After the notification, each of the county clerks shall determine the number of registered voters who have signed the documents submitted in the county clerk's county and, in the case of a petition for initiative or referendum proposing a constitutional amendment or statewide measure, shall tally the number of signatures for each petition district contained or fully contained within the county clerk's county. This determination must be completed within 9 days, excluding Saturdays, Sundays and holidays, after the notification pursuant to this subsection regarding a petition containing signatures which are required to be verified pursuant to NRS 293.128, 295.056, 298.109, 306.035 or 306.110, and within 3 days, excluding Saturdays, Sundays and holidays, after the notification pursuant to this subsection regarding a petition containing signatures which are required to be verified pursuant to NRS 293.172 or 293.200. The Secretary of State shall determine the number of signatures that must be verified by each county clerk within the petition district.~~

~~4. In determining from the records of registration the number of registered voters who signed the documents, the county clerk may use the signatures contained in the file of applications to register to vote. If the county clerk uses that file, the county clerk shall ensure that every application in the file is examined, including any application in his or her possession which may not yet be entered into the county clerk's records. Except as otherwise provided in subsection 5, the county clerk shall rely only on the appearance of the signature and the address and date included with each signature in making his or her determination.~~

Amendment No. 815.

AN ACT relating to domestic workers; enacting the Domestic Workers' Bill of Rights; providing for the mandatory payment of wages and overtime wages for certain hours worked, limitations on deductions for food and lodging, rest breaks and days off; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that employees must be paid a minimum wage and must be paid overtime for certain hours. (NRS 608.018, 608.250; Nev. Const. Art. 15, § 16) **Section 6** of this bill enacts the Domestic Workers' Bill of Rights. **Section 6** defines a "domestic worker" to mean a natural person who is paid by an employer to perform work of a domestic nature and requires that an employer of a domestic worker supply the domestic worker with

certain written documentation of the conditions of his or her employment and his or her rights under the law. **Section 6** also requires that a domestic worker be compensated for all hours during which he or she is required to be on duty and is required to remain in the employer's household, except under certain circumstances in which the domestic worker is employed at a residential facility for a group of certain persons who require supervision, care or other assistance. **Section 6** requires that a domestic worker who is paid less than one and one half times the minimum hourly wage and who does not reside in the employer's household be paid overtime wages for certain hours; however, per the Labor Commissioner, a domestic worker who resides in the employer's household is only entitled to his or her regular wages for all hours worked. **Section 6** further requires that a domestic worker be allowed at least 1 day off per week and 2 consecutive days off at least once per month. **Section 6** also prohibits an employer from limiting or monitoring a domestic worker's private communications or taking or holding such a worker's personal documents. **Section 1** of this bill sets limits on the amount an employer may deduct from a worker's pay for lodging provided by the employer. **Section 2** of this bill revises the amounts an employer may deduct from a worker's pay for meals. Existing law provides that children under the age of 16 years employed in domestic service, farm labor or motion picture performances are exempt from limitations on working hours. (NRS 609.240) **Section 3** of this bill deletes the exemption for children employed in domestic service.

GENERAL FILE AND THIRD READING

Senate Bill No. 26.

Bill read third time.

Remarks by Assemblywomen Bilbray-Axelrod, Krasner, and Spiegel.

ASSEMBLYWOMAN BILBRAY-AXELROD:

Senate Bill 26 prohibits governing bodies of a local government and the Administrator of the Purchasing Division of the Department of Administration from entering into a contract with a company unless the contract includes a written certification that the company is not engaged in—and agrees for the duration of the contract not to engage in—a boycott of Israel.

The BDS [Boycott, Divestment, Sanctions] movement seeks to economically, politically, and culturally isolate, humiliate, and delegitimize the country of Israel. That sounds like bullying to me. America has never had a stronger friend or ally than the one we have in Israel. As I tell my daughter, if your friend is being bullied, you stand up on behalf of that friend. Nevada does not like bullies, either, and we should stand up with our friend, stand up for Israel. I urge your support on S.B. 26.

ASSEMBLYWOMAN KRASNER:

I rise in support of Senate Bill 26. Throughout the last few years, we have seen a very disturbing trend of anti-Israel and anti-Semitic boycotts of one of our closest allies. The United States has no greater friend in the Middle East than the state of Israel. Senate Bill will make clear to our friends here at home and abroad that Nevada stands with Israel. Prejudice is prejudice, and I urge my colleagues to join me to stand by Israel and vote yes on S.B. 26 today.

ASSEMBLYWOMAN SPIEGEL:

I rise in support of S.B. 26. Throughout this session, I have been asked why this bill is important to Nevada. First, Nevada has a special relationship with Israel. As a state, we rely on Israel and Israeli companies for technology, water acumen, agricultural expertise, and a great deal of our economic development. In the past 11 years, Israeli companies have invested over $1.7 billion and employed over 6,100 Nevadans. Not passing this bill could put those jobs at risk, as well as future investments and future jobs.

Putting this into perspective, the Tesla deal involved 6,500 direct factory employees and capital expenditures of $1.5 billion over 20 years. As you can see, our state's economic relationship with Israel is quite significant. As legislators, we have a fiduciary responsibility to the state, and we know that we should not take actions that could harm our state's economy, and we also have a responsibility to ensure that we do not knowingly allow actions that could harm our state's economy.

We have heard from Nevada's Jewish community. This bill is important to us. We are a small minority yet Nevada has the highest per capita Jewish population west of the Mississippi. For most of us, increases in anti-Semitism make us united in our efforts to ensure that Israel continues to exist. As a community, we have seen an increase in anti-Semitism worldwide and we look at the effects it has been having on our extended families. In France, in the year following attacks on a kosher supermarket in Paris, 9,000 French Jews left the country to move to Israel compared with just 1,900 five years earlier. Most of those people had no long-term plans to leave their homes, their friends, their families, and their businesses. They left because they felt they needed to do so to survive, and Israel is their safety net. Sadly, anti-Semitism has been increasing here in Nevada, too. Just earlier this month a man set two fires at the Chabad Jewish Center of Las Vegas. As a community, we know what anti-Semitism feels like and, yes, it is personal. A number of years ago, I had anti-Semitic materials left at my front door. I reported it to the FBI [Federal Bureau of Investigation], but I was so unnerved that for days afterwards I shook whenever I thought of it.

Home means Nevada to us, and the vast majority of us have no intention of moving to Israel or leaving Nevada. I can tell you that I have never even been there, but I can also tell you that Israel's very existence provides me and my community with the knowledge that we have a safety net. This knowledge is what allowed me to sleep at night when I went through that experience. As a legislator, I know that what is important to hard-working Nevadans is important to me, and this bill is important to our constituents. I looked at the online opinion poll, and this is one of the most commented on bills of the session. As of this afternoon, there were 406 responses and 95 percent of them were in support of this bill.

Finally, as you all prepare to cast your vote, please think about Israel's positive impact on our economy and its importance to our constituents. I would also like you to keep in mind that S.B. 26 addresses the discriminatory aspects of the anti-Israel BDS movement whose goal is to

destroy Israel, while not denying free speech. While this bill would mandate that the state of Nevada only do business with and invest in companies that do not boycott Israel, it in no way restricts the thought or speech of any individual acting in a personal capacity. The intent of S.B. 26 is to make sure that anti-Semitism cannot enter our state's business dealings. It is good for our business, it is good for our economy, it is good for our constituents, and I urge your support.

Senate Bill No. 411.

Bill read third time.

Remarks by Assemblywomen Jauregui, Titus, and Carlton.

ASSEMBLYWOMAN JAUREGUI:

Senate Bill 411 provides that the release of a feral cat that has been caught to vaccinate, spay, or neuter and released back to the location where the feral cat was caught does not constitute abandonment.

ASSEMBLYWOMAN TITUS:

I rise in opposition of S.B. 411. My colleagues from Nevada's urban areas may not be familiar with the struggles rural Nevadans face, but please believe me when I tell you that cats are predators to our native wildlife and should never be released back into the wild after being trapped. These cats do indeed cause significant damage.

PETA [People for the Ethical Treatment of Animals], the largest animal organization in the world, is against S.B. 411. They state in the letter that we all received that there is no evidence that maintained cat colonies adequately reduce populations and, furthermore, may even encourage abandonment. The answer to cat overpopulation and irresponsible guardianship is not widespread animal abandonment programs. It is spaying and neutering and keeping cats safely indoors. I urge my colleagues to join me in voting no on S.B. 411. Let us keep these predators off our lands and keep our native animals safe.

ASSEMBLYWOMAN CARLTON:

I rise in support of S.B. 411. Living on Sunrise Mountain, we have a definite problem up there. Clark County has already started a program of trap, neuter, and release; they nip the tip of the ear of the cat, they neuter the cat, and they release it. These are wild cats. They will never be able to be adopted. One of the best ways to approach this is to lower the population. I love bats. They are great on Sunrise Mountain. I watch them fly over my pool. I hate the fact that the feral cats are hunting the bats, but I know that we cannot possibly get rid of all of these cats. So the best thing to do is to allow nature to take its course, and if they cannot procreate, then we are doing a good job for them. They are living wild and free and when they are done, they are done.

Legislative Counsel's Digest:

~~[Section 1.3 of this bill requires each law enforcement agency that receives sexual assault forensic evidence kits, also known as "SAFE kits," to: (1) establish a program to track SAFE kits; and (2) provide access to the program to certain victims and agencies. Existing law imposes criminal penalties on certain employees of or volunteers at a school who engage in sexual conduct with certain pupils. **(NRS 201.540)** **Section 8** of this bill enacts similar provisions to impose criminal penalties on certain employees or contractors of and volunteers for certain entities who engage in sexual conduct with a child or young adult under the care, custody, control or supervision of the entity. **Section 8** provides that a person is guilty of a category C felony if he or she: (1) is 25 years of age or older; (2) is in a position of authority as an employee or contractor of or volunteer for an agency which provides child welfare services, a department of juvenile justice services, foster home or the Youth Parole Bureau; and (3) engages in sexual conduct with a person who is 16 years of age or older but less than 18 years of age and who is under the care, custody, control or supervision of the agency, department or Bureau.

Sections 2-7 of this bill expand the prohibition on the public disclosure of the identity of a victim of a sexual assault to include a victim of an offense involving sexual conduct between certain employees or contractors of or volunteers for an agency which provides child welfare services, a department of juvenile justice services or the Youth Parole Bureau and a person under the care, custody, control or supervision of the agency, department or Bureau.

Existing law provides that a person is guilty of a category C felony if he or she: (1) is 21 years of age or older; (2) is or was employed by or is or was volunteering at a public or private school; and (3) engages in sexual conduct with a pupil who is 16 years of age or older and who is or was enrolled at or attending the school. (NRS 201.540) Section 8.3 of this bill: (1) provides that this crime applies only to an employee of or volunteer at a school who is in a position of authority; and (2) clarifies that the exemption from this crime for an employee or volunteer who is married to the pupil applies only if the employee or volunteer and the pupil are married at the time the prohibited act is committed.

Similarly, existing law generally provides that a person is guilty of a category C felony if he or she: (1) is 21 years of age or older; (2) is employed in a position of authority by a college or university; and (3)

engages in sexual conduct with a student who is 16 years of age or older, who has not received a high school diploma, a general educational development certificate or an equivalent document and who is enrolled at or attending the college or university. (NRS 201.550) Section 8.7 of this bill clarifies that the exemption from this crime for an employee who is married to the student applies only if the employee and the student are married at the time the prohibited act is committed.

7. ~~[11.]~~ "Victim" means a person who is a victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking.

~~[12. "Victim of sexual assault" has the meaning ascribed to it in NRS 217.280.]~~

Sec. 3. NRS 200.377 is hereby amended to read as follows:

200.377 The Legislature finds and declares that:

1. This State has a compelling interest in assuring that the victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking:

(a) Reports the sexual offense, offense involving a pupil ***or child*** or sex trafficking to the appropriate authorities;

(b) Cooperates in the investigation and prosecution of the sexual offense, offense involving a pupil ***or child*** or sex trafficking; and

(c) Testifies at the criminal trial of the person charged with committing the sexual offense, offense involving a pupil ***or child*** or sex trafficking.

2. The fear of public identification and invasion of privacy are fundamental concerns for the victims of sexual offenses, offenses involving a pupil ***or child*** or sex trafficking. If these concerns are not addressed and the victims are left unprotected, the victims may refrain from reporting and prosecuting sexual offenses, offenses involving a pupil ***or child*** or sex trafficking.

3. A victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking may be harassed, intimidated and psychologically harmed by a public report that identifies the victim. A sexual offense, an offense involving a pupil ***or child*** or sex trafficking is, in many ways, a unique, distinctive and intrusive personal trauma. The consequences of identification are often additional psychological trauma and the public disclosure of private personal experiences.

4. Recent public criminal trials have focused attention on these issues and have dramatized the need for basic protections for the victims of sexual offenses, offenses involving a pupil ***or child*** or sex trafficking.

5. The public has no overriding need to know the individual identity of the victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking.

6. The purpose of NRS 200.3771 to 200.3774, inclusive, is to protect the victims of sexual offenses, offenses involving a pupil ***or child*** or sex trafficking from harassment, intimidation, psychological trauma and the

unwarranted invasion of their privacy by prohibiting the disclosure of their identities to the public.

Sec. 4. NRS 200.3771 is hereby amended to read as follows:

200.3771 1. Except as otherwise provided in this section, any information which is contained in:

(a) Court records, including testimony from witnesses;

(b) Intelligence or investigative data, reports of crime or incidents of criminal activity or other information;

(c) Records of criminal history, as that term is defined in NRS 179A.070; and

(d) Records in the Central Repository for Nevada Records of Criminal History,

➥ that reveals the identity of a victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking is confidential, including but not limited to the victim's photograph, likeness, name, address or telephone number.

2. A defendant charged with a sexual offense, an offense involving a pupil ***or child*** or sex trafficking and the defendant's attorney are entitled to all identifying information concerning the victim in order to prepare the defense of the defendant. The defendant and the defendant's attorney shall not disclose this information except, as necessary, to those persons directly involved in the preparation of the defense.

3. A court of competent jurisdiction may authorize the release of the identifying information, upon application, if the court determines that:

(a) The person making the application has demonstrated to the satisfaction of the court that good cause exists for the disclosure;

(b) The disclosure will not place the victim at risk of personal harm; and

(c) Reasonable notice of the application and an opportunity to be heard have been given to the victim.

4. Nothing in this section prohibits:

(a) Any publication or broadcast by the media concerning a sexual offense, an offense involving a pupil ***or child*** or sex trafficking.

(b) The disclosure of identifying information to any nonprofit organization or public agency whose purpose is to provide counseling, services for the management of crises or other assistance to the victims of crimes if:

(1) The organization or agency needs identifying information of victims to offer such services; and

(2) The court or a law enforcement agency approves the organization or agency for the receipt of the identifying information.

5. The willful violation of any provision of this section or the willful neglect or refusal to obey any court order made pursuant thereto is punishable as criminal contempt.

Sec. 5. NRS 200.3772 is hereby amended to read as follows:

200.3772 1. A victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking may choose a pseudonym to be used instead of the

victim's name on all files, records and documents pertaining to the sexual offense, offense involving a pupil ***or child*** or sex trafficking, including, without limitation, criminal intelligence and investigative reports, court records and media releases.

2. A victim who chooses to use a pseudonym shall file a form to choose a pseudonym with the law enforcement agency investigating the sexual offense, offense involving a pupil ***or child*** or sex trafficking. The form must be provided by the law enforcement agency.

3. If the victim files a form to use a pseudonym, as soon as practicable the law enforcement agency shall make a good faith effort to:

(a) Substitute the pseudonym for the name of the victim on all reports, files and records in the agency's possession; and

(b) Notify the prosecuting attorney of the pseudonym.

➥ The law enforcement agency shall maintain the form in a manner that protects the confidentiality of the information contained therein.

4. Upon notification that a victim has elected to be designated by a pseudonym, the court shall ensure that the victim is designated by the pseudonym in all legal proceedings concerning the sexual offense, offense involving a pupil ***or child*** or sex trafficking.

5. The information contained on the form to choose a pseudonym concerning the actual identity of the victim is confidential and must not be disclosed to any person other than the defendant or the defendant's attorney unless a court of competent jurisdiction orders the disclosure of the information. The disclosure of information to a defendant or the defendant's attorney is subject to the conditions and restrictions specified in subsection 2 of NRS 200.3771. A person who violates this subsection is guilty of a misdemeanor.

6. A court of competent jurisdiction may order the disclosure of the information contained on the form only if it finds that the information is essential in the trial of the defendant accused of the sexual offense, offense involving a pupil ***or child*** or sex trafficking, or the identity of the victim is at issue.

7. A law enforcement agency that complies with the requirements of this section is immune from civil liability for unknowingly or unintentionally:

(a) Disclosing any information contained on the form filed by a victim pursuant to this section that reveals the identity of the victim; or

(b) Failing to substitute the pseudonym of the victim for the name of the victim on all reports, files and records in the agency's possession.

Sec. 6. NRS 200.3773 is hereby amended to read as follows:

200.3773 1. A public officer or employee who has access to any records, files or other documents which include the photograph, likeness, name, address, telephone number or other fact or information that reveals the identity of a victim of a sexual offense, an offense involving a pupil ***or child*** or sex trafficking shall not intentionally or knowingly disclose the identifying information to any person other than:

(a) The defendant or the defendant's attorney;

(b) A person who is directly involved in the investigation, prosecution or defense of the case;

(c) A person specifically named in a court order issued pursuant to NRS 200.3771; or

200.3774 The provisions of NRS 200.3771, 200.3772 and 200.3773 do not apply if the victim of the sexual offense, offense involving a pupil ***or child*** or sex trafficking voluntarily waives, in writing, the confidentiality of the information concerning the victim's identity.

Amendment No. 800.

SENATORS CANNIZZARO, RATTI, WOODHOUSE, CANCELA, FORD; DENIS, FARLEY, **HARDY,** MANENDO, PARKS, SEGERBLOM AND SPEARMAN

AN ACT relating to employment; establishing the Nevada Pregnant Workers' Fairness Act; requiring certain employers to provide reasonable accommodations to female employees and applicants for employment for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition, except in certain circumstances; prohibiting certain other discriminatory practices by employers relating to pregnancy, childbirth or a related medical condition; authorizing the Nevada Equal Rights Commission to investigate complaints of such unlawful employment practices; requiring the Commission to carry out programs to educate employers and others about certain rights and responsibilities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal Pregnancy Discrimination Act amended title VII of the Civil Rights Act of 1964 to prohibit sex discrimination on the basis of pregnancy. (42 U.S.C. § 2000(e)(k)) The Act requires employers with 15 or more employees to treat employees and applicants for employment who are affected by pregnancy, childbirth or related medical conditions the same as other employees and applicants who have similar abilities or limitations. The Act covers all aspects of employment, including hiring, firing, promoting and providing benefits and protects against discrimination of a person who is pregnant, has been pregnant and who may become pregnant as well as anyone who has, who has had or could have a medical condition that is related to pregnancy. (29 C.F.R. § 1604.10)

Existing law in this State prohibits various types of discrimination in employment, including discrimination based on race, color, religion, sex, sexual orientation, gender identity or expression, age, disability or national origin. (NRS 613.330-613.380) In addition, existing law requires an employer that provides leave to employees for sickness or disability because

of a medical condition to provide the same leave to an employee who is pregnant. (NRS 613.335) As with the federal law, existing law in this State makes these provisions applicable to an employer with 15 or more employees, and includes state and local governments. (NRS 613.310) **Sections 2-8 and 11** of this bill create the Nevada Pregnant Workers' Fairness Act which provides protections to employees in this State similar to the protections of the federal Pregnancy Discrimination Act. As with other provisions prohibiting discrimination in existing law, the Nevada Pregnant Workers' Fairness Act applies to employers with 15 or more employees and also applies to state and local governments.

Section 5 of this bill makes it an unlawful employment practice, with certain limited exceptions, for such employers to refuse to provide reasonable accommodations, upon request, to female employees and applicants for employment for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition, unless the accommodation would impose an undue hardship on the business of the employer. **Section 6** of this bill describes the requirements and manner in which to provide a reasonable accommodation. **Section 7** of this bill sets forth: (1) the prima facie burden that a female employee or applicant for employment is required to meet concerning a requested reasonable accommodation before the burden of proof shifts to the employer to demonstrate that providing such an accommodation would impose an undue hardship on the business of the employer; and (2) the manner in which to determine whether an undue hardship exists. **Section 5** also makes it an unlawful employment practice, with certain limited exceptions, for an employer to: (1) take adverse employment actions against a female employee because the employee requests or uses a reasonable accommodation for a condition of the employee relating to pregnancy, childbirth or a related medical condition; (2) deny an employment opportunity to a qualified female employee or applicant for employment based on a need for a reasonable accommodation for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition; and (3) require a female employee or applicant for employment who is affected by a condition relating to pregnancy, childbirth or a related medical condition to accept an accommodation or to take a leave from employment if an accommodation is available.

Section 5 further authorizes an employer to require a female employee to provide an explanatory statement from the employee's physician concerning the specific accommodation recommended by the physician for the employee. **Section 11** of this bill extends the existing law requiring leave policies to be the same for pregnant employees as other employees so that it applies to a female employee who has a condition relating to pregnancy, childbirth or a related medical condition.

Section 15 of this bill authorizes a person injured by an unlawful employment practice within the scope of the Nevada Pregnant Workers' Fairness Act to file a complaint with the Nevada Equal Rights Commission.

Section 16 of this bill authorizes a person alleging an unfair employment practice under the Nevada Pregnant Workers' Fairness Act to file an action in district court if the Commission does not conclude that an unfair employment practice has occurred.

Section 17 of this bill requires the Commission to develop and carry out programs of education and disseminate information as necessary to inform employers, employees, employment agencies and job applicants about their rights and responsibilities under the Nevada Pregnant Workers' Fairness Act.

Section 18 of this bill authorizes the Commission to investigate any unlawful employment practice by an employer under the Nevada Pregnant Workers' Fairness Act.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 613 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 8, inclusive, of this act.

Sec. 2. ***The provisions of NRS 613.335 and sections 2 to 8, inclusive, of this act may be cited as the Nevada Pregnant Workers' Fairness Act.***

Sec. 3.3. ***"Condition of the applicant relating to pregnancy, childbirth or a related medical condition," "condition of the employee relating to pregnancy, childbirth or a related medical condition" or "condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition" means a physical or mental condition intrinsic to pregnancy or childbirth that includes, without limitation, lactation or the need to express breast milk for a nursing child.***

The term includes, without limitation, mastitis or other lactation-related medical condition, gestational diabetes, pregnancy-induced hypertension, preeclampsia, post-partum depression, loss or end of pregnancy and recovery from loss or end of pregnancy.***

Sec. 4. ***1. The Legislature hereby finds and declares that:***

(a) Workplace laws must adequately protect pregnant women from being terminated from their employment because of the refusal of their employer to provide a reasonable accommodation;

(b) Women are often the primary income earners for their families and unemployment resulting from the failure of their employers to provide accommodations in the workplace is an outcome that families cannot afford to endure; and

(c) By remaining employed, pregnant women continue to provide economic security for their families, which in turn provides an economic benefit to the economy of this State.

2. The Legislature further finds and declares that it is the intent of the Legislature to fight against discrimination based on pregnancy, childbirth or a related medical condition, promote public health and ensure that women realize full and equal participation in the workforce by requiring employers to provide reasonable accommodations to employees who are pregnant, have given birth or have a related medical condition.

Sec. 5. ***1. Except as otherwise provided in subsections 2 and 3, it is an unlawful employment practice for an employer to:***

(a) Refuse to provide a reasonable accommodation to a female employee or applicant for employment upon request of the employee or applicant, as applicable, for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition, unless the accommodation would impose an undue hardship on the business of the employer as determined pursuant to section 7 of this act;

(b) Take an adverse employment action against a female employee because the employee requests or uses a reasonable accommodation for a condition of the employee relating to pregnancy, childbirth or a related medical condition which may include, without limitation, refusing to promote the employee, requiring the employee to transfer to another position, refusing to reinstate the employee to the
same or an equivalent position upon return to work or taking any other action which affects the terms or conditions of employment in a manner which is not desired by the employee;

(c) Deny an employment opportunity to an otherwise qualified female employee or applicant for employment based on the need of the employee or applicant, as applicable, for a reasonable accommodation for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition;

(d) Require a female employee or applicant for employment who is affected by a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition to accept an accommodation that the employee or applicant did not request or chooses not to accept; and

(e) Require a female employee who is affected by a condition of the employee relating to pregnancy, childbirth or a related medical condition to take leave from employment if a reasonable accommodation for any such

condition of the employee is available that would allow the employee to continue to work.

2. It is not an unlawful employment practice for an employer take an action set forth in this section if the action is based upon a bona fide occupational qualification.

3. An employer who is a contractor licensed pursuant to chapter 624 of NRS is not subject to:

(a) The requirements of this section with regard to a request of a female employee to provide a reasonable accommodation if the requested accommodation is to provide a place, other than a bathroom, where the employee may express breast milk and the employee is performing work at a construction job site that is located more than 3 miles from the regular place of business of the employer; or

(b) The requirements of paragraph (d) or (e) of subsection 1 with regard to a female employee who is affected by a condition of the employee relating to pregnancy, childbirth or a related medical condition if the work duties of the employee include the performance of manual labor.

4. An employer who is a contractor licensed pursuant to chapter 624 of NRS is encouraged to provide a reasonable accommodation described in paragraph (a) of subsection 3 to the extent practicable.

5. An employer may require a female employee to provide an explanatory statement from the employee's physician concerning the specific accommodation recommended by the physician for the employee.

6. This section must not be construed to preempt, limit, diminish or otherwise affect any other provision of law relating to discrimination on the basis of sex or pregnancy.

Sec. 6. ***1. If a female employee requests an accommodation for a condition of the employee relating to pregnancy, childbirth or a related medical condition, the employer and employee must engage in a timely, good faith and interactive process to determine an effective, reasonable accommodation for the employee. An accommodation may consist of a change in the work environment or in the way things are customarily carried out that allows the employee to have equal employment opportunities, including the ability to perform the essential function of the position and to have benefits and privileges of employment that are equal to those available to other employees.***

2. A reasonable accommodation provided by an employer to a female applicant for employment which is based on a condition of the applicant relating to pregnancy, childbirth or a related medical condition may consist of a modification to the application process or the manner in which things are customarily carried out that allows the applicant to be considered for employment or hired for a position.

3. A reasonable accommodation pursuant to this section may include, without limitation:

(a) Modifying equipment or providing different seating;

(b) Revising break schedules, which may include revising the frequency or duration of breaks;

(b) Discharge any employee, transfer any employee with more seniority or promote any employee who is not qualified to perform the job, unless the employer has taken or would take such an action to accommodate other classes of employees.

Sec. 7. *1. If a female employee or applicant for employment makes a prima facie showing that the employee or applicant requested a reasonable accommodation for a condition of the employee or applicant relating to pregnancy, childbirth or a related medical condition and the employer refused to provide or attempt to provide the reasonable accommodation, the burden of proof shifts to the employer to demonstrate that providing such an accommodation would impose an undue hardship on the business of the employer.*

2. To prove such an undue hardship, the employer must demonstrate that the accommodation is significantly difficult to provide or expensive considering, without limitation:

(a) The nature and cost of the accommodation;

(b) The overall financial resources of the employer;

(c) The overall size of the business of the employer with respect to the number of employees and the number, type and location of the available facilities; and

(d) The effect of the accommodation on the expenses and resources of the employer or the effect of the accommodation on the operations of the employer.

3. Evidence that the employer provides or would be required to provide a similar accommodation to a similarly situated employee or applicant for employment creates a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

Sec. 8. *1. An employer shall provide a written or electronic notice to employees that they have the right to be free from discriminatory or unlawful employment practices pursuant to NRS 613.335 and sections 2 to 8, inclusive, of this act. The notice must include a statement that a female*

Bill read third time.

Remarks by Assemblyman Carrillo.

ASSEMBLYMAN CARRILLO:

Senate Bill 253 establishes the Nevada Pregnant Workers' Fairness Act, which provides protections to female employees similar to the protections of the federal Pregnancy Discrimination Act. The Act makes it an unlawful employment practice, with certain exceptions, for an employer to refuse to provide reasonable accommodations, upon request, to female employees and applicants for employment for a condition relating to pregnancy, childbirth, or a related medical condition unless the accommodation would impose an undue hardship on the business of the employer. The measure applies to employers with 15 or more employees and also applies to state and local governments.

A person injured by an unlawful practice within the scope of the Act may file a complaint with the Nevada Equal Rights Commission. The Commission may investigate any unlawful employment practice by an employer under the Act. If the Commission does not conclude that an unfair employment practice has occurred, a person may file an action in district court. The Commission must carry out programs to educate employers and others about their rights and responsibilities under the Act.

This bill is effective upon passage and approval for the purpose of requiring an employer to provide written notice to existing employees of the rights that will be effective on October 1, 2017, and on October 1, 2017, for all other purposes.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 802.

AN ACT relating to Medicaid; authorizing the Director of the Department of Health and Human Services to include in ~~[the State Plan for]~~ Medicaid **managed care plans a** voluntary ~~[programs]~~ **program** through which certain governmental entities and Indian tribes may obtain supplemental payments for providing ground emergency medical transportation services to recipients of Medicaid; ~~[requiring a participating governmental entity or Indian tribe to reimburse the Department for the costs of implementing and administering any such program;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Federal law requires the Federal Government to pay to each state for which the Federal Government has approved a State Plan for Medicaid a certain percentage of the total amount expended as medical assistance under the State Plan. The states are responsible for the remaining share of such expenditures. (42 U.S.C. § 1396b(a)) Federal law also allows certain governmental entities and federally recognized Indian tribes to receive supplemental reimbursements in addition to the federal payments discussed above for certain health care services, including ground emergency medical transportation services, pursuant to a State Plan for Medicaid. (42 U.S.C. §§ 1396a and 1396b; 42 C.F.R. §§ 433.50-433.74)

~~[Section 10 of this bill authorizes the Director of the Department of Health and Human Services to include in the State Plan for Medicaid a voluntary program whereby such a governmental entity or Indian tribe may receive supplemental reimbursements, in addition to the payments the governmental entity or Indian tribe would otherwise receive from Medicaid, for ground emergency medical transportation services which are provided to recipients of Medicaid. In order to receive such reimbursements, the governmental entity or Indian tribe must: (1) hold a permit to operate an ambulance or vehicle of a fire-fighting agency; (2) participate in the State Plan for Medicaid; (3) enter into an agreement with the Department to reimburse the Department for the costs of implementing and administering the program; (4) pay the nonfederal share of the expenditures arising from providing such services; (5) certify that the claimed expenditures are eligible for federal financial participation; (6) submit to the Department any required evidence of the claimed expenditures; and (7) maintain any records required by the Department.]~~

Section 11 of this bill authorizes the Director **of the Department of Health and Human Services** to ~~[include in the State Plan]~~ **develop** a voluntary program to provide increased "capitation" (per patient) payments to ~~[a governmental entity or Indian tribe]~~ **Medicaid managed care plans** for ground emergency medical transportation services which are ~~[rendered]~~ **provided by a governmental entity or Indian tribe** pursuant to a contract or other arrangement with ~~[a]~~ **such** Medicaid managed care ~~[plan.]~~ **plans.** In order to participate in such a program, a governmental entity, Indian tribe or managed care plan is required to enter into an agreement with the Department to ~~[: (1)]~~ comply with any request made by the Department to provide any information or data necessary to claim federal money or obtain federal approval **.** ~~[; and (2) reimburse the Department for the administrative costs of the Department for implementing and administering the program. A]~~ **Such a** program would require the governmental entity or Indian tribe to **: (1)** make intergovernmental transfers of money to the Department in an amount corresponding with the amount of money spent rendering ground emergency medical transportation services ~~[.]~~ **; or (2) pay the nonfederal share of expenditures on the program.** The Department would then use that money and money from the Federal Government to make increased capitation payments. ~~[If a program to provide increased capitation payments is established, section 11 requires the Department to collect from each intergovernmental transfer a fee of 20 percent of the nonfederal share paid to the Department.~~

~~— Sections 10 and]~~ **Section 11** also ~~[provide]~~ **provides** that supplemental reimbursements and increased capitation payments will be paid only to the extent approved by the Federal Government.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 744.

AN ACT relating to health care; requiring that payments for treatment relating **solely** to mental health or the abuse of alcohol or drugs be made directly to ~~[the provider]~~ **certain providers** of that treatment; requiring a licensed clinical alcohol and drug counselor to be directly reimbursed for providing treatment ~~[;]~~ **under certain circumstances; revising provisions relating to the accreditation of medical facilities and facilities for the**

dependent for the purpose of determining whether an insured person is entitled to benefits for certain treatment provided at such facilities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for treatment relating to the abuse of alcohol or drugs to be covered by certain policies of health insurance and, under certain circumstances, provided by employers. (NRS 608.156, 689A.030, 689A.046, 689C.166, 689C.167) Existing law provides that under certain policies of health insurance, an insured party is entitled to reimbursement for treatment by a clinical alcohol and drug abuse counselor. (NRS 689A.0493, 689B.0397, 695B.1955, 695C.1789) Existing law further requires certain policies of health insurance to cover treatment for mental illness. (NRS 687B.404, 689A.0455, 689C.169) Existing law does not prevent a person who is receiving treatment for mental illness or the abuse of alcohol or drugs from receiving the payments for such treatment.

Section 1 of this bill requires that ~~[every]~~ **a** payment made pursuant to a policy of health insurance ~~[, including, without limitation, a payment made to an out-of-network provider,]~~ for treatment relating **solely** to mental health or the abuse of alcohol or drugs must be made directly to the provider of the treatment rather than to the person receiving the treatment ~~[.]~~ **if the provider is an out-of-network provider who has an assignment of benefits which meets certain qualifications. Section 1** also expressly ~~[allows]~~ **requires** such a provider to refund to a person ~~[receiving]~~ **who pays such a provider directly for such** treatment ~~[any]~~ **certain** amounts that the person paid to the provider. For example, a person may have prepaid the provider for treatment and, after the payment pursuant to the policy of health insurance is made to the provider, the provider may need to refund all or part of the prepaid amounts to the person receiving treatment. **Section 9** of this bill extends the requirements of **section 1** to benefits provided through self-insurance by the Board of the Public Employees' Benefits Program. (NRS 287.04335) **Section 10** of this bill extends the requirements of **section 1** to benefits provided by certain employers. (NRS 608.1555)

Sections 3, 4, 6 and 7 of this bill provide that a licensed clinical alcohol and drug abuse counselor must **, if applicable,** be directly reimbursed for treatment relating to the abuse of alcohol or drugs ~~[.]~~ **in accordance with an applicable assignment of benefits.**

Sections 2, 5 and 11 of this bill make conforming changes.

Senate Bill No. 274.

Bill read third time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 801.

AN ACT relating to child welfare; revising provisions governing certain reports of an agency which provides child welfare services concerning a child who is in need of protection; requiring a court to allow a sibling of a child who is found to be in need of protection to inspect certain records; revising provisions concerning agreements for postadoptive contact between a natural parent and a child or the adoptive parents of the child; revising provisions governing a hearing to determine whether to include an order for visitation with a sibling in a decree of adoption; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires an agency acting as the custodian of a child who is in need of protection and is placed with someone other than a parent to submit a report to the court before any hearing for a review of that placement. If a child is not placed with his or her siblings, the report must include a plan for the child to visit his or her siblings. (NRS 432B.580) **Section 1** of this bill requires the agency which provides child welfare services to update the plan for visitation to reflect any change in the placement of the child or any sibling of the child. **Section 1** also requires the court to provide any sibling who has been granted a right to visitation with the child with notice of a hearing to review the placement of the child. **Sections 1 and 2** of this bill require the court to provide each sibling of a child who is found to be in need

of protection with the case number of each relevant proceeding and allow the sibling to inspect certain records for the purpose of petitioning the court for visitation with the child and enforcing an order for visitation.

Existing law provides that an agreement for postadoptive contact between a child and his or her natural parents or the adoptive parents of a child and the natural parents of that child is enforceable if it is in writing, signed by the parties and incorporated into an order or decree of adoption. (NRS 127.187) **Section 2.3** of this bill requires that if the agreement concerns a child who was in the custody of an agency which provides child welfare services before being adopted, a determination must be made by such an agency or the court that the agreement is in the best interest of the child.

Existing law authorizes a natural parent who has entered into an agreement for postadoptive contact to petition the court to prove the existence of the agreement and request that the agreement be incorporated into the order or decree of adoption or to enforce the terms of the agreement. (NRS 127.1885) **Section 2.7** of this bill requires such a petition to be: (1) served **by the natural parent or adoptive parent who filed the petition** on each **other** natural parent or adoptive parent **, as applicable,** who has entered into the agreement; and (2) heard by the same judge who issued the order or decree of adoption if he or she is available. **Section 3.3** of this bill establishes a reduced filing fee for the filing of such a petition. **Section 2.3** requires a natural or adoptive parent who has entered into an agreement for postadoptive contact to ~~[provide the court with]~~ **include in the agreement** an address at which such a petition may be served.

Existing law requires a court to conduct a hearing to determine whether to include an order for visitation with a sibling in the decree of adoption of a child who is in the custody of an agency which provides child welfare services. (NRS 127.2827) **Section 3** of this bill instead requires the court to incorporate such an order into the decree of adoption unless an interested party petitions the court to exclude or amend the order for visitation. **Section 3** additionally: (1) requires the court to hold the hearing on such a petition on a different date than the hearing on the petition for adoption; (2) gives any interested party the right to participate in the hearing; and (3) requires the clerk of the court to provide notice of the time and place of the hearing to certain persons. If an order for visitation is included in the decree for adoption, **section 3** authorizes a party to the order to petition for enforcement of the order at any time.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 432B.580 is hereby amended to read as follows:

432B.580 1. Except as otherwise provided in this section and NRS 432B.513, if a child is placed pursuant to NRS 432B.550 other than with a parent, the placement must be reviewed by the court at least semiannually, and within 90 days after a request by a party to any of the prior proceedings.

Unless the parent, guardian or the custodian objects to the referral, the court may enter an order directing that the placement be reviewed by a panel appointed pursuant to NRS 432B.585.

2. An agency acting as the custodian of the child shall, before any hearing for review of the placement of a child, submit a report to the court, or to the panel if it has been designated to review the matter, which includes:

(a) An evaluation of the progress of the child and the family of the child and any recommendations for further supervision, treatment or rehabilitation.

(4) If the child is not placed together with the siblings:

(I) The reasons why the child is not placed together with the siblings; and

(II) A plan for the child to visit the siblings, which must be ***presented at the first hearing to occur after the siblings are separated and*** approved by the court. ***The plan for visitation must be updated as necessary to reflect any change in the placement of the child or a sibling, including, without limitation, any such change that occurs after the termination of parental rights to the child or a sibling or the adoption of a sibling.***

If the child was delivered to a provider of emergency services pursuant to NRS 432B.630 and the parent has not appeared in the action, the report need not be sent to that parent.

4. After a plan for visitation between a child and the siblings of the child submitted pursuant to subparagraph (4) of paragraph (b) of subsection 2 has been approved by the court, the agency which provides child welfare services must request the court to issue an order requiring the visitation set forth in the plan for visitation. ***Upon the issuance of such an order, the court shall provide each sibling of the child with the case number of the proceeding for the purpose of allowing the sibling to petition the court for visitation or enforcement of the order for visitation.*** If a person refuses to comply with or disobeys an order issued pursuant to this subsection, the person may be punished as for a contempt of court.

5. The court or the panel shall hold a hearing to review the placement, unless the parent, guardian or custodian files a motion with the court to dispense with the hearing. If the motion is granted, the court or panel may make its determination from any report, statement or other information submitted to it.

6. Except as otherwise provided in this subsection and subsection 5 of NRS 432B.520, notice of the hearing must be given by registered or certified mail to:

(a) All the parties to any of the prior proceedings;

(b) Any persons planning to adopt the child;

(c) Need not be given to a parent whose rights have been terminated pursuant to chapter 128 of NRS or who has voluntarily relinquished the child for adoption pursuant to NRS 127.040.

8. The court or panel may require the presence of the child at the hearing and shall provide to each person to whom notice was given pursuant to subsection 6 a right to be heard at the hearing.

9. The court or panel shall review:

(a) The continuing necessity for and appropriateness of the placement;

(b) The extent of compliance with the plan submitted pursuant to subsection 2 of NRS 432B.540;

(c) Any progress which has been made in alleviating the problem which resulted in the placement of the child; and

(d) The date the child may be returned to, and safely maintained in, the home or placed for adoption or under a legal guardianship.

10. The provision of notice and a right to be heard pursuant to this section does not cause any person planning to adopt the child, any sibling of the child or any other relative, any adoptive parent of a sibling of the child or a provider of foster care to become a party to the hearing.

Sec. 2. NRS 127.140 is hereby amended to read as follows:

AN ACT relating to protection of children; requiring school employees and volunteers to report the abuse or neglect of a child and certain other prohibited acts; requiring an agency which provides child welfare services to investigate such a report and forward a substantiated report to the Statewide Central Registry for the Collection of Information Concerning the Abuse or Neglect of a Child; authorizing a person to appeal the substantiation of such a report; revising certain provisions concerning background checks conducted on certain educational personnel and volunteers; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires certain persons, including, without limitation, licensed teachers and social workers employed by a public school or private school, to report the suspected abuse or neglect of a child when such neglect was believed to have been caused or allowed by a person responsible for a child's welfare. (NRS 432B.020, 432B.220) The term "person responsible for a child's welfare" is limited by existing law to a parent, legal guardian,

stepparent or other adult person found in the same home as the child on a regular basis or a home, institution or facility where the child resides or receives care, including, without limitation, the volunteers and employees of such homes, institutions or facilities. (NRS 432B.130) **Section 8** of this bill requires all employees of and volunteers for a public school or private school, regardless of whether they are licensed, to report the suspected abuse or neglect of a child by a person responsible for the child's welfare.

Existing law makes it a misdemeanor or gross misdemeanor for a person who is required to report the suspected abuse or neglect of a child to knowingly and willfully fail to make such a report. (NRS 432B.240) This penalty also applies to the failure to report by an employee of or volunteer for a public school or private school as expanded by **section 8** of this bill.

Existing law prohibits sexual conduct between an employee or volunteer of a public school **or private school** and certain pupils, the luring of a child **,** ~~[and]~~ the use of corporal punishment in a public school ~~[.]~~ **and the use of corporal punishment on a pupil with a disability in a private school.** (NRS 201.540, 201.560, 392.4633 ~~[)]~~ **, 394.354, 394.366) Section 44** of this bill imposes an additional duty on an employee or volunteer at a public or private school to make a report within 24 hours if, in that capacity, he or she knows or has reasonable cause to believe that a child has been subjected to abuse or neglect **,** ~~[caused by a person other than a person responsible for the welfare of the child,]~~ certain sexual conduct, luring or prohibited corporal punishment ~~[.]~~ **by another employee of or volunteer for a public school or private school. Section 44** requires: (1) a report concerning abuse or neglect, sexual conduct or luring to be made to an agency which provides child welfare services and a law enforcement agency; and (2) a report concerning prohibited corporal punishment to be made to a child welfare agency. **Section 44** requires a child welfare agency to ~~[investigate]~~ **assess all allegations contained in** any such report it receives ~~[.]~~ **and, if the agency deems appropriate, assign the matter for investigation. Section 44** also requires a school police officer who receives a report of an offense punishable as a **category A** felony to notify the local law enforcement agency having jurisdiction over the school. If a law enforcement agency other than a school police officer receives a report of ~~[such]~~ an offense **punishable as a felony** that **: (1)** allegedly occurred at a public school **, at an activity sponsored by such a school or on a school bus while the school bus was being used by such a school for an official school-related purpose;** and **(2)** involved a school employee or volunteer, the law enforcement agency must notify a school police officer if such an officer is employed in the school district. **Section 45** of this bill prescribes the required contents of the report. **Section 46** of this bill makes it a misdemeanor for an employee or volunteer at a school to fail to make a report when required. **Sections 47 and 48** of this bill provide that certain privileges do not apply to a person required to make a report or to the report itself. **Section 49** of this bill authorizes a designee of an agency investigating a report to take certain

actions to investigate the report with the consent of the parent or guardian of the child.

Section 50 of this bill provides that reports of abuse, neglect, sexual conduct, luring and prohibited corporal punishment and investigations of such reports are confidential and makes it a gross misdemeanor to disclose such information except where authorized to do so. **Section 51** of this bill sets forth exceptions to such confidentiality that allow certain persons to access such material, including the child who is the subject of the report, his or her parent or guardian and attorney and certain governmental entities. **Section 52** of this bill authorizes an agency investigating a report to provide certain information to the person alleged to have engaged in the conduct described in the report and the person who made the report. **Section 52** also authorizes any person to consent to the release of information about himself or herself. **Section 53** of this bill: (1) requires an agency which provides child welfare services to take precautions to protect the identity and safety of a person who makes a report when releasing information; and (2) authorizes such an agency to charge a fee for processing costs necessary to prepare information maintained by the agency. **Section 54** of this bill provides that any person who is provided information maintained by an agency which provides child welfare services and further disseminates the information is guilty of a gross misdemeanor.

Section 55 of this bill requires an agency investigating a report to determine whether the report is substantiated or unsubstantiated. If the report is substantiated, the agency is required to forward the report to: (1) the Department of Education, the governing body of the school or school district, as applicable, and law enforcement; and (2) after the conclusion of any administrative appeal, the Statewide Central Registry for the Collection of Information Concerning the Abuse or Neglect of a Child. **Section 56** of this bill prescribes the procedure for filing and hearing an administrative appeal. **Section 1.5** of this bill provides for the inclusion of such information in the Central Registry. **Section 57** of this bill provides immunity from civil and criminal liability for a person who, in good faith, makes a report or takes certain action to investigate a report. **Section 58** of this bill authorizes the Division of Child and Family Services of the Department of Health and Human Services to adopt any regulations necessary for the administration of provisions relating to the new reporting requirement prescribed by this bill. **Section 7.3** of this bill provides that the provisions of existing law governing the requirement to report the abuse or neglect of a child by a person responsible for the welfare of the child do not apply to the new reporting requirement.

Under existing law, an unlicensed applicant for employment at a public school must undergo a background check before being hired. (NRS 388A.515, 388C.200, 391.104, 391.281) Additionally, a licensed employee must undergo a background check before a license can be issued or renewed. (NRS 391.033) **Sections 27, 28, 33, 34 and 60** of this bill additionally

require: (1) volunteers at a public school and employees and volunteers at a private school to undergo background checks; and (2) a background check to be performed on each unlicensed employee and volunteer at least once every 5 years. **Section 21** of this bill requires the Central Repository to provide the results of such a background check to the appropriate superintendent, governing body or administrator immediately. **Sections 27, 28, 31, 33, 34 and 60** of this bill also additionally require background checks performed on licensed and unlicensed educational personnel and volunteers to include information that may be available from the Central Registry or any equivalent registry maintained in another jurisdiction in which the person has resided within the immediately preceding 5 years. **Sections 24, 27, 28, 31, 33, 34 and 60** of this bill authorize a school district, charter school, university school for profoundly gifted pupils or private school to: (1) cooperate with a law enforcement agency to obtain any available information on the background of an applicant, employee or volunteer; and (2) use information from the Central Registry in personnel decisions. **Sections 27, 28, 31, 33, 34 and 60** provide that the Superintendent of Public Instruction, the board of trustees of a school district, the governing body of a charter school, university school for profoundly gifted pupils or private school and the administrator of a private school cannot be held liable for any damages resulting from such action. **Section 28** provides that any provision of a collective bargaining agreement that prohibits a school district, charter school or university school for profoundly gifted pupils from taking such action is void.

Senate Bill No. 291.

Bill read third time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 888.

AN ACT relating to health care records; requiring a custodian of health care records to perform certain duties; **requiring a custodian of health care records to make certain health care records available for inspection by a coroner or medical examiner under certain circumstances;** revising the civil and criminal penalties for a custodian who violates certain requirements; authorizing the Board of Medical Examiners to take possession of the health care records of a licensee's patients under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a physician or other provider of health care to: (1) retain the health care records of patients for at least 5 years; (2) make available to investigators certain health care records of a patient who is suspected of having operated a motor vehicle while intoxicated; (3) maintain a record of information provided by a patient relating to health insurance

coverage; and (4) provide to the Department of Corrections the health care records of an offender confined at the state prison. (NRS 629.051, 629.065, 629.066, 629.068) **Sections 4 and 7-9** of this bill require the custodian of the relevant health care records to perform those duties. **Section 1** of this bill defines the custodian of health care records as any person having primary custody of those records or a facility that maintains the health care records of patients.

Existing law requires a provider of health care to make health care records available for inspection by a patient, certain representatives of a patient and certain government officials. (NRS 629.061) **Section 5** of this bill requires the custodian of health care records to make the records available for inspection, and includes in the definition of "health care records," for the purposes of that section, any records that reflect the amount charged for medical services or care provided to a patient. **Section 5 further requires the custodian of health care records to make health care records available for inspection by a coroner or medical examiner in the performance of his or her duties.**

A custodian of the health care records of a provider of health care is prohibited by existing law from preventing the provider from inspecting or obtaining copies of the records. If the custodian ceases to do business in this State, the custodian must deliver the records or copies of the records to the provider. Any violation of those requirements is a gross misdemeanor and subjects the custodian to a potential civil penalty of not less than $10,000, to be recovered in a civil action. (NRS 629.063) **Section 6** of this bill provides that only a custodian of health care records who is not licensed under certain provisions of NRS and who violates the foregoing requirements is guilty of a gross misdemeanor. **Section 6** also revises the civil penalty provisions so that ~~[$10,000]~~ **$5,000** is the maximum penalty that may be collected ~~[. Finally, section 6 provides that any action to recover a civil penalty must be brought by the district attorney of the county in which the action is brought.]~~ **for each violation as applied to a patient's entire health care record.**

Existing law requires certain providers of health care to retain the health care records of patients for 5 years after their receipt or production. (NRS 629.051) **Section 9.5** of this bill authorizes the Board of Medical Examiners to take possession of the health care records of a licensee's patients in the event of the licensee's death, disability, incarceration or other incapacitation that renders the licensee unable to continue his or her practice. **Section 9.5** further authorizes the Board to provide a patient's records to the patient or to the patient's subsequent provider of health care. **Section 9.5** also requires that certain disclosures regarding such records be provided to patients.

Amendment No. 868.

AN ACT relating to employment; requiring **certain** penalties and fines imposed by the Nevada Equal Rights Commission for certain unlawful discriminatory practices to be deposited in the State General Fund; **requiring civil penalties imposed by the Nevada Equal Rights Commission for certain unlawful employment practices to be deposited in the Nevada Equal Rights Commission Gift Fund for certain purposes;** making it an unlawful employment practice for an employer, employment agency or labor organization to discriminate against a person for inquiring about, discussing or disclosing information about wages in certain circumstances; revising provisions relating to unlawful employment practices; revising provisions governing the filing of complaints of employment discrimination with the Nevada Equal Rights Commission; revising the relief that the Commission may order if it determines that an unlawful employment practice has occurred; **authorizing a person who has been injured by an unlawful employment practice relating to discussing or disclosing information about wages to file a complaint with the Nevada Equal Rights Commission;** revising provisions relating to the time in which an employee may seek relief in district court for a claim of unlawful employment practices; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits an employer, employment agency, labor organization or joint labor-management committee from discriminating against any person with respect to employment or membership, as applicable, on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, disability or national origin. (NRS 613.330) Existing law also requires the Nevada Equal Rights Commission to accept certain complaints alleging unlawful discriminatory practices and, if the Commission determines that an unlawful practice has occurred, order: (1) the person engaging in the practice to cease and desist; and (2) for a case involving an unlawful employment practice, the restoration of all benefits and rights to which the aggrieved person is entitled. (NRS 233.157, 233.160, 233.170)

Section 1.5 of this bill revises provisions governing the filing of complaints alleging a practice of unlawful discrimination in compensation to

require that the complaint be filed within 300 days after any date on which: (1) a decision or practice resulting in discriminatory compensation is adopted; (2) a person becomes subject to such a decision or practice; or (3) a person is affected by an application of such a decision or practice. **Section 1.5** also requires the Commission to notify each party to a complaint of the period of time that a person may apply to a district court for relief. ~~[Section]~~ **Sections 2 and 2.5** of this bill ~~[revises]~~ **revise** the powers of the Commission to order remedies for unlawful employment practices. **Section 2** authorizes the Commission to: (1) award back pay for a period beginning 2 years before the date of the filing of a complaint regarding an unlawful employment practice and ending on the date the Commission issues an order regarding the complaint; (2) award costs and reasonable attorney's fees in cases involving an unlawful employment practice; (3) order payment of compensatory damages or, if the employer acted with malice or reckless indifference, punitive damages in cases involving an unlawful employment practice relating to discrimination on the basis of sex; and (4) order a civil penalty, in increasing amounts, for an unlawful employment practice that it determines is willful based on the number of such practices the person has committed in the previous 5 years. **Section 1** of this bill requires **, with limited exception,** that any penalty or fine imposed by the Commission for certain unlawful discriminatory practices be deposited in the State General Fund and authorizes the Commission to present a claim for recommendation to the Interim Finance Committee if money is required to pay certain costs. **Section 1 requires that any civil penalty imposed by the Commission for willful unlawful employment practices be deposited in the Nevada Equal Rights Commission Gift Fund and used to prevent unlawful employment practices through enforcement, outreach and training.**

Section 12 of this bill requires the Commission, if it does not conclude that an unfair employment practice has occurred, to issue a letter to the person who filed the complaint concerning an unfair employment practice. This letter must notify the person of his or her right to apply to the district court for an order relating to the alleged unfair employment practice ~~.~~ **,** ~~[,]~~ **and any potential punitive damages owed to the person.** **Section 13** of this bill provides that a person may apply to a district court for relief pursuant to **section 12** up to 180 days after the date of issuance of the letter described in **section 12**, in addition to the existing authority to apply to a district court for relief up to 180 days after the date of the alleged act.

This bill also enacts several provisions contained in the federal Paycheck Fairness Act, which was most recently introduced in the United States Senate on March 25, 2015, but has not been enacted to date. (S. 862 (114th)) Specifically, **section 3** of this bill prohibits an employer, employment agency or labor organization from discriminating against any person with respect to employment or membership, as applicable, for inquiring about, discussing or disclosing information about wages unless the person has access to information about the wages of other persons as part of his or her essential

job functions and discloses the information to a person who does not have access to that information. **Under section 11 of this bill, any person injured by such an unlawful employment practice may file a complaint with the Commission. Section 7** of this bill provides that it is an unlawful employment practice to use a qualification which is based upon or derived from a difference on the basis of sex or a qualification that an employer, employment agency, labor organization or joint labor-management committee has refused to change after being presented by an affected person with an alternative practice that would serve the same purpose in a manner that is less discriminatory on the basis of sex.

(b) Employment or public accommodations must be filed with the Commission not later than 300 days after the date of the occurrence of the alleged practice.

➥ A complaint is timely if it is filed with an appropriate federal agency within that period. A complainant shall not file a complaint with the Commission if any other state or federal administrative body or officer which has comparable jurisdiction to adjudicate complaints of discriminatory

practices has made a decision upon a complaint based upon the same facts and legal theory.

2. The complainant shall specify in the complaint the alleged unlawful practice and sign it under oath.

3. The Commission shall send to the party against whom an unlawful discriminatory practice is alleged:

(a) A copy of the complaint;

(b) An explanation of the rights which are available to that party; and

Sec. 2. NRS 233.170 is hereby amended to read as follows:

233.170 1. When a complaint is filed whose allegations if true would support a finding of unlawful practice, the Commission shall determine whether to hold an informal meeting to attempt a settlement of the dispute in accordance with the regulations adopted pursuant to NRS 233.157. If the Commission determines to hold an informal meeting, the Administrator may, to prepare for the meeting, request from each party any information which is reasonably relevant to the complaint. No further action may be taken if the parties agree to a settlement.

2. If an agreement is not reached at the informal meeting, the Administrator shall determine whether to conduct an investigation into the alleged unlawful practice in accordance with the regulations adopted pursuant to NRS 233.157. After the investigation, if the Administrator determines that an unlawful practice has occurred, the Administrator shall attempt to mediate between or reconcile the parties. The party against whom a complaint was filed may agree to cease the unlawful practice. If an agreement is reached, no further action may be taken by the complainant or by the Commission.

3. If the attempts at mediation or conciliation fail, the Commission may hold a public hearing on the matter. After the hearing, if the Commission determines that an unlawful practice has occurred, it may:

(a) Serve a copy of its findings of fact within 10 calendar days upon any person found to have engaged in the unlawful practice; and

(b) Order the person to:

(1) Cease and desist from the unlawful practice.

(2) In cases involving an unlawful employment practice, restore all benefits and rights to which the aggrieved person is entitled, including, but not limited to, rehiring, back pay for a period ~~[not to exceed 2 years after the date of the most recent unlawful practice,]~~ ***described in subsection 4,*** annual leave time, sick leave time or pay, other fringe benefits and seniority, with interest thereon from the date of the Commission's decision at a rate equal to the prime rate at the largest bank in Nevada, as ascertained by the Commissioner of Financial Institutions, on January 1 or July 1, as the case may be, immediately preceding the date of the Commission's decision, plus 2 percent. The rate of interest must be adjusted accordingly on each January 1 and July 1 thereafter until the judgment is satisfied.

(3) In cases involving an unlawful employment practice, pay the costs and reasonable attorney's fees incurred by the aggrieved person to pursue the claim.

(4) In cases involving an unlawful employment practice relating to discrimination on the basis of sex, pay an amount determined to be appropriate by the Commission as compensatory damages ~~[or, if the Commission determines that the employer acted with malice or reckless indifference, punitive damages.]~~ which, upon submission of proof by the aggrieved party, may include, without limitation, compensation that would have been earned in the absence of discrimination for overtime, shift differential, commissions, tips, cost of living adjustments, merit increases or promotions, or for other fringe benefits, including, without limitation, vacation pay, pension or retirement benefits, stock options or bonus plans, contributions to a savings plan, profit sharing or benefits for medical or life insurance.

(5) In cases involving an unlawful employment practice that the Commission determines was willful, pay a civil penalty of:

(I) For the first unlawful employment practice that the person has engaged in during the immediately preceding 5 years which the Commission determines was willful, not more than $10,000.

(II) For the second unlawful employment practice that the person has engaged in during the immediately preceding 5 years which the Commission determines was willful, not more than $15,000.

(III) For the third and any subsequent unlawful employment practice that the person has engaged in during the immediately preceding 5 years which the Commission determines was willful, not more than $25,000.

4. ***For the purposes of subparagraph (2) of paragraph (b) of subsection 3, the period for back pay must not exceed a period beginning 2 years before the date on which the complaint was filed and ending on the date***

the Commission issues an order pursuant to paragraph (b) of subsection 3 addressing all unlawful practices which occur during that period and which are similar or related to an unlawful practice in the complaint.

5. The Commission shall adopt regulations setting forth the manner in which the Commission will determine whether an unlawful employment practice was willful.

6. The order of the Commission is a final decision in a contested case for the purpose of judicial review. If the person fails to comply with the Commission's order, the Commission shall apply to the district court for an order compelling such compliance, but failure or delay on the part of the Commission does not prejudice the right of an aggrieved party to judicial review. The court shall issue the order unless it finds that the Commission's findings or order are not supported by substantial evidence or are otherwise arbitrary or capricious. If the court upholds the Commission's order and finds that the person has violated the order by failing to cease and desist from the unlawful practice or to make the payment ordered, the court ~~[shall]~~ **:**

(a) Shall award the aggrieved party actual damages for any economic loss **;** and ~~[no more.~~

~~5. 6.]~~ ***(b) May, if the court determines that the employer's act or failure to act was the result of malice or reckless indifference, impose an amount determined to be appropriate by the court as punitive damages.***

7. After the Commission has held a public hearing and rendered a decision, the complainant is barred from proceeding on the same facts and legal theory before any other administrative body or officer.

Senate Bill No. 406.

Bill read third time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 731.

AN ACT relating to court reporters; ~~[authorizing the issuance and renewal of a temporary certificate of registration to engage in the practice of court reporting in certain circumstances; prescribing a fee for the issuance and renewal of such a temporary certificate of registration;]~~ revising the qualifications for a certificate of registration as a court reporter; authorizing the Certified Court Reporters' Board of Nevada to take additional actions against certain unlicensed practices; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law authorizes a person who meets certain requirements to practice court reporting on a temporary basis, with the approval of the Certified Court Reporters' Board of Nevada, if there is an acknowledged shortage of court reporters. (NRS 656.145) Section 2 of this bill authorizes a natural person to obtain a temporary certificate of registration from the Board to engage in the practice of court reporting on a temporary basis if there is such an acknowledged shortage or the applicant is an active member of, or the spouse of an active member of, the Armed Forces of the United States and meets certain other requirements. Section 19 of this bill sets forth the fee for the issuance and renewal of such a temporary certificate of registration.]~~

Existing law provides that willfully altering a transcript of stenographic notes taken at any proceedings is a grounds for disciplinary action against a court reporter or court reporting firm. (NRS 656.250) **Section 4** of this bill further prohibits, with limited exceptions, a court reporter or a court reporting firm from altering the record of a proceeding after the transcript of the proceeding has been certified.

Sections 15, 20, 21, 24, 25, 29, 33 and 35 of this bill require licensed court reporting firms to comply with certain existing laws which apply to certified court reporters.

Existing law prohibits any person from putting out a sign or card or other device which indicates to members of the public that the person is entitled to engage in the practice of court reporting or conduct business as a court reporting firm. (NRS 656.145, 656.185) **Sections 10 and 15** of this bill prohibit the use of any identifying term by a natural person or business entity that may indicate to the public that the natural person or business entity is entitled to: (1) practice as a court reporter; or (2) conduct business as a court reporting firm.

Existing law requires an applicant for a certificate of registration as a court reporter to pass an examination administered by the **Certified Court Reporters'** Board **of Nevada** that includes a practical demonstration portion. (NRS 656.160, 656.180) **Section 12-14** of this bill: (1) eliminate the requirement for that portion of the examination and instead require such an applicant to receive a passing grade on one of two enumerated national

examinations; (2) revise the requirements for admission to the examination administered by the Board; and (3) revise the qualifications of an applicant for a certificate of registration as a certified court reporter.

Existing law authorizes the Attorney General of the State of Nevada, the district attorney of any county in the State or any resident to maintain an action in the name of the State of Nevada to enjoin any person from unlawfully engaging in the practice of court reporting or unlawfully conducting business as a court reporting firm without first obtaining a certificate or license or with a suspended or revoked certificate or license. (NRS 656.300) **Section 29** of this bill instead authorizes the Board to impose administrative fines against, issue citations to, and issue and serve orders to cease and desist on natural persons who and business entities that engage in such unlicensed practices or conduct.

Existing law provides that a person who violates any law or regulation governing court reporters and court reporting firms is subject to a civil penalty of not more than $5,000 for each violation. (NRS 656.360) **Section 35** of this bill removes that provision and instead authorizes the Board, after notice and hearing, to impose upon a natural person or business entity who violates any law or regulation governing certified court reporters and court reporting firms an administrative fine of not more than $5,000 for each violation for which the administrative fine is imposed.

Senate Bill No. 409.

Bill read third time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 885.

AN ACT relating to animals; revising provisions which prohibit a person from allowing a ~~[cat or dog]~~ **pet** to remain unattended in a motor vehicle under certain circumstances; requiring an animal control officer to take possession of and provide shelter and care for an animal being treated cruelly under certain circumstances; authorizing an animal control officer to take possession of any animals or other property used in fights among animals under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a person from allowing a cat or dog to remain unattended in a parked or standing motor vehicle during a period of extreme heat or cold or in any other manner that endangers the health or safety of the animal. Exceptions are provided for certain animals used by or in the possession of certain law enforcement, animal control or search and rescue personnel or certain persons who are actively engaged in hunting or related activities. Certain peace officers, animal control personnel and other public safety personnel are authorized to use any force that is reasonable and necessary under the circumstances to remove the cat or dog from the motor vehicle. A person who violates that prohibition is guilty of a misdemeanor. A cat or dog removed from a motor vehicle under these circumstances is deemed an animal being treated cruelly, and the law enforcement officer or other person rendering emergency services who removed the cat or dog is extended the same immunity from liability for his or her actions that is conferred upon law enforcement or animal control personnel who are required to seize animals which are being treated cruelly. (NRS 574.055, 574.195)

A similar existing law prohibits a parent, legal guardian or other person responsible for a child who is 7 years of age or younger from knowingly and intentionally leaving that child in a motor vehicle if: (1) the conditions present a significant risk to the health and safety of the child; or (2) the engine of the motor vehicle is running or the keys are in the ignition. Exceptions are provided if: (1) the child is being supervised by and within the sight of a person who is at least 12 years of age; or (2) the person responsible for the child unintentionally locks a motor vehicle with the child in the vehicle. A person who violates that prohibition is guilty of a misdemeanor. A law enforcement officer or other person rendering emergency services may, without incurring civil liability, use any reasonable means necessary to protect the child and to remove the child from the motor vehicle. (NRS 202.575)

Section 5 of this bill repeals the provisions of existing law which prohibit a person from allowing a cat or dog to remain unattended in a motor vehicle. **Section 3** of this bill reenacts those provisions **to apply to a pet** with certain revisions based upon the provisions of existing law related to leaving a child unattended in a motor vehicle, excepting the provision regarding leaving a ~~[cat or dog]~~ **pet** in the motor vehicle with the motor running. **Section 3** also provides that certain persons are authorized, without incurring civil liability, to use any reasonable means necessary to protect the ~~[cat or dog]~~ **pet** and to remove the ~~[cat or dog]~~ **pet** from the motor vehicle. **Section 2** of this bill adds a definition of the term "motor vehicle" to chapter 202 of NRS to apply to both the new section added by **section 3** of this bill and the similar existing law that applies to children. **Section 4** of this bill amends the existing law that applies to children to remove the definition made superfluous by **section 2**.

Existing law requires any peace officers and officers of a society for the prevention of cruelty to animals who are authorized to make arrests to take possession of animals being treated cruelly. (NRS 574.055) **Section 4.3** of this bill requires animal control officers to take such possession, and removes that requirement for officers of a society for the prevention of cruelty to animals who are authorized to make arrests. Existing law also authorizes peace officers authorized to make arrests to take possession of any animals or other property being used in fights among animals under certain circumstances. (NRS 574.080) **Section 4.7** of this bill extends that authority to animal control officers.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 202 of NRS is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this act.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 432B of NRS is hereby amended by adding thereto the provisions set forth as sections 2 to 9, inclusive, of this act.

Sec. 2. ***1. The provisions of chapter 128 of NRS, to the extent they do not conflict with the provisions of sections 2 to 9, inclusive, of this act, apply to all proceedings concerning the termination of parental rights that are commenced pursuant to this section by an agency which provides child welfare services.***

2. ~~[Except as otherwise provided in subsection 3, if]~~ If a child is determined to be a child in need of protection pursuant to NRS 432B.550, an agency which provides child welfare services may, at any stage of a proceeding held pursuant to this chapter, file a motion for the termination of parental rights as part of the proceeding.

Sec. 3. ***1. After a motion for the termination of parental rights is filed pursuant to section 2 of this act, unless a party to be served voluntarily appears and consents to the hearing, and except as otherwise provided in subsection 3, a copy of the motion and notice of the hearing must be served, either together or separately, upon all parties to the proceeding by personal service or, if the whereabouts of the person are unknown, obtaining an order from the court that service may be made by publication in accordance with the procedure set forth in subsections 1, 3, 4 and 5 of NRS 128.070 and subsection 2.***

2. If a court orders that service be made by publication pursuant to subsection 1 and the person to be served by publication has a last known address, personal service must also be attempted before service of the notice is deemed to be complete. The court order must direct the

publication to be made in a newspaper designated by the court at least once every week for a period of 4 weeks. If personal service is also attempted, service of the notice shall be deemed to be complete at the expiration of such a period. The provisions of this subsection and subsection 1 must not be construed to preclude personal service and service by publication from being attempted simultaneously.

3. Service shall be deemed to be complete if a party to be served appears in court for a hearing held pursuant to this chapter and the court provides the party with a copy of the motion, notifies the party of the date of the hearing on the motion and records such service.

4. Except as otherwise provided in subsection 5, a copy of the motion and notice of the hearing on the motion must be sent by certified mail to:

Except as otherwise provided in section 5 of this act or another provision of law, the name and address of the prospective adoptive parent must be kept confidential.

7. Any party to the proceeding may file a written response to the motion.

Sec. 4. ***1. At the time stated in the notice of the hearing, or at the earliest time thereafter to which the hearing may be postponed, the parties to the proceeding shall, except as otherwise provided in this subsection, appear in person before the court and must be informed of the specific allegations set forth in the motion for the termination of parental rights. (b) Voluntarily relinquish his or her parental rights with or without the possibility of an open adoption agreement established through mediation pursuant to section 5 of this act, in which case a hearing must be scheduled for the purpose of confirming such voluntary relinquishment.

3. If an evidentiary hearing is scheduled pursuant to paragraph (a) of subsection 2, the court may also order a party to the proceeding to participate in mediation pursuant to section 5 of this act.

4. If a party to the proceeding does not appear at the time stated in the notice and the court determines that he or she was given proper notice pursuant to section 3 of this act, the court may proceed to hear evidence and render its decision or postpone hearing any evidence until an evidentiary hearing is conducted concerning any other party to the proceeding.

5. If the court postpones hearing evidence pursuant to subsection 4, ~~[no]~~ further notice to the absent party is required ~~[.]~~ unless the court, in its discretion, considering the facts and circumstances of the case, determines that no additional notice to the absent party is required.

Sec. 5. *1. 2. A party to the proceeding may make a motion for mediation at any time after the commencement of a proceeding for the termination of parental rights but not less than 5 judicial days before a scheduled evidentiary hearing.

3. Persons ordered to participate in mediation pursuant to subsection 1 shall complete such mediation not later than ~~[20]~~ 60 calendar days after the court issues the order for mediation.

4. If the persons ordered to participate in mediation agree to the terms of an open adoption, the terms must be set forth in a written agreement at the time of mediation.

Sec. 6. *~~[1.]~~ During an evidentiary hearing, ~~[any oral or written reports or information contained in a report filed pursuant to this chapter that are received by the court may be relied upon to the extent of the probative value thereof. orally in court before being set forth in a written order. The order of the court must include a notice of the right of a party to appeal the decision of the court. The order granting or denying a motion for the termination of parental rights is a final order of the court and the parties have the right to appeal the decision of the court in accordance with chapter 128 of NRS.

Sec. 8. ***Except as otherwise provided in this section, if a party appeals the decision of the court pursuant to section 7 of this act, the appellate court of competent jurisdiction shall use its best efforts to ensure that the matter is resolved not later than 6 months after the appeal is filed. If the appellate court orders full briefings on the matter, it shall use its best efforts to ensure that the matter is resolved not later than 12 months after the appeal is filed.***

Sec. 9. ***If a person seeks to restore the parental rights of a natural parent or parents pursuant to NRS 128.170 to 128.190, inclusive, and the child whose natural parent or parents have had their parental rights terminated or have relinquished their parental rights is subject to the jurisdiction of the juvenile court pursuant to this chapter, the petition for the restoration of parental rights must be filed as part of a proceeding held pursuant to this chapter.***

Sec. 10. Chapter 128 of NRS is hereby amended by adding thereto a new section to read as follows:

Legislative Counsel's Digest:

Existing law defines the term "ward" for purposes of the provisions of law governing guardianships as any person for whom a guardian has been appointed. (NRS 159.027) **Section 20** of this bill replaces the term "ward" with the term "protected person."

Sections 4-11 of this bill establish provisions relating to the right of a protected person to communicate, visit or interact with his or her parent, child or sibling or a person of natural affection, which **section 3** of this bill defines as a person who is not a family member of a protected person but who shares a relationship with the protected person that is similar to the relationship between family members. **Section 5** generally prohibits a guardian from restricting the right of a protected person to communicate, visit or interact with such persons except in certain circumstances.

Section 6 authorizes a guardian to petition a court to issue an order restricting the ability of a parent, child or sibling of a protected person or a person of natural affection to communicate, visit or interact with a protected person for good cause. **Section 6** requires a court to consider certain factors when determining whether to issue such an order and requires a guardian to provide the court with documentation of any physical reactions or manifestations of agitation, distress or combative or overly emotional behavior by the protected person during or following any contact with any such person or opposition by the protected person to any communication, visitation or interaction with any such person if the protected person is unable to communicate verbally. **Section 7** requires a court to consider imposing certain restrictions on communication, visitation or interaction between a protected person and any such person in a certain order of preference.

Section 8 authorizes any person who reasonably believes a guardian has violated a court order or committed an abuse of discretion in ~~[determining a protected person's consent to or refusal of]~~ **restricting** communication, visitation or interaction ~~[with]~~ **between a protected person and** his or her parent, child or sibling or a person of natural affection to petition the court to take certain action.

Section 9 requires the court to schedule a hearing on a petition filed by a guardian or person pursuant to **section 6 or 8**, respectively, not later than 63

days after the date the petition is filed. **Section 9** also requires the court to conduct an emergency hearing as soon as practicable, but not later than 7 days after the date the petition is filed, if the petition states that that health of the protected person is in significant decline or the death of the protected person might be imminent.

Section 10 establishes provisions concerning who has the burden of proof in a proceeding held pursuant to **sections 4-11**, and **section 11** sets forth certain sanctions.

Sections 12 and 13 of this bill establish provisions regarding certain notifications concerning a protected person that a guardian is required to give to certain interested persons. **Section 12** generally requires a guardian to file with the court a notice of his or her intent to move a protected person and to serve notice upon such interested persons not less than 10 days before moving the protected person. If an objection to the move is not received from any interested person within 10 days after receiving the notice, the guardian is authorized to move the protected person without court permission. **Section 12** further provides that if an emergency condition exists, the guardian is authorized to take any temporary action needed without court permission and is required to file notice with the court and serve notice upon all interested persons as soon as practicable after taking such action. **Section 26** of this bill revises provisions of existing law governing the authority of a guardian of the person to establish or change the residence of a protected person to conform with the provisions of **section 12**.

Section 13 requires a guardian to notify immediately all interested persons and persons of natural affection: (1) if the guardian believes, based on information from certain qualified persons, that the death of the protected person is likely to occur within the next 30 days; (2) upon the death of the protected person; and (3) upon obtaining any information relating to the burial or cremation of the protected person. If the guardian is providing notification of the death of the protected person, the guardian is required to provide such notification in a certain manner pursuant to **section 13**.

Section 12 also: (1) provides that any notification given by a guardian relating to moving a protected person or the death or impending death of a protected person must include the current location of the protected person unless an order of protection has been issued against an interested person or a person of natural affection on behalf of the protected person; and (2) establishes the circumstances in which a guardian is not required to provide notification to an interested person or person of natural affection.

Section 14 of this bill authorizes a guardian of the person to take certain actions if a guardian of the estate has not been appointed and provides that if a guardian of the estate has been appointed, a guardian of the person may receive reasonable sums for any room and board furnished to a protected person if the guardian presents a claim to the guardian of the estate.

Section 17 of this bill authorizes a court to take certain action if a guardian violates any right of a protected person and to impose twice the actual

damages incurred by the protected person and attorney's fees and costs if any action by a guardian is deemed to be deliberately harmful or fraudulent or to have been committed with malice.

Existing law authorizes a court to appoint a person to represent a ward or proposed ward as a guardian ad litem. (NRS 159.0455) **Section 22** of this bill revises provisions relating to such an appointment and authorizes a court to appoint a volunteer person who is not an attorney as a guardian ad litem to represent a protected person or proposed protected person if a court-approved volunteer advocate program for guardians ad litem is established in the judicial district.

Existing law provides that if an adult ward or proposed adult ward is unable to retain legal counsel and requests the appointment of counsel at any stage in a guardianship proceeding, the court is required to appoint an attorney who works for legal aid services or a private attorney to represent the adult ward or proposed adult ward. (NRS 159.0485) **Section 23** of this bill provides that upon the filing of a petition for the appointment of a guardian for a proposed protected person who is an adult, the court is required to appoint an attorney to represent the proposed protected person unless the proposed protected person wishes to retain or has already retained an attorney. The court is required to appoint an attorney who works for an organization operating a program for legal services for the indigent which provides legal services for protected persons and proposed protected persons who are adults if the county in which the proposed protected person lives has such a program that is able to accept the case. If the county in which the proposed protected person resides does not have such a program or the program is unable to accept the case, the court is required to determine whether the proposed protected person has the ability to pay the reasonable compensation and expenses of an attorney from his or her estate and, if so, order an attorney to represent the proposed protected person and require the compensation and expenses of the attorney to be paid from the estate. If the proposed protected person does not have the ability to pay, the court is authorized to use money set aside for the purpose of assisting such proposed protected persons to pay for an attorney to represent the proposed protected person.

Existing law requires a proposed ward who is found in this State to attend the hearing for the appointment of a guardian unless a certificate that includes certain information, including why the proposed ward cannot attend the hearing, is signed by a qualified person. If the proposed ward is an adult and cannot attend the hearing by videoconference, the person who signs the certificate or another qualified person is required to inform the proposed ward of certain rights of the proposed ward, including the right to counsel, and ask the proposed ward if he or she wishes to be represented by counsel (NRS 159.0535) **Section 24** of this bill removes such a requirement.

Existing law requires a guardian of the person to file with the court a written report on the condition of the ward and the exercise of authority and

performance of duties by the guardian at certain specified times. (NRS 159.081) **Section 27** of this bill requires that certain information be included in such a report. Existing law also requires a guardian of the estate or special guardian who is authorized to manage the property of a ward to file with the court a verified account of the estate of the ward at certain specified times and requires the account to include certain information. (NRS 159.177, 159.179) **Section 28** of this bill requires the account to be served on the protected person and the attorney of the protected person**. ~~[, and section]~~ Section 29** of this bill revises the requirements relating to the account **~~[.]~~ and revises provisions relating to producing or filing with the court the receipts and vouchers for all expenditures included in the account.** **Section 16** of this bill authorizes a court to impose a penalty in an amount not to exceed $5,000 and order restitution of any money misappropriated from the estate of a protected person if a guardian is guilty of gross impropriety in handling the property of the protected person, makes a substantial misstatement in any such report or account or willfully fails to file such a report or account within a certain period after receiving written notice from the court of the failure to file.

Section 15 of this bill provides that a protected person or his or her attorney is entitled to receive copies of any accountings relating to any trusts created by or for the benefit of the protected person.

Section 31 of this bill revises the circumstances in which a court may remove a guardian. **Section 32** of this bill provides that upon the filing of a petition for the termination or modification of a guardianship, the court is required to appoint an attorney to represent the protected person if: (1) the protected person is unable to retain an attorney; or (2) the court determines that the appointment is necessary to protect the interests of the protected person.

Existing law authorizes or requires the imposition of various fees in civil actions, including fees specific to the filing of a petition for a guardianship. (NRS 19.013-19.0335) **Section 33** of this bill reduces the fee for filing a petition for a guardianship where the stated value of the estate is more than $2,500 from $72 to $5. **Section 33** also specifies that no other fee may be charged or collected for the filing of a petition for a guardianship.

Existing law requires a county recorder to charge and collect a fee of $1 for recording a document, instrument, paper, notice, deed, conveyance, map, chart, survey or any other writing other than an originally signed copy of a certificate of marriage, which the county treasurer is required to remit to the State Treasurer for credit to the Account to Assist Persons Formerly in Foster Care. (NRS 247.305) **Section 36** of this bill requires a county recorder to charge and collect an additional fee of $3 for the recording of such documents, which the county treasurer is required to remit: (1) to the organization operating the program for legal services for the indigent in the county, to be used to provide legal services for protected persons or proposed protected persons who are adults in guardianship proceedings and, if

sufficient funding exists, protected persons and proposed protected persons who are minors in guardianship proceedings; or (2) if such an organization does not exist in the judicial district, to an account maintained by the county for the exclusive use of the district court to pay the reasonable compensation and expenses of attorneys to represent protected persons and proposed protected persons who are adults and do not have the ability to pay such compensation and expenses. **Section 37** of this bill requires a county recorder to charge and collect an additional fee of $1 for the recording of such documents, which the county treasurer is required to remit to an account maintained by the county for the exclusive use of the district court to pay the compensation of certain investigators appointed by the court. **Section 41** of this bill provides that **section 37** becomes effective if, and only if, Assembly Bill No. 319 of this session is enacted by the Legislature and becomes effective.

~~3.~~ *(c) The restriction on the communication, visitation or interaction with the relative or person of natural affection is authorized by a court order* ~~[.]~~ *;*

3. A guardian may consent to restricting the communication, visitation or interaction between a protected person and a relative or person of natural affection pursuant to paragraph (e) of subsection 1 if the guardian determines that such a restriction is in the best interests of the protected person. If a guardian makes such a determination, the guardian shall file a notice with the court that specifies the restriction on communication, visitation or interaction not later than 10 days after the guardian is informed of the findings in the plan for the care or treatment of the protected person. The guardian shall serve the notice on the protected person, the attorney of the protected person and any person who is the subject of the restriction on communication, visitation or interaction.

Sec. 6. *1. For good cause, a guardian may petition a court to issue an order restricting the ability of a relative or person of natural affection to communicate, visit or interact with a protected person.*

When determining whether to issue an order, a court shall consider the following factors:

(a) Whether any protective order has been issued to protect the protected person from the relative or person of natural affection;

(b) Whether the relative or person of natural affection has been charged with abuse, neglect or financial exploitation of the protected person;

(c) Whether the protected person has expressed to the court or to the guardian and at least one other independent witness who is not affiliated with or related to the guardian or the protected person a desire to or a desire not to communicate, visit or interact with the relative or person of natural affection;

4. If a protected person is unable to communicate verbally, the guardian shall provide the court with documentation of any physical reactions or manifestations of agitation, distress or combative or overly emotional behavior by the protected person during or following any contact with a relative or person of natural affection or any opposition by the protected person to any communication, visitation or interaction with a relative or person of natural affection for the purpose of allowing the court to consider whether the protected person has expressed a desire not to communicate, visit or interact with the relative or person of natural affection, as set forth in paragraph (c) of subsection 3. Such documentation may include, without limitation, any nursing notes, caregiver records, medical records or testimony of witnesses.

5. A guardian, protected person, relative or person of natural affection may petition the court to modify or rescind any order issued pursuant to this section.

protected person and the relative or person of natural affection or the wishes of the protected person;

(b) Requiring that any communication, visitation or interaction between the protected person and the relative or person of natural affection be supervised; and

(c) Denying communication, visitation or interaction between the protected person and the relative or person of natural affection.

2. If the court determines that the relative or person of natural affection poses a threat to the protected person, the court may order supervised communication, visitation or interaction pursuant to paragraph (b) of subsection 1 before denying any communication, visitation or interaction.

Sec. 8. *1. If any person, including, without limitation, a protected person, reasonably believes that a guardian has committed an abuse of discretion in making a determination pursuant to paragraph (b) of subsection ~~[2]~~ 1 or subsection 3 of section 5 of this act or has violated a court order issued pursuant to section 6 of this act, the person may petition the court to:*

3. If a court issues an order for an emergency hearing pursuant to subsection 2, the court may order supervised communication, visitation or interaction between the protected person and the relative or person of natural affection before the hearing.

4. Notice of the hearing, a copy of the petition and a copy of any order issued pursuant to subsection 2, if applicable, must be personally served upon the protected person and any person against whom the petition is filed. Nothing in this section affects the right of the protected person to appear and be heard in the proceedings.

Sec. 10. *In a proceeding held pursuant to sections 4 to 11, inclusive, of this act:*

(a) Petitions the court to restrict the ability of a relative or person of natural affection to communicate, visit or interact with a protected person pursuant to subsection 1 of section 6 of this act;

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 733.

AN ACT relating to wages; authorizing a domestic service employee who resides in the household where he or she works and his or her employer to enter into a written agreement to exclude from the ~~[employee's]~~ wages **of the domestic service employee** certain specified periods for meals, sleep and other free time; authorizing such an agreement to be used to establish the number of hours worked by the **domestic service** employee during a pay period; revising provisions relating to the payment of certain compensation

for overtime to a domestic service employee who resides in the household where he or she works; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires an employer to pay compensation to an employee for each hour the employee works. (NRS 608.016) Existing federal regulations allow a domestic service employee who resides in the household where he or she works and his or her employer to agree to exclude from the employee's wages certain periods of complete freedom from all duties. (29 C.F.R. § 552.102) **Section ~~[1]~~ 1.5** of this bill enacts provisions based on federal regulations to provide that a domestic service employee who resides in the household where he or she works and his or her employer may agree to exclude from the **domestic service** employee's wages certain periods for meals, sleep and other periods of complete freedom from all duties. Under **section ~~[1,]~~ 1.5,** if a period excluded from the **domestic service** employee's wages is interrupted by a call to duty by the employer, the interruption must be counted as hours worked for which compensation must be paid. **Section 1.3 of this bill defines "domestic service employee" to mean an employee who performs any household services in or about a private residence or any other location at which a person resides and includes caregivers and other persons who are employed at a residential facility for groups.**

Existing law requires an employer to pay 1 1/2 times certain employee's regular wage rates for certain periods of overtime. (NRS 608.018) Under existing law, domestic service employees who reside in the household where they work are exempt from this requirement. (NRS 608.018, 608.250) **Section 2.5** of this bill provides that ~~[such an]~~ **a domestic service** employee is exempt from the requirement to pay overtime compensation only if the **domestic service** employee and his or her employer have agreed in writing to exclude the **domestic service** employee from the requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

2. If a period excluded from the [employee's] wages of the domestic service employee pursuant to this section is interrupted by a call to duty by the employer, the interruption must be counted as hours worked for which compensation must be paid.

3. An agreement pursuant to this section may be used to establish the [employee's] total hours [employed] of employment of a domestic service employee in a pay period in lieu of maintaining precise records of the number of hours worked per day. The employer shall keep a copy of the agreement and indicate in the record of wages pursuant to NRS 608.115 that the [employee's] work time of the domestic service employee generally coincides with the agreement. If it is found by the parties that there is a significant deviation from the initial agreement, a separate record must be kept for the period in which the deviation occurs or a new agreement must be reached that reflects the actual facts.

(Chapter 309 of NRS) In 1967, the Nevada Legislature eliminated the authority to create such a district. (NRS 309.025) The only local improvement district currently in existence which is organized pursuant to the Nevada Improvement District Act is Douglas County Sewer Improvement District No. 1. **Section 36** of this bill repeals the Nevada Improvement District Act. **Sections 1-5 and 7-11** of this bill make conforming changes. **Section 35** of this bill abolishes Douglas County Sewer Improvement District No. 1. **Section 6** of this bill makes a conforming change.

Sections 12-34 of this bill establish the Douglas County Lake Tahoe Sewer Authority Act, which creates the Douglas County Lake Tahoe Sewer Authority for the purpose of furnishing certain residents of this State with an adequate system of sewage collection and treatment and disposal of wastewater. **Section 23** of this bill exempts certain property of the Authority from state, county and municipal taxation. **Section 24** of this bill authorizes the Authority to enter into certain interlocal cooperative agreements with general improvement districts, and authorizes a general improvement district which is party to such an agreement to authorize the Authority to exercise powers, privileges and authority belonging to the general improvement district. **Section 25** of this bill provides that the Authority is a public employer, subject to certain provisions governing retirement for public employees.

Section 26 of this bill creates and provides for the appointment of a Board of Trustees which is charged with directing and governing the Authority. **Section 27** of this bill requires each trustee on the Board to file an oath of office and a bond. **Sections 28 and 29** of this bill set forth provisions governing the procedures and duties of the Board.

Sections 30 and 31 of this bill set forth the powers of the Authority and the Board. **Section 32** of this bill requires the Board to adopt an ordinance governing the financing of the Authority. **Section 33** of this bill exempts the Authority from regulation by the Public Utilities Commission of Nevada. **Section 33.5 of this bill requires approval from the Board and a majority of the owners of property located within the boundaries of the service area of the Authority before the Authority is authorized to merge or consolidate with a general improvement district.**

Section 34 of this bill directs the Douglas County Lake Tahoe Sewer Authority to assume the debts, obligations, liabilities and assets of Douglas County Sewer Improvement District No. 1.

Under existing law, if a majority of the members of the board of county commissioners of a county deems it to be in the best interest of the county and of a general improvement district that was exercising three specified powers on October 1, 2005, related to sanitary sewer improvements, the collection and disposal of garbage or refuse and the supply, storage and distribution of water that the district be merged, consolidated or dissolved, the board of county commissioners is required to submit the question of the merger, consolidation or dissolution to the board of trustees of the district. If the board of trustees of the district does not agree to the merger, consolidation or dissolution within 90 days after the submission of the question to the board of trustees, existing law prohibits the merger, consolidation or dissolution of the district. (NRS 318.490) **Section 3** of this bill requires the submission of the question of merger, consolidation or dissolution to the board of trustees of a district that has annual revenues of more than $1,000,000 and was exercising any of those three specified powers on October 1, 2005.

(10) In order to preserve the scenic beauty and outdoor recreational opportunities of the region, there is a need to insure an equilibrium between the region's natural endowment and its man-made environment.

(b) In order to enhance the efficiency and governmental effectiveness of the region, it is imperative that there be established a Tahoe Regional Planning Agency with the powers conferred by this compact including the power to establish environmental threshold carrying capacities and to adopt and enforce a regional plan and implementing ordinances which will achieve and maintain such capacities while providing opportunities for orderly growth and development consistent with such capacities.

The member appointed pursuant to this subparagraph may, but is not required to, be a resident of the region within the State of Nevada.

(3) If any appointing authority under paragraph (1)(A), (1)(B), (2)(A) or (2)(B) fails to make such an appointment within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body, the governor of the state in which the appointing authority is located shall make the appointment. (b) The members of the agency shall serve without compensation, but the expenses of each member shall be met by the body which he represents in accordance with the law of that body. Notice of the date so fixed shall be given by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region. Notice of any special meeting, except an emergency meeting, shall be given by so publishing the date and place and posting an agenda at least 5 days prior to the meeting.

(e) The position of a member of the governing body shall be considered vacated upon his loss of any of the qualifications required for his appointment and in such event the appointing authority shall appoint a successor.

(f) The governing body shall elect from its own members a chairman and vice chairman, whose terms of office shall be 2 years, and who may be reelected. If a vacancy occurs in either office, the governing body may fill such vacancy for the unexpired term.

(g) Four of the members of the governing body from each state constitute a quorum for the transaction of the business of the agency. The voting procedures shall be as follows:

If there is no vote of at least four of the members from one state agreeing with the vote of at least four of the members of the other state on the actions specified in this paragraph, an action of rejection shall be deemed to have been taken.

indicates that the project complies with the regional plan and with applicable ordinances, rules and regulations of the agency.

(3) For routine business and for directing the agency's staff on litigation and enforcement actions, at least eight members of the governing body must agree to take action. If at least eight votes in favor of such action are not cast, an action of rejection shall be deemed to have been taken.

➥ Whenever under the provisions of this compact or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency is required to review or approve any project, public or private, the agency shall take final action by vote, whether to approve, to require modification or to reject such project, within 180 days after the application for such project is accepted as complete by the agency in compliance with the agency's rules and regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If a final action by vote does not take place within 180 days, the applicant may bring an action in a court of competent jurisdiction to compel a vote unless he has agreed to an extension. This provision does not limit the right of any person to obtain judicial review of agency action under subdivision (h) of Article VI. The vote of each member of the governing body shall be individually recorded. The governing body shall adopt its own rules, regulations and procedures.

(h) An advisory planning commission shall be appointed by the agency. Any official member may designate an alternate.

The term of office of each lay member of the advisory planning commission shall be 2 years. Members may be reappointed.

The position of each member of the advisory planning commission shall be considered vacated upon loss of any of the qualifications required for appointment, and in such an event the appointing authority shall appoint a successor.

The advisory planning commission shall elect from its own members a chairman and a vice chairman, whose terms of office shall be 2 years and who may be reelected. If a vacancy occurs in either office, the advisory planning commission shall fill such vacancy for the unexpired term.

A majority of the members of the advisory planning commission constitutes a quorum for the transaction of the business of the commission. A

majority vote of the quorum present shall be required to take action with respect to any matter.

(i) The agency shall establish and maintain an office within the region, and for this purpose the agency may rent or own property and equipment. Every plan, ordinance and other record of the agency which is of such nature as to constitute a public record under the law of either the State of California or the State of Nevada shall be open to inspection and copying during regular office hours.

(j) Each authority charged under this compact or by the law of either state with the duty of appointing a member of the governing body of the agency shall by certified copy of its resolution or other action notify the Secretary of State of its own state of the action taken.

ARTICLE IV. Personnel

(a) The governing body shall determine the qualification of, and it shall appoint and fix the salary of, the executive officer of the agency, and shall employ such other staff and legal counsel as may be necessary to execute the powers and functions provided for under this compact or in accordance with any intergovernmental contracts or agreements the agency may be responsible for administering.

(b) Agency personnel standards and regulations shall conform insofar as possible to the regulations and procedures of the civil service of the State of California or the State of Nevada, as may be determined by the governing body of the agency; and shall be regional and bistate in application and effect; provided that the governing body may, for administrative convenience and at its discretion, assign the administration of designated personnel arrangements to an agency of either state, and provided that administratively convenient adjustments be made in the standards and regulations governing personnel assigned under intergovernmental agreements.

(c) The agency may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford employees of the agency terms and conditions of employment similar to those enjoyed by employees of California and Nevada generally.

The notice required by this subdivision shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general

throughout the region and in each county a portion of whose territory lies within the region.

The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this subdivision.

If a request is made for the amendment of the regional plan by:

(1) A political subdivision a part of whose territory would be affected by such amendment; or

(2) The owner or lessee of real property which would be affected by such amendment,

➥ the governing body shall complete its action on such amendment within 180 days after such request is accepted as complete according to standards which must be prescribed by ordinance of the agency.

(b) The agency shall develop, in cooperation with the states of California and Nevada, environmental threshold carrying capacities for the region. The agency should request the President's Council on Environmental Quality, the United States Forest Service and other appropriate agencies to assist in developing such environmental threshold carrying capacities. Within 18 months after the effective date of the amendments to this compact, the agency shall adopt environmental threshold carrying capacities for the region.

(c) Within 1 year after the adoption of the environmental threshold carrying capacities for the region, the agency shall amend the regional plan so that, at a minimum, the plan and all of its elements, as implemented through agency ordinances, rules and regulations, achieves and maintains the adopted environmental threshold carrying capacities. Each element of the plan shall contain implementation provisions and time schedules for such implementation by ordinance. The planning commission and governing body shall continuously review and maintain the regional plan. The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals of the region and a statement of the policies, standards and elements of the regional plan.

The regional plan shall be a single enforceable plan and includes all of the following correlated elements:

(1) A land-use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to an indication or allocation of maximum population densities and permitted uses.

(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to parkways, highways, transportation facilities, transit routes, waterways, navigation facilities, public transportation facilities, bicycle facilities, and appurtenant terminals and facilities for the movement of people and goods within the region. The goal of transportation planning shall be:

(A) To reduce dependency on the automobile by making more effective use of existing transportation modes and of public transit to move people and goods within the region; and

(B) To reduce to the extent feasible air pollution which is caused by motor vehicles.

➥ Where increases in capacity are required, the agency shall give preference to providing such capacity through public transportation and public programs and projects related to transportation. The agency shall review and consider all existing transportation plans in preparing its regional transportation plan pursuant to this paragraph.

The plan shall provide for an appropriate transit system for the region.

The plan shall give consideration to:

➥ Until the regional plan is revised, or a new transportation plan is adopted in accordance with this paragraph, the agency has no effective transportation plan.

(3) A conservation plan for the preservation, development, utilization, and management of the scenic and other natural resources within the basin, including but not limited to, soils, shoreline and submerged lands, scenic corridors along transportation routes, open spaces, recreational and historical facilities.

(4) A recreation plan for the development, utilization, and management of the recreational resources of the region, including but not limited to, wilderness and forested lands, parks and parkways, riding and hiking trails, beaches and playgrounds, marinas, areas for skiing and other recreational facilities.

(5) A public services and facilities plan for the general location, scale and provision of public services and facilities, which, by the nature of their function, size, extent and other characteristics are necessary or appropriate for inclusion in the regional plan.

In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region.

(d) The regional plan shall provide for attaining and maintaining federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.

The agency may, however, adopt air or water quality standards or control measures more stringent than the applicable state implementation plan or the applicable federal, state, or local standards for the region, if it finds that such additional standards or control measures are necessary to achieve the purposes of this compact. Each element of the regional plan, where applicable, shall, by ordinance, identify the means and time schedule by which air and water quality standards will be attained.

(e) Except for the Regional Transportation Plan of the California Tahoe Regional Planning Agency, the regional plan, ordinances, rules and regulations adopted by the California Tahoe Regional Planning Agency in effect on July 1, 1980, shall be the regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency for that portion of the Tahoe region located in the State of California. Such plan, ordinance, rule or regulation may be amended or repealed by the governing body of the agency. The plans, ordinances, rules and regulations of the Tahoe Regional Planning Agency that do not conflict with, or are not addressed by, the California Tahoe Regional Planning Agency's plans, ordinances, rules and regulations referred to in this subdivision shall continue to be applicable unless amended or repealed by the governing body of the agency. No provision of the regional plan, ordinances, rules and regulations of the California Tahoe Regional Planning Agency referred to in this subdivision shall apply to that portion of the region within the State of Nevada, unless such provision is adopted for the Nevada portion of the region by the governing body of the agency.

(f) The regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency apply to that portion of the region within the State of Nevada.

(g) The agency shall adopt ordinances prescribing specific written findings that the agency must make prior to approving any project in the region. These findings shall relate to environmental protection and shall insure that the project under review will not adversely affect implementation of the regional plan and will not cause the adopted environmental threshold carrying capacities of the region to be exceeded.

(h) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

(i) Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation

and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private persons.

ARTICLE VI. Agency's Powers

(a) The governing body shall adopt all necessary ordinances, rules, and regulations to effectuate the adopted regional plan. Except as otherwise provided in this compact, every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the region. Any political subdivision or public agency may adopt and enforce an equal or higher requirement applicable to the same subject of regulation in its territory. The regulations of the agency shall contain standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers, harbors, breakwaters or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; floodplain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the regional plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the regional plan.

The agency shall prescribe by ordinance those activities which it has determined will not have substantial effect on the land, water, air, space or any other natural resources in the region and therefore will be exempt from its review and approval.

Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

(b) No project other than those to be reviewed and approved under the special provisions of subdivisions (d), (e), (f) and (g) may be developed in the region without obtaining the review and approval of the agency and no project may be approved unless it is found to comply with the regional plan and with the ordinances, rules and regulations enacted pursuant to subdivision (a) to effectuate that plan.

The agency may approve a project in the region only after making the written findings required by this subdivision or subdivision (g) of Article V. Such findings shall be based on substantial evidence in the record.

Before adoption by the agency of the ordinances required in subdivision (g) of Article V, the agency may approve a project in the region only after making written findings on the basis of substantial evidence in the record that the project is consistent with the regional plan then in effect and with applicable plans, ordinances, regulations, and standards of federal and state agencies relating to the protection, maintenance and enhancement of environmental quality in the region.

(c) The legislatures of the states of California and Nevada find that in order to make effective the regional plan as revised by the agency, it is necessary to halt temporarily works of development in the region which might otherwise absorb the entire capability of the region for further development or direct it out of harmony with the ultimate plan. Subject to the limitation provided in this subdivision, from the effective date of the amendments to this compact until the regional plan is amended pursuant to subdivision (c) of Article V, or until May 1, 1983, whichever is earlier:

(1) Except as otherwise provided in this paragraph, no new subdivision, planned unit development, or condominium project may be approved unless a complete tentative map or plan has been approved before the effective date of the amendments to this compact by all agencies having jurisdiction. The subdivision of land owned by a general improvement district, which existed and owned the land before the effective date of the amendments to this compact, may be approved if subdivision of the land is necessary to avoid insolvency of the district.

(2) Except as provided in paragraph (3), no apartment building may be erected unless the required permits for such building have been secured from all agencies having jurisdiction, prior to the effective date of the amendments to this compact.

(3) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize the construction of a greater number of new residential units within the region than were authorized within the region by building permits issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third of that number may be issued by each such city or county. For purposes of this paragraph a "residential unit" means either a single family residence or an individual residential unit within a larger building, such as an apartment building, a duplex or a condominium.

The legislatures find the respective numbers of residential units authorized within the region during the calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)..... 252
2. Placer County..... 278
3. Carson City ..... -0-
4. Douglas County..... 339
5. Washoe County 739

(4) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize construction of a greater square footage of new commercial buildings within the region than were authorized within the region by building permits for commercial purposes issued by that city or county during the calendar year 1978. For the period of January through April, 1983, building permits authorizing the construction of no more than one-third the amount of that square footage may be issued by each such city or county.

The legislatures find the respective square footages of commercial buildings authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)	64,324
2. Placer County	23,000
3. Carson City	-0-
4. Douglas County	57,354
5. Washoe County	50,600

(5) No structure may be erected to house gaming under a nonrestricted license.

(6) No facility for the treatment of sewage may be constructed or enlarged except:

(A) To comply, as ordered by the appropriate state agency for the control of water pollution, with existing limitations of effluent under the Clean Water Act, 33 U.S.C. §§ 1251 et seq., and the applicable state law for control of water pollution;

(B) To accommodate development which is not prohibited or limited by this subdivision; or

(C) In the case of Douglas County ***Lake Tahoe*** Sewer ~~[District # 1,]~~ ***Authority,*** to modify or otherwise alter sewage treatment facilities existing on the effective date of the amendments to this compact so that such facilities will be able to treat the total volume of effluent for which they were originally designed, which is 3.0 million gallons per day. Such modification or alteration is not a "project"; is not subject to the requirements of Article VII; and does not require a permit from the agency. Before commencing such modification or alteration, however, the ~~[district]~~ ***Authority*** shall submit to the agency its report identifying any significant soil erosion problems which may be caused by such modifications or alterations and the measures which the ~~[district]~~ ***Authority*** proposes to take to mitigate or avoid such problems.

The moratorium imposed by this subdivision does not apply to work done pursuant to a right vested before the effective date of the amendments to this compact. Notwithstanding the expiration date of the moratorium imposed by this subdivision, no new highway may be built or existing highway widened to accommodate additional continuous lanes for automobiles until the regional transportation plan is revised and adopted.

The moratorium imposed by this subdivision does not apply to the construction of any parking garage which has been approved by the agency prior to May 4, 1979, whether that approval was affirmative or by default. The provisions of this paragraph are not an expression of legislative intent that any such parking garage, the approval of which is the subject of litigation which was pending on the effective date of the amendments to this compact, should or should not be constructed. The provisions of this paragraph are intended solely to permit construction of such a parking garage if a judgment sustaining the agency's approval to construct that parking garage has become final and no appeal is pending or may lawfully be taken to a higher court.

(d) Subject to the final order of any court of competent jurisdiction entered in litigation contesting the validity of an approval by the Tahoe Regional Planning Agency, whether that approval was affirmative or by default, if that litigation was pending on May 4, 1979, the agency and the states of California and Nevada shall recognize as a permitted and conforming use:

(1) Every structure housing gaming under a nonrestricted license which existed as a licensed gaming establishment on May 4, 1979, or whose construction was approved by the Tahoe Regional Planning Agency affirmatively or deemed approved before that date. The construction or use of any structure to house gaming under a nonrestricted license not so existing or approved, or the enlargement in cubic volume of any such existing or approved structure is prohibited.

(2) Every other nonrestricted gaming establishment whose use was seasonal and whose license was issued before May 4, 1979, for the same season and for the number and type of games and slot machines on which taxes or fees were paid in the calendar year 1978.

(3) Gaming conducted pursuant to a restricted gaming license issued before May 4, 1979, to the extent permitted by that license on that date.

➥ The area within any structure housing gaming under a nonrestricted license which may be open to public use (as distinct from that devoted to the private use of guests and exclusive of any parking area) is limited to the area existing or approved for public use on May 4, 1979. Within these limits, any external modification of the structure which requires a permit from a local government also requires approval from the agency. The agency shall not permit restaurants, convention facilities, showrooms or other public areas to be constructed elsewhere in the region outside the structure in order to replace areas existing or approved for public use on May 4, 1979.

(e) Any structure housing licensed gaming may be rebuilt or replaced to a size not to exceed the cubic volume, height and land coverage existing or approved on May 4, 1979, without the review or approval of the agency or any planning or regulatory authority of the State of Nevada whose review or approval would be required for a new structure.

(f) The following provisions apply to any internal or external modification, remodeling, change in use, or repair of a structure housing gaming under a nonrestricted license which is not prohibited by Article VI (d):

(1) The agency's review of an external modification of the structure which requires a permit from a local government is limited to determining whether the external modification will do any of the following:

(A) Enlarge the cubic volume of the structure;

(B) Increase the total square footage of area open to or approved for public use on May 4, 1979;

(C) Convert an area devoted to the private use of guests to an area open to public use;

(D) Increase the public area open to public use which is used for gaming beyond the limits contained in paragraph (3); and

(E) Conflict with or be subject to the provisions of any of the agency's ordinances that are generally applicable throughout the region.

➥ The agency shall make this determination within 60 days after the proposal is delivered to the agency in compliance with the agency's rules or regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If an external modification is determined to have any of the effects enumerated in subparagraphs (A) through (C), it is prohibited. If an external modification is determined to have any of the effects enumerated in subparagraph (D) or (E), it is subject to the applicable provisions of this compact. If an external modification is determined to have no such effect, it is not subject to the provisions of this compact.

(2) Except as provided in paragraph (3), internal modification, remodeling, change in use or repair of a structure housing gaming under a nonrestricted license is not a project and does not require the review or approval of the agency.

(3) Internal modification, remodeling, change in use or repair of areas open to public use within a structure housing gaming under a nonrestricted license which alone or in combination with any other such modification, remodeling, change in use or repair will increase the total portion of those areas which is actually used for gaming by more than the product of the total base area, as defined below, in square feet existing on or approved before August 4, 1980, multiplied by 15 percent constitutes a project and is subject to all of the provisions of this compact relating to projects. For purposes of this paragraph and the determination required by Article VI (g), base area means all of the area within a structure housing gaming under a nonrestricted license which may be open to public use, whether or not gaming is actually conducted or carried on in that area, except retail stores, convention centers and meeting rooms, administrative offices, kitchens, maintenance and storage areas, rest rooms, engineering and mechanical rooms, accounting rooms and counting rooms.

(g) In order to administer and enforce the provisions of paragraphs (d), (e) and (f) the State of Nevada, through its appropriate planning or regulatory agency, shall require the owner or licensee of a structure housing gaming under a nonrestricted license to provide:

(1) Documents containing sufficient information for the Nevada agency to establish the following relative to the structure:

(A) The location of its external walls;

(B) Its total cubic volume;

(C) Within its external walls, the area in square feet open or approved for public use and the area in square feet devoted to or approved for the private use of guests on May 4, 1979;

(D) The amount of surface area of land under the structure; and

(E) The base area as defined in paragraph (f)(3) in square feet existing on or approved before August 4, 1980.

(2) An informational report whenever any internal modification, remodeling, change in use, or repair will increase the total portion of the areas open to public use which is used for gaming.

The Nevada agency shall transmit this information to the Tahoe Regional Planning Agency.

(h) Gaming conducted pursuant to a restricted gaming license is exempt from review by the agency if it is incidental to the primary use of the premises.

(i) The provisions of subdivisions (d) and (e) are intended only to limit gaming and related activities as conducted within a gaming establishment, or construction designed to permit the enlargement of such activities, and not to limit any other use of property zoned for commercial use or the accommodation of tourists, as approved by the agency.

(j) Legal actions arising out of or alleging a violation of the provisions of this compact, of the regional plan or of an ordinance or regulation of the agency or of a permit or a condition of a permit issued by the agency are governed by the following provisions:

(1) This subdivision applies to:

(A) Actions arising out of activities directly undertaken by the agency.

(B) Actions arising out of the issuance to a person of a lease, permit, license or other entitlement for use by the agency.

(C) Actions arising out of any other act or failure to act by any person or public agency.

➥ Such legal actions may be filed and the provisions of this subdivision apply equally in the appropriate courts of California and Nevada and of the United States.

(2) Venue lies:

(A) If a civil or criminal action challenges an activity by the agency or any person which is undertaken or to be undertaken upon a parcel of real property, in the state or federal judicial district where the real property is situated.

(B) If an action challenges an activity which does not involve a specific parcel of land (such as an action challenging an ordinance of the agency), in any state or federal court having jurisdiction within the region.

(3) Any aggrieved person may file an action in an appropriate court of the State of California or Nevada or of the United States alleging noncompliance with the provisions of this compact or with an ordinance or regulation of the agency. In the case of governmental agencies, "aggrieved person" means the Tahoe Regional Planning Agency or any state, federal or local agency. In the case of any person other than a governmental agency who challenges an action of the Tahoe Regional Planning Agency, "aggrieved person" means any person who has appeared, either in person, through an authorized representative, or in writing, before the agency at an appropriate administrative hearing to register objection to the action which is being challenged, or who had good cause for not making such an appearance.

(4) A legal action arising out of the adoption or amendment of the regional plan or of any ordinance or regulation of the agency, or out of the granting or denial of any permit, shall be commenced within 60 days after final action by the agency. All other legal actions shall be commenced within 65 days after discovery of the cause of action.

(5) In any legal action filed pursuant to this subdivision which challenges an adjudicatory act or decision of the agency to approve or disapprove a project, the scope of judicial inquiry shall extend only to whether there was prejudicial abuse of discretion. Prejudicial abuse of discretion is established if the agency has not proceeded in a manner required by law or if the act or decision of the agency was not supported by substantial evidence in light of the whole record. In making such a determination the court shall not exercise its independent judgment on evidence but shall only determine whether the act or decision was supported by substantial evidence in light of the whole record. In any legal action filed pursuant to this subdivision which challenges a legislative act or decision of the agency (such as the adoption of the regional plan and the enactment of implementing ordinances), the scope of the judicial inquiry shall extend only to the questions of whether the act or decision has been arbitrary, capricious or lacking substantial evidentiary support or whether the agency has failed to proceed in a manner required by law.

(6) In addition to the provisions of paragraph (5) relating to judicial inquiry:

(A) When adopting or amending a regional plan, the agency shall act in accordance with the requirements of the compact and the implementing ordinances, rules and regulations, and a party challenging the regional plan has the burden of showing that the regional plan is not in conformance with those requirements.

(B) When taking an action or making a decision, the agency shall act in accordance with the requirements of the compact and the regional plan, including the implementing ordinances, rules and regulations, and a party

challenging the action or decision has the burden of showing that the act or decision is not in conformance with those requirements.

(7) The provisions of this subdivision do not apply to any legal proceeding pending on the date when this subdivision becomes effective. Any such legal proceeding shall be conducted and concluded under the provisions of law which were applicable prior to the effective date of this subdivision.

(8) The security required for the issuance of a temporary restraining order or preliminary injunction based upon an alleged violation of this compact or any ordinance, plan, rule or regulation adopted pursuant thereto is governed by the rule or statute applicable to the court in which the action is brought, unless the action is brought by a public agency or political subdivision to enforce its own rules, regulations and ordinances in which case no security shall be required.

(k) The agency shall monitor activities in the region and may bring enforcement actions in the region to ensure compliance with the regional plan and adopted ordinances, rules, regulations and policies. If it is found that the regional plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

(l) Any person who violates any provision of this compact or of any ordinance or regulation of the agency or of any condition of approval imposed by the agency is subject to a civil penalty not to exceed $5,000. Any such person is subject to an additional civil penalty not to exceed $5,000 per day, for each day on which such a violation persists. In imposing the penalties authorized by this subdivision, the court shall consider the nature of the violation and shall impose a greater penalty if it was willful or resulted from gross negligence than if it resulted from inadvertence or simple negligence.

(m) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law.

(n) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

(o) Every record of the agency, whether public or not, shall be open for examination to the Legislature and Controller of the State of California and the legislative auditor of the State of Nevada.

(p) Approval by the agency of any project expires 3 years after the date of final action by the agency or the effective date of the amendments to this compact, whichever is later, unless construction is begun within that time and diligently pursued thereafter, or the use or activity has commenced. In computing the 3-year period any period of time during which the project is the subject of a legal action which delays or renders impossible the diligent pursuit of that project shall not be counted. Any license, permit or certificate

issued by the agency which has an expiration date shall be extended by that period of time during which the project is the subject of such legal action as provided in this subdivision.

(q) The governing body shall maintain a current list of real property known to be available for exchange with the United States or with other owners of real property in order to facilitate exchanges of real property by owners of real property in the region.

ARTICLE VII. Environmental Impact Statements

(a) The Tahoe Regional Planning Agency when acting upon matters that have a significant effect on the environment shall:

(1) Utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man's environment;

(2) Prepare and consider a detailed environmental impact statement before deciding to approve or carry out any project. The detailed environmental impact statement shall include the following:

(A) The significant environmental impacts of the proposed project;

(B) Any significant adverse environmental effects which cannot be avoided should the project be implemented;

(C) Alternatives to the proposed project;

(D) Mitigation measures which must be implemented to assure meeting standards of the region;

(E) The relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity;

(F) Any significant irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented; and

(G) The growth-inducing impact of the proposed project;

(3) Study, develop and describe appropriate alternatives to recommended courses of action for any project which involves unresolved conflicts concerning alternative uses of available resources;

(4) Make available to states, counties, municipalities, institutions and individuals, advice and information useful in restoring, maintaining and enhancing the quality of the region's environment; and

(5) Initiate and utilize ecological information in the planning and development of resource-oriented projects.

(b) Prior to completing an environmental impact statement, the agency shall consult with and obtain the comments of any federal, state or local agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate federal, state and local agencies which are authorized to develop and enforce environmental standards shall be made available to the public and shall accompany the project through the review

processes. The public shall be consulted during the environmental impact statement process and views shall be solicited during a public comment period not to be less than 60 days.

(c) Any environmental impact statement required pursuant to this article need not repeat in its entirety any information or data which is relevant to such a statement and is a matter of public record or is generally available to the public, such as information contained in an environmental impact report prepared pursuant to the California Environmental Quality Act or a federal environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969. However, such information or data shall be briefly described in the environmental impact statement and its relationship to the environmental impact statement shall be indicated.

In addition, any person may submit information relative to a proposed project which may be included, in whole or in part, in any environmental impact statement required by this article.

(d) In addition to the written findings specified by agency ordinance to implement the regional plan, the agency shall make either of the following written findings before approving a project for which an environmental impact statement was prepared:

(1) Changes or alterations have been required in or incorporated into such project which avoid or reduce the significant adverse environmental effects to a less than significant level; or

(2) Specific considerations, such as economic, social or technical, make infeasible the mitigation measures or project alternatives discussed in the environmental impact statement on the project.

➥ A separate written finding shall be made for each significant effect identified in the environmental impact statement on the project. All written findings must be supported by substantial evidence in the record.

(e) The agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this compact in order to recover the estimated costs incurred by the agency in preparing an environmental impact statement under this article.

(f) The agency shall adopt by ordinance a list of classes of projects which the agency has determined will not have a significant effect on the environment and therefore will be exempt from the requirement for the preparation of an environmental impact statement under this article. Prior to adopting the list, the agency shall make a written finding supported by substantial evidence in the record that each class of projects will not have a significant effect on the environment.

ARTICLE VIII. Finances

(a) On or before September 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion $75,000 of this amount among the counties within the region

on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. In addition, each county within the region in California shall pay $18,750 to the agency and each county within the region in Nevada, including Carson City, shall pay $12,500 to the agency, from any funds available therefor. The State of California and the State of Nevada may pay to the agency by July 1 of each year any additional sums necessary to support the operations of the agency pursuant to this compact. If additional funds are required, the agency shall make a request for the funds to the states of California and Nevada. Requests for state funds must be apportioned two-thirds from California and one-third from Nevada. Money appropriated shall be paid within 30 days.

(b) The agency may fix and collect reasonable fees for any services rendered by it.

(c) The agency shall submit an itemized budget to the states for review with any request for state funds, shall be strictly accountable to any county in the region and the states for all funds paid by them to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursement.

(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds; but the agency may not own land except as provided in subdivision (i) of Article III.

(e) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties and the states for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

ARTICLE IX. Transportation District

(a) The Tahoe transportation district is hereby established as a special purpose district. The boundaries of the district are coterminous with those of the region.

(b) The business of the district shall be managed by a board of directors consisting of:

(1) One member of the county board of supervisors of each of the counties of El Dorado and Placer who must be appointed by his respective board of supervisors;

(2) One member of the city council of the City of South Lake Tahoe who must be appointed by the city council;

(3) One member each of the board of county commissioners of Douglas County and of Washoe County who must be appointed by his respective board of county commissioners;

(4) One member of the board of supervisors of Carson City who must be appointed by the board of supervisors;

(5) One member of the South Shore Transportation Management Association or its successor organization who must be appointed by the association or its successor organization;

(6) One member of the North Shore Transportation Management Association or its successor organization who must be appointed by the association or its successor organization;

(7) One member of each local transportation district in the region that is authorized by the State of Nevada or the State of California who must be appointed by his respective transportation district;

(8) One member appointed by a majority of the other voting directors who represents a public or private transportation system operating in the region;

(9) The director of the California Department of Transportation; and

(10) The director of the department of transportation of the State of Nevada.

➥ Any entity that appoints a member to the board of directors, the director of the California Department of Transportation or the director of the department of transportation of the State of Nevada may designate an alternate.

(c) Before a local transportation district appoints a member to the board of directors pursuant to paragraph (7) of subdivision (b), the local transportation district must enter into a written agreement with the Tahoe transportation district that sets forth the responsibilities of the districts for the establishment of policies and the management of financial matters, including, but not limited to, the distribution of revenue among the districts.

(d) The directors of the California Department of Transportation and the department of transportation of the State of Nevada, or their designated alternates, serve as nonvoting directors, but shall provide technical and professional advice to the district as necessary and appropriate.

(e) The vote of a majority of the directors must agree to take action. If a majority of votes in favor of an action are not cast, an action of rejection shall be deemed to have been taken.

(f) The Tahoe transportation district may by resolution establish procedures for the adoption of its budgets, the appropriation of its money and the carrying on of its other financial activities. These procedures must conform insofar as is practicable to the procedures for financial administration of the State of California or the State of Nevada or one or more of the local governments in the region.

(g) The Tahoe transportation district may in accordance with the adopted transportation plan:

(1) Own and operate a public transportation system to the exclusion of all other publicly owned transportation systems in the region.

(2) Own and operate support facilities for public and private systems of transportation, including, but not limited to, parking lots, terminals, facilities for maintenance, devices for the collection of revenue and other related equipment.

(3) Acquire or agree to operate upon mutually agreeable terms any publicly or privately owned transportation system or facility within the region.

(4) Hire the employees of existing public transportation systems that are acquired by the district without loss of benefits to the employees, bargain collectively with employee organizations, and extend pension and other collateral benefits to employees.

(5) Contract with private companies to provide supplementary transportation or provide any of the services needed in operating a system of transportation for the region.

(6) Contract with local governments in the region to operate transportation facilities or provide any of the services necessary to operate a system of transportation for the region.

(7) Fix the rates and charges for transportation services provided pursuant to this subdivision.

(8) Issue revenue bonds and other evidence of indebtedness and make other financial arrangements appropriate for developing and operating a public transportation system.

(9) By resolution, determine and propose for adoption a tax for the purpose of obtaining services of the district. The tax proposed must be general and of uniform operation throughout the region, and may not be graduated in any way, except for a sales and use tax. If a sales and use tax is approved by the voters as provided in this paragraph, it may be administered by the states of California and Nevada respectively in accordance with the laws that apply within their respective jurisdictions and must not exceed a rate of 1 percent of the gross receipts from the sale of tangible personal property sold in the district. The district is prohibited from imposing any other tax measured by gross or net receipts on business, an ad valorem tax, a tax or charge that is assessed against people or vehicles as they enter or leave the region, and any tax, direct or indirect, on gaming tables and devices. Legislative Counsel's Digest:

Existing law authorizes the governing bodies of cities and counties to regulate and restrict the improvement of land and to control the location and soundness of structures. (NRS 278.020) **Section 7** of this bill requires that in any ordinance adopted by a city or county, the definition of the term "single-family residence" must include: (1) a residential facility for groups in which ~~[more than 2 and]~~ fewer than 11 persons with disabilities reside with house parents; (2) a home for individual residential care; and (3) a halfway house for recovering alcohol and drug abusers in which fewer than 11 persons reside.

Sections 2-4, 6, 10-15 and 17-20 of this bill make conforming changes.

ASSEMBLYMAN MCCURDY:

Assembly Bill 175 establishes the minimum level of health benefits an employer must make available to an employee in order to pay the minimum wage that is lower than the minimum wage otherwise required to be paid to the employee. This bill is effective upon passage and approval.

ASSEMBLYMAN MARCHANT:

I rise today in opposition to Assembly Bill 175. As a small business owner myself, I can tell you first-hand that this legislation would raise administrative and personnel costs. Most businesses would struggle to afford this, and it could have devastating effects on those businesses. They are often family owned and operated and struggle even in the best of times. I urge my colleagues to join me in casting a no vote.

ASSEMBLYMAN ARAUJO:

Assembly Bill 303 requires, with certain exceptions, that all correctional facilities in this state must be under the administrative and direct operational control of the state or a local government and core correctional services must be performed by employees of the state or local government.

As a result of the growing male inmate population and limited capacity within the state, the Department of Corrections, until June 30, 2022, is allowed to enter into one or more contracts with private entities to perform core correctional services to promote the safety of prisoners, employees of prisons, and the public by reducing overcrowding in prisons. Any such private entity must comply with the requirements for housing, custody, medical and mental health treatment and programming set forth in law and regulation and approved by the Board of State Prison Commissioners. The Department is required to conduct an onsite inspection twice a year of private facilities where prisoners are housed to ensure compliance. Lastly, the Director is required to submit an annual report to the Director of the Legislative Counsel Bureau for transmittal to the Legislative Commission.

The bill also reduces the length of certain periods that a person is required to wait before petitioning a court to have records sealed and removes the requirement that a petition be accompanied by the petitioner's current, verified records received from criminal justice agencies. Assembly Bill 327 also authorizes the court to order the records sealed without a hearing if the prosecuting attorney stipulates to the sealing of the records

It is an issue that was brought to me during the interim. That is why I am hoping this study will look at whether what is being provided by the state to these group homes really keeps them feasible in terms of their ability to function and to provide a place for the residents who live there. The following amendment was proposed by Assemblywoman Swank:

Amendment No. 933.

AN ACT relating to wildlife; amending the definition of "trap" to exclude certain devices; requiring the Department of Wildlife to develop standard language for certain signs required to be posted in areas in which trapping may occur; requiring, with limited exception, each trap, snare or similar device used by a person in the taking of wild animals which is not registered with the Department, to bear the name and address of the owner; revising the fee to register a trap, snare or similar device; authorizing a person to remove or disturb a trap, snare or similar device under certain circumstances; **expanding the requirement that a person who takes or causes to be taken any wild mammals by means of certain traps, snares or similar devices must visit such trap, snare or similar device at a certain**

frequency to include all traps, snares or similar devices; revising the circumstances under which a person is prohibited from placing or setting a trap, snare or similar device within 200 feet of any public road or highway; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "trap" for purposes of title 45 of NRS governing wildlife to mean a device that is designed, built or made to close upon or hold fast any portion of an animal. (NRS 501.089) **Section 1** of this bill specifies that the term does not include ~~[: (1) any cage or box trap, net or suitcase-type live-beaver trap; or (2)]~~ any device that is designed, built or made to close upon or hold fast certain vertebrate pests, such as mice and rats.

Existing law defines the terms "to trap," "trapping" and "trapped" for purposes of title 45 of NRS governing wildlife to mean to set or operate any device, mechanism or contraption that is designed, built or made to close upon or hold fast any wildlife and every act of assistance to any person in so doing. (NRS 501.090) Existing law defines the term "wildlife" to mean any wild mammal, wild bird, fish, reptile, amphibian, mollusk or crustacean found naturally in a wild state, whether indigenous to Nevada or not and whether raised in captivity or not. (NRS 501.097) **Section 2** of this bill amends the definition of the words "to trap," "trapping" and "trapped" to delete the term "wildlife" and substitute the term "animal."

Section 3 of this bill requires the Department of Wildlife to develop standard language for inclusion in any sign that is used to warn a person that trapping may occur in any area of this State. **Section 3** also requires each state agency which manages any public land in this State in which trapping may occur to ensure that each sign: (1) includes any standard language developed by the Department; and (2) is posted in certain locations specified by the Department.

Existing law authorizes each trap, snare or similar device used by a person in the taking of wild mammals to be registered with the Department of Wildlife before it is used. Existing law also requires each registered trap, snare or similar device to bear a number which is assigned by the Department. A registration fee of $10 for each registrant is payable only once by each person who registers a trap, snare or similar device. (NRS 503.452) **Section 5** of this bill requires, with limited exception, that a trap, snare or similar device used by a person in the taking of wild mammals that is not registered with the Department must bear the name and address of the person who owns the trap, snare or similar device. **Section 5** also requires the number assigned by the Department for a registered trap, snare or similar device or the name and address of the person who owns an unregistered trap, snare or similar device to be clearly stamped on the trap, snare or similar device or on a metal tag which is attached to the trap, snare or similar device. **Section 5** further revises the fee to register a trap, snare or similar device

from $10 per person who registers a trap to $5 per trap, snare or similar device.

Existing law makes it unlawful to remove or disturb the trap, snare or similar device of a holder of a trapping license while the trap, snare or similar device is being legally used by the holder. (NRS 503.454) **Section 6** of this bill authorizes a person to: (1) remove or disturb the trap, snare or similar device if it creates an immediate risk of physical injury or death to a person or animal; and (2) release any person or animal accompanying the person from a trap, snare or similar device in which the person or animal is caught. **Section 4** of this bill makes a conforming change.

Existing law requires a person who takes or causes to be taken any wild mammal by means of a trap, snare or similar device which does not, or is not designed to, cause immediate death to the mammal to visit the trap, snare or similar device at a frequency specified in regulation by the Board of Wildlife Commissioners. (NRS 503.570) Section 7.2 of this bill expands this visitation requirement to require a person who takes or causes to be taken any wild mammal by means of a trap, snare or similar device to visit any trap, snare or similar device at the frequency specified in regulation, not just a trap, snare or similar device that does not, or is not designed to, cause immediate death to the mammal.

Existing law prohibits a person, company or corporation from placing or setting a certain type of large steel trap within 200 feet of any public road or highway, unless the trap is placed or set inside, along or near a fence upon privately owned land. (NRS 503.580) **Section 7.5** of this bill expands this prohibition to include any trap, snare or similar device used for the purpose of trapping mammals.

Senate Bill 383 revises the definition of financial planner to remove the exclusions for a broker-dealer, a sales representative, and an investment adviser, thereby making such persons subject to the provisions of existing law governing financial planners with the exception of requirements related to the maintenance of certain insurance or surety bonds.

ASSEMBLYWOMAN TOLLES:

I rise today in opposition to Assembly Bill 383. This bill could have extremely damaging consequences for those Nevadans who are career financial planners. While I, and many of my colleagues, understand the need for some level of regulation here to protect Nevada families, this goes one step too far and will make it very risky for those who work in finance to continue to practice here. I urge my colleagues to vote no.

Senate Bill 509 authorizes the Division of Health Care Financing and Policy of the Department of Health and Human Services, after polling the operators of agencies to provide personal care services in the home and the operators of certain medical facilities in an operator group and receiving an affirmative vote from at least 67 percent of the group, to impose by regulation an assessment on those operators. The revenue generated must be expended to increase payments to Medicaid providers unless new federal laws or regulations are enacted or adopted prohibiting the use of such revenue for these purposes.

The bill requires the Division to adopt regulations establishing administrative penalties for failure to pay an assessment. If an operator fails to pay a penalty or assessment within 30 days of the date on which it is due, the Division may deduct the unpaid amount from future payments owed to the operator by Medicaid. Before doing so, the Division must notify the operator of the intended deduction and may negotiate a payment plan.

GENERAL FILE AND THIRD READING

Senate Bill No. 265.

Bill read third time.

Remarks by Assemblymen Sprinkle, Wheeler, Oscarson, and Bilbray-Axelrod.

ASSEMBLYMAN SPRINKLE:

Senate Bill 265 requires the Department of Health and Human Services to annually compile and post on its Internet website a list of drugs essential for treating diabetes along with certain pricing information. Drug manufacturers included on the list are also required to submit an annual report to the Department. The measure requires an insurer that issues a plan of individual health insurance and uses a formulary to provide a notice of any essential diabetic drugs that have been or will be removed from the formulary during the current or next plan year.

In addition, the bill requires drug manufacturers to provide to the Department a list of pharmaceutical sales representatives and requires each representative on the list to submit an annual report. The Department is authorized to adopt any regulations concerning the reporting of information for inclusion on the Department's Internet website.

ASSEMBLYMAN WHEELER:

I rise in opposition to Senate Bill 265. To my knowledge, Mr. Speaker, I am the only diabetic sitting on this floor that uses insulin more than once a day, many times a day. I understand this bill and I understand that the issues we are talking about are life and death for a lot of people, including myself, so I think I speak with some authority when it comes to these issues because I have actually lived them.

That being said, there are overlooked problems here and potential risks that I am just not willing to take. It is not our job as legislators to pick the winners and losers between drug companies. The free market does that for us. Yet, that is what this bill does. We can only create fairness here. Pharmacies and PBMs [pharmacy benefit managers] are held to the same standards as manufacturers, and this bill does nothing to address that. If this legislation passes, producers of these life-saving drugs will pull out of Nevada entirely and put thousands of diabetics, including myself, at risk. If that happens, rates will soar to a level that average people cannot afford. I urge my colleagues to vote no on this bill. Let us not put Nevada's health at risk any more than we already have to.

ASSEMBLYMAN OSCARSON:

The many great parts of testimony on this bill that we heard yesterday in Health and Human Services were passionate pleas from people to please help them with the costs of their medications. All of our constituents that suffer from the devastating diabetic concerns that they have are affected. My concern, in addition to the transparency that my colleague has mentioned, is that this does absolutely nothing to reduce the cost of this medication to those people. That is what they have asked for, that is what I have received emails and phone calls and texts about. These passionate people want the costs of their medications reduced. I urge the body to consider that there are things that we could do in lieu of this bill to try and work together to come to a solution to reduce those costs to our constituents.

ASSEMBLYWOMAN BILBRAY-AXELROD:

I rise in support of this bill. As someone who lost her brother to type 1 diabetes, I know the devastating effects of insulin dependency. This is obviously something that is very emotional for me, but I have seen it first-hand. I think this bill is an important step in the right direction, and I urge your support.

SUMMARY—Revises provisions relating to mortgage brokers **, mortgage agents** and mortgage bankers. (BDR 54-1028)

AN ACT relating to mortgage lending; revising provisions which apply to mortgage brokers to also apply to mortgage bankers; **revising the terms which identify mortgage brokers, mortgage agents and mortgage bankers; revising provisions governing bonds required for mortgage brokers and mortgage bankers; revising certain exemptions from licensing requirements for mortgage brokers and mortgage bankers;** repealing provisions relating to mortgage bankers; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law prohibits a person from offering or providing any of the services of a mortgage broker or mortgage banker unless the person first obtains a license as a mortgage broker or mortgage banker, as applicable, or is exempt from licensing. (NRS 645B.900, 645E.900) This bill repeals the provisions of law that regulate mortgage bankers and revises the provisions of law that currently regulate mortgage brokers to apply to both mortgage brokers and mortgage bankers, both of which are now included in the term "mortgage ~~[~~loan originator.~~]~~" **company."** Specifically, **section 6** of this bill defines "mortgage ~~[~~loan originator"~~]~~ **company"** to include all persons who previously were mortgage brokers or mortgage bankers. **Additionally, the term "mortgage agent" is changed to "mortgage loan originator." Section 11** of this bill revises provisions relating to licensing as a mortgage broker to apply to licensing as a mortgage ~~[~~loan originator.~~]~~ **company. Sections 15.5 and 16 of this bill revise the requirements for the form of certain bonds required for mortgage brokers and mortgage bankers. Section 88.5 of this bill revises the provisions governing exemptions for certain entities from the requirements for licensure as a mortgage broker or mortgage banker. Section 110** of this bill deems any person who holds a license as a mortgage broker or mortgage banker on January 1, ~~[~~2018,~~]~~ **2020,** to hold a license as a mortgage ~~[~~loan originator.~~]~~ **company. Section 112** of this bill repeals the provisions of existing law which apply to mortgage bankers as such provisions are made redundant by the provisions of this bill.

GENERAL FILE AND THIRD READING

Senate Bill No. 84.

Bill read third time.

The following amendment was proposed by the Committee on Legislative Operations and Elections:

Amendment No. 840.

AN ACT relating to ethics in government; revising certain procedures of the Commission on Ethics and the remedial authority of the Commission; designating certain persons as public officers and employees for the purposes of the Nevada Ethics in Government Law; revising the code of ethical standards applicable to public officers and employees; revising provisions governing the disclosure of certain information and the filing of certain disclosure statements by public officers and employees; providing for the execution and filing by a public officer of a single acknowledgment of statutory ethical standards for all public offices held concurrently by the officer; revising provisions relating to the employment of former public officers and employees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under the Nevada Ethics in Government Law (Ethics Law), the Commission on Ethics is authorized to issue opinions interpreting the statutory ethical standards established by the Ethics Law and applying those

standards to a given set of facts and circumstances. (Chapter 281A of NRS) The Commission generally issues the following types of opinions: (1) advisory opinions requested by a public officer or employee who is seeking guidance on matters which directly relate to the propriety of his or her own past, present or future conduct under the statutory ethical standards; (2) advisory opinions requested by a public officer or employee who is requesting relief from certain provisions of the Ethics Law that allow the Commission to grant such relief; and (3) opinions issued in response to an ethics complaint which has been filed with the Commission or initiated by the Commission on its own motion regarding the propriety of the conduct of a public officer or employee under the statutory ethical standards. (NRS 281A.410, 281A.430, 281A.440, 281A.550)

The Ethics Law also establishes various procedures that the Commission and its staff must follow when processing, handling, investigating, reviewing, evaluating and adjudicating requests for advisory opinions and ethics complaints. (NRS 281A.440-281A.480) Most of those procedures are contained in a single section of the Nevada Revised Statutes, NRS 281A.440, which embraces numerous and extensive procedural provisions governing: (1) the filing of requests for advisory opinions and ethics complaints; (2) the initial review and evaluation of such requests and complaints; (3) the requirements for responding to such requests and complaints; and (4) the procedures and standards for conducting investigations, making discovery requests, disclosing information, holding hearings and other proceedings and determining issues of confidentiality with regard to such information, hearings and proceedings. Because NRS 281A.440 includes so many extensive procedural provisions, it has become a particularly lengthy and complex statute.

Section 30 of this bill repeals NRS 281A.440, and **sections 1.3-11 and 14** of this bill generally reorganize and reenact the existing provisions of NRS 281A.440, with certain modifications, to effectuate the orderly and logical arrangement of the statutes, improve readability and clarity and reduce repetitious or lengthy words or phrases. For example, **sections 1.3-2.7** define several terms, including "advisory opinion" and "ethics complaint," that replace repetitious or lengthy words or phrases throughout the Ethics Law and thereby improve readability and clarity.

Because proceedings concerning advisory opinions are functionally different from proceedings concerning ethics complaints, **sections 3.1-3.5** contain procedures that apply only to advisory opinions. However, these procedures do not differ materially from the existing procedures that apply to advisory opinions in NRS 281A.440.

Sections 3.6-11 contain procedures that apply only to ethics complaints. **Section 3.7** sets forth the requirements for properly filing an ethics complaint, and **section 3.8** provides that after the ethics complaint is properly filed, the Commission must determine, based on the evidence submitted with the ethics complaint, whether it has jurisdiction in the matter and whether an

investigation is warranted in the matter. If the Commission determines that it has jurisdiction and an investigation is warranted, **sections 3.9-5** provide for an investigation and review of the ethics complaint to determine whether there is just and sufficient cause for the Commission to render an opinion in the matter.

In conducting the investigation and review, **sections 3.9-5** require the Executive Director of the Commission to: (1) provide the public officer or employee an opportunity to submit a response; (2) investigate the facts and circumstances; and (3) prepare and submit a recommendation to a review panel, consisting of three members of the eight-member Commission, that must determine whether there is just and sufficient cause for the Commission to render an opinion in the matter. If the review panel determines that there is not just and sufficient cause, **section 5** requires the review panel to dismiss the matter, but the review panel may issue a confidential letter of caution or instruction to the public officer or employee as part of the dismissal.

If the review panel determines that there is just and sufficient cause but reasonably believes that the conduct at issue may be appropriately addressed through additional training or other corrective action, **sections 5 and 6** authorize the review panel to approve a deferral agreement between the Executive Director and the public officer or employee to defer further proceedings in the matter under the terms and conditions of the deferral agreement. If the public officer or employee complies with the terms and conditions of the deferral agreement, the matter must be dismissed. However, if the public officer or employee fails to comply with the terms and conditions of the deferral agreement, the deferral agreement may be vacated and further proceedings conducted in the matter before the Commission.

If the review panel does not believe that a deferral agreement is appropriate or if the public officer or employee declines to enter into such a deferral agreement, **section 5** requires the review panel to refer the ethics complaint to the Commission for further proceedings in the matter. If further proceedings are conducted in the matter, **section 16.6** of this bill provides that the three members of the review panel cannot participate in the proceedings before the remaining five members of the Commission.

Sections 6.5-11 reorganize and reenact the existing provisions of NRS 281A.440 governing the procedures and standards for making discovery requests, disclosing information, holding hearings and other proceedings and determining issues of confidentiality with regard to such information, hearings and proceedings. In addition, **section 8** revises the procedures for protecting the identity of requesters of ethics complaints who ask for confidential status because their complaints are akin to whistleblower complaints that allege unethical conduct within their own public agencies or because they offer sufficient facts and circumstances showing that they will face a bona fide threat of physical force or violence from filing their complaints. Under **section 8**, if the Executive Director intends to present the testimony of such a confidential requester during the ethics proceedings, the

name of the confidential requester must be disclosed but only as a proposed witness and not as the requester of the ethics complaint.

Sections 12, 12.5 and 13 of this bill provide the Commission with additional remedial options in proceedings concerning ethics complaints which allow the Commission to utilize different types of remedies that progress in scope and severity depending upon the scope and severity of the unethical conduct. Currently, the Ethics Law grants the Commission certain remedial options, including civil monetary penalties, if it finds a violation of the statutory ethical standards. The Ethics Law also authorizes the Commission to resolve matters before it by stipulation, agreed settlement, consent order or default. (NRS 233B.121, 281A.135, 281A.480) **Sections 12, 12.5 and 13** expand the remedies available to the Commission to include: (1) a requirement that a public officer or employee complete a period of compliance, receive additional training or issue a public apology; and (2) the issuance of a confidential letter of caution or instruction or a public admonition, reprimand or censure.

The Ethics Law generally defines a person as a public officer if the person holds a position that: (1) involves the exercise of a public power, trust or duty; and (2) is established by the Nevada Constitution or any provision of statute, charter or ordinance. (NRS 281A.160) Certain additional persons are designated as public officers notwithstanding the fact that their positions are not so established. (NRS 281A.182) In addition, the Ethics Law defines a person as a public employee if the person performs public duties under the direction and control of a public officer and is paid compensation with public money. (NRS 281A.150) **Sections 15.7 and 16** of this bill provide that certain additional persons are designated as public officers and employees solely and exclusively for the purposes of the Ethics Law if such persons enter into contracts with public agencies, are paid compensation with public money and serve in certain positions which ordinarily would be held or filled by public officers and employees. **Section 16** also provides that its provisions must be interpreted and applied to ensure that a person does not evade the Ethics Law because a public agency elects to use a contractual relationship instead of an employment relationship for these types of positions which ordinarily would be held or filled by public officers and employees.

Section 18 of this bill provides that the Commission does not have jurisdiction regarding alleged discrimination or harassment for which a complaint or employment-related grievance may be filed with an appropriate agency with jurisdiction to redress such alleged discrimination or harassment. (NRS 281A.280) However, **section 18** also provides that the Commission has jurisdiction regarding the alleged conduct if such conduct is sanctionable separately or concurrently under the Ethics Law, irrespective of the alleged discrimination or harassment.

In performing their functions under the Ethics Law, the Commission and its presiding officers may issue subpoenas to compel the attendance of witnesses and the production of books and papers. (NRS 281A.300) **Section**

19 of this bill clarifies that such subpoenas may be issued during the course of any investigation under the Ethics Law to compel the participation of potential witnesses and the production of books and papers.

Section 20 of this bill revises the existing statutory ethical standards which generally prohibit public officers and employees from engaging in certain unethical conduct that benefits their own private interests. (NRS 281A.400) **Section 20** expands these existing prohibitions so that a public officer or employee cannot engage in certain unethical conduct when it benefits any other person to whom the public officer or employee has a commitment in a private capacity. The Ethics Law defines such other persons to include: (1) the spouse or domestic partner of the public officer or employee, a member of his or her household or a relative within the third degree of consanguinity or affinity; (2) a person who employs the public officer or employee, his or her spouse or domestic partner or a member of his or her household; (3) a person with whom the public officer or employee has a substantial and continuing business relationship; or (4) a person with whom the public officer or employee has any other commitment, interest or relationship that is substantially similar to the foregoing commitments, interests or relationships. (NRS 281A.065)

The Ethics Law permits certain public officers and employees to represent or counsel private persons before certain public agencies in which the public officers or employees do not serve and also requires certain public officers to file annual disclosure statements regarding such representation or counseling with the Commission. (NRS 281A.410) The Ethics Law also requires certain public officers and employees to disclose publicly certain personal or private interests which may create potential conflicts of interests at the time the public officers and employees consider or act upon a matter affecting those interests. (NRS 281A.420) **Section 20.3** of this bill eliminates the requirement for certain public officers to file annual disclosure statements regarding representation or counseling of private persons before public agencies. Instead, **section 20.5** of this bill requires certain public officers and employees to disclose publicly certain information regarding representation or counseling of private persons before public agencies at the time the public officers and employees consider or act upon a matter which is reasonably related to the nature of such representation or counseling.

The Ethics Law requires each elected and appointed public officer to execute and file with the Commission a written acknowledgment of the officer's understanding of the statutory ethical standards applicable to him or her, and the officer's obligation to become familiar with any amendments to those standards. A public officer is required to execute and file the acknowledgment for each office, including each appointive office, held by the officer. (NRS 281A.500) **Section 25** of this bill provides that a public officer who executes and files the acknowledgment for one office as required by law thereby satisfies the execution and filing requirements for any other office held concurrently by him or her.

Under existing law, various public officers and employees are subject to a "cooling-off" period after the termination of their public service or employment, during which they are precluded from soliciting or accepting certain kinds of employment. A similar "cooling-off period" exists for a former public officer's or employee's representation or counseling of a private person on any issue which was under consideration by the agency in which the officer or employee served. The Commission is authorized to grant relief from the application of these provisions in specified circumstances. (NRS 281A.410, 281A.550) **Section 27** of this bill: (1) clarifies that a grant of relief from the application of the cooling-off provisions as they relate to employment does not affect the ban on representation or counseling; and (2) provides that the ban on employment extends to circumstances in which any oral or written agreement for personal services is sought, negotiated or exists during the cooling-off period, even if such an agreement does not or will not become effective until after the cooling-off period.

2. The Executive Director shall [notify] provide notice of the investigation pursuant to this section to the public officer or employee who is the subject of the ethics complaint and provide the public officer or employee an opportunity to submit to the Executive Director a response to the allegations against the public officer or employee in the ethics complaint. Sec. 4. ***1. Except as otherwise provided in this subsection, the Executive Director shall complete the investigation required by section 3.9 of this act and present a written recommendation to the review panel within 70 days after the Commission directs the Executive Director to investigate the ethics complaint or after the Commission initiates the ethics complaint on its own motion, as applicable. (c) If the Executive Director believes that a disposition of the matter without an adjudicatory hearing is appropriate under the facts and circumstances, state any suggested disposition that is consistent with the provisions of this chapter, including, without limitation, whether the Executive Director believes that the conduct at issue may be appropriately addressed through additional training or other corrective action under the terms and conditions of a deferral agreement.

Sec. 5. *1. Except as otherwise provided in this section, the review panel shall determine whether there is just and sufficient cause for the Commission to render an opinion in the matter within 15 days after the Executive Director provides the review panel with the recommendation required by section 4 of this act. The public officer or employee who is the subject of the ethics complaint may waive this time limit.*

2. The review panel shall cause a record of its proceedings to be kept.

3. The review panel shall not determine that there is just and sufficient cause for the Commission to render an opinion in the matter unless the Executive Director has provided the public officer or employee an opportunity to respond to the allegations as required by section 3.9 of this act.

4. If the review panel determines that there is not just and sufficient cause for the Commission to render an opinion in the matter, it shall dismiss the matter, with or without prejudice, and with or without issuing a letter of caution or instruction to the public officer or employee pursuant to section 12.5 of this act.

5. If the review panel determines that there is just and sufficient cause for the Commission to render an opinion in the matter but reasonably believes that the conduct at issue may be appropriately addressed through additional training or other corrective action under the terms and conditions of a deferral agreement, the review panel may:

(a) Approve a deferral agreement proposed by the Executive Director and the public officer or employee instead of referring the ethics complaint to the Commission for further proceedings in the matter; or

(b) Authorize the Executive Director and the public officer or employee to develop such a deferral agreement and may thereafter approve such a deferral agreement instead of referring the ethics complaint to the Commission for further proceedings in the matter.

6. If the review panel does not approve a deferral agreement pursuant to subsection 5 or if the public officer or employee declines to enter into such a deferral agreement, the review panel shall refer the ethics complaint to the Commission for further proceedings in the matter.

7. If the review panel determines that there is just and sufficient cause for the Commission to render an opinion in the matter and reasonably believes that the conduct at issue may not be appropriately addressed through additional training or other corrective action under the terms and conditions of a deferral agreement, the review panel shall refer the ethics complaint to the Commission for further proceedings in the matter.

Sec. 5.5. *The provisions of chapter 241 of NRS do not apply to:*

2. A deferral agreement does not become effective unless approved by the review panel pursuant to section 5 of this act. If the review panel approves a deferral agreement, the Commission shall enforce the terms and conditions of the deferral agreement.

3. A deferral agreement must:

(a) Specify the training or other corrective action to be completed by or imposed upon the public officer or employee;

(b) Specify any other terms and conditions, consistent with the provisions of this chapter, to be imposed upon the public officer or employee; and

(c) Provide that the Commission may vacate the deferral agreement and conduct further proceedings in the matter if the Commission finds that the public officer or employee has failed to comply with any terms and conditions of the deferral agreement.

4. The imposition of training or other corrective action and the imposition of any other terms and conditions in a deferral agreement is without prejudice to any other disposition of the matter, consistent with this chapter, that may be ordered by the Commission if it vacates the deferral agreement and conducts further proceedings in the matter and finds that the public officer or employee has violated any provision of this chapter.

5. The Executive Director shall monitor the compliance of the public officer or employee who is the subject of a deferral agreement and may require the public officer or employee to document his or her compliance with the deferral agreement.

6. The Executive Director shall:

(a) Inform the Commission of any alleged failure of the public officer or employee to comply with the deferral agreement;

(b) Give the public officer or employee written notice of any alleged failure to comply with the deferral agreement; and

(c) Allow the public officer or employee not less than 15 days to respond to such a notice.

7. Within 60 days after the date on which the public officer or employee responds or was entitled to respond to the written notice of any alleged failure to comply with the deferral agreement, the Commission shall determine whether the public officer or employee failed to comply with the deferral agreement, unless the public officer or employee waives this time limit.

8. If the Commission determines that the public officer or employee failed to comply with the deferral agreement, the Commission may take any action it deems appropriate, consistent with the terms and conditions of the

deferral agreement and the provisions of this chapter, including, without limitation, vacating the deferral agreement and conducting further proceedings in the matter.

9. If the public officer or employee who is the subject of the deferral agreement complies in a satisfactory manner with the deferral agreement, the Commission shall dismiss the matter.

Sec. 6.5. ***1. If the review panel refers an ethics complaint to the Commission for further proceedings in the matter pursuant to section 5 of this act or if the Commission vacates a deferral agreement and conducts further proceedings in the matter pursuant to section 6 of this act, the Commission shall hold an adjudicatory hearing and render an opinion in the matter within 60 days after the date on which the review panel refers the ethics complaint to the Commission or the Commission vacates the deferral agreement, as appropriate, unless the public officer or employee who is the subject of the ethics complaint waives this time limit.***

2. If the Commission holds an adjudicatory hearing to receive evidence concerning an ethics complaint, the Commission shall:

(a) Notify the public officer or employee who is the subject of the ethics complaint of the date, time and place of the hearing;

(b) Allow the public officer or employee to be represented by legal counsel; and

(c) Allow the public officer or employee to hear the evidence presented to the Commission and to respond and present evidence on his or her own behalf.

3. Unless the public officer or employee agrees to a shorter time, an adjudicatory hearing may not be held less than 10 days after the date on which the notice of the hearing is given to the public officer or employee.

4. For good cause shown, the Commission may take testimony from a person by telephone or video conference at an adjudicatory hearing or at any other proceedings concerning the ethics complaint.

Sec. 7. (Deleted by amendment.)

Sec. 8. ***1. Except as otherwise provided in this section and section 9 of this act, all information, communications, records, documents or other materials in the possession of the Commission, the review panel or their staff that are related to an ethics complaint are confidential and are not public records pursuant to chapter 239 of NRS until:***

(a) The review panel determines whether there is just and sufficient cause <u>for the Commission</u> to render an opinion in the matter and serves written notice of its determination on the public officer or employee who is the subject of the ethics complaint; or

(b) The public officer or employee who is the subject of the ethics complaint authorizes the Commission, in writing, to make the information, communications, records, documents or other materials that are related to the ethics complaint publicly available,

➥ whichever occurs first.

2. Except as otherwise provided in subsection 3, if a person who files an ethics complaint asks that his or her identity as the requester be kept confidential, the Commission:

(a) Shall keep the identity of the requester confidential if he or she is a public officer or employee who works for the same public body, agency or employer as the public officer or employee who is the subject of the ethics complaint.

(b) May keep the identity of the requester confidential if he or she offers sufficient facts and circumstances showing a reasonable likelihood that disclosure of his or her identity will subject the requester or a member of his or her household to a bona fide threat of physical force or violence.

3. If the Commission keeps the identity of the requester confidential, the Commission shall not render an opinion in the matter unless there is sufficient evidence without the testimony of the requester to consider the propriety of the conduct of the public officer or employee who is the subject of the ethics complaint. If the Executive Director intends to present the testimony of the requester as evidence for consideration by the Commission at the adjudicatory hearing or in rendering an opinion in the matter and the public officer or employee who is the subject of the ethics complaint submits a written discovery request to the Commission pursuant to section 9 of this act, the Commission shall disclose the name of the requester only as a proposed witness within a reasonable time before the adjudicatory hearing on the matter.

Sec. 9. ***1. Except as otherwise provided in this section, the investigative file related to an ethics complaint is confidential and is not a public record pursuant to chapter 239 of NRS.***

2. At any time after being served with written notice of the determination of the review panel regarding the existence of just and sufficient cause for the Commission to render an opinion in the matter, the public officer or employee who is the subject of the ethics complaint may submit a written discovery request to the Commission for a list of proposed witnesses and a copy of any portion of the investigative file that the Executive Director intends to present as evidence for consideration by the Commission at the adjudicatory hearing or in rendering an opinion in the matter.

3. Any portion of the investigative file which the Executive Director presents as evidence for consideration by the Commission at the adjudicatory hearing or in rendering an opinion in the matter becomes a public record and must be open for inspection pursuant to chapter 239 of NRS.

4. For the purposes of this section:

(a) The investigative file includes, without limitation:

(b) The investigative file does not include any deferral agreement.

Sec. 10. (Deleted by amendment.)

Sec. 11. ***The provisions of chapter 241 of NRS do not apply to:***

2. Any deliberations of the Commission on such information or evidence.

Sec. 12. ***1. If the Commission renders an opinion in proceedings concerning an ethics complaint, the opinion must include findings of fact and conclusions of law.***

2. If, in proceedings concerning an ethics complaint, the Commission determines that a violation of this chapter:

(a) Has not been proven, the Commission shall dismiss the matter, with or without prejudice, and with or without issuing a letter of caution or instruction to the public officer or employee pursuant to section 12.5 of this act.

(b) Has been proven, the Commission may take any action authorized by this chapter.

Sec. 12.5. ***1. In proceedings concerning an ethics complaint, the Commission or the review panel, as appropriate, may issue a letter of caution or instruction to the public officer or employee who is the subject of the ethics complaint to caution or instruct the public officer or employee regarding the propriety of his or her conduct under the statutory ethical standards set forth in this chapter.***

2. If the Commission or the review panel issues a letter of caution or instruction to the public officer or employee, the letter:

(a) Is confidential and is not a public record pursuant to chapter 239 of NRS.

(b) May be considered in deciding the appropriate action to be taken on any subsequent ethics complaint involving the public officer or employee,

unless the letter is not relevant to the issues presented by the subsequent ethics complaint.

Sec. 13. ***1. Except as otherwise provided in this section, in proceedings concerning an ethics complaint, the Commission, based on a finding that a violation of this chapter has been proven, or the review panel, as part of the terms and conditions of a deferral agreement, may, in addition to any other penalty provided by law and in accordance with the provisions of NRS 281A.475:***

(a) Require the public officer or employee who is the subject of the ethics complaint to:

(1) Comply in all respects with the provisions of this chapter for a specified period without being the subject of another ethics complaint arising from an alleged violation of this chapter by the public officer or employee which occurs during the specified period and for which the review panel determines that there is just and sufficient cause for the Commission to render an opinion in the matter.

(2) Attend and complete training.

(3) Follow a remedial course of action.

(4) Issue a public apology.

(5) Comply with conditions or limitations on future conduct.

(b) Publicly admonish, reprimand or censure the public officer or employee.

(c) Take any combination of such actions or any other reasonable action that the Commission or the review panel, as appropriate, determines will remedy the violation or alleged violation or deter similar violations or conduct.

2. In carrying out the provisions of subsection 1, the Commission, based on a finding that a violation of this chapter has been proven, or the review panel, as part of the terms and conditions of a deferral agreement, may publicly:

(a) Admonish a public officer or employee if it is determined that the public officer or employee has violated any provision of this chapter, but the violation is not willful, or if such an admonishment is imposed as part of the terms and conditions of a deferral agreement. An admonishment is a written expression of disapproval of the conduct of the public officer or employee.

(b) Reprimand a public officer or employee if it is determined that the public officer or employee has willfully violated any provision of this chapter, but there is no evidence that the willful violation involved bad faith, malicious intent or knowing or reckless disregard of the law, or if such a reprimand is imposed as part of the terms and conditions of a deferral agreement. A reprimand is a severe written reproof for the conduct of the public officer or employee.

(c) Censure a public officer or employee if it is determined that the public officer or employee has willfully violated any provision of this

chapter and there is evidence that the willful violation involved bad faith, malicious intent or knowing or reckless disregard of the law or there are no substantial mitigating factors pursuant to NRS 281A.475 for the willful violation, or if such a censure is imposed as part of the terms and conditions of a deferral agreement. A censure is a formal written condemnation of the conduct of the public officer or employee.

3. Any action taken by the Commission pursuant to this section is a final decision for the purposes of judicial review pursuant to NRS 233B.130. Any action taken by the review panel pursuant to this chapter, including, without limitation, any action relating to a deferral agreement, is not a final decision for the purposes of judicial review pursuant to NRS 233B.130.

Sec. 15.7. NRS 281A.150 is hereby amended to read as follows:

281A.150 "Public employee" means any person who ~~[~~performs~~]~~

1. Performs public duties under the direction and control of a public officer for compensation paid by the State or any county, city or other political subdivision ~~[~~.~~]~~ ***; or***

2. Is designated as a public employee for the purposes of this chapter pursuant to NRS 281A.182.

Sec. 16. NRS 281A.182 is hereby amended to read as follows:

281A.182 1. Any person who serves in one of the following positions is designated as a public officer ***solely and exclusively*** for the purposes of this chapter:

(a) A president of a university, state college or community college within the Nevada System of Higher Education.

(b) A superintendent of a county school district.

(c) A county manager or a city manager.

2. ~~[~~This section applies~~]~~ ***The provisions of subsection 1 apply*** to such a person regardless of whether the person serves in the position:

(a) By appointment, contract or employment;

(b) With or without compensation; or

(c) On a temporary, interim or acting basis.

3. A person who is not otherwise a public officer is designated as a public officer solely and exclusively for the purposes of this chapter if the person:

(a) Enters into a contract with any state or local agency;

(b) Is paid compensation with public money; and

(c) Serves in a position which involves the exercise of a public power, trust or duty and which ordinarily would be held or filled by a public officer.

4. A person who is not otherwise a public employee is designated as a public employee solely and exclusively for the purposes of this chapter if:

(a) The person enters into a contract with any state or local agency;

(b) The person is paid compensation with public money;

(c) The person serves in a position which involves the performance of public duties under the substantial and continuing direction and control of a public officer or supervisory public employee;

(d) The position ordinarily would be held or filled by a public employee and would require the public employee to hold a valid professional or occupational license or similar type of authorization issued by a state or local agency to perform the public duties of the position, other than a general business license or similar type of authorization;

(e) The position is entrusted with public duties of a substantial and continuing nature which ordinarily would require a public employee to avoid conflicts between the private interests of the public employee and those of the general public whom the public employee serves; and

(f) The person occupies the position on a full-time basis or its equivalent for a substantial and continuing period of time.

5. The provisions of subsections 3 and 4 must be interpreted and applied to ensure that a person does not evade the provisions of this chapter because a state or local agency elects to use a contractual relationship instead of an employment relationship for a position which ordinarily would be held or filled by a public officer or employee.

6. If, pursuant to this section, any person is designated as a public officer or employee for the purposes of this chapter, that designation:

(a) Does not make the person a public officer or employee for the purposes of any other law or for any other purposes; and

(b) Must not be used, interpreted or applied in any manner to establish, suggest or prove that the person is a public officer or employee for the purposes of any other law or for any other purposes.

Sec. 16.5. NRS 281A.210 is hereby amended to read as follows:

2. The Chair and Vice Chair of the Commission may not serve together on ~~[an investigatory]~~ ***a review*** panel.

3. ~~[The]~~ ***Not more than two*** members of ~~[an investigatory]~~ ***a review*** panel may ~~[not]~~ be members of the same political party.

4. If ~~[an investigatory]~~ ***a review*** panel determines that there is just and sufficient cause for the Commission to render an opinion in a matter, the members of the ~~[investigatory]~~ ***review*** panel shall not participate in any further proceedings of the Commission relating to that matter.

Sec. 17. NRS 281A.240 is hereby amended to read as follows:

(e) Recommend to the Commission any regulations or legislation that the Executive Director considers desirable or necessary to improve the operation

of the Commission and maintain high standards of ethical conduct in government.

~~[(e)]~~ ***(f)*** Upon the request of any public officer or the employer of a public employee, conduct training on the requirements of this chapter, the rules and regulations adopted by the Commission and previous opinions of the Commission. In any such training, the Executive Director shall emphasize that the Executive Director is not a member of the Commission and that only the Commission may issue opinions concerning the application of the statutory ethical standards to any given set of facts and circumstances. The Commission may charge a reasonable fee to cover the costs of training provided by the Executive Director pursuant to this subsection.

~~[(f)]~~ ***(g)*** Perform such other duties, not inconsistent with law, as may be required by the Commission.

Sec. 18. NRS 281A.280 is hereby amended to read as follows:

281A.280 1. ~~[The]~~ ***Except as otherwise provided in this section, the*** Commission has jurisdiction to investigate and take appropriate action regarding an alleged violation of this chapter by a public officer or employee or former public officer or employee in any proceeding commenced by ~~[:~~

2. The Commission does not have jurisdiction regarding alleged conduct by a public officer or employee or former public officer or employee for which:

(a) A complaint may be filed or, if the applicable limitations period has expired, could have been filed with the United States Equal Employment Opportunity Commission or the Nevada Equal Rights Commission; or

(b) A complaint or employment-related grievance may be filed or, if the applicable limitations period has expired, could have been filed with another appropriate agency with jurisdiction to redress alleged discrimination or harassment, including, without limitation, a state or local employee-management relations board or similar state or local agency,

➥ but any bar on the Commission's jurisdiction imposed by this subsection applies only to the extent that it pertains to the alleged discrimination or

harassment, and this subsection does not deprive the Commission of jurisdiction regarding the alleged conduct if such conduct is sanctionable separately or concurrently under the provisions of this chapter, irrespective of the alleged discrimination or harassment.

3. For the purposes of this section, a proceeding is commenced:

(a) On the date on which ~~[a request for an opinion]~~ ***an ethics complaint*** is filed in the proper form with the Commission in accordance with the regulations of the Commission; or

2. Prescribe, by regulation, forms and procedures for the submission of statements of acknowledgment filed by public officers pursuant to NRS 281A.500, maintain files of such statements and make the statements available for public inspection.

8. If any witness ***fails or*** refuses to ***participate,*** attend, testify or produce any books and papers as required by the subpoena, the Chair ~~[of the Commission]~~ ***or, in the Chair's absence, the Vice Chair,*** may report to the district court by petition, setting forth that:

Sec. 20. NRS 281A.400 is hereby amended to read as follows:

281A.400 A code of ethical standards is hereby established to govern the conduct of public officers and employees:

1. A public officer or employee shall not seek or accept any gift, service, favor, employment, engagement, emolument or economic opportunity ***, for the public officer or employee or any person to whom the public officer or employee has a commitment in a private capacity,*** which would tend improperly to influence a reasonable person in the public officer's or employee's position to depart from the faithful and impartial discharge of the public officer's or employee's public duties.

2. A public officer or employee shall not use the public officer's or employee's position in government to secure or grant unwarranted privileges, preferences, exemptions or advantages for the public officer or employee, any business entity in which the public officer or employee has a significant pecuniary interest ~~[,]~~ or any person to whom the public officer or employee has a commitment in a private capacity ***.*** ~~[to the interests of that person.]~~ As used in this subsection, "unwarranted" means without justification or adequate reason.

3. A public officer or employee shall not participate as an agent of government in the negotiation or execution of a contract between the government and ***the public officer or employee,*** any business entity in which the public officer or employee has a significant pecuniary interest ~~[.]~~ ***or any person to whom the public officer or employee has a commitment in a private capacity.***

4. A public officer or employee shall not accept any salary, retainer, augmentation, expense allowance or other compensation from any private source ***, for the public officer or employee or any person to whom the public officer or employee has a commitment in a private capacity,*** for the performance of the public officer's or employee's duties as a public officer or employee.

5. If a public officer or employee acquires, through the public officer's or employee's public duties or relationships, any information which by law or practice is not at the time available to people generally, the public officer or employee shall not use the information to further a significant pecuniary interest of the public officer or employee or any other person or business entity.

6. A public officer or employee shall not suppress any governmental report or other official document because it might tend to affect unfavorably a significant pecuniary interest of the public officer or employee ~~[.]~~ ***or any person to whom the public officer or employee has a commitment in a private capacity.***

7. Except for State Legislators who are subject to the restrictions set forth in subsection 8, a public officer or employee shall not use governmental time, property, equipment or other facility to benefit a significant personal or pecuniary interest of the public officer or employee ~~[.]~~ ***or any person to whom the public officer or employee has a commitment in a private capacity.*** This subsection does not prohibit:

(a) A limited use of governmental property, equipment or other facility for personal purposes if:

(1) The public officer or employee who is responsible for and has authority to authorize the use of such property, equipment or other facility has established a policy allowing the use or the use is necessary as a result of emergency circumstances;

(2) The use does not interfere with the performance of the public officer's or employee's public duties;

(3) The cost or value related to the use is nominal; and

(4) The use does not create the appearance of impropriety;

(b) The use of mailing lists, computer data or other information lawfully obtained from a governmental agency which is available to members of the general public for nongovernmental purposes; or

(c) The use of telephones or other means of communication if there is not a special charge for that use.

➥ If a governmental agency incurs a cost as a result of a use that is authorized pursuant to this subsection or would ordinarily charge a member of the general public for the use, the public officer or employee shall promptly reimburse the cost or pay the charge to the governmental agency.

8. A State Legislator shall not:

(a) Use governmental time, property, equipment or other facility for a nongovernmental purpose or for the private benefit of the State Legislator or any other person. This paragraph does not prohibit:

(1) A limited use of state property and resources for personal purposes if:

(I) The use does not interfere with the performance of the State Legislator's public duties;

(II) The cost or value related to the use is nominal; and

(III) The use does not create the appearance of impropriety;

(2) The use of mailing lists, computer data or other information lawfully obtained from a governmental agency which is available to members of the general public for nongovernmental purposes; or

(3) The use of telephones or other means of communication if there is not a special charge for that use.

(b) Require or authorize a legislative employee, while on duty, to perform personal services or assist in a private activity, except:

(1) In unusual and infrequent situations where the employee's service is reasonably necessary to permit the State Legislator or legislative employee to perform that person's official duties; or

(2) Where such service has otherwise been established as legislative policy.

9. A public officer or employee shall not attempt to benefit a significant personal or pecuniary interest of the public officer or employee ***or any person to whom the public officer or employee has a commitment in a private capacity*** through the influence of a subordinate.

10. A public officer or employee shall not seek other employment or contracts ***for the public officer or employee or any person to whom the public officer or employee has a commitment in a private capacity*** through the use of the public officer's or employee's official position.

Sec. 20.3. NRS 281A.410 is hereby amended to read as follows:

281A.410 In addition to the requirements of the code of ethical standards and the other provisions of this chapter:

1. If a public officer or employee serves in a state agency of the Executive Department or an agency of any county, city or other political subdivision, the public officer or employee:

(a) Shall not accept compensation from any private person to represent or counsel the private person on any issue pending before the agency in which that public officer or employee serves, if the agency makes decisions; and

(b) If the public officer or employee leaves the service of the agency, shall not, for 1 year after leaving the service of the agency, represent or counsel for compensation a private person upon any issue which was under consideration by the agency during the public officer's or employee's service. As used in this paragraph, "issue" includes a case, proceeding, application, contract or determination, but does not include the proposal or consideration of legislative measures or administrative regulations.

2. Except as otherwise provided in subsection 3, a State Legislator or a member of a local legislative body, or a public officer or employee whose public service requires less than half of his or her time, may represent or counsel a private person before an agency in which he or she does not serve.

3. A member of a local legislative body shall not represent or counsel a private person for compensation before another local agency if the territorial jurisdiction of the other local agency includes any part of the county in which the member serves. The Commission may relieve the member from the strict application of the provisions of this subsection if:

(a) The member ~~[requests]~~ ***files a request for*** an ***advisory*** opinion from the Commission pursuant to ~~[subsection 1 of NRS 281A.440;]~~ ***section 3.2 of this act;*** and

(b) The Commission determines that such relief is not contrary to:

(1) The best interests of the public;

(2) The continued ethical integrity of each local agency affected by the matter; and

(3) The provisions of this chapter.

4. ***For the purposes of subsection 3, the request for an advisory opinion, the advisory opinion and all meetings, hearings and proceedings of the Commission in such a matter are governed by the provisions of sections 3.1 to 3.5, inclusive, of this act.***

5. Unless permitted by this section, a public officer or employee shall not represent or counsel a private person for compensation before any state agency of the Executive or Legislative Department.

~~[5. Not later than January 15 of each year, if any State Legislator, member of a local legislative body or other public officer permitted by this section has, within the preceding year, represented or counseled a private person for compensation before a state agency of the Executive Department, he or she shall disclose for each such representation or counseling during the previous calendar year:~~

~~(a) The name of the client;~~

~~(b) The nature of the representation; and~~

~~(c) The name of the state agency.~~

~~6. The disclosure required by subsection 5 must be made in writing and filed with the Commission on a form prescribed by the Commission. For the purposes of this subsection, the disclosure is timely filed if, on or before the last day for filing, the disclosure is filed in one of the following ways:~~

~~(a) Delivered in person to the principal office of the Commission in Carson City.~~

~~(b) Mailed to the Commission by first class mail, or other class of mail that is at least as expeditious, postage prepaid. Filing by mail is complete upon timely depositing the disclosure with the United States Postal Service.~~

~~(c) Dispatched to a third-party commercial carrier for delivery to the Commission within 3 calendar days. Filing by third-party commercial carrier is complete upon timely depositing the disclosure with the third-party commercial carrier.~~

~~(d) Transmitted to the Commission by facsimile machine or other electronic means authorized by the Commission. Filing by facsimile machine or other electronic means is complete upon receipt of the transmission by the Commission.~~

~~7. The Commission shall retain a disclosure filed pursuant to this section for 6 years after the date on which the disclosure was filed.]~~

Sec. 20.5. NRS 281A.420 is hereby amended to read as follows:

281A.420 1. Except as otherwise provided in this section, a public officer or employee shall not approve, disapprove, vote, abstain from voting or otherwise act upon a matter:

(a) Regarding which the public officer or employee has accepted a gift or loan;

(b) In which the public officer or employee has a significant pecuniary interest; ~~[or]~~

(c) Which would reasonably be affected by the public officer's or employee's commitment in a private capacity to the interests of another person ~~[.]~~ ***; or***

(d) Which would reasonably be related to the nature of any representation or counseling that the public officer or employee provided to a private person for compensation before another agency within the immediately preceding year, provided such representation or counseling is permitted by NRS 281A.410,

➥ without disclosing information concerning the gift or loan, ***the*** significant pecuniary interest ~~[or]~~ ***, the*** commitment in a private capacity to the interests of the ***other*** person ***or the nature of the representation or counseling of the private person*** that is sufficient to inform the public of the potential effect of the action or abstention upon the person who provided the gift or loan, upon the public officer's or employee's significant pecuniary interest, ~~[or]~~ upon the person to whom the public officer or employee has a commitment in a private capacity ~~[.]~~ ***or upon the private person who was represented or counseled by the public officer or employee.*** Such a disclosure must be

made at the time the matter is considered. If the public officer or employee is a member of a body which makes decisions, the public officer or employee shall make the disclosure in public to the chair and other members of the body. If the public officer or employee is not a member of such a body and holds an appointive office, the public officer or employee shall make the disclosure to the supervisory head of the public officer's or employee's organization or, if the public officer holds an elective office, to the general public in the area from which the public officer is elected.

2. The provisions of subsection 1 do not require a public officer to disclose:

(a) Any campaign contributions that the public officer reported in a timely manner pursuant to NRS 294A.120 or 294A.125; or

(b) Any contributions to a legal defense fund that the public officer reported in a timely manner pursuant to NRS 294A.286.

3. Except as otherwise provided in this section, in addition to the requirements of subsection 1, a public officer shall not vote upon or advocate the passage or failure of, but may otherwise participate in the consideration of, a matter with respect to which the independence of judgment of a reasonable person in the public officer's situation would be materially affected by:

(a) The public officer's acceptance of a gift or loan;

(b) The public officer's significant pecuniary interest; or

(c) The public officer's commitment in a private capacity to the interests of another person.

4. In interpreting and applying the provisions of subsection 3:

(a) It must be presumed that the independence of judgment of a reasonable person in the public officer's situation would not be materially affected by the public officer's acceptance of a gift or loan, significant pecuniary interest or commitment in a private capacity to the interests of another person where the resulting benefit or detriment accruing to the public officer, or if the public officer has a commitment in a private capacity to the interests of another person, accruing to the other person, is not greater than that accruing to any other member of any general business, profession, occupation or group that is affected by the matter. The presumption set forth in this paragraph does not affect the applicability of the requirements set forth in subsection 1 relating to the ***duty of the public officer to make a proper*** disclosure ~~[of the acceptance of a gift or loan, significant pecuniary interest or commitment in a private capacity to the interests of another person.]~~ ***at the time the matter is considered and in the manner required by subsection 1.***

(b) The Commission must give appropriate weight and proper deference to the public policy of this State which favors the right of a public officer to perform the duties for which the public officer was elected or appointed and to vote or otherwise act upon a matter, provided the public officer ~~[has properly disclosed the public officer's acceptance of a gift or loan, significant pecuniary interest or commitment in a private capacity to the interests of~~

~~another person~~] ***makes a proper disclosure at the time the matter is considered and*** in the manner required by subsection 1. Because abstention by a public officer disrupts the normal course of representative government and deprives the public and the public officer's constituents of a voice in governmental affairs, the provisions of this section are intended to require abstention only in clear cases where the independence of judgment of a reasonable person in the public officer's situation would be materially affected by the public officer's acceptance of a gift or loan, significant pecuniary interest or commitment in a private capacity to the interests of another person.

5. Except as otherwise provided in NRS 241.0355, if a public officer declares to the body or committee in which the vote is to be taken that the public officer will abstain from voting because of the requirements of this section, the necessary quorum to act upon and the number of votes necessary to act upon the matter, as fixed by any statute, ordinance or rule, is reduced as though the member abstaining were not a member of the body or committee.

6. The provisions of this section do not, under any circumstances:

(a) Prohibit a member of a local legislative body from requesting or introducing a legislative measure; or

(b) Require a member of a local legislative body to take any particular action before or while requesting or introducing a legislative measure.

7. The provisions of this section do not, under any circumstances, apply to State Legislators or allow the Commission to exercise jurisdiction or authority over State Legislators. The responsibility of a State Legislator to make disclosures concerning gifts, loans, interests or commitments and the responsibility of a State Legislator to abstain from voting upon or advocating the passage or failure of a matter are governed by the Standing Rules of the Legislative Department of State Government which are adopted, administered and enforced exclusively by the appropriate bodies of the Legislative Department of State Government pursuant to Section 6 of Article 4 of the Nevada Constitution.

8. As used in this section, "public officer" and "public employee" do not include a State Legislator.

Sec. 20.7. NRS 281A.430 is hereby amended to read as follows:

281A.430 1. Except as otherwise provided in this section and NRS 218A.970 and 332.800, a public officer or employee shall not bid on or enter into a contract between an agency and any business entity in which the public officer or employee has a significant pecuniary interest.

2. A member of any board, commission or similar body who is engaged in the profession, occupation or business regulated by such board, commission or body may, in the ordinary course of his or her business, bid on or enter into a contract with an agency, except the board, commission or body on which he or she is a member, if the member has not taken part in

developing the contract plans or specifications and the member will not be personally involved in opening, considering or accepting offers.

3. TEXT OF REPEALED SECTIONS

281A.108 "Investigatory panel" or "panel" defined. "Investigatory panel" or "panel" means an investigatory panel appointed by the Commission pursuant to NRS 281A.220.

281A.440 Rendering of opinions by Commission: Requests; determination of jurisdiction; investigations; determination of just and sufficient cause; notice and hearings; confidentiality.

1. The Commission shall render an opinion interpreting the statutory ethical standards and apply the standards to a given set of facts and circumstances within 45 days after receiving a request, on a form prescribed by the Commission, from a public officer or employee who is seeking guidance on questions which directly relate to the propriety of the requester's own past, present or future conduct as a public officer or employee, unless the public officer or employee waives the time limit. The public officer or employee may also request the Commission to hold a public hearing regarding the requested opinion. If a requested opinion relates to the propriety of the requester's own present or future conduct, the opinion of the Commission is:

(a) Binding upon the requester as to the requester's future conduct; and

(b) Final and subject to judicial review pursuant to NRS 233B.130, except that a proceeding regarding this review must be held in closed court without admittance of persons other than those necessary to the proceeding, unless this right to confidential proceedings is waived by the requester.

2. The Commission may render an opinion interpreting the statutory ethical standards and apply the standards to a given set of facts and circumstances:

(a) Upon request from a specialized or local ethics committee.

(b) Except as otherwise provided in this subsection, upon request from a person, if the requester submits:

(1) The request on a form prescribed by the Commission; and

(2) All related evidence deemed necessary by the Executive Director and the investigatory panel to make a determination of whether there is just and sufficient cause to render an opinion in the matter.

(c) Upon the Commission's own motion regarding the propriety of conduct by a public officer or employee. The Commission shall not initiate

proceedings pursuant to this paragraph based solely upon an anonymous complaint.

➥ The Commission shall not render an opinion interpreting the statutory ethical standards or apply those standards to a given set of facts and circumstances if the request is submitted by a person who is incarcerated in a correctional facility in this State.

3. Within 45 days after receiving a request for an opinion pursuant to paragraph (a) or (b) of subsection 2, the Commission shall determine whether it has jurisdiction concerning the request, unless the public officer or employee who is the subject of the request waives this time limit. Upon a determination by the Commission that it has jurisdiction concerning a request for an opinion pursuant to paragraph (a) or (b) of subsection 2, or upon the motion of the Commission initiating a request for an opinion pursuant to paragraph (c) of subsection 2, as applicable, the Executive Director shall investigate the facts and circumstances relating to the request to determine whether there is just and sufficient cause for the Commission to render an opinion in the matter. The Executive Director shall notify the public officer or employee who is the subject of the request and provide the public officer or employee an opportunity to submit to the Executive Director a response to the allegations against the public officer or employee within 30 days after the date on which the public officer or employee received the notice of the request. The purpose of the response is to provide the Executive Director with any information relevant to the request which the public officer or employee believes may assist the Executive Director and the investigatory panel in conducting the investigation. The public officer or employee is not required in the response or in any proceeding before the investigatory panel to assert, claim or raise any objection or defense, in law or fact, to the allegations against the public officer or employee and no objection or defense, in law or fact, is waived, abandoned or barred by the failure to assert, claim or raise it in the response or in any proceeding before the investigatory panel.

4. The Executive Director shall complete the investigation and present a written recommendation relating to just and sufficient cause, including, without limitation, the specific evidence or reasons that support the recommendation, to the investigatory panel within 70 days after the determination by the Commission that it has jurisdiction concerning the request or after the motion of the Commission initiating the request, as applicable, unless the public officer or employee waives this time limit.

5. Within 15 days after the Executive Director has provided the written recommendation in the matter to the investigatory panel pursuant to subsection 4, the investigatory panel shall conclude the investigation and make a final determination regarding whether there is just and sufficient cause for the Commission to render an opinion in the matter, unless the public officer or employee waives this time limit. The investigatory panel shall not determine that there is just and sufficient cause for the Commission

to render an opinion in the matter unless the Executive Director has provided the public officer or employee an opportunity to respond to the allegations against the public officer or employee as required by subsection 3. The investigatory panel shall cause a record of its proceedings in each matter to be kept.

6. If the investigatory panel determines that there is just and sufficient cause for the Commission to render an opinion in the matter, the Commission shall hold a hearing and render an opinion in the matter within 60 days after the determination of just and sufficient cause by the investigatory panel, unless the public officer or employee waives this time limit.

7. Each request for an opinion that a public officer or employee submits to the Commission pursuant to subsection 1, each opinion rendered by the Commission in response to such a request and any motion, determination, evidence or record of a hearing relating to such a request are confidential unless the public officer or employee who requested the opinion:

(a) Acts in contravention of the opinion, in which case the Commission may disclose the request for the opinion, the contents of the opinion and any motion, evidence or record of a hearing related thereto;

(b) Discloses the request for the opinion, the contents of the opinion, or any motion, evidence or record of a hearing related thereto in any manner except to:

(1) The public body, agency or employer of the public officer or employee; or

(2) A person to whom the Commission authorizes the current or former public officer or employee to make such a disclosure; or

(c) Requests the Commission to disclose the request for the opinion, the contents of the opinion, or any motion, evidence or record of a hearing related thereto.

8. Except as otherwise provided in subsections 9 and 10, all information, communications, records, documents or other material in the possession of the Commission or its staff that is related to a request for an opinion regarding a public officer or employee submitted to or initiated by the Commission pursuant to subsection 2, including, without limitation, the record of the proceedings of the investigatory panel made pursuant to subsection 5, are confidential and not public records pursuant to chapter 239 of NRS until:

(a) The investigatory panel determines whether there is just and sufficient cause to render an opinion in the matter and serves written notice of such a determination on the public officer or employee who is the subject of the request for an opinion submitted or initiated pursuant to subsection 2; or

(b) The public officer or employee who is the subject of a request for an opinion submitted or initiated pursuant to subsection 2 authorizes the Commission in writing to make its information, communications, records, documents or other material which are related to the request publicly available,

➥ whichever occurs first.

9. Except as otherwise provided in this subsection, if a person who submits a request for an opinion pursuant to paragraph (b) of subsection 2 asks for the person's name to be kept confidential, the Commission:

(a) Shall keep the person's name confidential if the person is a public officer or employee who works for the same public body, agency or employer as the public officer or employee who is the subject of the request.

(b) May keep the person's name confidential if the person offers sufficient facts and circumstances showing a reasonable likelihood that disclosure of the person's name will subject the person or a member of the person's household to a bona fide threat of physical force or violence.

➥ If the Commission keeps the person's name confidential, the Commission shall not render an opinion in the matter unless there is sufficient evidence without the person's testimony to consider the propriety of the conduct of the public officer or employee who is the subject of the request. If the Commission intends to present the person's testimony for consideration as evidence in rendering an opinion in the matter, the Commission shall disclose the person's name within a reasonable time before the Commission's hearing on the matter.

10. Except as otherwise provided in this subsection, the investigative file related to a request for an opinion regarding a public officer or employee, as described in subsection 17, is confidential. At any time after being served with written notice of the determination of the investigatory panel regarding the existence of just and sufficient cause for the Commission to render an opinion in the matter, the public officer or employee who is the subject of the request for an opinion may submit a written discovery request to the Commission for a copy of any portion of the investigative file that the Commission intends to present for consideration as evidence in rendering an opinion in the matter and a list of proposed witnesses. Any portion of the investigative file which the Commission presents as evidence in rendering an opinion in the matter becomes a public record as provided in chapter 239 of NRS.

11. Whenever the Commission holds a hearing pursuant to this section, the Commission shall:

(a) Notify the person about whom the opinion was requested of the place and time of the Commission's hearing on the matter;

(b) Allow the person to be represented by counsel; and

(c) Allow the person to hear the evidence presented to the Commission and to respond and present evidence on the person's own behalf.

➥ The Commission's hearing may be held no sooner than 10 days after the notice is given unless the person agrees to a shorter time.

12. If a person who is not a party to a hearing before the Commission, including, without limitation, a person who has requested an opinion pursuant to paragraph (a) or (b) of subsection 2, wishes to ask a question of a witness at the hearing, the person must submit the question to the Executive

Director in writing. The Executive Director may submit the question to the Commission if the Executive Director deems the question relevant and appropriate. This subsection does not require the Commission to ask any question submitted by a person who is not a party to the proceeding.

13. If a person who requests an opinion pursuant to subsection 1 or 2 does not:

(a) Submit all necessary information to the Commission; and

(b) Declare by oath or affirmation that the person will testify truthfully,

➥ the Commission may decline to render an opinion.

14. For good cause shown, the Commission may take testimony from a person by telephone or video conference.

15. For the purposes of NRS 41.032, the members of the Commission and its employees shall be deemed to be exercising or performing a discretionary function or duty when taking an action related to the rendering of an opinion pursuant to this section.

16. 7. Any license tax levied under the provisions of this section constitutes a lien upon the real and personal property of the business upon which the tax was levied until the tax is paid. The lien has the same priority as a lien for general taxes. The lien must be enforced:

(a) By recording in the office of the county recorder, within 6 months following the date on which the tax became delinquent or was otherwise determined to be due and owing, a notice of the tax lien containing the following:

9. The powers conferred by this section are in addition and supplemental to, and not in substitution for, and the limitations imposed by this section do not affect the powers conferred by, any other law. SENATORS CANCELA AND WOODHOUSE

JOINT SPONSORS: ASSEMBLYWOMEN JAUREGUI, MONROE-MORENO AND SPIEGEL

AN ACT relating to taxes on retail sales; providing for the submission to the voters of the question whether the Sales and Use Tax Act of 1955 should be amended to provide an exemption from the tax for feminine hygiene products; providing for the exemptions from certain analogous taxes if the voters approve this amendment to the Sales and Use Tax Act of 1955; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Sales and Use Tax Act of 1955 (part of chapter 372 of NRS) was approved by the voters by a referendum and therefore may not be amended,

annulled, repealed, set aside, suspended or in any way made inoperative except by the direct vote of the people. (Nev. Const. Art. 19, § 1)

Sections 2-9 of this bill require the submission of a question to the voters at the 2018 General Election of whether the Sales and Use Tax Act of 1955 should be amended to provide an exemption for **certain** feminine hygiene products. **Section 10** of this bill construes the term "feminine hygiene product" **to mean a sanitary napkin or tampon** for the purposes of the exemption. **Sections 11 and 12** of this bill amend the Local School Support Tax Law to provide identical exemptions. This tax exemption becomes effective on January 1, 2019, and expires by limitation on December 31, 2028, only if the voters approve the amendment to the Sales and Use Tax Act of 1955 at the General Election in 2018.

Any amendment to the Local School Support Tax Law also applies to other sales and use taxes imposed under existing law. (NRS 354.705, 374A.020, 376A.060, 377.040, 377A.030, 377B.110, 543.600 and various special and local acts)

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. The Legislature hereby finds that each exemption provided by this act from any excise tax on the sale, storage, use or consumption of tangible personal property sold at retail:

1. Will achieve a bona fide social or economic purpose and that the benefits of the exemption are expected to exceed any adverse effect of the exemption on the provision of services to the public by the State or a local government that would otherwise receive revenue from the tax from which the exemption would be granted; and

2. Will not impair adversely the ability of the State or a local government to pay, when due, all interest and principal on any outstanding bonds or any other obligations for which revenue from the tax from which the exemption would be granted was pledged.

Sec. 2. At the General Election on November 6, 2018, a proposal must be submitted to the registered voters of this State to amend the Sales and Use Tax Act, which was enacted by the 47th Session of the Legislature of the State of Nevada and approved by the Governor in 1955, and subsequently approved by the people of this State at the General Election held on November 6, 1956.

Sec. 3. At the time and in the manner provided by law, the Secretary of State shall transmit the proposed act to the several county clerks, and the county clerks shall cause it to be published and posted as provided by law.

Sec. 4. The proclamation and notice to the voters given by the county clerks pursuant to law must be in substantially the following form:

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Senate Bill No. 516.

Bill read third time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 941.

AN ACT relating to employment; creating the Office of Workforce Innovation within the Office of the Governor; establishing the duties of the Office and the Executive Director of the Office; revising the membership, procedures and duties of the State Apprenticeship Council; revising the qualifications, requirements and duties of the State Director of Apprenticeship; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

In 2016, the Governor of Nevada issued Executive Order 2016-08, which established the Office of Workforce Innovation within the Office of Governor. **Sections 18-21** of this bill codify the Office into Nevada Revised Statutes. **Section 20** of this bill establishes the powers and duties of the Executive Director of the Office of Workforce Innovation. **Section 21.5** of this bill provides that the employees of the Office of Workforce Innovation are not in the classified or unclassified service of the State. **Sections 14, 20 and 23** of this bill move the responsibility for the oversight of the State's statewide longitudinal data system linking data relating to early childhood education programs and K-12 public education with data relating to postsecondary education and the workforce in this State from the P-20W Advisory Council to the Executive Director of the Office of Workforce Innovation.

The federal National Apprenticeship Act authorizes and directs the United States Secretary of Labor to: (1) formulate and promote the furtherance of labor standards to safeguard the welfare of apprentices; (2) encourage the inclusion of such standards in contracts of apprenticeship; (3) bring together employers and labor for the creation of programs of apprenticeship; and (4) cooperate with state agencies in the establishment and promotion of standards of apprenticeship. (29 U.S.C. § 50) In 1977, the Secretary of Labor

promulgated regulations implementing the National Apprenticeship Act which placed responsibility for accomplishing those goals in the United States Department of Labor, but authorized the Department to delegate authority to administer certain portions of the regulations to states under certain circumstances where a state's apprenticeship laws conform to the federal regulations and the state's entities satisfy the requirements for recognition by the Department. (29 C.F.R. Part 29 (1977))

In 2008, the Secretary of Labor updated the federal regulations concerning apprenticeship and required participating states to conform their apprenticeship laws, regulations and policies to those federal regulations in order to continue or obtain federal recognition. (29 C.F.R. Part 29) The requirements for conformity and recognition include, among other things, certain changes in the roles and responsibilities of administrative entities of state government responsible for apprenticeship, including a provision which prohibits a state apprenticeship council from being recognized as a state's registration agency. (29 C.F.R. § 29.2)

Under existing law, the apprenticeship program in Nevada is administered by the Labor Commissioner as the ex officio State Director of Apprenticeship with the advice and guidance of the State Apprenticeship Council. (NRS 610.110, 610.120) **Sections 11 and 18** of this bill make the Office of Workforce Innovation responsible and accountable for apprenticeship in this State as this State's registration agency. **Sections 3-6** of this bill change the membership, procedures and duties of the State Apprenticeship Council. **Section 6** also requires the State Apprenticeship Council to act as a regulatory body in administering the provisions governing the state apprenticeship program. In lieu of the Labor Commissioner serving ex officio as the State Director of Apprenticeship, **section 8** requires the Governor to appoint a State Apprenticeship Director. **Sections 7-13** of this bill impose additional qualifications, requirements and duties on the State Apprenticeship Director. **Section 13** also eliminates appeals to the Labor Commissioner of determinations or decisions of the State Apprenticeship Council regarding violations of the terms and conditions of programs or agreements.

Assembly Bill No. 472.
Bill read third time.
Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Assembly Bill 472 creates the Juvenile Justice Oversight Commission and designates the Commission as the state advisory group on juvenile justice, as required by federal law. The bill requires the Commission to (1) establish a uniform procedure for the Division of Child and Family Services of the Department of Health and Human Services, the Youth Parole Bureau, and each department of juvenile services to follow when developing performance measures related to the juvenile justice system; (2) establish standard procedures for measuring outcomes for children subject to the jurisdiction of the juvenile court; and (3) select a validated risk assessment tool. In addition, the Division is required to establish an evidence-based program resource center, and the Division and each department of juvenile services must develop and implement a family engagement plan to increase the participation of the family of a child who is subject to the jurisdiction of the juvenile court in the rehabilitation of the child.

Before the disposition of a child's case, a department of juvenile services is required to conduct a risk assessment and a mental health screening using the validated tool selected by the Commission. Each department of juvenile services will be responsible for 100 percent of the costs that the department incurs associated with the validated tool beginning in Fiscal Year 2020.

The bill authorizes the Division to withhold money from a juvenile court that does not comply with the regulations adopted by the Division. The Youth Parole Bureau is required to establish policies and procedures to be used by parole officers and juvenile courts in determining the most appropriate response to a child's violation of the terms and conditions of his or her parole. This bill also revises the list of persons to whom a director of juvenile services and the Youth Parole Bureau may release information. The Youth Parole Bureau is required to create a sliding scale of offenses based on the severity of the violation and prohibits the Chief of the Youth Parole Bureau from recommending to the juvenile court that a child's parole be revoked under certain circumstances.

This bill is effective on July 1, 2018, for purposes of repealing certain reporting requirements and on July 1, 2017, for all other purposes.

The following amendment was proposed by Assemblywoman Tolles:

Amendment No. 957.

AN ACT relating to health care; requiring the State Plan for Medicaid and certain health insurance plans to provide certain benefits relating to reproductive health care, hormone replacement therapy and preventative health care; revising provisions relating to dispensing of contraceptives; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires most health insurance plans which cover prescription drugs and outpatient care to also include coverage for contraceptive drugs and devices without an additional copay, coinsurance or a higher deductible

than that which may be charged for other prescription drugs and outpatient care under the plan. (NRS 689A.0415, 689A.0417, 689B.0376, 689B.0377, 695B.1916, 695B.1918, 695C.1694, 695C.1695) Existing law also requires most health insurance plans to include coverage for certain preventative services, including the human papillomavirus vaccine, cytological screenings and mammograms. (NRS 287.0272, 689A.0405, 689A.044, 689B.0313, 689B.0374, 695B.1912, 695B.1925, 695C.1735, 695C.1745, 695G.171) Certain plans, including small employer plans, benefit contracts provided by fraternal benefit societies, plans issued by a managed care organization and certain plans offered by governmental entities of this State are not currently subject to some of these requirements. (Chapters 287, 689C, 695A and 695G of NRS)

The federal Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires certain preventative services to be covered by every health insurance plan without any copay, coinsurance or higher deductible, including, without limitation, certain contraceptive drugs, devices and services, certain vaccinations, mammograms, counseling concerning interpersonal and domestic violence, screenings for certain diseases and well-woman preventative visits. (42 U.S.C. § 300gg-13(a)(4); 45 C.F.R. § 147.130) This bill places those requirements in Nevada law, requiring all private health insurance plans and certain public health insurance plans made available in this State to provide coverage for certain preventative services without any copay, coinsurance or a higher deductible. **The provisions of this bill do not require a public or private insurer to provide coverage for the purpose of terminating a pregnancy.** **Sections 7, 8 and 11-57** of this bill allow an insurer to require an insured to pay a higher deductible, copayment or coinsurance for a drug for contraception if the insured refused to accept a therapeutic equivalent of the contraceptive drug. In addition, a health insurance plan must include for each listed method of contraception which is approved by the Food and Drug Administration at least one contraceptive drug or device for which no deductible, copayment or coinsurance may be charged to the insured. **Sections 7, 8 and 11-57** authorize an insurer to use medical management techniques, including step therapy and prior authorization, to determine the frequency of the preventative services required by this bill or the type of provider of health care who will provide such services. **Sections 7, 8 and 11-57** also require certain contraceptive drugs, devices and services to be covered by a health insurance plan, including up to a 12-month supply of contraceptives or a therapeutic equivalent, insertion or removal of a contraceptive device, education and counseling relating to contraception and voluntary sterilization for women. **Sections 12, 18, 27, 33, 38, 45 and 54**: (1) prohibit the use of medical management techniques to require an insured to use a method of contraception other than that prescribed or ordered by a provider of health care; and (2) require an insurer to provide a process by which an insured can

request an exemption from a medical management technique required by an insurer to obtain contraception.

Existing law authorizes an insurer which is affiliated with a religious organization and which objects on religious grounds to providing coverage for contraceptive drugs and devices to exclude coverage in its policies, plans or contracts for such drugs and devices. (NRS 689A.0415, 689A.0417, 689B.0376, 689B.0377, 695B.1916, 695B.1918, 695C.1694, 695C.1695) **Sections 12, 20, 27, 33, 38, 45 and 54** of this bill move the religious exemption to the new provisions relating to coverage of contraception.

Existing law requires most health insurance plans which cover prescription drugs and outpatient care to also include coverage for hormone replacement therapy without an additional copay, coinsurance or a higher deductible than that which may be charged for other prescription drugs and outpatient care under the plan. (NRS 689A.0415, 689A.0417, 689B.0376, 689B.0377, 695B.1916, 695B.1918, 695C.1694, 695C.1695) **Sections 7, 8 and 11-57** of this bill expand this requirement to private health insurance plans and certain public health insurance plans made available in this State and require such health insurance plans to provide coverage for hormone replacement therapy without any copay, coinsurance or higher deductible.

Existing law requires this State to develop a State Plan for Medicaid which includes, without limitation, a list of the medical services provided to Medicaid recipients. (42 U.S.C. § 1396a; NRS 422.063) Existing federal law authorizes a state to charge a copay, coinsurance or deductible for most Medicaid services, but prohibits any copay, coinsurance or deductible for certain contraceptive drugs, devices and services. (42 U.S.C. § 1396o-1) Existing federal law also authorizes a state to define the parameters of contraceptive coverage provided under Medicaid. (42 U.S.C. § 1396u-7) Existing law requires a number of specific medical services to be covered under Medicaid. (NRS 422.2717-422.27241) **Sections 2-5.5** of this bill require the State Plan for Medicaid to include certain preventative services currently required to be covered by private health insurance plans pursuant to existing Nevada law, the Patient Protection and Affordable Care Act (Public Law 111-148 as amended) as well as the additional drugs, devices, supplies and services required by **sections 7, 8 and 11-57** without any copay, coinsurance or deductible in most cases. The benefits relating to contraceptive drugs which are provided by **section 2** of this bill are subject to step therapy and prior authorization requirements pursuant to existing law.

Existing law authorizes a pharmacist to dispense up to a 90-day supply of a drug pursuant to a valid prescription or order in certain circumstances. (NRS 639.2396) **Section 8.5** of this bill requires a pharmacist to dispense up to a 12-month or the balance of the plan year, whichever is shorter, supply of contraceptives or their therapeutic equivalent pursuant to a valid prescription or order if: (1) the patient has previously received a 3-month supply of the same drug; (2) the patient has previously received a 9-month supply of the same drug or a supply of the same drug for the balance of the plan year in

which the 3-month supply was prescribed or ordered, whichever is shorter; (3) the patient is insured by the same health insurance plan; and (4) a provider of health care has not specified in the prescription or order that a different supply of the drug is necessary.

The System consists of the Judicial Retirement Plan and the provisions set forth in NRS 2.060 to 2.083, inclusive, 2A.100 to 2A.150, inclusive, and 3.090 to 3.099, inclusive, for providing benefits to justices of the Supreme Court, judges of the Court of Appeals or district judges who served either as a justice of the Supreme Court or district judge before November 5, 2002. A copy of the minutes or audio recordings must be made available to a member of the public upon request at no charge pursuant to NRS 241.035.

4. The System must be administered exclusively by the Board, which shall make all necessary rules and regulations for the administration of the System. The rules must include, without limitation, rules relating to the administration of the retirement plans in accordance with federal law. The Legislature shall regularly review the System.

Sec. 3.5. NRS 1A.110 is hereby amended to read as follows:

Senate Bill 60 authorizes the director of the Department of Health and Human Services [DHHS] to include in Medicaid managed care plans a voluntary program in which certain qualified local governmental entities and Indian tribes may receive supplemental reimbursements for ground emergency medical transportation services provided to Medicaid recipients, in addition to the payments they would otherwise receive. The bill also requires the director of DHHS to develop a voluntary program to provide increased per-patient payments to Medicaid managed care plans for ground emergency medical transportation services provided by a governmental entity or Indian tribe pursuant to a contract or other arrangement. Such a

program would require the governmental entity or Indian tribe to make certain intergovernmental transfers of money to the Department in an amount equal to the total spent to render ground emergency medical transportation services or to pay the nonfederal share of expenditures on the program. ASSEMBLYMAN MCCURDY:

Senate Bill 71 makes various changes to provisions governing licensing and regulation of medical facilities and other related entities. Specifically, the bill includes a program of hospice care in the definition of "medical facility," enabling such a program to be licensed and regulated as a medical facility. It revises the definition of "psychiatric hospital." It requires a person who is employed at or applies for a license to operate a psychiatric hospital that provides inpatient services to children or a psychiatric residential treatment facility to undergo a criminal background check and prohibits a person who has been convicted of certain crimes from being licensed to operate or be employed at such a facility. The bill revises the administrative and civil penalties the Division of Public and Behavioral Health, Department of Health and Human Services, may impose against a medical facility or facility for the dependent that violates certain provisions of its licensure and specifies that certain facilities which are required to be licensed by regulation are subject to the same administrative and civil penalties as a medical facility or facility for the dependent and authorizes the Division to take control of medical records at such a facility if the facility ceases to operate. This measure is effective on July 1, 2017.

ASSEMBLYMAN ARAUJO:
Senate Bill 196 requires a private employer who has 25 or more employees in private employment and who has conducted business in this state for at least 12 consecutive months to provide full-time employees paid sick leave. Employees accrue paid sick leave at a rate of not less than 1 hour per 40 hours worked and may be used by an employee beginning on the first anniversary date of his or her employment.

An employer may limit the use of paid sick leave to 40 hours per year and set a minimum increment that an employee may use the accrued sick leave at any one time, not to exceed 2 hours.

The measure provides an exception for employers who provide at least the equivalent amount of sick leave or paid time off. Churches, religious organizations, nonprofit organizations, private membership clubs, and other tax-exempt organizations are also exempt from providing paid sick leave to their employees. In addition, day or temporary workers, construction workers, employees who work less than 12 consecutive months for the employer, or employees who perform work on an occasional or irregular basis for hospitals, long-term care facilities, or providers of health care are excluded from the requirement of an employer to provide sick leave. The bill also prohibits an employee from being compensated more than once for the same hour of leave.

The bill also removes the requirements that (1) the chief of police of the city authorize and consent to a constable's power as a peace officer when the

constable is acting in an incorporated city; and (2) the sheriff of the county authorize and consent to a constable's power as a peace officer when the constable is acting in an area that is not within the limits of an incorporated city. This bill is effective on July 1, 2017.

ASSEMBLYMAN WHEELER:

I rise in opposition to S.B. 250. As former law enforcement, I realize how hard it is to get a POST [Police Officer Standards and Training] certification through any type of organization. It is almost impossible to get a POST certification when you are not in an organization. You can take some college classes, et cetera, but you still cannot get a POST I or POST II certification. It would be almost impossible for anyone who is not a current police officer to run for these positions if this bill were to pass. I do not think that this body should really be looking at one person in one constable's office who has—who the county commission has not done their job and replaced because he has not received the POST certification. For those reasons, I will be voting no on this bill, and I hope you will be voting no on it as well.

Senate Bill 281 additionally specifies that if a unit-owners' association of a common-interest community, a unit-owners' association of a condominium hotel, or an owner of a unit of a condominium hotel receives any excess proceeds from the sale of a residential unit, that amount that is received must be deemed to have satisfied the debt owed by the owner of the residential

The bill requires all employees of and volunteers for a public or private school, regardless of whether they are licensed, to report suspected abuse or neglect of a child by a person responsible for the child's welfare. In addition, employees and volunteers must also make a report within 24 hours if in that capacity they know or have reasonable cause to believe that a child has been subjected to certain sexual conduct, luring, prohibited corporal punishment, or abuse or neglect. Reports must be made to an agency that provides child welfare services and/or a law enforcement agency, as appropriate, and such reports will be assessed, and if appropriate, investigated. Failure to report is a misdemeanor or gross misdemeanor. The school police and the law enforcement agency are required to notify each other regarding certain offenses.

GENERAL FILE AND THIRD READING

Senate Bill No. 356.

Bill read third time.

Remarks by Assemblymen Joiner, Edwards, and Carlton.

ASSEMBLYWOMAN JOINER:

Senate Bill 356 makes various changes relating to collective bargaining, including but not limited to increasing the amount of time within which the Local Government Employee-Management Relations Board must conduct a hearing related to certain complaints; eliminating the restrictions on the continuation of collective bargaining agreements beyond their expiration date; providing for a principal, assistant principal, or other school administrator below the rank of superintendent, associate superintendent, or assistant superintendent to participate in collective bargaining; and reinstating the requirement for four negotiation sessions rather than eight.

ASSEMBLYMAN EDWARDS:

I rise in opposition to Senate Bill 356. This bill will roll back the progress that was made in the 2015 Session. Nevada today is stronger than most of us would have thought possible, in large part due to the leadership of the Governor and also here in the Legislature. We wanted to make Nevada business friendly again and give businesses an opportunity to grow and expand and keep the jobs here. This legislation will roll back those reforms and put those businesses in a position of not having an opportunity to review contracts before an automatic renewal. Let us keep Nevada moving forward by voting no today.

ASSEMBLYWOMAN CARLTON:

I rise in support of Senate Bill 356. It is no secret where I come from. I come from a labor family and a labor background. My family reunion picnics when I was a kid, with my grandfather being a Teamster, were like Teamster meetings. It is no secret how I would feel about this bill.

I think it is really important to realize that the employees are truly valued in the collective bargaining process. When we talk about shortening the time that the negotiations go on or allowing the contract to move forward a couple of months while negotiations are happening, it gives stability to the employees. Businesses do it all the time. I come from private sector bargaining. We extend contracts. We make sure that the final best offer is within a reasonable amount of time. This bill does exactly that. It is good for the state government not to drag it out, and it is good for the employees so they have the stability of knowing where they stand in their jobs. I stand in support of S.B. 356.

ASSEMBLYMAN BROOKS:

Senate Bill 397 revises several provisions relating to unlawful employment practices and governing the filing of complaints of employment discrimination with the Nevada Equal Rights Commission.

The bill revises the powers of the Commission to order remedies for unlawful employment practices by setting forth a tiered system of civil penalties, rather than a flat civil penalty, which progressively increases if an employer is found to have multiple instances of pay discrimination within a five-year period. Back pay may be awarded for a period beginning two years before the date of filing an unlawful employment practice complaint and ending on the date the Commission issues an order regarding the complaint, and the Commission may require the awarding of reasonable attorney fees to the complainant.

Finally, this bill prohibits an employer, employment agency, or labor organization from discriminating against any person with respect to employment or membership, as applicable, for inquiring about, discussing, or disclosing information about wages unless the person has access to information about the wages of other persons as part of his or her essential job functions and discloses the information to a person who does not have access to that information. Any person injured by such an employment practice may file a complaint with the Commission.

ASSEMBLYWOMAN TOLLES:

I am so grateful for all the work this body has done this session to address issues of discrimination in the workplace, and I have certainly supported many of those efforts. However, my concern with this bill is that the penalties will make it among the most severe in the country. I reluctantly cannot support it.

ASSEMBLYWOMAN NEAL:

Senate Bill 471 repeals the Nevada Improvement District Act and abolishes Douglas County Sewer Improvement District No. 1, the last remaining district formed under the Act. The Douglas County Lake Tahoe Sewer Authority Act is established, and it creates the Douglas County Lake Tahoe Sewer Authority for the purpose of furnishing certain residents of this state with an adequate system of sewage collection and treatment and disposal of wastewater. The Authority is authorized to enter into certain interlocal cooperative agreements with general improvement districts; assumes the debts, obligations, liabilities, and assets of Douglas County Sewer Improvement District No. 1; and is exempt from regulation by the Public Utilities Commission of Nevada.

The bill requires the submission of the question of merger, consolidation, or dissolution to the board of trustees of a general improvement district with annual revenues of more than $1 million that was, on October 1, 2005, exercising any of three specified powers related to sanitary sewer improvements; the collection and disposal of garbage or refuse; or the supply, storage, and distribution of water. A merger or consolidation of the Authority with a general improvement district must be approved by a majority of the owners of property located within the boundaries of the service area of the Authority and by resolution of the board of trustees.

ASSEMBLYMAN BROOKS:
Senate Bill 477 requires that in any ordinance adopted by a city or county, the definition of the term "single-family residence" must include: (1) a residential facility for groups in which fewer than 11 persons with disabilities reside with house parents; (2) a home for individual residential care; and (3) a halfway house for recovering alcohol and drug abusers in which fewer than 11 persons reside.

A residential facility for groups must be equipped with a fire sprinkler system if the facility has three or more residents who would have difficulty perceiving danger or moving to safety in the event of a fire.

ASSEMBLYWOMAN NEAL:
I rise in opposition to Senate Bill 477. I need to explain my vote. We had this bill in Government Affairs Committee, and although I am not against sprinklers in residential facilities for disabled, there was a sub issue in the bill related to zoning that was taking the discretion away from the cities in regards to what the zoning would be for these particular facilities. I was in opposition to that. It is a huge issue, or was an issue in my district, so I will be voting no on this measure.

Remarks by Assemblywoman Diaz.

ASSEMBLYWOMAN DIAZ:

Senate Bill 164 allows a school district to enter into an agreement to lease out school buses or other district vehicles for special events taking place in the county where the school district is located. Such agreements must not interfere with providing transportation for students, and the district must determine that a commercial bus is not reasonably available for the event. No more than 8.5 percent of the total number of a district's vehicles may be leased out at a time.

The bill sets out certain specifications for a lease agreement, including a security deposit, fee requirements, indemnity provisions, responsibility for damage, proof of insurance and driver licensure, acknowledgment that the lessee is not entitled to certain limitations on damages, and proof of a permit or approval for the event if required by a governmental entity. District employees must be given preference in hiring for operation of the vehicles.

Money collected from a lease agreement that exceeds district costs may be used at the discretion of the school district, with certain exceptions.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 271 of NRS is hereby amended by adding thereto the provisions set forth as sections 1.1 to 1.6, inclusive, of this act.

Sec. 1.1. ***1. The governing body of a municipality, on behalf of the municipality and in its name, without an election, may create a district to finance one or more energy efficiency improvement projects or renewable energy projects:***

(a) On qualifying commercial or industrial real property, which may include any real property other than:

(1) A residential dwelling that contains fewer than five individual dwelling units; or

(2) Property financed by a government-guaranteed financing program that prohibits the subordination of the government's interest in the property or otherwise prohibits a contract under sections 1.1 to 1.6, inclusive, of this act.

(b) That meet one of the following requirements:

(1) For an energy improvement project, the project must be determined to be appropriate through an energy audit conducted by a qualified service company. A project may be determined to be appropriate if:

(I) The energy audit includes a summary of recommendations, which for each recommendation must include existing and expected consumption and expected energy savings expressed in British thermal units, kilowatt-hours, and kilowatts, the expected annual energy savings, the cost, the payback period in years, the expected life cycle in years and the percentage of savings, as applicable; and

(II) The expected energy savings from the project exceeds the investment costs of the project.

(2) For a renewable energy project, the project must be determined to be feasible through a written feasibility study conducted by a qualified service company.

2. A bond or interim warrant issued for a district created pursuant to this section must not be secured by a pledge of the general credit or taxing power of the municipality or by the surplus and deficiency fund established pursuant to NRS 271.428.

3. The improvements to or installations within a district created pursuant to this section must not be owned by a municipality but shall be deemed to be the property of the owner of the tract upon which the improvement or installation is located.

4. The provisions of:

(a) NRS 271.275 to 271.365, inclusive, do not apply to a district which is created pursuant to this section.

(b) NRS 271.495 and 271.500 do not apply to any bonds or interim warrants issued to finance an energy efficiency improvement project or renewable energy project within a district created pursuant to this section.

5. As used in this section:

(a) "Energy audit" means a formal evaluation of the energy consumption of a permanent building or any structural improvement to real property that is consistent with the requirements of ASTM International Standard E2797, "Standard Practice for Building Energy Performance Assessment for a Building Involved in a Real Estate Transaction," the ASHRAE Level 2 or 3 guidelines for energy audits or any comparable energy assessment guidelines.

(b) "Qualified service company" has the meaning ascribed to it in NRS 333A.060.

Sec. 1.2. *1. A governing body may create a district pursuant to section 1.1 of this act only if:*

(a) The governing body has, pursuant to section 1.6 of this act, adopted by resolution a procedure for the creation and administration of a district

for the purpose of financing one or more energy efficiency improvement projects or renewable energy projects.

(b) Each owner of each tract on which an energy efficiency improvement project or renewable energy project will be located consents in writing to the location of the project on the tract and the levy of an assessment against the tract to pay all or a portion of the cost thereof in an amount up to the estimated maximum benefit to the tract from the installation or improvement. The estimated maximum benefit may not exceed the market value of the tract as determined by the governing body.

(c) Each consent provided pursuant to paragraph (b):

(1) Describes the tract to be assessed and the improvements to be financed;

(2) States the estimated maximum benefit that the owner agrees will be conferred on the tract by virtue of the installation or improvement; and

(3) Is accompanied by:

(I) A signed copy of each contract between an owner of the tract and each contractor described in section 1.4 of this act pursuant to which the contractor agrees to construct, acquire and install the installation or improvement identified in the consent at a total price which does not exceed the limitation set forth in section 1.4 of this act and which contains any terms, including, without limitation, application fees and costs, the total amount financed, annual percentage rate, total amount paid over the life of any assessment, any appraisal fees, bond-related costs, annual administrative fees, closing costs, credit reporting fees and recording fees, and such other terms not inconsistent with the provisions of sections 1.1 to 1.6, inclusive, of this act or with the resolution adopted pursuant to section 1.6 of this act, as may be agreed upon by the owner of the tract and the contractor and is acceptable to the governing body; and

(II) A deposit in an amount determined in the manner specified in the resolution adopted pursuant to section 1.6 of this act, which may be refunded if the project to which the consent relates is completed and is financed with assessments levied pursuant to this chapter within the period specified in the resolution.

(d) The outstanding amount owed on all recorded instruments which are liens against any tract included in the district does not exceed 90 percent of the estimated fair market value of the property assessed, as defined by the governing body, taking into account the imposition of the liens for assessments pursuant to sections 1.1 to 1.6, inclusive, of this act and the additional value added to the tract by a project financed pursuant to sections 1.1 to 1.6, inclusive, of this act.

(e) Any lender who holds a ~~***[senior]***~~ ***lien on any tract on which an energy efficiency improvement project or renewable energy project will be located consents in writing to the levy of an assessment against the tract to pay all or a portion of the cost of the installation or improvement. A consent signed pursuant to this paragraph must be in a recordable form***

and is binding on the holder of a lien who signs the consent. A lender described in this paragraph is entitled, within 30 days after providing consent pursuant to this paragraph, to offer a loan to the owner of the tract as the primary lender on the new levy of an assessment.

2. Each consent provided pursuant to paragraph (b) of subsection 1 and each amendment thereto must be recorded in the office of the county recorder and, once recorded, is binding on the owner who signed the consent and any other person who holds any interest in the tract to which the consent relates and who signed the consent.

3. A district created pursuant to section 1.1. of this act may be created at any time as designated by a governing body, but must only include tracts for which a consent has been recorded pursuant to subsection 2.

4. As used in this section, "lender" means a mortgagee, the beneficiary of a deed of trust or other creditor who holds a mortgage, deed of trust or other instrument that encumbers a tract as security for the repayment of a loan used to purchase the tract.

Sec. 1.4. *Construction within a district created pursuant to section 1.1. of this act must be completed through independent contracts with contractors licensed in Nevada who are approved by the governing body. The municipality is not responsible for the construction, or any defects or delays thereof. The laws of this State relating to public bidding, public works or public procurement are not applicable to contracts for construction executed pursuant to this subsection. The total contract price of any improvement or installation must not exceed 80 percent of the estimated maximum benefit for the tract as stated in the consent, as it may be amended from time to time, unless the owner of the property to be assessed:*

1. Agrees to pay and pays, or causes another party to pay, the difference between 80 percent of the estimated maximum benefit and the total contract price from a source other than financing provided pursuant to this chapter; and

2. Agrees in writing that the improvement or installation will in fact benefit the tract by an amount at least equal to the sum of the estimated maximum benefit stated in the consent and the amount to be paid from a source other than financing provided pursuant to this chapter.

Sec. 1.6. *1. Before creating a district pursuant to section 1.1. of this act, a governing body must adopt a resolution which specifies the procedures for the creation and administration of such a district. The resolution may provide for one or more of the following:*

(a) Additional notices of the proposal to create the district, notices of the opportunity to apply for inclusion in the district or any other notices;

(b) A reserve of money for bonds issued for the district, the method of funding the reserve and the disposition of any interest earned upon or the principal of the reserve that is not needed to repay any bonds or interim

warrants issued for the purposes of financing an energy efficiency improvement project or renewable energy project within the district;

(c) Any other security for those bonds or interim warrants, and the method of determining the term of the bonds in compliance with NRS 271.515;

(d) Any requirements for casualty insurance, liability insurance or other types of insurance for any project within the district;

(e) The method of determining the lien-to-value ratio of the property for the purpose of complying with the limitation prescribed by paragraph (d) of subsection 1 of section 1.2 of this act;

(f) Any limitation on the lien-to-value ratio that would result in a lower lien-to-value ratio than that prescribed by paragraph (d) of subsection 1 of section 1.2 of this act;

(g) Any limitation on the amount of the contract price, as a percentage of the estimated maximum benefit, that is lower than the limitation prescribed by section 1.4 of this act;

(h) Any sources, other than the proceeds of assessments, that will be used to pay:

(1) The cost of construction and installation of improvements financed pursuant to sections 1.1 to 1.6, inclusive, of this act;

(2) The cost of any reserve of money or other security for financing an energy efficiency improvement project or renewable energy project pursuant to sections 1.1 to 1.6, inclusive, of this act; or

(3) The cost of engineering work, the cost to issue any bonds or provide other financing, or the cost of other incidentals pursuant to sections 1.1 to 1.6, inclusive, of this act;

(i) Any other security features, covenants required of property owners, covenants required of other parties or any other covenants, guarantees, insurance or other matters which the governing body finds are necessary or desirable for the financing of an energy efficiency improvement project or renewable energy project pursuant to sections 1.1 to 1.6, inclusive, of this act; and

(j) Any other matters, procedures or financing terms which the governing body, in its sole discretion, determines are necessary or desirable to carry out the purposes of sections 1.1 to 1.6, inclusive, of this act.

2. A resolution adopted pursuant to this section:

(a) Must contain or incorporate by reference an exhibit describing each tract to be assessed, the type of improvement or installation to be financed for each tract and the estimated maximum benefit as stated in the consent provided pursuant to paragraph (b) of subsection 1 of section 1.2 of this act.

(b) May be adopted as if an emergency exists by a vote of not less than two-thirds of all the voting members of the governing body.

Sec. 2. NRS 271.099 is hereby amended to read as follows:

271.099 "Energy efficiency improvement project" means the ***installation or*** modification of ~~[real property or the facilities or equipment on the real property that is designed to reduce the energy consumption of the real property.]~~ ***one or more energy efficiency improvements and incidentals which are necessary, useful or desirable for any such improvements and which installation or modification has a useful life, as estimated by a governing body, of not less than 10 years.***

Sec. 3. NRS 271.199 is hereby amended to read as follows:

Sec. 4. NRS 271.385 is hereby amended to read as follows:

271.385 1. At the time and place designated pursuant to NRS 271.380, the governing body shall hear and determine any written complaint, protest or objection filed as provided in that section and any verbal views expressed in respect to the proposed assessments, assessment roll or assessment procedure. The governing body may adjourn the hearing from time to time.

2. The governing body, by resolution, may revise, correct, confirm or set aside any assessment and order that the assessment be made de novo.

3. Any complaint, protest or objection to:

(a) The assessment roll;

(b) The regularity, validity and correctness of each assessment;

(c) The amount of each assessment; or

(d) The regularity, validity and correctness of any other proceedings occurring after the date of the hearing described in NRS 271.310 and before the date of the hearing governed by this section,

➥ shall be deemed waived unless filed in writing within the time and in the manner provided by NRS 271.380.

4. If any owner of a tract which is assessed for the purpose of creating a district pursuant to section 1.1 of this act objects in writing within the time and in the manner provided by NRS 271.380, the tract must be removed from the assessment roll, and the municipality shall not finance the project located on the tract unless the objecting owner withdraws his or her objection in writing within the time specified by the governing body.

Sec. 5. NRS 271.475 is hereby amended to read as follows:

271.475 1. The governing body shall likewise have power to issue negotiable bonds in an amount not exceeding the total unpaid assessments levied to pay the cost of any project, howsoever acquired, as hereinafter provided.

2. Any ordinance pertaining to the sale, issuance or payment of bonds or other securities of the municipality, or any combination thereof, may:

(a) Be adopted as if an emergency existed. The declaration of the governing body, if any, is conclusive in the absence of fraud or gross abuse of discretion.

(b) Become effective at any time when an emergency ordinance of the municipality may go into effect.

(c) Be adopted by not less than two-thirds of all of the voting members of the governing body, excluding from any such computation any vacancy on the governing body and any member thereon who may vote only to break a tie vote.

3. The proceeds of bonds which are to be used to pay the costs of construction, acquisition or installation of an energy efficiency improvement project or renewable energy project within a district created pursuant to subsection 1 of section 1.1 of this act must be paid to the contractor as directed in writing by the owner of the tract on which the project is located or, if the owner has paid the contractor, must be paid to reimburse the owner, but in either case, only upon receipt of:

(a) Written evidence that the installation or improvement is complete, or verification through an inspection if so authorized in the resolution adopted pursuant to section 1.6 of this act or if the municipality otherwise determines to make an inspection;

(b) A waiver of any mechanic's or materialman's lien if so authorized in the resolution adopted pursuant to section 1.6 of this act; and

(c) Written evidence that the total contract price has been paid, unless the price is to be paid by the municipality to or at the direction of the contractor.

➥ No such inspection or review or receipt of a waiver imposes any liability on the municipality for any constructed, acquired or installed energy efficiency improvement project or renewable energy project or any unconstructed, unacquired or uninstalled item, any defect in any such item, any failure of any party to pay for any item, or any lien, including, without limitation, any mechanic's or materialman's lien.

Sec. 6. NRS 271.485 is hereby amended to read as follows:

271.485 1. Any bonds issued pursuant to this chapter may be sold in such a manner as may be approved by the governing body to defray the cost of the project, including all proper incidental expenses. The governing body may issue a single issue of bonds to defray the costs of projects in two or more improvement districts if the principal amount of those bonds does not exceed the total uncollected assessments levied in each improvement district.

2. Bonds must be sold in the manner prescribed in NRS 350.105 to 350.195, inclusive:

(a) For not less than the principal amount thereof and accrued interest thereon; or

(b) At the option of the governing body, below par at a discount not exceeding 9 percent of the principal amount and except as otherwise provided in ***this paragraph and in*** NRS 99.067, 271.487 and 271.730, at a price which will not result in an effective interest rate which exceeds by more than 3 percent the Index of Twenty Bonds which was most recently published before the bids are received or a negotiated offer is accepted if the maximum or any lesser amount of discount permitted by the governing body has been capitalized as a cost of the project. ***If the bonds bear an amount of interest that is included in gross income for the purposes of calculating federal income tax pursuant to the provisions of Title 26 of the United States Code, the net effective interest rate must not exceed twice the maximum interest rate as provided in this paragraph.***

3. Except as otherwise provided in subsection 4 and NRS 271.487 and 271.730, the rate of interest of the bonds must not at any time exceed the rate of interest, or lower or lowest rate if more than one, borne by the special assessments, but any rate of interest of the bonds may be the same as or less than any rate of interest of the assessment, subject to the limitation provided in subsection 2, as the governing body may determine.

4. Except as otherwise provided in NRS 271.730, if a governing body creates a district pursuant to the provisions of NRS 271.710, the governing body or chief financial officer of the municipality shall, in consultation with a financial advisor or the underwriter of the bonds, fix the rate of interest of the bonds at a rate of interest such that the principal and interest due on the bonds in each year, net of any interest capitalized from the proceeds of the bonds, will not exceed the amount of principal and interest to be collected on the special assessments during that year.

5. The governing body may employ legal, fiscal, engineering and other expert services in connection with any project authorized by this chapter and the authorization, issuance and sale of bonds.

6. Any accrued interest must be applied to the payment of the interest on or the principal of the bonds, or both interest and principal.

7. Any unexpended balance of the proceeds of the bond remaining after the completion of the project for which the bonds were issued must be paid immediately into the fund created for the payment of the principal of the bonds and must be used therefor, subject to the provisions as to the times and methods for their payment as stated in the bonds and the proceedings authorizing their issuance.

8. The validity of the bonds must not be dependent on nor affected by the validity or regularity of any proceedings relating to the acquisition or improvement of the project for which the bonds are issued.

9. A purchaser of the bonds is not responsible for the application of the proceeds of the bonds by the municipality or any of its officers, agents and employees.

10. The governing body may enter into a contract to sell special assessment bonds at any time but, if the governing body so contracts before it

awards a construction contract or otherwise contracts for acquiring or improving the project, the governing body may terminate the contract to sell the bonds, if:

(a) Before awarding the construction contract or otherwise contracting for the acquisition or improvement of the project, it determines not to acquire or improve the project; and

(b) It has not elected to proceed pursuant to subsection 2 or 3 of NRS 271.330, but has elected to proceed pursuant to subsection 1 of that section.

11. If the governing body ceases to have jurisdiction to proceed, because the requisite proportion of owners of the frontage to be assessed, or of the area, zone or other basis of assessment, file written complaints, protests and objections to the project, as provided in NRS 271.306, or for any other reason, any contract to sell special assessment bonds is terminated and becomes inoperative.

Sec. 7. act becomes effective on July 1, 2017.

If the Legislature fails to appropriate money to a using agency for a performance contract, there is no remedy against the State, except that if a security interest in any property was created pursuant to the performance contract, the holder of such a security interest may enforce the security interest against that property. Assembly Bill No. 277.

The following Senate amendment was read:

Amendment No. 796.

AN ACT relating to land use planning; establishing uniform statewide standards that local governments must strictly comply with when exercising powers of land use planning, subdivision regulation and zoning with regard to certain lands within or surrounding national conservation areas; repealing provisions relating to land use planning, subdivision regulation and zoning with regard to certain national conservation areas, national recreation areas and adjacent lands; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Legislature has authorized local governments to exercise certain powers relating to land use planning, subdivision regulation and zoning. (Chapters 244, 268, 269 and 278 of NRS) This bill establishes uniform statewide standards that local governments must strictly comply with when exercising those powers with regard to certain lands within or surrounding any national conservation areas in Nevada.

Currently, the Congress of the United States has designated by federal law the following national conservation areas in Nevada: (1) the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area in Humboldt, Pershing and Washoe Counties (16 U.S.C. §§ 460ppp et seq.); (2) the Sloan Canyon National Conservation Area in Clark County (16 U.S.C. §§ 460qqq et seq.); and (3) the Red Rock Canyon National Conservation Area in Clark County (16 U.S.C. §§ 460ccc et seq.). If Congress designates by federal law any additional national conservation areas in Nevada, this bill would apply to the lands within or surrounding those national conservation areas but only after the enactment of the federal law making the designation.
