project. In conjunction with preparing a request for best and final offers pursuant to this subsection, the Department may alter the scope of the project, revise the estimates of the costs of designing and constructing the project, and revise the selection factors and relative weights described in paragraph (a) of subsection 1. A request for best and final offers prepared pursuant to this subsection must set forth the date by which best and final offers must be submitted to the Department. After receiving the best and final offers, the Department shall:

(a) Select the most cost-effective and responsive best and final offer, using the criteria set forth in the request for best and final offers; or

(b) Reject all the best and final offers.

6. If the Department selects a final proposal pursuant to paragraph (a) of subsection 4 or selects a best and final offer pursuant to paragraph (a) of subsection 5, the Department shall hold a public meeting to:

(a) Review and ratify the selection.

(b) Partially reimburse the unsuccessful finalists if partial reimbursement was provided for in the request for preliminary proposals pursuant to paragraph (f) of subsection 3 of NRS 408.3883. The amount of reimbursement must not exceed, for each unsuccessful finalist, 3 percent of the total amount to be paid to the design-build team as set forth in the design-build contract.

(c) Make available to the public a summary setting forth the factors used by the Department to select the successful design-build team and the ranking of the design-build teams who submitted final proposals and, if applicable, best and final offers. The Department shall not release to a third party, or otherwise make public, financial or proprietary information submitted by a design-build team.

7. A contract awarded pursuant to this section:

(a) Must comply with the provisions of NRS 338.020 to 338.090, inclusive; and

(b) Must specify:

(1) An amount that is the maximum amount that the Department will pay for the performance of all the work required by the contract, excluding any amount related to costs that may be incurred as a result of unexpected conditions or occurrences as authorized by the contract;

(2) An amount that is the maximum amount that the Department will pay for the performance of the professional services required by the contract; and

(3) A date by which performance of the work required by the contract must be completed.

1. The State of Nevada or any of its political subdivisions, including a county, city or town, shall not engage in any public work requiring the practice of professional engineering or land surveying, unless the maps, plans, specifications, reports and estimates have been prepared by, and the work executed under the supervision of, a professional engineer, professional land surveyor or registered architect.

3. The selection of a professional engineer, professional land surveyor or registered architect to perform services pursuant to subsection 1 must be made on the basis of the competence and qualifications of the engineer, land surveyor or architect for the type of services to be performed and not on the basis of competitive fees. If, after selection of the engineer, land surveyor or architect, an agreement upon a fair and reasonable fee cannot be reached with him or her, the public agency may terminate negotiations and select another engineer, land surveyor or architect. ***Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a professional engineer, professional land surveyor or registered architect pursuant to this subsection, the public agency shall assign, without limitation, a relative weight of 5 percent to the possession of a certificate of eligibility to receive a preference when competing for public works. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection relating to a preference when competing for public works, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that public work.***

Sec. 34. NRS 338.1694, 338.1695 and 338.1699 are hereby repealed.

Sec. 35. 1. Legislative Counsel's Digest:

Under existing law, the board of trustees of each school district is required to adopt a policy to engage certain administrators in the classroom. (NRS 391.235) **Section 21.5** of this bill makes the adoption of such a policy permissive rather than mandatory.

Under existing federal law, a school which is served under Title I and which is identified as needing improvement pursuant to the federal law is required to develop and implement a school improvement plan. (20 U.S.C. § 6316(b)(3)) Also under existing federal law, a school district which is served under Title I and which is identified as needing improvement pursuant to the federal law is required to develop and implement a plan for improvement for the school district. (20 U.S.C. § 6316(c)(7)) Under existing state law, the board of trustees of each school district is required to prepare a plan to improve the achievement of pupils enrolled in the school district. (NRS 385.348) ~~[Also under existing law, the principal of each public school is required to prepare a plan to improve the achievement of pupils enrolled in the school.]~~ This bill repeals ~~[both of those state statutory requirements relating to plans for improvement.]~~ **the state statutory requirement for a school district to prepare a plan for improvement.**

Under existing law, certain school districts in this State are required to adopt a policy providing for the creation of small learning communities for certain pupils enrolled in middle school or junior high school and high school. (NRS 388.171, 388.215) **Section 21.3** of this bill requires the board of trustees of each school district which includes at least one high school with an enrollment of 1,200 pupils or more to adopt a pilot program of small learning communities for implementation in at least 50 percent of those high schools. **Section 36.3** of this bill requires the board of trustees of each school district which includes at least one middle school or junior high school with an enrollment of 500 pupils or more to adopt a pilot program of small learning communities for pupils in their initial year of enrollment for implementation in at least 50 percent of those schools. **Sections 36.5 and 38**

of this bill require both pilot programs to be implemented beginning with the 2013-2014 school year.

Under existing law, effective on July 1, 2011, an academic plan must be developed for each pupil enrolled in middle school or junior high school in accordance with a policy adopted by the board of trustees of the school district. **Section 36.5** of this bill extends the date for adoption of such a policy to January 1, 2013, for implementation beginning with the 2013-2014 school year.

Grants of money must be made for programs designed for the achievement of pupils that are linked to the plan to improve the achievement of pupils or for innovative programs, or both, or that are linked to the turnaround plan for the school or the plan for restructuring the school, if applicable, or for innovative programs, or both. The Commission shall not award a grant of money from the Account for a program to provide full-day kindergarten. All public schools and consortiums of public schools, including, without limitation, charter schools, are eligible to submit such an application, regardless of whether the schools have made adequate yearly progress or failed to make adequate yearly progress. (e) Establish guidelines for the review, evaluation and approval of applications for grants of money from the Account, including, without limitation, consideration of the list of priorities of public schools provided by the Department pursuant to subsection 6. To ensure consistency in the review, evaluation and approval of applications, if the guidelines authorize the review and evaluation of applications by less than the entire membership of the Commission, money must not be allocated from the Account for a grant until the entire membership of the Commission has reviewed and approved the application for the grant.

(I) Plan to improve the achievement of pupils for the school prepared pursuant to NRS 385.357;

(4) The attainment of measurable progress on the annual list of adequate yearly progress of school districts and schools.

2. To the extent money is available, the Commission shall make allocations of money to public schools and consortiums of public schools for effective programs for grades 7 through 12 that are designed to improve the achievement of pupils and effective programs of innovation for pupils. In

making such allocations, the Commission shall comply with the requirements of this section.

3. An application submitted pursuant to this section must include a written statement which:

(b) Is developed in accordance with the criteria established by the Commission; and

(c) Is complete and complies with all technical requirements for the submission of an application.

➥ A school district may make recommendations to the individual schools and consortiums of public schools. Such schools and consortiums of public schools are not required to follow the recommendations of a school district.

SUMMARY—Revises certain provisions governing financial **[**~~institutions.~~**]** **organizations.** (BDR 55-737)

AN ACT relating to financial **[**~~institutions;~~**]** **organizations;** revising provisions governing the period that a bank may hold certain real property; removing provisions requiring a bank annually to charge off a certain percentage of the value of certain real property held by the bank and acquired as a result of a debt owed to the bank; revising provisions governing the review of certain applications for licensure by the Commissioner of Financial Institutions; revising provisions relating to the control of a retail trust company; revising provisions governing the assets which certain trust companies are required to maintain; revising provisions governing applications for a license to operate a retail trust company; authorizing

certain persons to appeal certain decisions of the Commissioner; **revising the period after which certain property is presumed to be abandoned;** requiring the State Controller to develop and operate with financial institutions a data-match system for the collection of certain debts owed to the State; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a bank to hold real property that the bank acquires through the collection of debts owed to it for up to 10 years, and **section 1** of this bill reduces that period to 5 years, except that a bank may request an extension of that period from the Commissioner of Financial Institutions of not more than 5 years. Existing law also requires a bank to charge off the real property on a schedule of not less than 10 percent per year, or at a greater percentage if so required by the Commissioner. (NRS 662.015) **Section 1** removes the requirement that a bank annually charge off a certain percentage of the value of such real property.

Existing law charges the Commissioner with certain duties and responsibilities related to retail trust companies, including investigating companies that apply for licensure as a retail trust company, issuing licenses to qualified companies to operate as a retail trust company and removing from office an officer, director, manager or employee of a retail trust company for certain conduct. (NRS 657.180, 669.085, 669.090, 669.130, 669.150, 669.160, 669.281) **Section 3** of this bill requires the Commissioner to consider certain criteria related to the potential long-term success of a trust company before approving the company's application for licensure to operate as a retail trust company. **Section 4** of this bill requires a person who intends to obtain control of a retail trust company to submit an application for licensure to the Commissioner. **Section 7** of this bill requires the Commissioner to provide to an applicant for licensure as a retail trust company written notice of any grounds for denial of an application and authorizes the applicant to cure any defect or deficiency in the application and resubmit the application within a certain period. **Section 8** of this bill provides that a person who is removed from office by the Commissioner may appeal his or her removal from office within a certain period.

Existing law requires a retail trust company to maintain at least 50 percent of its required stockholders' equity in cash, unless the Commissioner approves a different amount, with the remaining amount to be held in the form of readily marketable securities or certain other assets that may be approved by the Commissioner. Existing law also requires a noncustodial trust company to maintain 50 percent of its required minimum capital in cash. (NRS 669.100) **Section 6** of this bill requires a retail trust company to maintain a certain amount of its required stockholders' equity in the form of cash or certain cash equivalents and authorizes a retail trust company to hold

the remaining amount of the required stockholders' equity in the form of readily marketable securities or certain other assets upon the approval of the Commissioner. **Section 6** further requires that bonds or other evidence of indebtedness held by a retail trust company as part of its required stockholders' equity meet certain investment standards. **Section 6** also requires a noncustodial trust company to maintain 25 percent of its required minimum capital in the form of cash.

Section 8.5 of this bill reduces from 3 years to 2 years the period after which unclaimed property is presumed to be abandoned property if the holder of the property reported holding more than $10 million in property presumed abandoned on the most recent report filed by the holder.

Section 10 of this bill requires the State Controller to develop and operate a system for matching data to collect outstanding debts owed to the State. Financial institutions in this State must provide to the State Controller information on persons who maintain accounts at the financial institution and are identified by the State Controller as owing outstanding debts to the State. Financial institutions are then required to encumber **certain** assets held in the financial institution by the debtors to pay their debts.

(b) A money order, 7 years after issuance;

(c) Any stock or other equity interest in a business association or financial organization, including a security entitlement under NRS 104.8101 to 104.8511, inclusive, 3 years after the earlier of the date of the most recent dividend, stock split or other distribution unclaimed by the apparent owner, or the date of the second mailing of a statement of account or other notification or communication that was returned as undeliverable or after the holder discontinued mailings, notifications or communications to the apparent owner;

(d) Any debt of a business association or financial organization, other than a bearer bond or an original issue discount bond, 3 years after the date of the most recent interest payment unclaimed by the apparent owner;

(e) A demand, savings or time deposit, including a deposit that is automatically renewable, 3 years after the earlier of maturity or the date of the last indication by the owner of interest in the property, but a deposit that is automatically renewable is deemed matured for purposes of this section upon its initial date of maturity, unless the owner has consented to a renewal at or about the time of the renewal and the consent is in writing or is evidenced by a memorandum or other record on file with the holder;

(f) Except as otherwise provided in NRS 120A.520, any money or credits owed to a customer as a result of a retail business transaction, 3 years after the obligation accrued;

(g) Any amount owed by an insurer on a life or endowment insurance policy or an annuity that has matured or terminated, 3 years after the obligation to pay arose or, in the case of a policy or annuity payable upon proof of death, 3 years after the insured has attained, or would have attained if living, the limiting age under the mortality table on which the reserve is based;

(h) Any property distributable by a business association or financial organization in a course of dissolution, 1 year after the property becomes distributable;

(i) Any property received by a court as proceeds of a class action and not distributed pursuant to the judgment, 1 year after the distribution date;

(j) Except as otherwise provided in NRS 607.170 and 703.375, any property held by a court, government, governmental subdivision, agency or instrumentality, 1 year after the property becomes distributable;

(c) The making of a deposit to or withdrawal from a bank account; and

5. Property is payable or distributable for purposes of this chapter notwithstanding the owner's failure to make demand or present an instrument or document otherwise required to obtain payment.

6. The following property clearly designated as such must not be presumed abandoned because of inactivity or failure to make a demand:

(a) An account or asset managed through a guardianship;

(b) An account blocked at the direction of a court;

(c) A trust account established to address a special need;

(d) A qualified income trust account;

(e) A trust account established for tuition purposes;

(f) A trust account established on behalf of a client; and

(g) An account or fund established to meet the costs of burial.

7. For property described in paragraphs (c) to (f), inclusive, and (n) of subsection 1, the 3-year period described in each of those paragraphs must be reduced to a 2-year period if the holder of the property reported more than $10 million in property presumed abandoned on the holder's most recent report of abandoned property made pursuant to NRS 120A.560.

Sec. 9. NRS 239A.070 is hereby amended to read as follows:

5. A financial institution from notifying a customer of the receipt of a subpoena or a search warrant to obtain the customer's financial records, except when ordered by a court to withhold such notification.

6. The examination by or disclosure to any governmental regulatory agency of financial records which relate solely to the exercise of its regulatory function if the agency is specifically authorized by law to examine, audit or require reports of financial records of financial institutions.

Conference Amendment No. CA15.

AN ACT relating to public agencies; revising the restrictions on contracts with or employment of former or current state employees by a state agency; providing certain exceptions; requiring state agencies to report all contracts for services as part of the budget process; requiring that a contractor with a state agency be in active and good standing with the Secretary of State; **requiring certain reporting to the 77th Session of the Legislature;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law restricts the employment of consultants by public agencies and requires the approval of certain contracts with consultants by the Interim Finance Committee. (NRS 284.1729) **Section 1** of this bill expands those restrictions to apply to all contracts to provide services to state agencies, revises the exceptions to the restrictions and requires approval of the State Board of Examiners rather than the Interim Finance Committee of contracts subject to the restrictions. **Section 1** also prohibits a state agency from entering into a contract with a person for services without ensuring that the person is in active and good standing with the Secretary of State. **Section 1** also provides that certain provisions governing state purchasing apply to such contracts. **Section 2** of this bill requires state agencies to report all contracts for services as part of the budget process instead of only reporting contracts with consultants and temporary employment services. **Section 3 of this bill** moves the reporting requirements for school districts regarding consultants to the chapter which specifically governs school districts. **Section 3.5 of this bill requires certain reporting to the 77th Session of the Legislature concerning certain contracts for services entered into by state agencies.**

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 980.

AN ACT relating to mining; creating the Mining Oversight and Accountability Commission and establishing its membership, powers and duties; revising provisions governing the calculation of net proceeds from certain mining operations conducted in this State; repealing a fee imposed on certain filings regarding mining claims; **making an appropriation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law does not provide for a single administrative body to oversee the activities of the various state agencies that have responsibility for the taxation, operation, safety and environmental regulation of mines and mining in this State. **Section 5** of this bill creates the Mining Oversight and Accountability Commission, consisting of seven members appointed by the Governor. Two of the members must be recommended by the Majority Leader of the Senate and two by the Speaker of the Assembly. In the first biennium, one member must be recommended by the Minority Leader of the Senate. In the next biennium, one member must be recommended by the Minority Leader of the Assembly. The authority of the Minority Leader of the Senate and the Minority Leader of the Assembly to make those recommendations alternates each biennium thereafter. **Section 7** of this bill requires the Commission to provide oversight of compliance with Nevada law relating to the activities of each state agency with respect to the taxation,

operation, safety and environmental regulation of mines and mining in this State. **Section 7** also identifies particular state entities that are subject to the supervision of the Commission with respect to their activities related to mines and mining: (1) the Nevada Tax Commission and the Department of Taxation in the taxation of the net proceeds of minerals; (2) the Division of Industrial Relations of the Department of Business and Industry concerning the safe and healthful working conditions at mines; (3) the Commission on Mineral Resources and the Division of Minerals of the Commission; (4) the Bureau of Mines and Geology of the State of Nevada; and (5) the Division of Environmental Protection of the State Department of Conservation and Natural Resources in its activities concerning the reclamation of land used in mining. **Sections 8 and 13-16** of this bill establish certain reports and other information that those entities are required to provide to the Commission. **Section 11** of this bill authorizes the Commission to request the Legislative Commission to direct the Legislative Auditor to provide for a special audit or investigation of the activities of any state agency, board, bureau, commission or political subdivision in connection with the taxation, operation, safety and environmental regulation of mines and mining in this State. **Section 12** of this bill provides that certain regulations of the Nevada Tax Commission, Administrator of the Division of Industrial Relations, Commission on Mineral Resources and the State Environmental Commission concerning mines and mining are not effective unless they are reviewed by the Mining Oversight and Accountability Commission before being approved by the Legislative Commission. **Sections 12.5 and 12.7** of this bill revise provisions governing the calculation of net proceeds from certain mining operations conducted in this State.

During the 26th Special Session in 2010, the Legislature enacted a law imposing a fee on the filing of an affidavit of the work performed on or improvements made to a mining claim or an affidavit of the intent to hold a mining claim, if the person who holds the mining claim holds 11 or more mining claims in this State. (NRS 517.187) **Section 16.3** of this bill repeals that law. **Section 16.7** of this bill allows any person who paid that fee to receive a credit of the amount paid against any liability of the person for the state modified business tax or, if that is not practical, a refund of the amount paid.

Section 16.5 of this bill makes an appropriation to the Department of Taxation to fund the costs for the Mining Oversight and Accountability Commission.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 362 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 12 inclusive, of this act.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Health and Human Services, to which was referred Senate Bill No. 115, has had the same under consideration, and begs leave to report the same back with the recommendation: Amend, and do pass as amended.

APRIL MASTROLUCA, *Chair*

GENERAL FILE AND THIRD READING

Senate Bill No. 115.

Bill read third time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 984.

AN ACT relating to health care; requiring certain hospitals and physicians to accept certain amounts as payment in full for the provision of certain services and care to certain patients; providing an exception under certain circumstances; requiring the submission of certain reports relating to policies of health insurance and similar contractual agreements by certain third parties who issue those policies and agreements; requiring the Administrator of the Health Division of the Department of Health and Human Services to study issues relating to policies of health insurance and similar contractual agreements; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a hospital is required to provide emergency services and care and to admit certain patients where appropriate, regardless of the financial status of the patient. (NRS 439B.410) Existing law also requires certain major hospitals to reduce total billed charges by at least 30 percent for hospital services provided to certain patients who have no insurance or other contractual provision for the payment of the charges by a third party. (NRS 439B.260) **Section 13** of this bill requires an out-of-network hospital with 100 or more beds that is not operated by a federal, state or local governmental entity to accept, under certain circumstances, as payment in full for the provision of any medical screening and emergency services and care to stabilize a patient who arrives at the out-of-network hospital through an emergency transport an amount which equals ~~[115]~~ **60** percent of the ~~[amount set forth in the schedule of fees and charges established by the Division of Industrial Relations of the Department of Business and Industry]~~ **billed charges of the out-of-network hospital** for costs associated with services and care provided to a patient for treatment other than treatment of a traumatic injury, and ~~[120]~~ **70** percent of the ~~[amount set forth in that schedule of fees and charges]~~ **billed charges of the out-of-network hospital** for costs associated with services and care provided to the patient for treatment of a traumatic injury. **In addition, section 13 provides that if the billed charges are increased, the amount required to be paid for the average billed charges must not increase by more than 5 percent. Section 14** of this bill similarly requires an out-of-network physician of an out-of-network hospital with 100 or more beds to accept as payment in full for the provision of medical screening and emergency services and care to stabilize a patient an amount which is based on the schedule of fees and charges established by the Division of Industrial Relations. A physician who provides services and care to the patient for treatment other than treatment of a traumatic injury will receive an amount equal to 115 percent of the amount set forth in that schedule of fees and charges, an anesthesiologist will receive an amount equal to 120 percent of the amount set forth in that schedule of fees and charges, and a physician who provides services and care to the

patient for treatment of a traumatic injury will receive 120 percent of the amount set forth in that schedule of fees and charges. **Section 14** excludes emergency room physicians from these provisions.

Sections 13 and 14 apply only to certain third party insurers organized as nonprofit entities and do not apply to Medicaid or the Children's Health Insurance Program. Sections 13 and 14 require the third party to provide for the transfer of the patient to an in-network hospital within 8 hours after the out-of-network hospital notifies the third party that the patient has been stabilized. After that period, if the patient remains at the out-of-network hospital, the parties must negotiate a rate or the total billed charges will apply. Sections 13 and 14 **also** allow an out-of-network hospital and an out-of-network physician to negotiate a different amount of payment if the hospital or physician believes that the amount provided pursuant to those sections does not provide a fair and reasonable rate of return in relation to the services provided. ~~[In addition, section 13 requires that a patient be transferred to an in-network hospital within a certain period after which the third party will be responsible for the billed charges if the patient has not been transferred.]~~ **Section 14.5** of this bill provides the process for submitting a dispute regarding the fair and reasonable rate of return to mediation.

Section 16 of this bill requires a third party who wishes to pay the amounts prescribed pursuant to **sections 13 and 14** to maintain an adequate network of providers and submit certain reports to the Administrator of the Health Division of the Department of Health and Human Services and to the Legislative Committee on Health Care. **Section 1** of this bill requires the Administrator of the Health Division to determine whether third parties have adequate networks. **Section 11** of this bill provides that the provisions of this bill apply only to certain insurers that are organized as nonprofit entities. **Section 12.7** of this bill provides that the provisions of this bill do not apply to Medicaid or to the Children's Health Insurance Program.

Section 21.5 of this bill limits the application of the bill so that it applies prospectively to contracts that expire on or after January 1, 2012. Section 22 of this bill provides that the provisions of this bill expire by limitation on January 1, 2018.

Legislative Counsel's Digest:

Existing law authorizes the Department of Transportation to adopt regulations to allow certified low emission and energy-efficient vehicles to be operated in a lane on a highway under its jurisdiction designated for the preferential use or exclusive use of high-occupancy vehicles. (NRS 484A.463) **Section 6** of this bill defines the term "qualified ~~[plug-in electric drive]~~ **alternative fuel** vehicle" in **such** a manner ~~[substantially similar]~~ **as** to **include within** the definition ~~[used by the Internal Revenue Service for the purpose of the tax credit made available for the initial acquisition of such]~~ **both plug-in** vehicles **~~[.]~~ that are powered by an electric motor, and vehicles which are powered by an alternative fuel and meet specified federal emissions standards.** **Section 7** of this bill requires that, with limited exceptions, each local authority shall establish a parking program for qualified ~~[plug-in electric drive]~~ **alternative fuel** vehicles. **Section 7** provides that the owner or long-term lessee of such a vehicle may: (1) apply to the local authority for a distinctive decal, label or other identifier that distinguishes the vehicle from other vehicles; and (2) while displaying the distinctive identifier, park the vehicle without the payment of a parking fee at certain times in certain public parking lots, parking areas and metered parking zones. **Section 10** of this bill authorizes the use of a qualified ~~[plug-in electric drive]~~ **alternative fuel** vehicle in high-occupancy vehicle lanes irrespective of the occupancy of the vehicle, if the Department of Transportation has adopted the necessary regulations. **Section 13** of this bill causes the provisions of this bill that pertain to qualified ~~[plug-in electric drive]~~ **alternative fuel** vehicles to expire by limitation ("sunset") as of January 1, 2018.

Section 8 of this bill requires the Department of Motor Vehicles to adopt regulations authorizing the operation of autonomous vehicles on highways within the State of Nevada. **Section 8** defines an "autonomous vehicle" to mean a motor vehicle that uses artificial intelligence, sensors and global positioning system coordinates to drive itself without the active intervention

of a human operator. **Section 2** of this bill requires the Department, by regulation, to establish a driver's license endorsement for the operation of an autonomous vehicle on the highways of this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. (Deleted by amendment.)

Sec. 2. Chapter 483 of NRS is hereby amended by adding thereto a new section to read as follows:

Conference Amendment No. CA16.

AN ACT relating to local governments; revising provisions relating to ~~[~~mediation during the process of~~]~~ collective bargaining ~~[~~; revising provisions relating to certain reports on final agreements~~]~~ between local government employers and employee organizations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[~~Section 1.3 of this bill revises provisions relating to mediation between local governments and~~]~~ **Existing law states that certain persons may, and certain persons may not, be members of** employee organizations ~~[~~during~~]~~

for the purposes of collective bargaining. **(NRS 288.140)** ~~[Sections 1, 1.7, 3 and 4]~~ **Section 6** of this bill ~~[require]~~ **sets forth** that the ~~[reports made by the chief executive officer of a local government or the superintendent of a school district to the local government or to the board of trustees of the school district, respectively, concerning the fiscal impact of a collective bargaining agreement between the local government and]~~ **following persons are prohibited from being a member of** an employee organization ~~[include information relating to the estimated total cost of the agreement and the difference in that cost and the total cost of the immediately preceding agreement.]~~ **: (1) supervisory employees who have additional authority on behalf of the employer to make budgetary decisions and decisions relating to collective bargaining; (2) doctors and physicians who are employed by a local government employer; and (3) attorneys who are employed by a local government employer and assigned to a civil division, department or agency, except for the duration of a collective bargaining agreement to which the attorney is a party as of July 1, 2011.**

Under existing law, a supervisory employee is prohibited from being a member of the same bargaining unit as the employees under his or her direction. (NRS 288.170) Section 5 of this bill revises the definition of "supervisory employee" (NRS 288.075) to create a second subset of supervisory employees who, on behalf of their employer, make budgetary decisions and decisions relating to collective bargaining. Section 8 of this bill makes technical changes to reflect that section 5 now sets forth two subsets of supervisory employees.

Existing law sets forth the subjects over which local government employers and recognized employee organizations are required to bargain (mandatory bargaining), and the subjects that are reserved to such an employer without negotiation. (NRS 288.150) Section 7 of this bill adds to the list of mandatory bargaining topics the reopening of collective bargaining agreements in instances of fiscal emergency.

(a) Any individual having authority in the interest of the employer to hire, transfer, suspend, lay off, recall, promote, discharge, assign, reward or discipline other employees or responsibility to direct them, to adjust their grievances or effectively to recommend such action, if in connection with the foregoing, the exercise of such authority is not of a merely routine or clerical nature, but requires the use of independent judgment. The exercise of such authority shall not be deemed to place the employee in supervisory employee status unless the exercise of such authority occupies a significant portion of the employee's workday ~~[.]~~ ***; or***

(b) Any individual or class of individuals appointed by the employer and having authority on behalf of the employer to:

2. Nothing in this section shall be construed to mean that an employee who has been given incidental administrative duties shall be classified as a supervisory employee.

Sec. 6. **NRS 288.140 is hereby amended to read as follows:**

288.140 1. It is the right of every local government employee, subject to the ~~[limitation]~~ ***limitations*** provided in ~~[subsection]~~ ***subsections*** 3 ~~[,]~~ ***and 4,*** to join any employee organization of the employee's choice or to refrain from joining any employee organization. A local government employer shall not discriminate in any way among its employees on account of membership or nonmembership in an employee organization.

2. The recognition of an employee organization for negotiation, pursuant to this chapter, does not preclude any local government employee who is not a member of that employee organization from acting for himself or herself with respect to any condition of his or her employment, but any action taken on a request or in adjustment of a grievance shall be consistent with the terms of an applicable negotiated agreement, if any.

3. A police officer, sheriff, deputy sheriff or other law enforcement officer may be a member of an employee organization only if such employee organization is composed exclusively of law enforcement officers.

4. The following persons may not be a member of an employee organization:

(a) A supervisory employee described in paragraph (b) of subsection 1 of NRS 288.075, including but not limited to appointed officials and department heads who are primarily responsible for formulating and administering management, policy and programs.

(b) A doctor or physician who is employed by a local government employer.

(c) Except as otherwise provided in this paragraph, an attorney who is employed by a local government employer and who is assigned to a civil law division, department or agency. The provisions of this paragraph do not apply with respect to an attorney for the duration of a collective bargaining agreement to which the attorney is a party as of July 1, 2011.

5. As used in this section, "doctor or physician" means a doctor, physician, homeopathic physician, osteopathic physician, chiropractic physician, practitioner of Oriental medicine, podiatric physician or practitioner of optometry, as those terms are defined or used, respectively, in NRS 630.014, 630A.050, 633.091, chapter 634 of NRS, chapter 634A of NRS, chapter 635 of NRS or chapter 636 of NRS.

~~[Sec. 5.]~~ ***Sec. 7.*** **NRS 288.150 is hereby amended to read as follows:**

288.150 1. Except as provided in subsection 4, every local government employer shall negotiate in good faith through one or more representatives of its own choosing concerning the mandatory subjects of bargaining set forth in subsection 2 with the designated representatives of the recognized employee organization, if any, for each appropriate bargaining unit among its employees. If either party so requests, agreements reached must be reduced to writing.

2. The scope of mandatory bargaining is limited to:

(a) Salary or wage rates or other forms of direct monetary compensation.

(b) Sick leave.

(c) Vacation leave.

(d) Holidays.

(e) Other paid or nonpaid leaves of absence.

(f) Insurance benefits.

(g) Total hours of work required of an employee on each workday or workweek.

(h) Total number of days' work required of an employee in a work year.

(i) Discharge and disciplinary procedures.

(j) Recognition clause.

(k) The method used to classify employees in the bargaining unit.

(l) Deduction of dues for the recognized employee organization.

(m) Protection of employees in the bargaining unit from discrimination because of participation in recognized employee organizations consistent with the provisions of this chapter.

(n) No-strike provisions consistent with the provisions of this chapter.

(o) Grievance and arbitration procedures for resolution of disputes relating to interpretation or application of collective bargaining agreements.

(r) Safety of the employee.

(s) Teacher preparation time.

(t) Materials and supplies for classrooms.

(u) The policies for the transfer and reassignment of teachers.

(v) Procedures for reduction in workforce.

(w) Procedures and requirements for the reopening of collective bargaining agreements that exceed 1 year in duration for additional, further, new or supplementary negotiations during periods of fiscal emergency. The requirements for the reopening of a collective bargaining agreement must include, without limitation, measures of revenue shortfalls or reductions relative to economic indicators such as the Consumer Price Index, as agreed upon by both parties.

3. Those subject matters which are not within the scope of mandatory bargaining and which are reserved to the local government employer without negotiation include:

(a) Except as otherwise provided in paragraph (u) of subsection 2, the right to hire, direct, assign or transfer an employee, but excluding the right to assign or transfer an employee as a form of discipline.

(b) The right to reduce in force or lay off any employee because of lack of work or lack of money, subject to paragraph (v) of subsection 2.

(c) The right to determine:

(1) Appropriate staffing levels and work performance standards, except for safety considerations;

(2) The content of the workday, including without limitation workload factors, except for safety considerations;

(3) The quality and quantity of services to be offered to the public; and

(4) The means and methods of offering those services.

(d) Safety of the public.

4. Notwithstanding the provisions of any collective bargaining agreement negotiated pursuant to this chapter, a local government employer is entitled to take whatever actions may be necessary to carry out its responsibilities in situations of emergency such as a riot, military action, natural disaster or civil disorder. Those actions may include the suspension of any collective bargaining agreement for the duration of the emergency. Any action taken

under the provisions of this subsection must not be construed as a failure to negotiate in good faith.

5. The provisions of this chapter, including without limitation the provisions of this section, recognize and declare the ultimate right and responsibility of the local government employer to manage its operation in the most efficient manner consistent with the best interests of all its citizens, its taxpayers and its employees.

6. This section does not preclude, but this chapter does not require the local government employer to negotiate subject matters enumerated in subsection 3 which are outside the scope of mandatory bargaining. The local government employer shall discuss subject matters outside the scope of mandatory bargaining but it is not required to negotiate those matters.

7. Contract provisions presently existing in signed and ratified agreements as of May 15, 1975, at 12 p.m. remain negotiable.

Sec. 8. **NRS 288.170 is hereby amended to read as follows:**

288.170 1. Each local government employer which has recognized one or more employee organizations shall determine, after consultation with the recognized organization or organizations, which group or groups of its employees constitute an appropriate unit or units for negotiating. The primary criterion for that determination must be the community of interest among the employees concerned.

2. A principal, assistant principal or other school administrator below the rank of superintendent, associate superintendent or assistant superintendent shall not be a member of the same bargaining unit with public school teachers unless the school district employs fewer than five principals but may join with other officials of the same specified ranks to negotiate as a separate bargaining unit.

3. A head of a department of a local government, an administrative employee or a supervisory employee must not be a member of the same bargaining unit as the employees under the direction of that department head, administrative employee or supervisory employee. Any dispute between the parties as to whether an employee is a supervisor must be submitted to the Board. An employee organization which is negotiating on behalf of two or more bargaining units consisting of firefighters or police officers, as defined in NRS 288.215, may select members of the units to negotiate jointly on behalf of each other, even if one of the units consists of supervisory employees and the other unit does not.

4. Confidential employees of the local government employer must be excluded from any bargaining unit but are entitled to participate in any plan to provide benefits for a group that is administered by the bargaining unit of which they would otherwise be a member.

5. If any employee organization is aggrieved by the determination of a bargaining unit, it may appeal to the Board. Subject to judicial review, the decision of the Board is binding upon the local government employer and employee organizations involved. The Board shall apply the same criterion as specified in subsection 1.

6. As used in this section ~~[, "confidential]~~ **:**

(a) "Confidential employee" means an employee who is involved in the decisions of management affecting collective bargaining.

(b) "Supervisory employee" means a supervisory employee described in paragraph (a) of subsection 1 of NRS 288.075.

Conference Amendment No. CA7.

AN ACT relating to the taxation of property; revising the provisions governing the administration of certain exemptions from taxation, the determination of the taxable value of the community units of a common-interest community, the conversion of mobile or manufactured homes from real to personal property, the issuance of certain notices by the county assessor and county treasurer, the payment of taxes on personal property in installments, and the determination of when an overpayment of taxes on personal property will not be refunded or a deficiency in the payment of such taxes will be exempted from collection; postponing the prospective expiration of certain provisions for the funding of accounts for the acquisition and improvement of technology in the offices of county assessors and revising the authorized uses of such accounts; repealing certain requirements relating to the minimum valuation of certain land; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides various exemptions from property taxes for surviving spouses, persons who are blind and veterans, if the persons claiming the exemptions are bona fide residents of this State, and requires the county assessors to mail annually to each person who claims such an exemption a form for the renewal of the exemption. (NRS 361.080, 361.085, 361.090, 361.091) **Section 1** of this bill clarifies that these tax exemptions do not apply to a person who holds an identification card indicating that the person is only a seasonal resident of this State, unless the person has actually resided in Nevada for at least 6 months. **Sections 2-5** of this bill authorize the county assessors to provide, upon request, the forms for renewal by electronic means and to authorize the return of those forms by electronic means.

Under existing law, the taxable value of the common elements of a common-interest community must be allocated on an equal basis to each of the community units of that common-interest community. (NRS 361.233) **Section 6** of this bill instead requires, under certain conditions, the allocation of that taxable value to the community units in accordance with a formula for allocation set forth in the declaration creating the common-interest community or, if there is no such declaration, in the recorded deeds for the community units.

Under existing law, a mobile or manufactured home may not be converted from real to personal property and removed from the real property to which it is affixed unless the county assessor certifies that the current taxes on that home and real property have been paid. (NRS 361.2445) **Section 7** of this bill instead requires this certification from the county tax receiver.

Existing law requires each board of county commissioners to pass a resolution during each fiscal year which directs the county assessor to prepare a secured tax roll of taxable property in the county. The resolution must further direct the county assessor to mail a copy of the secured tax roll to each taxpayer in the county ~~[and]~~ **or** publish the secured tax roll in a newspaper of general circulation in the county. Existing law also requires the county assessor to issue certain notices indicating that the secured tax roll is complete and available for inspection. (NRS 361.300) **Section 9.5** of this bill requires the county assessor to, pursuant to a resolution adopted by the board of county commissioners, additionally post the secured tax roll in certain public areas, post the secured tax roll at the office of the county assessor and publish the secured tax roll on an Internet website maintained by the county assessor or the county. In addition, **section 9.5** requires that notices to the effect that the secured tax roll is complete and open for inspection also indicate the locations at which the secured tax roll is available for inspection.

Existing law requires a county tax receiver to publish certain notices of delinquent taxes in a newspaper of general circulation in the county or, if no

such newspaper exists, in at least five conspicuous places in the county. (NRS 361.565) **Section 11.5** of this bill requires the county tax receiver to additionally publish such notices of delinquency on an Internet website maintained by the county treasurer or the county.

Existing law authorizes a taxpayer, upon request, to pay the personal property taxes imposed on the property of a business in installments if the total taxes exceed $10,000 and certain other conditions are met. (NRS 361.483) **Section 10** of this bill revises this authorization to include the taxes imposed on personal property which is not the property of a business, to require the total amount of taxes to exceed $5,000 and to allow the installment payments only if the pertinent tax bill is issued on or before September 15.

Under existing law, an overpayment of personal property taxes in an amount which is less than the average cost of collecting taxes in this State must be paid into the county general fund unless the taxpayer requests a refund within 6 months, and a deficiency in the payment of personal property taxes must be exempted from collection efforts if the deficiency is less than that average cost of collecting taxes. (NRS 361.485) **Section 11** of this bill requires, when calculating the amount paid to determine the existence and amount of such an overpayment or deficiency, the inclusion of the amount of any applicable penalties paid and the amount of any applicable partial abatements of taxes.

Existing law provides various exemptions from the governmental services taxes otherwise due on vehicles of surviving spouses, persons who are blind and veterans and requires the county assessors to mail annually to each person who claims such an exemption a form for the renewal of the exemption. (NRS 371.101, 371.102, 371.103, 371.104) **Sections 12-15** of this bill authorize the county assessors to provide, upon request, the forms for renewal by electronic means.

Under existing law, 2 percent of the property taxes collected for each county on personal property and the net proceeds of mines must be deposited into an account for the acquisition and improvement of technology in the office of the county assessor. (NRS 361.530, 362.170) **Section 16** of this bill provides for the continuation of this funding during the next biennium by postponing its prospective expiration until June 30, 2013. **Section 15.5** of this bill revises the authorized uses of the money in such an account.

Existing law requires persons who desire to claim a property tax exemption for personal property which is in transit through this State to make their claims in the form and manner prescribed by the regulations of the Department of Taxation. (NRS 361.170) Existing law also requires county assessors to assess all patented land and land held under a state land contract at a minimum rate of $1.25 per acre and requires county assessors to pay the

difference between that amount and the amount of any lower assessments of that land. (NRS 361.230) **Section 17** of this bill repeals these requirements.

8. If a tax exemption is allowed under this section, the claimant is not entitled to an exemption under NRS 361.090.

9. If any person files a false affidavit or produces false proof to the county assessor or a notary public and, as a result of the false affidavit or false proof, the person is allowed a tax exemption to which the person is not entitled, the person is guilty of a gross misdemeanor.

10. Remarks by Assemblywoman Carlton.

Motion carried by a constitutional majority.

REMARKS FROM THE FLOOR

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks.

You might have realized it, or not, that we will be pretty much done here in about four hours, so I would like to say a few words before that happens.

Let me begin by saying it has been a pleasure to serve with all of you. The people of Nevada put a great trust in us and all of you lived up to that trust this session by the way you have conducted yourselves, stood up for your principles, and contributed to the good of our state.

I want to express my thanks to all of you for allowing me the honor of serving as Speaker of the Assembly. It has been an incredible privilege and a remarkable experience—one that I think has made me a better lawmaker, a better public servant, and, I hope, a better colleague.

This is both my first and my last session as Speaker, so your confidence means all the more to me. It is hard to believe that I will never again be elected to the people's house. And it's even harder to believe that it has been more than ten years since I sat in these chambers for the first time. I cannot help but feel a little nostalgic. My first session was back in 2001. Back then, I was a fire captain, a law student, and a bachelor. I had not yet served with Barbara Buckley, and so I thought I knew a few things, and I was prepared to share my obvious wisdom.

And you all have probably seen what I looked like ten years ago—I am convinced those pictures on the wall outside the door here remind us that once upon a time we were thinner and we had bad haircuts. If this process does not keep you humble, those pictures will.

Whatever I thought I knew when I started, I quickly discovered how much more there was to learn. I am excited for those of you who are new to this body, for the experiences, the opportunities you will have, and for all the things you will accomplish.

I now leave this body as a fire chief, husband, and father. And I leave more optimistic than ever that our state can rise to meet the challenges it faces.

In my decade of service, the legislature has taken up many difficult issues and contentious pieces of legislation. Some of those issues we still struggle with. We grappled with property tax caps and a shortage of affordable housing, and less than four years later we were tackling a foreclosure crisis. We confronted the painful realities of September 11th and enacted legislation to guard against domestic terrorism in response. We took up identity theft, predatory lending, clean energy, economic development, cybercrime, child welfare, and the rising costs of prescription drugs. And we faced the most difficult challenge of all: the Great Recession.

In these times of uncertainty, we continued to push forward with needed reforms.

We required greater transparency and accountability for the taxes owed, tax abatements, and grants and leases. We increased transparency for the use of state money and established penalties for those who abuse state funds. These reforms will engage the public in the process of setting our state's spending priorities in a meaningful way and ensure that our tax dollars are spent with the greatest efficiency, thoughtfulness and accountability.

Going forward, state agencies will be required to engage in long-term planning. Performance-based budgeting requires that we set priorities and then budget towards those goals. This will result in the improvement of worthwhile programs and the elimination of programs, agencies, boards and commissions that are not moving our state forward or serving our citizens efficiently or effectively.

We have also taken strides to make the purchasing and the delivery of health care more open and transparent than ever before. Now, consumers will have online access to critical information about health insurance policies, rates, and loss ratios. Medical facilities will be required to adopt safety checklists for health care providers and make public their rates of medical errors and the measures that have been taken to prevent them. This will result in safer, less costly health care for all Nevadans.

I am particularly proud we enacted sweeping education reforms, holding teachers and administrators accountable for their performance and rewarding educators who improve student achievement. We have done this with one goal in mind: a brighter future for our children. Because of these reforms, Nevada's children—our state's future leaders—will have greater opportunity than ever before.

We established a bidder's preference for companies that hire Nevada workers and purchase locally. This will put more Nevadans back to work and keep taxpayer dollars in our state's economy.

Nevada's families are still hurting from the Great Recession. There are still far too many people out of work and under water in their homes. But there are positive signs. Jobs and foreclosure rates have turned the corner. Thanks to your hard work and many of the policies we put in place, the recovery will continue.

Long before this legislative session started, facing the biggest budget deficit in the nation, we knew that we needed to get to work together to find common ground.

The gravity of the situation demanded we come together as Nevadans and pass legislation to boost our economy and address the budget shortfall, and I think we have done just that.

I commend this body, and Governor Sandoval, as well, for knowing that extraordinary circumstances require an open mind, cooperation, and statesmanship.

We proved the pessimists wrong. They said we would simply be too far apart from each other to reach a budget agreement. They said it could not be done. They forgot we were Nevadans first.

We are defined by our principles, not our party and by our passion for our state, not our ideologies.

In reaching a budget agreement, we preserved funding for education—the key to our economic recovery.

We laid the foundation for long term reform.

We came together when we needed to most.

We passed a balanced budget.

No one in this body is comfortable with the cuts we had to make to a state budget that was already lean from the impact of a three-year recession.

We know these cuts have real consequences. We know what they mean for our schools, our seniors, our disabled, and our disadvantaged.

We produced a balanced budget under these difficult circumstances. However, our state's future success demands that we not continue on this path.

We need to change the way Nevada funds its priorities. We have heard from our business communities that they need a Nevada with an educated work force and a broader, more stable tax base.

A Nevada where citizens have access to exceptional educational opportunities and access to services that provides a great quality of life. These are the elements needed to attract the types of industries Nevada needs to grow and diversify. That is the business-friendly environment that we must build.

We introduced a sound plan to reform our antiquated and volatile tax structure. This plan should be the starting point for a serious discussion of how to fund our state.

We started the discussion, and it is up to you who remain here to carry it on, to keep Nevada on a course to long-term economic growth and stability.

I would like to take a moment to recognize some of you who will remain in this chamber.

Majority leader Conklin coordinated our committees and our floor sessions, all the while sponsoring legislation to spur business growth and protect consumers. We could not have had such a smooth legislative session without him. I appreciate it.

Speaker pro tempore Debbie Smith, you spearheaded our education reform efforts, which led to better learning environments for our children. From your post as the chair of the Committee on Ways and Means, you conducted a thorough review of our state's spending and sponsored legislation to make government more efficient, effective, and transparent. I thank you.

Assemblywoman Marilyn Kirkpatrick–you chaired two committees, and you're probably chairing six more tonight. She reinforced her reputation as one of the toughest and most effective chairs in the building, while mentoring a bunch of our new legislators. I appreciate that as well.

I need to mention our whips, as well. Their efforts to coordinate the votes and the caucuses were an integral part of the success of this session. Without the help of William Horne, Kelvin Atkinson, Peggy Pierce, and David Bobzien we couldn't have accomplished what we did this session, so I want to thank them as well.

I'm also grateful to minority leader Goicoechea and his team. We had our differences, but we always worked together to resolve those that we could, and to accept and move on from those that we couldn't. I appreciate that. Thank you, Pete.

Also, I want to recognize the 20 freshmen legislators. I think in the toughest legislative session in recent memory, with the biggest budget deficit the state has ever seen, you have

served your state with honor and great distinction. All of you now will be, as of about four hours from now, veteran legislators. I know you will continue to make great contributions to Nevada. So, a thank you to the 20 new people, as well.

I would like to just thank everyone else in the room. You have worked so hard for your constituents and you did your job to the fullest. I think we were successful, so let's give everybody a big hand as well.

We could have never accomplished that without the tremendous support of our dedicated staff, as well. Fiscal, Legal, Research—all the divisions—assisted us in getting this job done. I would also like to include in that my leadership office staff that has worked long hours over the past few months with an expanded role this session. Without all those dedicated staff, we certainly couldn't have accomplished it as well. To the staff again, thank you. I am also just tremendously proud of all the citizens of our state who made their voices heard this session. They called. They e-mailed. They wrote. They even traveled hundreds of miles to sleep on the lawn outside. They reminded us every day of why we are all here, and that this is truly the people's house.

On a personal level, I owe a lot of thanks to my wife, Janie, for her support. She has put up with an absentee husband and co-parent for four long months. She's flying now, working or she would be here. I look forward to seeing her instead of being here with all of you–sorry.

Finally, I want to leave you with a reminder to not let the challenges of the work ahead limit what can be achieved. You are all promising leaders. In this body I see great possibility and a bright future for our state.

I am proud to have been your Speaker, and I will serve with you in the trenches anytime.

Thank you.

Mr. Speaker announced if there were no objections, the Assembly would recess subject to the call of the Chair.

ASSEMBLY IN SESSION

At 8:49 p.m.

Mr. Speaker presiding.

Quorum present.

ASSEMBLYWOMAN SMITH:

Thank you, Mr. Speaker. Everything has sort of been said here already, I think, by the video and the comments that many of my colleagues made, but I do want to thank you for your leadership during this legislative session and before. You and I came in together 12 years ago in a class of three and so we had to sort of learn more by the seat of our pants than most did because there were so few of us. You have demonstrated extraordinary leadership in the 12 years that you have been in this body. You quickly accelerated into a leadership position and served us well and served the residents of this state well by demonstrating that leadership.

I have always said that what you do in your working life in the fire department has really been great here because it is always crisis management, it seems like. You are pretty unflappable. You keep us running on time, you keep this ship headed in the right direction all the time, and you are respectful to all of us. I think you rule with a firm hand, but your ideals, your love for this state, and your generosity in helping all of us maintain our personal lives, and your values for your family extend to all of us. Seeing you with Jackson up at the podium, as my colleague from Elko mentioned, is something that all of the members of this body with young children especially can really hold dear, because it will, I think, serve everyone in the future as well.

I thank you for the time that you have committed to this state, particularly in this very difficult legislative session. What you have extended to me and the opportunities you have given me will not be forgotten. Thank you for your leadership.

ASSEMBLYMAN STEWART:

Let's cut to the chase. Of the 22 of us who came back this session, the question on all our minds and on the minds of all these lobbyists up here was, "Can Johnny O. measure up to the previous Speaker? After two firm sessions with Speaker Buckley, who was a strong Speaker, could you measure up? Could you fill the seat?" That was our question. And let me tell you the answer to that—you filled it with dignity, with honor, with humor, and with respect. So the resounding answer is, "Johnny O. filled the seat of Barbara Buckley and did it with great, great, distinction."

ASSEMBLYWOMAN KIRKPATRICK:

I, too, want to tell you that since I have been here I have learned a great deal from you. You have taught me that I cannot always wear my passion on my sleeve, but I can make my voice heard. Just the time you have spent to tell me how to get things done and to give me the ability to get them done and have the confidence in me has been great.

My first session, I remember the first thing that we were told was freshmen were to be seen and not heard. I took that literally and I really never came off the 4th floor. But you did reach out to me my very first session and said, "What can I do to help you reach your goals?" My second session you called, and you asked where I wanted to go, what was my future for the legislature, what were my plans, and I told you. You were instrumental in making sure those things happened. I am not sure local government agrees that you did a good enough job, but I just think that you have allowed all of us in this building to excel. I believe you have a great future and you have two beautiful kids—one on the way—a great wife and a great family. I think that what you have brought to this building will stay with this building, and the freshmen are fortunate to have you as their Speaker.

ASSEMBLYMAN CONKLIN:

Thank you, Mr. Speaker. I have remarks for later, but I wanted to add a few personal ones, if I may. We have been working together fairly closely for some time now. I certainly appreciate all the mentorship and all of the teaching that you have shared with me.

I would rather, quite frankly, share a little bit of a personal story with the body, because sometimes in this building you really do not get to know each other well enough. We do not realize that we have lives outside this building, and we do other things and sometimes the measure of a person is not what they do in this building; it is what they do outside this building that transfers to their actions in here.

I guess the reason I say that is because last interim our offices were very close to each other, right down Losee Road a couple of blocks. I was coming back from a business meeting and there happened to be a fire chief's vehicle driving in front of me. I was about one block from my office and the fire chief's truck slammed on its brakes. Out jumped a man in a suit and ran around the car. I think he just remembered the day. Of course, naturally, I was driving too fast on the road and I almost hit the fire chief's truck, but that is beside the point. The gentleman ran around the car, and as I slowed down and pulled around, there had been a bicyclist who had been hit by a vehicle. There was lady who lay in the street with the bicycle. As I got a little bit further around and took a good close look, it was the Speaker who happened to be in a business suit. I am sure he was headed to a meeting because he is not normally on the fire truck. It didn't matter, that was his job—stop, apply first aid, call for help. I think it was at that moment when I realized what a treasure and a talent—and what type of person and human being you are and why you do the things that you have done as part of this body. Once again, I am honored.

Thank you.

Mr. Speaker announced if there were no objections, the Assembly would recess subject to the call of the Chair.

Bill ordered to third reading.

Senate Bill No. 271.

Bill read third time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 943.

AN ACT relating to land use planning; providing for the withdrawal of the State of Nevada from the Tahoe Regional Planning Compact under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth the Tahoe Regional Planning Compact, an interstate agreement between the States of California and Nevada pursuant to which the bistate Tahoe Regional Planning Agency regulates environmental and land-use matters within the Lake Tahoe Basin. (NRS 277.190-277.220) Existing law also provides that if either State withdraws from the Compact, the Nevada Tahoe Regional Planning Agency shall assume the duties and powers of regulating environmental and land-use matters on this State's side of the Lake Tahoe Basin. (NRS 278.826)

This bill provides for the withdrawal of Nevada from the Tahoe Regional Planning Compact unless the governing body of the Tahoe Regional Planning Agency adopts an updated Regional Plan and certain proposed amendments to the Compact are approved pursuant to Public Law 96-551. The proposed amendments to the Compact are: (1) the removal of the supermajority requirement for the governing body of the Agency to establish a quorum; (2) the removal of the supermajority requirement for voting by the governing body; (3) a requirement that the governing body of the Agency consider the changing economic conditions of the Lake Tahoe Basin and amend the Regional Plan, accordingly; and (4) the addition of a provision to

the Compact which sets forth that any person who legally challenges the Regional Plan has the burden of proving the Regional Plan does not comply with the provisions of the Compact. If the Agency does not adopt an updated Regional Plan and the proposed amendments are not approved by October 1, ~~[~~2014,~~]~~ **2015,** Nevada's withdrawal from the Compact will become effective on that date unless the Governor issues a proclamation extending the deadline for withdrawal until October 1, 2017.

This bill also requires the Legislative Committee for the Review and Oversight of the Tahoe Regional Planning Agency and the Marlette Lake Water System to prepare a report detailing certain issues related to ~~[~~Nevada withdrawing from~~]~~ **Nevada's participation in** the Compact. **This bill further directs the Legislative Committee to appoint a delegation to work with a like delegation from the California Legislature to discuss possible changes to the Compact. Additionally, this bill authorizes the Legislative Committee to submit to the 77th Session of the Nevada Legislature (2013) a bill draft request which would have the effect of preventing Nevada's withdrawal from the Compact, if the Legislative Committee determines that Nevada should remain a party to the Compact.**

This bill provides that if Nevada withdraws from the Compact, the Nevada Tahoe Regional Planning Agency will assume the duties and powers currently held by the bistate Agency for the portion of the Lake Tahoe Basin within this State. This bill also establishes temporary measures to ensure that the Nevada Tahoe Regional Planning Agency is able to assume those duties and powers in an orderly manner.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The State of Nevada hereby withdraws from the Tahoe Regional Planning Compact pursuant to the provisions of subdivision (c) of Article X of the Tahoe Regional Planning Compact.

Sec. 1.5. NRS 277.200 is hereby amended to read as follows:

The members appointed pursuant to this subparagraph shall not be residents of the region and shall represent the public at large within the State of California.

(2) Nevada delegation:

(A) One member appointed by each of the boards of county commissioners of Douglas and Washoe counties and one member appointed by the board of supervisors of Carson City. Any such member may be a member of the board of county commissioners or board of supervisors, respectively, and shall reside in the territorial jurisdiction of the governmental body making the appointment.

(B) One member appointed by the governor of Nevada, the secretary of state of Nevada or his designee, and the director of the state department of

conservation and natural resources of Nevada or his designee. Except for the secretary of state and the director of the state department of conservation and natural resources, the members or designees appointed pursuant to this subparagraph shall not be residents of the region. All members appointed pursuant to this subparagraph shall represent the public at large within the State of Nevada.

(C) One member appointed for a 1-year term by the six other members of the Nevada delegation. If at least four members of the Nevada delegation are unable to agree upon the selection of a seventh member within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body for that state the governor of the State of Nevada shall make such an appointment. The member appointed pursuant to this subparagraph may, but is not required to, be a resident of the region within the State of Nevada.

(3) If any appointing authority under paragraph (1)(A), (1)(B), (2)(A) or (2)(B) fails to make such an appointment within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body, the governor of the state in which the appointing authority is located shall make the appointment. The term of any member so appointed shall be 1 year.

(4) The position of any member of the governing body shall be deemed vacant if such a member is absent from three consecutive meetings of the governing body in any calendar year.

(5) Each member and employee of the agency shall disclose his economic interests in the region within 10 days after taking his seat on the governing board or being employed by the agency and shall thereafter disclose any further economic interest which he acquires, as soon as feasible after he acquires it. As used in this paragraph, "economic interests" means:

(A) Any business entity operating in the region in which the member or employee has a direct or indirect investment worth more than $1,000;

(B) Any real property located in the region in which the member or employee has a direct or indirect interest worth more than $1,000;

(C) Any source of income attributable to activities in the region, other than loans by or deposits with a commercial lending institution in the regular course of business, aggregating $250 or more in value received by or promised to the member within the preceding 12 months; or

(D) Any business entity operating in the region in which the member or employee is a director, officer, partner, trustee, employee or holds any position of management.

➥ No member or employee of the agency shall make, or attempt to influence, an agency decision in which he knows or has reason to know he has an economic interest. Members and employees of the agency must

disqualify themselves from making or participating in the making of any decision of the agency when it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the economic interests of the member or employee.

(b) The members of the agency shall serve without compensation, but the expenses of each member shall be met by the body which he represents in accordance with the law of that body. All other expenses incurred by the governing body in the course of exercising the powers conferred upon it by this compact unless met in some other manner specifically provided, shall be paid by the agency out of its own funds.

(c) Except for the secretary of state and director of the state department of conservation and natural resources of Nevada and the member appointed pursuant to subdivision (a)(2)(C), the members of the governing body serve at the pleasure of the appointing authority in each case, but each appointment shall be reviewed no less often than every 4 years. Members may be reappointed.

(d) The governing body of the agency shall meet at least monthly. All meetings shall be open to the public to the extent required by the law of the State of California or the State of Nevada, whichever imposes the greater requirement, applicable to local governments at the time such meeting is held. The governing body shall fix a date for its regular monthly meeting in such terms as "the first Monday of each month," and shall not change such date more often than once in any calendar year. Notice of the date so fixed shall be given by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region. Notice of any special meeting, except an emergency meeting, shall be given by so publishing the date and place and posting an agenda at least 5 days prior to the meeting.

(e) The position of a member of the governing body shall be considered vacated upon his loss of any of the qualifications required for his appointment and in such event the appointing authority shall appoint a successor.

(f) The governing body shall elect from its own members a chairman and vice chairman, whose terms of office shall be 2 years, and who may be reelected. If a vacancy occurs in either office, the governing body may fill such vacancy for the unexpired term.

(g) Four ~~*[Eight]*~~ of the members of the governing body from each state constitute a quorum for the transaction of the business of the agency . The voting procedures shall be as follows: ~~*[, and the affirmative vote of eight members of the governing body is sufficient for any of the following purposes:]*~~

(1) For adopting, amending or repealing environmental threshold carrying capacities, the regional plan, and ordinances, rules and regulations, and for granting variances from the ordinances, rules and regulations , [the vote of] at least [four of the] ***nine*** members of [each state agreeing with the vote of at least four members of the other state shall be required] ***the governing body must agree*** to take action. If [there is no vote of at least four of the members from one state agreeing with the vote of at least four of the members of the other state on the actions specified in this paragraph,] ***at least nine votes in favor of such action are not cast,*** an action of rejection shall be deemed to have been taken.

(2) For approving a project [.] , the affirmative vote of at least [five] ***four*** members from the state in which the project is located and the affirmative vote of at least nine members of the ***entire*** governing body are required. If at least [five] ***four*** members of the governing body from the state in which the project is located and at least nine members of the entire governing body do not vote in favor of the project, upon a motion for approval, an action of rejection shall be deemed to have been taken. A decision by the agency to approve a project shall be supported by a statement of findings, adopted by the agency, which indicates that the project complies with the regional plan and with applicable ordinances, rules and regulations of the agency.

(3) For routine business and for directing the agency's staff on litigation and enforcement actions [.] , at least eight members of the governing body must agree to take action. If at least eight votes in favor of such action are not cast, an action of rejection shall be deemed to have been taken.

➥ Whenever under the provisions of this compact or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency is required to review or approve any project, public or private, the agency shall take final action by vote, whether to approve, to require modification or to reject such project, within 180 days after the application for such project is accepted as complete by the agency in compliance with the agency's rules and regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If a final action by vote does not take place within 180 days, the applicant may bring an action in a court of competent jurisdiction to compel a vote unless he has agreed to an extension. This provision does not limit the right of any person to obtain judicial review of agency action under subdivision (h) of Article VI. The vote of each member of the governing body shall be individually recorded. The governing body shall adopt its own rules, regulations and procedures.

(h) An advisory planning commission shall be appointed by the agency. The commission shall include: the chief planning officers of Placer County, El Dorado County, and the City of South Lake Tahoe in California and of Douglas County, Washoe County and Carson City in Nevada, the executive

officer of the Lahontan Regional Water Quality Control Board of the State of California, the executive officer of the Air Resources Board of the State of California, the director of the state department of conservation and natural resources of the State of Nevada, the administrator of the division of environmental protection in the state department of conservation and natural resources of the State of Nevada, the administrator of the Lake Tahoe Management Unit of the United States Forest Service, and at least four lay members with an equal number from each state, at least half of whom shall be residents of the region. Any official member may designate an alternate.

The term of office of each lay member of the advisory planning commission shall be 2 years. Members may be reappointed.

The position of each member of the advisory planning commission shall be considered vacated upon loss of any of the qualifications required for appointment, and in such an event the appointing authority shall appoint a successor.

The advisory planning commission shall elect from its own members a chairman and a vice chairman, whose terms of office shall be 2 years and who may be reelected. If a vacancy occurs in either office, the advisory planning commission shall fill such vacancy for the unexpired term.

A majority of the members of the advisory planning commission constitutes a quorum for the transaction of the business of the commission. A majority vote of the quorum present shall be required to take action with respect to any matter.

(i) The agency shall establish and maintain an office within the region, and for this purpose the agency may rent or own property and equipment. Every plan, ordinance and other record of the agency which is of such nature as to constitute a public record under the law of either the State of California or the State of Nevada shall be open to inspection and copying during regular office hours.

(j) Each authority charged under this compact or by the law of either state with the duty of appointing a member of the governing body of the agency shall by certified copy of its resolution or other action notify the Secretary of State of its own state of the action taken.

ARTICLE IV. Personnel

(a) The governing body shall determine the qualification of, and it shall appoint and fix the salary of, the executive officer of the agency, and shall employ such other staff and legal counsel as may be necessary to execute the powers and functions provided for under this compact or in accordance with any intergovernmental contracts or agreements the agency may be responsible for administering.

(b) Agency personnel standards and regulations shall conform insofar as possible to the regulations and procedures of the civil service of the State of California or the State of Nevada, as may be determined by the governing body of the agency; and shall be regional and bistate in application and effect; provided that the governing body may, for administrative convenience and at its discretion, assign the administration of designated personnel arrangements to an agency of either state, and provided that administratively convenient adjustments be made in the standards and regulations governing personnel assigned under intergovernmental agreements.

(c) The agency may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford employees of the agency terms and conditions of employment similar to those enjoyed by employees of California and Nevada generally.

ARTICLE V. Planning

(a) In preparing each of the plans required by this article and each amendment thereto, if any, subsequent to its adoption, the planning commission after due notice shall hold at least one public hearing which may be continued from time to time, and shall review the testimony and any written recommendations presented at such hearing before recommending the plan or amendment. The notice required by this subdivision shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region.

The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this subdivision.

If a request is made for the amendment of the regional plan by:

(1) A political subdivision a part of whose territory would be affected by such amendment; or

(2) The owner or lessee of real property which would be affected by such amendment,

➥ the governing body shall complete its action on such amendment within 180 days after such request is accepted as complete according to standards which must be prescribed by ordinance of the agency.

(b) The agency shall develop, in cooperation with the states of California and Nevada, environmental threshold carrying capacities for the region. The

agency should request the President's Council on Environmental Quality, the United States Forest Service and other appropriate agencies to assist in developing such environmental threshold carrying capacities. Within 18 months after the effective date of the amendments to this compact, the agency shall adopt environmental threshold carrying capacities for the region.

(c) Within 1 year after the adoption of the environmental threshold carrying capacities for the region, the agency shall amend the regional plan so that, at a minimum, the plan and all of its elements, as implemented through agency ordinances, rules and regulations, achieves and maintains the adopted environmental threshold carrying capacities. Each element of the plan shall contain implementation provisions and time schedules for such implementation by ordinance. The planning commission and governing body shall continuously review and maintain the regional plan ~~[.]~~ ***and, in so doing, shall ensure that the regional plan reflects changing economic conditions and the economic effect of regulation on commerce.*** The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals of the region and a statement of the policies, standards and elements of the regional plan.

The regional plan shall be a single enforceable plan and includes all of the following correlated elements:

(1) A land-use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to an indication or allocation of maximum population densities and permitted uses.

(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to parkways, highways, transportation facilities, transit routes, waterways, navigation facilities, public transportation facilities, bicycle facilities, and appurtenant terminals and facilities for the movement of people and goods within the region. The goal of transportation planning shall be:

(A) To reduce dependency on the automobile by making more effective use of existing transportation modes and of public transit to move people and goods within the region; and

(B) To reduce to the extent feasible air pollution which is caused by motor vehicles.

➥ Where increases in capacity are required, the agency shall give preference to providing such capacity through public transportation and public programs and projects related to transportation. The agency shall review and consider

all existing transportation plans in preparing its regional transportation plan pursuant to this paragraph.

The plan shall provide for an appropriate transit system for the region.

The plan shall give consideration to:

(A) Completion of the Loop Road in the states of Nevada and California;

(B) Utilization of a light rail mass transit system in the South Shore area; and

(C) Utilization of a transit terminal in the Kingsbury Grade area.

➥ Until the regional plan is revised, or a new transportation plan is adopted in accordance with this paragraph, the agency has no effective transportation plan.

(3) A conservation plan for the preservation, development, utilization, and management of the scenic and other natural resources within the basin, including but not limited to, soils, shoreline and submerged lands, scenic corridors along transportation routes, open spaces, recreational and historical facilities.

(4) A recreation plan for the development, utilization, and management of the recreational resources of the region, including but not limited to, wilderness and forested lands, parks and parkways, riding and hiking trails, beaches and playgrounds, marinas, areas for skiing and other recreational facilities.

(5) A public services and facilities plan for the general location, scale and provision of public services and facilities, which, by the nature of their function, size, extent and other characteristics are necessary or appropriate for inclusion in the regional plan.

In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region.

(d) The regional plan shall provide for attaining and maintaining federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.

The agency may, however, adopt air or water quality standards or control measures more stringent than the applicable state implementation plan or the applicable federal, state, or local standards for the region, if it finds that such additional standards or control measures are necessary to achieve the purposes of this compact. Each element of the regional plan, where applicable, shall, by ordinance, identify the means and time schedule by which air and water quality standards will be attained.

(e) Except for the Regional Transportation Plan of the California Tahoe Regional Planning Agency, the regional plan, ordinances, rules and regulations adopted by the California Tahoe Regional Planning Agency in effect on July 1, 1980, shall be the regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency for that portion of the Tahoe region located in the State of California. Such plan, ordinance, rule or regulation may be amended or repealed by the governing body of the agency. The plans, ordinances, rules and regulations of the Tahoe Regional Planning Agency that do not conflict with, or are not addressed by, the California Tahoe Regional Planning Agency's plans, ordinances, rules and regulations referred to in this subdivision shall continue to be applicable unless amended or repealed by the governing body of the agency. No provision of the regional plan, ordinances, rules and regulations of the California Tahoe Regional Planning Agency referred to in this subdivision shall apply to that portion of the region within the State of Nevada, unless such provision is adopted for the Nevada portion of the region by the governing body of the agency.

(f) The regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency apply to that portion of the region within the State of Nevada.

(g) The agency shall adopt ordinances prescribing specific written findings that the agency must make prior to approving any project in the region. These findings shall relate to environmental protection and shall insure that the project under review will not adversely affect implementation of the regional plan and will not cause the adopted environmental threshold carrying capacities of the region to be exceeded.

(h) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

(i) Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private persons.

ARTICLE VI. Agency's Powers

(a) The governing body shall adopt all necessary ordinances, rules, and regulations to effectuate the adopted regional plan. Except as otherwise provided in this compact, every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the region. Any political subdivision or public agency may adopt and enforce an equal or higher requirement applicable to the same subject of regulation in its territory. The regulations of the agency shall contain standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers, harbors, breakwaters or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; floodplain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the regional plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the regional plan.

The agency shall prescribe by ordinance those activities which it has determined will not have substantial effect on the land, water, air, space or any other natural resources in the region and therefore will be exempt from its review and approval.

Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

(b) No project other than those to be reviewed and approved under the special provisions of subdivisions (d), (e), (f) and (g) may be developed in the region without obtaining the review and approval of the agency and no project may be approved unless it is found to comply with the regional plan and with the ordinances, rules and regulations enacted pursuant to subdivision (a) to effectuate that plan.

The agency may approve a project in the region only after making the written findings required by this subdivision or subdivision (g) of Article V. Such findings shall be based on substantial evidence in the record.

Before adoption by the agency of the ordinances required in subdivision (g) of Article V, the agency may approve a project in the region only after making written findings on the basis of substantial evidence in the record that the project is consistent with the regional plan then in effect and with applicable plans, ordinances, regulations, and standards of federal and state agencies relating to the protection, maintenance and enhancement of environmental quality in the region.

(c) The legislatures of the states of California and Nevada find that in order to make effective the regional plan as revised by the agency, it is necessary to halt temporarily works of development in the region which might otherwise absorb the entire capability of the region for further development or direct it out of harmony with the ultimate plan. Subject to the limitation provided in this subdivision, from the effective date of the amendments to this compact until the regional plan is amended pursuant to subdivision (c) of Article V, or until May 1, 1983, whichever is earlier:

(1) Except as otherwise provided in this paragraph, no new subdivision, planned unit development, or condominium project may be approved unless a complete tentative map or plan has been approved before the effective date of the amendments to this compact by all agencies having jurisdiction. The subdivision of land owned by a general improvement district, which existed and owned the land before the effective date of the amendments to this compact, may be approved if subdivision of the land is necessary to avoid insolvency of the district.

(2) Except as provided in paragraph (3), no apartment building may be erected unless the required permits for such building have been secured from all agencies having jurisdiction, prior to the effective date of the amendments to this compact.

(3) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize the construction of a greater number of new residential units within the region than were authorized within the region by building permits issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third of that number may be issued by each such city or county. For purposes of this paragraph a "residential unit" means either a single family residence or an individual residential unit within a larger building, such as an apartment building, a duplex or a condominium.

The legislatures find the respective numbers of residential units authorized within the region during the calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)…….252
2. PlacerCounty.....278
3. CarsonCity ..... -0-

4. DouglasCounty 339
5. WashoeCounty.....739

(4) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize construction of a greater square footage of new commercial buildings within the region than were authorized within the region by building permits for commercial purposes issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third the amount of that square footage may be issued by each such city or county.

The legislatures find the respective square footages of commercial buildings authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County(combined)… 64,324
2. Placer County ……..23,000
3. Carson City…….....-0-
4. Douglas County……..…….....57,354
5. Washoe County…….…….. 50,600

(5) No structure may be erected to house gaming under a nonrestricted license.

(6) No facility for the treatment of sewage may be constructed or enlarged except:

(A) To comply, as ordered by the appropriate state agency for the control of water pollution, with existing limitations of effluent under the Clean Water Act, 33 U.S.C. §§ 1251 et seq., and the applicable state law for control of water pollution;

(B) To accommodate development which is not prohibited or limited by this subdivision; or

(C) In the case of Douglas County Sewer District # 1, to modify or otherwise alter sewage treatment facilities existing on the effective date of the amendments to this compact so that such facilities will be able to treat the total volume of effluent for which they were originally designed, which is 3.0 million gallons per day. Such modification or alteration is not a “project”; is not subject to the requirements of Article VII; and does not require a permit from the agency. Before commencing such modification or alteration, however, the district shall submit to the agency its report identifying any significant soil erosion problems which may be caused by such modifications or alterations and the measures which the district proposes to take to mitigate or avoid such problems.

The moratorium imposed by this subdivision does not apply to work done pursuant to a right vested before the effective date of the amendments to this compact. Notwithstanding the expiration date of the moratorium imposed by

this subdivision, no new highway may be built or existing highway widened to accommodate additional continuous lanes for automobiles until the regional transportation plan is revised and adopted.

The moratorium imposed by this subdivision does not apply to the construction of any parking garage which has been approved by the agency prior to May 4, 1979, whether that approval was affirmative or by default. The provisions of this paragraph are not an expression of legislative intent that any such parking garage, the approval of which is the subject of litigation which was pending on the effective date of the amendments to this compact, should or should not be constructed. The provisions of this paragraph are intended solely to permit construction of such a parking garage if a judgment sustaining the agency's approval to construct that parking garage has become final and no appeal is pending or may lawfully be taken to a higher court.

(d) Subject to the final order of any court of competent jurisdiction entered in litigation contesting the validity of an approval by the Tahoe Regional Planning Agency, whether that approval was affirmative or by default, if that litigation was pending on May 4, 1979, the agency and the states of California and Nevada shall recognize as a permitted and conforming use:

(1) Every structure housing gaming under a nonrestricted license which existed as a licensed gaming establishment on May 4, 1979, or whose construction was approved by the Tahoe Regional Planning Agency affirmatively or deemed approved before that date. The construction or use of any structure to house gaming under a nonrestricted license not so existing or approved, or the enlargement in cubic volume of any such existing or approved structure is prohibited.

(2) Every other nonrestricted gaming establishment whose use was seasonal and whose license was issued before May 4, 1979, for the same season and for the number and type of games and slot machines on which taxes or fees were paid in the calendar year 1978.

(3) Gaming conducted pursuant to a restricted gaming license issued before May 4, 1979, to the extent permitted by that license on that date.

➥ The area within any structure housing gaming under a nonrestricted license which may be open to public use (as distinct from that devoted to the private use of guests and exclusive of any parking area) is limited to the area existing or approved for public use on May 4, 1979. Within these limits, any external modification of the structure which requires a permit from a local government also requires approval from the agency. The agency shall not permit restaurants, convention facilities, showrooms or other public areas to be constructed elsewhere in the region outside the structure in order to replace areas existing or approved for public use on May 4, 1979.

(e) Any structure housing licensed gaming may be rebuilt or replaced to a size not to exceed the cubic volume, height and land coverage existing or approved on May 4, 1979, without the review or approval of the agency or any planning or regulatory authority of the State of Nevada whose review or approval would be required for a new structure.

(f) The following provisions apply to any internal or external modification, remodeling, change in use, or repair of a structure housing gaming under a nonrestricted license which is not prohibited by Article VI (d):

(1) The agency's review of an external modification of the structure which requires a permit from a local government is limited to determining whether the external modification will do any of the following:

(A) Enlarge the cubic volume of the structure;

(B) Increase the total square footage of area open to or approved for public use on May 4, 1979;

(C) Convert an area devoted to the private use of guests to an area open to public use;

(D) Increase the public area open to public use which is used for gaming beyond the limits contained in paragraph (3); and

(E) Conflict with or be subject to the provisions of any of the agency's ordinances that are generally applicable throughout the region.

➥ The agency shall make this determination within 60 days after the proposal is delivered to the agency in compliance with the agency's rules or regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If an external modification is determined to have any of the effects enumerated in subparagraphs (A) through (C), it is prohibited. If an external modification is determined to have any of the effects enumerated in subparagraph (D) or (E), it is subject to the applicable provisions of this compact. If an external modification is determined to have no such effect, it is not subject to the provisions of this compact.

(2) Except as provided in paragraph (3), internal modification, remodeling, change in use or repair of a structure housing gaming under a nonrestricted license is not a project and does not require the review or approval of the agency.

(3) Internal modification, remodeling, change in use or repair of areas open to public use within a structure housing gaming under a nonrestricted license which alone or in combination with any other such modification, remodeling, change in use or repair will increase the total portion of those areas which is actually used for gaming by more than the product of the total base area, as defined below, in square feet existing on or approved before August 4, 1980, multiplied by 15 percent constitutes a project and is subject to all of the provisions of this compact relating to projects. For purposes of

this paragraph and the determination required by Article VI (g), base area means all of the area within a structure housing gaming under a nonrestricted license which may be open to public use, whether or not gaming is actually conducted or carried on in that area, except retail stores, convention centers and meeting rooms, administrative offices, kitchens, maintenance and storage areas, rest rooms, engineering and mechanical rooms, accounting rooms and counting rooms.

(g) In order to administer and enforce the provisions of paragraphs (d), (e) and (f) the State of Nevada, through its appropriate planning or regulatory agency, shall require the owner or licensee of a structure housing gaming under a nonrestricted license to provide:

(1) Documents containing sufficient information for the Nevada agency to establish the following relative to the structure:

(A) The location of its external walls;

(B) Its total cubic volume;

(C) Within its external walls, the area in square feet open or approved for public use and the area in square feet devoted to or approved for the private use of guests on May 4, 1979;

(D) The amount of surface area of land under the structure; and

(E) The base area as defined in paragraph (f)(3) in square feet existing on or approved before August 4, 1980.

(2) An informational report whenever any internal modification, remodeling, change in use, or repair will increase the total portion of the areas open to public use which is used for gaming.

The Nevada agency shall transmit this information to the Tahoe Regional Planning Agency.

(h) Gaming conducted pursuant to a restricted gaming license is exempt from review by the agency if it is incidental to the primary use of the premises.

(i) The provisions of subdivisions (d) and (e) are intended only to limit gaming and related activities as conducted within a gaming establishment, or construction designed to permit the enlargement of such activities, and not to limit any other use of property zoned for commercial use or the accommodation of tourists, as approved by the agency.

(j) Legal actions arising out of or alleging a violation of the provisions of this compact, of the regional plan or of an ordinance or regulation of the agency or of a permit or a condition of a permit issued by the agency are governed by the following provisions:

(1) This subdivision applies to:

(A) Actions arising out of activities directly undertaken by the agency.

(B) Actions arising out of the issuance to a person of a lease, permit, license or other entitlement for use by the agency.

(C) Actions arising out of any other act or failure to act by any person or public agency.

➥ Such legal actions may be filed and the provisions of this subdivision apply equally in the appropriate courts of California and Nevada and of the United States.

(2) Venue lies:

(A) If a civil or criminal action challenges an activity by the agency or any person which is undertaken or to be undertaken upon a parcel of real property, in the state or federal judicial district where the real property is situated.

(B) If an action challenges an activity which does not involve a specific parcel of land (such as an action challenging an ordinance of the agency), in any state or federal court having jurisdiction within the region.

(3) Any aggrieved person may file an action in an appropriate court of the State of California or Nevada or of the United States alleging noncompliance with the provisions of this compact or with an ordinance or regulation of the agency. In the case of governmental agencies, "aggrieved person" means the Tahoe Regional Planning Agency or any state, federal or local agency. In the case of any person other than a governmental agency who challenges an action of the Tahoe Regional Planning Agency, "aggrieved person" means any person who has appeared, either in person, through an authorized representative, or in writing, before the agency at an appropriate administrative hearing to register objection to the action which is being challenged, or who had good cause for not making such an appearance.

(4) A legal action arising out of the adoption or amendment of the regional plan or of any ordinance or regulation of the agency, or out of the granting or denial of any permit, shall be commenced within 60 days after final action by the agency. All other legal actions shall be commenced within 65 days after discovery of the cause of action.

(5) In any legal action filed pursuant to this subdivision which challenges an adjudicatory act or decision of the agency to approve or disapprove a project, the scope of judicial inquiry shall extend only to whether there was prejudicial abuse of discretion. Prejudicial abuse of discretion is established if the agency has not proceeded in a manner required by law or if the act or decision of the agency was not supported by substantial evidence in light of the whole record. In making such a determination the court shall not exercise its independent judgment on evidence but shall only determine whether the act or decision was supported by substantial evidence in light of the whole record. In any legal action filed pursuant to this subdivision which challenges a legislative act or decision of the agency (such as the adoption of the regional plan and the enactment of implementing ordinances), the scope of the judicial inquiry shall extend only to the questions of whether the act or

decision has been arbitrary, capricious or lacking substantial evidentiary support or whether the agency has failed to proceed in a manner required by law. ***In addition, there is a rebuttable presumption that a regional plan adopted, amended, formulated or maintained pursuant to this compact is in conformance with the requirements applicable to this compact, and a party challenging the regional plan has the burden of showing that it is not in conformance with the requirements applicable to this compact.***

(6) The provisions of this subdivision do not apply to any legal proceeding pending on the date when this subdivision becomes effective. Any such legal proceeding shall be conducted and concluded under the provisions of law which were applicable prior to the effective date of this subdivision.

(7) The security required for the issuance of a temporary restraining order or preliminary injunction based upon an alleged violation of this compact or any ordinance, plan, rule or regulation adopted pursuant thereto is governed by the rule or statute applicable to the court in which the action is brought, unless the action is brought by a public agency or political subdivision to enforce its own rules, regulations and ordinances in which case no security shall be required.

(k) The agency shall monitor activities in the region and may bring enforcement actions in the region to ensure compliance with the regional plan and adopted ordinances, rules, regulations and policies. If it is found that the regional plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

(l) Any person who violates any provision of this compact or of any ordinance or regulation of the agency or of any condition of approval imposed by the agency is subject to a civil penalty not to exceed $5,000. Any such person is subject to an additional civil penalty not to exceed $5,000 per day, for each day on which such a violation persists. In imposing the penalties authorized by this subdivision, the court shall consider the nature of the violation and shall impose a greater penalty if it was willful or resulted from gross negligence than if it resulted from inadvertence or simple negligence.

(m) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law.

(n) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

(o) Every record of the agency, whether public or not, shall be open for examination to the Legislature and Controller of the State of California and the legislative auditor of the State of Nevada.

(p) Approval by the agency of any project expires 3 years after the date of final action by the agency or the effective date of the amendments to this compact, whichever is later, unless construction is begun within that time and diligently pursued thereafter, or the use or activity has commenced. In computing the 3-year period any period of time during which the project is the subject of a legal action which delays or renders impossible the diligent pursuit of that project shall not be counted. Any license, permit or certificate issued by the agency which has an expiration date shall be extended by that period of time during which the project is the subject of such legal action as provided in this subdivision.

(q) The governing body shall maintain a current list of real property known to be available for exchange with the United States or with other owners of real property in order to facilitate exchanges of real property by owners of real property in the region.

ARTICLE VII. Environmental Impact Statements

(a) The Tahoe Regional Planning Agency when acting upon matters that have a significant effect on the environment shall:

(1) Utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man's environment;

(2) Prepare and consider a detailed environmental impact statement before deciding to approve or carry out any project. The detailed environmental impact statement shall include the following:

(A) The significant environmental impacts of the proposed project;

(B) Any significant adverse environmental effects which cannot be avoided should the project be implemented;

(C) Alternatives to the proposed project;

(D) Mitigation measures which must be implemented to assure meeting standards of the region;

(E) The relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity;

(F) Any significant irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented; and

(G) The growth-inducing impact of the proposed project;

(3) Study, develop and describe appropriate alternatives to recommended courses of action for any project which involves unresolved conflicts concerning alternative uses of available resources;

(4) Make available to states, counties, municipalities, institutions and individuals, advice and information useful in restoring, maintaining and enhancing the quality of the region's environment; and

(5) Initiate and utilize ecological information in the planning and development of resource-oriented projects.

(b) Prior to completing an environmental impact statement, the agency shall consult with and obtain the comments of any federal, state or local agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate federal, state and local agencies which are authorized to develop and enforce environmental standards shall be made available to the public and shall accompany the project through the review processes. The public shall be consulted during the environmental impact statement process and views shall be solicited during a public comment period not to be less than 60 days.

(c) Any environmental impact statement required pursuant to this article need not repeat in its entirety any information or data which is relevant to such a statement and is a matter of public record or is generally available to the public, such as information contained in an environmental impact report prepared pursuant to the California Environmental Quality Act or a federal environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969. However, such information or data shall be briefly described in the environmental impact statement and its relationship to the environmental impact statement shall be indicated.

In addition, any person may submit information relative to a proposed project which may be included, in whole or in part, in any environmental impact statement required by this article.

(d) In addition to the written findings specified by agency ordinance to implement the regional plan, the agency shall make either of the following written findings before approving a project for which an environmental impact statement was prepared:

(1) Changes or alterations have been required in or incorporated into such project which avoid or reduce the significant adverse environmental effects to a less than significant level; or

(2) Specific considerations, such as economic, social or technical, make infeasible the mitigation measures or project alternatives discussed in the environmental impact statement on the project.

➥ A separate written finding shall be made for each significant effect identified in the environmental impact statement on the project. All written findings must be supported by substantial evidence in the record.

(e) The agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this compact in order to recover the estimated costs incurred by the agency in preparing an environmental impact statement under this article.

(f) The agency shall adopt by ordinance a list of classes of projects which the agency has determined will not have a significant effect on the environment and therefore will be exempt from the requirement for the preparation of an environmental impact statement under this article. Prior to adopting the list, the agency shall make a written finding supported by substantial evidence in the record that each class of projects will not have a significant effect on the environment.

ARTICLE VIII. Finances

(a) On or before September 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion $75,000 of this amount among the counties within the region on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. In addition, each county within the region in California shall pay $18,750 to the agency and each county within the region in Nevada, including Carson City, shall pay $12,500 to the agency, from any funds available therefor. The State of California and the State of Nevada may pay to the agency by July 1 of each year any additional sums necessary to support the operations of the agency pursuant to this compact. If additional funds are required, the agency shall make a request for the funds to the states of California and Nevada. Requests for state funds must be apportioned two-thirds from California and one-third from Nevada. Money appropriated shall be paid within 30 days.

(b) The agency may fix and collect reasonable fees for any services rendered by it.

(c) The agency shall submit an itemized budget to the states for review with any request for state funds, shall be strictly accountable to any county in the region and the states for all funds paid by them to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursement.

(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds; but the agency may not own land except as provided in subdivision (i) of Article III.

(e) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties and the states for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

ARTICLE IX. Transportation District

(a) The Tahoe transportation district is hereby established as a special purpose district. The boundaries of the district are coterminous with those of the region.

(b) The business of the district shall be managed by a board of directors consisting of:

(c) Before a local transportation district appoints a member to the board of directors pursuant to paragraph (7) of subdivision (b), the local transportation district must enter into a written agreement with the Tahoe transportation

district that sets forth the responsibilities of the districts for the establishment of policies and the management of financial matters, including, but not limited to, the distribution of revenue among the districts.

(d) The directors of the California Department of Transportation and the department of transportation of the State of Nevada, or their designated alternates, serve as nonvoting directors, but shall provide technical and professional advice to the district as necessary and appropriate.

(e) The vote of a majority of the directors must agree to take action. If a majority of votes in favor of an action are not cast, an action of rejection shall be deemed to have been taken.

(f) The Tahoe transportation district may by resolution establish procedures for the adoption of its budgets, the appropriation of its money and the carrying on of its other financial activities. These procedures must conform insofar as is practicable to the procedures for financial administration of the State of California or the State of Nevada or one or more of the local governments in the region.

(g) The Tahoe transportation district may in accordance with the adopted transportation plan:

(1) Own and operate a public transportation system to the exclusion of all other publicly owned transportation systems in the region.

(9) By resolution, determine and propose for adoption a tax for the purpose of obtaining services of the district. The tax proposed must be general and of uniform operation throughout the region, and may not be graduated in any way, except for a sales and use tax. If a sales and use tax is approved by the voters as provided in this paragraph, it may be administered by the states of California and Nevada respectively in accordance with the laws that apply within their respective jurisdictions and must not exceed a rate of 1 percent of the gross receipts from the sale of tangible personal property sold in the district. The district is prohibited from imposing any other tax measured by gross or net receipts on business, an ad valorem tax, a tax or charge that is assessed against people or vehicles as they enter or leave the region, and any tax, direct or indirect, on gaming tables and devices. Any such proposition must be submitted to the voters of the district and shall become effective upon approval of the voters voting on the proposition who reside in the State of California in accordance with the laws that apply within that state and approval of the voters voting on the proposition who reside in the State of Nevada in accordance with the laws that apply within that state. The revenues from any such tax must be used for the service for which it was imposed, and for no other purpose.

(10) Provide service from inside the region to convenient airport, railroad and interstate bus terminals without regard to the boundaries of the region.

(h) The legislatures of the states of California and Nevada may, by substantively identical enactments, amend this article.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 560.

The following Senate amendment was read:

Amendment No. 983.

AN ACT relating to state employees; eliminating the required payment of a state employee at the rate of time and one-half for working on a holiday; continuing the temporary suspension of the semiannual payment of longevity pay and merit pay increases for state employees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides, in addition to paying state employees on state holidays, for payment at the rate of time and one-half for employees who work on a holiday. (NAC 284.256) **Section 1** of this bill eliminates this premium for working on a holiday.

Existing law provides for a plan to encourage continuity of service in State Government, under which semiannual payments are made to state employees rated standard or better with 8 years or more of continuous service, commonly known as "longevity pay." (NRS 284.177) Existing law also provides for state employees who are rated standard or better and have not attained the top step of their grade to receive a merit pay increase annually. (NRS 284.175, 284.335; NAC 284.194) Those semiannual payments and merit pay increases were temporarily suspended by the Legislature in 2009 for the 2009-2011 biennium. (Chapter 276, Statutes of Nevada 2009, p. 1164-65, as amended by chapter 465, Statutes of Nevada 2009, p. 2642-43) **Section 5** of this bill continues the suspension of those payments and increases for the next 2 fiscal years.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 284.180 is hereby amended to read as follows:

284.180 1. The Legislature declares that since uniform salary and wage rates and classifications are necessary for an effective and efficient personnel system, the pay plan must set the official rates applicable to all positions in the classified service, but the establishment of the pay plan in no way limits the authority of the Legislature relative to budgeted appropriations for salary and wage expenditures.

2. Credit for overtime work directed or approved by the head of an agency or the representative of the head of the agency must be earned at the rate of time and one-half, except for those employees described in NRS 284.148.

3. Except as otherwise provided in subsections 4, 6, 7 and 9, overtime is considered time worked in excess of:

(a) Eight hours in 1 calendar day;

(b) Eight hours in any 16-hour period; or

(c) A 40-hour week.

4. Firefighters who choose and are approved for a 24-hour shift shall be deemed to work an average of 56 hours per week and 2,912 hours per year, regardless of the actual number of hours worked or on paid leave during any biweekly pay period. A firefighter so assigned is entitled to receive 1/26 of the firefighter's annual salary for each biweekly pay period. In addition, overtime must be considered time worked in excess of:

(a) Twenty-four hours in one scheduled shift; or

(b) Fifty-three hours average per week during one work period for those hours worked or on paid leave.

➥ The appointing authority shall designate annually the length of the work period to be used in determining the work schedules for such firefighters. In addition to the regular amount paid such a firefighter for the deemed average of 56 hours per week, the firefighter is entitled to payment for the hours which comprise the difference between the 56-hour average and the overtime threshold of 53 hours average at a rate which will result in the equivalent of overtime payment for those hours.

5. The Commission shall adopt regulations to carry out the provisions of subsection 4.

6. For employees who choose and are approved for a variable workday, overtime will be considered only after working 40 hours in 1 week.

7. Employees who are eligible under the Fair Labor Standards Act of 1938, 29 U.S.C. §§ 201 et seq., to work a variable 80-hour work schedule within a biweekly pay period and who choose and are approved for such a

work schedule will be considered eligible for overtime only after working 80 hours biweekly, except those eligible employees who are approved for overtime in excess of one scheduled shift of 8 or more hours per day.

8. An agency may experiment with innovative workweeks upon the approval of the head of the agency and after majority consent of the affected employees. The affected employees are eligible for overtime only after working 40 hours in a workweek.

9. This section does not supersede or conflict with existing contracts of employment for employees hired to work 24 hours a day in a home setting. Any future classification in which an employee will be required to work 24 hours a day in a home setting must be approved in advance by the Commission.

10. All overtime must be approved in advance by the appointing authority or the designee of the appointing authority. No officer or employee, other than a director of a department or the chair of a board, commission or similar body, may authorize overtime for himself or herself. The chair of a board, commission or similar body must approve in advance all overtime worked by members of the board, commission or similar body.

11. The Budget Division of the Department of Administration shall review all overtime worked by employees of the Executive Department to ensure that overtime is held to a minimum. The Budget Division shall report quarterly to the State Board of Examiners the amount of overtime worked in the quarter within the various agencies of the State.

12. A state employee is entitled to his or her normal rate of pay for working on a legal holiday unless the employee is entitled to payment for overtime pursuant to this section and the regulations adopted pursuant thereto. This payment is in addition to any payment provided for by regulation for ~~[working on]~~ a legal holiday.

Sec. 2. (Deleted by amendment.)

Sec. 3. (Deleted by amendment.)

Sec. 4. (Deleted by amendment.)

Sec. 5. 1. The four semiannual payments to which a state employee would otherwise be entitled pursuant to NRS 284.177 must not be made during the period beginning on July 1, 2011, and ending on June 30, 2013. For the purposes of payments made pursuant to NRS 284.177 on or after July 1, 2013, any service during that 2-year period must be considered in determining the length of continuous service of an employee, but an employee is not entitled to semiannual payments that would otherwise have been made during the period during which the semiannual payments are suspended.

2. No merit pay increases to which a state employee would otherwise be entitled pursuant to chapter 284 of NRS and the regulations adopted pursuant

thereto may be granted during the period beginning on July 1, 2011, and ending on June 30, 2013. For the purposes of merit pay increases granted on or after July 1, 2013, an employee is not entitled to any increases that would otherwise have been granted during that period.

Sec. 6. This act becomes effective on July 1, 2011.

Assemblywoman Smith moved that the Assembly concur in the Senate Amendment No. 983 to Assembly Bill No. 560.

Remarks by Assemblywoman Smith.

Motion carried by a constitutional majority.

Legislative Counsel's Digest:

~~[This]~~ **Section 1 of this** bill requires the Department of Wildlife to establish the Wildlife Trust Fund for the purposes of receiving any gift, donation, bequest or devise from any private source for the Wildlife Trust Fund. The money in the Wildlife Trust Fund must be used either for the specified purpose of the donor who donated the money or, if the donor specified no purpose, then in the sound discretion of the Director of the Department. ~~[This bill]~~ **Section 1** further establishes that the money in the Wildlife Trust Fund is private money and exempts the expenditure of money in the Wildlife Trust Fund from the provisions of the State Purchasing Act. Finally, ~~[this bill]~~ **section 1** requires the Director to report the income and expenditures of the Wildlife Trust Fund to the Chief of the Budget Division of the Department of Administration, the Interim Finance Committee and the Board of Wildlife Commissioners.

Existing law establishes the Wildlife Account, into which the majority of the money received by the Department of Wildlife must be deposited. (NRS 501.356) Existing law also creates the Wildlife Obligated Reserve Account, into which certain other money must be deposited by the Department of Wildlife. (NRS 502.242) Sections 1.5-19 of this bill combine the Wildlife Account and the Wildlife Obligated Reserve Account into one account designated the Wildlife Fund Account.

2. All of the money in the Wildlife Trust Fund must be deposited in a financial institution to draw interest or to be expended, invested and reinvested pursuant to the specific instructions of the donor, or if no such specific instructions exist, in the sound discretion of the Director. The provisions of NRS 356.011 apply to any accounts in financial institutions maintained pursuant to this section.

3. The money in the Wildlife Trust Fund must be budgeted and expended, within any limitations which may have been specified by particular donors, at the discretion of the Director. The Director may authorize independent contractors that may be funded in whole or in part from the money in the Wildlife Trust Fund.

4. The Director or the Director's designee shall submit semiannually to the Interim Finance Committee and the Commission a report concerning the investment and expenditure of the money in the Wildlife Trust Fund in such form and detail as the Interim Finance Committee determines is necessary.

5. 3. Within any such county, the provisions of this chapter which confer regulatory authority over taxicab motor carriers upon the Nevada Transportation Authority do not apply.

Sec. 7. NRS 706.8811 is hereby amended to read as follows:

706.8811 As used in NRS 706.881 to 706.885, inclusive, ***and section 3 of this act,*** unless the context otherwise requires, the words and terms defined in NRS 706.8812 to 706.8817, inclusive, have the meanings ascribed to them in those sections.

RE: Assembly Bill No. 130 of the 75th Legislative Session

DEAR SECRETARY MILLER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 130, which is entitled:

> AN ACT relating to police departments; revising provisions governing the membership of a metropolitan police committee on fiscal affairs; revising provisions governing negotiations between metropolitan police departments and their employees; and providing other matters properly relating thereto.

Assembly Bill 130 precludes a county from effectively participating in negotiations between a metropolitan police department t and its employees. The entity responsible for funding the agreements that result from those negotiations should have a real seat at the negotiating table. Under this bill, the local government would only be able to "monitor" the negotiations. Because this bill changed a fundamental negotiating process that has worked well in the past, I cannot support this bill.

For these reasons, I hereby exercise my constitutional grant of authority and veto Assembly Bill 130.

RE: Assembly Bill No. 395 of the 75th Legislative Session

DEAR SECRETARY MILLER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 395, which is entitled:

> AN ACT relating to state employees; authorizing discussions of workplace relations for certain state employees; expanding the duties of the Personnel Commission to include discussions of

> workplace relations for certain state employees; providing for workplace relations units of state employees and for their representatives; establishing procedures for discussing workplace relations and for making and amending workplace relations agreements; prohibiting certain unfair labor practices; and providing other matters properly relating thereto.

This bill would implement collective bargaining for state employees. Nevada is currently in the grips of a severe economic recession. The resulting decrease in state revenues recently resulted in the enactment of the largest tax increase in state history in order to fund state expenditures. Assembly Bill 395 would dramatically increase the cost of state government even further. I find it unfathomable and unconscionable that the Legislature would pass a bill that would result in further increases in state spending and would require even further tax increases to fund that spending. I hope that by the time this veto message is read to the Legislature some modicum of common sense has returned to the process and we can all focus on satisfying the needs rather than the wants of state government.

For these reasons, I hereby exercise my constitutional grant of authority and veto Assembly Bill 395.

DEAR SECRETARY MILLER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 451, which is entitled:

> AN ACT relating to state obligations; establishing a program for the investment of state money in certificates of deposit at a reduced rate to provide lending institutions with money for reduced-rate loans to certain small businesses in this State; and providing other matters properly relating thereto..

Assembly Bill 451 mandates that the Treasurer establish a linked-deposit program of up to $20,000,000 and sets forth the requirements of that program. The Treasurer has always been a fiduciary of the state and is required to invest taxpayer dollars in a way that maximizes the safety and return of state investments. This bill would change that fundamental duty and require the

Treasurer to engage in de facto social investing at the expense of ignoring fiduciary obligations. I therefore cannot support this bill.

DEAR SECRETARY MILLER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 503, which is entitled:

> AN ACT relating to transportation; creating an advisory committee to develop recommendations relating to the funding of the construction and maintenance of highways in this State; providing for the membership, compensation and duties of the advisory committee; authorizing the advisory committee to place advisory questions regarding its recommendations on the ballot for the general election to be held in 2010; requiring the Secretary of State to appoint committees to prepare arguments for and against approval of the recommendation proposed in any such advisory question placed on the ballot; and providing other matters properly relating thereto.

Assembly Bill 503 would establish a committee appointed solely by members of the legislative branch to make recommendations with respect to transportation funding. The bill would also mandate that any such recommendations be placed on the general election ballot in 2010 as an advisory question. This bill effectively circumvents the legislative process by allowing a small group of non-elected officials to make recommendations that have major implications on taxpayers, and to then present those recommendations to voters. If such recommendations are to be submitted to the voters, they should be recommendations from the Legislature as a whole. This bill represents an abdication of legislative authority that I cannot support.

RE: Assembly Bill 135 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 135, which is entitled:

> AN ACT relating to probation; revising provisions concerning violations of probation; and providing other matters properly relating thereto.

This bill relates to the authority of courts to, upon determination that a person has violated a condition of probation, continue or revoke the probation or suspension of sentence. More specifically, the bill limits courts' discretion to revoke the probation and suspension of sentence to cases where: (1) imprisonment is necessary to protect the community from further criminal activity by the probationer; (2) the probationer is in need of treatment which can most effectively be provided if he or she is imprisoned; (3) the seriousness of the violation or the totality of violations by the probationer warrant revocation of probation and suspension of the sentence; or (4) the violation demonstrates the probationer cannot be supervised pursuant to practices and policies governing probation.

The bill further precludes courts from revoking probation and the suspension of the sentence based on the probationer's failure to pay court imposed administrative assessments, fees and expenses. In addition, before revoking probation and the suspension of the sentence, the bill requires courts to make findings to support the reasons for the revocation and state them on the record.

The requirement that courts state on the record the reasons for revocation of probation and the suspension of a sentence is reasonable. The limits imposed on the discretion of courts to revoke probation and the suspension of a sentence, however, are not. The effective administration of justice requires the proportionate enforcement of criminal sentences. Proportionality is not, though, easily obtained through the application of categorical methodology. Instead, courts require flexibility and discretion in fashioning the appropriate response to a probation violation. Thus, courts have traditionally been granted latitude in determining the appropriate mechanism by which such sentences are enforced. The revocation of probation and the suspension of a sentence are tools often employed toward that end.

Insofar as this bill limits the cases in which these enforcement mechanisms are available, it undermines the ability of courts to effectively enforce sentences. The Legislature's attempt to categorically define the circumstances under which revocation of probation and the suspension of a sentence are appropriate fails to adequately capture the scope of cases where such revocation is appropriate; therefore, I veto this bill and return it to you without my approval.

RE: Assembly Bill 183 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 183, which is entitled:

> AN ACT relating to school districts; revising the provisions regarding the establishment and maintenance of a reserve account for payment of the outstanding bonds of a school district; and providing other matters properly relating thereto.

This bill relates to the maintenance of reserve accounts established to support the repayment of school bonds. It proposes to reduce the amount of money held in those accounts in order to facilitate school improvements. Supporters of the bill assert that it will result not only in an improved educational environment for the state's children, but in an increased number of construction jobs as well.

The bill has merit; a quality educational environment is important to the success of our students, and our state has far too many unemployed construction workers. But the condition of our schools and the struggles of the construction industry are not the only challenges we confront. Indeed, with an unemployment rate of 13.6 percent and the nation's worst graduation rates, rarely has our state been so severely tested. In the face of such difficulty, we cannot afford to be parochial. Instead, we must pursue policies that present the greatest chance of success to the greatest number of Nevadans.

Improving the quality of instruction our children receive and fostering the success of workers across our economy are essential steps in moving the state forward. Because this bill makes it harder to do these things, I will veto it. In appropriating bond reserve money for construction, proponents of the bill have reduced the amount of funds available for classroom instruction by approximately $301 million. Along the way, they have misleadingly cited those who voted for the issuance of school bonds in the past as supporting their cause today, unfairly attributing to them their narrow view. What is more, they have failed to provide an accounting of the cost of this bill.

If these reductions stand, they will necessarily result in deeper cuts—cuts that will cost over 5,000 teachers their jobs. Alternatively, AB 183 will require a new tax at a point when our economy is presenting limited but promising signs of recovery. This bill justifies neither choice. I therefore exercise my constitutional grant of authority to veto AB 183, and return the bill to you without my signature.

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 253, which is entitled:

> AN ACT relating to occupational safety; revising certain fines for willful violations of the Nevada Occupational Safety and Health Act; authorizing citations and fines for violation of a settlement agreement; providing for a survey of salaries of safety and mechanical inspectors; and providing other matters properly relating thereto.

This bill relates to occupational safety. It proposes significant increases to the fines that may be imposed for willful violations of the Nevada Occupational Safety and Health Act (OSHA). The bill also revises the punishment for a willful violation that results in the death of an employee.

There is some merit to the argument that the bills increased fines may help reduce the number of willful OSHA violations occurring in Nevada's workplaces. However, a more innovative and proactive approach is warranted to improve workplace safety and change behavior before it results in workplace injuries or death. I therefore exercise my constitutional grant of authority to veto AB 253 and return it to you without my approval.

RE: Assembly Bill 254 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 254, which is entitled:

> AN ACT relating to occupational safety; revising provisions governing the grounds for the issuance of a citation for certain occupational safety and health violations; providing for the issuance of a citation for certain occupational safety and health violations upon a determination by the Administrator of the Division of Industrial Relations of the Department of Business and Industry or the Administrator's authorized representative that any employee has access to a hazard; and providing other matters properly relating thereto.

This bill relates to occupational safety. Like Assembly Bill 253, which I have already vetoed, Assembly Bill 254 unnecessarily increases the complexity and cost of operating a business in Nevada. The bill expands the scope of behavior for which a citation may be issued to an employer for violating the Nevada Occupational Safety and Health Act (OSHA) by allowing the issuance of a citation based upon a determination that an employee "has access to a hazard" in the workplace.

Legislation passed in 2009 has significantly improved jobsite safety and enforcement of OSHA violations in Nevada, and I am a strong supporter of continued improvement in these areas. However, this bill creates ambiguous and misguided new requirements that will be difficult to enforce and burdensome to comply with. Because this bill will not proactively improve the conditions and safety of our workplaces, I veto it and return it to you without my approval.

RE: Assembly Bill 309 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 309, which is entitled:

> AN ACT relating to insurance; creating the Office of the Consumer Advocate within the Division of Insurance of the Department of Business and Industry; requiring the governor to appoint a Consumer Advocate as the executive head of the office; requiring the Consumer Advocate to intervene in and

represent the public interest in public hearings relating to rates for certain health benefit plans; requiring an insurer to provide certain information to the Consumer Advocate and the Division and publish on an Internet website maintained by the insurer certain information concerning each such health benefit plan offered by the insurer in this State; requiring the Commissioner of Insurance to publish on an Internet website maintained by the Division certain information relating to health insurance rates and public hearings relating to rates for such health benefit plans; authorizing an insurer and the Consumer Advocate to request a public hearing on any rate or proposed rate increase or decrease of such a health benefit plan filed by the insurer with the Commissioner; authorizing a consumer of health insurance to request a public hearing on certain rates and proposed rate increases or decreases of such a health benefit plan filed by an insurer with the Commissioner; authorizing the Commissioner to hold a public hearing on a rate or proposed rate increase or decrease of such a health benefit plan filed by an insurer; revising certain provisions relating to trade secrets of insurers; providing a penalty; and providing other matters properly relating thereto.

This bill creates the Office of Consumer Advocate within the Division of Insurance. It provides that any insurer that offers an individual health benefit plan or a group health plan for small employers in this State must provide the Consumer Advocate and the Division with copies of any proposed rate changes and other information used to calculate a rate or proposed rate increase or decrease. The bill also requires such insurers to publish on an Internet website the base premiums, certificates of coverage, projected loss ratio reported to the Department of Health and Human Services and the actual loss ratio reported to the Department for the preceding fiscal year for each health benefit plan offered by the insurer in this State.

The bill requires that upon the filing of a rate or proposed rate increase or decrease, the insurer or the Consumer Advocate may request that the Insurance Commissioner conduct a public hearing on the rate or proposed rate increase or decrease. The bill also provides that a consumer may request a public hearing if the proposed increase or decrease is more than 10 percent of the current rate or the health benefit plan represents more than 5 percent of its market segment in the State. The Commissioner has discretion to hold a hearing and review the rate change. The bill further provides that information submitted by the insurer is public unless the Commissioner determines it is a trade secret, confidential medical information or relates to the amount, terms or conditions of reimbursement pursuant to a contract between the insurer and a third party.

The goals of this bill are laudable; maintaining reasonable health benefit insurance rates in the individual and small group markets is important to protecting consumers and maintaining economic growth. The bill, however, does more harm than good and seems to impose duplicative regulatory requirements. For example, the State, today, has an existing rate review process. Moreover, the creation of the Office of Consumer Advocate within the Division will increase costs, likely multiplying the number of hearings and the attendant costs to consumers. Indeed, the Consumer Advocate also appears to be a redundant position in that the Commissioner is already tasked by law with assessing rate changes with the interest of the consumer in mind. Some proponents of this bill suggest that the bill is necessary to comply with federal law. They argue that confidentiality provisions in the law presently, but amended by this bill, preclude the State from establishing a rate review process that satisfies federal standards. It seems unlikely, however, that this is the case. The requirement under federal law, for example, that the State cooperate with insurers to post the provider name, the rate increase

requested and the date of the implementation of the increase would not likely run afoul of the proscriptions on posting trade secrets and other proprietary information under our laws. Thus, compliance with federal law is possible without this bill.

Therefore, because Assembly Bill 309 unnecessarily expands a regulatory structure at the expense of health benefit consumers, and because compliance with federal law does not require it, I exercise my constitutional authority to veto Assembly Bill 309, returning it to you without my signature and without my approval.

RE: Assembly Bill 456 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 456, which is entitled:

> AN ACT relating to education; authorizing certain pupils to receive a standard high school diploma without passing all subject areas of the high school proficiency examination under certain circumstances; authorizing the board of trustees of a school district to adopt a policy that allows certain pupils enrolled in high school the opportunity to make up credit; authorizing a juvenile court to impose certain orders against the parent or legal guardian of a child who is adjudicated in need of supervision because the child is a habitual truant; revising provisions governing employment of minors; and providing other matters properly relating thereto.

This bill alters requirements for graduation from high school. In order to receive a standard high school diploma, students must pass all portions of the Nevada High School Proficiency Examination (HSPE) and meet certain other district and state requirements. Approval of Assembly Bill 456 would allow students to graduate from high school even if they continue to fail one subject area of the HSPE, so long as they earn at least a 2.75 grade point average, satisfy minimum attendance requirements, do not have any pending disciplinary actions, and obtain a cumulative passing score on the HSPE.

Supporters of the bill point out that some students cannot pass the math portion of the HSPE, but these students are otherwise proficient in all other subject areas and do well in school. While personally compelling, this argument lacks a broad policy implication; if the number of students is as small as has been represented, other remedies may exist besides a wholesale change in graduation requirements. The bill does not address the fact that Nevada's graduation rates and

grade-level performance are amongst the worst in the nation. It similarly fails to address why an achievement gap exists for a few students on certain portions of the HSPE. Other measures already enacted this legislative session do more to change the status quo. For example, Assembly Bill 290 will allow the principal of a high school to postpone administration of the math and/or science portion of the HSPE for pupils who are not academically ready. These students will be enrolled in appropriate course work and participate in a program designed to help students pass the exam.

Although this bill may allow more students to graduate from high school, it represents diminished expectations for our students and lower standards for obtaining a high school diploma in Nevada. In my State of the State address, I said that our education system emphasizes too many of the wrong things. AB 456 is another example of this paradigm and would send the wrong message to our students.

I am committed to improving our education system and enhancing student achievement. Because this bill provides a way to hide or ignore a student achievement problem, rather than to fix it, I veto it and return it to you without my approval.

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 501, which is entitled:

> AN ACT relating to the death penalty; providing for an audit of the fiscal costs of the death penalty; and providing other matters properly relating thereto.

This bill requires the Legislative Auditor to conduct an audit of the fiscal costs associated with the death penalty in this State. It further requires that the audit include an examination and analysis concerning the costs of prosecuting and adjudicating capital murder cases, including the costs relating to the death penalty borne by the State and by local governments at each stage of the proceedings. These costs include pretrial costs, trial costs, appellate costs, post conviction costs and costs of incarceration.

An assessment of the costs of the death penalty is naturally a part of the policy discussion surrounding the ultimate punishment under the law. However, any discussion of the costs must be founded upon fair and accurate study. This bill lacks the specificity necessary to persuade me that the outcome of the audit performed will be fair. The bill, for example, lists the costs to be assessed in determining the overall fiscal impact of the imposition of the death penalty, but it does not specify how it is these costs will be assessed. There is no methodology for determining

the cost of counsel in either the prosecution or defense of such cases, nor is there a prescribed method for the assessment of any of the other costs purported to be studied by the bill. Furthermore, the bill does not reflect how the audit will account for the influence of individualized litigation choices, in the context of death penalty litigation generally, made by defendants that often drive the costs of such cases. Thus, because the bill fails to assure me that the outcome of the audit will be reliable and fair, I veto it, returning it to you without my signature and without my approval.

RE: Assembly Bill 566 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 566, which is entitled:

> AN ACT relating to elections; revising the legislative districts from which the members of the Senate and Assembly are elected; revising the districts from which Representatives in the Congress of the United States are elected; and providing other matters properly relating thereto.

This bill relates to the revision of legislative and Congressional districts in our state. On May 14, 2011, I vetoed Senate Bill 497 relating to the same subject. In my message to the President of the Senate, I stated my objections: the plan reflected in the bill did not provide for the fair representation of the people of the state of Nevada, nor did it comply with the Voting Rights Act of 1965. I veto this bill for the same reasons, incorporating by reference my letter to the President of the Senate of March 14, 2011 relating to Senate Bill 497 in support of this action.

Sincere regards,
BRIAN SANDOVAL
Governor

Assemblywoman Kirkpatrick moved that Assembly Bill No. 566 of the 76th Session be placed on the Chief Clerk's desk.

Motion carried.

Vetoed Assembly Bill No. 568 of the 76th Session.

OFFICE OF THE GOVERNOR

May 16, 2011

SPEAKER JOHN OCEGUERA, *Nevada State Assembly*, 401 South Carson Street, Carson City, Nevada 89701

RE: Assembly Bill 568 of the 76th Legislative Session

DEAR MR. SPEAKER:

I am herewith forwarding to you, for filing within the constitutional time limit and without my approval, Assembly Bill 568, which is entitled:

> AN ACT relating to education; ensuring sufficient funding for K-12 public education for the 2011-2013 biennium; apportioning the State Distributive School Account in the State General Fund for the 2011-2013 biennium; authorizing certain expenditures; making appropriations for purposes relating to basic support, class-size reduction and other educational purposes; temporarily diverting the money from the State Supplemental School Support Fund to the State Distributive School Account for use in funding operating costs and other expenditures of school districts; and providing other matters properly relating thereto.

I veto and return this bill because it increases state spending by nearly $660 million above the amount proposed in the Executive Budget, as amended. Were this bill to be enacted into law, insufficient revenue would be available for the Legislature to meet its obligation to prepare a balanced budget encompassing all areas of state responsibility.

Approval of Assembly Bill 568, without corresponding reductions in spending in other parts of the Executive Budget, would violate the requirement of balanced relations between proposed expenditures and anticipated revenues. This bill therefore represents a circuitous attempt to secure a tax increase—despite the fact I have been clear since the commencement of the Legislative Session that Nevada's struggling economy must be allowed to fully recover.

Within this context, I have provided the Legislature with a spending plan for K-12 education, as well as a comprehensive legislative package to ensure educator accountability, parental choice, and other much-needed system reforms. I am committed to improving our education system; I am equally committed to doing so in a fiscally prudent manner. I understand these decisions are difficult, but as leaders we must make them. While all of us would like to have more money to spend, we must also accept that education funding cannot occur in a vacuum. Current economic realities require that we spend only the money we have, while allowing for the additional funding of education as the economy continues to improve.

Indeed, only two weeks ago, the report of Nevada's Economic Forum allowed me to submit a budget amendment that added some $240 million for the support of K-12 education just four months after the original Executive Budget was presented to the Legislature. I propose that "triggers" be adopted so additional funding can continue to go straight to the support of the classroom as revenue becomes available through economic recovery.

I am compelled to protect the integrity of my office and the Nevada Constitution. Assembly Bill 568 was processed in a matter of hours, with the clear intention of casting opponents as somehow "anti-education" while at the same time forcing a tax increase. Such a manipulation of the process undermines the Legislature's obligations to the people of this state.

Much work remains to be done, with only three weeks in which to do it. The people of Nevada have stated clearly their expectation for the Legislature to complete its work and adjourn sine die within 120 days. (Nev. Const. art. 4, § 2.) That deadline is fast approaching, and we have precious little time remaining to conduct the people's business in a responsible and realistic manner.

Sincere regards,
BRIAN SANDOVAL
Governor

Conference Amendment No. CA23.

SUMMARY—Makes various changes regarding ~~[the financing of certain local improvements with revenue pledged from sales and use taxes.]~~ **local governmental administration.** (BDR 21-148)

AN ACT relating to ~~[tourism improvement districts;]~~ **local governmental administration; authorizing certain local governments to impose a surcharge for the improvement and maintenance of certain publicly owned facilities;** making various changes regarding the financing of certain local improvements with revenue pledged from sales and use taxes; providing a procedure for the selection of subcontractors on certain contracts; **authorizing the imposition of a surcharge in certain counties on the amount charged for any items or services related to a minor league baseball stadium project; revising provisions regarding the establishment and maintenance of a reserve account for payment of the outstanding bonds of a school district; requiring certain plans relating to the water reclamation facility of the City of North Las Vegas;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill authorizes the governing body of a city whose population is 220,000 or more in a county whose population is 100,000 or more but less than 700,000 (currently the City of Reno) to create by ordinance a district to finance capital projects necessary to improve and maintain publicly owned facilities for tourism and entertainment. Section 1 requires that the ordinance creating such a district impose a surcharge of $2 on the per night charge for the rental of a room in a hotel in the district that holds a nonrestricted gaming license. Section 1 also provides that the proceeds of the surcharge be used only for the cost of improving and maintaining publicly owned facilities for tourism and entertainment in the district or within 1 mile outside the boundaries of the district, except for a minor league baseball stadium project.

Existing law authorizes the governing body of any city or county to create a tourism improvement district (TID) and to pledge revenue from several sales and use taxes imposed in that district to finance certain projects within the district. The projects may be owned by the municipality, another governmental entity or any person and may be financed through the issuance of bonds or the entry into agreements for the reimbursement of the costs of the projects. (Chapter 271A of NRS) **Section ~~[2]~~ 4** of this bill requires the independent auditing of claims made under agreements to provide such financing. **Section ~~[2]~~ 4** also prohibits the use of such financing, with respect to a TID created on or after July 1, 2011, to pay various fees and costs and for the relocation within the TID of a retailer from another location within 3 miles outside of the boundary of the TID, and excludes the use for such

financing of the tax revenue from such a retailer. **Section ~~[6]~~ 8** of this bill prohibits the provision of such financing to certain governmental entities if a nongovernmental entity obtained any of the original financing in the TID, and prohibits such financing, without the consent of the entities which obtained the original financing in the TID, to an entity that did not obtain any of the original financing in the TID. **Section ~~[3]~~ 5** of this bill specifies the procedure required for the selection of subcontractors by contractors and developers who enter into certain construction contracts on financed projects or on property within a TID which benefits from financed infrastructure improvements. **Section ~~[4]~~ 6** of this bill requires a municipality that creates a TID to prepare and submit to the Legislature annual reports regarding the TID, and requires the Department of Taxation to prepare and submit to the Legislature and the municipality semiannual reports regarding businesses within a TID. **Section ~~[7]~~ 9** of this bill applies the prevailing wage provisions applicable to public works to construction contracts for financed projects within a TID to the same extent as if the contracts were awarded by the municipality and the projects constituted public works.

Existing law does not allow the creation of a TID unless the pertinent governing body makes a written finding at a public hearing, based upon reports from independent consultants, as to whether the proposed project and financing will have a positive fiscal effect on the provision of local governmental services. (NRS 271A.080) **Section ~~[5]~~ 7** of this bill requires the selection of those independent consultants from a list provided by the Commission on Tourism.

Existing law authorizes the board of county commissioners of a county whose population is 100,000 or more but less than 400,000 (currently Washoe County) to acquire, lease, improve, equip, operate and maintain within the county a minor league baseball stadium project and to create a stadium authority to operate the project. Section 10 of this bill authorizes the stadium authority to recommend the imposition of a surcharge on the amount charged for any items or services related to such a project. If the surcharge is approved by a two-thirds majority vote of the governing body of the city in which the project is located, section 10 provides for the use of the proceeds of the surcharge. Section 10 also revises the membership of a stadium authority which operates such a project.

Under existing law, the board of trustees of a school district may issue certain general obligation bonds. At the time the bonds are issued, the board of trustees must establish in its debt service fund a reserve account for payment of the outstanding bonds of the school district. (NRS 350.020) Section 12 of this bill changes the amount of the reserves required to 10 percent of the outstanding principal or 25 percent, for

larger counties, and 50 percent, for smaller counties, of the amount of principal and interest payments due on all outstanding bonds of the school district in the next fiscal year, whichever is less.

Section 15 of this bill requires the City of North Las Vegas to develop certain plans relating to its water reclamation facility.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 268 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. The governing body of a city whose population is 220,000 or more in a county whose population is 100,000 or more but less than 700,000 may by ordinance create a district to finance capital projects necessary to improve and maintain publicly owned facilities for tourism and entertainment. Such an ordinance must be approved by a two-thirds majority of the members of the governing body.

2. The boundaries of a district created pursuant to subsection 1 must be as prescribed by the governing body in the ordinance creating the district, except that the boundaries must include only property that is located in or within 4 city blocks, as determined by the governing body, of a district described in NRS 268.780 to 268.785, inclusive.

3. An ordinance enacted pursuant to subsection 1 must impose a surcharge of $2 on the per night charge for the rental of a room in a hotel in the district that holds a nonrestricted gaming license. The surcharge must not be applied for any time during which the room is provided to a guest free of charge.

4. The proceeds of the surcharge imposed pursuant to this section must be retained by the city and must be used by the city solely to pay the cost of improving and maintaining publicly owned facilities for tourism and entertainment in the district or within 1 mile outside the boundaries of the district, except for a minor league baseball stadium project as defined in NRS 244A.0344. The proceeds of the surcharge must not be transferred to any other fund or account or used for any other purpose.

5. On or before January 15, 2030, the governing body of a city that has created a district pursuant to this section shall submit a report concerning the district to the Director of the Legislative Counsel Bureau for transmission to the next regular session of the Legislature. The report must:

(a) Address, without limitation, the total amount collected from the surcharge imposed pursuant to this section and all the projects undertaken to improve and maintain the publicly owned facilities for tourism and entertainment in the district.

(b) Cover the period between the creation of the district until the end of the calendar year immediately preceding the submission of the report.

Sec. 2. **NRS 268.526 is hereby amended to read as follows:**

268.526 In addition to any other powers which it may now have, each city shall have the following powers:

1. To finance or acquire, whether by construction, purchase, gift, devise, lease or sublease, or any one or more of such methods, and to improve and equip one or more projects, or part thereof. Such projects, upon completion of such acquisition, shall be located within, or within 10 miles of, the city.

2. To finance, sell, lease or otherwise dispose of any or all of its projects upon such terms and conditions as the governing body considers advisable.

3. To issue revenue bonds for the purpose of financing or defraying the cost of acquiring, improving and equipping any project as set forth in NRS 268.556.

4. To secure payment of such bonds as provided in NRS 268.512 to 268.568, inclusive ~~[.]~~ ***, including, without limitation, from the proceeds of the surcharge imposed pursuant to NRS 244A.830.***

5. To take such actions as are necessary or useful in order to undertake, carry out, accomplish and otherwise implement the provisions of NRS 268.512 to 268.568, inclusive, including the adoption of resolutions, which may be introduced and adopted at the same special or regular meeting of the governing body and which shall become effective upon adoption.

~~[Section 1.]~~ ***Sec. 3.*** Chapter 271A of NRS is hereby amended by adding thereto the provisions set forth as sections ~~[2, 3 and]~~ 4 **, 5 and 6** of this act.

(a) As a result of the project:

(1) Retailers will locate their businesses as such in the district; and

(2) There will be a substantial increase in the proceeds from sales and use taxes remitted by retailers with regard to tangible personal property sold at retail, or stored, used or otherwise consumed, in the district; and

(b) A preponderance of that increase in the proceeds from sales and use taxes will be attributable to transactions with tourists who are not residents of this State.

7. The Commission on Tourism has determined, at a public hearing conducted at least 15 days after providing notice of the hearing by publication, that a preponderance of the increase in the proceeds from sales and use taxes identified pursuant to subsection 6 will be attributable to transactions with tourists who are not residents of this State.

8. The Governor has determined that the project and the use of any money proposed to be pledged pursuant to NRS 271A.070 will contribute significantly to economic development and tourism in this State. Before making that determination, the Governor:

(a) Must consider the fiscal effects of the pledge of money on educational funding, including any fiscal effects described in comments provided pursuant to subsection 4 by the school district in which the tourism improvement district is or will be located, and for that purpose may require

The payments may be provided pursuant to agreements with owners of property within the district authorized by NRS 271A.110 or from sources other than the owners of property within the district. (b) The priority of the application of that money between:

(1) Bonds issued pursuant to chapter 271 of NRS; and

(2) Bonds and notes issued, and agreements entered into, pursuant to NRS 271A.120.

➥ Any such agreement for the priority of the application of that money may be made irrevocable during the term of any bonds issued pursuant to chapter 271 of NRS to which all or any portion of that money is pledged, or during the term of any bonds or notes issued or any agreements entered into pursuant to NRS 271A.120 to which all or any portion of that money is pledged.

~~[Sec. 6.]~~ ***Sec. 8.*** NRS 271A.120 is hereby amended to read as follows:

271A.120 1. Except as otherwise provided in this section, if the governing body of a municipality adopts an ordinance pursuant to NRS 271A.070, the municipality may:

(a) Issue, at one time or from time to time, bonds or notes as special obligations under the Local Government Securities Law to finance or refinance projects for the benefit of the district. Any such bonds or notes may be secured by a pledge of, and be payable from, any money pledged pursuant to NRS 271A.070 and received by the municipality with respect to the district, any revenue received by the municipality from any revenue-producing projects in the district, or any combination thereof.

(b) Enter into an agreement with one or more governmental entities or other persons to reimburse that entity or person for the cost of acquiring, improving or equipping, or any combination thereof, any project, which may contain such terms as are determined to be desirable by the governing body of the municipality, including the payment of reasonable interest and other financing costs incurred by such entity or other person. Any such reimbursements may be secured by a pledge of, and be payable from, any money pledged pursuant to NRS 271A.070 and received by the municipality with respect to the district, any revenue received by the municipality from any revenue-producing projects in the district, or any combination thereof. Such an agreement is not subject to the limitations of subsection 1 of NRS 354.626 and may, at the option of the governing body, be binding on the municipality beyond the fiscal year in which it was made, only if the agreement pertains solely to one or more projects that are owned by the municipality or another governmental entity.

2. ***The governing body of a municipality shall not, with respect to any district created before, on or after July 1, 2011, provide any financing or reimbursement pursuant to this section:***

(a) Except as otherwise provided in this paragraph, to any governmental entity for any project within the district if any nongovernmental entity is or was entitled to receive any financing or reimbursement from the municipality pursuant to this section under the original financing agreements for the initial projects within the district. (2) A governmental entity that is or was entitled to receive such financing or reimbursement under the original financing agreements for the initial projects within the district.

(b) To any person or other entity for any project within the district, other than a person or other entity that is or was entitled to receive such financing or reimbursement from the municipality under the original financing agreements for the initial projects within the district, without the consent of all the persons and other entities that were entitled to receive such financing or reimbursement under the original financing agreements for the initial projects within the district.

3. Before the issuance of any bonds or notes pursuant to this section, the municipality must obtain the results of a feasibility study, commissioned by the municipality, which shows that a sufficient amount will be generated from money pledged pursuant to NRS 271A.070 to make timely payment on the bonds or notes, taking into account the revenue from any other revenue-producing projects also pledged for the payment of the bonds or notes, if any. A failure to make payments of any amounts due:

(a) With respect to any bonds or notes issued pursuant to subsection 1; or

(b) Under any agreements entered into pursuant to subsection 1,

➥ because of any insufficiency in the amount of money pledged pursuant to NRS 271A.070 to make those payments shall be deemed not to constitute a default on those bonds, notes or agreements.

~~[3.]~~ ***4.*** No bond, note or other agreement issued or entered into pursuant to this section may be secured by or payable from the general fund of the municipality, the power of the municipality to levy ad valorem property taxes, or any source other than any money pledged pursuant to NRS 271A.070 and received by the municipality with respect to the district, any revenue received by the municipality from any revenue-producing projects in the district, or any combination thereof. No bond, note or other agreement issued or entered into pursuant to this section may ever become a general obligation of the municipality or a charge against its general credit or taxing powers, nor may any such bond, note or other agreement become a debt of the municipality for purposes of any limitation on indebtedness.

~~[4.]~~ ***5.*** Any bond or note issued pursuant to this section, including any bond or note issued to refund any such bond or note, must mature on or before, and any agreement entered pursuant to this section must automatically terminate on or before, the end of the fiscal year in which the 20th anniversary of the adoption of the ordinance creating the district occurs.

4. The stadium authority may recommend to the governing body of the city in which the minor league baseball stadium is located that the governing body impose a surcharge on items or services related to the minor league baseball stadium project. The surcharge must be approved by a two-thirds majority of the governing body. Any proceeds from a surcharge imposed pursuant to this section must be paid to and collected by the city and must be used solely to pay the costs to acquire, lease, improve, equip, operate and maintain the minor league baseball stadium project, or to pay the principal of, interest on or other payments due with respect to bonds issued by the city to pay such costs, including bonds issued to refund bonds issued to pay such costs, or any combination thereof. The proceeds of the surcharge must not be transferred to any other fund or account or used for any other purpose.

Sec. 11. **NRS 279.636 is hereby amended to read as follows:**

279.636 1. An agency may issue such types of bonds as it may determine, including bonds on which the principal and interest are payable:

together with financial assistance from the State or Federal Government in aid of the projects.

(b) Exclusively from the income and revenues of certain designated redevelopment projects whether or not they were financed in whole or in part with the proceeds of the bonds.

(c) In whole or in part from taxes allocated to, and paid into a special fund of, the agency pursuant to the provisions of NRS 279.674 to 279.685, inclusive.

(f) ***From the proceeds of the surcharge imposed pursuant to NRS 244A.830.***

(g) By any combination of these methods.

2. Any of the bonds may be additionally secured by a pledge of any revenue or by an encumbrance by mortgage, deed of trust or otherwise of any redevelopment project or other property of the agency or by a pledge of the taxes referred to in subsection 1.

3. Amounts payable in any manner permitted by this section may be additionally secured by a pledge of the full faith and credit of the community whose legislative body has declared the need for the agency to function. Such additional security may only be provided upon the approval of the majority of the voters voting on the question at a primary or general election or a special election called for that purpose. In its proposal to its voters the governing body shall define the area to be redeveloped, the primary source or sources of revenue first to be employed to retire the bonds and the maximum sum for which the city may pledge its full faith and credit in connection with the bonds to be issued for the project.

Sec. 12. **NRS 350.020 is hereby amended to read as follows:**

350.020 1. Except as otherwise provided by subsections 3 and 4, if a municipality proposes to issue or incur general obligations, the proposal must be submitted to the electors of the municipality at a special election called for that purpose or the next general municipal election or general state election.

2. Such a special election may be held:

(a) At any time, including, without limitation, on the date of a primary municipal election or a primary state election, if the governing body of the municipality determines, by a unanimous vote, that an emergency exists; or

(b) On the first Tuesday after the first Monday in June of an odd-numbered year.

➥ The determination made by the governing body is conclusive unless it is shown that the governing body acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the governing

body must be commenced within 15 days after the governing body's determination is final. As used in this subsection, "emergency" means any occurrence or combination of occurrences which requires immediate action by the governing body of the municipality to prevent or mitigate a substantial financial loss to the municipality or to enable the governing body to provide an essential service to the residents of the municipality.

3. If payment of a general obligation of the municipality is additionally secured by a pledge of gross or net revenue of a project to be financed by its issue, and the governing body determines, by an affirmative vote of two-thirds of the members elected to the governing body, that the pledged revenue will at least equal the amount required in each year for the payment of interest and principal, without regard to any option reserved by the municipality for early redemption, the municipality may, after a public hearing, incur this general obligation without an election unless, within 90 days after publication of a resolution of intent to issue the bonds, a petition is presented to the governing body signed by not less than 5 percent of the registered voters of the municipality. Any member elected to the governing body whose authority to vote is limited by charter, statute or otherwise may vote on the determination required to be made by the governing body pursuant to this subsection. The determination by the governing body becomes conclusive on the last day for filing the petition. For the purpose of this subsection, the number of registered voters must be determined as of the close of registration for the last preceding general election. The resolution of intent need not be published in full, but the publication must include the amount of the obligation and the purpose for which it is to be incurred. Notice of the public hearing must be published at least 10 days before the day of the hearing. The publications must be made once in a newspaper of general circulation in the municipality. When published, the notice of the public hearing must be at least as large as 5 inches high by 4 inches wide.

4. The board of trustees of a school district may issue general obligation bonds which are not expected to result in an increase in the existing property tax levy for the payment of bonds of the school district without holding an election for each issuance of the bonds if the qualified electors approve a question submitted by the board of trustees that authorizes issuance of bonds for a period of 10 years after the date of approval by the voters. If the question is approved, the board of trustees of the school district may issue the bonds for a period of 10 years after the date of approval by the voters, after obtaining the approval of the debt management commission in the county in which the school district is located and, in a county whose population is 100,000 or more, the approval of the oversight panel for school facilities established pursuant to NRS 393.092 in that county, if the board of trustees of the school district finds that the existing tax for debt service will at least

equal the amount required to pay the principal and interest on the outstanding general obligations of the school district and the general obligations proposed to be issued. The finding made by the board of trustees is conclusive in the absence of fraud or gross abuse of discretion. As used in this subsection, "general obligations" does not include medium-term obligations issued pursuant to NRS 350.087 to 350.095, inclusive.

5. At the time of issuance of bonds authorized pursuant to subsection 4, the board of trustees shall establish a reserve account in its debt service fund for payment of the outstanding bonds of the school district. The reserve account must be established and maintained in an amount at least equal to the lesser of ***:***

(a) For a school district located in a county whose population is 100,000 or more, 25 percent; and

(b) For a school district located in a county whose population is less than 100,000, 50 percent,

➥ ***of*** the amount of principal and interest payments due on all of the outstanding bonds of the school district in the next fiscal year or 10 percent of the outstanding principal amount of the outstanding bonds of the school district.

6. If the amount in the reserve account falls below the amount required by ~~[this]~~ subsection ~~[.]~~ ***5:***

Remarks by Assemblyman Bobzien.

Motion carried by a constitutional majority.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 416.

The following Senate amendment was read:

Amendment No. 975.

AN ACT relating to energy; revising provisions governing the Solar Energy Systems Incentive Program; revising provisions governing the Wind

Energy Systems Demonstration Program; revising provisions governing the Waterpower Energy Systems Demonstration Program; revising provisions governing the payment of incentives to participants in the Solar Program and the Wind Program; revising the prospective expiration of the Wind Program and the Waterpower Program; providing for the prospective expiration of the Solar Program; requiring the Public Utilities Commission of Nevada to adopt certain regulations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Solar Energy Systems Incentive Program, the Wind Energy Systems Demonstration Program and the Waterpower Energy Systems Demonstration Program. (NRS 701B.010-701B.290, 701B.400-701B.650, 701B.700-701B.880) **Section 2.1** of this bill establishes the statewide capacity goals for all energy systems which receive incentives pursuant to these programs and authorizes a utility to file the annual plan required for each of these programs as a single plan.

Section 4 of this bill revises provisions governing the incentives for participation in the Solar Energy Systems Incentive Program, requires the Public Utilities Commission of Nevada to review the incentives and authorizes the Commission to adjust the incentives not less frequently than annually. **Section 4** provides that the total amount of the incentive paid to a participant in the Solar Program with a solar energy system with a nameplate capacity of not more than 30 kilowatts must be paid upon proof that the participant has installed and energized the solar energy system, while the amount of the incentive paid to a participant with a solar energy system with a nameplate capacity of more than 30 kilowatts and not more than 500 kilowatts must be paid over time and be based on the performance of the solar energy system and the amount of electricity generated by the solar energy system. **Section 8.7** of this bill requires a participant in the Solar Program to participate in net metering.

Section 10 of this bill requires the Commission to adopt regulations relating to the Wind Program and to establish a system of incentives for participation in the Wind Program. **Section 10** further provides that the total amount of the incentive paid to a participant in the Wind Program with a nameplate capacity of not more than 500 kilowatts must be paid over time and based on the performance of and amount of electricity generated by the wind energy system. **Section 10.5** of this bill requires a participant in the Wind Program to participate in net metering.

Section 10.7 of this bill requires the Commission to provide a system of incentives for waterpower energy systems with a nameplate capacity of not more than 500 kilowatts. **Section 18.5** of this bill requires a participant in the Waterpower Program to participate in net metering.

Existing law deems a provider of electric service to have generated or acquired 2.4 kilowatt-hours of electricity from a renewable energy system for each 1.0 kilowatt-hour of actual electricity generated or acquired from a solar photovoltaic system on certain retail customers. (NRS 704.4822) **Section 18.9** of this bill provides the same calculation for solar photovoltaic systems installed on the premises of the provider if certain conditions are met.

Existing law provides that the Wind Program and the Waterpower Program will expire on June 30, 2011. (Chapter 509, Statutes of Nevada 2007, p. 2999) This bill revises the prospective expiration date of these programs and provides that the Wind Program, the Waterpower Program and the Solar Program will expire on December 31, 2021.

Section 23.7 of this bill requires the Commission to open an investigatory docket to study the feasibility and advisability of establishing a feed-in tariff program for renewable energy systems and to submit a report of its findings from the investigatory docket to the Director of the Legislative Counsel Bureau for transmittal to the 77th Session of the Nevada Legislature.

Motion carried.

The following Senate amendment was read:

Amendment No. 989.

AN ACT relating to energy; revising provisions governing the Solar Energy Systems Incentive Program; revising provisions governing the Wind Energy Systems Demonstration Program; revising provisions governing the Waterpower Energy Systems Demonstration Program; revising provisions governing the payment of incentives to participants in the Solar Program and the Wind Program; revising the prospective expiration of the Wind Program and the Waterpower Program; providing for the prospective expiration of the Solar Program; requiring the Public Utilities Commission of Nevada to adopt certain regulations; **revising certain provisions governing certain energy-related tax incentives; revising certain provisions relating to plans filed by certain utilities; authorizing a utility to recover certain costs under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Solar Energy Systems Incentive Program, the Wind Energy Systems Demonstration Program and the Waterpower Energy Systems Demonstration Program. (NRS 701B.010-701B.290, 701B.400-701B.650, 701B.700-701B.880) **Section 2.1** of this bill establishes the statewide capacity goals for all energy systems which receive incentives pursuant to these programs and authorizes a utility to file the annual plan required for each of these programs as a single plan.

Section 4 of this bill revises provisions governing the incentives for participation in the Solar Energy Systems Incentive Program, requires the Public Utilities Commission of Nevada to review the incentives and authorizes the Commission to adjust the incentives not less frequently than annually. **Section 4** provides that the total amount of the incentive paid to a participant in the Solar Program with a solar energy system with a nameplate capacity of not more than 30 kilowatts must be paid upon proof that the

participant has installed and energized the solar energy system, while the amount of the incentive paid to a participant with a solar energy system with a nameplate capacity of more than 30 kilowatts and not more than 500 kilowatts must be paid over time and be based on the performance of the solar energy system and the amount of electricity generated by the solar energy system. **Section 8.7** of this bill requires a participant in the Solar Program to participate in net metering.

Section 10 of this bill requires the Commission to adopt regulations relating to the Wind Program and to establish a system of incentives for participation in the Wind Program. **Section 10** further provides that the total amount of the incentive paid to a participant in the Wind Program with a nameplate capacity of not more than 500 kilowatts must be paid over time and based on the performance of and amount of electricity generated by the wind energy system. **Section 10.5** of this bill requires a participant in the Wind Program to participate in net metering.

Section 10.7 of this bill requires the Commission to provide a system of incentives for waterpower energy systems with a nameplate capacity of not more than 500 kilowatts. **Section 18.5** of this bill requires a participant in the Waterpower Program to participate in net metering.

Existing law deems a provider of electric service to have generated or acquired 2.4 kilowatt-hours of electricity from a renewable energy system for each 1.0 kilowatt-hour of actual electricity generated or acquired from a solar photovoltaic system on certain retail customers. (NRS 704.4822) **Section 18.9** of this bill provides the same calculation for solar photovoltaic systems installed on the premises of the provider if certain conditions are met.

Existing law provides that the Wind Program and the Waterpower Program will expire on June 30, 2011. (Chapter 509, Statutes of Nevada 2007, p. 2999) This bill revises the prospective expiration date of these programs and provides that the Wind Program, the Waterpower Program and the Solar Program will expire on December 31, 2021.

Section 18.75 of this bill makes certain information relating to a contract lease or agreement between a utility and another person for the purchase of power confidential and prohibits the disclosure of such information.

Existing law requires each utility which supplies electricity in this State to submit to the Commission every third year a plan to increase its supply of electricity or decrease the demands made on its system by its customers (NRS 704.741) Section 18.8 of this bill revises the content of those plans and requires the Commission to allow the utility to recover certain costs for siting, developing and permitting associated with transmission facilities and transmission corridor activities under certain circumstances.

Existing law requires a person who wishes to obtain a permit for a utility facility to file certain applications with the Commission if a federal agency is required to conduct an environmental analysis of the proposed utility facility. (NRS 704.870) Sections 18.95 and 18.97 of this bill require such a person to file a notice with the Commission not later than the date on which the person files with the appropriate federal agency.

Sections 1.7 and 1.9 of this bill revise provisions governing certain energy-related tax incentives to provide that certain facilities that generate electricity from geothermal energy are eligible for certain partial abatements of taxes.

Rule No. 23. Select Committee on Ethics; Legislative Ethics.

1. The Select Committee on Ethics consists of:

(a) Two members of the Assembly appointed by the Speaker from the majority political party;

(b) One member of the Assembly appointed by the Minority Leader from the minority political party; and

(c) Three qualified electors of the State, two of whom are appointed by the Speaker and one who is appointed by the Minority Leader, and none of whom is a present member of the Legislature or employed by the State of Nevada.

2. The Speaker shall appoint the Chair and Vice Chair of the Committee. The Vice Chair shall serve as the acting Chair if the Chair is unable to serve for any reason during the consideration of a specific question.

3. The Speaker shall appoint an alternate member with the qualifications set forth in paragraph (a) of subsection 1 and an alternate

member with the qualifications set forth in paragraph (c) of subsection 1. The Minority Leader shall appoint an alternate member with the qualifications set forth in paragraph (b) of subsection 1 and an alternate member with the qualifications set forth in paragraph (c) of subsection 1. If a member of the Committee is unable to serve for any reason during the consideration of a specific question, the alternate appointed with the qualifications from the same paragraph in subsection 1 shall serve as a member of the Committee during the consideration of the specific question.

4. A member of the Committee is disqualified to serve during the consideration of a specific question if:

(a) The member is the requester of advice concerning the question of ethics or conflict of interest, or the member is the subject of the complaint concerning the specific question; or

(b) A reasonable person in the member's situation could not exercise independent judgment on the matter in question.

5. The Committee:

(a) May hear requests brought by members of the Assembly for advice on specific questions of potential breaches of ethics and conflicts of interest; and

(b) Shall hear complaints brought by members of the Assembly and others on specific questions of alleged breaches of ethics and conflicts of interest.

6. All proceedings held to consider the character, alleged misconduct, professional competence or physical or mental health of any person by the Committee on matters of ethics or conflicts of interest are confidential unless a Legislator:

(a) Against whom a complaint is brought requests a public hearing;

(b) Discloses the content of an opinion of the Committee at any time after his or her hearing; or

(c) Discloses the content of an advisory opinion issued to him or her by the Committee.

7. A complaint which alleges a breach of ethics or a conflict of interest must be:

(a) Made in writing on a form provided by the Chief Clerk of the Assembly;

(b) Signed and verified under penalty of perjury by the person making the allegation; and

(c) Filed with the Chair of the Committee or, if the Chair is the subject of the complaint, with the Vice Chair. The Chair or Vice Chair, as appropriate, shall send a copy of the complaint, within 24 hours after receiving it, to the Legislator against whom the complaint is brought.

8. In determining whether a Legislator has a conflict of interest, the Legislator should consider whether the independence of judgment of a

reasonable person in his or her situation upon the matter in question would be materially affected by the Legislator's:

(a) Acceptance of a gift or loan;

(b) Private economic interest; or

(c) Commitment to a member of his or her household or immediate family.

➥ In interpreting and applying the provisions of this subsection, it must be presumed that the independence of judgment of a reasonable person in the Legislator's situation would not be materially affected by the Legislator's private economic interest or the Legislator's commitment to a member of his or her household or immediate family where the resulting benefit or detriment accruing to the Legislator, or if the Legislator has a commitment to a member of his or her household or immediate family, accruing to those other persons, is not greater than that accruing to any other member of the general business, profession, occupation or group that is affected by the matter.

9. Except as otherwise provided in subsection 10, if a Legislator knows he or she has a conflict of interest pursuant to subsection 8, the Legislator shall make a disclosure of the conflict of interest on the record in a meeting of a committee or on the floor of the Assembly, as applicable. Such a disclosure must be entered:

(a) If the Legislator makes the disclosure in a meeting of a committee, in the minutes for that meeting.

(b) If the Legislator makes the disclosure on the floor of the Assembly, in the Journal.

10. If, on one or more prior occasions during the current session of the Legislature, a Legislator has made a general disclosure of a conflict of interest on the record in a meeting of a committee or on the floor of the Assembly, the Legislator is not required to make that general disclosure at length again regarding the same conflict of interest if, when the matter in question arises on subsequent occasions, the Legislator makes a reference on the record to the previous disclosure.

11. In determining whether to abstain from voting upon, advocating or opposing a matter concerning which a Legislator has a conflict of interest pursuant to subsection 8, the Legislator should consider whether:

(a) The conflict impedes his or her independence of judgment; and

(b) His or her interest is greater than the interests of an entire class of persons similarly situated.

12. The provisions of this Rule do not under any circumstances and regardless of any conflict of interest:

(a) Prohibit a Legislator from requesting or introducing a legislative measure; or

(b) Require a Legislator to take any particular action before or while requesting or introducing a legislative measure.

13. If a Legislator who is a member of a committee declares on the record when a vote is to be taken by the committee that he or she will abstain from voting because of the requirements of this Rule, the necessary quorum to act upon and the number of votes necessary to act upon the matter is reduced as though the Legislator abstaining were not a member of the committee.

14. Except as otherwise provided in the Joint Standing Rules, the standards and procedures set forth in this Rule which govern whether and to what extent a member of the Assembly has a conflict of interest, should disclose a conflict of interest or should abstain from voting upon, advocating or opposing a matter concerning which the member has a conflict of interest pursuant to subsection 8:

(a) Are exclusive and are the only standards and procedures that apply to members of the Assembly with regard to such matters; and

(b) Supersede and preempt all other standards and procedures with regard to such matters.

15. For purposes of this Rule, "immediate family" means a person who is related to the Legislator by blood, adoption or marriage within the first degree of consanguinity or affinity.

[Statutes of Nevada 1977, 1706; A 1987, 2325, 2336; 1995, 2847; 1997, 3540; 2009, 3143; 2011, 3794]

The next rule is 30.

IV. QUORUM, VOTING, ELECTIONS

Rule No. 30. Manner of Voting.

1. The presiding officer shall declare all votes, but the yeas and nays must be taken when called for by three members present, and the names of those calling for the yeas and nays must be entered in the Journal by the Chief Clerk.

2. The presiding officer shall call for yeas and nays by a division or by a roll call, either electronic or oral.

3. When taking the yeas and nays on any question, the electronic roll call system may be used, and when so used shall have the force and effect of any roll call under these rules.

4. When taking the yeas and nays by oral roll call, the Chief Clerk shall take the names of members alphabetically, except that the Speaker's name must be called last.

5. The electronic roll call system may be used to determine the presence of a quorum.

6. The yeas and nays must not be taken with the electronic roll call system until all members present are at their desks. The presiding officer may vote at the rostrum.

7. Only a member who:

(a) Has been certified by the Committee on Legislative Operations and Elections or a special committee of the Assembly; and

(b) Is physically present within the Assembly Chambers,

➥ may cast a vote in the Assembly.

8. A member shall not vote for another member on any roll call, either electronic or oral. Any member who votes for another member may be punished in any manner deemed appropriate by the Assembly.

[Statutes of Nevada 1975, 1879; A 1995, 2848; 1997, 3542; 1999, 3837; 2001, 3298; 2005, 2927; 2011, 3796]

1. A member shall vote on all questions that come before the body unless the member:

(a) Is excused; or

(b) Makes a full and complete disclosure of a conflict pursuant to Assembly Standing Rule No. 23.

2. A member found guilty by the House of a breach of this Rule shall not vote or speak on the floor, except to explain and apologize for the breach, until the member has made satisfaction to the House for the breach.

[Statutes of Nevada 2011, 3797]

2. The Chief Clerk shall maintain a list of bills recommended for the Consent Calendar. The list must be printed in the Daily History and must include the summary of each bill, and the date the bill is scheduled for consideration on final passage.

3. At any time before the presiding officer calls for a vote on the passage of the Consent Calendar, a member may give written notice to the Chief Clerk or state orally from the floor of the Assembly in session that he or she requests the removal of a particular bill from the Consent Calendar.

If a member so requests, the Chief Clerk shall remove the bill from the Consent Calendar and transfer it to the Second Reading File. A bill removed from the Consent Calendar may not be restored to that Calendar.

4. During floor consideration of the Consent Calendar, members may ask questions and offer explanations relating to the respective bills.

5. When the Consent Calendar is brought to a vote, the bills remaining on the Consent Calendar must be read by number and summary and the vote must be taken on their final passage as a group.

[Statutes of Nevada 1977, 1660; A 1987, 2328; 1997, 3552; 1999, 3845; 2001, 3305]

Rule No. 112. Reserved.

Rule No. 113. General File.

1. All bills and joint resolutions reported to the Assembly, by the Committee of the Whole, a standing committee, a conference committee or a special committee, after receiving their second readings must be placed upon the General File, to be kept by the Chief Clerk. The Chief Clerk shall post a daily statement of the bills on the General File. The Chief Clerk shall likewise post notices of special orders as made.

2. A member who moves to amend a bill or joint resolution during its third reading must limit his or her remarks to an explanation of the amendment. If the member desires to speak on the importance of the amendment, the member must request permission to speak under Order of Business 15 of Assembly Standing Rule No. 120.

3. A member who speaks on third reading regarding the final passage of a bill, joint resolution or initiative petition must limit his or her remarks to an explanation of the bill, joint resolution or initiative petition. If the member desires to speak on the importance of the bill, joint resolution or initiative petition, the member must request permission to speak under Order of Business 15 of Assembly Standing Rule No. 120.

[Statutes of Nevada 1973, 1895; A 1997, 3553; 1999, 3845; 2001, 3305; 2009, 3154; 2011, 3810]

Rule No. 114. Reserved.

Rule No. 115. Reconsideration of Vote on Bill.

A vote may be reconsidered on the day on which the final vote was taken by a member voting with the prevailing party. There may be no reconsideration of a vote on a motion to indefinitely postpone. Motions to reconsider a vote upon amendments to any pending question may be made at once.

[Statutes of Nevada 1973, 1895; A 1999, 3845; 2009, 3155, 3279; 2011, 3810]

Rule No. 116. Vetoed Bills.

1. Bills that have passed both Houses of the Legislature and are transmitted to the Assembly accompanied by a message or statement of the Governor's disapproval or veto of the same must:

(a) Be taken up and considered immediately upon the coming in of the message transmitting the same; or

(b) Become the subject of a special order.

2. When the message is received, or if made a special order, when the special order is called, the said message or statement must be read together with the bill or bills so disapproved or vetoed. The message and bill must be read by the Chief Clerk without interruption, consecutively, one following the other, and not upon separate occasions. No such bill or message may be referred to any committee, or otherwise acted upon save as provided by law and custom; that is to say, that immediately following such reading the only question, except as hereinafter stated, which may be put by the Speaker is, "Shall the bill pass, notwithstanding the objections of the Governor?" It shall not be in order, at any time, to vote upon such a vetoed bill unless the same shall first have been read, from the first word of its title to and including the last word of its final section. No motion may be entertained after the Speaker has stated the question, save a motion to adjourn or a motion for the previous question, but the merits of the bill itself may be debated. The message or statement containing the objections of the Governor to the bill must be entered in the Journal of the Assembly.

ANTI-HARASSMENT POLICY

Rule No. 20. Maintenance of Working Environment; Procedure for Filing, Investigating and Taking Remedial Action on Complaints.

1. The Legislature hereby declares that it is the policy of the Legislature to prohibit any conduct, whether intentional or unintentional, which results in sexual harassment or other unlawful harassment based upon any other protected category. The Legislature intends to maintain a working environment which is free from sexual harassment and other unlawful harassment. Each Legislator is responsible to conduct himself or herself in a manner which will ensure that others are able to work in such an environment.

2. In accordance with Title VII of the Civil Rights Act, for the purposes of this Rule, "sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of a person's employment;

(b) Submission to or rejection of such conduct by a person is used as the basis for employment decisions affecting the person; or

(c) Such conduct has the purpose or effect of unreasonably interfering with a person's work performance or creating an intimidating, hostile or offensive working environment.

3. Each Legislator must exercise his or her own good judgment to avoid engaging in conduct that may be perceived by others as sexual harassment. The following noninclusive list provides illustrations of conduct that the Legislature deems to be inappropriate:

(a) Verbal conduct such as epithets, derogatory comments, slurs or unwanted sexual advances, invitations or comments;

(b) Visual conduct such as derogatory posters, photography, cartoons, drawings or gestures;

(c) Physical conduct such as unwanted touching, blocking normal movement or interfering with the work directed at a person because of his or her sex; and

(d) Threats and demands to submit to sexual requests to keep a person's job or avoid some other loss, and offers of employment benefits in return for sexual favors.

4. Retaliation against a person for engaging in protected activity is prohibited. Retaliation occurs when an adverse action is taken against a

person which is reasonably likely to deter the person from engaging in the protected activity. Protected activity includes, without limitation:

(a) Opposing conduct that the person reasonably believes constitutes sexual harassment or other unlawful harassment;

(b) Filing a complaint about the conduct; or

(c) Testifying, assisting or participating in any manner in an investigation or other proceeding related to a complaint of sexual harassment or other unlawful harassment.

5. A Legislator who encounters conduct that the Legislator believes is sexual harassment, other unlawful harassment, retaliation or otherwise inconsistent with this policy may file a written complaint with:

(a) The Speaker of the Assembly;

(b) The Majority Leader of the Senate; or

(c) The Director of the Legislative Counsel Bureau, if the complaint involves the conduct of the Speaker of the Assembly or the Majority Leader of the Senate.

➥ The complaint must include the details of the incident or incidents, the names of the persons involved and the names of any witnesses.

6. The Speaker of the Assembly, the Majority Leader of the Senate or the Director of the Legislative Counsel Bureau, as appropriate, shall cause a discreet and impartial investigation to be conducted and may, when deemed necessary and appropriate, assign the complaint to a committee consisting of Legislators of the appropriate House.

7. If the investigation reveals that sexual harassment, other unlawful harassment, retaliation or other conduct in violation of this policy has occurred, appropriate disciplinary or remedial action, or both will be taken. The appropriate persons will be informed when any such action is taken. The Legislature will also take any action necessary to deter any future harassment.

8. The Legislature encourages a Legislator to report any incident of sexual harassment, other unlawful harassment, retaliation or other conduct inconsistent with this policy immediately so that the complaint can be quickly and fairly resolved.

9. All Legislators are responsible for adhering to the provisions of this policy. The prohibitions against engaging in sexual harassment and other unlawful harassment which are set forth in this Rule apply to employees, Legislators, lobbyists, vendors, contractors, customers and any other visitors to the Legislature.

10. This policy does not create any enforceable legal rights in any person.
