If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement must be furnished.

3. Any party is entitled to be represented by counsel.

4. Opportunity must be afforded all parties to respond and present evidence and argument on all issues involved. An agency may by regulation authorize the payment of fees and reimbursement for mileage to witnesses in the same amounts and under the same conditions as for witnesses in the courts of this state.

5. Unless precluded by law, informal disposition may be made of any contested case by stipulation, agreed settlement, consent order or default . ~~*[and may include, without limitation, the voluntary surrender of a license. Sec. 6. NRS 233B.123 is hereby amended to read as follows:

233B.123 In contested cases:

1. Irrelevant, immaterial or unduly repetitious evidence must be excluded. Evidence may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonable and prudent persons in the conduct of their affairs. Agencies shall give effect to the rules of privilege recognized by law. Objections to evidentiary offers may be made and must be noted in the record. Subject to the requirements of this subsection, when a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

2. Documentary evidence may be received in the form of authenticated copies or excerpts **.** ~~[~~, if the original is not readily available.~~]~~ Upon request, parties must be given an opportunity to compare the copy with the original.

3. Every witness shall declare, by oath or affirmation, that he or she will testify truthfully.

4. Each party may call and examine witnesses, introduce exhibits, cross-examine opposing witnesses on any matter relevant to the issues even though the matter was not covered in the direct examination, impeach any witness, regardless of which party first called the witness to testify, and rebut the evidence against him or her.

5. Notice may be taken of judicially cognizable facts and of generally recognized technical or scientific facts within the specialized knowledge of the agency. Parties must be notified either before or during the hearing, or by

reference in preliminary reports or otherwise, of the material noticed, including any staff memoranda or data, and they must be afforded an opportunity to contest the material so noticed. The experience, technical competence and specialized knowledge of the agency may be utilized in the evaluation of the evidence.

Sec. 7. NRS 233B.125 is hereby amended to read as follows:

233B.125 A decision or order adverse to a party in a contested case must be in writing or stated in the record. Except as provided in subsection 5 of NRS 233B.121, a final decision must include findings of fact and conclusions of law, separately stated. Findings of fact and decisions must be based upon ~~[substantial]~~ ***a preponderance of the*** evidence. Findings of fact, if set forth in statutory language, must be accompanied by a concise and explicit statement of the underlying facts supporting the findings. If, in accordance with agency regulations, a party submitted proposed findings of fact ~~[,]~~ ***before the commencement of the hearing,*** the decision must include a ruling upon each proposed finding. Parties must be notified either personally or by certified mail of any decision or order. Upon request a copy of the decision or order must be delivered or mailed forthwith to each party and to the party's attorney of record.

Sec. 8. NRS 233B.127 is hereby amended to read as follows:

233B.127 1. ~~[When]~~ ***The provisions of NRS 233B.121 to 233B.150, inclusive, and section 3 of this act do not apply to*** the grant, denial or renewal of a license ~~[is required to be preceded by]~~ ***unless*** notice and opportunity for hearing ~~[, the provisions of this chapter concerning contested cases apply.]~~ ***are required by law to be provided to the applicant before the grant, denial or renewal of the license.***

2. When a licensee has made timely and sufficient application for the renewal of a license or for a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

3. No revocation, suspension, annulment or withdrawal of any license is lawful unless, before the institution of agency proceedings, the agency gave notice by certified mail to the licensee of facts or conduct which warrant the intended action, and the licensee was given an opportunity to show compliance with all lawful requirements for the retention of the license. If the agency finds that public health, safety or welfare imperatively require emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. An agency's order of summary suspension may be issued by the agency or by the Chair of the governing body of the agency. If the order of summary suspension is issued by the Chair of the governing body of the agency, the Chair shall not participate in any further proceedings of the agency relating to that order. Proceedings relating to the order of summary suspension must be instituted

and determined within 45 days after the date of the order unless the agency and the licensee mutually agree in writing to a longer period.

Sec. 9. NRS 233B.130 is hereby amended to read as follows:

233B.130 1. Any party who is:

(a) Identified as a party of record by an agency in an administrative proceeding; and

(b) Aggrieved by a final decision in a contested case,

➥ is entitled to judicial review of the decision. Where appeal is provided within an agency, only the decision at the highest level is reviewable unless a decision made at a lower level in the agency is made final by statute. Any preliminary, procedural or intermediate act or ruling by an agency in a contested case is reviewable if review of the final decision of the agency would not provide an adequate remedy.

2. Petitions for judicial review must:

(a) Name as respondents the agency and all parties of record to the administrative proceeding;

(b) Be instituted by filing a petition in the district court in and for Carson City, in and for the county in which the aggrieved party resides or in and for the county where the agency proceeding occurred; ~~[and]~~

(c) ***Be served upon:***

(1) The Attorney General, or a person designated by the Attorney General, at the Office of the Attorney General in Carson City; and

(2) The person serving in the office of administrative head of the named agency; and

(d) Be filed within 30 days after service of the final decision of the agency.

➥ Cross-petitions for judicial review must be filed within 10 days after service of a petition for judicial review.

3. The agency and any party desiring to participate in the judicial review must file a statement of intent to participate in the petition for judicial review and serve the statement upon the agency and every party within 20 days after service of the petition.

4. A petition for rehearing or reconsideration must be filed within 15 days after the date of service of the final decision. An order granting or denying the petition must be served on all parties at least 5 days before the expiration of the time for filing the petition for judicial review. If the petition is granted, the subsequent order shall be deemed the final order for the purpose of judicial review.

5. The petition for judicial review and any cross-petitions for judicial review must be served upon the agency and every party within 45 days after the filing of the petition, unless, upon a showing of good cause, the district court extends the time for such service. If the proceeding involves a petition for judicial review or cross-petition for judicial review of a final decision of the State Contractors' Board, the district court may, on its own motion or the motion of a party, dismiss from the proceeding any agency or person who:

(a) Is named as a party in the petition for judicial review or cross-petition for judicial review; and

(b) Was not a party to the administrative proceeding for which the petition for judicial review or cross-petition for judicial review was filed.

6. The provisions of this chapter are the exclusive means of judicial review of, or judicial action concerning, a final decision in a contested case involving an agency to which this chapter applies.

Sec. 10. NRS 233B.131 is hereby amended to read as follows:

233B.131 1. Within ~~[30]~~ ***45*** days after the service of the petition for judicial review or such time as is allowed by the court ~~[, the]~~ ***:***

(a) The party who filed the petition for judicial review shall transmit to the reviewing court an original or certified copy of the transcript of the evidence resulting in the final decision of the agency.

(b) The agency that rendered the decision which is the subject of the petition shall transmit to the reviewing court the original or a certified copy of the ~~[entire]~~ ***remainder of the*** record of the proceeding under review ***.*** ~~[, including a transcript of the evidence resulting in the final decision of the agency.]~~

➥ The record may be shortened by stipulation of the parties to the proceedings. A party unreasonably refusing to stipulate to limit the record, as determined by the court, may be assessed by the court any additional costs. The court may require or permit subsequent corrections or additions to the record.

2. If, before submission to the court, an application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence and any rebuttal evidence be taken before the agency upon such conditions as the court determines.

3. After receipt of any additional evidence, the agency:

(a) May modify its findings and decision; and

(b) Shall file the evidence and any modifications, new findings or decisions with the reviewing court.

Sec. 11. NRS 233B.135 is hereby amended to read as follows:

233B.135 1. Judicial review of a final decision of an agency must be:

(a) Conducted by the court without a jury; and

(b) Confined to the record.

➥ In cases concerning alleged irregularities in procedure before an agency that are not shown in the record, the court may receive evidence concerning the irregularities.

2. The final decision of the agency shall be deemed reasonable and lawful until reversed or set aside in whole or in part by the court. The burden of proof is on the party attacking or resisting the decision to show that the final decision is invalid pursuant to subsection 3.

3. The court shall not substitute its judgment for that of the agency as to the weight of evidence on a question of fact. The court may remand or affirm

the final decision or set it aside in whole or in part if substantial rights of the petitioner have been prejudiced because the final decision of the agency is:

(a) In violation of constitutional or statutory provisions;

(b) In excess of the statutory authority of the agency;

(c) Made upon unlawful procedure;

(d) Affected by other error of law;

(e) Clearly erroneous in view of the reliable , ~~***[and]***~~ probative and substantial evidence on the whole record; or

(f) Arbitrary or capricious or characterized by abuse of discretion.

4. As used in this section, "substantial evidence" means evidence which a reasonable mind might accept as adequate to support a conclusion.

Sec. 12. ~~[NRS 18.020 is hereby amended to read as follows:~~

~~18.020 [Costs] *Except as otherwise provided in section 3 of this act, costs* must be allowed of course to the prevailing party against any adverse party against whom judgment is rendered, in the following cases:~~

~~1. In an action for the recovery of real property or a possessory right thereto.~~

~~2. In an action to recover the possession of personal property, where the value of the property amounts to more than $2,500. The value must be determined by the jury, court or master by whom the action is tried.~~

2. The willful failure of the licensee to comply with the requirements of subsection 1 constitutes an additional ground for the regulatory body to take disciplinary action against the licensee, including, without limitation, suspending or revoking the license of the licensee.

3. A regulatory body has an additional ground for taking disciplinary action against the licensee if:

(a) The report from the Federal Bureau of Investigation indicates that the licensee has been convicted of an unlawful act that is a ground for taking disciplinary action against the licensee pursuant to this title; and

(b) The regulatory body has not taken any prior disciplinary action against the licensee based on that unlawful act.

4. To the extent possible, the provisions of this section are intended to supplement other statutory provisions governing disciplinary proceedings. If there is a conflict between such other provisions and the provisions of this section, the other provisions control to the extent that the other provisions provide more specific requirements regarding the discipline of a licensee.

Sec. 14. NRS 622A.370 is hereby amended to read as follows:

622A.370 1. The prosecutor has the burden of proof in any hearing pursuant to this chapter. The standard of proof in such a hearing is ~~[substantial]~~ ***a preponderance of the*** evidence.

2. Except as otherwise provided in this chapter, the regulatory body or hearing panel or officer is not bound by strict rules of procedure or rules of evidence when conducting the hearing, except that evidence must be taken and considered in the hearing pursuant to NRS 233B.123.

3. In any hearing pursuant to this chapter, the acts which constitute grounds for initiating disciplinary action against a licensee and the administrative penalties that may be imposed against a licensee are set forth in the occupational licensing chapter governing the licensee.

4. If requested by any party, the hearing or any portion of the hearing must be transcribed. The party making the request shall pay all costs for the transcription.

5. As used in this section, "preponderance of the evidence" has the meaning ascribed to it in section 2 of this act.

Assemblyman Ellison moved the adoption of the amendment.

Remarks by Assemblyman Ellison.

ASSEMBLYMAN ELLISON:

The amendment deletes proposed language which prohibits the awarding of costs in any proceeding commenced by the filing of a petition for judicial review. It also ensures that a voluntary surrender of a license in a contested case constitutes a disciplinary action against the licensee. It deletes proposed language regarding informal disposition of contested cases and reinstates the term "substantial" with respect to the standard of review in a contested case. Finally, the amendment provides a definition for "substantial evidence" to maintain consistency with existing case law.

Legislative Counsel's Digest:

Under existing law, a person who has incurred a permanent service-connected disability and has been honorably discharged from the Armed Forces of the United States is entitled to an exemption from property taxes and

the governmental services tax. ~~[The]~~ **Each fiscal year, the** amount of exemption is **adjusted for inflation** based on ~~[the extent of a permanent service-connected disability.]~~ **the percentage increase in the Consumer Price Index (All Items) for a certain period.** (NRS 361.091, 371.104) ~~[Federal regulations provide that certain veterans who have a service-connected disability not rated as a total permanent disability may receive a rating of total permanent disability if the veteran's disability prevents him or her from securing or following a substantially gainful occupation. (38 C.F.R. § 21.6503)]~~ **Sections 1 and 4** of this bill revise provisions governing ~~[property taxes and the governmental services tax]~~ **these inflation adjustments** to provide that ~~[a person who receives an individual unemployability rating as described in federal regulations qualifies for the maximum allowable exemption from those taxes.]~~ **: (1) the adjustments are based on the percentage increase in the Consumer Price Index for All Urban Consumers, West Region (All Items), as published by the United States Department of Labor, or the successor index that most closely resembles that index as determined by the Department of Taxation; and (2) the percentage increase in that index is measured for the same period for the purposes of both adjustments.**

Existing law requires employers to pay a payroll tax on the wages paid to their employees during each calendar quarter. The tax is imposed on financial institutions at the rate of 2 percent per calendar quarter and, effective July 1, 2015, on other employers at the rate of 0.63 percent per calendar quarter. (NRS 363A.130, 363B.110) **Sections 2 and 3** of this bill authorize financial institutions and other employers to deduct from the total amount of wages reported and upon which the payroll tax is imposed any wages paid to a newly hired full-time employee during the first 4 full calendar quarters next following the hiring of the employee, and 50 percent of all wages paid to the employee during the 5th through 12th full calendar quarters next following the hiring of the employee, if: (1) the employee is a veteran of certain specified military service; (2) at the time of hiring the employee has been unemployed for a continuous period of not less than ~~[6]~~ **3** months; and (3) certain other conditions are satisfied. The deduction does not apply with respect to any employee hired after June 30, 2019.

Existing law provides an exemption from certain sales and use taxes for members of the Nevada National Guard called into active service and for certain relatives of such members of the Nevada National Guard. (NRS 372.7281, 374.7285) **Sections 5-8** of this bill provide for eligibility for a 3-year exemption from such taxes for certain relatives of members of the Nevada National Guard who are killed while performing duties as a member of the Nevada National Guard while on active service.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 361.091 is hereby amended to read as follows:

361.091 1. A bona fide resident of the State of Nevada who has incurred a permanent service-connected disability and has been honorably discharged from the Armed Forces of the United States, or his or her surviving spouse, is entitled to an exemption.

2. The amount of exemption is based on the total percentage of permanent service-connected disability. ~~*[For the purposes of this section, a person who receives an individual unemployability rating as described in 38 C.F.R. § 21.6503 shall be deemed to have a total permanent disability.]*~~ The maximum allowable exemption for total permanent disability is the first $20,000 assessed valuation. A person with a permanent service-connected disability of:

(a) Eighty to 99 percent, inclusive, is entitled to an exemption of $15,000 assessed value.

(b) Sixty to 79 percent, inclusive, is entitled to an exemption of $10,000 assessed value.

➥ For the purposes of this section, any property in which an applicant has any interest is deemed to be the property of the applicant.

3. The exemption may be allowed only to a claimant who has filed an affidavit with his or her claim for exemption on real property pursuant to NRS 361.155. The affidavit may be made at any time by a person claiming an exemption from taxation on personal property.

4. The affidavit must be made before the county assessor or a notary public and be filed with the county assessor. It must state that the affiant is a bona fide resident of the State of Nevada, that the affiant meets all the other requirements of subsection 1 and that the exemption is not claimed in any other county within this State. After the filing of the original affidavit, the county assessor shall, except as otherwise provided in this subsection, mail a form for:

(a) The renewal of the exemption; and

(b) The designation of any amount to be credited to the Gift Account for the Veterans Home in Southern Nevada or the Gift Account for the Veterans Home in Northern Nevada established pursuant to NRS 417.145,

➥ to the person each year following a year in which the exemption was allowed for that person. The form must be designed to facilitate its return by mail by the person claiming the exemption. If so requested by the person claiming the exemption, the county assessor may provide the form to the person by electronic means in lieu of by mail. The county assessor may authorize the return of the form by electronic means in accordance with the provisions of chapter 719 of NRS.

5. Before allowing any exemption pursuant to the provisions of this section, the county assessor shall require proof of the applicant's status, and for that purpose shall require the applicant to produce an original or certified copy of:

(a) An honorable discharge or other document of honorable separation from the Armed Forces of the United States which indicates the total percentage of his or her permanent service-connected disability;

(b) A certificate of satisfactory service which indicates the total percentage of his or her permanent service-connected disability; or

(c) A certificate from the United States Department of Veterans Affairs or any other military document which shows that he or she has incurred a permanent service-connected disability and which indicates the total percentage of that disability, ~~***[for individual unemployability rating, if applicable,]***~~ together with a certificate of honorable discharge or satisfactory service.

6. A surviving spouse claiming an exemption pursuant to this section must file with the county assessor an affidavit declaring that:

(a) The surviving spouse was married to and living with the veteran who incurred a permanent service-connected disability for the 5 years preceding his or her death;

(b) The veteran was eligible for the exemption at the time of his or her death or would have been eligible if the veteran had been a resident of the State of Nevada;

(c) The surviving spouse has not remarried; and

(d) The surviving spouse is a bona fide resident of the State of Nevada.

➥ The affidavit required by this subsection is in addition to the certification required pursuant to subsections 4 and 5. After the filing of the original affidavit required by this subsection, the county assessor shall, except as otherwise provided in this subsection, mail a form for renewal of the exemption to the person each year following a year in which the exemption was allowed for that person. The form must be designed to facilitate its return by mail by the person claiming the exemption. If so requested by the person claiming the exemption, the county assessor may provide the form to the person by electronic means in lieu of by mail. The county assessor may authorize the return of the form by electronic means in accordance with the provisions of chapter 719 of NRS.

7. If a veteran or the surviving spouse of a veteran submits, as proof of disability, documentation that indicates a percentage of permanent service-connected disability for more than one permanent service-connected disability, the amount of the exemption must be based on the total of those combined percentages, not to exceed 100 percent.

8. If a tax exemption is allowed under this section, the claimant is not entitled to an exemption under NRS 361.090.

9. If any person files a false affidavit or produces false proof to the county assessor or a notary public and, as a result of the false affidavit or false proof, the person is allowed a tax exemption to which the person is not entitled, the person is guilty of a gross misdemeanor.

10. Beginning with the 2005-2006 Fiscal Year, the monetary amounts in subsection 2 must be adjusted for each fiscal year by adding to the amount the

product of the amount multiplied by the percentage increase in the ~~[Consumer Price Index (All Items)]~~ ***consumer price inflation index*** from July 2003 to the July preceding the fiscal year for which the adjustment is calculated. The Department shall provide to each county assessor the adjusted amount, in writing, on or before September 30 of each year.

11. For the purposes of this section, "consumer price inflation index" means the Consumer Price Index for All Urban Consumers, West Region (All Items), as published by the United States Department of Labor or, if that index ceases to be published by the United States Department of Labor, the published index that most closely resembles that index, as determined by the Department.

Assemblyman Armstrong moved the adoption of the amendment.

Remarks by Assemblyman Armstrong.

ASSEMBLYMAN ARMSTRONG:

This amendment makes several changes to the bill including making technical adjustments and clarifications to the inflation calculations used to determine the exemptions from the property tax and governmental services tax for eligible disabled veterans. It removes provisions expanding these property tax and governmental service tax exemptions to include those persons who have individual unemployability ratings from the U.S. Department of Veteran Services, reducing the period by which a newly hired employee must have been unemployed in order to become eligible for a modified business tax deduction from six months to three months. It requires the employee to provide documentation to the employer to verify that the employee has been previously unemployed for that three-month period.

Amendment adopted.

Assembly Bill No. 103.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 6.

AN ACT relating to motor vehicles; requiring the Department of Motor Vehicles to design, prepare and issue special license plates honoring veterans of the Armed Forces of the United States who have received the Silver Star or Bronze Star Medal, as applicable; exempting the special license plates from certain provisions otherwise applicable to special license plates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 1 and ~~[7]~~ 9 of this bill authorize qualified persons to apply for the issuance of license plates specially designed by the Department of Motor Vehicles, in cooperation with interested parties, to honor veterans of the Armed Forces of the United States who have been awarded the Silver Star or Bronze Star Medal. Unless the special license plates are lost, stolen or mutilated, in which case a $5 replacement fee applies, no fee in addition to the ordinarily applicable registration and license fees and governmental services taxes may be charged for the issuance or renewal of a set of the special license plates. **Section 1 also provides that: (1) a veteran who is eligible for such special license plates and who, as a result of his or her service, has suffered a 100-percent service-connected disability and receives compensation from the United States for the disability, may have the international symbol of access inscribed on his or her special license plate; and (2) a vehicle on which such plates are displayed is exempt from the payment of parking fees charged by the State or any political subdivision or other public body within the State, but not including parking fees charged by the Federal Government. Sections 7 and 8 of this bill make conforming changes to the provisions of existing law regarding the applicability of parking laws to vehicles displaying special license plates which bear the international symbol of access. (NRS 484B.463, 484B.467)**

Section 3 of this bill provides that, if the Director of the Department orders a redesign of license plates, the Department is prohibited from issuing redesigned license plates to the holder of a set of plates honoring recipients of the Silver Star or Bronze Star Medal without the approval of the holder.

Under existing law, most special license plates: (1) must be approved by the Department, based on a recommendation from the Commission on Special License Plates; (2) are subject to a limitation on the number of separate designs of special license plates which the Department may issue at any one time; and (3) may not be designed, prepared or issued by the Department unless a certain minimum number of applications for the plates are received. (NRS 482.367004, 482.367008, 482.36705) **Sections 4-6** of this bill exempt the special plates honoring recipients of the Silver Star or Bronze Star Medal from all three of the preceding requirements.

Finally, under existing law, a new vehicle dealer who is authorized to issue certificates of registration for any new motor vehicle he or she sells is prohibited from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain special license plates. (NRS 482.216) Despite the broad exemptions provided in **sections 4-6**, **section 2** of this bill prohibits a new vehicle dealer from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain the special plates honoring recipients of the Silver Star or Bronze Star Medal.

Such an order does not require existing holders of that particular design of special license plate to surrender their plates to the Department and does not prohibit those holders from renewing those plates.

482.36705 1. Except as otherwise provided in subsection 2:

Amendment No. 163.

~~[Assemblywoman]~~ **Assemblywomen** Bustamante Adams **and Neal**

AN ACT relating to economic development; revising the membership of the Regional Business Development Advisory Council for Clark County; providing that certain entities participating in the Council are nonvoting members; revising provisions relating to certain reports submitted to the Council; clarifying the requirement that the Council submit certain reports to the Director of the Legislative Counsel Bureau; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

In 2003, the Nevada Legislature created by special act the Regional Business Development Advisory Council for Clark County for the purpose of addressing the economic development of local businesses owned and operated by certain disadvantaged persons. (Chapter 7, Statutes of Nevada 2003, 20th Special Session, p. ~~[267)]~~ **268)** Pursuant to existing law, membership of the Council consists of representatives from: (1) certain governmental entities and private nonprofit entities that are required to participate; and (2) certain other governmental, private and nonprofit entities that request to participate in the Council. (Section 15 of chapter 7, Statutes of Nevada 2003, 20th Special Session, p. 268) **Section 1** of this bill amends the membership of the Council to: (1) eliminate the representatives from the Housing Authority of the City of Las Vegas, Housing Authority of the City of North Las Vegas, Clark County Health District, Clark County Housing Authority, Clark County Sanitation District, the Las Vegas Urban Chamber of Commerce and the Hispanic Business Roundtable; and (2) add representatives from the Southern Nevada Health District and the Southern Nevada Regional Housing Authority. **Section 1** also provides that representatives of the entities that request to participate in the Council are nonvoting members.

Existing law requires those governmental entities which are required to participate in the membership of the Council to report annually to the Council certain information regarding the expenditures of the entities and their efforts to encourage the economic development of businesses owned by disadvantaged persons. (Section 20 of chapter 7, Statutes of Nevada 2003, 20th Special Session, p. 269) **Section 2** of this bill amends the reporting requirement.

Existing law requires the Council to submit a biennial report to the Director of the Legislative Counsel Bureau. (Section 20 of chapter 7, Statutes of Nevada 2003, 20th Special Session, p. 269) **Section 2** further clarifies that the biennial report is submitted to the Director for transmittal to the next regular session of the Legislature.

Existing law generally provides that any provision of state legislation enacted or revised after July 1, 2013, which adds or revises a requirement to

submit a report to the Legislature must expire by limitation 5 years after the effective date of the addition or revision of the requirement. (NRS 218D.380) **Section 3** of this bill provides that this provision does not apply to the reporting requirements of the Council.

Amendment No. 152.

AN ACT relating to juveniles; providing that ~~[~~~a sexually exploited child is a child in need of supervision for the purposes of juvenile court proceedings; revising provisions governing the detention of sexually exploited children; revising provisions governing~~]~~ **, under certain circumstances, the** juvenile court ~~[~~~proceedings involving sexually exploited children;~~]~~ **must place a child who is alleged to have engaged in prostitution or the solicitation of prostitution under the supervision of the juvenile court subject to certain terms and conditions;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the juvenile court has exclusive jurisdiction over a juvenile: (1) who is alleged or adjudicated to be in need of supervision; or (2) who is alleged or adjudicated to be delinquent because he or she has committed certain crimes. (NRS 62B.320, 62B.330) ~~[~~~Sections 1 and 4 of this bill provide that a child who is under the age of 18 years and who engages in or attempts to engage in prostitution or solicitation for prostitution is a sexually exploited child and a child in need of supervision for the purposes of juvenile court proceedings. Section 3 of this bill makes such a child subject to the exclusive jurisdiction of the juvenile court.~~

~~Under existing law, certain children alleged to be in need of supervision are required to be released within 24 hours after being taken into custody and detained. (NRS 62C.050) Section 5 of this bill creates an exception to this requirement for a sexually exploited child.~~

~~Under existing law, if a petition is filed alleging that a child is in need of supervision and the child has not previously been found to be within the jurisdiction of the juvenile court, the juvenile court is required to admonish the~~

~~child and refer him or her to services available in the community, unless the child is alleged to be a habitual truant. (NRS 62E.410) Section 6 of this bill makes this requirement inapplicable to a child who is alleged to be a sexually exploited child.]~~ **Existing law authorizes the juvenile court, under certain circumstances, to place a child under the supervision of the juvenile court pursuant to a supervision and consent decree, without a formal adjudication of delinquency, if the child is alleged to be in need of supervision or to have committed a delinquent act. (NRS 62C.230)**

This bill requires the juvenile court to place a child under the supervision of the juvenile court pursuant to a supervision and consent decree if the child is alleged to have engaged in prostitution or the solicitation of prostitution. Under this bill, the juvenile court: (1) must order that the terms and conditions of the supervision and consent decree include, without limitation, services to address the sexual exploitation of the child and any other needs of the child; and (2) may issue certain orders, including, without limitation, any placement of the child that the juvenile court finds to be in the child's best interest. If the child is alleged to have violated the supervision and consent decree or an order of the juvenile court: (1) the allegation must be placed before the court pursuant to a motion or a request for judicial review, except that the district attorney may file a petition alleging that the child committed a delinquent act under certain circumstances; and (2) the court may issue certain orders concerning the child. This bill further requires that the juvenile court, upon successful completion of the terms and conditions of the supervision and consent decree or at the time the child reaches 18 years of age, whichever is earlier, must dismiss the petition alleging that the child engaged in prostitution or the solicitation of prostitution. However, a child who has reached 18 years of age may consent to remain under the supervision of the juvenile court for the purpose of receiving services pursuant to the decree.

Amendment No. 216.

Assemblymen Ohrenschall, Wheeler, Fiore; Araujo, Armstrong, Diaz, **Dickman,** Gardner, Jones, Moore, Seaman, Shelton, Stewart and Swank

AN ACT relating to public health; authorizing a manufacturer to provide or make available an investigational drug, biological product or device to certain patients under certain circumstances; prohibiting an officer, employee or agent of this State from preventing or attempting to prevent a patient from accessing such an investigational drug, biological product or device under certain circumstances; authorizing a physician to prescribe or recommend an investigational drug, biological product or device to certain persons under certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal law prohibits the introduction of a drug or biological product into interstate commerce if the drug or biological product has not received approval from the United States Food and Drug Administration. (21 U.S.C. § 355; 42 U.S.C. § 262) Existing federal regulations allow expanded access to investigational drugs and biological products for patients who have a serious or immediately life-threatening illness under certain circumstances. (21 C.F.R. Part 312, Subpart I) Existing Nevada law makes it a misdemeanor for any person to possess, procure, obtain, process, produce, derive, manufacture, sell, offer for sale, give away or otherwise furnish any drug which may not be lawfully introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act. (NRS 454.351)

Section 1 of this bill authorizes the manufacturer of an investigational drug, biological product or device to provide or make available the investigational drug, biological product or device to a patient who has been diagnosed with a terminal condition **that will, without the administration of life-sustaining treatment, result in death within 1 year** if a physician prescribes or recommends the investigational drug, biological product or device. **Section 1** defines "investigational drug, biological product or device" as a drug, biological product or device that: (1) has successfully completed Phase 1 of a clinical trial; (2) has not been approved by the United States Food and Drug Administration; and (3) is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration. **Section 1** also makes it a misdemeanor for any officer, employee or agent of this State to prevent or attempt to prevent a patient from accessing an investigational drug, biological product or device if certain requirements are met. Additionally,

section 2 of this bill removes the criminal penalty otherwise imposed against a person who engages in certain acts that make an investigational drug or biological product available when certain requirements are met.

Because a prescription or recommendation from a physician is required before a patient may obtain an investigational drug, biological product or device, **sections 3 and 8** of this bill authorize a physician to issue such a prescription or recommendation if the physician has: (1) diagnosed the patient with a terminal condition; (2) consulted with the patient and the patient and physician have determined that no treatment currently approved by the Food and Drug Administration is adequate to treat the terminal condition; and (3) obtained informed, written consent to the use of the investigational drug, biological product or device from the patient or his or her representative, parent or guardian. **Sections 3 and 8 also require such informed, written consent to be provided on a form that contains certain information about the possible consequences of using the investigational drug, biological product or device.** Additionally, **sections 5, 7 and 9** of this bill provide that a physician or person engaged in the practice of professional nursing who procures or administers a controlled substance or dangerous drug is not subject to professional discipline if the controlled substance or dangerous drug is an investigational drug or biological product prescribed by a physician.

WHEREAS, The process to approve investigational drugs, biological products and devices often takes many years; and

WHEREAS, Patients who have a terminal condition do not have the luxury of waiting until an investigational drug, biological product or device receives final approval from the United States Food and Drug Administration; and

WHEREAS, The standards of the United States Food and Drug Administration for the use of investigational drugs, biological products and devices may deny potentially life-saving treatments to terminal patients; and

WHEREAS, This State recognizes that patients who have a terminal condition have a fundamental right to attempt to pursue the preservation of their own lives by accessing available investigational drugs, biological products and devices; and

WHEREAS, The decision to use an available investigational drug, biological product or device should be made by a patient with a terminal condition in consultation with his or her physician and is not a decision to be made by the government; now, therefore,

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 454 of NRS is hereby amended by adding thereto a new section to read as follows:

Sec. 3. Chapter 630 of NRS is hereby amended by adding thereto a new section to read as follows:

Assemblyman Oscarson moved the adoption of the amendment.

Remarks by Assemblymen Oscarson, Carlton, Ohrenschall, Titus, and Sprinkle.

ASSEMBLYMAN OSCARSON:

This amendment clarifies that a "terminal condition" will result in death within a year and adds a requirement that the patient sign a form acknowledging informed consent of certain provisions.

ASSEMBLYWOMAN CARLTON:

On page 5 of the amendment, it says that the insurance carrier for that patient will include within the document the patient will sign a basic waiver that the insurer would not cover any health issues that might result from this experimental drug. I was wondering if there was any recourse for the patient if it was not a listed side effect of that drug and they would happen to come up with something ancillary. We know insurance companies sometimes have a tendency to deny things. If we are talking about a terminal patient, they do not have time to fight the bureaucracy. What type of recourse would they have to get the care for any ancillary damage that might be done by the drug?

ASSEMBLYMAN OHRENSCHALL:

The lines in the amendment came out of the working group. The Chairman of the Health and Human Services Committee had a working group, and we met with all the stakeholders. The key words in line 40 on page 5 of the amendment are a statement that the health insurer of the patient "may not be required." This is something I asked our legal counsel about. This is not establishing a new statutory basis saying the experimental medication will not be covered, but it is, as part of the informed consent, letting the terminally ill patient know that the medication may not be covered. So the way I understand the amendment—and the way I believe the working group understood the amendment—was that while it could be covered, we are not imposing a regulation on the insurance company that they have to cover it, especially if it is not in their formulary. It has made it through the first phases of the FDA trials processes, but it has not made it all the way through. We are certainly not prohibiting its coverage, and we are not providing any cover for an insurer not to cover it, but we are certainly letting the patient know that it may not be covered if they choose to go that route.

ASSEMBLYWOMAN CARLTON:

It is more in the section of ". . . that future benefits under the policy of insurance covering the patient may be affected by the patient's use of that investigational drug, biological product, or device." Even though it may be an ancillary issue, I would hate to see them end up in the emergency room one evening, have the insurance company say Well, that was a side effect of the drug. It could have been a side effect of the disease, and they end up with a huge emergency room bill. We know in terminally ill cases, you can hit $500,000 lickety-split, and I would hate to see those patients and their families have their financial future at risk because of just a simple disclosure. We know what happens when you are desperate—you will sign anything.

ASSEMBLYMAN OHRENSCHALL:

I, too, share those concerns, and that is not something I would want to see. However, I feel the language we came up with would not allow that to happen. If I am mistaken, I am certainly open to further amendment.

ASSEMBLYWOMAN TITUS:

Just a point of clarification. During this working group, I, too, had extreme concern about unknown side effects of these medications. Because we do not know what the side effects might be, would the insurance companies then not cover a patient who shows up at the emergency room with some unknown condition related to the drug? Would they say Oh, but you took this experimental drug? The concern was whether they violated the warranty if they chose to take the experimental drug. It was at my insistence that it be clear in the informed consent, before they take this medication, that there is a possibility that the insurance companies might do that. It was really all about informed consent so there were no surprises. The insurance companies were at the table. They wanted us to actually mandate that they did not have to cover it, and we would not accept that. We wanted to make sure. It very well may be covered under the Affordable Care Act. We wanted to make sure that patients were informed; it had to be in writing. In my mind, it was to protect the patients.

ASSEMBLYMAN SPRINKLE:

I want to concur with that. I was another one of the leaders of this working group, and there was a consensus on this amendment. We wanted to get everyone in that room to agree about what we needed to have in the liability statement and sign off on it.

ASSEMBLYMAN OSCARSON:

I want to echo the comments of my colleagues. This was bipartisan support of two bills that got combined into one. There was a lot of effort and time taken to put this together and put the right words in the right places. I appreciate all the effort that went into the bill.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 169.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 167.

AN ACT relating to graywater; requiring the State Board of Health to adopt regulations concerning systems for the collection and application of graywater for a single-family residence; requiring a permit for such graywater systems; providing that state and local governmental agencies must not prohibit graywater systems that meet certain requirements; allowing restrictions on graywater systems within common-interest communities; **requiring the State**

Board to submit a report to the Legislature; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Health to adopt regulations concerning residential individual systems for the disposal of sewage, which are commonly known as septic systems, and such regulations are effective statewide except in health districts in which the district boards of health have adopted regulations concerning such systems for the district. (NRS 444.650)

Section 6 of this bill requires the State Board of Health to adopt regulations concerning graywater systems for a single-family residence, and such regulations are effective statewide except in health districts in which the district boards of health have adopted regulations concerning such systems for the district. **Section 4** of this bill defines "graywater system" to mean any system for the collection and application of graywater originating from a single-family residence to be used for household gardening, composting or landscape irrigation.

Section 6 provides that the regulations adopted by the State Board of Health or a district board of health must: (1) prohibit graywater systems here certain conditions exist; and (2) where graywater systems are allowed, require a person to apply for and obtain a permit for the use of a graywater system. **Section 6** allows issuance of such a permit only if certain requirements are met. Finally, **section 6** provides that local governments may not prohibit the use of such graywater systems.

Section 8 of this bill provides that the State Environmental Commission may not require a person to obtain a permit under the Nevada Water Pollution Control Law (NRS 445A.300-445A.730) to use a graywater system if the person has obtained a permit from the appropriate board under the laws governing graywater systems.

Section 11 of this bill provides that the governing documents of a unit-owners' association may prohibit or restrict the use of graywater systems within common-interest communities. (Chapter 116 of NRS) **Section 11** also provides that if the governing documents do not prohibit or restrict the use of graywater systems, such use must comply with the laws governing graywater systems.

Section 12 of this bill requires the State Board of Health to submit to the Legislature a report stating the number and location of each permit issued pursuant to section 6 for the operation of a graywater system.

2. Every year after the initial issuance of special license plates to a person with a permanent disability, the Department shall require the person to renew

the special license plates in accordance with the procedures for renewal of registration pursuant to this chapter. The Department shall not require a person with a permanent disability to include with the application for renewal a statement from a licensed physician certifying that the person is a person with a permanent disability.

3. Upon the application of an organization which provides transportation for a person with a permanent disability, disability of moderate duration or temporary disability, the Department may issue special license plates for a vehicle registered by the organization pursuant to this chapter, or the Department may issue special parking placards to the organization pursuant to this section to be used on vehicles providing transportation to such persons. 18. No person, other than the person certified as being a person with a permanent disability, disability of moderate duration or temporary disability, or a person actually transporting such a person, may use the special license plate or plates or a special or temporary parking placard, or a special or temporary parking sticker issued pursuant to this section to obtain any special parking privileges available pursuant to this section.

Remarks by Assemblyman Wheeler.

ASSEMBLYMAN WHEELER:

Amendment 174 makes the following changes to A.B. 204. It removes the requirement that the photograph of a holder of a special parking placard be placed on that placard. It requires that an authorization letter which is issued with a special license plate, placard, or sticker by the Department of Motor Vehicles or a city or county contain the photograph of the holder of the special license plate, placard, or sticker that appears on the persons driver's license or identification card. It requires the owner or operator of a motor vehicle displaying a special license plate, placard, or sticker to present the authorization letter to a law enforcement representative

upon request. The amendment changes part of the effective date from January 1, 2016, to the date on which the Director of the DMV notifies the Governor and the Director of the Legislative Counsel Bureau that the DMV possesses sufficient resources to carry out the amendatory provisions of this bill.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 252.

Bill read second time.

The following amendment was proposed by the Committee on Legislative Operations and Elections:

Amendment No. 223.

AN ACT relating to elections; creating the Legislative Advisory Commission on Reapportionment and Redistricting to assist the Legislature with reapportionment; requiring the Advisory Commission to meet by a specified time after each decennial census to develop proposed reapportionment plans for congressional districts, state legislative districts, state election districts for the Board of Regents of the University of Nevada and certain other state election districts; authorizing the Legislative Commission to convene the Advisory Commission under certain circumstances if there is a need to develop new reapportionment plans; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under the United States Constitution, each state legislature has been delegated the authority to regulate the times, places and manner of holding elections for the state's Representatives in Congress, which includes the power to establish by law congressional districts for their election. (U.S. Const. Art. I, § 4; *Smiley v. Holm*, 285 U.S. 355, 362-73 (1932)) This delegated authority requires each state legislature to apportion the state's Representatives in Congress among congressional districts according to population. (U.S. Const. Art. I, § 2; 2 U.S.C. § 2c; *Tennant v. Jefferson County Comm'n*, 133 S. Ct. 3, 5 (2012)) To account for changes or shifts in a state's population over time, the state legislature must reapportion the state's congressional districts following each decennial census of the United States. (2 U.S.C. § 2a; 13 U.S.C. § 141; *Franklin v. Massachusetts*, 505 U.S. 788, 791-92 (1992); *Georgia v. Ashcroft*, 539 U.S. 461, 488 n.2 (2003)) When the state legislature reapportions the state's congressional districts, the districts generally must consist of equal population, as nearly as is practicable, so that each person's vote is given equal weight to comply with the one-person, one-vote principle embraced by Article I, Section 2 of the United States Constitution. (*Wesberry v. Sanders*, 376 U.S. 1, 7-8 (1964); *Karcher v. Daggett*, 462 U.S. 725, 730-31 (1983); *Tennant v. Jefferson County Comm'n*, 133 S. Ct. 3, 5 (2012))

In addition, after each decennial census of the United States, the Nevada Constitution requires the Legislature to fix by law the number of members of the Senate and Assembly and apportion them among the state's legislative

districts according to population. (Nev. Const. Art. 1, § 13, Art. 4, § 5, Art. 15, § 13) The Nevada Constitution also requires that the number of members of the Senate must not be less than one-third nor more than one-half of the number of members of the Assembly and that the aggregate number of members of both Houses must not exceed 75 total members. (Nev. Const. Art. 4, § 5, Art. 15, § 6) When the Legislature reapportions the state's legislative districts, the districts generally must consist of equal population, as nearly as is practicable, so that each person's vote is given equal weight to comply with the one-person, one-vote principle embraced by the Equal Protection Clause of the Fourteenth Amendment to the United States Constitution. (U.S. Const. Amend. XIV, § 1; *Reynolds v. Sims*, 377 U.S. 533, 561-68 (1964); *Connor v. Finch*, 431 U.S. 407, 416 (1977))

Finally, the Nevada Constitution requires the Legislature to provide for the election of the members of the Board of Regents of the University of Nevada, and the Legislature has provided by law for their election from districts apportioned according to population. (Nev. Const. Art. 11, § 7; NRS 396.040) When the members of a governing board are elected from districts apportioned according to population, the districts must be apportioned based on the same principles that apply to the apportionment of legislative districts. (*Hadley v. Junior College Dist.*, 397 U.S. 50, 51-59 (1970)) As a result, when the Legislature reapportions the districts for members of the Board of Regents, the districts generally must consist of equal population, as nearly as is practicable, so that each person's vote is given equal weight to comply with the one-person, one-vote principle embraced by the Equal Protection Clause. (*Tam v. Colton*, 94 Nev. 452, 458-59 (1978))

This bill creates the Legislative Advisory Commission on Reapportionment and Redistricting to assist the Legislature with reapportionment by preparing and submitting proposed reapportionment plans for consideration by the Legislature. **Section 6** of this bill defines the term "reapportionment plan" as a plan for reapportioning congressional districts, state legislative districts, state election districts for the Board of Regents and certain other state election districts.

Section 7 of this bill provides that the Advisory Commission consists of ~~[~~five~~]~~ **four** members appointed by ~~[~~the following appointing authorities: (1) the Chief Justice of the Nevada Supreme Court; (2)~~]~~ the Majority and Minority Leaders of the Senate ~~[;]~~ and ~~[(3)]~~ the Speaker and Minority Leader of the Assembly. **Section 7** prohibits a person from serving as a member of the Advisory Commission if the person holds an elective office. **Section 7** also provides that for a period of 5 years, a former member is not eligible to be a candidate for or hold an office that is elected from any district for which the Advisory Commission is authorized to develop a reapportionment plan. However, this restriction does not apply to the office of Representative in Congress because the states do not have the power to fix qualifications for service in Congress. (*U.S. Term Limits, Inc. v. Thornton*, 514 U.S. 779, 782-827 (1995))

Section 8 of this bill establishes procedural requirements for the operation of the Advisory Commission and also provides that the members serve without compensation but are entitled to receive from the Legislative Fund per diem allowances and travel expenses while engaged in the business of the Advisory Commission.

Section 9 of this bill directs the Legislative Counsel Bureau to provide the Advisory Commission with staff and legal, technical and other appropriate services. **Section 9** also provides that when carrying out their duties, the members and staff of the Advisory Commission are entitled to the same rights, privileges and immunities recognized by law for the members and staff of the Legislature when carrying out their legislative duties and functions.

Section 10 of this bill contains requirements relating to the meetings of the Advisory Commission, including receiving public testimony, considering reapportionment plans and maps submitted by the public and making the Advisory Commission's reapportionment plans and maps available for public review and comment. **Section 10** also gives the Advisory Commission the same investigative powers as other interim legislative committees.

Section 11 of this bill requires the Advisory Commission to develop reapportionment plans using certain guidelines and to apply the guidelines in a manner that is impartial and reinforces public confidence in the integrity of the reapportionment process.

Under existing federal law, the Secretary of Commerce must conduct the next decennial census on April 1, 2020, and every 10 years thereafter. (13 U.S.C. § 141(a)) The Secretary of Commerce must report the data from the decennial census to the governor of each state as expeditiously as possible but not later than 1 year after the date of the decennial census. (13 U.S.C. § 141(c))

Section 12 of this bill requires the members of the Advisory Commission to be appointed during the regular session immediately preceding each even-numbered year in which a decennial census is conducted and to meet not later than July 1 of the year in which the decennial census is conducted. **Section 13** of this bill requires the Advisory Commission to submit **, as soon as practicable** during the regular session following the decennial census **,** three reapportionment plans proposing to the Legislature three different options for all districts. **However, if the data from the decennial census is not reported by the Secretary of Commerce to the Governor until after the commencement of the regular session, the Advisory Commission must submit the reapportionment plans not later than 15 days after the date on which the data from the decennial census is reported by the Secretary of Commerce to the Governor. Because the Secretary of Commerce must report the data to the Governor not later than April 1, the Advisory Commission will be required to submit the reapportionment plans not later than April 16 during the regular session.**

Section 14 of this bill provides that during any period between each decennial census in which the Advisory Commission is not carrying out its

duties, the Legislative Commission may convene the Advisory Commission if there is a need to develop reapportionment plans, including, without limitation, because of a decision of a court of competent jurisdiction relating to the validity of the districts.

GENERAL FILE AND THIRD READING

Assembly Bill No. 148.
Bill read third time.
Remarks by Assemblymen Fiore, Kirkpatrick, Seaman, and Jones.

ASSEMBLYWOMAN FIORE:
I rise in strong support of Assembly Bill 148, which allows holders of concealed weapons permits to bring their firearms onto public institutions of higher education in order to protect themselves from criminals. This legislation was inspired by the tragic story of Amanda Collins, a former UNR student and CCW holder who in 2007 was brutally raped in the parking garage less

than a hundred feet from the campus police station. Collins was unable to carry her firearm and protect herself due to the campus prohibition. Her assailant escaped and a few weeks later kidnapped, raped, and murdered another victim. Today as I read this statement to you, I have sitting with me Amanda Collins' father, Tom Collins, who is here to watch us vote on this bill.

Sadly, these types of stories are becoming increasingly common at colleges and universities throughout the country. A study sponsored by the Justice Department said that nearly one in five college women will be victims of attempted or completed sexual assault. Both President Obama and Vice President Biden have mentioned this disturbing statistic this past year. President Obama inserted a video into the Grammy Awards stating that we have a rape crisis here in America. One out of five women are raped. This is why I believe this bill is so important.

Today the Assembly has the chance to pass commonsense legislation that provides responsible gun owners the opportunity to protect themselves. We cannot have a law that leaves women defenseless when they have the ability and the means to stop their attacker. I urge my fellow members, both Republican and Democrat, to please vote yes and approve Assembly Bill 148 today.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in opposition to Assembly Bill 148. Section 4 of the bill, subsection 4, subsection 5, subsection (c), talks about the definition of a secure area. That is very broad. What it says is that a secure area means "any portion of a public airport to which access is generally controlled through the screening of persons." That means that anyone could walk through baggage claim and all of these other places within an airport with their guns. Maybe they can do it today. Clark County has 41 million visitors coming to our state every single year, and there are many international travelers who are very bothered by guns. I rise in opposition to that component.

I also oppose the effective date of July 1. I do not believe that gives the Board of Regents any time to get rid of the current system that is in place. Section 3 of the bill is about the current system that would no longer be necessary with the new rules.

As an NRA member for many, many years, I have guns at my home. My husband collects guns. We have great-grandfather's guns. I think this bill goes a little too far. I think there is an easier way to discuss the campus piece. Session after session we have never really had a discussion about how to make it easier. I do not disagree, as a mother of five daughters, with how important it is to ensure our kids are safe. But we have never talked about paying more money to put more security on our campuses. We have never talked about some of the other options that are available. I respectfully rise in opposition.

ASSEMBLYWOMAN SEAMAN:

I also wish to speak in support of Assembly Bill 148. As a responsible gun owner with a CCW, I am grateful that I, and others like me, will now have the right to protect ourselves on college campuses. I am proud of the work that Amanda Collins and Assemblywoman Fiore have done to bring this important legislation forward.

Responsible, well-regulated gun owners deserve our trust and they deserve the protection this bill will allow them. I will be voting yes on A.B. 148 and I encourage all of you to do likewise.

ASSEMBLYMAN JONES:

I, too, rise in support of Assembly Bill 148. Statistics prove that CCW holders are law abiding, well trained, and do not commit crimes when it comes to guns, generally. This bill will allow CCW holders the same ability to protect themselves on colleges campuses as they currently have when they are in the supermarket, the mall, or any other places where it is legal to have concealed weapons. During the testimony in the Judiciary Committee, we heard from Amanda Collins about how she was raped despite being just mere feet from the campus police station. I believe if Miss Collins had been able to carry her firearm on campus, she would not have been a victim that day. We should not have a law that prevents responsible—and again, I say responsible—law abiding gun owners from defending themselves from criminals.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 69 makes various changes relating to the Judicial Branch. First, the bill allows greater use of electronic technology, including allowing the Clerk of the Supreme Court to post certain information on the Clerk's website and authorizing justices of the peace and clerks of the district courts to maintain and post their fee books in electronic format. It also authorizes a justice of the peace to keep the docket in written or electronic format. The bill provides that an order issued by a court in another state for protection against domestic violence may be registered in a court of competent jurisdiction in the judicial district where enforcement may be necessary and authorizes a copy of the order to be forwarded by electronic means to the appropriate law enforcement agency. The bill allows the clerk of the court to deliver to the Chief Parole and Probation Officer the records of a case in writing, by electronic means, or by allowing access to an electronic system.

Second, the bill amends provisions requiring district courts, justice courts, and municipal courts to submit statistical information reports to the Court Administrator according to the uniform system for collecting such information.

Third, the measure makes the date for pay over to the county treasurer of fines and forfeited bail consistent with other justice court requirements.Third, the measure makes the date for pay over to the county treasurer of fines and forfeited bail consistent with other justice court requirements.

Fourth, A.B. 69 requires justices of the peace and clerks of the district courts to submit monthly, rather than quarterly, a financial statement of the fees collected by them.

Fifth, the bill removes provisions of existing law requiring a court to forward a copy of an order of bail forfeiture, an order exonerating a surety of a bail bond, and an order setting aside bail forfeiture to the Court Administrator.

Finally, the bill repeals several obsolete sections of *Nevada Revised Statutes*. This bill is effective on October 1, 2015.

United States Senator Dean Heller delivered his message as follows:

MESSAGE TO THE LEGISLATURE OF NEVADA
SEVENTY-EIGHTH SESSION, 2015

What a pleasure it is to be here. Let me start out by asking the question everybody in here is asking: Why did we schedule this on the same night as the NCAA National Championship? So I have to be done in an hour. Question is, will anyone be listening? It is like having a debate on PBS or your own program on PBS.

Governor, it is good to see you. Thanks for all that you do. Lieutenant Governor, it is good to see you. Speaker Hambrick, thank you for having me here tonight and sharing your office with me. I want to thank the leaders Michael Roberson, Aaron Ford, and Marilyn Kirkpatrick, and thanks to all of you as well. If I may, I would like to welcome back Senator Debbie Smith to this body. It will be good to have her back this week.

As you have heard, Senator Harry Reid recently announced he will be retiring. Harry has served our state with distinction in both local and state government before representing Nevada in Washington D.C. Harry is coming home to Nevada, and I am sure his family is looking forward to spending more time with him.

Out of a number of Nevada elected officials who have passed away since last session, I would like to take a moment to reflect on a few that stood out in my life. Joe Dini was a long-serving member and Speaker of the Assembly when I was here. Marv Teixeira, former mayor of Carson City, was my Pop Warner coach. He was my Little League coach when I was a kid. I also worked with Bernie Anderson and Pete Livermore. The leadership of these men will be missed greatly. So will their service to our state.

And though he was never an elected official, he was a fixture in the Nevada Legislature for over 30 years: I am talking about Ed Vogel. When I served as Secretary of State, Ed and I operated under an open-door policy. It would not have mattered if I had a closed-door policy; Ed would have kicked it down and gotten the information out of me that he needed. His service and institutional knowledge at the capital for the Review Journal will be greatly missed.

Today I am in familiar territory. Carson is home for me—always has been, always will be. My father is here along with my mother and my wife; thank you so much for being here. As many of you know, my father owned and operated an automotive shop just across the street. Hanging around my Dad's garage sweeping the floors taught me some of life's most valuable lessons. Being a small business owner is not easy. You wake up early and you stay late. But it does instill a discipline and a work ethic that inherently teaches you responsibility. Of course, I would also like to point out that I am probably the only U.S. Senator who can tune up your car, work on your transmission, and if you need it, I will even sweep your garage.

The Nevada Legislature: This is the body where I got my start in public service. I look back at that time fondly. You learn a lot here, and you make a lot of good friends. Your work here is to help our state advance and become a better place for its citizens. I have the same job in Washington, D.C. The good news is this: We have turned a corner in Washington, D.C. For the first time in six years, the U.S. Senate is open for business. We passed a balanced budget for the first time in six years. Committees are working. Amendments are introduced. They are debated and bills are passed. In fact a week ago Thursday, in four hours we had more amendments on the Senate floor than we did all of last year.

My priorities in Washington revolve around one word, and that is *progress*. I learned very quickly that moving forward and fighting for a cause requires you to stick to your principles. I have also learned that when you are crafting legislation and you get 80 percent of what you want, you take it. Then you wake up the next morning and fight for the other 20 percent.

Since I last spoke to this esteemed body, I became a grandfather for the second time. It is my grandchildren's future and your children's and grandchildren's futures that I am fighting for. It is why I am an outspoken supporter of passing a budget in Washington. Nevadans, this legislative body, and all American families have to live on a budget.

We are $18 trillion in debt. Our country continues to borrow $4 million per minute. By the end of this speech, our nation will have borrowed $60 million. If you calculate that, it is a 15-minute speech. It only takes two days for the federal government to borrow Nevada's entire state budget.

Now that I have your attention, let me tell you what I believe are the responsibilities of your federal government: first, to provide for a national defense; second, encourage commerce and maintain infrastructure; and third, provide a safety net for those who fall on tough times.

Let us take number one. Providing a strong defense does not end on the battlefield. It extends to ensuring our veterans are properly taken care of when they return home after service. Every day when I drive to work in Washington, I pass by the Iwo Jima Memorial and Arlington National Cemetery. These monuments and grave sites serve as a testament to the sacrifices of our Armed Services and constantly remind me of our responsibility to care for these men and women.

One of the greatest privileges of serving Nevada in the U.S. Senate is the opportunity to sit on the Senate Committee on Veterans' Affairs. Nevada is home to over 300,000 veterans, and approximately 27,000 of those are women veterans. I remain committed to advocating on behalf of the issues facing our veterans locally and nationwide. Chief among them is the backlog of VA disability claims. I took the lead on the Committee on Veterans' Affairs to reduce the average wait time for Nevada veterans' benefit claims by spearheading the VA Backlog Working Group. While the wait time has improved from 478 days to 257 days, it is still far from the 125 days that the VA has promised and remains one of the longest wait times in the nation. It is unacceptable and until the backlog is eliminated, I will not back down.

I also believe the VA must look to the future and better prepare for the rise in the number of women veterans. Today, nearly 2.3 million women are veterans of military service. As I mentioned, here in Nevada we have 27,000 of them. That is why I teamed with Senator Patty Murray of Washington, a Democrat, on legislation to make sure privacy and security in VA medical facilities are up to par and that each facility offers a full range of services to ensure female veterans are receiving proper care.

Let us move on to the economy. As reports have indicated, Nevada is fortunate in that its economy is recovering better than many states. This is great news. I want to thank the Governor for his leadership. Our state has fared well, better than many.

Recently, I was assigned to the Senate Finance Committee. I sought this specifically because it allows me to help many of Nevada's citizens. I will now be able to focus on strengthening and protecting key programs like Social Security and Medicare. These are important programs Nevadans depend on, and we must ensure they are around for years to come. This assignment also gives our state a seat at the table to discuss tax reform. When it comes to simplifying the tax code, I feel no differently than most of you. It is too big, too complicated, and too expensive. A friend of mine used to joke that the tax code is as long as the Bible, but with none of the good news. The last time the federal tax code was updated, Ronald Reagan was President, Tip O'Neill was Speaker of the House, Dick Bryan was our Governor, and you paid 93 cents for a gallon of gas. That was back in 1986.

I do believe fundamental tax reform is within our reach. Let me tell you why it should happen. First and foremost, our country is $18 trillion in debt. Secondly, in the last few years, there have been 30 inversions—that is when a company's headquarters moves to a foreign country for a better tax climate. The latest example of this is Burger King. Finally, in the last ten years, 1,300 companies have been bought out by foreign-controlled interests. One of the most recent was the company that makes bats for America's past time: the Louisville Slugger. That is over 100 years of tradition bought out by a Finnish company. Everybody in this room, every Nevadan, and every American agrees this trend must be reversed. The only way that will happen is through fundamental tax reform.

Now, let me tell you why it will not happen. Today the White House will only participate in fundamental tax reform if it includes a trillion dollars in tax increases. In 1986, the last time we had tax reform, it was revenue neutral, agreed to by both Republicans and Democrats. President Reagan made it happen. Do not get me wrong. When I think the President is right, I will support him. When I think the President is wrong, I will not support him. President Bush was not always right, and he was not always wrong. As leaders in Washington, if we understand this and work together, we will move the country forward.

This morning I spent some time with the Governor and the Lt. Governor down in southern Nevada at the opening of I-11. Several legislators who are here in this room participated in that; we broke ground on Interstate 11. Infrastructure is a top priority of mine. Interstate 11 is important for our state and important to me. I am pushing key legislation on I-11 on the Senate floor and

am proud to see this project moving closer to becoming reality. Last year over 40 million visitors came to the Silver State supporting almost 400,000 jobs. This designation of I-11 connects the two most populous cities in America without an existing freeway already between them. It has the potential to open even more markets for tourism and trade, which will improve our economy and create jobs.

I believe it is important to find creative solutions to enact a long-term surface transportation bill and keep the Highway Trust Fund solvent without increasing our nation's deficit. As the co-chair of the Senate Finance Committee's Working Group on Infrastructure, I am well positioned to advocate on behalf of Nevada's and our nation's transportation needs. I strongly believe that infrastructure plays a key role in our nation's and Nevada's economic growth. This is why I am seeking a long-term extension of the highway bill. It will provide jobs in the short term and economic growth in the long term.

As Nevadans recover from one of the worst housing markets in history, I will continue to protect their interests as a member of the Banking Committee. For many people, their home is their largest asset. I want to make sure it stays just that—an asset and not a liability. Some people are arguing that we now live in a rental society. I have four young adult children of my own, and I worry about their generation. A whole generation of young adults has now witnessed their parents struggle in this economy. These young adults have gone to college, acquired student loan debt, and struggled to find a job after graduation. It is no wonder why so many are putting off the American dream of owning a home.

For those Nevadans that already own a home, I teamed with Democratic Senator Debbie Stabenow of Michigan to introduce legislation that will benefit many Nevadans, the Mortgage Debt Relief Act. I have been fighting for continuous extensions of the Mortgage Debt Relief Act for years. The housing crisis may have ended for some, but I can tell you in Nevada, there are still many who have to sell their home at a loss in a short sale. I still cannot figure out why the IRS thinks its makes any sense to tax someone on income they have never seen. This legislation is a prime example of how Washington can help Nevada's families.

With over 85 percent of the land in Nevada being owned and controlled by the federal government, I am a big proponent of transferring much of our land back to local or state government control. Since my first days in the House, I have made sure lands bills were a priority. In December, we had eight lands bills included in key legislation that passed Congress and were signed into law by the President. Some of the areas positively affected are the Fallon Naval Air Station and Lyon, Elko, Clark, Humboldt, and Storey Counties. Best of all, we were able to get input and local buy-in from municipalities and counties across the state. It was a team effort and a strong coalition of public and private entities that did a lot of heavy lifting over the course of many years. We were able to see some of the fruits of our labor finally recognized.

A prime example of what this means to local communities is the City of Yerington. The city will now work with Nevada Copper to expand its mining operation and create over a thousand jobs while also providing new infrastructure and recreational opportunities.

In Southern Nevada, I was proud to team with Congressman Joe Heck on legislation to speed access to public lands so volunteer search groups could conduct searches for missing people. The Good Samaritan Search and Recovery Act will keep families from having to wait on the federal government and its bureaucratic red tape when it comes to searching for a missing loved one on public lands. I have no doubt in the coming years, our state will benefit tremendously from the economic development spurred on by these historic lands bills.

In these difficult times, it is more important than ever that we work together, find common ground, and make tough decisions in order to get people back to work. In Washington, I try to be as pragmatic as possible without compromising my principles. Like all of you, I want to see our state succeed, and I work every single day to achieve that goal. That has been a steady theme of my time in office and one I hope to continue. It is about making progress so tomorrow is a better day for future generations of Nevadans.

A great President once stated, "The best way to predict the future is to create it." I challenge this legislative body to heed these words by Abraham Lincoln and create Nevada's future.

Thank you for your time. Go Wisconsin. I appreciate everybody being here. I know how busy you are, how much work it takes. I have been on your side of the aisle. I have worked and know how tough it can be. Thank you for being here tonight. To the constitutional officers, thank you

for taking time from your busy schedules and spending some time with me. And to the leadership of this body and the Senate, thank you very much for all you do for the state of Nevada.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 229.

AN ACT relating to crimes; ~~[making the instrumentalities used to commit certain offenses relating to Medicaid fraud subject to forfeiture;]~~ extending the period during which criminal records may not be sealed if the crime is related to certain crimes involving Medicaid; revising provisions relating to incentives for bringing certain actions for false or fraudulent Medicaid claims; revising provisions governing the distribution of amounts collected to private plaintiffs in actions for false claims; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law provides that all personal property which is used as an instrumentality in the commission of certain specified crimes is subject to forfeiture. (NRS 179.121) Section 1 of this bill expands the list of such crimes to include fraud and certain other offenses committed in connection with the State Plan for Medicaid.]~~

Existing law provides that a person convicted of a crime may, after the passage of specified periods, petition the court in which he or she was convicted for the sealing of all records of the conviction. Upon receiving such a petition, the court is required to notify the law enforcement agency that arrested the petitioner and the prosecuting attorney for the city or county who prosecuted the petitioner that the petitioner is seeking to have the records of the conviction sealed. The prosecuting attorney is authorized to testify and present evidence at any hearing concerning the petition. (NRS 179.245) **Section 2** of this bill provides that a person who is convicted of a misdemeanor or gross misdemeanor for fraud or certain other offenses committed in connection with the State Plan for Medicaid is not entitled to file a petition for the sealing of records relating to his or her conviction until at least 7 years after the date of the person's release from actual custody or from the date when the person is no longer under a suspended sentence, whichever occurs later. **Section 2** also requires the court to provide notice of such a petition to the Attorney General if he or she was the prosecuting attorney who prosecuted the person for the crime.

The federal Deficit Reduction Act of 2005, Public Law 109-171, enacted certain provisions concerning state plans for Medicaid. Section 6031 of the Act provides financial incentives for states that enact laws establishing liability for false or fraudulent claims made to the State Plan for Medicaid. (42 U.S.C. § 1396h) To be eligible for these financial incentives, the laws of a state must contain provisions that are at least as effective at rewarding and facilitating certain qui tam actions for false or fraudulent claims as those described in the federal False Claims Act. (31 U.S.C. §§ 3730-3732) **Sections 3-8 and 10** of this bill amend existing law concerning the filing of false or fraudulent claims so that the laws of this State are at least as effective at rewarding and facilitating such actions as the provisions described in federal law.

Under existing law, a private plaintiff who initiates a civil action against a person for filing a false claim or otherwise defrauding the State or one of its

political subdivisions, commonly called a qui tam action, is entitled to receive a percentage of the amount of any penalty recovered from the defendant according to the extent of the private plaintiff's contribution to the conduct of the action or an amount the court trying the action otherwise determines to be reasonable. (NRS 357.210) **Section 9** of this bill reduces from 33 percent to 25 percent the maximum share of any recovery to which a private plaintiff is entitled in certain qui tam actions if the Attorney General or the Attorney General's designee intervenes in the action at its outset. **Section 9** also reduces from 50 percent to 33 percent the maximum share of any recovery to which a private plaintiff is entitled in certain qui tam actions if the Attorney General or the Attorney General's designee does not intervene in the action at its outset.

The action must be brought in the name of the State or the political subdivision, or both. After such an action is commenced, it may be dismissed only with written consent of the court and the Attorney General. 3. An action may not be maintained by a private plaintiff pursuant to this chapter:

(b) If the action is based upon allegations or transactions that are the subject of a civil action or an administrative proceeding for a monetary penalty to which the State or political subdivision is already a party.

4. A complaint filed pursuant to this section must be placed under seal and so remain for at least 60 days or until the Attorney General or a designee of the Attorney General pursuant to NRS 357.070 has elected whether to intervene. No service may be made upon the defendant until so ordered by the court.

(b) More than 6 years after the fraudulent activity occurred,

➥ ***whichever occurs later.*** Within those limits, an action may be based upon fraudulent activity that occurred before ~~[July 1, 2007.]~~ ***the effective date of this act.***

2. In an action pursuant to this chapter, the standard of proof is a preponderance of the evidence. A finding of guilty or guilty but mentally ill in a criminal proceeding charging false statement or fraud, whether upon a verdict of guilty or guilty but mentally ill or a plea of guilty, guilty but mentally ill or nolo contendere, estops the person found guilty or guilty but mentally ill from denying an essential element of that offense in an action pursuant to this chapter based upon the same transaction as the criminal proceeding.

Sec. 9. NRS 357.210 is hereby amended to read as follows:

357.210 1. Except as otherwise provided in subsection 3, if the Attorney General or a designee of the Attorney General pursuant to NRS 357.070 intervenes at the outset in an action pursuant to NRS 357.080, the private plaintiff is entitled to receive not less than 15 percent or more than ~~[33]~~ ***25*** percent of any recovery, according to the extent of his or her contribution to the conduct of the action.

2. Except as otherwise provided in subsection 3, if the Attorney General or the Attorney General's designee does not intervene in the action at the outset, the private plaintiff is entitled to receive not less than 25 percent or more than ~~[50]~~ ***30*** percent of any recovery, as the court determines to be reasonable.

3. Regardless of whether the Attorney General or the Attorney General's designee intervenes in the action, if the court finds that the action was brought by a private plaintiff who planned or initiated the violation of NRS 357.040 upon which the action is based, the court may reduce the recovery to which the private plaintiff is otherwise entitled pursuant to subsection 1 or 2. The court shall consider the role of the private plaintiff in advancing the action and any other relevant circumstances. If the private plaintiff is convicted of criminal conduct arising from his or her role in the violation of NRS 357.040, the private plaintiff must be dismissed from the civil action and must not receive any share of the recovery pursuant to subsection 1 or 2. Any such dismissal does not prejudice the right of the Attorney General or the Attorney General's designee to continue the action.

Sec. 10. NRS 357.250 is hereby amended to read as follows:

357.250 1. If an employee, contractor or agent is discharged, demoted, suspended, threatened, harassed or discriminated against in the terms and conditions of employment as a result of any lawful act of the employee, contractor ***,*** ~~[or]~~ agent ***or associated others*** in furtherance of an action brought

pursuant to this chapter ~~[,]~~ ***or any other effort to stop a violation of this chapter,*** the employee, contractor or agent is entitled to all relief necessary to make the employee, contractor or agent whole, including, without limitation, reinstatement with the same seniority as if the discharge, demotion, suspension, threat, harassment or discrimination had not occurred or damages in lieu of reinstatement if appropriate, twice the amount of lost compensation, interest on the lost compensation, any special damage sustained as a result of the discharge, demotion, suspension, threat, harassment or discrimination and punitive damages if appropriate. The employee, contractor or agent may also receive compensation for expenses recoverable pursuant to NRS 357.180, costs and attorney's fees.

2. A civil action brought pursuant to this section may not be brought more than 3 years after the date on which the discharge, demotion, suspension, threat, harassment or discrimination occurred.

Sec. 11. NRS 357.225 is hereby repealed.

Sec. 12. This act becomes effective upon passage and approval.

TEXT OF REPEALED SECTION

357.225 Distribution to original source in action based upon certain public disclosures. In an action brought pursuant to NRS 357.100 by an original source, the court may award not more than 10 percent of the recovery to the original source. In determining the amount to be awarded pursuant to this section, the court shall consider the role of the original source in advancing the claim to litigation.

Amendment No. 104.

AN ACT relating to education; authorizing a school district to lease school buses or vehicles belonging to the school district in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the board of trustees of a school district to allow school buses or vehicles belonging to the school district to be used for the transportation of public school pupils and children in certain circumstances.

(NRS 392.360) This bill authorizes a board of trustees to enter into a written agreement to lease school buses or vehicles belonging to the school district for special events when a commercial bus is not reasonably available under certain circumstances. This bill further requires such an agreement to include certain provisions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 392 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The board of trustees of a school district may authorize the school district to enter into a written agreement to lease school buses or vehicles belonging to the school district for special events so long as such an agreement will not interfere with or prevent the school district from providing transportation for pupils for the purposes described in NRS 392.300 and 392.360. ~~[The board of trustees of a school district shall determine annually whether to authorize the school district to lease school buses or vehicles belonging to the school district.]~~

(d) Requiring the lessee to accept responsibility for any damage to the school bus or vehicle while leased as determined by the transportation department of the school district, if the school district has such a department, or by the board of trustees, if the school district does not have such a department;

(e) Requiring the ~~[lessor]~~ lessee to provide proof that the school bus or vehicle leased will be operated by a person licensed under the laws of this State to operate the particular type of bus or vehicle leased; ~~[and~~

~~(d)]~~ (f) Requiring the ~~[lessor]~~ lessee to provide proof of insurance which covers the school bus or vehicle while operated by the ~~[lessor,]~~ lessee up to

an amount determined by the transportation department of the school district, if the school district has such a department, or by the board of trustees, if the school district does not have such a department; and

(g) Requiring the lessee to give preference to a driver of a school bus or vehicle who is employed by the school district before hiring a driver of a school bus or vehicle who is not employed by the school district.

3. [Whenever] Except as otherwise provided in this subsection, whenever any school bus or vehicle belonging to a school district is leased, any lettering on the school bus or vehicle designating the vehicle as a school bus or vehicle must be covered and concealed , no signs or wording may be affixed to the school bus or vehicle and any system of flashing red lights or a mechanical device attached to the front of the school bus or vehicle must not be used in the operation of the school bus or vehicle by the lessor [.] except in the case of an emergency. A system of flashing red lights or a mechanical device attached to the front of the school bus or vehicle may be used in the operation of a school bus during an emergency.

4. A school district shall place any money collected as a result of an agreement to lease a school bus or vehicle which exceeds the actual cost to the school district in a fund maintained for the replacement of school buses and vehicles belonging to the school district.

Remarks by Assemblywoman Woodbury.

ASSEMBLYWOMAN WOODBURY:

Amendment 104 makes the following changes to the bill: It removes the requirement that the board of trustees of a school district determine annually whether to authorize the school district to lease school buses or vehicles belonging to the school district. It authorizes the school district's transportation department or the school board to charge a fee, which can include the costs of fuel, wear and tear, maintenance, appropriate staffing, administrative costs, and an additional rental service fee. It also indemnifies and holds harmless the school district against any claim, demand, or judgment, without limitation including any losses, damages, legal costs, or expenses. It indemnifies and holds harmless the driver of a school bus against any claim, demand, judgment, or legal action including, without limitation, any losses, damages, legal costs, or expenses incurred when acting in the scope of his or her employment. It requires the lessee to provide proof that the school bus or vehicle be operated by a person licensed in Nevada to operate the type of bus or vehicle leased. It requires the lessee to provide proof of insurance in an amount determined by the school district or its transportation department and requires preference to be given to a driver who is currently employed by the school district before hiring a driver who is not employed by the school district. It prohibits signs or wording to be affixed to the school bus or vehicle and allows for the use of the system of flashing red lights or mechanical device attached to the front of the school bus or vehicle only during an emergency. Finally, the definition of "special event" is clarified to mean an event or series of events. The effective date is changed to passage and approval.

Remarks by Assemblywoman Woodbury.

ASSEMBLYWOMAN WOODBURY:

Amendment 135 makes five changes to the bill. First, it defines certain pupils as those enrolled in kindergarten or Grades 1 to 8, inclusive.

Second, it adds qualifying language so that a pupil may not be disciplined for wearing clothing or accessories that depict a firearm or dangerous weapon or express an opinion regarding a constitutional right to keep and bear arms unless it substantially disrupts the educational environment. Third, it clarifies that the "dangerous weapon" specified in the bill is a toy dangerous weapon. Fourth, it adds language that a pupil may be disciplined when the simulation of a firearm or dangerous weapon substantially disrupts the educational environment at the school.

Finally, a school will not be limited from establishing and enforcing a policy requiring pupils to wear a school uniform.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 55.

AN ACT relating to massage therapy; exempting a nail technologist from the requirement to be licensed as a massage therapist when performing certain activities; revising certain testing requirements for applicants for a license to practice massage therapy; limiting the period during which an inactive or expired license may be restored or renewed; deleting certain grounds for

refusal to issue a license or initiate disciplinary action against licensees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law exempts certain persons from the requirement to be licensed as a massage therapist. (NRS 640C.100) **Section 1** of this bill adds licensed nail technologists to this list of exempt persons if the nail technologist is massaging the hands, feet, forearms or lower legs of a person within the permissible scope of practice for a nail technologist.

Existing law requires an applicant for a license to practice massage therapy to pass a written examination administered by a board that is accredited by the National Commission for Certifying Agencies (NCCA) or certain other examinations. (NRS 640C.400) **Section 2** of this bill deletes the requirement that the written examination be administered by a board accredited by the NCCA, and instead requires ~~[only]~~ that the examination be ~~[administered by an accredited board.]~~ **a nationally recognized competency examination that is approved by the Board of Massage Therapists.**

Existing law allows a massage therapist whose license has expired or been placed on inactive status to restore or renew his or her license by paying certain fees and meeting certain requirements. (NRS 640C.500, 640C.510) **Sections 3 and 4** of this bill limit to 2 years the period during which an expired or inactive license may be restored or renewed.

Existing law authorizes the Board of Massage Therapists to refuse to issue a license to an applicant or initiate disciplinary action against the holder of a license for certain reasons, including a conviction for any crime involving moral turpitude within the immediately preceding 10 years. (NRS 640C.700) **Section 5** of this bill deletes the conviction for such a crime as grounds for disciplinary action or denial of a license, leaving convictions for crimes involving sex, violence, prostitution, theft or drugs, or crimes related to massage therapy as grounds for such disciplinary action or denial of a license. **Section 5** also adds the failure to report to the Board any unethical or unprofessional conduct of the holder of a license or other person relating to massage therapy as grounds for such disciplinary action or denial of a license.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 640C.100 is hereby amended to read as follows:

3. The provisions of this chapter do not prohibit a county, city or town from requiring a massage therapist to obtain a license or permit to transact business within the jurisdiction of the county, city or town, if the license or permit is required of other persons, regardless of occupation or profession, who transact business within the jurisdiction of the county, city or town.

4. As used in this section, "immediate family" means persons who are related by blood, adoption or marriage, within the second degree of consanguinity or affinity.

(2) At the applicant's discretion and in lieu of a written examination, pass an oral examination prescribed by the Board.

Such an examination must be offered not less than four times each year. The location of the examination must alternate between Clark County and Washoe County. (d) Except as otherwise provided in NRS 239.0115, maintain the results of the investigation in a confidential manner for use by the Board and its members and employees in carrying out their duties pursuant to this chapter. The provisions of this paragraph do not prohibit the Board or its members or employees from communicating or cooperating with or providing any documents or other information to any other licensing board or any other federal, state or local agency that is investigating a person, including, without limitation, a law enforcement agency.

Sec. 3. NRS 640C.500 is hereby amended to read as follows:

Amendment No. 153.

AN ACT relating to the adoption of children; **revising provisions restricting adoptions based on the ages of a child and a prospective adoptive parent; revising provisions relating to the adoption of a child by married persons;** revising provisions concerning orders and decrees of adoption; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law governs the adoption of children. (NRS 127.010-127.186) **Under existing law, certain restrictions relating to the respective ages of a**

child and a prospective adoptive parent for adoption purposes are imposed. (NRS 127.020) Section 1 of this bill provides that a court may disregard those age restrictions if the prospective adoptive parent is a certain family member of the child and it is in the best interest of the child and in the interest of the public.

Existing law prohibits the grant of a petition for leave to adopt a child by a married person if the person's spouse does not consent to and join in the petition. (NRS 127.030) Section 2 of this bill provides that a married person must obtain from his or her spouse consent to an adoption, but a spouse who consents will not have any parental rights or responsibilities or be named as an adoptive parent in an order or decree of adoption except under certain circumstances.

Under existing law, a court is required to grant a petition for the adoption of a child if the court finds that it is in the best interest of the child. However, an order or decree of adoption may not be made until after the child has lived for 6 months in the home of the petitioners. (NRS 127.150) ~~[This]~~ **Section 3 of this** bill provides that the 6-month requirement does not apply if one ~~[petitioner]~~ **of the petitioners** is the stepparent of the child ~~[.]~~ **or is related to the child within the third degree of consanguinity.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 127.020 is hereby amended to read as follows:**

127.020 ~~[A]~~

1. Except as otherwise provided in subsection 2:

(a) A minor child may be adopted by an adult person in the cases and subject to the rules prescribed in this chapter. ~~[The]~~

(b) A person adopting a child must be at least 10 years older than the person adopted, and the consent of the child, if over the age of 14 years, is necessary to its adoption.

2. A court may approve the adoption of a child without regard to the age of the child and the ages of the prospective adoptive parents if:

(a) The child is being adopted by a stepparent, sister, brother, aunt, uncle or first cousin and, if the prospective adoptive parent is married, also by the spouse of the prospective adoptive parent; and

(b) The court is satisfied that it is in the best interest of the child and in the interest of the public.

Sec. 2. **NRS 127.030 is hereby amended to read as follows:**

127.030 ***1.*** Any adult person or any two persons married to each other may petition the district court of any county in this state for leave to adopt a child. ~~[The petition by a person having a husband or wife shall not be granted unless the husband or wife consents thereto and joins therein.]~~

2. Except as otherwise provided in subsection 5, a married person not lawfully separated from his or her spouse may not adopt a child without the consent of his or her spouse, if such spouse is capable of giving such consent.

3. If a spouse consents to an adoption as described in subsection 2, such consent does not establish any parental rights or responsibilities on the part of the spouse unless he or she:

(a) Has, in a writing filed with the court, specifically consented to:

(1) Adopting the child; and

(2) Establishing parental rights and responsibilities; and

(b) Is named as an adoptive parent in the order or decree of adoption.

4. The court shall not name a spouse who consents to an adoption as described in subsection 2 as an adoptive parent in an order or decree of adoption unless:

(a) The spouse has filed a writing with the court as described in paragraph (a) of subsection 3; and

(b) The home of the spouse is suitable for the child as determined by an investigation conducted pursuant to NRS 127.120 or 127.2805.

5. The court may dispense with the requirement for the consent of a spouse who cannot be located after a diligent search or who is determined by the court to lack the capacity to consent. A spouse for whom the requirement was dispensed pursuant to this subsection must not be named as an adoptive parent in an order or decree of adoption.

~~[Section 1.]~~ ***Sec. 3.*** NRS 127.150 is hereby amended to read as follows:

127.150 1. If the court finds that the best interests of the child warrant the granting of the petition, an order or decree of adoption must be made and filed, ordering that henceforth the child is the child of the petitioners. When determining whether the best interests of the child warrant the granting of a petition that is filed by a foster parent, the court shall give strong consideration to the emotional bond between the child and the foster parent. A copy of the order or decree must be sent to the nearest office of the agency which provides child welfare services by the petitioners within 7 days after the order or decree is issued. In the decree the court may change the name of the child, if desired. ~~[No]~~

2. Except as otherwise provided in this subsection, an order or decree of adoption may ***not*** be made until after the child has lived for 6 months in the home of the petitioners.

~~[2.]~~ ***This subsection does not apply if one*** ~~*[petitioner]*~~ ***of the petitioners is the stepparent of the child*** ~~*[.]*~~ ***or is related to the child within the third degree of consanguinity.***

3. If the court is not satisfied that the proposed adoption is in the best interests of the child, the court shall deny the petition and may order the child returned to the custody of the person or agency legally vested with custody.

~~[3.]~~ ***4.*** After a petition for adoption has been granted, there is a presumption that remaining in the home of the adopting parent is in the child's best interest.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

This amendment allows adoption, upon the court's satisfaction, of children of any age. It clarifies that the consent of a spouse does not establish parental rights unless specifically consented to establishing those rights. The court may dispense with spousal consent if the spouse cannot be located or lacks the capacity to consent. It exempts relatives within the third degree of consanguinity from the six- month wait period for adoption.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 192.

AN ACT relating to chiropractic; authorizing the President, or a designated member, of the Chiropractic Physicians' Board of Nevada to require certain chiropractic physicians or chiropractor's assistants to submit to a mental or physical examination under certain circumstances; providing that the results of such an examination or the details of a chiropractic physician or chiropractor's assistant's participation in a diversion program to address alcohol or drug misuse may be exchanged with the Board; revising the unprofessional conduct for which a practitioner of chiropractic may be subject to discipline; revising the requirements for a license to practice chiropractic; providing a waiver of fees for certain applicants for a temporary license to practice chiropractic; revising the requirements for the reinstatement of a license to practice chiropractic; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensing, certification and regulation of practitioners of chiropractic. (Chapter 634 of NRS) Existing law also authorizes the various licensing boards for physicians, homeopathic physicians, osteopathic physicians, veterinary practitioners and certain therapists and counselors to require a licensee to submit to a mental or physical examination if the licensee's competence is questioned. (NRS 630.318, 630A.420, 633.561, 638.142, 641A.315) **Section 1** of this bill authorizes the President, or a designated member, of the Chiropractic Physicians' Board of Nevada to require that a licensed chiropractic physician or certified chiropractor's assistant submit to a mental or physical examination ~~[, at the person's expense,]~~ if his or her competence is questioned. **Section 1** also provides that the results of such an examination or of a diversion program for the treatment of alcohol or drug misuse by the person are not privileged. Existing law defines the term "unprofessional conduct" for which a practitioner of chiropractic may be subject to discipline. (NRS 634.018) **Section 2** of this bill revises this definition by: (1) expanding the types of misleading public communications to include letterhead and electronic communications, such as social media and Internet websites; and (2) changing repeated malpractice as a grounds for discipline to any single incident of malpractice. Existing law enumerates the requirements for a license to practice chiropractic. (NRS 634.090) **Section 3** of this bill revises those requirements to include chiropractic training and education from certain foreign schools under certain circumstances. Existing law requires an applicant for a

temporary license to practice chiropractic to pay an application fee. (NRS 634.115) **Section 4** of this bill waives the application fee for an applicant for a temporary license who applies for a temporary license solely to provide chiropractic services to a patient in this State without remuneration. **Section 5** of this bill revises the date by which the fee for renewal of a license or certificate must be paid. **Section 6** of this bill requires a licensee whose license has expired and who is applying to reinstate the license to submit a set of his or her fingerprints and pay a fee for the processing of the fingerprints.

GENERAL FILE AND THIRD READING

Assembly Bill No. 7.

Bill read third time.

Remarks by Assemblymen Hickey, Ohrenschall, Carlton, and Elliot Anderson.

ASSEMBLYMAN HICKEY:

Assembly Bill 7 prevents an uninsured motorist from collecting noneconomic damages for pain and suffering in a civil action arising from a traffic accident with an insured, at-fault driver unless the claimant was injured by a motorist who was driving while under the influence of drugs or alcohol, was a passenger in a motor vehicle he or she does not own, was not in any vehicle involved in the accident, fled from the scene of the accident, was a dependent, at the time of the accident, whose parents did not have insurance. Also, someone who had failed to maintain insurance coverage at the time of the accident, but had previously maintained motor vehicle insurance

coverage and was notified at least 45 days before the accident of the cancellation or termination of the policy for failure to pay the premium, and is involved in a wrongful death claim.

This bill does not affect the amount that a plaintiff may recover for medical costs, for property damage, or loss of income as a result of an accident. Studies have shown that laws like this, in fact, lower insurance costs for all drivers. I urge your support.

ASSEMBLYMAN OHRENSCHALL:

I rise in opposition to Assembly Bill 7. I have tremendous respect for my colleague from District 25, and I think the goal of universal auto insurance coverage is a good goal. It is something we want—for all our citizens to have auto insurance so that the system will work. I think there are ways to try and do that. We have fines, we have criminal penalties. I think enhancing those may be an alternative. I think this route of going to victim's law and tort law is misguided. I do not think it is going to have the effect—I think we are going to come back in two years, and we are not going to see an increase in people who are covered.

Here is a brief example: Let us say we have two of our constituents who are neighbors. Both of them have fallen on hard times and they both decide they are going to skip a couple of months on their car insurance. They both head to work in the morning. One gets hit by a drunk driver; the other gets hit by somebody who knew they had bad brakes and decided not to do anything about it. Both are severely injured. Right now, the one who was hit by the drunk driver is going to have extra protections under Nevada law versus the other person who, but for the luck of the draw-did not ask to be hit, did not ask to be injured.

When you walk in the courthouse, Mr. Speaker, there is a sign that says Equal Justice Under Law. Unfortunately, under Assembly Bill 7, I see us creating two different categories of victims, not based on what they did, but based on luck of the draw in terms of who injured them.

ASSEMBLYWOMAN CARLTON:

I have a question for my colleague on Assembly Bill 7. He said something about reduction in insurance rates. I had not heard that in conjunction with this bill at all before now, so I have concerns, because I have sat through many, many hearings where we have changed a lot of the insurance code. There are so many ways to rate a person, depending upon their insurance zip code, age, age of car, credit rating, and many other components. I am not quite sure about this reduction in insurance premiums so that we can switch it onto someone else. I would like an explanation of that and what the amount of the reduction might be.

ASSEMBLYMAN HICKEY:

To my colleague from the south, a number of states have passed this bill, California being one of them. Studies have shown that over time, insurance costs are reduced. As you pointed out, insurance premiums are calculated on a number of factors, including in a given area or state, how many persons are uninsured. So over time, as more people comply with the law—and that is really what this bill is doing—it is rewarding those who have followed the law and not rewarding those who have not. But over time, I believe it does enter into the calculation and can lower our car insurance costs.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise in opposition to Assembly Bill 7. Like my colleague from the south, I have tremendous respect for my colleague from District 25. I do take issue, though, with the premise of this bill. It operates on the premise that people are going to see this law, and they are going to start complying with insurance laws. People do not comply with insurance laws because they do not have the money to comply with insurance laws. It is not because they want to not have insurance.

I would also add that if Assembly Bill 7 passes, there is not going to be a sudden rush of people who go out and get insurance. They are going to find out about A.B. 7 once their lawyer tells them they can no longer get pain and suffering damages, so they cannot represent them on the case. A lawyer is not going to take recovery from the medical expenses. This bill would only allow medical expenses, and there is not lawyer who is going to take a third of a client's medical expenses. I fear this will block access to the courts—I am very concerned about that. There is no reason to shift the burden from the wrong-doer, the person who has caused the injury, to the victim

who did nothing wrong. That is what this bill does, so I respectfully dissent and urge our body to defeat this measure.

The following amendment was proposed by Assemblyman Ohrenschall:

Amendment No. 265.

AN ACT relating to children; revising provisions concerning advertisements for the placement of children for adoption or permanent free care; **prohibiting the use of restraints on children during court proceedings under certain circumstances unless ordered by the court;** prohibiting certain transfers of children; prohibiting the trafficking of children; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that any person or organization, other than an agency which provides child welfare services or a licensed child-placing agency, who advertises in any periodical or newspaper, or by radio or other public medium, that the person or organization will place children for adoption or accept, supply, provide or obtain children for adoption is guilty of a misdemeanor. (NRS 127.310) **Section 1** of this bill specifically applies this prohibition to a person or organization who advertises through a computerized communication system, including, without limitation, electronic mail, an Internet website or an Internet account.

Section 3.5 of this bill prohibits the use of an instrument of restraint on a child during a court proceeding, unless: (1) the restraint is necessary to prevent the child from inflicting harm on himself or herself or another person or to prevent the child from escaping the courtroom; and (2) there is not a less restrictive alternative to prevent such harm or escape. Section 3.5 further requires the court to hold a hearing to determine whether the use of an instrument of restraint on a child is necessary and to consider certain factors in making its determination. Under section 3.5, the court must make specific findings of fact and conclusions of law to support its determination.

Section 4 of this bill enacts provisions prohibiting the trafficking of children. **Section 4** provides that a person shall not recruit, transport, transfer, harbor, provide, obtain, maintain or solicit a child in furtherance of a transaction, or advertise or facilitate a transaction, pursuant to which a parent of a child or a person with custody of a child places the child in the physical

custody of another person who is not related to the child, for the purpose of permanently avoiding or divesting himself or herself of responsibility for the child. **Section 4** further provides that certain placements of a child are not prohibited, including, without limitation, the placement of a child with a relative or stepparent, the placement of a child with or by a licensed child-placing agency or agency which provides child welfare services and the placement of a child with a person that is approved by a court of competent jurisdiction. A person who violates **section 4** is guilty of a category C felony, and **section 5** of this bill requires a court to order that a person convicted of a violation of **section 4** pay restitution to the victim of the crime.

Assemblyman Ohrenschall moved the adoption of the amendment.

ASSEMBLYMAN OHRENSCHALL:

Amendment 265 to Assembly Bill 8 prohibits the indiscriminate shackling of juveniles in delinquency court. It would allow for juveniles to be shackled where detention staff, prosecutors, and the judge feel there is a need to keep them shackled; however, it would prohibit indiscriminate shackling. It is very much based on the model policy we have in our Clark County juvenile court system.

There was a hearing on this issue in your Judiciary Committee. This was proposed as an amendment to Assembly Bill 213 at the hearing. There was quite a lot of discussion in support. There was no opposition to the amendment. Unfortunately, after the hearing our legal counsel told us it was not germane to Assembly Bill 213. It is germane to Assembly Bill 8, and that is why I am presenting it as an amendment to this measure. I urge its adoption.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 13 revises various provisions of the Uniform Interstate Family Support Act (UIFSA) in Nevada law to conform to federal law. This bill is effective upon passage and approval

for the purpose of revising the effective dates of earlier amendments to the UIFSA in Nevada law and on July 1, 2015, for all other purposes.

The UIFSA, which is contained within Chapter 130 of *Nevada Revised Statute*s provides universal and uniform rules for the enforcement of family support orders. According to the Uniform Law Commission, 2014 federal legislation requires all states to enact the 2008 UIFSA amendments as a condition of continuing to receive federal funds for state child support programs. Failure to enact these amendments during the 2015 Legislative Session may result in the loss of important federal funding. I think it is important to note that 66 percent of Nevada's child support enforcement program funding comes from the federal government, and if we were to not comply with these amendments, we could also put our Temporary Assistance for Needy Families block grant in harm's way. I urge the body to support this measure.

This is actually the brainchild of Washoe County Commissioner Vaughn Hartung. I want to make sure he gets credit for this. He did a lot of homework on this. It is really a great idea. It will save millions of dollars over time. It will substantially improve the ability of people to read sample ballots. The days of everything being printed, I am afraid, are slipping away. So I would urge this body to pass it. It saves money, it speeds up the process, it is just a great bill. I want to thank Mr. Hartung for bringing this to this body.

Amendment No. 271.

SUMMARY—Provides for the issuance of special license plates for veterans who are awarded the Silver Star or **the** Bronze Star Medal ~~[,]~~ **with "V" device, Combat V or Combat Distinguishing Device.** (BDR 43-22)

AN ACT relating to motor vehicles; requiring the Department of Motor Vehicles to design, prepare and issue special license plates honoring veterans of the Armed Forces of the United States who have received the Silver Star or **the** Bronze Star Medal ~~[,]~~ **with "V" device, Combat V or Combat Distinguishing Device,** as applicable; exempting the special license plates from certain provisions otherwise applicable to special license plates; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 1 and 9 of this bill authorize qualified persons to apply for the issuance of license plates specially designed by the Department of Motor Vehicles, in cooperation with interested parties, to honor veterans of the Armed Forces of the United States who have been awarded the Silver Star or **the** Bronze Star Medal ~~[,]~~ **with "V" device, Combat V or Combat Distinguishing Device.** Unless the special license plates are lost, stolen or mutilated, in which case a $5 replacement fee applies, no fee in addition to the ordinarily applicable registration and license fees and governmental services taxes may be charged for the issuance or renewal of a set of the special license plates. **Section 1** also provides that: (1) a veteran who is eligible for such special license plates and who, as a result of his or her service, has suffered a 100-percent service-connected disability and receives compensation from the United States for the disability, may have the international symbol of access inscribed on his or her special license plate; and (2) a vehicle on which such plates are displayed is exempt from the payment of parking fees charged by the State or any political subdivision or other public body within the State, but not including parking fees charged by the Federal Government. **Sections 7 and 8** of this bill make conforming changes to the provisions of existing law regarding the applicability of parking laws to vehicles displaying special license plates which bear the international symbol of access. (NRS 484B.463, 484B.467)

Section 3 of this bill provides that, if the Director of the Department orders a redesign of license plates, the Department is prohibited from issuing redesigned license plates to the holder of a set of plates honoring recipients of the Silver Star or **the** Bronze Star Medal **with "V" device, Combat V or Combat Distinguishing Device** without the approval of the holder.

Under existing law, most special license plates: (1) must be approved by the Department, based on a recommendation from the Commission on Special License Plates; (2) are subject to a limitation on the number of separate designs of special license plates which the Department may issue at any one time; and (3) may not be designed, prepared or issued by the Department unless a certain minimum number of applications for the plates are received. (NRS 482.367004, 482.367008, 482.36705) **Sections 4-6** of this bill exempt the special plates honoring recipients of the Silver Star or **the** Bronze Star Medal **with "V" device, Combat V or Combat Distinguishing Device** from all three of the preceding requirements.

Finally, under existing law, a new vehicle dealer who is authorized to issue certificates of registration for any new motor vehicle he or she sells is prohibited from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain special license plates. (NRS 482.216) Despite the broad exemptions provided in **sections 4-6**, **section 2** of this bill prohibits a new vehicle dealer from accepting an application for the registration of a motor vehicle if the applicant wishes to obtain the special plates honoring recipients of the Silver Star or **the** Bronze Star Medal **~~[.]~~ with "V" device, Combat V or Combat Distinguishing Device.**

(a) Retain the plates and affix them to another vehicle which meets the requirements of this section and report the change to the Department in accordance with the procedure set forth for other transfers; or

(b) Within 30 days after removing the plates from the vehicle, return them to the Department.

(2) Claim the exemption from the governmental services tax provided pursuant to NRS 361.1565 to veterans and their relations.

4. The Director shall adopt such regulations as are necessary to carry out the provisions of this section. The regulations adopted pursuant to this subsection must provide for:

(a) The expedient and secure issuance of license plates and decals by the Department; and

(b) The withdrawal of the authority granted to a new vehicle dealer pursuant to subsection 1 if that dealer fails to comply with the regulations adopted by the Department.

Sec. 3. NRS 482.270 is hereby amended to read as follows:

482.270 1. Except as otherwise provided in this section or by specific statute, the Director shall order the redesign and preparation of motor vehicle license plates.

2. Except as otherwise provided in subsection 3, the Department shall, upon the payment of all applicable fees, issue redesigned motor vehicle license plates pursuant to this section to persons who apply for the registration or renewal of the registration of a motor vehicle on or after January 1, 2001.

3. The Department shall not issue redesigned motor vehicle license plates pursuant to this section to a person who was issued motor vehicle license plates before January 1, 1982, or pursuant to NRS 482.3747, 482.3763, 482.3775, 482.378, 482.379 or 482.37901, ***or section 1 of this act,*** without the approval of the person.

4. The Director may determine and vary the size, shape and form and the material of which license plates are made, but each license plate must be of sufficient size to be plainly readable from a distance of 100 feet during daylight. All license plates must be treated to reflect light and to be at least 100

times brighter than conventional painted number plates. When properly mounted on an unlighted vehicle, the license plates, when viewed from a vehicle equipped with standard headlights, must be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet.

5. Every license plate must have displayed upon it:

(a) The registration number, or combination of letters and numbers, assigned to the vehicle and to the owner thereof;

(b) The name of this State, which may be abbreviated;

(c) If issued for a calendar year, the year; and

(d) If issued for a registration period other than a calendar year, the month and year the registration expires.

6. Each special license plate that is designed, prepared and issued pursuant to NRS 482.367002 must be designed and prepared in such a manner that:

(a) The left-hand one-third of the plate is the only part of the plate on which is displayed any design or other insignia that is suggested pursuant to paragraph (f) of subsection 2 of that section; and

(b) The remainder of the plate conforms to the requirements for lettering and design that are set forth in this section.

Sec. 4. NRS 482.367004 is hereby amended to read as follows:

482.367004 1. There is hereby created the Commission on Special License Plates. The Commission is advisory to the Department and consists of five Legislators and three nonvoting members as follows:

(a) Five Legislators appointed by the Legislative Commission:

(1) One of whom is the Legislator who served as the Chair of the Assembly Standing Committee on Transportation during the most recent legislative session. That Legislator may designate an alternate to serve in place of the Legislator when absent. The alternate must be another Legislator who also served on the Assembly Standing Committee on Transportation during the most recent legislative session.

(2) One of whom is the Legislator who served as the Chair of the Senate Standing Committee on Transportation during the most recent legislative session. That Legislator may designate an alternate to serve in place of the Legislator when absent. The alternate must be another Legislator who also served on the Senate Standing Committee on Transportation during the most recent legislative session.

(b) Three nonvoting members consisting of:

(1) The Director of the Department of Motor Vehicles, or a designee of the Director.

(2) The Director of the Department of Public Safety, or a designee of the Director.

(3) The Director of the Department of Tourism and Cultural Affairs, or a designee of the Director.

2. Each member of the Commission appointed pursuant to paragraph (a) of subsection 1 serves a term of 2 years, commencing on July 1 of each odd-

numbered year. A vacancy on the Commission must be filled in the same manner as the original appointment.

3. Members of the Commission serve without salary or compensation for their travel or per diem expenses.

4. The Director of the Legislative Counsel Bureau shall provide administrative support to the Commission.

5. The Commission shall recommend to the Department that the Department approve or disapprove:

(a) Applications for the design, preparation and issuance of special license plates that are submitted to the Department pursuant to subsection 1 of NRS 482.367002;

(b) The issuance by the Department of special license plates that have been designed and prepared pursuant to NRS 482.367002; and

(c) Except as otherwise provided in subsection 7, applications for the design, preparation and issuance of special license plates that have been authorized by an act of the Legislature after January 1, 2007.

➥ In determining whether to recommend to the Department the approval of such an application or issuance, the Commission shall consider, without limitation, whether it would be appropriate and feasible for the Department to, as applicable, design, prepare or issue the particular special license plate. For the purpose of making recommendations to the Department, the Commission shall consider each application in the chronological order in which the application was received by the Department.

6. On or before September 1 of each fiscal year, the Commission shall compile a list of each special license plate for which the Commission, during the immediately preceding fiscal year, recommended to the Department that the Department approve the application for the special license plate or approve the issuance of the special license plate. The list so compiled must set forth, for each such plate, the cause or charitable organization for which the special license plate generates or would generate financial support, and the intended use to which the financial support is being put or would be put. The Commission shall transmit the information described in this subsection to the Department and the Department shall make that information available on its Internet website.

7. The provisions of paragraph (c) of subsection 5 do not apply with regard to special license plates that are issued pursuant to NRS 482.3757, 482.3785, 482.3787 or 482.37901 ~~[.]~~ ***or section 1 of this act.***

8. The Commission shall:

(a) Recommend to the Department that the Department approve or disapprove any proposed change in the distribution of money received in the form of additional fees. As used in this paragraph, "additional fees" means the fees that are charged in connection with the issuance or renewal of a special license plate for the benefit of a particular cause, fund or charitable organization. The term does not include registration and license fees or governmental services taxes.

(b) If it recommends a proposed change pursuant to paragraph (a) and determines that legislation is required to carry out the change, recommend to the Department that the Department request the assistance of the Legislative Counsel in the preparation of a bill draft to carry out the change.

Sec. 5. NRS 482.367008 is hereby amended to read as follows:

482.367008 1. As used in this section, "special license plate" means:

(a) A license plate that the Department has designed and prepared pursuant to NRS 482.367002 in accordance with the system of application and petition described in that section;

(b) A license plate approved by the Legislature that the Department has designed and prepared pursuant to NRS 482.3747, 482.37903, 482.37905, 482.37917, 482.379175, 482.37918, 482.37919, 482.3792, 482.3793, 482.37933, 482.37934, 482.37935, 482.379355, 482.379365, 482.37937, 482.379375, 482.37938 or 482.37945; and

(c) Except for a license plate that is issued pursuant to NRS 482.3757, 482.3785, 482.3787 or 482.37901, ***or section 1 of this act,*** a license plate that is approved by the Legislature after July 1, 2005.

2. Notwithstanding any other provision of law to the contrary, and except as otherwise provided in subsection 3, the Department shall not, at any one time, issue more than 30 separate designs of special license plates. Whenever the total number of separate designs of special license plates issued by the Department at any one time is less than 30, the Department shall issue a number of additional designs of special license plates that have been authorized by an act of the Legislature or the application for which has been recommended by the Commission on Special License Plates to be approved by the Department pursuant to subsection 5 of NRS 482.367004, not to exceed a total of 30 designs issued by the Department at any one time. Such additional designs must be issued by the Department in accordance with the chronological order of their authorization or approval by the Department.

3. In addition to the special license plates described in subsection 2, the Department may issue not more than five separate designs of special license plates in excess of the limit set forth in that subsection. To qualify for issuance pursuant to this subsection:

(a) The Commission on Special License Plates must have recommended to the Department that the Department approve the design, preparation and issuance of the special plates as described in paragraphs (a) and (b) of subsection 5 of NRS 482.367004; and

(b) The special license plates must have been applied for, designed, prepared and issued pursuant to NRS 482.367002, except that:

(1) The application for the special license plates must be accompanied by a surety bond posted with the Department in the amount of $20,000; and

(2) Pursuant to the assessment of the viability of the design of the special license plates that is conducted pursuant to this section, it is determined that at least 3,000 special license plates have been issued.

4. Except as otherwise provided in this subsection, on October 1 of each year the Department shall assess the viability of each separate design of special license plate that the Department is currently issuing by determining the total number of validly registered motor vehicles to which that design of special license plate is affixed. The Department shall not determine the total number of validly registered motor vehicles to which a particular design of special license plate is affixed if:

(a) The particular design of special license plate was designed and prepared by the Department pursuant to NRS 482.367002; and

(b) On October 1, that particular design of special license plate has been available to be issued for less than 12 months.

5. If, on October 1, the total number of validly registered motor vehicles to which a particular design of special license plate is affixed is:

(a) In the case of special license plates not described in subsection 3, less than 1,000; or

(b) In the case of special license plates described in subsection 3, less than 3,000,

➥ the Director shall provide notice of that fact in the manner described in subsection 6.

6. The notice required pursuant to subsection 5 must be provided:

(a) If the special license plate generates financial support for a cause or charitable organization, to that cause or charitable organization.

(b) If the special license plate does not generate financial support for a cause or charitable organization, to an entity which is involved in promoting the activity, place or other matter that is depicted on the plate.

7. If, on December 31 of the same year in which notice was provided pursuant to subsections 5 and 6, the total number of validly registered motor vehicles to which a particular design of special license plate is affixed is:

(a) In the case of special license plates not described in subsection 3, less than 1,000; or

(b) In the case of special license plates described in subsection 3, less than 3,000,

➥ the Director shall, notwithstanding any other provision of law to the contrary, issue an order providing that the Department will no longer issue that particular design of special license plate. Such an order does not require existing holders of that particular design of special license plate to surrender their plates to the Department and does not prohibit those holders from renewing those plates.

Sec. 6. NRS 482.36705 is hereby amended to read as follows:

482.36705 1. Except as otherwise provided in subsection 2:

(a) If a new special license plate is authorized by an act of the Legislature after January 1, 2003, other than a special license plate that is authorized pursuant to NRS 482.379375, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Department

receives at least 1,000 applications for the issuance of that plate within 2 years after the effective date of the act of the Legislature that authorized the plate.

(b) In addition to the requirements set forth in paragraph (a), if a new special license plate is authorized by an act of the Legislature after July 1, 2005, the Legislature will direct that the license plate not be issued by the Department unless its issuance complies with subsection 2 of NRS 482.367008.

(c) In addition to the requirements set forth in paragraphs (a) and (b), if a new special license plate is authorized by an act of the Legislature after January 1, 2007, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Commission on Special License Plates recommends to the Department that the Department approve the application for the authorized plate pursuant to NRS 482.367004.

2. The provisions of subsection 1 do not apply with regard to special license plates that are issued pursuant to NRS 482.3757, 482.3785, 482.3787 or 482.37901 ~~[.]~~ ***or section 1 of this act.***

Sec. 7. NRS 484B.463 is hereby amended to read as follows:

484B.463 1. Except as otherwise provided in subsection 3, an owner or operator of a motor vehicle displaying a special parking placard, a special parking sticker, a temporary parking placard, a temporary parking sticker or a special plate or plates issued pursuant to NRS 482.384, or a special plate or plates for a veteran with a disability issued pursuant to NRS 482.377, ***or section 1 of this act,*** may park the motor vehicle for not more than 4 hours at any one time in a parking zone restricted as to the length of time parking is permitted, without penalty, removal or impoundment of the vehicle if the parking is otherwise consistent with public safety and is done by a person with a permanent disability, disability of moderate duration or temporary disability, a veteran with a disability or a person transporting any such person.

2. An owner or operator of a motor vehicle displaying a special plate or plates for a veteran with a disability issued pursuant to NRS 482.377 ***or section 1 of this act*** may, without displaying a special license plate, placard or sticker issued pursuant to NRS 482.384, park in a parking space designated for persons who are handicapped if:

(a) The parking is done by a veteran with a disability; or

(b) A veteran with a disability is a passenger in the motor vehicle being parked.

3. This section does not authorize the parking of a motor vehicle in any privately or municipally owned facility for parking off the highway without paying the required fee for the time during which the vehicle is so parked.

Sec. 8. NRS 484B.467 is hereby amended to read as follows:

484B.467 1. Any parking space designated for persons who are handicapped must be indicated by a sign:

(a) Bearing the international symbol of access with or without the words "Parking," "Handicapped Parking," "Handicapped Parking Only" or "Reserved for the Handicapped," or any other word or combination of words indicating that the space is designated for persons who are handicapped;

(b) Stating "Minimum fine of $250 for use by others" or equivalent words; and

(a) Is designed for the exclusive use of a vehicle with a side-loading wheelchair lift; and

(b) Is located in a parking lot with 60 or more parking spaces,

➥ must be indicated by a sign using a combination of words to state that the space is for the exclusive use of a vehicle with a side-loading wheelchair lift.

3. If a parking space is designed for the use of a vehicle with a side-loading wheelchair lift, the space which is immediately adjacent and intended for use in the loading and unloading of a wheelchair into or out of such a vehicle must be indicated by a sign:

(a) Stating "No Parking" or similar words which indicate that parking in such a space is prohibited;

(b) Stating "Minimum fine of $250 for violation" or similar words indicating that the minimum fine for parking in such a space is $250; and

(c) The bottom of which must not be less than 4 feet above the ground.

4. An owner of private property upon which is located a parking space described in subsection 1, 2 or 3 shall erect and maintain or cause to be erected and maintained any sign required pursuant to subsection 1, 2 or 3, whichever is applicable. If a parking space described in subsection 1, 2 or 3 is located on public property, the governmental entity having control over that public property shall erect and maintain or cause to be erected and maintained any sign required pursuant to subsection 1, 2 or 3, whichever is applicable.

5. A person shall not park a vehicle in a space designated for persons who are handicapped by a sign that meets the requirements of subsection 1, whether on public or privately owned property, unless the person is eligible to do so and the vehicle displays:

(a) The person is eligible to do so;

(b) The vehicle displays the special license plate, plates or placard set forth in subsection 5; and

(c) The vehicle is equipped with a side-loading wheelchair lift.

➥ A person who meets the requirements of paragraphs (a) and (b) may park a vehicle that is not equipped with a side-loading wheelchair lift in such a parking space if the space is in a parking lot with fewer than 60 parking spaces.

7. A person shall not park in a space which:

Remarks by Assemblyman Elliot Anderson.

ASSEMBLYMAN ELLIOT ANDERSON:

Assembly Bill 108 authorizes a court to vacate a judgment of conviction for trespassing, loitering in a gaming area, or loitering in violation of a local ordinance if the defendant's participation in the offense was the result of having been a victim of sex trafficking or involuntary servitude.

This is a clean-up measure for last session's human trafficking bill. In Las Vegas, in any gaming area particularly, you also have a lot of trespassing convictions that go along with the prostitution or solicitation charges. This is a way to ensure that victims of human trafficking can get a clean start. All of these provisions are supported by the District Attorney's Association. We have worked with them to ensure that we could get the right measure included and we could get it all in there this time.

ASSEMBLYWOMAN TITUS:

Assembly Bill 248 removes the requirement that a physician report all diagnosed cases of epilepsy to the State Board of Health, that in turn reports it to the Department of Motor Vehicles. Instead, when a physician determines a patient's epilepsy severely impairs his or her ability to safely operate a motor vehicle, a physician is required to notify the patient and obtain a signed statement acknowledging this notification. Should a patient refuse to sign an acknowledgement, a physician is authorized to sign a statement attesting to the notification provided.

This would align Nevada with best case practices in other states. By removing the mandatory reporting, patients will feel less encumbered reporting whether or not they have had a seizure, and I think it improves the safety of the citizens of this state.

Potential ethics conflict declared by Assemblyman O'Neill.

ASSEMBLYMAN O'NEILL:

By way of disclosure, I would like to address an issue that came up during the April 2 work session in Assembly Transportation on S.B. 145. There was an allegation made in a document submitted to the committee that I should have made a disclosure related to the bill. Senate Bill 145 relates to the Program for Education of Motorcycle Riders that is administered by the Department of Public Safety. I have been an instructor with the Program in the past. In fact, there are over 100 instructors statewide that teach courses for the program as independent contractors. However, I am not currently certified as an instructor. In addition, because this involves a contract involving state money, it looks like NRS 218A.970 would preclude me from being an independently contracted instructor with the Program when the new state fiscal year begins on July 1.

I have checked with the Legislative Counsel and have determined that I do not have any conflict of interest with respect to S.B. 145 under Assembly Standing Rule 23. Since I do not have a conflict, I will be participating in the discussion and voting on this bill.

Senate Bill 145 authorizes a nonresident member of the Armed Forces of the United States, a reserve component thereof, or the National Guard who is stationed at a military installation in Nevada to enroll in the Program for the Education of Motorcycle Riders. This bill is effective upon passage and approval.

In the past, several military personnel assigned to Nevada who are nonresidents have attempted to take this course. We have had to reject them. This bill is trying to allow our active military personnel in Nevada to take the course at the state rate or state-sponsored course. I request all of you to vote for it.

Representative Hardy delivered his message as follows:

MESSAGE TO THE LEGISLATURE OF NEVADA
SEVENTY-EIGHTH SESSION, 2015

It is great to be here. Thank you for being here yourself. I know how tough it can be to come and listen to somebody from Washington, D.C.

First, I would like to thank the Governor for being here as well as the Speaker and the Minority Leader. I think this is a great opportunity, and I really feel privileged to be here. I do not see the Chief Justice here, but I want to welcome him and the other constitutional officers, too. Ms. Carlton, great to see you, and it is good to be seen.

I have had the opportunity of serving at all levels of government. I have served at the local level, I have served at the county level, I have served at the state level, and now I am grateful for the opportunity to serve at the federal level. I can tell you that none of those positions is more special to me than being right here in this house with you folks. I could say I would like to be back here, and I probably truly would, but I believe that right now—for my beliefs and where I would so much like to go in life and the direction I would like to see things happen—I am in the right spot at the right time for me. That is because I believe in the value of our *Constitution* so much; it has the greatest value and has given us the greatest gifts over the years.

The government closest to the people is the best government. That is what your job is right here: to make sure that you do what is best for the state, right down to the local level. The federal government has the tendency of liking to make one size fit all, and in my personal opinion, that does not work at all—not in this state or any other state. I think over the years, states have lost the right, opportunity, and privilege to be the laboratories of industry that will help us compete. This body here and the Governor have done a great job of creating an economic environment. You have done that without the help of the federal government, but I can guarantee you the federal government always wants to take a little more from you as you go through life and have success. That should not happen.

One of the first bills I introduced was about an issue that is really important to me. There is not a lot you can do as an individual back there in D.C. in a house of 435 people. A business would never create that type of environment; it would have probably five or ten people in a committee. I think that and the political divide are some of the reasons we get a little bit dysfunctional back there. The first bill I had the opportunity to introduce was called the LAND Act. It actually restricts the federal government, the Department of Interior, from acquiring any more lands unless the budget is balanced. I think it is important that the government learn to live within its means. This bill does not mean they cannot continue to obtain from other entities lands that are important for environmental reasons and for parks and recreation. What it requests is if the government is going to try to do that and the budget is not balanced, then how about giving the states back lands that have potential for economic development. I think that is important for us to be able to compete at all state and national levels—to have our lands for taxation for education, for taxation for infrastructure, and others. That is one of those issues that is very important to me, so this bill is my way of hopefully accomplishing something.

Now I would like to talk about an issue that I seem to get a lot of publicity about, Yucca Mountain. You know, Nevadans may never want Yucca Mountain, and that is fine. We certainly will not let it be forced upon us. As long as this debate is limited to whether or not the feds are going to shove it down our throats, I will stand in strong opposition. But, there is a larger issue that I wanted to talk about when I highlighted this in my op ed in the [*Las Vegas*] *Review Journal*. I wanted to talk about Yucca Mountain being the way that, in Congress, things are so polarized. We pick sides. We get our beliefs to where we think that we are right on all sides, for or against. That is what I believe has happened with Yucca Mountain. I believe that we need to take those opportunities to have that open discussion. Let us let the scientists come together and have their discussion, an open discussion. I have had the opportunity to meet with the Nuclear Regulatory Commission. I have had the opportunity today to meet with the Governor's staff. Both sides have fantastic arguments, and they need to be heard from all sides so the public can be educated.

That is what needs to happen in Washington, D.C. For too long, the middle ground has been missing in what we do. I hope that is not happening here. I think that we need to make sure that we always try to engage and take the opportunity to do what we think is best, not just for today, but for the future of Nevada, for our children and our grandchildren. That is important. I had the

opportunity to serve here for two terms. As you know, one session was pretty divisive, and the last session I thought that we accomplished a lot because we did one thing: We got to know each other, thanks to the then-Speaker and her professional way of handling things. We came together to work on issues that were good for the state. I do not believe we could have accomplished what we did if she had not helped entice the opportunity for the southern Nevada caucus. Now, that should not be offensive to anybody. When we came together as a body, I was amazed after our first meeting how many issues we agreed on, and she did everything she could to make sure that we stayed away from those issues that neither side was going to agree on. It did not happen all the time, but she tried. That is what needs to happen here. We need to evaluate the issues. There are many tough issues that you need to deal with here in this house. I do not envy the opportunities you have, but it is the right place to have it happen. If I had my way, I would turn back to the state a whole lot more of the money that comes from our state so that you would not have to deal with some of these issues that you are having to deal with. I think we can better allocate that money as a state and in our communities.

As an individual, to go back to Washington and not really be the chosen one—and then to have the opportunity to serve on committees that could not fit me better—is amazing. To be on the House Committee on Transportation and Infrastructure—I have been a builder all my life, that is what I have done: roads, highways, bridges, dams, underground utilities, treatment facilities—and to be selected to be Vice Chairman of the Subcommittee on Highways and Transit is amazing. I think it is a real privilege, and I look forward to working on a long-term funding bill that will help ensure that we continue to improve our infrastructure. It is very important that we have strong infrastructure not only throughout our state, but also across the country for safety and many other reasons.

I am also on the Subcommittee on Railroads, Pipelines and Hazardous Materials and the Subcommittee on Water Resources and Environment. Those are issues that all fit Nevada, all issues that I think I have some pretty good expertise on. I also serve on the House Committee on Natural Resources and the Subcommittee on Energy and Mineral Resources. What state produces more minerals and energy opportunities than any other? It is right here in Nevada. And public lands—what other state has more federal land than the state of Nevada? As a businessperson for over 20 years, it was a privilege to be selected to the House Small Business Committee and to be the Chairman of the Subcommittee on Investigations, Oversight, and Regulations. I know first-hand what regulations can do to small businesses. They can encumber us so we cannot grow, we cannot expand. Ninety-five percent of this state is employed by small businesses; that is how important small businesses are.

On Monday, we had a groundbreaking on a very important project. I believe the I-11 corridor is one of the most important projects that will happen in quite some time, maybe in my lifetime. As you know, the Governor was there for the groundbreaking as well as the rest of the delegation; that is how important it was. Once the project is complete, it will increase our economic opportunities within gaming, small businesses, and large businesses that may be looking here now because of some of the actions that I have had the opportunity to work with you on, such as Tesla. I think people are now looking at the state of Nevada as a real place to come, grow their businesses, and create those business opportunities.

So with that being said, why am I here? I want to focus on long-term issues; I want to fix job opportunities. I believe you want to do the same. Our children and grandchildren should be our focus, not just those short-term fixes that solve things today. We always need to look at the long term and where it works and how it is coming down the road.

National debt is one of those issues that I ran on. Fortunately, the state of Nevada has a balanced budget amendment that requires we live within our budget. I wish the federal government had the same. Today in our federal government, every man, woman, and child owes in debt $154,000 per taxpayer. That is huge. Some people might take five or six years to obtain $154,000. What can we do together? I believe that my obligation is to work for you, we the people. I want to know what I can do to help the federal government get out of your way, to let you perform the way you need to. I want to know the pros and cons of all your issues. I do not care what side of the aisle you are from—I want to know.

I have proven that I can work with both sides of the aisle in this house. I think that was the reason for some of the success we had last session—working both sides of the aisle. It is my hope

that I can teach that a little bit back in Washington. I have already begun to meet with people on the other side of the aisle; it is important that I do. We may not agree, but we should never take things personally in this house. We should always make sure we retain those friendships and grow those friendships. This was an opportunity to have friendships that I will enjoy forever on both sides of the house, even with the lobbyists out there. I think there are some lifelong friendships out there. If you have taken this personally, that is your fault. It is an issue that we need to work on. Do not be offended, because I am a firm believer that you can only be offended if you choose to. With that, my commitment to you is that I will always have an open door, always listen to both sides, and I want to make sure my staff is available for you at any time to discuss those issues moving forward.

In closing, I have two very important people in my life who I would like to recognize. They each served here for six terms, for almost six terms; this will be their last. I would like to start with the gentleman—and by the way, Harvey, I am glad you made it here on time; I appreciate that. Assemblyman Munford has been a real advocate for his district. That is why he has been back here all six times. The people in his district love him. I have gotten to know the folks in his district. I have had the opportunity to be at his house at events, and it is amazing the turnout and the relationships he has developed. That is important. That is what our obligation is: to get out, work with our constituents, and expand that opportunity. I think we would be remiss if we did not give him a thank you and a round of applause for all he has done here in this house.

You can probably guess who the other one is going to be. You know, Assemblywoman Kirkpatrick and I developed a pretty good relationship. I am not so sure my wife is not sometimes jealous of our relationship. But we enjoy our time together. I think this lady was inspiring to me in getting to know her over the past four years. I like how she always takes the freshmen under her arm and makes sure they understand the policies and procedures. She always wants to get them to know. We could use a little of that back in Washington—teaching people how to move forward. Marilyn and I engaged in a little bit of loud vocabulary from time to time, but we are kind of kindred spirits. Both of us have a lack of vocabulary—we like to think it's a special one, call it rancher or farmer whatever you want—but if you only had the opportunity to be a fly on the wall some of the times during those discussions. But she is always listening. Ms. Kirkpatrick was a good Speaker of the house last session. I think she is a great Minority Leader this time. I think she is willing to work so long as everyone else is willing to work. It is important that we continue to work together. I would like to recognize her. I hope she actually gets the opportunity to use the spurs, the whip, and all that other stuff that we provided her last session. I appreciate her very much, and I think she deserves a wealth of recognition also.

If I could take a minute to have Assemblywoman Kirkpatrick and Assemblyman Munford come forward, I have a little token of my appreciation to give them. Congress has not been in session the last couple of weeks, so I have not been able to get this on the congressional record, but it will be. I really appreciate all they have done. They have both been statesmen. They have been good examples. The best we can do is leave office when it is time—I am not saying they are leaving office; maybe they want to run for another office—is to be the best statesman you can be; the best representative you can be; that example, that leader who brings people together.

I thank you for the opportunity to be here. Go to work, stop listening to these people from Congress, get your work done, and let us work together.

SECOND READING AND AMENDMENT

Assembly Bill No. 43.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 83.

AN ACT relating to public works; providing that certain documents and other information submitted by a person seeking a contract with a public body to construct certain public works are confidential until **notice of intent to award** the contract is ~~[awarded;]~~ **issued;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Department of Transportation is authorized to advertise for proposals from design-build teams and contract with a design-build team for the design and construction of certain projects. (NRS 408.388, 408.3883) The Department is also authorized to accept requests from certain persons seeking to develop, construct, improve, maintain or operate certain transportation facilities. (NRS 408.5475) The Department may authorize the person who requested such a project to carry out the project or may request that other persons submit proposals for the project. (NRS 408.5473, 408.548) **Sections 2 and 3** of this bill provide that certain documents or other information submitted to the Department by a person seeking a contract with the Department for a design-build project or a transportation facility project are confidential until **notice of intent to award** the contract is ~~[awarded.]~~ **issued.**

Existing law authorizes public bodies to construct public works by advertising for proposals for a construction manager at risk and then selecting and entering into a contract with a construction manager at risk. **As part of the selection process, a public body or its authorized representative is required to appoint a panel to rank the proposals submitted to the public body. After the proposals are ranked, the public body or its authorized representative is required to select for interviews a certain number of applicants whose proposals received the highest scores, and is then authorized to appoint a separate panel to interview and rank such selected applicants.** (NRS 338.169, 338.1692 ~~[)]~~ **, 338.1693) Section 6** of this bill provides that certain documents or other information submitted to a public body by a construction manager at risk seeking a contract with a public body for a public works project are confidential until **notice of intent to award** the contract is ~~[awarded.]~~ **issued. Section 7.5 of this bill requires a public body or its authorized representative to make certain information determined by the panel that ranked the proposals and the panel that conducted the interviews of the selected applicants available to all applicants and the public.**

Under existing law, all public books and records of a governmental entity, the contents of which are not otherwise declared by law to be confidential, are required to be open at all times during office hours for inspection and copying by the public. (NRS 239.010) **Section 8** of this bill adds to the list of public books and records which are declared confidential those documents and other information as reflected in **sections 2, 3 and 6**. **Section 7.7 of this bill clarifies that if a public book or record is declared by law to be open to the public, such a declaration does not imply, and must not be construed to mean, that a public book or record is confidential if it is not declared by law to be open to the public and is not otherwise declared by law to be confidential.**

As used in this section, the term "document or other information" means any submittal by a person to the Department [required pursuant to NRS 408.5471 to 408.549, inclusive, as part of the submission or approval of a request or proposal] in response to a request for proposals pursuant to NRS 408.548 and includes, without limitation, [a request made pursuant to NRS 408.5475,] a proposal made pursuant to NRS 408.548 and any submittal required by regulations promulgated by the Department pursuant to NRS 408.548.

Sec. 4. NRS 408.3875 is hereby amended to read as follows:

408.3875 As used in NRS 408.3875 to 408.3887, inclusive, ***and section 2 of this act,*** unless the context otherwise requires, the words and terms defined in NRS 408.3876 to 408.3879, inclusive, have the meanings ascribed to them in those sections.

Sec. 5. NRS 408.5471 is hereby amended to read as follows:

408.5471 As used in NRS 408.5471 to 408.549, inclusive, ***and section 3 of this act,*** unless the context otherwise requires, "transportation facility" means a road, railroad, bridge, tunnel, overpass, airport, mass transit facility, parking facility for vehicles or similar commercial facility used for the support of or the transportation of persons or goods, including, without limitation, any other property that is needed to operate the facility. The term does not include a toll bridge or toll road.

Sec. 6. Chapter 338 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Any document or other information submitted to a public body in response to a request for proposals pursuant to NRS 338.1692 by a contractor seeking a contract between the public body and a construction manager at risk pursuant to NRS 338.1685 to 338.16995, inclusive, is confidential and may not be disclosed until notice of intent to award the contract is [awarded.] issued.

2. As used in this section, the term "document or other information" means any submittal by a contractor to a public body [required pursuant to NRS 338.1685 to 338.16995, inclusive, as part of the selection process for a construction manager at risk] in response to a request for proposals pursuant to NRS 338.1692 and includes, without limitation, a proposal made pursuant to NRS 338.1692.

Sec. 7. NRS 338.1685 is hereby amended to read as follows:

338.1685 The Legislature hereby declares that the provisions of NRS 338.1685 to 338.16995, inclusive, ***and section 6 of this act,*** relating to contracts involving construction managers at risk, are intended:

1. To promote public confidence and trust in the contracting and bidding procedures for public works established therein;

2. For the benefit of the public, to promote the philosophy of obtaining the best possible value as compared to low-bid contracting; and

3. To better equip public bodies to address public works that present unique and complex construction challenges.

Sec. 7.5. **NRS 338.1693 is hereby amended to read as follows:**

338.1693 1. The public body or its authorized representative shall appoint a panel consisting of at least three but not more than seven members, a majority of whom must have experience in the construction industry, to rank the proposals submitted to the public body by evaluating the proposals as required pursuant to subsections 2 and 3.

2. The panel appointed pursuant to subsection 1 shall rank the proposals by:

(a) Verifying that each applicant satisfies the requirements of NRS 338.1691; and

(b) Evaluating and assigning a score to each of the proposals received by the public body based on the factors and relative weight assigned to each factor that the public body specified in the request for proposals.

3. When ranking the proposals, the panel appointed pursuant to subsection 1 shall assign a relative weight of 5 percent to the applicant's possession of a certificate of eligibility to receive a preference in bidding on public works if the applicant submits a signed affidavit that meets the requirements of subsection 1 of NRS 338.0117. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that work.

4. After the panel appointed pursuant to subsection 1 ranks the proposals, the public body or its authorized representative shall, except as otherwise provided in subsection 8, select at least the two but not more than the five applicants whose proposals received the highest scores for interviews.

5. The public body or its authorized representative may appoint a separate panel to interview and rank the applicants selected pursuant to subsection 4. If a separate panel is appointed pursuant to this subsection, the panel must consist of at least three but not more than seven members, a majority of whom must have experience in the construction industry.

6. During the interview process, the panel conducting the interview may require the applicants to submit a preliminary proposed amount of compensation for managing the preconstruction and construction of the public work, but in no event shall the proposed amount of compensation exceed 20 percent of the scoring for the selection of the most qualified applicant. All

presentations made at any interview conducted pursuant to this subsection or subsection 5 may be made only by key personnel employed by the applicant, as determined by the applicant, and the employees of the applicant who will be directly responsible for managing the preconstruction and construction of the public work.

7. After conducting such interviews, the panel that conducted the interviews shall rank the applicants by using a ranking process that is separate from the process used to rank the applicants pursuant to subsection 2 and is based only on information submitted during the interview process. The score to be given for the proposed amount of compensation, if any, must be calculated by dividing the lowest of all the proposed amounts of compensation by the applicant's proposed amount of compensation multiplied by the total possible points available to each applicant. When ranking the applicants, the panel that conducted the interviews shall assign a relative weight of 5 percent to the applicant's possession of a certificate of eligibility to receive a preference in bidding on public works if the applicant submits a signed affidavit that meets the requirements of subsection 1 of NRS 338.0117. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that work.

8. If the public body did not receive at least two proposals, the public body may not contract with a construction manager at risk.

9. Upon receipt of the final rankings of the applicants from the panel that conducted the interviews, the public body or its authorized representative shall enter into negotiations with the most qualified applicant determined pursuant to the provisions of this section for a contract for preconstruction services, unless the public body required the submission of a proposed amount of compensation, in which case the proposed amount of compensation submitted by the applicant must be the amount offered for the contract. If the public body or its authorized representative is unable to negotiate a contract with the most qualified applicant for an amount of compensation that the public body or its authorized representative and the most qualified applicant determine to be fair and reasonable, the public body or its authorized representative shall terminate negotiations with that applicant. The public body or its authorized representative may then undertake negotiations with the next most qualified applicant in sequence until an agreement is reached and, if the negotiation is undertaken by an authorized representative of the public body, approved by the public body or until a determination is made by the public body to reject all applicants.

10. The public body or its authorized representative shall ~~[make]~~ ***:***

(a) Make available to all applicants and the public the ~~[final]~~ ***following information, as determined by the panel appointed pursuant to subsection 1 and the panel that conducted the interviews, as applicable:***

(1) The final rankings of the applicants ~~[, as determined by the panel that conducted the interviews,]~~ ***;***

(2) The score assigned to each proposal received by the public body; and

(3) For each proposal received by the public body, the score assigned to each factor that the public body specified in the request for proposals; and ~~[shall provide,]~~

(b) Provide, upon request, an explanation to any unsuccessful applicant of the reasons why the applicant was unsuccessful.

Sec. 7.7. **NRS 239.001 is hereby amended to read as follows:**

239.001 The Legislature hereby finds and declares that:

1. The purpose of this chapter is to foster democratic principles by providing members of the public with access to inspect and copy public books and records to the extent permitted by law;

2. The provisions of this chapter must be construed liberally to carry out this important purpose;

3. Any exemption, exception or balancing of interests which limits or restricts access to public books and records by members of the public must be construed narrowly; ~~[and]~~

4. The use of private entities in the provision of public services must not deprive members of the public access to inspect and copy books and records relating to the provision of those services ~~[.]~~ ***; and***

5. If a public book or record is declared by law to be open to the public, such a declaration does not imply, and must not be construed to mean, that a public book or record is confidential if it is not declared by law to be open to the public and is not otherwise declared by law to be confidential.

Sec. 8. NRS 239.010 is hereby amended to read as follows:

Assemblyman Wheeler moved the adoption of the amendment.

Remarks by Assemblyman Wheeler.

ASSEMBLYMAN WHEELER:

Amendment 83 to Assembly Bill 43 changes the time during which certain documents or other information submitted by persons seeking a contract with the Department of Transportation for a design-build project or a transportation facility project, or with a public body for a public works project, from "until the contract is awarded" to "until notice of intent to award the contract is issued." Amendment 83 also revises the types of documents that must remain confidential during that time. Finally, Amendment 83 requires a public body or its authorized representative to make certain information relating to the selection process for a construction manager at risk for a public works project available to all applicants and the public.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 230.

Legislative Counsel's Digest:

Existing law establishes the Uniform Securities Act which sets forth provisions governing the sale and purchase of securities in this State in a manner consistent with federal laws and regulations. (Chapter 90 of NRS) **Sections 2-9** of this bill require **certain persons employed by** broker-dealers and investment advisers to ~~[provide]~~ **complete** training ~~[to certain persons]~~ concerning the identification and reporting of suspected exploitation of older persons and vulnerable persons. "Older persons" are defined in existing law as persons who are 60 years of age or older. "Vulnerable persons" are defined in existing law as persons who are 18 years of age or older who: (1) suffer from a condition of physical or mental incapacitation because of a development disability, organic brain damage or mental illness; or (2) have one or more physical or mental limitations that restrict the ability of the person to perform the normal activities of daily living. (NRS 200.5092) **Section 8** specifies which sales representatives, representatives of an investment adviser and officers and employees of broker-dealers or investment advisers must ~~[receive]~~ **complete** the training, when the training must be ~~[provided]~~ **completed** and the content of the training. ~~[Section 8 further requires those persons to report incidents that reasonably appear to be exploitation of an older person or vulnerable person.]~~ **Section 9** requires each broker-dealer and investment adviser to designate a person to whom ~~[such]~~ reports ~~[must]~~ **of suspected exploitation of an older person or vulnerable person may** be made. The person so designated is then responsible for determining when a formal report must be reported to the appropriate agency.

Existing law authorizes the imposition or granting of certain actions and penalties against a person who has violated any provision of state law or a regulation or order of the Administrator of the Securities Division of the Office of the Secretary of State relating to securities, including civil penalties, restitution and costs of investigation and prosecution of such a violation. (NRS 90.630, 90.640, 90.650) **Sections 11-13** of this bill revise those provisions to include, if the violation was committed against an older person or vulnerable person, the imposition or granting of civil penalties, restitution and costs of investigation and prosecution in amounts equal to twice the amounts that would otherwise have been imposed or granted.

Section 10 of this bill authorizes the Administrator to adopt regulations consistent with the federal Jumpstart Our Business Startups Act (Pub. L. No.

112-106), including regulations relating to the creation and oversight of funding portals for the purchase of securities.

Sec. 10. ***1. The Administrator may adopt, by regulation or order, any filing requirements, registration exemptions and licensing requirements which are consistent with the Jumpstart Our Business Startups Act, Public Law 112-106, and any regulation adopted pursuant thereto by the United States Securities and Exchange Commission, including, without limitation, regulations relating to the creation and oversight of funding portals.***

2. As used in this section, "funding portal" has the meaning ascribed to it in section 3(a)(80) of the Securities Exchange Act of 1934, as amended, 15 U.S.C. §§ 78a et seq.

Sec. 11. NRS 90.630 is hereby amended to read as follows:

90.630 1. If the Administrator reasonably believes, whether or not based upon an investigation conducted under NRS 90.620, that:

(a) The sale of a security is subject to registration under this chapter and the security is being offered or has been offered or sold by the issuer or another person in violation of NRS 90.460; or

(b) A person is acting as a broker-dealer or investment adviser in violation of NRS 90.310 or 90.330,

➥ the Administrator, in addition to any specific power granted under this chapter and subject to compliance with the requirements of NRS 90.820, may issue, without a prior hearing, a summary order against the person engaged in

the prohibited activities, directing the person to desist and refrain from further activity until the security is registered or the person is licensed under this chapter. The summary order to cease and desist must state the section of this chapter or regulation or order of the Administrator under this chapter which the Administrator reasonably believes has been or is being violated.

2. If the Administrator reasonably believes, whether or not based upon an investigation conducted under NRS 90.620, that a person has violated this chapter or a regulation or order of the Administrator under this chapter, the Administrator, in addition to any specific power granted under this chapter, after giving notice by registered or certified mail and conducting a hearing in an administrative proceeding, unless the right to notice and hearing is waived by the person against whom the sanction is imposed, may:

(a) Issue an order against the person to cease and desist;

(b) Censure the person if he or she is a licensed broker-dealer, sales representative, investment adviser or representative of an investment adviser;

(c) Bar or suspend the person from association with a licensed broker-dealer or investment adviser in this State;

(e) Initiate one or more of the actions specified in NRS 90.640.

3. If the person to whom the notice is addressed pursuant to subsection 2 does not request a hearing within 45 days after receipt of the notice, the person waives the right to a hearing and the Administrator shall issue a permanent order. If a hearing is requested, the Administrator shall set the matter for hearing not less than 15 days nor more than 60 days after the Administrator receives the request for a hearing. The Administrator shall promptly notify the parties by registered or certified mail of the time and place set for the hearing.

4. Imposition of the sanctions under this section is limited as follows:

(a) If the Administrator revokes the license of a broker-dealer, sales representative, investment adviser or representative of an investment adviser or bars a person from association with a licensed broker-dealer or investment adviser under this section or NRS 90.420, the imposition of that sanction precludes imposition of a civil penalty under subsection 2; and

(b) The imposition by the Administrator of one or more sanctions under subsection 2 with respect to a specific violation precludes the Administrator from later imposing any other sanctions under paragraphs (a) to (d), inclusive, of subsection 2 with respect to the violation.

5. For the purposes of determining any sanction to be imposed pursuant to paragraphs (a) to (d), inclusive, of subsection 2, the Administrator shall consider, among other factors, the frequency and persistence of the conduct constituting a violation of this chapter, or a regulation or order of the

Administrator under this chapter, the number of persons adversely affected by the conduct and the resources of the person committing the violation.

6. If a sanction is imposed pursuant to this section, reimbursement for the costs of the proceeding, including investigative costs and attorney's fees incurred, may be ordered and recovered by the Administrator. Money recovered for reimbursement of the investigative costs and attorney's fees must be deposited in the State General Fund for credit to the Secretary of State's Operating General Fund Budget Account.

3. The court shall not require the Administrator to post a bond in an action under this section.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 67.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 38.

AN ACT relating to public safety; revising provisions governing the admission into evidence of certain affidavits and declarations in certain criminal proceedings; revising provisions governing the administration of certain tests for the presence of alcohol, controlled substances and prohibited substances; ~~[providing for]~~ **revising provisions concerning** the revocation of the license, permit or privilege to drive **;** ~~[of a person who fails to submit to certain tests for the presence of alcohol, controlled substances and prohibited substances under certain circumstances; revising provisions concerning operating or being in actual physical control of a vessel;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it unlawful for a person to drive, operate or be in actual physical control of a vehicle or vessel while under the influence of intoxicating liquor or a controlled substance, or both. (NRS 484C.110, 484C.120, 488.410) **Sections 9 and 20** of this bill define the term "under the influence" for the purposes of existing law relating to driving, operating or being in actual physical control of a vehicle or vessel while under the influence of intoxicating liquor or a controlled substance, or both.

Existing law allows the affidavits and declarations of certain persons to be admitted as evidence during a criminal proceeding to prove certain facts

relating to the testing of the blood, breath or urine of a defendant to determine the presence or concentration of alcohol or certain other substances. In a felony trial, if the defendant objects in writing to the admission of such affidavits or declarations, the court must not admit the affidavit or declaration into evidence and the prosecution may cause the witness to testify at trial concerning the information contained in the affidavit or declaration. A defendant in a misdemeanor trial, however, must also establish that: (1) there is a substantial and bona fide dispute between the prosecution and the defense regarding the facts in the declaration; and (2) it is in the best interests of justice that the witness who signed the affidavit or declaration be cross-examined. (NRS 50.315) The Nevada Supreme Court has held that the additional requirements imposed on a misdemeanor defendant under existing law violate a defendant's constitutional right to confront the witnesses against him or her and are therefore unconstitutional. (*City of Reno v. Howard*, 130 Nev. Adv. Op. 12, 318 P.3d 1063 (2014))

Section 1 of this bill eliminates the constitutional defect identified by the Nevada Supreme Court and provides instead that an affidavit or declaration must not be admitted as evidence during a misdemeanor trial to prove certain facts relating to the testing of the blood, breath or urine of a defendant to determine the presence or concentration of alcohol or certain other substances if, not later than 10 days before the date set for trial or such shorter time before the date set for trial as authorized by the court, the defendant objects in writing to the admission of the affidavit or declaration**.** ~~**[**and requests an opportunity to cross-examine the witness at trial.**]**~~ Under **section 1**, if the affidavit or declaration is not admitted into evidence, the prosecution may produce the witness to provide testimony at trial concerning the information contained in the affidavit or declaration at trial.

Under existing law, a person who drives a vehicle in this State is deemed to have given his or her consent to an evidentiary test of his or her blood, urine, breath or other bodily substance to determine the concentration of alcohol in his or her blood or breath or to determine whether a controlled substance, chemical, poison, organic solvent or another prohibited substance is present. If a person who has thus given his or her "implied consent" to an evidentiary test refuses to submit to the test when directed to do so by a police officer who has reason to believe that the person was driving a vehicle or operating a vessel while under the influence of alcohol or a controlled substance, existing law authorizes the police officer to direct that reasonable force be used to obtain a sample of blood from the person to be tested. (NRS 484C.160) The Nevada Supreme Court has held that the consent implied by a person's decision to drive in this State is not voluntary consent to an evidentiary blood test and, thus, existing laws that allow a police officer to obtain a blood sample from a person without a warrant and without voluntary consent are unconstitutional. (*Byars v. State*, 130 Nev. Adv. Op. No. 85, 336 P.3d 939 (2014))

Sections 12 and 14 of this bill eliminate the constitutional defect identified by the Nevada Supreme Court and provide instead that if a person refuses to

submit to an evidentiary blood test at the request of a police officer: (1) the officer may apply for a warrant or other court order directing the use of reasonable force to obtain the blood sample; and (2) the person's driver's license must be revoked for a certain period. **Section 14 further authorizes the revocation of a person's license, permit or privilege to drive if an evidentiary test reveals the presence of a detectable amount of a controlled substance for which he or she did not have a valid prescription or reveals a prohibited substance in his or her blood or urine.** **Sections 15 and 16** of this bill make corresponding revisions to provisions of existing law which establish the procedure for effecting such a revocation and provide for an administrative hearing to challenge such a revocation. **Section 25** of this bill makes comparable changes to existing law concerning the evidentiary tests of persons who operate or exercise actual physical control over vessels on the waters of this State. **Section 5** of this bill makes comparable changes to existing law concerning evidentiary tests of persons who have actual physical possession of a firearm.

~~[Existing law makes it unlawful for a person to operate or be in actual physical control of a vessel on the waters of this State while under the influence of intoxicating liquor or a controlled substance or while engaging in certain other prohibited conduct if the vessel is "under power or sail." (NRS 488.410) Section 21 of this bill makes the operation or actual physical control of a vessel by such a person unlawful if the vessel is "under way," that is, if the vessel is adrift, making way or being propelled, and is not aground, made fast to the shore or tied or made fast to a dock or mooring. Sections 2-4, 6-8, 19, 21-25 and 27-30 of this bill make conforming changes.]~~

484C.210 1. ***If a person fails to submit to an evidentiary test as requested by a police officer pursuant to NRS 484C.160, the license, permit or privilege to drive of the person must be revoked as provided in NRS 484C.220, and the person is not eligible for a license, permit or privilege to drive for a period of:***

~~[~~3.~~]~~ ***4.*** Periods of ineligibility for a license, permit or privilege to drive which are imposed pursuant to this section must run consecutively.

Sec. 15. NRS 484C.220 is hereby amended to read as follows:

484C.220 1. As agent for the Department, the officer who ***requested that a test be given pursuant to NRS 484C.150 or 484C.160 or who*** obtained the result of a test given pursuant to NRS 484C.150 or 484C.160 shall immediately serve an order of revocation of the license, permit or privilege to drive on a person who ***failed to submit to a test requested by the police officer pursuant to NRS 484C.150 or 484C.160 or who*** has a concentration of alcohol of 0.08 or more in his or her blood or breath or has a detectable amount of a ***controlled substance for which he or she does not have a valid prescription or a*** prohibited substance in his or her blood or urine, if that person is present, and shall seize the license or permit to drive of the person. The officer shall then ***, unless the information is expressly set forth in the order of revocation,*** advise the person of his or her right to administrative and judicial review of the revocation pursuant to NRS 484C.230 and, except as otherwise provided in this subsection, that the person has a right to request a temporary license. If the person currently is driving with a temporary license that was issued pursuant to this section or NRS 484C.230, the person is not entitled to request an additional temporary license pursuant to this section or NRS 484C.230, and the order of revocation issued by the officer must revoke the temporary license that was previously issued. If the person is entitled to request a temporary license, the officer shall issue the person a temporary license on a form approved by the Department if the person requests one, which is effective for only 7 days including the date of issuance. The officer shall immediately transmit the person's license or permit to the Department along with the written certificate required by subsection 2.

2. When a police officer has served an order of revocation of a driver's license, permit or privilege on a person pursuant to subsection 1, or later receives the result of an evidentiary test which indicates that a person, not then present, had a concentration of alcohol of 0.08 or more in his or her blood or breath or had a detectable amount of a ***controlled substance for which he or she did not have a valid prescription or a*** prohibited substance in his or her blood or urine, the officer shall immediately prepare and transmit to the Department, together with the seized license or permit and a copy of the result of the test, ***if any,*** a written certificate that the officer had reasonable grounds to believe that the person had been driving or in actual physical control of a vehicle ~~[~~with~~]~~ ***:***

(a) With a concentration of alcohol of 0.08 or more in his or her blood or breath or with a detectable amount of a ***controlled substance for which he or she did not have a valid prescription or a*** prohibited substance in his or her blood or urine, as determined by a chemical test ~~[~~.~~]~~ ***; or***

(b) While under the influence of intoxicating liquor or a controlled substance or with a prohibited substance in his or her blood or urine and the person refused to submit to a required evidentiary test.

➥ The certificate must also indicate whether the officer served an order of revocation on the person and whether the officer issued the person a temporary license.

3. The Department, upon receipt of such a certificate for which an order of revocation has not been served, after examining the certificate and copy of the result of the chemical test, if any, and finding that revocation is proper, shall issue an order revoking the person's license, permit or privilege to drive by mailing the order to the person at the person's last known address. The order must indicate the grounds for the revocation and the period during which the person is not eligible for a license, permit or privilege to drive and state that the person has a right to administrative and judicial review of the revocation and to have a temporary license. The order of revocation becomes effective 5 days after mailing.

4. Notice of an order of revocation and notice of the affirmation of a prior order of revocation or the cancellation of a temporary license provided in NRS 484C.230 is sufficient if it is mailed to the person's last known address as shown by any application for a license. The date of mailing may be proved by the certificate of any officer or employee of the Department, specifying the time of mailing the notice. The notice is presumed to have been received upon the expiration of 5 days after it is deposited, postage prepaid, in the United States mail.

Sec. 16. NRS 484C.230 is hereby amended to read as follows:

484C.230 1. At any time while a person is not eligible for a license, permit or privilege to drive following an order of revocation issued pursuant to NRS 484C.220, the person may request in writing a hearing by the Department to review the order of revocation, but the person is only entitled to one hearing. The hearing must be conducted ~~[within 15 days after receipt of the request, or]~~ as soon ~~[thereafter]~~ as is practicable ~~[, in the county where the requester resides unless the parties agree otherwise.]~~ ***at any location, if the hearing officer permits each party and witness to attend the hearing by telephone, videoconference or other electronic means.*** The Director or agent of the Director may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the requester. Unless the person is ineligible for a temporary license pursuant to NRS 484C.220, the Department shall issue an additional temporary license for a period which is sufficient to complete the administrative review.

2. The scope of the hearing must be limited to the issue of whether the person ~~[, at]~~ ***:***

(a) Failed to submit to a required test provided for in NRS 484C.150 or 484C.160; or

(b) At the time of the test, had a concentration of alcohol of 0.08 or more in his or her blood or breath or a detectable amount of a ***controlled substance for which he or she did not have a valid prescription or a*** prohibited substance in his or her blood or urine.

➥ Upon an affirmative finding on ~~[this]~~ ***either*** issue, the Department shall affirm the order of revocation. Otherwise, the order of revocation must be rescinded.

3. If, after the hearing, the order of revocation is affirmed, the person whose license, privilege or permit has been revoked is entitled to a review of the same issues in district court in the same manner as provided by chapter 233B of NRS. The court shall notify the Department upon the issuance of a stay, and the Department shall issue an additional temporary license for a period which is sufficient to complete the review.

4. If a hearing officer grants a continuance of a hearing at the request of the person whose license was revoked, or a court does so after issuing a stay of the revocation, the officer or court shall notify the Department, and the Department shall cancel the temporary license and notify the holder by mailing the order of cancellation to the person's last known address.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblymen Hansen, Carlton, Titus, and Gardner.

ASSEMBLYMAN HANSEN:
Amendment 38 to Assembly Bill 67 amends the bill to clarify the right to confrontation, retains current statutory language of "vessel under power or sail," and clarifies the assessment of witness expenses is discretionary with the court. The amendment also clarifies that a detectable amount of controlled substance is without a valid prescription and allows that a hearing must be conducted as soon as practicable at any location so long as the hearing officer allows each party and witness to testify by telephone, videoconference, or other electronic means. Lastly, it changes the effective date of section 1 of the bill to July 1, 2015.

ASSEMBLYWOMAN CARLTON:
I have two questions from page 16 in the amendment. How does this new procedure of refusing to submit to the required test change the current procedure? I know that if you refuse the field sobriety test now, they draw blood and you wait for the results to come back before a license is touched.
My second question is regarding the language "for which he or she does not have a valid prescription." I need to remind the body that we have a marijuana registry. It is not a valid prescription, but we recognize it as a state. I would hate to see marijuana patients be put in a catch-22 position.

ASSEMBLYMAN HANSEN:
As Chairman of Judiciary, I will respond to my colleague from Assembly District 14. I will have to get the answers to that.

ASSEMBLYWOMAN TITUS:
I can clarify that. At this time, in order to have a marijuana card, you have to have a valid prescription from a physician. I have written one, so I know that is a fact.

ASSEMBLYWOMAN CARLTON:
That takes me back to the original question, Mr. Chair.

ASSEMBLYMAN HANSEN:
Again, I will have to do the research and get back to you on it.

ASSEMBLYMAN GARDNER:
I believe the answer to that first question is that right now, there is a presumption under the law that if you are driving a car, you give permission for them to take your blood. That was struck down by the Supreme Court; you cannot do that anymore. So now if you decide you do not want to do it, they have to ask for a court order to be able to draw your blood. I believe that would be the change.

ASSEMBLYWOMAN TITUS:
As a point of clarification on my previous comment, since I had an Assemblywoman from the north ask me if I have a prescription for medical marijuana, I do not. I do not use medical marijuana, but I have written one prescription for medical marijuana.

ASSEMBLYWOMAN CARLTON:
But how does this language effect that? Is this truing this up or is it changing it? That is not clear.
In our discussion on A.B. 67, the learned doctor in the body and I have had further conversations, and I would like to clarify that marijuana does not receive a "valid prescription," and we do now agree on that. If you refer to NRS 453A.210, it describes it, and the doctor and I are in agreement, so we have found another issue with Assembly Bill 67.

Motion to adopt amendment withdrawn.
Bill ordered to third reading.

Legislative Counsel's Digest:

Existing law regulates the formation and powers of district boards of agriculture. (Chapter 547 of NRS) Existing law provides that the eight members of the district boards must be divided into different classes to provide for staggered terms. (NRS 547.040) **Sections 1 and 3** of this bill deletes those provisions. Existing law requires the district boards of agriculture to organize annual fairs or exhibitions of the industries in their districts, and that counties may appropriate not more than $1,500 from their general funds to aid in this effort. (NRS 547.110, 547.120, 547.140) **Sections 4-6** of this bill make these fairs optional and increase the allowable county appropriation to not more than $150,000 in any 1 year. Existing law requires that an annual mineral industries exhibition be held in Ely, Nevada. (NRS 551.010) **Section 9** of this bill renames this exhibition, makes it optional and removes the requirement that it be held in Ely. **Section 8** of this bill authorizes the State Department of Agriculture to hold a state fair once a year. **Sections 10-12** of this bill place the control of the apiary industry under the Director of the Department. **Sections 13-21** of this bill revise punitive provisions relating to quarantines of agricultural products, increasing penalties and providing for civil penalties. **Sections 22 and 40** of this bill revise the definitions of "pest" and "pesticide" as those definitions relate to the control of pests and weeds. **Section 23** of this bill authorizes the Director to adopt a program certifying certain agricultural products as being free of noxious weeds. **Sections 30-35** of this bill replace references to the eradication, removal or destruction of weeds with the term

"control." **Sections 36, 39 and 43** of this bill replace criminal penalties relating to the control of weeds with civil penalties. **Section 102** of this bill increases the maximum amount of the tax on sheep from 18 cents per head to $1.50 per head. **Sections 103-105** of this bill place the proceeds of those taxes solely under the control of the State Controller and adjust the amount of the proceeds that may be spent on advancing the interests of the sheep industry. **Sections 108-113** of this bill revise provisions for the licensing of persons operating public livestock auctions to increase the amounts of surety bonds and available credit, provide for financial audits and increase fines for violations. **Section 125** of this bill requires sellers of certain farm products to register as produce vendors. **Sections 127 and 128** of this bill remove requirements for agricultural brokers, dealers, commission merchants and agents to disclose arrests and civil suits during the application process and to show good character. ~~[Existing law authorizes the State Sealer of Consumer Equitability to test and license commercial weighing and measuring devices. (NRS 581.075) Sections]~~ **Section 136** ~~[and 137]~~ of this bill ~~[add]~~ **requires the State Sealer of Consumer Equitability to conduct random inspections of** point-of-sale systems and cash registers ~~[to the devices which may be regulated.]~~ **and to adopt regulations establishing a schedule of civil penalties concerning point-of-sale systems and cash registers that are not in compliance with certain requirements.** Existing law prohibits the sale of spoiled or diseased meat, fish, produce and poultry in any city or town. (NRS 583.010, 583.060, 583. 070) **Sections 142, 149 and 150** of this bill expand this prohibition to include any location in the State. **Sections** ~~[143,]~~ **145, 151, 157, 159, 165 and 166** of this bill replace references to the Department of Health and Human Services with the State Department of Agriculture. **Sections 144, 147, 151, 152, 161, 163 and 164** of this bill revise the punitive provisions governing the regulation of meat, fish, produce, poultry and eggs. **Sections 191 and 193** of this bill replace the criminal provisions governing pesticides with civil penalties. **Sections 68-94** of this bill reenact in chapter 445C of NRS, without substantive change, provisions currently in chapter 590 of NRS which relate to the cleanup of discharged petroleum and which are repealed by **section 210** of this bill. ~~[Sections 168-174]~~ **Section 96.5** of this bill ~~[reenact]~~ **reenacts** in chapter ~~[585]~~ **446** of NRS, without substantive change, ~~[provisions]~~ **a provision** currently in chapter ~~[586]~~ **583** of NRS which ~~[relate to dangerous caustic or corrosive acids, alkalis and other substances]~~ **relates to the sale of diseased animal flesh or a container containing shellfish which has not been stamped as approved** and which ~~[are]~~ **is** repealed by **section 210** of this bill. The purpose of repealing and reenacting these ~~[two groups of]~~ provisions is to move the provisions, without substantive change, from one chapter in NRS to another chapter in NRS. **Section 210** of this bill also repeals provisions dealing with mineral content in fertilizer. **Section 194** of this bill authorizes the Director to adopt certain national standards concerning fertilizer. **Section 198** of this bill revises punitive provisions governing fertilizer. Existing law requires used and recycled oil to

be clearly labelled on the package. (NRS 590.060) **Section 201** of this bill requires bulk deliveries of used or recycled oil to be clearly identified on the receipt. **Section 202** of this bill revises the testing procedures for motor oil viscosity. **Section 204** of this bill removes the requirement for the State Sealer of Consumer Equitability to inspect antifreeze before the antifreeze is sold, but requires the State Sealer of Consumer Equitability to issue a license authorizing its sale if it is in compliance with certain standards.

Sec. 80. *"Petroleum" means crude oil or any fraction thereof which is liquid at a temperature of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute.*

Sec. 81. *"Storage tank" means any tank used to store petroleum, except petroleum for use in a chemical process.*

Sec. 82. *The Legislature finds that:*

1. Protection of this State's environment, particularly its supplies of water, requires the prompt cleaning up of any discharge of petroleum from a storage tank.

2. Federal law and regulations require each operator of a storage tank to show financial responsibility for this purpose, but the capital of smaller operators is too little to meet these requirements and insurance to cover this liability is prohibitively costly for these smaller operators.

3. Free competitive access to the business of distributing petroleum therefore requires a system of funding this liability in which all engaged in the business must participate equitably.

4. The fee imposed by section 86 of this act is not an excise tax but a fee for engaging in the refining or importation of motor vehicle fuel, diesel fuel of grade number 1, diesel fuel of grade number 2 and heating oil.

Sec. 83. *1. The Board to Review Claims is hereby created in the Division. The Board consists of:*

(a) The Administrator of the Division;

(b) The Director of the Department;

(c) The State Fire Marshal;

(d) A representative of refiners of petroleum;

(e) A representative of independent dealers in petroleum;

(f) A representative of independent retailers of petroleum; and

(g) A representative of the general public.

2. An officer designated as a member of the Board may designate a substitute. The Governor shall appoint the respective representatives designated as members of the Board. Each representative of a field of enterprise must be appointed from a list of three persons nominated by persons engaged in that field in this State, through their trade association if one exists.

3. The Board shall select its Chair. The Administrator of the Division shall provide administrative assistance to the Board as required.

4. Each member who is appointed by the Governor is entitled to receive a salary of not more than $80, as fixed by the Board, for each day's attendance at a meeting of the Board.

5. While engaged in the business of the Board, each member of the Board is entitled to receive the per diem allowance and travel expenses provided for state officers and employees generally.

Sec. 84. *1. The Fund for Cleaning Up Discharges of Petroleum is hereby created as a special revenue fund in the State Treasury. The Division shall administer the Fund for the purposes prescribed in sections 68 to 94, inclusive, of this act, and the Board shall adopt appropriate regulations for the investigation and payment of claims against the Fund. The Board shall review each claim presented and authorize payment to the extent warranted by the facts of the case.*

2. The expenses incurred by the Division in performing its duties pursuant to sections 68 to 94, inclusive, of this act are a charge against the Fund. The interest earned on money in the Fund must be credited to the Fund.

3. The Board shall transmit a copy of any resolution that the Board has adopted in carrying out its duties pursuant to this section to the Legislative Counsel within 5 working days after the adoption of the resolution for inclusion in the register of administrative regulations published pursuant to NRS 233B.0653.

Sec. 85. *Notwithstanding any provision of sections 68 to 94, inclusive, of this act to the contrary, and except as otherwise provided in this section:*

1. The Division may expend not more than $250,000 from the Fund per year as reimbursement for necessary costs incurred by the Division in the response to and cleanup of any discharge involving petroleum, including discharges from a storage tank and discharges from a mobile tank that occur during the transportation of petroleum on roads and highways. If the discharge involving petroleum also involves the discharge of another hazardous material, the Division may expend money pursuant to this section in the cleanup of the discharge of petroleum and the other hazardous material. The Division shall not expend money from the Fund pursuant to this section to clean up discharges involving petroleum from pipelines.

2. Except as otherwise provided in this subsection, money from the Fund expended by the Division pursuant to this section must be used to augment,

and must not be used to replace or supplant, any money available from other sources for the cleanup of discharges of petroleum, including, without limitation, reimbursements by operators required to be made to the Division pursuant to sections 87 and 89 of this act. If no money is available from those other sources, the Division may expend money from the Fund pursuant to this section to reimburse the Division for any costs specified in subsection 1.

3. If the Division expends money pursuant to this section to clean up a discharge involving petroleum, the operator of the tank shall reimburse the Division for the operator's share of the costs for cleaning up the discharge. The Division shall, upon being reimbursed by the operator of the tank pursuant to this subsection, deposit that money in the Fund.

4. As used in this section:

(a) "Discharge" means any release, leaking or spilling from a tank into water or soil, unless the discharge is authorized by state or federal law.

(b) "Operator" means a person who owns, controls or is responsible for the operation of a tank.

(c) "Tank" means a storage tank or a mobile tank used to transport petroleum received for sale or use in this State.

Sec. 86. *1. Except as otherwise provided in subsection 2, the Department shall collect for deposit in the Fund a fee of 0.75 cent for each gallon of motor vehicle fuel, diesel fuel of grade number 1, diesel fuel of grade number 2 and heating oil imported into this State in one of those forms or refined in this State. The fee imposed by this section is in addition to the taxes imposed by chapters 365 and 366 of NRS.*

2. The fee imposed by subsection 1 does not apply to motor vehicle fuel, diesel fuel of grade number 1, diesel fuel of grade number 2 or heating oil that is:

(a) Imported or refined by the United States, its unincorporated agencies and instrumentalities, or any incorporated agency or instrumentality of the United States wholly owned by the United States or by a corporation wholly owned by the United States;

(b) Exported from this State;

(c) Imported or refined by railroad companies for use in locomotive engines;

(d) Being transported through this State in interstate commerce; or

(e) Used as fuel for jet or turbine-powered aircraft.

3. The fee is payable on or before the last day of each calendar month for those products subject to the fee that are handled during the preceding calendar month. The Department shall prescribe by regulation the manner of payment of the fee and for this purpose may reasonably classify the persons liable for payment. The Department may, in collecting the fee, employ any administrative power conferred upon it by chapter 360A or 365 of NRS.

4. The expenses incurred by the Department in performing its duties under sections 68 to 94, inclusive, of this act are a charge against the Fund.

Sec. 87. *1. Except as otherwise provided in subsection 2, the Division shall collect for deposit in the Fund an annual fee not to exceed $100, set by the Board, for the registration of each storage tank.*

2. No fee is to be collected, and no registration is required, with respect to a storage tank used to store heating oil for consumption on the same premises where the oil is stored, or a storage tank operated by a person not required to pay the fee for petroleum produced in or imported into this State.

3. The operator of a storage tank required to be registered pursuant to this section who fails to register that tank or to pay the annual fee when required shall reimburse the Division for any expense incurred by the Division in cleaning up a discharge from that storage tank and for any discharge of liability to a third person. If, in cleaning up the discharge from that storage tank, the Division expends money from the Fund in accordance with section 85 of this act, the Division shall, upon being reimbursed by the operator of the storage tank pursuant to this subsection, deposit that money in the Fund.

Sec. 88. *If the balance in the Fund for Cleaning Up Discharges of Petroleum at the end of any fiscal year is estimated at $7,500,000 or more, the Department shall transfer to the account created pursuant to NRS 408.242 the balance in the Fund for Cleaning Up Discharges of Petroleum which exceeds $7,500,000.*

Sec. 89. *1. The operator of every storage tank, and every person who for compensation puts petroleum into a storage tank, shall report to the Division every discharge from that tank of which the operator or other person is aware or has reason to believe has occurred. The Division shall undertake or contract for cleaning up the discharge unless the operator or another person is already acting properly to clean it up. If the Division cleans up the discharge, the operator shall reimburse the Division for the operator's share of the costs. If, in cleaning up the discharge, the Division expends money from the Fund in accordance with section 85 of this act, the Division shall, upon being reimbursed by the operator of the storage tank pursuant to this subsection, deposit that money in the Fund.*

2. Each operator who is required or who chooses to register a tank must, unless the tank has been tested for tightness under the federal standards embodied in 40 C.F.R. § 280.43c since July 1, 1988, test the tank pursuant to those standards before it is eligible for the coverage provided by sections 90 and 91 of this act.

Sec. 90. *The costs resulting from a discharge from a storage tank which has a capacity of 1,100 gallons or less and is used to store heating oil for consumption on the same premises where the oil is stored must be paid as follows, to the extent applicable:*

1. The first $250 for cleaning up and the first $250 of liability for damages to a person other than this State or the operator of the tank, or both amounts, by the operator.

2. If necessary to protect the environment or the public health and safety, the next $250,000 for cleaning up and the next $250,000 for damages to a person other than this State or the operator of the tank, or both amounts, from the Fund. These limits apply to any one discharge and to the total for discharges from storage tanks controlled by any one operator in any fiscal year. For the purpose of this limitation, a group of operators more than 50 percent of whose net worth is beneficially owned by the same person or persons constitutes one operator.

3. Any further cost for cleaning up or for damages, by the operator.

Sec. 91. *If the costs resulting from a discharge from any other storage tank exceed $5,000, the costs must be paid as follows, to the extent applicable:*

1. By an operator which is an agency, department, division or political subdivision of the State, 10 percent or $10,000, whichever is less, of the first $1,000,000 for cleaning up each tank and of the first $1,000,000 of liability for damages from each tank to any person other than this State or the operator of the tank, or both amounts. The balance of the first $1,000,000 for cleaning up each tank or for damages from each tank must be paid from the Fund, but the total amount paid from the Fund pursuant to this subsection in any one fiscal year for discharges from two or more storage tanks under the control of any one operator must not exceed $1,980,000 for cleaning up and $1,980,000 for damages.

2. By an operator which is a small business, 10 percent of the first $1,000,000 for cleaning up each tank and of the first $1,000,000 of liability for damages from each tank to a person other than this State or the operator of the tank, or both amounts. The total amount paid by an operator pursuant to this subsection must not exceed $50,000 for cleaning up and $50,000 for damages regardless of the number of storage tanks involved. The balance of the first $1,000,000 for cleaning up each tank or for damages from each tank must be paid from the Fund, but the total amount paid from the Fund pursuant to this subsection in any one fiscal year for discharges from two or more storage tanks under the control of any one operator must not exceed $1,900,000 for cleaning up and $1,900,000 for damages. For the purpose of this limitation, a group of operators more than 50 percent of whose net worth is beneficially owned by the same person or persons constitutes one operator.

3. By all other operators:

(a) Ten percent of the first $1,000,000 for cleaning up each tank and of the first $1,000,000 of liability for damages from each tank to a person other than this State or the operator of the tank, or both amounts.

(b) Ninety percent of the first $1,000,000 for cleaning up each tank or for damages from each tank must be paid from the Fund.

➥ The total amount paid from the Fund pursuant to paragraph (b) in any one fiscal year for discharges from two or more storage tanks under the control of any one operator must not exceed $1,800,000 for cleaning up and $1,800,000 for damages. For the purpose of this limitation, a group of

operators more than 50 percent of whose net worth is beneficially owned by the same person or persons constitutes one operator.

4. Any further cost for cleaning up or for damages which is in excess of the amounts paid pursuant to subsections 1, 2 and 3 must be paid by the operator.

5. A political subdivision of the State that receives money from the Fund pursuant to subsection 1 to pay for the costs of cleaning up shall hold one public hearing upon initiation of the cleanup and one public hearing every 3 months thereafter until the cleanup is completed to ensure that the cleanup complies with any requirements of the Division concerning the cost-effectiveness of cleaning up. The costs incurred by the political subdivision for the hearing must not be attributed to the political subdivision as part of the costs paid by the political subdivision pursuant to subsection 1.

6. For the purposes of this section, a small business is a business which receives less than $500,000 in gross annual receipts from the site where the tank is located.

Sec. 92. *1. Any person who, through willful or wanton misconduct, through gross negligence or through violation of any applicable statute or regulation, including specifically any state or federal standard pertaining to the preparation or maintenance of sites for storage tanks, proximately causes a discharge is liable to the Division for any cost in cleaning up the discharge or paying for it to be cleaned up.*

2. If a discharge occurs, the site of the tank and any other premises affected by the discharge must be brought into compliance with any applicable standard as described in subsection 1.

Sec. 93. *If the balance in the Fund is insufficient to pay in full all amounts payable from it under sections 68 to 94, inclusive, of this act, these amounts must be reduced pro rata and the amounts so withheld must be paid pro rata as additional money becomes available in the Fund.*

Sec. 94. *1. Except as otherwise specifically provided in section 85 of this act, the provisions of sections 87 to 93, inclusive, of this act do not apply to any tank which:*

(a) Contains petroleum being transported through this State in interstate commerce, but do apply to a tank being used to store petroleum received for sale or use in this State;

(b) Contains fuel for jet or turbine-powered aircraft, or is above ground and has a capacity of 30,000 gallons or less, unless in either case the operator complies with subsection 2; or

(c) Is above ground and has a capacity of more than 30,000 gallons.

2. The operator of a tank exempted by paragraph (b) of subsection 1 may obtain the coverage provided by sections 90 and 91 of this act by applying to the Board, paying the fee set pursuant to section 87 of this act for its registration, and, if the tank is used to store fuel for jet or turbine-powered aircraft, reporting monthly the number of gallons of fuel put into the tank and paying the fee required by section 86 of this act. Coverage pursuant to

this subsection begins 6 months after the tank is registered and the required fee first paid.

Remarks by Assemblywoman Titus.

ASSEMBLYWOMAN TITUS:

Amendment 337 moves a provision from a chapter in Title 51 to a better chapter in Title 40 on public health. It deletes two sections that are duplicates of sections in another bill. It converts periodic inspections and fees for point-of-sale systems and cash registers to random inspections and civil penalties for noncompliance and repeals antiquated provisions from 1925 on pesticides.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 79.

Bill read second time.

The following amendment was proposed by the Committee on Natural Resources, Agriculture, and Mining:

Amendment No. 309.

AN ACT relating to agriculture; deleting obsolete provisions governing the initial membership of each state grazing board; ~~[deleting]~~ **revising** provisions which require the State Department of Agriculture to compensate the owners of any animals that are destroyed because of infection with or exposure to an infectious, contagious or parasitic disease; requiring certain administrative fines that are paid to the Department to be accounted for separately and used for certain purposes; ~~[revising provisions governing declarations of livestock and sheep;]~~ revising the definition of "food establishment" to exclude certain establishments where animals are slaughtered and certain facilities that produce eggs; authorizing the Director of the Department to impose a civil penalty for certain violations relating to agricultural products and seeds; authorizing the Director to release certain imported potatoes without an inspection; repealing misdemeanor penalties; deleting provisions which require all nuts, fruits and vegetables that are offered for sale to be mature but not overripe; repealing certain provisions concerning the labeling of commercial feed for livestock; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill deletes provisions governing the composition of state grazing boards in 1975. **Section 2** of this bill ~~[removes the requirement that]~~ **requires** the State Department of Agriculture **to enter into an agreement with the Animal and Plant Health Inspection Service of the United States Department of Agriculture or to take any other action required to** compensate the ~~[owners]~~ **owner** of ~~[an animal]~~ **livestock** that is destroyed due to infection with or exposure to an infectious, contagious or parasitic disease.

Section 7 of this bill clarifies that certain establishments where animals are slaughtered or where eggs are produced are not considered "food establishments" for purposes of provisions governing food establishments where food intended for human consumption is manufactured or prepared, or in which any food is sold or served.

Existing law imposes certain requirements concerning agricultural products and seeds. (Chapter 587 of NRS) **Section 9** of this bill authorizes the Director of the Department to impose, after notice and an opportunity for a hearing, a civil penalty of not more than $500 for each violation of those provisions. Additionally, **sections 3 and 9** of this bill require certain administrative fines and civil penalties imposed by the Department to be: (1) used to fund a program that provides loans to certain persons engaged in agriculture; and (2) deposited in the Account for the Control of Weeds.

Existing law requires any person importing white or Irish potatoes intended for seed purposes into this State to notify the Director of the arrival of the potatoes and hold the potatoes until the potatoes are inspected and released by

the Director. (NRS 587.109) **Section 10** of this bill authorizes the Director to release those potatoes without inspection.

Sections 13 and 16 of this bill remove misdemeanor criminal penalties for violating certain provisions.

Under existing law, it is unlawful for any person to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport or sell in this State any nuts, fresh fruits or vegetables in bulk or in any container or subcontainer unless 90 percent by weight or more of such fruits, nuts or vegetables in bulk or in any container or subcontainer are free from any insect injury which has penetrated or damaged the edible portion, worms, internal breakdown, mold or decay. (NRS 587.650) **Section 14** of this bill requires 90 percent of such nuts, fresh fruits or vegetables to be free from all defects. **Section 14** also deletes a requirement that not more than 5 percent of those nuts, fresh fruits or vegetables have any one defect. **Section 15** of this bill deletes a requirement that all nuts, fruits and vegetables offered for sale must be mature but not overripe.

Section 16 repeals certain obsolete definitions and certain provisions concerning labeling of commercial feed for livestock.

Assemblywoman Titus moved the adoption of the amendment.

Remarks by Assemblywomen Titus and Kirkpatrick.

ASSEMBLYWOMAN TITUS:

This amendment revises the language relating to compensation for animals destroyed by the Department of Agriculture due to disease and deletes three sections of the bill that are duplicates of amendments in another bill.

ASSEMBLYWOMAN KIRKPATRICK:

I just wanted to get some clarification from the Chair of the Committee on Natural Resources, Agriculture, and Mining. I want to know a little about the loan process in section 3, subsection 2. Currently it says that 50 percent of it will be used to provide loans to persons under the age of 21 who are engaged in agriculture. I just want to be clear about the process because sometimes during the legislative interim, folks try to bring new regulations and I want to be clear about what this is.

ASSEMBLYWOMAN TITUS:

I looked into this and if you look, you will find that language is repeated throughout not only A.B. 79, but in A.B. 77. What they are doing with these fees is that 50 percent of them will go to support agriculture projects for anyone less than 21 years of age. It does not have to be just 4-H or FFA [Future Farmers of America]; it could be any individual project. It could be an urban project if it is related to agriculture. The interesting thing is these are loans to start these projects and these companies. They have to pay them back, but they are zero interest loans.

ASSEMBLYWOMAN KIRKPATRICK:

To my colleague from the rurals, if you could get this body the information about how folks can apply for those, that would be helpful. Even in our urban areas, we do a lot with agriculture, and I think that would be helpful for our constituents.

ASSEMBLYWOMAN TITUS:

I will happily do that. The neat thing about this program is that it is not restricted just to rural kids as long as it is related to agriculture.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 71.

AN ACT relating to parentage; requiring the State Registrar of Vital Statistics to prepare and file a birth certificate with the name or names of the intended parent or parents pursuant to ~~[a]~~ **an order issued by a** district court ~~[order]~~ **in Nevada** which validates a gestational agreement; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines a "gestational agreement" as a contract between an intended parent or parents and a gestational carrier intended to result in a live birth. (NRS 126.570) Existing law also authorizes a district court in Nevada to issue an order validating such an agreement and declaring the intended parent or parents to be the parent or parents of the resulting child. (NRS 126.720) This bill requires the State Registrar of Vital Statistics, upon receipt of such a court order, to prepare and file a certificate of birth for the resulting child which shows the intended parent or parents as the parent or parents of the child and to seal and file the court order and original certificate of birth, if any. **This bill also provides that unless the order was issued by a district court in Nevada for an action which was originally commenced in this State, a court order concerning a gestational agreement is not valid for any purpose in Nevada as it relates to a child born in this State.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 126.161 is hereby amended to read as follows:

126.161 1. A judgment or order of a court, or a judgment or order entered pursuant to an expedited process, determining the existence or nonexistence of the relationship of parent and child is determinative for all purposes.

2. If such a judgment or order of this State is at variance with the child's birth certificate, the judgment or order must direct that a new birth certificate be issued as provided in NRS 440.270 to 440.340, inclusive ~~[.]~~ ***, and section 4 of this act.***

3. If the child is a minor, such a judgment or order of this State must provide for the child's support as required by chapter 125B of NRS and must include an order directing the withholding or assignment of income for the payment of the support unless:

(a) One of the parties demonstrates and good cause is found by the court, or pursuant to the expedited process, for the postponement of the withholding or assignment; or

(b) All parties otherwise agree in writing.

4. Such a judgment or order of this State may:

(a) Contain any other provision directed against the appropriate party to the proceeding, concerning the duty of support, the custody and guardianship of the child, visitation with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Direct the father to pay the reasonable expenses of the mother's pregnancy and confinement. The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred which the court deems just.

5. A court that enters such a judgment or order shall ensure that the social security numbers of the mother and father are:

(a) Provided to the Division of Welfare and Supportive Services of the Department of Health and Human Services.

(b) Placed in the records relating to the matter and, except as otherwise required to carry out a specific statute, maintained in a confidential manner.

6. As used in this section, "expedited process" means a voluntary acknowledgment of paternity, judicial procedure or an administrative procedure established by this or another state, as that term is defined in NRS 130.10179, to facilitate the collection of an obligation for the support of a child.

Sec. 2. NRS 126.221 is hereby amended to read as follows:

126.221 Upon order of a court of this state or ***, except as otherwise provided in section 4 of this act,*** upon request of a court of another state, the State Registrar of Vital Statistics shall prepare a new certificate of birth consistent with the findings of the court and substitute the new certificate for the original certificate of birth as provided in NRS 440.270 to 440.340, inclusive ~~.]~~ ***, and section 4 of this act.***

Sec. 3. NRS 126.720 is hereby amended to read as follows:

126.720 1. If a gestational carrier arrangement satisfies the requirements of NRS 126.740 and 126.750:

(a) The intended parent or parents shall be considered the parent or parents of the resulting child immediately upon the birth of the child;

(b) The resulting child shall be considered the child of the intended parent or parents immediately upon the birth of the child;

(c) Parental rights vest in the intended parent or parents immediately upon the birth of the resulting child;

(d) Sole legal and physical custody of the resulting child vest with the intended parent or parents immediately upon the birth of the child; and

(e) Neither the gestational carrier nor her legal spouse or domestic partner, if any, shall be considered the parent of the resulting child.

2. If a gestational carrier arrangement satisfies the requirements of NRS 126.740 and 126.750 and if, because of a laboratory error, the resulting child is not genetically related to the intended parent or either of the intended parents or any donor who donated to the intended parent or parents, the intended parent or parents shall be considered the parent or parents of the child, unless a determination to the contrary is made by a court of competent jurisdiction in an action which may only be brought by one or more genetic parents of the resulting child within 60 days after the birth of the child.

3. The parties to a gestational carrier arrangement shall assume the rights and obligations of subsections 1 and 2 if:

(a) The gestational carrier satisfies the eligibility requirements set forth in subsection 1 of NRS 126.740;

(b) The intended parent or parents satisfy the requirement set forth in subsection 2 of NRS 126.740; and

(c) The gestational carrier arrangement occurs pursuant to a gestational agreement which meets the requirements set forth in NRS 126.750.

4. Before or after the birth of the resulting child, the intended parent or parents or the prospective gestational carrier or gestational carrier may commence a proceeding in any district court in this State to obtain an order designating the content of the birth certificate issued as provided in NRS 440.270 to 440.340, inclusive ~~.~~ ***, and section 4 of this act.*** If:

(a) The resulting child is to be born in this State;

(b) A copy of the gestational agreement is attached to the petition; and

(c) The requirements of NRS 126.740 and 126.750 are satisfied,

➥ the court may issue an order validating the gestational agreement and declaring the intended parent or parents to be the parent or parents of the resulting child.

Sec. 4. Chapter 440 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Whenever the State Registrar receives an order issued by a district court in this State pursuant to subsection 4 of NRS 126.720 validating a gestational agreement and declaring the intended parent or parents to be the parent or parents of the resulting child, the State Registrar shall prepare and file a certificate of birth in the name of the child which shows the intended parent or parents as the parent or parents of the child and seal and file the order and the original certificate of birth, if any. Unless the court order is issued by a district court in this State for an action which was originally commenced in this State, a court order concerning a gestational agreement is not valid for any purpose in this State as it relates to a child born in this State, including, without limitation, the preparation and filing of a certificate of birth by the State Registrar.

2. As used in this section:

(a) "Gestational agreement" has the meaning ascribed to it in NRS 126.570.

(b) "Intended parent" has the meaning ascribed to it in NRS 126.590.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

This amendment clarifies that only an order validating a gestational agreement which is issued by a district court in Nevada for an action originally commenced in this state is valid in Nevada as it relates to a child born in this state.

Second, it simplifies new language in the bill as a whole to require that the existing school policy now include methods to promote a positive learning environment.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 100.

AN ACT relating to juvenile justice; requiring the juvenile court to suspend a case if doubt arises as to whether a child is competent; requiring the juvenile court to appoint certain experts to evaluate a child and provide a written report on the competence of the child if the juvenile court suspends a case to determine whether the child is competent; requiring the juvenile court to hold an expedited hearing to determine whether a child is competent upon receipt of the written reports of all appointed experts; requiring the juvenile court to conduct a periodic review of a child determined to be incompetent; authorizing the juvenile court to terminate its jurisdiction in certain circumstances if a child has not attained competence and will be unable to attain competence in the foreseeable future; providing that a child determined to be incompetent may not be adjudicated a delinquent child or a child in need of supervision or placed under the supervision of the juvenile court during the period that the child remains incompetent; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill enacts a juvenile competency standard. **Section 3** of this bill provides that any time after a petition is filed and before the final disposition of a case, if doubt arises as to whether a child is competent, the juvenile court is required to suspend the case until the question of competence is determined. **Section 4** of this bill requires a person who makes a motion for the evaluation of a child for the purpose of determining whether the child is competent to: (1) certify that the motion is being made in good faith and is based on reasonable grounds to believe that the child is incompetent; and (2) specify facts that support the motion. **Section 5** of this bill provides that if the juvenile court suspends a case to determine whether a child is competent, the juvenile court must appoint one or more able and qualified experts, at least one of whom is a psychologist or psychiatrist, to evaluate the child and provide a written report

on the competence of the child. **Section 6** of this bill sets forth certain considerations an expert must take into account as part of his or her evaluation, **as well as certain other considerations an expert must take into account if appropriate,** and **section 7** of this bill sets forth certain requirements relating to the written report of an expert.

Section 8 of this bill requires the juvenile court to hold an expedited hearing to determine whether a child is competent upon receipt of the required written reports from all experts appointed by the juvenile court. **Section 9** of this bill authorizes the juvenile court to consider information relevant to the determination of the competence of a child and information elicited from the child only for certain purposes. Under **section 10** of this bill, after the juvenile court considers the written reports of the appointed experts, any additional written reports, and testimony and other evidence presented at the hearing, the juvenile court must determine whether the child is competent. If the juvenile court determines that the child is incompetent, the juvenile court is required to make certain additional determinations and issue all necessary and appropriate recommendations and orders.

Section 11 of this bill requires that if the juvenile court determines that a child is incompetent, the juvenile court must conduct a periodic review to determine whether the child has attained competence. After a periodic review is conducted, if the juvenile court determines that the child: (1) has attained competence, the juvenile court is required to proceed with the case; (2) has not attained competence, the juvenile court is required to order appropriate treatment; and (3) has not attained competence and will be unable to attain competence in the foreseeable future, the juvenile court is required to hold a hearing to consider the best interests of the child and the safety of the community and determine whether to dismiss any petitions pending before the juvenile court and terminate its jurisdiction.

Section 12 of this bill provides that if the juvenile court determines that a child is incompetent, the child may not, during the period that the child remains incompetent, be: (1) adjudicated a delinquent child or a child in need of supervision; or (2) placed under the supervision of the juvenile court.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 62D of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 12, inclusive, of this act.

Sec. 2. ***As used in sections 2 to 12, inclusive, of this act, unless the context otherwise requires, "incompetent" means a child does not have the present ability to:***

2. Understand the nature and purpose of the court proceedings; or

3. Aid and assist the child's counsel in the defense at any time during the proceedings with a reasonable degree of rational understanding.

Sec. 3. *1. Any time after a petition is filed and before the final disposition of a case, if doubt arises as to the competence of a child, the juvenile court shall suspend the case until the question of competence is determined.*

2. During the period when the competence of a child is being determined, the juvenile court shall consider the appropriate placement of the child and any services or other care to be provided to the child that are necessary for the well-being of the child or for public safety, and may issue any necessary orders.

3. The period in which the juvenile court is required to make its final disposition of a case, as set forth in NRS 62D.310, is tolled during the period when the competence of a child is being determined.

Sec. 4. *A person who makes a motion for the evaluation of a child for the purpose of determining whether the child is incompetent shall:*

(c) Any other factor the juvenile court deems appropriate in making the appointment.

(b) Prepare and provide a written report to the juvenile court and the parties not later than 14 days after the juvenile court enters an order appointing the expert, unless the juvenile court provides an extension for good cause shown.

4. The appointment of an expert pursuant to this section does not preclude the district attorney or the child from calling any other expert witness to testify concerning the competence of the child at an adjudicatory hearing, a hearing on a violation of juvenile probation or parole or a hearing to determine whether the child is incompetent. Any such expert witness must

be allowed to evaluate the child and examine all relevant records and documents.

Sec. 6. *1. An expert who is appointed by the juvenile court pursuant to section 5 of this act shall evaluate the child as specified in the court order appointing the expert.*

(c) Whether the child has any other disability that affects the competence of the child; and

(d) Any other factor that affects the competence of the child.

Sec. 7. *1. A written report submitted by an expert pursuant to subsection 3 of section 5 of this act must:*

(a) Identify the specific matters referred to the expert by the juvenile court for evaluation;

(e) Identify the sources of information used by the expert and present the factual basis for any clinical observations, findings and opinions of the expert; and

(f) State any recommended counseling, treatment, education or therapy to assist the child with behavioral, emotional, psychological or psychiatric issues, if ordered by the juvenile court to provide such recommendations.

2. In addition to the requirements set forth in subsection 1, if an expert believes that a child is incompetent, the expert shall also include in the report:

(a) Any recommended treatment or education for the child to attain competence;

(b) The likelihood that the child will attain competence under the recommended treatment or education;

(c) An assessment of the probable duration of the treatment or education required to attain competence;

3. The party who made the motion to determine whether the child is competent has the burden of proof to rebut the presumption of competence by a preponderance of the evidence.

4. Unless the parties stipulate or the juvenile court orders otherwise, the parties shall disclose all witnesses, reports and documents at least 10 days before the scheduled day of the hearing.

5. During the hearing, the parties may:

(a) Introduce other evidence, including, without limitation, evidence related to treatment, competence and the possibility of ordering the involuntary administration of medicine; and

(b) Cross-examine witnesses.

Sec. 9. ***1. Except as otherwise provided in subsection 2, the juvenile court may consider any information that is relevant to the determination of the competence of the child and any information elicited from the child pursuant to sections 2 to 12, inclusive, of this act only for the purpose of:***

(a) Determining whether the child is incompetent; and

(b) Making a ~~[final]~~ disposition of the case ~~[.]~~ in juvenile court.

2. The provisions of subsection 1 do not apply if a child whose competence is being determined presents any information to the juvenile court for a purpose other than those set forth in subsection 1.

Sec. 10. ***1. After the juvenile court considers the written reports of all the experts appointed by the juvenile court, any additional written reports, and testimony and other evidence presented at the hearing, the juvenile court shall determine whether the child is incompetent.***

2. If the juvenile court determines that the child is competent, the juvenile court shall proceed with the case.

3. After a periodic review is conducted pursuant to subsection 1, if the juvenile court determines that the child:

(a) Is competent, the juvenile court shall enter an order accordingly and proceed with the case.

(b) Has not attained competence, the juvenile court shall order appropriate treatment, including, without limitation, residential or nonresidential placement in accordance with sections 2 to 12, inclusive, of this act, commitment to an institution for persons with intellectual disabilities or mental illness pursuant to NRS 62E.160, or as otherwise allowed by law.

(c) Has not attained competence and will be unable to attain competence in the foreseeable future, the juvenile court shall hold a hearing to consider the best interests of the child and the safety of the community and determine

whether to dismiss any petitions pending before the juvenile court and terminate the jurisdiction of the juvenile court. In determining whether to dismiss a petition and terminate its jurisdiction pursuant to this paragraph, the juvenile court shall consider:

(11) The extent of family support available to the child;

(12) Whether the child has had positive psychological and social evaluations; and

(13) Any other factor the juvenile court deems relevant to the determination of whether continued juvenile court jurisdiction will be conducive to the welfare of the child and the safety of the community.

Sec. 12. ***If the juvenile court determines that a child is incompetent pursuant to section 10 of this act, during the period that the child remains incompetent, the child may not be:***

1. Adjudicated a delinquent child or a child in need of supervision; or

2. Placed under the supervision of the juvenile court pursuant to a supervision and consent decree pursuant to NRS 62C.230.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

This amendment clarifies that the delinquency is an allegation of delinquency. It includes parole when the district attorney or the child can call any other expert witness to testify concerning the child's competence. It clarifies certain considerations, if appropriate, an expert must take into

account as part of his or her evaluation and clarifies that the exceptions for the limited use of the child's statements apply only in juvenile court and would not apply in criminal court.

Amendment No. 144.

AN ACT relating to concealed firearms; authorizing ~~[a person]~~ **certain persons** who ~~[possesses]~~ **possess** a permit to carry a concealed firearm issued by another state to carry a concealed firearm in this State in accordance with the laws of this State; repealing certain other provisions concerning reciprocity of permits to carry concealed firearms; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Public Safety to prepare annually a list of states that have: (1) requirements for the issuance of a permit to carry a concealed firearm that are substantially similar to or more stringent than the requirements set forth in this State; and (2) an electronic database which identifies each individual who possesses a valid permit to carry a concealed firearm by that state and which a law enforcement officer in this State may access at all times. Additionally, a state may only be included in the list if the Nevada Sheriffs' and Chiefs' Association agrees with the Department's inclusion of the state. (NRS 202.3689) Existing law also authorizes a person who possesses a permit to carry a concealed firearm that was issued by a state included in the list to carry a concealed firearm in this State in accordance with the laws of this State unless the person: (1) becomes a resident of this State; and (2) has not been issued a permit from the sheriff of the county in which he or she resides within 60 days after becoming a resident of this State. (NRS 202.3688) **Section 2** of this bill repeals all provisions of existing law relating to the list prepared by the Department.

Existing law additionally requires that a person who is a resident of this State must be at least 21 years of age to be eligible for a permit to carry a concealed firearm. (NRS 202.3657) **Section 1** of this bill authorizes a person who possesses a permit to carry a concealed firearm that was issued by another state to carry a concealed firearm in this State in accordance with the laws of this State ~~[unless]~~ **if the person: (1) is at least 21 years of age; or (2) is less than 21 years of age and is a law enforcement officer or a member of the Armed Forces of the United States, a reserve component thereof or the National Guard, or was discharged or released from service therein under honorable conditions. A person who meets either such requirement is prohibited from carrying a concealed firearm in this State if** the person ~~[:~~ ~~(1)]~~ becomes a resident of this State ~~[;]~~ and ~~[(2)]~~ **, if the person is at least 21**

years of age, has not been issued a permit from the sheriff of the county in which he or she resides within 60 days after becoming a resident of this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

➥ A person who is authorized to carry a concealed firearm pursuant to this subsection is not exempt from any age requirements imposed by law which govern the purchase of firearms or ammunition.

3. A person who ~~[possesses a permit to carry a concealed firearm that was issued by a~~ ***another*** ~~state included in the list prepared pursuant to NRS 202.3689]~~ ***meets the requirements of:***

Sec. 3. **This act becomes effective upon passage and approval.**

TEXT OF REPEALED SECTION

202.3689 Department to prepare list of states that meet certain requirements concerning permits; Department to provide copy of list to law enforcement agencies in this State; Department to make list available to public.

1. On or before July 1 of each year, the Department shall:

(b) Determine whether each state has an electronic database which identifies each individual who possesses a valid permit to carry a concealed firearm issued by that state and which a law enforcement officer in this State may access at all times through a national law enforcement telecommunications system.

(c) Prepare a list of states that meet the requirements of paragraphs (a) and (b). A state must not be included in the list unless the Nevada Sheriffs' and Chiefs' Association agrees with the Department that the state should be included in the list.

(d) Provide a copy of the list prepared pursuant to paragraph (c) to each law enforcement agency in this State.

2. The Department shall, upon request, make the list prepared pursuant to subsection 1 available to the public.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblymen Hansen, Kirkpatrick, and Wheeler.

ASSEMBLYMAN HANSEN:

Amendment 144 to Assembly Bill 139 allows a member of the military or an honorably discharged member of the military or a current law enforcement officer who is under 21 years of age and has a CCW issued by another state to carry a concealed firearm in Nevada. It changes the effective date to upon passage and approval.

ASSEMBLYWOMAN KIRKPATRICK:

To the Chairman of the Committee on Judiciary, as a CCW carrier—and knowing all the hard work I had to go through to get that CCW—I just want to have some clarity on this amendment. What happens if the other state has just on online provision to get a CCW and you do not have to go out and shoot? I want to understand how that works. I am proud of my CCW, and I earned every bit of it and I had to practice.

ASSEMBLYMAN HANSEN:

This is limited very specifically to law enforcement officers and members of the Armed Forces who have been honorably discharged or current members. It is for people who have extensive experience with weapons and high levels of training. So if you have a CCW in another state and you are a member of one of those three groups, then you would be allowed to carry a concealed weapon in Nevada.

ASSEMBLYWOMAN KIRKPATRICK:

I am assuming that if that does happen, they would have to produce their police card or their service card.

ASSEMBLYMAN WHEELER:

I believe that the Chairman of Judiciary is correct about the amendment. I think the misunderstanding is that the Minority Leader is asking about the bill. The bill actually allows any CCW from any of the 50 states to carry in Nevada. The amendment adds these people as well.

Amendment adopted.

Assembly Bill No. 157.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 127.

AN ACT relating to service animals; making certain provisions relating to service animals and service animals in training applicable only when the animal is a dog or a miniature horse; **revising provisions governing the use of a service animal by a person with a disability;** allowing an employer to determine whether it is reasonable to allow an employee to keep a service animal that is a miniature horse at the place of employment; allowing a place of public accommodation or common carrier to determine whether it is reasonable to admit a service animal or service animal in training that is a miniature horse; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines: (1) "service animal" as an animal that has been trained to assist or accommodate a person with a disability; and (2) "service animal in training" as an animal that is being trained to assist or accommodate a person with a disability. (NRS 426.097, 426.099) Federal regulations: (1) define "service animal" as a dog that is individually trained to do work or perform tasks for the benefit of a person with a disability; and (2) require a place of public accommodation to make reasonable modifications to allow the use of a miniature horse that is individually trained to do work or perform tasks for the benefit of a person with a disability. (28 C.F.R. §§ 35.104, 35.136, 36.104, 36.302) **Sections 1 and 2** of this bill revise the definition of the terms "service animal" and "service animal in training" to include only dogs and miniature horses trained or being trained to do work or perform tasks for the benefit of a person with a disability. Because those terms are incorporated in other provisions of existing law, only dogs and miniature horses will be considered service animals for the purposes of provisions of existing law that: (1) require certain emergency management plans and plans for emergency operations to address the needs of persons with service animals; (2) authorize only a blind, deaf or physically disabled person to use a service animal; (3) require persons to take precautions to avoid accident or injury to a person using a service animal; (4) prohibit interfering with, beating or killing a service animal; (5) prohibit fraudulently misrepresenting an animal as a service animal; (6) require sterilization of certain pets that are not service animals; (7) require an employer to allow an employee to keep a service animal with him or her; and (8) require

a place of public accommodation or a common carrier to admit a service animal or a service animal in training. (NRS 414.095, 414.097, 426.510, 426.515, 426.695, 426.790, 426.805, 426.810, 484B.290, 574.600-574.660, 613.330, 651.075, 704.145, 706.366)

Existing federal regulations require a public entity or a place of public accommodation to make accommodations to permit the use of a service animal by a person with any disability. (28 C.F.R. §§ 35.136, 36.302) Existing law in Nevada: (1) authorizes a person who is blind, deaf or has a physical disability to use a service animal; and (2) provides that the failure of such a person to use a service animal may be admissible as evidence of contributory negligence in certain personal injury actions. (NRS 426.510, 426.515) Sections 2.3 and 2.7 of this bill revise those provisions of existing law to include a person with any type of disability.

Sections 3-6 of this bill provide that an employer is not required to allow an employee to keep a service animal that is a miniature horse with him or her, and a place of public accommodation or common carrier is not required to admit a service animal or service animal in training that is a miniature horse, if it would be unreasonable to comply, using criteria for determining reasonableness set forth in federal regulations.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 426.097 is hereby amended to read as follows:

426.097 "Service animal" ~~[means an animal that has been trained to assist or accommodate a person with a disability.]~~ ***has the meaning ascribed to it in 28 C.F.R. § 36.104 and includes a miniature horse that has been trained to do work or perform tasks for the benefit of a person with a disability.***

Sec. 2. NRS 426.099 is hereby amended to read as follows:

➥ is guilty of a misdemeanor.

7. This section does not apply to any person who is instructing a person who is blind, person who is deaf or person with ~~[a physical]~~ ***any other*** disability or training a service animal.

Sec. 2.7. **NRS 426.515 is hereby amended to read as follows:**

426.515 The failure of a:

1. Person who is blind to carry a white or metallic colored cane or to use a service animal;

2. Person who is deaf to use a service animal; or

3. Person with a ~~[physical]~~ disability ***not described in subsection 1 or 2*** to use a service animal,

➥ does not constitute contributory negligence per se, but may be admissible as evidence of contributory negligence in a personal injury action by that person against a common carrier or any other means of public conveyance or transportation or a place of public accommodation as defined by NRS 651.050 when the injury arises from the person who is blind, person who is deaf or person with ~~[a physical disability's]~~ ***any other disability*** making use of the facilities or services offered by the carrier or place of public accommodation.

Amendment No. 236.

AN ACT relating to common-interest communities; revising certain provisions concerning a period of declarant's control of a unit-owners' association; revising certain provisions relating to elections of the members of the executive board of a unit-owners' association; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes provisions governing common-interest communities. (Chapter 116 of NRS) Under existing law, the declaration of a common-interest community may provide for a period of declarant's control of the unit-owners' association, during which a declarant may appoint and remove the officers and members of the executive board of the association. (NRS 116.31032) This bill revises the provisions governing the period of time in which a period of declarant's control must terminate. This bill also revises certain provisions concerning the election of unit owners to the executive board during the period of declarant's control.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 116.31032 is hereby amended to read as follows:

116.31032 1. Except as otherwise provided in this section, the declaration may provide for a period of declarant's control of the association, during which a declarant, or persons designated by a declarant, may appoint and remove the officers of the association and members of the executive board. A declarant may voluntarily surrender the right to appoint and remove officers and members of the executive board before termination of that period and, in that event, the declarant may require, for the duration of the period of declarant's control, that specified actions of the association or executive board, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective. Regardless of the period provided in the declaration, a period of declarant's control terminates no later than the earliest of:

(a) ~~[Sixty]~~ ***For a common-interest community with less than 1,000 units, 60*** days after conveyance of 75 percent of the units that may be created to units' owners other than a declarant ~~[or, if]~~ ***;***

(b) For a common-interest community with 1,000 units or more, 60 days after conveyance of 90 percent of the units that may be created to units' owners other than a declarant;

(c) If the association exercises powers over a common-interest community pursuant to this chapter and a time-share plan pursuant to chapter 119A of NRS, 120 days after conveyance of 80 percent of the units that may be created to units' owners other than a declarant;

~~[(b)]~~ ***(d)*** Five years after all declarants have ceased to offer units for sale in the ordinary course of business;

~~[(c)]~~ ***(e)*** Five years after any right to add new units was last exercised; or

~~[(d)]~~ ***(f)*** The day the declarant, after giving notice to units' owners, records an instrument voluntarily surrendering all rights to control activities of the association.

2. ~~[Not]~~ ***For a common-interest community with:***

(a) Less than 1,000 units, not later than 60 days after conveyance of 25 ~~***[15]***~~ percent of the units that may be created to units' owners other than a declarant, at least one member and not less than 25 percent of the members of the executive board must be elected by units' owners other than the declarant.

(b) One thousand units or more, not later than 60 days after conveyance of 15 percent of the units that may be created to units' owners other than a declarant, at least one member and not less than 25 percent of the members of the executive board must be elected by units' owners other than the declarant.

3. Not later than 60 days after conveyance of 50 percent of the units that may be created to units' owners other than a declarant, not less than one-third of the members of the executive board must be elected by units' owners other than the declarant.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblymen Hansen, Kirkpatrick, and Woodbury.

ASSEMBLYMAN HANSEN:

This amendment revises the period of time in which a period of declarant's control may terminate depending on the size: for a common-interest community with less than 1,000 units, 60 days after conveyance of 75 percent of the units and for 1,000 units or more, 60 days after conveyance of 90 percent of the units. It revises the election of unit owners to the executive board during the period of declarant's control depending on the size: for a common-interest community with less than 1,000 units, not later than 60 days after conveyance of 25 percent of the units and for 1,000 units or more, not later than 60 days after conveyance of 15 percent of the units.

ASSEMBLYWOMAN KIRKPATRICK:

Would the Chairman of the Committee on Judiciary allow the bill's sponsor, my colleague from District 23, to give me some legislative intent? I live in North Las Vegas where there are a lot of unfinished subdivisions, so I would like to know what the legislative intent was. If I get asked, I will know the answer.

ASSEMBLYWOMAN WOODBURY:

This bill allows a declarant to remain on the board longer than is currently in statute, until 90 percent of the units are sold within a large master planned community of 1,000 units or more. This extended time will allow the completion of major infrastructure such as utilities, parks, and trails and allow for a smoother transition to the homeowner board. It also allows the homeowner on the board sooner, which allows for more education of the homeowner.

Many of these master planned communities have multi-million dollar annual operating budgets, and this is a large operating budget for someone without the experience to oversee. With the homeowner and the declarant on the board, in addition to completing the necessary infrastructure, the declarant can educate the homeowners on the board, which ultimately allows for a smoother transition to the homeowner-controlled board once the declarant is off.

ASSEMBLYWOMAN KIRKPATRICK:

That brings a lot of relief to the homeowners who want to be on the board sooner.

Amendment No. 239.

SUMMARY—Prohibits a person from making or causing to be made ~~[a 311]~~ **certain** nonemergency telephone ~~[call]~~ **calls** under certain circumstances. (BDR 15-922)

AN ACT relating to crimes; prohibiting a person from making or causing to be made ~~[a 311]~~ **certain** nonemergency telephone ~~[call]~~ **calls** under certain

circumstances; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law makes it a gross misdemeanor for a person to knowingly or willfully make or cause to be made any telephonic access to a system established to provide a telephone number to be used in an emergency if no actual or perceived emergency exists. (NRS 207.245) This bill similarly makes it a gross misdemeanor for a person to knowingly or willfully make or cause to be made a ~~[~~311~]~~ nonemergency telephone call to report an emergency **on any nonemergency telephone line maintained by a governmental entity** if no actual or perceived emergency exists. This bill also makes it a category E felony for a person to commit either offense if the person ~~[knew or reasonably should have known that his or her conduct would create a risk which is likely to and actually]~~ **intended to initiate an emergency response and the emergency response initiated by that person** results in the death or serious bodily injury of another. This bill further provides that a person who is convicted of a category E felony for such an offense is liable for any costs incurred by any governmental entity as a result of his or her conduct. **Finally, this bill provides that it is an affirmative defense to a violation charged pursuant to the provisions of this bill if it is proven by a preponderance of the evidence that the defendant suffers from a mental illness or is intellectually disabled.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 207.245 is hereby amended to read as follows:

207.245 1. ~~[As used in this section, "system" means a system established to provide a telephone number to be used in an emergency.~~

➥ if no actual or perceived emergency exists.

~~[3. Any]~~

2. Except as otherwise provided in subsection 3, a person who violates any provision of this section is guilty of a gross misdemeanor.

3. A person who violates any provision of this section is guilty of a category E felony and shall be punished as provided in NRS 193.130 if : ~~[the person knew or reasonably should have known that his or her conduct would create a risk which:]~~

(a) ~~[Is likely to result in the death or serious bodily injury of another;]~~ The person intended to initiate an emergency response by law enforcement, firefighting, emergency medical care or public safety personnel when no actual emergency exists; and

4. A person who is convicted of a category E felony pursuant to subsection 3 is liable for any costs incurred by any governmental entity as a result of his or her conduct.

5. It is an affirmative defense to a violation charged pursuant to this section if it is proven by a preponderance of the evidence that the defendant suffers from a mental illness or is intellectually disabled. A court may, if appropriate, take any action authorized by law for the purpose of having the defendant assigned to a program of treatment established pursuant to NRS 176A.250.

6. As used in this section:

(a) "Emergency" means a situation in which immediate intervention is necessary to protect the physical safety of a person or others from an immediate threat of physical injury or to protect against an immediate threat of severe property damage, or any other situation which is likely to cause a governmental entity to provide services related to law enforcement, firefighting, emergency medical care or public safety.

(b) "Governmental entity" means an institution, board, commission, bureau, council, department, division, authority or other unit of government of this State, including, without limitation, an agency of this State or of a political subdivision.

(c) "System" means a system established to provide a telephone number to be used in an emergency.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

This amendment changes the language of the bill from a 311 nonemergency telephone call to any nonemergency telephone call. It clarifies that a person is guilty of a category E felony if the person calling intended to initiate an emergency response when no actual emergency existed and the emergency response initiated by the person results in the death or serious bodily injury of another. Finally, this amendment provides that it is an affirmative defense if it is proven by a preponderance of the evidence that the defendant suffers from a mental illness or is intellectually disabled.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 240.

AN ACT relating to real property; revising exceptions to certain requirements related to the servicing of residential mortgage loans and the foreclosure of owner-occupied housing securing a residential mortgage loan; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a signatory to the consent judgment entered in the case entitled *United States of America et al. v. Bank of America Corporation et al.*, who complies with the Settlement Term Sheet under that judgment is deemed to be in compliance with certain provisions of state law governing the servicing of residential mortgage loans. However, if that consent judgment is modified or amended to permit compliance with the Final Servicing Rules issued by the federal Consumer Financial Protection Bureau to supersede the terms of the Settlement Term Sheet of the consent judgment: (1) a signatory to the consent judgment who is in compliance with the modified or amended Settlement Term Sheet is deemed to be in compliance with certain provisions of state law governing the servicing of residential mortgage loans; and (2) any other person who complies with the Final Servicing Rules is deemed to be in compliance with those provisions of state law. This bill amends this provision to specifically state that any mortgage servicer, mortgagee, beneficiary of a deed of trust or an authorized agent of such a person is deemed to be in compliance with existing state law if the servicer, mortgagee, beneficiary or authorized agent complies with the Final Servicing Rules. This bill further provides that if the Final Servicing Rules are repealed or held invalid, or otherwise lapse, the servicer, mortgagee, beneficiary or authorized agent is subject to the provisions of state law.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 107.560 is hereby amended to read as follows:

107.560 1. If a trustee's deed upon sale has not been recorded, a borrower may bring an action for injunctive relief to enjoin a material violation of NRS 107.400 to 107.560, inclusive. If a sheriff has not recorded the certificate of the sale of the property, a borrower may obtain an injunction to enjoin a material violation of NRS 107.400 to 107.560, inclusive. An injunction issued pursuant to this subsection remains in place and any foreclosure sale must be enjoined until the court determines that the mortgage servicer, mortgagee, beneficiary of the deed of trust or an authorized agent of such a person has corrected and remedied the violation giving rise to the action for injunctive relief. An enjoined person may move to dissolve an injunction based on a showing that the material violation has been corrected and remedied.

2. After a trustee's deed upon sale has been recorded or after a sheriff has recorded the certificate of the sale of the property, a borrower may bring a civil action in the district court in the county in which the property is located to recover his or her actual economic damages resulting from a material violation of NRS 107.400 to 107.560, inclusive, by the mortgage servicer, mortgagee, beneficiary of the deed of trust or an authorized agent of such a person, if the material violation was not corrected and remedied before the recording of the trustee's deed upon sale or the recording of the certificate of sale of the

property pursuant to NRS 40.430. If the court finds that the material violation was intentional or reckless, or resulted from willful misconduct by a mortgage servicer, mortgagee, beneficiary of the deed of trust or an authorized agent of such a person, the court may award the borrower the greater of treble actual damages or statutory damages of $50,000.

3. A mortgage servicer, mortgagee, beneficiary of the deed of trust or an authorized agent of such a person is not liable for any violation of NRS 107.400 to 107.560, inclusive, that it has corrected and remedied, or that has been corrected and remedied on its behalf by a third party, before the recording of the trustee's deed upon sale or the recording of the certificate of sale of the property pursuant to NRS 40.430.

4. A violation of NRS 107.400 to 107.560, inclusive, does not affect the validity of a sale to a bona fide purchaser for value and any of its encumbrancers for value without notice.

5. A signatory to a consent judgment entered in the case entitled United States of America et al. v. Bank of America Corporation et al., filed in the United States District Court for the District of Columbia, case number 1:12-cv-00361 RMC, that is in compliance with the relevant terms of the Settlement Term Sheet of that consent judgment with respect to the borrower while the consent judgment is in effect is deemed to be in compliance with NRS 107.400 to 107.560, inclusive, and is not liable for a violation of NRS 107.400 to 107.560, inclusive. If, on or after October 1, 2013, the consent judgment is modified or amended to permit compliance with the relevant provisions of 12 C.F.R. Part 1024, commonly known as Regulation X, and 12 C.F.R. Part 1026, commonly known as Regulation Z, as those regulations are amended by the Final Servicing Rules issued by the Consumer Financial Protection Bureau in 78 Federal Register 10,696 ***and 10,902*** on February 14, 2013, and any amendments thereto, to supersede some or all of the relevant terms of the Settlement Term Sheet of the consent judgment ~~[~~:

AN ACT relating to charter schools; revising the requirements for a project that is financed through bonds to benefit a charter school; ~~[removing the requirement that such a project pay a prevailing wage;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Director of the Department of Business and Industry to issue bonds and other obligations to finance the acquisition, construction, improvement, restoration or rehabilitation of property, buildings and facilities for charter schools if certain criteria are met. Existing law requires a charter school for whose benefit a project is being financed to have received, within the immediately preceding 3 consecutive school years, one of the two highest ratings of performance pursuant to the statewide system of accountability for public schools. GENERAL FILE AND THIRD READING

Assembly Bill No. 8.

Bill read third time.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 8 specifically prohibits a person or organization other than a child welfare agency or a licensed child-placing agency from using various computerized communication systems, such as electronic mail and websites, to advertise the availability or placement of children for adoption. A violation of these provisions would be a misdemeanor.

During a court proceeding, instruments of restraint on a child are prohibited unless the restraint is necessary to prevent the child from harming himself or herself or another person or to prevent the child from escaping the courtroom and there is not a less restrictive alternative to prevent such harm or potential escape. In determining whether to use restraints on a child, the court must consider certain factors in making its determination and make specific findings of fact and conclusions of law to support its determination.

The measure provides that certain placements of a child are not prohibited, including the placement of a child with a relative or stepparent, the placement of a child with or by a licensed child-placing agency or an agency that provides child welfare services, and the placement of a child with a person who is approved by a court. The bill prohibits the trafficking of children, including selling, transferring, or arranging for the sale, transfer, or receiving of a child to another person or entity for money or anything of value. A parent, individual, or entity with custody of a child who traffics the child with the intention of permanently divesting themselves of responsibility for the child would be guilty of a category C felony pursuant to this measure and also may be ordered by a court to pay restitution to the victim of child trafficking.

During the interim, I had the privilege of serving on the Legislative Committee on Child Welfare and Juvenile Justice. It was chaired by our former colleague from Assembly District 8 who worked tirelessly on this issue. During the hearings we heard a lot of testimony about a process called re-homing, where ads are put on Craig's List trying to move adopted children—children that the parents have decided they do not want anymore. Assembly Bill 8 will really address that issue and make sure that does not happen in Nevada.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 23 revises provisions relating to the conduct of elections, including removing the requirement that certain topics be the subject of regulations to be adopted by the Secretary of State. The bill changes the date of certain general city elections to the second Tuesday after the first Monday in June and makes conforming changes to the charters of Boulder City, Caliente, Henderson, Las Vegas, North Las Vegas, and Yerington.

The bill also revises a provision in current law to require that only voters who voted at the relevant preceding election may sign a recall petition. That is to conform to recent Nevada Supreme Court opinion. The bill provides that a committee for the recall of a public officer must file contribution and expenditure reports, regardless of the outcome of the efforts to circulate the recall petition. The bill incorporates the definition of the term "independent expenditure," which we clarified last session into the definition of "committee for political action." Contribution limits currently tied to the dates for convening and adjourning the legislative session are changed to calendar years.

There were some questions about changing the date of the municipal elections. The reason provided during your hearings was the local registrars and the city clerks were having difficulty getting the schools to be available. Moving this will push this out, school will have ended, and hopefully they will not have those difficulties in terms of these municipal elections.

ASSEMBLYMAN MOORE:

Assembly Bill 53 revises the standard of proof for administrative hearings in existing law to conform to the preponderance-of-the-evidence standard set by a recent Nevada Supreme Court decision. This bill also codifies into statute the definition of "substantial evidence" in case law for purposes of the standard for judicial review.

Among other provisions, A.B. 53 also provides that the voluntary surrender of a license in a contested case will constitute disciplinary action against the licensee. It also requires a party who requests the transcription of oral proceedings to pay for the costs of the transcription. It clarifies that to be a contested case, the provision of notice and opportunity for hearing must be required by statute or regulation. Finally, it makes it discretionary instead of mandatory for a regulatory

body that initiates disciplinary proceedings against a licensee to require the licensee to submit his or her fingerprints.

Assembly Bill 83 expands the definition of "manufacturer" for the purposes of the regulation of cigarettes and other tobacco products to include certain persons who produce, fill, roll, dispense, or otherwise manufacture cigarettes using certain commercial-grade cigarette rolling machines. The bill requires that a manufacturer must obtain a license from the Department of Taxation in order to operate a rolling machine for commercial purposes, and additionally provides for the seizure and destruction of a rolling machine that is operated illegally.

Assembly Bill 83 also removes a provision requiring certain tobacco manufacturers who are required to maintain a registered agent in Nevada solely to comply with the provisions of NRS 370.680 from the requirement to obtain a state business license from the Secretary of State's Office. ASSEMBLYMAN O'NEILL:

Assembly Bill 103 requires the Department of Motor Vehicles to design, prepare, and issue special license plates honoring veterans who have received the Silver Star or the Bronze Star Medal with "V" device, Combat V, or Combat Distinguishing Device. A veteran who is eligible for these plates and has suffered a 100-percent, service-connected disability may have the international symbol of access inscribed on the license plates.

The bill specifies that no fee, in addition to applicable registration and license fees and government services taxes, may be charged for the issuance or renewal of these special license plates. Finally, a vehicle on which such plates are displayed is exempt from the payment of parking fees charged by the state or any political subdivision or other public body within the state, other than the federal government. ASSEMBLY PROCEEDINGS 1011

THE SEVENTY-SECOND DAY

CARSON CITY (Tuesday), April 14, 2015

Assembly called to order at 12:34 p.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblymen Wheeler and Woodbury, who were excused.

Prayer by the Chaplain, Pastor Nick Emery.

To all those gathered here, we ask of You, Lord, for strength and wisdom as they conduct the business of our great state, Nevada.

The Word of God, in Micah 6:8 says: "He has told you, what is good; and what the Lord requires of you: to do justice, to love kindness, and to walk humbly with your God." Heavenly Father, You have made it clear what we must do. We must do what is fair and just to those around us; we must be compassionate and loyal in our love. And, we must take You seriously and seek You with all our hearts.

Guide these leaders this day, we pray, in the mighty name of Jesus.

AMEN.

Pledge of allegiance to the Flag.

Assemblyman Paul Anderson moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Assembly Bill No. 87.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 115.

AN ACT relating to insurance; revising provisions governing certain duties of insurers with regard to coverage and claims for persons who are eligible for or provided medical assistance under Medicaid; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Federal law requires a state to place certain requirements upon health insurers with regard to the state plan for medical assistance. (42 U.S.C. 1396a) Consistent with one of these requirements, existing state law: (1) prohibits an insurer from taking into account the fact that a person is eligible for medical assistance under Medicaid when considering the person's eligibility for coverage or when making payments under a policy of health insurance or group health policy; (2) requires an insurer to treat Medicaid as having a valid and enforceable assignment of the recipient of Medicaid's right to payment by the insurer or other specified entity; (3) prohibits an insurer from imposing additional requirements on a state agency that is assigned any rights of an insured who is eligible for medical assistance under Medicaid; (4) requires an insurer to provide, upon request, certain information concerning an insured who is eligible for medical assistance under Medicaid to a state agency that is assigned any rights of the insured; (5) requires an insurer to respond to inquiries by such a state agency concerning a claim for payment for any medical item or service not later than 3 years after the date of provision of the medical item or service; and (6) requires an insurer to agree not to deny a claim by such a state agency solely on the basis of certain procedural reasons if the

state agency submits the claim not later than 3 years after the date of the provision of medical item or service and the state agency commences any action to enforce its rights with respect to the claim not later than 6 years after submission of the claim. (42 U.S.C. 1396a(25)(I); NRS 689A.430, 689B.300) Existing state law also defines the term "insurer" for the purposes of the Nevada Insurance Code to include "every person engaged as principal and as indemnitor, surety or contractor in the business of entering into contracts of insurance." (NRS 679A.100)

Sections 1 and 2 of this bill expressly provide, consistent with federal law, that all of the provisions of existing state law described above relating to Medicaid apply to insurers, including, without limitation, self-insured plans, group health plans as defined in section 607(1) of the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1167(1), service benefit plans, ~~[pharmacy benefit managers and]~~ other organizations that have issued a policy of health insurance or a group health policy **~~[.]~~ and any other parties described in the Social Security Act as being legally responsible for payment of a claim for a health care item or service.**

Remarks by Assemblyman Kirner.

ASSEMBLYMAN KIRNER:

Amendment 115 to Assembly Bill 87 removes the phrase "pharmacy benefit manager" from the list of entities considered to be insurers subject to the requirements of the legislation. It instead inserts a reference to federal statute describing the third-party entities which may be liable for payment for care or services.

AN ACT relating to contractors; revising provisions regarding the advertising of construction services and the soliciting of construction bids; increasing penalties for certain violations of provisions governing contractors; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires persons engaged in certain construction work to be licensed contractors, regulates the activities of licensed contractors, prohibits persons from making certain advertising claims about themselves as contractors, and provides criminal and monetary penalties for violations of the preceding provisions. (Chapter 624 of NRS)

Under existing law, it is unlawful for a licensed contractor or an applicant to become a licensed contractor to misrepresent a material fact in connection with any information or evidence furnished officially to the State Contractors' Board. (NRS 624.3013) **Section 2** of this bill expands the prohibition to include omissions of material facts as well as misrepresentations.

Section 3 of this bill adds the solicitation of a bid or estimate from **a** ~~[an unlicensed]~~ person **known by a licensed contractor to be unlicensed** to the list of acts for which a licensed contractor may be subject to disciplinary action. ~~[In addition, section 3 mandates the suspension or revocation of the license of any contractor who engages in certain acts.]~~

Existing law prohibits licensed contractors and other persons from engaging in certain acts of advertising that are false or misleading. (NRS 624.720) **Section 5** of this bill: (1) requires any person who advertises to perform or complete construction work or a work of improvement, and who is not a licensed contractor, to affirmatively state in the advertisement that they are not licensed; and (2) makes it unlawful for any person to advertise to perform or

complete construction work or a work of improvement using a license number not assigned to that person.

Section 6 of this bill increases the monetary fines that may be imposed for violations of certain provisions of chapter 624 of NRS. ~~[Sections 1 and]~~ **In addition, section 6 provides for an enhancement of such monetary fines under certain circumstances.**

Section 4 of this bill ~~[make]~~ **makes** conforming changes.

~~8. The expiration of a license by operation of law or by order or decision of the Board or a court, or the voluntary surrender of a license by a licensee, does not deprive the Board of jurisdiction to proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.~~

ASSEMBLYMAN KIRNER:

The amendment removes provisions related to additional punishments for violations of NRS 624.3014 and requires that a licensee must solicit a bid or estimate from a person known by the licensee to be unlicensed in order for the Board to impose discipline.

The amendment also allows the Board to exceed limitations on the dollar amounts of certain fines by adding a fine enhancement of up to 10 percent of the value of the contract under certain circumstances.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 341.

AN ACT relating to water; revising provisions relating to the use of water on certain lands in a federal reclamation project; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a water right is generally considered to be appurtenant to, or belong to, the land where it is used. Existing law provides that a surface water right acquired by a water user in a federal reclamation project is considered under certain circumstances to be appurtenant to an entire farm rather than particular land within the farm. In this context, a "farm" is defined to be a tract of land that is under the same ownership and primarily used for agricultural purposes. (NRS 533.040) This bill revises the definition to include two or more tracts of land ~~[under common ownership]~~ **that are owned or leased by the same person** and **are** primarily used for agricultural purposes, regardless of whether the tracts are contiguous to one another.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 533.040 is hereby amended to read as follows:

533.040 1. Except as otherwise provided in this section, any water used in this State for beneficial purposes shall be deemed to remain appurtenant to the place of use.

2. If at any time it is impracticable to use water beneficially or economically at the place to which it is appurtenant, the right may be severed from the place of use and be simultaneously transferred and become appurtenant to another place of use, in the manner provided in this chapter, without losing priority of right.

3. The provisions of this section do not apply to a ditch or canal company that appropriates water for diversion and transmission to the lands of private persons for an annual charge.

4. For the purposes of this section, a surface water right acquired by a water user in a federal reclamation project may be considered appurtenant to an entire farm, instead of specifically identifiable land within that farm, upon the granting of a permit for the change of place of use by the State Engineer which designates the place of use as the entire farm. The quantity of water available for use on that farm must not exceed the total amount determined by applicable decrees as designated in the permit granted by the State Engineer.

5. For the purposes of this section, a water right acquired for watering livestock by a person who owns, leases or otherwise possesses a legal or proprietary interest in the livestock being watered is appurtenant to:

(a) The land on which the livestock is watered if the land is owned by the person who possesses a legal or proprietary interest in the livestock; or

(b) Other land which is located in this State, is benefited by the livestock being watered and is capable of being used in conjunction with the livestock operation of the person who owns the land if that land is owned by the person who possesses the legal or proprietary interest in the livestock being watered.

6. The provisions of subsection 5 must not be construed:

(a) To impair a vested right or other existing water right established before June 12, 2003, of a person to the use of water for the purpose of watering livestock; or

(b) To prevent any transfer of ownership of a water right for the purpose of watering livestock.

7. As used in this section, "farm" means a tract of land ~~[under the same ownership]~~ that is ***owned or leased by the same person and is*** primarily used for agricultural purposes. ***The term includes two or more such tracts of land, regardless of whether the tracts are contiguous to one another.***

Assembly Bill No. 156.

Bill read third time.

The following amendment was proposed by Assemblyman Thompson:

Amendment No. 340.

AN ACT relating to public welfare; revising the manner in which the Director of the Department of Health and Human Services determines whether a community is at-risk for purposes of provisions relating to family resource centers; requiring a family resource center to obtain input from certain elected officials when creating an action plan; requiring a case manager at a family resource center to collect and analyze data to monitor the performance of certain responsibilities by members of families receiving services from the family resource center; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "family resource center" as a facility within an at-risk community where families may obtain: (1) an assessment of their eligibility for social services; (2) social services; and (3) referrals to obtain social services from other service agencies or organizations. (NRS 430A.040) **Section 1** of this bill revises the definition of "at-risk community" to require the Director of the Department of Health and Human Services to use data and demographic analyses to determine whether a community is "at-risk." In addition, **section 1** requires the Director, when making such a determination, to consider the number of families in the community who **[**~~: (1) have incomes that are less than 200 percent of the federally designated level signifying poverty instead of the number of families in the community who have low incomes; and (2)~~**]** are at imminent risk of homelessness in addition to the number of families in the community who are transient. **Section 2** of this bill clarifies that a family resource center is a facility where families may obtain social services directly from the center.

Before a family resource center may obtain a grant from the Director, existing law requires the family resource center to create an action plan which must be approved by the Director. Such an action plan must be developed with input from members of the family resource center council, an organization of community members who assist and advise the family resource center. (NRS 430A.045, 430A.120, 430A.140) **Sections 3 and 4** of this bill require the family resource center also to develop the plan with input from local and state elected officials who represent the geographic area in which the family resource center is located when creating the action plan.

Existing law requires a case manager to develop a plan with each family that seeks services from a family resource center and requires that the plan specify the responsibilities the family members must fulfill to remain eligible for services. (NRS 430A.170) **Section 5** of this bill requires the case manager to collect and analyze data to monitor the performance of these responsibilities by the family members.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 430A.020 is hereby amended to read as follows:

430A.020V "At-risk community" means a geographic area that the Director has declared ***, based on an analysis of demographics and data,*** to be

in need of social and economic assistance and social service programs because of the number of families who reside there who:

1. Have low incomes ; ~~*[that are less than 200 percent of the federally designated level signifying poverty;]*~~

2. Are transient ~~[,]~~ or ***at imminent risk of homelessness; or***

3. Have members whose ability to excel in academics, work and social situations is impaired by the educational, economic and social situation of the family as a unit.

Sec. 2. NRS 430A.040 is hereby amended to read as follows:

430A.040 "Family resource center" means a facility within an at-risk community where families may obtain:

1. An assessment of their eligibility for social services;

2. Social services ~~[,]~~ ***directly from the family resource center;*** and

3. Referrals to obtain social services from other social service agencies or organizations.

Sec. 3. NRS 430A.120 is hereby amended to read as follows:

430A.120 The Director shall adopt such regulations as are necessary to carry out the provisions of this chapter. The regulations must provide:

1. Criteria for evaluating and determining the geographic boundaries for at-risk communities.

2. A method for establishing family resource centers, which must include the option of designating existing organizations as family resource centers.

3. Criteria for evaluating and approving action plans. The criteria must provide that no action plan will be approved unless it is:

(a) Tailored to meet the specific needs of the community;

(b) Developed with input from members of the family resource center council ~~[,]~~ ***and local and state elected officials who represent the geographic area in which the family resource center is located;*** and

(c) Feasible in relation to the resources available to the family resource center to which the action plan applies.

4. Criteria for the establishment and composition of a family resource center council.

Sec. 4. NRS 430A.140 is hereby amended to read as follows:

430A.140 1. Before a family resource center may obtain a grant from the Director, the family resource center:

(a) Must submit to the Director an action plan created by the family resource center with input from the family resource center council ~~[,]~~ ***and local and state elected officials who represent the geographic area in which the family resource center is located;*** and

(b) Must obtain approval from the Director of that action plan.

2. An action plan must be resubmitted to the Director for approval:

(a) On or before July 1 of each year; and

(b) Any time the family resource center adopts a proposed amendment to the action plan.

Sec. 5. NRS 430A.170 is hereby amended to read as follows:

430A.170 1. Each family resource center must have a case manager and may have a coordinator to handle administrative matters. If a family resource center does not employ a separate person to act as coordinator, the case manager shall also act as coordinator.

2. The Director shall provide training for all case managers on how to assess the needs of families using the family resource center.

3. The case manager shall, for each family that seeks services from the center ~~[, develop]~~ ***:***

(a) Develop a plan with the family which specifies:

~~[(a)]~~ ***(1)*** The services for which the family is eligible;

~~[(b)]~~ ***(2)*** Whether the family will receive services from the family resource center or a social service agency, or both;

~~[(c)]~~ ***(3)*** The responsibilities the family members must fulfill to remain eligible for the services; and

~~[(d)]~~ ***(4)*** The manner in which the performance of responsibilities by the agency and the family members will be monitored ~~[.]~~ ***; and***

(b) Collect and analyze data to monitor the performance by the family members of the responsibilities prescribed in the plan.

ASSEMBLYWOMAN CARLTON:

I understand the purpose behind the bill and the current situation we have. If there is a dispute over these delinquent charges, they will not be sent for garnishment. Currently, the employee has to give permission for this to be deducted. Will this change from a permission system to just a notification system and then the amounts will be deducted?

ASSEMBLYMAN ELLISON:

We met with the presenters of the bill, and they said the employee would be notified if there were questions on the bill. At that point, they would have a chance to agree or disagree with it. If they did not then it would not be charged to their account.

I want to be clear about what A.B. 112 does. Currently, the Safe and Respectful Learning Environment Law applies to "persons" in the school district. This clarifies that the policy, as crafted, includes adults explicitly. However, under current law it should have been done already. It is important that adults treat each other in a respectful way because their behavior is a model for children, and children will not listen to us when we try to prevent bullying through our words. The quality of instruction can also be impacted by a negative learning environment. There is no truth to the rumor that my next bill is a Safe and Respectful Legislative Environment Bill.

The following amendment was proposed by Assemblyman Ohrenschall:

Amendment No. 559.

AN ACT relating to juvenile justice; requiring the juvenile court to suspend a case if doubt arises as to whether a child is competent; requiring the juvenile court to appoint certain experts to evaluate a child and provide a written report on the competence of the child if the juvenile court suspends a case to determine whether the child is competent; requiring the juvenile court to hold an expedited hearing to determine whether a child is competent upon receipt of the written reports of all appointed experts; requiring the juvenile court to conduct a periodic review of a child determined to be incompetent; authorizing the juvenile court to terminate its jurisdiction in certain circumstances if a child has not attained competence and will be unable to attain competence in the foreseeable future; providing that a child determined to be incompetent may not be adjudicated a delinquent child or a child in need of supervision or placed under the supervision of the juvenile court during the period that the child remains incompetent; **providing that evidence introduced to assist the juvenile court in determining whether a child is competent is not admissible in any criminal proceeding;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

This bill enacts a juvenile competency standard. **Section 3** of this bill provides that any time after a petition is filed and before the final disposition of a case, if doubt arises as to whether a child is competent, the juvenile court is required to suspend the case until the question of competence is determined. **Section 4** of this bill requires a person who makes a motion for the evaluation of a child for the purpose of determining whether the child is competent to: (1) certify that the motion is being made in good faith and is based on reasonable grounds to believe that the child is incompetent; and (2) specify facts that support the motion. **Section 5** of this bill provides that if the juvenile court suspends a case to determine whether a child is competent, the juvenile court must appoint one or more able and qualified experts, at least one of whom is a psychologist or psychiatrist, to evaluate the child and provide a written report on the competence of the child. **Section 6** of this bill sets forth certain considerations an expert must take into account as part of his or her evaluation,

as well as certain other considerations an expert must take into account if appropriate, and **section 7** of this bill sets forth certain requirements relating to the written report of an expert.

Section 8 of this bill requires the juvenile court to hold an expedited hearing to determine whether a child is competent upon receipt of the required written reports from all experts appointed by the juvenile court. **Section 9** of this bill authorizes the juvenile court to consider information relevant to the determination of the competence of a child and information elicited from the child only for certain purposes. Under **section 10** of this bill, after the juvenile court considers the written reports of the appointed experts, any additional written reports, and testimony and other evidence presented at the hearing, the juvenile court must determine whether the child is competent. If the juvenile court determines that the child is incompetent, the juvenile court is required to make certain additional determinations and issue all necessary and appropriate recommendations and orders.

Section 11 of this bill requires that if the juvenile court determines that a child is incompetent, the juvenile court must conduct a periodic review to determine whether the child has attained competence. After a periodic review is conducted, if the juvenile court determines that the child: (1) has attained competence, the juvenile court is required to proceed with the case; (2) has not attained competence, the juvenile court is required to order appropriate treatment; and (3) has not attained competence and will be unable to attain competence in the foreseeable future, the juvenile court is required to hold a hearing to consider the best interests of the child and the safety of the community and determine whether to dismiss any petitions pending before the juvenile court and terminate its jurisdiction.

Section 12 of this bill provides that if the juvenile court determines that a child is incompetent, the child may not, during the period that the child remains incompetent, be: (1) adjudicated a delinquent child or a child in need of supervision; or (2) placed under the supervision of the juvenile court.

Section 13 of this bill provides that any evidence that is introduced for the purpose of assisting the juvenile court in making a determination as to whether a child is competent is not admissible in any criminal proceeding.

hearing, a hearing on a violation of juvenile probation or parole or a hearing to determine whether the child is incompetent. Any such expert witness must be allowed to evaluate the child and examine all relevant records and documents.

Sec. 6. *1. An expert who is appointed by the juvenile court pursuant to section 5 of this act shall evaluate the child as specified in the court order appointing the expert.*

2. The provisions of subsection 1 do not apply if a child whose competence is being determined presents any information to the juvenile court for a purpose other than those set forth in subsection 1.

Sec. 10. *1. After the juvenile court considers the written reports of all the experts appointed by the juvenile court, any additional written reports, and testimony and other evidence presented at the hearing, the juvenile court shall determine whether the child is incompetent.*

Assemblyman Ohrenschall moved the adoption of the amendment.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

Amendment 559 clarifies that any information that would come forward as a result of a juvenile competency screening test in juvenile delinquency court would not be used in an adult criminal proceeding. This was discussed in your Committee on Judiciary in the language already in the bill.

The additional language in section 13 just strengthens and beefs up that language to make sure it is clear that whatever comes out as a result of the effort to screen for competency to go forward with the proceedings or to restore competency would not ever be used in an adult criminal proceeding.

We just want to verify. I assume that this is to accommodate some of the more rural justice courts. All the justice courts met and decided that this was the best way to go. Rural counties—it was visiting judges from outside the area like Wendover, Jackpot. The following amendment was proposed by Assemblywoman Carlton:

Amendment No. 336.

AN ACT relating to public health; authorizing a manufacturer to provide or make available an investigational drug, biological product or device to certain patients under certain circumstances; prohibiting an officer, employee or agent of this State from preventing or attempting to prevent a patient from accessing such an investigational drug, biological product or device under certain circumstances; authorizing a physician to prescribe or recommend an investigational drug, biological product or device to certain persons under certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing federal law prohibits the introduction of a drug or biological product into interstate commerce if the drug or biological product has not received approval from the United States Food and Drug Administration. (21 U.S.C. § 355; 42 U.S.C. § 262) Existing federal regulations allow expanded access to investigational drugs and biological products for patients who have a serious or immediately life-threatening illness under certain circumstances. (21 C.F.R. Part 312, Subpart I) Existing Nevada law makes it a misdemeanor for any person to possess, procure, obtain, process, produce, derive, manufacture, sell, offer for sale, give away or otherwise furnish any drug which may not be lawfully introduced into interstate commerce under the Federal Food, Drug and Cosmetic Act. (NRS 454.351)

Section 1 of this bill authorizes the manufacturer of an investigational drug, biological product or device to provide or make available the investigational drug, biological product or device to a patient who has been diagnosed with a terminal condition that will, without the administration of life-sustaining treatment, result in death within 1 year if a physician prescribes or recommends the investigational drug, biological product or device. **Section 1** defines "investigational drug, biological product or device" as a drug, biological product or device that: (1) has successfully completed Phase 1 of a clinical trial; (2) has not been approved by the United States Food and Drug Administration; and (3) is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration. **Section 1** also makes it a misdemeanor for any officer, employee or agent of this State to prevent or attempt to prevent a patient from accessing an investigational drug, biological product or device if certain requirements are met. Additionally, **section 2** of this bill removes the criminal penalty otherwise imposed against a person who engages in certain acts that make an investigational drug or biological product available when certain requirements are met.

Because a prescription or recommendation from a physician is required before a patient may obtain an investigational drug, biological product or device, **sections 3 and 8** of this bill authorize a physician to issue such a prescription or recommendation if the physician has: (1) diagnosed the patient with a terminal condition; (2) consulted with the patient and the patient and physician have determined that no treatment currently approved by the Food and Drug Administration is adequate to treat the terminal condition; and (3)

obtained informed, written consent to the use of the investigational drug, biological product or device from the patient or his or her representative, parent or guardian. **Sections 3 and 8** also require such informed, written consent to be provided on a form that contains certain information about the possible consequences of using the investigational drug, biological product or device. Additionally, **sections 5, 7 and 9** of this bill provide that a physician or person engaged in the practice of professional nursing who procures or administers a controlled substance or dangerous drug is not subject to professional discipline if the controlled substance or dangerous drug is an investigational drug or biological product prescribed by a physician.

WHEREAS, The process to approve investigational drugs, biological products and devices often takes many years; and

WHEREAS, Patients who have a terminal condition do not have the luxury of waiting until an investigational drug, biological product or device receives final approval from the United States Food and Drug Administration; and

WHEREAS, The standards of the United States Food and Drug Administration for the use of investigational drugs, biological products and devices may deny potentially life-saving treatments to terminal patients; and

WHEREAS, This State recognizes that patients who have a terminal condition have a fundamental right to attempt to pursue the preservation of their own lives by accessing available investigational drugs, biological products and devices; and

WHEREAS, The decision to use an available investigational drug, biological product or device should be made by a patient with a terminal condition in consultation with his or her physician and is not a decision to be made by the government; now, therefore,

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 454 of NRS is hereby amended by adding thereto a new section to read as follows:

1. 2. A manufacturer who provides or makes available an investigational drug, biological product or device to a patient pursuant to subsection 1 may:

3. An officer, employee or agent of this State shall not prevent or attempt to prevent a patient from accessing an investigational drug, biological product or device that is authorized to be provided or made available to a patient pursuant to this section.

2. The provisions of this section do not apply:

(a) To physicians licensed to practice in this State who have been authorized by the ***United States*** Food and Drug Administration to possess experimental drugs for the purpose of conducting research to evaluate the effectiveness of such drugs and who maintain complete and accurate records of the use of such drugs and submit clinical reports as required by the ***United States*** Food and Drug Administration.

(b) To any substance which has been licensed by the State Board of Health for manufacture in this State but has not been approved as a drug by the ***United States*** Food and Drug Administration. The exemption granted in this paragraph does not grant authority to transport such a substance out of this State.

(c) To any person or governmental entity who possesses, procures, obtains, processes, produces, derives, manufactures, sells, offers for sale, gives away or otherwise furnishes an investigational drug or biological product when authorized pursuant to section 1 of this act.

3. As used in this section:

(a) "Biological product" has the meaning ascribed to it in section 1 of this act.

(b) "Investigational drug or biological product" means a drug or biological product that:

(1) Has successfully completed Phase 1 of a clinical trial;

(2) Has not been approved by the United States Food and Drug Administration; and

(3) Is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration.

Sec. 3. Chapter 630 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A physician may prescribe or recommend an investigational drug, biological product or device to a patient if the physician has:

(a) Diagnosed the patient with a terminal condition;

(b) Discussed with the patient all available methods of treating the terminal condition that have been approved by the United States Food and Drug Administration and the patient and the physician have determined that no such method of treatment is adequate to treat the terminal condition of the patient; and

(c) Obtained informed, written consent to the use of the investigational drug, biological product or device from:

(1) The patient;

(2) If the patient is incompetent, the representative of the patient; or

(3) If the patient is less than 18 years of age, a parent or legal guardian of the patient.

Assemblywoman Carlton moved the adoption of the amendment.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

The amendment deletes language in two places that states that the patient may not be eligible for hospice care while using the investigational drug, biological product, or device.

The concern that I had with this bill was that the patient will be signing away possible benefits that they may have under their insurance policy as a trade for basically trying this investigational drug. This bill, known as the Right to Try bill, is for terminal patients, which tells me that hospice is going to be something that will be necessary. We know how important hospice is, not only to the patients but to the families, and to be able to sign away the responsibilities of their insurance company to deal with hospice gave me a great level of discomfort. There are a number of other pieces in this bill that I am very uncomfortable with, but this was the one that gave me the greatest pause. That is why I proposed taking the hospice negotiation out, so that the patient and family will be taken care of at end of life.

Amendment adopted.

Assembly Bill No. 169.

Remarks by Assemblywomen Spiegel.

Potential conflict of interest declared by Assemblywoman Joiner.

ASSEMBLYWOMAN SPIEGEL:

Assembly Bill 169 requires the State Board of Health to adopt regulations concerning the use of graywater systems for a single-family residence, and such regulations are effective statewide except in areas where a district board of health has already adopted regulations for graywater systems. Regulations must prohibit graywater systems where certain conditions exist, although where systems are allowed, a person must obtain a permit for use. A permit can only be issued if conditions related to overflow, storage, runoff, standing water, and certain other conditions are met. A local government may not prohibit the use of a graywater system if conditions are met.

The State Board of Health must submit a report to the Legislature indicating the number and location of each permit issued for the operation of a graywater system. This bill is effective upon passage and approval for the purpose of adopting regulations, and July 1, 2016, for all other purposes.

ASSEMBLYWOMAN JOINER:

I rise to make a disclosure on A.B. 169. I would like to disclose that I abstained from voting on A.B. 169 in committee because my husband testified on this bill on behalf of one of his nonprofit clients. Although this measure would not affect his client any differently than any other nonprofit, out of an abundance of caution, I plan to abstain again today on the floor.

Remarks by Assemblyman Elliot Anderson.

ASSEMBLYMAN ELLIOT ANDERSON:

Assembly Bill 183 requires the grantee of real property under an agreement for a deed in lieu of a foreclosure sale to record the conveyance with the appropriate office of the county recorder within 30 days after the date of the conveyance. The grantee is liable for attorney's fees and costs and for certain damages for failure to record the conveyance.

In common terms, when someone signs over their house instead of getting foreclosed on by the bank, the bank gives them cash for keys. All this bill says is that the conveyance must be recorded. What is happening is that after these homeowners sign away their property, they are still getting harassed by creditors, HOAs, et cetera. This is to give people a clean break, so this requires a clean title.

Remarks by Assemblywoman Seaman.

ASSEMBLYWOMAN SEAMAN:

Assembly Bill 192 revises the period of time that a declarant's control of a unit-owners' association must terminate, depending upon the size of the common-interest community. For a common-interest community with fewer than 1,000 units, the declarant's control terminates 60 days after conveyance of 75 percent of the units. For a common-interest community with 1,000 units or more, the declarant's control terminates 60 days after conveyance of 90 percent of the units.

The measure also revises provisions concerning the election of unit owners to the executive board during the period of a declarant's control. For a common-interest community with fewer than 1,000 units, members of the executive board must be elected by unit owners other than the declarant not later than 60 days after conveyance of 25 percent of the units. For a common-interest community with 1,000 units or more, members of the executive board must be elected by unit owners other than the declarant not later than 60 days after conveyance of 15 percent of the units. This bill is effective on October 1, 2015.

Remarks by Assemblywoman Swank.

ASSEMBLYWOMAN SWANK:

Assembly Bill 194 revises the definition of the term "historic" to mean the period from the middle of the eighteenth century to 50 years before the current year as that term is used in the context of permits for exploration and excavation of prehistoric and historic sites on federal and state lands. This term refers only to a period of time and is not a trigger for being automatically considered for nomination to the state or national registers of historic places.

REMARKS FROM THE FLOOR

Assemblyman Oscarson requested that the following proclamation be entered in the Journal.

PROCLAMATION

WHEREAS, The pages of Armenian history are filled with stories of people overcoming painful adversity and adhering to an inner strength and determination to preserve a culture rich in architecture, weaving, music, and dance; and

WHEREAS, For about 3,000 years, the Armenian people made their home in the Caucasus region of Eurasia as an independent entity and continued to thrive when Armenia was absorbed by the Ottoman Empire during the 15th century; and

WHEREAS, The Ottoman Empire dissolved in the early 20th century and gave rise to a new Turkish government that began to remove the Armenian people from within the borders; and

WHEREAS, In 1915, the leaders of the new Turkish government ordered the arrest and execution of Armenian intellectuals, turned people out of their homes, and forced them on death marches across the Mesopotamian desert, in what would become known as the Armenian Genocide that ended the lives of over 1.5 million people; and

WHEREAS, In response to the genocide, at the behest of United States President Woodrow Wilson and the U.S. State Department, the Near East Relief organization was founded, and became the first congressionally sanctioned American philanthropic effort created exclusively to provide humanitarian assistance and rescue the Armenian nation and other Christian minorities from annihilation; and

WHEREAS, The Near East Relief organization, with the help of many states, provided $117 million of assistance between 1915 and 1930 and saved more than 1 million refugees, including 132,000 orphans, by delivering food, clothing, materials for shelter, and setting up refugee camps, clinics, hospitals, and orphanages; and

WHEREAS, The State of Nevada is home to a large Armenian-American population, who have enriched our State though their leadership and contribution in business, agriculture, academia, government, and the arts; and

WHEREAS, The Armenian people, in Nevada and elsewhere, remain resolved and their spirit continues to thrive a century after their near annihilation; now, therefore, be it

PROCLAIMED, That the survivors of the Armenian Genocide and their descendants are commended for their strength to overcome extreme adversity and prosper in our State; and be it further

PROCLAIMED, That April 24, 2015, is recognized as the day of "Commemoration of the Anniversary of the Armenian Genocide of 1915-1923."

DATED this 14th day of April, 2015.

JIM WHEELER
Nevada State Assemblyman

Assemblyman Oscarson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN OSCARSON:

I would like to take a moment to say a few words about an event that occurred 100 years ago today in another part of the world. Today we recognize the centennial anniversary of the Armenian genocide. Let me provide a little history.

For about 3,000 years, the Armenian people lived in the Caucasus region of Eurasia at the border of Europe and Asia, located between the Black Sea and the Caspian Sea. For centuries, control of this region shifted from one empire to another. The Ottoman Empire controlled the region for about 500 years until the early twentieth century when it dissolved as a new Turkish government came into power.

In 1915, the new Turkish government forced the Armenian people from their homes, arrested some, executed others, and forced many on death marches to the Syrian desert. This resulted in the deaths of more than 1.5 million people.

There are many times in history when an act occurs that is so deplorable, it moves another country to become involved. In response, U.S. President Woodrow Wilson ordered the creation of the Near East Relief organization to provide humanitarian aid and rescue the Armenian people from annihilation. Between 1915 and 1930, the Organization saved more than 1,000,000 refugees including 132,000 orphans.

You may not realize it, but Nevada is home to a large Armenian-American population that has made contributions to our society in the areas of business, agriculture, and academia. These individuals are the descendants of the survivors of the dreadful events that occurred a century ago. With us today are some individuals who share the Armenian heritage of adversity in their native homeland and prosperity in Nevada. To commemorate the strength of the Armenian people in overcoming adversity, we have prepared a proclamation that recognizes the centennial anniversary of the Armenian genocide. Please join me in recognizing their determination and giving our support for their continued success in Nevada.

Assemblywoman Carlton requested that the following remarks be entered in the journal.

ASSEMBLYWOMAN CARLTON:

Today I would like to recognize Pay Equity Day. The members of the body all have their Payday candy bar on their desks and their little note with the little red purse on it. Every year since 1999, the first year that I came into this body, I have been recognizing Pay Equity Day.

This day symbolizes how far into the year women must work to earn what a man earned last year. In 1963 when the Equal Pay Act was passed, women made approximately 59 cents on the dollar compared to a white man. Over her lifetime, a woman with a high school education will earn $700,000 less than a man. If they have a college education, they will earn $1.2 million less, and if they are a post graduate, $2 million less. This does not even take into account racial discrimination that is built in to this. An African-American woman will earn 68 cents to every dollar, and a Hispanic woman will earn 58 cents to every dollar.

Let us keep in mind that women are 50 percent of the labor force. This is not a women's issue; this is a family issue; this is a community issue.

According to the National Partnership for Women and Families, in the Las Vegas metro area a woman is paid $35,163 per year while a man is paid $40,584. This breaks down to 87 cents for every dollar in Las Vegas. We are doing better than the national average, and that is something to celebrate. That is, however, a gap of $5,421. That equates to 39 weeks of groceries, four months of a mortgage, six months of rent, or 1,442 gallons of gas depending upon what the price is this week. As an economic security issue, 96,000 households are headed by women. Twenty-six percent of those households have income that fall below the poverty level.

The red purse that you have on your desk today is a symbol of an ongoing movement organized by the American Business and Professional Women's Foundation. To quote American social activist Elizabeth Cady Stanton, "A woman will always be dependent until she holds a purse of her own."

Assemblyman Silberkraus requested that the following remarks be entered in the journal.

ASSEMBLYMAN SILBERKRAUS:

One hundred fifty-five years and 11 days ago, a cannon was fired, a large assembled crowd cheered, and a rider dashed to the landing on Jules Street in St. Joseph, Missouri. There, the ferry boat Denver waited to carry this horse and rider across the Missouri River into the Kansas Territory.

On April 9, this rider from the east reached Salt Lake City; on the 12th, Carson City. The rider raced over the Sierra Nevada Mountains on to Sacramento, and around midnight on April 14, 1860, 155 years ago today, the first mail pouch was delivered to San Francisco via the Pony Express.

Though only a brief flash in history, the Pony Expresses legacy still stands strong 155 years later. Today I can think of no better way to remember and share this group of men with you than to quote Mark Twain's *Roughing It*.

> Away across the endless dead level of the prairie a black speck appears against the sky, and it is plain that it moves. Well, I should think so! In a second or two it becomes a horse and rider, rising and falling, rising and falling—sweeping toward us nearer and nearer—growing more and more distinct, more and more sharply defined—nearer and still nearer, and the flutter of the hoofs comes faintly to the ear—another instant a whoop and a hurrah from our upper deck, a wave of the rider's hand, but no reply, and man and horse burst past our excited faces, and go winging away like a belated fragment of a storm! So sudden is it all, and so like a flash of unreal fancy, that but for the flake of white foam left quivering and perishing on a mail-sack after the vision had flashed by and disappeared, we might have doubted whether we had seen any actual horse and man at all.

Assemblyman Stewart requested that the following remarks be entered in the journal.

ASSEMBLYMAN STEWART:

Over the last four years, we have celebrated various events commemorating the 150th anniversary of the Civil War. This past week was 150 years since the surrender of General Lee to General Grant at Appomattox. This week, we commemorate the death of one of our greatest presidents, Abraham Lincoln, who brought us safely through the Civil War and reunited our country once again. I think it is significant that we honor and remember him today. As he looks down upon us, let us always look up to him and follow the great example he gave of integrity, hard work, and dedication.

THE SEVENTY-THIRD DAY

CARSON CITY (Wednesday), April 15, 2015

Assembly called to order at 2:16 p.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblywoman Woodbury, who was excused.

Prayer by the Chaplain, Pastor Nick Emery.

To all those gathered here, we ask of You, Lord, for strength and wisdom as they conduct the business of our great state, Nevada.

Help us this day to recognize the lies of our current culture. Just because we disagree with someone, it doesn't mean we fear them or hate them. And when we say we love someone, it doesn't mean we have to agree with all they do or believe. We do not have to compromise our convictions to be compassionate. So help us, Lord, to understand what true compassion looks like and may we live it out boldly. In the mighty name of Jesus we pray.

AMEN.

Pledge of allegiance to the Flag.

Assemblyman Paul Anderson moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblymen Hansen, Carlton, Ellison, Wheeler, Fiore, and Seaman.

ASSEMBLYMAN HANSEN:

This amendment deletes all of the bill except for one section and limits the prohibition on carrying concealed firearms in a public building to those with both metal detectors and a posted sign that no firearms are allowed.

ASSEMBLYWOMAN CARLTON:

I rise in opposition to Amendment 543 to Assembly Bill 352. The plain reading of this amendment gives me concern when it says, ". . . provides that the carrying of a concealed firearm in any public building is prohibited if the building has both a metal detector and a sign . . . ." The key word is "and." Currently, we are under a signage system. This would mean that the possibility of someone wanting to restrict this would have to purchase a metal detector.

I understand it is not a mandate. It is an option, but I can see the scenario where someone within our jurisdiction—a public building—will come to the Interim Finance Committee [IFC] and say We want to make sure our employees are safe and that our customers are safe, and we are requesting funds for a metal detector. This would not just be the piece of equipment, but it would also be the personnel that goes along with it. It would probably be three people, depending upon the business hours, unless it is someone who has longer business hours, it could be four or five people. My concern is that by passing this amendment as is, we on IFC will be put in a position of choosing between a piece of equipment and the safety of our employees. We know we will choose the safety of our employees first, and that will have a fiscal impact on this state because we will be required to pay for this. I understand there is no mandate. I understand there is no fiscal note. I am just saying I can picture the day when someone is going to come and ask for the money for this. That is why I am in opposition to this amendment.

ASSEMBLYMAN ELLISON:

I rise in support of Amendment 543. Right now under Nevada law, you can open carry in any of these buildings. What this amendment does is allow you to conceal that weapon if you have a concealed weapon permit. That is all this law does. With me today I have a newspaper article. It was a notification that went out to the employees of the Department of Motor Vehicles [DMV]. It says Open carry firearms at DMV, constituent courtesies, Flamingo Office. Saturday, December 17, 2011, a customer attempted to enter the building while open carrying a firearm. He was stopped by the security guards, and the decision to bar him from the building was supported by a supervisor. Metro officers were on the way to the office regarding another incident and informed the security guard and supervisor that there is no law prohibiting the customer from openly carrying a firearm in a state building. This has been challenged over and over again. What we are asking is for people who have a concealed weapon permit to not open carry but to conceal the firearm. That is what we are asking for.

ASSEMBLYMAN WHEELER:

I rise in support of Amendment 543 to Assembly Bill 352. I understand the concerns of my colleague from District 14. However, I want to make it clear to everyone in the room that we are not mandating that anyone put in a metal detector in order to stop people from walking in as she said. But one of the things that strikes me is that we make decisions in this body every single day. Having someone come back to ask us to make a decision on whether they should put a metal detector in or not is our job. That is what we do. So I see absolutely no problem with us continuing to make a decision, whether it be in the interim or whether it be here in this body today.

ASSEMBLYWOMAN FIORE:

I rise in support of Amendment 543. This bill does not require anyone to install metal detectors. All this bill does is allow a person with a concealed firearm permit to carry a firearm in the same places where it is already legal to openly carry a firearm. Under current law a person with a valid CCW permit is required by law to openly carry their firearm when they enter the DMV or other public buildings. Firearms are not currently prohibited in these buildings; only concealed carry is

prohibited. For these people who have gone through the trouble of getting a concealed firearm permit, they should be allowed to carry their firearm concealed in the same places that every other Nevadan citizen can open carry their firearm under current law. Essentially, this bill does nothing more than remove the ban on jackets covering lawful firearms in public buildings for people with concealed firearm permits.

ASSEMBLYWOMAN SEAMAN:

This is something from the opinion of our own Legislative Counsel Bureau [LCB] that I would like to state and rise in support of A.B. 352:

Because there is no general statutory prohibition against the open carry of firearms in a public building, it is the opinion of this office that the open carry of firearms is not prohibited in a public building unless otherwise prohibited by a specific statute such as NRS 202.265 or NRS 218A.905. We would note, however, that not all portions of a public building are necessarily open to access by the public, and persons who are openly carrying firearms are not, therefore, authorized to carry firearms in all portions of a public building.

Amendment No. 96.

AN ACT relating to prisoners; providing that an employee of or a contractor or volunteer for a prison commits sexual abuse of a prisoner **or unauthorized custodial conduct** if he or she voluntarily engages **or attempts to engage** in certain acts with certain prisoners in lawful custody or confinement; revising provisions relating to voluntary sexual conduct between certain prisoners in lawful custody or confinement and other persons; providing ~~[a penalty;]~~ **penalties;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that a prisoner who: (1) is in lawful custody or confinement, other than in the custody of the Division of Parole and Probation of the Department of Public Safety or residential confinement; and (2) voluntarily engages in sexual conduct with another person is guilty of a category D felony. (28 C.F.R. §§ 115.78, 115.278, 115.378) Accordingly, **section 7** of this bill revises existing law to provide that a prisoner who voluntarily engages in sexual conduct with a person who is not an employee of or a contractor or volunteer for a prison is guilty of a category D felony.

Existing law also provides that a person who voluntarily engages in sexual conduct with a prisoner who is in lawful custody or confinement, other than in the custody of the Division of Parole and Probation or residential confinement, is guilty of a category D felony. (NRS 212.187) **Section 6** of this bill provides that an employee of or a contractor or volunteer for a prison ~~[commits sexual abuse of a prisoner if he or she]~~ **who** voluntarily engages **or attempts to engage** in certain acts with such a prisoner, regardless of whether the prisoner consents to the act ~~[.]~~ **, commits either sexual abuse of a prisoner or unauthorized custodial conduct, depending on the type of act.** Such an employee, contractor or volunteer who commits **: (1)** sexual abuse of a prisoner is guilty of a category D felony ~~[.]~~ **; (2) unauthorized custodial conduct by engaging in certain acts is guilty of a gross misdemeanor; or (3) unauthorized custodial conduct by attempting to engage in certain acts is guilty of a misdemeanor.** The ~~[definition]~~ **definitions** of the ~~[term]~~ **terms** "sexual ~~[abuse,"]~~ **abuse" and "unauthorized custodial conduct,"** as ~~[it is]~~ **they are** used in **section 6**, ~~[is]~~ **are** based on the definition **of the term "sexual abuse" as it is** used for purposes of the federal regulations adopted pursuant to the Prison Rape Elimination Act. Amendment No. 190.

SUMMARY—Revises provisions relating to notaries public**_ ~~[~~.~~]~~ and document preparation services.** (BDR 19-445)

AN ACT relating to ~~[notaries public;]~~ **public affairs;** making various changes relating to the regulation of notaries public; authorizing the Secretary of State to conduct certain examinations of the records of a document preparation service; revising the definition of "document preparation service" to exclude certain nonprofit organizations, commercial resident agents and collection agencies; making various changes relating to the regulation of document preparation services; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits persons with certain criminal convictions from becoming notaries public and provides for the revocation of the appointment of notaries public who are convicted of certain crimes. (NRS 240.010, 240.150) **Sections 1 and 6** of this bill clarify that those convictions include a

conviction that follows a plea of nolo contendere or no contest. **Section 1 also prohibits the Secretary of State from appointing as a notary public a person whose previous appointment as a notary public in this State or another state has been revoked for cause.**

Existing law prohibits a person who has not been appointed as a notary public from representing himself or herself as a notary public. (NRS 240.010) **Section 1** expands this prohibition to include those persons whose appointment has expired or been suspended or revoked, and provides a civil penalty for such a violation.

Existing law requires that applicants for appointment as notaries public complete 4 hours of instruction relating to the functions and duties of notaries public. (NRS 240.018) **Section 3** of this bill shortens the course to 3 hours and requires an examination. **Section 3** also requires a person renewing his or her appointment as a notary public to retake the course, and allows the Secretary of State to require a notary public who has violated any provision of chapter 240 of NRS to retake the course. ~~[Finally,]~~ **Additionally, section 3** authorizes the Secretary of State to use an outside vendor to administer the course and examination. **Section 6.5 of this bill makes similar conforming changes to the course and examination requirements for an electronic notary public.**

Existing law prohibits certain actions by notaries public. (NRS 240.075) **Section 4** of this bill prohibits a notary public from ~~[applying]~~ **affixing** his or her stamp to any document which does not contain a notarial certificate.

Existing law prohibits the use of the Spanish term "notario" or "notario publico" in any signage or advertisement by a notary public who is not also an attorney licensed to practice law in this State. (NRS 240.085) **Section 5** of this bill extends this prohibition to the employers of notaries public, and requires the imposition of a civil penalty for violating such a prohibition.

Existing law requires that a person who wishes to register a documentation preparation service must be a citizen or legal resident of the United States. (NRS 240A.100) **Section 9** of this bill allows a person who holds employment authorization from the United States Citizenship and Immigration Services to register a documentation preparation service. **Section 9** also provides that an application for registration that is not completed within 6 months must be denied. **Finally, section 9 prohibits the Secretary of State from registering as a document preparation service any person whose previous registration as a document preparation service in this State or another state has been revoked for cause.**

Existing law exempts certain persons from registering as a documentation preparation service. (NRS 240A.030) **Section 8** of this bill clarifies which nonprofit organizations and commercial registered agents are not required to register and adds collection agencies to the list of such persons.

Existing law requires that a document prepared by a documentation preparation service must include the name, address, phone number and registration number of the document preparation service. (NRS 240A.200) **Section 11** of this bill deletes this requirement but requires a document

preparation service to provide this information on any document on which the information is requested.

Section 7 of this bill specifically authorizes the Secretary of State to inspect the documents required to be maintained by document preparation services to ensure compliance with the law.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 125.

AN ACT relating to specialty court programs; revising provisions governing programs of treatment for the abuse of alcohol or drugs; defining the term "treatment provider"; replacing **certain** references to a facility for the treatment of alcohol or drugs with the term "treatment provider"; authorizing a court to allow a person to complete treatment for the abuse of alcohol or drugs under the supervision of a treatment provider in another jurisdiction in certain circumstances; **requiring a treatment provider to comply with the requirements of a specialty court in certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that in certain circumstances, an alcoholic or a drug addict who has been convicted of a crime is eligible to elect to be assigned by the court to a program of treatment for the abuse of alcohol or drugs before he or she is sentenced. (NRS 458.300) If the court finds that the person is eligible to make such an election, the court is required to hold a hearing before it sentences the person to determine whether the person should receive treatment under the supervision of a state-approved facility for the treatment of alcohol or drugs. (NRS 458.310) **Section 11** of this bill ~~[replaces the term "facility" for the purposes of chapter 458 of NRS with the term "treatment provider" and]~~ defines **the term** "treatment provider" as ~~[a person or]~~ a public or private agency, residential treatment center, facility for the treatment of abuse of alcohol or drugs, ~~[or]~~ voluntary organization which is certified by the Division of Public and Behavioral Health of the Department of Health and Human Services **~~[.]~~ , or a licensed or certified psychologist, marriage and family therapist, social worker or alcohol, drug and gambling counselor. Sections 12-19 and 21-24** of this bill replace **certain** references to the term "facility" in chapter 458 of NRS with the term "treatment provider." ~~[Section]~~ **Sections 9, 10 and 26.5** of this bill ~~[provides]~~ **provide** that if a court places a person under

the supervision of a treatment provider to receive treatment, the court may, in certain circumstances, authorize the person to complete any period of treatment remaining under the supervision of a treatment provider in another jurisdiction. ~~[Section]~~ **Sections 9 and 21** ~~[revises]~~ **revise** the duties of the court when the court offers the election of a treatment program to a person. **Section 22 provides that if a person makes such an election to participate in a treatment program and the court has a specialty court for the supervision and monitoring of the person, the treatment provider must comply with the requirements of the specialty court.**

Existing law also allows certain offenders found guilty of driving under the influence of alcohol or a prohibited substance to apply to the court to undergo a program of treatment for alcoholism and drug abuse. (NRS 484C.320, 484C.330, 484C.340) **Sections 27-34** of this bill replace the term "treatment facility" for the purposes of chapter 484C of NRS with the term "treatment provider." **Sections 28-30** also revise the duties of the court upon determining that an application for treatment should be granted.

~~[Additionally, existing law generally sets forth provisions relating to medical facilities and related entities. (Chapter 449 of NRS) Section 35 of this bill repeals the section that defines the term "facility for the treatment of abuse of alcohol or drugs" for the purposes of chapter 449 of NRS, and section 1 of this bill adds a new definition of the term "treatment provider." Sections 3-7 of this bill replace references to the term "facility for the treatment of abuse of alcohol or drugs" in chapter 449 of NRS with the term "treatment provider."]~~

Sections 8, 9, 25 and 26 of this bill generally replace references to facilities for the treatment of abuse of alcohol or drugs in other chapters of NRS with the term "treatment provider."

458.310 1. If the court has reason to believe that a person who has been convicted of a crime is an alcoholic or drug addict, or the person states that he or she is an alcoholic or drug addict, and the court finds that the person is eligible to make the election provided for in NRS 458.300, the court shall hold a hearing before it sentences the person to determine whether or not the person should receive treatment under the supervision of a ~~[state-approved facility for the treatment of abuse of alcohol or drugs.]~~ ***treatment provider ~~[.]~~ approved by the court.*** The district attorney may present the court with any evidence concerning the advisability of permitting the person to make the election.

drug addict and is likely to be rehabilitated through treatment. The ~~[facility]~~ ***treatment provider*** shall report to the court the results of the ~~[examination]~~ ***evaluation*** and recommend whether the person should be placed under supervision for treatment.

2. If the court, acting on the report or other relevant information, determines that the person is not an alcoholic or drug addict, is not likely to be rehabilitated through treatment or is otherwise not a good candidate for treatment, the person may be sentenced and the sentence executed.

3. If the court determines that the person is an alcoholic or drug addict, is likely to be rehabilitated through treatment and is a good candidate for treatment, the court may:

The court may issue a judgment in favor of the ~~[court or facility for]~~ treatment ***provider*** for the costs of the treatment and supervision which remain unpaid at the conclusion of the treatment. Such a judgment constitutes a lien in like manner as a judgment for money rendered in a civil action, but in no event may the amount of the judgment include any amount of the debt which was extinguished by the successful completion of community service pursuant to subsection 5.

5. If the person who is placed under the supervision of ~~[an approved facility]~~ ***a treatment provider approved by the court*** for treatment does not have the financial resources to pay all of the related costs:

2. If, upon the expiration of the treatment period, the treatment ~~[facility]~~ ***provider*** has yet to certify that the person has completed his or her treatment program, the court shall sentence the person. If the person has satisfied the conditions to the election of treatment and the court believes that the person will complete his or her treatment on a voluntary basis, it may, in its discretion, set the conviction aside.

3. If, before the treatment period expires, the treatment ~~[facility]~~ ***provider*** determines that the person is not likely to benefit from further treatment ~~[at the facility,]~~ ***with the treatment provider,*** it shall so advise the court. The court shall then:

When the court orders sealed the records of a person pursuant to this subsection, the court shall cause a copy of the order to

be sent to each agency or officer named in the order. Each such agency or officer shall notify the court in writing of its compliance with the order. The provisions of this subsection apply only to the offense for which the person has been placed into treatment pursuant to NRS 458.290 to 458.350, inclusive ~~[.]~~ ***and section 10 of this act.***

If the device has been tampered with, the Director shall notify the court that ordered the installation of the device.

5. If a person is required to operate a motor vehicle in the course and scope of his or her employment and the motor vehicle is owned by the person's employer, the person may operate that vehicle without the installation of a device, if:

(a) The employee notifies his or her employer that the employee's driving privilege has been so restricted; and

(b) The employee has proof of that notification in his or her possession or the notice, or a facsimile copy thereof, is with the motor vehicle.

➥ This exemption does not apply to a motor vehicle owned by a business which is all or partly owned or controlled by the person otherwise subject to this section.

6. The running of the period during which a person is required to have a device installed pursuant to this section commences when the Department issues a restricted license to the person or reinstates the driving privilege of the person and is tolled whenever and for as long as the person is, with regard to a violation of NRS 484C.110, 484C.120, 484C.130 or 484C.430, imprisoned, serving a term of residential confinement, ~~[~~~~confined in~~~~]~~ ***placed under the supervision of*** a treatment ~~[~~~~facility,~~~~]~~ ***provider,*** on parole or on probation.

Assemblyman Kirner moved the adoption of the amendment.

Remarks by Assemblymen Kirner and Kirkpatrick.

ASSEMBLYMAN KIRNER:

This amendment limits the number of voting members of the Board of the Silver State Health Insurance Exchange that may represent any particular area of expertise of experience.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in opposition to this. My colleague from Commerce and Labor knows that I do not feel that it gets to the root of the problem: Who do we really want on the Board? I hope that the Senate fixes it on the other side, but what we were trying to get to on the committee was to have specific people on the board. We have seen with the Health Exchange that we did not have all the right folks on it in the beginning, and that has changed. I think this gives too much of an opportunity to have that same problem.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 56.

AN ACT relating to occupations; making certain provisions concerning providers of health care applicable to audiologists and speech-language pathologists; establishing the Speech-Language Pathology, Audiology and Hearing Aid Dispensing Board by expanding the existing Board of Examiners for Audiology and Speech Pathology and abolishing the existing Board of Hearing Aid Specialists; prescribing the requirements for the licensure of audiologists, speech-language pathologists and hearing aid specialists; prescribing the requirements to engage in telepractice by an audiologist or a speech-language pathologist; prescribing the requirements for the licensure and practice of an apprentice hearing aid specialist; prescribing the requirements for the practice of a hearing aid specialist; making certain provisions applicable to hearing aid specialists; imposing certain fees; providing that certain acts are grounds for disciplinary action by the Board; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines "provider of health care" as a person who practices any of certain health-related professions. (NRS 629.031) Existing law imposes certain requirements upon providers of health care, including requirements for the retention of patient records, requirements for billing, standards for advertisements and criminal penalties for acquiring certain debts. (NRS 629.051, 629.071, 629.076, 629.078) **Section 1** of this bill includes speech-language pathologists and audiologists in the definition of "provider of health care," which has the effect of making these requirements applicable to speech-language pathologists and audiologists. Existing law also includes the definition of "provider of health care" by reference in various other provisions. By expanding the definition, the bill expands the definition for those other provisions, thereby making those provisions include speech-language pathologists and audiologists as providers of health care. The term is referenced in provisions relating to various subjects including, without limitation, admissibility of the testimony of hypnotized witnesses, power of attorney, practice during declared emergencies, investigations conducted concerning facilities for long-term care, confidentiality of reports and referrals relating to maternal health, payments by insurance, release of the results of certain laboratory tests, drug donation programs, interpreters and realtime captioning providers and the Silver State Health Insurance Exchange. (NRS 41.141, 48.039, 162A.790, 415A.210, 427A.145, 442.395, 449.2475, chapter 453B of NRS, NRS 652.193, chapters 656A and 695I of NRS)

Existing law establishes the Board of Hearing Aid Specialists to license and oversee hearing aid specialists and the Board of Examiners for Audiology and Speech Pathology to license and oversee audiologists and speech pathologists. (Chapters 637A and 637B of NRS) **Section 72** of this bill repeals provisions establishing the Board of Hearing Aid Specialists, and **section 44** of this bill establishes the Speech-Language Pathology, Audiology and Hearing Aid Dispensing Board to license and oversee audiologists, speech-language pathologists and hearing aid specialists. **Section 45** of this bill requires the Board to elect a Chair and a Vice Chair and to comply with certain provisions of NRS governing meetings of state and local agencies. **Section 46** of this bill authorizes the Board to employ certain persons and provides for compensation of the members and employees of the Board. **Section 16** of this bill authorizes the Board to select certain persons as advisory members, and **sections 17, 18, 25 and 28** of this bill prescribe the responsibilities of the Board.

Sections 19, 26, 47 and 48 of this bill prescribe certain requirements for applicants for licenses to engage in the practice of audiology, speech-language pathology or fitting and dispensing hearing aids. **Section 20** of this bill requires a speech-language pathologist who does not have a provisional license to have a current certificate of clinical competence issued by the American Speech-Language-Hearing Association or a successor organization approved by the Board. **Sections 21, 22 and 50** of this bill authorize the Board to issue limited, provisional and temporary licenses to certain applicants. **Section 23** of this bill

prescribes requirements for an audiologist or an applicant for a license to engage in the practice of audiology to obtain an endorsement of his or her license to also engage in the practice of fitting and dispensing hearing aids.

Section 24 of this bill prescribes requirements concerning telepractice by an audiologist or a speech-language pathologist.

Sections 25-35 of this bill enact requirements for the licensing and practice of hearing aid specialists in chapter 637B of NRS, and **section 72** repeals those requirements in chapter 637A of NRS. **Section 27** authorizes the Board to issue an apprentice license to an applicant who has not yet completed the education or training requirements for a hearing aid specialist, and **sections 29-31** prescribe requirements concerning the practice of an apprentice. **Section 32** authorizes a hearing aid specialist or dispensing audiologist to make an audiogram upon request by a physician or member of a related profession specified by the Board. **Section 33** requires a hearing aid specialist or apprentice to display his or her license conspicuously in each place where he or she conducts business as a hearing aid specialist or apprentice. **Section 34** requires a hearing aid specialist or apprentice to update the address of his or her place of business on file with the Board within 10 days after the date on which the address changes.

Federal law prohibits a state from enacting requirements for the sale of a hearing aid that are different from or in addition to federal requirements, and federal regulations allow a person to waive a medical examination when purchasing a hearing aid. (21 U.S.C. § 360k; 21 C.F.R. § 801.421) **Section 35** of this bill requires certain examinations to be performed on a person before the person purchases a hearing aid by catalog, mail or the Internet unless the person waives the examinations.

Section 43 of this bill revises exemptions from the provisions of chapter 637B of NRS for certain government employees and other persons who do not engage in the private practice of audiology, speech-language pathology or fitting and dispensing hearing aids. **Section 49** of this bill authorizes the Board to issue a license without an examination to persons who hold certain certifications. **Sections 48, 50, 53, 54 and 56-59** of this bill make certain provisions governing audiologists and speech-language pathologists applicable to hearing aid specialists as well. **Section 51** of this bill imposes fees for certain tasks relating to licensing. **Section 53** provides that certain acts are grounds for disciplinary action.

Amendment No. 537.

SUMMARY— ~~[~~Makes various changes relating to judgments.~~]~~ **Revises provisions concerning annuity benefits.** (BDR ~~[~~2-541~~)]~~ **57-541)**

AN ACT relating to ~~[~~judgments; increasing the percentage of a judgment debtor's disposable earnings which is exempt from execution under certain circumstances; authorizing a judgment debtor who is a resident of this State to bring a civil action in certain circumstances against a judgment creditor who obtains a writ of garnishment without domesticating a foreign judgment; extending the period for which a writ of garnishment served on an employer of a judgment debtor continues;~~]~~ **annuities; revising provisions relating to the exemption of annuity benefits from certain claims of the annuitant's creditors;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[~~ Existing law provides that 75 percent of a judgment debtor's disposable earnings for any workweek is exempt from execution. (NRS 21.025, 21.075, 21.090, 31.045, 31.295) Sections 2-4 and 8, 11 and 12 of this bill: (1) increase the exemption to 82 percent of a judgment debtor's disposable earnings for any workweek if the gross weekly salary or wage of the debtor on the date the most recent writ of garnishment was issued was $770 or less; and (2) maintain the exemption at 75 percent of a judgment debtor's disposable earnings for any workweek if the gross weekly salary or wage of the debtor on the date the most recent writ of garnishment was issued exceeded $770. Sections 1, 7 and 11 of this bill explain how the gross weekly salary or wage of a debtor must be determined.

Existing law requires a judgment creditor who seeks to enforce a foreign judgment in this State to domesticate the foreign judgment by filing a copy of the foreign judgment with the clerk of any district court of this State. (NRS 17.330-17.400) Section 6 of this bill authorizes a judgment debtor who is a resident of this State to bring a civil action against a judgment creditor who, without domesticating a foreign judgment, garnishes a bank account or any other personal property maintained by the judgment debtor at a branch of a financial institution located in this State or the earnings of the judgment debtor from employment in this State.

Additionally, existing law generally provides that if the employer of a judgment debtor whose earnings are being garnished is a garnishee, the writ of

~~garnishment served on the employer continues for the earlier of 120 days or until the amount demanded in the writ is satisfied. (NRS 31.296) Section 13 of this bill extends such a period to the earlier of 180 days or until the amount demanded in the writ of garnishment is satisfied. Existing law further provides that a judgment creditor who caused a writ of garnishment to issue is required to prepare an accounting and provide a report containing certain information to the judgment debtor, the sheriff and each garnishee with each writ of garnishment. (NRS 31.296) Section 13 specifies that any subsequent application for a writ of garnishment made by the judgment creditor concerning the same debt must not be approved unless such an accounting and report are submitted with the application.]~~

Existing law exempts annuity benefits from certain claims of the annuitant's creditors under certain circumstances. (NRS 687B.290) This bill subjects certain amounts of annuity benefits to execution by certain creditors of the annuitant.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Delete existing sections 1 through 13 of this bill and replace with the following new section 1:

Section 1. **NRS 687B.290 is hereby amended to read as follows:**

687B.290 1. The benefits, rights, privileges and options which under any annuity contract issued prior to or after January 1, 1972, are due or prospectively due the annuitant shall not be subject to execution nor shall the annuitant be compelled to exercise any such rights, powers or options, nor shall creditors be allowed to interfere with or terminate the contract, except as to ***amounts listed as an asset on an application for a loan or pledged as payment for a loan or*** amounts paid for or as premium on any such annuity with intent to defraud creditors, with interest thereon, and of which the creditor has given the insurer written notice at its home office ***within 1 year after the annuitant makes a payment to the insurer or*** prior to the making of the payment to the annuitant out of which the creditor seeks to recover. Any such notice shall specify the amount claimed or such facts as will enable the insurer to ascertain such amount, and shall set forth such facts as will enable the insurer to ascertain the annuity contract, the annuitant and the payment sought to be avoided on the ground of fraud.

2. If the contract so provides, the benefits, rights, privileges or options accruing under such contract to a beneficiary or assignee shall not be transferable or subject to commutation, and the same exemptions and exceptions contained in this section for the annuitant shall apply with respect to such beneficiary or assignee.

Assemblyman Hansen moved the adoption of the amendment.

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

Amendment 537 to Assembly Bill 129 replaces existing sections of the bill with a new section that subjects certain amounts of annuity benefits listed as an asset on an application for a loan to execution by certain creditors of the annuitant.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 161.

Bill read second time.

The following amendment was proposed by the Committee on Taxation: Amendment No. 359.

AN ACT relating to taxation; authorizing certain qualified businesses in this State that own, operate, manufacture, service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft to apply to the Office of Economic Development for a partial abatement from certain property or sales and use taxes; revising the provisions governing the administration of the sales and use taxes to change the manner in which the taxes are required to be paid on tangible personal property purchased in the performance of certain contracts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the assessment of ad valorem taxes on certain real and personal property and the assessment of certain taxes on the gross receipts from the sale, storage, use or other consumption of certain personal property. (Chapters 361 and 374 of NRS) **Section 1** of this bill authorizes an owner of a qualified business or a person who intends to locate or expand a qualified business in this State to apply to the Office of Economic Development for a partial abatement of certain personal property or sales and use taxes. **Section 1** requires the Office of Economic Development to approve a partial abatement for a period of not more than ~~[10]~~ **20** years for certain qualified new and existing businesses that own, operate, manufacture, service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft.

Sections 4 and 5 of this bill revise provisions governing the administration of the sales and use taxes (chapters 372 and 374 of NRS) to provide that a business, rather than a customer of such a business, is required to pay the sales or use tax on any tangible personal property purchased in the performance of a contract for the ownership, operation, manufacture, servicing, maintenance, testing, repair, overhaul or assembly of an aircraft or any component of an aircraft. For any such business which has been granted a partial abatement from sales and use taxes pursuant to **section 1**, the sales or use tax imposed on the business, other than the taxes imposed pursuant to the Sales and Use Tax Act, would then be abated.

Existing law exempts from certain sales and use taxes the gross receipts from the sale of aircraft and major components of aircraft to an air carrier that maintains its central office and bases a majority of its aircraft in Nevada. (NRS 372.317) A related provision governs the administration of the

exemption. (NRS 372.726) In 1997, the Nevada Supreme Court held that the exemption was unconstitutional because it discriminated against interstate commerce. (*Worldcorp v. State, Dep't of Taxation*, 113 Nev. 1032 (1997)) **Section 12** of this bill repeals both provisions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

2. Will not impair adversely the ability of the State or any local government to pay, when due, all interest and principal on any outstanding

bonds or any other obligations for which revenue from the tax from which the exemption would be granted was pledged.

Sec. 12. NRS 372.317 and 372.726 are hereby repealed.

Sec. 13. **1.** This act becomes effective upon passage and approval**.** ~~[and expires]~~

2. Sections 1 to 11, inclusive, of this act expire by limitation on June 30, 2035.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 148.

AN ACT relating to special license plates; authorizing the Commission on Special License Plates to ~~[investigate and]~~ request **the Legislative Commission to direct the Legislative Auditor to perform** an audit of certain charitable organizations which receive additional fees collected by the Department of Motor Vehicles for special license plates; revising provisions regarding the application submitted to the Department by certain persons seeking a special license plate intended to generate financial support for an organization; revising provisions requiring certain charitable organizations which receive additional fees paid for special license plates to provide certain documents and records annually to the Commission **~~[.]~~ on Special License Plates;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, certain persons may apply to the Department of Motor Vehicles for the design, preparation and issuance of a special license plate that is intended to generate financial support for a charitable organization. The application must include certain information about the person requesting the special license plate, the charitable organization, if different from the person requesting the special license plate, and information about the intended use of the financial support. (NRS 482.367002) **Section 6** of this bill requires that such an application also include a budget prepared by or for the charitable organization if the charitable organization is not a governmental entity whose budget is included in the executive budget. **Section 6** also requires the Department to notify the Commission on Special License Plates **(hereinafter referred to as "the Commission")** and the charitable organization upon making a determination to issue the special license plate.

Existing law requires each charitable organization, not including a governmental entity whose budget is included in the executive budget, that receives fees from the sale of special license plates to prepare and submit annually to the Commission a balance sheet and a recent bank statement. (NRS 482.38277) The Commission is required to provide those documents to the Legislative Auditor, who is required to prepare a final written report for the Commission regarding the propriety of the financial administration and recordkeeping of the charitable organization. (NRS 482.38278) **Section 2** of this bill authorizes the Commission to ~~[investigate and]~~ request ~~[an audit by]~~ **the Legislative Commission to direct** the Legislative Auditor **to perform an audit** of any charitable organization that receives fees from the sale of special license plates if the Commission has reasonable cause to believe or has received a credible complaint that the charitable organization has: (1) filed with the Commission or the Department forms or records that are inadequate or inaccurate; (2) committed improper practices of financial administration; or (3) failed to use adequate methods and procedures to ensure that all money received in the form of additional fees from special license plates is expended solely for the benefit of the intended recipient. The Commission may also ~~[investigate and]~~ request **the Legislative Commission to direct the Legislative Auditor to perform** such an audit if the Commission determines

that an investigation and audit are reasonably necessary to assist the Commission in administering any provision of existing law which the Commission is authorized to administer.

Existing law also requires each charitable organization, not including a governmental entity whose budget is included in the executive budget, that receives fees from the sale of special license plates to prepare and submit annually to the Commission updated information regarding the telephone number and mailing address of the charitable organization and the names of persons who are responsible for overseeing the operation of the charitable organization. (NRS 482.38277) **Section 8** of this bill further requires that the charitable organization provide the Commission annually with a report on the budget of the organization which provides details about how the fees received from the special license plates have been expended and a copy of the most recent federal tax return of the organization, if any **[.] , including all schedules related thereto. Section 8** also requires the charitable organization **: (1)** to post annually on its Internet website the **most recent** federal tax **[returns, if any,] return** of the charitable organization **[.] , if any, including all schedules related thereto;** or **[.] (2)** if the charitable organization does not have an Internet website, to publish annually the **most recent** federal tax **[returns, if any,] return** of the charitable organization **, if any, including all schedules related thereto,** in a newspaper of general circulation in the county where the charitable organization is based.

Existing law authorizes the Commission to recommend that the Department take adverse action against a charitable organization that receives fees from the sale of special license plates if the Commission makes certain determinations about the organization, and after the organization has had an opportunity for a hearing on those determinations. The adverse action recommended may include the suspension of the collection of all additional fees collected on behalf of the charitable organization and the suspension of production of the special license plates from which the charitable organization receives additional fees, if the Department is still producing that design. (NRS 482.38279) **Section 10** of this bill adds to the criteria on which the Commission may base such a determination the results of an audit prepared **[at the request of the Commission] by the Legislative Auditor** pursuant to **section 2**.

Section 4 of this bill provides that all records related to the receipt or use of money from the sale of special license plates are public records and are available for public inspection.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 333.

Legislative Counsel's Digest:

Existing law generally provides that a judgment creditor or a beneficiary of a deed of trust may obtain a deficiency judgment after a foreclosure sale or trustee's sale of real property if there is a deficiency of the proceeds of the sale and a balance remaining due to the judgment creditor or beneficiary. (NRS 40.455) ~~[Section 1 of this bill removes the provision of existing law which]~~ **Existing law further** provides that if a person acquired the right to obtain a deficiency judgment from another person, the amount of the deficiency judgment must not exceed the amount of the consideration paid for that right.

~~[Section 2 of this bill removes the provision of existing law which]~~ **(NRS 40.459) Sections 1, 3 and 4 of this bill provide that this provision applies only to deficiency judgments awarded on or after the passage and**

approval of this bill in a deficiency judgment proceeding to enforce: (1) any debt secured by property upon which the debtor or a guarantor or surety of the debt maintains his or her principal residence, there is not more than one residential structure and not more than four families reside; and (2) any debt secured by any other property if the documents evidencing the debt were fully executed on or before July 1, 2011.

Existing law provides that, under certain circumstances, a money judgment obtained by a creditor with a junior mortgage or ~~[other]~~ lien on real property may not exceed the amount of the consideration paid by the creditor for the right to enforce the obligation secured by the junior mortgage or lien.

~~[Section 4 of this bill provides that this bill becomes effective upon passage and approval, and section 3 of this bill provides that this bill applies only to a judgment awarded as the result of: (1) an action for judicial foreclosure commenced on or after the effective date of the bill; or (2) a notice of default and election to sell recorded on or after the effective date of the bill.]~~ **(NRS 40.4636) Sections 2-4 of this bill provide that this limitation applies only to a money judgment awarded on or after the passage and approval of this bill in a civil action to enforce: (1) any obligation secured by a junior mortgage or lien on real property upon which the debtor or a guarantor or surety of the debt maintains his or her principal residence, there is not more than one residential structure and not more than four families reside; and (2) any obligation secured by a junior mortgage or lien on any other real property if the documents evidencing the obligation were fully executed on or before July 1, 2011.**

Remarks by Assemblyman Hansen.

ASSEMBLYMAN HANSEN:

Amendment 333 to Assembly Bill 195 revises provisions governing the amount of a deficiency judgment awarded by a court after the foreclosure of a mortgage or a deed of trust. The court is prohibited from rendering a judgment for more than (a) the amount by which the amount of the indebtedness which was secured exceeds the fair market value of the property sold at the time of the sale, with interest from the date of the sale; or (b) the amount which is the difference between the amount for which the property was actually sold and the amount of the indebtedness which was secured, with interest from the date of sale, whichever is the lesser amount.

The court shall not render judgment for more than the amount of the consideration paid for that right, if the obligation was secured by a junior mortgage or lien on real property which the debtor maintains as his or her principal residence.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 191.

AN ACT relating to public financial administration; revising the types of investments authorized to be made with money in certain public funds; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law specifies the various types of investments that the State Treasurer or a local government may make with money in certain funds. (NRS 355.060, 355.140, 355.170, 355.171) Existing law allows the money of this State, the State Insurance Fund and the governing bodies of local governments to be used for repurchase agreements if certain requirements are

met to ensure that a repurchase agreement does not violate Section 9 of Article 8 of the Nevada Constitution, including that the security which is subject to the agreement is of a type that is legal for the State or the local government to own and that ownership of the security which is subject to the agreement must actually change hands. (NRS 355.140, 355.170) Existing law also prohibits the investment of money of this State or the State Permanent School Fund, except for money invested by the Public Employees' Retirement System, in reverse-repurchase agreements. (NRS 355.060, 355.140)

Sections ~~[1-3]~~ 1 and 2 of this bill authorize the investment of the money of this State **~~[,]~~ and** the State Permanent School Fund **~~[, the State Insurance Fund and the governing bodies of local governments]~~** in reverse-repurchase agreements if those agreements meet certain requirements, which are similar to the requirements on repurchase agreements, to avoid a violation of Section 3 of Article 9 of the Nevada Constitution. **Sections ~~[1-3]~~ 1 and 2** also impose additional requirements on reverse-repurchase agreements which depend upon the purpose for which the reverse-repurchase agreement is made.

Section 2 allows investments of the money of this State and the State Insurance Fund in: (1) any obligation or certificate of an **~~[instrumentality or]~~** agency of the United States; (2) bonds of any general improvement district **~~[or local government within this State;]~~ which meet certain requirements; and** (3) **~~[notes, bonds and other unconditional obligations for the payment of money issued by certain corporations or depository institutions that are rated by a nationally recognized rating service as "A-" or its equivalent; and (4)]~~** a portfolio of investments that, in aggregate value, includes up to 25 percent, rather than 20 percent, of notes, bonds or other unconditional obligations for the payment of money issued by certain corporations or depository institutions. **Section 2** also eliminates the prohibition against investing the money of this State or the State Insurance Fund in a repurchase agreement which involves securities that have a term to maturity at the time of purchase in excess of 10 years.

Section 3 of this bill eliminates the requirement that, when the governing body of a local government purchases commercial paper issued by certain corporations or depository institutions as an investment of its money, the purchase must be made from a registered broker-dealer. **Section 3** also eliminates the prohibition against investing the money of the governing body of a local government in a repurchase agreement which involves securities that have a term to maturity at the time of purchase in excess of 10 years.

Section 4 of this bill allows investments of certain money of boards of county commissioners, boards of trustees of county school districts and the governing bodies of incorporated cities in: (1) notes, bonds and other unconditional obligations for the payment of money issued by certain corporations or **~~[depository institutions that are rated by a nationally recognized rating service as "A-" or its equivalent, or better;]~~ banks;** and (2) a portfolio of investments that, in aggregate value, includes up to 25 percent, rather than 20 percent, of notes, bonds or other unconditional obligations for

the payment of money issued by certain corporations or ~~[depository institutions.]~~ **banks.**

Remarks by Assemblyman Ellison.

ASSEMBLYMAN ELLISON:

The amendment removes the Permanent School Fund and the State Insurance Fund from the reverse repurchase provisions of the bill; requires reverse repurchase agreements to be invested in U.S. treasuries and government agency securities only; eliminates the change allowing the purchase of corporate bonds with an A-minus rating; eliminates the change allowing local governments to invest using reverse repurchase agreements; clarifies that corporate bonds will be purchased from a bank as opposed to a savings and loan; and changes the maturity time for agency securities from "within two weeks" to "16 days." Finally, the amendment reinstates the language regarding the option to invest in the bonds of general improvement districts.

Legislative Counsel's Digest:

Existing law establishes the Contingency Account for Victims of Human Trafficking. The following amendment was proposed by the Committee on Judiciary:

Amendment No. 238.

AN ACT relating to crimes; defining the term "abandonment" as it relates to the care of older persons and vulnerable persons; revising the definitions of the terms ~~[~~"abuse" and~~]~~ **"abuse,"** "exploitation" **and "isolation"** as they relate to offenses committed upon older persons and vulnerable persons; revising provisions concerning the reporting of abuse, neglect, exploitation, isolation or abandonment of an older person; requiring that the name **and other identifying information** of a person who reports the abuse, neglect, exploitation, isolation or abandonment of an older person or a vulnerable person be redacted before certain data or information concerning the report is made available in certain circumstances; ~~[revising penalties concerning the abuse or neglect of an older person or a vulnerable person;]~~ prohibiting the abandonment of an older person or a vulnerable person; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth provisions concerning the abuse, neglect, exploitation or isolation of older persons and vulnerable persons. (NRS 200.5091-200.50995) This bill generally adds the abandonment of older persons and vulnerable persons to such provisions.

~~[Existing law specifically prohibits a person from abusing, neglecting, exploiting or isolating an older person or a vulnerable person, and provides penalties for a violation thereof. (NRS 200.5099) Section 14 of this bill revises certain existing penalties relating to the abuse or neglect of older persons and vulnerable persons depending on whether the offense was: (1) negligent or willful; and (2) a first or subsequent offense. Section 14 also imposes a new penalty for the abandonment of an older person or vulnerable person and provides that unless a greater penalty is provided by law, any person who abandons an older person or a vulnerable person is guilty: (1) for a negligent offense, of a misdemeanor; and (2) for a willful offense, of a gross misdemeanor.]~~

Section 3 of this bill defines the term "abandonment" to mean the **:** ~~[~~willful or negligent:~~]~~ (1) desertion of an older person or a vulnerable person **in an unsafe manner** by a caretaker or other person with a **legal** duty of care; or (2) withdrawal of necessary assistance owed to an older person or a vulnerable person by a caretaker or other person with an obligation to provide services to the older person or vulnerable person. **Section 3** also provides that the term "abuse" includes: (1) infliction of psychological or emotional anguish, pain or distress on an older person or a vulnerable person through any act; ~~[~~and~~]~~ (2) nonconsensual sexual contact with an older person or a vulnerable person **.** ~~[.]~~ **;**

and (3) permitting acts which constitute abuse to be committed against an older person or a vulnerable person. Additionally, **section 3** provides that the term ~~["exploitation" includes deliberately misplacing or losing the belongings or money of an older person or a vulnerable person without his or her consent. Finally, section 3 specifies that abuse, neglect, isolation or abandonment of an older person or a vulnerable person can be willful or negligent.]~~ **"isolation" includes permitting acts which constitute isolation to be committed against an older person or a vulnerable person. Finally, section 3 revises the definition of the term "undue influence" for purposes of the definition of the term "exploitation," and revises the definition of the term "protective services" to include services provided to an older person or a vulnerable person who is unable to provide for his or her own needs.**

Existing law requires certain professionals who know or have reasonable cause to believe that an older person has been abused, neglected, exploited or isolated to report, in certain circumstances, such abuse, neglect, exploitation or isolation to: (1) the local office of the Aging and Disability Services Division of the Department of Health and Human Services; (2) a police department or sheriff's office; (3) the county's office for protective services, if one exists in the county where such suspected abuse, neglect, exploitation or isolation occurred; or (4) a toll-free telephone service designated by the Aging and Disability Services Division. (NRS 200.5093) **Section 4** of this bill removes the option to report suspected acts to the county's office for protective services.

Existing law also requires that reports made concerning the abuse, neglect, exploitation or isolation of an older person or a vulnerable person, and records and investigations relating to those reports, are confidential, and a person, law enforcement agency or public or private agency, institution or facility can release data or information concerning the reports and investigation only in certain limited circumstances. Such circumstances include data or information concerning the reports and investigation being made available to: (1) an agency responsible for or authorized to undertake the care, treatment and supervision of the older person or vulnerable person; (2) the older person or vulnerable person named in the report, if that person is not legally incompetent; and (3) if the person who is reported to have abused, neglected, exploited or isolated the older person or vulnerable person is the holder of a certain license or certificate, the board that issued the license. (NRS 200.5095) **Section 7** of this bill provides that if data or information concerning the reports and investigation is made available in such circumstances, the name **and any other identifying information** of the person who made the report must be redacted before the data or information is made available.

Sections 2, 5, 6, 8-13, 16-24 and 26-41 of this bill generally add a reference to the term "abandonment" to certain provisions of existing law that reference the abuse, neglect, exploitation or isolation of an older person or a vulnerable person.

Assembly Bill No. 62.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 116.

[CONTAINS UNFUNDED MANDATE (§ ~~[9),]~~**34.5)**
(NOT REQUESTED BY AFFECTED LOCAL GOVERNMENT)]

AN ACT relating to veterans; establishing "Veterans Day at the Legislature" as a day of observance; revising provisions relating to preferences in state purchasing **and state public works** for a business owned and operated by a veteran with a service-connected disability; ~~[providing for the disposition of the unclaimed remains of a veteran by a county coroner;]~~ authorizing the Governor to require the naming of a state building, park, highway or other property after a deceased member of the Armed Forces of the United States under certain circumstances; requiring certain state agencies and regulatory bodies to report certain information to the Interagency Council on Veterans Affairs; requiring the Council to report such information to the Legislature; requiring the Director of the Department of Veterans Services to compile in digital form certain information relating to state laws that affect veterans; requiring the Director to provide such information electronically to certain veterans for whom the Department has an electronic mail address of record; requiring the Director to maintain such information on its Internet website; authorizing xeriscaping in the area immediately above and surrounding the interred remains of a veteran at a veterans' cemetery under certain circumstances; **providing for the disposition of the unclaimed remains of a**

veteran by certain county agencies; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law sets forth certain days of observance in this State to commemorate certain persons or occasions or to publicize information regarding certain important topics. (Chapter 236 of NRS) **Section 1** of this bill establishes the third Wednesday of March during each regular session of the Legislature as "Veterans Day at the Legislature," which is a day of observance and not a legal holiday.

~~[Under existing law, a bid or proposal submitted by a local business owned by a veteran with a service-connected disability for a state purchasing contract or contract for a public work is deemed to be 5 percent lower than the bid or proposal actually submitted. (NRS 333.3366, 338.13844) Section 4 of this bill requires the Office of Economic Development to certify a business as a local business owned and operated by a veteran with a service-connected disability if the business submits certain information and the Office determines that the business is a local business owned and operated by a veteran with a service-connected disability. Section 5 of this bill requires: (1) each state agency to submit all solicitations for the award of a contract and any information supporting the solicitation to the Office; and (2) the Office to maintain a database of such information that is made available to the certified businesses. Section 6 of this bill requires the Office to maintain an electronic directory of certified businesses and to cooperate with the Department of Veterans Services and certain nonprofit organizations to support businesses that may be eligible for certification. Sections 15 and 19 of this bill provide that a business qualifies for the 5-percent preference on certain contracts if the business is certified as a local business owned and operated by a veteran with a service-connected disability pursuant to section 4. Sections 15 and 19 also provide for the breaking of a tie for low bid in favor first of a business certified pursuant to section 4 and second of the business with the lowest net worth.~~

~~Existing law provides for the creation, powers and duties of a county coroner. (NRS 244.163; chapter 259 of NRS) Section 8 of this bill provides for the disposition of the unclaimed remains of a veteran by a county coroner.]~~

Under existing law, a bid or proposal for a state purchasing contract for which the estimated cost exceeds $50,000 that is submitted by a local business owned by a veteran with a service-connected disability of at least zero percent and who is a responsive and responsible bidder is deemed to be 5 percent lower than the bid or proposal actually submitted. (NRS 333.300, 333.3365, 333.3366) Section 15 of this bill provides that this 5-percent preference applies with respect to bids or proposals by such veterans for state purchasing contracts for which the estimated cost is more than $50,000 but not more than $250,000. For state purchasing contracts for which the estimated cost is more than $250,000 but less than $500,000, section 15 makes only a veteran with a service-connected disability of 50 percent or more eligible for the 5-percent preference.

Under existing law, a bid submitted by a local business owned by a veteran with a service-connected disability of at least zero percent for a contract for a state public work for which the estimated cost is $100,000 or less is deemed to be 5 percent lower than the bid or proposal actually submitted. (NRS 338.13843, 338.13844) Section 19 of this bill provides a similar 5-percent preference to a local business owned by a veteran with a service-connected disability of 50 percent or more for a contract for a state public work for which the estimated cost is more than $100,000 but less than $250,000.

Section 18.5 of this bill revises the ownership qualifications for eligibility of a local business owned by a veteran with a service-connected disability for the 5-percent preference on state purchasing and state public works contracts from one or more veterans with service-connected disabilities to not more than five veterans with service-connected disabilities. (NRS 333.3362, 338.13841)

Under existing law, the Purchasing Division and the State Public Works Division of the Department of Administration are required to provide a biannual report to the Legislature, if it is in session, or to the Interim Finance Committee, if the Legislature is not in session, regarding bids or proposals submitted by local businesses owned by a veteran with a service-connected disability for state purchasing and state public works contracts and any such contracts awarded to those businesses. (NRS 333.3368, 338.13846) Sections 16 and 20 of this bill require those Divisions to also submit such reports to the Legislative Committee on Senior Citizens, Veterans and Adults with Special Needs when the Legislature is not in session.

Sections 9, 22, 24, 26, 27 and 31 of this bill provide for the naming by the Governor of a state building, park, monument, bridge, road or other property **constructed, acquired, leased or opened on or after July 1, 2015,** after ~~[certain]~~ deceased members of the Armed Forces of the United States ~~[.]~~ **who were residents of this State and killed in action.**

Existing law provides for the creation, powers and duties of the Department of Veterans Services and the Interagency Council on Veterans Affairs. (NRS 417.0191-417.105) **Section 28** of this bill requires certain state agencies and regulatory bodies to report to the Council certain information relating to veterans and requires the Council to report such information annually to the Legislature or, if the Legislature is not in session, to the Legislative Commission. **Section 29** of this bill requires the Director of the Department to prepare a digital copy of certain information relating to state laws that affect veterans and services for veterans and to provide the information in digital form to each veteran in this State for whom the Department has an electronic mail address of record. **Section 29** further requires the Director to publish such information on the Department's Internet website.

Existing law provides for the establishment, operation and maintenance of veterans' cemeteries in this State, and further requires a cemetery

superintendent to ensure that the area immediately above and surrounding the interred remains of veterans in each veterans' cemetery is landscaped with natural grass. (NRS 417.200-417.230) **Sections 32 and 33** of this bill require a cemetery superintendent to ensure that the area is landscaped with natural grass only if a veteran does not indicate by testamentary instrument or on an application for interment at the cemetery his or her desire to have the area landscaped with xeriscaping.

Section 34.5 of this bill provides for the reporting and disposition of the unclaimed remains of a veteran by the agency in a county that is responsible for interring or cremating the remains of indigent persons.

Assemblyman Ellison moved the adoption of the amendment.

Remarks by Assemblyman Ellison.

ASSEMBLYMAN ELLISON:

This amendment deletes sections 1 through 7 to keep the contracting provisions of the bill under the Purchasing Division in the State Public Works Division, rather than creating a new program in the Governor's Office on Economic Development. It changes requirements for a veteran-owned business from 51 percent owned by one or more veterans to 51 percent owned up to 5 veterans. It makes counties responsible for interring and cremating remains of indigent persons who are veterans. It requires that counties notify the Department of Veterans Services as soon as practicable after obtaining custody of the remains. It changes the contract threshold ranges in Section 15, subsection 1, of the bill to between $50,000 and $250,000 in a lower threshold, and to between $250,000 and $500,000 in a higher threshold. Finally, it adds a reporting requirement under section 16 for the Purchasing Division and section 20 for the State Public Works Division to provide a report to the Legislative Committee on Senior Citizens, Veterans, and Adults with Special Needs.

Amendment adopted.

482.399 1. Upon the transfer of the ownership of or interest in any vehicle by any holder of a valid registration, or upon destruction of the vehicle, the registration expires.

2. Except as otherwise provided in subsection 3 of NRS 482.483, the holder of the original registration may transfer the registration to another vehicle to be registered by the holder and use the same regular license plate or plates or special license plate or plates issued pursuant to NRS 482.3667 to 482.3823, inclusive, ***and sections 2 , ~~[and]~~ 3 and 3.5 of this act,*** or 482.384, on the vehicle from which the registration is being transferred, if the license plate or plates are appropriate for the second vehicle, upon filing an application for transfer of registration and upon paying the transfer registration fee and the excess, if any, of the registration fee and governmental services tax on the vehicle to which the registration is transferred over the total registration fee and governmental services tax paid on all vehicles from which he or she is transferring ownership or interest. Except as otherwise provided in NRS 482.294, an application for transfer of registration must be made in person, if practicable, to any office or agent of the Department or to a registered dealer, and the license plate or plates may not be used upon a second vehicle until registration of that vehicle is complete.

3. In computing the governmental services tax, the Department, its agent or the registered dealer shall credit the portion of the tax paid on the first vehicle attributable to the remainder of the current registration period or calendar year on a pro rata monthly basis against the tax due on the second vehicle or on any other vehicle of which the person is the registered owner. If any person transfers ownership or interest in two or more vehicles, the Department or the registered dealer shall credit the portion of the tax paid on all of the vehicles attributable to the remainder of the current registration period or calendar year on a pro rata monthly basis against the tax due on the vehicle to which the registration is transferred or on any other vehicle of which the person is the registered owner. The certificates of registration and unused license plates of the vehicles from which a person transfers ownership or interest must be submitted before credit is given against the tax due on the vehicle to which the registration is transferred or on any other vehicle of which the person is the registered owner.

4. In computing the registration fee, the Department or its agent or the registered dealer shall credit the portion of the registration fee paid on each vehicle attributable to the remainder of the current calendar year or registration period on a pro rata basis against the registration fee due on the vehicle to which registration is transferred.

5. If the amount owed on the registration fee or governmental services tax on the vehicle to which registration is transferred is less than the credit on the total registration fee or governmental services tax paid on all vehicles from which a person transfers ownership or interest, no refund may be allowed by the Department.

6. If the license plate or plates are not appropriate for the second vehicle, the plate or plates must be surrendered to the Department or registered dealer and an appropriate plate or plates must be issued by the Department. The Department shall not reissue the surrendered plate or plates until the next succeeding licensing period.

7. If application for transfer of registration is not made within 60 days after the destruction or transfer of ownership of or interest in any vehicle, the license plate or plates must be surrendered to the Department on or before the 60th day for cancellation of the registration.

8. Except as otherwise provided in subsection 2 of NRS 371.040 and subsection 7 of NRS 482.260, if a person cancels his or her registration and surrenders to the Department the license plates for a vehicle, the Department shall, in accordance with the provisions of subsection 9, issue to the person a refund of the portion of the registration fee and governmental services tax paid on the vehicle attributable to the remainder of the current calendar year or registration period on a pro rata basis.

9. The Department shall issue a refund pursuant to subsection 8 only if the request for a refund is made at the time the registration is cancelled and the license plates are surrendered, the person requesting the refund is a resident of Nevada, the amount eligible for refund exceeds $100, and evidence

satisfactory to the Department is submitted that reasonably proves the existence of extenuating circumstances. For the purposes of this subsection, the term "extenuating circumstances" means circumstances wherein:

(a) The person has recently relinquished his or her driver's license and has sold or otherwise disposed of his or her vehicle.

(b) The vehicle has been determined to be inoperable and the person does not transfer the registration to a different vehicle.

(c) The owner of the vehicle is seriously ill or has died and the guardians or survivors have sold or otherwise disposed of the vehicle.

(d) Any other event occurs which the Department, by regulation, has defined to constitute an "extenuating circumstance" for the purposes of this subsection.

Sec. 11. NRS 482.500 is hereby amended to read as follows:

482.500 1. Except as otherwise provided in subsection 2 or 3, whenever upon application any duplicate or substitute certificate of registration, indicator, decal or number plate is issued, the following fees must be paid:

For a certificate of registration	$5.00
For every substitute number plate or set of plates	5.00
For every duplicate number plate or set of plates	10.00
For every decal displaying a county name	.50
For every other indicator, decal, license plate sticker or tab	5.00

2. The following fees must be paid for any replacement plate or set of plates issued for the following special license plates:

(a) For any special plate issued pursuant to NRS 482.3667, 482.367002, 482.3672, 482.3675, 482.370 to 482.376, inclusive, ***and sections 2*** ***,*** ***[and]*** ***3 and 3.5 of this act,*** or 482.379 to 482.3818, inclusive, a fee of $10.

(b) For any special plate issued pursuant to NRS 482.368, 482.3765, 482.377 or 482.378, a fee of $5.

(c) Except as otherwise provided in paragraph (a) of subsection 1 of NRS 482.3824, for any souvenir license plate issued pursuant to NRS 482.3825 or sample license plate issued pursuant to NRS 482.2703, a fee equal to that established by the Director for the issuance of those plates.

3. A fee must not be charged for a duplicate or substitute of a decal issued pursuant to NRS 482.37635.

4. The fees which are paid for duplicate number plates and decals displaying county names must be deposited with the State Treasurer for credit to the Motor Vehicle Fund and allocated to the Department to defray the costs of duplicating the plates and manufacturing the decals.

Assemblyman Silberkraus moved the adoption of the amendment.

Remarks by Assemblyman Silberkraus.

ASSEMBLYMAN SILBERKRAUS:

This amendment provides for the issuance of special license plates for the Girl Scout Gold Award by the Girl Scouts of America. The fees generated by such special license plates are

required to be deposited with the State Treasurer who must, on a quarterly basis, distribute the fees to the Girls Scouts of Southern Nevada. The Girl Scouts of Southern Nevada will then allocate the fees between itself and other Girl Scout entities in the state. The fees generated by such special license plates are to be used for the purposes of assisting girls from low-income families with the cost of participating in the Girl Scouts of America and promoting the Girl Scouts of America in schools.

The amendment also provides that special license plates recognizing that a person has achieved the rank of Eagle Scout in the Boy Scouts of America or has been awarded the Girl Scout Gold Award by the Girl Scouts of America are exempt from the requirements that a special license plate generally must be approved by the department based on a recommendation from the Commission on Special License Plates; is subject to a limitation of the number of separate designs of special license plates that the department may issue at any one time; and may not be designed, prepared, or issued by the department unless a certain minimum number of applications for the license plate is received.

ASSEMBLYWOMAN CARLTON:

Assembly Bill 73 revises certain requirements, including the due date, of a report that the Division of Welfare and Supportive Services of the Department of Health and Human Services must provide annually to the Legislative Counsel Bureau concerning the amount of money in the Fund for Energy Assistance and Conservation that is to be transferred to the Housing Division of the Department of Business and Industry for energy conservation programs. ASSEMBLYMAN SILBERKRAUS:

Assembly Bill 87 expressly provides that various provisions of existing state law relating to Medicaid apply to certain third-party entities, including self-insured plans, certain group health plans and policies, service benefit plans, and any other organization described in the Social Security Act as being legally responsible for payment of a claim for a health care item or service. In particular, the bill clarifies that these third-party entities are required to pay claims for medical care or services before such claims must be paid by Medicaid. Assembly Bill No. 100.

Remarks by Assemblymen Ellison, Kirkpatrick, Moore, Nelson, Carlton, and Fiore.

ASSEMBLYMAN ELLISON:

Assembly Bill 100 requires the Attorney General to commence an action to protect and secure the rights of the residents of this state under the Second Amendment to the *United States Constitution* at the direction of the Governor or if the Attorney General determines that those rights have been infringed by an executive order issued by the President of the United States. This bill is effective upon passage and approval.

ASSEMBLYWOMAN KIRKPATRICK:

I will support this bill, but I am very concerned that as we look at revenue this session, this is yet another duty that we are giving to the office of the Attorney General on something outside of this building that we cannot control. That better be a real discussion. I know there is no current fiscal note on this, but someone is going to have to pay for the Attorney General to traipse around the country to defend our Second Amendment rights. I believe in this state we take a very strong stance on Second Amendment rights, so I will support it, but all the folks who want to do this need to recognize that it is going to take some revenue. Somebody is going to have to pay for it at some point.

ASSEMBLYMAN MOORE:

I rise in support of Assembly Bill 100. One would hope that we would not need a law to force our Attorney General to protect the constitutional rights of Nevadans, but history has taught us unfortunate lessons. Although I am certain that A.B. 100 will be unnecessary for at least the next eight years, I want to make sure that the future is as safe as the present. When Nevada's Governor asks Nevada's Attorney General to defend Nevadans' constitutional rights, the response should never be in doubt. I will be voting yes for this important bill, and I encourage everyone to support it.

ASSEMBLYMAN NELSON:

I rise in support of A.B. 100. This is a short bill but a very important one. A few years ago, I would have thought this an unnecessary bill, but recent controversy surrounding the Affordable Care Act and the prior Attorney General left the duties of Nevada's Attorney General unclear. Whether or not you defend Nevadans against unconstitutional overreach from the President of the United States should not depend on whether you share a political affiliation or an ideology with the nation's Chief Executive. When the Attorney General feels free to ignore even a request from the Governor to defend Nevadans' rights, something is wrong. When executive order replaces legislation, something is wrong. When constitutional rights become subject to the whims of politics, something is wrong. Today we take a small step towards making things right. With this bill, we make sure that our Attorney General works for us and us alone. I will be voting yes, and I encourage everyone else to.

ASSEMBLYWOMAN CARLTON:

I rise in opposition to Assembly Bill 100. I take my duty to this state very seriously. I stood in this Chamber on opening day, I raised my right hand, and I took an oath. Every constitutional officer in this state took the same oath to uphold the *Constitution of the United States* and the *Constitution of Nevada*. One amendment does not outweigh any other. If you want to start talking about our favorites, the first is mine because without that, we would not have the others. To say that we should give more weight to one than the other, I find disconcerting.

This has turned into a political act, not an actual policy initiative. I support the *United States Constitution* and the *Nevada Constitution*, and I will always do that when I stand in this Chamber or anywhere else in this state. I do not believe this is necessary, and it has become a political sword.

ASSEMBLYWOMAN FIORE:

I want to first thank our former Speaker for her support on A.B. 100. I want to express why A.B. 100 is so important. It actually makes our Attorney General act, and as my colleague from Assembly District 14 mentioned in the Chamber earlier today, sometimes you feel safe with certain Attorneys General and sometimes you do not. I have to agree with that.

Assembly Bill 121 prohibits a school from disciplining a pupil enrolled in kindergarten or Grades 1 through 8 who is simulating a firearm or other dangerous weapon while playing or for possessing a toy firearm that is 2 inches or less in length or a toy dangerous weapon made of plastic building blocks.

In addition, pupils may not be disciplined for wearing clothing or accessories that depict weapons or for expressing an opinion about the constitutional right to keep and bear arms unless it substantially disrupts the educational environment. The bill specifies that discipline may be warranted if the simulation is significantly disruptive to the learning process, causes bodily harm to someone, or causes a person to have a reasonable fear of bodily harm.

Finally, the provisions of this bill do not prohibit a school from establishing and enforcing a school uniform policy. The bill is effective upon passage and approval.

Assembly Bill 137 allows the State Contractors' Board to discipline a licensed contractor who solicits a contracting bid or estimate from a person known by the licensee to be unlicensed. The measure provides that an unlicensed person may not advertise certain services without disclosing

that he or she is not licensed. It also prohibits a person, whether licensed or unlicensed, to advertise to perform certain services using a license number that does not correspond to a valid license issued to that person by the Board. Finally, A.B. 137 increases the fines and penalties for certain violations of Chapter 624 of *Nevada Revised Statutes* and allows the Board to exceed certain fine limits by adding a fine enhancement of up to 10 percent of the value of the contract under certain circumstances. ASSEMBLYMAN ARAUJO:

This bill enacts a juvenile competency standard. The bill establishes procedures both a juvenile court and a person who makes a motion for the evaluation of a child must follow in determining the question of competence. If the court suspends a case to consider the question of competency, then the court must appoint one or more qualified experts. The measure also provides guidelines and considerations an expert must take into account as part of the evaluation, if appropriate, such as age, developmental maturity, and any other factor that affects the competence of a child. An expert must submit a written report, as required by the guidelines, to the court for evaluation.

Upon receipt of the written reports from the experts, the court must hold an expedited hearing to determine the child's competency. If the child is determined to be incompetent, the court is required to make additional determinations and issue all necessary and appropriate recommendations and orders. Further, the court must conduct a periodic review to determine whether the child has attained competence. After a periodic review is conducted, depending on its findings, the court will proceed with the case if the child has attained competence, order appropriate treatment if the child has not attained competence, or consider the best interests of the child and the safety of the community if the child has not attained competence and will not likely attain competence in the foreseeable future.

If the court determines a child to be incompetent, the child may not, during the period that the child remains incompetent, be adjudicated a delinquent child or a child in need of supervision or placed under the supervision of the court. Finally, any evidence that is introduced for the purpose of assisting the juvenile court in determining a child's competency is not admissible in any criminal proceeding.

ASSEMBLYMAN WHEELER:

Assembly Bill 139 authorizes a person who possesses a concealed firearm permit issued by another state to carry a concealed firearm in Nevada. In addition, a member of the military, an honorably discharged member of the military, or a current law enforcement officer who is under 21 years of age and has a permit issued by another state is authorized to carry a concealed firearm in Nevada. The measure repeals all provisions of existing law relating to the preparation of a list by the Department of Public Safety of concealed weapon requirements in other states.

ASSEMBLYWOMAN KIRKPATRICK:

I rise in opposition of Assembly Bill 139. I have been in a real quandary this session because we have had so many discussions about gun bills, and I don't sit on the committees who have those discussions, so I feel like I always have to ask more questions. I was okay with this bill originally, when it allowed military members and police officers to come to Nevada and have a CCW. What I am not okay with—I am a CCW carrier, and I value that training, and I value what it took to get it. It was not easy. For my CCW, I had to pay attention to the training, I had to go through an eight-hour class, and I had to be able to shoot a certain distance.

It bothers me that now we are allowing reciprocity with other states. We already have about 38 states that have similar rules as ours, and that was okay. When you get your CCW, they ask if you want just Nevada or if you want all states. I chose just Nevada.

I did some research over the weekend. In Arizona, there is no refresher course. Additionally, non-Arizona residents may be issued an Arizona permit. In Florida, there is conceal and carry legislation but no federal background checks. That is not the same as what we do in Nevada. If you are in Alaska, there is no permit required to purchase a gun, own a gun, or even carry a gun. It concerns me because I am a lifetime NRA member, and it was all about gun safety. As a CCW carrier, I valued that training.

I would like to vote for some gun bills this session, but I do not see me getting there because I am all about training and common sense with guns. So unfortunately, I rise in opposition one more time on something I truly care about. I spoke to many of my most conservative constituents in my district, and they agreed with me. At least back home, I feel comfortable that people agreed that maybe this is just a little too far.

ASSEMBLYWOMAN FIORE:

I rise in support of Assembly Bill 139. My colleague is worried because of training and has some other concerns. My biggest concerns are facts, and to date Nevada has not had one out-of-state concealed weapon permit carrier create any ruckus in our state, and we welcome that. I urge all my colleagues to rise in support knowing all the facts.

ASSEMBLYMAN THOMPSON:

Assembly Bill 156 requires the Director of the Department of Health and Human Services to analyze demographics and data when declaring a community an "at-risk community." The definition of an "at-risk community" is revised to include families who are at imminent risk of homelessness.

The bill clarifies that a family resource center is a facility where families can directly obtain social services. Family resource centers are required to include input from their local and state elected officials when developing an action plan related to a grant. Case managers are required to collect and analyze data to monitor the performance of family members who receive services.

Family resource centers are essential to our communities. They were established well over 20 years ago. Keeping them well equipped with resources and funding streams through grants and other opportunities is important for sustainability. I would appreciate your support of this bill.

Chief Justice Hardesty delivered his message as follows:

MESSAGE TO THE LEGISLATURE OF NEVADA
SEVENTY-EIGHTH SESSION, 2015

Governor Sandoval, Lieutenant Governor Hutchison, Speaker Hambrick, Senator Roberson, Senator Ford, Assemblywoman Kirkpatrick, distinguished members of the Senate and the Assembly, honorable constitutional officers, and honored guests. Thank you once again for the honor of speaking to the Nevada Legislature on behalf of my colleagues and friends in the state judicial system.

A week ago Monday, Senator Dean Heller began his remarks by noting that he was speaking just before the men's national championship basketball game. As you all know, today is tax day, the day the Titanic sank, and the day President Lincoln died. At first blush, I would trade days with the Senator—until I remembered that on April 15, 1947, Jackie Robinson became the first African-American player in Major League Baseball history when he stepped onto Ebbets Field to compete for the Brooklyn Dodgers. I could not help but notice the historical coincidence of President Lincoln's death and Jackie Robinson's entrance into Major League Baseball as its first African-American player. So I am honored to speak to you this day.

I have another reason to be proud to speak to you this day. Earlier this afternoon I enjoyed one of the unique privileges in life that is visited upon a chief justice. It was my great honor to swear in my Senator from District 13, Senator Debbie Smith, so I can report to this Legislature that your Legislature is now complete. She is now with all of us.

I would like to introduce my friends and colleagues on the Nevada Supreme Court: Associate Chief Justice Ron Parraguirre, Justice Mike Douglas, Justice Mike Cherry, Justice Kris Pickering, Justice Mark Gibbons, and Justice Nancy Saitta. It is my privilege to serve with these distinguished jurists, and I thank them for their support during my service as Chief Justice. I would also like to recognize and thank the Clerk of the Supreme Court, Tracie Lindeman; the Clerk of the new Court of Appeals, Tom Harris; our legal counsel, Phaedra Kalicki; the Reporter of Decisions Brandee Mooneyhan; the Supreme Court's extraordinary legal staff; the Director of the Administrative Office of the Courts, Robin Sweet; and the dedicated, hardworking staff of the Administrative Office of the Courts.

I am also privileged to speak on behalf of our 3 Court of Appeals judges, 82 district court judges, 67 justices of the peace, 30 municipal court judges, and the nearly 2,000 court employees throughout the state. A number of judges have joined us tonight; it would probably take quite a bit of time to introduce all of them, but I want to thank them for coming and offering their support for the Judicial Branch of government. I would particularly like to introduce and have you

recognize the chief judges of the Second and Eighth Judicial Districts, Washoe and Clark, Chief Judge David Hardy and Chief Judge David Barker.

Nevada's judicial officers and court employees are committed to the administration of fair and impartial justice in criminal, civil, family, and juvenile disputes according to the rule of law. In fulfilling our constitutional duties, we are mindful of the importance of providing timely access to the court system and resolving cases as efficiently as budgets and caseloads will permit. I am proud to serve with all of these dedicated public servants, and I offer my profound thanks to all of them for their service to all Nevadans.

My purpose this evening is to discuss the state of the Judicial Branch of Nevada's government. In doing so, I would like to share with you some of the many accomplishments of Nevada's courts and offer a vision for the future of Nevada's judiciary.

As you know, the resolution of disputes represents the core function of the court system. As Mark Twain commented in 1868, "The Judges have the *Constitution* for their guidance; they have no right to any politics save the politics of rigid right and justice when they are sitting in judgment upon the great matters that come before them." Of course, a few years later, Twain would say with a wry wit, "Always do right. This will gratify some people and astonish the rest."

In today's environment, though, what is the right role for Nevada's judiciary? Over the years, and more so in recent times, the responsibilities of the judiciary have increased in ways we could not have imagined just two decades ago. Not only do our citizens and the state turn to the courts to resolve criminal, civil, family, and juvenile cases, they also seek the courts' assistance to resolve many of society's social issues as well.

To paraphrase the former chief judge for the state of New York, whether we like it or not, the state courts of this country are in the eye of the storm. We have become the emergency room for society's worst ailments—substance abuse, family violence, mental illness, mortgage foreclosures, and so much more. This reality has forced the courts to approach cases with innovation and collaboration with all involved, and these pressures underscore the need for a public judicial system that is timely, responsive, and efficient in its management of a case while treating each person with respect and dignity.

I can tell all of you I have been looking forward to this evening for a long time. For the first time in 44 years, the Nevada Supreme Court and the Nevada Legislature are not engaged in a discussion about the need for a court of appeals. Tonight, thanks to the Legislature, our distinguished Governor, and the people of the state of Nevada, I can report that last November, Nevadans voted to amend the *Nevada Constitution* to create a court of appeals. No doubt, the active participation of past and present members of the Nevada Legislature was a major factor in the educational effort to adopt Question 1. You helped make history for Nevada's judicial system, and I can tell you from the bottom of our hearts, the Supreme Court would like to take this opportunity to thank each of you for your support.

In the 60 days following the election, the Supreme Court enacted rules to govern the jurisdiction and transfer of cases to the Court of Appeals; the Judicial Selection Commission and the Governor appointed the new judges in record time; and the Board of Examiners and the Interim Finance Committee implemented the budget to fund the Court of Appeals. By January 5, 2015, the Supreme Court's staff set up offices, installed computers, established internal procedures, and completed many other tasks needed to start a brand new court. I want to thank and recognize our Clerk Tracie Lindeman; Reporter of Decisions Brandee Mooneyhan; legal counsel Phaedra Kalicki and Sarah Moore; clerk Amanda Ingersoll; and IT personnel Brian Pettijohn, Ted Xie, Fred Aker, Kathryn Burns, Karen Peterson, Jeff Sabo, and Alyssa Bland for the many hours they devoted during the Thanksgiving and Christmas holidays to assist the Court with the numerous rule drafts, install the case management system, and implement the various procedures necessary to convert the dream of a court of appeals into a reality. I also want to thank and recognize the members of the Administrative Office of the Courts staff—John McCormick, Hans Jessup, Vale Trujillo, Myrna Byrd, and Deborah Crews—for their help in setting up offices north and south that made the Court of Appeals fully functional by January 5, 2015, as contemplated in the constitutional amendment.

As with any endeavor, the success of the Court of Appeals will ultimately depend on the judges who serve. Allow me to introduce the inaugural Chief Judge of the Court of Appeals, Chief Michael Gibbons. And for all of the things that this Legislature might fix, perhaps you could

begin with Southwest Airlines, for I had wished to introduce to you as well Judge Abby Silver and Judge Jerome Tao. These three judges were nominated by the Judicial Selection Commission from 36 highly qualified applicants and selected by the Governor. They have committed their intellect, hard work, and talent to the success of the Court of Appeals and the contribution it can make to Nevada's judicial system and Nevada law.

As you know, the Supreme Court has always maintained that a court of appeals would improve justice in our state by reducing the Supreme Court's caseload, shortening the time to decide appellate cases, increasing the number of published opinions on Nevada law, and operating within a fiscally responsible framework. From what I have witnessed during the first three and a half months of operation, I can state with confidence that the Supreme Court and the Court of Appeals have a very bright future.

Consider as 2015 began, the Supreme Court faced a pending caseload of 1,819 cases. As of March 31, 2015, 300 cases have been assigned to the Court of Appeals under the rules adopted by the Supreme Court. In the first three months, the Court of Appeals has decided 166 cases, conducted its first oral arguments in 4 cases, and published its first opinion. With the continued work of my colleagues on existing cases and the contributing work of the Court of Appeals, the Supreme Court saw its first significant drop in pending cases in years to 1,568 cases. And one more point: Of the $444,250 in funding provided by the Legislature to operate the Court of Appeals for the first six months, we currently project a reversion or return to the State General Fund of over $56,000, or 12.6 percent of our original budget. Before beginning my presentation today, I was advised that through today, the Court of Appeals has had an additional 27 cases assigned to it and they have decided, as of today, 221 cases.

I believe the Court of Appeals is one of many examples of the Nevada judiciary's achievements, and I would like to update you on a few others. In 2001, the Supreme Court created the business court in the Second and Eighth Judicial Districts. Patterned loosely after Delaware's Chancery Court, the business courts in Nevada are designed to resolve the most complex, lengthy, and expensive business disputes in a timely, cost-efficient manner. Prior to establishing Nevada's business court system, these cases lacked case management and in most instances took more than four years to complete. A lot of progress has been made in the business court experience since then. As of the end of the fiscal year, there were 91 pending cases in Washoe County's District Court and 508 in Clark County's. I was impressed, as I believe you will be, to learn that the average time to disposition today for business court cases in Clark County is 23 months, and that takes into account cases like the Harmon tower dispute. In the Second Judicial District Court, the business court judges have reduced the average time to disposition in the last two years from 16 months to 10 months. These statistics make Nevada very competitive with Delaware and other states that have business courts in their system and send a clear message to local businesses and those outside Nevada's borders that Nevada's judicial system is fully prepared to address the legal needs of Nevada's businesses in a timely, cost-effective way. I would like to thank and recognize Eighth Judicial District Court Judges Elizabeth Gonzalez, Mark Denton, Nancy Allf, Kathleen Delaney, and Susan Scann and Second Judicial District Court Judges Patrick Flanagan and Scott Freeman for their extraordinary work in making our business courts the success we envisioned 14 years ago. As a result of the creation of the Court of Appeals, I believe the Supreme Court can complete the business court plan by publishing more opinions, expanding our jurisprudence on business law.

In 2009, the Supreme Court presented, and the Legislature approved, a business plan to add ten district court judges, with new courtrooms, facilities, and technology expenses paid by an increase in filing fees. Under this plan, seven civil jurisdiction judges and two family court judges were added in Clark County, and one general jurisdiction judge was added in Washoe County. This was a bold move at the time as the recession was becoming more realistic and the state's budget was in real trouble. But consider that in 2009, the number of cases filed per district court judge in Clark County was 2,422, and the average time to resolve a case exceeded three and one-half years. In Washoe County, the number of cases filed per district court judge was 1,597, and a new general jurisdiction judge had not been added to that district in 20 years. Today, the number of cases filed per district judge in Clark County is 1,846, and the average time for closure in all civil cases is 14.7 months; the two additional family court judges provided the opportunity to add judicial

resources to cases involving the abuse and neglect of children. In Washoe County, the number of cases filed per district judge is 1,370, and the average time to resolution is under one year.

But consider this: The funds generated by the Supreme Court's business plan fully paid for all eight new courtrooms in Clark County and the courtroom in Washoe County without any cost to the general funds of the counties or the state. Since then, Clark County's District Court has utilized these funds to, among other items, upgrade its audiovisual systems, create a disaster recovery project to protect its old and new efiling records, and archive over 4 million pages of court files. The Washoe District Court was able to renovate its probate-commissioners' courtroom, and in Elko, Judge Nancy Porter, with the support of her colleague Judge Al Kacin, led a collaborative effort with Elko Municipal Court Judge Simons and the Elko County Sheriff and Commissioners to establish, for the first time, a security system for the courthouse, including the installation of video equipment inside and out. They also replaced an audiovisual system in the small courtroom in the jail. In Carson City, the District Court constructed a new specialty courtroom, a new juvenile courtroom, and provided computers and technology to that court's clerks and staff at no cost to Carson City or the state. To quote District Court Judge Todd Russell, "None of this would have been possible without the business plan proposed by the Supreme Court and enacted by the Legislature."

Nevada's drug courts and other specialty courts continue the incredible journey that began in 1992 when Nevada launched the nation's fifth drug court. It is a journey that saves lives, families, and the futures of unborn children. It is also a journey that reduces recidivism and the need for more prisons and jails. The Legislature's continued support of these courts has enabled dedicated specialty court judges and staff to achieve successes that no one thought possible. Over the past three years, the 41 drug, mental health, and DUI courts throughout the state served an average of 3,800 clients per year and witnessed an average of 1,470 graduates per year. This past fiscal year, 74 drug-free babies were born to participants in these and other specialty courts; that is 74 babies who now have a chance to grow up without the limitations imposed on them prenatally by drug-addicted mothers.

But the success of these and many of the specialty courts in Nevada is now in jeopardy. As some of you know from my presentation to the subcommittee hearing the Supreme Court's budget, the funding for specialty courts in Nevada depends largely on a share of administrative assessments paid on traffic citations. This funding source has always been a bit unstable, but it has never declined to the extent we have witnessed in the last six months. As a result, the specialty court programs in Nevada face a shortfall in their budgets of 15 percent, or decline in revenue of just over $1.4 million. The impact to the budgets is already being felt this fiscal year, resulting in the delay of assistance to or exclusion of participants in programs in Clark County and the six counties that make up the Western Regional Drug Court program. The consequences are clear. Our state will see increases in jail and prison costs as a result. Therefore, I would urge this Legislature to follow the unanimous recommendation of your Advisory Commission on the Administration of Justice as well as the Governor's recommended budget and restore the shortfall in funding and add $3 million of new revenue to expand the capabilities of Nevada's specialty courts to save lives and reduce jail and prison costs in the process.

As part of this discussion, I thought you would be interested in an update on the success of the felony DUI court program. This specialty court deals with serious and chronic DUI offenders who have failed to appreciate their actions after prior jail or prison terms. The DUI court has been remarkably successful in breaking the destructive cycle of these offenders. Last year 290 clients graduated from felony DUI court. While not all courts have this same experience, I wanted to share the results of the DUI court in Elko supervised by Judge Nancy Porter. Since 2010, not one graduate of that program has recidivated. As you know, the Legislature added funding for DUI courts during the 2013 Session, but that funding sunsets on June 30, 2015. I urge you to terminate the sunset and allow this funding source to continue to help mitigate the reductions in all of the specialty court budgets I have mentioned tonight.

I also want to mention the Foreclosure Mediation Program. In 2009, with the consent of the lending industry, the Legislature asked the Supreme Court to supervise a new program that would create a platform for loan mediation and mitigate the effects of the growing number of foreclosures. The program has been funded not by the General Fund, but by fees paid by lenders when seeking relief from a default. There can be little question, from the statistics we have

provided to this Legislature and to previous Legislatures, that the program has helped thousands of Nevadans remain in their homes or work out arrangements with lenders to reduce the impact of a foreclosure. As we have noted in budget hearings, though, the continuation of this program is a policy decision for this Legislature and not the Court. While the Court has offered some options for your consideration, it is up to the Legislature to decide what to do next. But regardless, tonight I would like to recognize and thank someone who has been with the program from the beginning, Verise Campbell, the Director of the Foreclosure Mediation Program for the Supreme Court. Her service has been extraordinary, and we thank her for all that she has done for the many citizens of Nevada who have been helped.

These initiatives are a few of the many achievements of the Judicial Branch over the past few years. All of them illustrate the dedication of the judges and court employees who work very hard every day to make the courts responsive to the needs of Nevada's citizens.

As we look to the future, I see a lengthy agenda for Nevada's judicial system. I would like to highlight just a few items that I consider to be on that list. First, we must continue our efforts to make the public judicial system responsive to the needs of people in civil cases and family cases. Access to justice in Nevada cannot be a goal; it must be a reality. Families and children in crisis and unrepresented litigants have every right to expect their judicial system to work equally for them. Too often, parties turn away from the public judicial system because it is just too expensive and takes too long. This issue is not unique to Nevada. For the past two years, a committee of the Conference of Chief Justices, on which I have the privilege of serving, has been studying two fundamental reasons for cost and delay in the public judicial system: case management by judges and the rules of civil procedure, particularly those relating to discovery that add cost and time to an already challenging process. The committee's report is due this summer, and this fall I will ask all courts in Nevada to study and implement the committee's recommendations that are relevant to our state.

Second, I urge the Legislature to pass Assembly Bill 435, a measure that creates a new judicial district in Nevada consisting of Pershing, Lander, and Mineral Counties. For the past 45 days, Judge Jim Shirley, who is here this evening; Judge Michael Montero; and the county commissioners in each of those counties and Humboldt County have studied the benefits of this realignment, and all have voted to support this effort. This out-of-the-box plan helps smooth out caseloads in the Fifth Judicial District, Nye County and Esmeralda; the Sixth Judicial District, Humboldt and Pershing; and the new Eleventh Judicial District, Pershing, Lander, and Mineral. It reduces travel time for judges serving in these districts; significantly postpones the need for additional judges, particularly in the Fifth Judicial District in Nye County; and increases the availability of judicial resources for all parties at little or no fiscal impact to the counties or the state.

Third, we must study and adopt evidence-based risk assessment in setting pretrial release conditions of those accused of a crime. Pretrial judicial decisions about the release or detention of a defendant have a significant impact on thousands of defendants and add great financial stress to publicly funded jails holding defendants who are unable to meet conditions of release. As our jails swell, particularly in Clark County, it is time for Nevada's judges to follow the lead of the District of Columbia, Kentucky, New York, Arizona, and the Conference of State Court Administrators and adopt pretrial release assessment tools that better assess whether a defendant will fail to appear or will present a risk of safety to others. As the Conference report notes, "Imposing conditions on a defendant that are appropriate for that individual following a valid pretrial assessment substantially reduces pretrial detention without impairing the judicial process or threatening public safety."

I am proud to report that 33 of Nevada's limited jurisdiction judges and nine of our district court judges have already agreed to join me in the study of this issue. Several of the county commissions have also agreed to participate in this process. I hope this Legislature will adopt Senate Bill 452 requiring the use of pretrial risk assessment tools according to rules approved by the Supreme Court. Doing so will add Nevada to the list of states leading the country in the use of evidenced-based decisions in pretrial releases for those accused of a crime.

The last issue I will mention is that of judicial education. Over the past four years, we have witnessed a dramatic change in the make-up of the district court bench in Nevada. Today, 38 of the 82 district court judges in Nevada have joined the bench since 2010. These judges bring new

energy, innovation, and creativity to Nevada's judicial system. Their addition provides many opportunities including, in my view, a reexamination of our approach to judicial education. You might be interested to know that it has been 16 years since district court judges attended mandatory education on cases involving the death penalty, and not since 2007 have the judges been required to attend classes on domestic violence. While many of our judges obtain education on these and other areas of the law on their own, we do not have an organized system for mandatory judicial education. No matter what you may think, the work of a judge is very difficult, and I assure you, the perspective of a judge is much different than that of an experienced litigator or advocate. Anyone who has served as a judge will tell you that it takes considerable training, education, work, and time to develop a sense of confidence in the art of judging. If we are to do our best for the people that appear in Nevada's courtrooms, we must become and stay conversant in core legal and judicial subjects. I want to collaborate on the development of required subjects with varied curriculum that must be attended or taught by all judges, both old and new. With the help of the National Judicial College, the Boyd School of Law, and our own resources, we can build a foundation for future judicial excellence.

As you may have witnessed, I am excited about the future of Nevada's judicial system. I can't think of a better time to practice law in our state. We have a top-20 law school, an active State Bar, a new Court of Appeals, and judges and court employees who are motivated, enthusiastic, innovative, and engaged working every day to make our public judicial system the best that it can be. But as Justice Breyer noted in his book *Making Our Democracy Work*, we cannot take the public's confidence in the courts for granted, nor the Legislature's either. I agree and believe that Nevada's courts will continue to earn the public's trust and confidence if we adhere to the rule of law, are proactive in the management of our cases, creative in our efforts to provide access to the courts, sensitive to the needs of people who come before us, innovative in our resolution of disputes, accountable for our behavior and decisions, and fiscally responsible and transparent in all that we do.

Again, I want to thank you on behalf of the judiciary for the opportunity to visit with you this evening.

DATED this 15th day of April, 2015.

Assemblyman Silberkraus requested that the following remarks be entered in the journal.

ASSEMBLYMAN SILBERKRAUS:

"In the end, it's not the years in your life that count. It's the life in your years."

Though he may have only had 56 years with us, President Abraham Lincoln left his indelible mark on this nation and on the world—a bright light in a dark time; a father; a fighter; and a healer. This morning, 150 years ago, our country watched that light dim, and for a moment, go out. Hearts broke, tears were shed and a preserved nation mourned. But out of that mourning came new strength. That light, that life, would not be forgotten, but carried forward in the hearts of all men and women. We may have only had the man for 56 years, but his life endures today and shall for generations to come.

Today we fly our flags at half-mast, here at the Legislature, at the Supreme Court, over our State's Capitol and around our nation.

For a man who led our nation through the Civil War, a man who signed the Emancipation Proclamation, a man who helped create land grant colleges such as UNR, a man who promoted the trans-continental railroad, and lastly a man who helped usher in Nevada as our nation's 36th state.

With that in mind, all members of this body have signed a proclamation that in part reads:

> WHEREAS, From his inauguration on March 4, 1861, throughout his presidency and beyond his death, President Abraham Lincoln represents the urge to foster a unified and free nation, built on the principals and promises for which so many gave their lives; and
>
> WHEREAS, President Abraham Lincoln was not only paramount in shaping the future of the United States, strengthening the federal government, and laying out our current political system, he also helped Nevada achieve statehood; now, therefore, be it
>
> PROCLAIMED, That the Nevada State Assembly is profoundly grateful to President Abraham Lincoln's relentless efforts that led to the strengthening of the

unity of our great nation and for declaring Nevada the 36th state in the Union; and be it further

PROCLAIMED, That the Nevada State Assembly, in recognition of the many achievements of President Abraham Lincoln and in commemorating the 150th Anniversary of the death of President Abraham Lincoln, designates April 15, 2015, as President Lincoln Remembrance Day.

To end, I ask that all here take a moment of silence in honor of the man whose portrait hangs high in this Chamber and keep in your heart this quote from Lincoln himself: "Die when I may, I want it said of me by those who know me best, that I always plucked a thistle and planted a flower when I thought a flower would grow."

SECOND READING AND AMENDMENT

Assembly Bill No. 25.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 377.

AN ACT relating to the residential construction tax; revising provisions governing the authorized uses of the tax; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the city council of any city or the board of county commissioners of any county which has adopted a master plan and recreation plan which includes, as a part of the plan, future or present sites for neighborhood parks to impose, by ordinance, a residential construction tax. Money collected through the tax may only be used for the acquisition, improvement and expansion of neighborhood parks or the installation of facilities in existing or neighborhood parks **[.] and must be expended for the benefit of the neighborhood from which it was collected.** (NRS 278.4983) This bill additionally authorizes the use of money collected through the tax for the improvement of park facilities and specifies that improvement includes **[replacement,] the expansion,** modification, redesign, redevelopment or enhancement **[, but does not include routine or preventative maintenance.] of**

existing facilities or the installation of new or additional facilities. This bill clarifies that the parks and related facilities that are acquired, improved, expanded or installed, as applicable, with the money collected through the tax must be attributable to the new construction or development for which the money was collected. This bill also specifies that the money collected through the tax: (1) must be expended within the park district from which it was collected; and (2) must not be expended for maintenance or operational expenses.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 278.4983 is hereby amended to read as follows:

278.4983 1. The city council of any city or the board of county commissioners of any county which has adopted a master plan and recreation plan, as provided in this chapter, which includes, as a part of the plan, future or present sites for neighborhood parks may, by ordinance, impose a residential construction tax pursuant to this section.

2. If imposed, the residential construction tax must be imposed on the privilege of constructing apartment houses and residential dwelling units and developing mobile home lots in the respective cities and counties. The rate of the tax must not exceed:

(a) With respect to the construction of apartment houses and residential dwelling units, 1 percent of the valuation of each building permit issued or $1,000 per residential dwelling unit, whichever is less. For the purpose of the residential construction tax, the city council of the city or the board of county commissioners of the county shall adopt an ordinance basing the valuation of building permits on the actual costs of residential construction in the area.

(b) With respect to the development of mobile home lots, for each mobile home lot authorized by a lot development permit, 80 percent of the average residential construction tax paid per residential dwelling unit in the respective city or county during the calendar year next preceding the fiscal year in which the lot development permit is issued.

3. The purpose of the tax is to raise revenue to enable the cities and counties to provide neighborhood parks and facilities for parks which are required by the residents of those apartment houses, mobile homes and residences.

4. An ordinance enacted pursuant to subsection 1 must establish the procedures for collecting the tax, set its rate, and determine the purposes for which the tax is to be used, subject to the restrictions and standards provided in this chapter. The ordinance must, without limiting the general powers conferred in this chapter, also include:

(a) Provisions for the creation, in accordance with the applicable master plan, of park districts which would serve neighborhoods within the city or county.

(b) A provision for collecting the tax at the time of issuance of a building permit for the construction of any apartment houses or residential dwelling units, or a lot development permit for the development of mobile home lots.

5. All residential construction taxes collected pursuant to the provisions of this section and any ordinance enacted by a city council or board of county commissioners, and all interest accrued on the money, must be placed with the city treasurer or county treasurer in a special fund. Except as otherwise provided in subsection 6, the money in the fund may only be used for ~~[the]~~ **:**

(a) The acquisition, improvement and expansion of neighborhood parks **;** or ~~[the]~~

(b) The installation ***or improvement*** of facilities in existing or neighborhood parks in the city or county ~~[.]~~ **,**

↳ that are attributable to the new construction or development for which the money was collected. Money in the fund must be expended ~~[for the benefit of the neighborhood]~~ ***within the park district*** from which it was collected ~~[.]~~ ***and must not be expended for maintenance or operational expenses.***

6. If a neighborhood park has not been developed or facilities have not been installed in an existing park in the park district created to serve the neighborhood in which the subdivision or development is located within 3 years after the date on which 75 percent of the residential dwelling units authorized within that subdivision or development first became occupied, all money paid by the subdivider or developer, together with interest at the rate at which the city or county has invested the money in the fund, must be refunded to the owners of the lots in the subdivision or development at the time of the reversion on a pro rata basis.

7. The limitation of time established pursuant to subsection 6 is suspended for any period, not to exceed 1 year, during which this State or the Federal Government takes any action to protect the environment or an endangered species which prohibits, stops or delays the development of a park or installation of facilities.

8. For the purposes of this section:

(a) "Facilities" means turf, trees, irrigation, playground apparatus, playing fields, areas to be used for organized amateur sports, play areas, picnic areas, horseshoe pits and other recreational equipment or appurtenances designed to serve the natural persons, families and small groups from the neighborhood from which the tax was collected.

(b) ***"Improvement of facilities" means the*** ~~***[replacement,]***~~ ***expansion, modification, redesign, redevelopment or enhancement of existing facilities or the installation of new or additional facilities.*** ~~***[The term does not include the routine or preventative maintenance of facilities.]***

(c) **"**Neighborhood park" means a site not exceeding 25 acres, designed to serve the recreational and outdoor needs of natural persons, families and small groups.

Sec. 2. This act becomes effective upon passage and approval.
