385.3762 1. On or before August 15 of each year, the Department shall determine whether each school district is making adequate yearly progress, as defined by the State Board pursuant to NRS 385.361. The pupils who are enrolled in a charter school, if any, located within a school district must not be included in the determination made for that school district. The determination made for each school district must be based only upon the information and data for those pupils who were enrolled in the school district for a full academic year, regardless of whether those pupils attended more than one school within the school district for that academic year.

2. Except as otherwise provided in this subsection, the Department shall determine that a school district has failed to make adequate yearly progress if any group of pupils identified in paragraph (b) of subsection 1 of NRS 385.361 who are enrolled in the school district does not satisfy the annual measurable objectives established by the State Board pursuant to that section. To comply with 20 U.S.C. § 6311(b)(2)(I) and the regulations adopted pursuant thereto, the State Board shall prescribe by regulation the conditions under which a school district shall be deemed to have made adequate yearly progress even though a group of pupils identified in paragraph (b) of subsection 1 of NRS 385.361 who are enrolled in the school district did not satisfy the annual measurable objectives of the State Board.

4. If the number of pupils in a particular group who are enrolled in a school district is insufficient to yield statistically reliable information:

(a) The Department shall not determine that the school district has failed to make adequate yearly progress pursuant to paragraph (b) of subsection 3 based solely upon that particular group.

(b) The pupils in such a group must be included in the overall count of pupils enrolled in the school district who took the examinations.

➥ The State Board shall prescribe the mechanism for determining the minimum number of pupils that must be in a group for that group to yield statistically reliable information.

4. If the name or address of the parent or child as indicated on a notice of intent to homeschool changes, the parent must, not later than 30 days after the change, file a new notice of intent to homeschool with the superintendent of schools of the school district in which the child resides.

5. A notice of intent to homeschool must include only the following:

(a) The full name, age and gender of the child;

(b) The name and address of each parent filing the notice of intent to homeschool;

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 431.

AN ACT relating to arbitration; requiring certain agreements that require arbitration of disputes arising under the agreement to include specific authorization for the arbitration; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill requires an agreement which includes a provision requiring a person to submit to arbitration any dispute arising between the parties to the agreement to include specific authorization of the provision by the person. **Section 1** further provides that an agreement which includes such a provision concerning submitting a dispute to arbitration and which fails to include specific authorization of that provision by the person is void. **Section 1 excludes a collective bargaining agreement from these new provisions.**

Existing law which governs the provisions for arbitration provided by the parties to an agreement is set forth in the Uniform Arbitration Act. (NRS 38.206-38.248) **Section 2** of this bill provides an exception to a provision of the Uniform Arbitration Act which governs the validity of an agreement to arbitrate to account for the requirement set forth in **section 1**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 597 of NRS is hereby amended by adding thereto a new section to read as follows:

1. ~~[An]~~ Except as otherwise provided in subsection 3, an agreement which includes a provision which requires a person to submit to arbitration any dispute arising between the parties to the agreement must include specific authorization for the provision which indicates that the person has affirmatively agreed to the provision.

2. If an agreement includes a provision which requires a person to submit to arbitration any dispute arising between the parties to the agreement and the agreement fails to include the specific authorization required pursuant to subsection 1, the provision is void and unenforceable.

3. The provisions of this section do not apply to an agreement that is a collective bargaining agreement. As used in this subsection, "collective bargaining" has the meaning ascribed to it in NRS 288.033.

Sec. 2. NRS 38.219 is hereby amended to read as follows:

38.219 1. An agreement contained in a record to submit to arbitration any existing or subsequent controversy arising between the parties to the agreement is valid, enforceable and irrevocable except ***as otherwise provided in section 1 of this act or*** upon a ground that exists at law or in equity for the revocation of a contract.

2. The court shall decide whether an agreement to arbitrate exists or a controversy is subject to an agreement to arbitrate.

3. An arbitrator shall decide whether a condition precedent to arbitrability has been fulfilled and whether a contract containing a valid agreement to arbitrate is enforceable.

4. If a party to a judicial proceeding challenges the existence of, or claims that a controversy is not subject to, an agreement to arbitrate, the arbitral proceeding may continue pending final resolution of the issue by the court, unless the court otherwise orders.

Sec. 3. The amendatory provisions of this act apply only to agreements entered into or renewed on or after October 1, 2013.

Assembly Bill No. 332.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 392.

AN ACT relating to real property; revising provisions governing the exercise of the power of sale under a deed of trust with respect to abandoned residential property; **authorizing nonprofit corporations or agencies or**

political subdivisions of this State to establish land banks for certain purposes; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for a trustee under a deed of trust to exercise a power of sale on real property after a breach of an obligation or payment of debt secured by the deed of trust. Under existing law, a notice of default and election to sell real property that is subject to a deed of trust must include an affidavit setting forth certain information concerning the authority to exercise the power of sale. If the affidavit is not recorded in accordance with existing law, a court must declare void the trustee's sale and a civil action may be brought against the beneficiary, the successor in interest of the beneficiary or the trustee who did not comply with the requirement. (NRS 107.080)

Section 2 of this bill establishes the criteria to be used to determine whether real property constitutes abandoned residential property. Under **section 3** of this bill, if, at any time after recording a notice of default and election to sell and after an investigation of the property, ~~[the beneficiary or its successor in interest or the agent authorized to act on behalf of the beneficiary or its successor in interest]~~ **a private process server hired by the beneficiary** determines that the property constitutes abandoned residential property, the beneficiary ~~[, successor or agent]~~ may record an affidavit setting forth the circumstances and conditions supporting the determination that the property is abandoned residential property. **Section 3 authorizes the private process server to charge the beneficiary a fee of not more than $120 for determining whether property is abandoned residential property.** If ~~[such]~~ an **abandoned residential property** affidavit is recorded: (1) the beneficiary or its successor in interest or the agent authorized to act on behalf of the beneficiary or its successor in interest must provide certain notice of the affidavit; and (2) the grantor of the deed of trust, the successor in interest of the grantor or the person who holds title of record may cause the affidavit to be deemed to be withdrawn by recording an affidavit declaring that the property is not abandoned residential property and setting forth the circumstances and conditions supporting the withdrawal determination. Under **sections 3 and 4** of this bill, if ~~[an affidavit indicating that property is abandoned residential property is recorded and not withdrawn and]~~ the purchaser of ~~[the]~~ **abandoned residential** property at ~~[the]~~ **a** trustee's sale occupies the property as owner-occupied housing or sells the property to **a land bank established by a nonprofit corporation or an agency or political subdivision of this State or to** a person who occupies the property as owner-occupied housing: (1) the trustee's sale may not be declared void on the ground that the affidavit of authority to exercise the power of sale required by existing law was not recorded or is defective; and

(2) a civil action may not be brought for a failure to comply with certain requirements governing the exercise of the power of sale.

AN ACT relating to state financial administration; requiring ~~[each state agency which approves an abatement of taxes or other incentive for economic development]~~ **the Office of Economic Development and the Office of Energy each** periodically to conduct an analysis of the costs and benefits of ~~[the]~~ **an approved abatement of taxes or other** incentive **for economic development** and report the results of its analysis to the Chief of the Budget Division of the Department of Administration; requiring that the results of the ~~[analysis,]~~ **analyses,** as so reported, be included in the proposed state budget; **revising the required contents of a report of certain abatements from taxation which must be submitted to the Legislature; revising the factors which must be considered in the evaluation of an application for a partial abatement of certain taxes;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Various provisions of existing law provide for the approval by state agencies of tax abatements and other incentives for economic development. (NRS 274.310, 274.320, 274.330, 360.750, 361.0687, 374.357, 701A.210) **Section 1** of this bill requires ~~[each state agency which approves such an incentive, including, without limitation,]~~ the Office of Economic Development ~~[,]~~ **and the Office of Energy each** periodically to conduct an analysis of the costs and benefits of the incentives in effect during the immediately preceding 2 fiscal years ~~[, in accordance with a methodology prescribed by]~~ **and report to** the Chief of the Budget Division of the Department of Administration ~~[, and report to the Chief]~~ concerning the results of the ~~[agency's]~~ analysis. **Section 1** provides that any such report is a public record.

Section 3 of this bill requires that the results of ~~[each agency's analysis,]~~ **the analyses,** as reported to the Chief for the immediately preceding 2 fiscal years, be included as part of the proposed state budget for each biennium.

Existing law requires the Office of Economic Development periodically to prepare and submit for the Legislature a report concerning certain abatements from taxation. (NRS 231.0685) Section 3.3 of this bill revises the period covered by and information to be included in the report.

Existing law requires the Office of Economic Development to adopt regulations relating to the minimum level of benefits that certain businesses applying for a partial abatement of certain taxes must provide to employees. (NRS 360.750) Section 3.7 of this bill revises these provisions to apply solely to health care benefits.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 391.

AN ACT relating to gaming; **revising provisions governing the taxation of gaming;** providing certain restrictions governing restricted licenses to operate gaming; **revising provisions governing the operation of race books and sports pools;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a nonrestricted gaming licensee is responsible to pay certain fees and taxes, including certain fees based on the gross revenue of the licensee. (NRS 463.370) Existing law further provides that a restricted gaming licensee and an operator of a slot machine route are required to pay certain fees and taxes. (Chapter 463 of NRS) Section 1 of this bill requires a person who controls more than 500 slot machines to pay the same fees and taxes as a person who operates a nonrestricted operation.

Existing law: (1) prohibits certain actions relating to gaming without procuring and maintaining the required licensure; and (2) provides that a single establishment may not contain more than one licensed operation unless the establishment holds a nonrestricted gaming license. (NRS 463.160, 463.245) Existing law also defines: (1) "race book" as the business of accepting pari-mutuel wager upon the outcome of an event held at a track; and (2) "sports pool" as the business of accepting wagers on sporting events by any system or method of wagering. (NRS 463.01858, 463.0193) Section 3 of this bill provides that a separate license is required for each location of a race book or sports pool, and further provides that certain activities relating to the acceptance and payment of wagers and transactions in person or through mechanical means, such as a kiosk or similar device, are considered within the operation of a race book or sports pool. Section 5 of this bill clarifies that the exception to the single license at one establishment only applies to those nonrestricted licenses at an establishment with 16 or more slot machines, at an establishment with any number of slot machines together with any other game, gaming device, race book or sports pool or for a mobile gaming system.

Existing law: (1) defines a "restricted license" as a state gaming license to operate not more than 15 slot machines at an establishment in which the operation of slot machines is incidental to the primary business of the establishment; and (2) provides that such a license may only be granted to the operator of the primary business or to a licensed operator of a slot machine route. (NRS 463.0189, 463.161) ~~[This]~~ **Section 4 of this** bill provides that **, in a county whose population is 100,000 or more (currently Clark and Washoe Counties),** a restricted license may only be granted at certain establishments if the establishment contains: (1) a minimum of 2,500 square feet of space available for patrons; (2) a permanent, physical bar; and (3) a restaurant which meets certain requirements.

Section 6 of this bill provides that the provisions of this bill prohibiting the granting of restricted licenses, unless the establishment meets certain criteria, apply prospectively to new restricted licenses issued on or after January 1, 2014. Section 6 also provides that the provisions of this bill pertaining to the licensure of race books and sports pools apply to all race books, sports pools and associated equipment in existence on January 1, 2014.

Amendment No. 252.

AN ACT relating to real property; revising provisions governing the mediation and arbitration of certain claims involving certain residential property; ~~[revising provisions governing persons who collect past due obligations owed to an association; authorizing the Commissioner of Financial Institutions to interpret certain provisions of law and regulations governing the collection of past due obligations owed to an association;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law ~~[requires]~~ **provides** that certain civil actions relating to residential property cannot be commenced in any court in this State unless the action has been submitted to mediation or arbitration. (NRS 38.310) Such a civil action must be submitted to mediation or arbitration by filing a written claim with the Real Estate Division of the Department of Business and Industry, and the written claim and required written answer must be accompanied by a reasonable fee as determined by the Division (NRS 38.320) **Section 4** of this bill removes the ~~[option]~~ **requirement** of submitting such a civil action to arbitration, and **instead** requires the civil action to be submitted to mediation or **, if the parties agree, to** a program established by the Division under which a person such as a referee or hearing officer renders decisions on certain claims. **Section 1** of this bill sets forth certain procedures concerning such a program. **Section 5** of this bill applies the requirement regarding a written claim being filed with the Division to a civil action submitted to such a program. **Section 5** also specifies that the fee which must accompany a written claim and written answer filed with the Division is ~~[$25.]~~ **$50. Section 6 of this bill provides that before commencing a civil action, the parties named in the claim may agree to arbitration if the parties have participated in mediation in which an agreement was not obtained or if a written decision and award have been issued pursuant to the referee program. Section 6 also: (1) provides that such arbitration is nonbinding unless the parties agree in writing to**

binding arbitration; and (2) specifies that the cost of such arbitration must not exceed $300 per hour.

Existing law also sets forth the procedure for mediation when a written claim is submitted to mediation. (NRS 38.330) **Section 6** ~~[of this bill]~~ requires that: (1) mediation be completed within 60 days after the filing of the written ~~[answer;]~~ **claim;** (2) **mediation** not exceed 3 hours, unless the parties ~~[and the mediator]~~ agree to an extension of such time; ~~[and]~~ (3) ~~[if an agreement is not obtained through mediation, the mediator, within 20 days after the conclusion of mediation, prepare and issue a report containing certain information to the parties and the Division. Section 6 also provides that generally, the parties are responsible for the cost of mediation, which must not exceed $300. Each party must pay $150 as his or her portion of the fee for a mediator, but the Division may provide to a unit's owner a reimbursement of his or her portion of the fee for a mediator in certain circumstances. Additionally, if an association does not pay its portion of the fee, then: (1) the owner of the residential property is provided a refund; and (2) the Division must issue a letter to the parties which provides that mediation has been completed. Section 6 further provides that a party may commence a civil action based upon any claim which was subject to mediation within 60 days after receipt of the report of the mediator or the letter from the Division, and that each party is required to pay its own costs and attorney's fees incurred in the mediation.~~

~~Existing law further requires the Division to establish and maintain a list of mediators who are available for the mediation of claims and who, as determined by the Division, have received certain training and experience in mediation and in the resolution of disputes concerning associations. (NRS 38.340) Section 7 of this bill provides that before the Division includes a mediator on such a list, the Division may require the mediator to receive 4 hours of training relating to mediation and the resolution of disputes concerning associations.~~

~~Section 18 of this bill provides that notwithstanding any other provision of law, the Commissioner of Financial Institutions is authorized to interpret the provisions of existing law governing the collection of any past due obligation owed to a homeowner's association.~~] **the cost of mediation not exceed $500 for 3 hours; (4) if the parties agree to extend mediation beyond 3 hours, the fee for the additional hours not exceed $200 per hour; and (5) each party, not later than 5 days before mediation is scheduled to be conducted, submit to the mediator a written statement which sets forth the issues in dispute.**

Assembly Bill No. 382.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 442.

AN ACT relating to cities; authorizing the governing bodies of certain cities to impose a fee on the construction of a structure or the grading of land for certain purposes; authorizing, ratifying, approving and confirming certain ordinances enacted by Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas which impose such a fee; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law allows the board of county commissioners in a county whose population is 700,000 or more (currently Clark County) and which is home to an endangered or threatened species to enact an ordinance to impose a fee on the construction of a structure or the grading of land in the unincorporated areas of the county. The money collected from the fee is deposited into an enterprise fund and used to fund an area or zone for the preservation of the endangered or threatened species or subspecies. (NRS 244.386) **Section ~~[2]~~ 2.3** of this bill allows the governing body of a city to impose the fee if the county in which the city is located has created such an enterprise fund. **Section 2.5 of this bill authorizes the governing body of a city that has imposed the fee and in which exists an endangered or threatened species to: (1) take measures necessary to conserve the endangered or threatened species and to deposit the fee in an enterprise fund managed by the city; and (2) use the money in the fund to pay for measures taken to conserve the endangered or threatened species. Section 2.5 also provides that the governing body may not take such actions if those actions conflict with an agreement for the administration and management of any area established for the conservation, protection, restoration and propagation of species of native fish, wildlife and other fauna which are threatened with extinction. Section 5** of this bill retroactively authorizes Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas to impose such a fee, thereby validating any such fee which was previously imposed by any of those cities. (*See Harris v. City of Reno*, 81 Nev. 256, 259-60 (1965))

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The Legislature hereby finds and declares:

1. Clark County, Boulder City, and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas have obtained a permit under 16 U.S.C. § 1539(a) for the incidental taking of the desert tortoise (*Gopherus agassizii*), a species listed as "threatened" pursuant to the federal Endangered Species Act, 16 U.S.C. § 1531 et seq.**, and other species listed as "threatened" or "endangered" pursuant to that Act.**

2. In order to maintain the permit described in subsection 1, Clark County, Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas are required to maintain a conservation zone which is supported by a fee imposed by the Board of County Commissioners of Clark County and the governing bodies of Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas on the construction of a structure or the grading of land.

3. The maintenance of the conservation zone described in subsection 2 helps ensure the preservation of all species and subspecies of plants and animals present in Clark County and thus avoid the listing of these species and subspecies pursuant to the federal Endangered Species Act, 16 U.S.C. § 1531 et seq.

4. A question has been raised with respect to the statutory or charter authority of the governing bodies of Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas to enact the following ordinances, which impose the fee described in subsection 2:

(a) Boulder City Ordinances No. 859 (October 24, 1989), No. 891 (June 11, 1991) and No. 1130 (October 10, 2000);

(b) City of Henderson Ordinances No. 1145 (October 3, 1989), No. 1163 (March 13, 1990), No. 1166 (April 3, 1990), No. 1256 (September 17, 1991), No. 1597 (August 1, 1995) and No. 1864 (October 6, 1998);

(c) City of Las Vegas Ordinances No. 3459 (October 18, 1989), No. 3586 (June 19, 1991), No. 3922 (August 16, 1995), No. 5268 (November 1, 2000) and No. 6135 (March 16, 2011);

(d) City of Mesquite Ordinances No. 53 (November 9, 1989) and No. 144 (July 25, 1995); and

(e) City of North Las Vegas Ordinances No. 949 (October 4, 1989), No. 1148 (July 19, 1995) and No. 1425 (September 6, 2000).

5. Through the enactment of NRS 244.386, the Legislature intended not only to authorize the Board of County Commissioners of Clark County to impose the fee described in subsection 2 in unincorporated areas of Clark County, but also to authorize the governing bodies of Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas to impose the fee described in subsection 2 within the boundaries of those cities.

6. The conservation zone would not be adequately funded if the governing bodies of Boulder City and the cities of Henderson, Las Vegas, Mesquite and North Las Vegas were prohibited from imposing the fee described in subsection 2 to fund the conservation zone or were required to refund fees they have already collected.

7. Inadequate funding for the conservation zone could result in the loss of the permit described in subsection 1 and in the listing of other species and subspecies present in Clark County as "threatened" or "endangered" pursuant to the federal Endangered Species Act, 16 U.S.C. § 1531 et seq., which would significantly inhibit economic development in Clark County and throughout the State of Nevada. This result would be detrimental to the public health, safety, convenience and welfare of the people of the State of Nevada.

8. That a general law cannot be made applicable for the provisions of this act and therefore a special act is necessary.

Sec. 2. Chapter 268 of NRS is hereby amended by adding thereto ~~[a new section to read as follows:]~~ **the provisions set forth as sections 2.3 and 2.5 of this act.**

Sec. 2.3. 1. The governing body of a city which is located in a county in which the board of county commissioners has created an enterprise fund pursuant to subsection 3 of NRS 244.386 may, by ordinance, impose a reasonable fee of not more than $550 per acre on the construction of a structure or the grading of land within the city for the expense of carrying out the provisions of subsection 1 of NRS 244.386. The fee must be collected at the same time and in the same manner as the fee for the issuance of a building permit collected pursuant to NRS 278.580.

2. ~~[If]~~ Except as otherwise provided in section 2.5 of this act, if a fee is imposed pursuant to subsection 1, the governing body of the city shall transfer the money to the county treasurer for deposit in the enterprise fund created pursuant to subsection 3 of NRS 244.386.

Sec. 2.5. 1. The governing body of a city which has imposed a fee pursuant to section 2.3 of this act and in which exists a species or subspecies that has been declared endangered or threatened pursuant to the Endangered Species Act of 1973, 16 U.S.C. § 1531 et seq., as amended, may by ordinance establish, control, manage and operate or provide money for the establishment, control, management and operation of an area or zone for the preservation of species or subspecies. In addition, the governing body of the city, in cooperation with the responsible local, state and federal agencies, may encourage in any other manner the preservation of those species or subspecies or any species or subspecies in the city which have been determined by the governing body of the city to be likely to have a significant impact upon the economy and lifestyles of the residents of the

city if listed as endangered or threatened, including the expenditure for this purpose of money collected pursuant to section 2.3 of this act. The governing body of the city may purchase, sell, exchange or lease real property, personal property, water rights, grazing permits and other interests in such property for this purpose, pursuant to such reasonable regulations as the governing body may establish. If any such property, rights or other interests are purchased from a nonprofit organization, the governing body of the city may reimburse the organization for its cost of acquisition, not to exceed its appraised value, and any interest, carrying costs, direct expenses and reasonable overhead charges.

2. If a fee is imposed pursuant to section 2.3 of this act, the governing body of the city may create an enterprise fund exclusively for fees collected pursuant to section 2.3 of this act. Any interest or other income earned on the money in the fund, after deducting any applicable charges, must be credited to the fund. The money in the fund may be used to pay the actual direct costs of the program or programs established pursuant to subsection 1.

3. The provisions of this section do not authorize the governing body of a city to take any action that conflicts with any provision of an agreement entered into pursuant to NRS 503.589.

Sec. 3. NRS 244.386 is hereby amended to read as follows:

244.386 1. The board may purchase, sell, exchange or lease real property, personal property, water rights, grazing permits and other interests in such property for this purpose, pursuant to such reasonable regulations as the board may establish. If any such property, rights or other interests are purchased from a nonprofit organization, the board of county commissioners may reimburse the

organization for its cost of acquisition, not to exceed its appraised value, and any interest, carrying costs, direct expenses and reasonable overhead charges.

2. The board of county commissioners may, by ordinance, impose a reasonable fee of not more than $550 per acre on the construction of a structure or the grading of land in the unincorporated areas of the county for the expense of carrying out the provisions of subsection 1. The fee must be collected at the same time and in the same manner as the fee for the issuance of a building permit collected pursuant to NRS 278.580.

3. 3. A local government may submit an application to increase its building permit basis by an amount greater than otherwise allowable pursuant to subsection 2 to the Nevada Tax Commission. The Nevada Tax Commission may allow the increase only if it finds that:

(a) Emergency conditions exist which impair the ability of the local government to perform the basic functions for which it was created; or

(b) The building permit basis of the local government is substantially below that of other local governments in the State and the cost of providing the services associated with the issuance of building permits in the previous fiscal year exceeded the total revenue received from building permit fees, excluding any amount of residential construction tax collected, for that fiscal year.

(e) The local government does not use any of the money in the enterprise fund for any purpose other than the actual direct and indirect costs of the program for the issuance of barricade permits, encroachment permits and building permits, including, without limitation, the cost of checking plans, issuing permits, inspecting buildings and administering the program. The Committee on Local Government Finance shall adopt regulations governing the permissible expenditures from an enterprise fund pursuant to this paragraph.

5. Any amount in an enterprise fund created pursuant to this section that is designated for special use, including, without limitation, prepaid fees and any other amount subject to a contractual agreement, must be identified as a restricted asset and must not be included as a current asset in the calculation of working capital.

6. If a balance in excess of the amount authorized pursuant to paragraph (d) of subsection 4 is maintained in an enterprise fund created pursuant to this section at the close of 2 consecutive fiscal years, the local government shall reduce the fees for barricade permits, encroachment permits and building permits it charges by an amount that is sufficient to ensure that the balance in the enterprise fund at the close of the fiscal year next following those 2 consecutive fiscal years does not exceed the amount authorized pursuant to paragraph (d) of subsection 4.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. 1. There is hereby established a pilot program in the Clark County School District and the Washoe County School District. Legislative Counsel's Digest:

Existing law authorizes counties to impose certain taxes on motor vehicle fuels and special fuels used in motor vehicles. (Chapter 373 of NRS) **Section 1** of this bill authorizes the board of county commissioners of a county whose population is 700,000 or more and in which a regional transportation commission has been created and a county tax is imposed on motor vehicle fuel (currently Clark County) to impose additional county taxes on motor vehicle fuel and various special fuels used in motor vehicles. **Section 1** also authorizes the board of county commissioners to provide for annual increases in these taxes **, for the period beginning on January 1, 2014, and ending on December 31, 2016,** in an amount equal to the lesser of: (1) a percentage established by the ordinance imposing the tax; or (2) a percentage based on historical increases in the cost of highway and street construction. **Section 1 additionally provides that for the period beginning on January 1, 2017, the increases in these taxes may not be effectuated unless a majority of the voters in the county at the general election in November 2016 authorize the board of county commissioners to continue to provide for the annual increases.**

Sections 2 and 4-11 of this bill require the administration, allocation, disbursement and use of these taxes in the same manner as certain existing fuel taxes. Additionally, **section 2** requires the annual review of these taxes by the regional transportation commission.

Section 3 of this bill applies the current exemptions from fuel taxes to the taxes authorized by this bill, other than the exemption for certain undyed special fuel which is sold or used for any purpose other than to propel a motor vehicle upon the public highways.

~~[~~The~~]~~ **Section 11.5 of this bill revises** provisions of existing law ~~[~~which exempt~~]~~ **to remove the exemption for** the sale of revenue bonds that are secured by county fuel taxes from various requirements concerning the sale of bonds by competitive bid or negotiated sale **.** ~~[~~are applicable to the sale of revenue bonds authorized by this bill. Amendment No. 476.

SUMMARY—Makes various changes concerning apprenticeships for federal recognition of the Office of the Labor Commissioner as the ~~[State Apprenticeship]~~ **Registration** Agency ~~[.]~~ **for purposes relating to apprenticeship programs and apprentices.** (BDR 53-357)

AN ACT relating to employment; making various changes concerning apprenticeships for conformity to federal regulations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal National Apprenticeship Act authorizes and directs the United States Secretary of Labor to: (1) formulate and promote the furtherance of labor standards to safeguard the welfare of apprentices; (2) encourage the

inclusion of such standards in contracts of apprenticeship; (3) bring together employers and labor for the creation of programs of apprenticeship; and (4) cooperate with state agencies in the establishment and promotion of standards of apprenticeship. (29 U.S.C. §§ 50 et seq.) In 1977, the Secretary of Labor promulgated regulations implementing the National Apprenticeship Act which placed responsibility for accomplishing those goals in the United States Department of Labor, but authorized the Department to delegate authority to administer certain portions of the regulations to states under certain circumstances where a state's apprenticeship laws conform to the federal regulations and the state's entities satisfy the requirements for recognition by the Department. (29 C.F.R. Part 29 (1977))

In 2008, the Secretary of Labor updated the federal regulations concerning apprenticeship and required participating states to conform their apprenticeship laws, regulations and policies to those federal regulations in order to continue or obtain federal recognition. (29 C.F.R. Part 29) The requirements for conformity and recognition include, among other things, certain changes in: (1) the standards for apprenticeship programs; and (2) the roles and responsibilities of administrative entities of state government responsible for apprenticeship. (29 C.F.R. §§ 29.2, 29.5, 29.13)

Existing law conforms to the federal regulations promulgated in 1977 but does not conform to those regulations promulgated in 2008. This bill makes the various changes necessary to conform the provisions of chapter 610 of NRS to the updated federal regulations to ensure continued recognition of a Nevada agency as an agency authorized to register apprenticeship programs for certain federal purposes under the National Apprenticeship Act.

SUMMARY—Revises provisions ~~[governing local regulation of the zoning and]~~ **relating to consistency in zoning ordinances with respect to certain standards and specifications for the** construction **or alteration** of public schools in certain counties. (BDR 22-274)

AN ACT relating to public schools; requiring ~~[the development and adoption of an expedited process for the approval of the zoning of public schools in certain counties; revising provisions governing local approval of~~

~~certain plans, designs and specifications concerning~~ **consistency in zoning ordinances with respect to certain standards and specifications for** the construction **or alteration** of public schools in certain counties; **requiring the approval of the board of trustees of the school district of such standards and specifications;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law creates in each county whose population is 100,000 or more but less than 700,000 (currently Washoe County) a regional planning commission and a governing board for regional planning. The commission is responsible for developing, and the board is responsible for adopting, a comprehensive regional plan for the physical development and orderly management of the growth of the county. (NRS 278.0262, 278.0264, 278.0272, 278.0276) Existing law also provides that the master plan of a local government in such a county must conform with the comprehensive regional plan and that any ordinance or regulation relating to zoning adopted by the local government must conform with the master plan. (NRS 278.028, 278.0284) Section 1 of this bill provides that, in such a county, the comprehensive regional plan must include an expedited process for the approval of the zoning of public schools. The inclusion of the expedited process in the comprehensive regional plan effectively will require conforming amendments to the zoning ordinances or regulations of local governments. Section 3 of this bill requires consultation among certain regional and local entities regarding the development and adoption of the expedited process for the approval of the zoning of public schools in Washoe County.~~

Existing law ~~[further]~~ provides that in a county whose population is less than 700,000 (currently all counties other than Clark County), certain plans, designs and specifications for the erection of any new school building or for any addition to or alteration of an existing school building must be submitted by the board of trustees of the school district to the building department of the county or other appropriate local government for approval. (NRS 393.110) **Section ~~[2]~~ 1.3** of this bill ~~[provides that such plans, designs and specifications shall be deemed to satisfy similar county or local building requirements if they comply with the least restrictive requirements which govern the height of buildings, building setback, landscaping, parking and lighting and which: (1) are applicable in the county or in any local government in the county; or (2) on July 1, 2013, were applicable in the county or in any local government in the county.]~~ **requires that in a county whose population is 100,000 or more but less than 700,000 (currently Washoe County), the standards and specifications for the erection of any new school building or for any addition to or alteration of an existing**

school building in any ordinance relating to zoning adopted or amended by the governing body of the county and the governing body of any city in the county which address the height of the building, the setback of the building, the landscaping and the amount of parking space must be: (1) consistent in all such ordinances; and (2) approved by the board of trustees of the school district of that county. Section 3 of this bill requires such ordinances to be adopted on or before February 28, 2014.

SUMMARY— ~~[Enacts the Revised]~~ **Revises the** Uniform Law on Notarial Acts. (BDR 19-1)

AN ACT relating to notarial acts; ~~[enacting the Revised Uniform Law on Notarial Acts; repealing]~~ **revising** certain provisions of the Uniform Law on Notarial Acts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law contains the Uniform Law on Notarial Acts, which provides the manner in which notarial acts must be performed. (NRS 240.161-240.169) Existing law also allows the Secretary of State to appoint electronic notaries public and provides for the performance of notarial acts on electronic records by electronic notaries public. (NRS 240.181-240.206) Under existing law, to become an electronic notary public, a person must already be a notarial officer in Nevada and must successfully complete a

course of study on electronic notarization, enter into a bond, pay an application fee and take an oath. (NRS 240.192)

This bill ~~[replaces]~~ **revises various provisions of** the Uniform Law on Notarial Acts ~~[with the Revised Uniform Law on Notarial Acts (RULONA)]~~ and maintains existing law relating to the performance of notarial acts on electronic records by electronic notaries public. ~~[The RULONA defines certain standard notarial acts, including, without limitation, acknowledgment, the verification or witnessing of a signature and the certification of a copy of a record, and specifies the manner in which the act must be performed.]~~ **Sections 10 and 33** of this bill prohibit a notarial officer from performing a notarial act with respect to a record to which the officer or the officer's spouse or domestic partner is a party or in which either of them has a direct beneficial interest. ~~[Sections 11-13 of this bill require a person seeking a notarial act to appear personally before the notarial officer and require the notarial officer to identify the person based on personal knowledge, certain types of identification or the oath or affirmation of a credible witness. Section 14 of this bill allows a notarial officer to refuse to perform a notarial act if the notarial officer is not satisfied that the signature is knowingly or voluntarily made or has concern as to the competency or capacity of the person.~~

~~Sections 16-18 of this bill provide for the recognition of notarial acts performed by notarial officers in this State, in another state of the United States, under the jurisdiction of a federally recognized Indian tribe or nation, or under federal authority. Section 19 of this bill provides for the recognition of notarial acts performed in a foreign state.~~

~~Section 20 of this bill requires a notarial act to be evidenced by a certificate which satisfies certain requirements. Sections 21-25 of this bill provide the form of this certificate for certain types of notarial acts.~~**]**

Section 13 of this bill establishes a standard for determining whether a notarial officer has personal knowledge of the identity of a person appearing before the notarial officer. Section 35.3 of this bill specifically authorizes a notarial act to be performed in this State by a person authorized to perform that specific notarial act by the law of a federally recognized Indian tribe or nation. Section 35.5 of this bill revises provisions governing notarial acts performed within the jurisdiction of a foreign nation or a multinational or international organization.

Existing law provides for the operation of brew pubs and instructional wine-making facilities. (NRS 597.230, 597.245) Under existing law, facilities such as brew pubs and instructional wine-making facilities must be licensed, a fee is imposed for the license, and a person who engages in business in this State without having the appropriate permit or license for the business is guilty of a misdemeanor. (NRS 360.490, 369.180, 369.300) ~~[This]~~ **Sections 1 and 2-8 of this** bill: (1) ~~[authorizes]~~ **authorize** the operation of craft distilleries in Nevada; (2) ~~[sets]~~ **set** forth the permissible scope of operation for those craft distilleries; (3) ~~[requires]~~ **require** that the craft distilleries be licensed; and (4) ~~[imposes]~~ **impose** a licensing fee of $75.

Existing law prohibits a supplier of malt beverages, distilled spirits and wines from unilaterally terminating or refusing to continue a franchise with a wholesaler or causing a wholesaler to resign from a franchise without first establishing good cause. (NRS 597.160) Section 1.5 of this bill revises an exception to that provision so that suppliers who sell less than 2,000 rather than 2,500 barrels of malt beverage in any calendar year are excluded from that requirement.

Amendment No. 556.

SUMMARY—Revises provisions governing ~~[retail installment contracts.]~~ **trade regulations.** (BDR ~~[8-977)]~~ **52-977)**

AN ACT relating to ~~[retail installment contracts;]~~ **trade regulations; authorizing a secured party who finances the sale of motor vehicles to install certain devices in the motor vehicles which he or she finances; authorizing a lessor of motor vehicles to install certain devices in the motor vehicles which he or she leases;** revising provisions relating to retail installment contracts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 2 and 3 of this bill authorize secured parties who finance the sale of motor vehicles and lessors of motor vehicles to install devices in the motor vehicles which they finance or lease, respectively, which are used to remotely disable a motor vehicle upon breach or default of the sale or lease agreement by the debtor or lessee, as applicable.

Existing law requires certain retail installment contracts to be contained in a single document which must contain the entire agreement of the parties. (NRS 97.165) ~~[This]~~ **Section 4 of this** bill amends that requirement, commonly known as the "single document rule," to provide that it ~~[only applies to the agreement of the parties with respect to certain information relating to the total price and the terms of payment. This bill also authorizes a seller to provide to the buyer in a separate document any other disclosures not related to such information.]~~ **does not apply to the sale of a motor vehicle in which a secured party and a debtor enter into an agreement authorizing the secured party to install and use a device which is able to remotely disable the motor vehicle upon breach or default by the debtor.**

4. A debtor may not waive any of the provisions of this section.

5. The failure by a secured party to comply with any provision of this section shall be considered a deceptive trade practice in violation of NRS 598.0923, and a debtor may file a claim for relief. The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 535.

AN ACT relating to energy; authorizing the Colorado River Commission of Nevada to sell electricity and provide transmission service and distribution service to certain new customers; **requiring such a customer to purchase any balance of its capacity and electric transmission and distribution services from an electric utility that primarily serves densely populated counties; requiring certain new customers of the Commission to pay certain charges, fees and tariffs;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

In 1922, seven states, including Nevada, entered into the Colorado River Compact to allocate among the joining states the water rights to the Colorado River and its tributaries in the Colorado River Basin. The United States Congress passed the Boulder Canyon Project Act in 1928 (43 U.S.C. §§ 617 et seq.) to provide for the construction of works along the Colorado River, including the Hoover Dam, and to approve the Colorado River Compact. In 1935, the Nevada Legislature created the Colorado River Commission of Nevada and charged the Commission with securing and protecting Nevada's rights and interests in the waters of the Colorado River and in hydroelectric power generated on the Colorado River. (NRS 538.041-538.251) Various

federal laws have modified the allocation of hydroelectric power delivered from the Hoover Dam since its construction. Most recently, the United States Congress passed the Hoover Power Allocation Act of 2011 (43 U.S.C. §§ 619 et seq.), which creates a resource pool of capacity and associated firm energy for new customers in certain geographical areas of Nevada, California and Arizona that do not currently receive power from the Hoover Dam. The Act directs the Commission to allocate a certain amount of capacity and associated firm energy from the resource pool to new customers in Nevada under contracts that will become effective on October 1, 2017.

Existing Nevada law authorizes the Commission to sell electricity without being subject to the jurisdiction of the Public Utilities Commission of Nevada only to meet the existing and future electricity requirements of certain existing customers in this State. (NRS 704.787) This bill authorizes the Commission to contract with **certain** new **eligible** customers to allocate the 5 percent of capacity and associated firm energy which is available to the Commission as a resource pool for new customers pursuant to the Hoover Power Allocation Act of 2011 without subjecting the Commission to the jurisdiction of the Public Utilities Commission of Nevada. This bill prohibits the Commission from meeting the demand for electricity of any new customer that is located within the service area of an electric utility that primarily serves densely populated counties in excess of the allocation made to the customer from the resource pool of capacity and associated firm energy created pursuant to the Hoover Power Allocation Act of 2011 **[.] and requires such a new customer to purchase any balance of its capacity and electric transmission and distribution services from the electric utility. This bill further requires certain new customers to pay certain charges and fees and to account for the customer's load-share portion of any unrecovered balance in the deferred accounts of the electric utility. This bill also requires the Public Utilities Commission of Nevada to establish a just and reasonable tariff, payable to the electric utility, for the provision by the electric utility of electricity and electric distribution service to new customers of the Colorado River Commission of Nevada.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 704.787 is hereby amended to read as follows:

704.787 1. The Colorado River Commission of Nevada may **,** ***without being subject to the jurisdiction of the Public Utilities Commission of Nevada,*** sell electricity and provide transmission service or distribution service, or both, only to meet the existing and future requirements of:

The Colorado River Commission of Nevada shall not, by the sale of electricity or by the provision of any transmission service or distribution service pursuant to this paragraph, meet the demand for electricity of any customer that is located within the service area of an electric utility that primarily serves densely populated counties in excess of the allocation made to the customer from the resource pool of capacity and associated firm energy created pursuant to the Hoover Power Allocation Act of 2011, 43 U.S.C. §§ 619 et seq.***

2. ***A customer that receives an allocation of capacity and firm energy as described in paragraph (c) of subsection 1 shall, if the customer is located within the service area of an electric utility that primarily serves densely populated counties, purchase from the electric utility any necessary transmission and distribution services and any balance of capacity and energy which is not purchased pursuant to paragraph (c) of subsection 1 or generated by the customer.***

subsection 7 of NRS 704B.310 for the purpose of offsetting the customer's load-share portion of any unrecovered balance in the deferred accounts of the electric utility for the costs for purchased fuel and purchased power and for which the electric utility seeks a rate adjustment pursuant to subsections 10 and 11 of NRS 704.110.

➥ The provisions of this subsection do not apply to a customer who receives an allocation described in paragraph (c) of subsection 1 in accordance with the State Plan for Economic Development developed pursuant to NRS 231.053.

Existing law governs the qualifications and licensing of sales agents and requires a sales agent to be associated with a project broker. (NRS 119A.210-119A.237) ~~[Sections 14, 15 and 16 of this bill provide for the association of a sales agent with a time share resale broker.]~~ **Section 14 of this bill maintains the existing law requiring that a sales agent obtain a license from the Real Estate Division of the Department of Business and Industry, but** provides that a sales agent is not required to be licensed pursuant to existing law governing real estate salespersons.

(NRS 119A.120, 119A.240, 119A.260) **Section 18** of this bill maintains the existing law requiring that a representative must register with the ~~[Real Estate]~~ Division **,** ~~[of the Department of Business and Industry,]~~ but provides that a representative is not required to be licensed pursuant to existing law governing real estate salespersons. **Section 19** of this bill amends provisions setting forth the prohibited acts of representatives.

Existing law requires a developer of a time-share plan to obtain certain permits from the Administrator of the Division before selling or offering for sale any time shares in this State. Existing law requires an applicant for a public offering statement and permit to sell time shares to submit an application containing certain information. (NRS 119A.300) **Section 23** of this bill: (1) requires the applicant to include with the application a public offering statement; and (2) provides that in lieu of the information required to be included with the application, a developer of a time-share plan in which some or all of the units are located outside of this State may file an abbreviated registration. **Section 3** of this bill requires a developer to file an amended statement of record with the Division under certain circumstances. ~~[Sections 6, 26, 27 and 30 of this bill provide that a permit to sell time shares in this State is deemed approved if the Division does not take certain actions within the prescribed period.]~~ **Section 25** of this bill amends the grounds for denial of an application for a permit to sell time shares. **Section 26 of this bill amends provisions relating to the procedure for approving or denying an application for a permit to sell time shares. The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 400.

AN ACT relating to business impact statements; revising provisions governing the small business impact statements prepared by state agencies when proposing regulations; requiring a copy of those statements to be submitted to the Legislative Commission; ~~[authorizing a business to commence an action to declare a regulation void when the statement is not prepared properly;]~~ authorizing the Legislative Commission to reject a regulation if the statement is not prepared properly; revising provisions governing the business impact statement prepared by the governing body of a local government when proposing a rule; ~~[authorizing a business to commence an action to declare a rule void when the statement is not prepared properly;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a state agency subject to the Nevada Administrative Procedure Act (Chapter 233B of NRS) to determine whether a proposed regulation is likely to impose a direct and significant economic burden on small business or directly restrict the formation, operation or expansion of a small business. If so, the agency must engage in certain actions and analysis and then prepare a small business impact statement. (NRS 233B.0608) Existing law provides a similar process to determine the impact on a business when a governing body of a local government proposes to adopt a new rule. (NRS 237.080) **Section 1** of this bill requires a state agency to make a concerted effort to determine the impact of the regulation and to conduct **or cause to be conducted** an ~~[independent]~~ analysis of the likely impact of the proposed regulation on small ~~[business.]~~ **businesses. Section 6** of this bill places a similar requirement on the governing body of a local government

with respect to a proposed rule. **Section 6 also removes the rebuttable presumption that no direct or significant economic burden is imposed on a business if the governing body does not receive any data or arguments indicating such a burden.** **Section 1** further requires the director, executive head or other person responsible for the agency to sign the statement certifying that a concerted effort was made to determine the impact of the proposed regulation on a small business and that the information contained in the statement is accurate **[.]** **to the best of his or her knowledge or belief.** **Section 1** also requires a copy of the small business impact statement to be submitted to the Legislative Counsel when the adopted regulation is submitted.

Section 2 of this bill requires a state agency to include a statement of the reasons for the conclusions of the agency regarding the impact of a regulation on a small business in its small business impact statement and requires the director, executive head or other person who is responsible for the agency to sign the statement certifying that the information contained in the statement was prepared properly and is accurate **[.]** **to the best of his or her knowledge or belief.** (NRS 233B.0609) **Section 7** of this bill makes similar requirements applicable to the governing body of a local government which proposes a new rule but requires the **county manager, city manager or other** chief **[legal]** **executive** officer for the governing body to sign the business impact statement. (NRS 237.090)

Section 3 of this bill requires the Legislative Counsel to return a regulation to the agency if it is submitted without the small business impact statement which complies with the requirements for such a statement. (NRS 233B.0665) **Section 4** of this bill allows the Legislative Commission or the Subcommittee to Review Regulations to reject a regulation if it finds that the small business impact statement is inaccurate, incomplete or did not adequately consider or significantly underestimated the economic effect of the regulation on small businesses. (NRS 233B.067)

Section 5 of this bill requires a state agency that receives a petition from a business that is aggrieved by a regulation to transmit a copy of the petition to the Legislative Counsel for submission to the Legislative Commission or the Subcommittee. ~~[Section 5 further allows such a business to commence an action in court to declare the regulation void upon a determination by the court that a small business impact statement is inaccurate, incomplete or did not adequately consider or significantly underestimated the economic effect of the regulation on small businesses.]~~ (NRS 233B.105) ~~[Section 8 of this bill similarly allows a business aggrieved by a rule adopted by the governing body of a local government to commence an action in court to declare the rule void upon a determination that the business impact statement is inaccurate, incomplete or did not adequately consider or significantly~~

~~underestimated the economic effect of the regulation on business. (NRS 237.100)~~]

Assembly Bill No. 494.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 468.

AN ACT relating to the Nevada State Funeral Board; revising **the name of the Board and** provisions governing **the powers, duties and membership of** the Board ~~[and transferring its powers and duties to the Health Division of the Department of Health and Human Services;]~~ **; requiring the Board to submit certain reports to the Sunset Subcommittee of the Legislative Commission; requiring the expiration of the term of any member of the Board serving on October 1, 2013; requiring the termination of the employment of any employee of the Board employed on October 1, 2013; requiring the Board to maintain a principal office in this State; establishing a regulatory fee per funeral conducted in this State;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Nevada State Funeral Board licenses and regulates funeral directors, embalmers, apprentice embalmers, the owners of funeral establishments and certain persons who conduct cremations and burials. (Chapter 642 of NRS) The Board also licenses and regulates the operators of crematories and cemeteries, and regulates certain aspects of the operation of cemeteries. (NRS 451.635, 451.640, 452.026, 452.310-452.590)

Section ~~[6]~~ 1 of this bill renames the Board as the Nevada Funeral ~~[Advisory]~~ **and Cemetery Services** Board ~~[, and section 9 of this bill makes the Board purely advisory to the Health Division of the Department of Health and Human Services, as recommended by the Sunset Subcommittee of the Legislative Commission. Sections 7, 8, 13-80 and 84 of this bill, also upon recommendation of the Sunset Subcommittee, transfer the existing powers and duties of the Board to the Health Division, effective on January 1, 2014.~~

~~Existing law establishes certain procedural requirements for an administrative proceeding involving the holder of a license, certificate, permit or similar authorization issued by a regulatory body. (Chapter 622A of NRS) The Board is currently subject to some of those requirements, but the Health Division is entirely exempted from them unless it elects by regulation to comply with them. (NRS 622A.120, 642.075, 642.524, 642.570) Accordingly, sections 21, 59, 61 and 63-65 of this bill delete existing references to those requirements in the provisions amended by those sections. With the transfer of the Board's powers and duties to the Health Division, the result is that proceedings involving a person licensed and regulated by the Board under existing law will not be subject to those requirements after the effective date of the transfer, unless the Health Division so provides by regulation.]~~ **and revises the composition of the Board.**

Existing law requires the Board to meet at least once every year and authorizes the Board to hold special meetings if the proper discharge of

its duties requires. (NRS 642.050) Section 2 of this bill instead requires the Board to meet at least once every calendar quarter.

Existing law authorizes the Board to maintain offices in as many localities in this State as it finds necessary and to employ attorneys, investigators and other professional consultants and clerical personnel necessary to discharge its duties. (NRS 642.055) Section 3 of this bill requires the Board to: (1) maintain a principal office in this State; (2) employ an Executive Director and inspectors in addition to the personnel that the Board is required by existing law to employ; (3) maintain certain documents in its principal office; (4) establish minimum qualifications for the Executive Director, attorneys, investigators, inspectors and other employees of the Board; and (5) maintain an Internet website and post on the website the minutes of its meetings, notices and any other documents prepared by the Board for public information purposes.

Section 5 of this bill requires the Board to charge and collect a regulatory fee for each funeral conducted in this State.

Section 6 of this bill provides that the term of any current member of the Board expires on October 1, 2013, and provides for the appointment of new membership. Section 6 also provides for the termination of the employment of any person employed by the Board on October 1, 2013, and requires the employment by the Board of new staff on or before December 31, 2013.

Section 7 of this bill requires the Board to prepare and submit a written report of its activities to the Sunset Subcommittee of the Legislative Commission every 6 months until the 78th Session of the Nevada Legislature convenes.

The following amendment was proposed by Assemblyman Sprinkle:

Amendment No. 528.

AN ACT relating to rules of the road; allowing a person driving a motorcycle, moped or trimobile or riding a bicycle or an electric bicycle to proceed through an intersection against a red traffic signal in certain circumstances; specifying that a violation resulting in an injury to another person ~~[is conclusive evidence]~~ **creates a rebuttable presumption** of all facts necessary to impose civil liability for the injury under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a person driving a motorcycle or moped upon a highway or riding a bicycle or an electric bicycle upon a roadway is subject to all the duties applicable to the driver of a motor vehicle, with certain exceptions. (NRS 484B.763, 486.331) Existing law makes it unlawful for any driver, including the driver of a trimobile, to disobey the instructions of any official traffic-control device under certain conditions. (NRS 484A.080, 484B.300) Existing law also prohibits vehicular traffic from proceeding into or through an intersection that is controlled by an official traffic-control device exhibiting different colored lights when the signal is red. (NRS 484B.307) **Section 2** of this bill allows a person driving a motorcycle, moped or trimobile or riding a bicycle or an electric bicycle to proceed into an intersection against a red signal if: (1) the person stops as required by the

signal and waits for a reasonable time; (2) the signal does not change because of a malfunction or the failure of the signal to detect the presence of the motorcycle, moped, trimobile, bicycle or electric bicycle; and (3) the person yields the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection. **Section 2** also provides that, if the person commits certain violations while driving the motorcycle, moped or trimobile or riding the bicycle or electric bicycle which result in an injury to another person, the violations ~~[are conclusive evidence]~~ **create a rebuttable presumption** of all facts necessary to impose civil liability for the injury.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 484B.300 is hereby amended to read as follows:

484B.300 1. ~~[It]~~ ***Except as otherwise provided in NRS 484B.307, it*** is unlawful for any driver to disobey the instructions of any official traffic-control device placed in accordance with the provisions of chapters 484A to 484E, inclusive, of NRS, unless at the time otherwise directed by a police officer.

2. No provision of chapters 484A to 484E, inclusive, of NRS for which such devices are required may be enforced against an alleged violator if at the time and place of the alleged violation the device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular provision of chapters 484A to 484E, inclusive, of NRS does not state that such devices are required, the provision is effective even though no devices are erected or in place.

3. Whenever devices are placed in position approximately conforming to the requirements of chapters 484A to 484E, inclusive, of NRS, such devices are presumed to have been so placed by the official act or direction of a public authority, unless the contrary is established by competent evidence.

4. Any device placed pursuant to the provisions of chapters 484A to 484E, inclusive, of NRS and purporting to conform to the lawful requirements pertaining to such devices is presumed to comply with the requirements of chapters 484A to 484E, inclusive, of NRS unless the contrary is established by competent evidence.

5. A person who violates any provision of subsection 1 may be subject to the additional penalty set forth in NRS 484B.130.

Sec. 2. NRS 484B.307 is hereby amended to read as follows:

484B.307 1. Whenever traffic is controlled by official traffic-control devices exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination as declared in the manual and specifications adopted by the Department of Transportation, only the colors green, yellow and red may be used, except for special pedestrian-control

devices carrying a word legend as provided in NRS 484B.283. The lights, arrows and combinations thereof indicate and apply to drivers of vehicles and pedestrians as provided in this section.

2. When the signal is circular green alone:

(a) Vehicular traffic facing the signal may proceed straight through or turn right or left unless another device at the place prohibits either or both such turns. Such vehicular traffic, including vehicles turning right or left, must yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

(b) Pedestrians facing such a signal may proceed across the highway within any marked or unmarked crosswalk, unless directed otherwise by another device as provided in NRS 484B.283.

3. Where the signal is circular green with a green turn arrow:

(a) Vehicular traffic facing the signal may proceed to make the movement indicated by the green turn arrow or such other movement as is permitted by the circular green signal, but the traffic must yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection at the time the signal is exhibited. Drivers turning in the direction of the arrow when displayed with the circular green are thereby advised that so long as a turn arrow is illuminated, oncoming or opposing traffic simultaneously faces a steady red signal.

(b) Pedestrians facing such a signal may proceed across the highway within any marked or unmarked crosswalk, unless directed otherwise by another device as provided in NRS 484B.283.

4. Where the signal is a green turn arrow alone:

(a) Vehicular traffic facing the signal may proceed only in the direction indicated by the arrow signal so long as the arrow is illuminated, but the traffic must yield the right-of-way to pedestrians lawfully within the adjacent crosswalk and to other traffic lawfully using the intersection.

(b) Pedestrians facing such a signal shall not enter the highway until permitted to proceed by another device as provided in NRS 484B.283.

5. Where the signal is a green straight-through arrow alone:

(a) Vehicular traffic facing the signal may proceed straight through, but must not turn right or left. Such vehicular traffic must yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

(b) Pedestrians facing such a signal may proceed across the highway within the appropriate marked or unmarked crosswalk, unless directed otherwise by another device as provided in NRS 484B.283.

6. Where the signal is a steady yellow signal alone:

(a) Vehicular traffic facing the signal is thereby warned that the related green movement is being terminated or that a steady red indication will be

exhibited immediately thereafter, and such vehicular traffic must not enter the intersection when the red signal is exhibited.

(b) Pedestrians facing such a signal, unless otherwise directed by another device as provided in NRS 484B.283, are thereby advised that there is insufficient time to cross the highway.

7. Where the signal is a steady red signal alone:

(a) Vehicular traffic facing the signal must stop before entering the crosswalk on the nearest side of the intersection where the sign or pavement marking indicates where the stop must be made, or in the absence of any such crosswalk, sign or marking, then before entering the intersection, and, except as ***otherwise*** provided in ~~[paragraph (c),]~~ ***paragraphs (c) and (d),*** must remain stopped or standing until the green signal is shown.

(b) Pedestrians facing such a signal shall not enter the highway, unless permitted to proceed by another device as provided in NRS 484B.283.

(c) After complying with the requirement to stop, vehicular traffic facing such a signal and situated on the extreme right of the highway may proceed into the intersection for a right turn only when the intersecting highway is two-directional or one-way to the right, or vehicular traffic facing such a signal and situated on the extreme left of a one-way highway may proceed into the intersection for a left turn only when the intersecting highway is one-way to the left, but must yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection.

(d) ***After complying with the requirement to stop, a person driving a motorcycle, moped or trimobile or riding a bicycle or an electric bicycle may proceed straight through or turn right or left if:***

(1) The person waits for two complete cycles of the lights or lighted arrows of the applicable official traffic-control device and the signal does not change because of a malfunction or because the signal failed to detect the presence of the motorcycle, moped, trimobile, bicycle or electric bicycle;

(2) No other device at the place prohibits either or both such turns, if applicable; and

(3) The person yields the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection.

(e) Vehicular traffic facing the signal may not proceed on or through any private or public property to enter the intersecting street where traffic is not facing a red signal to avoid the red signal.

8. Where the signal is a steady red with a green turn arrow:

(a) ~~[Vehicular]~~ ***Except as otherwise provided in paragraph (b), vehicular*** traffic facing the signal may enter the intersection only to make the movement indicated by the green turn arrow, but must yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. Drivers turning in the direction of the arrow

are thereby advised that so long as the turn arrow is illuminated, oncoming or opposing traffic simultaneously faces a steady red signal.

(b) ***A person driving a motorcycle, moped or trimobile or riding a bicycle or an electric bicycle facing the signal may proceed straight through or turn in the direction opposite that indicated by the green turn arrow if:***

(1) The person stops before entering the crosswalk on the nearest side of the intersection where the sign or pavement marking indicates where the stop must be made or, in the absence of any such crosswalk, sign or marking, before entering the intersection;

(2) The person waits for two complete cycles of the lights or lighted arrows of the applicable official traffic-control device and the signal does not change because of a malfunction or because the signal failed to detect the presence of the motorcycle, moped, trimobile, bicycle or electric bicycle;

(3) No other device at the place prohibits the turn, if applicable; and

(4) The person yields the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

(c) Pedestrians facing such a signal shall not enter the highway, unless permitted to proceed by another device as provided in NRS 484B.283.

9. ***If a person violates paragraph (d) of subsection 7 or paragraph (b) of subsection 8 and that violation results in an injury to another person, the violation*** ~~*[is conclusive evidence]*~~ ***creates a rebuttable presumption of all facts necessary to impose civil liability for the injury.***

10. If a signal is erected and maintained at a place other than an intersection, the provisions of this section are applicable except as to those provisions which by their nature can have no application. Any stop required must be made at a sign or pavement marking indicating where the stop must be made, but in the absence of any such device the stop must be made at the signal.

~~[10.]~~ ***11.*** Whenever signals are placed over the individual lanes of a highway, the signals indicate, and apply to drivers of vehicles, as follows:

(a) A downward-pointing green arrow means that a driver facing the signal may drive in any lane over which the green signal is shown.

(b) A red "X" symbol means a driver facing the signal must not enter or drive in any lane over which the red signal is shown.

~~[11.]~~ ***12.*** A local authority shall not adopt an ordinance or regulation or take any other action that prohibits vehicular traffic from crossing an intersection when:

(a) The red signal is exhibited; and

(b) The vehicular traffic in question had already completely entered the intersection before the red signal was exhibited. For the purposes of this paragraph, a vehicle shall be considered to have "completely entered" an intersection when all portions of the vehicle have crossed the limit line or

other point of demarcation behind which vehicular traffic must stop when a red signal is displayed.

Amendment No. 544.

AN ACT relating to school property; authorizing the board of trustees of a school district to donate surplus personal property of the school district to another school district; ~~[providing that requirements]~~ **revising provisions** relating to the ~~[establishment]~~ **duties** of oversight panels for school facilities ~~[apply only to the board of trustees of a school district in certain counties; eliminating the duty of certain boards of trustees of school districts to submit to the Legislature written recommendations for financing the costs of construction of]~~ **; revising provisions governing the submission of a biennial report to the Legislature with written recommendations for financing the costs of construction of school facilities by oversight panels for** school facilities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the board of trustees of a school district to donate surplus personal property of the school district to any charter school that is located within the school district without regard to certain notice, bidding, auction or other requirements relating to the disposal of personal property of a local government. (NRS 332.185) **Section 2** of this bill authorizes a board of trustees of a school district likewise to donate surplus personal property to other school districts in this State without regard to the notice, bidding, auction or other requirements relating to the disposal of personal property of a local government. **Section 1** of this bill authorizes a board of trustees of a school district to accept a donation of surplus personal property of another school district.

Existing law requires the board of trustees of a school district in a county whose population is 100,000 or more (currently Clark and Washoe Counties) to establish an oversight panel for school facilities. (NRS 393.092) Such an oversight panel is required to submit biennially to the Legislature written recommendations for financing school construction costs. In a county whose population is less than 100,000 (currently all counties other than Clark and

Washoe Counties), the board of trustees of the school district is required to submit biennially to the Legislature written recommendations for financing school construction costs. (NRS 393.097) Existing law also authorizes a school district to issue general obligation bonds, after obtaining the approval of the county's debt management commission, if the issuance of the bonds is not expected to result in an increase in the existing property tax levy and the electors have approved a question that authorizes the issuance of bonds for 10 years after the date of approval. (NRS 350.020) In addition to the approval of the debt management commission, in a county whose population is 100,000 or more, the school district must obtain the approval of the oversight panel for school facilities. (NRS 350.020, 393.097) ~~[Sections 3-6 of this bill provide that requirements relating to the establishment of an oversight panel for school facilities apply only to the board of trustees of a school district in a county whose population is 100,000 or more but less than 700,000 (currently Washoe County). Section 6 also eliminates the requirement for the boards of trustees of school districts to submit to the Legislature recommendations for financing school construction costs.]~~ **Section 6 of this bill provides that an oversight panel for school facilities is required to submit a biennial report to the Legislature with recommendations for financing school construction costs only if the oversight panel has approved the issuance of such general obligation bonds. The report must be submitted biennially during the period in which those bonds are outstanding.**

Section 4 of this bill revises the circumstances under which an oversight panel for school facilities is required to hold meetings.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

The governing body or its authorized representative may dispose of

As used in this subsection, "emergency" means any occurrence or combination of occurrences which requires immediate action by the governing body of the municipality to prevent or mitigate a substantial financial loss to the municipality or to enable the governing body to provide an essential service to the residents of the municipality.~~

~~3. If payment of a general obligation of the municipality is additionally secured by a pledge of gross or net revenue of a project to be financed by its issue, and the governing body determines, by an affirmative vote of two-~~

~~thirds of the members elected to the governing body, that the pledged revenue will at least equal the amount required in each year for the payment of interest and principal, without regard to any option reserved by the municipality for early redemption, the municipality may, after a public hearing, incur this general obligation without an election unless, within 90 days after publication of a resolution of intent to issue the bonds, a petition is presented to the governing body signed by not less than 5 percent of the registered voters of the municipality. Any member elected to the governing body whose authority to vote is limited by charter, statute or otherwise may vote on the determination required to be made by the governing body pursuant to this subsection. The determination by the governing body becomes conclusive on the last day for filing the petition. For the purpose of this subsection, the number of registered voters must be determined as of the close of registration for the last preceding general election. The resolution of intent need not be published in full, but the publication must include the amount of the obligation and the purpose for which it is to be incurred. Notice of the public hearing must be published at least 10 days before the day of the hearing. The publications must be made once in a newspaper of general circulation in the municipality. When published, the notice of the public hearing must be at least as large as 5 inches high by 4 inches wide.~~

~~4. The board of trustees of a school district may issue general obligation bonds which are not expected to result in an increase in the existing property tax levy for the payment of bonds of the school district without holding an election for each issuance of the bonds if the qualified electors approve a question submitted by the board of trustees that authorizes issuance of bonds for a period of 10 years after the date of approval by the voters. If the question is approved, the board of trustees of the school district may issue the bonds for a period of 10 years after the date of approval by the voters, after obtaining the approval of the debt management commission in the county in which the school district is located and, in a county whose population is 100,000 or more~~ **[**,**]** ***but less than 700,000,*** ~~the approval of the oversight panel for school facilities established pursuant to NRS 393.092 in that county, if the board of trustees of the school district finds that the existing tax for debt service will at least equal the amount required to pay the principal and interest on the outstanding general obligations of the school district and the general obligations proposed to be issued. The finding made by the board of trustees is conclusive in the absence of fraud or gross abuse of discretion. As used in this subsection, "general obligations" does not include medium-term obligations issued pursuant to NRS 350.087 to 350.095, inclusive.~~

~~5. At the time of issuance of bonds authorized pursuant to subsection 4, the board of trustees shall establish a reserve account in its debt service fund for payment of the outstanding bonds of the school district. The reserve~~

~~account must be established and maintained in an amount at least equal to the lesser of:~~

~~(a) For a school district located in a county whose population is 100,000 or more, 25 percent; and~~

~~(b) For a school district located in a county whose population is less than 100,000, 50 percent,~~

~~of the amount of principal and interest payments due on all of the outstanding bonds of the school district in the next fiscal year or 10 percent of the outstanding principal amount of the outstanding bonds of the school district.~~

~~6. If the amount in the reserve account falls below the amount required by subsection 5:~~

~~(a) The board of trustees shall not issue additional bonds pursuant to subsection 4 until the reserve account is restored to the level required by subsection 5; and~~

~~(b) The board of trustees shall apply all of the taxes levied by the school district for payment of bonds of the school district that are not needed for payment of the principal and interest on bonds of the school district in the current fiscal year to restore the reserve account to the level required pursuant to subsection 5.~~

~~7. A question presented to the voters pursuant to subsection 4 may authorize all or a portion of the revenue generated by the debt rate which is in excess of the amount required:~~

~~(a) For debt service in the current fiscal year;~~

~~(b) For other purposes related to the bonds by the instrument pursuant to which the bonds were issued; and~~

~~(c) To maintain the reserve account required pursuant to subsection 5,~~

~~to be transferred to the county school district's fund for capital projects established pursuant to NRS 387.328 and used to pay the cost of capital projects which can lawfully be paid from that fund. Any such transfer must not limit the ability of the school district to issue bonds during the period of voter authorization if the findings and approvals required by subsection 4 are obtained.~~

~~8. A municipality may issue special or medium-term obligations without an election.~~] **(Deleted by amendment.)**

Sec. 4. NRS 393.092 is hereby amended to read as follows:

393.092 1. The board of trustees of a school district in a county whose population is 100,000 or more *[but less than 700,000]* shall establish an oversight panel for school facilities, consisting of 11 members selected as follows:

(a) Six members who are elected representatives of local government, to be determined as follows:

(1) One member of the board of county commissioners appointed by a majority vote of the board of county commissioners;

(2) One member of the governing body of each incorporated city in the county, each of whom is appointed by a majority vote of the governing body of which he or she is a member; and

(3) If the membership determined pursuant to subparagraphs (1) and (2) is less than six, one additional member of the board of county commissioners appointed by a majority vote of the board of county commissioners and, if applicable, additional members of the governing bodies of incorporated cities in the county, each of whom must be appointed by a majority vote of the governing body of which he or she is a member, until six members have been appointed. If the membership determined pursuant to this paragraph would result in an unequal number of representatives among the incorporated cities, the membership of the incorporated cities on the oversight panel must be rotated and the board of county commissioners shall draw lots to determine which city or cities will be first represented, which next, and so on.

(b) Five members appointed by the board of trustees of the county school district to be determined as follows:

(1) One member who has experience in structural or civil engineering;

(2) One member who has experience in matters relating to the construction of public works projects;

(3) One member who has experience in the financing or estimation of the cost of construction projects;

(4) One member who is a representative of the gaming industry; and

2. After the initial terms, the term of each member of the oversight panel is 2 years. Members of the oversight panel are eligible for reappointment.

Assembly Bill No. 9.

Bill read third time.

Remarks by Assemblyman Daly.

ASSEMBLYMAN DALY:

Assembly Bill 9 makes various revisions to the Charter of the City of Reno. The revisions include allowing for the creation of a Charter Committee; expanding the prohibition against holding other employment or another office, which applies to the Mayor and City Council Members; providing that the general city election is to occur concurrently with the statewide general election; and providing that after the Civil Service Commission serves a final decision, a person aggrieved by that decision has 180 days in which to file a petition with the county's district court.

ASSEMBLYMAN HANSEN:

Assembly Bill 54 adopts a revised schedule of fees a justice of the peace must charge and collect on the commencement of actions, the preparation and filing of affidavits and orders, the appearance of defendants, the preparation of transcripts, and other actions in justice court.

Assembly Bill 54 requires 25 percent of the portion of these fees payable to the county treasurer to be deposited into a special account for the benefit of the justice courts in the county. The funds in the special account may only be used for the construction of additional facilities; the expansion or renovation of existing facilities; acquisition of equipment, fixtures, and furniture; equipment or staff for enhanced security; and certain other items. The bill also requires a county treasurer to, if necessary, reduce the amount deposited in the special account to ensure that the total fees paid to the county treasurer in any fiscal year are not less than the amount paid in Fiscal Year 2012-2013.

Finally, A.B. 54 authorizes a board of county commissioners to impose, by ordinance, a filing fee on the commencement of an action or the filing of an answer in justice court, to offset a portion of the cost of operating a law library in the county.

GENERAL FILE AND THIRD READING

Assembly Bill No. 168.

Bill read third time.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Assembly Bill 168 is quite a simple bill, coming from one of my favorite County Commissioners in Clark County who wanted to put a public member on one of the wildlife boards but could not do it because of the restrictions that were associated with membership on the board. So we came to the Legislature and convinced the folks of Natural Resources, Agriculture, and Mining that having a public member on this board was a good idea. I've always believed that having public members on these types of boards represents everyone in the state. So with that, Madam Speaker, I would ask the body for their support.

Remarks by Assemblyman Horne.

ASSEMBLYMAN HORNE:

Assembly Bill 172 limits the requirement that 50 percent of the design professionals working on a public work project for a bidder who received a bid preference must register their vehicles in this state to only design professionals on a design-build team. The measure eliminates the requirement that 25 percent of the suppliers of materials used for a public work project be located in Nevada; again, this is relevant to a bidder who received a preference. Only persons who submitted a bid on the public work project may file a written objection alleging a violation of the aforementioned requirements.

Assembly Bill 172 provides that a contractor is not deemed qualified to bid certain state and local public work projects if the person materially breached a public work contract costing at least $25 million within the preceding year. The measure further provides that a contractor is not deemed qualified to receive a bidder preference from the State Contractors' Board for certain state and local public work projects if the person materially breached a public work contract costing at least $5 million within the five preceding years.

Following the opening of bids, a 2-hour deadline is imposed for the submittal of an affidavit to the public body or its authorized representative certifying compliance with bid preference requirements. Any contract for such a public work that fails to comply with the provisions of this bill is void.

Assembly Bill 182 also removes the requirement for the owner of a storage facility to use the summary eviction process to evict a person who is using a storage space as a residence.

ASSEMBLYMAN HARDY:

Assembly Bill 200 allows a farm to hold a farm-to-fork event, in certain circumstances and with limited frequency, without being considered a food establishment for purposes of inspections by a health authority. A farm must register with a local health authority in order to hold a farm-to-fork event and pay a fee, although the health authority shall not conduct inspections of the farm except in certain circumstances. Prior to food being consumed, event guests must be provided, and acknowledge receipt of, a notice that indicates no inspection was conducted by a state or local health department except for butchering and processing of rabbit meat or poultry. The bill also specifies food items from such farms that qualify the farm to be exempt from the definition of "food establishment."

I rise in support of Assembly Bill 200. This provides an opportunity for farms to be able to have people come and visit and see what it is like to enjoy farm fresh food. I hope I can obtain your support.

The measure requires a public body to appoint a panel consisting of at least three but not more than seven members, a majority of whom must have experience in the construction industry, to evaluate and rank bids for a public work. After the bids have been ranked, the public body or its authorized representative must select at least two, but not more than five, of the highest-ranking applicants to interview.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 358 enacts the Uniform Deployed Parents Custody and Visitation Act and replaces Nevada's existing laws on these subjects. When a parent of a child has received military deployment orders, the bill requires the parents to communicate regarding custody and visitation issues as soon as possible, declares that no permanent custody order may be entered before or during deployment without the service member's consent, and declares that the residence of the deploying parent is not changed by reason of the deployment.

When imminent deployment is not an issue, A.B. 358 prohibits a court from using a parent's past deployment or possible future deployment itself as a negative factor in determining the best interests of the child during a custody proceeding.

The measure also establishes a procedure for parents who agree to a custody arrangement during deployment to resolve the issues out of court and, in the absence of an agreement, provides for an expedited resolution of the issues in court. It also establishes procedures for the termination of temporary custody arrangements following a service member's return from deployment.

This is a uniform act that the commissioners believed we needed for uniformity among the states, because a lot of times when a service member is deployed, the spouse may move to

another state. You may have two states with different laws affecting the relationship between that deployed parent and the child. I think A.B. 358 goes a long way towards trying to preserve that relationship between the deployed parent and the child. I want to commend my colleague from District 42 who introduced legislation on this issue last session, which I'm sure has helped many deployed parents already.

Assembly Bill No. 391.

Bill read third time.

Remarks by Assemblymen Daly, Hickey, and Carlton.

Assemblyman Oscarson declared a conflict of interest.

ASSEMBLYMAN DALY:

Assembly Bill 391 revises provisions relating to the installation of certain renewable energy systems on property owned or occupied by a public body to ensure competitive bidding requirements are followed. The measure requires a contractor or a subcontractor who enters into a contract under the Green Jobs Initiative to provide written certification to the Labor Commissioner that prevailing wages are paid as required.

Assembly Bill 391 also specifies that a cooperative association, nonprofit corporation or association, any other utility, or any entity controlled by such an organization is subject to the full jurisdiction, control, and regulation of the Public Utilities Commission of Nevada if it is operating without a certificate of public convenience and necessity; supplying services to persons other than its own members; offering services outside its service territory; qualifies as a utility outside the service territory; or has violated any other provision related to its certificate of public convenience and necessity.

ASSEMBLYMAN HICKEY:

I rise in opposition to Assembly Bill 391. A.B. 391 targets one, and one only, rural utility in our state, and I don't believe targeting a specific business or industry is good policy for us. This bill increases the cost to certain rural taxpayers by paying prevailing wages and mandating them on certain renewable energy systems, and it disregards current Nevada law and established procedures. Assembly Bill 391 would create an additional burden on rural taxpayers by mandating those things.

These are precious funds that only benefit a small portion of Nevada workers. These funds could be better used towards other priority areas in those rural areas, such as education. Assembly Bill 391 trumps the vested power in the PUC in order to enforce rules established by the Legislature for the prudent operation of utility. We should not be singling out certain businesses, and it's for those reasons that I stand in opposition to A.B. 391.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 391. With respect to the Minority Leader, I do not believe that this points out one particular co-op. Co-ops are very important to this state and they have a true meaning here. This bill just says that if you go outside of your service territory and you want to do business in the big boy's world where everybody has to compete, then you have to

play by the same rule book that everyone else has to. Currently there is one co-op out there that's spreading its wings and working outside of its service territory, but we may have more in the future. We just think it's good public policy for this state to make sure that, as I said, everyone plays by the same rule book and the people of the state are protected.

Remarks by Assemblymen Daly, Stewart, Elliot Anderson, and Kirner.

ASSEMBLYMAN DALY:

Assembly Bill 403 provides for fees to fund vocational programs. Specifically, the bill allows a school district's board of trustees to adopt an ordinance no later than January 1, 2014, imposing a fee on real property of up to $2 per month per acre or any portion thereof; provides that the fee would commence with the fiscal year beginning July 2014, could be collected for no longer than ten years, and the number of acres subject to the fee would be limited, based upon the land use; and requires that the funds collected can be used only for the design, planning, construction, and not more than two years of operational costs of a vocational program.

This measure also requires a board of trustees that imposes such a fee to establish a committee to observe the collection of the fee and the use of the proceeds and to make recommendations related to the vocational program. The committee must include the school district's superintendent of schools, the board of trustees' president, and three additional members, including one state Senator and one Assembly Member appointed by legislative leadership, who represent any portion of the school district, and one member of the public, appointed by the board of trustees, who resides in the school district.

ASSEMBLYMAN STEWART:

I appreciate the efforts of my colleague from Sparks, but I rise in opposition to this bill. It gives the board of trustees of the school districts the power to raise a property tax. I think this is a dangerous precedent to set to give a new body this taxing power, and so I would strongly urge you to vote in opposition to this.

ASSEMBLYMAN ELLIOT ANDERSON:

I think we all know what the budgetary challenges are for the school districts and everything else. Unfortunately we aren't always able to get the support to raise revenue in this body, so it's important that we allow them the ablity to take care of their needs and fund education.

ASSEMBLYMAN KIRNER:

I rise in opposition to Assembly Bill 403, and I share the sentiments of my colleague in District 22. This, in effect, is a property tax, and I believe it's inappropriate to hand over the authority to school boards and give them the ability to exert property taxes. I believe further that we confirmed this policy position in our Taxation Committee when we rejected a similar type of bill handing over, or enabling, a school board to impose a tax.

I would urge the body to think about this as another means to tax and as precedent setting in terms of passing this authority over to school boards.

A "small business" is defined as a business that employs not more than 25 persons. Loans may be made from the revolving loan account to small businesses located within the redevelopment area or persons wishing to locate or relocate a new small business in the redevelopment area per certain criteria, and the term of the loan must be five years or less. ASSEMBLYMAN HICKEY:

I, too, rise in support of A.B. 442. This bill, heard in Legislative Operations and Elections, took into account the problems that some new candidates have in being confused about the reporting requirements. Assembly Bill 460 removes the school accountability provisions contained in Chapter 385 of the *Nevada Revised Statutes* and requires Nevada's Department of Education to establish a single statewide system of accountability for all public schools and districts, regardless of their Title I status. The bill requires the new accountability system to continue to comply with the applicable requirements of federal law and sets forth certain elements that must be included in the system. It also requires the Department to monitor the impact of eliminating certain mandated supplemental services and school choice options and report to the Legislative Committee on Education during the legislative interim.

This measure also calls for the reporting of student honor code violations at the high school level and the inclusion of the information in the annual accountability reports submitted by school districts and the state Board of Education.

I'd like to extend my appreciation to Assemblywoman Swank and Assemblyman Eisen for their effort and support in helping to get this legislation through.

SECOND READING AND AMENDMENT

Assembly Bill No. 166.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 317.

SUMMARY—Revises requirements for the registration of a vehicle that is driven in Nevada by a nonresident who ~~[works]~~ **commutes to work on a regular basis** in Nevada. (BDR 43-707)

AN ACT relating to motor vehicles; revising requirements for the registration of a motor vehicle of a nonresident who is employed in this State and operates the motor vehicle on the highways of this State ~~[.]~~ **on a regular basis to commute to that employment;** requiring that such a motor vehicle comply with certain provisions; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a nonresident who is employed in this State and who owns a motor vehicle that is operated in this State must, within 30 days after commencing employment and with certain exceptions, register the motor vehicle in this State. (NRS 482.385) **Section 1** of this bill requires that ~~[a nonresident who is a natural person employed in this State and who owns]~~ **an owner of** a motor vehicle that is operated in this State **by a nonresident daily commuter** register the motor vehicle within 10 days after ~~[commencing]~~ **the nonresident daily commuter commences** employment. Such a registration would require the payment of a fee and be valid for 1 year. **Section 1** also requires such a motor vehicle to comply with the registration, insurance and emissions testing requirements, if any, of the out-of-state location where the ~~[nonresident]~~ **owner** is a resident. If the location where the ~~[nonresident]~~ **owner** is a resident does not require emissions testing, **section 1** requires such a motor vehicle to undergo emissions testing as if it were the vehicle of a Nevada resident. **For the purposes of this bill, section 1 defines "nonresident daily commuter" to mean a person who: (1) is not a Nevada resident; (2) enters and leaves the State of Nevada on a regular basis for the purpose of engaging, in this State, in a trade, profession, occupation or other gainful employment; (3) engages in such gainful employment at a location which is within the State of Nevada and not more than 30 road miles from the boundary between the State of Nevada and any of the states of Arizona, California, Idaho, Oregon and Utah; and (4) principally garages his or her commuting vehicle in a state other than Nevada.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 482 of NRS is hereby amended by adding thereto a new section to read as follows:

1. ~~[A nonresident]~~ An owner of a vehicle of a type subject to registration pursuant to the provisions of this chapter ~~[who is a natural person and engages in a trade, profession or occupation or accepts gainful employment in this State]~~ shall apply for the registration of each vehicle the person owns which is operated in this State ~~[.]~~ by a nonresident daily commuter. The person must apply for the registration of such a vehicle not later than 10 days after the date the ~~[person]~~ nonresident daily commuter first operates the vehicle in this State ~~[after the commencement of such employment.]~~ , regardless of whether the nonresident daily commuter is also the owner of the vehicle.

2. The Department shall grant an application for registration of a vehicle pursuant to subsection 1 if the ~~[nonresident owner of the vehicle:]~~ applicant:

(a) Submits proof that the vehicle has been registered for the current year in the state, country or other place of which the owner is a resident;

(b) Submits proof that the vehicle is currently insured in compliance with the laws of the state, country or other place of which the owner is a resident;

(c) Submits proof that the vehicle has been tested for emissions in compliance with the laws of the state, country or other place of which the owner is a resident or, if the place where the owner is a resident does not require the testing of the emissions of motor vehicles, complies with the provisions of NRS 445B.700 to 445B.815, inclusive, and the regulations adopted pursuant thereto for the vehicle as if the vehicle were required to comply with those provisions; and

(d) Pays a fee of ~~[$150. The owner must pay a fee of $150]~~ $33 for each vehicle the owner registers pursuant to this section.

3. The Department shall issue to ~~[a nonresident]~~ an owner who registers a vehicle pursuant to this section an indicator for the registered vehicle that indicates the vehicle is operated by a nonresident daily commuter. The indicator must be displayed on the registered vehicle when the registered vehicle is operated in this State ~~[. The]~~ by a nonresident daily commuter. An indicator issued pursuant to this subsection is issued for a specific vehicle, is nontransferable and expires 1 year after the date of issuance.

4. All fees paid pursuant to subsection 2 must be deposited with the State Treasurer for credit to the State Highway Fund and expended pursuant to subsection 2 of NRS 408.235.

5. A person who violates the provisions of this section is guilty of a misdemeanor and shall be punished:

(a) For the first offense, by a fine of not more than ~~[$300.]~~ $100.

(b) For the second and each subsequent offense, by a fine of not more than $500.

➥ The failure of a person to comply with the provisions of this section for each vehicle to which this section applies constitutes a separate offense.

6. ~~[A]~~ If an owner of a vehicle that is required to be registered pursuant to this section fails to register the vehicle pursuant to this section, the owner or operator of the vehicle may be cited for a violation of this section regardless of whether it is in operation or is parked on a highway, in a public parking lot or on private property which is open to the public if, after communicating with the owner or operator of the vehicle, the peace officer issuing the citation determines that the vehicle is required to be registered pursuant to subsection 1 ~~[.]~~ and that the owner has failed to register the vehicle pursuant to subsection 1. As used in this subsection, "peace officer" includes a constable.

7. The Department may adopt such regulations as are necessary to carry out the provisions of this section ~~[.]~~ , including, without limitation, adopting by regulation a definition of "on a regular basis" for the purpose of subsection 8.

AN ACT relating to motor vehicles; providing for the issuance of special indicia of the registration of a motor vehicle to a seasonal resident; modifying the provisions pertaining to the issuance of an identification card to a seasonal resident; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "seasonal resident," in relevant part, as a person who is not a resident of the State of Nevada but who temporarily resides in this State for a period of at least 31 consecutive days in each calendar year, returns to his or her state of residence at least once in each calendar year, is registered to vote or pays income tax in another state or jurisdiction and does not engage in gainful employment in this State. (NRS 481.052; NAC 481.005) **Section 3** of this bill allows the Department of Motor Vehicles to issue to a seasonal resident a decal, sticker or other indicia of the seasonal registration in this State of a motor vehicle if the motor vehicle meets certain criteria. **Section 3 also deems an out-of-state student to be a seasonal resident for the purpose of obtaining such a decal, sticker or other indicia.** **Section 5** of this bill modifies the fees charged for an identification card issued to a seasonal resident and specifies that such a card is valid for a period of 4 years unless suspended, cancelled or revoked. **Section 5 also deems an out-of-state student to be a seasonal resident for the purpose of obtaining such an identification card.** **Sections 2 and 4** of this bill allow a seasonal resident who possesses valid indicia of the seasonal registration of a motor vehicle and a valid identification card for a seasonal resident to operate the motor vehicle upon the highways of this State without registering the vehicle in this State in the same manner as would be required of a vehicle of a resident of this State.

4. The term does not include the following benefits if the benefits are provided under a separate policy, certificate or contract, there is no coordination between the provisions of the benefits and any exclusion of

(b) Hospital indemnity or other fixed indemnity insurance.

5. The term does not include any of the following, if offered as a separate policy, certificate or contract of insurance:

2. The Commissioner shall determine, within 90 days after receipt of the application required pursuant to subsection 1, if the carrier, with respect to the network plan:

3. The Commissioner may certify that the carrier and the network plan meet the requirements of subsection 2, or may determine that the carrier and the network plan do not meet such requirements. Upon a determination that the carrier and the network plan do not meet the requirements of subsection 2, the Commissioner shall specify in what respects the carrier and the network plan are deficient.

4. A carrier approved to issue a network plan pursuant to this section must file annually with the Commissioner a summary of information compiled pursuant to subsection 2 in a manner determined by the Commissioner.

5. The Commissioner shall, not less than once each year, or more often if deemed necessary by the Commissioner for the protection of the interests of the people of this State, make a determination concerning the availability and accessibility of the health care services of any network plan approved pursuant to this section.

8. The policy must provide benefits for expense arising from care at home or health supportive services if that care or service was prescribed by a physician and would have been covered by the policy if performed in a medical facility or facility for the dependent as defined in chapter 449 of NRS.

(b) The individual has performed an act or a practice that constitutes fraud or has made an intentional misrepresentation of material fact under the terms of the coverage.

(c) The individual carrier decides to discontinue offering and renewing all health benefit plans delivered or issued for delivery in this state. If the individual carrier decides to discontinue offering and renewing such plans, the individual carrier shall:

(1) Provide notice of its intention to the Commissioner and the chief regulatory officer for insurance in each state in which the individual carrier is licensed to transact insurance at least 60 days before the date on which notice of cancellation or nonrenewal is delivered or mailed to the persons covered by the insurance to be discontinued pursuant to subparagraph (2).

(2) Provide notice of its intention to all persons covered by the discontinued insurance and to the Commissioner and the chief regulatory officer for insurance in each state in which such a person is known to reside. (3) Discontinue all health insurance issued or delivered for issuance for individuals in this state and not renew coverage under any health benefit plan issued to such individuals.

(a) The individual carrier notifies the Commissioner and the chief regulatory officer for insurance in each state in which it is licensed of its decision pursuant to this subsection to discontinue the issuance and renewal of the form of the product at least 60 days before the individual carrier notifies the persons covered by the discontinued insurance pursuant to paragraph (b).

(b) The individual carrier notifies each person covered by the discontinued insurance, the Commissioner and the chief regulatory officer for insurance in each state in which a person covered by the discontinued insurance is known to reside of the decision of the individual carrier to discontinue offering the form of the product. The notice must be made to persons covered by the discontinued insurance at least 180 days before the date on which the individual carrier will discontinue offering the form of the product.

(c) The individual carrier offers to each person covered by the discontinued insurance the option to purchase any other health benefit plan currently offered by the individual carrier to individuals in this state.

(d) In exercising the option to discontinue the form of the product and in offering the option to purchase other coverage pursuant to paragraph (c), the individual carrier acts uniformly without regard to the claim experience of the persons covered by the discontinued insurance or any health status-related factor relating to those persons or beneficiaries covered by the discontinued form of the product or any persons or beneficiaries who may become eligible for such coverage.

3. An individual carrier may discontinue the issuance and renewal of a health benefit plan that is made available to individuals pursuant to this chapter only through a bona fide association if:

Amendment No. 565.

AN ACT relating to the Legislature; requiring a cooling-off period before a former State Legislator may serve as a paid lobbyist before the Legislature; providing for certain exceptions; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Nevada Lobbying Disclosure Act regulates lobbying before the Legislature and is administered by the Director of the Legislative Counsel Bureau. (Chapter 218H of NRS) Certain violations of the Lobbying Act are punishable as misdemeanors. (NRS 218H.960)

Under the Lobbying Act, a paid lobbyist is a person who receives any compensation to: (1) appear in person in the Legislative Building or any other building in which the Legislature or any of its standing committees hold meetings; and (2) communicate directly with a member of the Legislative Branch on behalf of someone other than himself or herself to influence legislative action. (NRS 218H.080, 218H.500)

However, a paid lobbyist does not include: (1) persons who confine their activities to formal appearances before legislative committees and who clearly identify themselves and the interest or interests for whom they are testifying; (2) employees of a bona fide news medium who are acting in the course of their professional duties and news gathering function; (3) certain state and local officers and employees who confine their activities to matters related to their public offices or agencies; and (4) persons who contact the Legislators elected from the districts in which such persons reside. (NRS 218H.080)

Section 1 of this bill amends the Lobbying Act to prohibit a former State Legislator **, except in certain limited circumstances,** from serving as a paid lobbyist before the Legislature for a cooling-off period beginning on the date on which the former Legislator leaves office as a member of the Legislature and ending on the date after the final adjournment of the next regular session during which the former Legislator is not a member of the Legislature.

Section 2 of this bill prohibits a former State Legislator from filing a registration statement with the Director in the classification of a paid lobbyist during the cooling-off period. (NRS 218H.200)

Section 3 of this bill makes violations of the cooling-off period punishable as misdemeanors. (NRS 218H.960)

Section 4 of this bill provides that the cooling-off period applies only to a person who is elected to office as a State Legislator for a term commencing on or after November 4, 2014, or a person who is appointed to serve the remainder of such an unexpired term.

Section 5 of this bill provides that the provisions of this bill become effective on November 4, 2014.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 218H of NRS is hereby amended by adding thereto a new section to read as follows:

1. ~~[A]~~ Except as otherwise provided in this section, a former Legislator shall not receive compensation or other consideration to serve as a lobbyist for the period beginning on the date on which the former Legislator leaves office as a member of the Legislature and ending on the date after the final adjournment of the next regular session during which the former Legislator is not a member of the Legislature.

2. The provisions of this section do not apply to a former Legislator if the former Legislator:

(a) Is required, as part of his or her full-time employment, to lobby exclusively and directly for his or her employer;

(b) Does not lobby for any other employer, client or client of his or her employer; and

(c) Is required to perform significant duties for his or her employer other than lobbying.

3. As used in this section, "consideration" means a gift, salary, payment, distribution, loan, advance or deposit of money or anything of value and includes, without limitation, a contract, promise or agreement, whether or not legally enforceable.

Sec. 2. NRS 218H.200 is hereby amended to read as follows:

218H.200 ***1.*** Every person who acts as a lobbyist shall, not later than 2 days after the beginning of that activity, file a registration statement with the Director in such form as the Director prescribes.

2. A former Legislator shall not file a registration statement with the Director in the classification of a lobbyist who receives any compensation for his or her lobbying activities during any period in which the former Legislator is prohibited from serving as such a lobbyist pursuant to section 1 of this act.

Sec. 3. NRS 218H.960 is hereby amended to read as follows:

218H.960 A person who is subject to any provision in NRS 218H.900 or 218H.930 ***or section 1 of this act*** and who violates or otherwise refuses or fails to comply with the provision is guilty of a misdemeanor.

Sec. 4. This act applies only to a person who is elected to office as a State Legislator for a term commencing on or after November 4, 2014, or a person who is appointed to serve the remainder of such an unexpired term.

Amendment No. 571.

SUMMARY— ~~[Revises]~~ **Establishes** requirements for the ~~[registration]~~ **permitting** of a vehicle that is driven in Nevada by a nonresident who commutes to work on a regular basis in Nevada. (BDR 43-707)

AN ACT relating to motor vehicles; ~~[revising]~~ **establishing** requirements for the ~~[registration]~~ **permitting** of a motor vehicle of a nonresident who is employed in this State and operates the motor vehicle on the highways of this State on a regular basis to commute to that employment; requiring that such a motor vehicle comply with certain provisions; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a nonresident who is employed in this State and who owns a motor vehicle that is operated in this State must, within 30 days after commencing employment and with certain exceptions, register the motor vehicle in this State. (NRS 482.385) **Section 1** of this bill requires that an

owner of a motor vehicle that is operated in this State by a nonresident daily commuter ~~[register]~~ **obtain a nonresidential daily commuter permit for** the motor vehicle within 10 days after the nonresident daily commuter commences employment. Such a ~~[registration]~~ **permit** would require the payment of a fee and be valid for 1 year. **Section 1** also requires such a motor vehicle to comply with the registration, insurance and emissions testing requirements, if any, of the out-of-state location where the owner is a resident. If the location where the owner is a resident does not require emissions testing, **section 1** requires such a motor vehicle to undergo emissions testing as if it were the vehicle of a Nevada resident. For the purposes of this bill, **section 1** defines "nonresident daily commuter" to mean a person who: (1) is not a Nevada resident; (2) enters and leaves the State of Nevada on a regular basis for the purpose of engaging, in this State, in a trade, profession, occupation or other gainful employment; (3) engages in such gainful employment at a location which is within the State of Nevada and not more than 30 road miles from the boundary between the State of Nevada and any of the states of Arizona, California, Idaho, Oregon and Utah; and (4) principally garages his or her commuting vehicle in a state other than Nevada.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 482 of NRS is hereby amended by adding thereto a new section to read as follows:

1. An owner of a vehicle of a type subject to registration pursuant to the provisions of this chapter who is a natural person shall apply for ~~[the registration of]~~ a nonresidential daily commuter permit for each vehicle the person owns which is operated in this State by a nonresident daily commuter. The person must apply for the ~~[registration]~~ permitting of such a vehicle not later than 10 days after the date the nonresident daily commuter first operates the vehicle in this State, regardless of whether the nonresident daily commuter is also the owner of the vehicle.

2. The Department shall grant an application for ~~[registration]~~ the permitting of a vehicle pursuant to subsection 1 if the applicant:

(a) Submits proof that the vehicle has been registered for the current year in the state, country or other place of which the owner is a resident;

(b) Submits proof that the vehicle is currently insured in compliance with the laws of the state, country or other place of which the owner is a resident;

(c) Submits proof that the vehicle has been tested for emissions in compliance with the laws of the state, country or other place of which the owner is a resident or, if the place where the owner is a resident does not

require the testing of the emissions of motor vehicles, complies with the provisions of NRS 445B.700 to 445B.815, inclusive, and the regulations adopted pursuant thereto for the vehicle as if the vehicle were required to comply with those provisions; and

(d) Pays a fee of $33 for each vehicle for which the owner ~~[registers]~~ obtains a permit pursuant to this section.

3. The Department shall issue to an owner who ~~[registers]~~ obtains a permit for a vehicle pursuant to this section an indicator for the ~~[registered]~~ permitted vehicle that indicates the vehicle is operated by a nonresident daily commuter. The indicator must be displayed on the ~~[registered]~~ permitted vehicle when the ~~[registered]~~ permitted vehicle is operated in this State by a nonresident daily commuter. An indicator issued pursuant to this subsection is issued for a specific vehicle, is nontransferable and expires 1 year after the date of issuance.

4. All fees paid pursuant to subsection 2 must be deposited with the State Treasurer for credit to the State Highway Fund and expended pursuant to subsection 2 of NRS 408.235.

(b) For the second and each subsequent offense, by a fine of not more than $500.

➥ The failure of a person to comply with the provisions of this section for each vehicle to which this section applies constitutes a separate offense.

6. If an owner of a vehicle that is required to be ~~[registered]~~ permitted pursuant to this section fails to ~~[register]~~ obtain a permit for the vehicle pursuant to this section, the owner or operator of the vehicle may be cited for a violation of this section regardless of whether it is in operation or is parked on a highway, in a public parking lot or on private property which is open to the public if, after communicating with the owner or operator of the vehicle, the peace officer issuing the citation determines that the vehicle is required to be ~~[registered]~~ permitted pursuant to subsection 1 and that the owner has failed to ~~[register]~~ obtain a permit for the vehicle pursuant to subsection 1. As used in this subsection, "peace officer" includes a constable.

Legislative Counsel's Digest:

Existing law defines the term "seasonal resident," in relevant part, as a person who is not a resident of the State of Nevada but who temporarily resides in this State for a period of at least 31 consecutive days in each calendar year, returns to his or her state of residence at least once in each calendar year, is registered to vote or pays income tax in another state or jurisdiction and does not engage in gainful employment in this State. (NRS 481.052; NAC 481.005) **Section 3** of this bill allows the Department of Motor Vehicles to issue to a seasonal resident a decal, sticker or other indicia of ~~[the]~~ **a** seasonal ~~[registration in this State of]~~ **resident permit for** a motor vehicle if the motor vehicle meets certain criteria. **Section 3** also deems an out-of-state student to be a seasonal resident for the purpose of obtaining such a decal, sticker or other indicia. **Section 5** of this bill modifies the fees charged for an identification card issued to a seasonal resident and specifies that such a card is valid for a period of 4 years unless suspended, cancelled or revoked. **Section 5** also deems an out-of-state student to be a seasonal resident for the purpose of obtaining such an identification card. **Sections 2 and 4** of this bill allow a seasonal resident who possesses valid indicia of ~~[the]~~ **a** seasonal ~~[registration of]~~ **resident permit for** a motor vehicle and a valid identification card for a seasonal resident to operate the motor vehicle upon the highways of this State without registering the vehicle in this State in the same manner as would be required of a vehicle of a resident of this State.

Amendment No. 563.

AN ACT relating to parentage; revising provisions relating to assisted reproduction; revising provisions relating to gestational carrier arrangements; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the circumstances under which the legal relationship of parent and child is established. Under existing law, the legal relationship of mother and child is established by: (1) proof that the woman has given birth to the child; (2) an adjudication that the woman is the mother of the child; or (3) proof that the woman has adopted the child. (NRS 126.041) The legal relationship of father and child is established by: (1) certain presumptions of paternity that arise if a man was married to, or cohabitating with, the natural mother of the child; (2) a presumption of paternity that arises if the man resides with and holds out the child as his natural child; (3) genetic testing establishing that the man is the father of the child; or (4) a certain voluntary acknowledgment of paternity by the man. (NRS 126.041, 126.051, 126.053) Existing law also establishes the parentage of a child: (1) conceived by means of artificial insemination; or (2) born pursuant to a surrogacy agreement. (NRS 126.045, 126.061) This bill replaces the provisions of existing law governing artificial insemination and surrogacy agreements with provisions governing assisted reproduction and

gestational agreements which are based on the Uniform Parentage Act adopted by the Uniform Law Commission and the Model Act Governing Assisted Reproductive Technology promulgated by the American Bar Association.

Sections 16-22 of this bill provide for the parentage of a child conceived by a woman by means of assisted reproduction. Under **section 18**, a person who donates eggs, sperm or embryos for assisted reproduction by a woman is not a parent of the resulting child. **Sections 19 and 20** provide that a person who donates eggs, sperm or embryos for assisted reproduction, or a person who consents to assisted reproduction, with the intent of being a parent of the resulting child is a legal parent of that child. **Section 22** provides for the parentage of a child if the transfer of eggs, sperm or embryos occurs after a marriage or domestic partnership is dissolved.

Sections 23-33 of this bill enact provisions governing gestational agreements under which a woman carries and gives birth to a child intending that another person or persons become the legal parent or parents of the child. **Section 24** provides that if an enforceable gestational agreement is entered into by the gestational carrier, her spouse or domestic partner, if any, and the intended parent or parents: (1) the intended parent or parents under the gestational agreement become the legal parent or parents of the resulting child upon the birth of that child; and (2) the gestational carrier and her spouse or domestic partner, if any, are not the legal parents of the resulting child. **Sections 26 and 27** establish the requirements for: (1) a person to be eligible to be a gestational carrier ~~[and]~~ **; (2)** the intended parent or parents; and ~~[(2)]~~ **(3)** the execution and contents of an enforceable gestational agreement. **Sections 30 and 31** establish remedies for a breach of a gestational agreement. **Sections 32 and 33**: (1) authorize the reimbursement of certain expenses incurred by a donor of a gestational carrier in connection with a gestational agreement; and (2) enact provisions governing the compensation paid to a gestational carrier.

2. 2. The consent of a person to assisted reproduction may be withdrawn by that person in a record at any time before placement of the eggs, sperm or embryos.

4. A gestational agreement may provide for payment of consideration pursuant to sections 32 and 33 of this act.

Sec. 24. ***1. If a gestational carrier arrangement satisfies the requirements of sections 26 and 27 of this act:***

2. If a gestational carrier arrangement satisfies the requirements of sections 26 and 27 of this act and if, because of a laboratory error, the resulting child is not genetically related to the intended parent or either of the intended parents or any donor who donated to the intended parent or

parents, the intended parent or parents shall be considered the parent or parents of the child, unless a determination to the contrary is made by a court of competent jurisdiction in an action which may only be brought by one or more genetic parents of the resulting child within 60 days after the birth of the child.

3. The parties to a gestational carrier arrangement shall assume the rights and obligations of subsections 1 and 2 if:

(b) A copy of the gestational agreement is attached to the petition; and

➥ the court may issue an order validating the gestational agreement and declaring the intended parent or parents to be the parent or parents of the resulting child.

Sec. 25. *1. Except as otherwise provided in NRS 239.0115, all hearings held in a proceeding under sections 23 to 33, inclusive, of this act are confidential and must be held in closed court, without admittance of any person other than the parties to a gestational agreement, their witnesses and attorneys, except by order of the court.*

2. The files and records pertaining to a gestational carrier arrangement, gestational agreement or proceeding under sections 23 to 33, inclusive, of this act are not open to inspection by any person except:

(a) Upon an order of the court expressly so permitting pursuant to a petition setting forth the reasons therefor; or

(b) As provided pursuant to subsection 3.

3. A person who intends to file a petition to enforce a gestational agreement may inspect the files or the records of the court concerning the gestational agreement.

Sec. 26. *1. A prospective gestational carrier is eligible to be a gestational carrier pursuant to sections 23 to 33, inclusive, of this act, if, at the time the gestational agreement is executed, she:*

3. Except as otherwise provided in subsection 4, economic losses occurring before the donor has entered into a valid agreement in a record to be a donor may not be reimbursed.

4. Any premiums paid for insurance against economic losses directly resulting from the retrieval or storage of gametes or embryos for donation may be reimbursed even if such premiums were paid before the donor entered into a valid agreement in a record, so long as such agreement becomes valid and effective before the gametes or embryos are used in assisted reproduction pursuant to the terms of the agreement.

Sec. 33. ***1. The consideration, if any, paid to a donor or prospective gestational carrier must be negotiated in good faith between the parties.***

Sec. 35. NRS 127.287 is hereby amended to read as follows:

127.287 1. Except as otherwise provided in subsection 3, it is unlawful for any person to pay or offer to pay money or anything of value to the

natural parent of a child in return for the natural parent's placement of the child for adoption or consent to or cooperation in the adoption of the child.

2. It is unlawful for any person to receive payment for medical and other necessary expenses related to the birth of a child from a prospective adoptive parent with the intent of not consenting to or completing the adoption of the child.

3. A person may pay the medical and other necessary living expenses related to the birth of a child of another as an act of charity so long as the payment is not contingent upon the natural parent's placement of the child for adoption or consent to or cooperation in the adoption of the child.

4. This section does not prohibit a natural parent from refusing to place a child for adoption after its birth.

5. The provisions of this section do not apply if a woman enters into a lawful contract to act as a ~~[surrogate, be inseminated and give birth to the child of a man who is not her husband.]~~ ***gestational carrier, as defined in section 10 of this act.***

Sec. 36. NRS 126.045 and 126.061 are hereby repealed.

TEXT OF REPEALED SECTIONS

126.045 Contract requirements; treatment of intended parents as natural parents; unlawful acts.

1. Two persons whose marriage is valid under chapter 122 of NRS may enter into a contract with a surrogate for assisted conception. Any such contract must contain provisions which specify the respective rights of each party, including:

(a) Parentage of the child;

(b) Custody of the child in the event of a change of circumstances; and

(c) The respective responsibilities and liabilities of the contracting parties.

2. A person identified as an intended parent in a contract described in subsection 1 must be treated in law as a natural parent under all circumstances.

3. It is unlawful to pay or offer to pay money or anything of value to the surrogate except for the medical and necessary living expenses related to the birth of the child as specified in the contract.

4. As used in this section, unless the context otherwise requires:

(a) "Assisted conception" means a pregnancy resulting when an egg and sperm from the intended parents are placed in a surrogate through the intervention of medical technology.

(b) "Intended parents" means a man and woman, married to each other, who enter into an agreement providing that they will be the parents of a child born to a surrogate through assisted conception.

(c) "Surrogate" means an adult woman who enters into an agreement to bear a child conceived through assisted conception for the intended parents.

126.061 Artificial insemination.

1. If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if the husband were the natural father of a child thereby conceived. The husband's consent must be in writing and signed by the husband and his wife. The physician shall certify their signatures and the date of the insemination, and file the husband's consent with the Health Division of the Department of Health and Human Services, where, except as otherwise provided in NRS 239.0115, it must be kept confidential and in a sealed file. The physician's failure to do so does not affect the father and child relationship. All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

2. The donor of semen provided to a licensed physician for use in artificial insemination of a married woman other than the donor's wife is treated in law as if the donor were not the natural father of a child thereby conceived.

Assembly Bill No. 17.

Bill read third time.

Remarks by Assemblywoman Swank.

ASSEMBLYWOMAN SWANK:

Assembly Bill 17 revises provisions governing the exclusion of a school district employee from a facility or institution operated by the Department of Corrections in conjunction with the statewide program for education for incarcerated persons. The bill allows the Director of the Department of Corrections, upon good cause, to restrict a teacher's access to a correctional facility for up to 30 days while the teacher's case is being heard by an interagency panel.

The bill further clarifies that "good cause" cannot include disagreements that the Director may have regarding course content but may include issues related to health and safety in a correctional facility.

Assembly Bill No. 35.

Bill read third time.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 35 consolidates campaign finance reporting requirements for general elections and special elections held on the same day as a primary or general election. The measure expands campaign finance reporting requirements to recall elections and makes reporting for special elections more consistent with general election reporting. The bill clarifies terms used in categorizing contributions and expenditures, including when an expenditure is deemed to be "coordinated with" a candidate or group of candidates, and that contributions and expenditures "against" a candidate must be reported. The measure makes clear that campaign finance reports are required even if a ballot question does not appear on the ballot or a candidate informally ends his or her campaign, runs unopposed, or loses in the primary.

Candidates who are removed from the ballot or not elected and public officers who resign from office and are not candidates for another office must comply with the laws governing the disposition of unspent contributions. The bill creates a voluntary procedure for formally ending a campaign and streamlining compliance with applicable campaign finance laws.

Finally, A.B. 35 eliminates redundant provisions and repeals an obsolete provision on reporting in city elections. The bill clarifies that remedies and penalties for violations are cumulative and in addition to any other remedies and penalties set forth in the law, including criminal penalties.

Remarks by Assemblymen Flores and Hickey.

ASSEMBLYWOMAN FLORES:

Assembly Bill 48 is essentially a comprehensive cleanup bill from various changes that were made last session. I will try to be brief, but it is a comprehensive bill.

The bill does a number of things, including making it a crime to vote or attempt to vote if the person knows he or she is not a qualified voter or is using the name of another person. This is punishable as a category D felony. In addition, it requires each county clerk to provide a certified list of candidates to the Secretary of State prior to the primary and general elections. If a voter registers by mail or computer and the voter registration card is returned by the postal service, the voter must present proof of residency before voting. The bill extends the deadline for online voter registration to the third Tuesday before an election and adds definitions for "committee sponsored by a political party" and "independent expenditure."

It also deals with reporting of contributions or independent expenditures by persons and political parties or committees. That is increased from $100 to $1,000.

As to the Secretary of State, the bill changes the deadline to have regulations in place governing elections, removes the requirement for the Legislative Commission to approve expense forms, and changes the due date and content of compiled campaign finance reports.

ASSEMBLYMAN HICKEY:

I rise in support of Assembly Bill 48. Having a right to vote is a sacred right given to all citizens of this country. Assembly Bill 48 helps protect that right by specifically penalizing those who commit or attempt voter fraud. It also provides for proof of residency for voters registering by mail or computer and changes other provisions. I believe A.B. 48 helps secure the integrity of our elections and increases accountability. For that reason, I am in support.

Assembly Bill No. 248.
Bill read third time.
Remarks by Assemblywoman Fiore.

ASSEMBLYWOMAN FIORE:

Assembly Bill 248 creates the Subcommittee on Criminal and Civil Violations of Traffic Laws of the Advisory Commission on the Administration of Justice. The bill requires the subcommittee to consider issues concerning Nevada's existing statutes on violations of traffic laws and laws related to drivers' licenses, motor vehicle registration, motor vehicle insurance, and the treatment of violations as criminal offenses. The subcommittee must consider the related laws of other states, the elements of systems necessary to treat violations as civil infractions, and the anticipated fiscal effects of those systems.

Assembly Bill 248 requires the subcommittee to submit its report to the Advisory Commission at least 30 days before the meeting at which the Advisory Commission considers findings and recommendations for proposed legislation for the 78th Legislative Session

This bill has received a lot of support from us as a body, as a whole. I think we have 38 supporters, and I urge us today to support it again on the floor.

ASSEMBLYWOMAN SWANK:

Assembly Bill 50 extends the termination date of the redevelopment plan adopted by the agency of a city whose population is 500,000 or more from 45 to 60 years after the date on which the original redevelopment plan was adopted. Such a redevelopment agency must make available to the general public a detailed report concerning certain proposed expenditures for land or improvements by the agency at least seven days before a meeting at which the governing body of the city is scheduled to consider the proposed expenditure. The measure adds certain information to annual reports that must be submitted by such a redevelopment agency to the Legislature and the governing board of a city or a county, as applicable.

The measure provides for the set-aside and use of certain revenues from taxes imposed on property in a redevelopment area for education-related and other purposes. The measure also allows, by eliminating an existing prohibition, a city or county to create a tourism improvement district after October 1, 2009, that includes within its boundaries any property included within the boundaries of a redevelopment area.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 90 allows any person employed by an injured worker's labor organization or association, whether full-time or part-time, and who is not an independent contractor, to represent an individual before a hearing officer or in negotiations, settlements, hearings, or other meetings with an insurer concerning a claim.

In my conversations with many of the affected parties, I found that due to the Great Recession, a lot of labor unions and associations have not had the resources to have a full-time union representative representing injured workers, as is currently required in NRS 616C.325. This will give those organizations, unions, and associations the flexibility to allow them to have

a part-time union representative who will represent injured workers. One question that was brought up to me was whether this would prohibit a union from having an attorney on retainer to represent injured workers. The current law specifically provides that an attorney can represent those injured workers. I checked with our legal counsel, and I did receive an opinion that Assembly Bill 90 would not prohibit a union or labor organization from having an attorney on retainer to represent those injured workers.

ASSEMBLYWOMAN CARLTON:

Unfortunately, I rise in opposition to A.B. 90. In my legislative career, I have dealt with many issues on workers' comp. I have concerns about allowing a part-time person. With all due respect to the sponsor, I understand he is trying to accomplish something of economic need for some of these organizations. But these are complex cases. If something goes wrong, you have no recourse. If anyone looks at Chapter 616, they would see all the time limits and particulars that it takes to navigate a worker's comp case. To have a part-time person for any organization—and nowhere in the bill are any qualifications listed, any certifications listed—we just don't know if that person is going to be truly educated enough to make sure they make the right decisions and file the right forms at the right time to protect the injured worker.

In my first session in this building, I sat in a committee hearing and heard about a caseworker who had to go back because a mistake was made in a worker's comp case. They had to go back to that injured worker's home and take the wheelchair away from him. The last thing I want to do is ever allow something like that to happen again. I have grave concerns with this bill that we may have unqualified people out there giving advice to injured workers, and the injured worker will bear the harm.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 99 revises various provisions of the Uniform Law on Notarial Acts. The measure prohibits a notarial officer from performing a notarial act with respect to a document to which the officer or the officer's spouse or domestic partner is a party or in which either of them have a direct beneficial interest. The bill also establishes a standard for determining whether a notarial officer has personal knowledge of the identity of a person appearing before the notarial officer. The bill specifically authorizes a notarial act to be performed by a person who is authorized to perform such an act by the law of a federally recognized Indian tribe or nation.

Assembly Bill 99 initially included revisions promulgated by the Uniform Commissioners to our Uniform Law on Notarial Acts. Many of those suggestions by the Commissioners had already been put into statute through the work of our Secretary of State and our Government Affairs Committee. Most of the bill has been deleted, but there are a few tweaks to accomplish some goals here that I believe are positive.

ASSEMBLYMAN SPRINKLE:

Assembly Bill 117 allows a person driving a motorcycle, moped, or trimobile or riding a bicycle or an electric bicycle to proceed into an intersection against a red traffic signal if the person stops as required by the signal, the person waits for two complete cycles of the lights or lighted arrows, and the signal does not change because of a malfunction or the failure of the signal to detect the presence of the vehicle; no other device at the place prohibits a turn, if applicable; and the person yields the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection.

The bill also provides that if the person commits certain violations while proceeding into an intersection against a red signal that result in an injury to another person, the violations create a rebuttable presumption of facts necessary to impose civil liability.

Assembly Bill 150 creates the Legislative Committee on Governmental Oversight and Accountability as a statutory interim committee. ASSEMBLYMAN HICKEY:

I rise in opposition to Assembly Bill 150. Assembly Bill 150 creates the Legislative Committee on Governmental Oversight as a statutory interim committee. This bill overreaches and gives the committee unprecedented authority over local entities. Already the Legislature has the authority to evaluate, review, investigate, and comment on the operation of government entities. Existing committees that we already have are able to accomplish the goals proposed by A.B. 150. We should not be in the business of duplicating government services that add to our financial burden and further burden local governments.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 189. Assembly Bill 189 started out as a special license plate for well-known, nonprofit health care in southern Nevada. Realizing the rules that we had set up on special plates, a compromise was offered to establish a separate tier of special license plates. This will add five new special license plates to the queue. They will be for the more sophisticated nonprofits that can reach a higher level of bonding and certification and can deal with those particular plates. The initial level will be much higher.

The thought behind this was the more sophisticated nonprofits—larger, well known—will get out of the queue with the others to allow the smaller nonprofits to work through the other queue more quickly. Knowing that they have the resources, they can apply for this special tier of special license plates.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 199. Assembly Bill 199 authorizes the Colorado River Commission to contract with certain new eligible customers based on an allocation of capacity and associated firm energy from a resource pool created pursuant to federal law, without subjecting the CRC to regulation by the Public Utilities Commission of Nevada. The bill prohibits the CRC from serving any new customer located within the service territory of an

electric utility that primarily serves densely populated counties in excess of the allocation made to that customer pursuant to federal law. Lastly, A.B. 199 requires the PUC to establish a tariff for certain services provided by an electric utility for its sale of electric or transmission services, or both, to a customer of the CRC.

This bill is effective upon passage and approval for the purpose of adopting regulations and performing preparatory administrative tasks, and on October 1, 2013, for all other purposes.

This allows us to comply with the federal Hoover Power Allocation Act of 2011.

ASSEMBLYWOMAN DIAZ:

I rise in support of Assembly Bill 202. Assembly Bill 202 grants jurisdiction to the juvenile court over a child charged with committing murder or attempted murder if the child was under the age of 14 when the crime was committed. The bill also authorizes a child who has been certified for transfer to adult court to petition the juvenile court for temporary placement in a facility for the detention of children during the pendency of the adult proceedings.

Assembly Bill 202 also requires the Legislative Committee on Child Welfare and Juvenile Justice to create a task force to study certification of juveniles as adults, housing of youthful offenders convicted of crimes as adults, and related subjects and to submit a report and recommendations for legislation to the 78th Session of the Nevada Legislature.

Under existing law a child can be treated as an adult at age eight. This bill ensures that a juvenile under the age of 14 cannot be treated as an adult in the juvenile justice system and creates a task force to look further into certification of juveniles as adults in our state. As my colleague from Assembly District 28 pointed out to me, research shows that young people respond better to treatment and do worse when subjected to adult prison settings.

There are many other outstanding provisions in here which strengthen our charter schools that are too numerous to mention at this time. I strongly urge our body to support this measure.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of A.B. 207. Assembly Bill 207 grants discretion to a prosecutor when a child is taken into custody for committing a battery that constitutes domestic violence or other battery offense. The bill authorizes the district attorney to file a petition alleging a different or lesser offense arising out of the same facts, to negotiate an agreement in which the child admits to a different or lesser offense, or to approve another action authorized by law, including dismissal or informal supervision.

Assembly Bill 207 requires the district attorney, in exercising his or her prosecutorial discretion, to consider the nature of the relationship between the child and the victim, the severity of the alleged offense, and whether the child engaged in a pattern of abusive behavior toward the victim.

In your Judiciary Committee, there was a lot of testimony about the collateral consequences to a child when they are adjudicated delinquent of this and many other crimes. Some of those collateral consequences can prevent a child from being able to join the military, to go on to certain colleges and graduate schools—that kind of thing. This will hopefully give prosecutors more discretion when something does not rise to the level of a battery domestic violence.

ASSEMBLYMAN EISEN:

I rise in support of Assembly Bill 210. This bill requires that when developing an individualized education program for a pupil with a hearing impairment, the pupil's

individualized education program team consider certain factors in order to achieve the best feasible instruction for the pupil.

The bill provides that a pupil with a hearing impairment cannot be denied the opportunity for instruction in a particular communication mode solely because the pupil's chosen mode of communication differs from that recommended by the individualized education program team. The bill further requires that to the extent feasible, a school provide instruction to such pupils in more than one communication mode.

Finally, this measure requires the Department of Education to post certain data on its website within 30 days after submitting that data to the federal government.

I urge my colleagues to support this bill, but I do want to make clear that the intent of this bill is not to direct the school districts to include certain factors in an individualized education program for a specific student, but only to ensure that a certain list of factors are considered when that plan is developed. The requirement for a school to provide appropriate and equal access to education already exists under federal law. This is simply to ensure that there is consistency in the development of individualized education plans for children with hearing impairments. Again, I urge my colleagues to vote for this bill.

Assembly Bill 223 authorizes a constable, subject to approval by the board of county commissioners, to appoint clerical and operational staff. The bill provides that such staff do not have the powers of peace officers and may not possess a weapon or carry a concealed firearm while performing their duties for the constable.

In a county whose population is 700,000 or more, A.B. 223 requires any person appointed as a deputy constable to be certified by the Peace Officers' Standards and Training Commission, called POST, as a category II peace officer before commencing employment.

Assembly Bill 223 also authorizes a board of county commissioners to establish penalties for the failure of a constable to file any oath, report, or other document required by law to be filed with the county or with the POST Commission. The bill further requires the constable's oath to be filed and recorded in the office of the county recorder in the county where the constable holds office.

Finally, A.B. 223 specifies that the authority of the constable to issue a citation to the owner or driver of a vehicle that is not properly registered applies to vehicles located in the constable's township at the time the citation is issued.

ASSEMBLYMAN ELLISON:

I rise in support of Assembly Bill 227. This bill creates the Nevada Land Management Task Force consisting of 17 members appointed by the state's county commissions. Administrative support will be provided by the county commissions in conjunction with the Nevada Association of Counties. The Task Force will meet during the 2013-2014 legislative interim to report on matters relating to the transfer of federal lands to the state, including the identification of lands to be transferred by the federal government; a proposed plan for the administration and management of transferred federal lands; and an economic analysis and possible revenue impacts of transferred federal lands.

The Task Force must submit its findings and recommendations to the Legislative Committee on Public Lands no later than September 1, 2014, for inclusion in the Committee's final report.

According to the testimony, several other Western states, including the states of Utah, Wyoming, Idaho, Arizona, and South Carolina, have undertaken similar efforts. This is for a study only. Let me accentuate this again: a study. Assembly Bill 227 works in conjunction with Public Lands and with NACO.

ASSEMBLYMAN OSCARSON:

Thank you, Madam Speaker. I rise in support today of A.B. 227. Within Nevada almost 85 percent of our land is controlled by the federal government, depriving our state of important revenues that our citizens rightly deserve. I believe that the time has come for the federal government to honor its commitment to give states back their public lands that were promised to be returned within a reasonable time after being admitted into the Union– in Nevada's case, 149 years ago. Thank you, and I urge your support of this important legislation.

ASSEMBLYMAN BOBZIEN:

My opposition to this measure rests on two points. The first is that I believe there are a number of misstatements in the preamble to this bill, first and foremost, the idea that it is a negative to our state that these different land management agencies manage land in our state. The National Park Service manages the Great Basin National Park. The Fish and Wildlife Service manages the Shelton National Wildlife Refuge. The Bureau of Land Management manages Red Rock Canyon National Conservation area. These are all places that we take our families and our children. We pass along life lessons, and they enhance our quality of life.

The second part in the preamble that I believe is problematic is the idea that there is growing momentum for this movement. I need to remind members of this body, including the bill's sponsor, that Arizona, in fact, rejected such a measure overwhelmingly at the ballot last fall. Ultimately, Madam Speaker, my opposition to this bill has to do with the fact that to avoid the fiscal note, we have transferred the management and the responsibility of this study over to a nonprofit organization that is not a part of the state. The Nevada Association of Counties is certainly a respectable organization, and their input is necessary. I think it would be far more appropriate for that organization to facilitate a study and bring the findings and report them to our established and existing Public Lands Committee. I urge opposition.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Assembly Bill 227, Madam Speaker. First of all, I want to commend my colleague from Elko and the Senator from Eureka. I think they took a very reasoned approach with this legislation, especially compared to the model over in Utah. It's a study; it's nothing more than a study, and it's a study to our Public Lands Committee, which I think most of us have great faith in. The Public Lands Committee may or may not agree with that study. However, when we look back at our history, we have seen some successes where lands have been turned over to the state: the Southern Nevada Public Lands Management Act of 1998—we saw successes with that; money that was used for affordable housing, for parks; and some land was preserved so that other land could be developed.

The state of Nevada does administer parks and administers it well. Obviously, the state will never have the resources of the federal government, and I don't think anyone is asking the state to take over our precious resources like Red Rock Canyon or any of the other parks that my colleague from Reno mentioned. What I hope this study will bring about is a goal of cooperative conservation where maybe we can look to alternative uses but where conservation is going to be a priority. I have talked to the sponsors, and I think they are committed to that. I hope that will be the case, but if not, we do have our Public Lands Committee that will receive this report and decide whether they endorse it or not endorse it. They will report back to the next session.

Section 1. Chapter 704 of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. ***1. A competitive supplier that is a provider of last resort may ~~[elect to be relieved of its obligations and status as a provider of last resort in any or all areas where an alternative voice service is available from any other provider and via any technology.~~***

~~2. A competitive supplier that is a provider of last resort that elects to be relieved of its obligations as a provider of last resort shall file notice with the Commission of its election to be relieved of its obligations and status as a provider of last resort in any or all areas where an alternative voice service is available from any provider and via any technology. The notice must include a map of the area or areas and a listing of the alternative voice services available in each area.~~

~~3. An election notice which is filed pursuant to subsection 2 shall be deemed approved 30 days after the date on which the notice of the election is received by the Commission unless the Regulatory Operations Staff of the Commission or the Consumer's Advocate files a written objection with the Commission within that period. Such an objection must only address whether an alternative voice service is available to existing customers in the area or areas subject to the election. In making an objection pursuant to this subsection, the Regulatory Operations Staff of the Commission or the Consumer's Advocate has the burden to show that an alternative voice service is not available in the area or areas subject to the election.~~

~~4. If an objection is made pursuant to subsection 3, the Commission shall rule on the objection and approve or disapprove the election within 90 days after receiving the notice of the election.~~

~~5. Any provider of last resort who has been granted full or partial relief from its obligations as a provider of last resort by the Commission before October 1, 2013, shall be deemed to be fully released of its obligations and status as a provider of last resort for the area covered by the Commission's order.~~

~~6. The relief described in subsections 2 to 5, inclusive, does not affect an incumbent local exchange carrier's obligations under federal law.~~

~~7. Except as otherwise provided in this chapter, the Commission shall not exercise jurisdiction over an alternative voice service, including, without limitation, determining the rates, pricing, service quality, terms, conditions or availability of an alternative voice service.~~

(2) One provider that utilizes any other technology and is capable of providing alternative voice service to all households in the area for which relief is sought;

(b) Two or more providers that utilize a wireless technology of sufficient voice quality as determined by the Commission and are capable of providing alternative voice service to all households in the area for which relief is sought; or

(c) Three or more providers that utilize any technology of sufficient voice quality as determined by the Commission and are capable of providing alternative voice service to all households in the area for which relief is sought.

2. An application filed pursuant to subsection 1 must include:

(a) A map of the area for which relief is sought that identifies separately each provider of alternative voice service which is intended to satisfy the requirements of subsection 1. (b) A draft of the notice which the applicant intends to provide pursuant to subsection 4.

3. The Commission shall approve or deny an application filed pursuant to subsection 1 not later than 180 days after the application is filed with the Commission. The Commission may hold a hearing to determine whether sufficient alternative voice service exists in an area for which relief is sought by an applicant.

4. An applicant shall, not later than 30 days after filing an application pursuant to subsection 1, provide written notice:

(a) To each current customer of the applicant located within the area for which relief is sought. The notice may be included in a bill from the applicant to the customer or included in a special mailing, other than a

promotional mailing, which states that important information is enclosed. If a customer has elected to receive his or her bill in an electronic form, such notice must be provided to the customer electronically in the same manner in which he or she receives a bill from the applicant.

(b) To each public safety answering point which is located within the area for which relief is sought.

5. The written notice provided to each customer pursuant to paragraph (a) of subsection 4 must include, in clear and comprehensible language that is understandable to an ordinary layperson:

The Commission shall provide notice of the consumer session in accordance with regulations adopted pursuant to NRS 703.320.

8. A competitive supplier that is relieved of its obligation and status as a provider of last resort pursuant to this section shall not apply for, and is not entitled to receive, any money from the fund to maintain the availability of telephone service for any area for which relief has been granted pursuant to this section.

9. If the Commission issues an order approving an application for relief pursuant to this section, the relief granted by such approval does not

affect or modify any obligation of an incumbent local exchange carrier pursuant to any applicable federal law or regulation.

10. A competitive supplier that is an incumbent local exchange carrier and receives, on or before September 30, 2013, full or partial relief from its obligations as a provider of last resort pursuant to NRS 704.6878 shall be deemed to be fully released from any obligation as a provider of last resort for the area for which relief was granted on or before September 30, 2013.

11. Except as otherwise provided in this section, any relief granted pursuant to this section does not impose any obligation upon a provider of alternative voice service in the area for which relief was granted.

12. The Commission may declare that an emergency exists in any area in which alternative voice service is not available and where a competitive supplier has been granted relief from its obligations as a provider of last resort pursuant to this section. (a) Take any steps necessary to protect the health, safety and welfare of the affected residents or businesses and may expedite the availability of alternative voice service to the affected residents or businesses.

(b) Utilize the fund to maintain the availability of telephone service to ensure that any affected resident or business has access to alternative voice service.

13. If, as a result of the approval by the Commission of an application filed pursuant to subsection 1, a residential customer who resides in a county whose population is less than 100,000 does not have access to telephone service, including alternative voice service, the customer may, on or before May 31, 2015, file a request for service with the Commission. Upon receipt of a request, the Commission shall investigate whether such service is available to the customer. If the Commission determines that service is not available, the Commission may order the competitive supplier that received relief pursuant to this section to provide service to the residential customer for a period specified by the Commission. If a competitive supplier is ordered to provide service to a residential customer pursuant to this subsection, the competitive supplier may satisfy its obligation pursuant to this subsection by providing an alternative voice service as provided in NRS 704.68881.

14. Except as otherwise provided in this subsection and subsections 12 and 13, a provider of alternative voice service that is not a provider of last resort, or a competitive supplier that has been relieved of its obligations as a provider of last resort, is not required to assume the obligations of a provider of last resort. The Commission may, through the issuance of an order, impose obligations upon a provider of alternative voice service that receives money from the fund to maintain the availability of telephone

service relating to the provision of service, including, without limitation, the obligation to maintain adequate and reliable service for a specified period of time.

15. As used in this section:

(a) "Alternative voice service" means a retail voice service made available through any technology or service arrangement other than satellite service that provides:

(1) Voice-grade access to the public switched telephone network; and

(2) Access to emergency 911 service.

(b) "Public safety answering point" has the meaning ascribed to it in NRS 707.500.

Sec. 3. *1. Except as otherwise provided in subsection 2 , ~~[and section 4 of this act,]~~ a state agency or political subdivision of the State may not, directly or indirectly, regulate the rates charged for, service or contract terms for, conditions for, or requirements for entry for Internet Protocol-enabled service or Voice over Internet Protocol service.*

2. The provisions of subsection 1 must not be construed to:

(a) Affect or limit the enforcement of criminal or civil laws, including, without limitation, laws concerning consumer protection and unfair or deceptive trade practices, that apply generally to the conduct of business;

(b) Affect, mandate or prohibit ~~[the assessment of]~~ :

(1) The assessment of taxes , ~~[or other]~~ fees or surcharges which are of general applicability ~~[,]~~ or which are otherwise authorized by statute; or

(2) The levy and collection of the assessment required by NRS 704.033 from a provider of voice over Internet Protocol service that has a certificate of public convenience and necessity;

(c) Affect or modify:

(1) Any right or obligation of any telecommunication provider, or the authority granted to the Commission pursuant to 47 U.S.C. §§ 251 and 252 ~~[,]~~ , including, without limitation, any authority granted to the Commission to address or affect the resolution of disputes regarding reciprocal compensation and interconnection;

(2) Any obligation relating to the provision of video service by any person ~~[,]~~ pursuant to chapter 711 of NRS;

(4) ~~[The authority of the Commission to address or affect the resolution of disputes regarding intercarrier compensation.]~~ Any authority granted to the Commission pursuant to 47 U.S.C. §§ 214(e) and 254(f).

3. As used in this section:

GENERAL FILE AND THIRD READING

Assembly Bill No. 230.
Bill read third time.
Remarks by Assemblymen Bobzien, Hickey, Flores, Duncan, and Eisen.

ASSEMBLYMAN BOBZIEN:

I would like to make a statement regarding the update schedule for the Academic Standards Council, for the record, with regards to this bill. The expectation upon enactment would be that the Council would make the necessary revisions to the standards in the course of their normal update schedule.

Madam Speaker, I rise in support of this bill. I would like to share with the body some facts. Number one, teen pregnancy rates are dropping nationally and in Nevada. The decline is attributed to a delay in initiating sexual activity and increased use of birth control for those who are sexually active. This is encouraging news but is not nearly enough. Nevada has the fourth highest teen pregnancy rate in the country and alarming rates of sexually transmitted infections. Teen pregnancy costs over $86 million a year in Nevada. Testing and treatment for STIs cost $40 million a year. Imagine what Nevada could do if we could invest that $120 million a year into education or economic development.

The current sex education law was passed over 30 years ago. It is outdated and inadequate to the needs of our students today. In a 2003 Legislative Counsel Bureau survey of sex education programs throughout the state, one-third of Nevada counties were only offering sex education in their school districts in one grade. The school district either focused on the changes students could expect as they went through puberty or they focused on more advanced topics and offered the instruction only in the freshman year of high school. In the same survey, over one-third of school districts did not or could not share what they are currently teaching in their required sex education class despite the fact that this class is required and despite current law requiring school districts to make the curriculum available to parents upon request.

Madam Speaker, when this bill was heard in your Education Committee, the testimony was compelling. We heard from a sexual violence survivor who shared her story and asked us to pass this legislation by saying, "I believe having better sexual health education would have helped protect me from experiencing sexual violence or would have helped me to recognize a situation sooner so that I could get to safety."

One young man who could not attend the hearing shared his story. He is a 23-year-old student at UNLV, born and raised in Las Vegas. He went to the public schools in Clark County. He has been openly gay since high school. When he was 22, he got HIV from a partner who also went through the same Clark County schools. They did not get comprehensive sex education, and specifically, they did not get any information on LGBT sexual health. He decided to share his story because he doesn't want any other students to have this experience.

Finally, our colleague, Senator Spearman, shared the story of a young girl who was infected with HIV during her first sexual experience. The Senator recounted how on the night of her high

school prom, instead of helping this young lady get ready for her prom, she was helping her pick out the dress she would be buried in.

Madam Speaker, colleagues, make no mistake, giving our students the facts, giving them the medically accurate information they need, can and will save lives. I urge passage.

ASSEMBLYMAN HICKEY:

I rise in opposition to Assembly Bill 230. As a parent, I consider the topic of human sexuality instruction a most sensitive issue and it should, of course, be approached with the utmost care. But this bill mandates that sex education standards be set by the statewide Council on Academic Standards. This takes away, in part, from local input and disregards the specific and unique needs of individual school districts and the families within them. The language in this bill is both broad and ambiguous and would lead to misinterpretation and confusion. Specifically, it adds that a provider of health care would be able to teach sexual education courses, which gives a preference to one particular advocate organization. Lastly, the bill heavily limits choice by changing existing law to have families and children opt out rather than opt in. This is a choice that should be initially granted to a parent rather than the state, a council, or the school. Simply stated, Assembly Bill 230 goes too far by constricting parental options. I think it would be wrong for this body to conclude that the state knows better than Nevada's parents as to what is best for their children.

My colleague rightly identified that teenage pregnancy has been going down in Nevada and throughout the country. He didn't acknowledge one of the elements of that is, of course, abstinence-based teaching, which is included in many of the curriculums in Washoe County, where I am from, which is touted as a model for what those proponents of having statewide standards do. I think it is fine for Washoe County, but again, I remind us that I think parents' input is most appreciated and most necessary when it comes to this particular sensitive issue, and I think it remains best with local communities. I urge your vote in opposition to this measure.

ASSEMBLYMAN FLORES:

I rise in support of Assembly Bill 230 and strongly urge this body to support this bill. In a perfect world, we probably would not need this bill, but clearly, we do not live in a perfect world and we are far from perfect in Nevada, based on the statistics that we have that my colleague has talked about. I can tell you that in my district and in my own personal experience, I come from a single parent household. My dad worked day and night. There was no one in my home. I did not have the appropriate role models to make good decisions.

Unfortunately, in this nonperfect world, we have an obligation to step up. We have an obligation to provide the information and the education that is going to arm our students, our young people, with the information to be able to make good decisions for themselves. Because if we do not, then they figure out how to make their own decisions with wrong and medically inaccurate information and things, unfortunately, they hear from their friends or from the Internet or who knows where else. Instead, we end up being fourth in the entire country with the highest teen pregnancy rates, with some of the highest levels of STDs. It is up to us to make a difference for those kids. I strongly urge you to support this bill. It is necessary and our kids truly deserve a better environment in which to learn.

ASSEMBLYMAN DUNCAN:

I rise in opposition to Assembly Bill 230. Madam Speaker and esteemed colleagues, one of the things I think that has been lost in this debate, as I heard in committee and also as we are talking about this now on the floor, is this idea of local control in the sense that what's good for Washoe County may not be good for Esmeralda County or may not be as good for Lyon County but might be good for Clark County. We respect our elected school boards and our officials to be able to work in concert with parents and local officials in those areas, to be able to come up with curriculum.

When I am listening to the debate on this, there are a lot of assumptions that are being thrown out there. It is almost as if we are acting as if sex education does not even appear in our schools, which frankly, Madam Speaker, is not true. The schools actually get to tailor their education to the needs of their local communities. One of the things I asked, in looking at this bill, is whether other states in the Union have had sex education like ours, that was left at the local school level, and then implemented comprehensive sex education and whether there was some sort of precipitous drop from where we are now and implementation of that to lower teen pregnancy and lower STI rates. I could never get an answer from anyone. I could only assume that the answer was no.

One of the things, too, is that from 2005 until 2008—and this was just in a *Las Vegas Sun* story—Nevada had the second largest decline in teen pregnancy from 2005 to 2008. So that tells me and signals to me that we still have places that we want to go but the way the education is going is working. And so I am just curious. When I listen to this debate, where are the facts that actually tell us that this comprehensive sex education that is being pushed by a special interest group—and again, I do not want to get into that—but could you imagine if other special interest groups were pushing a certain comprehensive sex education or an abstinence-only education, what the clamor would be in this building? I leave that for another day. But again, I can tell you, just being the voice of my constituents in Assembly District 37, overwhelmingly parents, teachers, educators, and medical personnel are against this bill in my district, and I want to voice their concerns. Again, sex education is important, it's something that is being done. Again, I don't want this to go out over the airwaves that somehow Nevada is not teaching sex education in our classes, because that is absolutely not true. But the choice and the ability to leave that at the local level is something that should be respected, and so I would ask the members to think about that as they are voting today.

ASSEMBLYMAN EISEN:

I rise in support of Assembly Bill 230. This is an important issue for me because I represent a special interest group, and that special interest group is the youth of Nevada, all of them. The insinuation or the overt statement that what is happening in sex education in the state of Nevada is working is simply wrong. Things are not as bad as they used to be, but being less bad is not the same as being better. While the rates of teen pregnancy have dropped in Nevada, we are still ranked amongst the worst in terms of teen pregnancy, adolescent sexually transmitted infections, and out-of-wedlock birth—all of these indicators, year after year after year. We have to do better. This bill is an effort to do better.

There are a couple of points I want to make sure I address directly in response to some concerns raised by my colleagues and friends from Districts 25 and 37. One point is that this bill takes away local control. I think that is a valid concern, but this bill does not do that. If this bill did, I would be concerned. But it does not. I would direct my colleagues to section 1, subsection 3, which retains the current language of statute that empowers local school boards to appoint advisory committees. Subsection 4 clearly states, with respect to who teaches the program and what materials and to students of what ages, that "the final decisions on these matters must be that of each local board of trustees."

The concern about protecting parental choice, I think, is also an important point. This bill does maintain the ability for parents to opt their student out of these programs should they wish to do that. That is a flexibility we do not offer parents on any other subject matter. We do not allow parents to opt their student out of math or out of history. We do not allow parents to come to a school and say, "We do not speak English in our home. We want our child to opt out of English." But we do still empower parents, in this circumstance, if they do not wish their child to have access to this information, if they wish to take care of this themselves, they still have that ability under this bill.

It is important to me that every student in Nevada—not just the students in Washoe where this is being done better—but that every student in Nevada has the opportunity to access quality, comprehensive. Education and information that empowers them to make choices that are in

their best interests in terms of their long-term health. I strongly urge my colleagues—on the basis of the facts of what we know is going on in Nevada and on the basis of the facts of what is actually in this bill—I urge you to support Assembly Bill 230.

ASSEMBLYWOMAN FLORES:

Essentially this bill replaces the high school proficiency exam with end-of-course exams. The primary reason for that is because the high school proficiency exam currently is not in line with our Common Core standards that the state of Nevada adopted. Essentially what we are doing with the high school proficiency exam right now is testing students on things that they haven't actually been taught, so clearly that is creating a problem. We're also not testing them until their junior or sometimes senior year, and so we are replacing it with an end-of-course exam where they can actually take their exam after they have taken their course. The College and Career Readiness Assessment is just another tool for school districts to be able to assess and provide remediation, if necessary, that does not affect whether or not they will be able to graduate. Lastly, it removes the certificate of attendance because what we had been doing is rather than helping our kids, we were just handing them a certificate that says "Thanks for coming." This makes that unavailable to them. I urge support.

ASSEMBLYMAN KIRNER:

I rise in support of this bill. I had a similar bill, and it didn't make sense to me to present two bills. I greatly appreciate the fact I was able to work across the aisle and to come up with a bill that made sense for all of us. I worked during the interim and visited with several of the superintendents, school boards, and some of the associations of school boards, et cetera. I believe my colleague from Assembly District 28 has covered it very well. I think this is a good bill, and I would appreciate your support.

Remarks by Assemblyman Aizley.

ASSEMBLYMAN AIZLEY:

Assembly Bill 326 requires that if an agreement includes a provision requiring a person to submit to arbitration any dispute arising between the parties to the agreement, then the agreement must include specific authorization of that provision by the person. Further, if an agreement fails to include the specific authorization as required by this bill, the provision is void and unenforceable. Collective bargaining agreements are excluded from the provisions of the bill.

I think more and more, we are being asked to accept—especially on computer software and credit cards and everything else—we are expected to accept conditions that we mostly don't read. While that is our own fault, more for not reading, by the fact that they are there, we have an expectation that what we are agreeing to is relevant to the service that we will be receiving. They are slipping in more and more things to agree to that you don't know about. I think, in this

case, if you are giving up a civil right to a jury or a court, or to go to court, or to have a class action lawsuit, you should know that that is what is happening to you. So I would urge that we do this, approve the bill, even though it won't prevent this from happening. It will make people more aware of what's going on.

Remarks by Assemblywoman Spiegel.

ASSEMBLYWOMAN SPIEGEL:

Assembly Bill 332 defines the term "abandoned residential property" and authorizes the beneficiary of a deed of trust to elect to follow certain procedures at any time after a notice of default and election to sell is recorded if the beneficiary determines the property is abandoned.

Under the bill, the beneficiary may elect to record, in the county where the property is located, an affidavit documenting that the property is abandoned; post a notice on the property; and mail a notice to the last known address of the borrower. The bill authorizes the borrower to record an affidavit stating that the property is not abandoned at any time before the foreclosure sale, in which case the beneficiary's affidavit is deemed withdrawn. If the borrower does not record an affidavit, the foreclosure sale vests title in the purchaser or the purchaser's successor in interest without equity or the right of redemption if the purchaser occupies the property as an owner-occupant, sells the property to an owner-occupant, or sells the property to a land bank for resale only to an owner-occupant.

We all have abandoned properties in our districts, and this bill will help to get those properties turned around and get people living in them who are going to put equity into our communities to help rebuild Nevada. I would appreciate your support.

Assembly Bill 333 requires the Office of Economic Development and the Office of Energy to conduct a cost/benefit analysis of economic development incentives previously approved by each respective office and in effect during the immediately preceding two fiscal years. The result

of the agency's analysis must be reported to the Chief and included as part of the proposed state budget for each biennium. Any such report created is a public record.

This is a great bill that we have worked on very diligently with the Governor's Office of Economic Development in order to create benchmarks to ensure that the incentives that are necessary in order to strengthen economic development in our state are put into place to ensure that Nevada and taxpayers are getting the most benefit for these new industries or businesses for either relocating to Nevada, starting up in Nevada, or expanding here in Nevada. I urge support of this bill as we continuously work to better the Governor's Office of Economic Development, in turn bettering the state of Nevada.

ASSEMBLYMAN LIVERMORE:

I stand in support of Assembly Bill 339. Assembly Bill 339 addresses the situation in which an employee is scheduled to work 10 hours per day, four days per week, and is unable to work all 40 hours. The measure allows an employer to pay the employee only for the hours actually worked if the employee is not able to work 40 hours in a particular week for a reason outside of the employer's control. If the employee is not able to work 40 hours for a reason outside of the employee's control, then the employer is required to pay the employee overtime for any hours worked over eight hours during a workday.

Finally, A.B. 339 provides that an employee who is regularly scheduled to work ten hours per day, four days per week, is entitled to overtime compensation whenever he or she works more than ten hours in any workday.

Under current law, any day during which the employee works 8 hours but did not work 40 hours in that week, the employer is required to pay overtime. I urge your support for Assembly Bill 339.

GENERAL FILE AND THIRD READING

Assembly Bill No. 345.

Bill read third time.

Remarks by Assemblymen Bobzien and Hansen.

ASSEMBLYMAN BOBZIEN:

Assembly Bill 345 provides that wildlife in Nevada must be managed according to the best science available. For money generated by a $3 fee on game-tag applications, the bill allows such money to be used for research relating to injurious predatory wildlife and for management activities relating to the protection of game-animal species that are at risk of or historically

subject to excessive predation. The bill further requires the Board of Wildlife Commissioners to establish certain policies for programs, activities, and research related to predatory wildlife.

This bill provides what I believe to be needed transparency for how the money that sportsmen pay into the predator control fund is used. Predator control is certainly an important part of wildlife management, and this bill recognizes that. In fact, the existing statute does provide that the money should be used for research. This bill, though, makes that explicitly clear and urges the Wildlife Commission to set up policies whereby they can provide better reporting of those activities. In addition, I want to recognize that there was a lot of email that happened over the last 24 hours concerning section 1. Section 1 has been amended previously to make it explicitly clear that the wildlife in the state of Nevada must be managed according to the best science available. I urge passage.

ASSEMBLYMAN HANSEN:

I rise in opposition to this measure, A.B. 345. This goes back to A.B. 291 in the year 2001. I actually was very involved in this back then. What we did was we got a voluntary predator management fee on the deer tag application. For the last 12 years, people have been voluntarily averaging between $200,000 and $300,000 that have been given to this fund with the clear intent of managing predators, including much higher levels of actual removal of predators, and that's where the real sticking point has come in. What has happened is the Department of Wildlife has used all these funds mainly to do studies rather than do on-the-ground predator management. At this point, this bill doesn't harm that per se. However, what does change is the fact that all of these people for 12 years, including all of these people who just now put in their applications, thought those monies were being specifically earmarked for predator control efforts, not for another series of studies, and that's why I rise in opposition to it.

If they want to create a new fund, then fine and dandy, but what we are basically doing is we are going back and taking hundreds of thousands of dollars that had been earmarked specifically for predator control, and we are going to use those monies almost entirely for studies. That has been a huge fight for ten years between the Wildlife Commission and the Department of Wildlife and the Department of Agriculture and the federal wildlife management people. I would say that while the overall concept in the bill is fine, especially section 1, the use of scientific requirements—I'm fine with that—but the idea that we are going to take those fees that people have paid, clearly earmarked for predator control, and instead use them for studies is exactly what we've been fighting about forever. Mainly on the basis of good faith to all the people who thought that they have been using this for this purpose, I would urge us to say no. If we want to have a new fund, then fine and dandy. In the meantime, the funds should be used and allocated as the sportsmen had intended that paid this money voluntarily.

ASSEMBLYMAN BOBZIEN:

Thank you, Madam Speaker, for recognizing me for a second time. As someone who just recently put in my tag application, the fund is not voluntary. It is a $3 application fee on all applications. Additional monies can be voluntarily provided at the time of application, but it is not a voluntary fee.

Assembly Bill 348 establishes certain requirements for the governance of a foster care agency as well as certain requirements for the owners, members, volunteers, and vendors. A foster care agency must report certain information, execute contracts with a foster care provider with whom children are placed, and implement certain provisions for independent living foster homes, among other requirements. The bill also prescribes that foster care agencies can charge and collect certain fees and prohibits placement of certain children under certain circumstances.

ASSEMBLYMAN FRIERSON:

Madam Speaker, I worked with the Department of Child Protective Services, CPS and DCFS, over the interim preparing for this session to deal with the reality that we have children going into homes. We're not adequately providing the training and background checks and making sure that the facilities are appropriate for children. The worst thing that we can do to children in our foster care system is take them out of a bad situation and put them in a worse situation. Such an ordinance may authorize the city or county to request the operator of a tow car to abate a public nuisance by towing an abandoned, inoperable, or junk vehicle if certain requirements relating to notice and the opportunity for a hearing are satisfied. The operator of a tow car who is requested by a city or county to tow a vehicle to abate a public nuisance or condition must comply with state laws regulating tow cars and the operators of tow cars. Assembly Bill No. 374.

Remarks by Assemblymen Bobzien, Hansen, Ellison, and Elliot Anderson.

ASSEMBLYMAN BOBZIEN:

Assembly Bill 374 prohibits, with certain exceptions, a board of county commissioners from regulating or licensing or requiring any type of permit or fee for organizing, managing, or attending any assembly, event, or activity occurring on certain federal land if a federal agency has issued a license or permit for the activity or has otherwise authorized the activity. A board of county commissioners is authorized to enter an agreement to provide reasonable and necessary law enforcement services for certain activities licensed or permitted by a federal agency on federal land and to receive compensation for such services. Additionally, the county licensing requirement for certain assemblies and the prohibition on certain conduct and activities relating to assemblies does not apply to any assembly, event, or activity occurring on certain federal land that has been licensed, permitted, or otherwise authorized by a federal agency.

Madam Speaker, this makes very clear in statute what many counties have always recognized, including my home county, Washoe County. Festival ordinances enacted by a local government are not applicable to federal lands under the Supremacy Clause of the United States Constitution. What is appropriate for large events, such as the Burning Man festival held in Pershing County every year, is that local governments providing such services, particularly law enforcement services, should be a part of the event planning and should be properly reimbursed for their costs. In fact, in this particular situation, that has been the case for many, many years. What is not appropriate is a local government enacting an ordinance and merely handing someone a bill when the organizers already have to go through a federal permitting process. I urge passage.

ASSEMBLYMAN HANSEN:

I urge a no vote on Assembly Bill 374. What this really boils down to—let's start with the Washoe County ordinance, first of all. That has been thrown out quite a bit. I actually asked our own legal staff whether or not what Washoe County was doing was, in fact, legal. Here it is from LCB: "You have asked for an opinion concerning whether Washoe County is in compliance with statutory provisions regarding the regulation and licensing of outdoor assemblies. It is the opinion of this office that Washoe County is not in compliance with statutory provisions." So the use of Washoe County in this—in fact, Washoe County has not been following the law.

This involved Burning Man and this involves big, big dollars. They have to, by BLM requirements, give them a gross estimate—a 3 percent gross estimate—of the amount of money they are going to generate. In 2010, they paid $1.2 million; in 2011 they paid $1.6 million; and in 2012 they paid $1.9 million. That adds up if you assume that it is 3 percent of the gross. They grossed in 2010 $41 million. In 2011, they grossed $52 million; in 2012, $62 million. Now, how much do they actually pay in taxes to the state? Their total tax bill—the total amount they paid in 2010 on their own "After Burn" report—was $423,000. In 2011, that amount was $461,000. In 2012, with estimated gross revenue of over $60 million, they paid $155,000. Now, if you go back to 2003 when Burning Man had 31,000 participants, they paid, in payroll, just a hair over $1 million. In 2012 when they had 58,000 participants, they paid $8 million to themselves. In the meantime, little, tiny Pershing County, which is required under our own statutes—*Nevada Revised Statutes* 244.354 through 244.3548, which requires them to do certain things for outdoor events—and what did they bill? They billed a whopping total of $375,000. And what this really boils down to is that we have a very big, powerful corporation grossing

somewhere—they say up to $30 million. Let's use $30 million. They gross up to $30 million, then use their corporate power to basically intimidate a little, tiny county of 6,000 people with an entire county budget of only $8 million to provide all the enforcement, including court costs and everything else. On an itemized bill, Pershing County only charged them $375,000. Keep in mind, that same week they paid their own people $8 million. Yet they are accusing Pershing County of being the greedy ones in all of this.

I know there are some bills coming up where we are dealing with these kinds of organizations that come to our state and basically contribute nothing. I totally support that idea. And that is really what we are looking at right here. They have a federal lawsuit. It is going to cost little, tiny Pershing County $200,000, at least, just to defend what they did, what we required them to do, in a federal court hearing. They are in court as we speak. Somehow, Pershing County is the bad guy in all of this. Now I am going to tell you, it is not Pershing County that is the problem here. It is a big, powerful corporation making millions of dollars, and these guys try, very legitimately, to bill them for the services which are required under state law.

In the bill itself, in the digest in sections 3 and 4, it says "the prohibition on certain conduct and activities relating to assemblies do not apply to any assembly, event or activity occurring on federal land if a federal agency has issued a license or permit . .". What are we talking about right there? Well, if you go into the bill and you look at what we are actually saying that we can't do anymore, here is one of the provisions that do not apply anymore: "Knowingly allow any person at the licensed assembly to use, sell or be in possession of any controlled substance while in, around or near a place of the assembly." We basically took away the ability for our own law enforcement people to enforce the drug laws. That is in this bill that we are agreeing to do. Why in the world would we remove that?

Now, another issue. When we agree to say that the federal government is supreme in all these sorts of things, we are shooting ourselves in the foot because the federal government is supposed to work with us in a concurrent fashion. This bill allows Pershing County, and the language in the bill itself clearly says it will allow county government to enter into an agreement. In other words, there is no authority for the government anymore. If in this agreement Burning Man does not agree, the county has no authority anymore to force them to comply with the statutes that we put into place that the county is trying to obey. As we look at this whole thing and step back for a second, somehow the little tiny county government that is trying to stand up and obey the laws that we told them to do is the bad guy in this scenario.

There is a federal court hearing. Why are we getting involved in the middle of a court hearing that hasn't even been adjudicated? There are so many issues with this that it's hard to know where to start. But the bottom line should be this: When we have these big outdoor events that come into the state of Nevada and generate $50 million or more, it is not at all unreasonable to pay a very tiny slice of that for the law enforcement and the legal provisions that we require a county to provide. Three hundred and seventy-five thousand dollars out of somewhere between $30 million and $50 million is a drop in the bucket. I hope we step back and try to protect our own people in this.

We've got to look out for the little guy in this. The big corporation in this case is not the victim of some sort of greedy little county. They have enough money to pay their own people $8 million when only six years earlier they'd been paying only $1 million. There's a lot of money being made in this. It's not unreasonable at all to expect the county to at least cover their costs in these sorts of scenarios. Having said that, Madam Speaker, I again urge that we defeat A.B. 374, that we stand up for the rights and protections of our little counties—little tiny Pershing County, 6,000 people—and we allow the court process to go forward. Then maybe if we've got to clean something up in the future, we can do so. But for right now, this bill should be defeated and we should allow the courts to handle this and allow it to be adjudicated before we start making decisions determining whether Pershing County is the good guy or Burning Man is the good guy.

ASSEMBLYMAN ELLISON:

I stand in opposition to Assembly Bill 374. I think my colleague from District 32 has done a great job describing the impact on just one small county. I believe this bill negatively impacts local counties and municipalities by heavily restricting their authority. I also believe Assembly Bill 374 sets a negative precedent that could have serious, unintended consequences in the future. I urge members to vote against A.B. 374.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in support of this measure. I guess where I am coming down on this issue is I want to avoid litigation costs in the future. I think when we are talking about activities that are happening on federal land that are big and important to the economy like Burning Man is, we ought to provide some certainty. I think this bill provides some certainty. It makes clear when people can regulate an event on federal land if they enter into an agreement, and I think that is important because, like my colleague from District 32 said, Pershing County is now dealing with huge legal fees. It is better to wrap this up here with clarity in statute so that people going forward know exactly what they can and can't do. This bill does that.

ASSEMBLYMAN BOBZIEN:

Thank you, Madam Speaker, for acknowledging me for a second time. There was enough said that I wasn't planning on speaking for a second time, but I do believe it deserves a response. Assembly Bill 374 does not take away existing rights; it merely clarifies that when the federal government has issued a permit for an outdoor assembly on federal land, the county cannot impose its own duplicative and potentially conflicting permits. There is no hypothetical concurrent jurisdiction that is at risk, as that issue is a settled matter of county and state jurisdiction regarding federal lands under the Supremacy Clause of the U.S. Constitution.

This is not a de facto bill of attainder. This does not adjudicate guilt in any pending litigation. The bill has no impact on the county's ability to enforce state and local laws on federal land or to be compensated for reasonable and necessary law enforcement services it provides in connection with a federally permitted event.

Pershing County's decision to more than triple the amount it has charged Burning Man for law enforcement from $120,000 in 2011 to $375,000 in 2012, and then to increase the amount again in 2013 to $600,000, is not the subject of this bill. Whether these amounts are reasonable or excessive is the subject of the pending litigation. Burning Man is not a $50 million corporation that pays no direct taxes in Nevada. Black Rock City, LLC—the company—is a $23 million production company that is a Nevada limited liability company, and as such pays all the taxes that all other Nevada companies do.

Burning Man provides substantial economic benefits to Nevada—and particularly northern Nevada—across the region. Participants attending the event spend over $30 million per year in Nevada, and the company spends over $5 million a year in production and planning. I also want to point out that the implication that BRC is a wealthy organization that paid their administrators $8 million for a one week event is simply not true. BRC employs hundreds of people, with many year-round employees; its entire payroll is about $7 million. BRC's expenses for the event and its year-round activities are in excess of $22 million. Rather than making substantial profits, it has donated large sums to municipalities and charities in Nevada, including over $400,000 to Pershing County.

Madam Speaker, this is not about picking on a little county; this is about providing certainty, presenting a business friendly face forward for the tourism endeavors that we have in this state, and providing an opportunity for a fantastic event for all of Nevada.

ASSEMBLYWOMAN WOODBURY:

Assembly Bill 386 establishes a pilot program in the Clark and Washoe County School Districts for the administration of mental health screenings to students enrolled in at least one secondary school in each school district. It also requires a parent to affirmatively give his or her written consent to the proposed screening or the child will be exempt.

This measure requires the school districts to report program outcomes to the Legislative Committee on Education and Nevada's Department of Education, and the Department must subsequently compile the results and submit them to the 78th Session of the Nevada Legislature.

Assembly Bill 386 also ensures engagement and coordination with community stakeholders throughout the process of implementing the pilot program, specifies that a school district does

not have financial or referral responsibilities related to follow-up treatment that might be needed by a student who is screened, and provides for aggregated data collection to inform the possible development of future programs, resources, or interventions.

The Wall Street Journal reported that, according to the National Institute of Mental Health, half of all cases of mental illness start by age 14. About 11 percent of adolescents have a depressive disorder by age 18. Left untreated, such issues can lead to high dropout rates, substance abuse, violence, and suicide—the third leading cause of death in adolescents. I believe that early identification and intervention is the key for best outcomes. If treatment can begin at the earliest stages—before illness begins to manifest in both self-destructive and outwardly destructive behaviors—the individual has a much higher chance of recovery, and both the social and financial costs to society are greatly reduced. I urge your support of this pilot program that seeks to address mental illness at its outset by voting yes on A.B. 386.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of A.B. 386. I think this could be one of the most important bills we process this session. This bill has such a potential to help our children. My colleague from District 3 has crafted this carefully, in that it is optional. A school, the principal, will have to agree to participate in this pilot program, and a parent will have to opt in to administer the screenings to their child.

In my private life, I've been working in the juvenile justice arena, and I see so many children who end up getting arrested because there's an undiagnosed mental health issue. Oftentimes these children turn to drugs to self-medicate because of the problems and because of the help they're not getting at home. One story, I recall, was a parent who said in open court that she hoped her child would get arrested because then maybe she'd get the treatment that she needed. This bill has the potential to try to get kids the help they need before they end up in the system and before they've made choices that may prejudice their future.

Assembly Bill 395 prohibits a person associated with a common-interest community from willfully and without legal authority harassing, threatening, or engaging in a course of conduct against other persons associated with their community, if that conduct causes harm or serious emotional distress or the reasonable apprehension thereof, or creates a hostile environment for the other person. The prohibition applies to a community manager; an agent or employee of a community manager; a member of the executive board; an agent, employee, or offices of a homeowners' association; a unit's owner; and a guest or tenant of a unit owner.

The bill provides that a person who violates this prohibition commits a public nuisance and is guilty of a misdemeanor.

ASSEMBLYWOMAN CARLTON:

I believe I'm in opposition to this bill, but I do have a question since I did not get to sit in on the testimony on this bill. Is that correct?

ASSEMBLYWOMAN FIORE:

No, that is not correct. The law is the law. It just helps our homeowners and all of the associations out.

ASSEMBLYWOMAN CARLTON:

Madam Speaker, I believe I'm confused, then, because as I read this bill, to me, it applies just to residents of common-interest communities.

ASSEMBLYWOMAN FIORE:

Madam Speaker, may I ask my colleague from District 8 to help me out on this bill?

ASSEMBLYMAN FRIERSON:

Thank you, Madam Speaker. I believe that the bill refers specifically to HOAs and also property management companies. I think if there was a situation where there was a home that was not in a HOA or a property management association, they would not be covered under this bill. I believe it expressly refers to homeowners' association harassment by members of the HOA and by the property management company.

ASSEMBLYWOMAN CARLTON:

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Assembly Bill 440. Assembly Bill 440 extends the deadline for online and in-person voter registration to 5 p.m. on the Friday immediately preceding election day. The bill clarifies that persons who register during early voting are eligible to vote during the early voting period.

Madam Speaker, in the Committee on Legislative Operations and Elections, there was much testimony from the office of the Secretary of State as to the security of the current system and as to the almost nonexistent amount of fraud in the current system. However, there was also testimony as to thousands of people who registered during the early voting period, qualified electors, but who were not able to vote because they missed a deadline. Nevada's deadlines are some of the most onerous in the country in terms of being able to register to vote.

One issue that gets me is the fact that a qualified elector in a state that allows later registration would be able to vote, but here in Nevada, would not. This would simply push up the deadline for online registration and in-office registration—two very secure forms of registration, not mail-in registration, but the two very safe forms of registration—to the last day of early voting, and it would allow those new registrants to participate in early voting if they choose to.

ASSEMBLYWOMAN FLORES:

I rise in support of Assembly Bill 441. Assembly Bill 441 authorizes county and city clerks to create one or more polling places on election day at which any registered voter may vote in person, without regard to his or her precinct.

This bill, first of all, is permissive. It is not mandatory. It allows the clerks to set up, essentially, a voting center, and I think probably everyone here has experienced a time where we have had to help our constituents in finding their polling location. If they are already a registered voter, they can go to this voting center—if their county registrar has elected to set it

up—and they can vote without having to go to their actual polling location. This is obviously very important, because any way in which we can help our community vote is always something that's worth doing on our end as a legislative body. I urge this body to support this. It is only going to help our community, and again, this is permissive, not mandatory, and it helps those who are already registered to vote to actually be able to cast their vote if they're confused about where their polling location is on election day.

ASSEMBLYMAN HICKEY:

I rise in opposition to A.B. 441. We heard extensive testimony on this bill about the fact that Nevada has one of the most permissive and liberal, if you will, early voting periods. There is ample opportunity, and I think the evidence of that is the very high percentage of voters that participated this past November. There are plenty of opportunities for people to vote, and the communication of voter guides and things from the county registrars are extensive; they tell voters plainly where their polling places are. Finally—with regards to having the county set up, somewhat arbitrarily, polling places on election days—it has been shown in some studies that there could be an advantage to one party or another depending on where those locations were settled. I think what we have now is a system that's working well. We have high voter turnout. People, I think, have an opportunity, and certainly if they're paying attention, they know where to vote currently.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of A.B. 441. There is not one election I can remember where I have not received a call from a voter. Usually it's about 6:40 on election day; they go to where they've always voted for years, and they're told they don't vote there—they need to head a couple of miles away to the new polling place. They're not going to make it, or they're going to be frustrated and they're just going to give up. That's always heartbreaking to me. In Clark and Washoe Counties we've had, as the Minority Leader said, very successful early voting, and early voting in Clark County does not discriminate in terms of where someone lives. You can show up to any of the early voting sites all around the county and you can vote; it doesn't matter what part of the city you live in. I think that leads to a problem on election day because we've taught people that during this two-week period of early voting, you can show up at any of the sites and vote, but on election day, it's back to the old fashioned way things work, and you have to go vote at the polling place in your neighborhood.

This will increase participation. One statistic that the Minority Leader cited—the 90 percent turnout in the last election—that's great, but our Committee also received data during our hearings that we have over 60,000 eligible but not registered. When you factor that into it, Madam Speaker, that means that less than half of the people eligible to vote—qualified electors—are participating, and anything that could increase participation, I think this body has a duty to support. I urge your passage.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 441. I'd like to share a story with you. Years ago, I wanted to vote on election day and showed up at my polling place. I was working the 7-3 shift at one of the hotel casinos, and by the time I got there, I stood in line for a couple hours—and it was one of the years where we had a very, very high turnout—and had to ask my husband to stay at home and wait for the Girl Scouts to show up because I couldn't get through the polling place in time.

Having polling places where people could go anywhere on election day and that was close by—especially when you're a Strip worker and you work the day shift, you have to be there at 7 a.m. or 8 a.m., you need to be in the parking garage at least a half an hour to 40 minutes earlier, and it takes you that half an hour to 40 minutes later to get out of it—it would be so much easier. Transportation can be a huge issue, getting on and off of our major tourist quarter when you're an employee down there, so I think this would be a definite advantage to the thousands of folks that we have working on the Strip every election day.

Assembly Bill 459 allows a school facility's panel to remain dormant in effect, unless they have duties required by the statute.

As we all know, there's not always a lot of construction going on, and so this bill was a compromise between the school districts and some folks who were concerned about this panel remaining active to still stay around and to still be there for when construction does start. This does provide for some leeway to the school districts so they don't have to provide administrative support when there's no construction going on.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Assembly Bill 494 makes several changes to the structure and responsibilities of the Nevada State Funeral Board including the name change of the Board to the Nevada Funeral and Cemetery Services Board. The number of Board members is increased from five to seven and several other requirements.

I had the privilege of being the chair of the Sunset Subcommittee—privilege or maybe a curse. It was a committee that was enacted last legislative session by a bipartisan effort, both from the Assembly and the Senate, both from Rs and Ds, and we were tasked with reviewing boards and commissions to make sure that they served the purpose of Nevada. This was one of the boards that, after several attempts for several years for us to be able to get them to do their job, failed repeatedly, but I guess this board believes in resurrections. They have come together with some help from former Governor Bob List and others to try to get it right for Nevada, so it does make some very strict changes. It also gives them a probationary notice to come back to the Subcommittee and report back to us every six months. I'm just the messenger, but I've learned a lot about boards and commissions in Nevada, and this is a way for us to put them on notice to make sure that they still serve our state.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Assembly Bill 496 makes various changes to the Clark County Sales and Use Tax Act of 2005. These changes include temporarily suspending the provisions which prohibit these tax revenues from supplanting or replacing existing funding for police departments until July 1, 2016; requiring additional reports to be filed relating to the expenditure of revenues during the period which these provisions are suspended; resetting the base year for determining when the use of these sales tax revenues supplant or replace existing revenues; and authorizing the imposition of an additional sales and use tax rate of up to 0.15 percent in Clark County, which may become effective no earlier than October 1, 2013. In order to become effective, this rate must be approved by a two-thirds majority of the Clark County Commission.

ASSEMBLYMAN STEWART:

I rise in support of A.B. 496. Our police force is being depleted in southern Nevada. We're 400 officers short of what we were back in the last decade. Crime is increasing by approximately 13 percent. They are stretching themselves throughout the county, and I'm very much in support of this bill. I'm in support of it because our neighborhoods need protection. My grandchildren, your grandchildren, all of our grandchildren need protection, and our tourists on the Strip need protection. I urge you to support this very important bill.

ASSEMBLYMAN HEALEY:

I rise in support of this bill as well. My district is in the far southwest part of the valley, which falls under the Enterprise command. Enterprise is one of the largest in our state and certainly under resourced; we oftentimes have long waits for 911 calls, which I was unfortunate enough to witness myself. I have worked very closely with our area command, and it comes down to resources. It comes down for the ability to have black and white vehicles on our streets and in our community, and it would be wonderful to get back to a part where our police force could actually be community policing versus response policing. It would be wonderful to get back to a part where our officers could get to know our business owners and our residents in the areas and commands they protect and serve every day. Unfortunately, they don't have the ability to do that because they don't have enough resources to keep up with the rising crime that our valley has seen.

Switching gears a little bit to my professional career, being on the Strip, our number one industry continues to be tourism. Unfortunately, we saw a terrible disaster just a week ago here in our country and what it takes in order to take control of a situation and handle a situation appropriately, which Boston and the surrounding jurisdictions did beautifully. Being on the Strip and being in charge of one of those buildings, it scares me every day to think that we could potentially have disaster hit our tourist district. And do we have enough resources to respond to that? No, we don't. It will take one incident—like what we saw in Boston—on our Strip to

tragically impact our state and put people back out of work and to shut down businesses, and we can't afford that. Are there concerns operationally about money? Yes, absolutely, but just as with the school bill—the measure on the bill that just failed and now we don't have enough money to build schools—it's a similar situation with our police force. If we don't invest in our police force and give them resources, our sheriff will have no choice but to reduce forces even more. We cannot allow that. We must stop the bleeding, and we must get back to a part where our police force can be there to be part of the community and not just respond at a time of need. I urge all of us to support this measure. Thank you.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

Assemblywoman Bustamante Adams, I just have a clarification that I want to make sure gets addressed on the other side. I believe the Committee talked about some accountability measures—how many officers would actually be put in place, some amendments that were talked about in Committee on the body cameras, how many officers across Clark County would be accounted for so that we could hold the police department accountable for the dollars that were spent—so could you refresh my memory? Those were part of the discussion in the Committee, and they were going to look forward on the other side to putting those in place?

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Yes, Madam Speaker, those issues were answered by the sheriff, and in addition to the amendment from the NAACP, that has been provided so that we can address it on the Senate side.

ASSEMBLYMAN BOBZIEN:

Assembly Bill 187 specifies that the single document rule does not apply to the sale of a motor vehicle in which, by agreement of the parties, a device has been installed that can disable the vehicle remotely. The bill also provides for regulation of the use of such devices in relation to the financing or leasing of a motor vehicle. It prohibits a party financing or leasing a motor vehicle from requiring a buyer or lessor to agree to the installation of such a device as a condition of a retail installment contract or lease agreement. The measure requires certain

disclosures and notice requirements and specifies that a violation by a secured party or lessor is a deceptive trade practice.

ASSEMBLYWOMAN COHEN:

Assembly Bill 421 modernizes Nevada's laws on assisted reproduction. The bill provides definitions of appropriate terms; identifies the circumstances in which a parent-child relationship is established and in which a person is and is not the parent of a child; and addresses the effect of a divorce or termination of a domestic partnership.

Assembly Bill 421 also provides that court hearings related to assisted reproduction are confidential, addresses the effect of noncompliance with a gestational agreement, provides that a gestational carrier or donor may receive reimbursement for expenses and economic losses, and requires consideration, if any, to be negotiated in good faith between the parties. The bill also repeals obsolete statutes.

ASSEMBLYMAN HANSEN:

I voted against this bill in committee, although, honestly, the bill is an excellent bill for what it does. The reason I did is because of what they are deleting from the language. What is deleted says that two persons whose marriage is valid under Chapter 122 of NRS may enter into a contract with a surrogate for assisted conception. Since these are very, very well planned pregnancies, I believe that any kid coming into this world has the right to have a legally and lawfully wedded mother and father. I realize that is out-of-date, and the attorney who presented the bill said that no longer applies. But I have been watching now for 40 years as our society has changed to where now we have over half of our children born in illegitimate situations, and we have this huge rise in poverty in our state. We have this incredible number of young women who are living in poverty trying to raise children.

Just to close this out real quick, I have been doing a lot of homework on the education situation in Nevada, and I went back and read all of the State of the State speeches. Here's what Governor Bryan said—he was the first one who actually came up with this—where this change started to occur. He said our schools, particularly our teachers, are facing new heretofore unknown challenges. By 1991 one-half of our students, at some time during their schooling, will come from single parent families and one in four will live in poverty. Students will come from more diverse backgrounds with less support from home. I only want to bring that up because we have a whole lot of marriage things coming up and if we really, truly were worried about helping children stay out of poverty and helping women, in particular, avoid being single parents, these so-called traditional values that most of us are actually old enough to have grown up with—I don't think we should be so quick to throw those things out. When you are dealing with marriage, you're talking about an institution that has been going on for at least four or five thousand years. Just a little food for thought.

ASSEMBLYMAN FRIERSON:

Assembly Bill 421 ironically, attempts to, in some way, address our single parent situation by adopting measures that adapt to modern times. Assembly Bill 421 seeks to acknowledge those individuals that come together to serve as a stable parenting source for these children, and I think it is ironic that the concern about this is single parent homes when Assembly Bill 421 simply attempts to address that by allowing parents who have parented children in a nontraditional way to provide that source. Having experience in family court and seeing the foster care system firsthand, anything we can do in a modern world to make sure these children have a stable parent situation that is stable for their entire childhood is a positive step forward and a way for Nevada to move forward and catch up with the rest of the country.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 486 allows certain telecommunication providers to apply to the Public Utilities Commission of Nevada for relief from the duty to provide basic network and business line service when certain alternative services are available. The measure prescribes the procedures to be followed by the PUCN in reviewing such an application and allows the PUCN to require providers to continue service under certain circumstances. The bill also gives the PUCN the authority to regulate certain telecommunication providers under provisions of federal and state law. Finally, A.B. 486 removes obsolete references to telegraph lines and equipment throughout the *Nevada Revised Statutes.*

Madam Speaker, you know that you, my colleague from District 32, and I held many work sessions on this bill, and we did meet with all of the parties to compromise on how the state of Nevada would move provider of last resort relief for the telecommunication industry in a direction without leaving the consumers in the state in a state of uncertainty. My colleagues and I feel very confident that we have scaffolded the process in a way to ensure that we educate our constituents about what this change means for them, ensured that we have the necessary protections in place, and we also feel that we have created sound telecommunication policy, moving our state into this next frontier of telecommunication modernization.

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to each member of the staff of the Assembly.

Assemblyman Horne moved the adoption of the resolution.

Remarks by Assemblyman Horne.

Resolution adopted unanimously.

Assemblyman Horne moved that Senate Bill No. 139 be taken from the General File and placed on the General File for the next legislative day.

Motion carried.

REMARKS FROM THE FLOOR

Assemblyman Horne requested that the following remarks be entered in the Journal.

Motion carried.

ASSEMBLYWOMAN FIORE:

I would like to introduce Jen Scaffidi. I'll tell you, everything you need to know about Jen is contained in one little plaque that I got her last week, and it says, "I'm not bossy, I just know what you should be doing." I am really, really fortunate to have Miss Scaffidi as my attaché because she really does know what I'm supposed to be doing and where I'm supposed to be at all times. I thank her for serving with me.

ASSEMBLYMAN KIRNER:

A long time ago, I realized that any success that I may have in life I owe to others, and this is no exception. I owe much to my attaché here, Linda Law. It's a great thing in the morning to come in and see her smile, to enjoy her demeanor, and have her as my counsel. I appreciate you, Linda, and I'm glad to have you here. She's a veteran of Governor Guinn's tenure, she has worked at the LCB, and she's my "go to" person. So thank you, very much.

ASSEMBLYMAN WHEELER:

I'd like to introduce everyone to Marilyn McElhany. She has been in government for years and years and years—just a few years—and without her, I could not find my rear end with both hands. It's just that simple.

We also have another great lady, Leana Garcia. This is Leana Garcia, my attaché who helps Marilyn help me. Thank you.

ASSEMBLYMAN ELLIOT ANDERSON:

With me today we have Sharon McCallen. This is Sharon's fifth session here at the Legislature. She came here after spending 20 years with the Department of Education, so she fits in really well. One of the things that I'm really proud of Sharon about is she's always in here when I come in on the weekends when I'm up in Carson City getting work done; she's always in there buzzing away on those minutes and getting them done, and I've heard she has the fastest completion rate in the building, so I needed to brag about that a little bit.

Jacque Lethbridge is actually sitting over there with the smooth Chair of Transportation from District 18, despite last session's "northern wife" incident. I'm sure she's only doing it because he gave her a window office on the third floor; otherwise I know she'd be hanging out with us. Anyway, Jacque pulls double duty with our committee and the Transportation Committee. She and Sharon make a great team, and they have always stayed late together during our long joint meetings, so I really appreciate her as well. Thank you, Jacque.

Ashlynd Baker is right over here, and she's a new face in the Assembly. She's here this morning, I believe, for the first time. She just started with us and will be working with us. We're happy to have you here, and we promise to be much nicer to her than we are to her dad, who sits up there with the Chief Clerk.

Finally, we have Andrew Diss. Andrew Diss has been a friend of mine since 2009, and he's a great committee manager—he's a great, fantastic committee manager. This is his fourth session. He has been here as an intern, he has been here managing Commerce and Labor, and with all the bills that he had to deal with there, I got lucky getting Andrew as a committee manager. I'm really glad to have him here, and I appreciate all his hard work in making me look a lot better than I would without him. Thank you, very much.

ASSEMBLYWOMAN SPIEGEL:

I am pleased to introduce everyone to my attaché, Barbara Mickle. Barbara has been in Nevada for two and a half years and hails from the great state of New Jersey where, among other

things, she was a deputy attorney general. Her advice and counsel is always wonderful, and one thing I have to tell you is that she has got an amazing sense of humor. On those days when things get kind of tight and nerves get kind of raw, Barbara is there helping with sage advice, a smile, and a joke. I appreciate her very much, and I want to thank her. Just so you know, her favorite color is aqua in case anybody ever asks. After session, her goal is to get a yellow lab. Please thank her with me.

ASSEMBLYMAN HEALEY:

It's with great pleasure that I get to introduce my attaché, Miss Patti Flasch, and also the building's chief barista at Healeybucks. We invite you up to Healeybucks anytime; our menu is on the window. That just goes to show you the great personality that Patti brings to our building and particularly to my day. She always beats me in here in the morning and gets the office going. She is a 20-year resident of Las Vegas, where she was the executive assistant to Dick Foster Productions, so she has been in the entertainment world forever and keeps me entertained along with many of you as you come to enjoy her candy bowl. It is really a pleasure to work with somebody who really brightens up the day and keeps me well organized. Thank you for all your assistance, Patti.

ASSEMBLYWOMAN COHEN:

I'd like to introduce Jaunice Franzen. I'm really lucky that fate brought us together in Carson City—and it was really fate because we were kind of thrown together. She is a woman of virtue and she keeps everything moving smoothly in the office. Thank you, very much.

ASSEMBLYMAN OHRENSCHALL:

I am privileged to have at my desk my committee manager, Patricia Hudson. Patricia and I have been friends for about ten years now. She has come back and decided to do another tour of duty with me session after session after session. I don't know where I'd be without her. She gets me to my committee meetings on time—almost on time—but that's my fault,. Patricia is a retired educator who served for 30 years in the Washoe County schools, a native of Sparks, and just a wonderful person. We stay in touch in the interim, and I've been able to see her family grow, her kids and grandkids, and she has been able to see my family grow. Pat, I'm really lucky to have you.

I'm going to bounce over to the desk of my colleague from District 3. I have got Karen Pugh, who has been here with our Legislative Operations and Elections Committee. Karen has led a very, very interesting life. She pursued a lot of studies, lived on the East Coast, on the West Coast, and for quite a while worked in the motion picture industry in Hollywood. An interesting story is when I found that out, I told Karen about my plans, before I decided to go to law school, of moving down to Southern California and pursuing an acting career. Karen told me that I made the right decision of going to law school. With a face like mine, it was a good thing I pursued law and public service. Karen, it has been a pleasure working with you, and thank you for all your hard work and making this committee run as well as it has.

Next to Karen, I've got Jeanette Dean. Jeanette is an intern from the University of Nevada, Reno. She's working on her degree in political science, and Jeanette has just been so valuable and helpful in terms of policy work. She has helped me so much with Assembly Bill 147—the bill on breast cancer—and she has strategized, she has reached out to all of the stakeholders, and she has just been wonderful. She is going to be a true, wonderful public servant when she finishes school and decides what she wants to pursue. Jeanette, thank you very much.

Madam Speaker, if you might indulge me, two of our members are not with us today, and I'd like to introduce their staff. At my desk I have Jan Stokes. Jan serves with our colleague from District 3, and Jan is someone I have gotten to know over the years, too. I value her and I really appreciate her friendship. She and Pat have both been good friends. When Jan is not here at the Legislature, Jan works at the Secretary of State's office; she manages the Confidential Address Program, which protects victims of domestic violence and sexual assault. She has managed that

program for the last three years, and she has worked with our colleague from District 3 for the past five sessions. I always look forward to seeing her smile in the morning and the cheery words that she has to say. I know she has been a wonderful help to our colleague, the Deputy Majority Whip.

I'd like to next turn to my colleague from District 5, who is also not here today. Her staff is sitting at her desk. Terry Horgan: This is Terry's eighth session as a committee secretary, which I think most of us find hard to believe. Janel Davis: It is Janel's second session as a committee secretary, and I'm told that she is the tech guru for our colleague and for the Health and Human Services Committee. Harle Glover: This is Harle's nineteenth session. She retired from the Chief Clerk's office in 2005—that's a wonderful record of service. Macy Young: I'm not sure if Macy is present, but it is her first session. She is going to UNR and she's majoring in biology and pre-med. I know we all appreciate you. I'm sorry that my colleagues from Districts 5 and 3 weren't here, but I know how much they appreciate you; I sit next to my colleague from District 5 in Judiciary and I hear about it. Thank you very much, Madam Speaker.

ASSEMBLYMAN BOBZIEN:

We have a great crew this year for Commerce and Labor. Jessica Nitti came to me as a big unknown. In fact, we were sort of racing over the winter time to get together and have an interview, and we ended up having to do it over Skype, which was a first for me and probably a first for her, too. She came highly recommended, and I have to say she has been a fantastic attaché. I have a little bit of a reputation for being kind of difficult to deal with now and then, and she has been able to bob and weave and knows my next move before I do most of the time, which is fantastic.

I also want to introduce Leslie Danihel. Many of you remember her. She has been here for a few sessions, and I feel very fortunate to have her as the committee manager for Commerce and Labor, because she knows that committee, she knows the issues, and she knows the players. The bonus is that she is a huge hunter. Right when I get in the mood to talk and swap stories about my sporting exploits, this one—with all of her African trips and all of the different species that she has hunted—has amazing stories, and we have some good times talking about that.

Earlene is such a sweetheart and we talk parenting, because she is a devoted grandma and she really, really is. It is so wonderful having her presence, her calmness, and her energy in the office every day. I'm very appreciative of that.

Julie Kellen comes to us very new. I've already lost two committee secretaries this session—I hope I don't lose any more—but so far, so good. Seamless transition, and I'm very appreciative of how quickly she has picked up.

Sharing some duties, I want to give a shout out to Olivia Lloyd, whom all of you know. Olivia has one of the best senses of humor in the building, if you haven't picked up on that; spend some time with her if you've not talked with her, because she's a sharp one.

So again, as we all say—it sounds like a broken record, but it is true—when people ask me about what is the best aspect of our service in Carson City in the Assembly, I always say it is the staff. We have the privilege of working with some amazing people, so I want to express my thanks. Thank you.

ASSEMBLYWOMAN CARLTON:

When I first was given this task of Ways and Means and came to Carson City and visited the office, I was quite impressed to say the least. I went into my office and then the side offices and was walking around and thought, "This is pretty good. I've got a good crew here. There are some folks here; we can get this done. No matter what I do—how bad I mess up—they'll be able to fix it." Then I opened a door and saw that there were more offices back there. I was like, "Oh my goodness. How many people work in this office?" I'm here to tell you there are a dozen of them to keep up with me, so I'd like you to meet my dozen staff.

I have Patti Adams, who is my committee manager. It's her fourth session with Ways and Means. She retired from LCB's Legal Division after 14 years, and she's a native Nevadan from Las Vegas.

I have Linda Blevins, who is a committee secretary. This is her fifth session with Ways and Means and Government Affairs. She was with state government for 15 years.

Anne Bowen is a committee secretary. This is her sixth session with Ways and Means. She retired from the State Public Defender and other attorney duties after 25 years.

Connie Davis is the lead secretary. This is her seventh session with Ways and Means. She retired from LCB fiscal after 28 years in state government.

Nate Helton—our newest young member—is a committee secretary. It is his first session with Ways and Means, and he had a session as an intern with Mr. Bobzien. He is currently attending UNR with a political science major. He's a native Nevadan from Fallon.

Diane Hudson is our proofreader—second session. She is a retired librarian of 18 years and has been in Nevada since 2010. She is originally from Illinois—my home state.

Sherie Silva is a committee secretary. This is her fourth session with Ways and Means. She retired from LCB's Fiscal Analysis Division after ten years. She is another native Nevadan from Fallon. Sherie is currently an IFC secretary.

Carol Thompson is a committee secretary. This is her eighth session with Ways and Means, and she spent one session with Mr. Bob Price. She is retired from the Parole Board with a total of 30 years from state government.

Janice Wright is a committee secretary. This is her third session with Ways and Means. She retired from state government with 30 years of experience.

Cindy Wyatt is my committee assistant. This is her second session with Ways and Means. She retired from the Washoe County District Attorney's Office as the chief investigator with 35 years of service.

Ted Zuend is our other proofreader. This is his fourth session with Ways and Means. He retired from LCB's Fiscal Analysis Division after 20 years, and has a total of 27 years with state government.

Mary Lee, who on the sheet of paper says is my personal secretary, but she's more than that; she's my friend. She has been with me for four sessions now, and every session we've had a new office so, Madam Speaker, we would like to not have to move next session. She retired from state service with 30 years in social work and had a secondary degree in paralegal. If anybody has been trying to add this up, before you—in these dozen people—you have over 235 years of experience keeping me on track. I would like you all to really show your appreciation for them. They do all the work, and they're the ones who are going to get us ready to go home.

ASSEMBLYMAN HOGAN:

I'm really happy to have this opportunity to introduce my attaché, Mr. Greg Martin. Before long, he became known as Mr. Greg Arias because he becomes an instant friend with everyone, up and down the hall. He knows them, knows their names long before I do, and becomes a bonded buddy. That's very helpful to have your staff people well connected within the first days of their activity with you. When I first came, I had an odd reaction to the use of the term "attaché." I thought it was kind of odd to pick an old French word like that. It worked real well when I just modified it, and I refer to Greg as "my Apache" and that's with great respect for our Native American people in our state, and I mean it very respectfully. He is a very hard worker. He knows the work, he learns the work very, very quickly and has become absolutely necessary to my existence in any number of ways. Finding mysteriously disappearing hearing rooms and such things as that, he has done wonders. He also had the remarkable opportunity, along with all the rest of his family, of being my constituent for ten years. Finally, after that much association with his mom, his dad, his brother, and his little dog, we decided that we probably should be a team. So I was really very, very glad to get this very public spirited, politically active, gay man to join me here and carry out the duties of an Assemblyman and an Apache. I should also add that he is a retired educator, as certain others were here in the introductions, and that also is very

helpful. We do a lot of work with the school systems, and he was gregarious with them in his day so he knows all the people I need to talk to. Sometimes he just goes and does the talking himself. I'm very appreciative of having Greg here.

ASSEMBLYMAN CARRILLO:

I want to introduce my staff one at a time. I have Jacque Lethbridge, who we know is also the committee secretary for Education. She worked in the 2007 Session, and she is glad to be back, even after being the committee secretary of my committee. She retired in 2012 and she's an avid quilter and scrap booker, loves to read, goes camping, and dabbles in genealogy. Just to let the body know, she is actually directly related to our 16th President of the United States, so that is going to be a trivia question later on.

Next, I have James Fonda. He is a senior at UNR in criminal justice. It's his first session here. He loves to travel, play sports, and he hopes I will adjourn early tomorrow so he can play softball.

I have Olivia Lloyd, who works, of course, in two different committees as well. This is her fourth session. I have to say one thing about Olivia. She always has a smile on her face and always makes you feel welcome, even in your own committee. Sometimes when you look in the audience she is the only smiling face there. Thank you, Olivia.

I have my attaché / committee manager—I'm married in Las Vegas and last session I called her my southern wife, and I referred to Ms. Zermeno as my northern wife, and the white flags went up immediately. After that, I think the Speaker cut my mic off, and that was the end of that one. I had no reference of northern wife on my sheet here, but thank you for ratting me out and putting me on the spot. She is a political science major, and she is very active in her community. One thing I have to really say, is when we were coming through the election process—of course I was going to be running for office again—she called me up and wanted to know if there was an opportunity to become my attaché for the second session. I said, "Well, of course, but let me get elected first." After I filed and found out there was nobody running against me for the election cycle, I called her up and told her to pack her bags. She has been wonderful as a committee manager and attaché. I have to say she has a great sense of humor to put up with me. Sometimes she gets my jokes, sometimes she doesn't, so then I have to sit her in my office and explain it to her. But she is a wonderful person, and anybody who stops by can guarantee getting a smile out of her as well. Thank you, Cindy, for all your hard work.

ASSEMBLYMAN HANSEN:

I have been exceptionally blessed with my attaché. She has a motto. It is "Ira, I would agree with you but then we'd both be wrong." Cindy has been in this building since 1989. This is her eleventh session. When you hear the people she was with—Marvin Sedway in Ways and Means; Gene Porter when he was Majority Leader two times; in the 1995 Session, Lynn Hettrick—she was his attaché when he was Co-speaker; Bernie Anderson in Judiciary; Ellen Spiegel; and then with me—this is her second session. She also spent two years with Don Williams in Research. She has a lot of experience in this building. And I remember last time when I mentioned that, Speaker Oceguera said, "How the heck did she end up with you?" That's a long story. We won't tell that one.

If you think I'm a little bit radical occasionally, trust me, she really keeps me calmed down, and with her experience in the building, she knows how to say, "I just don't think you should probably say that, that way, Mr. Hansen." Also, for us, we both have a deep love for Nevada history. The displays that have been done—the Chief Clerk has been stealing her from me quite frequently to put on these wonderful Nevada history things—we have more fun talking about Nevada history. If you ever come in my office, I have a whole bunch of Nevada history books. While we are supposed to be doing our work, we are actually doing a lot of homework on that—that's our little secret. But it has been an absolutely wonderful experience to work with Cindy, and as you can tell, she's got the experience to help keep me in line and hopefully help us all do a little bit better job here. Thank you very much, Cindy.

ASSEMBLYMAN PAUL ANDERSON:

It is my pleasure to introduce Pat Hartman. She has been a wonderful person to work with, and I'm sincerely blessed to have her in the office. As it's my first session, I needed someone who would be able to guide me and keep me in line, and she has done a good job at that. She is a great sounding board. We talk a lot about our families, and it is certainly a pleasure to work with her. She asked that I do not go down her resume, so I'll respect that and not do it. But it is certainly a pleasure to work with her, and I appreciate her efforts on my behalf.

ASSEMBLYMAN DALY:

I'd like to introduce my attaché and committee manager, Mary Merry. It is her second session. Last session she was with my colleague from Reno. She is helping me with my committee. This is my first time running a committee and her first time as committee manager as well. So there is a lot of action, and I told the Chief Clerk that we had to get someone that wasn't adverse to a little cussing. She hears a lot in my office. We work together very well, and she makes sure I get all my work done. She usually can predict what I'm going to do next, but every once in a while, I try not to yell at anybody. I haven't ever yelled at her and she hasn't had to yell at me, either.

We also have Cheryl Williams, who introduced herself the first day in our committee, because I had them all do that. As a native Native American, we were talking, and I found out that I used to work with her dad when I was a younger man in construction. He was a delivery man for Basalite Materials, and I was a hod carrier many years ago, and thinner then, too.

My staff has helped me a lot with the committee, and I appreciate their help and thank them for being with me today.

Our other committee secretary is in Colorado. I think most of you probably remember Mistia Zuckerman. She was pregnant two years ago. I first met her when she worked on the Dina Titus campaign. She is in Colorado and transmits electronically. Thank you.

ASSEMBLYMAN EISEN:

At my side is my attaché Jenny Polek. She has been very much at my side since just before we started session. Jenny is new to the Legislature and, in fact, relatively new to Nevada—she comes to us from the state of Washington—our gain, their loss. She had worked previously for U.S. Senator Patty Murray and has been absolutely amazing. I cannot count the number of compliments I have gotten on Jenny from visitors, from other staff members, from other legislators, that she always has a smile on her face, no matter what I have dumped on her desk or what she is attempting to clear off of my desk. She is incredibly efficient, in fact, so much so that she has been able to help out other staff in the building to catch up on work when they needed it. She has not needed any help in deciphering my writing, which I thought was fairly impressive. We knew that we were a good fit very early in the session when I made a reference to Airplane, the movie. She immediately began quoting the movie for me, so we were kindred spirits. It was clear at that point. I appreciate all the work that she has done for me and for our constituents and will continue to do throughout the session.

ASSEMBLYMAN HAMBRICK:

In my first term, as all freshman legislators, we are interviewed by the Chief Clerk. I talked to Susan Furlong at length, and she looked at me, sort of tilted her head a little bit, and said, "I have just the person for you." In my first session, I referred to her as "pistol." She has done nothing to diminish that reputation in this building. This is her fifth session, and her second session in the same office. Oh never mind, that's a different story. Think about it, okay?

Sherry is a mentor to many of the attachés in this chamber. She is a secondary photographer for many of the committees and the staff, and she is very involved with the yearbook. She and her husband run a small store in Silver City, so on your way to Virginia City, stop by Doodads and go in and say hi. Just a side note, her husband was recently inducted—about two years ago—into the Las Vegas Rock and Roll Hall of Fame. She and her husband have a small

band—very, very talented. To say she is the brains of the outfit is an understatement. She has kept me out of trouble more times than I care to admit, as most of our attachés do. I'm very, very grateful. Susan, thank you for picking her for me.

ASSEMBLYWOMAN DIAZ:

To my side I have my right hand, Sylvia Dominguez-Curry. This is our second session serving, and she was brave enough to come in and serve with me my first session when I was pregnant and I was going to have my son my first session. She was so instrumental then, and she has continued to be so instrumental for me. You know you have someone that truly stands by your side at all times when your son throws up on them, and they don't give up on you. They just politely say, "I got to go." Every time I've needed her, she has been there for me. She is my family away from Carson. I really value all the work. I get tons of compliments time and time again about how great she is and I just hope she knows that I really value her. I won't come back if she doesn't come back.

ASSEMBLYMAN MUNFORD:

Standing here with me is, first, my intern, Jake Holder. Jake is quite resourceful. He is very helpful, and sometimes he thinks he is an elected official. He tries to tell me what to do. I think he has also been a candidate for office because he ran against John Oceguera for congressman. I think he does have hopes and aspirations and goals and objectives. I hope he fulfills those dreams and those wishes. He has been a very good help, and I've enjoyed him being in my office.

Next is my attaché Robin Valentine-Kindred. She has been a real asset to me. She has really helped me. She doesn't get me on time, though, to meetings. She tries. I tell her, "Have the television on and see what the committee is doing. Is the chairman there yet?" Anyway, she has been really an asset to me. She has also worked in a previous legislative body. She worked in Hawaii, and she was there with their legislative body. She always compares what they are doing in Hawaii with what we are doing here in Nevada. She is a very outstanding, wonderful, resourceful attaché, and I really enjoy her. She has made me look good on many occasions, and I have really enjoyed her company. I hope, if I return, she will be my attaché next session. Thank you.

ASSEMBLYMAN STEWART:

It's hard to follow my colleague, my goodness. I'd like to introduce my attaché, Sara Menke. I have a reputation for being a little hard on attachés. It's my fourth session, and I have had only one come back. Sara was a little behind on some of her work, and so she is still up there finishing up. Hopefully, she will be down here in a few minutes. Is she out there yet?

Sara is a great help to me—a very hard worker, as you can see. She is probably the only attaché who is a grandmother, and she rides Harleys. I have great respect for her. She has become more than an attaché. She is a friend and she is actually, today, taking care of some family business. I appreciate her very much, and I hope she will come back for a third term. I'm not quite sure; she is still debating that. Thank you.

ASSEMBLYMAN SPRINKLE:

Standing right here next to me is Anni Glogovac. Just a few minutes ago she said to me, "You know, you better not talk about me as long as everybody else." If there is one thing that I learned way back in January is that I do whatever she tells me to do. All I will say is that with both of us being freshmen, we kind of looked at each other and shrugged our shoulders and said, "You know, I guess we'll figure it out together," and that's exactly what we have done. She has been there for me constantly, and it is always that face that I look for when I walk into my office.

ASSEMBLYMAN FRIERSON:

First, to my right is Gariety Pruitt, my committee manager. I've known Gariety for some time before session, and it didn't take me long to realize that she is made for this. Gariety has a

bachelor's degree in political science and a dual master's degree in elections and campaign management. Clearly she is smarter than me because she decided to work on this side rather than actually run for office. She has a miniature pinscher terrier mix that she's very dedicated to, and she absolutely keeps me on track. She knows our bills better than I do, and that's without a doubt. She is absolutely a taskmaster.

To her right is my attaché Judy Molnar. She also asked that I do not go into depth on her background. I will say that Judy is dedicated. She drives almost an hour, one way, every day. She comes to us from Markleeville, and I am committed to having dinner with her over at La Ferme at some point before session ends, since she has to drive by there anyway. I will say that my son has not thrown up on her yet, but there is always tomorrow.

I also ask that our staff stand up. We have with us Nancy Davis. I will be brief. They are so understated but they are so helpful, and I tell them all the time. I am fiercely protective of them because they do such a great job. I feel like they are my army. Nancy Davis is in her second session. She has been married for 35 years, has two daughters, five grandchildren, and five step-children along with a Goldendoodle.

I also have Linda Whimple. She is in her second session. She graduated from Carson High School, and she lives in Fallon with her husband. She has two daughters, two sons, and two Yellow Labs.

Thelma Reindollar is in her first session. You wouldn't know it because she has done such a phenomenal job. She's an avid snowshoer. She has backpacked all 165 miles of the Tahoe Rim Trail, and she has done a couple of 100-mile century rides.

Dianne Harvey is in her first session. Her other job is as a substitute teacher. She has her master's degree in education and she taught in the Washoe County School District for 30 years.

Karyn Werner is married and has four children, eight grandchildren, two great-grandchildren, and one Golden Retriever. She retired from the state seven years ago, and this is her third session with the Judiciary Committee.

I did not want to leave out Marcy Peterson, who is our proofreader. She loves the color purple. I have never seen her without purple. She loves to dance and probably has more rhythm in this building than anybody I have ever seen.

Finally, Colter Thomas, who is in his first session and actually began after session started. He has been doing a great job. He graduated from Lewis & Clark College in Oregon and is a seasonal State Park employee at Spooner Lake.

Thank you all so much for all that you do in keeping me in line.

ASSEMBLYWOMAN FLORES:

I have with me here today, Juan Ortega. He also did not want me to spend a whole lot of time talking about him, or spend a lot of time talking, period. I just jotted down a couple of things that came to mind immediately when thinking about Juan. He loves Justin Bieber. He loves running long distances for no reason. He is also an arts and crafts and an events master. For those of you who went to the baby shower for my colleague from Assembly District 27, that was mostly all him. For all of you who are going to have an amazing time at our Cinco de Carson event next Thursday at 6 p.m., it is going to be a demonstration of my wonderful assistant's amazing talents. So, you can thank him. More importantly, you all know that I am just a little bit demanding, and Mr. Ortega here is just phenomenal. He keeps me in line. I know that you probably don't agree with that statement, but he really does. He has just been incredible and wonderful, and I really can't thank him enough for all that he does for me every day.

ASSEMBLYMAN HORNE:

First, our intern Whitney Moffitt, who goes to school at UNLV, has been awesome. She works closely with Brittany, whom you will meet later. At first she was kind of shy. I think she is still kind shy, but she has folded in nicely with the group, because as you know, Madam Speaker, we are kind of crazy in there. She is working really hard, and I hope she is getting a lot out of this. She wants to, and I expect to see her, do wonderful things with her degree. She

graduates at the end of this spring. Political science? Criminal justice? Okay, I don't know, but she's graduating. That's what's important. Come on people. She's very smart and very quick, and she puts up with me, as you can see. It's all golden from there.

Next, Brittany Shipp. Some of you remember Brittany from last session when she was an intern, and now she's my policy analyst. Some of you have seen her testifying in committees. You've seen my bills, and a lot of why they look so good is because of Brittany. She really is amazing, and when I heard that she was available, I called her right away, because I knew that she was going to be good just by what I learned about her from when she was an intern last session. She is making me awesome this session. Yes, I'm awesome. I just wanted to straighten that out. It's because of her. Anything about me is because of Brittany.

Last, but certainly not least, is Nicole Bailey. Nicole is scared because I seem to embarrass her every session. She has been with me for three sessions. I should say, two and a half because she started part of the way in the first session with me. That's another story that we will share over drinks. I want to say that over the years, Nicole and I have become good friends. We stay in touch during the interim. She's the gatekeeper. I tell people, and the lobbyists will tell you, I don't set the times. I say to clear it with Nicole, because you are not getting me in trouble. She sets my calendar. But what was really neat was that before session started and I needed somebody, I didn't think she would want to do the job. She had been a committee manager last session in Judiciary. I called her and just asked if she was interested, and she said "yes." She said, "I can't let you go down there by yourself with all of those strangers." I thought that was really sweet, because she really is the type of friend that has your back. That's really important to me, and I love her to death.

ASSEMBLYMAN HICKEY:

I think this person hardly needs an introduction, but if you don't know her, you need to know Jeanne Peyton. Jeanne, if you don't know but if you were to talk to her you would know, is a Long Island, New Yorker. She has been in Nevada a long time, but she has not lost that wonderful quality. She's worked for a lot of great people. She worked in the Chief Justice's office, she worked in LCB with Lorne Malkiewich, and she has now downgraded to the Minority Leader's office. You know, she is one of the friendliest people here. A lot of people come to see me, and they may never get to, but they're never disappointed because they are probably coming to see Jeanne, quite honestly. They certainly enjoy their time with her, as do all of the members of our caucus. She's is one of the friendliest and most helpful souls here. We appreciate you Jeanne.

ASSEMBLYMAN HARDY:

First of all, I would like to start off by thanking the Chief Clerk and the talent she has for selecting attachés, at least for me. The last session I had a wonderful attaché, and this session I have one also. I'm going to do things a little different here. I'm not going to introduce her name yet; there's something special here. What can I say about her? She's one of those individuals that was born in Ventura, California. She was raised on the coast of San Luis Obispo. She's been quite entertaining to me. One of her talents is she does speak "billhilly," which helps me out a lot, and I have not learned how to speak "Valley girl" yet. She has quite a talent herself as a construction worker. She worked for the National Guard in California and is retired from there. She was the project construction manager for all those years. I noticed that one of the things she wrote down for me is she enjoys riding ATVs. I understand that she only rides them because her husband will not let her drive them. If you know her then you know why. The other thing is she's been married to Bob for 48 years; amazing man—has to be. The thing that is amazing is she is fantastic and she lightens up my day all the time, keeps me alive and keeps me going, and keeps me entertained. I've told her that this day is all about her, and you guys have really messed it up by all showing up here. So without further adieu, like one of my old favorites on the Johnny Carson show, Ed McMahon, here's Sheri Bashaw.

ASSEMBLYMAN DUNCAN:

To my right I have Ms. Verdeen Johnson. It's Verdeen's first session as an attaché, so we're both coming into this and learning together. One of the marks of Verdeen is she's just a genuinely kind person and always asks how I'm doing and is always there to help me. She asks how my wife, who is pregnant, is doing. She's just a great person, and I think that says a lot about her. I appreciate Susan for picking her for me. She's just a great teammate. So Verdeen, I appreciate all your efforts in our office; just a kind face. She brings Heath bar candies and great stuff like that, so I just appreciate her so much. I really appreciate the staff here, Legislative Police and everybody that makes this process work and go forward. As a freshman, I have really been amazed at just how well the machinery here works. Your hard work is never not noticed by us. I also want to give a special shout of thanks to Justin Harrison, Omar De La Rosa, and our caucus interns, Celssie Hardy and Amanda Schweisthal. Thank you guys for your hard work. You really help us out as well.

ASSEMBLYMAN MARTIN:

Thanks to everyone here also for the opportunity to say a special thank you to Paula Rudolph, my attaché, who is in her first session. It's kind of ironic because right after the election, I met with our Chief Clerk, and she said, "What kind of person do you want working in your office?" I've hired dozens of people in different businesses that I have, and I'm like, "Okay, it would help if I really understood what I'm about to be doing." With that said, I described, not knowingly, someone who is incredibly organized, thoughtful, and the rest of it, and I said mature. She's giving me the business because she keeps me in line. I walked into my office, which was the first time we met, and I found out that Paula had worked in a CPA firm for 11 years. What a perfect match, and it's proven very successful. I just want to say thank you to Paula, also to our Chief Clerk, all the other attachés who have been very helpful, and the staff and Legislative Police. Certainly, I do appreciate everything. One comforting thing: Paula had heard that I was into aquariums, and unknown to me, she went out and set up an aquarium and got two fish named Debit and Credit. That's the only accounting humor you're ever going to hear. Thank you, Paula. Thank you, everyone.

ASSEMBLYMAN OSCARSON:

How do you follow that? I'm pleased and very honored to introduce my attaché, Susan Sutton, today. One of the greatest accomplishments that I think will come out of this session is, Susan decided to learn how to text. Before that, she had other ways to communicate. So I am very pleased and proud of that. One of the things that I always like about Susan is that when we've had a long day, and she knows by watching when I'm in committees, I'll come to my desk or be in my committees, and there will be a little plate of goodies there for me with a little note that says "Hope you're having a good day," or "Hope things are going well." Those are important things when you're away from home to have people who care about you and take care of you. I think it's a great match. She has a great background in tourism. The reason she was late today is she was taking care of 35 of my senior citizens that were in Virginia City today and went up there to make sure that their tour went well. She's a great representative for me, she's a great representative for this body, and I appreciate everything she does.

ASSEMBLYMAN THOMPSON:

I want to introduce my attaché, Diane Keetch. We have known each other for a little bit over 29 hours, so we're doing really well. I can honestly say she has really good timing. What a day to come. On her second day, she gets flowers and accolades. We've raised the bar for you already, but I think we're going to do really well. She previously worked in this building; in 1999 she was the attaché for then-Assemblyman Dennis Nolan, and coincidently in the exact same office. We're going to say that's a good thing and a good sign for us. Again, I welcome and thank Diane Keetch for today. Thank you.

ASSEMBLYMAN LIVERMORE:

It is a pleasure, today, to introduce my attaché, Kelly Osborne. I have known Kelly for many, many years. She has been part of my family throughout my private life, with my children and my family. We have done a lot of camping together and having family time and sharing vacation retreats. A couple of things I learned, though, is that she is the only person that I know that buys a new car and gives the new car a name. She tells me she dropped "Pearl" off at the garage. I was thinking that was a family member. Well, I guess it is. It's her car.

Throughout the years, when she was in her school days, there used to be, if you lived in Carson City for a long period of time, there used to be a food establishment a couple of blocks from here on Carson Street, called the Penguin drive-in. Kelly and I had the A&W Drive-in. So we always compared who had the best tacos and who had the best hamburgers and stuff like that. We still kibitz a lot about that. That is kind of a treat to have someone who knows me and knows my family. She also plays in a Bunco club out of the Attorney General's Office.

Kelly had a 27-year career in state government. Last year my first session, I tried to recruit her to come in and work in my office as my attaché, but the timing didn't work out. But this time I am very fortunate to have Kelly here today. Speaking of her 27 years of state government, she worked at the Attorney General's Office and the Historic Preservation Office. She came out of retirement, she said, to take care of me. And she has done that. You know, I can't tell you how many times she has taken the scissors to cut the threads off my suit and has straightened my tie and the other things that make me look appropriate and help me in my career here. It is a pleasure, very much so, and I sincerely appreciate Kelly Osborne and the things that she has done for my office and for helping and assisting me in my duties of representing Assembly District No. 40. It is an honor, today, to introduce Kelly Osborne.

ASSEMBLYWOMAN SWANK:

I wanted to introduce my attaché, Lynson Beaulieu. Lynson and I have had a lot of fun this session, figuring things out. We are both new. I have to say that Lynson has been in education, K-12, for quite a while. Our complimentary interests in education, mine in higher education and hers in K-12, has been invaluable. We have had excellent conversations about education, about language, about identity. Her just being a very smart woman has been so great for our working relationship in the office. I have to thank the Chief Clerk, that this has been a great match. We have really enjoyed working together and having this opportunity to talk about education. Thank you so much, it has been great.

ASSEMBLYWOMAN NEAL:

I am going to introduce Chair Benitez-Thompson's staff, the Government Affairs Committee, which might be entertaining at some point. I will introduce Mrs. Bonnie Hoffecker. She loves to work in her garden and loves the television show The Big Bang Theory. She is the committee manager for Government Affairs. Bonnie's first session was in 1995. She has worked all over the building, from session to session, and she has a son named William. Let's welcome Bonnie Borda Hoffecker.

Next, we have someone who is in a constant state of remodeling her home. And she is now a snowbird, traveling to Arizona in the winter. Let's introduce Lori McCleary. She is a Government Affairs committee secretary. She retired from the state of Nevada but decided it was overrated and came and joined us for our session.

Now we have a wonderful young lady who was born in May and named after May. We think she is a distant relative of Bonnie. Her name is Maysha Watson. She is a Government Affairs committee secretary. She was born in Guam and moved to Seattle when she was 18 years old. She spent time abroad in southeastern France. Welcome.

Our next person up is John. He loves to hunt and fish. And he is also working on his master's degree in teaching. He is a Government Affairs committee secretary. John is busy raising three boys: Aidan, Danaus, and River. And he also plays guitar. Welcome to our next Government Affairs committee secretary.

All right. Now we have up next, Jen. She has two dogs named Bear and Vader. She loves running and photography. Wow. And she also has a second degree in applied psychology and two boys. Let's welcome Jen Dalton. She is the next Government Affairs committee secretary.

And last, but not least, we have a political junky who enjoys good movies, red wine, and listening to NPR. We have Michael Cabrera. He is the personal attaché for Assemblywoman Benitez-Thompson. He is a native Nevadan, born and raised in Reno, and a graduate of the University of Nevada.

And now we have Cheryl Williams. She is our committee assistant. She is also in NATRAM, but she staffs our Government Affairs Committee and sits there quietly listening to the shenanigans of Government Affairs. I wanted to give a shout out to Jennifer Reudy, our policy analyst, and Jim Primrose, of our legal staff. We have shared many laughs, and we have at least decided to roll over a few bills without our chairs, at least six times. But in a nonpartisan way.

And lastly, my personal attaché is Jackie Valley. She plans to go home and retire after this session. Isn't that beautiful? She has been around since 1995, as committee manager for the Assembly Committee on Transportation. She has worked approximately eight sessions. And she has been with me for two sessions. That is the final introduction. Let's welcome Jackie Valley.

ASSEMBLYMAN AIZLEY:

I would like introduce my attaché, Denise Larsen. I had to do that right away because the first time I introduced her I gave her the wrong name. All these good things which have been said about the attachés, I think every one of them will apply to Denise. Maybe not the fact that some have had a long history of working with previous, great legislators. Denise has been with me for three terms.

The usual talents all apply. We talk about the grandkids, we talk about family, we talk about a lot of things we have in common. I think that we also are a good match. And I am very pleased to have her as the attaché for me. One thing I have seen her do this term, though, which is something remarkable, is there was a dead plant sitting somewhere in the office. I thought, "Why? What could possibly happen with this?" Well, it happened. It put out three new leaves in the time we have been here, with Denise's very careful treatment of the plant. And she is that way with people, as well, and she is pleasure to work with. Thank you.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Taking on the new journey of being a committee chair this session was a little daunting. As soon as I knew the people I was partnered with, I knew that it was going to be a great success. Judy Bishop is my committee manager and personal assistant. Thank you for always making me look well. And for our committee secretary, this is her first session. She took on the task to do the minutes for our committee, Taxation, which is a foreign language. She has taken it in stride and done a great job. So, Gina, thank you, as well.

I love training the next generation and could hardly wait to get interns for this session. We have two phenomenal students from UNR. First, there is Jordan Gregory, a graduate student at UNR, finishing his master's in political science, this semester, and he helped me out with Commerce and Labor for this session. And, also, our other intern, Morgan Watson—a graduate student at UNR, master's in American government—helped me with our Government Affairs team. Last, but not least, the Hispanic Legislative Caucus has several members. For our second session, as a group we did some extensive fund raising so we could bring a student with us. We are honored to be able to have Oscar Peralta with us, who is a student at the UNVL Boyd School of Law. His professional aspiration is to be an attorney. They are not here today because they are working on the Economic Forum, but our fiscal team, Michael Nakamoto and Russell Guindon, really have a great sense of humor. You guys probably do not get to see it as much as I do, but Taxation has gone so well because of them, as well. Thank you.

ASSEMBLYWOMAN WOODBURY:

I have Chris Salerno as my attaché. She was with me in the 2009 Session. From day one, we just clicked. I have Susan to thank for that, too. She just knew we would be perfect together, and she couldn't have been more right. That whole session, I hoped Chris would want to come back. I found out from someone else that she was hoping she could be with me again, too. We knew we were perfect for each other. She wasn't able to come back last session, but I am so thankful she was able to this session. Chris is very organized and crafty and very handy and adventurous. She's a wonderful grandmother to her five grandsons. But, to me, the most important quality a person can have is the way they treat others, and Chris embodies charity, service, caring, thoughtfulness. You cannot have a bad day when you are around Chris. You cannot tell when she is having a bad day because she is so cheerful and worried about making sure other people don't have a bad day. When I get to my office and people are there, I say, "Oh, you need to talk to me?" They say, "No. I just came to see Chris." So she keeps me grounded as well. I am thankful to have her.

ASSEMBLYMAN ELLISON:

I was a little disappointed. I have been waiting for this all year, waiting to see what was going to happen with my colleague from District No. 18. He did such a great job last year. But I am glad my colleague from District No. 22 and District No. 19 took over, for this year. But with me, I would like to introduce not only my attaché, but my friend. Deanna and I have known each other for many years. She worked for Congressman Jim Gibbons for about ten years and then went over to the Governor's Office for four years. She was my attaché last session. When I heard she was coming back, I wanted to know if she had started drinking. She did not. She is wonderful. When I walk in every morning, the first thing I see is the most beautiful smile you have ever seen. She always has a smile on her face. To many people in the building, she is known better as "Jennifer's mom." Jennifer is over there in the gallery waiting for a hot dog. But I can tell you, it is great to walk into the office in the morning and see such a great smile. It is like going from winter to spring. It's a great thing every morning. I can tell you that I have met a lot of the attachés in the building, and I have never found a bad one in this building yet. You have really done a great job in getting these young ladies put with the right people.

ASSEMBLYMAN GRADY:

I am very honored that we saved the best until last. First off, a little about Mary. She is retired with 33 years of state government service in tourism, education, and at Governor Bryan's Office. She has been with me for six sessions and, I believe, eight special sessions. When I first met Mary, my wife and I came into this building and walked into the office, and that smile that so many of us have mentioned was there to greet us. I walked into my office, and my wife was visiting with Mary. They found out that they went to high school together at Reno High School but did not know each other. In these six sessions, they have gotten to know each other very well, and I am very, very pleased that I can call Mary my friend. I also call Mary my boss. If any of you do not believe it, come into the office and you will see who is running things.

I guess if you looked up the words "helpful" or "assistance" in the dictionary, you would probably find Mary's picture because not only does she help me, but anyone in the building that needs help, Mary has been there to help them. And during the interim, it is really my pleasure and I look forward to calling Mary or Mary calls the house just to talk about where she has traveled to, where she's going to travel to, and what she is doing. And she'll ask me what I am doing and I will say, "The same thing. Mowing the lawn." Mary has just been great—great for my office and a great friend for my family. I am going to miss her. I am not sure she is coming back but I know, along with my two other colleagues in this building, we will not be coming back. Thank you.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

One, I just want to give an extra shout out to our Legislative Police. They are very much a big part of making sure this building runs so well. Whether it be the outside grounds or whether it be making sure everybody's offices are secure and safe and allowing for the public to come in, I think that sometimes we take them for granted. There are 27 of them, and I bet I've seen every one of them. I try to make all three shifts to make sure that everything is still good. I'd like to give that extra special shout out to them because they really do have a lot going on. My real appreciation for them came when, one day, I was walking down the street and trying to have some "me" time—my little cigarette time—and trying to get some peace, when I got a phone call from legislative police who said, "Hey, Mrs. Kirkpatrick."

And I'm like, "Yes? I just left the building."

And they said, "I know. You dropped a piece of paper about five yards back. Did you want us to help you get it or can you turn around?" I was like "Wow; they really do have a good grasp of what everybody does in this building." So I think that needs to be recognized.

The other folks that I really want to take a moment to recognize are IT and Broadcasting. They are here late at night, and—most of the time we don't see any of them—they listen to every single committee; they're probably listening now. They like it when we have fun because it makes things go a little bit better. They do really have to keep this building moving. They keep the computers up and running, and all of that is very important in making us efficient.

In my office, there are a lot of people that are in there that make the Leadership office run well. I'm a pretty easy person to get along with until you cross me, then we have a discussion. Last session I had a great staff, and I do want to take a moment to remember my friend, Cindie Carter, who was a staff member last session. She left sick the last three weeks of session. Chairing two committees I was like, "Holy smokes. What can I do to make this work?" Everybody in the building stepped in, but she passed away with cancer shortly after session. I wanted to remember her because she stuck with me for years, and I think it's important that once our attachés leave this building—they go back and they have their lives—they never forget their experience here. I definitely wanted to remember her today.

In the Leadership office, a few things matter to me. One, be pleasant to anybody who walks in. I don't care who it is or what they say to you, put a smile on your face and make it work. Two, the Leadership office belongs to the Assembly members. I don't care which Assembly members, but it's important that they feel that that's their office and it's accessible. I am accessible night or day, so if you're in there and you're working for me, you have to be accessible to everybody.

In my office I have Erin Smith, who I have known since she was in high school. Her mom is on the other side. Erin is really good at putting up with my cranky moods at times and keeping me on task. If you have ever been in my office, she comes in and says, "You know your other folks are here?"

I say, "I know."

And she says, "No really, they're here so it's time." She'll open the door and it's time for you to leave, so she's very good at that and it keeps me going. Today is her birthday, so I'm assuming she's having cake or something and enjoying her birthday.

I also have Tina Frias, who came with us this session as our research policy person. I hired her on the phone. I talked to her for 30 seconds because we were having a conversation while I was at the mall trying to Christmas shop—and if you know me and Christmas shopping, having to go into the Hollister store is very painful for me because it's dark and they have that weird music—and she's trying to talk to me, and I'm thinking, "Oh my gosh. I hope this is okay and that I at least sound a little professional." But she stuck with us and she has been a great help, and she plans to stay in Carson City—she loves it. Thank you, Tina.

I had Jenny last session when Mrs. Carter became ill. The Chief Clerk said, "I have someone who can help you out if you're okay with it." I had that person for all of two hours, because the first thing I said to her was, "Hey, do you think you could get me a copy of this?"

And she said, "That's not my job." I needed somebody else very quickly. So I pulled Jenny out of the office and I said, "Hey, can you help me?"

She said, "Absolutely." I have kept her ever since because, not only does she make great bakery items, but she also is fabulous about being Johnny On The Spot. She jumped in last session to a chair who had two committees, and she made it all work in the last two weeks of session without even knowing what direction we were going. This session, I called her and asked her "Are you coming back from school?" She's going to law school, and she said, "Yeah!"

I said, "Could you work for me?" That was when I thought I was going to be on the fourth floor, but she agreed. Then when I called her back and said, "How about on the first floor? You good with that, too?"

She said, "Yep, I'm up to the challenge." So she has been great.

I have Matt as well. Matt has been with Leadership for a very long time. He's very good at our policy stuff, he keeps us on track, and he works more hours than I do—believe it or not—he's here before I get here and he's working after I leave. He has been with us about six years. I remember when he first came in and helped us on some elections, and then he came last session and worked with former Speaker Oceguera. He did such a great job in the interim that I wanted to keep him on and bring him along with us. Thank you, Matt.

I also have Alicia in my office, who used to work for Assemblyman Conklin, and she did a good job during the interim. We brought her along to be part of our caucus folks and to keep our 27 on task on a regular basis, and she does that. However, unfortunately, her husband, who did work for us, was just offered a job in Chicago, so I'm hoping she can stay through the summer with us before she gets to go enjoy the Windy City.

Then I have Brendan. Here's what I want to tell you about Brendan: He and I have been through some challenges since he signed up to work with us on November 7th. Every day it's a new challenge. He had never been to a legislative session, had no idea what he was walking into. He became our director overnight, and he has really stepped up to the plate and made it all work.

The last person I want to recognize in my specific office is Jean; she's at the front desk. She is a bright spot in the day for anybody who walks in. She has no problem making you feel like you're in somebody's living room, and that's really what I want—people to feel that comfortable—so without her, I couldn't have that atmosphere in the front; that sets the tone for everybody.

What I'll tell you about Miss Furlong is she and I do well, because she works late night hours and I'm good with that; I can get a lot done late at night. I've been pretty challenging for her this session at times, because I like to shake things up, and I promised that on the first day, and I have not gone away from that. She has been really good about helping me stay on task and helping me learn the correct terminology, because I don't speak the way sometimes it's written. I have come a long way since she has helped me get there. She is great running the front desk. The front desk also coordinates everybody who comes into the building when they do—we have the Alumni stuff—so without Susan, I don't know what this front desk would do because she has really done a great job. I had the opportunity to work with a couple others. Mouryne Dini was fabulous—I believe she was probably a mentor for Miss Furlong—and then we had another chief clerk for one term. I can tell you Susan has done a fabulous job, and I really do appreciate her.

CHIEF CLERK SUSAN FURLONG:

I'm going to start first with Committee Services. Committee Services is headed by Jasmine Shackley; she is our Committee Services Manager. Jasmine works every other year. She does the mentoring. I think one of her strengths is she is very good at talking people into doing things

they don't think they can do. Because most of our committee secretaries haven't done that kind of work before. She gives them the confidence to take the test to begin with and does a great job. Her assistant is Sally Stoner, who also works with the proofreaders.

I'm going to call the proofreaders off by name. We have Karel Ancona-Henry, Taylor Herrick, Diane Hudson, Dave Moore, Marcy Peterson, Elizabeth Saenz, Susan Schmid, Sonja Strom, and Ted Zuend. That is our proofreading staff. I can tell you that when we are done with our minutes here, they go over to Research Library and they check them, too. We get great comments back from the Research Library that our minutes are in good shape, clear, and it's a good record for the public. So thank you for everything that you all do to make that happen. You probably don't see them very much outside of their offices, but they are very important part of what we do.

Next we have Deanna Keirstead, who is also part of Committee Services. She is the Document Center Manager. For you committee chairs, she helps the committee managers get the documents up on NELIS, she gets supplies to everyone, she just in general keeps everyone in order and is there to help whenever we need help. She doesn't ever mind coming in late or early. She has been working for us four sessions. We are really lucky to have her come back. Thank you.

I hope they are listening on the Internet. Something new we did this year is we have a couple of committee assistants in the Las Vegas Office. They have really helped the committee managers and the committee chairs have smooth meetings in southern Nevada. I have Cindie Kusko and Sean O'Callahan. It's a little bit difficult working such a long distance from where all of us are but I think they have done a great job, they are on the spot, they are there on weekends when we need them and late at night, and we really appreciate everything they do.

Marge Griffin is the manager of Administrative Services. She is the person that all your personal attachés go to when they have questions. She also works every other year. She does a great job handling difficult situations, put together a fantastic training this session with help from some of your personal attachés—Cindy Southerland, Jeanne Peyton, Linda Law—they all helped put the training together—those experienced people, for our newbies.

With her is Patty Manning, her assistant. Many of you may have seen Patty, because Patty is Marge's assistant, but Patty is also the person who fills in when your attaché is out. She is the first person we go to, and she always has a smile on her face. She is always helpful. You may have seen that she was the guest chef for us one day last month. She does a great job for us and she also works just about every other year for us.

I'm going to start with Sylvia Brown, who is waving in the back. You all know Sylvia. You have all talked about a common theme with our assistants—that they always have a smile on their face. Sylvia always has a smile on her face. My assistant retired last year, and Ms. Bustamante Adams was gracious enough to give me Sylvia Brown in my office, and I think she has done a great job. She comes in and helps with the recruitment, she orders your stationery, she does so many things that keep us all running smoothly.

The Sergeant at Arms, Robin Bates and Assistant Sergeant at Arms, Sharon Murphy—the Sergeant at Arms staff—I'm going to name them, if you can stand. We have Robin and Sharon, Norm Budden, Dennis Humphrey, Linda Marrone, Mary Matthews, Steve Sweeney, and Debra Williams. They do a fantastic job of making everything goes smoothly behind the scenes. As we have talked, about they are kind of invisible. They never draw attention to themselves but they make sure that you are well fed. Linda, thank you for those great meals. All of the rest of the staff help her with that. She is cooking in the front, and she has people in the back picking parsley apart and slicing strawberries, helping with the food prep, and helping get everything ready on the floor. They do a wonderful job. So, thank you.

The front desk staff had a real interesting request last night. We got done with the floor session about 6 p.m. and McCall and I were here until midnight working on the Journal. So they asked me not to say anything about them so they don't have to type remarks. But they all do a great job. New this year for us are McCall Miller and Carol Sala. Carol said she would work

anywhere so on the first day she started work, she learned that she was working on the front desk. Since that time she had an opportunity to do some committee secretary work, and I think she likes where she works now. McCall Miller took a break from law school to come up here. She is roommates with Jenny McMenomy. I wasn't sure, when Jenny referred her to me, how this was going to turn out but she has been great. She has been an immense help, she keeps Matt Baker in line, doesn't let his head get too big—it is really hard—and I can't imagine that anyone would actually volunteer to do the Journal because the Journal this week was 943 pages, and that's what she is doing, which requires a lot of attention to detail. She has been a great addition.

Jason Hataway has been with us many sessions. He started in the Sergeant at Arms and has been the Media Clerk since 1997. I've said this before, one of the things I love about Jason is he never loses his cool. When I'm reading the wrong bill he doesn't get panicked or anything. He just reaches over and whispers, "You're on the wrong bill." He keeps me on track and he does a great job, so thank you. He works at the Secretary of State's office when he is not here, so thank you, too, to the Secretary of State, because we have employees we get from the Executive Branch for session and it is great . It is very nice for us to have that experience come back.

Matt Baker is the Assistant Chief Clerk. He does a great job for us. He has been here since 1997. He also came from the Secretary of State's Office and he has done many of the positions on the front desk. I think one of his strengths is he is great at training people, he doesn't get flustered, and they all like to give him a hard time. I don't know if you have all seen his sign here—he thinks he's "king"—and he does a great job for us.

Cindy Benjamin started with the Legislature—her first session was in the 1970s—a long time ago. She took a break, moved to southern California, and came back. Matt Baker and Cindy Benjamin—we have permanent staff of three, for all of you who are new this session—that is the three of us. Prior to this year we shared Cindy with the Research Division, but we enticed her to come full time for us when my assistant retired. She does a great job. Whenever we have a question about how we have done something historically, Cindy is the person that we go to.

Christie Peters who is retired from the Department of Military, is the one who was processing all of those amendments this week. She always has a smile on her face. She does a great job processing the amendments and just helping out in general with anything that needs to be done on the front desk. We are lucky also to have her back every session. Thank you.

THE EIGHTY-FIRST DAY

CARSON CITY (Thursday), April 25, 2013

Assembly called to order at 11:35 a.m.

Madam Speaker presiding.

Roll called.

All present except Assemblywomen Benitez-Thompson and Pierce, who were excused.

Prayer by the Chaplain, Pastor Dixie Jennings-Teats.

Today we give thanks for all those who have gone before, paving the way from the past into an unknown future with courage, willing social pioneers on behalf of us all. Particularly, we give thanks for those who were the first in Nevada's government: the first women; the first men and women of color; the creative people who were first, in many ways, to lead the people of this state in ways that benefit those of us who follow on their trail of selfless service.

May the members of this body, today, find inspiration and direction from people who thought beyond narrow divides; individuals who considered all the people of this state, not just their own self-interest. Help this 77th Assembly be a force for good in our state and world.

AMEN.

Pledge of allegiance to the Flag.

REMARKS FROM THE FLOOR

Assemblyman Eisen requested that the following proclamation be entered in the Journal.

Motion carried.

PROCLAMATION

WHEREAS, Physicians have played an important role in the rich history of the State of Nevada, beginning in the early days of the State when doctors lived in a rugged country that was sparsely settled and had to be self-reliant in an environment without well-equipped hospitals or a corps of trained assistants; and

WHEREAS, The Legislature began regulating the medical profession in 1875, when it approved an act titled, "An Act to prevent the practice of medicine and surgery by unqualified persons," which mandated that a physician or surgeon file a copy of a diploma or certificate of graduation with the county recorder and required the arrest of persons who did not comply; and

WHEREAS, In the same year, the Nevada State Medical Association was created in Virginia City, with the goals of improving health and well-being, and addressing the needs of patients, physicians, and the Nevada community by serving with responsibility and integrity as advocates for high-quality health care; and

WHEREAS, The medical profession became further regulated in 1899, when the Legislature created the State Board of Medical Examiners to license physicians to ensure that only well qualified, competent physicians received licenses to practice in Nevada; and

WHEREAS, Throughout the State's history, Nevada's physicians have played a vital role in our State, nation, and the world by tending to the health and well-being of their patients and by contributing to the reservoir of mankind's scientific knowledge; and

WHEREAS, As Nevada's population has grown to nearly 2.8 million people in 2012 and has become more diverse, the field of medicine has matured, with doctors now using state-of-the-art technology to serve the medical needs of this growing population; and

WHEREAS, The University of Nevada School of Medicine plays an important role in bringing high quality physicians to Nevada by offering medical degrees, residency programs, and fellowship programs throughout Nevada to serve the needs of both rural and urban populations; and

WHEREAS, Nevadans owe a debt of gratitude to physicians for the sympathy and compassion of physicians in ministering to the sick and in alleviating human suffering; now, therefore, be it

PROCLAIMED, That the Nevada Legislature commends and recognizes the important contributions of the Nevada State Medical Association and its members to improving the health and quality of life of all Nevadans and encourages all citizens of Nevada to express gratitude to physicians who serve their health needs; and be it further

PROCLAIMED, That April 25, 2013, is designated as "Physicians Day."

DATED this 25th day of April, 2013.

GENERAL FILE AND THIRD READING

Senate Bill No. 510.

Bill read third time.

The following amendment was proposed by Assemblywoman Kirkpatrick:

Amendment No. 587.

AN ACT relating to education; temporarily delaying the statutory deadline for notifying certain school district employees of reemployment status for the 2013-2014 year; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the board of trustees of each school district to notify, on or before May 1 of each year, the postprobationary and probationary employees who are employed by the board of trustees of the reemployment status of those employees for the next school year. Existing law also requires those employees to notify the board of trustees, on or before May 10, of the acceptance of such reemployment. (NRS 391.3196, 391.3197) This bill extends those dates to May 15 and 28, 2013, respectively, for the current

fiscal year **~~[.]~~ in counties whose population is less than 700,000 (currently all counties other than Clark County).**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. 1. **~~[Notwithstanding]~~ Except as otherwise provided in subsection 2:**

(a) Notwithstanding the provisions of NRS 391.3196 or any other statute to the contrary, on or before May 15, 2013, the board of trustees of each school district shall notify the postprobationary employees in their employ as of the effective date of this act concerning the reemployment status of those employees for the 2013-2014 year. If the board of trustees, or a person designated by the board of trustees, fails to notify a postprobationary employee on or before May 15, 2013, of his or her employment status for the next year, the employee shall be deemed reemployed for the next year under the same terms and conditions as he or she is employed for the current year.

~~[2.]~~ (b) Notwithstanding the provisions of NRS 391.3197 or any other statute to the contrary, on or before May 15, 2013, the board of trustees of each school district shall notify the probationary employees in their employ as of the effective date of this act concerning the reemployment status of those employees for the 2013-2014 year.

~~[3.]~~ (c) Notwithstanding the provisions of NRS 391.3196 or 391.3197 or any other statute to the contrary, a postprobationary or probationary employee who receives a notice of reemployment pursuant to **~~[subsection 1 or 2,]~~ paragraph (a) or (b),** as applicable, shall, on or before May 28, 2013, notify the board of trustees of the school district in writing of the employee's acceptance of the employment. The failure of a postprobationary or probationary employee to provide notification on or before May 28, 2013, of the employee's acceptance of reemployment for the next year is conclusive evidence of the employee's rejection of the contract.

~~[4.]~~ (d) If a school district or an agreement entered by a school district requires a postprobationary or probationary employee in the employ of the school district as of the effective date of this act to provide notice to the school district of the employee's intent to seek employment elsewhere or otherwise discontinue his or her employment with the school district for the next year, the school district shall extend the time by which such notice is due by 10 days.

~~[5.]~~ 2. The provisions of subsection 1 do not apply to the board of trustees of a school district in a county whose population is 700,000 or more or to such a school district's postprobationary employees or probationary employees.

3. As used in this section, "postprobationary employee" and "probationary employee" have the meanings ascribed to them in NRS 391.311.

Sec. 2. This act becomes effective upon passage and approval and expires by limitation on July 1, 2013.

GENERAL FILE AND THIRD READING

Senate Bill No. 510.

Bill read third time.

Remarks by Assemblywoman Carlton and Madam Speaker.

ASSEMBLYWOMAN CARLTON:

You have an excellent amendment here. It excludes Clark County from this notification scheme. If anybody needs any more information, ask the Speaker.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

In the past we did not adopt the budgets for the school districts until after May 1. However, every other year it becomes a problem because they do not have their budget where they can notify people on how many positions will stay and how many will go away. So we have done this for about three sessions. Typically we like to have a little more time to get it done. However, we are here and we are going to get it done.

ASSEMBLYWOMAN CARLTON:

I wholeheartedly ask the body to approve this amendment.

MARILYN K. KIRKPATRICK	SUSAN FURLONG
Speaker of the Assembly	*Chief Clerk of the Assembly*

Assemblyman Elliot Anderson requested that the following remarks be entered in the Journal.

Motion carried.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise today in celebration. For those in the body and the gallery that are unaware, historic events took place last night. Your Assembly softball team—backed up by a constitutional majority of red shirts in the crowd—said before the game that the winds of triumph would blow in our favor.

Madam Speaker, I would warn the Senate for next session not to take the word "slowpitch" so literally and not to underestimate the House of Dini, Buckley, Carpenter, Marvel, and Kirkpatrick. The house of quiet confidence and a steadfast heart; the house of hunters that emerged victorious upon this session's game. The Senate enjoys reminding this honorable body, Madam Speaker, that they are the upper house, however, they are not this morning.

With that, I would recommend your pitcher—Minority Leader and colleague from District 25—the member from District 13, and the member from District 15 retrieve the trophy.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

At this time I will appoint a special committee to secure the trophy due to the winners of the regular biennial softball game.

Mr. Byerman, thank you so much for saving us the trip. If I could ask for one more special thing that you could do for us? Being that we love our colleagues in the Senate, could you tweet that we so graciously accepted the trophy?

SECRETARY OF THE SENATE DAVID BYERMAN:

I will also tweet that we will have it back in two years.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

Okay, fair enough. Thank you.

Somebody who is on Twitter, please let me know to make sure he keeps his word. I would hate to do another proclamation.

THE EIGHTY-SIXTH DAY

CARSON CITY (Tuesday), April 30, 2013

Assembly called to order at 11:58 a.m.

Madam Speaker presiding.

Roll called.

All present except Assemblywomen Pierce and Swank, who were excused.

Prayer by the Chaplain, Very Reverend Robert E. Stoeckig, Vicar General of the Diocese of Las Vegas, Pastor of St. Andrew Catholic Church, Boulder City, and Trustee of Catholic Charities of Southern Nevada.

We give You thanks, O' God, for the blessings we have this day. For the beauty we see in Nevada from Mount Rose to Mount Charleston and every hill and valley, for the expanse we behold from Austin to Laughlin and every place between where the desert meets the hills, for the blessings of resources like water and wind and minerals and sun throughout our state, and especially for the ways in which You have blessed us in the faces of our varied neighbors who call this home, for all of these we give You thanks.

We ask Your blessings upon us this day as those who have embraced the call to elected office seek the wisdom and grace which moves us all from self-interest to common good. As members of the State Assembly, their challenges are many as they seek to balance economy and ecology; as they do their best to provide education for our children and dignity for our senior citizens who have made the Silver State home. But as members of the Assembly, their talents and experiences are many, too. So send Your wisdom upon them this day, and every day, that they may use our collective resources to provide the best for all who dwell in our state and aspire to make it their home.

Help us all in acts of contagious neighborliness to lift each other up that all people may live in dignity and hope. Challenge us to see our diversity as gift and move us to harbor hope that each generation may embrace the other, because we recognize we are only as strong as the weakest among us, as collectively secure as the most vulnerable, and that our true richness lies in our belonging to each other.

As You have blessed us, help us to become a blessing to others. As we claim this place as home—we claim all the people of this state as neighbor—may we also claim our mutual responsibility to each other so that from one generation to the next, Your blessings may continue to shower upon all for whom "Home Means Nevada."

We ask this in Your Name, O' God.

AMEN.

Pledge of allegiance to the Flag.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, April 30, 2013

To the Honorable the Assembly:

It is my pleasure to inform your esteemed body that the Senate on this day adopted Senate Concurrent Resolution No. 7.

SHERRY L. RODRIGUEZ
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

NOTICE OF EXEMPTION

April 29, 2013

The Fiscal Analysis Division, pursuant to Joint Standing Rule 14.6, has determined the eligibility for exemption of: BDR 53-1214 and BDR 32-1220.

MARK KRMPOTIC
Fiscal Analysis Division

Senate Concurrent Resolution No. 7.

Assemblyman Horne moved the adoption of the resolution.

Remarks by Assemblymen Horne, Ellison, Wheeler, and Madam Speaker.

ASSEMBLYMAN HORNE:

I rise in support of S.C.R. 7. As stated in the resolution, this concerns unmanned aircraft systems, also known as drones. In accordance with the 2012 National Defense Authorization Act, the Federal Aviation Administration, in coordination with the United States Department of Defense and the National Aeronautics and Space Administration, will determine how to safely operate unmanned aircraft systems in shared national airspace.

Senate Concurrent Resolution 7 asserts that Nevada is an optimal location for testing of drones and their development and expresses that it would be an honor for our state to contribute in this important undertaking.

Basically, Madam Speaker, Nevada has a long, rich history of patriotic service to our nation in the development of defense practices for our country. Therefore, I urge your support of S.C.R. 7.

ASSEMBLYMAN ELLISON:

I have one question that I would like to ask. It says, "shared airspace as a pilot." Will this go into private airspace or strictly stay in military?

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

There is an application process that the federal government has that Nevada has been asked to participate in because we do have an Aerospace [and Defense] Sector Council. My understanding is this is just a resolution that allows us, and encourages the state of Nevada, to participate in the application process, and I believe going forward, there is manufacturing, there is research, and there is all kinds of other components to it that the legislative body would have the opportunity to get more of those details.

ASSEMBLYMAN WHEELER:

I rise in support of S.C.R. 7. In answer to my colleague's question, if taken as written, this resolution would strictly open only restricted air space—that which is restricted to private pilots anyway now—and simply encourages the development and the jobs to come to Nevada.

Resolution adopted.

GENERAL FILE AND THIRD READING

Senate Joint Resolution No. 15.

Resolution read third time.

Remarks by Assemblymen Ohrenschall, Stewart, Healey, Hickey, Hansen, Kirner, Carlton, and Madam Speaker.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Senate Joint Resolution No. 15. Senate Joint Resolution 15 urges the United States Congress to enact comprehensive immigration reform. This reform legislation should address earned legal residency accompanied by a clear path to citizenship, the future immigration of families and workers, improved immigration enforcement and border security, and a funding stream to address the entire fiscal impacts on state governments.

Unless you are a Native American, we are all a nation of immigrants. Our ancestors came here or were brought here, and I think that's what has made our country rich. Current studies show that there are about 11 million people living in the shadows. Those are people who are contributing to our culture, to our economy, and to our tax base. They are contributing their wisdom, their experience, their initiative, their hard work, and their sweat equity. The current state of affairs in our federal immigration law is not working. Having this amount of our population who are raising families here but cannot live like normal people live—cannot call the police if there's an issue that they are concerned about because of their fear of being removed and deported—is simply not working. I think S.J.R. 15 is desperately needed, and I would urge its passage.

ASSEMBLYMAN STEWART:

I rise in support of S.J.R. 15. Although I do not agree with every line in this resolution, as Congressman Amodei said yesterday, "The car needs a tune up." It has been 35 years since it was, so I will support this.

ASSEMBLYMAN HEALEY:

I rise in support of S.J.R. 15 as well. As an individual who manages over 400 employees, many of which are immigrants, this bill is extremely important. It is also extremely important that as a state, we urge our federal leaders to do the right thing and pass this comprehensive immigration reform to allow these members of our communities, who are very valuable to our community and who make our community what it is today, come to have that opportunity to a pathway to citizenship. I certainly hope and urge all of us to do the right thing for these important members of our state and pass this resolution.

ASSEMBLYMAN HICKEY:

I rise in support of S.J.R. 15. The spirit of this resolution—urging Congress to enact comprehensive immigration reform—is a message in line with our cherished heritage as Americans because, as my colleague from District 12 said, we are a nation of immigrants. However, fixing our broken immigration system must begin with doing something this resolution does not call on Congress to do, and that is to begin by creating real border security, and—given the recent eye-opening events in Boston—by reforming our legal immigration system in this country. We should start by modernizing the current immigration system to ensure that future immigrants coming to this country come with the kind of background and skills that will contribute to a twenty-first century society and not merely satisfy the needs of certain segments of the economy resulting in what we now have, that being a very high social cost at the expense of cheap labor.

We should encourage Congress to make skill-based immigration a high priority in any comprehensive approach. Finally, as line 42 in the resolution calls upon Congress for reform that "must include a funding stream to address the entire spectrum of fiscal impacts that will be experienced by state governments as a result of . . . earned legalization and the increase in the number of immigrants," Nevada then should insist that any proposed fines or funds required of any illegal immigrant seeking a pathway to legal citizenry stay in Nevada to help compensate schools and social agencies that have been affected by unregulated immigration. For those reasons I stand, not in a full-throated endorsement but in an endorsement nonetheless, urging Congress to begin the discussion in Washington D.C. that we are having here today. With that, I urge your support of this resolution.

ASSEMBLYMAN HANSEN:

I rise in opposition to Senate Joint Resolution 15. If, in fact, this did what my Minority Leader just mentioned, I would probably support it. If it were a generic bill calling on comprehensive reform, I would not have any issues. But this bill is very specific.

In a broader sense, I have been a licensed Nevada contractor for 27 years. I have been able to live an average middle-class lifestyle, and the reason I have been able to do that is because the Nevada Contractors' Board has a very aggressive program of going after illegal contractors, people that are not licensed. Because of their enforcement of that law, I have been able to maintain what we would call a middle-class lifestyle. What would happen to the contractors if, in fact, the Contractors' Board dropped that program and we allowed an unlimited number of illegal contractors to compete with those of us who are legal? It would absolutely devastate our ability to maintain our status as members of the middle class.

Now, in the last election cycle—we are talking national politics with this bill, we are not just talking local—in the last election cycle, President Obama called on the nation to have policies that would create good paying, middle-class jobs. When we look back on our history, how did we end up having a great American middle class? What happened, starting in the 1880s—Civil War clear into the twentieth century—was we had a policy, first of protectionism where we had a huge growth in the manufacturing spectrum in our country, and then we had some major changes in our policies on child labor, which we outlawed. We established a 40 hour work week, and we substantially reduced the amount of legal immigration to our country. You combine the phenomenal growth in our manufacturing sector with a limited supply of labor and you had a dramatic expansion in the value of labor. Our wages went way up. We created what became known as the American way of life. In fact, we had the highest standards of living in the world because of some government policies, one which protected our manufacturing base and two, limited our immigration.

Now in Nevada, in my lifetime—I am going back 30 years to 1983—the journeymen people in our trades—I am a tradesman, I am a plumber—the average hourly wage in 1983 for a journeyman grade plumber was about $15. If you do an inflation calculation, the average hourly wage today for a construction worker, journeyman grade, would be $35.06. But if you actually look at the impact in our state on the ordinary working-class people that are working today

building houses, it is still almost between $15 and $20. Why? Because we have this huge expansion of the labor pool.

Now in Nevada, we had two big middle-class things. One was construction, and the other was the gaming industry. Gaming is now paying a token of what it did 30 years ago because there is virtually an unlimited supply of labor. Who makes up the difference? Well, first of all, who benefits from that? The big gaming people, the big developers? They are the ones making money hand over fist.

My point is, our focus is wrong. Instead of protecting the people who have obeyed the law, that have actually gotten into this country legally—the people who are competing with the illegal immigrants are mainly the legal immigrants. Their wages and their standards of living have been held in check because of this failure to have a good, comprehensive immigration policy. If that was what this bill was addressing, it would be fine. We have so many specifics in this bill just the one that Minority Leader mentioned about the border—we are not calling for closing the border. From the bill, "Whereas the focus of law enforcement, both in and at the borders of the United States, should be to prevent criminals and those persons attempting to enter the country for the purpose of doing harm to this nation." It does not even call for blocking the border, as part of the thing.

If this resolution were generic, I would gladly support it. I do not think it is going to do a thing. I think if we came back here in two years, we would have the same exact scenario as we have today because there is simply not a will to do it, and the people that are suffering most are the hardworking, lower-and middle-class people of the state of Nevada. So I would urge us not to support this resolution because it is way too specific. Indeed, Congress needs to have comprehensive immigration reform, but this bill is micromanaging that process and we should reject it accordingly.

ASSEMBLYMAN KIRNER:

Madam Speaker, I rise in support of Senate Concurrent Resolution 15, although I do think the resolution misses one point. Coming from a business environment of a high-tech industry where we have H1B visas, which means we bring high-tech people over from different countries to support our business, I believe this resolution sort of ignores that population, and they, too, should be included in any urging of Congress to get off their keister and enact comprehensive immigration reform.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

Thank you Assemblyman Kirner. What I would say to the body before I call on Ms. Carlton is this was a bipartisan nationwide effort to come up with something to encourage the federal government to get busy.

ASSEMBLYWOMAN CARLTON:

I rise in support of S.J.R. 15. Immigration has been something very important to my family. Years ago, growing up in south St. Louis, my grandmother and my mother came from the German neighborhood in the city. My father was an Irishman. If you stop and think about it, back in 1957 when they got married, that was a big deal, to marry outside your own neighborhood. Things have changed a lot over the last 50 years, and I am very happy with those changes. Immigration has changed also. When my grandfather was born in this country, the youngest of 13, the oldest of his 6 siblings had been born in another country. They didn't look at each other differently. They were all one family. They all belonged together. There were no rules and regulations when they came here. They came here for a better life. They came here for the American dream. It was all about human dignity, and that's what this resolution is about. We have folks out there that do not have the benefit of the things that my grandparents, my parents, and myself have. They cannot get to the American dream, because we have built barriers around the American dream and they cannot break through. Without comprehensive

immigration reform, they will never be able to do the things that my husband and I have been able to do for my daughters and, hopefully, my daughters will be able to do for their children. This is very important to the future of our country and the children of this country to be able to get to that wonderful middle-class dream that we have all been able to attain.

GENERAL FILE AND THIRD READING

Senate Joint Resolution No. 5.

Resolution read third time.

Remarks by Assemblymen Martin, Hickey, and Madam Speaker.

ASSEMBLYMAN MARTIN:

Senate Joint Resolution No. 5 urges the United States Congress to pass the Marketplace Fairness Act which would provide the states the authority to require out-of-state retailers, such as online and catalog retailers, to collect and remit sales tax on purchases shipped into the state.

ASSEMBLYMAN HICKEY:

I rise in support of Senate Joint Resolution No. 5. This marketplace fairness resolution precedes a vote that is going to take place today, or is believed to, on the U.S. Senate floor. This, from my colleagues from my caucus, has been determined by most not to be a new tax. It is called marketplace fairness because it is a tax that already brick and mortar stores are paying. But because of the law, the way it is currently written, online businesses in Nevada are not paying this tax, or people that purchase from online businesses as Nevadans are not paying it, although many are voluntarily. This bill would bring us in compliance with a tax that already should be collected. It is supported by our Governor and by Representative Amodei on our side of the aisle, and I urge its passage.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

This has been an ongoing process for a good 15 to 18 years, and the Internet was not that popular back then, but now it is a sign of the times.

Almighty God and Father, thank You for the opportunity to serve the citizens of Nevada today as we meet in this chamber to discuss and move the bills that have been presented to us. Guide and lead us that our decisions may be based not on our own needs or positions, but for the good of this great state.

Guide our discussions that we may be kind, gentle, and forgiving to each other, especially to those who are not in agreement with our positions.

We also come to You today asking for Your continued help and assistance to the brave people of Boston and Texas as they have gone through incredible situations in the past months. Give comfort to those who have experienced loss of family, friends, and possessions. Keep in safety all those who are in the process of responding to these tragedies.

All these things we bring to You trusting in Your love, grace, and mercy. In the Name of Your Son, Jesus Christ.

AMEN.

Remarks by Assemblymen Martin, Hickey, Ohrenschall, Hansen, Hambrick, and Healey.

ASSEMBLYMAN MARTIN:

Senate Bill 139 adds crimes committed because of a person's actual or perceived gender identity or expression to the list of crimes for which an offender is subject to an additional penalty, an offender may be charged with a gross misdemeanor for an otherwise misdemeanor offense, and a victim may bring a civil action against the offender. The measure expands the list of crimes subject to these additional penalties based upon categories used by the Federal Bureau of Investigation to compile statistics concerning hate crimes.

Finally, the bill adds crimes committed on the basis of gender identity or expression to the data collected and analyzed by the Program for Reporting Crimes within the Department of Public Safety.

This bill—I will make it very clear—does not afford victims special rights. This is a statement of what our society is and that we will not tolerate the systematic targeting of individuals who are in historically disadvantaged groups. I ask for your support.

ASSEMBLYMAN HICKEY:

I rise in opposition to Senate Bill 139. Many of us in this body have stood against discrimination for decades; I am one of them. However, I believe the American public has grown tired of political and social identity labels that further divide us as a country. My vote today is not so much an opposition to yet another state statute, but an affirmation of our uniquely American declaration that all men and women are created equal and should be treated that way.

I'd like to think my vote today represents the thousands of Nevadans who do not have to be told that it is wrong to hate and discriminate against others and do not believe it is necessary to create yet another category reminding us of what divides us as a society.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Senate Bill 139. Sitting on the Judiciary Committee, Mr. Speaker pro Tempore, we hear a lot about violent crimes. Violent crime is a terrible thing, but when it happens because of who someone is—because they are different—then I think a statute like this is appropriate. If it can have an effect to make someone think before they go out and commit a violent crime, then I applaud the sponsors of this bill, and I hope that members will support it.

ASSEMBLYMAN HANSEN:

I rise in opposition to S.B. 139. The Fourteenth Amendment to the *United States Constitution* says, "No state shall deny to any person within its jurisdiction the equal protection of the laws." Until 1995 we did not have hate crime laws in the state of Nevada because historically, in criminal law, your actions were punished. This bill essentially expands a protected class, which means all the other people who are not protected classes are, in effect, second-class citizens.

I studied other states, and in their hate crime statutes they have some categories that we do not have including age, personal appearance, family responsibility, marital status, political affiliation, service in the armed forces, and gender. When you apply this in a practical sense, for example, if I was passing out religious flyers right now and somebody attacked me, that would be a hate crime. But if I was passing out flyers against the war in Iraq, that would not be considered a hate crime even though the actions were identical.

Another example of a category we do not protect is gender: If an individual hates women and attacks a woman, there is no enhanced penalty. If that same individual attacks a woman because he perceives her to be a lesbian, then that would be an enhanced penalty. If an individual were to attack me to steal my wallet with the motive of greed, there would be no enhanced penalty. But if he were to attack me because he perceived me to be a homosexual, then there would be an enhanced penalty.

Therefore, we are clearly dividing people into protected and unprotected classes in this. Those actions are already criminal, but what we are really doing here is starting to punish people because of thoughts and speech that we find repugnant. In our system, the First Amendment is really about protecting speech, especially unpopular speech. As Voltaire states, "I may disagree with everything you say, but I will defend unto death your right to say it." So I think we need to keep those things in mind. Some will say in defense of this that the U.S. Supreme Court has ruled on it, and that is true. Simply because they have ruled on it does not mean we need to add additional protected classes. I would point out, too, the U.S. Supreme Court originally ruled on this in 1896 in *Plessy v. Ferguson*, and at that time, they felt it was okay to have separation based on classifications. Nobody today accepts that 1896 ruling as valid.

I would urge us to say no. Either we are equal in the eyes of the law or we are not. There should not be special protected classes that get special treatment and enhanced penalties when you do something against them in a criminal nature, but then the other people who have the same exact actions done to them are somehow second class when it comes to those punishments. If we truly believe in equality, then equality should be for all in the eyes of the law because, when we have certain victims that are protected, then we obviously have other victims that are not protected. I urge us to say no to S.B. 139 on the very basis of equality in the eyes of the law as the Fourteenth Amendment requires.

ASSEMBLYMAN HAMBRICK:

I rise in objection that we are even having this debate today. Why is this house or any legislature in this nation having to debate whether someone should be protected or not? I object, also, to those who started us down this path, to those who burned the black churches in the South. I object to those who had tire chains and beat people to death and dragged them behind their trucks because of the color of their skin. I object to those who have barb-wired and dragged people to death and nearly crucified them because they had a different sexual preference. We did not come down this road because we wanted to come down this road. For generations before us, as my colleague from Sparks said, in the mid-90s this state did not have to worry about that. But we have had crimes against people because of color, because of the clothing they wear, because of their religion. I would ask my colleagues, please, to remember the last six words of the anthem we recite in this Chamber every day, "With liberty and justice for all." I ask you to support this bill.

ASSEMBLYMAN HEALEY:

I rise in support of Senate Bill 139. It saddens me today to hear we have members of this Chamber as well as residents of our state that do, in fact, still support and embrace discrimination. Discrimination comes in many terms and many fashions. Senate Bill 139 is adding those individuals from the transgender community to the hate crimes bill. The hate crimes bill is so important because, unfortunately, we do have to add different levels of protection based on the types of crime, these heinous crimes that are committed. And for each of you who stand in opposition to this bill, I urge you to step back for a moment and pull up online some of the stories of these transgender individuals, either here in this state or throughout this country who have been brutally—and I mean brutally—attacked, raped, sodomized, stabbed, faces bashed in, bones broken, left bloody to die. And many of them in this country have died; they were killed or attacked simply because of who they were. That is why we do need to add this level of protection into the law here in the state of Nevada. As legislators and as leaders, we all took the oath to protect all of our constituents. Well, right now, transgenders do not have that level of protection in the state of Nevada, and they deserve that level of protection in the state of Nevada. I certainly hope that as leaders today, we will all reflect a moment before we push our buttons and that we remember that we are here to protect each and every one of our constituents. I certainly hope that I can count on your support of S.B. 139 and do what is right, and provide equality for our transgendered individuals in the state of Nevada.

Assemblymen Frierson, Eisen, and Horne moved the previous question.

Almighty God and Father, thank You for the opportunity to serve the citizens of Nevada today as we meet in this Chamber to discuss bills that have been presented to us. Help us take the responsibility to make decisions and move bills from this Chamber to the Senate and ultimately to the Governor's desk.

O' Lord, the time for this Session is soon to be completed. We need Your guidance to help us conclude boldly and fairly, making sure that all the citizens of this state are treated with equality as our own nation's *Constitution* states. Help us put aside our own priorities and make our focus priorities which are for the good of all.

Guide our discussions that we may seek each other out and work together, no matter what side of the aisle or political party we find another member of this Chamber.

We also come to You today asking for Your help and assistance to the brave people of Texas as they have gone through incredible weather yesterday. Give comfort to those who have experienced loss of family, friends, and possessions.

All these things we bring to You trusting in Your love and grace, in the Name of Your Son, Jesus Christ.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 593.

AN ACT relating to gaming; revising various definitions relating to gaming; revising provisions relating to the registration of persons who hold an ownership interest in certain business entities which hold a gaming license; revising provisions relating to the inspection of games, gaming devices, associated equipment, cashless wagering systems, inter-casino linked systems, mobile gaming systems and interactive gaming systems; revising provisions relating to the regulation of independent testing laboratories; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Nevada Gaming Commission and the State Gaming Control Board are required to administer state gaming licenses and manufacturer's, seller's and distributor's licenses, and to perform various acts relating to the regulation and control of gaming. (NRS 463.140)

Sections 1-4 of this bill revise the definitions of the terms "cashless wagering system," "gaming employee," "gross revenue" and "wagering credit" for the purposes of the statutory provisions governing the licensing and control of gaming.

Existing law requires audits of the financial statements of all nonrestricted licensees whose annual gross revenue is $5,000,000 or more, and requires the amount of annual gross revenue to be increased or decreased annually in an amount determined by the Commission and corresponding to the Consumer Price Index. (NRS 463.159) **Section 5** of this bill requires the Board to make such a determination.

Existing law also requires a limited partner holding a 5 percent or less ownership in a limited partnership or a member holding a 5 percent or less ownership in a limited-liability company, who holds or applies for a state gaming license, to register with the Board and submit to the Board's jurisdiction within 30 days after the person acquires a 5 percent or less ownership interest. (NRS 463.569, 463.5735) **Sections 6 and 7** of this bill remove the requirement to register with the Board after acquiring such an ownership, and instead require a person to register upon seeking to hold a 5 percent or less ownership.

Finally, existing law requires the Commission to adopt regulations providing for the registration of independent testing laboratories, which may be utilized by the Board to inspect and certify gaming devices, equipment and systems, and any components thereof, and providing for the standards and procedures for the revocation of the registration of such independent testing laboratories. (NRS 463.670) **Section 8** of this bill: (1) extends the requirement of registration to additional persons that own, operate or have significant involvement with an independent testing laboratory; (2) provides that a person who is registered pursuant to **section 8** is subject to the same investigatory and disciplinary procedures as all other gaming licensees; and (3) authorizes the Commission to require a registered independent testing laboratory and certain persons associated with a registered independent testing laboratory to file an application for a finding of suitability.

GENERAL FILE AND THIRD READING

Assembly Bill No. 20.
Bill read third time.
Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Assembly Bill 20 is part of the reorganization of the Department of Agriculture, so there are a number of changes in personnel and their duties. There are also some ancillary issues that are encapsulated in the bill.

It expands the purposes for which money may be expended from the Livestock Inspection Account and for the Program for the Control of Pests and Plant Diseases. It revises notification requirements when a brand inspector determines that an animal is the legal property of a person other than the person offering that animal for inspection. It also provides a certification by the Department as an actual producer of farm products other than any livestock, livestock product, or poultry. It changes provisions related to pest control, including increasing requirements for certain liability insurance and removing a requirement that each Nevada business location of a person licensed to engage in pest control must retain a primary principal who is responsible for the daily supervision of each category of pest control. It repeals a statute regarding a special tax on certain classes of livestock and restores the same provisions to another chapter of *Nevada Revised Statutes*, part of the reorganization. Lastly, it repeals certain statutes relating to the Agricultural Loan Mediation Program, certain inspections by Department inspectors and peace officers, and the retention of cattle hides by certain persons slaughtering cattle.

Assembly Bill 80 creates the Task Force on Alzheimer's Disease within the Department of Health and Human Services [DHHS]. The Director of DHHS appoints eight voting members and the Legislative Commission appoints two voting members, one from the Senate and one from the Assembly. The Task Force must develop the state plan to address Alzheimer's disease based upon the plan developed pursuant to Assembly Concurrent Resolution 10 of the 2011 Legislative Session, revise the plan as needed, prioritize action steps, and research issues relevant to Alzheimer's disease.

Additionally, the Task Force must submit an annual report on or before February 1 each year to the Governor and Director of the Legislative Counsel Bureau with findings and recommendations.

ASSEMBLYMAN HARDY:

Assembly Bill 153 authorizes the operation of craft distilleries in Nevada. The bill sets forth the scope of operation for craft distilleries, creates a new license category for craft distilleries, and imposes a new licensing fee. The measure also prohibits the sharing or leasing of facilities among manufacturers, wholesalers, distributors, and retailers unless they are engaged in the same business and makes changes to exceptions for terminating a franchise with a wholesaler. Regardless of what others have stated, this is not a Mormon drinking bill. This is a jobs bill.

ASSEMBLYMAN AIZLEY:

Assembly Bill 303 authorizes the PEBP Board to approve the payment of an additional amount from available funds in order to increase the subsidy for Medicare retirees. For a full disclosure, I am a Medicare retiree. The bill does not affect me any differently than it affects others, and I will be voting on the bill.

All other retirees are eligible for subsidy increases when funds become available. Current law prevents Medicare retirees from the same privilege. This bill just corrects the inequity.
