The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 719.

SUMMARY—Revises provisions relating to certain confidential information. (BDR ~~[19-468)]~~ **48-468)**

AN ACT relating to confidential information; ~~[establishing a procedure for the submission to a]~~ **requiring a state or** local governmental entity ~~[of]~~ **to keep confidential certain** records which are ~~[claimed to be confidential and which are required by the entity as a condition of its consideration of]~~ **submitted to the entity in connection with** an application for a **special use permit or any other** license, permit or similar approval; ~~[providing for the determination of such a claim of confidentiality and the status and disposition of the records;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Various provisions of existing law provide for the confidentiality of records submitted to an official or agency of the State or Federal Government. For example, NRS 534A.031]~~ **Existing law** provides that exploration or subsurface information obtained as a result of a geothermal project must be filed with the Division of Minerals of the Commission on Mineral Resources and further provides that this information is confidential for 5 years after the date of filing. ~~[However, there is no similar provision making this information confidential if it is submitted to a county or other political subdivision of the State]~~ **(NRS 534A.031) Section 10.5 of this bill requires a state or local governmental entity to keep this information confidential during the same period if the information is submitted to the entity** in connection with an application for a special use permit or any other license, permit or similar approval.

~~[Where the submission to a local governmental entity of records that are otherwise declared bylaw to be confidential is required by the local governmental entity as a condition of its consideration of an application for a license, permit or similar approval, sections 6 and 7 of this bill establish an expedited process by which the applicant may assert a claim of confidentiality with respect to the records and obtain a determination of that claim from the chief legal officer or attorney of the local governmental entity. If the chief legal officer or attorney agrees that the records are confidential, section 8 of this bill requires the local governmental entity to~~

~~maintain the records in confidence. If the records are determined not to be confidential, section 8 gives the applicant the choice of withdrawing the records from the possession of the local governmental entity, with the result that the application may likewise be deemed to have been withdrawn, or waiving any claim of confidentiality and proceeding with the application.]~~

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~[Chapter 239 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 8, inclusive, of this act.]~~ **(Deleted by amendment.)**

Sec. 2. ~~*[As used in sections 2 to 8, inclusive, of this act, unless the context otherwise requires, the words and terms defined in sections 3, 4 and 5 of this act have the meanings ascribed to them in those sections.]*~~ **(Deleted by amendment.)**

Sec. 3. ~~*[“Applicant” means a person or governmental entity that submits an application to a local governmental entity.]*~~ **(Deleted by amendment.)**

Sec. 4. ~~*[“Application” means a request submitted by an applicant to a local governmental entity for a license, permit or any similar approval involving the exercise of governmental authority.]*~~ **(Deleted by amendment.)**

Sec. 5. ~~*[“Local governmental entity” has the meaning ascribed to it in NRS 239.121.]*~~ **(Deleted by amendment.)**

Sec. 6. ~~*[The records of a local governmental entity are confidential and not public books or records within the meaning of NRS 239.010 or any other provision of statute or regulation if the records meet all of the following requirements:*~~

~~*1. The records are specifically declared by a statute or regulation of this State or a federal statute or regulation to be confidential when submitted to an elected or appointed officer, institution, board, commission, bureau, council, department, division or other official or agency of the State or Federal Government;*~~

~~*2. The records are submitted to the local governmental entity by an applicant in connection with an application to the local governmental entity; and*~~

~~*3. The submission of the records is required by the local governmental entity as a condition of its consideration of the application.]*~~ **(Deleted by amendment.)**

Sec. 7. ~~*[1. An applicant who submits to a local governmental entity any records that the applicant believes are confidential for the purposes of sections 2 to 8, inclusive, of this act shall clearly mark the records as*~~

~~*confidential and submit with the records a written statement describing the records and specifically identifying each provision of statute or regulation, other than section 6 of this act, that declares the records to be confidential. Regardless of whether the records are determined to be confidential, the statement prepared pursuant to this subsection is a public record for the purposes of NRS 239.010 and any other provision of statute or regulation applicable to public books or records. The statement must also include the mailing address of the applicant, which is the applicant's address of record for the purposes of sections 2 to 8, inclusive, of this act. If that address changes at any time while the records remain in the possession of the local governmental entity, the applicant shall so notify the local governmental entity in writing.*~~

~~*2. Upon its receipt of the records and the written statement required by subsection 1, the local governmental entity shall transmit the records and the statement to its chief legal officer or attorney or to the person designated by the chief legal officer or attorney to conduct the review required by this subsection. Within 5 business days after he or she receives the records and the statement of the applicant, the chief legal officer or attorney or his or her designee shall review the records and the statement, conduct any additional investigation or analysis he or she deems appropriate, and determine whether the records are confidential for the purposes of sections 2 to 8, inclusive, of this act. Pending this determination, the records must not be revealed in whole or in part to any person or governmental entity except to the extent necessary to carry out the provisions of this section, or upon the order of a court of competent jurisdiction. The records are presumed not to be confidential unless the chief legal officer or attorney or his or her designee finds that the records, or any part thereof, are confidential based on the review of the records and the statement, and any additional investigation or analysis.*~~

~~*3. The chief legal officer or attorney or his or her designee may determine for the purposes of sections 2 to 8, inclusive, of this act that the records are confidential in part and not confidential in part, in which case those records determined to be confidential and those records determined not to be confidential are subject, respectively, to the provisions of sections 2 to 8, inclusive, of this act applicable to records of that kind.]*~~ **(Deleted by amendment.)**

Sec. 8. ~~*[1. Upon making the determination required by section 7 of this act, the chief legal officer or attorney of the local governmental entity or his or her designee shall cause written notice of the determination, including a statement of the basis for the determination, to be mailed to the applicant at the applicant's address of record. Regardless of whether the records are determined to be confidential, the notice prepared pursuant to*~~

~~*this subsection is a public record for the purposes of NRS 239.010 and any other provision of statute or regulation applicable to public books or records. If the records are determined not to be confidential for the purposes of sections 2 to 8, inclusive, of this act, the notice must also include a copy of this section. If the records are determined to be confidential in part and not confidential in part, the notice must identify the records that have been determined not to be confidential.*~~

~~*2. If the records are determined to be confidential for the purposes of sections 2 to 8, inclusive, of this act:*~~

~~*(a) The records must not be revealed in whole or in part to any person or governmental entity except:*~~

~~*(1) To the extent necessary to consider and act upon the application;*~~

~~*(2) As authorized or required by the statute or regulation pursuant to which the records are determined to be confidential; or*~~

~~*(3) Upon the order of a court of competent jurisdiction.*~~

~~*(b) The local governmental entity shall cause the records to be mailed to the applicant at the applicant's address of record:*~~

~~*(1) Upon the expiration of any period of confidentiality specified in the statute or regulation pursuant to which the records are determined to be confidential; or*~~

~~*(2) At such time as the records are no longer required by the local governmental entity for any purpose connected with the application,*~~

~~*whichever is earlier.*~~

~~*3. If the records are determined not to be confidential for the purposes of sections 2 to 8, inclusive, of this act:*~~

~~*(a) The applicant may elect to:*~~

~~*(1) Withdraw the records from the possession of the local governmental entity, which withdrawal may be deemed by the local governmental entity to constitute a withdrawal of the application; or*~~

~~*(2) Waive any claim of confidentiality in the records, proceed with the application and authorize the local governmental entity to retain possession of the records.*~~

~~*The applicant must give written notice of the applicant's election to the local governmental entity within 10 business days after the date of mailing of the notice required by subsection 1.*~~

~~*(b) Notwithstanding the determination, unless the local governmental entity has received written notice of the applicant's waiver of any claim of confidentiality in the records, the records must not be revealed in whole or in part to any person or governmental entity except to the extent necessary to carry out the provisions of this section, or upon the order of a court of competent jurisdiction.*~~

~~*(c) If notice of the applicant's election pursuant to paragraph (a) is not received from the applicant by the local governmental entity within 15 business days after the date of mailing of the notice required by subsection 1, the local governmental entity shall cause the records to be mailed to the applicant at the applicant's address of record, and the local governmental entity may thereupon deem the application to be withdrawn.*~~

~~*4. If the applicant waives any claim of confidentiality in the records pursuant to subsection 3, the records are public books or records for the purposes of NRS 239.010 and any other provision of statute or regulation applicable to public books or records.*~~

~~*5. If the local governmental entity deems an application to be withdrawn pursuant to this section, it shall cause written notice of that action to be mailed to the applicant at the applicant's address of record within 5 business days after the date of the action. Such an action is a denial of the application for the purposes of any statute or regulation which provides for administrative or judicial review of the denial of an application of that kind. In any such review, the propriety of a determination that records are not confidential for the purposes of sections 2 to 8, inclusive, of this act is an issue properly within the scope of review.]*~~ **(Deleted by amendment.)**

Sec. 9. (Deleted by amendment.)

Sec. 10. (Deleted by amendment.)

Senate Bill No. 278.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 662.

AN ACT relating to real property; establishing an expedited process for the foreclosure of abandoned residential property; authorizing a board of county commissioners or the governing body of an incorporated city to establish by ordinance a registry of abandoned residential real property and a registry of real property in danger of becoming abandoned; and providing other matters properly related thereto.

Legislative Counsel's Digest:

Existing law provides for a trustee under a deed of trust to exercise a power of sale on real property after a breach of an obligation or payment of debt secured by the deed of trust. (NRS 107.080) This bill establishes an expedited procedure for the exercise of the power of sale with respect to abandoned residential property.

Section 2 of this bill establishes the criteria to be used to determine whether real property constitutes abandoned residential property. **Section 4** of this bill authorizes a beneficiary of a deed of trust to elect to use an expedited procedure for the exercise of the trustee's power of sale if: (1) after an investigation of the property, the beneficiary determines that the property is abandoned residential property; and (2) the beneficiary receives a certification that the property is abandoned residential property from an agency **or contractor** designated by the county or city in which the property is located. Under **section 4**, each county and city must designate an agency **or contractor** to provide certifications that property is abandoned residential property, and that agency **or contractor** may charge the beneficiary a fee of not more than ~~[$50]~~ **$300** to provide such certifications. To elect to use the expedited procedure, the beneficiary must include with the notice of default and election to sell the certification of the agency **or contractor** designated by the county or city and an affidavit setting forth the circumstances and

conditions supporting the determination that the property is abandoned residential property. If the certification and affidavit are included with the notice of default and election to sell: (1) **section 5** of this bill authorizes a notice of the sale of the property to be recorded not less than 60 days, rather than 3 months, after the recording of the notice of default and election to sell; and (2) **section 6** of this bill provides that the requirements relating to the Foreclosure Mediation Program are inapplicable and that the trustee may exercise the power of sale by obtaining a certificate from the Mediation Administrator.

Under **section 4**, if the trustee's sale is not conducted within 6 months **, unless the trustee's sale is tolled under certain circumstances,** after receipt of a certification from the agency **or contractor** designated by the county or city: (1) the notice of default and election to sell and the affidavit and certification to elect the expedited procedure are deemed to be withdrawn; and (2) the beneficiary is liable to the grantor or the successor in interest of the grantor for a civil penalty of not more than $500. **Section 4** further authorizes a grantor of a deed of trust or his or her successor in interest to record an affidavit stating that the property is not abandoned residential property and, if such an affidavit is recorded before the trustee's sale of the property, the notice of default and election to sell and the affidavit and certification to elect the expedited sale procedure are deemed to be withdrawn.

Section 3 of this bill: (1) authorizes a board of county commissioners or the governing body of an incorporated city to establish a registry of abandoned residential property and a registry of real property that is in danger of becoming abandoned residential property; and (2) requires the affidavit and certification required to elect the expedited sale procedure to be submitted to the entity maintaining the registry of abandoned residential property for the jurisdiction in which the property is located.

Section 7 of this bill provides that this bill expires by limitation on June 30, 2017, and thus, the authorization to use the expedited procedure for the exercise of the trustee's power of sale expires on that date.

Under existing law, a person must be a holder of a certificate of public convenience and necessity to operate a taxicab business. (NRS 706.386, 706.473, 706.8827) In counties whose population is less than 700,000 (currently all counties other than Clark County), the certificates are issued by the Nevada Transportation Authority, and in counties whose population is 700,000 or more (currently Clark County), the certificates are issued by the Taxicab Authority. (NRS 706.386, 706.881, 706.8827) Existing law requires the Taxicab Authority to: (1) approve or disapprove the color scheme, insigne and design of the cruising lights of taxicabs of a certificate holder in any county; and (2) ensure that the color scheme, insigne and design of the cruising lights of one certificate holder are readily distinguishable from those of another certificate holder operating in the same county. (NRS 706.8833, NAC 706.486) Existing law also requires that certain information about a taxicab's fare schedule **and the name of the certificate holder** be displayed on each taxicab. (NRS 706.8835) ~~[This bill eliminates the requirement that the Taxicab Authority approve or disapprove the color scheme on the taxicabs of a particular certificate holder.]~~ This bill ~~[also]~~ requires the Taxicab Authority to allow a certificate holder in any county to place advertisements on the exterior of the certificate holder's taxicabs, provided that the taxicabs bearing the advertisements are readily distinguishable from the taxicabs of other certificate holders operating in the same county **through the display of the name of the certificate holder on each side of each taxicab,** and that the taxicabs still display the fare schedule as required.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 701.

AN ACT relating to tow cars; authorizing certain insurance companies to designate vehicle storage lots; requiring operators of tow cars to tow certain vehicles to designated vehicle storage lots under certain circumstances; revising certain provisions relating to operators of tow cars; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section ~~[1]~~ **3** of this bill authorizes an insurance company to designate certain vehicle storage lots to which certain vehicles insured by the insurance company must be towed under certain circumstances. **Section** ~~[1]~~ **3** requires a law enforcement officer to make a good faith effort to determine the identity of the insurance company that provides coverage for the owner of such a vehicle and to make a good faith effort to communicate that information to the operator of the tow car before the vehicle is towed. **Section** ~~[1]~~ **3** further provides that the amendatory provisions of this bill apply only to a county whose population is 700,000 or more (currently Clark County). **Section 2 of this bill expresses the sense of the Legislature that the provisions of section 3 constitute an exercise of the safety regulatory authority of this State with respect to motor vehicles.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 706 of NRS is hereby amended by adding thereto ~~[a new section to read]~~ **the provisions set forth** as ~~[follows:]~~ **sections 2 and 3 of this act.**

Sec. 2. The Legislature hereby finds and declares that:

1. Towing a vehicle, either after an accident or after the vehicle is stolen and subsequently recovered, to a vehicle storage lot designated by the insurer of the vehicle will result in the placement of vehicle storage lots in more locations, as insurance companies will designate as many vehicle storage lots as are necessary to provide coverage throughout the county, thus enhancing safety by limiting both the time and distance that a tow car is traveling with a towed vehicle.

2. Authorizing insurance companies to designate vehicle storage lots will enhance safety by ensuring that the vehicles towed thereto are stored in locations which:

(a) Guarantee safe access to the vehicles by their owners; and

(b) Protect the property of the owners of the vehicles, including, without limitation, the vehicles themselves.

3. The provisions of section 3 of this act constitute an exercise of the safety regulatory authority of this State with respect to motor vehicles.

Sec. 3. 1. An insurance company may designate [a] one or more vehicle storage [lot] lots to which all vehicles that are [inoperable because] towed at the request of a law enforcement officer:

(a) Following an accident ; or [which have been recovered]

(b) Following recovery after having been stolen ,

↳ and which are insured by that insurance company must be towed pursuant to subsection 2. The designation of a vehicle storage lot must be provided in writing by the insurance company, its representative or the owner or operator of the vehicle storage lot to all providers of towing services that have obtained a certificate of public convenience and necessity and operate in the same geographical area in which the designated vehicle storage lot is situated.

2. If a law enforcement officer requests that an operator of a tow car tow a vehicle [that is inoperable because of] following an accident or [which was recovered] following recovery after having been stolen and the vehicle is not otherwise subject to impoundment, the law enforcement officer shall make a good faith effort to determine the identity of the insurance company that provides coverage for the owner of the vehicle. If the law enforcement officer determines the identity of the insurance company, he or she shall inform the operator of the tow car of the identity of the insurance company. If the operator of the tow car:

(a) Is informed by a law enforcement officer of the identity of the insurance company that provides coverage for the owner of the vehicle; or

(b) Otherwise determines the identity of the insurance company that provides coverage for the owner of the vehicle,

➥ and the insurance company has designated a vehicle storage lot pursuant to subsection 1, the operator of the tow car shall tow the vehicle to the designated vehicle storage lot unless the owner of the vehicle or a representative of the insurance company has directed otherwise.

3. If an operator of a tow car fails to tow a vehicle to the designated vehicle storage lot pursuant to subsection 2, the operator of the tow car shall:

(a) Forfeit the charge for towing and storage of the vehicle; and

(b) Tow the vehicle free of charge to the vehicle storage lot designated by the insurance company or its representative not later than 24 hours after receiving a demand, which must be made in writing or by electronic mail, from the insurance company or its representative.

4. The owners of a vehicle storage lot designated by an insurance company pursuant to subsection 1 shall agree in writing to indemnify the relevant law enforcement agencies and their officers, employees, agents and representatives from any liability relating to the towing of a vehicle insured by the designating insurance company and to the storing of the vehicle at the vehicle storage lot if the law enforcement officer who requested the towing of the vehicle made a good faith effort to comply with the provisions of subsection 2.

5. A vehicle storage lot must:

(a) ~~[Except as otherwise provided in subsection 6, comply]~~ Maintain adequate, accessible and secure storage within the State of Nevada for any vehicle that is towed to the vehicle storage lot;

(b) Comply with all ~~[applicable requirements imposed]~~ standards a law enforcement agency may adopt pursuant to NRS 706.4485 ~~[on an operator of a tow car;~~

~~(b)]~~ to protect the health, safety and welfare of the public;

(c) Comply with all ~~[applicable]~~ local laws and ordinances ~~[,]~~ applicable to that business, including, without limitation, local laws and ordinances relating to business licenses, zoning, building and fire codes, parking, paving, lights and security; and

~~[(c)]~~ (d) If the vehicle storage lot is a salvage pool as that term is defined in NRS 487.400, comply with all applicable requirements imposed pursuant to NRS 487.400 to 487.510, inclusive.

6. ~~[A]~~ If a vehicle storage lot has rates and charges that have been approved by the Authority for the storage of a vehicle, the vehicle storage lot is not required to assess ~~[the]~~ those rates and charges ~~[that have been approved by the Authority]~~ for the storage of a vehicle ~~[,]~~ that is towed to the vehicle storage lot in accordance with this section, but may not assess a rate or charge in excess of those approved rates and charges. If a vehicle storage lot does not have rates and charges that have been approved by the

Authority, it may not assess a rate or charge in excess of the rates and charges for the storage of a vehicle that have been approved by the law enforcement agency that requested the tow. If the requesting law enforcement agency does not have approved rates and charges, the vehicle storage lot may not assess a rate or charge in excess of the rates and charges for the storage of a vehicle that have been approved by the largest law enforcement agency in the county. An operator of a tow car who tows a vehicle to a vehicle storage lot pursuant to this section:

(a) Shall assess the rates and charges approved by the Authority for towing the vehicle.

(b) Is entitled to payment from the operator of the vehicle storage lot at the time the vehicle is towed to the vehicle storage lot.

7. Before designating a vehicle storage lot pursuant to subsection 1, an insurance company must obtain the approval of the Authority. The Authority shall approve the designation if the Authority determines that the vehicle storage lot has:

(a) Executed an indemnification agreement that meets the requirements of subsection 4;

(b) Satisfied the requirements of subsection 5; and

(c) Otherwise satisfied the requirements of this section.

8. The provisions of this section apply only to a county whose population is 700,000 or more.

9. As used in this section:

The term does not include a salvage pool that has not elected to operate a vehicle storage lot in accordance with the provisions of this section and is operating within the scope of its authority pursuant to NRS 487.400 to 487.510, inclusive.

A person who violates that provision, or any regulation adopted governing roadside parks or safety rest areas, shall be punished by a fine of not more than $100 for a first offense and not more than $500 for each subsequent offense. ASSEMBLYMAN OSCARSON:

Assembly Bill 301 requires the Legislative Committee on Public Lands to conduct a study of water issues during the 2013-2014 interim. The study would include: (1) water resource issues; (2) studies quantifying water use; (3) the consumptive use of water measured in gallons per capita per day; (4) alternative water sources; and (5) efforts related to apportionment of water within interstate groundwater basins.

The Public Lands Committee shall, in addition to its required final report, submit a report on its findings and recommendations for legislation on water no later than February 1, 2015, for consideration by the 78th Session of the Nevada Legislature.

I am proud to report to this body that this is a collaborative effort between the Central Nevada Water Authority and Southern Nevada Water Authority. It was a great opportunity for us to get together, and we hope this passes.

ASSEMBLYMAN ELLIOT ANDERSON:

Assembly Bill 304 makes an appropriation of $136,960.55 for the salary of a Veterans Court Coordinator contingent upon non-state matching funds to the Eighth Judicial District Court. This appropriation is not in The Executive Budget. Any remaining balance of the appropriation must not be committed for expenditures after June 30, 2015, and must revert to the General Fund at the end of the 2013-15 biennium.

During the interim, the Legislative Committee on Seniors Citizens, Veterans and Adults with Special Needs did a lot of study on veterans court and found it was a money saver in Washoe County, which is already funded with an AOC [Administrative Office of the Courts] grant. This would allow us to get the program up and running in Clark County, saving money in Clark County's justice system, public defenders, and district attorneys. I urge passage because it will really help veterans as well.

Assembly Bill 405, as amended, allows a seasonal resident to apply to the DMV [Department of Motor Vehicles] for a seasonal identification card. The bill requires the DMV to charge $17 for the identification card, which would expire after four years. The bill provides that applicants do not have to surrender an out-of-state driver's license or identification card when applying for a seasonal resident identification card.

This bill allows seasonal residents and out-of-state students with seasonal resident identification cards to apply to the DMV for a seasonal resident permit, also. The bill requires the applicants to pay a fee of $18 for each vehicle permit and submit proof that the vehicle is currently registered and insured in the state, country, or other place the owner or applicant is a resident.

Assembly Bill 405, as amended, allows the DMV to issue a decal, sticker, or other indicia to a seasonal resident who properly permits a vehicle. The decal, sticker, or other indicia must be displayed on the vehicle and expires after one year. It is limited to private passenger vehicles, noncommercial trucks, and recreational vehicles. This bill does not apply to commercial vehicles or those used for business purposes.

Assembly Bill 405, as amended, is effective upon passage and approval for the purposes of adopting regulations and performing preparatory administrative tasks and on January 1, 2015, for all other purposes.

Assembly Bill 408 requires a state agency to make a concerted effort to determine the impact of a proposed regulation and to conduct, or cause to be conducted, an analysis of the likely impact of the regulation on a small business. The governing body of a local government is similarly charged with determining the impact of the proposed rule on the small business. A copy of the small business impact statement must be submitted to the Legislative Counsel when the adopted regulation is submitted. The Legislative Commission must return the regulation to the agency if it is not. Currently, the PUC regulates approximately 30 water utilities that range in size between 25 to 4,000 customers. The largest of these utilities in central Nevada is located in Pahrump and has approximately 4,000 customers. The average customer base of a PUC-regulated water company in Nevada is only about 270 customers. ASSEMBLYWOMAN DIAZ:

Senate Bill 252 revises provisions related to the Renewable Portfolio Standard [RPS]. The measure limits the qualifications of a portfolio energy system for purposes of meeting the RPS to: (1) those systems placed into operation after July 1, 1997, or (2) those systems placed into operation before July 1, 1997, if the system was used to satisfy the requirement before July 1, 2009. The bill also limits the qualifications of an energy efficiency measure for purposes of meeting the RPS to those measures installed on or before December 31, 2019. Further, S.B. 252 eliminates the 2.4 kilowatt-hour multiplication factor for each 1 kilowatt-hour actually generated or acquired from a solar photovoltaic system for purposes of calculating portfolio energy credits [PEC] for any system placed into operation after December 31, 2015. Similarly, the measure excludes from the calculation of PECs the energy used by a portfolio energy system for its basic operations for any system placed into operation after December 31, 2015.

The bill authorizes a provider of electric service that carries forward 10 to 25 percent more kilowatt-hours of electricity than the provider needs to satisfy the RPS for the subsequent calendar year to sell the excess electricity. Additionally, the measure requires a provider that carries forward 25 percent or more of the amount of PECs necessary to comply with the RPS for the subsequent year to make reasonable efforts to sell any excess credits.

Finally, S.B. 252 requires the PUC of Nevada to open an investigatory docket to study, examine, and review the process for the sale of PECs and to submit a written report of its findings to the 78th Session of the Nevada Legislature.

Specifically, the bill provides that air ambulances based outside Nevada and attendants rendering services solely on such air ambulances are only exempt from these requirements if the operator delivers patients from a location outside Nevada to a location within Nevada and does not receive any patients within Nevada.

The measure also specifies that only the medical aspects of the operation of the air ambulance may be considered in determining whether to issue a permit to operate an air ambulance and precludes consideration of certain economic factors when making this determination. Inspections conducted concerning the issuance of a permit must be related only to the medical aspects of the operation of the air ambulance.

If a court grants a special motion to dismiss, the measure provides that in addition to reasonable costs and attorney's fees, the court may award an amount up to $10,000 to the person against whom the action was brought. If the court denies a special motion to dismiss and finds that the motion was frivolous or vexatious, the measure provides that the prevailing party shall receive reasonable costs and attorney's fees and may be granted an amount up to $10,000 and any such additional relief as the court deems proper to punish and deter the filing of frivolous or vexatious motions. ASSEMBLYMAN OHRENSCHALL:

Senate Bill 325 requires an explanation of a ballot question to include a digest consisting of a summary of existing laws directly related to the question and a statement of the impact of the proposal on those laws. The digest must also indicate the effect of the ballot question on public revenues. A question placed on a ballot by a governing body of a political subdivision must be written in easily understood language and include a digest. The measure requires governing bodies of all cities or counties to appoint committees to draft arguments in support of or in opposition to ballot questions, including advisory questions. Obsolete provisions requiring certain governing bodies to provide arguments for and against ballot questions are eliminated.

I want to praise the chairwoman of the Senate Legislative Operations and Elections Committee for bringing this bill forward. I know there have been many times that I have talked to constituents who tell me they vote against all of the ballot questions because they do not understand them. I hope this bill, should it pass into law, will help make those questions understandable because it is a vital part of our democratic process.

GENERAL FILE AND THIRD READING

Senate Bill No. 235.
Bill read third time.
The following amendment was proposed by Assemblywoman Benitez-Thompson:
Amendment No. 818.
AN ACT relating to scrap metal; authorizing a local law enforcement agency to establish or utilize an electronic reporting system to receive information relating to purchases of scrap metal; requiring, under certain circumstances, a scrap metal processor to submit electronically to a local law enforcement agency or certain third parties certain information relating to certain purchases of scrap metal; requiring the Division of Industrial Relations of the Department of Business and Industry to adopt regulations relating to the confidentiality of reported information; revising provisions

relating to certain records maintained by scrap metal processors; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides certain restrictions on the sale and purchase of scrap metal in this State and requires scrap metal processors to maintain certain records of purchases of scrap metal. (NRS 647.092-647.098) **Section 1.3** of this bill authorizes a local law enforcement agency to establish an electronic reporting system or utilize an existing electronic reporting system to receive certain information relating to scrap metal purchases within the jurisdiction of the law enforcement agency. **Section 1.3** requires that the system be electronically secure and accessible only to: (1) a scrap metal processor for the purpose of submitting certain information; (2) an officer of the local law enforcement agency; and (3) an authorized employee of any third party that the local law enforcement agency contracts with for the purpose of receiving and storing the information submitted by a scrap metal processor. If a local law enforcement agency establishes an electronic reporting system or utilizes an existing electronic reporting system, **section 1.3** requires a scrap metal processor to submit electronically to the local law enforcement agency or, if applicable, any third party that the local law enforcement agency has contracted with, certain information relating to each purchase of scrap metal from certain persons. **Section 1.3** further requires the Division of Industrial Relations of the Department of Business and Industry to adopt certain regulations providing for the confidential maintenance of reported information and the oversight of designated third parties that may contract with a law enforcement agency to receive and maintain such information.

Section 2 of this bill revises provisions relating to the acceptable forms of personal identification which a scrap metal processor may accept for the purpose of maintaining certain records relating to purchases of scrap metal.

Section 1.5 of this bill provides that a person is immune from any civil liability for any action taken with respect to carrying out the provisions of this bill, so long as such actions are taken in good faith and without malicious intent.

Section 1.7 of this bill requires a person in whose possession the information required to be submitted to a local law enforcement agency is held to keep the information confidential. **Section 1.7** also provides that a person who knowingly and willfully violates this requirement is guilty of a gross misdemeanor.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 647 of NRS is hereby amended by adding thereto the provisions set forth as sections 1.3, 1.5 and 1.7 of this act.

Sec. 1.3. ***1. A local law enforcement agency may establish an electronic reporting system or utilize an existing electronic reporting system to receive information relating to the purchase of scrap metal by a scrap metal processor that transacts business within the jurisdiction of the local law enforcement agency. (b) The date of the purchase;

(c) The name of the person or employee who conducted the transaction on behalf of the scrap metal processor;

(d) The name, street, house number and date of birth listed on the identification provided pursuant to paragraph (c) of subsection 1 of NRS 647.094 and a physical description of the seller, including the seller's gender, height, eye color and hair color;

(f) The description of the scrap metal recorded pursuant to paragraph (h) of subsection 1 of NRS 647.094; and

(g) The amount, in weight, of scrap metal purchased.

3. If a scrap metal processor is required to submit information to a local law enforcement agency or, if applicable, a designated third party pursuant to subsection 2, the scrap metal processor shall display prominently at the point of purchase a public notice, in a form approved by the local law enforcement agency, describing the information that the scrap metal processor is required to submit electronically to the local law enforcement agency or, if applicable, the designated third party.

4. Nothing in this section shall be deemed to limit or otherwise abrogate any duty of a scrap metal processor to maintain a book or other permanent record of information pursuant to NRS 647.094.

5. If a local law enforcement agency establishes an electronic reporting system or utilizes an existing electronic reporting system to receive information pursuant to this section, the local law enforcement agency shall, on or before January 15 of each odd-numbered year, submit to the Director of the Legislative Counsel Bureau for transmittal to the Legislature a report regarding the effect of the electronic reporting system on the incidence of crime which relates to the sale or purchase of scrap metal within the jurisdiction of the law enforcement agency.

6. The provisions of this section do not apply to the purchase of scrap metal from a business entity.

7. The Division of Industrial Relations of the Department of Business and Industry shall, in consultation with representatives from local law enforcement agencies in this state and representatives from the scrap metal industry, adopt regulations to ensure the confidentiality of information which is reported and maintained pursuant to this section, including, without limitation, regulations providing for:

(f) The manner in which reported information may be used, shared or disseminated; and

(g) The maintenance of reported information in relationship to other data maintained by a law enforcement agency.

8. As used in this section, "designated third party" means any person with whom a local law enforcement agency has entered into a contract for the purpose of receiving and storing any information required to be submitted electronically by a scrap metal processor pursuant to subsection 2.

Sec. 1.5. ***A person is immune from any civil liability for any action taken in good faith and without malicious intent in carrying out the provisions of NRS 647.094 or section 1.3 of this act.***

Sec. 1.7. ***1. Except as otherwise required pursuant to section 1.3 of this act, any information concerning the purchase of scrap metal, as***

described in NRS 647.094 and section 1.3 of this act, must be kept confidential by the person in whose possession such information is held.

2. A person who knowingly and willfully violates subsection 1 is guilty of a gross misdemeanor.

Sec. 2. NRS 647.094 is hereby amended to read as follows:

647.094 1. Every scrap metal processor shall maintain in his or her place of business a book or other permanent record in which must be made, at the time of each purchase of scrap metal, a record of the purchase that contains:

Assembly called to order at 12:28 p.m.

Madam Speaker presiding.

Roll called.

All present except Assemblywoman Pierce, who was excused.

Prayer by the Chaplain, Pastor Albert Tilstra.

As children bring their broken toys for us to mend, we bring our broken dreams to You, O' God, and then complain as to why You could be so slow; to which You reply, "How could I work? You never did let go."

Help us to remember Your words to us, "They that wait upon the Lord will renew their strength. They will soar on the wings like eagles. They will run and not get weary; they will walk and not faint."

AMEN.

GENERAL FILE AND THIRD READING

Senate Joint Resolution No. 1.

Resolution read third time.

Remarks by Assemblymen Cohen and Hansen.

ASSEMBLYWOMAN COHEN:

Senate Joint Resolution 1 expresses support for wild horses and burros by declaring that these animals are an integral part of the ecosystem and rangelands of the United States and the state of Nevada. The resolution notes that wild horses and burros are natural resources and cultural assets with the potential to promote tourism and job creation, particularly with the building of "eco-sanctuaries." The resolution notes that these animals depend on the understanding, cooperation, and fairness of all interested persons. In addition, the resolution expresses the Legislature's support for the preservation and protection of wild horses and burros and the development of wild horse and burro-related ecotourism. Finally, S.J.R. 1 encourages a spirit of cooperation between wild horse and burro advocates, private land owners, and the State Department of Agriculture.

ASSEMBLYMAN HANSEN:

I rise in opposition of Senate Joint Resolution No. 1. Wild horses and burros are not an integral part of Nevada. They are, in fact, feral livestock. They are causing all sorts of problems to the rangelands of our state. What I requested in this bill was that we ask Congress to follow its own laws and make sure that the herds are managed to the levels in the herd management areas, as is required by federal law. So I think we need to recognize that while they are beautiful, they are not part of the native ecosystem, they are causing a lot of problems, and the federal government has failed completely in its job to properly manage those in the state. So I will be voting no for that reason.

Roll call on Senate Joint Resolution No. 1:

YEAS—27.

NAYS—Paul Anderson, Bobzien, Daly, Diaz, Duncan, Ellison, Grady, Hambrick, Hansen, Hardy, Hickey, Kirner, Stewart, Woodbury—14.

EXCUSED—Pierce.

Senate Joint Resolution No. 1 having received a constitutional majority, Madam Speaker declared it passed.

Resolution ordered transmitted to the Senate.

Senate Joint Resolution No. 9.

Resolution read third time.

Remarks by Assemblyman Paul Anderson.

ASSEMBLYMAN PAUL ANDERSON:

Senate Joint Resolution No. 9 urges the Director of the Bureau of Land Management to expedite the process for approving special recreation permits for commercial and competitive uses of federal public lands in Nevada when such uses are for nonmotorized events. The resolution also urges the Director of the BLM to amend the *Code of Federal Regulations* to

expedite the approval process for SRPs and asks Nevada's Congressional Delegation to use its best efforts to accelerate this process as well.

Roll call on Senate Joint Resolution No. 9:

YEAS—40.

NAYS—Daly.

EXCUSED—Pierce.

Senate Joint Resolution No. 9 having received a constitutional majority, Madam Speaker declared it passed, as amended.

Resolution ordered transmitted to the Senate.

Senate Joint Resolution No. 12.

Resolution read third time.

Remarks by Assemblyman Munford.

ASSEMBLYMAN MUNFORD:

Senate Joint Resolution No. 12 urges the President of the United States to grant a posthumous pardon to John A. "Jack" Johnson, who in 1913 was convicted of violating the Mann Act, a conviction thought to be racially motivated. Mr. Johnson was the first African American to hold the title of Heavyweight Champion of the World. The conviction destroyed Mr. Johnson's reputation and diminished his athletic, cultural, and historical significance. The Mann Act, also known as the "White Slave Traffic Act," outlawed the transportation of women in interstate or foreign commerce for the purpose of prostitution or any other immoral purpose. I urge the passage of this resolution.

Roll call on Senate Joint Resolution No. 12:

YEAS—38.

NAYS—Flores, Hansen, Sprinkle—3.

EXCUSED—Pierce.

Senate Joint Resolution No. 12 having received a constitutional majority, Madam Speaker declared it passed.

Resolution ordered transmitted to the Senate.

Senate Joint Resolution No. 13.

Resolution read third time.

Remarks by Assemblymen Elliot Anderson, Hardy, Fiore, Paul Anderson, Martin, and Healey.

ASSEMBLYMAN ELLIOT ANDERSON:

Senate Joint Resolution 13 proposes to amend the *Nevada Constitution* to provide that the state of Nevada and its political subdivisions shall recognize marriages and issue licenses to couples, regardless of gender. Religious organizations and clergy have the right to refuse to perform marriages, and no person has the right to make a claim against a religious organization or clergy for such refusal. If approved in identical form during the 2015 Legislative Session, in addition to this one, the proposal will be submitted to the voters for final approval or disapproval at the 2016 General Election.

The issue before the Assembly today is not an easy one for many good people that I know, including those who I care for and respect and who will not be on the same side of this question. I rise in support because S.J.R. 13 will allow committed same-gender couples who love each other the freedom to marry. I rise in support because S.J.R. 13 will provide an economic boost to Nevada's lagging tourism industry and is supported by our state's largest employers. Finally,

S.J.R. 13 will allow the people a chance to change their minds on the topic. Before I go further, I want to address a number of the arguments against this resolution which have circulated around the Legislature.

The first is that marriage—or any type of policy—should not be in the constitution. Nevada's *Constitution* is already filled with policy, unfortunately. We have policy restricting the majority's purview to exercise a basic function of any legislature, taxing and spending. We have policy that creates special prohibitions against lotteries, mining taxes, and other policies. Nevada's *Constitution* and any constitution should be for basic structure and for securing our God given rights to life, liberty, and the pursuit of happiness and never for taking those rights away. However, whether we like constitutional policy or not is not the question before us today. Policy taking away the freedom to marry from committed same-gender couples, who love each other is already in the constitution. I would note that the proponents for Question 2 in 2000 and 2002 had no problem amending that language into the constitution. In sum, the question before this body is whether they believe everyone should have an equal right to life, liberty, and the pursuit of happiness, regardless of where this law is located.

The second argument against S.J.R. 13 is that supporters of the freedom to marry should go through the initiative process. In response, I would note that the *Nevada Constitution* includes three ways to amend the constitution, all legitimate and which all must be voted on by the people. They include a legislatively initiated amendment like here, an amendment initiated by the people, or a Constitutional Convention. Every member of this body represents 64,000 people, and every Senator represents 128,000 people. The sponsors of this measure represent over a million people, much more than are required to move an initiative petition forward. To act as though this method somehow undermines the spirit of the constitution, or makes this any less deserving of a vote, or somehow overrules a vote of the people who, by the way, still need to approve this at the ballot box, is wrong. The argument's logical conclusion is that there should not be a legislature in the first place, but of course we are a representative democracy.

Additionally, Question 2 was unnecessary. *Nevada Revised Statutes* 122.020 also restricted the freedom to marry before we were even a state. The Territorial Legislature, meeting in November of 1861, approved the earliest version of that statute, which ended up being codified into NRS Chapter 122. Their act stated that every male who attained the full age of 18 years and every female who attained the full age of 16 years was capable of contracting in marriage. Question 2 was unnecessarily duplicative and gratuitous.

The last argument is that we are overturning the will of the voters. However, pollsters from both sides of the aisle have found that the people's will has changed. Question 2 passed with 69 percent of the vote in 2000, and 67 percent of the vote in 2002. In February of this year, the latest RAN [Retail Association of NV] poll of Nevada conducted by Public Opinion Strategies put popular support for the freedom to marry at 54 percent. That's 7 percent higher than a similar poll conducted in August of 2012 by Public Policy Polling [PPP], which found support for the freedom to marry at 47 percent, with 42 percent opposed, and 80 percent in support of domestic partnerships. PPP also found a clear trend in support from their polling in 2011. Public opinion is evolving rapidly on this issue. Both pollsters specifically asked about marriage for same-gender couples, making it clear in the question that support would mean same-gender couples could marry. I also noted with interest a recent Washington Post/ABC poll that found that 81 percent of voters under 30 are in support. The will of the voters is changing, as it has with me, and it has been since 2002. I cannot tell you that I would have opposed Question 2 had I been able to vote on it.

Which leads me to why I am passionate about S.J.R. 13. I grew up in a small farm town, never having met anyone—that I knew of—who was gay. Then I served in the Marine Corps until 2005, where upon discharge I moved to Las Vegas. I remember the first person I met who I knew was gay. He and I worked together to advocate for our fellow veterans. At first, I was very uneasy around him, as you might expect from someone who came of age in the environments that I did. After spending more time with him and his partner of 20 years, I lost all the uneasiness that I had. In many ways, I consider both of them family now. Like other

members of this body, I care about my friends and family and want them to be happy. Marriage for most people is the ultimate expression of the pursuit of happiness, a pursuit that we have held dear sacred as Americans since 1776. The freedom to spend your life with the person you love is important. I feel that we all want that freedom, and we should treat everyone else as we would want to be treated. I would not want anyone stopping me from marrying a woman that I love. How would any of us who are straight feel if we were told it was illegal to marry the person we love or if there was a question on the ballot debating whether we were good enough to fall in love and make a lifetime commitment? This is not so much about rights as it is about love. We all know incredibly committed gay couples who are denied the freedom to marry in love. This includes all of us in the Legislature. We owe it to our friends and family, to treat them how we want to be treated.

In closing, Madam Speaker, I hope that like me, our colleagues support giving the voters a chance to change their minds because a lot of us—including people like me—have. I realize good people in this body will be legitimately compelled to vote their district instead of leading on this issue. However, good people in this body can also be a few steps ahead of their districts, instead of being on the affirmative side of this question. However, good people in this body can also be a few steps ahead of their districts, which are rapidly evolving to support, if they are not there already. I believe legislators may choose either course of action—even though I do not agree with their choice—and I will still respect them. However, I believe this vote will stick with us much longer than the next election. I am certain history will look at this vote as a seminal one. I think it is all important that we all are able to look ourselves in the mirror a generation from now, no matter which side we are on.

In closing, Madam Speaker, I served in the Marine Corps because I believe in this country, and I believe in freedom. If an adult can pay taxes, vote, start a business, and serve and die in combat for our freedom that they themselves do not have, then they should be able to marry whom they love. I do not think our state should stand in the way of such a fundamental freedom. I urge your support of S.J.R. 13.

ASSEMBLYMAN HARDY:

I rise in opposition to S.J.R. 13. Over the past several months, I have gained a great respect for those in this body—those whom I agree with and those with whom I disagree. Because of this respect, I believe I can be civil and passionate in my debate with you. About the topics like S.J.R. 13, I hope that respect will be shared by all those who speak today. For that reason, I would like to explain a different reason than that I have heard from my colleague from District 15. There are other issues in peoples' hearts and minds, and for that I would like to explain the reason I am where I am at.

I believe that marriage between a man and a woman is ordained of God; that the family is central to the Creator's plan for the eternal destiny of his children. I also believe that all human beings—male and female—are created in the image of God. Each is a beloved spirit—son or daughter of heavenly parents—and as such, has a divine nature and destiny. Gender is essential to the characteristic of an individual pre-mortal, mortal, and eternal identity and purpose.

I further declare that God has commanded that sacred powers of procreation are to be employed only between a man and a woman—lawfully wedded, as husband and wife. My respect for others and their beliefs do not cause me to abandon my commitment to the truth, which I understand. The covenants I have made because of those beliefs have cast me as a combatant in conflict between truth and error. For me there is no middle ground. I must stand up for the truth while I practice tolerance, love, and respect for the beliefs of others' ideas, different from my own and the people who hold Him. For my beliefs I must stand for truth, even if I must stand alone.

ASSEMBLYWOMAN FIORE:

I rise in qualified support of S.J.R. 13. Although I would have preferred a clean elimination of Section 21, Article 1 of the *Nevada Constitution*, the only option I have is to vote for or

against what is before this body. I voted against Question 2 when it was on the ballot in 2000 and 2002. I do not believe who should or should not be married is a matter that should be in our constitution; that is the prerogative of the Legislature. Unfortunately, my only option today is whether to leave the limitation of marriage in our *Constitution* or replace it with greater freedom by giving it to the vote of the people. I choose to give this choice back to the people.

When we started this session, I introduced my mother to this body, proudly. What is currently in our *Constitution* does not allow her to get married because my mom is gay. I love my mom with all my heart, and I am who I am today because of her guidance, influence, and how she raised me. You see children learn what they live, and my mom taught me to be the strong conservative, straight, Catholic, gun toting, Republican woman that all of you know. Besides being my peers, I consider each and every one of you friends. Since I am straight, I can marry the person of my choice; my mom does not have that option.

Growing up with a gay mom was challenging, not because she was gay, but because she was a wonderful, caring mother who set bounds for me. I grew up in a home where I had no idea what discrimination was. To this day, I have no comprehension of why anyone would want to discriminate against another soul. My vote today is to give it back to the people to hopefully take discrimination out of the *Nevada Constitution*. The ability to reconsider past decisions is part of what makes our great country a republic. The majority rules; however, the minority is never ignored when they can regroup and voice their opinions again. And sometimes the majority is no longer the majority. Mom, this vote is for you for showing me that being raised in a gay household is just as functional—if not more so—than a divorced heterosexual marriage.

ASSEMBLYMAN PAUL ANDERSON:

I rise to speak to Senate Joint Resolution 13. I, too, want to express my sincere appreciation and respect for this body. Over the last several months, I have made many new friends and acquaintances. I have come to better understand positions and policies, how our government works and operates, and both its strengths and weaknesses.

As I make my remarks, I especially want to express the idea of my sensitivity to both sides of this argument. I have family members that are gay. They are welcome and beloved members of our family. With that, I see the argument on both sides. I am sensitive to those arguments and have some internal conflict as to what the appropriate role government has in the case of who and who cannot be married. I do also have guiding principles and core values that are on one side of this argument and family members and people that I love and care for and respect on the other side of this debate.

If I were making this decision simply based on the constituents that I represent, this would be a very simple decision. Opinions from the legislative website from my district show 14 percent support and 86 percent in opposition. What does, however, influence my decision is the potential effect of this resolution on the process by which this is coming to the voters. An argument I hear often is that somehow by allowing gay marriage, it will affect my relationship with my wife or my relationship with my kids. I am not sure I support that argument. If gay marriage were allowed, I would not love my wife any less. My ability to teach morals and values that I deem appropriate would not be affected.

I do, however, believe that what we are doing with this resolution is not redefining marriage but un-defining marriage. Again, I believe that we are not redefining marriage but un-defining marriage. I think that has an impact on the idea of the family for many generations to come. I think we can look back historically to see how other decisions have influenced the family. These decisions are important and have significant impacts. And so I will stand by my belief that a mother and a father in a committed loving relationship—now known as marriage—is the best environment to raise a family.

My final point is that we are not enabling voters to make a choice on their definition of marriage with this resolution. That was done through the initiative process in 2000 and 2002. We are shortcutting the initiative process and endorsing our own idea and then asking the voters if they agree with this body. A few of us are going to endorse an idea and see if the voters agree

with us. This is not enabling but an endorsement. This is an endorsement of an idea that my constituents do not agree with, that I do not agree with, and I do not believe is in the best interest of Nevada.

For those reasons, Madam Speaker, I will respectfully be voting no on this resolution and urge this body to do the same.

ASSEMBLYMAN MARTIN:

I rise in support of S.J.R. 13. Okay, this is extremely personal and difficult for me, as one of the shyest members of this body, to speak on something so personal. Many of you know that I am openly gay, and I have a partner of 27 years; he is sitting in the gallery. We have been denied our civil rights—equality under the law—and we have been treated as second-class citizens. This is our opportunity as a body to set this correct. This is a fundamental right under our constitution—equality under the law, protection, tyranny of the majority. Actually, in the latest polls—not that I think civil rights should be based on polls—people are behind us.

This is very personal. We must have equality under the law. I apologize, it is just very difficult. We cannot have separate classes of laws for separate classes of people, and that is what marriage does. Legal and financial chaos ensues without the marriage protections. Obviously, the goal is not to strip married people of their rights, but to allow people in the secular society all the same rights of equality.

I know this is a very difficult for people of religion. I am a very religious person—I am very private about it—but this is about a secular society. This is about equality. I beg you, I ask you, I plead with you to have the courage, the conscience, and conviction to support S.J.R. 13.

ASSEMBLYMAN HEALEY:

I rise in support of S.J.R. 13. Every day we start our floor sessions with the Pledge of Allegiance, and we end with the last sentence, "with liberty and justice for all." I struggle with that because ever since I was a kid, I stood with pride and recited the Pledge of Allegiance, but not realizing that LGBT Americans are not included under that "all" portion of that sentence.

Like my own two brothers, I pay my taxes here in Nevada like a responsible citizen. However, I do not have the same rights and privileges that my brothers do. I, too, dream to have that ability to be married, just as my brothers do with their wives. When we talk about rights and privileges, if my partner were to get sick and need me to take care of him and I would need to take time off of work, I do not qualify to get Family Medical Leave to take care of him. If my partner dies before I do, I do not have the equal right to collect his social security benefits like my brothers do with their spouses. If my partner and I want to have kids, we are not eligible to earn the same income tax credit as my own brothers are.

Many people say to me, "Well, you got domestic partnerships. Is not that good enough?" I ask, why should I have to live my life "good enough?" Domestic partnerships do not provide me the rights to many of the protections that marriage would provide such as the tax on health benefits, child tax credit, continued health coverage through COBRA and many, many more.

Even though marriage has many contractual components, marriage is not just about a contract. It is the step of commitment between loving couples. Many LGBT Nevadans are members of the faith community, and like many straight members of the faith community, we just want the opportunity to stand in front of our higher power and be able to commit to the one that we love. I have heard the ridiculous argument that same gender marriage will threaten the "traditional" family or even the "traditional" marriage. What does "traditional" even mean anymore? Is there really a true definition of that? Aren't our families now single moms, single dads, two moms, two dads, and sometimes no parents at all? What is traditional?

The people of Nevada clearly made their opinion known with a yes vote to put the definition of marriage in the *Constitution* in 2000 and 2002. Yes, that was true then, but let us fast-forward 11 years to today, and let us look at the make-up of our residents and our constituents of Nevada—very different than back in 2000 and 2002. Nevada has seen some of its hardest times. With that, hundreds of thousands of people have moved in and out of Nevada. We have a very

different constituency base now than what we did back in 2002. The evolution of thoughts and ideas are what makes America the most amazing and progressive place to live in the world. It is because people change their views on issues that allows Nevada to grow and strive, even in some of our hardest times and years in our history. The process in which we change the *Constitution* and laws allows citizens the right to evolve their views. And it is that reason that I feel as lawmakers, we owe to our constituents the option of going back to the polls and expressing their current views. And I say current views because just look at what is happening with marriage around the country and around the world. Currently, 14 countries now have made it legal for same gender couples to be married in those countries. Right here in the United States, we have 12 states now, plus the District of Columbia, that have legalized same gender marriage. Six of those 12 states have taken such courageous steps in just the last 18 months—a clear indication that Americans are evolving in their opinions on same gender marriage.

Just to make it very clear, a yes vote today on S.J.R. 13 is a vote to allow our constituents the opportunity to go back to the polls and let their current views be expressed. As elected officials, I believe that we were sent here to do what is in the best interest of our constituents. Most times, each constituent is not given the opportunity to personally vote or let their voice be heard on the issues—that is what we are here to do. However, our process also allows voters an opportunity to go back to the polls and express their view through their own vote. That is what a vote on S.J.R. 13 will do. A no vote is a vote that simply means you are afraid that the views have evolved, which may differ from you—maybe that is why you would choose no, but I would hope not.

I would like to close with a personal story. It was September 10, 2010, when my life was drastically changed. My partner of a year and a half was killed on his motorcycle, just up the street here on Highway 50. This is Eddie. Eddie and I made plans to be married. Eddie knew that I was on a journey for the past 20 years fighting for equality here in Nevada. Eddie was with me for that ride and that quest to achieve equality here in Nevada and around the country. Our goal was to have a family. That was in September, and he had made plans that in December, he was going to move with me to Las Vegas so he could continue school down in Las Vegas. Our goal was that once he was finished with school, we would have a family. We hoped that marriage equality would have been passed by then, and that way we could have kids with parents that were actually married. I stood up at Eddie's funeral, and I promised his mother and his family that I would not stop fighting until we had this. I turned and I placed an HRC [Human Rights Campaign] flag in his hand inside the casket and told him that we will make this happen, and I will do it with your strength. To this day, I dream that I could marry Eddie. He is gone, but we have the chance today to let loving couples in Nevada, like Eddie and I, have the chance to live that same dream that my brothers and their spouses do.

I am voting yes today to allow my constituents the opportunity to go to the polls and let their voices be heard. I would ask each of you to demonstrate your leadership by also voting yes on S.J.R. 13. Loving couples of Nevada deserve the right to have their voices heard.

EXCUSED—Pierce.

Senate Joint Resolution No. 13 having received a constitutional majority, Madam Speaker declared it passed.

Resolution ordered transmitted to the Senate.

Senate Joint Resolution No. 15 of the 76th Session.

Resolution read third time.

Remarks by Assemblymen Bustamante Adams, Ellison, Wheeler, Daly, and Livermore.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Senate Joint Resolution 15 of the 76th Session proposes to amend Article 10, Section 1 of the Nevada Constitution, which provides for uniform and equal rates of assessment on taxation, to remove the exception to this provision provided for mines and mining claims which, under current law, shall be assessed and taxed only as provided in Article 10, Section 5 of the Constitution.

Additionally, Senate Joint Resolution 15 of the 76th Session proposes to repeal Article 10, Section 5 of the Constitution. This section allows the Legislature to impose a tax on the net proceeds of minerals at a maximum rate of 5 percent, prohibits the imposition of any other tax upon a mineral or its proceeds until the identity of the proceeds as such is lost, provides for the distribution of this tax revenue among local governments and school districts, and provides for an exemption from property taxes for patented mines and mining claims where at least $100 worth of labor has been performed.

Pursuant to Article 16, Section 1 of the *Nevada Constitution* and Chapter 218D of the Nevada Revised Statutes, the provisions contained within this joint resolution must be approved by the Legislature during the 2011 and 2013 Sessions, followed by voter approval at the November 4, 2014, General Election, in order to be ratified.

I am happy to make these comments on behalf of my colleague from District 3 who could not be here today. I know that she is watching from home, and we all pray for a speedy recovery on your behalf. During the Taxation Committee, we had a very healthy and respectful discussion about this topic, and we acknowledged the history and the contribution made by this industry to this state. For this reason, we believe that the removal of the mining constitutional tax exemption should be determined by the voters.

ASSEMBLYMAN ELLISON:

I rise in opposition to Senate Joint Resolution 15. In previous sessions, we have approved millions of dollars in tax incentive programs to entice new businesses to come to Nevada in the hopes of bringing more companies and higher paying jobs to Nevada. We have invested millions in economic development programs to show what a friendly business environment our state has along with a strong stable infrastructure and no corporate taxes. We have focused more on enticing new businesses and we have forgotten those that helped us here. Nevada has been a mining state from the very beginning It has helped us build our cities, towns, highways, and most of our basic infrastructure. Today, mining employs over 25,000 Nevadans at an average salary of $88,000 per year. This is well over double the average salary in Nevada. Mining also provides health care, pension plans, education assistance, and scholarship opportunities.

Nevada mines also contributed over $417 million in taxes in 2011 and projections are substantially higher for 2012. Mining is also one of the most stable taxes based in Nevada. With the renewed interest in S.J.R. 15 and declining world gold prices in the last two months, we have already felt the impact in our state. One company alone has already laid off 125 employees and cancelled one new building expansion.

Just this one bill has the power to close many of the small ore mines around Nevada and adversely change the way mining is done forever. Every county in the state has some type of mining, Clark to Elko.

My colleagues, I stand before you today and I ask you to please reconsider the impact this one bill can have on our state and our economy. Please do not vote to change our *Constitution* at the cost of hundreds of high paying jobs. Are we willing to gamble on Nevada's future? Please vote no on S.J.R. 15.

ASSEMBLYMAN WHEELER:

I, too, rise in opposition to Senate Joint Resolution 15 today, Madam Speaker. Senate Joint Resolution 15 introduces an unstable element into our state's economy—into our budget and into the mining sector itself. Realistically, we do not know what the tax structure of this state looks like without the provisions and guarantees currently in our constitution. We have the opinions of a lot of lawyers, but as you all know, ask three different lawyers, and you are going to get three different answers.

Nevada should move in the direction of more stability, not less in relation to mining—more stability in our budget through responsible spending and more stability in our tax structure. All business involves risk. There is no getting around that. But since when is it government's job to increase that risk and to introduce more instability into the marketplace? It is not. But that is exactly what S.J.R. 15 does.

Passing S.J.R. 15 and creating this instability in our marketplace will not create one job in Nevada. It will not encourage any business to come here. It will not reduce one class size in Clark County. It will not restore equity to the University funding formula, and it will not make anyone pay their fair share.

Instead, it just brings more doubt into Nevada's tax structure, it brings doubt to the investors who have billions of dollars at risk in ventures in this state, it brings pain to our rural communities whose schools and services we will have to scale back, and it slows our economic development and our economic recovery in this state.

In actuality, S.J.R. 15 removes the state's guarantee of $417 million in taxes from the mining industry. This is a bad bill, it is bad policy, and it is bad for the people of Nevada. I hope you will join me in voting no on S.J.R. 15.

ASSEMBLYMAN DALY:

I rise in support of Senate Joint Resolution 15. To acknowledge the words of my friends from Assembly District 33 and Gardnerville, mining is an important industry in this state. It has been a long part of our history, since before we actually became a state when we were a territory. But along with many other things in this state which have modernized—and we have grown up, mining has modernized—our *Constitution* and the provisions that are in there have not kept up. We are not going to lose mining jobs or mining industry or anything else. The minerals are here, the resource is here, and if there is a market for those resources, mining will continue. They are not going to tunnel in from Utah. So I think it is time that we modernize our *Constitution* and catch up with other states that have passed laws where their revenue has increased and mining has stayed the same—Alaska, Colorado, and other places. I do support Senate Joint Resolution 15 to modernize our *Constitution* with the rest of the industry that has come into the state through mining.

ASSEMBLYMAN LIVERMORE:

I rise in opposition of Senate Joint Resolution 15. Supporters of this resolution are eager to raise taxes on the mining industry. We have seen this time and time again. Meanwhile, sales of all commodities are down since the start of the legislative session. Gold has dropped 20 percent; silver is down more than 30 percent; copper has dropped 11 percent. Major mining companies have stopped hiring Nevada workers. There have been numerous layoffs in the industry, and if the economy doesn't improve for these industries, there will be more.

If it were any other industry, we would not be having this conversation in a time of crisis. Instead, we would be asking how to support that industry. We would vote to incentivize to help make struggling businesses succeed, but since it is mining, we are doing the opposite. There are some in this body who think it is the right thing to do politically, so here we are, voting on a measure specifically designed to hurt an industry.

Many of you know I used to own the A & W franchise in this area. I can only imagine what would happen in this building had root beer ever fallen out of favor with the public. Would we

have complained, then, that international soft drink companies were not paying their fair share? Perhaps we would have considered special taxes on french fries?

My colleagues, we all know how this vote may come out today. But before the rolls are open, I would ask you to consider the problems we will unleash on one of the state's founding industries, on our rural communities, and potentially even on our own budget. Please consider all of these things and join me in voting no on S.J.R. 15.

Assembly Bill No. 287.

Bill read third time.

The following amendment was proposed by Assemblyman Stewart:

Amendment No. 837.

AN ACT relating to mental health; authorizing the involuntary court-ordered admission of certain persons with mental illness to programs of community-based or outpatient services under certain circumstances; requiring a peace officer to take into custody and deliver a person to the appropriate location for an evaluation by an evaluation team from the Division of Mental Health and Developmental Services of the Department of Health and Human Services in certain circumstances; removing the provision which generally requires a person and his or her responsible relatives to pay for certain costs relating to the person's involuntary admission to such a program; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prescribes the process for initiating a petition for the involuntary court-ordered admission to a mental health facility of a person who is alleged to have a mental illness. Additionally, existing law specifies that if a court finds that a person has a mental illness and is likely to harm himself or herself or others if not treated, the court must place the person in the most appropriate course of treatment. (NRS 433A.115-433A.330) This bill authorizes the court to order the involuntary admission of such a person to a program of community-based or outpatient services if such a program is an appropriate course of treatment for that person.

Section 3 of this bill requires that: (1) a plan of treatment be developed by persons who are qualified in the field of psychiatric mental health, in consultation with the person who will receive the treatment; (2) the plan contain certain information relating to the course of treatment; and (3) the developers of the plan submit the plan to the court in writing.

Section 4 of this bill authorizes under certain circumstances both the conditional release of a person involuntarily admitted to a program of community-based or outpatient services and the revocation of such release, and **section 19** of this bill authorizes the unconditional release of such a person under certain circumstances.

Section 13 of this bill sets forth the requirements for participation in a program of community-based or outpatient services, including that: (1) the person who is admitted to the program must be 18 years of age or older and have a history of noncompliance with treatment for mental illness; and (2) the court must approve the written plan of treatment which has been developed for the person and submitted to the court.

Section 18 of this bill sets forth the process by which a professional responsible for providing or coordinating a program of community-based or outpatient services may petition the court to order a peace officer to take into custody and deliver a person who is involuntarily admitted to the program to the appropriate location for an evaluation by an evaluation team from the Division of Mental Health and Developmental Services of the Department of Health and Human Services if the person fails to participate in the program or otherwise fails to carry out the written plan of treatment developed for the person and submitted to the court.

Section 23 of this bill ~~[removes the provision]~~ **revises existing law** which generally requires a person and his or her responsible relatives to pay for the actual cost of the treatment and services rendered during the person's involuntary admission to a division facility **~~[.]~~ to require the same for an involuntary admission to a program of community-based or outpatient services. (NRS 433A.640) Responsible relatives include only the parent or legal guardian of a minor or the husband or wife of a person. (NRS 433A.610)**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 433A of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. ***"Program of community-based or outpatient services" means care, treatment and training provided to persons with mental illness, including, without limitation:***

1. A program or service for the treatment of abuse of alcohol;

2. A program or service for the treatment of abuse of drugs;

3. A program of general education or vocational training;

4. A program or service that assists in the dispensing or monitoring of medication;

5. A program or service that provides counseling or therapy;

6. A service which provides screening tests to detect the presence of alcohol or drugs;

7. A program of supervised living; or

8. Any combination of programs and services for persons with mental illness.

➥ *The term does not include care, treatment and training provided to residents of a mental health facility.*

Sec. 3. *If a court determines pursuant to NRS 433A.310 that a person should be involuntarily admitted to a program of community-based or outpatient services, the court shall promptly cause two or more persons professionally qualified in the field of psychiatric mental health, which may include the person who filed the petition for involuntary court-ordered admission pursuant to NRS 433A.200 if he or she is so qualified, in consultation with the person to be involuntarily admitted, to develop and submit to the court a written plan prescribing a course of treatment and enumerating the program of community-based or outpatient services for the person. The plan must include, without limitation:*

1. A description of the types of services in which the person will participate;

2. The medications, if any, which the person must take and the manner in which those medications will be administered;

3. The name of the person professionally qualified in the field of psychiatric mental health who is responsible for providing or coordinating the program of community-based or outpatient services; and

4. Any other requirements which the court deems necessary.

Sec. 4. *1. Except as otherwise provided in subsection 3, any person involuntarily admitted to a program of community-based or outpatient services may be conditionally released from the program when, in the judgment of the professional responsible for providing or coordinating the program of community-based or outpatient services, the conditional release is in the best interest of the person and will not be detrimental to the public welfare. The professional responsible for providing or coordinating the program of community-based or outpatient services shall prescribe the period for which the conditional release is effective. The period must not extend beyond the last day of the court-ordered period of admission to a program of community-based or outpatient services pursuant to NRS 433A.310.*

2. When a person is conditionally released pursuant to subsection 1, the State of Nevada, the agents and employees of the State or a mental health facility, the professionals responsible for providing or coordinating programs of community-based or outpatient services and any other professionals providing mental health services are not liable for any debts or contractual obligations incurred, medical or otherwise, or damages caused by the actions of the person who is released.

3. A person who is involuntarily admitted to a program of community-based or outpatient services may be conditionally released only if, at the time of the release, written notice is given to the court which ordered the

person to participate in the program and to the district attorney of the county in which the proceedings for admission were held.

4. Except as otherwise provided in subsection 6, the professional responsible for providing or coordinating the program of community-based or outpatient services shall order a person who is conditionally released pursuant to subsection 1 to resume participation in the program if the professional determines that the conditional release is no longer appropriate because that person presents a clear and present danger of harm to himself or herself or others. Except as otherwise provided in this subsection, the professional responsible for providing or coordinating the program of community-based or outpatient services shall, at least 3 days before the issuance of the order to resume participation, give written notice of the order to the court that admitted the person to the program. If an emergency exists in which the person presents an imminent threat of danger of harm to himself or herself or others, the order must be submitted to the court not later than 1 business day after the order is issued.

5. The court shall review an order submitted pursuant to subsection 4 and the current condition of the person who was ordered to resume participation in a program of community-based or outpatient services at the next regularly scheduled hearing for the review of petitions for involuntary admissions, but in no event later than 5 judicial days after participation in the program is resumed. The professional responsible for providing or coordinating the program of community-based or outpatient services to the person who was ordered to resume participation in the program shall give written notice to that person and to his or her attorney, if the person is represented by legal counsel, of the time, date and place of the hearing and of the facts necessitating that the person resume participation in the program.

6. The provisions of subsection 4 do not apply if the period of conditional release has expired.

Assembly Bill No. 336.

Bill read third time.

The following amendment was proposed by Assemblyman Healey:

Amendment No. 833.

AN ACT relating to vehicle registration; authorizing the registration of certain trailers for a 3-year period in lieu of a 12-month period; requiring a registrant who elects to register a trailer for the longer period to pay fees commensurate with that longer period; authorizing the registration of certain commercial trailers and semitrailers for as long as the trailer is owned by the person who obtained the registration; providing for a one-time imposition of a flat governmental services tax on commercial trailers registered for as long as the trailer is owned by the person who obtained the registration; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the annual registration of trailers and semitrailers that are to be operated on the highways of this State and the imposition of a governmental services tax. (NRS 371.030, 482.205, 482.206) **Section 1.4** of this bill allows a person who owns a trailer to instead elect to register the trailer for a period of 3 years. **Section 1.4** also requires a person who registers a trailer for a 3-year period to pay upon registration all applicable fees and taxes which the person would pay if the trailer was registered for 1 year and then renewed for 2 consecutive years, including, without limitation, governmental services taxes, registration fees, license plate fees and additional fees, if applicable, for personalized prestige license plates and special license plates.

Sections 2, 3, 34.5 and 36 of this bill authorize the owners of certain commercial trailers and semitrailers to pay a flat registration fee of $24 and the imposition of the governmental services tax in the amount of $86 for a registration that is valid for as long as the person owns the trailer. **Section 2** provides that such a registration is nontransferable if the person transfers ownership of the trailer, and is valid until the owner either transfers ownership of the trailer or cancels the registration of the trailer and surrenders the license plates to the Department of Motor Vehicles. **Section 36** provides that the governmental services tax is imposed only when the trailer is registered and is nonrefundable. **Section 4.5** of this bill provides that the Department shall not, for a trailer being registered in this manner, issue any of the various special license plates offered for other vehicles.

Sections 2-4, 5 and 35 of this bill make conforming changes to provisions concerning the transfer of registration, the imposition of the governmental services tax, renewal stickers, the replacement of license plates or decals that are lost, mutilated or illegible, and the reporting of stolen motor vehicles, trailers or semitrailers. (NRS 482.206, 482.260, 482.2705, 482.285, 482.520) **Sections 6-34.1** of this bill make conforming changes to provisions authorizing the issuance of special license plates which are available for certain trailers and semitrailers. **Sections 36-38** of this bill make conforming

changes to provisions concerning the imposition of the governmental services tax.

~~[~~~~ASSEMBLYWOMAN~~~~]~~ASSEMBLYMEN Kirkpatrick **, FLORES, STEWART, OHRENSCHALL, HICKEY; AIZLEY, ELLIOT ANDERSON, PAUL ANDERSON, BENITEZ-THOMPSON, BOBZIEN, BUSTAMANTE ADAMS, CARLTON, CARRILLO, COHEN, DALY, DIAZ, DONDERO LOOP, DUNCAN, EISEN, ELLISON, FIORE, FRIERSON, GRADY, HAMBRICK, HANSEN, HARDY, HEALEY, HOGAN, HORNE, KIRNER, LIVERMORE, MARTIN, MUNFORD, NEAL, OSCARSON, PIERCE, SPIEGEL, SPRINKLE, SWANK, THOMPSON, WHEELER AND WOODBURY**

AN ACT relating to the Legislature; revising provisions relating to the training required for newly elected Legislators; changing certain deadlines applicable to the submission **and drafting** of legislative measures; **~~[~~prohibiting certain~~]~~ revising the number of legislative measures that certain persons and entities may request for drafting; restricting** Legislators from requesting the drafting of legislative measures **~~[.]~~ under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires newly elected Legislators to attend certain training before the beginning of their first legislative session. (NRS 218A.285) **Section 1** of this bill requires such training to include discussion of major policy issues that are likely to be considered during the ensuing regular session of the Legislature. **Section 1** also requires the Director of the Legislative Counsel Bureau to communicate in writing the dates for training to candidates for election to the Assembly and the Senate for the ensuing regular session of the Legislature.

Existing law requires the Director to provide an electronic copy of a training session to any Legislator who was unable to attend the training session. (NRS 218A.285) **Section 1** authorizes the Director to provide an alternate means of recording the information provided during certain training sessions and requires a Legislator who was unable to attend a training session to complete that session in the manner prescribed by the Director.

Existing law **~~[~~**~~: (1) allows a Legislator to request a certain number of legislative measures on or before September 1 preceding a regular session and allows him or her to request a certain number of additional legislative measures between that date and December 10 preceding that session; and (2) requires sufficient detail to allow complete drafting of the legislative~~

~~measures to be submitted on or before December 1 preceding a regular session. (NRS 218D.150)~~] **contains provisions governing requests for the drafting of legislative measures for a regular session. (NRS 218D.100-218D.215) This bill revises the number of legislative measures that various persons and entities may request for drafting and also revises the deadlines for making such requests.**

Section ~~[2]~~ **6** of this bill changes ~~[from September 1 to July 1 the deadline for the request of a certain number of legislative measures and provides that a Legislator may submit his or her remaining requests between July 1 and December 10.]~~ **the number of legislative measures that Legislators and the chair of each standing committee may request by certain deadlines.** **Section** ~~[2]~~ **6** also changes ~~[from December 1 to November 1 the deadline]~~ **the deadlines** for providing sufficient detail to allow complete drafting of a legislative measure. **Section** ~~[2]~~ **6** further: (1) prohibits a Legislator who has filed a declaration or an acceptance of candidacy for election to the House in which he or she is not currently sitting from requesting the drafting of legislative measures; and (2) provides that, if the Legislator is elected to the other House, any request that he or she submits before filing a declaration or an acceptance of candidacy for election counts against the applicable limitation for the House to which the Legislator was elected to serve. **(NRS 218D.150)**

Existing law allows each statutory legislative committee **and interim study committee** to request a certain number of legislative measures ~~[on or before September 1]~~ preceding a regular session. (NRS 218D.160) **Section** ~~[3]~~ **7** of this bill ~~[changes that]~~ **reduces the number of legislative measures that may be requested by the Chair of the Legislative Commission and moves up the** deadline ~~[to August 1.]~~ **for statutory legislative committees and interim study committees to provide sufficient detail to allow complete drafting of their legislative measures.**

Section 8 of this bill revises the deadlines by which the Governor or the Governor's designated representative must submit requests for the drafting of legislative measures and increases the number of legislative measures that the Lieutenant Governor, Secretary of State, State Treasurer, State Controller and Attorney General may request for drafting. (NRS 218D.175)

Section 9 of this bill reduces the number of legislative measures that may be requested by the city council of a city whose population is 150,000 or more but less than 500,000 (currently the cities of Henderson, North Las Vegas and Reno). (NRS 218D.205)

Existing law authorizes the following entities to submit their own requests for the drafting of legislative measures for each regular session: (1) a mental health consortium established to develop strategic plans for

the provision of mental health services to children with emotional disturbance and their families (NRS 218D.215, 433B.333); and (2) an interagency committee created by the Director of the Department of Health and Human Services to evaluate the child welfare system in this State. (NRS 432B.178) Sections 11 and 12 of this bill eliminate the authority of these entities to submit their own requests, but such entities still would be authorized by existing law to ask Legislators or legislative committees to submit and sponsor requests on behalf of the entities. (NRS 218D.150, 218D.155, 218D.160)

SECOND READING AND AMENDMENT

Senate Bill No. 177.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 730.

SUMMARY— **[**Prohibits**]** **Authorizes a board of county commissioners to adopt an ordinance prohibiting** a minor from committing certain acts relating to the possession and use of tobacco products. (BDR 5-689)

AN ACT relating to tobacco; **authorizing a board of county commissioners to adopt an ordinance** prohibiting a minor from committing certain acts relating to the possession and use of tobacco products; **revising various provisions relating to tobacco products;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section [10**]** **17** of this bill **authorizes a board of county commissioners to adopt an ordinance which** prohibits a minor from purchasing or attempting to purchase tobacco products, possessing or attempting to possess tobacco products, using tobacco products or falsely representing his or her age to purchase, possess or obtain tobacco products. **Section 4** of this bill provides that a child may be issued a citation for violating the **[**provisions of section 10, while section**]** **ordinance. Under section 4, a citation for a violation of the ordinance may be issued to a child who is the occupant of a vehicle only if the vehicle is halted or its driver arrested for another**

offense. Section 3 of this bill provides that a probation officer may act as a master of the juvenile court if the proceeding involves such a citation. Under **sections 3.3, 3.7 and [10] 17** of this bill, a child who violates **[the provisions of section 10] the ordinance** is a child in need of supervision for the purposes of juvenile court proceedings rather than a delinquent child.

Section 5 of this bill sets forth the possible **[punishment] penalties** if a child is adjudicated to be in need of supervision because the child has committed a violation of **[section 10,] the ordinance.** Under **section 5**, the juvenile court may order a child to pay a $25 fine for a first adjudication, a $50 fine for a second adjudication and a $75 fine for a third or any subsequent adjudication. If the juvenile court orders a child to pay such a fine, **section 5** requires the juvenile court to order the child to pay a $10 administrative assessment in addition to the fine. **Section 5** further provides that: (1) for any adjudication that a child is in need of supervision because the child committed a violation of **[section 10,] the ordinance,** the juvenile court may order a child to attend a tobacco awareness and cessation program; and (2) for a third or any subsequent adjudication or for a willful failure by the child to pay a fine or administrative assessment, the juvenile court may order a suspension or delay in the issuance of the child's driver's license for at least 30 days but not more than 90 days. Under **section 5**, if the juvenile court orders the suspension or delay in the issuance of a child's driver's license, the juvenile court may order the Department of Motor Vehicles to issue to the child a restricted driver's license that authorizes the child to drive to and from school or work or to acquire medicine or food for himself or herself or for an immediate family member.

Existing law prohibits various acts related to tobacco or products made from tobacco. (NRS 202.2485-202.2497) Sections 11-16 of this bill revise these prohibitions to include tobacco or products made or derived from tobacco, and define the term "products made or derived from tobacco."

Senate Bill No. 321.

Bill read third time.

The following amendment was proposed by Assemblyman Duncan:

Amendment No. 822.

AN ACT relating to real property; revising provisions governing the foreclosure of owner-occupied property securing a residential mortgage loan; providing civil remedies for failure to comply with certain provisions governing the foreclosure of owner-occupied property securing a residential

mortgage loan; authorizing a mortgagor in a judicial foreclosure action to elect mediation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the trustee under a deed of trust concerning owner-occupied housing has the power to sell the property to which the deed of trust applies, subject to certain restrictions. (NRS 107.080, 107.085, 107.086) Existing law also provides for a judicial foreclosure action under certain circumstances for the recovery of any debt or for the enforcement of any right secured by a mortgage or other lien upon real estate. (NRS 40.430) **Sections 2-16** of this bill establish additional requirements for the foreclosure of owner-occupied housing securing a residential mortgage loan. Under **section 7.5** of this bill, these additional restrictions do not apply to a financial institution that, during its immediately preceding annual reporting period, as established with its primary regulator, has foreclosed on 100 or fewer owner-occupied homes located in this State. Under **section 30** of this bill, these additional restrictions apply only to a notice of default and election to sell which is recorded on or after October 1, 2013.

Section 10 of this bill provides that at least 30 calendar days before recording a notice of default and election to sell or commencing a judicial foreclosure action and at least 30 calendar days after the borrower's default, the mortgage servicer, mortgagee or beneficiary of the deed of trust must provide to the borrower certain information concerning the borrower's account, the foreclosure prevention alternatives offered by the mortgage servicer, mortgagee or beneficiary and a statement of the facts supporting the right of the mortgagee or beneficiary to foreclose. **Section 11** of this bill prohibits the recording of a notice of default and election to sell or the commencement of a judicial foreclosure action involving a failure to make payment until the mortgage servicer complies with certain requirements regarding contact with, or attempts to contact, the borrower. **Section 13** of this bill prohibits the practice commonly known as "dual-tracking" by prohibiting a mortgage servicer, trustee, mortgagee or beneficiary of a deed of trust from continuing the foreclosure process while an application for a foreclosure prevention alternative is pending or while the borrower is current on his or her obligation under a foreclosure prevention alternative. **Section 14** of this bill requires a mortgage servicer to provide a single point of contact for a borrower who requests a foreclosure prevention alternative. **Section 15** of this bill requires that under certain circumstances, a mortgage servicer, mortgagee or beneficiary of a deed of trust must dismiss a judicial foreclosure action or rescind a recorded notice of default and election or notice of sale. **Section 16** of this bill provides for certain civil remedies for a material violation of the provisions of **sections 2-16**.

Section 16 also provides that a signatory to the consent judgment entered in the case entitled *United States of America et al. v. Bank of America Corporation et al.*, who complies with the Settlement Term Sheet under that judgment is deemed to be in compliance with sections 2-16 and is not liable for a violation of those provisions. Section 16 further provides that if the consent judgment is modified or amended to permit compliance with the Final Servicing Rules issued by the federal Consumer Financial Protection Bureau to supersede the terms of the Settlement Term Sheet under the consent judgment: (1) a signatory to the consent judgment who complies with the modified or amended Settlement Term Sheet while the consent judgment is in effect is deemed to be in compliance with sections 2-16 and is not liable for a violation of those provisions; and (2) any mortgage servicer, mortgagee or beneficiary of the deed of trust who complies with the Final Servicing Rules is deemed to be in compliance with sections 2-16 and is not liable for a violation of those provisions.

Section 18 of this bill provides that in a judicial foreclosure action concerning owner-occupied property, the mortgagor may elect to participate in the Foreclosure Mediation Program.

WHEREAS, The State of Nevada has been severely affected by the mortgage foreclosure crisis and consistently ranks as one of the top states for underwater home mortgage loans, mortgage defaults and foreclosures; and

WHEREAS, The dramatic increase in foreclosures during the mortgage foreclosure crisis has led to predatory and illegal practices by mortgage servicers and outside firms hired by mortgage servicers; and

WHEREAS, The Nevada Attorney General investigated and sued certain large financial institutions for engaging in illegal practices relating to the servicing of mortgage loans in default and entered into consent agreements and settlements requiring certain large financial institutions to adopt certain practices when servicing a mortgage loan in default; and

WHEREAS, The consent agreements and settlements only apply to the large financial institutions and are not permanent; and

WHEREAS, All homeowners in the State of Nevada deserve better consumer protections and fair and honest treatment in the servicing of mortgage loans in default; now therefore,

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

The term includes a person providing such services by contract as a subservicing agent to a master servicer by contract. Sec. 9. ***1. Any duty of a mortgage servicer to maximize net present value under a pooling and servicing agreement is owed to all parties in a loan pool, or to all investors under a pooling and servicing agreement, not to any particular party in the loan pool or investor under a pooling and servicing agreement.***

2. A mortgage servicer acts in the best interests of all parties to the loan pool or investors in the pooling and servicing agreement if the mortgage servicer agrees to or implements a foreclosure prevention alternative for which both of the following apply:

(4) A copy of the borrower's payment history since the borrower was last less than 60 calendar days past due.

2. Unless a borrower has exhausted the process described in sections 12 and 13 of this act for applying for a foreclosure prevention alternative offered by, or through, the mortgage servicer, mortgagee or beneficiary of the deed of the trust, not later than 5 business days after a notice of default and election to sell is recorded pursuant to subsection 2 of NRS 107.080 or a civil action for the recovery of any debt, or for the enforcement of any right, under a residential mortgage loan that is not barred by NRS 40.430 is commenced, the mortgage servicer, mortgagee or beneficiary of the deed of trust that offers one or more foreclosure prevention alternatives must send to the borrower a written statement:

(b) Allow the borrower not less than 30 calendar days to submit any documents or information required to complete the application.

Sec. 13. ***1. If a borrower submits an application for a foreclosure prevention alternative offered by, or through, the borrower's mortgage servicer or mortgagee or the beneficiary of the deed of trust, then the mortgage servicer, mortgagee, trustee, beneficiary of the deed of trust or an authorized agent of such a person may not commence a civil action for a foreclosure sale pursuant to NRS 40.430 involving a failure to make a payment required by a residential mortgage loan, record a notice of default and election to sell pursuant to subsection 2 of NRS 107.080 or a notice of sale pursuant to subsection 4 of NRS 107.080, or conduct a foreclosure sale until one of the following has occurred:***

3. If a borrower accepts an offer for a foreclosure prevention alternative, the mortgage servicer must provide the borrower with a copy of the complete agreement evidencing the foreclosure prevention alternative, signed by the mortgagee or beneficiary of the deed of trust or an agent or authorized representative of the mortgagee or beneficiary.

6. If the borrower appeals the denial of a complete application for a foreclosure prevention alternative, not later than 30 calendar days after the borrower requests the appeal, the mortgage servicer must submit to the borrower a written offer for a foreclosure prevention alternative or a written denial of the appeal. The borrower must accept or reject the offer within 14 calendar days after the borrower receives the offer. If a borrower does not accept a written offer for a foreclosure prevention alternative within 14 calendar days after the borrower receives the written offer for the foreclosure prevention alternative, the offer is deemed to be rejected.

7. A mortgage servicer shall not charge or collect any:

(b) Late fees for periods during which:

(1) A foreclosure prevention alternative is under consideration or a denial is being appealed;

Amendment No. 680.

SUMMARY—~~[Repeals]~~ **Contingently amends and repeals** the **Tahoe Regional Planning Compact and the** provisions of Senate Bill No. 271 of the 2011 Session. (BDR 22-726)

AN ACT relating to land use planning; **contingently amending and** repealing certain provisions **of the Tahoe Regional Planning Compact and provisions** providing for the withdrawal of the State of Nevada from the Tahoe Regional Planning Compact under certain circumstances and various matters relating to that withdrawal; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth the Tahoe Regional Planning Compact, an interstate agreement between the States of California and Nevada pursuant to which the bistate Tahoe Regional Planning Agency regulates environmental and land-use matters within the Lake Tahoe Basin. (NRS 277.190-277.220)

Senate Bill No. 271 of the 2011 Session (SB271) requires the withdrawal of the State of Nevada from the Tahoe Regional Planning Compact on October 1, 2015, unless, by that date, an amendment to the Compact proposed by SB271 has been adopted by the State of California and approved

pursuant to federal law, and the governing board of the Tahoe Regional Planning Agency has adopted an update to the 1987 Regional Plan. SB271 authorizes the Governor, under certain circumstances, to postpone that withdrawal date until October 1, 2017. (Chapter 530, Statutes of Nevada 2011, p. 3710)

This bill repeals ~~[the]~~ **certain** provisions of SB271 ~~[in their entirety.]~~ **upon enactment by the State of California of legislation that is effective on or before January 1, 2014, which: (1) adopts amendments to the Compact that are substantially identical to the amendments contained in section 1.5 of SB271, as amended by section 2 of this bill; (2) agrees to cooperate with the State of Nevada in seeking to have those changes to the Compact approved by Congress; (3) adopts amendments to the Compact substantially identical to the amendments contained in section 1 of this bill relating to the duty of the Tahoe Regional Planning Agency to take certain actions in accordance with the Compact and the regional plan and placing the burden of proof on the party challenging the regional plan or an act taken or decision made by the Agency pursuant to the Compact or the regional plan to show that the plan, act or decision is not in conformance with those requirements; (4) finds and declares support for the full implementation of the regional plan update adopted by the Tahoe Regional Planning Agency in December of 2012; and (5) acknowledges the authority of either the State of California or the State of Nevada to withdraw from the Tahoe Regional Planning Compact pursuant to subdivision (c) of Article X of the Compact or pursuant to any other provision of the laws of each respective State.**

Section 2 of this bill revises SB271 to remove the proposed amendments to the Compact regarding the voting structure of the governing body of the Tahoe Regional Planning Agency and the burden of proof.

If the State of California does not enact such legislation on or before January 1, 2014, the provisions of this bill expire and SB271 remains in effect.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 277.200 is hereby amended to read as follows:**

277.200 The Tahoe Regional Planning Compact is as follows:

Tahoe Regional Planning Compact

ARTICLE I. Findings and Declarations of Policy

(a) It is found and declared that:

(1) The waters of Lake Tahoe and other resources of the region are threatened with deterioration or degeneration, which endangers the natural beauty and economic productivity of the region.

(2) The public and private interests and investments in the region are substantial.

(3) The region exhibits unique environmental and ecological values which are irreplaceable.

(4) By virtue of the special conditions and circumstances of the region's natural ecology, developmental pattern, population distribution and human needs, the region is experiencing problems of resource use and deficiencies of environmental control.

(5) Increasing urbanization is threatening the ecological values of the region and threatening the public opportunities for use of the public lands.

(6) Maintenance of the social and economic health of the region depends on maintaining the significant scenic, recreational, educational, scientific, natural and public health values provided by the Lake Tahoe Basin.

(7) There is a public interest in protecting, preserving and enhancing these values for the residents of the region and for visitors to the region.

(8) Responsibilities for providing recreational and scientific opportunities, preserving scenic and natural areas, and safeguarding the public who live, work and play in or visit the region are divided among local governments, regional agencies, the states of California and Nevada, and the Federal Government.

(9) In recognition of the public investment and multistate and national significance of the recreational values, the Federal Government has an interest in the acquisition of recreational property and the management of resources in the region to preserve environmental and recreational values, and the Federal Government should assist the states in fulfilling their responsibilities.

(10) In order to preserve the scenic beauty and outdoor recreational opportunities of the region, there is a need to insure an equilibrium between the region's natural endowment and its man-made environment.

(b) In order to enhance the efficiency and governmental effectiveness of the region, it is imperative that there be established a Tahoe Regional Planning Agency with the powers conferred by this compact including the power to establish environmental threshold carrying capacities and to adopt and enforce a regional plan and implementing ordinances which will achieve and maintain such capacities while providing opportunities for orderly growth and development consistent with such capacities.

(c) The Tahoe Regional Planning Agency shall interpret and administer its plans, ordinances, rules and regulations in accordance with the provisions of this compact.

(B) Two members appointed by the Governor of California, one member appointed by the Speaker of the Assembly of California and one member appointed by the Senate Rules Committee of the State of California. The members appointed pursuant to this subparagraph shall not be residents of the region and shall represent the public at large within the State of California.

(2) Nevada delegation:

(A) One member appointed by each of the boards of county commissioners of Douglas and Washoe counties and one member appointed by the board of supervisors of Carson City. Any such member may be a member of the board of county commissioners or board of supervisors,

respectively, and shall reside in the territorial jurisdiction of the governmental body making the appointment.

(B) One member appointed by the governor of Nevada, the secretary of state of Nevada or his designee, and the director of the state department of conservation and natural resources of Nevada or his designee. Except for the secretary of state and the director of the state department of conservation and natural resources, the members or designees appointed pursuant to this subparagraph shall not be residents of the region. All members appointed pursuant to this subparagraph shall represent the public at large within the State of Nevada.

(C) One member appointed for a 1-year term by the six other members of the Nevada delegation. If at least four members of the Nevada delegation are unable to agree upon the selection of a seventh member within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body for that state the governor of the State of Nevada shall make such an appointment. The member appointed pursuant to this subparagraph may, but is not required to, be a resident of the region within the State of Nevada.

(3) If any appointing authority under paragraph (1)(A), (1)(B), (2)(A) or (2)(B) fails to make such an appointment within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body, the governor of the state in which the appointing authority is located shall make the appointment. The term of any member so appointed shall be 1 year.

(4) The position of any member of the governing body shall be deemed vacant if such a member is absent from three consecutive meetings of the governing body in any calendar year.

(5) Each member and employee of the agency shall disclose his economic interests in the region within 10 days after taking his seat on the governing board or being employed by the agency and shall thereafter disclose any further economic interest which he acquires, as soon as feasible after he acquires it. As used in this paragraph, "economic interests" means:

(A) Any business entity operating in the region in which the member or employee has a direct or indirect investment worth more than $1,000;

(B) Any real property located in the region in which the member or employee has a direct or indirect interest worth more than $1,000;

(C) Any source of income attributable to activities in the region, other than loans by or deposits with a commercial lending institution in the regular course of business, aggregating $250 or more in value received by or promised to the member within the preceding 12 months; or

(D) Any business entity operating in the region in which the member or employee is a director, officer, partner, trustee, employee or holds any position of management.

➥ No member or employee of the agency shall make, or attempt to influence, an agency decision in which he knows or has reason to know he has an economic interest. Members and employees of the agency must disqualify themselves from making or participating in the making of any decision of the agency when it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the economic interests of the member or employee.

(b) The members of the agency shall serve without compensation, but the expenses of each member shall be met by the body which he represents in accordance with the law of that body. All other expenses incurred by the governing body in the course of exercising the powers conferred upon it by this compact unless met in some other manner specifically provided, shall be paid by the agency out of its own funds.

(c) Except for the secretary of state and director of the state department of conservation and natural resources of Nevada and the member appointed pursuant to subdivision (a)(2)(C), the members of the governing body serve at the pleasure of the appointing authority in each case, but each appointment shall be reviewed no less often than every 4 years. Members may be reappointed.

(d) The governing body of the agency shall meet at least monthly. All meetings shall be open to the public to the extent required by the law of the State of California or the State of Nevada, whichever imposes the greater requirement, applicable to local governments at the time such meeting is held. The governing body shall fix a date for its regular monthly meeting in such terms as "the first Monday of each month," and shall not change such date more often than once in any calendar year. Notice of the date so fixed shall be given by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region. Notice of any special meeting, except an emergency meeting, shall be given by so publishing the date and place and posting an agenda at least 5 days prior to the meeting.

(e) The position of a member of the governing body shall be considered vacated upon his loss of any of the qualifications required for his appointment and in such event the appointing authority shall appoint a successor.

(f) The governing body shall elect from its own members a chairman and vice chairman, whose terms of office shall be 2 years, and who may be

reelected. If a vacancy occurs in either office, the governing body may fill such vacancy for the unexpired term.

(g) Four of the members of the governing body from each state constitute a quorum for the transaction of the business of the agency. The voting procedures shall be as follows:

(1) For adopting, amending or repealing environmental threshold carrying capacities, the regional plan, and ordinances, rules and regulations, and for granting variances from the ordinances, rules and regulations, the vote of at least four of the members of each state agreeing with the vote of at least four members of the other state shall be required to take action. If there is no vote of at least four of the members from one state agreeing with the vote of at least four of the members of the other state on the actions specified in this paragraph, an action of rejection shall be deemed to have been taken.

(2) For approving a project, the affirmative vote of at least five members from the state in which the project is located and the affirmative vote of at least nine members of the governing body are required. If at least five members of the governing body from the state in which the project is located and at least nine members of the entire governing body do not vote in favor of the project, upon a motion for approval, an action of rejection shall be deemed to have been taken. A decision by the agency to approve a project shall be supported by a statement of findings, adopted by the agency, which indicates that the project complies with the regional plan and with applicable ordinances, rules and regulations of the agency.

(3) For routine business and for directing the agency's staff on litigation and enforcement actions, at least eight members of the governing body must agree to take action. If at least eight votes in favor of such action are not cast, an action of rejection shall be deemed to have been taken.

➥ Whenever under the provisions of this compact or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency is required to review or approve any project, public or private, the agency shall take final action by vote, whether to approve, to require modification or to reject such project, within 180 days after the application for such project is accepted as complete by the agency in compliance with the agency's rules and regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If a final action by vote does not take place within 180 days, the applicant may bring an action in a court of competent jurisdiction to compel a vote unless he has agreed to an extension. This provision does not limit the right of any person to obtain judicial review of agency action under subdivision (h) of Article VI. The vote of each member of the governing body shall be individually recorded. The governing body shall adopt its own rules, regulations and procedures.

(h) An advisory planning commission shall be appointed by the agency. The commission shall include: the chief planning officers of Placer County, El Dorado County, and the City of South Lake Tahoe in California and of Douglas County, Washoe County and Carson City in Nevada, the executive officer of the Lahontan Regional Water Quality Control Board of the State of California, the executive officer of the Air Resources Board of the State of California, the director of the state department of conservation and natural resources of the State of Nevada, the administrator of the division of environmental protection in the state department of conservation and natural resources of the State of Nevada, the administrator of the Lake Tahoe Management Unit of the United States Forest Service, and at least four lay members with an equal number from each state, at least half of whom shall be residents of the region. Any official member may designate an alternate.

The term of office of each lay member of the advisory planning commission shall be 2 years. Members may be reappointed.

The position of each member of the advisory planning commission shall be considered vacated upon loss of any of the qualifications required for appointment, and in such an event the appointing authority shall appoint a successor.

The advisory planning commission shall elect from its own members a chairman and a vice chairman, whose terms of office shall be 2 years and who may be reelected. If a vacancy occurs in either office, the advisory planning commission shall fill such vacancy for the unexpired term.

A majority of the members of the advisory planning commission constitutes a quorum for the transaction of the business of the commission. A majority vote of the quorum present shall be required to take action with respect to any matter.

(i) The agency shall establish and maintain an office within the region, and for this purpose the agency may rent or own property and equipment. Every plan, ordinance and other record of the agency which is of such nature as to constitute a public record under the law of either the State of California or the State of Nevada shall be open to inspection and copying during regular office hours.

(j) Each authority charged under this compact or by the law of either state with the duty of appointing a member of the governing body of the agency shall by certified copy of its resolution or other action notify the Secretary of State of its own state of the action taken.

ARTICLE IV. Personnel

(a) The governing body shall determine the qualification of, and it shall appoint and fix the salary of, the executive officer of the agency, and shall employ such other staff and legal counsel as may be necessary to execute the

powers and functions provided for under this compact or in accordance with any intergovernmental contracts or agreements the agency may be responsible for administering.

(b) Agency personnel standards and regulations shall conform insofar as possible to the regulations and procedures of the civil service of the State of California or the State of Nevada, as may be determined by the governing body of the agency; and shall be regional and bistate in application and effect; provided that the governing body may, for administrative convenience and at its discretion, assign the administration of designated personnel arrangements to an agency of either state, and provided that administratively convenient adjustments be made in the standards and regulations governing personnel assigned under intergovernmental agreements.

(c) The agency may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford employees of the agency terms and conditions of employment similar to those enjoyed by employees of California and Nevada generally.

ARTICLE V. Planning

(a) In preparing each of the plans required by this article and each amendment thereto, if any, subsequent to its adoption, the planning commission after due notice shall hold at least one public hearing which may be continued from time to time, and shall review the testimony and any written recommendations presented at such hearing before recommending the plan or amendment. The notice required by this subdivision shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region.

The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this subdivision.

If a request is made for the amendment of the regional plan by:

(1) A political subdivision a part of whose territory would be affected by such amendment; or

(2) The owner or lessee of real property which would be affected by such amendment,

➥ the governing body shall complete its action on such amendment within 180 days after such request is accepted as complete according to standards which must be prescribed by ordinance of the agency.

(b) The agency shall develop, in cooperation with the states of California and Nevada, environmental threshold carrying capacities for the region. The agency should request the President's Council on Environmental Quality, the United States Forest Service and other appropriate agencies to assist in developing such environmental threshold carrying capacities. Within 18 months after the effective date of the amendments to this compact, the agency shall adopt environmental threshold carrying capacities for the region.

(c) Within 1 year after the adoption of the environmental threshold carrying capacities for the region, the agency shall amend the regional plan so that, at a minimum, the plan and all of its elements, as implemented through agency ordinances, rules and regulations, achieves and maintains the adopted environmental threshold carrying capacities. Each element of the plan shall contain implementation provisions and time schedules for such implementation by ordinance. The planning commission and governing body shall continuously review and maintain the regional plan. The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals of the region and a statement of the policies, standards and elements of the regional plan.

The regional plan shall be a single enforceable plan and includes all of the following correlated elements:

(1) A land-use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to an indication or allocation of maximum population densities and permitted uses.

(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to parkways, highways, transportation facilities, transit routes, waterways, navigation facilities, public transportation facilities, bicycle facilities, and appurtenant terminals and facilities for the movement of people and goods within the region. The goal of transportation planning shall be:

(A) To reduce dependency on the automobile by making more effective use of existing transportation modes and of public transit to move people and goods within the region; and

(B) To reduce to the extent feasible air pollution which is caused by motor vehicles.

➥ Where increases in capacity are required, the agency shall give preference to providing such capacity through public transportation and public programs and projects related to transportation. The agency shall review and consider all existing transportation plans in preparing its regional transportation plan pursuant to this paragraph.

The plan shall provide for an appropriate transit system for the region.

The plan shall give consideration to:

(A) Completion of the Loop Road in the states of Nevada and California;

(B) Utilization of a light rail mass transit system in the South Shore area; and

(C) Utilization of a transit terminal in the Kingsbury Grade area.

➥ Until the regional plan is revised, or a new transportation plan is adopted in accordance with this paragraph, the agency has no effective transportation plan.

(3) A conservation plan for the preservation, development, utilization, and management of the scenic and other natural resources within the basin, including but not limited to, soils, shoreline and submerged lands, scenic corridors along transportation routes, open spaces, recreational and historical facilities.

(4) A recreation plan for the development, utilization, and management of the recreational resources of the region, including but not limited to, wilderness and forested lands, parks and parkways, riding and hiking trails, beaches and playgrounds, marinas, areas for skiing and other recreational facilities.

(5) A public services and facilities plan for the general location, scale and provision of public services and facilities, which, by the nature of their function, size, extent and other characteristics are necessary or appropriate for inclusion in the regional plan.

In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region.

(d) The regional plan shall provide for attaining and maintaining federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.

The agency may, however, adopt air or water quality standards or control measures more stringent than the applicable state implementation plan or the applicable federal, state, or local standards for the region, if it finds that such additional standards or control measures are necessary to achieve the purposes of this compact. Each element of the regional plan, where

applicable, shall, by ordinance, identify the means and time schedule by which air and water quality standards will be attained.

(e) Except for the Regional Transportation Plan of the California Tahoe Regional Planning Agency, the regional plan, ordinances, rules and regulations adopted by the California Tahoe Regional Planning Agency in effect on July 1, 1980, shall be the regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency for that portion of the Tahoe region located in the State of California. Such plan, ordinance, rule or regulation may be amended or repealed by the governing body of the agency. The plans, ordinances, rules and regulations of the Tahoe Regional Planning Agency that do not conflict with, or are not addressed by, the California Tahoe Regional Planning Agency's plans, ordinances, rules and regulations referred to in this subdivision shall continue to be applicable unless amended or repealed by the governing body of the agency. No provision of the regional plan, ordinances, rules and regulations of the California Tahoe Regional Planning Agency referred to in this subdivision shall apply to that portion of the region within the State of Nevada, unless such provision is adopted for the Nevada portion of the region by the governing body of the agency.

(f) The regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency apply to that portion of the region within the State of Nevada.

(g) The agency shall adopt ordinances prescribing specific written findings that the agency must make prior to approving any project in the region. These findings shall relate to environmental protection and shall insure that the project under review will not adversely affect implementation of the regional plan and will not cause the adopted environmental threshold carrying capacities of the region to be exceeded.

(h) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

(i) Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private persons.

ARTICLE VI. Agency's Powers

(a) The governing body shall adopt all necessary ordinances, rules, and regulations to effectuate the adopted regional plan. Except as otherwise provided in this compact, every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the region. Any political subdivision or public agency may adopt and enforce an equal or higher requirement applicable to the same subject of regulation in its territory. The regulations of the agency shall contain standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers, harbors, breakwaters or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; floodplain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the regional plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the regional plan.

The agency shall prescribe by ordinance those activities which it has determined will not have substantial effect on the land, water, air, space or any other natural resources in the region and therefore will be exempt from its review and approval.

Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

(b) No project other than those to be reviewed and approved under the special provisions of subdivisions (d), (e), (f) and (g) may be developed in the region without obtaining the review and approval of the agency and no project may be approved unless it is found to comply with the regional plan and with the ordinances, rules and regulations enacted pursuant to subdivision (a) to effectuate that plan.

The agency may approve a project in the region only after making the written findings required by this subdivision or subdivision (g) of Article V. Such findings shall be based on substantial evidence in the record.

Before adoption by the agency of the ordinances required in subdivision (g) of Article V, the agency may approve a project in the region only after

making written findings on the basis of substantial evidence in the record that the project is consistent with the regional plan then in effect and with applicable plans, ordinances, regulations, and standards of federal and state agencies relating to the protection, maintenance and enhancement of environmental quality in the region.

(c) The legislatures of the states of California and Nevada find that in order to make effective the regional plan as revised by the agency, it is necessary to halt temporarily works of development in the region which might otherwise absorb the entire capability of the region for further development or direct it out of harmony with the ultimate plan. Subject to the limitation provided in this subdivision, from the effective date of the amendments to this compact until the regional plan is amended pursuant to subdivision (c) of Article V, or until May 1, 1983, whichever is earlier:

(1) Except as otherwise provided in this paragraph, no new subdivision, planned unit development, or condominium project may be approved unless a complete tentative map or plan has been approved before the effective date of the amendments to this compact by all agencies having jurisdiction. The subdivision of land owned by a general improvement district, which existed and owned the land before the effective date of the amendments to this compact, may be approved if subdivision of the land is necessary to avoid insolvency of the district.

(2) Except as provided in paragraph (3), no apartment building may be erected unless the required permits for such building have been secured from all agencies having jurisdiction, prior to the effective date of the amendments to this compact.

(3) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize the construction of a greater number of new residential units within the region than were authorized within the region by building permits issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third of that number may be issued by each such city or county. For purposes of this paragraph a "residential unit" means either a single family residence or an individual residential unit within a larger building, such as an apartment building, a duplex or a condominium.

The legislatures find the respective numbers of residential units authorized within the region during the calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined) 252
2. Placer County 278
3. Carson City ..... -0-
4. Douglas County 339
5. Washoe County 739

(4) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize construction of a greater square footage of new commercial buildings within the region than were authorized within the region by building permits for commercial purposes issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third the amount of that square footage may be issued by each such city or county.

The legislatures find the respective square footages of commercial buildings authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined) ... 64,324
2. Placer County 23,000
3. Carson City .....-0-
4. Douglas County 57,354
5. Washoe County 50,600

(5) No structure may be erected to house gaming under a nonrestricted license.

(6) No facility for the treatment of sewage may be constructed or enlarged except:

(A) To comply, as ordered by the appropriate state agency for the control of water pollution, with existing limitations of effluent under the Clean Water Act, 33 U.S.C. §§ 1251 et seq., and the applicable state law for control of water pollution;

(B) To accommodate development which is not prohibited or limited by this subdivision; or

(C) In the case of Douglas County Sewer District # 1, to modify or otherwise alter sewage treatment facilities existing on the effective date of the amendments to this compact so that such facilities will be able to treat the total volume of effluent for which they were originally designed, which is 3.0 million gallons per day. Such modification or alteration is not a "project"; is not subject to the requirements of Article VII; and does not require a permit from the agency. Before commencing such modification or alteration, however, the district shall submit to the agency its report identifying any significant soil erosion problems which may be caused by such modifications or alterations and the measures which the district proposes to take to mitigate or avoid such problems.

The moratorium imposed by this subdivision does not apply to work done pursuant to a right vested before the effective date of the amendments to this compact. Notwithstanding the expiration date of the moratorium imposed by this subdivision, no new highway may be built or existing highway widened

to accommodate additional continuous lanes for automobiles until the regional transportation plan is revised and adopted.

The moratorium imposed by this subdivision does not apply to the construction of any parking garage which has been approved by the agency prior to May 4, 1979, whether that approval was affirmative or by default. The provisions of this paragraph are not an expression of legislative intent that any such parking garage, the approval of which is the subject of litigation which was pending on the effective date of the amendments to this compact, should or should not be constructed. The provisions of this paragraph are intended solely to permit construction of such a parking garage if a judgment sustaining the agency's approval to construct that parking garage has become final and no appeal is pending or may lawfully be taken to a higher court.

(d) Subject to the final order of any court of competent jurisdiction entered in litigation contesting the validity of an approval by the Tahoe Regional Planning Agency, whether that approval was affirmative or by default, if that litigation was pending on May 4, 1979, the agency and the states of California and Nevada shall recognize as a permitted and conforming use:

(1) Every structure housing gaming under a nonrestricted license which existed as a licensed gaming establishment on May 4, 1979, or whose construction was approved by the Tahoe Regional Planning Agency affirmatively or deemed approved before that date. The construction or use of any structure to house gaming under a nonrestricted license not so existing or approved, or the enlargement in cubic volume of any such existing or approved structure is prohibited.

(2) Every other nonrestricted gaming establishment whose use was seasonal and whose license was issued before May 4, 1979, for the same season and for the number and type of games and slot machines on which taxes or fees were paid in the calendar year 1978.

(3) Gaming conducted pursuant to a restricted gaming license issued before May 4, 1979, to the extent permitted by that license on that date.

➥ The area within any structure housing gaming under a nonrestricted license which may be open to public use (as distinct from that devoted to the private use of guests and exclusive of any parking area) is limited to the area existing or approved for public use on May 4, 1979. Within these limits, any external modification of the structure which requires a permit from a local government also requires approval from the agency. The agency shall not permit restaurants, convention facilities, showrooms or other public areas to be constructed elsewhere in the region outside the structure in order to replace areas existing or approved for public use on May 4, 1979.

(e) Any structure housing licensed gaming may be rebuilt or replaced to a size not to exceed the cubic volume, height and land coverage existing or

approved on May 4, 1979, without the review or approval of the agency or any planning or regulatory authority of the State of Nevada whose review or approval would be required for a new structure.

(f) The following provisions apply to any internal or external modification, remodeling, change in use, or repair of a structure housing gaming under a nonrestricted license which is not prohibited by Article VI (d):

(1) The agency's review of an external modification of the structure which requires a permit from a local government is limited to determining whether the external modification will do any of the following:

(A) Enlarge the cubic volume of the structure;

(B) Increase the total square footage of area open to or approved for public use on May 4, 1979;

(C) Convert an area devoted to the private use of guests to an area open to public use;

(D) Increase the public area open to public use which is used for gaming beyond the limits contained in paragraph (3); and

(E) Conflict with or be subject to the provisions of any of the agency's ordinances that are generally applicable throughout the region.

➥ The agency shall make this determination within 60 days after the proposal is delivered to the agency in compliance with the agency's rules or regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If an external modification is determined to have any of the effects enumerated in subparagraphs (A) through (C), it is prohibited. If an external modification is determined to have any of the effects enumerated in subparagraph (D) or (E), it is subject to the applicable provisions of this compact. If an external modification is determined to have no such effect, it is not subject to the provisions of this compact.

(2) Except as provided in paragraph (3), internal modification, remodeling, change in use or repair of a structure housing gaming under a nonrestricted license is not a project and does not require the review or approval of the agency.

(3) Internal modification, remodeling, change in use or repair of areas open to public use within a structure housing gaming under a nonrestricted license which alone or in combination with any other such modification, remodeling, change in use or repair will increase the total portion of those areas which is actually used for gaming by more than the product of the total base area, as defined below, in square feet existing on or approved before August 4, 1980, multiplied by 15 percent constitutes a project and is subject to all of the provisions of this compact relating to projects. For purposes of this paragraph and the determination required by Article VI (g), base area means all of the area within a structure housing gaming under a nonrestricted

license which may be open to public use, whether or not gaming is actually conducted or carried on in that area, except retail stores, convention centers and meeting rooms, administrative offices, kitchens, maintenance and storage areas, rest rooms, engineering and mechanical rooms, accounting rooms and counting rooms.

(g) In order to administer and enforce the provisions of paragraphs (d), (e) and (f) the State of Nevada, through its appropriate planning or regulatory agency, shall require the owner or licensee of a structure housing gaming under a nonrestricted license to provide:

(1) Documents containing sufficient information for the Nevada agency to establish the following relative to the structure:

(A) The location of its external walls;

(B) Its total cubic volume;

(C) Within its external walls, the area in square feet open or approved for public use and the area in square feet devoted to or approved for the private use of guests on May 4, 1979;

(D) The amount of surface area of land under the structure; and

(E) The base area as defined in paragraph (f)(3) in square feet existing on or approved before August 4, 1980.

(2) An informational report whenever any internal modification, remodeling, change in use, or repair will increase the total portion of the areas open to public use which is used for gaming.

The Nevada agency shall transmit this information to the Tahoe Regional Planning Agency.

(h) Gaming conducted pursuant to a restricted gaming license is exempt from review by the agency if it is incidental to the primary use of the premises.

(i) The provisions of subdivisions (d) and (e) are intended only to limit gaming and related activities as conducted within a gaming establishment, or construction designed to permit the enlargement of such activities, and not to limit any other use of property zoned for commercial use or the accommodation of tourists, as approved by the agency.

(j) Legal actions arising out of or alleging a violation of the provisions of this compact, of the regional plan or of an ordinance or regulation of the agency or of a permit or a condition of a permit issued by the agency are governed by the following provisions:

(1) This subdivision applies to:

(A) Actions arising out of activities directly undertaken by the agency.

(B) Actions arising out of the issuance to a person of a lease, permit, license or other entitlement for use by the agency.

(C) Actions arising out of any other act or failure to act by any person or public agency.

➥ Such legal actions may be filed and the provisions of this subdivision apply equally in the appropriate courts of California and Nevada and of the United States.

(2) Venue lies:

(A) If a civil or criminal action challenges an activity by the agency or any person which is undertaken or to be undertaken upon a parcel of real property, in the state or federal judicial district where the real property is situated.

(B) If an action challenges an activity which does not involve a specific parcel of land (such as an action challenging an ordinance of the agency), in any state or federal court having jurisdiction within the region.

(3) Any aggrieved person may file an action in an appropriate court of the State of California or Nevada or of the United States alleging noncompliance with the provisions of this compact or with an ordinance or regulation of the agency. In the case of governmental agencies, "aggrieved person" means the Tahoe Regional Planning Agency or any state, federal or local agency. In the case of any person other than a governmental agency who challenges an action of the Tahoe Regional Planning Agency, "aggrieved person" means any person who has appeared, either in person, through an authorized representative, or in writing, before the agency at an appropriate administrative hearing to register objection to the action which is being challenged, or who had good cause for not making such an appearance.

(4) A legal action arising out of the adoption or amendment of the regional plan or of any ordinance or regulation of the agency, or out of the granting or denial of any permit, shall be commenced within 60 days after final action by the agency. All other legal actions shall be commenced within 65 days after discovery of the cause of action.

(5) In any legal action filed pursuant to this subdivision which challenges an adjudicatory act or decision of the agency to approve or disapprove a project, the scope of judicial inquiry shall extend only to whether there was prejudicial abuse of discretion. Prejudicial abuse of discretion is established if the agency has not proceeded in a manner required by law or if the act or decision of the agency was not supported by substantial evidence in light of the whole record. In making such a determination the court shall not exercise its independent judgment on evidence but shall only determine whether the act or decision was supported by substantial evidence in light of the whole record. In any legal action filed pursuant to this subdivision which challenges a legislative act or decision of the agency (such as the adoption of the regional plan and the enactment of implementing ordinances), the scope of the judicial inquiry shall extend only to the questions of whether the act or decision has been arbitrary, capricious or lacking substantial evidentiary

support or whether the agency has failed to proceed in a manner required by law.

(6) ***In addition to the provisions of paragraph (5) relating to judicial inquiry:***

(A) When adopting or amending a regional plan, the agency shall act in accordance with the requirements of the compact and the implementing ordinances, rules and regulations, and a party challenging the regional plan has the burden of showing that the regional plan is not in conformance with those requirements.

(B) When taking an action or making a decision, the agency shall act in accordance with the requirements of the compact and the regional plan, including the implementing ordinances, rules and regulations, and a party challenging the action or decision has the burden of showing that the act or decision is not in conformance with those requirements.

(7) The provisions of this subdivision do not apply to any legal proceeding pending on the date when this subdivision becomes effective. Any such legal proceeding shall be conducted and concluded under the provisions of law which were applicable prior to the effective date of this subdivision.

~~[(7)]~~ ***(8)*** The security required for the issuance of a temporary restraining order or preliminary injunction based upon an alleged violation of this compact or any ordinance, plan, rule or regulation adopted pursuant thereto is governed by the rule or statute applicable to the court in which the action is brought, unless the action is brought by a public agency or political subdivision to enforce its own rules, regulations and ordinances in which case no security shall be required.

(k) The agency shall monitor activities in the region and may bring enforcement actions in the region to ensure compliance with the regional plan and adopted ordinances, rules, regulations and policies. If it is found that the regional plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

(l) Any person who violates any provision of this compact or of any ordinance or regulation of the agency or of any condition of approval imposed by the agency is subject to a civil penalty not to exceed $5,000. Any such person is subject to an additional civil penalty not to exceed $5,000 per day, for each day on which such a violation persists. In imposing the penalties authorized by this subdivision, the court shall consider the nature of the violation and shall impose a greater penalty if it was willful or resulted from gross negligence than if it resulted from inadvertence or simple negligence.

(m) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the

region, or any other intergovernmental contracts or agreements authorized by state or federal law.

(n) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

(o) Every record of the agency, whether public or not, shall be open for examination to the Legislature and Controller of the State of California and the legislative auditor of the State of Nevada.

(p) Approval by the agency of any project expires 3 years after the date of final action by the agency or the effective date of the amendments to this compact, whichever is later, unless construction is begun within that time and diligently pursued thereafter, or the use or activity has commenced. In computing the 3-year period any period of time during which the project is the subject of a legal action which delays or renders impossible the diligent pursuit of that project shall not be counted. Any license, permit or certificate issued by the agency which has an expiration date shall be extended by that period of time during which the project is the subject of such legal action as provided in this subdivision.

(q) The governing body shall maintain a current list of real property known to be available for exchange with the United States or with other owners of real property in order to facilitate exchanges of real property by owners of real property in the region.

ARTICLE VII. Environmental Impact Statements

(a) The Tahoe Regional Planning Agency when acting upon matters that have a significant effect on the environment shall:

(1) Utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man's environment;

(2) Prepare and consider a detailed environmental impact statement before deciding to approve or carry out any project. The detailed environmental impact statement shall include the following:

(A) The significant environmental impacts of the proposed project;

(B) Any significant adverse environmental effects which cannot be avoided should the project be implemented;

(C) Alternatives to the proposed project;

(D) Mitigation measures which must be implemented to assure meeting standards of the region;

(E) The relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity;

(F) Any significant irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented; and

(G) The growth-inducing impact of the proposed project;

(3) Study, develop and describe appropriate alternatives to recommended courses of action for any project which involves unresolved conflicts concerning alternative uses of available resources;

(4) Make available to states, counties, municipalities, institutions and individuals, advice and information useful in restoring, maintaining and enhancing the quality of the region's environment; and

(5) Initiate and utilize ecological information in the planning and development of resource-oriented projects.

(b) Prior to completing an environmental impact statement, the agency shall consult with and obtain the comments of any federal, state or local agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate federal, state and local agencies which are authorized to develop and enforce environmental standards shall be made available to the public and shall accompany the project through the review processes. The public shall be consulted during the environmental impact statement process and views shall be solicited during a public comment period not to be less than 60 days.

(c) Any environmental impact statement required pursuant to this article need not repeat in its entirety any information or data which is relevant to such a statement and is a matter of public record or is generally available to the public, such as information contained in an environmental impact report prepared pursuant to the California Environmental Quality Act or a federal environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969. However, such information or data shall be briefly described in the environmental impact statement and its relationship to the environmental impact statement shall be indicated.

In addition, any person may submit information relative to a proposed project which may be included, in whole or in part, in any environmental impact statement required by this article.

(d) In addition to the written findings specified by agency ordinance to implement the regional plan, the agency shall make either of the following written findings before approving a project for which an environmental impact statement was prepared:

(1) Changes or alterations have been required in or incorporated into such project which avoid or reduce the significant adverse environmental effects to a less than significant level; or

(2) Specific considerations, such as economic, social or technical, make infeasible the mitigation measures or project alternatives discussed in the environmental impact statement on the project.

➥ A separate written finding shall be made for each significant effect identified in the environmental impact statement on the project. All written findings must be supported by substantial evidence in the record.

(e) The agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this compact in order to recover the estimated costs incurred by the agency in preparing an environmental impact statement under this article.

(f) The agency shall adopt by ordinance a list of classes of projects which the agency has determined will not have a significant effect on the environment and therefore will be exempt from the requirement for the preparation of an environmental impact statement under this article. Prior to adopting the list, the agency shall make a written finding supported by substantial evidence in the record that each class of projects will not have a significant effect on the environment.

ARTICLE VIII. Finances

(a) On or before September 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion $75,000 of this amount among the counties within the region on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. In addition, each county within the region in California shall pay $18,750 to the agency and each county within the region in Nevada, including Carson City, shall pay $12,500 to the agency, from any funds available therefor. The State of California and the State of Nevada may pay to the agency by July 1 of each year any additional sums necessary to support the operations of the agency pursuant to this compact. If additional funds are required, the agency shall make a request for the funds to the states of California and Nevada. Requests for state funds must be apportioned two-thirds from California and one-third from Nevada. Money appropriated shall be paid within 30 days.

(b) The agency may fix and collect reasonable fees for any services rendered by it.

(c) The agency shall submit an itemized budget to the states for review with any request for state funds, shall be strictly accountable to any county in the region and the states for all funds paid by them to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursement.

(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds; but the agency may not own land except as provided in subdivision (i) of Article III.

(e) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties and the states for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

ARTICLE IX. Transportation District

(a) The Tahoe transportation district is hereby established as a special purpose district. The boundaries of the district are coterminous with those of the region.

(b) The business of the district shall be managed by a board of directors consisting of:

(4) One member of the board of supervisors of Carson City;

(5) The director of the California Department of Transportation; and

(6) The director of the department of transportation of the State of Nevada.

➥ Any director may designate an alternate.

(c) The vote of at least five of the directors must agree to take action. If at least five votes in favor of an action are not cast, an action of rejection shall be deemed to have been taken.

(d) The Tahoe transportation district may in accordance with the adopted transportation plan:

(1) Own and operate a public transportation system to the exclusion of all other publicly owned transportation systems in the region.

(2) Acquire upon mutually agreeable terms any public transportation system or facility owned by a county, city or special purpose district within the region.

(3) Hire the employees of existing public transportation systems that are acquired by the district without loss of benefits to the employees, bargain collectively with employee organizations, and extend pension and other collateral benefits to employees.

(4) Fix the rates and charges for transit services provided pursuant to this subdivision.

(5) Issue revenue bonds and other evidence of indebtedness.

(6) By resolution, determine and propose for adoption a tax for the purpose of obtaining services of the district. The tax proposed must be general and of uniform operation throughout the region, and may not be graduated in any way. The district is prohibited from imposing an ad valorem tax, a tax measured by gross or net receipts on business, a tax or charge that is assessed against people or vehicles as they enter or leave the region, and any tax, direct or indirect, on gaming tables and devices. Any such proposition must be submitted to the voters of the district and shall become effective upon approval of two-thirds of the voters voting on the proposition. The revenues from any such tax must be used for the service for which it was imposed, and for no other purpose.

(7) Provide service from inside the region to convenient airport, railroad and interstate bus terminals without regard to the boundaries of the region.

(e) The legislatures of the states of California and Nevada may, by substantively identical enactments, amend this article.

ARTICLE X. Miscellaneous

(a) It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes thereof. Except as provided in subdivision (c), the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining state and in full force and effect as to the state affected as to all severable matters.

(b) The agency shall have such additional powers and duties as may hereafter be delegated or imposed upon it from time to time by the action of the Legislature of either state concurred in by the Legislature of the other.

(c) A state party to this compact may withdraw therefrom by enacting a statute repealing the compact. Notice of withdrawal shall be communicated officially and in writing to the Governor of the other state and to the agency administrators. This provision is not severable, and if it is held to be unconstitutional or invalid, no other provision of this compact shall be binding upon the State of Nevada or the State of California.

(d) No provision of this compact shall have any effect upon the allocation, distribution or storage of interstate waters or upon any appropriative water right.

Sec. 2. **Section 1.5 of chapter 530, Statutes of Nevada 2011, at page 3711, is hereby amended to read as follows:**

Sec. 1.5. NRS 277.200 is hereby amended to read as follows:

277.200 The Tahoe Regional Planning Compact is as follows:

Tahoe Regional Planning Compact

ARTICLE I. Findings and Declarations of Policy

(a) It is found and declared that:

(2) The public and private interests and investments in the region are substantial.

(3) The region exhibits unique environmental and ecological values which are irreplaceable.

(4) By virtue of the special conditions and circumstances of the region's natural ecology, developmental pattern, population distribution and human needs, the region is experiencing problems of resource use and deficiencies of environmental control.

(5) Increasing urbanization is threatening the ecological values of the region and threatening the public opportunities for use of the public lands.

(6) Maintenance of the social and economic health of the region depends on maintaining the significant scenic, recreational, educational, scientific, natural and public health values provided by the Lake Tahoe Basin.

(7) There is a public interest in protecting, preserving and enhancing these values for the residents of the region and for visitors to the region.

(8) Responsibilities for providing recreational and scientific opportunities, preserving scenic and natural areas, and safeguarding the public who live, work and play in or visit the region are divided among local governments, regional agencies, the states of California and Nevada, and the Federal Government.

(9) In recognition of the public investment and multistate and national significance of the recreational values, the Federal Government has an interest in the acquisition of recreational property and the management of resources in the region to preserve environmental and recreational values, and the Federal Government should assist the states in fulfilling their responsibilities.

(10) In order to preserve the scenic beauty and outdoor recreational opportunities of the region, there is a need to insure an equilibrium between the region's natural endowment and its man-made environment.

(b) In order to enhance the efficiency and governmental effectiveness of the region, it is imperative that there be established a Tahoe Regional Planning Agency with the powers conferred by this compact including the power to establish environmental threshold carrying capacities and to adopt and enforce a regional plan and implementing ordinances which will achieve and maintain such capacities while providing opportunities for orderly growth and development consistent with such capacities.

(c) The Tahoe Regional Planning Agency shall interpret and administer its plans, ordinances, rules and regulations in accordance with the provisions of this compact.

The member appointed pursuant to this subparagraph may, but is not required to, be a resident of the region within the State of Nevada.

(3) If any appointing authority under paragraph (1)(A), (1)(B), (2)(A) or (2)(B) fails to make such an appointment within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body, the governor of the state in which the appointing authority is located shall make the appointment. The term of any member so appointed shall be 1 year.

(4) The position of any member of the governing body shall be deemed vacant if such a member is absent from three consecutive meetings of the governing body in any calendar year.

(5) Each member and employee of the agency shall disclose his economic interests in the region within 10 days after taking his seat on the governing board or being employed by the agency and shall

thereafter disclose any further economic interest which he acquires, as soon as feasible after he acquires it. As used in this paragraph, "economic interests" means:

Members may be reappointed.

(d) The governing body of the agency shall meet at least monthly. All meetings shall be open to the public to the extent required by the law of the State of California or the State of Nevada, whichever imposes the greater requirement, applicable to local governments at the time such meeting is held. The governing body shall fix a date for its regular monthly meeting in such terms as "the first Monday of each month," and shall not change such date more often than once in any calendar year. Notice of the date so fixed shall be given by publication at least once in

a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region. Notice of any special meeting, except an emergency meeting, shall be given by so publishing the date and place and posting an agenda at least 5 days prior to the meeting.

(e) The position of a member of the governing body shall be considered vacated upon his loss of any of the qualifications required for his appointment and in such event the appointing authority shall appoint a successor.

(f) The governing body shall elect from its own members a chairman and vice chairman, whose terms of office shall be 2 years, and who may be reelected. If a vacancy occurs in either office, the governing body may fill such vacancy for the unexpired term.

(g) Four of the members of the governing body from each state constitute a quorum for the transaction of the business of the agency. The voting procedures shall be as follows:

(1) For adopting, amending or repealing environmental threshold carrying capacities, the regional plan, and ordinances, rules and regulations, and for granting variances from the ordinances, rules and regulations, the vote of at least four of the ***[nine]*** members of each state agreeing with the vote of at least four members of the other state shall be required ***[the governing body must agree]*** to take action. If there is no vote of at least four of the members from one state agreeing with the vote of at least four of the members of the other state on the actions specified in this paragraph, ***[at least nine votes in favor of such action are not cast,]*** an action of rejection shall be deemed to have been taken.

(2) For approving a project, the affirmative vote of at least five ***[four]*** members from the state in which the project is located and the affirmative vote of at least nine members of the ***[entire]*** governing body are required. If at least five ***[four]*** members of the governing body from the state in which the project is located and at least nine members of the entire governing body do not vote in favor of the project, upon a motion for approval, an action of rejection shall be deemed to have been taken. A decision by the agency to approve a project shall be supported by a statement of findings, adopted by the agency, which indicates that the project complies with the regional plan and with applicable ordinances, rules and regulations of the agency.

(3) For routine business and for directing the agency's staff on litigation and enforcement actions, at least eight members of the governing body must agree to take action. If at least eight votes in favor of such action are not cast, an action of rejection shall be deemed to have been taken.

➥ Whenever under the provisions of this compact or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency is required to review or approve any project, public or private, the agency shall take final action by vote, whether to approve, to require modification or to reject such project, within 180 days after the application for such project is accepted as complete by the agency in compliance with the agency's rules and regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If a final action by vote does not take place within 180 days, the applicant may bring an action in a court of competent jurisdiction to compel a vote unless he has agreed to an extension. This provision does not limit the right of any person to obtain judicial review of agency action under subdivision (h) of Article VI. The vote of each member of the governing body shall be individually recorded. The governing body shall adopt its own rules, regulations and procedures.

(h) An advisory planning commission shall be appointed by the agency. The commission shall include: the chief planning officers of Placer County, El Dorado County, and the City of South Lake Tahoe in California and of Douglas County, Washoe County and Carson City in Nevada, the executive officer of the Lahontan Regional Water Quality Control Board of the State of California, the executive officer of the Air Resources Board of the State of California, the director of the state department of conservation and natural resources of the State of Nevada, the administrator of the division of environmental protection in the state department of conservation and natural resources of the State of Nevada, the administrator of the Lake Tahoe Management Unit of the United States Forest Service, and at least four lay members with an equal number from each state, at least half of whom shall be residents of the region. Any official member may designate an alternate.

The term of office of each lay member of the advisory planning commission shall be 2 years. Members may be reappointed.

The position of each member of the advisory planning commission shall be considered vacated upon loss of any of the qualifications required for appointment, and in such an event the appointing authority shall appoint a successor.

The advisory planning commission shall elect from its own members a chairman and a vice chairman, whose terms of office shall be 2 years and who may be reelected. If a vacancy occurs in either office, the advisory planning commission shall fill such vacancy for the unexpired term.

A majority of the members of the advisory planning commission constitutes a quorum for the transaction of the business of the

commission. A majority vote of the quorum present shall be required to take action with respect to any matter.

(i) The agency shall establish and maintain an office within the region, and for this purpose the agency may rent or own property and equipment. Every plan, ordinance and other record of the agency which is of such nature as to constitute a public record under the law of either the State of California or the State of Nevada shall be open to inspection and copying during regular office hours.

(j) Each authority charged under this compact or by the law of either state with the duty of appointing a member of the governing body of the agency shall by certified copy of its resolution or other action notify the Secretary of State of its own state of the action taken.

ARTICLE IV. Personnel

(a) The governing body shall determine the qualification of, and it shall appoint and fix the salary of, the executive officer of the agency, and shall employ such other staff and legal counsel as may be necessary to execute the powers and functions provided for under this compact or in accordance with any intergovernmental contracts or agreements the agency may be responsible for administering.

(b) Agency personnel standards and regulations shall conform insofar as possible to the regulations and procedures of the civil service of the State of California or the State of Nevada, as may be determined by the governing body of the agency; and shall be regional and bistate in application and effect; provided that the governing body may, for administrative convenience and at its discretion, assign the administration of designated personnel arrangements to an agency of either state, and provided that administratively convenient adjustments be made in the standards and regulations governing personnel assigned under intergovernmental agreements.

(c) The agency may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford employees of the agency terms and conditions of employment similar to those enjoyed by employees of California and Nevada generally.

ARTICLE V. Planning

(a) In preparing each of the plans required by this article and each amendment thereto, if any, subsequent to its adoption, the planning commission after due notice shall hold at least one public hearing which may be continued from time to time, and shall review the testimony and any written recommendations presented at such hearing before

recommending the plan or amendment. The notice required by this subdivision shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region.

The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this subdivision.

If a request is made for the amendment of the regional plan by:

(1) A political subdivision a part of whose territory would be affected by such amendment; or

(2) The owner or lessee of real property which would be affected by such amendment,

➥ the governing body shall complete its action on such amendment within 180 days after such request is accepted as complete according to standards which must be prescribed by ordinance of the agency.

(b) The agency shall develop, in cooperation with the states of California and Nevada, environmental threshold carrying capacities for the region. The agency should request the President's Council on Environmental Quality, the United States Forest Service and other appropriate agencies to assist in developing such environmental threshold carrying capacities. Within 18 months after the effective date of the amendments to this compact, the agency shall adopt environmental threshold carrying capacities for the region.

(c) Within 1 year after the adoption of the environmental threshold carrying capacities for the region, the agency shall amend the regional plan so that, at a minimum, the plan and all of its elements, as implemented through agency ordinances, rules and regulations, achieves and maintains the adopted environmental threshold carrying capacities. Each element of the plan shall contain implementation provisions and time schedules for such implementation by ordinance. The planning commission and governing body shall continuously review and maintain the regional plan ~~[.]~~ ***and, in so doing, shall ensure that the regional plan reflects changing economic conditions and the economic effect of regulation on commerce.*** The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals

of the region and a statement of the policies, standards and elements of the regional plan.

The regional plan shall be a single enforceable plan and includes all of the following correlated elements:

(1) A land-use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to an indication or allocation of maximum population densities and permitted uses.

(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to parkways, highways, transportation facilities, transit routes, waterways, navigation facilities, public transportation facilities, bicycle facilities, and appurtenant terminals and facilities for the movement of people and goods within the region. The goal of transportation planning shall be:

(A) To reduce dependency on the automobile by making more effective use of existing transportation modes and of public transit to move people and goods within the region; and

(B) To reduce to the extent feasible air pollution which is caused by motor vehicles.

➥ Where increases in capacity are required, the agency shall give preference to providing such capacity through public transportation and public programs and projects related to transportation. The agency shall review and consider all existing transportation plans in preparing its regional transportation plan pursuant to this paragraph.

The plan shall provide for an appropriate transit system for the region.

The plan shall give consideration to:

(A) Completion of the Loop Road in the states of Nevada and California;

(B) Utilization of a light rail mass transit system in the South Shore area; and

(C) Utilization of a transit terminal in the Kingsbury Grade area.

➥ Until the regional plan is revised, or a new transportation plan is adopted in accordance with this paragraph, the agency has no effective transportation plan.

(3) A conservation plan for the preservation, development, utilization, and management of the scenic and other natural resources within the basin, including but not limited to, soils, shoreline and submerged lands, scenic corridors along transportation routes, open spaces, recreational and historical facilities.

(4) A recreation plan for the development, utilization, and management of the recreational resources of the region, including but

not limited to, wilderness and forested lands, parks and parkways, riding and hiking trails, beaches and playgrounds, marinas, areas for skiing and other recreational facilities.

(5) A public services and facilities plan for the general location, scale and provision of public services and facilities, which, by the nature of their function, size, extent and other characteristics are necessary or appropriate for inclusion in the regional plan.

In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region.

(d) The regional plan shall provide for attaining and maintaining federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.

The agency may, however, adopt air or water quality standards or control measures more stringent than the applicable state implementation plan or the applicable federal, state, or local standards for the region, if it finds that such additional standards or control measures are necessary to achieve the purposes of this compact. Each element of the regional plan, where applicable, shall, by ordinance, identify the means and time schedule by which air and water quality standards will be attained.

(e) Except for the Regional Transportation Plan of the California Tahoe Regional Planning Agency, the regional plan, ordinances, rules and regulations adopted by the California Tahoe Regional Planning Agency in effect on July 1, 1980, shall be the regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency for that portion of the Tahoe region located in the State of California. Such plan, ordinance, rule or regulation may be amended or repealed by the governing body of the agency. The plans, ordinances, rules and regulations of the Tahoe Regional Planning Agency that do not conflict with, or are not addressed by, the California Tahoe Regional Planning Agency's plans, ordinances, rules and regulations referred to in this subdivision shall continue to be applicable unless amended or repealed by the governing body of the agency. No provision of the regional plan, ordinances, rules and regulations of the California Tahoe Regional Planning Agency referred to in this subdivision shall apply to that portion of the region within the State of Nevada, unless such provision is

adopted for the Nevada portion of the region by the governing body of the agency.

(f) The regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency apply to that portion of the region within the State of Nevada.

(g) The agency shall adopt ordinances prescribing specific written findings that the agency must make prior to approving any project in the region. These findings shall relate to environmental protection and shall insure that the project under review will not adversely affect implementation of the regional plan and will not cause the adopted environmental threshold carrying capacities of the region to be exceeded.

(h) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

(i) Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private persons.

ARTICLE VI. Agency's Powers

(a) The governing body shall adopt all necessary ordinances, rules, and regulations to effectuate the adopted regional plan. Except as otherwise provided in this compact, every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the region. Any political subdivision or public agency may adopt and enforce an equal or higher requirement applicable to the same subject of regulation in its territory. The regulations of the agency shall contain standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers, harbors, breakwaters or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; floodplain protection; soil and sedimentation control; air pollution; and watershed protection.

Whenever possible without diminishing the effectiveness of the regional plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the regional plan.

The agency shall prescribe by ordinance those activities which it has determined will not have substantial effect on the land, water, air, space or any other natural resources in the region and therefore will be exempt from its review and approval.

Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

(b) No project other than those to be reviewed and approved under the special provisions of subdivisions (d), (e), (f) and (g) may be developed in the region without obtaining the review and approval of the agency and no project may be approved unless it is found to comply with the regional plan and with the ordinances, rules and regulations enacted pursuant to subdivision (a) to effectuate that plan.

The agency may approve a project in the region only after making the written findings required by this subdivision or subdivision (g) of Article V. Such findings shall be based on substantial evidence in the record.

Before adoption by the agency of the ordinances required in subdivision (g) of Article V, the agency may approve a project in the region only after making written findings on the basis of substantial evidence in the record that the project is consistent with the regional plan then in effect and with applicable plans, ordinances, regulations, and standards of federal and state agencies relating to the protection, maintenance and enhancement of environmental quality in the region.

(c) The legislatures of the states of California and Nevada find that in order to make effective the regional plan as revised by the agency, it is necessary to halt temporarily works of development in the region which might otherwise absorb the entire capability of the region for further development or direct it out of harmony with the ultimate plan. Subject to the limitation provided in this subdivision, from the effective date of the amendments to this compact until the regional plan is amended pursuant to subdivision (c) of Article V, or until May 1, 1983, whichever is earlier:

(1) Except as otherwise provided in this paragraph, no new subdivision, planned unit development, or condominium project may be approved unless a complete tentative map or plan has been approved before the effective date of the amendments to this compact by all agencies having jurisdiction. The subdivision of land owned by a general improvement district, which existed and owned the land before the effective date of the amendments to this compact, may be approved if subdivision of the land is necessary to avoid insolvency of the district.

(2) Except as provided in paragraph (3), no apartment building may be erected unless the required permits for such building have been secured from all agencies having jurisdiction, prior to the effective date of the amendments to this compact.

(3) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize the construction of a greater number of new residential units within the region than were authorized within the region by building permits issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third of that number may be issued by each such city or county. For purposes of this paragraph a "residential unit" means either a single family residence or an individual residential unit within a larger building, such as an apartment building, a duplex or a condominium.

The legislatures find the respective numbers of residential units authorized within the region during the calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined) 252
2. Placer County 278
3. Carson City ..... -0-
4. Douglas County 339
5. Washoe County 739

(4) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize construction of a greater square footage of new commercial buildings within the region than were authorized within the region by building permits for commercial purposes issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third the amount of that square footage may be issued by each such city or county.

The legislatures find the respective square footages of commercial buildings authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)	64,324
2. Placer County	23,000
3. Carson City	-0-
4. Douglas County	57,354
5. Washoe County	50,600

(5) No structure may be erected to house gaming under a nonrestricted license.

(6) No facility for the treatment of sewage may be constructed or enlarged except:

(A) To comply, as ordered by the appropriate state agency for the control of water pollution, with existing limitations of effluent under the Clean Water Act, 33 U.S.C. §§ 1251 et seq., and the applicable state law for control of water pollution;

(B) To accommodate development which is not prohibited or limited by this subdivision; or

(C) In the case of Douglas County Sewer District # 1, to modify or otherwise alter sewage treatment facilities existing on the effective date of the amendments to this compact so that such facilities will be able to treat the total volume of effluent for which they were originally designed, which is 3.0 million gallons per day. Such modification or alteration is not a "project"; is not subject to the requirements of Article VII; and does not require a permit from the agency. Before commencing such modification or alteration, however, the district shall submit to the agency its report identifying any significant soil erosion problems which may be caused by such modifications or alterations and the measures which the district proposes to take to mitigate or avoid such problems.

The moratorium imposed by this subdivision does not apply to work done pursuant to a right vested before the effective date of the amendments to this compact. Notwithstanding the expiration date of the moratorium imposed by this subdivision, no new highway may be built or existing highway widened to accommodate additional continuous lanes for automobiles until the regional transportation plan is revised and adopted.

The moratorium imposed by this subdivision does not apply to the construction of any parking garage which has been approved by the agency prior to May 4, 1979, whether that approval was affirmative or by default. The provisions of this paragraph are not an expression of legislative intent that any such parking garage, the approval of which is

the subject of litigation which was pending on the effective date of the amendments to this compact, should or should not be constructed. The provisions of this paragraph are intended solely to permit construction of such a parking garage if a judgment sustaining the agency's approval to construct that parking garage has become final and no appeal is pending or may lawfully be taken to a higher court.

(d) Subject to the final order of any court of competent jurisdiction entered in litigation contesting the validity of an approval by the Tahoe Regional Planning Agency, whether that approval was affirmative or by default, if that litigation was pending on May 4, 1979, the agency and the states of California and Nevada shall recognize as a permitted and conforming use:

(1) Every structure housing gaming under a nonrestricted license which existed as a licensed gaming establishment on May 4, 1979, or whose construction was approved by the Tahoe Regional Planning Agency affirmatively or deemed approved before that date. The construction or use of any structure to house gaming under a nonrestricted license not so existing or approved, or the enlargement in cubic volume of any such existing or approved structure is prohibited.

(2) Every other nonrestricted gaming establishment whose use was seasonal and whose license was issued before May 4, 1979, for the same season and for the number and type of games and slot machines on which taxes or fees were paid in the calendar year 1978.

(3) Gaming conducted pursuant to a restricted gaming license issued before May 4, 1979, to the extent permitted by that license on that date.

➥ The area within any structure housing gaming under a nonrestricted license which may be open to public use (as distinct from that devoted to the private use of guests and exclusive of any parking area) is limited to the area existing or approved for public use on May 4, 1979. Within these limits, any external modification of the structure which requires a permit from a local government also requires approval from the agency. The agency shall not permit restaurants, convention facilities, showrooms or other public areas to be constructed elsewhere in the region outside the structure in order to replace areas existing or approved for public use on May 4, 1979.

(e) Any structure housing licensed gaming may be rebuilt or replaced to a size not to exceed the cubic volume, height and land coverage existing or approved on May 4, 1979, without the review or approval of the agency or any planning or regulatory authority of the State of Nevada whose review or approval would be required for a new structure.

(f) The following provisions apply to any internal or external modification, remodeling, change in use, or repair of a structure housing

gaming under a nonrestricted license which is not prohibited by Article VI (d):

(1) The agency's review of an external modification of the structure which requires a permit from a local government is limited to determining whether the external modification will do any of the following:

(A) Enlarge the cubic volume of the structure;

(B) Increase the total square footage of area open to or approved for public use on May 4, 1979;

(C) Convert an area devoted to the private use of guests to an area open to public use;

(D) Increase the public area open to public use which is used for gaming beyond the limits contained in paragraph (3); and

(E) Conflict with or be subject to the provisions of any of the agency's ordinances that are generally applicable throughout the region.

➥ The agency shall make this determination within 60 days after the proposal is delivered to the agency in compliance with the agency's rules or regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If an external modification is determined to have any of the effects enumerated in subparagraphs (A) through (C), it is prohibited. If an external modification is determined to have any of the effects enumerated in subparagraph (D) or (E), it is subject to the applicable provisions of this compact. If an external modification is determined to have no such effect, it is not subject to the provisions of this compact.

(2) Except as provided in paragraph (3), internal modification, remodeling, change in use or repair of a structure housing gaming under a nonrestricted license is not a project and does not require the review or approval of the agency.

(3) Internal modification, remodeling, change in use or repair of areas open to public use within a structure housing gaming under a nonrestricted license which alone or in combination with any other such modification, remodeling, change in use or repair will increase the total portion of those areas which is actually used for gaming by more than the product of the total base area, as defined below, in square feet existing on or approved before August 4, 1980, multiplied by 15 percent constitutes a project and is subject to all of the provisions of this compact relating to projects. For purposes of this paragraph and the determination required by Article VI (g), base area means all of the area within a structure housing gaming under a nonrestricted license which may be open to public use, whether or not gaming is actually conducted or carried on in that area, except retail stores, convention centers and

meeting rooms, administrative offices, kitchens, maintenance and storage areas, rest rooms, engineering and mechanical rooms, accounting rooms and counting rooms.

(g) In order to administer and enforce the provisions of paragraphs (d), (e) and (f) the State of Nevada, through its appropriate planning or regulatory agency, shall require the owner or licensee of a structure housing gaming under a nonrestricted license to provide:

(1) Documents containing sufficient information for the Nevada agency to establish the following relative to the structure:

(A) The location of its external walls;

(B) Its total cubic volume;

(C) Within its external walls, the area in square feet open or approved for public use and the area in square feet devoted to or approved for the private use of guests on May 4, 1979;

(D) The amount of surface area of land under the structure; and

(E) The base area as defined in paragraph (f)(3) in square feet existing on or approved before August 4, 1980.

(2) An informational report whenever any internal modification, remodeling, change in use, or repair will increase the total portion of the areas open to public use which is used for gaming.

The Nevada agency shall transmit this information to the Tahoe Regional Planning Agency.

(h) Gaming conducted pursuant to a restricted gaming license is exempt from review by the agency if it is incidental to the primary use of the premises.

(i) The provisions of subdivisions (d) and (e) are intended only to limit gaming and related activities as conducted within a gaming establishment, or construction designed to permit the enlargement of such activities, and not to limit any other use of property zoned for commercial use or the accommodation of tourists, as approved by the agency.

(j) Legal actions arising out of or alleging a violation of the provisions of this compact, of the regional plan or of an ordinance or regulation of the agency or of a permit or a condition of a permit issued by the agency are governed by the following provisions:

(1) This subdivision applies to:

(A) Actions arising out of activities directly undertaken by the agency.

(B) Actions arising out of the issuance to a person of a lease, permit, license or other entitlement for use by the agency.

(C) Actions arising out of any other act or failure to act by any person or public agency.

➥ Such legal actions may be filed and the provisions of this subdivision apply equally in the appropriate courts of California and Nevada and of the United States.

(2) Venue lies:

(A) If a civil or criminal action challenges an activity by the agency or any person which is undertaken or to be undertaken upon a parcel of real property, in the state or federal judicial district where the real property is situated.

(B) If an action challenges an activity which does not involve a specific parcel of land (such as an action challenging an ordinance of the agency), in any state or federal court having jurisdiction within the region.

(3) Any aggrieved person may file an action in an appropriate court of the State of California or Nevada or of the United States alleging noncompliance with the provisions of this compact or with an ordinance or regulation of the agency. In the case of governmental agencies, "aggrieved person" means the Tahoe Regional Planning Agency or any state, federal or local agency. In the case of any person other than a governmental agency who challenges an action of the Tahoe Regional Planning Agency, "aggrieved person" means any person who has appeared, either in person, through an authorized representative, or in writing, before the agency at an appropriate administrative hearing to register objection to the action which is being challenged, or who had good cause for not making such an appearance.

(4) A legal action arising out of the adoption or amendment of the regional plan or of any ordinance or regulation of the agency, or out of the granting or denial of any permit, shall be commenced within 60 days after final action by the agency. All other legal actions shall be commenced within 65 days after discovery of the cause of action.

(5) In any legal action filed pursuant to this subdivision which challenges an adjudicatory act or decision of the agency to approve or disapprove a project, the scope of judicial inquiry shall extend only to whether there was prejudicial abuse of discretion. Prejudicial abuse of discretion is established if the agency has not proceeded in a manner required by law or if the act or decision of the agency was not supported by substantial evidence in light of the whole record. In making such a determination the court shall not exercise its independent judgment on evidence but shall only determine whether the act or decision was supported by substantial evidence in light of the whole record. In any legal action filed pursuant to this subdivision which challenges a legislative act or decision of the agency (such as the adoption of the regional plan and the enactment of implementing ordinances), the scope

of the judicial inquiry shall extend only to the questions of whether the act or decision has been arbitrary, capricious or lacking substantial evidentiary support or whether the agency has failed to proceed in a manner required by law. ***[In addition, there is a rebuttable presumption that a regional plan adopted, amended, formulated or maintained pursuant to this compact is in conformance with the requirements applicable to this compact, and a party challenging the regional plan has the burden of showing that it is not in conformance with the requirements applicable to this compact.]***

(6) In addition to the provisions of paragraph (5) relating to judicial inquiry:

(A) When adopting or amending a regional plan, the agency shall act in accordance with the requirements of the compact and the implementing ordinances, rules and regulations, and a party challenging the regional plan has the burden of showing that the regional plan is not in conformance with those requirements.

(B) When taking an action or making a decision, the agency shall act in accordance with the requirements of the compact and the regional plan, including the implementing ordinances, rules and regulations, and a party challenging the action or decision has the burden of showing that the act or decision is not in conformance with those requirements.

(7) The provisions of this subdivision do not apply to any legal proceeding pending on the date when this subdivision becomes effective. Any such legal proceeding shall be conducted and concluded under the provisions of law which were applicable prior to the effective date of this subdivision.

(8) The security required for the issuance of a temporary restraining order or preliminary injunction based upon an alleged violation of this compact or any ordinance, plan, rule or regulation adopted pursuant thereto is governed by the rule or statute applicable to the court in which the action is brought, unless the action is brought by a public agency or political subdivision to enforce its own rules, regulations and ordinances in which case no security shall be required.

(k) The agency shall monitor activities in the region and may bring enforcement actions in the region to ensure compliance with the regional plan and adopted ordinances, rules, regulations and policies. If it is found that the regional plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

(l) Any person who violates any provision of this compact or of any ordinance or regulation of the agency or of any condition of approval imposed by the agency is subject to a civil penalty not to exceed $5,000.

Any such person is subject to an additional civil penalty not to exceed $5,000 per day, for each day on which such a violation persists. In imposing the penalties authorized by this subdivision, the court shall consider the nature of the violation and shall impose a greater penalty if it was willful or resulted from gross negligence than if it resulted from inadvertence or simple negligence.

(m) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law.

(n) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

(o) Every record of the agency, whether public or not, shall be open for examination to the Legislature and Controller of the State of California and the legislative auditor of the State of Nevada.

(p) Approval by the agency of any project expires 3 years after the date of final action by the agency or the effective date of the amendments to this compact, whichever is later, unless construction is begun within that time and diligently pursued thereafter, or the use or activity has commenced. In computing the 3-year period any period of time during which the project is the subject of a legal action which delays or renders impossible the diligent pursuit of that project shall not be counted. Any license, permit or certificate issued by the agency which has an expiration date shall be extended by that period of time during which the project is the subject of such legal action as provided in this subdivision.

(q) The governing body shall maintain a current list of real property known to be available for exchange with the United States or with other owners of real property in order to facilitate exchanges of real property by owners of real property in the region.

ARTICLE VII. Environmental Impact Statements

(a) The Tahoe Regional Planning Agency when acting upon matters that have a significant effect on the environment shall:

(1) Utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man’s environment;

(2) Prepare and consider a detailed environmental impact statement before deciding to approve or carry out any project. The detailed environmental impact statement shall include the following:

(A) The significant environmental impacts of the proposed project;

(B) Any significant adverse environmental effects which cannot be avoided should the project be implemented;

(C) Alternatives to the proposed project;

(D) Mitigation measures which must be implemented to assure meeting standards of the region;

(E) The relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity;

(F) Any significant irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented; and

(G) The growth-inducing impact of the proposed project;

(3) Study, develop and describe appropriate alternatives to recommended courses of action for any project which involves unresolved conflicts concerning alternative uses of available resources;

(4) Make available to states, counties, municipalities, institutions and individuals, advice and information useful in restoring, maintaining and enhancing the quality of the region's environment; and

(5) Initiate and utilize ecological information in the planning and development of resource-oriented projects.

(b) Prior to completing an environmental impact statement, the agency shall consult with and obtain the comments of any federal, state or local agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate federal, state and local agencies which are authorized to develop and enforce environmental standards shall be made available to the public and shall accompany the project through the review processes. The public shall be consulted during the environmental impact statement process and views shall be solicited during a public comment period not to be less than 60 days.

(c) Any environmental impact statement required pursuant to this article need not repeat in its entirety any information or data which is relevant to such a statement and is a matter of public record or is generally available to the public, such as information contained in an environmental impact report prepared pursuant to the California Environmental Quality Act or a federal environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969. However, such information or data shall be briefly described in the

environmental impact statement and its relationship to the environmental impact statement shall be indicated.

In addition, any person may submit information relative to a proposed project which may be included, in whole or in part, in any environmental impact statement required by this article.

(d) In addition to the written findings specified by agency ordinance to implement the regional plan, the agency shall make either of the following written findings before approving a project for which an environmental impact statement was prepared:

(1) Changes or alterations have been required in or incorporated into such project which avoid or reduce the significant adverse environmental effects to a less than significant level; or

(2) Specific considerations, such as economic, social or technical, make infeasible the mitigation measures or project alternatives discussed in the environmental impact statement on the project.

➥ A separate written finding shall be made for each significant effect identified in the environmental impact statement on the project. All written findings must be supported by substantial evidence in the record.

(e) The agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this compact in order to recover the estimated costs incurred by the agency in preparing an environmental impact statement under this article.

(f) The agency shall adopt by ordinance a list of classes of projects which the agency has determined will not have a significant effect on the environment and therefore will be exempt from the requirement for the preparation of an environmental impact statement under this article. Prior to adopting the list, the agency shall make a written finding supported by substantial evidence in the record that each class of projects will not have a significant effect on the environment.

ARTICLE VIII. Finances

(a) On or before September 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion $75,000 of this amount among the counties within the region on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. In addition, each county within the region in California shall pay $18,750 to the agency and each county within the region in Nevada, including Carson City, shall pay $12,500 to the agency, from any funds available therefor. The State of California and the State of Nevada may pay to the

agency by July 1 of each year any additional sums necessary to support the operations of the agency pursuant to this compact. If additional funds are required, the agency shall make a request for the funds to the states of California and Nevada. Requests for state funds must be apportioned two-thirds from California and one-third from Nevada. Money appropriated shall be paid within 30 days.

(b) The agency may fix and collect reasonable fees for any services rendered by it.

(c) The agency shall submit an itemized budget to the states for review with any request for state funds, shall be strictly accountable to any county in the region and the states for all funds paid by them to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursement.

(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds; but the agency may not own land except as provided in subdivision (i) of Article III.

(e) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties and the states for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

ARTICLE IX. Transportation District

(a) The Tahoe transportation district is hereby established as a special purpose district. The boundaries of the district are coterminous with those of the region.

(b) The business of the district shall be managed by a board of directors consisting of:

(1) One member of the county board of supervisors of each of the counties of El Dorado and Placer;

(2) One member of the city council of the City of South Lake Tahoe;

(3) One member each of the board of county commissioners of Douglas County and of Washoe County;

(4) One member of the board of supervisors of Carson City;

(5) The director of the California Department of Transportation; and

(6) The director of the department of transportation of the State of Nevada.

➥ Any director may designate an alternate.

(c) The vote of at least five of the directors must agree to take action. If at least five votes in favor of an action are not cast, an action of rejection shall be deemed to have been taken.

(d) The Tahoe transportation district may in accordance with the adopted transportation plan:

(1) Own and operate a public transportation system to the exclusion of all other publicly owned transportation systems in the region.

(2) Acquire upon mutually agreeable terms any public transportation system or facility owned by a county, city or special purpose district within the region.

(3) Hire the employees of existing public transportation systems that are acquired by the district without loss of benefits to the employees, bargain collectively with employee organizations, and extend pension and other collateral benefits to employees.

(4) Fix the rates and charges for transit services provided pursuant to this subdivision.

(5) Issue revenue bonds and other evidence of indebtedness.

(6) By resolution, determine and propose for adoption a tax for the purpose of obtaining services of the district. The tax proposed must be general and of uniform operation throughout the region, and may not be graduated in any way. The district is prohibited from imposing an ad valorem tax, a tax measured by gross or net receipts on business, a tax or charge that is assessed against people or vehicles as they enter or leave the region, and any tax, direct or indirect, on gaming tables and devices. Any such proposition must be submitted to the voters of the district and shall become effective upon approval of two-thirds of the voters voting on the proposition. The revenues from any such tax must be used for the service for which it was imposed, and for no other purpose.

(7) Provide service from inside the region to convenient airport, railroad and interstate bus terminals without regard to the boundaries of the region.

(e) The legislatures of the states of California and Nevada may, by substantively identical enactments, amend this article.

ARTICLE X. Miscellaneous

(a) It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes thereof. Except as provided in subdivision (c), the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any

state participating therein, the compact shall remain in full force and effect as to the remaining state and in full force and effect as to the state affected as to all severable matters.

Notice of withdrawal shall be communicated officially and in writing to the Governor of the other state and to the agency administrators. (d) No provision of this compact shall have any effect upon the allocation, distribution or storage of interstate waters or upon any appropriative water right.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 722.

AN ACT relating to governmental administration; ~~[removing the requirement that each governmental agency ensure that any]~~ **revising provisions governing** personal information contained in certain documents ~~[is either maintained in a confidential manner or removed from the document;]~~ **held by governmental agencies;** removing the requirement that

the board of county commissioners in certain larger counties establish in certain cities a branch office of the county clerk at which marriage licenses may be issued; revising provisions relating to recording and filing certificates of marriage; revising provisions governing certain other documents relating to marriage; prohibiting certain solicitations on county property; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits, with certain exceptions, a governmental agency from requiring a person to include personal information on any document submitted to the governmental agency on or after January 1, 2007. On or before January 1, 2017, each governmental agency is required to ensure that any personal information contained in a document submitted to that agency before January 1, 2007, is either maintained in a confidential manner or removed from the document. (NRS 239B.030) **Section 1** of this bill ~~[authorizes rather than]~~ **removes the January 1, 2017, deadline for complying with such requirements and instead** requires each governmental agency **, as of July 1, 2013,** to ensure that any personal information contained in a document submitted to that agency before January 1, 2007, is either maintained in a confidential manner or **, within the limits of available resources,** removed from the document.

Existing law requires the board of county commissioners in a county whose population is 700,000 or more (currently Clark County) to designate one branch office of the county clerk at which marriage licenses may be issued and establish that office in an incorporated city whose population is 220,000 or more but less than 500,000 (currently the City of Henderson). Existing law also authorizes the board to designate, at the request of the county clerk, not more than four additional branch offices of the county clerk at which marriage licenses can be issued. (NRS 122.040) **Section 2** of this bill removes the requirement to establish a branch office at which marriage licenses can be issued in an incorporated city whose population is 220,000 or more but less than 500,000 and allows the board to designate, at the request of the county clerk, not more than five branch offices at which marriage licenses may be issued.

Existing law requires copies of certificates of marriage to be recorded by the county recorder or filed by the county clerk. (NRS 122.130) **Sections 2.5, 5.5 and 8-10** of this bill remove references to "copies" of certificates of marriage so that original certificates of marriage are required to be recorded by the county recorder or filed by the county clerk.

Sections 3-5 of this bill revise provisions governing certain documents relating to the authority to solemnize marriages.

Existing law prohibits any person, while on county courthouse property, from soliciting another person to be married by a marriage commissioner or

justice of the peace or at a commercial wedding chapel. (NRS 122.215) **Section 7** of this bill extends this prohibition to all county property where marriage licenses are issued.

A governmental agency may refuse to record, file or otherwise accept a document which does not contain such an affirmation when required or any document which contains personal information about a person that is not required to be included in the document pursuant to a specific state or federal law, for the administration of a public program or for an application for a federal or state grant.

If any documents that have been recorded, filed or otherwise submitted to a governmental agency:

(a) Are maintained in an electronic format that allows the governmental agency to retrieve components of personal information through the use of computer software, a request pursuant to this subsection must identify the components of personal information to be retrieved. The provisions of this paragraph do not require a governmental agency to purchase computer software to perform the service requested pursuant to this subsection.

(b) Are not maintained in an electronic format or not maintained in an electronic format in the manner described in paragraph (a), a request pursuant to this subsection must describe the document with sufficient specificity to enable the governmental agency to identify the document.

4. Upon finding that extraordinary circumstances exist which result in only one applicant being able to appear before the county clerk, the county clerk may waive the requirements of subsection 3 with respect to the person who is unable to appear before the county clerk, or may refer the applicant to the district court. If the applicant is referred to the district court, the district court may waive the requirements of subsection 3 with respect to the person who is unable to appear before the county clerk. 5. If any of the persons intending to marry are under age and have not been previously married, and if the authorization of a district court is not required, the clerk shall issue the license if the consent of the parent or guardian is:

(a) Personally given before the clerk;

(b) Certified under the hand of the parent or guardian, attested by two witnesses, one of whom must appear before the clerk and make oath that the witness saw the parent or guardian subscribe his or her name to the annexed certificate, or heard him or her acknowledge it; or

(c) In writing, subscribed to and acknowledged before a person authorized by law to administer oaths. A facsimile of the acknowledged writing must be accepted if the original is not available.

Legislative Counsel's Digest:

Under existing law, special fuels **,** which include, without limitation, biodiesel, biodiesel blend and an emulsion of water-phased hydrocarbon fuel, are taxed at the rate of 27 cents per gallon. (NRS 366.060, 366.190) **[**~~Section~~**]** **Sections 2.5 and 3** of this bill **[**~~specifies~~**]** **specify** that diesel, **[**~~biodiesel and biodiesel blend~~**]** **, biomass-based diesel, biomass-based diesel blend, liquefied natural gas, kerosene and jet fuel** are **among** the **combustible gases or liquids taxed as special** fuels **[**~~taxed~~**]** at **[**~~that~~**]** **the** rate **[**~~.~~**]** **of 27 cents per gallon, as is any product used in lieu of or blended with the combustible gas or liquid.**

Amendment adopted.

Senate Bill No. 427.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 664.

AN ACT relating to education; **requiring departments of juvenile services to inform juvenile courts and school districts of incidents of unlawful bullying or cyber-bullying;** requiring courts to inform school districts of incidents of unlawful bullying or cyber-bullying; revising the definition of bullying and cyber-bullying; expanding the prohibition against bullying and cyber-bullying to include members of a club or organization which uses the facilities of any public school; repealing certain definitions; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a court to provide certain information to a school district if a court determines that a child who is currently enrolled in the school district has unlawfully caused or attempted to cause serious bodily injury to another person. (NRS 62E.030) **Section 1** of this bill likewise requires a **department of juvenile services to inform the juvenile court and the school district if a child who is currently enrolled in the school district has unlawfully engaged in bullying or cyber-bulling. Section 1.5 of this bill requires a** court to inform a school district if a child who is currently enrolled in the school district has unlawfully engaged in bullying or cyber-bullying.

Existing law provides definitions of bullying, cyber-bullying, harassment and intimidation for the purposes of providing a safe and respectful learning environment and prohibiting certain conduct in such a manner that the definition of bullying includes most of the elements of the definitions of harassment and intimidation. (NRS 388.123-388.129) **Section 7** of this bill revises the definition of bullying to include all the elements of the definitions of harassment and intimidation. **Section 7** also effectively revises in the same manner the definition of cyber-bullying, which is bullying through the use of electronic communication. (NRS 388.123) **Section 19** of this bill repeals the existing definitions of harassment and intimidation.

Existing law prohibits a member of the board of trustees of a school district, an employee of the board of trustees or a pupil from engaging in bullying, cyber-bullying, harassment or intimidation on the premises of any public school, at an activity sponsored by a public school or on any school bus. (NRS 388.135) **Section 15** of this bill: (1) removes the references to harassment and intimidation, consistent with the removal of these terms by **section 19**; and (2) prohibits a member of a club or organization which uses the facilities of any public school, regardless of whether the club or organization has any connection to the school, from engaging in bullying or cyber-bullying.

AN ACT relating to legal representation; revising provisions governing the legal representation of certain persons by the Attorney General or the chief legal officer of a political subdivision in civil actions relating to certain public duties or employment; revising provisions concerning the crime of unlawfully soliciting legal business; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Attorney General provides legal counsel to any present or former officer or employee of the State, any immune contractor or any State Legislator in a civil action brought against that person based on any alleged act or omission relating to the person's public duty or employment if: (1) the person submits a written request for such legal counsel; and (2) the Attorney General determines that it appears that the person was acting within the course and scope of his or her public duty or employment and in good faith. In addition, under existing law, the chief legal officer or other authorized legal representative of a political subdivision of this State provides legal counsel to any present or former officer of that political subdivision or a present or former member of a local board or commission if: (1) the person submits a written request for such legal counsel; and (2) the chief legal officer or authorized legal representative determines that it

Sections 2-3 and 3.7-8 of this bill clarify existing law by specifically requiring: (1) the Attorney General to provide legal counsel under these circumstances to any present or former justice of the Supreme Court, senior justice, judge of a district court or senior judge; and (2) the chief legal officer or other authorized legal representative of a political subdivision of this State to provide legal counsel under these circumstances to any present or former justice of the peace, senior justice of the peace, municipal judge or senior municipal judge of that political subdivision. In addition, **sections 2-3 and 3.7-8** require the Attorney General or the chief legal officer or other authorized legal representative of a political subdivision of this State to provide counsel for certain persons who are not employees or officers of the State or political subdivision but who are named as defendants in a civil action solely because of an alleged act or omission relating to the public duties or employment of certain officers or employees of the State or political subdivision.

Section 3.3 of this bill clarifies that the statutory provisions relating to legal representation in civil actions relating to the public duties or employment of such persons do not abrogate, alter or affect the immunity of such persons under other law.

Existing law establishes the crime of unlawful solicitation of legal business and provides that a person who commits this crime is guilty of a misdemeanor. (NRS 7.045) **Section 8.3** of this bill revises the acts which constitute the crime of unlawful solicitation of legal business**.** ~~[and provides that a second or subsequent violation of this crime is a gross misdemeanor.]~~

Section 8.5 of this bill provides that for the 78th Session of the Nevada Legislature, the Director of the Department of Administration must include the biennial cost of implementing this bill in the Attorney General's cost allocation plan.

Senate Bill 18 revises provisions governing personal and subject matter jurisdiction under the Nevada Code of Military Justice and modifies provisions governing nonjudicial punishment for servicemen and servicewomen. It also adds several crimes to the list that are triable by court-martial.

Along with my colleague from District 37, we spent a lot of time on this bill to ensure that this would be a good bill for our military members. The reason it is so long is that it has not been updated since about 1967.

ASSEMBLYMAN DUNCAN:

I just want to echo the comments from my colleague from southern Nevada. I was involved in the working group on this, and a lot of hard work was put in to help our Nevada National Guard Reserve members out, and this is a good bill. I would appreciate the body's support.

I know there has been some concern on this bill about whether it affected some of the smaller counties, but in order for this expanded definition to apply, you have to be a full-time peace officer, court bailiff, or deputy marshal, and you would have to be POST-certified. The bill requires that prior to the testing of a vehicle equipped with autonomous technology, the entity performing the test must submit a $5 million instrument of insurance, surety bond, or proof of self-insurance to the Department of Motor Vehicles.

Other provisions of Senate Bill 313 require that while testing an autonomous vehicle on a highway in this state, a capable human operator must be in the driver's seat monitoring the safe operation of the autonomous vehicle, and the vehicle must be equipped with a means to engage and disengage the autonomous technology and a visual indicator that indicates when the autonomous technology is operating the vehicle.

The measure also provides that if an annuity is listed on a loan application or was pledged as payment for a loan, the creditor may seek to recover payment from the annuity.

The measure provides that a judgment debtor who is a Nevada resident may bring a civil action against an out-of-state judgment creditor who inappropriately garnishes the judgment debtor's bank account or any other personal property located in this state. ASSEMBLYWOMAN SPIEGEL:

Senate Bill 388 repeals the crime of solicitation of a minor to engage in acts constituting the infamous crime against nature. The measure revises the definition of "sexual conduct" and provides that the crime of luring a child includes contacting or communicating with the person believed to be a child with the intent to solicit that person to engage in sexual conduct. The measure also removes reference to the infamous crime against nature and replaces it with a reference to "sexual activity" for provisions relating to certain offenders in Nevada's Department of Corrections. Finally, this measure removes the reference to the infamous crime against nature for provisions relating to the Nevada National Guard.

ASSEMBLYMAN HANSEN:

I rise in opposition to S. B. 388. I would have to say this bill goes in absolutely the wrong direction. We are opening up 16- and 17-year-olds to be sexually solicited by any age group of males. While the argument has been that we can do that currently with females, we should be doing this the exact opposite way. We should be expanding the age of consent. Twelve other states have now adopted the age of 18 for age of consent. Federal age of consent is 18. Thirty-one states also have age gap provisions, which this does not have. We have had a whole series of bills where we define 16- and 17-year-olds as children, including in A.B. 67 and A.B. 146. We have a bill right now that we may be voting on where 16- and 17-year-olds will not be allowed to use a tanning booth. We do not allow smoking for 16- and 17-year-olds. They

cannot vote, but somehow we are going to open them up to any age group of males to go and basically solicit them. If Jerry Sandusky had waited until these kids were 16 that he was dealing with and had been in Nevada if we had passed this law, he would not have committed a crime. I have requested amendments on this, but I think this is absolutely a terrible thing we are doing, and we should be upping the age of consent, not reducing it for boys in the theory that it makes an equality factor. We need to protect our females and our young men from predatory sexual behavior.

ASSEMBLYWOMAN FIORE:

Regarding this bill, Senate Bill 388—and I totally understand and respect the view of my colleague from District 32—but the way I view S.B. 388 is that in Nevada, the legal consent is age 16. So 16-year-olds are allowed to engage in sexual intercourse with the opposite sex. If you have two high school students 16 and 17 that want to experiment with each other, it is against the law, and that is not right. So I rise in support of this bill, and I want you to understand that it is the law today. As much as I agree with my colleague from District 32, we need to up it to 18. It is the law today, and right now we are prohibiting on equal status.

Senate Bill No. 311.

Bill read second time.

The following amendment was proposed by the Committee on Education:

Amendment No. 786.

AN ACT relating to education; authorizing the parents and legal guardians of pupils enrolled in an underperforming public school, under certain circumstances, to submit a petition for the conversion of the school to an empowerment school or the conversion of an empowerment school to a charter school; establishing the requirements for such a petition and the procedure for acting upon it; authorizing parents and legal guardians to file a petition reversing such a conversion; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the creation and operation of charter schools and establishes the Program of Empowerment Schools for public schools in this State. Generally, charter schools and empowerment schools operate with more flexibility and autonomy than other public schools. (NRS 386.490-386.610, 386.720, 386.740)

This bill provides for the conversion of ~~[certain]~~ underperforming public schools to operate as empowerment schools and for the conversion of ~~[certain]~~ underperforming empowerment schools to operate as charter schools. **Section 1.5 of this bill defines an underperforming public school as a public school that receives an annual rating which is established as the lowest rating possible indicating underperformance pursuant to the statewide system of accountability for public schools, as determined by the Department of Education.** **Section 2** of this bill requires the board of trustees of each school district annually to identify the schools in the district that are eligible for conversion from among those which have been rated as underperforming by the Department**.** ~~[of Education.]~~ After these schools have been identified, **section 2** requires the board of trustees to post a list of the schools on the school district's Internet website.

Section 2.5 of this bill provides that the parents and legal guardians of the pupils enrolled in an underperforming school may submit a petition to the board of trustees of the school district for the creation of a school advisory team for the school. **Section 4** of this bill establishes the procedure for determining the sufficiency of the petition and acting upon it. If the petition is found to contain the requisite number of signatures and is otherwise sufficient, **section 2.5** requires the board of trustees to create a school advisory team for the school, which must meet at least six times during the ensuing 12 months, after which it must submit a report to the board of trustees.

Section 3 of this bill provides that 55 percent or more of the parents and legal guardians of the pupils enrolled in an underperforming school for which a school advisory board was created may submit a petition to the board of trustees of the school district for the conversion of the school to an empowerment school. The sufficiency of the petition must be determined in the same manner as a petition to create a school advisory team. If the petition is found to contain the requisite number of signatures and is otherwise sufficient, **section 4** requires the board of trustees to begin the statutory process of converting the school to an empowerment school, effective at the beginning of the next succeeding school year.

Under existing law, participation in the Program of Empowerment Schools is discretionary for boards of trustees of school districts in counties whose population is less than 100,000 (currently counties other than Clark and Washoe Counties) and, accordingly, such a district may elect not to participate in the Program. (NRS 386.720) However, if a petition for conversion is submitted pursuant to **section 3** and determined to be sufficient pursuant to **section 4, section 5** of this bill provides that the provisions of statute which otherwise apply only to school districts participating in the Program become applicable to the school district if the petition is submitted

and found to be sufficient, regardless of whether the district otherwise participates in the Program.

If an underperforming public school is converted to an empowerment school through the petition process, **section 6** of this bill provides that the parents and legal guardians of pupils enrolled in the school may ~~[thereafter]~~ **, at any time after the conversion,** petition to reverse the conversion. Any such petition is subject to the same requirements as a petition for conversion and is processed in the same manner.

If an underperforming public school that is converted to an empowerment school through the petition process is subsequently identified as underperforming for 3 consecutive years, **section 6.5** of this bill provides that the parents and guardians of pupils enrolled in the school may petition for the conversion of the school to a charter school. With certain exceptions, any such petition is subject to the same requirements as a petition for conversion to an empowerment school and is processed in the same manner. **Section 6.5** also provides requirements for the operation of a school that converts to a charter school pursuant to the provisions of this bill.

Section 6.7 of this bill provides that the parents and legal guardians of certain pupils enrolled in the school which is converted to a charter school may ~~[thereafter]~~ **, at any time after the conversion,** petition to reverse the conversion. Any such petition is subject to the same requirements as a petition for conversion to an empowerment school and is processed in the same manner. If the petition is sufficient, the school reverts to a public school that is not an empowerment school or a charter school.

Section 6.7 also requires that, if a school that converts to a charter school pursuant to the provisions of this bill and is subsequently identified as underperforming for 3 consecutive years, the board of trustees must revoke the charter and the school reverts to a public school that is not an empowerment school or a charter school.

Sections 7-22 of this bill make conforming changes to existing provisions.

Assembly Bill No. 287.

Bill read third time.

Remarks by Assemblymen Dondero Loop and Stewart.

ASSEMBLYWOMAN DONDERO LOOP:

Assembly Bill 287 authorizes a court-ordered admission of certain persons with mental illness to a community-based program for outpatient services under certain circumstances. Among other conditions, the person must be at least 18 years old, have a history of noncompliance with treatment for mental illness, and be capable of surviving safely in the community with available supervision. If the person who is involuntarily admitted to such a program fails to participate or carry out the treatment plan, the professional responsible for providing the program may seek a court order requiring a peace officer to take into custody and

deliver the person to the appropriate location for an evaluation from the Division of Mental Health and Developmental Services of the Department of Health and Human Services. Additionally, the bill requires the person or responsible relative to pay costs relating to an involuntary admission to a program of community-based or outpatient services.

I would just like to note that this policy, if passed out today, is fully funded, and this is a very important piece to our court program for our mentally ill.

ASSEMBLYMAN STEWART:

I rise in support of Assembly Bill 287. Assembly Bill 287 has been a long time in coming. This is the third time we have brought it before this group, and I would especially like to thank the chair of Health and Human Services and the chair of Ways and Means and my colleague from Assembly District 21 for their support in this. This bill will aid a group of individuals who very badly need additional support. I urge your support and thank all those who have contributed to the passage of this bill.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 412 modifies the pre-session training for new legislators to address upcoming policy issues. It requires written notification of the training to candidates, and allows for alternate means of recording and completing training sessions. With respect to bill draft requests [BDR], the measure reduces the number that may be requested by legislators and moves the first deadline for submitting BDRs from September 1 to August 1 of an even-numbered year. Deadlines for submittal of details for drafting are also moved to be consistent with these changes

in the request deadlines, and in the case of interim committees and studies, the detail deadline is moved to November 1 prior to a session year. The formula for distributing BDRs to standing committee chairs is modified to reduce the number of BDRs, and the allocation of BDRs to the Legislative Commission is reduced from 15 to 10. Fifty of the 100 BDRs allocated to the Governor and Executive Branch must be submitted by July 1 in an even-numbered year, and the allocations to the constitutional officers are increased. A new category is created for cities with a population between 150,000 and 500,000, and these cities are allocated two BDRs. Finally, the allocations to mental health consortia and interagency child welfare committees are eliminated.

I think a lot of praise needs to be sung for this bill, both to the vice chair of Legislative Operations and Elections and to yourself, Madam Speaker. I think this bill will lead to increased efficiency. I think it is considerate of all of the hard working staff in our Legal Division and there will be fewer bill draft requests. But I think we will have a much more efficient process, and we are going to have quality instead of quantity. I do urge this body's support.

The bill allows the Commissioner of Insurance to exempt certain domestic insurers and prepaid limited health service organizations from risk-based capital reports. It also makes changes to the Nevada Life and Health Insurance Guaranty Association by specifying that the Association is not required to cover certain policies and contracts related to Medicare and to revise the amounts of certain benefits. It does go on to address other modernization issues in the Department of Health Insurance. I am happy to answer any other questions.

I rise in support of Assembly Bill 466. Assembly Bill 466, as amended requires the Executive Director of the Department of Taxation to prepare and send a report of tax

expenditures to the Governor and Legislature on or before November 10th of even numbered years. The report must include certain information regarding each tax expenditure including a description of the tax expenditure, the year the tax expenditure was enacted, the purpose of the tax expenditure, any subsequent amendments to the tax expenditure and, to the extent that the pertinent information is available, estimates of the following. The fiscal impact of the tax expenditure on both state and local government, the number of taxpayers benefiting from the tax expenditure, and the revenue that would result from the repeal of the tax expenditure.

Senate Bill 27 requires the Attorney General to provide for the defense of a present or former state judicial officer or any other person named as a defendant in a civil action solely because of an alleged act relating to the public duties of a state judicial officer, employee, immune contractor, or legislator. The bill imposes a similar duty on the legal representative of a local government concerning the defense of local judicial officers, present or former employees, and others named as defendants.

Senate Bill 27 also prohibits the following tort actions, unless the state or local government is named as a party: (1) an action against a local or state judicial officer arising from an act within the scope of the person's public duties; and (2) an action against a defendant arising solely from an act relating to the public duties of a local or state judicial officer, local, or state employee, immune contractor, or legislator.

This measure also provides that it is unlawful, in exchange for compensation, to solicit a tort victim to employ an attorney at the scene of a traffic accident or a city or county jail or detention facility or to conspire with another person to solicit a tort victim in these places.

ASSEMBLYMAN DALY:

Senate Bill 72 prohibits a person from intentionally engaging in horse tripping for sport, entertainment, competition, or practice. In addition, a person shall not knowingly organize, sponsor, promote, oversee, or receive money for the admission to a charreada or rodeo that includes horse tripping. The bill defines horse tripping and provides that the term does not include tripping a horse or other equine animal in order to provide medical or other health care. The term also does not include catching an equine animal by the leg and then releasing it as part of a horse roping event for which a permit has been issued by the local government where the event is held.

ASSEMBLYMAN HANSEN:

I rise in opposition to Senate Bill 72. This bill deals with an obscure event that, in fact, almost none of us have even seen. It is a safe target calling it horse tripping when, in fact, anyone who has observed it—this is actually an art form practiced by Mexican cowboys as part of their livestock culture. In fact, what they do does not harm horses intentionally and will not. Horses are very valuable animals worth thousands of dollars, and they know that as well as we do. I know from observing the websites of the organizations that have been so active in the opposition to this, that they in fact want to outlaw all rodeos. They have lots of things on their website attacking American rodeos as well. However, I would point out that the National Finals Rodeo [NFR] brings in approximately $350 million for Clark County, about $50 million comes to Washoe County from the Reno Rodeo, and I suspect for the Mexican community this is also equally important to them. We should not be passing laws based on extremely biased observations from people talking about something that we, in fact, know nothing about. I think we should support the Mexican cowboy culture, recognizing that they, in fact, know what they are doing. They are not visibly harming horses, and we should recognize that the people that are in opposition to this are, in fact, consistently opposed to all forms of rodeo, not just this. I would urge this body to support the Mexican rodeo people and vote no on S.B. 72.

ASSEMBLYWOMAN CARLTON:

I rise in support of Senate Bill 72. Despite what my colleague from Reno may think—I am not just doing this to counter his argument—but the statement that no one has seen this, I can say that I have seen it many times in my district, when I was in the Senate. We have a number of rancheros up the hills off of Sunrise Mountain. In the middle of the night, there would be these rodeos. We would call code enforcement; we would call the county, the city, whoever we could get to come out. They were loud, they were noisy, and yes, they were illegal being there, but because they were there, I did see them. I do support rodeos. I have been to the NFR and I have enjoyed it, but there is a line between professional and amateur. When we allow something like this to go too far, not only do the horses get hurt, but people get hurt. And I have seen that. That is the reason I'm supporting S.B. 72.

ASSEMBLYWOMAN FLORES:

Senate Bill 72, in addition to the facts that my colleague has pointed out, only deals with intentional horse tripping. It deals with the act of intending to fell the animal. It also requires, where a county has a permitting process, to also have a permit. So this actually strengthens the current local ordinances that are in place, and it also deals only with, again, the intentional act. This does not hurt tradition, it does not hurt rodeoing, it does not hurt a very important practice for our state and our Western culture. I am, as everyone knows, a very active voice for the Hispanic community, and while I appreciate my colleague's concern for the Mexican-American community, I have worked for the last four months on this measure, and I can assure you that we very much have taken into account the cultural and traditional practices of roping horses, both in Western culture and, of course, in the Hispanic culture, and I do very much appreciate the support for this bill.

ASSEMBLYMAN ELLISON:

I stand in opposition. I have grown up on a ranch most of my life and been around most Spanish rodeos and rodeos. As we move cows, we are always roping each other—not to hurt a horse, never to trip a horse, but just part of our goofing around. Other people have seen this and might have thought we went too far. I am happy that my colleagues worked on this and cleaned this bill up. They did a lot of work, but still it is a threat.

Remarks by Assemblyman Bobzien and Madam Speaker.

ASSEMBLYMAN BOBZIEN:

Senate Bill 229 repeals most of the provisions of S.B. 271 of the 2011 Legislative Session, including the change in vote requirements for the Tahoe Regional Planning Agency's (TRPA's) Governing Board and Nevada's certain withdrawal from the Tahoe Regional Planning Compact (Compact) dependent on certain actions by the state of California and the United States Congress. This repeal occurs upon enactment of legislation by the state of California that is effective on or before January 1, 2014

Two years ago, I spoke against S.B. 271, the bill that set a timetable for Nevada's withdrawal from four decades of bi state cooperation to protect one of our nation's most treasured places, Lake Tahoe. At the time of passage, proponents told us about the need to update the regional plan to restart environmentally sustainable economic development and to spur greater cooperation among all the interests at the lake. While I agreed with those goals, I believed, as did so many others that voted against it, that setting a timetable for withdrawal from the Compact—the very form for cooperation—was a horrible way to bring people together. During the interim, interests including myself, you Madam Speaker, businesses, environmental advocates, and many others in this room forged new relationships and lines of communication necessary to work for the Lake. A compromise regional plan update, where all sides had to give a little, was achieved. Despite this progress, many of the other remaining provisions of S.B. 271 remained unmet and therefore, it continued us down the wrong path for withdrawal from the Compact.

I do want to note something for the record. There is some existing state law that allows for the Governor to withdraw from the Compact upon a conclusive finding that the Tahoe Regional Planning Agency has become unable, for lack of money or for any other reason, to perform its duties or to exercise its powers as provided in the compact. This was a statute enacted in 1979 and would still be in place upon a conclusive—and I would add challengeable—finding on the part of the Governor. But Madam Speaker and members of the body, what you see before you is a compromise solution that moves us forward into the next chapter of cooperation at the Lake. We have found new ways to cooperate, and S.B. 229's repeal of the timetable for withdrawal sends a strong message that Nevada supports working together with California to protect the Lake. Passage of S.B. 229 recommits us to the Compact and will make sure that for future generations of Nevadans, we will keep Tahoe blue.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I will tell you, it was interesting working across state lines, party lines, and house lines to do something that was good for Nevada for the long term. Tahoe is a natural beauty that we have to be proud of in our state, and I am glad that everybody could come together to work together. What I would tell you is that we are pretty far advanced technology wise. I have learned that in this whole process because when I knew about Face Time and Skype and videoconferencing, the

other state said "What?" I felt like I knew something, and the chairman of Commerce and Labor would be proud of me. It was great to have to work with them and have good old fashioned phone conferences to do what is right for both states. So I am glad that Tahoe will stay blue, we have good compromise, and I appreciate the governors working together as well.

The design must be submitted to the Administrator and the Commission for approval, and the Commission shall determine the criteria for the placement of names on the memorial.

This also creates the Nevada Fallen Soldier Memorial Gift Account in the State General Fund to be administered by the Executive Director for Veterans Services and to be used for the design, construction, installation, and maintenance of the memorial. The measure requires an owner or operator to ensure that a qualified person be present at the establishment during operating hours and that each user be aware of and use certain safety equipment. Also, a person is prohibited from using the equipment unless he or she signs a statement of acknowledgment and uses protective eyewear while tanning. An owner or operator must conspicuously post a warning sign informing users of certain safety procedures that must be followed while using the equipment. The measure establishes civil penalties for failing to post such signs.

A physician who prescribes the use of a phototherapy device, as well as any person prescribed the use of such a device by a physician, is exempt from these provisions. This bill becomes effective on July 1, 2013

We have heard concerns expressed about a customer presenting a fake ID. I would like to put on the record that we do have laws on the books that address this as far as people underage trying to purchase cigarettes or alcohol, and I would have assumed that it would be addressed the same in Ways and Means. I hope that, being an employee for many years who sometimes did get fake IDs and ended up getting in a little trouble, we would never punish the employee for such a thing—that we would look at it in the global picture of how the laws are set up now, because some of these fake IDs are very good. We would want to make sure that we would not be punishing the wrong person.

The lender must also contact the borrower or make a good faith effort to do so before recording an NOD to explore options to avoid a foreclosure sale and must provide the borrower with information on foreclosure prevention alternatives not later than five business days after recording the NOD.

Senate Bill 321 requires a lender to acknowledge an application for a foreclosure prevention alternative within 5 business days of receipt, allow a borrower 30 days to correct an incomplete application, and provide a single point of contact for the borrower. If the borrower submits an application for a foreclosure prevention alternative, the bill prohibits the lender from recording an NOD during the period in which the application is being processed—the practice known as "dual-tracking"—and this bill requires the servicer to submit an offer or a denial to the borrower within 30 days.

Senate Bill No. 210.

Bill read third time.

The following amendment was proposed by Assemblyman Carrillo:

Amendment No. 862.

AN ACT relating to motor carriers; requiring persons who wish to be employed as drivers for certain motor carriers to obtain a driver's permit issued by the Nevada Transportation Authority; imposing a fee for such a permit; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the regulation of certain motor carriers in this State by the Nevada Transportation Authority. (NRS 706.011-706.791) This bill requires a person who wishes to be employed or enter into a contract or lease as a driver for certain motor carriers to obtain a driver's permit issued by the Authority. This bill also establishes the requirements and procedures to obtain such a permit.

Under existing law, the provision of "charter service by bus" is regulated by the Nevada Transportation Authority and a person wishing to provide intrastate charter service by bus is required to obtain a certificate of public convenience and necessity from the Authority, and is

prohibited from engaging in certain acts. (NAC 706.034, 706.1377, 706.352, 706.355) The regulation of charter service by bus in the Nevada Administrative Code is not affected by the provisions of this bill requiring certain drivers to obtain a driver's permit issued by the Authority.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 706 of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. ***1. A person shall not drive a charter bus*** ~~*[,]*~~ ***for the purposes of charter bus transportation, a motor vehicle for a fully regulated carrier of passengers or a taxicab motor carrier as an employee, independent contractor or lessee unless the person has been issued a driver's permit by the Authority pursuant to this section.***

2. The Authority shall issue a driver's permit to each applicant who satisfies the requirements of this section. Before issuing a driver's permit, the Authority shall:

(a) Require the applicant to submit a complete set of his or her fingerprints, which the Authority shall forward to the Central Repository for Nevada Records of Criminal History for submission to the Federal Bureau of Investigation to ascertain whether the applicant has a criminal record and the nature of any such record, and may further investigate the applicant's background; and

(b) Require proof that the applicant is employed or under a contract or lease agreement or has an offer of employment, a contract or a lease agreement that is contingent on the applicant obtaining a driver's permit pursuant to this section and:

(1) Has a valid license issued pursuant to NRS 483.340 which authorizes the applicant to drive in this State any motor vehicle that is within the scope of the employment, contract or lease; or

(2) If the driver is a resident of a state other than Nevada, has a valid license issued by the state in which he or she resides which authorizes the applicant to drive any motor vehicle that is within the scope of the employment, contract or lease.

3. The Authority may refuse to issue a driver's permit if:

(a) The applicant has been convicted of:

(1) A felony, other than a sexual offense, in this State or any other jurisdiction within the 5 years immediately preceding the date of the application;

(2) A felony involving any sexual offense in this State or any other jurisdiction at any time before the date of the application; or

(3) A violation of NRS 484C.110 or 484C.430 or a law of any other jurisdiction that prohibits the same or similar conduct within the 3 years immediately preceding the date of the application.

(b) After further investigation into the applicant's background, if any, the Authority determines that the issuance of the driver's permit would be detrimental to public health, welfare or safety.

4. A driver's permit issued pursuant to this section is valid for not longer than 3 years, but lapses if the driver ceases to be employed by the carrier identified in the application for the original or renewal permit or if the contract or lease expires and the driver enters into a contract or lease with a different carrier. Sections 98 and 107 of this bill require the State Board of Cosmetology and the Board of Examiners for Long-Term Care Administrators, respectively, to refer complaints concerning matters within the jurisdiction of certain other licensing boards to the other licensing boards.

Existing law provides that notwithstanding any other provision requiring disclosure of information to the public pursuant to any proceeding by a state agency, board or commission with the authority to regulate certain occupations or professions, personal medical information or records of a patient are not required to be disclosed under certain circumstances. (NRS 622.310) **Section 1** of this bill extends this protection from disclosure to any personal identifying information of a person alleged to have been injured by any act of another person for which a license, certificate or permit is required to be issued by a licensing board, and specifically requires such information to be kept confidential by the licensing board in whose possession the information is held.

Senate Bill No. 280.

Bill read third time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 777.

AN ACT relating to common-interest communities; revising provisions governing ~~[the collection of past due financial obligations owed to an association;]~~ **an association's lien on a unit;** revising provisions governing

~~[payments received by]~~ **the payment of financial obligations to** an association **~~;~~** ~~[from a unit's owner;]~~ revising provisions governing the foreclosure of an association's lien by sale; **requiring an association to provide a statement concerning certain amounts due to the association under certain circumstances; authorizing an association to charge a fee for such a statement;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a homeowners' association has a lien on a unit for certain amounts due to the association. ~~[(NRS 116.3116) Existing law authorizes the association to foreclose its lien by sale of the unit and prescribes the procedures for such a foreclosure. (NRS 116.31162-116.31168) This bill revises provisions governing: (1) the collection of past due financial obligations owed to a homeowners' association; and (2) foreclosures by a homeowners' association.~~

~~Section 1 of this bill establishes procedures which a homeowners' association must follow before initiating the process of foreclosing on a unit or commencing any other debt collection activity. Under section 1, before initiating the foreclosure process or commencing any other debt collection activity: (1) a homeowners' association must mail to the unit's owner a statement and two letters that provide certain information concerning the past due obligation; and (2) the executive board of the homeowners' association must conduct a hearing to verify the past due obligation. Sections 1 and 7 of this bill require: (1) the executive board to meet in executive session to conduct a hearing to verify a past due obligation; (2) the unit's owner to be allowed to attend and present evidence at the hearing; and (3) that the total number of votes for and against a determination of the executive board at the hearing to verify the past due obligation and the assessor's parcel number of the unit be recorded in the minutes of the meeting. Under section 1, a homeowners' association is required to offer a repayment plan to a unit's owner who owes a past due obligation to the association and a unit's owner may accept such a repayment plan at any time before the foreclosure sale of the unit or the commencement of a civil action to collect the past due obligation. Finally, section 1 authorizes an association to charge the unit's owner: (1) a fee of not more than $50 for a repayment plan; and (2) a fee of not more than $50 for any costs incurred by the association in complying with the requirements of section 1.~~

~~Section 8 of this bill requires the collection policy of a homeowner's association to provide an administrative process by which a unit's owner may contest a past due obligation.~~

~~Sections 9-11 of this bill revise provisions governing foreclosures by homeowner's associations. Section 9 prohibits the association from foreclosing a unit for a failure to pay when due assessments for common~~

~~expenses unless the amount of such delinquent assessments, excluding acceleration and any interest, charges for late payment, fines or costs of collecting the assessment, is $1,000 or more or exceeds 12 months of assessments, whichever is less. Section 11 also provides that if a unit constitutes owner-occupied housing, a foreclosure of the unit by a homeowner's association is subject to a right of redemption for the unit's owner. Under section 11, the redemption amount must include assessment and property taxes paid after the foreclosure sale and the redemption period is 120 days. Under section 10, the notice of a foreclosure sale provided by a homeowner's association or a person conducting the foreclosure sale must provide notice of the right of redemption.~~

~~Section 5 of this bill prohibits an association from refusing to accept any payment from a unit's owner. Section 5 further requires an association to apply any payment received from a unit's owner to any past due assessments, including late charges, costs of collecting and interest, owed by the unit's owner before the payment is applied to any other financial obligation owed by the unit's owner, unless the unit's owner directs a different application of the payment.~~**]** **Generally, the association's lien is not prior to a first security interest on the unit recorded before the date on which the amount sought to be enforced became delinquent. However, the association's lien is prior to the first security interest on the unit to the extent of certain maintenance and abatement charges and a certain amount of assessments for common expenses. The portion of the association's lien that is prior to the first security interest on the unit is commonly referred to as the "super-priority lien." (NRS 116.3116) Existing law authorizes the association to foreclose its lien by sale and prescribes the procedures for such a foreclosure. (NRS 116.31162-116.31168)**

This bill revises provisions governing the association's lien on a unit and the foreclosure of the association's lien. Section 10 of this bill provides that the association does not have a priority lien over the first security interest when the association forecloses its lien and, thus, the foreclosure of the association's lien does not extinguish the first security interest on the unit. However, under section 7 of this bill, if the holder of the first security interest forecloses on a unit, the association has a lien on the unit which is prior to the first security interest. This priority lien consists of the amounts included in the "super-priority lien" under existing law and the costs of collecting the assessments included in the "super-priority lien," unless the federal regulations adopted by the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association or the Department of Veterans Affairs require a shorter period of priority or prohibit the inclusion of collection costs in

the "super-priority lien." Section 7 also limits the amount of the costs of collecting included in the lien upon the foreclosure of the first security interest.

Under section 8 of this bill, the association may not foreclose its lien by sale based on unpaid collection costs. Section 9 of this bill requires that certain notice of the foreclosure of the association's lien be provided by certified or registered mail, return receipt requested, rather than by first-class mail.

Section 3 of this bill: (1) sets forth the order in which an association must apply a payment made by a unit's owner who is delinquent in the payment of assessments, unless a contract between the association and the unit's owner provides otherwise; and (2) prohibits the association or its agent from refusing to accept a partial payment from a unit's owner or any holder of a first security interest encumbering the interest of the unit's owner because the amount tendered is less than the amount owed.

Section 11 of this bill authorizes a unit's owner or the authorized agent of a unit's owner to request from the association a statement concerning certain amounts owed to the association. Under section 11, the association may charge certain fees for such a statement. Section 11 also revises provisions governing the resale package provided to a prospective purchaser of a unit and authorizes the association to charge a fee for providing in electronic format certain documents related to the resale package.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

(a) Hand delivery to each unit's owner;

3. The provisions of this section do not apply:

(a) To a notice required to be given pursuant to NRS 116.3116 to 116.31168, inclusive **~~[,]~~** ***, and sections 2 and 3 of this act;*** or

(b) If any other provision of this chapter specifies the manner in which a notice must be given by an association.

Unless the declaration otherwise provides, any penalties, fees, charges, late charges, fines and interest charged pursuant to paragraphs (j) to (n), inclusive, of subsection 1 of NRS 116.3102 are enforceable as assessments under this section. (2) If the declaration so provides, may be foreclosed under NRS 116.31162 to 116.31168, inclusive.

~~[10.]~~ ***13.*** In an action by an association to collect assessments or to foreclose a lien created under this section, the court may appoint a receiver to collect all rents or other income from the unit alleged to be due and owing to a unit's owner before commencement or during pendency of the action. The receivership is governed by chapter 32 of NRS. The court may order the receiver to pay any sums held by the receiver to the association during pendency of the action to the extent of the association's common expense assessments based on a periodic budget adopted by the association pursuant to NRS 116.3115.

Sec. 10. **NRS 116.31164 is hereby amended to read as follows:**

116.31164 1. The sale must be conducted in the county in which the common-interest community or part of it is situated, and may be conducted by the association, its agent or attorney, or a title insurance company or escrow agent licensed to do business in this State, except that the sale may be made at the office of the association if the notice of the sale so provided, whether the unit is located within the same county as the office of the association or not. The association or other person conducting the sale may from time to time postpone the sale by such advertisement and notice as it considers reasonable or, without further advertisement or notice, by proclamation made to the persons assembled at the time and place previously set and advertised for the sale.

2. On the day of sale originally advertised or to which the sale is postponed, at the time and place specified in the notice or postponement, the person conducting the sale may sell the unit at public auction to the highest cash bidder. Unless otherwise provided in the declaration or by agreement, the association may purchase the unit and hold, lease, mortgage or convey it. The association may purchase by a credit bid up to the amount of the unpaid assessments and any permitted costs, fees and expenses incident to the enforcement of its lien.

3. After the sale, the person conducting the sale shall:

(3) Satisfaction of the association's lien;

(4) Satisfaction in the order of priority of any subordinate claim of record; and

(5) Remittance of any excess to the unit's owner.

4. The foreclosure by sale of the association's lien does not extinguish the rights of the holder of the first security interest.

Sec. 11. **NRS 116.4109 is hereby amended to read as follows:**

116.4109 1. Except in the case of a sale in which delivery of a public offering statement is required, or unless exempt under subsection 2 of NRS 116.4101, a unit's owner or his or her authorized agent shall, at the expense of the unit's owner, furnish to a purchaser a resale package containing all of the following:

(a) A copy of the declaration, other than any plats, the bylaws, the rules or regulations of the association and the information statement required by NRS 116.41095.

(b) A statement from the association setting forth the amount of the monthly assessment for common expenses and any unpaid obligation of any kind, including, without limitation, management fees, transfer fees, fines, penalties, interest, collection costs, foreclosure fees and attorney's fees currently due from the selling unit's owner. ~~[The statement remains effective for the period specified in the statement, which must not be less than 15 working days from the date of delivery by the association to the unit's owner or his or her agent. If the association becomes aware of an error in the statement during the period in which the statement is effective but before the consummation of the resale, the association must deliver a replacement statement to the unit's owner or his or her agent and obtain an acknowledgment in writing by the unit's owner or his or her agent before that consummation. Unless the unit's owner or his or her agent receives a replacement statement, the unit's owner or his or her agent may rely upon the accuracy of the information set forth in a statement provided by the association for the resale.]~~

(c) A copy of the current operating budget of the association and current year-to-date financial statement for the association, which must include a summary of the reserves of the association required by NRS 116.31152 and which must include, without limitation, a summary of the information described in paragraphs (a) to (e), inclusive, of subsection 3 of NRS 116.31152.

(d) A statement of any unsatisfied judgments or pending legal actions against the association and the status of any pending legal actions relating to the common-interest community of which the unit's owner has actual knowledge.

(e) A statement of any transfer fees, transaction fees or any other fees associated with the resale of a unit.

(f) In addition to any other document, a statement describing all current and expected fees or charges for each unit, including, without limitation, association fees, fines, assessments, late charges or penalties, interest rates on delinquent assessments, additional costs for collecting past due fines and charges for opening or closing any file for each unit.

2. The purchaser may, by written notice, cancel the contract of purchase until midnight of the fifth calendar day following the date of receipt of the resale package described in subsection 1, and the contract for purchase must contain a provision to that effect. If the purchaser elects to cancel a contract pursuant to this subsection, the purchaser must hand deliver the notice of cancellation to the unit's owner or his or her authorized agent or mail the notice of cancellation by prepaid United States mail to the unit's owner or his or her authorized agent. Cancellation is without penalty, and all payments made by the purchaser before cancellation must be refunded promptly. If the purchaser has accepted a conveyance of the unit, the purchaser is not entitled to:

(a) Cancel the contract pursuant to this subsection; or

(b) Damages, rescission or other relief based solely on the ground that the unit's owner or his or her authorized agent failed to furnish the resale package, or any portion thereof, as required by this section.

3. Within 10 days after receipt of a written request by a unit's owner or his or her authorized agent, the association shall furnish all of the following to the unit's owner or his or her authorized agent for inclusion in the resale package:

(a) Copies of the documents required pursuant to paragraphs (a) and (c) of subsection 1; and

(b) A certificate containing the information necessary to enable the unit's owner to comply with paragraphs (b), (d), (e) and (f) of subsection 1.

4. If the association furnishes the documents and certificate pursuant to subsection 3:

(a) The unit's owner or his or her authorized agent shall include the documents and certificate in the resale package provided to the purchaser, and neither the unit's owner nor his or her authorized agent is liable to the purchaser for any erroneous information provided by the association and included in the documents and certificate.

(b) The association may charge the unit's owner a reasonable fee to cover the cost of preparing the certificate furnished pursuant to subsection 3. Such a fee must be based on the actual cost the association incurs to fulfill the requirements of this section in preparing the certificate. The Commission shall adopt regulations establishing the maximum amount of the fee that an association may charge for preparing the certificate.

(c) The other documents furnished pursuant to subsection 3 must be provided in electronic format ~~[at no charge]~~ to the unit's owner ***.*** ~~[or, if]~~ ***The association may charge the unit's owner a fee, not to exceed $20, to provide such documents in electronic format. If*** the association is unable to provide such documents in electronic format, the association may charge the unit's

owner a reasonable fee, not to exceed 25 cents per page for the first 10 pages, and 10 cents per page thereafter, to cover the cost of copying.

(d) Except for the fees allowed pursuant to paragraphs (b) and (c), the association may not charge the unit's owner any other fees for preparing or furnishing the documents and certificate pursuant to subsection 3.

5. Neither a purchaser nor the purchaser's interest in a unit is liable for any unpaid assessment or fee greater than the amount set forth in the documents and certificate prepared by the association. If the association fails to furnish the documents and certificate within the 10 days allowed by this section, the purchaser is not liable for the delinquent assessment.

6. Upon the request of a unit's owner or his or her authorized agent, or upon the request of a purchaser to whom the unit's owner has provided a resale package pursuant to this section or his or her authorized agent, the association shall make the entire study of the reserves of the association which is required by NRS 116.31152 reasonably available for the unit's owner, purchaser or authorized agent to inspect, examine, photocopy and audit. The study must be made available at the business office of the association or some other suitable location within the county where the common-interest community is situated or, if it is situated in more than one county, within one of those counties.

7. A unit's owner or the authorized agent of the unit's owner may request a statement of demand from the association. Not later than 10 days after receipt of a written request from a unit's owner or the authorized agent of the unit's owner for a statement of demand, the association shall furnish a statement of demand to the unit's owner or the authorized agent. The association may charge a fee of not more than $150 to prepare and furnish a statement of demand pursuant to this subsection and an additional fee of not more than $100 to furnish a statement of demand within 3 days after receipt of a written request for a statement of demand. The statement of demand:

(a) Must set forth the amount of the monthly assessment for common expenses and any unpaid obligation of any kind, including, without limitation, management fees, transfer fees, fines, penalties, interest, collection costs, foreclosure fees and attorney's fees currently due from the selling unit's owner; and

(b) Remains effective for the period specified in the statement of demand, which must not be less than 15 business days after the date of delivery by the association to the unit's owner or authorized agent of the unit's owner.

8. If the association becomes aware of an error in a statement of demand furnished pursuant to subsection 7 during the period in which the statement of demand is effective but before the consummation of a resale

for which a resale package was furnished pursuant to subsection 1, the association must deliver a replacement statement of demand to the unit's owner or the authorized agent of the unit's owner who requested the statement of demand. Unless the unit's owner or the authorized agent of the unit's owner who requested the statement of demand receives a replacement statement of demand, the unit's owner or authorized agent may rely upon the accuracy of the information set forth in the statement of demand provided by the association for the resale. Payment of the amount set forth in the statement of demand constitutes full payment of the amount due from the selling unit's owner.

ASSEMBLYWOMAN DIAZ:

Senate Bill 443 clarifies the duties of the Department of Education and the Charter School Authority with regard to the application and authorization process for sponsors of charter schools. The measure adds applications submitted for schools sponsored by a college or university within the Nevada System of Higher Education to existing provisions governing the

submission of applications to the Department by other sponsors. The Department is required to adopt regulations concerning the application and approval process for sponsorship, as well as the procedures it would follow to continue or revoke sponsorship. The regulations also must specify the process the Department must use to conduct a review every three years of the sponsors it has approved.

Further, the measure revises provisions governing the duties of charter school governing bodies. Training duties for charter school governing board members is transferred from the Department to the sponsors of charter schools. Finally, the date by which the annual evaluation report a sponsor must submit to the Department is changed from August 15 to October 1 of each year.

Remarks by Assemblymen Duncan, Carlton, Dondero Loop, Spiegel, Bustamante Adams, and Madam Speaker.

ASSEMBLYMAN DUNCAN:

Senate Bill 448 authorizes a county or district hospital to establish federally qualified health centers or rural health clinics as provided under federal law. It also instructs the Legislative Committee on Health Care to consider and evaluate methods to promote federally qualified health centers [FQHC] and rural health clinics as part of its review of health care during the upcoming legislative interim and to report its findings to the Legislature.

ASSEMBLYWOMAN CARLTON:

If I may inquire on S.B. 448 what the discussion was with the role of the Primary Care Association of the state and the Primary Care Office within the state of Nevada—if there was any discussion with those two entities? This is what I used to do for a living.

ASSEMBLYMAN DUNCAN:

I think I will defer to the Chairman, my esteemed colleague to my left.

ASSEMBLYWOMAN DONDERO LOOP:

I would really like to tell you that I know the answer to this, but unfortunately, I am not even sure I see the floor statement in my book.

ASSEMBLYWOMAN SPIEGEL:

I would appreciate it if my esteemed colleague and roommate could repeat the question because I think I have the answer.

ASSEMBLYWOMAN CARLTON:

Madam Speaker, I apologize, I did not mean it to turn into this. My question was—within the discussions about having our committee work on this issue, were the main players in the state involved—the Primary Care Association of the state and the Primary Care Office, which does a lot of the data collection, deals with the Health Professional Shortage Areas [HPSA], and a number of the technical issues that are involved in establishing an FQHC under Title 330?

ASSEMBLYWOMAN SPIEGEL:

During the hearing—if I recall correctly—we did have a number of folks from the rurals and from all over the state come in and testify and be supportive of doing this study. What this is really doing is authorizing the county or district hospital to establish the FQHCs or rural health clinics, and then the interim committee will be considering and evaluating the various models. Does that answer the question? At least to your satisfaction for now?

ASSEMBLYWOMAN CARLTON:

Thank you, Madam Speaker for recognizing me for the third time. I do have concerns, but I do not want to slow this vote down. I will work on it after the thing leaves the Chamber.

Madam Speaker requested the privilege of the Chair for the purpose of making the following remarks:

This is enabling legislation, and I want to give some direction to the interim committees. We probably do look at those and make sure that all the stakeholders are involved, or next session we might be in the same boat and not have some real answers. I think that is what I am hearing, and I think that the Chair of Health and Human Services would make sure that would happen.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Just wanted to remind some of my colleagues that this was one of those issues that we had talked about in the interim when they came to meet with us about the federally qualified health care centers and it being a barrier for some of our constituents that did not have the opportunity to have those in their communities. For those of you who were in that discussion, this allows them to be able to study it so that we can eliminate those barriers.

Senate Bill No. 456.

Bill read third time.

Remarks by Assemblyman Paul Anderson.

ASSEMBLYMAN PAUL ANDERSON:

Senate Bill 456 authorizes an insurance company to designate certain vehicle storage lots to which vehicles insured by the insurance company must be towed under certain circumstances. A vehicle storage lot must maintain adequate, accessible, and secure storage and comply with all standards a law enforcement agency may adopt pursuant to state law to protect the health, safety, and welfare of the public. A tow car operator who tows a vehicle to a vehicle storage lot is entitled to payment at the time the vehicle is delivered. Additional provisions require law enforcement officers to make a good faith effort to determine the identity of the insurance company that provides coverage for the owner of such a vehicle and to make a good faith effort

to communicate that information to the operator of the tow car before the vehicle is towed. The provisions of this bill only apply to a county whose population is 700,000 or more, currently Clark County.

This bill also expresses the sense of the Legislature that certain provisions of this bill constitute an exercise of the safety regulatory authority of this state with respect to motor vehicles.

The bill will result in substantial safety benefits. By allowing insurers to designate vehicle storage lots, cars will be towed to the most convenient lot, not to the tow car operator's own lot, however far away. This will result in real and substantial safety benefits, as tow cars will travel shorter distances with their towed vehicles. Insurance companies will be able to ensure that their customers' cars are taken to safe, secure storage lots instead of being at the mercy of the operator of the tow car and the operator's own storage lot. This will result in safer access to towed vehicles and enhance security for the vehicle and its contents. This bill, therefore, constitutes an exercise of the safety regulatory authority of the state with respect to motor vehicles within the meaning of federal law.

ASSEMBLYWOMAN FLORES:

Senate Bill 457 proposes revisions to the charters of Carson City, Henderson, Reno, and Sparks. The bill provides that a candidate be voted upon in a primary or general election only by the voters of the ward.

In Reno, the office of the at-large council member is eliminated. The Reno City Council is required to reestablish ward boundaries to create a sixth ward. At the effective date, the bill provides that those elected from wards shall continue to represent those wards for the remainder of the term of office. The at-large council member shall be deemed to represent the sixth ward for the remainder of the term. This bill essentially, in very simple terms, requires that if you are elected in your ward, you represent that ward—that, for example, all of us who run in our districts do not have to then be elected by an entire city, when in reality, we just represent those folks who are living in our districts. It clarifies and it supports the idea that if you are going to vote for someone, that person should be accountable to you because you represent them in that district. My district is very different from a district that is across the city, and in that way, it provides more accountability because I can be more connected to those folks in my neighborhood, as opposed to trying to represent an entire city which is not actually what you do. This bill makes sense and creates more accountability and a bigger responsibility in connection and relationship to those people who actually live in your district.

ASSEMBLYMAN HICKEY:

As a resident of Reno, I rise in strong opposition to Senate Bill 457. The previous sponsor of the bill mentioned this is a ward only, or that it has been characterized as a ward only voting bill. In Reno, where I live, nominees for the City Council are, in fact, nominated and elected in a primary election by voting members of their ward. They then go on to be elected by citizens of

the entire city. When you have a city, decisions that are made by your elected person certainly affect the entire city. I think the biggest reason to oppose this bill is that it is the state superimposing itself over a local community—in the case of Reno and the others as well—and especially because in the most recent election in 2012, voters in Reno overwhelmingly voted against this measure, preferring by a vote of 76 percent to favor the existing system as it is.

One of the other goals of proponents of imposing this system upon residents of my city was the hope that it would create more diversity on the City Council. The fact of the matter is in Reno, there are now six members of the City Council, four of which are women. One is a Hispanic American and the other fellow is an Anglo American. I think we have achieved that goal, but more importantly, it goes against the will of the people. I think the state has no business superimposing itself over a decision that was made by voters, and I urge its disapproval. By the way, this same bill was vetoed by the Governor in the last legislative session.

ASSEMBLYMAN BOBZIEN:

I rise in strong support of Senate Bill 457, also as a Reno resident. I think it is important to note the language of the ballot question read as follows: "Shall the five (5) City Council members representing wards continue to be voted upon by all registered voters of the City in the General Election?" Of course many said yes. Think for a moment if the ballot language had read the following: "Shall the five (5) City Council members representing wards continue to be voted upon by all registered voters of the City in the General Election in a manner that could subject the city to a voting rights challenge?" I think the outcome would have been different.

Madam Speaker, there is a long history on this issue, and I want to thank former Assemblywoman and former State Senator Sheila Leslie for her work on this. Yes, there are ward votes for primaries and there are clear examples of those primary losers that go on and win victoriously once it goes citywide. We have to ask ourselves, would it be—as Assembly members—proper for us to be elected by the entire state? Would we then be representative of our constituents in our district? I think not.

I also take offense to the idea that we have made progress when it comes to diversity on our City Council. We absolutely have, but I would remind the body that Councilman Oscar Delgado—who I believe many would claim to be a symbol for why this change is not needed—is in strong support of this issue of representatives being elected by their wards. I urge passage.

ASSEMBLYMAN WHEELER:

I, too, rise in opposition of Senate Bill 457. While my colleague from District 24 read the question itself verbatim, the one thing that he may have forgotten was the explanation that came with the question. I do not believe the citizens of Reno were bamboozled in any way. The explanation says, "A 'yes' vote would preserve the existing provisions of the City Charter allowing each voter to vote for all Council members in the General Election. A 'no' vote would recommend amendment to the existing provisions of the City Charter to allow each voter to vote for the Council members only in their respective wards in the General Election." To me that is completely clear. I do not believe it is the duty of this body to overturn the will of the voters.

Assemblymen Kirner, Fiore, and Hansen moved the previous question.

The question being the passage of Senate Bill No. 457.

The passage of Senate Bill 468 is required to implement the Water Resources budget as closed by the money committees. ASSEMBLYMAN HANSEN:

Senate Bill 478 requires the Director of the Department of Corrections to obtain a personal guarantee or surety bond and a detailed written analysis from a private employer before entering into any contract with the employer for the employment of offenders. The analysis must cover the estimated impact of the contract on private industry in Nevada.

The measure also provides that if any state-sponsored program for vocational training or employment of offenders which does not include a contract with a private employer incurs a net loss for two consecutive fiscal years, the Director must appear before the Committee on Industrial Programs, explain the reasons for the loss, provide a plan for the generation of profit in the next fiscal year, and if the program does not generate a profit in the third fiscal year, take appropriate steps to resolve the issue.

Senate Bill 478 requires the Director to submit a report to the Committee on Industrial Programs identifying the impacts of any new program for the employment of offenders on private employers and labor, submit any contract related to the employment of offenders to the State Board of Examiners for approval, submit a report every five years to the Director of the Legislative Counsel Bureau for distribution to the Committee on Industrial Programs including an analysis of existing contracts with private employers for the employment of offenders and the potential impact of those contracts on private industry in Nevada, and submit a report to each meeting of the Interim Finance Committee identifying any accounts receivable from a program for the employment of offenders.

Finally, this bill adds a second member representing organized labor to the Committee on Industrial Programs.

The measure also provides that an insurer who provides portable electronics insurance is deemed to have received the payment of a premium when an enrolled customer makes a payment to the vendor. Additionally, S.B. 496 reduces from 15 days to 10 days the period within which an insurer must notify a vendor and an enrolled customer of its intent to terminate coverage after discovering fraud or material misrepresentation by the customer. 2. The bonds and interest coupons, if any, which are part of those bonds do not constitute the debt or indebtedness of the State or any city or county within the meaning of any provision or limitation of the Constitution of the State of Nevada or statutes, and do not constitute or give rise to a pecuniary liability of the State or a charge against its general credit or taxing powers. This limitation must be plainly stated on the face of each bond.

Sec. 10.5. *The faith of the State is hereby pledged that sections 2 to 22, inclusive, of this act will not be repealed, amended or modified to impair any outstanding bonds or any revenues pledged to their payment, or to impair, limit or alter the rights or powers vested in a charter school to acquire, finance, improve and equip a project in any way that would jeopardize the interest of any lessee, purchaser or other obligor, or to limit or alter the rights or powers vested in the Director of the Department of Business and Industry to perform any agreement made with any lessee, purchaser or other obligor, until all bonds have been discharged in full or provisions for their payment and redemption have been fully made.*

Sec. 10.7. *1. Sections 2 to 22, inclusive, of this act, without reference to other statutes of this State, constitute full authority for the exercise of powers granted in those sections, including, without limitation, the authorization and issuance of bonds.*

(f) Require the charter school or proposed charter school to enroll a minimum number of pupils for the continuation of the contract between the charter school or proposed charter school and the contractor or educational management organization;

(g) Require the charter school or proposed charter school to request or borrow money from this State to pay the contractor or educational management organization if the contractor or educational management organization will provide financial management to the charter school or proposed charter school;

The term includes a corporation, business, organization or other entity that directly employs and provides personnel to a charter school or proposed charter school.

Sec. 33. NRS 386.570 is hereby amended to read as follows:

386.570 1. Each pupil who is enrolled in a charter school, including, without limitation, a pupil who is enrolled in a program of special education in a charter school, must be included in the count of pupils in the school district for the purposes of apportionments and allowances from the State Distributive School Account pursuant to NRS 387.121 to 387.126, inclusive, unless the pupil is exempt from compulsory attendance pursuant to NRS 392.070. A charter school is entitled to receive its proportionate share of any other money available from federal, state or local sources that the school or the pupils who are enrolled in the school are eligible to receive. If a charter school receives special education program units directly from this State, the amount of money for special education that the school district pays to the charter school may be reduced proportionately by the amount of money the charter school received from this State for that purpose. The State Board shall prescribe a process which ensures that all charter schools, regardless of the sponsor, have information about all sources of funding for

the public schools provided through the Department, including local funds pursuant to NRS 387.1235.

2. All money received by the charter school from this State or from the board of trustees of a school district must be deposited in an account with a bank, credit union or other financial institution in this State. The governing body of a charter school may negotiate with the board of trustees of the school district and the State Board for additional money to pay for services which the governing body wishes to offer.

3. Upon completion of each school quarter, the Superintendent of Public Instruction shall pay to the sponsor of a charter school one-quarter of the yearly sponsorship fee for the administrative costs associated with sponsorship for that school quarter, which must be deducted from the quarterly apportionment to the charter school made pursuant to NRS 387.124. Except as otherwise provided in subsection 4, the yearly sponsorship fee for the sponsor of a charter school must be in an amount of money not to exceed 2 percent of the total amount of money apportioned to the charter school during the school year pursuant to NRS 387.124.

4. If the governing body of a charter school satisfies the requirements of this subsection, the governing body may submit a request to the sponsor of the charter school for approval of a sponsorship fee in an amount that is less than 2 percent but at least 1 percent of the total amount of money apportioned to the charter school during the school year pursuant to NRS 387.124. The sponsor of the charter school shall approve such a request if the sponsor of the charter school determines that the charter school satisfies the requirements of this subsection. If the sponsor of the charter school approves such a request, the sponsor shall provide notice of the decision to the governing body of the charter school and the Superintendent of Public Instruction. If the sponsor of the charter school denies such a request, the governing body of the charter school may appeal the decision of the sponsor to the Superintendent of Public Instruction. Upon appeal, the sponsor of the charter school and the governing body of the charter school are entitled to present evidence. The decision of the Superintendent of Public Instruction on the appeal is final and is not subject to judicial review. The governing body of a charter school may submit a request for a reduction of the sponsorship fee pursuant to this subsection if:

(a) The charter school satisfies the requirements of subsection 1 of NRS 386.5515; and

(b) There has been a decrease in the duties of the sponsor of the charter school that justifies a decrease in the sponsorship fee.

5. To determine the amount of money for distribution to a charter school in its first year of operation, the count of pupils who are enrolled in the charter school must initially be determined 30 days before the beginning of

the school year of the school district, based on the number of pupils whose applications for enrollment have been approved by the charter school. The count of pupils who are enrolled in the charter school must be revised on the last day of the first school month of the school district in which the charter school is located for the school year, based on the actual number of pupils who are enrolled in the charter school. Pursuant to subsection 5 of NRS 387.124, the governing body of a charter school may request that the apportionments made to the charter school in its first year of operation be paid to the charter school 30 days before the apportionments are otherwise required to be made.

6. If a charter school ceases to operate as a charter school during a school year, the remaining apportionments that would have been made to the charter school pursuant to NRS 387.124 for that year must be paid on a proportionate basis to the school districts where the pupils who were enrolled in the charter school reside.

7. The governing body of a charter school may solicit and accept donations, money, grants, property, loans, personal services or other assistance for purposes relating to education from members of the general public, corporations or agencies. The governing body may comply with applicable federal laws and regulations governing the provision of federal grants for charter schools. The State Public Charter School Authority may assist a charter school that operates exclusively for the enrollment of pupils who receive special education in identifying sources of money that may be available from the Federal Government or this State for the provision of educational programs and services to such pupils.

~~[8. If a charter school uses money received from this State to purchase real property, buildings, equipment or facilities, the governing body of the charter school shall assign a security interest in the property, buildings, equipment and facilities to the State of Nevada.]~~

Sec. 34. NRS 386.575 is hereby amended to read as follows:

386.575 1. If a charter school files a voluntary petition of bankruptcy or is declared bankrupt during a school year, ~~[the governing body of the charter school shall make an assignment of all]~~ ***any*** real property ~~[and]~~ ***or*** other property ~~[of the charter school to the State of Nevada for the repayment of all money received]~~ ***held*** by the charter school ~~[from this state for the operation of the charter school during that year. The governing body shall make full settlement with this state for such repayment, and the State may take any lawful action necessary to recover the money.]~~ ***must be disposed of as provided in NRS 386.536.***

2. If a charter school files a voluntary petition of bankruptcy or is declared bankrupt during a school year, neither the State of Nevada nor the

sponsor of the charter school may be held liable for any claims resulting from the bankruptcy.

Sec. 35. NRS 387.123 is hereby amended to read as follows:

387.123 1. The count of pupils for apportionment purposes includes all pupils who are enrolled in programs of instruction of the school district, including, without limitation, a program of distance education provided by the school district, pupils who reside in the county in which the school district is located and are enrolled in any charter school, including, without limitation, a program of distance education provided by a charter school, and pupils who are enrolled in a university school for profoundly gifted pupils located in the county, for:

(a) Pupils in the kindergarten department.

(b) Pupils in grades 1 to 12, inclusive.

(g) Pupils who are enrolled in classes pursuant to subsection 3 of NRS 392.070.

(h) Pupils who are enrolled in classes and taking courses necessary to receive a high school diploma, excluding those pupils who are included in paragraphs (d), (f) and (g).

2. The State Board shall establish uniform regulations for counting enrollment and calculating the average daily attendance of pupils. In establishing such regulations for the public schools, the State Board:

(a) Shall divide the school year into 10 school months, each containing 20 or fewer school days, or its equivalent for those public schools operating under an alternative schedule authorized pursuant to NRS 388.090.

(b) May divide the pupils in grades 1 to 12, inclusive, into categories composed respectively of those enrolled in elementary schools and those enrolled in secondary schools.

(c) Shall prohibit the counting of any pupil specified in subsection 1 more than once.

3. Except as otherwise provided in subsection 4 and NRS 388.700, the State Board shall establish by regulation the maximum pupil-teacher ratio in each grade, and for each subject matter wherever different subjects are taught in separate classes, for each school district of this State which is consistent with:

(a) The maintenance of an acceptable standard of instruction;

(b) The conditions prevailing in the school district with respect to the number and distribution of pupils in each grade; and

(c) Methods of instruction used, which may include educational television, team teaching or new teaching systems or techniques.

Amendment No. 871.

SUMMARY—Makes various changes to provisions governing public safety. (BDR ~~[43-79)]~~ **35-79)**

AN ACT relating to public safety; ~~[enhancing the penalty for certain traffic violations which occur in school zones or school crossing zones; authorizing certain governing bodies and the Department of Transportation to designate pedestrian safety zones in certain circumstances; providing for enhanced penalties for certain traffic violations in pedestrian safety zones;]~~ revising provisions relating to pedestrians and ~~[crosswalks; providing a penalty;]~~ **traffic safety;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, ~~[a driver who is convicted of a violation of a speed limit or of certain other traffic violations is subject to a doubling of the penalty if the violation occurs in a highway construction zone when workers are present. (NRS 484B.130) Existing law also provides that certain maximum speeds are in effect in school zones and school crossing zones at certain times. (NRS 484B.363) Sections 2 and 24 of this bill provide that a driver is subject to a doubling of the penalty for a violation of a speed limit or of certain other traffic violations if the violation occurs in a school zone or a school crossing zone at a time when the statutory speed limits for such zones are in effect. Section 24 also makes it unlawful for a driver to make a U-turn or pass another vehicle in a school zone or a school crossing zone when the school speed limit is in effect. Finally, section 24 requires that the sign posted to mark the beginning of each school zone and school crossing zone newly include a designation that fines may be higher when the speed limit is in effect.]~~ **the Department of Transportation is required to develop an educational program concerning bicycle and pedestrian safety. The program must be designed to inform bicyclists and pedestrians of applicable traffic laws and encourage observance of those laws, and to promote bicycle and pedestrian safety. (NRS 408.571)**

Section 1 of this bill ~~[authorizes the governing body of a local government or the Department of Transportation to designate pedestrian safety zones on a highway if certain findings are made. Section 1 also provides that a person who is convicted of a violation of a speed limit or of certain other violations is subject to a doubling of the penalty if the violation occurs in a pedestrian~~

~~safety zone. Sections 3-13, 17, 18, 20-22, 25-28 and 30-32 of this bill make conforming changes to indicate the possibility of the enhanced penalty.~~

~~— Existing law requires the driver of a vehicle to yield the right-of-way to a pedestrian in a crosswalk under certain circumstances when the pedestrian is on the half of the highway upon which the vehicle is traveling, and when a pedestrian is lawfully in a crosswalk or intersection that is controlled by traffic lights. (NRS 484B.283, 484B.307) Section 15 of this bill requires a driver to stop for such a pedestrian, specifies that the requirement applies to both marked and unmarked crosswalks, expands the requirement to when a pedestrian is within one lane of the half of the highway upon which the vehicle is traveling and defines the term "half of the highway" to mean the entire width of all the traffic lanes which convey traffic in the same direction, including any paved shoulder. Section 19 of this bill requires a driver to stop for a pedestrian who is lawfully in a crosswalk or an intersection that is controlled by traffic lights.~~

~~— Existing law requires a pedestrian to yield the right of way to vehicles when the pedestrian is crossing a highway outside of a marked or unmarked crosswalk, and when crossing a highway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided. Existing law also prohibits a pedestrian from crossing a highway outside of a marked crosswalk when the pedestrian is between adjacent intersections at which traffic control devices are in operation. (NRS 484B.287) Section 16 of this bill eliminates the requirement for a pedestrian to yield the right-of-way to vehicles when crossing where a pedestrian tunnel or overhead pedestrian crossing has been provided. Section 16 also requires a pedestrian to cross a highway at a right angle to the edge of the highway or, when a right angle is not possible or practicable, by the shortest route to the opposite side.~~ **requires any such program to also inform the traveling public of applicable traffic laws and encourage observance of those laws, and to promote traffic safety in school zones.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Delete existing sections 1 through 32 of this bill and replace with the following new section:

Section 1. **NRS 408.571 is hereby amended to read as follows:**

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Senate Bill 49 makes major changes to reporting requirements for candidates and clarifies and improves financial disclosure laws for public officers and those candidates. The bill adds new reporting requirements including ending fund balances, filing five new reports, one report covering the period after a general election through the end of the year and four new reports in non-election years. It adds new reports for contributions over $2,000 during early voting. The bill adds detailed definitions for what is a restricted donor and item of value, and clarifies other definitions related to financial disclosure reports. The bill prohibits the public officer or candidate from accepting items of value from a restricted donor, and it spells out the limited list of items of value that may be accepted, almost all of which must be reported when that value exceeds $200. If a candidate or public officer accepts tickets to a sporting event or other type of entertainment, anything of a value greater than $50 must be reported. The items exempt from reporting are ones involving items from restricted donors who are family members, providing food and beverage in a very limited circumstance, and items provided to everyone by a restricted donor at an event such as a conference.

The Secretary of State is authorized to seek injunctive relief, and, in addition to civil penalties, must file financial disclosure actions in the county in which the defendant resides. Finally, S.B. 49 makes changes to the legislative lobbying laws to conform them to the new financial disclosure provisions.

I just want to briefly talk about some of the very positive aspects of this law in terms of new and greater transparency. As I mentioned earlier, the bill does add five new reports for candidates plus additional reporting during early voting for large contributions. This is in addition to the reports that this Legislature added during the 2011 Session. Under current law, food, beverages, and entertainment given to legislators are not considered gifts or items of value, and the bill's exemptions from reporting these are very narrow. The current lack of definitions in our statutes for "donor or gift" has led to inconsistent and spotty reporting. The specificity in S.B. 49 will go a long way towards standardizing, and improving financial disclosure at all levels of government. Last but not least Madam Speaker, I direct your attention to section 32 of S.B. 49, which makes it very clear that the financial disclosure laws do not allow unfettered gift giving. Public officers and candidates are still prohibited from accepting items of value that would tend to improperly influence their action.

In summary, this bill is a big step in the right direction and will result in more reporting and transparency than we have today. I urge this body's support.

Senate Bill No. 311.

Bill read third time.

Remarks by Assemblymen Fiore and Kirner.

ASSEMBLYWOMAN FIORE:

Senate Bill 311 requires school districts to identify schools rated as underperforming that are eligible for conversion into empowerment schools. Underperforming empowerment schools may later be converted into charter schools. The measure defines an "underperforming school" as one that has received the lowest possible rating by the state Department of Education under its accountability provisions.

Parents or legal guardians of pupils at an underperforming school must petition the school board to form an advisory team to review achievement data and other factors and make recommendations.

Following certain procedures required of the advisory team, the measure provides that the school may be converted into an empowerment school if 55 percent or more of the parents or guardians of pupils enrolled in the school submit a petition for conversion.

Should parents later wish to convert an empowerment school into a charter school, the same petition, notification, and procedural requirements apply. If a school continues to be rated as underperforming for three consecutive years following its conversion to a charter school, the school's charter may be revoked by its sponsor. Such schools would become public schools the year following revocation.

Finally, parents and guardians are authorized to petition for a reversal of any conversion using the same signature threshold and process requirements of the original petition to convert.

ASSEMBLYMAN KIRNER:

I rise in opposition to this. As I look at this bill, I think it presents a conflict for us. While generally I support the idea of a parent trigger, I am concerned with the fact that after the empowerment part of it, it moves to a charter school. We have in legislation systematically excluded public school property from being part of a charter school. So I see a conflict here, and for that reason I am going to be opposing the bill.

Senate Bill No. 107.

Bill read third time.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Senate Bill 107 authorizes a state, local, or regional facility for the detention of children to subject a child to corrective room restriction only if other less restrictive options have been exhausted and only for specific purposes. The facility must conduct a safety check on a child subjected to corrective room restriction at least once every ten minutes, and may not place a child on corrective room restriction for more than 72 consecutive hours.

There was much testimony at the hearing in your Judiciary Committee about the effect that solitary confinement in a detention facility can have on a child, and I think this bill is a big step forward in trying to make sure that when children are in these facilities, we are looking out for their long-term future. I urge your support.

ASSEMBLYMAN HARDY:

Senate Bill 210 directs the Nevada Transportation Authority [NTA] to issue permits to drivers operating in industries under its authority. Provisions of the bill require a driver to submit fingerprints for the purpose of a criminal background check. To qualify for the permit, a driver is required to hold a valid commercial driver's license and provide proof of employment or a letter of intent by a certificated carrier. Additional provisions authorize the NTA to refuse a driver's permit if the applicant has been convicted of a felony in the previous five years, or a felony involving a sexual offense at any time before the date of the application. The NTA may also deny an application if a driver has been convicted of driving under the influence in the immediate three-year period. The NTA will establish a fingerprint processing fee, which is to be paid by the applicant.

Senate Bill No. 220.

Bill read third time.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Senate Bill 220 revises provisions relating to the disclosure of certain information by certain licensing boards. It provides for the filling of anonymous complaints concerning certain professions with the appropriate board; requires each of the various licensing boards to forward to the appropriate law enforcement agency any substantiated information submitted to the board concerning unlicensed activity; revises existing criminal penalties for physicians, osteopathic physicians, nurses, and pharmacists; and authorizes various licensing boards to impose administrative fines against, issue citations to, and issue and serve orders to cease and desist on persons who engage in the unlicensed practice of certain professions.

The bill requires the Board of Medical Examiners to adopt regulations governing the possession and administration of Botox by a medical assistant or any other person. In addition, the State Board of Cosmetology and the Board of Examiners for Long-Term Care Administrators are required to refer complaints concerning matters within the jurisdiction of certain other licensing boards to the other licensing boards. Senate Bill 220 also requires that the Board of Cosmetology take reasonable actions to enable schools of cosmetology to receive

federal financial assistance for their students. Before issuing a license to a school of cosmetology, the Board must determine whether the proposed school admits as regular students only persons who have received a certificate of graduation from high school or the recognized equivalent of such a certificate or who are beyond the age of compulsory school attendance. Finally, the bill specifies certain information that must be contained on the license issued by the Board.

Provisions requiring the Board of Cosmetology to take reasonable actions to enable schools of cosmetology to receive federal financial assistance for their students and provisions concerning the issuance of licenses for schools of cosmetology are effective upon passage and approval. Other provisions of this bill are effective on October 1, 2013.

In working on this bill, a number of things have been addressed, and I congratulate my colleagues that have done a lot of work on this. But unfortunately, I cannot stand here in support of this bill. There is a component within this bill that would let unlicensed personnel give injections. I have concerns about that, and I apologize for not being more clear about that earlier. But this bill does have important components, so I look forward to this bill being further discussed between the two houses one day very soon.

Dear Heavenly Creator,

We come before You as vessels, thanking You and praising You for our state and our great nation. We thank You for the plan You gave to our forefathers by which to govern our nation and for the division of powers so that our destiny does not rest in the hands of one person.

In praying for those in authority, we therefore lift up the Assembly members and our Senators to you. We pray that by Your Holy Power, our legislative bodies would make laws that are just.

Father, I ask You to give them wisdom to make decisions that would strengthen and prosper Nevada. I desire that they would make right decisions concerning the politics, the social welfare, and the economics of our state.

I pray that they will be motivated by Your Hand and not their own personal concerns.

SECOND READING AND AMENDMENT

Assembly Bill No. 464.

Bill read second time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 798.

AN ACT relating to the tax on special fuel; authorizing the Department of Motor Vehicles to establish by regulation and collect a fee from certain licensed special fuel users for the issuance of the identifying device required by the International Fuel Tax Agreement; **revising provisions relating to the rate of interest to be paid by a special fuel user who fails timely to file a tax return or pay any excise tax;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Department of Motor Vehicles is a party to the International Fuel Tax Agreement, a multistate agreement which facilitates the calculation and collection of certain fuel taxes from interstate trucking companies and others who use special fuel (primarily diesel fuel) in vehicles operated or intended to operate interstate. (NRS 366.175) Under the Agreement, the state in which such vehicles are based for the purposes of vehicle registration is required annually to issue certain decals for display on each such vehicle. While the vehicle is being operated in Nevada, a licensed special fuel user is required to

display the decals, termed an "identifying device" by the Nevada statute, on the exterior of the vehicle. (NRS 366.265)

~~[This]~~ **Section 1 of this** bill authorizes the Department to establish by regulation a fee for the issuance of such an identifying device, in an amount not to exceed the estimated administrative costs of issuing the device. If the Department establishes the fee and issues such a device to a special fuel user whose vehicles are based in Nevada, this bill requires the Department to charge and collect the fee from the special fuel user.

Section 1.5 of this bill revises the rate of interest to be paid by a special fuel user who fails to file a tax return or pay any excise tax by the date due from 1 percent per month to the rate established by the Department in accordance with the provisions of the International Fuel Tax Agreement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 366.265 is hereby amended to read as follows:

366.265 ***1.*** A special fuel user who is required to hold a special fuel user's license pursuant to the provisions of this chapter shall:

~~[1.]~~ ***(a)*** If the special fuel user uses special fuel in a motor vehicle that is operated or intended to operate interstate:

~~[(a)]~~ ***(1)*** Obtain an identifying device issued pursuant to a cooperative agreement entered into pursuant to NRS 366.175; and

~~[(b)]~~ ***(2)*** Conspicuously display that identifying device on the exterior of the motor vehicle in such location as is required pursuant to the cooperative agreement.

~~[2.]~~ ***(b)*** At any time the special fuel user is using special fuel in this State, ensure that his or her license, or a reproduction of the license that is authorized by the Department, is located in the motor vehicle.

2. The Department may establish by regulation a fee for the issuance of the identifying device described in subsection 1, in an amount not to exceed the estimated administrative costs of issuing the device. If the Department establishes the fee and issues such a device to a special fuel user, it shall charge and collect the fee from the special fuel user.

Sec. 1.5. **NRS 366.395 is hereby amended to read as follows:**

366.395 1. Any special fuel user who fails to file a tax return or pay any excise tax by the date due shall pay, in addition to any tax that may be due, a delinquent filing fee of $50 and a penalty of 10 percent of the amount of tax owed, plus interest on the amount of any tax that may be due at ~~[the]~~ ***a*** rate ~~[of 1 percent per month or fraction thereof,]~~ ***established by the Department in accordance with the provisions of a cooperative agreement***

entered into pursuant to NRS 366.175, from the date the tax was due until the date of payment.

2. A tax return, statement or payment is considered delinquent if it is not received by the Department on or before the date the tax return, statement or payment is due, as prescribed by the provisions of this chapter.

3. A tax return, statement or payment shall be deemed received on the date shown by the cancellation mark stamped by the United States Postal Service or the postal service of any country upon an envelope containing the tax return, statement or payment.

Sec. 2. This act becomes effective on July 1, 2013.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 802.

AN ACT relating to public affairs; requiring that document preparation services be registered with the Secretary of State; establishing qualifications for registration; requiring the filing of a bond; regulating the business practices of document preparation services; authorizing disciplinary action and other remedies in specified circumstances; ~~[establishing fees;]~~ providing civil and criminal penalties; **making an appropriation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a person who is not an active member of the State Bar of Nevada or otherwise authorized to practice law in this State from engaging in the practice of law. (NRS 7.285) However, so long as he or she does not engage in the practice of law, there is currently no statutory provision governing a person who provides assistance in a legal matter, for compensation, to another person who is acting without the assistance of an attorney. This bill generally provides that any person engaged in the business of providing such assistance (a "document preparation service") must register with the Secretary of State and comply with various additional requirements set forth in this bill.

Section 4 of this bill defines a "document preparation service" as any person who, for compensation and at the direction of a client, provides

assistance to the client in a legal matter, including, without limitation, preparing or completing a pleading or other document for the client or securing supporting documents. **Section 4** excludes from this definition, among others: (1) an attorney authorized to practice law in this State, or an employee of such an attorney who is paid directly by the attorney or law firm with whom the attorney is associated and who is acting in the course and scope of that employment; (2) a governmental entity or an employee of such an entity; (3) a nonprofit, tax-exempt organization which provides legal services to persons free of charge; (4) certain legal aid offices and lawyer referral services; (5) a person who provides certain services regulated by federal law; (6) a corporation or other entity representing or acting for itself through an officer or employee, or any such officer or employee; (7) a commercial wedding chapel; ~~[and]~~ (8) a person who provides legal forms or computer programs that enable another person to create legal documents ~~[.]~~ **; and (9) a commercial registered agent.**

Section 5 of this bill broadly defines "legal matter" to mean the preparation of any will or trust, any immigration or citizenship proceeding, or any other proceeding, filing or action affecting the legal rights, duties, obligations or liabilities of a person.

Sections 7 and 8 of this bill provide that any person wishing to engage in the business of a document preparation service must register with the Secretary of State and renew that registration annually. **Section 7** establishes certain qualifications for registration ~~[,]~~ **and** provides for the disqualification of any person who has been convicted of certain criminal offenses or has been adjudged to have engaged in certain kinds of misconduct **.** ~~[, and requires that an applicant for registration undergo a check of his or her criminal history.]~~

Section 9 of this bill requires a document preparation service to file and maintain with the Secretary of State a cash bond or surety bond, to provide a means of indemnifying a client or other person for damage caused by fraud, incompetency or certain other misconduct, or providing payment to the Secretary of State for any civil penalty or award of attorney's fees or costs made against the document preparation service.

Sections 12-15 of this bill impose various requirements relating to advertising and the establishment of the relationship between a document preparation service and a client. **Section 13.5** requires: (1) a registrant required to obtain a state business license to obtain and maintain a state business license; and (2) each registrant to conspicuously display at the registrant's place of business a copy of any state and local business license issued to the registrant or the registrant's employer. **Section 15** provides that: (1) there must be a written contract between the client and the document

preparation service; and (2) the contract must contain certain terms and disclosures.

Sections 16-20 of this bill set forth various required and prohibited practices applicable to a document preparation service. **Section 17** provides for the return to the client of any original documents provided by the client. **Section 18** requires the release of a client's file to any law enforcement agency on demand, with the authorization of the client. **Section 19** imposes certain requirements relating to payments made by a client for services rendered by a document preparation service.

Section 21 of this bill authorizes the Secretary of State to adopt regulations to carry out the provisions of this bill, and also requires the Secretary of State to take certain actions to facilitate the submission of complaints relating to a document preparation service.

Section 22 of this bill authorizes the Secretary of State to investigate any suspected violation of the provisions of the bill. If a violation is found, the Secretary of State may: (1) issue a cease-and-desist order; (2) initiate disciplinary proceedings; (3) refer the matter to the Attorney General or a district attorney for the commencement of a civil action or criminal prosecution; or (4) take any combination of these actions. Pursuant to **section 25** of this bill, a willful violation of any of the provisions of this bill, or of a regulation or order of the Secretary of State, is a misdemeanor except that a second or subsequent offense occurring within 5 years is a gross misdemeanor. In addition, **section 26** of this bill provides a private right of action to any person who suffers a pecuniary loss as the result of a violation.

Section 28 of this bill makes an appropriation to the Office of the Secretary of State for certain purposes relating to carrying out the provisions of this bill.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
