Remarks by Assemblyman Sprinkle.

ASSEMBLYMAN SPRINKLE:

It requires Medicaid and certain private health insurers to cover certain methods of contraception and contraception-related service without a copayment, coinsurance, or a higher deductible in most instances.

Motion carried by a constitutional majority.

The following Senate amendment was read:

Amendment No. 967.

Legislative Counsel's Digest:

Existing law provides that an insurer may not deny, limit or exclude a benefit provided by a health care plan in certain limited circumstances, including, without limitation, when a person has contracted for a blanket policy of accident or health insurance or in certain cases relating to adoption. (NRS 689B.500, 689C.190, 695A.159, 695B.193, 695C.173, 695F.480) The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) prohibits an insurer from establishing rules for eligibility for a health care plan based on sex or certain health status factors, including,

(42 U.S.C. § 300gg-4) **Sections 15, 31, 41, 48, 57, 68, 80, 83 and 94** of this bill align Nevada law with federal law and require all insurers to offer health insurance coverage regardless of the health status of a person and prohibits an insurer from denying, limiting or excluding a benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the insured.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all insurers to extend coverage for the covered adult child of an insured until such child reaches 26 years of age. (42 U.S.C. § 300gg-14) **Sections 16, 25, 34, 49, 58, 69, 81 and 84** of this bill align Nevada law with federal law in this manner.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all health insurance plans to include coverage for maternity and newborn care. (42 U.S.C. § 18022(b)) **Sections 21, 32, 43, 53, 62, 73 and 88** of this bill align Nevada law with federal law in this manner.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all health insurance plans to include coverage, without any higher deductible or any copay or coinsurance, for certain preventive health care services for women, adults and children, including, without limitation, screenings and tests for certain diseases, counseling, contraceptive and other family planning drugs, devices and services as well as vaccinations. (42 U.S.C. § 300gg-13; 45 C.F.R. § 147.130) **Sections 9-10, 16.5-20, 22, 25.5-30, 34.5-39, 49.5-52, 54, 55, 58.5-61, 63, 64, 69.5-72, 76, 77, 84.5-87, 89 and 90** of this bill align Nevada law with federal law in this manner, and extend these requirements to health insurance purchased by local governments and the Public Employees' Benefits Program. **Sections 1.5-4, 5.5, 6 and 7** of this bill also require the State Plan for Medicaid to include ~~[these]~~ **certain** preventive health care services for women, adults and children.

Existing law allows an insurer which is affiliated with a religious organization and which objects on religious grounds to providing coverage for contraceptive drugs and devices to exclude coverage in its policies, plans or contracts for such drugs and devices. (NRS 689A.0415, 689B.0376, 695B.1916, 695C.1694) **Sections 16.5, 20.3, 20.6, 25.5, 30.3, 30.6, 58.5, 63.3, 63.6, 69.5, 74.3 and 74.6** of this bill move the religious exemption coverage for the contraceptive drugs, devices and services required by this bill to the new provisions relating to coverage of contraception. **Sections 34.5, 49.5 and 84.5** of this bill provide a religious exemption for insurers who are newly required by this bill to provide coverage of drugs and devices for contraception.

Existing law authorizes a pharmacist to dispense up to a 90-day supply of a drug pursuant to a valid prescription or order in certain circumstances. (NRS

639.2396) **Section 11.3** of this bill requires a pharmacist to dispense up to a 12-month supply of a drug for contraception or a therapeutic equivalent pursuant to a valid prescription or order if: (1) the patient has previously received a 3-month supply of the same drug; (2) the patient has previously received a 9-month supply of the same drug or a supply of the same drug for the balance of the plan year in which the 3-month supply was prescribed or ordered, whichever is less; (3) the patient is insured by the same health insurance plan; and (4) a provider of health care has not specified in the prescription or order that a different supply of the drug is necessary.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) prohibits a provider of health care or state health insurance exchange who receives federal money from discriminating against a person on the basis of race, color, national origin, sex, age, or disability in providing health care services to the person. The Act also prohibits an insurer who receives federal money from discriminating against a person on those same grounds, as well as gender identity or expression. (42 U.S.C. § 18116; 45 C.F.R. § 92.207) The federal regulation that prohibits insurers from discriminating on the basis of gender identity or expression is no longer enforceable, however, because it was recently held to exceed the statutory authority granted by the Act. (*Franciscan Alliance Inc., v. Burwell*, 2016 WL 7638311 (N.D. Tex. Dec. 31, 2016)) Federal regulations also require providers of health care, state health insurance exchanges and insurers to provide certain assistive services and notice of these nondiscrimination provisions to all persons who receive health care services. (45 C.F.R. §§ 92.8, 92.201, 92.202) **Sections 11 and 12** of this bill generally align Nevada law with federal law, and prohibit a provider of health care or an insurer from discriminating against a person on these grounds, including, without limitation, discrimination based on gender identity or expression or sexual orientation.

WHEREAS, Passage of the Patient Protection and Affordable Care Act, Public Law 111-148, as amended by Congress in 2010, granted all Nevadans certain rights relating to health insurance coverage and provided greater access to health care benefits in this State; and

WHEREAS, Congress currently is considering the repeal of the Patient Protection and Affordable Care Act; and

WHEREAS, The Nevada Legislature wishes to ensure that all Nevadans continue to have access to certain rights and health care benefits currently guaranteed by the Patient Protection and Affordable Care Act; and

WHEREAS, The Nevada Legislature intends to maintain, not expand, those rights and health care benefits as they existed on January 1, 2017; now, therefore,

Senate Bill No. 146.

Bill read third time.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Senate Bill 146 requires each utility to file a plan on or before June 1, 2018, and on or before June 1 of every third year thereafter indicating how it plans to increase its supply of electricity or decrease the demands made on its system by its customers. A distributive resource plan must evaluate locational benefits and costs of distributive resources; propose or identify standard tariffs, contracts, or other mechanisms for the deployment of cost-effective distributive resources; propose cost-effective methods of effectively coordinating existing programs approved by the Commission; identify additional spending necessary to integrate cost-effective

distributive resources in distribution planning; and identify barriers to the deployment of distributive resources.

The fiscal impact of the bill was from the PUCN [Public Utilities Commission of Nevada]. It does come from the mill tax which is put on electric bills. It should be about 3 cents a month on a bill.

ASSEMBLYWOMAN JAUREGUI:

Senate Bill 124 provides that a court may order a person who is subject to an extended order for protection related to domestic violence to surrender, sell, or transfer any firearms in that person's possession while the order is in place except in certain circumstances where a firearm is necessary for employment. The court must inform a person who is convicted of battery constituting domestic violence, or a person convicted of stalking under certain circumstances, that he or she is prohibited from owning, possessing, or having a firearm under his or her control and order that person to permanently surrender, sell, or transfer any firearm under his or her control. The penalty for violating these provisions is a category B felony.

If the offender does not own a firearm, the offender must acknowledge understanding of these provisions via affidavit to the court. If a person surrenders a firearm to a person designated by the court, the person must do so within 72 hours or one business day, whichever is later. In instances where a firearm is sold or transferred to a licensed dealer, the dealer must provide a receipt detailing the transfer of the firearm and whether the transfer is temporary or permanent, and the offender must provide the receipt and the serial number for each firearm to the court and to law enforcement.

The bill also adds any person who has been convicted in Nevada or any other state of a crime constituting domestic violence or stalking—and the court has entered a finding in the judgment of conviction or admonishment of rights or who is subject to an extended order for protection against domestic violence on or after October 1, 2017, while the order is in effect—to the list of persons prohibited from possessing a firearm in Nevada. This bill is effective on October 1, 2017.

Legislative Counsel's Digest:

(NRS 453A.360) **Section 1** of this bill requires each edible marijuana product or marijuana-infused product offered for sale to be labeled with the amount of servings of THC in the product and establishes certain other requirements for such products. **Section 1** prohibits a facility for the production of edible marijuana products or marijuana-infused products from producing such a product in any form that is or appears to be a lollipop or may appeal to children. **Section 1** requires a facility for the production of

edible marijuana products or marijuana-infused products which produces cookies or brownies to seal such a product in a bag or other container which is not transparent and establishes certain other requirements for the production, packaging and labeling of an edible marijuana product or marijuana-infused product by such a facility. **Section 1** prohibits a medical marijuana dispensary or facility for the production of edible marijuana products or marijuana-infused products from engaging in advertising that would make marijuana, edible marijuana products or marijuana-infused products appeal to children. **Section 1** requires a medical marijuana dispensary to offer for sale containers for the storage of marijuana, edible marijuana products and marijuana-infused products which lock and are designed to prohibit children from unlocking and opening the container. **Section 1** requires a medical marijuana dispensary to provide a written notification of certain information, including, to keep marijuana, edible marijuana products and marijuana-infused products out of the reach of children with each sale of marijuana or such products. **Section 1** requires at least one employee of a facility for the production of edible marijuana products or marijuana-infused products or a medical marijuana dispensary which sells edible marijuana products to be certified to handle food in certain circumstances.

Section 2 of this bill establishes similar requirements for recreational marijuana establishments at a future date. Additionally, **section 2** requires each marijuana product to be sold in a single package and establishes limits on the amount of THC such products may contain per package and, if applicable, per unit. **Section 2** also imposes certain requirements for and restrictions on advertising by a recreational marijuana establishment.

Sections 3-8 of this bill prohibit a local government from regulating a marijuana establishment or medical marijuana establishment in a manner which is more restrictive than or conflicts with a law or regulation of this State.

2. The county license boards have the exclusive power in their respective counties to regulate entertainers employed by an entertainment by referral service and the business of conducting a dancing hall, escort service, entertainment by referral service or gambling game or device permitted by law, outside of an incorporated city. 3. A board of county commissioners shall not require that a person who is licensed as a contractor pursuant to chapter 624 of NRS obtain more than one license to engage in the business of contracting or pay more than one license tax related to engaging in the business of contracting, regardless of the number of classifications or subclassifications of licensing for which the person is licensed pursuant to chapter 624 of NRS.

9. The powers conferred by this section are in addition and supplemental to, and not in substitution for, and the limitations imposed by this section do not affect the powers conferred by, any other law. ASSEMBLYWOMAN MILLER:

Senate Bill 361 requires an employer to provide paid or unpaid leave to an employee who has been employed for at least 90 days and who is—or whose family or household member is—a victim of domestic violence. The leave must be used within one year of the date on which the violence occurred, may be used consecutively or intermittently, and may be deducted from leave permitted by the federal Family and Medical Leave Act of 1993. An employer must maintain a record of leave days used by each employee for a two-year period and make those records available for inspection by the Labor Commissioner.

The Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation may request evidence to support a claim for benefits, and the Administrator is prohibited from disqualifying a person from receiving unemployment compensation benefits if the person left employment to protect himself or herself or his or her family or household member, and secondly, if the person actively engaged in an effort to preserve employment.

An employer may not condition employment on or take certain employment actions because the employee or the employee's family or household member is a victim of domestic violence. The measure revises the definition of domestic violence by removing an act committed against or upon any other person who is or was residing with the person.

This bill makes it a category B felony to commit battery constituting domestic violence if the person has previously been convicted of a felony for committing battery. Lastly, the bill clarifies that an officer may still arrest an individual for battery upon a cohabitant.

ASSEMBLYWOMAN MILLER:

Senate Bill 402 prohibits the Department of Corrections or a private facility or institution from imposing solitary confinement on a person in prison unless the offender is found guilty of an infraction, is provided written notice of the charges, and a hearing is held after the completion of an investigation of the alleged violation. The Department of Corrections shall not place offenders with serious mental illness or other significant mental impairment in solitary confinement unless the offender poses a safety threat to themselves, staff, or other inmates. The bill also establishes a requirement for the psychological evaluation of offenders with a serious mental illness or significant mental impairment prior to holding a hearing concerning charges against the offender.

An offender may request placement into solitary confinement to protect his or her safety after an independent assessment is performed and only for the duration of the threat. In such instances, the offender must receive a health and welfare check at his or her cell at least once daily by a health care provider.

The use of solitary confinement must be limited to the shortest time possible to address the issue at hand, and an offender may petition the warden of the facility for early release from solitary confinement. The Department is required to provide certain provisions and accommodations to an offender who is subject to disciplinary segregation. It allows an offender the ability to petition the warden of the institution or facility for release from segregation if the offender has demonstrated good behavior.

ASSEMBLYWOMAN MILLER:

Senate Bill 344 revises various provisions concerning the production, packaging, and labeling of edible marijuana products and marijuana-infused products which are applicable to both medical marijuana establishments and recreational marijuana establishments.

Additional requirements are set forth for recreational marijuana establishments including (1) requiring each marijuana product to be sold in a single package; (2) limiting the amount of THC such products may contain per package and, if applicable, per unit; and (3) imposing certain requirements and restrictions on advertising.

In addition, this measure prohibits a local government from regulating a marijuana establishment or medical marijuana establishment in a manner that is more restrictive than or conflicts with a law or regulation of this state.

REMARKS FROM THE FLOOR

Assemblywoman Spiegel requested that the following remarks be entered in the Journal.

ASSEMBLYWOMAN SPIEGEL:

Today marks the 99th birthday of my mother-in law, Toby Spiegel. A heroic woman in many ways, she raised two boys on her own and helped educate thousands of other children during her career as a New York City schoolteacher, where she also served as chapter chair of the teacher's union.

But perhaps her most unsung moment of heroism came on July 28, 1945, shortly before the end of World War II when she was 27 and working in the Empire State Building. That was the foggy day that a B-25 accidentally crashed into the building, killing many people, starting a massive fire, and rendering the elevators unusable. During the evacuation, Toby saw another woman who was unable to walk, so she carried her down dozens of flights of stairs to safety. Toby now lives in Los Angeles, and I ask the Assembly to wish her a happy 99th birthday.

Assemblywoman Benitez-Thompson moved that the Assembly adjourn until Sunday, June 4, 2017, at 1 p.m.

Motion carried.

Assembly adjourned at 11:36 p.m.

THE ONE HUNDRED AND NINETEENTH DAY

CARSON CITY (Sunday), June 4, 2017

Assembly called to order at 3:02 p.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Assemblywoman Bustamante Adams.

Creator, thank You for the day that You have created today. Thank You for all of those who work, especially those who stay behind after we leave this building, and those who we may not notice, but we know that they help us to get our work done.

Watching the Legislature wind down is painful. Some of us do celebrate, but some of us are crushed by disappointment for the things that we were not able to get across. But I know that You are generous and that You will give us the wisdom that we need to remember that we are here to serve and that we can make the right decisions.

It is in Your Name I pray.

AMEN.

Pledge of allegiance to the Flag.

Assemblywoman Benitez-Thompson moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

SUMMARY—Revises provisions relating to ~~[polling places.]~~ **elections.** (BDR 24-450)

AN ACT relating to elections; ~~[authorizing each county clerk to establish polling places where any registered voter of the county may vote in person on the day of a primary or general election;]~~ **requiring, under certain circumstances, county and city clerks to establish polling places within the boundaries of Indian reservations and Indian colonies; authorizing voting materials to be provided in certain languages; authorizing a voter to sign a signature card rather than a roster;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law requires a county clerk to establish the boundaries of election precincts and authorizes election precincts to be combined into election districts. (NRS 293.205-293.209) Existing law prohibits a person from applying for or receiving a ballot at any election precinct or district other than the one at which the person is entitled to vote. (NRS 293.730)~~

~~Section 2 of this bill authorizes each county clerk to establish one or more polling places in the county where any person entitled to vote in the county by personal appearance may do so on the day of a primary or general election. If any such polling place is established: (1) section 3 of this bill requires the county clerk to publicize the location of any such polling place; and (2) section 4 of this bill requires the county clerk to prepare a roster of eligible voters in the county for any such polling place. Section 5 of this bill sets forth the procedure for a person to vote in person at any such polling place. Sections 6-15 of this bill make conforming changes.]~~

Sections 1 and 15.51 of this bill require, under certain circumstances, county and city clerks, respectively, to establish at least one polling place for the day of a primary election, general election, primary city election or general city election, as applicable, within the boundaries of an Indian reservation or Indian colony at a location or locations approved by the Indian tribe.

Existing law generally requires a voter to sign his or her name in a roster when the voter applies to vote in person. (NRS 293.277, 293.285, 293C.270, 293C.275) Sections 9, 9.5, 10, 11.8, 11.9, 15, 15.53, 15.54, 15.55, 15.85 and 15.9 of this bill allow a person to sign a signature card rather than a roster.

Existing law requires voting materials to be provided in English and any other languages necessary to be in compliance with federal law. (NRS 293.2699) Section 8.5 of this bill authorizes the county or city clerk to provide voting materials in additional languages if the clerk determines that there is significant and substantial need for such.

Existing law authorizes a county or city clerk to establish permanent polling places for early voting by personal appearance. (NRS 293.3564, 293C.3564) Sections 11.4 and 15.6 of this bill require a county or city clerk to establish at least one permanent polling place for early voting. Sections 11.6 and 15.8 of this bill require, under certain circumstances, a county or city clerk to establish at least one temporary polling place for

early voting within the boundaries of an Indian reservation or Indian colony.

ASSEMBLYMAN OHRENSCHALL:

Senate Bill 492, among other things, requires under certain circumstances county and city clerks to establish polling places within the boundaries of Native American reservations and Native American colonies; authorizes voting materials to be provided in certain additional languages; and authorizes a voter to sign a signature card rather than a roster. ASSEMBLYWOMAN MONROE-MORENO:

Senate Bill 478 requires an appointing authority—before taking action to dismiss, involuntarily demote, or suspend a permanent classified employee in the state service or when conducting a related internal administrative investigation—to conduct an impartial, fact-finding investigation into the allegations against the employee to determine whether evidence exists to justify the action. The employee has the option to waive this investigation.

An appointing authority must provide an employee with notice of the allegations against the employee within 30 days after the appointing authority becomes aware, or reasonably should have become aware, of the allegations. The bill prohibits an appointing authority from dismissing, demoting, or suspending a state employee based on allegations if the investigation into the allegations does not result in a determination of disciplinary action within 90 days of such a notice.

Finally, S.B. 478 provides that if the employee requests a hearing before the Personnel Commission to appeal his or her dismissal, demotion, or suspension, the appointing authority must produce and allow the employee or his or her representative to inspect or receive a copy of any document or evidence related to the internal investigation leading to the employee's dismissal, involuntary demotion, or suspension within five days after a request is made by the employee or his or her representative. The measure will become effective on July 1, 2017.

GENERAL FILE AND THIRD READING

Senate Bill No. 392.

Bill read third time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 1138.

AN ACT relating to energy; revising provisions relating to payment of incentives to certain participants in the Solar Energy Systems Incentive Program, the Wind Energy Systems Demonstration Program and the Waterpower Energy Systems Demonstration Program; requiring the Public Utilities Commission of Nevada to adopt regulations establishing standards for the operation of community solar gardens; requiring a subscriber to a community solar garden to receive a credit on the subscriber's monthly utility bill for the subscriber's share of the electricity generated by the community solar garden; ~~[authorizing a utility to charge a net metering adjustment charge to subscribers under certain circumstances;]~~ setting forth the contractual requirements for a subscription to a community solar garden; requiring a utility to purchase the unsubscribed electricity of a community solar garden; requiring the Commission to issue portfolio energy credits to a subscriber organization that installs a community solar garden; providing that such portfolio energy credits are the property of the subscriber organization; repealing provisions requiring an electric utility to create a Lower Income Solar Energy Pilot Program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Solar Energy Systems Incentive Program, the Wind Energy Systems Demonstration Program and the Waterpower Energy Systems Demonstration Program. Existing law further establishes the amount of incentives that may be authorized for payment by the Public Utilities Commission of Nevada to each Program. (NRS 701B.005, 701B.010-701B.290, 701B.400-701B.650, 701B.700-701B.880) **Section 1** of this bill combines the amount of existing incentives available for payment to each Program into a single pool of money from which the Commission may authorize the payment of an incentive to a Program. **Section 1** further

requires the Commission, for the period beginning on January 1, 2018, and ending on December 31, 2023, to authorize the payment of incentives in an amount of not more than $1,000,000 per year for the installation of solar energy systems, community solar gardens and distributed generation systems at locations throughout the service territories of electric utilities in this State which benefit low-income and moderate-income customers. **Section 2** of this bill authorizes that such incentives be made available to a participant for the installed cost of a community solar garden.

Sections 4-15 of this bill enact provisions governing community solar gardens in this State. **Section 5** defines a community solar garden as a solar energy system that: (1) has a nameplate capacity of not more than 12 megawatts; (2) is owned or operated by a subscriber organization; and (3) generates electricity for subscribers of the community solar garden. **Section 11** requires the Commission to adopt regulations establishing standards for the operation of community solar gardens in this State. The regulations adopted pursuant to **section 11** must: (1) establish goals for the generation of electricity by community solar gardens in this State; (2) establish eligibility requirements for subscriber organizations, including, without limitation, a requirement that a subscriber organization have at least 20 subscribers; (3) authorize any customer in any rate class to become a subscriber of a community solar garden; and (4) establish standards, charges, fees and processes for the interconnection of a community solar garden. **Sections 12 and 12.2** entitle a subscriber who participates in a community solar garden to a ~~[kilowatt-hour]~~ credit on the subscriber's monthly utility bill for the subscriber's share of the electricity generated by the community solar garden. ~~[Section]~~ **If Assembly Bill No. 405 of this session is enacted and becomes effective, sections 12** ~~[authorizes]~~ **and 17 of this bill provide for** a utility to ~~[charge the net metering adjustment charge established by section 28]~~ **apply a monetary credit on a subscriber's monthly utility bill that is less than the value of a full kilowatt-hour credit. The reduced credit will match the reduced credit which would be received by a customer-generator who receives a reduced credit for a kilowatt-hour pursuant to NRS 704.766 to 704.775, inclusive.** ~~[of Assembly Bill No. 405 of this session to each subscriber to a community solar garden.]~~ If Assembly Bill No. 405 of this session is not enacted or does not become effective, **sections 12.2 and 17** of this bill ~~[provide that a net metering adjustment charge will not be charged by a utility.]~~ **require the utility to apply a full monetary credit on a subscriber's monthly utility bill. Sections 12.4-12.8** of this bill set forth the requirements for the cover page, provisions and summary disclosure statement for a subscription to a community solar garden.

Section 13 requires a utility to purchase the unsubscribed electricity of a community solar garden located in the utility's service territory. **Section 14** requires the Commission to issue portfolio energy credits for community solar gardens and provides that: (1) such credits must be the property of the subscriber organization that owns or operates the community solar garden;

and (2) the subscriber organization is authorized to assign such credits to the utility. **Section 15** exempts community solar gardens, subscriber organizations and subscribers from regulation as public utilities unless a community solar garden, subscriber organization or subscriber otherwise constitutes a public utility.

(1) A goal that, by 2023, community solar gardens in this State generate at least 200 megawatts of electric energy.

(2) A goal for the number of megawatts of electric energy in this State to be generated by community solar gardens in each year after 2023.

(b) Establish requirements for community solar gardens and subscriber organizations, which must:

metered use or a monetary credit to the total amount due for the bill. Any excess credit must be carried over to subsequent billing periods. Except as otherwise provided in subsection 2, any monetary credit applied on a subscriber's monthly utility bill pursuant to this subsection shall be not less than the value of the credit had it been applied as a kilowatt-hour credit on the subscriber's monthly utility bill.

2. ~~[The Commission shall authorize a utility to charge a subscriber an adjustment charge for each kilowatt-hour of electricity credited to the subscriber. The amount of the monetary credit on a subscriber's monthly utility bill must equal the amount of the reduced credit applicable to a customer-generator at the time that the community solar garden was allocated capacity pursuant to section 4 to 15, inclusive, of this act.

3. A subscriber organization shall, on a monthly basis and at other reasonable times determined by the utility in the service territory in which the community solar garden owned or operated by the subscriber organization is located, provide to the utility information necessary to determine the proportional share of each subscription.

4. As used in this section, "customer-generator" has the meaning ascribed to it in NRS 704.768.

Sec. 12.2. *1. For a period of 25 years after a community solar garden owned or operated by a subscriber organization begins generating electricity, a subscriber is entitled to a kilowatt-hour credit on the subscriber's monthly utility bill for the proportional output of the community solar garden attributable to that subscriber for the preceding month. Except as otherwise required by the Commission, a utility may apply the credit to the subscriber's monthly utility bill as a reduction in metered use or a monetary credit to the total amount due for the bill. Any excess credit must be carried over to subsequent billing periods. ~~[Except as otherwise provided in subsection 2, any]~~ Any monetary credit applied on a subscriber's monthly utility bill pursuant to this subsection shall be not less than the value of the credit had it been applied as a kilowatt-hour credit on the subscriber's monthly utility bill.*

2. ~~[Except as otherwise provided in subsection 3, the Commission may appropriately increase or reduce the value of a kilowatt-hour credit earned by a subscriber to a community solar garden pursuant to subsection 1 if the Commission determines that a community solar garden:~~

~~*(b) Increases loading on the transmission or distribution system and imposes incremental increases on the long-term cost of transmission or distribution capacity.*~~

Sec. 12.3. ***A subscription to a community solar garden must be in writing and comply with the requirements of sections 12.4, 12.6 and 12.8 of this act.***

Sec. 12.4. ***A subscription to a community solar garden must include a cover page that provides the following information in writing in at least 10-point font:***

AN ACT relating to renewable energy; creating the contractual requirements for an agreement for the lease or purchase of a distributed generation system and a power purchase agreement; describing utility rates; establishing the minimum warranty requirements for an agreement concerning a distributed generation system; creating the Renewable Energy Bill of Rights; requiring certain electric utilities to file a request with the Public Utilities Commission of Nevada to establish an optional time-variant rate schedule for customers; requiring a utility to ~~[charge a net metering adjustment charge]~~ **provide a credit** to certain customer-generators ~~[;~~ ~~requiring the Legislative Committee on Energy to make certain recommendations to the Legislature;]~~ **for excess electricity generated by the net metering systems of such customer-generators;** revising provisions governing the eligibility of certain customers of electric utilities in this State to participate in net metering; **revising various other provisions relating to net metering;** providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Sections 9-11 of this bill set forth the requirements for the cover page, provisions and summary disclosure statement of agreements for the lease of a distributed generation system. **Sections 12-14** of this bill set forth the requirements for the cover page, provisions and summary disclosure statement of agreements for the purchase of a distributed generation system. **Sections 15-17** of this bill set forth the requirements for the cover page, provisions and summary disclosure statement of agreements for the sale of the output of a distributed generation system, known as a power purchase agreement.

Section 18 of this bill sets forth the disclosure relating to utility rates that must be included with an agreement created pursuant to **sections 9-17** if the agreement makes a written reference to the price of electricity that is provided by an electric utility. **Section 19** of this bill sets forth the minimum warranty requirements for an agreement created pursuant to **sections 9-17** concerning a distributed generation system.

Section 20 of this bill**: (1)** establishes that it is a deceptive trade practice if a person fails to comply with **sections 2-20** of this bill ~~[.]~~ **; and (2) authorizes the Public Utilities Commission of Nevada to direct a customer to the appropriate person or agency to resolve a complaint concerning a solar installation company. Section 20** additionally establishes that it is consumer fraud if a person violates any provision of **sections 2-20**. **Section 20** further requires that any document described in

sections 9-19 be provided in: (1) English; or (2) Spanish, if any person so requests.

Sections 22-25 of this bill create the Renewable Energy Bill of Rights that applies to each natural person who is a resident of this State.

Existing law defines "net metering" as the measure of the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator that is fed back to the utility. (NRS 704.769) **Section 27** of this bill requires electric utilities to file a request with the ~~[~~Public Utilities~~]~~ Commission ~~[~~of Nevada~~]~~ to establish an optional time-variant rate schedule for customers, including customer-generators that acquire an energy storage system. **Section 27** further requires that such a request be designed to expand and accelerate the development and use of energy storage systems in this State. **Section 27** additionally authorizes the Commission to approve any such request that the Commission finds to be in the public interest.

Section ~~[~~28~~]~~ 28.3 of this bill ~~[~~requires~~]~~ **provides that if a customer-generator accepts the offer of** a utility ~~[~~to charge a net metering adjustment charge to each~~]~~ **for net metering and has a net metering system with a capacity of 25 kilowatts or less, the utility is required to provide the** customer-generator ~~[~~who accepts the offer of a utility for net metering.~~]~~ **a credit for certain excess electricity that is generated by the customer-generator. Section ~~[~~28~~]~~ 28.3** requires that this ~~[~~net metering adjustment charge:~~]~~ **credit:** (1) ~~[~~applies~~]~~ **apply** to each kilowatt-hour of excess electricity that is generated by a customer-generator; and (2) equals a percentage of the rate the customer-generator would have paid for a kilowatt-hour of electricity supplied by the utility at the time the customer-generator fed the kilowatt-hour of excess electricity back to the utility. **Section ~~[~~28~~]~~ 28.3** further provides that this percentage be tiered based on the amount of cumulative installed capacity ~~[~~and peak demand for electricity~~]~~ in this State ~~[~~. Section 29 of this bill requires the Legislative Committee on Energy, in consultation with the Commission, to make certain recommendations to the Legislature within 6 months of the Commission determining that the cumulative installed capacity of all net metering systems in this State exceeds 800 megawatts and 10 percent of the peak demand for electricity in this State for the previous year.~~]~~ **of net metering systems with a capacity of not more than 25 kilowatts.**

Section 28.5 of this bill requires the Commission to open an investigatory docket to establish a methodology for determining the effect of net metering on rates charged by a utility to its customers. On or before June 30, 2020 and biennially thereafter, the Commission is required to submit to the Director of the Legislative Counsel Bureau for transmittal to the Legislature a report concerning the impact of net metering on such rates.

Section 28.7 of this bill enacts provisions relating to net metering that would become effective on the date that the Legislature provides by law

for an open, competitive electric energy market in a service territory. Under section 28.7, if the Legislature provides by law for such a market: (1) each person providing electric service in the service territory under such a law would be required to offer net metering to its customers; (2) the Commission or any other agency designated by such a law to regulate electric service in this State must prohibit any person providing electric service in the service territory from impeding or interrupting the operation or performance or otherwise restricting the output of an existing net metering system; and (3) a customer-generator must be required to pay any costs charged to other customers of the customer-generator's provider of electric service who are in the rate class to which the customer-generator would belong if the customer-generator did not have a net metering system.

Existing law requires each electric utility in this State to offer net metering to customer-generators operating in the service area of the utility until the date on which the cumulative capacity of all net metering systems in this State for which electric utilities have accepted completed applications is 235 megawatts. (NRS 704.773)

Section 31 of this bill amends existing law to require each electric utility to offer net metering to customer-generators operating within the service area of the utility. **Section 31** further requires the utility to not: (1) charge the customer-generator any fee or charge that is different than that charged to other customers of the utility to which the customer-generator would belong if he or she did not have a net metering system; and (2) reduce the amount of the minimum monthly charge of the customer-generator based on the electricity the customer-generator feeds back to the utility. **Section 31** additionally requires the Commission and a utility to allow the customer-generator to continue net metering at the location at which the system is originally installed ~~[for the life of the net metering system or]~~ for 20 years**. [**~~, whichever is longer.~~**]**

Existing law sets forth that after the date on which the cumulative capacity is 235 megawatts, electric utilities are to offer net metering to customer-generators in accordance with a tariff filed by the utility and approved by the Commission. (NRS 704.7735) **Section 33** of this bill repeals this provision.

than 25 kilowatts for which a customer-generator has accepted the offer of that utility as of the close of business of the utility on the last business day of the immediately preceding calendar month.

5. Except as otherwise provided in this subsection, for the purposes of this section, a customer-generator shall be deemed to accept the offer of the utility for net metering on the date the customer-generator submits to the utility a complete application to install a net metering system within the service area of the utility. A customer-generator who accepted the offer of the utility for net metering before the effective date of this section and whose net metering system has a capacity of not more than 25 kilowatts may, but is not required to, submit a request to be treated for all purposes, including, without limitation, for the purposes of subsection 4, as a customer-generator who accepted the offer of the utility for net metering on the date of submitting the request.

Sec. 28.5. 1. The Commission shall open an investigatory docket to establish a methodology to determine the impact, if any, of net metering pursuant to NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, of this act on rates charged by a utility to its customers in this State.

2. On or before June 30, 2020, and biennially thereafter, the Commission shall submit to the Director of the Legislative Counsel Bureau for transmittal to the next regular session of the Legislature a report concerning the impact of net metering pursuant to NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, on rates charged by a utility to its customers in this State. The report must contain:

(a) Based on the methodology established pursuant to subsection 1, calculations of:

(1) Whether net metering pursuant to NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, of this act has an impact on rates charged by a utility to its customers in this State; and

(2) The amount of any increase or decrease in such rates as a result of net metering pursuant to NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, of this act;

(b) An explanation of the methodology used to make the calculations required by paragraph (a);

(c) The data used to make the calculations required by paragraph (a), including, without limitation, avoided generation capacity, avoided transmission and generation capacity and avoided system upgrades;

(d) A comparison of the impact on rates of net metering pursuant to NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, of this act and the impact on rates of capital expenditures by the utility;

(e) A description of the process for obtaining input from stakeholders in developing the methodology required by subsection 1; and

(f) A summary of comments on the written report from interested persons.

Sec. 28.7. ***If the Legislature provides by law for an open, competitive retail electric energy market for all electricity customers within a service territory:***

1. Each person providing electric service in that service territory shall be deemed to be a utility for the purposes of NRS 704.766 to 704.775, inclusive, and sections 27 to 29, inclusive, of this act;

2. The Commission or any other agency designated by law to regulate electric service in this State shall prohibit any person providing electric service in the service territory from impeding or interrupting the operation or performance or otherwise restrict the output of an existing net metering system; and

3. A customer-generator must be required to pay any costs charged to other customers of the person providing electric service to the customer-generator in the rate class to which the customer-generator would belong if the customer-generator did not have a net metering system.

Sec. 29. ~~***[Within 6 months after the date the Commission determines that the conditions set forth in sub-subparagraphs (I) and (II) of subparagraph (2) of paragraph (c) of subsection 4 of section 28 of this act have been met, the Legislative Committee on Energy created by NRS 218E.805 shall, in consultation with the Commission, make recommendations to the Legislature concerning:***~~

(a) May require the customer-generator to install at its own cost:

6. If the net metering system of a customer-generator is a net metering system described in paragraph (b) or (c) of subsection 1 of NRS 704.771 and:

(2) Net energy metering and billing; and

(3) Interconnection,

Sec. 31.5. **NRS 704.775 is hereby amended to read as follows:**

704.775 1. The billing period for net metering must be a monthly period.

2. The net energy measurement must be calculated in the following manner:

(a) The utility shall measure, in kilowatt-hours, the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(b) If the electricity supplied by the utility exceeds the electricity generated by the customer-generator which is fed back to the utility during the billing period, the customer-generator must be billed for the net electricity supplied by the utility.

(c) ~~[If]~~ ***Except as otherwise provided in section 28.3 of this act, if*** the electricity generated by the customer-generator which is fed back to the utility exceeds the electricity supplied by the utility during the billing period:

(1) Neither the utility nor the customer-generator is entitled to compensation for the electricity provided to the other during the billing period.

(2) The excess electricity which is fed back to the utility during the billing period is carried forward to the next billing period as an addition to the kilowatt-hours generated by the customer-generator in that billing period. If the customer-generator is billed for electricity pursuant to a time-of-use

rate schedule, the excess electricity carried forward must be added to the same time-of-use period as the time-of-use period in which it was generated unless the subsequent billing period lacks a corresponding time-of-use period. In that case, the excess electricity carried forward must be apportioned evenly among the available time-of-use periods.

(3) Excess electricity may be carried forward to subsequent billing periods indefinitely, but a customer-generator is not entitled to receive compensation for any excess electricity that remains if:

(I) The net metering system ceases to operate or is disconnected from the utility's transmission and distribution facilities;

(II) The customer-generator ceases to be a customer of the utility at the premises served by the net metering system; or

(III) The customer-generator transfers the net metering system to another person.

(4) The value of the excess electricity must not be used to reduce any other fee or charge imposed by the utility.

3. If the cost of purchasing and installing a net metering system was paid for:

(a) In whole or in part by a utility, the electricity generated by the net metering system shall be deemed to be electricity that the utility generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard pursuant to NRS 704.7801 to 704.7828, inclusive.

(b) Entirely by a customer-generator, the Commission shall issue to the customer-generator portfolio energy credits for use within the system of portfolio energy credits adopted by the Commission pursuant to NRS 704.7821 and 704.78213 equal to the electricity generated by the net metering system.

4. A bill for electrical service is due at the time established pursuant to the terms of the contract between the utility and the customer-generator.

Sec. 32. ~~[1. For the purposes of compliance with section 28 of this act, from the effective date of section 28 of this act until the date in January 2018 on which the Public Utilities Commission of Nevada first determines the peak demand for electricity in this State pursuant to paragraph (a) of subsection 6 of section 28 of this act, the Commission shall deem the peak demand for electricity in this State for the previous calendar year to be 8,000 megawatts.~~

~~2. For the purposes of compliance with paragraph (a) of subsection 5 of section 28 of this act in January 2018, a utility to which section 28 of this act applies may, on or before January 15, 2018, report the peak demand for electricity experienced by the utility each day of calendar year 2017 beginning on the effective date of section 28 of this act and ending on December 31, 2017.~~] **(Deleted by amendment.)**

Sec. 32.5. **1. Not later than 45 days after the effective date of this act, a utility shall file with the Public Utilities Commission of Nevada any**

amendments to its tariff or tariffs that are necessary to comply with the provisions of section 28.3 of this act.

2. As used in this section, "utility" has the meaning ascribed to it in NRS 704.772.

Sec. 32.7. **The provisions of subsection 1 of NRS 318D.380 do not apply to any provision of this act which adds or revises a requirement to submit a report to the Legislature.**

Sec. 33. NRS 704.7735 is hereby repealed.

Sec. 34. 1. This section and sections ~~[26]~~ **25** to **28.5, inclusive, and 29 to** 33, inclusive, of this act become effective upon passage and approval.

2. Sections 1 to 24, inclusive, of this act become effective on September 1, 2017.

3. If the Legislature provides by law for an open, competitive retail electric energy market for all electricity customers within a service territory, including, without limitation, if the Legislature does so as a result of the proposed state constitutional amendment known as the Energy Choice Initiative, section 28.7 of this act becomes effective with regard to the customers within that service territory on the date on which such customers have the right to choose the provider of their electric utility service pursuant to that law. As used in this section, "electricity customer" means every person, business, association of persons or businesses, state agency, political subdivision of this State or any other entity in this State that is a customer of a provider of electric service.

TEXT OF REPEALED SECTION

704.7735 Utility required to offer net metering in accordance with tariff after certain cumulative capacity requirements are met.

1. Except as otherwise provided in subsection 3, each utility shall, in accordance with a tariff filed by the utility and approved by the Commission, offer net metering to customer-generators who submit applications to install net metering systems within its service territory after the date on which the cumulative capacity requirement described in paragraph (a) of subsection 1 of NRS 704.773 is met.

2. For the purposes of evaluating and approving any tariff filed with the Commission pursuant to subsection 1 and otherwise carrying out the provisions of this section, the Commission:

(a) May establish one or more rate classes for customer-generators.

(b) May establish terms and conditions for the participation by customer-generators in net metering, including, without limitation, limitations on enrollment in net metering which the Commission determines are appropriate to further the public interest.

(c) May close to new customer-generators a tariff filed pursuant to subsection 1 and approved by the Commission if the Commission determines that closing the tariff to new customer-generators is in the public interest.

(d) May authorize a utility to establish just and reasonable rates and charges to avoid, reduce or eliminate an unreasonable shifting of costs from customer-generators to other customers of the utility.

(e) Shall not approve a tariff filed pursuant to subsection 1 or authorize any rates or charges for net metering that unreasonably shift costs from customer-generators to other customers of the utility.

3. In approving any tariff submitted pursuant to subsection 1, the Commission shall determine whether and the extent to which any tariff approved or rates or charges authorized pursuant to this section are applicable to customer-generators who, on or before the date on which the cumulative capacity requirement described in paragraph (a) of subsection 1 of NRS 704.773 is met, submitted a complete application to install a net metering system within the service territory of a utility.

Assembly Bill No. 130.

The following Senate amendment was read:

Amendment No. 1111.

AN ACT relating to guardianships; authorizing a court to require a proposed guardian to file a proposed preliminary care plan and budget; establishing the process by which a person may obtain the approval of the court for the payment of attorney's fees and costs from the assets of a ward; establishing the State Guardianship Compliance Office; replacing the term "incompetent" with the term "incapacitated" for purposes of guardianships and revising the definition thereof; revising various provisions relating to notice given to certain persons; revising provisions concerning the sale of real and personal property of a ward; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "incompetent" for purposes of the provisions of law governing guardianships. (NRS 159.019) **Section 7** of this bill replaces the term "incompetent" with the term "incapacitated" and revises the definition thereof. **Sections 5, 6, 11, 12-17, 20, 22, 35 and 36-43** of this bill make conforming changes.

Existing law generally requires a petitioner in a guardianship proceeding to give notice of the time and place of the hearing on any petition filed in the guardianship proceeding to certain persons, including any minor ward who is

14 years of age or older. (NRS 159.034) **Section 8** of this bill revises this requirement and requires that notice be given to any ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition.

Existing law provides that after the filing of a petition in a guardianship proceeding, the clerk is required to issue a citation setting forth a time and place for the hearing and directing certain persons to appear and show cause why a guardian should not be appointed for the proposed ward. (NRS 159.047) **Section 9** of this bill requires a copy of the petition to be served together with the citation on certain persons, including a proposed ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition, and **section 10** of this bill requires that the proposed ward be served by personal service. **Section 9** also requires a person who serves notice upon the proposed ward to file with the court an affidavit stating that notice was served.

Existing law requires a guardian of the person to file with the court a written report on the condition of the ward and the exercise of authority and performance of duties by the guardian at certain specified times. (NRS 159.081) **Section 18** of this bill requires that such a report be served on the ward.

Section 21 of this bill requires the guardian of the estate and the guardian of the person to be notified if the ward is a party to any criminal action. **Section 23** of this bill requires that notice be given to a ward upon the filing of certain petitions or any account.

Existing law establishes various provisions concerning transactions involving real and personal property of a ward, including the sale of such property. (NRS 159.127-159.175) **Sections 24-31** of this bill revise certain provisions concerning the sale of real property of a ward, and **section 44** of this bill repeals provisions of law relating to a public auction for the sale of real property. **Sections 32-34** of this bill revise provisions concerning the sale of personal property of a ward. **Section 32** of this bill authorizes a guardian to: (1) sell or dispose of personal property of a ward that has a total value of less than $10,000 if certain notice is given and no objection to the sale or disposal is received; and (2) authorize the immediate destruction of personal property of a ward without notice in certain circumstances. **Section 33** of this bill requires that notice of a sale of the personal property of a ward be given to a ward who is 14 years of age or older and certain other persons and, if the gross value of the estate of the ward is $10,000 or more, published in a newspaper before a guardian may sell the personal property of a ward.

Section 2 of this bill specifies that upon the filing of a petition for the appointment of a guardian, the court may require a proposed guardian to file a proposed preliminary care plan and budget, the format of which and the timing of the filing thereof must be specified by a court rule approved by the Supreme Court.

Section 3 of this bill provides that any person who retains an attorney for the purposes of representing a party in a guardianship proceeding is personally liable for any attorney's fees and costs incurred, but authorizes such a person to petition the court for an order authorizing the payment of such attorney's fees and costs from the estate of the ward. **Section 3** prohibits such attorney's fees and costs from being paid from the estate of the ward without court approval and establishes the process by which a person is able to obtain the approval of the court. **Section 3** also authorizes an attorney who is appointed by the court to seek compensation for his or her services from the guardianship estate in accordance with the established process. **Section 3** additionally provides that if two or more parties in a guardianship proceeding file competing petitions for the appointment of a guardian or otherwise litigate any contested issue in the guardianship proceeding, only the prevailing party may petition the court for the payment of attorney's fees and costs. If the court determines that there is no prevailing party, the court may authorize a portion of each party's attorney's fees and costs to be paid.

Section 4 of this bill establishes the State Guardianship Compliance Office. **Section 4** provides that the State Guardianship Compliance Officer is appointed by the Supreme Court and serves at the pleasure of the Court. **Section 4** also authorizes the State Guardianship Compliance Officer to hire two accountants and two investigators to provide auditing and investigative services to the district courts during the administration of guardian proceedings. **Section 43.5** of this bill appropriates money to the Nevada Supreme Court to pay the costs of the State Guardianship Compliance Office.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 159 of NRS is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this act.

Sec. 2. ***Upon the filing of a petition for the appointment of a guardian, the court may require a proposed guardian to file a proposed preliminary care plan and budget. The format of such a proposed preliminary care plan and budget and the timing of the filing thereof must be specified by a rule approved by the Supreme Court.***

Sec. 3. ***1. Any person, including, without limitation, a guardian or proposed guardian, who retains an attorney for the purposes of representing a party in a guardianship proceeding is personally liable for any attorney's fees and costs incurred as a result of such representation.***

2. Notwithstanding the provisions of subsection 1 and except as otherwise provided in subsection 5 of NRS 159.183, a person who is personally liable for attorney's fees and costs may petition the court for an order authorizing such attorney's fees and costs to be paid from the estate of the ward in accordance with this section. Any such attorney's fees and costs must not be paid from the guardianship estate unless and until the court authorizes the payment pursuant to this section.

3. When a person who intends to petition the court for payment of attorney's fees and costs from the guardianship estate first appears in the guardianship proceeding, the person must file written notice of his or her intent to seek payment of attorney's fees and costs from the guardianship estate. The written notice:

(a) Must provide a general explanation of the compensation arrangement and how compensation will be computed;

(b) Must include the hourly billing rates of all timekeepers, including, without limitation, attorneys, law clerks and paralegals;

(c) Must provide a general explanation of the reasons why the services of the attorney are necessary to further the best interests of the ward;

(d) Must be served by the person on all persons entitled to notice pursuant to NRS 159.034 and 159.047; and

(e) Is subject to approval by the court after a hearing.

4. If written notice was filed and approved by the court pursuant to subsection 3, a person may file with the court a petition requesting payment of attorney's fees and costs from the guardianship estate. Such a petition must include the following information:

(a) A detailed statement as to the nature and extent of the services performed by the attorney;

(b) An itemization of each task performed by the attorney, with reference to the time spent on each task in an increment to the nearest one-tenth of an hour and with no minimum billing unit in excess of one-tenth of an hour;

(c) An indication of whether any time billed, including, without limitation, any time spent traveling or waiting, benefited any clients of the attorney other than the ward and, if so, how many other clients benefited from such time; and

(d) Any other information considered relevant to a determination of whether attorney's fees are just, reasonable and necessary.

➥ Absent approval from all parties who have appeared in the proceeding, any supplemental requests for the payment of attorney's fees and costs cannot be augmented in open court and must be properly noticed in the same manner as the underlying petition requesting payment.

5. In determining whether attorney's fees are just, reasonable and necessary, the court may consider all the following factors:

(a) The written notice approved by the court pursuant to subsection 3.

(b) Whether the services conferred any actual benefit upon the ward or attempted to advance the best interests of the ward.

(c) The qualities of the attorney, including, without limitation, his or her ability, training, education, experience, professional standing and skill.

(d) The character of the work performed, including, without limitation, the difficulty, intricacy and importance of the work, the time and skill required to complete the work, the responsibility imposed and the nature of the proceedings.

(e) The work actually performed by the attorney, including, without limitation, the skill, time and attention given to the work.

(f) The result of the work, including, without limitation, whether the attorney was successful and any benefits that were derived.

(g) The usual and customary fees charged in the relevant professional communities for each task performed, regardless of who actually performed the task. The court may only award:

(1) Compensation at an attorney rate for time spent performing services that require an attorney;

(2) Compensation at a paralegal rate for time spent performing paralegal services;

(3) Compensation at a fiduciary rate for time spent performing fiduciary services; and

(4) No compensation for time spent performing secretarial or clerical services.

(h) The appropriate apportionment among multiple clients of any billed time that benefited multiple clients of the attorney.

(i) The extent to which the services were provided in a reasonable, efficient and cost-effective manner, including, without limitation, whether there was appropriate and prudent delegation of services to others.

(j) The ability of the estate of the ward to pay, including, without limitation:

(1) The value of the estate;

(2) The nature, extent and liquidity of the assets of the estate;

(3) The disposable net income of the estate;

(4) The anticipated future needs of the ward; and

(5) Any other foreseeable expenses.

(k) The efforts made by the person and attorney to reduce and minimize any issues.

(l) Any actions by the person or attorney that unnecessarily expanded issues or delayed or hindered the efficient administration of the estate.

(m) Whether any actions taken by the person or attorney were taken for the purpose of advancing or protecting the interests of the person as opposed to the interests of the ward.

(n) Any other factor that is relevant in determining whether attorney's fees are just, reasonable and necessary, including, without limitation, any other factor that is relevant in determining whether the person was acting in good faith and was actually pursuing the best interests of the ward.

6. The court shall not approve compensation for an attorney for:

(a) Time spent on internal business activities of the attorney, including, without limitation, clerical or secretarial support; or

(b) Time reported as a total amount of time spent on multiple tasks, rather than an itemization of the time spent on each task.

7. Any fees paid by a third party, including, without limitation, a trust of which the estate is a beneficiary, must be disclosed to and approved by the court.

8. In addition to any payment provided to a person pursuant to this section for the services of an attorney, a person may receive payment for ordinary costs and expenses incurred in the scope of the attorney's representation.

9. If two or more parties in a guardianship proceeding file competing petitions for the appointment of a guardian or otherwise litigate any contested issue in the guardianship proceeding, only the prevailing party may petition the court for payment of attorney's fees and costs from the guardianship estate pursuant to this section. If the court determines that there is no prevailing party, the court may authorize a portion of each party's attorney's fees and costs to be paid from the guardianship estate if the court determines that such fees and costs are just, reasonable and necessary given the nature of any issues in dispute.

Sec. 43. NRS 616C.505 is hereby amended to read as follows:

616C.505 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, the compensation is known as a death benefit and is payable as follows:

1. In addition to any other compensation payable pursuant to chapters 616A to 616D, inclusive, of NRS, burial expenses are payable in an amount not to exceed $10,000, plus the cost of transporting the remains of the deceased employee. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation must be borne by the insurer.

2. Except as otherwise provided in subsection 3, to the surviving spouse of the deceased employee, 66 2/3 percent of the average monthly wage is payable until the death of the surviving spouse.

3. If there is a surviving spouse and any surviving children of the deceased employee who are not the children of the surviving spouse, the compensation otherwise payable pursuant to subsection 2 must be paid as follows until the entitlement of all children of the deceased employee to receive compensation pursuant to this subsection ceases:

(a) To the surviving spouse, 50 percent of the death benefit is payable until the death of the surviving spouse; and

(b) To each child of the deceased employee, regardless of whether the child is the child of the surviving spouse, the child's proportionate share of 50 percent of the death benefit and, except as otherwise provided in subsection 11, if the child has a guardian, the compensation the child is entitled to receive may be paid to the guardian.

4. In the event of the subsequent death of the surviving spouse:

(a) Each surviving child of the deceased employee, in addition to any amount the child may be entitled to pursuant to subsection 3, must share equally the compensation theretofore paid to the surviving spouse but not in excess thereof, and it is payable until the youngest child reaches the age of 18 years.

(b) Except as otherwise provided in subsection 11, if the children have a guardian, the compensation they are entitled to receive may be paid to the guardian.

5. If there are any surviving children of the deceased employee under the age of 18 years, but no surviving spouse, then each such child is entitled to

8. In all other cases involving a question of total or partial dependency:

(a) The extent of the dependency must be determined in accordance with the facts existing at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon the earnings of the deceased employee for support at the time of the injury causing his or her death, the monthly compensation to be paid must be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to the partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his or her death.

(c) The duration of compensation to partial dependents must be fixed in accordance with the facts shown, but may not exceed compensation for 100 months.

9. Compensation payable to a surviving spouse is for the use and benefit of the surviving spouse and the dependent children, and the insurer may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

10. In the event of the death of any dependent specified in this section before the expiration of the time during which compensation is payable to the dependent, funeral expenses are payable in an amount not to exceed $10,000.

18 years, whichever occurs first, unless paragraph (a) of subsection 12 is applicable. The fees and costs related to the guardianship must be paid from the estate of the dependent. A guardianship established pursuant to this subsection must be administered in accordance with chapter 159 of NRS, except that after the first annual review required pursuant to NRS 159.176, a court may elect not to review the guardianship annually. The court shall review the guardianship at least once every 3 years. As used in this subsection, ~~["incompetent"]~~ ***"incapacitated"*** has the meaning ascribed to it in NRS 159.019.

12. Except as otherwise provided in paragraphs (a) and (b), the entitlement of any child to receive his or her proportionate share of compensation pursuant to this section ceases when the child dies, marries or reaches the age of 18 years. A child is entitled to continue to receive compensation pursuant to this section if the child is:

(b) Over 18 years of age and enrolled as a full-time student in an accredited vocational or educational institution, until the child reaches the age of 22 years.

Assembly Bill No. 183.

The following Senate amendment was read:

Amendment No. 1107.

AN ACT relating to hospitals; limiting the amount that a hospital may collect or attempt to collect from a patient or other responsible party under certain circumstances; establishing provisions relating to statutory liens on a judgment or settlement; requiring a hospital to provide notice of intent to file such a lien in certain circumstances; ~~[providing for an award of damages for improperly asserting or perfecting such a lien;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law limits the collection rights of a hospital if a patient is covered by a policy of health insurance issued by a third party and the hospital has a contract with that party. The hospital may not collect or attempt to collect its charges from an insurer other than a health insurer, including an insurer that provides coverage under a policy of casualty or property insurance. These limitations currently do not apply to Medicaid, the Children's Health Insurance Program or any other public program which may pay all or part of the hospital bill. (NRS 449.758) **Section 2** of this bill limits the amount that the hospital may collect or attempt to collect from the patient or other responsible party to ~~[the lesser of: (1)]~~ the amounts payable by or on behalf of the patient under the policy **.** ~~[; or (2) the amount provided in the contract between the hospital and the third party.]~~ **Section 2** also deletes the specific reference to property insurance **.** ~~[and removes the exemption for Medicaid, the Children's Health Insurance Program and other public programs.]~~

Section 2 additionally requires a hospital that collects or receives any payments from an insurer that provides medical payment coverage under a policy of casualty insurance to return to the patient ~~[or the person identified in the hospital bill as the responsible party]~~ any amount collected or received that is in excess of the deductible, copayment or coinsurance payable by or on behalf of the patient under the policy of health insurance not later than 30 days after a determination is made concerning coverage.

Existing law provides that a hospital has statutory liens for any amount due to the hospital for the reasonable value of the care rendered to an injured person. The liens apply to any award of damages or settlement obtained by the injured person or the personal representative of the injured person from a person responsible for the injury causing the hospitalization or, in the case of a county or district hospital, any real property of the injured person or other responsible party. (NRS 108.590, 108.662) Under **section 2.5** of this bill, if a hospital provides care to an injured person who has a policy of health insurance issued by a third party and the hospital has a contract with that party and wishes to be able to perfect a statutory lien on a judgment or settlement, the hospital is required to send a notice of intent to file a lien to certain persons ~~[after the hospital submits a claim to the third party but]~~ not later than 90 days after the termination of the hospitalization of the injured person. ~~[After the claim is accepted by the third party or, if the claim is denied, all available appeals have been exhausted, the hospital is required to mail written notice to the injured person or the personal representative of the injured person, specifying the amount due. Section 2.5 authorizes a hospital to perfect the statutory lien for any amount due if, within 30 days after such written notice is mailed, the amount due is not paid or an agreement for a payment plan is not entered into.]~~ **Within 30 days after sending such a notice, section 2.5 requires a hospital to proceed with any efforts to collect on any amount owed to the hospital in accordance with existing law. Section 2.5** additionally provides that if a hospital provides notice of

intent to file a lien, the hospital must be provided notice of any judgment, settlement or compromise.

~~[Section 2.7 of this bill provides that a statutory lien on a judgment or settlement is the exclusive method of collection against an injured person and any amount received pursuant to the lien constitutes complete satisfaction of any debt owed by the injured person to the hospital for the care provided.~~

~~— Section 2.9 of this bill provides that if a hospital improperly asserts or perfects a statutory lien on a judgment or settlement, the injured person is entitled to damages equal to twice the amount of the lien.~~

~~— Under section]~~ **Section 3.7** of this bill ~~[, if a hospital perfects a lien and subsequently receives information that the injured person has a policy of health insurance issued by a third party and the hospital has a contract with that party, the hospital is required to file a claim with the third party and wait for the claim to be adjudicated and all available appeals to be exhausted before the hospital is able to collect any amount under the lien.~~

~~— Sections 3 and 4 of this bill limit the amount of a hospital's statutory liens in certain circumstances.]~~ **makes conforming changes.**

Section 2.6 of this bill prohibits the hospital from receiving an amount more than 55 percent of the charges billed by the hospital if an injured person may be eligible for Medicaid, Medicare, the Children's Health Insurance Program or any other public program which may pay all or part of the bill.

Finally, **section 8** provides that an applicant for employment who knowingly provides false information or willfully fails to disclose information is subject to discipline and is guilty of a misdemeanor.

Section 10 of this bill requires the governing body of a public school and an independent contractor to take certain action to obtain additional information if a current or previous employer of an applicant indicates that the applicant is or was the subject of an investigation concerning an alleged sexual offense.

Sections 9 and 10 also provide that any ~~[person]~~ **employer or former employer** who is contacted by the governing body of a public school or an independent contractor and asked to provide information, but willfully fails to disclose information is subject to discipline, including a civil penalty. **Sections 9 and 10** further provide that, in addition to being subject to discipline, including a civil penalty, a private school that willfully fails to disclose any such information is subject to discipline, which may include being placed on a corrective action plan. **Sections 9 and 10** provide immunity from liability for providing the information and makes the information privileged.

Legislative Counsel's Digest:

Sections 6, 7 and 22 of this bill incorporate in state law certain provisions of federal law designed to prevent persons who have engaged in sexual misconduct with a minor from obtaining new employment.

Section 8 of this bill requires an applicant for employment with a school district, charter school, university school for profoundly gifted pupils and certain independent contractors who may have direct contact with pupils to provide to the prospective employer: (1) information relating to his or her employment history; and (2) written authorization for a current or previous employer to release information relating to his or her employment. **Section 8** also provides that any action brought by such an applicant for employment based upon information obtained about the applicant to determine his or her fitness for employment must be brought in a court in this State and governed by the laws of this State. Finally, **section 8** provides that an applicant for employment who knowingly provides false information or willfully fails to disclose information is subject to discipline and is guilty of a misdemeanor. **Section 25 of this bill places the same requirements and penalties on an applicant for employment with a private school.**

Section 12 of this bill requires an independent contractor who employs a person who may have direct contact with pupils to maintain a record for each such employee and, upon request, provide this record to the governing body of the public school at which an employee has been assigned to perform work. **Section 12** also: (1) requires an independent contractor to provide certain information to the governing body of a public school before assigning an employee to perform work at a location; and (2) prohibits an independent contractor from assigning an employee to perform work at a school if the governing body of the school objects to the assignment.

Section 13 and 29 of this bill **~~[~~authorizes~~]~~ authorize** the governing body of a public school **and the governing body of a private school, respectively,** to allow provisional employment of a person pending review of the information received pursuant to **sections 8-10 or 25-27, as applicable,** in certain circumstances.

Section 14 of this bill provides that nothing in **sections 2-17** of this bill shall be construed to: (1) prevent a prospective employer from conducting further investigations of a prospective employee; (2) prohibit a person from disclosing more information than is required by this bill; or (3) relieve a person of a duty to report prescribed by state or federal law. **Section 30 of this bill similarly provides that nothing in sections 22-32 of this bill shall be construed to: (1) prevent a private school from conducting further investigations of a prospective employee; (2) prohibit a person from disclosing more information than is required by this bill; or (3) relieve a person of a duty to report prescribed by state or federal law.**

Sections 16 and 21 provide that any information collected from an applicant for employment or an employer pursuant to **sections 8-10** is confidential and is not a public book or record.

~~[~~Section~~]~~ **Sections 17 and 32 of this bill provide** provides that any person who willfully violates any provision of **sections 2-17 or 22-32, respectively,** is subject to a civil penalty, which must be recovered in a civil action. **Section 17** also prohibits the governing body of a public school from contracting with an independent contractor who has been found to have willfully violated the provisions of **sections 2-17**. **Section 19** provides that a teacher or administrator may be subject to disciplinary action for willfully violating the provisions of **sections 2-17**.

Existing law requires the Superintendent of Public Instruction to grant all licenses for teachers and other educational personnel. (NRS 391.033) **Section 18** of this bill authorizes the Superintendent to deny an application for a license if a report on the criminal history of the applicant from the Federal Bureau of Investigation or the Central Repository for Nevada Records of Criminal History indicates that an applicant has been arrested for or charged with a sexual offense involving a minor or pupil. **Section 18** requires the Superintendent or his or her designee to provide written notice of his or her intent to deny the application for a license and authorizes an applicant to whom such notice has been provided to request a hearing within 15 days after receipt of such notice. **Section 18**: (1) requires such a hearing to be conducted in accordance with regulations adopted by the State Board; and (2) authorizes the Superintendent to deny a license if no request for a hearing is filed within the prescribed period of time.

Section 18 also requires the Superintendent to provide notice to a school district or charter school that employs an applicant whenever an application for a license is denied. Finally, **section 18** requires the Department of Education to: (1) maintain a list of the names of persons whose application for a license is denied due to conviction of a sexual offense involving a minor; and (2) provide such a list to certain persons upon request.

Existing law requires each private school desiring to operate in this State to apply to the Superintendent of Public Instruction to obtain a

license to operate a private school. (NRS 394.451) Section 33 of this bill requires such an application to be accompanied by documentation of the actions the applicant has taken to comply with the requirements prescribed in sections 25, 26 and 27. Section 33 requires the State Board to deny a license to operate a private school or fail to renew such a license for an applicant who does not provide such documentation.

Amendment No. CA1.

SUMMARY—Revises provisions ~~[governing common interest communities.]~~ **relating to property.** (BDR 10-994)

AN ACT relating to ~~[common interest communities;]~~ **property;** establishing the requirements for a written notice to request the curing of a violation of the governing documents of ~~[an]~~ **a unit-owners'** association without imposition of a fine; **establishing provisions relating to property owned by more than one person;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

If an owner or a tenant or an invitee of the owner or tenant violates a provision of the governing documents of an association, existing law allows the executive board of the common-interest community to prohibit the owner, tenant or invitee from voting on matters related to the common-interest community or using the common elements. Existing law also permits the executive board to impose a fine on the owner, tenant or invitee for each such violation under certain circumstances. (NRS 116.31031) ~~[This]~~ **Section 1 of this** bill authorizes an executive board to send a written notice to cure an alleged violation of a provision of the governing documents to an owner and, if different, a person responsible for curing the alleged violation, without the imposition of a fine. ~~[This bill]~~ **Section 1** also requires that any such written notice meet certain requirements.

Existing law establishes provisions relating to local improvements, including improvement districts and neighborhood improvement projects. (Chapter 271 of NRS) Section 2 of this bill authorizes certain property owners who own additional property jointly with certain other property owners or who own a fractional interest in additional property as a tenant in common along with certain other property owners to act on behalf of all such property owners in certain circumstances.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 116.31031 is hereby amended to read as follows:

116.31031 1. Except as otherwise provided in this section, if a unit's owner or a tenant or an invitee of a unit's owner or a tenant violates any provision of the governing documents of an association, the executive board may, if the governing documents so provide:

(a) Prohibit, for a reasonable time, the unit's owner or the tenant or the invitee of the unit's owner or the tenant from:

(1) Voting on matters related to the common-interest community.

(2) Using the common elements. The provisions of this subparagraph do not prohibit the unit's owner or the tenant or the invitee of the unit's owner or the tenant from using any vehicular or pedestrian ingress or egress to go to or from the unit, including any area used for parking.

(b) Impose a fine against the unit's owner or the tenant or the invitee of the unit's owner or the tenant for each violation, except that:

(1) A fine may not be imposed for a violation that is the subject of a construction penalty pursuant to NRS 116.310305; and

(2) A fine may not be imposed against a unit's owner or a tenant or invitee of a unit's owner or a tenant for a violation of the governing documents which involves a vehicle and which is committed by a person who is delivering goods to, or performing services for, the unit's owner or tenant or invitee of the unit's owner or the tenant.

➥ If the violation poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents. If the violation does not pose an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents, but the amount of the fine must not exceed $100 for each violation or a total amount of $1,000, whichever is less. The limitations on the amount of the fine do not apply to any charges or costs that may be collected by the association pursuant to this section if the fine becomes past due.

(c) Send a written notice to cure an alleged violation, without the imposition of a fine, to the unit's owner and, if different, the person responsible for curing the alleged violation. Any such written notice must:

(1) Include an explanation of the applicable provisions of the governing documents that form the basis of the alleged violation;

(2) Specify in detail the alleged violation and the proposed action to cure the alleged violation;

(3) Provide a clear and detailed photograph of the alleged violation, if the alleged violation relates to the physical condition of the unit or the grounds of the unit or an act or a failure to act of which it is possible to obtain a photograph; and

(4) Provide the unit's owner or the tenant a reasonable opportunity to cure the alleged violation before the executive board may take additional actions, including, without limitation, other remedies available pursuant to this section.

2. The executive board may not impose a fine pursuant to subsection 1 against a unit's owner for a violation of any provision of the governing documents of an association committed by an invitee of the unit's owner or the tenant unless the unit's owner:

(a) Participated in or authorized the violation;

(b) Had prior notice of the violation; or

(c) Had an opportunity to stop the violation and failed to do so.

3. If the association adopts a policy imposing fines for any violations of the governing documents of the association, the secretary or other officer specified in the bylaws shall prepare and cause to be hand-delivered or sent prepaid by United States mail to the mailing address of each unit or to any

other mailing address designated in writing by the unit's owner, a schedule of the fines that may be imposed for those violations.

4. The executive board may not impose a fine pursuant to subsection 1 unless:

(a) Not less than 30 days before the alleged violation, the unit's owner and, if different, the person against whom the fine will be imposed had been provided with written notice of the applicable provisions of the governing documents that form the basis of the alleged violation; and

(b) Within a reasonable time after the discovery of the alleged violation, the unit's owner and, if different, the person against whom the fine will be imposed has been provided with:

(1) Written notice:

(I) Specifying in detail the alleged violation, the proposed action to cure the alleged violation, the amount of the fine, and the date, time and location for a hearing on the alleged violation; and

(II) Providing a clear and detailed photograph of the alleged violation, if the alleged violation relates to the physical condition of the unit or the grounds of the unit or an act or a failure to act of which it is possible to obtain a photograph; and

(2) A reasonable opportunity to cure the alleged violation or to contest the alleged violation at the hearing.

➥ For the purposes of this subsection, a unit's owner shall not be deemed to have received written notice unless written notice is mailed to the address of the unit and, if different, to a mailing address specified by the unit's owner.

5. The executive board must schedule the date, time and location for the hearing on the alleged violation so that the unit's owner and, if different, the person against whom the fine will be imposed is provided with a reasonable opportunity to prepare for the hearing and to be present at the hearing.

6. The executive board must hold a hearing before it may impose the fine, unless the fine is paid before the hearing or unless the unit's owner and, if different, the person against whom the fine will be imposed:

(a) Executes a written waiver of the right to the hearing; or

(b) Fails to appear at the hearing after being provided with proper notice of the hearing.

7. If a fine is imposed pursuant to subsection 1 and the violation is not cured within 14 days, or within any longer period that may be established by the executive board, the violation shall be deemed a continuing violation. Thereafter, the executive board may impose an additional fine for the violation for each 7-day period or portion thereof that the violation is not cured. Any additional fine may be imposed without providing the opportunity to cure the violation and without the notice and an opportunity to be heard required by paragraph (b) of subsection 4.

8. If the governing documents so provide, the executive board may appoint a committee, with not less than three members, to conduct hearings on alleged violations and to impose fines pursuant to this section. While

acting on behalf of the executive board for those limited purposes, the committee and its members are entitled to all privileges and immunities and are subject to all duties and requirements of the executive board and its members.

9. A member of the executive board shall not participate in any hearing or cast any vote relating to a fine imposed pursuant to subsection 1 if the member has not paid all assessments which are due to the association by the member. If a member of the executive board:

(a) Participates in a hearing in violation of this subsection, any action taken at the hearing is void.

(b) Casts a vote in violation of this subsection, the vote is void.

10. The provisions of this section establish the minimum procedural requirements that the executive board must follow before it may impose a fine. The provisions of this section do not preempt any provisions of the governing documents that provide greater procedural protections.

11. Any past due fine must not bear interest, but may include any costs incurred by the association during a civil action to enforce the payment of the past due fine.

12. If requested by a person upon whom a fine was imposed, not later than 60 days after receiving any payment of a fine, an association shall provide to the person upon whom the fine was imposed a statement of the remaining balance owed.

Sec. 2. **Chapter 271 of NRS is hereby amended by adding thereto a new section to read as follows:**

Except as otherwise provided by law or an agreement between the respective parties, and regardless of the date on which an interest in property was acquired, if a property owner:

Sec. 3. **1. This section and section 2 of this act become effective on July 1, 2017.**

2. Section 1 of this act becomes effective on October 1, 2017.

Amendment No. CA2.

SUMMARY—~~[~~Authorizes the filing of a motion for~~]~~ **Revises provisions governing proceedings for** the termination of parental rights**.** ~~[~~as part of a proceeding relating to the abuse or neglect of a child.~~]~~ (BDR 38-475)

AN ACT relating to public welfare; authorizing the filing of a motion for the termination of parental rights as part of a proceeding relating to the abuse or neglect of a child; establishing provisions concerning the process for the termination of parental rights following the filing of such a motion; **requiring the court to conduct a hearing to determine whether to transfer venue for proceedings on a petition for the termination of parental rights under certain circumstances; revising provisions governing in which county a petition for the termination of parental rights may be filed;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes procedures governing the termination of parental rights. (Chapter 128 of NRS) Existing law also establishes procedures governing the protection of children from abuse and neglect. (Chapter 432B of NRS) **Section 2** of this bill provides that if a juvenile court determines that a child is in need of protection, an agency which provides child welfare services is authorized to file a motion for the termination of parental rights as part of the proceeding concerning the abuse or neglect of the child. **Sections 2 and** ~~[10]~~ **10.3** of this bill provide that the provisions of existing law governing the termination of parental rights apply to all proceedings concerning the termination of parental rights that are commenced by an agency which provides child welfare services, but only to the extent they do not conflict with the provisions established in this bill.

Section 3 of this bill establishes provisions concerning notice of the hearing on the motion for the termination of parental rights and requires the court to ensure that any prospective adoptive parent is provided a copy of the notice. **Section 3** also provides that the name and address of a prospective

adoptive parent generally must be kept confidential. **Section 4** of this bill authorizes a party who has been informed of the allegations set forth in the motion to contest such allegations and request an evidentiary hearing or voluntarily relinquish his or her parental rights. **Section 5** of this bill authorizes the court to order the parties to the proceeding, any prospective adoptive parent and a representative from an agency which provides child welfare services to participate in mediation for the purpose of negotiating the terms of an open adoption agreement.

Section 6 of this bill authorizes a court to permit a witness or party to the proceeding to testify by telephone or videoconference in certain circumstances during an evidentiary hearing on a motion for the termination of parental rights. **Section 7** of this bill requires the court to use its best efforts to ensure that a final written decision on such a motion is rendered not later than 30 days after the conclusion of the evidentiary hearing, and **section 8** of this bill requires the appellate court of competent jurisdiction to use its best efforts to ensure that any appeal is resolved not later than 6 months after the appeal is filed or, if the court orders full briefings on the matter, not later than 12 months after the appeal is filed. **Section 9** of this bill requires that a petition for the restoration of parental rights be filed as part of a proceeding concerning the abuse or neglect of a child in certain circumstances.

Existing law establishes criteria to determine in which county a petition alleging that a child should be declared free from the custody and control of his or her parent or parents may be filed. (NRS 128.030) Section 10.7 of this bill adds certain criteria to that list.

Section 10.5 of this bill requires the court to conduct a hearing to determine whether to transfer venue for proceedings pursuant to a petition for the termination of parental rights to another county when a parent whose consent is required objects in writing to venue.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 432B of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 9, inclusive, of this act.

Sec. 2. ***1. The provisions of chapter 128 of NRS, to the extent they do not conflict with the provisions of sections 2 to 9, inclusive, of this act, apply to all proceedings concerning the termination of parental rights that are commenced pursuant to this section by an agency which provides child welfare services.***

2. If a child is determined to be a child in need of protection pursuant to NRS 432B.550, an agency which provides child welfare services may, at any stage of a proceeding held pursuant to this chapter, file a motion for the termination of parental rights as part of the proceeding.

Sec. 3. ***1. After a motion for the termination of parental rights is filed pursuant to section 2 of this act, unless a party to be served voluntarily appears and consents to the hearing, and except as otherwise provided in***

subsection 3, a copy of the motion and notice of the hearing must be served, either together or separately, upon all parties to the proceeding by personal service or, if the whereabouts of the person are unknown, obtaining an order from the court that service may be made by publication in accordance with the procedure set forth in subsections 1, 3, 4 and 5 of NRS 128.070 and subsection 2.

2. If a court orders that service be made by publication pursuant to subsection 1 and the person to be served by publication has a last known address, personal service must also be attempted before service of the notice is deemed to be complete. The court order must direct the publication to be made in a newspaper designated by the court at least once every week for a period of 4 weeks. If personal service is also attempted, service of the notice shall be deemed to be complete at the expiration of such a period. The provisions of this subsection and subsection 1 must not be construed to preclude personal service and service by publication from being attempted simultaneously.

3. Service shall be deemed to be complete if a party to be served appears in court for a hearing held pursuant to this chapter and the court provides the party with a copy of the motion, notifies the party of the date of the hearing on the motion and records such service.

4. Except as otherwise provided in subsection 5, a copy of the motion and notice of the hearing on the motion must be sent by certified mail to:

(a) The attorneys and any guardians ad litem for the child and the parent of the child who is the subject of the motion;

(b) If applicable, each Indian tribe of the child who is the subject of the motion, in accordance with NRS 128.023; and

(c) Any known relative of the child who is the subject of the motion within the fifth degree of consanguinity who is residing in this State.

5. If an attorney has consented to electronic service, a copy of the motion and notice of the hearing on the motion may be sent to the attorney electronically instead of by certified mail.

6. The court shall ensure that any prospective adoptive parent of the child who is the subject of the motion is provided with a copy of the notice of the hearing on the motion. Except as otherwise provided in section 5 of this act or another provision of law, the name and address of the prospective adoptive parent must be kept confidential.

7. Any party to the proceeding may file a written response to the motion.

Sec. 4. ***1. At the time stated in the notice of the hearing, or at the earliest time thereafter to which the hearing may be postponed, the parties to the proceeding shall, except as otherwise provided in this subsection, appear in person before the court and must be informed of the specific allegations set forth in the motion for the termination of parental rights. The court may allow a party to participate in the proceeding by telephone or videoconference if he or she is unable to appear in person because he or***

she is incarcerated outside this State or hospitalized and cannot be transported to the court.

2. After a party has been informed of the allegations set forth in the motion, he or she may:

(a) Contest such allegations and request an evidentiary hearing, in which case an evidentiary hearing must be scheduled; or

(b) Voluntarily relinquish his or her parental rights with or without the possibility of an open adoption agreement established through mediation pursuant to section 5 of this act, in which case a hearing must be scheduled for the purpose of confirming such voluntary relinquishment.

3. If an evidentiary hearing is scheduled pursuant to paragraph (a) of subsection 2, the court may also order a party to the proceeding to participate in mediation pursuant to section 5 of this act.

4. If a party to the proceeding does not appear at the time stated in the notice and the court determines that he or she was given proper notice pursuant to section 3 of this act, the court may proceed to hear evidence and render its decision or postpone hearing any evidence until an evidentiary hearing is conducted concerning any other party to the proceeding.

5. If the court postpones hearing evidence pursuant to subsection 4, further notice to the absent party is required unless the court, in its discretion, considering the facts and circumstances of the case, determines that no additional notice to the absent party is required.

Sec. 5. *1. The court may, upon its own motion or the motion of a party to the proceeding, order the parties, any prospective adoptive parent and a representative from an agency which provides child welfare services to participate in mediation for the purpose of negotiating the terms of an open adoption agreement.*

2. A party to the proceeding may make a motion for mediation at any time after the commencement of a proceeding for the termination of parental rights but not less than 5 judicial days before a scheduled evidentiary hearing.

3. Persons ordered to participate in mediation pursuant to subsection 1 shall complete such mediation not later than 60 calendar days after the court issues the order for mediation.

4. If the persons ordered to participate in mediation agree to the terms of an open adoption, the terms must be set forth in a written agreement at the time of mediation.

Sec. 6. *During an evidentiary hearing, at the request of a party to the proceeding, the court may permit a witness to testify by telephone or videoconference if the court determines that it is able to adequately assess witness credibility. Except as otherwise permitted by the court, a party to the proceeding may not testify by telephone or videoconference unless he or she is incarcerated outside this State or hospitalized and cannot be transported to the court.*

Sec. 7. ***The court shall use its best efforts to ensure that a final written decision on a motion for the termination of parental rights which includes detailed findings of fact is rendered not later than 30 days after the conclusion of the evidentiary hearing. Such a decision may be rendered orally in court before being set forth in a written order. The order of the court must include a notice of the right of a party to appeal the decision of the court. The order granting or denying a motion for the termination of parental rights is a final order of the court and the parties have the right to appeal the decision of the court in accordance with chapter 128 of NRS.***

Sec. 8. ***Except as otherwise provided in this section, if a party appeals the decision of the court pursuant to section 7 of this act, the appellate court of competent jurisdiction shall use its best efforts to ensure that the matter is resolved not later than 6 months after the appeal is filed. If the appellate court orders full briefings on the matter, it shall use its best efforts to ensure that the matter is resolved not later than 12 months after the appeal is filed.***

Sec. 9. ***If a person seeks to restore the parental rights of a natural parent or parents pursuant to NRS 128.170 to 128.190, inclusive, and the child whose natural parent or parents have had their parental rights terminated or have relinquished their parental rights is subject to the jurisdiction of the juvenile court pursuant to this chapter, the petition for the restoration of parental rights must be filed as part of a proceeding held pursuant to this chapter.***

Sec. 10. Chapter 128 of NRS is hereby amended by adding thereto ~~[a new section to read as follows:]~~ **the provisions set forth as sections 10.3 and 10.5 of this act.**

Sec. 10.3. The provisions of this chapter, to the extent they do not conflict with the provisions of sections 2 to 9, inclusive, of this act, apply to all proceedings concerning the termination of parental rights that are commenced pursuant to section 2 of this act by an agency which provides child welfare services.

Sec. 10.5. 1. If a petition for termination of parental rights has been filed and a parent whose consent is required objects in writing to venue, the court must conduct a hearing to determine whether to transfer venue to another county. For the purpose of determining whether to transfer venue to another county, the court shall consider the ease of access to the court for the defendant and the factors set forth in NRS 13.050 and 128.030.

2. For the purpose of conducting a hearing pursuant to subsection 1, a party or witness located in another jurisdiction may testify by telephone or audiovisual or other electronic means.

Sec. 10.7. **NRS 128.030 is hereby amended to read as follows:**

128.030 A petition alleging that ~~[there is or resides within the county]~~ a child ~~[who]~~ should be declared free from the custody and control of his or her parent or parents may be filed at the election of the petitioner in:

Sec. 11. NRS 239.010 is hereby amended to read as follows:

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 29.

The following Senate amendment was read:

Amendment No. 1123.

AN ACT relating to off-highway vehicles; creating the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources; placing the Commission on Off-Highway Vehicles within the Department; revising provisions regarding the membership and duties of the Commission; reducing the late fee imposed for failure to register an off-highway vehicle; **requiring the Commission to conduct an evaluation and develop certain recommendations for legislation related to the operation of an off-highway vehicle on certain highways in this State;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Commission on Off-Highway Vehicles and authorizes the Commission to award grants of money from the Account for Off-Highway Vehicles to certain applicants for projects relating to off-highway vehicle use and off-highway trails and facilities. (NRS 490.067, 490.068, 490.069) **Sections 4 and 6** of this bill place the Commission within the State Department of Conservation and Natural Resources.

Section 1 of this bill creates the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources. In administering the Program, the Director of the Department, within the limits of approved

funding, is required to: (1) provide certain support and assistance to the Commission on Off-Highway Vehicles; and (2) administer the Account for Off-Highway Vehicles. **Section 1** further requires the Director to include in his or her budget the money necessary, within the limits of legislative appropriations for the Account, for: (1) certain expenses of the Program and the Commission; and (2) a reserve amount.

Under existing law, each member of the Commission on Off-Highway Vehicles is entitled to receive, if money is available for that purpose, the per diem allowance and travel expenses provided for state officers and employees generally. (NRS 490.067) **Section 6** provides that, if money is available for that purpose, any member of the Commission who is not an officer or employee of the State is entitled to receive a salary of not more than $80 per day for each day of attendance at a meeting of the Commission. **Section 6** further provides a procedure for replacing a member of the Commission who fails to attend at least three consecutive meetings.

Under existing law, the Commission on Off-Highway Vehicles is required to solicit nine nonvoting advisors to the Commission from various state and federal agencies. (NRS 490.068) **Section 7** of this bill removes that requirement, and **section 6** also: (1) revises the membership of the Commission; and (2) adds to the Commission four nonvoting, ex officio members. **Section 7** also sets forth requirements for establishing a quorum of the Commission for transacting business. Finally, **sections 1 and 7** revise provisions requiring a comprehensive report that must be submitted to the Legislature, providing that the report must be prepared by the Director of the State Department of Conservation and Natural Resources, then reviewed and approved by the Chair of the Commission before being submitted to each regular session of the Legislature.

Under existing law, fees paid for titling and registration of an off-highway vehicle are deposited into the Revolving Account for the Administration of Off-Highway Vehicle Titling and Registration. (NRS 490.084) The Department of Motor Vehicles is required to transfer, at least once each fiscal quarter, any amount in excess of $150,000 in that Account into the Account for Off-Highway Vehicles. (NRS 490.085) The Commission on Off-Highway Vehicles is required to administer the money in the Account for Off-Highway Vehicles. (NRS 490.069) **Section 8** of this bill requires the Director of the State Department of Conservation and Natural Resources to administer the Account. **Section 8** also requires a portion of the money in the Account be used to maintain a reserve amount.

Under existing law, if the owner of an off-highway vehicle that is registered in this State fails to renew the registration before it expires, the registration may be reinstated upon payment of the annual renewal fee, a late fee of $25 and, if applicable, the submission of proof of insurance, which is only required for certain larger all-terrain vehicles that are authorized to operate on certain county roads. (NRS 490.082, 490.0825, 490.105) **Section 9** of this bill reduces the late fee to $10.

Under existing law, with certain exceptions, a person may not operate an off-highway vehicle on a paved highway in this State unless a governmental entity has designated the highway for use by off-highway vehicles. Such a designation is prohibited on any portion of an interstate highway. (NRS 490.090, 490.100, 490.110) Section 11.5 of this bill requires the Commission on Off-Highway Vehicles to evaluate the statutory presumption that an off-highway vehicle is prohibited from operating on a paved highway unless authorized to do so. The Commission is required to survey local governmental entities and other interested parties to solicit input. The Commission is required to submit any recommendations for proposed legislation to the Director of the Legislative Counsel Bureau for transmission to the 80th Session of the Nevada Legislature.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 29.

The following Senate amendment was read:

Amendment No. 950.

AN ACT relating to off-highway vehicles; creating the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources; placing the Commission on Off-Highway Vehicles within the Department; revising provisions regarding the membership and duties of the Commission; reducing the late fee imposed for failure to register an off-highway vehicle; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Commission on Off-Highway Vehicles and authorizes the Commission to award grants of money from the Account for Off-Highway Vehicles to certain applicants for projects relating to off-highway vehicle use and off-highway trails and facilities. (NRS 490.067, 490.068, 490.069) **Sections 4 and 6** of this bill place the Commission within the State Department of Conservation and Natural Resources.

Section 1 of this bill creates the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources. In administering the Program, the Director of the Department, within the limits of approved funding, is required to: (1) provide certain support and assistance to the Commission on Off-Highway Vehicles; and (2) administer the Account for Off-Highway Vehicles. **Section 1** further requires the Director to include in his or her budget the money necessary, within the limits of legislative appropriations for the Account, for: (1) certain expenses of the Program and the Commission; and (2) a reserve amount.

Under existing law, each member of the Commission on Off-Highway Vehicles is entitled to receive, if money is available for that purpose, the per diem allowance and travel expenses provided for state officers and

employees generally. (NRS 490.067) **Section 6** provides that, if money is available for that purpose, any member of the Commission who is not an officer or employee of the State is entitled to receive a salary of not more than $80 per day for each day of attendance at a meeting of the Commission. **Section 6** further provides a procedure for replacing a member of the Commission who fails to attend at least three consecutive meetings.

Under existing law, the Commission on Off-Highway Vehicles is required to solicit nine nonvoting advisors to the Commission from various state and federal agencies. (NRS 490.068) **Section 7** of this bill removes that requirement, and **section 6** also: (1) revises the membership of the Commission; and (2) adds to the Commission four nonvoting, ex officio members. **Section 7** also sets forth requirements for establishing a quorum of the Commission for transacting business. Finally, **sections 1 and 7** revise provisions requiring a comprehensive report that must be submitted to the Legislature, providing that the report must be prepared by the Director of the State Department of Conservation and Natural Resources, then reviewed and approved by the Chair of the Commission before being submitted to each regular session of the Legislature.

Under existing law, fees paid for titling and registration of an off-highway vehicle are deposited into the Revolving Account for the Administration of Off-Highway Vehicle Titling and Registration. (NRS 490.084) The Department of Motor Vehicles is required to transfer, at least once each fiscal quarter, any amount in excess of $150,000 in that Account into the Account for Off-Highway Vehicles. (NRS 490.085) The Commission on Off-Highway Vehicles is required to administer the money in the Account for Off-Highway Vehicles. (NRS 490.069) **Section 8** of this bill requires the Director of the State Department of Conservation and Natural Resources to administer the Account. **Section 8** also requires a portion of the money in the Account be used to maintain a reserve amount.

Under existing law, if the owner of an off-highway vehicle that is registered in this State fails to renew the registration before it expires, the registration may be reinstated upon payment of the annual renewal fee, a late fee of $25 and, if applicable, the submission of proof of insurance, which is only required for certain larger all-terrain vehicles that are authorized to operate on certain county roads. (NRS 490.082, 490.0825, 490.105) **Section 9** of this bill reduces the late fee to $10.

ASSEMBLYMAN THOMPSON:

The amendment revises various provisions for charter schools. For example, it clarifies provisions regarding complaints against a charter school; revises provisions concerning parental notification of certain circumstances related to the performance, relocation, or closure of a charter school; allows high-performing charter schools to pursue innovative pilot programs; and a limited pilot of charter schools to function as their own local educational agencies; as well as others.

Motion carried by a constitutional majority.

Bill ordered to enrollment.

Assembly Bill No. 80.

The following Senate amendment was read:

Amendment No. 877.

AN ACT relating to redevelopment; allowing certain cities to extend the date for termination of certain redevelopment plans under certain circumstances; **requiring that the payment of certain costs by a redevelopment agency be made pursuant to a written agreement; revising provisions relating to the area included within a redevelopment area; requiring certain cities to set aside a portion of the revenues from taxes imposed on property in certain redevelopment areas to be used to improve and preserve existing public educational facilities;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a redevelopment plan adopted before January 1, 1991, by a redevelopment agency of a city whose population is 500,000 or more (currently the City of Las Vegas), and any amendments to the plan must terminate at the end of the fiscal year in which the principal and interest of the last maturing of the securities issued before that date concerning the redevelopment area are fully paid or, if certain conditions are met, 60 years after the date on which the original redevelopment plan was adopted,

whichever is later. Any other redevelopment plan adopted before January 1, 1991, and any amendments to the plan also must terminate upon the retirement of the last maturing securities or up to 45 years after the date on which the original redevelopment plan was adopted, whichever is later. (NRS 279.438) **Section 1** of this bill authorizes a city whose population is 220,000 or more located in a county whose population is 100,000 or more but less than 700,000 (currently the City of Reno) to extend the date of termination of a redevelopment plan adopted before January 1, 1991, to the later of the retirement of the last maturing securities or 60 years after the date on which the original redevelopment plan was adopted, whichever is later. The extension of the termination period from 45 years to 60 years is only available if the legislative body of the city adopts an extension of the redevelopment plan by ordinance. The adoption of an extension of a redevelopment plan has no effect on the allocation of revenues among taxing authorities within the redevelopment area.

Under existing law, the redevelopment agency of a city or county, with the consent of the governing body of the city or county, is authorized, in certain circumstances, to pay all or part of the value of the land for and the cost of the construction of a building, facility, structure or other improvement to real property or installation of an improvement which is publicly or privately owned and is located within or without a redevelopment area for which the agency has adopted a redevelopment plan. (NRS 279.486) Section 1.2 of this bill provides that an agency may only make such payments pursuant to a written agreement with one or more developers or other persons.

Existing law imposes various requirements relating to the area included within a redevelopment area. (NRS 279.519) Section 1.4 of this bill requires that the boundaries of a redevelopment area created after July 1, 2017, and the boundaries of an area added to a redevelopment area after July 1, 2017: (1) follow, in the same manner as for election precincts, visible ground features or extensions of visible ground features, except where the boundary coincides with the official boundary of the State or a county or city; and (2) be regular in shape, except to the extent of physical or political boundaries. Sections 1.4 and 1.6 of this bill require a redevelopment area to contain all taxable property in the area, except for certain property which is specifically excluded.

Existing law authorizes an amendment to an existing redevelopment area, including the addition of one or more areas to the redevelopment area. (NRS 279.608) Section 1.8 of this bill prohibits the removal of an area from a redevelopment area by amendment.

Under existing law, if the redevelopment agency of a city whose population is 220,000 or more but less than 500,000 located in a county whose population is 700,000 or more (currently the City of Henderson) adopts an ordinance extending the date of termination of its redevelopment plan, 18 percent of the incremental revenues received

from taxes on the taxable property located in the redevelopment area affected by the ordinance on or after the effective date of the ordinance is required to be set aside and used to improve and preserve existing public educational facilities which are located within the redevelopment area or which serve pupils who reside within the redevelopment area. Existing law also provides that the obligation to set aside such revenues is subordinate to any existing obligations of the agency. (NRS 279.6855) Section 2.5 of this bill extends the applicability of these provisions to any city whose population is 220,000 or more but less than 500,000, regardless of the population of the county in which it is located (currently the cities of Henderson and Reno), but only if the city adopts an ordinance extending the date of termination of its redevelopment plan.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 279.438 is hereby amended to read as follows:

279.438 1. A redevelopment plan adopted before January 1, 1991, and any amendments to the plan must terminate at the end of the fiscal year in which the principal and interest of the last maturing of the securities issued before that date concerning the redevelopment area are fully paid or:

(a) ***With respect to a redevelopment plan adopted by the agency of a city whose population is 220,000 or more located in a county whose population is 100,000 or more but less than 700,000, if the legislative body adopts an extension of the redevelopment plan by ordinance, 60 years after the date on which the original redevelopment plan was adopted, whichever is later. Such an extension of a redevelopment plan has no effect on the allocation of revenues among taxing authorities within such a redevelopment area.***

(b) With respect to a redevelopment plan adopted by the agency of a city whose population is 500,000 or more, if the requirements set forth in subsection 2 are met, 60 years after the date on which the original redevelopment plan was adopted, whichever is later.

~~[(b)]~~ ***(c)*** With respect to any other redevelopment plan, including a redevelopment plan adopted by an agency of a city ~~[whose population is 500,000 or more,]~~ ***specified in paragraph (a) or (b),*** if the requirements set forth in ~~[subsection 2]~~ ***paragraph (a) or (b)*** are not met, 45 years after the date on which the original redevelopment plan was adopted, whichever is later.

2. A redevelopment plan adopted by an agency of a city whose population is 500,000 or more may terminate on the date prescribed by paragraph ~~[(a)]~~ ***(b)*** of subsection 1 only if the legislative body adopts an extension of the redevelopment plan by ordinance and, on the date on which the extension is adopted:

(a) The assessed value of the aggregate number of redevelopment projects in the redevelopment area is not less than the assessed value of the aggregate

number of redevelopment projects in the year in which the redevelopment plan was adopted; and

(b) The assessed value of the redevelopment area is not less than 75 percent of the assessed value of the redevelopment area in the year in which the redevelopment plan was adopted.

Sec. 1.2. **NRS 279.486 is hereby amended to read as follows:**

279.486 1. An agency may, with the consent of the legislative body ~~[,]~~ ***and pursuant to a written agreement with one or more developers or other persons,*** pay all or part of the value of the land for and the cost of the construction of any building, facility, structure or other improvement and the installation of any improvement which is publicly or privately owned and located within or without the redevelopment area.

2. Within 14 days before a meeting at which the legislative body of a city whose population is 500,000 or more is scheduled to consider an action proposed by the agency of the city pursuant to subsection 1, the agency shall make available to the public a detailed report which includes, without limitation:

(a) A copy of any contract, memorandum of understanding or other agreement between the agency or the legislative body and any other person relating to the redevelopment project.

(b) A summary of the redevelopment project which includes, without limitation:

(1) A full and complete description of:

(I) The costs of the redevelopment project, including, without limitation, the costs of acquiring any real property, clearance costs, relocation costs, the costs of any improvements which will be paid by the agency and the amount of the anticipated interest on any bonds issued or sold to finance the project.

(II) The estimated current value of the real property interest to be conveyed or leased, determined at its highest and best use permitted under the redevelopment plan.

(III) The estimated value of the real property interest to be conveyed or leased, determined at the use and with the conditions, covenants and restrictions, and development costs required by the sale or lease, and the current purchase price or present value of the lease payments which the lessee is required to make during the term of the lease. If the sale price or present value of the total rental amount to be paid to the agency or legislative body is less than the fair market value of the real property interest to be conveyed or leased, determined at the highest and best use permitted under the redevelopment plan, the agency shall provide an explanation of the reason for the difference.

(2) An explanation of how the project will assist in the elimination of blight, including, without limitation, reference to all supporting facts and materials relied on in reaching the conclusions presented in the explanation.

3. Before the legislative body may give its consent to an action proposed by the agency pursuant to subsection 1, it must determine that:

(a) The buildings, facilities, structures or other improvements are of benefit to the redevelopment area or the immediate neighborhood in which the redevelopment area is located; and

(b) No other reasonable means of financing those buildings, facilities, structures or other improvements are available.

➥ Those determinations by the agency and the legislative body are final and conclusive.

4. In reaching its determination that the buildings, facilities, structures or other improvements are of benefit to the redevelopment area or the immediate neighborhood in which the redevelopment area is located, the legislative body shall consider:

(a) Whether the buildings, facilities, structures or other improvements are likely to:

(1) Encourage the creation of new business or other appropriate development;

(2) Create jobs or other business opportunities for nearby residents;

(3) Increase local revenues from desirable sources;

(4) Increase levels of human activity in the redevelopment area or the immediate neighborhood in which the redevelopment area is located;

(5) Possess attributes that are unique, either as to type of use or level of quality and design;

(6) Require for their construction, installation or operation the use of qualified and trained labor; and

(7) Demonstrate greater social or financial benefits to the community than would a similar set of buildings, facilities, structures or other improvements not paid for by the agency.

(b) The opinions of persons who reside in the redevelopment area or the immediate neighborhood in which the redevelopment area is located.

(c) Comparisons between the level of spending proposed by the agency and projections, made on a pro forma basis by the agency, of future revenues attributable to the buildings, facilities, structures or other improvements.

5. If the value of that land or the cost of the construction of that building, facility, structure or other improvement, or the installation of any improvement has been, or will be, paid or provided for initially by the community or other governmental entity, the agency may enter into a contract with that community or governmental entity under which it agrees to reimburse the community or governmental entity for all or part of the value of that land or of the cost of the building, facility, structure or other improvement, or both, by periodic payments over a period of years. The obligation of the agency under that contract constitutes an indebtedness of the agency which may be payable out of taxes levied and allocated to the agency under paragraph (b) of subsection 1 of NRS 279.676, or out of any other available money.

Sec. 1.4. **NRS 279.519 is hereby amended to read as follows:**

279.519 1. A redevelopment area need not be restricted to buildings, improvements or lands which are detrimental or inimical to the public health, safety or welfare, but may consist of an area in which such conditions predominate and injuriously affect the entire area. A redevelopment area may include, in addition to blighted areas, lands, buildings or improvements which are not detrimental to the public health, safety or welfare, but whose inclusion is found necessary for the effective redevelopment of the area of which they are a part.

2. At least 75 percent of the area included within a redevelopment area must be improved land and may include, without limitation:

(a) Public land upon which public buildings have been erected or improvements have been constructed.

(b) Land on which an abandoned mine, landfill or other similar use is located and which is surrounded by or directly abuts the improved land.

3. The area included within a redevelopment area may be contiguous or noncontiguous.

4. If the subject of the redevelopment is an eligible railroad or facilities related to an eligible railroad, the area included within a redevelopment area may consist of contiguous or noncontiguous vacant land that:

(a) Is located near the eligible railroad; and

(b) May accommodate commercial or industrial facilities that may use the eligible railroad.

5. ***The boundaries of a redevelopment area created after July 1, 2017, and of each area of land added to a redevelopment area by an amendment adopted pursuant to NRS 279.608 after July 1, 2017, must:***

(a) Follow visible ground features or extensions of visible ground features, except where the boundary coincides with the official boundary of the State or a county or city; and

(b) Except to the extent of physical or political boundaries, be regular in shape.

6. A redevelopment area must include all taxable property within the area except for property which is taxable pursuant to NRS 361.157 or which must be excluded pursuant to subsection 7.

7. The taxable property in a redevelopment area must not be included in any subsequently created redevelopment area until at least 50 years after the effective date of creation of the first redevelopment area in which the property was included.

~~[6.]~~ ***8.*** As used in this section ~~[, "improved]~~ ***:***

(a) "Improved land" means:

~~[(a)]~~ ***(1)*** Land that contains structures which:

(b) "Visible ground feature" includes, without limitation, a street, road, highway, river, stream, shoreline, drainage ditch, railroad right-of-way or any other physical feature which is clearly visible from the ground.

Sec. 1.6. **NRS 279.583 is hereby amended to read as follows:**

279.583 ~~[After]~~ ***Except as otherwise provided in this section, after*** publication of notice of the public hearing pursuant to NRS 279.580 and before approval of the redevelopment plan by the legislative body, the legislative body may submit to the planning commission a proposal to exclude land from a proposed redevelopment area. ***The legislative body may not exclude any taxable property within the area except for property which is taxable pursuant to NRS 361.157 or which must be excluded pursuant to subsection 7 of NRS 279.519.*** Within 30 days after that change is submitted to it for consideration, the planning commission shall submit its report and recommendation to the legislative body. If the planning commission does not report upon the change within 30 days after its submission by the legislative body, the legislative body may proceed to exclude the land from the proposed redevelopment area without that report and recommendation.

Sec. 1.8. **NRS 279.608 is hereby amended to read as follows:**

279.608 1. If, at any time after the adoption of a redevelopment plan by the legislative body, the agency desires to take an action that will constitute a material deviation from the plan or otherwise determines that it would be necessary or desirable to amend the plan, the agency must recommend the amendment of the plan to the legislative body. An amendment may include the addition of one or more areas to any redevelopment area ~~[.]~~ ***but may not include the removal of an area from any redevelopment area, regardless of whether that area was initially a part of the redevelopment area or was added later through amendment.***

2. Before recommending amendment of the plan, the agency shall hold a public hearing on the proposed amendment. Notice of that hearing must be published at least 10 days before the date of hearing in a newspaper of general circulation, printed and published in the community, or, if there is none, in a newspaper selected by the agency. The notice of hearing must include a legal description of the boundaries of the area designated in the plan to be amended and a general statement of the purpose of the amendment.

3. In addition to the notice published pursuant to subsection 2, the agency shall cause a notice of hearing on a proposed amendment to the plan to be sent by mail at least 10 days before the date of the hearing to each owner of real property, as listed in the records of the county assessor, whom the agency determines is likely to be directly affected by the proposed amendment. The notice must:

(a) Set forth the date, time, place and purpose of the hearing and a physical description of, or a map detailing, the proposed amendment; and

(b) Contain a brief summary of the intent of the proposed amendment.

4. If after the public hearing, the agency recommends substantial changes in the plan which affect the master or community plan adopted by the planning commission or the legislative body, those changes must be submitted by the agency to the planning commission for its report and recommendation. The planning commission shall give its report and recommendations to the legislative body within 30 days after the agency submitted the changes to the planning commission.

5. After receiving the recommendation of the agency concerning the changes in the plan, the legislative body shall hold a public hearing on the proposed amendment, notice of which must be published in a newspaper in the manner designated for notice of hearing by the agency. If after that hearing the legislative body determines that the amendments in the plan, proposed by the agency, are necessary or desirable, the legislative body shall adopt an ordinance amending the ordinance adopting the plan.

6. As used in this section, "material deviation" means an action that, if taken, would alter significantly one or more of the aspects of a redevelopment plan that are required to be shown in the redevelopment plan pursuant to NRS 279.572. The term includes, without limitation, the vacation of a street that is depicted in the streets and highways plan of the master plan described in NRS 278.160 which has been adopted for the community and the relocation of a public park. The term does not include the vacation of a street that is not depicted in the streets and highways plan of the master plan described in NRS 278.160 which has been adopted for the community.

Assembly Bill No. 309.

The following Senate amendment was read:

Amendment No. 986.

AN ACT relating to state employment; imposing additional duties on the Administrator of the Division of Human Resource Management of the Department of Administration and certain state agencies relating to veterans and certain widows and widowers; revising provisions governing the preference provided to veterans and certain other persons relating to employment in the classified service; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Department of Administration to provide an annual report of the total number of veterans employed by each agency in the State to the Interagency Council on Veterans Affairs, which includes the Director of the Department of Veterans Services as one of its members. (NRS 417.0191, 417.0194) **Section 3** of this bill requires the Administrator of the Division of Human Resource Management of the Department of Administration to submit to: (1) the Director of the Department of Veterans Services and make available to the public a monthly report listing the names of all veterans and **, to the extent the information is available,** widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States **,** who are employed in the classified or unclassified service of the State; and (2) the Governor and the Director of the Legislative Counsel Bureau for distribution to the Legislature a quarterly report on the number of veterans and **, to the extent the information is available,** widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States **,** who were hired in the classified or unclassified service of the State during the quarter. **Section 6** of this bill makes a conforming change to the annual report. Finally, **section 3** requires the Administrator to ensure that the percentage of officers and employees in such state employment that are veterans and **, to the extent the information is available,** widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States **,** is proportional to the percentage of veterans and **, to the extent the information is available,** such widows and widowers ~~[residing]~~ **, who reside** in this State ~~[.]~~ **and are in the labor force.**

Existing law requires, with certain exceptions, state agencies in the Executive Department of the State Government to periodically report to the Administrator of the Division of Human Resource Management any

appointment, transfer, separation, suspension, reinstatement or any reduction or other change to a position in the public service. (NRS 284.121) **Section 4** of this bill requires that such a report include whether ~~[any person appointed to such state employment]~~ **the affected appointee or employee** is a veteran or **, to the extent the information is available,** a widow or widower of a person killed in the line of duty while on active duty in the Armed Forces of the United States.

Under existing law, the State is required, in establishing lists of persons eligible for appointment or promotion to positions in the classified service, to add 10 points to the passing grade on a competitive examination of a veteran with a disability and 5 points to a passing grade on such an examination of a veteran who does not have a disability or a widow or widower of a veteran. Existing law authorizes the application of such preference points to any open competitive examination in the classified service, but only to one promotional examination. (NRS 284.260)

Section 5 of this bill ~~[increases to 15 points the number of points required to be added to the passing grade of a veteran with a disability. Section 5 also: (1) increases to ten points the number of points to]~~ **provides that 10 preference points must** be added to the passing grade of ~~[a veteran who does not have a disability; and (2) requires the addition of 10 points]~~ **all veterans and** to the passing grade of widows and widowers of persons killed in the line of duty while on active duty in the Armed Forces of the United States. **Section 5** also **provides that a person who qualifies under more than one category for preference points cannot combine all those points but is entitled to receive points for only one qualifying category that is most beneficial to the person. Finally, section 5** removes the restriction on applying such **preference** points to more than one promotional examination.

Existing law requires, with certain exceptions, a state agency in the Executive Department of the State Government to give notice to the Administrator of the Division of Human Resource Management of its intention to fill ~~[a vacancy]~~ **certain vacant positions** in the classified service. After receipt of such notice, the Administrator is required to certify from the list of eligible persons, appropriate to the grade and class in which the position is classified, the names of the persons with the highest scores **.** ~~[.]~~ **and, if so certified, the appointing state agency may interview those persons for the position. (NRS 284.265) Section 5.5** of this bill requires the Administrator to ~~[also]~~ certify **additionally for the position** the name of any veteran **with a service-connected disability who is also** on the list of eligible persons and ~~[requires]~~ **, if so certified,** the **appointing** state agency ~~[to]~~ **must** interview ~~[any veteran so certified]~~ **the veteran** for the position **.** ~~[.]~~

Under existing law, certain vacant positions in the classified service are not filled by using the foregoing procedure. (Chapter 284 of NRS; chapter 284 of NAC) With regard to such positions, section 5.5 requires the appointing state agency to interview for the position each veteran

with a service-connected disability who is a qualified applicant for the position. Additionally, if there are veterans without a service-connected disability who are qualified applicants for the position, section 5.5 requires the appointing state agency to interview for the position a number of such veterans that is equal to at least 22 percent of the total number of qualified applicants interviewed for the position or, if there is not a sufficient number to reach that percentage, interview for the position each such veteran who is a qualified applicant for the position.

Amendment No. CA3.

AN ACT relating to health care; requiring the State Plan for Medicaid to provide certain benefits relating to contraception; revising provisions relating to dispensing of contraceptives; requiring all health insurance plans to provide certain benefits relating to contraception; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires most health insurance plans which cover prescription drugs and outpatient care to also include coverage for contraceptive drugs and devices without an additional copay, coinsurance or a higher deductible than that which may be charged for other prescription drugs and outpatient care under the plan. (NRS 689A.0415, 689A.0417, 689B.0376, 689B.0377, 695B.1916, 695B.1918, 695C.1694, 695C.1695) Certain plans, including small employer plans, benefit contracts provided by fraternal benefit societies, plans issued by a managed care organization and certain plans offered by governmental entities of this State are not currently subject to these requirements. (Chapters 287, 689C, 695A and 695G of NRS)

The federal Patient Protection and Affordable Care Act, Pub. L. 111-148, as amended, requires certain contraceptive drugs, devices and services to be covered by every health insurance plan without any copay, coinsurance or higher deductible. (42 U.S.C. § 300gg-13(a)(4); 45 C.F.R. § 147.130) **The provisions of this bill do not require a public or private insurer to provide coverage for the purpose of terminating a pregnancy. Sections 3, 4 and 7-25** of this bill align Nevada law with federal law, requiring all public and private health insurance plans made available in this State to provide coverage for certain benefits relating to contraception without any copay, coinsurance or a higher deductible. **Sections 3, 4 and 7-25** require certain contraceptive drugs, devices and services which are approved by the Food

and Drug Administration to be covered by a health insurance plan, including, without limitation, up to a 12-month supply of a drug for contraception or its therapeutic equivalent, insertion of a device for contraception, removal of such a device that was inserted while the insured was covered by the same policy of health insurance, education and counseling relating to contraception, management of side effects relating to contraception and voluntary sterilization for women. **Sections 3, 4 and 7-25** allow an insurer to require an insured to pay a higher deductible, copayment or coinsurance for a drug for contraception if the insured refuses to accept a therapeutic equivalent of the drug. In addition, a health insurance plan must include for each method of contraception which is approved by the Food and Drug Administration and for which the insurer is required to provide coverage at least one contraceptive drug or device for which no deductible, copayment or coinsurance may be charged to the insured. **Sections 3, 4 and 7-25** authorize an insurer to use medical management techniques to determine the frequency of treatment using the contraceptive drugs, devices and services required by this bill. **Sections 3, 4 and 7-25** prohibit an insurer from using medical management techniques to require an insured to use a method of contraception other than that prescribed by a provider of health care. **Sections 3, 4 and 7-25** additionally require an insurer to provide a process by which an insured may request an exemption from a medical management technique required by an insurer. **Sections 3, 4 and 7-25** also require a health insurance plan to provide coverage for certain therapeutic equivalent drugs relating to contraception when a therapeutic equivalent covered by the plan is deemed to be medically inappropriate by a provider of health care. Additionally, **sections 7, 11, 14, 16, 17, 20 and 25** require that the benefits provided by a health insurance plan relating to contraception which are provided to the insured must also be provided to a covered dependent of an insured.

Existing law allows an insurer which is affiliated with a religious organization and which objects on religious grounds to providing coverage for contraceptive drugs and devices to exclude coverage in its policies, plans or contracts for such drugs and devices. (NRS 689A.0415, 689B.0376, 695B.1916, 695C.1694) **Sections 7, 11, 14, 16, 17, 20 and 25** of this bill move the religious exemption coverage for the contraceptive drugs, devices and services required by this bill to the new provisions relating to coverage of contraception.

Existing law requires this State to develop a State Plan for Medicaid which includes, without limitation, a list of the medical services provided to Medicaid recipients. (42 U.S.C. § 1396a; NRS 422.063) Existing federal law authorizes a state to charge a copay, coinsurance or deductible for most Medicaid services, but prohibits any copay, coinsurance or deductible for certain contraceptive drugs, devices and services. (42 U.S.C. § 1396o-1) Existing federal law also authorizes a state to define the parameters of contraceptive coverage provided under Medicaid. (42 U.S.C. § 1396u-7)

Existing Nevada law requires a number of specific medical services to be covered under Medicaid. (NRS 422.2717-422.27241) **Section 1** of this bill requires the State Plan for Medicaid to include certain benefits relating to contraception currently required to be covered by private health insurance plans pursuant to existing Nevada law and the Patient Protection and Affordable Care Act, Pub. L. 111-148, as amended, as well as certain additional benefits related to contraception required by **sections 3, 4 and 7-25** of this bill without any copay, coinsurance or deductible in most cases. The benefits relating to drugs for contraception which are provided by **section 1** of this bill are subject to step therapy and prior authorization requirements pursuant to existing law.

Existing law authorizes a pharmacist to dispense up to a 90-day supply of a drug pursuant to a valid prescription or order in certain circumstances. (NRS 639.2396) **Section 4.5** of this bill requires a pharmacist to dispense up to a 12-month supply of drugs for contraception or a therapeutic equivalent thereof pursuant to a valid prescription or order if: (1) the patient has previously received a 3-month supply of the same drug; (2) the patient has previously received a 9-month supply of the same drug or a supply of the same drug for the balance of the plan year in which the 3-month supply was prescribed or ordered, whichever is less; (3) the patient is insured by the same health insurance plan; and (4) a provider of health care has not specified in the prescription or order that a different supply of the drug is necessary.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 422 of NRS is hereby amended by adding thereto a new section to read as follows:

1. The Director shall include in the State Plan for Medicaid a requirement that the State pay the nonfederal share of expenditures for family planning services and supplies, including, without limitation:

3. The Director shall ensure that the provisions of this section are carried out in a manner which complies with the requirements established by the Drug Use Review Board and set forth in the list of preferred prescription drugs established by the Department pursuant to NRS 422.4025.

4. The Plan may require a person enrolled in Medicaid to pay a higher deductible, copayment or coinsurance for a drug for contraception if the person refuses to accept a therapeutic equivalent of the drug.

5. For each method of contraception which is approved by the Food and Drug Administration, the Plan must include at least one drug or device for contraception for which no deductible, copayment or coinsurance may be charged to the person enrolled in Medicaid, but the Plan may charge a deductible, copayment or coinsurance for any other drug or device that provides the same method of contraception.

6. As used in this section, "therapeutic equivalent" means a drug which:

(a) Contains an identical amount of the same active ingredients in the same dosage and method of administration as another drug;

(b) Is expected to have the same clinical effect when administered to a patient pursuant to a prescription or order as another drug; and

Assemblyman Ohrenschall moved that the Assembly concur in the Senate Amendment No. 1109 to Assembly Bill No. 326.

Remarks by Assemblyman Ohrenschall.

ASSEMBLYMAN OHRENSCHALL:

My colleague from Assembly District 6 and my colleague from Assembly District 9 worked hard to address the concerns of the prosecutorial bar. The Senate amendment removes a requirement that if there were a dispute about possible gang affiliation in a presentence investigation report, the requirement that the Division or the prosecuting attorney would need to prove by clear and convincing evidence that that allegation of gang affiliation was correct. That has been deleted, and that gave the prosecutorial bar a lot more comfort with the bill.

Assemblywoman Neal moved that the Assembly concur in the Senate Amendment No. 771 to Assembly Bill No. 375.

Remarks by Assemblywoman Neal.

ASSEMBLYWOMAN NEAL:

Amendment 771 makes recommendations that the committee that is formed for the flood control project is submitted to the governing body of the flood management authority. The sales and use tax is removed from the list of revenues that may be recommended. The recommendations prepared by the committee must include a proposal which does not require voter approval.

The flood control project needs committee is authorized, rather than required. If the flood control project needs committee is unable to provide recommendations due to lack of sufficient documentation or technical information, the committee may dissolve itself. Upon receipt of a recommendation for the imposition of a fee rate or charge, the governing body of the flood management authority is currently authorized to impose, without voter approval—the flood management authority is required to impose a fee in a specified period in time. The amendment finally allows a representative from certain statewide organizations who are not residents of the county to be named to the flood control project.

Motion carried by a constitutional majority.

Bill ordered to enrollment.

CARSON CITY (Monday), June 5, 2017

Assembly called to order at 2:17 p.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by Assemblywoman Jill Tolles.

Lord, You say in Your Word, do nothing from selfishness or empty conceit. But in humility, count others more significant than yourselves. Let each of you look not only to your own interests but also to the interests of others. Have this mind among yourselves which is yours in Christ, Jesus.

Lord, thank You for these 120 days. I pray that we served the people of Nevada well. I pray You guide us in our final decisions and I pray, Lord, that we would serve with humility, with sacrifice; Lord that Your grace would cover all of our decisions, that Your power would go forth before us as we leave this place to bring good into this land.

Lord, I pray that You bless each and every one who came to serve their districts. I pray that You bless each and every one who served as staff and administration and leaders and press and the people in this building, God, who've come to let their voices be heard. I pray we heard them well and we acted in Jesus' precious Name.

AMEN.

Pledge of allegiance to the Flag.

The following Senate amendment was read:

Amendment No. 1110.

AN ACT relating to juries; revising the provisions governing the selection of jurors; requiring the jury commissioner to report certain information about trial jurors to the Court Administrator; **prohibiting certain conduct relating to the use of certain employment information; providing a penalty;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a district court is authorized to assign a jury commissioner to select trial jurors. Existing law provides that the jury commissioner assigned to select trial jurors is required to select jurors from qualified electors of the county not exempt from jury duty, whether registered as voters or not. (NRS 6.045) Existing law further requires the

Department of Motor Vehicles to provide a list of registered owners of motor vehicles and a list of licensed drivers for use in selecting jurors. (NRS 482.171, 483.225) Certain public utilities are also required to provide a list of customers for use in the selection of jurors. (NRS 704.206) **Section 4.7 of this bill requires the Administrator of the Employment Security Division of the Department of Employment, Training and Rehabilitation to provide a list of persons who receive benefits for use in jury selection.**

Section 1 of this bill revises the process for selecting trial jurors by requiring the jury commissioner to compile and maintain a list of qualified electors from information provided by: (1) a list of persons who are registered to vote in the county; (2) the Department of Motor Vehicles; ~~[and]~~ (3) **the Employment Security Division of the Department of Employment, Training and Rehabilitation; and (4)** certain public utilities. **Section 1** also requires the jury commissioner to: (1) keep a record of the name, occupation, address and race of each trial juror who is selected and of each trial juror who appears for jury service; and (2) report this information once a year to the Court Administrator.

Existing law makes confidential the employment information collected by the Employment Security Division of the Department of Employment, Training and Rehabilitation and prohibits the release of such information except for limited purposes. (NRS 612.265) Section 4.7 provides that if, in addition to those acts prohibited by existing law, certain persons use information collected by the Division for purposes other than those authorized by the Administrator or by law, or fail to protect and prevent the unauthorized use or dissemination of such information, the person is guilty of a gross misdemeanor.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 6.045 is hereby amended to read as follows:

If a jury commissioner is so selected, the jury commissioner shall from time to time estimate the number of trial jurors which will be required for attendance on the district court and shall select that number from the qualified electors of the county not exempt by law from jury duty, whether registered as voters or not. The jurors may be selected by computer whenever procedures to assure random selection from computerized lists are established by the jury commissioner. ~~[The jury commissioner shall keep a record of the name, occupation and address of each person selected.]~~

3. ***The jury commissioner shall, for the purpose of selecting trial jurors, compile and maintain a list of qualified electors from information provided by:***

(b) Keep a record of the name, occupation, address and race of each trial juror who appears for jury service; and

(1) Include statistics from the records required to be maintained by the jury commissioner pursuant to this subsection, including, without limitation, the name, occupation, address and race of each trial juror who is selected and of each trial juror who appears for jury service;

(2) Be submitted at least once a year; and

(3) Be submitted in the time and manner prescribed by the Court Administrator.

6. The jury commissioner shall not select the name of any person whose name was selected the previous year, and who actually served on the jury by attending in court in response to the venire from day to day until excused from further attendance by order of the court, unless there are not enough other suitable jurors in the county to do the required jury duty.

Sec. 2. NRS 482.171 is hereby amended to read as follows:

482.171 1. Assembly Bill No. 403.

The following Senate amendment was read:

Amendment No. 805.

AN ACT relating to governmental administration; authorizing the Legislative Commission to suspend or nullify certain **administrative** regulations; abolishing the Subcommittee to Review Regulations of the Legislative Commission; revising provisions relating to administrative regulations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[The]~~ Under the separation-of-powers provision of the Nevada Constitution **, one branch of the State Government may not exercise powers properly belonging to another branch of the State Government "except in the cases expressly directed or permitted in this constitution." (Nev. Const. Art. 3, § 1) As a general rule under the separation-of-powers doctrine, because the question of whether a regulation adopted by an executive agency exceeds its statutory authority or is inconsistent with legislative intent presents a question of statutory interpretation, the**

power to resolve that question of statutory interpretation and determine whether to invalidate or nullify the regulation is usually regarded as judicial power because "it is emphatically the province and duty of the judicial department to say what the law is." (*Nevadans for Nev. v. Beers*, 122 Nev. 930, 943 n.20 (2006) (quoting *Marbury v. Madison*, 5 U.S. 137, 177-78 (1803)); *Berkson v. LePome*, 126 Nev. 492, 499 (2010) (explaining that "[t]o declare what the law is or has been is judicial power; to declare what the law shall be is legislative." (quoting 1 Thomas M. Cooley, *Constitutional Limitations* 191 (8th ed. 1927)); *Silver State Elec. Supply Co. v. State ex rel. Dep't of Tax'n*, 123 Nev. 80, 84 (2007) ("Appeals involving interpretation of a statute or regulation present questions of law subject to our independent review.")).

For example, in applying the separation-of-powers doctrine to the Federal Government and other state governments, courts have found that the separation-of-powers doctrine ordinarily prohibits legislative committees or other legislative bodies from exercising the power to nullify a regulation adopted by an executive agency on the basis that the regulation exceeds the statutory authority of the agency or is inconsistent with legislative intent, unless Congress or the state legislature passes a law that expressly nullifies the regulation or revises or repeals the agency's statutory authority. (*I.N.S. v. Chadha*, 462 U.S. 919, 953 n.16 (1983); *State v. A.L.I.V.E. Voluntary*, 606 P.2d 769, 772-79 (Alaska 1980); *Legis. Research Comm'n v. Brown*, 664 S.W.2d 907, 917-20 (Ky. 1984); *Blank v. Dep't of Corr.*, 611 N.W.2d 530, 537-39 (Mich. 2000); *General Assembly of N.J. v. Byrne*, 448 A.2d 438, 443-49 (N.J. 1982); *State ex rel. Barker v. Manchin*, 279 S.E.2d 622, 630-36 (W. Va. 1981)).

However, in Nevada, the voters in 1996 approved a constitutional amendment to Nevada's separation-of-powers provision which expressly empowers the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies on the basis that the regulations exceed the statutory authority of the agencies or are inconsistent with legislative intent. The constitutional amendment provides that if the Legislature authorizes the adoption of regulations by ~~[an agency of the Executive Department of the State Government]~~ **executive agencies** which bind persons outside the ~~[agency,]~~ **agencies,** the Legislature is authorized to enact laws providing for: (1) the review of such regulations by a legislative agency before their effective date to determine whether each such regulation is within the statutory authority for its adoption; (2) the suspension by a legislative ~~[body]~~ **agency** of any such regulation which appears to exceed the statutory authority for its adoption until the regulation is reviewed by a legislative body composed of members of the Senate and Assembly; and (3) the nullification of any such regulation by a majority vote of a legislative body composed of members of the Senate and Assembly.

(Nev. Const. Art. 3, § 1) ~~[The]~~ **When the constitutional amendment was presented to the voters, the ballot materials explained that its purpose was to ensure that the Legislative Branch had the specific constitutional power to suspend or nullify regulations adopted by executive agencies which exceed the statutory authority granted by the Legislature when it passed the laws that authorized the agencies to adopt the regulations. (*State of Nevada Ballot Questions 1996*, Question No. 5, at pp. 1-2 (Nev. Sec'y of State 1996)**

When the Nevada Constitution expressly grants specific powers to the Legislative Branch, the other branches may not infringe upon the exercise of those powers out of respect for an equal and coordinate branch of government. (*Heller v. Legislature*, 120 Nev. 456, 466-72 (2004); *Comm'n on Ethics v. Hardy*, 125 Nev. 285, 291-94 (2009)) For example, the Nevada Supreme Court has determined that because the Nevada Constitution expressly grants to each legislative House the specific power to "judge" the qualifications, returns and elections of its own members, the constitutional assignment of that power to the Legislative Branch "insulates a legislator's qualifications to hold office from judicial review. In other words, a legislative body's decision to admit or expel a member is almost unreviewable in the courts." (*Heller v. Legislature*, 120 Nev. 456, 466-67 (2004)) Because Nevada's voters expressly granted specific constitutional power to the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies, the other branches may not infringe upon the exercise of that power out of respect for an equal and coordinate branch of government.

In exercising its expressly granted and specific constitutional power regarding regulations, the Legislature has enacted provisions of the Nevada Administrative Procedure Act ~~[sets]~~ **which set** forth the procedures for the adoption of emergency, temporary and permanent regulations by ~~[nonexempt state]~~ **certain executive** agencies. (NRS 233B.0395-233B.120) ~~[With]~~ **Under existing law, with** limited exceptions, the Legislative Commission or the Subcommittee to Review Regulations of the Legislative Commission ~~[is required under existing law]~~ **has the authority** to **review and to** approve **or object to certain temporary or** permanent regulations before those regulations become effective. (NRS **233B.0633,** 233B.067-233B.070)

Section 10 of this bill authorizes the Legislative Commission to suspend or nullify a regulation adopted pursuant to the Nevada Administrative Procedure Act if the regulation: (1) exceeds the statutory authority for its adoption; (2) is inconsistent with the intent of the Legislature in granting the statutory authority for its adoption; or (3) is no longer being administered or interpreted in a manner that is consistent with the agency's stated intention when adopting the regulation or the agency's stated intention during the

review and approval of the regulation by the Legislative Commission. **Section 10** also ~~[precludes]~~ **establishes procedures that the Legislative Commission must follow before and after it takes action to suspend or nullify a regulation.**

Additionally, sections 10 and 12 of this bill preclude judicial review of ~~[a decision of]~~ **any action taken or determination made by** the Legislative Commission **in exercising its powers** to **review, object to,** suspend or nullify a regulation **,** and ~~[authorizes]~~ **sections 10 and 13 of this bill allow** the Legislative Commission to determine ~~[what]~~ **whether an agency rule, standard, directive or statement** constitutes a regulation for the purposes of exercising ~~[the Legislative Commission's power to suspend or nullify a regulation. Sections 12,]~~ **those powers. Sections 17.5, 26 and 28** of this bill make conforming changes.

Section 22 of this bill abolishes the Subcommittee to Review Regulations of the Legislative Commission and **~~[~~**~~, with limited exceptions, requires]~~ **provides** only the Legislative Commission ~~[to review and approve]~~ **with the powers of reviewing and approving or objecting to certain temporary or** permanent regulations before those regulations become effective. **Sections 16, 19, 21-24, 27 and 29** of this bill make conforming changes.

Section 11 of this bill ~~[authorizes]~~ **directs** the Legislative Commission to adopt **such** regulations **as are** necessary to carry out the provisions of the Nevada Administrative Procedure Act governing administrative regulations. **Section 11 also requires the regulations to establish certain procedural rights and standards for proceedings of the Legislative Commission concerning the suspension or nullification of a regulation, including: (1) procedural rights that provide regulated persons and other interested persons with an opportunity to comment on whether the regulation should be suspended or nullified; and (2) standards and requirements for making a determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety.**

Existing law excludes the application of certain agency policies as applied to a person with sufficient prior actual notice of the policy from the definition of "regulation" for the purposes of the Nevada Administrative Procedure Act. (NRS 233B.038) **Section 13** of this bill removes this exception.

Existing law ratifies the Nevada Administrative Code as revised or supplemented before May 15, 1987. (NRS 233B.0395) **Section 14** of this bill ratifies the Code as revised or supplemented before February 6, 2017.

Existing law requires an agency to adopt a proposed regulation not later than 2 years after the proposed regulation is submitted to the Legislative Counsel. (NRS 233B.040) **Section 15** of this bill requires an agency to also submit the proposed regulation to the Legislative Commission for review within the same 2-year period.

Existing law requires an agency to hold an oral public hearing on a proposed regulation if an oral hearing is requested by certain persons and the

proposed regulation is substantive. (NRS 233B.061) **Section 17** of this bill eliminates the requirement regarding the substantiveness of the regulation.

Under existing law, the Legislative Counsel is required to prepare and publish a Register of Administrative Regulations, which includes information relating to adopted permanent regulations. (NRS 233B.0653) **Section 20** of this bill eliminates the requirement that the Legislative Counsel publish paper copies of the Register and instead requires the Legislative Counsel to publish the Register electronically on the public website of the Legislature on the Internet.

An emergency regulation becomes effective when certain documents are filed with the Secretary of State. (NRS 233B.070) **Section 25** of this bill requires that a copy of the written statement of the emergency endorsed by the Governor is included with the information that must be filed with the Secretary of State before an emergency regulation becomes effective.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. (Deleted by amendment.)

Sec. 2. (Deleted by amendment.)

Sec. 3. (Deleted by amendment.)

Sec. 4. (Deleted by amendment.)

Sec. 5. (Deleted by amendment.)

Sec. 6. (Deleted by amendment.)

Sec. 7. (Deleted by amendment.)

Sec. 8. (Deleted by amendment.)

Sec. 8.5. **1. The Legislature hereby finds that:**

(a) Under the separation-of-powers provision of Section 1 of Article 3 of the Nevada Constitution, one branch of the State Government may not exercise powers properly belonging to another branch of the State Government except in the cases expressly directed or permitted in the Nevada Constitution.

(b) In 1996, Nevada's voters approved a constitutional amendment to the separation-of-powers provision which expressly empowers the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies on the basis that the regulations exceed the statutory authority of the agencies or are inconsistent with legislative intent.

(c) When the constitutional amendment was presented to the voters, the ballot materials explained that its purpose was to ensure that the Legislative Branch had the specific constitutional power to suspend or nullify regulations adopted by executive agencies which exceed the statutory authority granted by the Legislature when it passed the laws that authorized the agencies to adopt the regulations.

(d) Because Nevada's voters expressly granted specific constitutional power to the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies, the other branches may not infringe upon the exercise of that power out of respect for an equal and coordinate branch of government.

(e) When executive agencies adopt regulations which exceed their statutory authority or are inconsistent with legislative intent, the regulations thwart and undermine the will of the people who, through their elected representatives in the Legislature, determine by properly enacted laws the scope and extent of the authority granted to executive agencies to adopt the regulations.

2. The Legislature hereby declares that there is a legitimate and compelling need to exercise its expressly granted and specific constitutional power under Section 1 of Article 3 of the Nevada Constitution, in the manner set forth in the provisions of this act, in order to:

(a) Provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies which exceed their statutory authority or are inconsistent with legislative intent; and

(b) Protect and safeguard the rights of the people against such unlawful and invalid regulations.

Sec. 9. Chapter 233B of NRS is hereby amended by adding thereto the provisions set forth as sections 10 and 11 of this act.

Sec. 10. ***1. Upon its own initiative, the Legislative Commission may suspend or nullify a regulation , in whole or in part, adopted pursuant to this chapter if, in the opinion of the Legislative Commission, the regulation:***

(a) Exceeds the statutory authority for the adoption of the regulation;

(b) Is inconsistent with the intent of the Legislature in granting the statutory authority for the adoption of the regulation; or

(c) Is no longer being administered or interpreted by the adopting agency in a manner consistent with the stated intent of the agency when adopting the regulation or during the review and approval of the regulation by the Legislative Commission.

2. Before holding the initial meeting to consider the suspension or nullification of a regulation, the Legislative Commission shall, at least 30 days before the meeting, provide the adopting agency with written notice of the meeting which informs the agency of:

(a) The specific regulation that will be considered at the meeting; and

(b) The potential reasons for the suspension or nullification of the regulation. The potential reasons provided in the written notice:

(1) Must include sufficient information to allow the agency to prepare for the meeting.

(2) Do not preclude the Legislative Commission from considering other reasons at the initial meeting or any subsequent meeting held to consider the suspension or nullification of the regulation.

3. At the initial meeting to consider the suspension or nullification of a regulation, the Legislative Commission:

(a) Shall provide the adopting agency with an opportunity to comment on whether the regulation should be suspended or nullified.

(b) May not take action to suspend or nullify the regulation unless the Legislative Commission makes a specific determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety. If the Legislative Commission does not make such a specific determination, the Legislative Commission may not take action to suspend or nullify the regulation unless such action is taken at a subsequent meeting held at least 30 days after the date of the initial meeting to consider the suspension or nullification of the regulation.

4. If the Legislative Commission ~~[exercises its authority]~~ takes action to suspend or nullify a regulation pursuant to this section, the Legislative Commission shall ~~[:~~

~~(a) Notify]~~ , as soon as practicable after taking such action, provide the Secretary of State and the adopting agency ~~[that]~~ with written notice of:

~~[4.]~~ 6. In exercising the powers granted in this section, the Legislative Commission ~~[shall have]~~ :

(a) Has the authority to determine ~~[if]~~ whether an agency rule, standard, directive or statement is a regulation ~~[pursuant to]~~ as defined in NRS 233B.038 ~~[.]~~ ; and

(b) After making such a determination, may take action to suspend or nullify the regulation pursuant to this section.

7. Any ~~[agency rule, standard, directive or statement]~~ regulation which is nullified by the Legislative Commission pursuant to this section must be removed from the Nevada Administrative Code and from any agency publications and notices.

8. As used in this section, "adopting agency" or "agency" means the agency that adopted the regulation or any successor agency that administers the regulation.

Sec. 11. ***1. The Legislative Commission ~~[may]~~ shall adopt such regulations as are necessary to carry out the provisions of this section and NRS 233B.0395 to 233B.120, inclusive, and section 10 of this act.***

2. The regulations adopted by the Legislative Commission must establish for proceedings of the Legislative Commission concerning the suspension or nullification of a regulation pursuant to section 10 of this act:

(a) Procedural rights that provide persons who are regulated by or otherwise interested in the regulation with an opportunity to comment on whether the regulation should be suspended or nullified.

(b) Standards and requirements for making a specific determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety.

Sec. 12. NRS 233B.020 is hereby amended to read as follows:

233B.020 1. By this chapter, the Legislature intends to establish ~~[~~minimum~~]~~ procedural requirements for ***:***

(b) The exercise by the Legislative Commission of the power to review, object to, suspend or nullify a regulation as authorized by Section 1 of Article 3 of the Nevada Constitution and NRS 233B.0395 to 233B.120, inclusive, and sections 10 and 11 of this act, except that the exercise of such a power by the Legislative Commission is final and not subject to judicial review.

2. This chapter confers no additional regulation-making authority upon any agency except to the extent provided in subsection 1 of NRS 233B.050.

(b) An explanation of the manner in which a person may obtain a copy of a regulation that the Legislative Commission ~~[or Subcommittee to Review Regulations]~~ will review at the meeting.

2. If the Legislative Counsel Bureau maintains a website on the Internet or its successor, the Legislative Counsel Bureau shall, at least 3 working days before the Legislative Commission ~~[or the Subcommittee to Review Regulations]~~ holds a meeting to review temporary regulations pursuant to NRS 233B.0633 or adopted regulations pursuant to NRS 233B.067 or 233B.0675, post on its website a list of the regulations that the Legislative Commission ~~[or the Subcommittee to Review Regulations]~~ will review at the meeting, unless the Legislative Counsel Bureau is unable to do so because of technical problems relating to the operation or maintenance of its website.

Sec. 25. NRS 233B.070 is hereby amended to read as follows:

233B.070 1. A permanent regulation becomes effective when the Legislative Counsel files with the Secretary of State the original of the final draft or revision of a regulation, except as otherwise provided in NRS 293.247 or where a later date is specified in the regulation.

2. Except as otherwise provided in NRS 233B.0633, an agency that has adopted a temporary regulation may not file the temporary regulation with the Secretary of State until 35 days after the date on which the temporary regulation was adopted by the agency. A temporary regulation becomes effective when the agency files with the Secretary of State the original of the final draft or revision of the regulation, together with the informational statement prepared pursuant to NRS 233B.066. The agency shall also file a copy of the temporary regulation with the Legislative Counsel, together with the informational statement prepared pursuant to NRS 233B.066.

4. The Secretary of State shall maintain the original of the final draft or revision of each regulation in a permanent file to be used only for the preparation of official copies.

5. The Secretary of State shall file, with the original of each agency's rules of practice, the current statement of the agency concerning the date and results of its most recent review of those rules.

6. Immediately after each permanent or temporary regulation is filed, the agency shall deliver one copy of the final draft or revision, bearing the stamp of the Secretary of State indicating that it has been filed, including material adopted by reference which is not already filed with the State Library, Archives and Public Records Administrator, to the State Library, Archives and Public Records Administrator for use by the public. If the agency is a licensing board as defined in NRS 439B.225 and it has adopted a permanent regulation relating to standards for the issuance or renewal of licenses, permits or certificates of registration issued to a person or facility regulated by the agency, the agency shall also deliver one copy of the regulation, bearing the stamp of the Secretary of State, to the Legislative Committee on Health Care within 10 days after the regulation is filed with the Secretary of State.

7. Each agency shall furnish a copy of all or part of that part of the Nevada Administrative Code which contains its regulations, to any person who requests a copy, and may charge a reasonable fee for the copy based on

the cost of reproduction if it does not have money appropriated or authorized for that purpose.

8. An agency which publishes any regulations included in the Nevada Administrative Code shall use the exact text of the regulation as it appears in the Nevada Administrative Code, including the leadlines and numbers of the sections. Any other material which an agency includes in a publication with its regulations must be presented in a form which clearly distinguishes that material from the regulations.

Sec. 26. NRS 233B.100 is hereby amended to read as follows:

233B.100 1. Any interested person may petition an agency requesting the adoption, filing, amendment or repeal of any regulation and shall accompany the petition with relevant data, views and arguments. Each agency shall prescribe by regulation the form for such petitions and the procedure for their submission, consideration and disposition. Upon submission of such a petition, the agency shall within 30 days either deny the petition in writing, stating its reasons, or initiate regulation-making proceedings.

2. Any regulation of any agency is subject to ~~[amendment]~~ ***:***

(a) Amendment or suspension by the Governor pursuant to the provisions of NRS 416.060.

(b) Suspension or nullification by the Legislative Commission pursuant to ~~[section 10 of this act,]~~ Section 1 of Article 3 of the Nevada Constitution and NRS 233B.0395 to 233B.120, inclusive, and sections 10 and 11 of this act.

Sec. 27. NRS 233B.105 is hereby amended to read as follows:

233B.105 1. A small business that is aggrieved by a regulation adopted by an agency on or after January 1, 2000, may object to all or a part of the regulation by filing a petition with the agency that adopted the regulation within 90 days after the date on which the regulation was adopted. An agency which receives such a petition shall transmit a copy of the petition to the Legislative Counsel for submission to the Legislative Commission **.** ~~[or the Subcommittee to Review Regulations appointed pursuant to subsection 6 of NRS 233B.067.]~~

2. A petition filed pursuant to subsection 1 may be based on the following grounds:

(a) The agency failed to prepare a small business impact statement as required pursuant to NRS 233B.0608 and 233B.0609; or

(b) The small business impact statement prepared by the agency pursuant to NRS 233B.0608 and 233B.0609 is inaccurate, incomplete or did not adequately consider or significantly underestimated the economic effect of the regulation on small businesses.

3. After receiving a petition pursuant to subsection 1, an agency shall determine whether the petition has merit. If the agency determines that the petition has merit, the agency may, pursuant to this chapter, take action to amend the regulation to which the small business objected.

Sec. 28. NRS 233B.110 is hereby amended to read as follows:

233B.110 1. The validity or applicability of any regulation may be determined in a proceeding for a declaratory judgment in the district court in and for Carson City, or in and for the county where the plaintiff resides, when it is alleged that the regulation, or its proposed application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. A declaratory judgment may be rendered after the plaintiff has first requested the agency to pass upon the validity of the regulation in question. The court shall declare the regulation invalid if it finds that it violates constitutional or statutory provisions or exceeds the statutory authority of the agency. The agency whose regulation is made the subject of the declaratory action shall be made a party to the action.

2. An agency may institute an action for declaratory judgment to establish the validity of any one or more of its own regulations.

3. Actions for declaratory judgment provided for in subsections 1 and 2 shall be in accordance with the Uniform Declaratory Judgments Act (chapter 30 of NRS), and the Nevada Rules of Civil Procedure. In all actions under subsections 1 and 2, the plaintiff shall serve a copy of the complaint upon the Attorney General, who is also entitled to be heard.

4. Nothing in this section shall be construed to limit the authority of the Legislative Commission to suspend or nullify a regulation ~~[as provided in this chapter.]~~ pursuant to Section 1 of Article 3 of the Nevada Constitution and NRS 233B.0395 to 233B.120, inclusive, and sections 10 and 11 of this act.

Sec. 29. NRS 514A.110 is hereby amended to read as follows:

Sec. 29.5. **Section 1 of Senate Bill No. 160 of this session is hereby amended to read as follows:**

Section 1. NRS 233B.060 is hereby amended to read as follows:

233B.060 1. Except as otherwise provided in subsection 2 and NRS 233B.061, before adopting, amending or repealing:

(a) A permanent regulation, the agency must, after receiving the approved or revised text of the proposed regulation prepared by the Legislative Counsel pursuant to NRS 233B.063:

(1) If it is the first hearing on the regulation, give at least 30 days' notice of its intended action, unless a shorter period of notice is specifically permitted by statute. When posted, the agency must include notice that the regulation that is posted on the Internet website of the agency 3 working days before the hearing will be the regulation considered. The agency shall ensure that the regulation to be considered at the hearing is posted on the Internet website of the agency 3 working days before the hearing.

(2) If it is the second or subsequent hearing on the regulation, including, without limitation, a subsequent hearing on an adopted regulation that has not been approved by the Legislative Commission ~~[or the Subcommittee to Review Regulations]~~ pursuant to NRS 233B.067, in order to approve a revision to the regulation, give at least 3 working days' notice of its intended action.

(b) A temporary regulation, the agency must give at least 30 days' notice of its intended action, unless a shorter period of notice is specifically permitted by statute.

2. Except as otherwise provided in subsection 3, if an agency has adopted a temporary regulation after notice and the opportunity for a hearing as provided in this chapter, it may adopt, after providing a second notice and the opportunity for a hearing, a permanent regulation, but the language of the permanent regulation must first be approved or revised by the Legislative Counsel and the adopted regulation must be approved by the Legislative Commission. ~~[or the Subcommittee to Review Regulations appointed pursuant to subsection 6 of NRS 233B.067.]~~

3. If the Public Utilities Commission of Nevada has adopted a temporary regulation after notice and the opportunity for a hearing as provided in this chapter, it may adopt a substantively equivalent permanent regulation without further notice or hearing, but the language of the permanent regulation must first be approved or revised by the Legislative Counsel and the adopted regulation must be approved by the Legislative Commission. ~~[or the Subcommittee to Review Regulations.]~~

Sec. 30. This act becomes effective on July 1, 2017.

Assemblywoman Diaz moved that the Assembly concur in the Senate Amendment No. 805 to Assembly Bill No. 403.

Remarks by Assemblywoman Diaz.

ASSEMBLYWOMAN DIAZ:
We are good with it.

Motion carried by a constitutional majority.

The following Senate amendment was read:

Amendment No. 968.

AN ACT relating to governmental administration; authorizing the Legislative Commission to suspend or nullify certain administrative regulations; ~~[abolishing the Subcommittee to Review Regulations of the Legislative Commission;]~~ revising provisions relating to administrative regulations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under the separation-of-powers provision of the Nevada Constitution, one branch of the State Government may not exercise powers properly belonging to another branch of the State Government "except in the cases expressly directed or permitted in this constitution." (Nev. Const. Art. 3, § 1) As a general rule under the separation-of-powers doctrine, because the question of whether a regulation adopted by an executive agency exceeds its statutory authority or is inconsistent with legislative intent presents a question of statutory interpretation, the power to resolve that question of statutory interpretation and determine whether to invalidate or nullify the regulation is usually regarded as judicial power because "it is emphatically the province and duty of the judicial department to say what the law is." (*Nevadans for Nev. v. Beers*, 122 Nev. 930, 943 n.20 (2006) (quoting *Marbury v. Madison*, 5 U.S. 137, 177-78 (1803)); *Berkson v. LePome*, 126 Nev. 492, 499 (2010) (explaining that "[t]o declare what the law is or has been is judicial power; to declare what the law shall be is legislative." (quoting 1 Thomas M. Cooley, *Constitutional Limitations* 191 (8th ed. 1927)); *Silver State Elec. Supply Co. v. State ex rel. Dep't of Tax'n*, 123 Nev. 80, 84 (2007) ("Appeals involving interpretation of a statute or regulation present questions of law subject to our independent review.")

For example, in applying the separation-of-powers doctrine to the Federal Government and other state governments, courts have found that the separation-of-powers doctrine ordinarily prohibits legislative committees or other legislative bodies from exercising the power to nullify a regulation adopted by an executive agency on the basis that the regulation exceeds the statutory authority of the agency or is inconsistent with legislative intent, unless Congress or the state legislature passes a law that expressly nullifies the regulation or revises or repeals the agency's statutory authority. (*I.N.S. v. Chadha*, 462 U.S. 919, 953 n.16 (1983); *State v. A.L.I.V.E. Voluntary*, 606 P.2d 769, 772-79 (Alaska 1980); *Legis. Research Comm'n v. Brown*, 664 S.W.2d 907, 917-20 (Ky. 1984); *Blank v. Dep't of Corr.*, 611 N.W.2d 530,

537-39 (Mich. 2000); *General Assembly of N.J. v. Byrne*, 448 A.2d 438, 443-49 (N.J. 1982); *State ex rel. Barker v. Manchin*, 279 S.E.2d 622, 630-36 (W. Va. 1981))

However, in Nevada, the voters in 1996 approved a constitutional amendment to Nevada's separation-of-powers provision which expressly empowers the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies on the basis that the regulations exceed the statutory authority of the agencies or are inconsistent with legislative intent. The constitutional amendment provides that if the Legislature authorizes the adoption of regulations by executive agencies which bind persons outside the agencies, the Legislature is authorized to enact laws providing for: (1) the review of such regulations by a legislative agency before their effective date to determine whether each such regulation is within the statutory authority for its adoption; (2) the suspension by a legislative agency of any such regulation which appears to exceed the statutory authority for its adoption until the regulation is reviewed by a legislative body composed of members of the Senate and Assembly; and (3) the nullification of any such regulation by a majority vote of a legislative body composed of members of the Senate and Assembly. (Nev. Const. Art. 3, § 1) When the constitutional amendment was presented to the voters, the ballot materials explained that its purpose was to ensure that the Legislative Branch had the specific constitutional power to suspend or nullify regulations adopted by executive agencies which exceed the statutory authority granted by the Legislature when it passed the laws that authorized the agencies to adopt the regulations. (*State of Nevada Ballot Questions 1996*, Question No. 5, at pp. 1-2 (Nev. Sec'y of State 1996)

When the Nevada Constitution expressly grants specific powers to the Legislative Branch, the other branches may not infringe upon the exercise of those powers out of respect for an equal and coordinate branch of government. (*Heller v. Legislature*, 120 Nev. 456, 466-72 (2004); *Comm'n on Ethics v. Hardy*, 125 Nev. 285, 291-94 (2009)) For example, the Nevada Supreme Court has determined that because the Nevada Constitution expressly grants to each legislative House the specific power to "judge" the qualifications, returns and elections of its own members, the constitutional assignment of that power to the Legislative Branch "insulates a legislator's qualifications to hold office from judicial review. In other words, a legislative body's decision to admit or expel a member is almost unreviewable in the courts." (*Heller v. Legislature*, 120 Nev. 456, 466-67 (2004)) Because Nevada's voters expressly granted specific constitutional power to the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies, the other branches may not infringe upon the exercise of that power out of respect for an equal and coordinate branch of government.

In exercising its expressly granted and specific constitutional power regarding regulations, the Legislature has enacted provisions of the Nevada Administrative Procedure Act which set forth the procedures for the adoption of emergency, temporary and permanent regulations by certain executive agencies. (NRS 233B.0395-233B.120) Under existing law, with limited exceptions, the Legislative Commission or the Subcommittee to Review Regulations of the Legislative Commission has the authority to review and to approve or object to certain temporary or permanent regulations before those regulations become effective. (NRS 233B.0633, 233B.067-233B.070)

Section 10 of this bill authorizes the Legislative Commission to suspend or nullify a regulation adopted pursuant to the Nevada Administrative Procedure Act if the regulation: (1) exceeds the statutory authority for its adoption; (2) is inconsistent with the intent of the Legislature in granting the statutory authority for its adoption; or (3) is no longer being administered or interpreted in a manner that is consistent with the agency's stated intention when adopting the regulation or the agency's stated intention during the review and approval of the regulation by the Legislative Commission. **Section 10** also establishes procedures that the Legislative Commission must follow before and after it takes action to suspend or nullify a regulation.

Additionally, **sections 10 and 12** of this bill preclude judicial review of any action taken or determination made by the Legislative Commission in exercising its powers to review, object to, suspend or nullify a regulation, and **sections 10 and 13** of this bill allow the Legislative Commission to determine whether an agency rule, standard, directive or statement constitutes a regulation for the purposes of exercising those powers. **Sections 17.5, 26 and 28** of this bill make conforming changes.

~~[Section 22 of this bill abolishes the Subcommittee to Review Regulations of the Legislative Commission and provides only the Legislative Commission with the powers of reviewing and approving or objecting to certain temporary or permanent regulations before those regulations become effective. Sections 16, 19, 21-24, 27 and 29 of this bill make conforming changes.]~~

Section 11 of this bill directs the Legislative Commission to adopt such regulations as are necessary to carry out the provisions of the Nevada Administrative Procedure Act governing administrative regulations. **Section 11** also requires the regulations to establish certain procedural rights and standards for proceedings of the Legislative Commission concerning the suspension or nullification of a regulation, including: (1) procedural rights that provide regulated persons and other interested persons with an opportunity to comment on whether the regulation should be suspended or nullified; and (2) standards and requirements for making a determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety.

Existing law excludes the application of certain agency policies as applied to a person with sufficient prior actual notice of the policy from the definition

of "regulation" for the purposes of the Nevada Administrative Procedure Act. (NRS 233B.038) **Section 13** of this bill removes this exception.

Existing law ratifies the Nevada Administrative Code as revised or supplemented before May 15, 1987. (NRS 233B.0395) **Section 14** of this bill ratifies the Code as revised or supplemented before February 6, 2017.

Existing law requires an agency to adopt a proposed regulation not later than 2 years after the proposed regulation is submitted to the Legislative Counsel. (NRS 233B.040) **Section 15** of this bill requires an agency to also submit the proposed regulation to the Legislative Commission for review within the same 2-year period.

Existing law requires an agency to hold an oral public hearing on a proposed regulation if an oral hearing is requested by certain persons and the proposed regulation is substantive. (NRS 233B.061) **Section 17** of this bill eliminates the requirement regarding the substantiveness of the regulation.

Under existing law, the Legislative Counsel is required to prepare and publish a Register of Administrative Regulations, which includes information relating to adopted permanent regulations. (NRS 233B.0653) **Section 20** of this bill eliminates the requirement that the Legislative Counsel publish paper copies of the Register and instead requires the Legislative Counsel to publish the Register electronically on the public website of the Legislature on the Internet.

An emergency regulation becomes effective when certain documents are filed with the Secretary of State. (NRS 233B.070) **Section 25** of this bill requires that a copy of the written statement of the emergency endorsed by the Governor is included with the information that must be filed with the Secretary of State before an emergency regulation becomes effective.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. (Deleted by amendment.)

Sec. 2. (Deleted by amendment.)

Sec. 3. (Deleted by amendment.)

Sec. 4. (Deleted by amendment.)

Sec. 5. (Deleted by amendment.)

Sec. 6. (Deleted by amendment.)

Sec. 7. (Deleted by amendment.)

Sec. 8. (Deleted by amendment.)

Sec. 8.5. 1. The Legislature hereby finds that:

(a) Under the separation-of-powers provision of Section 1 of Article 3 of the Nevada Constitution, one branch of the State Government may not exercise powers properly belonging to another branch of the State Government except in the cases expressly directed or permitted in the Nevada Constitution.

(b) In 1996, Nevada's voters approved a constitutional amendment to the separation-of-powers provision which expressly empowers the Legislature to

provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies on the basis that the regulations exceed the statutory authority of the agencies or are inconsistent with legislative intent.

(c) When the constitutional amendment was presented to the voters, the ballot materials explained that its purpose was to ensure that the Legislative Branch had the specific constitutional power to suspend or nullify regulations adopted by executive agencies which exceed the statutory authority granted by the Legislature when it passed the laws that authorized the agencies to adopt the regulations.

(d) Because Nevada's voters expressly granted specific constitutional power to the Legislature to provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies, the other branches may not infringe upon the exercise of that power out of respect for an equal and coordinate branch of government.

(e) When executive agencies adopt regulations which exceed their statutory authority or are inconsistent with legislative intent, the regulations thwart and undermine the will of the people who, through their elected representatives in the Legislature, determine by properly enacted laws the scope and extent of the authority granted to executive agencies to adopt the regulations.

2. The Legislature hereby declares that there is a legitimate and compelling need to exercise its expressly granted and specific constitutional power under Section 1 of Article 3 of the Nevada Constitution, in the manner set forth in the provisions of this act, in order to:

(a) Provide by law for legislative agencies and legislative bodies composed of members of the Senate and Assembly to suspend or nullify regulations adopted by executive agencies which exceed their statutory authority or are inconsistent with legislative intent; and

(b) Protect and safeguard the rights of the people against such unlawful and invalid regulations.

Sec. 9. Chapter 233B of NRS is hereby amended by adding thereto the provisions set forth as sections 10 and 11 of this act.

Sec. 10. ***1. Upon its own initiative, the Legislative Commission may suspend or nullify a regulation, in whole or in part, adopted pursuant to this chapter if, in the opinion of the Legislative Commission, the regulation:***

(a) Exceeds the statutory authority for the adoption of the regulation;

(b) Is inconsistent with the intent of the Legislature in granting the statutory authority for the adoption of the regulation; or

(c) Is no longer being administered or interpreted by the adopting agency in a manner consistent with the stated intent of the agency when adopting the regulation or during the review and approval of the regulation by the Legislative Commission.

2. Before holding the initial meeting to consider the suspension or nullification of a regulation, the Legislative Commission shall, at least 30 days before the meeting, provide the adopting agency with written notice of the meeting which informs the agency of:

(a) The specific regulation that will be considered at the meeting; and

(b) The potential reasons for the suspension or nullification of the regulation. The potential reasons provided in the written notice:

(1) Must include sufficient information to allow the agency to prepare for the meeting.

(2) Do not preclude the Legislative Commission from considering other reasons at the initial meeting or any subsequent meeting held to consider the suspension or nullification of the regulation.

3. At the initial meeting to consider the suspension or nullification of a regulation, the Legislative Commission:

(a) Shall provide the adopting agency with an opportunity to comment on whether the regulation should be suspended or nullified.

(b) May not take action to suspend or nullify the regulation unless the Legislative Commission makes a specific determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety. If the Legislative Commission does not make such a specific determination, the Legislative Commission may not take action to suspend or nullify the regulation unless such action is taken at a subsequent meeting held at least 30 days after the date of the initial meeting to consider the suspension or nullification of the regulation.

4. If the Legislative Commission takes action to suspend or nullify a regulation pursuant to this section, the Legislative Commission shall, as soon as practicable after taking such action, provide the Secretary of State and the adopting agency with written notice of:

(a) The suspension of the regulation and when the suspension becomes effective and when it expires; or

(b) The nullification of the regulation and when the nullification becomes effective.

5. Any action taken or determination made by the Legislative Commission pursuant to this section, including, without limitation, any action to suspend or nullify a regulation, is final and not subject to judicial review.

6. In exercising the powers granted in this section, the Legislative Commission:

(a) Has the authority to determine whether an agency rule, standard, directive or statement is a regulation as defined in NRS 233B.038; and

(b) After making such a determination, may take action to suspend or nullify the regulation pursuant to this section.

7. Any regulation which is nullified by the Legislative Commission pursuant to this section must be removed from the Nevada Administrative Code and from any agency publications and notices.

8. As used in this section, "adopting agency" or "agency" means the agency that adopted the regulation or any successor agency that administers the regulation.

Sec. 11. ***1. The Legislative Commission shall adopt such regulations as are necessary to carry out the provisions of this section and NRS 233B.0395 to 233B.120, inclusive, and section 10 of this act.***

2. The regulations adopted by the Legislative Commission must establish for proceedings of the Legislative Commission concerning the suspension or nullification of a regulation pursuant to section 10 of this act:

(a) Procedural rights that provide persons who are regulated by or otherwise interested in the regulation with an opportunity to comment on whether the regulation should be suspended or nullified.

(b) Standards and requirements for making a specific determination that the immediate suspension or nullification of the regulation is necessary to protect public health or safety.

Sec. 12. NRS 233B.020 is hereby amended to read as follows:

233B.020 1. By this chapter, the Legislature intends to establish ~~[minimum]~~ procedural requirements for ***:***

(a) Except as otherwise provided in paragraph (b), the regulation-making and adjudication procedure of all agencies of the Executive Department of the State Government and for judicial review of both functions, except ***as to*** those agencies expressly exempted pursuant to the provisions of this chapter.

(b) The exercise by the Legislative Commission of the power to review, object to, suspend or nullify a regulation as authorized by Section 1 of Article 3 of the Nevada Constitution and NRS 233B.0395 to 233B.120, inclusive, and sections 10 and 11 of this act, except that the exercise of such a power by the Legislative Commission is final and not subject to judicial review.

2. This chapter confers no additional regulation-making authority upon any agency except to the extent provided in subsection 1 of NRS 233B.050.

~~[2.]~~ ***3.*** The provisions of this chapter are intended to supplement statutes applicable to specific agencies. This chapter does not abrogate or limit additional requirements imposed on such agencies by statute or otherwise recognized by law.

Sec. 13. NRS 233B.038 is hereby amended to read as follows:

233B.038 1. "Regulation" means:

(a) An agency rule, standard, directive or statement of general applicability which effectuates or interprets law or policy, or describes the organization, procedure or practice requirements of any agency ~~[.]~~ ***, including, without limitation, an agency rule, standard, directive or statement that the Legislative Commission determines is a regulation pursuant to section 10 of this act;***

Assembly Bill No. 21.

The following Senate amendment was read:

Amendment No. 946.

AN ACT relating to elections; providing certain remedies and penalties in a preelection challenge to the qualifications of a candidate; revising the forms for declarations of candidacy, acceptances of candidacy and declarations of residency; ~~[requiring]~~ **allowing** certain proofs of identity and residency when filing for candidacy; clarifying the deadlines for filing written challenges of the qualifications of candidates and determining if probable cause exists to support such challenges; requiring, under certain circumstances, that a candidate, committee for political action, committee sponsored by a political party and committee for the recall of a public officer open and maintain a separate account in certain financial institutions; making changes to the definition of "actual residence" for purposes of candidacy; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, several different statutes provide that if a court finds that a candidate fails to meet certain qualifications required for office: (1) the candidate is disqualified from taking office; and (2) the name of the candidate must not appear on the ballot, except that if the candidate's name cannot be removed from the ballot because the statutory deadline for changing the ballot has passed, a sign must be posted at each polling place where the candidate's name will appear on the ballot informing voters that the candidate is disqualified from taking office. (NRS 293.177, 293.182, 293C.185, 293C.186) Existing law also sets forth the same remedies if a candidate files a declaration or acceptance of candidacy which contains a false statement. (NRS 293.184, 293C.1865) Finally, under existing law, there are different types of preelection court actions that may be brought to challenge a candidate on grounds that the candidate fails to meet any qualification required for office. (NRS 281.050, 293.182, 293C.186; *DeStefano v. Berkus*, 121 Nev. 627, 628-31 (2005); *Child v. Lomax*, 124 Nev. 600, 604-05 (2008))

To ensure consistency in this existing law, this bill revises and clarifies the remedies that are available when a candidate fails to meet any qualification required for office or files a declaration or acceptance of candidacy which contains a false statement. **Sections 1.3, ~~[1.5,]~~ 3 and 5-7.5** of this bill

reorganize existing law so that the remedies available in preelection court actions are set forth clearly in **section 1.3**, which provides that in any preelection action where the court finds that a candidate fails to meet any qualification required for office: (1) the candidate is disqualified from taking office; **and** (2) the name of the candidate must not appear on the ballot, except that if the candidate's name cannot be removed from the ballot because the statutory deadline for changing the ballot has passed, a sign must be posted at each polling place where the candidate's name will appear on the ballot informing voters that the candidate is disqualified from taking office**.** ~~**[**; and (3) the court may order the candidate to pay the attorney's fees and costs of the party who brought the action, other than the Attorney General or a district attorney or city attorney. Section 1.5 provides that the amount of any attorney's fees and costs awarded must be determined under the provisions of existing law governing attorney's fees and costs and the Nevada Rules of Civil Procedure.**]~~

Under existing constitutional law, Section 6 of Article 4 of the Nevada Constitution invests each House of the Legislature with certain plenary and exclusive constitutional powers which may be exercised only by that House and which cannot be usurped, infringed or impaired by the other House or by any other branch of Nevada's State Government. (*Heller v. Legislature*, 120 Nev. 456 (2004); *Commission on Ethics v. Hardy*, 125 Nev. 285 (2009); *Mason's Manual of Legislative Procedure* §§ 560-564 (2010)) To provide assistance to the reader of the statutes who may be unfamiliar with the existing constitutional law, **section 1.7** of this bill reiterates well-established principles of constitutional law that any statutes relating to the qualifications, elections and returns of members or members-elect of the Legislature do not apply to the extent that they conflict or are otherwise inconsistent with any provision of Section 6 of Article 4 of the Nevada Constitution.

Existing law: (1) requires a candidate to file a declaration or acceptance of candidacy before his or her name may appear on a ballot; and (2) provides that a candidate who knowingly and willfully files a declaration or acceptance of candidacy which contains a false statement regarding residency is guilty of a gross misdemeanor. (NRS 293.1755, 293.177, 293C.185, 293C.200) Existing law also requires a candidate for election to the Legislature to file a declaration of residency with his or her declaration or acceptance of candidacy. (NRS 293.181) To ensure consistency in this existing law, **sections 2-4, 6 and 8** of this bill use uniform language to provide that a candidate who knowingly and willfully files a declaration of candidacy, acceptance of candidacy or declaration of residency which contains a false statement is guilty of a gross misdemeanor.

Existing law specifies the forms for a declaration or acceptance of candidacy and a declaration of residency and requires certain information to be included on the forms. Existing law also requires a candidate to present the filing officer with one type of acceptable identification or documentation

as proof of the candidate's identity and residency when the candidate files a declaration or acceptance of candidacy. (NRS 293.177, 293.181, 293C.185)

Sections 3, 4 and 6 revise the forms for a declaration or acceptance of candidacy and a declaration of residency to include a statement that the candidate understands that knowingly and willfully filing such a document which contains a false statement is a crime punishable as a gross misdemeanor and also subjects the candidate to a civil action disqualifying the candidate from taking office**.** ~~[and making the candidate liable upon order of the court to pay the attorney's fees and costs of the party who brings the action.]~~ **Sections 3 and 6** also **revise the provisions which** require the candidate to present the filing officer with ~~[two]~~ **certain** types of acceptable identification and documentation as proof of the candidate's identity and residency. ~~[However,]~~ **Specifically,** in certain limited circumstances, **sections 3 and 6** allow the candidate to present the filing officer with alternative proof of the candidate's residency when a street address has not been assigned to the candidate's residence or when the rural or remote location of the candidate's residence makes it impracticable to present any of the traditional types of documentation as proof of residency.

Existing law establishes deadlines for filing certain written challenges to the qualifications of candidates and for determining whether probable cause exists to support such challenges, but the deadlines are not consistent. (NRS 293.182, 293C.186) **Sections 5 and 7** remedy the inconsistencies in the deadlines to make the deadlines uniform for all such challenges.

Existing law defines the term "actual residence" to mean the place where a candidate is legally domiciled and maintains a permanent habitation, and when a candidate maintains more than one place of permanent habitation, the place designated by the candidate as his or her principal permanent habitation is deemed to be the candidate's actual residence. (NRS 281.050) The Nevada Supreme Court has held that the place designated by the candidate as his or her principal permanent habitation must be the place where the candidate actually resides and is legally domiciled in order for the candidate to be eligible to the office. (*Williams v. Clark County Dist. Att'y*, 118 Nev. 473, 484-86 (2002); *Chachas v. Miller*, 120 Nev. 51, 53-56 (2004)) **Section 10** of this bill amends existing statutory law to reflect the holdings from the Supreme Court and also to adopt and codify the legal principles from its cases that are used for determining whether a place of permanent habitation is the place where a person actually resides and is legally domiciled.

Existing law requires a candidate to open and maintain a separate account in a financial institution for the deposit of campaign contributions once the candidate receives minimum contributions of $100. (NRS 294A.130) **Section 9** of this bill requires that the separate account be in a financial institution located in the United States. **Section 9** also requires every committee for political action, committee sponsored by a political party and committee for the recall of a public officer that receives minimum contributions the sum of which, in the aggregate, is $1,000 or more, to open a separate account in a

financial institution located in the United States. **Section 11** of this bill provides that every candidate, every committee for political action and committee for the recall of a public officer that is registered with the Secretary of State on July 1, 2017, and every committee sponsored by a political party that exists on July 1, 2017, must comply with the requirements of **section 9** on or before June 30, 2018.

3. Upon receipt of a challenge pursuant to subsection 1, the city clerk shall immediately transmit the challenge to the city attorney.

4. If the city attorney determines that probable cause exists to support the challenge, the city attorney shall, not later than 5 ***working*** days after receiving the challenge, petition a court of competent jurisdiction to order the person to appear before the court. Upon receipt of such a petition, the court shall enter an order directing the person to appear before the court at a hearing, at a time and place to be fixed by the court in the order, to show cause why the challenge is not valid. A certified copy of the order must be served upon the person. The court shall give priority to such proceedings over all other matters pending with the court, except for criminal proceedings.

5. If, at the hearing, the court determines by a preponderance of the evidence that the challenge is valid or that the person otherwise fails to meet any qualification required for the office pursuant to the constitution or ~~[~~a statute~~]~~ ***laws*** of this State, or if the person fails to appear at the hearing ~~[~~:

2. The candidate may close the separate account if the candidate:

(a) Was a candidate in a special election, after that election;

(b) Lost in the primary election, after the primary election; or

(c) Won the primary election, after the general election,

➥ and as soon as all payments of money committed have been made.

3. Every committee for political action, committee sponsored by a political party and committee for the recall of a public officer shall, not later than 1 week after receiving contributions the sum of which, in the aggregate, is $1,000 or more, open and maintain a separate account in a financial institution located in the United States for the deposit of any contributions received. The committee for political action, committee sponsored by a political party or committee for the recall of a public officer shall not commingle the money in the account with money collected for other purposes.

Sec. 10. NRS 281.050 is hereby amended to read as follows:

281.050 1. The residence of a person with reference to ***his or her*** eligibility to ***any*** office is the person's actual residence within the State ***,*** ~~[or]~~ county ***,*** ~~[or]~~ district, ***ward, subdistrict or any other unit prescribed by law,*** as the case may be, during all the period for which residence is claimed by the person. ~~[If]~~

2. Except as otherwise provided in subsections 3 and 4, if any person absents himself or herself from the jurisdiction of that person's ***actual*** residence with the intention in good faith to return without delay and continue such ***actual*** residence, the period of absence must not be considered in determining the question of residence.

~~[2.]~~ ***3.*** If a person who has filed ~~[as a candidate]~~ ***a declaration of candidacy or acceptance of candidacy*** for ***any*** elective office moves the person's ***actual*** residence out of the State, county, district, ward, subdistrict or any other unit prescribed by law ~~[for which the person is a candidate and]~~ ***, as the case may be,*** in which the person is required actually, as opposed to constructively, to reside ~~[,]~~ ***in order for the person to be eligible to the office,*** a vacancy is created thereby and the appropriate action for filling the vacancy must be taken. ~~[A]~~

4. Once a person's actual residence is fixed, the person shall be deemed to have moved the person's ***actual*** residence for the purposes of this section if:

(c) The person has an intention to remain in another place ~~[.~~

~~3. The]~~ ***of permanent habitation where the person actually resides and is legally domiciled.***

5. Except as otherwise provided in this subsection and section 1.7 of this act, the district court has jurisdiction to determine the question of residence in ~~[an]~~ ***any preelection*** action for declaratory judgment ~~[.~~

~~4.]~~ ***brought against a person who has filed a declaration of candidacy or acceptance of candidacy for any elective office. If the question of residence***

relates to whether an incumbent meets any qualification concerning residence required for the term of office in which the incumbent is presently serving, the district court does not have jurisdiction to determine the question of residence in an action for declaratory judgment brought by a person pursuant to this section but has jurisdiction to determine the question of residence only in an action to declare the office vacant that is authorized by NRS 283.040 and brought by the Attorney General or the appropriate district attorney pursuant to that section.

6. Except as otherwise provided in section 1.7 of this act, if in any preelection action for declaratory judgment, the district court finds that a person who has filed a declaration of candidacy or acceptance of candidacy for any elective office fails to meet any qualification concerning residence required for the office pursuant to the Constitution or laws of this State, the person is subject to the provisions of section 1.3 of this act.

7. For the purposes of this section, in determining whether a place of permanent habitation is the place where a person actually resides and is legally domiciled:

(a) It is the public policy of this State to avoid sham residences and to ensure that the person actually, as opposed to constructively, resides in the area prescribed by law for the office so the person has an actual connection with the constituents who reside in the area and has particular knowledge of their concerns.

(b) The person may have more than one residence but only one legal domicile, and the person's legal domicile requires both the fact of actual living in the place and the intention to remain there as a permanent residence. If the person temporarily leaves the person's legal domicile, or leaves for a particular purpose, and does not take up a permanent residence in another place, then the person's legal domicile has not changed. Once the person's legal domicile is fixed, the fact of actual living in another place, the intention to remain in the other place and the intention to abandon the former legal domicile must all exist before the person's legal domicile can change.

(c) Evidence of the person's legal domicile includes, without limitation:

(1) The place where the person lives the majority of the time and the length of time the person has lived in that place.

(2) The place where the person lives with the person's spouse or domestic partner, if any.

(3) The place where the person lives with the person's children, dependents or relatives, if any.

(4) The place where the person lives with any other individual whose relationship with the person is substantially similar to a relationship with a spouse, domestic partner, child, dependent or relative.

(5) The place where the person's dogs, cats or other pets, if any, live.

(6) The place listed as the person's residential address on the voter registration card issued to the person pursuant to NRS 293.517.

(7) The place listed as the person's residential address on any driver's license or identification card issued to the person by the Department of Motor Vehicles, any passport or military identification card issued to the person by the United States or any other form of identification issued to the person by a governmental agency.

(8) The place listed as the person's residential address on any registration for a motor vehicle issued to the person by the Department of Motor Vehicles or any registration for another type of vehicle or mode of transportation, including, without limitation, any aircraft, vessels or watercraft, issued to the person by a governmental agency.

(9) The place listed as the person's residential address on any applications for issuance or renewal of any license, certificate, registration, permit or similar type of authorization issued to the person by a governmental agency which has the authority to regulate an occupation or profession.

(10) The place listed as the person's residential address on any document which the person is authorized or required by law to file or record with a governmental agency, including, without limitation, any deed, declaration of homestead or other record of real or personal property, any applications for services, privileges or benefits or any tax documents, forms or returns, but excluding the person's declaration of candidacy or acceptance of candidacy.

(11) The place listed as the person's residential address on any type of check, payment, benefit or reimbursement issued to the person by a governmental agency or by any type of company that provides insurance, workers' compensation, health care or medical benefits or any self-insured employer or third-party administrator.

(12) The place listed as the person's residential address on the person's paycheck, paystub or employment records.

(13) The place listed as the person's residential address on the person's bank statements, insurance statements, mortgage statements, loan statements, financial accounts, credit card accounts, utility accounts or other billing statements or accounts.

(14) The place where the person receives mail or deliveries from the United States Postal Service or commercial carriers.

(d) The evidence listed in paragraph (c) is intended to be illustrative and is not intended to be exhaustive or exclusive. The presence or absence of any particular type of evidence listed in paragraph (c) is not, by itself, determinative of the person's legal domicile, but such a determination must be based upon all the facts and circumstances of the person's particular case.

8. As used in this section ~~[, "actual]~~ ***:***

(a) "Actual residence" means the place ***of permanent habitation*** where a person ***actually resides and*** is legally domiciled ***.*** ~~[and maintains a permanent habitation.]~~ If the person maintains more than one ~~[such]~~ ***place of permanent***

habitation, the place the person declares to be the person's principal permanent habitation when filing a declaration ***of candidacy*** or ~~[affidavit pursuant to NRS 293.177 or 293C.185 shall be deemed to]~~ ***acceptance of candidacy for any elective office must*** be the ~~[person's actual residence.]~~ ***place where the person actually resides and is legally domiciled in order for the person to be eligible to the office.***

(b) "Declaration of candidacy or acceptance of candidacy" means a declaration of candidacy or acceptance of candidacy filed pursuant to chapter 293 or 293C of NRS.

Sec. 11. 1. Every person who is a candidate on July 1, 2017, every committee for political action and committee for the recall of a public officer that is registered with the Secretary of State pursuant to NRS 294A.230 or 294A.250, as applicable, on July 1, 2017, and every committee sponsored by a political party that exists on July 1, 2017, shall comply with the requirements of NRS 294A.130, as amended by section 9 of this act, on or before June 30, 2018. 2. As soon as practicable after July 1, 2017, the Secretary of State shall notify each committee for political action and committee for the recall of a public officer that is registered with the Secretary of State pursuant to NRS 294A.230 or 294A.250, as applicable, on July 1, 2017, of:

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 206.

The following Senate amendment was read:

Amendment No. 1126.

SUMMARY—Revises provisions relating to **renewable energy and** the renewable portfolio standard. (BDR 58-746)

AN ACT relating to renewable energy; **authorizing the establishment of certain programs for the purchase of electricity produced by certain renewable energy facilities;** declaring the policy of this State concerning renewable energy; revising the portfolio standard for providers of electric service in this State; revising the manner in which providers of electric service may comply with the portfolio standard; expanding the definition of "provider of electric service" for the purposes of the portfolio standard; requiring the Public Utilities Commission of Nevada to revise any existing portfolio standard applicable to a provider of new electric resources to comply with the portfolio standard established by this act; **revising provisions relating to the approval of a plan filed by an electric utility to increase the supply of electricity or reduce demand;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes an electric utility in this State to apply to the Public Utilities Commission of Nevada for authority to establish a program of optional pricing for electricity that is generated from renewable energy. Such a programs may provide the customers of the utility with the option of paying a higher rate for electricity to support the increased use by the utility of renewable energy in the generation of

electricity. (NRS 704.738) Section 1.4 of this bill provides that if the Commission makes certain determinations, the Commission may authorize an electric utility to establish a program to provide a retail customer of the electric utility the option to purchase electricity from a renewable energy facility owned by the utility or with which the utility has a contract for the purchase of electricity. Section 1.4 further authorizes the Commission: (1) upon the request of an electric utility, to exclude a renewable energy facility owned by the electric utility from the rate base of the utility; and (2) to determine a reasonable rate for the electricity generated by the renewable energy facility.

Section 2 of this bill sets forth findings and declarations of the Legislature that it is the policy of this State to: (1) encourage and accelerate the development of new renewable energy projects for the economic, health and environmental benefits provided to the people of this State; ~~[and]~~ (2) become a leading producer and consumer of clean and renewable energy ~~[, with a goal of achieving by 2040 an amount of renewable energy production of at least 80 percent of the electricity sold by providers of electric service in this State.]~~ **; and (3) ensure that the benefits of the increased use of portfolio energy systems and energy efficiency measures are received by the residents of this State.**

Existing law requires the Public Utilities Commission of Nevada to establish a portfolio standard which requires each provider of electric service in this State to generate, acquire or save electricity from renewable energy systems or efficiency measures a certain percentage of the total amount of electricity sold by the provider to its retail customers in this State during a calendar year. (NRS 704.7821) **Section 3** of this bill revises the portfolio standard for calendar year 2018 and each calendar year thereafter so that by calendar year 2030 and for each calendar year thereafter, each provider of electric service will be required to generate, acquire or save electricity from renewable energy systems or efficiency measures not less than ~~[50]~~ **40** percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year. **Section 3** also: (1) eliminates the requirement that a minimum percentage of the amount of electricity that the provider is required to generate, acquire or save be generated or acquired from solar renewable energy systems; ~~[and]~~ (2) **provides that a provider of electric service is deemed to have complied with its portfolio standard for a calendar year if the average amount of portfolio energy credits earned by the provider during the calendar year and the immediately preceding 2 calendar years is equal to or greater than the average of the number of portfolio energy credits needed to comply with the provider's portfolio standard for those years; (3)** revises, for the purposes of compliance with the portfolio standard, the provisions governing the calculation of the total amount of electricity sold by a provider to its retail customers in this State ~~[.]~~ **; and (4) revises the circumstances under which the Commission is required to exempt a**

provider of electric service from the requirements of its portfolio standard for a calendar year.

Sections 1.5, 1.7, 2.2 and 2.7 of this bill provide for qualified energy storage systems to be used for compliance with the portfolio standard. **Section 3** limits the use of such qualified energy storage systems to not more than 10 percent of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems.

~~[Sections 2.1 and 2.9 of this bill limit the facilities or energy systems that qualify as a renewable energy system for the purposes of the portfolio standard.]~~

Section 2.3 and 4.3 of this bill revise provisions governing the use of geothermal energy to comply with the portfolio standard.

Section 2.8 of this bill expands the definition of "provider of electric service" for the purposes of compliance with the portfolio standard. ~~[Sections]~~ **Section 2.5** ~~[and 4.7]~~ of this bill ~~[provide that these additional entities which are providers]~~ **provides that even though section 2.8 includes this State or an agency or instrumentality of this State in the definition of "provider** of electric service**"** for the purposes of the portfolio standard ~~[are]~~ **, this State or an agency or instrumentality of this State is** not subject to the jurisdiction of the Commission**.** ~~[and are not required to provide certain reports to the Commission.]~~ **Sections 2.4 and 7** of this bill provide that ~~[these additional entities]~~ **if this State or an agency or instrumentality of this State sells electricity to retail customers for consumption in this State, the State or the agency or instrumentality** must, beginning on July 1, 2020, and each year thereafter, provide reports to the Director of the Office of Energy.

Sections 3 and 4 of this bill provide that the portfolio standard established by NRS 704.7821 is applicable to providers of new electric resources, and also revises the limits on energy efficiency measures used to comply with the portfolio standard. **Section 5** of this bill requires the Commission to revise certain portfolio standards established for a provider of new electric resources to comply with the revised portfolio standard established by **section 3**.

Existing law requires an electricity utility with an annual operating revenue of $2,500,000 or more in this State to submit to the Commission, on or before July 1 of every third year, a plan to increase its supply of electricity or decrease the demands on its system by its customers. (NRS 704.741) Section 2.59 of this bill: (1) prohibits the Commission from rejecting any portion of such a plan, or a portion of an amendment to such a plan, that includes a new renewable energy contract or the construction or acquisition of a new renewable energy facility for the purpose of complying with the utility's portfolio standard solely on the grounds of any uncertainty relating to a ballot question to require the Legislature to provide by law for an open, competitive retail electric energy market for all electricity customers in a service territory; and (2)

enacts provisions governing the costs and benefits of such new renewable energy contracts or facilities if the Legislature provides by law for an open, competitive retail electric energy market.

(a) A competitive solicitation;

(b) A market index; or

(c) Other relevant pricing benchmarks or proxies.

2. In addition to the program authorized by NRS 704.738, the Commission may authorize an electric utility which owns, or has a contract to purchase electricity from, a renewable energy facility to establish a program to provide a retail customer of the electric utility the option to purchase electricity produced by the renewable energy facility if the Commission determines that:

(a) The charge for the electricity purchased pursuant to the program is reasonable;

(b) The program does not adversely affect customers of the electric utility who do not participate in the program; and

(c) The program advances the goals of this State for economic development and the development of renewable energy.

Assemblywoman Bustamante Adams moved that the Assembly concur in the Senate Amendment No. 1126 to Assembly Bill No. 206.

Remarks by Assemblywoman Bustamante Adams.

ASSEMBLYWOMAN BUSTAMANTE ADAMS:

The amendment adds that the PUCN [Public Utility Commission of Nevada] may authorize—at the request of the electric utility under certain circumstances—an electric utility that owns or has a contract to purchase electricity from a renewable energy facility to establish a program to provide a retail customer the option to purchase electricity produced by the renewable energy facility. It also revises the legislative declaration concerning renewable energy in this state.

Motion carried by a constitutional majority.

The following Senate amendment was read:

Amendment No. 1144.

AN ACT relating to renewable energy; authorizing the establishment of certain programs for the purchase of electricity produced by certain renewable energy facilities; declaring the policy of this State concerning renewable energy; revising the portfolio standard for providers of electric service in this State; revising the manner in which providers of electric service may comply with the portfolio standard; expanding the definition of "provider of electric service" for the purposes of the portfolio standard; requiring the Public Utilities Commission of Nevada to revise any existing portfolio standard applicable to a provider of new electric resources to comply with the portfolio standard established by this act; revising provisions relating to the approval of a plan filed by an electric utility to increase the supply of electricity or reduce demand; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes an electric utility in this State to apply to the Public Utilities Commission of Nevada for authority to establish a program of optional pricing for electricity that is generated from renewable energy. Such a program may provide the customers of the utility with the option of paying a higher rate for electricity to support the increased use by the utility of renewable energy in the generation of electricity. (NRS 704.738) **Section 1.4** of this bill provides that if the Commission makes certain determinations, the Commission may authorize an electric utility to establish a program to provide a retail customer of the electric utility the option to purchase

electricity from a renewable energy facility owned by the utility or with which the utility has a contract for the purchase of electricity. **Section 1.4** further authorizes the Commission: (1) upon the request of an electric utility, to exclude a renewable energy facility owned by the electric utility from the rate base of the utility; and (2) to determine a reasonable rate for the electricity generated by the renewable energy facility.

Section 2 of this bill sets forth findings and declarations of the Legislature that it is the policy of this State to: (1) encourage and accelerate the development of new renewable energy projects for the economic, health and environmental benefits provided to the people of this State; (2) become a leading producer and consumer of clean and renewable energy; and (3) ensure that the benefits of the increased use of portfolio energy systems and energy efficiency measures are received by the residents of this State.

Existing law requires the Public Utilities Commission of Nevada to establish a portfolio standard which requires each provider of electric service in this State to generate, acquire or save electricity from renewable energy systems or efficiency measures a certain percentage of the total amount of electricity sold by the provider to its retail customers in this State during a calendar year. (NRS 704.7821) **Section 3** of this bill revises the portfolio standard for calendar year 2018 and each calendar year thereafter so that by calendar year 2030 and for each calendar year thereafter, each provider of electric service will be required to generate, acquire or save electricity from renewable energy systems or efficiency measures not less than 40 percent of the total amount of electricity sold by the provider to its retail customers in this State during that calendar year. **Section 3** also: (1) eliminates the requirement that a minimum percentage of the amount of electricity that the provider is required to generate, acquire or save be generated or acquired from solar renewable energy systems; (2) provides that a provider of electric service is deemed to have complied with its portfolio standard for a calendar year if the average amount of portfolio energy credits ~~[earned]~~ **eligible for use** by the provider **to** ~~[during]~~ **comply with the provider's portfolio standard for** the calendar year and the immediately preceding 2 calendar years is equal to or greater than the average of the number of portfolio energy credits needed to comply with the provider's portfolio standard for those years; (3) revises, for the purposes of compliance with the portfolio standard, the provisions governing the calculation of the total amount of electricity sold by a provider to its retail customers in this State; and (4) revises the circumstances under which the Commission is required to exempt a provider of electric service from the requirements of its portfolio standard for a calendar year.

Sections 1.5, 1.7, 2.2 and 2.7 of this bill provide for qualified energy storage systems to be used for compliance with the portfolio standard. **Section 3** limits the use of such qualified energy storage systems to not more than 10 percent of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems.

Section 2.3 and 4.3 of this bill revise provisions governing the use of geothermal energy to comply with the portfolio standard.

Section 2.8 of this bill expands the definition of "provider of electric service" for the purposes of compliance with the portfolio standard. **Section 2.5** of this bill provides that even though **section 2.8** includes this State or an agency or instrumentality of this State in the definition of "provider of electric service" for the purposes of the portfolio standard, this State or an agency or instrumentality of this State is not subject to the jurisdiction of the Commission. **Sections 2.4 and 7** of this bill provide that if this State or an agency or instrumentality of this State sells electricity to retail customers for consumption in this State, the State or the agency or instrumentality must, beginning on July 1, 2020, and each year thereafter, provide reports to the Director of the Office of Energy.

Sections 3 and 4 of this bill provide that the portfolio standard established by NRS 704.7821 is applicable to providers of new electric resources, and also revises the limits on energy efficiency measures used to comply with the portfolio standard. **Section 5** of this bill requires the Commission to revise certain portfolio standards established for a provider of new electric resources to comply with the revised portfolio standard established by **section 3**.

Existing law requires an electricity utility with an annual operating revenue of $2,500,000 or more in this State to submit to the Commission, on or before July 1 of every third year, a plan to increase its supply of electricity or decrease the demands on its system by its customers. (NRS 704.741) **Section 2.59** of this bill: (1) prohibits the Commission from rejecting any portion of such a plan, or a portion of an amendment to such a plan, that includes a new renewable energy contract or the construction or acquisition of a new renewable energy facility for the purpose of complying with the utility's portfolio standard solely on the grounds of any uncertainty relating to a ballot question to require the Legislature to provide by law for an open, competitive retail electric energy market for all electricity customers in a service territory; and (2) enacts provisions governing the costs and benefits of such new renewable energy contracts or facilities if the Legislature provides by law for an open, competitive retail electric energy market.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

(1) During calendar years 2013 and 2014, not more than 25 percent of that amount may be based on energy efficiency measures;

(2) During each calendar year 2015 to 2019, inclusive, not more than 20 percent of that amount may be based on energy efficiency measures;

(3) During each calendar year 2020 to 2024, inclusive, not more than 10 percent of that amount may be based on energy efficiency measures; and

(4) For calendar year 2025 and each calendar year thereafter, no portion of that amount may be based on energy efficiency measures.

➥ If the provider intends to use energy efficiency measures to comply with its portfolio standard during any calendar year, of the total amount of electricity saved from energy efficiency measures for which the provider seeks to obtain portfolio energy credits pursuant to this paragraph, at least 50 percent of that amount must be saved from energy efficiency measures installed at service locations of residential customers of the provider, unless a different percentage is approved by the Commission.

~~[(c)~~] ***(b) Of the total amount of electricity that the provider is required to generate, acquire or save from portfolio energy systems or efficiency measures, for calendar year 2018 and each calendar year thereafter, not more than 10 percent of that amount may be based on qualified energy storage systems.***

(c) If the provider acquires or saves electricity from a portfolio energy system or efficiency measure pursuant to a renewable energy contract or energy efficiency contract with another party:

(1) The term of the contract must be not less than 10 years, unless the other party agrees to a contract with a shorter term; and

(2) The terms and conditions of the contract must be just and reasonable, as determined by the Commission. If the provider is a utility provider and the Commission approves the terms and conditions of the contract between the utility provider and the other party, the contract and its terms and conditions shall be deemed to be a prudent investment and the utility provider may recover all just and reasonable costs associated with the contract.

3. If, for the benefit of one or more retail customers in this State, the provider has paid for or directly reimbursed, in whole or in part, the costs of the acquisition or installation of a solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity, the total reduction in the consumption of electricity during each calendar year that results from the solar energy system shall be deemed to be electricity that the provider generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard.

4. The Commission shall adopt regulations that establish a system of portfolio energy credits that may be used by a provider to comply with its portfolio standard.

5. Except as otherwise provided in ***this subsection and*** subsection 6, each provider shall comply with its portfolio standard during each calendar year. ***For calendar year 2020 and each calendar year thereafter, a provider shall be deemed to have complied with its portfolio standard during the calendar year if the average number of portfolio energy credits*** ~~***[earned]***~~ ***eligible for use by the provider*** ~~***[during]***~~ ***to comply with the provider's portfolio standard for the calendar year and the immediately preceding 2 calendar years is equal to or greater than the average of the number of portfolio energy credits needed to comply with the provider's portfolio standards for the calendar year and the immediately preceding 2 calendar years.***

6. If, for any calendar year, a provider is unable to comply with its portfolio standard through the generation of electricity from its own renewable energy systems or, if applicable, through the use of portfolio energy credits, the provider shall take actions to acquire or save electricity pursuant to one or more renewable energy contracts or energy efficiency contracts. ~~[If the Commission determines that, for a calendar year, there is not or will not be a sufficient supply of electricity or a sufficient amount of energy savings made available to the provider pursuant to renewable energy contracts and energy efficiency contracts with just and reasonable terms and conditions, the]~~ ***The*** Commission shall exempt the provider, for that calendar year, from the remaining requirements of its portfolio standard or from any appropriate portion thereof, as determined by the Commission ~~[.]~~ ***if the Commission determines that, for a calendar year:***

(b) The provider is unable to obtain a sufficient supply of electricity to comply with the portfolio standard because the Commission has rejected a proposal included by a provider in a plan filed pursuant to NRS 704.741, or an amendment to such a plan, to acquire or save electricity pursuant to new renewable energy contracts or energy efficiency contracts or to construct or acquire a new renewable energy facility; or

(c) The provider is unable to obtain a sufficient supply of electricity to comply with the portfolio standard because of a delay in the completion of the construction of a renewable energy facility that is under the control of a person or entity other than the provider and that was intended to provide electricity.

7. The Commission shall adopt regulations that establish:

(a) Standards for the determination of just and reasonable terms and conditions for the renewable energy contracts and energy efficiency contracts that a provider must enter into to comply with its portfolio standard.

(b) Methods to classify the financial impact of each long-term renewable energy contract and energy efficiency contract as an additional imputed debt of a utility provider. The regulations must allow the utility provider to propose an amount to be added to the cost of the contract, at the time the contract is approved by the Commission, equal to a compensating component in the capital structure of the utility provider. In evaluating any proposal made by a utility provider pursuant to this paragraph, the Commission shall consider the effect that the proposal will have on the rates paid by the retail customers of the utility provider.

8. ~~[Except as otherwise provided in NRS 704.78213, the provisions of this section do not apply to a provider of new electric resources as defined in NRS 704B.130.]~~ ***For the purposes of subsection 1, for calendar year 2018 and for each calendar year thereafter, the total amount of electricity sold by a provider:***

(a) Described in subsection 3 of NRS 704.7808 to its retail customers in this State during a calendar year does not include the first 1,000,000 megawatt-hours of electricity sold by the provider to such customers during that calendar year.

(b) To its retail customers in this State during a calendar year does not include the amount of electricity sold by the provider as part of a program of optional pricing authorized by the Commission pursuant to NRS 704.738 or section 1.4 of this act.

9. As used in this section:

(a) "Energy efficiency contract" means a contract to attain energy savings from one or more energy efficiency measures owned, operated or controlled by other parties.

(b) "Renewable energy contract" means a contract to acquire electricity from one or more renewable energy systems owned, operated or controlled by other parties.

(c) "Terms and conditions" includes, without limitation, the price that a provider must pay to acquire electricity pursuant to a renewable energy contract or to attain energy savings pursuant to an energy efficiency contract.

Sec. 4. NRS 704.78213 is hereby amended to read as follows:

704.78213 1. If the Commission issues an order approving an application that is filed pursuant to NRS 704B.310 or a request that is filed pursuant to NRS 704B.325 regarding a provider of new electric resources and an eligible customer, the Commission must establish in the order a portfolio standard applicable to the electricity sold by the provider of new electric resources to the eligible customer in accordance with the order. The portfolio standard must require the provider of new electric resources to generate, acquire or save electricity from portfolio energy systems or efficiency measures in the amounts described in the portfolio standard set

forth in NRS 704.7821 . ~~[which is effective on the date on which the order approving the application or request is approved.]~~

2. ~~[Of]~~ ***Except as otherwise provided in this subsection, of*** the total amount of electricity that a provider of new electric resources is required to generate, acquire or save from portfolio energy systems or efficiency measures during each calendar year, not more than 25 percent of that amount may be based on energy efficiency measures. ***Subject to the provisions of paragraphs (a) and (b), the provisions of this subsection apply to an order of the Commission approving an application that is filed pursuant to NRS 704B.310 or a request that is filed pursuant to NRS 704B.325 regarding a provider of new electric resources and an eligible customer only if the order is issued by the Commission before July 1, 2017. If such an order was issued by the Commission:***

(b) On or after July 1, 2012, and before July 1, 2017, the provisions of this subsection apply only for calendar years before calendar year 2025.

3. If, for the benefit of one or more eligible customers, the eligible customer of a provider of new electric resources has paid for or directly reimbursed, in whole or in part, the costs of the acquisition or installation of a solar energy system which qualifies as a renewable energy system and which reduces the consumption of electricity, the total reduction in the consumption of electricity during each calendar year that results from the solar energy system shall be deemed to be electricity that the provider of new electric resources generated or acquired from a renewable energy system for the purposes of complying with its portfolio standard.

4. As used in this section:

(a) "Eligible customer" has the meaning ascribed to it in NRS 704B.080.

(d) Whether, during the reporting period, the provider participated in the acquisition or installation of any energy efficiency measures and, if so, the date of any such event; and

(e) Any other information that the Commission by regulation may deem relevant.

5. Based on the reports submitted by providers pursuant to this section, the Commission shall compile information that sets forth whether any provider has used energy efficiency measures to comply with its portfolio standard and, if so, the type of energy efficiency measures used and the amount of energy savings attributable to each such energy efficiency measure. The Commission shall report such information to:

ASSEMBLYMEN FRIERSON, CARRILLO, MONROE-MORENO, SPRINKLE, NEAL; ARAUJO, BENITEZ-THOMPSON, BILBRAY-AXELROD, CARLTON, COHEN, DALY, FUMO, JAUREGUI, JOINER, MCCURDY II, MILLER, OHRENSCHALL, SPIEGEL, THOMPSON, **TOLLES,** WATKINS AND YEAGER

AN ACT relating to procurement; establishing provisions relating to preferences in bidding for certain contracts with Nevada-based businesses for state purchasing; revising provisions relating to the disclosure of the weight assigned to certain factors used to evaluate proposals for certain state purchasing contracts; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law grants a preference of 5 percent for a bid or proposal for a state purchasing contract which is submitted by a local business owned and operated by a veteran with a service-connected disability. (NRS 333.3361-333.3369) **Sections 2-8** of this bill create a preference of 5 percent for a bid or proposal for a state purchasing contract which is submitted by a Nevada-based business. To qualify for this preference, **section 3** requires such a business to certify that: (1) its principal place of business is in this State; or (2) a majority of the goods provided for in a state purchasing contract are produced in this State. **Section 5** establishes that **: (1)** a bid ~~[or proposal]~~ which qualifies for the preference will be deemed to be 5 percent lower than the bid ~~[or proposal]~~ actually submitted **; ~~[.]~~ and (2) a proposal which qualifies for the preference will be deemed to have a score which is 5 percent higher than the score actually awarded. Section 5** also prohibits granting the preference for the award of any contract which uses federal money, unless such a preference is authorized by federal law **~~[.]~~ or any contract which has been procured on a multistate basis. Section 6** imposes certain penalties and restrictions upon a business that makes a material misrepresentation or commits a fraudulent act in applying for a preference or fails to comply with the requirements for a preference. **Sections 9 and 10** of this bill make conforming changes.

Existing law requires each proposal submitted for certain state purchasing contracts to be evaluated based on certain factors to determine whether the proposal is in the best interest of the State. Each factor is assigned a relative

weight which must not be disclosed before the proposals are submitted. (NRS 333.335) **Section 9.5** of this bill removes the requirement that the weight of each factor must not be disclosed before the proposals are submitted.

(a) At least 50 percent of the workers employed on the public work, including, without limitation, any employees of the contractor, applicant or design-build team and of any subcontractor engaged on the public work, will hold a valid driver's license or identification card issued by the Department of Motor Vehicles of the State of Nevada;

(b) All vehicles used primarily for the public work will be:

(1) Registered and partially apportioned to Nevada pursuant to the International Registration Plan, as adopted by the Department of Motor Vehicles pursuant to NRS 706.826; or

(2) Registered in this State;

(c) If applying to receive a preference in bidding pursuant to subsection 3 of NRS 338.1727 or subsection 2 of NRS 408.3886, at least 50 percent of the design professionals working on the public work, including, without limitation, employees of the design-build team and of any subcontractor or consultant engaged in the design of the public work, will have a valid driver's license or identification card issued by the Department of Motor Vehicles of the State of Nevada; and

(d) The contractor, applicant or design-build team and any subcontractor engaged on the public work will maintain and make available for inspection within this State his or her records concerning payroll relating to the public work.

2. Any contract for a public work that is awarded to a contractor, applicant or design-build team who submits the affidavit described in subsection 1 as a result of the contractor, applicant or design-build team receiving a preference in bidding described in subsection 1 must:

(a) Include a provision in the contract that substantially incorporates the requirements of paragraphs (a) to (d), inclusive, of subsection 1; and

(b) Provide that a failure to comply with any requirement of paragraphs (a) to (d), inclusive, of subsection 1 entitles the public body to a penalty only as provided in subsections 5 and 6.

3. A person who submitted a bid on the public work or an entity who believes that a contractor, applicant or design-build team has obtained a preference in bidding as described in subsection 1 but has failed to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1 may file, before the substantial completion of the public work, a written objection with the public body for which the contractor, applicant or design-build team is performing the public work. If the public body determines that the objection is accompanied by the required proof or substantiating evidence or if the public body determines on its own initiative that proof or substantiating evidence of a failure to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1 exists, the public body shall determine whether the contractor, applicant or design-build team has failed to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1 and the public body or its authorized representative may proceed to award the contract accordingly or, if the contract has already been awarded, seek the remedy authorized in subsection 5.

5. ~~[A]~~ ***In addition to any other remedy or penalty provided by law, a*** public body may recover, by civil action against the party responsible for a failure to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1, a penalty as described in subsection 6 for a failure to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1. If a public body recovers a penalty pursuant to this subsection, the public body shall report to the State Contractors' Board the date of the failure to comply, the name of each entity which failed to comply and the cost of the contract to which the entity that failed to comply was a party. The Board shall maintain this information for not less than 6 years. Upon request, the Board shall provide this information to any public body or its authorized representative.

6. If a contractor, applicant or design-build team submits the affidavit described in subsection 1, receives a preference in bidding described in subsection 1 and is awarded the contract as a result of that preference, the contract between the contractor, applicant or design-build team and the public body, each contract between the contractor, applicant or design-build team and a subcontractor and each contract between a subcontractor and a lower tier subcontractor must provide that:

(a) If a party to the contract causes the contractor, applicant or design-build team to fail to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1, the party is liable to the public body for a penalty in the amount of 1 percent of the cost of the largest contract to which he or she is a party;

(b) The right to recover the amount determined pursuant to paragraph (a) by the public body pursuant to subsection 5 may be enforced by the public body directly against the party that caused the failure to comply with a requirement of paragraphs (a) to (d), inclusive, of subsection 1; and

(c) No other party to the contract is liable to the public body for a penalty.

7. A public body that awards a contract for a public work to a contractor, applicant or design-build team who submits the affidavit described in subsection 1 and who receives a preference in bidding described in subsection 1 shall, on or before July 31 of each year, submit a written report to the Director of the Legislative Counsel Bureau for transmittal to the Legislative Commission. The following Senate amendment was read:

Amendment No. 1150.

AN ACT relating to education; **authorizing the Board of Trustees of the College Savings Plans of Nevada to delegate certain powers and duties relating to the Nevada Higher Education Prepaid Tuition Program to the State Treasurer;** requiring the Board of Trustees of the College Savings Plans of Nevada to establish the Nevada College Kick Start Program; revising the membership of the Board; **authorizing certain qualified beneficiaries to apply unused prepaid tuition benefits toward graduate-level studies;** providing that the Nevada Higher Education Prepaid Tuition Trust Fund consists, in part, of payments received pursuant to a loan made to the Trust Fund for purposes of the fiscal stabilization of the Nevada Higher Education Prepaid Tuition Program; **transferring the duty to adopt regulations governing the Nevada College Savings Program from the State Treasurer to the Board;** requiring the transfer of money in accounts created under the Program to the Endowment Account in the State General Fund under certain circumstances; revising provisions governing the expenditures authorized from the Endowment Account; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Board of Trustees of the College Savings Plans of Nevada was created under existing law to oversee the Nevada Higher Education Prepaid Tuition Program and the Nevada College Savings Program. The State Treasurer or his or her designee serves as the Chair of the Board. (NRS 353B.001-353B.370) **Section 2** of this bill revises the membership of the Board to: (1) provide that the State Treasurer or his or her designee serves as an ex officio nonvoting member; and (2) add a new voting member who is appointed by the Governor. **Section 2** also provides for the selection of the Chair of the Board by the voting members of the Board.

Under existing law, the Board is required to develop and maintain the Nevada Higher Education Prepaid Tuition Program for the prepayment of the tuition of the beneficiary of a prepaid tuition contract at an eligible in-state or out-of-state public or private university, college or community college. The tuition paid under the contract is at a guaranteed rate based on an annual actuarial study for undergraduate studies at a university, state college or community college that is a member of the Nevada System of Higher Education. (NRS 353B.090) Existing law also: (1) creates the Nevada Higher Education Prepaid Tuition Trust Fund for the deposit of payments under prepaid tuition contracts and other sources of money for the Program and requires the State Treasurer to administer the Trust Fund; and (2) sets forth certain powers and duties of the Board relating to promotion, investment and contracting services for the Program and the Trust Fund. (NRS 353B.010-353B.190)

Section 1.3 of this bill authorizes the Board to delegate to the State Treasurer those powers and duties necessary for the efficient and

effective administration of the Nevada Higher Education Prepaid Tuition Program and the Trust Fund. Under existing law, the Board is authorized to make such a delegation to the State Treasurer with respect to the Nevada College Savings Program and the Nevada College Savings Program Trust Fund. (NRS 353B.320)

Section ~~[1]~~ 1.5 of this bill requires the Board to establish the Nevada College Kick Start Program to create college savings accounts for pupils enrolled in kindergarten in public schools in Nevada who are residents of Nevada. **Section ~~[1]~~ 1.5** requires the Board, within **the** limits of money available for this purpose, to deposit money in the accounts to be used for the costs of higher education of those pupils. **Section ~~[1]~~ 1.5** also requires the Board to adopt regulations for the implementation of the Program and authorizes the Board to apply for and accept gifts, grants and donations to carry out the Program.

Existing law authorizes the State Treasurer to establish an Endowment Account in the State General Fund to carry out the State Treasurer's duties with respect to the Nevada College Savings Program. The Endowment Account is required to be used for the deposit of any money received by the Nevada College Savings Program that is not received pursuant to a savings account agreement and which the State Treasurer determines is not necessary for certain administration and marketing activities. The State Treasurer is authorized to expend money in the Endowment Account: (1) for any purpose related to the Nevada College Savings Program; (2) to pay the costs of administering the Governor Guinn Millennium Scholarship Program; or (3) in any other manner which assists residents of Nevada to attain postsecondary education. (NRS 353B.350) **Section 6** of this bill limits the purposes for which the State Treasurer is authorized to expend money in the Endowment Account only to purposes related to the funding of college savings accounts under the Nevada College Kick Start Program, the Governor Guinn Millennium Scholarship Program, administrative and marketing costs related to the Nevada Higher Education Prepaid Tuition Program and the Nevada College Savings Program, and programs for the financial education of residents of this State. **Section ~~[1]~~ 1.5** requires the Board of Trustees of the College Savings Plans of Nevada to transfer to the Endowment Account the balance in the account of a pupil created under the Nevada College Kick Start Program: (1) that has not been accessed by a parent or guardian of the pupil by the time the pupil is enrolled in the fifth grade; or (2) which otherwise has not been used within the time prescribed by regulation.

~~[Existing law creates the Nevada Higher Education Prepaid Tuition Trust Fund which consists of certain payments received by the Trust Fund. (NRS 353B.140)]~~

Sections 2.4 and 2.45 of this bill expand the authorized use of benefits under a prepaid tuition contract to allow a qualified beneficiary to apply any unused prepaid tuition benefits after his or her graduation with an

undergraduate degree toward his or her graduate-level studies. Section 2.4 also specifically requires the Board to adopt requirements for a master agreement for the Nevada Higher Education Prepaid Tuition Program by regulation. Section 6.7 of this bill requires the Board to amend the master agreement for the Program to make the expanded authorization for graduate-level studies applicable to existing prepaid tuition contracts.

Section 2.5 of this bill adds to the list of payments included in the Trust Fund payments received pursuant to a loan made to the Trust Fund for the purpose of fiscal stabilization of the Nevada Higher Education Prepaid Tuition Program.

Existing law requires the State Treasurer to adopt regulations to establish and carry out the Nevada College Savings Program, which offers tax-free investment plans for saving money for the costs of higher education. (NRS 353B.310) Section 2.8 of this bill transfers the duty to adopt regulations for the Nevada College Savings Program from the State Treasurer to the Board.

Existing law creates the Nevada College Savings Trust Fund and authorizes the State Treasurer to accept and expend for certain purposes money provided to the Trust Fund by a private entity. (NRS 353B.340, 353B.360) **Section 6.5** of this bill removes this grant of authority from the State Treasurer and instead authorizes the Board ~~[of Trustees of the College Savings Plans of Nevada]~~ to accept and expend such money.

ASSEMBLYWOMAN COHEN:

Senate Bill 487, in its second reprint, transfers the responsibility for licensing and regulation of medical marijuana establishments pursuant to Chapter 453A of NRS from the Division of Public and Behavioral Health within the Department of Health and Human Services to the Department of Taxation and repeals the current 2 percent excise tax imposed on all types of medical marijuana establishments.

The bill provides for a 15 percent excise tax to be imposed on the fair market value at wholesale of all marijuana sold by a marijuana cultivation facility, and the proceeds from the 15 percent excise tax are required to be distributed to the Department of Taxation and local governments to pay the costs to carry out the provisions of Chapter 453A, with any remaining revenue to be deposited in the state Distributive School Account [DSA]. A total amount equal to $5 million per fiscal year is deemed to be a sufficient portion of the 15 percent wholesale excise tax to pay the costs of all local governments to carry out the provisions of Chapters 453A and 453D, and the Department of Taxation is required to establish regulations to provide for the manner in which local governments may be reimbursed for the costs of carrying out the provisions of Chapter 453A and Chapter 453D. The bill provides for a 10 percent excise tax to be imposed on all marijuana and marijuana products sold by a retail recreational marijuana store, and the proceeds from the 10 percent excise tax are required to be deposited in the Rainy Day Fund.

The bill specifies that counties, cities, and towns are authorized to impose a license tax on both recreational and medical marijuana establishments in an amount not to exceed 3 percent of the gross revenue of the establishment. Counties, cities, or towns are prohibited from enacting or enforcing certain marijuana-related ordinances which are more restrictive than or conflict with certain marijuana-related laws or regulations of this state.

The bill requires all medical and recreational marijuana establishments to report certain statistical information to the Department of Taxation related to the amounts, types, and prices of marijuana and marijuana products purchased or sold.

Finally, the Department of Taxation is authorized, under certain circumstances, to approve one medical marijuana registration certificate for a dispensary in each city within a county with less than 100,000 in population, and the Department is also required to issue a medical marijuana establishment registration certificate for at least one cultivation facility and at least one facility for the production of edible marijuana products and marijuana-infused products in each county.

ASSEMBLYMAN OHRENSCHALL:

I think this may be my last disclosure to this Chamber of my career in the Assembly. Because we are considering Senate Bill 487, which proposes to make changes relating to medical marijuana and marijuana establishments, I would like to advise this honorable body that my much better half, my bride, is employed by the Nevada Dispensary Association as their executive director, that is, as you all know, a trade association consisting of medical marijuana dispensaries and medical marijuana cultivators which actively lobbies our Legislature and other governmental entities on issues affecting its members. As you all are aware, I have sought the advice of our Legislative Counsel, and although Senate Bill 487 does not affect the members of my wife's trade association any differently than any other medical marijuana dispensary owners or medical marijuana cultivators, I am a very cautious legislator, as you know, and I am making this disclosure out of an abundance of that caution, and I will be abstaining from voting on Senate Bill 487.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Senate Bill 546 is our Capital Improvement Program projects bill. It is really the jobs bill that we do every legislative session. Senate Bill 546 provides for the implementation of the 2017 Capital Improvement Program as approved by the money committees. The bill includes funding in the amount of $354.1 million for the Capital Improvement Program. The bill includes the following major funding sources to support the program: $201.4 million in general obligation bonds; $48.3 million in agency and donor funds; $48 million in General Fund appropriations; $36.5 million in federal funds for the Office of the Military; $12.1 million in excess funding reallocated from projects approved in prior Capital Improvement Programs; $4.3 million in state Highway Funds for the Department of Motor Vehicles; and $3.5 million in slot tax funding from the Special Capital Construction Fund for Higher Education.

Some of our construction projects that I think should be duly noted include $42 million to construct a new Department of Motor Vehicles facility in south Reno; $37.1 million to construct a 78,000 square foot National Guard Readiness Center in North Las Vegas; and $84.7 to construct a new engineering building at the University of Nevada, Reno. You very rarely get applause in the CIP committee, but this one brought down the house: Item 17-C13, $36 million to advance the construction of the new Northern Nevada Veterans Home in Sparks.

Our maintenance projects in Senate Bill 546—provides $97.4 million in various maintenance projects for existing state facilities. The planning projects include $541,000 for advance planning for the Southern Nevada Fleet Services maintenance facility at the Grant Sawyer Building; $1.5 million for the advance planning of a new housing unit at Southern Desert Correctional Center; $4.4 million for the advance planning of a new Health Sciences Building at

the College of Southern Nevada; and $3.5 million for the advance planning of a new academic building at Nevada State College.

The property tax levy in the bill includes a 15.45-cent property tax levy for debt service in each year of the 2017-2019 biennium for general obligation bonds issued to finance the CIP. The bill includes an additional 1.55-cent levy that must be used exclusively for the repayment of bonded indebtedness issued as a result of the approval by the voters of Question 1 on the November 2002 ballot. The approval of Question 1 by the voters authorized the issuance of bonds not to exceed $200 million to protect, preserve, and obtain the benefits of the property and natural resources of the state. The total property tax levy of 17 cents remains unchanged from the levies approved for the 2015-2017 biennium. The levies above the historic 15-cent levy—2 cents—are not subject to the $3.64 local government property tax cap.

This bill becomes effective upon passage and approval so people can go to work.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 1152.

AN ACT relating to applied behavior analysis; creating the Board of Applied Behavior Analysis; transferring the responsibility for the regulation of applied behavior analysis from the Board of Psychological Examiners to the Board of Applied Behavior Analysis; requiring the Aging and Disability Services Division of the Department of Health and Human Services to enforce provisions of law governing applied behavior analysis and the regulations of the Board of Applied Behavior Analysis; replacing the term "autism behavior interventionist" with the term "registered behavior technician"; requiring a behavior technician to obtain registration from the Division; providing for the certification of state certified behavior interventionists; revising the composition of the Board of Psychological Examiners; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "autism behavior interventionist" to mean a person who is registered as a Registered Behavior Technician or an equivalent credential by the Behavior Analyst Certification Board, Inc., or its successor organization, and provides behavioral therapy under the supervision of certain professionals. (NRS 641.0204) **Sections 11.5, 48 and 77** of this bill: (1) replace that term with the term "registered behavior technician"; and (2) require a behavior technician to be registered by the Division. **Sections 11.7, 16, 20, 21 and 48** of this bill additionally provide for the certification of state certified behavior interventionists, who have the

same practice authority as a registered behavior technician. **Section 21** requires a state certified behavior interventionist to meet the qualifications prescribed by the Board of Applied Behavior Analysis created by **section 13.3** of this bill. Such qualifications must be no less stringent than the requirements for registration as a Registered Behavior Technician or an equivalent credential by the Behavior Analyst Certification Board, Inc., or its successor organization. **Section 25** of this bill requires each state certified behavior interventionist, but not each registered behavior technician, to obtain continuing education.

Under existing law, the Board of Psychological Examiners regulates the practice of applied behavior analysis and licenses behavior analysts and assistant behavior analysts. (NRS 641.100, 641.170) **Section 13.3** of this bill creates the Board of Applied Behavior Analysis. **Section 13.7** of this bill prescribes the compensation of the Board. **Sections 14 and 17** of this bill authorize the Board to adopt regulations governing: (1) the licensure of behavior analysts and assistant behavior analysts; (2) the certification of state certified behavior interventionists; (3) the registration of registered behavior technicians; and (4) the practice of applied behavior analysis. **Sections 13, 15, 16 and 18** of this bill prescribe the duties of the Aging and Disability Services Division of the Department of Health and Human Services to keep certain records and enforce provisions of law governing applied behavior analysis and the regulations of the Board of Applied Behavior Analysis. **Section 16** of this bill authorizes the Division to prescribe fees for the licensure of behavior analysts and assistant behavior analysts, the certification of state certified behavior interventionists and the registration of registered behavior technicians. **Section 19** of this bill exempts an employee or agent of the Division from liability for actions taken in good faith in the performance of the duties of the Division. **Sections 20-27** of this bill prescribe the requirements to obtain or renew a license as a behavior analyst or assistant behavior analyst, certification as a state certified behavior interventionist or registration as a registered behavior technician. **Sections 12 and 12.3** of this bill specify that certain persons are not required to be licensed, certified or registered by the Division. **Section 12.6** of this bill authorizes a student, intern, trainee or fellow who has matriculated at an accredited college or university but is not licensed, certified or registered by the Division to practice applied behavior analysis under the direct supervision of a behavior analyst or assistant behavior analyst under certain circumstances.

Section 29 of this bill prescribes the grounds for disciplinary action against a behavior analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior technician, and **section 30** of this bill requires the Board to prescribe additional grounds for such disciplinary action by regulation. **Section 31** of this bill establishes the disciplinary action that the Division may impose against a behavior analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior

technician. **Sections 33-38 and 41-43** of this bill prescribe procedures relating to the filing of a complaint and conducting an investigation and disciplinary hearing. **Sections 39 and 40** of this bill authorize the Division to require a behavioral analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior technician to take an examination to demonstrate his or her competence. **Sections 44 and 45** of this bill authorize the Division or the Attorney General to maintain an action to enjoin certain unprofessional conduct or the practice of applied behavior analysis without the required license or credential. **Section 46** of this bill grants immunity from liability to any person who initiates a complaint or assists in an investigation or the discipline of a behavior analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior technician without malicious intent. **Section 47** of this bill authorizes a behavior analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior technician to apply to the Division for the removal of certain administrative sanctions against his or her license. **Sections 48-50** of this bill prohibit the practice of applied behavior analysis without the proper license, credentials or supervision and certain other acts. **Section 50** makes the fraudulent practice of applied behavior analysis or practice as a behavior analyst, assistant behavior analyst, state certified behavior interventionist or registered behavior technician without the proper license or credential a gross misdemeanor.

The Board of Psychological Examiners currently consists of seven members appointed by the Governor. One of the members of the Board is a licensed behavior analyst. (NRS 641.030, 641.040) **Sections 58, 59 and 74** of this bill remove that member from the Board and reduce the size of the Board to six members. **Sections 56, 57 and 60-66** of this bill remove references to applied behavior analysis from the provisions of statute administered by the Board, and **sections 53 and 67-71** of this bill make conforming changes.
