ASSEMBLYMAN O'NEILL:

Senate Bill 176 repeals provisions authorizing a sheriff to issue a permit for the manufacture or sale of switchblade knives. The bill also removes integrated belt buckles and switchblade knives from the list of weapons that may not legally be manufactured, imported, sold, given, lent, or possessed in Nevada. Additionally, Senate Bill 176 removes dirks, daggers, and integrated belt buckle knives from the list of weapons that may not be carried in a concealed manner without a permit.

The bill also adds pneumatic guns, such as certain pellet guns and paintball guns, to the list of weapons that are prohibited on the property of the Nevada System of Higher Education, a public or private school, a child care facility, or in a vehicle of a school or child care facility. Finally, the bill prohibits carrying a concealed pneumatic gun.

ASSEMBLYMAN O'NEILL:

Senate Bill 192 provides that sexual conduct between certain employees of a school or volunteers at a school and a pupil or sexual conduct between certain employees of a college or university and a student constitute sex offenses. A person guilty of such an offense is required to register as a sex offender and is subject to certain conditions regarding parole and probation; is required to undergo a psychosexual evaluation as part of a presentence investigation; is required to undergo lifetime supervision; is prohibited from having his or her records sealed; and is guilty of a category C felony for engaging in sexual conduct with a person 16 years of age or older who has not received a high school diploma, a general educational development certificate, or equivalent document and who is enrolled in or attending the school, college, or university at which the person is employed or volunteering. The bill adds these offenses to the list of those for which the Department of Corrections must conduct a risk to reoffend assessment, which the State Board of Parole Commissioners must take into account before granting or revoking parole. Finally, the bill clarifies that these provisions must not be construed to apply to sexual conduct between two students.

Senate Bill 197 prohibits the filing, registering, or recording of a fraudulent lien or other encumbrance against the property of a public officer, candidate for public office, mediator, public employee, or participant in an official proceeding or a member of the person's immediate family and provides that any such lien filed against the real or personal property of any of the persons listed above is invalid.

A person committing such a crime is guilty of a category B felony, with enhanced penalties for a second or subsequent offense or for an offense that constitutes part of a pattern of such offenses. A victim may also bring civil action against the perpetrator for damages suffered, attorney fees, and costs.

Senate Bill No. 240.

Remarks by Assemblymen Nelson, Elliot Anderson, and Benitez-Thompson.

ASSEMBLYMAN NELSON:

Senate Bill 240 imposes a time limit of five business days for a court to transmit to the Central Repository for Nevada Records of Criminal History an order, judgment, plea, or verdict concerning the involuntary admission to a mental health facility, the appointment of a guardian for a person with a mental defect, a finding that a person is incompetent to stand trial, a verdict acquitting a defendant by reason of insanity, or a plea or finding of guilty but mentally ill.

The bill also requires criminal justice agencies to submit information relating to records of criminal history within 60 days after conviction and authorizes the Central Repository to take reasonable steps to ensure the information reported in the record is included in the National Crime Information Center database maintained by the Federal Bureau of Investigation. The measure also adds to the definition of persons prohibited from possessing a firearm those who have entered a plea of guilty but mentally ill, been found guilty but mentally ill, or been acquitted by reason of insanity.

If a patient communicates a threat of imminent serious physical harm or death to a mental health professional and the mental health professional believes that the patient has the intent and ability to carry out the threat, the mental health professional must apply for the emergency admission of the patient to a mental health facility or make a reasonable effort to notify the person who was threatened and the closest law enforcement agency or, if the patient is a minor, a parent or guardian.

Lastly, this bill provides that an ordinance or regulation that is inconsistent with the Legislature's rights and powers is null and void and must be repealed. A person who is adversely affected by such an ordinance or regulation, on or after the effective date of this bill, may file suit in the appropriate court for declarative and injunctive relief and damages.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition Senate Bill 240. I voted for this in committee, but there is a conceptual amendment which I do not like. We can reserve our right to change our vote. The reason I am changing is because I do not think it is appropriate to allow an organization to sue the county for damages when injunctive relief would be much more appropriate if there is an ordinance that is affecting people in the state. In addition, it would be much more appropriate for the Attorney General to sue the local governments to enjoin enforcement of an ordinance in violation of our law. I have never seen allowing an outside organization to sue for damages based upon an ordinance before. I think it is a big expansion that I am not comfortable with. For those reasons, I urge this measure to be defeated.

ASSEMBLYWOMAN BENITEZ-THOMPSON:

I rise in opposition to Senate Bill 240 specifically because it is in contrast with another bill that we passed in Health and Human Services in which we wanted to maintain very good public policy around who would be able to commit a person to be held against their will for 72 hours. We said it should only be people who are licensed in this state and who are familiar with our L2K [Legal 2000] practices. This bill allows for professions outside of the state, if they are in the state, to

initiate that process. That is in section 19. That absolutely should not be allowed. It is also adding drug and alcohol counselors to that list of people who can commit. Once again, we have had some pretty healthy public policy conversations about who can begin this process and do an involuntary hold. Once again, I think there has been the thought that expanding that scope is not the direction we want to go as a body. In particular, drug and alcohol counselors who do not have the ability to initiate a legal hold should not, without really good conversation, be given that ability.

Remarks by Assemblywoman Kirkpatrick.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of Senate Bill 241, which makes various changes relating to collective bargaining. Among them, it excludes a school administrator whose annual salary, adjusted for inflation, is greater than $120,000 from membership in any bargaining unit; authorizes, under certain circumstances, a local government employer to provide paid leave to an employee for time spent in providing services to an employee organization; reduces from 180 days to 45 days the amount of time within which the Local Government Employee-Management Relations Board must conduct a hearing relating to certain complaints; and provides that a collective bargaining agreement between a local government employer and a recognized employee organization expires for certain purposes at the end of the term stated in the agreement. It also provides that upon the end of the term stated in a collective bargaining agreement and until a successor agreement becomes effective, a local government employer shall not, with limited exceptions, increase any compensation or monetary benefits paid to or on behalf of employees in the affected bargaining unit. It also revises various provisions relating to negotiations between a school district and an employee organization representing teachers or educational support personnel and provides that a principal is employed at will during the first three years of employment by a school district.

I rise in support of this bill because here, once again, our public employees are at the table because we, the Legislature, believe there is a problem. I think these are reasonable changes. This prevents us from having to have any other bills to address financial emergencies because it says right here that you now have to bargain within a shorter time frame. This says that you are employed at will and you have to have the reforms that everyone in this building is talking about. I would encourage this body to support this because when we make reasonable reforms, we start at the beginning of session talking amongst folks, talking to workers. We can make reforms that will make a difference. I believe in this body, and I encourage support.

Senate Bill No. 245.

Bill read third time.

Remarks by Assemblymen Nelson, Elliot Anderson, Jones, Ohrenschall, Seaman, and O'Neill.

ASSEMBLYMAN NELSON:

Senate Bill 245 increases from 15 years to 20 years the maximum term of imprisonment for a person who leaves the scene of an accident that results in bodily injury to or the death of a person. A person charged with a hit-and-run is not eligible for probation and may be charged with multiple counts if more than one person involved in the accident is injured or dies. Finally, a person charged under the driving under the influence statute and any of the three statutes that impose a duty to stop at the scene of an accident may not use as an affirmative defense that the reason the person's blood alcohol level exceeded the legal level was because he or she consumed alcohol after the incident. This bill is effective on October 1, 2015.

This bill removes the incentive to drive away from an accident if you caused it so that you can wait long enough for the blood alcohol to dissipate.

ASSEMBLYMAN ELLIOT ANDERSON:

Regretfully, I rise in opposition to Senate Bill 245. This is a very well-meaning bill. The intent is shared by many, but logically it is not intellectually consistent. The whole premise of the bill is that the district attorney cannot prove the next day that people have been driving while intoxicated. How do we know that everyone who leaves the scene of an accident is DUI [driving under the influence] and should be punished with the DUI penalty? That is my first issue with the bill.

Second, it does not define what bodily injury is. The way I read this, it is any injury. If you got whiplash, you could also be included. Furthermore, we saw some amendments in your Committee on Judiciary to tighten this up a bit. What we suggested is if you have had one DUI within the past seven years, then this new penalty would apply. Right now, it does not just apply to people who leave the scene of an accident and who are drunk—it applies to anyone. If you are a scared 17-year-old kid and you hit someone and you leave, it would apply to you as well. A kid that makes a mistake is not guilty of a DUI and should not be punished that way.

In addition, the penalty is already a category B felony under the current law. What we are really doing is taking away the discretion of the judge for situations that we cannot possibly contemplate. It is not appropriate for us to invade the province of the court when we cannot possibly consider every single situation that could happen down the line. This bill is too broad and should either be amended or defeated.

ASSEMBLYMAN JONES:

I rise in support of this bill. As a matter of public policy, we cannot encourage people to do the wrong thing. This is a loophole where people can leave the scene of an accident after bodily injuries occurred and they are incentivized to do the wrong thing. With this bill, people will be incentivized to do the right thing, which is to stay at the scene of an accident. We are well aware of instances where flagmen have been hit and killed on the side of the road while they are doing their duty for the state and the driver just drives off. Of course, when you wait until the next day, the alcohol is out of your system and you cannot be held liable. If you are required to stay at the scene of the accident—now crash instead of accident—then you will do the right thing because you know the consequence is worse to not do the right thing.

ASSEMBLYMAN OHRENSCHALL:

I rise in reluctant opposition to S.B. 245. I agree with my colleague from Assembly District 15: this is a well-meaning bill. There were some amendments discussed in the Committee on Judiciary which could have led to my support. I could have supported increasing the category B felony to a 2 to 20. I could have supported keeping the non-probation ability of the offense for people who had at least one prior DUI in the last ten years so that we would know if this person had driven under the influence before.

I want to talk about the current law. The current law imposes a category B felony for leaving the scene of an accident where there is bodily harm. It does not say substantial bodily harm, just

any kind of bodily harm. As my colleague from southern Nevada pointed out, that could be whiplash. It does not mean something that sends someone in for surgery. The current penalty for a category B felony is a 1 to 15. Category B felonies are reserved for some of our most violent crimes: robbery, battery, substantial bodily harm. The only difference is that now a district court judge at sentencing would be able to read the presentence investigation report and find out the kind of history the person has had. Have they been in trouble with the law before? Have they not been in trouble? They can decide if they are going to give the person a chance at probation and see how they do with the threat of prison hanging over their head or if they are going to send them straight to prison.

This bill will tie our judges' hands at sentencing. There will not be any discretion for the judge to read a presentence investigation report and decide whether this person deserves to go to prison or to get probation. Under this bill, they are mandatorily going to have to serve 24 months at the Nevada Department of Corrections. Here are some examples of how this bill might work. You might have an 18-year-old who gets into an accident, freaks out, has some kind of panic attack, drives down the street to the 7-Eleven, and calls their parents. The parents say to go back. Even though they go back within the hour or half hour, they could be charged with this category B felony. The district judge's hands would be tied and that young person, who returned to the scene to turn themselves in, would be subject to a mandatory 24 months at one of our Nevada Department of Corrections facilities.

I think we have learned through the last several decades that taking discretion away from our judges is a poor, poor choice. We elect our judges in Nevada and we have a fine judiciary. They know when to send someone to prison and when to give them probation with the threat of prison hanging over their head. I urge this measure's defeat.

ASSEMBLYMAN SEAMAN:

I rise in support of Senate Bill 245. I want to answer the question of my colleague in District 15. You are right. We do not know if they have a DUI, but if they would stay and be accountable, we would know. I do not know when we stopped thinking about the accountability of someone who leaves the scene of an accident, but as a victim of a hit-and-run, I know how traumatizing the experience can be. The accident is bad enough and then you are left wanting justice. To the extent that we can end hit-and-runs, we should. I will be voting yes for this important bill and I encourage all of you to do the same.

ASSEMBLYMAN O'NEILL:

Although I was not able to give the introduction to this bill, I stand in support. I want to respectfully submit this to the Assembly. I find it rather interesting that two attorneys from the opposing party stand before you and talk about how we should give a "get home free" card, that the person first has to be convicted of one crime before they can be held accountable for another crime. Show me one other crime where that has ever occurred. Period. It is ridiculous to me.

Second, we talk about how the judge is held binding. What they forget to tell us all is that first the district attorney's office has to prove beyond a reasonable doubt that the person who was charged with this crime was found guilty. Then the judge administers the punishment. Ninety-plus percent of all crimes in this state are actually pled out. Just because the person is charged does not mean that is what they are going to be found guilty of.

This is a reasonable charge. The person has caused injury, damage to another human being, and left the scene. If they come back within 30 minutes, there will be prime evidence, reasonable evidence, whether they were or were not intoxicated. Leaving the scene and coming back the next day allows them to be arrested and to be held accountable and that is what I think we are here for. That is what we are trying to do: hold people accountable for their actions and not make excuses for them. I stand in support and ask the rest of you to stand in support of this bill.

GENERAL FILE AND THIRD READING

Senate Bill No. 306.

Bill read third time.

Remarks by Assemblymen Trowbridge and Elliot Anderson.

ASSEMBLYMAN TROWBRIDGE:

Senate Bill 306 allows collection costs to be included within the scope of a unit-owners' association's super-priority lien but limits allowable collection costs. The bill also clarifies that if a subordinate lienholder makes a payment to an association, the payment becomes a debt owed by the unit owner to the lienholder. A notice of default and election to sell must include an itemized statement of the amounts due that must be mailed to each holder of a recorded security interest. An association is required to record an affidavit containing the name and address of each security

holder to whom the notice of default was mailed, and notices must be sent by certified or registered mail to each holder of a recorded security interest. This bill is effective on October 1, 2015.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in support of Senate Bill 306. This is an important step forward for the super-priority issue. It is not perfect, but very few things in the Nevada Legislature are. I urge the body to support this measure because it will bring some important protections in the super-priority realm.

If increased annual salaries are paid in a subsequent fiscal year:

Sec. 3. This act becomes effective on July 1, 2015.

Assemblyman Ellison moved the adoption of the amendment.

Remarks by Assemblyman Ellison.

ASSEMBLYMAN ELLISON:

The amendment gives the county board of commissioners the option not to approve the salary increases for elected officials if the board determines that there are insufficient financial resources available to pay for these increases. A lot of us came together and worked very hard to try and get this bill amended to where it will work for everybody, and I think we have done that. I am pretty happy that we did get this amendment.

Amendment adopted.

Amendment No. 853.

SUMMARY—Enacts provisions ~~[governing the liability of owners, lessees or occupants of any premises for injuries to trespassers.]~~ **relating to civil liability for certain acts.** (BDR 3-939)

AN ACT relating to actions concerning persons; enacting certain limitations of liability for owners, lessees or occupants of any premises for injuries to trespassers; providing immunity from certain civil actions for certain persons in connection with the display of public art; **providing that a person who jumps or otherwise removes himself or herself, by parachute or by other airborne means, from a fixed structure owned by another person or who takes certain actions to assist another person in doing so is deemed a trespasser for the purposes of certain provisions relating to trespassers; providing a penalty;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Traditionally, at common law, the duty of care that an owner or other lawful occupant of real property owed to a person entering onto the property was determined by the person's status as an invitee, a licensee or a trespasser. Thus, an owner or occupant of real property had a duty to exercise ordinary care and prudence to render the property reasonably safe for the visit of an invitee or to warn the invitee of certain dangerous or unsafe conditions on the property. An owner or occupant of real property who failed to exercise due care was subject to civil liability for any harm to an invitee caused by that failure. (*Galloway v. McDonalds Restaurants of Nevada, Inc.*, 102 Nev. 534, 537 (1986)) In contrast, an owner or occupant of real property had no duty to a mere trespasser except to not wantonly or willfully injure the trespasser and to exercise due care to prevent injury to the trespasser after the owner or occupant discovered

the trespasser's presence in a place of danger on the property. (*Crosman v. Southern Pac. Co.*, 44 Nev. 286, 300 (1921)) In 1994, however, the Nevada Supreme Court abandoned the principle of basing the liability of an owner or occupant of real property on the status of the person injured on the property. The Court adopted instead the principle that the owner or occupier of real property should be held to the general duty of reasonable care whenever another person is injured on that property and that determinations of liability should primarily depend on whether the owner or occupier acted reasonably under the circumstances. (*Moody v. Manny's Auto Repair*, 110 Nev. 320, 333 (1994))

Section 2 of this bill adopts the principle for determining the duty of care owed by an owner, lessee or occupant of any premises to a trespasser as it was at common law. **Section 2** also codifies in statute what is commonly known as the "attractive nuisance doctrine." This doctrine imposes a higher standard of care on an owner, lessee or occupant toward a trespassing child who is injured by an artificial condition on the premises if: (1) the owner, lessee or occupant knows or reasonably should know that the condition is likely to attract children and involves an unreasonable risk of death or serious bodily injury; (2) the child is unlikely to appreciate the dangerousness of the condition because of his or her age; (3) the utility of maintaining the condition and eliminating the danger are slight as compared to the risk to the child; and (4) the owner, lessee or occupant fails to exercise reasonable care to eliminate the danger or to otherwise protect the trespassing child.

Section 3 of this bill provides that, subject to certain conditions, a person who creates, sponsors, owns or produces public art or who owns, leases or occupies any estate or interest in any premises where such art is displayed is not liable for the death or injury of a person or for damage to property caused or sustained by a person who: (1) defaces or destroys, or attempts to deface or destroy, public art; (2) uses the public art in an unintended manner; or (3) fails to heed certain posted warnings or instructions concerning the public art. **Section 3** also defines "public art" for such purposes.

Section 3.5 of this bill: (1) provides that a person who jumps or otherwise removes himself or herself, by parachute or by other airborne means, from a fixed structure owned by another person or a person who knowingly delivers or retrieves another person who intends to commit, is committing or has committed such an act is deemed a trespasser for the purposes of section 2 of this bill; and (2) provides that a person who violates a provision of section 3.5 is guilty of a category E felony.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 41 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

Sec. 2. ***1. Except as otherwise provided in this section, an owner of any estate or interest in any premises, or a lessee or an occupant of any***

premises, owes no duty of care to a trespasser and is not liable to a trespasser for physical harm caused by the failure to exercise reasonable care to put the premises in a condition that is reasonably safe for the entry or use by a trespasser or to carry on activities on the premises so as not to endanger a trespasser.

2. An owner, lessee or occupant of premises may be subject to liability for harm to a trespasser if:

(a) The owner, lessee or occupant willfully or wantonly causes harm to the trespasser;

(b) The owner, lessee or occupant fails to exercise reasonable care to prevent harm to the trespasser after discovering the trespasser's presence in a place of danger on the premises; or

(c) The trespasser is a child who is injured by an artificial condition on the premises and:

(1) The place where the condition exists is one on which the owner, lessee or occupant knows or has reason to know that a child is likely to trespass;

(2) The condition is one that the owner, lessee or occupant knows or has reason to know and that the owner, lessee or occupant realizes or should realize involves an unreasonable risk of death or serious bodily harm to a trespassing child;

(3) The trespassing child, because of his or her youth, does not discover the condition or realize the risk involved in the condition or coming within the area made dangerous by it;

(4) The utility to the owner, lessee or occupant of maintaining the condition and the burden of eliminating the danger are slight as compared with the risk to the trespassing child; and

(5) The owner, lessee or occupant fails to exercise reasonable care to eliminate the danger or to otherwise protect the trespassing child from harm.

3. This section does not affect any immunity from or defenses to civil liability established by specific statute or available at common law to which an owner, lessee or occupant may be entitled.

4. As used in this section, "trespasser" means any person who enters or remains upon any premises owned, leased or occupied by another person without the express or implied consent of the owner, lessee or occupant of the premises.

Sec. 3. *1. Except as otherwise provided in this section, a person who creates, sponsors, owns or produces public art, or who owns, leases or occupies any estate or interest in any premises where such art is displayed, is not liable for the death or injury of a person or for damage to property caused or sustained by a person who:*

(a) Defaces or destroys, or attempts to deface or destroy, public art;

(b) Uses the public art in an unintended manner; or

(c) Fails to heed posted warnings or instructions concerning the public art if such warnings are posted to warn the public against any foreseeable

conditions or any misuse of the public art that may pose an unreasonable risk of death or serious bodily injury.

2. This section does not eliminate a person's duty to remedy or mitigate a condition that has actually caused two or more instances of serious bodily injury.

3. As used in this section, "public art":

(a) Except as otherwise provided in paragraph (b), means a work of art which:

(1) Is an original painting in oil, mineral, water colors, vitreous enamel, pastel or other medium, an original mosaic, drawing or sketch, an original sculpture of stone, clay, textiles, fiber, wood, metal, plastic, glass or a similar material, an original work of mixed media or a lithograph;

(2) Was purchased in an arm's length transaction for $25,000 or more, or has an appraised value of $25,000 or more;

(3) Is displayed in a building or indoor or outdoor premises generally open to the public, whether publicly or privately owned; and

(4) Is made available to be viewed by the public without charge; and

(b) Does not include:

(1) Performance art;

(2) Literary works;

(3) Property used in the performing arts, including, without limitation, scenery or props for a stage production;

(4) A product of filmmaking or photography, including, without limitation, motion pictures; or

(5) Property that was created for a functional use other than, or in addition to, its aesthetic qualities, including, without limitation, a classic or custom-built automobile or boat, a sign that advertises a business, and custom or antique furniture, lamps, chandeliers, jewelry, mirrors, doors or windows.

Sec. 3.5. **Chapter 207 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. A person shall not:

(a) Jump or otherwise remove himself or herself, by parachute or by other airborne means, from a fixed structure owned by another person or any fixture or appurtenance attached thereto; or

(b) Knowingly and intentionally deliver or retrieve another person who intends to commit, is committing or has committed an act specified in paragraph (a).

2. A person who violates any provision of subsection 1:

(a) Shall be deemed to be a trespasser for the purposes of section 2 of this act.

(b) Is guilty of a category E felony and shall be punished as provided in NRS 193.130.

3. This section does not apply to:

(a) An emergency involving public safety or damage to property, loss of life or injury to any person; or

(b) An act committed pursuant to the terms and conditions of a lawfully issued permit.

Sec. 4. This act becomes effective upon passage and approval.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

The amendment provides that a person who jumps with a parachute, wingsuit, or other airborne means from a building owned by someone else is deemed a trespasser. The person who delivers or retrieves the person who has jumped or intends to jump is also deemed a trespasser.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 857.

AN ACT relating to real property; authorizing certain persons to file a notice to terminate ~~[a revolving]~~ **an equity** line of credit secured by a deed of trust or mortgage; **authorizing certain persons to file a written instruction to suspend and close an equity line of credit secured by a deed of trust or mortgage;** authorizing certain trustees to file a declaration of nonmonetary status under certain circumstances; revising provisions governing an action to declare void a trustee's sale; authorizing a beneficiary to substitute as trustee for the purpose of reconveying a deed of trust; providing that a failure to comply with the provisions of law governing a trustee's sale does not affect the validity of a sale in favor of a bona fide purchaser; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, within 21 days after receiving notice that a debt secured by a mortgage has been paid or otherwise satisfied or discharged, the mortgagee is required to record a discharge of the mortgage. (NRS 106.290) Existing federal law relating to lending practices also specifies certain circumstances under which a lender may reduce or terminate a home equity line of credit **.** ~~[, otherwise known as "revolving line of credit."]~~ (Truth in Lending Act, 12 C.F.R. Part 1026) **Section 1** of this bill authorizes certain persons to provide a written request to terminate ~~[a revolving]~~ **an equity** line of credit secured by a deed of trust or mortgage. **Section 1** also requires a lender upon receipt of such notice to: (1) terminate the borrower's right to obtain advances under the ~~[revolving]~~ **equity** line of credit; (2) apply certain sums paid to the satisfaction of the ~~[revolving]~~ **equity** line of credit; and (3)

record a reconveyance or certificate of discharge of the security instrument when the balance becomes zero. **Section 1 also authorizes certain persons to provide a written instruction from a borrower to suspend and close an equity line of credit secured by a deed of trust or mortgage. Section 1 provides the content of the written instruction and requires a lender upon receipt of such an instruction to suspend the equity line of credit for a minimum of 30 days. When the lender is in possession of both the instruction and payment, section 1 requires the lender to: (1) close the equity line of credit; and (2) release or reconvey the property securing the equity line of credit.**

Existing law: (1) prescribes certain qualifications and duties of a trustee under a deed of trust; (2) provides for a civil action against a trustee under certain circumstances; and (3) prohibits a beneficiary from reconveying a deed of trust, unless the beneficiary meets certain qualifications to act as a trustee. (NRS 107.028) **Section 2** of this bill: (1) authorizes certain trustees to file a declaration of nonmonetary status if the trustee is named as a party to a civil action under certain circumstances; and (2) authorizes a party to the action to file an objection to a trustee's declaration of nonmonetary status. If no such objection is timely made or if a court does not determine that an objection is valid, the trustee is no longer required to participate in the action and is not subject to any damages ~~[, equitable relief]~~ or attorney's fees or costs. **Section 3** of this bill authorizes a beneficiary to substitute and act as trustee for the purpose of partially or fully reconveying a deed of trust.

Existing law provides that a sale by the trustee under a deed of trust must be declared void by a court of competent jurisdiction if: (1) the trustee or a person authorized to make the sale does not substantially comply with certain provisions of existing law governing the exercise of the trustee's power of sale; and (2) an action is commenced in the county where the sale took place within 45 days after the date of the sale or, if the notice of default and election to sell or the notice of sale is not provided to certain persons in accordance with existing law, within 60 days after the person received actual notice of sale. Existing law also requires a trustee or a successful bidder at a trustee's sale of property to record a trustee's deed upon sale not later than 30 days after the trustee's sale of the property. (NRS 107.080) Under **section 4** of this bill: (1) not later than 5 days after a trustee's deed upon sale is recorded, the trustee or successful bidder at the trustee's sale must post conspicuously on the property a notice of trustee's sale ~~[.]~~ **, although failure to do so does not affect the validity of a sale to a bona fide purchaser for value without knowledge of the failure;** (2) an action to declare void a trustee's sale must be commenced within ~~[15]~~ **30** days after the recording of the trustee's deed upon sale or, in certain circumstances, within 90 days after the date of the sale; and (3) after the expiration of the period for commencing an action to declare void a trustee's sale, any failure to comply with a provision of existing law governing the exercise of the trustee's power of sale does not affect the rights of a bona fide purchaser.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 106 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Upon receipt of a written request from an authorized person to terminate ~~[a revolving]~~ an equity line of credit secured by a mortgage or deed of trust, the lender shall:

(a) Terminate the borrower's right to obtain advances under the borrower's ~~[revolving]~~ equity line of credit;

(b) Apply all sums subsequently paid by or on behalf of the borrower in connection with the ~~[revolving]~~ equity line of credit to the satisfaction of the ~~[revolving]~~ equity line of credit and other sums secured by the related security instrument; and

(c) When the balance of all outstanding sums secured by the related security instrument becomes zero, record a reconveyance or certificate of discharge of the security instrument.

2. ~~[No particular phrasing is required in the written request provided to the lender to terminate a revolving line of credit, but the request must include, without limitation:~~

~~(a) The name of each borrower;~~

~~(b) The account number of the revolving line of credit; and~~

~~(c) The street address of the property, if appropriate.~~

~~3. Notice of a written request to terminate a revolving line of credit secured by a mortgage or deed of trust from an authorized person must be provided to the borrower. The notice must be in substantially the following form:~~

~~NOTICE TO BORROWER~~

~~You have a revolving line of credit, otherwise known as a home equity line of credit, secured by a mortgage or deed of trust, and lien, on real property located at _____.~~

~~Our company is handling the escrow for your transaction. We are sending the attached notice to your lender requesting that your revolving line of credit be terminated. Our reason for making this request is: _____. When your lender receives our request, your lender will terminate and close your revolving line of credit and you will no longer be able to obtain credit advances. However, termination of your revolving line of credit does not release you from liability for amounts owed under the account. All sums your lender subsequently receives in connection with your revolving line of credit, including any sums we may send to your lender, will be applied by your lender to the satisfaction of your account. When the balance of your account becomes zero, your lender will be required to cancel the mortgage or deed of trust as a matter of public record.~~

~~*If you have questions about this notice or our action, please contact _____ by calling us at _____ or writing to us at _____.*~~

~~*_____.*~~

~~*(Name of Company)]*~~

Upon receipt from an authorized person of an instruction from a borrower to suspend and close an equity line of credit, the lender shall suspend the equity line of credit for a minimum of 30 days if the instruction is:

(a) Prepared and presented to the lender by the authorized person;

(b) Signed by the borrower; and

(c) Made in substantially the following form:

BORROWER'S INSTRUCTION TO SUSPEND AND CLOSE EQUITY LINE OF CREDIT

Lender: [Name of lender]
Borrower: [Name of borrower]
Account number of equity line of credit: [Account number]
Address of encumbered property: [Property address]
Escrow agent or settlement agent: [Name of agent]

In connection with a sale or refinance of the above-referenced property, my escrow agent or settlement agent has requested a payoff demand statement for the above-described equity line of credit. I understand that my ability to use this equity line of credit has been suspended for at least 30 days to accommodate this pending transaction. I understand that I cannot use any credit card, debit card or check associated with this equity line of credit while it is suspended, and all amounts of money will be due and payable upon close of escrow. I also understand that when payment is made in accordance with the payoff demand statement, my equity line of credit will be closed. If any amounts of money remain due after the payment is made, I understand that I will remain personally liable for those amounts of money even if the equity line of credit has been closed and the property released.
This is my written authorization and instruction that you are to close my equity line of credit and cause the secured lien against this property to be released when you are in receipt of both this instruction and payment in accordance with your payoff demand statement.

(Date)

(Signature of each borrower)

3. If a lender is in receipt of an instruction from a borrower to suspend and close an equity line of credit and payment in accordance with the payoff demand statement, the lender shall:

(a) Close the equity line of credit; and

(b) Release or reconvey the property securing the equity line of credit as provided in this chapter.

4. A lender may conclusively rely on a representation by the authorized person that presents an instruction of a borrower to suspend and close an equity line of credit that the instruction is that of the borrower.

5. As used in this section:

(a) "Authorized person" includes:

(1) A title agent as defined in NRS 692A.060;

(2) A title insurer as defined in NRS 692A.070; and

(3) An escrow agency as defined in NRS 645A.010.

(b) "Receipt of a written request" includes confirmation by facsimile, electronic ~~[mail]~~ record, as defined in NRS 719.090, or paper copy sent by certified mail.

Sec. 2. Chapter 107 of NRS is hereby amended by adding thereto a new section to read as follows:

1. If the trustee under a deed of trust is named in an action in which the deed of trust is the subject and the trustee has a reasonable belief that he or she has been named in the action solely in his or her capacity as trustee and not as a result of any wrongful act or omission made in the performance of his or her duties as trustee, the trustee may, at any time, file a declaration of nonmonetary status. The declaration must be served on the parties in the manner prescribed by Rule 5 of the Nevada Rules of Civil Procedure and must include:

(a) The status of the trustee as trustee under the deed of trust; and

(b) The basis for the trustee's reasonable belief that he or she has been named as a defendant in the action solely in his or her capacity as trustee and not as a result of any wrongful act or omission made in the performance of his or her duties as trustee.

2. Upon the filing of a declaration of nonmonetary status pursuant to subsection 1, the time in which the trustee is required to file an answer or any other responsive pleading is tolled until notice is given of an order granting an objection to the declaration of nonmonetary status, from which date the trustee has 30 days to file an answer or any other responsive pleading to the complaint.

3. Any party that has appeared in an action described in subsection 1 has 15 days after the date of service of the declaration of nonmonetary status to file an objection. Any objection filed pursuant to this subsection must set forth the factual basis on which the objection is based and must be served on the trustee.

4. If a timely objection is made pursuant to subsection 3, the court shall promptly examine the declaration of nonmonetary status and the objection and shall issue an order as to the validity of the objection. If the court determines the objection is valid, the trustee is required to participate in the action.

5. If no objection is raised within the 15-day period pursuant to subsection 3 or if the court determines the objection is invalid, the trustee is not required to participate any further in the action and is not subject to any money damages ~~[, equitable relief]~~ or attorney's fees or costs, except that the trustee is required to respond to any discovery request as a nonparty participant and is bound by any court order relating to the deed of trust.

6. If, at any time during the proceedings under this section, the parties to the action acquire newly discovered evidence indicating the trustee should be made a participant in the action as a result of the trustee's performance of his or her duties as trustee, the parties may file a motion to amend the pleadings pursuant to Rule 15 of the Nevada Rules of Civil Procedure.

7. For the purposes of this section, "trustee" includes any agent or employee of the trustee who performs some or all the duties of a trustee under this chapter and includes substitute trustees and agents of the beneficiary or trustee.

Sec. 3. NRS 107.028 is hereby amended to read as follows:

107.028 1. ~~[The]~~ ***Except as otherwise provided in subsection 4, the*** trustee under a deed of trust must be:

(a) An attorney licensed to practice law in this State;

(b) A title insurer or title agent authorized to do business in this State pursuant to chapter 692A of NRS;

(c) A person licensed pursuant to chapter 669 of NRS;

(d) A domestic or foreign entity which holds a current state business license issued by the Secretary of State pursuant to chapter 76 of NRS;

(e) A person who does business under the laws of this State, the United States or another state relating to banks, savings banks, savings and loan associations or thrift companies;

(f) A person who is appointed as a fiduciary pursuant to NRS 662.245;

(g) A person who acts as a registered agent for a domestic or foreign corporation, limited-liability company, limited partnership or limited-liability partnership;

(h) A person who acts as a trustee of a trust holding real property for the primary purpose of facilitating any transaction with respect to real estate if he or she is not regularly engaged in the business of acting as a trustee for such trusts;

(i) A person who engages in the business of a collection agency pursuant to chapter 649 of NRS; or

(j) A person who engages in the business of an escrow agency, escrow agent or escrow officer pursuant to the provisions of chapter 645A or 692A of NRS.

2. A trustee under a deed of trust must not be the beneficiary of the deed of trust for the purposes of exercising the power of sale pursuant to NRS 107.080.

3. A trustee under a deed of trust must not:

(a) Lend its name or its corporate capacity to any person who is not qualified to be the trustee under a deed of trust pursuant to subsection 1.

(b) Act individually or in concert with any other person to circumvent the requirements of subsection 1.

4. A beneficiary of record may ~~[replace]~~ ***:***

(a) Replace its trustee with another trustee ~~[.]~~ ***; or***

(b) Substitute as trustee only for the purposes of executing a substitution of trustee and a full or partial reconveyance of a deed of trust.

5. The appointment of a new trustee is not effective until the substitution of trustee is recorded in the office of the recorder of the county in which the real property is located.

~~[5.]~~ ***6.*** The trustee does not have a fiduciary obligation to the grantor or any other person having an interest in the property which is subject to the deed of trust. The trustee shall act impartially and in good faith with respect to the deed of trust and shall act in accordance with the laws of this State. A rebuttable presumption that a trustee has acted impartially and in good faith exists if the trustee acts in compliance with the provisions of NRS 107.080. In performing acts required by NRS 107.080, the trustee incurs no liability for any good faith error resulting from reliance on information provided by the beneficiary regarding the nature and the amount of the default under the obligation secured by the deed of trust if the trustee corrects the good faith error not later than 20 days after discovering the error.

~~[6.]~~ ***7.*** If, in an action brought by a grantor, a person who holds title of record or a beneficiary in the district court in and for the county in which the real property is located, the court finds that the trustee did not comply with this section, any other provision of this chapter or any applicable provision of chapter 106 or 205 of NRS, the court must award to the grantor, the person who holds title of record or the beneficiary:

(a) Damages of $5,000 or treble the amount of actual damages, whichever is greater;

(b) An injunction enjoining the exercise of the power of sale until the beneficiary, the successor in interest of the beneficiary or the trustee complies with the requirements of subsections 2, 3 and 4; and

(c) Reasonable attorney's fees and costs,

➥ unless the court finds good cause for a different award.

Sec. 4. NRS 107.080 is hereby amended to read as follows:

107.080 1. Except as otherwise provided in NRS 106.210, 107.085 and 107.086, if any transfer in trust of any estate in real property is made after March 29, 1927, to secure the performance of an obligation or the payment of any debt, a power of sale is hereby conferred upon the trustee to be exercised after a breach of the obligation for which the transfer is security.

2. The power of sale must not be exercised, however, until:

(a) Except as otherwise provided in paragraph (b), in the case of any trust agreement coming into force:

(1) On or after July 1, 1949, and before July 1, 1957, the grantor, the person who holds the title of record, a beneficiary under a subordinate deed of trust or any other person who has a subordinate lien or encumbrance of record

on the property has, for a period of 15 days, computed as prescribed in subsection 3, failed to make good the deficiency in performance or payment; or

(2) On or after July 1, 1957, the grantor, the person who holds the title of record, a beneficiary under a subordinate deed of trust or any other person who has a subordinate lien or encumbrance of record on the property has, for a period of 35 days, computed as prescribed in subsection 3, failed to make good the deficiency in performance or payment.

(b) In the case of any trust agreement which concerns owner-occupied housing as defined in NRS 107.086, the grantor, the person who holds the title of record, a beneficiary under a subordinate deed of trust or any other person who has a subordinate lien or encumbrance of record on the property has, for a period that commences in the manner and subject to the requirements described in subsection 3 and expires 5 days before the date of sale, failed to make good the deficiency in performance or payment.

(c) The beneficiary, the successor in interest of the beneficiary or the trustee first executes and causes to be recorded in the office of the recorder of the county wherein the trust property, or some part thereof, is situated a notice of the breach and of the election to sell or cause to be sold the property to satisfy the obligation which, except as otherwise provided in this paragraph, includes a notarized affidavit of authority to exercise the power of sale. AN ACT relating to guardians; adding provisions governing the appointment of certain preferred persons as guardians for adult wards; revising provisions relating to the appointment of a guardian for a minor; revising requirements governing eligibility to utilize a public guardian; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the appointment, qualifications and duties of guardians for certain minor and adult wards. (Chapter 159 of NRS) Existing law prohibits a nonresident of Nevada from being appointed as a guardian for a minor or adult ward unless the person has associated a co-guardian who is a resident of Nevada or a banking corporation whose principal place of business is in Nevada. (NRS 159.059) Existing law also gives preference to certain persons to be appointed as a guardian for a minor ward but does not give preference to any persons to be appointed as a guardian for an adult ward. (NRS 159.061)

Sections 1 and 6.7 of this bill revise the circumstances under which a court is authorized to appoint a nonresident as a guardian for an adult ward. **Section 6.3** eliminates existing limitations on the authority of a court to appoint a nonresident as a guardian for a minor ward. **Section 1** also requires the court to give preference in appointing a guardian for an adult ward to the following persons in the following order, whether or not the person is a nonresident: (1) a nominated person, who is a person the adult ward specifically nominated or requested as a guardian in a will, trust or other written document executed by

the adult ward while competent; or (2) a relative. If two or more nominated persons are qualified and suitable to be appointed as a guardian, **section 1** authorizes the court to appoint two or more co-guardians or generally requires the court to give preference to the nominated person named in a will, trust or other written document that is part of the adult's established estate plan, but there are certain exceptions for extraordinary circumstances.

In selecting a guardian, **section 1** does not allow the court to give preference to ~~[a nominated person or relative who is]~~ a resident over ~~[a nominated person or relative who is]~~ a nonresident if the court determines that the nonresident would be a more qualified and suitable guardian and the adult would receive continuing care and supervision under the guardianship of the nonresident. If the court selects a nonresident guardian, **section 1** requires the court to order the nonresident guardian to designate a registered agent in this State.

~~[Sections 1 and 2.5 of this bill increase the frequency with which a guardian must file with the court a report regarding the finances and well-being of a ward from annually to semiannually.]~~

Section 2.3 of this bill revises the existing list of persons who are preferred for appointment as a guardian to a minor to include any person recommended by: (1) an agency which provides child welfare services, an agency which provides child protective services or a similar agency; or (2) a guardian ad litem or court appointed special advocate who represents the minor.

Sections 2.1-2.9 and 6.3 of this ~~[act]~~ **bill** make conforming changes to reflect the changes made by ~~[sections 1 and 6.7.]~~ **the other sections of this bill.**

Existing law provides that a ward is eligible to have a public guardian appointed as his or her permanent or general individual guardian if: (1) there is no relative or friend able and willing to be appointed as a guardian for the ward; or (2) the court removes a private professional guardian previously appointed for the ward. (NRS 253.200) **Section 3** of this bill provides for the appointment of a public guardian for an incompetent adult who failed to nominate a person for appointment as guardian while he or she was still competent or if the nominated person is not suitable or willing to serve as guardian.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 159 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in subsection 3, in a proceeding to appoint a guardian for an adult, the court shall give preference to a nominated person or relative, in that order of preference:

(a) Whether or not the nominated person or relative is a resident of this State; and

(b) If the court determines that the nominated person or relative is qualified and suitable to be appointed as guardian for the adult.

2. In determining whether ~~[a]~~ any nominated person , ~~[or]~~ relative or other person listed in subsection 4 is qualified and suitable to be appointed as guardian for an adult, the court shall consider, if applicable and without limitation:

(a) The ability of the nominated person , ~~[or]~~ relative or other person to provide for the basic needs of the adult, including, without limitation, food, shelter, clothing and medical care;

(b) Whether the nominated person , ~~[or]~~ relative or other person has engaged in the habitual use of alcohol or any controlled substance during the previous 6 months, except the use of marijuana in accordance with the provisions of chapter 453A of NRS;

(c) Whether the nominated person , ~~[or]~~ relative or other person has been judicially determined to have committed abuse, neglect , ~~[or]~~ exploitation , isolation or abandonment of a child, his or her spouse, his or her parent or any other adult, unless the court finds that it is in the best interests of the ward to appoint the person as guardian for the adult;

(d) Whether the nominated person , ~~[or]~~ relative or other person is incompetent or has a disability; and

(e) Whether the nominated person , ~~[or]~~ relative or other person has been convicted in this State or any other jurisdiction of a felony, unless the court determines that any such conviction should not disqualify the person ~~[or relative]~~ from serving as guardian for the adult.

3. If the court finds that two or more nominated persons are qualified and suitable to be appointed as guardian for an adult, the court may appoint two or more nominated persons as co-guardians or shall give preference among them in the following order of preference:

(a) A person whom the adult nominated for the appointment as guardian for the adult in a will, trust or other written instrument that is part of the adult's established estate plan and was executed by the adult while competent.

(b) A person whom the adult requested for the appointment as guardian for the adult in a written instrument that is not part of the adult's established estate plan and was executed by the adult while competent.

4. Subject to the preferences set forth in subsections 1 and 3, the court shall appoint as guardian the qualified person who is most suitable and is willing to serve. In determining ~~[who]~~ which qualified person is most suitable, the court shall , in addition to considering any applicable factors set forth in subsection 2, give consideration, among other factors, to:

(a) Any nomination or request for the appointment as guardian by the adult.

(b) Any nomination or request for the appointment as guardian by a relative.

(c) The relationship by blood, adoption, marriage or domestic partnership of the proposed guardian to the adult. In considering preferences of appointment, the court may consider relatives of the half blood equally with

(2) A child.

(3) A parent.

(4) Any relative with whom the adult has resided for more than 6 months before the filing of the petition or any relative who has a power of attorney executed by the adult while competent.

(5) Any relative currently acting as agent.

(6) A sibling.

(7) A grandparent or grandchild.

(8) An uncle, aunt, niece, nephew or cousin.

(9) Any other person recognized to be in a familial relationship with the adult.

(d) Any recommendation made by a master of the court or special master pursuant to NRS 159.0615.

(e) Any request for the appointment of any other interested person that the court deems appropriate, including, without limitation, a person who is not a relative and who has a power of attorney executed by the adult while competent.

5. The court may appoint as guardian ~~[a]~~ any nominated person , ~~[or]~~ relative or other person listed in subsection 4 who is not a resident of this State. The court shall not give preference to a resident of this State over a nonresident if the court determines that:

(a) The nonresident is more qualified and suitable to serve as guardian; and

(b) The distance from the proposed guardian's place of residence and the adult's place of residence will not affect the quality of the guardianship or the ability of the proposed guardian to make decisions and respond quickly to the needs of the adult because:

(1) A person or care provider in this State is providing continuing care and supervision for the adult;

(2) The adult is in a secured residential long-term care facility in this State; or

(3) Within 30 days after the appointment of the proposed guardian, the proposed guardian will move to this State or the adult will move to the proposed guardian's state of residence.

(a) The jurisdictional requirements of NRS 159.1991 to 159.2029, inclusive, must be met;

(b) The court shall order the guardian to designate a registered agent in this State in the same manner as a represented entity pursuant to chapter 77 of NRS; and

(1) The legal duties and responsibilities of the guardian pursuant to this chapter;

(2) The preparation of records and the filing of ~~[semiannual]~~ annual reports regarding the finances and well-being of the adult required pursuant to NRS 159.073;

(3) The rights of the adult;

(4) The availability of local resources to aid the adult; and

(5) Any other matter the court deems necessary or prudent.

7. If the court finds that there is ~~[no]~~ not any suitable nominated person , ~~[or]~~ relative or other person listed in subsection 4 to appoint as guardian, the court may appoint as guardian:

(a) The public guardian of the county where the adult resides if:

(1) There is a public guardian in the county where the adult resides; and

(2) The adult qualifies for a public guardian pursuant to chapter 253 of NRS;

(c) A private professional guardian who meets the requirements of NRS 159.0595.

8. A person is not qualified to be appointed as guardian for an adult if the person has been suspended for misconduct or disbarred from ~~[.]~~ any of the professions listed in this subsection, but the disqualification applies only during the period of the suspension or disbarment. Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

The amendment changes the requirement that a guardian provide a report on the finances and well-being of a ward from once every six months to once every year. It gives the court the flexibility to determine the qualifications and suitability of any person seeking appointment as a guardian and adds additional sponsors to the bill.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 862.

SUMMARY—Revises provisions relating to ~~[the use of safety belts in taxicabs.]~~ **motor vehicles.** (BDR 43-774)

AN ACT relating to motor vehicles; revising provisions relating to the use of safety belts in taxicabs; **limiting the recovery of damages arising from a civil action relating to a motor vehicle accident under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, with certain exceptions, each adult passenger who rides in a taxicab in this State is required to wear a safety belt. Existing law also provides that a violation of this requirement may not be considered: (1) as negligence or as causation in any civil action or as negligent or reckless driving; or (2) as misuse or abuse of a product or as causation in any action brought to recover damages for injury to a person or property resulting from the manufacture, distribution, sale or use of a product. (NRS 484D.500) ~~[This]~~ **Section 1 of this** bill removes the preceding legal limitations and expressly allows a violation of the requirement to wear a safety belt while riding in a taxicab to be considered for those purposes.

Existing law requires every owner of a motor vehicle registered or required to be registered in this State to maintain certain amounts of insurance coverage for the payment of tort liabilities arising from the maintenance or use of the motor vehicle. (NRS 485.185) Existing law authorizes certain persons to satisfy such a requirement by obtaining an operator's policy of liability insurance instead of an owner's policy of

liability insurance. (NRS 485.186) Existing law also provides that a person in whose name more than 10 motor vehicles are registered in this State may qualify as a self-insurer. (NRS 485.380) Section 2 of this bill limits, under certain circumstances, the amount of damages a plaintiff or claimant may recover in a civil action arising from a motor vehicle accident if he or she was not in compliance with such provisions of existing law, as applicable, at the time of the accident.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 484D.500 is hereby amended to read as follows:

484D.500 1. Any passenger 18 years of age or older who rides in the front or back seat of any taxicab on any highway, road or street in this State shall wear a safety belt if one is available for the seating position of the passenger, except that this subsection does not apply:

(a) To a passenger who possesses a written statement by a physician certifying that the passenger is unable to wear a safety belt for medical or physical reasons; or

(b) If the taxicab was not required by federal law at the time of initial sale to be equipped with safety belts.

2. A citation must be issued to any passenger who violates the provisions of subsection 1. A citation may be issued pursuant to this subsection only if the violation is discovered when the vehicle is halted or its driver arrested for another alleged violation or offense. Any person who violates the provisions of subsection 1 shall be punished by a fine of not more than $25 or by a sentence to perform a certain number of hours of community service.

3. A violation of subsection 1:

(a) Is not a moving traffic violation under NRS 483.473.

(b) May ~~[not]~~ be considered as negligence or as causation in any civil action or as negligent or reckless driving under NRS 484B.653.

(c) May ~~[not]~~ be considered as misuse or abuse of a product or as causation in any action brought to recover damages for injury to a person or property resulting from the manufacture, distribution, sale or use of a product.

4. An owner or operator of a taxicab shall post a sign within each of his or her taxicabs advising passengers that they must wear safety belts while being transported by the taxicab. Such a sign must be placed within the taxicab so as to be visible to and easily readable by passengers, except that this subsection does not apply if the taxicab was not required by federal law at the time of initial sale to be equipped with safety belts.

Sec. 2. **Chapter 42 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. Except as otherwise provided in subsection 2, in any civil action to recover damages arising from an accident involving the operation of a motor vehicle or for any claim against the motor vehicle liability policy of another party, if the plaintiff or claimant was not in compliance with the

requirements of NRS 485.185, 485.186 or 485.380, as applicable, at the time of the accident, the maximum amount that may be awarded to the plaintiff or claimant must:

(a) Be limited to medical costs, property damage and lost income incurred as a result of the accident; and

(b) Not include any damages for pain and suffering.

2. The provisions of subsection 1 do not apply to:

(a) A plaintiff or claimant injured by a motorist who, at the time of the accident, was operating a motor vehicle while under the influence of intoxicating liquor or a controlled substance or engaging in any other conduct prohibited by NRS 484C.110, 484C.120, 484C.130 or 484C.430 and:

(1) Was convicted of, or entered a plea of guilty or nolo contendere to, the offense; or

(2) Died as a result of the accident, if it is proven by a preponderance of the evidence that the motorist was operating the motor vehicle while committing any of the offenses described in this paragraph.

(b) A plaintiff or claimant who was a passenger in a motor vehicle involved in the accident, unless the plaintiff or claimant is an owner of the vehicle.

(c) A plaintiff or claimant who was not the operator of or a passenger in a motor vehicle involved in the accident.

(d) A plaintiff or claimant if the motorist who caused the accident:

(1) Intentionally caused the accident;

(2) Left the scene of the accident; or

(3) At the time of the accident, was acting in furtherance of the commission of a felony.

(e) A plaintiff or claimant who, at the time of the accident, was claimed as a dependent on the federal income tax return of one or both of his or her parents, and the parent or parents were not in compliance with the requirements of NRS 485.185, 485.186 or 485.380, as applicable.

(f) A plaintiff or claimant who, at the time of the accident, previously had been covered by an insurance policy which satisfied the requirements of NRS 485.185, 485.186 or 485.380, as applicable, that was cancelled or terminated for failure to pay the premium unless, at least 45 days before the accident, a notice of cancellation or termination was mailed to the last known address of the policyholder.

(g) Wrongful death claims.

3. Except as otherwise provided in subsection 2, the limitations of subsection 1 upon the amount and nature of damages which may be awarded may be asserted by:

(a) Any person who is involved in the accident which is the basis of the action or claim; and

(b) The insurer of motor vehicle liability for any person asserting a limitation set forth in subsection 1.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblymen Hansen, Elliot Anderson, and Wheeler.

ASSEMBLYMAN HANSEN:

The amendment limits, under certain circumstances, the amount of damages a person may recover in a civil action arising from a motor vehicle accident if he or she was not in compliance with certain insurance or financial responsibility laws at the time of the accident.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Amendment 862 to Senate Bill 304. I know legal counsel has ruled this amendment to be germane, but this amendment is in a wholly different title, not to mention a different chapter. The original bill was about seatbelts in taxicabs. The amendment is about all types of vehicles and insurance. I am struggling with the germaneness of this one. If this is germane, I think we are in for a fun rest of the session because I do not see how it is germane.

ASSEMBLYMAN WHEELER:

I was asked to let you know that this is an unfriendly amendment to the author of the bill and I would urge a no vote.

Mr. Speaker announced if there were no objections, the Assembly would recess subject to the call of the Chair.

Assemblyman Armstrong moved the adoption of the amendment.

Remarks by Assemblymen Armstrong and Hickey.

ASSEMBLYMAN ARMSTRONG:

The amendment makes the following changes to the bill: a committee may not be formed in any county where the real property transfer tax or room tax is currently being imposed for the benefit of a school district; the taxes that may be recommended for a position by a committee are limited to sales and use tax, property tax, government services tax, real property transfer tax, and room tax; if the property tax is recommended and approved by voters, the rate is exempt from the partial abatements of taxes approved by the Legislature in the 2005 Session as well as the combined statutory limit of $3.64 per $100 of assessed value; and the proceeds from any taxes imposed may be used for the payment of principal or interest on bonds or other obligations.

ASSEMBLYMAN HICKEY:

I rise in support of the motion to add Amendment 819 to Senate Bill 411. This bill and this amendment that was provided with the help of Carole Vilardo from the Taxpayers Association allows school districts, like Washoe County, who have identified that they have real capital and maintenance needs to bring forth through a process a measure to the voters. It is simply going to bring, through this process, an opportunity for the voters to decide about the needs for schools in their district.

Amendment adopted.

Amendment No. 860.

AN ACT relating to marijuana; revising the crime of counterfeiting or forging a registry identification card for the medical use of marijuana; defining certain terms, including "concentrated cannabis"; revising the definition of marijuana for certain purposes; making it unlawful to extract concentrated cannabis; providing for the issuance of a letter of approval to certain children that allows such children to engage in the medical use of marijuana; revising certain exemptions from state prosecution for marijuana related offenses; revising provisions governing the return of seized marijuana, paraphernalia or related property from certain persons; providing that certain records created by the Division of Public and Behavioral Health of the Department of Health and Human Services relating to the medical use of marijuana are not confidential; authorizing the Division to issue a registry identification card; **revising provisions relating to the location and operation of medical marijuana establishments;** authorizing law enforcement agencies to adopt policies and procedures governing the medical use of marijuana by employees; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it a crime, punishable as a category E felony, for a person to counterfeit or forge or attempt to counterfeit or forge a registry identification card, which is the instrument that indicates a bearer is entitled to engage in the medical use of marijuana. (NRS 207.335) **Section 1** of this bill makes it unlawful to: (1) counterfeit or forge or attempt to counterfeit or forge a letter of approval; or (2) possess with the intent to use any such counterfeit or forged registry identification card or letter of approval. Existing law defines marijuana for the purposes of the regulation of controlled substances. (NRS 453.096) Existing law also provides criminal penalties for various acts involving a schedule I controlled substance, including, without limitation, possession, manufacture, compounding, importation, distribution, sale, transfer, trafficking or driving under the influence. (NRS 453.316-453.348, 484C.110, 484C.120, 488.410) In addition to criminal penalties, existing law provides for civil penalties against a person who engages in certain acts involving the unlawful manufacture, distribution or sale of a schedule I controlled substance. (NRS 453.553-453.5533)

Sections 1.2-1.5 and 2 of this bill define certain terms, including "concentrated cannabis," and revise the definition of marijuana for the purposes of regulating controlled substances. **Section 8** of this bill makes it

unlawful to knowingly or intentionally extract concentrated cannabis. A person who violates such a provision is guilty of a category C felony.

Existing law exempts a person who holds a valid registry identification card from state prosecution for possession, delivery and production of marijuana. (NRS 453A.200) The Division of Public and Behavioral Health of the Department of Health and Human Services may either issue a registry identification card that has been prepared by the Department of Motor Vehicles to a person who meets certain qualifications or designate the Department of Motor Vehicles to issue a registry identification card to such a person. (NRS 453A.210, 453A.220, 453A.740) A person under the age of 18 years can obtain a registry identification card if the custodial parent or legal guardian with responsibility for health care decisions for the person agrees to serve as the designated primary caregiver for the person and the person meets certain other requirements. (NRS 453A.210) **Sections 17 and 18** of this bill require the Division to issue a letter of approval to an applicant who is under 10 years of age stating that the Division has approved the person's application to be exempted from state prosecution for engaging in the medical use of marijuana if the applicant meets these requirements instead of requiring the applicant to obtain a registry identification card that is prepared or issued by the Department. **Section 18** also prescribes the required contents of a letter of approval.

Section 13.3 of this bill provides that: (1) an employee of the State Department of Agriculture who possesses, delivers or produces marijuana in the course of his or her duties is exempt from certain offenses relating to marijuana; and (2) no person may be subject to state prosecution for constructive possession, conspiracy or any other criminal offense solely for being in the presence or vicinity of the medical use of marijuana.

Section 13 of this bill provides that a person who obtains a letter of approval is exempt from certain offenses relating to the possession of marijuana or paraphernalia, but not offenses relating to the delivery and production of marijuana. **Sections 17 and 22** of this bill require the custodial parent or legal guardian of a child under the age of 10 years who obtains a letter of approval to agree to serve as the designated primary caregiver for the child. **Section 18** requires the Division to issue a registry identification card to the designated primary caregiver of the holder of a letter of approval. **Sections 25-27** of this bill authorize a medical marijuana establishment to acquire marijuana from and dispense marijuana to the designated primary caregiver of a person who holds a letter of approval in the same manner as for a patient who holds a registry identification card.

Sections 19-23 of this bill make certain provisions concerning the revocation and expiration of a registry identification card, the designation of a primary caregiver and acts for which the holder of a registry identification card is not exempt from state prosecution applicable to the holder of a letter of approval. **Sections 29 and 30** of this bill authorize a patient who holds a valid letter of approval and his or her designated primary caregiver to select one

medical marijuana dispensary to serve as his or her designated medical marijuana dispensary. **Sections 31-34** of this bill make certain rights and protections for persons who hold a registry identification card and persons who assist such persons in the medical use of marijuana applicable to a person who holds a letter of approval and a person who assists a person who holds a letter of approval as well.

Section 26.5 of this bill allows a medical marijuana establishment to move to a new location under the jurisdiction of the same local government if the local government approves the new location. Section 27 of this bill allows a medical marijuana establishment to use certain pesticides in the cultivation and production of marijuana, edible marijuana products and marijuana-infused products. Section 36.7 of this bill requires the Division to revise its regulations to conform with the provisions of sections 26.5 and 27.

Section 27.5 of this bill allows a medical marijuana establishment to transport medical marijuana or enter into a contract with a third party to transport medical marijuana to another medical marijuana establishment or between the buildings of the medical marijuana establishment.

Existing law provides certain acts for which the holder of a registry identification card is not exempt from state prosecution for certain offenses relating to marijuana. (NRS 453A.300) **Section 23** provides that such a person is not exempt from state prosecution for possessing marijuana or paraphernalia on school property.

The Nevada Constitution requires the Legislature to provide by law for protection of the plant of the genus *Cannabis* for medical purposes and property related to its use from forfeiture except upon conviction or plea of guilty or nolo contendere. (Nev. Const. Art. 4 § 38) Existing law requires a district attorney of the county in which marijuana, drug paraphernalia or other related property was seized, or the district attorney's designee, to make a determination that a person is engaging in or assisting in the medical use of marijuana under certain circumstances. (NRS 453A.400) **Section 31** removes the requirement to make such a determination and instead requires law enforcement to return any usable marijuana, marijuana plants, drug paraphernalia and other related property that was seized upon: (1) a decision not to prosecute; (2) the dismissal of the charges; or (3) acquittal.

Section 34 also provides that the Division shall not disclose the contents of any tool used by the Division to evaluate an applicant or affiliate or certain other information regarding an applicant or affiliate.

Section 35 of this bill authorizes the Division to issue a registry identification card rather than requiring that the card be prepared by the Department of Motor Vehicles. **Section 35** further provides that the Division will issue a letter of approval to a qualified person and authorizes a fee for providing an application and processing a letter of approval in the same amount as for a registry identification card.

Existing law does not require an employer to modify the job or working conditions of an employee who engages in the medical use of marijuana, but does require that an employer must attempt to make reasonable accommodations for the employee under certain circumstances. (NRS 453A.800) **Section 36** of this bill provides that a law enforcement agency is not prohibited from adopting policies or procedures that preclude an employee from engaging in the medical use of marijuana.

It allows legal immunity for certain agency employees handling cannabis for testing and pesticide regulation and clarifies laboratory testing of marijuana. It also requires the Nevada Department of Agriculture to create a list of pesticides that are allowed to be used on marijuana pursuant to the criteria established in the bill. It allows the use of certain pesticides.

It defines "marijuana distributor" and requires a license for such a distributor. It allows a medical marijuana establishment to move to a new location under the jurisdiction of the same local government, under certain circumstances. Lastly, it changes the date of implementation of a Division of Public and Behavioral Health program to computer cross-check between the State of Nevada and other jurisdictions from April 1, 2016, to April 1, 2018.

The following amendment was proposed by Assemblyman Gardner:

Amendment No. 914.

AN ACT relating to graffiti; revising the definition of "graffiti"; expanding the list of items that are considered graffiti implements which are unlawful to carry in certain places; clarifying that a governmental entity may bring a civil action for damages to public property; authorizing the governing body of a city to adopt ordinances to address covering and removing certain graffiti on residential and nonresidential property; revising provisions governing money in a city's graffiti reward and abatement fund; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it a crime to place graffiti on or otherwise deface the public or private property, real or personal, of another, without the permission of the owner. (NRS 206.330) **Sections 5, 8.2 and 16** of this bill revise the definition of "graffiti" to: (1) clarify that estrays and livestock are included within the scope of property to which the offense of graffiti applies; and (2) exclude certain items which are affixed to property.

Existing law makes it a misdemeanor for a person to carry on his or her person, in certain public places, a graffiti implement with the intent to

vandalize, place graffiti on or deface property. (NRS 206.335) **Section 7** of this bill revises the definition of "graffiti implement" to include any item that may be used to etch or deface property.

Existing law requires a person who is ordered to pay restitution for placing graffiti on public property to pay the restitution to the governmental entity that has incurred expenses for abating the graffiti. (NRS 206.345) **Section 8** of this bill authorizes the payment of restitution to a governmental entity for future expenses to abate the graffiti. Existing law also authorizes the owner of public or private property that has been damaged by graffiti to bring a civil action against the person who placed the graffiti and recover damages in an amount up to three times the amount of any loss in value to property and up to three times the cost of restoring the property plus attorney's fees and costs. (NRS 206.345) **Section 8** clarifies that a governmental entity may also bring a civil action to recover such damages from a person who placed graffiti on property if the governmental entity owns or is otherwise responsible for the damaged property.

Existing law authorizes a board of county commissioners to provide by ordinance for the covering or removal of certain graffiti on certain types of property. (NRS 244.36935) **Sections 8.4 and 8.6** of this bill revise provisions governing the covering or removal of certain graffiti that is placed on residential property. **Section 14** of this bill authorizes the governing body of a city to similarly provide by ordinance for the covering or removal of certain graffiti on residential property.

Existing law authorizes a board of county commissioners to provide by ordinance procedures pursuant to which the board may order an owner of nonresidential property to cover or remove certain graffiti on the owner's property. (NRS 244.3694) **Section 8.8** of this bill revises provisions governing the covering or removal of graffiti that is placed on nonresidential property. **Section 15** of this bill similarly authorizes the governing body of a city to provide by ordinance procedures pursuant to which the governing body may order an owner of nonresidential property to cover or remove certain graffiti on the owner's property.

Existing law requires the governing body of each city to create a fund to pay, upon approval by the governing body of the city, a reward to certain persons who provide information which results in the identification, apprehension and conviction of a person who violated a city ordinance prohibiting graffiti or other defacement of property. (NRS 268.4085) **Section 18** of this bill expands the authorized use of money in the fund: (1) to purchase supplies or pay for other graffiti abatement costs incurred by the city; (2) to be paid for information which results in the identification, apprehension or conviction of a person who is alleged to have violated a city ordinance that prohibits graffiti or defacement of property; and (3) to be paid upon approval of the city manager, the authorized designee of the city manager or, if the city does not have a city manager, the governing body of the city.

Assemblyman Gardner moved the adoption of the amendment.

Remarks by Assemblyman Gardner.

ASSEMBLYMAN GARDNER:

This amendment corrects an oversight from when our committee pushed this out. The original graffiti bill had two ways that the city could recover money spent to remove graffiti from a nonresident home: they could put a lien or a special assessment on the property. In committee, we talked about getting rid of both of them, but the original amendment only got rid of the lien portion. This amendment gets rid of the special assessment. That means if someone puts graffiti on your nonresidential house or business, the city can no longer put a special assessment or lien on your house and eventually take your house if you do not pay it.

Amendment adopted.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 791.

AN ACT relating to unclaimed property; exempting certain property due or owing from a business association to another business association from provisions governing the disposition of unclaimed property under certain circumstances; exempting ~~[public infrastructure]~~ **certain intersection improvement** proceeds from provisions governing the disposition of unclaimed property; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the powers, duties and liabilities of the State and other persons concerning certain property which is abandoned and unclaimed by its owner. (Chapter 120A of NRS) Under existing law, property that is unclaimed by the apparent owner of the property for a certain period is presumed to be abandoned. (NRS 120A.500, 120A.510, 120A.520) A holder of property that is presumed to be abandoned must make a report concerning the property to the State Treasurer, acting as the Administrator of Unclaimed Property, and pay or deliver the property to the Administrator.

(NRS 120A.560, 120A.570) The Administrator must deposit any money received as abandoned property and the proceeds of any sale of abandoned property in the Abandoned Property Trust Account. (NRS 120A.620) A person who claims property paid or delivered to the Administrator may file a claim for the property, and, if the Administrator approves the claim, the Administrator must deliver the property to the claimant or, if the property is money or the net proceeds of a sale of abandoned property, pay the claim from the Account. (NRS 120A.620, 120A.640) At the end of each fiscal year, the first $7.6 million of the balance remaining in the Account is transferred to the Millennium Scholarship Trust Fund, and the remaining balance is transferred to the State General Fund, subject to any valid claims. (NRS 120A.620)

Section 1 of this bill provides that certain amounts due or owing from a holder that is a business association to another business association must not be presumed abandoned if the holder and the other business association have an ongoing business relationship. Because these amounts must not be presumed abandoned, the provisions of existing law governing unclaimed property would not apply to those amounts. Under **section 2** of this bill, the provisions of **section 1** apply to the amounts due or owing from a business association to another business association that, on or after July 1, 2015, are in the possession, custody or control of a business association.

Section 1.5 of this bill provides that certain amounts paid to this State or a local government as a deposit or fee to provide security for, or to fund the construction of, ~~[public infrastructure]~~ **certain intersection improvement projects** are exempt from the provisions of existing law governing unclaimed property. Under **section 2**, this exemption applies only to such deposits or fees that, on or after July 1, 2015, are in the possession, control or custody of this State or a local government.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 120A of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in this subsection, any credit memoranda, overpayments, credit balances, deposits, unidentified remittances, nonrefunded overcharges, discounts, refunds and rebates due or owing from a holder that is a business association to another business association shall not be presumed abandoned if the holder and such business association have an ongoing business relationship. The provisions of this subsection do not apply to outstanding checks, drafts or other similar instruments.

2. For the purposes of subsection 1, an ongoing business relationship shall be deemed to exist if the holder has engaged in at least one commercial, business or professional transaction involving the sale, lease, license or purchase of goods or services with the business association or a predecessor-in-interest of the business association within each 3-year period that follows

the date of the transaction giving rise to the property interest that shall not be presumed abandoned pursuant to subsection 1.

Sec. 2. 1. The amendatory provisions of section 1 of this act apply to all amounts due or owing from a business association to another business association that, on or after July 1, 2015, are in the possession, custody or control of a business association.

2. The amendatory provisions of section 1.5 of this act apply only to ~~[~~public infrastructure~~]~~ **intersection improvement project** proceeds that, on or after July 1, 2015, are in the possession, custody or control of this State or an agency or political subdivision of this State.

3. As used in this section:

(b) ~~[~~"Public infrastructure~~]~~ **"Intersection improvement project** proceeds" has the meaning ascribed to it in NRS 120A.135, as amended by section 1.5 of this act.

Sec. 3. This act becomes effective on July 1, 2015.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

The amendment clarifies the bill by deleting the broad term "public infrastructure" and inserting the term "intersection improvement project." Sec. 14. This act becomes effective on July 1, 2015.

Assemblywoman Woodbury moved the adoption of the amendment.

Remarks by Assemblywoman Woodbury.

ASSEMBLYWOMAN WOODBURY:

Amendment 934 to Senate Bill 463 deletes the legislative declaration in section 1.25. Subsection 2 of section 3 limits the definition of "school service provider" so that it does not include an internal database, system, or program operated by a school district, charter school, or university school for profoundly gifted pupils or a school service for which a school service provider has been designated as a school official pursuant to the Family Educational Rights and Privacy Act. The term does not include any state, district, college, and career readiness instructional programs purchased by the state or by the governing body of a school district or charter school.

Throughout the bill, this amendment increases the age from 16 years to 18 years for a pupil to request a review and correction of personally identifiable information concerning the pupil. It revises subsection 2 of section 6 to state that a school service provider may transfer personally identifiable information concerning a pupil to a third-party service provider if the provider provides notice to any person designated in a policy of a school district, charter school, or university school for profoundly gifted pupils to receive such notice or, if none, to the pupil, if the pupil is at least 18 years of age, or the parent or guardian of a pupil.

Subsection 3 of section 6 requires that the governing body of a school district or charter school must have a policy to allow for the process for reviewing and requesting the deletion of personally identifiable information. It specifies that a testing irregularity investigation must make a finding of a willful breach of security or confidentiality for the penalty in the remaining portion of subsection 2 to apply.

Amendment adopted.

ASSEMBLYWOMAN DICKMAN:

Senate Bill 429 as amended appropriates $62 million from the General Fund to the Distributive School Account for a shortfall resulting from an unanticipated increase in K-12 enrollment for the 2013-2014 and the 2014-2015 school years and increased costs related to the provisions of hold harmless for declining enrollment in charter schools and several school districts. Assembly Bill No. 448.

Bill read third time.

Remarks by Assemblymen Edwards, Elliot Anderson, Paul Anderson, Diaz, and Hickey.

ASSEMBLYMAN EDWARDS:

Assembly Bill 448 is one of the Governor's major initiatives for this session. It will give a lot of the children across the state a great opportunity to improve their education experience. As you

know, they will be in the most failing schools in some of the most desperate locations. We hope that everyone will support it.

As amended, it creates the Achievement School District within the Department of Education and establishes the criteria for the conversion of up to six underperforming schools approved by the State Board of Education to achievement charter schools. The Department is required to consider student performance data and parental and community input, in consultation with the local school board, in selecting the schools proposed for conversion.

Additionally, the bill as amended establishes how the achievement charter schools are operated, staffed, and financed and the process for schools to leave the Achievement School District after a minimum period of six years. The bill as amended further establishes requirements concerning the priority of a capital project for a school selected for conversion to an achievement charter school. Assembly Bill 448 as amended limits the monetary amount that may be paid to the operator of the achievement charter school and authorizes an achievement charter school to receive funds available from federal and state categorical grant programs.

Finally, the bill as amended removes limitations on the use of school district-owned properties during regular school hours by charter schools but still requires such use to be approved by the board of trustees of the school district. This bill is effective upon passage and approval for the purposes of adopting regulations and performing other administrative tasks and on July 1, 2016, for all other purposes.

I encourage your approval and passage.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Assembly Bill 448. My objections are fairly broad, but I want to zero in on one specific provision that I think is troublesome. Under section 23, subsection 2 in the second reprint version of the bill, it talks about basically picking and choosing which laws these schools will have to follow. It broadly exempts these operators from following these laws. One that is particularly worrisome is the exclusion of NRS [*Nevada Revised Statutes*] 386.580 which, in subsection 3, deals with discrimination on applications based upon race, gender, religion, ethnicity, or disability. Unless I am reading this wrong, it says that NRS 386.580 would not be included for charter school operators to follow. To me, that is a very big concern. I think it sets us up for liability if state funds are used and there is discrimination going on.

For that reason, and many others, I oppose this measure and I urge its defeat.

ASSEMBLYMAN PAUL ANDERSON:

I rise in support of Assembly Bill 448. As we all listened to the Governor's State of the State Address, he mentioned many education priorities but perhaps none as important as this one. This draws the line in the sand where we determine that we are no longer going to accept failing schools. We have a lot of schools that have been in this failing category for a lot of years, some as many as ten years. This gives the opportunity for us to draw that line in the sand, go forward, and select a limited number of schools to turn around to become successful for the children who attend. I wholeheartedly support this bill and urge the body to pass it.

ASSEMBLYWOMAN DIAZ:

I respectfully rise in opposition to Assembly Bill 448. When we say we are doing the best by our children attending these failing schools, we fail to recognize that we as a state have not done as much as we could have done in the past for these children. I respectfully disagree with some of my colleagues who stated that turning these underperforming schools into charter schools is the magic bullet. We have not addressed staffing concerns. We have not incentivized our best teachers to go to these underperforming schools. When we do not address the staffing issues that currently exist, we are not going to get much movement in terms of academic achievement.

We also have seen that the charter schools which currently exist in this state are not outperforming our public schools. Charter schools get to pick the kids that come to their schools, whereas the public schools we are talking about in this bill do not get to pick their students. Public schools have to receive and educate all children to the best of their abilities. We talk about this being a great measure that is going to save all of our kids. I am hopeful that will be the case, but I am not 100 percent sure. We have not allocated the funds and we have not addressed the staffing

measures. I believe our public school teachers are doing the very best they can with what we have been giving them the last few years.

ASSEMBLYMAN HICKEY:

I rise in support of Assembly Bill 448. When your house is on fire, you welcome firefighters in from wherever. This bill is limited to a process whereby only a handful of schools will first be incorporated into these special districts. This is an attempt at reform. You have to break a few eggs to make an omelet sometimes. We have underperforming schools. This is an attempt to step in and see if we can make them better using a method that has proven successful in other states. For that reason, I urge my colleagues to support this measure.

The measure provides that a mental health professional who exercises reasonable care in determining whether to apply for the emergency admission of such a patient or communicate such a threat is not subject to civil or criminal liability or disciplinary action by a professional licensing board for disclosing confidential or privileged information or for any damages caused by the actions of a patient.

Senate Bill 53 requires a person convicted of a crime who claims that his or her time served has been computed incorrectly to exhaust all administrative remedies available to resolve the matter prior to filing a petition for a writ of habeas corpus with the court. It also requires the Department of Corrections to develop an expedited process for resolving a challenge brought by a convicted person regarding the computation if the challenge is brought within 180 days before that person's projected discharge date. A court is required to dismiss such a petition if it determines that a petitioner has filed without having exhausted all administrative remedies. These amendatory provisions do not apply to a postconviction petition filed on or before the effective date of the bill.

Finally, Senate Bill 53 expressly provides that a motion to withdraw a plea of guilty, guilty but mentally ill, or nolo contendere that is made after sentence is imposed, or imposition of sentence is suspended, is a remedy that is incident to the proceedings in the trial court for any such motion pending on or after June 12, 2014. Senate Bill 58 provides that a juvenile justice or care agency may share information concerning a child within the jurisdiction of the juvenile court. Such an agency may do so, however, only when the other agency is investigating a matter or is involved in a case or proceeding involving the child or has been assigned the responsibility for supervising the child. The bill also provides that juvenile justice information is confidential and may only be released in accordance with state or federal law and requires that public safety be taken into consideration prior to the release of any information. An agency's denial of an information request must be provided to the requester within five business days.

The release of any record held by a law enforcement agency, prosecuting attorney, or attorney for a child must be made pursuant to statute and any other pertinent rule of law, except that upon the decision to arrest or upon the actual arrest of a child, a law enforcement agency or prosecuting attorney may share pertinent information with the child's school. An incident report, however, must not be released if doing so would jeopardize the investigation, prosecution, or defense of the child or endanger witnesses. The sharing of an incident report must be limited to the extent necessary to protect other students and staff at the child's school.

A juvenile court may use personal identifying information from sealed records in order to conduct an outcome and recidivism study but must provide any results from the study without including any personal identifying information. Finally, with certain exceptions, it is a gross misdemeanor for a person who receives juvenile justice information or child welfare services information maintained by an agency to further disseminate the information or make it public.

Senate Bill 67 is the Division of Insurance of the Department of Business and Industry's omnibus bill. This bill adopts provisions of various model laws and acts of the National Association of Insurance Commissioners, including provisions relating to investments, reinsurance, standard valuation, standard nonforfeiture, own-risk solvency assessment, and insurer mergers and acquisitions. It makes changes to the Nevada Life and Health Insurance Guaranty Association, makes changes to the requirements for insurance administrators and self-insured employers for workers' compensation when filing their annual financial statements, allows insurers to provide electronic proof of insurance certificates for motor vehicles, makes changes regarding state-chartered risk retention groups, authorizes the inspections of certain sealed records to determine the suitability of an applicant for licensure or the discipline of a licensee for misconduct, and repeals various provisions of existing law, which are replaced by the adoption of the model law provisions.

If the assessor elects to publish this list on the website, he or she must provide notice through a newspaper advertisement to inform the public that the list has been made available on the Internet. Between July 1, 2015, and June 30, 2017, notice must be published in the newspaper four times per year. Effective July 1, 2017, notice must be published one time, on or before January 1 of each year.

If the list is published on the Internet, the assessor must also provide information about the availability of the list on the annual assessed value notice that is sent out to taxpayers on or before December 18 of each year. Finally, in counties whose population is less than 100,000, the county assessor must also print at least ten copies of the notice to be available to the general public upon request.

ASSEMBLYMAN NELSON:

Senate Bill 153 limits the period under which heart and lung diseases are, for purposes of industrial insurance claims, conclusively presumed to be occupationally related. Specifically, a person must have been employed in a full-time, continuous, uninterrupted, and salaried occupation as a police officer, firefighter, or arson investigator for two years or more before the date of disablement. If the disease is diagnosed and causes the disablement during the course of the employment; if the person ceases employment before completing 20 years of service as a police officer, firefighter, or arson investigator, during the period after separation from employment, which is equal to the number of years worked; or if the person ceases employment after completing 20 years or more of service as a police officer, firefighter, or arson investigator at any time during the person's life, service credit purchased in a retirement system must not be calculated towards the years of service.

The measure also prevents these persons who use tobacco products or fail to follow a physician's prescribed plan of care from claiming these presumptions under certain circumstances. Finally, Senate Bill 153 clarifies that a retiree who files an industrial insurance claim for heart or lung disease is eligible only for medical benefits.

Senate Bill 160 provides that an owner, lessee, or occupant of any premises does not owe a duty of care to, and is not liable for, physical harm to a trespasser, except when the owner, lessee, or occupant willfully or wantonly causes harm to the trespasser or fails to exercise reasonable care to prevent harm to the trespasser after discovering the trespasser's presence in a place of danger on the premises. Additionally, the owner, lessee, or occupant may be liable if the trespasser is a child who is injured by an artificial condition on the premises and certain other conditions exist.

This bill also provides that a person who creates, sponsors, owns, or produces public art, or the owner, lessee, or occupant of any estate or interest in any premises where such art is displayed, is not liable for the death or injury of a person or for damage to property caused or sustained by a person who defaces, destroys, or attempts to deface or destroy public art; uses the public art in an unintended manner; or fails to heed posted warnings or instructions concerning the public art if such warnings are posted to warn the public against any foreseeable conditions or any misuse of the public art that may pose an unreasonable risk of death or serious bodily injury.

Lastly, a person who jumps by parachute or other airborne means from a building or structure owned by another or a person who knowingly delivers the person who intends to jump or retrieves the person who has jumped is deemed a trespasser and is guilty of a category E felony, except under certain circumstances.

This bill is effective upon passage and approval.

Senate Bill No. 161.

Bill read third time.

Remarks by Assemblymen O'Neill, Elliot Anderson, Diaz, Dickman, Ohrenschall, Gardner, Wheeler, and Carlton.

ASSEMBLYMAN O'NEILL:

Senate Bill 161 prohibits the filing or maintenance of a product liability action against a seller who is not the manufacturer of the product and lays out specific circumstances under which such a seller is not immune from liability. In general, the circumstances under which a seller is not immune include instances in which the seller has substantial control over the design, formula, production, assembly, maintenance, packaging, installation, modification, or resale of the product. The bill also provides that a seller who fails to exercise reasonable and product-appropriate care in the storage or transport of a product may be subject to a liability action.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Senate Bill 161. I believe this bill takes away the responsibility from corporations, both here and foreign, in the name of profit. They have no real reason to ensure that products are manufactured to the standards that we expect, because if they do it right, they do not have anything to worry about anyway. This bill takes away the ability of consumers to hold sellers accountable if they are selling shoddy manufactured products. It gives that seller immunity. I urge this body to stand on the side of consumers and vote no for immunity for faulty products.

ASSEMBLYWOMAN DIAZ:

I rise in opposition to Senate Bill 161. Senate Bill 161 removes sellers from those who may be held liable for their actions in selling an innocent consumer a defective product. Senate Bill 161 is bad policy for the state of Nevada as it will inevitably leave some Nevadans with legitimate claims, who have been harmed at the hands of a product seller, without any recourse and without access to justice.

Although Senate Bill 161 includes exceptions, we as a legislative body are incapable of drafting laws that encompass every scenario that may exist. Getting close or attempting to would be doing a disservice to my constituents and to residents of our state who may be harmed by defective products. Instead, such deliberations determining the culpability of each party should be left in the hands of our judges and our juries. This would be compromising the same individuals we have trusted to elect us. Senate Bill 161 is simply another means of closing off the courthouse doors to injured, innocent Nevadans at the request of the same companies making profits off of them.

ASSEMBLYWOMAN DICKMAN:

I rise in support of Senate Bill 161. This bill simply brings us in line with other states and helps Nevada's businesses. I urge your support.

ASSEMBLYMAN OHRENSCHALL:

I rise in opposition to Senate Bill 161. All one needs to do is look at the headlines. Whether it is toys coming from overseas that have lead in them, whether it is lumber that has formaldehyde—we realize that as consumers, we are not on an equal footing. If a seller is going to go ahead and sell a product that has problems which can harm a consumer, they should be held liable. I believe this bill goes way too far for those of us who are worried about the consumer. I urge its defeat.

ASSEMBLYMAN GARDNER:

I rise in support of Senate Bill 161. As my colleague spoke about, this is all about getting the right person to pay: the person who made the mistake. That is what this bill is. We are not bringing in people who did not do anything. They did not create the bad product. They did not create these issues.

Also, I would like to remind my colleagues that all these products are regulated. These are not just something you put on your shelves. If you are selling in the U.S., there are lots of codes you have to follow, which are things we have talked about.

Finally, if we pass one perfect piece of legislation, I would love to see it. I think waiting until we have a perfect piece of legislation to pass it—we might as well go home if that is going to be the only way we are going to pass things. I think this is a great bill. It helps to focus on the people who actually created the problem instead of focusing on the innocent sellers.

ASSEMBLYMAN WHEELER:

I rise in support of Senate Bill 161. As one who used to be a manufacturer, I understand the problems with liabilities. When it is a manufacturing problem, we as manufacturers carry insurance to take care of it, whereas a lot of the people who sell our products do not carry that insurance. If it is an actual manufacturing problem, I believe we should be held liable, whereas the person who is simply selling something in a box really should not.

ASSEMBLYWOMAN CARLTON:

I rise in opposition to Senate Bill 161. The concern that I have as a parent is the recall portion, and we have not had any discussion about that. We are going to be giving immunity to the seller. When that toy, car seat, or crib is sold and there is a recall on it, if we cannot hold the seller accountable, how do we make sure those things are taken off the shelf?

I pulled up Recalls.gov just in the couple of minutes we have been talking about this. In April alone, I see pages and pages of recalls on toys for children that have lead in them. We thought we had lead in toys dealt with 20 years ago, but still we have problems with that. If we cannot hold the sellers accountable, how do we make sure that product gets taken off the shelf so that I do not inadvertently purchase it for—I hope someday to have some grandchildren? I want to know that the products I am picking up are safe and reliable products. I see this as shortcutting the consumer's information on what they can purchase.

The bill exempts a physician who works in a designated health professional shortage area, directly supervises the person, and does not currently supervise any other person receiving credit toward a medical degree.

The bill authorizes the Division of Public and Behavioral Health of the Department of Health and Human Services, the Board of Medical Examiners, the State Board of Osteopathic Medicine, and the Board of Examiners for Long-Term Care Administrators to enforce this prohibition with respect to their licensees.

In addition, a medical student who attends an accredited medical school is authorized to possess and administer a controlled substance or dangerous drug at the direction of a physician.

Remarks by Assemblymen Nelson, Fiore, and Neal.

ASSEMBLYMAN NELSON:

Senate Bill 175 revises the definition of "justifiable homicide" to include the killing of a person in defense of an occupied habitation or an occupied motor vehicle. The bill also establishes a rebuttable presumption that a person asserting justifiable homicide acted under the fears of a reasonable person and not in a spirit of revenge.

Under this measure, a person who has been convicted of a misdemeanor crime of domestic violence, as defined in federal law, is prohibited from owning or having possession, custody, or control of any firearm. Similarly, anyone against whom a court has issued an extended order for protection against domestic violence may not purchase or otherwise obtain a firearm during the time the order is in effect. A violation of these provisions is a category B felony.

Further, Senate Bill 175 requires the Department of Public Safety to annually determine and prepare a list of other states that require a person to complete any training, class, or program before being issued a permit to carry a concealed firearm in that state. A person who is issued a permit to carry a concealed firearm that was issued by a state on the list does not need to apply for a Nevada permit to carry a concealed firearm but must still comply with any existing laws governing the carrying of a concealed firearm in Nevada.

ASSEMBLYWOMAN FIORE:

I rise in support of Senate Bill 175. I have nicknamed this the infamous bill full of bills stolen by our Senator from District 20. I want to make sure that Assembly members from Districts 2, 39, 10, and the Senator from District 13 get full credit because this is their bill.

ASSEMBLYWOMAN NEAL:

I rise in strong opposition to Senate Bill 175 for two reasons. The bill offers a rebuttable presumption of fear not only in situations where—number one, fear is subjective. So if I were to approach a vehicle, although occupied by a person, how do you determine fear? I would have the burden of overcoming the belief that my colleague from District 27 was actually fearful. Having a rebuttable presumption on the side of the individual is unfair because it is so subjective.

The second reason why I am against this bill is in section 7. It keeps the person who potentially shot another individual from civil liability in an action. So I would not have a wrongful death lawsuit if it were my child or person who approached the vehicle and was shot in the face. I do not think an individual who could have acted inappropriately, who could have acted on some prejudicial belief of their fear, should be removed from all liability or I should have to overcome the burden of proving whether or not they were in fear. The original law does not give that presumption and I do not think that is good policy for the state of Nevada. So I rise in strong opposition to Senate Bill 175.

When the lender is in possession of the payment, it must release or reconvey the property securing the equity line of credit.

The bill grants a trustee who has been named as a defendant in an action solely because he or she is a trustee, and not because of any wrongdoing on the part of the trustee, the ability to file a declaration of nonmonetary status in the action. It additionally sets forth a process whereby any party to the action may, within reasonable time limits, object to the trustee's declaration and have the court decide the matter. If no objection is raised, or if the court determines that an objection is invalid, the trustee is not required to participate and is not subject to any damages or attorney's fees or costs. Should new information come to light at any point during the proceedings indicating that the trustee should be made a participant, the parties may move to amend the pleadings to include the trustee.

Finally, the measure allows a beneficiary to substitute as a trustee in order to fully or partially reconvey a deed of trust and provides that once time has expired to commence an action against a trustee, the rights of a bona fide purchaser in the matter will not be affected.

and directs a court, with certain exceptions, to give preference for a guardianship to a person named in a will, trust, or other document executed as part of an estate plan.

The bill provides that a ward who cannot afford to pay for a private guardian is eligible to have a public guardian appointed. There was testimony in your Committee on Judiciary that this would clarify a misinterpretation of our law from a court in California. It would help encourage further business in the spendthrift trust industry here in Nevada.

ASSEMBLYMAN ELLIOT ANDERSON:

I want to further the analysis of my colleague from District 12. In NRS [*Nevada Revised Statutes*] Chapter 166, we have a specific time limitation provision that applies to spendthrift trusts. The California court misapplied the general statute of limitation for all types of fraudulent transfers found in NRS Chapter 112. That analysis did not make any sense to me, and I think that this clarification will help our trust businesses.

It is a fairly long floor statement, so I would like to cut to the chase and tell you all what this does. In southern Nevada, we had some instances where we found medical records outside of a dumpster behind a building when somebody had moved or left their practice. Remarks by Assemblymen Stewart, Kirkpatrick, Elliot Anderson, and Paul Anderson.

ASSEMBLYMAN STEWART:

Senate Joint Resolution 17 proposes to amend the *Nevada Constitution* by eliminating existing victims' rights provisions found in Article 1, Section 8 and replacing them with an expanded set of provisions in the form of a victims' bill of rights.

Mr. Speaker, this bill is sometimes known as Marsy's Law. This is an effort to protect victims and to put them on a level playing field with the accused. This comes from Marsy, whose parents went shopping and found the person who had killed their daughter shopping in the same store as them. They had gotten no notification that this person had been released from jail. I strongly urge your support.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of S.J.R. 17. It is very hard for families who also feel any trauma that comes to a member of their family. I will speak for myself, having been in that position before. It does make a difference if the families can know what is going on. Whether you agree or disagree with that point, I do think it is important to let the voters decide whether or not they think that victims' families should enjoy the privilege of knowing when the perpetrator has made bail or probation. I would urge my colleagues to give the voters the opportunity to decide if that is important to them.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Senate Joint Resolution 17. Many of the provisions contained in here are already provided for in some of our existing laws. As a matter of fact, in terms of community safety, there are provisions for this in the bail factors. In addition, rather than putting a lot of these things in the *Constitution*, it would make more sense to put them in statute. These are provisions that may need to be changed a bit faster when you have an actual application of them. By putting them in the *Constitution*, we cannot adjust them as they come into practice. The reason that defendants' rights are put in the *Constitution* is to keep the power of the state at bay. We have had a long experience in this country with the power of the government being used against people who are innocent and that is why those rights are enshrined in the *Constitution*. They are not enshrined there to say that victims are less important. They are enshrined there to protect the people against the power of the state.

As we know, here at the Legislature, we have done great things for victims and we will continue to do good things for victims, but I think this is more appropriate in statute because we may need to change them more quickly than the constitutional amendment process would allow. Victims are not going to be prosecuted by the state. They are not going to be put in jail, and they are very

sympathetic individuals. For those reasons, not because I do not believe a lot of these should be law, I oppose Senate Joint Resolution 17.

ASSEMBLYMAN PAUL ANDERSON:

I rise in support of Senate Joint Resolution 17. Just like Marsy's Law, this is a victims' bill of rights dedicated to guaranteeing constitutional rights for Nevada's crime victims. Nevada is one of a handful of states that actually provides greater constitutional protections to those convicted of a crime than it does to the actual victims of a crime. Crime victims are often shut out of the process and this resolution would be dedicated to securing justice in their name. Should Nevadans approve this measure, this language would help even the scales of justice, protect those victims, and give them equal rights. I strongly encourage this body to vote in favor of S.J.R. 17.

Senate Bill No. 304.

Bill read third time.

The following amendment was proposed by Assemblywoman Fiore:

Amendment No. 880.

SUMMARY—Revises provisions relating to ~~[the use of safety belts in taxicabs.]~~ **motor vehicles.** (BDR 43-774)

AN ACT relating to motor vehicles; revising provisions relating to the use of safety belts in taxicabs; **creating the Subcommittee on Criminal and Civil Violations of Traffic Laws of the Advisory Commission on the Administration of Justice; revising the duties of the Advisory Commission to include the evaluation of issues relating to certain traffic and motor vehicle laws;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, with certain exceptions, each adult passenger who rides in a taxicab in this State is required to wear a safety belt. Existing law also provides that a violation of this requirement may not be considered: (1) as negligence or as causation in any civil action or as negligent or reckless driving; or (2) as misuse or abuse of a product or as causation in any action brought to recover damages for injury to a person or property resulting from the manufacture, distribution, sale or use of a product. (NRS 484D.500) ~~[This]~~

Section 1 of this bill removes the preceding legal limitations and expressly allows a violation of the requirement to wear a safety belt while riding in a taxicab to be considered for those purposes.

Section 2.5 of this bill creates the Subcommittee on Criminal and Civil Violations of Traffic Laws of the Advisory Commission on the Administration of Justice. Section 2.5 also: (1) requires the Chair of the Advisory Commission to appoint the members of the Subcommittee; (2) requires the Subcommittee to study issues relating to certain traffic laws and laws relating to drivers' licenses and to the registration of and insurance for motor vehicles, and the treatment of violations of such laws as criminal offenses or civil infractions; and (3) sets forth the salaries and per diem allowance that members of the Subcommittee may receive.

Existing law directs the Advisory Commission to study certain elements of this State's criminal justice system. Bill ordered reprinted, reengrossed and to third reading.

Senate Bill No. 307.

Bill read third time.

The following amendment was proposed by Assemblyman Ohrenschall:

Amendment No. 903.

AN ACT relating to public office; revising provisions relating to the lobbying of State Legislators; revising provisions regulating gifts to public officers and candidates for public office; revising provisions governing financial disclosure statements **and campaign finance reports** filed by such public officers and candidates; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law in the Nevada Lobbying Disclosure Act (Lobbying Act) prohibits lobbyists from giving State Legislators or members of their immediate family or staff any gifts that exceed $100 in value in the aggregate in any calendar year and prohibits those persons from soliciting or accepting any such gifts. (NRS 218H.930) In defining the term "gift," the Lobbying Act excludes the cost of entertainment, including the cost of food or beverages, so there is no limit on the amount of entertainment expenditures lobbyists may make for State Legislators or members of their immediate family or staff. (NRS 218H.060) If a lobbyist makes such expenditures, the lobbyist must disclose the expenditures by filing a report with the Director of the Legislative Counsel Bureau. (NRS 218H.400)

In addition to the disclosures required by the Lobbying Act, existing law, commonly referred to as the Financial Disclosure Act, requires State Legislators and other state and local public officers and candidates to disclose and report gifts received in excess of an aggregate value of $200 from a donor during a calendar year on financial disclosure statements filed with the Secretary of State. (NRS 281.558-281.581) Unlike the Lobbying Act, the

Financial Disclosure Act does not define the term "gift," but it excludes certain types of gifts from the reporting requirements. (NRS 281.571)

In 2007, when the Commission on Ethics had the statutory authority to interpret the Financial Disclosure Act, it determined that the law did not require a public officer from a jurisdiction near the proposed Yucca Mountain nuclear waste project to report on his financial disclosure statement that a nuclear fuel reprocessing company working as a contractor on the project paid for certain travel, lodging and meal expenses for the public officer and his spouse to undertake an educational or informational trip to France to learn more about nuclear fuel reprocessing and nuclear emergency preparedness by touring reprocessing facilities operated by the company and meeting with French stakeholders, local leaders and emergency responders. The Commission found that the Legislature had not established what constitutes a gift for the purposes of existing law and that "[n]o evidence exists that the act of accepting an invitation from [the company], to visit its nuclear reprocessing facilities in France and traveling to Europe for that purpose, constitutes a gift." (*In re Phillips*, CEO 06-23 (June 15, 2007))

By contrast, in the 2014 Financial Disclosure Statement Guide produced by the Office of the Secretary of State, the Guide includes as an example of a reportable gift "[t]ravel, lodging, food or registration expenses as part of a 'fact-finding' trip, which is part of the official or unofficial duties of a public officer, unless the expenses are paid by the candidate, [the] public officer, or the governmental agency that employs the public officer." (Nev. Sec'y of State, *Financial Disclosure Statement Guide*, p. 5 (2014)) However, because this example in the Guide was not promulgated by the Office of the Secretary of State in a regulation adopted under the Nevada Administrative Procedure Act, it does not have the force and effect of law. (NRS 233B.040; *State Farm Mut. Auto. Ins. v. Comm'r of Ins.*, 114 Nev. 535, 543-44 (1998); *Labor Comm'r v. Littlefield*, 123 Nev. 35, 39-43 (2007))

Sections 9 and 19 of this bill revise the Lobbying Act and the Financial Disclosure Act to establish a definition for the term "gift" that is similar for both acts. **Sections 4 and 17** of this bill also establish a definition for the term "educational or informational meeting, event or trip" that is similar for both acts. Under this bill, a gift does not include an educational or informational meeting, event or trip, but this bill requires the disclosure of such educational or informational meetings, events or trips. Specifically, under **sections 4, 8 and 11** of this bill, lobbyists are required to disclose any expenditures made for educational or informational meetings, events or trips provided to State Legislators, and under **sections 17, 20 and 27** of this bill, public officers and candidates are required to disclose on their financial disclosure statements any educational or informational meetings, events or trips provided by interested persons having a substantial interest in the legislative, administrative or political action of the public officer or the candidate if elected.

Sections 9 and 12 of this bill prohibit lobbyists from knowingly or willfully giving gifts in any amount to State Legislators or members of their immediate

family or staff, whether or not the Legislature is in a regular or special session. Those sections also prohibit State Legislators or members of their immediate family or staff from knowingly or willfully soliciting or accepting gifts in any amount from lobbyists, whether or not the Legislature is in a regular or special session.

Sections 2, 3, 15, 16, 18 and 21-33 of this bill revise the Lobbying Act and the Financial Disclosure Act to update and modernize the statutory language, remove redundant provisions and promote consistency between the acts.

Existing law regulates campaign finance practices, including the reporting of campaign contributions. (Chapter 294A of NRS) Existing law requires candidates to file campaign finance reports with the Secretary of State disclosing each monetary contribution received in an amount greater than $100 by certain statutorily scheduled dates during an election year and to file such reports annually after nonelection years. (NRS 294A.120)

Section 39.2 of this bill requires candidates who receive monetary contributions in an amount greater than $100 to report each such contribution to the Secretary of State not later than 72 hours after receiving the contribution. The report must be filed electronically with the Secretary of State unless the candidate qualifies for an exception from electronic filing. Section 39.3 of this bill requires the Secretary of State to create and maintain application software which is designed for use on a mobile device, such as a smartphone or tablet computer, and which must allow candidates to file their campaign finance reports electronically with the Secretary of State using such a mobile device.

Finally, **section 41** of this bill provides that the provisions of this bill apply to public officers and candidates beginning on January 1, 2016. However, **section 40** of this bill states that the provisions of this bill do not apply to a financial disclosure statement that is filed by a public officer or candidate to report information for any period that ends before January 1, 2016. As a result, although most public officers will be required to file a financial disclosure statement on or before January 15, 2016, which must disclose information for the 2015 calendar year, the provisions of this bill will not apply to the information that must be disclosed for the 2015 calendar year. (NRS 281.559, 281.561)

By contrast, most candidates for a public office in 2016 will be required to file a financial disclosure statement, not later than the 10th day after the last day to qualify as a candidate for the office, which must disclose information for: (1) the 2015 calendar year; and (2) the period between January 1, 2016, and the last day to qualify as a candidate for the office. (NRS 281.561) For these candidates, the provisions of this bill will not apply to the information that must be disclosed for the 2015 calendar year but will apply to the information that must be disclosed for the period between January 1, 2016, and the last day to qualify as a candidate for the office.

Assemblyman Ohrenschall moved the adoption of the amendment.

Remarks by Assemblymen Ohrenschall, Stewart, Carlton, Wheeler, and Spiegel.

ASSEMBLYMAN OHRENSCHALL:

This amendment has the chance to really move Nevada from the bottom of the heap in terms of transparency and campaign reporting to being a leader in the nation. Fourteen other states have what is called "fast-track reporting." Most of those states require, in varying forms, a candidate to disclose contributions between 24 and 48 hours, earlier than the 72 hours I am proposing in this amendment.

Mr. Speaker, for years Nevada has been chastised for our disclosure, for our transparency. All one needs to do is go to the website of the Center for Public Integrity. It is a national think tank that looks at these laws across the states. You will see that Nevada's grade is a D-. We are rated forty-second out of the fifty states in terms of our disclosure in campaign funding. Our constituents deserve to know who is funding the campaigns that send us here, that send the constitutional officers to their seats, that send their city councilmen, their county commissioners—every office in the state. People deserve to know who is funding these and they do not need to wait months—or in the off year, 12 months—to find out who is funding these races.

I urge adoptions of this amendment. This amendment will move us from the bottom of the heap to the leader in the nation in terms of transparency and disclosure.

ASSEMBLYMAN STEWART:

I rise in opposition to this amendment. My colleague has some good intentions, but I think Senate Bill 307, as it stands, will bring some great transparency to our campaign situation. I think this amendment puts an undue burden on the candidates to have to report within such a short period of time. I urge opposition to this amendment.

ASSEMBLYMAN OHRENSCHALL:

If you will look at the last page of the amendment, I have included language which asks the Secretary of State to develop an app for cell phones and tablets so that candidates in that 72-hour time frame could report any contribution over $100. Until that app is available, we have the Aurora system, which provides for online reporting. It has been very successful. All of us have used it and we realize it has made life a lot easier than the old days of filling out the reports by

hand or on a typewriter. Under the current system, it is not going to be onerous. Once the app is developed, it will be even less onerous. I think it is time. We are in the twenty-first century. People have a right to this kind of knowledge. They want that and we need to give this to our constituents.

ASSEMBLYMAN STEWART:

If I can respond to my colleague. He might be very apt in apps, but there are a lot of people who are not. I think this puts an undue burden. Again, three days—a person might be out of town or sick. All kinds of things could happen. There might be family problems. I think this puts an undue burden on a campaigner.

ASSEMBLYWOMAN CARLTON:

I rise in support of Amendment 903 to Senate Bill 307. I have been in this building since 1999. My first campaign was in 1998. I actually filled out those forms at the kitchen table with paper, Wite-Out, and a pen, trying to figure out how to do all this. We have made leaps and bounds. The Aurora system has made it so easy. I was one of the people standing in front of it and saying I do not want to do this. This is not going to work. But now with the autofill that is there, it is so easy. You pick the amount and insert it. I did not know how to turn on a computer when I came into this building in 1998, and I can handle that. It is very user-friendly.

As far as the three days go, it is all about when it is in your hand. Let us be reasonable. We are working towards full disclosure, full transparency. I believe three days is plenty of time. I wanted to take this further, and they reined me back. I would like to see us go even further with this and have even more disclosure during the interim, and I would love to see electronic funds transfer so I do not have to handle checks. I do not think there is any reason that any candidate or politician in the state should be handling a check anymore. They are outdated. We need to figure out a way to do electronic funds transfers so there is a true tracking mechanism for all these dollars. I see no problem with 72-hour reporting. If I can do it, anybody can do it.

ASSEMBLYMAN WHEELER:

While I agree with my colleague, the Chair of Legislative Operations and Elections, that my other colleagues have the best intentions here, I think one of the things that we are forgetting is that developing an app can cost anywhere from thousands of dollars to hundreds of thousands of dollars. I think the citizens of Nevada would like us to spend our money a little bit more wisely than that. I believe this bill without the amendment is a very good bill.

ASSEMBLYMAN OHRENSCHALL:

If I may respond to the concern of the Chair of Legislative Operations and Elections that someone might be out of town and not realize that a check has arrived in the mail. *Nevada Administrative Code* 294A.091 states that a contribution is not deemed to have been received until 14 days after a person has knowledge and actual physical possession of that contribution. That is the regulation now. Of course, the Secretary of State would have regulatory authority to promulgate new regulations under the bill as passed. The regulation now says you have to have knowledge and actual physical possession, so there would be no problem with a check that is sitting in the mail when you are out of town.

In terms of the development of the app, certainly the Secretary of State would not have to do that immediately. They could work it into their budget. The Aurora system is already a very good system, and I doubt that the app would be very costly to develop.

ASSEMBLYWOMAN SPIEGEL:

I rise in support of Amendment 903 to Senate Bill 307. The people of Nevada have told us time and time again that they want transparency in their government. They believe that good government requires an openness of government. This amendment goes a long way in helping to ensure transparency.

In response to my colleague from Assembly District 39, when you look at the value of transparency, even if it is $5,000 or $10,000 to develop an app—at this point, the prices are coming down and it probably would not even be that expensive—you are talking about pennies per person in Nevada. The cost of transparency, the value of transparency, is more than offset by

the minimal cost there might be. I urge my colleagues to stand up in support of transparency for the people of Nevada.

ASSEMBLYMAN OHRENSCHALL:

Senate Bill 307 aligns certain provisions in the Nevada Lobbying Disclosure Act and Nevada's Financial Disclosure Act. The bill revises the definitions of "expenditure" and "gift" as they relate to reporting by lobbyists and public officers. Pursuant to the measure, lobbyists are required to disclose expenditures made for educational or informational meetings, events, or trips provided to legislators and public officers. Furthermore, candidates must report on their financial disclosure statements such meetings, events, or trips that have been provided by interested persons, as defined in the bill. Categorical reporting of expenditures made by a registered lobbyist is replaced by the itemization of such expenditures as set forth in regulations adopted by the Legislative Commission.

Senate Bill 307 provides that a lobbyist shall not knowingly or willfully give any gift to a member of the Legislative Branch and a member shall not accept any gift from a lobbyist. This prohibition applies whether or not the Legislature is in session. The bill clarifies which persons constitute members of the household of a public officer or candidate for public office. The Secretary of State is required to provide access through a secure website for the purpose of filing these statements electronically. Finally, Senate Bill 307 provides that the required nonelection year contribution and expense reports, as well as the disposition of unspent contributions reports, must be filed 15 days after the end of that nonelection year.

Of course, I would have liked to have seen my amendment added to the bill. The body did not see fit to do that. But even without the amendment, I think this bill improves the conditions in terms of our lobbying law and our financial disclosure. I urge its passage.

The following amendment was proposed by Assemblywoman Seaman:

Amendment No. 947.

AN ACT relating to taxation; authorizing the board of trustees of a school district under specified circumstances to adopt a resolution establishing the formation of a Public Schools Overcrowding and Repair Needs Committee to recommend the imposition of certain taxes to fund the capital projects of the school district; providing that if such a Committee is formed and submits its recommendations to the board of county commissioners within the time prescribed, the board of county commissioners is required to submit a question

to the voters at the 2016 General Election asking whether the recommended taxes should be imposed in the county; requiring the board of county commissioners to adopt an ordinance imposing any such taxes that are approved by the voters; providing for the use of the proceeds of such taxes for certain school purposes; providing for the prospective expiration of the authority of a board of trustees to establish such a Committee; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill authorizes the board of trustees of a school district to establish by resolution a Public Schools Overcrowding and Repair Needs Committee to recommend the imposition of certain taxes for consideration by the voters at the 2016 General Election to fund the capital projects of the school district. Under this bill, a Committee may not be established by the board of trustees of a school district in a county in which there is imposed for the benefit of a school district a tax on the gross receipts from the rental of transient lodging or a tax on transfers of real property, or both (currently Clark County).

Sections 2 and 2.5 of this bill provide that if such a Committee is established, the Committee may recommend the imposition of one or more of the following taxes: (1) an additional tax on the gross receipts from the rental of transient lodging in the county; (2) a supplemental governmental services tax for the privilege of operating a vehicle upon the public streets, roads and highways of the county; (3) ~~[an additional tax on the transfer of real property in the county; (4)]~~ an additional sales and use tax in the county; and ~~[(5)]~~ **(4)** an additional property tax in the county. The recommendations of the Committee must specify the rate or rates for each of the recommended taxes and may specify the period during which the recommended taxes will be imposed. If the Committee submits its recommendations to the board of county commissioners by April 2, 2016, the board of county commissioners is required to submit a question to the voters at the November 8, 2016, General Election asking whether any of the taxes recommended by the Committee should be imposed in the county. If a majority of the voters approve the question, the board of county commissioners is required to impose the approved taxes at the rate specified in the question submitted to the voters. If a majority of the voters approve the imposition of an additional property tax, the additional rate is exempt from the partial abatement of property taxes on certain property and the requirement that taxes ad valorem not exceed $3.64 on each $100 of assessed valuation.

Section 3 of this bill provides that the proceeds resulting from the imposition of such taxes: (1) must be deposited in the fund for capital projects of the school district; and (2) may be pledged to the payment of the principal and interest on bonds or other obligations issued for certain school purposes.

Section 4 of this bill provides that the provisions of this bill authorizing the board of trustees of a school district to establish such a Public Schools Overcrowding and Repair Needs Committee expire by limitation on April 2, 2016.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Assemblywoman Seaman moved the adoption of the amendment.

Remarks by Assemblymen Seaman, Elliot Anderson, Armstrong, Sprinkle, Joiner, and Benitez-Thompson.

ASSEMBLYWOMAN SEAMAN:

Senate Bill 411 authorizes the board of trustees of a school district to establish by resolution a Public Schools Overcrowding and Repair Needs Committee to recommend the imposition of certain taxes to be placed on the 2016 General Election ballot to fund capital projects. Under the bill, the Committee may recommend increasing a series of taxes ranging from a tax on transient lodging, a supplemental governmental services tax on vehicles, and a sales and use tax. This amendment will eliminate one of those options: an additional tax on the transfer of real property in the county.

I urge all my colleagues to support this amendment.

ASSEMBLYMAN ELLIOT ANDERSON:

I have a question for my colleague from District 34. Is this a friendly amendment from the bill's sponsor? I want to know if you have had a chance to speak with her.

ASSEMBLYWOMAN SEAMAN:

I spoke with the Chair. I did hear that Senator Smith was okay with my amendment. Does my colleague want to answer that?

ASSEMBLYMAN ARMSTRONG:

Thank you, Assemblywoman from District 34. To my colleague from District 15, I was informed that the amendment was acceptable to the bill's sponsor.

ASSEMBLYMAN ELLIOT ANDERSON:

I am not sure that she has. She has not gotten in touch with us to say that she supports it, so I am wondering if we could try to get some information from her before we vote on this amendment.

ASSEMBLYMAN SPRINKLE:

To the last question, I also have not been given any indication that the sponsor of this bill has even been given the opportunity to discuss this amendment. I have not had a chance to see this amendment myself until just a little while ago. To the sponsor of the amendment, what is the intent of removing this one part of the tax? This is supposed to be an advisory panel that will then put something to the voters specifically in Washoe County. What was the rationale behind removing one of the questions the panel is going to be considering?

ASSEMBLYMAN ARMSTRONG:

I guess prior to the Assemblywoman speaking to the intent of that, I would say that the amendment was placed on your desk during the first floor session today.

ASSEMBLYMAN SPRINKLE:

Thank you, but I was looking for the justification, Mr. Speaker, because I have not had a chance to hear from anybody as to why this is being proposed.

ASSEMBLYWOMAN JOINER:

I believe my question is similar to my colleague's. As a co-sponsor on this measure, I did not know that this was coming. I would like to know why, specifically, this one tax out of the five that are in the bill was selected to be removed? What is the reason for that? How is it different from the other taxes and why was it selected?

ASSEMBLYWOMAN BENITEZ-THOMPSON:

My question comes as one of the primary joint sponsors of the bill. Many of the joint sponsors of the bill, including my colleague from Assembly District 30 and my colleague from Assembly District 24, were very supportive of this bill because what it sought to do was to put together an advisory board of local business community members to talk about the needs specific to Washoe County and whether or not our community would favor an advisory question regarding more revenue for capital needs for our schools. A lot of local work and effort was put into this language. As people who reside in the area and have to go back and answer to our constituents on this, the intent of this was local control and local conversation about a local need. The question remains: Why is such an amendment being proposed when the joint sponsors are not in support?

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

The Chair of Taxation has assured the floor that he has been in contact with the sponsor. Am I correct?

ASSEMBLYMAN ARMSTRONG:

Let me clarify. The sponsor of the bill did not directly contact me. I was told through indirect contact that the sponsor of the bill was amenable to this amendment.

Amendment No. 959.

AN ACT relating to arbitration; authorizing the removal of ~~[an arbitrator]~~ **certain arbitrators** from an arbitral proceeding under certain circumstances; prohibiting ~~[an arbitrator]~~ **certain arbitrators** from consolidating separate arbitral proceedings or other claims under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Uniform Arbitration Act of 2000. (NRS 38.206-38.248) Under existing law, a person who is requested to serve as an arbitrator must disclose to all parties to the agreement to arbitrate and arbitral proceeding and to any other arbitrators any facts that a reasonable person would consider

likely to affect the impartiality of the arbitrator in the proceeding. Existing law also authorizes a court, upon a timely objection by a party, to vacate an award made by an arbitrator who did not disclose such a fact. (NRS 38.227) **Section 1** of this bill prohibits ~~[an arbitrator]~~ **certain arbitrators** from consolidating separate arbitral proceedings or other claims unless all parties expressly agree to such consolidation. **Section 2** of this bill requires a court to remove ~~[an arbitrator]~~ **certain arbitrators** who did not disclose such a fact from the arbitral proceeding if an award has not yet been made.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 38.224 is hereby amended to read as follows:

38.224 1. Except as otherwise provided in subsection 3, upon motion of a party to an agreement to arbitrate or to an arbitral proceeding, the court may order consolidation of separate arbitral proceedings as to all or some of the claims if:

(a) There are separate agreements to arbitrate or separate arbitral proceedings between the same persons or one of them is a party to a separate agreement to arbitrate or a separate arbitral proceeding with a third person;

(b) The claims subject to the agreements to arbitrate arise in substantial part from the same transaction or series of related transactions;

(c) The existence of a common issue of law or fact creates the possibility of conflicting decisions in the separate arbitral proceedings; and

(d) Prejudice resulting from a failure to consolidate is not outweighed by the risk of undue delay or prejudice to the rights of or hardship to parties opposing consolidation.

2. The court may order consolidation of separate arbitral proceedings as to some claims and allow other claims to be resolved in separate arbitral proceedings.

3. The court may not order consolidation of the claims of a party to an agreement to arbitrate if the agreement prohibits consolidation.

4. ~~[An] ***Except as otherwise provided in this subsection, an arbitrator may not consolidate separate arbitral proceedings or other claims unless all parties expressly agree to the consolidation. This subsection does not apply to an arbitral proceeding conducted or administered by a self-regulatory organization, as defined by the Securities Exchange Act of 1934, 15 U.S.C. § 78c(a)(26), the Commodity Exchange Act, 7 U.S.C. §§ 1 et seq., and any regulations adopted pursuant thereto.***

Sec. 2. NRS 38.227 is hereby amended to read as follows:

38.227 1. Before accepting appointment, an individual who is requested to serve as an arbitrator, after making a reasonable inquiry, shall disclose to all parties to the agreement to arbitrate and arbitral proceeding and to any other arbitrators any known facts that a reasonable person would consider likely to affect the impartiality of the arbitrator in the proceeding, including:

(a) A financial or personal interest in the outcome of the arbitral proceeding; and

(b) An existing or past relationship with any of the parties to the agreement to arbitrate or the arbitral proceeding, their counsel or representatives, a witness or another arbitrator.

2. An arbitrator has a continuing obligation to disclose to all parties to the agreement to arbitrate and arbitral proceeding and to any other arbitrators any facts that the arbitrator learns after accepting appointment which a reasonable person would consider likely to affect the impartiality of the arbitrator.

3. If an arbitrator discloses a fact required by subsection 1 or 2 to be disclosed and a party timely objects to the appointment or continued service of the arbitrator based upon the fact disclosed, the objection may be a ground under paragraph (b) of subsection 1 of NRS 38.241 for vacating an award made by the arbitrator.

4. ~~[If]~~ ***Except as otherwise provided in this subsection, if*** the arbitrator did not disclose a fact as required by subsection 1 or 2, upon timely objection by a party ~~[,]~~ ***and a determination by*** the court under paragraph (b) of subsection 1 of NRS 38.241 ~~[may vacate]~~ ***that the nondisclosed fact is one that a reasonable person would consider likely to affect the impartiality of the arbitrator in the arbitral proceeding, the court shall:***

(a) Vacate an award ~~[,]~~ ***made before the objecting party discovered such fact; or***

(b) If an award has not been made before discovery of such fact, remove the arbitrator from the arbitral proceeding.

➥ This subsection does not apply to an arbitral proceeding conducted or administered by a self-regulatory organization, as defined by the Securities Exchange Act of 1934, 15 U.S.C. § 78c(a)(26), the Commodity Exchange Act, 7 U.S.C. §§ 1 et seq., and any regulations adopted pursuant thereto.

5. An arbitrator appointed as a neutral arbitrator who does not disclose a known, direct and material interest in the outcome of the arbitral proceeding or a known, existing and substantial relationship with a party is presumed to act with evident partiality for the purposes of paragraph (b) of subsection 1 of NRS 38.241.

6. If the parties to an arbitral proceeding ***expressly*** agree to the procedures of an arbitral organization or any other procedures for challenges to arbitrators before an award is made, substantial compliance with those procedures is a condition precedent to a motion to vacate an award on that ground under paragraph (b) of subsection 1 of NRS 38.241.

Sec. 3. NRS 38.241 is hereby amended to read as follows:

38.241 1. Upon motion to the court by a party to an arbitral proceeding, the court shall vacate an award made in the arbitral proceeding if:

(a) The award was procured by corruption, fraud or other undue means;

(b) There was:

(1) Evident partiality by an arbitrator appointed as a neutral arbitrator;

(2) Corruption by an arbitrator; or

(3) Misconduct by an arbitrator prejudicing the rights of a party to the arbitral proceeding;

(c) An arbitrator refused to postpone the hearing upon showing of sufficient cause for postponement, refused to consider evidence material to the controversy, or otherwise conducted the hearing contrary to NRS 38.231, so as to prejudice substantially the rights of a party to the arbitral proceeding;

(d) An arbitrator exceeded his or her powers;

(e) There was no agreement to arbitrate, unless the movant participated in the arbitral proceeding without raising the objection under subsection 3 of NRS 38.231 not later than the beginning of the arbitral hearing; or

(f) The arbitration was conducted without proper notice of the initiation of an arbitration as required in NRS 38.223 so as to prejudice substantially the rights of a party to the arbitral proceeding.

2. A motion under this section must be made within 90 days after the movant receives notice of the award pursuant to NRS 38.236 or within 90 days after the movant receives notice of a modified or corrected award pursuant to NRS 38.237, unless the movant alleges that the award was procured by ***evident partiality,*** corruption, fraud or other undue means, in which case the motion must be made within 90 days after the ground is known or by the exercise of reasonable care would have been known by the movant.

3. If the court vacates an award on a ground other than that set forth in paragraph (e) of subsection 1, it may order a rehearing. If the award is vacated on a ground stated in paragraph (a) or (b) of subsection 1, the rehearing must be before a new arbitrator. If the award is vacated on a ground stated in paragraph (c), (d) or (f) of subsection 1, the rehearing may be before the arbitrator who made the award or the arbitrator's successor. The arbitrator must render the decision in the rehearing within the same time as that provided in subsection 2 of NRS 38.236 for an award.

4. If the court denies a motion to vacate an award, it shall confirm the award unless a motion to modify or correct the award is pending.

Sec. 4. This act becomes effective upon passage and approval.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

This amendment prohibits certain arbitrators from consolidating separate arbitral proceedings or other claims unless all parties expressly agree to such consolidation. It requires a court to remove certain arbitrators who did not disclose certain facts from arbitral proceedings if an award has not yet been made. The provisions do not apply to an arbitral proceeding conducted or administered by a self-regulatory organization as defined by the Security and Exchange Act of 1934.

Bill read third time.

The following amendment was proposed by Assemblyman Gardner:

Amendment No. 953.

AN ACT relating to marijuana; revising the crime of counterfeiting or forging a registry identification card for the medical use of marijuana; defining certain terms, including "concentrated cannabis"; revising the definition of marijuana for certain purposes; making it unlawful to extract concentrated cannabis; **revising the provisions pertaining to trafficking in marijuana and concentrated cannabis;** providing for the issuance of a letter of approval to certain children that allows such children to engage in the medical use of marijuana; revising certain exemptions from state prosecution for marijuana related offenses; revising provisions governing the return of seized marijuana, paraphernalia or related property from certain persons; providing that certain records created by the Division of Public and Behavioral Health of the Department of Health and Human Services relating to the medical use of marijuana are not confidential; authorizing the Division to issue a registry identification card; revising provisions relating to the location and operation of medical marijuana establishments; authorizing law enforcement agencies to adopt policies and procedures governing the medical use of marijuana by employees; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it a crime, punishable as a category E felony, for a person to counterfeit or forge or attempt to counterfeit or forge a registry identification card, which is the instrument that indicates a bearer is entitled to engage in the medical use of marijuana. (NRS 207.335) **Section 1** of this bill makes it unlawful to: (1) counterfeit or forge or attempt to counterfeit or forge a letter of approval; or (2) possess with the intent to use any such counterfeit or forged registry identification card or letter of approval. Existing law defines marijuana for the purposes of the regulation of controlled substances. (NRS 453.096) Existing law also provides criminal penalties for various acts involving a schedule I controlled substance, including, without limitation, possession, manufacture, compounding, importation, distribution, sale, transfer, trafficking or driving under the influence. (NRS 453.316-453.348, 484C.110, 484C.120, 488.410) In addition to criminal penalties, existing law provides for civil penalties against a person who engages in certain acts involving the unlawful manufacture, distribution or sale of a schedule I controlled substance. (NRS 453.553-453.5533)

Sections 1.2-1.5 and 2 of this bill define certain terms, including "concentrated cannabis," and revise the definition of marijuana for the purposes of regulating controlled substances. **Section 7 of this bill revises the quantities of marijuana and concentrated cannabis for the purposes of the prohibition against trafficking. Section 8** of this bill makes it unlawful to knowingly or intentionally extract concentrated cannabis. A person who violates such a provision is guilty of a category C felony.

Existing law exempts a person who holds a valid registry identification card from state prosecution for possession, delivery and production of marijuana. (NRS 453A.200) The Division of Public and Behavioral Health of the Department of Health and Human Services may either issue a registry identification card that has been prepared by the Department of Motor Vehicles to a person who meets certain qualifications or designate the Department of Motor Vehicles to issue a registry identification card to such a person. (NRS 453A.210, 453A.220, 453A.740) A person under the age of 18 years can obtain a registry identification card if the custodial parent or legal guardian with responsibility for health care decisions for the person agrees to serve as the designated primary caregiver for the person and the person meets certain other requirements. (NRS 453A.210) **Sections 17 and 18** of this bill require the Division to issue a letter of approval to an applicant who is under 10 years of age stating that the Division has approved the person's application to be exempted from state prosecution for engaging in the medical use of marijuana if the applicant meets these requirements instead of requiring the applicant to obtain a registry identification card that is prepared or issued by the Department. **Section 18** also prescribes the required contents of a letter of approval.

Section 13.3 of this bill provides that: (1) an employee of the State Department of Agriculture who possesses, delivers or produces marijuana in the course of his or her duties is exempt from certain offenses relating to marijuana; and (2) no person may be subject to state prosecution for constructive possession, conspiracy or any other criminal offense solely for being in the presence or vicinity of the medical use of marijuana.

Section 13 of this bill provides that a person who obtains a letter of approval is exempt from certain offenses relating to the possession of marijuana or paraphernalia, but not offenses relating to the delivery and production of marijuana. **Sections 17 and 22** of this bill require the custodial parent or legal guardian of a child under the age of 10 years who obtains a letter of approval to agree to serve as the designated primary caregiver for the child. **Section 18** requires the Division to issue a registry identification card to the designated primary caregiver of the holder of a letter of approval. **Sections 25-27** of this bill authorize a medical marijuana establishment to acquire marijuana from and dispense marijuana to the designated primary caregiver of a person who holds a letter of approval in the same manner as for a patient who holds a registry identification card.

Sections 19-23 of this bill make certain provisions concerning the revocation and expiration of a registry identification card, the designation of a primary caregiver and acts for which the holder of a registry identification card is not exempt from state prosecution applicable to the holder of a letter of approval. **Sections 29 and 30** of this bill authorize a patient who holds a valid letter of approval and his or her designated primary caregiver to select one medical marijuana dispensary to serve as his or her designated medical marijuana dispensary. **Sections 31-34** of this bill make certain rights and

protections for persons who hold a registry identification card and persons who assist such persons in the medical use of marijuana applicable to a person who holds a letter of approval and a person who assists a person who holds a letter of approval as well.

Section 26.5 of this bill allows a medical marijuana establishment to move to a new location under the jurisdiction of the same local government if the local government approves the new location. **Section 27** of this bill allows a medical marijuana establishment to use certain pesticides in the cultivation and production of marijuana, edible marijuana products and marijuana-infused products. **Section 36.7** of this bill requires the Division to revise its regulations to conform with the provisions of **sections 26.5 and 27**.

Section 27.5 of this bill allows a medical marijuana establishment to transport medical marijuana or enter into a contract with a third party to transport medical marijuana to another medical marijuana establishment or between the buildings of the medical marijuana establishment.

Existing law provides certain acts for which the holder of a registry identification card is not exempt from state prosecution for certain offenses relating to marijuana. (NRS 453A.300) **Section 23** provides that such a person is not exempt from state prosecution for possessing marijuana or paraphernalia on school property.

The Nevada Constitution requires the Legislature to provide by law for protection of the plant of the genus *Cannabis* for medical purposes and property related to its use from forfeiture except upon conviction or plea of guilty or nolo contendere. (Nev. Const. Art. 4 38) Existing law requires a district attorney of the county in which marijuana, drug paraphernalia or other related property was seized, or the district attorney's designee, to make a determination that a person is engaging in or assisting in the medical use of marijuana under certain circumstances. (NRS 453A.400) **Section 31** removes the requirement to make such a determination and instead requires law enforcement to return any usable marijuana, marijuana plants, drug paraphernalia and other related property that was seized upon: (1) a decision not to prosecute; (2) the dismissal of the charges; or (3) acquittal.

Section 34 also provides that the Division shall not disclose the contents of any tool used by the Division to evaluate an applicant or affiliate or certain other information regarding an applicant or affiliate.

Section 35 of this bill authorizes the Division to issue a registry identification card rather than requiring that the card be prepared by the Department of Motor Vehicles. **Section 35** further provides that the Division will issue a letter of approval to a qualified person and authorizes a fee for providing an application and processing a letter of approval in the same amount as for a registry identification card.

Existing law does not require an employer to modify the job or working conditions of an employee who engages in the medical use of marijuana, but does require that an employer must attempt to make reasonable accommodations for the employee under certain circumstances.

(NRS 453A.800) **Section 36** of this bill provides that a law enforcement agency is not prohibited from adopting policies or procedures that preclude an employee from engaging in the medical use of marijuana.

Assemblyman Paul Anderson moved that Senate Bill No. 68 be taken from its position on the General File and placed at the bottom of the General File.

Motion carried.

GENERAL FILE AND THIRD READING

Senate Bill No. 114.

Bill read third time.

Remarks by Assemblymen Trowbridge, Elliot Anderson, O'Neill, Thompson, Fiore, Titus, and Oscarson.

ASSEMBLYMAN TROWBRIDGE:

Senate Bill 114 requires the State Board of Pharmacy to allow a law enforcement officer to have Internet access to the prescription drug monitoring program database if the employer of the officer approves and submits certification to the Board that the officer meets certain requirements. The officer is limited to accessing the database to investigate a crime related to prescription drugs. The employer is required to monitor the use of the database by the officer and establish appropriate disciplinary action for any misuse. The Board, the Investigation Division of the Department of Public Safety, or a law enforcement agency must notify any person whose information has been intentionally accessed by an improper person or for an improper purpose.

The bill is effective October 1, 2015.

ASSEMBLYMAN ELLIOT ANDERSON:

I have a question for my colleague from Assembly District 37. I am looking at this, and this is pretty sensitive prescription information. I am wondering, Do the police have to have any probable cause or a search warrant or anything before they get this very private information? It seems edgy to me without having some probable cause because this is certainly getting into people's private lives.

ASSEMBLYMAN TROWBRIDGE:

It has to be in the course of a normal criminal investigation relating to drugs.

ASSEMBLYMAN ELLIOT ANDERSON:

To follow up, Mr. Speaker, in the course of a normal criminal investigation, I feel like you should have some sort of probable cause that there is a crime there and have this signed off on by a judge before they can take it.

ASSEMBLYMAN O'NEILL:

Mr. Speaker, may I add some additional information to assist on that question? To my esteemed colleague from the south, the requirement is that the officer has to have a drawn case number, which means paper has to be written and verified. Currently, the Department of Public Safety's Investigation Division has this authority. It has had it for several years. They go ask the pharmacists to look at specific individuals. They cannot go on a fishing expedition. It is recorded. The information is available. I think it has been happening; it has been covered. We have not had any problems. This just expands to allow other law enforcement agencies, under certain guidelines, to go forward with it.

ASSEMBLYMAN THOMPSON:

I want to state for the record that this was heard in Judiciary and I had concerns about the fact that there does not seem to be an outlined auditing trail. We talked to the bill sponsors. Hopefully, there will be some type of frequent auditing system to ensure that an auditing trail becomes a deterrent so there is less abuse of the system. It is very confidential information. When you are dealing with prescription drugs, that is a person's personal issue they may be going through. We do not want to use this as another form of persecuting somebody or trying to make someone guilty of something just because they might be on prescription drugs. I will be supporting this; however, I hope that we will have this in the statute.

ASSEMBLYWOMAN FIORE:

I rise in extremely strong opposition to Senate Bill 114. Being in the health care industry, I cannot see how this complies with HIPAA [Health Insurance Portability and Accountability Act]. Nevertheless, once our law enforcement is actually in the database, they can look at other things. I urge all my colleagues to vote no on this measure. This is not kosher.

ASSEMBLYWOMAN TITUS:

I rise in very strong opposition to Senate Bill 114. I am disappointed it has been brought this far. I have voiced my opinion and my concerns all along. My noted colleague from the Carson area is correct. Law enforcement has been doing this for a number of years, then it was brought to their attention that this may not be legal so now this bill comes forward to allow them to access patient data. I am quite concerned about it. I do think they should have a search warrant to do this, more than just a number. I would urge everyone to vote against this bill.

ASSEMBLYMAN OSCARSON:

I rise in support of Senate Bill 114. This bill was vetted in your Committee on Health and Human Services. We were assured that people were going to be screened and how they got into this plan would be monitored. In addition, it was Title 40, so that is why it went to our committee. We were assured by our legal team here in the building that it was HIPAA-compliant. We are not in violation of HIPAA.

Assemblymen Wheeler, Silberkraus, and Stewart moved the previous question.

The following amendment was proposed by Assemblywoman Kirkpatrick:

Amendment No. 941.

AN ACT relating to local governments; revising provisions relating to the reopening of a collective bargaining agreement during a period of fiscal emergency; excluding certain money from collective bargaining negotiations and from consideration in determining the ability of local governments **[**, other than school districts,**]** to pay compensation and monetary benefits; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes certain mandatory subjects of bargaining in the negotiation of a collective bargaining agreement between a local government employer and a recognized employee organization. Among these mandatory subjects is a requirement that the parties bargain over procedures and requirements for the reopening and renegotiation of the agreement during periods of fiscal emergency. Currently, the existence of such an emergency is determined on the basis of revenue shortfalls or other criteria agreed to by the parties. (NRS 288.150) **Section [1] 1.5** of this bill authorizes a local government to reopen a collective bargaining agreement during a fiscal emergency and sets forth the circumstances under which such an emergency shall be deemed to exist. The procedural requirements relating to the reopening of the agreement **generally** remain a mandatory subject of bargaining. **Before a local government may reopen an agreement, section 1 of this bill requires that the local government notify each affected employee organization and the Committee on Local Government Finance, and the Committee must concur that such an emergency exists.**

Existing law provides for the resolution of an impasse in collective bargaining through fact-finding, arbitration or both, but imposes limitations on the money that a fact finder or arbitrator may consider in determining the financial ability of a local government employer to pay compensation or monetary benefits. (NRS 288.200, 288.215, 288.217, 354.6241) **Section 2** of this bill provides **[**, for certain governmental funds of a local government other than a school district,**]** that **[**a budgeted**]** **an amount equal to an** ending fund balance of not more than **[**25**]** **16.6** percent of the **[**total budgeted expenditures, less capital outlay,**]** **general fund and all the other funds and accounts of a local government, combined,** is not subject to negotiation and cannot be considered by a fact finder or arbitrator in determining ability to pay.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 288 of NRS is hereby amended by adding thereto a new section to read as follows:**

1. If a local government employer determines that a fiscal emergency exists as defined by paragraph (a) of subsection 4 of NRS 288.150, it shall give written notice of its determination to the recognized employee organization, if any, for each bargaining unit among its employees and to the Committee on Local Government Finance. The notice must be accompanied by a copy of any audit report or other document on which the local government employer has relied in making its determination.

2. The Committee on Local Government Finance shall promptly conduct a public hearing on the matter and determine whether a fiscal emergency exists as described in subsection 1. Not later than 10 days after the close of the hearing, the Committee shall give written notice of its determination to the local government employer and each recognized employee organization, if any. If the Committee determines that a fiscal emergency exists, the local government employer may proceed as provided in subsection 4 of NRS 288.150.

➥ Any action taken under the provisions of this subsection must not be construed as a failure to negotiate in good faith.

5. The provisions of this chapter, including without limitation the provisions of this section, recognize and declare the ultimate right and responsibility of the local government employer to manage its operation in the most efficient manner consistent with the best interests of all its citizens, its taxpayers and its employees.

6. This section does not preclude, but this chapter does not require, the local government employer to negotiate subject matters enumerated in subsection 3 which are outside the scope of mandatory bargaining. The local government employer shall discuss subject matters outside the scope of mandatory bargaining but it is not required to negotiate those matters.

7. Contract provisions presently existing in signed and ratified agreements as of May 15, 1975, at 12 p.m. remain negotiable.

Assemblywoman Kirkpatrick moved the adoption of the amendment.

Remarks by Assemblywoman Kirkpatrick.

ASSEMBLYWOMAN KIRKPATRICK:

Section 1 of this amendment allows for the Committee on Local Government Finance to promptly conduct a public hearing to ensure that all of the fiscal needs are met before the emergency happens. Section 2 puts back the schools and still allows for the reopening of any collective bargaining agreement. I would ask the body to support it.

Senate Bill No. 193.

Bill read third time.

Remarks by Assemblymen Kirner, Kirkpatrick, Carlton, Jones, Ohrenschall, Diaz, and Dickman.

ASSEMBLYMAN KIRNER:

Senate Bill 193 removes provisions requiring compensation for overtime for hours worked in excess of 8 hours in any workday, while retaining provisions requiring that compensation for overtime be paid to certain employees for hours worked in excess of 40 hours in any week of work. This will be effective October 1, 2015.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in opposition to Senate Bill 193. There have been a lot of things that we have done this session, but I do not know that we have ever taken away the 8-hour workday from many folks who are in this building. What I will tell you is, this is a true change to our state. I get that in

committee they talked about 47 other states that do something similar, but I would tell you that trying to work on amendments that were amenable so we could address the issues in construction—sure, you put back one piece of the construction, but now construction workers will no longer be able to work after the 8 hours in one day and get that overtime unless, of course, they have 40 hours.

Let us talk about the service industry. They do not always get 40 hours per week, but now they will be asked to work 10- and 12-hour days? That is a true thing that happens every single day in the service industry. If somebody calls out, somebody else has to stay. By the way, we are a state that relies on the service industry.

I am disappointed that we are having this discussion. I am disappointed that we could not work on an amendment that made sense for business and that made sense for the constituents we all represent. I will not support this and go home and tell my constituents that I think it is okay they do not get paid time and a half after 8 hours.

The one point I brought up in committee that was not addressed was many of our state workers make $10 an hour. They would not be subject to overtime unless they worked 40 hours in a week. If you do not believe me, all you have to do is go on the job website and you can see what they get paid. We have talked about this all session long. At the very least, the people who stay here late into the night to help us, and they do not make one and a half times the rate to be allowed to have overtime? I think it is terrible that we would even consider something like this. I hope that business is happy.

ASSEMBLYWOMAN CARLTON:

I rise in opposition to Senate Bill 193. I take this bill personally. I work an 8-hour shift. I have worked in an at-will state. I was lucky enough to get a good union job where I did not have to worry about being taken advantage of by my employer. The 8-hour day is one of the few things that a minimum wage worker in the service industry has to protect them from being abused. I can tell you that in the 16 years I have knocked on doors—and I will tell you what, I will make that 18 years because I have worked on other people's campaigns—I have not heard one person say to me, Go to the Legislature and take away my overtime.

I had a conversation with my husband today on the phone. He had a probationer in his office who has to show his paycheck. The only thing that was keeping that guy alive was his overtime. When you looked at his regular hours, it was one thing. But when you looked at the overtime pay, that is what allowed him to survive. He only works maybe 30 or 32 hours a week, but he is getting overtime and he is just making it. He is happy to have a job. What is going to happen when we take that extra money away from him? Mr. Speaker, I cannot support this. My constituents did not send me here to lower their paychecks.

ASSEMBLYMAN JONES:

I rise in support of this bill. I can speak from personal experience. I am an employer. I am a job creator. The people who work in my production facility prefer four 10-hour days because it gives them a three-day workweek. I am sure we can all find examples of potential abuse, but if somebody feels they are being abused, they can always find another job if they so please. But my employees appreciate the four 10-hour days because it gives them an extra day off for the weekend.

ASSEMBLYMAN OHRENSCHALL:

I rise in opposition to Senate Bill 193. In response to my colleague from the southwest Clark County, this is not about the four-day, 10-hour workweek. I think the Democrats on the committee were willing to look at the 4/10 issue. This is about people who are trying to make ends meet. They may work for a temporary agency or a day labor agency. They get sent out and maybe get 15 or 20 hours at one job, work another 15 or 20 hours at a different job, and will put in those 12-hour days. A lot of those workers are single parents, single moms, who are trying to support a family. I do not think we came to the Legislature to kick them in the shins. We are going to be hurting the people who are most vulnerable and who are really struggling to survive. I urge this bill's defeat.

ASSEMBLYWOMAN DIAZ:

I rise in opposition to Senate Bill 193. I stand in opposition today because this affects people in my district. When I walked my district during the election cycle, I heard time and time again that my constituents had to have two part-time jobs for years. Not for one month, not six months—for years. There are some who have been working two part-time jobs for three years now because the employers are not giving them 40-hour weeks. If we take this overtime away, what you are telling my constituents is, Get a third job because now we are going to make you work 10-hour shifts. You do not have any recourse because you are a part-timer, plus we are not going to pay you what we should be paying you.

What we complain the most about is our constituents having to put their hands out for state services. So if we want to continue to have more of our folks on state services instead of being able to pay for themselves, if we want to make them dependent on our social services, I think this is the right way to go. So please, my constituents need the overtime, especially in this day and age when getting a 40-hour workweek—I commend my colleague from the south who says he gives his employees 40 hours a week. My constituents do not have that luxury and because of that, I am a firm no. I urge opposition to this measure.

ASSEMBLYWOMAN DICKMAN:

I rise in strong support of Senate Bill 193. We are one of the few states that has a more stringent overtime law than the federal government. This is very hard on small businesses, like many of us in this body have. We cannot afford to pay our employees overtime for more than 8 hours. When they work more than 40 hours, we do. A lot of times our people like to work 10 hours, maybe 9 hours. Sometimes we need them for more hours and sometimes we do not. They are very happy for an opportunity to work over 40 and get their overtime. Many of the employees that I know have asked for this. I appreciate your support on this bill and I urge a yes.

ASSEMBLYWOMAN DICKMAN:

Senate Bill 229 provides for the issuance of special license plates indicating support for the rights guaranteed by the Second Amendment to the *United States Constitution*. The fees generated by such special license plates, in addition to all other applicable registration and license fees and governmental services taxes, must be deposited with the State Treasurer and distributed to the Nevada Firearms Coalition or its successor on a quarterly basis. Such funds are to be used only to provide or pay for firearm training or firearm safety education. These special license plates must be approved by the Commission on Special License Plates and, after approval, will not be issued until one of the 30 design slots for special license plates becomes available. A surety bond must be posted with the Department of Motor Vehicles.

I would like to urge a yes vote on this bill. I think we have been waiting a long time to honor our Second Amendment, and a lot of people are waiting in line for these plates.

ASSEMBLYWOMAN SEAMAN:

I urge all of my colleagues to vote for this. As my colleague from the north has said, we have been waiting a long time. Please support these license plates.

ASSEMBLYWOMAN CARLTON:

On Senate Bill 229, I have the same question I asked earlier in the session about Girl Scouts and Boy Scouts license plates. My understanding is that this plate will go into the queue, and I am receiving a "yes" nod from the Assemblywoman who proposed the bill.

Even with that, I rise in opposition to Senate Bill 229. I was in opposition to the Boy Scouts/Girl Scouts bill. If we are going to have a Commission on Special License Plates, let us use it. There is no reason to bring costly legislation and to take time and energy away from the Legislature in the mere 120 days we have to get our work done. They simply have to place the application with the Special License Plate Commission and go through the process like everyone else. No one is special. Everyone should be treated the same.

If I can tell the Girl Scouts and Boy Scouts no, I can say no to this one also. It is not against the Second Amendment; it is the fact that we have a process in place and it is being circumvented this session for the first time since that Commission was established. I voted no against the Commission, but still we are all supposed to play by the rules.

Assemblyman Paul Anderson moved the adoption of the amendment.

ASSEMBLYMAN PAUL ANDERSON:

Sections 2.3 and 3.3 of this bill provide that if real property is located within a service area of a municipal utility, the provisions of services by the municipal utility to the property may not be conditioned upon the property owner agreeing to annexation of the real property.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of this amendment. In southern Nevada, we truly have an issue where people are feeling like they are being forced to annex their property in order to receive utility services. For as long as I have been in this building, we have had that discussion. Everybody promises that it does not really happen, but I can tell you that there are constituents that border District 13 and District 1 that are constantly being caught in that battle. They have been calling for months asking us to address it. I reached out to the local government, and they said, Oh, well, too bad. You want our water and sewer? You have to annex.

This will give the constituents one more opportunity to make sure they do not have to annex just to have the utilities they should be provided.

Amendment adopted.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

Senate Bill 286 revises various provisions governing funeral and cemetery services. The measure authorizes the Nevada Funeral and Cemetery Services Board to issue permits for the operation of direct cremation facilities and licenses to persons to engage in the business as a funeral arranger.

This last interim, I had the privilege of being the chair of the Sunset Subcommittee of the Legislative Commission. The previous session, we had put the Nevada Funeral and Cemetery Services Board on the chopping block to be terminated, but they have done an amazing job in turning themselves around. The bipartisan effort to bring forth the Sunset Subcommittee has proven itself worthy. I ask for your support on Senate Bill 286.

Senate Bill 294 allows the Department of Corrections to enter into a contract with an offender granting the offender use of telecommunication devices for the purposes of employment and education. An offender who resides at a Department of Corrections restitution center or transitional housing facility, which has approved the offender's use of the device, may access a network for the purpose of obtaining approved educational or vocational training, looking or applying for work, performing essential job functions, or for other purposes required by an employer to perform essential job functions.

I urge our body to support this bill. It truly helps the transition from the restitution center or transitional housing facility to be more fluid so the offenders can start rebuilding their lives and

contributing back to the community immediately upon release. If we do not do this, we are going to continue to see an increase in people accessing social services. We are going to see increased homelessness and recidivism. I strongly urge our body to support this bill.

Senate Bill 305 authorizes an institution of higher education or the State Department of Agriculture to grow or cultivate industrial hemp under an agricultural pilot program or for other agricultural or academic research and requires that each site used to grow industrial hemp be certified and registered with the Department. The bill also authorizes the State Board of Agriculture to adopt regulations to carry out the provisions of the bill, including, if necessary, regulations relating to cannabidiol. Finally, S.B. 305 excludes industrial hemp, which is grown or cultivated pursuant to the provisions of the bill, from certain crimes relating to marijuana.

ASSEMBLYMAN THOMPSON:

Senate Bill 314 revises the composition of a health district in a county whose population is 700,000 or more, currently Clark County, to include a chief medical officer and a public health advisory board. Certain members of the district board of health no longer serve as voting members and instead comprise the public health advisory board. Members of the advisory board serve as nonvoting members of the district board of health and include one resident of each city in the county and three other members, each of whom is to be selected based on his or her specific background or expertise. Members of the district board of health are prohibited from designating

another person to vote, participate in a discussion, or otherwise serve on his or her behalf. The bill provides for the appointment, job description, qualifications, and compensation of a chief medical officer and revises provisions relating to a district health officer.

Senate Bill 314 was the combined efforts of the Governance Reform Committee of the Southern Nevada Forum, a topic that has been studied by this Legislature over several sessions. It streamlines the current board of health and creates a separate and distinct advisory board that will contain both subject matter experts and community members who can advise the board of health on those public health matters of importance to southern Nevada. I truly urge this body to support this bill.

ASSEMBLYWOMAN WOODBURY:

I rise in opposition to Senate Bill 314. This bill adds an extra layer of bureaucracy that does not make governance simpler, more efficient, or more transparent. Quite the opposite. The public does not need an administrative CEO making emergency public health decisions based primarily on the bottom line. Rather, they need a medical professional making those decisions based on the most up-to-date health knowledge and data, just like their chief health officer does now. Having two heads with differing opinions and priorities would only cause indecision, delays, and dissention. It is an unfunded mandate. If passed, this will cost the health district another $300,000 to $500,000, which means they will have to cut staff or programs or both out of an already strained budget.

The current size and composition of the health district board provides checks and balances that protect the interests of various industries, the smaller jurisdictions like Boulder City and Mesquite, and underserved minorities. Everyone has a voice. Removing three of the appointed members from the board—one physician, one in nursing, and one in environmental health—will take away their voice. Elected officials, unless they happen to be in the health care industry, are not the experts, so why do we want to take away the power of the appointed board members and give more power to the elected officials who play an important role but have little, if any, expertise in these areas? And by reducing the number of board members, the smaller jurisdictions like Boulder City, Mesquite, and even Henderson and North Las Vegas, all of whom already only have one representative and one vote compared to the two votes of Clark County and the City of Las Vegas, will have even less of a voice. This would reduce the checks and balances and diminish the voice of the industries and smaller jurisdictions even further than they already are.

If another voice is needed, I would support the provision in this bill that establishes an advisory council to make recommendations to the board. But why make such sweeping changes to the make-up of the board and add another layer of bureaucracy without having provided the board with a report of the findings that led to this legislation or any specifics about complaints or changes that need to be made? They have informed me they have requested this on multiple occasions so they can first work to address the alleged issues. I strongly oppose this measure based on these procedural and policy issues and appeal to my colleagues to please join me in voting no.

ASSEMBLYMAN THOMPSON:

In response to the statement of my colleague, first of all, I want to say this is not increasing bureaucracy. It is actually creating efficiencies that are needed. Our community in southern Nevada has grown significantly since we have made any type of changes to this board. We have a plethora of health and regulatory issues we need to deal with. In order to do so, we need to have adequate administration and, yes, we do need to have a chief medical officer. That is the rationale for the changes we need to make for our community.

Secondly, I want to say that even though you only see two sponsors on this bill, this bill is on the backs of over 300 people representing many industries that deal with the health district. This was done through the Southern Nevada Forum. It was carefully vetted. It was an extremely transparent process. We had numerous meetings—anybody could have come to those meetings to express their opinions at that point.

As far as saying that we are reducing the voices, we are actually increasing the voices. It was mentioned that Boulder City would only have one representative when in actuality there would be two or more; you would have an elected official who sits on the board and, because we want to expand it and get that community effort, you would have a person from the community that would actually be speaking. Those are the people that go in the doors of the health district daily. Even

though they may not be medical doctors, their voice and their experience counts. I know there has been a lot of opposition to this, but I really want you to think about this. This is something we need for southern Nevada. We have lots of issues. Please vote yes for this bill.

ASSEMBLYWOMAN KIRKPATRICK:

My colleague from Assembly District 17 did such an eloquent job, but I would like to put some real perspective on this, so I rise in support of Senate Bill 314. Quite frankly, this might cost me my job when I get home, but what the heck. Our job here is to write good policy for this state to ensure that everybody has a voice.

We started the Southern Nevada Forum and met for well over one year. We had close to 44 elected officials from just Clark County who participated. Frankly, there were three county commissioners who participated in that who sit on the health district board. There were two city council people who participated who also sit on that health district board. They, too, agreed with us that it has become a rubber stamp situation.

Mr. Speaker, we serve food to over 44 million people in Clark County in one year. We have an amazing rate of what our health violations are when it comes to ensuring that people have good, safe food to eat. One of the reasons that people come to Clark County is for the food experience. This is the real thing that goes on in Clark County. To say that it is going to be an unfunded mandate—maybe they should give back that property tax fee they get that is a guaranteed mandate for Clark County, which goes from Clark County to the health district.

The health district has been trying to work with folks, but only because we put in legislation and only because well over 300 people said in a secret ballot that they wanted to address this issue. I would like to ask my colleagues if they think that it is fair that the health district can put in things that say, Hey, I know you have this amazing buffet and I know you have 15 stations, but you only get 10 points. But here is the thing: If you give me $2,000 for every single permit, I will let you have 10 points for every single permit you get.

Why not change the code? You know why? Because they do not want to. And you know why? Because there is nobody who actually has to work. There are real chefs who are losing their jobs over these things, but they do not want to change it. They adopted 165 pages of regulations with no input. They got input from somebody in Laughlin on what works on the Strip. I do not understand how that works. They are totally different things.

They started addressing it. They started reaching out to the restaurant association, so we dialed back what we wanted. It was much more egregious and, quite frankly, maybe we should have gone there anyway. We need to be focusing on immunizations to make sure that kids are safe and healthy in school. We talk about how we had a measles outbreak in Washoe County. What if we had had one in Clark County? Who would we have gone to? The board does not let you discuss that. There is no real representation on the board.

Think about the people who were involved. It is more than just one or two issues; there are a lot of issues. You want to shut down Bouchon because the handwashing sink is not in the same place? The health district approved that but, Oh, I changed my mind. We met with all the health inspectors and all of those folks and asked, What does a chef do if they want to debate this, because every health inspector does things differently? Guess what they said? Challenge them. I will tell you what—challenging a health inspector is like challenging a cop on a DUI. I do not know if that ever works out well for you. If you have to challenge a health inspector, you take the chance of losing your job. Not only the hotel or the restaurant who is going to get a black label on them for not doing something right, based on something that is not always black and white. That is one portion of what the health district should be doing. All we are asking is that they divide their duties so that people can make real decisions that affect those 44 million people who come to Clark County who help fund this state by. I urge you to support this.

ASSEMBLYMAN ARMSTRONG:

I have a question for my colleague from Assembly District 17. For me, the issue that has been raised is that the health district does not support this. So my question is, Do you know if the health district supports this? There is a question of the transparency of this process that has occurred because there were a lot of complaints, and they were never provided any information regarding those complaints.

ASSEMBLYMAN THOMPSON:

I want to reiterate that this was not done in a vacuum. The head of the health district attended two of our meetings, so it is incumbent upon that person to inform their board. Secondly, no, the health district has not made a statement as to whether they support or reject this. There were statements on both ends of representatives on the board representing themselves as a private citizen but not as a voice of the health district.

ASSEMBLYMAN ARMSTRONG:

I have a follow-up question to my colleague regarding the transparency. There were a lot of complaints that came up throughout this process. Was information about the complaints given to the health district so they could cure those items?

ASSEMBLYMAN THOMPSON:

To my colleague, this was not complaint-focused. This was not the impetus of this bill. I want to make that clear. This was not one complaint, two complaints, a thousand complaints. This was a group of stakeholders who came together collectively and said this is what is necessary for us to have a highly efficient and effective health district.

ASSEMBLYMAN ARMSTRONG:

Mr. Speaker, one more follow-up question. If we are saying they are not efficient at this point, were they provided the information as to why they are not efficient or how they could cure that themselves? Or are we just saying that we as the Southern Nevada Forum, or however that was decided, know how to do the job more efficiently than the health district itself?

ASSEMBLYMAN THOMPSON:

What I am saying is that there were stakeholders that worked daily with the health district and through their experience, which is very valid, they came together with us—and another thing, we looked at best practices. We did not just say, This sounds about right. We looked at and talked to people in other states and at models within our state that were highly effective. So that is how we looked at that.

ASSEMBLYMAN THOMPSON:

Senate Bill 370 requires the State Barbers' Health and Sanitation Board to oversee the examination for a license as a barbering instructor but prohibits the Board from administering any part of the examination. The bill provides that the examination for a license as an instructor must include a practical demonstration and written test. The Board must contract with a national organization to administer the examination for such a license and use only proctors who are licensed barbers in Nevada and approved by a national organization to administer the practical demonstration portion of the examination.

The measure provides that an applicant for license as an instructor who fails to pass the examination may retake the examination as many times as it is offered within one year of the initial examination without completing further study in a barber school. If after one year of taking the initial examination the applicant does not pass, he or she must complete 250 hours of further study.

The bill revises the ratio of students enrolled in a barber school to instructors required to be on the premises of the barber school and requires a barber school to have at least one barber's chair for each student present during instruction in the barber school. Finally, the bill requires an applicant for a license to operate a barber school to submit information to the Board demonstrating that the barber school will be owned and operated by at least two instructors.

I strongly urge our body to support this bill. Barbering is a high-demand profession in Nevada. It yields entrepreneurs, and this bill encourages and supports the opportunity for additional barber schools in Nevada. I just want to share with you the fact that there is only one barber school in our great state of Nevada. In comparison, there are a few hundred in our neighboring state, California, and a few in Arizona. We lose out because our students have to go outside of this state for this profession. This is a great opportunity for us to expand this business in our state, so I totally urge your support of this bill.

The bill funds existing Zoom schools, allows additional elementary schools to receive funding, and expands the program to a limited number of middle schools and high schools in Clark and Washoe Counties. Additional services concerning the recruitment and retention of personnel, parental engagement, and professional development are added to the program, but no more than 2 percent of the funding provided may be used for such purposes.

This bill requires the State Board of Education to prescribe statewide performance levels and outcome indicators for Zoom schools and requires the Department to contract for an independent evaluation of the effectiveness of Zoom schools. It further requires the State Board of Education to recommend legislation for the 79th Session of the Nevada Legislature defining "long-term limited English proficient" and prescribing a procedure for districts and charter schools to separately count and report data concerning students so defined.

ASSEMBLYMAN SILBERKRAUS:

Senate Bill 406 makes various changes to the Public Employees' Retirement System, PERS, the Judicial Retirement Plan, and the Legislators' Retirement System for persons who become members on or after July 1, 2015. Among other things, the bill revises certain factors used to calculate retirement benefits; requires the forfeiture of retirement benefits for a member convicted

of certain felonies committed on the job; revises the manner in which postretirement increases and benefit payments are calculated; provides an additional survivor benefit option for current and future members; changes the age of eligibility to receive retirement benefits for members, other than police officers or firefighters; requires members of the Judicial Retirement Plan to pay 50 percent of the required contributions to the plan; and repeals the June 30, 2015, expiration of certain provisions relating to retired public employees who fill positions for which there are critical labor shortages.

ASSEMBLYWOMAN CARLTON:

I had a question on Senate Bill 406 which I did discuss with the Chair of the committee earlier in the day, and I want to share these concerns with the body. When we look at the yellow document that we have, section 2, page 5, we are talking about the conviction portion and the return of the retirement money. The concern I have is that families make retirement investments together. There could be a spouse and children impacted by this. I know this is on employees going forward, so I hope that no one will be harmed by this in the future.

I have to be honest with you, when I am getting married, I am not planning on marrying a felon, but sometimes that happens. I would hate to see the spouse and children lose the time value of that money which the family has invested and planned for in their retirement. If that person does go to prison, the other spouse is left to deal with the family issues. As we move forward with this, I hope we will address this. I hope it does not hurt anyone in the future. We will have time to do this, but I think it is something we really should consider. We are penalizing a whole family for one person's misdeeds.

ASSEMBLYMAN ELLISON:

I agree with my colleague from down south. An individual convicted of a felony in the course of his or her work should not receive the benefits of taxpayer contributions. They will get all the individual contributions made to the system, so they will receive whatever they paid in. It just will not be the match. Only new employees starting after July 1, 2015, will be part of a deal going forward, which does not affect existing employees.

ASSEMBLYMAN O'NEILL:

Senate Bill 444 revises provisions governing a special motion to dismiss a claim that is based upon a good faith communication concerning the right to petition or the right to free speech in direct connection with an issue of public concern.

The timeline for a response and ruling on a special motion to dismiss is increased from 7 days to 20 judicial days. Any discovery is limited to the purposes of allowing a party to obtain information necessary to meet or oppose the burden of the party who brought the claim to establish by clear and convincing evidence a probability of prevailing on the claim. Lastly, the court may modify any briefing or hearing deadlines relating to a complaint if such modification would serve the interests of justice.

ASSEMBLYMAN OHRENSCHALL:

Senate Bill 446 establishes a framework for the ratification of certain corporate actions and clarifies the ability to establish various powers, designations, limitations, and restrictions for classes and series of stock. The measure provides that stockholder meetings may be held remotely; revises incorporation language across *Nevada Revised Statutes* for consistency; eliminates the provision of effective dates for the formation of limited-liability companies and limited partnerships; and aligns the effect of a conversion with that of a merger.

I think one of the striking things Senate Bill 446 does is provide for these virtual meetings so that the officers will not necessarily have to physically fly here to the state. I did have some concerns as to what that would do to our economy, and they were alleviated. There are still many things that will bring those officers to the state, so I do urge support of this bill.

Senate Bill 464 exempts a person under 21 years of age from criminal liability for possession or consumption of alcohol if the person requests emergency medical assistance for himself, herself, or another person.

The exemption applies, however, only if the person making the request reasonably believes that the person for whom emergency medical assistance is requested is under 21 years of age; reasonably believes the person needs such assistance; is the first person to request emergency medical assistance for the person; remains with the person requiring such assistance; and cooperates with providers of emergency medical assistance, health care providers, and law enforcement.

The bill also prohibits the sale, purchase, possession, or use of powdered alcohol and makes a violation of these provisions a misdemeanor.

Senate Bill 471 provides an exception to the requirement that eligibility for the monthly Health Reimbursement Arrangement contribution and basic group life insurance benefit otherwise provided by PEBP [Public Employees' Benefits Program] to Medicare-eligible retirees requires enrolling in an individual Medicare medical plan through the state's individual Medicare market exchange.

Specifically, the PEBP Board and the Governor recommend that participating retirees who are veterans and eligible for and/or enrolled in TRICARE receive an exemption to the NRS [*Nevada Revised Statutes*] requirement to enroll in a Medicare medical insurance plan. The cost to the plan is estimated at $2,238 per TRICARE-eligible retiree per year. The cost of implementing Senate Bill 471 was included in the Governor's recommended budget for PEBP, which was approved by the Senate Committee on Finance and Assembly Committee on Ways and Means Subcommittees on General Government on April 30, 2015.

ASSEMBLYMAN PAUL ANDERSON:

Senate Bill 472, as amended, amends NRS [*Nevada Revised Statutes*] 287.045 to revise the effective date of coverage for eligible participants to be either the first day of full-time

employment, if that date is the first day of the month; or the first day of the month immediately following the first day of full-time employment of the eligible participant.

The intent of Senate Bill 472 is to ensure compliance with two aspects of health care reform under the federal Affordable Care Act: compliance with the requirement that the waiting period for health insurance coverage not exceed 90 days, and to ensure that highly compensated employees are not treated more favorably than lower-compensated employees.

Historically, NSHE [Nevada System of Higher Education] professional staff have been eligible for coverage either on the first day of employment, if employment begins on the first of the month, or on the first day of the following month. Senate Bill 472, as amended, creates equal treatment for all eligible participants.

Remarks by Assemblymen Moore, Sprinkle, Kirkpatrick, Seaman, and Ellison.

ASSEMBLYMAN MOORE:

Senate Bill 477 authorizes a governing body of any county or incorporated city to adopt a building code or take any other action that requires the installation of an automatic fire sprinkler system in a new residential dwelling unit that has an area of livable space of 5,000 square feet or more. On or after July 1, 2015, such a governing body may adopt a building code or take any other action that requires the installation of an automatic fire sprinkler system in a new residential dwelling unit that has an area of livable space of less than 5,000 square feet only if the governing body conducts an independent cost-benefit analysis of the proposed requirement to install an automatic fire sprinkler system and makes certain findings at a public hearing.

ASSEMBLYMAN SPRINKLE:

I rise in opposition to Senate Bill 477. In the end, this bill is about public safety. Residential sprinklers save people's lives. As someone who goes into these buildings and tries to get people out, eight minutes is a long time for me to be responding. These sprinklers save lives. I am opposed to this bill because many jurisdictions are currently already carved out of this bill. They already have code in place, and they are exempt from what this is trying to do. However, certain major jurisdictions in southern Nevada do not have that. So with this bill, what is going to happen is they are going to have to spend money—a lot of money—to get these analyses done if they want to have residential sprinkler systems in their code. On top of that, they are also going to have to do the same analysis every time they want to change their code. It is going to make it incredibly cumbersome for the counties or the jurisdictions to do this, which ultimately is going to lead to no residential sprinkler systems in these houses and the potential for people to die. I strongly oppose this bill.

ASSEMBLYWOMAN KIRKPATRICK:

I, too, rise in opposition to Senate Bill 477. I remember a time in this building when we actually thought about constituents, we thought about public safety, and we thought about things that mattered back home. However, with this bill, I am perplexed. If you have a house over 5,000 square feet, then you have to follow the fire sprinkler code. But if you do not have a house of that size, then you can go to the county and you can lobby your way through; you can change the codes. I do not know about most of you in here, but I live in a house under 5,000 square feet, and if I do not have a fire department close to me, I want those sprinklers.

For people to say that insurance rates are going to go up, it is quite the contrary. Back in the day in North Las Vegas, when we were a bedroom community, we were way out in the desert in the dirt and nobody wanted to be out there; there were no fire stations and there were no police stations. So we put in sprinklers and it did not cost any more because at the end of the day, it helped ensure that that house fire could be put out in a much quicker manner.

What I do have a problem with are all the folks in this room who always want to talk about regulation and talk about being inefficient as a government, and here we are allowing them to continue to spend money to go out and get public comment from everybody on public safety. I cannot figure out for the life of me this session which way we are supposed to go. I am consistent, and I would like to stay with the tone I had in 2009 when we adopted some of these codes. We made sure they worked across the board, and we allowed local government to do what was best for them rather than putting in all these hoops they have to jump through.

I would just like to put that on the record, Mr. Speaker. Public safety comes above and beyond all costs. No matter how much money you get in the world, you cannot replace someone's life. If we have not thought that through, then we are here for all the wrong reasons.

ASSEMBLYWOMAN SEAMAN:

I rise in support of Senate Bill 477. This bill will help lower housing costs without jeopardizing safety by eliminating unnecessary regulations. Homebuilders will still be allowed to include any features they desire in their product. All we are doing is freeing these builders from regulations that impose costs far in excess of any benefits. I will be voting yes, and I encourage all of you to vote yes as well.

ASSEMBLYMAN ELLISON:

I stand in support of Senate Bill 477. We worked quite a bit on this, and we are trying to get through all the loops. We did find out a lot of things. This is not a one-system-fits-all. Mostly in the state of Nevada, we have areas with low water pressure, we have stuff with large tanks, stuff that is up on the side of a mountain that you could not get these systems into. One of the things that is a problem is not just the cost, but that it will not fit everywhere.

Mr. Speaker, if you will look back through, we are having trouble with the 2009 and the 2012 codes. What we are asking for is to take a look at this and bring it back. That is going to be the big thing. This is enabling for some of these cities. Right now, if you want to build a house with a fire sprinkler, I do not care if it is 900 square feet, you can do that. Nobody says you cannot. We are just saying, let us look at all the options that are out there. One of the big costs a lot of people are not looking at is going to be for the insurance for those with sprinkler systems. I urge all my colleagues to please stand strong and support Senate Bill 477.

Senate Bill 482 eliminates the authority of boards of county commissioners to set the annual salaries of their members and establishes those salaries by statute. The bill provides that the salaries for county commissioners and certain other elected county officials increase by 3 percent in each fiscal year for each of the next four fiscal years beginning with Fiscal Year 2015-2016, unless the board of county commissioners determines that insufficient financial resources are

available to pay the increased salaries. Finally, Senate Bill 482 authorizes an elected officer, including a county commissioner, to elect not to receive any part of the salary to which he or she is entitled.

The following amendment was proposed by Assemblyman Kirner:

Amendment No. 962.

AN ACT relating to professions; authorizing certain qualified professionals who hold a license in the District of Columbia or another state or territory of the United States to apply for the issuance of an expedited license by endorsement to practice in this State; revising provisions relating to certain

limited licenses to practice medicine as a resident physician; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 1.3, 1.5, 6.3, 6.4, 6.7, 7, 8.5, 11, 13.1, 14, 18, 19, 25, 28, 32, 35, 36, 41, 45 and 50-54 of this bill authorize certain qualified physicians, podiatrists, other providers of health care and professionals to obtain an expedited license by endorsement to practice their respective professions in this State if the physician, podiatrist, other provider of health care or professional holds a valid and unrestricted license to practice in the District of Columbia or another state or territory of the United States and meets certain other requirements. Specifically, an expedited license by endorsement may be obtained from the Board of Medical Examiners, the State Board of Nursing, the State Board of Osteopathic Medicine, the State Board of Podiatry, the State Board of Optometry, the Board of Examiners for Audiology and Speech Pathology, the State Board of Pharmacy, the State Board of Physical Therapy Examiners, the Board of Occupational Therapy, the Board of Massage Therapists, the Board of Psychological Examiners, the Board of Examiners for Marriage and Family Therapists and Clinical Professional Counselors, the Board of Examiners for Social Workers and the Board of Examiners for Alcohol, Drug and Gambling Counselors. **Sections 1.3 and 8.5** require a physician or osteopathic physician to be certified in a specialty recognized by the American Board of Medical Specialties or the American Osteopathic Association, as applicable, to obtain such an expedited license by endorsement.

Existing law authorizes the Board of Medical Examiners and the State Board of Osteopathic Medicine to issue a limited license to practice medicine as a resident physician to an applicant who meets certain requirements. (NRS 630.265, 633.401) **Sections 5 and 9** of this bill require, with limited exceptions, the Board of Medical Examiners and the State Board of Osteopathic Medicine to issue those limited licenses.

(c) Proof that the physician satisfies the requirements for licensure set forth in NRS 630.160 or the requirements for licensure by endorsement set forth in NRS 630.1605 ~~[.]~~ ***or section 1.3 of this act;***

(d) Acknowledgment that the practice of the physician under the special volunteer medical license will be exclusively devoted to providing medical care:

(1) To persons in this State who are indigent, uninsured or unable to afford health care; or

(2) As part of any disaster relief operations conducted by a governmental entity or nonprofit organization; and

(e) Acknowledgment that the physician will not receive any payment or compensation, either direct or indirect, or have the expectation of any payment or compensation, for providing medical care under the special volunteer medical license, except for payment by a medical facility at which the physician provides volunteer medical services of the expenses of the physician for necessary travel, continuing education, malpractice insurance or fees of the State Board of Pharmacy.

3. If the Board finds that the application of a physician satisfies the requirements of subsection 2 and that the retired physician is competent to practice medicine, the Board shall issue a special volunteer medical license to the physician.

4. The initial special volunteer medical license issued pursuant to this section expires 1 year after the date of issuance. The license may be renewed pursuant to this section, and any license that is renewed expires 2 years after the date of issuance.

5. The Board shall not charge a fee for:

(a) The review of an application for a special volunteer medical license; or

(b) The issuance or renewal of a special volunteer medical license pursuant to this section.

6. Assemblyman Kirner moved the adoption of the amendment.

Remarks by Assemblyman Kirner.

ASSEMBLYMAN KIRNER:

Amendment 962 to Senate Bill 68 provides that an applicant for licensure by endorsement is not eligible for licensure if he or she has been disciplined in any state or territory in which the applicant currently holds or has previously held a license to practice.

Senate Bill 490, as amended, requires the State Controller to transfer the current balance of $28,061,106 from the Account to Stabilize the Operation of the State Government to the State General Fund for purposes of addressing the Fiscal Year 2015 General Fund shortfall.

Remarks by Assemblyman Moore.

ASSEMBLYMAN MOORE:

Senate Bill 499 extends the deadlines by which petitions from minor political parties and independent candidates must be filed and shortens the deadlines by which the county clerks must verify the signatures on those petitions. The dates by which challenges to the qualification of a minor party to place names of candidates on the ballot and for challenges to the candidacy of an independent candidate are revised. The bill also provides that the district court in which the challenge is filed must give priority to the proceedings.

Remarks by Assemblymen Hansen, Elliot Anderson, and Thompson.

ASSEMBLYMAN HANSEN:

Senate Bill 56 adds "estrays" and "livestock" to the list of property to which offensive graffiti can be committed. It also grants the governing body of a city the authority to adopt ordinances pursuant to which officers, employees, or other designees of the city may cover or remove graffiti.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Senate Bill 56. Primarily, I have a problem with section 7 of this bill. It adds to the definition of "graffiti implement" specifically anything that can etch. That is a fairly broad description. It does not describe specific implements that the City of Reno is having problems with. Because of that, this could criminalize something as simple as fingernail clippers if you are in the wrong part of town.

The way the existing law works is you need intent to vandalize, and you have to be in possession of a graffiti implement. That made sense when you were talking about graffiti implements like a spray paint can—what are you doing with a spray paint can walking down the side of the road? That is something you usually keep in your garage. But people could be carrying other types of things. I do not even know how you would be able to distinguish this. It is just creating a mess; it is too broad. We could have either gotten rid of section 7 and voted for the bill or described specific implements that the City of Reno is having problems with. But we were not able to get an amendment, so for that reason, I am a no. This will give the police too much power.

ASSEMBLYMAN THOMPSON:

I rise in opposition to Senate Bill 56. This is a stop-and-frisk type of bill. This will have a disproportionate effect on juveniles and people of color. Instead of trying to penalize our way out of this situation, we really need to analyze it. We need to get to the root of the problem and go on from there. I stand in opposition, and I hope others will follow suit.

ASSEMBLYWOMAN FIORE:

Senate Bill 348 exempts proceeds paid to the state or a political subdivision of the state for the purpose of providing security for or funding the construction of certain intersection improvement projects from the requirement that certain abandoned property be delivered to the State Treasurer in his or her capacity as Administrator of Unclaimed Property. These provisions apply only to certain intersection improvement project proceeds that are in the control of the state or a political subdivision of the state on or after July 1, 2015.

The bill also enacts an exception to the Uniform Unclaimed Property Act for business-to-business transfers which are limited to credit memoranda, overpayments, credit balances, deposits, unidentified remittances, nonrefunded overcharges, discounts, refunds, and rebates due or owing from one business association to another business association. The businesses in question must have had an ongoing business relationship within the last three years.

ASSEMBLYMAN JONES:

Senate Bill 304 expressly allows a violation of the existing requirement to wear a seatbelt while riding in a taxicab to be considered as negligence or as causation in any civil action, as negligent or reckless driving, as misuse or abuse of a product, or as causation in any action brought to recover

damages for injury to a person or property resulting from the manufacture, distribution, sale, or use of a product.

Additionally, Senate Bill 304 creates the Subcommittee on Criminal and Civil Violations of Traffic Laws of the Advisory Commission on the Administration of Justice. This bill requires the Subcommittee to consider issues concerning Nevada's existing statutes on violations of traffic laws and laws related to drivers' licenses, motor vehicle registration, motor vehicle insurance, and the treatment of violations as criminal offenses. The Subcommittee must consider the related laws of other states, the elements of systems necessary to treat violations as civil infractions, and the anticipated fiscal effects of those systems.

The bill further requires the Subcommittee to submit its report to the Advisory Commission at least 30 days before the meeting at which the Advisory Commission considers findings and recommendations for proposed legislation for the 2017 Legislative Session.

I can tell you that I am really high on this bill. It was a joint effort among many parties, and I feel there is consensus.

ASSEMBLYMAN OHRENSCHALL:

I want to refer to my earlier disclosure. Due to my wife's employment on behalf of marijuana dispensary associations, pursuant to Rule No. 23, I am disclosing. I do not believe this affects me

The language is a good compromise, and I urge its support.

Senate Bill No. 481.

Bill read third time.

Remarks by Assemblyman Stewart.

ASSEMBLYMAN STEWART:

Senate Bill 481 prohibits a county, incorporated city, or regional transportation commission from creating, maintaining, or displaying a comprehensive model or map of the physical location of all or a substantial portion of the facilities of a public utility, public water system, or video service provider. The bill does not limit the authority of a county, city, or regional transportation system to require a public utility, public water system, or a video service provider to disclose information relating to the physical location of the facilities of a public utility, public water system, or video service provider to facilitate certain public projects.

The bill also provides that if the real property is located within the service area of the municipal utility, the provision of services by the municipal utility to the property may not be conditioned upon the property owner agreeing to annex the real property to the city.

What this means is, they can ask for a portion, but not the whole thing, to keep it protected from terrorists or other unsavory characters.

ASSEMBLYMAN HICKEY:

Senate Bill 411 allows the board of trustees of certain school districts to establish by resolution a Public Schools Overcrowding and Repair Needs Committee to recommend the imposition of one or more taxes for consideration by the voters at the 2016 General Election to fund the capital projects of the school district. If a majority of the voters approve the question, the board of county commissioners is required to adopt an ordinance to impose the approved tax or taxes and the proceeds must be deposited in the fund for capital projects of the school district. The provisions of this bill authorizing the board of trustees of a school district to establish such a committee expire by limitation on April 2, 2016.

ASSEMBLYWOMAN FIORE:

I rise in opposition to Senate Bill 411. They tried to pass this bill last session, Assembly Bill 46, and they left it up to the Washoe County Board of Commissioners. The Board did not act on it, and now they are trying to bypass the county commissioners. This is a violation of the tax pledge, and I strongly urge your no vote on this bill.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of Senate Bill 411. Since I have been in this building, this poor issue has been a political football. Politics has gotten in the way of it since the late 1990s, and still we have Washoe schools that will never ever get up to par at this rate. This bill is a compromise among all that allows for an advisory committee.

I will tell you something about northern Nevadans. You all are so conservative, it is ridiculous. I have a hard time believing that anything is going to get passed without the majority of people having a say.

Let us talk about the process. A conservative group of people are going to come together and decide what is reasonable. Then they are going to say to the Washoe County Board of Commissioners, You have to put it on the ballot so it goes to a vote. The people are always going to be part of the process, but the kids are actually going to get a chance for once.

I would hate to see in the late hour of the day that this, again, becomes a political football because folks from the south want to get involved in it. I implore us, as the southerners, to count on what the northerners need and what they can live with. At the end of the day, they have to go back to their constituents, and they have to go back to this super conservative group who are actually going to put together an idea that might work. I hope that we can finally do this after 15 years of trying.

Senate Joint Resolution 21 urges Congress to enact comprehensive immigration reform.

This is not just a brown or Latino issue and concern. It is a concern of many diverse backgrounds. It will make families whole, and it will strengthen our economy through taxpayers. I urge everybody to vote in favor of this joint resolution.

ASSEMBLYWOMAN FIORE:

Senate Joint Resolution 21 basically is a warm and fuzzy feel-good resolution used for political benefit for the next election. Since it basically does nothing, I urge my colleagues to support S.J.R. 21.

ASSEMBLYMAN GARDNER:

I am for comprehensive immigration reform. I did not like that resolution, as it seemed to call for immigration that is against our laws. I am fully in agreement with immigration according to our laws, and that is why I had to vote against it.

Legislative Counsel's Digest:

Under existing law, with certain exceptions, each adult passenger who rides in a taxicab in this State is required to wear a safety belt. Existing law also provides that a violation of this requirement may not be considered: (1) as negligence or as causation in any civil action or as negligent or reckless driving; or (2) as misuse or abuse of a product or as causation in any action brought to recover damages for injury to a person or property resulting from the manufacture, distribution, sale or use of a product. (NRS 484D.500) ~~[This]~~ **Section 1 of this** bill removes the preceding legal limitations and expressly allows a violation of the requirement to wear a safety belt while riding in a taxicab to be considered for those purposes.

Sections 2-46, 51-53, 55 and 56 of this bill provide for the permitting by the Public Utilities Commission of Nevada of transportation network companies and the regulation by the Commission of the provision of transportation services. Section 18 defines a "transportation network company" as an entity that uses a digital network or software application service to connect passengers to drivers who can provide transportation services to passengers. Section 19 defines "transportation services" as the transportation by motor vehicle of one or more passengers between points chosen by the passenger or passengers and prearranged with a driver through the use of the digital network or software application service of a transportation network company. Section 20 provides that it is the purpose and policy of the Legislature in enacting this bill to ensure the safety, reliability and cost-effectiveness of the transportation services provided by drivers affiliated with transportation network companies in this State.

Sections 2-13 of this bill establish certain requirements concerning the provision of insurance for the payment of tort liabilities arising from the operation of a motor vehicle by a driver who provides transportation services.

Section 24 of this bill prohibits any person from doing business in this State as a transportation network company unless the person holds a valid permit issued by the Commission pursuant to the provisions of this bill. Section 25 of this bill provides for the submission to the Commission of an application for a permit. Section 26 of this bill requires the Commission to issue a permit to an applicant upon a determination by the Commission that the applicant meets all the applicable requirements for the issuance of the permit. Section 26 of this bill further provides that a permit issued by the Commission authorizes a transportation network company to: (1) connect passengers to a driver who can provide transportation services through the use of a digital network or software application service; and (2) make its digital network or software application service available to

one or more drivers to receive connections from the company. Additionally, section 26 of this bill provides that a permit issued by the Commission does not authorize a transportation network company to engage in any activity regulated pursuant to chapter 706 of NRS, relating to motor carriers. Section 27 of this bill requires the Commission to establish a fee for the issuance of a permit to operate a transportation network company. Section 27 of this bill also requires the payment of an annual assessment by each transportation network company in this State beginning in the year after the company receives a permit. Section 28 of this bill requires the Commission to collect from a company an excise tax on the use of a digital network or software application service to connect a passenger to a driver at the rate of 3 percent of the total fare charged for transportation services for deposit with the State Treasurer. Sections 51 and 52 of this bill impose a similar excise tax on the connection made by a common motor carrier or certificate holder, respectively, of a passenger to a person or operator or taxicab, respectively. Section 53 of this bill requires the State Treasurer to credit the first $5,000,000 of the combined amount of such excise taxes collected in each biennium to the State Highway Fund and to credit the remainder to the State General Fund.

Section 30 of this bill authorizes a transportation network company to enter into agreements with one or more drivers to receive connections to potential passengers from the company. Section 30 also establishes the minimum qualifications for drivers and requires a transportation network company to conduct an investigation of the background of each driver, which must include a criminal background check, a search of a database containing information from the sex offender website maintained by each state and a review of the complete driving history of the driver. Further, section 30 sets forth the conditions for which a transportation network company must terminate an agreement with a driver.

Section 31 of this bill: (1) provides that a transportation network company may, on behalf of a driver, charge a fare for the provision of transportation services by the driver; and (2) places certain requirements on the company concerning the fares and the information which must be provided to passengers concerning the amount and the calculation of fares.

Section 32 of this bill: (1) prohibits a transportation network company from allowing any driver who operates a motor vehicle that is not in compliance with all federal, state and local laws governing the operation and maintenance of a motor vehicle to be connected to potential passengers; and (2) requires annual inspections of each motor vehicle operated by a driver.

Section 33 of this bill prohibits discrimination on account of national origin, religion, age, disability, sex, race, color, sexual orientation or

gender identity or expression by a transportation network company or driver. Section 34 of this bill requires a transportation network company to provide to passengers certain information relating to the identification of a driver. Section 35 of this bill requires a transportation network company to provide an electronic receipt to each passenger. Section 36 of this bill imposes on transportation network companies certain recordkeeping requirements. Section 37 of this bill imposes on transportation network companies certain reporting requirements.

Section 38 of this bill establishes certain requirements relating to the provision of transportation services by a driver. Section 38 also prohibits a driver from soliciting passengers or providing transportation services except to persons who have arranged for such transportation services through the digital network or software application service of a transportation network company. Section 39 of this bill prohibits a driver from consuming, using or being under the influence of any intoxicating liquor or controlled substance during any period when the driver is providing transportation services or is logged into the digital network or software application service of a transportation network company. With certain exceptions, section 40 of this bill prohibits a transportation network company from releasing the personally identifying information of passengers.

Section 41 of this bill provides for the investigation of complaints against a transportation network company or driver. Section 42 of this bill: (1) authorizes the Commission to impose certain penalties for any violation of the provisions of this bill by a transportation network company or driver; and (2) provides that a person who violates any provision of this bill is not subject to a criminal penalty.

Section 43 of this bill provides that this bill does not exempt any person from any other laws governing the operation of a motor vehicle upon the highways of this State, except that a transportation network company or a driver who provides transportation services within the scope of a permit issued by the Commission is not subject to the provisions of existing law governing motor carriers or public utilities.

Section 44 of this bill prohibits a local government from: (1) imposing any tax or fee on a transportation network company, a driver who has entered into an agreement with such a company or a vehicle operated by such a driver or for transportation services provided by such a driver; (2) requiring a transportation network company or driver to obtain from the local government any certificate, license or permit to provide transportation services; or (3) imposing any other requirement on the operation of a motor vehicle by a transportation network company or driver which is not of general applicability. Section 44 does not prohibit a local government from requiring a transportation network company or driver to obtain from the local government a business license or to pay any business license fee in the same manner that is generally applicable to

any other business that operates within the jurisdiction of the local government. Section 44 does not prohibit an airport from requiring a transportation network company or driver to obtain a permit or certification to operate at the airport, pay a fee to operate at the airport or comply with any other requirement to operate at the airport. Section 44 also states that this bill does not exempt any person from the requirement to obtain a state business license.

Section 45 of this bill requires each transportation network company to provide the Commission with reports at certain times containing certain information about damages resulting from accidents involving drivers who are providing transportation services or logged into the digital network or software application service of the company and available to receive requests for transportation services. Section 45 also requires the Commission to collect these reports, determine whether the limits of coverage required pursuant to section 10 are sufficient and report to the Legislative Commission or Director of the Legislative Counsel Bureau.

Section 55 of this bill requires the Commission to: (1) investigate and compare the efficacy, efficiency and effect on public safety of background checks performed pursuant to paragraph (b) of section 30 of this bill and those performed by submitting the fingerprints of a person to the Central Repository for Nevada Records of Criminal History to be forwarded to the Federal Bureau of Investigation for its report; and (2) report the results of the investigation to the Legislative Commission.

Section 56 of this bill provides that: (1) a transportation network company may commence operations within this state immediately upon being issued a permit; and (2) any regulation adopted by the Commission pursuant to this bill on or before July 1, 2017, shall not be effective for at least 30 days after filing with the Secretary of State.

Assemblyman Wheeler moved that the Assembly concur in the Senate Amendment No. 678 to Assembly Bill No. 175.

Remarks by Assemblyman Wheeler.

ASSEMBLYMAN WHEELER:

Assembly Bill 175 provides for the permitting and regulation by the Public Utilities Commission of Nevada [PUCN] of transportation network companies [TNCs], which are entities that use digital network or software application services to connect passengers and drivers who can provide transportation services to those passengers. This measure establishes the minimum requirements for TNC drivers, requires a TNC to perform a background check of each driver, requires a TNC to provide certain notices and disclosures relating to insurance coverage before a person may become a driver, establishes insurance requirements for the operation and maintenance of motor vehicles operated by the TNC drivers, and requires the TNC to report certain information about accidents involving its drivers.

The measure requires the PUCN to collect certain information related to the sufficiency of insurance coverage limits and background check requirements and report that information to the Legislature. The measure does not exempt any person from a requirement to obtain a state business license.

In addition, the bill does not prohibit an airport from requiring that a TNC or driver obtain a permit or certification to operate at the airport, pay a fee at the airport, or comply with any other requirements to operate at the airport. The TNC or driver who provides transportation services within the scope of a permit issued by the PUCN is not subject to the provisions of existing law governing motor carriers or public utilities.

Assembly Bill 175 also creates an excise tax of 3 percent of the total fare charged when a TNC connects a passenger and driver on the connection of a passenger and on a common motor carrier taxiway. The first $5 million of revenue raised in each biennium is directed to the State Highway Fund. The remainder is directed to the State General Fund. The bill allows the TNC to begin operating in Nevada immediately upon receipt of a permit from the PUCN, and any regulation adopted on or before July 1, 2017, shall not be effective for at least 30 days after filing.

Motion carried by a constitutional two-thirds majority.

Bill ordered to enrollment.

Sections 3-46 of this bill provide for the permitting by the Nevada Transportation Authority of transportation network companies and the regulation by the Authority of the provision of transportation services. Section 19 of this bill defines a "transportation network company" as an entity that uses a digital network or software application service to connect passengers to drivers who can provide transportation services to passengers. Section 20 of this bill defines "transportation services" as the transportation by motor vehicle of one or more passengers between points chosen by the passenger or passengers and prearranged with a driver

through the use of the digital network or software application service of a transportation network company. Section 21 of this bill provides that it is the purpose and policy of the Legislature in enacting this bill to ensure the safety, reliability and cost-effectiveness of the transportation services provided by drivers affiliated with transportation network companies in this State.

Sections 4-14 of this bill establish certain requirements concerning the provision of insurance for the payment of tort liabilities arising from the operation of a motor vehicle by a driver who provides transportation services.

Section 25 of this bill prohibits any person from doing business in this State as a transportation network company unless the person holds a valid permit issued by the Authority pursuant to the provisions of sections 4-14 and 16-46 of this bill. Section 25 also: (1) empowers the Authority to regulate, pursuant to the provisions of this bill, all transportation network companies and drivers who operate or wish to operate within this State; and (2) prohibits the Authority from applying any provision of chapter 706 of NRS, relating to motor carriers, to a transportation network company or driver who operates within the provisions of sections 4-14 and 16-46 of this bill. Section 26 of this bill provides for the submission to the Authority of an application for a permit. Section 27 of this bill requires the Authority to issue a permit to an applicant upon a determination by the Authority that the applicant meets all the applicable requirements for the issuance of the permit. Section 27 of this bill further provides that a permit issued by the Authority authorizes a transportation network company to: (1) connect passengers to a driver who can provide transportation services through the use of a digital network or software application service; and (2) make its digital network or software application service available to one or more drivers to receive connections from the company. Section 27 of this bill provides that a permit issued by the Authority does not authorize a transportation network company to engage in any activity regulated pursuant to chapter 706 of NRS, relating to motor carriers. Additionally, section 27 provides that a person who is regulated pursuant to chapter 706 of NRS may be issued a permit to operate a transportation network company if the person meets the requirements for the issuance of a permit.

Section 29 of this bill authorizes a transportation network company to enter into agreements with one or more drivers to receive connections to potential passengers from the company. Section 29 also establishes the minimum qualifications for drivers and requires a transportation network company to conduct an investigation of the background of each driver, which must include a criminal background check, a search of a database containing information from the sex offender website maintained by each state and a review of the complete driving history of the driver. Further, section 29 sets forth the conditions for which a

transportation network company must terminate an agreement with a driver.

Section 30 of this bill: (1) provides that a transportation network company may, on behalf of a driver, charge a fare for the provision of transportation services by the driver; and (2) places certain requirements on the company concerning the fares and the information which must be provided to passengers concerning the amount and the calculation of fares.

Section 31 of this bill: (1) prohibits a transportation network company from allowing any driver who operates a motor vehicle that is not in compliance with all federal, state and local laws governing the operation and maintenance of a motor vehicle to be connected to potential passengers; and (2) requires annual inspections of each motor vehicle operated by a driver.

Section 32 of this bill prohibits discrimination on account of national origin, religion, age, disability, sex, race, color, sexual orientation or gender identity or expression by a transportation network company or driver. Section 33 of this bill requires a transportation network company to provide to passengers certain information relating to the identification of a driver. Section 34 of this bill requires a transportation network company to provide an electronic receipt to each passenger. Section 35 of this bill allows a transportation network company to enter into certain contracts with the Department of Health and Human Services. Section 36 of this bill imposes on transportation network companies certain recordkeeping requirements. Section 37 of this bill imposes on transportation network companies certain reporting requirements.

Section 38 of this bill establishes certain requirements relating to the provision of transportation services by a driver. Section 38 also prohibits a driver from soliciting passengers or providing transportation services except to persons who have arranged for such transportation services through the digital network or software application service of a transportation network company. Section 39 of this bill prohibits a driver from consuming, using or being under the influence of any intoxicating liquor or controlled substance during any period when the driver is providing transportation services or is logged into the digital network or software application service of a transportation network company. With certain exceptions, section 40 of this bill prohibits a transportation network company from releasing the personally identifiable information of passengers.

Section 41 of this bill provides for the investigation of complaints against a transportation network company or driver. Section 42 of this bill: (1) authorizes the Authority to impose certain penalties for any violation of the provisions of sections 4-14 and 16-46 of this bill by a transportation network company or driver; and (2) provides that a person

who violates any provision of sections 4-14 and 16-46 of this bill is not subject to a criminal penalty.

Section 43 of this bill provides that this bill does not exempt any person from any other laws governing the operation of a motor vehicle upon the highways of this State, except that a transportation network company or a driver who provides transportation services within the scope of a permit issued by the Authority is not subject to the provisions of existing law governing motor carriers or public utilities.

Section 44 of this bill prohibits a local government from: (1) imposing any tax or fee on a transportation network company, a driver who has entered into an agreement with such a company or a vehicle operated by such a driver or for transportation services provided by such a driver; (2) requiring a transportation network company or driver to obtain from the local government any certificate, license or permit to provide transportation services; or (3) imposing any other requirement on the operation of a motor vehicle by a transportation network company or driver which is not of general applicability. Section 44 does not prohibit a local government from requiring a transportation network company or driver to obtain from the local government a business license or to pay any business license fee in the same manner that is generally applicable to any other business that operates within the jurisdiction of the local government. Section 44 does not prohibit an airport from requiring a transportation network company or driver to obtain a permit or certification to operate at the airport, pay a fee to operate at the airport or comply with any other requirement to operate at the airport. Section 44 also states that sections 4-14 and 16-46 of this bill do not exempt any person from the requirement to obtain a state business license and requires a transportation network company to notify each driver of the requirement.

Section 45 of this bill requires each transportation network company to provide the Authority with reports at certain times containing certain information about damages resulting from accidents involving drivers who are providing transportation services or logged into the digital network or software application service of the company and available to receive requests for transportation services. Section 45 also requires the Authority to collect these reports, determine whether the limits of coverage required pursuant to section 11 of this bill are sufficient and report to the Legislative Commission or Director of the Legislative Counsel Bureau.

Sections 47-53 and 58 of this bill revise the provisions of Assembly Bill No. 175 of this session to make the Authority, rather than the Public Utilities Commission of Nevada, responsible for carrying out the provisions of that bill relating to fees, assessments and excise taxes for transportation network companies.

Section 54 of this bill provides that: (1) a transportation network company may commence operations within this State immediately upon being issued a permit; (2) any regulation adopted by the Authority pursuant to sections 4-14 and 16-46 of this bill on or before July 1, 2017, shall not be effective for at least 30 days after filing with the Secretary of State; (3) the Authority must begin to accept applications for permits within 30 days after the effective date of section 26 of this bill; and (4) the Authority shall not issue a permit until July 1, 2015.

Section 55 of this bill requires the Nevada Transportation Authority to investigate and compare specific types of background checks to determine the efficacy, efficiency and effect on public safety and report the results of its investigation to the Legislative Commission.

8. As used in this section, "first responder" means any police, fire or emergency medical personnel acting in the normal course of duty.

Remarks by Assemblyman Wheeler, Trowbridge, Carlton, and Fiore.

ASSEMBLYMAN WHEELER:

Assembly Bill 176 requires the Regional Transportation Commission in a county whose population is 700,000 or more, currently Clark County, to establish and administer the Nevada Yellow Dot Program in coordination with each regional transportation commission in this state. The bill also requires the Regional Transportation Commission to disseminate information about the program to the public and to public safety agencies. The Commission is authorized to obtain grants or sponsorships for the program, and first responders are immune from civil liability for

damages as a result of any act or omission that they take related to an emergency in connection with the program.

The measure provides for the permitting by the Nevada Transportation Authority [NTA] of transportation network companies [TNCs] and the regulation by the NTA of the transportation services. The bill establishes certain requirements for drivers of TNCs, requires a background check of each driver, and establishes a requirement of insurance for the operation and maintenance of motor vehicles operated by the TNC drivers. A person is prohibited from doing business as a TNC unless the person holds a valid permit issued by the NTA. A permit issued by the NTA is not subject to the provisions of existing law governing motor carriers or public utilities. Further, a TNC may commence operations in this state immediately upon being issued a permit. The measure does not exempt any person from a requirement to obtain a state or local business license.

In addition, the bill does not permit an airport requiring a TNC or driver to obtain a permit or certification to operate at the airport, pay a fee to operate at the airport, or comply with any other requirement to operate at the airport. Each TNC must provide the NTA with reports about accidents involving any TNC driver. The NTA must collect these reports, determine whether the limits of insurance coverage required are sufficient, and report to the Director of the Legislative Counsel Bureau. The NTA must also investigate and report on and compare specific types of background checks to determine the effect on public safety and report the results to the Legislative Commission.

ASSEMBLYMAN TROWBRIDGE:

What this proposal provides is cheap competition against our long-standing and very successful system of transportation industry. This competition will be made by private taxis driven by nonprofessional drivers getting approximately $9 an hour, resulting in increased demand for our social services in the valley. It is clearly a race to the bottom in terms of quality of service and the quality of those who provide it. This obvious result will be a reduction in our transportation services for our tourists and a significant reduction in the earnings of our professional drivers. Lower earnings for drivers and lower-quality service for our lifeline—is this really what we want? Is this the best we want for Las Vegas? I would urge everyone to speak out loudly against this proposal as it is not in the best interest of our drivers or our tourists.

ASSEMBLYWOMAN CARLTON:

In the informational hearing that we had about this particular issue, since we have never really had jurisdiction over a bill that deals with this, I brought up concerns about background checks and fingerprinting, and I would like to ask the sponsor of the bill to address that issue. That was my line in the sand. As a waitress for over 15 years in Las Vegas, I had to be background checked and fingerprinted to serve eggs, Bloody Marys, coffee, and club sandwiches. I just want to know: Will those background checks and fingerprints be done?

ASSEMBLYMAN WHEELER:

As the author of the bill, the bill originally said you had to have a seatbelt on. I was not the author of this part of the bill. From what I understand, from what I have been able to read very quickly, I do not believe fingerprints are taken. There is a background check done on these drivers through the TNC.

ASSEMBLYWOMAN FIORE:

I have a question for my colleague in Assembly District 39. Are there taxes attached to this bill?

ASSEMBLYMAN WHEELER:

There are no taxes attached to this bill. Mr. Speaker, I am sorry. Something was just pointed out to me. While there are no taxes attached to this bill, they are still subject to business license fees.

Assemblymen Moore, Shelton, and Trowbridge requested a roll call vote.

AN ACT relating to education; requiring the board of trustees of each school district and the governing body of each charter school to prepare a plan to improve the literacy of pupils enrolled in certain grades; requiring the principal of each public elementary school to designate a learning strategist to train and assist teachers in providing intensive instruction to pupils who have been identified as deficient in the subject area of reading; requiring certain teachers at public schools to complete professional development concerning the subject area of reading; requiring certain interventions for pupils enrolled in kindergarten or grade 1, 2 or 3 who do not achieve adequate proficiency in reading; prohibiting a public school from promoting a pupil to grade 4 if the pupil does not achieve proficiency in reading; providing for a competitive grants program to assist schools in paying for certain literacy programs; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 5 of this bill requires the board of trustees of each school district or the governing body of a charter school to prepare a plan to improve the literacy of pupils enrolled in kindergarten and grades 1, 2 and 3 and submit the plan to the Department of Education for its approval.

Section 6 of this bill requires the principal of a public elementary school, including, without limitation, a charter school, to designate a licensed teacher employed by the school who has demonstrated leadership abilities to serve as a learning strategist to train and assist teachers in providing intensive instruction to pupils who have been identified as deficient in the subject area of reading. **Section 6** also: (1) authorizes a school district or charter school to provide additional compensation to learning strategists and teachers whose overall performance is determined to be "highly effective" under the statewide performance evaluation system; and (2) requires each teacher employed by a school district or charter school to teach kindergarten or grade 1, 2, 3 or 4 to complete professional development prescribed by the State Board of Education concerning the subject area of reading.

Section 8 of this bill requires the principal of a school to provide notice that a pupil exhibits a deficiency in the subject area of reading to the parent or guardian of a pupil enrolled in kindergarten or grade 1, 2 or 3. **Section 9** of this bill requires a public elementary school to: (1) establish a plan to monitor the progress of a pupil enrolled in kindergarten or grade 1, 2 or 3 who has a deficiency in the subject area of reading; and (2) assess the proficiency in reading of a pupil for whom such a plan is established at the beginning of the next school year.

Existing law authorizes a pupil enrolled in a public school, other than a charter school, to be retained in the same grade upon joint agreement by the pupil's teacher and principal. (NRS 392.125) Existing law also requires the governing body of a charter school to adopt rules for the academic retention of pupils who are enrolled in the charter school. (NRS 386.583) **Section 10** of this bill provides that, unless a pupil receives an exemption by the superintendent of schools of the school district or the governing body of the charter school, as recommended by the principal, a pupil enrolled in grade 3 must be retained in grade 3 rather than promoted to grade 4 if the pupil does not obtain the score prescribed by the State Board on the criterion-referenced examination in reading. **Section 10** also: (1) provides certain good-cause exemptions for certain pupils to allow them to be promoted to grade 4 even if they did not obtain that score; and (2) requires the State Board to prescribe an alternate examination for pupils who do not obtain that score. **Section 14** of this bill makes conforming changes. **Section 3** of this bill similarly provides that a pupil enrolled in grade 3 at a charter school must be retained in grade 3 rather than promoted to grade 4 if the pupil does not obtain the score presented by the State Board on the criterion-referenced examination unless the pupil receives a good-cause exemption.

Section 11 of this bill requires the principal of a school to: (1) provide notice to the parent or legal guardian of a pupil who will be retained in grade 3; (2) develop a plan to monitor the progress of the pupil in achieving proficiency in reading; and (3) ensure that the pupil receives intensive instructional services in the subject area of reading. **Section 11** requires the board of trustees of each school district or the governing body of a charter school to prescribe the intensive instructional services that the principal of a school is required to implement for a pupil who is retained in grade 3. **Section 11** requires such instructional services to be provided by a teacher who is: (1) different than the teacher who provided instructional services to the pupil during the immediately preceding school year; and (2) highly effective, as demonstrated by pupil performance data and performance evaluations. **Section 11** also authorizes such instructional services to be provided by a teacher who is the same teacher who provided instructional services to the pupil during the immediately preceding school year in certain circumstances.

Section 12 of this bill requires the principal of a school to offer the parent or legal guardian of a pupil who is retained in grade 3 certain additional instructional options. **Sections 3 and 13** of this bill require the board of trustees

of each school district and the governing body of a charter school to prepare a report concerning the number and percentage of pupils who are **: (1)** retained in grade 3 for deficiency in reading **, including whether or not a pupil was previously retained in kindergarten or grade 1 or 2;** and ~~[: (1)]~~ **(2) not retained in grade 3 because a good cause exemption was approved but who were previously retained in kindergarten or grade 1 or 2 for a total of 2 years. Sections 3 and 13 also require the board of trustees of each school district and the governing body of a charter school to** submit the report to the Department ~~[,]~~ and ~~[(2)]~~ post the report on the Internet website maintained by the school district or charter school, as applicable.

Section 15 of this bill provides for the Department of Education to distribute money that is appropriated to the Other State Education Programs Account through a competitive grants program. **Section 15** requires schools that receive a grant of money to use the money for the literacy programs in kindergarten and grades 1, 2 and 3 to support school-based efforts to ensure all pupils are proficient in reading by the end of the third grade. **Section 15** requires the board of trustees of a school district and the governing body of a charter school that receives a grant of money to prepare and submit to the Department a report that includes: (1) a description of the programs or services for which the money was used; and (2) the number of pupils who participated in a program or received services. **Section 15** also requires the Department of Education to prepare a report concerning the programs for which the money is used and submit the report and certain recommendations to the Director of the Legislative Counsel Bureau for transmittal to the 79th Session of the Nevada Legislature and to the Governor.

3. Describe , explain and, if appropriate, demonstrate the strategies which the parent or legal guardian may use at home to help improve the proficiency of the pupil in the subject area of reading;

4. Explain that the criterion-referenced examination in the subject area of reading administered pursuant to NRS 389.550 is not the only factor used to determine whether the pupil will be retained in grade 3 and that other options are available for the pupil to demonstrate proficiency if the pupil is eligible for a good-cause exemption pursuant to section 10 of this act;

5. Describe the policy and specific criteria adopted by the board of trustees of the school district or governing body of a charter school, as applicable, pursuant to section 11 of this act regarding the promotion of a pupil to grade 4 at any time during the school year if the pupil is retained in grade 3 pursuant to section 10 of this act;

2. A plan to monitor the progress of a pupil in the subject area of reading must be established by the teacher of the pupil and any other relevant school personnel and approved by the principal of the school and the parent or legal guardian of the pupil. The plan must include a description of any intervention services that will be provided to the pupil to correct the deficiency and must include that the pupil will receive intensive instruction in reading to ensure the pupil achieves adequate proficiency in reading. Such instruction must include, without limitation, the programs and services included in the plan to improve the literacy of pupils enrolled in kindergarten and grades 1, 2 and 3 approved by the Department pursuant to section 5 of this act.

3. A school that establishes a plan to monitor the progress of a pupil in the subject area of reading shall assess the proficiency of the pupil in the subject area of reading at the beginning of the next school year after the plan is established pursuant to this section.

Sec. 10. *1. Except as otherwise provided in this section, a pupil enrolled in grade 3 must be retained in grade 3 rather than promoted to grade 4 if the pupil does not obtain a score in the subject area of reading on the criterion-referenced examination administered pursuant to NRS 389.550 that meets the passing score prescribed by the State Board pursuant to subsection 7.*

2. The superintendent of schools of a school district or the governing body of a charter school, as applicable, may authorize the promotion of a pupil to grade 4 who would otherwise be retained in grade 3 only if the superintendent or governing body, as applicable, approves a good-cause exemption for the pupil upon a determination by the principal of the school pursuant to subsection 4 that the pupil is eligible for such an exemption.

(f) Is a pupil with a disability and:

(1) He or she participates in the criterion-referenced examinations administered pursuant to NRS 389.550;

(2) His or her individualized education program or plan developed in accordance with section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, documents that the pupil has received intensive remediation in reading for more than 2 years, but he or she still demonstrates a deficiency in reading; and

(3) He or she was previously retained in kindergarten or grade 1, 2 or 3.

4. The principal of a school in which a pupil who may be retained in grade 3 pursuant to subsection 1 is enrolled shall consider the factors set forth in subsection 3 and determine whether the pupil is eligible for a good-cause exemption. In making the determination, the principal must consider documentation provided by the pupil's teacher indicating whether the promotion of the pupil is appropriate based upon the record of the pupil. Such documentation must only consist of the existing plan for monitoring the progress of the pupil, the pupil's individualized education program, if applicable, and the pupil's plan in accordance with section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, if applicable. If the principal determines that promotion of the pupil to grade 4 is appropriate, the principal must submit a written recommendation to the superintendent of schools of the school district or to the governing body of the charter school, as applicable. The superintendent of schools or the governing body of the charter school, as applicable, shall approve or deny the recommendation of the principal and provide written notice of the approval or denial to the principal.

Such instruction must include, without limitation, strategies based upon scientifically based research that will improve proficiency in the subject area of reading.

7. The State Board shall prescribe by regulation:

(a) The score which a pupil enrolled in grade 3 must obtain in the subject area of reading on the criterion-referenced examination administered pursuant to NRS 389.550 to be promoted to grade 4 without a good-cause exemption; and

8. As used in this section, "individualized education program" has the meaning ascribed to it in 20 U.S.C. § 1414(d)(1)(A).

Sec. 11. *1. If a pupil will be retained in grade 3 pursuant to section 10 of this act, the principal of the school must:*

(a) Provide written notice to the parent or legal guardian of the pupil that the pupil will be retained in grade 3. The written notice must include, without limitation, a description of the intensive instructional services in the subject area of reading that the pupil will receive to improve the proficiency of the pupil in that subject area.

(a) Has an individualized education program; or

(b) Is enrolled in a school district in a county whose population is less than 100,000.

5. The board of trustees of each school district and the governing body of a charter school, as applicable, shall develop a policy by which the principal of a school may promote a pupil who is retained in grade 3 pursuant to section 10 of this act to grade 4 at any time during the school year if the pupil demonstrates adequate proficiency in the subject area of reading. The policy must include the specific criteria a pupil must satisfy to be eligible for promotion, including, without limitation, a reasonable expectation that the pupil's progress will allow him or her to sufficiently master the requirements for a fourth-grade reading level. If a pupil is promoted after November 1 of a school year, he or she must demonstrate proficiency in reading at a level prescribed by the State Board.

6. If a principal of a school determines that a pupil is not academically ready for promotion to grade 4 after being retained in grade 3 and the pupil received intensive instructional services pursuant to this section, the school district in which the pupil is enrolled must allow the parent or legal guardian of the pupil to decide, in consultation with the principal of the school, whether to place the pupil in a transitional instructional setting which is designed to produce learning gains sufficient for the pupil to meet the performance standards required for grade 4 while continuing to receive remediation in the subject area of reading.

7. As used in this section, "individualized education program" has the meaning ascribed to it in 20 U.S.C. § 1414(d)(1)(A).

Sec. 12. ***In addition to the intensive instructional services provided to a pupil who is retained in grade 3 pursuant to section 10 of this act, the principal of the school must offer the parent or legal guardian of the pupil at least one of the following instructional options:***

Existing law creates three regional training programs for the professional development of teachers and administrators and requires the governing body of each regional training program to make an assessment of the training needs of teachers and administrators who are employed by school districts within the primary jurisdiction of the regional training program and provide training based upon that assessment. (NRS 391.512, 391.544) **Section 2** of this bill requires the provision of training by a regional training program to also be based upon the priorities of programs prescribed by the State Board pursuant to **section 1.5**.

Assembly Bill No. 161.
Bill read third time.
Remarks by Assemblymen Bustamante Adams, Titus, Gardner, and Nelson.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:
Assembly Bill 161 provides for the Office of Economic Development to grant a partial abatement of property taxes and sales and use taxes for up to 20 years for qualified new and existing aircraft-related businesses if the business meets certain employment requirements and eligibility criteria as set forth in the bill.

The amount of the sales and use tax abatement is equal to all sales and use taxes except for the state 2 percent rate, and the property tax abatement is equal to all personal property taxes.

The sales and use and property tax abatements are for tangible personal property used to operate, manufacture, service, maintain, test, repair, overhaul, or assemble an aircraft or any component of an aircraft.

The sales and use tax abatement does not apply to the actual sales and use tax due on the purchase of an aircraft.

Assembly Bill 161 also repeals provisions of current law that authorize a sales and use tax exemption for aircraft and major components of aircraft under certain circumstances, which the Nevada Supreme Court has ruled as unconstitutional.

ASSEMBLYWOMAN TITUS:
I unfortunately rise in opposition to A.B. 161. I am a proud pilot, owner of an antique aircraft, and a senior aviation medical examiner, so I love the aviation industry. If we had a fair tax system in this great state of Nevada, we would not need to give abatements, so I am rising in protest that we have to give abatements.

ASSEMBLYMAN GARDNER:
I have a question for the Assemblywoman from District 42. I was just wondering, I saw in the amendment that it was increased from 10 years to 20 years. Could I get the reasoning behind that please?

ASSEMBLYWOMAN BUSTAMANTE ADAMS:
Thank you for the question. It was a compromise among all the stakeholders included. There was a similar bill in the Senate that had 20 years. My bill had 10 years, and the compromise was for us to do it for 20 years. There was a timeframe for 20 years that we felt was enough to be able to—especially the UAV [Unmanned Aerial Vehicles] industry that is coming to our state—get them up and going. No pun intended.

ASSEMBLYMAN NELSON:
In response to the question from my colleague from the south, it also had to do with the depreciation of buildings, so that they could depreciate them over 20 years instead of 10 years.

Section 6 provides that the regulations adopted by the State Board of Health or a district board of health must: (1) prohibit graywater systems where certain conditions exist; and (2) where graywater systems are allowed, require a person to apply for and obtain a permit for the use of a graywater system. **Section 6** allows issuance of such a permit only if certain requirements are met. **If the graywater system is or will be connected to a treatment works, these requirements include that the operator of the treatment works: (1) conduct an analysis of the possible effects of the graywater system on the treatment works; and (2) report the results of the analysis to the State Board of Health or district board of health, as applicable. Section 6 requires an operator of a treatment works to conduct such an analysis within 90 days after the date on which the analysis is requested by the proposed operator of a graywater system and authorizes the operator of the treatment works to charge a fee to cover the cost of conducting the analysis.** Finally, **section 6** provides that local governments may not prohibit the use of such graywater systems.

Section 8 of this bill provides that the State Environmental Commission may not require a person to obtain a permit under the Nevada Water Pollution Control Law (NRS 445A.300-445A.730) to use a graywater system if the person has obtained a permit from the appropriate board under the laws governing graywater systems.

Section 11 of this bill provides that the governing documents of a unit-owners' association may prohibit or restrict the use of graywater systems within common-interest communities. (Chapter 116 of NRS) **Section 11** also provides that if the governing documents do not prohibit or restrict the use of graywater systems, such use must comply with the laws governing graywater systems.

Section 12 of this bill requires the State Board of Health to submit to the Legislature a report stating the number and location of each permit issued pursuant to **section 6** for the operation of a graywater system.

AN ACT relating to public health; ~~[authorizing]~~ **requiring** physicians, under certain circumstances, to report to the Department of Motor Vehicles certain information regarding patients who have epilepsy; abolishing certain duties of physicians to report certain patient information; requiring physicians to inform certain patients with epilepsy of the dangers of operating a motor vehicle; providing that certain reports and statements provided to the Department concerning patients with epilepsy are not subject to the doctor-patient privilege under certain circumstances; providing that a cause of action may not be brought against a physician for failing to report such information to the Department ~~[,]~~ **in circumstances where reporting is not required;** providing that a cause of action may not be brought against a physician for reporting certain information regarding patients who have epilepsy to the Department except in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires: (1) a physician to report immediately to the Division of Public and Behavioral Health of the Department of Health and Human Services, in writing, the name, age and address of every person diagnosed as a case of epilepsy, as defined by the State Board of Health; and (2) the Division to report this information to the Department of Motor Vehicles. (NRS 439.270) **Section 1** of this bill abolishes these duties and the requirement that the State Board define the term "epilepsy." Section 4 of this bill prohibits a person with epilepsy from operating a motor vehicle if the person has been informed by a physician that his or her condition would severely impair his or her ability to safely operate a motor vehicle. **Section 4** authorizes a physician who is aware that a person with epilepsy has violated this provision to submit, without the person's consent, a written report to the Department of Motor Vehicles that includes the name, address and age of the person.

Section 2 of this bill provides that a person who has been informed by a physician that his or her condition would severely impair his or her ability to

safely operate a motor vehicle has no privilege to prevent a physician from disclosing this information to the Department of Motor Vehicles.

Sections 1 and 4 provide that the Department of Motor Vehicles may only use such information to determine whether a person is eligible to operate a motor vehicle in this State. **Sections 1 and 4** also provide that no cause of action may be brought against a physician: (1) for failing to provide such information to the Department ~~[,]~~ **in any circumstance where the provision of such information is not required;** or (2) for providing such information to the Department, unless the physician acted with malice, intentional misconduct, gross negligence or intentional or knowing violation of the law.

Assembly Bill No. 385.

The following Senate amendment was read:

Amendment No. 780.

AN ACT relating to tow cars; prohibiting operators of tow cars from towing certain vehicles to any location other than a designated vehicle storage lot under certain circumstances; revising provisions relating to operators of tow cars; providing civil and criminal penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes an insurance company to designate vehicle storage lots to which certain vehicles insured by the insurance company must be towed under certain circumstances. Existing law also requires an operator of a tow car who fails to tow a vehicle to a vehicle storage lot designated by an insurance company to forfeit the charge for towing and storage of the vehicle and tow the vehicle free of charge to the designated lot. (NRS 706.4489) **Section 3** of this bill prohibits an operator of a tow car from: (1) towing a vehicle to a location other than a vehicle storage lot designated by the insurance company that provides coverage for the vehicle unless the owner or operator of the vehicle directs the operator of the tow car to tow the vehicle to a location that is not a vehicle storage lot pursuant to **section 16** of this bill; or (2) seeking authorization from an owner or operator of a vehicle to tow the vehicle to a location other than the designated vehicle storage lot. **Section 3** also imposes civil penalties on an operator of a tow car who fails to tow certain vehicles to certain vehicle storage lots designated by an insurance company.

Existing law requires a law enforcement officer to make a good faith effort to determine the identity of the insurance company that provides coverage for the vehicle before the vehicle is towed. (NRS 706.4489) **Section 16** requires the operator of a tow car to make a good faith effort to determine the identity of the insurance company that provides coverage for the vehicle if the law enforcement officer does not communicate that information to the operator. **Section 16** also requires the operator of a tow car to: (1) retain any documents provided by a law enforcement officer indicating the identity of the insurance company that provides coverage for the vehicle; and (2) provide copies of such documents to a vehicle storage lot upon delivery of the vehicle to the vehicle storage lot.

Section 16 additionally prohibits an owner or operator of a vehicle from directing an operator of a tow car to tow the vehicle to a vehicle storage lot other than the vehicle storage lot designated by the insurance company, but authorizes an owner or operator of a vehicle to direct an operator of a tow car to tow the vehicle to a location other than a vehicle storage lot. If an owner or operator of a vehicle directs an operator of a tow car to tow the vehicle to such a location, ~~[~~~the owner or operator of the vehicle~~]~~ **a law enforcement officer, if one is on the scene,** must confirm ~~[~~~in writing that: (1) he or she~~]~~ **that the owner or operator of the vehicle** directed the operator of the tow car to tow the vehicle to such a location ~~[,]~~ and ~~[(2)]~~ **that** the operator of the tow car did not solicit the owner or operator of the vehicle to tow the vehicle to such a location. **The law enforcement officer must also note the decision of the owner or operator of the vehicle in any report of the incident. If no law**

enforcement officer is on the scene, the operator of the tow car must have the owner or operator of the vehicle confirm in writing that he or she directed the towing of the vehicle to a location other than a vehicle storage lot and that the operator of the tow car did not solicit the owner or operator of the vehicle to tow the vehicle to such a location. The operator of the tow car is required to retain ~~[such written]~~ **a copy of any** documentation ~~[.]~~ **provided by the law enforcement officer or agency or any written confirmation obtained from the owner or operator of the vehicle.**

Existing law requires an operator of a tow car to maintain a dispatcher's log identifying certain information for each vehicle towed. (NRS 706.4465) **Section 13** of this bill requires an operator to record the insurance company of each vehicle towed if such information is known.

Except as otherwise provided in NRS 706.4489, an operator of a tow car who is required to tow a vehicle to a designated vehicle storage lot pursuant to that section shall not tow the vehicle to another location. If an operator of a tow car fails to tow a vehicle to the designated vehicle storage lot when required pursuant to NRS 706.4489, the operator of the tow car must:***

(a) Forfeit the charge for towing and storage of the vehicle; and

(b) Tow the vehicle free of charge to the vehicle storage lot designated by the insurance company or its representative not later than 24 hours after receiving a demand, which must be made in writing or by electronic mail, from the insurance company or its representative.

(d) For a fourth or subsequent offense within a period of 24 consecutive months, impose an administrative fine of not more than $20,000.

4. Before imposing a fine pursuant to subsection 3, the Authority shall provide notice to the holder of the certificate of public convenience and necessity and conduct a hearing pursuant to the provisions of chapter 233B of NRS and NRS 706.286.

5. All administrative fines imposed and collected by the Authority pursuant to this section are payable to the State Treasurer and must be credited to a separate account to be used by the Authority to enforce the provisions of this chapter.

The Authority, upon application of any carrier, may prescribe a shorter time within which changes may be made. The 30 days' notice is not applicable when the carrier gives written notice to the Authority 10 days before the effective date of its participation in a tariff bureau's rates and tariffs, provided the rates and tariffs have been previously filed with and approved by the Authority.

4. The Authority may at any time, upon its own motion, investigate any of the rates, fares, charges, regulations, practices and services filed pursuant to this section and, after hearing, by order, make such changes as may be just and reasonable.

3. The Authority may hold a hearing concerning an application submitted pursuant to this section only if:

(a) Upon the expiration of the time fixed in the notice that an application for transfer of a certificate of public convenience and necessity is pending, a petition to intervene has been granted by the Authority; or

Sec. 15. NRS 706.4487 is hereby amended to read as follows:

706.4487 The Legislature hereby finds and declares that:

1. Towing a vehicle, either after an accident or after the vehicle is stolen and subsequently recovered, to a vehicle storage lot designated by the insurer of the vehicle will result in the placement of vehicle storage lots in more locations, as insurance companies will designate as many vehicle storage lots as are necessary to provide coverage throughout the county, thus enhancing safety by limiting both the time and distance that a tow car is traveling with a towed vehicle.

2. Authorizing insurance companies to designate vehicle storage lots will enhance safety by ensuring that the vehicles towed thereto are stored in locations which:

(a) Guarantee safe access to the vehicles by their owners; and

(b) Protect the property of the owners of the vehicles, including, without limitation, the vehicles themselves.

3. The provisions of NRS 706.4489 ***and section 3 of this act*** constitute an exercise of the safety regulatory authority of this State with respect to motor vehicles.

Sec. 16. NRS 706.4489 is hereby amended to read as follows:

706.4489 1. An insurance company may designate one or more vehicle storage lots to which all vehicles that are towed at the request of a law enforcement officer:

➥ and which are insured by that insurance company must be towed pursuant to subsection 2. The designation of a vehicle storage lot must be provided in writing by the insurance company, its representative or the owner or operator of the vehicle storage lot to all providers of towing services that have obtained a certificate of public convenience and necessity and operate in the same geographical area in which the designated vehicle storage lot is situated.

2. If a law enforcement officer requests that an operator of a tow car tow a vehicle following an accident or following recovery after having been stolen and the vehicle is not otherwise subject to impoundment, the law enforcement officer shall make a good faith effort to determine the identity of the insurance company that provides coverage for the ~~[owner of the]~~ vehicle. If the law enforcement officer determines the identity of the insurance company, he or she shall inform the operator of the tow car of the identity of the insurance company. ***If the law enforcement officer does not inform the operator of the tow car of the identity of the insurance company, the operator of the tow car shall make a good faith effort to determine the identity of the insurance company from the law enforcement officer and the owner or operator of the vehicle.*** If the operator of the tow car:

(a) Is informed by a law enforcement officer of the identity of the insurance company that provides coverage for the ~~[owner of the]~~ vehicle; or

(b) Otherwise determines the identity of the insurance company that provides coverage for the ~~[owner of the]~~ vehicle,

➥ and the insurance company has designated a vehicle storage lot pursuant to subsection 1, the operator of the tow car shall tow the vehicle to the designated vehicle storage lot unless the owner ***or operator*** of the vehicle ***, pursuant to subsection 4,*** or a representative of the insurance company has directed otherwise. ***The owner or operator of the vehicle shall be deemed to have consented to towing the vehicle to the vehicle storage lot designated by the insurance company that provides coverage for the vehicle.***

3. ~~[If an operator of a tow car fails to tow a vehicle to the designated vehicle storage lot pursuant to subsection 2, the operator of the tow car shall:~~

~~(a) Forfeit the charge for towing and storage of the vehicle; and~~

~~(b) Tow the vehicle free of charge to the vehicle storage lot designated by the insurance company or its representative not later than 24 hours after receiving a demand, which must be made in writing or by electronic mail, from the insurance company or its representative.]~~ ***The operator of a tow car shall***

The operator of a tow car shall provide copies of such documents to a vehicle storage lot upon delivery of the vehicle to the vehicle storage lot.

4. ***An owner or operator of a vehicle shall not direct an operator of a tow car to tow the vehicle to a vehicle storage lot other than the vehicle storage lot designated by the insurance company pursuant to subsection 1, but may direct an operator of a tow car to tow the vehicle to a location other than a vehicle storage lot. If an owner or operator of a vehicle directs an operator of a tow car to tow the vehicle to such a location, ~~[the operator of the tow car shall require the owner or operator of the vehicle to confirm in writing that he or she]~~ a law enforcement officer, if one is on the scene, shall confirm that the owner or operator of the vehicle directed the operator of the tow car to tow the vehicle to a location other than the designated vehicle storage lot and that the operator of the tow car did not solicit the owner or operator of the vehicle in violation of subsection 2 of section 3 of this act ~~[.]~~ , and shall note the decision of the owner or operator of the vehicle in any report of the incident. If a law enforcement officer is not on the scene, the operator of the tow car shall require the owner or operator of the vehicle to confirm in writing on a form prescribed by the Authority that he or she directed the operator of the tow car to tow the vehicle to a location other than the designated vehicle storage lot and that the operator of the tow car did not solicit the owner or operator of the vehicle in violation of subsection 2 of section 3 of this act. ~~[5.]~~ ***6.*** A vehicle storage lot must:

(a) Maintain adequate, accessible and secure storage within the State of Nevada for any vehicle that is towed to the vehicle storage lot;

(b) Comply with all standards a law enforcement agency may adopt pursuant to NRS 706.4485 to protect the health, safety and welfare of the public;

(d) If the vehicle storage lot is a salvage pool as that term is defined in NRS 487.400, comply with all applicable requirements imposed pursuant to NRS 487.400 to 487.510, inclusive.

~~[6.]~~ ***7.*** If a vehicle storage lot has rates and charges that have been approved by the Authority for the storage of a vehicle, the vehicle storage lot is not required to assess those rates and charges for the storage of a vehicle that is towed to the vehicle storage lot in accordance with this section, but may not assess a rate or charge in excess of those approved rates and charges. If a vehicle storage lot does not have rates and charges that have been approved by the Authority, it may not assess a rate or charge in excess of the rates and charges for the storage of a vehicle that have been approved by the law enforcement agency that requested the tow. If the requesting law enforcement agency does not have approved rates and charges, the vehicle storage lot may not assess a rate or charge in excess of the rates and charges for the storage of a vehicle that have been approved by the largest law enforcement agency in the county. An operator of a tow car who tows a vehicle to a vehicle storage lot pursuant to this section:

Legislative Counsel's Digest:

~~[This]~~ **Section 1 of this** bill: (1) requires the regional transportation commission in a county whose population is 700,000 or more (currently Clark County) to establish and administer the Nevada Yellow Dot Program in coordination with each regional transportation commission in this State; (2) requires the regional transportation commission in a county whose population is 700,000 or more (currently Clark County) to disseminate information about the Program to the public and to public safety agencies; (3) authorizes that commission to obtain grants or sponsorships for the Program; and (4) provides that first responders are immune from civil liability for damages as a result of any act or omission taken by the first responder relating to a collision or other emergency in connection with the Program.

Sections 3-46 of this bill provide for the permitting by the Nevada Transportation Authority of transportation network companies and the regulation by the Authority of the provision of transportation services.

Section 19 of this bill defines a "transportation network company" as an entity that uses a digital network or software application service to connect passengers to drivers who can provide transportation services to passengers. Section 20 of this bill defines "transportation services" as the transportation by motor vehicle of one or more passengers between points chosen by the passenger or passengers and prearranged with a driver through the use of the digital network or software application service of a transportation network company. Section 21 of this bill provides that it is the purpose and policy of the Legislature in enacting this bill to ensure the safety, reliability and cost-effectiveness of the transportation services provided by drivers affiliated with transportation network companies in this State.

Sections 4-14 of this bill establish certain requirements concerning the provision of insurance for the payment of tort liabilities arising from the operation of a motor vehicle by a driver who provides transportation services.

Section 25 of this bill prohibits any person from doing business in this State as a transportation network company unless the person holds a valid permit issued by the Authority pursuant to the provisions of sections 4-14 and 16-46 of this bill. Section 25 also: (1) empowers the Authority to regulate, pursuant to the provisions of this bill, all transportation network companies and drivers who operate or wish to operate within this State; and (2) prohibits the Authority from applying any provision of chapter 706 of NRS, relating to motor carriers, to a transportation network company or driver who operates within the provisions of sections 4-14 and 16-46 of this bill. Section 26 of this bill provides for the submission to the Authority of an application for a permit. Section 27 of this bill requires the Authority to issue a permit to an applicant upon a determination by the Authority that the applicant meets all the applicable requirements for the issuance of the permit. Section 27 of this bill further provides that a permit issued by the Authority authorizes a transportation network company to: (1) connect passengers to a driver who can provide transportation services through the use of a digital network or software application service; and (2) make its digital network or software application service available to one or more drivers to receive connections from the company. Section 27 of this bill provides that a permit issued by the Authority does not authorize a transportation network company to engage in any activity regulated pursuant to chapter 706 of NRS, relating to motor carriers. Additionally, section 27 provides that a person who is regulated pursuant to chapter 706 of NRS may be issued a permit to operate a transportation network company if the person meets the requirements for the issuance of a permit.

Section 29 of this bill authorizes a transportation network company to enter into agreements with one or more drivers to receive connections to potential passengers from the company. Section 29 also establishes the

minimum qualifications for drivers and requires a transportation network company to conduct an investigation of the background of each driver, which must include a criminal background check, a search of a database containing information from the sex offender website maintained by each state and a review of the complete driving history of the driver. Further, section 29 sets forth the conditions for which a transportation network company must terminate an agreement with a driver.

Section 30 of this bill: (1) provides that a transportation network company may, on behalf of a driver, charge a fare for the provision of transportation services by the driver; and (2) places certain requirements on the company concerning the fares and the information which must be provided to passengers concerning the amount and the calculation of fares.

Section 31 of this bill: (1) prohibits a transportation network company from allowing any driver who operates a motor vehicle that is not in compliance with all federal, state and local laws governing the operation and maintenance of a motor vehicle to be connected to potential passengers; and (2) requires annual inspections of each motor vehicle operated by a driver.

Section 32 of this bill prohibits discrimination on account of national origin, religion, age, disability, sex, race, color, sexual orientation or gender identity or expression by a transportation network company or driver. Section 33 of this bill requires a transportation network company to provide to passengers certain information relating to the identification of a driver. Section 34 of this bill requires a transportation network company to provide an electronic receipt to each passenger. Section 35 of this bill allows a transportation network company to enter into certain contracts with the Department of Health and Human Services. Section 36 of this bill imposes on transportation network companies certain recordkeeping requirements. Section 37 of this bill imposes on transportation network companies certain reporting requirements.

Section 38 of this bill establishes certain requirements relating to the provision of transportation services by a driver. Section 38 also prohibits a driver from soliciting passengers or providing transportation services except to persons who have arranged for such transportation services through the digital network or software application service of a transportation network company. Section 39 of this bill prohibits a driver from consuming, using or being under the influence of any intoxicating liquor or controlled substance during any period when the driver is providing transportation services or is logged into the digital network or software application service of a transportation network company. With certain exceptions, section 40 of this bill prohibits a transportation network company from releasing the personally identifiable information of passengers.

Section 41 of this bill provides for the investigation of complaints against a transportation network company or driver. Section 42 of this bill: (1) authorizes the Authority to impose certain penalties for any violation of the provisions of sections 4-14 and 16-46 of this bill by a transportation network company or driver; and (2) provides that a person who violates any provision of sections 4-14 and 16-46 of this bill is not subject to a criminal penalty.

Section 43 of this bill provides that this bill does not exempt any person from any other laws governing the operation of a motor vehicle upon the highways of this State, except that a transportation network company or a driver who provides transportation services within the scope of a permit issued by the Authority is not subject to the provisions of existing law governing motor carriers or public utilities.

Section 44 of this bill prohibits a local government from: (1) imposing any tax or fee on a transportation network company, a driver who has entered into an agreement with such a company or a vehicle operated by such a driver or for transportation services provided by such a driver; (2) requiring a transportation network company or driver to obtain from the local government any certificate, license or permit to provide transportation services; or (3) imposing any other requirement on the operation of a motor vehicle by a transportation network company or driver which is not of general applicability. Section 44 does not prohibit a local government from requiring a transportation network company or driver to obtain from the local government a business license or to pay any business license fee in the same manner that is generally applicable to any other business that operates within the jurisdiction of the local government. Section 44 does not prohibit an airport from requiring a transportation network company or driver to obtain a permit or certification to operate at the airport, pay a fee to operate at the airport or comply with any other requirement to operate at the airport. Section 44 also states that sections 4-14 and 16-46 of this bill do not exempt any person from the requirement to obtain a state business license and requires a transportation network company to notify each driver of the requirement.

Section 45 of this bill requires each transportation network company to provide the Authority with reports at certain times containing certain information about damages resulting from accidents involving drivers who are providing transportation services or logged into the digital network or software application service of the company and available to receive requests for transportation services. Section 45 also requires the Authority to collect these reports, determine whether the limits of coverage required pursuant to section 11 of this bill are sufficient and report to the Legislative Commission or Director of the Legislative Counsel Bureau.

Sections 47-53 and 58 of this bill revise the provisions of Assembly Bill No. 175 of this session to make the Authority, rather than the Public Utilities Commission of Nevada, responsible for carrying out the provisions of that bill relating to fees, assessments and excise taxes for transportation network companies.

Section 54 of this bill provides that: (1) a transportation network company may commence operations within this State immediately upon being issued a permit; (2) any regulation adopted by the Authority pursuant to sections 4-14 and 16-46 of this bill on or before July 1, 2017, shall not be effective for at least 30 days after filing with the Secretary of State; (3) the Authority must begin to accept applications for permits within 30 days after the effective date of section 26 of this bill; and (4) the Authority shall not issue a permit until July 1, 2015.

Section 55 of this bill requires the Nevada Transportation Authority to investigate and compare specific types of background checks to determine the efficacy, efficiency and effect on public safety and report the results of its investigation to the Legislative Commission.

Remarks by Assemblyman Wheeler.

ASSEMBLYMAN WHEELER:

Amendment 965 to Assembly Bill 176 provides for the permitting by the Nevada Transportation Authority [NTA] of transportation network companies and the regulation by the NTA of the provision of transportation services. Specifically, the amendment requires that the transportation network companies hold a valid permit issued by the NTA; establishes insurance requirements for transportation network companies; empowers the NTA to regulate transportation network companies and transportation network company drivers; establishes minimum qualifications for drivers and requires a transportation network company to conduct certain background checks; requires an annual inspection of each motor vehicle operated by a transportation network company driver; and prohibits a local government from imposing taxes, fees, or certain other requirements on a transportation network company. The amendment provides that neither a transportation network company nor a transportation network company driver is subject to the provisions of existing law governing motor carriers or public utilities.

SECOND READING AND AMENDMENT

Assembly Bill No. 436.

Bill read second time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 920.

AN ACT relating to state employees; revising provisions relating to compensation of state employees to eliminate longevity pay for such employees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for a plan to encourage continuity of service for state employees whereby each employee with 8 years or more of continuous state service is entitled to a semiannual payment which begins at $75 and increases annually after that for each year of continuous service to a maximum semiannual payment of $1,175 (referred to commonly as "longevity pay"). (NRS 284.177) **Section 5** of this bill repeals that provision, but does not affect any longevity pay of local governmental employees, and **sections 1 ~~[–4]~~ and 2** of this bill make conforming changes to reflect that repeal.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 281.123 is hereby amended to read as follows:

281.123 1. Except as otherwise provided in subsection 3 or NRS 281.1233, or as authorized by statute referring specifically to that position, the salary of a person employed by the State or any agency of the State must not exceed 95 percent of the salary for the office of Governor during the same period.

2. As used in subsection 1, the term "salary":

(a) Includes any:

(1) Payment received by an employee for being available to work although the employee was not actually required to perform the work;

(2) Increase in salary provided to compensate for a rise in the cost of living; ***and***

(3) ~~[Payment received under a plan established to encourage continuity of service; and~~

~~(4)~~] Payment received as compensation for purportedly performing additional duties.

(b) Excludes any:

(1) Payment received as compensation for overtime even if that payment is otherwise authorized by law; and

(2) Rent or utilities supplied to an employee if the employee is required by statute or regulation to live in a particular dwelling.

3. The provisions of subsection 1 do not apply to the salaries of:

(a) Dentists and physicians employed full-time by the State; or

(b) Officers and employees of the Nevada System of Higher Education.

Sec. 2. NRS 284.3775 is hereby amended to read as follows:

284.3775 1. Except as otherwise provided in this section, employees of the Supreme Court, employees of the Court of Appeals, employees in the unclassified service of the Executive Branch of the Government of the State of Nevada, or employees of the Legislative Branch of the Government of the State of Nevada who have served for 4 consecutive months or more are entitled to transfer to a position having similar duties and compensation in the classified service of the State on the same basis as employees may transfer within the classified service from a position under one appointing authority to a position under another appointing authority. The benefit conferred by this subsection includes any exemption from the taking of a competitive examination, retention of credits for annual and sick leave **,** [~~and longevity,~~] and priority on the lists of eligible persons to the extent that such privileges are accorded to employees transferring within the classified service.

2. Except as otherwise provided in subsection 4, the benefits conferred by subsection 1 do not apply to an employee in the unclassified service who is the chief officer of a department or division.

3. Except as otherwise provided in this subsection and subsection 4, a person may not transfer pursuant to subsection 1 to a class composed of:

(a) Professionally qualified persons; or

(b) Officers and administrators who set broad policies and exercise responsibility for the execution of those policies.

➥ A person may transfer to a class described in paragraph (a) or (b) if that class is provided for pursuant to subsection 2 of NRS 284.155.

4. The restrictions provided in subsections 2 and 3 do not apply to an employee of the Supreme Court, an employee of the Court of Appeals, an employee in the unclassified service of the Executive Branch of Government or an employee of the Legislative Branch of Government whose appointment to that position was immediately preceded by an appointment in the classified service, except that such an employee may only transfer to a position in the classified service that has duties and compensation that are similar either to the employee's current position or to a position the employee previously held in the classified service.

5. An employee in the classified service of the State who is granted leave without pay to accept a position in the Legislative Branch of Government during a regular or special session:

(a) Is entitled to be restored to the employee's previous position in the classified service upon the completion of the legislative session without loss of seniority or benefits. Seniority must be calculated as if the employee had not taken the leave.

(b) Is eligible to fill vacancies in positions within the classified service to the extent that the employee would be eligible if the employee was not on leave from the employee's position in the classified service.

6. An employee of the Legislative Branch of the Government of the State of Nevada who is employed at the conclusion of a regular session of the Legislature and is eligible at that time pursuant to subsection 1 to transfer to a position having similar duties and compensation in the classified service of the State may transfer to such a position on or before November 1 following session notwithstanding the termination of the employee's employment with the Legislative Branch of Government before that date. For the purposes of this section, the weekly compensation of a person paid a daily salary during a legislative session is seven times the daily salary.

Sec. 3. ~~[NRS 1A.030 is hereby amended to read as follows:~~

~~1A.030 1. "Compensation" means the salary paid to a justice of the Supreme Court, a judge of the Court of Appeals or a district judge by this State, to a justice of the peace by a county or to a municipal judge by a city, including:~~

~~(a) Base pay, which is the monthly rate of pay excluding all fringe benefits;~~

~~(b) Additional payment for longevity~~ **[**~~;~~**]** ***, if applicable;*** ~~and~~

~~(c) Payment for extra duty assignments if it is the standard practice of this State, the county or the city to include such pay in the employment contract or official job description for the calendar year in which it is paid and such pay is specifically included in the justice's or judge's employment contract or official job description.~~

~~2. The term does not include any type of payment not specifically described in this section.~~**]** **(Deleted by amendment.)**

Sec. 4. ~~[NRS 3.030 is hereby amended to read as follows:~~

~~3.030 1. Until the first Monday in January 2009, the annual base salary of each district judge is $130,000. From and after the first Monday in January 2009, the annual base salary of each district judge is $160,000.~~

~~2. If a district judge has served in his or her office for at least 4 years, the district judge is entitled to an additional salary of 2 percent of his or her annual base salary for each year of service. The additional salary must not exceed 22 percent of his or her annual base salary.~~

~~3. The annual base salaries [and the additional salary for longevity] must be paid in biweekly installments out of the State Judicial Elected Officials Account of the Supreme Court.~~

~~4. No salary of any district judge may be paid in advance.~~**]** **(Deleted by amendment.)**

Sec. 5. NRS 284.177 and 284.179 are hereby repealed.

Sec. 6. This act becomes effective upon passage and approval.

3. Except as otherwise provided in this subsection, no year served before the interruption may be counted in determining the employee's subsequent eligibility. 2. If an association is subject to the governing documents of a master association, the master association shall pay the fees required pursuant to this section for each unit in the association that is subject to the governing documents of the master association, unless the governing documents of the master association provide otherwise. The provisions of this subsection do not relieve any association that is subject to the governing documents of a master association from its ultimate responsibility to pay the fees required pursuant to this section to the Administrator if they are not paid by the master association.

3. The fees required to be paid pursuant to this section must be:

(a) Paid at such times as are established by the Division.

(b) Deposited with the State Treasurer for credit to the Account for Common-Interest Communities and Condominium Hotels created by NRS 116.630.

(c) Established on the basis of the actual costs of administering the Office of the Ombudsman and the Commission and not on a basis which includes any subsidy beyond those actual costs. In no event may the fees required to be paid pursuant to this section exceed ~~[~~$3~~]~~ ***$5*** per unit.

4. The Division shall impose an administrative penalty against an association or master association that violates the provisions of this section by failing to pay the fees owed by the association or master association within the times established by the Division. The administrative penalty that is imposed for each violation must equal 10 percent of the amount of the fees owed by the association or master association or $500, whichever amount is less. The amount of the unpaid fees owed by the association or master association bears interest at the rate set forth in NRS 99.040 from the date the fees are due until the date the fees are paid in full.

5. A unit's owner may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to both an association and a master association.

6. An association that is subject to the governing documents of a master association may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to the extent they have already been paid by the master association.

7. A master association may not be required to pay any portion of the fees or any administrative penalties or interest required to be paid pursuant to this section to the extent they have already been paid by an association that is subject to the governing documents of the master association.

8. Upon the payment of the fees and any administrative penalties and interest required by this section, the Administrator shall provide to the association or master association evidence that it paid the fees and the administrative penalties and interest in compliance with this section.

9. Any person, association or master association which has been requested or required to pay any fees, administrative penalties or interest pursuant to this section and which believes that such fees, administrative penalties or interest has been imposed in error may, without exhausting any available administrative remedies, bring an action in a court of competent jurisdiction to recover:

(a) Any amount paid in error for any fees, administrative penalties or interest during the immediately preceding 3 years;

(b) Interest on the amount paid in error at the rate set forth in NRS 99.040; and

(c) Reasonable costs and attorney's fees.

Amendment No. 815.

AN ACT relating to economic development; authorizing a person who locates or expands a data center in this State to apply to the Office of Economic Development for a partial abatement of certain property taxes and local sales and use taxes; establishing criteria by which a data center may qualify for such a partial abatement; establishing the maximum duration and percentage of such partial abatements; requiring the Office to approve an application for a partial abatement if the applicant meets the criteria for eligibility; authorizing the Office to approve a partial abatement of taxes for certain qualified businesses that colocate with a data center for which a partial abatement has been approved; revising provisions governing eligibility for a partial abatement of certain property taxes and sales and use taxes for a data center that is or will be located in a historically underutilized business zone, a redevelopment area, an area eligible for a community development block grant or an enterprise community; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Office of Economic Development to grant a partial abatement of property taxes, business taxes and sales and use taxes to a business that locates or expands in this State and meets certain qualifications for the abatement. (NRS 274.310, 274.320, 360.750, 361.0687, 363B.120, 374.357, 701A.210) **Section 1** of this bill authorizes the Office of Economic Development to grant a partial abatement of property taxes and local sales and use taxes to a data center that locates or expands in this State and meets certain qualifications. **Section 1** establishes the criteria by which a data center must demonstrate eligibility for a partial abatement, including requirements concerning the number of full-time employees ~~[that must be]~~ employed by a data center **who must be residents of Nevada** and minimum requirements for capital investment. If the Office of Economic Development approves a partial abatement for a data center, **section 1** authorizes the Office of Economic Development to grant the same partial abatement to certain businesses that colocate with the data center. **Section 5** of this bill specifies that the amount of the abatement must not exceed 75 percent of the amount of personal property taxes payable by a data center for eligible equipment and machinery located in the data center. **Section 6** of this bill specifies the duration of the partial abatement applicable to the local sales and use taxes otherwise payable by a data center for eligible equipment and machinery located in the data center. **Section 10.5 of this bill provides that any such abatement of the local sales and use taxes must not include, for Fiscal Year 2015-2016, an abatement of the local school support tax.**

Section ~~[6]~~ 1 prohibits the Office of Economic Development from approving any abatements pursuant to the provisions of **sections 1-6, 7-9 and 10-12** of this bill on or after January 1, 2036, but, pursuant to **section 13** of this bill, the provisions of **sections 1-6, 7-9 and 10-12** will remain effective until December 31, 2056, so that the Office of Economic Development and the Department of Taxation may continue to administer the law with regard to any

abatements approved pursuant to the provisions of this bill and in effect on January 1, 2036.

Existing law authorizes the Office of Economic Development to grant, for a period of at least 1 year but not more than 5 years, a partial abatement of property taxes and sales and use taxes to an eligible business that is or will be located in a historically underutilized business zone, a redevelopment area, an area eligible for a community development block grant or an enterprise community. Under existing law, a data center that locates in such an area is eligible for such partial abatements for a period of at least 1 year but not more than 15 years. (NRS 274.310, 274.320, 274.330, 374.358) **Sections 6.5, 9.3-9.7 and 12.5** of this bill delete the provisions which apply specifically to a data center which is or will be located in a historically underutilized business zone, a redevelopment area, an area eligible for a community development block grant or an enterprise community.

TEXT OF REPEALED SECTION

274.025 "Data center" defined. "Data center" means one or more buildings located at one physical location which house a group of networked server computers for the purpose of centralizing the storage, management and dissemination of data and information pertaining to a particular business and includes the associated telecommunications and storage systems at the location.

Assemblyman Armstrong moved the adoption of the amendment.

Remarks by Assemblyman Armstrong.

ASSEMBLYMAN ARMSTRONG:

Amendment 815 reduces the number of employees and capital investment required for an abatement that may be approved for a period not to exceed ten years. It also requires that employees hired for the data center be Nevada residents in order to meet the eligibility requirement. It also specifies that at least 50 percent of the employees involved in any construction of the data center be Nevada residents. It also specifies that the requirements for Nevada employees and capital investment be met in each county in which the data center intends to operate. It also requires that a colocated business receiving abatement obtain a state business license. It also limits the definition of "eligible machinery and equipment" to only those items necessary to and specifically related to the business of the data center or colocated business, specifically excluding vehicles from the definition, and specifies the Office of Economic Development may not approve an abatement of the Local School Support Tax in Fiscal Year 2016. For Fiscal Year 2017 and future fiscal years, the abatements for sales and use tax include the Local School Support Tax.

Assembly called to order at 1:34 p.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Dr. Ken Haskins.

Our heavenly Father, as this body approaches deadlines and this legislative session winds down, stress and pressure increase. We may feel like the Apostle Paul who wrote, "We are hard pressed on every side, but not crushed; perplexed, but not in despair; persecuted, but not abandoned; struck down, but not destroyed." Grant to these legislators inner strength and enable them to remain focused upon the work which must be completed. I pray in Jesus' Name.

AMEN.

Pledge of allegiance to the Flag.

Assemblyman Paul Anderson moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 981.

AN ACT relating to energy; revising provisions relating to certain energy conservation standards adopted by the Director of the Office of Energy and the governing body of a local government; providing that certain design professionals are not subject to disciplinary action for complying with certain energy conservation standards; providing that the adoption of certain energy conservation standards by the Director and the governing body of a local government shall not be deemed to prohibit the Director or governing body from approving and implementing certain energy efficiency programs; revising provisions relating to net metering systems; requiring electric utilities in this State to submit to the Public Utilities Commission of Nevada certain proposed tariffs pursuant to which an electric utility is required to offer net metering to certain customers of the electric utility; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Director of the Office of Energy and the governing body of a local government to adopt certain standards for the conservation of energy in buildings. (NRS 701.220) **Section 1** of this bill prohibits the Director and a governing body from adopting certain standards mandating requirements for air changes per hour. **Sections 1, 3 and 4** of this bill provide that certain design professionals are not subject to disciplinary action by their respective licensing boards for complying with the energy conservation standards adopted by a governing body pursuant to **section 1**. **Section 1** further provides that the adoption of certain energy conservation standards by the Director and a governing body shall not be deemed to prohibit the Director or governing body from approving and implementing certain energy efficiency programs related to new residential construction.

Existing law requires electric utilities to offer net metering to the customer-generators operating within the service area of the utility until the cumulative capacity of all net metering systems operating in this State is equal to 3 percent of the total peak capacity of all electric utilities in this State. (NRS 704.773) **Section 2.95 of this bill revises the amount of cumulative capacity for which utilities are required to offer net metering in accordance with existing law. Section 2.3** of this bill requires each electric utility to offer net metering to customers who **submit an application to the utility to** install net metering systems ~~[on or]~~ after the date on which such **revised** cumulative capacity requirement is met in accordance with a tariff filed by the electric utility and approved by the Public Utilities Commission of Nevada. **Section 2.3** sets forth the authority of the Commission relative to the approval of such tariffs ~~[.]~~ **and authorizes the Commission to determine whether and the extent to which any tariff is applicable to existing customer-generators. Section 4.5** of this bill requires each electric utility to submit to the Commission the proposed tariff required by **section 2.3** not later than July 31, 2015, and requires the Commission to review and approve or disapprove each such proposed tariff not later than December 31, 2015. **Section 4.5 provides that a tariff approved by the Commission cannot take effect until after the date on which the cumulative capacity requirement prescribed by section 2.95 is met. Section 4.5 also requires an electric utility, in the event that the Commission does not approve a tariff on or before December 31, 2015, to offer net metering to customer-generators in accordance with applicable provisions of law as such provisions existed before the effective date of this bill for the period beginning January 1, 2016, and ending on the date on which the Commission approves a tariff, unless a court has issued an order staying or prohibiting the enforcement or issuance of a written order or tariff approved by the Commission.**

Existing law prohibits an electric utility from making changes in any schedule or imposing any rate on residential customers which is based on the time of day, day of the week or time of year during which the electricity is used or which otherwise varies based upon the time during which the

electricity is used. (NRS 704.085) **Section 2.5** of this bill provides that this prohibition does not apply to residential customers who are users of net metering systems.

Existing law requires each electric utility to submit to the Commission every 3 years a plan to increase the utility's supply of electricity or decrease the demands made on its system by its customers. Existing law provides that the plan must include certain components, including: (1) an energy efficiency program for residential customers; and (2) a comparison of a diverse set of scenarios to address issues relating to customer demand, which must include at least one scenario of low carbon intensity. (NRS 704.741) **Section 2.7** of this bill requires that the scenario of low carbon intensity must include the deployment of distributed generation. Additionally, **section 2.7** requires that the plan include an analysis of the effects of net metering on the reliability of the distribution system of the electric utility and the costs to the electric utility to provide electric service to all customers.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 701.220 is hereby amended to read as follows:

701.220 1. The Director shall adopt regulations for the conservation of energy in buildings, including manufactured homes. ~~[Such]~~ ***Except as otherwise provided in subsection 5, such*** regulations must include the adoption of the most recent version of the International Energy Conservation Code, issued by the International Code Council, and any amendments to the Code that will not materially lessen the effective energy savings requirements of the Code and are deemed necessary to support effective compliance and enforcement of the Code, and must establish the minimum standards for:

(a) The construction of floors, walls, ceilings and roofs;

(b) The equipment and systems for heating, ventilation and air-conditioning;

(c) Electrical equipment and systems;

(d) Insulation; and

(e) Other factors which affect the use of energy in a building.

➥ The regulations must provide for the adoption of the most recent version of the International Energy Conservation Code, and any amendments thereto, every third year.

2. The Director may exempt a building from a standard if the Director determines that application of the standard to the building would not accomplish the purpose of the regulations.

3. The regulations must authorize allowances in design and construction for sources of renewable energy used to supply all or a part of the energy required in a building.

4. The standards adopted by the Director are the minimum standards for the conservation of energy and energy efficiency in buildings in this State. The

governing body of a local government that is authorized by law to adopt and enforce a building code:

(a) Except as otherwise provided in paragraph (b), shall incorporate the standards adopted by the Director in its building code;

(b) ~~[~~May~~]~~ ***Except as otherwise provided in subsection 5, may*** adopt higher or more stringent standards and must report any such higher or more stringent standards, along with supporting documents, to the Director; and

(c) Shall enforce the standards adopted.

5. ***The Director or the governing body of a local government shall not adopt a standard ~~[or code]~~ which mandates a requirement for air changes per hour that is outside the following ranges:***

(a) Less than 4 1/2 or more than 7 air changes per hour for an attached residence or any residence for which fire sprinklers are installed; or

(b) Less than 4 or more than 7 air changes per hour for any residence other than a residence described in paragraph (a).

6. A design professional who complies with the standards adopted by the Director or the governing body of a local government pursuant to this section is not subject to disciplinary action by the State Board of Architecture, Interior Design and Residential Design pursuant to paragraph (f) of subsection 1 of NRS 623.270 or the State Board of Professional Engineers and Land Surveyors pursuant to NRS 625.410.

7. Nothing in this section shall be deemed to prohibit the Director or the governing body of a local government from approving and implementing a program for the purpose of increasing energy efficiency in new residential construction through the use of sample inspections.

8. The Director shall solicit comments regarding the adoption of regulations pursuant to this section from:

(a) Persons in the business of constructing and selling homes;

(b) Contractors;

(c) Public utilities;

(d) Local building officials; and

(e) The general public,

➥ before adopting any regulations. The Director must conduct at least three hearings in different locations in the State, after giving 30 days' notice of each hearing, before the Director may adopt any regulations pursuant to this section.

9. As used in this section, "design professional" means a person who holds a professional license or certificate issued pursuant to chapter 623 or 625 of NRS.

Sec. 2.3. Chapter 704 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in subsection 3, each ~~[electric]~~ utility shall, in accordance with a tariff filed by the ~~[electric]~~ utility and approved by the Commission, offer net metering to customer-generators who ~~[, on or]~~ submit applications to install net metering systems within its service territory

after the date on which the cumulative capacity requirement described in paragraph (a) of subsection 1 of NRS 704.773 is met . ~~[, install net metering systems within its service territory.]~~

2. For the purposes of evaluating and approving any tariff filed with the Commission pursuant to subsection 1 and otherwise carrying out the provisions of this section, the Commission:

(a) May establish one or more rate classes for customer-generators.

(b) May establish terms and conditions for the participation by customer-generators in net metering, including, without limitation, limitations on enrollment in net metering which the Commission determines are appropriate to further the public interest.

(c) May close to new customer-generators a tariff filed pursuant to subsection 1 and approved by the Commission if the Commission determines that closing the tariff to new customer-generators is in the public interest.

(d) May authorize ~~[an electric]~~ a utility to establish just and reasonable rates and charges to avoid, reduce or eliminate an unreasonable shifting of costs from customer-generators to other customers of the ~~[electric]~~ utility.

(e) Shall not approve a tariff filed pursuant to subsection 1 or authorize any rates or charges for net metering that unreasonably shift costs from customer-generators to other customers of the ~~[electric]~~ utility.

3. ~~[To avoid a significant disruption of the net metering market, the Commission may, in its discretion and without a hearing, approve a tariff submitted pursuant to subsection 1 subject to any requirements relating to adjustments which the Commission may impose. In approving a tariff pursuant to this subsection, the Commission may solicit comments from any interested parties and may substitute for any rates, terms or conditions contained in the tariff submitted by the electric utility such rates, terms and conditions as the Commission determines are just and reasonable.~~

~~4. As used in this section, "electric utility" has the meaning ascribed to it in NRS 704.187.]~~ In approving any tariff submitted pursuant to subsection 1, the Commission shall determine whether and the extent to which any tariff approved or rates or charges authorized pursuant to this section are applicable to customer-generators who, on or before the date on which the cumulative capacity requirement described in paragraph (a) of subsection 1 of NRS 704.773 is met, submitted a complete application to install a net metering system within the service territory of a utility.

Sec. 2.5. NRS 704.085 is hereby amended to read as follows:

704.085 1. ~~[An]~~ ***Except as otherwise provided in subsection 2, an*** electric utility shall not make changes in any schedule or impose any rate, and the Commission shall not approve any changes in any schedule or authorize the imposition of any rate by an electric utility, which requires a residential customer to purchase electric service at a rate which is based on the time of day, day of the week or time of year during which the electricity is used or which otherwise varies based upon the time during which the electricity is used, except that the Commission may approve such a change in a schedule or

authorize the imposition of such a rate if the approval or authorization is conditioned upon an election by a residential customer to purchase electric service at such a rate.

2. ***The provisions of subsection 1 do not apply to any changes in a schedule or rates imposed on a customer-generator.***

3. As used in this section ~~[, "electric]~~ ***:***

(b) Designate renewable energy zones and revise the designated renewable energy zones as the Commission deems necessary.

3. The Commission shall require the utility to include in its plan:

(a) An energy efficiency program for residential customers which reduces the consumption of electricity or any fossil fuel and which includes, without limitation, the use of new solar thermal energy sources **.** ~~[; and]~~

(c) An analysis of the effects of the requirements of NRS 704.766 to 704.775, inclusive, and section 2.3 of this act on the reliability of the distribution system of the ~~*[electric]*~~ ***utility and the costs to the*** ~~*[electric]*~~ ***utility to provide electric service to all customers. The analysis must include an evaluation of the costs and benefits of addressing issues of reliability through investment in the distribution system.***

4. The Commission shall require the utility to include in its plan a plan for construction or expansion of transmission facilities to serve renewable energy zones and to facilitate the utility in meeting the portfolio standard established by NRS 704.7821.

5. As used in this section:

(a) "Carbon intensity" means the amount of carbon by weight emitted per unit of energy consumed.

(b) "Renewable energy zones" means specific geographic zones where renewable energy resources are sufficient to develop generation capacity and

Remarks by Assemblyman Kirner.

ASSEMBLYMAN KIRNER:

Amendment 981 to Senate Bill 374 removes the requirement that the utility offer net metering to customer-generators until the cumulative capacity of all net metering systems operating in the state is equal to 3 percent of the total peak capacity of all utilities. Instead, the amendment requires the utility to offer net metering to customer-generators until the cumulative capacity of all net metering systems, for which all utilities in this state have accepted or approved completed applications for net metering, is equal to 235 megawatts. After the date on which the cumulative capacity requirement is met, the utility is required to offer net metering in accordance with a tariff filed by the utility pursuant to the bill and approved by the Public Utilities Commission of Nevada.

ASSEMBLYMEN OSCARSON, WHEELER, WOODBURY, ARMSTRONG, EDWARDS; **DICKMAN, DOOLING, GARDNER, KIRNER, MOORE, O'NEILL, SEAMAN,** SILBERKRAUS ~~[AND]~~ **,** STEWART **, TITUS AND TROWBRIDGE**

AN ACT relating to firearms; authorizing the possession of a firearm in a motor vehicle that is on the property of certain educational entities or child care facilities in certain circumstances; authorizing a person who holds a permit to carry a concealed firearm to do so on the property of the Nevada

System of Higher Education under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law generally makes it a gross misdemeanor to carry or possess certain weapons while on the property of the Nevada System of Higher Education, a private or public school or a child care facility, or while in a vehicle of a private or public school or a child care facility except in certain circumstances. (NRS 202.265) **Section 2** of this bill adds an exception so that a person who holds a permit to carry a concealed firearm is not prohibited from possessing a firearm capable of being concealed upon the person on the property of the Nevada System of Higher Education, a private or public school or a child care facility, if the firearm remains out of public view and if the firearm is: (1) inside a motor vehicle that is occupied or, if the motor vehicle is unoccupied, the motor vehicle is locked; or (2) stored in a locked container that is affixed securely to the motor vehicle.

Existing law also prohibits a person from carrying a concealed firearm while on the property of the Nevada System of Higher Education, a private or public school or a child care facility, unless the person holds a permit to carry a concealed firearm and has written permission from the president of a branch or facility of the System, the principal of the school or the person designated by the child care facility to give permission to carry or possess a weapon to carry the concealed firearm. (NRS 202.265, 202.3673) **Sections 2 and 3** of this bill authorize a person who holds such a permit to carry a concealed firearm while on the property of the System.

Existing law requires the Board of Regents of the University of Nevada to prescribe rules for the granting of permission to carry or possess a weapon on the property of the Nevada System of Higher Education. (NRS 396.110) **Section 4** of this bill provides that: (1) the rules prescribed by the Board must not require a person who is authorized to carry a concealed firearm to obtain permission to carry a concealed firearm; and (2) any rules prescribed by the Board before, on or after July 1, 2015, that require such a person to obtain such permission are void.

Sec. 11. The provisions of section 4 of this act do not apply to any contract entered into before July 1, 2015, until extended or renewed.

Sec. 12. This act becomes effective on July 1, 2015.

Assemblyman Paul Anderson moved the adoption of the amendment.

Remarks by Assemblyman Kirner.

ASSEMBLYMAN KIRNER:

This amendment does a number of things, but the key here is that this provides for certain contracts that involve personally identifiable data about pupils. The Department of Education and public school boards of trustees are required to include in a contract provisions that meet certain privacy and security requirements, including prohibiting the sale of personally identifiable information and providing corresponding penalties for noncompliance.

Assembly Bill No. 388.

Bill read third time.

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 972.

AN ACT relating to public employment; revising provisions governing certain leaves of absence for military duty for public officers and employees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, public officers and employees who are active members of the National Guard or a reserve component of the Armed Forces of the United States are required to be relieved from their duties as a public officer or employee to serve under orders without loss of their regular compensation for a period of not more than 15 working days in a calendar year. In addition to these 15 working days of leave, such public officers and employees who are employed by the State of Nevada and whose work schedules include Saturday or Sunday are required to be relieved from their duties as a public officer or employee to serve under orders without loss of their regular compensation for an additional 24 working days in a calendar year. (NRS 281.145)

This bill changes the period during which a public officer or employee is eligible to take the specified number of days of leave of absence for military duty each year from a calendar year to a 12-month period selected by the officer's or employee's public employer. This bill requires: (1) the Personnel Commission within the Division of Human Resource Management of the Department of Administration to prescribe this 12-month period by regulation for each state agency; and (2) each political subdivision to prescribe this 12-month period for its agencies.

Under existing law, a public officer or employee who is on leave of absence for military duty receives his or her regular compensation and his or her military pay during that period of leave. With respect to a state officer or employee whose work schedule includes a Saturday or Sunday, this bill limits the officer's or employee's compensation for those additional 24 working days of leave as follows, for each hour during any such period of leave: (1) if the officer's or employee's military pay exceeds his or her regular compensation, the officer or employee receives only his or her military pay and not his or her regular compensation; or (2) if the officer's or employee's military pay does not exceed his or her regular compensation, the officer or employee receives his or her military pay and his or her regular compensation is reduced by an amount equal to his or her military pay. **This bill provides that for any hours in which an officer or employee receives such compensation, the officer or employee is not entitled to receive any additional compensation for which he or she would otherwise be eligible or use any paid or certain unpaid leave.** This bill also limits the use of the additional 24 working days of leave from service under any type of orders to only service under orders for training that is scheduled on a Saturday or Sunday.

Finally, this bill clarifies the terms "work schedule" and "working day" for purposes of accounting for officers' and employees' leave of absence for

military duty and clarifies that the leave must be accounted for on an hourly basis instead of a daily basis.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 281.145 is hereby amended to read as follows:

281.145 1. Except as otherwise provided in subsection 2, any public officer or employee of the State or any agency thereof, or of a political subdivision or an agency of a political subdivision, who is an active member of the United States Army Reserve, the United States Naval Reserve, the United States Marine Corps Reserve, the United States Coast Guard Reserve, the United States Air Force Reserve or the Nevada National Guard must be relieved from the officer's or employee's duties, upon the officer's or employee's request, to serve under orders ***including, without limitation, orders for training or deployment,*** without loss of the officer's or employee's regular compensation for a period of not more than ***the number of hours equivalent to*** 15 working days in any ~~[1 calendar year.]~~ ***12-month period, as prescribed in subsection 3 or 4, as applicable.*** No such absence may be a part of the ***officer's or*** employee's annual vacation provided for by law.

2. ~~[Any]~~ ***In addition to the leave authorized pursuant to subsection 1, any*** public officer or employee of the State or any agency thereof whose work schedule includes Saturday or Sunday and who is an active member of the United States Army Reserve, the United States Naval Reserve, the United States Marine Corps Reserve, the United States Coast Guard Reserve, the United States Air Force Reserve or the Nevada National Guard must be relieved from the officer's or employee's duties, upon the officer's or employee's request, ~~[to serve under orders without loss of the officer's or employee's regular compensation]~~ for a period of not more than ~~[39]~~ ***the number of hours equivalent to 24*** working days in any ~~[1 calendar year.]~~ ***12-month period, as prescribed in subsection 3, to serve under orders for training that is scheduled on a Saturday or Sunday, including, without limitation, monthly and annual training.*** No such absence may be a part of the ***officer's or*** employee's annual vacation provided for by law. ***An officer or employee is not entitled to receive his or her regular compensation for any hours in a working day in which the officer or employee serves under orders for training pursuant to this subsection if his or her military pay for the service is equal to or exceeds his or her regular compensation for those hours. If the officer's or employee's military pay does not exceed his or her regular compensation for those hours, the officer or employee is entitled to receive, in addition to his or her military pay for those hours, the difference between the regular compensation that the officer or employee would have otherwise received as an officer or employee and his or her military pay for those hours. An officer or employee is not entitled to:***

(a) Receive any other compensation for which he or she would otherwise be eligible, including, without limitation, compensation pursuant to NRS 284.358; or

(b) Use any annual leave, compensatory time or other paid leave or any unpaid leave that is required as a result of statewide economic conditions,

➥ for any hours for which the officer or employee receives compensation pursuant to this subsection.

3. The Personnel Commission created by NRS 284.030 shall adopt regulations prescribing for each agency of the State the 12-month period during which an officer or employee of the agency is eligible to take the number of working days of leave set forth in subsections 1 and 2.

4. A political subdivision shall establish the 12-month period during which an officer or employee of an agency of the political subdivision or an agency thereof is eligible to take the number of working days of leave set forth in subsection 1.

5. As used in this section:

(a) "Work schedule" means the working days that an officer or employee is regularly assigned to work. The term does not include, without limitation, any temporary change in assigned working days unless the change becomes permanent.

(b) "Working day" means a period of work consisting of the number of hours that a public officer or employee is regularly scheduled to work. The term does not include, without limitation, overtime, or any time in which the officer or employee is on standby status or has been called back to work during his or her scheduled time off.

Sec. 2. This act becomes effective:

1. Upon passage and approval for the purposes of adopting regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act; and

2. On July 1, 2015, for all other purposes.

Assemblyman Paul Anderson moved the adoption of the amendment.

ASSEMBLYWOMAN KIRKPATRICK:

Assembly Bill 436, as amended, repeals NRS [*Nevada Revised Statutes*] 284.177 and NRS 284.179, which provide for longevity payments to state employees. Assembly Bill 436, as amended, enacts recommendations included in the *Executive Budget* and is effective upon passage and approval.

It is very hard for many of us to have to vote to get rid of longevity pay, but it is even harder to vote for a budget to give our state employees something more. I urge the body to support this in hopes that we can pass something in the next five days and ensure that our state employees are taken care of as they should be.

ASSEMBLYWOMAN FIORE:

I rise in opposition to Assembly Bill 436. Our state employees get hammered every session, and I would urge this body not to take away our state employees' longevity pay and stand up for our state employees.

ASSEMBLYWOMAN SEAMAN:

I rise in opposition to Assembly Bill 436. Our state employees have been furloughed and have taken pay cuts. It is time to stand with our state workers. I will be a no on this.

ASSEMBLYWOMAN CARLTON:

Unfortunately, I rise in support of Assembly Bill 436. We have already taken the money out of the budget; now we are just getting rid of the NRS. It is time to move forward. I have been married to a state employee who worked in two different states in his career over 38 years. I know what it means. My daughter is a state employee. She is impacted by all the things we have talked about in this building. I genuinely do not want to do this, but there is a better path forward. If we can do COLAs [cost of living adjustments], if we can take care of folks—think about the senior employees who top out. Their merit pay is very small compared to what other folks get. If they get the percentages on the money they are making, we are going to be doing a much better thing for them in the long run.

To stand up and say protect state employees from folks who have made votes in this Chamber this session which have hurt working-class families that include state employees is very frustrating to me. I do not want to vote for this, but I am doing the right thing by these folks, and I am not playing politics with our state employees. I care about them, and this is the right thing to do.

ASSEMBLYMAN KIRNER:

I rise in support of Assembly Bill 436. I am not a state employee, but I have worked with state employees for 15 or 16 years. I am not comfortable eliminating this thing, but on the other hand, when I look at the balance, I am highly in favor of reestablishing people's basic salaries,

eliminating the furloughs, and putting in a COLA where we can recognize all employees of the state. I do understand that there are senior people and that we would like to keep them in mind but, sir, I think we need to keep all our employees in mind and not just a small group of them.

Additionally, this measure eliminates the requirement that the program of performance pay and enhanced compensation be subject to collective bargaining and requires that consideration be given to implementation of the program in the lowest-rated schools rated as underperforming pursuant to the statewide system of accountability for public schools. ASSEMBLYMAN HICKEY:

Assembly Bill 484, as amended, revises Chapter 482 of the *Nevada Revised Statutes* to require the Department of Motor Vehicles to reissue a license plate or plates issued by the Department every eight years. Assembly Bill 484, as amended, allows for the reissuance of a license plate for a trailer with a three-year registration period at the first renewal of registration that occurs after the existing license plate has been issued for eight years. Assembly Bill 484, as amended, requires the Department of Motor Vehicles, at the time when a license plate or plates are to be reissued, to include with the notification of registration renewal the amount of any fee to be charged for the reissuance of a license plate or plates.

Assembly Bill 484, as amended, is effective upon passage and approval for the purpose of issuing redesigned license plates and the fee paid for replacement of specialty license plates. Assembly Bill 484, as amended, is effective on July 1, 2015, for the purpose of adopting regulations and performing any other preparatory administrative tasks that are necessary to carry out the provisions of this act, and on July 1, 2016, for all other purposes.

ASSEMBLYWOMAN FIORE:

I rise in opposition to Assembly Bill 484. This bill requires all license plates, whether they are in mint condition if we take great care of our cars, to be replaced. All trailer plates also must be replaced. Besides the fact that it is a violation of the tax pledge, I do not see any reason why this should be forced upon us, and I urge my colleagues to vote no.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of Assembly Bill 484. This piece is part of our budget. I have many constituents who are waiting in lines at DMV [Department of Motor Vehicles] down south, and if this helps them get served in less than the three hours they are currently waiting, I am all about supporting that fee and doing my part for the state. We have seen many incidents where license plates are hard to read. I have one on my car; I have had it for ten years. I believe that whether or not it is part of your pledge, if you value your constituents sitting at the DMV for hours on end, I would hope you would realize that this is an important piece to make sure we can pay for those employees.

ASSEMBLYMAN WHEELER:

I rise in opposition to Assembly Bill 484. The DMV is already required to replace plates that are hard to read, bent, or destroyed in any way. I do not believe that an automatic eight-year renewal is consistent in saving the state money. Had this come to the Committee on Transportation, I do not think it would be on your desk right now.

ASSEMBLYMAN EDWARDS:

I rise in opposition to this bill for a simple reason: It actually increases the workload on DMV, and DMV is already overworked. They are spending hours after hours serving constituents down south. I think this would only increase their burden of work. On that account, I want to oppose it. I also think it will be an additional burden on those who keep their cars in the garage and their plates are fine for 10 years, 20 years—however long. I think it should be up to the individual. It is already covered in law, so I am going to need to oppose this one.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 484. A number of years ago, we changed the license plate division over to an enterprise fund. Therefore, it needs to support itself. They get to set the license plate fees by regulation. Yes, this one will go up but in the future, who knows what those numbers are going to be?

The second part of the issue is, we are changing over the materials we are using. A number of years ago, they went to the flat plate and all of us complained. We did not like it. We liked the embossed plate. It was much better. Well, guess what? The flat plate did not work. They are falling apart; things are flaking off of it, especially in southern Nevada. So we are going back to the better material, the embossed plate. This is a process by which we take the oldest plates that are in the state, we start replacing them so everyone will get new plates with the new materials. If another material comes out and it is a better material, we will be able to upgrade to that and make sure everyone has good plates on their cars.

Now, we have gone to an eight-year rolling on this. It is going to take 24 years to go all the way through to get everybody. It is going to take a long time to print all these plates. So, in order to ensure public safety, we make sure everyone has readable plates. No one is going to lose their plate. I want to make that perfectly clear. That was put on the record that if you have an old antique plate that belonged to your grandfather and it is that classic blue—which people will fight and die for in this state, I learned as a newer resident to this state when I asked about those plates—those will not be impacted. You get to keep that plate. We are not going to fight you for it. We are just going to reissue the new plates on the other ones. I do not believe this is a violation of the tax pledge. This is just paying your fair share for your license plate.

Senate Bill No. 24.

Bill read third time.

Remarks by Assemblyman O'Neill.

ASSEMBLYMAN O'NEILL:

Besides being a really great bill, Senate Bill 24 has a really long floor introduction. Let me tell you quickly: It makes several changes to provisions governing unemployment compensation. Specifically, the bill allows members of the Nevada National Guard and Nevada Air National Guard to use their military wages to establish an unemployment claim. It also allows the Employment Security Division [ESD] to provide employment and wage information to the Nevada System of Higher Education in order to facilitate tracking the effectiveness of state public education in meeting workforce needs.

The bill revises the manner in which certain claims of recipients' benefits for workers' compensation are compared against claims for unemployment benefits to determine whether any simultaneous claiming of benefits has occurred. It also revises the manner in which persons who receive certain disability benefits or rehabilitation services may elect a base period preceding the disability. It extends from five to ten years the period ESD may recover any overpayment of benefits. It includes as an act of fraud failure by a person to disclose at the time of filing for or receiving unemployment insurance benefits any disability compensation received by the person.

ASSEMBLYWOMAN KIRKPATRICK:

Senate Bill 170 in its second reprint allows the Office of Economic Development to grant a partial abatement of personal property taxes or sales and use taxes for up to 20 years for qualified new and existing data centers and any colocated businesses within a qualified data center. If the data center and the colocated businesses meet certain requirements as set forth in the bill, the amount of property tax to be abated is limited to 75 percent of the personal property taxes imposed on property located at the data center. The amount of the sales and use tax abatement is equal to all sales and use taxes imposed in a political subdivision of the state except for the taxes imposed by the sales and use tax, which is 2 percent by the state.

Additionally, in Fiscal Year 2016, only the sales and use tax abatement may not include the local school support tax. Senate Bill 170 also requires provisions from existing abatements provided for data centers located in certain economic development areas pursuant to NRS [*Nevada Revised Statutes*] 274.310, NRS 274.320, and NRS 274.330, which were originally approved by the Legislature pursuant to Assembly Bill 1 of the 27th Special Session. This act becomes effective upon passage and approval for the purpose of adopting any regulations and performing any preparatory administrative tasks necessary to carry out the provisions of this act, and on January 1, 2016, for all other purposes. The provisions of the bill providing the partial abatements to data centers and the colocated businesses in the data center expire by limitation on December 31, 2056.

There has been a lot of interest in this bill to ensure that we have Internet and highway use across the state, through all of our parks—rural, south, north—to ensure that we can bring data so we can be on the highway network. I believe that this is a much better piece of legislation with the amendments than it was when it was first introduced. I hope we have the support.

ASSEMBLYMAN ELLISON:
Just for clarification, if I may—does this bill also include existing businesses that are already in place, or is this only for new?

GENERAL FILE AND THIRD READING

Senate Bill No. 391.
Bill read third time.
Remarks by Assemblymen Elliot Anderson, Hansen, Jones, Paul Anderson, Shelton, Wheeler, and Thompson.

ASSEMBLYMAN ELLIOT ANDERSON:

Senate Bill 391 requires the board of trustees of each school district and the governing body of each charter school to prepare a plan to improve the literacy of students enrolled in kindergarten through grade 3. The principal of each public elementary school must designate a learning strategist to train and assist teachers in providing intensive instruction to students identified as deficient in reading. Certain teachers are required to complete related professional development. This bill requires academic interventions for students enrolled in kindergarten through grade 3 who do not achieve adequate proficiency in reading.

This is a monumental change in education law that has been long sought and long supported by governors of both parties and was supported by members of both caucuses last session. This is a phenomenal policy; it will allow us to identify kids who need help, make sure they can read, and get them up to speed. The Department of Corrections actually forecasts its prison population based upon the level of reading proficiency at third grade. We can either spend the money now or we can spend it later. I prefer to be smart on crime and this bill is smart on crime. It will allow all of our kids to have a future because you cannot learn physics if you cannot read.

ASSEMBLYMAN HANSEN:

I rise in support of Senate Bill 391. My only concern is that it has a $27 million cost. As we have not yet had a significant discussion in our own caucus and a decision-making process as to what our tax package should be and what the final budget numbers should be, while I am supportive of it, there is going to be a series of these bills coming up that I will probably have to reconsider in some respects. This bill is definitely wonderful; I think it is a great idea. There is a certain irony, though, because we are spending $4.2 billion in a normal year in Nevada on K-12. Assuming you divide that by 13, we are spending roughly $300 million a year on third grade, so there are some questions in my mind as to whether we are getting enough bang for our buck. Hopefully, this program, which I understand is modeled after Florida, will have the same sort of success they have had down there, which has been very, very good. So I do rise in support, but I am concerned about the lack of prudence in spending money when we have not yet come up with a decision as to what that tax package will be.

ASSEMBLYMAN JONES:

I regrettably must rise in opposition to Senate Bill 391. Although I support the purpose of this bill, I cannot support the new spending being approved at this time. The bill has a large fiscal impact, and although the members of the Committee on Ways and Means have supported the bill, they have neither sought nor received feedback from the majority of the Republican Caucus. I believe it is unacceptable that the Chair of Ways and Means and other committee members in the majority party would spend four months considering bills—

Assemblyman Paul Anderson rose to a point of order regarding the content of remarks.

Mr. Speaker ruled that there was improper content in remarks.

ASSEMBLYMAN PAUL ANDERSON:

Point of order: I do not think it is appropriate on the floor to impugn another chair or any of the other work that the chairs have done.

MR. SPEAKER:

Point is well taken. Mr. Jones please limit your comments strictly to the bill.

ASSEMBLYMAN JONES:

I believe the issue should have been debated during regular caucus meetings so that we could fully understand the impact, as our previous colleague from the north previously indicated, so we all know what the budget is going to be when we come together. Since this did not occur, I unfortunately must vote no.

ASSEMBLYWOMAN SHELTON:

Unfortunately, I am going to have to rise in opposition to Senate Bill 391. Like everyone in this Chamber, I value education, especially for our children. However, we have been working on

the reading program for several years now. This program is a little bit different in that we are now going to hold the children back if they are unable to meet certain requirements. However, it does have a huge price tag on this additional program, so I am going to have to be a no.

ASSEMBLYMAN WHEELER:

I rise in support of Senate Bill 391. We have all seen many programs this year to improve our education system that we will be considering and voting on. While I echo completely the comments of my colleague from Sparks, this is less than one half of 1 percent of what the Economic Forum said we will be receiving. This is the place where we actually need to start spending some of that money because, Mr. Speaker, this is the one program for which we have definitive proof that it works for our children. I will be voting yes, and I urge my colleagues to vote yes as well.

ASSEMBLYMAN THOMPSON:

I rise in support of Senate Bill 391. I would like to echo the sentiments of my colleague from District 15. This is an investment for our youth. I know we are talking about the price tag, but it is an investment for our community and for the state of Nevada. There is a term out there: "school-to-prison pipeline." It is proven that the number of students who do not know how to read by third grade is equal to the number of prison spaces they are already looking to build. We have this opportunity. What I love about this bill is it is very bipartisan. Not all of us signed on, but it is very bipartisan. It makes sense. We need to do this for our children.

Assemblyman Stewart, Silberkraus, and Wheeler moved the previous question.

The question being the passage of Senate Bill No. 391.

ASSEMBLYMAN SILBERKRAUS:

Senate Bill 456 urges the Attorney General to take a leadership role in pursuing actions on behalf of the state and counties in formalizing and finalizing title to accessory roads and public roads. The bill authorizes the Attorney General to participate as a party in a quiet title action regarding such roads under certain circumstances and in cooperation with or on behalf of the county or counties in which these roads exist. In addition, the Attorney General, the Land Use Planning Advisory Council, and the Nevada Association of Counties must work together to develop and implement a legal protocol that a county may use to perfect its rights to and finalize title to accessory or public roads.

ASSEMBLYWOMAN KIRKPATRICK:

I have a question for my colleague from Assembly District 29. Because I came in late to the work session, I want to make sure that my question got clarified. Am I correct that this ensures that we put maps together so that people know which roads belong to the counties, the cities, and the federal government? Is that correct? Does it also allow the Attorney General to come in and enforce the maps if there is ever an instance where a road cannot be crossed?

Remarks by Assemblymen Diaz, Jones, Silberkraus, Hansen, Kirkpatrick, Benitez-Thompson, and Shelton.

ASSEMBLYWOMAN DIAZ:

Senate Bill 474 creates the Great Teaching and Leading Fund in the State General Fund to be administered by the Superintendent of Public Instruction. The State Board of Education must annually prescribe program priorities for which grants may be awarded from the fund, and certain public and private organizations are authorized to submit a grant application in response to the stated priorities. Grants must be used to provide professional development, preparation, and peer assistance and review for teachers, administrators, and other licensed education personnel; leadership training and development; and programs to recruit, select, and retain effective teachers and principals.

This bill also requires the Superintendent, to the extent funding is available, to contract for an independent evaluation of the effectiveness of the grants made from the fund and to report the results of the evaluation to the Director of the Legislative Counsel Bureau for transmittal to the next regular session of the Legislature or the Legislative Committee on Education.

The bill also creates the Advisory Task Force on Educator Professional Development to study certain issues relating to professional development of teachers, school administrators, and other educational personnel. The task force must, by December 31, 2016, submit a report of its findings and recommendations to the Governor, the State Board of Education, the Legislative Committee on Education, and the Director of the Legislative Counsel Bureau for transmittal to the next regular session of the Legislature. This bill is effective upon passage and approval.

ASSEMBLYMAN JONES:

Although I appreciate what this bill intends to do, I must again regrettably vote no. As a businessperson, I understand the importance of approving a budget in terms of how much you can spend before you just start spending money. Until we know how much we are going to spend, I do not believe it is prudent to continue to approve appropriations that could exceed $7.3 billion. We have not decided yet, as a body, how much we are willing to spend—whether it be $6.9 million, $7 million, or $7.5 million. So I do not believe it is prudent—

ASSEMBLYMAN SILBERKRAUS:

Point of order: Can we please stick to the bill?

ASSEMBLYMAN JONES:

Mr. Speaker, this has to do with the bill. It has an appropriation of $16 million tied to it.

ASSEMBLYMAN SILBERKRAUS:
Then let us speak to the appropriation and not to all appropriations.

ASSEMBLYMAN HANSEN:
What my colleague from the south was saying is entirely appropriate, and it is inappropriate for us to keep interrupting people. The fact is, we are supposed to debate things on this floor. What we do in caucus actually defeats the original intent of this floor. We come here now, and we pretend we are showing the public our decision-making process when in reality all these decisions are being made behind closed doors in our caucuses. The idea that you would try to shut down one of our colleagues who is trying to make a point that you may not agree with is entirely inappropriate.

There have been many statements on this floor that do not tie directly to the bill at that moment but fit when you look at the broader context. So while we may disagree, I strongly deplore the idea that we are attempting to censor opinions that we do not like. That is what this floor is for, that is why the press is sitting there, and that is why all these people have an opportunity to listen. I strongly urge my colleagues to allow their fellow members a free and fair forum for their opinions in this body.

ASSEMBLYMAN JONES:
I thank you, my colleague from the north, for standing up for me. I appreciate that to allow the open and transparent speech that my other colleague from District 1 was talking about earlier.

As I was saying, just think of an instance where if you just told your wife, Go out and spend whatever you want. Then when it comes time to balance your budget at the end of the month, there is a surprise because your wife has spent much more—and I use the term "wife" because I am a male—your wife has spent much more than you had anticipated would be spent and you do not have the money to pay for it. What then do you do? It can create problems. Therefore, I believe we should be prudent representing our great state of Nevada, and we should know how much money we are willing to spend as a body before we start approving and continuing to approve appropriations.

In closing, I would like to state that it is not that I am opposed to what this particular bill is proposing, I am just opposed to this appropriation at this time.

ASSEMBLYWOMAN KIRKPATRICK:
Point of order: Based on what my colleague from Sparks said, does that mean that we entertain a motion on Rule No. 81 which would mean we quit calling for the question every time that we want to speak? If that is the direction that we are headed, at the next floor session I would like to have a two-thirds discussion about suspending Rule No. 81, which would no longer allow anyone to call for the question and we could have some real debate.

ASSEMBLYMAN HANSEN:
I agree with my colleague. I think we too often call the question. Because we have actually made these decisions behind closed doors, we all know how we are going to vote. I think it is important that the public have a little more opportunity to hear debate. I agree that when we called the question on a very controversial bill—she, in fact, had her light on and we called the question to shut down public debate. Admittedly, most of us have our minds made up after we have discussed these things behind closed doors in caucus. While I do not agree with suspending the rule because we do not want a filibuster through an endless process of discussion, I think we ought to be a little more prudent in the use of the calling of the question and allow people to have an opportunity to have a free and fair discussion and get their views on the record. Whether or not we agree with those views should be irrelevant.

ASSEMBLYWOMAN BENITEZ-THOMPSON:
Just a point of clarification on the point of order from my colleague from Assembly District 29: It was correct and in line with Mason's Rules of Order regarding debate and decorum, No. 101, paragraph 5. It is out of line to refer in debate to a bill not yet reported out of committee. So when you refer to specific appropriations bills that have not been reported out of committee yet—he was correct in that point of order.

ASSEMBLYWOMAN SHELTON:

I am standing in opposition to the bill although it is not that I have anything against teachers. I just have a problem with passing bills when we already have something similar to them. It seems like we continue to make new programs that add one or two things to the bill, and I do not think that is the proper way to go. If there needs to be some adjustment to the original programs, maybe that is where we need to go. So, unfortunately, I will be another no on this one.

ASSEMBLYWOMAN DIAZ:

I rise in support of Senate Bill 474. As an educator myself, in the classroom, in the trenches, I know how important S.B. 474 is to our state. We are facing a huge teacher shortage; we cannot recruit teachers fast enough. We need to be growing our teachers and developing our teachers because we are going to need them to become administrators to replace those who retire, and the chain keeps on going. We know that good leaders, those administrators, are what create culture and what drive achievement. We need the very best that we can get in our school buildings all through our state in order to solve the embarrassment of where our state stands in terms of school performance. So if everybody in this body is super happy with where we are on that list, I say vote against this bill.

ASSEMBLYWOMAN BENITEZ-THOMPSON:

Senate Bill 503, as amended, expands Chapter 387 of *Nevada Revised Statutes* to require public schools with 70 percent or more of the enrolled pupils eligible for free or reduced-price lunches under the National School Lunch Act to provide breakfast to their pupils after an instructional day of school has officially begun. Senate Bill 503, as amended, requires the Department of Agriculture to distribute funding to eligible schools to assist with the implementation of these breakfast programs, utilizing General Fund appropriations of $1 million in each year of the 2015-2017 biennium that are included in the *Executive Budget*.

Senate Bill 503, as amended, requires the Department of Agriculture to publish a list of public schools that meet the requirements for participation in the program and adopt regulations prescribing the manner in which these funds would be distributed. Senate Bill 503, as amended, requires funds to be distributed in sequential order starting with the public school with the highest percentage of enrolled pupils eligible for free or reduced-price lunches under the National School Lunch Act. Senate Bill 503, as amended, requires the Department of Agriculture to prepare and submit an annual report on the implementation and effectiveness of the program and submit the report to the Governor and the Director of the Legislative Counsel Bureau.

ASSEMBLYMAN EDWARDS:

Surprisingly, I am going to have to rise in opposition to the bill for the simple matter of fiscal responsibility. As I have learned about the program and I have learned about Ways and Means and where all these taxes are coming from, I have discovered that in this case, the funds for this program have already been collected through a tax upon the people. The funds have been made available to the district for exactly this purpose. I had it confirmed today by Clark County School District that the districts actually have these funds available within their grasp to expend for exactly this purpose and, therefore, as we try to limit the size of our budget, limit the amount of money we are going to have to tax our people, if the funds are there to be expended for this purpose, we should expend them and not have to raise more taxes on our folks. As a matter of fiscal responsibility, I have to rise in opposition to this, and I encourage you to do the same. I do not want to tax our people any more than they have already been taxed. In this case, they have already paid.

ASSEMBLYMAN JONES:

I, surprisingly, rise in concurrence with my friend from Assembly District 19 but do rise in opposition to the bill itself. Unfortunately, for the same reasons I discussed earlier, I do not feel it is appropriate to start a new program with new appropriations until we have determined how much we can spend.

ASSEMBLYWOMAN SEAMAN:

I also rise in opposition, dittoing my colleague from District 19. We should not create a duplicative nutritional program that is already available, so I will be voting no.

ASSEMBLYMAN THOMPSON:
I rise in support of Senate Bill 503. First of all, I want to let our colleagues know that this is about public policy. This is an evidence-based criteria that we are looking at. I did some research from the Food Research and Action Center, and it states that in the 2013-2014 school year, there were 88,657 schools that participated in such a program. It goes on to say that students who eat breakfast prior to testing do better; they do better in math; they do better in reading. All the evidence is there. This was initially piloted a year before I was born in 1966, so there is a lot of data that shows that this works. I strongly urge this body to support Senate Bill 503.

ASSEMBLYWOMAN FIORE:
I am sorry, but I cannot pass up this opportunity to let you know I am in agreement with my colleague from Assembly District 19 and I oppose Senate Bill 503.

ASSEMBLYMAN ELLISON:
I would like to get some clarification. I know that these programs exist right now in the state of Nevada. They have this program in the districts that I live in. For the amount of money that we are discussing to be appropriated for this, are there other programs being funded out of this? I found out from my colleague some of it is going to be for advertising and maybe for equipment. Can we get clarification on where this money will go?

ASSEMBLYWOMAN BENITEZ-THOMPSON:
For clarification, it is going to support the programs that are part of an authorized national school lunch program. That program may include equipment in order to provide the meals. When you are providing the meals in the morning, if it is a cold item such as milk, you might need a refrigerator to keep that milk cold. The General Fund cost of $1 million per year in the biennium budget will be used to better leverage federal dollars. So it is a little bit of a contribution to give a lot more back to our kiddos.

ASSEMBLYMAN ELLISON:
Are all our schools equipped with cafeterias?

ASSEMBLYWOMAN BENITEZ-THOMPSON:
For the record, yes.

ASSEMBLYWOMAN JOINER:
I rise in support of this measure. I am extremely excited for this measure to be here today. I think it is a long time coming. Those of us who remember past sessions know that we have been working on this issue for a long time. We are at a crisis level in the state of Nevada. We know that we have children who are hungry. There has been a lot of progress made in the last year; there is now an Office of Food Security and a Governor's Council on Food Security. To me, this program is key to furthering and progressing the attack on food security issues here in our state. We need to do it for our low-income children, and I urge support.

ASSEMBLYMAN TROWBRIDGE:
I stand in opposition to this bill for different reasons. I certainly fully support feeding the children who are hungry. It is obvious that they are going to learn better with a full belly than they would when they are hungry. My opposition is because we are taking away time from the classroom. With more time out of the classroom, we can expect a corresponding decrease in test scores. Secondly, I have a constituent who worked her way through college as a waitress to become a teacher. She said these children simply do not tip.

ASSEMBLYMAN EDWARDS:
I want to make the distinction between what this bill is for and what it is not in this sense. This is for the equipment. This is for the freezers, the carts, the stuff that actually keeps the food where it needs to be in storage whether it is cold or not. This is not about feeding the children with the actual food. In Clark County, they have a budget of $117 million a year. Sixty-three million dollars go to the purchase of the food. Forty million dollars go to pay for those who provide it. There is $14 million per year in Clark County alone in order to provide for refrigerators, for carts, and so on. If they have $14 million now, I believe they have the funds available to provide the

freezers and the carts and so forth without having to have additional funds coming in from the state. So please keep in mind, this is about equipment, it is not about food. It is about storage. It is not about whether the kids are going to be able to eat. They have these funds available to the tune of $28 million over the next biennium. I just do not see why we, at the state level, need to add $2 million more out of the pockets of our people.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in support of Senate Bill 503. I have listened to a lot of the conversation that has gone on today, so I would like to speak under Order of Business 15. I will comply with all the rules on sticking to the bill. I do appreciate my colleague from Sparks not calling for the question so we can have some real debate on this because I am ready for it, and I think it is important.

This is about feeding children. This is about making sure we have things that are available. I have a colleague here from District 7, and in her district those kids do not necessarily have a cafeteria. You know why? Those schools were built in the 1950s. They have a room where they bring carts on a truck and they say, Here you go; here is your breakfast. Not all schools have cafeterias. They have a place where they can serve something. Any school that was built after 2000 probably does have a cafeteria for the simple reason that the health district and the federal government required it. They required that we do that.

I want to be clear about what this bill does. If anyone does not have the bill, I have them all on my desk, and I have extras if you would like them. This bill is not just about CCSD [Clark County School District]. This is about the entire state making an investment in our kids. If you are in Elko, those kids are hungry, too, and those schools probably need some additional equipment. I know for a fact there is a school in Douglas County with kids who participate in this program and it works well for them. I know there are several schools in Clark County. I do not care what district you live in; they are all across the board. There are schools in Summerlin, there are schools in Henderson, there are schools in North Las Vegas, and there are schools in Las Vegas. This is not about one district. This is about a program that goes across our state.

This is not a new bill, by the way. It came in 2009. The former Assemblywoman from District 29 introduced it and, unfortunately, it got vetoed at that time because we were not ready. But now we have an opportunity to leverage federal dollars. That has been our problem in this state for a very long time. We do not ever put any money in to get our dollar plus back. Then we cry as legislators and say we never get enough return on our investment for the dollars from the federal government. You have to match. That is what the grant says, that you have to match. You have to establish the program first in order to be able to even apply for the grant to get the match to get the money back to us.

Section 9, subsection 2 says this can be used for "Training school employees." I definitely want to make sure, being in the food industry myself, that we have people serving who are following all the proper health regulations to ensure the food we serve to the kids is at the proper temperature. I bet not too many people in here know that the temperature has to be between 165 degrees and 185 degrees. That is required. That ensures those kids get something in their bellies that makes sense. We want to make sure that they get the right food at the right temperatures. So if it means that I am going to train some school employees who will make sure those kids eat, I am willing to spend that little bit of money.

The bill says the funds may be used for "Any additional costs of labor." When we bring in more lunches and breakfasts because people are actually participating in the classroom, I am willing to do that. If it means additional costs for labor so that we can have a nutritionist, I am willing to do that. Currently, we have a program through UNR [University of Nevada, Reno] Cooperative Extension that has only one person because we are so dang cheap we will not fund them. Cooperative Extension picks one school, goes into the classroom throughout the year, and teaches them about nutrition. That is part of the curriculum of second grade—they have to know about nutrition no later than second grade. There is a whole piece of curriculum.

If we want to talk about why this matters, kindergarten, first grade, second, third, fourth, all the way through—every kid has to learn about nutrition. They have to learn about how their bodies work. That is part of the everyday job of a teacher. That is part of the science curriculum they are required to teach our kids. On the kindergarten level, you teach them about their hands, teach them about their feet, teach them about their throats, so they know what those body parts do. In

second grade, you get a little more in depth. You teach them about their esophagus. You teach them about what happens to the milk that goes into their tummies and why their tummies do not feel well. When they get into sixth grade, you dissect that food and tell them what happens when you add oranges, which is an acid, into your stomach that has a hole in it. This is part of everyday curriculum, and breakfast in the classroom can easily be put in place so that it can be part of the classroom instruction. There are lots of reasons to do this.

Let us continue through the bill, Mr. Speaker. Section 9, subsection 2, paragraph (c) says, "Equipment related to the provision of breakfast." What I will tell you, being in the food industry, there is a lot of equipment that goes into this. I will remind some folks that I beat up public works all the time about chillers. My colleague from Sparks can appreciate that, as a plumber, we talk about chillers. We are constantly having to replace them because we use them all the time. They are constantly going. It is no different with refrigerators. We have to have a second one just in case. It goes back to those health district requirements that I talked about, making sure those kids have food at the right temperature.

See, Mr. Speaker, I did study this bill. Let us go to section 9, subsection 2, paragraph (d): "To conduct surveys to market the Program to pupils and the families. . . ." This ensures that kids get to the classroom so they can have some fun with eating. I have a daughter who is now 23. She is very artistic. The book that she read every morning while she had her breakfast was about food. It was about taking a piece of cauliflower and making it into a head. There are lots of things kids can do to entice them and get them to love food. Las Vegas is what it is today because of food. Why would we not want our young people to learn about food with their teachers, to have some fun with it, to have a full belly? I get a little cranky about this time when I have not had breakfast or lunch. I cannot imagine being 5, being 10, or being 18 and not having had food all day or the night before. Sometimes the only job that parents can actually do to help their student is to get them to the classroom. That is a big deal for a lot of parents. If it means that these kids can learn about food, they can make better choices at the grocery store and they can make better choices when they eat. That benefits each and every one of us in this building. By the way, it also says that kids can learn about make a living. I participate in that program. We go out as chefs. We give kids hats and we teach them about nutrition. Anybody can be whatever they want.

Let us also talk about accountability with this bill. I am tired of hearing about accountability. We put a lot of accountability in place. Everybody wants accountability for every dollar that we spend. So here we are. Section 11 of the bill says before December 31 of each year, the Governor's Office and the Department of Agriculture are going to get a report to show how we have implemented it and how it is working. Many in this building spent last session combining those two so that we could have Agriculture—most of our rural areas benefit from agriculture—so we can ensure they were working and we were leveraging federal dollars for everyone.

In section 11, subsection 2 of the bill, it says, "Submit the report prepared pursuant to subsection 1 to: (a) The Governor; and (b) The Director of the Legislative Counsel Bureau" for transmittal to the Legislature or the Legislative Commission. That means that whether or not you sit on that, you will get a copy of that report so that you can constantly stay on top of it. It also says in section 12 of the bill that the Department of Agriculture is going to adopt expectations which are regulations, and when that happens, Mr. Speaker and to my colleagues, everybody gets to see that. There are three public hearings we go through and there is a process.

This is about feeding kids, but it is also about investing in a program to help them grow and do better in the long term. This is about our future. This is more than just equipment. This is more than just CCSD. This is the entire state that is going to benefit, including my friends from the rurals where agriculture feeds their families at night. I encourage all of you to please think about this bill and what the ramifications are if we do not start investing in our students.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in support of Senate Bill 503. Clark County School District told me that this alone will fund the program for 82 classrooms. Taking a conservative estimate, pretending that all of the rooms had class size reduction implemented, that would be a minimum of 1,312 kids. We talk about a lot of things on this floor. Just today, we gave tax abatements for new businesses. Why is it that we cannot do breakfast for kids? Why can we not do that? It says something about our priorities when we had this much debate on giving breakfast to kids but had practically no debate

on giving tax breaks to new companies. I think that all of us ought to think about that as we vote here and wonder what our priorities are.

To respond to my colleague from District 37: These breakfasts are normally done in homeroom when there are announcements going on. It is not actually taking away from instructional time. With that, Mr. Speaker, I respectfully ask this body to have the right priority here today.

ASSEMBLYMAN NELSON:

I have a question. I want to make sure I understand this properly. My understanding is that as the bill was originally introduced, it provided breakfast for all children. Then it was later changed to be only for certain children. Is that accurate?

ASSEMBLYWOMAN KIRKPATRICK:

Mr. Speaker, I am happy to answer that. It is not my bill, but I am sure happy to answer it. We could not fund all of it and needed to have a starting place, and each and every one of the districts across the state have some schools to which this applies. In section 6, subsection 2 it says, "Except as otherwise provided in subsections 3 and 4: (a) If a public school in this State in which 70 percent or more of the enrolled pupils during the previous school year were eligible for free or reduced-price lunches under the National School Lunch Act, the public school shall participate. . . ." Under paragraph (b), it says, "A public school that participates in universal meal service in high poverty areas pursuant to Section 104 of the Healthy, Hunger-Free Kids Act of 2010 . . . must participate in the Program. . . ."

It does get to those who need it most and typically there are schools in each of our districts who meet these criteria. I would love every school to do it. Many schools already do it because they have a PTA [parent-teacher association] that can support it and fund it, but for these particular students, this is a start. Honestly, we are arguing over $2 million, and we are just hoping $2 million leverages $4 million so we can go much further, or you as a future legislator can go much further.

Amendment No. 752.

AN ACT relating to professions; transferring certain duties of the Secretary-Treasurer of the Board of Examiners for Alcohol, Drug and Gambling Counselors to the Executive Director of the Board; authorizing the Executive Director to delegate his or her duties; revising provisions governing alcohol, drug and gambling counselors and interns; ~~[authorizing the certification by the Board of peer support specialists;]~~ repealing the prospective transfer of the authority and duties relating to the certification of detoxification technicians to the Board; ~~[establishing fees;]~~ providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Board of Examiners for Alcohol, Drug and Gambling Counselors and authorizes the Board to license or certify persons engaged in the practice or clinical practice of counseling alcohol and drug abusers and problem gamblers. (Chapter 641C of NRS)

~~[Sections 1.3-1.5 of this bill provide for the certification of peer support specialists by the Board. Section 1.45 establishes the requirements for obtaining a certificate as a peer support specialist. Section 1.5 authorizes a certified peer support specialist to engage in the practice of providing peer support specialist services only under the supervision of certain licensed professionals. Section 1.45 requires an applicant for the issuance or renewal of a certificate as a peer support specialist to pay to the Board a fee which, pursuant to section 12.7 of this bill, must not exceed $150 for the initial application or $300 for the renewal of a certificate.]~~

Section 2 of this bill transfers certain duties of the Secretary-Treasurer of the Board to the Executive Director of the Board. **Section 2** also authorizes the Executive Director to delegate certain duties to a designee.

Sections 3-10 of this bill make various changes regarding the requirements for obtaining and renewing a license or certificate as an alcohol, drug or gambling counselor or intern. **Sections 8, 10 and 12** of this bill reduce the duration of certificates for certain counseling interns from 1 year to 6 months.

Section 13 of this bill authorizes the Board, when determining whether to issue, renew, restore, suspend, revoke or reinstate a license or certificate or imposing disciplinary action upon an existing licensee or certificate holder, to consider any original criminal charges filed against the applicant, licensee or certificate holder, even if that person was convicted of a lesser crime.

Section 14 of this bill eliminates the 30-day grace period authorizing an otherwise qualified person to engage in the practice of counseling alcohol and drug abusers or problem gamblers without a license or certificate while his or her application is being reviewed. **Section 15** of this bill prohibits a person who is not licensed or certified by the Board from engaging in the practice or clinical practice of counseling alcohol and drug abusers and problem gamblers ~~[or the practice of providing peer support specialist services.]~~.

Section 24 of this bill repeals the authority of the Board to provide for the certification of detoxification technicians. Sections 1 and 2 of this bill set forth new provisions relating to the employment of veterans. **Section 1** requires the Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation to gather aggregate unemployment data concerning veterans and report such data to the Interagency Council on Veterans Affairs on a quarterly basis. **Section 2** authorizes a private employer to adopt an employment policy that gives preference in hiring to a veteran or the spouse of a veteran. **Section 2** also authorizes the Nevada Equal Rights Commission to review the uniform application of such an employment policy upon receiving a written complaint from a prospective employee of the employer and requires the employer, upon a finding by the Commission that the policy has not been applied uniformly, to revise his or her employment policy in accordance with the recommendations of the Commission. Existing law generally provides for preferential employment in public employment and the construction of public works for certain veterans. (NRS 281.060, 284.260, 338.130)

Under existing law, before a person can be issued a commercial driver's license by this State, the person is required, among other things, to pass a driving skills test for driving a commercial motor vehicle. (NRS 483.928) **Section 5** of this bill provides an exemption to this requirement for certain

persons who have experience driving a commercial motor vehicle because of their service in the Armed Forces of the United States.

Existing law also generally provides for the regulation of professions in this State. (Title 54 of NRS) ~~[Section 9 of this bill authorizes certain qualified professionals who are licensed in another state or territory of the United States and who are active members of, or the spouse of an active member of, the Armed Forces of the United States, a veteran or the surviving spouse of a veteran to apply for and receive a license by endorsement to practice their respective profession in this State. Section 10 of this bill requires a regulatory body to develop opportunities for reciprocity of licensure for such persons who hold a professional license that is not recognized by this State. **Section 11** of this bill requires a regulatory body in certain circumstances to prepare and submit to the Interagency Council on Veterans Affairs an annual report providing information on the number of veterans who have applied for a license, have been issued a license or have renewed a license.

Section 12 of this bill authorizes certain regulatory bodies of this State to enter into a reciprocal agreement with the corresponding regulatory authority of another state or territory of the United States for the purposes of authorizing and regulating the practice of certain professions concurrently in this State and another jurisdiction. **Section 12** provides that such a reciprocal agreement

must not authorize a person to practice his or her profession concurrently in this State unless the person meets certain credentialing requirements. **Sections ~~[13,]~~ 13.3, 30.5 and 33** of this bill authorize certain qualified physicians and certain qualified podiatrists to obtain an expedited license by endorsement to practice in this State if the physician or podiatrist meets certain requirements. **Section 14** of this bill authorizes the Board of Medical Examiners to issue a license to practice medicine to certain persons who receive postgraduate education in certain approved residency programs in Canada.

Sections 20-27 of this bill revise various provisions relating to dentists and dental hygienists. **Section 22.5** authorizes the Executive Director of the Board of Dental Examiners of Nevada to issue a license to a qualified applicant without further review of the Board under certain circumstances. **Sections 23 and 25** revise provisions relating to the licensing requirements for dentists and dental hygienists, and **section 27** establishes a fee for the inspection of a facility required by the Board to ensure compliance with infection control guidelines.

~~[Additionally, existing law authorizes the Board of Examiners for Social Workers to grant a license without examination to a person who holds a current license to engage in the practice of social work in a state whose licensing requirements at the time the license was issued are deemed by the Board to be substantially equivalent to the requirements set forth in the statutory provisions governing social workers in this State. (NRS 641B.270) Section 36 of this bill authorizes the Board to grant a provisional license to engage in social work as an independent social worker or a clinical social worker to an active member of or the spouse of an active member of the Armed Forces of the United States who applied for such a license if the Board deems that the other state's licensing requirements are not substantially equivalent to the requirements set forth in the statutory provisions governing social workers in this State.]~~ **Section 3** of this bill adds the Board **of Examiners for Social Workers** to the list of persons and governmental entities to whom records of criminal history must be disseminated by an agency of criminal justice upon request.

Legislative Counsel's Digest:

Existing law defines "provider of health care" as a person who practices any of certain health-related professions. (NRS 629.031) Existing law imposes certain requirements upon providers of health care, including requirements for the retention of patient records, requirements for billing, standards for advertisements and criminal penalties for acquiring certain debts.

(NRS 629.051, 629.071, 629.076, 629.078) **Section 1** of this bill includes speech-language pathologists and audiologists in the definition of "provider of health care," which has the effect of making these requirements applicable to speech-language pathologists and audiologists. Existing law also includes the definition of "provider of health care" by reference in various other provisions. By expanding the definition, the bill expands the definition for those other provisions, thereby making those provisions include speech-language pathologists and audiologists as providers of health care. The term is referenced in provisions relating to various subjects including, without limitation, admissibility of the testimony of hypnotized witnesses, power of attorney, practice during declared emergencies, investigations conducted concerning facilities for long-term care, confidentiality of reports and referrals relating to maternal health, payments by insurance, release of the results of certain laboratory tests, drug donation programs, interpreters and realtime captioning providers and the Silver State Health Insurance Exchange. (NRS 41.141, 48.039, 162A.790, 415A.210, 427A.145, 442.395, 449.2475, chapter 453B of NRS, NRS 652.193, chapters 656A and 695I of NRS)

Existing law establishes the Board of Hearing Aid Specialists to license and oversee hearing aid specialists and the Board of Examiners for Audiology and Speech Pathology to license and oversee audiologists and speech pathologists. (Chapters 637A and 637B of NRS) **Section 72** of this bill repeals provisions establishing the Board of Hearing Aid Specialists, and **section 44** of this bill establishes the Speech-Language Pathology, Audiology and Hearing Aid Dispensing Board to license and oversee audiologists, speech-language pathologists and hearing aid specialists. **Under sections 44 and 44.5 of this bill, the Board consists of eight members until July 1, 2017, on which date the membership of the Board will decrease to seven members.** **Section 45** of this bill requires the Board to elect a Chair and a Vice Chair and to comply with certain provisions of NRS governing meetings of state and local agencies. **Section 46** of this bill authorizes the Board to employ certain persons and provides for compensation of the members and employees of the Board. **Section 16** of this bill authorizes the Board to select certain persons as advisory members, and **sections 17, 18, 25 and 28** of this bill prescribe the responsibilities of the Board.

Sections 19, 26, 47 and 48 of this bill prescribe certain requirements for applicants for licenses to engage in the practice of audiology, speech-language pathology or fitting and dispensing hearing aids. **Section 20** of this bill requires a speech-language pathologist who does not have a provisional license to have a current certificate of clinical competence issued by the American Speech-Language-Hearing Association or a successor organization approved by the Board. **Sections 21, 22 and 50** of this bill authorize the Board to issue limited, provisional and temporary licenses to certain applicants. **Section 23** of this bill prescribes requirements for an audiologist or an applicant for a license to engage in the practice of audiology to obtain an endorsement of his or her license to also engage in the practice of fitting and dispensing hearing aids.

Section 24 of this bill prescribes requirements concerning telepractice by an audiologist or a speech-language pathologist.

Sections 25-35 of this bill enact requirements for the licensing and practice of hearing aid specialists in chapter 637B of NRS, and **section 72** repeals those requirements in chapter 637A of NRS. **Section 27** authorizes the Board to issue an apprentice license to an applicant who has not yet completed the education or training requirements for a hearing aid specialist, and **sections 29-31** prescribe requirements concerning the practice of an apprentice. **Section 32** authorizes a hearing aid specialist or dispensing audiologist to make an audiogram upon request by a physician or member of a related profession specified by the Board. **Section 33** requires a hearing aid specialist or apprentice to display his or her license conspicuously in each place where he or she conducts business as a hearing aid specialist or apprentice. **Section 34** requires a hearing aid specialist or apprentice to update the address of his or her place of business on file with the Board within 10 days after the date on which the address changes.

Federal law prohibits a state from enacting requirements for the sale of a hearing aid that are different from or in addition to federal requirements, and federal regulations allow a person to waive a medical examination when purchasing a hearing aid. (21 U.S.C. § 360k; 21 C.F.R. § 801.421) **Section 35** of this bill requires certain examinations to be performed on a person before the person purchases a hearing aid by catalog, mail or the Internet unless the person waives the examinations.

Section 43 of this bill revises exemptions from the provisions of chapter 637B of NRS for certain government employees and other persons who do not engage in the private practice of audiology, speech-language pathology or fitting and dispensing hearing aids. **Section 49** of this bill authorizes the Board to issue a license without an examination to persons who hold certain certifications. **Sections 48, 50, 53, 54 and 56-59** of this bill make certain provisions governing audiologists and speech-language pathologists applicable to hearing aid specialists as well. **Section 51** of this bill imposes fees for certain tasks relating to licensing. **Section 53** provides that certain acts are grounds for disciplinary action.
